pomp; and, in conducting his defence, descanted in melancholy terms on his own helplessness and the poverty of the towns under his rule (which consisted of Cibyra, Syleium, and the town in the Marsh), and entreated Cnaeus to accept the fifteen talents. Astonished at his assurance, Cnaeus made no answer, except that, "If he did not pay five hundred talents, and be thankful that he was allowed to do so, he would not loot the country, but he would storm and sack the city." In abject terror Moagētes begged him not to do anything of the sort; and kept adding to his offer little by little, until at last he persuaded Cnaeus to take one hundred talents, and one thousand medimni of corn, and admit him to friendship....

35. When Cnaeus Manlius was crossing the River Colobatus, ambassadors came to him from the town of Sinda (in Pisidia) begging for help, because the people of Termessus had called in the aid of the people of Philomelus, and had depopulated their territory and sacked their town; and were at that very moment besieging its citadel, into which all the citizens, with wives and children, had retreated. On hearing this, Cnaeus immediately promised them aid with the greatest readiness; and thinking the affair was a stroke of luck for himself, directed his march towards Pamphylia. On his arrival in the neighbourhood of Termessus, he admitted the Termessians to friendship on the payment of fifty talents. He did the same with the Aspendians: and having received the ambassadors of the other towns in Pamphylia, he impressed on them in these interviews the conviction mentioned above, and having relieved the Sindians from their siege, he once more directed his march against the Gauls....

36. After taking the town of Cyrmasa (in Pisidia), and a very large booty, Cnaeus Manlius continued his advance. And as he was marching along the marsh, envoys came from Lysinoe, offering an unconditional surrender. After accepting this, Cnaeus entered the territory of Sagalassus, and having driven off a vast quantity of spoil waited to see what the Sagalassians were prepared to do. When their ambassadors arrived he received them; and accepting a compliment of fifty talents, twenty thousand medimni of barley, and twenty thousand of wheat, admitted them to friendship with Rome....

37. Cnaeus sent envoys to Eposognatus the Gaul, desiring him to

send embassies to the kings of the Gauls. Eposognatus in his turn sent envoys to Cnaeus begging him not to move his quarters or attack the Tolistobogian Gauls; and assuring him that he would send embassies to the kings, and propose peace to them, and felt quite certain that he would be able to bring them to a proper view of affairs in all respects....

In the course of his march through the country Cnaeus made a bridge over the River Sangorius, which was extremely deep and difficult to cross. And having encamped on the bank of the river, he was visited by some Galli sent by Attis and Battacus, the priests of the mother of the gods at Pesinus, wearing figures and images on their breasts, and announcing that the goddess promised him victory and power; to whom Cnaeus gave a courteous reception....

When Cnaeus was at the small town of Gordieium, ambassadors came from Eposognatus, announcing that he had been round and talked with the kings of the Gauls, but that they would not consent to make any overtures of friendship whatever; on the contrary, they had collected their children and women on Mount Olympus, and were prepared to give battle.... *The victory of the Romans over the Tolistoboi at Mount Olympus is described by Livy, 38, 19-23; that over the Tectosages, a few miles from Ancyra, in 38, 24-27. The second battle took place in mid-autumn, B.C. 189; and the result was that the Gauls gave in their submission at Ephesus, and were forced to engage to leave off predatory excursions, and to confine themselves to their own frontiers. Livy, 38, 27 and 40. 38.* It chanced that among the prisoners made when the Romans won the victory at Olympus over the Gauls of Asia, was Chiomara, wife of Ortiago. The centurion who had charge of her availed himself of his chance in soldierly fashion, and violated her.

He was a slave indeed both to lust and money: but eventually his love of money got the upper hand; and, on a large sum of gold being agreed to be paid for the woman, he led her off to put her to ransom. There being a river between the two camps, when the Gauls had crossed it, paid the man the money, and received the woman, she ordered one of them by a nod to strike the Roman as he was in the act of taking a polite and affectionate farewell of her. The man obeyed, and cut off the centurion's head, which she picked up and

drove off with, wrapped in the folds of her dress. On reaching her husband she threw the head at his feet; and when he expressed astonishment and said: "Wife to keep faith is a good thing," she replied: "Yes; but it is a better thing that there should be only one man alive who has lain with me!" [Polybius says that he conversed with the woman at Sardis, and was struck with her dignified demeanour and intelligence.]....

39. After the victory over the Gauls at Olympus, when the Romans were encamped at Ancyra, and Cnaeus was on the point of continuing his advance, ambassadors came from the Tectosages asking that Cnaeus would leave his troops in their quarters, and advance himself in the course of the next day into the space between the two camps; and promising that their kings would come to meet him, and discuss the terms of a peace. But when Cnaeus consented, and duly arrived at the appointed place with five hundred horse, the kings did not appear. After his return to the camp, however, the ambassadors came again, and, offering some excuses for the kings, begged him to come once more, as they would send some of their chief men to discuss the whole question. Cnaeus consented; but, without leaving the camp himself, sent Attalus and some tribunes with three hundred horse. The envoys of the Gauls duly appeared and discussed the business: but finally said that it was impossible for them to conclude the matter or ratify anything they agreed upon; but they engaged that the kings would come next day to agree on the terms, and finally settle the treaty, if the Consul would also come to them. Attalus promised that Cnaeus would come, and they separated for that day. But the Gauls were deliberately contriving these postponements, and amusing the Romans, because they wanted to get some part of their families and property beyond the river Halys; and, first of all, to get the Roman Consul into their hands if they could, but if not, at any rate to kill him. With this purpose they watched next day for the coming of the Romans, with a thousand horse ready to fall upon him. When Cnaeus heard the result of Attalus's interview, believing that the kings would come, he left the camp, attended as usual by five hundred horse. Now it happened that, on the days of the previous interviews, the foraging parties which went out from the Roman camp to fetch wood and hay had gone in the same direction,

in order to have the protection of the squadron which went to the parley. A numerous foraging party acted in the same way on this third occasion, and the tribunes ordered them to proceed in the same direction, with the usual number of horsemen to protect them as they advanced. And their being out on this duty proved accidentally to be the salvation of their comrades in the danger which threatened them....

CEPHALLENIA.

40. M. Fulvius took the quarter of the town in which was the citadel by a night surprise, and introduced the Romans into the town. 41. The good and the expedient are seldom compatible, and rare indeed are those who can combine and reconcile them. For as a general rule we all know that the good shuns the principles of immediate profit, and profit those of the good. However, Philopoemen attempted this task, and succeeded in his aim. For it was a good thing to restore the captive exiles to Sparta; and it was an expedient thing to humble the Lacedaemonian state, and to punish those who had served as bodyguards to a tyrant. But seeing clearly that money is ever the support on which every dynasty rests, and having a clear head and the instincts of a ruler, he took measures to prevent the introduction into the town of money from outside....

43. Meanwhile in Asia the Roman consul Cnaeus Manlius wintered at Ephesus, in the last year of this Olympiad, and was there visited by embassies from the Greek cities in Asia and many others, bringing complimentary crowns to him for his victories over the Gauls. For the entire inhabitants of Asia this side Taurus were not so much rejoiced at the prospect given them by Antiochus's defeat of being relieved from tribute, garrisons, or other royal exactions, as at the removal of all fear of the barbarians, and at their escape from their insolence and lawlessness. Among the rest Musaeus came from Antiochus, and some envoys from the Gauls, desiring to ascertain the terms upon which friendship would be granted them; and also from Ariarathes, the king of Cappadocia. For this latter prince, having attached himself to the fortunes of Antiochus, and having taken part in his battle with the Romans, had become alarmed and dismayed for

his own fate, and therefore was endeavouring by frequent embassies to ascertain what he would have to pay or do to get pardon for his error. The Consul complimented the ambassadors from the cities, and dismissed them after a very favourable reception; but he replied to the Gauls that he would not make a treaty with them until king Eumenes, whom he expected, had arrived. To the envoys from Ariarathes he said that they might have peace on the payment of six hundred talents. With the ambassador of Antiochus he arranged that he would come with his army to the frontier of Pamphylia, to receive the two thousand five hundred talents, and the corn with which the king had undertaken to furnish the Roman soldiers before his treaty with Lucius Scipio. This business being thus settled, he solemnly purified his army; and, as the season for military operations was now beginning, he broke up his quarters, and, taking Attalus with him, arrived at Apameia in eight days' march, and remained there three days. On the fourth he continued his advance; and, pushing on at great speed, arrived on the third day at the rendezvous with Antiochus, and there pitched his camp. Here he was visited by Musaeus, who begged him to wait, as the carts and cattle that were bringing the corn and money were late. He consented to wait: and, when the supply arrived, he distributed the corn among the soldiers, and handed over the money to one of his tribunes, with orders to convey it to Apameia.

44. He himself started in full force for Perga, where he heard that a commander of a garrison placed in that town by Antiochus had neither left it himself nor withdrawn his garrison. When he came within a short distance of the place he was met by the captain of the garrison, who begged Cnaeus not to condemn him unheard. "He had received the city from Antiochus in trust, and was holding it until he should be instructed what to do by the sovereign who had entrusted it to him." And he therefore begged for thirty days' respite, to enable him to send and ask the king for instructions. Observing that Antiochus was behaving straightforwardly in other particulars, Cnaeus consented to allow him to send and ask the king the question. After some days the officer accordingly received an answer, and surrendered the city.

About this time, just at the beginning of summer, the ten

commissioners and king Eumenes arrived by sea at Ephesus; and, after giving themselves two days to recover from the voyage, proceeded up the country to Apameia. When their arrival was known to Cnaeus Manlius, he sent his brother Lucius with four thousand men to Oroanda (in Pisidia), as a forcible hint that they must pay the money owing, in accordance with the terms agreed on; while he himself marched his army at full speed to meet Eumenes and the commissioners. On his arrival he found the king and the ten commissioners, and immediately held a consultation with them on the measures to be taken. The first resolution come to was to confirm the sworn agreement and treaty with Antiochus, about which I need say no more, beyond giving the actual text of the treaty, which was as follows: —

45. “There shall be perpetual peace between Antiochus and the Romans if he fulfils the provisions of the treaty.

“Neither Antiochus nor any subject to him shall allow any to pass through their territories to attack the Romans or their allies, nor supply them with aught. Neither shall the Romans or their allies do the like for those attacking Antiochus or those subject to him.

“Antiochus shall not wage war upon the Islanders or the dwellers in Europe.

“He shall evacuate all cities and territory (this side Taurus). His soldiers shall take nothing out with them except the arms they are carrying. If they chance to have taken anything away they shall restore it to the same cities.

“He shall receive neither soldiers nor other men from the territory of king Eumenes.

“If there be any men in the army of Antiochus coming from any of the cities taken over by the Romans, he shall deliver them up at Apameia.

“If there be any from the kingdom of Antiochus with the Romans or their allies, they may remain or depart as they choose.

“Antiochus and those subject to him shall give back the slaves, captives, and deserters of the Romans or their allies and any captive received from any quarter. Antiochus shall give up, if it be within his power so to do, Hannibal, son of Hamilcar, the Carthaginian, Mnesilochus the Acarnanian, Thoas the Aetolian, Euboulidas and

Philo the Chalcidians, and such of the Aetolians as have held national offices.

“Antiochus shall give up all his elephants, and shall have none henceforth.

“Antiochus shall surrender his ships of war, their tackle, and fittings, and henceforth have only ten decked ships. He shall not have a vessel rowed by thirty oars, [or by less] for purposes of war begun by himself.

“He shall not sail west of the river Calycadnus and the promontory of Sarpedon, except to convey tribute or ambassadors or hostages.

“It shall not be lawful for Antiochus to enlist soldiers or receive exiles from the territory subject to Rome.

“Such houses as belonged to the Rhodians or their allies, in the territory subject to Antiochus, shall continue to belong to the Rhodians as before the war: any money owed to them shall still be recoverable: and any property left behind by them, if sought for, shall be restored.

“The Rhodians shall, as before the war, be free from tribute.

“If Antiochus has given any of the towns to others which he is bound to restore, he shall remove from them also his garrisons and men. And if any shall wish hereafter to desert to him, he shall not receive them.

“Antiochus shall pay to the Romans ten thousand talents, in ten yearly instalments, of the best Attic silver, each talent to weigh not less than eighty Roman pounds, and ninety thousand medimni of corn.

“Antiochus shall pay to king Eumenes three hundred and fifty talents in the five years next following, in yearly instalments of seventy talents; and in lieu of the corn, according to the valuation of Antiochus himself, one hundred and twenty-seven talents, two hundred and eight drachmae, which sum Eumenes has consented to accept ‘as satisfying his claims.’

“Antiochus shall give twenty hostages, not less than eighteen nor more than forty-five years old, and change them every three years.

“If there be in any year a deficit in the instalment paid, Antiochus shall make it good in the next year.

“If any of the cities or nations, against whom it has been hereby provided that Antiochus should not make war, should commence war against him, it shall be lawful for Antiochus to war with them; but of such nations and cities he shall not have sovereignty nor attach them as friends to himself.

“Such complaints as arise between the parties to this treaty shall be referred to arbitration.

“If both parties agree in wishing anything to be added to or taken from this treaty, it shall be lawful so to do.”

46. Immediately after this treaty had been solemnly sworn to, the proconsul Cnaeus sent Quintus Minucius Thermus and his brother Lucius, who had just brought the money from Oroanda to Syria, with orders to receive the oath from the king, and confirm the several clauses of the treaty. And to Quintus Fabius Labeo, who was in command of the fleet, he sent a despatch ordering him to sail back to Patara, and take over and burn the ships there....

47. The proconsul Cnaeus Manlius made Ariarathes a friend of Rome on receipt of three hundred talents....

48. At Apameia the Proconsul and the ten commissioners, after listening to all who appealed to them, assigned in the case of disputed claims to territory, money, or anything else, certain cities in which the parties might have their claims settled by arbitration. The general scheme which they drew out was as follows: Those of the autonomous cities which, having formerly paid tribute to Antiochus, had remained faithful to Rome, they relieved from tribute altogether. Those that had been tributary to Attalus they ordered to pay the same tribute to his successor Eumenes. Such as had abandoned the Roman friendship and joined Antiochus in the war, they ordered to pay Eumenes the amount of tribute imposed on them by Antiochus. The people of Colophon, Notium, Cymae, and Mylae, they freed from tribute. To the Clazomenians, besides this relief, they gave the Island Drymussa. To the Ephesians they restored the sacred district which they had been obliged by the enemy to evacuate.... To the people of Chios, Smyrna, and Erythrae, besides other marks of honour, they assigned the territory which they severally expressed a wish to have at the time, and alleged was their right, from regard for their loyalty and zeal which they had shown to Rome during the war. To the

Phocaeans they restored their ancestral city and the territory which they possessed of old. They next transacted business with the Rhodians, giving them Lycia and Caria up to the river Maeander, except Telmissus. As to king Eumenes and his brothers, not content with the liberal provision made for them in their treaty with Antiochus, they now assigned him in addition the Chersonese, Lysimacheia, and the castles on the borders of these districts, and such country as had been subject to Antiochus in Europe; and in Asia, Phrygia on the Hellespont, Great Phrygia, so much of Mysia as he had before subjugated, Lycaonia, Milyas, Lydia, Tralles, Ephesus, and Telmissus: all these they gave to Eumenes. As to Pamphylia, Eumenes alleged that it was on this side Taurus, the ambassadors of Antiochus on the other; and the commissioners feeling unable to decide, referred the question to the Senate. Having thus decided the largest number and most important of the matters brought before them, they started on the road towards the Hellespont, intending on their journey to still further secure the settlement arrived at with the Gauls....

After the execution of the men at Compasium, some of the Lacedaemonians, incensed at what had been done, and believing that the power and authority of the Romans had been set at naught by Philopoemen, went to Rome and accused Philopoemen and his proceedings; and finally obtained a letter addressed to the Achaeans from Marcus Lepidus, the consul of the year, and afterwards Pontifex Maximus, in which he told the Achaeans that they had not acted equitably in the matters of the Lacedaemonians. At the same time as this mission from Sparta, Philopoemen also appointed Nicodemus of Elis and others to go on an embassy to Rome.*

Just at that time Demetrius of Athens came on a mission from Ptolemy, to renew the existing alliance between the king and the

Achaean league. This was eagerly accepted, and my father, Lycortas, and Theodoridas, and Rhositeles of Sicyon were appointed ambassadors to take the oaths on behalf of the Achaeans, and receive those of the king. And on that occasion a circumstance occurred, which, though not important perhaps, is still worth recording. After the completion of this renewal of alliance on behalf of the Achaeans, Philopoemen entertained the ambassador; and in the course of the banquet the ambassador introduced the king's name, and said a great deal in his praise, quoting anecdotes of his skill and boldness in hunting, as well as his excellence in riding and the use of arms; and ended by quoting, as a proof of what he said, that the king on horseback once transfixed a bull with a javelin....

4. In Boeotia, after the formation of the treaty between Rome and Antiochus, the hopes of the whole revolutionary party were destroyed. Politics therefore began to assume a new aspect; and whereas the administration of justice among them had been postponed for nearly the last twenty years, voices began to make themselves heard in the cities to the effect that "there ought to be an end and settlement of their mutual disputes." But after considerable controversy on this point, because the discontented were more numerous than the wealthy, the following circumstance occurred which helped accidentally to support the party of order. Titus Flamininus had for some time past been zealously working in Rome to secure the restoration of Zeuxippus to Boeotia, because he had found him serviceable on many occasions during the wars with Antiochus and Philip. And just at this time he had induced the Senate to send a despatch to the Boeotians ordering them to recall Zeuxippus and his fellow exiles. When this despatch arrived, the Boeotians, fearing that, if these men were restored, they would become detached from their good understanding with Macedonia, determined that the legal sentence upon Zeuxippus and the rest should be publicly proclaimed, which they had formerly drawn up against them. Thus they condemned them on two charges, first, of sacrilege for having stripped off the silver from the plated table of Zeus, and, secondly, of murder for having killed Brachylles. Having made this arrangement, they assumed that they need pay no further attention to the despatch of the Senate, but contented themselves with

sending Callicritus and others to Rome with the message that they were unable to rescind what had been settled by their laws. Zeuxippus having sent an embassy to the Senate at the same time, the Romans wrote to the Aetolians and Achaeans an account of the attitude assumed by the Boeotians, and ordered them to restore Zeuxippus to his country. The Achaeans refrained from invading the country with an army, but selected some ambassadors to go and persuade the Boeotians to obey the orders from Rome; and also to settle the legal disputes existing between them and the Achaeans, on the same principles as they conducted the administration of justice at home: for it happened that there were some controversies between the two nations that had been dragging on for a long time. On receiving this message the Boeotians, whose Strategus was then Hippias, promised at the moment that they would do what was demanded of them, but shortly afterwards neglected it at every point. Therefore, when Hippias had laid down his office and Alcetas had succeeded him, Philopoemen gave all who chose license to make reprisals on the territories of the Boeotians; which proved the beginning of a serious quarrel between the two nations. For on the cattle of Myrrhichus and Simon being driven off, and a struggle arising over this transaction, the contest soon ceased to be political, and became the beginning and prelude of open war. If indeed the Senate had persisted in carrying out the restoration of Zeuxippus, war would quickly have been kindled; but as it maintained silence on the subject, the Megareans were induced by an embassy proposing terms to stop the reprisals....

5. A quarrel arose between the Lycians and Rhodians from the following causes. When the ten commissioners were employed in the settlement of Asia, they were visited by Theaetetus and Philophron on a mission from Rhodes, demanding that Lycia and Caria should be given to them in return for the goodwill and zeal displayed by them in the war with Antiochus. At the same time Hipparchus and Satyrus came from Ilium begging, on the ground of their kindred with the Lycians, that the latter should receive pardon for their transgressions. The commissioners listened to these pleadings, and tried to do what they could to satisfy both. For the sake of the people of Ilium, they inflicted no severity on the Lycians, but gratified the

Rhodians by presenting them with the sovereignty over that people. This decision was the origin of a serious division and controversy between the Lycians and Rhodians. For the envoys of Ilium visited the Lycian cities, giving out that they had succeeded in pacifying the Roman anger, and that they owed their liberty to them; while Theaetetus and his colleague took back word to their countrymen that Lycia and all Caria south of the Maeander had been given as a free gift by the Romans to Rhodes. Presently an embassy came from Lycia to Rhodes desiring an alliance; while the Rhodians on their part had elected certain of their citizens to go to Lycia and give orders to the several cities as to what they were to do. They were thus entirely at cross purposes, and for some time the cause of the misunderstanding was not generally intelligible. But when the Lycian ambassadors appeared in the assembly and began talking about an alliance, and Pothion the Prytanis rose after them and explained the different ideas which the two people entertained on the subject, and moreover, sternly rebuked the Lycian envoys, the latter declared that they would endure anything rather than be subject to the Rhodians....

EGYPT UNDER PTOLEMY EPIPHANES AFTER THE DEATH OF ARISTOMENES (18, 53,

54)

6. All men admire the magnanimity of Philip towards Athens; for though he had been injured as well as abused by them, yet when he conquered them at Chaeroneia, so far from using this opportunity for injuring his opponents, he caused the corpses of the Athenians to be buried with the proper ceremonies; while those of them who had been taken prisoners he actually presented with clothes, and restored to their friends without ransom. But though men praise they do not imitate such conduct. They rather try to outdo those with whom they are at war, in bitterness of passion and severity of vengeance. Ptolemy, for instance, had men tied naked to carts and dragged at their tail, and then put to death with torture....

7. When this same Ptolemy was besieging Lycopolis, the Egyptian nobles surrendered to the king at discretion; and his cruel treatment of them involved him in manifold dangers. The same was the result

at the time Polycrates suppressed the revolt. For Athinis, Pausiras, Chesuphus, and Irobastus, who still survived of the rebellious nobles, yielding to necessity, appeared at the city of Sais and surrendered at discretion to the king. But Ptolemy, regardless of all pledges, had them tied naked to the carts and dragged off, and then put to death with torture. He then went to Naucratis with his army, where he received the mercenaries enlisted for him by Aristonicus from Greece, and thence sailed to Alexandria, without having taken any part whatever in the actual operations of the war, thanks to the dishonest advice of Polycrates, though he was now twenty-five years old....

8. At this time were sowed the seeds of fatal evils to the royal house of Macedonia. I am aware that some historians of the war between Rome and Perseus, when they wish to set forth the causes of the quarrel for our information, assign as the primary one the expulsion of Abrupolis from his principality, on the ground of having made a raid upon the mines at Pangaeum after the death of Philip, which Perseus repulsed, finally expelling him entirely out of his own dominions. Next they mention the invasion of Dolopia, and the visit of Perseus to Delphi, the plot against Eumenes at Delphi, and the murder of the ambassadors in Boeotia; and from these they say sprang the war between Perseus and the Romans. But my contention is that it is of most decisive advantage, both to historians and their readers, to know the causes from which the several events are born and spring. Most historians confound these, because they do not keep a firm hold upon the distinction between a pretext and a cause, or again between a pretext and a beginning of a war. And since events at the present time recall this distinction I feel compelled to renew my discussion of this subject. For instance, of the events just referred to, the first three are pretexts; the last two — the plot against Eumenes, the murder of the ambassadors, and other similar things that happened during the same period — are clear *beginnings* of the war between Rome and Perseus, and of the final overthrow of the Macedonian kingdom; but not one of them is a *cause* of these things. I will illustrate by examples. Just as we say that Philip son of Amyntas contemplated and determined upon accomplishing the war with Persia, while Alexander put into execution what he had

projected, so in the present instance we say that Philip son of Demetrius first projected the last war against Rome, and had all his preparations ready for the execution of his design, but that after his death Perseus became the agent in carrying out the undertaking itself. If this be true, the following also is clear: it is impossible that the causes of the war should have been subsequent to the death of him who resolved upon and projected it; which would be the case if we accepted the account of these historians; for the events alleged by them as its causes were subsequent to the death of Philip....

9. About the same time ambassadors came to Rome from king Eumenes, informing the Senate of the encroachment of Philip upon the cities in Thrace. There came also the exiles of the Maronitae denouncing Philip, and charging him with being the cause of their expulsion. These were followed by Athamanians, Perrhaebians, and Thessalians, demanding the restoration of their cities which Philip had taken from them during the war with Antiochus. Ambassadors also came from Philip to make answer to all accusers. After repeated debates between all these envoys and the ambassadors of Philip, the Senate decided to appoint a commission at once, to investigate the actions of Philip, and to protect all who chose to state their views and their complaints of the king to his face. The legates thus appointed were Quintus Caecilius, Marcus Baebius, and Tiberius Claudius....

There was again a war of parties among the Aenii, one side inclining to Eumenes, the other to Macedonia.... *The result of these embassies was the Congress of Tempe, at which no definite settlement was made. Livy, 39, 25-28.*

A MEETING OF THE ACHAEAN LEAGUE PARLIAMENT

10. I have already stated that in the Peloponnese, while Philopoemen was still Strategus, the Achaean league sent an embassy to Rome on the subject of Sparta, and another to king Ptolemy to renew their ancient alliance.

Immediately after Philopoemen had been succeeded by Aristaenus as Strategus, the ambassadors of king Ptolemy arrived, while the league meeting was assembled at Megalopolis. King Eumenes also had despatched an embassy offering to give the Achaeans one

hundred and twenty talents, on condition that it was invested and the interest used to pay the council of the league at the time of the federal assemblies. Ambassadors came also from king Seleucus, to renew his friendship with them, and offering a present of a fleet of ten ships of war. But when the assembly got to business, the first to come forward to speak was Nicodemus of Elis, who recounted to the Achaeans what he and his colleagues had said in the Roman Senate about Sparta, and read the answer of the Senate; which was to the effect that the Senate disapproved of the destruction of the walls, and of the execution of the men put to death at Compasium, but that it did not rescind any arrangement made. No one saying a word for or against this, the subject was allowed to pass.

Next came the ambassadors from Eumenes, who renewed the ancestral friendship of the king with the Achaeans, and stated to the assembly the offer made by him. They spoke at great length on these subjects, and retired after setting forth the greatness of the king's kindness and affection to the nation.

11. After they had finished their speech, Apollonidas of Sicyon rose and said that: "As far as the amount of the money was concerned, it was a present worthy of the Achaeans. But if they looked to the intention of the donor, or the purpose to which the gift was to be applied, none could well be more insulting and more unconstitutional. The laws prohibited any one, whether a private individual or magistrate, from accepting presents from a king on any pretence whatever; but if they took this money they would every one of them be plainly accepting a present, which was at once the gravest possible breach of the law, and confessedly the deepest possible personal disgrace. For that the council should take a great wage from Eumenes, and meet to deliberate on the interests of the league after swallowing such a bait, was manifestly disgraceful and injurious. It was Eumenes that offered money now; presently it would be Prusias; and then Seleucus. But as the interests of democracies and of kings are quite opposite to each other, and as our most frequent and most important deliberations concern the points of controversy arising between us and the kings, one of two things must necessarily happen; either the interests of the king will have precedence over our own, or we must incur the reproach of ingratitude for opposing our

paymasters.” He therefore urged the Achaeans not only to decline the offer, but to hold Eumenes in detestation for thinking of making it.

Next rose Cassander of Aegina and reminded the Achaeans of “The misfortunes which the Aeginetans had met with through being members of the Achaean league; when Publius Sulpicius sailed against them with the Roman fleet, and sold all the unhappy Aeginetans into slavery.” In regard to this subject I have already related how the Aetolians, having got possession of Aegina in virtue of their treaty with Rome, sold it to Attalus for thirty talents. Cassander therefore drew the attention of the Achaeans to these facts; and demanded that Eumenes should not seek to gain the affection of the Achaeans by offering them money, but that he should establish an incontestable claim to every sign of devotion by giving back Aegina. He urged the Achaeans not to accept presents which would place them in the position of being the destroyers of the hopes of Aeginetan restoration for all time.

After these speeches had been delivered, the people showed such signs of enthusiastic approval that no one ventured to speak on the side of the king; but the whole assembly rejected the offer by acclamation, though its amount certainly made it exceedingly tempting.

12. The next subject introduced for debate was that of king Ptolemy. The ambassadors who had been on the mission to Ptolemy were called forward, and Lycortas, acting as spokesman, began by stating how they had interchanged oaths of alliance with the king; and next announced that they brought a present from the king to the Achaean league of six thousand stands of arms for peltasts, and two thousand talents in bronze coinage. He added a panegyric on the king, and finished his speech by a brief reference to the goodwill and active benevolence of the king towards the Achaeans. Upon this the Strategus of the Achaeans, Aristaeus, stood up and asked Lycortas and his colleagues in the embassy to Ptolemy “which alliance it was that he had thus renewed?”

No one answering the question, but all the assembly beginning to converse with each other, the Council chamber was filled with confusion. The cause of this absurd state of things was this. There had been several treaties of alliance formed between the Achaeans

and Ptolemy's kingdom, as widely different in their provision as in the circumstances which gave rise to them: but neither had Ptolemy's envoy made any distinction when arranging for the renewal, merely speaking in general terms on the matter, nor had the ambassadors sent from Achaia; but they had interchanged the oaths on the assumption of there being but one treaty. The result was, that, on the Strategus quoting all the treaties, and pointing out in detail the differences between them, which turned out to be important, the assembly demanded to know which it was that it was renewing. And when no one was able to explain, not even Philopoemen himself, who had been in office when the renewal was made, nor Lycortas and his colleagues who had been on the mission to Alexandria, these men all began to be regarded as careless in conducting the business of the league; while Aristaenus acquired great reputation as being the only man who knew what he was talking about; and finally, the assembly refused to allow the ratification, voting on account of this blunder that the business should be postponed.

Then the ambassadors from Seleucus entered with their proposal. The Achaeans, however, voted to renew the friendship with Seleucus, but to decline for the present the gift of the ships.

13. Having thus finished their deliberations, the assembly broke up and the people separated to their several cities. But subsequently, while the (Nemean) games were in course of celebration, Quintus Caecilius arrived from Macedonia, on his way back from the embassy which he had been conducting to Philip. Aristaenus having called a meeting of the league magistrates in Argos, Quintus attended and upbraided them for having exceeded justice in the harshness and severity with which they had treated the Lacedaemonians, and urged them strongly to repair the error. Aristaenus said not a word, showing clearly by his silence that he disapproved of what had been done and agreed with the words of Caecilius. But Diophanes of Megalopolis, who was more of a soldier than a statesman, stood up to speak, and so far from offering any defence of the Achaeans, suggested to Caecilius, from hostility to Philopoemen, another charge that might be brought against them. For he said that "the Lacedaemonians were not the only people who had been badly treated; the Messenians had been so also." There were as a fact some controversies going on

among the Messenians, in regard to the decree of Flamininus concerning the exiles, and the execution of it by Philopoemen: and Caecilius, thinking that he now had a party among the Achaeans themselves of the same opinion as himself, expressed still greater anger at the hesitation on the part of the assembled magistrates in obeying his orders. However, when Philopoemen, Lycortas, and Archon argued long and elaborately to prove that what had been done at Sparta was right, and advantageous to the Lacedaemonians themselves more than to any one else, and that it was impossible to disturb any existing arrangements without violating justice to man and piety to the gods, they came to the decision that they would maintain them, and give an answer to that effect to the Roman legate. Seeing what the disposition of the magistrates was, Caecilius demanded that the public assembly should be summoned, to which the Achaean magistrates demanded to see the instructions which he had from the Senate on these points: and when he gave no answer to this demand, they said that they would not summon the assembly for him, as their laws forbade them to do so unless a man brought written instructions from the Senate, stating the subject on which they were to summon it. Caecilius was so angry at this uncompromising opposition to his orders, that he refused to receive his answer from the magistrates, and so departed without any answer at all. The Achaeans laid the blame both of the former visit of Marcus Fulvius and the present one of Caecilius on Aristaenus and Diophanes, on the ground that they had invited them on account of their political opposition to Philopoemen; and accordingly the general public felt a certain suspicion of these two men. Such was the state of the Peloponnese....

14. Philopoemen had a sharp difference in debate with Archon the Strategus. In course of time, however, Philopoemen was convinced by Archon's arguments, and, changing his mind, spoke in warm commendation of Archon as having managed his business with skill and address. But when I heard the speech at the time it did not seem to me right to praise a man and yet do him an injury, nor do I think so now in my maturer years. For I think that there is as wide a distinction in point of morality between practical ability and success secured by absence of scruples, as there is between skill and mere

cunning. The former are in a manner the highest attainments possible, the latter the reverse. But owing to the lack of discernment so general in our day, these qualities, which have little in common, excite the same amount of commendation and emulation in the world....

15. When Caecilius returned from Greece and made his report to the Senate concerning Macedonia and the Peloponnese, the ambassadors who had come to Rome on these matters were introduced into the Senate. First came those from Philip and Eumenes, as well as the exiles from Aenus and Maroneia; and on their saying much the same as they had said before Caecilius and his colleagues at Thessalonica, the Senate voted to send another deputation to Philip, to see first of all whether he had evacuated the cities in Perrhaebia in conformity with the answer he gave to Caecilius: and secondly, to order him to remove his garrison from Aenus and Maroneia; and in a word, to abandon all fortresses, positions, and towns on the seaboard of Thrace.

After these the ambassadors from the Peloponnese were introduced. For the Achaeans on their part had sent Apollonidas of Sicyon, and others, to justify themselves to Caecilius for his having received no answer, and generally to inform the Senate on the question of Sparta; and at the same time Areus and Alcibiades had come from Sparta as ambassadors, — two of the old exiles recently restored by Philopoemen and the Achaeans. And this was a circumstance that particularly roused the anger of the Achaeans; because they thought it the height of ingratitude on the part of the exiles, after receiving so important and recent a service at their hands, to be now sending a hostile embassy, and accusing to the sovereign people those who had been the authors of their unlooked-for preservation and restoration to their country.

16. Both parties were heard in their defence in each other's presence. Apollonidas of Sicyon and his colleagues tried to convince the Senate that the affairs of Sparta could not have been better managed than they were managed by Philopoemen. Areus and his colleagues attempted to establish the reverse: alleging, first of all, that the power of the city was entirely destroyed by the violent withdrawal of so large a number; and, in the second place, that even

those that were left were so few that their position was insecure, now that the walls were pulled down; and that their freedom of speech was entirely destroyed by the fact that they were not only amenable to the general decrees of the Achaean league, but were also made specially subject to the magistrates set over them from time to time. After hearing these envoys also, the Senate decided to give the same legates instructions regarding them as well as the others, and appointed Appius Claudius and his colleagues commissioners for Greece.

But the ambassadors from the Achaeans offered an explanation also to Caecilius in the Senate, on behalf of the magistrates, asserting that "They did not act wrongly or deserve blame for refusing to summon the assembly, unless it were requisite to decide on an alliance or a war, or unless some one brought a letter from the Senate. The magistrates had therefore impartially considered the subject of summoning the assembly, but were prevented from doing so by the laws, because he neither brought a despatch from the Senate nor would show them any written instructions." At the conclusion of this speech Caecilius rose and made an attack on Philopoemen and Lycortas, and the Achaeans generally, and on the policy they had pursued towards the city of Sparta. After listening to the arguments, the Senate answered the Achaeans by saying that they would send commissioners to investigate the matter of Sparta; and they accompanied this answer by an admonition to them to pay attention to the ambassadors sent by them from time to time, and show them proper respect, as the Romans did to ambassadors who came to them....

17. When Philip learnt, by a message from his own ambassadors at Rome, that he would be obliged to evacuate the cities in Thrace, he was extremely annoyed, because he regarded his kingdom as being now curtailed on every side; and he vented his wrath upon the unhappy people of Maroneia. He sent for Onomastus, his governor in Thrace, and communicated with him on the subject. And Onomastus on his return sent Cassander to Maroneia, who, from long residence there, was familiar with the inhabitants, — for Philip's practice had long been to place members of his court in these cities, and accustom the people to their residence among them. Some few days after his

arrival, the Thracians having been prepared for what they had to do, and having obtained entrance to the city by night through the instrumentality of Cassander, a great massacre took place, and many of the Maronites were killed. Having wreaked this vengeance on those who opposed him, and satisfied his own anger, Philip waited for the arrival of the Roman legates, persuaded that no one would venture for fear of him to denounce his crime. But when Appius and his colleagues presently arrived, they were promptly informed of what had happened at Maroneia, and expostulated in severe terms with Philip for it. The king attempted to defend himself by asserting that he had nothing to do with this act of violence; but that the Maronites, being divided into two hostile parties, one inclined to Eumenes and the other to himself, inflicted this misfortune upon themselves. He moreover bade them confront him with any one who wished to accuse him. He said this from a conviction that no one would venture to do so; because they would consider that Philip's vengeance upon those who opposed him would be near at hand, while assistance from Rome would have a long way to come. But when Appius and his colleagues said that "they required to hear no defence, for they were well aware of what had happened, and who was the cause of it," Philip became much confused.

18. They went no further than this in the first interview: but during the next day Appius ordered Philip to send Onomastus and Cassander at once to Rome, that the Senate might inform itself on what had happened. The king was disturbed at this to the greatest possible degree, and for some time did not know what to say; but at last he said that he would send Cassander, who was the actual author of the business, that the Senate might learn the truth from him; but he tried to get Onomastus excused, both in this and subsequent interviews with the legates, alleging as a reason that not only had Onomastus not been in Maroneia at the time of the massacre, but not even in any part of the country in its neighbourhood. His real motive, however, was fear lest, if he got to Rome, having been engaged with him in many similar transactions, he would not only tell the Romans the story of Maroneia, but all the others also. Eventually he did get Onomastus excused; and having, after the departure of the legates, sent off Cassander, he sent some agents with him as far as Epirus,

and there had him poisoned. But Appius and his colleagues left Philip with their minds fully made up both as to his guilt in the matter of Maroneia and his alienation from Rome.

The king, thus relieved of the presence of the legates, after consulting with his friends Apelles and Philocles became clearly conscious that his quarrel with Rome had now become serious, and that it could no longer be concealed, but was become notorious to most people in the world. He was therefore now wholly bent on measures of self-defence and retaliation. But as he was as yet unprepared for some of the plans which he had in his mind, he cast about to find some means of putting matters off, and gaining time for making his preparations for war. He accordingly resolved to send his youngest son Demetrius to Rome: partly to make his defence on the charges brought against him, and partly also to beg pardon for any error which he might have committed. He felt certain that everything he wished would be obtained from the Senate by means of this young prince, because of the extraordinary attentions which had been shown him when he was acting as a hostage. He no sooner conceived this idea than he set about making preparations for sending the prince and those of his own friends destined to accompany him on his mission. At the same time he promised the Byzantines to give them help: not so much because he cared for them, as from a wish under cover of their name to strike terror into the princes of the Thracians living beyond the Propontis, as a step towards the fulfilment of his main purpose....

19. In Crete, while Cydas son of Antalces was *Cosmus*, the Gortynians, who sought in every way to depress the Gnossians, deprived them of a portion of their territory called Lycastium, and assigned it to the Rhaucii, and another portion called Diatonium to the Lyctii. But when about this time Appius and his colleagues arrived in the island from Rome, with the view of settling the controversies which existed among them, and addressed remonstrances to the cities of Gnossus and Gortyn on these points, the Cretans gave in, and submitted the settlement of their disputes to Appius. He accordingly ordered the restoration of their territory to the Gnossians; and that the Cydoniates should receive back the hostages which they had formerly left in the hands of Charmion, and

should surrender Phalasarna, without taking anything out of it. As to sharing in the legal jurisdiction of the whole island, he left it free to the several cities to do so or not as they pleased, on condition that in the latter case they abstained from entering the rest of Crete, they and the exiles from Phalasarna who murdered Menochius and his friends, their most illustrious citizens....

20. Apollonias, the wife of Attalus, father of king Eumenes, was a native of Cyzicus, and a woman who for many reasons deserves to be remembered, and with honour. Her claims upon a favourable recollection are that, though born of a private family, she became a queen, and retained that exalted rank to the end of her life, not by the use of meretricious fascinations, but by the virtue and integrity of her conduct in private and public life alike. Above all, she was the mother of four sons with whom she kept on terms of the most perfect affection and motherly love to the last day of her life. And so Attalus and his brother gained a high character, while staying at Cyzicus, by showing their mother proper respect and honour. For they took each of them one of her hands and led her between them on a visit to the temples and on a tour of the town, accompanied by their suite. At this sight all who saw it received the young princes with very warm marks of approval, and, recalling the story of Cleobis and Biton, compared their conduct with theirs; and remarked that the affectionate zeal shown by the young princes, though perhaps not going so far as theirs, was rendered quite as illustrious by the fact of their more exalted position. This took place in Cyzicus, after the peace made with king Prusias....

21. Ostiagon the Gaul, king of the Gauls of Asia, endeavoured to transfer to himself the sovereignty of all the Gauls; and he had many qualifications for such a post, both natural and acquired. For he was open-handed and generous, a man of popular manners and ready tact; and, what was most important in the eyes of the Gauls, he was a man of courage and skill in war....

22. Aristonicus was one of the eunuchs of Ptolemy, king of Egypt, and had been brought up from childhood with the king. As he grew up he displayed more manly courage and tastes than are generally found in an eunuch. For he had a natural predilection for a military life, and devoted himself almost exclusively to that and all that it

involved. He was also skilful in dealing with men, and, what is very rare, took large and liberal views, and was naturally inclined to bestow favours and kindnesses....

BOOK XXIII

1. In the 149th Olympiad a greater number of embassies came to Rome from Greece than were almost ever seen before. For as Philip was compelled by treaty to submit disputes with his neighbours to arbitration, and as it was known that the Romans were willing to receive accusations against Philip, and would secure the safety of those who had controversies with him, all who lived near the frontier of Macedonia came to Rome, some in their private capacity, some from cities, others from whole tribes, with complaints against Philip. At the same time also came ambassadors from Eumenes, accompanied by his brother Athenaeus, to accuse Philip in regard to the Thracian cities and the aid sent to Prusias. Philip's son, Demetrius, also came to make answer to all these various envoys, accompanied by Apelles and Philocles, who were at that time considered the king's first friends. Ambassadors also came from Sparta, representatives of each faction of the citizens.

The first summoned to the Senate was Athenaeus, from whom the Senate accepted the compliments of fifteen thousand gold pieces, and passed a decree highly extolling Eumenes and his brothers for their answer, and exhorting them to continue in the same mind. Next the praetors called upon all the accusers of Philip, and brought them forward by one embassy at a time. But as they were numerous, and their entry occupied three days, the Senate became embarrassed as to the settlement to be made in each case. For from Thessaly there were ambassadors from the whole nation, and also from each city separately; so also from the Perrhaebians, Athamanians, Epirotes, and Illyrians. And of these some brought cases of dispute as to territory, slaves, or cattle; and some about contracts or injuries sustained by themselves. Some alleged that they could not get their rights in accordance with the treaty, because Philip prevented the administration of justice; while others impeached the justice of the decisions given, on the ground that Philip had corrupted the arbitrators. And, in fact, there was an inextricable confusion and multiplicity of charges.

2. In such a state of things the Senate felt unable to come to a clear

decision itself, and did not think it fair that Demetrius should have to answer each of the several indictments; for it regarded him with great favour, and saw at the same time that his extreme youth unfitted him to cope with business of such intricacy and complexity. Besides, what it desired most was not to hear speeches of Demetrius, but to ascertain with certainty the disposition of Philip. Excusing him therefore from pleading his cause, the Senate asked the young man and his friends whether they were the bearers of any written memoir from the king; and upon Demetrius answering that he was, and holding out a paper of no great size, the Senate bade him give a summary of what the paper contained in answer to the accusations alleged. It amounted to this, that on each point Philip asserted that he had carried out the injunctions of the Senate, or, if he had not done so, laid the blame upon his accusers; while to the greater number of his declarations he had added the words, "though the commissioners with Caecilius were unfair to me in this point," or again, "though I am unjustly treated in this respect." Such being Philip's mind, as expressed in the several clauses of the paper, the Senate, after hearing the ambassadors who were come to Rome, comprehended them all under one measure. By the mouth of the praetor it offered an honourable and cordial reception to Demetrius, expressed in ample and emphatic language, and answered his speech by saying that "The Senate fully believe that on all the points mentioned by Demetrius, or read by him from his paper of instructions, full justice was already done or would be done. But, in order that Philip might be made aware that the Senate paid this honour to Demetrius, ambassadors would be sent to see that everything was being done in accordance with the will of the Senate, and at the same time to inform the king that he owed this grace to his son Demetrius." Such was the arrangement come to on this part of the business.

3. The next to enter the Senate were the ambassadors of king Eumenes, who denounced Philip on account of the assistance sent to Prusias, and concerning his actions in Thrace, alleging that even at that moment he had not withdrawn his garrisons from the cities. But upon Philocles showing his wish to offer a defence on these points, as having been formerly charged with a mission to Prusias, and being now sent to the Senate to represent Philip on this business, the

Senate, without listening very long to his speech, answered that "With regard to Thrace, unless the legates found everything there settled in accordance with its will, and all the cities restored to the entire control of Eumenes, the Senate would be unable any longer to allow it to pass, or to submit to being continually disobeyed."

Though the ill-feeling between the Romans and Philip was becoming serious, a check was put to it for the time by the presence of Demetrius. And yet this young prince's mission to Rome proved eventually no slight link in the chain of events which led to the final ruin of his house. For the Senate, by thus making much of Demetrius, somewhat turned the young man's head, and at the same time gravely annoyed Perseus and the king, by making them feel that the kindness they received from the Romans was not for their own sakes, but for that of Demetrius. And T. Quintius Flamininus contributed not a little to the same result by taking the young prince aside and communicating with him in confidence. For he flattered him by suggesting that the Romans meant before long to invest him with the kingdom; while he irritated Philip and Perseus by sending a letter ordering the king to send Demetrius to Rome again, with as many friends of the highest character as possible. It was, in fact, by taking advantage of these circumstances that Perseus shortly afterwards induced his father to consent to the death of Demetrius. But I shall relate that event in detail later on.

4. The next ambassadors called in were the Lacedaemonians. Of these there were four distinct factions. Lysis and his colleagues represented the old exiles, and their contention was that they ought to have back the possessions from which they had originally been driven. Areus and Alcibiades, on the contrary, contended that they should receive the value of a talent from their original property, and divide the rest among deserving citizens. Serippus pleaded that things should be left in exactly the state in which they were when they formerly belonged to the Achaean league. Lastly, Chaeron and his colleagues represented those who had been condemned to death or exile by the votes of the Achaean league, and demanded their own recall and the restoration of the constitution. These all delivered speeches against the Achaeans in conformity with their several objects. The Senate, finding itself unable to come to a clear decision

on these particular controversies, appointed a committee of investigation, consisting of the three who had already been on a mission to the Peloponnese on these matters, namely Titus Flamininus, Q. Caecilius, and Appius Claudius Pulcher. After long discussions before this committee it was unanimously decided that the exiles and the condemned were to be recalled, and that the city should remain a member of the Achaean league. But as to the property, whether the exiles were each to select a talent's worth from what had been theirs [or to receive it all back], on this point they continued to dispute. That they might not, however, have to begin the whole controversy afresh [the committee] caused the points agreed upon to be reduced to writing, to which all affixed their seals. But the committee, also wishing to include the Achaeans in the agreement, called in Xenarchus and his colleagues, who were at that time on a mission from the Achaeans, to renew their alliance with Rome, and at the same time to give an eye to their controversy with the Lacedaemonians. These men, being unexpectedly asked whether they consented to the terms contained in the written document, were somewhat at a loss what to answer. For they did not approve of the restoration of the exiles and the condemned persons, as being contrary to the decree of the league, and the contents of the tablet on which that decree was engraved; and yet they approved of the document as a whole, because it contained the clause providing that Sparta should remain a member of the league. Finally, however, partly from this difficulty, and partly from awe of the Roman commissioners, they affixed their seal. The Senate, therefore, selected Quintus Marcius to go as legate to settle the affairs of Macedonia and the Peloponnese....

5. When Deinocrates of Messene arrived on a mission at Rome, he was delighted to find that Titus Flamininus had been appointed by the Senate to go as ambassador to Prusias and Seleucus. For having been very intimate with Titus during the Lacedaemonian war, he thought that this friendship, combined with his disagreements with Philopoemen, would induce him on his arrival in Greece to settle the affairs of Messene in accordance with his own views. He therefore gave up everything else to attach himself exclusively to Titus, on whom he rested all his hopes....

This same Deinocrates was a courtier and a soldier by nature as well as habit, but he assumed the air of consummate statesmanship. His parts, however, were showy rather than solid. In war his fertility of resource and boldness were beyond the common run; and he shone in feats of personal bravery. Nor were these his only accomplishments: he was attractive and ready in conversation, versatile and courteous in society. But at the same time he was devoted to licentious intrigue, and in public affairs and questions of policy was quite incapable of sustained attention or far-sighted views, of fortifying himself with well-considered arguments, or putting them before the public. On this occasion, for instance, though he had really given the initiative to grave misfortunes, he did not think that he was doing anything of importance; but followed his usual manner of life, quite regardless of the future, indulging day after day in amours, wine, and song. Flamininus, however, did once force him to catch a glimpse of the seriousness of his position. For seeing him on a certain occasion in a party of revellers dancing in long robes, he said nothing at the time; but next morning, being visited by him with some request in behalf of his country, he said: "I will do my best, Deinocrates; but it does astonish me that you can drink and dance after having given the start to such serious troubles for Greece." He appears, indeed, at that to have a little recovered his soberer senses, and to have understood what an improper display he had been making of his tastes and habits. However, he arrived at this period in Greece in company with Flamininus, fully persuaded that the affairs of Messene would be settled at a blow in accordance with his views. But Philopoemen and his party were fully aware that Flamininus had no commission from the Senate in regard to affairs in Greece; they therefore awaited his arrival without taking any step of any sort. Having landed at Naupactus, Flamininus addressed a despatch to the Strategus and Demiurgi bidding them summon the Achaeans to an assembly; to which they wrote back that "they would do so, if he would write them word what the subjects were on which he wished to confer with the Achaeans; for the laws enjoined that limitation on the magistrates." As Flamininus did not venture to write this, the hopes of Deinocrates and the so-called "old exiles," but who had at that time been recently banished from Sparta, came to

nothing, as in fact did the visit of Flamininus and the plans which he had formed....

6. About the same period some ambassadors were sent by the exiled citizens of Sparta to Rome, among whom was Arcesilaus and Agesipolis who, when quite a boy, had been made king in Sparta. These two men were fallen upon and killed by pirates on the high seas; but their colleagues arrived safely at Rome....

7. On the return of Demetrius from Rome, bringing with him the formal reply, in which the Romans referred all the favour and confidence which they avowed to their regard for Demetrius, saying that all they had done or would do was for his sake, — the Macedonians gave Demetrius a cordial reception, believing that they were relieved from all fear and danger: for they had looked upon war with Rome as all but at their doors, owing to the provocations given by Philip. But Philip and Perseus were far from pleased, and were much offended at the idea of the Romans taking no account of them, and referring all their favour to Demetrius. Philip however concealed his displeasure; but Perseus, who was not only behind his brother in good feelings to Rome, but much his inferior in other respects, both in natural ability and acquired accomplishments, made no secret of his anger: and was beginning to be thoroughly alarmed as to his succession to the crown, and lest, in spite of being the elder, he should be excluded. Therefore he commenced by bribing the friends of Demetrius.... *The end of this fraternal jealousy is described in Livy, 40, 5-24. By a forged letter purporting to come from Flamininus, Philip is persuaded that his son played the traitor at Rome and gives an order or a permission for his being put to death; which is accordingly done, partly by poison and partly by violence, at Heracleia, B.C. 181.*

8. Upon Quintus Marcius arriving on his mission in Macedonia, Philip evacuated the Greek cities in Thrace entirely and withdrew his garrisons, though in deep anger and heaviness of spirit; and he put on a right footing everything else to which the Roman injunctions referred, wishing to give them no indication of his estrangement, but to secure time for making his preparations for war. In pursuance of this design he led out an army against the barbarians, and marching through the centre of Thrace he invaded the Odrysae, Bessi, and

Dentheleti. Coming to Philippopolis, the inhabitants flying for safety to the heights, he took it without a blow. And thence, after traversing the plain, and sacking some of the villages, and exacting a pledge of submission from others, he returned home, leaving a garrison in Philippopolis, which was after a time expelled by the Odrysae in defiance of their pledge of fidelity to Philip....

9. In the second year of this Olympiad, on the arrival of ambassadors from Eumenes, Pharnaces, and the Achaean league, and also from the Lacedaemonians who had been banished from Sparta, and from those who were in actual possession of it, the Senate despatched their business. But there came after them a mission from Rhodes in regard to the disaster at Sinope; to whom the Senate replied that it would send legates to investigate the case of the Sinopeans and their grievances against those kings. And Quintus Marcius having recently arrived from Greece and made his report on the state of affairs in Macedonia and the Peloponnese, the Senate did not require to hear much more; but having called in the envoys from the Peloponnese and Macedonia they listened indeed to what they had to say, but founded its reply, without any reference to their speeches, wholly on the report of Marcius, in which he had stated, in reference to king Philip, that he had indeed done all that was enjoined on him, but with great reluctance; and that, if he got an opportunity, he would go all lengths against the Romans. The Senate accordingly composed a reply to the king's envoys in which, while praising Philip for what he had done, they warned him for the future to be careful not to be found acting in opposition to the Romans. As to the Peloponnese, Marcius had reported that, as the Achaeans were unwilling to refer any matter whatever to the Senate, but were haughtily inclined and desirous of managing all their affairs themselves, if the Senate would only reject their present application and give ever so slight an indication of displeasure, Sparta would promptly come to an understanding with Messene; and then the Achaeans would be glad enough to appeal to the protection of Rome. In consequence of this report they answered the Lacedaemonian Serippus and his colleagues, wishing to leave this city in a state of suspense, that they had done their best for them, but that for the present they did not think this matter concerned them. But when the

Achaean besought for help against the Messenians in virtue of their alliance with Rome, or at least that they would take precautions to prevent any arms or corn from being brought from Italy into Messene, the Senate refused compliance with either request and answered that the Achaeans ought not to be surprised if Sparta or Corinth or Argos renounced their league, if they would not conduct their hegemony in accordance with the Senate's views. This answer the Senate made public, as a kind of proclamation that any people who chose might break off from the Achaeans for all the Romans cared; and they further retained the ambassadors in Rome, waiting to see the issue of the quarrel between the Achaeans and Messenians....

10. In this period a certain dreadful foreshadowing of misfortune fell upon king Philip and the whole of Macedonia, of a kind well worthy of close attention and record. As though Fortune had resolved to exact from him at once the penalties for all the impieties and crimes which he had committed in the whole course of his life, she now visited him with furies, those deities of retribution, those powers that had listened to the prayers of the victims of his cruelties, who, haunting him day and night, so plagued him to the last day of his life, that all the world was forced to acknowledge the truth of the proverb, that "Justice has an eye" which mere men should never despise. The first idea suggested to him by this evil power was that, as he was about to go to war with Rome, he had better remove from the most important cities, and those along the sea-coast, the leading citizens, with their wives and children, and place them in Emathia, formerly called Paeonia, and fill up the cities with Thracians and other barbarians, as likely to be more securely loyal to him in the coming hour of danger. The actual carrying out of this measure, and the uprooting of these men and their families, caused such an outburst of grief, and so violent an outcry, that one might have supposed the whole district to have been taken by the sword. Curses and appeals to heaven were rained upon the head of the king without any further attempt at concealment. His next step, prompted by the wish to leave no element of hostility or disaffection in the kingdom, was to write to the governors of the several cities ordering them to search out the sons and daughters of such Macedonians as had been put to death by him, and place them in ward; in which he referred especially to

Admetus, Pyrrhicus, and Samus, and those who had perished with them: but he also included all others whosoever that had been put to death by order of the king, quoting this verse, we are told: —

“Oh fool! to slay the sire and leave the sons.” Most of these men being persons of distinguished families, their fate made a great noise and excited universal pity. But Fortune had a third act in this bloody drama in reserve for Philip, in which the young princes plotted against each other; and their quarrels being referred to him, he was forced to choose between becoming the murderer of his sons and living the rest of his life in dread of being murdered by them in his old age; and to decide which of the two he had the greater reason to fear. Tortured day and night by these anxieties, the miseries and perturbations of his spirit lead to the inevitable reflection that the wrath of heaven fell upon his old age for the sins of his previous life: which will be rendered still more evident by what remains to be told.... Just when his soul was stung to madness by these circumstances, the quarrel between his sons blazed out: Fortune, as it were of set purpose, bringing their misfortunes upon the scene all at one time....

The Macedonians make offerings to Xanthus as a hero, and perform a purification of the army with horses fully equipped.... 11. “One should not merely read tragedies, tales, and histories, but should understand and ponder over them. In all of them one may learn that whenever brothers fall out and allow their quarrel to go any great length, they invariably end not only by destroying themselves but in the utter ruin of their property, children, and cities; while those who keep their self-love within reasonable bounds, and put up with each other’s weaknesses, are the preservers of these, and live in the fairest reputation and fame. I have often directed your attention to the kings in Sparta, telling you that they preserved the hegemony in Greece for their country just so long as they obeyed the ephors, as though they were their parents, and were content to reign jointly. But directly they in their folly tried to change the government to a monarchy, they caused Sparta to experience every misery possible. Finally, I have pointed out to you as an example the case of Eumenes and Attalus; showing you that, though they succeeded to but a small and insignificant realm, they have raised it to a level with the best,

simply by the harmony and unity of sentiment, and mutual respect which they maintained towards each other. But so far from taking my words to heart, you are, as it seems to me, whetting your angry passions against each other....”

THE FALL OF PHILOPOEMEN

12. Philopoemen rose and proceeded on his way, though he was oppressed at once by illness and the weight of years, being now in the seventieth year of his age. Conquering his weakness, however, by the force of his previous habits he reached Megalopolis, from Argos, in one day’s journey....

He was captured, when Achaean Strategus, by the Messenians and poisoned. Thus, though second to none that ever lived before him in excellence, his fortune was less happy; yet in his previous life he seemed ever to have enjoyed her favour and assistance. But it was, I suppose, a case of the common proverb, “a man may have a stroke of luck, but no man can be lucky always.” We must, therefore, call our predecessors fortunate, without pretending that they were so invariably — for what need is there to flatter Fortune by a meaningless and false compliment? It is those who have enjoyed Fortune’s smiles in their life for the longest time, and who, when she changes her mind, meet with only moderate mishaps, that we must speak of as fortunate....

Philopoemen was succeeded by Lycortas, ... and though he had spent forty years of an active career in a state at once democratic and composed of many various elements, he had entirely avoided giving rise to the jealousy of the citizens in any direction: and yet he had not flattered their inclinations, but for the most part had used great freedom of speech, which is a case of very rare occurrence....

13. An admirable feature in Hannibal’s character, and the strongest proof of his having been a born ruler of men, and having possessed statesmanlike qualities of an unusual kind, is that, though he was for seventeen years engaged in actual warfare, and though he had to make his way through numerous barbaric tribes, and to employ innumerable men of different nationalities in what appeared desperate and hazardous enterprises, he was never made the object of

a conspiracy by any of them, nor deserted by any of those who had joined him and put themselves under his command....

14. Publius Scipio, in the course of an active career in an aristocratic state, secured such popularity with the multitude and such credit with the Senate, that when some one took upon himself to bring him to trial before the people in the manner usual at Rome, and produced many bitter accusations against him, he came forward and said nothing but that "It ill became the Roman people to listen to accusations against P. Cornelius Scipio, to whom his accusers owed it that they had the power of speech at all." At this the populace dispersed, and quitting the assembly, left the accuser alone.... Once when there was a sum of money required in the Senate for some pressing business, and the quaestor, on the ground of a legal difficulty, refused to open the treasury on that particular day, Scipio said that "he would take the keys himself and open it; for he was the cause of the treasury being locked at all." And again, when some one in the Senate demanded an account of the money which he had received from Antiochus before the treaty for the pay of his army, he said that he had the ledger, but that he ought not to be called to account by any one. But on his questioner persisting, and urging him to produce it, he bade his brother bring it. When the schedule was brought, he held it out in front of him, and tearing it to pieces in the sight of everybody bade the man who asked for it seek it out of these fragments, and he demanded of the rest "How they could ask for the items of the expenditure of these three thousand talents, and yet no longer ask for an account of how and by whose agency the fifteen thousand talents which they received from Antiochus came into the treasury, nor how it is that they have become masters of Asia, Libya, and Iberia?" This speech not only made a strong impression on the rest, but also reduced the man who demanded the account to silence.

These anecdotes have been related by me for the double purpose of enhancing the fame of the departed, and of encouraging future generations in the paths of honour....

15. For my part, I never concur with those who indulge their anger against men of their own blood to the length of not only depriving them of the year's harvest when at war with them, but even of cutting down their trees and destroying their buildings, and of leaving them

no opportunity for repentance. Such proceedings seem to me to be rank folly. For, while they imagine that they are dismaying the enemy by the devastation of their territory, and the deprivation of their future as well as their present means of getting the necessities of life, they are all the while exasperating the men, and converting an isolated ebullition of anger into a lasting hatred....

16. Lycortas the Achaean Strategus crushed the spirits of the Messenians in the war. Up to this time the populace at Messene had been afraid of their magistrates; but now at length, relying on the protection of the enemy, some of them plucked up courage to break silence and to say that the time was come to send an embassy to negotiate a peace. Deinocrates and his colleagues, being no longer able to face the people under this storm of popular odium, yielded to circumstances and retired to their own houses. Thereupon the people, acting under the advice of the older men, and especially under that of Epænetus and Apollodorus, the ambassadors from Boeotia, — who, having arrived some time before to negotiate a peace, happened fortunately to be at that time at Messene, — appointed and despatched envoys, begging forgiveness for their transgressions. The Achaean Strategus, having summoned his colleagues to council, and given the envoys a hearing, answered that “There was but one way in which the Messenians could reconcile themselves to the league, and that was by at once surrendering to him the authors of the revolt and of the murder of Philopoemen, leave the rest to the authority of the league assembly, and at once receive a garrison into their citadel.” When this message was announced to the Messenian populace, those who had long been bitterly opposed to the authors of the war were ready enough to surrender them and to arrest them; while the rest, being persuaded that they would not be severely dealt with by the Achaeans, readily consented to submit the general question to the decision of the assembly. But what chiefly induced them to unanimously accept the proposal was, that they in fact had no choice in the matter. The Strategus accordingly at once took over the citadel and marched his peltasts into it; and then, taking some picked troops with him, entered the city; and having summoned a meeting of the people, addressed them in terms befitting the occasion, promising that “they would never have reason to repent having committed

themselves to the honour of the Achaeans.” The general question of what was to be done he thus referred to the league, — for it happened conveniently that the Achaeans were just then reassembling at Megalopolis for the second Congress, — but of those who were guilty of the disturbances, he ordered all such as were actually implicated in the summary execution of Philopoemen to put an end to their own lives....

17. The Messenians were reduced by their own folly to the brink of ruin, but were restored to their former position in the league by the magnanimity of Lycortas and the Achaeans. But the towns of Abia, Thuria, and Pharae during these transactions abandoned their connection with Messene, and, setting up a pillar engraved with a treaty of alliance between themselves, formed a separate league. When the Romans were informed that the Messenian war had turned out successfully for the Achaeans, without taking any account of their previous declaration they gave a different answer to the same ambassadors, asserting that they had taken measures to prevent any one from conveying arms or corn from Italy into Messene. By this they showed clearly that, so far from avoiding or disregarding the affairs of foreign nations not directly concerning themselves, they were, on the contrary, annoyed at everything not being referred to them and carried out in accordance with their opinion.

When the ambassadors arrived in Sparta with their answer, the Achaean Strategus as soon as he had settled the Messenian business, summoned a congress at Sicyon, and on its assembling, proposed a resolution for the reception of Sparta into the league, alleging that “The Romans had declined the arbitration which had previously been offered to them in regard to this city, — for they had answered that they had now no concern with any of the affairs of Sparta. Those, however, at present in power at Sparta were desirous of being admitted to the privileges of the league. Therefore he advised that they should admit the town; for this would be advantageous in two ways: first, because they would be thus admitting men who had remained unshaken in their loyalty to the league; and secondly, because they would not be admitting those of the old exiles, who had behaved with ingratitude and impiety towards them, to any share of their privileges; but by confirming the measures of those who had

excluded them, would at the same time be showing, with God's help, due gratitude to the latter." With these words Lycortas exhorted the Achaeans to receive the city of Sparta into the league. But Diophanes and some others attempted to put in a word for the exiles, and urged the Achaeans "Not to join in pressing heavily upon these banished men; and not to be influenced by a mere handful of men to strengthen the hands of those who had impiously and lawlessly expelled them from their country."

18. Such were the arguments employed on either side. The Achaeans, after listening to both, decided to admit the city, and accordingly the agreement was engraved on a tablet, and Sparta became a member of the Achaean league: the existing citizens having agreed to admit such of the old exiles as were not considered to have acted in a hostile spirit against the Achaeans. After confirming this arrangement the Achaeans sent Bippus of Argos and others as ambassadors to Rome, to explain to the Senate what had been done in the matter. The Lacedaemonians also sent Chaeron and others; while the exiles too sent a mission led by Cletis Diactorius to oppose the Achaean ambassadors in the Senate.

BOOK XXIV

1. The ambassadors from the Spartan exiles and from the Achaeans arrived in Rome simultaneously with those of Eumenes, king Ariarathes, and Pharnaces; and the Senate attended to these latter first. A short time previously a report had been made to the Senate by Marcus, who had been despatched on a mission respecting the war that had broken out between Eumenes and Pharnaces, speaking highly of the moderation of Eumenes in every particular, and the grasping temper and insolence of Pharnaces. The Senate accordingly did not require any lengthened arguments; but, after listening to the ambassadors, answered that they would once more send legates to examine more minutely into the points in dispute between the kings. Then came in the ambassadors from the Lacedaemonian exiles, and with them the ambassadors from the citizens actually in the city; and after giving them a long hearing, the Senate expressed no disapproval of what had been done, but promised the exiles to write to the Achaeans on the subject of their restoration to their country. Some days afterwards, Bippus of Argos and his colleagues, sent by the Achaeans, entered the Senate with a statement as to the restoration of order in Messene; and the Senate, without showing displeasure at any part of the arrangement, gave the ambassadors a cordial reception....

2. When the ambassadors of the Spartan exiles arrived in the Peloponnese from Rome with a letter from the Senate to the Achaeans, desiring that measures should be taken for their recall and restoration to their country, the Achaeans resolved to postpone the consideration of the question until their own ambassadors should return. After making this answer, they caused the agreement between themselves and the Messenians to be engraved on a tablet: granting them, among other favours, a three years' remission of taxes, in order that the damage done to their territory should fall upon the Achaeans equally with the Messenians. But when Bippus and his colleagues arrived from Rome, and reported that the letter in regard to the exiles was not due to any strong feeling on the part of the Senate, but to the importunity of the exiles themselves, the Achaeans voted to make no change....

3. Mount Haemus is close to the Pontus, the most extensive and loftiest of the ranges in Thrace, which it divides into two nearly equal parts, from which a view of both seas may be obtained....

4. In Crete there was the beginning of great troubles set in motion, if one should speak of “a beginning of troubles” in Crete: for owing to the persistency of civil wars and the acts of savagery practised against each other, beginning and end are much the same in Crete; and what appears to some people to be an incredible story is a spectacle of everyday occurrence there....

5. Having come to terms with each other, Pharnaces, Attalus, and the rest returned home. While this was going on, Eumenes had recovered from his illness, and was staying at Pergamus; and when his brother arrived to announce the arrangements that had been made, he approved of what had been done, and resolved to send his brothers to Rome: partly because he hoped to put an end to the war with Pharnaces by means of their mission, and partly because he wished to introduce his brothers to his own private friends at Rome, and officially to the Senate. Attalus and his brother were eager for this tour; and when they arrived in Rome the young men met with a cordial reception from everybody in private society, owing to the intimacies which they had formed during the Roman wars in Asia, and a still more honourable welcome from the Senate, which made liberal provision for their entertainment and maintenance, and treated them with marked respect in such conferences as it had with them. Thus, when the young men came formally before the Senate, and, after speaking at considerable length of the renewal of their ancient ties of friendship with Rome and inveighing against Pharnaces, begged the Senate to adopt some active measures to inflict on him the punishment he deserved, the Senate gave them a favourable hearing, and promised in reply to send legates to use every possible means of putting an end to the war....

6. About the same time king Ptolemy, wishing to make friends with the Achaean league, sent an ambassador to them with an offer of a fleet of ten penteconters fully equipped; and the Achaeans, thinking the present worthy of their thanks, for the cost could not be much less than ten talents, gladly accepted the offer. Having come to this resolution, they selected Lycortas, Polybius, and Aratus, son of

Aratus of Sicyon, to go on a mission to the king, partly to thank him for the arms which he had sent on a former occasion, and partly to receive the ships and make arrangements for bringing them across. They appointed Lycortas, because, as Strategus at the time that Ptolemy renewed the alliance, he had worked energetically on the king's side; and Polybius, though below the legal age for acting as ambassador, because his father has been ambassador at the renewal of the alliance with Ptolemy, and had brought the present of arms and of money to the Achaeans; and Aratus, similarly, on account of his former intercourse with the king. However, this mission never went after all as Ptolemy died just at this time....

7. There was at this time in Sparta a man named Chaeron, who in the previous year had been on an embassy to Rome, a man of ready wit and great ability in affairs, but still young, in a humble position of life, and without the advantages of a liberal education. By flattering the mob, and starting questions which no one else had the assurance to move, he soon acquired a certain notoriety with the people. The first use he made of his power was to confiscate the land granted by the tyrants to the sisters, wives, mothers, and children of the exiles, and to distribute it on his own authority among the poor without any fixed rule or regard to equality. He next squandered the revenue, using the public money as though it were his own, without the authority of law, public decree, or magistrate. Annoyed at these proceedings, certain men managed to get themselves appointed auditors of the treasury in accordance with the laws. Seeing this, and conscious of his maladministration of the government, Chaeron sent some men to attack Apollonides, the most illustrious of the auditors, and the most able to expose his embezzlements, who stabbed him to death in broad daylight as he was coming from the bath. Upon this being reported to the Achaeans, and the people expressing great indignation at what had been done, the Strategus at once started for Sparta; and when he arrived there he brought Chaeron to trial for the murder of Apollonides, and having condemned him, threw him into prison. He then incited the remaining auditors to make a real investigation into the public funds, and to see that the relations of the exiles got back the property of which Chaeron had shortly before deprived them....

8. In Asia king Pharnaces, once more treating the reference to Rome with contempt, sent Leocritus in the course of the winter with ten thousand men to ravage Galatia, while he himself at the beginning of spring collected his forces and invaded Cappadocia. When Eumenes heard of it, he was much enraged at Pharnaces thus breaking through the terms of the agreement to which he was pledged, but was compelled to retaliate by acting in the same way. When he had already collected his forces, Attalus and his brother landed from their voyage from Rome, and the three brothers, after meeting and interchanging views, marched out at once with the army. But on reaching Galatia they found Leocritus no longer there; and when Carsignatus and Gaesotorius, who had before embraced the cause of Pharnaces, sent them a message desiring that their lives might be spared, and promising that they would do anything that might be required of them, they refused the request on the ground of the treachery of which they had been guilty, and advanced with their full force against Pharnaces; and having performed the distance from Calpitus to the river Halys in five days, they reached Parnassus in six more, and being there joined by Ariarathes, the king of the Cappadocians, with his own army, they entered the territory of the Mocissians. Just as they had pitched their camp, news came that the ambassadors from Rome had arrived to effect a pacification. When the heard this, Eumenes sent his brother Attalus to receive them; while he devoted himself to doubling the number of his troops, and improving them to the utmost: partly with a view to prepare them for actual service, and partly to impress the Romans with the belief that he was able to defend himself against Pharnaces, and beat him in war.

9. When the Roman legates arrived and urged the putting an end to the war, Eumenes and Ariarathes professed to be ready to obey; but begged the Romans to bring them, if possible, to an interview with Pharnaces, that they might see fully from what was said in their own presence how faithless and cruel a man Pharnaces was; and, if this proved to be impossible, to take a fair and impartial view of the controversy and decide it themselves. The legates replied that they would do everything that was in their power and was consistent with honour; but they required the kings to remove their army from the

country: for it was inconsistent that, when they were there with proposals for a peace, operations of war should be going on and mutual acts of hostility be committed. Eumenes and his ally yielded to this representation, and immediately marched off in the direction of Galatia. The Roman legates then visited Pharnaces, and first demanded that he should meet Eumenes and Ariarathes in a conference, as that would be the surest way of settling the affair; but when he expressed repugnance to that measure, and absolutely refused to do so, the Romans at once perceived that he plainly thought himself in the wrong, and distrusted his own cause; but, being anxious in any and every way to put an end to the war, they continued to press him until he consented to send plenipotentiaries to the coast, to conclude a peace on such terms as the legates might command. When these plenipotentiaries, the Roman legates, and Eumenes and Ariarathes met, the latter showed themselves ready to consent to any proposal for the sake of concluding a peace. But the envoys of Pharnaces disputed every point, and did not hold even to what they had once accepted, but continually brought forward some fresh demand, and altered their mind again and again. The Roman legates, therefore, quickly came to the conclusion that they were wasting their labour, as Pharnaces could not be induced to consent to the pacification. The conference accordingly having come to nothing, and the Roman legates having left Pergamum, and the envoys of Pharnaces having gone home, the war went on, Eumenes and his allies proceeding in their preparations for it. Meanwhile, however, the Rhodians earnestly requested Eumenes to help them; and he accordingly set out in great haste to carry on a war against the Lycians....

10. This year the Achaean Strategus Hyperbatus brought before the assembly the question of the letter from Rome as to the recall of the Lacedaemonian exiles. Lycortas and his party recommended that no change should be made, on the ground that "The Romans had only acted as they were bound to do in listening to the petition of men who, on the face of it, were deprived of their rights, so far as that petition seemed reasonable; but when they were convinced that of a petition some points were impossible, and others such as to inflict great disgrace and damage upon their friends, it had never been their

custom to insist upon them peremptorily, or force their adoption. So in this case also, if it were shown to them that the Achaeans by obeying their letter would be breaking their oaths, their laws, and the provisions engraved on the tablets, the very bonds of our league, they will retract their orders, and will admit that we are right to hesitate and to ask to be excused from carrying out its injunctions.” Such was the speech of Lycortas. But Hyperbatus and Callicrates advised submission to the letter, and that they should hold its authority superior to law or tablet or anything else. Such being the division of opinion, the Achaeans voted to send ambassadors to the Senate, to put before it the points contained in the speech of Lycortas. Callicrates of Leontium, Lydiades of Megalopolis, and Aratus of Sicyon were forthwith nominated for this mission, and were despatched with instructions to this effect. But on their arrival at Rome Callicrates went before the Senate, and, so far from addressing it in accordance with his instructions, he on the contrary entered upon an elaborate denunciation of his political opponents; and, not contented with that, he undertook to rebuke the Senate itself.

11. For he said that “The Romans were themselves responsible for the Greeks neglecting their letters and orders instead of obeying them. For in all the democratic states of the day there were two parties, — one recommending obedience to the Roman rescripts, and holding neither law nor tablet nor anything else to be superior to the will of Rome; the other always quoting oaths and tablets, and exhorting the people to be careful about breaking them. Now the latter policy was by far the most popular in Achaia, and the most influential with the multitude; consequently the Romanisers were discredited and denounced among the populace — their opponents glorified. If then the Senate would give some sign of their interest in the matter, the leaders, in the first place, would quickly change to the Romanising party, and, in the next place, would be followed by the populace from fear. But if this were neglected by the Senate, the tendency towards the latter of the two parties would be universal, as the more creditable and honourable in the eyes of the populace. Thus it came about that at that very time certain statesmen, without any other claims whatever, had obtained the highest offices in their own cities, merely from coming forward to speak against the rescripts of

the Senate, with the view of maintaining the validity of the laws and decrees made in the country. If then the Senate was indifferent about having their rescripts obeyed by the Greeks, by all means let it go on as it is now doing. But if the Senate wished that its orders should be carried out, and its rescripts be despised by no one, it must give serious attention to that subject. If it did not do so, he knew only too well that the exact opposite of the Senate's wishes would come about, as in fact had already been the case. For but lately, in the Messenian disturbance, though Quintus Marcius had taken many precautions to prevent the Achaeans adopting any measures with regard to the Messenians without the consent of the Romans, they had disobeyed that order; had voted the war on their own authority; had not only wasted the whole country in defiance of justice, but had in some cases driven its noblest citizens into exile, and in others put them to death with every extremity of torture, though they had surrendered, and were guilty of no crime but that of appealing to Rome on the points in dispute. Again, too, though the Senate had repeatedly written to order the restoration of the Lacedaemonian exiles, the Achaeans were so far from obeying, that they had actually set up an engraved tablet, and made a sworn agreement with the men actually in possession of the city that these exiles should never return. With these instances before their eyes, the Romans should take measures of precaution for the future."

12. After delivering a speech in these words, or to this effect, Callicrates left the Senate-house. He was followed by the envoys of the exiles, who retired after delivering a short address, stating their case, and containing some of the ordinary appeals to pity. The Senate was persuaded that much of what Callicrates had said touched the interests of Rome, and that it was incumbent upon it to exalt those who supported its own decrees, and to humble those who resisted them. It was with this conviction, therefore, and at this time that it first adopted the policy of depressing those who in their several states took the patriotic and honourable side, and promoting those who were for appealing to its authority on every occasion, right or wrong. The result of which was that gradually, as time went on, the Senate had abundance of flatterers, but a great scarcity of genuine friends. However, on this occasion the Senate did not write about the

restoration of the exiles to the Achaeans only, but also to the Aetolians, Epirotes, Athenians, Boeotians, and Acarnanians, calling them all as it were to witness, in order to break down the power of the Achaeans. Moreover, they added to their answer, without saying a word to his colleagues, a remark confined entirely to Callicrates himself, that “everybody in the various states should be as Callicrates.” This man accordingly arrived in Greece with his answer, in a great state of exultation, little thinking that he had become the initiator of great miseries to all the Greeks, but especially to the Achaeans. This nation had still at that time the privilege of dealing on something like equal terms with Rome, because it had kept faith with her from the time that it had elected to maintain the Roman cause, in the hour of her greatest danger — I mean during the wars with Philip and Antiochus.... The league, too, had made progress in material strength and in every direction from the period from which my history commences; but the audacious proceeding of Callicrates proved the beginning of a change for the worse....

The Romans having the feelings of men, with a noble spirit and generous principles, commiserate all who have met with misfortunes, and show favour to all who fly to them for protection; but directly any one claims anything as of right, on the ground of having been faithful to their alliance, they at once draw in and correct their error to the best of their ability. Thus then Calibrates, who had been sent to Rome to plead for the rights of the Achaeans, acted in exactly the opposite spirit; and dragging in the subject of the Messenian war, on which the Romans themselves had made no complaint, returned to Achaia to overawe the people with the threat of the hostility of Rome. Having therefore by his official report frightened and dismayed the spirits of the populace, who were of course ignorant of what he had really said in the Senate, he was first of all elected Strategus, and, to make matters worse, proved to be open to bribery; and then, having got the office, carried out the restoration of the Lacedaemonian and Messenian exiles....

13. Philopoemen and Aristaenus, the Achaeans, were unlike both in character and policy. Philopoemen was formed by nature in body and mind for the life of a soldier, Aristaenus for a statesman and debater. In politics they differed in this, that whereas during the

periods of the wars with Philip and Antiochus, Roman influence had become supreme in Greece, Aristaenus directed his policy with the idea of carrying out with alacrity every order from Rome, and sometimes even of anticipating it. Still he endeavoured to keep up the appearance of abiding by the laws, and did, in fact, maintain the reputation of doing so, only giving way when any one of them proved to plainly militate against the rescripts from Rome. But Philopoemen accepted, and loyally performed, all Roman orders which were in harmony with the laws and the terms of their alliance; but when such orders exceeded these limits, he could not make up his mind to yield a willing obedience, but was wont first to demand an arbitration, and to repeat the demand a second time; and if this proved unavailing, to give in at length under protest, and so finally carry out the order...

14. Aristaenus used to defend his policy before the Achaeans by some such arguments as these: "It was impossible to maintain the Roman friendship by holding out the spear and the herald's staff together. If we have the resolution to withstand them face to face, and can do so, well and good. But if Philopoemen himself does not venture to assert this,... why should we lose what is possible in striving for the impossible? There are but two marks that every policy must aim at — honour and expediency. Those to whom honour is a possible attainment should stick to that, if they have political wisdom; those to whom it is not must take refuge in expediency. To miss both is the surest proof of unwisdom: and the men to do that are clearly those who, while ostensibly consenting to obey orders, carry them out with reluctance and hesitation. Therefore we must either show that we are strong enough to refuse obedience, or, if we dare not venture even to suggest that, we must give a ready submission to orders."

15. Philopoemen, however, said that "People should not suppose him so stupid as not to be able to estimate the difference between the Achaean and Roman states, or the superiority of the power of the latter. But as it is the inevitable tendency of the stronger to oppress the weaker, can it be expedient to assist the designs of the superior power, and to put no obstacle in their way, so as to experience as soon as possible the utmost of their tyranny? Is it not, on the

contrary, better to resist and struggle to the utmost of our power?... And if they persist in forcing their injunctions upon us,... and if, by reminding them of the facts we do something to soften their resolution, we shall at any rate mitigate the harshness of their rule to a certain extent; especially as up to this time the Romans, as you yourself say, Aristaenus, have always made a great point of fidelity to oaths, treaties, and promises to allies. But if we at once condemn the justice of our own cause, and, like captives of the spear, offer an unquestioning submission to every order, what will be the difference between the Achaeans and the Sicilians or Capuans, who have been notoriously slaves this long time past? Therefore it must either be admitted that the justice of a cause has no weight with the Romans, or, if we do not venture to say that, we must stand by our rights, and not abandon our own cause, especially as our position in regard to Rome is exceedingly strong and honourable. That the time will come when the Greeks will be forced to give unlimited obedience, I know full well. But would one wish to see this time as soon or as late as possible? Surely as late as possible! In this, then, my policy differs from that of Aristaenus. He wishes to see the inevitable arrive as quickly as possible, and even to help it to come: I wish to the best of my power to resist and ward it off.”

From these speeches it was made clear that while the policy of the one was honourable, of the other undignified, both were founded on considerations of safety. Wherefore while both Romans and Greeks were at that time threatened with serious dangers from Philip and Antiochus, yet both these statesmen maintained the rights of the Achaeans in regard to the Romans undiminished; though a report found its way about that Aristaenus was better affected to the Romans than Philopoemen....

BOOK XXV

1. Tiberius Gracchus destroyed three hundred cities of the Celtiberes....

2. The attack upon him being sudden and formidable, Pharnaces was reduced to submit to almost any terms; and on his sending an embassy, Eumenes and Ariarathes immediately accepted his proposals, and sent ambassadors to Pharnaces in return. When this had been repeated several times, the pacification was concluded on the following terms: "Eumenes, Prusias, and Ariarathes, shall maintain perpetual peace with Pharnaces and Mithridates.

"Pharnaces shall not enter Galatia on any pretence.

"Such treaties as exist between Pharnaces and Gauls are hereby rescinded.

"Pharnaces shall likewise evacuate Paphlagonia, after restoring the inhabitants whom he had previously expelled, with their shields, javelins, and other equipment.

"Pharnaces shall restore to Ariarathes all territory of which he has deprived him, with the property thereon and the hostages.

"He shall restore Tium by the Pontus, which some time before was given freely and liberally by Eumenes to Prusias.

"Pharnaces shall restore, without ransom, all prisoners of war and all deserters.

"He shall repay to Morzius and Ariarathes, in lieu of all money and treasure taken from them, the sum of nine hundred talents, and shall add thereto three hundred talents for Eumenes towards the expenses of the war.

"Mithridates, the Satrap of Armenia, shall also pay three hundred talents, because he attacked Ariarathes in defiance of the treaty with Eumenes.

"The persons included under this treaty are, of the princes in Asia, Artaxias, lord of the greater part of Armenia, and Acusilochus: of those in Europe, Gatalus the Sarmatian: of the autonomous peoples, the Heracleotes, the Mesembrians in the Chersonese, and the Cyzicenes."

The number and quality of hostages to be given by Pharnaces was

also specified. The armies of the several parties then marched away, and thus was concluded the war of Eumenes and Ariarathes against Pharnaces. *Philip V. died at Amphipolis towards the end of B.C. 179. His last days were embittered by remorse for the death of his son Demetrius, whose innocence had been demonstrated to him. He wished to leave his crown to Antigonus, the son of Echecrates and nephew of Antigonus Doson, in order to punish his elder son Perseus for his treachery in securing his brother's death. But Philip died suddenly before this could be secured, and Perseus succeeded him without opposition. See Livy, 40, 55-57.* 3. Having renewed the alliance with Rome, Perseus immediately began intriguing in Greece. He invited back into Macedonia absconding debtors, condemned exiles, and those who had been compelled to leave their country on charges of treason. He caused notices to be put up to that effect at Delos, Delphi, and the temple of Athena at Iton, offering not only indemnity to all who returned, but also the restoration of the property lost by their exile. Such also as still remained in Macedonia he released from their debts to the Royal exchequer, and set free those who had been confined in fortresses upon charges of treason. By these measures he raised expectations in the minds of many, and was considered to be holding out great hopes to all the Greeks. Nor were other parts of his life and habits wanting in a certain royal magnificence. His outward appearance was striking, and he was well endowed with all the physical advantages requisite for a statesman. His look and mien were alike dignified and such as became his age. He had moreover avoided his father's weakness for wine and women, and not only drank moderately at dinner himself, but was imitated in this respect by his intimates and friends. Such was the commencement of the reign of Perseus....

When king Philip had become powerful and had obtained supremacy over the Greeks, he showed the most utter disregard of faith and principle; but when the breeze of fortune again set against him, his moderation was as conspicuous in its turn. But after his final and complete defeat, he tried by every possible expedient to consolidate the strength of his kingdom.

4. After despatching the consuls Tiberius and Claudius against the Istri and Agrii, the Senate towards the end of summer transacted

business with the ambassadors that had come from the Lycians. They had not arrived at Rome until the Lycians had been completely conquered, but they had been despatched a considerable time before. For the people of Xanthus in Lycia, when about to embark upon the war, had sent Nicostratus and others to Achaia and Rome as ambassadors: who coming to Rome at that time moved many of the Senators to pity them, by laying before them the oppressiveness of the Rhodians and their own danger; and at length induced the Senate to send envoys to Rhodes to declare that "On inspecting the record of the arrangements made by the ten commissioners in Asia, when settling the dominions of Antiochus, it appeared that the Lycians had been given to the Rhodians, not as a gift, but rather as friends and allies." But many were still dissatisfied with this solution of the matter. For the Romans seemed to wish, by thus pitting Rhodes against Lycia, to exhaust the accumulations and treasures of the Rhodians, because they had heard of the recent conveyance of the bride of Perseus by the Rhodians, and of their grand naval review. For shortly before this the Rhodians had been holding, with great splendour and elaboration of equipment, a review of all vessels belonging to them; the fact being that a vast quantity of timber for shipbuilding had been presented to them by Perseus. Moreover he had presented a gold tiara to each of the rowers on the upper bench in the ship that had brought him his bride Laodice....

5. When the envoys from Rome reached Rhodes and announced the decrees of the Senate, there was a great excitement in the island, and much confused discussion among the leading politicians. They were much annoyed at the allegation that the Lycians had not been given them as a gift but as allies; for having just satisfied themselves that the Lycian war was successfully concluded, they saw the commencement of fresh trouble for themselves growing up. For no sooner had the Romans arrived and made this announcement to the Rhodians, than the Lycians began a fresh revolt, and showed a determination of fighting to the last extremity for autonomy and freedom. However, after hearing the Roman envoys, the Rhodians made up their minds that the Romans had been deceived by the Lycians, and forthwith appointed Lycophron to lead an embassy to offer an explanation to the Senate. And the state of affairs was such

that there was momentary expectation of a fresh rising of the Lycians....

6. When the Rhodian envoys arrived in Rome the Senate, after listening to their address, deferred its answer. Meanwhile the Dardanian envoys came with reports as to the number of the Bastarnae, the size of their men, and their courage in the field. They gave information also of the treacherous practices of Perseus and the Gauls, and said that they were more afraid of him than of the Bastarnae, and therefore begged the help of the Romans. The report of the Dardani being supported by that of the Thessalian envoys who arrived at that time, and who also begged for help, the Senators determined to send some commissioners to see with their own eyes the truth of these reports; and they accordingly at once appointed and despatched Aulus Postumius, accompanied by some young men....

BOOK XXVI

Seleucus Philopator, whom we last heard of as king of Syria, was assassinated by one of his nobles — Heliodorus — in the twelfth year of his reign. Antiochus his younger brother had been a hostage at Rome, and being, according to agreement, exchanged in B.C. 175 for Philopator's son Demetrius, he was returning to Syria. At Athens, on his journey home, he heard of the death of Seleucus, and the attempt of Heliodorus to usurp the kingdom. By the help of Eumenes Heliodorus was expelled and Antiochus installed, to the satisfaction of the people, who gave him at first the surname of Epiphanes. He is the Antiochus Epiphanes whose cruelties are recorded in the books of the Maccabees. He died mad at Tabae in Persia, B.C. 164. See 31, 11. For the following extract preserved by Athenaeus, see the translation of Livy, 41, 19.

1. Antiochus Epiphanes, nicknamed from his actions Epimanes (the Madman), would sometimes steal from the court, avoiding his attendants, and appear roaming wildly about in any chance part of the city with one or two companions. His favourite place to be found was the shops of the silversmiths or goldsmiths, chatting and discussing questions of art with the workers in relief and other artists; at another time he would join groups of the people of the town and converse with any one he came across, and would drink with foreign visitors of the humblest description. Whenever he found any young men carousing together he would come to the place without giving notice, with fife and band, like a rout of revellers, and often by his unexpected appearance cause the guests to rise and run away. He would often also lay aside his royal robes, and, putting on a tebenna, go round the market-place as though a candidate for office, shaking hands and embracing various people whom he intreated to vote for him, sometime as aedile, and sometimes as tribune. And when he got the office and took his seat on an ivory curule chair, after the fashion of the Romans, he heard law cases which came on in the agora, and decided them with the utmost seriousness and attention. This conduct was very embarrassing to respectable people, some of whom regarded him as a good natured easy-going man, and others as a

madman. In regard to making presents, too, his behaviour was on a par with this. Some he presented with dice made of gazelle horn, some with dates, others with gold. There were even instances of his making unexpected presents to men whom he met casually, and whom he had never seen before. In regard to public sacrifices and the honours paid to the gods, he surpassed all his predecessors on the throne; as witness the Olympieium at Athens and the statues placed round the altar at Delos. He used also to bathe in the public baths, when they were full of the townspeople, pots of the most expensive unguents being brought in for him; and on one occasion on some one saying, "Lucky fellows you kings, to use such things and smell so sweet!" without saying a word to the man, he waited till he was bathing the next day, and then coming into the bath caused a pot of the largest size and of the most costly kind of unguent called *stactè* to be poured over his head, so that there was a general rush of the bathers to roll themselves in it; and when they all tumbled down, the king himself among them, from its stickiness, there was loud laughter....

BOOK XXVII

The events of the years B.C. 174, 173, 172, which gradually led up to the war with Perseus, to be described in the twenty-seventh book, were briefly these: — In B.C. 174 Perseus forced the Dolopes, who had appealed against him to Rome, to submit to his authority. After this successful expedition he marched through Central and Northern Greece, visiting Delphi, where he stayed three days, Phthiotid Achaia, and Thessaly. He carefully abstained from inflicting any damage in the districts through which he passed, and tried to gain the confidence of the various states. In the same year he made friendly advances to the Achaeans, who had forbidden any Lacedaemonian to enter their territory, by offering to restore their fugitive slaves. But in spite of the exertions of Xenarchus the Strategus, the Achaeans refuse to make any change (Livy, 41, 22-24).

The same year saw also commotions in Aetolia, which were settled by five Roman commissioners: and in Crete, on the old score of the status of the Lycians. Q. Minucius was sent to settle this also (Livy, 41, 25).

In B.C. 173 Perseus entered on still more active intrigues in Greece, and in spite of the wildest scandals that were afloat as to his tyranny, he gained a powerful hold in Aetolia, Thessaly, and Perrhaebia. The Senate accordingly sent Marcellus to Aetolia and Achaia, and App. Claudius to Thessaly, to inquire into the facts; and a commission of five into Macedonia, with directions to proceed afterwards to Alexandria (Livy, 42, 5, 6).

In B.C. 172 king Eumenes visited Rome and urged the Senate to take measures in time to counteract the attempts of Perseus; warning them that he had already obtained strong hold upon the Boeotians and Aetolians, and had an inexhaustible recruiting ground in Thrace. That everywhere he had secured the death or exile of the partisans of Rome, and was overrunning in arms Thessaly and Perrhaebia (Livy, 42, 11-13).

The Senate, already inclined to listen to these representations, was still more inclined to do so by the defiant tone of Harpalus, the representative of king Perseus; by the attempted assassination of

Eumenes by emissaries of Perseus at Delphi on his home journey; by receiving a report from Greece from C. Valerius confirming the speech of Eumenes; and lastly by the confession of one L. Rammius of Brundisium, that he had been requested to poison certain Roman envoys who were accustomed to stay at his house on their journeys to and from Macedonia and Greece (Livy, 42, 15-17).

War was now determined on for the next year, and the praetor ordered to enroll troops. And Eumenes also, now recovered from the wounds of the assassins, made preparations to join in the struggle (Livy, 42, 18-27).

In B.C. 171, fresh legions having been enrolled, and an army of sixteen thousand infantry and eight hundred cavalry ordered to Macedonia, envoys appeared from Perseus demanding the reason. The Senate would not allow them to enter the Pomoerium, but received them in the temple of Bellona: and after listening to a report from Sp. Cavilius that Perseus had, among other acts of hostility, taken cities in Thessaly and entered Perrhaebia in arms, the Senate answered the Macedonian envoys that any complaint they had to make must be made to the consul, P. Licinius, who would presently be in Macedonia, but that they must not come into Italy again (Livy, 42, 36).

A few days afterwards five commissioners were sent into Greece, who distributed the districts to be visited among themselves: Servius and Publius Lentulus and Lucius Decimius were to go to Cephallenia, the Peloponnese, and the west coast generally; Q. Marcius and Aulus Atilius to Epirus, Aetolia, Thessaly, and thence to Boeotia and Euboea, where they were to meet the Lentuli. Meanwhile a letter from Perseus, demanding the cause of their coming and of the presence of troops in Macedonia, was received and left unanswered. After visiting the districts assigned to them, in the course of doing which Marcius and Atilius had met Perseus on the river Peneus, and granted him a truce to enable him to send envoys to Rome (Marcius knowing well that the Romans were not yet fully prepared for war), the commissioners reached their destination at Chalcis, where the earlier events narrated in the following extracts occurred (Livy, 42, 36-43).

THE WAR WITH PERSEUS

1. At this time Lases and Callias arrived at the head of an embassy from the Thespians, and Ismenias from Neon. Lases and his colleagues offered to put their city wholly into the hands of the Romans; Ismenias proposed to submit all the cities of Boeotia as one nation to the discretion of the commissioners. But this latter proposal was diametrically opposed to the policy of Marcius and his colleagues. What suited that policy best was to split up Boeotia into separate cities: and they therefore received Lases and his party, as well as the envoys from Chaeronea and Lebadea, and all who came from single cities, with great favour and lavish courtesy; but treated Ismenias with ostentatious neglect and coldness. Some of the exiles also attacked Ismenias and were very near stoning him to death, and would have done so if he had not saved himself by taking refuge through the door of the chamber where the commissioners were sitting. At the same period there were disturbances and party contests at Thebes. One party were for committing the town unconditionally to Rome; but the Coroneans and Haliartians flocked to Thebes and vehemently maintained that they ought to maintain the alliance with Perseus. For a time neither of the two parties showed any disposition to give in to each other; but when Olympichus of Coronea set the example of changing sides and asserting that they ought to cleave to the Romans, a great change and revolution came over the feelings of the populace. First, they compelled Dicetas to go on an embassy to Marcius and the other commissioners to excuse them for their alliance with Perseus. Next, they expelled Neon and Hippias, crowding to their houses, and bidding them go and make their own defence for the terms that they had made; for they were the men who had negotiated the alliance. When these men had left the town, the people immediately collected into the assembly and first voted honours and gifts to the Romans, and then ordered the magistrates to push on the alliance. Last of all they appointed ambassadors to hand over the city to the Romans and to restore their exiles.

2. Whilst these things were being accomplished at Thebes, the exiles in Chalcis appointed Pompides to state their grievances against Ismenias, Neon, and Dicetas. The bad policy of these men being

manifest, and the Romans lending their support to the exiles, Hippias and his party were rendered so odious that they were in danger of falling victims to the fury of the populace, until the Romans, by checking the assaults of the mob, secured them a certain degree of safety.

When the Theban envoys arrived, bringing with them to the commissioners the decrees and honours I have mentioned, a rapid change passed over the face of things in each of the towns, for they were separated by a very narrow interval from each other. The commissioners with Marcius received the Theban envoys, complimented their town and counselled them to restore the exiles, and bade the several towns send embassies to Rome submitting themselves individually and unreservedly to the protection of the Romans. Their policy, therefore, of splitting up the league of the Boeotian towns, and of destroying the popularity of the Macedonian royal house with the Boeotian populace having thus completely succeeded, the commissioners sent for Servius Lentulus from Argos, and leaving him in charge at Chalcis went themselves to the Peloponnese; while Neon a few days afterwards retired to Macedonia; and Ismenias and Dicetas, being thrown at once into prison, shortly afterwards put an end to their lives. Thus it came about that the Boeotians, who had for a long period of years, and through many strange vicissitudes, maintained a national league, by now rashly and inconsiderately adopting the cause of Perseus, and giving way to an outburst of unreasoning excitement, were entirely disintegrated and split up into separate cities.

When Aulus and Marcius arrived at Argos, after communication with the council of the Achaean league, they called upon Archon the Strategus to despatch a thousand men to Chalcis, to garrison the town until the arrival of the Romans; an order which Archon readily obeyed. Having thus settled affairs in Greece during the winter, and met Publius Lentulus and his two colleagues, the commissioners sailed back to Rome....

3. Meanwhile Tiberius Claudius and Aulus Postumius had been engaged on a visitation of the islands and Greek cities in Asia, and had spent the longest time in Rhodes; though the Rhodians at that time did not require any supervision, for the prytanis that year was

Agesilochus, a man of high rank, who had once been on an embassy to Rome. Even before the legates came, as soon as it became clear that the Romans intended to go to war with Perseus he had urged his people to throw in their fortunes with those of Rome; and, among other things, had counselled them to repair forty ships, in order that, if any occasion for using them should arise, it should not find them still in the midst of preparations, but ready to answer to the call and to carry out their resolve at once. By stating these facts to the Roman envoys, and showing them the preparations visibly progressing, he let them return to Rome in a high state of satisfaction with Rhodes....

4. After the conferences had been held between the Roman envoys and the Greeks, Perseus drew up a despatch containing a statement of his case, and the arguments employed on either side; partly from an idea that he would thus be shown to have the superiority of right on his side, and partly because he wished to test the feelings of the several states. Copies of this despatch he sent to the other states by his ordinary letter-carriers; but to Rhodes he sent also Antenor and Philip as ambassadors, who, on their arrival in the island, handed over the document to the magistrates, and a few days afterwards entered the Council chamber and urged the Rhodians "To remain neutral for the present and watch what happened; and, if the Romans attacked Perseus in violation of the treaty, to endeavour to mediate. For this was the interest of all, and pre-eminently of the Rhodians, who more than most peoples desired equality and freedom of speech, and were ever the protectors, not only of their own liberty, but of that of the rest of Greece also; and therefore ought to be proportionally careful to provide and guard against a policy of an opposite tendency." These and similar arguments of the envoys found favour with the Rhodian people. But, as they were already pledged to an attitude of friendship to Rome, the influence of the upper classes so far prevailed that, though a friendly reception was given to the Macedonian envoys, they demanded in their formal answer that Perseus should not ask them to take any measure which would involve the appearance of hostility to Rome. Antenor and his colleagues would not accept this reply, but with thanks for the kindness of their general reception, sailed back to Macedonia....

5. Being informed that some of the cities of Boeotia remained

faithful to him, Perseus sent Alexander on a mission to them. On his arrival in Boeotia, Alexander was obliged to abstain from visiting any of the cities except Coronea, Thisbae, and Haliartus, finding that they offered him no facilities for securing close relations. But he entered those three towns and exhorted their inhabitants to cling to their loyalty to the Macedonians. They received his words with enthusiasm, and voted to send ambassadors to Macedonia. Alexander accordingly returned to the king and reported the state of things in Boeotia. A short time afterwards the ambassadors arrived, desiring the king to send aid to the cities which favoured the Macedonian cause; for the Thebans were oppressing them severely, because they would not agree with them and side with Rome. But Perseus replied that he was precluded by the truce from sending any aid to any one; but he begged them to resist the Thebans to the best of their power, and yet not to go to war with the Romans, but to remain neutral....

6. When the report of the commissioners from Asia concerning Rhodes and the other states had been made at Rome, the Senate called in the ambassadors of Perseus, Solon and Hippas: who endeavoured to argue the whole case and to deprecate the anger of the Senate; and particularly to defend their master on the subject of the attempt upon the life of Eumenes. When they had finished all they had to urge, the Senate, which had all the while been resolved on war, bade them depart forthwith from Rome; and ordered all other Macedonians also that happened to be staying in the country to quit Italy within thirty days. The Senate then called upon the Consuls to act at once and see that they moved in good time....

7. Caius Lucretius being at anchor off Cephallenia, wrote a letter to the Rhodians, requesting them to despatch some ships, and entrusted the letter to a certain trainer named Socrates. This letter arrived at Rhodes in the second six months of the Prytany of Stratocles. When the question came on for discussion, Agathagetus, Rhodophon, Astymedes, and many others were for sending the ships and taking part in the war from the first, without any further pretence; but Deinon and Polyaratus, though really displeased at the favour already shown to Rome, now for the present used the case of Eumenes as their pretext, and began by that means to alienate the feelings of the populace. There had in fact been a long standing

feeling of suspicion and dislike in the minds of the Rhodians against Eumenes, dating from the time of his war with Pharnaces; when, upon king Eumenes blockading the entrance of the Hellespont to prevent ships sailing into the Pontus, the Rhodians had interfered with his design and thwarted him. This ill-feeling had again been recently exasperated during the Lycian war on the question of certain forts, and a strip of territory on the frontier of the Rhodian Peraea, which was being damaged by some of Eumenes's subjects. These incidents taken together made the Rhodians ready to listen to anything against the king. Seizing on this pretext, the party of Deinon tried to discredit the despatch, asserting that it did not come from the Romans but from Eumenes, who wished to involve them on any possible pretext in a war, and bring expense and perfectly unnecessary suffering upon the people. In support of their contention they put forward the fact that the man who brought the letter was some obscure trainer or another; and asserted that the Romans were not accustomed to employ such messengers, but were rather inclined to act with unnecessary care and dignity in the despatch of such missives. When they said this they were perfectly aware that the letter had really been written by Lucretius: their object was to persuade the Rhodian people to do nothing for the Romans readily, but rather to perpetually make difficulties, and thus give occasions for offence and displeasure to crop up between the two nations. For their deliberate purpose was to alienate Rhodes from the Roman friendship, and to join it to that of Perseus, by every means in their power. Their motives for thus clinging to Perseus were that Polyaratus, who was ostentatious and vain, had become heavily in debt; and that Deinon, who was avaricious and unscrupulous, had from the first relied on increasing his wealth by getting presents from princes and kings. These speeches having been delivered, the Prytanis Stratocles rose, and, after inveighing at some length against Perseus, and speaking with equal warmth in praise of the Romans, induced the people to confirm the decree for the despatch of the ships. Forthwith six quadriremes were prepared, five of which were sent to Chalcis under the command of Timagoras, and the other under the command of another Timagoras to Tenedos. This latter commander fell in at Tenedos with Diophanes, who had been

despatched by Perseus to Antiochus, and captured both him and his crew. All such allies as arrived with offers of help by sea Lucretius thanked warmly, but excused from taking part in this service, observing that the Romans had no need of naval support.... *Perseus now collected a large army at Citium, thirty-nine thousand foot and four thousand horse, and advanced through the north of Thessaly taking many towns, and finally taking up his quarters at Sicyrium, at the foot of Mount Ossa. The Roman consul, P. Licinius, marched from the south-west through Gomphi, and thence to Larisa, where he crossed the river Peneus. After some cavalry skirmishes, which were generally favourable to the king, Perseus advanced nearer to the Roman camp, and a more important battle was fought, in which the king again scored a considerable success with his cavalry and light-armed troops. The Romans lost two hundred cavalry killed and as many prisoners and two thousand infantry, while Perseus only had twenty cavalry and forty infantry killed. He did not, however, follow up the victory sufficiently to inflict a crushing blow upon the Roman army; and though the Consul withdrew to the south of the Peneus, after some days' reflection the king made proposals of peace. See Livy, 42, 51-62. B.C. 171 (summer.)* 8. After the Macedonian victory Perseus summoned his Council, when some of his friends expressed an opinion that he ought to send an embassy to the Roman general, to signify his readiness even now to pay the Romans the same amount of tribute as his father had formerly undertaken to pay when beaten in war, and to evacuate the same places. "For if," they argued, "the Romans accept the terms the war will be ended in a manner honourable to the king after his victory in the field; and the Romans, after this taste of Macedonian valour, will be much more careful in the future not to impose an unjust or harsh burden upon the Macedonians. And if, on the other hand, in spite of the past, they prove obstinate and refuse to accept them, the anger of heaven will with justice fall on them; while the king by his moderation will gain the support of Gods and men alike." The majority of his friends held this view, and Perseus expressing his assent to it, Pantauchus, son of Balacrus, and Midon of Beroea, were forthwith sent as ambassadors to Licinius. On their arrival, Licinius summoned his Council, and the ambassadors having stated their proposals in accordance with their

instructions, Pantauchus and his colleague were requested to withdraw, and they deliberated on the proposition thus made to them. They decided unanimously to return as stern an answer as possible. For this is a peculiarity of the Romans, which they have inherited from their ancestors, and are continually displaying, — to show themselves most peremptory and imperious in the presence of defeat, and most moderate when successful: a very noble peculiarity, as every one will acknowledge; but whether it be feasible under certain circumstances may be doubted. However that may be, on the present occasion they made answer that Perseus must submit without reserve himself, and give the Senate full power to take whatever measures it might think good concerning Macedonia and all in it. On this being communicated to Pantauchus and Midon, they returned and informed Perseus and his friends; some of whom were roused to anger at this astonishing display of haughtiness, and advised Perseus to send no more embassies or messages about anything whatever. Perseus, however, was not the man to take such a line. He sent again and again to Licinius, with continually enhanced offers, and promising a larger and larger sum of money. But as nothing that he could do had any effect, and as his friends found fault with him, and told him that, though he had won a victory, he was acting like one who had been defeated and lost all, he was at length compelled to renounce the sending of embassies, and remove his camp back to Sicyrium. Such was the position of the campaign....

9. When the report of the favourable result for Perseus of the cavalry engagement, and of the victory of the Macedonians, spread through Greece, the inclination of the populace to the cause of Perseus blazed out like a fire, most of them having up to that time concealed their real feelings. Their conduct, to my mind, was like what one sees at gymnastic contests. When some obscure and far inferior combatant descends into the arena with a famous champion reputed to be invincible, the spectators immediately bestow their favour upon the weaker of the two, and try to keep up his spirits by applause, and eagerly second his efforts by their enthusiasm. And if he succeeds so far as even to touch the face of his opponent, and make a mark to prove the blow, the whole of the spectators again show themselves on his side. Sometimes they even jeer at his

antagonist: not because they dislike or undervalue him, but because their sympathies are roused by the unexpected, and they are naturally inclined to take the weaker side. But if any one checks them at the right moment, they are quick to change and see their mistake. And this is what Cleitomachus is said to have done. He had the character of being an invincible athlete, and, as his reputation was spread all over the world, King Ptolemy is said to have been inspired with the ambition of putting an end to it. He therefore had Aristonicus the boxer, who was thought to have unusual physical capabilities for that kind of thing trained with extraordinary care, and sent to Greece. When he appeared on the arena at Olympia a great number of the spectators, it seems, immediately showed their favour for him, and cheered him on, being rejoiced that some one should have had the courage to make some sort of stand against Cleitomachus. But when, as the fight went on, he showed that he was a match for his antagonist, and even gave him a well-placed wound, there was a general clapping of hands, and the popular enthusiasm showed itself loudly on his side, the spectators calling out to Aristonicus to keep up his spirits. Thereupon they say that Cleitomachus stepped aside, and after waiting a short time to recover his breath, turned to the crowd and asked them "Why, they cheered Aristonicus, and supported him all they could? Had they detected him in playing foul in the combat? Or were they not aware that Cleitomachus was at that moment fighting for the honour of Greece, Aristonicus for that of king Ptolemy? Would they prefer an Egyptian to carry off the crown by beating Greeks, or that a Theban and Boeotian should be proclaimed victor in boxing over all comers?" Upon this speech of Cleitomachus, they say that such a revulsion of feeling came over the spectators, that Aristonicus in his turn was conquered more by the display of popular feeling than by Cleitomachus.

10. What happened in the case of Perseus in regard to the feeling of the multitude was very similar to this. For if any one had pulled them up and asked them plainly, in so many words, whether they wished such great power to fall to one man, and were desirous of trying the effect of an utterly irresponsible despotism, I presume that they would have promptly bethought themselves, recanted all they had said, and gone to the other extreme of feeling. Or if some one had

briefly recalled to their recollection all the tyrannical acts of the royal house of Macedonia from which the Greeks had suffered, and all the benefits they had received from the Romans, I imagine they would have at once and decisively changed their minds. However, for the present, at the first burst of thoughtless enthusiasm, the people showed unmistakable signs of joy at the news, being delighted at the unlooked-for appearance of a champion able to cope with Rome. I say this much to prevent anyone, in ignorance of human nature, from bringing a rash charge of ingratitude against the Greeks for the feelings which they displayed at that time....

11. The *cestros* was a novel invention, made during the war with Perseus. This weapon consisted of an iron bolt two palms long, half of which was spike, and half a tube for the reception of the wooden shaft which was fixed into the tube, and measured a span in length and a finger-breadth in diameter. At the middle point of the shaft three wooden “plumes” were morticed in. The sling had thongs of unequal length, and on the leather between them the missile was loosely set. When the sling was being swung round, with the two thongs taut, the missile kept its place; but when the slinger let go one of the thongs, it flew from the leather like a leaden bullet, and was projected from the sling with such force as to inflict a very grievous wound upon any one whom it hit.

12. Cotys was a man of distinguished appearance and of great ability in military affairs, and besides, quite unlike a Thracian in character. For he was of sober habits, and gave evidence of a gentleness of temper and a steadiness of disposition worthy of a man of gentle birth....

13. Ptolemy, the general serving in Cyprus, was by no means like an Egyptian, but was a man of sense and administrative ability. He received the governorship of the island when the king of Egypt was quite a child, and devoted himself with great zeal to the collection of money, refusing payments of any kind to any one, though he was often asked for them by the king’s agents, and subjected to bitter abuse for refusing to part with any. But when the king came of age he made up a large sum and sent it to Alexandria, so that both king Ptolemy himself and his courtiers expressed their approval of his previous parsimony and determination not to part with any money....

The battle on the Peneus was followed by other engagements of no great importance; and finally Perseus returned to Macedonia, and the Romans went into winter quarters in various towns in Thessaly, without a decisive blow having been struck on either side. Winter of B.C. 171-170. Livy, 42, 64-67. 14. Just about the time when Perseus retired for the winter from the Roman war, Antenor arrived at Rhodes from him, to negotiate for the ransom of Diophanes and those who were on board with him. Thereupon there arose a great dispute among the statesmen as to what course they ought to take. Philophron, Theaetetus, and their party were against entering into such arrangement on any terms; Deinon and Polyaratus and their party were for doing so. Finally they did enter upon an arrangement with Perseus for their redemption....

15. Cephalus came [to Pella] from Epirus. He had long been connected by friendship with the royal house of Macedonia, but was now compelled by the force of circumstances to embrace the side of Perseus, the cause of which was as follows: There was a certain Epirote named Charops, a man of high character, and well disposed to Rome, who, when Philip was holding the passes into Epirus, was the cause of his being driven from the country, and of Titus Flamininus conquering Epirus and Macedonia. Charops had a son named Machatus, who had a son also named Charops. Machatus having died when this son was quite a youth, the elder Charops sent his grandson with a suitable retinue to Rome to learn to speak and read Latin. In the course of time the young man returned home, having made many intimate friendships at Rome. The elder Charops then died, and the young man, being of a restless and designing character, began giving himself airs and attacking the distinguished men in the country. At first he was not much noticed, Antinous and Cephalus, his superiors in age and reputation, managing public affairs as they thought right. But when the war with Perseus broke out, the young man at once began laying information against these statesmen at Rome, grounding his accusations on their former intimacy with the Macedonian royal family; and by watching everything they said or did, and putting the worst construction on it, suppressing some facts and adding others, he succeeded in getting his accusations against them believed. Now Cephalus had always shown

good sense and consistency, and at the present crisis had adhered to a course of the highest wisdom. He had begun by praying heaven that the war might not take place, or the question come to the arbitrament of arms; but when the war was actually begun, he was for performing all treaty obligations towards Rome, but for not going a step beyond this, or showing any unbecoming subservience or officiousness. When Charops then vehemently accused Cephalus at Rome, and represented everything that happened contrary to the wishes of the Romans as malice prepense on his part, at first he and others like him thought little of the matter, being not conscious of entertaining any designs hostile to Rome. But when they saw Hippolochus, Nicander, and Lochagus arrested without cause, and conveyed to Rome after the cavalry battle, and that the accusations made against them by Lyciscus were believed, — Lyciscus being a leader of the same party in Aetolia as Charops was in Epirus, — they at length began to be anxious about what would happen, and to consider their position. They resolved therefore to try every possible means to prevent themselves from being similarly arrested without trial and carried to Rome, owing to the slanders of Charops. It was thus that Cephalus and his friends were compelled, contrary to their original policy, to embrace the cause of Perseus....

16. Theodotus and Philostratus committed an act of flagrant impiety and treachery. They learnt that the Roman consul Aulus Hostilius was on his way to Thessaly to join the army; and thinking that, if they could deliver Aulus to Perseus, they would have given the latter the strongest possible proof of their devotion, and have done the greatest possible damage to the Romans at this crisis, they wrote urgently to Perseus to make haste. The king was desirous of advancing at once and joining them; but he was hindered by the fact that the Molossians had seized the bridge over the Aous, and was obliged to give them battle first. Now it chanced that Aulus had arrived at Phanota, and put up at the house of Nestor the Cyprian, and thus gave his enemies an excellent opportunity; and had not fortune interfered on his behalf, I do not think that he would have escaped. But, in fact, Nestor providentially suspected what was brewing, and compelled him to change his quarters for the night to the house of a neighbour. Accordingly he gave up the idea of going

by land through Epirus, and, having sailed to Anticyra, thence made his way into Thessaly....

17. Pharnaces was the worst of all his predecessors on the throne....

18. While Attalus was spending the winter in Elateia (in Phocis), knowing that his brother Eumenes was annoyed in the highest possible degree at the splendid honours which had been awarded to him having been annulled by a public decree of the Peloponnesians, though he concealed his annoyance from every one, — he took upon himself to send messages to certain of the Achaeans, urging that not only the statues of honour, but the complimentary inscriptions also, which had been placed in his brother's honour, should be restored. His motive in acting thus was the belief that he could give his brother no greater gratification, and at the same time would display to the Greeks by this act his own brotherly affection and generosity....

19. When Antiochus saw that the government of Alexandria was openly making preparations for a war of annexation in Coele-Syria, he sent Meleager at the head of an embassy to Rome, with instructions to inform the Senate of the fact, and to protest that Ptolemy was attacking him without the least justification....

20. In all human affairs perhaps one ought to regulate every undertaking by considerations of time; but this is especially true in war, in which a moment makes all the difference between success and failure, and to miss this is the most fatal of errors....

Many men desire honour, but it is only the few who venture to attempt it; and of those who do so, it is rare to find any that have the resolution to persevere to the end....

BOOK XXVIII

1. When the war between the kings Antiochus and Ptolemy for the possession of Coele-Syria had just begun, Meleager, Sosiphanes, and Heracleides came as ambassadors from Antiochus, and Timotheos and Damon from Ptolemy. The one actually in possession of Coele-Syria and Phoenicia was Antiochus; for ever since his father's victory over the generals of Ptolemy at Panium all those districts had been subject to the Syrian kings. Antiochus, accordingly, regarding the right of conquest as the strongest and most honourable of all claims, was now eager to defend these places as unquestionably belonging to himself: while Ptolemy, conceiving that the late king Antiochus had unjustly taken advantage of his father's orphan condition to wrest the cities in Coele-Syria from him, was resolved not to acquiesce in his possession of them. Therefore Meleager and his colleagues came to Rome with instructions to protest before the Senate that Ptolemy had, in breach of all equity, attacked him first; while Timotheos and Damon came to renew their master's friendship with the Romans, and to offer their mediation for putting an end to the war with Perseus; but, above all, to watch the communications made by Meleager's embassy. As to putting an end to the war, by the advice of Marcus Aemilius they did not venture to speak of it; but after formally renewing the friendly relations between Ptolemy and Rome, and receiving a favourable answer, they returned to Alexandria. To Meleager and his colleagues the Senate answered that Quintus Marcius should be commissioned to write to Ptolemy on the subject, as he should think it most to the interest of Rome and his own honour. Thus was the business settled for the time....

2. About this time there came also ambassadors from the Rhodians towards the end of summer, Agesilochus, Nicagoras, and Nicander. The objects of their mission were to renew the friendship of Rhodes and Rome; to obtain a license for importing corn from the Roman dominions; and to defend their state from certain charges that had been brought against it. For there were most violent party contests going on in Rhodes: Agathagetus, Philophron, Rhodophon, and Theaetetus resting all their hopes on the Romans, and Deinon and

Polyaratus on Perseus and the Macedonians; and as these divisions gave rise to frequent debates in the course of their public business, and many contradictory expressions were used in their deliberations, plenty of opportunities were afforded to those who wished to make up stories against the state. On this occasion, however, the Senate affected to be ignorant of all this, though perfectly acquainted with what went on in the island, and granted them a license to import one hundred thousand medimni of corn from Sicily. This answer was given by the Senate to the Rhodians separately. Audience was then given collectively to all the envoys from the rest of Greece that were united in the same policy....

3. Aulus being thus Proconsul, and wintering in Thessaly with the army, sent Gaius Popilius and Gnaeus Octavius to visit certain places in Greece. They first came to Thebes, where, after speaking in complimentary terms of the Thebans, they exhorted them to maintain their good disposition towards Rome. They then went a round of the cities in the Peloponnese, and endeavoured to convince the people of the clemency and humanity of the Senate by producing the decree which I recently mentioned. At the same time they made it clearly understood that the Senate was aware who in the several states were hanging back and trying to evade their obligations, and who were forward and zealous; and they let it be seen that they were as much displeased with those who thus hung back as with those who openly took the opposite side. This brought hesitation and doubt to the minds of the people at large, as to how to frame their words and actions so as to exactly suit the necessities of the times. Gaius and Gnaeus were reported to have resolved, as soon as the Achaean congress was assembled, to accuse Lycortas, Archon, and Polybius, and to point out that they were opposed to the policy of Rome; and were at the present moment refraining from active measures, not because that was their genuine inclination, but because they were watching the turn of events, and waiting their opportunity. They did not, however, venture to do this, because they had no well-founded pretext for attacking these men. Accordingly, when the council met at Aegium, after delivering a speech of mingled compliments and exhortation, they took ship for Aetolia.

4. The Aetolian congress being summoned to meet them at

Thermum, they came before the assembled people, and again delivered a speech in which expressions of benevolence were mixed with exhortations. But the real cause of summoning the congress was to announce that the Aetolians must give hostages. On their leaving the speakers' platform, Proandrus stood forward and desired leave to mention certain services performed by himself to the Romans, and to denounce those who accused him. Gaius thereupon rose; and, though he well knew that Proandrus was opposed to Rome, he paid him some compliments, and acknowledged the truth of everything he had said. After this, Lyciscus stood forward, and, without accusing any one person by name, yet cast suspicion on a great many. For he said that "The Romans had been quite right to arrest the ringleaders and take them to Rome" (whereby he meant Eupolemus, Nicander, and the rest): "but members of their party still remained in Aetolia, all of whom ought to meet with the same correction, unless they gave up their children as hostages to the Romans." In these words he meant to point especially to Archedamus and Pantaleon; and, accordingly, when he retired, Pantaleon stood up, and, after a brief denunciation of Lyciscus for his shameless and despicable flattery of the stronger side, turned to Thoas, conceiving him to be the man whose accusations of himself obtained the greater credit from the fact that he had never been supposed to be at enmity with him. He reminded Thoas first of the events in the time of Antiochus; and then reproached him for ingratitude to himself, because, when he had been surrendered to Rome, he obtained an unexpected release at the intercession of Nicander and himself. He ended by calling upon the Aetolians, not only to hoot Thoas down if he tried to speak, but to join with one accord in stoning him. This was done; and Gaius, after administering a brief reproof to the Aetolians for stoning Thoas, departed with his colleague to Acarnania, without any more being said about hostages. Aetolia, however, was filled with mutual suspicions and violent factions.

5. In Acarnania the assembly was held at Thurium, at which Aeschrion, Glaucus, and Chremes, who were all partisans of Rome, begged Gaius and Gnaeus to place a garrison in Acarnania; for they had among them certain persons who were for putting the country in the hands of Perseus and the Macedonians. The advice of Diogenes

was the opposite. "A garrison," he said, "ought not to be put into any of their cities, for that was what was done to those who had been at war with Rome and had been beaten; whereas the Acarnanians had done no wrong, and did not deserve in any respect to have a garrison thrust upon them. Chremes and Glaucus and their partisans were slandering their political opponents, and desired to bring in a garrison which would support their selfseeking policy, in order to establish their own tyrannical power." After these speeches, Gaius and his colleague, seeing that the populace disliked the idea of having garrisons, and wishing to follow the line of policy marked out by the Senate, expressed their adherence to the view of Diogenes; and departed to join the Proconsul at Larisa, after paying some compliments to the Acarnanians....

6. The Greeks made up their minds that this embassy required much consideration on their part. They therefore called to council such men as were of one mind in other political questions, — Arcesilaus and Ariston of Megalopolis, Stratius of Tritaea, Xenon of Patrae and Apollonides of Sicyon. But Lycortas stood firm to his original view: which was that they should send no help to either Perseus or Rome in any way, nor, on the other hand, take part against either. For he held that co-operation with either would be disadvantageous to the Greeks at large, because he foresaw the overwhelming power which the successful nation would possess; while active hostility, he thought, would be dangerous, because they had already in former times been in opposition to many of the most illustrious Romans in their state policy. Apollonides and Stratius did not recommend open and avowed hostility to Rome, but thought that "Those who were for plunging headlong into the contest, and wished to use the action of the nation to secure their own personal favour at Rome, ought to be put down and boldly resisted." Archon said that "They must yield to circumstances, and not give their personal enemies a handle for accusations; nor allow themselves to fall into the same misfortune as Nicander, who, before he had learnt what the power of Rome really was, had met with the gravest calamities." With this last view, Polyaeus, Arcesilaus, Ariston, and Xenon agreed. It was thereupon decided that Archon should go without delay to his duties as Strategus, and Polybius to those of Hipparch.

7. Very soon after these events, and when Archon had made up his mind that the Achaeans must take active part with Rome and her allies, it happened most conveniently that Attalus made his proposal to him and found him ready to accept it. Archon at once eagerly promised his support to Attalus's request: and when thereupon that prince's envoys appeared at the next congress, and addressed the Achaeans about the restoration of king Eumenes's honours, begging them to do this for the sake of Attalus, the people did not show clearly what their feeling was, but a good many rose to speak against the proposal from many various motives. Those who were originally the advisers of the honours being paid to the king were now desirous to confirm the wisdom of their own policy; while those who had private reasons for animosity against the king thought this a good opportunity for revenging themselves upon him; while others again, from spite against those who supported him, were determined that Attalus should not obtain his request. Archon, however, the Strategus, rose to support the envoys, — for it was a matter that called for an expression of opinion from the Strategus, — but after a few words he stood down, afraid of being thought to be giving his advice from interested motives and the hope of making money, because he had spent a large sum on his office. Amidst a general feeling of doubt and hesitation, Polybius rose and delivered a long speech. But that part of it which best fell in with the feelings of the populace was that in which he showed that "The original decree of the Achaeans in regard to these honours enacted that such honours as were *improper and contrary to law* were to be abolished, but not *all* honours by any means. That Sosigenes and Diopeithes and their colleagues, however, who were at the time judges, and for private reasons personally hostile to Eumenes, seized the opportunity of overturning all the erections put up in honour of the king; and in doing so had gone beyond the meaning of the decree of the Achaeans, and beyond the powers entrusted to them, and, what was worst of all, beyond the demands of justice and right. For the Achaeans had not resolved upon doing away with the honours of Eumenes on the ground of having received any injury at his hands; but had taken offence at his making demands beyond what his services warranted, and had accordingly voted to remove everything

that seemed excessive. As then these judges had overthrown these honours, because they had a greater regard for the gratification of their private enmity than for the honour of the Achaeans, so the Achaeans, from the conviction that duty and honour must be their highest consideration, were bound to correct the error of the judges, and the unjustifiable insult inflicted upon Eumenes: especially as, in doing so, they would not be bestowing this favour on Eumenes only, but on his brother Attalus also.” The assembly having expressed their agreement with this speech, a decree was written out ordering the magistrates to restore all the honours of king Eumenes, except such as were dishonourable to the Achaean league or contrary to their law. It was thus, and at this time, that Attalus secured the reversal of the insult to his brother Eumenes in regard to the honours once given him in the Peloponnese....

8. Perseus sent Pleuratus the Illyrian, an exile living at his court, and Adaeus of Beroea on a mission to king Genthius, after taking Hyscana in Illyria, Perseus advances to Stubera, and thence sends envoys to king Genthius at Lissus. Livy, 43, 19.] with instructions to inform him of what he had achieved in his war with the Romans, Dardani, Epirotes, and Illyrians up to the present time; and to urge him to make a friendship and alliance with him in Macedonia. These envoys journeyed beyond Mount Scardus, through Illyria Deserta, as it is called, — a region a short time back depopulated by the Macedonians, in order to make an invasion of Illyria and Macedonia difficult for the Dardani. Their journey through this region was accompanied by much suffering; but they reached Scodra, and being there informed that Genthius was at Lissus, they sent a message to him. He promptly responded: and having been admitted to an interview with him, they discussed the business to which their instructions referred. Genthius had no wish to forfeit the friendship of Perseus; but he alleged want of means as an excuse for not complying with the request at once, and his inability to undertake a war with Rome without money. With this answer, Adaeus and his colleagues returned home. Meanwhile Perseus arrived at Stubera, and sold the booty and gave his army a rest while waiting for the return of Pleuratus and Adaeus. On their arrival with the answer from Genthius, he immediately sent another mission, consisting again of

Adaeus, Glaucias, one of his bodyguards, and the Illyrian (Pleuratus) also, because he knew the Illyrian language, with the same instructions as before: on the ground that Genthius had not stated distinctly what he wanted, and what would enable him to consent to the proposals. When these envoys had started the king himself removed with his army to Hyscana....

9. The ambassador sent to Genthius returned without having accomplished anything more than the previous envoys, and without any fresh answer; for Genthius remained of the same mind, — willing to join with Perseus in his war, but professing to be in want of money. Perseus disregarded the hint, and sent another mission under Hippas to conclude the treaty, without taking any notice of the main point, while professing a wish to do whatever Genthius wished. It is not easy to decide whether to ascribe such conduct to mere folly, or to a spiritual delusion. For my part, I am inclined to regard it as a sheer spiritual delusion when men aim at bold enterprises, and risk their life, and yet neglect the most important point in their plans, though they see it all the time and have the power to execute it. For I do not think it will be denied by any man of reflection that, had Perseus at that time been willing to make grants of money either to states as such, or individually to kings and statesmen, I do not say on a great scale, but even to a moderate extent, they would all — Greeks and kings alike — have yielded to the temptation. As it was, he happily did not take that course, which would have given him, if successful, an overweening supremacy; or, if unsuccessful, would have involved many others in his disaster. But he took the opposite course: which resulted in confining the numbers of the Greeks who adopted the unwise policy at this crisis to very narrow limits....

[Perseus now returned from Stubera to Hyscana, and after a vain attempt upon Stratus in Aetolia, retired into Macedonia for the rest of the winter. In the early spring of B.C. 169 Q. Marcius Philippus began his advance upon Macedonia from his permanent camp in Perrhaebia. Perseus stationed Asclepiodotus and Hippas to defend two passes of the Cambunian mountains, while he himself held Dium, which commanded the coast road from Thessaly into Macedonia. Marcius however, after only a rather severe skirmish with the light-armed troops of Hippas, effected the passage of the

mountains and descended upon Dium. The king was taken by surprise: he had not secured the pass of Tempe, which would have cut off the Romans from retreat; and he now hastily retired to Pydna. Q. Marcius occupied Dium, but after a short stay there retired upon Phila, to get provisions and secure the coast road. Whereupon Perseus reoccupied Dium, and contemplated staying there to the end of the summer. Q. Marcius took Heracleum, which was between Phila and Dium, and made preparations for a second advance on Dium. But the winter (B.C. 169-168) was now approaching, and he contented himself with seeing that the roads through Thessaly were put in a proper state for the conveyance of provisions. Livy, 43, 19-23; 44, 1-9.]

10. Having been completely worsted on the entrance of the Romans into Macedonia, Perseus found fault with Hippias. But in my opinion it is easy to find fault with others and to see their mistakes, but it is the hardest thing in the world to do everything that can be done one's self, and to be thoroughly acquainted with one's own affairs. And Perseus was now an instance in point....

11. The capture of Heracleum was effected in a very peculiar manner. The city wall at one part and for a short distance was low. The Romans attacked with three picked maniples: and the first made a protection for their heads by locking their shields together over them so closely, that they presented the appearance of a sloping tiled roof....

This manœuvre the Romans used also in mock fights.... *While C. Marcius Figulus, the praetor, was engaged in Chalcidice, Q. Marcius sent M. Popilius to besiege Meliboea in Magnesia. Perseus sent Euphranor to relieve it, and, if he succeeded, to enter Demetrias. This he did, and was not attacked at the latter place by Popilius or Eumenes — scandal saying that the latter was in secret communication with Perseus. Livy, 44, 10-13, B.C. 169.* 12. Upon Perseus designing to come into Thessaly and there decide the war by a general engagement, as he probably would have done, Archon and his colleagues resolved to defend themselves against the suspicions and slanders that had been thrown upon them, by taking some practical steps. They therefore brought a decree before the Achaean congress, ordering an advance into Thessaly, with the full force of

the league, to co-operate energetically with the Romans. The decree being confirmed, the Achaeans also voted that Archon should superintend the collection of the army and the necessary preparations for the expedition, and should also send envoys to the Consul in Thessaly, to communicate to him the decree of the Achaeans, and to ask when and where their army was to join him. Polybius and others were forthwith appointed, and strictly instructed that, if the Consul approved of the army joining him, they should at once send some messengers to communicate the fact, that they might not be too late on the field; and meanwhile, that Polybius himself should see that the whole army found provisions in the various cities through which it was to pass, and that the soldiers should have no lack of any necessities. With these instructions the envoys started. The Achaeans also appointed Telocritus to conduct an embassy to Attalus, bearing the decree concerning the restoration of the honours of Eumenes. And as news arrived about the same time that king Ptolemy had just celebrated his *anacleteria*, the usual ceremony when the kings come of age, they voted to send some ambassadors to confirm the friendly relations existing between the league and the kingdom of Egypt, and thereupon appointed Alcithus and Pasiadas for this duty.

13. Polybius and his colleagues found the Romans moved from Thessaly and encamped in Perrhaebia, between Azorium and Doliche. They therefore postponed communication with the Consul, owing to the critical nature of the occasion, but shared in the dangers of the invasion of Macedonia. When the Roman army at length reached the district of Heracleum, it seemed the right moment for their interview with Q. Marcius, because he considered that the most serious part of his undertaking was accomplished. The Achaean envoys therefore took the opportunity of presenting the decree to Marcius, and declaring the intention of the Achaeans, to the effect that they wished with their full force to take part in his contests and dangers. In addition to this they demonstrated to him that every command of the Romans, whether sent by letter or messenger, had been during the present war accepted by the Achaeans without dispute. Marcius acknowledged with great warmth the good feeling of the Achaeans, but excused them from taking part in his labours and expenses, as there was no longer any need for the assistance of

allies. The other ambassadors accordingly returned home; but Polybius stayed there and took part in the campaign, until Marcius, hearing that Appius Cento asked for five thousand Achaean soldiers to be sent to Epirus, despatched Polybius with orders to prevent the soldiers being granted, or such a heavy expense being causelessly imposed on the Achaeans; for Appius had no reason whatever for asking for these soldiers. Whether he did this from consideration for the Achaeans, or from a desire to prevent Appius from obtaining any success, it is difficult to say. Polybius, however, returned to the Peloponnese and found that the letter from Epirus had arrived, and that the Achaean congress had been soon afterwards assembled at Sicyon. He was therefore in a situation of great embarrassment. When Cento's demand of soldiers was brought before the Congress he did not think it by any means proper to reveal the charge which Q. Marcius had given him privately: and on the other hand to oppose the demand, without some clear pretext, was exceedingly dangerous. In this difficult and delicate position he called to his aid the decree of the Roman Senate, forbidding compliance with the written demands of commanders unless made in accordance with its own decree. Now, no mention of such a decree occurred in the despatch from Appius. By this argument he prevailed with the people to refer the matter to the Consul, and by his means to get the nation relieved of an expense which would amount to over a hundred and twenty talents. Still he gave a great handle to those who wished to denounce him to Appius, as having thwarted his design of obtaining a reinforcement....

14. The people of Cydon at this time committed a shocking act of indisputable treachery. Though many such have occurred in Crete, yet this appeared to go beyond them all. For though they were bound to Apollonia, not only by the ties of friendship, but by those of common institutions also, and in fact by everything which mankind regard as sacred, and though these obligations were confirmed by a sworn treaty engraved and preserved in the temple of Idaean Zeus, yet they treacherously seized Apollonia, put the men to the sword, plundered the property, and divided among themselves the women, children, city, and territory....

15. Afraid of the Gortynians, because they had narrowly escaped losing their city in the previous year by an attack led by Nothocrates,

the Cydonians sent envoys to Eumenes demanding his assistance in virtue of their alliance with him. The king selected Leon and some soldiers, and sent them in haste to Crete; and on their arrival the Cydonians delivered the keys of their city to Leon, and put the town entirely in his hands....

16. The factions in Rhodes kept continually becoming more and more violent. For when the decree of the Senate, directing that they should no longer conform to the demands of the military magistrates but only to those contained in the Senate's decrees, was communicated to them, and the people at large expressed satisfaction at the care of the Senate for their interests; Philophron and Theaetetus seized the occasion to carry out their policy further, declaring that they ought to send envoys to the Senate, and to Q. Marcius Philippus the Consul, and Gaius Marcius Figulus, the commander of the fleet. For it was by that time known to everybody which of the magistrates designate in Rome were to come to Greece. The proposal was loudly applauded, though some dissent was expressed: and at the beginning of the summer Agesilochus, son of Hegesias, and Nicagoras, son of Nicander, were sent to Rome; Agepolis, Ariston, and Pancrates to the Consul and commander of the fleet, with instructions to renew the friendship of the Cretans with Rome, and to make their defence against the accusations that were being uttered against their state; while Agesilochus and his colleagues were at the same time to make a proposal about a license to export corn from the Roman dominions. The speech made by these envoys to the Senate, and the reply made by the Senate, and the successful termination of their mission, I have already mentioned in the section devoted to Italian affairs. But it is useful to repeat such points, as I am careful to do, because I am obliged frequently to record the actual negotiations of ambassadors before mentioning the circumstances attending their appointment and despatch. For since I am recording under each year the contemporary events in several countries, and endeavouring to take a summary review of them all together at the end, this must of necessity form a feature in my history.

17. Agepolis and his colleagues found Q. Marcius himself encamped near Heracleum in Macedonia, and delivered their

commission to him there. In answer, he said that "He himself paid no attention to those calumnies, and advised them not to pay any to those who ventured to speak against Rome." He added many other expressions of kindness, and even wrote them in a despatch to the people of Rhodes. Agepolis was much charmed by his whole reception; and observing this, the Consul took him aside and said to him privately that "He wondered at the Rhodians not trying to put an end to the war, which it would be eminently in their interests to do." Did the Consul act thus because he was suspicious of Antiochus, and was afraid, if he conquered Alexandria, that he would prove a formidable second enemy to themselves, seeing that the war with Perseus was becoming protracted, and the war for Coele-Syria had already broken out? Or was it because he saw that the war with Perseus was all but decided, now that the Roman legions had entered Macedonia, and because he had confident hopes of its result; and therefore wished, by instigating the Rhodians to interfere between the kings, to give the Romans a pretext for taking any measures they might think good concerning them? It would not be easy to say for certain; but I am inclined to believe that it was the latter, judging from what shortly afterwards happened to the Rhodians. However, Agepolis and his colleagues immediately afterwards proceeded to visit Gaius Marcius Figulus: and, having received from him still more extraordinary marks of favour than from Quintus Marcius, returned with all speed to Rhodes. When they received the report of the embassy, and knew that the two commanders had vied with each other in warmth, both by word of mouth and in their formal answers, the Rhodians were universally elated and filled with pleasing expectation. But not all in the same spirit: the sober-minded were delighted at the good feeling of the Romans towards them; but the restless and fractious calculated in their own minds that this excessive complaisance was a sign that the Romans were alarmed at the dangers in which they found themselves, and at their success not having answered to their expectations. But when Agepolis communicated to his friends that he had a private message from Q. Marcius to the Cretan Council about putting an end to the war (in Syria), then Deinon and his friends felt fully convinced that the Romans were in a great strait; and they accordingly sent envoys also

to Alexandria to put an end to the war then existing between Antiochus and Ptolemy.... *Ptolemy Epiphanes, who died B.C. 181, left two sons, Ptolemy Philometor and Ptolemy Physcon, and a daughter, Cleopatra, by his wife Cleopatra, sister of Antiochus Epiphanes. After the death of Ptolemy's mother Cleopatra, his ministers, Eulaeus and Lenaeus, engaged in a war with Antiochus for the recovery of Coele-Syria and Phoenicia, which had been taken by Antiochus the Great, and which they alleged had been assigned as a dower to the late Cleopatra. Their war was singularly unsuccessful. Antiochus Epiphanes defeated their troops at Pelusium, took young Ptolemy Philometor captive, and advanced as far as Memphis. Thereupon Ptolemy Physcon assumed the royal title at Alexandria as Euergetes II., and sent envoys to Antiochus at Memphis. Antiochus, however, treated Ptolemy Philometor with kindness, established him as king at Memphis, and advanced to Naucratis, and thence to Alexandria, which he besieged on the pretext of re-establishing Philometor. B.C. 171. See *infra*, bk. 29. ch. 23. 18. King Antiochus was a man of ability in the field and daring in design, and showed himself worthy of the royal name, except in regard to his manœuvres at Pelusium....*

19. When Antiochus was actually in occupation of Egypt, Comanus and Cineas, after consultation with king Ptolemy Physcon, determined upon summoning a conference of the most distinguished Egyptian nobles to consult about the danger which threatened them. The first resolution the conference came to was to send the Greek envoys who were then at Alexandria as envoys to Antiochus to conclude a pacification. There were at that time in the country two embassies from the Achaean league, one which had been sent to renew the alliance between the league and Egypt, and which was composed of Alcithus of Aegium, son of Xenophon, and Pasiodes, and another sent to give notice of the festival of the Antigoneia. There was also an embassy from Athens led by Demaratus on the subject of some present, and two sacred embassies, one in connexion with the Panathenaea under the presidency of Callias the pancratiast, and the other on the subject of the mysteries, of which Cleostratus was the active member and spokesman. There were also there Eudemus and Hicesius from Miletus, and Apollonides and

Apollonius from Clazomenae. The king also sent with them Tlepolemus and Ptolemy the rhetorician as envoys. These men accordingly sailed up the river to meet Antiochus....

20. While Antiochus was occupying Egypt, he was visited by the Greek envoys sent to conclude terms of peace. He received them courteously, devoted the first day to giving them a splendid entertainment and on the next granted them an interview, and bade them deliver their instructions. The first to speak were the Achaeans, the next the Athenian Demaratus, and after him Eudemus of Miletus. And as the occasion and subject of their speeches were the same, the substance of them was also nearly identical. They all laid the blame of what had occurred on Eulaeus, and referring to Ptolemy's youth and his relationship to himself, they intreated the king to lay aside his anger. Thereupon Antiochus, after acknowledging the general truth of their remarks, and even supporting them by additional arguments of his own, entered upon a defence of the justice of his original demands. He attempted to establish the claim of the king of Syria on Coele-Syria, "Insisting upon the fact that Antigonus, the founder of the Syrian kingdom, exercised authority in that country; and referring to the formal cession of it to Seleucus, after the death of Antigonus, by the sovereigns of Macedonia. Next he dwelt on the last conquest of it by his father Antiochus; and finally he denied that any such agreement was made between the late king Ptolemy and his father as the Alexandrian ministers asserted, to the effect that Ptolemy was to take Coele-Syria as a dowry when he married Cleopatra, the mother of the present king." Having by these arguments not only persuaded himself, but the envoys also, of the justice of his claim, he sailed down the river to Naucratis. There he treated the inhabitants with humanity, and gave each of the Greeks living there a gold piece, and then advanced towards Alexandria. He told the envoys that he would give them an answer on the return of Aristides and Thesis, whom he had sent on a mission to Ptolemy; and he wished, he said, that the Greek envoys should all be cognisant and witnesses of their report....

21. The eunuch Eulaeus persuaded Ptolemy to collect his money, give up his kingdom to his enemies, and retire to Samothrace. This will be to any one who reflects upon it a convincing proof of the supreme mischief done by evil companions of boyhood. That a

monarch so entirely out of reach of personal danger and so far removed from his enemies, should not make one effort to save his honour, while in possession too of such abundant resources, and master over such wide territory and such numerous subjects, but should at once without a blow surrender a most splendid and wealthy kingdom, — is not this the sign of a spirit utterly effeminate and corrupted? And if this had been Ptolemy's natural character, we must have laid the blame upon nature and not upon any external influence. But since by his subsequent achievements his natural character has vindicated itself, by proving Ptolemy to be sufficiently resolute and courageous in the hour of danger, we may clearly, without any improbability, attribute to this eunuch, and his companionship with the king in his boyhood, the ignoble spirit displayed by him on that occasion, and his idea of going to Samothrace....

22. After raising the siege of Alexandria, Antiochus sent envoys to Rome, whose names were Meleager, Sosiphanes, and Heracleides, agreeing to pay one hundred and fifty talents, fifty as a complimentary present to the Romans, and the rest as a gift to be divided among certain cities in Greece....

23. In the course of these same days envoys sailed in from Rhodes to Alexandria, headed by Pration, to negotiate a pacification; and a few days afterwards presented themselves at the camp of Antiochus. Admitted to an interview, they argued at considerable length, mentioning their own country's friendly feelings to both kingdoms, and the ties of blood existing between the two kings themselves, and the advantage which a peace would be to both. But the king interrupted the envoy in the middle of his speech by saying that there was no need of much talking, for the kingdom belonged to the elder Ptolemy, and with him he had long ago made terms, and they were friends, and if the people wished now to recall him Antiochus would not prevent them. And he kept his word....

BOOK XXIX

1. "Their one idea, expressed at parties or conversations in the street, was, that they should manage the war in Macedonia while remaining quietly at home in Rome, sometimes by criticising what the generals were doing, at others what they were leaving undone. From this the public interests never got any good, and often a great deal of harm. The generals themselves were at times greatly hampered by this ill-timed loquacity. For as it is the invariable nature of slander to spread rapidly and stop at nothing, the people got thoroughly infected by this idle talk, and the generals were consequently rendered contemptible in the eyes of the enemy."...

2. The Senate being informed that Antiochus had become master of Egypt, and all but taken Alexandria, and conceiving that the aggrandisement of that king was a matter affecting themselves, appointed Gaius Popilius and others to go as ambassadors to put an end to the war, and generally to inspect the state of affairs....

3. Hippias, and the other ambassadors sent by Perseus, to Genthius to make an alliance with him, returned before the winter, and reported that Genthius would undertake to join in the war with Rome if he was paid three hundred talents and received proper securities. Thereupon Perseus sent Pantauchus, one of his chief friends, with the following instructions: He was to agree to pay Genthius the money; to interchange oaths of alliance; to take from Genthius such hostages as he himself might select, and send them at once to Macedonia; and to allow Genthius to have such hostages from Perseus as he might name in the text of the treaty; further, he was to make arrangements for the transport of the three hundred talents. Pantauchus immediately started and met Genthius at Mebeon, in the country of the Labeates, and quickly bought the young monarch over to join in the projects of Perseus. The treaty having been sworn to and reduced to writing, Genthius at once sent the hostages whose names Pantauchus had caused to be entered in the text of the treaty; and with them he despatched Olympion to receive the oaths and hostages from Perseus, with others who were to have charge of the money. Pantauchus persuaded him to send also some ambassadors to join in

a mission to Rhodes with some sent by Perseus, in order to negotiate a mutual alliance between the three states. For if this were effected, and the Rhodians consented to embark upon the war, he showed that they would be easily able to conquer the Romans. Genthius listened to the suggestion, and appointed Parmenio and Morcus to undertake the mission; with instructions that, as soon as they had received the oaths and hostages from Perseus, and the question of the money had been settled, they were to proceed on the embassy to Rhodes.

4. So these various ambassadors started together for Macedonia. But Pantauchus stayed by the side of the young king, and kept reminding him of the necessity of making warlike preparations, and urging him not to be too late with them. He was especially urgent that he should prepare for a contest at sea; for, as the Romans were quite unprepared in that department on the coasts both of Epirus and Illyria, any purpose he might form would be easily accomplished by himself and the forces he might despatch. Genthius yielded to the advice and set about his preparations, naval and military alike: and Perseus, as soon as the ambassadors and hostages from Genthius entered Macedonia, set off from his camp on the River Elpeius, with his whole cavalry, to meet them at Dium. His first act on meeting them was to take the oaths to the alliance in the presence of the whole body of cavalry; for he was very anxious that the Macedonians should know of the adhesion of Genthius, hoping that this additional advantage would have the effect of raising their courage: and next he received the hostages and handed over his own to Olympion and his colleagues, the noblest of whom were Limnaeus, the son of Polemocrates, and Balacrus, son of Pantauchus. Lastly, he sent the agents who had come for the money to Pella, assuring them that they would receive it there: and appointed the ambassadors for Rhodes to join Metrodorus at Thessalonica, and hold themselves in readiness to embark.

This embassy succeeded in persuading the Rhodians to join in the war. And, having accomplished this, Perseus next sent Herophon, who had been similarly employed before, on a mission to Eumenes; and Telemnastos of Crete to Antiochus to urge him "Not to let the opportunity escape; nor to imagine that Perseus was the only person affected by the overbearing and oppressive conduct of Rome: but to

be quite sure that, if he did not now assist Perseus, if possible by putting an end to the war, or, if not, by supporting him in it, he would quickly meet with the same fate himself.”...

5. In venturing upon a narrative of the intrigues of Perseus and Eumenes, I have felt myself in a position of great embarrassment. For to give full and accurate details of the negotiations, which these two kings conducted in secret between themselves, appeared to me to be an attempt open to many obvious criticisms and exceedingly liable to error: and yet to pass over in complete silence what seemed to have exercised the most decisive influence in the war, and which alone can explain many of the subsequent events, seemed to me to wear the appearance of a certain sluggishness and entire want of enterprise. On the whole, I decided to state briefly what I believed to be truth, and the probabilities and surmises on which I founded that opinion; for I was, in fact, during this period more struck than most people at what happened.

6. I have already stated that Cydas of Crete, while, serving in the army of Eumenes and held in especial honour by him, had in the first place had interviews with Cheimarus, one of the Cretans in the army of Perseus, and again had approached the walls of Demetrias, and conversed first with Menecrates, and then with Antimachus. Again, that Herophon had been twice on a mission from Perseus to Eumenes, and that the Romans on that account began to have reasonable suspicions of king Eumenes, is rendered clear from what happened to Attalus. For they allowed this prince to come to Rome from Brundisium, and to transact the business he had on hand, and finally gave him a favourable answer and dismissed him with every mark of kindness, although he had done them no service of any importance in the war with Perseus; while Eumenes, who had rendered them the most important services, and had assisted them again and again in their wars with Antiochus and Perseus, they not only prevented from coming to Rome, but bade him leave Italy within a certain number of days, though it was mid-winter. Therefore it is quite plain that some intriguing had been taking place between Perseus and Eumenes to account for the alienation of the Romans from the latter. What this was, and how far it went, is our present subject of inquiry.

7. We can easily satisfy ourselves that Eumenes cannot have wished Perseus to be the victor in the war and become supreme in Greece. For to say nothing of the traditional enmity and dislike existing between these two, the similarity of their respective powers was sufficient to breed distrust, jealousy, and, in fact, the bitterest animosity between them. It was always open to them to intrigue and scheme against each other secretly, and that they were both doing. For when Eumenes saw that Perseus was in a bad way, and was hemmed in on every side by his enemies, and would accept any terms for the sake of putting an end to the war, and was sending envoys to the Roman generals year after year with this view; while the Romans also were uneasy about the result, because they made no real progress in the war until Paulus took the command, and because Aetolia was in a dangerous state of excitement, he conceived that it would not be impossible that the Romans would consent to some means of ending the war and making terms: and he looked upon himself as the most proper person to act as mediator and effect the reconciliation. With these secret ideas in his mind, he began sounding Perseus by means of Cydas of Crete, the year before, to find out how much he would be inclined to pay for such a chance. This appears to me to be the origin of their connexion with each other.

8. Two kings, one of whom was the most unprincipled and the other the most avaricious in the world, being now pitted against each other, their mutual struggles presented a spectacle truly ridiculous. Eumenes held out every kind of hope, and threw out every species of bait, believing that he would catch Perseus by such promises. Perseus, without waiting to be approached, rushed to the bait held out to him, and made for it greedily; yet he could not make up his mind to swallow it, to such an extent as to give up any money. The sort of huckstering contest that went on between them was as follows. Eumenes demanded five hundred talents as the price of his abstention from co-operating with the Romans by land and sea during the fourth year of the war, and fifteen hundred for putting an end to the war altogether, and promised to give hostages and securities for his promise at once. Perseus accepted the proposal of hostages, named the number, the time at which they were to be sent,

and the manner of their safe custody at Cnosus. But as to the money, he said that it would be disgraceful to the one who paid, and still more to the one who received it, to be supposed to remain neutral for hire; but the fifteen hundred talents he would send in charge of Polemocrates and others to Samothrace, to be held as a deposit there. Now Perseus was master of Samothrace; but as Eumenes, like a poor physician, preferred a retaining-fee to a payment after work, he finally gave up the attempt, when he found that his own craftiness was no match for the meanness of Perseus. They thus parted on equal terms, leaving, like good athletes, the battle of avarice a drawn one. Some of these details leaked out at the time, and others were communicated subsequently to Perseus's intimate friends; and he has taught us by them that every vice is clinched, so to speak, by avarice.

9. I add the further question from my own reflexions, whether avarice is not also short-sighted? For who could fail to remark the folly of both the kings? How could Eumenes on the one hand expect to be trusted by a man with whom he was on such bad terms; and to get so large a sum of money, when he was able to give Perseus absolutely no security for recovering it, in case of his not carrying out his promises? And how could he expect not to be detected by the Romans in taking so large a sum? If he had concealed it at the time he certainly would not have done so long. Moreover, he would have been bound at any rate, in return for it, to have adopted the quarrel with Rome; in which he would have been certain to have lost the money and his kingdom together, and very probably his life also, by coming forward as an enemy of the Romans. For if, even as it was, when he accomplished nothing, but only imagined it, he fell into the gravest dangers, what would have happened to him if this design had been brought to perfection? And again, as to Perseus — who could fail to be surprised at his thinking anything of higher importance, or more to his advantage, than to give the money and allow Eumenes to swallow the bait? For if, on the one hand, Eumenes had performed any part of his promises, and had put an end to the war, the gift would have been well bestowed; and if, on the other hand, he had been deceived of that hope, he could at least have involved him in the certain enmity of Rome; for he would have had it entirely in his own power to make these transactions public. And one may easily

calculate how valuable this would have been to Perseus, whether he succeeded or failed in the war: for he would have regarded Eumenes as the guilty cause of all his misfortunes, and could in no way have retaliated upon him more effectually than by making him an enemy of Rome. What then was the root of all this blind folly? Nothing but avarice. It could have been nothing else; for, to save himself from giving money, Perseus was content to suffer anything, and neglect every other consideration. On a par too with this was his conduct to the Gauls and Genthius....

10. The question being put to the vote at Rhodes, it was carried to send envoys to negotiate a peace; and this decree thus decided the relative strength of the opposite political parties at Rhodes [as has been stated in my essay on public speaking], showing that the party for siding with Perseus was stronger than that which was for preserving their country and its laws. The Prytanies immediately appointed ambassadors to negotiate the cessation of the war: Agepolis, Diocles, and Cleombrotus were sent to Rome; Damon, Nicostratus, Agesilochus, and Telephus to Perseus and the consul. The Rhodians went on in the same spirit to take further steps, so that they eventually committed themselves past all excuse. For they at once sent ambassadors to Crete, to renew their friendly relations with the entire Cretan people, and to urge that, in view of the dangers that threatened them, they should throw in their lot with the people of Rhodes, and hold the same people to be friends and enemies as they did, and also to address the separate cities to the same effect....

11. When the embassy led by Parmenio and Morcus from Genthius, accompanied by those led by Metrodorus, arrived in Rhodes, the assembly summoned to meet them proved very turbulent, the party of Deinon venturing openly to plead the cause of Perseus, whilst that of Theaetetus was quite overpowered and dismayed. For the presence of the Illyrian galleys, the number of the Roman cavalry that had been killed, and the fact of Genthius having changed sides, quite crushed them. Thus it was that the result of the meeting of the assembly was as I have described it. For the Rhodians voted to return a favourable answer to both kings, to state that they had resolved to put an end to the war, and to exhort the kings themselves to make no difficulty about the terms. They also received

the ambassadors of Genthius at the common altar-hearth or Prytaneum of the city with every mark of friendship....

12. Other historians [have spoken in exaggerated terms] of the Syrian war. And the reason is one which I have often mentioned. Though their subjects are simple and without complications, they seek the name and reputation of historians not from the truth of their facts, but the number of their books; and accordingly they are obliged to give petty affairs an air of importance, and fill out and give rhetorical flourishes to what was originally expressed briefly; dress up actions and achievements which were originally quite secondary; expatiate on struggles; and describe pitched battles, in which sometimes ten or a few more infantry fell, and still fewer cavalry. As for sieges, local descriptions, and the like one cannot say that their treatment is adequate, because they have no facts to give. But a writer of universal history must pursue a different plan; and therefore I ought not to be condemned for minimising the importance of events, if I sometimes pass over affairs that have met with wide fame and laboured description, or for mentioning them with brevity; but I ought to be trusted to give to each subject the amount of discussion which it deserves. Such historians as I refer to, when they are describing in the course of their work the siege, say of Phanoteia, or Coroneia, or [Haliartus], are forced to display all the contrivances, bold strokes, and other features of a siege; and when they come to the capture of Tarentum, the sieges of Corinth, Sardis, Gaza, Bactra, and, above all, of Carthage, they must draw on their own resources to prolong the agony and heighten the picture, and are not at all satisfied with me for giving a more truthful relation of such events as they really occurred. Let this statement hold good also as to my description of pitched battles and public harangues, as well as other departments of history; in all of which I might fairly claim considerable indulgence, as also in what is now about to be narrated, if I am detected in some inconsistency in the substance of my story, the treatment of my facts, or the style of language; and also if I make some mistakes in the names of mountains or rivers, or the special features of localities: for indeed the magnitude of my work is a sufficient excuse in all these points, unless, indeed, I am ever detected in deliberate or interested misstatements in my writings: for

such I ask no indulgence, as I have repeatedly and explicitly remarked in the course of my history....

13. Genthius, king of the Illyrians, disgraced himself by many abominable actions in the course of his life from his addiction to drink, in which he indulged continually day and night. Among other things he killed his brother Plastor, who was about to marry the daughter of Monunius, and married the girl himself. He also behaved with great cruelty to his subjects.... *In the spring of B.C. 168 Genthius was forced to surrender to the praetor L. Anicius Gallus (Livy, 44, 30-31). The consul L. Aemilius Paulus found Perseus on the left bank of the Macedonian river Enipeus in a very strong position, which was however turned by a gallant exploit of Nasica and Q. Fabius Maximus, who made their way with a considerable force over the mountains, thus getting on the rear of Perseus. Livy, 44 30-35. Plutarch, Aemil. 15.* 14. The first man to volunteer to make the outflanking movement was Scipio Nasica, son-in-law of Scipio Africanus, who afterwards became the most influential man in the Senate, and who now undertook to lead the party. The second was Fabius Maximus, the eldest of the sons of the consul Aemilius Paulus, still quite a young man, who stood forward and offered to join with great enthusiasm. Aemilius was therefore delighted and assigned them a body of soldiers....

15. The Romans offered a gallant resistance by aid of their strong targets or Ligurian shields....

Perseus saw that Aemilius had not moved, and did not reckon on what was taking place, when suddenly a Cretan, who had deserted from the Roman army on its march, came to him with the information that the Romans were getting on his rear. Though thrown into the utmost panic he did not strike his camp, but despatched ten thousand mercenaries and two thousand Macedonians under Milo, with orders to advance with speed and seize the heights. The Romans fell upon these as they were lying asleep....

16. An eclipse of the moon occurring, the report went abroad, and was believed by many, that it signified an eclipse of the king. And this circumstance raised the spirits of the Romans and depressed those of the Macedonians. So true is the common saying that "war has many a groundless scare."... *Perseus finding himself thus on the*

point of being outflanked retired on Pydna, near which town Aemilius Paulus, after considerable delay, about midsummer inflicted a crushing defeat upon him. Perseus fled to Amphipolis, and thence to Samothrace, where he was captured by Paulus and taken to Rome to adorn his triumph, and afterwards allowed to live as a private person at Alba. This was the end of the Macedonian kingdom. (Livy, 44, 36-43; 45, 1-8. Plutarch, Aemil. 16-23.) 17. The consul Lucius Aemilius had never seen a phalanx until he saw it in the army of Perseus on this occasion; and he often confessed to some of his friends at Rome subsequently, that he had never beheld anything more alarming and terrible than the Macedonian phalanx: and yet he had been, if any one ever had not only a spectator but an actor in many battles....

Many plans which look plausible and feasible, when brought to the test of actual experience, like base coins when brought to the furnace, cease to answer in any way to their original conceptions....

When Perseus came to the hour of trial his courage all left him, like that of an athlete in bad training. For when the danger was approaching, and it became necessary to fight a decisive battle, his resolution gave way....

As soon as the battle began, the Macedonian king played the coward and rode off to the town, under the pretext of sacrificing to Hercules, — who certainly does not accept craven gifts from cravens, nor fulfil unworthy prayers....

18. He was then very young, and it was his first experience of actual service in the field, and having but recently begun to taste the sweets of promotion, he was keen, ambitious, and eager to be first....

19. Just when Perseus had been beaten and was trying to save himself by flight, the Senate determined to admit the ambassadors, who had come from Rhodes to negotiate a peace, to an audience: Fortune thus appearing designedly to parade the folly of the Rhodians on the stage, — if we may say “of the Rhodians,” and not rather “of the individuals who were then in the ascendant at Rhodes.” When Agesipolis and his colleagues entered the Senate, they said that “They had come to arrange an end to the war; for the people of Rhodes, — seeing that the war was become protracted to a considerable length of time, and seeing that it was disadvantageous

to all the Greeks, as well as to the Romans themselves, on account of its enormous expenses, — had come to that conclusion. But as the war was already ended, and the wish of the Rhodians was thus fulfilled, they had only to congratulate the Romans.” Such was the brief speech of Agesipolis. But the Senate seized the opportunity of making an example of the Rhodians, and produced an answer of which the upshot was that “They did not regard this embassy as having been sent by the Rhodians in the interests either of the Greeks or themselves, but in those of Perseus. For if they had meant to send an embassy in behalf of the Greeks, the proper time for doing so was when Perseus was plundering the territory and cities of Greece, while encamped for nearly two years in Thessaly. But to let that time pass without notice, and to come now desiring to put an end to the war, at a time when the Roman legions had entered Macedonia, and Perseus was closely beleagured and almost at the end of his hopes, was a clear proof to any one of observation that the Rhodians had sent their embassy, not with the desire of ending the war, but to rescue and save Perseus to the best of their ability. Therefore they deserved no indulgence at the hands of the Romans at this time, nor any favourable reply.” Such was the Senate’s answer to the Rhodians....

20. Then Aemilius Paulus speaking once more in Latin bade the members of his council, “With such a sight before their eyes,” — pointing to Perseus,— “not to be too boastful in the hour of success, nor to take any extreme or inhuman measures against any one, nor in fact ever to feel confidence in the permanence of their present good fortune. Rather it was precisely at the time of greatest success, either private or public, that a man should be most alive to the possibility of a reverse. Even so it was difficult for a man to exhibit moderation in good fortune. But the distinction between fools and wise was that the former only learnt by their own misfortunes, the latter by those of others.”...

21. One is often reminded of the words of Demetrius of Phalerum. In his treatise on Fortune, wishing to give the world a distinct view of her mutability, he fixed upon the period of Alexander, when that monarch destroyed the Persian dynasty, and thus expresses himself: “If you will take, I don’t say unlimited time or many generations, but only these last fifty years immediately preceding our generation, you

will be able to understand the cruelty of Fortune. For can you suppose, if some god had warned the Persians or their king, or the Macedonians or their king, that in fifty years the very name of the Persians, who once were masters of the world, would have been lost, and that the Macedonians, whose name was before scarcely known, would become masters of it all, that they would have believed it? Nevertheless it is true that Fortune, whose influence on our life is incalculable, who displays her power by surprises, is even now I think, showing all mankind, by her elevation of the Macedonians into the high prosperity once enjoyed by the Persians, that she has merely lent them these advantages until she may otherwise determine concerning them.” And this has now come to pass in the person of Perseus; and indeed Demetrius has spoken prophetically of the future as though he were inspired. And as the course of my history brought me to the period which witnessed the ruin of the Macedonian kingdom, I judged it to be right not to pass it over without proper remark, especially as I was an eye-witness of the transaction. It was a case I thought both for enlarging on the theme myself, and for recalling the words of Demetrius, who appeared to me to have shown something more than mere human sagacity in his remarks; for he made a true forecast of the future almost a hundred and fifty years before the event....

22. After the conclusion of the battle between Perseus and the Romans, king Eumenes found himself in what people call an unexpected and extraordinary trouble, but what, if we regard the natural course of human concerns, was quite an everyday affair. For it is quite the way of Fortune to confound human calculations by surprises; and when she has helped a man for a time, and caused her balance to incline in his favour, to turn round upon him as though she repented, throw her weight into the opposite scale, and mar all his successes.

23. In the Peloponnesus a mission arrived before the end of the winter from the two kings, Ptolemy (Philometor) and Ptolemy (Physcon), asking for help. This gave rise to repeated and animated discussions. The party of Callicrates and Diophanes were against granting the help; while Archon, Lycortas, and Polybius were for sending it to the kings in accordance with the terms of their alliance.

For by this time it had come to pass that the younger Ptolemy had been proclaimed king by the people (at Alexandria), owing to the danger which threatened them; and that the elder had subsequently returned from Memphis, and was reigning jointly with his sister. As they stood in need of every kind of assistance, they sent Eumenes and Dionysodorus to the Achaeans, asking a thousand foot and two hundred horse, with Lycortas to command the foot and Polybius the horse. They sent a message also to Theodoridas of Sicyon, urging him to hire them a thousand mercenaries. For the kings chanced to have become intimately acquainted with these particular men, owing to the transactions I have related before. The ambassadors arrived when the Achaean congress was in session in Corinth. They therefore came forward, and after recalling the many evidences of friendship shown by the Achaeans to the kingdom of Egypt, and describing to them the danger in which the kings then were, they entreated them to send help. The Achaeans generally were ready enough to go to the help of the kings (for both now wore the diadem and exercised regal functions), and not only with a detachment, but with their full levy. But Callicrates and his party spoke against it; alleging that they ought not to meddle in such affairs at all, and certainly not at that time, but should reserve their undivided forces for the service of Rome. For there was a general expectation just then of a decisive battle being fought, as Q. Philippus was wintering in Macedonia.

24. The people were alarmed lest they should be thought to fail the Romans in any way: and accordingly Lycortas and Polybius rose in their turn, and, among other advice which they impressed upon them, argued that "When in the previous year the Achaeans had voted to join the Roman army with their full levy, and sent Polybius to announce that resolution, Quintus Marcius, while accepting the kindness of their intention, had yet stated that the assistance was not needed, since he had won the pass into Macedonia. Their opponents therefore were manifestly using the need of helping the Romans merely as a pretext for preventing this aid being sent to Alexandria. They entreated the Achaeans, in view of the greatness of the danger surrounding the king of Egypt, not to neglect the right moment for acting; but keeping in mind their mutual agreement and good services, and above all their oaths, to fulfil the terms of their

agreement.”

The people were once more inclined to grant the aid when they heard this: but Callicrates and his party managed to prevent the decree being passed, by staggering the magistrates with the assertion that it was unconstitutional to discuss the question of sending help abroad in public assembly. But a short time afterwards a meeting was summoned at Sicyon, which was attended not only by the members of the council, but by all citizens over thirty years of age; and after a lengthened debate, Polybius especially dwelling on the fact that the Romans did not require assistance, — in which he was believed not to be speaking without good reason, as he had spent the previous summer in Macedonia at the headquarters of Marcius Philippus, — and also alleging that, even supposing the Romans did turn out to require their active support, the Achaeans would not be rendered incapable of furnishing it by the two hundred horse and one thousand foot which were to be despatched to Alexandria, — for they could, without any inconvenience, put thirty or forty thousand men into the field, — the majority of the meeting were convinced, and were inclined to the idea of sending the aid. Accordingly, on the second of the two days on which, according to the laws, those who wished to do so were bound to bring forward their motions, Lycortas and Polybius proposed that the aid should be sent. Callicrates, on the other hand, proposed to send ambassadors to reconcile the two Egyptian kings with Antiochus. So once more, on these two motions being put, there was an animated contest; in which, however, Lycortas and Polybius got a considerable majority on their side. For there was a very wide distinction between the claims of the two kingdoms. There were very few instances to be found in past times of any act of friendship on the part of Syria to the Greeks, — though the liberality of the present king was well known in Greece, — but from Egypt the acts of kindness in past times to the Achaeans had been as numerous and important as any one could possibly expect. By dwelling on this point Lycortas made a great impression, because the distinction between the two kingdoms in this respect was shown to be immense. For it was as difficult to count up all the benefactions of the Alexandrine kings, as it was impossible to find a single act of friendship done by the dynasty of Antiochus to the Achaeans....

25. For a time Andronidas and Callicrates kept on arguing in support of the plan of putting an end to the war: but as no one was persuaded by them, they employed a stratagem. A letter-carrier came into the theatre (where the meeting was being held) who had just arrived with a despatch from Quintus Marcius, urging those Achaeans who were of the pro-Roman party to reconcile the kings; for it was a fact that the Senate had sent a mission under T. Numisius to do so. But this really made against their argument: for Titus Numisius and his colleagues had been unable to effect the pacification, and had returned to Rome completely unsuccessful in the object of their mission. However, as Polybius and his party did not wish to speak against the despatch, from consideration for Marcius, they retired from the discussion: and it was thus that the proposal to send an aid to the kings fell through. The Achaeans voted to send ambassadors to effect the pacification: and Archon of Aegeira, and Arcesilaus and Ariston of Megalopolis were appointed to the duty. Whereupon the envoys of Ptolemy, being disappointed of obtaining the help, handed over to the magistrate the despatch from the kings, in which they asked that they would send Lycortas and Polybius to take part in the war....

26. Forgetful of all he had written and said Antiochus began preparing for a renewal of the war against Ptolemy. So true are the words of Simonides,—”’Tis hard to be good.” For to have certain impulses towards virtue, and even to hold to it up to a certain point, is easy; but to be uniformly consistent, and to allow no circumstances of danger to shake a resolute integrity, which regards honour and justice as the highest considerations, is indeed difficult....

27. When Antiochus had advanced to attack Ptolemy in order to possess himself of Pelusium, he was met by the Roman commander Gaius Popilius Laenas. Upon the king greeting him from some distance, and holding out his right hand to him, Popilius answered by holding out the tablets which contained the decree of the Senate, and bade Antiochus read that first: not thinking it right, I suppose, to give the usual sign of friendship until he knew the mind of the recipient, whether he were to be regarded as a friend or foe. On the king, after reading the despatch, saying that he desired to consult with his friends on the situation, Popilius did a thing which was looked upon

as exceedingly overbearing and insolent. Happening to have a vine stick in his hand, he drew a circle round Antiochus with it, and ordered him to give his answer to the letter before he stepped out of that circumference. The king was taken aback by this haughty proceeding. After a brief interval of embarrassed silence, he replied that he would do whatever the Romans demanded. Then Popilius and his colleagues shook him by the hand, and one and all greeted him with warmth. The contents of the despatch was an order to put an end to the war with Ptolemy at once. Accordingly a stated number of days was allowed him, within which he withdrew his army into Syria, in high dudgeon indeed, and groaning in spirit, but yielding to the necessities of the time.

Popilius and his colleagues then restored order in Alexandria; and after exhorting the two kings to maintain peaceful relations with each other, and charging them at the same time to send Polyaratus to Rome, they took ship and sailed towards Cyprus, with the intention of promptly ejecting from the island the forces that were also gathered there. When they arrived, they found that Ptolemy's generals had already sustained a defeat, and that the whole island was in a state of excitement. They promptly caused the invading army to evacuate the country, and remained there to keep watch until the forces had sailed away for Syria. Thus did the Romans save the kingdom of Ptolemy, when it was all but sinking under its disasters. Fortune indeed so disposed of the fate of Perseus and the Macedonians, that the restoration of Alexandria and the whole of Egypt was decided by it; that is to say, by the fate of Perseus being decided previously: for if that had not taken place, or had not been certain, I do not think that Antiochus would have obeyed these orders.

BOOK XXX

1. Attalus, brother of king Eumenes, came to Rome this year, pretending that, even if the disaster of the Gallic rising had not happened to the kingdom, he should have come to Rome, to congratulate the Senate, and to receive some mark of its approval for having been actively engaged on their side and loyally shared in all their dangers; but, as it happened, he had been forced to come at that time to Rome owing to the danger from the Gauls. Upon finding a general welcome from everybody, owing to the acquaintance formed with him on the campaign, and the belief that he was well disposed to them, and meeting with a reception that surpassed his expectation, the young man's hopes were extraordinarily raised, because he did not know the true reason of this friendly warmth. The result was that he narrowly escaped ruining his own and his brother's fortunes, and indeed the entire kingdom. The majority at Rome were thoroughly angry with king Eumenes, and believed that he had been playing a double game during the war, keeping up communications with Perseus, and watching his opportunity against them: and accordingly some men of high rank got Attalus under their influence, and urged him to lay aside the character of ambassador for his brother, and to speak in his own behalf; as the Senate was minded to secure a separate kingdom and royal government for him, because of their displeasure with his brother. This excited the ambition of Attalus still more, and in private conversation he signified his assent to those who advised this course. Finally, he arranged with some men of position that he would actually appear before the Senate and deliver a speech on the subject.

2. While Attalus was engaged on this intrigue, Eumenes, fearing what would happen, sent his physician Stratius to Rome, putting him in possession of the facts and charging him to employ every means to prevent Attalus from following the advice of those who wished to ruin their kingdom. On arriving at Rome and getting Attalus by himself, he used a great variety of arguments to him (and he was a man of great sense and powers of persuasion), and at length, with much trouble, succeeded in his object, and in recalling him from his

mad project. He represented to him that “he was already practically joint-king with his brother, and only differed from him in the fact that he wore no diadem, and was not called king, though in everything else he possessed an equal and identical authority: that in the future he was the acknowledged heir to the crown, and with no very distant prospect of possession; as the king, from the weak state of his health, was in constant expectation of his departure, and being childless could not, even if he wished it, leave the crown to any one else.” (For in fact that natural son of his, who afterwards succeeded to the crown, had not as yet been acknowledged.) “Above all, he was surprised at the hindrance Attalus was thus interposing to the measures necessary at that particular crisis. For they ought to thank heaven exceedingly if they proved able, even with hearty co-operation and unanimity, to repel the threatened attack of the Gauls; but if he should at such a time quarrel with and oppose his brother, it was quite clear that he would ruin the kingdom, and deprive himself both of his present power and his future expectations, and his other brothers also of the kingdom and the power they possessed in it.” By these and similar arguments Stratius dissuaded Attalus from taking any revolutionary steps.

3. Accordingly, when Attalus appeared before the Senate, he congratulated it on what had happened; expatiated on the loyalty and zeal shown by himself in the war with Perseus; and urged at some length that the Senate should send envoys to restrain the audacity of the Gauls, and compel them to confine themselves once more to their original boundaries. He also said something about the cities of Aeneus and Maronea, desiring that they might be given as a free gift to himself. But he said not a single word against the king, or about the partition of the kingdom. The senators, supposing that he would interview them privately on a future occasion upon these points, promised to send the envoys, and loaded him lavishly with the customary presents, and, moreover, promised him these cities. But when, after receiving these marks of favour, he at once left Rome without fulfilling any of its expectations, the Senate, though foiled in its hopes, had nothing else which it could do; but before he had got out of Italy it declared Aeneus and Maronea free cities, — thus rescinding its promise, — and sent Publius Licinius at the head of a

mission to the Gauls. And what instructions these ambassadors had given to them it is not easy to say, but it may be guessed without difficulty from what subsequently happened. And this will be rendered clear from the transactions themselves.

4. There also came embassies from Rhodes, the first headed by Philocrates, the second by Philophon and Astymedes. For when the Rhodians received the answer given to the embassy of Agesipolis immediately after the battle of Pydna, they understood the anger and threatening attitude of the Senate towards them, and promptly despatched these embassies. Astymedes and Philophon, observing in the course of public and private conversations the suspicions and anger entertained towards them at Rome, were reduced to a state of great discouragement and distress. But when one of the praetors mounted the Rostra and urged the people to declare war against Rhodes, then indeed they were beside themselves with terror at the danger that threatened their country. They assumed mourning garments, and in their various interviews with their friends dropped the tone of persuasion or demand, and pleaded instead, with tears and prayers, that they would not adopt any measure of supreme severity towards them. A few days afterwards Antony, one of the tribunes, introduced them to the Senate, and dragged the praetor who advised the war down from the Rostra. Philophon spoke first, and was followed by Astymedes; and, having thus uttered the proverbial "swan's song," they received an answer which, while freeing them from actual fear of war, conveyed a bitter and stern rebuke from the Senate for their conduct. Now Astymedes considered himself to have made a good speech on behalf of his country, but did not at all satisfy the Greeks visiting or residing at Rome. For he afterwards published the speech containing his argument in defence, which, to all those into whose hands it fell, appeared absurd and quite unconvincing. For he rested his plea not alone on the merits of his country, but still more on an accusation of others. Comparing the good services done and the co-operation undertaken by the others, he endeavoured to deny or minimise them; while he exaggerated those of Rhodes as far above their actual amount as he could. The errors of others, on the contrary, he inveighed against in bitter and hostile terms, while those of the Rhodians he attempted to cloak and conceal, in order that, by

this comparison, those of his own country might appear insignificant and pardonable, those of others grave and beyond excuse, “all of whom,” he added, “had already been pardoned before.” But this sort of pleading can in no circumstances be considered becoming to a statesman. Take the case of the betrayal of secrets. It is not those who, for fear or gain, turn informers that we commend; but those who endure any torture and punishment rather than involve an accomplice in the same misfortune. These are the men whom we approve and consider noble. But a man who, from some undefined alarm, exposes to the view of the party in power all the errors of others, and who recalls what time had obliterated from the minds of the ruling people, cannot fail to be an object of dislike to all who hear of it.

5. After receiving the above answer Philocrates and his colleagues immediately started home; but Astymedes and his fellows stayed where they were and kept on the watch, that no report or observation against their country might be made unknown to them. But when this answer of the Senate was reported at Rhodes, the people, considering themselves relieved of the worst fear — that, namely, of war — made light of the rest, though extremely unfavourable. So true it ever is that a dread of worse makes men forget lighter misfortunes. They immediately voted a complimentary crown worth ten thousand gold pieces to Rome, and appointed Theaetetus at once envoy and navarch to convey it at the beginning of summer, accompanied by an embassy under Rhodophon, to attempt in every possible way to make an alliance with the Romans. They acted thus because they wished that, if the embassy failed by an adverse answer at Rome, the failure might take place without the people having passed a formal decree, the attempt being made solely on the initiative of the navarch, and the navarch having by the law power to act in such a case. For the fact was that the republic of Rhodes had been administered with such consummate statesmanship, that, though it had for nearly a hundred and forty years been engaged in conjunction with Rome in actions of the greatest importance and glory, it had never yet made an alliance with her. Nor ought I to omit stating the reason of this policy of the Rhodians. They wished that no ruler or prince should be entirely without hope of gaining their support or alliance; and they therefore

did not choose to bind or hamper themselves beforehand with oaths and treaties; but, by remaining uncommitted, to be able to avail themselves of all advantages as they arose. But on this occasion they were much bent upon securing this mark of honour from Rome, not because they were anxious for the alliance, or because they were afraid of any one else at the time except the Romans, but because they wished, by giving an air of special importance to their design, to remove the suspicions of such as were inclined to entertain unfavourable thoughts of their state. For immediately after the return of the ambassadors under Theaetetus, the Caunians revolted and the Mylassians seized on the cities in Euromus. And about the same time the Roman Senate published a decree declaring all Carians and Lycians free who had been assigned to the Rhodians after the war with Antiochus. The Caunian and Mylassian revolts were speedily put down by the Rhodians; for they compelled the Caunians, by sending Lycus with a body of soldiers, to return to their allegiance, though the people of Cibyra had come to their assistance; and in an expedition into Euromus they conquered the Mylassians and Alabandians in the field, these two peoples having combined their forces to attack Orthosia. But when the decree concerning the Lycians and Carians was announced they were once more in a state of dismay, fearing that their gift of the crown had proved in vain, as well as their hopes of an alliance....

6. I have already directed my readers' attention to the policy of Deinon and Polyaratus. For Rhodes was not the only place which experienced grave danger and important changes. Nearly all the states suffered in the same way. It will therefore be instructive to take a review of the policy adopted by the statesmen in the several countries, and to ascertain which of them will be proved to have acted with wisdom, and which to have done otherwise: in order that posterity in similar circumstances of danger may, with these examples as models, so to speak, before their eyes, be able to choose the good and avoid the bad with a genuine insight; and may not in the last hour of their lives dishonour their previous character and achievements, from failing to perceive where the path of honour lies. There were, then, three different classes of persons who incurred blame for their conduct in the war with Perseus. One consisted of

those who, while displeased at seeing the controversy brought to a decisive end, and the control of the world fall into the power of one government, nevertheless took absolutely no active steps for or against the Romans, but left the decision entirely to Fortune. A second consisted of those who were glad to see the question settled, and wished Perseus to win, but were unable to convert the citizens of their own states or the members of their race to their sentiments. And a third class consisted of those who actually succeeded in inducing their several states to change round and join the alliance of Perseus. Our present task is to examine how each of these conducted their respective policies.

7. In the last class were Antinous, Theodotus, and Cephalus, who induced the Molossians to join Perseus. These men, when the results of the campaign went completely against them, and they found themselves in imminent danger of the worst consequences, put a bold face upon it and met an honourable death in the field. These men deserve our commendation for their self-respect, in refusing to allow themselves to lapse into a position unworthy of their previous life.

Again, in Achaia and Thessaly and Perrhaebia several persons incurred blame by remaining neutral, on the ground that they were watching their opportunity, and were in heart on the side of Perseus; and yet they never let a word to that effect get abroad, nor were ever detected in sending letter or message to Perseus on any subject whatever, but conducted themselves with unexceptionable discretion. Such men as these therefore very properly determined to face judicial inquiry and stand their judgment, and to make every effort to save themselves. For it is quite as great a sign of cowardice to abandon life voluntarily when a man is conscious of no crime, from fear of the threats of political opponents or of the power of the conquerors, as it is to cling to life to the loss of honour.

Again, in Rhodes and Cos, and several other cities, there were men who favoured the cause of Perseus, and who were bold enough to speak in behalf of the Macedonians in their own cities, and to inveigh against the Romans, and to actually advise active steps in alliance with Perseus, but who were not able to induce their states to transfer themselves to alliance with the king. The most conspicuous of such men were in Cos the two brothers Hippias and Diomedon,

and in Rhodes Deinon and Polyaratus.

8. And it is impossible not to view the policy of these men with disapproval. To begin with, all their fellow-citizens were aware of everything they had done or said; in the next place, the letters were intercepted and made public which were coming from Perseus to them, and from themselves to Perseus, as well as the messengers from both sides: yet they could not make up their minds to yield and put themselves out of the way, but still disputed the point. The result of this persistence and clinging to life, in the face of a desperate position, was that they quite ruined their character for courage and resolution, and left not the least ground for pity or sympathy in the minds of posterity. For being confronted with their own letters and agents, they were regarded as not merely unfortunate, but rather as shameless. One of those who went on these voyages was a man named Thoas. He had frequently sailed to Macedonia on a mission from these men, and when the decisive change in the state of affairs took place, conscious of what he had done, and fearing the consequences, he retired to Cnidos. But the Cnidians having thrown him into prison, he was demanded by the Rhodians, and on coming to Rhodes and being put to the torture, confessed his crime; and his story was found to agree with everything in the cipher of the intercepted letters, and with the despatches from Perseus to Deinon, and from Deinon and Polyaratus to him. Therefore it was a matter of surprise that Deinon persuaded himself to cling to life and submit to so signal an exposure.

9. But in respect to folly and baseness of spirit, Polyaratus surpassed Deinon. For when Popilius Laenas charged king Ptolemy to send Polyaratus to Rome, the king, from a regard both to Polyaratus himself and his country, determined not to send him to Rome but to Rhodes, this being also what Polyaratus himself asked him to do. Having therefore caused a galley to be prepared, the king handed him over to Demetrius, one of his own friends, and despatched him, and wrote a despatch to the Rhodians notifying the fact. But touching at Phaselis in the course of the voyage, Polyaratus, from some notion or another which he had conceived, took suppliant branches in his hand, and fled for safety to the city altar. If any one had asked him his intention in thus acting, I am persuaded that he

could not have told it. For if he wanted to go to his own country, where was the need of suppliant branches? For his conductors were charged to take him there. But if he wished to go to Rome, that was sure to take place whether he wished it or no. What other alternative was there? Other place that could receive him with safety to himself there was none. However, on the people of Phaselis sending to Rhodes to beg that they would receive Polyaratus, and take him away, the Rhodians came to the prudent resolution of sending an open vessel to convoy him; but forbade the captain of it to actually take him on board, on the ground that the officers from Alexandria had it in charge to deliver the man in Rhodes. When the vessel arrived at Phaselis, and its captain, Epichares, refused to take the man on board, and Demetrius, who had been deputed by the king for that business, urged him to leave the altar and resume his voyage; and when the people of Phaselis supported his command, because they were afraid they would incur some blame from Rome on that account, Polyaratus could no longer resist the pressure of circumstances, but once more went on board Demetrius's galley. But in the course of the voyage he seized an opportunity of doing the same again at Caunus, flying for safety there in the same way, and begging the Caunians to save him. Upon the Caunians rejecting him, on the grounds of their being leagued with Rhodes, he sent messages to Cibra, begging them to receive him in their city, and to send him an escort. He had some claim upon this city, because the sons of its tyrant, Pancrates, had been educated at his house; accordingly, they listened to his request, and did what he asked. But when he got to Cibra, he placed himself and the Cibratae into a still greater difficulty than that which he caused before when at Phaselis. For they neither dared to retain him in their town for fear of Rome, nor had the power of sending him to Rome, because of their ignorance of the sea, being an entirely inland folk. Eventually they were reduced to send envoys to Rhodes and the Roman proconsul in Macedonia, begging them to take over the man. Lucius Aemilius wrote to the Cibratae, ordering them to keep Polyaratus in safe custody; and to the Rhodians to make provision for his conveyance by sea and his safe delivery upon Roman territory. Both peoples obeyed the despatch: and thus Polyaratus eventually came to Rome, after

making a spectacle of his folly and cowardice to the best of his ability; and after having been, thanks to his own folly, four times surrendered — by king Ptolemy, the people of Phaselis, the Cibratae, and the Rhodians.

The reason of my having dwelt at some length on the story of Polyaratus and Deinon is not that I have any desire to trample upon their misfortunes, for that would be ungenerous in the last degree; but in order that, by clearly showing their folly, I might instruct those who fall into similar difficulties and dangers how to take a better and wiser course....

10. The most striking illustration of the mutability and capriciousness of Fortune is when a man, within a brief period, turns out to have been preparing for the use of his enemies the very things which he imagined that he was elaborating in his own honour. Thus Perseus was having some columns made, which Lucius Aemilius, finding unfinished, caused to be completed, and placed statues of himself on them....

He admired the situation of the city, and the excellent position of the acropolis for commanding the districts on both sides of the Isthmus....

Having been long anxious to see Olympia, he set out thither....

Aemilius entered the sacred enclosure at Olympia, and was struck with admiration at the statue of the god, remarking that, to his mind, Pheidias was the only artist who had represented the Zeus of Homer; and that, though he had had great expectations of Olympia, he found the reality far surpassed them....

11. The Aetolians had been accustomed to get their livelihood from plundering and such like lawless occupations; and as long as they were permitted to plunder and loot the Greeks, they got all they required from them, regarding every country as that of an enemy. But subsequently, when the Romans obtained the supremacy, they were prevented from this means of support, and accordingly turned upon each other. Even before this, in their civil war, there was no horror which they did not commit; and a little earlier still they had had a taste of mutual slaughter in the massacres at Arsinoe; they were, therefore, ready for anything, and their minds were so infuriated that they would not allow their magistrates to have even a voice in their

business. Aetolia, accordingly, was a scene of turbulence, lawlessness, and blood: nothing they undertook was done on any calculation or fixed plan; everything was conducted at haphazard and in confusion, as though a hurricane had burst upon them....

12. The state of Epirus was much the same. For in proportion as the majority of its people are more law-abiding than those of Aetolia, so their chief magistrate surpassed every one else in wickedness and contempt for law. For, I think, there never was and never will be a character more ferocious and brutal than that of Charops....

13. After the destruction of Perseus, immediately after the decisive battle, embassies were sent on all sides to congratulate the Roman commanders on the event. And as now all power tended towards Rome, in every city those who were regarded as of the Romanising party were in the ascendant, and were appointed to embassies and other services. Accordingly they flocked into Macedonia — from Achaia, Callicrates, Aristodamus, Agesias, and Philippus; from Boeotia, Mnasippos; from Acarnania, Chremas; from Epirus, Charops and Nicias; from Aetolia, Lyciscus and Tisippus. These all having met, and eagerly viewing with each other in attaining a common object; and there being no one to oppose them, since their political opponents had all yielded to the times and completely retired, they accomplished their purpose without trouble. So the ten commissioners issued orders to the other cities and leagues through the mouths of the strategi themselves as to what citizens were to go to Rome. And these turned out to be, for the most part, those whom the men I have named had made a list of on party grounds, except a very few of such as had done something conspicuous. But to the Achaean league they sent two men of the highest rank of their own number, Gaius Claudius and Gnaeus Domitius. They had two reasons for doing so: the first was that they were uneasy lest the Achaeans should refuse to obey the written order, and lest Callicrates and his colleagues should be in absolute danger from being reputed to be the authors of the accusations against all the Greeks, — which was about true; and in the second place, because in the intercepted despatches nothing distinct had been discovered against any Achaean. Accordingly, after a while, the proconsul sent the letter and envoys with reference to these men, although in his private opinion he did

not agree with the charges brought by Lyciscus and Callicrates, as was afterwards made clear by what took place....

14. Lucius Anicius, who had been praetor, after his victory over the Illyrians, and on bringing Genthius prisoner to Rome with his children, while celebrating his triumph, did a very ridiculous thing. He sent for the most famous artists from Greece, and having constructed an immense theatre in the circus, he brought all the flute-players on the stage together first. Their names were Theodorus the Boeotian, Theopompus and Hermippus of Lysimacheia, the most celebrated of the day. He placed them on the proscenium with the chorus, and bid them all play at once. But on their beginning to play the tune, accompanied by appropriate movements, he sent to them to say that they were not playing well, and must put more excitement into it. At first they did not know what to make of this, until one of the lictors showed them that they must form themselves into two companies, and facing round, advance against each other as though in a battle. The flute-players caught the idea at once, and, adopting a motion suitable to their own wild strains, produced a scene of great confusion. They made the middle group of the chorus face round upon the two extreme groups, and the flute-players, blowing with inconceivable violence and discordance, led these groups against each other. The members of the chorus meanwhile rushed, with a violent stamping which shook the stage, against those opposite them, and then faced round and retired. But when one of the chorus, whose dress was closely girt up, turned round on the spur of the moment and raised his hands, like a boxer, in the face of the flute-player who was approaching him, then the spectators clapped their hands and cheered loudly. Whilst this sort of sham fight was going on, two dancers were brought into the orchestra to the sound of music; and four boxers mounted upon the stage, accompanied by trumpeters and clarion players. The effect of these various contests all going on together was indescribable. But if I were to speak about their tragic actors, I should be thought by some to be jesting....

15. It requires the same sort of spirit to arrange public games well, and to set out great banquets and wine with fitting splendour, as it does to draw up an army in presence of the enemy with strategic skill....

16. Aemilius Paulus took seventy cities in Epirus after the conquest of the Macedonians and Perseus, most of which were in the country of the Molossi; and enslaved one hundred and fifty thousand men....

17. In Egypt the first thing the kings did after being relieved from the war with Antiochus was to send Numenius, one of their friends, as an envoy to Rome to return thanks for the favours received; and they next released the Lacedaemonian Menalcidas, who had made active use of the occasion against the kingdom for his own advantage; Gaius Popilius Laenas asked the king for his release as a favour to himself....

18. At this period Cotys, king of the Odrysae, sent ambassadors to Rome, asking for the restoration of his son, and pleading his defence for having acted on the side of Perseus. The Romans, considering that they had effected their purpose by the successful issue of the war against Perseus, and that they had no need to press their quarrel with Cotys any further, allowed him to take his son back — who, having been sent as a hostage to Macedonia, had been captured with the children of Perseus, — wishing to display their clemency and magnanimity, and with the idea at the same time of binding Cotys to themselves by so great a favour....

19. About the same time king Prusias also came to Rome to congratulate the Senate and the generals on their success. This Prusias was in no sense worthy of the royal title, as we may judge from the following facts: When the Roman envoys first appeared at his court, he met them with shorn head and wearing a cap, toga, and shoes, and in fact exactly in the garb worn by those recently manumitted at Rome, whom they call *liberti*: and greeting the envoys respectfully, he exclaimed, “Behold your freedman, who is willing to obey you in all things and to imitate your fashions!” than which a more contemptible speech it would be difficult to imagine. And now, again, when he reached the entrance of the Senate-house he stopped at the door facing the senators, and, dropping both his hands he paid reverence to the threshold and the seated Fathers, exclaiming, “Hail, ye gods my preservers!” seeming bent on surpassing all who might come after him in meanness of spirit, unmanliness, and servility. And his behaviour in the conference which he held when he had entered the Senate-house was on a par with this; and was such as might make

one blush even to write. However this contemptible display served in itself to secure him a favourable answer.

20. Just as he had got his answer, news came that Eumenes was on his way. This caused the Senators much embarrassment. They were thoroughly incensed with him, and were entirely fixed in their sentiments towards him; and yet they did not wish to betray themselves. For having proclaimed to all the world that this king was their foremost and most esteemed friend, if they now admitted him to an interview and allowed him to plead his cause, they must either, by answering as they really thought and in harmony with their sentiments, signalise their own folly in having marked out such a man in past times for special honour; or if, in deference to appearances, they gave him a friendly answer, they must disregard truth and the interests of their country. Therefore, as both these methods of proceeding could have consequences of a disagreeable nature, they hit upon the following solution of the difficulty. On the ground of a general dislike of the visits of kings, they published a decree that “no king was to visit Rome.” Having been informed subsequently that Eumenes had landed at Brundisium in Italy, they sent the quaestor to convey the decree to him, and to bid him to communicate with himself if he wanted anything from the Senate; or, if he did not want anything, to bid him depart at the earliest possible opportunity from Italy. When the quaestor met the king and informed him of the decree, the latter, thoroughly understanding the intention of the Senate, said not a single word, except that “he wanted nothing.”

This is the way in which Eumenes was prevented from coming to Rome. And it was not the only important result of this decree. For the Gauls were at that time threatening the kingdom of Eumenes; and it was soon made apparent that by this repulse the king’s allies were all greatly depressed, while the Gauls were doubly encouraged to press on the war. And it was in fact their desire to humiliate him in every possible way that induced the Senate to adopt this resolution. These things were going on at the beginning of the winter: but to all other ambassadors who arrived — and there was no city or prince or king who had not at that time sent an embassy of congratulation — the Senate returned a gracious and friendly answer, except to the

Rhodians; and these they dismissed with displeasure, and with ambiguous declarations as to the future. As to the Athenians again the Senate hesitated....

21. The first object of the Athenian embassy was the restoration of Haliartus; but when they met with a refusal on that point, they changed the subject of their appeal and put forward their own claim to the possession of Delos, Lemnos, and the territory of Haliartus. No one could properly find fault with them for this, as far as Delos and Lemnos were concerned, for they had of old laid claim to them; but there is good reason for reproaching them in respect to the territory of Haliartus. Haliartus was nearly the most ancient city in Boeotia; had met with a heavy misfortune: instead of endeavouring in every possible way to restore it, — to contribute to its utter annihilation, and to deprive its dispossessed inhabitants of even their hopes for the future, was an act which would be thought worthy of no Greek nation, and least of all of the Athenians. They open their own territory to all comers; and to take away that of others can never appear consonant with the spirit of their State. However, the Senate granted them Delos and Lemnos. Such was the decision in the Athenian business....

As to Lemnos and Delos they had, according to the proverb, “got the wolf by the ears:” for they suffered much ill fortune from their quarrels with the Delians; and from the territory of Haliartus they reaped shame rather than profit....

22. At this time Theaetetus being admitted into the Senate spoke on the subject of the alliance. The Senate, however, postponed the consideration of the proposal, and in the meantime Theaetetus died in the course of nature, for he was more than eighty years old. But on the arrival in Rome of exiles from Caunus and Stratoniceia, and their admission to the Senate, a decree was passed ordering the Rhodians to withdraw their garrisons from Caunus and Stratoniceia. And the embassy of Philophron and Astymedes having received this answer sailed with all speed home, alarmed lest the Rhodians should disregard the order for withdrawing the garrisons, and so give a fresh ground for complaints....

23. In the Peloponnese, when the ambassadors arrived and announced the answers from Rome, there was no longer mere

clamour, but downright rage and hatred against Callicrates and his party....

An instance of the hatred entertained for Callicrates and Adronidas, and the others who agreed with them, was this. The festival of the Antigoneia was being held at Sicyon, — the baths being all supplied with large public bathing tubs, and smaller ones placed by them used by bathers of the better sort, — if Adronidas or Callicrates entered one of these, not a single one of the bystanders would get into it any more, until the bathman had let every drop of water run out and filled it with fresh. They did this from the idea that they would be polluted by entering the same water as these men. Nor would it be easy to describe the hissing and hooting that took place at the public games in Greece when any one attempted to proclaim one of them victor. The very children in the streets as they returned from school ventured to call them traitors to their faces. To such height did the anger and hatred of these men go....

24. The inhabitants of Peraea were like slaves unexpectedly released from chains, who are scarcely able to believe their present good fortune, thinking it a change almost too great to be natural; and cannot believe that those they meet can understand or fully see that they are really released, unless they do something strange and out of the ordinary course....

BOOK XXXI

1. At this time the Cnosians, in alliance with the Gortynians, made war upon the Rhaucians, and swore a mutual oath that they would not end the war until they had taken Rhaucus.

But when the Rhodians received the decree regarding Caunus, and saw that the anger of the Romans was not abating, after having scrupulously carried out the orders contained in the Senate's replies, they forthwith sent Aristotle at the head of an embassy to Rome, with instructions to make another attempt to secure the alliance. They arrived in Rome at the height of summer, and, having been admitted to the Senate, at once declared how their people had obeyed the Senate's orders, and pleaded for the alliance, using a great variety of arguments in a speech of considerable length. But the Senate returned them a reply in which, without a word about their friendship, they said that, as to the alliance, it was not proper for them to grant the Rhodians this favour at present....

2. To the ambassadors of the Gauls in Asia they granted autonomy, on condition that they remained within their dwellings, and went on no warlike expeditions beyond their own frontiers....

3. When this same king (Antiochus Epiphanes) heard of the games in Macedonia held by the Roman proconsul Aemilius Paulus, wishing to outdo Paulus by the splendour of his liberality, he sent envoys to the several cities announcing games to be held by him at Daphne; and it became the rage in Greece to attend them. The public ceremonies began with a procession composed as follows: first came some men armed in the Roman fashion, with their coats made of chain armour, five thousand in the prime of life. Next came five thousand Mysians, who were followed by three thousand Cilicians armed like light infantry, and wearing gold crowns. Next to them came three thousand Thracians and five thousand Gauls. They were followed by twenty-thousand Macedonians, and five thousand armed with brass shields, and others with silver shields, who were followed by two hundred and forty pairs of gladiators. Behind these were a thousand Nisaeon cavalry and three thousand native horsemen, most of whom had gold plumes and gold crowns, the rest having them of

silver. Next to them came what are called “companion cavalry,” to the number of a thousand, closely followed by the corps of king’s “friends” of about the same number, who were again followed by a thousand picked men; next to whom came the *Agema* or guard, which was considered the flower of the cavalry, and numbered about a thousand. Next came the “cataphract” cavalry, both men and horses acquiring that name from the nature of their panoply; they numbered fifteen hundred. All the above men had purple surcoats, in many cases embroidered with gold and heraldic designs. And behind them came a hundred six-horsed, and forty four-horsed chariots; a chariot drawn by four elephants and another by two; and then thirty-six elephants in single file with all their furniture on.

The rest of the procession was almost beyond description, but I must give a summary account of it. It consisted of eight hundred young men wearing gold crowns, about a thousand fine oxen, foreign delegates to the number of nearly three hundred, and eight hundred ivory tusks. The number of images of the gods it is impossible to tell completely: for representations of every god or demigod or hero accepted by mankind were carried there, some gilded and others adorned with gold-embroidered robes; and the myths, belonging to each, according to accepted tradition, were represented by the most costly symbols. Behind them were carried representations of Night and Day, Earth, Heaven, Morning and Noon. The best idea that I can give of the amount of gold and silver plate is this: one of the king’s friends, Dionysius his secretary, had a thousand boys in the procession carrying silver vessels, none of which weighed less than a thousand drachmae; and by their side walked six hundred young slaves of the king holding gold vessels. There were also two hundred women sprinkling unguents from gold boxes; and after them came eighty women sitting in litters with gold feet, and five hundred in litters with silver feet, all adorned with great costliness. These were the most remarkable features of the procession.

4. The festival, including the gladiatorial shows and hunting, lasted thirty days, in the course of which there was continual round of spectacles. During the first five of these everybody in the gymnasium anointed himself with oil scented with saffron in gold vessels, of which there were fifteen, and the same number scented with

cinnamon and nard. On the following days other vessels were brought in scented with fenugreek, marjoram, and lily, all of extraordinary fragranc^y. Public banquets were also given, at which couches were prepared, sometimes for a thousand and sometimes for fifteen hundred, with the utmost splendour and costliness.

The whole of the arrangements were made personally by the king. He rode on an inferior horse by the side of the procession, ordering one part to advance, and another to halt, as occasion required; so that, if his diadem had been removed, no one would have believed that he was the king and the master of all; for his appearance was not equal to that of a moderately good servant. At the feasts also he stood himself at the entrance, and admitted some and assigned others their places; he personally ushered in the servants bringing the dishes; and walking about among the company sometimes sat down and sometimes lay down on the couches. Sometimes he would jump up, lay down the morsel of food or the cup that he was raising to his lips, and go to another part of the hall; and walking among the guests acknowledge the compliment, as now one and now another pledged him in wine, or jest at any recitations that might be going on. And when the festivity had gone on for a long time, and a good many of the guests had departed, the king was carried in by the mummers, completely shrouded in a robe, and laid upon the ground, as though he were one of the actors; then, at the signal given by the music, he leapt up, stripped, and began to dance with the jesters; so that all the guests were scandalised and retired. In fact every one who attended the festival, when they saw the extraordinary wealth which was displayed at it, the arrangements made in the processions and games, and the scale of the splendour on which the whole was managed, were struck with amazement and wonder both at the king and the greatness of his kingdom: but when they fixed their eyes on the man himself, and the contemptible conduct to which he condescended, they could scarcely believe that so much excellence and baseness could exist in one and the same breast....

5. After the completion of the festival, the envoys with Tiberius Gracchus arrived, who had been sent from Rome to investigate the state of affairs in Syria. Antiochus received them with such tact and with so many expressions of kindness, that Tiberius not only had no

suspicion that he was meditating any active step, or cherishing any sinister feeling on account of what had happened at Alexandria, but was even induced by the extraordinary kindness of his reception to discredit those who made any such suggestion. For, besides other courtesies, the king gave up his own hall for the use of the envoys, and almost his crown in appearance; although his true sentiments were not at all of this kind, and he was on the contrary profoundly incensed with the Romans....

6. A large number of ambassadors from various quarters having arrived at Rome, the most important of which were those with Astymedes from Rhodes, Eureus, Anaxidamus and Satyrus from the Achaeans, and those with Pytho from Prusias, — the Senate gave audience to these last. The ambassadors from Prusias complained of king Eumenes, alleging that he had taken certain places belonging to their country, and had not in any sense evacuated Galatia, or obeyed the decrees of the Senate; but had been supporting all who favoured himself, and depressing in every possible way those who wished to shape their policy in accordance with the Senate's decrees. There were also some ambassadors from certain towns in Asia, who accused the king on the grounds of his intimate association with Antiochus. The Senate listened to the accusers, and neither rejected their accusations nor openly expressed its own opinion; but acted with close reserve, thoroughly distrusting both Eumenes and Antiochus: and meanwhile contented itself by continually supporting Galatia and contriving some fresh security for its freedom. But the envoys under Tiberius Gracchus, on their return from their mission, had no clearer idea themselves in regard to Eumenes and Antiochus than before they left Rome, nor could they give the Senate one either. So completely had the kings hoodwinked them by the cordiality of their reception.

7. The Senate next called in the Rhodians and heard what they had to say. When Astymedes entered, he adopted a more moderate and more effective line of argument than on his former embassy. He omitted the invectives against others, and took the humble tone of men who are being flogged, begging to be forgiven, and declaring that his country had suffered sufficient punishment, and a more severe one than its crime deserved. And then he went briefly through

the list of the Rhodian losses. "First, they have lost Lycia and Caria, which had already cost them a large sum of money, having been forced to support three wars against them; while at the present moment they have been deprived of a considerable revenue which they used to draw from those countries. But perhaps," he added, "this is as it should be: you gave them to our people as a free gift, because you regarded us with favour; and in now recalling your gift, because you suspect and are at variance with us, you may seem only to be acting reasonably. But Caunus, at any rate, we purchased from Ptolemy's officers for two hundred talents; and Stratoniceia we received as a great favour from Antiochus, son of Seleucus; and from those two towns our people had a revenue of a hundred and twenty talents a year. All these sources of revenue we have surrendered, in our submission to your injunctions. From which it appears that you have imposed a heavier penalty on the Rhodians for one act of folly, than on the Macedonians that have been continually at war with you. But the greatest disaster of all to our State is that the revenue from its harbour has been abolished by your making Delos a free port; and by your depriving our people of that independence by which the harbour, as well as other interests of the States, were maintained in suitable dignity. And it is easy to satisfy yourselves of the truth of my words. Our revenue from harbour dues amounted in past years to one million drachmae, from which you have now taken one hundred and fifty thousand; so that it is only too true, gentlemen of Rome, that your anger has affected the resources of the country. Now, if the mistake committed, and the alienation from Rome, had been shared in by the entire people, you might perhaps have seemed to be acting rightly in maintaining a lasting and irreconcilable anger against us; but if the fact is made clear to you that it was an exceedingly small number who shared in this foolish policy, and that these have all been put to death by this very people itself, why still be irreconcilable to those who are in no respect guilty? Especially when to every one else you are reputed to exhibit the highest possible clemency and magnanimity. Wherefore, gentlemen, our people having lost their revenues, their freedom of debate, and their position of independence, in defence of which in time past they have been ever willing to make any sacrifices, now beg and beseech you all, as

having been smitten sufficiently, to relax your anger, and to be reconciled and make this alliance with them: that it may be made manifest to all the world that you have put away your anger against Rhodes, and have returned to your old feelings and friendship towards them.” Such among others were the words of Astymedes. He was thought to have spoken much to the point in the circumstances; but what helped the Rhodians to the alliance more than anything else was the recent return of the embassy under Tiberius Gracchus. For he gave evidence, in the first place, that the Rhodians had obeyed all the decrees of the Senate; and in the next place, that the men who were the authors of their hostile policy had all been condemned to death; and by this testimony overcame all opposition, and secured the alliance between Rome and Rhodes....

8. After an interval the envoys of the Achaeans were admitted with instructions conformable to the last reply received, which was to the effect that “The Senate were surprised that they should apply to them for a decision on matters which they had already decided for themselves.” Accordingly another embassy under Eureus now appeared to explain that “The league had neither heard the defence of the accused persons, nor given any decision whatever concerning them; but wished the Senate to take measures in regard to these men, that they might have a trial and not perish uncondemned. They begged that, if possible, the Senate should itself conduct the investigation, and declare who are the persons guilty of those charges; but, if its variety of business made it impossible to do this itself, that it should intrust the business to the Achaeans, who would show by their treatment of the guilty their detestation of their crime.” The Senate recognised that the tone of the embassy was in conformity with its own injunctions, but still felt embarrassed how to act. Both courses were open to objection. To judge the case of the men was, it thought, not a task it ought to undertake; and to release them without any trial at all evidently involved ruin to the friends of Rome. In this strait the Senate, wishing to take all hope from the Achaean people of the restitution of the men who were detained, in order that they might obey without a murmur Callicrates in Achaia, and in the other states those who sided with Rome, wrote the following answer: “We do not consider it advisable either for

ourselves or for your nationalities that these men should return home.” The publication of this answer not only reduced the men who had been summoned to Italy to complete despair and dejection, but was regarded by all Greeks as a common sorrow, for it seemed to take away all hope of restoration from these unfortunate men. When it was announced in Greece the people were quite crushed, and a kind of desperation invaded the minds of all; but Charops and Callicrates, and all who shared their policy, were once more in high spirits....

9. Tiberius Gracchus, partly by force and partly by persuasion, reduced the Cammani to obedience to Rome....

A large number of embassies having come to Rome, the Senate gave a reply to Attalus and Athenaeus. For Prusias, not content with earnestly pressing his accusations himself against Eumenes and Attalus, had also instigated the Gauls and Selgians (in Pisidia), and many others in Asia, to adopt the same policy; consequently king Eumenes had sent his brothers to defend him against the accusations thus brought. On their admission to the Senate they were thought to have made a satisfactory defence against all accusers; and finally returned to Asia, after not only rebutting the accusations, but with marks of special honour. The Senate, however, did not altogether cease to be suspicious of Eumenes and Antiochus. They sent Gaius Sulpicius and Manius Sergius as envoys to investigate the state of Greece; to decide the question of territory that had arisen between Megalopolis and the Lacedaemonians; but, above all, to give attention to the proceedings of Antiochus and Eumenes, and to discover whether any warlike preparations were being made by either of them, or any combination being formed between them against Rome....

10. Besides his other follies, Gaius Sulpicius Gallus, on arriving in Asia, put up notices in the most important cities, ordering any one who wished to bring any accusation against king Eumenes to meet him at Sardis within a specified time. He then went to Sardis, and, taking his seat in the Gymnasium, gave audience for ten days to those who had such accusations to make: admitting every kind of foul and abusive language against the king, and, generally, making the most of every fact and every accusation; for he was frantic and

inveterate in his hatred of Eumenes....

But the harder the Romans appeared to bear upon Eumenes, the more popular did he become in Greece, from the natural tendency of mankind to feel for the side that is oppressed....

11. In Syria king Antiochus, wishing to enrich himself, determined on an armed attack upon the temple of Artemis, in Elymais. But having arrived in this country and failed in his purpose, because the native barbarians resisted his lawless attempt, he died in the course of his return at Tabae, in Persia, driven mad, as some say, by some manifestations of divine wrath in the course of his wicked attempt upon this temple.... *Antiochus Epiphanes left a son and daughter; the former, nine years old, was called Antiochus Eupator, and succeeded to the kingdom, Lysias acting as his guardian. Demetrius, his cousin, son of Seleucus Philopator, being at Rome as a hostage in place of the late Antiochus Epiphanes, endeavoured to persuade the Senate to make him king of Syria instead of the boy.* 12. Demetrius, son of Seleucus, who had been long detained at Rome as an hostage, had been for some time past of opinion that his detention was unjust. He had been given by his father Seleucus as a pledge of his good faith; but, when Antiochus (Epiphanes) succeeded to the throne, he considered that he ought not to be a hostage in behalf of that monarch's children. However, up to this time he kept quiet, especially as he was unable, being still a mere boy, to do anything. But now, being in the very prime of youthful manhood, he entered the Senate and made a speech: demanding that the Romans should restore him to his kingdom, which belonged to him by a far better right than to the children of Antiochus. He entered at great length upon arguments to the same effect, affirming that Rome was his country and the nurse of his youth; that the sons of the Senators were all to him as brothers, and the Senators as fathers, because he had come to Rome a child, and was then twenty-three years old. All who heard him were disposed in their hearts to take his part: the Senate however, as a body voted to detain Demetrius, and to assist in securing the crown for the boy left by the late king. Their motive in thus acting was, it seems to me, a mistrust inspired by the vigorous time of life to which Demetrius had attained, and an opinion that the youth and weakness of the boy who had succeeded to the kingdom

were more to their interest. And this was presently made manifest. For they appointed Gnaeus Octavius, Spurius Lucretius, and Lucius Aurelius as commissioners to arrange the affairs of the kingdom in accordance with the will of the Senate, on the ground that no one would resist their injunctions, the king being a mere child, and the nobles being quite satisfied at the government not being given to Demetrius, for that was what they had been most expecting. Gnaeus and his colleagues therefore started with instructions, first of all to burn the decked ships, next to hamstring the elephants, and generally to weaken the forces of the kingdom. They were also charged with the additional task of making an inspection of Macedonia; for the Macedonians, unaccustomed to democracy and a government by popular assembly, were splitting up into hostile factions. Gnaeus and his colleagues were also to inspect the state of Galatia and of the kingdom of Ariarathes. After a time the further task was imposed on them, by despatch from the Senate, of reconciling as well as they could the two kings in Alexandria....

13. While this was going on at Rome, envoys from the city, under Marcus Junius, had arrived to arbitrate on the disputes between the Gauls and king Ariarathes. For the Trocmi, having found themselves unable to annex any portion of Cappadocia by their unaided efforts, and having been promptly foiled in their audacious attempts, sought refuge with the Romans, and endeavoured to bring Ariarathes into discredit there. On this account an embassy under M. Junius was sent to Cappadocia. The king gave them a satisfactory account of the affair, treated them with great courtesy, and sent them away loud in his praises. And when subsequently Gnaeus Octavius and Spurius Lucretius arrived, and again addressed the king on the subject of his controversies with the Gauls, after a brief conversation on that subject, and saying that he would acquiesce in their decision without difficulty, he directed the rest of his remarks to the state of Syria, being aware that Octavius and his colleagues were going thither. He pointed out to them the unsettled state of the kingdom and the unprincipled character of the men at the head of affairs there; and added that he would escort them with an army, and remain on the watch for all emergencies, until they returned from Syria in safety. Gnaeus and his colleagues acknowledged the king's kindness and

zeal, but said that for the present they did not need the escort: on a future occasion, however, if need should arise, they would let him know without delay; for they considered him as one of the true friends of Rome.... *Ariarathes died soon after this embassy, and was succeeded by his son Ariarathes Philopator. B.C. 164. Livy, Ep. 46.*

14. About this time ambassadors arrived from Ariarathes, who had recently succeeded to the kingdom of Cappadocia, to renew the existing friendship and alliance with Rome, and in general to exhort the Senate to accept the king's affection and goodwill, which he entertained, both in their private and public capacity, for all the Romans. The Senate, on hearing this, acceded to the request for the renewal of the friendship and alliance, and graciously acknowledged the general amity of the king. The chief reason for this warmth on the part of the Senate was the report of the envoys under Tiberius, who, when sent to inspect the state of Cappadocia, had returned full of the praises of the late king and of his kingdom generally. It was on the credit of this report that the Senate received the ambassadors of Ariarathes graciously, and acknowledged the goodwill of the king....

15. Having somewhat recovered from their previous disaster, the Rhodians sent Cleagoras with ambassadors to Rome to ask that Calynda should be ceded to them, and to petition the Senate that those of their citizens who had properties in Lycia and Caria might be allowed to retain them as before. They had also voted to raise a colossal statue of the Roman people thirty cubits high, to be set up in the temple of Athenè....

16. The Calyndians having broken off from Caunus, and the Caunians being about to besiege Calynda, the Calyndians first called in the aid of the Cnidians; and, on their sending the required support, they held out against their enemies for a time: but becoming alarmed as to what would happen, they sent an embassy to Rhodes, putting themselves and their city in its hands. Thereupon the Rhodians sent a naval and military force to their relief, forced the Caunians to raise the siege, and took over the city....

17. When Ariarathes, king of Cappadocia, had received his ambassadors on their return from Rome, judging from the answers they brought that his kingdom was secured, because he had gained the goodwill of Rome, he offered a thank-offering to the gods for

what had happened, and entertained his nobles at a feast. He then sent ambassadors to Lysias in Antioch, desiring to be allowed to bring away the bones of his sister and mother. He determined not to say a word of blame as to the crime that had been committed, lest he should irritate Lysias, and so fail to effect his present object, though he was in fact greatly incensed at it. He gave his envoys therefore instructions couched in terms of courteous request. Lysias and his friends acceded to his wishes; and the bones having been conveyed to Cappadocia, the king received them in great state, and buried them next the tomb of his father with affectionate reverence....

Artaxias wished to kill a man, but on the remonstrances of Ariarathes did not do so, and held him on the contrary in higher respect than ever. So decisive is the influence of justice, and of the opinions and advice of good men, that they often prove the salvation of foes as well as of friends, and change their whole characters for the better....

Good looks are a better introduction than any letter.... *The quarrels of the two kings of Egypt, Ptolemy VI. Philometor and Euergetes II. (or Ptolemy VII.) Physcon. The former had been expelled by the latter, and had taken refuge in Cyprus, but had been restored by a popular outbreak in his favour, and under the authority of Commissioners sent from Rome, B.C. 164. (Livy, Ep. 46. Diod. Sic. fr. xi.) Fresh quarrels however broke out, in the course of which Physcon was much worsted by his brother, (Diod. Sic. fr. of 31), and at length it was arranged that one should reign in Egypt the other in Cyrene. B.C. 162. (Livy, Ep. 47.)* 18. After the Ptolemies had made their partition of the kingdom, the younger brother arrived in Rome desiring to set aside the division made between himself and his brother, on the ground that he had not acceded to the arrangement voluntarily, but under compulsion, and yielding to the force of circumstances. He therefore begged the Senate to assign Cyprus to his portion; for, even if that were done, he should still have a much poorer share than his brother. Canuleius and Quintus supported Menyllus, the ambassador of the elder Ptolemy, by protesting that "the younger Ptolemy owed his possession of Cyrene and his very life to them, so deep was the anger and hatred of the common people to him; and that, accordingly, he had been only too glad to receive

the government of Cyrene, which he had not hoped for or expected; and had exchanged oaths with his brother with the customary sacrifices.” To this Ptolemy gave a positive denial: and the Senate, seeing that the division was clearly an unequal one, and at the same time wishing that, as the brothers themselves were the authors of the division being made at all, it should be effected in a manner advantageous to Rome, granted the petition of the younger Ptolemy with a view to their own interest. Measures of this class are very frequent among the Romans, by which they avail themselves with profound policy of the mistakes of others to augment and strengthen their own empire, under the guise of granting favours and benefiting those who commit the errors. On this principle they acted now. They saw how great the power of the Egyptian kingdom was; and fearing lest, if it ever chanced to obtain a competent head, he would grow too proud, they appointed Titus Torquatus and Gnaeus Merula to establish Ptolemy Physcon in Cyprus, and thus to carry out their own policy while satisfying his. These commissioners were accordingly at once despatched with instructions to reconcile the brothers to each other, and to secure Cyprus to the younger.... *When the Roman commissioners (see ch. 12) arrived in Syria, and began carrying out their orders, by burning the ships and killing the elephants, the popular fury could not be restrained; and Gnaeus Octavius was assassinated in the gymnasium at Laodicea by a man named Leptines. Lysias did his best to appease the anger of the Romans, by giving Octavius honourable burial, and by sending an embassy to Rome to protest his innocence. Appian, Syr. 46. 19.* News having come to Rome of the disaster by which Gnaeus Octavius lost his life, ambassadors also arrived from king Antiochus, sent by Lysias, who vehemently protested that the king’s friends had had no part in the crime. But the Senate showed scant attention to the envoys, not wishing to make any open declaration on the subject or to allow their opinion to become public in any way.

But Demetrius was much excited by the news, and immediately summoned Polybius to an interview, and consulted him as to whether he should once more bring his claims before the Senate. Polybius advised him “not to stumble twice on the same stone,” but to depend upon himself and venture something worthy of a king; and he

pointed out to him that the present state of affairs offered him many opportunities. Demetrius understood the hint, but said nothing at the time; but a short while afterwards consulted Apollonius one of his intimate friends, on the same subject. This man, being simple minded and very young, advised him to make another trial of the Senate. "He was convinced," he said, "that, since it had deprived him of his kingdom without any just excuse, it would at least release him from his position of hostage; for it was absurd that, when the boy Antiochus had succeeded to the kingdom in Syria, Demetrius should be a hostage for him." Persuaded by these arguments he once more obtained a hearing of the Senate, and claimed to be relieved of his obligations as a hostage, since they had decided to secure the kingdom to Antiochus. But, though he pleaded his cause with many arguments, the Senate remained fixed in the same resolve as before. And that was only what was to be expected. For they had not, on the former occasion, adjudged the continuance of the kingdom to the child on the ground that the claim of Demetrius was not just, but because it was advantageous to Rome that it should be so; and as the circumstances remained precisely the same, it was only natural that the policy of the Senate should remain unchanged also.

20. Demetrius having thus delivered himself in vain of his swan's song, his last appeal, and becoming convinced that Polybius had given him good advice, repented of what he had done. But he was naturally of a lofty spirit, and possessed sufficient daring to carry out his resolutions. He promptly called Diodorus, who had recently arrived from Syria, to his aid, and confided his secret purpose to him. Diodorus had had the charge of Demetrius as a child, and was a man of considerable adroitness, who had besides made a careful inspection of the state of affairs in Syria. He now pointed out to Demetrius that "The confusion caused by the murder of Octavius, — the people mistrusting Lysias, and Lysias mistrusting the people, while the Senate was convinced that the lawless murder of their envoy really originated with the king's friends, — presented a most excellent opportunity for his appearing on the scene: for the people there would promptly transfer the crown to him, even though he were to arrive attended by but one slave; while the Senate would not venture to give any further assistance or support to Lysias after such

an abominable crime. Finally, it was quite possible for them to leave Rome undetected, without any one having any idea of his intention.” This course being resolved upon, Demetrius sent for Polybius, and telling him what he was going to do, begged him to lend his assistance, and to join him in contriving to manage his escape.

There happened to be at Rome a certain Menyllus of Alabanda, on a mission from the elder Ptolemy to confront and answer the younger before the Senate. Between this man and Polybius there was a strong friendship and confidence, and Polybius therefore thought him just the man for the purpose in hand. He accordingly introduced him with all speed to Demetrius, and with warm expressions of regard. Being trusted with the secret, Menyllus undertook to have the necessary ship in readiness, and to see that everything required for the voyage was prepared. Having found a Carthaginian vessel anchored at the mouth of the Tiber, which had been on sacred service, he chartered it. (These vessels are carefully selected at Carthage, to convey the offerings sent by the Carthaginians to their ancestral gods at Tyre.) He made no secret about it but chartered the vessel for his own return voyage; and therefore was able to make his arrangements for provisions also without exciting suspicion, talking openly with the sailors and making an appointment with them.

21. When the shipmaster had everything ready, and nothing remained except for Demetrius to do his part, he sent Diodorus to Syria to gather information, and to watch the disposition of the people there. His foster-brother Apollonius took part in this expedition; and Demetrius also confided his secret to the two brothers of Apollonius, Meleager and Menestheus, but to no one else of all his suite, though that was numerous. These three brothers were the sons of the Apollonius who occupied so important a position at the court of Seleucus, but who had removed to Miletus at the accession of Antiochus Epiphanes. As the day agreed upon with the sailors approached, it was arranged that one of his friends should give an entertainment to serve as an excuse for Demetrius going out. For it was impossible that he should sup at home; as it was his constant habit, when he did so, to invite all his suite. Those who were in the secret were to leave the house after supper and go to the ship, taking one slave each with them; the rest they had sent on to

Anagnia, saying that they would follow next day. It happened that at this time Polybius was ill and confined to his bed; but he was kept acquainted with all that was going on by constant communications from Menyllus. He was therefore exceedingly anxious, knowing Demetrius to be fond of conviviality and full of youthful wilfulness, lest, by the entertainment being unduly prolonged, some difficulty should arise from over-indulgence in wine to prevent his getting away. He therefore wrote and sealed a small tablet; and just as it was getting dusk sent a servant of his own, with orders to ask for Demetrius's cupbearer and give him the tablet, without saying who he was or from whom he came, and to bid the cupbearer to give it to Demetrius to read at once. His orders were carried out, and Demetrius read the tablet, which contained the following apophthegms: —

“The ready hand bears off the sluggard's prize.”

“Night favours all, but more the daring heart.”

“Be bold: front danger: strike! then lose or win,
Care not, so you be true unto yourself.”

“Cool head and wise distrust are wisdom's sinews.”

22. As soon as Demetrius had read these lines, he understood their purport, and from whom they came; and at once pretending that he felt sick, he left the banquet escorted by his friends. Arrived at his lodging, he sent away those of his servants who were not suited to his purpose to Anagnia, ordering them to take the hunting nets and hounds and meet him at Cerceii, where it had been his constant custom to go boar hunting, which, in fact, was the origin of his intimacy with Polybius. He then imparted his plan to Nicanor and his immediate friends, and urged them to share his prospects. They all consented with enthusiasm; whereupon he bade them return to their own lodgings, and arrange with their servants to go before daybreak to Anagnia and meet them at Cerceii, while they got travelling clothes and returned to him, telling their domestics that they would join them, accompanied by Demetrius, in the course of the next day at Cerceii. Everything having been done in accordance with this order, he and his friends went to Ostia, at the mouth of the Tiber, by night. Menyllus preceded them and had a conversation with the sailors; telling them that orders had arrived from the king which

made it necessary for him to remain at Rome for the present, and to send some of the most trustworthy of his young men to his Majesty, to inform him of what had been done about his brother. He should not, therefore, he said, go on board himself; but the young men who were to sail would come about midnight. The shipmasters made no difficulty about it, as the passage money for which they had originally bargained was in their hands; and they had long made all their preparations for sailing, when Demetrius and his friends arrived about the third watch. There were altogether eight of them, besides five slaves and three boys. Menyllus entered into conversation with them, showed them the provisions in store for the voyage, and commended them earnestly to the care of the shipmaster and crew. They then went on board, and the pilot weighed anchor and started just as day was breaking, having absolutely no idea of the real state of the case, but believing that he was conveying some soldiers from Menyllus to Ptolemy.

23. At Rome, during the whole of the following day, no one was likely to make any inquiry for Demetrius or those who had gone with him. For those of his household who stayed in the city supposed him to have gone to Cerceii; and those at Anagnia were expecting him to come there too. The flight from Rome, therefore, was entirely unremarked; until one of his slaves, having been flogged at Anagnia, ran off to Cerceii, expecting to find Demetrius there; and not finding him, ran back again to Rome, hoping to meet him on the road. But as he failed to meet him anywhere, he went and informed his friends in Rome and the members of his household who had been left behind in his house. But it was not until the fourth day after his start that, Demetrius being looked for in vain, the truth was suspected. On the fifth the Senate was hastily summoned to consider the matter, when Demetrius had already cleared the Straits of Messina. The Senate gave up all idea of pursuit: both because they imagined that he had got a long start on the voyage (for the wind was in his favour), and because they foresaw that, though they might wish to hinder him, they would be unable to do so. But some few days afterwards they appointed Tiberius Gracchus, Lucius Lentulus, and Servilius Glaucia as commissioners: first to inspect the state of Greece; and, next, to cross to Asia and watch the result of Demetrius's attempt, and

examine the policy adopted by the other kings, and arbitrate on their controversies with the Gauls. Such were the events in Italy this year....

Demetrius expecting the arrival of the commissioner who was to be sent to him....

24. The dissoluteness of the young men in Rome had grown to such a height, and broke out in such extravagances, that there were many instances of men purchasing a jar of Pontic salt-fish for three hundred drachmae. In reference to which Marcus Porcius Cato once said to the people in indignation, that no better proof could be shown of the degeneracy of the state than that good-looking slaves should fetch more than a farm, and a jar of salt-fish more than a carter....

25. The Rhodians, though in other respects maintaining the dignity of their state, made in my opinion a slight lapse at this period. They had received two hundred and eighty thousand medimni of corn from Eumenes, that its value might be invested and the interest devoted to pay the fees of the tutors and schoolmasters of their sons. One might accept this from friends in a case of financial embarrassment, as one might in private life, rather than allow children to remain uneducated for want of means; but where means are abundant a man would rather do anything than allow the schoolmaster's fee to be supplied by a joint contribution from his friends. And in proportion as a state should hold higher notions than an individual, so ought governments to be more jealous of their dignity than private men, and above all a Rhodian government, considering the wealth of the country and its high pretensions....

26. After this the younger Ptolemy arrived in Greece with the Roman commissioners, and began collecting a formidable army of mercenaries, among whom he enlisted Damasippus the Macedonian, who, after murdering the members of the council at Phacus, fled with his wife and children from Macedonia, and after reaching Peraea, opposite Rhodes, and being entertained by the people there, determined to sail to Cyprus. But when Torquatus and his colleagues saw that Ptolemy had collected a formidable corps of mercenaries, they reminded him of their commission, which was to restore him "without a war," and at last persuaded him to go as far as Side (in Pamphylia), and there disband his mercenaries, give up his idea of

invading Cyprus, and meet them on the frontiers of Cyrene. Meanwhile, they said that they would sail to Alexandria, and induce the king to consent to their demands, and would meet him on the frontiers, bringing the other king with them. The younger Ptolemy was persuaded by these arguments, gave up the attack upon Cyprus, dismissed the mercenaries, and first sailed to Crete, accompanied by Damasippus and Gnaeus Merula, one of the commissioners; and, after enlisting about a thousand soldiers in Crete, put to sea and crossed to Libya, landing at Apis.

27. Meanwhile Torquatus had crossed to Alexandria and was trying to induce the elder Ptolemy to be reconciled to his brother, and yield Cyprus to him. But Ptolemy, by alternate promises and refusals and the like, managed to waste the time, while the younger king lay encamped with his thousand Cretans at Apis in Libya, according to his agreement. Becoming thoroughly irritated at receiving no intelligence, he first sent Gnaeus Merula to Alexandria, hoping by this means to bring Torquatus and those with him to the place of meeting. But Merula was like the others in protracting the business: forty days passed without a word of intelligence, and the king was in despair. The fact was that the elder king, by using every kind of flattery, had won the commissioners over, and was keeping them by him, rather against their will than with it. Moreover, at this time the younger Ptolemy was informed that the people of Cyrene had revolted, that the cities were conspiring with them, and that Ptolemy Sympetesis had also taken their side. This man was an Egyptian by birth, and had been left by the king in charge of his whole kingdom when he was going on his journey to Rome. When the king was informed of this, and learned presently that the Cyreneans were encamped in the open country, afraid lest, in his desire to add Cyprus to his dominions, he might lose Cyrene also, he threw everything else aside and marched towards Cyrene. When he came to what is called the Great Slope, he found the Libyans and Cyreneans occupying the pass. Ptolemy was alarmed at this: but, putting half his forces on board boats, he ordered them to sail beyond the difficult ground, and show themselves on the rear of the enemy; while with the other half he marched up in their front and tried to carry the pass. The Libyans being panic-stricken at this double attack on front and rear, and

abandoning their position, Ptolemy not only got possession of the pass, but also of Tetrapyrgia, which lay immediately below it, in which there was an abundant supply of water. Thence he crossed the desert in seven days, the forces under Mochyrinus coasting along parallel to his line of march. The Cyreneans were encamped eight thousand five hundred strong, eight thousand infantry and five hundred cavalry: for having satisfied themselves as to the character of Ptolemy from his conduct at Alexandria, and seeing that his government and policy generally were those of a tyrant rather than a king, they could not endure the idea of becoming his subjects, but were determined to venture everything in their desire for freedom. And at last he was beaten....

28. At this time Gnaeus Merula also came from Alexandria, informing the king (Physcon) that his brother would consent to none of the proposals, but maintained that they ought to abide by the original agreements. On hearing this, Physcon selected the brothers Comanus and Ptolemy to go as ambassadors to Rome with Gnaeus, and inform the Senate of his brother's selfish and haughty behaviour. At the same time the elder Ptolemy sent away Titus Torquatus also without having attained the object of his mission. Such was the state of things in Alexandria and Cyrene....

BOOK XXXII

1. This year Comanus and his brother arrived at Rome on their mission from the younger Ptolemy, and Menyllus of Alabanda from the elder. Their interview with the Senate was the occasion of many mutual recriminations expressed with great bitterness; and when Titus Torquatus and Gnaeus Merula gave evidence in favour of the younger king, and supported him with great earnestness, the Senate voted that Menyllus and his colleagues should leave Rome within five days, and that the treaty of alliance with the elder Ptolemy should be annulled; but that they should send envoys to the younger to inform him of the decree of the Senate. Publius Apustius and Gaius Lentulus were appointed to this service, who immediately sailed to Cyrene, and with great despatch announced to Physcon the decree of the Senate. Greatly elated by this, Ptolemy began collecting mercenaries, and devoted his whole attention and energies to the acquisition of Cyprus. This was what was going on in Italy....

2. Not long before this period Massanissa resolved to try his strength with the Carthaginians. He saw how numerous the cities built along the lesser Syrtis were, and noticed the excellence of the district which they call Emporia, and he had long been casting an envious eye upon the revenues which those places produced. He quickly possessed himself of the open part of the country, because the Carthaginians were always averse from service in the field, and were at that time completely enervated by the long peace. But he was unable to get possession of the towns, because they were carefully guarded by the Carthaginians. Both parties then referring their case to the Roman Senate, and frequent embassies coming to Rome from both sides, it always happened that the Carthaginians got the worst of it in the judgment of the Romans, not on the merits of the case, but because the judges were convinced that such a decision was in their interests. For instance, not many years before this Massanissa was himself at the head of an army in pursuit of Aphther, who had revolted from him, and asked permission of the Carthaginians to go through this territory, which they refused on the ground that it had nothing to do with him. Owing, however, to the decisions given at

Rome during this period, the Carthaginians were put into such difficulties that they not only lost the cities and territory, but had to pay besides five hundred talents as mesne profits from the district. And this was the origin of the present controversy....

3. Prusias sent envoys to Rome with some Gauls to accuse Eumenes; and Eumenes in his turn sent his brother Attalus to rebut the accusations. Ariarathes sent a present of ten thousand gold pieces, and envoys to inform the Senate of the reception given to Tiberius Gracchus; and generally to ask for their commands, and to assure them that he would do anything they told him....

4. When Menochares arrived in Antioch to visit Demetrius, and informed the king of the conversation he had had with the commission under Tiberius Gracchus in Cappadocia, the king, thinking it a matter of the most urgent necessity to get these men on his side as much as he could, devoted himself, to the exclusion of every other business, to sending messages to them, first to Pamphylia, and then to Rhodes, undertaking to do everything the Romans wished; till at last he extracted their acknowledgment of him as king. The fact was that Tiberius was very favourably disposed to him; and, accordingly, materially contributed to the success of his attempt, and to his acquisition of the royal power. Demetrius took advantage of this to send envoys to Rome, taking with them a complimentary crown, the murderer of Gnaeus Octavius, and with them Isocrates the critic....

5. At this time came ambassadors from Ariarathes, bringing a complimentary present of ten thousand gold pieces, and announcing the king's faithful attachment to Rome; and of this they appealed to Tiberius and his colleagues as witnesses. Tiberius and his colleagues confirmed their statements: whereupon the Senate accepted the present with warm thanks, and sent back in return presents, which with them are the most honourable they can give — a sceptre and ivory chair. These ambassadors were dismissed at once by the Senate before the winter. But after them arrived Attalus when the new Consuls had already entered on their office; as well as the Gauls who had accusations against him, and whom Prusias had sent, with as many more from Asia. After giving all a hearing, the Senate not only acquitted Attalus of all blame, but dismissed him with additional

marks of their favour and kindness: for their friendship for and active support of Attalus was in the same proportion as their hostility and opposition to king Eumenes....

6. The ambassadors with Menochares arrived in Rome from Demetrius, bringing the present of ten thousand gold pieces, as well as the man who had assassinated Gnaeus Octavius. The Senate was for a long time doubtful what to do about these matters. Finally they received the ambassadors and accepted the present, but declined to receive the men who were thus brought prisoners. Yet Demetrius had sent not only Leptines, the actual assassin of Octavius, but Isocrates as well. The latter was a grammarian and public lecturer; but being by nature garrulous, boastful, and conceited, he gave offence even to the Greeks, Alcaeus and his friends being accustomed to direct their wit against him and hold him up to ridicule in their scholastic discussions. When he arrived in Syria, he displayed contempt for the people of the country; and not content with lecturing on his own subjects, he took to speaking on politics, and maintained that "Gnaeus Octavius had been rightly served; and that the other ambassadors ought to be put to death also, that there might be no one left to report the matter to the Romans; and so they might be taught to give up sending haughty injunctions and exercising unlimited power." By such random talk he got into this trouble.

7. And there is a circumstance connected with both these men that is worth recording. After assassinating Gnaeus, Leptines immediately went openly about Laodicea, asserting that what he had done was just, and that it had been effected in accordance with the will of the gods. And when Demetrius took possession of the government, he went to the king exhorting him to have no fear about the murder of Gnaeus, nor to adopt any measures of severity against the Laodiceans; for that he would himself go to Rome and convince the Senate that he had done this deed in accordance with the will of the gods. And finally, thanks to his entire readiness and even eagerness to go, he was taken without chains or a guard. But directly Isocrates found himself included under this charge, he went entirely beside himself with terror; and, after the collar and chain were put on his neck, he would rarely touch food, and completely neglected all care of his body. He accordingly arrived at Rome a truly astonishing

spectacle, sufficient to convince us that nothing can be more frightful than a man, in body and soul alike, when once divested of his humanity. His aspect was beyond all measure terrifying and savage, as might be expected in a man who had neither washed the dirt from his body, nor pared his nails, nor cut his hair, for a year. The wild glare and rolling of his eyes also showed such inward horror, that any one who saw him would have rather approached any animal in the world than him. Leptines, on the contrary, maintained his original view: was ready to appear before the Senate; owned plainly to all who conversed with him what he had done; and asserted that he would meet with no severity at the hands of the Romans. And eventually his expectation was fully justified. [The Senate decide to keep the question of the murder open.] For the Senate, from the idea, I believe, that, if it received and punished the guilty men, the populace would consider that full satisfaction had been taken for the murder, refused almost outright to receive them; and thus kept the charge in reserve, that they might have the power of using the accusation whenever they chose. They therefore confined their answer to Demetrius to these words: "He shall find all favour at our hands, if he satisfy the Senate in accordance with the obedience which he owed to it before."...

There came also ambassadors from the Achaeans, headed by Xenon and Telecles, in behalf of their accused compatriots, and especially in behalf of Polybius and Stratius; for lapse of time had now brought an end to the majority, or at any rate to those of any note. The ambassadors came with instructions couched in a tone of simple entreaty, in order to avoid anything like a contest with the Senate. But when they had been admitted and delivered their commission in proper terms, even this humble tone failed to gain their end, and the Senate voted to abide by their resolve....

8. The strongest and most honourable proof of the integrity of Lucius Aemilius Paulus was made public after his death. For the character which he enjoyed while alive was found to be justified at his death, than which there can be no clearer proof of virtue. No one of his contemporaries brought home more gold from Iberia than he; no one captured such enormous treasures as he did in Macedonia; and yet, though in both these countries he had the most unlimited

authority, he left so small a private fortune, that his sons could not pay his wife's jointure wholly from the sale of his personalty, and were obliged to sell some of his real estate also to do so, a fact of which I have already spoken in some detail. This forces us to acknowledge that the fame of the men who have been admired in Greece in this respect suffers by a comparison. For if to abstain from appropriating money, entrusted to a man for the benefit of the depositor, deserves our admiration, — as is said to have happened in the case of the Athenian Aristeides and the Theban Epaminondas, — how much more admirable is it for a man to have been master of a whole kingdom, with absolute authority to do with it as he chose, and yet to have coveted nothing in it! And if what I say appears incredible to any of my readers, let them consider that the present writer was fully aware that Romans, more than any other people, would take his books into their hands, — because the most splendid and numerous achievements recorded therein belong to them; and that with them the truth about the facts could not possibly be unknown, nor the author of a falsehood expect any indulgence. No one then would voluntarily expose himself to certain disbelief and contempt. And let this be kept in mind throughout the whole course of my work, when I seem to be making a startling assertion about the Romans.

9. As the course of my narrative and the events of the time have drawn our attention to this family, I wish to carry out fully, for the sake of students, what was left as a mere promise in my previous book. I promised then that I would relate the origin and manner of the rise and unusually early glory of Scipio's reputation in Rome; and also how it came about that Polybius became so attached to and intimate with him, that the fame of their friendship and constant companionship was not merely confined to Italy and Greece, but became known to more remote nations also. We have already shown that the acquaintance began in a loan of some books and the conversation about them. But as the intimacy went on, and the Achaean detenus were being distributed among the various cities, Fabius and Scipio, the sons of Lucius Aemilius Paulus, exerted all their influence with the praetor that Polybius might be allowed to remain in Rome. This was granted: and the intimacy was becoming

more and more close, when the following incident occurred. One day, when they were all three coming out of the house of Fabius, it happened that Fabius left them to go to the Forum, and that Polybius went in another direction with Scipio. As they were walking along, in a quiet and subdued voice, and with the blood mounting to his cheeks, Scipio said, "Why is it, Polybius, that though I and my brother eat at the same table, you address all your conversation and all your questions and explanations to him, and pass me over altogether? Of course you too have the same opinion of me as I hear the rest of the city has. For I am considered by everybody, I hear, to be a mild effete person, and far removed from the true Roman character and ways, because I don't care for pleading in the law courts. And they say that the family I come of requires a different kind of representative, and not the sort that I am. That is what annoys me most."

10. Polybius was taken aback by the opening words of the young man's speech (for he was only just eighteen), and said, "In heaven's name, Scipio, don't say such things, or take into your head such an idea. It is not from any want of appreciation of you, or any intention of slighting you, that I have acted as I have done: far from it! It is merely that, your brother being the elder, I begin and end my remarks with him, and address my explanations and counsels to him, in the belief that you share the same opinions. However, I am delighted to hear you say now that you appear to yourself to be somewhat less spirited than is becoming to members of your family: for you show by this that you have a really high spirit, and I should gladly devote myself to helping you to speak or act in any way worthy of your ancestors. As for learning, to which I see you and your brother devoting yourselves at present with so much earnestness and zeal, you will find plenty of people to help you both; for I see that a large number of such learned men from Greece are finding their way into Rome at the present time. But as to the points which you say are just now vexing you, I think you will not find any one more fitted to support and assist you than myself." While Polybius was still speaking the young man seized his right hand with both of his, and pressing it warmly, said, "Oh that I might see the day on which you would devote your first attention to me, and join your life with mine.

From that moment I shall think myself worthy both of my family and my ancestors." Polybius was partly delighted at the sight of the young man's enthusiasm and affection, and partly embarrassed by the thought of the high position of his family and the wealth of its members. However, from the hour of this mutual confidence the young man never left the side of Polybius, but regarded his society as his first and dearest object.

11. From that time forward they continually gave each other practical proof of an affection which recalled the relationship of father and son, or of kinsmen of the same blood. The first impulse and ambition of a noble kind with which he was inspired was the desire to maintain a character for chastity, and to be superior to the standard observed in that respect among his contemporaries. This was a glory which, great and difficult as it generally is, was not hard to gain at that period in Rome, owing to the general deterioration of morals. Some had wasted their energies on favourite youths; others on mistresses; and a great many on banquets enlivened with poetry and wine, and all the extravagant expenditure which they entailed, having quickly caught during the war with Perseus the dissoluteness of Greek manners in this respect. And to such monstrous lengths had this debauchery gone among the young men, that many of them had given a talent for a young favourite. This dissoluteness had as it were burst into flame at this period: in the first place, from the prevalent idea that, owing to the destruction of the Macedonian monarchy, universal dominion was now secured to them beyond dispute; and in the second place, from the immense difference made, both in public and private wealth and splendour, by the importation of the riches of Macedonia into Rome. Scipio, however, set his heart on a different path in life; and by a steady resistance to his appetites, and by conforming his whole conduct to a consistent and undeviating standard, in about the first five years after this secured a general recognition of his character for goodness and purity.

12. His next object was to cultivate lofty sentiments in regard to money, and to maintain a higher standard of disinterestedness than other people. In this respect he had an excellent start in his association with his natural father (L. Aemilius): but he also had good natural impulses towards the right; and chance contributed

much to his success in this particular aim. For he first lost the mother of his adoptive father, who was the sister of his natural father Lucius, and wife of his adoptive grandfather, Scipio the Great. She left a large fortune, to which he was heir, and which gave him the first opportunity of giving a proof of his principles. Aemilia, for that was this lady's name, was accustomed to attend the women's processions in great state, as sharing the life and high fortune of Scipio. For besides the magnificence of her dress and carriage, the baskets, cups, and such implements for the sacrifice, which were carried in her train, were all of silver or gold on great occasions; and the number of maid-servants and other domestics that made up her train was in proportion to this splendour. All this establishment, immediately after Aemilia's funeral, Scipio presented to his own mother, who had long before been divorced by his father Lucius, and was badly off considering the splendour of her birth. She had therefore in previous years refrained from taking part in grand public processions; but now, as there chanced to be an important state sacrifice, she appeared surrounded with all the splendour and wealth which had once been Aemilia's, using among other things the same muleteers, pair of mules, and carriage. The ladies, therefore, who saw it were much impressed by the kindness and liberality of Scipio, and all raised their hands to heaven and prayed for blessings upon him. This act, indeed, would be thought honourable anywhere, but at Rome it was quite astonishing: for there no one ever thinks of giving any of his private property to any one if he can help it. This was the beginning of Scipio's reputation for nobility of character, and it spread very widely, — for women are talkative and prone to exaggeration whenever they feel warmly.

13. The next instance was his conduct to the daughters of the Great Scipio, sisters to his adoptive father. When he took the inheritance he was bound to pay them their portion. For their father covenanted to give each of his two daughters a marriage portion of fifty talents. Half of this their mother paid down at once to their husbands, but left the other half undischarged when she died. Now, the Roman law enjoins the payment of money due to women as dowry in three annual instalments, the personal outfit having been first paid within ten months according to custom. But Scipio instructed his banker at

once to pay the twenty-five talents to each within the ten months. When, therefore, Tiberius Gracchus and Scipio Nasica, for they were the husbands of these ladies, called on the banker at the expiration of the ten months, and asked whether Scipio had given him any instructions as to the money, he told them they might have it at once, and proceeded to enter the transfer of twenty-five talents to each. They then said that he had made a mistake, for they had no claim for the whole as yet, but only took a third according to the law; and upon the banker answering that such were his instructions from Scipio, they could not believe him, and went to call on the young man, supposing him to have made a mistake. And, indeed, their feelings were natural: for at Rome, so far from paying fifty talents three years in advance, no one will pay a single talent before the appointed day; so excessively particular are they about money, and so profitable do they consider time. However, when they reached Scipio and asked him what instructions he had given his banker, on his replying, "To pay both sisters the whole sum due to them," they told him he had made a mistake; and with a show of friendly regard pointed out to him that, according to the laws, he had the use of the money for a considerable time longer. But Scipio replied that he was quite aware of all that; but that close reckoning and legal exactness were for strangers; with relations and friends he would do his best to behave straightforwardly and liberally. He therefore bade them draw on the banker for the whole sum. When Tiberius and Nasica heard this they returned home in silence, quite confounded at the magnanimity of Scipio, and condemning themselves for meanness, though they were men of as high a character as any at Rome.

14. Two years afterwards, when his natural father, Lucius Aemilius, died, and left him and his brother Fabius joint heirs to his property, he did an act honourable to himself and worthy to be recorded. Lucius died without children in the eyes of the law, for the two elder had been adopted into other families, and the other sons, whom he was bringing up to be the successors to himself and to continue his family, all died; he therefore left his property to these two. But Scipio, perceiving that his brother was worse off than himself, renounced the whole of his share of the inheritance, though the property was valued altogether at over sixty talents, with a view

of thus putting Fabius on an equality with himself in point of wealth. This was much talked about; but he afterwards gave a still clearer proof of his liberality. For when his brother wished to give some gladiatorial games in honour of his father, but was unable to support the expense, because of the enormous costliness of such things, Scipio contributed half of this also from his own pocket. Now the cost of such an exhibition, if it is done on a large scale, does not amount in all to less than thirty talents. While the fame of his liberality to his mother was still fresh, she died; and so far from taking back any part of the wealth he had recently bestowed on her, of which I have just spoken, Scipio gave it and the entire residue of his mother's property to his sisters, though they had no legal claim at all upon it. Accordingly his sisters again adopted the splendour and retinue which Aemilia had employed in the public processions; and once more the liberality and family affection of Scipio were recalled to the minds of the people.

With such recommendations dating from his earliest years, Publius Scipio sustained the reputation for high morality and good principles, which he had won by the expenditure of perhaps sixty talents, for that was the sum which he bestowed from his own property. And this reputation for goodness did not depend so much on the amount of the money, as on the seasonableness of the gift and the graciousness with which it was bestowed. By his strict chastity, also, he not only saved his purse, but by refraining from many irregular pleasures he gained sound bodily health and a vigorous constitution, which accompanied him through the whole of his life and repaid him with many pleasures, and noble compensations for the immediate pleasures from which he had formerly abstained.

15. Courage, however, is the most important element of character for public life in every country, but especially in Rome: and he therefore was bound to give all his most serious attention to it. In this he was well seconded by Fortune also. For as the Macedonian kings were especially eager about hunting, and the Macedonians devoted the most suitable districts to the preservation of game, these places were carefully guarded during all the war time, as they had been before, and yet had not been hunted the whole of the four years owing to the public disturbances: the consequence was that they were

full of every kind of animal. But when the war was decided, Lucius Aemilius, thinking that hunting was the best training for body and courage his young soldiers could have, put the royal huntsmen under the charge of Scipio, and gave him entire authority over all matters connected with the hunting. Scipio accepted the duty, and, looking upon himself as in a quasi-royal position, devoted his whole time to this business, as long as the army remained in Macedonia after the battle of Pydna. Having then ample opportunity for following this kind of pursuit, and being in the very prime of his youth and naturally disposed to it, the taste for hunting which he acquired became permanent. Accordingly when he returned to Rome, and found his taste supported by a corresponding enthusiasm on the part of Polybius, the time that other young men spent in law courts and formal visits, haunting the Forum and endeavouring thereby to ingratiate themselves with the people, Scipio devoted to hunting; and, by continually displaying brilliant and memorable acts of prowess, won a greater reputation than others, whose only chance of gaining credit was by inflicting some damage on one of their fellow-citizens, — for that was the usual result of these law proceedings. Scipio, on the other hand, without inflicting annoyance on any one, gained a popular reputation for manly courage, rivalling eloquence by action. The result was that in a short time he obtained a more decided superiority of position over his contemporaries, than any Roman is remembered to have done; although he struck out a path for his ambition which, with a view to Roman customs and ideas, was quite different from that of others.

16. I have spoken somewhat at length on the character of Scipio, because I thought that such a story would be agreeable to the older, and useful to the younger among my readers. But especially because I wished to make what I have to tell in my following books appear credible; that no one may feel any difficulty because of the apparent strangeness of what happened to this man; nor deprive him of the credit of achievements which were the natural consequences of his prudence, and attribute them to Fortune and chance. I must now return from this digression to the regular course of my history....

17. Thearidas and Stephanus conducted a mission from Athens and the Achaeans on the matter of the reprisals. For when the Delians

were ordered, in answer to an embassy to Rome after Delos had been granted to Athens, to depart from the island, but to take all their goods with them, they removed to Achaia; and having been enrolled as citizens of the league, wished to have their claims upon the Athenians decided, according to the convention existing between the Achaeans and Athens. But, on the Athenians denying that they had any right to plead under that agreement, the Delians demanded from the Achaeans license to make reprisals on the Athenians. The latter, therefore, sent an embassy to Rome on these points, and were answered that decisions made by the Achaeans according to their laws concerning the Delians were to be binding....

18. The people of Issa having often sent embassies to Rome, complaining that the Dalmatians damaged their territory and the cities subject to them, — meaning thereby Epetium and Tragyrum, — and the Daorsi also bringing similar complaints, the Senate sent a commission under Gaius Fannius to inspect the state of Illyria, with special reference to the Dalmatians. This people had been subject to Pleuratus as long as he was alive; but when he died, and was succeeded on the throne by Genthius, they revolted, overran the bordering territories, and reduced the neighbouring cities, some of which even paid them a tribute of cattle and corn. So Fannius and his colleague started on their mission....

19. Lyciscus the Aetolian was a factious turbulent agitator, and directly he was killed the Aetolians from that hour lived harmoniously and at peace with each other, simply from the removal of one man. Such decisive influence has character in human affairs, that we find not only armies and cities, but also national leagues and whole divisions of the world, experiencing the greatest miseries and the greatest blessings through the vice or virtue of one man....

Though he was a man of the worst character, Lyciscus ended his life by an honourable death; and accordingly, most people with some reason reproach Fortune for sometimes giving to the worst of men what is the prize of the good — an easy death....

20. There was a great change for the better in Aetolia when the civil war was stopped after the death of Lyciscus; and in Boeotia when Mnasippus of Coronea died; and similarly in Acarnania when Chremas was got out of the way. Greece was as though purified by

the removal from life of those accursed pests of the country. For in the same year Charops of Epirus chanced to die at Brundisium. Affairs in Epirus had been still in disorder and confusion as before, owing to the cruelty and tyranny of Charops, ever since the end of the war with Perseus. For Lucius Anicius having condemned some of the leading men in the country to death, and transported all others to Rome against whom there was the slightest suspicion, Charops at once got complete power to do what he chose; and thereupon committed every possible act of cruelty, sometimes personally, at others by the agency of his friends: for he was quite a young man himself, and was quickly joined by a crowd of the worst and most unprincipled persons, who gathered round him for the sake of plunder from other people. But what protected him and inclined people to believe that he was acting on a fixed design, and in accordance with the will of the Romans, was his former intimacy with them, and the support of the old man Myrton and his son Nicanor. These two had the character of being men of moderation and on good terms with the Romans; but though up to that time they had been widely removed from all suspicion of injustice, they now gave themselves up wholly to support and share in the lawless acts of Charops. This man, after murdering some openly in the market-place, others in their own houses, others by sending secret assassins to waylay them in the fields or on the roads, and selling the property of all whom he had thus killed, thought of another device. He put up lists of such men and women as were rich, condemning them to exile; and having held out this threat, he extracted money out of them, making the bargain himself with the men, and by the agency of his mother Philotis with the women; for this lady was well suited to the task, and for any act of violence was even more helpful than could have been expected in a woman.

21. When he and his mother had thus got all the money they could out of these persons, they none the less caused all the proscribed to be impeached before the people; and the majority in Phoenice, partly from fear and partly induced by the baits held out by Charops and his friends, condemned all thus impeached, for being ill-disposed to Rome, to death instead of banishment. These men, however, fled while Charops visited Rome, whither he went with money, and

accompanied by Myrton and Nicanor, wishing to get a seal of approval put to his wickedness by means of the Senate. On that occasion a very honourable proof was given of Roman principles; and a spectacle was displayed exceedingly gratifying to the Greeks residing in Rome, especially the detenus. Marcus Aemilius Lepidus, who was Pontifex Maximus and Princeps Senatus, and Lucius Aemilius, the conqueror of Perseus, a man of the highest credit and influence, learning what had been done by Charops in Epirus, refused to admit him into their houses. This becoming much talked about, the foreign residents in Rome were exceedingly rejoiced, and observed with pleasure that the Romans discountenanced evil. And on Charops being afterwards admitted to the Senate-house, the Senate refused to consent to his demands, but answered that "They would give instructions to commissioners to examine into what had taken place." But when Charops returned home he entirely suppressed this reply; and having written one to suit his own ideas, gave out that the Romans approved of what had been done by him....

22. King Eumenes was entirely broken in bodily strength, but still maintained his brilliancy of mind. He was a man who in most things was the equal of any king of his time; and in those which were the most important and honourable, was greater and more illustrious than them all. First, he succeeded his father in a kingdom reduced to a very few insignificant cities; and he raised it to the level of the largest dynasties of his day. And it was not chance which contributed to this, or a mere sudden catastrophe, it was his own acuteness, indefatigable industry, and personal labour. Again, he was exceedingly ambitious of establishing a good reputation, and showed it by doing good services to a very large number of cities, and enriching privately a great many men. And in the third place, he had three brothers grown up and active, and he kept all four of them loyal to himself, and acting as guards of his person and preservers of the kingdom: and that is a thing of which there are very rare instances in history....

On succeeding his brother Eumenes on the throne, Attalus at once gave a specimen of his principles and activity by restoring Ariarathes to his kingdom....

23. When the envoys under Fannius returned from Illyria, and

reported that, so far from the Dalmatians making any restitution to those who asserted that they were being continually wronged by them, they refused even to listen to the commissioners at all, saying that they had nothing to do with the Romans. Besides, they reported that no lodging or entertainment of any sort had been supplied to them; but that the very horses, which they had procured from another city, the Dalmatians had forcibly taken from them; and would have laid violent hands upon themselves, if they had not yielded to necessity and retired as quietly as they could. The Senate listened attentively to the report; they were exceedingly angry at the disobedience and rudeness of the Dalmatians, but their prevailing feeling was that the present time was a suitable one for declaring war against this people for more reasons than one. For, in the first place, the coasts of Illyria towards Italy had been entirely neglected by them ever since they had expelled Demetrius of Pharos; and, in the next place, they did not wish their own citizens to become enervated by a long-continued peace; for it was now the twelfth year since the war with Perseus and the campaigns in Macedonia. They therefore planned that, by declaring war against the Dalmatians, they would at once renew as it were the warlike spirit and enterprise of their own people, and terrify the Illyrians into obedience to their injunctions. Such were the motives of the Romans for going to war with the Dalmatians. But to the world at large they gave out that they had determined on war owing to the insults offered to their legates....

24. King Ariarathes arrived in Rome in the course of the summer. And when Sextus Julius Caesar and his colleague had entered on their consulship, the king visited them privately, presenting in his personal appearance a striking picture of the dangers with which he was surrounded.

Ambassadors also arrived from Demetrius, headed by Miltiades, prepared to act in two capacities — to defend the conduct of Demetrius in regard to Ariarathes, and to accuse that king with the utmost bitterness. Orophernes also had sent Timotheus and Diogenes to represent him, conveying a crown for Rome, and charged to renew the friendship and alliance of Cappadocia with the Romans; but, above all, to confront Ariarathes, and both to answer his accusations and bring their own against him. In these private interviews Diogenes

and Miltiades and their colleagues made a better show, because they were many to one in the controversy; besides their personal appearance was better than that of Ariarathes, for they were at present on the winning side and he had failed. They had also the advantage of him, in making their statement of the case, that they were entirely unscrupulous, and cared nothing whatever about the truth of their words; and what they said could not be confuted, because there was no one to take the other side. So their lying statements easily prevailed, and they thought everything was going as they wished....

25. After reigning for a short time in Cappadocia in utter contempt of the customs of his country, Orophernes introduced the organised debaucheries of Ionia....

It has happened to not a few, from the desire for increasing their wealth, to lose their life along with their money. It was from being captivated by such passions that Orophernes, king of Cappadocia, perished and was expelled from his kingdom. But having briefly narrated the restoration of this king (Ariarathes), I will now bring back my narrative to its regular course; for at present I have, to the exclusion of Greek affairs, selected from those of Asia the events connected with Cappadocia out of their proper order, because it was impossible to separate the voyage of Ariarathes from Italy from his restoration to his kingdom. I will therefore now go back to the history of Greece during this period, in which a peculiar and extraordinary affair took place in regard to the city of Oropus, of which I will give the whole story from beginning to end, going both backward and forward in point of time, that I may not render the history of an episode which was made up of separate events, and was not on the whole important, still more insignificant and indistinct by relating it under different years. For when an event as a whole does not appear to readers to be worth attention, I cannot certainly expect a student to follow its details scattered at intervals through my history....

For the most part when things go well men generally get on together; but in times of failure, in their annoyance at events, they become sore and irritable with their friends. And this is what happened to Orophernes, when his affairs began to take a wrong turn

in his relations with Theotimus, — both indulging in mutual recriminations....

26. Ambassadors having arrived from Epirus about this time, sent both from those who were in actual possession of Phoenice and from those who been banished from it; and both parties having made their statement in presence of each other, the Senate answered that they would give instructions on this point to the commissioners that were about to be sent into Illyria with Gaius Marcius the Consul....

27. After defeating Attalus, and advancing to Pergamum, Prusias prepared a magnificent sacrifice and brought it to the sacred enclosure of Asclepius, and after offering the victims, and having obtained favourable omens, went back into his camp for that day; but on the next he directed his forces against the Nicephorium, and destroyed all the temples and sacred enclosures, and plundered all the statues of men and the marble images of the gods. Finally he carried off the statue of Asclepius also, an admirably executed work of Phryomachus, and transferred it to his own country, — the very image before which the day before he had poured libations and offered sacrifice; desiring, it would seem, that the god might in every way be propitious and favourable to him. I have spoken of such proceedings before, when discoursing on Philip, as sheer insanity. For at one time to offer sacrifice, and endeavour to propitiate heaven by their means, worshipping and uttering the most earnest prayers before holy tables and altars, as Prusias was wont to do, with bendings of the knee and effeminate prostrations, and at the same time to violate these sacred objects and to flout heaven by their destruction, — can we ascribe such conduct to anything but a mind disordered and a spirit lost to sober reason? I am sure this was the case with Prusias: for he led his army off to Elaea, without having performed a single act of manly courage in the course of his attempts on Pergamum, and after treating everything human and divine with petty and effeminate spite. He attempted to take Elaea, and made some assaults upon it; but being unable to effect anything, owing to Sosander, the king's foster-brother, having thrown himself into the town with an army and repelling his assaults, he marched off towards Thyateira. In the course of his march, he plundered the temple of Artemis in the Holy village; and the sacred enclosure of Apollo

Cynneius at Temnus likewise he not only plundered but destroyed by fire. After these achievements he returned home, having waged war against the gods as well as against men. But Prusias's infantry also suffered severely from famine and dysentery on their return march, so that the wrath of heaven appears to have quickly visited him for these crimes....

28. After his defeat by Prusias Attalus appointed his brother Athenaeus to accompany Publius Lentulus to Rome to inform the Senate of what had happened. At Rome they had not paid much attention when a previous messenger named Andronicus had come from Attalus, with news of the original invasion; because they suspected that Attalus wished to attack Prusias himself, and was therefore getting up a case against him beforehand, and trying to prejudice him in their eyes by these accusations; and when Nicomedes and some ambassadors from Prusias, headed by Antiphilus, arrived and protested that there was not a word of truth in the statement, the Senate was still more incredulous of what had been said about Prusias. But when after a time the real truth was made known, the Senate still felt uncertain, and sent Lucius Apuleius and Gaius Petronius to investigate what was the state of the case in regard to these two kings.

BOOK XXXIII

1. Before spring this year the Senate, after hearing the report of Publius Lentulus and his colleagues, who had just reached Rome from Asia, in the business of king Prusias, called in Athenaeus also, brother of king Attalus. The matter, however, did not need many words: the Senate promptly appointed Gaius Claudius Cento, Lucius Hortensius, and Gaius Arunculeius, to accompany Athenaeus home, with instructions to prevent Prusias from waging war against Attalus.

Also Xeno of Aegium and Telecles of Tegea arrived as ambassadors from the Achaeans in behalf of the Achaean detenus. After the delivery of their speech, on the question being put to the vote, the Senators only refused the release of the accused persons by a very narrow majority. The man who really prevented the release from being carried was Aulus Postumius, who was praetor, and as such presided in the Senate on that occasion. Three alternatives were proposed — one for an absolute release, another for an absolute refusal, and a third for a postponement of the release for the present. The largest numbers were for the first of these three; but Postumius left out the third, and put the two first to the vote together, release or no release; the result was that those who were originally for the postponement transferred their votes to the party that were against the release, and thus gave a majority against release....

3. When the ambassadors returned to Achaia with the news that the restoration of all the detenus had been only lost in the Senate by a narrow majority, the people becoming hopeful and elated sent Telecles of Megalopolis and Anaxidamus on a fresh mission at once. That was the state of things in the Peloponnese....

4. Aristocrates, the general of the Rhodians, was in appearance a man of mark and striking ability; and the Rhodians, judging from this, believed that they had in him a thoroughly adequate leader and guide in the war. But they were disappointed in their expectations: for when he came to the test of experience, like spurious coin when brought to the furnace, he was shown to be a man of quite a different sort. And this was proved by actual facts....

5. [Demetrius] offered him five hundred talents if he would

surrender Cyprus to him, with other similar advantages and honours from himself if he would do him this service....

Archias, therefore, wishing to betray Cyprus to Demetrius, and being caught in the act and led off to stand his trial, hanged himself with one of the ropes of the awnings in the court. For it is a true proverb that led by their desires “the reckonings of the vain are vain.” This man, for instance, imagining that he was going to get five hundred talents, lost what he had already, and his life into the bargain....

6. About this time an unexpected misfortune befell the people of Priene. They had received a deposit of four hundred talents from Orophernes when he got possession of the kingdom; and subsequently when Ariarathes recovered his dominion he demanded the money of them. But they acted like honest men, in my opinion, in declaring that they would deliver it to no one as long as Orophernes was alive, except to the person who deposited it with them; while Ariarathes was thought by many to be committing a breach of equity in demanding a deposit made by another.

However, up to this point, one might perhaps pardon his making the attempt, because he looked upon the money as belonging to his own kingdom; but to push his anger and imperious determination as much farther as he did seems utterly unjustifiable. At the period I refer to, then, he sent troops to pillage the territory of Priene, Attalus assisting and urging him on from the private grudge which he entertained towards the Prienians. After losing many slaves and cattle, some of them being slaughtered close to the city itself, the Prienians, unable to defend themselves, first sent an embassy to the Rhodians, and eventually appealed for protection to Rome....

But he would not listen to the proposal. So it came about that the Prienians, who had great hopes from the possession of so large a sum of money, found themselves entirely disappointed. For they repaid Orophernes his deposit, and, thanks to this same deposit, were unjustly exposed to severe damage at the hands of Ariarathes....

7. This year there came ambassadors also from the people of Marseilles, who had long been suffering from the Ligurians, and at that time were being closely invested by them, while their cities of Antipolis and Nicaea were also subjected to a siege. They, therefore,

sent ambassadors to Rome to represent the state of things and beg for help. On their being admitted, the Senate decided to send legates to see personally what was going on, and to endeavour by persuasion to correct the injurious proceedings of the barbarians.... *The peaceful mission failed, and the consul Opimius subdued the Oxybii, a Ligurian tribe, in arms, B.C. 154. Livy, Ep. 47. 8.* At the same time as the Senate despatched Opimius to the war with the Oxybii, Ptolemy the younger arrived at Rome; and being admitted to the Senate brought an accusation against his brother, laying on him the blame of the attack against his life. He showed the scars of his wounds, and speaking with all the bitterness which they seemed to suggest, moved his hearers to pity him; and when Neolaidas and Andromachus also came on behalf of the elder Ptolemy, to answer the charges brought by his brother, the Senate refused even to listen to their pleas, having been entirely prepossessed by the accusations of the younger. They commanded them to leave Rome at once; while they assigned five commissioners to the younger, headed by Gnaeus Merula and Lucius Thermus, with a quinquereme for each commissioner, and ordered them to restore Ptolemy (Physcon) to Cyprus; and at the same time sent a circular to their allies in Greece and Asia, granting permission to them to assist in the restoration of Ptolemy....

9. When the commissioners under Hortensius and Arunculeius returned from Pergamum, and reported Prusias's disregard of the orders of the Senate; and how by an act of treachery he had besieged them and Attalus in Pergamum, and had given rein to every kind of violence and lawlessness: the Senate, enraged and offended at what had happened, immediately appointed ten commissioners, headed by Lucius Anicius, Gaius Fannius, and Quintus Fabius Maximus, and sent them out with instructions to put an end to the war, and compel Prusias to indemnify Attalus for the injuries received by him during the war....

10. On the complaint of the ambassadors of Marseilles as to their injuries sustained at the hands of the Ligurians, the Senate at once appointed a commission, consisting of Flaminius, Popilius Laenas, and Lucius Pupius, who sailed with the envoys of Marseilles, and landed in the territory of the Oxybii at the town of Aegitna. The

Ligurians, hearing that they were come to bid them raise the siege, descended upon them as they lay at anchor, and prevented the rest from disembarking; but finding Flaminius already disembarked and his baggage landed, they began by ordering him to leave the country, and on his refusal they began to plunder his baggage. His slaves and freedmen resisting this, and trying to prevent them, they began to use violence and attacked them with their weapons. When Flaminius came to the rescue of his men they wounded him, and killed two of his servants, and chased the rest down to their ship, so that Flaminius only escaped with his life by cutting away the hawsers and anchors. He was conveyed to Marseilles and his wound attended to with all possible care; but when the Senate was informed of the transaction, it immediately ordered one of the consuls, Quintus Opimius, to lead an army against the Oxybii and Deciatae.

11. Having collected his army at Placentia, Quintus Opimius marched over the Apennines and arrived in the territory of the Oxybii; and, pitching his camp on the river Apro, awaited the enemy, being informed that they were mustering their forces and were eager to give him battle. Meanwhile, he advanced to Aegitna, where the ambassadors had been outraged, took the city by assault, and sold its inhabitants as slaves, sending the ringleaders in the outrage to Rome in chains. Having done this, he went to meet the enemy. The Oxybii, convinced that their violence to the ambassadors admitted of no terms being granted them, with all the courage of desperation, and excited to the highest pitch of furious enthusiasm, did not wait to be joined by the Deciatae, but, having collected to the number of about four thousand, rushed to the attack upon their enemy. Quintus was somewhat dismayed at the boldness of their attack, and at the desperate fury of the barbarians; but was encouraged by observing that the enemy were advancing in complete disorder, for he was an experienced soldier and a man of great natural sagacity. He therefore drew out his men, and, after a suitable harangue, advanced at a slow pace towards the enemy. His charge was delivered with great vigour: he quickly repulsed the enemy, killed a great many of them, and forced the rest into headlong flight. Meanwhile, the Deciatae had mustered their forces, and appeared on the ground intending to fight side by side with the Oxybii; but finding themselves too late for the

battle, they received the fugitives in their ranks, and after a short time charged the Romans with great fury and enthusiasm; but being worsted in the engagement, they immediately all surrendered themselves and their city at discretion to the Romans. Having thus become masters of these tribes, Opimius delivered over their territory on the spot to the people of Marseilles, and for the future forced the Ligurians to give hostages at certain fixed intervals to the Marsilians. He then deprived the tribes that had fought with them of their arms, and divided his army among the cities there for the winter, and himself took up his winter quarters in the country. Thus the war had a conclusion as rapid as its commencement.... 12. All the previous winter Attalus had been busy collecting a large army, Ariarathes and Mithridates having sent him a force of cavalry and infantry, in accordance with the terms of their alliance with him. While he was still engaged in these preparations the ten commissioners arrived from Rome: who, after meeting and conferring with him at Cadi about the business, started to visit Prusias, to whom on meeting him they explained the orders of the Senate in terms of serious warning. Prusias at once yielded to some of the injunctions, but refused to submit to the greater part. The Romans grew angry, renounced his friendship and alliance, and one and all started to return to Attalus. Thereupon Prusias repented; followed them a certain distance with vehement entreaties; but, failing to gain any concession, left them in a state of great doubt and embarrassment. The Romans, on their return to Attalus, bade him station himself with his army on his own frontier, and not to begin the war himself, but to provide for the security of the towns and villages in his territory: while they divided themselves, one party sailing home with all speed to announce to the Senate the disobedience of Prusias; another departing for Ionia; and a third to the Hellespont and the ports about Byzantium, all with one and the same purpose namely, to detach the inhabitants from friendship and alliance with Prusias, and to persuade them to adhere to Attalus and assist him to the best of their power....

13. At the same time Athenaeus set sail with eighty decked ships, of which five were quadriremes sent by the Rhodians for the Cretan war, twenty from Cyzicus, twenty-seven Attalus's own, and the rest contributed by the other allies. Having sailed to the Hellespont, and

reached the cities subject to Prusias, he made frequent descents upon the coast, and greatly harassed the country. But when the Senate heard the report of the commissioners who had returned from Prusias, they immediately despatched three new ones, Appius Claudius, Lucius Oppius, and Aulus Postumius: who, on arriving in Asia, put an end to the war by bringing the two kings to make peace, on condition of Prusias at once handing over to Attalus twenty decked ships, and paying him five hundred talents in twenty years, both retaining the territory which they had at the commencement of the war. Farther, that Prusias should make good the damage done to the inhabitants of Methymna, Aegae, Cymae, Heracleia, by a payment of a hundred talents to those towns. The treaty having been drawn out in writing on those terms, Attalus withdrew his army and navy to his own country. Such are the particulars of the events which took place in the quarrel between Attalus and Prusias....

14. An embassy again coming to Rome from Achaia in behalf of the detenus, the Senate voted to make no change.... 15. Heracleides came to Rome in the middle of summer, bringing Laodice and Alexander, and stayed there a long time, employing all the arts of cunning and corruption to win the support of the Senate.... Astymedes of Rhodes being appointed ambassador and navarch at the same time, came forward immediately and addressed the Senate on the war with Crete. The Senate listened with attention, and immediately appointed Quintus at the head of a commission to put an end to the war....

16. This year the Cretans sent Antiphatas, son of Telamnestus of Gortyn, with envoys to the Achaeans asking for help, and the Rhodians sent Theophanes with a similar mission. The Congress of the Achaeans was that year at Corinth: and on each body of ambassadors pleading their respective causes, the assembled people were more inclined towards the Rhodians, from respect to the reputation of their state, and the general character of their policy and statesmen. When Antiphatas saw this, he wished to come forward to make another speech; and, having obtained permission from the Strategus to do so, he spoke in weightier and more exalted terms than might be expected from a Cretan; for, in fact, the young man was in no way of the ordinary Cretan type, but had shunned the

characteristic principles of his countrymen. Accordingly the Achaeans received his plain speaking with favour; and still more for the sake of his father Telamnestus, who had taken a spirited part with them at the head of five hundred Cretans in their war against Nabis. However, none the less for that, after listening to him they were still inclined to aid the Rhodians, until Callicrates of Leontium stood up and said that they ought not to go to war in favour of either, or to send aid to either of the two peoples without the consent of the Romans. This argument decided them in favour of non-intervention....

17. Dispirited with the course things were taking, the Rhodians entered upon some measures and designs which were strange and unreasonable. In fact, they were much in the same state as men suffering from chronic diseases. It frequently happens that such men, when, in spite of following all the rules of medicine and obeying the prescriptions of the doctors, they are unable to make any advance towards improvement, give up all such efforts in despair, and either listen wholly to priests and seers, or try every sort of charm or amulet. So it was with the Rhodians. When their hopes were baffled in every direction, they were reduced to listen to every kind of suggestion, and to magnify and accept every kind of chance. Nor was this unnatural. For when nothing dictated by reason proves successful, and yet some action or another must necessarily be pushed on, there is no alternative but to try something which does not depend on reason. The Rhodians, having come to this dilemma, acted accordingly; and, among other things that were in defiance of reason, reelected as their archon a man of whom they disapproved....

18. Many different embassies having come to Rome, the Senate admitted Attalus, son of king of the young Eumenes I. For he had arrived at Rome at this time, still quite a young boy, to be introduced to the Senate, and to renew in his person the ancestral friendship and connexion with the Romans. After a kindly reception by the Senate and his father's friends, and after receiving the answer which he desired, and such honours as suited his time of life, he returned to his native land, meeting with a warm and liberal reception in all the Greek cities through which he passed on his return journey. Demetrius also came at this time, and, after receiving a fairly good

reception for a boy, returned home.

Then Heracleides entered the Senate, bringing Laodice and Alexander with him. The youthful Alexander first addressed the Senate, and begged the Romans “to remember their friendship and alliance with his father Antiochus, and if possible to assist him to recover his kingdom; or if they could not do that, at least to give him leave to return home, and not to hinder those who wished to assist him in recovering his ancestral crown.” Heracleides then took up the word, and, after delivering a lengthy encomium on Antiochus, came to the same point, namely, that they ought in justice to grant the young prince and Laodice leave to return and claim their own, as they were the true-born children of Antiochus. Sober-minded people were not all attracted by any of these arguments. They understood the meaning of this theatrical exhibition, and made no secret of their distaste for Heracleides. But the majority had fallen under the spell of Heracleides’s cunning, and were induced to pass the following decree:

“Alexander and Laodice, children of a king, our friend and ally, appeared before the Senate and stated their case; and the Senate gave them authority to return to the kingdom of their forefathers; and help, in accordance with their request, is hereby decreed to them.” Seizing on this pretext, Heracleides immediately began hiring mercenaries, and calling on some men of high position to assist him. He accordingly went to Ephesus and devoted himself to the preparations for his attempt....

19. Demetrius, who, when residing as a hostage at Rome, had fled and become king in Syria, was a man so much addicted to drunkenness that he spent the greater part of the day in drinking....

20. When once the multitude feel the impulse to violent love or hatred of any one, any pretext is good enough for indulging their feelings....

However, I am afraid I may fall under the common dilemma, “Which is the greater fool, the man who milks a he-goat, or the man who holds a sieve to catch the milk?” For I seem to be doing something of this sort in arguing and writing an essay on what every one acknowledges to be false. It is, then, waste time to speak of such things, unless one cares to write down dreams, or look at dreams

with one's eyes open....

BOOK XXXIV

GEOGRAPHICAL FRAGMENTS

Polybius devoted one book of his history to a separate treatise on the geography of the continents. Strabo, 9, 1, 1. 1. In their Greek histories Eudoxus gave a good, but Ephorus the best, account of the foundations, blood connexions, migrations, and founders of states; but I shall now give some information on the position of countries and their distances, which are the subjects most properly belonging to the science of Geography....

2. It is not Homer's manner to indulge in mere mythological stories founded on no substratum of truth. For there is no surer way of giving an air of verisimilitude to fiction than to mix with it some particles of truth. And this is the case with the tale of the wanderings of Odysseus....

For instance, Aeolus, who taught the way of getting through the straits, where there are currents setting both ways, and the passage is rendered difficult by the indraught of the sea, came to be called and regarded as the dispenser and king of the winds; just as Danaus, again, who discovered the storages of water in Argos, and Atreus, who discovered the fact of the sun's revolution being in the opposite direction to that of the heaven, were called seers and priest-kings. So the priests of the Egyptians, the Chaldeans, and the Magi, being superior to the rest of the world in wisdom, obtained rule and honour in former generations. And on this principle, too, each one of the gods is honoured as the inventor of something useful to man. I do not allow therefore that Aeolus is wholly mythical, nor the wanderings of Odysseus generally. Some mythical elements have been undoubtedly added, as they have in the War of Ilium; but the general account of Sicily given by the poet agrees with that of other historians who have given topographical details of Italy and Sicily. I cannot agree therefore with the remark of Eratosthenes that "we shall discover where Odysseus wandered, when we find the cobbler who sewed up the leather bag of the winds." See for instance how Homer's description of Scylla agrees with what really happens at the

Scyllaeen rock, and the taking of the sword fish:

“And there she fishes, roaming round the rock,
For dog-fish and for dolphins, or what else
Of huger she may take that swims the sea.”

For the fact is that tunnies swimming in great shoals along the Italian coast, if they are drifted from their course and are prevented from reaching Sicily, fall a prey to the larger fish, such as dolphins, dog-fish, or other marine monsters; and from hunting these the sword-fish (called also xiphiae, or sometimes sea-dogs) are fattened. The same thing happens at a rise of the Nile, and other rivers, as in the case of a fire or a burning forest; the animals crowd together, and, in their effort to escape the fire or the water, fall a prey to stronger animals.

3. Fishing for sword-fish at the Scyllaeen rock is carried on in this way. A number of men lie in wait, two each in small two-oared boats, and one man is set to look out for them all. In the boat one man rows, while the other stands on the prow holding a spear. When the look-out man signals the appearance of a sword-fish (for the animal swims with one-third of its body above water), the boat rows up to it, and the man with the spear strikes it at close quarters, and then pulls the spear-shaft away leaving the harpoon in the fish's body; for it is barbed and loosely fastened to the shaft on purpose, and has a long rope attached to it. They then slacken the rope for the wounded fish, until it is wearied out with its convulsive struggles and attempts to escape, and then they haul it on to land, or, if its size is not too great, into the boat. And if the spear-shaft falls into the sea it is not lost; for being made of two pieces, one oak and the other pine, the oak end as the heavier dips under water, the other end rises above it and is easily got hold of. But sometimes it happens that the man rowing is wounded, right through the boat, by the immense size of the animal's sword; for it charges like a boar, and hunting the one is very like hunting the other.

This would lead us to conjecture that the wandering described by Homer was near Sicily, because he has assigned to Scylla the kind of fishing which is indigenous to the Scyllaeen rock; and because what he says of Charybdis correctly describes what does happen in the Straits. But the

“Thrice sends she up the darksome tide,”

Instead of twice “a day,” is an error to be ascribed to the copyist or the geographer. So also Meninx answers to his description of the Lotophagi.

4. Or if there are some points which do not answer, we must lay the blame on ignorance or poetic licence, which uses real history, picturesque detail, and mythological allusion. The object of history is truth, as when in the catalogue of ships the poet describes the features of the several localities, calling one city “rocky,” another “frontier-placed,” another “with wealth of doves,” or “hard by the sea.” But the object of picturesque detail is vividness, as when he introduces men fighting; and that of mythological allusion is to give pleasure or rouse wonder. But a narrative wholly fictitious creates no illusion and is not Homeric. For all look upon his poetry as a philosophical work; and Eratosthenes is wrong in bidding us not judge his poems with a view to having any serious meaning, or to seek for history in them.

It is better, again, to take the line

“Thence for nine days the foul winds drave us on,”

to mean that he made but a short distance — for foul winds do not favour a straight course — than to imagine him to have got into the open ocean as running before favouring winds. The distance from Malea to the Pillars is twenty-two thousand five hundred stades. If we suppose this to have been accomplished at an even speed in the nine days, he would make two thousand five hundred stades a day. Now, who has ever asserted that any one made the voyage from Lycia or Rhodes to Alexandria in four days, a distance of four thousand stades?

To those who ask how it was that Odysseus, though he came to Sicily three times, never once went through the straits, I answer that all subsequent sailors avoided that passage also....

5. In treating of the geography of Europe I shall say nothing of the ancient geographers, but shall confine my attention to their modern critics, Dicaearchus, Eratosthenes, who is the most recent writer on geography, and Pytheas, who has misled many readers by professing to have traversed on foot the whole of Britain, the coastline of which island, he says, is more than forty thousand stades. And again by his

stories of Thule and the countries in its neighbourhood, “in which,” he says, “there is neither unmixed land or sea or air, but a kind of compound of all three (like the jellyfish or *Pulmo Marinus*), in which earth and sea and everything else are held in suspense, and which forms a kind of connecting link to the whole, through which one can neither walk nor sail.” This substance, which he says is like the *Pulmo Marinus*, he saw with his own eyes, the rest he learnt by report. Such is Pytheas’s story, and he adds that, on his return thence, he traversed the whole of the coast of Europe from Gades to the Tanais. But we cannot believe that a private person, who was also a poor man, should have made such immense journeys by land and sea. Even Eratosthenes doubted this part of his story, though he believed what he said about Britain, and Gades, and Iberia. I would much rather believe the Messenian (Euhemerus) than him. The latter is content with saying that he sailed to one country which he calls Panchaia; while the former asserts that he has actually seen the whole northern coast of Europe up to the very verge of the world, which one would hardly believe of Hermes himself if he said it. Eratosthenes calls Euhemerus a Bergaeon, yet believes Pytheas, though Dicaearchus himself did not.... Eratosthenes and Dicaearchus give mere popular guesses as to distances.

6. For instance, Dicaearchus says that the distance from the Peloponnese to the Pillars is ten thousand stades and still further to the head of the Adriatic; and from the Peloponnesus to the Sicilian straits three thousand; and therefore the remainder, from the Straits to the Pillars, is seven thousand stades. I say nothing about the three thousand stades, whether they are right or wrong; but the seven thousand cannot be made out, whether you measure along the coast or straight across the sea. The coast route is a kind of obtuse angle, contained by two lines resting on the straits and the pillars respectively; so that we have a triangle, of which the apex is Narbo, and the base the straight line representing the course by the open sea; of the two sides of the triangle which contain the obtuse angle, that which extends from the straits to Narbo is more than eleven thousand two hundred stades, the other from Narbo to the Pillars is a little under eight thousand. The longest distance from Europe to Libya across the Tuscan sea is allowed to be not more than three thousand

stades, that by the Sardinian sea is somewhat less; but let us call it three thousand stades. Now suppose a perpendicular let down through the gulf of Narbo to the base of the triangle, that is to the straight sea-course, measuring two thousand stades; it requires only a schoolboy's geometry to prove that the coasting voyage is longer than the direct sea voyage by nearly five hundred stades. And when the three thousand stades from the Peloponnese to the straits are added, the whole number of the stades even of the straight sea course will be more than double Dicaearchus's reckoning. And if we measure to the head of the Adriatic we must add still more by his own admission; that is to say, from the Peloponnese to Leucas is seven hundred stades, from Leucas to Corcyra seven hundred, from Corcyra to Ceraunia seven hundred, and from Ceraunia along the Illyrian coast six thousand one hundred and fifty.

In talking such nonsense he might well be regarded as having gone beyond even Antiphanes of Berga, and, in fact, to have left no folly for his successors to commit....

7. From Ithaca to Corcyra is more than nine hundred stades; from Epidamnus to Thessalonica more than two thousand. From Marseilles to the Pillars is more than nine thousand; from the Pyrenees, rather less than eight thousand.... The Pagus from source to mouth is eight thousand, not following its windings, but taking a direct line.... Eratosthenes is quite ignorant of the geography of Iberia, and sometimes makes statements about it entirely contradictory. He says, for instance, that its western coast as far as Gades is inhabited by Gauls, since the whole western side of Europe, as far south as Gades, is occupied by that people: and then, quite forgetting he has said this, when taking a survey of the whole of Spain, he nowhere mentions the Gauls.... The length of Europe is less than that of Libya and Asia put together by the distance between the sunrise in summer and at the point of the equinox; for the source of the Tanais is at the former, and the Pillars are at the western equinox, and between them lies Europe, while Asia occupies the northern semicircle between the Tanais and equinoctial sunrise....

Southern Europe is divided into five peninsulas — Iberia; Italy; a third ending in the Capes Malea and Sunium, in which are included Greece and Illyria, and a part of Thrace; a fourth called the Thracian

Chersonese, bounded by the strait between Sestos and Abydos; and a fifth along the Cimmerian Bosphorus and the entrance to the Maeotis....

8. In the sea off Lusitania acorn-bearing oaks grow, upon which the tunnies feed and fatten themselves, which may, therefore, well be called sea-hogs, as they feed like hogs on acorns....

These acorns are sometimes carried by the tide as far as the coast of Latium, unless they may be thought to be the produce of Sardinia or neighbouring islands....

In Lusitania both animals and man are extraordinarily productive, owing to the excellent temperature of the air; the fruits never wither; there is not more than three months in the year in which roses, white violets (or gilly-flowers), and asparagus do not grow; while the fish caught in its sea is far superior to what is found in our waters for quantity, quality, and beauty. There, too, a Sicilian medimnus of barley is sold for a drachma, and one of wheat for nine Alexandrine obols. A metreta of wine costs a drachma, and a good kid or hare an obol, and a lamb from three to four obols; a fat pig weighing a hundred minae costs five drachmae, and a sheep two. A talent of figs is sold for three obols, a calf for five drachmae, a draught-ox for ten. The flesh of wild animals is not thought worth fixing a price upon at all, but the people give it to each other for nothing and as a present....

9. The Turduli live on the immediate north of the Turdetani....

The fertility of their country has had a civilising influence on the Turditani and on their Celtic kinsfolk, and taught them the art of social life....

The Pillars are at either side of the straits....

There is a fountain in the Heracleum at Gades, the water of which is sweet and is reached by steps. This fountain has a tide which rises and falls exactly in the reverse order of the sea tide. When it is high tide at sea it is low tide in the fountain, and high in the fountain when it is low at sea. The explanation of this is that the wind, which rises from the bowels of the earth to the surface, is prevented from finding its natural egress when the earth is covered with water at the rise of the tide, and being thus turned back into the interior of the earth, it stops up the underground channels of the fountain and produces a deficiency of water; but when the earth is again uncovered, the wind

having once more found an easy egress, sets the veins of the fountain free again, and the water spurts up freely....

There are very large silver mines about twenty stades from New Carthage, extending to a circuit of four hundred stades, in which forty thousand men are continually employed, who produce for the benefit of the Roman people twenty-five thousand drachmae a day. It would take too long to describe the whole process of working them, but I may mention that the alluvial soil containing the silver ore is first broken up, and sifted in sieves held in water; that then the deposit is again broken, and being again filtered with running water, is broken a third time. This is done five times; the fifth deposit is smelted, and, the lead having been run off, pure silver remains....

The Anas and Baetis both flow from Celtiberia, their streams being about nine hundred stades apart....

Among other cities of the Vaccaeii and Celtiberians are Segesama and Intercatia....

One of the Iberian kings had such a magnificent and richly furnished palace, that he rivalled the luxury of the Phaeacians, except that the vessels standing in the interior of the house, though made of gold and silver, were full of barley-wine....

10. From the Pyrenees to the river Narbo the country is flat; and through it flow the Illeberis and Ruscinus, past some cities of the same name inhabited by Celts. In this plain there are found what are called underground fish. The soil is light, and produces a quantity of grass called *agrostis*; and below this soil the earth is sandy for a depth of two or three cubits, through which the overflow of the river percolates; and with this water, as it makes its way, the fish also get below the soil to feed, for they are exceedingly fond of the root of the *agrostis*, and have thus made the whole plain full of subterranean fish, which people dig up and take....

The Rhone has not five, but two mouths....

The Liger discharges itself between the Pictōnes and Namnitae. There was in ancient times an emporium on this river called Corbilo, but none of its inhabitants, nor those of Massalia or Narbo, could give Scipio any information worth mentioning on the subject of Britain when questioned by him, though they were the most important cities in that part of the country; and yet Pytheas has

ventured on all those stories about it....

An animal is produced on the Alps of a peculiar form; its shape is that of a stag except its neck and coat, which resemble that of a he-goat. Beneath its chin it has an excrescence about a span long, hairy at the end, about as thick as a colt's tail....

Near Aquileia, in the territory of the Noric Taurisci, in my own time a gold mine was discovered, so easy to work, that by scraping away the surface soil for two feet, gold could be found immediately. The seam of gold was not more than fifteen feet; some of it was found unmixed with alloy in nuggets of the size of a bean or lupine, only an eighth of it disappearing in the furnace; and some wanted more elaborate smelting, but would still pay thoroughly well. Accordingly, on the Italians joining the barbarians in working this mine, in two months the price of gold went down a third throughout Italy: and when the Taurisci found out that, they expelled their Italian fellow-workers and kept the monopoly themselves....

If we compare the mountains in Greece — Taygetus, Lycaeus, Parnassus, Olympus, Pelion, Ossa, and those in Thrace — Haemus, Rhodope, Dunax, with the Alps, we may state the case thus. Each one of the former may be ascended or skirted by an active traveller in a single day; but no one could ascend the Alps even in five days, the distance from the plain being two thousand two hundred stades. There are but four passes, one through Liguria, nearest the Tyrrhenian Sea; the next through the Taurini, which was the one used by Hannibal; the third through the Salassi; and the last by the Rhaeti, all of them excessively precipitous. There are several lakes in the mountains, three of great size, the Benacus, five hundred by one hundred and thirty stades, out of which the Mincius flows; the Larius, four hundred stades long, and somewhat narrower than the Benacus, discharging the Addua; and thirdly, the Verbanus, about three hundred stades by thirty, from which comes a considerable river — the Ticinus. All these three rivers discharge themselves into the Padus....

11. There is an excellent wine made at Capua called *Anadendrites*, or the “wine of the climbing vine,” with which no other can compare....

The length of the coast from Iapygia to the straits is three

thousand stades by land, and it is washed by the Sicilian sea. Sailing, however, the distance is less than five hundred stades....

The largest distance of the Etrurian coast is from Luna to Ostia, a distance of one thousand three hundred and thirty stades....

The island Lemnos is called Aethaleia....

The bay between the two promontories of Misenum and Minerva is called the Crater (the Bowl). Above this coast lies the whole of Campania, the most fertile plain in the country. Round the Bowl live the Opici and the Ausones....

The north road from Iapygia has been marked out with miles, five hundred and sixty to Sena, and one hundred and seventy thence to Aquileia....

Then comes Lacinium ... from the straits to this place is a distance of one thousand three hundred stades, and thence to the Iapygian promontory seven hundred....

Of the three craters one has partly fallen in, the other two remain perfect. The largest has a circular orifice with a circumference of five stades, but it gradually contracts to a diameter of fifty feet; it runs right down to the sea for a stade, so that the sea is visible in clear weather. When a south wind is about to blow, a thick mist envelopes the little island, so that even Sicily is invisible from it: but if there is going to be a north wind, bright flames rise from the crater and shoot up high, and louder rumblings are emitted; but a west wind causes a medium display of both. The other two craters are of the same shape, but their eruptions are less violent. From the difference in the sound of the rumbling, and by observing from what point the eruptions and flames and smoke begin, the wind which is to blow on the third day from that time can be foretold. At least, some men in the Lipari Islands when weather-bound have foretold what wind was coming and have not been deceived. Therefore, it appears that Homer did not speak without meaning, but was stating a truth allegorically when he called Aeolus “steward of the winds.”...

12. The road from Apollonia to Macedonia is called the *Via Egnatia*, which has been measured in miles and marked out with milestones as far as Cypselus and the River Hebrus, a distance of five hundred and thirty-five miles. Reckoning eight and one-third stades to a mile, the number of stades will be four thousand four hundred

and fifty-eight. The distance is exactly the same whether you start from Apollonia or Epidamnus. The whole road is called the Egnatia, but its first part has got a name from Candavia, a mountain of Illyria, and leads through the town of Lyncidus, and through Pylon, which is the point on the road where Illyria and Macedonia join. Thence it leads over Mount Barnūs, through Heracleia, Lyncestia, and Eordea, to Edessa and Pella, and finally to Thessalonica; and the number of miles is altogether two hundred and sixty-seven.... And the whole distance from the Ionian Gulf at Apollonia to Byzantium is seven thousand five hundred stades....

The circumference of the Peloponnesus, if you do not follow the indentations, is four thousand stades....

The distance from Cape Malea to the Ister is ten thousand stades....

13. On matters concerning the country between the Euphrates and India, Eratosthenes is a better authority than Artemidorus....

14. A personal visit to Alexandria filled me with disgust at the state of the city. It is inhabited by three distinct races, — native Egyptians, an acute and civilised race; secondly, mercenary soldiers (for the custom of hiring and supporting men-at-arms is an ancient one), who have learnt to rule rather than obey owing to the feeble character of the kings; and a third class, consisting of native Alexandrians, who have never from the same cause become properly accustomed to civil life, but who are yet better than the second class; for though they are now a mongrel race, yet they were originally Greek, and have retained some recollection of Greek principles. But this last class has become almost extinct, thanks to Euergetes Physcon, in whose reign I visited Alexandria; for that king being troubled with seditions, frequently exposed the common people to the fury of the soldiery and caused their destruction. So that in this state of the city the poet's words only expressed the truth —

“To Egypt 'tis a long and toilsome road.”

Spain, the eastern and southern parts of which were, since the 2d Punic war, governed by the Romans under a kind of military occupation without being reduced to the form of regular provinces, was always in a disturbed state, partly from sudden uprisings of

various tribes against the Roman authority, and partly from numerous bodies of banditti, who seized strongholds or fortified towns and carried on their depredations from these centres. Hence it had been the policy of the Roman praetors and consuls to insist on the demolition of fortresses and city walls, as we learn from the accounts of Cato in B.C. 195 and others. In B.C. 177 Tiberius Sempronius Gracchus had inflicted a severe defeat upon the Celtiberians, and had made a settlement of the country, which for a few years produced comparative quiet and content. But in B.C. 154 an outbreak of the Lusitani led to a considerable disaster to the Roman army under Lucius Mummius; and when the consul Q. Fulvius Nobilior arrived in B.C. 153, he found that the war had accordingly spread to the Celtiberian tribes, the Belli and Titthi, who attempted to build the walls of Segeda. On Nobilior ordering them to desist, in accordance with Gracchan settlement, most of them obeyed after some resistance, but some of them fled to the Arevacae (near the sources of the Douro and Tagus); and this powerful tribe, after defeating the Roman army, entrenched themselves in Numantia, under the walls of which Nobilior sustained further losses. He was superseded in B.C. 152 by Marcus Claudius Marcellus, who, partly by strategy, and partly by administrative skill and conciliation, restored the Roman fortunes to a better position. The Belli and Titthi became allies of Rome, and the Arevacae at least thought it worth while to ask for a truce to enable them to send envoys to Rome to arrange peace. — Appian, *Hispan.* 44-50.

1. The war between the Romans and Celtiberians was called the “fiery war;” for it was of a peculiarly fierce kind and remarkable for the frequency of its battles. The wars in Greece and Asia were as a rule settled by one battle, or in rare cases by two; and the battles themselves were decided by the result of the first charge and shock of the two armies. But in this war things were quite different. As a rule the battles were only stopped by the fall of night; the men neither lost heart nor would yield to bodily fatigue; but returned again and again with fresh resolution to renew the combat. The whole war, and its series of pitched battles, was at length interrupted for a time by the winter. One therefore could hardly conceive a war more nearly answering to our notion of a “fiery war” than this....

2. The Celtiberians, after making a truce with the consul M. Claudius Marcellus, had sent ambassadors to Rome who remained there quietly waiting for the answer of the Senate. Meanwhile M. Claudius went on an expedition against the Lusitani, took Nercobrica by assault, and then went into winter quarters at Corduba. Of the ambassadors who came to Rome the Senate admitted those from the Belli and Titthi, who were on the side of Rome, to enter the city; but ordered those from the Arevacae to lodge on the other side of the Tiber, as being at war with Rome, until such time as the Senate should have decided the whole question. When the time for the interview was come, the praetor introduced the envoys from their allies first. Barbarians as they were, they made a set speech, and endeavoured to explain clearly the causes of all the dissension prevailing in their country: pointing out that "Unless those who had broken out into war were reduced to tranquillity and punished as they deserved, the very moment the Roman legions left Iberia, they would inflict punishment upon the Belli and Titthi as traitors; and that if they escaped unpunished for their first act of hostility, they would make all the tribes in Iberia ripe for an outbreak from the belief that they were capable of coping with Rome." They begged, therefore, that the legions should remain in Iberia, and that each year a consul should come thither to protect the allies of Rome and punish the depredations of the Arevacae; or, if they wished to withdraw the legions, they should first take signal vengeance for the outbreak of this tribe, that no one might venture to do the like again." Such, or to this effect, was the speech of the envoys of the Belli and Titthi who were in alliance with Rome. The envoys of the hostile tribe were then introduced. On coming forward the Arevacae assumed a feigned tone of submission and humility in the language of their answer, without being, as was evident, at all yielding in their hearts or acknowledging themselves beaten. On the contrary, they continually hinted at the uncertainty of fortune; and speaking of the battles that had taken place as undecided, they conveyed the impression that they had had the best of the contest in them all. The upshot of their speech was this: "If they must submit to some definite mulct for their error, they were ready to do so: but, when that was completed, they demanded that things should revert to the position fixed by their treaty made

with the Senate in the time of Tiberius Gracchus.”

3. The Senators having thus heard both sides called in the legates from Marcellus; and when they saw that they also were inclined to a pacification, and that Marcellus was more inclined to favour the enemy than the allied tribes, they answered the Arevacae that Marcellus would declare in Iberia to both parties the decision of the Senate. However, they were convinced in their own minds that their true interests were such as the envoys of the allied tribes suggested, and that the Arevacae were still inclined to haughty independence, and that their own commander was afraid of them: they therefore gave secret instructions to the legates of Marcellus to carry on the war with spirit, and as the honour of the country demanded. But when they had thus determined on a continuance of the war, feeling no confidence in Marcellus, they determined first of all to send a commander to relieve him in Iberia, as the new consuls Aulus Postumius and Lucius Licinius Lucullus had just taken up their office. They then entered with spirit and vigour on their preparations, because they believed that the Iberian question would be decided by the result of this campaign: if these enemies were beaten, they assumed that all others would accept the orders of Rome; but that, if the Arevacae proved able to ward off the punishment that threatened them, not only would their spirits be again raised, but those of all the other Iberian tribes besides.

4. The more determined however the Senate was to carry on the war, the greater became their embarrassment. For the report brought to Rome by Q. Fulvius Nobilior, the commander in Iberia in the previous year (B.C. 153), and those who had served under him, of the perpetual recurrence of the pitched battles, the number of the fallen, and the valour of the Celtiberians, combined with the notorious fact that Marcellus shrank in terror from the war, caused such a panic in the minds of the new levies as the old men declared had never happened before. To such an extent did the panic go, that sufficient men were not found to come forward for the office of military tribune, and these posts were consequently not entirely filled up; whereas heretofore a larger number than were wanted had been wont to volunteer for the duty: nor would the men nominated by the Consuls as *legati* to accompany the commanders consent to serve;

and, worst of all, the young men tried to avoid the levies, and put forward such excuses as were disgraceful for them to allege, and beneath the investigation of the Consuls, and yet impossible to refute. But at length, in this embarrassment of the Senate and magistrates, when they were wondering what was to be the end of this shameless conduct of the young men, for they could call it nothing else, Publius Cornelius Scipio Africanus, who, though still a young man, had been one of those to advise the war, and who, though he had already acquired a reputation for high principle and pure morality, had not been known for his personal courage, seeing the Senate was in a difficulty, stood up and bade them send him to Iberia, either as military tribune or legatus, for he was ready to serve in either capacity. "Though, as far as I am concerned," he said, "my mission to Macedonia would be safer and more appropriate" — for it happened that at that time Scipio was personally and by name invited by the Macedonians to come and settle the disputes which were raging among them— "yet the needs of my own country are the more pressing of the two, and imperatively summon to Iberia all who have a genuine love of honour." This offer was unexpected by all, both from the youth of Scipio and his general character for caution, and consequently he became exceedingly popular on the spot, and still more so on subsequent days. For those who had before shrunk from the danger of the service, now, from dislike of the sorry figure they made in comparison with him, began volunteering to serve. Some offered to go as *legati* to the generals, and others in groups and clubs entered their names on the muster rolls.... *Lucius Lucinius Lucullus, consul for B.C. 151, is sent to Spain, Scipio Aemilianus acting as his legatus. They found that the Arevacae had already submitted to Marcellus; but being in want of money Lucullus was determined not to be deprived of a campaign. He therefore attacked the next tribe, the Vaccae, who lived on the other side of the Tagus, nominally on the pretext of their having injured the Carpetani. The war which followed was marked by signal acts of cruelty and treachery on the part of Lucullus, as on that of the praetor Servius Sulpicius Galba among the Lusitani. Appian, Hist. 49-55.* 5. In Scipio's mind there rose a contest of feelings, and a hesitation as to whether he ought to meet the barbarian and fight him in single combat....

Scipio's horse was much distressed by the blow, but did not come down entirely, and accordingly Scipio managed to light on his feet....

6. Cato was consulted by Scipio, at the request of Polybius, on behalf of the Achaeans; and when the debate in the Senate, between the party who wished to grant it and the party that opposed it, was protracted to a considerable length, Cato stood up and said: "As though we had nothing else to do, we sit here the whole day debating whether some old Greek dotards should be buried by Italian or Achaean undertakers!" Their restoration being voted, Polybius and his friends, after a few days' interval, were for appearing before the Senate again, with a petition that the exiles should enjoy the same honours in Achaia as they had before. Cato, however, remarked with a smile that Polybius, like another Odysseus, wanted to go a second time into the cave of the Cyclops, because he had forgotten his cap and belt....

BOOK XXXVI

THE THIRD PUNIC WAR

1. It may occur to some to ask why I have not given a dramatic turn to my narrative, now that I have so striking a theme and a subject of such importance, by recording the actual speeches delivered; a thing which the majority of historians have done, by giving the appropriate arguments used on either side. That I do not reject this method altogether I have shown in several parts of my work, in which I have recorded popular harangues and expositions delivered by statesmen; but that I am not inclined to employ it on every occasion alike will now be made clear; for it would not be easy to find a subject more remarkable than this, nor material more ample for instituting a comparison of such a character. Nor indeed could any form of composition be more convenient to me. Still, as I do not think it becoming in statesmen to be ready with argument and exposition on every subject of debate without distinction, but rather to adapt their speeches to the nature of the particular occasion, so neither do I think it right for historians to practise their skill or show off their ability upon their readers: they ought on the contrary to devote their whole energies to discover and record what was really and truly said, and even of such words only those that are the most opportune and essential....

2. This idea having been firmly fixed in the minds of all, they looked out for a suitable opportunity and a decent pretext to justify them in the eyes of the world. For indeed the Romans were quite rightly very careful on this point. For instance, the general impression that they were justified in entering upon the war with Demetrius enhances the value of their victories, and diminishes the risks incurred by their defeats; but if the pretext for doing so is lame and poor the contrary effects are produced. Accordingly, as they differed as to the sentiments of the outer world on the subject, they were very nearly abandoning the war.... *The policy of Rome in Africa of constantly supporting Massanissa against Carthage was mentioned in 32, 2. Frequent complaints came to Rome from the*

Numidian king, and the Carthaginians were said to be collecting an army contrary to treaty. Commissioners were sent over in 154 B.C. on the advice of Cato, who were roughly treated at Carthage; and when, in B.C. 151, Massanissa sent his son Gulussa with similar complaints to Rome, Cato urged immediate war. The Senate, however, again sent commissioners, among whom was Cato himself, to examine into the matter. They reported that the Carthaginians had an army and navy. An ultimatum was therefore sent, that the army and navy were to be broken up within the year; or that the next consuls should bring the question of war before the Senate (B.C. 150). Just at this crisis Utica, in enmity with Carthage, placed itself under the protection of Rome. Livy, Ep. 48; Appian, Pun. 75. 3.

When the Carthaginians had been some time deliberating how they should meet the message from Rome they were reduced to a state of the utmost embarrassment by the people of Utica anticipating their design by putting themselves under the protection of Rome. This seemed their only hope of safety left: and they imagined that such a step must win them favour at Rome: for to submit to put themselves and their country under control was a thing which they had never done even in their darkest hour of danger and defeat, with the enemy at their very walls. And now they had lost all the fruit of this resolve by being anticipated by the people of Utica; for it would appear nothing novel or strange to the Romans if they only did the same as that people. Accordingly, with a choice of two evils only left, to accept war with courage or to surrender their independence, after a long and anxious discussion held secretly in the Senate-house, they appointed two ambassadors with plenary powers, and instructed them, that, in view of the existing state of things, they should do what seemed for the advantage of their country. The names of these envoys were Gisco Strytanus, Hamilcar, Misdes, Gillimas, and Mago. When they reached Rome from Carthage, they found war already decreed and the generals actually started with their forces. Circumstances, therefore, no longer giving them any power of deliberating, they offered an unconditional surrender.

4. I have spoken before about what this implies, but I must in this place also briefly remind my readers of its import. Those who thus surrender themselves to the Roman authority, surrender all territory

and the cities in it, together with all men and women in all such territory or cities, likewise rivers, harbours, temples, and tombs, so that the Romans should become actual lords of all these, and those who surrender should remain lords of nothing whatever. On the Carthaginians making a surrender to this effect, they were summoned into the Senate-house and the Praetor delivered the Senate's decision, which was to this effect: "They had been well advised, and therefore the Senate granted them freedom and the enjoyment of their laws; and moreover, all their territory and the possession of their other property, public or private." The Carthaginian envoys were much relieved when they heard this; thinking that, where the alternatives were both miserable, the Senate had treated them well in conceding their most necessary and important requirements. But presently the Praetor went on to state that they would enjoy these concessions on condition of sending three hundred hostages to Lilybaeum within thirty days, sons of members of the Hundred or the Senate, and obeying such commands as should be imposed on them by the consuls. This dashed their satisfaction for a time, because they had no means of knowing what orders were to be given them through the consuls; however, they started at once, being anxious to report what had occurred to their countrymen with all speed. When they arrived in Carthage and stated the facts, the citizens considered that the envoys had in all respects acted with proper caution; but they were greatly alarmed and distressed by the fact that in the answer no mention was made of the city itself.

5. At this juncture they say that Mago Brettius delivered a manly and statesmanlike speech. He said: "The Carthaginians had two opportunities of taking counsel in regard to themselves and their country, one of which they had let pass; for in good truth it was no use now to question what was going to be enjoined on them by the consuls, and why it was that the Senate had made no mention of the city: they should have done that when they made the surrender. Having once made that, they must clearly make up their mind to the necessity of submitting to every possible injunction, unless it should prove to be something unbearably oppressive or beyond what they could possibly expect. If they would not do this, they must now consider whether they preferred to stand an invasion and all its

possible consequences, or, in terror of the attack of the enemy, accept without resistance every order they might impose upon them.” But as the imminence of war and the uncertainty of the future made every one inclined to submit to these injunctions, it was decided to send the hostages to Lilybaeum. Three hundred young men were forthwith selected and sent to Lilybaeum amidst loud expressions of sorrow and tears, each of them being escorted by his nearest friends and relations, the whole scene being made especially moving by the lamentations of the women. On landing at Lilybaeum the hostages were at once handed over by the consuls to Quintus Fabius Maximus, who had been appointed to the command in Sicily at that time. By him they were safely conveyed to Rome and confined in the dockyard of the six-benched ships.

6. The hostages being thus disposed of, the consuls brought their fleet to the citadel of Utica. When news of this reached Carthage, the city was in the utmost excitement and panic, not knowing what to expect next. However, it was decided to send envoys to ask the consuls what they were to do, and to state that they were all prepared to obey orders. The envoys arrived at the Roman camp: the general’s council was summoned: and they delivered their commission. The senior Consul thereupon, after complimenting them on their policy and readiness to obey, bade them hand over all arms and missiles in their possession without subterfuge or concealment. The envoys answered that they would carry out the directions, but begged the Consul to consider what would happen if the Carthaginians surrendered all their arms, and the Romans took them and sailed away from the country. However, they gave them up....

It was clearly shown that the resources of the city were enormous, for they surrendered to the Romans more than two hundred thousand stands of arms and two thousand catapults.... *This was followed by a second injunction of the consuls that the whole people of Carthage should remove to some other spot, to be not less than ten miles from the sea, and there build a new city.* Livy, Ep. 49. 7. The people had no idea what the announcement was going to be, but suspecting it from the expression of the envoys’ countenances, they immediately burst into a storm of cries and lamentations....

Then all the Senators, uttering a cry of horror, remained as though

paralysed by the shock. But the report having quickly spread among the people, the general indignation at once found expression. Some made an attack on the envoys, as the guilty authors of their misfortunes, while others wreaked their wrath upon all Italians caught within the city, and others rushed to the town gates.... *The Carthaginians determine to resist, and the consuls, who had not hurried themselves, because they believed that resistance from an unarmed populace was impossible, found, when they approached Carthage, that it was prepared to offer a vigorous resistance. The scene which followed the announcement of the Consul's orders, and the incidents of the siege, are chiefly known to us from Appian, Pun. 91 sq. Livy, Ep. 49. Scipio was serving as military Tribune, B.C. 149-148; consul, B.C. 147. 8. Hamilcar Phameas was the general of the Carthaginians, a man in the very prime of life and of great physical strength. What is of the utmost importance too for service in the field, he was an excellent and bold horseman....*

When he saw the advanced guard, Phameas, though not at all deficient in courage, avoided coming to close quarters with Scipio: and on one occasion when he had come near his reserves, he got behind the cover of the brow of a hill and halted there a considerable time....

The Roman maniples fled to the top of a hill; and when all had given their opinions, Scipio said, "When men are consulting what measures to take at first, their object should be to avoid disaster rather than to inflict it."...

It ought not to excite surprise that I am more minute than usual in my account of Scipio and that I give in detail everything which he said....

When Marcius Porcius Cato heard in Rome of the glorious achievements of Scipio he uttered a palinode to his criticisms of him: "What have you heard? He alone has the breath of wisdom in him: the rest are but flitting phantoms."

BOOK XXXVII

1. There was a great deal of talk of all sorts in Greece, first as to the Carthaginians when the Romans conquered them, and subsequently as to the question of the pseudo-Philip. The opinions expressed in regard to the Carthaginians were widely divided, and indicated entirely opposite views. Some commended the Romans for their wise and statesmanlike policy in regard to that kingdom. For the removal of a perpetual menace, and the utter destruction of a city which had disputed the supremacy with them, and could even then if it got an opportunity have still been disputing it, — thus securing the supremacy for their own country, — were the actions of sensible and far-sighted men. Others contradicted this, and asserted that the Romans had no such policy in view when they obtained their supremacy; and that they had gradually and insensibly become perverted to the same ambition for power, which had once characterised the Athenians and Lacedaemonians; and though they had advanced more slowly than these last, that they would from all appearances yet arrive at the same consummation. For in old times they had only carried on war until their opponents were beaten, and induced to acknowledge the obligation of obedience and acceptance of their orders; but that nowadays they had given a foretaste of their policy by their conduct to Perseus, in utterly destroying the Macedonian dynasty root and branch, and had given the finishing stroke to that policy by the course adopted in regard to the Carthaginians; for though this latter people had committed no act of irretrievable outrage, they had taken measures of irretrievable severity against them, in spite of their offering to accept any terms, and submitting to any injunctions that might be placed upon them. Others again said that the Romans were generally a truly civilised people; and that they had this peculiarity, on which they prided themselves, that they conducted their wars openly and generously, not employing night surprises or ambushes, but scorning every advantage to be gained by stratagem and deceit, and regarding open and face-to-face combats as alone becoming to their character: but that in the present instance their whole campaign against the

Carthaginians had been conducted by means of stratagem and deceit. Little by little, — by holding out inducements here, and practising concealment there, — they had deprived them of all hopes of assistance from their allies. This was a line of conduct more appropriate by rights to the intriguing chicanery of a monarchy, than to a republican and Roman policy. Again, there were some who took the opposite line to these. They said that if it were really true that, before the Carthaginians had made the surrender, the Romans had behaved as alleged, holding out inducements here, and making half revelations there, they would be justly liable to such charges; but if, on the contrary, it was only after the Carthaginians had themselves made the surrender, — acknowledging the right of the Romans to take what measures they chose concerning them, — that the latter in the exercise of their undoubted right had imposed and enjoined what they determined upon, then this action must cease to be looked on as partaking of the nature of impiety or treachery. And some denied that it was an impiety at all: for there were three ways in which such a thing could be defined, none of which applied to the conduct of the Romans. An impiety was something done against the gods, or one's parents, or the dead; treachery was something done in violation of oaths or written agreements; an injustice something done in violation of law and custom. But the Romans could not be charged on any one of these counts: they had offended neither the gods, their parents, nor the dead; nor had they broken oaths or treaties, but on the contrary charged the Carthaginians with breaking them. Nor again had they violated laws, customs, or their own good faith; for having received a voluntary surrender, with the full power of doing what they pleased in the event of the submitting party not obeying their injunctions, they had, in view of that eventuality having arisen, applied force to them.

2. Such were the criticisms commonly made on the dealings of the Romans with the Carthaginians. But as to the Pseudo-Philip, the report at first appeared quite beneath consideration. A Philip suddenly appears in Macedonia, as though he had dropped from the skies, in contempt of Macedonians and Romans alike, without having the least reasonable pretext for his claim, as every one knew that the real Philip had died in Alba in Italy two years after Perseus himself.

But when, three or four months afterwards, a report arrived that he had conquered the Macedonians in a battle in the territory of the Odomanti beyond the Strymon, some believed it, but the majority were still incredulous. But presently, when news came that he had conquered the Macedonians in a battle on this side of the Strymon, and was master of all Macedonia; and when letters and envoys came from the Thessalians to the Achaeans imploring help, as though the danger were now affecting Thessaly, it seemed an astonishing and inexplicable event; for there was nothing to give it the air of probability, or to supply a rational explanation of it.

Such was the view taken of these things in Greece....

3. A despatch from Manius Manilius to the Achaeans having reached the Peloponnese, saying that they would oblige him by sending Polybius of Megalopolis with all speed to Lilybaeum, as he was wanted on account of certain public affairs, the Achaeans decided to send him in accordance with the letter of the consul. And as I felt bound to obey the Romans, I put everything else aside, and sailed at the beginning of summer. But when we arrived at Corcyra, we found another despatch from the consul to the Corcyreans had come, announcing that the Carthaginians had already surrendered all the hostages to them, and were prepared to obey them. Thinking, therefore, that the war was at an end, and that there was no more occasion for our services, we sailed back to the Peloponnese....

4. It should not excite surprise that I sometimes designate myself by my proper name, and at other times by the common forms of expression — for instance, “when *I* had said this,” or “we had agreed to this.” For as I was much personally involved in the transactions about to be related, it becomes necessary to vary the methods of indicating myself; that I may not weary by continual repetition of my own name, nor again by introducing the words “of me,” or “through me,” at every turn, fall insensibly into an appearance of egotism. I wished, on the contrary, by an interchangeable use of these terms, and by selecting from time to time the one which seemed most in place, to avoid, as far as could be, the offensiveness of talk about one’s self; for such talk, though naturally unacceptable, is frequently inevitable, when one cannot in any other way give a clear exposition of the subjects. I am somewhat assisted in this point by the accident

that, as far as I know, no one up to our own time has ever had the same name as myself....

5. The statues of Callicrates were carried in under the cover of darkness, while those of Lycortas were brought out again by broad daylight, to occupy their original position: and this coincidence drew the remark from every one, that we ought never to use our opportunities against others in a spirit of presumption, knowing that it is extremely characteristic of Fortune to subject those who set a precedent to the operation of their own ideas and principles in their turn....

The mere love of novelty inherent in mankind is a sufficient incentive to any kind of change....

6. The Romans sent envoys to restrain the impetuosity of Nicomedes and to prevent Attalus from going to war with Prusias. The men appointed were Marcus Licinius, who was suffering from gout, and was quite lamed by it, and with him Aulus Mancinus, who, from a tile falling on his head, had so many and such great scars on it, that it was a matter of wonder that he escaped with his life, and Lucius Malleolus who was reputed the stupidest man in Rome. As the business required speed and boldness, these men seemed the least suitable possible for the purpose that could be conceived; and accordingly they say that Marcus Porcius Cato remarked in the Senate that "Not only would Prusias perish before they got there, but that Nicomedes would grow old in his kingdom. For how could a mission make haste, or if it did, how could it accomplish anything, when it had neither feet, head, nor intelligence?"...

7. King Prusias was exceedingly repulsive in personal appearance, though his reasoning powers were somewhat superior: but externally he seemed only half a man, and was cowardly and effeminate in all matters pertaining to war. For not only was he timid, but he was averse to all hardships, and in a word was utterly unmanned in mind and body throughout his whole life; qualities which all the world object to in kings, but the Bithynians above all people. Moreover, he was also exceedingly dissolute in regard to sensual pleasures; was completely without education or philosophy, or any of the knowledge which they embrace; and had not the remotest idea of what virtue is. He lived the barbaric life of a Sardanapallus day and night.

Accordingly, directly his subjects got the least hope of being able to do so, they conceived an implacable resolution not only to throw off allegiance to the king, but to press for vengeance upon him....

8. Museum is a place near Olympus in Macedonia....

9. As I blame those who assign fortune and destiny as the moving causes in common events and catastrophes, I wish now to enter as minutely on the discussion of this subject as the nature of an historical work will admit. Those things of which it is impossible or difficult for a mere man to ascertain the causes, such as a continuous fall of rains and unseasonable wet, or, on the contrary, droughts and frosts, one may reasonably impute to God and Fortune, in default of any other explanation; and from them come destruction of fruits, as well as long-continued epidemics, and other similar things, of which it is not easy to find the cause. On such matters then, we, in default of a better, follow the prevailing opinions of the multitude, attempting by supplications and sacrifices to appease the wrath of heaven, and sending to ask the gods by what words or actions on our part a change for the better may be brought about, and a respite be obtained for the evils which are afflicting us. But those things, of which it is possible to find the origin and cause of their occurrence, I do not think we should refer to the gods. I mean such a thing as the following. In our time all Greece was visited by a dearth of children and generally a decay of population, owing to which the cities were denuded of inhabitants, and a failure of productiveness resulted, though there were no long-continued wars or serious pestilences among us. If, then, any one had advised our sending to ask the gods in regard to this, what we were to do or say in order to become more numerous and better fill our cities, — would he not have seemed a futile person, when the cause was manifest and the cure in our own hands? For this evil grew upon us rapidly, and without attracting attention, by our men becoming perverted to a passion for show and money and the pleasures of an idle life, and accordingly either not marrying at all, or, if they did marry, refusing to rear the children that were born, or at most one or two out of a great number, for the sake of leaving them well off or bringing them up in extravagant luxury. For when there are only one or two sons, it is evident that, if war or pestilence carries off one, the houses must be left heirless: and, like

swarms of bees, little by little the cities become sparsely inhabited and weak. On this subject there is no need to ask the gods how we are to be relieved from such a curse: for any one in the world will tell you that it is by the men themselves if possible changing their objects of ambition; or, if that cannot be done, by passing laws for the preservation of infants. On this subject there is no need of seers or prodigies. And the same holds good of all similar things. But in regard to events of which the causes are impossible or difficult to discover, it is reasonable to feel a difficulty. And in this class may be reckoned the course of Macedonian history. For the Macedonians had enjoyed many important favours at the hands of the Romans, having been as a nation liberated from arbitrary government and imports, and having obtained undisputed freedom in the place of slavery; and having been individually relieved to a great extent from intestine factions and civil bloodshed.... They had been worsted by the Romans formerly when fighting on the side of Demetrius and again on that of Perseus; yet when engaged on the side of a man of odious character, and in support of his claims to the throne, they displayed great courage and conquered a Roman army. These facts may well seem a puzzle to us, for it is difficult to discover their cause. And accordingly one would be inclined to say in such matters that what had happened was a heaven-sent infatuation, and that the wrath of God had fallen upon the Macedonians. And this will be rendered evident from what remains to be told....

10. Massanissa, king of the Numidians in Africa, was the best man of all the kings of our time, and the most completely fortunate; for he reigned more than sixty years in the soundest health and to extreme old age, — for he was ninety when he died. He was, besides, the most powerful man physically of all his contemporaries: for instance, when it was necessary to stand, he would do so without moving a foot all day long; and again, when he had once sat down to business he remained there the whole day; nor did it distress him the least to remain in the saddle day and night continuously; and at ninety years old, at which age he died, he left a son only four years old, called Sthembanus, who was afterwards adopted by Micipses, and four sons besides. Owing, again, to the affection existing between these sons, he kept his whole life free from any treasonable plot and his kingdom

unpolluted by any family tragedy. But his greatest and most divine achievement was this: Numidia had been before his time universally unproductive, and was looked upon as incapable of producing any cultivated fruits. He was the first and only man who showed that it could produce cultivated fruits just as well as any other country whatever, by cultivating farms to the extent of ten thousand plethra for each of his sons in different parts of it. On this man's death, then, so much may reasonably and justly be said. Scipio arrived at Cirta on the third day after his departure, and settled everything properly and fairly....

A little while before his death he was seen, on the day following a great victory over the Carthaginians, sitting outside his tent eating a piece of dirty bread, and on those who saw it expressing surprise at his doing so, he said....

BOOK XXXVIII

1. Hasdrubal, the general of the Carthaginians, was a vain ostentatious person, very far from possessing real strategic ability. There are numerous proofs of his want of judgment. In the first place he appeared in full armour in his interview with Gulussa, king of the Numidians, with a purple dyed robe over his armour fastened by a brooch, and attended by ten bodyguards armed with swords; and in the next place, having advanced in front of these armed attendants to a distance of about twenty feet, he stood behind the trench and palisade and beckoned the king to come to him, whereas it ought to have been quite the other way. However, Gulussa, after the Numidian fashion, being not inclined to stand on ceremony, advanced towards him unattended, and when he got near him asked him "Whom he was afraid of that he had come in full armour?" And on his answering, "The Romans," Gulussa remarked: "Then you should not have trusted yourself to the city, when there was no necessity for your doing so. However, what do you want, and what do you ask me to do?" To which Hasdrubal replied: "I want you to go as our ambassador to the Roman commander, and to undertake for us that we will obey every injunction; only I beg of you both to abstain from harming this wretched city." Then said Gulussa: "Your demand appears to me to be quite childish! Why, my good sir, what you failed to get by your embassies from the Romans, who were then quietly encamped at Utica, and before a blow had been struck, — how can you expect to have granted you now, when you have been completely invested by sea and land, and have almost given up every hope of safety?" To which Hasdrubal replied that "Gulussa was ill informed; for they still had good hopes of their outside allies," — for he had not yet heard about the Mauretani, and thought that the forces in the country were still unconquered, — "nor were they in despair as to their own ultimate safety. And above all, they trusted in the support of the gods, and in what they might expect from them; for they believed that they would not disregard the flagrant violation of treaty from which they were suffering, but would give them many opportunities of securing their safety. Therefore he called on the

Roman commander in the name of the gods and of Fortune to spare the city; with the distinct understanding that, if its inhabitants failed to obtain this grace, they would be cut to pieces to the last man sooner than evacuate it.” After some more conversation of the same sort, these men separated for the present, having made an appointment to meet again on the third day from that time.

2. On Gulussa communicating to him what had been said, Scipio remarked with a laugh: “Oh, then, it was because you intended to make this demand that you displayed that abominable cruelty to our prisoners! And you trust in the gods, do you, after violating even the laws of men?” The king went on to remind Scipio that above all things it was necessary to finish the business speedily; for, apart from unforeseen contingencies, the consular elections were now close at hand, and it was only right to have regard to that, lest, if the winter found them just where they were, another Consul would come to supersede him, and without any trouble get all the credit of his labours. These words induced Scipio to give directions to offer Hasdrubal safety for himself, his wife and children, and ten families of his friends and relations, and permission to take ten talents of his private property and to bring out with him whichever of his slaves he chose. With these concessions therefore Gulussa went to his meeting with Hasdrubal on the third day, who again came forward with great pomp and at a dignified step, clothed in his purple robe and full suit of armour, so as to cast the tyrants of tragedy far into the shade. He was naturally fat, but at that time he had grown extremely corpulent, and had become more than usually red from exposure to the sun, so that he seemed to be living like fat oxen at a fair; and not at all like a man to be in command at a time of such terrible miseries as cannot easily be described in words. When he met the king, and heard the offer of the Consul, he slapped his thigh again and again, and appealing to the gods and Fortune declared that “The day would never come on which Hasdrubal would behold the sun and his native city in flames; for to the nobly-minded one’s country and its burning houses were a glorious funeral pile.” These expressions force us to feel some admiration for the man and the nobility of his language; but when we come to view his administration of affairs, we cannot fail to be struck by his want of spirit and courage; for at a time when

his fellow-citizens were absolutely perishing with famine, he gave banquets and had second courses put on of a costly kind, and by his own excellent physical condition made their misery more conspicuous. For the number of the dying surpassed belief, as well as the number who deserted every day from hunger. However, by fiercely rebuking some, and by executing as well as abusing others, he cowed the common people: and by this means retained, in a country reduced to the lowest depths of misfortune, an authority which a tyrant would scarcely enjoy in a prosperous city. Therefore I think I was justified in saying that two leaders more like each other than those who at that time directed the affairs of Greece and Carthage it would not be easy to find. And this will be rendered manifest when we come to a formal comparison of them....

3. My thirty-eighth book embraces the consummation of the misfortunes of Greece. For though Greece as a whole, as well as separate parts of it, has on several occasions sustained grave disasters, yet to none of her previous defeats could the word "misfortune" be more properly applied, than to those which have befallen her in our time. For it is not only that the *sufferings* of Greece excite compassion: stronger still is the conviction, which a knowledge of the truth of the several occurrences must bring, that in all she undertook she was supremely unfortunate. At any rate, though the disaster of Carthage is looked upon as of the severest kind, yet one cannot but regard that of Greece as not less, and in some respects even more so. For the Carthaginians at any rate left something for posterity to say on their behalf; but the mistakes of the Greeks were so glaring that they made it impossible for those who wished to support them to do so. Besides, the destruction of the Carthaginians was immediate and total, so that they had no feeling afterwards of their disasters: but the Greeks, with their misfortunes ever before their eyes, handed down to their children's children the loss of all that once was theirs. And in proportion as we regard those who live in pain as more pitiable than those who lose their lives at the moment of their misfortunes, in that proportion must the disasters of the Greeks be regarded as more pitiable than those of the Carthaginians, — unless a man thinks nothing of dignity and honour, and gives his opinion from a regard only to material advantage. To prove the truth

of what I say, one has only to remember and compare the misfortunes in Greece reputed to be the heaviest with what I have just now mentioned.

4. Now, the greatest alarm that fortune ever brought upon the Greeks was when Xerxes invaded Europe: for at that time all were exposed to danger though an extremely small number actually suffered disaster. The greatest sufferers were the Athenians: for, with a prudent foresight of what was coming, they abandoned their country with their wives and children. That crisis then caused them damage; for the Barbarians took Athens and laid it waste with savage violence: but it brought them no shame or disgrace. On the contrary, they gained the highest glory in the eyes of all the world for having regarded everything as of less importance, in comparison with taking their share in the same fortune as the other Greeks. Accordingly, in consequence of their exalted conduct, they not only immediately recovered their own city and territory, but soon afterwards disputed the supremacy in Greece with the Lacedaemonians. Subsequently, indeed, they were beaten by the Spartans in war, and forced to submit to the destruction of their own city walls: but even this one might assert to be a reproach to the Lacedaemonians, for having used the power put into their hands with excessive severity, rather than to the Athenians. Then the Spartans once more, being beaten by the Thebans, lost the supremacy in Greece, and after that defeat were deprived of their outside rule and reduced to the frontiers of Laconia. But what disgrace was there in having retired, while disputing for the most honourable objects, to the limits of their ancestral dominion? Therefore, these events we may speak of as failures, but not as misfortunes in any sense. The Mantineans again were forced to leave their city, being divided out and scattered into separate villages by the Lacedaemonians; but for this all the world blamed the folly, not of the Mantineans, but of the Lacedaemonians. The Thebans, indeed, besides the loss of their army, saw their country depopulated at the time when Alexander, having resolved on the invasion of Asia, conceived that by making an example of Thebes he should establish a tenor that would act as a check upon the Greeks, while his attention was distracted upon other affairs: but at that time all the world pitied the Thebans as having been treated with injustice and harshness, and

no one was found to justify this proceeding of Alexander.

5. Accordingly after a short time they obtained assistance, and once more inhabited their country in security. For the compassion of foreigners is no small benefit to those who are unjustly dispossessed; since we often see that, with the change of feeling among the many, Fortune also changes; and even the conquerors themselves repent, and make good the disasters of those who have fallen under undeserved misfortunes. Once more, at certain periods the Chalcidians and Corinthians and some other cities, owing to the advantages of their situation, were attacked by kings of Macedonia, and had garrisons imposed on them: but when they were thus enslaved all the world were eager to do their best to liberate them, and loathed their enslavers and regarded them continually as their enemies. But above all, up to this time it was generally single states that were depopulated, and in single states that reverses were met with, in some cases while disputing for supremacy and empire, and in others from the treacherous attacks of despots and kings: so that, so far from their losses bringing them any reproach, they escaped even the name of misfortune. For we must look on all those who meet with incalculable disasters whether private or public as the victims of losses, and those only to be “unfortunate,” to whom events through their own folly bring dishonour. Instances of this last are the Peloponnesians, Boeotians, Phocians, ... and Locrians, some of the dwellers on the Ionian gulf, and next to these the Macedonians, ... who all as a rule did not merely suffer loss, but were “unfortunate,” with a misfortune of the gravest kind and for which they were themselves open to reproach: for they displayed at once want of good faith and want of courage, brought upon themselves a series of disgraces, lost all that could bring them honour, ... and voluntarily admitted into their towns the Roman fasces and axes. They were in the utmost panic, in fact, owing to the extravagance of their own wrongful acts, if one ought to call them their own; for I should rather say that the peoples as such were entirely ignorant, and were beguiled from the path of right: but that the men who *acted* wrongly were the authors of this delusion.

6. In regard to these men, it should not be a matter of surprise if we leave for a while the ordinary method and spirit of our narrative

to give a clearer and more elaborate exposition of their character. I am aware that some may be found, regarding it as their first duty to cast a veil over the errors of the Greeks, to accuse us of writing in a spirit of malevolence. But for myself, I conceive that with right-minded persons a man will never be regarded as a true friend who shrinks from and is afraid of plain speech, nor indeed as a good citizen who abandons the truth because of the offence he will give to certain persons at the time. But a writer of public history above all deserves no indulgence whatever, who regards anything of superior importance to truth. For in proportion as written history reaches larger numbers, and survives for longer time, than words spoken to suit an occasion, both the writer ought to be still more particular about truth, and his readers ought to admit his authority only so far as he adheres to this principle. At the actual hour of danger it is only right that Greeks should help Greeks in every possible way, by protecting them, veiling their errors or deprecating the wrath of the sovereign people, — and this I genuinely did for my part at the actual time: but it is also right, in regard to the record of events to be transmitted to posterity, to leave them unmixed with any falsehood: so that readers should not be merely gratified for the moment by a pleasant tale, but should receive in their souls a lesson which will prevent a repetition of similar errors in the future. Enough, however, on this subject.... *In the autumn of B.C. 150 the corrupt Menalcidas of Sparta was succeeded as Achaean Strategus by Diaeus, who, to cover his share in the corruption of Menalcidas, induced the league to act in the matter of some disputed claim of Sparta in a manner contrary to the decisions of the Roman Senate. The Spartans wished to appeal again to Rome; whereupon the Achaeans passed a law forbidding separate cities to make such appeals, which were to be only made by the league. The Lacedaemonians took up arms: and Diaeus professing that the league was not at war with Sparta, but with certain factious citizens of that city, named four of its chief men who were to be banished. They fled to Rome, where the Senate ordered their restoration. Embassies went from Achaia and from Sparta to Rome to state their respective cases; and on their return gave false reports, — Diaeus assuring the Achaeans that the Senate had ordered the Spartans to obey the league; Menalchidas telling the*

Spartans that the Romans had released them from all connexion with the league. War then again broke out (B.C. 148). Metellus, who was in Macedonia on the business of the Pseudo-Philip, sent legates to the Achaeans forbidding them to bear arms against Sparta, and announcing the speedy arrival of commissioners from Rome to settle the dispute. But the Achaean levies were already mustered under the Strategus Damocritus, and the Lacedaemonians seem to have almost compelled them to fight. The Spartans were beaten with considerable loss: and on Damocritus preventing a pursuit and a capture of Sparta, the Achaeans regarded him as traitor and fined him fifty talents. He was succeeded in his office of Strategus by Diaeus (autumn B.C. 148-B.C. 147) who promised Metellus to await the arrival of the commissioners from Rome. But the Spartans now assumed their freedom from the league and elected a Strategus of their own, Menalchidas; who provoked a renewal of the war by taking the town of Iasos on the Laconian frontier. In despair of resisting the attack of the Achaeans, and disowned by his fellow-citizens, he took poison. The Roman commissioners arrived, led by L. Aurelius Orestes, in B.C. 147, and summoning the magistrates of the Achaean towns and the Strategus Diaeus before them at Corinth, announced the decision of the Senate — separating Lacedaemon, Corinth, Argos, Heraclea near Aete, and Orchomenus in Arcadia from the Achaean league, as not being united by blood, and only being subsequent additions. The magistrates, without answering, hastily summoned the league congress. The people, on hearing the Roman decision, pillaged the houses of the Lacedaemonian residents in Corinth, and savagely attacked all who were or who looked like Spartans. The Roman envoys endeavoured to restrain the popular fury. But they were somewhat roughly handled themselves; and the people could not be persuaded to release the Spartans whom they had arrested: though they let all others go, and sent an embassy to Rome, which, however, meeting the former embassy on its return, and learning the hopelessness of support in Rome, returned home. It is this outbreak which is referred to in the next fragment. See Pausanias, vii. 12-14; Livy, Ep. 51. 7. When the commissioners with L. Aurelius Orestes arrived in Rome from the Peloponnese, they reported what had taken place, and declared that they had a narrow

escape of actually losing their lives. They made the most of the occurrence and put the worst interpretation upon it; for they represented the violence which had been offered them as not the result of a sudden outbreak, but of a deliberate intention on the part of the Achaeans to inflict a signal insult upon them. The Senate was therefore more angry than it had ever been, and at once appointed Sextus Julius Caesar and other envoys with instructions to rebuke and upbraid the Achaeans for what had occurred, yet in terms of moderation, but to exhort them “not to listen to evil councillors, not to allow themselves to be betrayed into hostility with Rome, but even yet to make amends for their acts of folly by inflicting punishment on the authors of the crime.” This was a clear proof that the Senate gave its instructions to Aurelius and his colleagues, not with the view of dismembering the league, but with the object of restraining the obstinacy and hostility of the Achaeans by terrifying and overawing them. Some people accordingly imagined that the Romans were acting hypocritically, because the Carthaginian war was still unfinished; but this was not the case. The fact is, that they had long regarded the Achaean league with favour, believing it to be the most trustworthy of all the Greek governments; and though now they were resolved to give it an alarm, because it had become too lofty in its pretensions, yet they were by no means minded to go to war or to have a serious quarrel with the Achaeans....

8. As Sextus Julius Caesar and his colleagues were on their way from Rome to the Peloponnese, they were met by Thearidas and the other envoys, sent by the Achaeans to make their excuse and give the Senate an explanation of the intemperate acts committed in regard to Aurelius Orestes. But Sextus Julius persuaded them to turn back to Achaia, on the ground that he and his colleagues were coming with full instructions to communicate with the Achaeans on all these points. When Sextus arrived in the Peloponnese, and in a conference with the Achaeans in Aegium spoke with great kindness, he made no mention of the injurious treatment of the legates, and scarcely demanded any defence at all, but took a more lenient view of what had happened than even the Achaeans themselves; and dwelt chiefly on the subject of exhorting them not to carry their error any further, in regard either to the Romans or the Lacedaemonians. Thereupon

the more sober-minded party received the speech with satisfaction, and were strongly moved to obey the suggestions, because they were conscious of the gravity of what they had been doing, and had before their eyes what happened to opponents of Rome; but the majority, though they had not a word to say against the justice of the injunctions of Sextus Julius, and were quite silent, yet remained deeply tainted with disaffection. And Diaeus and Critolaus, and all who shared their sentiments, — and they consisted of all the greatest rascals in every city, men at war with the gods, and pests of the community, carefully selected, — took, as the proverb has it, with the left hand what the Romans gave with the right, and went utterly and entirely wrong in their calculations. For they supposed that the Romans, owing to the troubles in Libya and Iberia, feared a war with the Achaeans and would submit to anything and say anything. Thinking, therefore, that the hour was their own, they answered the Roman envoys politely that “They would, nevertheless, send Thearidas and his colleagues to the Senate; while they would themselves accompany the legates to Tegea, and there in consultation with the Lacedaemonians would provide for some settlement of the war that would meet the views of both parties.” With this answer they subsequently induced the unhappy nation to follow the senseless course to which they had long before made up their mind. And this result was only what might have been expected from the inexperience and corruption of the prevailing party.

9. But the finishing stroke to this ruinous policy was given in the following manner. When Sextus and his colleagues arrived at Tegea, and invited the attendance of the Lacedaemonians, in order to arrange terms between them and the Achaeans, both as to the satisfaction to be given for previous complaints and for putting a stop to the war, until the Romans should send commissioners to review the whole question, Critolaus and his party, having held a conference, decided that all the rest should avoid the meeting, and that Critolaus should go alone to Tegea. When Sextus and his fellow-commissioners therefore had almost given them up, Critolaus arrived; and when the meeting with the Lacedaemonians took place, he would settle nothing, — alleging that he had no authority to make any arrangement without the consent of the people at large; but that

he would bring the matter before the Achaeans at their next congress, which must be held six months from that time. Sextus and his fellow-commissioners, therefore, convinced of the ill disposition of Critolaus, and much annoyed at his conduct, dismissed the Lacedaemonians to their own country, and themselves returned to Italy with strong views as to the folly and infatuation of Critolaus.

After their departure Critolaus spent the winter in visiting the cities and holding assemblies in them, on the pretext that he wished to inform them of what he had said to the Lacedaemonians at Tegea, but in reality to denounce the Romans and to put an evil interpretation on everything they said; by which means he inspired the common people in the various cities with feelings of hostility and hatred for them. At the same time he sent round orders to the magistrates not to exact money from debtors, nor to receive prisoners arrested for debt, and to cause loans on pledge to be held over until the war was decided. By this kind of appeal to the interests of the vulgar everything he said was received with confidence; and the common people were ready to obey any order he gave, being incapable of taking thought for the future, but caught by the bait of immediate indulgence and relief.

10. When Quintus Caecilius Metellus heard in Macedonia of the commotion and disturbance going on in the Peloponnese, he despatched thither his legates Gnaeus Papirius and the younger Popilius Laenas, along with Aulus Gabinius and Gaius Fannius; who, happening to arrive when the congress was assembled at Corinth, were introduced to the assembly, and delivered a long and conciliatory speech, much in the spirit of that of Sextus Julius, exerting themselves with great zeal to prevent the Achaeans from proceeding to an open breach with Rome, either on the pretext of their grievance against the Lacedaemonians, or from any feeling of anger against the Romans themselves. But the assembled people would not hear them; insulting words were loudly uttered against the envoys, and in the midst of a storm of yells and tumult they were driven from the assembly. The fact was that such a crowd of workmen and artisans had been got together as had never been collected before; for all the cities were in a state of drivelling folly, and above all the Corinthians *en masse*; and there were only a very

few who heartily approved of the words of the envoys.

Critolaus, conceiving that he had attained his purpose, in the midst of an audience as excited and mad as himself began attacking the magistrates, abusing all who were opposed to him, and openly defying the Roman envoys, saying that he was desirous of being a friend of the Romans, but had no taste for them as his masters. And, finally, he tried to incite the people by saying that, if they quitted themselves like men, they would have no lack of allies; but, if they betrayed womanish fears, they would not want for masters. By many other such words to the same effect, conceived in the spirit of a charlatan and huckster, he roused and excited the populace. He attempted also to make it plain that he was not acting at random in these proceedings, but that some of the kings and republics were engaged in the same policy as himself.

11. And when some of the Gerusia wished to check him, and restrain him from the use of such expressions, he ordered the soldiers surrounding him to retire, and stood up fronting his opponents, and bade any one of them come up to him, come near him, or venture to touch his chlamys. And, finally, he said that "He had restrained himself now for a long time; but would endure it no longer, and must speak his mind. The people to fear were not Lacedaemonians or Romans, but the traitors among themselves who co-operated with their foes: for there were some who cared more for Romans and Lacedaemonians than for their own country." He added, as a confirmation of his words, that Evagoras of Aegium and Stratius of Tritaea betrayed to Gnaeus Papirius and his fellow-commissioners all the secret proceedings in the meetings of the magistrates. And when Stratius acknowledged that he had had interviews with those men, and should do so again, as they were friends and allies, but asserted that he had told them nothing of what was said in the meetings of the magistrates, some few believed him, but the majority accepted the accusation as true. And so Critolaus, having inflamed the people by his accusations against these men, induced the Achaeans once more to decree a war which was nominally against the Lacedaemonians, but in effect was against the Romans; and he got another decree added, which was a violation of the constitution, namely, that whomsoever they should elect as Strategoi should have absolute

power in carrying on the war. He thus got for himself something like a despotism.

Having carried these measures, he began intriguing to bring on an outbreak and cause an attack upon the Roman envoys. He had no pretext for doing this; but adopted a course which, of all possible courses, offends most flagrantly against the laws of gods and man. The envoys, however, separated; Gnaeus Papirius went to Athens and thence to Sparta to watch the turn of events; Aulus Gabinius went to Naupactus; and the other two remained at Athens, waiting for the arrival of Caecilius Metellus. This was the state of things in the Peloponnese....

BOOK XXXIX

[Including Book XL. of Dindorf's Text.] 1. I am fully aware that some will be found to criticise my work, on the ground that my narrative of events is incomplete and disconnected; beginning, for instance, the story of the siege of Carthage, and then leaving it half told, and interrupting the stream of my history, I pass over to Greek affairs, and from them to Macedonian or Syrian, or some other history; whereas students require continuity, and desire to hear the end of a subject; for the combination of pleasure and profit is thus more completely secured. But I do not think this: I hold exactly the reverse. And as a witness to the correctness of my opinion I might appeal to nature herself, who is never satisfied with the same things continuously in any of the senses, but is ever inclined to change; and, even if she is satisfied with the same things, wishes to have them at intervals and in diversity of circumstance. This may be illustrated first by the sense of hearing, which is never gratified either in music or recitations by a continuance of the same strains or subjects; it is the varied style, and, in a word, whatever is broken up into intervals and has the most marked and frequent changes, that gives it pleasurable excitement. Similarly one may notice that the palate can never remain gratified by the same meats, however costly, but grows to feel a loathing for them, and delights in changes of diet, and often prefers plain to rich food merely for the sake of variety. The same may be noticed as to the sight: it is quite incapable of remaining fixed on the same object, but it is a variety and change of objects that excites it. And this is more than all the case with the mind; for changes in the objects of attention and study act as rests to laborious men.

2. Accordingly the most learned of the ancient historians have, as it seems to me, taken intervals of rest in this way: some by digressions on myths and tales, and others by digressions on historical facts, — not confining themselves to Greek history, but introducing disquisitions on points of foreign history as well. As, for instance, when, in the course of a history of Thessaly and the campaigns of Alexander of Pherae, they introduce an account of the

attempts of the Lacedaemonians in the Peloponnese; or those made by the Athenians; or actions which took place in Macedonia or Illyria: and then break off into an account of the expedition of Iphicrates into Egypt, and the iniquitous deeds of Clearchus in the Pontus. This will show you that these historians all employ this method; but, whereas they employ it without any system, I do so on a regular system. For these men, after mentioning, for instance, that Bardylis, king of the Illyrians, and Cersobleptes, king of the Thracians, established their dynasties, neither go on continuously with the stories nor return to them after an interval to take them up where they left off, but, treating them like an episode in a poem, they go back to their original subject. But I made a careful division of all the most important countries in the world and the course of their several histories; pursued exactly the same plan in regard to the order of taking the several divisions; and, moreover, arranged the history of each year in the respective countries, carefully keeping to the limits of the time: and the result is that I have made the transition backwards and forwards between my continuous narrative and the continually recurring interruptions easy and obvious to students, so that an attentive reader need never miss anything.... *After various operations during the autumn of B.C. 147, the upshot of which was to put the whole of the open country in Roman hands, in the beginning of spring B.C. 146, Scipio delivered his final attack on Carthage, taking first the quarter of the merchants' harbour, then the war harbour, and then the market-place. There only remained the streets leading to the Byrsa and the Byrsa itself. Appian, Pun. 123-126. Livy, Ep. 51. 3. Having got within the walls, while the Carthaginians still held out on the citadel, Scipio found that the arm of the sea which intervened was not at all deep; and upon Polybius advising him to set it with iron spikes or drive sharp wooden stakes into it, to prevent the enemy crossing it and attacking the mole, he said that, having taken the walls and got inside the city, it would be ridiculous to take measures to avoid fighting the enemy....*

4. The pompous Hasdrubal threw himself on his knees before the Roman commander, quite forgetful of his proud language....

When the Carthaginian commander thus threw himself as a suppliant at Scipio's knees, the proconsul with a glance at those

present said: "See what Fortune is, gentlemen! What an example she makes of irrational men! This is the Hasdrubal who but the other day disdained the large favours which I offered him, and said that the most glorious funeral pyre was one's country and its burning ruins. Now he comes with suppliant wreaths, beseeching us for bare life and resting all his hopes on us. Who would not learn from such a spectacle that a mere man should never say or do anything presumptuous?" Then some of the deserters came to the edge of the roof and begged the front ranks of the assailants to hold their hands for a little; and, on Scipio ordering a halt, they began abusing Hasdrubal, some for his perjury, declaring that he had sworn again and again on the altars that he would never abandon them, and others for his cowardice and utter baseness: and they did this in the most unsparing language, and with the bitterest terms of abuse. And just at this moment Hasdrubal's wife, seeing him seated in front of the enemy with Scipio, advanced in front of the deserters, dressed in noble and dignified attire herself, but holding in her hands, on either side, her two boys dressed only in short tunics and shielded under her own robes. First she addressed Hasdrubal by his name, and when he said nothing but remained with his head bowed to the ground, she began by calling on the name of the gods, and next thanked Scipio warmly because, as far as he could secure it, both she and her children were saved. And then, pausing for a short time, she asked Hasdrubal how he had had the heart to secure this favour from the Roman general for himself alone, ... and, leaving his fellow-citizens who trusted in him in the most miserable plight, had gone over secretly to the enemy? And how he had the assurance to be sitting there holding suppliant boughs, in the face of the very men to whom he had frequently said that the day would never come in which the sun would see Hasdrubal alive and his native city in flames.... *Hasdrubal's wife finally threw herself and children from the citadel into the burning streets.* Livy, Ep. 51. After an interview with [Scipio], in which he was kindly treated, Hasdrubal desired leave to go away from the town....

5. At the sight of the city utterly perishing amidst the flames Scipio burst into tears, and stood long reflecting on the inevitable change which awaits cities, nations, and dynasties, one and all, as it

does every one of us men. This, he thought, had befallen Ilium, once a powerful city, and the once mighty empires of the Assyrians, Medes, Persians, and that of Macedonia lately so splendid. And unintentionally or purposely he quoted, — the words perhaps escaping him unconsciously, —

“The day shall be when holy Troy shall fall And Priam, lord of spears, and Priam’s folk.” And on my asking him boldly (for I had been his tutor) what he meant by these words, he did not name Rome distinctly, but was evidently fearing for her, from this sight of the mutability of human affairs....

Another still more remarkable saying of his I may record.... [When he had given the order for firing the town] he immediately turned round and grasped me by the hand and said: “O Polybius, it is a grand thing, but, I know not how, I feel a terror and dread, lest some one should one day give the same order about my own native city.”... Any observation more practical or sensible it is not easy to make. For in the midst of supreme success for one’s self and of disaster for the enemy, to take thought of one’s own position and of the possible reverse which may come, and in a word to keep well in mind in the midst of prosperity the mutability of Fortune, is the characteristic of a great man, a man free from weaknesses and worthy to be remembered.... *After the rejection of the orders conveyed by the legates of Metellus (38, 11), Critolaus collected the Achaean levies at Corinth, under the pretext of going to war with Sparta; but he soon induced the league to declare themselves openly at war with Rome. He was encouraged by the adhesion of the Boeotarch Pytheas, and of the Chalcidians. The Thebans were the readier to join him because they had lately been ordered by Metellus, as arbiter in the disputes, to pay fines to the Phocians, Euboeans, and Amphisians. When news of these proceedings reached Rome in the spring of B.C. 146, the consul Mummius was ordered to lead a fleet and army against Achaia. But Metellus in Macedonia wished to have the credit of settling the matter himself; he therefore sent envoys to the Achaeans ordering them to release from the league the towns already named by the Senate viz. Sparta, Corinth, Argos, Heracleia, and Orchomenus in Arcadia, and advanced with his army from Macedonia through Thessaly by the coast road, skirting the Sinus*

Maliacus. Critolaus was already engaged in besieging Heraclea Oetea, to compel it to return to its obedience to the league, and when his scouts informed him of the approach of Metellus, he retreated to Scarphea on the coast of Locris, some miles south of the pass of Thermopylae. But before he could get into Scarphea Metellus caught him up, killed a large number of his men, and took one thousand prisoners. Critolaus himself disappeared; Pausanias seems to imagine that he was drowned in the salt marshes of the coast, but Livy says that he poisoned himself. Pausanias, 7, 14, 15. Livy, Ep. 52. Orosius, 5, 3. 7. Pytheas was a brother of Acatidas the runner, and son of Cleomenes. He had led an evil life, and was reported to have wasted the flower of his youth in unnatural debauchery. In political life also he was audacious and grasping, and had been supported by Eumenes and Philetaerus for these very reasons....

8. Critolaus the Achaean Strategus being dead, and the law providing that, in case of such an event befalling the existing Strategus, the Strategus of the previous year should succeed to the office until the regular congress of the league should meet, it fell to Diaeus to conduct the business of the league and take the head of affairs. Accordingly, after sending forward some troops to Megara, he went himself to Argos; and from that place sent a circular letter to all the towns ordering them to set free their slaves who were of military age, and who had been born and brought up in their houses, and send them furnished with arms to Corinth. He assigned the numbers to be furnished by the several towns quite at random and without any regard to equality, just as he did everything else. Those who had not the requisite number of home-bred slaves were to fill up the quota imposed on each town from other slaves. But seeing that the public poverty was very great, owing to the war with the Lacedaemonians, he compelled the richer classes, men and women alike, to make promises of money and furnish separate contributions. At the same time he ordered a levy *en masse* at Corinth of all men of military age. The result of these measures was that every city was full of confusion, commotion, and despair: they deemed those fortunate who had already perished in the war, and pitied those who were now starting to take part in it; and everybody was in tears as though they foresaw only too well what was going to happen. They

were especially annoyed at the insolent demeanour and neglect of their duties on the part of the slaves, — airs which they assumed as having been recently liberated, or, in the case of others, because they were excited by the prospect of freedom. Moreover the men were compelled to make their contribution contrary to their own views, according to the property they were reputed to possess; while the women had to do so, by taking the ornaments of their own persons or of their children, to what seemed deliberately meant for their destruction.

9. As these measures came all at once, the dismay caused by the hardship of each individually prevented people from attending to or grasping the general question; or they must have foreseen that they were all being led on to secure the certain destruction of their wives and children. But, as though caught in the rush of some winter torrent and carried on by its irresistible violence, they followed the infatuation and madness of their leader. The Eleians and Messenians indeed did not stir, in terror of the Roman fleet; for nothing could have saved them if the storm had burst when it was originally intended. The people of Patrae, and of the towns which were leagued with it, had a short time before suffered disasters in Phocis; and their case was much the most pitiable one of all the Peloponnesian cities: for some of them sought a voluntary death; others fled from their towns through deserted parts of the country, with no definite aim in their wanderings, from the panic prevailing in the towns. Some arrested and delivered each other to the enemy, as having been hostile to Rome; others hurried to give information and bring accusations, although no one asked for any such service as yet; while others went to meet the Romans with suppliant branches, confessing their treason, and asking what penance they were to pay, although as yet no one was asking for any account of such things. \$3

\$1e whole country seemed to be under an evil spell: everywhere people were throwing themselves down wells or over precipices; and so dreadful was the state of things, that as the proverb has it “even an enemy would have pitied” the disaster of Greece. For in times past the Greeks had met with reverses or indeed complete disaster, either from internal dissensions or from treacherous attacks of despots; but in the present instance it was from the folly of their leaders and their

own unwisdom that they experienced the grievous misfortunes which befell them. The Thebans also, abandoning their city *en masse*, left it entirely empty; and among the rest Pytheas retired to the Peloponnese, with his wife and children, and there wandered about the country....

He came upon the enemy much to his surprise. But to my mind the proverb, “the reckonings of the foolish are foolishness” applies to him. And naturally to such men things clear as day come as a surprise....

He was even forming plans for getting back home, acting very like a man who, not having learnt to swim and being about to plunge into the sea, should not consider the question of taking the plunge; but, having taken it, should begin to consider how he is to swim to land.... *Having secured Boeotia, Metellus advanced to Megara, where the Achaean Alcamenes had been posted by Diaeus with five thousand men. Alcamenes hastily evacuated Megara and rejoined Diaeus at Corinth, the latter having meanwhile been reelected Strategus. Pausanias, 7, 15, 10. 10.* Diaeus having recently come to Corinth after being appointed Strategus by the vote of the people, Andronidas and others came from Caecilius Metellus. Against these men he spread a report that they were in alliance with the enemy, and gave them up to the mob, who seized on them with great violence and threw them into chains. Philo of Thessaly also came bringing many liberal offers to the Achaeans. And on hearing them, certain of the men of the country attempted to secure their acceptance; among whom was Stratius, now a very old man, who clung to Diaeus’s knees and entreated him to yield to the offers of Metellus. But he and his party would not listen to Philo’s proposals. For the fact was that they did not believe that the amnesty would embrace them with the rest; and, as they regarded their own advantage and personal security as of the highest importance, they spoke as they did, and directed all their measures on the existing state of affairs to this end: although, as a matter of fact, they failed entirely to secure these objects. For as they understood quite clearly the gravity of what they had done, they could not believe they would obtain any mercy from Rome; and as to enduring nobly whatever should befall on behalf of their country and the safety of the people, that they never once took into consideration;

yet that was the course becoming men who cared for glory, and professed to be the leaders of Greece. But indeed how or whence was it likely that such a lofty idea should occur to these men? The members of this conclave were Diaeus and Damocritus, who had but recently been recalled from exile owing to the disturbed state of the times, and with them Alcamenes, Theodectes and Archicrates; and of these last I have already stated at length who they were, and have described their character, policy, and manner of life.

11. Such being the men with whom the decision rested, the determination arrived at was what was to be expected. They not only imprisoned Andronidas and Lagius and their friends, but even the sub-Strategus Sosicrates, on the charge of his having presided at a council and given his voting for sending an embassy to Caecilius Metellus, and in fact of having been the cause of all their misfortunes. Next day they empanelled judges to try them; condemned Sosicrates to death; and having bound him racked him till he died, without however inducing him to say anything that they expected: but they acquitted Lagius, Andronidas and Archippus, partly because the people were scared at the lawless proceeding against Sosicrates, and partly because Diaeus got a talent from Andronidas and forty minae from Archippus; for this man could not relax his usual shameless and abandoned principles in this particular even "in the very pit," as the saying is. He had acted with similar cruelty a short time before also in regard to Philinus of Corinth. For on a charge of his holding communication with Menalcidas and favouring the Roman cause, he caused Philinus and his sons to be flogged and racked in each other's sight, and did not desist until the boys and Philinus were all dead. When such madness and ferocity was infecting everybody, as it would not be easy to parallel even among barbarians, it would be clearly very natural to ask why the whole nation did not utterly perish. For my part, I think that Fortune displayed her resources and skill in resisting the folly and madness of the leaders; and, being determined at all hazards to save the Achaeans, like a good wrestler, she had recourse to the only trick left; and that was to bring down and conquer the Greeks quickly, as in fact she did. For it was owing to this that the wrath and fury of the Romans did not blaze out farther; that the army of Libya did not

come to Greece; and that these leaders, being such men as I have described, did not have an opportunity, by gaining a victory, of displaying their wickedness upon their countrymen. For what it was likely that they would have done to their own people, if they had got any ground of vantage or obtained any success, may be reasonably inferred from what has already been said. And indeed everybody at the time had the proverb on his lips, "had we not perished quickly we had not been saved."...

12. Aulus Postumius deserves some special notice from us here. He was a member of a family and gens of the first rank, but in himself was garrulous and wordy, and exceedingly ostentatious. From his boyhood he had a great leaning to Greek studies and literature: but he was so immoderate and affected in this pursuit, that owing to him the Greek style became offensive to the elder and most respectable men at Rome. Finally he attempted to write a poem and a formal history in Greek, in the preface to which he desired his readers to excuse him if, being a Roman, he could not completely command the Greek idiom or method in the handling of the subject. To whom M. Porcius Cato made a very pertinent answer. "I wonder," said he, "on what grounds you make such a demand. If the Amphictyonic council had charged you to write the history, you might perhaps have been forced to allege this excuse and ask for this consideration. But to write it of your own accord, when there was no compulsion to do so, and then to demand consideration, if you should happen to write bad Greek, is quite unreasonable. It is something like a man entering for the boxing match or pancratium in the public games, and, when he comes into the stadium, and it is his turn to fight, begging the spectators to pardon him 'if he is unable to stand the fatigue or the blows.' Such a man of course would be laughed at and condemned at once." And this is what such historiographers should experience, to prevent them spoiling a good thing by their rash presumption. Similarly, in the rest of his life, he had imitated all the worst points in Greek fashions; for he was fond of pleasure and averse from toil. And this may be illustrated from his conduct in the present campaign: for being among the first to enter Greece at the time that the battle in Phocis took place, he retired to Thebes on the pretence of illness, in order to avoid taking part in the engagement; but, when the battle was ended,

he was the first to write to the Senate announcing the victory, entering into every detail as though he had himself been present at the conflict.... *On the arrival of the Consul Mummius, Metellus was sent back into Macedonia. Mummius was accompanied by L. Aurelius Orestes, who had been nearly murdered in the riot at Corinth (38, 7), and, pitching his camp in the Isthmus, was joined by allies who raised his army to three thousand five hundred cavalry and twenty-six thousand infantry. The Achaeans made a sudden attack upon them and gained a slight success, which was a few days afterwards revenged by a signal defeat. Instead of retiring into Corinth, and from that stronghold making some terms with Mummius, Diaeus fled to Megalopolis, where he poisoned himself, after first killing his wife. The rest of the beaten Achaean army took refuge in Corinth, which Mummius took and fired on the third day after the battle with Diaeus. Then the commissioners were sent from Rome to settle the whole of Greece. Pausanias, 7, 16-17; Livy, Ep. 52. 13.* The incidents of the capture of Corinth were melancholy. The soldiers cared nothing for the works of art and the consecrated statues. I saw with my own eyes pictures thrown on the ground and soldiers playing dice on them; among them was a picture of Dionysus by Aristeides — in reference to which they say that the proverbial saying arose, “Nothing to the Dionysus,” — and the Hercules tortured by the shirt of Deianeira....

14. Owing to the popular reverence for the memory of Philopoemen, they did not take down the statues of him in the various cities. So true is it, as it seems to me, that every genuine act of virtue produces in the mind of those who benefit by it an affection which it is difficult to efface....

One might fairly, therefore, use the common saying: “He has been foiled not at the door, but in the road.”...

There were many statues of Philopoemen, and many erections in his honour, voted by the several cities; and a Roman at the time of the disaster which befell Greece at Corinth, wished to abolish them all and to formally indict him, laying an information against him, as though he were still alive, as an enemy and ill-wisher to Rome. But after a discussion, in which Polybius spoke against this sycophant, neither Mummius nor the commissioners would consent to abolish

the honours of an illustrious man....

Polybius, in an elaborate speech, conceived in the spirit of what has just been said, maintained the cause of Philopoemen. His arguments were that "This man had indeed been frequently at variance with the Romans on the matter of their injunctions, but he only maintained his opposition so far as to inform and persuade them on the points in dispute; and even that he did not do without serious cause. He gave a genuine proof of his loyal policy and gratitude, by a test as it were of fire, in the periods of the wars with Philip and Antiochus. For, possessing at those times the greatest influence of any one in Greece, from his personal power as well as that of the Achaeans, he preserved his friendship for Rome with the most absolute fidelity, having joined in the vote of the Achaeans in virtue of which, four months before the Romans crossed from Italy, they levied a war from their own territory upon Antiochus and the Aetolians, when nearly all the other Greeks had become estranged from the Roman friendship." Having listened to this speech and approved of the speaker's view, the ten commissioners granted that the complimentary erections to Philopoemen in the several cities should be allowed to remain. Acting on this pretext, Polybius begged of the Consul the statues of Achaeus, Aratus, and Philopoemen, though they had already been transported to Acarnania from the Peloponnese: in gratitude for which action people set up a marble statue of Polybius himself....

15. After the settlement made by the ten commissioners in Achaia, they directed the Quaestor, who was to superintend the selling of Diaeus's property, to allow Polybius to select anything he chose from the goods and present it to him as a free gift, and to sell the rest to the highest bidders. But, so far from accepting any such present, Polybius urged his friends not to covet anything whatever of the goods sold by the Quaestor anywhere: — for he was going a round of the cities and selling the property of all those who had been partisans of Diaeus, as well of such as had been condemned, except those who left children or parents. Some of these friends did not take his advice; but those who did follow it earned a most excellent reputation among their fellow-citizens.

16. After completing these arrangements in six months, the ten

commissioners sailed for Italy, at the beginning of spring, having left a noble monument of Roman policy for the contemplation of all Greece. They also charged Polybius, as they were departing, to visit all the cities and to decide all questions that might arise, until such time as they were grown accustomed to their constitution and laws. Which he did: and after a while caused the inhabitants to be contented with the constitution given them by the commissioners, and left no difficulty connected with the laws on any point, private or public, unsettled.

[Wherefore the people, who always admired and honoured this man, being in every way satisfied with the conduct of his last years and his management of the business just described, honoured him with the most ample marks of their respect both during his life and after his death. And this universal verdict was fully justified. For if he had not elaborated and reduced to writing the laws relating to the administration of justice, everything would have been in a state of uncertainty and confusion. Therefore we must look upon this as the most glorious of the actions of Polybius.]...

17. The Roman Proconsul, after the commissioners had left Achaia, having restored the holy places in the Isthmus and ornamented the temples in Olympia and Delphi, proceeded to make a tour of the cities, receiving marks of honour and proper gratitude in each. And indeed he deserved honour both public and private, for he conducted himself with self-restraint and disinterestedness, and administered his office with mildness, although he had great opportunities of enriching himself, and immense authority in Greece. And in fact in the points in which he was thought to have at all overlooked justice, he appears not to have done it for his own sake, but for that of his friends. And the most conspicuous instance of this was in the case of the Chalcidian horsemen whom he put to death....

18. Ptolemy, king of Syria, died from a wound received in the war: a man who, according to some, deserved great praise and abiding remembrance, and according to others the reverse. If any king before him ever was, he was mild and benevolent; a very strong proof of which is that he never put any of his own friends to death on any charge whatever; and I believe that not a single man at Alexandria either owed his death to him. Again, though he was notoriously

ejected from his throne by his brother, in the first place, when he got a clear opportunity against him in Alexandria, he granted him a complete amnesty; and afterwards, when his brother once more made a plot against him to seize Cyprus, though he got him body and soul into his hands at Lapethus, he was so far from punishing him as an enemy, that he even made him grants in addition to those which formerly belonged to him in virtue of the treaty made between them, and moreover promised him his daughter. However, in the course of a series of successes and prosperity, his mind became corrupted; and he fell a prey to the dissoluteness and effeminacy characteristic of the Egyptians: and these vices brought him into serious disasters....

CONCLUSION OF THE HISTORY

19. Having accomplished these objects, I returned home from Rome, having put, as it were, the finishing-stroke to my whole previous political actions, and obtained a worthy return for my constant loyalty to the Romans. Wherefore I make my prayers to all the gods that the rest of my life may continue in the same course and in the same prosperity; for I see only too well that Fortune is envious of mortals, and is most apt to show her power in those points in which a man fancies that he is most blest and most successful in life.

Such was the result of my exertions. But having now arrived at the end of my whole work, I wish to recall to the minds of my readers the point from which I started, and the plan which I laid down at the commencement of my history, and then to give a summary of the entire subject. I announced then at starting that I should begin my narrative at the point where Timaeus left off, and that going cursorily over the events in Italy, Sicily, and Libya — since that writer has only composed a history of those places, — when I came to the time when Hannibal took over the command of the Carthaginian army; Philip son of Demetrius the kingdom of Macedonia; Cleomenes of Sparta was banished from Greece; Antiochus succeeded to the kingdom in Syria, and Ptolemy Philopator to that in Egypt, — I promised that starting once more from that period, namely the 139th Olympiad, I would give a general history of the world: marking out the periods of the Olympiads, separating the events of each year, and comparing the histories of the several countries by parallel narratives of each, up to the capture of Carthage, and the battle of the Achaeans and Romans in the Isthmus, and the consequent political settlement imposed on the Greeks. From all of which I said that students would learn a lesson of supreme interest and instructiveness. This was to ascertain how, and under what kind of polity, almost the whole inhabited world came under the single authority of Rome, a fact quite unparalleled in the past. These promises then having all been fulfilled, it only remains for me to state the periods embraced in my history, the number of my books, and how many go to make up my whole work....

SHORTER FRAGMENTS

The first eight of these fragments belong to book 6, but as they do not fall in with what remains of the text, I have placed them here. I have divided these fragments into two classes: (A) those which seem to have some distinct reference which can be recognised or guessed: (B) those which though fairly complete in themselves cannot be so classed. A good many more, generally quoted by Suidas for the sake of some one word, did not seem worth putting in an English dress. The numbers in brackets are those of Hultsch's text.

A

I (6, 2)

I believe Rome to have been founded in the B.C. 751. second year of the 7th Olympiad.

II (6, 2)

Polybius, like Aristodemus of Elis, informs us that the register of the athletic victors B.C. 672. at the Olympic games began to be kept from the 27th Olympiad, at which Coroebus of Elis was first registered as conqueror in the stadium; and this Olympiad was regarded as an era by the Greeks from which to calculate dates.

III (6, 2)

The Palatine was named after Pallas, who died there. He was the son of Heracles and Lavina, daughter of Evander. His maternal grandfather raised a barrow as his tomb on this hill, and called the place after him the Pallantium.

IV (6, 2)

Among the Romans women are forbidden to drink wine; and they

drink what is called *passum*, which is made from raisins, and tastes very like the sweet wine of Aegosthena or Crete. This is what they drink to quench their thirst. But it is almost impossible for them to drink wine without being found out. For, to begin with, the woman has not got the charge of wine; and, in the next place, she is bound to kiss all her male relatives and those of her husband, down to his cousins, every day on seeing them for the first time; and as she cannot tell which of them she will meet, she has to be on her guard. For if she has but tasted wine, there is no occasion for any formal accusation.

V (6, 2)

Ancus Marcius, Livy, 1, 33. He also founded Ostia at the mouth of the Tiber.

VI (6, 2)

Lucius, the son of Demaratus of Corinth, came to Rome relying on his own ability and wealth, and convinced that the advantages he possessed would place him in the front rank in the state: for he had a wife who, among other useful qualities, was admirably suited by nature to assist in any political enterprise. Arrived at Rome, and admitted to citizenship, he devoted himself to flattering the king; and before very long his wealth, his natural dexterity, and, more than all, his early training, enabled him so to please the king's taste that he gained his cordial liking and confidence. As time went on his intimacy became so close that he lived with [Ancus] Marcius, and assisted him in managing his kingdom. While so engaged, he contrived to make himself useful to every one. All who were suitors for anything found in him an active supporter and friend: his wealth was spent with noble liberality and judgment on various objects of national importance; and thus he secured for himself the gratitude of many, and the goodwill and good word of all, and finally obtained the throne....

Every branch of virtue should be practised by those who aim at

good training, from childhood, but, above all, courage....

(6, 1)

An impossible lie admits of no defence even.

(6, 1)

It is the act of a wise and sensible man to recognise — as Hesiod puts it— “how much greater the half is than the whole.”

VII (6, 1)

To learn sincerity towards the Gods is a kind of image of truthfulness towards each other.

VIII (6, 1)

It generally happens in the world that men who acquire have a natural turn for keeping; while those who succeed to wealth, without any trouble to themselves, are apt to squander it.

IX (10)

The strongest fortifications are in general dangerous to both sides; which may be illustrated from what occurs in the case of citadels. These last are regarded as contributing greatly to the security of the cities in which they stand, and to the protection of their freedom; but they often turn out to be the origin of slavery and indisputable misfortunes.

X (13)

Some few approved of his doing so, but the majority objected, saying, some that it was folly, and others that it was madness for a man thus to risk and hazard his life, who was quite unacquainted with the kind of fighting in use among these barbarians.

XI (16)

“Secure retreat in case disaster fall.”

One ought always to keep this line in mind. From failing to do so Lucius the Roman met with a grave disaster. So narrow is the risk of destruction to the most powerful forces when the leaders are unwise. A sufficient illustration to thoughtful men is furnished by the headstrong invasion of Argos by Pyrrhus king of the Epirotes, and the expedition through Thrace of king Lysimachus against Dorimichaites, king of Odrysae; and indeed many other similar cases.

XII (23)

Marcellus never once conquered Hannibal, who in fact remained unbeaten until Scipio's victory.

XIII (25)

No darkness, no storm however violent, turned him from his purpose. He forced his way through all such obstacles; he overcame even disease by resolute labour, and never once failed in an object or experienced a variation in his uniform good fortune.

XIV (29)

In old times single combats among the Romans were conducted with good faith [but in our days many contrivances have been hit upon].

XV (31)

The horse, from the agony of the wound, first fell forward, and then galloped furiously through the middle of the camp.

XVI (42)

Seeing that the superstitious feelings of the soldiers were roused by

these portents, he exerted himself to remove the scruples of the men by means of his own intelligence and strategic skill.

XVII (63)

SHIPS WITH SIX BANKS OF OARS

These vessels appear to be as swift sailers as penteconters, but to be much inferior to triremes; and their construction has been abandoned for many years past. Polybius, however, is supposed to lay down the measurements of such vessels, which the Romans and Carthaginians appear to have often employed in their wars with each other.

XVIII (64)

Getting completely drunk, and all flung on the ground in the various tents, they neither heard any word of command nor took any thought of the future whatever.

XIX (66)

In consultations of war, as in those relating to bodily sickness, one ought to take as much account of the symptoms that have since arisen as of those originally existing.

XX (90)

Cappadocia extends from Mount Taurus and Lycaonia up to the Pontic Sea. The name is Persian and arose thus. A certain Persian [named Cappadocus?] was present at a hunt with Artaxerxes, or some other king, when a lion sprang upon the king's horse. This Persian happened to be in that part of the hunting company, and drawing his sword rescued the king from his imminent danger and killed the lion. This Persian therefore ascending the highest mountain in the neighbourhood received as a gift from the king as much territory as the human eye could take in, looking east, west, north, and south.

XXI (95)

The Celtiberians have a peculiar manœuvre in war. When they see their infantry hard pressed, they dismount and leave their horses standing in their places. They have small pegs attached to their leading reins, and having fixed them carefully into the ground, they train their horses to keep their places obediently in line until they come back and pull up the pegs.

XXII (96)

The Celtiberians excel the rest of the world in the construction of their swords; for their point is strong and serviceable, and they can deliver a cut with both edges. Wherefore the Romans abandoned their ancestral swords after the Hannibalian war and adopted those of the Iberians. They adopted, I say, the construction of the swords, but they can by no means imitate the excellence of the steel or the other points in which they are so elaborately finished.

XXIII (102)

The Roman praetor Marcus wished to get rid of the war against the Lusitani, and laying aside war altogether, to shirk — as the saying is — “the men’s hall for the women’s bower,” because of the recent defeat of the praetor by the Lusitani.

(103)

But those of the Ligurians who fought against Mago were unable to do anything important or great.

XXIV (113)

A *mora* consisted of nine hundred men.

XXV (117)

A general needs good sense and boldness; they are the most

necessary qualities for dangerous and venturesome undertakings.

XXVI (154)

The second king of Egypt, called Philadelphus, when giving his daughter Berenice in marriage to Antiochus king of Syria, was careful to send her some Nile water, that the young bride might drink no other water.

XXVII (156)

I say this to point out the wisdom of the Romans, and the folly of those who despise the practice of making comparisons with the habits of foreign nations, and believe themselves competent to reform their own armies without reference to others.

XXVIII (157)

The Romans were wont to take great care not to appear to be the aggressors, or to attack their neighbours without provocation; but to be considered always to be acting in self-defence, and only to enter upon war under compulsion.

XXIX (166)

When Scipio Africanus, the younger, was commissioned by the Senate to settle the kingdoms throughout the world, and see that they were put in proper hands, he only took five slaves with him; and, on one of these dying during the journey, he wrote home to his relations to buy another and send him to take the place of the dead one.

XXX (184)

If one ought to speak of *Fortune* in regard to such things; for I fear she often gets credit of that sort without good reason; while the real fault lies with the men who administer public business, who sometimes act with seriousness and sometimes the reverse.

XC (161)

Chance and Fortune, so to speak, enhanced the achievements of Scipio, so that they always appeared more illustrious than was expected.

XCI (162)

One must not pass over even a minor work of his, as in the case of a famous artist.

XCII (163)

Scipio counselled him either not to try, or to do so in such a manner as to succeed at all risks. For to make an attempt on the same man twice was dangerous in itself, and was apt to make a man altogether contemptible.

XCIII (164)

But being jealous of Scipio they tried to decry his achievements.

APPENDIX III

1, 21. The capture of Cornelius Asina is ascribed by Livy (*E*) to an act of treachery, *per fraudem velut in colloquium evocatus captus est*. He is copied by Florus (2, 2) and Eutropius (2, 10). See also Valerius Max. 6, 6, 2. This is perhaps not incompatible with the narrative of Polybius, which, however, does not suggest it. He must have been released at the time of the entrance of Regulus into Africa, for being captured in B.C. 260, we find him Consul for B.C. 254, without any account of his release being preserved.

1, 32-36. — XANTHIPPIUS THE LACEDAEMONIAN

The fate of Xanthippus has been variously reported. Polybius represents him as going away voluntarily, and Mommsen supposes him to have taken service in the Egyptian army. Appian, however, asserts that he and his men were drowned on their way home to Sparta by the Carthaginian captains who were conveying them, and who were acting on secret orders from home (8, 4). Mommsen also regards the account of Polybius of the reforms introduced in the Carthaginian tactics by Xanthippus as exaggerated: "The officers of Carthage can hardly have waited for foreigners to teach them that the light African cavalry can be more appropriately employed on the plain than among hills and forests." The doubt had apparently occurred to others [Diodor. Sic. fr. bk. 23.] The mistake, however, was not an unnatural one. For other references to Xanthippus see Cicero *de Off.* 3, 26, 7; Valerius Max. 1, 1, 14; Dio Cassius, fr. 43, 24.

1, 34. — M. ATILIUS REGULUS

No more is told us of the fate of Regulus, and Mommsen says “nothing more is known with certainty.” Arnold, following Niebuhr, declared the story of his cruel death to be a fabrication. The tradition, however, of his mission home to propose peace, his subsequent return after advising against it, and his death under torture, was received undoubtingly by the Roman writers of the time of Cicero and afterwards. See Cicero, *Off.* 3, § 99; *ad Att.* 16, 11; *de Sen.* § 74; *Paradox.* 2, 16; *Tusc.* 5, § 14. Horace, *Od.* 3, 5; Livy, *E*; Valerius Max. 1, 1, 14; Dio Cassius, fr. 43, 28. To Appian (8, 4) is due the additional particular of the barrel full of nails, καὶ αὐτὸν οἱ Καρχηδόνιοι καθείρξαντες ἐν γαλεάγρα κέντρα πάντοθεν ἐχούσῃ διέφθειραν. Against this uniformity of tradition is to be set the silence of Polybius. But on the other hand, in this introductory part of his history, Polybius does not profess to give full particulars (see note to 1, 21); and in the case of Regulus, he has not stated what we learn from Livy (*E*) and Valerius Max. 4, 4, 6, that his stay in Africa for the second year was against his own express wish, his private business requiring, as he thought, his presence in Italy.

1, 60. — LUTATIUS

Lutatius is represented by Polybius as directing the operations at the battle of Aegusa; but it appears that he had received some hurt a few days before, and was confined to his lectica during the action (*lectica claudum jucuissse*). The chief direction therefore devolved upon the praetor, Q. Valerius Falto, who accordingly claimed to share his triumph, but was refused on the technical ground that the victory had not been won under his *auspicia*. Valerius Max. 2, 8, 2.

1, 76. — HAMILCAR

(Vol. i. .) Dr. Warre writes on the manœuvre of Hamilcar as follows: “Hamilcar’s army is in column of route; elephants leading, then cavalry, then light-armed infantry, and heavy-armed infantry in the rear. He observes the enemy bearing down hastily; gives orders to his whole force to turn about, and then forms line (ἐξέτασις) by successive wheels of his heavy-armed troops. He would thus have

changed his heavy-armed from column of route into line by wheeling them while retiring to the right (or left) about. The light-armed apparently passed through the intervals; the cavalry halted when they came to the line now formed up, and at once turned to their front and faced the enemy, and the remainder marched forward to meet them. Polybius does not tell us with what front Hamilcar was marching; but I think it is clear that he was in column of route and not in battle array (ἐκ παρατάξεως). Thus the deployment of his columns, *while retiring, by right (or left) about wheel* into line by successive συντάγματα, or battalions, would be a very pretty manœuvre, and only such as an able tactician would resort to."

11, 22-23. — SCIPIO AND HASDRUBAL SON OF GESCO

(Vol. ii. .) Of this passage Dr. Warre has again favoured me with a note and a translation which I append: "The passage in Polybius is very interesting. It is a good tactical example of an attack on both flanks, refusing the centre, the effect being to keep the enemy from moving the troops in his centre to the assistance of his wings. The inversion of order, by which the right became the left in the case of those troops who had first orders 'right turn, left wheel from line into column,' and then 'left wheel into line,' is an ordinary instance of doing what might be called 'clubbing' a battalion or brigade. It is of course on parade a clumsy mistake to make; but Scipio rightly took no notice of it in battle, as Polybius, who sees the matter with a soldier's eye, observes. Scipio's army was inferior in numbers, and so he first moved his Romans *outwards* while still in line, and then formed for attack with the cavalry, light infantry, and three battalions (cohorts) on each flank."

The following is Dr. Warre's translation: —

“Polybius 11, 22. — On this occasion Scipio seems to have employed two stratagems. He observed that Hasdrubal was in the habit of marching out late in the day, of keeping his Libyan troops in the centre, and of posting his elephants in front of each wing. His own custom was to march out at the said hour to oppose him, and to set the Romans in his centre opposite to the Libyans, while he posted his Spanish troops upon his wings. On the day upon which he determined to decide matters he did the reverse of this, and thereby greatly assisted his forces towards gaining a victory, and placed the enemy at no small disadvantage. At daybreak he sent his aides and gave orders to all the tribunes and to the soldiers that they were first to get their breakfast, and then to arm and to parade in front of the ramparts. This was done. The soldiers obeyed eagerly, having an idea of his intention. He sent forward the cavalry and light infantry, giving them joint orders to approach the camp of the enemy, and to skirmish up to it boldly; but he himself took the heavy infantry, and at sunrise advanced, and when he had reached the middle of the plain formed line in just the opposite order to his previous formation. For he proceeded to deploy the Iberians on the centre and the Romans on the flanks.”

“For a while the Romans remained as usual silent, but after the day had worn, and the light infantry engagement was indecisive and on equal terms, since those who were hard pressed retired on their own heavy infantry and (ἐκ μεταβολῆς κινδυνεύειν), after retreating formed again for attack, then it was that Scipio withdrew his skirmishers through the intervals of the troops under the standards, and divided them on either wing in rear of his line, first the velites, and in succession to them his cavalry, and at first made his advance *in line direct*. But when distant (? five) furlongs from the enemy he directed the Iberians to advance in the same formation, but gave orders to the wings to turn outwards (to the right wing for the infantry to turn to their right, and to their left to the left). Then he himself took from the right and Lucius Marcius and Marcus Junius from the left the three leading squadrons of cavalry, and in front of these the usual number of velites, and three cohorts (for this is the Roman term), but the one body wheeled to the left and the other to the right, were led in column against the enemy, advancing at full speed, the troops in succession forming and following as they wheeled....

(They were in line, and the cavalry and velites got the word turn, left wheel, and the infantry right wheel and forward, *i.e.* the light troops and cavalry wheeled from their outer flank, and the heavy infantry from their inner flank.)

“And when these troops were not far off the enemy, and the Iberians in the line direct were still a considerable distance behind, as they were advancing slowly, they came in contact with either wing of the enemy, the Roman forces being in column according to his original intention.

“The subsequent movements by which the troops in rear of these columns came into line with those leading were exactly the reverse, generally, in the case of the right and the left wings, and particularly, in case of the light troops and cavalry and the heavy infantry. For the cavalry and velites on the right wing forming to the right into line were trying to outflank the enemy, but the infantry formed on the contrary to the left. On the left wing the cavalry and light infantry left formed into line, and the heavy infantry right formed into line.

And so it came to pass that on both wings the cavalry and light troops were in inverted order, *i.e.* their proper right had become their left. The general took little heed of this, but cared only for that which was of greater importance, the outflanking of the enemy; and rightly so, for while a general ought to know what has happened, he should use the movements that are suitable to the circumstances.”

34, 5, 10. — PYTHEAS

The date of these voyages of Pytheas is uncertain beyond the fact that they were somewhere in the 4th century B.C. His *Periplus*, or notes of his voyage, was extant until the 5th century A.D. The fragments remaining have been published by Arvedson, Upsala, 1824. The objection raised by Polybius to the impossibility of a poor man making such voyages is sometimes answered by the supposition that he was sent officially by the Massilian merchants to survey the north of Europe and look out for places suitable for commerce. The northern sea, which he describes as “like a jellyfish through which one can neither walk nor sail,” is referred “to the rotten and spongy ice which sometimes fills those waters.” This is assuming Thule to be Iceland. Tacitus supposed it to be Shetland (*Agr.* 10), and described the waters there as sluggish, and not subject to the influence of the wind. See Elton (*Origins of English History*, p-74). Elton quotes Wallace (*Concerning Thule*, 31), who comments on Tacitus by saying, “This agrees with the sea in the north-east of Scotland, not for the reason given by Tacitus, but because of the contrary tides, which drive several ways, and stop not only boats with oars but ships under sail.”

34, 10. — THE SUBTERRANEAN FISH

Schweighaeuser in his note on this passage quotes Aristotle *de Anim.* 6, 15, who states that gudgeon thus hide themselves in the earth; and Seneca, *Nat. Q.*, 3, 17 and 19, who refers to the fact *piscem posse vivere sub terra et effodi*, and quotes an instance as occurring in Caria. See also Livy, 42, 2, who, among other prodigies occurring in B.C. 173, says, *in Gallico agro qua induceretur aratrum sub*

existentibus glebis pisces emersisse dicebantur. Eels and other fish have been found in the mud of ponds long after the ponds have been dried up. The truer account is given in Strabo (4, 1, 6): “There was a lake near Ruscino, and a swampy place a little above the sea, full of salt, and containing mullets (κεστρεῖς), which are dug out; for if a man dig down two or three feet, and drive a trident into the muddy water, he may spear fish which is of considerable size, and which feeds on the mud like the eels.”

The Greek Text

Ruins at Pydna, near the site of the Battle of Pydna, which marked the final destruction of Alexander's empire and introduced Roman authority over the Near East. Polybius' father, Lycortas, was a prominent advocate of neutrality during the Roman war against Perseus of Macedonia. Lycortas attracted the suspicion of the Romans and following the battle, Polybius was selected as one of the 1,000 Achaean nobles to be taken to Rome as a hostage in 167 BC. Polybius was detained there for 17 years.

[7] εἰ μὲν οὖν ἡμῖν ἦν

συνήθη καὶ γνώριμα τὰ πολιτεύματα τὰ περὶ τῆς τῶν ὅλων ἀρχῆς ἀμφισβητήσαντα, ἴσως οὐδὲν ἂν ἡμᾶς ἔδει περὶ τῶν πρὸ τοῦ γράφειν ἀπὸ ποίας προθέσεως ἢ δυνάμεως ὀρμηθέντες ἐνεχείρισαν τοῖς τοιούτοις καὶ τηλικούτοις ἔργοις. [8] ἐπεὶ δ' οὔτε τοῦ Ῥωμαίων οὔτε τοῦ Καρχηδονίων πολιτεύματος πρόχειρός ἐστι τοῖς πολλοῖς τῶν Ἑλλήνων ἢ προγεγενημένη δύναμις οὐδ' αἱ πράξεις αὐτῶν, ἀναγκαῖον ὑπελάβομεν εἶναι συντάξασθαι ταύτην καὶ τὴν ἐξῆς βύβλον πρὸ τῆς ἱστορίας, [9] ἵνα μηδεὶς ἐπιστὰς ἐπ' αὐτὴν τὴν τῶν πραγμάτων ἐξήγησιν τότε διαπορῇ καὶ ζητῇ ποίοις διαβουλίαις ἢ ποίαις δυνάμεσι καὶ χορηγίαις χρησάμενοι Ῥωμαῖοι πρὸς ταύτας ὥρμησαν τὰς ἐπιβολάς, δι' ὧν καὶ τῆς γῆς καὶ τῆς θαλάττης τῆς καθ' ἡμᾶς ἐγένοντο πάσης ἐγκρατεῖς, [10] ἀλλ' ἐκ τούτων τῶν βύβλων καὶ τῆς ἐν ταύταις προκατασκευῆς δῆλον ἦ τοῖς ἐντυγχάνουσιν ὅτι καὶ λίαν εὐλόγοις ἀφορμαῖς χρησάμενοι πρὸς τε τὴν ἐπίνοιαν ὥρμησαν καὶ πρὸς τὴν συντέλειαν ἐξ

[1] ἴκοντο τῆς τῶν ὅλων ἀρχῆς καὶ δυναστείας. τὸ γὰρ τῆς ἡμετέρας πραγματείας ἴδιον καὶ τὸ θαυμάσιον τῶν καθ' ἡμᾶς καιρῶν τοῦτ' ἔστιν ὅτι, καθάπερ ἡ τύχη σχεδὸν ἅπαντα τὰ τῆς οἰκουμένης πράγματα πρὸς ἓν ἔκλινε μέρος καὶ πάντα νεύειν ἠνάγκασε πρὸς ἓνα καὶ τὸν αὐτὸν σκοπόν, οὕτως καὶ δεῖ διὰ τῆς ἱστορίας ὑπὸ μίαν σύνοψιν ἀγαγεῖν τοῖς ἐντυγχάνουσι τὸν χειρισμὸν τῆς τύχης, ᾧ κέχρηται πρὸς τὴν τῶν ὅλων πραγμάτων συντέλειαν. [2] καὶ γὰρ τὸ προκαλεσάμενον ἡμᾶς καὶ παρορμήσαν πρὸς τὴν ἐπιβολὴν τῆς ἱστορίας μάλιστα τοῦτο γέγονεν, σὺν δὲ τούτῳ καὶ τὸ μηδένα τῶν καθ' ἡμᾶς ἐπιβεβλῆσθαι τῇ τῶν καθόλου πραγμάτων συντάξει: πολλὸν γὰρ ἂν ἦττον ἔγωγε πρὸς τοῦτο τὸ μέρος ἐφιλοτιμήθην. [3] νῦν δ' ὁρῶν τοὺς μὲν κατὰ μέρος πολέμους καὶ τινὰς τῶν ἅμα τούτοις πράξεων καὶ πλείους πραγματευομένους, τὴν δὲ καθόλου καὶ συλλήβδην οἰκονομίαν τῶν γεγονότων πότε καὶ πόθεν ὥρμήθη καὶ πῶς ἔσχε τὴν συντέλειαν, ταύτην οὐδ' ἐπιβαλόμενον οὐδένα βασανίζειν, ὅσον γε καὶ ἡμᾶς εἰδέναι, [4] παντελῶς ὑπέλαβον ἀναγκαῖον εἶναι τὸ μὴ παραλιπεῖν μηδ' ἐᾶσαι παρελθεῖν ἀνεπιστάτως τὸ κάλλιστον ἅμα δ' ὠφελιμώτατον ἐπιτήδευμα τῆς τύχης. [5] πολλὰ γὰρ αὕτη καινοποιούσα καὶ συνεχῶς ἐναγωνιζομένη τοῖς τῶν ἀνθρώπων βίοις οὐδέπω τοιόνδ' ἀπλῶς οὔτ' εἰργάσατ' ἔργον οὔτ' ἠγωνίσατ' ἀγώνισμα, οἷον τὸ καθ' ἡμᾶς. [6] ὅπερ ἐκ μὲν τῶν κατὰ μέρος γραφόντων τὰς ἱστορίας οὐχ οἷόν τε συνιδεῖν, εἰ μὴ καὶ τὰς

ἐπιφανεστάτας πόλεις τις κατὰ μίαν ἐκάστην ἐπελθὼν ἢ καὶ νῆ Δία γεγραμμένας χωρὶς ἀλλήλων θεασάμενος εὐθέως ὑπολαμβάνει κατανενοηκέναι καὶ τὸ τῆς ὅλης οἰκουμένης σχῆμα καὶ τὴν σύμπασαν αὐτῆς θέσιν καὶ τάξιν· ὅπερ ἐστὶν οὐδαμῶς εἰκός. [7] καθόλου μὲν γὰρ ἔμοιγε δοκοῦσιν οἱ πεπεισμένοι διὰ τῆς κατὰ μέρος ἱστορίας μετρίως συνόψεσθαι τὰ ὅλα παραπλήσιόν τι πάσχειν, ὥς ἂν εἴ τις ἐμψύχου καὶ καλοῦ σώματος γεγονότος διερριμμένα τὰ μέρη θεώμενοι νομίζοιεν ἱκανῶς αὐτόπται γίνεσθαι τῆς ἐνεργείας αὐτοῦ τοῦ ζῴου καὶ καλλονῆς. [8] εἰ γάρ τις αὐτίκα μάλα συνθεῖς καὶ τέλειον αὐθις ἀπεργασάμενος τὸ ζῶον τῷ τ' εἶδει καὶ τῇ τῆς ψυχῆς εὐπρεπείᾳ κᾶπειτα πάλιν ἐπιδεικνύοι τοῖς αὐτοῖς ἐκείνοις, ταχέως ἂν οἶμαι πάντας αὐτοὺς ὁμολογήσειν διότι καὶ λίαν πολὺ τι τῆς ἀληθείας ἀπελείποντο πρόσθεν καὶ παραπλήσιοι τοῖς ὀνειρώττουσιν ἦσαν. [9] ἔννοιαν μὲν γὰρ λαβεῖν ἀπὸ μέρους τῶν ὅλων δυνατόν, ἐπιστήμην δὲ καὶ γνώμην ἀτρεκῇ σχεῖν ἀδύνατον. [10] διὸ παντελῶς βραχὺ τι νομιστέον συμβάλλεσθαι τὴν κατὰ μέρος ἱστορίαν πρὸς τὴν τῶν ὅλων ἐμπειρίαν καὶ πίστιν. [11] ἐκ μέντοι γε τῆς ἀπάντων πρὸς ἄλληλα συμπλοκῆς καὶ παραθέσεως, ἔτι δ' ὁμοιότητος καὶ διαφορᾶς, μόνως ἂν τις ἐφίκοιτο καὶ δυνηθεῖη κατοπτεύσας ἅμα καὶ τὸ χρήσιμον καὶ τὸ τερπνὸν ἐκ τῆς ἱστορίας ἀναλαβεῖν.

[1] Ὑποθησόμεθα δὲ ταύτης ἀρχὴν τῆς βύβλου τὴν πρώτην διάβασιν ἐξ Ἰταλίας Ῥωμαίων. αὕτη δ' ἔστιν συνεχῆς μὲν τοῖς ἀφ' ὧν Τίμαιος ἀπέλιπεν, πίπτει δὲ κατὰ τὴν ἐνάτην καὶ εἰκοστήν πρὸς ταῖς ἑκατὸν ὀλυμπιάδα. [2] διὸ καὶ ῥητέον ἂν εἴη πῶς καὶ πότε συστησάμενοι τὰ κατὰ τὴν Ἰταλίαν καὶ τίσιν ἀφορμαῖς μετὰ ταῦτα χρῆσάμενοι διαβαίνειν ὥρμησαν εἰς Σικελίαν· ταύτη γὰρ τῇ γῇ πρῶτον ἐπέβησαν τῶν ἐκτὸς τόπων τῆς Ἰταλίας. [3] καὶ ῥητέον αὐτὴν τὴν τῆς διαβάσεως αἰτίαν ψιλῶς, ἵνα μὴ τῆς αἰτίας αἰτίαν ἐπιζητούσης ἀνυπόστατος ἢ τῆς ὅλης ὑποθέσεως ἀρχὴ γένηται καὶ θεωρία. [4] ληπτέον δὲ καὶ τοῖς καιροῖς ὁμολογουμένην καὶ γνωριζομένην ἀρχὴν παρ' ἅπασιν καὶ τοῖς πράγμασι δυναμένην αὐτὴν ἐξ αὐτῆς θεωρεῖσθαι, κἂν δέη τοῖς χρόνοις βραχὺ προσαναδραμόντας κεφαλαιώδη τῶν μεταξὺ πράξεων ποιήσασθαι τὴν ἀνάμνησιν. [5] τῆς γὰρ ἀρχῆς ἀγνωσμένης ἢ καὶ νῆ Δί' ἀμφισβητουμένης οὐδὲ τῶν ἐξῆς οὐδὲν οἶόν τε παραδοχῆς ἀξιωθῆναι καὶ πίστεως· ὅταν δ' ἡ περὶ ταύτης ὁμολογουμένη παρασκευασθῇ δόξα, τότε ἤδη καὶ πᾶς ὁ συνεχῆς λόγος ἀποδοχῆς τυγχάνει παρὰ τοῖς ἀκούουσιν.

[1] ἔτος μὲν οὖν ἐνειστήκει μετὰ μὲν τὴν ἐν Αἰγὸς ποταμοῖς ναυμαχίαν ἐννεακαιδέκατον, πρὸ δὲ τῆς ἐν Λεύκτροις μάχης ἑκκαιδέκατον, [2] ἐν ᾧ Λακεδαιμόνιοι μὲν τὴν ἐπ’ Ἀνταλκίδου λεγομένην εἰρήνην πρὸς βασιλέα τῶν Περσῶν ἐκύρωσαν καὶ πρεσβύτερος Διονύσιος τῇ περὶ τὸν Ἑλλέπορον ποταμὸν μάχῃ νενικηκὼς τοὺς κατὰ τὴν Ἰταλίαν Ἑλληνας ἐπολιόρκει Ῥήγιον, Γαλάται δὲ κατὰ κράτος ἐλόντες αὐτὴν τὴν Ῥώμην κατεῖχον πλὴν τοῦ Καπετωλίου. [3] πρὸς οὓς ποιησάμενοι Ῥωμαῖοι σπονδὰς καὶ διαλύσεις εὐδοκουμένας Γαλάταις καὶ γενόμενοι πάλιν ἀνελπίστως τῆς πατρίδος ἐγκρατεῖς καὶ λαβόντες οἶον ἀρχὴν τῆς συναυξήσεως ἐπολέμουν ἐν τοῖς ἐξῆς χρόνοις πρὸς τοὺς ἀστυγείτονας. [4] γενόμενοι δ’ ἐγκρατεῖς ἀπάντων τῶν Λατίνων διὰ τε τὴν ἀνδρείαν καὶ τὴν ἐν ταῖς μάχαις ἐπιτυχίαν μετὰ ταῦτ’ ἐπολέμουν Τυρρηνοῖς, ἔπειτα Κελτοῖς, ἐξῆς δὲ Σαυνίταις τοῖς πρὸς τε τὰς ἀνατολὰς καὶ τὰς ἄρκτους συντερμονοῦσι τῇ τῶν Λατίνων χώρα. [5] μετὰ δέ τινα χρόνον Ταραντίνων διὰ τὴν εἰς τοὺς πρεσβευτὰς Ῥωμαίων ἀσέλγειαν καὶ τὸν διὰ ταῦτα φόβον ἐπισπασαμένων Πύρρον, τῷ πρότερον ἔτει τῆς τῶν Γαλατῶν ἐφόδου τῶν τε περὶ Δελφούς φθαρέντων καὶ περαιωθέντων εἰς τὴν Ἀσίαν, [6] Ῥωμαῖοι Τυρρηνοὺς μὲν καὶ Σαυνίτας ὑφ’ αὐτοὺς πεπονημένοι, τοὺς δὲ κατὰ τὴν Ἰταλίαν Κελτοὺς πολλαῖς μάχαις ἤδη νενικηκότες, τότε πρῶτον ἐπὶ τὰ λοιπὰ μέρη τῆς Ἰταλίας ὥρμησαν, οὐχ ὥς ὑπὲρ ὀθνείων, ἐπὶ δὲ τὸ πλεῖον ὥς ὑπὲρ ἰδίων ἤδη καὶ καθηκόντων σφίσι πολεμήσοντες, ἀθληταὶ γεγονότες ἀληθινοὶ τῶν κατὰ τὸν πόλεμον ἔργων ἐκ τῶν πρὸς τοὺς Σαυνίτας καὶ Κελτοὺς ἀγώνων. [7] ὑποστάντες δὲ γενναίως τὸν πόλεμον τοῦτον καὶ τὸ τελευταῖον τὰς τε δυνάμεις καὶ Πύρρον ἐκβαλόντες ἐκ τῆς Ἰταλίας αὐθις ἐπολέμουν καὶ κατεστρέφοντο τοὺς κοινωνήσαντας Πύρρῳ τῶν πραγμάτων. [8] γενόμενοι δὲ παραδόξως ἀπάντων ἐγκρατεῖς καὶ ποιησάμενοι τοὺς τὴν Ἰταλίαν οἰκοῦντας ὑφ’ αὐτοὺς πλὴν Κελτῶν μετὰ ταῦτα πολιορκεῖν ἐνεχείρισαν τοὺς τότε κατέχοντας τὸ Ῥήγιον Ῥωμαίους.

[1] ἴδιον γάρ τι συνέβη καὶ παραπλήσιον ἑκατέραις ταῖς περὶ τὸν πορθμὸν ἐκτισμέναις πόλεσιν: εἰσὶ δ’ αὗται Μεσσήνη καὶ Ῥήγιον. [2] Μεσσήνην μὲν γὰρ οὐ πολλοῖς ἀνώτερον χρόνοις τῶν νῦν λεγομένων καιρῶν Καμπανοὶ παρ’ Ἀγαθοκλεῖ μισθοφοροῦντες καὶ πάλαι περὶ τὸ κάλλος καὶ τὴν λοιπὴν εὐδαιμονίαν τῆς πόλεως ὀφθαλμιῶντες ἅμα τῷ λαβεῖν καιρὸν εὐθὺς ἐπεχείρησαν παρασπονδεῖν: [3]

παρεισελθόντες δ' ὡς φίλοι καὶ κατασχόντες τὴν πόλιν οὓς μὲν ἐξέβαλον τῶν πολιτῶν, οὓς δ' ἀπέσφαξαν. [4] πράξαντες δὲ ταῦτα τὰς μὲν γυναῖκας καὶ τὰ τέκνα τῶν ἡκκληρηκότων, ὥς ποθ' ἡ τύχη διένειμεν παρ' αὐτὸν τὸν τῆς παρανομίας καιρὸν ἐκάστοις, οὕτως ἔσχον: τοὺς δὲ λοιποὺς βίους καὶ τὴν χώραν μετὰ ταῦτα διελόμενοι κατεῖχον. [5] ταχὺ δὲ καὶ ῥαδίως καλῆς χώρας καὶ πόλεως ἐγκρατεῖς γενόμενοι παρὰ πόδας εὗρον μιμητὰς τῆς πράξεως. Ῥηγῖνοι γάρ, [6] καθ' ὃν καιρὸν Πύρρος εἰς Ἰταλίαν ἐπεραιοῦτο, καταπλαγεῖς γενόμενοι τὴν ἔφοδον αὐτοῦ, δεδιότες δὲ καὶ Καρχηδονίους θαλαττοκρατοῦντας ἐπεσπάσαντο φυλακὴν ἅμα καὶ βοήθειαν παρὰ Ῥωμαίων. [7] οἱ δ' εἰσελθόντες χρόνον μὲν τινα διετήρουν τὴν πόλιν καὶ τὴν ἑαυτῶν πίστιν, ὄντες τετρακισχίλιοι τὸν ἀριθμόν, ὧν ἡγεῖτο Δέκιος Καμπανός: [8] τέλος δὲ ζηλώσαντες τοὺς Μαμερτίνοις, ἅμα δὲ καὶ συνεργοὺς λαβόντες αὐτοὺς παρεσπόνδησαν τοὺς Ῥηγίνους, ἐκπαθεῖς ὄντες ἐπὶ τε τῇ τῆς πόλεως εὐκαιρίᾳ καὶ τῇ τῶν Ῥηγίνων περὶ τοὺς ἰδίους βίους εὐδαιμονίᾳ: καὶ τοὺς μὲν ἐκβαλόντες, τοὺς δ' ἀποσφάξαντες τῶν πολιτῶν τὸν αὐτὸν τρόπον τοῖς Καμπανοῖς κατέσχον τὴν πόλιν. [9] οἱ δὲ Ῥωμαῖοι βαρέως μὲν ἔφερον τὸ γεγονός: οὐ μὴν εἶχόν γε ποιεῖν οὐδὲν διὰ τὸ συνέχεσθαι τοῖς προειρημένοις πολέμοις. [10] ἐπεὶ δ' ἀπὸ τούτων ἐγένοντο, συγκλείσαντες αὐτοὺς ἐπολιόρκουν τὸ Ῥήγιον, καθάπερ ἐπάνω προεῖπον. [11] κρατήσαντες δὲ τοὺς μὲν πλείστους ἐν αὐτῇ τῇ καταλήψει διέφθειραν, ἐκθύμως ἀμυνομένους διὰ τὸ προορᾶσθαι τὸ μέλλον, ζωγρία δ' ἐκυρίευσαν πλειόνων ἢ τριακοσίων. [12] ὧν ἀναπεμφθέντων εἰς τὴν Ῥώμην, οἱ στρατηγοὶ προαγαγόντες εἰς τὴν ἀγορὰν καὶ μαστιγώσαντες ἅπαντας κατὰ τὸ παρ' αὐτοῖς ἔθος ἐπελέκισαν, βουλόμενοι διὰ τῆς εἰς ἐκείνους τιμωρίας, καθ' ὅσον οἰοί τ' ἦσαν, διορθοῦσθαι παρὰ τοῖς συμμαχοῖς τὴν αὐτῶν πίστιν. [13] τὴν δὲ χώραν καὶ τὴν πόλιν παραχρῆμα τοῖς Ῥηγίνοις ἀπέδосαν.

[1] οἱ δὲ Μαμερτῖνοι — τοῦτο γὰρ τοῦνομα κυριεύσαντες οἱ Καμπανοὶ τῆς Μεσσηνίας προσηγόρευσαν σφᾶς αὐτοὺς — ἕως μὲν συνεκρῶντο τῇ τῶν Ῥωμαίων συμμαχίᾳ τῶν τὸ Ῥήγιον κατασχόντων, οὐ μόνον τῆς ἑαυτῶν πόλεως καὶ χώρας ἀσφαλῶς κατεκράτουν, ἀλλὰ καὶ περὶ τῆς συνορούσης οὐχ ὡς ἔτυχε παρηνώχλουν τοῖς τε Καρχηδονίοις καὶ τοῖς Συρακοσίοις καὶ πολλὰ μέρη τῆς Σικελίας ἐφορολόγουν. [2] ἐπεὶ δ' ἐστερήθησαν τῆς προειρημένης ἐπικουρίας, συγκλεισθέντων τῶν τὸ Ῥήγιον

κατεχόντων εἰς τὴν πολιορκίαν, παρὰ πόδας ὑπὸ τῶν Συρακοσίων αὐτοὶ πάλιν συνεδιώχθησαν εἰς τὴν πόλιν διὰ τινος τοιαύτης αἰτίας. [3] χρόνοις οὐ πολλοῖς πρότερον αἱ δυνάμεις τῶν Συρακοσίων διενεχθεῖσαι πρὸς τοὺς ἐν τῇ πόλει καὶ διατρίβουσαι περὶ τὴν Μεργάνην κατέστησαν ἐξ αὐτῶν ἄρχοντας, Ἀρτεμίδωρόν τε καὶ τὸν μετὰ ταῦτα βασιλεύσαντα τῶν Συρακοσίων Ἰέρωνα, νέον μὲν ὄντα κομιδῇ, πρὸς δέ τι γένος εὐφυῇ βασιλικῆς καὶ πραγματικῆς οἰκονομίας. [4] ὁ δὲ παραλαβὼν τὴν ἀρχὴν καὶ παρεισελθὼν εἰς τὴν πόλιν διὰ τινων οἰκείων καὶ κύριος γενόμενος τῶν ἀντιπολιτευομένων οὕτως ἐχρήσατο πρῶως καὶ μεγαλοψύχως τοῖς πράγμασιν, ὥστε τοὺς Συρακοσίους, καίπερ οὐδαμῶς εὐδοκουμένους ἐπὶ ταῖς τῶν στρατιωτῶν ἀρχαιρεσίαις, τότε πάντας ὁμοθυμαδὸν εὐδοκῆσαι στρατηγὸν αὐτῶν ὑπάρχειν Ἰέρωνα. [5] ὃς ἐκ τῶν πρώτων ἐπινοημάτων εὐθέως δῆλος ἦν τοῖς ὀρθῶς σκοπομένοις μειζόνων ὀρεγῶ

[1] μενος ἐλπίδων ἢ κατὰ τὴν στρατηγίαν. θεωρῶν γὰρ τοὺς Συρακοσίους, ἐπειδὴν ἐκπέμψωσι τὰς δυνάμεις καὶ τοὺς ἄρχοντας μετὰ τῶν δυνάμεων, αὐτοὺς ἐν αὐτοῖς στασιάζοντας καὶ καινοτομοῦντας αἰεὶ τι, [2] τὸν δὲ Λεπτίνην εἰδὼς καὶ τῇ προστασίᾳ καὶ τῇ πίστει πολὺ διαφέροντα τῶν ἄλλων πολιτῶν, εὐδοκιμοῦντα δὲ καὶ παρὰ τῷ πλήθει διαφερόντως, συνάπτεται κηδεῖαν πρὸς αὐτόν, βουλόμενος οἷον ἐφεδρείαν ἀπολιπεῖν ἐν τῇ πόλει τοῦτον, ὅτ' αὐτὸν ἐξιέναι δέοι μετὰ τῶν δυνάμεων ἐπὶ τὰς πράξεις. [3] γήμας δὲ τὴν θυγατέρα τοῦ προειρημένου καὶ συνθεωρῶν τοὺς ἀρχαίους μισθοφόρους καχέκτας ὄντας καὶ κινητικούς ἐξάγει στρατείαν ὡς ἐπὶ τοὺς βαρβάρους τοὺς τὴν Μεσσήνην κατασχόντας. [4] ἀντιστρατοπεδεύσας δὲ περὶ Κεντόριπα καὶ παραταξάμενος περὶ τὸν Κυαμόσωρον ποταμὸν τοὺς μὲν πολιτικούς ἵππεῖς καὶ πεζοὺς αὐτὸς ἐν ἀποστήματι συνεῖχεν, ὡς κατ' ἄλλον τρόπον τοῖς πολεμίοις συμμίξων, τοὺς δὲ ξένους προβαλόμενος εἶασε πάντας ὑπὸ τῶν βαρβάρων διαφθαρῆναι. [5] κατὰ δὲ τὸν τῆς ἐκείνων τροπῆς καιρὸν ἀσφαλῶς αὐτὸς ἀπεχώρησεν μετὰ τῶν πολιτῶν εἰς τὰς Συρακούσας. [6] συντελεσάμενος δὲ τὸ προκείμενον πραγματικῶς καὶ παρηρηκῶς πᾶν τὸ κινητικὸν καὶ στασιῶδες τῆς δυνάμεως, ξενολογήσας δι' αὐτοῦ πλῆθος ἱκανὸν μισθοφόρων, ἀσφαλῶς ἤδη τὰ κατὰ τὴν ἀρχὴν διεξῆγεν. [7] θεωρῶν δὲ τοὺς βαρβάρους ἐκ τοῦ προτερήματος θρασέως καὶ προπετῶς ἀναστρεφομένους, καθοπλίσας καὶ γυμνάσας

ἐνεργῶς τὰς πολιτικάς δυνάμεις ἐξῆγεν καὶ συμβάλλει τοῖς πολεμίοις ἐν τῷ Μυλαίῳ πεδίῳ περὶ τὸν Λογγανὸν καλούμενον ποταμόν. [8] τροπὴν δὲ ποιήσας αὐτῶν ἰσχυρὰν καὶ τῶν ἡγεμόνων ἐγκρατὴς γενόμενος ζωγρία τὴν μὲν τῶν βαρβάρων κατέπαυσε τόλμαν, αὐτὸς δὲ παραγενόμενος εἰς τὰς Συρακούσας βασιλεὺς ὑπὸ πάντων προσηγορεύθη τῶν συμμάχων.

[1] οἱ δὲ Μαμερτῖνοι πρότερον μὲν ἐστερημένοι τῆς ἐπικουρίας τῆς ἐκ τοῦ Ῥηγίου, καθάπερ ἀνώτερον εἶπον, τότε δὲ τοῖς ἰδίῳις πράγμασιν ἐπταικότες ὅλοσχερῶς διὰ τὰς νῦν ῥηθείσας αἰτίας, οἱ μὲν ἐπὶ Καρχηδονίους κατέφευγον καὶ τούτοις ἐνεχειρίζον σφᾶς αὐτοὺς καὶ τὴν ἄκραν, [2] οἱ δὲ πρὸς Ῥωμαίους ἐπρέσβευον, παραδιδόντες τὴν πόλιν καὶ δεόμενοι βοηθήσειν σφίσι αὐτοῖς ὁμοφύλοις ὑπάρχουσιν. [3] Ῥωμαῖοι δὲ πολὺν μὲν χρόνον ἠπόρησαν διὰ τὸ δοκεῖν ἐξόφθαλμον εἶναι τὴν ἀλογίαν τῆς βοηθείας. [4] τὸ γὰρ μικρῷ πρότερον τοὺς ἰδίους πολίτας μετὰ τῆς μεγίστης ἀνηρηκότης τιμωρίας, ὅτι Ῥηγίους παρεσπόνδησαν, παραχρῆμα Μαμερτίνῳις βοηθεῖν ζητεῖν τοῖς τὰ παραπλήσια πεποιηκόσιν οὐ μόνον εἰς τὴν Μεσσηνίων, ἀλλὰ καὶ τὴν Ῥηγίων πόλιν, δυσασπλόγητον εἶχε τὴν ἁμαρτίαν. [5] οὐ μὴν ἀγνοοῦντές γε τούτων οὐδέν, θεωροῦντες δὲ τοὺς Καρχηδονίους οὐ μόνον τὰ κατὰ τὴν Λιβύην, ἀλλὰ καὶ τῆς Ἰβηρίας ὑπήκοα πολλὰ μέρη πεποιημένους, ἔτι δὲ τῶν νήσων ἀπασῶν ἐγκρατεῖς ὑπάρχοντας τῶν κατὰ τὸ Σαρδόνιον καὶ Τυρρηνικὸν πέλαγος, ἡγωνίων, εἰ Σικελίας ἔτι κυριεύσαιεν, [6] μὴ λίαν βαρεῖς καὶ φοβεροὶ γείτονες αὐτοῖς ὑπάρχοιεν, κύκλῳ σφᾶς περιέχοντες καὶ πᾶσι τοῖς τῆς Ἰταλίας μέρεσιν ἐπικείμενοι. [7] διότι δὲ ταχέως ὕφ' αὐτοὺς ποιήσονται τὴν Σικελίαν, μὴ τυχόντων ἐπικουρίας τῶν Μαμερτίνων, προφανὲς ἦν. [8] κρατήσαντες γὰρ ἐγχειριζομένης αὐτοῖς τῆς Μεσσήνης ἔμελλον ἐν ὀλίγῳ χρόνῳ τὰς Συρακούσας ἐπανελέσθαι διὰ τὸ πάσης σχεδὸν δεσπόζειν τῆς ἄλλης Σικελίας. [9] ὁ προορώμενος Ῥωμαῖοι καὶ νομίζοντες ἀναγκαῖον εἶναι σφίσι τὸ μὴ προσέσθαι τὴν Μεσσήνην μηδ' εἶσαι Καρχηδονίους οἰοεὶ γεφυρῶσαι τὴν εἰς Ἰταλίαν αὐτοῖς διάβασιν,

[1] πολὺν μὲν χρόνον ἐβουλεύσαντο, καὶ τὸ μὲν συνέδριον οὐδ' εἰς τέλος ἐκύρωσε τὴν γνώμην διὰ τὰς ἄρτι ῥηθείσας αἰτίας. ἐδόκει γὰρ τὰ περὶ τὴν ἀλογίαν τῆς τοῖς Μαμερτίνῳις ἐπικουρίας ἰσορροπεῖν τοῖς ἐκ τῆς βοηθείας συμφέρουσιν. [2] οἱ δὲ πολλοὶ τετρυμένοι μὲν ὑπὸ τῶν προγεγονότων πολέμων καὶ προσδεόμενοι παντοδαπῆς

ἐπανορθώσεως, ἅμα δὲ τοῖς ἄρτι ῥηθεῖσι περὶ τοῦ κοινῇ συμφέρειν τὸν πόλεμον καὶ κατ' ἰδίαν ἐκάστοις ὠφελείας προδήλους καὶ μεγάλας ὑποδεικνύοντων τῶν στρατηγῶν, ἔκριναν βοηθεῖν. [3] κυρωθέντος δὲ τοῦ δόγματος ὑπὸ τοῦ δήμου, προχειρισάμενοι τὸν ἕτερον τῶν ὑπάτων στρατηγὸν Ἄππιον Κλαύδιον ἐξαπέστειλαν, κελεύσαντες βοηθεῖν καὶ διαβαίνειν εἰς Μεσσήνην. [4] οἱ δὲ Μαμερτῖνοι τὸν μὲν τῶν Καρχηδονίων στρατηγὸν ἤδη κατέχοντα τὴν ἄκραν ἐξέβαλον, τὰ μὲν καταπληξάμενοι, τὰ δὲ παραλογισάμενοι: τὸν δ' Ἄππιον ἐπεσπῶντο καὶ τούτῳ τὴν πόλιν ἐνεχείριζον. [5] Καρχηδόνιοι δὲ τὸν μὲν στρατηγὸν αὐτῶν ἀνεσταύρωσαν, νομίσαντες αὐτὸν ἀβούλως, ἅμα δ' ἀνάνδρως προέσθαι τὴν ἀκρόπολιν: [6] αὐτοὶ δὲ τῇ μὲν ναυτικῇ δυνάμει περὶ Πελωριάδα στρατοπεδεύσαντες, τῷ δὲ πεζῷ στρατεύματι περὶ τὰς Σύνεις καλουμένας ἐνεργῶς προσέκειντο τῇ Μεσσήνῃ. [7] κατὰ δὲ τὸν καιρὸν τοῦτον Ἰέρων νομίσας εὐφυῶς ἔχειν τὰ παρόντα πρὸς τὸ τοὺς βαρβάρους τοὺς τὴν Μεσσήνην κατέχοντας ὀλοσχερῶς ἐκβαλεῖν ἐκ τῆς Σικελίας, τίθεται πρὸς τοὺς Καρχηδονίους συνθήκας. [8] καὶ μετὰ ταῦτ' ἀναζεύξας ἐκ τῶν Συρακουσῶν ἐποιεῖτο τὴν πορείαν ἐπὶ τὴν προειρημένην πόλιν: καταστρατοπεδεύσας δ' ἐκ θατέρου μέρους περὶ τὸ Χαλκιδικὸν ὄρος καλούμενον ἀπέκλεισε καὶ ταύτης τῆς ἐξόδου τοὺς ἐν τῇ πόλει. [9] ὁ δὲ στρατηγὸς τῶν Ῥωμαίων Ἄππιος νυκτὸς καὶ παραβόλως περαιωθεὶς τὸν πορθμὸν ἦκεν εἰς τὴν Μεσσήνην. [10] ὁρῶν δὲ πανταχόθεν ἐνεργῶς προσηρειακότητας τοὺς πολεμίους καὶ συλλογισάμενος ἅμα μὲν αἰσχροῖν, ἅμα δ' ἐπισφαλῇ γίνεσθαι τὴν πολιορκίαν αὐτῷ, τῆς τε γῆς τῶν πολεμίων ἐπικρατούντων καὶ τῆς θαλάττης, [11] τὸ μὲν πρῶτον διεπρεσβεύετο πρὸς ἀμφοτέρους, βουλόμενος ἐξελεῖσθαι τοῦ πολέμου τοὺς Μαμερτίνους: οὐδενὸς δὲ προσέχοντος αὐτῷ, [12] τέλος ἐπαναγκαζόμενος ἔκρινε διακινδυνεύειν καὶ πρῶτον ἐγχειρεῖν τοῖς Συρακοσίοις. [13] ἐξαγαγὼν δὲ τὴν δύναμιν παρέταξε πρὸς μάχην, ἐτοίμως εἰς τὸν ἀγῶνα συγκαταβάντος αὐτῷ καὶ τοῦ τῶν Συρακοσίων βασιλέως: [14] ἐπὶ πολὺν δὲ χρόνον διαγωνισάμενος ἐπεκράτησεν τῶν πολεμίων καὶ κατεδίωξε τοὺς ὑπεναντίους ἕως εἰς τὸν χάρακα πάντας. [15] Ἄππιος μὲν οὖν σκυλεύσας τοὺς νεκροὺς ἐπανῆλθεν πάλιν εἰς τὴν Μεσσήνην. ὁ δ' Ἰέρων ὅττευσάμενός τι περὶ τῶν ὅλων πραγμάτων, ἐπιγενομένης τῆς νυκτὸς ἀνεχώρησε κατὰ σπουδὴν

[1] εἰς τὰς Συρακούσας. τῇ δὲ κατὰ πόδας ἡμέρᾳ γνοὺς Ἄππιος τὴν ἀπόλυσιν τῶν προειρημένων καὶ γενόμενος εὐθαρσῆς ἔκρινε μὴ μέλλειν, ἀλλ' ἐγχειρεῖν τοῖς Καρχηδονίοις. [2] παραγγείλας οὖν τοῖς στρατιώταις ἐν ᾧ ῥα γίνεσθαι τὴν θεραπείαν, ἅμα τῷ φωτὶ τὴν ἔξοδον ἐποιεῖτο. [3] συμβαλὼν δὲ τοῖς ὑπεναντίοις πολλοὺς μὲν αὐτῶν ἀπέκτεινε, τοὺς δὲ λοιποὺς ἠνάγκασε φυγεῖν προτροπᾶδην εἰς τὰς παρακειμένας πόλεις. [4] χρησάμενος δὲ τοῖς εὐτυχήμασι τούτοις καὶ λύσας τὴν πολιορκίαν, λοιπὸν ἐπιπορευόμενος ἀδεῶς ἐπόρθει τὴν τε τῶν Συρακοσίων καὶ τὴν τῶν συμμαχούντων αὐτοῖς χώραν, οὐδενὸς ἀντιπιοιουμένου τῶν ὑπαίθρων· τὸ δὲ τελευταῖον προσκαθίσας αὐτὰς ἐπεβάλετο πολιορκεῖν τὰς Συρακούσας. [5]

[1] ἡ μὲν οὖν πρώτη Ῥωμαίων ἐκ τῆς Ἰταλίας διάβασις μετὰ δυνάμεως ἦδε καὶ διὰ ταῦτα καὶ κατὰ τούτους ἐγένετο τοὺς καιροὺς, [6] ἦν οἰκειοτάτην κρίναντες ἀρχὴν εἶναι τῆς ὅλης προθέσεως, ἀπὸ ταύτης ἐποισάμεθα τὴν ἐπίστασιν, ἀναδραμόντες ἔτι τοῖς χρόνοις τοῦ μηδὲν ἀπόρημα καταλιπεῖν ὑπὲρ τῶν κατὰ τὰς αἰτίας ἀποδείξεων. [7] τῷ γὰρ πῶς καὶ πότε παίσαντες αὐτῇ τῇ πατρίδι Ῥωμαῖοι τῆς ἐπὶ τὸ βέλτιον ἥρξαντο προκοπῆς καὶ πότε πάλιν καὶ πῶς κρατήσαντες τῶν κατὰ τὴν Ἰταλίαν τοῖς ἐκτὸς ἐπιχειρεῖν ἐπεβάλοντο πράγμασιν, ἀναγκαῖον ὑπελάβομεν εἶναι παρακολουθήσαι τοῖς μέλλουσι καὶ τὸ κεφάλαιον αὐτῶν τῆς νῦν ὑπεροχῆς δεόντως συνόψεσθαι. [8] διόπερ οὐ χρὴ θαυμάζειν οὐδ' ἐν τοῖς ἐξῆς, ἐάν που προσανατρέχωμεν τοῖς χρόνοις περὶ τῶν ἐπιφανεστάτων πολιτευμάτων. [9] τοῦτο γὰρ ποιήσομεν χάριν τοῦ λαμβάνειν ἀρχὰς τοιαύτας, ἐξ ὧν ἔσται σαφῶς κατανοεῖν ἐκ τίνων ἕκαστοι καὶ πότε καὶ πῶς ὀρμηθέντες εἰς ταύτας παρεγένοντο τὰς διαθέσεις, ἐν αἷς ὑπάρχουσι νῦν. ὃ δὴ καὶ περὶ Ῥωμαίων ἄρτι πεποιήκαμεν. ἀφεμένους δὲ τούτων λέγειν ὥρα περὶ τῶν προκειμένων, ἐπὶ βραχὺ καὶ κεφαλαιωδῶς προεκθεμένους τὰς ἐν τῇ προκατασκευῇ πράξεις. [2] ὧν εἰσι πρῶται κατὰ τὴν τάξιν αἱ γινόμεναι Ῥωμαίοις καὶ Καρχηδονίοις ἐν τῷ περὶ Σικελίας πολέμῳ. [3] ταύταις συνεχῆς ὁ Λιβυκὸς πόλεμος· ᾧ συνάπτει τὰ κατ' Ἰβηρίαν Ἀμίλκα, μετὰ δὲ τοῦτον Ἀσδρούβα πρᾶχθέντα καὶ Καρχηδονίοις. [4] οἷς ἐγένετο κατὰ τὸν αὐτὸν καιρὸν ἡ πρώτη Ῥωμαίων διάβασις εἰς τὴν Ἰλλυρίδα καὶ ταῦτα τὰ μέρη τῆς Εὐρώπης, ἐπὶ δὲ τοῖς προειρημένοις οἱ πρὸς τοὺς ἐν Ἰταλίᾳ Κελτοὺς ἀγῶνες. [5] τούτοις δὲ κατὰ τὸν αὐτὸν καιρὸν παρὰ τοῖς Ἑλλήσιν ὁ Κλεομενικὸς

καλούμενος ἐνηργεῖτο πόλεμος, εἰς ὃν καὶ τὴν καταστροφὴν ἐποησάμεθα τῆς ὅλης κατασκευῆς καὶ τῆς δευτέρας βύβλου. [6]

[1] τὸ μὲν οὖν ἐξαριθμεῖσθαι τὰ κατὰ μέρος ὑπὲρ τῶν προειρημένων πράξεων οὐδὲν οὐθ' ἡμῖν ἀναγκαῖον οὔτε τοῖς ἀκούουσι χρήσιμον. [7] οὐ γὰρ ἱστορεῖν ὑπὲρ αὐτῶν προτιθέμεθα, μνησθῆναι δὲ κεφαλαιωδῶς προαιρούμεθα χάριν τῆς προκατασκευῆς τῶν μελλουσῶν ὑφ' ἡμῶν ἱστορεῖσθαι πράξεων. [8] διόπερ ἐπὶ κεφαλαίων ψαύοντες κατὰ τὸ συνεχὲς τῶν προειρημένων πειρασόμεθα συνάψαι τὴν τελευτὴν τῆς προκατασκευῆς τῇ τῆς ἡμετέρας ἱστορίας ἀρχῇ καὶ προθέσει. [9] τοῦτον γὰρ τὸν τρόπον συνεχοῦς γινομένης τῆς διηγήσεως, ἡμεῖς τε δόξομεν εὐλόγως ἐφάπτεσθαι τῶν ἤδη προῖστορημένων ἑτέροις, τοῖς τε φιλομαθοῦσιν ἐκ τῆς τοιαύτης οἰκονομίας εὐμαθῇ καὶ ῥαδίαν ἐπὶ τὰ μέλλοντα ῥηθῆσθαι παρασκευάσομεν τὴν ἔφοδον. [10] βραχὺ δ' ἐπιμελέστερον πειρασόμεθα διελθεῖν ὑπὲρ τοῦ πρώτου συστάντος πολέμου Ῥωμαίοις καὶ Καρχηδονίοις περὶ Σικελίας. [11] οὔτε γὰρ πολυχρονιώτερον τούτου πόλεμον εὑρεῖν ῥαδίον οὔτε παρασκευὰς ὀλοσχερεστέρας οὔτε συνεχεστέρας πράξεις οὔτε πλείους ἀγῶνας οὔτε περιπετείας μείζους τῶν ἐν τῷ προειρημένῳ πολέμῳ συμβάντων ἑκατέροις. [12] αὐτὰ τε τὰ πολιτεύματα κατ' ἐκείνους τοὺς καιροὺς ἀκμὴν ἀκέραια μὲν ἦν τοῖς ἐθισμοῖς, μέτρια δὲ ταῖς τύχαις, πάρισα δὲ ταῖς δυνάμεσιν. [13] διὸ καὶ τοῖς βουλομένοις καλῶς συνθεάσασθαι τὴν ἑκατέρου τοῦ πολιτεύματος ιδιότητα καὶ δύναμιν οὐχ οὕτως ἐκ τῶν ἐπιγενομένων πολέμων ὥς ἐκ τούτου ποιητέον τὴν σύγκρισιν. οὐχ ἥττον δὲ τῶν προειρημένων παρωξύνθην ἐπιστῆσαι τούτῳ τῷ πολέμῳ καὶ διὰ τὸ τοὺς ἐμπειρότατα δοκοῦντας γράφειν ὑπὲρ αὐτοῦ, Φιλῖνον καὶ Φάβιον, μὴ δεόντως ἡμῖν ἀπηγγελκέναι τὴν ἀλήθειαν. [2] ἐκόντας μὲν οὖν ἐψεῦσθαι τοὺς ἄνδρας οὐχ ὑπολαμβάνω, στοχαζόμενος ἐκ τοῦ βίου καὶ τῆς αἰρέσεως αὐτῶν: δοκοῦσι δέ μοι πεπονθέναι τι παραπλήσιον τοῖς ἔρῳσι. [3] διὰ γὰρ τὴν αἵρεσιν καὶ τὴν ὅλην εὐνοίαν Φιλίνῳ μὲν πάντα δοκοῦσιν οἱ Καρχηδόνιοι πεπρᾶχθαι φρονίμως, καλῶς, ἀνδρωδῶς, οἱ δὲ Ῥωμαῖοι τάναντία, Φαβίῳ δὲ τοῦμπαλιν τούτων. [4] ἐν μὲν οὖν τῷ λοιπῷ βίῳ τὴν τοιαύτην ἐπιείκειαν ἴσως οὐκ ἂν τις ἐκβάλλοι: καὶ γὰρ φιλόφιλον εἶναι δεῖ τὸν ἀγαθὸν ἄνδρα καὶ φιλόπατριν καὶ συμμισεῖν τοῖς φίλοις τοὺς ἐχθροὺς καὶ συναγαπᾶν τοὺς φίλους: [5] ὅταν δὲ τὸ τῆς ἱστορίας ἦθος ἀναλαμβάνῃ τις, ἐπιλαθέσθαι χρὴ πάντων τῶν τοιούτων καὶ

πολλάκις μὲν εὐλογεῖν καὶ κοσμεῖν τοῖς μεγίστοις ἐπαίνοις τοὺς ἐχθροὺς, ὅταν αἱ πράξεις ἀπαιτῶσι τοῦτο, πολλάκις δ' ἐλέγχειν καὶ ψέγειν ἐπονειδίστως τοὺς ἀναγκαιοτάτους, ὅταν αἱ τῶν ἐπιτηδευμάτων ἁμαρτίαι τοῦθ' ὑποδεικνύωσιν. [6] ὥσπερ γὰρ ζῶου τῶν ὄψων ἀφαιρεθεῖσων ἀχρειοῦται τὸ ὄλον, οὕτως ἐξ ἱστορίας ἀναιρεθείσης τῆς ἀληθείας τὸ καταλειπόμενον αὐτῆς ἀνωφελὲς γίνεται διήγημα. [7] διόπερ οὔτε τῶν φίλων κατηγορεῖν οὔτε τοὺς ἐχθροὺς ἐπαινεῖν ὀκνητέον, οὔτε δὲ τοὺς αὐτοὺς ψέγειν, ποτὲ δ' ἐγκωμιάζειν εὐλαβητέον, ἐπειδὴ τοὺς ἐν πράγμασιν ἀναστρεφόμενους οὐτ' εὐστοχεῖν αἰεὶ δυνατόν οὔθ' ἁμαρτάνειν συνεχῶς εἰκός. [8] ἀποστάντας οὖν τῶν πραττόντων αὐτοῖς τοῖς πραττομένοις ἐφαρμοστέον τὰς πρεπούσας ἀποφάσεις καὶ διαλήψεις ἐν τοῖς ὑπομνήμασιν. [9] ὥς δ' ἔστιν ἀληθῆ τὰ νῦν ὑφ'

[1] ἡμῶν εἰρημένα σκοπεῖν ἐκ τούτων πάρεστιν. ὁ γὰρ Φιλῖνος ἀρχόμενος ἅμα τῶν πραγμάτων καὶ τῆς δευτέρας βύβλου φησὶ προσκαθῆσθαι τῇ Μεσσήνῃ πολεμοῦντας τοὺς τε Καρχηδονίους καὶ τοὺς Συρακοσίους, [2] παραγενομένους δὲ τοὺς Ῥωμαίους κατὰ θάλατταν εἰς τὴν πόλιν εὐθὺς ἐξελθεῖν ἐπὶ τοὺς Συρακοσίους: λαβόντας δὲ πολλὰς πληγὰς ἐπανελθεῖν εἰς τὴν Μεσσήνην: αὐθις δ' ἐπὶ τοὺς Καρχηδονίους ἐκπορευθέντας οὐ μόνον πληγὰς λαβεῖν, ἀλλὰ καὶ ζωγρίᾳ τῶν στρατιωτῶν ἱκανοὺς ἀποβαλεῖν. [3] ταῦτα δ' εἰπὼν τὸν μὲν Ἰέρωνα φησὶ μετὰ τὴν γενομένην συμπλοκὴν οὕτως ἔξω γενέσθαι τοῦ φρονεῖν ὥστε μὴ μόνον παραχρῆμα τὸν χάρακα καὶ τὰς σκηνὰς ἐμπρήσαντα φυγεῖν νυκτὸς εἰς τὰς Συρακούσας, ἀλλὰ καὶ τὰ φρούρια πάντα καταλιπεῖν τὰ κείμενα κατὰ τῆς τῶν Μεσσηνίων χώρας: [4] ὁμοίως δὲ καὶ τοὺς Καρχηδονίους μετὰ τὴν μάχην εὐθέως ἐκλιπόντας τὸν χάρακα διελεῖν σφᾶς εἰς τὰς πόλεις, τῶν δ' ὑπαίθρων οὐδ' ἀντιποιεῖσθαι τολμᾶν ἔτι: διὸ καὶ συνθεωρήσαντας τοὺς ἡγουμένους αὐτῶν ἀποδεδειλιακότας τοὺς ὄχλους βουλεύσασθαι μὴ κρίνειν διὰ μάχης τὰ πράγματα: [5] τοὺς δὲ Ῥωμαίους ἐπομένους αὐτοῖς οὐ μόνον τὴν χώραν πορθεῖν τῶν Καρχηδονίων καὶ Συρακοσίων, ἀλλὰ καὶ τὰς Συρακούσας αὐτὰς προσκαθίσαντας ἐπιβαλέσθαι πολιορκεῖν. [6] ταῦτα δ', ὥς ἐμοὶ δοκεῖ, τῆς πάσης ἐστὶν ἀλογίας πλήρη καὶ διαστολῆς οὐ προσδεῖται τὸ παράπαν. [7] οὓς μὲν γὰρ πολιορκοῦντας τὴν Μεσσήνην καὶ νικῶντας ἐν ταῖς συμπλοκαῖς ὑπέθετο, τούτους φεύγοντας καὶ τῶν ὑπαίθρων ἐκχωροῦντας καὶ τέλος πολιορκουμένους καὶ ταῖς ψυχαῖς ἀποδεδειλιακότας ἀπέφηνεν:

[8] οὓς δ' ἤττωμένους καὶ πολιορκουμένους ὑπεστήσατο, τούτους διώκοντας καὶ παραχρήμα κρατοῦντας τῶν ὑπαίθρων καὶ τέλος πολιορκοῦντας τὰς Συρακούσας ἀπέδειξε. [9] ταῦτα δὲ συνάδειν ἀλλήλοις οὐδαμῶς δύναται: πῶς γάρ; ἀλλ' ἀναγκαῖον ἢ τὰς ὑποθέσεις εἶναι τὰς πρώτας ψευδεῖς ἢ τὰς ὑπὲρ τῶν συμβαινόντων ἀποφάσεις. [10] εἰσὶ δ' αὐταὶ μὲν ἀληθεῖς: καὶ γὰρ ἐξεχώρησαν οἱ Καρχηδόνιοι καὶ Συρακόσιοι τῶν ὑπαίθρων, καὶ τὰς Συρακούσας ἐπολέμουν οἱ Ῥωμαῖοι κατὰ πόδας, ὥς δ' οὗτός φησι, καὶ τὴν Ἐχέτλαν, ἐν μέσῃ κειμένην τῇ τῶν Συρακοσίων καὶ Καρχηδονίων ἐπαρχία. [11] λοιπὸν ἀνάγκη συγχωρεῖν τὰς ἀρχὰς καὶ τὰς ὑποθέσεις εἶναι ψευδεῖς, καὶ νικόντων εὐθέως τῶν Ῥωμαίων ἐν ταῖς περὶ τὴν Μεσσήνην συμπλοκαῖς ἡττημένους αὐτοὺς ἡμῖν ὑπὸ τοῦ συγγραφέως ἀπηγγέλλθαι. [12]

[1] Φιλῖνον μὲν οὖν παρ' ὅλην ἂν τις τὴν πραγματείαν εὔροι τοιοῦτον ὄντα, παραπλησίως δὲ καὶ Φάβιον, ὥς ἐπ' αὐτῶν δειχθήσεται τῶν καιρῶν. [13] ἡμεῖς δ' ἐπειδὴ τοὺς ἀρμόζοντας πεποιεῖμεθα λόγους ὑπὲρ τῆς παρεκβάσεως, ἐπανελθόντες ἐπὶ τὰς πράξεις πειρασόμεθα προστιθέντες ἀεὶ τὸν ἐξῆς λόγον εἰς ἀληθινὰς ἐννοίας ἄγειν διὰ βραχέων τοὺς ἐντυγχάνοντας ὑπὲρ τοῦ προειρημένου πολέμου. προσπεσόντων γὰρ εἰς τὴν Ῥώμην ἐκ τῆς Σικελίας τῶν περὶ τὸν Ἄππιον καὶ τὰ στρατόπεδα προτερημάτων, καταστήσαντες ὑπάτους Μάνιον Ὀτακίλιον καὶ Μάνιον Οὐαλέριον τὰς τε δυνάμεις ἀπάσας ἐξαπέστελλον καὶ τοὺς στρατηγοὺς ἀμφοτέρους εἰς τὴν Σικελίαν. [2] ἔστι δὲ παρὰ Ῥωμαίοις τὰ πάντα τέτταρα στρατόπεδα Ῥωμαϊκὰ χωρὶς τῶν συμμάχων, ἃ κατ' ἐνιαυτὸν προχειρίζονται: τούτων ἕκαστον ἀνὰ τετρακισχιλίους πεζοὺς, ἵππεῖς δὲ τριακοσίους. [3] ὧν παραγενομένων ἀπὸ τε τῶν Καρχηδονίων αἱ πλείους ἀφιστάμεναι πόλεις προσετίθεντο τοῖς Ῥωμαίοις ἀπὸ τε τῶν Συρακοσίων. [4] ὁ δ' Ἰέρων θεωρῶν τὴν διατροπὴν καὶ κατάπληξιν τῶν Σικελιωτῶν, ἅμα δὲ τὸ πλῆθος καὶ τὸ βάρος τῶν Ῥωμαϊκῶν στρατοπέδων, ἐκ πάντων συνελογίζετο τούτων ἐπικυδεστέρας εἶναι τὰς τῶν Ῥωμαίων ἢ τὰς τῶν Καρχηδονίων ἐλπίδας. [5] διόπερ ἐπὶ τοῦτο τὸ μέρος ὀρμήσας τοῖς λογισμοῖς διεπέμπετο πρὸς τοὺς στρατηγοὺς, ὑπὲρ εἰρήνης καὶ φιλίας ποιούμενος τοὺς λόγους. [6] οἱ δὲ Ῥωμαῖοι προσεδέξαντο, καὶ μάλιστα διὰ τὰς χορηγίας: [7] θαλαττοκρατούντων γὰρ τῶν Καρχηδονίων εὐλαβοῦντο μὴ πανταχόθεν ἀποκλεισθῶσι τῶν ἀναγκαίων διὰ τὸ καὶ περὶ τὰ πρὸ τοῦ

διαβάντα στρατόπεδα πολλήν ἔνδειαν γεγονέναι τῶν ἐπιτηδείων. [8] διόπερ ὑπολαβόντες τὸν Ἰέρωνα μεγάλην εἰς τοῦτο τὸ μέρος αὐτοῖς παρέξεσθαι χρεῖαν ἀσμένως προσεδέξαντο τὴν φιλίαν. [9] ποιησάμενοι δὲ συνθήκας ἐφ' ᾧ τὰ μὲν αἰχμάλωτα χωρὶς λύτρων ἀποδοῦναι τὸν βασιλέα Ῥωμαίοις, ἀργυρίου δὲ προσθεῖναι τάλαντα τούτοις ἑκατόν, λοιπὸν ἤδη Ῥωμαῖοι μὲν ὡς φίλοις καὶ συμμάχοις ἐχρῶντο τοῖς Συρακοσίοις. [10] ὁ δὲ βασιλεὺς Ἰέρων ὑποστείλας ἑαυτὸν ὑπὸ τὴν Ῥωμαίων σκέπην καὶ χορηγῶν ἀεὶ τούτοις εἰς τὰ κατεπείγοντα τῶν πραγμάτων ἀδεῶς ἐβασίλευε τῶν Συρακοσίων τὸν μετὰ ταῦτα χρόνον, φιλοστεφανῶν καὶ φιλοδοξῶν εἰς τοὺς Ἕλληνας. [11] ἐπιφανέστατος γὰρ δὴ πάντων οὗτος δοκεῖ καὶ πλείστον χρόνον ἀπολελαυκέναι τῆς ἰδίας εὐβουλίας ἔν τε τοῖς κατὰ μέρος καὶ τοῖς καθόλου πράγμασιν.

[1] Ἐπανενεχθεῖσῶν δὲ τῶν συνθηκῶν εἰς τὴν Ῥώμην, καὶ προσδεξαμένου τοῦ δήμου καὶ κυρώσαντος τὰς πρὸς Ἰέρωνα διαλύσεις, λοιπὸν οὐκέτι πάσας ἔκρινον ἐξαποστέλλειν οἱ Ῥωμαῖοι τὰς δυνάμεις, ἀλλὰ δύο μόνον στρατόπεδα, [2] νομίζοντες ἅμα μὲν κεκουφίσθαι τὸν πόλεμον αὐτοῖς προσκεχωρηκότος τοῦ βασιλέως, ἅμα δὲ μᾶλλον ὑπολαμβάνοντες οὕτως εὐπορήσειν τὰς δυνάμεις τοῖς ἀναγκαίοις. [3] οἱ δὲ Καρχηδόνιοι θεωροῦντες τὸν μὲν Ἰέρωνα πολέμιον αὐτοῖς γεγονότα, τοὺς δὲ Ῥωμαίους ὀλοσχερέστερον ἐμπλεκομένους εἰς τὰ κατὰ τὴν Σικελίαν ὑπέλαβον βαρυτέρας προσδεῖσθαι παρασκευῆς, δι' ἧς ἀντοφθαλμεῖν δυνήσονται τοῖς πολεμίοις καὶ συνέχειν τὰ κατὰ τὴν Σικελίαν. [4] διὸ καὶ ξενολογήσαντες ἐκ τῆς ἀντιτέρας χώρας πολλοὺς μὲν Λιγυστίνους καὶ Κελτούς, ἔτι δὲ πλείους τούτων Ἰβήρας, ἅπαντας εἰς τὴν Σικελίαν ἀπέστειλαν. [5] ὁρῶντες δὲ τὴν τῶν Ἀκραγαντίνων πόλιν εὐφυεστάτην οὖσαν πρὸς τὰς παρασκευὰς καὶ βαρυτάτην ἅμα τῆς αὐτῶν ἐπαρχίας εἰς ταύτην συνήθροισαν τὰ τε χορήγια καὶ τὰς δυνάμεις, ὀρμητηρίῳ κρίνοντες χρῆσθαι ταύτῃ τῇ πόλει πρὸς τὸν πόλεμον. [6] τῶν δὲ Ῥωμαίων οἱ μὲν πρὸς τὸν Ἰέρωνα ποιησάμενοι στρατηγοὶ τὰς συνθήκας ἀνακεχωρήκεισαν: οἱ δὲ μετὰ τούτους κατασταθέντες Λεύκιος Ποστόμιος καὶ Κόιντος Μαμίλιος ἦκον εἰς τὴν Σικελίαν μετὰ τῶν στρατοπέδων. [7] θεωροῦντες δὲ τὴν τῶν Καρχηδονίων ἐπιβολὴν καὶ τὰς περὶ τὸν Ἀκράγαντα παρασκευὰς ἔγνωσαν τολμηρότερον ἐγχειρεῖν τοῖς πράγμασιν: [8] διὸ καὶ τὰ μὲν ἄλλα μέρη τοῦ πολέμου παρήκαν, φέροντες δὲ παντὶ τῷ στρατεύματι

πρὸς αὐτὸν Ἀκράγαντα προσήρεισαν· καὶ στρατοπεδεύσαντες ἐν ὀκτὼ σταδίοις ἀπὸ τῆς πόλεως συνέκλεισαν ἐντὸς τειχῶν τοὺς Καρχηδονίους. [9] ἀκμαζούσης δὲ τῆς τοῦ σίτου συναγωγῆς, καὶ προφαινομένης χρονίου πολιορκίας, ὥρμησαν ἐκθυμότερον τοῦ δέοντος οἱ στρατιῶται πρὸς τὸ σιτολογεῖν. [10] οἱ δὲ Καρχηδόνιοι κατιδόντες τοὺς πολεμίους ἐσκεδασμένους κατὰ τῆς χώρας, ἐξελθόντες ἐπέθεντο τοῖς σιτολογοῦσιν. τρεψάμενοι δὲ τούτους ῥαδίως οἱ μὲν ἐπὶ τὴν τοῦ χάρακος ἀρπαγὴν ὥρμησαν, οἱ δ' ἐπὶ τὰς ἐφεδρείας. [11] ἄλλ' ἢ τῶν ἐθισμῶν διαφορὰ καὶ τότε καὶ πολλάκις ἤδη σέσωκε τὰ Ῥωμαίων πράγματα. τὸ γὰρ πρόστιμον παρ' αὐτοῖς θάνατός ἐστι τῷ προεμένῳ τὸν τόπον καὶ φυγόντι τὸ παράπαν ἐξ ἐφεδρείας. [12] διὸ καὶ τότε πολλαπλασίους ὄντας τοὺς ὑπεναντίους ὑποστάντες γενναίως πολλοὺς μὲν τῶν ιδίων ἀπέβαλον, ἔτι δὲ πλείους τῶν ἐχθρῶν ἀπέκτειναν. [13] τέλος δὲ κυκλώσαντες τοὺς πολεμίους ὅσον οὐπὼ διασπῶντας τὸν χάρακα, τοὺς μὲν αὐτῶν διέφθειραν, τοὺς δὲ λοιποὺς ἐπικείμενοι καὶ φονεύοντες συνεδίωξαν εἰς τὴν πόλιν.

[1] μετὰ δὲ ταῦτα συνέβη τοὺς μὲν Καρχηδονίους εὐλαβέστερον διακεῖσθαι πρὸς τὰς ἐπιθέσεις, τοὺς δὲ Ῥωμαίους φυλακτικώτερον χρῆσθαι ταῖς προνομαῖς. [2] ἐπεὶ δ' οὐκ ἀντεξήρσαν οἱ Καρχηδόνιοι πλὴν ἕως ἀκροβολισμοῦ, διελόντες οἱ στρατηγοὶ τῶν Ῥωμαίων εἰς δύο μέρη τὴν δύναμιν τῷ μὲν ἐνὶ περὶ τὸ πρὸ τῆς πόλεως Ἀσκληπιεῖον ἔμενον, θατέρῳ δὲ κατεστρατοπέδευσαν ἐν τοῖς πρὸς Ἡράκλειαν κεκλιμένοις μέρεσιν τῆς πόλεως. [3] τὰ δὲ μεταξὺ τῶν στρατοπέδων ἐξ ἑκατέρου τοῦ μέρους τῆς πόλεως ὠχυρώσαντο καὶ τὴν μὲν ἐντὸς αὐτῶν τάφρον προεβάλοντο χάριν τῆς πρὸς τοὺς ἐξιόντας ἐκ τῆς πόλεως ἀσφαλείας, τὴν δ' ἐκτὸς αὐτῶν περιεβάλοντο, φυλακὴν ποιούμενοι τῶν ἔξωθεν ἐπιθέσεων καὶ τῶν παρεισάγεσθαι καὶ παρεισπίπτειν εἰωθότων εἰς τὰς πολιορκουμένας πόλεις. [4] τὰ δὲ μεταξὺ τῶν τάφρων καὶ τῶν στρατοπέδων διαστήματα φυλακαῖς διέλαβον, ὀχυροποιησάμενοι τοὺς εὐκαίρους τῶν τόπων ἐν διαστάσει. [5] τὰ δὲ χορήγια καὶ τὴν ἄλλην παρασκευὴν οἱ μὲν ἄλλοι σύμμαχοι πάντες ἤθροιζον αὐτοῖς καὶ παρήγον εἰς Ἑρβησόν, αὐτοὶ δ' ἐκ ταύτης τῆς πόλεως οὐ μακρὰν ὑπαρχούσης ἄγοντες καὶ φέροντες συνεχῶς τὰς ἀγορὰς δαψιλῇ τὰναγκαῖα σφίσι παρεσκεύαζον. [6] πέντε μὲν οὖν ἴσως μῆνας ἐπὶ τῶν αὐτῶν διέμενον, οὐδὲν ὀλοσχερὲς προτέρημα δυνάμενοι λαβεῖν κατ' ἀλλήλων πλὴν

τῶν ἐν αὐτοῖς τοῖς ἀκροβολισμοῖς συμβαινόντων. [7] συναγομένων δὲ τῷ λιμῷ τῶν Καρχηδονίων διὰ τὸ πλῆθος τῶν ἐν τῇ πόλει συγκεκλεισμένων ἀνδρῶν — οὐ γὰρ ἐλάττους πέντε μυριάδων ὑπῆρχον — δυσχρηστούμενος Ἀννίβας ἤδη τοῖς πράγμασιν, ὁ τεταγμένος ἐπὶ τῶν πολιορκουμένων δυνάμεων, διεπέμπετο συνεχῶς εἰς τὴν Καρχηδόνα τήν τε περίστασιν διασαφῶν καὶ βοηθεῖν παρακαλῶν. [8] οἱ δ' ἐν τῇ Καρχηδόνι τῶν ἐπισυνηγμένων στρατιωτῶν καὶ θηρίων γεμίσαντες τὰς ναῦς ἐξέπεμψαν εἰς τὴν Σικελίαν πρὸς Ἄνωνα τὸν ἕτερον στρατηγόν. [9] ὃς συναγαγὼν τὰς παρασκευὰς καὶ δυνάμεις εἰς Ἡράκλειαν πρῶτον μὲν πραξικοπήσας κατέσχε τὴν τῶν Ἑρβησέων πόλιν καὶ παρείλετο τὰς ἀγοράς καὶ τὴν τῶν ἀναγκαίων χορηγίαν τοῖς τῶν ὑπεναντίων στρατοπέδοις. [10] ἐξ οὗ συνέβη τοὺς Ῥωμαίους ἐπ' ἴσου πολιορκεῖν καὶ πολιορκεῖσθαι τοῖς πράγμασιν. εἰς γὰρ τοῦτο συνήγοντο τῇ σιτοδείᾳ καὶ σπάνει τῶν ἀναγκαίων ὥστε πολλάκις βουλευέσθαι περὶ τοῦ λύειν τὴν πολιορκίαν. [11] ὃ δὴ καὶ τέλος ἂν ἐποίησαν, εἰ μὴ πᾶσαν σπουδὴν καὶ μηχανὴν προσφερόμενος Ἰέρων τὰ μέτρια καὶ τὰναγκαῖα σφίσι παρεσκεύαζε

[1] τῶν χορηγίων. μετὰ δὲ ταῦτα θεωρῶν ὁ προειρημένος ἀνὴρ τοὺς μὲν Ῥωμαίους ὑπὸ τε τῆς νόσου καὶ τῆς ἐνδείας ἀσθενῶς διακειμένους διὰ τὸ λοιμικὴν εἶναι παρ' αὐτοῖς κατάστασιν, τὰ δὲ σφέτερα στρατόπεδα νομίζων ἀξιοχρεα πρὸς μάχην ὑπάρχειν, [2] ἀναλαβὼν τὰ τε θηρία περὶ πεντήκοντα τὸν ἀριθμὸν ὄντα καὶ τὴν λοιπὴν δύναμιν ἅπασαν προῆγε κατὰ σπουδὴν ἐκ τῆς Ἡρακλείας, παραγγέλλας τοῖς Νομαδικοῖς ἱππεῦσι προπορεύεσθαι καὶ συνεγγίσασαι τῷ χάρακι τῶν ἐναντίων ἐρεθίζειν καὶ πειρᾶσθαι τοὺς ἱππεῖς αὐτῶν ἐκκαλεῖσθαι, κᾶπειτα πάλιν ἐκκλίνασιν ἀποχωρεῖν, ἕως ἂν αὐτῷ συμμίξωσι. [3] πραξάντων δὲ τὸ συνταχθὲν τῶν Νομάδων καὶ προσμιζάντων θατέρῳ τῶν στρατοπέδων, εὐθὺς οἱ τῶν Ῥωμαίων ἱππεῖς ἐξεχέοντο καὶ θρασέως ἐπέκειντο τοῖς Νομάσιν. [4] οἱ δὲ Λίβυες ὑπεχώρουν κατὰ τὸ παράγγελμα, μέχρι συνέμιζαν τοῖς περὶ τὸν Ἄνωνα: λοιπὸν τ' ἐκ μεταβολῆς περιχυθέντες ἐπέκειντο τοῖς πολεμίοις καὶ πολλοὺς μὲν αὐτῶν ἀπέκτειναν, τοὺς δὲ λοιποὺς ἕως εἰς τὸν χάρακα συνεδίωξαν. [5] γενομένων δὲ τούτων ἐπεστρατοπέδευσαν οἱ περὶ τὸν Ἄνωνα τοῖς Ῥωμαίοις, καταλαβόμενοι τὸν λόφον τὸν καλούμενον Τόρον, ὡς δέκα σταδίους ἀπέχοντες τῶν ὑπεναντίων. [6] καὶ δύο μὲν μῆνας ἔμενον ἐπὶ τῶν

ὑποκειμένων, οὐδὲν ὀλοσχερὲς πράττοντες πλὴν ἀκροβολιζόμενοι καθ' ἐκάστην ἡμέραν. [7] τοῦ δ' Ἀννίβου διαπυρσευομένου καὶ διαπεμπομένου συνεχῶς ἐκ τῆς πόλεως πρὸς τὸν Ἄνωνα καὶ δηλοῦντος ὅτι τὰ πλήθη τὸν λιμὸν οὐχ ὑπομένει, πολλοὶ δὲ καὶ πρὸς τοὺς πολεμίους αὐτομολοῦσι διὰ τὴν ἔνδειαν, ἔγνω διακινδυνεύειν ὁ τῶν Καρχηδονίων στρατηγός, οὐχ ἦττον ἐπὶ τοῦτο φερομένων καὶ τῶν Ῥωμαίων διὰ τὰς προειρημένας αἰτίας. [8] διόπερ ἐξαγαγόντες ἀμφοτέρωι τὰς δυνάμεις εἰς τὸν μεταξὺ τόπον τῶν στρατοπέδων συνέβαλλον ἀλλήλοισι. [9] ἐπὶ πολὺν δὲ χρόνον γενομένης τῆς μάχης τέλος ἐτρέψαντο τοὺς προκινδυνεύσαντας μισθοφόρους τῶν Καρχηδονίων οἱ Ῥωμαῖοι. [10] τούτων δὲ πεσόντων εἰς τὰ θηρία καὶ τὰς λοιπὰς τάξεις τὰς ἐφεστηκυίας συνέβη πᾶν συνταραχθῆναι τὸ τῶν Φοινίκων στρατόπεδον. [11] γενομένου δ' ἐγκλίματος ὀλοσχεροῦς οἱ μὲν πλεῖστοι διεφθάρησαν αὐτῶν, τινὲς δ' εἰς Ἡράκλειαν ἀπεχώρησαν· οἱ δὲ Ῥωμαῖοι τῶν τε πλείστων ἐκυρίευσαν θηρίων καὶ τῆς ἐπισκευῆς ἀπάσης. [12] ἐπιγενομένης δὲ τῆς νυκτός, καὶ διὰ τὴν ἐκ τῶν κατορθωμάτων χαρὰν καὶ διὰ τὸν κόπον ῥαθυμότερον ταῖς φυλακαῖς αὐτῶν χρησαμένων, ἀπελπίσας Ἀννίβας τὰ πράγματα καὶ νομίσας ἔχειν εὐφύῃ καιρὸν πρὸς σωτηρίαν διὰ τὰς προειρημένας αἰτίας, ὥρμησε περὶ μέσας νύκτας ἐκ τῆς πόλεως, ἔχων τὰς ξενικὰς δυνάμεις. [13] χώσας δὲ φορμοῖς ἀχύρων σεσαγμένοις τὰς τάφρους ἔλαθε τοὺς πολεμίους ἀπαγαγὼν ἀσφαλῶς τὴν δύναμιν. [14] οἱ δὲ Ῥωμαῖοι τῆς ἡμέρας ἐπελθούσης συνέντες τὸ γεγονὸς καὶ τῆς οὐραγίας τῆς τῶν περὶ τὸν Ἀννίβαν ἐπὶ βραχὺ καταψάμενοι μετὰ ταῦτα πάντες ὥρμησαν πρὸς τὰς πύλας. [15] οὐδενὸς δ' ἐμποδῶν αὐτοῖς ἵσταμένου, παρειαυθέντες διήρπασαν τὴν πόλιν καὶ πολλῶν μὲν σωμάτων, πολλῆς δὲ καὶ παντοδαπῆς ἐγένοντο κατασκευῆς ἐγκρατεῖς.

[1] τῆς δ' ἀγγελίας ἀφικομένης εἰς τὴν σύγκλητον τῶν Ῥωμαίων ὑπὲρ τῶν κατὰ τὸν Ἀκράγαντα, περιχαρεῖς γενόμενοι καὶ ταῖς διανοαῖς ἐπαρθέντες οὐκ ἔμενον ἐπὶ τῶν ἐξ ἀρχῆς λογισμῶν οὐδ' ἠρκοῦντο σεσωκέναι τοὺς Μαμερτίνους οὐδὲ ταῖς ἐξ αὐτοῦ τοῦ πολέμου γενομέναις ὠφελείαις, [2] ἐλπίσαντες δὲ καθόλου δυνατὸν εἶναι τοὺς Καρχηδονίους ἐκβαλεῖν ἐκ τῆς νήσου, τούτου δὲ γενομένου μεγάλην ἐπίδοσιν αὐτῶν λήψεσθαι τὰ πράγματα, πρὸς τούτοις ἦσαν τοῖς λογισμοῖς καὶ ταῖς περὶ τοῦτο τὸ μέρος ἐπινοαῖς. [3] τὰ μὲν οὖν περὶ τὰς πεζικὰς δυνάμεις ἐώρων κατὰ λόγον σφίσι

προχωροῦντα: [4] μετὰ γὰρ τοὺς τὸν Ἀκράγαντα πολιορκήσαντας οἱ κατασταθέντες στρατηγοὶ Λεύκιος Οὐαλέριος καὶ Τίτος Ὅτακίλιος ἐδόκουν ἐνδεχομένως χειρίζειν τὰ κατὰ τὴν Σικελίαν. [5] τῆς δὲ θαλάττης ἀκονιτὶ τῶν Καρχηδονίων ἐπικρατοῦντων ἐξυγοστατεῖτ' αὐτοῖς ὁ πόλεμος: [6] ἐν γὰρ τοῖς ἐξῆς χρόνοις, κατεχόντων αὐτῶν ἤδη τὸν Ἀκράγαντα, πολλαὶ μὲν πόλεις προσετίθεντο τῶν μεσογαίων τοῖς Ῥωμαίοις, ἀγωνιῶσαι τὰς πεζικὰς δυνάμεις, ἔτι δὲ πλείους ἀφίσταντο τῶν παραθαλαστίων, καταπεπληγμένοι τὸν τῶν Καρχηδονίων στόλον. [7] ὅθεν ὀρῶντες αἰεὶ καὶ μᾶλλον εἰς ἑκάτερα τὰ μέρη ῥοπὰς λαμβάνοντα τὸν πόλεμον διὰ τὰς προειρημένας αἰτίας, ἔτι δὲ τὴν μὲν Ἰταλίαν πορθουμένην πολλάκις ὑπὸ τῆς ναυτικῆς δυνάμεως, τὴν δὲ Λιβύην εἰς τέλος ἀβλαβῇ διαμένουσαν, ὥρμησαν ἐπὶ τὸ συνεμβαίνειν τοῖς Καρχηδονίοις εἰς τὴν θάλατταν. [8] διὸ καὶ τοῦτο τὸ μέρος οὐχ ἥκιστα με παρώρμησεν ποιήσασθαι μνήμην ἐπὶ πλεῖον τοῦ προειρημένου πολέμου χάριν τοῦ μηδὲ ταύτην ἀγνοεῖσθαι τὴν ἀρχήν, πῶς καὶ πότε καὶ δι' ἅς αἰτίας πρῶτον ἐνέβησαν εἰς θάλατταν Ῥωμαῖοι. [9] θεωροῦντες δὲ τὸν πόλεμον αὐτοῖς τριβὴν λαμβάνοντα, τότε πρῶτον ἐπεβάλοντο ναυπηγεῖσθαι σκάφη, πεντηρικὰ μὲν ἑκατόν, εἴκοσι δὲ τριήρεις. [10] τῶν δὲ ναυπηγῶν εἰς τέλος ἀπείρων ὄντων τῆς περὶ τὰς πεντήρεις ναυπηγίας διὰ τὸ μηδένα τότε τῶν κατὰ τὴν Ἰταλίαν κεχρηῆσθαι τοιοῦτοις σκάφεσιν, πολλὴν αὐτοῖς παρεῖχεν τοῦτο τὸ μέρος δυσχέρειαν. [11] ἐξ ὧν καὶ μάλιστα συνίδοι τις ἂν τὸ μεγαλόψυχον καὶ παράβολον τῆς Ῥωμαίων αἰρέσεως. [12] οὐ γὰρ οἷον εὐλόγους ἀφορμὰς ἔχοντες, ἀλλ' οὐδ' ἀφορμὰς καθάπαξ οὐδ' ἐπίνοιαν οὐδέποτε ποιησάμενοι τῆς θαλάττης, τότε δὴ πρῶτον ἐν νῶ λαμβάνοντες οὕτως τολμηρῶς ἐνεχείρησαν ὥστε πρὶν ἢ πειραθῆναι τοῦ πράγματος, εὐθὺς ἐπιβαλέσθαι Καρχηδονίοις ναυμαχεῖν τοῖς ἐκ προγόνων ἔχουσι τὴν κατὰ θάλατταν ἡγεμονίαν ἀδήριτον. [13] μαρτυρίῳ δ' ἂν τις χρήσαιτο πρὸς τὴν ἀλήθειαν τῶν νῦν ὑπ' ἐμοῦ λεγομένων καὶ πρὸς τὸ παράδοξον αὐτῶν τῆς τόλμης: ὅτε γὰρ τὸ πρῶτον ἐπεχείρησαν διαβιβάζειν εἰς τὴν Μεσσήνην τὰς δυνάμεις, οὐχ οἷον κατάφρακτος αὐτοῖς ὑπῆρχεν ναῦς, ἀλλ' οὐδὲ καθόλου μακρὸν πλοῖον οὐδὲ λέμβος οὐδ' εἷς, [14] ἀλλὰ παρὰ Ταραντίνων καὶ Λοκρῶν ἔτι δ' Ἑλεατῶν καὶ Νεαπολιτῶν συγχρησάμενοι πεντηκοντόρους καὶ τριήρεις ἐπὶ τούτων παραβόλως διεκόμισαν τοὺς ἄνδρας. [15] ἐν ᾧ δὴ καιρῷ τῶν Καρχηδονίων κατὰ τὸν πορθμὸν ἐπαναχθέντων αὐτοῖς,

καὶ μιᾷς νεῷς καταφράκτου διὰ τὴν προθυμίαν προπεσοῦσης, ὥστ' ἐποκείλασαν γενέσθαι τοῖς Ῥωμαίοις ὑποχείριον, ταύτη παραδείγματι χρώμενοι τότε πρὸς ταύτην ἐποιοῦντο τὴν τοῦ παντὸς στόλου ναυπηγίαν, [16] ὥς εἰ μὴ τοῦτο συνέβη γενέσθαι, δῆλον ὡς διὰ τὴν ἀπειρίαν εἰς τέλος ἂν ἐκωλύ

[1] θησαν τῆς ἐπιβολῆς. οὐ μὲν ἄλλ' οἷς μὲν ἐπιμελὲς ἦν τῆς ναυπηγίας, ἐγίνοντο περὶ τὴν τῶν πλοίων κατασκευήν, οἱ δὲ τὰ πληρώματα συναθροίσαντες ἐδίδασκον ἐν τῇ γῇ κωπηλατεῖν τὸν τρόπον τοῦτον· [2] καθίσαντες ἐπὶ τῶν εἰρεσιῶν ἐν τῇ χέρσῳ τοὺς ἄνδρας τὴν αὐτὴν ἔχοντας τάξιν ταῖς ἐπ' αὐτῶν τῶν πλοίων καθέδραις, μέσον δ' ἐν αὐτοῖς στήσαντες τὸν κελευστήν, ἅμα πάντας ἀναπίπτειν ἐφ' αὐτοὺς ἄγοντας τὰς χεῖρας καὶ πάλιν προνεύειν ἐξωθοῦντας ταύτας συνείθιζον ἄρχεσθαί τε καὶ λήγειν τῶν κινήσεων πρὸς τὰ τοῦ κελευστοῦ παραγγέλματα. προκατασκευασθέντων δὲ τούτων, [3] ἅμα τῷ συντελεσθῆναι τὰς ναῦς καθελκύσαντες καὶ βραχὺν χρόνον ἐπ' αὐτῆς τῆς ἀληθείας ἐν θαλάττῃ πειραθέντες ἔπλεον παρὰ τὴν Ἰταλίαν κατὰ τὸ πρόσταγμα τοῦ στρατηγοῦ. [4] ὁ γὰρ ἐπὶ τῆς ναυτικῆς δυνάμεως τεταγμένος τοῖς Ῥωμαίοις Γνάιος Κορνήλιος ὀλίγαις ἡμέραις πρότερον, συντάξας τοῖς ναυάρχοις, ἐπειδὴν καταρτίσωσι τὸν στόλον, πλεῖν ὡς ἐπὶ τὸν πορθμόν, αὐτὸς ἀναχθεὶς μετὰ νεῶν ἑπτακαίδεκα προκατέπλευσεν ἐπὶ τὴν Μεσσήνην, σπουδάζων τὰ κατεπείγοντα πρὸς τὴν χρεῖαν παρασκευάσαι τῷ στόλῳ. [5] προσπεσοῦσης δ' αὐτῷ πράξεως ἐκεῖ περὶ τῆς τῶν Λιπαραίων πόλεως, δεξάμενος τὴν ἐλπίδα προχειρότερον τοῦ δέοντος ἔπλει ταῖς προειρημέναις ναυσὶ καὶ καθωρμίσθη πρὸς τὴν πόλιν. [6] ὁ δὲ τῶν Καρχηδονίων στρατηγὸς Ἀννίβας, ἀκούσας ἐν τῷ Πανόρμῳ τὸ γεγονὸς ἐξαποστέλλει Βοώδη τῆς γερουσίας ὑπάρχοντα, ναῦς εἴκοσι δούς. [7] ὃς ἐπιπλεύσας νυκτὸς ἐν τῷ λιμένι συνέκλεισε τοὺς περὶ τὸν Γνάιον. ἡμέρας δ' ἐπιγενομένης τὰ μὲν πληρώματα πρὸς φυγὴν ὥρμησεν εἰς τὴν γῆν, ὁ δὲ Γνάιος ἐκπλαγῆς γενόμενος καὶ ποιεῖν ἔχων οὐδὲν τέλος παρέδωκεν αὐτὸν τοῖς πολεμίοις. [8] οἱ δὲ Καρχηδόνιοι τὰς τε ναῦς καὶ τὸν στρατηγὸν τῶν ὑπεναντίων ὑποχείριον ἔχοντες παραχρῆμα πρὸς τὸν Ἀννίβαν ἀπῆραν. [9] μετ' οὐ πολλὰς δ' ἡμέρας, οὕτως ἐναργοῦς ὄντος καὶ προσφάτου τοῦ περὶ τὸν Γνάιον ἀτυχήματος, παρ' ὀλίγον αὐτὸς Ἀννίβας εἰς τὸ παραπλήσιον ἀμάρτημα προφανῶς ἐνέπεσεν. [10] ἀκούσας γὰρ τὸν τῶν Ῥωμαίων στόλον κομιζόμενον

παρὰ τὴν Ἰταλίαν σύνεγγυς εἶναι, κατιδεῖν βουλόμενος τό τε πλῆθος καὶ τὴν ὅλην σύνταξιν τῶν ὑπεναντίων, λαβὼν πεντήκοντα ναῦς ἐπιπλεῖ. [11] κάμπτων δὲ περὶ τὸ τῆς Ἰταλίας ἀκρωτήριο ἐμπίπτει τοῖς πολεμίοις ἐν κόσμῳ καὶ τάξει ποιουμένοις τὸν πλοῦν καὶ τὰς μὲν πλείους ἀπέβαλε τῶν νεῶν, αὐτὸς δὲ μετὰ τῶν ὑπολειφθεισῶν ἀνελπίστως καὶ παραδόξως διέφυγεν.

[1] οἱ δὲ Ῥωμαῖοι μετὰ ταῦτα συνεγγίσαντες τοῖς κατὰ τὴν Σικελίαν τόποις καὶ συνέντες τὸ γεγονός σύμπτωμα περὶ τὸν Γνάιον παραντίκα μὲν διεπέμποντο πρὸς Γάιον Βίλιον τὸν ἡγούμενον τῆς πεζῆς δυνάμεως καὶ τοῦτον ἀνέμενον, [2] ἅμα δ' ἀκούοντες οὐ μακρὰν εἶναι τὸν τῶν πολεμίων στόλον ἐγίνοντο πρὸς παρασκευὴν τοῦ ναυμαχεῖν. [3] ὄντων δὲ τῶν πλοίων φαύλων ταῖς κατασκευαῖς καὶ δυσκινήτων, ὑποτίθεται τις αὐτοῖς βοήθημα πρὸς τὴν μάχην τοὺς ἐπικληθέντας μετὰ ταῦτα κόρακας ὧν συνέβαινε τὴν κατασκευὴν εἶναι τοιαύτην. [4] στῦλος ἐν πρῶρρα στρογγύλος εἰστήκει, μήκος μὲν ὀργυῶν τεττάρων, κατὰ δὲ τὸ πλάτος τριῶν παλαιστῶν ἔχων τὴν διάμετρον. [5] οὗτος αὐτὸς μὲν ἐπὶ τῆς κορυφῆς τροχίλιαν εἶχεν, περιετίθετο δ' αὐτῷ κλῖμαξ ἐπικαρσίαις σανίσι καθηλωμένη, πλάτος μὲν ποδῶν τεττάρων, τὸ δὲ μήκος ἕξ ὀργυῶν. [6] τὸ δὲ τρῆμα τοῦ σανιδώματος ἦν παράμηνες καὶ περιέβαινε περὶ τὸν στῦλον μετὰ τὰς πρώτας εὐθέως τῆς κλίμακος δύο ὀργυιάς. εἶχεν δὲ καὶ δρύφακτον αὕτη παρ' ἑκατέραν τὴν ἐπιμήκη πλευρὰν εἰς γόνυ τὸ βάθος. [7] ἐπὶ δὲ τοῦ πέρατος αὐτοῦ προσήρμοστο σιδηροῦν οἶον ὕπερον ἀπωξυσμένον, ἔχον δακτύλιον ἐπὶ τῆς κορυφῆς, ὥς τὸ ὅλον φαίνεσθαι παραπλήσιον ταῖς σιτοπουκαῖς μηχανήσεσιν. [8] εἰς δὲ τοῦτον τὸν δακτύλιον ἐνεδέδετο κάλως, ᾧ κατὰ τὰς ἐμβολὰς τῶν πλοίων ἐξαίροντες τοὺς κόρακας διὰ τῆς ἐν τῷ στύλῳ τροχιλίας ἀφίεσαν ἐπὶ τὸ κατάστρωμα τῆς ἀλλοτρίας νεὼς ποτὲ μὲν κατὰ πρῶρραν, ποτὲ δ' ἀντιπεριάγοντες τὰς ἐκ τῶν πλαγίων προσπιπτούσας ἐμβολὰς. [9] ὅτε δὲ ταῖς σανίσι τῶν καταστρωμάτων ἐμπαγέντες οἱ κόρακες ὁμοῦ συνδήσαιεν τὰς ναῦς, εἰ μὲν πλάγαι παραβάλοιεν ἀλλήλαις, πανταχόθεν ἐπεπήδων, εἰ δὲ κατὰ πρῶρραν, δι' αὐτοῦ τοῦ κόρακος ἐπὶ δύο συνεχεῖς ἐποιοῦντο τὴν ἔφοδον: [10] ὧν οἱ μὲν ἡγούμενοι τὴν κατὰ πρόσωπον ἐπιφάνειαν ἐσκέπαζον ταῖς τῶν θυρεῶν προβολαῖς, οἱ δ' ἐπόμενοι τὰς ἐκ τῶν πλαγίων ἡσφάζιζον πλευρὰς ὑπὲρ τὸν δρύφακτον ὑπερτιθέμενοι τὰς ἴτους τῶν ὅπλων. [11] οὗτοι μὲν οὖν τοιαύτη κεκρημένοι πα

[1] ρασκευῇ καιρὸν ἐπετήρουν πρὸς ναυμαχίαν· ὁ δὲ Γάιος Βίλιος ὡς θᾶπτον ἔγνω τὴν περιπέτειαν τοῦ τῆς ναυτικῆς δυνάμεως ἡγουμένου, παραδούς τὰ πεζικὰ στρατόπεδα τοῖς χιλιάρχοις αὐτὸς διεκομίσθη πρὸς τὸν στόλον. [2] πυθόμενος δὲ τοὺς πολεμίους πορθεῖν τὴν Μυλαῖτιν χώραν ἐπιπλεῖ στόλῳ παντί. [3] συνιδόντες δ' οἱ Καρχηδόνιοι μετὰ χαρᾶς καὶ σπουδῆς ἀνήγοντο ναυσὶν ἑκατὸν καὶ τριάκοντα, καταφρονοῦντες τῆς ἀπειρίας τῶν Ῥωμαίων, καὶ πάντες ἔπλεον ἀντίπρωροι τοῖς πολεμίοις, οὐδὲ τάξεως καταξιώσαντες τὸν κίνδυνον, ἀλλ' ὡς ἐπὶ λείαν τινὰ πρόδηλον. [4] ἤγεῖτο δ' Ἀννίβας αὐτῶν — οὗτος δ' ἦν ὁ τὰς δυνάμεις ἐκκλέψας νυκτὸς ἐκ τῆς τῶν Ἀκραγαντίνων πόλεως — ἔχων ἐπτήρη τὴν γενομένην Πύρρου τοῦ βασιλέως. [5] ἅμα δὲ τῷ πλησιάζειν συνθεωροῦντες ἀνανενευκότας τοὺς κόρακας ἐν ταῖς ἐκάστων πλώρραις, ἐπὶ ποσὸν μὲν ἠπόρουν οἱ Καρχηδόνιοι, ξενιζόμενοι ταῖς τῶν ὀργάνων κατασκευαῖς· οὐ μὴν ἀλλὰ τελέως κατεγνωκότες τῶν ἐναντίων ἐνέβαλον οἱ πρῶτοι πλέοντες τετολμηκότως. [6] τῶν δὲ συμπλεκομένων σκαφῶν αἰεὶ δεδεμένων τοῖς ὀργάνοις, καὶ τῶν ἀνδρῶν εὐθὺς ἐπιπορευομένων δι' αὐτοῦ τοῦ κόρακος καὶ συμπλεκομένων ἐπὶ τοῖς καταστρώμασιν, οἱ μὲν ἐφονεύοντο τῶν Καρχηδονίων, οἱ δὲ παρεδίδοσαν ἑαυτοὺς ἐκπληττόμενοι τὸ γινόμενον· παραπλήσιον γὰρ πεζομαχίας συνέβαινε τὸν κίνδυνον ἀποτελεῖσθαι. [7] διὸ καὶ τριάκοντα μὲν τὰς πρῶτας συμβαλούσας ναῦς αὐτάνδρους ἀπέβαλον, σὺν αἷς ἐγένετ' αἰχμάλωτον καὶ τὸ τοῦ στρατηγοῦ πλοῖον· Ἀννίβας δ' ἀνελπίστως καὶ παραβόλως αὐτὸς ἐν τῇ σκάφῃ διέφυγεν. [8] τὸ δὲ λοιπὸν πλῆθος τῶν Καρχηδονίων ἐποιεῖτο μὲν τὸν ἐπίπλουν ὡς εἰς ἐμβολήν, ἐν δὲ τῷ συνεγγίζειν θεωροῦντες τὸ συμβεβηκὸς περὶ τὰς προπλεύσας ναῦς ἐξέκλινον καὶ διένευον τὰς τῶν ὀργάνων ἐπιβολάς. [9] πιστεύοντες δὲ τῷ ταχυναυτεῖν, οἱ μὲν ἐκ πλαγίων, οἱ δὲ κατὰ πρύμναν ἐκπεριπλέοντες ἀσφαλῶς ἤλπιζον ποιήσασθαι τὰς ἐμβολάς. [10] πάντῃ δὲ καὶ πάντως ἀντιπερισταμένων καὶ συνδιανευόντων τῶν ὀργάνων οὕτως ὥστε κατ' ἀνάγκην τοὺς ἐγγίσαντας συνδεδέσθαι, τέλος ἐγκλίναντες ἔφυγον οἱ Καρχηδόνιοι, καταπλαγέντες τὴν καινοτομίαν τοῦ συμβαίνοντος, πεντήκοντα ναῦς ἀποβαλόντες.

[1] οἱ δὲ Ῥωμαῖοι παραδόξως ἀντιπεποιημένοι τῆς κατὰ θάλατταν ἐλπίδος, διπλασίως ἐπερρώσθησαν ταῖς ὁρμαῖς πρὸς τὸν πόλεμον. [2] τότε μὲν οὖν προσσχόντες τῇ Σικελίᾳ τὴν τ' Αἰγεσταίων ἔλυσαν πολιορκίαν ἐσχάτως αὐτῶν ἤδη διακειμένων κατὰ τε τὴν ἐκ τῆς

Αιγέστης ἀναχώρησιν Μάκελλαν πόλιν κατὰ κράτος εἶλον. [3] μετὰ δὲ τὴν ναυμαχίαν Ἀμίλκας, ὁ τῶν Καρχηδονίων στρατηγὸς ὁ τεταγμένος ἐπὶ τῶν πεζικῶν δυνάμεων, διατρίβων περὶ Πάνορμον, γνοὺς ἐν τοῖς Ῥωμαϊκοῖς στρατοπέδοις στασιάζοντας τοὺς συμμάχους πρὸς τοὺς Ῥωμαίους περὶ τῶν ἐν ταῖς μάχαις πρωτείων, [4] καὶ πυνθανόμενος στρατοπεδεύειν αὐτοὺς καθ' ἑαυτοὺς τοὺς συμμάχους μεταξὺ τοῦ Παρώπου καὶ τῶν Θερμῶν τῶν Ἱμεραίων, ἐπιπεσὼν αὐτοῖς αἰφνιδίως ἀναστρατοπεδεύουσι μετὰ πάσης τῆς δυνάμεως σχεδὸν εἰς τετρακισχιλίους ἀπέκτεινεν. [5] μετὰ δὲ ταύτην τὴν πρᾶξιν ὁ μὲν Ἀννίβας ἔχων τὰς διασωθείσας ναῦς ἀπέπλευσεν εἰς τὴν Καρχηδόνα, μετ' οὐ πολὺ δ' ἐκεῖθεν εἰς Σαρδόνα διῆρε, προσλαβὼν ναῦς καὶ τινὰς τῶν ἐνδόξων τριηράρχων. [6] χρόνους δ' οὐ πολλοῖς κατόπιν ἐν τῇ Σαρδόνι συγκλεισθεὶς ὑπὸ Ῥωμαίων ἐν τινι λιμένι καὶ πολλὰς ἀποβαλὼν τῶν νεῶν, παραντῖκα συλληφθεὶς ὑπὸ τῶν διασωθέντων Καρχηδονίων ἀνεσταυρώθη. [7] Ῥωμαῖοι γὰρ ἅμα τῆς θαλάττης ἦσαντο καὶ τῶν κατὰ Σαρδόνα πραγμάτων εὐθέως ἀντείχοντο. [8]

[1] τὰ δ' ἐν τῇ Σικελίᾳ στρατόπεδα τῶν Ῥωμαίων κατὰ μὲν τὸν ἐξῆς ἐνιαυτὸν οὐδὲν ἄξιον ἔπραξαν λόγου, [9] τότε δὲ προσδεξάμενοι τοὺς ἐπικαθεσταμένους ἄρχοντας Αὐλὸν Ἀτίλιον καὶ Γάιον Σολπίκιον ὥρμησαν ἐπὶ τὸν Πάνορμον διὰ τὸ τὰς τῶν Καρχηδονίων δυνάμεις ἐκεῖ παραχειμάζειν. [10] οἱ δὲ στρατηγοὶ συνεγγίσαντες τῇ πόλει μετὰ πάσης τῆς δυνάμεως παρετάξαντο. τῶν δὲ πολεμίων οὐκ ἀντεξιόντων, πάλιν ἐντεῦθεν ἐποιήσαντο τὴν ὁρμὴν ἐπὶ πόλιν Ἰππάναν, [11] καὶ ταύτην μὲν ἐξ ἐφόδου κατὰ κράτος ἔλαβον, εἶλον δὲ καὶ τὸ Μυττίστρατον, πολλοὺς χρόνους ὑπομεμενηκὸς τὴν πολιορκίαν διὰ τὴν ὀχυρότητα τοῦ τόπου. [12] τὴν δὲ Καμαριναίων πόλιν μικρῷ πρότερον ἀπ' αὐτῶν ἀποστᾶσαν, τότε προσενέγκαντες ἔργα καὶ καταβαλόντες τὰ τεῖχη κατέσχον· ὁμοίως δὲ καὶ τὴν Ἑνναν καὶ ἕτερα πλείω πολισμάτια τῶν Καρχηδονίων. [13] ἀπὸ δὲ τούτων γενόμενοι Λιπαραῖους ἐπεχείρησαν πολιορκεῖν. τῷ δ' ἐξῆς ἐνιαυτῷ Γάιος Ἀτίλιος ὁ στρατηγὸς τῶν Ῥωμαίων πρὸς Τυνδαρίδα καθορμισθεὶς καὶ συνθεασάμενος ἀτάκτως παραπλέοντα τὸν τῶν Καρχηδονίων στόλον, παραγγείλας τοῖς ἰδίῳις πληρώμασιν ἔπεσθαι τοῖς ἡγουμένοις, αὐτὸς ὥρμησε πρὸ τῶν ἄλλων, ἔχων δέκα ναῦς ὁμοπλοούσας. [2] οἱ δὲ Καρχηδόνιοι συνιδόντες τῶν ὑπεναντίων τοὺς μὲν ἀκμὴν ἐμβαίνοντας, τοὺς δ' ἀναγομένους, τοὺς δὲ πρῶτους πολὺ

προειληφότας τῶν ἄλλων, ἐπιστρέψαντες αὐτοῖς ἀπήντων. [3] καὶ κυκλώσαντες τὰς μὲν ἄλλας διέφθειραν, τὴν δὲ τοῦ στρατηγοῦ ναῦν παρ' ὀλίγον αὐτανδρον ἔλαβον. οὐ μὴν ἄλλ' αὕτη μὲν ταῖς ὑπηρεσίαις ἐξηρτυμένη καὶ ταχυναυτοῦσα διέφυγε παραδόξως τὸν κίνδυνον, [4] αἱ δὲ λοιπαὶ τῶν Ῥωμαίων ἐπιπλέουσai κατὰ βραχὺ συνηθορίζοντο. γενόμεναι δ' ἐν μετώπῳ συνέβαλλον τοῖς πολεμίοις καὶ δέκα μὲν αὐτάνδρους ναῦς ἔλαβον, ὀκτὼ δὲ κατέδυσαν. αἱ δὲ λοιπαὶ τῶν Καρχηδονίων ἀπεχώρησαν εἰς τὰς Λιπαραιάς καλουμένας νήσους. [5]

[1] ἐκ δὲ ταύτης τῆς ναυμαχίας ἀμφοτέρωτεροι νομίζοντες ἐφάμιλλον πεποιεῖσθαι τὸν κίνδυνον, ὥρμησαν ὁλοσχερέστερον ἐπὶ τὸ συνίστασθαι ναυτικὰς δυνάμεις καὶ τῶν κατὰ θάλατταν ἀντέχεσθαι πραγμάτων. [6] αἱ δὲ πεζικαὶ δυνάμεις ἐν τοῖς κατὰ ταῦτα καιροῖς οὐδὲν ἔπραξαν ἄξιον μνήμης, ἀλλὰ περὶ μικρὰς καὶ τὰς τυχούσας πράξεις κατέτριψαν τοὺς χρόνους. [7] διὸ παρασκευασάμενοι, καθάπερ εἶπον, εἰς τὴν ἐπιφερομένην θερείαν ἀνήχθησαν Ῥωμαῖοι μὲν τριάκοντα καὶ τριακοσίαις μακραῖς ναυσὶ καταφράκτοις καὶ κατέσχον εἰς Μεσσήνην. [8] ὅθεν ἀναχθέντες ἔπλεον δεξιὰν ἔχοντες τὴν Σικελίαν, κάμψαντες δὲ τὸν Πάχυνον ὑπερῆραν εἰς Ἑκνομον διὰ τὸ καὶ τὸ πεζὸν στράτευμα περὶ τούτους αὐτοὺς εἶναι τοὺς τόπους. [9] Καρχηδόνιοι δὲ πεντήκοντα καὶ τριακοσίαις ναυσὶ καταφράκτοις ἀναπλεύσαντες Λιλυβαίῳ προσέσχον, ἐντεῦθεν δὲ πρὸς Ἡράκλειαν τὴν Μινώαν καθωρμί σθησαν. ἦν δὲ τῶν μὲν Ῥωμαίων πρόθεσις εἰς τὴν Λιβύην πλεῖν καὶ τὸν πόλεμον ἐκεῖ περισπᾶν, ἵνα τοῖς Καρχηδονίοις μὴ περὶ Σικελίας, ἀλλὰ περὶ σφῶν αὐτῶν καὶ τῆς ἰδίας χώρας ὁ κίνδυνος γίνηται. [2] τοῖς δὲ Καρχηδονίοις τὰναντία τούτων ἐδόκει: συνιδόντες γὰρ ὡς εὐέφοδός ἐστιν ἡ Λιβύη καὶ πᾶς ὁ κατὰ τὴν χώραν λαὸς εὐχείρωτος τοῖς ἅπασι εἰς αὐτὴν ἐμβαλοῦσιν, οὐχ οἰοί τ' ἦσαν ἐπιτρέπειν, ἀλλὰ διακινδυνεύειν καὶ ναυμαχεῖν ἔσπευδον. [3] ὄντων δὲ τῶν μὲν πρὸς τὸ κωλύειν, τῶν δὲ πρὸς τὸ βιάζεσθαι, προφανῆς ἦν ὁ μέλλων ἀγὼν ἐκ τῆς ἐκατέρων συνίστασθαι φιλοτιμίας. [4] οἱ μὲν οὖν Ῥωμαῖοι πρὸς ἀμφοτέρωτα τὴν παρασκευὴν ἀρμόζουσιν ἐποιοῦντο πρὸς τε τὴν κατὰ θάλατταν χρεῖαν καὶ πρὸς τὴν ἀπόβασιν τὴν εἰς τὴν πολεμίαν. [5] διόπερ ἐπιλέξαντες ἐκ τῶν πεζικῶν στρατοπέδων τὰς ἀρίστας χεῖρας διεῖλον τὴν πᾶσαν δύναμιν, ἣν ἤμελλον ἀναλαμβάνειν, εἰς τέτταρα μέρη. [6] τὸ δὲ μέρος ἕκαστον διττὰς εἶχεν προσηγορίας: πρῶτον μὲν γὰρ ἐκαλεῖτο στρατόπεδον καὶ

πρῶτος στόλος καὶ τὰ λοιπὰ κατὰ λόγον. τὸ δὲ τέταρτον καὶ τρίτην ἐπωνυμίαν ἔτι προσειλήφει: τριάριοι γὰρ ὠνομάζοντο κατὰ τὴν ἐν τοῖς πεζικοῖς στρατοπέδοις συνήθειαν. [7] καὶ τὸ μὲν σύμπαν ἦν στράτευμα τούτων τῆς ναυτικῆς δυνάμεως περὶ τέτταρας καὶ δέκα μυριάδας, ὥς ἂν ἐκάστης νεῶς λαμβανούσης ἐρέτας μὲν τριακοσίους, ἐπιβάτας δ' ἐκατὸν εἴκοσιν. [8] οἱ δὲ Καρχηδόνιοι τὸ μὲν πλεῖον καὶ τὸ πᾶν ἡρμόζοντο πρὸς τὸν κατὰ θάλατταν κίνδυνον: τό γε μὴν πλήθος αὐτῶν ἦν ὑπὲρ πεντεκαίδεκα μυριάδας κατὰ τὸν τῶν νεῶν λόγον. [9] ἐφ' οἷς οὐχ οἷον ἂν τις παρὼν καὶ θεώμενος ὑπὸ τὴν ὄψιν, ἀλλὰ κἂν ἀκούων καταπλαγείῃ τὸ τοῦ κινδύνου μέγεθος καὶ τὴν τῶν πολιτευμάτων ἀμφοτέρων μεγαλομερίαν καὶ δύναμιν, στοχαζόμενος ἔκ τε τοῦ τῶν ἀνδρῶν καὶ τοῦ τῶν νεῶν πλήθους. [10] οἱ δὲ Ῥωμαῖοι συλλογιζόμενοι διότι τὸν μὲν πλοῦν εἶναι συμβαίνει πελάγιον, τοὺς δὲ πολεμίους ταχυναυτεῖν, πανταχόθεν ἐπειρῶντο ποιεῖσθαι τὴν τάξιν ἀσφαλῆ καὶ δυσπρόσοδον. [11] τὰς μὲν οὖν ἐξήρεις δύο οὐσας, ἐφ' ὧν ἔπλεον οἱ στρατηγοὶ Μάρκος Ἀτίλιος καὶ Λεύκιος Μάλιος, πρώτας ἐν μετώπῳ παραλλήλους ἔταξαν. [12] τούτων δ' ἐκατέρα συνεχεῖς κατὰ μίαν ναῦν ἐπιτάττοντες τῇ μὲν τὸν πρῶτον, τῇ δὲ τὸν δεῦτερον στόλον ἐπέστησαν, ἀεὶ καθ' ἐκάστην ναῦν ἐκατέρου τοῦ στόλου μεῖζον τὸ μεταξὺ ποιοῦντες διάστημα. ταῖς δὲ πρῶραις ἔξω νεύοντα τὰ σκάφη τὴν ἐπίστασιν ἐπ' ἀλλήλοις εἶχεν. [13] ἐπειδὴ δὲ τὸν πρῶτον καὶ δεῦτερον στόλον ἀπλῶς εἰς ἔμβολον ἔταξαν, ἐπέβαλον τούτοις ἐπὶ μίαν ναῦν ἐν μετώπῳ τὸ τρίτον στρατόπεδον: ὧν ἐπιστάντων ἀπετελέσθη τρίγωνον τὸ πᾶν εἶδος τῆς τάξεως. [14] ἐπὶ δὲ τούτοις ἐπέστησαν τὰς ἱππηγούς, ρύματα δόντες ἔξ αὐτῶν ταῖς τοῦ τρίτου στόλου ναυσίν. [15] ταύταις δὲ κατόπιν ἐπέβαλον τὸν τέταρτον στόλον, τοὺς τριαρίους κληθέντας, ἐπὶ μίαν παρεκτείναντες ναῦν, ὥς ὑπερτείνειν ἔξ ἐκατέρου τοῦ μέρους τοὺς πρὸ ἑαυτῶν. [16] καὶ συναρμοσθέντων πάντων κατὰ τὸν εἰρημένον τρόπον, τὸ μὲν ὅλον ἀπετελέσθη σχῆμα τῆς τάξεως ἔμβολον, οὗ τὸ μὲν ἐπὶ τὴν κορυφὴν μέρος ἦν κοῖλον, τὸ δὲ πρὸς τῇ βάσει στερεόν, τὸ δὲ σύμπαν ἐνεργὸν καὶ πρακτικόν, ἅμα δὲ καὶ δυσδιάλυτον.

[1] οἱ δὲ τῶν Καρχηδονίων στρατηγοὶ κατὰ τὸν αὐτὸν καιρὸν παρακαλέσαντες τὰ πλήθη διὰ βραχέων καὶ συνυποδείξαντες αὐτοῖς ὅτι νικήσαντες μὲν τῇ ναυμαχίᾳ περὶ Σικελίας ποιήσονται τὸν πόλεμον, ἡττηθέντες δὲ περὶ τῆς σφετέρας πατρίδος κινδυνεύουσιν

καὶ τῶν ἀναγκαίων, οὕτως αὐτοῖς παρήγγειλαν ἐμβαίνειν εἰς τὰς ναῦς. [2] προθύμως δὲ πάντων ποιούντων τὸ παραγγελλόμενον διὰ τὸ προορᾶσθαι τὸ μέλλον ἐκ τῶν εἰρημένων, εὐθαρσῶς ἀνήγοντο καὶ καταπληκτικῶς. [3] θεωροῦντες δὲ τὴν τῶν πολεμίων τάξιν οἱ στρατηγοὶ καὶ πρὸς ταύτην ἀρμοζόμενοι τὰ μὲν τρία μέρη τῆς αὐτῶν δυνάμεως ἐπὶ μίαν ἔταττον ναῦν, πρὸς τὸ πέλαγος ἀνατείναντες τὸ δεξιὸν κέρας, ὥς κυκλώσοντες τοὺς ὑπεναντίους, πάσας ἰστάντες ἀντιπρώρρους τὰς ναῦς τοῖς πολεμίοις. τὸ δὲ τέταρτον εὐώνυμον τῆς ὅλης τάξεως ἐποίουν, [4] ἐν ἐπικαμπίῳ νεῦον πρὸς τὴν γῆν. [5] ἡγοῦντο δὲ τῶν Καρχηδονίων τοῦ μὲν δεξιοῦ κέρας, ἔχων ἐπίπλους καὶ πενήτῃεις τὰς μάλιστα ταχυναυτούσας πρὸς τὴν ὑπερκέρασιν, Ἄννων ὁ περὶ τὸν Ἀκράγαντα λειφθεὶς τῇ παρατάξει: [6] τῶν δ' εὐωνύμων εἶχε τὴν ἐπιμέλειαν Ἀμίλκας ὁ περὶ τὴν Τυνδαρίδα ναυμαχήσας: ὃς τότε κατὰ μέσῃν τὴν τάξιν ποιούμενος τὸν κίνδυνον ἐχρήσατό τινι στρατηγήματι κατὰ τὸν ἀγῶνα τοιῷδε. [7] τῶν γὰρ Ῥωμαίων συνθεασαμένων ἐπὶ λεπτὸν ἐκτεταμένους τοὺς Καρχηδονίους καὶ ποιησαμένων τὴν ὁρμὴν ἐπὶ μέσους, τὴν μὲν ἀρχὴν ὁ κίνδυνος ἔλαβε τοιαύτην. [8] ταχὺ δὲ τῶν περὶ τὰ μέσα Καρχηδονίων ἐκ παραγγέλματος κλινάντων πρὸς φυγὴν χάριν τοῦ διασπάσαι τὴν τῶν Ῥωμαίων τάξιν, οὗτοι μὲν ὑπεχώρουν μετὰ σπουδῆς, οἱ δὲ Ῥωμαῖοι κατόπιν ἠκολούθουν ἐκθύμως. [9] ὁ μὲν οὖν πρῶτος καὶ δεῦτερος στόλος ἐπέκειτο τοῖς φεύγουσιν, τὸ δὲ τρίτον καὶ τὸ τέταρτον στρατόπεδον ἀπеспᾶτο, τῶν μὲν ῥυμουλκούντων τὰς ἵππηγους ναῦς, τῶν δὲ τριαρίων συμμενόντων καὶ συνεφεδρευνόντων τούτοις. [10] ἐπεὶ δὲ τὸν πρῶτον καὶ δεῦτερον στόλον ἱκανὸν τῶν ἄλλων ἐδόκουν ἀπеспακέναι τόπον οἱ Καρχηδόνιοι, συνθήματος ἀρθέντος ἐκ τῆς Ἀμίλκου νεῶς μετεβάλοντο πάντες ἅμα καὶ συνέβαλον τοῖς ἐπικειμένοις. [11] ἀγῶνος δὲ συστάντος καρτεροῦ, τῷ μὲν ταχυναυτεῖν ἐκπεριπλέοντες καὶ ῥαδίως μὲν προσιόντες ὀξέως δ' ἀποχωροῦντες πολὺ περιῆσαν οἱ Καρχηδόνιοι, [12] τῷ δὲ βιαιομαχεῖν κατὰ τὰς συμπλοκάς καὶ συνδεῖν τοῖς κόραξιν τοὺς ἅπαξ ἐγγίσαντας, ἅμα δὲ καὶ τῷ συναγωνιζομένων ἀμφοτέρων τῶν στρατηγῶν ἐν ὧσι τῶν ἡγουμένων ποιεῖσθαι τὸν κίνδυνον, οὐχ ἥττον ἐπικυδεστέρας εἶχον οἱ Ῥωμαῖοι τῶν Καρχηδονίων τὰς ἐλπίδας. [13] ἡ μὲν οὖν κατὰ τούτους μάχη τοιαύ

[1] τὴν εἶχε διάθεσιν. κατὰ δὲ τὸν αὐτὸν καιρὸν τὸ μὲν δεξιὸν κέρας ἔχων Ἄννων, τὸ μεῖναν ἐν ἀποστάσει κατὰ τὴν πρώτην

συμβολήν, τό τε πέλαγος ὑπεράρας ἐνέβαλε ταῖς τῶν τριαρίων ναυσὶ καὶ πολλὴν ἀπορίαν παρεῖχε καὶ δυσχρηστίαν αὐτοῖς. [2] οἱ δὲ παρὰ τὴν γῆν τεταγμένοι τῶν Καρχηδονίων παραγεγονότες εἰς μέτωπον ἐκ τῆς προϋπαρχούσης τάξεως καὶ ποιήσαντες ἀντιπρώρρους τὰς ναῦς ἐνέβαλον τοῖς ῥυμουλκοῦσι τὰς ἱππηγούς· οἱ δ' ἀφέμενοι τὰ ῥύματα συνεπλέκοντο καὶ διηγωνίζοντο τοῖς πολεμίοις. [3] ἦν δὲ τρία μέρη τῆς ὅλης συμπλοκῆς, καὶ τρεῖς ναυμαχίαι συνέστησαν πολὺ κεχωρισμένοι τοῖς τόποις ἀλλήλων· [4] τῷ δ' ἑκατέρων πᾶρισα τὰ μέρη γενέσθαι κατὰ τὸν ἐξ ἀρχῆς χειρισμὸν ἐφάμιλλον εἶναι συνέβαινε καὶ τὸν κίνδυνον. [5] οὐ μὴν ἀλλὰ τὸ κατὰ λόγον ἐν ἐκάστοις ἐπετελεῖτο περὶ τὴν μάχην, ὅπερ εἰκὸς ὅταν ἧ παραπλήσια πάντα τὰ τῶν ἀγωνιζομένων. [6] οἱ γὰρ πρῶτοι κινδυνεύσαντες πρῶτοι καὶ διεκρίθησαν· τέλος γὰρ ἐκβιασθέντες οἱ περὶ τὸν Ἀμίλκαν εἰς φυγὴν ὥρμησαν. [7] ὁ μὲν οὖν Λεύκιος ἀνεδεῖτο τὰς αἰχμαλώτους ναῦς· ὁ δὲ Μάρκος συνορῶν τὸν περὶ τοὺς τριαρίους καὶ τὰς ἱππηγούς ἀγῶνα κατὰ σπουδὴν ἐβοήθει τούτοις, ἔχων τοῦ δευτέρου στόλου τὰς ἀκεραίους ναῦς. [8] συνάψαντος δὲ καὶ προσμίζαντος αὐτοῦ τοῖς περὶ τὸν Ἄνωνα, ταχέως ἀναθαρρήσαντες οἱ τριάριοι, καίπερ ἤδη κακῶς ἀπαλλάττοντες, πάλιν ἐπερρώσθησαν πρὸς τὸν κίνδυνον. [9] οἱ δὲ Καρχηδόνιοι, τῶν μὲν κατὰ πρόσωπον αὐτοῖς προσμαχομένων, τῶν δὲ κατὰ νότου προσπιπτόντων, δυσχρηστούμενοι καὶ παραδόξως ὑπὸ τῶν βοηθησάντων κυκλούμενοι, κλίναντες πελαγίαν ἐποιοῦντο τὴν ὑποχώρησιν. [10] κατὰ δὲ τὸν αὐτὸν καιρὸν ὃ τε Λεύκιος ἐπαναπλέων ἤδη καὶ θεωρῶν συγκεκλεισμένον πρὸς τῇ γῇ τὸν τρίτον στόλον ὑπὸ τοῦ τῶν Καρχηδονίων εὐωνύμου κέρατος, ὃ τε Μάρκος ἐν ἀσφαλεῖ καταλιπὼν τὰς ἱππηγούς καὶ τοὺς τριαρίους ὥρμησαν ἀμφοτέρω βολεῖν τοῖς κινδυνεύουσι. [11] παραπλήσιον γὰρ ἦν ἤδη τὸ γινόμενον πολιορκία· καὶ πάντες ἂν ἀπολώλειςαν οὗτοί γε προφανῶς, εἰ μὴ δεδιότες τοὺς κόρακας οἱ Καρχηδόνιοι περιφράξαντες μὲν αὐτοὺς πρὸς τῇ γῇ συνεῖχον, πρὸς δὲ τὰς ἐμβολὰς διὰ τὴν συμπλοκὴν εὐλαβῶς ἔχοντες οὐ προσήεσαν. [12] ταχέως δ' ἐπιγενόμενοι καὶ κυκλώσαντες οἱ στρατηγοὶ τοὺς Καρχηδονίους αὐτάνδρους μὲν ἔλαβον πεντήκοντα ναῦς τῶν πολεμίων, ὀλίγαι δὲ τινες παρὰ τὴν γῆν ἐξελίξασαι διέφυγον. [13] ὁ μὲν οὖν κατὰ μέρος κίνδυνος τοιαύτην ἔσχε τὴν διάθεσιν, τὸ δὲ τέλος τῆς συμπάσης ναυμαχίας ἐγένετο κατὰ τοὺς Ῥωμαίους. [14] διεφθάρη δὲ τούτων μὲν εἴκοσι καὶ τέτταρα

σκάφη, τῶν δὲ Καρχηδονίων ὑπὲρ τριάκοντα. ναῦς δὲ τῶν μὲν Ῥωμαίων αὐτανδρος οὐδεμία τοῖς πολεμίοις ἐγένεθ' ὑποχείριος, τῶν δὲ Καρχηδονίων ἐξήκοντα καὶ τέτταρες.

[1] μετὰ δὲ ταῦτα πάλιν οἱ Ῥωμαῖοι προσεπισιτισάμενοι καὶ τὰς αἰχμαλώτους ναῦς καταρτίσαντες, ἔτι δὲ τὴν ἀρμόζουσαν τοῖς προτερήμασιν ἐπιμέλειαν ποιησάμενοι τῶν πληρωμάτων ἀνήγοντο ποιούμενοι τὸν πλοῦν ὡς ἐπὶ τὴν Λιβύην. [2] προσσχόντες δὲ ταῖς πρώταις πλεούσαις ναυσὶν ὑπὸ τὴν ἄκραν τὴν Ἑρμαίαν ἐπονομαζομένην, ἥ πρὸ παντὸς τοῦ περὶ τὴν Καρχηδόνα κόλπου κειμένη προτείνει πελάγιος ὡς πρὸς τὴν Σικελίαν, καὶ προσδεξάμενοι τὰς ἐπιπλεούσας ἐνταῦθα ναῦς καὶ πάντα συναθροίσαντες τὸν στόλον ἔπλεον παρὰ τὴν χώραν, ἕως ἐπὶ τὴν Ἀσπίδα καλουμένην πόλιν ἀφίκοντο. [3] ποιησάμενοι δὲ τὴν ἀπόβασιν ἐνταῦθα καὶ νεωλκήσαντες, ἔτι δὲ τάφρῳ καὶ χάρακι περιλαβόντες τὰς ναῦς ἐγίνοντο πρὸς τὸ πολιορκεῖν αὐτήν, οὐ βουλομένων ἐκουσίως σφίσι προσχωρῆσαι τῶν κατεχόντων τὴν πόλιν. [4] οἱ δὲ διαφυγόντες ἐκ τοῦ κατὰ τὴν ναυμαχίαν κινδύνου τῶν Καρχηδονίων καταπλεύσαντες καὶ πεπεισμένοι τοὺς ὑπεναντίους ἐκ τοῦ γεγονότος προτερήματος ἐπαρθέντας εὐθέως ποιήσεσθαι τὸν ἐπίπλουν ἐπ' αὐτήν τὴν Καρχηδόνα, παρετήρουν ταῖς πεζικαῖς καὶ ναυτικαῖς δυνάμεσι τοὺς προκειμένους τῆς πόλεως τόπους. [5] ἐπιγνόντες δὲ τοὺς Ῥωμαῖους ἀσφαλῶς ἀποβεβηκότας καὶ πολιορκοῦντας τὴν Ἀσπίδα, τοῦ μὲν παραφυλάττειν τὸν ἐπίπλουν ἀπέγνωσαν, συνήθροίζον δὲ τὰς δυνάμεις καὶ περὶ φυλακὴν ἐγίνοντο τῆς τε πόλεως καὶ τῆς χώρας. [6] οἱ δὲ Ῥωμαῖοι κυριεύσαντες τῆς Ἀσπίδος καὶ φυλακὴν ἀπολιπόντες τῆς πόλεως καὶ χώρας, ἔτι δὲ πρεσβευτὰς εἰς τὴν Ῥώμην πέμψαντες τοὺς ἀπαγγελοῦντας μὲν περὶ τῶν γεγονότων, ἐρησομένους δὲ περὶ τῶν μελλόντων τί δεῖ ποιεῖν καὶ πῶς χρῆσθαι τοῖς πράγμασιν, μετὰ δὲ ταῦτα πάσῃ τῇ δυνάμει κατὰ σπουδὴν ἀναζεύξαντες ὥρμησαν ἐπὶ τὸ πορθεῖν τὴν χώραν. [7] οὐδενὸς δ' ἐμποδῶν ἵσταμένου, πολλὰς μὲν οἰκῆσεις περιττῶς κατεσκευασμένας διέφθειραν, πολὺ δὲ πλῆθος τῆς τετραπόδου λείας περιεβάλοντο: σώματα δὲ πλείω τῶν δισμυρίων ἐπὶ τὰς ναῦς ἀνήγαγον. [8] ἐν δὲ τούτῳ τῷ καιρῷ παρήσαν ἐκ τῆς Ῥώμης οἱ διασαφοῦντες ὅτι δεῖ τὸν μὲν ἓνα τῶν στρατηγῶν μένειν ἔχοντα δυνάμεις τὰς ἀρκούσας, τὸν δ' ἕτερον ἀποκομίζειν εἰς τὴν Ῥώμην τὸν στόλον. [9] ὁ μὲν οὖν Μάρκος ἔμενεν, ὑπολειπόμενος ναῦς τετταράκοντα καὶ πεζοὺς μυρίους καὶ πεντακισχιλίους, ἵππεῖς δὲ

πεντακοσίους: [10] ὁ δὲ Λεύκιος ἀναλαβὼν τὰ πληρώματα καὶ τὸ τῶν αἰχμαλώτων πλῆθος καὶ κομισθεὶς παρὰ τὴν Σικελίαν ἀσφαλῶς ἦκεν εἰς τὴν Ῥώμην.

[1] οἱ δὲ Καρχηδόνιοι θεωροῦντες τὴν τῶν πολεμίων παρασκευὴν χρονιωτέραν οὔσαν, πρῶτον μὲν στρατηγούς ἑαυτῶν εἵλοντο δύο, τὸν τ' Ἄννωνος Ἀσδρούβαν καὶ Βώσταρον, μετὰ δὲ ταῦτα πρὸς τὸν Ἀμίλκαν ἔπεμπον εἰς τὴν Ἡράκλειαν, καλοῦντες κατὰ τάχος αὐτόν. [2] ὁ δ' ἀναλαβὼν ἵππεῖς πεντακοσίους καὶ πεζοὺς πεντακισχιλίους παρῆν εἰς τὴν Καρχηδόνα: καὶ κατασταθεὶς στρατηγὸς τρίτος ἐβουλεύετο μετὰ τῶν περὶ τὸν Ἀσδρούβαν πῶς δεῖ χρῆσθαι τοῖς παροῦσιν. [3] ἔδοξεν οὖν αὐτοῖς βοηθεῖν τῇ χώρᾳ καὶ μὴ περιορᾶν αὐτὴν ἀδεῶς πορθουμένην. [4] ὁ δὲ Μάρκος μετὰ τινας ἡμέρας ἐπεπορεύετο, τὰ μὲν ἀτείχιστα τῶν ἐρυμάτων ἐξ ἐφόδου διαρπάζων, τὰ δὲ τετειχισμένα πολιορκῶν. [5] ἀφικόμενος δὲ πρὸς πόλιν Ἀδὺν ἀξιόχρεω, περιστρατοπεδεύσας ταύτην συνίστατο μετὰ σπουδῆς ἔργα καὶ πολιορκίαν. [6] οἱ δὲ Καρχηδόνιοι τῇ τε πόλει σπουδάζοντες βοηθῆσαι καὶ τῶν ὑπαίθρων ἀντιποιεῖσθαι κρίνοντες ἐξῆγον τὴν δύναμιν. [7] καὶ καταλαβόμενοι λόφον ὑπερδέξιον μὲν τῶν πολεμίων, ἀφυῇ δὲ ταῖς ἑαυτῶν δυνάμεσιν, ἐν τούτῳ κατεστρατοπέδευσαν. [8] λοιπὸν ἔχοντες μὲν τὰς πλείστας ἐλπίδας ἐν τοῖς ἵππευσιν καὶ τοῖς θηρίοις, ἀφέμενοι δὲ τῶν ἐπιπέδων χωρίων καὶ συγκλείσαντες σφᾶς αὐτοὺς εἰς τόπους ἐρυμνοὺς καὶ δυσβάτους, ἔμελλον διδάξειν τοὺς πολεμίους ὃ δέον ἦν πράττειν κατ' αὐτῶν. ὃ δὴ καὶ συνέβη γενέσθαι. [9] συννοήσαντες γὰρ οἱ τῶν Ῥωμαίων ἡγεμόνες ἐμπείρως ὅτι τὸ πρακτικώτατον καὶ φοβερώτατον τῆς τῶν ὑπεναντίων δυνάμεως ἡχρεΐωται διὰ τοὺς τόπους, οὐκ ἀνέμειναν ἕως ἐκεῖνοι καταβάντες εἰς τὰ πεδία παρετάξαντο, [10] χρώμενοι δὲ τοῖς ἰδίοις καιροῖς ἅμα τῷ φωτὶ προσέβαινον ἐξ ἐκατέρου τοῦ μέρους πρὸς τὸν λόφον. [11] οἱ μὲν οὖν ἵππεῖς καὶ τὰ θηρία τοῖς Καρχηδονίοις ἦν ἄχρηστα τελέως: οἱ δὲ μισθοφόροι πάνυ γενναίως καὶ προθύμως ἐκβοηθήσαντες τὸ μὲν πρῶτον στρατόπεδον ἠνάγκασαν ἐκκλίνειν καὶ φυγεῖν: [12] ἐπεὶ δὲ προπεσόντες καὶ κυκλωθέντες ὑπὸ τῶν ἐκ θατέρου μέρους προσβαινόντων ἐτράπησαν, μετὰ ταῦτα πάντες εὐθὺς ἐκ τῆς στρατοπεδείας ἐξέπεσον. [13] τὰ μὲν οὖν θηρία μετὰ τῶν ἱπέων, ἐπεὶ τάχιστα τῶν ὁμαλῶν ἦψατο, μετ' ἀσφαλείας ἐποιοῦντο τὴν ἀποχώρησιν: [14] οἱ δὲ Ῥωμαῖοι τοὺς πεζοὺς βραχὺν ἐπιδιώξαντες τόπον καὶ τὸν χάρακα διαρπάσαντες, μετὰ δὲ ταῦτα πᾶσαν

ἐπιπορευόμενοι τὴν χώραν καὶ τὰς πόλεις ἀδεῶς ἐπόρθουν. [15] γενόμενοι δὲ τῆς προσαγορευομένης πόλεως Τύνητος ἐγκρατεῖς, εὐφυοῦς ὑπαρχούσης πρὸς τὰς προκειμένας ἐπιβολάς, ἔτι δὲ κειμένης εὐκαίρως κατὰ τε τῆς πόλεως καὶ τῆς σύνεγγυς ταύτης χώρας, κατεστρατοπέδευσαν εἰς αὐτήν.

[1] οἱ δὲ Καρχηδόνιοι μικρῷ μὲν πρότερον κατὰ θάλατταν, τότε δὲ κατὰ γῆν ἐπταικότες, οὐ διὰ τὴν τῶν πολλῶν ἀνανδρίαν, ἀλλὰ διὰ τὴν τῶν ἡγουμένων ἀβουλίαν, κατὰ πάντα τρόπον ἐνεπεπτώκεισαν εἰς δυσχερῇ διάθεσιν. [2] ἅμα γὰρ τοῖς προειρημένοις καὶ τὸ τῶν Νομάδων ἔθνος συνεπιτιθέμενον αὐτοῖς οὐκ ἐλάττω, πλείω δὲ τῶν Ῥωμαίων εἰργάζετο κακὰ τὴν χώραν. [3] ἐξ ὧν διὰ τὸν φόβον συμφευγόντων εἰς τὴν πόλιν τῶν ἀπὸ τῆς χώρας δυσθυμία καὶ λιμὸς ἦν ὀλοσχερής, τὰ μὲν διὰ τὸ πλῆθος, τὰ δὲ διὰ τὴν προσδοκίαν τῆς πολιορκίας. [4] ὁ δὲ Μάρκος ὁρῶν τοὺς Καρχηδονίους καὶ κατὰ γῆν καὶ κατὰ θάλατταν ἐσφαλμένους καὶ νομίζων ὅσον οὐπω κρατήσῃν τῆς πόλεως, ἀγωνιῶν δὲ μὴ συμβῇ τὸν ἐπιπαραγινόμενον στρατηγὸν ἐκ τῆς Ῥώμης φθάσαντα τὴν ἐπιγραφὴν τῶν πραγμάτων λαβεῖν, προukaλεῖτο τοὺς Καρχηδονίους εἰς διαλύσεις. [5] οἱ δ' ἀσμένως ἀκούσαντες ἐξέπεμψαν αὐτῶν τοὺς πρώτους ἄνδρας· οἱ καὶ συμμίζαντες αὐτῷ τοσοῦτον ἀπέσχον τοῦ ῥέπειν ταῖς γνώμαις ἐπὶ τὸ ποιεῖν τι τῶν λεγομένων ὥστ' οὐδ' ἀκούοντες ὑπομένειν ἐδύναντο τὸ βάρος τῶν ἐπιταγμάτων. [6] ὁ μὲν γὰρ Μάρκος ὡς ἤδη κεκρατηκὼς τῶν ὅλων, ὅ,τι ποτὲ συνεχώρει, πᾶν ᾤετο δεῖν αὐτοὺς ἐν χάριτι καὶ δωρεᾷ λαμβάνειν· [7] οἱ δὲ Καρχηδόνιοι θεωροῦντες ὅτι καὶ γενομένοις αὐτοῖς ὑποχειρίοις οὐδὲν ἂν συνεξακολουθήσαι βαρύτερον τῶν τότε προσταγμάτων, οὐ μόνον δυσαρεστήσαντες τοῖς προτεινομένοις ἐπανῆλθον, ἀλλὰ καὶ προσκόψαντες τῇ βαρύτητι τοῦ Μάρκου. [8] τὸ δὲ συνέδριον τῶν Καρχηδονίων διακοῦσαν τὰ προτεινόμενα παρὰ τοῦ στρατηγοῦ τῶν Ῥωμαίων, καίπερ σχεδὸν ἀπεγνωκὸς τὰς τῆς σωτηρίας ἐλπίδας, ὅμως οὕτως ἀνδρωδῶς ἔστη καὶ γενναίως ὥστε πᾶν ὑπομένειν εἴλετο καὶ παντὸς ἔργου καὶ καιροῦ πεῖραν λαμβάνειν ἐφ' ᾧ μηδὲν ἀγεννὲς μηδ' ἀνάξιον τῶν πρὸ τοῦ πράξεων ὑπομεῖναι.

[1] περὶ δὲ τοὺς καιροὺς τούτους καταπλεῖ τις εἰς τὴν Καρχηδόνα ξενολόγος τῶν ἀπεσταλμένων εἰς τὴν Ἑλλάδα πρότερον [εἰς τὴν Καρχηδονίων], ἄγων στρατιώτας πλείστους, ἐν οἷς καὶ Ξάνθιππὸν τινὰ Λακεδαιμόνιον, ἄνδρα τῆς Λακωνικῆς ἀγωγῆς μετεσχηκότα καὶ

τριβὴν ἐν τοῖς πολεμικοῖς ἔχοντα σύμμετρον. [2] ὃς διακούσας τὸ γεγονός ἐλάττωμα καὶ πῶς καὶ τίνι τρόπῳ γέγονεν, καὶ συνθεωρήσας τὰς τε λοιπὰς παρασκευὰς τῶν Καρχηδονίων καὶ τὸ πλῆθος τῶν ἰππέων καὶ τῶν ἐλεφάντων παραυτίκα συνελόγισατο καὶ πρὸς τοὺς φίλους ἐνεφάνισε διότι συμβαίνει τοὺς Καρχηδονίους οὐχ ὑπὸ Ῥωμαίων, αὐτοὺς δ' ὑφ' αὐτῶν ἡττᾶσθαι διὰ τὴν ἀπειρίαν τῶν ἡγουμένων. [3] ταχὺ δὲ διὰ τὴν περίστασιν τῶν τοῦ Ξανθίππου λόγων διαδοθέντων εἰς τὰ πλήθη καὶ τοὺς στρατηγούς, ἔγνωσαν οἱ προεστῶτες ἀνακαλεῖσθαι καὶ πείραν αὐτοῦ λαμβάνειν. [4] ὁ δὲ παραγενόμενος εἰς τὰς χεῖρας ἔφερε τοῖς ἄρχουσι τοὺς ἀπολογισμοὺς καὶ παρὰ τί νῦν σφαιλείσαν, καὶ διότι πεισθέντες αὐτῷ καὶ χρησάμενοι τοῖς ἐπιπέδοις τῶν τόπων ἐν τε ταῖς πορείαις καὶ στρατοπεδείαις καὶ παρατάξεσιν εὐχερῶς ἑαυτοῖς τε τὴν ἀσφάλειαν δυνήσονται παρασκευάζειν καὶ τοὺς ὑπεναντίους νικᾶν. [5] οἱ δὲ στρατηγοὶ δεξάμενοι τὰ λεγόμενα καὶ πεισθέντες αὐτῷ παρακρήμα τὰς δυνάμεις ἐνεχείρισαν. [6] ἦν μὲν οὖν καὶ κατὰ ταύτην τὴν παρὰ τοῦ Ξανθίππου διαδιδομένην φωνὴν ὁ θροῦς καὶ λαλιά τις εὐελπὶς παρὰ τοῖς πολλοῖς: [7] ὥς δ' ἐξαγαγὼν πρὸ τῆς πόλεως τὴν δύναμιν ἐν κόσμῳ παρενέβαλε καὶ τι καὶ κινεῖν τῶν μερῶν ἐν τάξει καὶ παραγγέλλειν κατὰ νόμους ἤρξατο, τηλικαύτην ἐποiei διαφορὰν παρὰ τὴν τῶν πρότερον στρατηγῶν ἀπειρίαν ὥστε μετὰ κραυγῆς ἐπισημαίνεσθαι τοὺς πολλοὺς καὶ σπεύδειν ὥς τάχιστα συμβαλεῖν τοῖς πολεμίοις, πεπεισμένους μηδὲν ἂν παθεῖν δεινὸν ἡγουμένου Ξανθίππου. [8] τούτων δὲ γινομένων οἱ στρατηγοὶ συνιδόντες τοὺς ὄχλους ἀνατεθαρρηκότας παραδόξως ταῖς ψυχαῖς, παρακαλέσαντες αὐτοὺς τὰ πρέποντα τῷ καιρῷ μετ' ὀλίγας ἡμέρας ὥρμησαν ἀναλαβόντες τὴν δύναμιν. [9] αὕτη δ' ἦν πεζοὶ μὲν εἰς μυρίους καὶ δισχιλίους, ἰππεῖς δὲ τετρακισχίλιοι, τὸ δὲ τῶν ἐλεφάντων πλῆθος ἑγγιστά που τῶν ἑκατόν.

[1] οἱ δὲ Ῥωμαῖοι θεωροῦντες τοὺς Καρχηδονίους τὰς τε πορείας ποιούμενους διὰ τῶν ὁμαλῶν τόπων καὶ τὰς στρατοπεδείας τιθέντας ἐν τοῖς ἐπιπέδοις τῶν χωρίων, κατ' αὐτὸ μὲν τοῦτο ξενιζόμενοι διετρέποντο, τοῖς γε μὴν ὅλοις ἔσπευδον ἐγγίσει τοῖς πολεμίοις. [2] συνάψαντες δὲ τὴν μὲν πρώτην ἡμέραν κατεστρατοπέδευσαν ὥς δέκα σταδίου ἀποσχόντες τῶν ὑπεναντίων. [3] τῇ δὲ κατὰ πόδας οἱ μὲν προεστῶτες τῶν Καρχηδονίων ἐβουλεύοντο πῶς καὶ τί πρακτέον εἴη κατὰ τὸ παρόν: [4] οἱ δὲ πολλοὶ προθύμως ἔχοντες πρὸς τὸν

κίνδυνον, συστρεφόμενοι κατὰ μέρη καὶ κατ' ὄνομα τὸν Ξάνθιππον ἀναβοῶντες ἐξάγειν σφᾶς ὥοντο δεῖν τὴν ταχίστην. [5] οἱ δὲ στρατηγοὶ τὴν τε τῶν ὄχλων ὁρμὴν καὶ προθυμίαν θεωροῦντες, ἅμα δὲ καὶ τοῦ Ξανθίππου διαμαρτυρομένου μὴ παριέναι τὸν καιρὸν, παρήγγειλαν τῷ μὲν πλήθει διασκευάζεσθαι, τῷ δὲ Ξανθίππῳ χρῆσθαι τοῖς πράγμασιν ἐπέτρεψαν ὥς ποτ' αὐτῷ δοκεῖ συμφέρειν. [6] ὁ δὲ λαβὼν τὴν ἐξουσίαν, τοὺς μὲν ἐλέφαντας ἐξαγαγὼν ἐφ' ἓνα πρὸ πάσης τῆς δυνάμεως ἐν μετώπῳ κατέστησε, τὴν δὲ φάλαγγα τῶν Καρχηδονίων ἐν ἀποστήματι συμμέτρῳ τούτοις κατόπιν ἐπέστησε. [7] τῶν δὲ μισθοφόρων τοὺς μὲν ἐπὶ τὸ δεξιὸν κέρας παρενέβαλεν, τοὺς δ' εὐκίνητοτάτους ὁμοῦ τοῖς ἵππευσιν ἐκατέρου τοῦ κέρατος προέστησεν. [8] οἱ δὲ Ῥωμαῖοι συνιδόντες παραταττομένους τοὺς ὑπεναντίους ἀντεξήρισαν ἐτοίμως. [9] καταπληττόμενοι δὲ καὶ προορώμενοι τὴν τῶν ἐλεφάντων ἔφοδον, προθέμενοι τοὺς γροσφομάχους πολλὰς ἐπ' ἀλλήλαις κατόπιν ἴστασαν σημείας, τοὺς δ' ἵππεῖς ἐμέρισαν ἐφ' ἐκάτερον τὸ κέρας. [10] τὴν δὲ σύμπασαν τάξιν βραχυτέραν μὲν ἢ πρόσθεν, βαθυτέραν δὲ ποιήσαντες τῆς μὲν πρὸς τὰ θηρία μάχης δεόντως ἦσαν ἐστοχασμένοι, τῆς δὲ πρὸς τοὺς ἵππεῖς, πολλαπλασίους ὄντας τῶν παρ' αὐτοῖς, ὀλοσχερῶς ἡστόχησαν. [11] ἐπεὶ δ' ἀμφοτέρω κατὰ τὰς ἑαυτῶν προαιρέσεις καὶ καθόλου καὶ κατὰ μέρος ἐκάστους ἔβηκαν εἰς τὰς ἀρμοζούσας τάξεις, ἔμενον ἐν κόσμῳ, караδοκοῦντες τὸν καιρὸν τῆς ἀλλήλων ἐπιθέσεως.

[1] ἅμα δὲ τῷ τὸν Ξάνθιππον τοῖς μὲν ἐπὶ τῶν θηρίων παραγγεῖλαι προάγειν καὶ διασπᾶν τὰς τῶν ὑπεναντίων τάξεις, τοῖς δ' ἵππευσιν ἐφ' ἐκατέρου τοῦ κέρατος κυκλοῦν καὶ προσβάλλειν τοῖς πολεμίοις, [2] τότε δὴ καὶ τὸ τῶν Ῥωμαίων στρατόπεδον κατὰ τὰ παρ' αὐτοῖς ἔβη συνεψόφησαν τοῖς ὅπλοις καὶ συναλαλάξαντες ὥρμησαν ἐπὶ τοὺς πολεμίους. [3] οἱ μὲν οὖν ἵππεῖς τῶν Ῥωμαίων ταχέως ἀφ' ἐκατέρων τῶν κεράτων ἔφυγον διὰ τὸ πολλαπλασίους εἶναι τοὺς Καρχηδονίους. [4] τῶν δὲ πεζῶν οἱ ταχθέντες ἐπὶ τοῦ λαιοῦ κέρως, ἅμα μὲν ἐκκλίνοντες τὴν τῶν θηρίων ἔφοδον, ἅμα δὲ καταφρονοῦντες τῶν μισθοφόρων ὥρμησαν ἐπὶ τὸ δεξιὸν κέρας τῶν Καρχηδονίων: τρεψάμενοι δὲ τούτους ἐπέκειντο καὶ κατεδίωκον αὐτοὺς ἕως εἰς τὸν χάρακα. [5] τῶν δὲ κατὰ τοὺς ἐλέφαντας ταχθέντων οἱ μὲν πρῶτοι συμπεσόντες ὑπὸ τῆς βίας τῶν ζώων ἐξωθούμενοι καὶ καταπατούμενοι σωρηδὸν ἐν χειρῶν νόμῳ διεφθείροντο, τῆς γε μὴν ὅλης τάξεως τὸ σύστημα διὰ τὸ βάθος τῶν

ἐφεστώτων ἕως τινὸς ἀδιάσπαστον ἔμεινεν. [6] ἐπεὶ δ' οἱ μὲν τὰς ἐσχάτας ἔχοντες τάξεις κυκλούμενοι πανταχόθεν ὑπὸ τῶν ἱππέων ἠναγκάζοντο πρὸς τούτους στρεφόμενοι κινδυνεύειν, οἱ δὲ διὰ μέσων τῶν ἐλεφάντων εἰς τὸ πρόσθεν ἐκβιαζόμενοι καὶ κατὰ νότου παριστάμενοι τῶν θηρίων εἰς ἀκέραιον καὶ συντεταγμένην ἐμπίπτοντες τὴν τῶν Καρχηδονίων φάλαγγα διεφθείροντο, [7] τότε δὴ πανταχόθεν πονοῦντες οἱ μὲν πλεῖστοι τῶν Ῥωμαίων συνεπατήθησαν ὑπὸ τῆς ὑπερφυοῦς βίας τῶν ζώων, οἱ δὲ λοιποὶ συνηκοντίσθησαν ὑπὸ τοῦ πλήθους τῶν ἱππέων ἐν αὐτῷ τῷ τῆς παρατάξεως τόπῳ, τελέως δὲ τινες ὀλίγοι πρὸς φυγὴν ὥρμησαν. [8] οὐσῶν δὲ πεδινῶν τῶν ὑποχωρήσεων, καὶ τούτων οἱ μὲν ὑπὸ τῶν θηρίων καὶ τῶν ἱππέων ἀπώλλυντο, πεντακόσιοι δ' ἴσως οἱ μετὰ Μάρκου τοῦ στρατηγοῦ φυγόντες μετ' ὀλίγον ὑποχείριοι γενόμενοι σὺν αὐτῷ 'κείνῳ πάντες ἐζωγρήθησαν. [9] τῶν μὲν οὖν παρὰ τοῖς Καρχηδονίοις μισθοφόρων ἔπεσον εἰς ὀκτακοσίους οἱ κατὰ τὸ λαιὸν τῶν Ῥωμαίων ταχθέντες, τῶν δὲ Ῥωμαίων ἐσώθησαν μὲν εἰς δισχιλίους οἱ κατὰ τὸ δῖωγμα τῶν προειρημένων ἐκτὸς γενόμενοι τοῦ κινδύνου, [10] τὸ δὲ λοιπὸν πλῆθος διεφθάρη πλὴν Μάρκου τοῦ στρατηγοῦ καὶ τῶν ἅμα τούτῳ φυγόντων. [11] αἱ μὲν οὖν σημεῖαι τῶν Ῥωμαίων αἱ σωθεῖσαι διέπεσον εἰς τὴν Ἀσπίδα παραδόξως: [12] οἱ δὲ Καρχηδόνιοι τοὺς νεκροὺς σκυλεύσαντες καὶ τὸν στρατηγὸν ἅμα μετὰ τῶν αἰχμαλώτων ἄγοντες ἐπανῆλθον περιχαρεῖς τοῖς παροῦσιν εἰς τὴν πόλιν.

[1] ἐν ᾧ καιρῷ πολλὰ τις ἂν ὀρθῶς ἐπισημαινόμενος εὖροι πρὸς ἐπανόρθωσιν τοῦ τῶν ἀνθρώπων βίου συντελεσθέντα. [2] καὶ γὰρ τὸ διαπιστεῖν τῇ τύχῃ, καὶ μάλιστα κατὰ τὰς εὐπραγίας, ἐναργέστατον ἐφάνη πᾶσιν τότε διὰ τῶν Μάρκου συμπτωμάτων: [3] ὁ γὰρ μικρῷ πρότερον οὐ διδοὺς ἔλεον οὐδὲ συγγνώμην τοῖς πταίοουσιν παρὰ πόδας αὐτὸς ἦγετο δεησόμενος τούτων περὶ τῆς ἑαυτοῦ σωτηρίας. [4] καὶ μὴν τὸ παρ' Εὐριπίδῃ πάλοι καλῶς εἰρησθαι δοκοῦν ὥς ἐν σοφὸν βούλευμα τὰς πολλὰς χεῖρας νικᾷ τότε δι' αὐτῶν τῶν ἔργων ἔλαβε τὴν πίστιν. [5] εἷς γὰρ ἄνθρωπος καὶ μία γνώμη τὰ μὲν ἀήττητα πλήθη καὶ πραγματικὰ δοκοῦντ' εἶναι καθεῖλεν, τὸ δὲ προφανῶς πεπτωκὸς ἄρδην πολίτευμα καὶ τὰς ἀπηλγηκυίας ψυχὰς τῶν δυνάμεων ἐπὶ τὸ κρεῖττον ἤγαγεν. [6] ἐγὼ δὲ τούτων ἐπεμνήσθην χάριν τῆς τῶν ἐντυγχανόντων τοῖς ὑπομνήμασι διορθώσεως. [7] δυεῖν γὰρ ὄντων τρόπων πᾶσιν ἀνθρώποις τῆς ἐπὶ τὸ βέλτιον μεταθέσεως, τοῦ τε διὰ τῶν ἰδίων συμπτωμάτων καὶ τοῦ διὰ τῶν ἀλλοτρίων, ἐναργέστερον

μὲν εἶναι συμβαίνει τὸν διὰ τῶν οἰκείων περιπετειῶν, ἀβλαβέστερον δὲ τὸν διὰ τῶν ἀλλοτρίων. διὸ τὸν μὲν οὐδέποθ' ἐκουσίως αἰρετέον, [8] ἐπεὶ μετὰ μεγάλων πόνων καὶ κινδύνων ποιεῖ τὴν διόρθωσιν, τὸν δ' αἰεὶ θηρευτέον, ἐπεὶ χωρὶς βλάβης ἔστιν συνιδεῖν ἐν αὐτῷ τὸ βέλτιον. [9] ἐξ ὧν συνιδόντι καλλίστην παιδείαν ἡγητέον πρὸς ἀληθινὸν βίον τὴν ἐκ τῆς πραγματικῆς ἱστορίας περιγινομένην ἐμπειρίαν: [10] μόνη γὰρ αὕτη χωρὶς βλάβης ἐπὶ παντὸς καιροῦ καὶ περιστάσεως κριτὰς ἀληθινούς ἀποτελεῖ τοῦ βελτίονος. ταῦτα μὲν οὖν ἡμῖν ἐπὶ τοσοῦτον εἰρήσθω.

[1] Καρχηδόνιοι δέ, κατὰ νοῦν ἀπάντων σφίσι κεχωρηκότων, ὑπερβολὴν χαρᾶς οὐκ ἀπέλιπον διὰ τε τῆς πρὸς τὸν θεὸν εὐχαριστίας καὶ διὰ τῆς μετ' ἀλλήλων φιλοφροσύνης. [2] Ξάνθιππος δὲ τηλικαύτην ἐπίδοσιν καὶ ῥοπὴν ποιήσας τοῖς Καρχηδονίων πράγμασιν μετ' οὐ πολλὸν χρόνον ἀπέπλευσεν πάλιν, φρονίμως καὶ συνετῶς βουλευσάμενος. [3] αἱ γὰρ ἐπιφανεῖς καὶ παράδοξοι πράξεις βαρεῖς μὲν τοὺς φθόνους, ὀξείας δὲ τὰς διαβολὰς γεννῶσιν: ἃς οἱ μὲν ἐγγώριοι διὰ τε τὰς συγγενείας καὶ τὸ τῶν φίλων πλῆθος οἰοί τ' ἂν εἶεν ἐπὶ πολλὸν χρόνον ἀναφέρειν, οἱ δὲ ξένοι ταχέως ἐφ' ἑκατέρων τούτων ἡττῶνται καὶ κινδυνεύουσι. [4] λέγεται δὲ καὶ ἕτερος ὑπὲρ τῆς ἀπαλλαγῆς τῆς Ξανθίππου λόγος, ὃν πειρασόμεθα διασαφεῖν οἰκειότερον λαβόντες τοῦ παρόντος καιρόν.

[1] Ῥωμαῖοι δέ, [5] προσπεσόντων σφίσι παρ' ἐλπίδα τῶν ἐν Λιβύῃ συμβεβηκότων, εὐθέως ἐγίνοντο πρὸς τὸ καταρτίζειν τὸν στόλον καὶ τοὺς ἄνδρας ἐξαιρεῖσθαι τοὺς ἐν τῇ Λιβύῃ διασσεσμένους. [6] οἱ δὲ Καρχηδόνιοι μετὰ ταῦτα στρατοπεδεύσαντες ἐπολιόρκουν τὴν Ἀσπίδα, σπουδάζοντες ἐγκρατεῖς γενέσθαι τῶν ἐκ τῆς μάχης διαφυγόντων. [7] διὰ δὲ τὴν γενναιότητα καὶ τόλμαν τῶν ἀνδρῶν οὐδαμῶς ἐλεῖν δυνάμενοι τέλος ἀπέστησαν τῆς πολιορκίας. [8] προσπεσόντος δ' αὐτοῖς ἐξαρτῦειν τὸν στόλον τοὺς Ῥωμαίους καὶ μέλλειν αὐθις ἐπὶ τὴν Λιβύην ποιεῖσθαι τὸν πλοῦν, τὰ μὲν ἐπεσκεύαζον σκάφη, τὰ δ' ἐκ καταβολῆς ἐναυπηγοῦντο. [9] ταχὺ δὲ συμπληρώσαντες ναῦς διακοσίας ἀνήχθησαν καὶ παρεφύλαττον τὸν ἐπίπλου τῶν ὑπεναντίων. [10] οἱ δὲ Ῥωμαῖοι τῆς θερείας ἀρχομένης καθελκύσαντες τριακόσια καὶ πεντήκοντα σκάφη καὶ στρατηγούς ἐπιστήσαντες Μάρκον Αἰμίλιον καὶ Σερούιον Φόλουιον ἐξαπέστελλον. οἱ δ' ἀναχθέντες ἔπλεον παρὰ τὴν Σικελίαν ὡς ἐπὶ τῆς Λιβύης. [11] συμμίζαντες δὲ περὶ τὴν Ἑρμαίαν τῷ τῶν Καρχηδονίων

στόλω, τούτους μὲν ἐξ ἐφόδου καὶ ῥαδίως τρεψάμενοι ναῦς ἔλαβον αὐτάνδρους ἑκατὸν δεκατέτταρας· [12] τοὺς δ' ἐν Λιβύῃ διαμείναντας νεανίσκους ἀναλαβόντες ἐκ τῆς Ἀσπίδος ἔπλεον αὐθις ἐπὶ τῆς Σικελίας. διάραντες δὲ τὸν πόρον ἀσφαλῶς καὶ προσμίζαντες τῇ τῶν Καμαριναίων χώρα τηλικούτῳ περιέπεσον χειμῶνι καὶ τηλικαύταις συμφοραῖς ὥστε μὴδ' ἂν εἰπεῖν ἀξίως δύνασθαι διὰ τὴν ὑπερβολὴν τοῦ συμβάντος. [2] τῶν γὰρ ἐξήκοντα καὶ τεττάρων πρὸς ταῖς τριακοσίαις ναυσὶν ὀγδοήκοντα μόνον συνέβη περιλειφθῆναι σκάφη, τῶν δὲ λοιπῶν τὰ μὲν ὑποβρύχια γενέσθαι, τὰ δ' ὑπὸ τῆς ῥαχίας πρὸς ταῖς σπλάσι καὶ τοῖς ἀκρωτηρίοις καταγνύμενα πλήρη ποιῆσαι σωμάτων τὴν παραλίαν καὶ ναυαγίων. [3] ταύτης δὲ μεῖζω περιπέτειαν ἐν ἐνὶ καιρῷ κατὰ θάλατταν οὐδ' ἴστορησθαι συμβέβηκεν. ἥς τὴν αἰτίαν οὐχ οὕτως εἰς τὴν τύχην ὥς εἰς τοὺς ἡγεμόνας ἐπανοιστέον· [4] πολλὰ γὰρ τῶν κυβερνητῶν διαμαρτυραμένων μὴ πλεῖν παρὰ τὴν ἔξω πλευρὰν τῆς Σικελίας τὴν πρὸς τὸ Λιβυκὸν πέλαγος ἐστραμμένην διὰ τὸ τραχεῖαν εἶναι καὶ δυσπροσόρμιστον, ἅμα δὲ καὶ τὴν μὲν οὐδέπω καταλήγειν ἐπισημασίαν, τὴν δ' ἐπιφέρεισθαι· μεταξὺ γὰρ ἐποιοῦντο τὸν πλοῦν τῆς Ὠρίωνος [5] καὶ κυνὸς ἐπιτολῆς οὐθενὶ προσσχόντες τῶν λεγομένων ἔπλεον ἔξω πελάγιοι, σπουδάζοντες τινὰς τῶν ἐν τῷ παράπλῳ πόλεις τῇ τοῦ γεγονότος εὐτυχήματος φαντασίᾳ καταπληξάμενοι προσλαβέσθαι. [6] πλὴν οὗτοι μὲν μικρῶν ἐλπίδων ἔνεκα μεγάλοις περιτυχόντες ἀτυχήμασι τότε τὴν αὐτῶν ἀβουλίαν ἔγνωσαν. [7] καθόλου δὲ Ῥωμαῖοι πρὸς πάντα χρώμενοι τῇ βίᾳ καὶ τὸ προτεθὲν οἰόμενοι δεῖν κατ' ἀνάγκην ἐπιτελεῖν καὶ μὴδὲν ἀδύνατον εἶναι σφίσι τῶν ἅπαξ δοξάντων, ἐν πολλοῖς μὲν κατορθοῦσι διὰ τὴν τοιαύτην ὁρμὴν, ἐν τισὶ δὲ προφανῶς σφάλλονται, καὶ μάλιστα ἐν τοῖς κατὰ θάλατταν. [8] ἐπὶ μὲν γὰρ τῆς γῆς πρὸς ἀνθρώπους καὶ τὰ τούτων ἔργα ποιούμενοι τὰς ἐπιβολὰς τὰ μὲν πολλὰ κατορθοῦσι διὰ τὸ πρὸς παραπλησίους δυνάμεις χρῆσθαι τῇ βίᾳ, ποτὲ δὲ καὶ σπανίως ἀποτυγχάνουσι· [9] πρὸς δὲ τὴν θάλατταν καὶ πρὸς τὸ περιέχον ὅταν παραβάλλωνται καὶ βιαιομαχῶσι, μεγάλοις ἐλαττώμασι περιπίπτουσιν. [10] ὁ καὶ τότε καὶ πλεονάκις αὐτοῖς ἤδη συνέβη καὶ συμβήσεται πάσχειν, ἕως ἂν ποτε διορθώσωνται τὴν τοιαύτην τόλμαν καὶ βίαν, καθ' ἣν οἰόνται δεῖν αὐτοῖς πάντα καιρὸν εἶναι πλωτὸν καὶ πορευτὸν.

[1] οἱ δὲ Καρχηδόνιοι, συνέντες τὸν γεγονότα φθόρον τοῦ τῶν Ῥωμαίων στόλου καὶ νομίσαντες κατὰ μὲν γῆν ἀξιοχρεῶς σφᾶς εἶναι

διὰ τὸ προγεγονὸς εὐτύχημα, κατὰ δὲ θάλατταν διὰ τὴν εἰρημένην τῶν Ῥωμαίων περιπέτειαν, ὥρμησαν προθυμότερον ἐπὶ τε τὰς ναυτικὰς καὶ πεζικὰς παρασκευάς. [2] καὶ τὸν μὲν Ἀσδρούβαν εὐθὺς ἐξαπέστελλον εἰς τὴν Σικελίαν, δόντες αὐτῷ τοὺς τε προϋπάρχοντας καὶ τοὺς ἐκ τῆς Ἡρακλείας παραγεγονότας στρατιώτας, ἅμα δὲ τούτοις ἐλέφαντας ἑκατὸν καὶ τετταράκοντα. [3] τοῦτον δ' ἐκπέμψαντες διακοσίας κατεσκευάζοντο ναῦς καὶ τᾶλλα τὰ πρὸς τὸν πλοῦν ἡτοιμάζον. [4] ὁ δ' Ἀσδρούβας διακομισθεὶς εἰς τὸ Λιλύβαιον ἀσφαλῶς τὰ τε θηρία καὶ τὰς δυνάμεις ἐγύμναζεν καὶ δῆλος ἦν ἀντιποιησόμενος τῶν ὑπαίθρων. [5] Ῥωμαῖοι δὲ τῶν ἐκ τῆς ναυαγίας ἀνακομισθέντων διακούσαντες τὸ κατὰ μέρος βαρέως μὲν ἤνεγκαν τὸ γεγονός· οὐ βουλόμενοι δὲ καθάπαξ εἶκιν, αὐθις ἔγνωσαν ἐκ δρυόχων εἴκοσι καὶ διακόσια ναυπηγεῖσθαι σκάφη. [6] τούτων δὲ τὴν συντέλειαν ἐν τριμῇνφ λαβόντων, ὅπερ οὐδὲ πιστεῦσαι ῥάδιον, εὐθέως οἱ κατασταθέντες ἄρχοντες Αὔλος Ἀτίλιος καὶ Γνάιος Κορνήλιος καταρτίσαντες τὸν στόλον ἀνήχθησαν, [7] καὶ πλεύσαντες διὰ πορθμοῦ προσέλαβον ἐκ τῆς Μεσσήνης τὰ διασωθέντα τῶν πλοίων ἐκ τῆς ναυαγίας καὶ κατάραντες εἰς Πάνορμον τῆς Σικελίας τριακοσίαις ναυσίν, ἥπερ ἦν βαρυτάτη πόλις τῆς Καρχηδονίων ἐπαρχίας, ἐνεχείρησαν αὐτὴν πολιορκεῖν. [8] συστησάμενοι δὲ κατὰ διττοὺς τόπους ἔργα καὶ τᾶλλα παρασκευασάμενοι προσήγαγον τὰς μηχανάς. [9] ῥαδίως δὲ τοῦ παρὰ θάλατταν πύργου πεσόντος, καὶ βιασαμένων ταύτῃ τῶν στρατιωτῶν, ἡ μὲν καλουμένη Νέα πόλις ἐαλώκει κατὰ κράτος· ἡ δὲ Παλαιὰ προσαγορευομένη τούτου συμβάντος ἐκινδύνευσεν. διὸ καὶ ταχέως ἐνέδωκαν αὐτὴν οἱ κατοικοῦντες. [10] γενόμενοι δ' ἐγκρατεῖς οὗτοι μὲν ἀπέπλευσαν εἰς τὴν Ῥώμην,

[1] ἀπολιπόντες φυλακὴν τῆς πόλεως. μετὰ δὲ ταῦτα τῆς θερείας ἐπιγενομένης οἱ κατασταθέντες ἄρχοντες Γνάιος Σερουίλιος καὶ Γάιος Σεμπρόνιος ἀνέπλευσαν παντὶ τῷ στόλῳ καὶ διάραντες εἰς τὴν Σικελίαν ἀφώρμησαν ἐντεῦθεν εἰς τὴν Λιβύην. [2] κομιζόμενοι δὲ παρὰ τὴν χώραν ἐποιοῦντο καὶ πλείστας ἀποβάσεις. ἐν αἷς οὐδὲν ἀξιόλογον πράττοντες παρεγίνοντο πρὸς τὴν τῶν Λωτοφάγων νῆσον, ἣ καλεῖται μὲν Μῆνιγξ, οὐ μακρὰν δ' ἀπέχει τῆς μικρᾶς Σύρτεως. [3] ἐν ἣ προσπεσόντες εἰς τινα βράχεια διὰ τὴν ἀπειρίαν, γενομένης ἀμπώτεως καὶ καθισάντων τῶν πλοίων εἰς πᾶσαν ἥλθον ἀπορίαν. [4] οὐ μὴν ἀλλὰ πάλιν ἀνελπίστως μετὰ τινα χρόνον ἐπενεχθείσης τῆς

θαλάττης, ἐκρίψαντες ἐκ τῶν πλοίων πάντα τὰ βάρη μόλις ἐκούφισαν τὰς ναῦς. [5] οὗ γενομένου φυγῇ παραπλήσιον ἐποιήσαντο τὸν ἀπόπλουν. ἀψάμενοι δὲ τῆς Σικελίας καὶ κάμψαντες τὸ Λιλύβαιον καθωρμίσθησαν εἰς Πάνορμον. [6] ἐντεῦθεν δὲ ποιούμενοι παραβόλως καὶ διὰ πόρου τὸν πλοῦν εἰς τὴν Ῥώμην πάλιν περιέπεσον χειμῶνι τηλικούτῳ τὸ μέγεθος ὥστε πλείω τῶν ἑκατὸν καὶ πεντήκοντα πλοίων ἀποβαλεῖν.

[1] οἱ δ' ἐν τῇ Ῥώμῃ τούτων συμβάντων, [7] καίπερ ὄντες ἐν παντὶ φιλότιμοι διαφερόντως, ὅμως τότε διὰ τὸ μέγεθος καὶ τὸ πλῆθος τῶν συμπτωμάτων τοῦ μὲν ἔτι στόλον ἀθροίζειν ἀναγκασθέντες ὑπὸ τῶν πραγμάτων ἀπέστησαν, [8] ἐν δὲ ταῖς πεζικαῖς δυνάμεσι τὰς ὑπολοίπους ἔχοντες ἐλπίδας, τοὺς μὲν στρατηγούς ἀπέστελλον Λεύκιον Καικίλιον καὶ Γάιον Φούριον καὶ στρατόπεδα μετὰ τούτων εἰς τὴν Σικελίαν, ἐξήκοντα δὲ μόνον ἐπλήρωσαν ναῦς χάριν τοῦ τὰς ἀγορὰς κομίζειν τοῖς στρατοπέδοις. [9] ἐκ δὲ τῶν εἰρημένων περιπετειῶν συνέβη πάλιν ἐπικυδέστερα γενέσθαι τὰ τῶν Καρχηδονίων πράγματα. [10] τῆς μὲν γὰρ θαλάττης ἀδεῶς ἐπεκράτουν ἐκκεχωρηκῶτων τῶν Ῥωμαίων, ἐν δὲ ταῖς πεζικαῖς δυνάμεσι μεγάλας εἶχον ἐλπίδας. [11] καὶ τοῦτ' ἔπασχον οὐκ ἀλόγως: οἱ γὰρ Ῥωμαῖοι, διαδοθείσης φήμης περὶ τῆς ἐν τῇ Λιβύῃ μάχης ὅτι τὰ θηρία τὰς τε τάξεις αὐτῶν διασπάσαι καὶ τοὺς πλείστους διαφθεῖραι τῶν ἀνδρῶν, [12] οὕτως ἦσαν κατάφοβοι τοὺς ἐλέφαντας ὥς ἐπὶ δὴ ἐνιαυτοὺς τοὺς ἐξῆς τῶν προειρημένων καιρῶν πολλάκις μὲν ἐν τῇ Λιλυβαίτιδι χώρα, πολλάκις δ' ἐν τῇ Σελινουντίᾳ παραταττόμενοι τοῖς πολεμίοις ἐν ἑξ καὶ πέντε σταδίοις οὐκ ἐθάρρησαν οὐδέποτε κατάρξαι τῆς μάχης οὐδ' εἰς τοὺς ὀμαλοὺς καθόλου συγκαταβῆναι τόπους, δεδιότες τὴν τῶν ἐλεφάντων ἔφοδον. [13] Θέρμαν δὲ μόνον καὶ Λιπάραν ἐξεπολιόρκησαν ἐν τούτοις τοῖς καιροῖς, ἀντεχόμενοι τῶν ὀρεινῶν καὶ δυσδιαβάτων τόπων. [14] διὸ καὶ θεωροῦντες οἱ Ῥωμαῖοι τὴν ἐν τοῖς πεζικοῖς στρατοπέδοις πτοίαν καὶ δυσελπιστίαν αὐθις ἔγνωσαν ἐκ μεταμελείας ἀντιλαμβάνεσθαι τῆς θαλάττης. [15] καὶ καταστήσαντες στρατηγούς Γάιον Ἀτίλιον καὶ Λεύκιον Μάλιον ναυπηγοῦνται πεντήκοντα σκάφη καὶ κατέγραφον καὶ συνήθροισον στόλον ἐνεργῶς. ὁ δὲ προεστὼς τῶν Καρχηδονίων Ἀσδρούβας, ὁρῶν ἀποδειλῶντας τοὺς Ῥωμαίους ἐν ταῖς προγεγενημέναις παρατάξεσιν, πυθόμενος τὸν μὲν ἓνα τῶν στρατηγῶν μετὰ τῆς ἡμισείας δυνάμεως εἰς τὴν Ἰταλίαν ἀπηλλάχθαι, τὸν δὲ Καικίλιον ἐν τῷ Πανόρμῳ

διατρίβειν τὸ λοιπὸν μέρος ἔχοντα τῆς στρατιᾶς, βουλόμενον ἐφεδρεῦσαι τοῖς τῶν συμμάχων καρποῖς ἀκμαζούσης τῆς συγκομιδῆς, [2] ἀναλαβὼν ἐκ τοῦ Λιλυβαίου τὴν δύναμιν ὥρμησεν καὶ κατεστρατοπέδευσεν πρὸς τοῖς ὅροις τῆς χώρας τῆς Πανορμίτιδος. ὁ δὲ Καικίλιος, [3] θεωρῶν αὐτὸν κατατεθαρρηκῶτα, καὶ σπουδάζων ἐκκαλεῖσθαι τὴν ὁρμὴν αὐτοῦ, συνεῖχε τοὺς στρατιώτας ἐντὸς τῶν πυλῶν. [4] οἷς ἐπαιρόμενος Ἀσδρούβας, ὥς οὐ τολμῶντος ἀντεξιέναι τοῦ Καικιλίου, θρασέως ὁρμήσας παντὶ τῷ στρατεύματι κατήρε διὰ τῶν στενῶν εἰς τὴν Πανορμίτιν. [5] φθείροντος δὲ τοὺς καρποὺς αὐτοῦ μέχρι τῆς πόλεως, ἔμενεν ἐπὶ τῆς ὑποκειμένης γνώμης ὁ Καικίλιος, ἕως αὐτὸν ἐξεκαλέσατο διαβῆναι τὸν πρὸ τῆς πόλεως ποταμόν. [6] ἐπεὶ δὲ τὰ θηρία διεβίβασαν οἱ Καρχηδόνιοι καὶ τὴν δύναμιν, τὸ τηνικαῦτα δὲ τοὺς εὐζώνους ἐξαποστέλλων ἠρέθιζε, μέχρι πᾶν αὐτοὺς ἐκτάξει τὸ στρατόπεδον ἠνάγκασε. [7] συνθεασάμενος δὲ γινόμενον ὃ προέθετο, τινὰς μὲν τῶν εὐκινήτων πρὸ τοῦ τείχους καὶ τάφρου παρενέβαλε, προστάξας, ἂν ἐγγίξῃ τὰ θηρία πρὸς αὐτούς, χρῆσθαι τοῖς βέλεσιν ἀφθόνως, [8] ὅταν δ' ἐκπνέζονται, καταφεύγειν εἰς τὴν τάφρον καὶ πάλιν ἐκ ταύτης ὁρμωμένους εἰσακοντίζειν εἰς τὰ προσπίπτοντα τῶν ζώων: [9] τοῖς δ' ἐκ τῆς ἀγορᾶς βαναύσοις φέρειν προσέταξε τὰ βέλη καὶ παραβάλλειν ἔξω παρὰ τὸν θεμέλιον τοῦ τείχους. [10] αὐτὸς δὲ τὰς σημείας ἔχων ἐπὶ τῆς κατὰ τὸ λαιὸν κέρας τῶν ὑπεναντίων κειμένης πύλης ἐφεστήκει, πλείους ἀεὶ καὶ πλείους ἐπαποστέλλων τοῖς ἀκροβολιζομένοις. [11] ἅμα δὲ τῷ τούτων ὀλοσχερεστέραν γενέσθαι τὴν συμπλοκὴν ἀντιφιλοδοξοῦντες οἱ τῶν ἐλεφάντων ἐπιστάται πρὸς τὸν Ἀσδρούβαν καὶ βουλόμενοι δι' αὐτῶν ποιῆσαι τὸ προτέρημα πάντες ὥρμησαν ἐπὶ τοὺς προκινδυνεύοντας: τρεψάμενοι δὲ τούτους ῥαδίως συνεδίωξαν εἰς τὴν τάφρον. [12] προσπεσόντων δὲ τῶν θηρίων καὶ τιτρωσκομένων μὲν ὑπὸ τῶν ἐκ τοῦ τείχους τοξευόντων, συνακοντιζομένων δ' ἐνεργοῖς καὶ πυκνοῖς τοῖς ὕσσοις καὶ τοῖς γρόσφοις ὑπ' ἀκεραίων τῶν πρὸ τῆς τάφρου διατεταγμένων, [13] συμβελῇ γινόμενα καὶ κατατραυματιζόμενα ταχέως διетарάχθη καὶ στραφέντα κατὰ τῶν ἰδίων ἐφέρετο, τοὺς μὲν ἄνδρας καταπατοῦντα καὶ διαφθείροντα, τὰς δὲ τάξεις συγχέοντα καὶ κατασπῶντα τὰς αὐτῶν. [14] ἃ καὶ κατιδὼν ὁ Καικίλιος ἐξῆγε τὴν δύναμιν ἐνεργῶς: καὶ συμπεσὼν ἐκ πλαγίου κατὰ κέρας τεταραγμένοις τοῖς πολεμίοις ἀκεραίους ἔχων καὶ συντεταγμένους τροπὴν ἐποίει τῶν ὑπεναντίων

ἰσχυρὰν καὶ πολλοὺς μὲν αὐτῶν ἀπέκτεινεν, τοὺς δὲ λοιποὺς ἠνάγκασε φεύγειν προτροπάδην. [15] θηρία δὲ σὺν αὐτοῖς μὲν Ἴνδοις ἔλαβε δέκα, τῶν δὲ λοιπῶν τοὺς Ἴνδους ἀπερριφόντων μετὰ τὴν μάχην περιελασάμενος ἐκυρίευσεν πάντων. [16] ταῦτα δ' ἐπιτελεσάμενος ὁμολογουμένως αἴτιος ἐδόκει γεγονέναι τοῖς Ῥωμαίων πράγμασι τοῦ πάλιν ἀναθαρρῆσαι τὰς πεζικὰς δυνάμεις καὶ κρατῆσαι τῶν ὑπαίθρων.

[1] τοῦ δὲ προτερήματος τούτου προσπεσόντος εἰς τὴν Ῥώμην, περιχαρεῖς ἦσαν οὐχ οὕτως ἐπὶ τῷ τοὺς πολεμίους ἡλαττώσθαι τῶν θηρίων ἑστερημένους, ὥς ἐπὶ τῷ τοὺς ἰδίους τεθαρρηκέναι τῶν ἐλεφάντων κεκρατηκότας. [2] διὸ καὶ πάλιν ἐπερρώσθησαν διὰ ταῦτα κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν εἰς τὸ μετὰ στόλου καὶ ναυτικῆς δυνάμεως τοὺς στρατηγούς ἐπὶ τὰς πράξεις ἐκπέμπειν, σπουδάζοντες εἰς δύναμιν πέρας ἐπιθεῖναι τῷ πολέμῳ. [3] παρασκευασθέντων δὲ τῶν ἐπιτηδείων πρὸς τὴν ἐξαποστολὴν ἔπλεον οἱ στρατηγοὶ διακοσίαις ναυσὶν ὥς ἐπὶ τῆς Σικελίας. ἔτος δ' ἦν τῷ πολέμῳ τετταρεσκαιδέκατον. [4] καθορμισθέντες δὲ πρὸς τὸ Λιλύβαιον, ἅμα καὶ τῶν πεζικῶν ἐκεῖ στρατοπέδων αὐτοῖς ἀπνηντηκότων, ἐνεχέιρουν πολιορκεῖν, ὅτι κρατήσαντες ταύτης ῥαδίως μεταβιβάσουσι τὸν πόλεμον εἰς τὴν Λιβύην. [5] σχεδὸν δὲ περὶ γε τούτου τοῦ μέρους καὶ τῶν Καρχηδονίων οἱ προεστῶτες ὡμοδόξουν καὶ τοὺς αὐτοὺς εἶχον λογισμοὺς τοῖς Ῥωμαίοις. [6] διὸ καὶ τᾶλλα πάρεργα ποιησάμενοι περὶ τὸ βοηθεῖν ἐγίνοντο καὶ παραβάλλεσθαι καὶ πᾶν ὑπομένειν ὑπὲρ τῆς προειρημένης πόλεως διὰ τὸ μηδεμίαν ἀφορμὴν καταλείπεσθαι σφίσιν, πάσης δὲ τῆς ἄλλης Σικελίας ἐπικρατεῖν Ῥωμαίους πλὴν Δρεπάνων. [7] ἵνα δὲ μὴ τοῖς ἀγνοοῦσι τοὺς τόπους ἀσαφῆ τὰ λεγόμενα γίνηται, πειρασόμεθα διὰ βραχέων ἀγαγεῖν εἰς ἔννοιαν τῆς εὐκαιρίας καὶ θέσεως αὐτῶν τοὺς ἐντυγχάνοντας.

[1] τὴν μὲν οὖν σύμπασαν Σικελίαν τῇ θέσει τετάχθαι συμβαίνει πρὸς τὴν Ἰταλίαν καὶ τὰκεῖνης πέρατα παραπλησίως τῇ τῆς Πελοποννήσου θέσει πρὸς τὴν λοιπὴν Ἑλλάδα καὶ τὰ ταύτης ἄκρα, [2] τούτῳ δ' αὐτῷ διαφέρειν ἀλλήλων, ἥ 'κεῖνη μὲν χερρόνησός ἐστιν, αὕτη δὲ νῆσος· ἥ μὲν γὰρ ὁ μεταξὺ τόπος ἐστὶ πορευτός, ἥ δὲ πλωτός. [3] τὸ δὲ σχῆμα τῆς Σικελίας ἐστὶ μὲν τρίγωνον, αἱ δὲ κορυφαὶ τῶν γωνιῶν ἐκάστης ἀκρωτηρίων λαμβάνουσι τάξεις, [4] ὧν τὸ μὲν πρὸς μεσημβρίαν νεῦον, εἰς δὲ τὸ Σικελικὸν πέλαγος ἀνατεῖνον Πάχυνος καλεῖται, [5] τὸ δ' εἰς τὰς ἄρκτους κεκλιμένον

ὀρίζει μὲν τοῦ πορθμοῦ τὸ πρὸς δύοσις μέρος, ἀπέχει δὲ τῆς Ἰταλίας ὥς δεκαδύο στάδια, προσαγορεύεται δὲ Πελωριάς. [6] τὸ δὲ τρίτον τέτραπται μὲν εἰς αὐτὴν τὴν Λιβύην, ἐπικείται δὲ τοῖς προκειμένοις τῆς Καρχηδόνης ἀκρωτηρίοις εὐκαίρως, διέχον ὥς χιλίους σταδίους, νεύει δ' εἰς χειμερινὰς δύοσις, διαιρεῖ δὲ τὸ Λιβυκὸν καὶ τὸ Σαρδῶν πέλαγος, προσαγορεύεται δὲ Λιλύβαιον. [7] ἐπὶ δὲ τούτῳ πόλις ὁμώνυμος κεῖται τῷ τόπῳ, περὶ ἣν τότε συνέβαινε τοὺς Ῥωμαίους συνίστασθαι τὴν πολιορκίαν, τείχεσί τε διαφερόντως ἡσφαλισμένην καὶ περίξ τάφρῳ βαθεῖα καὶ τενάγεςιν ἐκ θαλάττης, δι' ὧν ἔστιν εἰς τοὺς λιμένας εἰσπλους πολλῆς δεόμενος ἐμπειρίας καὶ συνηθείας. [8] ταύτῃ δὲ προσστρατοπεδεύσαντες ἐξ ἑκατέρου μέρους οἱ Ῥωμαῖοι καὶ τὰ μεταξὺ τῶν στρατοπέδων τάφρῳ καὶ χάρακι καὶ τείχει διαλαβόντες ἥρξαντο προσάγειν ἔργα κατὰ τὸν ἔγγιστα κείμενον τῆς θαλάττης πύργον ὥς πρὸς τὸ Λιβυκὸν πέλαγος. [9] προσκατασκευάζοντες δ' αἰετὶ τοῖς ὑποκειμένοις καὶ παρεκτείνοντες τῶν ἔργων τὰς κατασκευὰς τέλος ἔξ πύργους τοὺς συνεχεῖς τῷ προειρημένῳ κατέβαλον, τοὺς δὲ λοιποὺς πάντας ἅμα κριοκοπεῖν ἐνεχείρησαν. [10] γινομένης δ' ἐνεργοῦ καὶ καταπληκτικῆς τῆς πολιορκίας, καὶ τῶν πύργων τῶν μὲν πονούντων ἂν' ἐκάστην ἡμέραν, τῶν δ' ἐρειπομένων, ἅμα δὲ καὶ τῶν ἔργων ἐπιβαινόντων αἰετὶ καὶ μᾶλλον ἐντὸς τῆς πόλεως, [11] ἣν ἰσχυρὰ διατροφή καὶ κατάπληξις παρὰ τοῖς πολιορκουμένοις, καίπερ ὄντων ἐν τῇ πόλει χωρὶς τοῦ πολιτικοῦ πλήθους αὐτῶν τῶν μισθοφόρων εἰς μυρίους. [12] οὐ μὴν ἄλλ' ὃ γε στρατηγὸς αὐτῶν Ἰμίλκων οὐδὲν παρέλειπε τῶν δυνατῶν, ἀλλὰ τὰ μὲν ἀντοικοδομῶν, τὰ δ' ἀντιμεταλλεύων οὐ τὴν τυχοῦσαν ἀπορίαν παρεῖχε τοῖς ὑπεναντίοις. [13] ἔτι δὲ καθ' ἐκάστην ἡμέραν ἐπιπορευόμενος καὶ τοῖς ἔργοις ἐγχειρῶν, εἴ πως δύναιτο πῦρ ἐμβαλεῖν, πολλοὺς ὑπὲρ τούτου τοῦ μέρους καὶ παραβόλους ἀγῶνας δὴ συνίστατο καὶ μεθ' ἡμέραν καὶ νύκτωρ, ὥστε πλείους ἐνίστε γίνεσθαι νεκροὺς ἐν ταῖς τοιαύταις συμπλοκαῖς τῶν εἰωθότων πίπτειν ἐν ταῖς παρατάξεσι.

[1] κατὰ δὲ τοὺς καιροὺς τούτους τῶν ἡγεμόνων τινὲς τῶν τὰς μεγίστας χώρας ἐχόντων ἐν τοῖς μισθοφόροις συλλαλήσαντες ἑαυτοῖς ὑπὲρ τοῦ τὴν πόλιν ἐνδοῦναι τοῖς Ῥωμαίοις καὶ πεπεισμένοι πειθαρχήσιν σφίσι τοὺς ὑποτεταγμένους, ἐξεπήδησαν νυκτὸς ἐκ τῆς πόλεως ἐπὶ τὸ στρατόπεδον καὶ διελέγοντο τῷ τῶν Ῥωμαίων στρατηγῷ περὶ τούτων. [2] ὁ δ' Ἀχαιὸς Ἀλέξων ὁ καὶ τοῖς

Ἀκραγαντίνοις κατὰ τοὺς ἐπάνω χρόνους αἴτιος γενόμενος τῆς σωτηρίας, καθ' ὃν καιρὸν ἐπεβάλοντο παρασπονδεῖν αὐτοὺς οἱ τῶν Συρακοσίων μισθοφόροι, καὶ τότε πρῶτος συνεῖς τὴν πρᾶξιν ἀνήγγειλε τῷ στρατηγῷ τῶν Καρχηδονίων. [3] ὁ δὲ διακούσας παρακρήμα συνῆγε τοὺς καταλειπομένους τῶν ἡγεμόνων καὶ παρεκάλει μετὰ δεήσεως, μεγάλας δωρεὰς καὶ χάριτας ὑπισχνούμενος, ἐὰν ἐμμείνωσι τῇ πρὸς αὐτὸν πίστει καὶ μὴ κοινωνήσωσι τοῖς ἐξεληλυθόσι τῆς ἐπιβολῆς. [4] δεχομένων δὲ προθύμως τοὺς λόγους, εὐθέως μετ' αὐτῶν ἀπέστειλε πρὸς μὲν τοὺς Κελτοὺς Ἀννίβαν τὸν υἱὸν τὸν Ἀννίβου τοῦ μεταλλάξαντος ἐν Σαρδόνι διὰ τὴν προγεγενημένην ἐν τῇ στρατείᾳ πρὸς αὐτοὺς συνήθειαν, ἐπὶ δὲ τοὺς ἄλλους μισθοφόρους Ἀλέξωνα διὰ τὴν παρ' ἐκείνοις ἀποδοχὴν αὐτοῦ καὶ πίστιν: [5] οἱ καὶ συναγαγόντες τὰ πλήθη καὶ παρακάλεσαντες, ἔτι δὲ πιστωσάμενοι τὰς προτεινομένας ἐκάστοις δωρεὰς ὑπὸ τοῦ στρατηγοῦ, ῥαδίως ἔπεισαν αὐτοὺς μένειν ἐπὶ τῶν ὑποκειμένων. [6] διὸ καὶ μετὰ ταῦτα, τῶν ἐκπηδησάντων ἐκ τοῦ προφανοῦς ἐρχομένων πρὸς τὰ τεῖχη καὶ βουλομένων παρακαλεῖν καὶ λέγειν τι περὶ τῆς τῶν Ῥωμαίων ἐπαγγελίας, οὐχ οἷον προσεῖχον αὐτοῖς, ἀλλ' ἀπλῶς οὐδ' ἀκούειν ἠξίουσαν, βάλλοντες δὲ τοῖς λίθοις καὶ συνακοντίζοντες ἀπεδίωξαν ἀπὸ τοῦ τεύχους. [7] Καρχηδόνιοι μὲν οὖν διὰ τὰς προειρημένας αἰτίας παρὰ μικρὸν ἦλθον ἀπολέσαι τὰ πράγματα, παρασπονδηθέντες ὑπὸ τῶν μισθοφόρων: [8] Ἀλέξων δὲ πρότερον Ἀκραγαντίνοις ἔσωσε διὰ τὴν πίστιν οὐ μόνον τὴν πόλιν καὶ τὴν χώραν, ἀλλὰ καὶ τοὺς νόμους καὶ τὴν ἐλευθερίαν, τότε δὲ Καρχηδονίοις αἴτιος ἐγένετο τοῦ μὴ σφαλῆναι τοῖς ὅλοις.

[1] οἱ δ' ἐν τῇ Καρχηδόνι τούτων μὲν οὐδὲν εἰδότες, συλλογιζόμενοι δὲ τὰς ἐν ταῖς πολιορκίαις χρείας, πληρώσαντες στρατιωτῶν πεντήκοντα ναῦς καὶ παρακάλεσαντες τοῖς ἀρμόζουσι λόγοις τῆς πράξεως τὸν ἐπὶ τούτοις τεταγμένον Ἀννίβαν, ὃς ἦν Ἀμίλκου μὲν υἱὸς τριήραρχος δὲ καὶ φίλος Ἀτάρβου πρῶτος, ἐξαπέστειλαν κατὰ σπουδὴν, ἐντειλάμενοι μὴ καταμελλῆσαι, χρησάμενον δὲ σὺν καιρῷ τῇ τόλμῃ βοηθῆσαι τοῖς πολιορκουμένοις. [2] ὁ δ' ἀναχθεὶς μετὰ μυρίων στρατιωτῶν καὶ καθορμισθεὶς ἐν ταῖς καλουμέναις Αἰγούσσαις, μεταξὺ δὲ κειμέναις Λιλυβαίου καὶ Καρχηδόνας, ἐπετῆρει τὸν πλοῦν. λαβὼν δ' οὖριον καὶ λαμπρὸν ἄνεμον, [3] ἐκπετάσας πᾶσι τοῖς ἀρμένοις καὶ κατουρώσας ἐπ' αὐτὸ

τὸ στόμα τοῦ λιμένος ἐποιεῖτο τὸν πλοῦν, ἔχων καθωπλισμένους καὶ πρὸς μάχην ἐτοίμους τοὺς ἄνδρας ἐπὶ τῶν καταστρωμάτων. [4] οἱ δὲ Ῥωμαῖοι τὰ μὲν αἰφνιδίου γενομένης τῆς ἐπιφανείας, τὰ δὲ φοβούμενοι μὴ σὺν τοῖς πολεμίοις ὑπὸ τῆς βίας τοῦ πνεύματος συγκατενεχθῶσιν εἰς τὸν λιμένα τῶν ὑπεναντίων, τὸ μὲν διακωλύειν τὸν ἐπίπλουν τῆς βοηθείας ἀπέγνωσαν, ἐπὶ δὲ τῆς θαλάττης ἔστησαν καταπεπληγμένοι τὴν τῶν πολεμίων τόλμαν. [5] τὸ δ' ἐκ τῆς πόλεως πλῆθος ἠθροισμένον ἐπὶ τὰ τεῖχη πᾶν ἅμα μὲν ἠγωνία τὸ συμβησόμενον, ἅμα δ' ἐπὶ τῷ παραδόξῳ τῆς ἐλπίδος ὑπερχαρὲς ὑπάρχον μετὰ κρότου καὶ κραυγῆς παρεκάλει τοὺς εἰσπλέοντας. [6] Ἀννίβας δὲ παραβόλως καὶ τεθαρρηκότως εἰσδραμὼν καὶ καθορμισθεὶς εἰς τὸν λιμένα μετ' ἀσφαλείας ἀπεβίβασε τοὺς στρατιώτας. [7] οἱ δ' ἐν τῇ πόλει πάντες οὐχ οὕτως ἦσαν ἐπὶ τῇ τῆς βοηθείας παρουσίᾳ περιχαρεῖς, καίπερ μεγάλην ἐλπίδα καὶ χεῖρα προσειληφότες, ὥς ἐπὶ τῷ μὴ τετολημκέναι τοὺς Ῥωμαίους κωλύσαι τὸν ἐπίπλουν τῶν Καρχηδο

[1] νίων. Ἰμίλκων δ' ὁ τεταγμένος ἐπὶ τῆς πόλεως στρατηγός, θεωρῶν τὴν ὀρμὴν καὶ προθυμίαν τῶν μὲν ἐν τῇ πόλει διὰ τὴν παρουσίαν τῆς βοηθείας τῶν δὲ παραγεγονότων διὰ τὴν ἀπειρίαν τῶν περιεστώτων κακῶν, [2] βουλόμενος ἀκεραίοις ἀποχρησασθαι ταῖς ἐκατέρων ὀρμαῖς πρὸς τὴν διὰ τοῦ πυρὸς ἐπίθεσιν τοῖς ἔργοις, συνῆγε πάντας εἰς ἐκκλησίαν· [3] παρακαλέσας δὲ τῷ καιρῷ τὰ πρέποντα διὰ πλειόνων καὶ παραστήσας ὀρμὴν ὑπερβάλλουσαν διὰ τε τὸ μέγεθος τῶν ἐπαγγελιῶν τοῖς κατ' ἰδίαν ἀνδραγαθήσασιν καὶ τὰς κατὰ κοινὸν ἐσομένας χάριτας αὐτοῖς καὶ δωρεὰς παρὰ Καρχηδονίων, [4] ὁμοθυμαδὸν ἐπισημαινομένων καὶ βοῶντων μὴ μέλλειν, ἀλλ' ἄγειν αὐτούς, τότε μὲν ἐπαινέσας καὶ δεξάμενος τὴν προθυμίαν ἀφῆκε, παραγγείλας ἀναπαύεσθαι καθ' ὥραν καὶ πειθαρχεῖν τοῖς ἡγουμένοις· [5] μετ' οὐ πολὺ δὲ συγκαλέσας τοὺς προεστῶτας αὐτῶν διένειμε τοὺς ἀρμόζοντας πρὸς τὴν ἐπίθεσιν ἐκάστοις τόπους καὶ τὸ σύνθημα καὶ τὸν καιρὸν τῆς ἐπιθέσεως ἐδήλωσε καὶ παρήγγειλε τοῖς ἡγεμόσι μετὰ πάντων τῶν ὑποτεταγμένων ἐπὶ τοῖς τόποις ἐωθιῆς εἶναι φυλακῆς. [6] τῶν δὲ πειθαρχησάντων, ἐξαγαγὼν τὴν δύναμιν ἅμα τῷ φωτὶ κατὰ πλείους τόπους ἐνεχεῖρει τοῖς ἔργοις. [7] οἱ δὲ Ῥωμαῖοι διὰ τὸ προορᾶσθαι τὸ μέλλον οὐκ ἀργῶς οὐδ' ἀπαρασκευῶς εἶχον, ἀλλ' ἐτοίμως ἐβοήθουν πρὸς τὸ δεόμενον καὶ διεμάχοντο τοῖς πολεμίοις ἐρρωμένως. [8]

πάντων δ' ἐν βραχεῖ χρόνῳ συμπεσόντων ἀλλήλοις ἦν ἀγὼν παράβολος περίξ τοῦ τείχους· οἱ μὲν γὰρ ἐκ τῆς πόλεως ἦσαν οὐκ ἐλάττους δισμυρίων, οἱ δ' ἔξωθεν ἔτι πλείους τούτων. [9] ὅσῳ δὲ συνέβαινε τοὺς ἄνδρας ἐκτὸς τάξεως ποιεῖσθαι τὴν μάχην ἀναμιῆς κατὰ τὰς αὐτῶν προαιρέσεις, τοσοῦτ' ἀμεινότερος ἦν ὁ κίνδυνος, ὥς ἂν ἐκ τοσοῦτου πλήθους κατ' ἄνδρα καὶ κατὰ ζυγὸν οἰονεῖ μονομαχικῆς συνεστώσης περὶ τοὺς ἀγωνιζομένους τῆς φιλοτιμίας. [10] οὐ μὴν ἄλλ' ἢ τε κραυγὴ καὶ τὸ σύστρεμμα διαφέρον ἦν πρὸς αὐτοῖς τοῖς ἔργοις. [11] οἱ γὰρ ἀρχῆθεν ἐπ' αὐτῷ τούτῳ παρ' ἀμφοῖν ταχθέντες, οἱ μὲν ἐπὶ τῷ τρέψασθαι τοὺς ἐπὶ τῶν ἔργων οἱ δ' ἐπὶ τῷ μὴ προέσθαι ταῦτα, τηλικαύτην ἐποιοῦντο φιλοτιμίαν καὶ σπουδὴν, οἱ μὲν ἐξῴσαι σπεύδοντες, οἱ δ' οὐδαμῶς εἴξαι τούτοις τολμῶντες, ὥστε διὰ τὴν προθυμίαν τέλος ἐν αὐταῖς μένοντες ταῖς ἐξ ἀρχῆς χώραις ἀπέθνησκον. [12] οἳ γε μὴν ἅμα τούτοις ἀναμεμιγμένοι, δῆδα καὶ στυππίον καὶ πῦρ ἔχοντες, οὕτω τολμηρῶς καὶ πανταχόθεν ἅμα προσπίπτοντες ἐνέβαλλον ταῖς μηχαναῖς ὥστε τοὺς Ῥωμαίους εἰς τὸν ἔσχατον παραγενέσθαι κίνδυνον, μὴ δυναμένους κατακρατῆσαι τῆς τῶν ἐναντίων ἐπιβολῆς. [13] ὁ δὲ τῶν Καρχηδονίων στρατηγὸς θεωρῶν ἐν μὲν τῷ κινδύνῳ πολλοὺς ἀποθνήσκοντας, οὗ δ' ἕνεκα ταῦτ' ἔπραττεν, οὐ δυναμένους κρατῆσαι τῶν ἔργων, ἀνακαλεῖσθαι τοὺς ἑαυτοῦ παρήγγειλε τοῖς σαλπισταῖς. [14] οἱ δὲ Ῥωμαῖοι παρ' οὐδὲν ἐλθόντες τοῦ πάσας ἀποβαλεῖν τὰς παρασκευάς, τέλος ἐκράτησαν τῶν ἔργων καὶ πάντα διετήρησαν ἀσφαλῶς.

[1] ὁ μὲν οὖν Ἀννίβας μετὰ τὴν χρεῖαν ταύτην ἐξέπλευσε νύκτωρ ἔτι μετὰ τῶν νεῶν λαθὼν τοὺς πολεμίους εἰς τὰ Δρέπανα πρὸς Ἀτάρβαν τὸν τῶν Καρχηδονίων στρατηγόν. [2] διὰ γὰρ τὴν εὐκαιρίαν τοῦ τόπου καὶ τὸ κάλλος τοῦ περὶ τὰ Δρέπανα λιμένος αἰετὶ μεγάλην ἐποιοῦντο σπουδὴν οἱ Καρχηδόνιοι περὶ τὴν φυλακὴν αὐτοῦ. [3] συμβαίνει δὲ τοῦ Λιλυβαίου τοῦτον ἀπέχειν τὸν τόπον ὥς ἂν ἑκατὸν καὶ εἴκοσι στάδια. [4] τοῖς δ' ἐν τῇ Καρχηδόνι βουλομένοις μὲν εἰδέναι τὰ περὶ τὸ Λιλύβαιον, οὐ δυναμένοις δὲ διὰ τὸ τοὺς μὲν συγκεκριεῖσθαι τοὺς δὲ παραφυλάττεσθαι φιλοτίμως, ἐπηγγεῖλατό τις ἀνὴρ τῶν ἐνδόξων, Ἀννίβας ἐπικαλούμενος Ῥόδιος, εἰσπλεύσας εἰς τὸ Λιλύβαιον καὶ γενόμενος αὐτόπτης ἅπαντα διασαφήσειν. [5] οἱ δὲ τῆς ἐπαγγελίας μὲν ἀσμένως ἤκουσαν, οὐ μὴν ἐπίστευόν γε διὰ τὸ τῷ στόλῳ τοὺς Ῥωμαίους ἐπὶ τοῦ κατὰ τὸν εἰσπλουν στόματος ἐφορμεῖν. [6] ὁ δὲ καταρτίσας τὴν ἰδίαν ναῦν ἀνήχθη· καὶ διάρως εἰς

τινα τῶν πρὸ τοῦ Λιλυβαίου κειμένων νήσων, τῇ κατὰ πόδας ἡμέρᾳ λαβὼν εὐκαίρως ἄνεμον οὖριον περὶ τετάρτην ὥραν ἀπάντων τῶν πολεμίων ὀρώντων καὶ καταπεπληγμένων τὴν τόλμαν εἰσέπλευσεν. [7] καὶ τὴν κατόπιν εὐθέως ἐγένετο περὶ ἀναγωγὴν. [8] ὁ δὲ τῶν Ῥωμαίων στρατηγὸς βουλόμενος ἐπιμελέστερον τὸν κατὰ τὸν εἰσπλουν τόπον τηρεῖν, ἐξηρτυκῶς ἐν τῇ νυκτὶ δέκα ναῦς τὰς ἄριστα πλεούσας, αὐτὸς μὲν ἐπὶ τοῦ λιμένος ἐστὼς ἐθεώρει τὸ συμβαῖνον, ὁμοίως δὲ καὶ πᾶν τὸ στρατόπεδον: [9] αἱ δὲ νῆες τοῦ στόματος ἐξ ἁμφοῖν τοῖν μεροῖν, ἐφ' ὅσον ἦν δυνατόν ἐγγιστα τοῖς τενάγεσι προσάγειν, ἐπεῖχον ἐπτερωκυῖαι πρὸς τὴν ἐμβολὴν καὶ σύλληψιν τῆς ἐκπλεῖν μελλούσης νεῶς. [10] ὁ δὲ Ῥόδιος ἐκ τοῦ προφανοῦς τὴν ἀναγωγὴν ποιησάμενος οὕτως κατανέστη τῶν πολεμίων τῇ τε τόλμῃ καὶ τῷ ταχυναυτεῖν ὥστ' οὐ μόνον ἄτρωτον ἐξέπλευσε τὴν ναῦν ἔχων καὶ τοὺς ἄνδρας, οἷον ἐστῶτα παραδραμὼν τὰ σκάφη τῶν ὑπεναντίων, [11] ἀλλὰ καὶ βραχὺ προπλεύσας ἐπέστη πτερώσας τὴν ναῦν, ὥσανεὶ προκαλούμενος τοὺς πολεμίους. [12] οὐδενὸς δὲ τολμῶντος ἐπ' αὐτὸν ἀντανάγεσθαι διὰ τὸ τάχος τῆς εἰρεσίας, ἀπέπλευσε καταναστὰς μᾶ νηὶ παντὸς τοῦ τῶν ἐναντίων στόλου. [13] καὶ τὸ λοιπὸν ἤδη πλεονάκις ποιῶν ταῦτο τοῦτο μεγάλην χρεῖαν παρείχετο, τοῖς μὲν Καρχηδονίοις αἰεὶ τὰ κατεπεύγοντα διασαφῶν, τοὺς δὲ πολιορκουμένους εὐθαρσεῖς παρασκευάζων, τοὺς δὲ Ῥωμαίους

[1] καταπληττόμενος τῷ παραβόλῳ. μέγιστα δὲ συνεβάλλετο πρὸς τὴν τόλμαν αὐτοῦ τὸ διὰ τῶν προβραχέων ἐκ τῆς ἐμπειρίας ἀκριβῶς σεσημειῶσθαι τὸν εἰσπλουν: [2] ὑπεράρας γὰρ καὶ φαινόμενος ἔπειτ' ἂν ἀπὸ τῶν κατὰ τὴν Ἰταλίαν μερῶν ἐλάμβανε τὸν ἐπὶ τῆς θαλάττης πύργον κατὰ πρῶρραν οὕτως ὥστε τοῖς πρὸς τὴν Λιβύην τετραμμένοις πύργοις τῆς πόλεως ἐπιπροσθεῖν ἅπασι: δι' οὗ τρόπου μόνως ἐστὶ δυνατόν ἐξ οὐρίας τοῦ κατὰ τὸν εἰσπλουν στόματος εὐστοχεῖν. [3] τῇ δὲ τοῦ Ῥοδίου τόλμῃ πιστεύσαντες καὶ πλείους ἀπεθάρρηνσαν τῶν εἰδότων τοὺς τόπους τὸ παραπλήσιον ποιεῖν: ἐξ ὧν οἱ Ῥωμαῖοι δυσχρηστούμενοι τῷ συμβαίνοντι χωννύειν τὸ στόμα τοῦ λιμένος ἐπεχείρησαν. [4] κατὰ μὲν οὖν τὸ πλεῖστον μέρος τῆς ἐπιβολῆς οὐδὲν ἦνυον διὰ τὸ βάθος τῆς θαλάττης καὶ διὰ τὸ μηθὲν δύνασθαι τῶν ἐμβαλλομένων στῆναι μηδὲ συμμεῖναι τὸ παράπαν, ἀλλ' ὑπὸ τε τοῦ κλύδωνος καὶ τῆς τοῦ ροῦ βίας τὸ ῥιπτούμενον εὐθέως ἐν τῇ καταφορᾷ παρωθεῖσθαι καὶ διασκορπίζεσθαι, [5] κατὰ

δέ τινα τόπον ἔχοντα βράχεια συνέστη χῶμα μετὰ πολλῆς ταλαιπωρίας, ἐφ' ᾧ τετρήρης ἐκτρέχουσα νυκτὸς ἐκάθισε καὶ τοῖς πολεμίοις ὑποχείριος ἐγένετο, διαφέρουσα τῇ κατασκευῇ τῆς ναυπηγίας. [6] ἥς οἱ Ῥωμαῖοι κρατήσαντες καὶ πληρώματι καταρτίσαντες ἐπiléκτω πάντα τοὺς εἰσπλέοντας, μάλιστα δὲ τὸν Ῥόδιον, ἐπετήρουν. [7] ὁ δὲ κατὰ τύχην εἰσπλεύσας νυκτὸς μετὰ ταῦτα πάλιν ἀνήγετο φανερώς. θεωρῶν δ' ἐκ καταβολῆς αὐτῷ τὴν τετρήρη συνεξορμήσασαν, γνοὺς τὴν ναῦν διετράπη. [8] τὸ μὲν οὖν πρῶτον ὥρμησεν ὡς καταταχίσων· τῇ δὲ τοῦ πληρώματος παρασκευῇ καταλαμβανόμενος, τέλος ἐπιστρέψας ἠναγκάσθη συμβαλεῖν τοῖς πολεμίοις. [9] καταπροτερούμενος δὲ τοῖς ἐπιβατικοῖς διὰ τε τὸ πλῆθος καὶ διὰ τὴν ἐκλογὴν τῶν ἀνδρῶν ἐγένετο τοῖς ἐχθροῖς ὑποχείριος. [10] οἱ δὲ Ῥωμαῖοι, κυριεύσαντες καὶ ταύτης τῆς νεῶς εὖ κατεσκευασμένης καὶ καταρτίσαντες αὐτὴν τοῖς πρὸς τὴν χρεῖαν, οὕτως ἐκώλυσαν τοὺς κατατολμῶντας καὶ πλέοντας εἰς τὸ Λιλύβαιον.

[1] τῶν δὲ πολιορκουμένων ταῖς μὲν ἀντοικοδομίαις ἐνεργῶς χρωμένων, τοῦ δὲ λυμαίνεσθαι καὶ διαφθεῖρειν τὰς τῶν ὑπεναντίων παρασκευὰς ἀπεγνωκότων, [2] γίνεται τις ἀνέμου στάσις ἔχουσα τηλικαύτην βίαν καὶ φορὰν εἰς αὐτὰς τὰς τῶν μηχανημάτων προσαγωγὰς ὥστε καὶ τὰς στοὰς διασαλεύειν καὶ τοὺς προκειμένους τούτων πύργους τῇ βίᾳ βαστάζειν. [3] ἐν ᾧ καιρῷ συννοήσαντές τινες τῶν Ἑλληνικῶν μισθοφόρων τὴν ἐπιτηδειότητα τῆς περιστάσεως πρὸς τὴν τῶν ἔργων διαφθορὰν προσφέρουσι τῷ στρατηγῷ τὴν ἐπίνοιαν. [4] τοῦ δὲ δεξαμένου καὶ ταχέως ἐτοιμάσαντος πᾶν τὸ πρὸς τὴν χρεῖαν ἀρμόζον, συστραφέντες οἱ νεανίσκοι κατὰ τριττοὺς τόπους ἐνέβαλον πῦρ τοῖς ἔργοις. [5] ὥς δ' ἂν τῶν μὲν κατασκευασμάτων διὰ τὸν χρόνον εὖ παρεσκευασμένων πρὸς τὸ ῥαδίως ἐμπρησθῆναι, τῆς δὲ τοῦ πνεύματος βίας φυσώσης κατ' αὐτῶν τῶν πύργων καὶ μηχανημάτων, τὴν μὲν νομὴν τοῦ πυρὸς ἐνεργὸν συνέβαινε γίνεσθαι καὶ πρακτικὴν, τὴν δ' ἐπάρκειαν καὶ βοήθειαν τοῖς Ῥωμαίοις εἰς τέλος ἄπρακτον καὶ δυσχερῆ. [6] τοιαύτην γὰρ ἐκπληξιν παρίστα τὸ συμβαῖνον τοῖς βοηθοῦσιν ὥστε μήτε συννοῆσαι μήτε συνιδεῖν δύνασθαι τὸ γινόμενον, ἀλλ' ἀποσκοτουμένους ὑπὸ τῆς εἰς αὐτοὺς φερομένης λιγνύος καὶ τῶν φεφαλύγων, ἔτι δὲ τῆς τοῦ καπνοῦ πολυπληθείας, οὐκ ὀλίγους ἀπόλλυσθαι καὶ πίπτειν, μὴ δυναμένους ἐγγίσει πρὸς αὐτὴν τὴν τοῦ

πυρὸς βοήθειαν. [7] ὅσῳ δὲ μείζῳ συνέβαινε γίνεσθαι τὴν δυσχρησίαν περὶ τοὺς ὑπεναντίους διὰ τὰς προειρημένας αἰτίας, τοσοῦτῳ πλείων εὐχρηστία περὶ τοὺς ἐνιέντας ἦν τὸ πῦρ. [8] τὸ μὲν γὰρ ἐπισκοτοῦν καὶ βλάπτειν δυνάμενον πᾶν ἐξεφυσάτο καὶ προωθεῖτο κατὰ τῶν ὑπεναντίων, τὸ δὲ βαλλόμενον ἢ ῥιπτούμενον ἐπὶ τε τοὺς βοηθοῦντας καὶ τὴν τῶν ἔργων διαφθορὰν εὖστοχον μὲν ἐπεγίνετο διὰ τὸ συνορᾶν τοὺς ἀφιέντας τὸν πρὸ αὐτῶν τόπον, πρακτικὸν δὲ διὰ τὸ γίνεσθαι σφοδρὰν τὴν πληγὴν, συνεργούσης τοῖς βάλλουσι τῆς τοῦ πνεύματος βίας. [9] τὸ δὲ πέρας τοιαύτην συνέβη γενέσθαι τὴν παντέλειαν τῆς καταφθορᾶς ὥστε καὶ τὰς βάσεις τῶν πύργων καὶ τὰ στύπη τῶν κριῶν ὑπὸ τοῦ πυρὸς ἀχρειωθῆναι. [10] τούτων δὲ συμβάντων τὸ μὲν ἔτι διὰ τῶν ἔργων πολιορκεῖν ἀπέγνωσαν οἱ Ῥωμαῖοι: περιταφρεύσαντες δὲ καὶ χάρακι περιλαβόντες κύκλῳ τὴν πόλιν, ἔτι δὲ τῆς ἰδίας στρατοπεδείας τεῖχος προβαλλόμενοι τῷ χρόνῳ παρέδωκαν τὴν πρᾶξιν. [11] οἱ δ' ἐν τῷ Λιλυβαίῳ τὸ πεπτωκὸς ἐξοικοδομησάμενοι τεῖχος εὐθαρσῶς ὑπέμενον ἤδη τὴν πολιορκίαν.

[1] εἰς δὲ τὴν Ῥώμην προσπεσόντων τούτων, καὶ μετὰ ταῦτα πλειόνων ἀναγγελλόντων διότι συμβαίνει τῶν ἀπὸ τοῦ στόλου πληρωμάτων τὸ πλεῖστον μέρος ἐν τε τοῖς ἔργοις καὶ τῇ καθόλου πολιορκίᾳ διεφθάρθαι, [2] σπουδῇ κατέγραφον ναύτας καὶ συναθροίσαντες εἰς μυρίους ἐξέπεμψαν εἰς τὴν Σικελίαν. [3] ὧν διὰ τοῦ πορθμοῦ περαιωθέντων καὶ πεζῇ παραγενομένων εἰς τὸ στρατόπεδον, συναγαγὼν τοὺς χιλιάρχους ὁ στρατηγὸς τῶν Ῥωμαίων Πόπλιος Κλαύδιος ἔφη καιρὸν εἶναι πλεῖν ἐπὶ τὰ Δρέπανα παντὶ τῷ στόλῳ. [4] τὸν γὰρ στρατηγὸν τῶν Καρχηδονίων Ἀτάρβαν τὸν τεταγμένον ἐπ' αὐτῶν ἀπαράσκευον εἶναι πρὸς τὸ μέλλον, ἀγνοοῦντα μὲν τὴν παρουσίαν τῶν πληρωμάτων, πεπεισμένον δὲ μὴ δύνασθαι πλεῖν τὸν αὐτῶν στόλον διὰ τὴν γεγεννημένην ἐν τῇ πολιορκίᾳ καταφθορὰν τῶν ἀνδρῶν. προχείρως δ' αὐτῶν συγκατατιθεμένων, [5] εὐθέως ἐνεβίβαζε τὰ τε προϋπάρχοντα καὶ τὰ προσφάτως παραγεγονότα πληρώματα, τοὺς δ' ἐπιβάτας ἐκ παντὸς ἐπέλεξε τοῦ στρατεύματος ἐθελοντὴν τοὺς ἀρίστους, ἅτε δὴ τοῦ μὲν πλοῦ σύνεγγυς ὄντος, τῆς δ' ὠφελείας ἐτοίμου προφαινομένης. [6] ταῦτα δὲ παρασκευασάμενος ἀνήχθη περὶ μέσας νύκτας, λαθὼν τοὺς πολεμίους. καὶ τὰς μὲν ἀρχὰς ἄθρους ἔπλει, δεξιὰν ἔχων τὴν γῆν. [7] ἅμα δὲ τῷ φωτὶ τῶν πρώτων ἐπὶ τὰ Δρέπανα νεῶν ἐπιφαινομένων,

κατιδὼν Ἀτάρβας τὸ μὲν πρῶτον ἐξενίσθη διὰ τὸ παράδοξον: [8] ταχὺ δ' ἐν αὐτῷ γενόμενος καὶ νοήσας τὸν ἐπίπλουν τῶν ὑπεναντίων ἔκρινε παντὸς ἔργου πείραν λαμβάνειν καὶ πᾶν ὑπομένειν χάριν τοῦ μὴ περιδεῖν σφᾶς εἰς πρόδηλον συγκλεισθέντας πολιορκίαν. [9] διόπερ εὐθέως τὰ μὲν πληρώματα συνήγε πρὸς τὸν αἰγιαλόν, τοὺς δ' ἐκ τῆς πόλεως μισθοφόρους ἤθροιζε μετὰ κηρύγματος. [10] τῶν δὲ συλλεχθέντων, ἐπεβάλετο διὰ βραχέων εἰς ἔννοιαν αὐτοὺς ἄγειν τῆς τε τοῦ νικᾶν ἐλπίδος, ἐὰν τολμήσωσι ναυμαχεῖν, καὶ τῆς ἐν τῇ πολιορκίᾳ δυσχρηστίας, ἐὰν καταμελλήσωσι προϊδόμενοι τὸν κίνδυνον. [11] ἐτοίμως δ' αὐτῶν παρορμηθέντων πρὸς τὴν ναυμαχίαν καὶ βοώντων ἄγειν καὶ μὴ μέλλειν, ἐπαινέσας καὶ δεξάμενος τὴν ὁρμὴν παρήγγειλε κατὰ τάχος ἐμβαίνειν καὶ βλέποντας πρὸς τὴν αὐτοῦ ναῦν ἔπεσθαι ταύτῃ κατὰ πρύμναν. [12] διασαφήσας δὲ τὰ προειρημένα κατὰ σπουδὴν πρῶτος ἐποιεῖτο τὸν ἀνάπλουν, ὑπ' αὐτὰς τὰς πέτρας ἐπὶ θάτερα μέρη τοῦ λιμένος ἐξάγων τοῦ τῶν πολεμίων εἷς

[1] πλου. Πόπλιος δ' ὁ τῶν Ῥωμαίων στρατηγὸς θεωρῶν τοὺς μὲν πολεμίους παρὰ τὴν αὐτοῦ δόξαν οὔτ' εἰκοντας οὔτε καταπεπληγμένους τὸν ἐπίπλουν ἀλλὰ πρὸς τῷ ναυμαχεῖν ὄντας, [2] τῶν δὲ σφετέρων νεῶν τὰς μὲν ἐντὸς ἤδη τοῦ λιμένος οὖσας τὰς δ' ἐν αὐτῷ τῷ στόματι, τὰς δὲ φερομένας ἐπὶ τὸν εἰσπλουν, πάσαις ἀναστρέφειν παρήγγειλε καὶ ποιεῖσθαι τὸν πλοῦν ἔξω πάλιν. [3] ἔνθα δὴ τῶν μὲν ἐν τῷ λιμένι τῶν δὲ κατὰ τὸν εἰσπλουν ἐκ τῆς μεταβολῆς συμπιπτουσῶν, οὐ μόνον θόρυβος ἦν ἐκ τῶν ἀνδρῶν ἄπλετος, ἀλλὰ καὶ τοὺς тарσοὺς ἐθραύονθ' αἱ νῆες ἀλλήλαις συγκρούουσαι. [4] ὁμως δ' οὖν ἀεὶ τοὺς ἀνατρέχοντας ἐκτάττοντες οἱ τριήραρχοι παρ' αὐτὴν τὴν γῆν ταχέως ἐποιοῦν ἀντιπρόρρους τοῖς πολεμίοις. [5] ὁ δὲ Πόπλιος αὐτὸς ἐπέπλει μὲν ἀρχῇθεν κατόπιν ἐπὶ παντὶ τῷ στόλῳ, τότε δ' ἐπιστρέψας κατ' αὐτὸν τὸν πλοῦν πρὸς τὸ πέλαγος ἔλαβε τὴν εὐάνθυμον τῆς ὅλης δυνάμεως τάξιν. [6] Ἀτάρβας δὲ κατὰ τὸν αὐτὸν καιρὸν ὑπεράρας τὸ λαιὸν τῶν πολεμίων [Ῥωμαίων], ἔχων πέντε ναῦς ἐπίπλους, ὑπέστησε τὴν ἑαυτοῦ ναῦν ἀντίπρωρον τοῖς πολεμίοις ἀπὸ τοῦ κατὰ τὸ πέλαγος μέρους: [7] ἅμα δὲ καὶ τῶν ἐπιπλεόντων ἀεὶ τοῖς συνάπτουσι προσεπιταττομένοις ταὐτὸ ποιεῖν παραγγείλας διὰ τῶν ὑπηρετῶν, [8] καταστάντων δὲ πάντων εἰς μέτωπον σημήνας διὰ τῶν συνθημάτων τὰς μὲν ἀρχὰς ἐποιεῖτο τὸν ἐπίπλουν ἐν τάξει, μενόντων πρὸς τῇ γῇ τῶν Ῥωμαίων διὰ τὸ

προσδέχεσθαι τὰς ἐκ τοῦ λιμένος ἀνατρεχούσας ναῦς. [9] ἐξ οὗ συνέβαινε μεγάλα τοὺς Ῥωμαίους ἐλαττωθῆναι πρὸς αὐτῇ τῇ γῇ

[1] ποιησαμένους τὴν συμπλοκὴν. ἐπειδὴ δὲ σύνεγγυς αὐτῶν ἦσαν, ἀρθέντων τῶν συνθημάτων ἐφ' ἑκατέρας τῆς ναυαρχίδος συνέβαλλον ἀλλήλοις. [2] τὸ μὲν οὖν πρῶτον ισόρροπος ἦν ὁ κίνδυνος, ὥς ἂν ἀμφοτέρων τοῖς ἀρίστοις ἐκ τῆς πεζικῆς δυνάμεως ἐπιβάταις χρωμένων· [3] αἰεὶ δὲ μᾶλλον ὑπερεῖχον οἱ Καρχηδόνιοι διὰ τὸ πολλὰ προτερήματα παρ' ὅλον ἔχειν τὸν ἀγῶνα. [4] τῷ τε γὰρ ταχυναυτεῖν πολὺ περιῆσαν διὰ τὴν διαφορὰν τῆς ναυπηγίας καὶ τὴν τῶν πληρωμάτων ἕξιν, ἥ τε χώρα μεγάλα συνεβάλλετ' αὐτοῖς, ἅτε πεποιημένων τὴν ἔκταξιν ἀπὸ τῶν κατὰ τὸ πέλαγος τόπων. [5] εἴτε γὰρ πιέζουσιν οἱ τινες ὑπὸ τῶν πολεμίων, κατόπιν ἀνεχώρουν ἀσφαλῶς διὰ τὸ ταχυναυτεῖν εἰς τὸν ἀναπεπταμένον τόπον· [6] κἄπειτ' ἐκ μεταβολῆς τοῖς προπίπτουσι τῶν διωκόντων, τοτὲ μὲν περιπλέοντες τοτὲ δὲ πλάγιοι προσπίπτοντες στρεφομένοις καὶ δυσχρηστοῦσι διὰ τὸ βάρος τῶν πλοίων καὶ διὰ τὴν ἀπειρίαν τῶν πληρωμάτων, ἐμβολὰς τε συνεχεῖς ἐδίδοσαν καὶ πολλὰ τῶν σκαφῶν ἐβάπτιζον· [7] εἴτε κινδυνεύοι τις τῶν συμμάχων, ἐτοίμως παρεβοήθουν ἔξω τοῦ δεινοῦ καὶ μετ' ἀσφαλείας, παρὰ τὰς πρύμνας κατὰ τὸ πέλαγος ποιούμενοι τὸν πλοῦν. [8] τοῖς γε μὴν Ῥωμαίοις τὰναντία τούτων συνέβαινε· τοῖς τε γὰρ πιεζομένοις οὐκ ἦν εἰς τοῦπισθεν δυνατόν ἀποχωρεῖν, πρὸς τῇ γῇ ποιούμενοις τὸν κίνδυνον, αἰεὶ δὲ τὸ θλιβόμενον ὑπὸ τῶν κατὰ πρόσωπον σκάφος ἢ τοῖς βραχέσι περιπίπτον ἐκάθιζε κατὰ πρύμναν ἢ πρὸς τὴν γῆν φερόμενον ἐπώκελλε. [9] διεκπλεῖν μὲν οὖν διὰ τῶν πολεμίων νεῶν καὶ κατόπιν ἐπιφαίνεσθαι τοῖς ἤδη πρὸς ἑτέρους διαμαχομένοις, ὅπερ ἐν τῷ ναυμαχεῖν ἐστὶ πρακτικώτατον, ἀδυνάτως εἶχον διὰ τε τὴν βαρύτητα τῶν πλοίων, προσέτι δὲ καὶ τὴν ἀπειρίαν τῶν πληρωμάτων. [10] οὐδὲ μὴν ἐπιβοηθεῖν τοῖς δεομένοις κατὰ πρύμναν ἐδύναντο διὰ τὸ συγκεκλεισθαι πρὸς τῇ γῇ καὶ μηδὲ μικρὸν ἀπολείπεσθαι τόπον τοῖς βουλομένοις ἐπαρκεῖν τῷ δεομένῳ. [11] τοιαύτης δὲ δυσχρηστίας ὑπαρχούσης περὶ τὸν ὅλον ἀγῶνα, καὶ τῶν μὲν καθιζόντων ἐν τοῖς βράχεσι, τῶν δ' ἐκπιπτόντων σκαφῶν, κατιδὼν ὁ στρατηγὸς τῶν Ῥωμαίων τὸ συμβαῖνον ὥρμησε πρὸς φυγὴν, ἀπὸ τῶν εὐωνύμων παρὰ τὴν γῆν ἐξελίσσας, καὶ σὺν αὐτῷ περὶ τριάκοντα νῆας, αἵπερ ἔτυχον ἐγγὺς οὔσαι. [12] τῶν δὲ λοιπῶν σκαφῶν, ὄντων ἐνενήκοντα καὶ τριῶν, ἐκυρίευσαν οἱ Καρχηδόνιοι καὶ τῶν πληρωμάτων, ὅσοι μὴ

τῶν ἀνδρῶν τὰς ναῦς εἰς τὴν γῆν ἐκβαλόντες ἀπεχώρησαν.

[1] γενομένης δὲ τῆς ναυμαχίας τοιαύτης Ἀτάρβας μὲν εὐδοκίμει παρὰ τοῖς Καρχηδονίοις, ὥς δι' αὐτὸν καὶ διὰ τὴν ἰδίαν πρόνοιαν καὶ τόλμαν κατωρθώκως, [2] Πόπλιος δὲ παρὰ τοῖς Ῥωμαίοις ἡδόξει καὶ διεβέβλητο μεγάλως, ὥς εἰκῇ καὶ ἀλογίστως τοῖς πράγμασι κεκρημένος καὶ τὸ καθ' αὐτὸν οὐ μικροῖς ἐλαττώμασι περιβεβληκῶς τὴν Ῥώμην: [3] διὸ καὶ μετὰ ταῦτα μέγαις ζημίαις καὶ κινδύνοις κριθεὶς περιέπεσεν. [4] οὐ μὴν οἷ γε Ῥωμαῖοι, καίπερ τοιούτων συμβεβηκότων, διὰ τὴν ὑπὲρ τῶν ὅλων φιλοτιμίαν οὐδὲν ἀπέλειπον τῶν ἐνδεχομένων, ἀλλ' εἶχοντο τῶν ἐξῆς πραγμάτων. [5] διὸ καὶ συνάψαντος τοῦ κατὰ τὰς ἀρχαιρεσίας χρόνου, στρατηγούς ὑπάτους καταστήσαντες παραυτίκα τὸν ἕτερον αὐτῶν ἐξέπεμπον Λεύκιον Ἰούνιον, τὰς τε σιταρχίας παρακομίζοντα τοῖς τὸ Λιλύβαιον πολιορκοῦσι καὶ τὰς ἄλλας ἀγορὰς καὶ χορηγίας τῷ στρατοπέδῳ: πρὸς δὲ καὶ παραπομποὺς τούτοις ἐπλήρωσαν ἐξήκοντα ναῦς. [6] ὁ δ' Ἰούνιος ἀφικόμενος εἰς τὴν Μεσσήνην καὶ προσλαβὼν τὰ συνηντηκότα τῶν πλοίων ἀπὸ τε τοῦ στρατοπέδου καὶ τῆς ἄλλης Σικελίας παρεκομίσθη κατὰ σπουδὴν εἰς τὰς Συρακούσας, ἔχων ἑκατὸν εἴκοσι σκάφη καὶ τὴν ἀγορὰν σχεδὸν ἐν ὀκτακοσίαις ναυσὶ φορτηγοῖς. [7] ἐντεῦθεν δὲ παραδοὺς τοῖς ταμίαις τὰς ἡμισείας φορτηγούς καὶ τινα τῶν μακρῶν πλοίων ἐξαπέστειλε, διακομισθῆναι σπουδάζων τῷ στρατοπέδῳ τὰ πρὸς τὴν χρεῖαν. [8] αὐτὸς δ' ἐν ταῖς Συρακούσαις ὑπέμενε, τοὺς τε κατὰ πλοῦν ἀφυστεροῦντας ἐκ τῆς Μεσσήνης ἀναδεχόμενος καὶ παρὰ τῶν ἐκ τῆς μεσογαίου συμμάχων σῆτον προσαναλαμβάνων.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Ἀτάρβας μὲν ἄνδρας τοὺς ἐν τῇ ναυμαχίᾳ ληφθέντας καὶ τὰς αἰχμαλώτους νῆας ἐξαπέστειλεν εἰς τὴν Καρχηδόνα, [2] Καρθάλωνα δὲ τὸν συνάρχοντα δοὺς τριάκοντα ναῦς ἐξέπεμψε πρὸς αἷς ἔχων αὐτὸς ἐβδομήκοντα κατέπλευσεν, [3] προστάζας ἄφνω προσπεσόντα ταῖς ὁρμούσαις παρὰ τὸ Λιλύβαιον τῶν πολεμίων ναυσίν, ὧν μὲν ἂν δυνατὸς ᾗ κυριεῦσαι, ταῖς δὲ λοιπαῖς πῦρ ἐμβαλεῖν. [4] πεισθέντος δὲ τοῦ Καρθάλωνος καὶ ποιησαμένου τὸν ἐπίπλουον ὑπὸ τὴν ἑωθινὴν καὶ τὰ μὲν ἐμπιπρῶντος τὰ δ' ἀποσπῶντος τῶν πλοίων, μεγάλην συνέπεσε γενέσθαι ταραχὴν περὶ τὸ τῶν Ῥωμαίων στρατόπεδον. [5] προσβοηθούντων γὰρ αὐτῶν ἐπὶ τὰς ναῦς καὶ γινομένης κραυγῆς, συννοήσας Ἰμίλκων ὁ τὸ Λιλύβαιον τηρῶν καὶ θεωρῶν ἤδη τῆς ἡμέρας ὑποφαινούσης τὸ

συμβαῖνον, ἐπαποστέλλει τοὺς ἐκ τῆς πόλεως μισθοφόρους. [6] οἱ δὲ Ῥωμαῖοι, τοῦ δεινοῦ πανταχόθεν αὐτοὺς περιστάντος, οὐκ εἰς μικρὰν οὐδ' εἰς τὴν τυχοῦσαν ἦλθον διατροπὴν. [7] ὁ δὲ τῶν Καρχηδονίων ναύαρχος ὀλίγα τῶν σκαφῶν τὰ μὲν ἀποσπάσας τὰ δὲ συντρίψας, μετὰ ταῦτα μικρὸν ἀπὸ τοῦ Λιλυβαίου παρακομισθεὶς ὥς ἐφ' Ἡρακλείας ἐτήρει, βουλόμενος διακωλύειν τοὺς ἐπὶ τὸ στρατόπεδον πλέοντας. [8] προσαγγειλάντων δὲ τῶν σκοπῶν πλῆθος ἱκανὸν πλοίων προσφέρεσθαι παντοδαπῶν καὶ συνεγγίζειν, ἀναχθεὶς ἔπλει, συμμῖξαι σπεύδων διὰ τὸ καταφρονεῖν τῶν Ῥωμαίων ἐκ τοῦ προγεγενημένου προτερήματος. [9] ὁμοίως δὲ καὶ τοῖς ἐκ τῶν Συρακουσῶν προαπεσταλμένοις ταμίαις ἀνήγγειλαν οἱ προπλεῖν εἰθισμένοι λέμβοι τὸν ἐπίπλουν τῶν ὑπεναντίων. [10] οἱ δὲ νομίσαντες οὐκ ἀξιόχρεως σφᾶς αὐτοὺς εἶναι πρὸς ναυμαχίαν, καθωρμίσθησαν πρὸς τι πολισμάτιον τῶν ὑπ' αὐτοὺς ταπτομένων, ἀλίμενον μὲν, σάλους δ' ἔχον καὶ προβολὰς περικλειούσας ἐκ τῆς γῆς εὐφυεῖς. [11] οὗ ποιησάμενοι τὴν ἀπόβασιν καὶ τοὺς τε καταπέλτας καὶ τοὺς πετροβόλους τοὺς ἐκ τῆς πόλεως ἐπιστήσαντες προσεδόκων τὸν ἐπίπλουν τῶν ὑπεναντίων. [12] οἱ δὲ Καρχηδόνιοι συνεγγίσαντες τὸ μὲν πρῶτον ἐπεβάλοντο πολιορκεῖν τούτους, ὑπολαβόντες τοὺς μὲν ἄνδρας καταπλαγέντας εἰς τὸ πολισμάτιον ἀποχωρήσειν, τῶν δὲ πλοίων ἀσφαλῶς κυριεύσειν. [13] οὐ προχωροῦσης δὲ τῆς ἐλπίδος, ἀλλὰ τοῦναντίον ἀμυνομένων γενναίως, καὶ τοῦ τόπου πολλὰς ἔχοντος καὶ παντοδαπὰς δυσχρηστίας, ὀλίγα τῶν τὰς ἀγορὰς ἐχόντων πλοίων ἀποσπάσαντες ἀπέπλευσαν πρὸς τινα ποταμόν, ἐν ᾧ καθορμισθέντες ἐπετήρουν τὸν ἀνάπλουν αὐτῶν.

[1] ὁ δ' ἐν ταῖς Συρακούσαις ὑπολειφθεὶς στρατηγός, ἐπεὶ τὰ κατὰ τὴν πρόθεσιν ἐπετέλεσεν, κάμψας τὸν Πάχυνον ἐποιεῖτο τὸν πλοῦν ὥς ἐπὶ τὸ Λιλύβαιον, οὐδὲν εἰδὼς τῶν περὶ τοὺς προπλέοντας συμβεβηκότων. [2] ὁ δὲ τῶν Καρχηδονίων ναύαρχος, σημηνάντων τῶν σκοπῶν αὐτῷ πάλιν τὴν ἐπιφάνειαν τῶν ὑπεναντίων, ἀναχθεὶς ἔπλει μετὰ σπουδῆς, βουλόμενος αὐτοῖς ὥς πλεῖστον ἀπέχουσι τῶν οἰκείων νεῶν συμβαλεῖν. [3] ὁ δ' Ἰούνιος κατιδὼν ἐκ πολλοῦ τὸν στόλον τὸν τῶν Καρχηδονίων καὶ τὸ πλῆθος τῶν σκαφῶν, οὔτε συμβαλεῖν τολμῶν οὔτ' ἐκφυγεῖν ἔτι δυνατὸς ὢν διὰ τὸ σύνεγγυς εἶναι τοὺς πολεμίους, ἐγκλίνας εἰς τόπους τραχεῖς καὶ κατὰ πάντα τρόπον ἐπισφαλεῖς καθωρμίσθη, [4] κρίνων αἰρετώτερον ὑπάρχειν ὅ,τι δέοι παθεῖν μᾶλλον ἢ τοῖς πολεμίους αὐτανδρον τὸ σφέτερον

στρατόπεδον ὑποχείριον ποιῆσαι. [5] συνιδὼν δὲ καὶ τὸ περὶ τούτου γεγονὸς ὁ τῶν Καρχηδονίων ναύαρχος τὸ μὲν παραβάλλεσθαι καὶ προσάγειν τοιούτοις τόποις ἀπεδοκίμασε, λαβὼν δ' ἄκραν τινὰ καὶ προσορμισθεὶς ταύτῃ μεταξὺ τῶν στόλων ἐτήρει καὶ προσεῖχε τὸν νοῦν ἀμφοτέροις. [6] ἐπιγενομένου δὲ χειμῶνος καὶ περιστάσεως προφαινομένης ἐκ τοῦ πελάγους ὀλοσχερεστέρας, οἱ μὲν τῶν Καρχηδονίων κυβερνῆται διὰ τε τὴν τῶν τόπων καὶ τὴν τοῦ πράγματος ἐμπειρίαν προορώμενοι τὸ μέλλον καὶ προλέγοντες τὸ συμβησόμενον ἔπεισαν τὸν Καρθάλωνα φυγεῖν τὸν χειμῶνα καὶ κάμψαι τὴν ἄκραν τοῦ Παχύνου. [7] πεισθέντος δὲ νουνεχῶς, οὗτοι μὲν πολλὰ μοχθήσαντες καὶ μόλις ὑπεράραντες τὴν ἄκραν ἐν ἀσφαλεῖ καθωρμίσθησαν, [8] οἱ δὲ τῶν Ῥωμαίων στόλοι, τοῦ χειμῶνος ἐπιγενομένου καὶ τῶν τόπων εἰς τέλος ὑπαρχόντων ἀλιμένων, οὕτως διεφθάρησαν ὥστε μηδὲ τῶν ναυαγίων μηδὲν γενέσθαι χρήσιμον, ἀλλ' ἀμφοτέρους αὐτοὺς ἄρδην καὶ παραλόγως ἀχρειωθῆναι.

[1] τούτου δὲ συμβάντος τὰ μὲν τῶν Καρχηδονίων αὐθις ἀνέκυψε καὶ πάλιν ἐπιρρεπεστέρας εἶχε τὰς ἐλπίδας, [2] οἱ δὲ Ῥωμαῖοι πρότερον μὲν ἐπὶ ποσὸν ἡτυχηκότες τότε δ' ὀλοσχερῶς ἐκ μὲν τῆς θαλάττης ἐξέβησαν, τῶν δ' ὑπαίθρων ἐπεκράτουν· Καρχηδόνιοι δὲ τῆς μὲν θαλάττης ἐκυρίευν, τῆς δὲ γῆς οὐχ ὅλως ἀπήλπίζον. [3] μετὰ δὲ ταῦτα πάντες ἐπὶ μὲν τοῖς ὅλοις ἐσχετλιάζον, οἳ τ' ἐν τῇ Ῥώμῃ καὶ τὰ περὶ τὸ Λιλύβαιον στρατόπεδα, διὰ τὰ προειρημένα συμπτώματα· [4] τῆς γε μὴν προθέσεως οὐκ ἀφίσταντο τῆς κατὰ τὴν πολιορκίαν, ἀλλ' οἱ μὲν ἐχορήγουν κατὰ γῆν ἀπροφασίστως, οἱ δὲ προσεκαρτέρουν ταύτῃ κατὰ τὸ δυνατόν. [5] ὁ δ' Ἰούνιος ἀνακομισθεὶς ἐπὶ τὸ στρατόπεδον ἐκ τῆς ναυαγίας καὶ περιπαθῆς ὦν, ἐγένετο πρὸς τὸ καινοτομησαί τι καὶ πρᾶξαι τῶν δεόντων, σπουδάζων ἀναμαχέσασθαι τὴν γεγεννημένην περιπέτειαν. [6] διὸ καὶ βραχείας αὐτῷ παραπεσούσης ἀφορμῆς, καταλαμβάνει πραξικοπήσας τὸν Ἑρυκα καὶ γίνεται τοῦ τε τῆς Ἀφροδίτης ἱεροῦ καὶ τῆς πόλεως ἐγκρατῆς. [7] ὁ δ' Ἑρυξ ἔστι μὲν ὄρος παρὰ θάλατταν τῆς Σικελίας ἐν τῇ παρὰ τὴν Ἰταλίαν κειμένη πλευρᾷ μεταξὺ Δρεπάνων καὶ Πανόρμου, μᾶλλον δ' ὁμορον καὶ συνάπτον πρὸς τὰ Δρέπανα, μεγέθει δὲ παρὰ πολὺ διαφέρων τῶν κατὰ τὴν Σικελίαν ὄρων πλὴν τῆς Αἵτνης. [8] τούτου δ' ἐπ' αὐτῆς μὲν τῆς κορυφῆς, οὔσης ἐπιπέδου, κεῖται τὸ τῆς Ἀφροδίτης τῆς Ἑρυκίνης ἱερόν, ὃπερ

ὁμολογουμένως ἐπιφανέστατόν ἐστι τῷ τε πλούτῳ καὶ τῇ λοιπῇ προστασίᾳ τῶν κατὰ τὴν Σικελίαν ἱερῶν: [9] ἡ δὲ πόλις ὑπ' αὐτὴν τὴν κορυφὴν τέτακται, πάνυ μακρὰν ἔχουσα καὶ προσάντη πανταχόθεν τὴν ἀνάβασιν. [10] ἐπὶ τε δὴ τὴν κορυφὴν ἐπιστήσας φυλακὴν, ὁμοίως δὲ καὶ τὴν ἀπὸ Δρεπάνων πρόσβασιν ἐτήρει φιλοτίμως ἀμφοτέρους τοὺς τόπους καὶ μᾶλλον ἔτι τὸν τῆς ἀναβολῆς, πεπεισμένος οὕτως καὶ τὴν πόλιν ἀσφαλῶς καὶ τὸ σύμπαν ὅρος ὑφ' αὐτὸν ἔξειν.

[1] οἱ δὲ Καρχηδόνιοι μετὰ ταῦτα στρατηγὸν καταστήσαντες αὐτῶν Ἀμίλκαν τὸν Βάρκαν ἐπικαλούμενον, τοῦτ' αὖ κατὰ τὸν στόλον ἐνεχείρισαν: [2] ὃς παραλαβὼν τὰς ναυτικὰς δυνάμεις ὥρμησεν πορθήσων τὴν Ἰταλίαν. ἔτος δ' ἦν ὀκτωκαιδέκατον τῷ πολέμῳ. [3] κατασύρας δὲ τὴν Λοκρίδα καὶ τὴν Βρεττιανὴν χώραν, ἀποπλέων ἐντεῦθεν κατῆρε παντὶ τῷ στόλῳ πρὸς τὴν Πανορμίτιν καὶ καταλαμβάνει τὸν ἐπὶ τῆς Εἰρκτῆς λεγόμενον τόπον, ὃς κεῖται μὲν Ἑρυκος καὶ Πανόρμου μεταξὺ πρὸς θαλάττῃ, πολὺν δέ τι τῶν ἄλλων δοκεῖ διαφέρειν τόπων ἐπιτηδεϊότητι πρὸς ἀσφάλειαν στρατοπέδων καὶ χρονισμόν. [4] ἔστι γὰρ ὅρος περίτομον ἐξανεστηκὸς ἐκ τῆς περικειμένης χώρας εἰς ὕψος ἰκανόν. τούτου δ' ἡ περίμετρος τῆς ἄνω στεφάνης οὐ λείπει τῶν ἑκατὸν σταδίων, ὑφ' ἧς ὁ περιεχόμενος τόπος εὖβοτος ὑπάρχει καὶ γεωργήσιμος, πρὸς μὲν τὰς πελαγίους πνοιὰς εὐφυῶς κείμενος, θανασίμων δὲ θηρίων εἰς τέλος ἄμοιρος. [5] περιέχεται δὲ κρημνοῖς ἀπροσίτοις ἔκ τε τοῦ κατὰ θάλατταν μέρους καὶ τοῦ παρὰ τὴν μεσόγαιαν παρήκοντος, τὰ δὲ μεταξὺ τούτων ἐστὶν ὀλίγης καὶ βραχείας δεόμενα κατασκευῆς. [6] ἔχει δ' ἐν αὐτῷ καὶ μαστόν, ὃς ἅμα μὲν ἀκροπόλεως, ἅμα δὲ σκοπῆς εὐφυοῦς λαμβάνει τάξιν κατὰ τῆς ὑποκειμένης χώρας. [7] κρατεῖ δὲ καὶ λιμένος εὐκαίρου πρὸς τὸν ἀπὸ Δρεπάνων καὶ Λιλυβαίου δρόμον ἐπὶ τὴν Ἰταλίαν, ἐν ᾧ πλῆθος ὕδατος ἀφθονον ὑπάρχει. [8] προσόδους δὲ τὰς πάσας ἔχει τριττὰς δυσχερεῖς, δύο μὲν ἀπὸ τῆς χώρας, μίαν δ' ἀπὸ τῆς θαλάττης. ἐν ᾧ καταστρατοπεδεύσας παραβόλως Ἀμίλκας, [9] ὥς ἂν μήτε πόλεως οἰκείας μήτ' ἄλλης ἐλπίδος μηδεμιᾶς ἀντεχόμενος, εἰς μέσους δὲ τοὺς πολεμίους ἑαυτὸν δεδωκώς, ὅμως οὐ μικροὺς οὐδὲ τοὺς τυχόντας Ῥωμαίοις ἀγῶνας καὶ κινδύνους παρεσκεύασεν. [10] πρῶτον μὲν γὰρ ἐντεῦθεν ὁρμώμενος κατὰ θάλατταν τὴν παραλίαν τῆς Ἰταλίας ἐπὶ ὁρθεὶ μέχρι τῆς Κυμαίων χώρας, [11] δεῦτερον δὲ κατὰ γῆν παραστρατοπεδευσάντων αὐτῷ Ῥωμαίων πρὸ τῆς Πανορμιτῶν πόλεως ἐν ἴσως πέντε σταδίοις πολλοὺς καὶ

ποικίλους ἀγῶνας συνεστήσατο κατὰ γῆν σχεδὸν ἐπὶ τρεῖς ἑνιαυτοὺς. περὶ ὧν οὐχ οἶόν τε διὰ τῆς γρα

[1] φῆς τὸν κατὰ μέρος ἀποδοῦναι λόγον: καθάπερ γὰρ ἐπὶ τῶν διαφερόντων πυκτῶν καὶ ταῖς γενναιότησι καὶ ταῖς εὐεξίαις, ὅταν εἰς τὸν ὑπὲρ αὐτοῦ τοῦ στεφάνου συγκαταστάντες καιρὸν διαμάχωνται πληγὴν ἐπὶ πληγῇ τιθέντες ἀδιαπαύστως, λόγον μὲν ἢ πρόνοιαν ἔχειν ὑπὲρ ἐκάστης ἐπιβολῆς καὶ πληγῆς οὔτε τοῖς ἀγωνιζομένοις οὔτε τοῖς θεωμένοις ἐστὶ δυνατόν, [2] ἐκ δὲ τῆς καθόλου τῶν ἀνδρῶν ἐνεργείας καὶ τῆς ἐκατέρου φιλοτιμίας ἔστι καὶ τῆς ἐμπειρίας αὐτῶν καὶ τῆς δυνάμεως, πρὸς δὲ καὶ τῆς εὐψυχίας, ἱκανὴν ἔννοιαν λαβεῖν, οὕτως δὲ καὶ περὶ τῶν νῦν λεγομένων στρατηγῶν. [3] τὰς μὲν γὰρ αἰτίας ἢ τοὺς τρόπους, δι' ὧν ἂν ἐκάστην ἡμέραν ἐποιοῦντο κατ' ἀλλήλων ἐνέδρας, ἀντενέδρας, ἐπιθέσεις, προσβολάς, οὔτ' ἂν ὁ γράφων ἐξαριθμούμενος ἐφίκοιτο, τοῖς τ' ἀκούουσιν ἀπέραντος ἅμα δ' ἀνωφελῆς ἂν ἐκ τῆς ἀναγνώσεως γίνοιτο χρεία: [4] ἐκ δὲ τῆς καθολικῆς ἀποφάσεως περὶ αὐτῶν καὶ τοῦ τέλους τῆς φιλοτιμίας μᾶλλον ἂν τις εἰς ἔννοιαν ἔλθοι τῶν προειρημένων. [5] οὔτε γὰρ τῶν ἐξ ἱστορίας στρατηγημάτων οὔτε τῶν ἐκ τοῦ καιροῦ καὶ τῆς ὑποκειμένης περιστάσεως ἐπινοημάτων οὔτε τῶν εἰς παράβολον καὶ βίαιον ἀνηκόντων τόλμαν οὐδὲν παρελείφθη. [6] κρίσιν γε μὴν ὀλοσχερῇ γενέσθαι διὰ πλείους αἰτίας οὐχ οἶόν τ' ἦν: αἷ τε γὰρ δυνάμεις ἀμφοτέρων ἦσαν ἐφάμιλλοι, τά τε κατὰ τοὺς χάρακας ὁμοίως ἀπρόσιτα διὰ τὴν ὀχυρότητα, τό τε διάστημα τῶν στρατοπέδων βραχὺ παντελῶς. [7] ὅπερ αἴτιον ἦν μάλιστα τοῦ τὰς μὲν κατὰ μέρος συμπτώσεις ἀπαύστους γίνεσθαι καθ' ἡμέραν, ὀλοσχερὲς δὲ συντελεῖσθαι μηδέν. [8] τούτους γὰρ αὐτοὺς ἀεὶ συνέβαινε διαφθεῖρεσθαι κατὰ τὰς συμπλοκάς, τοὺς ἐν χειρῶν νόμῳ περιπεσόντας: οἱ δ' ἅπαξ ἐγκλίναντες εὐθέως ἐκτὸς τοῦ δεινοῦ πάντες ἦσαν ὑπὸ ταῖς αὐτῶν ἀσφαλείαις καὶ πάλιν ἐκ μεταβολῆς ἐκινδύνευον.

[1] οὐ μὴν ἀλλ' ὥσπερ ἀγαθὸς βραβευτὴς ἡ τύχη μεταβιβάσασα παραβόλως αὐτοὺς ἐκ τοῦ προειρημένου τόπου καὶ τοῦ προϋπάρχοντος ἀθλήματος εἰς παραβολώτερον ἀγώνισμα καὶ τόπον ἐλάττω συνέκλεισεν. [2] ὁ γὰρ Ἀμίλκας, τῶν Ῥωμαίων τὸν Ἑρκα τηρούντων ἐπὶ τε τῆς κορυφῆς καὶ παρὰ τὴν ῥίζαν, καθάπερ εἵπομεν, κατελάβετο τὴν πόλιν τῶν Ἑρκίνων, ἥτις ἦν μεταξύ τῆς τε κορυφῆς καὶ τῶν πρὸς τῇ ῥίζῃ στρατοπεδευσάντων. [3] ἐξ οὗ συνέβαινε

παραβόλως μὲν ὑπομένειν καὶ διακινδυνεύειν πολιορκουμένους τοὺς τὴν κορυφὴν κατέχοντας τῶν Ῥωμαίων, ἀπίστως δὲ τοὺς Καρχηδονίους ἀντέχειν, τῶν τε πολέμιων πανταχόθεν προσκειμένων καὶ τῶν χορηγιῶν οὐ ῥαδίως αὐτοῖς παρακομιζομένων, ὥς ἂν τῆς θαλάττης καθ' ἓνα τόπον καὶ μίαν πρόσοδον ἀντεχομένοις. [4] οὐ μὴν ἀλλὰ πάλιν ἐνταῦθα πάσαις μὲν ἀμφοτέροι ταῖς πολιορκητικαῖς ἐπινοίαις καὶ βίαις χρησάμενοι κατ' ἀλλήλων, πᾶν δὲ γένος ἐνδείας ἀνασχόμενοι, πάσης δ' ἐπιθέσεως καὶ μάχης πεῖραν λαβόντες, [5] τέλος οὐχ, ὥς Φάβιός φησιν, ἐξαδυνατοῦντες καὶ περικακοῦντες, ἀλλ' ὥς ἂν ἀπαθεῖς καὶ ἀήττητοί τινες ἄνδρες ἱερὸν ἐποίησαν τὸν στέφανον. [6] πρότερον γὰρ ἢ 'κείνους ἀλλήλων ἐπικρατῆσαι, καίπερ δύο' ἔτη πάλιν ἐν τούτῳ τῷ τόπῳ διαγωνισαμένους, δι' ἄλλου τρόπου συνέβη λαβεῖν τὸν πόλεμον τὴν κρίσιν. [7]

[1] τὰ μὲν οὖν περὶ τὸν Ἑρκα καὶ τὰς πεζικὰς δυνάμεις τοιαύτην ἔσχε διάθεσιν. τὰ δὲ πολιτεύματ' ἦν ἀμφοτέρων παραπλήσια τοῖς ψυχομαχοῦσι τῶν εὐγενῶν ὀρνίθων. [8] ἐκεῖνοί τε γὰρ πολλάκις ἀπολωλεκότες τὰς πτέρυγας διὰ τὴν ἀδυναμίαν, αὐτῇ δὲ τῇ ψυχῇ μένοντες ἐκβάλλουσι τὰς πληγὰς, ἕως ἄν αὐτομάτως ποτὲ περιπεσόντες αὐτοῖς καιρίως ἀλλήλων διαδράζωνται, κἄπειτα τούτου γενομένου συμβῇ τὸν ἕτερον αὐτῶν προπεσεῖν: [9] οἱ τε Ῥωμαῖοι καὶ Καρχηδόνιοι κάμνοντες ἤδη τοῖς πόνοις διὰ τὴν συνέχειαν τῶν κινδύνων εἰς τέλος ἀπήλγουν τὴν τε δύναμιν παρελέλυντο καὶ παρεῖντο διὰ τὰς πολυχρονίους εἰσφοράς καὶ δαπάνας. ὁμοίως δὲ Ῥωμαῖοι ψυχομαχοῦντες, καίπερ ἔτη σχεδὸν ἤδη πέντε τῶν κατὰ θάλατταν πραγμάτων ὀλοσχερῶς ἀφεστηκότες διὰ τε τὰς περιπετείας καὶ διὰ τὸ πεπεῖσθαι δι' αὐτῶν τῶν πεζικῶν δυνάμεων κρινεῖν τὸν πόλεμον, [2] τότε συνορῶντες οὐ προχωροῦν αὐτοῖς τοῦργον κατὰ τοὺς ἐκλογισμοὺς καὶ μάλιστα διὰ τὴν τόλμαν τοῦ τῶν Καρχηδονίων ἡγεμόνος, ἔκριναν τὸ τρίτον ἀντιποιήσασθαι τῶν ἐν ταῖς ναυτικαῖς δυνάμεσιν ἐλπίδων, [3] ὑπολαμβάνοντες διὰ τῆς ἐπινοίας ταύτης, εἰ καιρίως ἄψαιντο τῆς ἐπιβολῆς, μόνως ἄν οὕτως πέρας ἐπιθεῖναι τῷ πολέμῳ συμφέρον. ὃ καὶ τέλος ἐποίησαν. [4] τὸ μὲν γὰρ πρῶτον ἐξεχώρησαν τῆς θαλάττης εἰζαντες τοῖς ἐκ τῆς τύχης συμπτώμασιν, τὸ δὲ δευτέρον ἐλαττωθέντες τῇ περὶ τὰ Δρέπανα ναυμαχίᾳ: [5] τότε δὲ τρίτην ἐποιοῦντο ταύτην τὴν ἐπιβολήν, δι' ἧς νικήσαντες καὶ τὰ περὶ τὸν Ἑρκα στρατόπεδα τῶν Καρχηδονίων ἀποκλείσαντες τῆς κατὰ θάλατταν χορηγίας τέλος ἐπέθηκαν τοῖς ὅλοις. [6] ἦν δὲ τῆς ἐπιβολῆς τὸ πλεῖον ψυχομαχία. χορηγία μὲν γὰρ οὐχ ὑπῆρχε πρὸς τὴν πρόθεσιν ἐν τοῖς κοινοῖς, οὐ μὴν ἀλλὰ διὰ τὴν τῶν προεστώτων ἀνδρῶν εἰς τὰ κοινὰ φιλοτιμίαν καὶ γενναιότητα προσευρέθη πρὸς τὴν συντέλειαν. [7] κατὰ γὰρ τὰς τῶν βίων εὐκαιρίας καθ' ἓνα καὶ δύο καὶ τρεῖς ὑφίσταντο παρέξειν πεντήρη κατηρτισμένην, ἐφ' ᾗ τὴν δαπάνην κομοῦνται, κατὰ λόγον τῶν πραγμάτων προχωρησάντων. [8] τῷ δὲ τοιούτῳ τρόπῳ ταχέως ἐτοίμασθέντων διακοσίων πλοίων πεντηρικῶν, ὧν ἐποίησαντο τὴν ναυπηγίαν πρὸς [παράδειγμα] τὴν τοῦ Ῥοδίου ναῦν, μετὰ ταῦτα στρατηγὸν καταστήσαντες Γάϊον Λυτάτιον ἐξέπεμψαν ἀρχομένης τῆς θερείας. [9] ὃς καὶ παραδόξως ἐπιφανεῖς τοῖς κατὰ τὴν Σικελίαν τόποις τὸν τε περὶ τὰ Δρέπανα λιμένα κατέσχε καὶ τοὺς περὶ τὸ Λιλύβαιον ὄρμους, παντὸς

ἀνακεχωρηκότος εἰς τὴν οἰκείαν τοῦ τῶν Καρχηδονίων ναυτικοῦ. [10] συστησάμενος δὲ περὶ τὴν ἐν τοῖς Δρεπάνοις πόλιν ἔργα καὶ τᾶλλα πρὸς τὴν πολιορκίαν παρασκευασάμενος, ἅμα μὲν ταύτῃ προσεκαρτέρει τὰ δυνατὰ ποιῶν, [11] ἅμα δὲ προορώμενος τὴν παρουσίαν τοῦ Καρχηδονίων στόλου καὶ μνημονεύων τῆς ἐξ ἀρχῆς προθέσεως ὅτι μόνως δύναται διὰ τοῦ κατὰ θάλατταν κινδύνου κρίσεως τὰ ὅλα τυχεῖν, οὐκ ἀχρεῖον οὐδ' ἄργον εἶα γίνεσθαι τὸν χρόνον, [12] ἀλλ' ἂν' ἐκάστην ἡμέραν ἀναπείρας καὶ μελέτας ποιῶν τοῖς πληρώμασιν οἰκείως τῆς ἐπιβολῆς τῇ τε λοιπῇ τῇ κατὰ τὴν δίαιταν ἐπιμελείᾳ προσκαρτερῶν ἀθλητὰς ἀπετέλεσεν πρὸς τὸ προκείμενον ἐν πάνυ βραχεῖ χρόνῳ τοὺς ναύτας.

[1] οἱ δὲ Καρχηδόνιοι, παρὰ τὴν ὑπόνοιαν προσπεσόντος αὐτοῖς τοῦ πεπλευκέναι στόλῳ τοὺς Ῥωμαίους καὶ πάλιν ἀντιποιεῖσθαι τῆς θαλάττης, παραυτίκα κατήρτιζον τὰς ναῦς, [2] καὶ πληρώσαντες σίτου καὶ τῶν ἄλλων ἐπιτηδείων ἐξέπεμπον τὸν στόλον, βουλόμενοι μηδὲν ἐλλείπειν τὰ περὶ τὸν Ἑρκα στρατόπεδα τῶν ἀναγκαίων. [3] κατέστησαν δὲ καὶ στρατηγὸν ἐπὶ τῆς ναυτικῆς δυνάμεως Ἄνωνα: ὃς ἀναχθεὶς καὶ κατάρας ἐπὶ τὴν Ἰερὰν καλουμένην νῆσον ἔσπευδε τοὺς πολεμίους λαθὼν διακομισθῆναι πρὸς τὸν Ἑρκα καὶ τὰς μὲν ἀγορὰς ἀποθέσθαι καὶ κουφίσαι τὰς ναῦς, προσλαβὼν δ' ἐπιβάτας ἐκ τῶν μισθοφόρων τοὺς ἐπιτηδεῖους καὶ Βάρκαν μετ' αὐτῶν, οὕτως συμμίσγειν τοῖς ὑπεναντίοις. [4] ὁ δὲ Λυτάτιος συνεῖς τὴν παρουσίαν τῶν περὶ τὸν Ἄνωνα καὶ συλλογισάμενος τὴν ἐπίνοιαν αὐτῶν, ἀναλαβὼν ἀπὸ τοῦ πεζοῦ στρατεύματος τοὺς ἀρίστους ἄνδρας ἔπλευσε πρὸς τὴν Αἰγοῦσσαν νῆσον τὴν πρὸ τοῦ Λιλυβαίου κειμένην. [5] κἀναυῖθα παρακαλέσας τὰ πρόποντα τῷ καιρῷ τὰς δυνάμεις διεσάφει τοῖς κυβερνήταις ὡς ἐσομένης εἰς τὴν αὖριον ναυμαχίας. [6] ὑπὸ δὲ τὴν ἐωθινήν, ἤδη τῆς ἡμέρας ὑποφαινούσης, ὁρῶν τοῖς μὲν ἐναντίοις φορὸν ἄνεμον καταρρέοντα καὶ λαμπρόν, σφίσι δὲ δυσχερῇ γινόμενον τὸν ἀνάπλουν πρὸς ἀντίον τὸ πνεῦμα, κοίλης καὶ τραχείας οὔσης τῆς θαλάττης, τὸ μὲν πρῶτον διηπόρει τί δεῖ χρῆσθαι τοῖς παροῦσι. [7] συλλογιζόμενος δ' ὥς ἐὰν μὲν παραβάλληται χειμῶνος ὄντος, πρὸς Ἄνωνα ποιήσεται τὸν ἀγῶνα καὶ πρὸς αὐτὰς τὰς ναυτικὰς δυνάμεις καὶ πρὸς ἔτι γέμοντα τὰ σκάφη, [8] ἐὰν δὲ τηρῶν εὐδίαν καὶ καταμέλλων ἐάσῃ διαῖραι καὶ συμμῖξαι τοῖς στρατοπέδοις τοὺς πολεμίους, πρὸς τε τὰς ναῦς εὐκινήτους καὶ κεκουφισμένας ἀγωνιεῖται πρὸς τε τοὺς ἀρίστους

ἄνδρας τῶν ἐκ τοῦ πεζοῦ στρατευμάτων, τὸ δὲ μέγιστον, πρὸς τὴν Ἀμίλκου τόλμαν, ἧς οὐδὲν ἦν τότε φοβερώτερον: [9] διόπερ ἔκρινε μὴ παρεῖναι τὸν ἐνεστώτα καιρόν: συνιδὼν δὲ τὰς τῶν πολεμίων ναῦς ἱστιοδρομούσας ἀνήγετο μετὰ σπουδῆς. [10] τῶν δὲ πληρωμάτων εὐχερῶς ἀναφερόντων τὸν κλύδωνα ταῖς εὐεξίαις, ταχέως ἐπὶ μίαν ἑκτείνας ναῦν ἀντίπρω

[1] ρον κατέστησε τοῖς πολεμίοις τὸν στόλον. οἱ δὲ Καρχηδόνιοι κατιδόντες τὸν διάπλουν αὐτῶν προκατέχοντας τοὺς Ῥωμαίους, καθελόμενοι τοὺς ἱστοὺς καὶ παρακαλέσαντες κατὰ ναῦν σφᾶς αὐτοὺς συνέβαλλον τοῖς ὑπεναντίοις. [2] τῆς δ' ἑκατέρων παρασκευῆς τὴν ἐναντίαν ἐχούσης διάθεσιν τῇ περὶ τὰ Δρέπανα γενομένη ναυμαχίᾳ, καὶ τὸ τέλος ἑκατέροις τῆς μάχης εἰκότως ἐναντίον ἀπέβη. [3] Ῥωμαῖοι μὲν γὰρ τὴν τε ναυπηγίαν μετελήφεσαν καὶ τὰ βάρη πάντα χωρὶς τῶν πρὸς τὴν ναυμαχίαν ἐπιτηδείων ἐξετέθειντο: τὰ τε πληρώματα συγκεκροτημένα διαφέρουσιν αὐτοῖς τὴν χρεῖαν παρείχετο, τοὺς τ' ἐπιβάτας κατ' ἐκλογὴν ἄνδρας ἀπαραχωρήτους ἐκ τῶν πεζικῶν στρατοπέδων εἶχον. [4] περὶ δὲ τοὺς Καρχηδονίους τάναντία τούτοις ὑπῆρχεν. αἱ μὲν γὰρ νῆες γέμουσαι δυσχρήστως διέκειντο πρὸς τὸν κίνδυνον, τὰ δὲ πληρώματα τελέως ἦν ἀνάσκητα καὶ πρὸς καιρὸν ἐμβεβλημένα, τὰ δ' ἐπιβατικά νεοσύλλογα καὶ πρωτόπειρα πάσης κακοπαθείας καὶ παντὸς δεινοῦ. [5] διὰ γὰρ τὸ μηδέποτε ἂν ἔτι τοὺς Ῥωμαίους ἐλπίσαι τῆς θαλάττης ἀντιποιήσασθαι καταφρονήσαντες ὀλιγώρουν τῶν ναυτικῶν δυνάμεων. [6] τοιγαροῦν ἅμα τῷ συμβαλεῖν κατὰ πολλὰ μέρη τῆς μάχης ἐλαττούμενοι ταχέως ἐλείφθησαν, καὶ πεντήκοντα μὲν αὐτῶν ναῦς κατέδυσαν, ἑβδομήκοντα δ' ἐάλωσαν αὐτανδροί: [7] τὸ δὲ λοιπὸν πλῆθος ἐπαράμενον τοὺς ἱστοὺς καὶ κατουρῶσαν αὐθις ἀπεχώρει πρὸς τὴν Ἰερὰν νῆσον, εὐτυχῶς καὶ παραδόξως ἐκ μεταβολῆς αὐτοῖς πρὸς τὸν δέοντα καιρὸν τοῦ πνεύματος συνεργήσαντος. [8]

[1] ὁ μὲν οὖν τῶν Ῥωμαίων στρατηγὸς ἀποπλεύσας πρὸς τὸ Λιλύβαιον καὶ τὰ στρατόπεδα περὶ τὴν τῶν αἰχμαλώτων πλοίων καὶ τῶν σωμάτων οἰκονομίαν ἐγίνετο, μεγάλην οὖσαν: οὐ γὰρ πολὺ τῶν μυρίων ἔλειπε σωμάτων τὰ ληφθέντα ζωγρία κατὰ τὸν κίνδυνον. οἱ δὲ Καρχηδόνιοι, προσπεσοῦσης αὐτοῖς ἀπροσδοκῆτως τῆς ἥττης, ταῖς μὲν ὀρμαῖς καὶ ταῖς φιλοτιμίαις ἀκμὴν ἔτοιμοι πολεμεῖν ἦσαν, τοῖς δὲ λογισμοῖς ἐξηπόρουν. [2] οὔτε γὰρ χορηγεῖν ἔτι ταῖς ἐν τῇ

Σικελία δυνάμεσιν οἰοί τ' ἦσαν, κρατούντων τῆς θαλάττης τῶν ὑπεναντίων· ἀπογόντες δὲ ταύτας καὶ προδόται τρόπον τινὰ γενόμενοι, ποίαις χερσὶν ἢ ποίοις ἡγεμόσιν πολεμήσειαν οὐκ εἶχον. [3] διόπερ ὀξέως διαπεμψάμενοι πρὸς τὸν Βάρκαν ἐπέτρεψαν ἐκείνῳ περὶ τῶν ὅλων. ὁ δὲ καὶ λίαν ἐποίησεν ἔργον ἡγεμόνος ἀγαθοῦ καὶ φρονίμου. [4] μέχρι μὲν γὰρ ἐκ τῶν κατὰ λόγον ἦν τις ἐλπίς ἐν τοῖς ὑποκειμένοις, οὐδὲν τῶν παραβόλων ἢ δεινῶν δοκούντων εἶναι παρέλιπεν, ἀλλὰ πάσας τὰς τοῦ νικᾶν ἐν τῷ πολεμεῖν ἐλπίδας, εἰ καὶ τις ἄλλος ἡγεμόνων, ἐξήλεγξεν. [5] ἐπειδὴ δὲ περιέστη τὰ πράγματα, καὶ τῶν κατὰ λόγον οὐδὲν ἔτι κατελείπετο πρὸς τὸ σφῆναι τοὺς ὑποταττομένους, πάνυ νουνεχῶς καὶ πραγματικῶς εἷζας τοῖς παροῦσιν ὑπὲρ σπονδῶν καὶ διαλύσεων ἐξαπέστελλε πρεσβευτάς. [6] τοῦ γὰρ αὐτοῦ νομιστέον ἡγεμόνος εἶναι τὸ δύνασθαι βλέπειν τὸν τε τοῦ νικᾶν, ὁμοίως δὲ καὶ τὸν τοῦ λείπεσθαι καιρόν. [7] τοῦ δὲ Λυτατίου προθύμως δεξαμένου τὰ παρακαλούμενα διὰ τὸ συνειδέναι τοῖς σφετέροις πράγμασι τετρυμένοις καὶ κάμνουσιν ἤδη τῷ πολέμῳ, συνέβη τέλος ἐπιθεῖναι τῇ διαφορᾷ τοιούτων τινῶν συνθηκῶν διαγραφεισῶν: “ [8] Ἰεπὶ τοῖσδε φιλίαν εἶναι Καρ’Ιχληδονίοις καὶ Ῥωμαίοις, ἔαν καὶ τῷ δήμῳ τῶν “ἸῬωμαίων συνδοκῇ. ἐκχωρεῖν Σικελίας ἀπάσης “ἸΚαρχηδονίους καὶ μὴ πολεμεῖν Ἰέρωνι μηδ’ ἐπὶ”Ἰφέρειν ὅπλα Συρακοσίους μηδὲ τῶν Συρακοσίων “ [9] Ἰσυμμάχοις. ἀποδοῦναι Καρχηδονίους Ῥωμαίοις “Ἰχωρὶς λύτρων ἅπαντας τοὺς αἰχμαλώτους. ἀργυ”Ἰρίου κατενεγκεῖν Καρχηδονίους Ῥωμαίοις ἐν ἔτεσιν “Ἰεῖκοσι δισχίλια καὶ διακόσια τάλαντα Εὐβοϊκά.”2

[1] τούτων δ’ ἐπανενεχθέντων εἰς τὴν Ῥώμην, οὐ προσεδέξατο τὰς συνθήκας ὁ δῆμος. ἀλλ’ ἐξαπέστειλεν ἄνδρας δέκα τοὺς ἐπισκεψομένους ὑπὲρ τῶν πραγμάτων. [2] οἱ καὶ παραγενόμενοι τῶν μὲν ὅλων οὐδὲν ἔτι μετέθηκαν, βραχεία δὲ προσεπέτειναν τοὺς Καρχηδονίους. [3] τὸν τε γὰρ χρόνον τῶν φόρων ἐποίησαν ἡμισυν, χίλια τάλαντα προσθέντες, τῶν τε νήσων ἐκχωρεῖν Καρχηδονίους προσεπέταξαν, ὅσαι μεταξὺ τῆς Ἰταλίας κεῖνται καὶ τῆς Σικελίας. [4]

[1] ὁ μὲν οὖν Ῥωμαίοις καὶ Καρχηδονίοις συστάς περὶ Σικελίας πόλεμος ἐπὶ τοιοῦτοις καὶ τοιοῦτον ἔσχε τὸ τέλος, ἔτη πολεμηθεὶς εἴκοσι καὶ τέτταρα συνεχῶς, πόλεμος ὧν ἡμεῖς ἴσμεν ἀκοῇ μαθόντες πολυχρονιώτατος καὶ συνεχέστατος καὶ μέγιστος. μὲν οἱ συνάμφω πλείουσιν ἢ πεντακοσίοις, πάλιν δὲ μικρῷ λείπουσιν ἑπτακοσίοις σκάφεσι πεντηρικοῖς ἐναυμάχησαν πρὸς ἀλλήλους. [6] ἀπέβαλόν γε μὴν Ῥωμαῖοι μὲν ἐν τῷ πολέμῳ τούτῳ πεντήρεις μετὰ τῶν ἐν ταῖς ναυαγίαις διαφθαρεισῶν εἰς ἑπτακοσίας, Καρχηδόνιοι δ' εἰς πεντακοσίας. [7] ὥστε τοὺς θαυμάζοντας τὰς Ἀντιγόνου καὶ Πτολεμαίου καὶ Δημητρίου ναυμαχίας καὶ τοὺς στόλους εἰκότως ἂν περὶ τούτων ἱστορήσαντας ἐκπεπλήχθαι τὴν ὑπερβολὴν τῶν πράξεων. [8] εἰ δέ τις βουληθεῖη συλλογίσασθαι τὴν διαφορὰν τῶν πεντηρικῶν πλοίων πρὸς τὰς τριήρεις, αἷς οἱ τε Πέρσαι πρὸς τοὺς Ἑλλήνας καὶ πάλιν Ἀθηναῖοι καὶ Λακεδαιμόνιοι πρὸς ἀλλήλους ἐναυμάχουν, οὐδ' ἂν καθόλου δυνηθεῖη τηλικαύτας δυνάμεις εὐρεῖν ἐν θαλάττῃ διηγωνισμένας. [9] ἐξ ὧν δῆλον τὸ προτεθὲν ἡμῖν ἐξ ἀρχῆς ὡς οὐ τύχη Ῥωμαῖοι, καθάπερ ἔνιοι δοκοῦσι τῶν Ἑλλήνων, οὐδ' αὐτομάτως, ἀλλὰ καὶ λίαν εἰκότως ἐν τοιούτοις καὶ τηλικούτοις πράγμασιν ἐνασκήσαντες οὐ μόνον ἐπεβάλλοντο τῇ τῶν ὅλων ἡγεμονίᾳ καὶ δυναστείᾳ τολμηρῶς, ἀλλὰ καὶ καθίκοντο τῆς προθέσεως. καὶ τί δή ποτ' ἔστι τὸ αἷτιον, ἀπορήσαι τις ἂν, ὅτι κεκρατηκότες τῶν ὅλων καὶ πολλαπλασίαν ἔχοντες ὑπεροχὴν νῦν ἢ πρόσθεν οὔτ' ἂν πληρῶσαι τοσαύτας ναῦς οὔτ' ἀναπλεῦσαι τηλικούτοις στόλοις δυνηθεῖεν; [2] οὐ μὴν ἀλλὰ περὶ μὲν ταύτης τῆς ἀπορίας σαφῶς ἐξέσται τὰς αἰτίας κατανοεῖν, ὅταν ἐπὶ τὴν ἐξήγησιν αὐτῶν τῆς πολιτείας ἔλθωμεν: ὑπὲρ ἧς οὐθ' ἡμῖν ἐν παρεργῷ ῥητέον οὔτε τοῖς ἀκούουσιν ἀργῶς προσεκτέον. [3] τὸ μὲν γὰρ θέαμα καλόν, σχεδὸν δ' ὡς ἔπος εἰπεῖν ἄγνωστον ἕως τοῦ νῦν χάριν τῶν περὶ αὐτῆς συγγεγραφότων. [4] οἱ μὲν γὰρ ἡγνοήκασιν, οἱ δ' ἀσαφεῖ καὶ τελέως ἀνωφελεῖ πεποίηνται τὴν ἐξήγησιν. [5] πλὴν ἐν γε τῷ προειρημένῳ πολέμῳ τὰς μὲν τῶν πολιτευμάτων ἀμφοτέρων προαιρέσεις ἐφαμίλλους εὖροι τις ἂν γεγενημένας οὐ μόνον ταῖς ἐπιβολαῖς ἀλλὰ καὶ ταῖς μεγαλοψυχίαις, μάλιστα δὲ τῇ περὶ τῶν πρωτείων φιλοτιμίᾳ, [6] τοὺς γε μὴν ἄνδρας οὐ μικρῷ πολλῷ δὲ γενναιοτέρους ἐν παντὶ Ῥωμαίους: ἡγεμόνα δὲ καὶ γνώμη καὶ τόλμη θετέον ἄριστον Ἀμίλκαν τῶν τότε γεγονέναι τὸν Βάρκαν ἐπικαλούμενον, πατέρα δὲ κατὰ φύσιν Ἀννίβου τοῦ μετὰ ταῦτα πολεμήσαντος Ῥωμαίοις.

[1] μετὰ δὲ τὰς διαλύσεις ταύτας ἰδιὸν τι καὶ παραπλήσιον ἀμφοτέροις συνέβη παθεῖν. [2] ἐξεδέξατο γὰρ πόλεμος ἐμφύλιος Ῥωμαίους μὲν ὁ πρὸς τοὺς Φαλίσκους καλουμένους, ὃν ταχέως καὶ συμφερόντως ἐπετέλεσαν, ἐν ὀλίγαις ἡμέραις ἐγκρατεῖς γενόμενοι

τῆς πόλεως αὐτῶν, [3] Καρχηδονίους δὲ κατὰ τὸν αὐτὸν καιρὸν οὐ μικρὸς οὐδ' εὐκαταφρόνητος ὁ πρὸς τοὺς ξένους καὶ τοὺς Νομάδας καὶ τοὺς ἅμα τούτοις ἀποστάντας Λίβυας, [4] ἐν ᾧ πολλοὺς καὶ μεγάλους ὑπομείναντες φόβους τέλος οὐ μόνον ὑπὲρ τῆς χώρας ἐκινδύνευσαν, ἀλλὰ καὶ περὶ σφῶν αὐτῶν καὶ τοῦ τῆς πατρίδος ἐδάφους. [5] ἐπὶ δὲ τὸν πόλεμον τοῦτον ἐπιστῆσαι μὲν ἄξιον διὰ πλείους αἰτίας, ἐπὶ κεφαλαίου δὲ καὶ διὰ βραχέων αὐτοῦ ποιήσασθαι τὴν ἐξήγησιν κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν. [6] τὸν τε γὰρ παρὰ τοῖς πολλοῖς λεγόμενον ἄσπονδον πόλεμον, τίνα φύσιν ἔχει καὶ διάθεσιν, μάλιστ' ἂν τις ἐκ τῶν τότε γεγονότων ἐπιγνοίῃ, [7] τοὺς τε χρωμένους μισθοφορικαῖς δυνάμεσι τίνα δεῖ προορᾶσθαι καὶ φυλάττεσθαι μακρόθεν, ἐναργέστατ' ἂν ἐκ τῆς τότε περιστάσεως συνθεωρήσειεν, πρὸς δὲ τούτοις τί διαφέρει καὶ κατὰ πόσον ἦθη σύμμικτα καὶ βάρβαρα τῶν ἐν παιδείαις καὶ νόμοις καὶ πολιτικοῖς ἔθεσιν ἐκτεθραμμένων: [8] τὸ δὲ μέγιστον, τὰς αἰτίας ἐκ τῶν ἐν ἐκείνοις τοῖς καιροῖς πεπραγμένων κατανοήσειεν, δι' ἧς ὁ κατ' Ἀννίβαν συνέστη Ῥωμαίοις καὶ Καρχηδονίοις πόλεμος. [9] ὑπὲρ οὗ διὰ τὸ μὴ μόνον παρὰ τοῖς συγγραφεῦσιν, ἀλλὰ καὶ παρὰ τοῖς πεπολεμηκόσιν ἔτι νῦν ἀμφισβητεῖσθαι τὰς αἰτίας, χρήσιμόν ἐστι τὴν ἀληθινωτάτην παραστήσαι διάληψιν τοῖς φιλομαθοῦσιν.

[1] ὥς γὰρ θάπτον ἐπιτελεσθεῖσων τῶν προειρημένων διαλύσεων ἀποκατέστησε τὰς περὶ τὸν Ἑρκα δυνάμεις εἰς τὸ Λιλύβαιον ὁ Βάρκας, εὐθέως αὐτὸς μὲν ἀπέθετο τὴν ἀρχήν, ὁ δ' ἐπὶ τῆς πόλεως στρατηγὸς Γέσκων ἐγένετο περὶ τὸ περαιοῦν τοὺς στρατιώτας εἰς τὴν Λιβύην. [2] προϊδόμενος δὲ τὸ μέλλον ἐμφρόνως ἐνεβίβαζε κατὰ μέρη διαιρῶν αὐτοὺς καὶ διαλείμματα ποιῶν τῆς ἐξαποστολῆς, [3] βουλόμενος ἀναστροφὴν διδόναι τοῖς Καρχηδονίοις εἰς τὸ τοὺς καταπλεύσαντας καὶ μισθοδοτηθέντας τὰ προσοφειλόμενα τῶν ὀψωνίων φθάνειν ἀπαλλαττομένους ἐκ τῆς Καρχηδόνης εἰς τὴν οἰκίαν πρὶν ἢ τοὺς ἐξῆς περαιουμένους ἐπικαταλαβεῖν. [4] ὁ μὲν οὖν Γέσκων ἐχόμενος ταύτης τῆς ἐννοίας οὕτως ἐχείριζε τὰ κατὰ τὴν ἐξαποστολήν. [5] οἱ δὲ Καρχηδόνιοι τὰ μὲν οὐκ εὐπορούμενοι χρημάτων διὰ τὰς προγεγενημένας δαπάνας, τὰ δὲ καὶ πεπεισμένοι παραιτήσεσθαι τοὺς μισθοφόρους μέρος τι τῶν προσοφειλομένων ὀψωνίων, ἐὰν καὶ συναθροίσωσι καὶ δέξωνται πάντας εἰς τὴν Καρχηδόνα, παρακατεῖχον ἐκεῖ τοὺς καταπλέοντας διὰ ταύτην τὴν ἐλπίδα καὶ συνεῖχον ἐν τῇ πόλει. [6] γινομένων δὲ πλειόνων

ἀδικημάτων καὶ νύκτωρ καὶ μεθ' ἡμέραν, τὸ μὲν πρῶτον ὑπιδόμενοι τὸν ὄχλον καὶ τὴν συμβαίνουσαν ἀκρασίαν ἠξίωσαν τοὺς ἡγεμόνας, ἕως ἂν ἐτοιμασθῇ μὲν τὰ κατὰ τὰς σιταρχίας αὐτοῖς, προσδέξωνται δὲ τοὺς ἀπολειπομένους, ἀναχωρῆσαι πάντα εἰς τινα πόλιν τὴν προσαγορευομένην Σίκκαν, λαβόντας εἰς τὰ κατεπείγοντα χρυσοῦν ἕκαστον. [7] προθύμως δὲ συνυπακουσάντων πρὸς τὴν ἐξοδὸν καὶ βουλομένων αὐτοῦ καταλιπεῖν τὰς ἀποσκευάς, καθάπερ καὶ τὸν πρῶτον χρόνον ὑπῆρχον, ὡς θᾶττον ἐσομένης τῆς ἐπανόδου πρὸς τοὺς ὀψωνιασμούς, [8] ἀγωνιῶντες οἱ Καρχηδόνιοι μὴ ποτε διὰ χρόνου παραγεγονότες, καὶ τινὲς μὲν τέκνων ἔνιοι δὲ καὶ γυναικῶν ἰμείροντες, οἱ μὲν οὐκ ἐκπορευθῶσι τὸ παράπαν, οἱ δ' ἐκπορευθέντες αὐθις ἀνακάμπτῳ πρὸς ταῦτα, καὶ τῷ τοιούτῳ τρόπῳ μηδὲν ἤττον ἀδίκημα γίνηται κατὰ τὴν πόλιν, [9] ταῦτα προορώμενοι μετὰ πολλῆς ἀπεχθείας οὐδαμῶς βουλομένους τοὺς ἀνθρώπους ἠνάγκασαν τὰς ἀποσκευὰς μεθ' αὐτῶν ἀπαγαγεῖν. [10] οἱ δὲ μισθοφόροι συναναχθέντες εἰς τὴν Σίκκαν καὶ διὰ πολλοῦ χρόνου τετευχότες ἀνέσεως καὶ σχολῆς, ὅπερ ἀφύεστατον ὑπάρχει ξενικαῖς δυνάμεσι καὶ σχεδὸν ὡς εἰπεῖν ἀρχηγὸν καὶ μόνον αἴτιον γίνεται στάσεως, διῆγον ἀδεῶς. [11] ἅμα δὲ ῥαθυμοῦντες, τινὲς μὲν αὐτῶν ἐξελογίζοντο τὰ προσοφειλόμενα σφίσι τῶν ὀψωνίων ἐπὶ τὸ πλεῖον καὶ συγκεφαλαιούμενοι πολλαπλάσια τῶν καθηκόντων ταῦτ' ἔφασαν δεῖν ἀπαιτεῖν τοὺς Καρχηδονίους: [12] πάντες δ' ἀναμιμνησκόμενοι τῶν ἐπαγγελιῶν, ὧν οἱ στρατηγοὶ κατὰ τοὺς ἐπισηφαλεῖς τῶν καιρῶν παρακαλοῦντες σφᾶς ἐπεποίητο, μεγάλας εἶχον ἐλπίδας καὶ μεγάλην προσδοκίαν τῆς ἔσο

[1] μένης περὶ αὐτοὺς ἐπανορθώσεως. διόπερ ἅμα τῷ συλλεχθῆναι πάντας εἰς τὴν Σίκκαν, καὶ παραγενόμενον Ἄνωνα τὸν ὑπάρχοντα στρατηγὸν ἐν τῇ Λιβύῃ τότε τῶν Καρχηδονίων μὴ οἶον τὰς ἐλπίδας καὶ τὰς ἐπαγγελίας ἐκπληροῦν, ἀλλὰ τοῦναντίον λέγοντα τὸ βάρος τῶν φόρων καὶ τὴν καθόλου στενοχωρίαν τῆς πόλεως ἐγχειρεῖν παραιτεῖσθαι μέρος τι τῶν ἐξ ὁμολόγου προσοφειλομένων ὀψωνίων, [2] εὐθέως διαφορὰ καὶ στάσις ἐγεννᾶτο καὶ συνδρομαὶ συνεχεῖς ἐγίνοντο, ποτὲ μὲν κατὰ γένη, ποτὲ δ' ὁμοῦ πάντων. [3] ὥς δ' ἂν μὴθ' ὁμοεθνῶν μὴθ' ὁμογλώττων ὑπαρχόντων, ἦν ἀμιξίας καὶ θορύβου καὶ τῆς λεγομένης τύρβης πληρὲς τὸ στρατόπεδον. [4] Καρχηδόνιοι γὰρ ἀεὶ χρώμενοι ποικίλαις καὶ μισθοφορικαῖς δυνάμεσιν, πρὸς μὲν τὸ μὴ ταχέως συμφορνήσαντας ἀπειθεῖν μηδὲ δυσκαταπλήκτους

εἶναι τοῖς ἡγουμένοις ὀρθῶς στοχάζονται, ποιοῦντες ἐκ πολλῶν γενῶν τὴν δύναμιν, [5] πρὸς δὲ τὸ γενομένης ὀργῆς ἢ διαβολῆς ἢ στάσεως διδάξαι καὶ παρῆναι καὶ μεταθεῖναι τοὺς ἡγνοηκότας ὀλοσχερῶς ἀστοχοῦσιν. [6] οὐ γὰρ οἶον ἀνθρωπίνη χρῆσθαι κακία συμβαίνει τὰς τοιαύτας δυνάμεις, ὅταν ἅπαξ εἰς ὀργὴν καὶ διαβολὴν ἐμπέσωσι πρὸς τινας, ἀλλ' ἀποθηριοῦσθαι τὸ τελευταῖον καὶ παραστατικὴν λαμβάνειν διάθεσιν. [7] ὁ καὶ τότε συνέβη γενέσθαι περὶ αὐτοῦς: ἦσαν γὰρ οἱ μὲν Ἰβηρες, οἱ δὲ Κελτοί, τινὲς δὲ Λιγυστῖνοι καὶ Βαλιαρεῖς, οὐκ ὀλίγοι δὲ μιξέλληνες, ὧν οἱ πλείους αὐτόμολοι καὶ δοῦλοι: τὸ δὲ μέγιστον μέρος αὐτῶν ἦν Λίβυες. [8] διόπερ οὗτ' ἐκκλησιάσαι συναθροίσαντα πάντας ὁμοῦ δυνατόν ἦν οὗτ' ἄλλην οὐδεμίαν εὐρέσθαι πρὸς τοῦτο μηχανήν. [9] πῶς γὰρ οἶόν τε; τὸν μὲν γὰρ στρατηγὸν εἰδέναι τὰς ἐκάστων διαλέκτους ἀδύνατον: διὰ πλειόνων δ' ἐρμηνέων ἐκκλησιάζειν, ἅμα τετράκις καὶ πεντάκις περὶ ταῦτοῦ λέγοντα πράγματος, σχεδὸν ὡς εἰπεῖν ἔτι τοῦ πρόσθεν ἀδυνατώτερον. [10] λοιπὸν ἦν διὰ τῶν ἡγεμόνων ποιεῖσθαι τὰς ἀξιώσεις καὶ παρακλήσεις: ὅπερ ἐπειρᾶτο τότε συνεχῶς ποιεῖν [ὁ] Ἄνων. [11] ἀκμὴν δὲ καὶ τούτους συνέβαινεν ἃ μὲν οὐκ αἰσθάνεσθαι τῶν λεγομένων, ἃ δὲ καὶ συναινέσαντας ἐνίστε τῷ στρατηγῷ τάναντία πρὸς τοὺς πολλοὺς ἀναγγέλλειν, τοὺς μὲν δι' ἄγνοίαν, τοὺς δὲ διὰ κακίαν: ἐξ ὧν ἦν ἀσαφείας, ἀπιστίας, ἀμιξίας ἅπαντα πλήρη. [12] πρὸς γὰρ τοῖς ἄλλοις ὄντο καὶ τοὺς Καρχηδονίους ἐπίτηδες τοὺς μὲν εἰδότας στρατηγοὺς τὰς γεγενημένας χρεῖας κατὰ Σικελίαν ἐξ αὐτῶν καὶ πεποιημένους σφίσι τὰς ἐπαγγελίας οὐκ ἐξαποστέλλειν ὡς αὐτοὺς, τὸν δὲ μηδενὶ τούτων παρηκολουθηκότα τοῦτον ἐκπεπομφέναι. [13] τέλος δ' οὖν ἀπαξιώσαντες μὲν τὸν Ἄνωνα, διαπιστήσαντες δὲ τοῖς κατὰ μέρος ἡγεμόσιν, ἐξοργισθέντες δὲ πρὸς τοὺς Καρχηδονίους ὥρμησαν πρὸς τὴν πόλιν: καὶ κατεστρατοπέδευσαν ἀπέχοντες ὡς ἂν ἑκατὸν καὶ εἴκοσι στάδια τῆς Καρχηδόνης ἐπὶ τῷ καλουμένῳ Τύνητι, πλείους ὄντες τῶν δισμυρίων.

[1] οἱ δὲ Καρχηδόνιοι τότε πρὸ ὀφθαλμῶν ἐλάμβανον τὴν αὐτῶν ἄγνοίαν, ὅτ' ἦν οὐδὲν ὄφελος. [2] μεγάλα μὲν γὰρ ἤμαρτον, εἰς ἓνα τόπον ἀθροίσαντες τοσοῦτο πλῆθος μισθοφόρων, ἔχοντες οὐδεμίαν ἐλπίδα πολεμικῆς χρεῖας ἐν ταῖς πολιτικαῖς δυνάμεσι: [3] τούτου δὲ μεῖζον ἔτι, προέμενοι τὰ τέκνα καὶ τὰς γυναῖκας καὶ σὺν τούτοις τὰς ἀποσκευάς: οἷς ἐξῆν ὁμήροις χρησαμένους ἀσφαλέστερον μὲν

αὐτοὺς βουλεύσασθαι περὶ τῶν ὑποπιπτόντων, εὐπειθεστέροις δ' ἐκείνοις χρησθαι πρὸς τὸ παρακαλούμενον, [4] οὐ μὴν ἀλλὰ καὶ καταπλαγέντες τὴν στρατοπεδείαν πᾶν ὑπέμενον, σπουδάζοντες ἐξιλάσασθαι τὴν ὀργὴν αὐτῶν, [5] καὶ τὰς τε τῶν ἐπιτηδείων ἀγορὰς ἐκπέμποντες δαψιλεῖς ἐπώλουν, καθὼς ἐκείνοι βούλονται καὶ τάττειν τὰς τιμὰς, τῶν τε τῆς γερουσίας ἀεὶ τινὰς ἐξαπέστελλον πρέσβεις, ὑπισχνούμενοι ποιήσιν πᾶν ὅ,τι ποτ' ἂν αὐτοὺς ἀζιώσαιεν εἰ κατὰ δύναμιν. [6] ἦν δὲ πολὺ τὸ καθ' ἑκάστην ἡμέραν παρὰ τοῖς μισθοφόροις ἐπινοούμενον, ἅτε δὴ κατατεθαρρηκότων μὲν καὶ συντεθεωρηκότων τὴν κατάπληξιν καὶ πτοίαν τῶν Καρχηδονίων, [7] πεφρονηματισμένων δὲ καὶ πεπεισμένων διὰ τοὺς προγεγονότας αὐτοῖς ἐν Σικελίᾳ πρὸς τὰ Ῥωμαϊκὰ στρατόπεδα κινδύνους μὴ οἶον Καρχηδονίους ἀντοφθαλμῆσαι ποτ' ἂν πρὸς αὐτοὺς ἐν τοῖς ὅπλοις, ἀλλὰ μηδὲ τῶν λοιπῶν ἀνθρώπων μηδένα ῥαδίως. [8] διόπερ ἅμα τῷ συγχωρῆσαι τὰ περὶ τῶν ὀψωνίων αὐτοῖς τοὺς Καρχηδονίους εὐθέως ἐπέβαινον καὶ τῶν τεθνεώτων ἵππων ἀπήτουν τὰς ἀξίας. [9] προσδεξαμένων δὲ καὶ τοῦτο, πάλιν τῆς προσοφειλομένης σιτομετρίας ἐκ πλείονος χρόνου τὴν μεγίστην γεγонуῖαν ἐν τῷ πολέμῳ τιμὴν ἔφασκον αὐτοὺς δεῖν κομίζεσθαι. [10] καθόλου δ' ἀεὶ τι νέον καὶ καινὸν προσεξεύρισκον, εἰς ἀδύνατον ἐκβάλλοντες τὴν διάλυσιν διὰ τὸ πολλοὺς καχέκτας καὶ στασιώδεις ἐν αὐτοῖς ὑπάρχειν. [11] οὐ μὴν ἀλλὰ πᾶν τὸ δυνατόν ὑπισχνουμένων τῶν Καρχηδονίων, κατένευσαν ἐπιτρέψειν περὶ τῶν ἀμφισβητουμένων ἐνὶ τῶν ἐν Σικελίᾳ γεγονότων στρατηγῶν. [12] πρὸς μὲν οὖν Ἀμίλκαν τὸν Βάρκαν, μεθ' οὗ συγκεκινδυνεύκεσαν ἐν τῇ Σικελίᾳ, δυσχερῶς εἶχον, δοκοῦντες οὐχ ἥκιστα δι' ἐκεῖνον ὀλιγωρεῖσθαι τῷ μῆτε πρεσβεύειν πρὸς αὐτοὺς τὴν τε στρατηγίαν ἐκουσίως δοκεῖν ἀποτεθεῖσθαι. [13] πρὸς δὲ Γέσκωνα πάνυ διέκειντο φιλανθρώπως, ὃς ἐγεγόνει μὲν ἐν Σικελίᾳ στρατηγός, ἐπεποίητο δ' αὐτῶν πρόνοιαν τὴν ἐνδεχομένην ἐν τε τοῖς ἄλλοις καὶ μάλιστα περὶ τὴν ἀνακομιδὴν. διόπερ ἐπέτρεψαν τούτῳ περὶ τῶν

[1] ἀμφισβητουμένων. ὃς παραγενόμενος κατὰ θάλατταν μετὰ τῶν χρημάτων καὶ προσπλεύσας πρὸς τὸν Τύνητα, τὸ μὲν πρῶτον λαμβάνων τοὺς ἡγεμόνας, μετὰ δὲ ταῦτα συναθροίζων κατὰ γένη τοὺς πολλοὺς, [2] ἃ μὲν ἐπετίμα περὶ τῶν γεγονότων, ἃ δὲ διδάσκειν ἐπειρᾶτο περὶ τῶν παρόντων. τὸ δὲ πλεῖον παρεκάλει πρὸς τὸ μέλλον, ἀζιῶν αὐτοὺς εὖνους ὑπάρχειν τοῖς ἐξ ἀρχῆς μισθοδόταις. [3]

τέλος δ' ὥρμησε πρὸς τὸ διαλύειν τὰ προσοφειλόμενα τῶν ὀψωνίων, κατὰ γένη ποιούμενος τὴν μισθοδοσίαν. [4] ἦν δέ τις Καμπανὸς ἡτοιομηκῶς παρὰ τῶν Ῥωμαίων δοῦλος, ἔχων σωματικὴν δύναμιν καὶ τόλμαν ἐν τοῖς πολεμικοῖς παράβολον, ὄνομα Σπένδιος. [5] οὗτος εὐλαβούμενος μὴ παραγενόμενος αὐτὸν ὁ δεσπότης κομίσσεται, καὶ κατὰ τοὺς Ῥωμαίων νόμους αἰκισθεὶς διαφθαρεῖ, πᾶν ἐτόλμα καὶ λέγειν καὶ πράττειν, σπουδάζων διακόψαι τὰς διαλύσεις τὰς πρὸς Καρχηδονίους. [6] ἅμα δὲ τούτῳ καὶ Λίβυς τις Μάθως, ὃς ἦν μὲν ἐλεύθερος καὶ τῶν συνεστρατευμένων, πλείστα δὲ κεκινηκῶς κατὰ τὰς προειρημένας ταραχάς. ἀγωνίων οὖν μὴ τίση καὶ τὴν ὑπὲρ τῶν λοιπῶν δίκην, ἐπὶ τῆς αὐτῆς ἐγένετο γνώμης τοῖς περὶ τὸν Σπένδιον. [7] καὶ λαμβάνων τοὺς Λίβυας ὑπεδείκνυε διότι μετὰ τὸν ὀψωνιασμὸν χωρισθέντων τῶν ἄλλων γενῶν εἰς τὰς πατρίδας ἀπερείσσονται καὶ τὴν ὑπὲρ ἐκείνων ὀργὴν εἰς αὐτοὺς οἱ Καρχηδόνιοι καὶ βουλήσονται διὰ τῆς εἰς σφᾶς τιμωρίας ἅπαντας καταπλήξασθαι τοὺς ἐν τῇ Λιβύῃ. [8] ταχὺ δὲ προσανασεισθέντες οἱ πολλοὶ τοῖς τοιούτοις λόγοις καὶ λαμβανόμενοι βραχείας ἀφορμῆς ἐκ τοῦ τὸν Γέσκωνα τὰ μὲν ὀψώνια διαλύειν τὰς δὲ τιμὰς τοῦ τε σίτου καὶ τῶν ἵππων ὑπερτίθεσθαι, συνέτρεχον εὐθέως εἰς ἐκκλησίαν. [9] καὶ τοῦ μὲν Σπενδίου καὶ τοῦ Μάθω διαβαλλόντων καὶ κατηγορούντων τοῦ τε Γέσκωνος καὶ τῶν Καρχηδονίων ἤκουον καὶ προσεῖχον ἐπιμελῶς τὸν νοῦν τοῖς λεγομένοις. εἰ δέ τις ἕτερος προπορευθεὶς συμβουλευσων, [10] οὐδ' αὐτὸ τοῦτο περιμείναντες ἕως τοῦ γινῶναι πότερον ἀντερῶν ἢ συνηγορήσων πάρεστι τοῖς περὶ τὸν Σπένδιον, παραχρῆμα βάλλοντες τοῖς λίθοις ἀπέκτεινον. [11] καὶ πολλοὺς δὴ τῷ τοιούτῳ τρόπῳ κατὰ τὰς συνδρομὰς καὶ τῶν ἡγεμόνων καὶ τῶν ιδιωτῶν διέφθειρον. [12] καὶ μόνον τὸ ῥῆμα τοῦτο κοινῇ συνίεσαν τὸ βάλλε διὰ τὸ συνεχῶς αὐτὸ πράττειν. μάλιστα δὲ τοῦτ' ἐποίουν, ὁπότε μεθυσθέντες ἀπὸ τῶν ἀρίστων συνδράμοιεν. [13] διόπερ ὅτε τις ἄρξαιτο βάλλε λέγειν, οὕτως ἐγένετο πανταχόθεν ἅμα καὶ ταχέως ὥστε μηδένα δύνασθαι διαφυγεῖν τῶν ἅπαξ προελθόντων. [14] πλὴν οὐδενὸς ἔτι τολμῶντος συμβουλευεῖν διὰ ταύτην τὴν αἰτίαν, κατέστησαν αὐτῶν

[1] στρατηγούς Μάθω καὶ Σπένδιον. ὁ δὲ Γέσκων ἐώρα μὲν τὴν ὅλην ἀκαταστασίαν καὶ ταραχὴν, περὶ πλείστου δὲ ποιούμενος τὸ τῇ πατρίδι συμφέρον καὶ θεωρῶν ὅτι τούτων ἀποθηριωθέντων κινδυνεύουσι προφανῶς οἱ Καρχηδόνιοι τοῖς ὅλοις πράγμασι, [2] παρεβάλλετο καὶ προσεκαρτέρει, ποτὲ μὲν τοὺς προεστῶτας αὐτῶν

εἰς τὰς χεῖρας λαμβάνων, ποτὲ δὲ κατὰ γένη συναθροίζων καὶ παρακαλῶν. [3] οὐ μὴν ἀλλὰ τῶν Λιβύων οὐδέπω κεκομισμένων τὰς σιταρχίας, οἰομένων δὲ δεῖν ἀποδεδόσθαι σφίσι καὶ προσιόντων θρασέως, βουλόμενος ὁ Γέσκων ἐπιπλῆξαι τὴν προπέτειαν αὐτῶν, Μάθω τὸν στρατηγὸν ἀπαιτεῖν ἐκέλευεν. [4] οἱ δ' ἐπὶ τοσοῦτον διωργίσθησαν ὥστ' οὐδὲ τὸν τυχόντα χρόνον ἀναστροφὴν δόντες ὥρμησαν τὸ μὲν πρῶτον ἐπὶ τὸ διαρπάζειν τὰ πρόχειρα τῶν χρημάτων, μετὰ δὲ ταῦτα συλλαμβάνειν τὸν τε Γέσκωνα καὶ τοὺς μετ' αὐτοῦ Καρχηδονίους. [5] οἱ δὲ περὶ τὸν Μάθω καὶ τὸν Σπένδιον ὑπολαμβάνοντες τάχιστ' ἂν οὕτως ἐκκαυθῆναι τὸν πόλεμον, εἰ παράνομόν τι πράξειαν καὶ παράσπονδον, συνήργουν ταῖς τῶν ὄχλων ἀπονοίαις καὶ τὴν μὲν ἀποσκευὴν τῶν Καρχηδονίων ἅμα τοῖς χρήμασι διήρπαζον, τὸν δὲ Γέσκωνα καὶ τοὺς σὺν αὐτῷ δήσαντες ὑβριστικῶς εἰς φυλακὴν παρεδίδοσαν. [6] καὶ τὸ λοιπὸν ἐπολέμουν ἤδη φανερῶς πρὸς τοὺς Καρχηδονίους, συνωμοσίας ἀσεβεῖς καὶ παρὰ τὰ κοινὰ τῶν ἀνθρώπων ἔθη ποιησάμενοι. [7]

[1] ὁ μὲν οὖν πρὸς τοὺς ξένους καὶ Λιβυκὸς ἐπικληθεὶς πόλεμος διὰ ταῦτα καὶ τοιαύτην ἔλαβε τὴν ἀρχήν. [8] οἱ δὲ περὶ τὸν Μάθω συντελεσάμενοι τὰ προειρημένα παραυτικά μὲν ἐξαπέστελλον πρέσβεις ἐπὶ τὰς κατὰ τὴν Λιβύην πόλεις, παρακαλοῦντες ἐπὶ τὴν ἐλευθερίαν καὶ δεόμενοι σφίσι βοηθεῖν καὶ συνεπιλαμβάνεσθαι τῶν πραγμάτων. [9] μετὰ δὲ ταῦτα πάντων σχεδὸν τῶν κατὰ τὴν Λιβύην ἐτοιμῶς συνυπακουσάντων αὐτοῖς πρὸς τὴν ἀπὸ τῶν Καρχηδονίων ἀπόστασιν καὶ τὰς τε χορηγίας καὶ τὰς βοηθείας προθύμως ἐξαποστελλόντων, διελόντες σφᾶς πολιορκεῖν ἐνεχείρησαν οἱ μὲν τὴν Ἰτύκην, οἱ δὲ τοὺς Ἰππακρίτας, διὰ τὸ ταύτας τὰς πόλεις μὴ βούλεσθαι μετασχεῖν αὐτοῖς τῆς ἀποστάσεως. Καρχηδόνιοι δὲ τοὺς μὲν κατ' ἰδίαν βίους ἀεὶ διεξαγαγόντες ἀπὸ τῶν ἐκ τῆς χώρας γεννημάτων, τὰς δὲ κοινὰς παρασκευὰς καὶ χορηγίας ἀθροίζοντες ἐκ τῶν κατὰ τὴν Λιβύην προσόδων, ἔτι δὲ πολεμεῖν εἰθισμένοι ξενικαῖς δυνάμεσι, [2] τότε πάντων ἅμα τούτων οὐ μόνον ἐστερημένοι παραλόγως, ἀλλὰ καὶ καθ' αὐτῶν ὀρῶντες ἕκαστα τῶν προειρημένων ἐπιστρέφοντα, τελέως ἐν μεγάλῃ δυσθυμίᾳ καὶ δυσελπιστίᾳ καθέστασαν, ἅτε παρὰ τὴν προσδοκίαν αὐτοῖς τῶν πραγμάτων ἀποβεβηκότων. [3] τετρυμένοι γὰρ ἐν τῇ περὶ Σικελίας πολέμῳ συνεχῶς ἥλιπζον ἐπιτελεσθεισῶν τῶν διαλύσεων ἀναπνοῆς τινος τεύξεσθαι καὶ καταστάσεως εὐδοκουμένης. [4] συνέβαινε δ'

αὐτοῖς τάναντία: μείζονος γὰρ ἐνίστατο πολέμου καταρχὴ καὶ φοβερωτέρου. [5] πρόσθεν μὲν γὰρ ὑπὲρ Σικελίας ἡμφισβήτητον Ῥωμαίοις, τότε δὲ περὶ σφῶν αὐτῶν καὶ τῆς πατρίδος ἔμελλον κινδυνεύσειν, πόλεμον ἀναλαμβάνοντες ἐμφύλιον. [6] πρὸς δὲ τοῦτοις οὐχ ὄπλων πλῆθος, οὐ ναυτικὴ δύναμις, οὐ πλοίων κατασκευὴ παρ' αὐτοῖς ἦν, ὥς ἂν τοσαύταις ναυμαχίαις περιπεπωκότων: καὶ μὴν οὐδὲ χορηγιῶν διάθεσις οὐδὲ φίλων οὐδὲ συμμάχων τῶν βοηθησόντων ἔξωθεν ἐλπίς οὐδ' ἥτισουν ὑπῆρχεν. [7] διὸ καὶ τότε σαφῶς ἔγνωσαν ἡλικίην ἔχει διαφορὰν ξενικὸς καὶ διαπόντιος πόλεμος ἐμφυλίου στάσεως καὶ ταραχῆς. [8] οὐχ ἥκιστα δ' αὐτοὶ σφίσι τῶν τοιούτων καὶ τηλι

[1] κούτων κακῶν ἐγεγόνεισαν αἴτιοι. κατὰ γὰρ τὸν προγεγονότα πόλεμον εὐλόγους ἀφορμὰς ἔχειν ὑπολαμβάνοντες πικρῶς ἐπεστάτησαν τῶν κατὰ τὴν Λιβύην ἀνθρώπων, [2] παραιρούμενοι μὲν τῶν ἄλλων πάντων τῶν καρπῶν τοὺς ἡμίσεις, διπλασίους δὲ ταῖς πόλεσι τοὺς φόρους ἢ πρὶν ἐπιτάττοντες, συγγνώμην δὲ τοῖς ἀπόροις ἢ συμπεριφορὰν οὐδ' ἡντινοῦν ἐπ' οὐδενὶ τῶν πραττομένων διδόντες, [3] θαυμάζοντες δὲ καὶ τιμῶντες τῶν ἀεὶ στρατηγῶν οὐ τοὺς πρῶως καὶ φιλανθρώπως τῷ πλήθει χρωμένους, ἀλλὰ τοὺς αὐτοῖς μὲν ἐτοιμάζοντας πλείστας χορηγίας καὶ ἐπισκευάς, τοῖς δὲ κατὰ τὴν χώραν πικρότατα χρωμένους, ὧν εἷς ἦν Ἄννων. [4] τοιγαροῦν οἱ μὲν ἄνδρες οὐχ οἷον παρακλήσεως πρὸς τὴν ἀπόστασιν, ἀλλ' ἀγγέλου μόνον ἐδεήθησαν: [5] αἱ δὲ γυναῖκες αἱ τὸν πρὸ τοῦ χρόνον ἀπαγομένους περιορῶσαι τοὺς σφετέρους ἄνδρας καὶ γονεῖς πρὸς τὰς εἰσφοράς, τότε συνομνύουσαι κατὰ πόλεις ἐφ' ᾧ μηδὲν κρύπτειν τῶν ὑπαρχόντων αὐταῖς, ἀφαιρούμεναι τὸν κόσμον εἰσέφερον ἀπροφασίστως εἰς τοὺς ὀψωνιασμούς. [6] καὶ τοιαύτην παρεσκεύασαν εὐπορίαν τοῖς περὶ τὸν Μάθω καὶ Σπένδιον ὥστε μὴ μόνον διαλῦσαι τὰ προσοφειλόμενα τῶν ὀψωνίων τοῖς μισθοφόροις κατὰ τὰς ἐπαγγελίας, ἃς ἐποίησαντο πρὸς τὴν ἀπόστασιν, ἀλλὰ καὶ πρὸς τὸ συνεχὲς εὐπορεῖσαι χορηγίας. [7] οὕτως οὐδέποτε δεῖ πρὸς τὸ παρὸν μόνον, ἐτι δὲ μᾶλλον πρὸς τὸ μέλλον ἀποβλέπειν αἰετὸς τοὺς ὀρθῶς βουλευομένους.

[1] οὐ μὴν ἀλλὰ καίπερ ἐν τοιούτοις κακοῖς ὄντες οἱ Καρχηδόνιοι, προστησάμενοι τὸν Ἄνωνα στρατηγὸν διὰ τὸ δοκεῖν τοῦτον καὶ πρότερον αὐτοῖς τὰ κατὰ τὴν Ἑκατοντάπυλον τῆς Λιβύης καταστρέψασθαι, συνήθριζον μὲν μισθοφόρους, καθώπλιζον δὲ

τοὺς ἐν ταῖς ἡλικίαις τῶν πολιτῶν: [2] ἐγύμναζον δὲ καὶ συνέταττον τοὺς πολιτικούς ἱππεῖς: παρεσκεύαζον δὲ καὶ τὰ περιλιπῆ τῶν πλοίων, τριήρεις καὶ πεντηκοντόρους καὶ τὰ μέγιστα τῶν ἀκατίων. [3] οἱ δὲ περὶ τὸν Μάθω, παραγενομένων αὐτοῖς εἰς ἑπτὰ μυριάδας Λιβύων, ἐπιδιελόντες τούτους, ἀσφαλῶς ἐπολιόρκουν τοὺς Ἰτυκαίους καὶ τοὺς Ἰππακρίτας, βεβαίως δὲ τὴν ἐν τῷ Τύνητι στρατοπεδείαν κατεῖχον, ἀποκεκλείκεσαν δὲ τοὺς Καρχηδονίους ἀπάσης τῆς ἐκτὸς Λιβύης. [4] ἡ γὰρ Καρχηδὼν αὐτὴ μὲν ἐν κόλῳ κεῖται, προτείνουσα καὶ χερρονησίζουσα τῇ θέσει, τὸ μὲν τῇ θαλάττῃ τὸ δὲ τι καὶ λίμνῃ περιεχομένη κατὰ τὸ πλεῖστον: [5] ὁ δὲ συνάπτων ἰσθμὸς αὐτὴν τῇ Λιβύῃ τὸ πλάτος ὥς εἴκοσι καὶ πέντε σταδίων ἐστίν. τούτου δ' ἐπὶ μὲν τοῦ πρὸς τὸ πέλαγος νεύοντος μέρους οὐ μακρὰν ἡ τῶν Ἰτυκαίων κεῖται πόλις, ἐπὶ δὲ θατέρου παρὰ τὴν λίμνην ὁ Τύνης. [6] ἐφ' ὧν ἑκατέρων τότε στρατοπεδεύσαντες οἱ μισθοφόροι καὶ διακλείσαντες ἀπὸ τῆς χώρας τοὺς Καρχηδονίους λοιπὸν ἐπεβούλευον αὐτῇ τῇ πόλει, [7] καὶ ποτὲ μὲν ἡμέρας, ποτὲ δὲ καὶ νύκτωρ παραγινόμενοι πρὸς τὸ τεῖχος εἰς φόβους καὶ θορύβους ὀλοσχε

[1] ρεῖς ἐνέβαλλον τοὺς ἔνδον. Ἄννων δὲ περὶ μὲν τὰς παρασκευὰς ἐνδεχομένως ἐγίνετο: καὶ γὰρ ἦν πρὸς τοῦτο τὸ μέρος εὐφυής: [2] ἐξορμήσας δὲ μετὰ τῆς δυνάμεως ἕτερος ἦν: καὶ γὰρ τοῖς καιροῖς ἀστόχως ἐχρήτο καὶ τοῖς ὅλοις πράγμασιν ἀπείρως καὶ νωθρῶς. [3] διὸ καὶ τὸ μὲν πρῶτον εἰς Ἰτύκην παραβοηθήσας τοῖς πολιορκουμένοις καὶ καταπληξάμενος τοὺς ὑπεναντίους τῷ πλήθει τῶν θηρίων: εἶχεν γὰρ οὐκ ἐλάττους ἑκατὸν ἐλεφάντων: καὶ μετὰ ταῦτα λαβὼν προτερήματος ἀρχὴν ὀλοσχεροῦς οὕτως ἐχρήσατο κακῶς ὥστε κινδυνεῦσαι προσαπολέσαι καὶ τοὺς πολιορκουμένους. [4] κομίσας γὰρ ἐκ τῆς πόλεως τοὺς καταπέλτας καὶ τὰ βέλη καὶ συλλήβδην ἀπάσας τὰς πρὸς τὴν πολιορκίαν παρασκευὰς καὶ στρατοπεδεύσας πρὸ τῆς πόλεως ἐνεχείρησε προσβάλλειν πρὸς τὸν τῶν ὑπεναντίων χάρακα. [5] τῶν δὲ θηρίων βιασαμένων εἰς τὴν παρεμβολήν, οὐ δυνάμενοι τὸ βάρος οὐδὲ τὴν ἑφοδὸν οἱ πολέμιοι μεῖναι πάντες ἐξέπεσον ἐκ τῆς στρατοπεδείας. [6] καὶ πολλοὶ μὲν αὐτῶν ἀπέθανον τρωθέντες ὑπὸ τῶν θηρίων, τὸ δὲ διασφύζομενον μέρος πρὸς τινὰ λόφον ἐρυμνὸν καὶ σύμφυτον ἔμενεν, πιστεῦον ταῖς ἐξ αὐτῶν τῶν τόπων ἀσφαλείαις. [7] ὁ δ' Ἄννων εἰθισμένος Νομάσι καὶ Λίβυσι πολεμεῖν, οἵτινες ὅταν ἅπαξ ἐγκλίνωσι ποιοῦνται τὴν

φυγὴν ἐπὶ δύο ἡμέρας καὶ τρεῖς ἐκτοπίζοντες αὐτούς, ὑπολαβὼν καὶ τότε πέρας ἔχειν τοῦ πολέμου καὶ νενικηκέναι τοῖς ὅλοις, [8] τῶν μὲν στρατιωτῶν ὀλιγόωρησε καὶ καθόλου τῆς παρεμβολῆς, αὐτὸς δ' εἰσελθὼν εἰς τὴν πόλιν ἐγένετο περὶ τὴν τοῦ σώματος θεραπείαν. [9] οἱ δὲ συμπεφευγότες τῶν μισθοφόρων εἰς τὸν λόφον, σύντροφοι μὲν γεγονότες τῆς Βάρκα τόλμης, συνήθεις δ' ἐκ τῶν κατὰ Σικελίαν ἀγώνων πολλάκις τῆς αὐτῆς ἡμέρας ποτὲ μὲν ὑποχωρεῖν, ποτὲ δὲ πάλιν ἐκ μεταβολῆς ἐγχειρεῖν τοῖς πολεμίοις, [10] καὶ τότε συνιδόντες τὸν μὲν στρατηγὸν ἀπηλλαγμένον εἰς τὴν πόλιν, τοὺς δὲ πολλοὺς διὰ τὸ προτέρημα ῥαθυμοῦντας καὶ διαρρέοντας ἐκ τῆς στρατοπεδείας, [11] συστραφέντες ἐπιτίθενται τῷ χάρακι καὶ πολλοὺς μὲν αὐτῶν ἀπέκτειναν, τοὺς δὲ λοιποὺς ἠνάγκασαν φυγεῖν αἰσχυρῶς ὑπὸ τὰ τείχη καὶ τὰς πύλας; [12] ἐκυρίευσαν δὲ τῆς ἀποσκευῆς ἀπάσης καὶ τῆς τῶν πολιορκουμένων παρασκευῆς, ἦν Ἄννων πρὸς τοῖς ἄλλοις ἐκκομίσας ἐκ τῆς πόλεως ἐποίησε τοῖς ἐχθροῖς ὑποχείριον. [13] οὐ μόνον δὲ περὶ τοῦτον τὸν καιρὸν οὕτως ἀνεστράφη νωθρῶς, ἀλλὰ καὶ μετ' ὀλίγας ἡμέρας περὶ τὴν καλουμένην Γόρζαν ἀντιστρατοπεδευσάντων αὐτῷ τῶν πολέμιων, λαβὼν καιροὺς δις μὲν ἐκ παρατάξεως εἰς τὸ νικᾶν δις δ' ἐξ ἐπιθέσεως, [14] ἅτε καὶ στρατοπεδευόντων σύνεγγυς αὐτῷ τῶν ὑπεναντίων, ἀμφοτέρους δοκεῖ τούτους εἰκῇ καὶ παραλόγως προσέσθαι.

[1] διόπερ οἱ Καρχηδόνιοι θεωροῦντες αὐτὸν κακῶς χειρίζοντα τὰς πράξεις, Ἀμίλκαν τὸν ἐπικαλούμενον Βάρκαν αὐθις προεστήσαντο, [2] καὶ τοῦτον ἐξέπεμπον εἰς τὸν ἐνεστῶτα πόλεμον στρατηγόν, δόντες ἐβδομήκοντα μὲν ἐλέφαντας καὶ τοὺς ἐπισυνηγμένους τῶν μισθοφόρων καὶ τοὺς ἡῆτομοληκότας ἀπὸ τῶν πολέμιων, ἅμα δὲ τούτοις πολιτικούς ἱππεῖς καὶ πεζοὺς, ὥστε τοὺς σύμπαντας εἰς μυρίους ὑπάρχειν. [3] ὃς κατὰ τὴν πρώτην εὐθέως ἔξοδον καταπληξάμενος τῷ παραδόξῳ τῆς ἐπιβολῆς ἤττησε μὲν τὰς ψυχὰς τῶν ὑπεναντίων, ἔλυσε δὲ τὴν τῆς Ἰτύκης πολιορκίαν, ἐφάνη δ' ἄξιος τῶν προγεγονότων ἔργων καὶ τῆς παρὰ τῷ πλήθει προσδοκίας. [4] τὸ δὲ πραχθὲν ἦν ὑπ' αὐτοῦ περὶ τὴν χρεῖαν ταύτην τοιοῦτον. τῶν γεωλόφων τῶν ἐπιξευγνύντων τὸν αὐχένα τὸν συνάπτοντα τὴν Καρχηδόνα πρὸς τὴν Λιβύην ὄντων δυσβάτων καὶ χειροποιήτους ἐχόντων διεκβολὰς ἐπὶ τὴν χώραν, συνέβαινε τοὺς περὶ τὸν Μάθω πάντας τοὺς διὰ τῶν προειρημένων λόφων εὐκαίρως κειμένους τόπους φυλακαῖς διειληφέναι, [5] πρὸς δὲ τούτοις τοῦ

προσαγορευομένου Μακάρα ποταμοῦ διείργοντος κατά τινες τόπους παραπλησίως τὴν ἐπὶ τὴν χώραν τοῖς ἐκ τῆς πόλεως ἔξοδον καὶ διὰ τὸ πλῆθος τοῦ ρεύματος ἀβάτου κατὰ τὸ πλεῖστον ὑπάρχοντος, μιᾶς δ' οὐσης ἐπ' αὐτῷ γεφύρας, καὶ ταύτην τηρεῖν τὴν οἰοδὸν ἀσφαλῶς, πόλιν ἐπ' αὐτῆς ὠκοδομηκότας. [6] ἐξ ὧν συνέβαινε τοὺς Καρχηδονίους μὴ οἷον στρατοπέδῳ τῆς χώρας ἐπιβαίνειν, ἀλλὰ μηδὲ τοὺς κατ' ἰδίαν θέλοντας διαπεσεῖν ῥαδίως ἂν δύνασθαι λαθεῖν τοὺς ὑπεναντίους. [7] εἰς ἃ βλέπων Ἀμίλκας καὶ παντὸς πράγματος καὶ καιροῦ πείραν λαμβάνων διὰ τὸ δυσχρηστεῖν περὶ τὴν ἔξοδον διενοήθη τι τοιοῦτον. [8] τοῦ προειρημένου ποταμοῦ κατὰ τὴν εἰς θάλατταν ἐκβολὴν συνθεωρήσας κατὰ τινες ἀνέμων στάσεις ἀποθινούμενον τὸ στόμα καὶ τεναγώδη γινομένην τὴν παρ' αὐτὸ τὸ στόμα πάροδον, ποιήσας εὐτρεπῇ τῷ στρατοπέδῳ τὰ πρὸς τὴν ἔξοδον καὶ κρύπτων ἐν αὐτῷ τὴν ἐπιβολὴν ἐτήρει τὸ προειρημένον σύμπτωμα. [9] παραπεσόντος δὲ τοῦ καιροῦ, νυκτὸς ἐξορμήσας ἔλαθε πάντας ἅμα τῷ φωτὶ τὸν προειρημένον τόπον διαβιβάσας τὴν δύναμιν. [10] παραδόξου δὲ τοῦ πράγματος φανέντος καὶ τοῖς ἐν τῇ πόλει καὶ τοῖς ὑπεναντίοις, ὁ μὲν Ἀμίλκας προῆγεν διὰ τοῦ πεδίου, ποιούμενος τὴν πορείαν ἐπὶ τοὺς

[1] τὴν γέφυραν φυλάττοντας, οἱ δὲ περὶ τὸν Σπένδιον συνέντες τὸ γεγονὸς ἀπήντων εἰς τὸ πεδίων καὶ παρεβοήθουν ἀλλήλοις, οἱ μὲν ἐκ τῆς περὶ τὴν γέφυραν πόλεως ὄντες οὐκ ἐλάττους μυρίων, οἱ δ' ἀπὸ τῆς Ἰτύκης ὑπὲρ τοὺς μυρίους καὶ πεντακισχιλίους. [2] ἐπεὶ δ' εἰς σύνοπτον ἦκον ἀλλήλοις, νομίσαντες ἐν μέσῳ τοὺς Καρχηδονίους ἀπειληφέναι, σπουδῇ παρηγγύων ἅμα παρακαλοῦντες σφᾶς αὐτοὺς καὶ συνῆπτον τοῖς πολεμίοις. [3] ὁ δ' Ἀμίλκας ἦγε μὲν τὴν πορείαν πρῶτους ἔχων τοὺς ἐλέφαντας, ἐπὶ δὲ τούτοις τοὺς ἵππεῖς καὶ τοὺς εὐζώνους, τελευταῖα δὲ τὰ βαρέα τῶν ὅπλων. [4] κατιδὼν δὲ προχειρότερον ἐπιφερομένους τοὺς ὑπεναντίους, ἀναστρέφειν παρήγγειλε πᾶσι τοῖς ἑαυτοῦ. [5] καὶ τοὺς μὲν ἀπὸ τῆς πρωτοπορείας ἀναστρέψαντας σπουδῇ ποιεῖσθαι τὴν ἀποχώρησιν ἐκέλευσε: τοὺς δ' ἐπὶ τῆς οὐραγίας ἐξ ἀρχῆς ὑπάρχοντας ἐξ ἐπιστροφῆς περισπῶν ἐξέταττε πρὸς τὴν τῶν πολεμίων ἐπιφάνειαν. [6] οἱ δὲ Λίβυες καὶ μισθοφόροι νομίσαντες αὐτοὺς καταπεπληγμένους φυγεῖν, λύσαντες τὴν τάξιν ἐπέκειντο καὶ συνῆπτον εἰς τὰς χεῖρας ἐρρωμένως. [7] ἅμα δὲ τῷ τοὺς ἵππεῖς συνεγγίσαντας τοῖς παρατεταγμένοις ἐκ μεταβολῆς ὑποστῆναι, τὴν δὲ λοιπὴν δύναμιν ἐπάγειν, ἐκπλαγεῖς γινόμενοι διὰ

τὸ παράδοξον οἱ Λίβυες ἐγκλίναντες εὐθέως ἔφευγον, ὥς ἂν εἰκῇ καὶ σποράδην ἐπικεῖμενοι. [8] λοιπὸν οἱ μὲν τοῖς κατόπιν ἐπιφερομένοις περιπίπτοντες ἐσφάλλοντο καὶ διέφθειρον αὐτοὺς τε καὶ τοὺς οἰκείους· οἱ δὲ πλείους συνεπατήθησαν, ἐκ χειρὸς τῶν ἱππέων ἐπικειμένων αὐτοῖς καὶ τῶν θηρίων. [9] ἀπώλοντο μὲν οὖν εἰς ἑξακισχιλίους τῶν Λιβύων καὶ τῶν ξένων, ἐάλωσαν δὲ περὶ δισχιλίους· οἱ δὲ λοιποὶ διέφυγον, οἱ μὲν εἰς τὴν πρὸς τῇ γεφύρᾳ πόλιν, οἱ δ' ἐπὶ τὴν πρὸς Ἰτύκῃ παρεμβολήν. [10] Ἀμίλκας δὲ ποιήσας τὸ προτέρημα τὸν προειρημένον τρόπον, εἶπετο κατὰ πόδας τοῖς πολεμίοις καὶ τὴν μὲν ἐπὶ τῆς γεφύρας πόλιν ἐξ ἐφόδου κατέσχευεν, προεμένων καὶ φευγόντων εἰς τὸν Τύνητα τῶν ἐν αὐτῇ πολεμίων, τὴν δὲ λοιπὴν χώραν ἐπιπορευόμενος τὰς μὲν προσήγετο, πλείστας δὲ κατὰ κράτος ἐξήρει. [11] τοῖς δὲ Καρχηδονίοις βραχὺ τι θάρσους ἐνειργάσατο καὶ τόλμης, ἐπὶ ποσὸν αὐτοὺς ἀπαλλάξας τῆς προγεγεννημένης δυσελευστείας.

[1] ὁ δὲ Μάθως αὐτὸς μὲν ἐπὶ τῆς τῶν Ἰπακριτῶν πολιορκίας ἐπέμενε, τοῖς δὲ περὶ τὸν Αὐτάριτον τὸν τῶν Γαλατῶν ἡγεμόνα καὶ Σπένδιον ἔχουσιν τῶν ὑπεναντίων συνεβούλευε, [2] τὰ μὲν πεδία φεύγοντας διὰ τὸ πλῆθος τῶν παρὰ τοῖς ὑπεναντίοις ἱππέων καὶ θηρίων, ταῖς δ' ὑπωρεαῖαις ἀντιπαράγοντας καὶ συνεπιτιθεμένους κατὰ τὰς ὑποπιπτούσας αἰεὶ δυσχερείας. [3] ἅμα δὲ ταῖς ἐπινοίαις ταύταις καὶ πρὸς τοὺς Νομάδας καὶ τοὺς Λίβυας ἐξέπεμπε, δεόμενος βοηθεῖν σφίσι καὶ μὴ καταπροῖσθαι τοὺς ὑπὲρ τῆς ἐλευθερίας καιροῦς. [4] ὁ δὲ Σπένδιος προσλαβὼν ἐκ τοῦ Τύνητος ἀφ' ἑκάστου τῶν γενῶν τοὺς πάντας εἰς ἑξακισχιλίους προῆγε, ταῖς ὑπωρεαῖαις ἀντιπαράγων τοῖς Καρχηδονίοις, ἔχων ἅμα τοῖς προειρημένοις καὶ τοὺς μετ' Αὐταρίτου Γαλάτας, ὄντας εἰς δισχιλίους. [5] τὸ γὰρ λοιπὸν μέρος αὐτῶν τοῦ κατ' ἀρχὰς συστήματος ἡῦτο μολήκει πρὸς τοὺς Ῥωμαίους ἐν ταῖς περὶ τὸν Ἑρκα στρατοπεδείαις. [6] τοῦ δ' Ἀμίλκου παρεμβεβληκότος ἐν τινὶ πεδίῳ πανταχόθεν ὄρεσι περιεχομένῳ, συνέβη τὰς παρὰ τῶν Νομάδων καὶ Λιβύων βοηθείας εἰς τὸν καιρὸν τοῦτον συνάψαι τοῖς περὶ τὸν Σπένδιον. [7] γενομένης δὲ τοῖς Καρχηδονίοις τῆς μὲν τῶν Λιβύων ἐπιστρατοπεδείας αἰφνιδίου καὶ κατὰ πρόσωπον, τῆς δὲ τῶν Νομάδων ἀπ' οὐραῶς, τῆς δὲ περὶ τὸν Σπένδιον ἐκ πλαγίου, μεγάλην αὐτοῖς ἀπορίαν

[1] συνέβη περιστῆναι καὶ δυσέκφευκτον. κατὰ δὲ τὸν καιρὸν τοῦτον Ναραύας, ὃς ἦν μὲν Νομάς τῶν ἐνδοξοτάτων εἷς, ἦν δὲ καὶ

πλήρης ὀρμῆς πολεμικῆς, οὗτος ἀεὶ μὲν οἰκείως διέκειτο πρὸς τοὺς Καρχηδονίους πατρικὴν ἔχων σύστασιν, τότε δὲ μᾶλλον παρωρμήθη διὰ τὴν Ἀμίλκου τοῦ στρατηγοῦ καταξίωσιν. [2] διὸ καὶ νομίσας ἔχειν εὐφυῇ καιρὸν πρὸς ἔντευξιν αὐτῷ καὶ σύστασιν, ἦκεν εἰς τὴν στρατοπεδείαν ἔχων περὶ αὐτὸν Νομάδας εἰς ἑκατόν. [3] καὶ συνεγγίσας τῷ χάρακι τολμηρῶς ἔμενε, κατασείων τῇ χειρί. [4] τοῦ δ' Ἀμίλκου θαυμάσαντος τὴν ἐπιβολὴν καὶ προπέμψαντός τινα τῶν ἱππέων, εἰς λόγους ἔφη βούλεσθαι συνελθεῖν τῷ στρατηγῷ. [5] διαποροῦντος δ' ἀκμὴν καὶ διαπιστοῦντος τοῦ τῶν Καρχηδονίων ἡγεμόνος, παραδούς ὁ Ναραύας τὸν ἵππον καὶ τὰς λόγχας τοῖς μεθ' αὐτοῦ παρῆν ἄνοπλος εὐθαρσῶς εἰς τὴν παρεμβολήν. [6] οἱ δὲ τὰ μὲν ἐθαύμαζον, τὰ δὲ κατεπλήττοντο τὴν τόλμαν· ὅμως δὲ προσεδέξαντο καὶ συνῆλθον εἰς τὰς χεῖρας. [7] ὁ δὲ παραγενόμενος εἰς λόγους ἔφη πᾶσι μὲν Καρχηδονίοις εὐνοεῖν, μάλιστα δ' ἐπιθυμεῖν Βάρκα γενέσθαι φίλος· διὸ καὶ νῦν παρεῖναι συσταθῆσόμενος αὐτῷ καὶ κοινωνήσων ἀδόλως παντὸς ἔργου καὶ πάσης ἐπιβολῆς. [8] Ἀμίλκας δὲ ταῦτ' ἀκούσας οὕτως ἦσθη μεγάλως ἐπὶ τε τῷ κατὰ τὴν παρουσίαν θάρσει καὶ τῇ κατὰ τὴν ἔντευξιν ἀπλότῃ τοῦ νεανίσκου, ὥς οὐ μόνον εὐδόκησε κοινωνὸν αὐτὸν προσλαβέσθαι τῶν πράξεων, ἀλλὰ καὶ τὴν θυγατέρα δώσειν ἐπηγγέιλато μεθ' ὅρκου, διαφυλάξαντος αὐτοῦ τὴν πρὸς Καρχηδονίους πίστιν. [9] γενομένων δὲ τῶν ὁμολογιῶν, ὁ μὲν Ναραύας ἦκε τοὺς ὑφ' αὐτὸν τεταγμένους ἔχων Νομάδας, ὄντας εἰς δισχιλίους, [10] ὁ δ' Ἀμίλκας προσγενομένης αὐτῷ τῆς χειρὸς ταύτης παρετάξατο τοῖς πολεμίοις. οἱ δὲ περὶ τὸν Σπένδιον συνάψαντες ἐπὶ ταῦτό τοις Λίβυσι καὶ καταβάντες εἰς τὸ πεδίον συνέβαλλον τοῖς Καρχηδονίοις. [11] γενομένης δὲ μάχης ἰσχυρᾶς ἐνίκων οἱ περὶ τὸν Ἀμίλκαν, καλῶς μὲν τῶν θηρίων ἀγωνισαμένων, ἐπιφανεστάτην δὲ τοῦ Ναραύα παρασχομένου χρεῖαν. [12] ὁ μὲν οὖν Αὐτάριτος καὶ Σπένδιος διέφυγον, τῶν δὲ λοιπῶν ἔπεσον μὲν εἰς μυρίους, ἐάλωσαν δ' εἰς τετρακισχιλίους. [13] ἐπιτελεσθέντος δὲ τοῦ κατορθώματος, Ἀμίλκας τοῖς μὲν βουλομένοις τῶν αἰχμαλώτων μεθ' ἑαυτοῦ συστρατεύειν ἐξουσίαν ἔδωκε καὶ καθώπλιζε τοῖς ἀπὸ τῶν πολεμίων σκύλοις, [14] τοὺς δὲ μὴ βουλομένους ἀθροίσας παρεκάλει φάσκων, ἕως μὲν τοῦ νῦν συγγνώμην αὐτοῖς ἔχειν τῶν ἡμαρτημένων· διὸ καὶ συγχωρεῖν τρέπεσθαι κατὰ τὰς ἰδίας ὀρμὰς οὗ ποτ' ἂν ἕκαστος αὐτῶν προαιρῇται. [15] μετὰ δὲ ταῦτα διηπειλήσατο μηθένα φέρειν ὄπλον

πολέμιον κατ' αὐτῶν, ὥς, ἐὰν ἄλῳ τις, ἀπαραιτήτου τευξόμενον τιμωρίας.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς οἱ τὴν Σαρδόνα [τὴν νῆσον] παραφυλάττοντες τῶν μισθοφόρων, ζηλώσαντες τοὺς περὶ τὸν Μάθω καὶ Σπένδιον, ἐπιτίθενται τοῖς ἐν τῇ νήσῳ Καρχηδονίοις. [2] καὶ τὸν μὲν τότε παρ' αὐτοῖς ὄντα βοήθαρχον Βώσταρον συγκλείσαντες εἰς τὴν ἀκρόπολιν μετὰ τῶν ἑαυτοῦ πολιτῶν ἀπέκτειναν. [3] αὐθις δὲ τῶν Καρχηδονίων στρατηγὸν ἐξαποστειλάντων μετὰ δυνάμεως Ἄνωνα, κᾶπειτα καὶ τούτων τῶν δυνάμεων ἐγκαταλιπουσῶν τὸν Ἄνωνα καὶ μεταθεμένων πρὸς σφᾶς, [4] γενόμενοι ζωγρία κύριοι τοῦ προειρημένου, παραυτίκα τοῦτον μὲν ἀνεσταύρωσαν, μετὰ δὲ ταῦτα παρηλλαγμένας ἐπινοοῦντες τιμωρίας πάντας τοὺς ἐν τῇ νήσῳ Καρχηδονίους στρεβλοῦντες ἀπέκτειναν: [5] καὶ τὸ λοιπὸν ἤδη ποιησάμενοι τὰς πόλεις ὑφ' ἑαυτοὺς εἶχον ἐγκρατῶς τὴν νῆσον, ἕως οὗ στασιάσαντες πρὸς τοὺς Σαρδόνιους ἐξέπεσον ὑπ' ἐκείνων εἰς τὴν Ἰταλίαν. [6]

[1] ἡ μὲν οὖν Σαρδὼ τοῦτον τὸν τρόπον ἀπηλλοτριώθη Καρχηδονίων, νῆσος καὶ τῷ μεγέθει καὶ τῇ πολυανθρωπία καὶ τοῖς γεννήμασι διαφέρουσα. [7] τῷ δὲ πολλοὺς καὶ πολὺν ὑπὲρ αὐτῆς πεποιῆσθαι λόγον οὐκ ἀναγκαῖον ἡγοῦμεθ' εἶναι ταυτολογεῖν ὑπὲρ τῶν ὁμολογουμένων. [8] Μάθως δὲ καὶ Σπένδιος, ἅμα δὲ τούτοις Αὐτάριτος ὁ Γαλάτης ὑπιδόμενοι τὴν Ἀμίλκου φιλανθρωπίαν εἰς τοὺς αἰχμαλώτους καὶ φοβηθέντες μὴ τῷ τοιούτῳ τρόπῳ ψυχαγωγηθέντες ὀρμήσωσι πρὸς τὴν ὑποδεικνυμένην ἀσφάλειαν οἷ τε Λίβυες καὶ τὸ τῶν μισθοφόρων πλῆθος, ἐβουλεύοντο πῶς ἂν καινοτομήσαντές τι τῶν πρὸς ἀσέβειαν εἰς τέλος ἀποθηριώσειαν τὰ πλήθη πρὸς τοὺς Καρχηδονίους. [9] ἔδοξεν οὖν αὐτοῖς συναθροῖσαι τοὺς πολλούς. γενομένου δὲ τούτου γραμματοφόρον εἰσήγαγον, ὥς ἀπεσταλμένον ὑπὸ τῶν ἐκ τῆς Σαρδόνης αἰρετιστῶν. [10] ἡ δ' ἐπιστολὴ διεσάφει τὸν τε Γέσκωνα καὶ τοὺς μετ' αὐτοῦ πάντας, οὓς παρεσπόνδησαν ἐν τῷ Τύνητι, καθάπερ ἐπάνω προεῖπον, φυλάττειν ἐπιμελῶς, ὥς πραττόντων τινῶν ἐκ τοῦ στρατοπέδου τοῖς Καρχηδονίοις ὑπὲρ τῆς τούτων σωτηρίας. [11] λαβόμενος δὲ τῆς ἀφορμῆς ταύτης ὁ Σπένδιος πρῶτον μὲν παρεκάλει μὴ πιστεύειν τὴν ὑπὸ τοῦ στρατηγοῦ τοῦ τῶν Καρχηδονίων γεγεννημένην φιλανθρωπίαν πρὸς τοὺς αἰχμαλώτους: [12] οὐ γὰρ σῶσαι προαιρούμενον αὐτὸν ταῦτα βεβουλεῦσθαι περὶ τῶν ἀλόντων, ἀλλὰ

διὰ τῆς ἐκεῖνων ἀφέσεως ἡμῶν ἐγκρατῇ γενέσθαι σπουδάζοντα, πρὸς τὸ μὴ τινὰς ἀλλὰ πάντας ἡμᾶς ἅμα τιμωρήσασθαι πιστεύσαντας αὐτῷ. [13] πρὸς δὲ τούτοις φυλάττεσθαι παρήνει μὴ προέμενοι τοὺς περὶ τὸν Γέσκωνα καταφρονηθῶσι μὲν ὑπὸ τῶν ἐχθρῶν, μεγάλα δὲ βλάβῃσι τὰς ἰδίας πράξεις, ἄνδρα τοιοῦτον καὶ στρατηγὸν ἀγαθὸν ἔασαντες διαφυγεῖν, ὃν εἰκὸς ἐχθρὸν αὐτοῖς ἔσσεσθαι φοβερώτατον. [14] ἔτι δὲ ταῦτα λέγοντος αὐτοῦ παρῆν ἄλλος γραμματοφόρος, ὡς ἀπὸ τῶν ἐκ τοῦ Τύνητος ἀπεσταλμένος, παραπλήσια τοῖς ἐκ τῆς Σαρδόνης διασαφῶν. ἐφ' ὃν Αὐτάριτος ὁ Γαλάτης ἐπιβαλὼν μίαν ἔφη σωτηρίαν εἶναι τοῖς ἑαυτῶν πράγμασι τὸ πάσας ἀπογνῶναι τὰς ἐν Καρχηδονίοις ἐλπίδας: [2] ἔως δ' ἂν ἀντέχῃται τις τῆς ἐκεῖνων φιλανθρωπίας, οὐ δυνατόν αὐτοῖς ἀληθινὸν γενέσθαι τὸν τοιοῦτον σύμμαχον. [3] διόπερ ἡξίου τούτοις πιστεύειν, τούτοις ἀκούειν, τοῖς τοιούτοις προσέχειν τὸν νοῦν, οἵτινες ἂν αἰεὶ τι τῶν ἀπεχθεστάτων καὶ πικροτάτων εἰσαγγέλλωσι κατὰ Καρχηδονίων: τοὺς δ' ἐναντία τούτοις λέγοντας προδότας καὶ πολεμίους ἡγεῖσθαι παρήνει. [4] ταῦτα δ' εἰπὼν συνεβούλευε τὸν τε Γέσκωνα καὶ τοὺς μετ' αὐτοῦ συλληφθέντας καὶ τοὺς ὕστερον γενομένους αἰχμαλώτους τῶν Καρχηδονίων αἰκισαμένους ἀποκτεῖναι. [5] πρακτικώτατος δ' ἦν οὗτος ἐν ταῖς συμβουλίαις διὰ τὸ πολλοὺς τὴν φωνὴν αὐτοῦ συνιέναι. [6] πάλοι γὰρ στρατευόμενος ἤδει διαλέγεσθαι Φοινικιστί: ταύτῃ δὲ πῶς οἱ πλεῖστοι συνεσαίνοντο τῇ διαλέκτῳ διὰ τὸ μῆκος τῆς προγεγενημένης στρατείας. [7] διόπερ ἐπαινέσαντος αὐτὸν ὁμοθυμαδὸν τοῦ πλήθους, οὗτος μὲν εὐδοκιμῶν ἀνεχώρησεν. [8] πολλῶν δὲ προπορευομένων ἀφ' ἐκάστου γένους ἅμα καὶ βουλομένων αὐτὴν παραιτεῖσθαι τὴν αἰκίαν διὰ τὰς γεγενημένας ἐκ τοῦ Γέσκωνος εἰς αὐτοὺς εὐεργεσίας, οὔτε μὴν τῶν λεγομένων οὐθὲν ἦν συνετόν, ὡς ἂν ἅμα πολλῶν, ἐκάστου δὲ κατὰ τὴν ἰδίαν διάλεκτον συμβουλευόντος: [9] ἐπεὶ δὲ καὶ παρεγυμνώθη διότι τὴν τιμωρίαν παραιτοῦνται, καὶ τις ἐκ τῶν καθημένων εἶπεν βάλλε, πάντας ἅμα κατέλευσαν τοὺς προπορευθέντας. [10] καὶ τούτους μὲν ὥσπερ ὑπὸ θηρίων διεφθαρμένους ἐξέφερον οἱ προσήκοντες. [11] τοὺς δὲ περὶ τὸν Γέσκωνα λαβόντες, ὄντας εἰς ἑπτακοσίους, ἤγον ἐκ τοῦ χάρακος οἱ περὶ τὸν Σπένδιον: καὶ προαγαγόντες βραχὺ πρὸ τῆς στρατοπεδείας πρῶτον μὲν ἀπέκοπτον τὰς χεῖρας, [12] ποιούμενοι τὴν ἀρχὴν ἀπὸ τοῦ Γέσκωνος, ὃν βραχεὶ χρόνῳ πρότερον ἐκ πάντων Καρχηδονίων προκρίναντες ἀνέδειξαν μὲν εὐεργέτην αὐτῶν,

ἐπέτρεψαν δὲ περὶ τῶν ἀμφισβητούμενων. [13] ἐπειδὴ δὲ τὰς χεῖρας ἀπέκοψαν, ἠκρωτηρίαζον τοὺς ταλαιπώρους· κολοβώσαντες δὲ καὶ τὰ σκέλη συντρίψαντες ἔτι ζῶντας ἔρριψαν εἰς τινα τάφρον.

[1] οἱ δὲ Καρχηδόνιοι τοῦ δυστυχήματος αὐτοῖς ἀναγγελθέντος ποιεῖν μὲν οὐδὲν εἶχον, ἐσχετλίαζον δὲ καὶ περιπαθεῖς γινόμενοι τῇ συμφορᾷ πρὸς μὲν Ἀμίλκαν καὶ τὸν ἕτερον τῶν στρατηγῶν Ἄννωνα πρεσβευτὰς ἐξέπεμπον, δεόμενοι βοηθεῖν καὶ τιμωρεῖν τοῖς ἡτυχηκόσι. [2] πρὸς δὲ τοὺς ἡσεβηκότας κήρυκας ἐξαπέστελλον περὶ τῆς τῶν νεκρῶν ἀναιρέσεως. [3] οἱ δ' οὐτ' ἔδοσαν, προεῖπόν τε τοῖς παροῦσιν μήτε κήρυκα πέμπειν πρὸς σφᾶς μήτε πρεσβευτήν, ὥς τῆς αὐτῆς κολάσεως ὑπομενούσης τοὺς παραγενομένους ἥς νῦν Γέσκων τέτευχε. [4] πρὸς δὲ τὸ λοιπὸν ἐδογματοποίησαν καὶ παρήνεσαν αὐτοῖς, ὃν μὲν ἂν λάβωσιν Καρχηδονίων, τιμωρησαμένους ἀποκτείνειν· ὃν δ' ἂν τῶν συμμαχούντων αὐτοῖς, ἀποκόψαντας τὰς χεῖρας αὐθις εἰς Καρχηδόν' ἀποπέμπειν. ὃ δὴ καὶ διετέλεσαν ἐπιμελῶς ποιοῦντες. [5] διόπερ εἰς ταῦτα βλέπων οὐκ ἂν τις εἰπεῖν ὀκνήσειεν ὥς οὐ μόνον τὰ σώματα τῶν ἀνθρώπων καὶ τινα τῶν ἐν αὐτοῖς γεννωμένων ἐλκῶν καὶ φυμάτων ἀποθηριοῦσθαι συμβαίνει καὶ τελέως ἀβοήθητα γίνεσθαι, πολὺ δὲ μάλιστα τὰς ψυχάς. [6] ἐπὶ τε γὰρ τῶν ἐλκῶν, ἐὰν μὲν θεραπείαν τοῖς τοιοῦτοις προσάγῃ τις, ὑπ' αὐτῆς ἐνίοτε ταύτης ἐρεθιζόμενα θάττον ποιεῖται τὴν νομὴν· ἐὰν δὲ πάλιν ἀφῇ, κατὰ τὴν ἐξ αὐτῶν φύσιν φθείροντα τὸ συνεχὲς οὐκ ἴσχει παῦλαν, ἕως ἂν ἀφανίσῃ τὸ ὑποκείμενον· [7] ταῖς τε ψυχαῖς παραπλησίως τοιαῦται πολλάκις ἐπιφύονται μελανία καὶ σηπεδόνες ὥστε μηδὲν ἀσεβέστερον ἀνθρώπου μηδ' ὠμότερον ἀποτελεῖσθαι τῶν ζώων. [8] οἷς ἐὰν μὲν συγγνώμην τινὰ προσάγῃς καὶ φιλανθρωπίαν, ἐπιβουλήν καὶ παραλογισμόν ἡγούμενοι τὸ συμβαῖνον ἀπιστότεροι καὶ δυσμενέστεροι γίνονται πρὸς τοὺς φιλανθρωποῦντας· [9] ἐὰν δ' ἀντιτιμωρῇ, διαμιλλώμενοι τοῖς θυμοῖς οὐκ ἔστι τι τῶν ἀπειρημένων ἢ δεινῶν ὁποῖον οὐκ ἀναδέχονται, σὺν καλῷ τιθέμενοι τὴν τοιαύτην τόλμαν· τέλος δ' ἀποθηριοθέντες ἐξέστησαν τῆς ἀνθρωπίνης φύσεως. [10] τῆς δὲ διαθέσεως ἀρχηγὸν μὲν καὶ μεγίστην μερίδα νομιστέον ἔθῃ μοχθηρὰ καὶ τροφὴν ἐκ παίδων κακὴν, συνεργὰ δὲ καὶ πλείω, μέγιστα δὲ τῶν συνεργῶν τὰς αἰεὶ τῶν προεστώτων ὕβρεις καὶ πλεονεξίας. [11] ἃ δὴ τότε συνέβαινε καὶ περὶ μὲν τὸ σύστημα τῶν μισθοφόρων, ἔτι δὲ μᾶλλον περὶ τοὺς ἡγεμόνας αὐτῶν ὑπάρχειν.

[1] Ἀμίλκας δὲ δυσχρηστούμενος τῇ τῶν πολεμίων ἀπονοία τὸν μὲν Ἄνωνα πρὸς ἑαυτὸν ἐκάλει, πεπεισμένος ἀθροισθέντων ὁμοῦ τῶν στρατοπέδων θᾶπτον ἐπιθήσειν τέλος τοῖς ὅλοις. [2] τῶν δὲ πολεμίων οὓς ποτε κρατήσῃ, τοὺς μὲν ἐν χειρῶν νόμῳ διέφθειρεν, τοὺς δὲ ζωγρία πρὸς αὐτὸν εἰσαναχθέντας ὑπέβαλλε τοῖς θηρίοις, μίαν ὁρῶν λύσιν αὐτήν, εἰ δυνηθεῖν τοὺς ἐχθροὺς ἄρδην ἀφανίσει. [3] δοκούντων δὲ τῶν Καρχηδονίων ἐπικυδεστέρας ἐλπίδας ἔχειν ἤδη κατὰ τὸν πόλεμον, γίνεται τις ὀλοσχερῆς καὶ παράδοξος περὶ αὐτοὺς παλίρροια τῶν πραγμάτων. [4] οἳ τε γὰρ στρατηγοὶ συνελθόντες ἐπὶ ταῦτο διεστασίασαν πρὸς σφᾶς ἐπὶ τοσοῦτον ὥστε μὴ μόνον τοὺς κατὰ τῶν ἐχθρῶν παραλείπειν καιροὺς, ἀλλὰ καὶ κατὰ σφῶν αὐτῶν πολλὰς ἀφορμὰς διδόναι τοῖς ὑπεναντίοις διὰ τὴν πρὸς ἀλλήλους φιλονικίαν. [5] ἃ δὴ καὶ συνέντες οἱ Καρχηδόνιοι τῷ μὲν ἐνὶ τῶν στρατηγῶν ἀπαλλάττεσθαι προσέταξαν, τῷ δ' ἐτέρῳ μένειν, ὃν ἂν αἱ δυνάμεις προκρίνωσιν. [6] ἅμα δὲ τούτοις καὶ τὰς παρακομιζομένας ἀγορὰς ἐκ τῶν παρ' αὐτοῖς καλουμένων Ἐμπορίων, ἐφ' αἷς εἶχον τὰς μεγίστας ἐλπίδας περὶ τε τῆς τροφῆς καὶ τῶν ἄλλων ἐπιτηδείων, διαφθαρῆναι συνέβη κατὰ θάλατταν ὀλοσχερῶς ὑπὸ χειμῶνος. [7] τὰ δὲ κατὰ τὴν Σαρδόνα, καθάπερ ἐπάνω προεῖπον, ἐτύγγανεν ἀπηλλοτριωμένα, μεγάλας αὐτοῖς αἰεὶ ποτε χρείας παρεχομένης τῆς νήσου ταύτης κατὰ τὰς περιστάσεις. [8] τὸ δὲ μέγιστον, ἢ τῶν Ἰππακριτῶν καὶ τῶν Ἰτυκαίων ἀπέστη πόλις, αἵτινες ἐτύγγανον μόναι τῶν κατὰ τὴν Λιβύην οὐ μόνον τὸν ἐνεστώτα πόλεμον ἀναδεδεγμένοι γενναίως, ἀλλὰ καὶ τοὺς κατ' Ἀγαθοκλέα καιροὺς καὶ τὴν Ῥωμαίων ἔφοδον εὐγενῶς ὑπομεμενηκυῖαι καὶ συλλήβδην οὐδέποτε βεβουλευμένοι Καρχηδονίοις οὐδὲν ὑπεναντίον. [9] τότε δὲ χωρὶς τῆς ἀλόγου πρὸς τοὺς Λίβυας ἀποστάσεως καὶ διὰ τῆς μεταθέσεως εὐθέως τούτοις μὲν τὴν μεγίστην οἰκειότητα καὶ πίστιν ἐναπεδείξαντο, πρὸς δὲ τοὺς Καρχηδονίους ἀπαραίτητον ὀργὴν ἐνεστήσαντο καὶ μῖσος. [10] τοὺς μὲν γὰρ παραβεβοηθηκότας αὐτοῖς παρ' ἐκείνων, ὄντας εἰς πεντακοσίους, καὶ τὸν ἡγεμόνα τούτων ἀποκτείναντες ἅπαντας ἔρριψαν κατὰ τοῦ τείχους, τὴν δὲ πόλιν ἐνεχείρισαν τοῖς Λίβυσι: τοῖς γε μὴν Καρχηδονίοις οὐδὲ θάψαι συνεχώρησαν τοὺς ἡτυχηκότας αἰτουμένοις. [11] τούτων δὲ συμβαινόντων οἱ μὲν περὶ τὸν Μάθω καὶ Σπένδιον ἐπαρθέντες τοῖς συμβεβηκόσιν πολιορκεῖν ἐνεχείρησαν αὐτὴν τὴν Καρχηδόνα. [12] Βάρκας δὲ παραλαβὼν Ἀννίβαν τὸν στρατηγόν: τοῦτον γὰρ

ἐξαπέστειλαν οἱ πολῖται πρὸς τὰς δυνάμεις, ἐπεὶ τὸν Ἄνωνα τὸ στρατόπεδον ἔκρινε δεῖν ἀπαλλάττεσθαι κατὰ τὴν ὑπὸ τῶν Καρχηδονίων αὐτοῖς δοθεῖσαν ἐπιτροπὴν περὶ τὰς γενομένας τῶν στρατηγῶν στάσεις πρὸς ἀλλήλους· [13] διόπερ Ἀμίλκας ἔχων τοῦτόν τε καὶ Ναραύαν ἐπήει τὴν χώραν, διακλείων τὰς χορηγίας τοῖς περὶ τὸν Μάθω καὶ Σπένδιον, μεγίστην αὐτῷ παρεχομένου χρεῖαν περὶ τε ταῦτα καὶ τᾶλλα Ναραύα τοῦ Νομάδος. [14]

[1] τὰ μὲν οὖν περὶ τὰς ὑπαίθρους δυνάμεις ἐν τούτοις ἦν. οἱ δὲ Καρχηδόνιοι περικλειόμενοι πανταχόθεν ἠναγκάζοντο καταφεύγειν ἐπὶ τὰς συμμαχίδων πόλεων [2] ἐλπίδας. Ἰέρων δ' αἰεὶ μὲν ποτε κατὰ τὸν ἐνεστῶτα πόλεμον μεγάλην ἐποιεῖτο σπουδὴν εἰς πᾶν τὸ παρακαλούμενον ὑπ' αὐτῶν, [3] τότε δὲ καὶ μᾶλλον ἐφιλοτιμεῖτο, πεπεισμένος συμφέρειν ἑαυτῷ καὶ πρὸς τὴν ἐν Σικελίᾳ δυναστείαν καὶ πρὸς τὴν Ῥωμαίων φιλίαν τὸ σῶζεσθαι Καρχηδονίους, ἵνα μὴ παντάπασι ἐξῇ τὸ προτεθὲν ἀκονιτὶ συντελεῖσθαι τοῖς ἰσχύουσι, πάνυ φρονίμως καὶ νουνεχῶς λογιζόμενος. [4] οὐδέποτε γὰρ χρή τὰ τοιαῦτα παρορᾶν οὐδὲ τηλικαύτην οὐδενὶ συγκατασκευάζειν δυναστείαν, πρὸς ἣν οὐδὲ περὶ τῶν ὁμολογουμένων ἐξέσται δικαίων ἀμφισβητεῖν. [5] οὐ μὴν ἀλλὰ καὶ Ῥωμαῖοι τηροῦντες τὰ κατὰ τὰς συνθήκας δίκαια προθυμίας οὐδὲν ἀπέλειπον. [6] ἐν ἀρχαῖς μὲν γὰρ ἐγένετό τις ἀμφισβήτησις ἐξ ἀμφοῖν διὰ τινας τοιαύτας αἰτίας. [7] τῶν Καρχηδονίων τοὺς πλείοντας ἐξ Ἰταλίας εἰς Λιβύην καὶ χορηγοῦντας τοῖς πολεμίοις καταγόντων ὥς αὐτούς, καὶ σχεδὸν ἄθροισθέντων τούτων εἰς τὴν φυλακὴν εἰς τοὺς πεντακοσίους, ἠγανάκτησαν οἱ Ῥωμαῖοι. [8] μετὰ δὲ ταῦτα διαπρεσβευσάμενοι καὶ κομισάμενοι διὰ λόγου πάντας ἐπὶ τοσοῦτον εὐδόκησαν ὥστε παραχρῆμα τοῖς Καρχηδονίοις ἀντιδωρῆσασθαι τοὺς ὑπολειπομένους παρ' αὐτοῖς αἰχμαλώτους ἐκ τοῦ περὶ Σικελίαν πολέμου. [9] ἀπὸ δὲ τούτου τοῦ καιροῦ πρὸς ἕκαστα τῶν παρακαλουμένων ἐτοίμως καὶ φιλανθρώπως ὑπήκουον. [10] διὸ καὶ πρὸς μὲν τοὺς Καρχηδονίους ἐπέτρεψαν τοῖς ἐμπόροις ἐξαγαγεῖν αἰεὶ τὸ κατεπεῖγον, πρὸς δὲ τοὺς πολεμίους ἐκώλυσαν. [11] μετὰ δὲ ταῦτα τῶν μὲν ἐν τῇ Σαρδόνι μισθοφόρων, καθ' ὃν καιρὸν ἀπὸ τῶν Καρχηδονίων ἀπέστησαν, ἐπισπωμένων αὐτοὺς ἐπὶ τὴν νῆσον οὐχ ὑπήκουσαν· τῶν δ' Ἰτυκαίων ἐγχειριζόντων σφᾶς, οὐ προσεδέξαντο, τηροῦντες τὰ κατὰ τὰς συνθήκας δίκαια. [12]

[1] Καρχηδόνιοι μὲν οὖν τῆς παρὰ τῶν προειρημένων φίλων

τυγχάνοντες ἐπικουρίας ὑπέμενον τὴν πολιορκίαν. τοῖς δὲ περὶ τὸν Μάθω καὶ Σπένδιον οὐχ ἤττον πολιορκεῖσθαι συνέβαινεν ἢ πολιορκεῖν. [2] εἰς τοιαύτην γὰρ αὐτοὺς οἱ περὶ τὸν Ἀμίλκαν ἔνδειαν καθίστασαν τῶν ἐπιτηδείων ὥστ' ἀναγκασθῆναι τέλος αὐτοὺς διαλῦσαι τὴν πολιορκίαν. [3] μετὰ δέ τινα χρόνον ἀθροίσαντες τῶν τε μισθοφόρων τοὺς ἀρίστους καὶ Λιβύων, τοὺς ἅπαντας εἰς πεντακισμύριους, μεθ' ὧν ἦν καὶ Ζάρζας ὁ Λίβυς ἔχων τοὺς ὑφ' αὐτὸν ταττομένους, ὥρμησαν αὐθις ἀντιπαράγειν ἐν τοῖς ὑπαίθροις καὶ τηρεῖν τοὺς περὶ τὸν Ἀμίλκαν. [4] τῶν μὲν οὖν πεδινῶν τόπων ἀπείχοντο, καταπεπληγμένοι τὰ θηρία καὶ τοὺς περὶ τὸν Ναραύαν ἱππεῖς, τοὺς δ' ὀρεινοὺς καὶ στενοὺς ἐπειρῶντο προκαταλαμβάνειν. [5] ἐν οἷς καιροῖς συνέβη ταῖς μὲν ἐπιβολαῖς καὶ τόλμαις μηδὲν αὐτοὺς λείπεσθαι τῶν ὑπεναντίων, διὰ δὲ τὴν ἀπειρίαν πολλάκις ἐλαττοῦσθαι. [6] τότε γὰρ ἦν, ὡς ἔοικε, συνιδεῖν ἐπ' αὐτῆς τῆς ἀληθείας πηλίκην ἔχει διαφορὰν ἐμπειρία μεθοδικὴ καὶ στρατηγικὴ δύναμις ἀπειρίας καὶ τριβῆς ἀλόγου καὶ στρατιωτικῆς. [7] πολλοὺς μὲν γὰρ αὐτῶν ἐν ταῖς κατὰ μέρος χρεῖαις ἀποτεμνόμενος καὶ συγκλείων ὥσπερ ἀγαθὸς πεττευτὴς ἀμαχεὶ διέφθειρε, [8] πολλοὺς δ' ἐν τοῖς ὀλοσχερέσι κινδύνοις τοὺς μὲν εἰς ἐνέδρας ἀνυπονοήτους ἐπαγόμενος ἀνήρει, τοῖς δ' ἀνελπίστως καὶ παραδόξως ποτὲ μὲν μεθ' ἡμέραν ποτὲ δὲ νύκτωρ ἐπιφαινόμενος ἐξέπληττεν: ὧν ὅσους λάβοι ζωγρία, πάντα παρέβαλλε τοῖς θηρίοις. [9] τέλος δ' ἐπιστρατοπεδεύσας αὐτοῖς ἀνυπονοήτως ἐν τόποις ἀφυέσι μὲν πρὸς τὴν ἐκείνων χρεῖαν εὐφυέσι δὲ πρὸς τὴν ἑαυτοῦ δύναμιν εἰς τοῦτ' ἤγαγε περιστάσεως ὥστε μήτε διακινδυνεύειν τολμῶντας μήτ' ἀποδρᾶναι δυναμένους διὰ τὸ τάφρω καὶ χάρακι περιειληφθαι πανταχόθεν τέλος ὑπὸ τῆς λιμοῦ συναγομένους ἐσθίειν ἀλλήλων ἀναγκασθῆναι, [10] τοῦ δαιμονίου τὴν οἰκείαν ἀμοιβὴν αὐτοῖς ἐπιφέροντος τῇ πρὸς τοὺς πέλας ἀσεβείᾳ καὶ παρανομίᾳ. [11] πρὸς μὲν γὰρ τὸν κίνδυνον οὐκ ἐτόλμων ἐξιέναι, προδήλου τῆς ἥττης καὶ τῆς τιμωρίας τοῖς ἀλίσκομένοις ὑπαρχούσης, περὶ δὲ διαλύσεως οὐδ' ὑπενόουν ποιεῖσθαι μνήμην, συνειδότες σφίσι τὰ πεπραγμένα. [12] προσανέχοντες δ' αἰεὶ ταῖς ἐκ τοῦ Τύνητος βοθηταῖς διὰ τὰς τῶν ἡγουμένων ἐπαγγελίας πᾶν ὑπέμενον ποιεῖν κατὰ σφῶν αὐτῶν.

[1] ἐπεὶ δὲ κατεχρήσαντο μὲν ἀσεβῶς τοὺς αἰχμαλώτους, τροφῇ ταύτῃ χρώμενοι, κατεχρήσαντο δὲ τὰ δουρικὰ τῶν σωμάτων, ἐβοήθει δ' ἐκ τοῦ Τύνητος οὐδεὶς, [2] τότε προδήλου τῆς αἰκίας διὰ τὴν

περικάκησιν ἐκ τῶν πολλῶν τοῖς ἡγεμόσιν ὑπαρχούσης, ἔκριναν οἱ περὶ τὸν Αὐτάριτον καὶ Ζάρζαν καὶ Σπένδιον ἐγχειρίζειν ἑαυτοὺς τοῖς πολεμίοις καὶ διαλαλεῖν περὶ διαλύσεως Ἀμίλκα. [3] πέμψαντες οὖν κήρυκα καὶ λαβόντες συγχώρημα περὶ πρεσβείας ἦκον, ὄντες δέκα, πρὸς τοὺς Καρχηδονίους. [4] πρὸς οὓς Ἀμίλκας ὁμολογίας ἐποίησατο τοιαύτας: ἐξεῖναι Καρχηδονίοις ἐκλέξασθαι τῶν πολεμίων οὓς ἂν αὐτοὶ βούλωνται δέκα: τοὺς δὲ λοιποὺς ἀφιέναι μετὰ χιτῶνος. [5] γενομένων δὲ τούτων εὐθέως Ἀμίλκας ἔφη τοὺς παρόντας ἐκλέγεσθαι κατὰ τὰς ὁμολογίας. τῶν μὲν οὖν περὶ τὸν Αὐτάριτον καὶ Σπένδιον καὶ τῶν ἄλλων τῶν ἐπιφανεστάτων ἡγεμόνων τοῦτον τὸν τρόπον ἐκυρίευσαν οἱ Καρχηδόνιοι. [6] τῶν δὲ Λιβύων, ἐπεὶ τὴν σύλληψιν ἦσθοντο τῶν ἡγεμόνων, νομισάντων αὐτοὺς παρεσπονδῆσθαι διὰ τὸ τὰς συνθήκας ἀγνοεῖν, καὶ διὰ ταύτην τὴν αἰτίαν ὀρμησάντων ἐπὶ τὰ ὅπλα, [7] περιστήσας αὐτοῖς Ἀμίλκας τὰ τε θηρία καὶ τὴν λοιπὴν δύναμιν ἅπαντας διέφθειρε, πλείους ὄντας τῶν τετρακισμυρίων, περὶ τὸν τόπον τὸν Πρίονα καλούμενον: ὃν συμβαίνει διὰ τὴν ὁμοιότητα τοῦ σχήματος πρὸς τὸ νῦν εἰρημένον ὄργανον ταύτης τετευχέναι τῆς προσηγορίας.

[1] πράξας δὲ τὰ προδεδηλωμένα τοῖς μὲν Καρχηδονίοις αὐθις ἐλπίδα παρέστησε μεγάλην πρὸς τὸ βέλτιον, καίπερ ἀπεγνωκόσιν ἤδη τὴν σωτηρίαν: αὐτὸς δὲ μετὰ Ναραύα καὶ μετ' Ἀννίβου τὴν χώραν ἐπῆει καὶ τὰς πόλεις. [2] προσχωρούντων δὲ καὶ μετατιθεμένων πρὸς αὐτοὺς τῶν Λιβύων διὰ τὸ γεγονὸς εὐτύχημα, ποιησάμενοι τὰς πλείστας πόλεις ὑφ' ἑαυτοὺς ἦκον ἐπὶ τὸν Τύνητα καὶ πολιορκεῖν ἐνεχείρησαν τοὺς περὶ τὸν Μάθω. [3] κατὰ μὲν οὖν τὴν ἀπὸ Καρχηδόνης πλευρὰν προσεστρατοπέδευσεν Ἀννίβας, κατὰ δὲ τὴν ἀπέναντι ταύτης Ἀμίλκας. [4] μετὰ δὲ ταῦτα προσαγαγόντες πρὸς τὰ τεῖχη τοὺς περὶ τὸν Σπένδιον αἰχμαλώτους ἐσταύρωσαν ἐπιφανῶς. [5] οἱ δὲ περὶ τὸν Μάθω κατανοήσαντες τὸν Ἀννίβαν ῥαθύμως καὶ κατατεθαρρηκότως ἀναστρεφόμενον, ἐπιθέμενοι τῷ χάρακι πολλοὺς μὲν τῶν Καρχηδονίων ἀπέκτειναν, πάντας δ' ἐξέβαλον ἐκ τῆς στρατοπεδείας, ἐκυρίευσαν δὲ καὶ τῆς ἀποσκευῆς ἀπάσης, ἔλαβον δὲ καὶ τὸν στρατηγὸν Ἀννίβαν ζωγρία. [6] τοῦτον μὲν οὖν παραχρῆμα πρὸς τὸν τοῦ Σπενδίου σταυρὸν ἀγαγόντες καὶ τιμωρησάμενοι πικρῶς ἐκείνον μὲν καθεῖλον, τοῦτον δ' ἀνέθεσαν ζῶντα καὶ περικατέσφαξαν τριάκοντα τῶν Καρχηδονίων τοὺς ἐπιφανεστάτους περὶ τὸ τοῦ Σπενδίου σῶμα, [7] τῆς τύχης ὥσπερ ἐπίτηδες ἐκ

παραθέσεως ἀμφοτέροις ἐναλλάξ διδούσης ἀφορμὰς εἰς ὑπερβολὴν τῆς κατ' ἀλλήλων τιμωρίας. [8] ὁ δὲ Βάρκας ὅψε μὲν συνῆκε τὴν ἐπίθεσιν τῶν ἐκ τῆς πόλεως διὰ τὴν ἀπόστασιν τῶν στρατοπέδων: οὐδὲ μὴν συνεῖς οὐδ' οὕτως κατετάχει πρὸς τὴν βοήθειαν διὰ τὰς μεταξὺ δυσχωρίας. [9] διόπερ ἀναζεύξας ἀπὸ τοῦ Τύνητος καὶ παρελθὼν ἐπὶ τὸν Μακάραν ποταμὸν κατεστρατοπέδευσε πρὸς τῷ στόματι τοῦ ποταμοῦ καὶ τῇ θαλάττῃ.

[1] οἱ δὲ Καρχηδόνιοι παραδόξου τῆς περιπετείας αὐτοῖς φανείσης δυσθύμως καὶ δυσελπίστως εἶχον πάλιν: ἄρτι γὰρ ἀναθαρροῦντες ταῖς ψυχαῖς παρὰ πόδας ἐπιπτον αὐθις ταῖς ἐλπίσιν. [2] οὐ μὴν ἀφίσταντο τοῦ ποιεῖν τὰ πρὸς τὴν σωτηρίαν. [3] διὸ καὶ τριάκοντα μὲν τῆς γερουσίας προχειρισάμενοι καὶ μετὰ τούτων τὸν πρότερον μὲν ἀπελθόντα στρατηγὸν Ἄνωνα, τότε δ' ἐπαναγαγόντα, σὺν δὲ τούτοις τοὺς ὑπολοίπους τῶν ἐν ταῖς ἡλικίαις καθοπλίσαντες, οἷον ἐσχάτην τρέχοντες ταύτην, ἐξαπέστελλον πρὸς τὸν Βάρκαν, [4] ἐντειλάμενοι πολλὰ τοῖς τῆς γερουσίας κατὰ πάντα τρόπον διαλυῖν τοὺς στρατηγοὺς ἐκ τῆς προγεγενημένης διαφορᾶς καὶ συμφρονεῖν σφᾶς ἀναγκάσαι, βλέψαντας εἰς τὰ παρόντα τῶν πραγμάτων. [5] ὧν πολλοὺς καὶ ποικίλους διαθεμένων λόγους, ἐπειδὴ συνήγαγον ὁμόσε τοὺς στρατηγοὺς, ἠναγκάσθησαν συγχωρεῖν καὶ πείθεσθαι τοῖς λεγομένοις οἱ περὶ τὸν Ἄνωνα καὶ τὸν Βάρκαν, [6] καὶ τὸ λοιπὸν ἤδη συμφρονήσαντες μιᾷ γνώμῃ πάντα κατὰ νοῦν ἔπραττον τοῖς Καρχηδονίοις, [7] ὥστε τοὺς περὶ τὸν Μάθω δυσχρηστουμένους ἐν τοῖς κατὰ μέρος κινδύνοις — πολλοὺς γὰρ ἐποιήσαντο περὶ τε τὴν Λέπτιν προσαγορευομένην καὶ τινὰς τῶν ἄλλων πόλεων — τέλος ἐπὶ τὸ διὰ μάχης κρίνειν ὁρμῆσαι τὰ πράγματα, προθύμως ἐχόντων πρὸς τοῦτο τὸ μέρος καὶ τῶν Καρχηδονίων. [8] διόπερ ἀμφοτέροι τοῦτο προθέμενοι παρεκάλουν μὲν πάντας τοὺς συμμάχους πρὸς τὸν κίνδυνον, συνήγον δὲ τὰς φρουράς ἐκ τῶν πόλεων, ὥς ἂν μέλλοντες ἐκκυβεύειν ὑπὲρ τῶν ὅλων. [9] ἐπειδὴ δ' ἑκατέροις ἦν τὰ πρὸς τὴν ἐπιβολὴν ἔτοιμα, παραταξάμενοι συνέβαλλον ἀλλήλοις ἐξ ὁμολόγου. [10] γενομένου δὲ τοῦ νικήματος κατὰ τοὺς Καρχηδονίους, οἱ μὲν πλεῖστοι τῶν Λιβύων ἐν αὐτῷ τῷ κινδύνῳ διεφθάρησαν, οἱ δὲ πρὸς τινὰ πόλιν συμφυγόντες μετ' οὐ πολὺ παρέδωκαν ἑαυτούς, ὁ δὲ Μάθως ὑποχείριος ἐγένετο τοῖς ἐχθροῖς ζωγρία.

[1] τὰ μὲν οὖν ἄλλα μέρη τῆς Λιβύης μετὰ τὴν μάχην εὐθέως ὑπήκουσε τοῖς Καρχηδονίοις: [2] ἡ δὲ τῶν Ἰππακριτῶν καὶ τῶν

Ἰτυκαίων πόλις ἔμενον, οὐδεμίαν ἀφορμὴν ἔχουσαι πρὸς διάλυσιν διὰ τὸ μὴ καταλείπεσθαι σφίσι τόπον ἐλέους μηδὲ συγγνώμης κατὰ τὰς πρώτας ἐπιβολάς. [3] οὕτως καὶ κατὰ ταύτας τὰς ἀμαρτίας μεγάλην ἔχει διαφορὰν ἢ μετριότης καὶ τὸ μηδὲν ἀνήκεστον ἐπιτηδεύειν ἐκουσίως. [4] οὐ μὴν ἀλλὰ παραστρατοπεδεύσαντες ἢ μὲν Ἄννων ἢ δὲ Βάρκας ταχέως ἠνάγκασαν αὐτοὺς ὁμολογίας ποιήσασθαι καὶ διαλύσεις εὐδοκουμένας Καρχηδονίοις. [5]

[1] ὁ μὲν οὖν Λιβυκὸς πόλεμος εἰς τοιαύτην ἀγαγὼν περίστασιν Καρχηδονίους τοιοῦτον ἔσχε τὸ τέλος ὥστε μὴ μόνον κυριεῦσαι πάλιν τῆς Λιβύης τοὺς Καρχηδονίους, ἀλλὰ καὶ τοὺς αἰτίους τῆς ἀποστάσεως τιμωρήσασθαι καταξίως. [6] τὸ γὰρ πέρας, ἀγαγόντες οἱ νέοι τὸν θρίαμβον διὰ τῆς πόλεως πᾶσαν αἰκίαν ἐναπεδείξαντο τοῖς περὶ τὸν Μάθω. [7] τρία μὲν οὖν ἔτη καὶ τέτταράς που μῆνας ἐπολέμησαν οἱ μισθοφόροι πρὸς τοὺς Καρχηδονίους πόλεμον, ὃν ἡμεῖς ἴσμεν ἀκοῇ μαθόντες, πολὺ τι τοὺς ἄλλους ὠμότητι καὶ παρανομίᾳ διενηνοχότα. [8] Ῥωμαῖοι δὲ κατὰ τὸν καιρὸν τοῦτον ὑπὸ τῶν ἐκ τῆς Σαρδόνης αὐτομολησάντων μισθοφόρων πρὸς σφᾶς ἐκκληθέντες ἐπεβάλοντο πλεῖν ἐπὶ τὴν προειρημένην νῆσον. τῶν δὲ Καρχηδονίων ἀγανακτούντων, [9] ὥς αὐτοῖς καθηκούσης μᾶλλον τῆς τῶν Σαρδῶων δυναστείας, καὶ παρασκευαζομένων μεταπορεύεσθαι τοὺς ἀποστήσαντας αὐτῶν τὴν νῆσον, [10] λαβόμενοι τῆς ἀφορμῆς ταύτης οἱ Ῥωμαῖοι πόλεμον ἐψηφίσαντο πρὸς τοὺς Καρχηδονίους, φάσκοντες αὐτοὺς οὐκ ἐπὶ Σαρδονίους, ἀλλ' ἐπὶ σφᾶς ποιεῖσθαι τὴν παρασκευήν. [11] οἱ δὲ παραδόξως διαπεφευγότες τὸν προειρημένον πόλεμον, κατὰ πάντα τρόπον ἀφυῶς διακείμενοι κατὰ τὸ παρὸν πρὸς τὸ πάλιν ἀναλαμβάνειν τὴν πρὸς Ῥωμαίους ἀπέχθειαν, [12] εἵξαντες τοῖς καιροῖς οὐ μόνον ἀπέστησαν τῆς Σαρδόνης, ἀλλὰ καὶ χίλια τάλαντα καὶ διακόσια προσέθηκαν τοῖς Ῥωμαίοις ἐφ' ᾧ μὴ κατὰ τὸ παρὸν ἀναδέξασθαι τὸν πόλεμον. ταῦτα μὲν οὕτως ἐπράχθη.

BOOK 2

[1] ἐν μὲν τῇ πρὸ ταύτης βύβλῳ διεσαφήσαμεν πότε Ῥωμαῖοι συστησάμενοι τὰ κατὰ τὴν Ἰταλίαν τοῖς ἐκτὸς ἐγχειρεῖν ἤρξαντο πράγμασιν, ἐπὶ δὲ τούτοις πῶς εἰς Σικελίαν διέβησαν καὶ δι' ἧς αἰτίας τὸν περὶ τῆς προειρημένης νήσου συνεστήσαντο πόλεμον πρὸς Καρχηδονίους, [2] μετὰ δὲ ταῦτα πότε πρῶτον συνίστασθαι ναυτικὰς ἤρξαντο δυνάμεις, καὶ τὰ συμβάντα κατὰ τὸν πόλεμον ἑκατέροις ἕως τοῦ τέλους, ἐν ᾧ Καρχηδόνιοι μὲν ἐξεχώρησαν πάσης Σικελίας, Ῥωμαῖοι δ' ἐπεκράτησαν τῆς ὅλης νήσου πλην τῶν ὑφ' Ἰέρωνι ταπτομένων μερῶν. [3] ἐξῆς δὲ τούτοις ἐπεβαλόμεθα λέγειν πῶς στασιάσαντες οἱ μισθοφόροι πρὸς τοὺς Καρχηδονίους τὸν προσαγορευθέντα Λιβυκὸν πόλεμον ἐξέκαυσαν, καὶ τὰ συμβάντα κατὰ τοῦτον ἀσεβήματα μέχρι τίνος προύβη, καὶ τίνα διέξοδον ἔλαβεν τὰ παράλογα τῶν ἔργων ἕως τοῦ τέλους καὶ τῆς Καρχηδονίων ἐπικρατείας. [4] νυνὶ δὲ τὰ συνεχῇ τούτοις πειρασόμεθα δηλοῦν, κεφαλαιωδῶς ἐκάστων ἐπιψαύοντες κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν. [5]

[1] Καρχηδόνιοι γὰρ ὡς θάπτον κατεστήσαντο τὰ κατὰ τὴν Λιβύην, εὐθέως Ἀμίλκαν ἐξαπέστελλον, δυνάμεις συστήσαντες, εἰς τοὺς κατὰ τὴν Ἰβηρίαν τόπους. [6] ὁ δ' ἀναλαβὼν τὰ στρατόπεδα καὶ τὸν υἱὸν Ἀννίβαν, ὄντα τότε κατὰ τὴν ἡλικίαν ἐτῶν ἑννέα, καὶ διαβὰς κατὰ τὰς Ἡρακλέους στήλας ἀνεκτάτο τὰ κατὰ τὴν Ἰβηρίαν πράγματα τοῖς Καρχηδονίοις. [7] διατρίψας δ' ἐν τοῖς τόποις τούτοις ἔτη σχεδὸν ἑννέα καὶ πολλοὺς μὲν πολέμῳ, πολλοὺς δὲ πειθοῖ ποιήσας Ἰβήρων ὑπηκόους Καρχηδόνι κατέστρεψε τὸν βίον ἀξίως τῶν προγεγενημένων πράξεων. [8] πρὸς γὰρ τοὺς ἀνδρωδεστάτους καὶ μεγίστην δύναμιν ἔχοντας παραταπτόμενος καὶ χρώμενος τολμηρῶς καὶ παραβόλως ἑαυτῷ κατὰ τὸν τοῦ κινδύνου καιρὸν ἔρωμένως τὸν βίον μετήλλαξεν. [9] τὴν δὲ στρατηγίαν οἱ Καρχηδόνιοι παρέδοσαν Ἀσδρούβῃ, τῷ 'κείνου κηδεστῇ καὶ τριηράρχῳ. κατὰ δὲ τοὺς καιροὺς τούτους Ῥωμαῖοι τὴν πρώτην διάβασιν εἰς τὴν Ἰλλυρίδα καὶ ταῦτα τὰ μέρη τῆς Εὐρώπης ἐπεβάλλοντο ποιεῖσθαι μετὰ δυνάμεως. ἅπερ οὐ παρέργως, [2] ἀλλὰ μετ' ἐπιστάσεως θεωρητέον τοῖς βουλομένοις ἀληθινῶς τὴν τε πρόθεσιν τὴν ἡμετέραν συνθεάσασθαι καὶ τὴν αὖξισιν καὶ κατασκευὴν τῆς Ῥωμαίων δυναστείας. [3] ἔγνωσαν δὲ

διαβαίνειν διά τινος τοιαύτας αἰτίας. [4] Ἄγρων ὁ τῶν Ἰλλυριῶν βασιλεὺς ἦν μὲν υἱὸς Πλευράτου, δύναμιν δὲ πεζὴν καὶ ναυτικὴν μεγίστην ἔσχε τῶν πρὸ αὐτοῦ βεβασιλευκότων ἐν Ἰλλυριοῖς. [5] οὗτος ὑπὸ Δημητρίου τοῦ Φιλίππου πατρὸς πεισθεὶς χρήμασιν ὑπέσχετο βοηθήσειν Μεδιωνίοις ὑπ' Αἰτωλῶν πολιορκουμένοις. [6] Αἰτωλοὶ γὰρ οὐδαμῶς δυνάμενοι πεῖσαι Μεδιωνίους μετέχουν σφίσι τῆς αὐτῆς πολιτείας, ἐπεβάλλοντο κατὰ κράτος ἐλεῖν αὐτούς. [7] στρατεύσαντες οὖν πανδημεὶ καὶ περιστρατοπεδεύσαντες αὐτῶν τὴν πόλιν κατὰ τὸ συνεχὲς ἐπολιόρκουν, πᾶσαν βίαν προσφέροντες καὶ μηχανήν. [8] συνάψαντος δὲ τοῦ χρόνου τῶν ἀρχαιρεσιῶν, καὶ δέον στρατηγὸν ἕτερον αἰρεῖσθαι, καὶ τῶν πολιορκουμένων ἤδη κακῶς διακειμένων καὶ δοκούντων ἀν' ἐκάστην ἡμέραν ἐνδῶσειν ἑαυτούς, ὁ προϋπάρχων στρατηγὸς προσφέρει λόγον τοῖς Αἰτωλοῖς φάσκων, [9] ἐπειδὴ τὰς κακοπαθείας καὶ τοὺς κινδύνους αὐτὸς ἀναδέδεκται τοὺς κατὰ τὴν πολιορκίαν, δίκαιον εἶναι καὶ τὴν οἰκονομίαν τῶν λαφύρων, ἐπὰν κρατήσωσι, καὶ τὴν ἐπιγραφὴν τῶν ὅπλων ἑαυτῷ συγχωρεῖσθαι. τινῶν δέ, [10] καὶ μάλιστα τῶν προϊόντων πρὸς τὴν ἀρχήν, ἀμφισβητούντων πρὸς τὰ λεγόμενα καὶ παρακαλούντων τὰ πλήθη μὴ προδιαλαμβάνειν, ἀλλ' ἀκέραιον εἶναι, ὅτι ποτ' ἂν ἡ τύχη βουλευθῇ περιθεῖναι τοῦτον τὸν στέφανον, [11] ἔδοξε τοῖς Αἰτωλοῖς, ὅς ἂν ἐπικατασταθεὶς στρατηγὸς κρατήσῃ τῆς πόλεως, κοινὴν ποιεῖν τῷ προϋπάρχοντι καὶ τὴν οἰκονομίαν

[1] τῶν λαφύρων καὶ τὴν ἐπιγραφὴν τῶν ὅπλων. δεδογμένων δὲ τούτων, καὶ δέον τῇ κατὰ πόδας ἡμέρᾳ γενέσθαι τὴν αἵρεσιν καὶ τὴν παράληψιν τῆς ἀρχῆς, καθάπερ ἔθος ἐστὶν Αἰτωλοῖς, προσπλέουσιν τῆς νυκτὸς ἑκατὸν λέμβοι πρὸς τὴν Μεδιωνίαν κατὰ τοὺς ἔγγιστα τόπους τῆς πόλεως, ἐφ' ὧν ἦσαν Ἰλλυριοὶ πεντακισχίλιοι. [2] καθορμισθέντες δὲ καὶ τῆς ἡμέρας ἐπιγενομένης ἐνεργὸν καὶ λαθραίαν ποιησάμενοι τὴν ἀπόβασιν καὶ χρησάμενοι τῇ παρ' αὐτοῖς εἰθισμένη τάξει προῆγον κατὰ σπεύρας ἐπὶ τὴν τῶν Αἰτωλῶν στρατοπεδεῖαν. [3] οἱ δ' Αἰτωλοὶ συνέντες τὸ γινόμενον ἐπὶ μὲν τῷ παραδόξῳ καὶ τῇ τόλμῃ τῶν Ἰλλυριῶν ἦσαν ἐκπλαγεῖς: πεφρονηματισμένοι δ' ἐκ πολλοῦ χρόνου καὶ καταπιστεύσαντες ταῖς ἰδίαις δυνάμεσιν κατὰ ποσὸν εὐθαρσῶς εἶχον. [4] τὸ μὲν οὖν πολὺ μέρος τῶν ὀπλιτῶν καὶ τῶν ἱππέων αὐτοῦ πρὸ τῆς στρατοπεδείας ἐν τοῖς ἐπιπέδοις παρενέβαλλον, μέρος δὲ τινὶ τῆς ἵππου καὶ τοῖς εὐζώνοις τοὺς ὑπερδεξίους καὶ πρὸ τοῦ χάρακος εὐφυῶς κειμένους

τόπους προκατελάμβανον. [5] οἱ δ' Ἴλλυριοὶ τοὺς μὲν ἐλαφροὺς ἐξ ἐφόδου προσπεσόντες τῷ τε πλήθει καὶ τῷ βάρει τῆς συντάξεως ἐξέωσαν, τοὺς δὲ μετὰ τούτων ἵππεῖς συγκινδυνεύοντας ἠνάγκασαν ἀποχωρῆσαι πρὸς τὰ βαρέα τῶν ὅπλων. [6] λοιπὸν ἐξ ὑπερδεξίου ποιούμενοι τὴν ἔφοδον ἐπὶ τοὺς ἐν τῷ πεδίῳ τεταγμένους ταχέως ἐτρέψαντο, συνεπιθεμένων τοῖς Αἰτωλοῖς ἅμα καὶ τῶν Μεδιωνίων ἐκ τῆς πόλεως. [7] καὶ πολλοὺς μὲν αὐτῶν ἀπέκτειναν, ἔτι δὲ πλείους αἰχμαλώτους ἔλαβον: τῶν δ' ὅπλων καὶ τῆς ἀποσκευῆς ἐγένοντο πάσης ἐγκρατεῖς. [8] οἱ μὲν οὖν Ἴλλυριοὶ πράξαντες τὸ συνταχθὲν ὑπὸ τοῦ βασιλέως καὶ διακομίσαντες τὴν ἀποσκευὴν καὶ τὴν ἄλλην ὠφέλειαν ἐπὶ τοὺς λέμβους εὐθέως ἀνήγοντο, ποιούμενοι τὸν

[1] πλοῦν εἰς τὴν οἰκίαν. οἱ δὲ Μεδιῶνιοι τετευχότες ἀνελπίστου σωτηρίας, ἀθροισθέντες εἰς τὴν ἐκκλησίαν ἐβουλευόντο περὶ τε τῶν ἄλλων καὶ περὶ τῆς τῶν ὅπλων ἐπιγραφῆς. [2] ἔδοξεν οὖν αὐτοῖς κοινὴν ποιήσιν τὴν ἐπιγραφὴν ἀπὸ τε τοῦ τὴν ἀρχὴν τῶν Αἰτωλῶν ἔχοντος καὶ τῶν εἰς τὸ μέλλον προπορευομένων κατὰ τὸ τῶν Αἰτωλῶν δόγμα, [3] τῆς τύχης ὥσπερ ἐπίτηδες καὶ τοῖς ἄλλοις ἀνθρώποις ἐπὶ τῶν ἐκείνοις συμβαινόντων ἐνδεικνυμένης τὴν αὐτῆς δύναμιν. [4] ἃ γὰρ ὑπὸ τῶν ἐχθρῶν αὐτοὶ προσεδόκων ὅσον ἤδη πείσεσθαι, ταῦτα πράττειν αὐτοῖς ἐκείνοις παρέδωκεν ἐν πάννυ βραχεῖ χρόνῳ κατὰ τῶν πολεμίων. [5] Αἰτωλοὶ δὲ τῇ παραδόξῳ χρησάμενοι συμφορᾷ πάντας ἐδίδαξαν μηδέποτε βουλευέσθαι περὶ τοῦ μέλλοντος ὡς ἤδη γεγονότος, μηδὲ προκατελπίζειν βεβαιουμένους ὑπὲρ ὧν ἀκμὴν ἐνδεχόμενόν ἐστιν ἄλλως γενέσθαι, νέμειν δὲ μερίδα τῷ παραδόξῳ πανταχῇ μὲν ἀνθρώπους ὄντας, μάλιστα δ' ἐν τοῖς πολεμικοῖς.

[1] ὁ δὲ βασιλεὺς Ἀγρων, [6] ἐπεὶ κατέπλευσαν οἱ λέμβοι, διακούσας τῶν ἡγεμόνων τὰ κατὰ τὸν κίνδυνον καὶ περιχαρῆς γενόμενος ἐπὶ τῷ δοκεῖν Αἰτωλοὺς τοὺς μέγιστον ἔχοντας τὸ φρόνημα νενικηκέναι, πρὸς μέθας καὶ τινὰς τοιαύτας ἄλλας εὐωχίας τραπεῖς ἐνέπεσεν εἰς πλευρίτιν: ἐκ δὲ ταύτης ἐν ὀλίγαις ἡμέραις μετήλλαξε τὸν βίον. [7] τὴν δὲ βασιλείαν ἡ γυνὴ Τεύτα διαδεξαμένη τὸν κατὰ μέρος χειρισμὸν τῶν πραγμάτων ἐποιεῖτο διὰ τῆς τῶν φίλων πίστεως. [8] χρωμένη δὲ λογισμοῖς γυναικείοις καὶ πρὸς αὐτὸ τὸ γεγονὸς εὐτύχημα μόνον ἀποβλέπουσα, τῶν δ' ἐκτὸς οὐδὲν περισκεπτομένη πρῶτον μὲν συνεχώρησε τοῖς κατ' ἰδίαν πλέουσι λήζεσθαι τοὺς ἐντυγχάνοντας, [9] δεύτερον δ' ἀθροίσασα στόλον καὶ

δύναμιν οὐκ ἐλάττω τῆς πρότερον ἐξέπεμψε, πᾶσαν παραλίαν ἀποδείξασα πολεμίαν τοῖς ἡγουμένοις. οἱ δ' ἐξαποσταλέντες τὴν μὲν πρώτην ἐπιβολὴν ἔσχον ἐπὶ τὴν Ἡλείαν καὶ τὴν Μεσσηνίαν: ταύτας γὰρ αἰεὶ τὰς χώρας Ἰλλυριοὶ πορθοῦντες διετέλουν. [2] διὰ γὰρ τὸ μῆκος τῆς παραλίας καὶ διὰ τὸ μεσογαίους εἶναι τὰς δυναστευούσας ἐν αὐταῖς πόλεις μακραὶ καὶ βραδεῖαι λίαν ἐγίνοντο τοῖς προειρημένοις αἱ παραβοήθειαι πρὸς τὰς ἀποβάσεις τῶν Ἰλλυριῶν: ὅθεν ἀδεῶς ἐπέτρεχον καὶ κατέσυρον αἰεὶ ταύτας τὰς χώρας. [3] οὐ μὴν ἀλλὰ τότε γενόμενοι τῆς Ἡπείρου κατὰ Φοινίκην προσέσχον ἐπισιτισμοῦ χάριν. [4] συμμίζαντες δὲ τῶν Γαλατῶν τισιν, οἱ μισθοφοροῦντες παρὰ τοῖς Ἡπειρώταις διέτριβον ἐν τῇ Φοινίκῃ, τὸ πλῆθος ὄντες εἰς ὀκτακοσίους, καὶ κοινολογηθέντες τούτοις περὶ προδοσίας τῆς πόλεως ἐξέβησαν, συγκαταθεμένων σφίσι τῶν προειρημένων, καὶ τῆς πόλεως ἐξ ἐφόδου καὶ τῶν ἐν αὐτῇ κύριοι κατέστησαν, συνεργησάντων ἔσωθεν αὐτοῖς τῶν Γαλατῶν. [5] οἱ δ' Ἡπειῶται πυθόμενοι τὸ γεγονὸς ἐβοήθουν πανδημεὶ μετὰ σπουδῆς. παραγενόμενοι δὲ πρὸς τὴν Φοινίκην καὶ προβαλόμενοι τὸν παρὰ τῇ πόλει ῥέοντα ποταμὸν ἐστρατοπέδευσαν, τῆς ἐπ' αὐτῷ γεφύρας ἀνασπᾶσαντες τὰς σανίδας ἀσφαλείας χάριν. [6] προσαγγελθέντος δ' αὐτοῖς Σκερδιλαΐδαν ἔχοντα πεντακισχιλίους Ἰλλυριοὺς παραγίνεσθαι κατὰ γῆν διὰ τῶν παρ' Ἀντιγόνειαν στενῶν, μερίσαντες αὐτῶν τινὰς ἐξαπέστειλαν παραφυλάζοντας τὴν Ἀντιγόνειαν: αὐτοὶ δὲ τὰ τε λοιπὰ ῥαθύμως διῆγον, ἀπολαύοντες τῶν ἐκ τῆς χώρας ἀνέδην, τῶν τε κατὰ τὰς φυλακὰς καὶ προκοιτίας ὀλιγώρουν. [7] οἱ δ' Ἰλλυριοὶ συνέντες τὸν μερισμὸν αὐτῶν καὶ τὴν λοιπὴν ῥαθυμίαν ἐκπορεύονται νυκτός: καὶ τῇ γεφύρᾳ σανίδας ἐπιβαλόντες τὸν τε ποταμὸν ἀσφαλῶς διέβησαν καὶ λαβόντες ὄχυρὸν τόπον ἔμειναν τὸ λοιπὸν μέρος τῆς νυκτός. [8] ἐπιγενομένης δὲ τῆς ἡμέρας, καὶ παραταξαμένων ἀμφοτέρων πρὸ τῆς πόλεως, συνέβη λειφθῆναι τοὺς Ἡπειρώτας, καὶ πολλοὺς μὲν αὐτῶν πεσεῖν, ἔτι δὲ πλείους ἀλῶναι, τοὺς δὲ λοιποὺς διαφυγεῖν ὡς ἐπ' Ἀτιντάνων.

[1] οὗτοι μὲν οὖν τοιούτοις περιπεσόντες ἀτυχήμασι καὶ πάσας ἀπολέσαντες τὰς ἐν αὐτοῖς ἐλπίδας ἐπρέσβευον πρὸς τοὺς Αἰτωλοὺς καὶ τὸ τῶν Ἀχαιῶν ἔθνος, δεόμενοι μεθ' ἱκετηρίας σφίσι βοηθεῖν. [2] οἱ δὲ κατελεήσαντες τὰς συμφορὰς αὐτῶν ὑπήκουσαν καὶ μετὰ ταῦτα παραβοηθοῦντες ἦκον εἰς Ἑλίκρανον. [3] οἱ δὲ τὴν Φοινίκην κατασχόντες τὸ μὲν πρῶτον, παραγενόμενοι μετὰ Σκερδιλαΐδου πρὸς

τὸ χωρίον, παρεστρατοπέδευσαν τοῖς βεβοηθηκόσι, βουλόμενοι συμβαλεῖν. [4] δυσχρηστούμενοι δὲ διὰ τὰς δυσχωρίας τῶν τόπων, ἅμα δὲ καὶ προσπεσόντων παρὰ τῆς Τεύτας γραμμάτων, δι' ὧν ᾤετο δεῖν αὐτοὺς τὴν ταχίστην εἰς οἶκον ἀναχωρεῖν διὰ τὸ τινὰς τῶν Ἰλλυριῶν ἀφεστηκέναι πρὸς τοὺς Δαρδανεῖς, [5] οὕτω λεηλατήσαντες τὴν Ἡπειρον ἀνοχὰς ἐποιήσαντο πρὸς τοὺς Ἡπειρώτας. [6] ἐν αἷς τὰ μὲν ἐλεύθερα σώματα καὶ τὴν πόλιν ἀπολυτρώσαντες αὐτοῖς, τὰ δὲ δουρικὰ καὶ τὴν λοιπὴν σκευὴν ἀναλαβόντες εἰς τοὺς λέμβους, οἱ μὲν ἀπέπλευσαν, οἱ δὲ περὶ τὸν Σκερδιλαΐδαν πεζῇ πάλιν ἀνεχώρησαν διὰ τῶν παρὰ τὴν Ἀντιγόνειαν στενῶν, [7] οὐ μικρὰν οὐδὲ τὴν τυχοῦσαν κατάπληξιν καὶ φόβον ἐνεργασάμενοι τοῖς τὰς παραλίας οἰκοῦσι τῶν Ἑλλήνων. [8] ἕκαστοι γὰρ θεωροῦντες τὴν ὀχυρωτάτην ἅμα καὶ δυνατωτάτην πόλιν τῶν ἐν Ἡεῖρῳ παραλόγως οὕτως ἐξηνδραποδισμένην οὐκέτι περὶ τῶν ἀπὸ τῆς χώρας ἡγωνίων, καθάπερ ἐν τοῖς ἔμπροσθεν χρόνοις, ἀλλὰ περὶ σφῶν αὐτῶν καὶ τῶν πόλεων. [9]

[1] οἱ δ' Ἡπειρῶται παραδόξως διασεσωσμένοι τοσοῦτον ἀπειχον τοῦ πειράζειν ἀμύνεσθαι τοὺς ἡδικοτάτας ἢ χάριν ἀποδιδόναι τοῖς βοηθήσασιν ὥστε τοῦναντίον διαπρεσβευσάμενοι πρὸς τὴν Τεύταν συμμαχίαν ἔθεντο μετ' Ἀκαρνάνων πρὸς τοὺς Ἰλλυριοὺς, [10] καθ' ἣν ἐκείνοις μὲν κατὰ τοὺς ἐξῆς καιροὺς συνήργουν, τοῖς δ' Ἀχαιοῖς καὶ τοῖς Αἰτωλοῖς ἀντέπραττον. [11] ἐξ ὧν ἐγένοντο καταφανεῖς ἀκρίτως μὲν κεχρημένοι τότε τοῖς εὐεργέταις, ἀφρόνως δ' ἐξ ἀρχῆς βεβουλευμένοι περὶ τῶν καθ' αὐτοὺς πραγμάτων. τὸ μὲν γὰρ ἀνθρώπους ὄντας παραλόγως περιπεσεῖν τινι τῶν δεινῶν οὐ τῶν παθόντων, τῆς τύχης δὲ καὶ τῶν πραξάντων ἐστὶν ἔγκλημα, [2] τὸ δ' ἀκρίτως καὶ προφανῶς περιβαλεῖν αὐτοὺς ταῖς μεγίσταις συμφοραῖς ὁμολογούμενόν ἐστι τῶν πασχόντων ἀμάρτημα. [3] διὸ καὶ τοῖς μὲν ἐκ τύχης πταίουσιν ἔλεος ἔπεται μετὰ συγγνώμης καὶ ἐπικουρία, τοῖς δὲ διὰ τὴν αὐτῶν ἀβουλίαν ὄνειδος καὶ ἐπιτίμης συνεξακολουθεῖ παρὰ τοῖς εὖ φρονοῦσιν. [4] ἃ δὴ καὶ τότε παρὰ τῶν Ἑλλήνων εἰκότως ἂν τοῖς Ἡπειρώταις ἀπηντήθη. [5] πρῶτον γὰρ τίς οὐκ ἂν τὴν κοινὴν περὶ Γαλατῶν φήμην ὑπιδόμενος εὐλαβηθεῖη τούτοις ἐγχειρίσαι πόλιν εὐδαίμονα καὶ πολλὰς ἀφορμὰς ἔχουσαν εἰς παρασπόνδῃσιν; [6] δεύτερον τίς οὐκ ἂν ἐφυλάζατο τὴν αὐτοῦ τοῦ συστήματος ἐκείνου προαίρεσιν; οἳ γε τὴν μὲν ἀρχὴν ἐξέπεσον ἐκ τῆς ἰδίας, συνδραμόντων ἐπ' αὐτοὺς τῶν ὁμοεθνῶν διὰ τὸ παρασπονδῆσαι

τοὺς αὐτῶν οἰκείους καὶ συγγενεῖς: [7] ὑποδεξαμένων γε μὴν αὐτοὺς Καρχηδονίων διὰ τὸ κατεπείγεσθαι πολέμῳ, τὸ μὲν πρῶτον γενομένης τινὸς ἀντιρρήσεως τοῖς στρατιώταις πρὸς τοὺς στρατηγοὺς ὑπὲρ ὁσωνίων ἐξ αὐτῆς ἐπεβάλλοντο διαρπάζειν τὴν τῶν Ἀκραγαντίνων πόλιν, φυλακῆς χάριν εἰσαχθέντες εἰς αὐτήν, ὄντες τότε πλείους τῶν τρισχιλίων: [8] μετὰ δὲ ταῦτα παρειαγαγόντων αὐτοὺς πάλιν εἰς Ἑρυκα τῆς αὐτῆς χρείας ἕνεκεν, πολιορκούντων τὴν πόλιν Ῥωμαίων, ἐπεχείρησαν μὲν καὶ τὴν πόλιν καὶ τοὺς συμπολιορκουμένους προδοῦναι: [9] τῆς δὲ πράξεως ταύτης ἀποτυχόντες ἠτομόλησαν πρὸς τοὺς πολεμίους: παρ' οἷς πιστευθέντες πάλιν ἐσύλησαν τὸ τῆς Ἀφροδίτης τῆς Ἑρυκίνης ἱερόν. [10] διὸ σαφῶς ἐπεγνωκότες Ῥωμαῖοι τὴν ἀσέβειαν αὐτῶν ἅμα τῷ διαλύσασθαι τὸν πρὸς Καρχηδονίους πόλεμον οὐδὲν ἐποίησαντο προυργιαίτερον τοῦ παροπλίσαντας αὐτοὺς ἐμβαλεῖν εἰς πλοῖα καὶ τῆς Ἰταλίας πάσης ἐξορίστους καταστῆσαι. [11] οὓς Ἡπειρῶται τῆς δημοκρατίας καὶ τῶν νόμων φύλακας ποιησάμενοι καὶ τὴν εὐδαιμονεστάτην πόλιν ἐγχειρίσαντες, πῶς οὐκ ἂν εἰκότως φανείησαν αὐτοὶ τῶν συμπτωμάτων αὐτοῖς αἵτιοι γεγονότες; [12]

[1] περὶ μὲν οὖν τῆς Ἡπειρωτῶν ἀγνοίας καὶ περὶ τοῦ μηδέποτε δεῖν τοὺς εὖ φρονούντας ἰσχυροτέραν εἰσάγεσθαι φυλακὴν ἄλλως τε καὶ βαρβάρων, ἐπὶ τοσοῦτον ἔκρινον ποιήσασθαι μνήμην. οἱ δ' Ἰλλυριοὶ καὶ κατὰ τοὺς ἀνωτέρω μὲν χρόνους συνεχῶς ἡδίκουν τοὺς πλοῖζομένους ἀπ' Ἰταλίας: [2] καθ' οὓς δὲ καιροὺς περὶ τὴν Φοινίκην διέτριβον, καὶ πλείους ἀπὸ τοῦ στόλου χωριζόμενοι πολλοὺς τῶν Ἰταλικῶν ἐμπόρων ἔσθ' οὓς μὲν ἐσύλησαν, οὓς δ' ἀπέσφαξαν, οὐκ ὀλίγους δὲ καὶ ζωγρία τῶν ἀλISCOμένων ἀνήγον. [3] οἱ δὲ Ῥωμαῖοι παρακούοντες τὸν πρὸ τοῦ χρόνον τῶν ἐγκαλούντων τοῖς Ἰλλυριοῖς, τότε καὶ πλειόνων ἐπελθόντων ἐπὶ τὴν σύγκλητον, κατέστησαν πρεσβευτὰς εἰς τὴν Ἰλλυρίδα τοὺς ἐπίσκεψιν ποιησομένους περὶ τῶν προειρημένων Γάϊον καὶ Λεύκιον Κορογκανίους. [4] ἡ δὲ Τεύτα, καταπλευσάντων πρὸς αὐτήν τῶν ἐκ τῆς Ἡπείρου λέμβων, καταπλαγεῖσα τὸ πλῆθος καὶ τὸ κάλλος τῆς ἀγομένης κατασκευῆς — πολὺ γὰρ ἡ Φοινίκη διέφερε τότε τῶν κατὰ τὴν Ἡπειρον πόλεων εὐδαιμονία — διπλασίως ἐπερρώσθη πρὸς τὴν κατὰ τῶν Ἑλλήνων ἀδικίαν. [5] οὐ μὴν ἀλλὰ τότε μὲν ἐπέσχεν διὰ τὰς ἐγχωρίους ταραχάς, καταστησαμένη δὲ ταχέως τὰ κατὰ τοὺς ἀποστάντας Ἰλλυριοὺς ἐπολιόρκει τὴν Ἴσσαν διὰ τὸ ταύτην ἔτι μόνην ἀπειθεῖν αὐτῇ. [6]

κατὰ δὲ τὸν καιρὸν τοῦτον κατέπλευσαν οἱ τῶν Ῥωμαίων πρέσβεις· καὶ δοθέντος αὐτοῖς καιροῦ πρὸς ἔντευξιν διελέγοντο περὶ τῶν εἰς αὐτοὺς γεγονότων ἀδικημάτων. [7] ἡ δὲ Τεύτα καθόλου μὲν παρ' ὅλην τὴν κοινολογίαν ἀγερῶχος καὶ λίαν ὑπερηφάνως αὐτῶν διήκουεν. [8] καταπαυσάντων δὲ τὸν λόγον, κοινῇ μὲν ἔφη πειρᾶσθαι φροντίζειν ἵνα μηδὲν ἀδίκημα γίνηται Ῥωμαίοις ἐξ Ἰλλυριῶν· ἰδίᾳ γε μὴν οὐ νόμιμον εἶναι τοῖς βασιλεῦσι κωλύειν Ἰλλυριοῖς τὰς κατὰ θάλατταν ὠφελείας. [9] ὁ δὲ νεώτερος τῶν πρεσβευτῶν δυσχεράνας ἐπὶ τοῖς εἰρημένοις ἐχρήσατο παρρησίᾳ καθηκούσῃ μὲν, οὐδαμῶς δὲ πρὸς καιρὸν. εἶπεν γὰρ ὅτι Ῥωμαίοις μὲν, [10] ὦ Τεύτα, κάλλιστον ἔθος ἐστὶ τὰ κατ' ἰδίαν ἀδικήματα κοινῇ μεταπορεύεσθαι καὶ βοηθεῖν τοῖς ἀδικουμένοις· [11] πειρασόμεθα δὴ θεοῦ βουλομένου σφόδρα καὶ ταχέως ἀναγκάσαι σε τὰ βασιλικά νόμιμα διορθώσασθαι πρὸς Ἰλλυριοῦς. [12] ἡ δὲ γυναικοθύμως καὶ ἀλογίστως δεξαμένη τὴν παρρησίαν ἐπὶ τοσοῦτον ἐξωργίσθη πρὸς τὸ ῥηθὲν ὥς ὀλιγορήσασα τῶν παρ' ἀνθρώποις ὠρισμένων δικαίων ἀποπλέουσιν αὐτοῖς ἐπαποστεῖλαι τινὰς τὸν παρρησιασάμενον τῶν πρέσβων ἀποκτεῖναι. [13] προσπεσόντος δὲ τοῦ γεγονότος εἰς τὴν Ῥώμην, διοργισθέντες ἐπὶ τῇ παρανομίᾳ τῆς γυναικὸς εὐθέως περὶ παρασκευὴν ἐγίνοντο καὶ στρατόπεδα κατέγραφον καὶ στόλον συνήθροισον.

[1] ἡ δὲ Τεύτα, τῆς ὥρας ἐπιγενομένης, ἐπισκευάσασα λέμβους πλείους τῶν πρότερον ἐξαπέστειλε πάλιν εἰς τοὺς κατὰ τὴν Ἑλλάδα τόπους. [2] ὧν οἱ μὲν διὰ πόρου τὸν πλοῦν ἐπὶ τὴν Κέρκυραν ἐποιοῦντο, μέρος δέ τι προσέσχε τὸν τῶν Ἐπιδαμνίων λιμένα, λόγῳ μὲν ὑδρείας καὶ ἐπισιτισμοῦ χάριν, ἔργῳ δ' ἐπιβουλῆς καὶ πράξεως ἐπὶ τὴν πόλιν. [3] τῶν δ' Ἐπιδαμνίων ἀκάκως ἅμα καὶ ῥαθύμως αὐτοὺς παραδεξαμένων, εἰσελθόντες ἐν αὐτοῖς τοῖς περιζώμασιν ὥς ὑδρευσόμενοι, μαχαίρας ἔχοντες ἐν τοῖς κεραμίοις, οὕτως κατασφάζαντες τοὺς φυλάττοντας τὴν πύλην ταχέως ἐγκρατεῖς ἐγένοντο τοῦ πυλῶνος. [4] ἐπιγενομένης δὲ κατὰ τὸ συντεταγμένον ἐνεργῶς τῆς ἀπὸ τῶν πλοίων βοηθείας, παραδεξάμενοι τούτους ῥαδίως κατεῖχον τὰ πλεῖστα τῶν τειχῶν. [5] τῶν δ' ἐκ τῆς πόλεως ἀπαρασκευῶς μὲν διὰ τὸ παράδοξον, ἐκθύμως δὲ βοηθούντων καὶ διαγωνιζομένων, συνέβη τοὺς Ἰλλυριοὺς ἐπὶ πολὺν χρόνον ἀντιποιησαμένους τέλος ἐκπεσεῖν ἐκ τῆς πόλεως. [6] Ἐπιδάμνιοι μὲν οὖν ἐν ταύτῃ τῇ πράξει διὰ μὲν τὴν ὀλιγορίαν ἐκινδύνευσαν ἀποβαλεῖν τὴν πατρίδα, διὰ δὲ τὴν εὐψυχίαν ἀβλαβῶς ἐπαιδεύθησαν

πρὸς τὸ μέλλον. [7] τῶν δ' Ἰλλυριῶν οἱ προεστῶτες κατὰ σπουδὴν ἀναγκέντες καὶ συνάψαντες τοῖς προπλέουσι κατήραν εἰς τὴν Κέρκυραν· καὶ ποιησάμενοι καταπληκτικὴν τὴν ἀπόβασιν ἐνεχείρησαν πολιορκεῖν τὴν πόλιν. [8] ὧν συμβαινόντων οἱ Κερκυραῖοι δυσχρηστούμενοι καὶ δυσελπίστως διακεείμενοι τοῖς ὅλοις ἐπρεσβεύοντο πρὸς τε τοὺς Ἀχαιοὺς καὶ τοὺς Αἰτωλοὺς, ἅμα δὲ τούτοις Ἀπολλωνιάται καὶ Ἐπιδάμνιοι, δεόμενοι σφίσι βοηθεῖν κατὰ σπουδὴν καὶ μὴ περιδεῖν σφᾶς αὐτοὺς ἀναστάτους γενομένους ὑπὸ τῶν Ἰλλυριῶν. [9] οἱ δὲ διακούσαντες τῶν πρέσβων καὶ προσδεξάμενοι τοὺς λόγους ἐπλήρωσαν κοινῇ τὰς τῶν Ἀχαιῶν δέκα ναῦς καταφράκτους, καταρτίσαντες δ' ἐν ὀλίγαις ἡμέραις ἔπλεον ἐπὶ τῆς Κερ

[1] κύρας, ἐλπίζοντες λύσειν τὴν πολιορκίαν. οἱ δ' Ἰλλυριοὶ συμπαραλαβόντες Ἀκαρνάνων ναῦς κατὰ τὴν συμμαχίαν, οὔσας ἑπτὰ καταφράκτους, ἀνταναγκέντες συνέβαλλον τοῖς τῶν Ἀχαιῶν σκάφεσιν περὶ τοὺς καλουμένους Παζοῦς. [2] οἱ μὲν οὖν Ἀκαρνᾶνες καὶ τῶν Ἀχαϊκῶν νεῶν αἱ κατὰ τούτους ταχθεῖσαι πᾶρισον ἐποίουν τὸν ἀγῶνα καὶ διέμενον ἀκέραιοι κατὰ τὰς συμπλοκάς πλην τῶν εἰς αὐτοὺς τοὺς ἄνδρας γινομένων τραυμάτων. [3] οἱ δ' Ἰλλυριοὶ ζεύξαντες τοὺς παρ' αὐτῶν λέμβους ἀνὰ τέτταρας συνεπλέκοντο τοῖς πολεμίοις. καὶ τῶν μὲν ἰδίων ὀλιγώρουν καὶ παραβάλλοντες πλαγίους συνήργουν ταῖς ἐμβολαῖς τῶν ὑπεναντίων. [4] ὅτε δὲ τρώσαντα καὶ δεθέντα κατὰ τὰς ἐμβολὰς δυσχρήτως διέκειτο πρὸς τὸ παρὸν τὰ τῶν ἀντιπάλων σκάφη, προσκρεμαμένων αὐτοῖς περὶ τοὺς ἐμβόλους τῶν ἐξευγμένων λέμβων, τότε ἐπιτηδῶντες ἐπὶ τὰ καταστρώματα τῶν Ἀχαϊκῶν νεῶν κατεκράτουν διὰ τὸ πλῆθος τῶν ἐπιβατῶν. [5] καὶ τούτῳ τῷ τρόπῳ τεττάρων μὲν πλοίων ἐκυρίευσαν τετρηρικῶν, μίαν δὲ πεντήρη σὺν αὐτοῖς τοῖς ἀνδράσιν ἐβύθισαν, ἐφ' ἧς ἔπλει Μάργος ὁ Καρυνεύς, ἀνὴρ πάντα τὰ δίκαια τῷ κοινῷ τῶν Ἀχαιῶν πολιτεύματι πεποιηκὼς μέχρι τῆς καταστροφῆς. [6] οἱ δὲ πρὸς τοὺς Ἀκαρνᾶνας διαγωνιζόμενοι, συνιδόντες τὸ κατὰ τοὺς Ἰλλυριοὺς προτέρημα καὶ πιστεύοντες τῷ ταχυναυτεῖν, ἐπουρώσαντες ἀσφαλῶς τὴν ἀποχώρησιν εἰς τὴν οἰκείαν ἐποίησαντο. [7] τὸ δὲ τῶν Ἰλλυριῶν πλῆθος φρονηματισθὲν ἐπὶ τῷ προτερήματι λοιπὸν ἤδη ῥαδίως ἐχρήσατο τῇ πολιορκίᾳ καὶ τεθαρρηκότως. [8] οἱ δὲ Κερκυραῖοι δυσελπιστήσαντες τοῖς ὅλοις ἐκ τῶν συμβεβηκότων, βραχὺν ἔτι χρόνον ὑπομείναντες τὴν πολιορκίαν συνέθεντο τοῖς Ἰλλυριοῖς καὶ

παρεδέξαντο φρουράν καὶ μετὰ τῆς φρουρᾶς Δημήτριον τὸν Φάριον. [9] τούτων δὲ πραχθέντων εὐθέως οἱ τῶν Ἰλλυριῶν προεστῶτες ἀνήγοντο· καὶ κατάραντες εἰς τὴν Ἐπίδαμνον ταύτην πάλιν ἐπεβάλοντο πολιορκεῖν τὴν πόλιν.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς τῶν τὰς ὑπάτους ἀρχὰς ἐχόντων Γνάιος μὲν Φόλουιος ἐξέπλει ναυσὶ διακοσίαις ἐκ τῆς Ῥώμης, Αὔλος δὲ Ποστόμιος τὰς πεζικὰς ἔχων δυνάμεις ἐξώρμα. [2] τὴν μὲν οὖν πρώτην ἐπιβολὴν ἔσχε πλεῖν ὁ Γνάιος ἐπὶ τῆς Κερκύρας, ὑπολαμβάνων ἔτι καταλήψεσθαι τὴν πολιορκίαν ἄκριτον· [3] ὑστερήσας δὲ τῶν καιρῶν ὅμως ἐπὶ τὴν νῆσον ἔπλει, βουλόμενος ἅμα μὲν ἐπιγνῶναι σαφῶς τὰ γεγονότα περὶ τὴν πόλιν, ἅμα δὲ πείραν λαβεῖν τῶν παρὰ τοῦ Δημητρίου προσαγγελλομένων. [4] ὁ γὰρ Δημήτριος ἐν διαβολαῖς ὢν καὶ φοβούμενος τὴν Τεύταν διεπέμπετο πρὸς τοὺς Ῥωμαίους, ἐπαγγελλόμενος τὴν τε πόλιν ἐγχειριεῖν καὶ τὰ λοιπὰ πράγματα παραδώσειν, ὧν ἦν αὐτὸς κύριος. [5] οἱ δὲ Κερκυραῖοι τὴν παρουσίαν τῶν Ῥωμαίων ἀσμένως ἰδόντες, τὴν τε φρουράν παρέδοσαν τῶν Ἰλλυριῶν μετὰ τῆς τοῦ Δημητρίου γνώμης, αὐτοὶ τε σφᾶς ὁμοθυμαδὸν ἔδωκαν παρακληθέντες εἰς τὴν τῶν Ῥωμαίων πίστιν, μίαν ταύτην ὑπολαβόντες ἀσφάλειαν αὐτοῖς ὑπάρχειν εἰς τὸν μέλλοντα χρόνον πρὸς τὴν Ἰλλυριῶν παρανομίαν. [6] Ῥωμαῖοι δὲ προσδεξάμενοι τοὺς Κερκυραίους εἰς τὴν φιλίαν ἔπλεον ἐπὶ τῆς Ἀπολλωνίας, ἔχοντες εἰς τὰ κατάλοιπα τῶν πραγμάτων ἡγεμόνα τὸν Δημήτριον. [7] κατὰ δὲ τὸν αὐτὸν καιρὸν καὶ Ποστόμιος τὰς πεζικὰς διεβίβαζε δυνάμεις ἐκ τοῦ Βρεντεσίου, πεζοὺς μὲν εἰς δισμυρίους, ἵππεῖς δὲ περὶ δισχιλίους. [8] ἅμα δὲ τῷ προσέχειν ἑκατέρας ὁμοῦ τὰς δυνάμεις πρὸς τὴν Ἀπολλωνίαν ὁμοίως καὶ τούτων ἀποδεξαμένων καὶ δόντων ἑαυτοὺς εἰς τὴν ἐπιτροπὴν παραχρῆμα πάλιν ἀνήχθησαν, ἀκούοντες πολιορκεῖσθαι τὴν Ἐπίδαμνον. [9] οἱ δ' Ἰλλυριοὶ συνέντες τὴν ἔφοδον τῶν Ῥωμαίων, οὐδενὶ κόσμῳ λύσαντες τὴν πολιορκίαν ἔφυγον. [10] Ῥωμαῖοι δὲ καὶ τοὺς Ἐπίδαμνίους παραλαβόντες εἰς τὴν πίστιν προῆγον εἰς τοὺς εἰσω τόπους τῆς Ἰλλυρίδος, ἅμα καταστρεφόμενοι τοὺς Ἀρδιαίους. [11] συμμιζάντων δὲ πρεσβευτῶν αὐτοῖς καὶ πλειόνων, ὧν οἱ παρὰ τῶν Παρθίνων ἦκον ἐπιτρέποντες τὰ καθ' αὐτούς, δεξάμενοι τούτους εἰς τὴν φιλίαν, παραπλησίως δὲ καὶ τοὺς παρὰ τῶν Ἀτιντάνων προσεληλυθότας προῆγον ὥς ἐπὶ τὴν Ἴσσαν διὰ τὸ καὶ ταύτην ὑπὸ τῶν Ἰλλυριῶν πολιορκεῖσθαι τὴν πόλιν. [12] ἀφικόμενοι δὲ καὶ

λύσαντες τὴν πολιορκίαν προσεδέξαντο καὶ τοὺς Ἰσσαίους εἰς τὴν ἑαυτῶν πίστιν. [13] εἶλον δὲ καὶ πόλεις τινὰς Ἰλλυρίδας ἐν τῷ παράπλῳ κατὰ κράτος· ἐν αἷς περὶ Νουτρίαν οὐ μόνον τῶν στρατιωτῶν ἀπέβαλον πολλοὺς, ἀλλὰ καὶ τῶν χιλιάρχων τινὰς καὶ τὸν ταμίαν. [14] ἐκυρίευσαν δὲ καὶ λέμβων εἴκοσι τῶν ἀποκομιζόντων τὴν ἐκ τῆς χώρας ὠφέλειαν. [15] τῶν δὲ πολιορκούντων τὴν Ἴσσαν οἱ μὲν ἐν τῇ Φάρῳ διὰ τὸν Δημήτριον ἀβλαβεῖς ἔμειναν, οἱ δ' ἄλλοι πάντες ἔφυγον εἰς τὸν Ἄρβωνα σκεδασθέντες. [16] ἡ δὲ Τεύτα πάνυ μετ' ὀλίγων εἰς τὸν Ῥίζονα διεσώθη, πολισμάτιον εὖ πρὸς ὀχυρότητα κατεσκευασμένον, ἀνακεχωρηκὸς μὲν ἀπὸ τῆς θαλάττης, ἐπ' αὐτῷ δὲ κείμενον τῷ Ῥίζονι ποταμῷ. [17] ταῦτα δὲ πράξαντες καὶ τῷ Δημητρίῳ τοὺς πλείστους ὑποτάξαντες τῶν Ἰλλυριῶν καὶ μεγάλην αὐτῷ περιθέντες δυναστείαν ἀνεχώρησαν εἰς τὴν Ἐπίδαμνον ἅμα τῷ στόλῳ καὶ τῇ πεζικῇ δυνάμει.

[1] Γνάιος μὲν οὖν Φόλουιος εἰς τὴν Ῥώμην ἀπέπλευσε, τὸ πλεῖον ἔχων μέρος τῆς τε ναυτικῆς καὶ πεζικῆς στρατιᾶς. [2] ὁ δὲ Ποστόμιος ὑπολειπόμενος τετταράκοντα σκάφη καὶ στρατόπεδον ἐκ τῶν περικειμένων πόλεων ἀθροίσας παρεχέιμαζε, συνεφεδρεύων τῷ τε τῶν Ἀρδιαίων ἔθνει καὶ τοῖς ἄλλοις τοῖς δεδωκόσιν ἑαυτοὺς εἰς τὴν πίστιν. [3] ὑπὸ δὲ τὴν ἑαρινὴν ὥραν ἡ Τεύτα διαπρεσβευσασμένη πρὸς τοὺς Ῥωμαίους ποιεῖται συνθήκας, ἐν αἷς εὐδόκησε φόρους τε τοὺς διαταχθέντας οἷσιν πάσης τ' ἀναχωρήσειν τῆς Ἰλλυρίδος πλὴν ὀλίγων τόπων, καὶ τὸ συνέχον, ὃ μάλιστα πρὸς τοὺς Ἕλληνας διέτεινε, μὴ πλεύσειν πλέον ἢ δυσὶ λέμβοις ἔξω τοῦ Λίσσου, καὶ τούτοις ἀνόπλοις. [4] ὧν συντελεσθέντων ὁ Ποστόμιος μετὰ ταῦτα πρεσβευτὰς ἐξαπέστειλε πρὸς τε τοὺς Αἰτωλοὺς καὶ τὸ τῶν Ἀχαιῶν ἔθνος· οἱ καὶ παραγενόμενοι πρῶτον μὲν ἀπελογίσαντο τὰς αἰτίας τοῦ πολέμου καὶ τῆς διαβάσεως, ἐξῆς δὲ τούτοις τὰ πεπραγμένα διεξήλθον καὶ τὰς συνθήκας παρανέγνωσαν, ὥς ἐπεποίηντο πρὸς τοὺς Ἰλλυριοὺς. [5] τυχόντες δὲ παρ' ἑκατέρου τῶν ἐθνῶν τῆς καθηκούσης φιланθρωπίας αὐθις ἀπέπλευσαν εἰς τὴν Κέρκυραν, ἱκανοὺ τινος ἀπολελυκότες φόβου τοὺς Ἕλληνας διὰ τὰς προειρημένας συνθήκας. [6] οὐ γὰρ τισὶν, ἀλλὰ πᾶσι τότε κοινούς ἐχθροὺς εἶναι συνέβαινε τοὺς Ἰλλυριοὺς. [7]

[1] ἡ μὲν οὖν πρώτη διάβασις Ῥωμαίων μετὰ δυνάμεως εἰς τὴν Ἰλλυρίδα καὶ ταῦτα τὰ μέρη τῆς Εὐρώπης, ἔτι δ' ἐπιπλοκή μετὰ πρεσβείας εἰς τοὺς κατὰ τὴν Ἑλλάδα τόπους τοιάδε καὶ διὰ ταύτας

ἐγένετο τὰς αἰτίας. [8] ἀπὸ δὲ ταύτης τῆς καταρχῆς Ῥωμαῖοι μὲν εὐθέως ἄλλους πρεσβευτὰς ἐξαπέστειλαν πρὸς Κορινθίους καὶ πρὸς Ἀθηναίους, ὅτε δὴ καὶ Κορίνθιοι πρῶτον ἀπεδέξαντο μετέχειν Ῥωμαίους τοῦ τῶν Ἰσθμίων ἀγῶνος. Ἀσδρούβας δὲ κατὰ τοὺς αὐτοὺς χρόνους — ἐν γὰρ τούτοις ἀπελίπομεν τὰ κατὰ τὴν Ἰβηρίαν — νουνεχῶς καὶ πραγματικῶς χειρίζων τὰ κατὰ τὴν ἀρχὴν ἐν τε τοῖς ὅλοις μεγάλῃν ἐποιεῖτο προκοπὴν, τὴν τε παρὰ μὲν τισὶ Καρχηδόνα, παρὰ δὲ τισὶ Καινὴν πόλιν προσαγορευομένην κατασκευάσας οὐ μικρά, μεγάλα δὲ συνεβάλλετο Καρχηδονίοις εἰς πραγμάτων λόγον, [2] καὶ μάλιστα διὰ τὴν εὐκαιρίαν τοῦ τόπου πρὸς τε τὰ κατὰ τὴν Ἰβηρίαν πράγματα καὶ πρὸς τὰ κατὰ τὴν Λιβύην, περὶ ἧς ἡμεῖς εὐφύστερον καιρὸν λαβόντες ὑποδείξομεν τὴν θέσιν αὐτῆς καὶ τὴν χρεῖαν, ἣν ἀμφοτέραις δύναται παρέχεσθαι ταῖς εἰρημέναις χώραις. [3] ὃν καὶ θεωροῦντες Ῥωμαῖοι μείζω καὶ φοβερωτέραν ἤδη συνιστάμενον δυναστείαν, ὥρμησαν ἐπὶ τὸ πολυπραγμονεῖν τὰ κατὰ τὴν Ἰβηρίαν. [4] εὐρόντες δὲ σφᾶς ἐπικεκοιμημένους ἐν τοῖς ἔμπροσθεν χρόνοις καὶ προειμένους εἰς τὸ μεγάλην χεῖρα κατασκευάσασθαι Καρχηδονίους, ἀνατρέχειν ἐπειρῶντο κατὰ δύναμιν. [5] αὐτόθεν μὲν οὖν ἐπιτάττειν ἢ πολεμεῖν οὐ κατετόλμων τοῖς Καρχηδονίοις διὰ τὸ τὸν ἀπὸ τῶν Κελτῶν φόβον ἐπικρέμασθαι τοῖς σφετέροις πράγμασιν καὶ μόνον οὐ καθ' ἐκάστην ἡμέραν προσδοκᾶν τὴν ἔφοδον αὐτῶν. [6] καταψήσαντες δὲ καὶ πραῦναντες τὸν Ἀσδρούβαν, οὕτως ἔκριναν ἐγχειρεῖν τοῖς Κελτοῖς καὶ διακινδυνεύειν πρὸς αὐτούς, οὐδέποτε ἂν ὑπολαμβάνοντες οὐχ οἷον δυναστεῦσαι τῶν κατὰ τὴν Ἰταλίαν, ἀλλ' οὐδ' ἀσφαλῶς οἰκῆσαι τὴν ἑαυτῶν πατρίδα, τούτους ἔχοντες ἐφέδρους τοὺς ἄνδρας. [7] διόπερ ἅμα τῷ διαπρεσβευσάμενοι πρὸς τὸν Ἀσδρούβαν ποιήσασθαι συνθήκας, ἐν αἷς τὴν μὲν ἄλλην Ἰβηρίαν παρεσιώπων, τὸν δὲ καλούμενον Ἰβηρα ποταμὸν οὐκ ἔδει Καρχηδονίους ἐπὶ πολέμῳ διαβαίνειν, εὐθέως ἐξήνεγκαν τὸν πρὸς τοὺς κατὰ τὴν

Ἀννίβας ἐπεβάλετο καταλύειν τὴν Ῥωμαίων δυναστείαν. [3] πρῶτον δὲ περὶ τῆς χώρας ῥητέον ποία τίς ἐστὶν καὶ πῶς κεῖται πρὸς τὴν ἄλλην Ἰταλίαν. οὕτως γὰρ ἔσται καὶ τὰ περὶ τὰς πράξεις διαφέροντα κατανοεῖν βέλτιον, ὑπογραφέντων τῶν περὶ τε τοὺς τόπους καὶ τὴν χώραν ιδιωμάτων. [4]

[1] τῆς δὴ συμπάσης Ἰταλίας τῷ σχήματι τριγωνοειδοῦς ὑπαρχούσης, τὴν μὲν μίαν ὀρίζει πλευρὰν αὐτῆς τὴν πρὸς τὰς ἀνατολὰς κεκλιμένην ὃ τ' Ἴόνιος πόρος καὶ κατὰ τὸ συνεχὲς ὁ κατὰ τὸν Ἀδρίαν κόλπος, τὴν δὲ πρὸς μεσημβρίαν καὶ δυσμὰς τετραμμένην τὸ Σικελικὸν καὶ Τυρρηρικὸν πέλαγος. [5] αὗται δ' αἱ πλευραὶ συμπίπτουσιν πρὸς ἀλλήλας κορυφὴν ποιοῦσι τοῦ τριγώνου τὸ προκείμενον ἄκρωτήριον τῆς Ἰταλίας εἰς τὴν μεσημβρίαν, ὃ προσαγορεύεται μὲν Κόκυνθος, διαιρεῖ δὲ τὸν Ἴονιον πόρον καὶ τὸ Σικελικὸν πέλαγος. [6] τὴν δὲ λοιπὴν τὴν παρά τε τὰς ἄρκτους καὶ τὴν μεσόγαιαν παρατείνουσιν ὀρίζει κατὰ τὸ συνεχὲς ἡ τῶν Ἀλπεων παρῳρία, λαμβάνουσα τὴν μὲν ἀρχὴν ἀπὸ Μασσαλίας καὶ τῶν ὑπὲρ τὸ Σαρδῶν πέλαγος τόπων, παρήκουσα δὲ συνεχῶς μέχρι πρὸς τὸν τοῦ παντὸς Ἀδρίου μυχόν, πλὴν βραχέος, ὃ προκαταλήγουσα λείπει τοῦ μὴ συνάπτειν αὐτῷ. [7] παρὰ δὲ τὴν προειρημένην παρῳρίαν, ἣν δεῖ νοεῖν ὡσανεὶ βάσιν τοῦ τριγώνου, παρὰ ταύτην ἀπὸ μεσημβρίας ὑπόκειται πεδία τῆς συμπάσης Ἰταλίας τελευταῖα πρὸς τὰς ἄρκτους, ὑπὲρ ὧν ὁ νῦν δὴ λόγος, ἀρετῇ καὶ μεγέθει διαφέροντα τῶν κατὰ τὴν Εὐρώπην, ὅσα πέπτωκεν ὑπὸ τὴν ἡμετέραν ἱστορίαν. [8] ἔστι δὲ τὸ μὲν ὅλον εἶδος καὶ τῆς ταῦτα τὰ πεδία περιγραφούσης γραμμῆς τριγωνοειδές. τούτου δὲ τοῦ σχήματος τὴν μὲν κορυφὴν ἥ τε τῶν Ἀπεννίνων καλουμένων ὀρῶν καὶ τῶν Ἀλπεινῶν σύμπτωσις οὐ μακρὰν ἀπὸ τοῦ Σαρδῶν πελάγους ὑπὲρ Μασσαλίας ἀποτελεῖ. [9] τῶν δὲ πλευρῶν παρὰ μὲν τὴν ἀπὸ τῶν ἄρκτων, ὡς ἐπάνω προεῖπον, τὰς Ἀλπεὶς αὐτὰς ἐπὶ δισχιλίους καὶ διακοσίους σταδίους παρήκειν συμβαίνει, [10] παρὰ δὲ τὴν ἀπὸ μεσημβρίας τὸν Ἀπεννίνον ἐπὶ τρισχιλίους ἑξακοσίους. [11] βάσεώς γε μὴν τάξιν λαμβάνει τοῦ παντὸς σχήματος ἡ παραλία τοῦ κατὰ τὸν Ἀδρίαν κόλπου· τὸ δὲ μέγεθος τῆς βάσεώς ἐστὶν ἀπὸ πόλεως Σήνης ἕως ἐπὶ τὸν μυχόν ὑπὲρ τοὺς δισχιλίους σταδίους καὶ πεντακοσίους, [12] ὥστε τὴν πᾶσαν περίμετρον τῶν προειρημένων πεδίων μὴ πολὺ λείπειν τῶν μυρίων σταδίων. περὶ γε μὴν τῆς ἀρετῆς οὐδ' εἰπεῖν ῥάδιον. σίτου τε γὰρ τοσαύτην ἀφθονίαν ὑπάρχειν συμβαίνει κατὰ τοὺς τόπους ὥστ' ἐν

τοῖς καθ' ἡμᾶς καιροῖς πολλάκις τεττάρων ὀβολῶν εἶναι τῶν πυρῶν τὸν Σικελικὸν μέδιμνον, τῶν δὲ κριθῶν δυεῖν, τοῦ δ' οἴνου τὸν μετρητὴν ισόκριθον. [2] ἐλύμου γε μὴν καὶ κέγχρου τελέως ὑπερβάλλουσα δαψίλεια γίνεται παρ' αὐτοῖς. τὸ δὲ τῶν βαλάνων πλῆθος τὸ γινόμενον ἐκ τῶν κατὰ διάστημα δρυμῶν ἐν τοῖς πεδίοις ἐκ τούτων ἂν τις μάλιστα τεκμήραιτο: [3] πλείστων γὰρ ὑϊκῶν ἱερείων κοπτομένων ἐν Ἰταλίᾳ διὰ τε τὰς εἰς τοὺς ἰδίους βίους καὶ τὰς εἰς τὰ στρατόπεδα παραθέσεις, τὴν ὀλοσχερεστάτην χορηγίαν ἐκ τούτων συμβαίνει τῶν πεδίων αὐτοῖς ὑπάρχειν. [4] περὶ δὲ τῆς κατὰ μέρος εὐωνίας καὶ δαψιλείας τῶν πρὸς τὴν τροφὴν ἀνηκόντων οὕτως ἂν τις ἀκριβέστατα κατανοήσῃεν: [5] ποιοῦνται γὰρ τὰς καταλύσεις οἱ διοδεύοντες τὴν χώραν ἐν τοῖς πανδοκείοις, οὐ συμφωνοῦντες περὶ τῶν κατὰ μέρος ἐπιτηδείων, ἀλλ' ἐρωτῶντες πόσου τὸν ἄνδρα δέχεται. [6] ὥς μὲν οὖν ἐπὶ τὸ πολὺ παρίενται τοὺς καταλύτας οἱ πανδοκεῖς, ὥς ἱκανὰ πάντ' ἔχειν τὰ πρὸς τὴν χρείαν, ἡμιασσαρίου: τοῦτο δ' ἔστι τέταρτον μέρος ὀβολοῦ: σπανίως δὲ τοῦθ' ὑπερβαίνουνσι. [7] τό γε μὴν πλῆθος τῶν ἀνδρῶν καὶ τὸ μέγεθος καὶ κάλλος τῶν σωμάτων, ἔτι δὲ τὴν ἐν τοῖς πολέμοις τόλμαν ἐξ αὐτῶν τῶν πράξεων σαφῶς ἔσται καταμαθεῖν.

[1] τῶν δ' Ἄλπεων ἐκατέρας τῆς πλευρᾶς, [8] τῆς ἐπὶ τὸν Ῥοδανὸν ποταμὸν καὶ τῆς ἐπὶ τὰ προειρημένα πεδία νευούσης, τοὺς βουνώδεις καὶ γεώδεις τόπους κατοικοῦσι τοὺς μὲν ἐπὶ τὸν Ῥοδανὸν καὶ τὰς ἄρκτους ἐστραμμένους Γαλάται Τρανσαλπῖνοι προσαγορευόμενοι, τοὺς δ' ἐπὶ τὰ πεδία Ταυρίσκοι καὶ Ἄγωνες καὶ πλείω γένη βαρβάρων ἕτερα. [9] Τρανσαλπῖνοί γε μὴν οὐ διὰ τὴν τοῦ γένους, ἀλλὰ διὰ τὴν τοῦ τόπου διαφορὰν προσαγορεύονται: τὸ γὰρ τρᾶνς ἐξερμηνευόμενόν ἐστι πέραν, διὸ τοὺς ἐπέκεινα τῶν Ἄλπεων Τρανσαλπίνους καλοῦσι. [10] τὰ δ' ἄκρα διὰ τε τὴν τραχύτητα καὶ τὸ πλῆθος τῆς ἐπὶ μενούσης ἀεὶ χιόνος ἀοίκητα τελέως ἐστίν. τὸν δ' Ἀπεννῖνον ἀπὸ μὲν τῆς ἀρχῆς τῆς ὑπὲρ Μασσαλίαν καὶ τῆς πρὸς τὰς Ἄλπεις συμπτώσεως Λιγυστῖνοι κατοικοῦσιν, καὶ τὴν ἐπὶ τὸ Τυρρηνικὸν πέλαγος αὐτοῦ πλευρὰν κεκλιμένην καὶ τὴν ἐπὶ τὰ πεδία, [2] παρὰ θάλατταν μὲν μέχρι πόλεως Πίσσης, ἡ πρώτη κεῖται τῆς Τυρρηνίας ὥς πρὸς τὰς δυσμᾶς, κατὰ δὲ τὴν μεσόγειον ἕως τῆς Ἀρρητίνων χώρας. [3] ἐξῆς δὲ Τυρρηνοί: τούτοις δὲ συνεχεῖς ἐκάτερον τὸ κλίμα νέμονται τῶν προειρημένων ὁρῶν Ὅμβροι. [4] λοιπὸν ὁ μὲν Ἀπεννῖνος ἀπέχων τῆς κατὰ τὸν Ἀδρίαν θαλάττης

σταδίους ὥσανει πεντακοσίους ἀπολείπει τὰ πεδία δεξιὸς ἀπονέων, καὶ διὰ μέσης τῆς λοιπῆς Ἰταλίας διήκων εἰς τὸ Σικελικὸν κατατείνει πέλαγος. [5] τὸ δ' ἀπολειπόμενον μέρος πεδινὸν τῆς πλευρᾶς ἐπὶ θάλατταν καὶ πόλιν καθήκει Σήνην. [6] ὁ δὲ Πάδος ποταμὸς, ὑπὸ δὲ τῶν ποιητῶν Ἡριδανὸς θρυλούμενος, ἔχει μὲν τὰς πηγὰς ἀπὸ τῶν Ἄλπεων ὡς πρὸς τὴν κορυφὴν μᾶλλον τοῦ προειρημένου σχήματος, καταφέρεται δ' εἰς τὰ πεδία, ποιούμενος τὴν ῥύσιν ὡς ἐπὶ μεσημβρίαν. [7] ἀφικόμενος δ' εἰς τοὺς ἐπιπέδους τόπους, ἐκκλίνας τῷ ῥέυματι πρὸς ἑὼ φέρεται δι' αὐτῶν: ποιεῖ δὲ τὴν ἐκβολὴν δυσὶ στόμασιν εἰς τοὺς κατὰ τὸν Ἀδρίαν τόπους: τὸ δὲ πλεῖον ἀποτεμένεται μέρος τῆς πεδιάδος χώρας εἰς τὰς Ἄλπεις καὶ τὸν Ἀδριατικὸν μυχόν. [8] ἄγει δὲ πλῆθος ὕδατος οὐδενὸς ἔλαττον τῶν κατὰ τὴν Ἰταλίαν ποταμῶν διὰ τὸ τὰς ῥύσεις τὰς ἐπὶ τὰ πεδία νευούσας ἀπὸ τε τῶν Ἄλπεων καὶ τῶν Ἀπεννίνων ὄρων εἰς τοῦτον ἐμπίπτειν ἀπάσας καὶ πανταχόθεν. [9] μεγίστῳ δὲ καὶ καλλίστῳ ῥέυματι φέρεται περὶ κυνὸς ἐπιτολὴν, αὐξόμενος ὑπὸ τοῦ πλήθους τῶν ἀνατρηκόμενων χιόνων ἐν τοῖς προειρημένοις ὄρεσιν. [10] ἀναπλεῖται δ' ἐκ θαλάττης κατὰ τὸ στόμα τὸ καλούμενον Ὀλανα σχεδὸν ἐπὶ δισχιλίους σταδίους. [11] τὴν μὲν γὰρ πρώτην ἐκ τῶν πηγῶν ἔχει ῥύσιν ἀπλὴν, σχίζεται δ' εἰς δύο μέρη κατὰ τοὺς προσαγορευομένους Τριγαβόλους: τούτων δὲ τὸ μὲν ἕτερον στόμα προσονομάζεται Παδόα, τὸ δ' ἕτερον Ὀλανα. [12] κεῖται δ' ἐπὶ τούτῳ λιμὴν, οὐδενὸς τῶν κατὰ τὸν Ἀδρίαν ἦττω παρεχόμενος ἀσφάλειαν τοῖς ἐν αὐτῷ καθορμιζομένοις. παρὰ γε μὴν τοῖς ἐγγχωρίοις ὁ ποταμὸς προσαγορεύεται Βόδεγκος. [13] τᾶλλα δὲ τὰ περὶ τὸν ποταμὸν τοῦτον ἱστορούμενα παρὰ τοῖς Ἑλλήσι, λέγω δὴ τὰ περὶ Φαέθοντα καὶ τὴν ἐκείνου πτῶσιν, ἔτι δὲ τὰ δάκρυα τῶν αἰγείρων καὶ τοὺς μελανείμονας τοὺς περὶ τὸν ποταμὸν οἰκοῦντας, οὓς φασὶ τὰς ἐσθῆτας εἰσέτι νῦν φορεῖν τοιαύτας ἀπὸ τοῦ κατὰ Φαέθοντα πένθους, [14] καὶ πᾶσαν δὴ τὴν τραγικὴν καὶ ταύτη προσεικυῖαν ὕλην ἐπὶ μὲν τοῦ παρόντος ὑπερθησόμεθα διὰ τὸ μὴ λίαν καθήκειν τῷ τῆς προκατασκευῆς γένει τὴν περὶ τῶν τοιούτων ἀκριβολογίαν. [15] μεταλαβόντες δὲ καιρὸν ἀρμόττοντα ποιησόμεθα τὴν καθήκουσαν μνήμην, καὶ μάλιστα διὰ τὴν Τιμαίου περὶ τοὺς προειρημένους τόπους ἄγνοιαν.

[1] πλὴν ταῦτά γε τὰ πεδία τὸ παλαιὸν ἐνέμοντο Τυρρηνοί, καθ' οὓς χρόνους καὶ τὰ Φλέγραιά ποτε καλούμενα τὰ περὶ Καπύην καὶ Νώλην: ἃ δὴ καὶ διὰ τὸ πολλοῖς ἐμποδὼν εἶναι καὶ γνωρίζεσθαι

μεγάλην ἐπ' ἀρετῇ δόξαν εἴληφεν. [2] διὸ καὶ τοὺς ἱστοροῦντας τὰς Τυρρηγῶν δυναστείας οὐ χρή ποιεῖσθαι τὴν ἀναφορὰν ἐπὶ τὴν νῦν κατεχομένην ὑπ' αὐτῶν χώραν, ἀλλ' ἐπὶ τὰ προειρημένα πεδία καὶ τὰς ἐκ τούτων τῶν τόπων ἀφορμάς. [3] οἷς ἐπιμινύμενοι κατὰ τὴν παράθεσιν Κελτοὶ καὶ περὶ τὸ κάλλος τῆς χώρας ὀφθαλμιάζαντες, ἐκ μικρᾶς προφάσεως μεγάλην στρατιᾷ παραδόξως ἐπελθόντες ἐξέβαλον ἐκ τῆς περὶ τὸν Πάδον χώρας Τυρρηνοὺς καὶ κατέσχον αὐτοὶ τὰ πεδία. [4] τὰ μὲν οὖν πρῶτα καὶ περὶ τὰς ἀνατολὰς τοῦ Πάδου κείμενα Λάοι καὶ Λεβέκιοι, μετὰ δὲ τούτους Ἰνσοβρες κατώκησαν, ὁ μέγιστος ἔθνος ἦν αὐτῶν· ἐξῆς δὲ τούτοις παρὰ τὸν ποταμὸν Γονομάνοι. [5] τὰ δὲ πρὸς τὸν Ἀδρίαν ἤδη προσήκοντα γένος ἄλλο πᾶν παλαιὸν διακατέσχευ· προσαγορεύονται δ' Οὐένετοι, τοῖς μὲν ἔθεσι καὶ τῷ κόσμῳ βραχεῖ διαφέροντες Κελτῶν, γλώττῃ δ' ἄλλοιᾳ χρώμενοι. [6] περὶ ὧν οἱ τραγωδιογράφοι πολὺν τινα πεποίηται λόγον καὶ πολλὴν διατέθεται τερατείαν. [7] τὰ δὲ πέραν τοῦ Πάδου τὰ περὶ τὸν Ἀπεννῖνον πρῶτοι μὲν Ἄναρες, μετὰ δὲ τούτους Βοῖοι κατώκησαν· ἐξῆς δὲ τούτων ὡς πρὸς τὸν Ἀδρίαν Λίγγονες, τὰ δὲ τελευταῖα πρὸς θαλάττῃ Σήνωνες. [8] τὰ μὲν οὖν ἐπιφανέστατα τῶν κατασχόντων τοὺς προειρημένους τόπους ἐθνῶν ταῦθ' ὑπῆρχεν. [9] ὥκουν δὲ κατὰ κόμας ἀτειχίστους, τῆς λοιπῆς κατασκευῆς ἅμοιροι καθεστῶτες. [10] διὰ γὰρ τὸ στιβαδοκοιτεῖν καὶ κρεαφαγεῖν, ἔτι δὲ μηδὲν ἄλλο πλὴν τὰ πολεμικὰ καὶ τὰ κατὰ γεωργίαν· ἀσκεῖν ἀπλοῦς εἶχον τοὺς βίους, οὗτ' ἐπιστήμης ἄλλης οὔτε τέχνης παρ' αὐτοῖς τὸ παράπαν γινωσκομένης. [11] ὕπαρξις γε μὴν ἐκάστοις ἦν θρέμματα καὶ χρυσὸς διὰ τὸ μόνον ταῦτα κατὰ τὰς περιστάσεις ῥαδίως δύνασθαι πανταχῇ περιαγαγεῖν καὶ μεθιστάναι κατὰ τὰς αὐτῶν προαιρέσεις. [12] περὶ δὲ τὰς ἐταιρείας μεγίστην σπουδὴν ἐποιοῦντο διὰ τὸ καὶ φοβερώτατον καὶ δυνατώτατον εἶναι παρ' αὐτοῖς τοῦτον ὃς ἂν πλείστους ἔχειν δοκῇ τοὺς θεραπεύοντας καὶ συμπεριφερομένους αὐτῷ.

[1] τὰς μὲν οὖν ἀρχὰς οὐ μόνον τῆς χώρας ἐπεκράτουν, ἀλλὰ καὶ τῶν σύνεγγυς πολλοὺς ὑπηκόους ἐπεποίητο, τῇ τόλμῃ καταπεπληγμένοι. [2] μετὰ δὲ τινα χρόνον μάχῃ νικήσαντες Ῥωμαίους καὶ τοὺς μετὰ τούτων παραταξαμένους, ἐπόμενοι τοῖς φεύγουσι τρισὶ τῆς μάχης ἡμέραις ὕστερον κατέσχον αὐτὴν τὴν Ῥώμην πλὴν τοῦ Καπετωλίου. [3] γενομένου δ' ἀντισπάσματος, καὶ τῶν Οὐενέτων ἐμβαλόντων εἰς τὴν χώραν αὐτῶν, τότε μὲν ποιησάμενοι συνθήκας

πρὸς Ῥωμαίους καὶ τὴν πόλιν ἀποδόντες ἐπανῆλθον εἰς τὴν οἰκείαν. [4] μετὰ δὲ ταῦτα τοῖς ἐμφυλίοις συνέιχοντο πολέμοις· ἔνιοι δὲ καὶ τῶν τὰς Ἄλπεις κατοικούντων ὁρμὰς ἐποιοῦντο καὶ συνηθορίζοντο πολλάκις ἐπ’ αὐτούς, θεωροῦντες ἐκ παραθέσεως τὴν παραγεγεννημένην αὐτοῖς εὐδαιμονίαν. [5] ἐν ᾧ καιρῷ Ῥωμαῖοι τὴν τε σφετέραν δύναμιν ἀνέλαβον καὶ τὰ κατὰ τοὺς Λατίνους αὐθις πράγματα συνεστήσαντο. [6] παραγενομένων δὲ πάλιν τῶν Κελτῶν εἰς Ἄλβαν στρατεύματι μεγάλῳ μετὰ τὴν τῆς πόλεως κατάληψιν ἔτει τριακοστῷ, τότε μὲν οὐκ ἐτόλμησαν ἀντεξαγαγεῖν Ῥωμαῖοι τὰ στρατόπεδα διὰ τὸ παραδόξου γενομένης τῆς ἐφόδου προκαταληφθῆναι καὶ μὴ καταταχῆσαι τὰς τῶν συμμάχων ἀθροίσαντας δυνάμεις. [7] αὐθις δ’ ἐξ ἐπιβολῆς ἐτέρας ἔτει δωδεκάτῳ μετὰ μεγάλης στρατιᾶς ἐπιπορευομένων προαισθόμενοι καὶ συναγείραντες τοὺς συμμάχους μετὰ πολλῆς προθυμίας ἀπήντων, σπεύδοντες συμβαλεῖν καὶ διακινδυνεῦσαι περὶ τῶν ὅλων. [8] οἱ δὲ Γαλάται καταπλαγέντες τὴν ἔφοδον αὐτῶν καὶ διαστασιάσαντες πρὸς σφᾶς νυκτὸς ἐπιγενομένης φυγῇ παραπλησίαν ἐποιήσαντο τὴν ἀποχώρησιν εἰς τὴν οἰκείαν. [9] ἀπὸ δὲ τούτου τοῦ φόβου τριακαίδεκα μὲν ἔτη τὴν ἡσυχίαν ἔσχον, μετὰ δὲ ταῦτα συνορῶντες αὐξανομένην τὴν Ῥωμαίων δύναμιν εἰρήνην ἐποι

[1] ἦσαντο καὶ συνθήκας. ἐν αἷς ἔτη τριάκοντα μείναντες ἐμπεδῶς, αὐθις γενομένου κινήματος ἐκ τῶν Τρανσαλπίνων, δείσαντες μὴ πόλεμος αὐτοῖς ἐγερθῇ βαρὺς, ἀπὸ μὲν αὐτῶν ἔτρεψαν τὰς ὁρμὰς τῶν ἐξανισταμένων, δωροφοροῦντες καὶ προτιθέμενοι τὴν συγγένειαν, ἐπὶ δὲ Ῥωμαίους παρώξυναν καὶ μετέσχον αὐτοῖς τῆς στρατείας. [2] ἐν ἣ τὴν ἔφοδον ποιησάμενοι διὰ Τυρρηνίας, ὁμοῦ συστρατευσαμένων σφίσι Τυρρηνῶν, καὶ περιβαλόμενοι λείας πλῆθος ἐκ μὲν τῆς Ῥωμαίων ἐπαρχίας ἀσφαλῶς ἐπανῆλθον. [3] εἰς δὲ τὴν οἰκείαν ἀφικόμενοι καὶ στασιάσαντες περὶ τὴν τῶν εἰλημμένων πλεονεξίαν τῆς τε λείας καὶ τῆς αὐτῶν δυνάμεως τὸ πλεῖστον μέρος διέφθειραν. [4] τοῦτο δὲ σύνηθές ἐστι Γαλάταις πράττειν, ἐπειδὴν σφετερίζονται τι τῶν πέλας, καὶ μάλιστα διὰ τὰς ἀλόγους οἰνοφλυγίας καὶ πλησμονάς. [5] μετὰ δὲ ταῦτα πάλιν ἔτει τετάρτῳ συμφρονήσαντες ἅμα Σαυνῖται καὶ Γαλάται παρετάξαντο Ῥωμαίοις ἐν τῇ Καμερτίων χώρα καὶ πολλοὺς αὐτῶν ἐν τῷ κινδύνῳ διέφθειραν. [6] ἐν ᾧ καιρῷ προσφιλονικήσαντες πρὸς τὸ γεγονὸς ἐλάττωμ’ αὐτοῖς Ῥωμαῖοι μετ’ ὀλίγας ἡμέρας ἐξῆλθον καὶ

συμβαλόντες πᾶσι τοῖς στρατοπέδοις ἐν τῇ τῶν Σεντινατῶν χώρα πρὸς τοὺς προειρημένους τοὺς μὲν πλείστους ἀπέκτειναν, τοὺς δὲ λοιποὺς ἠνάγκασαν προτροπάδην ἐκάστους εἰς τὴν οἰκείαν φυγεῖν. [7] διαγενομένων δὲ πάλιν ἐτῶν δέκα παρεγένοντο Γαλάται μετὰ μεγάλης στρατιᾶς, πολιορκήσαντες τὴν Ἀρρητίνων πόλιν. [8] Ῥωμαῖοι δὲ παραβοηθήσαντες καὶ συμβαλόντες πρὸ τῆς πόλεως ἡττήθησαν. ἐν δὲ τῇ μάχῃ ταύτῃ Λευκίου τοῦ στρατηγοῦ τελευτήσαντος Μάνιον ἐπικατέστησαν τὸν Κόριον. [9] οὗ πρεσβευτὰς ἐκπέμψαντος εἰς Γαλατίαν ὑπὲρ τῶν αἰχμαλώτων, παρασπονδήσαντες ἐπανείλοντο τοὺς πρέσβεις. [10] τῶν δὲ Ῥωμαίων ὑπὸ τὸν θυμὸν ἐκ χειρὸς ἐπιστρατευσαμένων, ἀπαντήσαντες συνέβαλλον οἱ Σήνωνες καλούμενοι Γαλάται. [11] Ῥωμαῖοι δ' ἐκ παρατάξεως κρατήσαντες αὐτῶν τοὺς μὲν πλείστους ἀπέκτειναν, τοὺς δὲ λοιποὺς ἐξέβαλον, τῆς δὲ χώρας ἐγένοντο πάσης ἐγκρατεῖς. [12] εἰς ἣν καὶ πρώτην τῆς Γαλατίας ἀποικίαν ἔστειλαν τὴν Σήνην προσαγορευομένην πόλιν, ὁμώνυμον οὗσαν τοῖς πρότερον αὐτὴν κατοικοῦσι Γαλάταις, [13] ὑπὲρ ἧς ἀρτίως διεσαφήσαμεν, φάσκοντες αὐτὴν παρὰ τὸν Ἀδρίαν ἐπὶ τῷ πέρατι κεῖσθαι τῶν περὶ τὸν Πάδον πεδίων.

[1] οἱ δὲ Βοῖοι θεωροῦντες ἐκπετωκότητας τοὺς Σήνωνας, καὶ δείσαντες περὶ σφῶν καὶ τῆς χώρας μὴ πάθωσι τὸ παραπλήσιον ἐξεστράτευσαν πανδημεὶ παρακαλέσαντες Τυρρηνοὺς. [2] ἄθροισθέντες δὲ περὶ τὴν Ὀάδμονα προσαγορευομένην λίμνην παρετάξαντο Ῥωμαίοις. [3] ἐν δὲ τῇ μάχῃ ταύτῃ Τυρρηνῶν μὲν οἱ πλείστοι κατεκόπησαν, τῶν δὲ Βοίων τελέως ὀλίγοι διέφυγον. [4] οὐ μὴν ἀλλὰ τῷ κατὰ πόδας ἐνιαυτῷ συμφρονήσαντες αὖθις οἱ προειρημένοι καὶ τοὺς ἄρτι τῶν νέων ἡβῶντας καθοπλίσαντες παρετάξαντο πρὸς Ῥωμαίους. [5] ἡττηθέντες δ' ὀλοσχερῶς τῇ μάχῃ μόλις εἶξαν ταῖς ψυχαῖς καὶ διαπρεσβευσάμενοι περὶ σπονδῶν καὶ διαλύσεων συνθήκας ἔθεντο πρὸς Ῥωμαίους. [6] ταῦτα δὲ συνέβαινεν γίνεσθαι τῷ τρίτῳ πρότερον ἔτει τῆς Πύρρου διαβάσεως εἰς τὴν Ἰταλίαν, πέμπτῳ δὲ τῆς Γαλατῶν περὶ Δελφούς διαφθορᾷ. [7] ἐν γὰρ τούτοις ἡ τύχη τοῖς καιροῖς ὥσανεὶ λοιμικὴν τινα πολέμου διάθεσιν ἐπέστησε πᾶσι Γαλάταις. [8] ἐκ δὲ τῶν προειρημένων ἀγώνων δύο τὰ κάλλιστα συνεκύρησε Ῥωμαίοις: τοῦ γὰρ κατακόπτεσθαι συνήθειαν ἐσχηκότες ὑπὸ Γαλατῶν οὐδὲν ἡδύναντο δεινότερον ἰδεῖν οὐδὲ προσδοκῆσαι τῶν αὐτοῖς ἤδη πεπραγμένων: [9] ἐξ ὧν πρὸς τε Πύρρον ἀθληταὶ τέλειοι γεγονότες τῶν κατὰ πόλεμον ἔργων συγκατέστησαν,

[10] τὴν τε Γαλατῶν τόλμαν ἐν καιρῷ καταπληξάμενοι λοιπὸν ἀπερισπάστως τὸ μὲν πρῶτον πρὸς Πύρρον περὶ τῆς Ἰταλίας ἐπολέμουν, μετὰ δὲ ταῦτα πρὸς Καρχηδονίους ὑπὲρ τῆς Σικελιωτῶν ἀρχῆς διηγωνίζοντο.

[1] Γαλάται δ' ἐκ τῶν προειρημένων ἐλαττωμάτων ἔτη μὲν πέντε καὶ τετταράκοντα τὴν ἡσυχίαν ἔσχον, εἰρήνην ἄγοντες πρὸς Ῥωμαίους. [2] ἐπεὶ δ' οἱ μὲν αὐτόπται γεγονότες τῶν δεινῶν ἐκ τοῦ ζῆν ἐξεχώρησαν διὰ τὸν χρόνον, ἐπεγένοντο δὲ νέοι, θυμοῦ μὲν ἀλογίστου πλήρεις, ἄπειροι δὲ καὶ ἀόρατοι παντὸς κακοῦ καὶ πάσης περιστάσεως, [3] αὖθις ἤρξαντο τὰ καθεστῶτα κινεῖν, ὃ φύσιν ἔχει γίνεσθαι καὶ τραχύνεσθαι μὲν ἐκ τῶν τυχόντων πρὸς Ῥωμαίους, ἐπισπᾶσθαι δὲ τοὺς ἐκ τῶν Ἀλπεων Γαλάτας. [4] τὸ μὲν οὖν πρῶτον χωρὶς τοῦ πλήθους δι' αὐτῶν τῶν ἡγουμένων ἐν ἀπορρήτοις ἐπράττετο τὰ προειρημένα. [5] διὸ καὶ παραγενομένων τῶν Τρανσαλπίνων ἕως Ἀριμίνου μετὰ δυνάμεως, διαπιστήσαντα τὰ πλήθη τῶν Βοίων καὶ στασιάσαντα πρὸς τε τοὺς ἑαυτῶν προεστῶτας καὶ πρὸς τοὺς παραγεγονότας ἀνείλον μὲν τοὺς ἰδίους βασιλεῖς Ἄτιν καὶ Γάλατον, κατέκοψαν δ' ἀλλήλους, συμβαλόντες ἐκ παρατάξεων. [6] ὅτε δὴ καὶ Ῥωμαῖοι κατάφοβοι γενόμενοι τὴν ἔφοδον ἐξῆλθον μετὰ στρατοπέδου: συνέντες δὲ τὴν αὐθαίρετον καταφθορὰν τῶν Γαλατῶν αὖθις ἀνεχώρησαν εἰς τὴν οἰκίαν. [7] μετὰ δὲ τοῦτον τὸν φόβον ἔτει πέμπτῳ, Μάρκου Λεπέδου στρατηγοῦντος, κατεκληρούχησαν ἐν Γαλατία Ῥωμαῖοι τὴν Πικεντίνην προσαγορευομένην χώραν, ἐξ ἧς νικήσαντες ἐξέβαλον τοὺς Σήνωνας προσαγορευομένους Γαλάτας, [8] Γαῖου Φλαμινίου ταύτην τὴν δημαγωγίαν εἰσηγησαμένου καὶ πολιτείαν, ἣν δὴ καὶ Ῥωμαῖοις ὥς ἔπος εἰπεῖν φατέον ἀρχηγὸν μὲν γενέσθαι τῆς ἐπὶ τὸ χεῖρον τοῦ δήμου διαστροφῆς, αἰτίαν δὲ καὶ τοῦ μετὰ ταῦτα πολέμου συστάντος αὐτοῖς πρὸς τοὺς προειρημένους. [9] πολλοὶ μὲν γὰρ τῶν Γαλατῶν ὑπεδύοντο τὴν πρᾶξιν, μάλιστα δ' οἱ Βοῖοι διὰ τὸ συντερμονεῖν τῇ τῶν Ῥωμαίων χώρᾳ, νομίσαντες οὐχ ὑπὲρ ἡγεμονίας ἔτι καὶ δυναστείας Ῥωμαίους τὸν πρὸς αὐτοὺς ποιήσασθαι πόλεμον, ἀλλ' ὑπὲρ ὀλοσχεροῦς ἐξαναστάσεως καὶ καταφθορᾶς.

[1] διόπερ εὐθέως τὰ μέγιστα τῶν ἐθνῶν, τό τε τῶν Ἰνσόμβρων καὶ Βοίων, συμφρονήσαντα διεπέμποντο πρὸς τοὺς κατὰ τὰς Ἀλπεις καὶ περὶ τὸν Ῥοδανὸν ποταμὸν κατοικοῦντας Γαλάτας, προσαγορευομένους δὲ διὰ τὸ μισθοῦ στρατεῦειν Γαισάτους: ἡ γὰρ

λέξις αὕτη τοῦτο σημαίνει κυρίως. [2] ὧν τοῖς βασιλεῦσι Κογκολιτάνῳ καὶ Ἀνηροέστῳ παραντίκα μὲν χρυσοῦ προτείναντες πλῆθος, εἰς τὸ μέλλον δ' ὑποδεικνύντες τὸ μέγεθος τῆς Ῥωμαίων εὐδαιμονίας καὶ τὸ πλῆθος τῶν ὑπαρξόντων αὐτοῖς ἀγαθῶν, ἐὰν κρατήσωσι, προετρέποντο καὶ παρῳζνον πρὸς τὴν ἐπὶ Ῥωμαίους στρατείαν. [3] ῥαδίως δ' ἔπεισαν, ἅμα τοῖς προειρημένοις διδόντες μὲν τὰ πιστὰ περὶ τῆς αὐτῶν συμμαχίας, ἀναμιμνήσκοντες δὲ τῆς τῶν ιδίων προγόνων πράξεως αὐτούς: [4] ἐν ἧ 'κεῖνοι στρατεύσαντες οὐ μόνον ἐνίκησαν μαχόμενοι Ῥωμαίους, ἀλλὰ καὶ μετὰ τὴν μάχην ἐξ ἐφόδου κατέσχον αὐτὴν τὴν Ῥώμην: [5] γενόμενοι δὲ καὶ τῶν ὑπαρχόντων ἀπάντων ἐγκρατεῖς καὶ τῆς πόλεως αὐτῆς ἑπτὰ μῆνας κυριεύσαντες, τέλος ἐθελοντὶ καὶ μετὰ χάριτος παραδόντες τὴν πόλιν, ἄθραυστοι καὶ ἀσινεῖς ἔχοντες τὴν ὠφέλειαν εἰς τὴν οἰκείαν ἐπανῆλθον. [6] ὧν ἀκούοντες οἱ περὶ αὐτοὺς ἡγεμόνες οὕτω παρωρμῆθησαν ἐπὶ τὴν στρατείαν ὥστε μηδέποτε μήτε πλείους μήτ' ἐνδοξοτέρους μήτε μαχιμωτέρους ἄνδρας ἐξελθεῖν ἐκ τούτων τῶν τόπων τῆς Γαλατίας. [7] κατὰ δὲ τοὺς καιροὺς τούτους Ῥωμαῖοι τὰ μὲν ἀκούοντες τὰ δὲ καταμαντευόμενοι τὸ μέλλον εἰς φόβους ἐνέπιπτον συνεχεῖς καὶ ταραχὰς ἐπὶ τοσοῦτον, [8] ὥστε ποτὲ μὲν στρατόπεδα καταγράφειν καὶ σίτου καὶ τῶν ἐπιτηδείων ποιεῖσθαι παρασκευάς, ποτὲ δὲ καὶ τὰς δυνάμεις ἐξάγειν ἐπὶ τοὺς ὄρους, ὡς ἤδη παρόντων εἰς τὴν χώραν τῶν πολεμίων, οὐδέπω κεκινηκότων ἐκ τῆς οἰκείας τῶν Κελτῶν. [9] οὐκ ἐλάχιστα δὲ συνήργησεν καὶ Καρχηδονίοις τοῦτο τὸ κίνημα πρὸς τὸ κατασκευάσασθαι τὰ κατὰ τὴν Ἰβηρίαν ἀσφαλῶς. [10] Ῥωμαῖοι γάρ, ὡς καὶ πρόσθεν ἡμῖν εἴρηται, κρίνοντες ἀναγκαιότερα ταῦτα διὰ τὸ πρὸς ταῖς πλευραῖς αὐτῶν ὑπάρχειν παρορᾶν ἠναγκάζοντο τὰ κατὰ τὴν Ἰβηρίαν, σπουδάζοντες πρότερον ἐν καλῷ θέσθαι τὰ κατὰ τοὺς Κελτούς. [11] διόπερ ἀσφαλισάμενοι τὰ πρὸς τοὺς Καρχηδονίους διὰ τῶν πρὸς τὸν Ἀσδρούβαν ὁμολογιῶν, ὑπὲρ ὧν ἄρτι δεδηλώκαμεν, ἐνεχείρησαν ὁμοθυμαδὸν ἐν τούτοις τοῖς καιροῖς πρὸς τοὺς κατὰ τὴν Ἰταλίαν πολεμίους, νομίζοντες συμφέρειν σφίσι τὸ διακριθῆναι πρὸς τούτους.

[1] οἱ δὲ Γαισάται Γαλάται συστησάμενοι δύναμιν πολυτελῆ καὶ βαρεῖαν ἦκον ὑπεράραντες τὰς Ἄλπεις εἰς τὸν Πάδον ποταμὸν ἔτει μετὰ τὴν τῆς χώρας διάδοσιν ὀγδόῳ. [2] τὸ μὲν οὖν τῶν Ἰνσὸμβρων καὶ Βοίων γένος ἔμεινε γενναίως ἐν ταῖς ἐξ ἀρχῆς ἐπιβολαῖς, οἱ δ' Οὐένετοι καὶ Γονομάνοι, διαπρεσβευσαμένων Ῥωμαίων, τούτοις

εἶλοντο συμμαχεῖν. [3] διὸ καὶ μέρος τι τῆς δυνάμεως καταλιπεῖν ἠναγκάσθησαν οἱ βασιλεῖς τῶν Κελτῶν φυλακῆς χάριν τῆς χώρας πρὸς τὸν ἀπὸ τούτων φόβον. [4] αὐτοὶ δ' ἐξάραντες παντὶ τῷ στρατεύματι κατατεθαρρηκότες ὥρμησαν, ποιούμενοι τὴν πορείαν ὡς ἐπὶ Τυρρηνίας, ἔχοντες πεζοὺς μὲν εἰς πεντακισμυρίους, ἵππεις δὲ καὶ συνωρίδας εἰς δισμυρίους. [5] Ῥωμαῖοι δ' ὡς θᾶπτον ἤκουσαν τοὺς Κελτοὺς ὑπερβεβληκέναι τὰς Ἄλπεις, Λεύκιον μὲν Αἰμίλιον ὑπάτον μετὰ δυνάμεως ἐξαπέστειλαν ὡς ἐπ' Ἀριμίνου, τηρήσοντα ταύτη τῶν ἐναντίων τὴν ἔφοδον, ἓνα δὲ τῶν ἐξαπελέκεων εἰς Τυρρηνίαν. [6] ὁ μὲν γὰρ ἕτερος τῶν ὑπάτων Γάιος Ἀτίλιος προεξεληλυθὼς ἔτυχεν εἰς Σαρδόνα μετὰ τῶν στρατοπέδων, [7] οἱ δ' ἐν τῇ Ῥώμῃ πάντες περιδεεῖς ἦσαν, μέγαν καὶ φοβερὸν αὐτοῖς ὑπολαμβάνοντες ἐπιφέρεισθαι κίνδυνον. ἔπασχον δὲ τοῦτ' εἰκότως, ἔτι περὶ Γαλατῶν ἐγκαθημένου ταῖς ψυχαῖς αὐτῶν τοῦ παλαιοῦ φόβου. [8] διὸ καὶ πρὸς ταύτην ἀναφέροντες τὴν ἔννοιαν τὰ μὲν συνήθροιζον, τὰ δὲ κατέγραφον στρατόπεδα, τοῖς δ' ἐτοίμοις εἶναι παρήγγελλον τῶν συμμάχων. [9] καθόλου δὲ τοῖς ὑποτεταγμένοις ἀναφέρειν ἐπέταξαν ἀπογραφὰς τῶν ἐν ταῖς ἡλικίαις, σπουδάζοντες εἰδέναι τὸ σύμπαν πλῆθος τῆς ὑπαρχούσης αὐτοῖς δυνάμεως. [11] σίτου δὲ καὶ βελῶν καὶ τῆς ἄλλης ἐπιτηδειότητος πρὸς πόλεμον τηλικαύτην ἐποιήσαντο κατασκευὴν ἡλικίην οὐδεὶς πω μνημονεύει πρότερον. [12] συνηργεῖτο δ' αὐτοῖς πάντα καὶ πανταχόθεν ἐτοιμῶς. [13] καταπεπληγμένοι γὰρ οἱ τὴν Ἰταλίαν οἰκοῦντες τὴν τῶν Γαλατῶν ἔφοδον οὐκέτι Ῥωμαίοις ἡγοῦντο συμμαχεῖν οὐδὲ περὶ τῆς τούτων ἡγεμονίας γίνεσθαι τὸν πόλεμον, ἀλλὰ περὶ σφῶν ἐνόμιζον ἕκαστοι καὶ τῆς ἰδίας πόλεως καὶ χώρας ἐπιφέρεισθαι τὸν κίνδυνον. διόπερ ἐτοιμῶς τοῖς παραγγελλομένοις ὑπήκουον. [14]

[1] ἵνα δὲ συμφανὲς ἐπ' αὐτῶν γένηται τῶν ἔργων ἡλικίους Ἀννίβας ἐτόλμησε πράγμασιν ἐπιθέσθαι [μετὰ δὲ ταῦτα] καὶ πρὸς ἡλικίην δυναστείαν παραβόλως ἀντοφθαλμήσας ἐπὶ τοσοῦτο καθίκετο τῆς προθέσεως ὥστε τοῖς μεγίστοις συμπτώμασι περιβάλλειν Ῥωμαίους, [2] ρητέον ἂν εἴη τὴν παρασκευὴν καὶ τὸ πλῆθος τῆς ὑπαρχούσης αὐτοῖς τότε δυνάμεως. [3] μετὰ μὲν δὴ τῶν ὑπάτων ἐξεληλύθει τέτταρα στρατόπεδα Ῥωμαϊκά, πεντάκις μὲν χιλίους καὶ διακοσίους πεζοὺς, ἵππεις δὲ τριακοσίους ἔχον ἕκαστον. [4] σύμμαχοι δὲ μεθ' ἐκατέρων ἦσαν οἱ συνάμφω πεζοὶ μὲν τρισμύριοι, δισχίλιοι δ' ἵππεις. [5] τῶν δ' ἐκ τοῦ καιροῦ προσβοηθησάντων εἰς τὴν Ῥώμην Σαβίνων

καὶ Τυρρηνῶν ἵππεῖς μὲν ἦσαν εἰς τετρακισχίλιους, πεζοὶ δὲ πλείους τῶν πεντακισμυρίων. [6] τούτους μὲν ἀθροίσαντες ὥς ἐπὶ Τυρρηνίας προεκάθισαν, ἐξαπέλεκυν αὐτοῖς ἡγεμόνα συστήσαντες. [7] οἱ δὲ τὸν Ἀπεννῖνον κατοικοῦντες Ὀμβροὶ καὶ Σαρσινάτοι συνήχθησαν εἰς δισμύριους, μετὰ δὲ τούτων Οὐένετοι καὶ Γονομάνοι δισμύριοι. τούτους δ' ἔταξαν ἐπὶ τῶν ὄρων τῆς Γαλατίας, [8] ἵν' ἐμβαλόντες εἰς τὴν τῶν Βοίων χώραν ἀντιπερισπῶσι τοὺς ἐξεληλυθότας. τὰ μὲν οὖν προκαθήμενα στρατόπεδα τῆς χώρας ταῦτ' ἦν. [9] ἐν δὲ τῇ Ῥώμῃ διέτριβον ἡτοιμασμένοι χάριν τῶν συμβαινόντων ἐν τοῖς πολέμοις, ἐφεδρείας ἔχοντες τάξιν, Ῥωμαίων μὲν αὐτῶν πεζοὶ δισμύριοι, μετὰ δὲ τούτων ἵππεῖς χίλιοι καὶ πεντακόσιοι, τῶν δὲ συμμάχων πεζοὶ μὲν τρισμύριοι, δισχίλιοι δ' ἵππεῖς. [10] καταγραφὰ δ' ἀνηνέχθησαν Λατίνων μὲν ὀκτακισμύριοι πεζοί, πεντακισχίλιοι δ' ἵππεῖς, Σαυνιτῶν δὲ πεζοὶ μὲν ἑπτακισμύριοι, μετὰ δὲ τούτων ἵππεῖς ἑπτακισχίλιοι, [11] καὶ μὴν Ἰαπύγων καὶ Μεσσαπίων συνάμφω πεζῶν μὲν πέντε μυριάδες, ἵππεῖς δὲ μύριοι σὺν ἑξακισχιλίοις, [12] Λευκανῶν δὲ πεζοὶ μὲν τρισμύριοι, τρισχίλιοι δ' ἵππεῖς, Μαρσῶν δὲ καὶ Μαρρουκίων καὶ Φερεντάνων, ἔτι δ' Οὐεστίνων πεζοὶ μὲν δισμύριοι, τετρακισχίλιοι δ' ἵππεῖς. [13] ἔτι γε μὴν καὶ ἐν Σικελίᾳ καὶ Τάραντι στρατόπεδα δύο παρεφύδρευεν, ὧν ἑκάτερον ἦν ἀνὰ τετρακισχίλιους καὶ διακοσίους πεζοὺς, ἵππεῖς δὲ διακοσίους. [14] Ῥωμαίων δὲ καὶ Καμπανῶν ἡ πληθὺς πεζῶν μὲν εἰς εἴκοσι καὶ πέντε κατελέχθησαν μυριάδες, ἵππέων δ' ἐπὶ ταῖς δύο μυριάσιν ἐπῆσαν ἔτι τρεῖς χιλιάδες. [15] ὥστ' εἶναι τὸ [κεφάλαιον τῶν μὲν προκαθημένων τῆς Ῥώμης δυνάμεων πεζοὶ μὲν ὑπὲρ πεντεκαίδεκα μυριάδες, [16] ἵππεῖς δὲ πρὸς ἑξακισχίλιους, τὸ δὲ] σύμπαν πληθος τῶν δυναμένων ὅπλα βαστάζειν, αὐτῶν τε Ῥωμαίων καὶ τῶν συμμάχων, πεζῶν ὑπὲρ τὰς ἑβδομήκοντα μυριάδας, ἵππέων δ' εἰς ἑπτὰ μυριάδας. [17] ἐφ' οὓς Ἀννίβας ἐλάττους ἔχων δισμυρίων ἐπέβαλεν εἰς τὴν Ἰταλίαν. περὶ μὲν οὖν τούτων ἐν τοῖς ἐξῆς σαφέστερον ἐκποιήσει κατανοεῖν.

[1] οἱ δὲ Κελτοὶ κατάραντες εἰς τὴν Τυρρηνίαν ἐπεπορεύοντο τὴν χώραν, πορθοῦντες ἀδεῶς· οὐδενὸς δ' αὐτοῖς ἀντιταττομένου, τέλος ἐπ' αὐτὴν ὥρμησαν τὴν Ῥώμην. [2] ἤδη δ' αὐτῶν περὶ πόλιν ὄντων ἡ καλεῖται μὲν Κλούσιον, ἀπέχει δ' ἡμερῶν τριῶν ὁδὸν ἀπὸ τῆς Ῥώμης, προσαγγέλλεται διότι κατόπιν αὐτοῖς ἔπονται καὶ συνάπτουσιν αἱ προκαθήμεναι τῶν Ῥωμαίων ἐν τῇ Τυρρηνίᾳ δυνάμεις. [3] οἱ δ' ἀκούσαντες ἐξ ὑποστροφῆς ἀπήντων, σπεύδοντες

τούτοις συμβαλεῖν. [4] ἐγγίσαντες δ' ἀλλήλοις ἤδη περὶ δυσμᾶς ἡλίου, τότε μὲν ἐν συμμέτρῳ διαστήματι καταστρατοπεδεύσαντες ἠϋλίσθησαν ἀμφοτέροι. [5] τῆς δὲ νυκτὸς ἐπιγενομένης πῦρ ἀνακαύσαντες οἱ Κελτοὶ τοὺς μὲν ἵππεῖς ἀπέλιπον, συντάξαντες ἅμα τῷ φωτὶ συμφανεῖς γενομένους τοῖς πολεμίοις ὑποχωρεῖν κατὰ τὸν αὐτὸν στίβον. [6] αὐτοὶ δὲ λαθραῖαν ποιησάμενοι τὴν ἀποχώρησιν ὥς ἐπὶ πόλιν Φαισόλαν αὐτοῦ παρενέβαλον, πρόθεσιν ἔχοντες ἅμα μὲν ἐκδέχεσθαι τοὺς ἑαυτῶν ἵππεῖς, ἅμα δὲ παραδόξως ἐνοχλῆσαι τὴν τῶν ὑπεναντίων ἔφοδον. [7] οἱ δὲ Ῥωμαῖοι τῆς ἡμέρας ἐπιγενομένης συνιδόντες τοὺς ἵππεῖς αὐτοὺς καὶ νομίσαντες τοὺς Κελτοὺς ἀποδεδρακέναι, κατὰ σπουδὴν ἠκολούθουν τοῖς ἵππευσιν κατὰ τὴν ἐκείνων ἀποχώρησιν. [8] ἅμα δὲ τῷ συνεγγίζειν τοῖς πολεμίοις διαναστάντων τῶν Κελτῶν καὶ συμπεσόντων αὐτοῖς ἦν ἀγὼν τὰς ἀρχὰς ἐξ ἀμφοῖν βίαιος. [9] τέλος δὲ καθυπερεχόντων τῶν Κελτῶν τῇ τόλμῃ καὶ τῷ πλήθει, συνέβη διαφθαρῆναι μὲν τῶν Ῥωμαίων οὐκ ἐλάττους ἐξακισχίλιον, τοὺς δὲ λοιποὺς φεύγειν: ὧν οἱ πλείους πρὸς τινα τόπον ἐρυμνὸν ἀποχωρήσαντες ἔμενον. [10] οὓς τὸ μὲν πρῶτον οἱ Κελτοὶ πολιορκεῖν ἐπεβάλοντο: κακῶς δ' ἀπαλλάττοντες ἐκ τῆς προγεγενημένης ἐν τῇ νυκτὶ πορείας καὶ κακοπαθείας καὶ ταλαιπωρίας ὥρμησαν πρὸς ἀνάπαυσιν καὶ θεραπείαν, φυλακὴν ἀπολιπόντες τῶν ἰδίων ἵππεων περὶ τὸν λόφον, [11] πρόθεσιν ἔχοντες κατὰ τὴν ἐπιοῦσαν πολιορκεῖν τοὺς συμπεφευγότας, ἐὰν μὴ παραδῶσιν ἑαυτοὺς ἐκουσίως.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον Λεύκιος Αἰμίλιος ὁ προκαθήμενος ἐπὶ τῶν κατὰ τὸν Ἀδριάν τόπων ἀκούσας τοὺς Κελτοὺς διὰ Τυρρηνίας ἐμβεβληκότας συνεγγίζειν τῇ Ῥώμῃ, παρῆν βοηθῶν κατὰ σπουδὴν εὐτυχῶς εἰς δέοντα καιρὸν. [2] καταστρατοπεδεύσαντος δ' αὐτοῦ σύνεγγυς τῶν πολεμίων, κατιδόντες τὰ πυρὰ καὶ νοήσαντες τὸ γεγονὸς οἱ συμπεφευγότες ἐπὶ τὸν λόφον ταχέως ἀναθαρρήσαντες ἐξαπέστειλαν αὐτῶν τινὰς τῆς νυκτὸς ἀνόπλους διὰ τῆς ὕλης ἀναγγελοῦντας τῷ στρατηγῷ τὸ συμβεβηκός. [3] ὁ δὲ διακούσας καὶ θεωρῶν οὐδὲ διαβούλιον αὐτῷ καταλειπόμενον ὑπὲρ τῶν ἐνεστώτων, τοῖς μὲν χιλιάρχοις ἅμα τῷ φωτὶ παρήγγειλε τοὺς πεζοὺς ἐξάγειν, αὐτὸς δὲ τοὺς ἵππεῖς ἀναλαβὼν καθηγεῖτο τῆς δυνάμεως, ποιούμενος τὴν πορείαν ἐπὶ τὸν προειρημένον βουνόν. [4] οἱ δὲ τῶν Γαλατῶν ἡγεμόνες ἀφορῶντες τὰ πυρὰ τῆς νυκτὸς καὶ συλλογίζόμενοι τὴν παρουσίαν τῶν πολεμίων συνήδρευον. [5] οἷς

Ἀνηροέστης ὁ βασιλεὺς γνώμην εἰσέφερε λέγων ὅτι δεῖ τοσαύτης λείας ἐγκρατεῖς γεγονότας — ἦν γάρ, ὡς ἔοικε, καὶ τὸ τῶν σωμάτων καὶ θρεμμάτων πλῆθος, ἔτι δὲ τῆς ἀποσκευῆς ἥς εἶχον, ἀμύθητον — [6] διόπερ ἔφη δεῖν μὴ κινδυνεύειν ἔτι μηδὲ παραβάλλεσθαι τοῖς ὅλοις, ἀλλ' εἰς τὴν οἰκείαν ἀδεῶς ἐπανάγειν: ταῦτα δ' ἀποσκευασαμένους καὶ γενομένους εὐζώνους αὐθις ἐγχειρεῖν ὀλοσχερῶς, ἐὰν δοκῇ, τοῖς Ῥωμαίων πράγμασιν. [7] δόξαντος δὲ σφίσι κατὰ τὴν Ἀνηροέστου γνώμην χρήσασθαι τοῖς παροῦσιν, οὗτοι μὲν τῆς νυκτὸς ταῦτα βουλευσάμενοι, πρὸ φωτὸς ἀναξεδύξαντες προῆγον παρὰ θάλατταν διὰ τῆς Τυρρηνῶν χώρας. [8] ὁ δὲ Λεύκιος ἀναλαβὼν ἐκ τοῦ βουνοῦ τὸ διασφζόμενον τοῦ στρατοπέδου μέρος ἅμα ταῖς ἰδίαις δυνάμεσι τὸ μὲν διακινδυνεύειν ἐκ παρατάξεως οὐδαμῶς ἔκρινε συμφέρειν, ἐπιτηρεῖν δὲ μᾶλλον καιροὺς καὶ τόπους εὐφυεῖς ἐπόμενος, ἐὰν πού τι βλάψαι τοὺς πολεμίους ἢ τῆς λείας ἀποσπάσαι δυνηθῇ.

[1] κατὰ δὲ τοὺς καιροὺς τούτους ἐκ Σαρδόνος μετὰ τῶν στρατοπέδων Γάιος Ἀτίλιος ὕπατος εἰς Πίσας καταπεπλευκῶς προῆγε μετὰ τῆς δυνάμεως εἰς Ῥώμην, ἐναντίαν ποιούμενος τοῖς πολεμίοις τὴν πορείαν. [2] ἤδη δὲ περὶ Τελαμῶνα τῆς Τυρρηνίας τῶν Κελτῶν ὑπαρχόντων, οἱ προνομεύοντες ἐξ αὐτῶν ἐμπεσόντες εἰς τοὺς παρὰ τοῦ Γαῖου προπορευομένους ἐάλωσαν: [3] καὶ τὰ τε προγεγονότα διεσάφουν ἀνακρινόμενοι τῷ στρατηγῷ καὶ τὴν παρουσίαν ἀμφοτέρων τῶν στρατοπέδων ἀνήγγελλον, σημαίνοντες διότι τελείως σύνεγγύς εἰσιν οἱ Κελτοὶ καὶ τούτων κατόπιν οἱ περὶ τὸν Λεύκιον. [4] ὁ δὲ τὰ μὲν ξενισθεὶς ἐπὶ τοῖς προσπίπτουσι, τὰ δ' εὐελπὶς γενόμενος ἐπὶ τῷ δοκεῖν μέσους κατὰ πορείαν ἀπειληφέναι τοὺς Κελτοὺς, τοῖς μὲν χιλιάρχοις παρήγγειλε τάττειν τὰ στρατόπεδα καὶ βάδην εἰς τοῦμπροσθεν προάγειν, καθ' ὅσον ἂν οἱ τόποι προσδέχωνται τὴν μετωπηδὸν ἔφοδον. [5] αὐτὸς δὲ συνθεωρήσας εὐκαίρως λόφον κείμενον ὑπὲρ τὴν ὁδόν, ὑφ' ὃν ἔδει παραπορευθῆναι τοὺς Κελτοὺς, ἀναλαβὼν τοὺς ἱππεῖς ὥρμησε σπεύδων προκαταλαβέσθαι τὴν ἀκρολοφίαν καὶ πρῶτος κατάρξαι τοῦ κινδύνου, πεπεισμένος τῆς ἐπιγραφῆς τῶν ἐκβαινόντων πλεῖστον οὕτω κληρονομῆσειν. [6] οἱ δὲ Κελτοὶ τὸ μὲν πρῶτον τὴν παρουσίαν τῶν περὶ τὸν Ἀτίλιον ἀγνοοῦντες, ἐκ δὲ τοῦ συμβαίνοντος ὑπολαμβάνοντες τοὺς περὶ τὸν Αἰμίλιον περιπεπορευθῆναι τὴν νύκτα τοῖς ἱππεῦσι καὶ προκαταλαμβάνεσθαι τοὺς τόπους, εὐθέως

ἐξαπέστελλον τοὺς παρ' αὐτῶν ἰππεῖς καὶ τινὰς τῶν εὐζώνων, ἀντιποιοησόμενους τῶν κατὰ τὸν βουνὸν τόπων. [7] ταχὺ δὲ συνέντες τὴν τοῦ Γαῖου παρουσίαν ἔκ τινος τῶν ἀχθέντων αἰχμαλώτων σπουδῇ παρενέβαλον τοὺς πεζοὺς, ποιούμενοι τὴν ἑκταξιν ἅμα πρὸς ἑκατέραν τὴν ἐπιφάνειαν, καὶ τὴν ἀπ' οὐρᾶς καὶ τὴν κατὰ πρόσωπον: [8] οὓς μὲν γὰρ ἦδесαν ἐπομένους αὐτοῖς, οὓς δὲ κατὰ τὸ στόμα προσεδόκων ἀπαντήσιν, ἔκ τε τῶν προσαγγελλομένων τεκμαιρόμενοι καὶ τῶν

[1] κατ' αὐτὸν τὸν καιρὸν συμβαινόντων. οἱ δὲ περὶ τὸν Αἰμίλιον ἀκηκοότες μὲν τὸν εἰς τὰς Πίσας κατάπλουν τῶν στρατοπέδων, οὐπω δὲ προσδοκῶντες αὐτὰ συνεγγίζειν, τότε σαφῶς ἐκ τοῦ περὶ τὸν λόφον ἀγῶνος ἔγνωσαν διότι τελέως ἐγγὺς εἶναι συμβαίνει τὰς οἰκείας αὐτῶν δυνάμεις. [2] διὸ καὶ τοὺς μὲν ἰππεῖς παραυτίκα βοηθήσαντας ἐξαπέστελλον τοῖς ἐν τῷ λόφῳ διαγωνιζομένοις, αὐτοὶ δὲ κατὰ τὰς εἰθισμένας τάξεις διακοσμήσαντες τοὺς πεζοὺς προῆγον ἐπὶ τοὺς ὑπεναντίους. [3] οἱ δὲ Κελτοὶ τοὺς μὲν ἐκ τῶν Ἄλπεων Γαισάτους προσαγορευομένους ἔταξαν πρὸς τὴν ἀπ' οὐρᾶς ἐπιφάνειαν, ἣ προσεδόκων τοὺς περὶ τὸν Αἰμίλιον, ἐπὶ δὲ τούτοις τοὺς Ἰνσομβρας: [4] πρὸς δὲ τὴν κατὰ πρόσωπον τοὺς Ταυρίσκους καὶ τοὺς ἐπὶ τάδε τοῦ Πάδου κατοικοῦντας Βοῖους παρενέβαλον, τὴν ἐναντίαν μὲν στάσιν ἔχοντας τοῖς προειρημένοις, βλέποντας δὲ πρὸς τὴν τῶν τοῦ Γαῖου στρατοπέδων ἔφοδον. [5] τὰς δ' ἀμάξας καὶ συνωρίδας ἐκτὸς ἑκατέρου τοῦ κέρατος παρέστησαν, τὴν δὲ λείαν εἰς τι τῶν παρακειμένων ὁρῶν φυλακὴν περιστήσαντες ἤθροιζον. [6] γενομένης δ' ἀμφιστόμου τῆς τῶν Κελτῶν δυνάμεως, οὐ μόνον καταπληκτικὴν ἀλλὰ καὶ πρακτικὴν εἶναι συνέβαινε τὴν τάξιν. [7] οἱ μὲν οὖν Ἰνσομβρες καὶ Βοῖοι τὰς ἀναξυρίδας ἔχοντες καὶ τοὺς εὐπετεῖς τῶν σάγων περὶ αὐτοὺς ἐξέταξαν. [8] οἱ δὲ Γαισάται διὰ τε τὴν φιλοδοξίαν καὶ τὸ θάρσος ταῦτ' ἀπορρίψαντες γυμνοὶ μετ' αὐτῶν τῶν ὅπλων πρῶτοι τῆς δυνάμεως κατέστησαν, ὑπολαβόντες οὕτως ἔσεσθαι πρακτικώτατοι διὰ τὸ τινὰς τῶν τόπων βατώδεις ὄντας ἐμπλέκεσθαι τοῖς ἐφάμμασι καὶ παραποδίζειν τὴν τῶν ὅπλων χρεῖαν. [9] τὸ μὲν οὖν πρῶτον αὐτὸς ὁ κατὰ τὸν λόφον ἐνειστήκει κίνδυνος, ἅπασιν ὦν σύνοπτος, ὥς ἂν ἅμα τοσούτου πλήθους ἰπέων ἀφ' ἐκάστου τῶν στρατοπέδων ἀναμιξέσθαι ἀλλήλοις συμπεπτωκότος. [10] ἐν δὲ τούτῳ τῷ καιρῷ συνέβη Γάιον μὲν τὸν ὕπατον παραβόλως ἀγωνιζόμενον ἐν χειρῶν νόμῳ τελευτῆσαι τὸν βίον, τὴν δὲ κεφαλὴν

αὐτοῦ πρὸς τοὺς βασιλέας ἐπανενεχθῆναι τῶν Κελτῶν: τοὺς δὲ τῶν Ῥωμαίων ἱππεῖς κινδυνεύσαντας ἐρρωμένως τέλος ἐπικρατῆσαι τοῦ τόπου καὶ τῶν ὑπεναντίων. [11] μετὰ δὲ ταῦτα τῶν πεζικῶν στρατοπέδων ἤδη σύνεγγυς ὄντων ἀλλήλοις ἴδιον ἦν καὶ θαυμαστὸν τὸ συμβαῖνον οὐ μόνον τοῖς ἐν αὐτῷ τῷ καιρῷ τότε παροῦσιν, ἀλλὰ καὶ τοῖς ποτε μετὰ ταῦτα δυναμένοις ὑπὸ τὴν ὄψιν λαμβάνειν ἐκ τῶν

[1] λεγομένων τὸ γεγονός. πρῶτον μὲν γὰρ ἐκ τριῶν στρατοπέδων τῆς μάχης συνισταμένης, δῆλον ὡς ξένην καὶ παρηλλαγμένην εἰκὸς καὶ τὴν ἐπιφάνειαν καὶ τὴν χρεῖαν φαίνεσθαι τοῦ συντεταγμένου. [2] δεύτερον δὲ πῶς οὐκ ἂν ἀπορήσαι τις καὶ νῦν καὶ τότε παρ' αὐτὸν ὢν τὸν καιρὸν πότερον οἱ Κελτοὶ τὴν ἐπισφαλεστάτην εἶχον χώραν, ἐξ ἀμφοῖν τοῖν μεροῖν ἅμα τῶν πολεμίων ἐπαγόντων αὐτοῖς, [3] ἢ τοῦναντίον τὴν ἐπιτευκτικωτάτην, ἅμα μὲν ἀγωνιζόμενοι πρὸς ἀμφοτέρους, ἅμα δὲ τὴν ἀφ' ἐκατέρων ἀσφάλειαν ἐκ τῶν ὀπισθεν αὐτοῖς παρασκευάζοντες, τὸ δὲ μέγιστον, ἀποκεκλειμένης πάσης τῆς εἰς τοῦπισθεν ἀναχωρήσεως καὶ τῆς ἐν τῷ λείπεσθαι σωτηρίας; [4] ἢ γὰρ τῆς ἀμφιστόμου τάξεως ιδιότης τοιαύτην ἔχει τὴν χρεῖαν. [5] τοὺς γε μὴν Ῥωμαίους τὰ μὲν εὐθαρσεῖς ἐποίει τὸ μέσους καὶ πάντοθεν περιειληφέναι τοὺς πολεμίους, τὰ δὲ πάλιν ὁ κόσμος αὐτοὺς καὶ θόρυβος ἐξέπληττε τῆς τῶν Κελτῶν δυνάμεως. [6] ἀναρίθητον μὲν γὰρ ἦν τὸ τῶν βυκανητῶν καὶ σαλπικτῶν πλῆθος. οἷς ἅμα τοῦ παντὸς στρατοπέδου συμπαιανίζοντος τηλικαύτην καὶ τοιαύτην συνέβαινε γίνεσθαι κραυγὴν ὥστε μὴ μόνον τὰς σάλπιγγας καὶ τὰς δυνάμεις, ἀλλὰ καὶ τοὺς παρακειμένους τόπους συνηχοῦντας ἐξ αὐτῶν δοκεῖν προῖεσθαι φωνήν. [7] ἐκπληκτικὴ δ' ἦν καὶ τῶν γυμνῶν προεστώτων ἀνδρῶν ἢ τ' ἐπιφάνεια καὶ κίνησις, ὡς ἂν διαφερόντων ταῖς ἀκμαῖς καὶ τοῖς εἵδεσι. [8] πάντες δ' οἱ τὰς πρώτας κατέχοντες σπεύρας χρυσοῖς μανιάκαις καὶ περιχείροις ἦσαν κατακεκοσμημένοι. [9] πρὸς ᾧ βλέποντες οἱ Ῥωμαῖοι τὰ μὲν ἐξεπλήττοντο, τὰ δ' ὑπὸ τῆς τοῦ λυσιτελοῦς ἐλπίδος ἀγόμενοι διπλασίως παρωξύνοντο πρὸς τὸν

[1] κίνδυνον. πλὴν ἅμα τῷ τοὺς ἀκοντιστὰς προελθόντας ἐκ τῶν Ῥωμαϊκῶν στρατοπέδων κατὰ τὸν ἐθισμόν εισακοντίζειν ἐνεργοῖς καὶ πυκνοῖς τοῖς βέλεσιν, τοῖς μὲν ὀπίσω τῶν Κελτῶν πολλὴν εὐχρηστίαν οἱ σάγοι μετὰ τῶν ἀναξυρίδων παρεῖχον: [2] τοῖς δὲ γυμνοῖς προεστώσι παρὰ τὴν προσδοκίαν τοῦ πράγματος συμβαίνοντος τάναντία πολλὴν ἀπορίαν καὶ δυσχρηστίαν παρείχε τὸ γινόμενον. [3] οὐ γὰρ δυναμένου τοῦ Γαλατικοῦ θυρεοῦ τὸν ἄνδρα

περισκέπειν, ὅσῳ γυμνὰ καὶ μείζω τὰ σώματ' ἦν, τοσούτῳ συνέβαινε μᾶλλον τὰ βέλη πίπτειν ἔνδον. [4] τέλος δ' οὐ δυνάμενοι μὲν ἀμύνεσθαι τοὺς εἰσακοντίζοντας διὰ τὴν ἀπόστασιν καὶ τὸ πλῆθος τῶν πιπτόντων βελῶν, περικακοῦντες δὲ καὶ δυσχρηστοῦμενοι τοῖς παροῦσιν, οἱ μὲν εἰς τοὺς πολεμίους ὑπὸ τοῦ θυμοῦ καὶ τῆς ἀλογιστίας εἰκῇ προπίπτοντες καὶ διδόντες σφᾶς αὐτοὺς ἐκουσίως ἀπέθνησκον, οἱ δ' εἰς τοὺς φίλους ἀναχωροῦντες ἐπὶ πόδα καὶ προδήλως ἀποδελιῶντες διέστρεφον τοὺς κατόπιν. [5] τὸ μὲν οὖν τῶν Γαισάτων φρόνημα παρὰ τοῖς ἀκοντισταῖς τούτῳ τῷ τρόπῳ κατελύθη, [6] τὸ δὲ τῶν Ἰνσόμβρων καὶ Βοίων ἔτι δὲ Ταυρίσκων πλῆθος, ἅμα τῷ τοὺς Ῥωμαίους δεξαμένους τοὺς ἑαυτῶν ἀκοντιστὰς προσβάλλειν σφίσι τὰς σπείρας, συμπεσὼν τοῖς πολεμίοις ἐκ χειρὸς ἐποίει μάχην ἐχυράν. [7] διακοπτόμενοι γὰρ ἔμενον ἐπ' ἴσον ταῖς ψυχαῖς, αὐτῷ τούτῳ καὶ καθόλου καὶ κατ' ἄνδρα λειπόμενοι, ταῖς τῶν ὅπλων κατασκευαῖς. [8] οἱ μὲν οὖν θυρεοὶ πρὸς ἀσφάλειαν, αἱ δὲ μάχαιραι πρὸς πρᾶξιν μεγάλην διαφορὰν **** ἔχειν, τὴν δὲ Γαλατικὴν καταφορὰν ἔχειν μόνον. [9] ἐπεὶ δ' ἐξ ὑπερδεξίων καὶ κατὰ κέρας οἱ τῶν Ῥωμαίων ἵππεῖς ἐμβalόντες ἀπὸ τοῦ λόφου προσέφερον τὰς χεῖρας ἐρρωμένως, τόθ' οἱ μὲν πεζοὶ τῶν Κελτῶν ἐν αὐτῷ τῷ τῆς παρατάξεως τόπῳ κατεκόπησαν, οἱ δ' ἵππεῖς πρὸς φυγὴν ὥρμησαν.

[1] ἀπέθανον μὲν οὖν τῶν Κελτῶν εἰς τετρακισμυρίους, ἐάλωσαν δ' οὐκ ἐλάττους μυρίων, ἐν οἷς καὶ τῶν βασιλέων Κογκολιτάνος. [2] ὁ δ' ἕτερος αὐτῶν Ἀνηρόεστος εἰς τινα τόπον συμφυγὼν μετ' ὀλίγων προσήνεγκε τὰς χεῖρας αὐτῷ καὶ τοῖς ἀναγκαίοις. [3] ὁ δὲ στρατηγὸς τῶν Ῥωμαίων τὰ μὲν σκῦλα συναθροίσας εἰς τὴν Ῥώμην ἀπέστειλε, τὴν δὲ λείαν ἀπέδωκε τοῖς προσήκουσιν. [4] αὐτὸς δ' ἀναλαβὼν τὰ στρατόπεδα καὶ διελθὼν παρ' αὐτὴν τὴν Λιγυστικὴν εἰς τὴν τῶν Βοίων ἐνέβαλε χώραν. πληρώσας δὲ τὰς ὁρμὰς τῶν στρατοπέδων τῆς ὠφελείας, ἐν ὀλίγαις ἡμέραις ἦκεν μετὰ τῶν δυνάμεων εἰς τὴν Ῥώμην. [5] καὶ τὸ μὲν Καπετώλιον ἐκόσμησε ταῖς τε σημείαις καὶ τοῖς μανιάκαις — τοῦτο δ' ἔστι χρυσοῦν ψέλιον, ὃ φοροῦσι περὶ τὸν τράχηλον οἱ Γαλάται — [6] τοῖς δὲ λοιποῖς σκύλοις καὶ τοῖς αἰχμαλώτοις πρὸς τὴν εἴσοδον ἐχρήσατο τὴν ἑαυτοῦ καὶ πρὸς τὴν τοῦ θριάμβου διακόσμησιν. [7]

[1] ἡ μὲν οὖν βαρυτάτη τῶν Κελτῶν ἔφοδος οὕτῳ καὶ τούτῳ τῷ τρόπῳ διεφθάρη, πᾶσι μὲν Ἰταλιώταις, μάλιστα δὲ Ῥωμαίοις μέγαν

καὶ φοβερὸν ἐπικρεμάσασα κίνδυνον. [8] ἀπὸ δὲ τοῦ κατορθώματος
τούτου κατελίπσαντες Ῥωμαῖοι δυνήσεσθαι τοὺς Κελτοὺς ἐκ τῶν
τόπων τῶν περὶ τὸν Πάδον ὀλοσχερῶς ἐκβαλεῖν, τοὺς τε μετὰ ταῦτα
κατασταθέντας ὑπάτους Κόϊντον Φόλουιον καὶ Τίτον Μάλιον
ἀμφοτέρους καὶ τὰς δυνάμεις μετὰ παρασκευῆς μεγάλης
ἐξαπέστειλαν ἐπὶ τοὺς Κελτοὺς. [9] οὗτοι δὲ τοὺς μὲν Βοίους ἐξ
ἐφόδου καταπληξάμενοι συνηνάγκασαν εἰς τὴν Ῥωμαίων ἑαυτοὺς
δοῦναι πίστιν, τὸν δὲ λοιπὸν χρόνον τῆς στρατείας, [10] ἐπιγενομένων
ὄμβρων ἐξαισίων, ἔτι δὲ λοιμικῆς διαθέσεως ἔμπε σούσης αὐτοῖς, εἰς
τέλος ἄπρακτον εἶχον. μετὰ δὲ τούτους κατασταθέντες Πόπλιος
Φούριος καὶ Γάιος Φλαμίνιος αὐθις ἐνέβαλον εἰς τὴν Κελτικὴν διὰ
τῆς τῶν Ἀνάρων χώρας, οἷς συμβαίνει μὴ μακρὰν ἀπὸ Μασσαλίας*
[2] ἔχειν τὴν οἰκισιν. οὗς εἰς τὴν φιλίαν προσαγαγόμενοι διέβησαν εἰς
τὴν τῶν Ἰνσόμβρων γῆν κατὰ τὰς συρροίας τοῦ τ' Ἀδόα καὶ Πάδου
ποταμοῦ. [3] λαβόντες δὲ πληγὰς περὶ τε τὴν διάβασιν καὶ περὶ τὴν
στρατοπεδεῖαν παραυτίκα μὲν ἔμειναν, μετὰ δὲ ταῦτα σπεισάμενοι
καθ' ὁμολογίαν ἀνέλυσαν ἐκ τῶν τόπων. [4] περιελθόντες δὲ πλείους
ἡμέρας καὶ διελθόντες τὸν Κλούσιον ποταμὸν ἦλθον εἰς τὴν τῶν
Γονομάνων χώραν καὶ προσλαβόντες τούτους, ὄντας συμμάχους,
ἐνέβαλον πάλιν ἀπὸ τῶν κατὰ τὰς Ἄλπεις τόπων εἰς τὰ τῶν
Ἰνσόμβρων πεδία καὶ τὴν τε γῆν ἐδήρουν καὶ τὰς κατοικίας αὐτῶν
ἐξεπόρθουν. [5] οἱ δὲ τῶν Ἰνσόμβρων προεστῶτες θεωροῦντες
ἀμετάθετον οὖσαν τὴν ἐπιβολὴν τῶν Ῥωμαίων, ἔκριναν τῆς τύχης
λαβεῖν πείραν καὶ διακινδυνεύσαι πρὸς αὐτοὺς ὀλοσχερῶς. [6]
συναθροίσαντες οὖν ἀπάσας τὰς ὑπαρχούσας δυνάμεις ἐπὶ ταῦτόν
καὶ τὰς χρυσᾶς σημείας τὰς ἀκινήτους λεγομένας καθελόντες ἐκ τοῦ
τῆς Ἀθηνᾶς ἱεροῦ καὶ τᾶλλα παρασκευασάμενοι δεόντως μετὰ ταῦτα
τεθαρρηκότως καὶ καταπληκτικῶς ἀντεστρατοπέδευσαν τοῖς
πολεμίοις, ὄντες τὸ πλῆθος εἰς πέντε μυριάδας. [7] οἱ δὲ Ῥωμαῖοι τὰ
μὲν ὀρῶντες σφᾶς ἐλάττους ὄντας παρὰ πολὺ τῶν ἐναντίων,
ἐβούλοντο συγχρῆσθαι ταῖς τῶν συμμαχούντων αὐτοῖς Κελτῶν
δυνάμεσι. [8] τὰ δὲ συλλογισάμενοι τὴν τε Γαλιτικὴν ἀθεσίαν καὶ
διότι πρὸς ὁμοφύλους τῶν προσλαμβανομένων μέλλουσι ποιεῖσθαι
τὸν κίνδυνον, εὐλαβοῦντο τοιούτοις ἀνδράσιν τοιούτου καιροῦ καὶ
πράγματος κοινωνεῖν. [9] τέλος δ' οὖν αὐτοὶ μὲν ὑπέμειναν ἐντὸς τοῦ
ποταμοῦ, τοὺς δὲ τῶν Κελτῶν σφίσι συνόντας διαβιβάσαντες εἰς τὸ
πέραν ἀνέσπασαν τὰς ἐπὶ τοῦ ρείθρου γεφύρας, [10] ἅμα μὲν

ἀσφαλιζόμενοι τὰ πρὸς ἐκείνους, ἅμα δὲ μίαν ἑαυτοῖς ἀπολείποντες ἐλπίδα τῆς σωτηρίας τὴν ἐν τῷ νικᾶν διὰ τὸ κατόπιν αὐτοῖς ἄβατον ὄντα παρακεῖσθαι τὸν προειρημένον ποταμόν. [11] πράξαντες δὲ ταῦτα πρὸς τῷ διακινδυνεύειν ἦσαν.

[1] δοκοῦσι δ' ἐμφρόνως κεχρῆσθαι τῇ μάχῃ ταύτῃ Ῥωμαῖοι, τῶν χιλιάρχων ὑποδειξάντων ὡς δεῖ ποιεῖσθαι τὸν ἀγῶνα κοινῇ καὶ κατ' ἰδίαν ἐκάστους. [2] συνεωρακότες γὰρ ἐκ τῶν προγεγονότων κινδύνων ὅτι τοῖς τε θυμοῖς κατὰ τὴν πρώτην ἔφοδον, ἕως ἂν ἀκέραιον ἦ, φοβερώτατόν ἐστι πᾶν τὸ Γαλατικὸν φύλον, [3] αἱ τε μάχαιραι ταῖς κατασκευαῖς, καθάπερ εἴρηται πρότερον, μίαν ἔχουσι τὴν πρώτην καταφορὰν καιρίαν, ἀπὸ δὲ ταύτης εὐθέως ἀποξυστροῦνται, καμπτόμεναι κατὰ μῆκος καὶ κατὰ πλάτος ἐπὶ τοσοῦτον ὥστ' ἐὰν μὴ δῶ τις ἀναστροφὴν τοῖς χρωμένοις ἐρείσαντας πρὸς τὴν γῆν ἀπευθῆναι τῷ ποδί, τελέως ἄπρακτον εἶναι τὴν δευτέραν πληγὴν αὐτῶν: [4] ἀναδόντες οὖν οἱ χιλιάρχοι τὰ τῶν τριαρίων δόρατα τῶν κατόπιν ἐφεστώτων ταῖς πρώταις σπεύραις καὶ παραγγείλαντες ἐκ μεταλήψεως τοῖς ξίφεσι χρῆσθαι συνέβαλον ἐκ παρατάξεως κατὰ πρόσωπον τοῖς Κελτοῖς. [5] ἅμα δὲ τῷ πρὸς τὰ δόρατα ταῖς πρώταις καταφοραῖς χρωμένων τῶν Γαλατῶν ἀχρειωθῆναι τὰς μαχαίρας συνδραμόντες εἰς τὰς χεῖρας τοὺς μὲν Κελτοὺς ἀπράκτους ἐποίησαν, ἀφελόμενοι τὴν ἐκ διάρσεως αὐτῶν μάχην, ὅπερ ἰδιὸν ἐστι Γαλατικῆς χρείας, διὰ τὸ μηδαμῶς κέντημα τὸ ξίφος ἔχειν: [6] αὐτοὶ δ' οὐκ ἐκ καταφορᾶς ἀλλ' ἐκ διαλήψεως ὀρθαῖς χρώμενοι ταῖς μαχαίραις, πρακτικοῦ τοῦ κεντήματος περὶ αὐτὰς ὑπάρχοντος, τύπτοντες εἰς τὰ στέρνα καὶ τὰ πρόσωπα καὶ πληγὴν ἐπὶ πληγῇ φέροντες διέφθειραν τοὺς πλείστους τῶν παραταξαμένων διὰ τὴν τῶν χιλιάρχων πρόνοιαν. [7] ὁ μὲν γὰρ στρατηγὸς Φλαμίνιος οὐκ ὀρθῶς δοκεῖ κεχρῆσθαι τῷ προειρημένῳ κινδύνῳ. παρ' αὐτὴν γὰρ τὴν ὀφρὺν τοῦ ποταμοῦ ποιησάμενος τὴν ἕκταξιν διέφθειρε τὸ τῆς Ῥωμαϊκῆς μάχης ἴδιον, οὐχ ὑπολειπόμενος τόπον πρὸς τὴν ἐπὶ πόδα ταῖς σπεύραις ἀναχώρησιν. [8] εἰ γὰρ συνέβη βραχὺ μόνον πιεσθῆναι τῇ χώρᾳ τοὺς ἄνδρας κατὰ τὴν μάχην, ρίπτειν ἂν εἰς τὸν ποταμόν αὐτοὺς ἔδει διὰ τὴν ἀστοχίαν τοῦ προεστῶτος. [9] οὐ μὴν ἀλλὰ γε πολλῶ νικήσαντες ταῖς σφετέραις ἀρεταῖς, καθάπερ εἶπον, καὶ παμπληθοὺς μὲν λείας, οὐκ ὀλίγων δὲ σκύλων κρατήσαντες ἐπανῆλθον εἰς τὴν Ῥώμην.

[1] τῷ δ' ἐξῆς ἔτει, διαπρεσβευσταμένων τῶν Κελτῶν ὑπὲρ εἰρήνης

καὶ πᾶν ποιήσῃν ὑπισχνουμένων, ἔσπευσαν οἱ κατασταθέντες ὕπατοι Μάρκος Κλαύδιος καὶ Γνάιος Κορνήλιος τοῦ μὴ συγχωρηθῆναι τὴν εἰρήνην αὐτοῖς. [2] οἱ δ' ἀποτυχόντες καὶ κρίναντες ἐξελέγξαι τὰς τελευταίας ἐλπίδας, αὐθις ὥρμησαν ἐπὶ τὸ μισθοῦσθαι τῶν περὶ τὸν Ῥοδανὸν Γαισάτων Γαλατῶν εἰς τρισμυρίους· οὓς παραλαβόντες εἶχον ἐν ἐτοίμῳ καὶ προσεδόκων τὴν τῶν πολεμίων ἔφοδον. [3] οἱ δὲ τῶν Ῥωμαίων στρατηγοὶ τῆς ὥρας ἐπιγενομένης ἀναλαβόντες τὰς δυνάμεις ἤγον εἰς τὴν τῶν Ἰνσόμβρων χώραν. [4] παραγενόμενοι δὲ καὶ περιστρατοπεδεύσαντες πόλιν Ἀχέρρας, ἥ μεταξὺ κεῖται τοῦ Πάδου καὶ τῶν Ἀλπεινῶν ὄρων, ἐπολιόρκουν ταύτην. [5] οἱ δ' Ἰνσομβρες βοηθεῖν μὲν οὐ δυνάμενοι διὰ τὸ προκαταληφθῆναι τοὺς εὐφυεῖς τόπους, σπεύδοντες δὲ λῦσαι τὴν πολιορκίαν τῶν Ἀχερρῶν, μέρος τι τῆς δυνάμεως διαβιβάσαντες τὸν Πάδον εἰς τὴν τῶν Ἀνάρων χώραν ἐπολιόρκουν τὸ προσαγορευόμενον Κλαστίδιον. προσπεσόντος δὲ τοῦ συμβαίνοντος τοῖς στρατηγοῖς, [6] ἀναλαβὼν τοὺς ἰππεῖς Μάρκος Κλαύδιος καὶ τινες τῶν πεζικῶν ἠπείγετο, σπεύδων βοηθῆσαι τοῖς πολιορκουμένοις. [7] οἱ δὲ Κελτοὶ πυθόμενοι τὴν παρουσίαν τῶν ὑπεναντίων, λύσαντες τὴν πολιορκίαν ὑπήντων καὶ παρετάξαντο. [8] τῶν δὲ Ῥωμαίων αὐτοῖς τοῖς ἰππεῦσιν ἐξ ἐφόδου τολμηρῶς σφίσι προσπεσόντων, τὰς μὲν ἀρχὰς ἀντεῖχον· μετὰ δὲ ταῦτα περισταμένων καὶ κατὰ νότου καὶ κατὰ κέρας, δυσχρηστούμενοι τῇ μάχῃ τέλος ἐτράπησαν ὑπ' αὐτῶν τῶν ἰππέων. [9] καὶ πολλοὶ μὲν εἰς τὸν ποταμὸν ἐμπεσόντες ὑπὸ τοῦ ρεύματος διεφθάρησαν, οἱ δὲ πλείους ὑπὸ τῶν πολεμίων κατεκόπησαν. [10] ἔλαβον δὲ καὶ τὰς Ἀχέρρας οἱ Ῥωμαῖοι σίτου γεμούσας, ἐκχωρησάντων εἰς τὸ Μεδιόλανον τῶν Γαλατῶν, ὅσπερ ἐστὶ κυριώτατος τόπος τῆς τῶν Ἰνσόμβρων χώρας. [11] οἷς ἐκ ποδὸς ἐπακολουθήσαντος τοῦ Γναίου καὶ προσβαλόντος ἄφνω πρὸς τὸ Μεδιόλανον, τὸ μὲν πρῶτον ἡσυχίαν ἔσχον· [12] ἀπολυομένου δ' αὐτοῦ πάλιν εἰς τὰς Ἀχέρρας, ἐπεξελθόντες καὶ τῆς οὐραγίας ἀψάμενοι θρασέως πολλοὺς μὲν νεκροὺς ἐποίησαν, μέρος δέ τι καὶ φυγεῖν αὐτῶν ἠνάγκασαν, [13] ἕως ὃ Γνάιος ἀνακαλεσάμενος τοὺς ἐκ τῆς πρωτοπορείας παρώρμησε στήναι καὶ συμβαλεῖν τοῖς πολεμίοις. [14] οἱ μὲν οὖν Ῥωμαῖοι πειθαρχήσαντες τῷ στρατηγῷ διεμάχοντο πρὸς τοὺς ἐπικειμένους εὐρώστως. [15] οἱ δὲ Κελτοὶ διὰ τὸ παρὸν εὐτύχημα μέιναντες ἐπὶ ποσὸν εὐθαρσῶς, μετ' οὐ πολὺ τραπέντες ἔφευγον εἰς τὰς παρωρείας. ὁ δὲ Γνάιος ἐπακολουθήσας τὴν τε

χώραν ἐπόρθει καὶ τὸ Με

[1] διόλανον εἶλε κατὰ κράτος. οὗ συμβαίνοντος οἱ προεστῶτες τῶν Ἰνσόμβρων ἀπογόνοντες τὰς τῆς σωτηρίας ἐλπίδας πάντα τὰ καθ' αὐτοὺς ἐπέτρεψαν τοῖς Ῥωμαίοις. [2]

[1] ὁ μὲν οὖν πρὸς τοὺς Κελτοὺς πόλεμος τοιοῦτον ἔσχε τὸ τέλος, κατὰ μὲν τὴν ἀπόνοιαν καὶ τόλμαν τῶν ἀγωνιζομένων ἀνδρῶν, ἔτι δὲ κατὰ τὰς μάχας καὶ τὸ πλῆθος τῶν ἐν αὐταῖς ἀπολλυμένων καὶ παραταπτομένων οὐδενὸς καταδεέστερος τῶν ἱστορημένων, [3] κατὰ δὲ τὰς ἐπιβολὰς καὶ τὴν ἀκρισίαν τοῦ κατὰ μέρος χειρισμοῦ τελέως εὐκαταφρόνητος διὰ τὸ μὴ τὸ πλεῖον ἀλλὰ συλλήβδην ἅπαν τὸ γινόμενον ὑπὸ τῶν Γαλατῶν θυμῷ μᾶλλον ἢ λογισμῷ βραβεύεσθαι. [4] περὶ ὧν ἡμεῖς συνθεωρήσαντες μετ' ὀλίγον χρόνον αὐτοὺς ἐκ τῶν περὶ τὸν Πάδον πεδίων ἐξωσθέντας, πλὴν ὀλίγων τόπων τῶν ὑπ' αὐτὰς τὰς Ἀλπεις κειμένων, οὐκ ᾤθημεν δεῖν οὔτε τὴν ἐξ ἀρχῆς ἔφοδον αὐτῶν ἀμνημόνευτον παραλιπεῖν οὔτε τὰς μετὰ ταῦτα πράξεις οὔτε τὴν τελευταίαν ἐξανάστασιν, [5] ὑπολαμβάνοντες οἰκεῖον ἱστορίας ὑπάρχειν τὰ τοιαῦτ' ἐπεισόδια τῆς τύχης εἰς μνήμην ἄγειν καὶ παράδοσιν τοῖς ἐπιγινομένοις, [6] ἵνα μὴ τελέως οἱ μεθ' ἡμᾶς ἀνεννόητοι τούτων ὑπάρχοντες ἐκπλήττονται τὰς αἰφνιδίους καὶ παραλόγους τῶν βαρβάρων ἐφόδους, ἀλλ' ἐπὶ ποσὸν ἐν νῷ λαμβάνοντες ὡς ὀλιγοχρόνιον ἐστὶ καὶ λίαν εὐφθαρτον τὸ τῶν βαρβάρων πλῆθος τοῖς σὺν νῷ κινδυνεύουσι τὴν ἔφοδον αὐτῶν ὑπομένωσι καὶ πάσας ἐξελέγχωσι τὰς σφετέρας ἐλπίδας πρότερον ἢ παραχωρήσαι τινας τῶν ἀναγκαίων. [7] καὶ γὰρ τοὺς τὴν Περσῶν ἔφοδον ἐπὶ τὴν Ἑλλάδα καὶ Γαλατῶν ἐπὶ Δελφοὺς εἰς μνήμην καὶ παράδοσιν ἡμῖν ἀγαγόντας οὐ μικρὰ μεγάλα δ' οἶομαι συμβεβλησθαι πρὸς τοὺς ὑπὲρ τῆς κοινῆς τῶν Ἑλλήνων ἐλευθερίας ἀγῶνας. [8] οὔτε γὰρ χορηγιῶν οὔθ' ὅπλων οὔτ' ἀνδρῶν πλῆθος καταπλαγεῖς ἂν τις ἀποσταίῃ τῆς τελευταίας ἐλπίδος, τοῦ διαγωνίζεσθαι περὶ τῆς σφετέρας χώρας καὶ πατρίδος, λαμβάνων πρὸ ὀφθαλμῶν τὸ παράδοξον τῶν τότε γενομένων καὶ μνημονεύσας ὅσας μυριάδας καὶ τίνας τόλμας καὶ πηλίκας παρασκευὰς ἢ τῶν σὺν νῷ καὶ μετὰ λογισμοῦ κινδυνευόντων αἵρεσις καὶ δύναμις καθεῖλεν. [9] ὁ δ' ἀπὸ Γαλατῶν φόβος οὐ μόνον τὸ παλαιὸν ἀλλὰ καὶ καθ' ἡμᾶς ἤδη πλεονάκις ἐξέπληξε τοὺς Ἕλληνας. [10] διὸ καὶ μᾶλλον ἔγωγε παρωρμήθην ἐπὶ τὸ κεφαλαιώδη μὲν ἀνέκαθεν δὲ ποιήσασθαι τὴν ὑπὲρ τούτων ἐξήγησιν. Ἀσδρούβας δ' ὁ τῶν Καρχηδονίων

στρατηγός — ἀπὸ γὰρ τούτων παρεξέβημεν τῆς ἐξηγήσεως — ἔτη χειρίσας ὀκτὼ τὰ κατὰ τὴν Ἰβηρίαν ἐτελεύτησε, δολοφονηθεὶς ἐν τοῖς ἑαυτοῦ καταλύμασι νυκτὸς ὑπὸ τινος Κελτοῦ τὸ γένος ἰδίων ἔνεκεν ἀδικημάτων, [2] οὐ μικρὰν ἀλλὰ μεγάλην ποιήσας ἐπίδοσιν τοῖς Καρχηδονίοις πράγμασιν, οὐχ οὕτω διὰ τῶν πολέμιων ἔργων ὥς διὰ τῆς πρὸς τοὺς δυνάστας ὁμιλίας. [3] τὴν δὲ στρατηγίαν οἱ Καρχηδόνιοι τῶν κατὰ τὴν Ἰβηρίαν Ἀννίβα περιέθεσαν, ὄντι νέῳ, διὰ τὴν ὑποφαινομένην ἐκ τῶν πράξεων ἀγχίνουσαν αὐτοῦ καὶ τόλμαν. [4] ὃς παραλαβὼν τὴν ἀρχὴν εὐθέως δηλὸς ἦν ἐκ τῶν ἐπινοημάτων πόλεμον ἐξοίσων Ῥωμαίους. ὁ δὲ καὶ τέλος ἐποίησε, πάνυ βραχὺν ἐπισχὼν χρόνον. [5] τὰ μὲν οὖν κατὰ Καρχηδονίους καὶ Ῥωμαίους ἀπὸ τούτων ἤδη τῶν καιρῶν ἐν ὑποψίαις ἦν πρὸς ἀλλήλους καὶ παρατριβαῖς. [6] οἱ μὲν γὰρ ἐπεβούλευον, ἀμύνεσθαι σπεύδοντες διὰ τὰς περὶ Σικελίαν ἐλαττώσεις, οἱ δὲ Ῥωμαῖοι διηπίστουν, θεωροῦντες αὐτῶν τὰς ἐπιβολάς. [7] ἐξ ὧν δηλὸν ἦν τοῖς ὀρθῶς σκοπομένοις ὅτι μέλλουσι πολεμεῖν ἀλλήλοις οὐ μετὰ πολὺν χρόνον.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Ἀχαιοὶ καὶ Φίλιππος ὁ βασιλεὺς ἅμα τοῖς ἄλλοις συμμάχοις συνίσταντο τὸν πρὸς Αἰτωλοὺς πόλεμον τὸν προσαγορευθέντα συμμαχικόν. [2] ἡμεῖς δ' ἐπειδὴ τὰς τε περὶ Σικελίαν καὶ Λιβύην καὶ τὰς ἐξῆς πράξεις διεξιόντες κατὰ τὸ συνεχές τῆς προκατασκευῆς ἤκομεν ἐπὶ τὴν ἀρχὴν τοῦ τε συμμαχικοῦ καὶ τοῦ δευτέρου συστάντος μὲν Ῥωμαίοις καὶ Καρχηδονίοις πολέμου, προσαγορευθέντος δὲ παρὰ τοῖς πλείστοις Ἀννιβιακοῦ, κατὰ δὲ τὴν ἐξ ἀρχῆς πρόθεσιν ἀπὸ τούτων τῶν καιρῶν ἐπηγγειλάμεθα ποιήσασθαι τὴν ἀρχὴν τῆς ἑαυτῶν συντάξεως, [3] πρέπον ἂν εἴη τούτων ἀφεμένους ἐπὶ τὰς κατὰ τὴν Ἑλλάδα μεταβαίνειν πράξεις, ἵνα πανταχόθεν ὁμοίαν ποιησάμενοι τὴν προκατασκευὴν καὶ τὴν ἔφοδον ἐπὶ τοὺς αὐτοὺς καιροὺς οὕτως ἤδη [τῆς Ἰταλίας καὶ] τῆς ἀποδεικτικῆς ἱστορίας ἀρχώμεθα. [4] ἐπεὶ γὰρ οὐ τινὰς πράξεις, καθάπερ οἱ πρὸ ἡμῶν, οἷον τὰς Ἑλληνικὰς ἢ Περσικὰς, ὁμοῦ δὲ τὰς ἐν τοῖς γνωριζομένοις μέρεσι τῆς οἰκουμένης ἀναγράφειν ἐπιχειρήκαμεν διὰ τὸ πρὸς τοῦτο τὸ μέρος τῆς ὑποθέσεως ἰδίον τι συμβεβληθῆαι τοὺς καθ' ἡμᾶς καιροὺς, ὑπὲρ ὧν σαφέστερον ἐν ἑτέροις δηλώσομεν, [5] δέον ἂν εἴη καὶ πρὸ τῆς κατασκευῆς ἐπὶ βραχὺ τῶν ἐπιφανεστάτων καὶ γνωριζομένων ἐθνῶν καὶ τόπων ἐφάψασθαι τῆς οἰκουμένης. [6] περὶ μὲν οὖν τῶν κατὰ τὴν Ἀσίαν καὶ τῶν κατὰ τὴν Αἴγυπτον ἀρκούντως ἂν ἔχοι ποιεῖσθαι τὴν ἀνάμνησιν ἀπὸ τῶν

νῦν ῥηθέντων καιρῶν διὰ τὸ τὴν μὲν ὑπὲρ τῶν προγεγονότων παρ' αὐτοῖς ἱστορίαν ὑπὸ πλειόνων ἐκδεδόσθαι καὶ γνώριμον ὑπάρχειν ἅπασιν, ἐν δὲ τοῖς καθ' ἡμᾶς καιροῖς μηδὲν αὐτοῖς ἐξηλλαγμένον ἀπηντῆσθαι μηδὲ παράλογον ὑπὸ τῆς τύχης ὥστε προσδεῖσθαι τῆς τῶν προγεγονότων ὑπομνήσεως. [7] περὶ δὲ τοῦ τῶν Ἀχαιῶν ἔθνους καὶ περὶ τῆς Μακεδόνων οἰκίας ἀρμόσει διὰ βραχέων ἀναδραμεῖν τοῖς χρόνοις, ἐπειδὴ περὶ μὲν ταύτην ὀλοσχερῆς ἐπαναίρεσις, [8] περὶ δὲ τοὺς Ἀχαιοὺς, καθάπερ ἐπάνω προεῖπον, παράδοξος αὐξήσις καὶ συμφρόνησις ἐν τοῖς καθ' ἡμᾶς καιροῖς γέγονε. [9] πολλῶν γὰρ ἐπιβαλομένων ἐν τοῖς παρεληλυθόσι χρόνοις ἐπὶ ταῦτόν τι συμφέρον ἀγαγεῖν Πελοποννησίου, οὐδενὸς δὲ καθικέσθαι δυνηθέντος διὰ τὸ μὴ τῆς κοινῆς ἐλευθερίας ἔνεκεν ἀλλὰ τῆς σφετέρας δυναστείας χάριν ἐκάστους ποιεῖσθαι τὴν σπουδὴν, [10] τοιαύτην καὶ τηλικαύτην ἐν τοῖς καθ' ἡμᾶς καιροῖς ἔσχε προκοπὴν καὶ συντέλειαν τοῦτο τὸ μέρος ὥστε μὴ μόνον συμμαχικὴν καὶ φιλικὴν κοινωνίαν γεγονέναι πραγμάτων περὶ αὐτούς, ἀλλὰ καὶ νόμοις χρῆσθαι τοῖς αὐτοῖς καὶ σταθμοῖς καὶ μέτροις καὶ νομίσμασι, πρὸς δὲ τούτοις ἄρχουσι, βουλευταῖς, [11] δικασταῖς, τοῖς αὐτοῖς, καθόλου δὲ τούτῳ μόνῳ διαλλάττειν τοῦ μὴ μιᾶς πόλεως διάθεσιν ἔχειν σχεδὸν τὴν σύμπασαν Πελοπόννησον, τῷ μὴ τὸν αὐτὸν περίβολον ὑπάρχειν τοῖς κατοικοῦσιν αὐτήν, τᾶλλα δ' εἶναι καὶ κοινῇ καὶ κατὰ πόλεις ἐκάστοις ταῦτά καὶ παραπλήσια.

[1] πρῶτον δέ, πῶς ἐπεκράτησε καὶ τίνι τρόπῳ τὸ τῶν Ἀχαιῶν ὄνομα κατὰ πάντων Πελοποννησίων, οὐκ ἄχρηστον μαθεῖν. [2] οὔτε γὰρ χώρας καὶ πόλεων πλήθει διαφέρουσιν οἱ πάτριον ἐξ ἀρχῆς ἔχοντες τὴν προσηγορίαν ταύτην οὔτε πλούτοις οὔτε ταῖς τῶν ἀνδρῶν ἀρεταῖς. [3] τό τε γὰρ τῶν Ἀρκάδων ἔθνος, ὁμοίως δὲ καὶ τὸ τῶν Λακῶνων πλήθει μὲν ἀνδρῶν καὶ χώρας οὐδὲ παρὰ μικρὸν ὑπερέχει· καὶ μὴν οὐδὲ τῶν τῆς ἀνδραγαθίας πρωτείων οὐδενὶ τῶν Ἑλλήνων οἷοί τ' εἰσὶν οὐδέποτε παραχωρεῖν οἱ προειρημένοι. [4] πῶς οὖν καὶ διὰ τί νῦν εὐδοκοῦσιν οὗτοί τε καὶ τὸ λοιπὸν πλῆθος τῶν Πελοποννησίων, ἅμα τὴν πολιτείαν τῶν Ἀχαιῶν καὶ τὴν προσηγορίαν μετεληφότες; [5] δῆλον ὡς τύχην μὲν λέγειν οὐδαμῶς ἂν εἴη πρέπον· φαῦλον γάρ· αἰτίαν δὲ μᾶλλον ζητεῖν. χωρὶς γὰρ ταύτης οὔτε τῶν κατὰ λόγον οὔτε τῶν παρὰ λόγον εἶναι δοκούντων οὐδὲν οἷόν τε συντελεσθῆναι. ἔστι δ' οὖν, ὡς ἐμὴ δόξα, τοιαύτη τις. [6] ἰσηγορίας καὶ παρρησίας καὶ καθόλου δημοκρατίας ἀληθινῆς

σύστημα καὶ προαίρεσιν εἰλικρινεστέραν οὐκ ἂν εὔροι τις τῆς παρὰ τοῖς Ἀχαιοῖς ὑπαρχούσης. [7] αὕτη τινὰς μὲν ἐθελοντὴν αἰρετιστὰς εὔρε Πελοποννησίων, πολλοὺς δὲ πειθοῖ καὶ λόγῳ προσηγάγετο: τινὰς δὲ βιασαμένη σὺν καιρῷ παραχρῆμα πάλιν εὐδοκεῖν ἐποίησεν αὐτῇ τοὺς ἀναγκασθέντας. [8] οὐδενὶ γὰρ οὐδὲν ὑπολειπομένη πλεονέκτημα τῶν ἐξ ἀρχῆς, ἴσα δὲ πάντα ποιοῦσα τοῖς ἀεὶ προσλαμβανομένοις ταχέως καθικνεῖτο τῆς προκειμένης ἐπιβολῆς, δύο συνεργοῖς χρωμένη τοῖς ἰσχυροτάτοις, ἰσότητι καὶ φιланθρωπίᾳ. [9] διὸ ταύτην ἀρχηγὸν καὶ παραίτιον ἡγήτεον τοῦ συμφρονήσαντας Πελοποννησίουσ τὴν ὑπάρχουσαν αὐτοῖς εὐδαιμονίαν καταστήσασθαι. [10]

[1] τὰ μὲν οὖν τῆς προαιρέσεως καὶ τὸ τῆς πολιτείας ἰδίωμα τὸ νῦν εἰρημένον καὶ πρότερον ὑπῆρχε παρὰ τοῖς Ἀχαιοῖς. [11] δῆλον δὲ τοῦτο καὶ δι' ἐτέρων μὲν πλειόνων, πρὸς δὲ τὸ παρὸν ἀρκέσει πίστεως χάριν ἐν ἣ καὶ δεύτερον ληφθὲν μαρτύριον. καθ' οὓς γὰρ καιροὺς ἐν τοῖς κατὰ τὴν Ἰταλίαν τόποις κατὰ τὴν Μεγάλην Ἑλλάδα τότε προσαγορευομένην ἐνεπρήσθη τὰ συνέδρια τῶν Πυθαγορείων, [2] μετὰ ταῦτα γενομένου κινήματος ὀλοσχεροῦς περὶ τὰς πολιτείας, ὅπερ εἰκός, ὥς ἂν τῶν πρώτων ἀνδρῶν ἐξ ἐκάστης πόλεως οὕτω παραλόγως διαφθαρέντων, [3] συνέβη τὰς κατ' ἐκείνους τοὺς τόπους Ἑλληνικὰς πόλεις ἀναπλησθῆναι φόνου καὶ στάσεως καὶ παντοδαπῆς ταραχῆς. [4] ἐν οἷς καιροῖς ἀπὸ τῶν πλείστων μερῶν τῆς Ἑλλάδος πρεσβευόντων ἐπὶ τὰς διαλύσεις, Ἀχαιοῖς καὶ τῇ τούτων πίστει συνεχρήσαντο πρὸς τὴν τῶν παρόντων κακῶν ἐξαγωγήν. [5] οὐ μόνον δὲ κατὰ τούτους τοὺς καιροὺς ἀπεδέξαντο τὴν αἴρεσιν τῶν Ἀχαιῶν, ἀλλὰ καὶ μετὰ τινὰς χρόνους ὀλοσχερῶς ὥρμησαν ἐπὶ τὸ μιμηταὶ γενέσθαι τῆς πολιτείας αὐτῶν. [6] παρακαλέσαντες γὰρ σφᾶς καὶ συμφρονήσαντες Κροτωνιάται, Συβαρίται, Καυλωνιάται, πρῶτον μὲν ἀπέδειξαν Διὸς Ὁμαρίου κοινὸν ἱερὸν καὶ τόπον, ἐν ᾧ τὰς τε συνόδους καὶ τὰ διαβούλια συνετέλουν, δεύτερον τοὺς ἐθισμοὺς καὶ νόμους ἐκλαβόντες τοὺς τῶν Ἀχαιῶν ἐπεβάλλοντο χρῆσθαι καὶ διοικεῖν κατὰ τούτους τὴν πολιτείαν. ὑπὸ δὲ τῆς Διονυσίου Συρακοσίου δυναστείας, [7] ἔτι δὲ τῆς τῶν περιρικούντων βαρβάρων ἐπικρατείας ἐμποδισθέντες οὐχ ἔκουσίως ἀλλὰ κατ' ἀνάγκην αὐτῶν ἀπέστησαν. [8] μετὰ δὲ ταῦτα Λακεδαιμονίων μὲν παραδόξως πταισάντων περὶ τὴν ἐν Λεύκτροις μάχην, Θηβαίων δ' ἀνελπίστως ἀντιποιησαμένων τῆς τῶν Ἑλλήνων ἡγεμονίας, ἣν ἀκρισία περὶ

πάντας μὲν τοὺς Ἑλλήνας, μάλιστα δὲ περὶ τοὺς προειρημένους, ὥς ἂν τῶν μὲν μὴ συγχωρούντων ἡττησθαι, τῶν δὲ μὴ πιστευόντων ὅτι νενικήκασιν. [9] οὐ μὴν ἀλλὰ γε περὶ τῶν ἀμφισβητουμένων ἐπέτρεψαν Θηβαῖοι καὶ Λακεδαιμόνιοι μόνοις τῶν Ἑλλήνων Ἀχαιοῖς, οὐ πρὸς τὴν δύναμιν ἀποβλέψαντες — [10] σχεδὸν γὰρ ἐλαχίστην τότε δὴ τῶν Ἑλλήνων εἶχον — τὸ δὲ πλεῖον εἰς τὴν πίστιν καὶ τὴν ὅλην καλοκάγαθίαν. ὁμολογουμένως γὰρ δὴ τότε ταύτην περὶ αὐτῶν πάντες εἶχον τὴν δόξαν. [11]

[1] τότε μὲν οὖν ψιλῶς αὐτὰ τὰ κατὰ τὴν προαίρεσιν ὑπῆρχε παρ' αὐτοῖς· ἀποτέλεσμα δ' ἡ πρᾶξις ἀξιόλογος πρὸς αὐξήσιν τῶν ἰδίων ἀνήκουσα πραγμάτων οὐκ ἐγένετο, [12] τῷ μὴ δύνασθαι φῦναι προστάτην ἄξιον τῆς προαιρέσεως, ἀεὶ δὲ τὸν ὑποδείξαντα ποτὲ μὲν ὑπὸ τῆς Λακεδαιμονίων ἀρχῆς ἐπισκοτεῖσθαι καὶ κωλύεσθαι, ποτὲ δὲ μᾶλλον ὑπὸ τῆς Μακεδόνων. ἐπεὶ δὲ ποτε σὺν καιρῷ προστάτας ἀξιόχρεως εὗρεν, ταχέως τὴν αὐτῆς δύναμιν ἐποίησε φανεράν, ἐπιτελεσαμένη τὸ κάλλιστον ἔργον, τὴν Πελοποννησίων ὁμόνοιαν. [2] ἥς ἀρχηγὸν μὲν καὶ καθηγεμόνα τῆς ὅλης ἐπιβολῆς Ἄρατον νομιστέον τὸν Σικυώνιον, ἀγωνιστὴν δὲ καὶ τελεσιουργὸν τῆς πράξεως Φιλοποίμενα τὸν Μεγαλοπολίτην, βεβαιωτὴν δὲ τοῦ μόνιμον αὐτὴν ἐπὶ ποσὸν γενέσθαι Λυκόρταν καὶ τοὺς ταῦτα τούτῳ προελομένους ἄνδρας. [3] τίνα δ' ἦν ἐκάστοις τὰ πραχθέντα καὶ πῶς καὶ κατὰ ποίους καιροὺς πειρασόμεθα δηλοῦν, ἀεὶ κατὰ τὸ πρέπον τῇ γραφῇ ποιούμενοι τὴν ἐπίστασιν. [4] τῶν μέντοι γ' Ἀράτῳ διωκημένων καὶ νῦν καὶ μετὰ ταῦτα πάλιν ἐπικεφαλαιούμενοι μνησθησόμεθα διὰ τὸ καὶ λίαν ἀληθινούς καὶ σαφεῖς ἐκείνον περὶ τῶν ἰδίων συντεταχέναι πράξεων ὑπομνηματισμούς, [5] τῶν δὲ τοῖς ἄλλοις ἀκριβεστέραν καὶ μετὰ διαστολῆς ποιησόμεθα τὴν ἐξήγησιν. ὑπολαμβάνω δὲ ῥάστην ἐμοί τ' ἂν γενέσθαι τὴν διήγησιν καὶ τοῖς ἐντυγχάνουσιν εὐπαρακολούθητον τὴν μάθησιν, εἰ ποιησαίμεθα τὴν ἐπίστασιν ἀπὸ τούτων τῶν καιρῶν, ἐν οἷς κατὰ πόλιν διαλυθέντος τοῦ τῶν Ἀχαιῶν ἔθνους ὑπὸ τῶν ἐκ Μακεδονίας βασιλέων ἀρχὴ πάλιν ἐγένετο καὶ σύννευσις τῶν πόλεων πρὸς ἀλλήλας. [6] ἀφ' ἧς αὐξανόμενον κατὰ τὸ συνεχὲς τὸ ἔθνος εἰς ταύτην ἦλθε τὴν συντέλειαν, ἐν ἧ καθ' ἡμᾶς ἦν, ὑπὲρ ἧς κατὰ μέρος ἀρτίως εἶπον.

[1] Ὀλυμπιάς μὲν ἦν εἰκοστὴ καὶ τετάρτη πρὸς ταῖς ἑκατόν, ὅτε Πατρεῖς ἤρξαντο συμφρονεῖν καὶ Δυμαῖοι, [2] καιροὶ δὲ καθ' οὓς Πτολεμαῖος ὁ Λάγου καὶ Λυσίμαχος, ἔτι δὲ Σέλευκος καὶ

Πτολεμαῖος ὁ Κεραννὸς μετήλλαξαν τὸν βίον. πάντες γὰρ οὗτοι περὶ τὴν προειρημένην ὀλυμπιάδα τὸ ζῆν ἐξέλιπον. [3] τοὺς μὲν οὖν ἀνώτερον τούτων χρόνους τοιαύτη τις ἦν ἡ περὶ τὸ προειρημένον ἔθνος διάθεσις. [4] ἀπὸ γὰρ Τισαμενοῦ βασιλευθέντες, ὃς ἦν Ὀρέστου μὲν υἱός, κατὰ δὲ τὴν τῶν Ἡρακλειδῶν κάθοδον ἐκπεσὼν τῆς Σπάρτης κατέσχε τοὺς περὶ Ἀχαΐαν τόπους, [5] ἀπὸ τούτου κατὰ τὸ συνεχὲς καὶ κατὰ τὸ γένος ἕως Ὠγύγου βασιλευθέντες, μετὰ ταῦτα δυσαρεστήσαντες τοῖς τοῦ προειρημένου παισὶν ἐπὶ τῷ μὴ νομίμως ἀλλὰ δεσποτικῶς αὐτῶν ἄρχειν, μετέστησαν εἰς δημοκρατίαν τὴν πολιτείαν. [6] λοιπὸν ἤδη τοὺς ἐξῆς χρόνους μέχρι τῆς Ἀλεξάνδρου καὶ Φιλίππου δυναστείας ἄλλοτε μὲν ἄλλως ἐχώρει τὰ πράγματ' αὐτοῖς κατὰ τὰς περιστάσεις, τό γε μὴν κοινὸν πολίτευμα, καθάπερ εἰρήκαμεν, ἐν δημοκρατίᾳ συνέχειν ἐπειρῶντο. [7] τοῦτο δ' ἦν ἐκ δώδεκα πόλεων, ἃς ἔτι καὶ νῦν συμβαίνει διαμένειν, πλὴν Ὠλένου καὶ Ἑλίκης τῆς πρὸ τῶν Λευκτρικῶν ὑπὸ τῆς θαλάττης καταποθείσης: [8] αὗται δ' εἰσὶν Πάτραι, Δύμη, Φαραί, Τριταία, Λεόντιον, Αἴγιον, Αἴγαιρα, Πελλήνη, Βοῦρα, Καρύνεια. [9] κατὰ δὲ τοὺς ὑστέρους μὲν τῶν κατ' Ἀλέξανδρον καιρῶν, προτέρους δὲ τῆς ἄρτι ῥηθείσης ὀλυμπιάδος, εἰς τοιαύτην διαφορὰν καὶ καχεξίαν ἐνέπεσον, καὶ μάλιστα διὰ τῶν ἐκ Μακεδονίας βασιλέων, ἐν ᾗ συνέβη πάσας τὰς πόλεις χωρισθείσας ἀφ' αὐτῶν ἐναντίως τὸ συμφέρον ἄγειν ἀλλήλαις. [10] ἐξ οὗ συνέπεσε τὰς μὲν ἐμφρούρους αὐτῶν γενέσθαι διὰ τε Δημητρίου καὶ Κασσάνδρου καὶ μετὰ ταῦτα δι' Ἀντιγόνου τοῦ Γονατᾶ, τὰς δὲ καὶ τυραννεῖσθαι: πλείστους γὰρ δὴ μονάρχους οὗτος ἐμφυτεῦσαι δοκεῖ τοῖς Ἕλλησι. [11] περὶ δὲ τὴν εἰκοστὴν καὶ τετάρτην ὀλυμπιάδα πρὸς ταῖς ἑκατόν, καθάπερ ἐπάνω προεῖπον, αὐθις ἤρξαντο μετανοήσαντες συμφρονεῖν. ταῦτα δ' ἦν κατὰ τὴν Πύρρου διάβασιν εἰς Ἰταλίαν. [12] καὶ πρῶτοι μὲν συνέστησαν Δυμαῖοι, Πατρεῖς, Τριταεῖς, Φαραεῖς: διόπερ οὐδὲ στήλην ὑπάρχειν συμβαίνει τῶν πόλεων τούτων περὶ τῆς συμπολιτείας. [13] μετὰ δὲ ταῦτα μάλιστα πῶς ἔτει πέμπτῳ τὴν φρουρὰν ἐκβαλόντες Αἰγίεις μετέσχον τῆς συμπολιτείας: ἐξῆς δὲ τούτοις Βούριοι, τὸν τύραννον ἀποκτείναντες. [14] ἅμα δὲ τούτοις Καρυνεῖς ἀποκατέστησαν. συνιδὼν γὰρ Ἰσέας ὁ τῆς Καρυνείας τότε τυραννεύων ἐκπεπτωκυῖαν μὲν ἐξ Αἰγίου τὴν φρουρὰν, ἀπολωλότα δὲ τὸν ἐν τῇ Βούρᾳ μόναρχον διὰ Μάργου καὶ τῶν Ἀχαιῶν, ἑαυτὸν δὲ πανταχόθεν ὁρῶν ὅσον οὐκ ἤδη πολεμηθησόμενον, [15]

ἀποθέμενος τὴν ἀρχὴν καὶ λαβὼν τὰ πιστὰ παρὰ τῶν Ἀχαιῶν ὑπὲρ τῆς ἀσφαλείας προσέθηκε τὴν πόλιν πρὸς τὸ τῶν Ἀχαιῶν σύστημα.

[1] τίνας οὖν χάριν ἐπὶ τοὺς χρόνους τούτους ἀνέδραμον; ἵνα πρῶτον μὲν γένηται συμφανὲς πῶς καὶ κατὰ ποίους καιροὺς καὶ τίνες πρῶτοι τῶν ἐξ ἀρχῆς Ἀχαιῶν αὐθις ἐποίησαντο τὴν ἐπιβολὴν τῆς νῦν συστάσεως, [2] δεύτερον δ' ἵνα καὶ τὰ τῆς προαιρέσεως μὴ μόνον διὰ τῆς ἡμετέρας ἀποφάσεως, ἀλλὰ καὶ δι' αὐτῶν τῶν πραγμάτων πίστεως τυγχάνη, διότι μία τις ἀεὶ τῶν Ἀχαιῶν αἵρεσις ὑπῆρχε, [3] καθ' ἣν προτείνοντες μὲν τὴν παρ' αὐτοῖς ἰσηγορίαν καὶ παρρησίαν, πολεμοῦντες δὲ καὶ καταγωνιζόμενοι συνεχῶς τοὺς ἢ δι' αὐτῶν ἢ διὰ τῶν βασιλέων τὰς σφετέρας πατρίδας καταδουλομένους, τούτῳ τῷ τρόπῳ καὶ ταύτῃ τῇ προθέσει τοῦτο τοῦργον ἐπετέλεσαν, τὰ μὲν δι' αὐτῶν, τὰ δὲ καὶ διὰ τῶν συμμάχων. [4] καὶ γὰρ τὰ δι' ἐκείνων συνεργήματα γεγονότα πρὸς τοῦτο τὸ μέρος ἐν τοῖς ἐξῆς χρόνοις ἐπὶ τὴν τῶν Ἀχαιῶν προαίρεσιν ἀνοιστέον. [5] πολλοῖς γὰρ κοινωνήσαντες πραγμάτων, πλείστων δὲ καὶ καλλίστων Ῥωμαίοις οὐδέποτε τὸ παράπαν ἐπεθύμησαν ἐκ τῶν κατορθωμάτων οὐδενὸς ἰδίᾳ λυσιτελοῦς, [6] ἀλλ' ἀντὶ πάσης τῆς ἑαυτῶν φιλοτιμίας, ἣν παρεῖχοντο τοῖς συμμάχοις, ἀντικατηλλάττοντο τὴν ἐκάστων ἐλευθερίαν καὶ τὴν κοινὴν ὁμόνοιαν Πελοποννησίων. [7] σαφέστερον δ' ὑπὲρ τούτων ἔσται διαλαμβάνειν ἐξ αὐτῶν τῶν περὶ τὰς πράξεις ἐνεργημάτων.

[1] εἴκοσι μὲν οὖν ἔτη τὰ πρῶτα καὶ πέντε συνεπολιτεύσαντο μεθ' ἑαυτῶν αἱ προειρημέναι πόλεις, γραμματέα κοινὸν ἐκ περιόδου προχειριζόμεναι καὶ δύο στρατηγούς. [2] μετὰ δὲ ταῦτα πάλιν ἔδοξεν αὐτοῖς ἓνα καθιστάνειν καὶ τούτῳ πιστεύειν ὑπὲρ τῶν ὄλων. καὶ πρῶτος ἔτυχε τῆς τιμῆς ταύτης Μάργος ὁ Καρυνεύς. [3] τετάρτῳ δ' ὕστερον ἔτει τοῦ προειρημένου στρατηγοῦντος Ἄρατος ὁ Σικυώνιος, ἔτη μὲν ἔχων εἴκοσι, τυραννουμένην δ' ἐλευθερώσας τὴν πατρίδα διὰ τῆς ἀρετῆς τῆς ἑαυτοῦ καὶ τόλμης προσένειμε πρὸς τὴν τῶν Ἀχαιῶν πολιτείαν, ἀρχῆθεν εὐθύς ἐραστής γενόμενος τῆς προαιρέσεως αὐτῶν. [4] ὀγδόῳ δὲ πάλιν ἔτει στρατηγὸς αἰρεθεὶς τὸ δεύτερον καὶ πραξικοπήσας τὸν Ἀκροκόρινθον, Ἀντιγόνου κυριεύοντος, καὶ γενόμενος ἐγκρατὴς μεγάλου μὲν ἀπέλυσε φόβου τοὺς τὴν Πελοπόννησον κατοικοῦντας, ἐλευθερώσας δὲ Κορινθίους προσηγάγετο πρὸς τὴν τῶν Ἀχαιῶν πολιτείαν. [5] ἐπὶ δὲ τῆς αὐτῆς ἀρχῆς καὶ τὴν τῶν Μεγαρέων πόλιν διαπραξάμενος προσένειμε τοῖς

Ἀχαιοῖς. [6] ταῦτά τ' ἐγίνετο τῷ πρότερον ἔτει τῆς Καρχηδονίων ἥττης, ἐν ᾗ καθόλου Σικελίας ἐκχωρήσαντες πρῶτον ὑπέμειναν τότε φόρους ἐνεγκεῖν Ῥωμαίοις. [7] μεγάλην δὲ προκοπὴν ποιήσας τῆς ἐπιβολῆς ἐν ὀλίγῳ χρόνῳ λοιπὸν ἤδη διετέλει προστατῶν μὲν τοῦ τῶν Ἀχαιῶν ἔθνους, πάσας δὲ τὰς ἐπιβολὰς καὶ πράξεις πρὸς ἐν τέλος ἀναφέρων: [8] τοῦτο δ' ἦν τὸ Μακεδόνας μὲν ἐκβαλεῖν ἐκ Πελοποννήσου, τὰς δὲ μοναρχίας καταλῦσαι, βεβαιῶσαι δ' ἐκάστοις τὴν κοινὴν καὶ πάτριον ἐλευθερίαν. [9] μέχρι μὲν οὖν ἦν Ἀντίγονος ὁ Γονατᾶς, πρὸς τε τὴν ἐκείνου πολυπραγμοσύνην καὶ πρὸς τὴν Αἰτωλῶν πλεονεξίαν ἀντιταττόμενος διετέλει, [10] πραγματικῶς ἕκαστα χειρίζων, καίπερ εἰς τοῦτο προβάντων ἀμφοτέρων ἀδικίας καὶ τόλμης ὥστε ποιήσασθαι συνθήκας πρὸς ἀλλήλους ὑπὲρ

[1] διαιρέσεως τοῦ τῶν Ἀχαιῶν ἔθνους. Ἀντιγόνου δὲ μεταλλάξαντος, καὶ συνθεμένων τῶν Ἀχαιῶν καὶ συμμαχίαν πρὸς Αἰτωλοὺς καὶ μετασχόντων εὐγενῶς σφίσι τοῦ πρὸς Δημήτριον πολέμου, τὰ μὲν τῆς ἀλλοτριότητος καὶ δυσμενείας ἦρθη κατὰ τὸ παρόν, ὑπεγένετο δὲ κοινωνικὴ καὶ φιλική τις αὐτοῖς διάθεσις. [2] Δημητρίου δὲ βασιλεύσαντος δέκα μόνον ἔτη καὶ μεταλλάξαντος τὸν βίον περὶ τὴν πρώτην διάβασιν εἰς τὴν Ἰλλυρίδα Ῥωμαίων, ἐγένετό τις εὐροια πραγμάτων πρὸς τὴν ἐξ ἀρχῆς ἐπιβολὴν τῶν Ἀχαιῶν. [3] οἱ γὰρ ἐν τῇ Πελοποννήσῳ μόναρχοι δυσελπιστήσαντες ἐπὶ τῷ μετῆλλαχέναι μὲν τὸν Δημήτριον, ὅς ἦν αὐτοῖς οἶονεὶ χορηγὸς καὶ μισθοδότης, ἐπικεῖσθαι δὲ τὸν Ἄρατον, οἰόμενον δεῖν σφᾶς ἀποτίθεσθαι τὰς τυραννίδας καὶ τοῖς μὲν πεισθεῖσι μεγάλας δωρεὰς καὶ τιμὰς προτείνοντα, τοῖς δὲ μὴ προσέχουσιν ἔτι μείζους ἐπανατεινόμενον φόβους καὶ κινδύνους διὰ τῶν Ἀχαιῶν, [4] ὥρμησαν ἐπὶ τὸ πεισθέντες ἀποθέσθαι μὲν τὰς τυραννίδας, ἐλευθερῶσαι δὲ τὰς ἑαυτῶν πατρίδας, μετασχεῖν δὲ τῆς τῶν Ἀχαιῶν πολιτείας. [5] Λυδιάδας μὲν οὖν ὁ Μεγαλοπολίτης ἔτι ζῶντος Δημητρίου, κατὰ τὴν αὐτοῦ προαίρεσιν, πάννυ πραγματικῶς καὶ φρονίμως προῖδόμενος τὸ μέλλον ἀπετέθειτο τὴν τυραννίδα καὶ μετεσχέκει τῆς ἐθνικῆς συμπολιτείας. [6] Ἀριστόμαχος δ' ὁ τῶν Ἀργείων τύραννος καὶ Ξένων ὁ τῶν Ἑρμιονέων καὶ Κλεώνυμος ὁ τῶν Φλιασίων τότε ἀποθέμενοι τὰς μοναρχίας ἐκοινώνησαν τῆς τῶν Ἀχαιῶν δημοκρατίας.

[1] ὁλοσχερεστέρας δὲ γενομένης αὐξήσεως διὰ ταῦτα καὶ προκοπῆς περὶ τὸ ἔθνος, Αἰτωλοὶ διὰ τὴν ἔμφυτον ἀδικίαν καὶ πλεονεξίαν φθονήσαντες, τὸ δὲ πλεῖον ἐλπίσαντες καταδιελέσθαι τὰς

πόλεις, καθάπερ καὶ πρότερον τὰς μὲν Ἀκαρνάνων διενείμαντο πρὸς Ἀλέξανδρον, τὰς δὲ τῶν Ἀχαιῶν ἐπεβάλοντο πρὸς Ἀντίγονον τὸν Γονατᾶν, [2] καὶ τότε παραπλησίαις ἐλπίσιν ἐπαρθέντες ἀπετόλμησαν Ἀντιγόνῳ τε τῷ κατ' ἐκείνους τοὺς καιροὺς προεστῶτι Μακεδόνων, ἐπιτροπεύοντι δὲ Φιλίππου παιδὸς ὄντος, καὶ Κλεομένει τῷ βασιλεῖ Λακεδαιμονίων κοινωνεῖν καὶ συμπλέκειν ἀμφοτέροις ἅμα τὰς χεῖρας. [3] ὁρῶντες γὰρ τὸν Ἀντίγονον κυριεύοντα μὲν τῶν κατὰ Μακεδονίαν ἀσφαλῶς, ὁμολογούμενον δὲ καὶ πρόδηλον ἐχθρὸν ὄντα τῶν Ἀχαιῶν διὰ τὸ τὸν Ἀκροκόρινθον πραξικοπήσαντας καταλαβεῖν, [4] ὑπέλαβον, εἰ τοὺς Λακεδαιμονίους προσλαβόντες ἔτι κοινωνοὺς σφίσι τῆς ἐπιβολῆς προεμβιβάσαιεν εἰς τὴν πρὸς τὸ ἔθνος ἀπέχθειαν, ῥαδίως ἂν καταγωνίσασθαι τοὺς Ἀχαιοὺς ἐν καιρῷ συνεπιθέμενοι καὶ πανταχόθεν περιστήσαντες αὐτοῖς τὸν πόλεμον. [5] ὁ δὴ καὶ ταχέως ἂν ἐκ τῶν κατὰ λόγον ἐπετέλεσαν, εἰ μὴ τὸ κυριώτατον παρεῖδον τῆς προθέσεως, οὐ συλλογισάμενοι διότι ταῖς ἐπιβολαῖς Ἄρατον ἔξουσιν ἀνταγωνιστήν, ἄνδρα δυνάμενον πάσης εὐστοχεῖν περιστάσεως. [6] τοιγαροῦν ὀρμήσαντες ἐπὶ τὸ πολυπραγμονεῖν καὶ χειρῶν ἄρχειν ἀδίκων οὐχ οἷον ἦνυσάν τι τῶν ἐπινοηθέντων, ἀλλὰ τούναντίον καὶ τὸν Ἄρατον τότε προεστῶτα καὶ τὸ ἔθνος ἐσωματοποίησαν, πραγματικῶς ἀντιπερισπάσαντος ἐκείνου καὶ λυμνηαμένου τὰς ἐπιβολὰς αὐτῶν. [7] ὥς δ' ἐχειρίσθη τὰ ὅλα, δῆλον ἔσται διὰ τῶν λέγεσθαι μελλόντων.

[1] θεωρῶν γὰρ τοὺς Αἰτωλοὺς ὁ προειρημένος ἀνὴρ τὸν μὲν πόλεμον τὸν πρὸς αὐτοὺς αἰσχυνομένους ἀναλαβεῖν ἐκ τοῦ φανεροῦ διὰ τὸ καὶ λίαν εἶναι προσφάτους τὰς ἐκ τῶν Ἀχαιῶν εὐεργεσίας περὶ τὸν Δημητριάκον πόλεμον εἰς αὐτούς, [2] συμβουλευομένους δὲ τοῖς Λακεδαιμονίοις καὶ φθονοῦντας τοῖς Ἀχαιοῖς ἐπὶ τοσοῦτον ὥστε Κλεομένους πεπραξικοπηκότος αὐτοὺς καὶ παρηρημένου Τεγέαν, Μαντίνειαν, Ὁρχομενόν, τὰς Αἰτωλοῖς οὐ μόνον συμμαχίδας ὑπαρχούσας, ἀλλὰ καὶ συμπολιτευομένας τότε πόλεις, οὐχ οἷον ἀγανακτοῦντας ἐπὶ τούτοις, ἀλλὰ καὶ βεβαιοῦντας αὐτῷ τὴν παράληψιν, [3] καὶ τοὺς πρότερον κατὰ τῶν μηδὲν ἀδικοῦντων πᾶσαν ἱκανὴν ποιούμενους πρόφασιν εἰς τὸ πολεμεῖν διὰ τὴν πλεονεξίαν τότε συνωρῶν ἐκουσίως παρασπονδουμένους καὶ τὰς μεγίστας ἀπολλύντας πόλεις ἐθελοντήν ἐφ' ᾧ μόνον ἰδεῖν ἀξιώχρεων γενόμενον ἀνταγωνιστήν Κλεομένη τοῖς Ἀχαιοῖς, [4] ἔγνω δεῖν εἰς ταῦτα βλέπων οὗτός τε καὶ πάντες ὁμοίως οἱ προεστῶτες τοῦ τῶν

Ἀχαιῶν πολιτεύματος πολέμου μὲν πρὸς μηδένα κατάρχειν, ἐνίστασθαι δὲ ταῖς τῶν Λακεδαιμονίων ἐπιβολαῖς. [5] τὸ μὲν οὖν πρῶτον ἐπὶ τούτων ἦσαν τῶν διαλήψεων: θεωροῦντες δὲ κατὰ τοὺς ἐξῆς χρόνους τὸν Κλεομένη θρασέως ἐποικοδομοῦντα μὲν τὸ καλούμενον Ἀθήναιον ἐν τῇ τῶν Μεγαλοπολιτῶν χώρα, πρόδηλον δὲ καὶ πικρὸν ἀναδεικνύοντα σφίσι πολέμιον ἑαυτόν, [6] τότε δὴ συναθροίσαντες τοὺς Ἀχαιοὺς ἔκριναν μετὰ τῆς βουλῆς ἀναλαμβάνειν φανερώς τὴν πρὸς τοὺς Λακεδαιμονίους ἀπέχθειαν. [7]

[1] ὁ μὲν οὖν Κλεομενικὸς προσαγορευθεὶς πόλεμος τοιαύτην ἔλαβε τὴν ἀρχὴν καὶ κατὰ τούτους τοὺς καιροὺς. οἱ δ' Ἀχαιοὶ τὸ μὲν πρῶτον διὰ τῆς ἰδίας δυνάμεως ὥρμησαν ἀντοφθαλμεῖν τοῖς Λακεδαιμονίοις, ἅμα μὲν ὑπολαμβάνοντες κάλλιστον εἶναι τὸ μὴ δι' ἐτέρων σφίσι πορίζεσθαι τὴν σωτηρίαν, ἀλλ' αὐτοὺς δι' αὐτῶν σῶζειν τὰς πόλεις καὶ τὴν χώραν, [2] ἅμα δὲ βουλόμενοι καὶ τὴν πρὸς Πτολεμαῖον τηρεῖν φιλίαν διὰ τὰς προγεγενημένας εὐεργεσίας καὶ μὴ φαίνεσθαι πρὸς ἐτέρους ἐκτείνοντες τὰς χεῖρας, [3] ἤδη δ' ἐπὶ ποσὸν τοῦ πολέμου προβαίνοντος, καὶ τοῦ Κλεομένου τὸ τε πάτριον πολίτευμα καταλύσαντος καὶ τὴν ἔννομον βασιλείαν εἰς τυραννίδα μεταστήσαντος, χρωμένου δὲ καὶ τῷ πολέμῳ πρακτικῶς καὶ παραβόλως, [4] προορώμενος Ἄρατος τὸ μέλλον καὶ δεδιὼς τὴν τε τῶν Αἰτωλῶν ἀπόνοιαν καὶ τόλμαν ἔκρινε πρὸ πολλοῦ λυμαίνεσθαι τὴν ἐπιβολὴν αὐτῶν. [5] κατανοῶν δὲ τὸν Ἀντίγονον καὶ πρᾶξιν ἔχοντα καὶ σύνεσιν καὶ πίστεως ἀντιποιοῦμενον, τοὺς δὲ βασιλεῖς σαφῶς εἰδὼς φύσει μὲν οὐδένα νομίζοντας οὔτε συνεργὸν οὔτε πολέμιον, ταῖς δὲ τοῦ συμφέροντος ψήφοις αἰεὶ μετροῦντας τὰς ἔχθρας καὶ τὰς φιλίας, [6] ἐπεβάλετο λαλεῖν πρὸς τὸν εἰρημένον βασιλέα καὶ συμπλέκειν τὰς χεῖρας, ὑποδεικνύων αὐτῷ τὸ συμβησόμενον ἐκ τῶν πραγμάτων. [7] προδήλως μὲν οὖν αὐτὸ πράττειν ἀσύμφορον ἡγεῖτο διὰ πλείους αἰτίας. τὸν τε γὰρ Κλεομένη καὶ τοὺς Αἰτωλοὺς ἀνταγωνιστὰς παρασκευάζειν ἡμελλε πρὸς τὴν ἐπιβολήν, [8] τοὺς τε πολλοὺς τῶν Ἀχαιῶν διατρέψειν, καταφεύγων ἐπὶ τοὺς ἐχθροὺς καὶ δοκῶν ὀλοσχερῶς ἀπεγνωκέναι τὰς ἐν αὐτοῖς ἐλπίδας: ὅπερ ἤκιστα φαίνεσθαι πράττων ἐβούλετο. [9] διόπερ ἔχων τοιαύτην πρόθεσιν ἀδήλως αὐτὰ διενοεῖτο χειρίζειν. [10] ἐξ οὗ πολλά παρὰ τὴν ἑαυτοῦ γνώμην ἠναγκάζετο καὶ λέγειν καὶ ποιεῖν πρὸς τοὺς ἐκτός, δι' ὧν ἡμελλε τὴν ἐναντίαν ἔμφασιν ὑποδεικνύων ταύτην ἐπικρύψεσθαι τὴν οἰκονομίαν. [11] ὧν χάριν ἔνια τούτων οὐδ' ἐν τοῖς

ὕπομνήμασι κατέταξεν.

[1] εἰδὼς δὲ τοὺς Μεγαλοπολίτας κακοπαθοῦντας μὲν τῷ πολέμῳ διὰ τὸ παρακειμένους τῇ Λακεδαίμονι προπολεμεῖν τῶν ἄλλων, οὐ τυγχάνοντας δὲ τῆς καθηκούσης ἐπικουρίας ὑπὸ τῶν Ἀχαιῶν διὰ τὸ κάκεινους δυσχρηστεῖσθαι θλιβομένους ὑπὸ τῆς περιστάσεως, [2] σαφῶς δὲ γινώσκων οἰκείως διακειμένους αὐτοὺς πρὸς τὴν Μακεδόνων οἰκίαν ἐκ τῶν κατὰ τὸν Ἀμύντου Φίλιππον εὐεργεσιῶν, [3] διειλήφει διότι ταχέως ἂν ὑπὸ τοῦ Κλεομένου πιεζόμενοι καταφύγοιεν ἐπὶ τὸν Ἀντίγονον καὶ τὰς Μακεδόνων ἐλπίδας· [4] κοινολογηθεὶς οὖν δι' ἀπορρήτων περὶ τῆς ὅλης ἐπιβολῆς Νικοφάνει καὶ Κερκιδᾷ τοῖς Μεγαλοπολίταις, οἵτινες ἦσαν αὐτοῦ πατρικοὶ ξένοι καὶ πρὸς τὴν ἐπιβολὴν εὐφυεῖς, [5] ῥαδίως διὰ τούτων ὁρμὴν παρέστησε τοῖς Μεγαλοπολίταις εἰς τὸ πρεσβεύειν πρὸς τοὺς Ἀχαιοὺς καὶ παρακαλεῖν πέμπειν πρὸς τὸν Ἀντίγονον ὑπὲρ βοηθείας. [6] οἱ μὲν οὖν Μεγαλοπολίταις κατέστησαν αὐτοὺς τοὺς περὶ τὸν Νικοφάνη καὶ τὸν Κερκιδᾶν πρεσβευτὰς πρὸς τε τοὺς Ἀχαιοὺς καὶ ἐκείθεν εὐθέως πρὸς τὸν Ἀντίγονον, ἂν αὐτοῖς συγκατάθῃται τὸ ἔθνος. [7] οἱ δ' Ἀχαιοὶ συνεχώρησαν πρεσβεύειν τοῖς Μεγαλοπολίταις. [8] σπουδῇ δὲ συμμίζαντες οἱ περὶ τὸν Νικοφάνη τῷ βασιλεῖ διελέγοντο περὶ μὲν τῆς ἐαυτῶν πατρίδος αὐτὰ τὰναγκαῖα διὰ βραχέων καὶ κεφαλαιωδῶς, τὰ δὲ πολλὰ περὶ τῶν ὅλων κατὰ τὰς ἐντολὰς τὰς Ἀράτου

[7] ἐὰν μὲν οὖν Αἰτωλοὶ τὴν ἐκ τῶν Ἀχαιῶν εἰς αὐτοὺς γεγεννημένην εὐνοίαν ἐν τοῖς κατὰ Δημήτριον καιροῖς ἐντρεπόμενοι τὴν ἡσυχίαν ἄγειν ὑποκρίνονται, καθάπερ καὶ νῦν, πολεμήσειν αὐτοὺς ἔφασαν τοὺς Ἀχαιοὺς πρὸς τὸν Κλεομένη· κὰν μὲν ἡ τύχη συνεπιλαμβάνηται, μὴ δεῖσθαι χρείας τῶν βοηθησόντων· ἂν δ' ἀντιπίπτῃ τὰ τῆς τύχης, [8] Αἰτωλοὶ δὲ συνεπιτίθονται, προσέχειν αὐτὸν παρεκάλουν τοῖς πράγμασιν, ἵνα μὴ πρόηται τοὺς καιροὺς, ἔτι δὲ δυναμένοις σφῶζεσθαι Πελοποννησίους ἐπαρκέσει· [9] περὶ δὲ πίστεως καὶ χάριτος ἀποδόσεως ῥαθυμεῖν αὐτὸν ᾤοντο δεῖν· τῆς γὰρ χρείας ἐπιτελουμένης αὐτὸν εὐρήσειν τὸν Ἄρατον εὐδοκουμένας ἀμφοτέροις ὑπισχνοῦντο πίστεϊς. [1] ὁ μὲν οὖν Ἀντίγονος ἀκούσας ταῦτα καὶ δόξας ἀληθινῶς καὶ πραγματικῶς ὑποδεικνύειν τὸν Ἄρατον, προσεῖχε τοῖς ἐξῆς πρᾶττομένοις ἐπιμελῶς. ἔγραψε δὲ καὶ τοῖς Μεγαλοπολίταις, [2] ἐπαγγελλόμενος βοηθήσειν, ἐὰν καὶ τοῖς Ἀχαιοῖς τοῦτο βουλομένοις ᾦ. [3] τῶν δὲ περὶ τὸν Νικοφάνη καὶ Κερκιδᾶν ἐπανελθόντων εἰς οἶκον καὶ τάς τε παρὰ τοῦ βασιλέως ἐπιστολὰς ἀποδόντων καὶ τὴν λοιπὴν εὐνοίαν αὐτοῦ καὶ προθυμίαν διασαφούντων, [4] μετεωρισθέντες οἱ Μεγαλοπολίται προθύμως ἔσχον ἰέναι πρὸς τὴν σύνοδον τῶν Ἀχαιῶν καὶ παρακαλεῖν ἐπισπάσασθαι τὸν Ἀντίγονον καὶ τὰ πράγματα κατὰ σπουδὴν ἐγχειρίζειν αὐτῷ. [5] ὁ δ' Ἄρατος διακούσας κατ' ἰδίαν τῶν περὶ τὸν Νικοφάνη τὴν τοῦ βασιλέως αἵρεσιν, ἣν ἔχει πρὸς τε τοὺς Ἀχαιοὺς καὶ πρὸς αὐτόν, περιχαρὴς ἦν τῷ μὴ διὰ κενῆς πεποιῆσθαι τὴν ἐπίνοιαν μηδ' εὐρήσθαι κατὰ τὴν τῶν Αἰτωλῶν ἐλπίδα τὸν Ἀντίγονον εἰς τέλος ἀπηλλοτριωμένον ἑαυτοῦ. [6] πάνυ δὲ πρὸς λόγον ἡγεῖτο γίνεσθαι καὶ τὸ τοὺς Μεγαλοπολίτας προθύμους εἶναι διὰ τῶν Ἀχαιῶν φέρειν ἐπὶ τὸν Ἀντίγονον τὰ πράγματα. μάλιστα μὲν γάρ, [7] ὥς ἐπάνω προεῖπον, ἔσπευδεν μὴ προσδεθῆναι τῆς βοηθείας· εἰ δ' ἐξ ἀνάγκης ἐπὶ τοῦτο δέοι καταφεύγειν, οὐ μόνον ἠβούλετο δι' αὐτοῦ γενέσθαι τὴν κλῆσιν, ἔτι δὲ μᾶλλον ἐξ ἀπάντων τῶν Ἀχαιῶν. [10] διόπερ ἅμα τῷ παρελθόντας τοὺς Μεγαλοπολίτας εἰς τὸ κοινὸν βουλευτήριον τὰ τε γράμματα τοῖς Ἀχαιοῖς ἐπιδεικνύναι καὶ διασαφεῖν τὴν ὅλην εὐνοίαν τοῦ βασιλέως, πρὸς δὲ τούτοις ἀξιοῦν ἐπισπάσασθαι τὸν Ἀντίγονον τὴν ταχίστην, εἶναι δὲ καὶ τὸ πλῆθος ἐπὶ τῆς αὐτῆς ὁρμῆς, [11] προελθὼν Ἄρατος καὶ τὴν τε τοῦ βασιλέως προθυμίαν ἀποδεξάμενος καὶ τὴν τῶν πολλῶν διάληψιν ἐπαινέσας παρεκάλει διὰ πλειόνων μάλιστα μὲν πειρᾶσθαι δι' αὐτῶν σφῶζειν καὶ τὰς πόλεις καὶ τὴν χώραν: οὐδὲν γὰρ εἶναι τούτου κάλλιον οὐδὲ συμφορώτερον: [12] ἐὰν δ' ἄρα πρὸς τοῦτο τὸ μέρος ἀντιβαίνει τὰ τῆς τύχης, πρότερον ἔφη δεῖν ἐξελέγξαντας πάσας τὰς ἐν αὐτοῖς ἐλπίδας τότε

[2] ἐπεὶ δὲ Πτολεμαῖος ἀπογνοὺς μὲν τὸ ἔθνος Κλεομένει χορηγεῖν ἐπεβάλετο, βουλόμενος αὐτὸν ἐπαλείφειν ἐπὶ τὸν Ἀντίγονον διὰ τὸ πλείους ἐλπίδας ἔχειν ἐν τοῖς Λακεδαιμονίοις ἥπερ ἐν τοῖς Ἀχαιοῖς τοῦ δύνασθαι διακατέχειν τὰς τῶν ἐν Μακεδονίᾳ βασιλέων ἐπιβολάς, [3] οἱ δ' Ἀχαιοὶ τὸ μὲν πρῶτον ἡλαττώθησαν περὶ τὸ Λύκαιον, συμπλακέντες κατὰ πορείαν τῷ Κλεομένει, τὸ δὲ δεύτερον ἐκ παρατάξεως ἡττήθησαν ἐν τοῖς Λαδοκείοις καλουμένοις τῆς Μεγαλοπολίτιδος, ὅτε καὶ Λυδιάδας ἔπεσε, τὸ δὲ τρίτον ὁλοσχερῶς ἔπταισαν ἐν τῇ Δυμαίᾳ περὶ τὸ καλούμενον Ἑκατόμβαιον, πανδημεὶ διακινδυνεύοντες, [4] τότε ἤδη τῶν πραγμάτων οὐκέτι διδόντων ἀναστροφὴν ἠνάγκαζε τὰ περιστῶτα καταφεύγειν ὁμοθυμαδὸν ἐπὶ τὸν Ἀντίγονον. [5] ἐν ᾧ καιρῷ πρεσβευτὴν τὸν υἱὸν ἐξαποστείλας Ἄρατος πρὸς Ἀντίγονον ἐβεβαιώσατο τὰ περὶ τῆς βοηθείας. [7] διὸ καὶ τὸ πρῶτον ὑπέρθεσιν ἔσχε τὸ διαβούλιον

[1] χάριν τῆς περὶ τῶν πίστεων ἐπισκέψεως. ὁ δὲ Κλεομένης

καταπληξάμενος τοῖς προειρημένοις εὐτυχήμασι λοιπὸν ἀδεῶς ἐπεπορεύετο τὰς πόλεις, ἃς μὲν πείθων αἷς δὲ τὸν φόβον ἀνατεινόμενος. προσλαβὼν δὲ τῷ τρόπῳ τούτῳ Καφύας, [2] Πελλήνην, Φενεόν, Ἄργος, Φλιοῦντα, Κλεωνάς, Ἐπίδauρον, Ἑρμιόνα, Τροίζηνα, τελευταῖον Κόρινθον, αὐτὸς μὲν προσεστρατοπέδευσε τῇ τῶν Σικυωνίων πόλει, τοὺς δ' Ἀχαιοὺς ἀπέλυσε τοῦ μεγίστου προβλήματος. [3] τῶν γὰρ Κορινθίων τῷ μὲν Ἀράτῳ στρατηγοῦντι καὶ τοῖς Ἀχαιοῖς παραγγελιάντων ἐκ τῆς πόλεως ἀπαλλάττεσθαι, πρὸς δὲ τὸν Κλεομένη διαπεμπομένων καὶ καλούντων, παρεδόθη τοῖς Ἀχαιοῖς ἀφορμὴ καὶ πρόφασις εὐλογος. [4] ἧς ἐπιλαβόμενος Ἄρατος καὶ προτείνας Ἀντιγόνῳ τὸν Ἀκροκόρινθον, κατεχόντων Ἀχαιῶν τότε τὸν τόπον τοῦτον, ἔλυσε μὲν τὸ γεγονός ἐγκλημα πρὸς τὴν οἰκίαν, ἱκανὴν δὲ πίστιν παρέσχετο τῆς πρὸς τὰ μέλλοντα κοινωνίας, τὸ δὲ συνέχον, ὀρμητήριον παρεσκεύασεν Ἀντιγόνῳ πρὸς τὸν κατὰ Λακεδαιμονίων πόλεμον. [5]

[1] ὁ δὲ Κλεομένης ἐπιγνοὺς τοὺς Ἀχαιοὺς συντιθεμένους τὰ πρὸς τὸν Ἀντίγονον, ἀναξεύζας ἀπὸ τοῦ Σικυῶνος κατεστρατοπέδευσε περὶ τὸν Ἴσθμόν, διαλαβὼν χάρακι καὶ τάφρῳ τὸν μεταξὺ τόπον τοῦ τ' Ἀκροκορίνθου καὶ τῶν Ὀνείων καλουμένων ὀρῶν, πᾶσαν ἤδη βεβαίως περιειληφὼς ταῖς ἐλπίσι τὴν Πελοποννησίων ἀρχήν. [6] Ἀντίγονος δὲ πάλαι μὲν ἦν ἐν παρασκευῇ, караδοκῶν τὸ μέλλον κατὰ τὰς ὑποθέσεις τὰς Ἀράτου· [7] τότε δὲ συλλογισζόμενος ἐκ τῶν προσπιπτόντων ὅσον οὐπω παρεῖναι τὸν Κλεομένη μετὰ τῆς δυνάμεως εἰς Θετταλίαν, διαπεμπνόμενος πρὸς τε τὸν Ἄρατον καὶ τοὺς Ἀχαιοὺς ὑπὲρ τῶν ὁμολογημένων ἦκεν ἔχων τὰς δυνάμεις διὰ τῆς Εὐβοίας ἐπὶ τὸν Ἴσθμόν. [8] οἱ γὰρ Αἰτωλοὶ πρὸς τοῖς ἄλλοις καὶ τότε βουλόμενοι κωλύσαι τὸν Ἀντίγονον τῆς βοηθείας, ἀπέῃπον αὐτῷ πορεύεσθαι μετὰ δυνάμεως ἐντὸς Πυλῶν· εἰ δὲ μή, διότι κωλύσουσι μεθ' ὅπλων αὐτοῦ τὴν δίοδον. [9] ὁ μὲν οὖν Ἀντίγονος καὶ Κλεομένης ἀντεστρατοπέδευον ἀλλήλοις, ὁ μὲν εἰσελθεῖν σπουδάζων εἰς Πελοπόννησον, ὁ δὲ Κλεομένης κωλύσαι τῆς εἰς ὁδοῦ τὸν Ἀντίγονον. οἱ δ' Ἀχαιοί, καίπερ οὐ μετρίως ἡλαττωμένοι τοῖς ὅλοις, ὅμως οὐκ ἀφίσταντο τῆς προθέσεως οὐδ' ἐγκατέλειπον τὰς ἐν αὐτοῖς ἐλπίδας, [2] ἀλλ' ἅμα τῷ τὸν Ἀριστοτέλῃ τὸν Ἀργεῖον ἐπαναστῆναι τοῖς Κλεομενισταῖς βοηθήσαντες καὶ παρεισπεσόντες μετὰ Τιμοξένου τοῦ στρατηγοῦ κατέλαβον τὴν τῶν Ἀργείων πόλιν. [3] ὁ δὲ καὶ νομιστέον αἰτιώτατον γεγονέναι πραγμάτων κατορθώσεως. τὸ

γὰρ ἐπιλαβόμενον τῆς ὀρμῆς τοῦ Κλεομένους καὶ προητιῆσαν τὰς ψυχὰς τῶν δυνάμεων τοῦτ' ἦν, ὥς ἐξ αὐτῶν φανερόν ἐγένετο τῶν πραγμάτων. [4] καὶ γὰρ τόπους εὐφυστέρους προκατέχων καὶ χορηγίαις δαψιλεστέραις Ἀντιγόνου χρώμενος καὶ τόλμη καὶ φιλοτιμία μείζονι παρωρημένος, [5] ὅμως ἅμα τῷ προσπεσεῖν αὐτῷ διότι κατελιφθαι συμβαίνει τὴν τῶν Ἀργείων πόλιν ὑπὸ τῶν Ἀχαιῶν, εὐθύς ἀνάσπαστος, ἀπολιπὼν τὰ προδεδηλωμένα προτερήματα, φυγῇ παραπλησίαν ἐποιεῖτο τὴν ἀποχώρησιν, δείσας μὴ πανταχόθεν αὐτὸν περιστῶσιν οἱ πολέμοι. [6] παραπεσὼν δ' εἰς Ἄργος καὶ κατὰ ποσὸν ἀντιποιησάμενος τῆς πόλεως, μετὰ ταῦτα γενναίως μὲν τῶν Ἀχαιῶν, φιλοτίμως δὲ τῶν Ἀργείων ἐκ μεταμελείας αὐτὸν ἀμυναμένων, ἀποπεσὼν καὶ ταύτης τῆς ἐπιβολῆς καὶ ποιησάμενος τὴν πορείαν διὰ Μαντινείας οὕτως ἐπανῆλθεν εἰς τὴν

[1] Σπάρτην. ὁ δ' Ἀντίγονος ἀσφαλῶς εἰς τὴν Πελοπόννησον εἰσελθὼν παρέλαβε τὸν Ἀκροκόρινθον, οὐδένα δὲ χρόνον μείνας εἶχετο τῶν προκειμένων καὶ παρῆν εἰς Ἄργος. [2] ἐπαινέσας δὲ τοὺς Ἀργεῖους καὶ καταστησάμενος τὰ κατὰ τὴν πόλιν αὐθις ἐκ ποδὸς ἐκίνει, ποιούμενος τὴν πορείαν ὥς ἐπ' Ἀρκαδίας. [3] ἐκβαλὼν δὲ τὰς φρουρὰς ἐκ τῶν ἐποικοδομηθέντων χωρίων ὑπὸ Κλεομένους κατὰ τε τὴν Αἰγῦτιν καὶ Βελμινᾶτιν χώραν καὶ παραδοὺς τὰ φρούρια Μεγαλοπολίταις ἦκε πρὸς τὴν τῶν Ἀχαιῶν σύνοδον εἰς Αἶγιον. [4] ἀπολογισάμενος δὲ περὶ τῶν καθ' αὐτὸν καὶ χρηματίσας περὶ τῶν μελλόντων, ἔτι δὲ κατασταθεὶς ἡγεμὼν ἀπάντων τῶν συμμάχων, [5] μετὰ ταῦτα χρόνον μὲν τινα παραχειμάζων διέτριβε περὶ Σικυῶνα καὶ Κόρινθον. τῆς δ' ἑαρινῆς ὥρας ἐνισταμένης ἀναλαβὼν τὰς δυνάμεις προῆγε. [6] καὶ διανύσας τριταῖος πρὸς τὴν τῶν Τεγεατῶν πόλιν, ἀπηντηκόντων καὶ τῶν Ἀχαιῶν ἐνταῦθα, περιστρατοπεδεύσας ἥρξατο πολιορκεῖν αὐτήν. [7] τῶν δὲ Μακεδόνων ἐνεργῶς χρωμένων τῇ τε λοιπῇ πολιορκίᾳ καὶ τοῖς ὀρύγμασι, ταχέως ἀπελπίσαντες οἱ Τεγεᾶται τὴν σωτηρίαν παρέδωκαν αὐτούς. [8] ὁ δ' Ἀντίγονος ἀσφαλισάμενος τὰ κατὰ τὴν πόλιν εἶχετο κατὰ τὸ συνεχές τῶν ἐξῆς καὶ προῆγε κατὰ σπουδὴν εἰς τὴν Λακωνικὴν. [9] ἐγγίσας δὲ τῷ Κλεομένει προκαθημένῳ τῆς ἑαυτοῦ χώρας κατεπεύραζε καὶ συνίστατό τινας ἀκροβολισμούς. [10] προσπεσόντος δὲ διὰ τῶν κατασκόπων αὐτῷ τοὺς ἐξ Ὀρχομενοῦ στρατιώτας παραβεβηθηκέναι πρὸς τὸν Κλεομένη, παραυτίκα ποιησάμενος ἀναζυγὴν ἠπέιγετο. [11] καὶ τὸν

μὲν Ὀρχομενὸν ἐξ ἐφόδου κατὰ κράτος εἴλε: μετὰ δὲ ταῦτα περιστρατοπεδεύσας τὴν τῶν Μαντινέων ἐπολιόρκει πόλιν. [12] ταχὺ δὲ καὶ ταύτην καταπληξαμένων τῶν Μακεδόνων καὶ λαβόντων ὑποχείριον, ἀναζεύξας προῆγε τὴν ἐφ' Ἡραίας καὶ Τελφούσης. [13] παραλαβὼν δὲ καὶ ταύτας τὰς πόλεις, ἐθέλοντὴν προσχωρησάντων αὐτῷ τῶν κατοικούντων, οὕτως ἤδη συνάπτοντος τοῦ χειμῶνος παρῆν εἰς Αἴγιον πρὸς τὴν τῶν Ἀχαιῶν σύνοδον. [14] καὶ τοὺς μὲν Μακεδόνας ἐπ' οἴκου διαφῆκε πάντας εἰς τὴν χειμασίαν, αὐτὸς δὲ τοῖς Ἀχαιοῖς διελέγετο καὶ συνδιενοεῖτο περὶ τῶν ἐνεστώτων.

[1] κατὰ δὲ τοὺς καιροὺς τούτους συνθεωρῶν ὁ Κλεομένης τὰς μὲν δυνάμεις διαφειμένας, τὸν δ' Ἀντίγονον μετὰ τῶν μισθοφόρων ἐν Αἰγίῳ διατρίβοντα καὶ τριῶν ἡμερῶν ὁδὸν ἀφεστῶτα τῆς Μεγάλης πόλεως, [2] τὴν δὲ πόλιν ταύτην εἰδὼς δυσφύλακτον οὖσαν διὰ τὸ μέγεθος καὶ τὴν ἐρημίαν, τότε δὲ καὶ ῥαθύμως τηρουμένην διὰ τὴν Ἀντιγόνου παρουσίαν, τὸ δὲ μέγιστον, ἀπολωλότας τοὺς πλείστους τῶν ἐν ταῖς ἡλικίαις ἔν τε τῇ περὶ τὸ Λύκαιον καὶ μετὰ ταῦτα τῇ περὶ Λαδόκεια μάχῃ, [3] λαβὼν συνεργούς τινας τῶν ἐκ Μεσσήνης φυγάδων, οἱ διατρίβοντες ἐτύγχανον ἐν τῇ Μεγάλῃ πόλει, παρεισῆλθε διὰ τούτων λάθρα νυκτὸς ἐντὸς τῶν τειχῶν. [4] τῆς δ' ἡμέρας ἐπιγενομένης παρ' ὀλίγον ἦλθε τοῦ μὴ μόνον ἐκπεσεῖν, ἀλλὰ καὶ τοῖς ὅλοις κινδυνεῦσαι διὰ τὴν εὐψυχίαν τῶν Μεγαλοπολιτῶν. [5] ὁ δὲ καὶ τρισὶ μῆσι πρότερον αὐτῷ συνέβη παθεῖν παρεισπεσόντι κατὰ τὸν Κωλαῖον προσαγορευόμενον τόπον τῆς πόλεως. [6] τότε δὲ τῷ πλήθει τῆς δυνάμεως καὶ τῷ προκαταλαμβάνεσθαι τοὺς εὐκαίρους τόπους καθίκετο τῆς ἐπιβολῆς καὶ πέρας ἐκβαλὼν τοὺς Μεγαλοπολίτας κατέσχε τὴν πόλιν. [7] γενόμενος δ' ἐγκρατὴς οὕτως αὐτὴν πικρῶς διέφθειρεν καὶ δυσμενῶς ὥστε μὴδ' ἐλπίσαι μηδένα διότι δύναται ἂν συνοικισθῆναι πάλιν. [8] τοῦτο δὲ ποιῆσαι μοι δοκεῖ διὰ τὸ κατὰ τὰς τῶν καιρῶν περιστάσεις παρὰ μόνοις Μεγαλοπολίταις καὶ Στυμφαλίοις μηδέποτε δυνηθῆναι μῆθ' αἰρετιστὴν καὶ κοινωνὸν τῶν ἰδίων ἐλπίδων μήτε προδότῃν κατασκευάσασθαι. [9] τὸ μὲν γὰρ Κλειτορίων φιλελεύθερον καὶ γενναῖον εἷς ἀνὴρ κατήσχυε διὰ τὴν ἑαυτοῦ κακίαν, Θεάρκης: ὃν εἰκότως ἐξαρνοῦνται Κλειτόριοι μὴ φῦναι παρὰ σφίσι, γενέσθαι δ' ὑποβολιμαῖον ἐξ Ὀρχομενοῦ τῶν ἐπηλύδων τινὸς στρατιωτῶν.

[1] ἐπεὶ δὲ τῶν κατὰ τοὺς αὐτοὺς καιροὺς Ἀράτῳ γεγραφότων παρ' ἐνίοις ἀποδοχῆς ἀξιοῦται Φύλαρχος, ἐν πολλοῖς ἀντιδοξῶν καὶ

τάναντία γράφων αὐτῷ, [2] χρήσιμον ἂν εἴη, μᾶλλον δ' ἀναγκαῖον ἡμῖν, Ἀράτῳ προηρημένοις κατακολουθεῖν περὶ τῶν Κλεομενικῶν, μὴ παραλιπεῖν ἄσκεπτον τοῦτο τὸ μέρος, ἵνα μὴ τὸ ψεῦδος ἐν τοῖς συγγράμμασιν ἰσοδυναμοῦν ἀπολείπωμεν πρὸς τὴν ἀλήθειαν. [3] καθόλου μὲν οὖν ὁ συγγραφεὺς οὗτος πολλὰ παρ' ὅλην τὴν πραγματείαν εἰκῇ καὶ ὥς ἔτυχεν εἴρηκεν. [4] πλὴν περὶ μὲν τῶν ἄλλων ἴσως οὐκ ἀναγκαῖον ἐπιτιμᾶν κατὰ τὸ παρὸν οὐδ' ἐξακριβοῦν: ὅσα δὲ συνεπιβάλλει τοῖς ὑφ' ἡμῶν γραφομένοις καιροῖς — ταῦτα δ' ἔστιν τὰ περὶ τὸν Κλεομενικὸν πόλεμον — ὑπὲρ τούτων ἀναγκαῖον ἔστιν ἡμῖν διευκρινεῖν. [5] ἔσται δὲ πάντως ἀρκούντα ταῦτα πρὸς τὸ καὶ τὴν ὅλην αὐτοῦ προαίρεσιν καὶ δύναμιν ἐν τῇ πραγματείᾳ καταμαθεῖν. [6] βουλόμενος δὴ διασαφεῖν τὴν ὁμότητα τὴν Ἀντιγόνου καὶ Μακεδόνων, ἅμα δὲ τούτοις τὴν Ἀράτου καὶ τῶν Ἀχαιῶν, φησὶ τοὺς Μαντινέας γενομένους ὑποχειρίους μεγάλοις περιπεσεῖν ἀτυχήμασι, καὶ τὴν ἀρχαιοτάτην καὶ μεγίστην πόλιν τῶν κατὰ τὴν Ἀρκαδίαν τηλικαύταις παλαῖσαι συμφοραῖς ὥστε πάντας εἰς ἐπίστασιν καὶ δάκρυα τοὺς Ἑλληνας ἀγαγεῖν. [7] σπουδάζων δ' εἰς ἔλεον ἐκκαλεῖσθαι τοὺς ἀναγινώσκοντας καὶ συμπαθεῖς ποιεῖν τοῖς λεγομένοις, εἰσάγει περιπλοκὰς γυναικῶν καὶ κόμας διερριμμένας καὶ μαστῶν ἐκβολάς, πρὸς δὲ τούτοις δάκρυα καὶ θρήνους ἀνδρῶν καὶ γυναικῶν ἀναμιῖς τέκνοις καὶ γονεῦσι γηραιοῖς ἀπαγομένων. ποιεῖ δὲ τοῦτο παρ' ὅλην τὴν ἱστορίαν, [8] πειρώμενος ἐν ἐκάστοις ἀεὶ πρὸ ὀφθαλμῶν τιθέναι τὰ δεινά. [9] τὸ μὲν οὖν ἀγεννὲς καὶ γυναικῶδες τῆς αἰρέσεως αὐτοῦ παρείσθω, τὸ δὲ τῆς ἱστορίας οἰκεῖον ἅμα καὶ χρήσιμον ἐξεταζέσθω. [10] δεῖ τοιγαροῦν οὐκ ἐπιπλήττειν τὸν συγγραφεὰ τερατευόμενον διὰ τῆς ἱστορίας τοὺς ἐντυγχάνοντας οὐδὲ τοὺς ἐνδεχομένους λόγους ζητεῖν καὶ τὰ παρεπόμενα τοῖς ὑποκειμένοις ἐξαριθμεῖσθαι, καθάπερ οἱ τραγωδιογράφοι, τῶν δὲπραχθέντων καὶ ῥηθέντων κατ' ἀλήθειαν αὐτῶν μνημονεύειν πάνπαν, κἂν πάνυ μέτρια τυγχάνωσιν ὄντα. [11] τὸ γὰρ τέλος ἱστορίας καὶ τραγωδίας οὐ ταυτόν, ἀλλὰ τούναντίον. ἐκεῖ μὲν γὰρ δεῖ διὰ τῶν πιθανωτάτων λόγων ἐκπληῆξαι καὶ ψυχαγωγῆσαι κατὰ τὸ παρὸν τοὺς ἀκούοντας, ἐνθάδε δὲ διὰ τῶν ἀληθινῶν ἔργων καὶ λόγων εἰς τὸν πάντα χρόνον διδάξαι καὶ πείσαι τοὺς φιλομαθοῦντας, [12] ἐπειδὴ περ ἐν ἐκείνοις μὲν ἡγεῖται τὸ πιθανόν, κἂν ἢ ψεῦδος, διὰ τὴν ἀπάτην τῶν θεωμένων, ἐν δὲ τούτοις τάληθές διὰ τὴν ὠφέλειαν τῶν φιλομαθούντων. [13] χωρὶς τε τούτων τὰς πλείστας ἡμῖν ἐξηγεῖται τῶν

περιπετειῶν, οὐχ ὑποτιθεῖς αἰτίαν καὶ τρόπον τοῖς γινομένοις, ὧν χωρὶς οὐτ' ἐλεεῖν εὐλόγως οὐτ' ὀργίζεσθαι καθηκόντως δυνατόν ἐπ' οὐδενὶ τῶν συμβαινόντων. [14] ἐπεὶ τίς ἀνθρώπων οὐ δεινὸν ἡγεῖται τύπτεσθαι τοὺς ἐλευθέρους; ἀλλ' ὅμως, ἐὰν μὲν ἄρχων ἀδίκων χειρῶν πάθῃ τις τοῦτο, δικαίως κρίνεται πεπονθέναι: ἐὰν δ' ἐπὶ διορθώσει καὶ μαθήσῃ ταῦτ' οὗτο γίνηται, προσέτι καὶ τιμῆς καὶ χάριτος οἱ τύπτοντες τοὺς ἐλευθέρους ἀξιοῦνται. [15] καὶ μὴν τό γε τοὺς πολίτας ἀποκτείνονται μέγιστον ἀσέβημα τίθεται καὶ μεγίστων ἄξιον προστίμων: καίτοι γε προφανῶς ὁ μὲν τὸν κλέπτην ἢ μοιχὸν ἀποκτείνας ἀθῶός ἐστιν, ὁ δὲ τὸν προδότην ἢ τύραννον τιμῶν καὶ προεδρείας τυγχάνει παρὰ πᾶσιν. [16] οὕτως ἐν παντὶ τὸ τέλος κεῖται τῆς διαλήψεως ὑπὲρ τούτων οὐκ ἐν τοῖς τελουμένοις, ἀλλ' ἐν ταῖς αἰτίαις καὶ προαιρέσεσι τῶν πραττόντων καὶ ταῖς τούτων διαφοραῖς.

[1] Μαντινεῖς τοίνυν τὸ μὲν πρῶτον ἐγκαταλιπόντες τὴν μετὰ τῶν Ἀχαιῶν πολιτείαν ἐβελοντὴν Αἰτωλοῖς ἐνεχείρισαν αὐτοὺς καὶ τὴν πατρίδα, μετὰ δὲ ταῦτα Κλεομένει. [2] γεγονότες δ' ἐπὶ τοιαύτης προαιρέσεως καὶ μετέχοντες τῆς Λακεδαιμονίων πολιτείας ἔτει τετάρτῳ πρότερον τῆς Ἀντιγόνου παρουσίας ἐάλωσαν κατὰ κράτος ὑπὸ τῶν Ἀχαιῶν, Ἀράτου πραξικοπήσαντος αὐτῶν τὴν πόλιν. [3] ἐν ᾧ καιρῷ τοσοῦτον ἀπέσχον τοῦ παθεῖν τι δεινὸν διὰ τὴν προειρημένην ἁμαρτίαν ὥς καὶ περιβόητον συνέβη γενέσθαι τὸ πραχθὲν διὰ τὴν ὀξύτητα τῆς κατὰ τὴν προαίρεσιν ἀμφοτέρων μεταβολῆς. [4] ἅμα γὰρ τῷ κατασχεῖν τὴν πόλιν Ἄρατος παραυτίκα μὲν τοῖς ὑφ' αὐτὸν ταπτομένοις παρήγγελλε μηδένα μηδενὸς ἅπτεσθαι τῶν ἄλλοτρίων, [5] ἐξῆς δὲ τούτοις τοὺς Μαντινεάς συναθροίσας παρεκάλεσε θαρρεῖν καὶ μένειν ἐπὶ τῶν ἰδίων: ὑπάρξειν γὰρ αὐτοῖς τὴν ἀσφάλειαν πολιτευομένοις μετὰ τῶν Ἀχαιῶν. [6] τοῖς δὲ Μαντινεῦσιν ἀνυπονοήτου καὶ παραδόξου φανείσης τῆς ἐλπίδος, παραυτίκα πάντες ἐπὶ τῆς ἐναντίας ἐγένοντο γνώμης. [7] καὶ πρὸς οὓς μικρῷ πρότερον μαχόμενοι πολλοὺς μὲν τῶν ἀναγκαίων ἐπεῖδον ἀπολλυμένους, οὐκ ὀλίγους δ' αὐτῶν βιαίοις τραύμασι περιπεσόντας, τούτους εἰς τὰς ἰδίας οἰκίας εἰσαγόμενοι καὶ ποιησάμενοι σφίσι καὶ τοῖς ἄλλοις ἀναγκαίοις ὁμεστίους, οὐδὲν ἀπέλειπον τῆς μετ' ἀλλήλων φιλοφροσύνης. [8] καὶ τοῦτ' εἰκότως ἐποίουν: οὐ γὰρ οἷδ' εἴ τινες ἀνθρώπων εὐγνωμονεστέροις ἐνέτυχον πολεμίοις οὐδ' εἴ τινες ἀβλαβέστερον ἐπάλαισαν τοῖς μεγίστοις δοκοῦσιν εἶναι συμπτώμασι Μαντινέων διὰ τὴν Ἀράτου καὶ τῶν

Ἀχαιῶν εἰς αὐτοὺς φιλαν

[1] θρωπίαν. μετὰ δὲ ταῦτα προορώμενοι τὰς ἐν αὐτοῖς στάσεις καὶ τὰς ὑπ' Αἰτωλῶν καὶ Λακεδαιμονίων ἐπιβουλὰς, πρεσβεύσαντες πρὸς τοὺς Ἀχαιοὺς ἤξιωσαν δοῦναι παραφυλακὴν αὐτοῖς. [2] οἱ δὲ πεισθέντες ἀπεκλήρωσαν ἐξ αὐτῶν τριακοσίους ἄνδρας· ὧν οἱ λαχόντες ὥρμησαν, ἀπολιπόντες τὰς ἰδίας πατρίδας καὶ τοὺς βίους, καὶ διέτριβον ἐν Μαντινείᾳ, παραφυλάττοντες τὴν ἐκείνων ἐλευθερίαν ἅμα καὶ σωτηρίαν. [3] σὺν δὲ τούτοις καὶ μισθοφόρους διακοσίους ἐξέπεμψαν, οἱ μετὰ τῶν Ἀχαιῶν συνδιετήρουν τὴν ὑποκειμένην αὐτοῖς κατάστασιν. [4] μετ' οὐ πολὺ δὲ στασιάσαντες πρὸς σφᾶς οἱ Μαντινεῖς καὶ Λακεδαιμονίους ἐπισπασάμενοι τὴν τε πόλιν ἐνεχείρισαν καὶ τοὺς παρὰ τῶν Ἀχαιῶν διατρίβοντας παρ' αὐτοῖς κατέσφαξαν· οὗ μείζον παρασπόνδημα καὶ δεινότερον οὐδ' εἰπεῖν εὐμαρές. [5] ἐπειδὴ γὰρ ἔδοξε σφίσι καθόλου τὴν πρὸς τὸ ἔθνος χάριν καὶ φιλίαν ἀθετεῖν, τῶν γε προειρημένων ἀνδρῶν ἐχρῆν δήπου φεισαμένους ἔᾶσαι πάντας ὑποσπόνδους ἀπελθεῖν· [6] τοῦτο γὰρ καὶ τοῖς πολεμίοις ἔθος ἐστὶ συγχωρεῖσθαι κατὰ τοὺς κοινούς τῶν ἀνθρώπων νόμους. [7] οἱ δ' ἵνα Κλεομένει καὶ Λακεδαιμονίοις ἱκανὴν παράσχωνται πίστιν πρὸς τὴν ἐνεστῶσαν ἐπιβολήν, τὰ κοινὰ τῶν ἀνθρώπων δίκαια παραβάντες τὸ μέγιστον ἀσέβημα κατὰ προαίρεσιν ἐπετέλεσαν. [8] τὸ γὰρ τούτων αὐτόχειρας γενέσθαι καὶ τιμωροὺς οἵτινες πρότερον μὲν κατὰ κράτος λαβόντες αὐτοὺς ἀθόφους ἀφῆκαν, τότε δὲ τὴν ἐκείνων ἐλευθερίαν καὶ σωτηρίαν ἐφύλαττον, πηλίκης ὀργῆς ἐστὶν ἄξιον; [9] τί δ' ἂν παθόντες οὗτοι δίκην δόξαιεν ἀρμόζουσαν δεδωκέναι; τυχὸν ἴσως εἴποι τις ἂν, πραθέντες μετὰ τέκνων καὶ γυναικῶν, ἐπεὶ κατεπολεμήθησαν. [10] ἀλλὰ τοῦτό γε καὶ τοῖς μηθὲν ἀσεβὲς ἐπιτελεσαμένοις κατὰ τοὺς τοῦ πολέμου νόμους ὑπόκειται παθεῖν. οὐκοῦν ὁλοσχερεστέρας τινὸς καὶ μείζονος τυχεῖν ἦσαν ἄξιοι τιμωρίας, [11] ὥστ' εἴπερ ἔπαθον ἃ Φύλαρχός φησιν, οὐκ ἔλεον εἰκὸς ἦν συνεξακολουθεῖν αὐτοῖς παρὰ τῶν Ἑλλήνων, ἔπαινον δὲ καὶ συγκατάθεσιν μᾶλλον τοῖς πράττουσι καὶ μεταπορευομένοις τὴν ἀσέβειαν αὐτῶν. [12] ἀλλ' ὅμως οὐδενὸς περαιτέρω συνεξακολουθήσαντος Μαντινεῦσι κατὰ τὴν περιπέτειαν πλὴν τοῦ διαρπαγῆναι τοὺς βίους καὶ πραθῆναι τοὺς ἐλευθέρους, ὁ συγγραφεὺς αὐτῆς τῆς τερατείας χάριν οὐ μόνον ψεῦδος εἰσήνεγκε τὸ ὅλον, [13] ἀλλὰ καὶ τὸ ψεῦδος ἀπίθανον, καὶ διὰ τὴν ὑπερβολὴν τῆς ἀγνοίας οὐδὲ τὸ παρακείμενον ἠδυνήθη συνεπιστῆσαι, πῶς οἱ αὐτοὶ

κατὰ τοὺς αὐτοὺς καιροὺς κυριεύσαντες Τεγεατῶν κατὰ κράτος οὐδὲν τῶν ὁμοίων ἔπραξαν. [14] καίτοι γ' εἰ μὲν ἢ τῶν πραττόντων ὁμότης ἦν αἰτία, καὶ τούτους εἰκὸς ἦν πεπονθέναι ταῦτα τοῖς ὑπὸ τὸν αὐτὸν ὑποπεπτωκόσι καιρόν. [15] εἰ δὲ περὶ μόνους γέγονε Μαντινεῖς ἢ διαφορά, φανερόν ὅτι καὶ τὴν αἰτίαν τῆς ὀργῆς ἀνάγκη διαφέρουσιν γεγονέναι περὶ τούτους.

[1] πάλιν Ἀριστόμαχον τὸν Ἀργεῖόν φησιν, ἄνδρα τῆς ἐπιφανεστάτης οἰκίας ὑπάρχοντα καὶ τετυραννηκότα μὲν Ἀργείων, πεφυκότα δ' ἐκ τυράννων, ὑποχείριον Ἀντιγόνῳ καὶ τοῖς Ἀχαιοῖς γενόμενον εἰς Κεγχρεὰς ἀπαχθῆναι καὶ στρεβλούμενον ἀποθανεῖν, ἀδικώτατα καὶ δεινότατα παθόντα πάντων ἀνθρώπων. [2] τηρῶν δὲ καὶ περὶ ταύτην τὴν πρᾶξιν ὁ συγγραφεὺς τὸ καθ' αὐτὸν ἰδίωμα φωνάς τινας πλάττει διὰ τῆς νυκτὸς αὐτοῦ στρεβλουμένου προσπιπτούσας τοῖς σύνεγγυς κατοικοῦσιν, ὧν τοὺς μὲν ἐκπληττομένους τὴν ἀσέβειαν, τοὺς δ' ἀπιστοῦντας, τοὺς δ' ἀγανακτοῦντας ἐπὶ τοῖς γινομένοις προστρέχειν πρὸς τὴν οἰκίαν φησίν. [3] περὶ μὲν οὖν τῆς τοιαύτης τερατείας παρείσθω: δεδήλωται γὰρ ἀρκούντως. [4] ἐγὼ δ' Ἀριστόμαχον, εἰ καὶ μηδὲν εἰς τοὺς Ἀχαιοὺς ἕτερον ἤμαρτεν, κατὰ γε τὴν τοῦ βίου προαίρεσιν καὶ τὴν εἰς πατρίδα παρανομίαν τῆς μεγίστης ἄξιον κρίνω τιμωρίας. [5] καίπερ ὁ συγγραφεὺς βουλόμενος αὔξειν αὐτοῦ τὴν δόξαν καὶ παραστήσασθαι τοὺς ἀκούοντας εἰς τὸ μᾶλλον αὐτῷ συναγανακτεῖν ἐφ' οἷς ἔπαθεν οὐ μόνον αὐτόν φησι γεγονέναι τύραννον, ἀλλὰ καὶ ἐκ τυράννων πεφυκέναι. [6] ταύτης δὲ μείζω κατηγορίαν ἢ πικροτέραν οὐδ' ἂν εἴπειν ῥαδίως δύναιτ' οὐδεῖς. αὐτὸ γὰρ τοῦνομα περιέχει τὴν ἀσεβεστάτην ἔμφασιν καὶ πάσας περιείληφε τὰς ἐν ἀνθρώποις ἀδικίας καὶ παρανομίας. [7] Ἀριστόμαχος δ' εἰ τὰς δεινοτάτας ὑπέμεινε τιμωρίας, ὥς οὗτός φησιν, ὅμως οὐχ ἱκανὴν ἔδωκεν δίκην μιᾷς ἡμέρας, [8] ἐν ἣ παρεισπεσόντος εἰς τὴν πόλιν Ἀράτου μετὰ τῶν Ἀχαιῶν καὶ μεγάλους ἀγῶνας καὶ κινδύνους ὑπομείναντος ὑπὲρ τῆς Ἀργείων ἐλευθερίας, τέλος δ' ἐκπεσόντος διὰ τὸ μηδένα συγκινηθῆναι τῶν ἔσωθεν αὐτῷ ταξαμένων διὰ τὸν ἀπὸ τοῦ τυράννου φόβον, [9] Ἀριστόμαχος ἀφορμῇ ταύτῃ καὶ προφάσει χρησάμενος, ὥς τινων συνειδότην τὰ περὶ τὴν εἵσοδον τῶν Ἀχαιῶν, ὀγδοήκοντα τοὺς πρώτους τῶν πολιτῶν οὐδὲν ἀδικήσαντας στρεβλώσας ἐναντίον τῶν ἀναγκαίων κατέσφαξεν. [10] παρήμι τὰ παρ' ὅλον τὸν βίον αὐτοῦ καὶ

[1] τῶν προγόνων ἀσεβήματα: μακρὸν γάρ. διόπερ οὐκ εἴ τι τῶν ὁμοίων περιέπεσε δεινὸν ἡγητέον, πολὺ δὲ δεινότερον, εἰ μηδενὸς τούτων πεῖραν λαβὼν ἀθῶος ἀπέθανεν. [2] οὐδ' Ἀντιγόνη προσπατέον οὐδ' Ἀράτῳ παρανομίαν, ὅτι λαβόντες κατὰ πόλεμον ὑποχείριον τύραννον στρεβλώσαντες ἀπέκτειναν, ὃν γε καὶ κατ' αὐτὴν τὴν εἰρήνην τοῖς ἀνελούσι καὶ τιμωρησαμένοις ἔπαινος καὶ τιμὴ συνεξηκολούθει παρὰ τοῖς ὀρθῶς λογιζομένοις. [3] ὅτε δὲ χωρὶς τῶν προειρημένων καὶ τοὺς Ἀχαιοὺς παρεσπόνδησεν, τί παθεῖν ἦν ἄξιος; [4] ἐκεῖνος γὰρ ἀπέθετο μὲν τὴν τυραννίδα χρόνοις οὐ πολλοῖς πρότερον, ὑπὸ τῶν καιρῶν συγκλειόμενος διὰ τὸν Δημητρίου θάνατον, ἀνελπίστως δὲ τῆς ἀσφαλείας ἔτυχε περισταλεῖς ὑπὸ τῆς τῶν Ἀχαιῶν πραότητος καὶ καλοκάγαθίας: [5] οἵτινες οὐ μόνον αὐτὸν τῶν ἐκ τῆς τυραννίδος ἀσεβημάτων ἀζήμιον ἐποίησαν, ἀλλὰ καὶ προσλαβόντες εἰς τὴν πολιτείαν τὴν μεγίστην τιμὴν περιέθεσαν, ἡγεμόνα καὶ στρατηγὸν καταστήσαντες σφῶν αὐτῶν. [6] ὁ δ' ἐπιλαθόμενος τῶν προειρημένων φιλανθρώπων παρὰ πόδας, ἐπεὶ μικρὸν ἐπικυδεδετέρας ἔσχε τὰς ἐλπίδας ὑπὲρ τοῦ μέλλοντος ἐν Κλεομένει, τὴν τε πατρίδα καὶ τὴν ἑαυτοῦ προαίρεσιν ἀποσπάσας ἀπὸ τῶν Ἀχαιῶν ἐν τοῖς ἀναγκαιοτάτοις καιροῖς προσένειμε τοῖς ἐχθροῖς. [7] ὃν ὑποχείριον γενόμενον οὐκ ἐν Κεγχρεαῖς ἔδει τὴν νύκτα στρεβλούμενον ἀποθανεῖν, ὥς Φύλαρχός φησιν, περιαγόμενον δ' εἰς τὴν Πελοπόννησον καὶ μετὰ τιμωρίας παραδειγματιζόμενον οὕτως ἐκλιπεῖν τὸ ζῆν. [8] ἀλλ' ὅμως τοιοῦτος ὢν οὐδενὸς ἔτυχε δεινοῦ πλην τοῦ καταποντισθῆναι διὰ τῶν ἐπὶ ταῖς Κεγχρεαῖς τεταγμένων.

[1] χωρὶς τε τούτων τὰς μὲν Μαντινέων ἡμῖν συμφορὰς μετ' αὐξήσεως καὶ διαθέσεως ἐξηγήσατο, δῆλον ὅτι καθήκειν ὑπολαμβάνων τοῖς συγγραφεῦσι τὰς παρανόμους τῶν πράξεων ἐπισημαίνεσθαι, [2] τῆς δὲ Μεγαλοπολιτῶν γενναιότητος, ἥ περὶ τοὺς αὐτοὺς ἐχρήσαντο καιροῦς, οὐδὲ κατὰ ποσὸν ἐποίησατο μνήμην, [3] ὥσπερ τὸ τὰς ἀμαρτίας ἐξαριθμεῖσθαι τῶν πραξάντων οἰκειότερον ὑπάρχον τῆς ἱστορίας τοῦ τὰ καλὰ καὶ δίκαια τῶν ἔργων ἐπισημαίνεσθαι, ἢ τοὺς ἐντυγχάνοντας τοῖς ὑπομνήμασιν ἡττόν τι διορθουμένους ὑπὸ τῶν σπουδαίων καὶ ζηλωτῶν ἔργων ἥπερ ὑπὸ τῶν παρανόμων καὶ φευκτῶν πράξεων. [4] ὁ δὲ πῶς μὲν ἔλαβε Κλεομένης τὴν πόλιν καὶ πῶς ἀκέραιον διαφυλάξας ἐξαπέστειλε παραχρῆμα πρὸς τοὺς Μεγαλοπολίτας εἰς τὴν Μεσσήνην γραμματοφόρους, ἀξιῶν αὐτοὺς ἀβλαβῇ κομισαμένους τὴν ἑαυτῶν

πατρίδα κοινωνῆσαι τῶν ἰδίων πραγμάτων, ταῦτα μὲν ἡμῖν ἐδήλωσε, βουλόμενος ὑποδεῖξαι τὴν Κλεομένους μεγαλοψυχίαν καὶ μετριότητα πρὸς τοὺς πολεμίους. [5] ἔτι δὲ πῶς οἱ Μεγαλοπολῖται τῆς ἐπιστολῆς ἀναγινωσκομένης οὐκ ἐάσαιεν εἰς τέλος ἀναγνωσθῆναι, μικροῦ δὲ καταλεύσαιεν τοὺς γραμματοφόρους, ἕως τούτου διεσάφησε. τὸ δ' ἀκόλουθον καὶ τὸ τῆς ἱστορίας ἴδιον ἀφεῖλεν, [6] τὸν ἔπαινον καὶ τὴν ἐπ' ἀγαθῷ μνήμην τῶν ἀξιολόγων προαιρέσεων. [7] καίτοι γ' ἐμποδὼν ἦν. εἰ γὰρ τοὺς λόγῳ καὶ δόγματι μόνον ὑπομείναντας πόλεμον ὑπὲρ φίλων καὶ συμμάχων ἄνδρας ἀγαθοὺς νομίζομεν, τοῖς δὲ καὶ χώρας καταφθορὰν καὶ πολιορκίαν ἀναδεξαμένοις οὐ μόνον ἔπαινον, ἀλλὰ καὶ χάριτας καὶ δωρεὰς τὰς μεγίστας ἀπονέμομεν, [8] τίνα γε χρὴ περὶ Μεγαλοπολιτῶν ἔχειν διάληψιν; ἄρ' οὐχὶ τὴν σεμνοτάτην καὶ βελτίστην; [9] οἱ πρῶτον μὲν τὴν χώραν Κλεομένει προεῖντο, μετὰ δὲ ταῦτα πάλιν ὀλοσχερῶς ἔπταισαν τῇ πατρίδι διὰ τὴν πρὸς τοὺς Ἀχαιοὺς αἵρεσιν, [10] τὸ δὲ τελευταῖον, δοθείσης ἀνελπίστως καὶ παραδόξως αὐτοῖς ἐξουσίας ἀβλαβῇ ταύτην ἀπολαβεῖν, προεΐλαντο στέρεσθαι χώρας, τάφων, ἱερῶν, πατρίδος, τῶν ὑπαρχόντων, ἀπάντων συλλήβδην τῶν ἐν ἀνθρώποις ἀναγκαιοτάτων χάριν τοῦ μὴ προδοῦναι τὴν πρὸς τοὺς συμμάχους πίστιν. [11] οὗ τί κάλλιον ἔργον ἢ γέγονεν ἢ γένοιτ' ἄν; ἐπὶ τί δ' ἂν μᾶλλον συγγραφεὺς ἐπιστήσαι τοὺς ἀκούοντας; διὰ τίνος δ' ἔργου μᾶλλον ἂν παρορμήσῃ πρὸς φυλακὴν πίστεως καὶ πρὸς ἀληθινῶν πραγμάτων καὶ βεβαίων κοινωνίαν; ὧν οὐδεμίαν ἐποιήσατο μνήμην Φύλαρχος, [12] τυφλώττων, ὥς γ' ἐμοὶ δοκεῖ, περὶ τὰ κάλλιστα καὶ μάλιστα συγγραφεῖ καθήκοντα τῶν ἔργων.

[1] οὐ μὴν ἀλλὰ τούτοις ἐξῆς φησιν ἀπὸ τῶν ἐκ τῆς Μεγάλης πόλεως λαφύρων ἐξακισχίλια τάλαντα τοῖς Λακεδαιμονίοις πεσεῖν, ὧν τὰ δισχίλια Κλεομένει δοθῆναι κατὰ τοὺς ἐθισμούς. [2] ἐν δὲ τούτοις πρῶτον μὲν τίς οὐκ ἂν θαυμάσειεν τὴν ἀπειρίαν καὶ τὴν ἄγνοιαν τῆς κοινῆς ἐννοίας ὑπὲρ τῆς τῶν Ἑλληνικῶν πραγμάτων χορηγίας καὶ δυνάμεως; ἦν μάλιστα δεῖ παρὰ τοῖς ἱστοριογράφοις ὑπάρχειν. [3] ἐγὼ γὰρ οὐ λέγω κατ' ἐκείνους τοὺς χρόνους, ἐν οἷς ὑπὸ τε τῶν ἐν Μακεδονίᾳ βασιλέων, ἔτι δὲ μᾶλλον ὑπὸ τῆς συνεχείας τῶν πρὸς ἀλλήλους πολέμων ἄρδην κατέφθαρτο τὰ Πελοποννησίων, [4] ἀλλ' ἐν τοῖς καθ' ἡμᾶς καιροῖς, ἐν οἷς πάντες ἐν καὶ ταὐτὸ λέγοντες μεγίστην καρποῦσθαι δοκοῦσιν εὐδαιμονίαν, ὅμως ἐκ Πελοποννήσου πάσης ἐξ αὐτῶν τῶν ἐπίπλων χωρὶς σωμάτων οὐχ

οἷόν τε συναχθῆναι τοσοῦτο πλῆθος χρημάτων. [5] καὶ διότι τοῦτο νῦν οὐκ εἰκῇ, λόγῳ δέ τιμι μᾶλλον ἀποφαινόμεθα, δῆλον ἐκ τούτων. [6] τίς γὰρ ὑπὲρ Ἀθηναίων οὐχ ἰστόρηκε διότι καθ' οὓς καιροὺς μετὰ Θηβαίων εἰς τὸν πρὸς Λακεδαιμονίους ἐνέβαινον πόλεμον καὶ μυρίους μὲν ἐξέπεμπον στρατιώτας, ἑκατὸν δ' ἐπλήρουν τριήρεις, [7] ὅτι τότε κρίναντες ἀπὸ τῆς ἀξίας ποιεῖσθαι τὰς εἰς τὸν πόλεμον εἰσφοράς ἐτιμήσαντο τὴν τε χώραν τὴν Ἀττικὴν ἅπασαν καὶ τὰς οἰκίας, ὁμοίως δὲ καὶ τὴν λοιπὴν οὐσίαν: ἀλλ' ὅμως τὸ σύμπαν τίμημα τῆς ἀξίας ἐνέλιπε τῶν ἑξακισχιλίων διακοσίοις καὶ πεντήκοντα ταλάντοις. [8] ἐξ ὧν οὐκ ἀπεοικὸς ἂν φανείη τὸ περὶ Πελοποννησίων ἄρτι ῥηθὲν ὑπ' ἐμοῦ. [9] κατὰ δ' ἐκείνους τοὺς καιροὺς ἐξ αὐτῆς τῆς Μεγάλης πόλεως ὑπερβολικῶς ἀποφαινόμενος οὐκ ἂν τις εἰπεῖν τολμήσειεν πλείω γενέσθαι τριακοσίων, [10] ἐπειδὴ περ ὁμολογούμενόν ἐστι διότι καὶ τῶν ἐλευθέρων καὶ τῶν δουλικῶν σωμάτων τὰ πλεῖστα συνέβη διαφυγεῖν εἰς τὴν Μεσσήνην. μέγιστον δὲ τῶν προειρημένων τεκμήριον: [11] οὐδενὸς γὰρ ὄντες δεῦτεροι τῶν Ἀρκάδων Μαντινεῖς οὔτε κατὰ τὴν δύναμιν οὔτε κατὰ τὴν περιουσίαν, ὥς αὐτὸς οὗτός φησιν, ἐκ πολιορκίας δὲ καὶ παραδόσεως ἁλόντες, ὥστε μήτε διαφυγεῖν μηδένα μήτε διακλαπῆναι ῥαδίως μηδὲν, [12] ὅμως τὸ πᾶν λάφυρον ἐποίησαν μετὰ τῶν σωμάτων κατὰ τοὺς αὐτοὺς καιροὺς τάλαντα τριακόσια.

[1] τὸ δὲ συνεχὲς τούτῳ τίς οὐκ ἂν ἔτι μᾶλλον θαυμάσειε; ταῦτα γὰρ ἀποφαινόμενος λέγει πρὸ τῆς παρατάξεως δέχ' ἡμέραις μάλιστα τὸν παρὰ Πτολεμαίου πρεσβευτὴν ἐλθεῖν ἀγγέλλοντα πρὸς τὸν Κλεομένη διότι Πτολεμαῖος τὸ μὲν χορηγεῖν ἀπολέγει, διαλύεσθαι δὲ παρακαλεῖ πρὸς τὸν Ἀντίγονον. [2] τὸν δ' ἀκούσαντά φησι κρίναι διότι δεῖ τὴν ταχίστην ἐκκυβεῦν τοῖς ὅλοις πρὸ τοῦ συνεῖναι τὰ προσπεπτωκότα τὰς δυνάμεις, διὰ τὸ μηδεμίαν ὑπάρχειν ἐν τοῖς ἰδίοις πράγμασιν ἐλπίδα τοῦ δύνασθαι μισθοδοτεῖν. [3] ἀλλ' εἴπερ ἑξακισχιλίων ἐγκρατὴς ἐγεγόνει ταλάντων κατὰ τοὺς αὐτοὺς καιροὺς, τὸν Πτολεμαῖον αὐτὸν ἡδύνατο ταῖς χορηγίαις ὑπερθέσθαι. [4] πρὸς δὲ τὸν Ἀντίγονον, εἰ μόνον τριακοσίων ὑπῆρχε κύριος, καὶ λίαν ἱκανὸς ἦν ἀσφαλῶς ὑπομένων τρίβειν τὸν πόλεμον. [5] τὸ δ' ἅμα μὲν πάσας ἀποφαίνειν τῷ Κλεομένει τὰς ἐλπίδας ἐν Πτολεμαίῳ διὰ τὰς χορηγίας, ἅμα δὲ τοσοῦτων χρημάτων αὐτὸν φάναι κύριον γεγενῆσθαι κατὰ τοὺς αὐτοὺς καιροὺς, πῶς οὐ τῆς μεγίστης ἀλογίας, ἔτι δ' ἀσκεψίας ἐστὶ σημεῖον; [6] πολλὰ δὲ καὶ ἕτερα τῷ συγγραφεῖ

τοιαῦτα καὶ κατὰ τοὺς ὑποκειμένους καιροὺς καὶ παρ' ὅλην τὴν πραγματείαν κατατέτακται, περὶ ὧν ἄρκεῖν ὑπολαμβάνω κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν καὶ τὰ νῦν εἰρημένα.

[1] μετὰ δὲ τὴν τῆς Μεγάλης πόλεως ἄλωσιν Ἀντιγόνου παραχειμάζοντος ἐν τῇ τῶν Ἀργείων πόλει, συναγαγὼν Κλεομένης ἅμα τῷ τὴν ἐαρινὴν ὥραν ἐνίστασθαι καὶ παρακαλέσας τὰ πρέποντα τοῖς καιροῖς, ἐξαγαγὼν τὴν στρατιὰν ἐνέβαλεν εἰς τὴν τῶν Ἀργείων χώραν, [2] ὥς μὲν τοῖς πολλοῖς ἐδόκει, παραβόλως καὶ τολμηρῶς διὰ τὴν ὀχυρότητα τῶν κατὰ τὰς εἰσόδους τόπων, ὥς δὲ τοῖς ὀρθῶς λογιζομένοις, ἀσφαλῶς καὶ νουνεχῶς. [3] ὁρῶν γὰρ τὸν Ἀντίγονον διαφεικτότα τὰς δυνάμεις, ἦδει σαφῶς ὥς πρῶτον μὲν τὴν εἰσβολὴν ἀκινδύνως ποιήσεται, δεύτερον ἔτι τῆς χώρας καταφθειρομένης ἕως τῶν τειχῶν ἀνάγκη τοὺς Ἀργείους θεωροῦντας τὸ γινόμενον ἀσχάλλειν καὶ καταμέμφεσθαι τὸν Ἀντίγονον. [4] εἰ μὲν οὖν συμβαίῃ μὴ δυνάμενον αὐτὸν ὑποφέρειν τὸν ἐπιρραπισμὸν τῶν ὄχλων ἐξελθεῖν καὶ διακινδυνεύσαι τοῖς παροῦσιν, πρόδηλον ἐκ τῶν κατὰ λόγον ἦν αὐτῷ διότι νικήσει ῥαδίως. [5] εἰ δ' ἐμμένιναις τοῖς λογισμοῖς ἀφησυχάζοι, καταπληζάμενος τοὺς ὑπεναντίους καὶ ταῖς ἰδίαις δυνάμεσι θάρσος ἐνεργασάμενος ἀσφαλῶς ὑπέλαβε ποιήσασθαι τὴν ἀναχώρησιν εἰς τὴν οἰκείαν. ὃ καὶ συνέβη γενέσθαι. [6] τῆς γὰρ χώρας δηουμένης οἱ μὲν ὄχλοι συστρεφόμενοι τὸν Ἀντίγονον ἐλοιδόρουν. ὃ δὲ καὶ λίαν ἡγεμονικῶς καὶ βασιλικῶς οὐδὲν περὶ πλείονος ποιούμενος τοῦ κατὰ λόγον χρήσασθαι τοῖς [7] πράγμασιν ἤγε τὴν ἡσυχίαν. ὃ δὲ Κλεομένης κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν καταφθείρας μὲν τὴν χώραν, καταπληζάμενος δὲ τοὺς ὑπεναντίους, εὐθαρσεῖς δὲ πεποιηκῶς τὰς ἑαυτοῦ δυνάμεις πρὸς τὸν ἐπιφερόμενον κίνδυνον ἀσφαλῶς εἰς τὴν οἰκείαν ἐπανῆλθεν.

[1] τοῦ δὲ θέρους ἐνισταμένου, καὶ συνελθόντων τῶν Μακεδόνων καὶ τῶν Ἀχαιῶν ἐκ τῆς χειμασίας, ἀναλαβὼν τὴν στρατιὰν Ἀντίγονος προῆγε μετὰ τῶν συμμάχων εἰς τὴν Λακωνικὴν, [2] ἔχων Μακεδόνας μὲν τοὺς εἰς τὴν φάλαγγα μυρίους, πελταστὰς δὲ τρισχιλίους, ἵππεῖς δὲ τριακοσίους, Ἀγριᾶνας δὲ σὺν τούτοις χιλίους καὶ Γαλάτας ἄλλους τοσοῦτους, μισθοφόρους δὲ τοὺς πάντας πεζοὺς μὲν τρισχιλίους, ἵππεῖς δὲ τριακοσίους, [3] Ἀχαιῶν δ' ἐπιλέκτους πεζοὺς μὲν τρισχιλίους, ἵππεῖς δὲ τριακοσίους, καὶ Μεγαλοπολίτας χιλίους εἰς τὸν Μακεδονικὸν τρόπον καθωπλισμένους, ὧν ἡγεῖτο Κερκιδᾶς Μεγαλοπολίτης, τῶν δὲ συμμάχων Βοιωτῶν μὲν πεζοὺς δισχιλίους, [4] ἵππεῖς δὲ διακοσίους, Ἡπειρωτῶν πεζοὺς χιλίους, ἵππεῖς πεντήκοντα, Ἀκαρνάνων ἄλλους τοσοῦτους, Ἰλλυριῶν χιλίους ἑξακοσίους, ἐφ' ὧν ἦν Δημήτριος ὁ Φάριος, [5] ὥστ' εἶναι πᾶσαν τὴν δύναμιν πεζοὺς μὲν εἰς διςμυρίους ὀκτακισχιλίους, ἵππεῖς δὲ χιλίους καὶ διακοσίους. [6] ὁ δὲ Κλεομένης προσδοκῶν τὴν ἔφοδον τὰς μὲν ἄλλας τὰς εἰς τὴν χώραν εἰσβολὰς ἡσφαλίσατο φυλακαῖς καὶ τάφροις καὶ δένδρων ἐκκοπαῖς, [7] αὐτὸς δὲ κατὰ τὴν Σελλασίαν καλουμένην μετὰ τῆς δυνάμεως ἐστρατοπέδευε, τῆς πάσης ὑπαρχούσης αὐτῷ στρατιᾶς εἰς δύο μυριάδας, στοχαζόμενος ἐκ τῶν κατὰ λόγον ταύτῃ ποιήσασθαι τοὺς ὑπεναντίους τὴν εἰσβολήν: ὁ καὶ συνεκύρησε. [8] δύο δὲ λόφων ἐπ' αὐτῆς τῆς εἰσόδου κειμένων, ὧν τὸν μὲν Εὐάν, τὸν δ' ἕτερον Ὀλυμπον καλεῖσθαι συμβαίνει, [9] τῆς δ' ὁδοῦ μεταξὺ τούτων παρὰ τὸν Οἰνοῦντα ποταμὸν φερούσης εἰς τὴν Σπάρτην, ὁ μὲν Κλεομένης τῶν προειρημένων λόφων συνάμφω τάφρον καὶ χάρακα προβαλλόμενος ἐπὶ μὲν τὸν Εὐάν ἔταξε τοὺς περιοίκους καὶ συμμάχους, ἐφ' ὧν ἐπέστησε τὸν ἀδελφὸν Εὐκλείδαν, αὐτὸς δὲ τὸν Ὀλυμπον κατεῖχε μετὰ Λακεδαιμονίων καὶ τῶν μισθοφόρων. [10] ἐν δὲ τοῖς ἐπιπέδοις παρὰ τὸν ποταμὸν ἐφ' ἑκάτερα τῆς ὁδοῦ τοὺς ἵππεῖς μετὰ μέρους τινὸς τῶν μισθοφόρων παρενέβαλεν. [11] Ἀντίγονος δὲ παραγενόμενος καὶ συνθεωρήσας τὴν τε τῶν τόπων ὀχυρότητα καὶ τὸν Κλεομένην πᾶσι τοῖς οἰκείοις μέρεσι τῆς δυνάμεως οὕτως εὐστόχως προκατεिल्φότη τὰς εὐκαιρίας ὥστε παραπλήσιον εἶναι τὸ σύμπαν σχῆμα τῆς στρατοπεδείας τῆς τῶν ἀγαθῶν ὀπλομάχων προβολῆς: [12] οὐδὲν γὰρ ἀπέλειπε τῶν πρὸς ἐπίθεσιν ἅμα καὶ φυλακὴν, ἀλλ' ἦν ὁμοῦ παράταξις ἐνεργὸς καὶ παρεμβολὴ δυσπρόσοδος: [13] διὸ καὶ τὸ μὲν ἐξ ἐφόδου καταπειράζειν καὶ

συμπλέκεσθαι

[1] προχείρως ἀπέγνων, στρατοπεδεύσας δ' ἐν βραχεῖ διαστήματι καὶ λαβὼν πρόβλημα τὸν Γοργύλον καλούμενον ποταμόν, τινὰς μὲν ἡμέρας ἐπιμένων συνεθεώρει τὰς τε τῶν τόπων ιδιότητας καὶ τὰς τῶν δυνάμεων διαφοράς, [2] ἅμα δὲ καὶ προδεικνύων τινὰς ἐπιβολὰς πρὸς τὸ μέλλον ἐξεκαλείτο τὰς τῶν ὑπεναντίων ἐπινοίας. [3] οὐ δυνάμενος δὲ λαβεῖν οὐδὲν ἄργον οὐδ' ἔξοπλον διὰ τὸ πρὸς πᾶν ἐτοίμως ἀντικινεῖσθαι τὸν Κλεομένη, [4] τῆς μὲν τοιαύτης ἐπινοίας ἀπέστη, τέλος δ' ἐξ ὁμολόγου διὰ μάχης ἀμφοτέροι προέθεντο κρίνειν τὰς πράξεις: πάνυ γὰρ εὐφυεῖς καὶ παραπλησίους ἡγεμόνας ἡ τύχη συνέβαλε τούτους τοὺς ἄνδρας. [5] πρὸς μὲν οὖν τοὺς κατὰ τὸν Εὐαν ὁ βασιλεὺς ἀντέταξε τῶν τε Μακεδόνων τοὺς χαλκάσπιδας καὶ τοὺς Ἰλλυριοὺς, κατὰ σπείρας ἐναλλάξ τεταγμένους, Ἀλέξανδρον τὸν Ἀκμήτου καὶ Δημήτριον τὸν Φάριον ἐπιστήσας. [6] ἐπὶ δὲ τούτοις τοὺς Ἀκαρναῖνας καὶ Ἑπειρώτας ἐπέβαλε: τούτων δὲ κατόπιν ἦσαν δισχίλιοι τῶν Ἀχαιῶν, ἐφεδρείας λαμβάνοντες τάξιν. [7] τοὺς δ' ἵππεῖς περὶ τὸν Οἰνοῦντα ποταμὸν ἀντέθηκε τῷ τῶν πολεμίων ἱππικῷ, συστήσας αὐτοῖς Ἀλέξανδρον ἡγεμόνα καὶ συμπαραθεὶς πεζοὺς τῶν Ἀχαιῶν χιλίους καὶ Μεγαλοπολίτας τοὺς ἴσους. [8] αὐτὸς δὲ τοὺς μισθοφόρους ἔχων καὶ τοὺς Μακεδόνας κατὰ τὸν Ὀλυμπον πρὸς τοὺς περὶ τὸν Κλεομένη διέγνω ποιεῖσθαι τὴν μάχην. [9] προτάξας οὖν τοὺς μισθοφόρους ἐπέστησε διφαλαγγίαν ἐπάλληλον τῶν Μακεδόνων: ἐποίει δὲ τοῦτο διὰ τὴν στενότητα τῶν τόπων. [10] σύνθημα δ' ἦν τοῖς μὲν Ἰλλυριοῖς τότε ποιεῖσθαι τὴν ἀρχὴν τῆς πρὸς τὸν λόφον προσβολῆς, ὅταν ἴδωσιν ἀρθεῖσαν ἀπὸ τῶν κατὰ τὸν Ὀλυμπον τόπων σινδόνα — προσηρτημένοι γὰρ ἦσαν οὗτοι νυκτὸς ἐν τῷ Γοργύλῳ ποταμῷ πρὸς αὐτῇ τῇ τοῦ λόφου ρίζῃ — [11] τοῖς δὲ Μεγαλοπολίταις καὶ τοῖς ἵππευσι παραπλησίως, ἐπειδὴν φοινικὶς ἐξαρθῇ παρὰ τοῦ βασιλέως.

[1] ἐπειδὴ δ' ὁ μὲν καιρὸς ἦκε τῆς χρείας, τὸ δὲ σύνθημα τοῖς Ἰλλυριοῖς ἀπεδόθη, παρήγγειλαν δὲ ποιεῖν τὸ δέον οἷς ἦν ἐπιμελές, πάντες εὐθέως ἀναδείξαντες αὐτοὺς κατήρχοντο τῆς πρὸς τὸν βουνὸν προσβολῆς. [2] οἱ δὲ μετὰ τῶν Κλεομένους ἱππέων ἐξ ἀρχῆς ταχθέντες εὗζωνοι, θεωροῦντες τὰς σπείρας τῶν Ἀχαιῶν ἐρήμους ἐκ τῶν κατόπιν οὔσας, κατ' οὐρὰν προσπίπτοντες εἰς ὀλοσχερῇ κίνδυνον ἦγον τοὺς πρὸς τὸν λόφον βιαζομένους, [3] ὥς ἂν τῶν μὲν περὶ τὸν Εὐκλείδαν ἐξ ὑπερδεξίου κατὰ πρόσωπον αὐτοῖς

ἐφεστώτων, τῶν δὲ μισθοφόρων κατόπιν ἐπικειμένων καὶ προσφερόντων τὰς χεῖρας ἐρρωμένως. ἐν ᾧ καιρῷ συννοήσας τὸ γινόμενον, [4] ἅμα δὲ προορώμενος τὸ μέλλον Φιλοποίμην ὁ Μεγαλοπολίτης τὸ μὲν πρῶτον ὑποδεικνύειν ἐπεβάλλετο τοῖς προεστώσι τὸ συμβησόμενον: [5] οὐδενὸς δὲ προσέχοντος αὐτῷ διὰ τὸ μήτ' ἐφ' ἡγεμονίας τετάχθαι μηδεπώποτε κομιδῇ τε νέον ὑπάρχειν αὐτόν, παρακαλέσας τοὺς ἑαυτοῦ πολίτας ἐνέβαλε τοῖς πολεμίοις τολμηρῶς. [6] οὗ γενομένου ταχέως οἱ προσκείμενοι μισθοφόροι κατ' οὐρὰν τοῖς προσβαίνουσιν, ἀκούσαντες τῆς κραυγῆς καὶ συνιδόντες τὴν τῶν ἱππέων συμπλοκὴν, ἀφέμενοι τῶν προκειμένων ἀνέτρεχον εἰς τὰς ἐξ ἀρχῆς τάξεις καὶ προσεβοήθουν τοῖς παρ' αὐτῶν ἱππεύσι. [7] τούτου δὲ συμβάντος ἀπερίσπαστον γινόμενον τό τε τῶν Ἰλλυριῶν καὶ Μακεδόνων καὶ τῶν ἅμα τούτοις προσβαινόντων πλῆθος ἐκθύμως ὥρμησε καὶ τεθαρρηκότως ἐπὶ τοὺς ὑπεναντίους. [8] ἐξ οὗ καὶ μετὰ ταῦτα φανερόν ἐγενήθη διότι τοῦ κατὰ τὸν Εὐκλείδαν προτερήματος αἵτιος ἐγένετο Φιλοποίμην.

[1] ὅθεν καὶ τὸν Ἀντίγονόν φασι μετὰ ταῦτα καταπειράζοντα πυνθάνεσθαι τοῦ ταχθέντος ἐπὶ τῶν ἱππέων Ἀλεξάνδρου διὰ τί πρὸ τοῦ παραδοθῆναι τὸ σύνθημα τοῦ κινδύνου κατάρξαιτο. [2] τοῦ δ' ἄρνουμένου, φάσκοντος δὲ μεираκίον τι Μεγαλοπολιτικὸν προεγχειρῆσαι παρὰ τὴν ἑαυτοῦ γνώμην, εἰπεῖν διότι τὸ μὲν μεираκίον ἡγεμόνος ἔργον ἀγαθοῦ ποιῆσαι, συνθεασάμενον τὸν καιρόν, ἐκεῖνος δ' ἡγεμὼν ὑπάρχων μεираκίου τοῦ τυχόντος. [3] οὐ μὴν ἄλλ' οἳ γε περὶ τὸν Εὐκλείδαν ὀρῶντες προσβαινούσας τὰς σπείρας, ἀφέμενοι τοῦ χρῆσθαι ταῖς τῶν τόπων εὐκαιρίαις — [4] τοῦτο δ' ἦν ἐκ πολλοῦ συναντῶντας καὶ προσπίπτοντας τοῖς πολεμίοις τὰ μὲν ἐκείνων στίφη συνταράττειν καὶ διαλύειν, αὐτοὺς δ' ὑποχωρεῖν ἐπὶ πόδα καὶ μεθίστασθαι πρὸς τοὺς ὑπερδεξίους ἀεὶ τόπους ἀσφαλῶς: [5] οὕτω γὰρ ἂν προλυμηνάμενοι καὶ συγχέαντες τὸ τοῦ καθοπλισμοῦ καὶ τῆς συντάξεως ἰδίωμα τῶν ὑπεναντίων ῥαδίως αὐτοὺς ἐτρέψαντο διὰ τὴν τῶν τόπων εὐφυΐαν — [6] τούτων μὲν οὐδὲν ἐποίησαν, καθάπερ δ' ἐξ ἐτοίμου σφίσι τῆς νίκης ὑπαρχούσης τούναντίον ἔπραξαν. [7] κατὰ γὰρ τὴν ἐξ ἀρχῆς στάσιν ἔμενον ἐπὶ τῶν ἄκρων, ὡς ἀνωτάτω σπεύδοντες λαβεῖν τοὺς ὑπεναντίους εἰς τὸ τὴν φυγὴν ἐπὶ πολὺ καταφερῇ καὶ κρημνώδῃ γενέσθαι τοῖς πολεμίοις. [8] συνέβη δ', ὅπερ εἰκὸς ἦν, τούναντίον: οὐ γὰρ ἀπολιπόντες αὐτοῖς ἀναχώρησιν, προσδεξάμενοι δ' ἀκεραίους ἅμα καὶ συνεστώσας τὰς

σπείρας, εἰς τοῦτο δυσχρηστίας ἦλθον ὥστε δι' αὐτῆς τῆς τοῦ λόφου κορυφῆς διαμάχεσθαι πρὸς τοὺς βιαζομένους. [9] λοιπὸν ὅσον ἐκ ποδὸς ἐπιέσθησαν τῷ βάρει τοῦ καθοπλισμοῦ καὶ τῆς συντάξεως, εὐθέως οἱ μὲν Ἰλλυριοὶ τὴν κατάστασιν ἐλάμβανον, οἱ δὲ περὶ τὸν Εὐκλείδαν τὴν ὑπὸ πόδα διὰ τὸ μὴ καταλείπεσθαι τόπον εἰς ἀναχώρησιν καὶ μετástασιν ἑαυτοῖς. [10] ἐξ οὗ ταχέως συνέβη τραπέντας αὐτοὺς ὀλεθρίῳ χρήσασθαι φυγῇ, κρημνώδη καὶ δύσβατον ἔχόντων ἐπὶ πολὺ τὴν ἀναχώρησιν τῶν τόπων.

[1] ἅμα δὲ τούτοις ὁ περὶ τοὺς ἵππεῖς συνετελεῖτο κίνδυνος, ἐκπρεπῇ ποιουμένων τὴν χρεῖαν τῶν Ἀχαϊκῶν ἵπέων ἀπάντων, μάλιστα δὲ Φιλοποίμενος, διὰ τὸ περὶ τῆς αὐτῶν ἐλευθερίας συνεστάναι τὸν ὅλον ἀγῶνα. [2] καθ' ὃν καιρὸν τῷ προειρημένῳ συνέβη τὸν μὲν ἵππον πεσεῖν πληγέντα καιρίως, αὐτὸν δὲ πεζομαχοῦντα περιπεσεῖν τραύματι βιαίῳ δι' ἀμφοῖν τοῖν μηροῖν. [3] οἱ δὲ βασιλεῖς κατὰ τὸν Ὀλυμπον τὸ μὲν πρῶτον ἐποιοῦντο διὰ τῶν εὐζώνων καὶ μισθοφόρων τὴν συμπλοκὴν, παρ' ἑκατέροις σχεδὸν ὑπαρχόντων τούτων εἰς πεντακισχιλίους. [4] ὧν ποτὲ μὲν κατὰ μέρη, ποτὲ δ' ὀλοσχερῶς συμπιπτόντων, διαφέρουσαν συνέβαινε γίνεσθαι τὴν ἐξ ἀμφοῖν χρεῖαν, ὁμοῦ τῶν τε βασιλέων καὶ τῶν στρατοπέδων ἐν συνόψει ποιουμένων τὴν μάχην. [5] ἡμιλλῶντο δὲ πρὸς ἑαυτοὺς καὶ κατ' ἄνδρα καὶ κατὰ τάγμα ταῖς εὐψυχίαις. [6] ὁ δὲ Κλεομένης ὁρῶν τοὺς μὲν περὶ τὸν ἀδελφὸν πεφευγότας, τοὺς δ' ἐν τοῖς ἐπιπέδοις ἵππεῖς ὅσον οὐπω κλίνοντας, καταπλαγῆς ὧν μὴ πανταχόθεν προσδέξεται τοὺς πολεμίους, ἠναγκάζετο διασπᾶν τὰ προτειχίσματα καὶ πᾶσαν τὴν δύναμιν ἐξάγειν μετωπηδὸν κατὰ μίαν πλευρὰν τῆς στρατοπεδείας. [7] ἀνακληθέντων δὲ τῶν παρ' ἑκατέροις εὐζώνων ἐκ τοῦ μεταξὺ τόπου διὰ τῆς σάλπιγγος, συναλαλάξασαι καὶ καταβαλοῦσαι τὰς σαρίσας συνέβαλλον αἱ φάλαγγες ἀλλήλαις. [8] ἀγῶνος δὲ γενομένου κραταιοῦ, καὶ ποτὲ μὲν ἐπὶ πόδα ποιουμένων τὴν ἀναχώρησιν καὶ πιεζομένων ἐπὶ πολὺ τῶν Μακεδόνων ὑπὸ τῆς τῶν Λακόνων εὐψυχίας, ποτὲ δὲ τῶν Λακεδαιμονίων ἐξωθουμένων ὑπὸ τοῦ βάρους τῆς τῶν Μακεδόνων τάξεως, [9] τέλος οἱ περὶ τὸν Ἀντίγονον συμφράξαντες τὰς σαρίσας καὶ χρησάμενοι τῷ τῆς ἐπαλλήλου φάλαγγος ἰδιώματι, βίᾳ προσπεσόντες ἐξέωσαν ἐκ τῶν ὀχυρωμάτων τοὺς Λακεδαιμονίους. [10] τὸ μὲν οὖν ἄλλο πλῆθος ἔφευγε προτροπάδην φονευόμενον: ὁ δὲ Κλεομένης ἵππεῖς τινὰς ἔχων περὶ ἑαυτὸν ἀπεχώρησε μετὰ τούτων ἀσφαλῶς εἰς τὴν

Σπάρτην. [1] ἐπιγενομένης δὲ τῆς νυκτὸς καταβάς εἰς Γύθιον, ἡτοιμασμένων αὐτῷ τῶν πρὸς τὸν πλοῦν ἐκ πλείονος χρόνου πρὸς τὸ συμβαῖνον, ἀπῆρε μετὰ τῶν φίλων εἰς Ἀλεξάνδρειαν.

[1] Ἀντίγονος δ' ἐγκρατὴς γενόμενος ἐξ ἐφόδου τῆς Σπάρτης τὰ τε λοιπὰ μεγαλοψύχως καὶ φιланθρώπως ἐχρήσατο τοῖς Λακεδαιμονίοις, τό τε πολίτευμα τὸ πάτριον αὐτοῖς ἀποκαταστήσας ἐν ὀλίγαις ἡμέραις ἀνέξεν μετὰ τῶν δυνάμεων ἐκ τῆς πόλεως, προσαγγελθέντος αὐτῷ τοὺς Ἰλλυριοὺς εἰσβεβληκότας εἰς Μακεδονίαν πορθεῖν τὴν χώραν. [2] οὕτως ἀεί ποθ' ἡ τύχη τὰ μέγιστα τῶν πραγμάτων παρὰ λόγον εἴωθε κρίνειν. [3] καὶ γὰρ τότε Κλεομένης, εἴτε τὰ κατὰ τὸν κίνδυνον παρείλκυσε τελέως ὀλίγας ἡμέρας, εἴτ' ἀναχωρήσας ἀπὸ τῆς μάχης εἰς τὴν πόλιν ἐπὶ βραχὺ τῶν καιρῶν ἀντεποιήσατο, διακατέσχεν ἂν τὴν ἀρχήν. [4] οὐ μὴν ἀλλ' ὃ γ' Ἀντίγονος παραγενόμενος εἰς Τεγέαν καὶ τούτοις ἀποδοὺς τὴν πάτριον πολιτείαν δευτεραῖος ἐντεῦθεν εἰς Ἄργος ἐπ' αὐτὴν ἦλθε τὴν τῶν Νεμέων πανήγυριν. [5] ἐν ἧ τυχὼν πάντων τῶν πρὸς ἀθάνατον δόξαν καὶ τιμὴν ἀνηκόντων ὑπὸ τε τοῦ κοινοῦ τῶν Ἀχαιῶν καὶ κατ' ἰδίαν ἐκάστης τῶν πόλεων ὥρμησε κατὰ σπουδὴν εἰς Μακεδονίαν. [6] καταλαβὼν δὲ τοὺς Ἰλλυριοὺς ἐν τῇ χώρᾳ καὶ συμβαλὼν ἐκ παρατάξεως τῇ μὲν μάχῃ κατώρθωσε, τῇ δὲ παρακλήσει καὶ κραυγῇ τῇ κατ' αὐτὸν τὸν κίνδυνον ἐκθύμως χρησάμενος εἰς αἵματος ἀναγωγὴν καὶ τινα τοιαύτην διάθεσιν ἐμπεσὼν μετ' οὐ πολὺ νόσφ' τὸν βίον μετήλλαξε, [7] καλὰς ἐλπίδας ὑποδείξας ἐν αὐτῷ πᾶσι τοῖς Ἕλλησιν, οὐ μόνον κατὰ τὴν ἐν τοῖς ὑπαίθροις χρεῖαν, ἔτι δὲ μᾶλλον κατὰ τὴν ὅλην αἴρεσιν καὶ καλοκάγαθίαν. [8] τὴν δὲ Μακεδόνων βασιλείαν ἀπέλιπε Φιλίππῳ τῷ Δημητρίου.

[1] τίνας δὲ χάριν ἐποιησάμεθα τὴν ἐπὶ πλεῖον ὑπὲρ τοῦ προειρημένου πολέμου μνήμην; [2] διότι τῶν καιρῶν τούτων συναπτόντων τοῖς ὑφ' ὧν ἱστορεῖσθαι μέλλουσι χρήσιμον ἐδόκει, μᾶλλον δ' ἀναγκαῖον εἶναι κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν τὸ ποιῆσαι πᾶσιν ἐναργῇ καὶ γνώριμον τὴν ὑπάρχουσαν περὶ Μακεδόνας καὶ τοὺς Ἕλληνας τότε κατάστασιν. [3] περὶ δὲ τοὺς αὐτοὺς καιροὺς καὶ Πτολεμαίου νόσφ' τὸν βίον μεταλλάξαντος Πτολεμαῖος ὁ κληθεὶς Φιλοπάτωρ διεδέξατο τὴν βασιλείαν. [4] μετήλλαξε δὲ καὶ Σέλευκος ὁ Σελεύκου τοῦ Καλλινίκου καὶ Πώγωνος ἐπικληθέντος; Ἀντίοχος δὲ διεδέξατο τὴν ἐν Συρίᾳ βασιλείαν, ἀδελφὸς ὢν αὐτοῦ. [5] παραπλήσιον γὰρ δὴ τι συνέβη τούτοις καὶ τοῖς πρώτοις μετὰ τὴν

Ἀλεξάνδρου τελευτὴν κατασχοῦσι τὰς ἀρχὰς ταύτας, λέγω δὲ Σελεύκῳ, Πτολεμαίῳ, Λυσιμάχῳ. [6] ἐκεῖνοί τε γὰρ πάντες περὶ τὴν εἰκοστὴν καὶ τετάρτην πρὸς ταῖς ἑκατὸν ὀλυμπιάδα μετήλλαξαν, καθάπερ ἐπάνω προεῖπον, οὗτοί τε περὶ τὴν ἐνάτην καὶ τριακοστὴν. [7] ἡμεῖς δ' ἐπειδὴ τὴν ἐπίστασιν καὶ προκατασκευὴν τῆς ὅλης ἱστορίας διεληλύθαμεν, δι' ἧς ὑποδέδεικται πότε καὶ πῶς καὶ δι' ἧς αἰτίας τῶν κατὰ τὴν Ἰταλίαν κρατήσαντες Ῥωμαῖοι πρῶτον ἐγχειρεῖν ἤρξαντο τοῖς ἔξω πράγμασι καὶ πρῶτον ἐτόλμησαν ἀμφισβητεῖν Καρχηδονίοις τῆς θαλάττης, [8] ἅμα δὲ τούτοις καὶ τὴν περὶ τοὺς Ἑλλήνας καὶ Μακεδόνας, ὁμοίως δὲ καὶ περὶ Καρχηδονίους ὑπάρχουσιν τότε κατάστασιν δεδηλώκαμεν, [9] καθῆκον ἂν εἴη παραγεγονότας ἐπὶ τοὺς καιροὺς τούτους κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν, ἐν οἷς ἔμελλον οἱ μὲν Ἕλληνες τὸν συμμαχικόν, Ῥωμαῖοι δὲ τὸν Ἀννιβιακόν, οἱ δὲ κατὰ τὴν Ἀσίαν βασιλεῖς τὸν περὶ Κοίλης Συρίας ἐνίστασθαι πόλεμον, [10] καὶ τὴν βύβλον ταύτην ἀφορίζειν ἀκολουθῶς τῇ τε τῶν προγεγονότων πραγμάτων περιγραφῇ καὶ τῇ τῶν κεχειρικότεων τὰ πρὸ τοῦ δυναστῶν καταστροφῇ.

BOOK 3

[1] ὅτι μὲν ἀρχὰς ὑποτιθέμεθα τῆς αὐτῶν πραγματείας τόν τε συμμαχικόν καὶ τὸν Ἀννιβιακόν, πρὸς δὲ τούτοις τὸν περὶ Κοίλης Συρίας πόλεμον, ἐν τῇ πρώτῃ μὲν τῆς ὅλης συντάξεως, τρίτῃ δὲ ταύτης ἀνώτερον βύβλῳ δεδηλώκαμεν: [2] ὁμοίως δὲ καὶ τὰς αἰτίας, δι' ἃς ἀναδραμόντες τοῖς χρόνοις πρὸ τούτων τῶν καιρῶν συνεταξάμεθα τὰς πρὸ ταύτης βύβλους, ἐν αὐτῇ 'κείνη διεσαφήσαμεν. [3] νῦν δὲ πειρασόμεθα τοὺς προειρημένους πολέμους καὶ τὰς αἰτίας, ἐξ ὧν ἐγένοντο καὶ δι' ἃς ἐπὶ τοσοῦτον ηὑξήθησαν, μετ' ἀποδείξεως ἐξαγγέλλειν, βραχέα προειπόντες ὑπὲρ τῆς αὐτῶν πραγματείας. [4] ὄντος γὰρ ἐνὸς ἔργου καὶ θεάματος ἐνὸς τοῦ σύμπαντος, ὑπὲρ οὗ γράφειν ἐπικεχειρήκαμεν, τοῦ πῶς καὶ πότε καὶ διὰ τί πάντα τὰ γνωριζόμενα μέρη τῆς οἰκουμένης ὑπὸ τὴν Ῥωμαίων δυναστείαν ἐγένετο, [5] τούτου δ' ἔχοντος καὶ τὴν ἀρχὴν γνωριζομένην καὶ τὸν χρόνον ὠρισμένον καὶ τὴν συντέλειαν ὁμολογουμένην, χρήσιμον ἡγούμεθ' εἶναι καὶ τὸ περὶ τῶν μεγίστων ἐν αὐτῷ μερῶν, ὅσα μεταξὺ κεῖται τῆς ἀρχῆς καὶ τοῦ τέλους, κεφαλαιωδῶς ἐπιμνησθῆναι καὶ προεκθέσθαι. [6] μάλιστα γὰρ οὕτως ὑπολαμβάνομεν τοῖς φιλομαθοῦσι παρασκευάσειν ἱκανὴν ἔννοιαν τῆς ὅλης ἐπιβολῆς. [7] πολλὰ μὲν γὰρ προλαμβάνουσης τῆς ψυχῆς ἐκ τῶν ὅλων πρὸς τὴν κατὰ μέρος τῶν πραγμάτων γνῶσιν, πολλὰ δ' ἐκ τῶν κατὰ μέρος πρὸς τὴν τῶν ὅλων ἐπιστήμην, ἀρίστην ἡγούμενοι τὴν ἐξ ἀμφοῖν ἐπίστασιν καὶ θεὰν ἀκόλουθον τοῖς εἰρημένοις ποιησόμεθα τὴν προέκθεσιν τῆς αὐτῶν πραγματείας. [8] τὴν μὲν οὖν καθόλου τῆς ὑποθέσεως ἔμφασιν καὶ τὴν περιγραφὴν ἤδη δεδηλώκαμεν. [9] τῶν δὲ κατὰ μέρος ἐν αὐτῇ γεγονότων ἀρχὰς μὲν εἶναι συμβαίνει τοὺς προειρημένους πολέμους, καταστροφὴν δὲ καὶ συντέλειαν τὴν κατάλυσιν τῆς ἐν Μακεδονίᾳ βασιλείας, χρόνον δὲ τὸν μεταξὺ τῆς ἀρχῆς καὶ τοῦ τέλους ἔτη πεντήκοντα τρία, [10] περιέχεσθαι δ' ἐν τούτῳ τηλικαύτας καὶ τοιαύτας πράξεις, ὅσας οὐδεὶς τῶν προγεγονότων καιρῶν ἐν ἴσῳ περιέλαβε διαστήματι. [11] περὶ ὧν ἀπὸ τῆς ἑκατοστῆς καὶ τετταρακοστῆς ὀλυμπιάδος ἀρξάμενοι τοιάνδε

[1] τινὰ ποιησόμεθα τὴν ἔφοδον τῆς ἐξηγήσεως. ὑποδείξαντες γὰρ τὰς αἰτίας, δι' ἃς ὁ προδεδηλωμένος συνέστη Καρχηδονίσις καὶ

Ῥωμαίοις πόλεμος, ὁ προσαγορευθεὶς Ἀννιβιακός, [2] ἐροῦμεν ὥς εἰς Ἰταλίαν ἐμβαλόντες Καρχηδόνιοι καὶ καταλύσαντες τὴν Ῥωμαίων δυναστείαν εἰς μέγαν μὲν φόβον ἐκείνους ἤγαγον περὶ σφῶν καὶ τοῦ τῆς πατρίδος ἐδάφους, μεγάλας δ' ἔσχον αὐτοὶ καὶ παραδόξους ἐλπίδας, ὥς καὶ τῆς Ῥώμης αὐτῆς ἐξ ἐφόδου κρατήσοντες. [3] ἐξῆς δὲ τούτοις πειρασόμεθα διασαφεῖν ὥς κατὰ τοὺς αὐτοὺς καιροὺς Φίλιππος μὲν ὁ Μακεδὼν διαπολεμήσας Αἰτωλοῖς καὶ μετὰ ταῦτα συστησάμενος τὰ κατὰ τοὺς Ἑλλήνας ἐπεβάλετο κοινωνεῖν Καρχηδονίοις τῶν αὐτῶν ἐλπίδων, [4] Ἀντίοχος δὲ καὶ Πτολεμαῖος ὁ Φιλοπάτωρ ἡμφισβήτησαν, τέλος δ' ἐπολέμησαν ὑπὲρ Κοίλης Συρίας πρὸς ἀλλήλους, [5] Ῥόδιοι δὲ καὶ Προυσίας ἀναλαβόντες πρὸς Βυζαντίους πόλεμον ἠνάγκασαν αὐτοὺς ἀποστήναι τοῦ παραγωγιάζειν τοὺς πλέοντας εἰς τὸν Πόντον. [6] στήσαντες δ' ἐπὶ τούτων τὴν διήγησιν τὸν ὑπὲρ τῆς Ῥωμαίων πολιτείας συστησόμεθα λόγον, ᾧ κατὰ τὸ συνεχὲς ὑποδείξομεν ὅτι μέγιστα συνεβάλετ' αὐτοῖς ἡ τοῦ πολιτεύματος ιδιότης πρὸς τὸ μὴ μόνον ἀνακτήσασθαι τὴν Ἰταλιωτῶν καὶ Σικελιωτῶν δυναστείαν, ἔτι δὲ τὴν Ἰβήρων προσλαβεῖν καὶ Κελτῶν ἀρχὴν, ἀλλὰ τὸ τελευταῖον καὶ πρὸς τὸ κρατήσαντας τῷ πολέμῳ Καρχηδονίων ἔννοιαν σχεῖν τῆς τῶν ὅλων ἐπιβολῆς. [7] ἅμα δὲ τούτοις κατὰ παρέκβασιν δηλώσομεν τὴν κατάλυσιν τῆς Ἰέρωνος τοῦ Συρακοσίου δυναστείας. [8] οἷς ἐπισυνάψομεν τὰς περὶ τὴν Αἴγυπτον ταραχὰς καὶ τίνα τρόπον Πτολεμαίου τοῦ βασιλέως μεταλλάξαντος τὸν βίον συμφρονήσαντες Ἀντίοχος καὶ Φίλιππος ἐπὶ διαιρέσει τῆς τοῦ καταλελειμμένου παιδὸς ἀρχῆς ἤρξαντο κακοπραγμανεῖν καὶ τὰς χεῖρας ἐπιβάλλειν Φίλιππος μὲν τοῖς κατ' Αἴγαιον καὶ Καρίαν καὶ Σάμον, Ἀντίοχος δὲ τοῖς κατὰ Κοίλην Συρίαν καὶ Φοινίκην.

[1] μετὰ δὲ ταῦτα συγκεφαλαιωσάμενοι τὰς ἐν Ἰβηρίᾳ καὶ Λιβύῃ καὶ Σικελίᾳ πράξεις Ῥωμαίων καὶ Καρχηδονίων μεταβιβάσομεν τὴν διήγησιν ὁλοσχερῶς εἰς τοὺς κατὰ τὴν Ἑλλάδα τόπους ἅμα ταῖς τῶν πραγμάτων μεταβολαῖς. [2] ἐξηγησάμενοι δὲ τὰς Ἀττάλου καὶ Ῥοδίων ναυμαχίας πρὸς Φίλιππον, ἔτι δὲ τὸν Ῥωμαίων καὶ Φιλίππου πόλεμον, ὥς ἐπράχθη καὶ διὰ τίνων καὶ τί τὸ τέλος ἔσχεν, [3] τούτῳ συνάπτοντες τὸ συνεχὲς μνησθησόμεθα τῆς Αἰτωλῶν ὀργῆς, καθ' ἣν Ἀντίοχον ἐπισπασάμενοι τὸν ἀπὸ τῆς Ἀσίας Ἀχαιοῖς καὶ Ῥωμαίοις ἐξέκαυσαν πόλεμον. [4] οὗ δηλώσαντες τὰς αἰτίας καὶ τὴν Ἀντιόχου διάβασιν εἰς τὴν Εὐρώπην διασαφήσομεν πρῶτον μὲν τίνα τρόπον ἐκ

τῆς Ἑλλάδος ἔφυγεν, δεύτερον δὲ πῶς ἡττηθεῖς τῆς ἐπὶ τάδε τοῦ Ταύρου πάσης ἐξεχώρησε, [5] τὸ δὲ τρίτον τίνα τρόπον Ῥωμαῖοι καταλύσαντες τὴν Γαλατῶν ὕβριν ἀδήριτον μὲν σφίσι παρεσκεύασαν τὴν τῆς Ἀσίας ἀρχήν, ἀπέλυσαν δὲ τοὺς ἐπὶ τάδε τοῦ Ταύρου κατοικοῦντας βαρβαρικῶν φόβων καὶ τῆς Γαλατῶν παρανομίας. [6] μετὰ δὲ ταῦτα θέντες ὑπὸ τὴν ὄψιν τὰς Αἰτωλῶν καὶ Κεφαλλήνων ἀτυχίας ἐπιβαλοῦμεν τοὺς Εὐμένει συστάντας πρὸς τε Προυσίαν καὶ Γαλάτας πολέμους, ὁμοίως δὲ καὶ τὸν μετ' Ἀριαράθου πρὸς Φαρνάκην. [7] οἷς ἐξῆς ἐπιμνησθέντες τῆς παρὰ Πελοποννησίων ὁμονοίας καὶ καταστάσεως, ἔτι δὲ τῆς αὐξήσεως τοῦ Ῥοδίων πολιτεύματος, συγκεφαλαιωσόμεθα τὴν ὅλην διήγησιν ἅμα καὶ τὰς πράξεις, [8] ἐπὶ πᾶσιν ἐξηγησάμενοι τὴν Ἀντιόχου στρατείαν εἰς Αἴγυπτον τοῦ κληθέντος Ἐπιφανοῦς καὶ τὸν Περσικὸν πόλεμον καὶ τὴν κατάλυσιν τῆς ἐν Μακεδονίᾳ βασιλείας. [9] δι' ὧν ἅμα θεωρηθήσεται πῶς ἕκαστα χειρίσαντες Ῥωμαῖοι πᾶσαν ἐποίησαντο τὴν οἰκουμένην ὑπήκοον αὐτοῖς.

[1] εἰ μὲν οὖν ἐξ αὐτῶν τῶν κατορθωμάτων ἢ καὶ τῶν ἐλαττωμάτων ἱκανὴν ἐνεδέχετο ποιήσασθαι τὴν διάληψιν ὑπὲρ τῶν ψεκτῶν ἢ τοῦναντίον ἐπαινετῶν ἀνδρῶν καὶ πολιτευμάτων, ἐνθάδε που λήγειν ἂν ἡμᾶς ἔδει καὶ καταστρέφειν ἅμα τὴν διήγησιν καὶ τὴν πραγματείαν ἐπὶ τὰς τελευταίας ῥηθείσας πράξεις κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν. [2] ὃ τε γὰρ χρόνος ὁ πεντηκοντακαιτριετῆς εἰς ταῦτ' ἔληγεν, ἢ τ' αὖξισις καὶ προκοπὴ τῆς Ῥωμαίων δυναστείας ἐτετελείωτο: [3] πρὸς δὲ τούτοις ὁμολογούμενον ἐδόκει τοῦτ' εἶναι καὶ κατηναγκασμένον ἅπασιν ὅτι λοιπὸν ἐστὶ Ῥωμαίων ἀκούειν καὶ τούτοις πειθαρχεῖν ὑπὲρ τῶν παραγγελλομένων. [4] ἐπεὶ δ' οὐκ αὐτοτελεῖς εἰσιν οὔτε περὶ τῶν κρατησάντων οὔτε περὶ τῶν ἐλαττωθέντων αἱ ψιλῶς ἐξ αὐτῶν τῶν ἀγωνισμάτων διαλήψεις, [5] διὰ τὸ πολλοῖς μὲν τὰ μέγιστα δοκοῦντ' εἶναι τῶν κατορθωμάτων, ὅταν μὴ δεόντως αὐτοῖς χρήσονται, τὰς μεγίστας ἐπενηνοχέαι συμφοράς, οὐκ ὀλίγοις δὲ τὰς ἐκπληκτικωτάτας περιπετείας, ὅταν εὐγενῶς αὐτὰς ἀναδέξωνται, πολλάκις εἰς τὴν τοῦ συμφέροντος περιπεπτωκέναι μερίδα, [6] προσθετέον ἂν εἴη ταῖς προειρημέναις πράξεσι τὴν τε τῶν κρατούντων αἵρεσιν, ποία τις ἦν μετὰ ταῦτα καὶ πῶς προεστάτει τῶν ὄλων, τὰς τε τῶν ἄλλων ἀποδοχὰς καὶ διαλήψεις, πόσαι καὶ τίνες ὑπῆρχον περὶ τῶν ἡγουμένων, πρὸς δὲ τούτοις τὰς ὁρμὰς καὶ τοὺς ζήλους ἐξηγητέον, τίνες παρ' ἐκάστοις

ἐπεκράτουν καὶ κατίσχυον περί τε τοὺς κατ' ἰδίαν βίους καὶ τὰς κοινὰς πολιτείας. [7] δῆλον γὰρ ὡς ἐκ τούτων φανερόν ἔσται τοῖς μὲν νῦν οὖσιν πότερα φευκτὴν ἢ τοὐναντίον αἰρετὴν εἶναι συμβαίνει τὴν Ῥωμαίων δυναστείαν, τοῖς δ' ἐπιγενομένοις πότερον ἐπαινετὴν καὶ ζηλωτὴν ἢ ψεκτὴν γεγενῆσθαι νομιστέον τὴν ἀρχὴν αὐτῶν. [8] τὸ γὰρ ὠφέλιμον τῆς ἡμετέρας ἱστορίας πρὸς τε τὸ παρὸν καὶ πρὸς τὸ μέλλον ἐν τούτῳ πλεῖστον κείσεται τῷ μέρει. [9] οὐ γὰρ δὴ τοῦτ' εἶναι τέλος ὑποληπτέον ἐν πράγμασιν οὔτε τοῖς ἡγουμένοις οὔτε τοῖς ἀποφαινομένοις ὑπὲρ τούτων, τὸ νικῆσαι καὶ ποιήσασθαι πάντας ὑφ' ἑαυτοῦς. [10] οὔτε γὰρ πολεμεῖ τοῖς πέλας οὐδείς νοῦν ἔχων ἔνεκεν αὐτοῦ τοῦ καταγωνίσασθαι τοὺς ἀντιταττομένους, οὔτε πλεῖ τὰ πελάγη χάριν τοῦ περαιωθῆναι μόνον, καὶ μὴν οὐδὲ τὰς ἐμπειρίας καὶ τέχνας αὐτῆς ἔνεκα τῆς ἐπιστήμης ἀναλαμβάνει. [11] πάντες δὲ πράττουσι πάντα χάριν τῶν ἐπιγινομένων τοῖς ἔργοις ἡδέων ἢ καλῶν ἢ συμφερόντων. [12] διὸ καὶ τῆς πραγματείας ταύτης τοῦτ' ἔσται τελεσιουργημα, τὸ γινῶναι τὴν κατάστασιν παρ' ἐκάστοις, ποία τις ἦν μετὰ τὸ καταγωνισθῆναι τὰ ὅλα καὶ πεσεῖν εἰς τὴν τῶν Ῥωμαίων ἐξουσίαν ἕως τῆς μετὰ ταῦτα πάλιν ἐπιγενομένης ταραχῆς καὶ κινήσεως. [2] περὶ δὲ τὴν Ἀσίαν Ἀτταλος μὲν καὶ Προυσίας πρὸς ἀλλήλους ἐπολέμησαν, ὁ δὲ τῶν Καππαδοκῶν βασιλεὺς Ἀριαράθης ἐκπεσὼν ἐκ τῆς ἀρχῆς ὑπ' Ὀροφέρνης διὰ Δημητρίου τοῦ βασιλέως αὐθις ἀνεκτίσαστο δι' Ἀττάλου τὴν πατρώαν ἀρχήν. [5] οἱ δ' αὐτοὶ μετ' οὐ πολὺ Καρχηδονίοις ἐπέβαλον τὰς χεῖρας, τὸ μὲν πρῶτον μεταναστῆσαι, μετὰ δὲ ταῦτα πάλιν ἄρδην αὐτοὺς ἐξαναστῆσαι προθέμενοι διὰ τὰς ἐν τοῖς ἐξῆς ῥηθησομένας αἰτίαις. [6] οἷς

[1] τὰ μὲν οὖν τῆς ἐπιβολῆς ἡμῶν τοιαῦτα: [7] προσδεῖ δ' ἔτι τῆς τύχης, ἵνα συνδράμῃ τὰ τοῦ βίου πρὸς τὸ τὴν πρόθεσιν ἐπὶ τέλος ἀγαγεῖν. [8] πέπεισμαι μὲν γάρ, κἂν τι συμβῇ περὶ ἡμᾶς ἀνθρώπινον, οὐκ ἀργήσῃ τὴν ὑπόθεσιν οὐδ' ἀπορήσῃ ἀνδρῶν ἀξιοχρεῶν, διὰ δὲ τὸ κάλλος πολλοὺς κατεγγυηθήσεσθαι καὶ σπουδάσειν ἐπὶ τέλος ἀγαγεῖν αὐτήν. [9] ἐπεὶ δὲ τὰς ἐπιφανεστάτας τῶν πράξεων ἐπὶ κεφαλαίου διεληλύθαμεν, βουλόμενοι καὶ καθόλου καὶ κατὰ μέρος εἰς ἔννοιαν ἀγαγεῖν τῆς ὅλης ἱστορίας τοὺς ἐντυγχάνοντας, ὥρα μνημονεύοντας τῆς προθέσεως ἐπαναγαγεῖν ἐπὶ τὴν ἀρχὴν τῆς αὐτῶν ὑποθέσεως. ἔνιοι δὲ τῶν συγγεγραφότων τὰς κατ' Ἀννίβαν πράξεις βουλόμενοι τὰς αἰτίας ἡμῖν ὑποδεικνύναι, δι' ἃς Ῥωμαῖοι καὶ Καρχηδονῖοι ὁ προειρημένος ἐνέστη πόλεμος, πρώτην μὲν ἀποφαίνουσι τὴν Ζακάνθης πολιορκίαν ὑπὸ Καρχηδονίων, [2] δευτέραν δὲ τὴν διάβασιν αὐτῶν παρὰ τὰς συνθήκας τοῦ προσαγορευομένου παρὰ τοῖς ἐγχωρίοις Ἰβηρος ποταμοῦ: [3] ἐγὼ δὲ ταύτας ἀρχὰς μὲν εἶναι τοῦ πολέμου φήσαιμ' ἂν, αἰτίας γε μὴν οὐδαμῶς ἂν συγχωρήσαιμι. πολλοῦ γε δεῖν, [4] εἰ μὴ καὶ τὴν Ἀλεξάνδρου διάβασιν εἰς τὴν Ἀσίαν αἰτίαν εἶναί τις φήσῃ τοῦ πρὸς τοὺς Πέρσας πολέμου καὶ τὸν Ἀντιόχου κατάπλουν εἰς Δημητριάδα τοῦ πρὸς Ῥωμαίους: ὧν οὗτ' εἰκὸς οὗτ' ἀληθές ἐστιν οὐδέτερον. [5] τίς γὰρ ἂν νομίσειε ταύτας αἰτίας ὑπάρχειν, ὧν πολλὰ μὲν Ἀλέξανδρος πρότερον, οὐκ ὀλίγα δὲ Φίλιππος ἔτι ζῶν ἐνήργησε καὶ παρεσκευάσατο πρὸς τὸν κατὰ τῶν Περσῶν πόλεμον, ὁμοίως δὲ πάλιν Αἰτωλοὶ πρὸ τῆς Ἀντιόχου παρουσίας πρὸς τὸν κατὰ Ῥωμαίων; [6] ἀλλ' ἔστιν ἀνθρώπων τὰ τοιαῦτα μὴ διεληφόντων ἀρχὴ τί διαφέρει καὶ πόσον διέστηκεν αἰτίας καὶ προφάσεως, καὶ διότι τὰ μὲν ἐστὶ πρῶτα τῶν ἀπάντων, ἡ δ' ἀρχὴ τελευταίων τῶν εἰρημένων. [7] ἐγὼ δὲ παντὸς ἀρχὰς μὲν εἶναί φημι τὰς πρώτας ἐπιβολὰς καὶ πράξεις τῶν ἤδη κεκριμένων, αἰτίας δὲ τὰς προκαθηγουμένας τῶν κρίσεων καὶ διαλήψεων: λέγω δ' ἐπινοίας καὶ διαθέσεις καὶ τοὺς περὶ ταῦτα συλλογισμοὺς καὶ δι' ὧν: ἐπὶ τὸ κρῖναί τι καὶ προθέσθαι παραγινόμεθα. [8] δῆλον δ' οἷον τὸ προειρημένον ἐκ τῶν ἐπιφερομένων. [9] τίνες γὰρ ἀληθῶς ἦσαν αἰτίαι, καὶ πόθεν φῦναι συνέβη τὸν πρὸς τοὺς Πέρσας πόλεμον, εὐμαρὲς καὶ τῷ τυχόντι

συνιδεῖν. [10] ἦν δὲ πρώτη μὲν ἡ τῶν μετὰ Ξενοφῶντος Ἑλλήνων ἐκ τῶν ἄνω σατραπειῶν ἐπάνοδος, ἐν ἣ ᾗ πᾶσαν τὴν Ἀσίαν διαπορευομένων αὐτῶν πολεμίαν ὑπάρχουσιν οὐδεὶς ἐτόλμα μένειν κατὰ πρόσωπον τῶν βαρβάρων: [11] δευτέρα δ' ἡ τοῦ Λακεδαιμονίων βασιλέως Ἀγησιλάου διάβασις εἰς τὴν Ἀσίαν, ἐν ἣ 'κεῖνος οὐδὲν ἀξιόχρεον οὐδ' ἀντίπαλον εὐρὼν ταῖς σφετέραις ἐπιβολαῖς ἄπρακτος ἠναγκάσθη μεταξὺ διὰ τὰς περὶ τὴν Ἑλλάδα ταραχὰς ἐπανελθεῖν. [12] ἐξ ὧν Φίλιππος κατανοήσας καὶ συλλογισάμενος τὴν Περσῶν ἀνανδρίαν καὶ ῥαθυμίαν καὶ τὴν αὐτοῦ καὶ Μακεδόνων εὐεξίαν ἐν τοῖς πολεμικοῖς, ἔτι δὲ καὶ τὸ μέγεθος καὶ τὸ κάλλος τῶν ἐσομένων ἄθλων ἐκ τοῦ πολέμου πρὸ ὀφθαλμῶν θέμενος, [13] ἅμα τῷ περιποιήσασθαι τὴν ἐκ τῶν Ἑλλήνων εὐνοίαν ὁμολογουμένην, εὐθέως προφάσει χρώμενος ὅτι σπεύδει μετελθεῖν τὴν Περσῶν παρανομίαν εἰς τοὺς Ἕλληνας, ὁρμὴν ἔσχε καὶ προέθετο πολεμεῖν καὶ πάντα πρὸς τοῦτο τὸ μέρος ἡτοίμαζε. [14] διόπερ αἰτίας μὲν τὰς πρώτας ῥηθείσας ἡγητέον τοῦ πρὸς τοὺς Πέρσας πολέμου, πρόφασιν δὲ τὴν δευτέραν, ἀρχὴν δὲ τὴν

[2] ἐκεῖνοι γὰρ δόξαντες ὑπὸ Ῥωμαίων ὀλιγορῆσθαι κατὰ πολλὰ περὶ τὴν ἔκβασιν τὴν ἐκ τοῦ Φιλίππου πολέμου, καθάπερ ἐπάνω προεῖπον, οὐ μόνον Ἀντίοχον ἐπεσπᾶσαντο, πᾶν δὲ καὶ πρᾶξαι καὶ παθεῖν ὑπέστησαν διὰ τὴν ἐπιγενομένην ὀργὴν ἐκ τῶν προειρημένων καιρῶν. [3] πρόφασιν δ' ἡγητέον τὴν τῶν Ἑλλήνων ἐλευθέρωσιν, ἣν ἐκεῖνοι περιπορευόμενοι μετ' Ἀντίοχου τὰς πόλεις ἀλόγως καὶ ψευδῶς κατήγγελλον, ἀρχὴν δὲ τοῦ πολέμου τὸν Ἀντίοχου κατάπλουν εἰς Δημητριάδα. [1] ἐγὼ δὲ τὴν ἐπὶ πλεῖον διαστολὴν πεποίημαι περὶ τούτων οὐχ ἕνεκα τῆς τῶν συγγραφέων ἐπιτιμήσεως, χάριν δὲ τῆς τῶν φιλομαθούντων ἐπανορθώσεως. [5] τί γὰρ ὄφελος ἱατροῦ κάμνουσιν ἀγνοοῦντος τὰς αἰτίας τῶν περὶ τὰ σώματα διαθέσεων; τί δ' ἀνδρὸς πραγματικοῦ μὴ δυναμένου συλλογίζεσθαι πῶς καὶ διὰ τί καὶ πόθεν ἕκαστα τῶν πραγμάτων τὰς ἀφορμὰς εἴληφεν; [6] οὔτε γὰρ ἐκεῖνον εἰκὸς οὐδέποτε δεόντως συστήσασθαι τὰς τῶν σωμάτων θεραπείας, οὔτε τὸν πραγματικὸν οὐδὲν οἶόν τε κατὰ τρόπον χειρίσαι τῶν προσπιπτόντων ἄνευ τῆς τῶν προειρημένων ἐπιγνώσεως. [7] διόπερ οὐδὲν οὕτω φυλακτέον καὶ ζητητέον ὡς τὰς αἰτίας ἐκάστου τῶν

συμβαινόντων, ἐπειδὴ φύεται μὲν ἐκ τῶν τυχόντων πολλάκις τὰ μέγιστα τῶν πραγμάτων, ἰᾶσθαι δὲ ῥᾶστόν ἐστιν παντὸς τὰς πρώτας ἐπιβολὰς καὶ διαλήψεις. Φάβιος δὲ φησιν ὁ Ῥωμαϊκὸς συγγραφεὺς ἅμα τῷ κατὰ Ζακανθαίους ἀδικήματι καὶ τὴν Ἀσδρούβου πλεονεξίαν καὶ φιλαρχίαν αἰτίαν γίνεσθαι τοῦ κατ' Ἀννίβαν πολέμου. [2] ἐκεῖνον γὰρ μεγάλην ἀνειληφότα τὴν δυναστείαν ἐν τοῖς κατ' Ἰβηρίαν τόποις, μετὰ ταῦτα παραγενόμενον ἐπὶ Λιβύην ἐπιβαλέσθαι καταλύσαντα τοὺς νόμους εἰς μοναρχίαν περιστῆσαι τὸ πολίτευμα τῶν Καρχηδονίων: [3] τοὺς δὲ πρώτους ἄνδρας ἐπὶ τοῦ πολιτεύματος προῖδομένους αὐτοῦ τὴν ἐπιβολὴν συμφρονῆσαι καὶ διαστῆναι πρὸς αὐτόν: [4] τὸν δ' Ἀσδρούβαν ὑπιδόμενον, ἀναχωρήσαντ' ἐκ τῆς Λιβύης τὸ λοιπὸν ἤδη τὰ κατὰ τὴν Ἰβηρίαν χειρίζειν κατὰ τὴν αὐτοῦ προαίρεσιν, οὐ προσέχοντα τῷ συνεδρίῳ τῶν Καρχηδονίων. [5] Ἀννίβαν δὲ κοινωνὸν καὶ ζηλωτὴν ἐκ μειρακίου γεγονότα τῆς ἐκείνου προαιρέσεως καὶ τότε διαδεξάμενον τὰ κατὰ τὴν Ἰβηρίαν τὴν αὐτὴν ἀγωγὴν Ἀσδρούβα ποιῆσθαι τῶν πραγμάτων. [6] διὸ καὶ νῦν τὸν πόλεμον τοῦτον ἐξεννοχέειν κατὰ τὴν αὐτοῦ προαίρεσιν Ῥωμαίοις παρὰ τὴν Καρχηδονίων γνώμην. [7] οὐδένα γὰρ εὐδοκεῖν τῶν ἀξιολόγων ἀνδρῶν ἐν Καρχηδόνι τοῖς ὑπ' Ἀννίβου περὶ τὴν Ζακανθαίων πόλιν πραχθεῖσιν. [8] ταῦτα δ' εἰπὼν φησιν μετὰ τὴν τῆς προειρημένης πόλεως ἄλωσιν παραγενέσθαι τοὺς Ῥωμαίους, οἰομένους δεῖν ἢ τὸν Ἀννίβαν ἐκδιδόναι σφίσι τοὺς Καρχηδονίους ἢ τὸν πόλεμον ἀναλαμβάνειν. [9] εἰ δέ τις ἔροιτο τὸν συγγραφεὰ ποῖος ἦν καιρὸς οἰκειότερος τοῖς Καρχηδονίοις ἢ ποῖον πρᾶγμα τούτου δικαιοτέρον ἢ συμφορώτερον, ἐπεὶ ἐξ ἀρχῆς δυσηρεστοῦντο, καθάπερ οὗτός φησιν, τοῖς ὑπ' Ἀννίβου πραττομένοις, [10] τοῦ πεισθέντας τότε τοῖς ὑπὸ Ῥωμαίων παρακαλουμένοις ἐκδοῦναι μὲν τὸν αἴτιον τῶν ἀδικημάτων, ἐπανελέσθαι δ' εὐλόγως δι' ἐτέρων τὸν κοινὸν ἐχθρὸν τῆς πόλεως, περιποιήσασθαι δὲ τῇ χώρᾳ τὴν ἀσφάλειαν, ἀποτριψαμένους τὸν ἐπιφερόμενον πόλεμον, δόγματι μόνον τὴν ἐκδίκησιν ποιησαμένους, τί ἂν εἰπεῖν ἔχοι πρὸς αὐτά; δῆλον γὰρ ὡς οὐδέν. [11] οἱ γε τοσοῦτον ἀπέσχον τοῦ πρᾶξαι τι τῶν προειρημένων ὥς ἑπτακαίδεκ' ἔτη συνεχῶς πολεμήσαντες κατὰ τὴν Ἀννίβου προαίρεσιν οὐ πρότερον κατελύσαντο τὸν πόλεμον, ἕως οὐ πάσας ἐξελέγξαντες τὰς ἐλπίδας τελευταῖον εἰς τὸν περὶ τῆς πατρίδος καὶ τῶν ἐν αὐτῇ σωμάτων παρεγένοντο κίνδυνον.

[1] τίνας δὴ χάριν ἐμνήσθην Φαβίου καὶ τῶν ὑπ' ἐκείνου

γεγραμμένων; [2] οὐχ ἔνεκα τῆς πιθανότητος τῶν εἰρημένων, ἀγωνιῶν μὴ πιστευθῇ παρὰ τισιν — ἡ μὲν γὰρ [παρὰ] τούτων ἀλογία καὶ χωρὶς τῆς ἐμῆς ἐξηγήσεως αὐτὴ δι' αὐτῆς δύναται θεωρεῖσθαι παρὰ τοῖς ἐντυγχάνουσιν — [3] ἀλλὰ τῆς τῶν ἀναλαμβάνοντων τὰς ἐκείνου βύβλους ὑπομνήσεως, ἵνα μὴ πρὸς τὴν ἐπιγραφὴν ἀλλὰ πρὸς τὰ πράγματα βλέπωσιν. [4] ἔνιοι γὰρ οὐκ ἐπὶ τὰ λεγόμενα συνεπιστήσαντες ἀλλ' ἐπ' αὐτὸν τὸν λέγοντα καὶ λαβόντες ἐν νῷ διότι κατὰ τοὺς καιροὺς ὁ γράφων γέγονε καὶ τοῦ συνεδρίου μετεῖχε τῶν Ῥωμαίων, πᾶν εὐθέως ἡγοῦνται τὸ λεγόμενον ὑπὸ τούτου πιστόν. [5] ἐγὼ δὲ φημὶ μὲν δεῖν οὐκ ἐν μικρῷ προσλαμβάνεσθαι τὴν τοῦ συγγραφέως πίστιν, οὐκ αὐτοτελεῖ δὲ κρίνειν, τὸ δὲ πλεῖον ἐξ αὐτῶν τῶν πραγμάτων ποιεῖσθαι τοὺς ἀναγινώσκοντας τὰς δοκιμασίας. [6]

[1] οὐ μὴν ἀλλὰ καὶ τοῦ γε Ῥωμαίων καὶ Καρχηδονίων πολέμου — τὴν γὰρ παρέκβασιν ἐντεῦθεν ἐποιησάμεθα — νομιστέον πρῶτον μὲν αἴτιον γεγενῆσθαι τὸν Ἀμίλκου θυμὸν τοῦ Βάρκα μὲν ἐπικαλουμένου, πατρὸς δὲ κατὰ φύσιν Ἀννίβου γεγονότος. [7] ἐκεῖνος γὰρ οὐχ ἡττηθεὶς τῷ περὶ Σικελίας πολέμῳ τῇ ψυχῇ τῷ δοκεῖν αὐτὸς μὲν ἀκέραια διατετηρηκέναι τὰ περὶ τὸν Ἑρκα στρατόπεδα ταῖς ὁρμαῖς ἐφ' ὧν αὐτὸς ἦν, διὰ δὲ τὴν ἐν τῇ ναυμαχίᾳ τῶν Καρχηδονίων ἦτταν τοῖς καιροῖς εἰκὼν πεποιῆσθαι τὰς συνθήκας, ἔμενεν ἐπὶ τῆς ὀργῆς, τηρῶν αἰεὶ πρὸς ἐπίθεσιν. [8] εἰ μὲν οὖν μὴ τὸ περὶ τοὺς ξένους ἐγένετο κίνημα τοῖς Καρχηδονίοις, εὐθέως ἂν ἄλλην ἀρχὴν ἐποιεῖτο καὶ παρασκευὴν πραγμάτων, ὅσον ἐπ' ἐκείνῳ. [9] προκαταληφθεὶς δὲ ταῖς ἐμφυλίοις ταραχαῖς ἐν τούτοις καὶ περὶ ταύτας διέτριβε τὰς πράξεις. Ῥωμαίων δὲ μετὰ τὸ καταλύσασθαι Καρχηδονίους τὴν προειρημένην ταραχὴν ἀπαγγειλάντων αὐτοῖς πόλεμον, τὸ μὲν πρῶτον εἰς πᾶν συγκατέβαινον, ὑπολαμβάνοντες αὐτοὺς νικήσειν τοῖς δικαίοις, καθάπερ ἐν ταῖς πρὸ ταύτης βύβλοις περὶ τούτων δεδηλώκαμεν, [2] ὧν χωρὶς οὐχ οἶόν τ' ἦν συμπεριενεχθῆναι δεόντως οὔτε τοῖς νῦν λεγομένοις οὔτε τοῖς μετὰ ταῦτα ῥηθησομένοις ὑφ' ἡμῶν. [3] πλὴν οὐκ ἐντρεπομένων τῶν Ῥωμαίων, εἰζαντες τῇ περιστάσει καὶ βαρυνόμενοι μὲν, οὐκ ἔχοντες δὲ ποιεῖν οὐδὲν ἐξεχώρησαν Σαρδόνος, συνεχώρησαν δ' εἰσοίσειν ἄλλα χίλια καὶ διακόσια τάλαντα πρὸς τοῖς πρότερον ἐφ' ᾧ μὴ τὸν πόλεμον ἐκείνοις ἀναδέξασθαι τοῖς καιροῖς. [4] διὸ καὶ δευτέραν, μεγίστην δὲ ταύτην θετέον αἰτίαν τοῦ μετὰ ταῦτα συστάντος πολέμου. [5] Ἀμίλκας γὰρ

προσλαβὼν τοῖς ἰδίοις θυμοῖς τὴν ἐπὶ τούτοις ὀργὴν τῶν πολιτῶν, ὥς θᾶπτον τοὺς ἀποστάντας τῶν μισθοφόρων καταπολεμήσας ἐβεβαίωσε τῇ πατρίδι τὴν ἀσφάλειαν, εὐθέως ἐποιεῖτο τὴν ὀρμὴν ἐπὶ τὰ κατὰ τὴν Ἰβηρίαν πράγματα, σπουδάζων ταύτῃ χρῆσασθαι παρασκευῇ πρὸς τὸν κατὰ Ῥωμαίων πόλεμον. ἦν δὴ καὶ τρίτην αἰτίαν νομιστέον, [6] λέγω δὲ τὴν εὐροίαν τῶν κατ' Ἰβηρίαν πραγμάτων Καρχηδονίους. ταύταις γὰρ ταῖς χερσὶ πιστεύσαντες εὐθαρσῶς ἐνέβησαν εἰς τὸν προειρημένον πόλεμον. [7]

[1] ὅτι δ' Ἀμίλκας πλεῖστα μὲν συνεβάλετο πρὸς τὴν σύστασιν τοῦ δευτέρου πολέμου, καίπερ τετελευτηκῶς ἔτεσι δέκα πρότερον τῆς καταρχῆς αὐτοῦ, πολλὰ μὲν ἂν εὖροι τις εἰς τοῦτο: σχεδὸν δὲ πρὸς πίστιν ἄρκοῦν ἔσται τὸ λέγεσθαι μέλλον. καθ' οὓς γὰρ καιροὺς καταπολεμηθεὶς Ἀννίβας ὑπὸ Ῥωμαίων τέλος ἐκ τῆς πατρίδος ἐξεχώρησε καὶ παρ' Ἀντιόχῳ διέτριβε, τότε Ῥωμαῖοι συνθεωροῦντες ἤδη τὴν Αἰτωλῶν ἐπιβολὴν ἐξαπέστειλαν πρεσβευτὰς πρὸς Ἀντίοχον, βουλόμενοι μὴ λανθάνειν σφᾶς τὴν τοῦ βασιλέως προαίρεσιν. [2] οἱ δὲ πρέσβεις ὀρῶντες τὸν Ἀντίοχον προσέχοντα τοῖς Αἰτωλοῖς καὶ πρόθυμον ὄντα πολεμεῖν Ῥωμαίοις, ἐθεράπευον τὸν Ἀννίβαν, σπουδάζοντες εἰς ὑποψίαν ἐμβαλεῖν πρὸς τὸν Ἀντίοχον. [3] ὁ καὶ συνέβη γενέσθαι. προβαίνοντος γὰρ τοῦ χρόνου, καὶ τοῦ βασιλέως ὑπόπτως ἔχοντος αἰεὶ καὶ μᾶλλον πρὸς τὸν Ἀννίβαν, ἐγένετό τις καιρὸς ὥς ἐπὶ λόγον ἀχθῆναι τὴν ὑποικουρουμένην ἀτοπίαν ἐν αὐτοῖς. [4] ἐν ᾧ καὶ πλείους ἀπολογισμοὺς ποιησάμενος Ἀννίβας τέλος ἐπὶ τὸ τοιοῦτο κατήντησε, δυσχρηστούμενος τοῖς λόγοις. [5] ἔφη γάρ, καθ' ὃν καιρὸν ὁ πατὴρ αὐτοῦ τὴν εἰς Ἰβηρίαν ἔξοδον μέλλοι στρατεύεσθαι μετὰ τῶν δυνάμεων, ἔτη μὲν ἔχειν ἐννέα, θύοντος δ' αὐτοῦ τῷ Διὶ παρεστάναι παρὰ τὸν βωμόν. [6] ἐπεὶ δὲ καλλιερήσας κατασπεῖσαι τοῖς θεοῖς καὶ ποιῆσαι τὰ νομιζόμενα, τοὺς μὲν ἄλλους τοὺς περὶ τὴν θυσίαν ἀποστῆναι κελεῦσαι μικρόν, αὐτὸν δὲ προσκαλεσάμενον ἐρέσθαι φιλοφρόνως εἰ βούλεται συνεξορμᾶν ἐπὶ τὴν στρατείαν. [7] ἀσμένως δὲ κατανεύσαντος αὐτοῦ καὶ τι καὶ προσαξιώσαντος παιδικῶς, λαβόμενον τῆς δεξιᾶς προσαγαγεῖν αὐτὸν πρὸς τὸν βωμόν καὶ κελεύειν ἀψάμενον τῶν ἱερῶν ὀμνύναι μηδέποτε Ῥωμαίοις εὐνοήσειν. [8] ταῦτ' οὖν εἰδότα σαφῶς ἡξίου τὸν Ἀντίοχον, ἕως μὲν ἂν τι δυσχερὲς βουλευῆται κατὰ Ῥωμαίων, θαρρεῖν καὶ πιστεύειν, αὐτὸν συνεργὸν ἔξειν νομίζοντ' ἀληθινώτατον. [9] ἐπὰν δὲ διαλύσεις ἢ φιλίαν συντίθεται πρὸς

αὐτούς, τότε μὴ προσδεῖσθαι διαβολῆς, ἀλλ' ἀπιστεῖν καὶ φυλάττεσθαι:

[1] πᾶν γάρ τι πρᾶξαι κατ' αὐτῶν ὁ δυνατὸς εἶη. ὁ μὲν οὖν Ἀντίοχος ἀκούσας καὶ δόξας αὐτοπαθῶς ἅμα δ' ἀληθινῶς εἰρῆσθαι, πάσης τῆς προϋπαρχούσης ὑποψίας ἀπέστη. [2] τῆς μέντοι γε δυσμενείας τῆς Ἀμίλκου καὶ τῆς ὅλης προθέσεως ὁμολογούμενον θετέον εἶναι τοῦτο μαρτύριον, ὥς καὶ δι' αὐτῶν φανερὸν ἐγένετο τῶν πραγμάτων. [3] τοιούτους γὰρ ἐχθροὺς παρεσκεύασε Ῥωμαίοις Ἀσδρούβαν τε τὸν τῆς θυγατρὸς ἄνδρα καὶ τὸν αὐτοῦ κατὰ φύσιν υἱὸν Ἀννίβαν ὥστε μὴ καταλιπεῖν ὑπερβολὴν δυσμενείας. [4] Ἀσδρούβας μὲν οὖν προαποθανὼν οὐ πᾶσιν ἔκδηλον ἐποίησε τὴν αὐτοῦ πρόθεσιν: Ἀννίβα δὲ παρέδωκαν οἱ καιροὶ καὶ λίαν ἐναποδείξασθαι τὴν πατρώαν ἔχθραν εἰς Ῥωμαίους. [5] διὸ καὶ τοὺς ἐπὶ πραγμάτων ταττομένους χρὴ τῶν τοιούτων οὐδενὸς μᾶλλον φροντίζειν ὥς τοῦ μὴ λανθάνειν τὰς προαιρέσεις τῶν διαλυομένων τὰς ἐχθρας ἢ συντιθεμένων τὰς φιλίας, πότε τοῖς καιροῖς εἰκοντες καὶ πότε ταῖς ψυχαῖς ἡττώμενοι ποιοῦνται τὰς συνθήκας, [6] ἵνα τοὺς μὲν ἐφέδρους νομίζοντες εἶναι τῶν καιρῶν ἀεὶ φυλάττωνται, τοῖς δὲ πιστεύοντες ὥς ὑπηκόοις ἢ φίλοις ἀληθινοῖς πᾶν τὸ παραπίπτον ἐξ ἐτοίμου παραγγέλλωσιν.

[1] αἰτίας μὲν [7] οὖν τοῦ κατ' Ἀννίβαν πολέμου τὰς προειρημένας ἡγητέον, ἀρχὰς δὲ τὰς μελλούσας λέγεσθαι. Καρχηδόνιοι γὰρ βαρέως μὲν ἔφερον καὶ τὴν ὑπὲρ Σικελίας ἥτταν, συνεπέτεινε δ' αὐτῶν τὴν ὀργήν, καθάπερ ἐπάνω προεῖπον, τὰ κατὰ Σαρδόνα καὶ τὸ τῶν τελευταίων συντεθέντων χρημάτων πλῆθος. [2] διόπερ ἅμα τῷ τὰ πλεῖστα κατ' Ἰβηρίαν ὑφ' αὐτοὺς ποιήσασθαι πρὸς πᾶν ἐτοίμως διέκειντο τὸ κατὰ Ῥωμαίων ὑποδεικνύμενον. [3] προσπεσούσης οὖν τῆς Ἀσδρούβου τελευτῆς, ᾧ μετὰ τὸν Ἀμίλκου θάνατον ἐνεχείρισαν τὰ κατὰ τὴν Ἰβηρίαν, τὸ μὲν πρῶτον ἐκαπαδόκουν τὰς τῶν δυνάμεων ὁρμὰς: [4] ἀφικομένης δὲ τῆς ἀγγελίας ἐκ τῶν στρατοπέδων ὅτι συμβαίνει τὰς δυνάμεις ὁμοθυμαδὸν ἡρῆσθαι στρατηγὸν Ἀννίβαν, παραντίκα συναθροίσαντες τὸν δῆμον μιᾷ γνώμῃ κυρίαν ἐποίησαν τὴν τῶν στρατοπέδων αἵρεσιν. [5] Ἀννίβας δὲ παραλαβὼν τὴν ἀρχὴν εὐθέως ὥρμησεν ὥς καταστρεψόμενος τὸ τῶν Ὀλκάδων ἔθνος: ἀφικόμενος δὲ πρὸς Ἀλθαίαν τὴν βαρυτάτην αὐτῶν πόλιν κατεστρατοπέδευσεν. [1] γάσαστο ταῖς δυνάμεσι. τῷ δ' ἐπιγινομένῳ θέρει πάλιν ὀρμήσας ἐπὶ τοὺς Οὐακκαίους Ἑλμαντικὴν μὲν ἐξ ἐφόδου ποιησάμενος προσβολὰς κατέσχευεν, Ἀρβουκάλην δὲ διὰ τὸ μέγεθος τῆς πόλεως καὶ τὸ πλῆθος, ἔτι δὲ τὴν γενναιότητα τῶν οἰκητόρων μετὰ πολλῆς ταλαιπωρίας πολιορκήσας κατὰ κράτος εἴλε. [2] μετὰ δὲ ταῦτα παραδόξως εἰς τοὺς μεγίστους ἤλθε κινδύνους ἐπανάγων, συνδραμόντων ἐπ' αὐτὸν τῶν Καρπησίων, ὃ σχεδὸν ἰσχυρότατόν ἐστιν ἔθνος τῶν κατ' ἐκείνους τοὺς τόπους, [3] ὁμοίως δὲ καὶ τῶν ἀστυγειτόνων ἀθροισθέντων ἅμα τούτοις, οὓς ἡρέθισαν μάλιστα μὲν οἱ τῶν Ὀλκάδων φυγάδες, συνεζέκαυσαν δὲ καὶ τῶν ἐκ τῆς Ἑλμαντικῆς οἱ διασωθέντες. [4] πρὸς οὓς εἰ μὲν ἐκ παρατάξεως ἠναγκάσθησαν οἱ Καρχηδόνιοι διακινδυνεύειν, ὁμολογουμένως ἂν ἡττήθησαν. [5] νῦν δὲ πραγματικῶς καὶ νουνεχῶς ἐξ ὑποστροφῆς ἀναχωρήσαντος Ἀννίβου καὶ πρόβλημα ποιησαμένου τὸν Τάγον καλούμενον ποταμὸν καὶ περὶ τὴν τοῦ ποταμοῦ διάβασιν συστησαμένου τὸν κίνδυνον, ἅμα δὲ συγγραμμένου συναγωνιστῇ τῷ ποταμῷ καὶ τοῖς θηρίοις οἷς εἶχε περὶ τετταράκοντα τὸν ἀριθμόν, συνέβη τὰ ὅλα παραδόξως καὶ κατὰ λόγον αὐτῷ χωρῆσαι. [6] τῶν γὰρ βαρβάρων ἐπιβαλομένων κατὰ πλείους τόπους βιάζεσθαι καὶ περαιοῦσθαι τὸν ποταμόν, τὸ μὲν πλεῖστον αὐτῶν μέρος διεφθάρη περὶ τὰς ἐκβάσεις, παραπορευομένων τῶν θηρίων παρὰ τὸ χεῖλος καὶ τοὺς ἐκβαίνοντας ἀεὶ προκαταλαμβάνοντων: [7] πολλοὶ δὲ κατ' αὐτὸν τὸν ποταμὸν ὑπὸ τῶν ἱππέων ἀπώλοντο διὰ τὸ κρατεῖν μὲν μᾶλλον τοῦ ρεύματος τοὺς ἵππους, ἐξ ὑπερδεξίου δὲ ποιεῖσθαι τὴν μάχην τοὺς ἱππέας πρὸς τοὺς πεζοὺς. [8] τέλος δὲ τοῦμπαλιν ἐπιδιαβάντες οἱ περὶ τὸν Ἀννίβαν ἐπὶ τοὺς βαρβάρους ἐτρέψαντο πλείους ἢ δέκα μυριάδας ἀνθρώπων. [9] ὧν ἡττηθέντων οὐδεὶς ἔτι τῶν ἐντὸς Ἰβηρος ποταμοῦ ῥαδίως πρὸς αὐτοὺς ἀντοφθαλμεῖν ἐτόλμα πλὴν Ζακανθαίων. [10] ταύτης δὲ τῆς πόλεως ἐπειράτο κατὰ δύναμιν ἀπέχεσθαι, βουλόμενος μηδεμίαν ἀφορμὴν ὁμολογουμένην δοῦναι τοῦ πολέμου Ῥωμαίοις, ἕως τᾶλλα πάντα βεβαίως ὑφ' αὐτὸν

ποιήσαιο κατὰ τὰς Ἀμίλκου τοῦ πατρὸς ὑποθήκας καὶ παραινέσεις.

[1] οἱ δὲ Ζακανθαῖοι συνεχῶς ἔπεμπον εἰς τὴν Ῥώμην, ἅμα μὲν ἀγωνιῶντες περὶ σφῶν καὶ προορώμενοι τὸ μέλλον, ἅμα δὲ βουλόμενοι μὴ λανθάνειν Ῥωμαίους τὴν γινομένην εὐροίαν Καρχηδονίοις τῶν κατ' Ἰβηρίαν πραγμάτων. [2] Ῥωμαῖοι δὲ πλεονάκις αὐτῶν παρακηκοότες τότε πρεσβευτὰς ἐξαπέστειλαν τοὺς ἐπισκεψομένους ὑπὲρ τῶν προσπιπτόντων. [3] Ἀννίβας δὲ κατὰ τοὺς αὐτοὺς καιροὺς πεπονημένος ὑφ' αὐτὸν οὓς προέθετο παρὴν αὐθις μετὰ τῶν δυνάμεων παραχειμάσων εἰς Καίνην πόλιν, ἣτις ὥσανεὶ πρόσχημα καὶ βασιλείον ἦν Καρχηδονίων ἐν τοῖς κατὰ τὴν Ἰβηρίαν τόποις. [4] καταλαβὼν δὲ τὴν παρὰ τῶν Ῥωμαίων πρεσβείαν καὶ δοὺς αὐτὸν εἰς ἔντευξιν διήκουε περὶ τῶν ἐνεστώτων. [5] Ῥωμαῖοι μὲν οὖν διεμαρτύροντο Ζακανθαίων ἀπέχεσθαι — κείσθαι γὰρ αὐτοὺς ἐν τῇ σφετέρᾳ πίστει — καὶ τὸν Ἰβηρα ποταμὸν μὴ διαβαίνειν κατὰ τὰς ἐπ' Ἀσδρούβου γενομένης ὁμολογίας. [6] ὁ δ' Ἀννίβας, ἅτε νέος μὲν ὢν, πλήρης δὲ πολεμικῆς ὁρμῆς, ἐπιτυχῆς δ' ἐν ταῖς ἐπιβολαῖς, πάλαι δὲ παρωρμημένος πρὸς τὴν κατὰ Ῥωμαίων ἔχθραν, [7] πρὸς μὲν ἐκείνους, ὡς κηδόμενος Ζακανθαίων, ἐνεκάλει Ῥωμαίοις διότι μικροῖς ἔμπροσθεν χρόνοις, στασιαζόντων αὐτῶν, λαβόντες τὴν ἐπιτροπὴν [εἰς τὸ διαλυῖσαι] ἀδίκως ἐπανέλοιντό τινας τῶν προεστώτων: οὓς οὐ περιόψεσθαι παρεσπονδημένους: πάτριον γὰρ εἶναι Καρχηδονίοις τὸ μηδένα τῶν ἀδικουμένων περιορᾶν: [8] πρὸς δὲ Καρχηδονίους διεπέμπετο, πυνθανόμενος τί δεῖ ποιεῖν, ὅτι Ζακανθαῖοι πιστεύοντες τῇ Ῥωμαίων συμμαχίᾳ τινὰς τῶν ὑφ' αὐτοὺς ταττομένων ἀδικούσι. [9] καθόλου δ' ἦν πλήρης ἀλογίας καὶ θυμοῦ βιαίου: διὸ καὶ ταῖς μὲν ἀληθιναῖς αἰτίαις οὐκ ἐχρῆτο, κατέφευγε δ' εἰς προφάσεις ἀλόγους: ἅπερ εἰώθασι ποιεῖν οἱ διὰ τὰς προεγκαθημένας αὐτοῖς ὁρμὰς ὀλιγοροῦντες τοῦ καθήκοντος. [10] πόσῳ γὰρ ἦν ἄμεινον οἶεσθαι δεῖν Ῥωμαίους ἀποδοῦναι σφίσι Σαρδόνα καὶ τοὺς ἐπιταχθέντας ἅμα ταύτῃ φόρους, οὓς τοῖς καιροῖς συνεπιθέμενοι πρότερον ἀδίκως παρ' αὐτῶν ἔλαβον: εἰ δὲ μή, φάναι πολεμήσειν; [11] νῦν δὲ τὴν μὲν οὖσαν αἰτίαν ἀληθινὴν παρασιωπῶν, τὴν δ' οὐχ ὑπάρχουσαν περὶ Ζακανθαίων πλάττων, οὐ μόνον ἀλόγως, ἔτι δὲ μᾶλλον ἀδίκως κατάρχειν ἐδόκει τοῦ πολέμου. [12] οἱ δὲ τῶν Ῥωμαίων πρέσβεις, ὅτι μὲν εἴη πολεμητέον σαφῶς εἰδότες, ἀπέπλευσαν εἰς Καρχηδόνα, τὰ παραπλήσια θέλοντες ἐπιμαρτύρασθαι κάκείνους: [13] οὐ μὴν ἐν Ἰταλία γε πολεμήσειν

ἤλπισαν, ἀλλ' ἐν Ἰβηρίᾳ, χρήσεσθαι δὲ πρὸς τὸν πόλεμον ὀρμητηρίῳ τῇ Ζακανθαίων πόλει.

[1] διὸ καὶ πρὸς ταύτην ἀρμοζόμενοι τὴν ὑπόθεσιν ἢ σύγκλητος ἔκρινεν ἀσφαλίσασθαι τὰ κατὰ τὴν Ἰλλυρίδα πράγματα, προορωμένη διότι μέγας ἔσται καὶ πολυχρόνιος καὶ μακρὰν ἀπὸ τῆς οἰκείας ὁ πόλεμος. [2] συνέβαινε γὰρ κατ' ἐκείνους τοὺς καιροὺς Δημήτριον τὸν Φάριον, ἐπιλεησμένον μὲν τῶν προγεγονότων εἰς αὐτὸν εὐεργετημάτων ὑπὸ Ῥωμαίων, καταπεφρονηκότα δὲ πρότερον μὲν διὰ τὸν ἀπὸ Γαλατῶν τότε δὲ διὰ τὸν ἀπὸ Καρχηδονίων φόβον περιστάτω Ῥωμαίους, [3] πάσας δ' ἔχοντα τὰς ἐλπίδας ἐν τῇ Μακεδόνων οἰκίᾳ διὰ τὸ συμπεπολεμηκέναι καὶ μετεσχηκέναι τῶν πρὸς Κλεομένη κινδύνων Ἀντιγόνῳ, πορθεῖν μὲν καὶ καταστρέφεσθαι τὰς κατὰ τὴν Ἰλλυρίδα πόλεις τὰς ὑπὸ Ῥωμαίους ταπτομένας, πεπλευκέναι δ' ἔξω τοῦ Λίσσου παρὰ τὰς συνθήκας πεντήκοντα λέμβοις καὶ πεπορθηκέναι πολλὰς τῶν Κυκλάδων νήσων. [4] εἰς ἃ βλέποντες Ῥωμαῖοι καὶ θεωροῦντες ἀνθοῦσαν τὴν Μακεδόνων οἰκίαν ἔσπευδον ἀσφαλίσασθαι τὰ πρὸς ἑω τῆς Ἰταλίας πεπεισμένοι καταταχίσαι διορθωσάμενοι μὲν τὴν Ἰλλυριῶν ἄγνοιαν, ἐπιτιμήσαντες δὲ καὶ κολάσαντες τὴν ἀχαριστίαν καὶ προπέτειαν τὴν Δημητρίου. [5] διεψεύσθησαν δὲ τοῖς λογισμοῖς: κατετάχθη γὰρ αὐτοὺς Ἀννίβας, ἐξελὼν τὴν Ζακανθαίων πόλιν. [6] καὶ παρὰ τοῦτο συνέβη τὸν πόλεμον οὐκ ἐν Ἰβηρίᾳ, πρὸς αὐτῇ δὲ τῇ Ῥώμῃ καὶ κατὰ πᾶσαν γενέσθαι τὴν Ἰταλίαν. [7]

[1] οὐ μὴν ἀλλὰ τούτοις χρησάμενοι τοῖς διαλογισμοῖς Ῥωμαῖοι μὲν ὑπὸ τὴν ὥραϊαν Λεύκιον τὸν Αἰμίλιον ἐξαπέστειλαν μετὰ δυνάμεως ἐπὶ τὰς κατὰ τὴν Ἰλλυρίδα πράξεις κατὰ τὸ πρῶτον ἔτος τῆς ἑκατοστῆς καὶ τετταρακοστῆς ὀλυμπιάδος. Ἀννίβας δὲ μετὰ τῆς δυνάμεως ἀναζευξας ἐκ τῆς Καινῆς πόλεως προῆγε, ποιούμενος τὴν πορείαν ἐπὶ τὴν Ζάκανθαν. [2] ἡ δὲ πόλις αὕτη κεῖται μὲν ἐπὶ τῷ πρὸς θάλατταν καθήκοντι πρόποδι τῆς ὀρεινῆς τῆς συναπτούσης τὰ πέρατα τῆς Ἰβηρίας καὶ Κελτιβηρίας, ἀπέχει δὲ τῆς θαλάττης ὥς ἑπτὰ στάδια. [3] νέμονται δὲ χώραν οἱ κατοικοῦντες αὐτὴν ἀμφοροὶ καὶ διαφέρουσιν ἀρετῇ πάσης τῆς Ἰβηρίας. [4] ἥ τότε παραστρατοπεδεύσας Ἀννίβας ἐνεργὸς ἐγένετο περὶ τὴν πολιορκίαν, πολλὰ προορώμενος εὐχρηστα πρὸς τὸ μέλλον ἐκ τοῦ κατὰ κράτος ἔλεῖν αὐτήν. [5] πρῶτον μὲν γὰρ ὑπέλαβε παρελῆσθαι Ῥωμαίων τὴν ἐλπίδα τοῦ συστήσασθαι τὸν πόλεμον ἐν Ἰβηρίᾳ: δεύτερον δὲ

καταπληξάμενος ἅπαντας εὐτακτοτέρους μὲν ἐπέπειστο παρασκευάσειν τοὺς ὑφ' αὐτὸν ἤδη ταττομένους, εὐλαβεστέρους δὲ τοὺς ἀκμὴν αὐτοκράτορας ὄντας τῶν Ἰβήρων, [6] τὸ δὲ μέγιστον, οὐδὲν ἀπολιπὼν ὀπισθεν πολέμιον ἀσφαλῶς ποιήσεσθαι τὴν εἰς τοῦμπροσθεν πορείαν. [7] χωρὶς τε τούτων εὐπορήσειν μὲν χορηγιῶν αὐτὸς ὑπελάμβανεν πρὸς τὰς ἐπιβολάς, προθυμίαν δ' ἐνεργάσεσθαι ταῖς δυνάμεσιν ἐκ τῆς ἐσομένης ἐκάστοις ὠφελείας, προκαλέσεσθαι δὲ τὴν εὐνοίαν τῶν ἐν οἴκῳ Καρχηδονίων διὰ τῶν ἀποσταλισσομένων αὐτοῖς λαφύρων. [8] τοιούτοις δὲ χρώμενος διαλογισμοῖς ἐνεργῶς προσέκειτο τῇ πολιορκίᾳ, τότε μὲν ὑπόδειγμα τῷ πλήθει ποιῶν αὐτὸν καὶ γινόμενος αὐτουργὸς τῆς ἐν τοῖς ἔργοις ταλαιπωρίας, ἔστι δ' ὅτε παρακαλῶν τὰ πλήθη καὶ παραβόλως διδοὺς αὐτὸν εἰς τοὺς κινδύνους. [9] πᾶσαν δὲ κακοπάθειαν καὶ μέριμναν ὑπομείνας τέλος ἐν ὀκτῷ μηνὶ κατὰ κράτος εἴλε τὴν πόλιν. [10] κύριος δὲ γενόμενος χρημάτων πολλῶν καὶ σωμάτων καὶ κατασκευῆς τὰ μὲν χρήματ' εἰς τὰς ἰδίας ἐπιβολὰς παρέθετο κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν, τὰ δὲ σώματα διένειμε κατὰ τὴν ἀξίαν ἐκάστοις τῶν συστρατευομένων, τὴν δὲ κατασκευὴν παραχρῆμα πᾶσαν ἐξέπεμψε τοῖς Καρχηδονίοις. [11] ταῦτα δὲ πράξας οὐ διεψεύσθη τοῖς λογισμοῖς οὐδ' ἀπέτυχε τῆς ἐξ ἀρχῆς προθέσεως, ἀλλὰ τοὺς τε στρατιώτας προθυμότερους ἐποίησε πρὸς τὸ κινδυνεύειν, τοὺς τε Καρχηδονίους ἐτοίμους παρεσκεύασε πρὸς τὸ παραγγελλόμενον, αὐτὸς τε πολλὰ τῶν χρησίμων μετὰ ταῦτα κατειργάσατο διὰ τῆς τῶν χορηγιῶν παραθέσεως.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Δημήτριος ἅμα τῷ συνεῖναι τὴν ἐπιβολὴν τῶν Ῥωμαίων παραντίκα μὲν εἰς τὴν Διμάλην ἀξιόχρεων φρουρὰν εἰσέπεμψε καὶ τὰς ἀρμοζούσας ταύτης χορηγίας, ἐκ δὲ τῶν λοιπῶν πόλεων τοὺς μὲν ἀντιπολιτευομένους ἐπανείλετο, τοῖς δ' αὐτοῦ φίλοις ἐνεχείρισε τὰς δυναστείας, [2] αὐτὸς δ' ἐκ τῶν ὑποτεταγμένων ἐπιλέξας τοὺς ἀνδρωδεστάτους ἐξακισχιλίους συνέστησε τούτους εἰς τὴν Φάρον. [3] ὁ δὲ στρατηγὸς τῶν Ῥωμαίων ἀφικόμενος εἰς τὴν Ἰλλυρίδα μετὰ τῶν δυνάμεων καὶ θεωρῶν τοὺς ὑπεναντίους θαρροῦντας ἐπὶ τῇ τῆς Διμάλης ὀχυρότητι καὶ ταῖς παρασκευαῖς, ἔτι δὲ τῷ δοκεῖν αὐτὴν ἀνάλωτον ὑπάρχειν, ταύτην πρῶτον ἐγχειρεῖν ἔκρινε, βουλόμενος καταπληξάσθαι τοὺς πολεμίους. [4] παρακαλέσας δὲ τοὺς κατὰ μέρος ἡγεμόνας καὶ προσαγαγὼν ἔργα κατὰ πλείους τόπους ἤρξατο πολιορκεῖν. [5] λαβὼν

δὲ κατὰ κράτος ἐν ἡμέραις ἑπτὰ παραχρῆμα πάντας ἤττησε ταῖς ψυχαῖς τοὺς ὑπεναντίους. [6] διόπερ εὐθέως παρήσαν ἐκ πασῶν τῶν πόλεων ἐπιτρέποντες καὶ διδόντες αὐτοὺς εἰς τὴν τῶν Ῥωμαίων πίστιν. [7] ὁ δὲ προσδεξάμενος ἑκάστους ἐπὶ ταῖς ἀρμοζούσαις ὁμολογίαις ἐποιεῖτο τὸν πλοῦν εἰς τὴν Φάρον ἐπ' αὐτὸν τὸν Δημήτριον. [8] πυνθανόμενος δὲ τὴν τε πόλιν ὀχυρὰν εἶναι καὶ πλῆθος ἀνθρώπων διαφερόντων εἰς αὐτὴν ἠθοῖσθαι, πρὸς δὲ καὶ ταῖς χορηγίαις ἐξηρτῆσθαι καὶ ταῖς ἄλλαις παρασκευαῖς, ὑφεωρᾶτο μὴ δυσχερῇ καὶ πολυχρόνιον συμβῇ γενέσθαι τὴν πολιορκίαν. [9] διὸ προορώμενος ἕκαστα τούτων ἐχρήσατο παρ' αὐτὸν τὸν καιρὸν τοιῷδὲ τινι γένει στρατηγήματος. [10] ποιησάμενος γὰρ τὸν ἐπίπλου νυκτὸς ἐπὶ τὴν νῆσον παντὶ τῷ στρατεύματι τὸ μὲν πλεῖον μέρος τῆς δυνάμεως ἀπεβίβασεν εἰς τινας ὑλώδεις καὶ κοίλους τόπους, [11] εἴκοσι δὲ ναυσὶν ἐπιγενομένης ἡμέρας ἔπλει προδῆλως ἐπὶ τὸν ἔγγιστα τῆς πόλεως λιμένα. [12] συνορῶντες δὲ τὰς ναῦς οἱ περὶ τὸν Δημήτριον καὶ καταφρονοῦντες τοῦ πλήθους ὥρμησαν ἐκ τῆς πόλεως ἐπὶ τὸν λιμένα, κωλύσοντες τὴν ἀπὸ

[1] βασιν τῶν ὑπεναντίων. ἅμα δὲ τῷ συμμῖξαι γινομένης ἰσχυρᾶς τῆς συμπλοκῆς προσεβοήθουν ἀεὶ πλείους τῶν ἐκ τῆς πόλεως: τέλος δὲ πάντες ἐξεχύθησαν εἰς τὸν κίνδυνον. [2] τῶν δὲ Ῥωμαίων οἱ τῆς νυκτὸς ἀποβάντες εἰς τὸν καιρὸν τοῦτον συνῆψαν, διὰ τόπων ἀδήλων ποιοῦμενοι τὴν πορείαν. [3] καὶ καταλαβόμενοι μεταξὺ τῆς πόλεως καὶ τοῦ λιμένος λόφον ἐρυμνὸν διέκλεισαν ἀπὸ τῆς πόλεως τοὺς ἐκβεβοηθηκότας. [4] οἱ δὲ περὶ τὸν Δημήτριον συννοήσαντες τὸ γεγονὸς τοῦ μὲν διακωλύειν τοὺς ἀποβαίνοντας ἀπέστησαν, συναθροίσαντες δὲ σφᾶς αὐτοὺς καὶ παρακαλέσαντες ὥρμησαν, κρίναντες ἐκ παρατάξεως διακινδυνεύειν πρὸς τοὺς ἐπὶ τὸν λόφον. [5] οἱ δὲ Ῥωμαῖοι θεωροῦντες τὴν ἔφοδον τῶν Ἰλλυριῶν ἐνεργὸν καὶ συντεταγμένην ἀντέπεσαν ταῖς στείραις καταπληκτικῶς. [6] ἅμα δὲ τοῖς προειρημένοις οἱ πεποιημένοι τὴν ἀπόβασιν ἀπὸ τῶν πλοίων, συνορῶντες τὸ γινόμενον, προσέκειντο κατόπιν: καὶ πανταχόθεν προσπίπτοντες θόρυβον καὶ ταραχὴν οὐ μικρὰν ἐν τοῖς Ἰλλυριοῖς κατεσκεύαζον. [7] ἐξ οὗ τῶν μὲν κατὰ πρόσωπον τῶν δὲ κατὰ νότου πονούντων, τέλος οἱ περὶ τὸν Δημήτριον ἐτράπησαν: καὶ τινὲς μὲν αὐτῶν ἔφυγον ὥς πρὸς τὴν πόλιν, οἱ δὲ πλείους ἀνοδία κατὰ τῆς νήσου διεσπάρησαν. [8] ὁ δὲ Δημήτριος ἔχων ἐτοιμοὺς λέμβους πρὸς τὸ συμβαῖνον ἔν τισι τόποις ἐρήμοις ὑφορμοῦντας ἐπὶ τούτους

ἐποιήσατο τὴν ἀποχώρησιν. εἰς οὓς ἐμβὰς ἐπιγενομένης τῆς νυκτὸς ἀπέπλευσε καὶ διεκομίσθη παραδόξως πρὸς τὸν βασιλέα Φίλιππον, παρ' ᾧ τὸ λοιπὸν διέτριβε τοῦ βίου μέρος, [9] ἀνὴρ θράσος μὲν καὶ τόλμαν κεκτημένος, ἀλόγιστον δὲ ταύτην καὶ τελέως ἄκριτον. [10] διὸ καὶ τὴν καταστροφὴν παραπλησίαν αὐτῷ συνέβη γενέσθαι τῇ κατὰ τὸν ὅλον βίον προαιρέσει. [11] καταλαβέσθαι γὰρ ἐγχειρήσας μετὰ τῆς Φιλίππου γνώμης τὴν τῶν Μεσσηνίων πόλιν εἰκὴ καὶ παραβόλως ἐν αὐτῷ τῷ τῆς πράξεως καιρῷ διεφθάρη: περὶ ὧν ἡμεῖς τὰ κατὰ μέρος, ὅταν ἐπὶ τοὺς καιροὺς ἔλθωμεν, διασαφήσομεν. [12] ὁ δὲ στρατηγὸς τῶν Ῥωμαίων Αἰμίλιος τὴν μὲν Φάρον εὐθέως ἐξ ἐφόδου παραλαβὼν κατέσκαψε, τῆς δὲ λοιπῆς Ἰλλυρίδος ἐγκρατὴς γενόμενος καὶ πάντα διατάξας κατὰ τὴν αὐτοῦ προαίρεσιν μετὰ ταῦτα ληγουσῆς ἤδη τῆς θερείας εἰς τὴν Ῥώμην ἐπανῆλθεν καὶ τὴν εἴσοδον ἐποιήσατο μετὰ θριάμβου καὶ τῆς ἀπάσης εὐδοξίας. [13] ἐδόκει γὰρ οὐ μόνον ἐπιδεξίως, ἔτι δὲ μᾶλλον ἀνδρωδῶς κεχρησθαι τοῖς πράγμασιν.

[1] οἱ δὲ Ῥωμαῖοι, προσπεπτωκυίας αὐτοῖς ἤδη τῆς τῶν Ζακανθαίων ἀλώσεως, οὐ μὰ Δία περὶ τοῦ πολέμου τότε διαβούλιον ἤγον, καθάπερ ἔνιοι τῶν συγγραφέων φασί, προσκατατάττοντες ἔτι καὶ τοὺς εἰς ἑκάτερα ῥηθέντας λόγους, πάντων ἀτοπώτατον πρᾶγμα ποιοῦντες. [2] πῶς γὰρ οἷόν τ' ἦν Ῥωμαίους τοὺς ἐνιαντῷ πρότερον ἐπηγγελκότας πόλεμον Καρχηδονίοις, ἐὰν ἐπιβαίνωσι τῆς Ζακανθαίων χώρας, τούτους κατὰ κράτος ἐαλωκυίας αὐτῆς τῆς πόλεως τότε βουλευέσθαι συνελθόντας πότερα πολεμητέον ἢ τούναντίον; [3] πῶς δὲ καὶ τίνα τρόπον ἅμα μὲν τὴν στυνγνότητα τοῦ συνεδρίου παρεισάγουσι θαυμάσιον, ἅμα δὲ τοὺς υἱοὺς ἀπὸ δώδεκ' ἐτῶν ἄγειν φασὶ τοὺς πατέρας εἰς τὸ συνέδριον, οὓς μετέχοντας τῶν διαβουλίων οὐδὲ τῶν ἀναγκαίων οὐδενὶ προῖεσθαι τῶν ἀπορρήτων οὐδέν; [4] ὧν οὗτ' εἰκὸς οὗτ' ἀληθές ἐστι τὸ παράπαν οὐδέν, εἰ μὴ νῆ Δία πρὸς τοῖς ἄλλοις ἢ τύχῃ καὶ τοῦτο προσένειμε Ῥωμαίοις, τὸ φρονεῖν αὐτοὺς εὐθέως ἐκ γενετῆς. [5] πρὸς μὲν οὖν τὰ τοιαῦτα τῶν συγγραμμάτων οἷα γράφει Χαιρέας καὶ Σωσύλος οὐδὲν ἂν δέοι πλέον λέγειν: οὐ γὰρ ἱστορίας, ἀλλὰ κουρεακῆς καὶ πανδήμου λαλιᾶς ἔμοιγε δοκοῦσι τάξιν ἔχειν καὶ δύναμιν. [6] Ῥωμαῖοι δέ, προσπεσόντος σφίσι τοῦ γεγονότος κατὰ τοὺς Ζακανθαίους ἀτυχήματος, παραχρῆμα πρεσβευτὰς ἐλόμενοι κατὰ σπουδὴν ἐξαπέστειλαν εἰς τὴν Καρχηδόνα, [7] δύο προτείνοντες αὐτοῖς, ὧν τὸ μὲν αἰσχύνῃν ἅμα καὶ βλάβην ἐδόκει φέρειν δεξαμένοις τοῖς

Καρχηδονίοις, τὸ δ' ἕτερον πραγμάτων καὶ κινδύνων ἀρχὴν μεγάλων. [8] ἥ γὰρ τὸν στρατηγὸν Ἀννίβαν καὶ τοὺς μετ' αὐτοῦ συνέδρους ἐκδότους διδόναι Ῥωμαίοις ἐπέταπτον, ἢ προήγγελλον τὸν πόλεμον. [9] παραγενομένων δὲ τῶν Ῥωμαίων καὶ παρελθόντων εἰς τὸ συνέδριον καὶ διασαφούντων ταῦτα, δυσχερῶς ἤκουον οἱ Καρχηδόνιοι τὴν αἴρεσιν τῶν προτεινομένων. [10] ὅμως δὲ προστησάμενοι τὸν ἐπιτηδειότατον ἐξ αὐτῶν ἤρξαντο περὶ σφῶν

[2] ἐχρῶντο δ' ἐξ αὐτῶν Ῥωμαίων εἰς τοῦτο παραδείγματι. τὰς γὰρ ἐπὶ Λυτατίου γενομένας συνθήκας ἐν τῷ πολέμῳ τῷ περὶ Σικελίας, ταύτας ἔφασαν ἤδη συνωμολογημένας ὑπὸ Λυτατίου μετὰ ταῦτα τὸν δῆμον τῶν Ῥωμαίων ἀκύρους ποιῆσαι διὰ τὸ χωρὶς τῆς αὐτοῦ γενέσθαι γνώμης. [3] ἐπιέζον δὲ καὶ προσαπηρείδοντο παρ' ὅλην τὴν δικαιολογίαν ἐπὶ τὰς τελευταίας συνθήκας τὰς γενομένας ἐν τῷ περὶ Σικελίας πολέμῳ. [4] ἐν αἷς περὶ μὲν Ἰβηρίας οὐκ ἔφασαν ὑπάρχειν ἔγγραφον οὐδέν, περὶ δὲ τοῦ τοῖς ἐκατέρων συμμάχοις τὴν παρ' ἄμφοιν ἀσφάλειαν εἶναι ῥητῶς κατατετάχθαι. [5] Ζακανθαίους δὲ παρεδείκνουν οὐκ ὄντας τότε Ῥωμαίων συμμάχους καὶ παρανεγίνωσκον πρὸς τοῦτο πλεονάκις τὰς συνθήκας. [6] Ῥωμαῖοι δὲ τοῦ μὲν δικαιολογεῖσθαι καθάπαξ ἀπεγίνωσκον, φάσκοντες ἀκεραίου μὲν ἔτι διαμενούσης τῆς τῶν Ζακανθαίων πόλεως ἐπιδέχεσθαι τὰ πράγματα δικαιολογίαν καὶ δυνατόν εἶναι λόγῳ περὶ τῶν ἀμφισβητουμένων διεξάγειν: [7] ταύτης δὲ παρεσπονδημένης ἢ τοὺς αἰτίους ἐκδοτέον εἶναι σφίσι, δι' οὗ φανερόν ἔσται πᾶσιν ὥς οὐ μετεσχέκασιν τῆς ἀδικίας, ἀλλ' ἄνευ τῆς αὐτῶν γνώμης πεπράχθαι τοῦτο τοῦργον, [8] ἢ μὴ βουλομένους τοῦτο ποιεῖν, ὁμολογοῦντας δὲ κοινωνεῖν τῆς ἀδικίας καὶ συναναδέχεσθαι τὸν πόλεμον. οἱ μὲν οὖν καθολικώτερόν πως ἐχρήσαντο τοῖς λόγοις. ἀπάσης, [4] Καρχηδονίους δ' Ἰταλίας, καὶ διότι ὑπερέβαινον Ῥωμαῖοι τὰς συνθήκας καὶ τοὺς ὅρκους, ἐπεὶ ἐποιήσαντο τὴν πρώτην εἰς Σικελίαν διάβασιν, μήτε γεγονότος μήθ' ὑπάρχοντος παράπαν ἐγγράφου τοιούτου μηδενός. [5] ταῦτα γὰρ ἐν τῇ δευτέρᾳ λέγει βύβλῳ διαρρήδην. περὶ ὧν ἡμεῖς ἐν τῇ παρασκευῇ τῆς ἰδίας πραγματείας μνησθέντες εἰς τοῦτον ὑπερεθέμεθα τὸν καιρὸν κατὰ μέρος περὶ αὐτῶν ἐξεργάσασθαι διὰ τὸ καὶ πλείους διεψεῦσθαι τῆς ἀληθείας ἐν τούτοις, πιστεύσαντας τῇ Φιλίνου γραφῇ. [6] οὐ μὴν ἀλλ' εἰ κατὰ τοῦτό τις ἐπιλαμβάνεται Ῥωμαίων περὶ τῆς εἰς Σικελίαν διαβάσεως, ὅτι καθόλου Μαμερτίνοις προσέλαβον εἰς τὴν φιλίαν καὶ μετὰ ταῦτα δεομένοις ἐβοήθησαν, οἵτινες οὐ μόνον τὴν Μεσσηνίων πόλιν ἀλλὰ καὶ τὴν Ῥηγίων παρεσπόνδησαν, εἰκότως ἂν δόξειεν δυσαρεστεῖν. [7] εἰ δὲ παρὰ τοὺς ὅρκους καὶ τὰς συνθήκας ὑπολαμβάνει τις αὐτοὺς πεποιῆσθαι τὴν διάβασιν, ἀγνοεῖ προφανῶς.

[1] συντελεσθέντος τοίνυν τοῦ περὶ Σικελίας πολέμου ποιοῦνται συνθήκας ἄλλας, ἐν αἷς τὰ συνέχοντα τῶν ἐγγράπτων ἦν ταῦτα: “[2] ἰέκχωρεῖν Καρχηδονίους “1καὶ Σικελίας ἀπάσης καὶ τῶν νήσων ἀπασῶν τῶν “ [3] ἰκειμένων Ἰταλίας μεταξὺ καὶ Σικελίας. τὴν ἀσφάλειαν “1ὑπάρχειν παρ' ἐκατέρων τοῖς ἐκατέρων συμμάχοις. “[4] ἰμῆδετέρους ἐν ταῖς ἀλλήλων ἐπαρχίαις μηδὲν ἐπὶ”1τάττειν μηδ' οἰκοδομεῖν δημοσίᾳ μηδὲ ξενολογεῖν “1μηδὲ προσλαμβάνειν εἰς φιλίαν τοὺς ἀλλήλων συμ” [5] ἰμάχους. ἐξενεγκεῖν Καρχηδονίους ἐν ἔτεσιν δέκα “1δισχίλια καὶ διακόσια τάλαντα, παραυτίκα δὲ δοῦ” [6] ἰναι χίλια. τοὺς αἰχμαλώτους χωρὶς λύτρων ἀπο”1δοῦναι πάντας Καρχηδονίους τοῖς Ῥωμαίοις.”2 μετὰ δὲ ταῦτα πάλιν, [7] λήξαντος τοῦ Λιβυκοῦ πολέμου, Ῥωμαῖοι Καρχηδονίοις πόλεμον ἐξενέγκαντες ἕως δόγματος ἐπισυνθήκας ἐποιήσαντο τοιαύτας: “[8] ἰέκ”1χωρεῖν Καρχηδονίους Σαρδόνος καὶ προσεξενεγκεῖν “1ἄλλα χίλια καὶ διακόσια τάλαντα,”2 καθάπερ ἐπάνω προείπαμεν. [9] ἐπὶ δὲ τοῖς προειρημένοις τελευταῖαι πρὸς Ἀσδρούβαν ἐν Ἰβηρίᾳ γίνονται διομολογήσεις, “1ἐφ' ᾧ μὴ διαβαίνειν Καρχηδονίους ἐπὶ πολέμῳ “ [10] ἰτὸν Ἰβηρα ποταμόν.”2 ταῦθ' ὑπῆρχε τὰ δίκαια Ῥωμαίοις καὶ Καρχηδονίοις ἀπὸ τῆς ἀρχῆς ἕως εἰς τοὺς κατ' Ἀννίβαν καιρούς.

[1] ὥσπερ οὖν τὴν εἰς Σικελίαν διάβασιν Ῥωμαίων οὐ παρὰ τοὺς ὅρκους εὐρίσκομεν γεγεννημένην, οὕτως ὑπὲρ τοῦ δευτέρου πολέμου, καθ' ὃν ἐποιήσαντο τὰς περὶ Σαρδόνος συνθήκας, οὔτε πρόφασιν οὔτ' αἰτίαν εὔροι τις ἂν εὐλογον, [2] ἀλλ' ὁμολογουμένως τοὺς

Καρχηδόνιους ἠναγκασμένους παρὰ πάντα τὰ δίκαια διὰ τὸν καιρὸν ἐκχωρῆσαι μὲν Σαρδόνοσ, ἐξενεγκεῖν δὲ τὸ προειρημένον πλῆθος τῶν χρημάτων. [3] τὸ μὲν γὰρ ὑπὸ Ῥωμαίων περὶ τούτων λεγόμενον ἔγκλημα, διότι τοὺς παρὰ σφῶν πλοῖζομένους ἡδίκουν κατὰ τὸν Λιβυκὸν πόλεμον, ἐλύθη καθ' οὓς καιροὺς κομισάμενοι παρὰ Καρχηδονίων ἅπαντας τοὺς κατηγμένους ἀντεδωρήσαντο χωρὶς λύτρων ἐν χάριτι τοὺς παρὰ σφίσιν ὑπάρχοντας αἰχμαλώτους. [4] ὑπὲρ ὧν ἡμεῖς τὰ κατὰ μέρος ἐν τῇ πρὸ ταύτης βύβλῳ δεδηλώκαμεν. [5] τούτων δὴ τοιούτων ὑπαρχόντων, λοιπὸν διευκρινῆσαι καὶ σκέψασθαι περὶ τοῦ κατ' Ἀννίβαν πολέμου ποτέροις αὐτῶν τὴν αἰτίαν ἀναθετόν.

[1] τὰ μὲν οὖν ὑπὸ Καρχηδονίων τότε ρηθέντα δεδηλώκαμεν, τὰ δ' ὑπὸ Ῥωμαίων λεγόμενα νῦν ἐροῦμεν: οἷς τότε μὲν οὐκ ἐχρήσαντο διὰ τὸν ἐπὶ τῇ Ζακανθαίῳ ἀπωλείᾳ θυμὸν: λέγεται δὲ πολλάκις καὶ ὑπὸ πολλῶν παρ' αὐτοῖς. [2] πρῶτον μὲν ὅτι τὰς πρὸς Ἀσδρούβαν γενομένας ὁμολογίας οὐκ ἄθετητόν, καθάπερ οἱ Καρχηδόνιοι λέγειν ἐθάρρουν: οὐ γὰρ προσέκειτο, [3] καθάπερ ἐπὶ τοῦ Λυτατίου, “Ἰκυρίας εἶναι ταύτας, ἐὰν καὶ τῷ δήμῳ δόξη τῶν “ἸΡωμαίων:”2 ἀλλ' αὐτοτελῶς ἐποιήσατο τὰς ὁμολογίας Ἀσδρούβας, ἐν αἷς ἦν, “Ἰτὸν Ἰβηρα ποταμὸν μὴ δια” [4] Ἰβαίνειν ἐπὶ πολέμῳ Καρχηδονίους.”2 καὶ μὴν ἐν ταῖς περὶ Σικελίαν συνθήκαις ἦν ἔγγραπτον, καθάπερ κάκεῖνοί φασιν, “Ἰὑπάρχειν τοῖς ἀμφοτέρων συμ”Ἰμάχοις τὴν παρ' ἐκατέρων ἀσφάλειαν,”2 οὐκ αὐτοῖς μόνον τοῖς τότε συμμαχοῦσι, καθάπερ ἐποιοῦντο τὴν ἐκδοχὴν οἱ Καρχηδόνιοι: [5] προσέκειτο γὰρ ἂν ἤτοι τὸ μὴ προσλαμβάνειν ἐτέρους συμμάχους παρὰ τοὺς ὑπάρχοντας ἢ τὸ μὴ παραλαμβάνεσθαι τοὺς ὕστερον προσληφθέντας τούτων τῶν συνθηκῶν. [6] ὅτε δὲ τούτων οὐδέτερον ἐγράφη, προφανὲς ἦν ὅτι πᾶσι τοῖς ἐκατέρων συμμάχοις, καὶ τοῖς οὗσι τότε καὶ τοῖς μετὰ ταῦτα προσληφθησομένοις, τὴν παρ' ἀμφοῖν ἀσφάλειαν ἀεὶ δεόν ἦν ὑπάρχειν. [7] ὃ δὴ καὶ πάντως ἂν εἰκὸς εἶναι δόξειεν. οὐ γὰρ δήπου τοιαύτας ἔμελλον ποιήσεσθαι συνθήκας δι' ὧν ἀφελοῦνται τὴν ἐξουσίαν σφῶν αὐτῶν τοῦ προσλαμβάνειν κατὰ καιροῦς, ἂν τινες ἐπιτήδαιοι φανῶσιν αὐτοῖς φίλοι καὶ σύμμαχοι, [8] οὐδὲ μὴν προσλαβόντες εἰς τὴν σφετέραν πίστιν περιόψεσθαι τούτους ὑπὸ τινων ἀδικουμένους: [9] ἀλλ' ἦν ἀμφοτέρων τὸ συνέχον τῆς ἐννοίας τῆς ἐν ταῖς συνθήκαις τῶν μὲν ὑπαρχόντων ἀμφοτέροις τότε

συμμάχων ἀφέξεσθαι καὶ κατὰ μηδένα τρόπον τοὺς ἑτέρους παρὰ τῶν ἑτέρων ἐπιδέξεσθαι τινὰς τούτων εἰς συμμαχίαν, [10] περὶ δὲ τῶν μετὰ ταῦτα προσληφθησομένων αὐτὸ τοῦτο, μήτε ξενολογεῖν μήτ' ἐπιτάττειν μηδετέρους μηδὲν ἐν ταῖς ἀλλήλων ἐπαρχίαις καὶ συμμαχίαις, ὑπάρχειν τε τὴν ἀσφάλειαν πᾶσι τὴν παρ' ἀμφοῖν.

[1] τούτων δὴ τοιούτων ὑπαρχόντων, ὁμολογούμενον ἦν κάκεῖνο διότι Ζακανθαῖοι πλείοσιν ἔτεσιν ἤδη πρότερον τῶν κατ' Ἀννίβαν καιρῶν ἐδεδώκεισαν αὐτοὺς εἰς τὴν τῶν Ῥωμαίων πίστιν. [2] σημεῖον δὲ τοῦτο μέγιστον καὶ παρ' αὐτοῖς τοῖς Καρχηδονίοις ὁμολογούμενον ὅτι στασιάσαντες Ζακανθαῖοι πρὸς σφᾶς οὐ Καρχηδονίοις ἐπέτρεψαν, καίπερ ἐγγὺς ὄντων αὐτῶν καὶ τὰ κατὰ τὴν Ἰβηρίαν ἤδη πραττόντων, ἀλλὰ Ῥωμαίοις καὶ διὰ τούτων ἐποιήσαντο τὴν κατόρθωσιν τῆς πολιτείας. [3] διόπερ εἰ μὲν τις τὴν Ζακάνθης ἀπώλειαν αἰτίαν τίθησι τοῦ πολέμου, συγχωρητέον ἀδίκως ἐξηγενοχέαι τὸν πόλεμον Καρχηδονίους κατὰ τε τὰς ἐπὶ τοῦ Λυτατίου συνθήκας, καθ' ἃς ἔδει τοῖς ἑκατέρων συμμάχοις τὴν ὑφ' ἑκατέρων ὑπάρχειν ἀσφάλειαν, κατὰ τε τὰς ἐπ' Ἀσδρούβου, καθ' ἃς οὐκ ἔδει διαβαίνειν τὸν Ἰβηρα ποταμὸν ἐπὶ πολέμῳ Καρχηδονίους: [4] εἰ δὲ τὴν Σαρδόνοος ἀφαίρεσιν καὶ τὰ σὺν ταύτῃ χρήματα, πάντως ὁμολογητέον εὐλόγως πεπολεμηκέναι τὸν κατ' Ἀννίβαν πόλεμον τοὺς Καρχηδονίους: καιρῷ γὰρ πεισθέντες ἡμύνοντο σὺν καιρῷ τοὺς βλάψαντας.

[1] ἔνιοι δὲ τῶν ἀκρίτως τὰ τοιαῦτα θεωμένων τάχ' ἂν φήσαιεν ἡμᾶς οὐκ ἀναγκαίως ἐπὶ πλεῖον ἐξακριβοῦν τοὺς ὑπὲρ τῶν τοιούτων λόγους. [2] ἐγὼ δ', εἰ μὲν τις ὑπείληφεν πρὸς πᾶσαν περίστασιν αὐτάρκης ὑπάρχειν, καλὴν μὲν, οὐκ ἀναγκαίαν δ' ἴσως φήσαιμ' ἂν εἶναι τὴν τῶν προγεγονότων ἐπιστήμην: [3] εἰ δὲ μηδεὶς ἂν μήτε περὶ τῶν κατ' ἰδίαν μήτε περὶ τῶν κοινῶν τολμήσαι τοῦτ' εἰπεῖν ἄνθρωπος ὢν διὰ τό, κἂν κατὰ τὸ παρὸν εὐτυχῇ, τὴν γε περὶ τοῦ μέλλοντος ἐλπίδα μηδὲν ἂν ἐκ τῶν νῦν παρόντων εὐλόγως βεβαιώσασθαι μηδένα τῶν νοῦν ἔχόντων, οὐ μόνον καλὴν, [4] ἔτι δὲ μᾶλλον ἀναγκαίαν εἶναι φημι διὰ ταῦτα τὴν τῶν παρεληλυθότων ἐπίγνωσιν. [5] πῶς γὰρ ἂν εἴτ' αὐτὸς ἀδικούμενός τις ἢ τῆς πατρίδος ἀδικουμένης βοηθοὺς εὖροι καὶ συμμάχους, εἴτε κτήσασθαι τι καὶ προκατάρξασθαι σπουδάζων τοὺς συνεργήσοντας αὐτῷ παρορμήσαι πρὸς τὰς ἐπιβολάς; [6] πῶς δ' ἂν εὐδοκούμενος τοῖς ὑποκειμένοις τοὺς βεβαιώσοντας τὴν αὐτοῦ προαίρεσιν καὶ διαφυλάζοντας τὴν

κατάστασιν παροξύναι δικαίως, εἰ μηδὲν εἰδείη τῆς τῶν προγεγονότων περὶ ἐκάστους ὑπομνήσεως; [7] πρὸς μὲν γὰρ τὸ παρὸν ἀεὶ πως ἀρμοζόμενοι καὶ συνυποκρινόμενοι τοιαῦτα καὶ λέγουσι καὶ πράττουσι πάντες ὥστε δυσθεώρητον εἶναι τὴν ἐκάστου προαίρεσιν καὶ λίαν ἐν πολλοῖς ἐπισκοπεῖσθαι τὴν ἀλήθειαν. [8] τὰ δὲ παρελθλυτότα τῶν ἔργων, ἐξ αὐτῶν τῶν πραγμάτων λαμβάνοντα τὴν δοκιμασίαν, ἀληθινῶς ἐμφαίνει τὰς ἐκάστων αἱρέσεις καὶ διαλήψεις καὶ δηλοῖ παρ' οἷς μὲν χάριν, εὐεργεσίαν, βοήθειαν ἡμῖν ὑπάρχουσαν, παρ' οἷς δὲ τάναντία τούτων. [9] ἐξ ὧν καὶ τὸν ἐλέησοντα καὶ τὸν συνοργιούμενον, ἔτι δὲ τὸν δικαιώσοντα, πολλάκις καὶ ἐπὶ πολλῶν εὐρεῖν ἔστιν. [10] ἅπερ ἔχει μεγίστας ἐπικουρίας καὶ κοινῇ καὶ κατ' ἰδίαν πρὸς τὸν ἀνθρώπινον βίον. [11] διόπερ οὐχ οὕτως ἐστὶ φροντιστέον τῆς αὐτῶν τῶν πράξεων ἐξηγήσεως οὔτε τοῖς γράφουσιν οὔτε τοῖς ἀναγινώσκουσιν τὰς ἱστορίας, ὥς τῶν πρότερον καὶ τῶν ἅμα καὶ τῶν ἐπιγινομένων τοῖς ἔργοις. [12] ἱστορίας γὰρ ἐὰν ἀφέλῃ τις τὸ διὰ τί καὶ πῶς καὶ τίνος χάριν ἐπράχθη τὸ πραχθὲν καὶ πότερον εὐλογον ἔσχε τὸ τέλος, τὸ καταλειπόμενον αὐτῆς ἀγώνισμα μὲν μάθημα δ' οὐ γίνεται, [13] καὶ παραντίκα μὲν τέρπει, πρὸς δὲ τὸ μέλλον οὐδὲν ὠφελεῖ τὸ παράπαν.

[1] ἥτις καὶ τοὺς ὑπολαμβάνοντας δύσκτητον εἶναι καὶ δυσανάγνωστον τὴν ἡμετέραν πραγματείαν διὰ τὸ πλῆθος καὶ τὸ μέγεθος τῶν βύβλων ἀγνοεῖν νομιστέον. [2] πόσῳ γὰρ ῥᾶόν ἐστι καὶ κτήσασθαι καὶ διαναγνῶναι βύβλους τετταράκοντα καθαπερανεῖ κατὰ μίτον ἐξυφασμένας καὶ παρακολουθεῖσαι σαφῶς ταῖς μὲν κατὰ τὴν Ἰταλίαν καὶ Σικελίαν καὶ Λιβύην πράξεις ἀπὸ τῶν κατὰ Πύρρον [καὶ Τίμαιον συγγραφέων καὶ καιρῶν ἐξηγήσεως] εἰς τὴν Καρχηδόνοιο ἄλῳσιν, [3] ταῖς δὲ κατὰ τὴν ἄλλην οἰκουμένην ἀπὸ τῆς Κλεομένους τοῦ Σπαρτιάτου φυγῆς κατὰ τὸ συνεχὲς μέχρι τῆς Ἀχαιῶν καὶ Ῥωμαίων περὶ τὸν Ἰσθμὸν παρατάξεως, ἥ τὰς τῶν κατὰ μέρος γραφόντων συντάξεις ἀναγινώσκειν ἢ κτᾶσθαι; [4] χωρὶς γὰρ τοῦ πολλαπλασίου αὐτὰς ὑπάρχειν τῶν ἡμετέρων ὑπομνημάτων, οὐδὲ καταλαβεῖν ἐξ αὐτῶν βεβαίως οὐδὲν οἷόν τε τοὺς ἀναγινώσκοντας, πρῶτον μὲν διὰ τὸ τοὺς πλείστους μὴ ταῦτά περὶ τῶν αὐτῶν γράφειν, [5] εἴτα διὰ τὸ τὰς καταλλήλους τῶν πράξεων παραλείπειν, ὧν ἐκ παραθέσεως συνθεωρουμένων καὶ συγκρινομένων ἀλλοιοτέρας ἕκαστα τυγχάνει δοκιμασίας τῆς κατὰ μέρος διαλήψεως, τῶν δὲ κυριωτάτων μηδὲ ψαύειν αὐτοὺς δύνασθαι

τὸ παράπαν. [6] ἀκμὴν γάρ φαμεν ἀναγκαιότατα μέρη τῆς ἱστορίας εἶναι τὰ τ' ἐπιγινόμενα τοῖς ἔργοις καὶ τὰ παρεπόμενα καὶ μάλιστα τὰ περὶ τὰς αἰτίας. [7] θεωροῦμεν δὲ τὸν μὲν Ἀντιοχικὸν πόλεμον ἐκ τοῦ Φιλιππικοῦ τὰς ἀφορμὰς εἰληφότα, τὸν δὲ Φιλιππικὸν ἐκ τοῦ κατ' Ἀννίβαν, τὸν δ' Ἀννιβιακὸν ἐκ τοῦ περὶ Σικελίαν, τὰ δὲ μεταξὺ τούτων πολλὰς καὶ ποικίλας ἐσχηκότα διαθέσεις, πάσας δὲ συννευούσας πρὸς τὴν αὐτὴν ὑπόθεσιν. [8] ταῦτα δὴ πάντα διὰ μὲν τῶν γραφόντων καθόλου δυνατὸν ἐπιγινῶναι καὶ μαθεῖν, διὰ δὲ τῶν τοὺς πολέμους αὐτοὺς, οἷον τὸν Περσικὸν ἢ τὸν Φιλιππικόν, ἀδύνατον, [9] εἰ μὴ καὶ τὰς παρατάξεις τις ἀναγινώσκων αὐτὰς ἐξ ὧν ἐκεῖνοι γράφουσιν ὑπολαμβάνει σαφῶς ἐπεγνώκεναι καὶ τὴν τοῦ πολέμου τοῦ σύμπαντος οἰκονομίαν καὶ διάθεσιν. [10] ἀλλ' οὐκ ἔστι τούτων οὐδέν, ἀλλ' ὅσῳ διαφέρει τὸ μαθεῖν τοῦ μόνον ἀκοῦσαι, τοσούτῳ καὶ τὴν ἡμετέραν ἱστορίαν ὑπολαμβάνω διαφέρειν τῶν ἐπὶ μέρους συντάξεων.

[1] οἱ δὲ παρὰ τῶν Ῥωμαίων πρέσβεις — τὴν γὰρ παρέκβασιν ἐντεῦθεν ἐποιησάμεθα — διακούσαντες τὰ παρὰ τῶν Καρχηδονίων ἄλλο μὲν οὐδὲν εἶπαν, [2] ὁ δὲ πρεσβύτατος αὐτῶν δείξας τοῖς ἐν τῷ συνεδρίῳ τὸν κόλπον ἐνταῦθα καὶ τὸν πόλεμον αὐτοῖς ἔφη καὶ τὴν εἰρήνην φέρειν: ἐκβαλὼν οὖν, ὁπότερον ἂν κελεύσωσιν, ἀπολείπειν. [3] ὁ δὲ βασιλεὺς τῶν Καρχηδονίων, ὁπότερον αὐτοῖς φαίνεται, τοῦτ' ἐκβαλεῖν ἐκέλευσε. [4] τοῦ δὲ Ῥωμαίου φήσαντος τὸν πόλεμον ἐκβαλεῖν, ἀνεφώνησαν ἅμα καὶ πλείους τῶν ἐκ τοῦ συνεδρίου, δέχεσθαι φάσκοντες. οἱ μὲν οὖν πρέσβεις καὶ τὸ συνέδριον ἐπὶ τούτοις ἐχωρίσθησαν. [5] Ἀννίβας δὲ παραχειμάζων ἐν Καινῇ πόλει πρῶτον μὲν διαφῆκε τοὺς Ἰβήρας ἐπὶ τὰς ἑαυτῶν πόλεις, βουλόμενος ἐτοίμους καὶ προθύμους παρασκευάζειν πρὸς τὸ μέλλον. [6] δεύτερον δ' Ἀσδρούβα τὰδελφῷ διέταξε πῶς δεήσει τῇ τε τῶν Ἰβήρων ἀρχῇ καὶ δυναστείᾳ χρῆσθαι ταῖς τε πρὸς Ῥωμαίους παρασκευαῖς, ἐὰν αὐτὸς χωρίζηται πού. [7] τρίτον ὑπὲρ τῆς ἀσφαλείας τῶν ἐν Λιβύῃ προυνοεῖτο πραγμάτων. [8] πάντῳ δ' ἐμπείρως καὶ φρονίμως ἐκλογιζόμενος ἐκ μὲν Λιβύης εἰς Ἰβηρίαν, ἐκ δ' Ἰβηρίας εἰς Λιβύην διεβίβαζε στρατιώτας, ἐκδεσμεύων τὴν ἑκατέρων πίστιν εἰς ἀλλήλους διὰ τῆς τοιαύτης οἰκονομίας. [9] ἦσαν δ' οἱ διαβάντες εἰς τὴν Λιβύην Θερσίται, Μαστιανοί, [10] πρὸς δὲ τούτοις Ὀρήτες Ἰβήρες, Ὀκλάδες, οἱ δὲ σύμπαντες ἀπὸ τούτων τῶν ἐθνῶν ἱππεῖς μὲν χίλιοι διακόσιοι, πεζοὶ δὲ μύριοι τρισχίλιοι ὀκτακόσιοι πεντήκοντα,

πρὸς δὲ τούτοις Βαλιαρεῖς ὀκτακόσιοι ἑβδομήκοντα, [11] οὓς κυρίως μὲν καλοῦσι σφενδονήτας, ἀπὸ δὲ τῆς χρείας ταύτης συνωνύμως καὶ τὸ ἔθνος αὐτῶν προσαγορεύουσι καὶ τὴν νῆσον. [12] τῶν δὲ προειρημένων τοὺς μὲν πλείους εἰς τὰ Μεταγώνια τῆς Λιβύης, τινὰς δ' εἰς αὐτὴν Καρχηδόνα κατέταξεν. [13] ἀπὸ δὲ τῶν πόλεων τῶν Μεταγωνιτῶν καλουμένων ἀπέστειλεν ἄλλους εἰς Καρχηδόνα πεζοὺς τετρακισχιλίους, ὀμηρεῖας ἔχοντας καὶ βοηθείας ἅμα τάξιν. [14] ἐπὶ δὲ τῆς Ἰβηρίας ἀπέλιπεν Ἀσδρούβα τὰδελφῶ πεντήρεις μὲν πεντήκοντα, τετρήρεις δὲ δύο καὶ τριήρεις πέντε· τούτων ἐχούσας πληρώματα πεντήρεις μὲν τριάκοντα δύο, τριήρεις δὲ πέντε. [15] καὶ μὴν ἱππεῖς Λιβυφοινίκων μὲν καὶ Λιβύων τετρακοσίους πεντήκοντα, Λεργητῶν δὲ τριακοσίους, Νομάδων δὲ Μασυλίων καὶ Μασαισυλίων καὶ Μακκοίων καὶ Μαυρουσίων τῶν παρὰ τὸν Ὠκεανὸν χιλίους ὀκτακοσίους, [16] πεζοὺς δὲ Λιβύων μυρίους χιλίους ὀκτακοσίους πεντήκοντα, Λιγυστίνους τριακοσίους, Βαλιαρεῖς πεντακοσίους, ἐλέφαντας εἴκοσι καὶ ἓνα. [17]

[1] οὐ χρὴ δὲ θαυμάζειν τὴν ἀκρίβειαν τῆς ἀναγραφῆς, εἰ τοιαύτη κεκρήμεθα περὶ τῶν ὑπ' Ἀννίβου κατ' Ἰβηρίαν πεπραγμένων οἷα μόλις ἂν χρήσαιτό τις αὐτὸς κεχειρικῶς τὰς κατὰ μέρος πράξεις, οὐδὲ προκαταγινώσκειν, εἰ πεποιήκαμεν παραπλήσιον τοῖς ἀξιοπίστως ψευδομένοις τῶν συγγραφέων. [18] ἡμεῖς γὰρ εὐρόντες ἐπὶ Λακινίῳ τὴν γραφὴν ταύτην ἐν χαλκῳματι κατατεταγμένην ὑπ' Ἀννίβου, καθ' οὓς καιροὺς ἐν τοῖς κατὰ τὴν Ἰταλίαν τόποις ἀνεστρέφετο, πάντως ἐνομίσαμεν αὐτὴν περὶ γε τῶν τοιούτων ἀξιόπιστον εἶναι· διὸ καὶ κατακολουθεῖν εἰλόμεθα τῇ γραφῇ ταύτῃ. Ἀννίβας δὲ πάντα προνοηθεὶς περὶ τῆς ἀσφαλείας τῶν τε κατὰ Λιβύην πραγμάτων καὶ τῶν ἐν Ἰβηρίᾳ λοιπὸν ἐκαραδόκει καὶ προσεδέχετο τοὺς παρὰ τῶν Κελτῶν πρὸς αὐτὸν ἀποστελλομένους· [2] σαφῶς γὰρ ἐξητάκει καὶ τὴν ἀρετὴν τῆς ὑπὸ τὰς Ἄλπεις καὶ περὶ τὸν Πάδον ποταμὸν χώρας καὶ τὸ πλῆθος τῶν κατοικούντων αὐτήν, ἔτι δὲ τὴν πρὸς τοὺς πολέμους τῶν ἀνδρῶν τόλμαν, [3] καὶ τὸ μέγιστον, τὴν ὑπάρχουσαν δυσμένειαν αὐτοῖς ἐκ τοῦ προγεγονότος πολέμου πρὸς Ῥωμαίους, ὑπὲρ οὗ διήλθομεν ἡμεῖς ἐν τῇ πρὸ ταύτης βύβλῳ χάριν τοῦ συμπεριφέρεσθαι τοὺς ἐντυγχάνοντας τοῖς νῦν μέλλουσι λέγεσθαι. [4] διόπερ εἵχετο ταύτης τῆς ἐλπίδος καὶ πᾶν ὑπισχνεῖτο, διαπεμπόμενος ἐπιμελῶς πρὸς τοὺς δυνάστας τῶν Κελτῶν καὶ τοὺς ἐπὶ τὰδε καὶ τοὺς ἐν αὐταῖς ταῖς Ἄλπεσιν

ἐνοικοῦντας, [5] μόνως ἂν ὑπολαμβάνων ἐν Ἰταλίᾳ συστήσασθαι τὸν πρὸς Ῥωμαίους πόλεμον, εἰ δυνηθεῖη διαπεράσας τὰς πρὸ τοῦ δυσχωρίας εἰς τοὺς προειρημένους ἀφικέσθαι τόπους καὶ συνεργοῖς καὶ συμμάχοις χρήσασθαι Κελτοῖς εἰς τὴν προκειμένην ἐπιβολήν. [6] ἀφικομένων δὲ τῶν ἀγγέλων καὶ τὴν τε τῶν Κελτῶν βούλησιν καὶ προσδοκίαν ἀπαγγειλάντων τὴν τε τῶν Ἀλπεινῶν ὁρῶν ὑπερβολὴν ἐπίπονον μὲν καὶ δυσχερὴ λίαν, οὐ μὴν ἀδύνατον εἶναι φασκόντων, συνῆγε τὰς δυνάμεις ἐκ τῆς παραχειμασίας ὑπὸ τὴν ἑαρινὴν ὥραν. [7] προσπεπτωκότων δὲ προσφάτως αὐτῷ καὶ τῶν ἐκ τῆς Καρχηδόνης, ἐπαρθεὶς τῷ θυμῷ καὶ πιστεύων τῇ τῶν πολιτῶν εὐνοίᾳ παρεκάλει τὰς δυνάμεις φανερώς ἤδη πρὸς τὸν κατὰ Ῥωμαίων πόλεμον, [8] ἐμφανίζων μὲν ὃν τρόπον ἐκδοτον αὐτὸν ἐγχειρήσαιεν αἰτεῖσθαι Ῥωμαῖοι καὶ πάντας τοὺς τοῦ στρατοπέδου προεστῶτας, ὑποδεικνύων δὲ τὴν τῆς χώρας ἀρετὴν, εἰς ἣν ἀφίζονται, καὶ τὴν τῶν Κελτῶν εὐνοίαν καὶ συμμαχίαν. [9] εὐθύμως δὲ τῶν ὄχλων αὐτῷ συνεξισταμένων, ἐπαινέσας καὶ παραγγείλας τακτὴν ἡμέραν, ἐν ἣ ποιήσεται τὴν ἔξοδον, τότε μὲν διέλυσε τὴν ἐκκλησίαν.

[1] ἐπιτελέσας δὲ τὰ προειρημένα κατὰ τὴν παραχειμασίαν καὶ παρασκευάσας ἱκανὴν ἀσφάλειαν τοῖς τε κατὰ τὴν Λιβύην καὶ τοῖς ἐν Ἰβηρίᾳ πράγμασι, παραγενομένης τῆς ταχθείσης ἡμέρας, προῆγε, πεζῶν μὲν ἔχων εἰς ἑννέα μυριάδας, ἵππεῖς δὲ περὶ μυρίου καὶ δισχιλίου. [2] καὶ διαβὰς τὸν Ἰβηρα ποταμὸν κατεστρέφετο τό τε τῶν Ἰλουργητῶν ἔθνος καὶ Βαργουσίων ἔτι δὲ τοὺς Αἰρηνοσίους καὶ τοὺς Ἀνδοσίους μέχρι τῆς προσαγορευομένης Πυρήνης. [3] ποιησάμενος δὲ πάντας ὑφ' ἑαυτὸν καὶ τινὰς πόλεις κατὰ κράτος ἐλῶν, ταχέως μὲν καὶ παρ' ἐλπίδα, μετὰ πολλῶν δὲ καὶ μεγάλων ἀγώνων ἔτι δὲ πολλῆς καταφθορᾶς ἀνδρῶν, [4] ἡγεμόνα μὲν ἐπὶ πάσης κατέλιπε τῆς ἐπὶ τὰδε τοῦ ποταμοῦ χώρας Ἄνωνα, τῶν δὲ Βαργουσίων καὶ δεσπότην: μάλιστα γὰρ τούτοις ἠπίσται διὰ τὴν πρὸς Ῥωμαίους εὐνοίαν. [5] ἀπεμέρισε δὲ καὶ τῆς δυνάμεως ἧς εἶχε τῷ μὲν Ἄνωνι πεζοὺς μυριοὺς ἵππεῖς δὲ χιλίους καὶ τὰς ἀποσκευὰς ἀπέλιπε τούτῳ τῶν αὐτῷ συνεξορμώντων. [6] εἰς δὲ τὴν οἰκειὰν ἀπέλυσε τοὺς ἴσους τοῖς προειρημένοις, βουλόμενος αὐτούς τε τούτους εὐνοὺς ἀπολιπεῖν, τοῖς τε λοιποῖς ὑποδεικνύων ἐλπίδα τῆς εἰς οἶκον ἐπανάδου καὶ τοῖς μεθ' ἑαυτοῦ μὲν στρατευομένοις, οὐχ ἥττον δὲ καὶ τοῖς ἐν οἴκῳ μένουσι τῶν Ἰβήρων, ἵνα προθύμως ἐξορμῶσι πάντες, ἂν ποτέ τις ἐπικουρίας χρεῖα γένηται παρ' αὐτῶν. [7] τὴν δὲ λοιπὴν στρατιὰν

ἀναλαβὼν εὖζωνον πεζοὺς μὲν πεντακισμυρίους ἵππεῖς δὲ πρὸς ἑννακισχιλίους ἤγεν διὰ τῶν Πυρηναίων λεγομένων ὁρῶν ἐπὶ τὴν τοῦ Ῥοδανοῦ καλουμένου ποταμοῦ διάβασιν, [8] ἔχων οὐχ οὕτως πολλὴν δύναμιν ὥς χρησίμην καὶ γεγυμνασμένην διαφερόντως ἐκ τῆς συνεχείας τῶν κατὰ τὴν Ἰβηρίαν ἀγώνων.

[1] ἵνα δὲ μὴ τῶν τόπων ἀγνοουμένων παντάπασιν ἀσαφῆ γίνεσθαι συμβαίνει τὴν διήγησιν, ῥητέον ἂν εἴη πόθεν ὀρμήσας Ἀννίβας καὶ τίνας καὶ πόσους διελθὼν τόπους εἰς ποῖα μέρη κατῆρε τῆς Ἰταλίας. [2] ῥητέον δ' οὐκ αὐτὰς τὰς ὀνομασίας τῶν τόπων καὶ ποταμῶν καὶ πόλεων, ὅπερ ἔνιοι ποιοῦσι τῶν συγγραφέων, ὑπολαμβάνοντες ἐν παντὶ πρὸς γνῶσιν καὶ σαφήνειαν αὐτοτελεῖς εἶναι τοῦτο τὸ μέρος. [3] οἶμαι δ', ἐπὶ μὲν τῶν γνωριζομένων τόπων οὐ μικρὰ μεγάλα δὲ συμβάλλεσθαι πεποίηκε πρὸς ἀνάμνησιν ἢ τῶν ὀνομάτων παράθεσις· ἐπὶ δὲ τῶν ἀγνοουμένων εἰς τέλος ὁμοίαν ἔχει τὴν δύναμιν ἢ τῶν ὀνομάτων ἐξήγησις ταῖς ἀδιανοήτοις καὶ κρουσματικαῖς λέξεσι. [4] τῆς γὰρ διανοίας ἐπ' οὐδὲν ἀπεριδομένης οὐδὲ δυναμένης ἐφαρμόττειν τὸ λεγόμενον ἐπ' οὐδὲν γνώριμον, ἀνυπότακτος καὶ κωφὴ γίνεθ' ἢ διήγησις. [5] διόπερ ὑποδεικτέος ἂν εἴη τρόπος, δι' οὗ δυνατόν ἔσται περὶ τῶν ἀγνοουμένων λέγοντας κατὰ ποσὸν εἰς ἀληθινὰς καὶ γνωρίμους ἐννοίας ἄγειν τοὺς ἀκούοντας.

[1] πρώτη μὲν οὖν καὶ μεγίστη γνῶσις, [6] ἔτι δὲ κοινὴ πᾶσιν ἀνθρώποις ἔστιν ἢ τοῦ περιέχοντος ἡμᾶς διαίρεσις καὶ τάξις, καθ' ἣν πάντες, ὧν καὶ μικρὸν ὄφελος, ἀνατολάς, δύσεις, μεσημβρίαν, ἄρκτον γνωρίζομεν· [7] δευτέρα δέ, καθ' ἣν ἐκάστη διαφορὰ τῶν προειρημένων τοὺς ἐπὶ τῆς γῆς τόπους ὑποτάττοντες καὶ φέροντες αἰετὶ τῇ διανοίᾳ τὸ λεγόμενον ἐπὶ τι τῶν προειρημένων εἰς γνωρίμους καὶ συνήθεις ἐπινοίας ἐμπίπτομεν ὑπὲρ τῶν ἀγνώστων καὶ ἀοράτων τόπων. τούτων δὲ περὶ τῆς ὅλης γῆς ὑποκειμένων, ἀκόλουθον ἂν εἴη τὸ καὶ περὶ τῆς καθ' ἡμᾶς οἰκουμένης ἀνὰ τὸν αὐτὸν λόγον διελομένους εἰς ἐπίστασιν ἀγαγεῖν τοὺς ἀκούοντας. [2] ταύτης διηρημένης εἰς τρία μέρη καὶ τρεῖς ὀνομασίας, τὸ μὲν ἐν μέρος αὐτῆς Ἀσίαν, τὸ δ' ἕτερον Λιβύην, τὸ δὲ τρίτον Εὐρώπην προσαγορεύουσι. [3] τὰς δὲ διαφορὰς ταύτας ὀρίζουσιν ὃ τε Τανάϊς ποταμὸς καὶ Νεῖλος καὶ τὸ καθ' Ἡρακλέους στήλας στόμα. [4] Νεῖλου μὲν οὖν καὶ Τανάιδος μεταξὺ τὴν Ἀσίαν κεῖσθαι συμβέβηκε, πίπτειν δὲ τοῦ περιέχοντος ὑπὸ τὸ μεταξὺ διάστημα θερινῶν ἀνατολῶν καὶ

μεσημβρίας. [5] ἡ δὲ Λιβύη κεῖται μὲν μεταξύ Νείλου καὶ στηλῶν Ἑρακλείων, τοῦ δὲ περιέχοντος πέπτωκεν ὑπὸ τε τὴν μεσημβρίαν καὶ κατὰ τὸ συνεχές ὑπὸ τὰς χειμερινὰς δύσεις ἕως τῆς ἰσημερινῆς καταφορᾶς, ἣ πίπτει καθ' Ἑρακλείους στήλας. [6] αὗται μὲν οὖν αἱ χῶραι καθολικώτερον θεωρούμεναι τὸν πρὸς τὴν μεσημβρίαν τόπον ἐπέχουσι τῆς καθ' ἡμᾶς θαλάττης ἀπὸ τῶν ἀνατολῶν ὡς πρὸς τὰς δύσεις. [7] ἡ δ' Εὐρώπη ταύταις ἀμφοτέραις ὡς πρὸς τὰς ἄρκτους ἀντιπαράκειται, κατὰ τὸ συνεχές ἀπὸ τῶν ἀνατολῶν παρήκουσα μὲν ἄχρι πρὸς τὰς δύσεις, [8] κεῖται δ' αὐτῆς τὸ μὲν ὀλοσχερέστερον καὶ βαθύτερον μέρος ὑπ' αὐτὰς τὰς ἄρκτους μεταξύ τοῦ τε Τανάιδος ποταμοῦ καὶ τοῦ Νάρβωνος, ὃς οὐ πολὺν ἀπέχει τόπον ὡς πρὸς δύσεις ἀπὸ Μασσαλίας καὶ τῶν τοῦ Ῥοδανοῦ στομάτων, δι' ὧν εἰς τὸ Σαρδόνιον πέλαγος ἐξίησιν ὁ προειρημένος ποταμός. [9] ἀπὸ δὲ τοῦ Νάρβωνος καὶ τὰ περὶ τοῦτον Κελτοὶ νέμονται μέχρι τῶν προσαγορευομένων Πυρηναίων ὄρων, ἃ διατείνει κατὰ τὸ συνεχές ἀπὸ τῆς καθ' ἡμᾶς θαλάττης ἕως εἰς τὴν ἐκτός. [10] τὸ δὲ λοιπὸν μέρος τῆς Εὐρώπης ἀπὸ τῶν προειρημένων ὄρων τὸ συνάπτον πρὸς τε τὰς δύσεις καὶ πρὸς Ἑρακλείους στήλας περιέχεται μὲν ὑπὸ τε τῆς καθ' ἡμᾶς καὶ τῆς ἔξω θαλάττης, καλεῖται δὲ τὸ μὲν παρὰ τὴν καθ' ἡμᾶς παρῆκον ἕως Ἑρακλείων στηλῶν Ἰβηρία, [11] τὸ δὲ παρὰ τὴν ἔξω καὶ μεγάλην προσαγορευομένην κοινὴν μὲν ὀνομασίαν οὐκ ἔχει διὰ τὸ προσφάτως κατωπτεῦσθαι, κατοικεῖται δὲ πᾶν ὑπὸ βαρβάρων ἐθνῶν καὶ πολυανθρώπων, ὑπὲρ ὧν ἡμεῖς μετὰ ταῦτα τὸν

[1] κατὰ μέρος λόγον ἀποδώσομεν. καθάπερ δὲ καὶ τῆς Ἀσίας καὶ τῆς Λιβύης, καθὼ συνάπτουσιν ἀλλήλαις περὶ τὴν Αἰθιοπίαν, οὐδεὶς ἔχει λέγειν ἀτρεκῶς ἕως τῶν καθ' ἡμᾶς καιρῶν πότερον ἡπειρός ἐστι κατὰ τὸ συνεχές τὰ πρὸς τὴν μεσημβρίαν ἢ θαλάττη περιέχεται, [2] τὸν αὐτὸν τρόπον τὸ μεταξύ Τανάιδος καὶ Νάρβωνος εἰς τὰς ἄρκτους ἀνῆκον ἄγνωστον ἡμῖν ἕως τοῦ νῦν ἐστίν, ἐὰν μὴ τι μετὰ ταῦτα πολυπραγμονοῦντες ἱστορήσωμεν. [3] τοὺς δὲ λέγοντάς τι περὶ τούτων ἄλλως ἢ γράφοντας ἀγνοεῖν καὶ μύθους διατιθέναι νομιστέον. [4]

[1] ταῦτα μὲν οὖν εἰρήσθω μοι χάριν τοῦ μὴ τελέως ἀνυπότακτον εἶναι τοῖς ἀπείροις τῶν τόπων τὴν διήγησιν, ἀλλὰ κατὰ γε τὰς ὀλοσχερεῖς διαφορὰς συνεπιβάλλειν καὶ φέρειν ἐπὶ τι τῇ διανοίᾳ τὸ λεγόμενον, τεκμαιρομένους ἐκ τοῦ περιέχοντος. [5] καθάπερ γὰρ ἐπὶ τῆς ὀράσεως εἰθίσμεθα συνεπιστρέφειν ἀεὶ τὰ πρόσωπα πρὸς τὸ

κατὰ τὴν ἔνδειξιν ὑποδεικνύμενον, οὕτως καὶ τῇ διανοίᾳ χρὴ συνδιανεύειν καὶ συρρέπειν ἐπὶ τοὺς τόπους αἰ τοὺς διὰ τοῦ λόγου συνεπιδεικνυμένους. ἀφόμενοι δὲ τούτων τρεψόμεθα πρὸς τὸ συνεχὲς τῆς προκειμένης ἡμῖν διηγήσεως. [2]

[1] Καρχηδόνιοι γὰρ ἐν τούτοις τοῖς καιροῖς τῆς μὲν Λιβύης ἐκυρίευν πάντων τῶν ἐπὶ τὴν ἔσω θάλατταν νευόντων μερῶν ἀπὸ τῶν Φιλαίνου βωμῶν, οἱ κεῖνται κατὰ τὴν μεγάλην Σύρτιν, ἕως ἐφ' Ἡρακλέους στήλας. [3] τοῦτο δὲ τὸ μῆκος ἐστὶ τῆς παραλίας ὑπὲρ τοὺς ἑξακισχιλίους καὶ μυρίους σταδίους. [4] διαβάντες δὲ τὸν καθ' Ἡρακλείους στήλας πόρον ὁμοίως ἐκεκρατήκεισαν καὶ τῆς Ἰβηρίας ἀπάσης ἕως τῆς ῥαχίας, ὃ πέρας ἐστὶ πρὸς τὴν καθ' ἡμᾶς θαλάττη τῶν Πυρηναίων ὀρῶν, ἃ διορίζει τοὺς Ἰβηρας καὶ Κελτούς. [5] ἀπέχει δὲ τοῦ καθ' Ἡρακλείους στήλας στόματος οὗτος ὁ τόπος περὶ ὀκτακισχιλίους σταδίους. [6] ἐπὶ μὲν γὰρ Καινὴν πόλιν ἀπὸ στηλῶν εἶναι συμβαίνει τρισχιλίους, ὅθεν ἐποιεῖτο τὴν ὁρμὴν Ἀννίβας τὴν εἰς Ἰταλίαν: [τὴν δὲ Καινὴν πόλιν ἔνιοι Νέαν Καρχηδόνα καλοῦσιν]: ἀπὸ δὲ ταύτης εἰσὶν ἐπὶ μὲν τὸν Ἰβηρα ποταμὸν ἑξακόσιοι στάδιοι πρὸς δισχιλίους, [7] ἀπὸ δὲ τούτου πάλιν εἰς Ἐμπορίον χίλιοι σὺν ἑξακοσίοις, ἀπὸ δ' Ἐμπορίου πόλεως εἰς *** περὶ ἑξακοσίους, [8] καὶ μὴν ἐντεῦθεν ἐπὶ τὴν τοῦ Ῥοδανοῦ διάβασιν περὶ χιλίους ἑξακοσίους: [ταῦτα γὰρ νῦν βεβημάτισται καὶ σεσημείωται κατὰ σταδίους ὁκτώ διὰ Ῥωμαίων ἐπιμελῶς: [9]] ἀπὸ δὲ τῆς διαβάσεως τοῦ Ῥοδανοῦ πορευομένοις παρ' αὐτὸν τὸν ποταμὸν ὥς ἐπὶ τὰς πηγὰς ἕως πρὸς τὴν ἀναβολὴν τῶν Ἀλπεων τὴν εἰς Ἰταλίαν χίλιοι τετρακόσιοι. [10] λοιπαὶ δ' αἱ τῶν Ἀλπεων ὑπερβολαί, περὶ χιλίους διακοσίους: ἃς ὑπερβαλὼν ἔμελλεν ἥξειν εἰς τὰ περὶ τὸν Πάδον πεδία τῆς Ἰταλίας. [11] ὥστ' εἶναι τοὺς πάντας ἐκ Καινῆς πόλεως σταδίους περὶ ἑννακισχιλίους, οὓς ἔδει διελθεῖν αὐτόν. [12] τούτων δὴ τῶν τόπων κατὰ μὲν τὸ μῆκος ἤδη σχεδὸν τοὺς ἡμίσεις διεληλύθει, κατὰ δὲ τὴν δυσχέρειαν τὸ πλεόν αὐτῷ μέρος ἀπελείπετο τῆς πορείας. Ἀννίβας μὲν οὖν ἐνεχείρει ταῖς διεκβολαῖς τῶν Πυρηναίων ὀρῶν, κατάφοβος ὢν τοὺς Κελτούς διὰ τὰς ὀχυρότητας τῶν τόπων. [2] Ῥωμαῖοι δὲ κατὰ τοὺς αὐτοὺς καιροὺς διακούσαντες μὲν τῶν ἐξαποσταλέντων εἰς Καρχηδόνα πρεσβευτῶν τὰ δεδογμένα καὶ τοὺς ῥηθέντας λόγους, προσπεσόντος δὲ θάττον ἢ προσεδόκων Ἀννίβαν διαβεβηκέναι τὸν Ἰβηρα ποταμὸν μετὰ τῆς δυνάμεως, προεχειρίσαντο πέμπειν μετὰ στρατοπέδων Πόπλιον μὲν Κορνήλιον εἰς Ἰβηρίαν, Τεβέριον δὲ

Σεμπρώνιον εἰς Λιβύην. [3] ἐν ὅσῳ δ' οὗτοι περὶ τὰς καταγραφὰς ἐγίνοντο τῶν στρατοπέδων καὶ τὴν ἄλλην παρασκευὴν, ἔσπευσαν ἐπὶ τέλος ἀγαγεῖν τὰ κατὰ τὰς ἀποικίας, οἱ δὲ πρότερον ἦσαν εἰς Γαλατίαν ἀποστέλλειν προκεχειρισμένοι. [4] τὰς μὲν οὖν πόλεις ἐνεργῶς ἐτείχιζον, τοὺς δ' οἰκήτορας ἐν ἡμέραις τριάκοντα παρήγγειλαν ἐπιτόπους γίνεσθαι, τὸν ἀριθμὸν ὄντας εἰς ἑκατέραν τὴν πόλιν εἰς ἑξακισχίλους· [5] ὧν τὴν μὲν μίαν ἔκτιζον ἐπὶ τὰδε τοῦ Πάδου ποταμοῦ, προσαγορεύσαντες Πλακεντίαν, τὴν δ' ἄλλην ἐπὶ θάτερα, κατονομάσαντες Κρεμώνην. [6] ἤδη δὲ τούτων συνφικισμένων, οἱ Βοῖοι καλούμενοι Γαλάται, πάλαι μὲν οἶον λοχῶντες τὴν πρὸς Ῥωμαίους φιλίαν, οὐκ ἔχοντες δὲ τότε καιρόν, [7] μετεωριζόμενοι καὶ πιστεύοντες ἐκ τῶν διαπεμπομένων τῇ παρουσίᾳ τῶν Καρχηδονίων ἀπέστησαν ἀπὸ Ῥωμαίων, ἐγκαταλιπόντες τοὺς ὁμήρους, οὓς ἔδωσαν ἐκβαίνοντες ἐκ τοῦ πολέμου τοῦ προγεγονότος, ὑπὲρ οὗ τὴν ἐξήγησιν ἡμεῖς ἐν τῇ προτέρᾳ βύβλῳ ταύτης ἐποιησάμεθα. [8] παρακαλέσαντες δὲ τοὺς Ἴνσομβρας καὶ συμφρονήσαντες κατὰ τὴν προγεγενημένην ὀργὴν κατέσυραν τὴν κατακεκληρουχημένην χώραν ὑπὸ Ῥωμαίων καὶ τοὺς φεύγοντας συνδιώξαντες εἰς Μοτίνην, ἀποικίαν ὑπάρχουσαν Ῥωμαίων, ἐπολιόρκουν. [9] ἐν οἷς καὶ τρεῖς ἄνδρας τῶν ἐπιφανῶν συνέκλεισαν τοὺς ἐπὶ τὴν διαίρεσιν τῆς χώρας ἀπεσταλμένους· ὧν εἷς μὲν ἦν Γάιος Λυτάτιος ὁ τὴν ὑπατον ἀρχὴν εἰληφώς, οἱ δὲ δύο τὴν ἐξαπέλεκυν. [10] οἰομένων δὲ δεῖν τούτων εἰς λόγους σφίσι συνελθεῖν, ὑπήκουσαν οἱ Βοῖοι. τῶν δ' ἀνδρῶν ἐξεληθόντων, παρασπονδήσαντες συνέλαβον αὐτούς, ἐλπίσαντες διὰ τούτων κομιεῖσθαι τοὺς αὐτῶν ὁμήρους. [11] Λεύκιος δὲ Μάλιος ἐξαπέλεκτος ὑπάρχων καὶ προκαθήμενος ἐπὶ τῶν τόπων μετὰ δυνάμεως, ἀκούσας τὸ γεγονός, ἐβοήθει κατὰ σπουδὴν. [12] οἱ δὲ Βοῖοι συνέντες αὐτοῦ τὴν παρουσίαν, ἔν τισι δρυμοῖς ἐτοιμάσαντες ἐνέδρας ἅμα τῷ παρελθεῖν εἰς τοὺς ὑλώδεις τόπους πανταχόθεν ἅμα προσπεσόντες πολλοὺς ἀπέκτειναν τῶν Ῥωμαίων. [13] οἱ δὲ λοιποὶ τὰς μὲν ἀρχὰς ὥρμησαν πρὸς φυγὴν· ἐπεὶ δὲ τῶν ψιλῶν ἦψαντο χωρίων, ἐπὶ ποσὸν συνέστησαν οὕτως ὥστε μόλις εὐσχήμονα ποιήσασθαι τὴν ἀποχώρησιν. οἱ δὲ Βοῖοι κατακολουθήσαντες συνέκλεισαν καὶ τούτους εἰς τὴν Τάννητος καλουμένην κόμην. [14] τοῖς δ' ἐν τῇ Ῥώμῃ προσπεσόντος ὅτι τὸ τέταρτον στρατόπεδον περιειλημμένον ὑπὸ τῶν Βοίων πολιορκεῖται κατὰ κράτος, τὰ μὲν τῷ Ποπλίῳ

προκεχειρισμένα στρατόπεδα κατὰ σπουδὴν ἐξαπέστελλον ἐπὶ τὴν τούτων βοήθειαν, ἡγεμόνα συστήσαντες ἐξαπέλεκυν, ἄλλα δὲ συνάγειν καὶ καταγράφειν ἐκ τῶν συμμάχων αὐτῷ παρήγγειλαν.

[1] τὰ μὲν οὖν κατὰ Κελτοὺς ἀπὸ τῆς ἀρχῆς ἕως εἰς τὴν Ἀννίβου παρουσίαν ἐν τούτοις ἦν καὶ τοιαύτην εἰλήφει διέξοδον, οἷαν ἐν τε τοῖς πρὸ τοῦ καὶ νῦν διεληλύθαμεν. [2] οἱ δὲ στρατηγοὶ τῶν Ῥωμαίων ἐτοιμασάμενοι τὰ πρὸς τὰς ἰδίας ἐπιβολάς, ἐξέπλεον ἐπὶ τὴν ὠραίαν ἐπὶ τὰς προκειμένας πράξεις, Πόπλιος μὲν οὖν εἰς Ἰβηρίαν ἐξήκοντα ναυσί, Τεβέριος δὲ Σεμπρώνιος εἰς Λιβύην ἑκατὸν ἐξήκοντα σκάφεσι πεντηρικοῖς. [3] οἷς οὕτως καταπληκτικῶς ἐπεβάλετο πολεμεῖν καὶ τοιαύτας ἐποιεῖτο παρασκευὰς ἐν τῷ Λιλυβαίῳ, πάντας καὶ πανταχόθεν ἀθροίζων, ὥς εὐθέως ἐκ κατάπλου πολιορκήσων αὐτὴν τὴν Καρχηδόνα. [4] Πόπλιος δὲ κομισθεὶς παρὰ τὴν Λιγυστινὴν ἦκε πεμπταῖος ἀπὸ Πισῶν εἰς τοὺς κατὰ Μασσαλίαν τόπους, [5] καὶ καθορμισθεὶς πρὸς τὸ πρῶτον στόμα τοῦ Ῥοδανοῦ, τὸ Μασσαλιωτικὸν προσαγορευόμενον, [6] ἀπεβίβαζε τὰς δυνάμεις, ἀκούων μὲν ὑπερβάλλειν ἤδη τὰ Πυρρηναῖα τὸν Ἀννίβαν ὄρη, πεπεισμένος δ' ἔτι μακρὰν ἀπέχειν αὐτὸν διὰ τε τὰς δυσχωρίας τῶν τόπων καὶ διὰ τὸ πλῆθος τῶν μεταξὺ κειμένων Κελτῶν. [7] Ἀννίβας δὲ παραδόξως τοὺς μὲν χρήμασι πείσας τῶν Κελτῶν τοὺς δὲ βιασάμενος ἦκε μετὰ τῶν δυνάμεων, δεξιὸν ἔχων τὸ Σαρδόνιον πέλαγος, ἐπὶ τὴν τοῦ Ῥοδανοῦ διάβασιν. [8] ὁ δὲ Πόπλιος, διασαφηθέντος αὐτῷ παρεῖναι τοὺς ὑπεναντίους, τὰ μὲν ἀπιστῶν διὰ τὸ τάχος τῆς παρουσίας, τὰ δὲ βουλόμενος εἰδέναι τὴν ἀκρίβειαν, αὐτὸς μὲν ἀνελάμβανε τὰς δυνάμεις ἐκ τοῦ πλοῦ καὶ διενοεῖτο μετὰ τῶν χιλιάρχων ποίοις χρηστέον τῶν τόπων καὶ συμμικτέον τοῖς ὑπεναντίοις. [9] τριακοσίους δὲ τῶν ἱππέων ἐξαπέστειλε τοὺς ἀνδρωδεστάτους, συστήσας μετ' αὐτῶν καθηγεμόνας ἅμα καὶ συναγωνιστὰς Κελτοῦς, οἱ παρὰ τοῖς Μασσαλιώταις ἐτύγχανον μισθοφοροῦντες.

[1] Ἀννίβας δὲ προσμίζας τοῖς περὶ τὸν ποταμὸν τόποις εὐθέως ἐνεχειρεῖ ποιεῖσθαι τὴν διάβασιν κατὰ τὴν ἀπλὴν ρύσιν, σχεδὸν ἡμερῶν τεττάρων ὁδὸν ἀπέχων στρατοπέδῳ τῆς θαλάττης. [2] καὶ φιλοποιησάμενος παντὶ τρόπῳ τοὺς παροικούντας τὸν ποταμὸν ἐξηγόρασε παρ' αὐτῶν τὰ τε μονόξυλα πλοῖα πάντα καὶ τοὺς λέμβους, ὄντας ἱκανοὺς τῷ πλήθει διὰ τὸ ταῖς ἐκ τῆς θαλάττης ἐμπορίαις πολλοὺς χρῆσθαι τῶν παροικούντων τὸν Ῥοδανόν. [3] ἔτι

δὲ τὴν ἀρμόζουσαν ξυλείαν ἐξέλαβε πρὸς τὴν κατασκευὴν τῶν μονοξύλων· ἐξ ὧν ἐν δυσὶν ἡμέραις πλῆθος ἀναρίθμητον ἐγένετο πορθμείων, ἐκάστου σπεύδοντος μὴ προσδεῖσθαι τοῦ πέλας, ἐν αὐτῷ δ' ἔχειν τὰς τῆς διαβάσεως ἐλπίδας. [4] κατὰ δὲ τὸν καιρὸν τοῦτον ἐν τῷ πέραν πλῆθος ἡθορίσθη βαρβάρων χάριν τοῦ κωλύειν τὴν τῶν Καρχηδονίων διάβασιν. [5] εἰς οὓς ἀποβλέπων Ἀννίβας καὶ συλλογιζόμενος ἐκ τῶν παρόντων ὥς οὔτε διαβαίνειν μετὰ βίας δυνατὸν εἶη τοσοῦτων πολεμίων ἐφεστώτων, οὔτ' ἐπιμένειν, μὴ πανταχόθεν προσδέξηται τοὺς ὑπεναντίους, [6] ἐπιγενομένης τῆς τρίτης νυκτὸς ἐξαποστέλλει μέρος τι τῆς δυνάμεως, συστήσας καθηγεμόνας ἐγχωρίους, ἐπὶ δὲ πάντων Ἄνωνα τὸν Βοαμίλκου τοῦ βασιλέως. [7] οἱ ποιησάμενοι τὴν πορείαν ἀντίοι τῷ ῥέματι παρὰ τὸν ποταμὸν ἐπὶ διακόσια στάδια, παραγενόμενοι πρὸς τινα τόπον, ἐν ᾧ συνέβαινε περὶ τι χωρίον νησίζον περισχίζεσθαι τὸν ποταμὸν, ἐνταῦθα κατέμειναν. [8] ἐκ δὲ τῆς παρακειμένης ὕλης τὰ μὲν συμπηγνύντες τῶν ξύλων τὰ δὲ συνδεσμεύοντες ἐν ὀλίγῳ χρόνῳ πολλὰς ἤρμωσαν σχεδίας, ἀρκούσας τῇ χρειᾷ πρὸς τὸ παρόν· ἐφ' αἷς διεκομίσθησαν ἀσφαλῶς οὐδενὸς κωλύοντος. [9] καταλαβόμενοι δὲ τόπον ἐχυρὸν ἐκείνην μὲν τὴν ἡμέραν ἔμειναν ἀναπαύοντες σφᾶς ἐκ τῆς προγεγενημένης κακοπαθείας, ἅμα δὲ παρασκευαζόμενοι πρὸς τὴν ἐπιούσαν χρειᾷ κατὰ τὸ συντεταγμένον. [10] καὶ μὴν Ἀννίβας τὸ παραπλήσιον ἐποίει περὶ τὰς μεθ' ἑαυτοῦ καταλειφθείσας δυνάμεις. [11] μάλιστα δ' αὐτῷ παρεῖχε δυσχρηστίαν ἡ τῶν ἐλεφάντων διάβασις· οὗτοι δ' ἦσαν ἑπτὰ καὶ τριάκοντα τὸν ἀριθμὸν.

[1] οὐ μὴν ἄλλ' ἐπιγενομένης τῆς πέμπτης νυκτὸς οἱ μὲν προδιαβάντες ἐκ τοῦ πέραν ὑπὸ τὴν ἑωθινήν προῆγον παρ' αὐτὸν τὸν ποταμὸν ἐπὶ τοὺς ἀντίπερα βαρβάρους, [2] ὁ δ' Ἀννίβας ἐτοίμους ἔχων τοὺς στρατιώτας ἐπεῖχε τῇ διαβάσει, τοὺς μὲν λέμβους πεπληρωκῶς τῶν πελτοφόρων ἱππέων, τὰ δὲ μονόξυλα τῶν εὐκίνητοτάτων πεζῶν. [3] εἶχον δὲ τὴν μὲν ἐξ ὑπερδεξίου καὶ παρὰ τὸ ῥεῦμα τάξιν οἱ λέμβοι, τὴν δ' ὑπὸ τούτους τὰ λεπτὰ τῶν πορθμείων, ἵνα τὸ πολὺ τῆς τοῦ ῥεύματος βίας ἀποδεχομένων τῶν λέμβων ἀσφαλεστέρα γίνοιτο τοῖς μονοξύλοις ἢ παρακομιδῇ διὰ τοῦ πόρου. [4] κατὰ δὲ τὰς πρύμνας τῶν λέμβων ἐφέλκειν διανοοῦντο τοὺς ἵππους νέοντας, τρεῖς ἅμα καὶ τέτταρας τοῖς ἀγωγεῦσιν ἐνὸς ἀνδρὸς ἐξ ἑκατέρου τοῦ μέρους τῆς πρύμνης οἰακίζοντος, ὥστε πλῆθος ἱκανὸν ἵππων συνδιακομίζεσθαι κατὰ τὴν πρώτην εὐθέως διάβασιν.

[5] οἱ δὲ βάρβαροι θεωροῦντες τὴν ἐπιβολὴν τῶν ὑπεναντίων ἀτάκτως ἐκ τοῦ χάρακος ἐξεχέοντο καὶ σποράδην, πεπεισμένοι κωλύειν εὐχερῶς τὴν ἀπόβασιν τῶν Καρχηδονίων. [6] Ἀννίβας δ' ἅμα τῷ συνιδεῖν ἐν τῷ πέραν ἐγγίζοντας ἤδη τοὺς παρ' αὐτοῦ στρατιώτας, σημηνάντων ἐκείνων τὴν παρουσίαν τῷ καπνῷ κατὰ τὸ συντεταγμένον, ἐμβαίνειν ἅσιν ἅμα παρήγγελλε καὶ βιάζεσθαι πρὸς τὸ ῥεῦμα τοῖς ἐπὶ τῶν πορθμείων τεταγμένοις. [7] ταχὺ δὲ τούτου γενομένου, καὶ τῶν ἐν τοῖς πλοίοις ἀμιλλωμένων μὲν πρὸς ἀλλήλους μετὰ κραυγῆς, διαγωνιζομένων δὲ πρὸς τὴν τοῦ ποταμοῦ βίαν, [8] τῶν δὲ στρατοπέδων ἀμφοτέρων ἐξ ἑκατέρου τοῦ μέρους παρὰ τὰ χεῖλη τοῦ ποταμοῦ παρεστώτων, καὶ τῶν μὲν ἰδίων συναγωνιώντων καὶ παρακολουθούντων μετὰ κραυγῆς, τῶν δὲ κατὰ πρόσωπον βαρβάρων παιανιζόντων καὶ προκαλουμένων τὸν κίνδυνον, ἦν τὸ γινόμενον ἐκπληκτικὸν καὶ παραστατικὸν ἀγωνίας. [9] ἐν ᾧ καιρῷ τῶν βαρβάρων ἀπολελοιπότων τὰς σκηνὰς ἐπιπεσόντες ἄφνω καὶ παραδόξως οἱ πέραν Καρχηδόνιοι, τινὲς μὲν αὐτῶν ἐνεπίμπρασαν τὴν στρατοπεδείαν, οἱ δὲ πλείους ὥρμησαν ἐπὶ τοὺς τὴν διάβασιν τηροῦντας. [10] οἱ δὲ βάρβαροι, παραλόγου τοῦ πράγματος φανέντος αὐτοῖς, οἱ μὲν ἐπὶ τὰς σκηνὰς ἐφέροντο βοηθήσαντες, οἱ δ' ἡμύνοντο καὶ διεμάχοντο πρὸς τοὺς ἐπιτιθεμένους. [11] Ἀννίβας δέ, κατὰ τὴν πρόθεσιν αὐτῷ συντρεχόντων τῶν πραγμάτων, εὐθέως τοὺς πρώτους ἀποβαίνοντας συνίστα καὶ παρεκάλει καὶ συνεπλέκετο τοῖς βαρβάροις. [12] οἱ δὲ Κελτοὶ καὶ διὰ τὴν ἀταξίαν καὶ διὰ τὸ παράδοξον τοῦ συμβαίνοντος ταχέως τραπέντες ὥρμησαν πρὸς φυγὴν.

[1] ὁ δὲ στρατηγὸς τῶν Καρχηδονίων ἅμα τῆς τε διαβάσεως καὶ τῶν ὑπεναντίων κεκρατηκῶς παραυτίκα μὲν ἐγένετο πρὸς τῇ παρακομιδῇ τῶν πέραν ἀπολειπομένων ἀνδρῶν, [2] πάσας δ' ἐν βραχεῖ χρόνῳ διαπεραιώσας τὰς δυνάμεις ἐκείνην μὲν τὴν νύκτα παρ' αὐτὸν τὸν ποταμὸν κατεστρατοπέδευσεν, [3] τῇ δ' ἐπαύριον ἀκούων τὸν τῶν Ῥωμαίων στόλον περὶ τὰ στόματα τοῦ ποταμοῦ καθωρμίσθαι, προχειρισάμενος πεντακοσίους τῶν Νομαδικῶν ἱππέων ἐξαπέστειλε κατασκεψομένους ποῦ καὶ πόσοι τυγχάνουσιν ὄντες καὶ τί πράττουσιν οἱ πολέμιοι. [4] κατὰ δὲ τὸν αὐτὸν καιρὸν καὶ πρὸς τὴν τῶν ἐλεφάντων διάβασιν προεχειρίσατο τοὺς ἐπιτηδεIOUS. [5] αὐτὸς δὲ συναγαγὼν τὰς δυνάμεις εἰσήγαγε τοὺς βασιλίσκους τοὺς περὶ Μάγilon — οὗτοι γὰρ ἦκον πρὸς αὐτὸν ἐκ τῶν περὶ τὸν Πάδον

πεδίων — καὶ δι' ἑρμηνέως τὰ δεδογμένα παρ' αὐτῶν διεσάφει τοῖς ὄχλοις. [6] ἦν δὲ τῶν λεγομένων ἰσχυρότατα πρὸς θάρσος τῶν πολλῶν πρῶτον μὲν ἢ τῆς παρουσίας ἐνάργεια τῶν ἐπισπωμένων καὶ κοινωνήσκειν ἐπαγγελλομένων τοῦ πρὸς Ῥωμαίους πολέμου, [7] δεύτερον δὲ τὸ τῆς ἐπαγγελίας αὐτῶν ἀξιόπιστον, ὅτι καθηγήσονται διὰ τόπων τοιούτων δι' ὧν οὐδενὸς ἐπιδεόμενοι τῶν ἀναγκαίων συντόμως ἅμα καὶ μετ' ἀσφαλείας ποιήσονται τὴν εἰς Ἰταλίαν πορείαν, [8] πρὸς δὲ τούτοις ἢ τῆς χώρας γενναιότης, εἰς ἣν ἀφίζονται, καὶ τὸ μέγεθος, ἔτι δὲ τῶν ἀνδρῶν ἢ προθυμία, μεθ' ὧν μέλλουσι ποιεῖσθαι τοὺς ἀγῶνας πρὸς τὰς τῶν Ῥωμαίων δυνάμεις. [9] οἱ μὲν οὖν Κελτοὶ τοιαῦτα διαλεχθέντες ἀνεχώρησαν. [10] μετὰ δὲ τούτους εἰσελθὼν αὐτὸς πρῶτον μὲν τῶν προγεγενημένων πράξεων ἀνέμνησε τοὺς ὄχλους· ἐν αἷς ἔφη πολλοῖς αὐτοὺς καὶ παραβόλοις ἔργοις καὶ κινδύνοις ἐπικεχειρηκότας ἐν οὐδενὶ διεσφάλλαι, κατακολουθήσαντας τῇ 'κείνου γνώμῃ καὶ συμβουλίᾳ. [11] τούτοις δ' ἐξῆς εὐθαρσεῖς εἶναι παρεκάλει, θεωροῦντας διότι τὸ μέγιστον ἡνυσται τῶν ἔργων, ἐπειδὴ τῆς τε τοῦ ποταμοῦ διαβάσεως κεκρατήκασι τῆς τε τῶν συμμάχων εὐνοίας καὶ προθυμίας αὐτόπται γεγόνασι. [12] διόπερ ὤετο δεῖν περὶ μὲν τῶν κατὰ μέρος ῥαθυμεῖν, ὥς αὐτῷ μελόντων, πειθαρχοῦντας δὲ τοῖς παραγγέλμασιν ἄνδρας ἀγαθοὺς γίνεσθαι καὶ τῶν προγεγονότων ἔργων ἀξιούς. [13] τοῦ δὲ πλήθους ἐπισημαινομένου καὶ μεγάλην ὁρμὴν καὶ προθυμίαν ἐμφαίνοντος, ἐπαινέσας αὐτοὺς καὶ τοῖς θεοῖς ὑπὲρ πάντων εὐξάμενος διαφῆκε, παραγγείλας θεραπεύειν σφᾶς καὶ παρασκευάζεσθαι μετὰ σπουδῆς, ὥς εἰς τὴν αὔριον ἀναζυγῆς ἔσομένης.

[1] λυθείσης δὲ τῆς ἐκκλησίας ἦκον τῶν Νομάδων οἱ προαποσταλέντες ἐπὶ τὴν κατασκοπὴν, τοὺς μὲν πλείστους αὐτῶν ἀπολωλεκότες, οἱ δὲ λοιποὶ προτροπάδην πεφευγότες. [2] συμπεσόντες γὰρ οὐ μακρὰν ἀπὸ τῆς ἰδίας στρατοπεδείας τοῖς τῶν Ῥωμαίων ἰπεῦσι τοῖς ἐπὶ τὴν αὐτὴν χρεῖαν ἐξαπεσταλμένοις ὑπὸ τοῦ Ποπλίου τοιαύτην ἐποίησαντο φιλοτιμίαν ἀμφότεροι κατὰ τὴν συμπλοκὴν ὥστε τῶν Ῥωμαίων καὶ Κελτῶν εἰς ἑκατὸν ἰππεῖς καὶ τετταράκοντα διαφθαρῆναι, τῶν δὲ Νομάδων ὑπὲρ τοὺς διακοσίους. [3] γενομένων δὲ τούτων οἱ Ῥωμαῖοι συνεγγίσαντες κατὰ τὸ δῖωγμα τῷ τῶν Καρχηδονίων χάρακι καὶ κατοπτεύσαντες αὐτῆς ἐξ ὑποστροφῆς ἠπείγοντο, διασαφήσοντες τῷ στρατηγῷ τὴν παρουσίαν

τῶν πολεμίων: ἀφικόμενοι δ' εἰς τὴν παρεμβολὴν ἀνήγγειλαν. [4] Πόπλιος δὲ παραυτίκα τὴν ἀποσκευὴν ἀναθέμενος ἐπὶ τὰς ναῦς ἀνέζευξε παντὶ τῷ στρατεύματι καὶ προῆγε παρὰ τὸν ποταμόν, σπεύδων συμῖξαι τοῖς ὑπεναντίοις. [5]

[1] Ἀννίβας δὲ τῇ κατὰ πόδας ἡμέρᾳ τῆς ἐκκλησίας ἅμα τῷ φωτὶ τοὺς μὲν ἱππεῖς προέθετο πάντας ὥς πρὸς θάλατταν, ἐφεδρείας ἔχοντας τάξιν, τὴν δὲ τῶν πεζῶν ἐκίνει δύνανιν ἐκ τοῦ χάρακος εἰς πορείαν. [6] αὐτὸς δὲ τοὺς ἐλέφαντας ἐξεδέχετο καὶ τοὺς ἅμα τούτοις ἀπολελειμμένους ἄνδρας. ἐγένετο δ' ἡ διακομιδὴ τῶν θηρίων τοιαύτη τις. πῆξαντες σχεδίας καὶ πλείους ἀραρότως, τούτων δύο πρὸς ἀλλήλας ζεύξαντες βιαίως ἤρρισαν ἀμφοτέρας εἰς τὴν γῆν κατὰ τὴν ἔμβασιν τοῦ ποταμοῦ, πλάτος ἐχούσας τὸ συναμφοτέρον ὥς πεντήκοντα πόδας. [2] ταύταις δὲ συζευγνύντες ἄλλας ἐκ τῶν ἐκτὸς προσήρμοζον, προτείνοντες τὴν κατασκευὴν τοῦ ζεύγματος εἰς τὸν πόρον. [3] τὴν δ' ἀπὸ τοῦ ρεύματος πλευρὰν ἡσφαλίζοντο τοῖς ἐκ τῆς γῆς ἐπιγύοις, εἰς τὰ περὶ τὸ χεῖλος πεφυκότα τῶν δένδρων ἐνάπτοντες, πρὸς τὸ συμμένειν καὶ μὴ παρωθεῖσθαι τὸ ὅλον ἔργον κατὰ τοῦ ποταμοῦ. [4] ποιήσαντες δὲ πρὸς δύο πλῆθρα τῷ μήκει τὸ πᾶν ζεύγμα τῆς προβολῆς, μετὰ ταῦτα δύο πεπηγυῖας σχεδίας διαφερόντως [τὰς μεγίστας] προσέβαλον ταῖς ἐσχάταις, πρὸς αὐτὰς μὲν βιαίως δεδεμένας, πρὸς δὲ τὰς ἄλλας οὕτως ὥστ' εὐδιακόπους αὐτῶν εἶναι τοὺς δεσμούς. ρύματα δὲ καὶ πλείω ταύταις ἐνήψαν, [5] οἷς ἔμελλον οἱ λέμβοι ρύμουλκοῦντες οὐκ ἐάσειν φέρεσθαι κατὰ ποταμοῦ, βία δὲ πρὸς τὸν ῥοὺν κατέχοντες παρακομιεῖν καὶ περαιώσειν ἐπὶ τούτων τὰ θηρία. [6] μετὰ δὲ ταῦτα χοῦν ἔφερον ἐπὶ πάσας πολύν, ἕως ἐπιβάλλοντες ἐξωμοίωσαν, ὁμαλὴν καὶ σύγχρουν ποιοῦντες τῇ διὰ τῆς χέρσου φερούσῃ πρὸς τὴν διάβασιν ὁδῷ. [7] τῶν δὲ θηρίων εἰθισμένων τοῖς Ἰνδοῖς μέχρι μὲν πρὸς τὸ ὕγρον αἰεὶ πειθαρχεῖν, εἰς δὲ τὸ ὕδωρ ἐμβαίνειν οὐδαμῶς ἔτι τολμώντων, ἦγον διὰ τοῦ χώματος δύο προθέμενοι θηλείας, πειθαρχούντων αὐταῖς τῶν θηρίων. [8] ἐπεὶ δ' ἐπὶ τὰς τελευταίας ἐπέστησαν σχεδίας, διακόψαντες τοὺς δεσμούς, οἷς προσήρτηντο πρὸς τὰς ἄλλας, καὶ τοῖς λέμβοις ἐπισπασάμενοι τὰ ρύματα ταχέως ἀπέσπασαν ἀπὸ τοῦ χώματος τὰ τε θηρία καὶ τὰς ὑπ' αὐτοῖς σχεδίας. [9] οὗ γενομένου διαταραχθέντα τὰ ζῷα κατὰ μὲν τὰς ἀρχὰς ἐστρέφετο καὶ κατὰ πάντα τόπον ὥρμα: περιεχόμενα δὲ πανταχόθεν ὑπὸ τοῦ ρεύματος ἀπεδειλία καὶ μένειν ἠναγκάζετο κατὰ χώραν. [10] καὶ τοιοῦτω δὴ

τρόπῳ προσαρμοζομένων ἀεὶ σχεδίων δυεῖν, τὰ πλεῖστα τῶν θηρίων ἐπὶ τούτων διεκομίσθη, [11] τινὰ δὲ κατὰ μέσον τὸν πόρον ἀπέρριπεν εἰς τὸν ποταμὸν αὐτὰ διὰ τὸν φόβον: ὧν τοὺς μὲν Ἴνδους ἀπολέσθαι συνέβη πάντας, τοὺς δ' ἐλέφαντας διασωθῆναι. [12] διὰ γὰρ τὴν δύναμιν καὶ τὸ μέγεθος τῶν προβοσκίδων ἐξαίροντες ταύτας ὑπὲρ τὸ ὑγρὸν καὶ διαπνέοντες, ἅμα δ' ἐκφυσῶντες πᾶν τὸ παρεμπύπτον ἀντέσχον, τὸ πολὺ καθ' ὕδατος ὀρθοὶ ποιούμενοι τὴν πορείαν.

[1] περαιωθέντων δὲ τῶν θηρίων, ἀναλαβὼν Ἀννίβας τοὺς ἐλέφαντας καὶ τοὺς ἵππεῖς προῆγε τούτοις ἀπουραγῶν παρὰ τὸν ποταμὸν ἀπὸ θαλάττης ὡς ἐπὶ τὴν ἔω, ποιούμενος τὴν πορείαν ὡς εἰς τὴν μεσόγαιον τῆς Εὐρώπης. [2] ὁ δὲ Ῥοδανὸς ἔχει τὰς μὲν πηγὰς ὑπὲρ τὸν Ἀδριατικὸν μυχὸν πρὸς τὴν ἐσπέραν νευούσας, ἐν τοῖς ἀποκλίνουσι μέρεσι τῶν Ἀλπεων ὡς πρὸς τὰς ἄρκτους, ρεῖ δὲ πρὸς [τὰς] δύοσι χειμερινάς, ἐκβάλλει δ' εἰς τὸ Σαρδῶν πέλαγος. [3] φέρεται δ' ἐπὶ πολὺ δι' αὐλῶνος, οὗ πρὸς μὲν τὰς ἄρκτους Ἀρδυες Κελτοὶ κατοικοῦσι, τὴν δ' ἀπὸ μεσημβρίας αὐτοῦ πλευρὰν ὀρίζουσι πᾶσαν αἱ πρὸς ἄρκτον κεκλιμέναι τῶν Ἀλπεων παρῶραι. τὰ δὲ πεδία τὰ περὶ τὸν Πάδον, [4] ὑπὲρ ὧν ἡμῖν εἴρηται διὰ πλειόνων, ἀπὸ τοῦ κατὰ τὸν Ῥοδανὸν αὐλῶνος διαξευγνύουσιν αἱ τῶν προειρημένων ὁρῶν ἀκρώρειαι, λαμβάνουσαι τὴν ἀρχὴν ἀπὸ Μασσαλίας ἕως ἐπὶ τὸν τοῦ παντὸς Ἀδρίου μυχόν: [5] ἃς τόθ' ὑπεράρας Ἀννίβας ἀπὸ τῶν κατὰ τὸν Ῥοδανὸν τόπων ἐνέβαλεν εἰς Ἰταλίαν. [6]

[1] ἔνιοι δὲ τῶν γεγραφότων περὶ τῆς ὑπερβολῆς ταύτης, βουλόμενοι τοὺς ἀναγινώσκοντας ἐκπλήττειν τῇ περὶ τῶν προειρημένων τόπων παραδοξολογίᾳ, λανθάνουσιν ἐμπίπτοντες εἰς δύο τὰ πάσης ἱστορίας ἀλλοτριώτατα: καὶ γὰρ ψευδολογεῖν καὶ μαχόμενα γράφειν αὐτοῖς ἀναγκάζονται. [7] ἅμα μὲν γὰρ τὸν Ἀννίβαν ἀμίμητόν τινα παρεισάγοντες στρατηγὸν καὶ τόλμῃ καὶ προνοίᾳ τοῦτον ὁμολογουμένως ἀποδεικνύουσιν ἡμῖν ἀλογιστότατον, [8] ἅμα δὲ καταστροφὴν οὐ δυνάμενοι λαμβάνειν οὐδ' ἐξοδὸν τοῦ ψεύδους θεοὺς καὶ θεῶν παῖδας εἰς πραγματικὴν ἱστορίαν παρεισάγουσιν. [9] ὑποθέμενοι γὰρ τὰς ἐρυμνότητος καὶ τραχύτητος τῶν Ἀλπεινῶν ὁρῶν τοιαύτας ὥστε μὴ οἶον ἵππους καὶ στρατόπεδα, σὺν δὲ τούτοις ἐλέφαντας, ἀλλὰ μηδὲ πεζοὺς εὐζώνους εὐχερῶς ἂν διελθεῖν, ὁμοίως δὲ καὶ τὴν ἔρημον τοιαύτην τινὰ περὶ τοὺς τόπους ὑπογράψαντες ἡμῖν ὥστ', εἰ μὴ θεὸς ἢ τις ἥρως ἀπαντήσας τοῖς περὶ τὸν Ἀννίβαν

ὑπέδειξε τὰς ὁδοὺς, ἐξαπορήσαντας ἂν καταφθαρῆναι πάντας, ὁμολογουμένως ἐκ τούτων εἰς ἑκάτερον τῶν προειρημένων ἁμαρτημάτων ἐμπίπτουσι. πρῶτον μὲν γὰρ ἂν τίς φανείη στρατηγὸς ἀλογιστότερος Ἀννίβου, τίς καὶ σκαιότερος ἡγεμών, [2] ὃς τοσούτων ἡγούμενος δυνάμεων καὶ τὰς μεγίστας ἐλπίδας ἔχων ἐν τούτοις τοῦ κατορθώσῃν τοῖς ὅλοις, οὔτε τὰς ὁδοὺς οὔτε τόπους, ὥς οὗτοί φασι, οὔτε ποῦ πορεύεται τὸ παράπαν οὔτε πρὸς τίνας ἐγίνωσκε, [3] τὸ δὲ πέρασ, οὐδ' εἰ καθόλου [τοῦναντίον] δυνατοῖς ἐπιβάλλεται πράγμασιν; [4] ἀλλ' ὅπερ οἱ τοῖς ὅλοις ἐπταικότες καὶ κατὰ πάντα τρόπον ἐξαποροῦντες οὐχ ὑπομένουσιν, ὥστ' εἰς ἀπρονοήτους καθιέναι τόπους μετὰ δυνάμεως, τοῦτο περιτιθέασιν οἱ συγγραφεῖς Ἀννίβα τῷ τὰς μεγίστας ἐλπίδας ἀκεραίους ἔχοντι περὶ τῶν καθ' αὐτὸν πραγμάτων. [5] ὁμοίως δὲ καὶ τὰ περὶ τῆς ἐρημίας, ἔτι δ' ἐρυμνότητος καὶ δυσχωρίας τῶν τόπων ἔκδηλον ποιεῖ τὸ ψεῦδος αὐτῶν. [6] οὐχ ἱστορήσαντες γὰρ ὅτι συμβαίνει τοὺς Κελτοὺς τοὺς παρὰ τὸν Ῥοδανὸν ποταμὸν οἰκοῦντας οὐχ ἅπαξ οὐδὲ δις πρὸ τῆς Ἀννίβου παρουσίας, οὐδὲ μὴν πάλαι προσφάτως δέ, μεγάλους στρατοπέδοις ὑπερβάντας τὰς Ἄλπεις παρατετάχθαι μὲν Ῥωμαίοις, συνηγωνίσθαι δὲ Κελτοῖς τοῖς τὰ περὶ τὸν Πάδον πεδία κατοικοῦσι, καθάπερ ἡμεῖς ἐν τοῖς πρὸ τούτων ἐδηλώσαμεν, [7] πρὸς δὲ τούτοις οὐκ εἰδότες ὅτι πλεῖστον ἀνθρώπων φύλον κατ' αὐτὰς οἰκεῖν συμβαίνει τὰς Ἄλπεις, ἀλλ' ἀγνοοῦντες ἕκαστα τῶν εἰρημένων ἥρω τινά φασι ἐπιφανέντα συνυποδεῖξαι τὰς ὁδοὺς αὐτοῖς. [8] ἐξ ὧν εἰκότως ἐμπίπτουσιν εἰς τὸ παραπλήσιον τοῖς τραγωδιογράφοις. καὶ γὰρ ἐκείνοις πᾶσιν αἱ καταστροφαὶ τῶν δραμάτων προσδέονται θεοῦ καὶ μηχανῆς διὰ τὸ τὰς πρώτας ὑποθέσεις ψευδεῖς καὶ παραλόγους λαμβάνειν, [9] τοὺς τε συγγραφέας ἀνάγκη τὸ παραπλήσιον πάσχειν καὶ ποιεῖν ἥρωάς τε καὶ θεοὺς ἐπιφαινομένους, ἐπειδὰν τὰς ἀρχὰς ἀπιθάνους καὶ ψευδεῖς ὑποστήσωνται. πῶς γὰρ οἷόν τε παραλόγοις ἀρχαῖς εὐλογον ἐπιθεῖναι τέλος; [10] Ἀννίβας γε μὴν οὐχ ὥς οὗτοι γράφουσιν, λίαν δὲ περὶ ταῦτα πραγματικῶς ἐχρήτο ταῖς ἐπιβολαῖς. [11] καὶ γὰρ τὴν τῆς χώρας ἀρετὴν, εἰς ἣν ἐπεβάλετο καθιέναι, καὶ τὴν τῶν ὄχλων ἀλλοτριότητα πρὸς Ῥωμαίους ἐξητάκει σαφῶς, εἰς τε τὰς μεταξὺ δυσχωρίας ὁδηγοῖς καὶ καθηγεμόσιν ἐγχωρίοις ἐχρήτο τοῖς τῶν αὐτῶν ἐλπίδων μέλλουσι κοινωνεῖν. [12] ἡμεῖς δὲ περὶ τούτων εὐθαρσῶς ἀποφαινόμεθα διὰ τὸ περὶ τῶν πράξεων παρ' αὐτῶν ἱστορῆκεναι τῶν παρατετευχότων τοῖς καιροῖς, τοὺς δὲ τόπους

κατωπτευκέναι καὶ τῇ διὰ τῶν Ἑλλήνων αὐτοὶ κεχρησθαι πορεία
γνώσεως ἔνεκα καὶ θέας.

[1] οὐ μὴν ἀλλὰ Πόπλιος μὲν ὁ τῶν Ῥωμαίων στρατηγὸς ἡμέραις
ὑστερον τρισὶ τῆς ἀναζυγῆς τῆς τῶν Καρχηδονίων παραγενόμενος
ἐπὶ τὴν τοῦ ποταμοῦ διάβασιν καὶ καταλαβὼν ὥρμηκotas τοὺς
ὑπεναντίους ἐξενίσθη μὲν ὡς ἐνδέχεται μάλιστα, [2] πεπεισμένος
οὐδέποτε ἂν αὐτοὺς τολμῆσαι τῇδε ποιήσασθαι τὴν εἰς Ἰταλίαν
πορείαν διὰ τὸ πλῆθος καὶ τὴν ἀθεσίαν τῶν κατοικούντων τοὺς
τόπους βαρβάρων. [3] θεωρῶν δὲ τετολμηκotas αὐτῆς ἐπὶ τὰς ναῦς
ἠπείγετο καὶ παραγενόμενος ἐνεβίβαζε τὰς δυνάμεις. [4] καὶ τὸν μὲν
ἀδελφὸν ἐξέπεμπε ἐπὶ τὰς ἐν Ἰβηρίᾳ πράξεις, αὐτὸς δὲ πάλιν
ὑποστρέψας εἰς Ἰταλίαν ἐποιεῖτο τὸν πλοῦν, σπεύδων καταταχῆσαι
τοὺς ὑπεναντίους διὰ Τυρρηνίας πρὸς τὴν τῶν Ἑλλήνων ὑπερβολήν.
[5] Ἀννίβας δὲ ποιησάμενος ἐξῆς ἐπὶ τέτταρας ἡμέρας τὴν πορείαν
ἀπὸ τῆς διαβάσεως ἦκε πρὸς τὴν καλουμένην Νῆσον, χώραν
πολύοχλον καὶ σιτοφόρον, ἔχουσαν δὲ τὴν προσηγορίαν ἀπ' αὐτοῦ
τοῦ συμπτώματος. [6] ἡ μὲν γὰρ ὁ Ῥοδανός, ἡ δ' Ἰσάρας
προσαγορευόμενος, ῥέοντες παρ' ἑκατέραν τὴν πλευράν,
ἀποκορυφοῦσιν αὐτῆς τὸ σχῆμα κατὰ τὴν πρὸς ἀλλήλους
σύμπτωσιν. [7] ἔστι δὲ παραπλησία τῷ μεγέθει καὶ τῷ σχήματι τῷ
κατ' Αἴγυπτον καλουμένῳ Δέλτα, πλὴν ἐκείνου μὲν θάλαττα τὴν
μίαν πλευράν καὶ τὰς τῶν ποταμῶν ῥύσεις ἐπιζεύγνυσι, ταύτης δ'
ὄρη δυσπρόσοδα καὶ δυσέμβολα καὶ σχεδὸν ὡς εἰπεῖν ἀπρόσιτα. [8]
πρὸς ἣν ἀφικόμενος καὶ καταλαβὼν ἐν αὐτῇ δύο ἀδελφοὺς ὑπὲρ τῆς
βασιλείας στασιάζοντας καὶ μετὰ στρατοπέδων ἀντικαθημένους
ἀλλήλοις, [9] ἐπισπόμενου τοῦ πρεσβυτέρου καὶ παρακαλοῦντος εἰς
τὸ συμπτᾶσαι καὶ συμπεριποιῆσαι τὴν ἀρχὴν αὐτῷ, *** ὑπήκουσε,
προδήλου σχεδὸν ὑπαρχούσης τῆς πρὸς τὸ παρὸν ἐσομένης αὐτῷ
χρείας. [10] διὸ καὶ συνεπιθέμενος καὶ συνεκβαλὼν τὸν ἕτερον πολλῆς
ἐπικουρίας ἔτυχε παρὰ τοῦ κρατήσαντος: [11] οὐ γὰρ μόνον σίτω καὶ
τοῖς ἄλλοις ἐπιτηδείοις ἀφθόνως ἐχορήγησε τὸ στρατόπεδον, ἀλλὰ
καὶ τῶν ὀπλῶν τὰ παλαιὰ καὶ τὰ πεπονηκότα πάντα διαλλάξας
ἐκαινοποίησε πᾶσαν τὴν δύναμιν εὐκαίρως, [12] ἔτι δὲ τοὺς πλείστους
ἐσθῆτι καὶ πρὸς τούτοις ὑποδέσει κοσμήσας μεγάλην εὐχρησίαν
παρέσχετο πρὸς τὰς τῶν ὀρῶν ὑπερβολάς. [13] τὸ δὲ μέγιστον,
εὐλαβῶς διακειμένοις πρὸς τὴν διὰ τῶν Ἀλλοβρίγων καλουμένων
Γαλατῶν πορείαν ἀπουραγῆσας μετὰ τῆς σφετέρως δυνάμεως

ἀσφαλῇ παρεσκεύασε τὴν δίοδον αὐτοῖς, ἕως ἡγγισαν τῇ τῶν Ἑλλήνων ὑπερβολῇ.

[1] Ἀννίβας δ' ἐν ἡμέραις δέκα πορευθεὶς παρὰ τὸν ποταμὸν εἰς ὀκτακοσίους σταδίους ἤρξατο τῆς πρὸς τὰς Ἑλλήνων ἀναβολῆς, καὶ συνέβη μεγίστοις αὐτὸν περιπεσεῖν κινδύνοις. [2] ἕως μὲν γὰρ ἐν τοῖς ἐπιπέδοις ἦσαν, ἀπείχοντο πάντες αὐτῶν οἱ κατὰ μέρος ἡγεμόνες τῶν Ἀλλοβρίγων, τὰ μὲν τοὺς ἵππεῖς δεδιότες, τὰ δὲ τοὺς παραπέμποντας βαρβάρους· ἐπειδὴ δ' ἐκεῖνοι μὲν εἰς τὴν οἰκίαν ἀπηλλάγησαν, [3] οἱ δὲ περὶ τὸν Ἀννίβαν ἤρξαντο προάγειν εἰς τὰς δυσχωρίας, τότε συναθροίσαντες οἱ τῶν Ἀλλοβρίγων ἡγεμόνες ἱκανὸν τι πλῆθος προκατελάβοντο τοὺς εὐκαίρους τόπους, δι' ὧν ἔδει τοὺς περὶ τὸν Ἀννίβαν κατ' ἀνάγκην ποιεῖσθαι τὴν ἀναβολήν. [4] εἰ μὲν οὖν ἔκρυψαν τὴν ἐπίνοιαν, ὀλοσχερῶς ἂν διέφθειραν τὸ στράτευμα τῶν Καρχηδονίων· νῦν δὲ καταφανεῖς γενόμενοι μεγάλα μὲν καὶ τοὺς περὶ Ἀννίβαν ἔβλαψαν, οὐκ ἐλάττω δ' ἑαυτοῦς. [5] γνοὺς γὰρ ὁ στρατηγὸς τῶν Καρχηδονίων ὅτι προκατέχουσιν οἱ βάρβαροι τοὺς εὐκαίρους τόπους, αὐτὸς μὲν καταστρατοπεδεύσας πρὸς ταῖς ὑπερβολαῖς ἐπέμενε, [6] προέπεμψε δὲ τινὰς τῶν καθηγουμένων αὐτοῖς Γαλατῶν χάριν τοῦ κατασκέψασθαι τὴν τῶν ὑπεναντίων ἐπίνοιαν καὶ τὴν ὅλην ὑπόθεσιν. [7] ὧν πραξάντων τὸ συνταχθέν, ἐπιγνοὺς ὁ στρατηγὸς ὅτι τὰς μὲν ἡμέρας ἐπιμελῶς παρευτακτοῦσι καὶ τηροῦσι τοὺς τόπους οἱ πολέμιοι, τὰς δὲ νύκτας εἰς τινα παρακειμένην πόλιν ἀπαλλάττονται, πρὸς ταύτην τὴν ὑπόθεσιν ἀρμοζόμενος συνεστήσατο πρῶξιν τοιαύτην. [8] ἀναλαβὼν τὴν δύναμιν προῆγεν ἐμφανῶς καὶ συνεγγίσας ταῖς δυσχωρίαις οὐ μακρὰν τῶν πολεμίων κατεστρατοπέδευσε. τῆς δὲ νυκτὸς ἐπιγενομένης, συντάξας τὰ πυρὰ καίειν, τὸ μὲν πλεῖον μέρος τῆς δυνάμεως αὐτοῦ κατέλιπε, τοὺς δ' ἐπιτηδαιοτάτους εὐζώνους ποιήσας διῆλθε τὰ στενὰ τὴν νύκτα καὶ κατέσχε τοὺς ὑπὸ τῶν πολεμίων προκαταληφθέντας τόπους, ἀποκεχωρηκότων τῶν βαρβάρων κατὰ τὴν συνήθειαν εἰς τὴν πόλιν.

[1] οὗ συμβάντος καὶ τῆς ἡμέρας ἐπιγενομένης, οἱ βάρβαροι συνθεασάμενοι τὸ γεγονός τὰς μὲν ἀρχὰς ἀπέστησαν τῆς ἐπιβολῆς· [2] μετὰ δὲ ταῦτα θεωροῦντες τὸ τῶν ὑποζυγίων πλῆθος καὶ τοὺς ἵππεῖς δυσχερῶς ἐκμηруομένους καὶ μακρῶς τὰς δυσχωρίας, ἐξεκλήθησαν ὑπὸ τοῦ συμβαίνοντος ἐξάπτεσθαι τῆς πορείας. [3] τούτου δὲ γενομένου, καὶ κατὰ πλείω μέρη προσπεσόντων τῶν

βαρβάρων, οὐχ οὕτως ὑπὸ τῶν ἀνδρῶν ὥς ὑπὸ τῶν τόπων πολὺς ἐγίνετο φθόρος τῶν Καρχηδονίων, καὶ μάλιστα τῶν ἵππων καὶ τῶν ὑποζυγίων. [4] οὐσης γὰρ οὐ μόνον στενῆς καὶ τραχείας τῆς προσβολῆς ἀλλὰ καὶ κρημνώδους, ἀπὸ παντὸς κινήματος καὶ πάσης ταραχῆς ἐφέρετο κατὰ τῶν κρημνῶν ὁμόσε τοῖς φορτίοις πολλὰ τῶν ὑποζυγίων. [5] καὶ μάλιστα τὴν τοιαύτην ταραχὴν ἐποιοῦν οἱ τραυματιζόμενοι τῶν ἵππων: τούτων γὰρ οἱ μὲν ἀντίοι συμπίπτοντες τοῖς ὑποζυγίοις, ὅποτε διαπτοθεῖεν ἐκ τῆς πληγῆς, οἱ δὲ κατὰ τὴν εἰς τοῦμπροσθεν ὁρμὴν ἐξωθοῦντες πᾶν τὸ παραπίπτον ἐν ταῖς δυσχωρίαις, μεγάλην ἀπειργάζοντο ταραχὴν. [6] εἰς ἃ βλέπων Ἀννίβας καὶ συλλογιζόμενος ὥς οὐδὲ τοῖς διαφυγοῦσι τὸν κίνδυνον ἔστι σωτηρία τοῦ σκευοφόρου διαφθαρέντος, ἀναλαβὼν τοὺς προκατασχόντας τὴν νύκτα τὰς ὑπερβολὰς ὥρμησε παραβοηθήσων τοῖς τῇ πορείᾳ προλαβοῦσιν. [7] οὗ γενομένου πολλοὶ μὲν τῶν πολέμιων ἀπώλλυντο διὰ τὸ ποιεῖσθαι τὴν ἔφοδον ἐξ ὑπερδεξίων τὸν Ἀννίβαν, οὐκ ἐλάττους δὲ καὶ τῶν ιδίων: [8] ὁ γὰρ κατὰ τὴν πορείαν θόρυβος ἐξ ἁμφοῖν ἠϋξέτο διὰ τὴν τῶν προειρημένων κραυγὴν καὶ συμπλοκὴν. [9] ἐπεὶ δὲ τοὺς μὲν πλείστους τῶν Ἀλλοβρίγων ἀπέκτεινε, τοὺς δὲ λοιποὺς τρεψάμενος ἠνάγκασε φυγεῖν εἰς τὴν οἰκίαν, τότε δὴ τὸ μὲν ἔτι περιλειπόμενον πλῆθος τῶν ὑποζυγίων καὶ τῶν ἵππων μόλις καὶ ταλαιπώρως διήνυε τὰς δυσχωρίας, [10] αὐτὸς δὲ συναθροίσας ὅσους ἠδύνατο πλείστους ἐκ τοῦ κινδύνου προσέβαλε πρὸς τὴν πόλιν, ἐξ ἧς ἐποιήσαντο τὴν ὁρμὴν οἱ πολέμιοι. [11] καταλαβὼν δὲ σχεδὸν ἔρημον διὰ τὸ πάντας ἐκκληθῆναι πρὸς τὰς ὠφελείας ἐγκρατῆς ἐγένετο τῆς πόλεως. ἐκ δὲ τούτου πολλὰ συνέβη τῶν χρησίμων αὐτῷ πρὸς τε τὸ παρὸν καὶ πρὸς τὸ μέλλον. [12] παραντίκα μὲν γὰρ ἐκομίσατο πλῆθος ἵππων καὶ ὑποζυγίων καὶ τῶν ἅμα τούτοις ἐαλωκότων ἀνδρῶν, εἰς δὲ τὸ μέλλον ἔσχε μὲν καὶ σίτου καὶ θρεμμάτων ἐπὶ δυεῖν καὶ τρισὶν ἡμέραις εὐπορίαν, [13] τὸ δὲ συνέχον, φόβον ἐνειργάσατο τοῖς ἐξῆς πρὸς τὸ μὴ τολμᾶν αὐτῷ ῥαδίως ἐγχειρεῖν μηδένα τῶν παρακειμένων ταῖς ἀναβολαῖς.

[1] τότε μὲν οὖν αὐτοῦ ποιησάμενος τὴν παρεμβολὴν καὶ μίαν ἐπιμείνας ἡμέραν αὐθις ὥρμα. [2] ταῖς δ' ἐξῆς μέχρι μὲν τινος ἀσφαλῶς διῆγε τὴν στρατιάν: ἥδη δὲ τεταρταῖος ὢν αὐθις εἰς κινδύνους παρεγένετο μεγάλους. [3] οἱ γὰρ περὶ τὴν δίοδον οἰκοῦντες συμφρονήσαντες ἐπὶ δόλῳ συνήντων αὐτῷ, θαλλοὺς ἔχοντες καὶ στεφάνους: τοῦτο γὰρ σχεδὸν πᾶσι τοῖς βαρβάροις ἔστι σύνθημα

φιλίας, καθάπερ τὸ κηρύκειον τοῖς Ἑλλησιν. [4] εὐλαβῶς δὲ διακεῖμενος πρὸς τὴν τοιαύτην πίστιν Ἀννίβας ἐξήτασε φιλοτίμως τὴν ἐπίνοιαν αὐτῶν καὶ τὴν ὅλην ἐπιβολήν. [5] τῶν δὲ φασκόντων καλῶς εἰδέναι καὶ τὴν τῆς πόλεως ἄλωσιν καὶ τὴν τῶν ἐγγχειρησάντων αὐτὸν ἀδικεῖν ἀπώλειαν, καὶ διασαφούντων ὅτι πάρεισι διὰ ταῦτα, βουλόμενοι μήτε ποιῆσαι μήτε παθεῖν μηδὲν δυσχερές, ὑπισχνουμένων δὲ καὶ δώσειν ἐξ αὐτῶν ὄμηρα, [6] πολὺν μὲν χρόνον ἠύλαβεῖτο καὶ διηπίσται τοῖς λεγομένοις, συλλογίζόμενος δ' Ἀννίβας ὡς δεξάμενος μὲν τὰ προτεινόμενα, τάχ' ἂν ἴσως εὐλαβεστέρους καὶ πραότερους ποιῆσαι τοὺς παραγεγονότας, μὴ προσδεξάμενος δὲ προδῆλους ἔξει πολεμίους αὐτούς, συγκατένευσε τοῖς λεγομένοις καὶ συνυπεκρίθη τίθεσθαι φιλίαν πρὸς αὐτούς. [7] τῶν δὲ βαρβάρων τὰ ὄμηρα παραδόντων καὶ θρέμμασι χορηγούντων ἀφθόνως καὶ καθόλου διδόντων σφᾶς αὐτούς εἰς τὰς χεῖρας ἀπαρτηρήτως, ἐπὶ ποσὸν ἐπίστευσαν οἱ περὶ τὸν Ἀννίβαν, ὥστε καὶ καθηγεμόσιν αὐτοῖς χρῆσθαι πρὸς τὰς ἐξῆς δυσχωρίας. προπορευομένων δ' αὐτῶν ἐπὶ δύο ἡμέραις, [8] συναθροισθέντες οἱ προειρημένοι καὶ συνακολουθήσαντες ἐπιτίθενται, φάραγγά τινα δύσβατον καὶ κρημνῶδη

[1] περαιουμένων αὐτῶν. ἐν ᾧ καιρῷ πάντας ἄρδην ἀπολέσθαι συνέβη τοὺς περὶ τὸν Ἀννίβαν, εἰ μὴ δεδιότες ἀκμὴν ἐπὶ ποσὸν καὶ προορώμενοι τὸ μέλλον τὰ μὲν σκευοφόρα καὶ τοὺς ἵππεῖς εἶχον ἐν τῇ πρωτοπορείᾳ, τοὺς δ' ὀπλίτας ἐπὶ τῆς οὐραγίας. [2] τούτων δ' ἐφεδρευόντων ἔλαττον συνέβη γενέσθαι τὸ πάθος· οὗτοι γὰρ ἔσπεξαν τὴν ἐπιφορὰν τῶν βαρβάρων. [3] οὐ μὴν ἀλλὰ καὶ τούτου συγκυρήσαντος πολὺ τι πλῆθος καὶ τῶν ἀνδρῶν καὶ τῶν ὑποζυγίων καὶ τῶν ἵππων διεφθάρη. [4] τῶν γὰρ τόπων ὑπερδεξίων ὄντων τοῖς πολεμίοις, ἀντιπαράγοντες οἱ βάρβαροι ταῖς παρωρείαις καὶ τοῖς μὲν τὰς πέτρας ἐπικυλίωντες τοὺς δ' ἐκ χειρὸς τοῖς λίθοις τύπτοντες εἰς ὀλοσχερῇ διατροπῇ καὶ κίνδυνον ἦγον, [5] οὕτως ὥστ' ἀναγκασθῆναι τὸν Ἀννίβαν μετὰ τῆς ἡμισείας δυνάμεως νυκτερεῦσαι περὶ τι λευκόπετρον ὀχυρὸν χωρὶς τῶν ἵππων καὶ τῶν ὑποζυγίων, ἐφεδρεύοντα τούτοις, ἕως ἐν ὅλῃ τῇ νυκτὶ ταῦτα μόλις ἐξεμηρύσατο τῆς χαράδρας. [6] τῇ δ' ἐπαύριον τῶν πολέμιων χωρισθέντων, συνάψας τοῖς ἵππεῦσι καὶ τοῖς ὑποζυγίοις προῆγε πρὸς τὰς ὑπερβολὰς τὰς ἀνωτάτω τῶν Ἀλπεων, ὀλοσχερεῖ μὲν οὐδενὶ περιπίπτων ἔτι συστήματι τῶν βαρβάρων, κατὰ μέρη δὲ καὶ κατὰ

τόπους παρενοχλούμενος ὑπ' αὐτῶν: [7] ὧν οἱ μὲν ἀπὸ τῆς οὐραγίας, οἱ δ' ἀπὸ τῆς πρωτοπορείας ἀπέσπων τῶν σκευοφόρων ἔνια, προσπίπτοντες εὐκαίρως. μεγίστην δ' αὐτῷ παρείχετο χρεῖαν τὰ θηρία: [8] καθ' ὃν γὰρ ἂν τόπον ὑπάρχοι τῆς πορείας ταῦτα, πρὸς τοῦτο τὸ μέρος οὐκ ἐτόλμων οἱ πολέμιοι προσιέναι, τὸ παράδοξον ἐκπληττόμενοι τῆς τῶν ζῶων φαντασίας. [9] ἐναταῖος δὲ διανύσας εἰς τὰς ὑπερβολὰς αὐτοῦ κατεστρατοπέδευσε καὶ δὴ ἡμέρας προσέμεινε, βουλόμενος ἅμα μὲν ἀναπαῦσαι τοὺς διασφριζομένους, ἅμα δὲ προσδέξασθαι τοὺς ἀπολειπομένους. [10] ἐν ᾧ καιρῷ συνέβη πολλοὺς μὲν ἵππους τῶν ἀπεπτοημένων, πολλὰ δ' ὑποζύγια τῶν ἀπερριφόντων τὰ φορτία παραδόξως ἀναδραμεῖν τοῖς στίβοις ἐπόμενα

[1] καὶ συνάψαι πρὸς τὴν παρεμβολήν. τῆς δὲ χιόνος ἤδη περὶ τοὺς ἄκρους ἀθροιζομένης διὰ τὸ συνάπτειν τὴν τῆς Πλειάδος δύσιν, θεωρῶν τὰ πλήθη δυσθύμως διακείμενα καὶ διὰ τὴν προγεγεννημένην ταλαιπωρίαν καὶ διὰ τὴν ἔτι προσδοκωμένην, [2] ἐπειρᾶτο συναθροίσας παρακαλεῖν, μίαν ἔχων ἀφορμὴν εἰς τοῦτο τὴν τῆς Ἰταλίας ἐνάργειαν: οὕτως γὰρ ὑποπεπτώκει τοῖς προειρημένοις ὄρεσιν ὥστε συνθεωρουμένων ἀμφοῖν ἀκροπόλεως φαίνεσθαι διάθεσιν ἔχειν τὰς Ἀλπεις τῆς ὅλης Ἰταλίας. [3] διόπερ ἐνδεικνύμενος αὐτοῖς τὰ περὶ τὸν Πάδον πεδία καὶ καθόλου τῆς εὐνοίας ὑπομιμνήσκων τῆς τῶν κατοικούντων αὐτὰ Γαλατῶν, ἅμα δὲ καὶ τὸν τῆς Ῥώμης αὐτῆς τόπον ὑποδεικνύων ἐπὶ ποσὸν εὐθαρσεῖς ἐποίησε τοὺς ἀνθρώπους. [4] τῇ δ' ἐπαύριον ἀναζεύξας ἐνήρχετο τῆς καταβάσεως. ἐν ἣ πολεμίους μὲν οὐκέτι περιέτυχε πλὴν τῶν λάθρα κακοποιούντων, ὑπὸ δὲ τῶν τόπων καὶ τῆς χιόνος οὐ πολλῶν λείποντας ἀπέβαλε τῶν κατὰ τὴν ἀνάβασιν φθαρέντων. [5] οὔσης γὰρ στενῆς καὶ κατωφεροῦς τῆς καταβάσεως, τῆς δὲ χιόνος ἄδηλον ποιούσης ἐκάστοις τὴν ἐπίβασιν, πᾶν τὸ παραπεσὸν τῆς ὁδοῦ καὶ σφαλὲν ἐφέρετο κατὰ τῶν κρημνῶν. [6] οὐ μὴν ἀλλὰ ταύτην μὲν ὑπέφερον τὴν ταλαιπωρίαν, ἅτε συνήθεις ὄντες ἤδη τοῖς τοιούτοις κακοῖς: [7] ἅμα δὲ τῷ παραγενέσθαι πρὸς τοιοῦτον τόπον, ὃν οὔτε τοῖς θηρίοις οὔτε τοῖς ὑποζυγίοις δυνατόν ἦν παρελθεῖν διὰ τὴν στενότητα, σχεδὸν ἐπὶ τρί' ἡμιστάδια τῆς ἀπορρῶγος καὶ πρὸ τοῦ μὲν οὔσης, τότε δὲ καὶ μᾶλλον ἔτι προσφάτως ἀπερρωγυίας, ἐνταῦθα πάλιν ἀθυμῆσαι καὶ διατραπῆναι συνέβη τὸ πλῆθος. [8] τὸ μὲν οὖν πρῶτον ἐπεβάλετο περιελθεῖν τὰς δυσχωρίας ὁ τῶν Καρχηδονίων στρατηγός: ἐπιγενομένης δὲ χιόνος καὶ ταύτην ἀδύνατον ποιούσης

τὴν πορείαν,

[1] ἀπέστη τῆς ἐπιβολῆς. τὸ γὰρ συμβαῖνον ἴδιον ἦν καὶ παρηλλαγμένον. ἐπὶ γὰρ τὴν προϋπάρχουσαν χιόνα καὶ διαμεμενηκυῖαν ἐκ τοῦ πρότερον χειμῶνος ἄρτι τῆς ἐπ' ἔτους πεπτωκυίας, ταύτην μὲν εὐδιάκοπτον εἶναι συνέβαινε καὶ διὰ τὸ πρόσφατον οὖσαν ἀπαλὴν ὑπάρχειν καὶ διὰ τὸ μηδέπω βάθος ἔχειν. [2] ὁπότε δὲ ταύτην διαπατήσαντες ἐπὶ τὴν ὑποκάτω καὶ συνεστηκυῖαν ἐπιβαῖεν, οὐκέτι διέκοπτον, ἀλλ' ἐπέπλεον ὀλισθάνοντες ἀμφοτέροις ἅμα τοῖς ποσὶ, καθάπερ ἐπὶ τῇ γῇ συμβαίνει τοῖς διὰ τῶν ἄκροπῆλων πορευομένοις. [3] τὸ δὲ συνεξακολουθοῦν τούτοις ἔτι δυσχερέστερον ὑπῆρχεν. [4] οἱ μὲν γὰρ ἄνδρες οὐ δυνάμενοι τὴν κάτω χιόνα διακόπτειν, ὁπότε πεσόντες βουληθεῖεν ἢ τοῖς γόνασιν ἢ ταῖς χερσὶ προσεξερεῖσασθαι πρὸς τὴν ἐξανάστασιν, τότε καὶ μᾶλλον ἐπέπλεον ἅμα πᾶσι τοῖς ἐρείσμασιν, ἐπὶ πολὺ καταφερῶν ὄντων τῶν χωρίων: [5] τὰ δ' ὑποζύγια διέκοπτεν, ὅτε πέσοι, τὴν κάτω χιόνα κατὰ τὴν διανάστασιν, διακόψαντα δ' ἔμενε μετὰ τῶν φορτίων οἷον καταπεπηγότα διὰ τε τὸ βάρος καὶ διὰ τὸ πῆγμα τῆς προϋπαρχούσης χιόνος. [6] ὅθεν ἀποστὰς τῆς τοιαύτης ἐλπίδος ἐστρατοπέδευσε περὶ τὴν ράχιν, διαμησάμενος τὴν ἐπ' αὐτῇ χιόνα, καὶ μετὰ ταῦτα παραστήσας τὰ πλήθη τὸν κρημνὸν ἐξφοκδόμει μετὰ πολλῆς τλαιπωρίας. [7] τοῖς μὲν οὖν ὑποζυγίοις καὶ τοῖς ἵπποις ἱκανὴν ἐποίησε πάροδον ἐν ἡμέρᾳ μιᾷ. διὸ καὶ ταῦτα μὲν εὐθέως διαγαγὼν καὶ καταστρατοπεδεύσας περὶ τοὺς ἐκφεύγοντας ἤδη τὴν χιόνα τόπους διαφῆκε πρὸς τὰς νομάς, [8] τοὺς δὲ Νομάδας ἀνὰ μέρος προῆγε πρὸς τὴν οἰκοδομίαν καὶ μόλις ἐν ἡμέραις τρισὶ κακοπαθήσας διήγαγε τὰ θηρία. καὶ τάδε συνέβαινε κακῶς ὑπὸ τοῦ λιμοῦ διατεθεῖσθαι: [9] τῶν γὰρ Ἄλπεων τὰ μὲν ἄκρα καὶ τὰ πρὸς τὰς ὑπερβολὰς ἀνήκοντα τελέως ἄδενδρα καὶ ψιλὰ πάντ' ἔστι διὰ τὸ συνεχῶς ἐπιμένειν τὴν χιόνα καὶ θέρους καὶ χειμῶνος, τὰ δ' ὑπὸ μέσην τὴν παρῶρειαν ἐξ ἀμφοῖν τοῖν μεροῖν ὑλοφόρα καὶ δενδροφόρα καὶ τὸ ὅλον οἰκῆσιμ' ἔστιν.

[1] Ἀννίβας δὲ συναθροίσας ὁμοῦ πᾶσαν τὴν δύναμιν κατέβαινε καὶ τριταῖος ἀπὸ τῶν προειρημένων κρημνῶν διανύσας ἤψατο τῶν ἐπιπέδων, [2] πολλοὺς μὲν ἀπολωλεκῶς τῶν στρατιωτῶν ὑπὸ τε τῶν πολεμίων καὶ τῶν ποταμῶν ἐν τῇ καθόλου πορείᾳ, πολλοὺς δ' ὑπὸ τῶν κρημνῶν καὶ τῶν δυσχωρίων κατὰ τὰς Ἄλπεις, οὐ μόνον ἄνδρας, ἔτι δὲ πλείους ἵππους καὶ ὑποζύγια. [3] τέλος δὲ τὴν μὲν πᾶσαν

πορείαν ἐκ Καινῆς πόλεως ἐν πέντε μηνὶ ποιησάμενος τὴν δὲ τῶν Ἑλλήνων ὑπερβολὴν ἡμέραις δεκαπέντε κατήρε τολμηρῶς εἰς τὰ περὶ τὸν Πάδον πεδία καὶ τὸ τῶν Ἰνσόμβρων ἔθνος, [4] ἔχων τὸ διασφύζομενον μέρος τῆς μὲν τῶν Λιβύων δυνάμεως πεζοὺς μυρίους καὶ δισχιλίους, τῆς δὲ τῶν Ἰβήρων εἰς ὀκτακισχιλίους, ἵππεῖς δὲ τοὺς πάντας οὐ πλείους ἑξακισχιλίων, ὥς αὐτὸς ἐν τῇ στήλῃ τῇ περὶ τοῦ πλῆθους ἐχούσῃ τὴν ἐπιγραφὴν ἐπὶ Λακινίῳ διασαφεῖ. [5] κατὰ δὲ τοὺς αὐτοὺς καιροὺς, ὥς ἐπάνω προεῖπα, Πόπλιος ἀπολελοιπὼς τὰς δυνάμεις Γναῖον τὰδελφῶ καὶ παρακεκληκῶς αὐτὸν ἔχεσθαι τῶν ἐν Ἰβηρίᾳ πραγμάτων καὶ πολεμεῖν ἐρρωμένως Ἀσδρούβᾳ, κατέπλευσε μετ' ὀλίγων αὐτὸς εἰς Πίσας. [6] ποιησάμενος δὲ τὴν πορείαν διὰ Τυρρηνίας καὶ παραλαβὼν τὰ παρὰ τῶν ἐξαπαλέκεων στρατόπεδα τὰ προκαθήμενα καὶ προσπολεμοῦντα τοῖς Βοίοις ἦκε πρὸς τὰ περὶ τὸν Πάδον πεδία καὶ καταστρατοπεδεύσας ἐπέιχε τοῖς πολεμίοις, σπεύδων συμβαλεῖν εἰς μάχην.

[1] ἡμεῖς δ' ἐπειδὴ καὶ τὴν διήγησιν καὶ τοὺς ἡγεμόνας ἀμφοτέρων καὶ τὸν πόλεμον εἰς Ἰταλίαν ἡγάγομεν, πρὸ τοῦ τῶν ἀγώνων ἄρξασθαι βραχέα βουλόμεθα περὶ τῶν ἀρμοζόντων τῇ πραγματείᾳ διελθεῖν. [2] ἴσως γὰρ δὴ τινες ἐπιζητήσουσι πῶς πεποιημένοι τὸν πλεῖστον λόγον ὑπὲρ τῶν κατὰ Λιβύην καὶ κατ' Ἰβηρίαν τόπων οὔτε περὶ τοῦ καθ' Ἡρακλέους στήλας στόματος οὐδὲν ἐπὶ πλεῖον εἰρήκαμεν οὔτε περὶ τῆς ἔξω θαλάττης καὶ τῶν ἐν ταύτῃ συμβαινόντων ιδιωμάτων, [3] οὐδὲ μὴν περὶ τῶν Βρεττανικῶν νήσων καὶ τῆς τοῦ καττιτέρου κατασκευῆς, ἔτι δὲ τῶν ἀργυρείων καὶ χρυσείων τῶν κατ' αὐτὴν Ἰβηρίαν, ὑπὲρ ὧν οἱ συγγραφεῖς ἀμφισβητοῦντες πρὸς ἀλλήλους τὸν πλεῖστον διατίθενται λόγον. [4] ἡμεῖς δ' οὐχὶ νομίζοντες ἀλλότριον εἶναι τοῦτο τὸ μέρος τῆς ἱστορίας, διὰ τοῦτο παρελείπομεν, ἀλλὰ πρῶτον μὲν οὐ βουλόμενοι παρ' ἑκαστα διασπᾶν τὴν διήγησιν οὐδ' ἀποπλανᾶν ἀπὸ τῆς πραγματικῆς ὑποθέσεως τοὺς φιληκοοῦντας, [5] δεύτερον δὲ κρίνοντες οὐ διερριμμένην οὐδ' ἐν παρέργῳ ποιήσασθαι τὴν περὶ αὐτῶν μνήμην, ἀλλὰ κατ' ἰδίαν καὶ τόπον καὶ καιρὸν ἀπονείμαντες τῷ μέρει τούτῳ, καθ' ὅσον οἰοί τ' ἐσμέν, τὴν ἀλήθειαν περὶ αὐτῶν ἐξηγήσασθαι. [6] διόπερ οὐ χρὴ θαυμάζειν οὐδ' ἐν τοῖς ἐξῆς, ἐὰν ἐπὶ τινὰς τόπους ἐρχόμενοι τοιοῦτους παραλείπωμεν τοῦτο τὸ μέρος διὰ τὰς προειρημένας αἰτίας. [7] εἰ δὲ τινες πάντως ἐπιζητοῦσι κατὰ τόπον καὶ κατὰ μέρος τῶν τοιούτων ἀκούειν, ἴσως ἀγνοοῦσι παραπλήσιόν

τι πάσχοντες τοῖς λίχνοις τῶν δειπνητῶν. [8] καὶ γὰρ ἐκεῖνοι πάντων ἀπογευόμενοι τῶν παρακειμένων οὔτε κατὰ τὸ παρὸν οὐδενὸς ἀληθινῶς ἀπολαύουσι τῶν βρωμάτων οὔτ' εἰς τὸ μέλλον ὠφέλιμον ἐξ αὐτῶν τὴν ἀνάδοσιν καὶ τροφὴν κομίζονται, πᾶν δὲ τοῦναντίον: [9] οἱ τε περὶ τὴν ἀνάγνωσιν τὸ παραπλήσιον ποιοῦντες οὔτε τῆς παραυτίκα διαγωγῆς ἀληθινῶς οὔτε τῆς εἰς τὸ μέλλον ὠφελείας στοχάζονται δεόντως.

[1] διότι μὲν οὖν, εἰ καὶ τι τῶν τῆς ἱστορίας μερῶν ἄλλο, καὶ τοῦτο προσδεῖ λόγου καὶ διορθώσεως ἀληθινωτέρας, προφανὲς ἐκ πολλῶν μάλιστα δ' ἐκ τούτων. [2] σχεδὸν γὰρ πάντων, εἰ δὲ μὴ γε, τῶν πλείστων συγγραφέων πεπειραμένων μὲν ἐξηγεῖσθαι τὰς ιδιότητας καὶ θέσεις τῶν περὶ τὰς ἐσχατίας τόπων τῆς καθ' ἡμᾶς οἰκουμένης, ἐν πολλοῖς δὲ τῶν πλείστων διημαρτηκότων, [3] παραλείπειν μὲν οὐδαμῶς καθήκει, ῥητέον δὲ τι πρὸς αὐτοὺς οὐκ ἐκ παρέργου καὶ διερριμμένως ἀλλ' ἐξ ἐπιστάσεως, καὶ ῥητέον οὐκ ἐπιτιμῶντας οὐδ' ἐπιπλήττοντας, [4] ἐπαινοῦντας δὲ μᾶλλον καὶ διορθουμένους τὴν ἄγνοιαν αὐτῶν, γινώσκοντας ὅτι κἀκεῖνοι τῶν νῦν καιρῶν ἐπιλαβόμενοι πολλὰ τῶν αὐτοῖς εἰρημένων εἰς διόρθωσιν ἂν καὶ μετὰθεσιν ἤγαγον. [5] ἐν μὲν γὰρ τῷ προγεγονότι χρόνῳ σπανίους ἂν εὔροι τις τῶν Ἑλλήνων τοὺς ἐπιβεβλημένους πολυπραγμονεῖν τὰ κατὰ τὰς ἐσχατίας διὰ τὸ τῆς ἐπιβολῆς ἀδύνατον. [6] πολλοὶ μὲν γὰρ ἦσαν οἱ κατὰ θάλατταν τότε κίνδυνοι καὶ δυσεξαρίθμητοι, πολλαπλάσιοι δὲ τούτων οἱ κατὰ γῆν. [7] ἀλλ' εἰ καὶ τις ἢ κατ' ἀνάγκην ἢ κατὰ προαίρεσιν ἐξίκοιτο πρὸς τὰ πέρατα τῆς οἰκουμένης, οὐδ' οὕτως ἦνυνεν τὸ προκειμένον. [8] δυσχερὲς μὲν γὰρ ἐπὶ πλέον τινῶν αὐτόπτην γενέσθαι διὰ τὸ τοὺς μὲν ἐκβεβαρβαρῶσθαι τοὺς δ' ἐρήμους εἶναι τόπους, ἔτι δὲ χαλεπώτερον τὸ περὶ τῶν ὁραθέντων διὰ λόγου τι γνῶναι καὶ μαθεῖν διὰ τὸ τῆς φωνῆς ἐξηλλαγμένον. [9] ἐὰν δὲ καὶ γνῶ τις, ἔτι τῶν πρὸ τοῦ δυσχερέστερον τὸ τῶν ἑωρακότων τινὰ μετρίῳ χρῆσθαι τρόπῳ καὶ καταφρονήσαντα τῆς παραδοξολογίας καὶ τερατείας ἑαυτοῦ χάριν προτιμῆσαι τὴν ἀλήθειαν καὶ μηδὲν τῶν πάρεξ ὄντων ἡμῖν

[1] ἀναγγεῖλαι. διόπερ οὐ δυσχεροῦς ἀλλ' ἀδυνάτου σχεδὸν ὑπαρχούσης κατὰ γε τοὺς προγεγονότας καιροὺς τῆς ἀληθοῦς ἱστορίας ὑπὲρ τῶν προειρημένων, οὐκ εἴ τι παρέλιπον οἱ συγγραφεῖς ἢ διήμαρτον, ἐπιτιμᾶν αὐτοῖς ἄξιον, [2] ἀλλ' ἐφ' ὅσον ἔγνωσάν τι καὶ προεβίβασαν τὴν ἐμπειρίαν τὴν περὶ τούτων ἐν τοιοῦτοις καιροῖς,

ἐπαινεῖν καὶ θαυμάζειν αὐτοὺς δίκαιον. [3] ἐν δὲ τοῖς καθ' ἡμᾶς τῶν μὲν κατὰ τὴν Ἀσίαν διὰ τὴν Ἀλεξάνδρου δυναστείαν τῶν δὲ λοιπῶν τόπων διὰ τὴν Ῥωμαίων ὑπεροχὴν σχεδὸν ἀπάντων πλωτῶν καὶ πορευτῶν γεγονότων, [4] ἀπολελυμένων δὲ καὶ τῶν πρακτικῶν ἀνδρῶν τῆς περὶ τὰς πολεμικὰς καὶ πολιτικὰς πράξεις φιλοτιμίας, ἐκ δὲ τούτων πολλὰς καὶ μεγάλας ἀφορμὰς εἰληφότων εἰς τὸ πολυπραγμονεῖν καὶ φιλομαθεῖν περὶ τῶν προειρημένων, [5] δέον ἂν εἴη καὶ βέλτιον γινώσκειν καὶ ἀληθινώτερον ὑπὲρ τῶν πρότερον ἀγνοουμένων. ὅπερ ἡμεῖς αὐτοί τε πειρασόμεθα ποιεῖν, [6] λαβόντες ἀρμόζοντα τόπον ἐν τῇ πραγματείᾳ τῷ μέρει τούτῳ, τοὺς τε φιλοπευστοῦντας ὀλοσχερέστερον βουλησόμεθα συνεπιστῆσαι περὶ τῶν προειρημένων, [7] ἐπειδὴ καὶ τὸ πλεῖον τούτου χάριν ὑπεδεξάμεθα τοὺς κινδύνους [καὶ τὰς κακοπαθείας] τοὺς συμβάντας ἡμῖν ἐν πλάνῃ τῇ κατὰ Λιβύην καὶ κατ' Ἰβηρίαν, ἔτι δὲ Γαλατίαν καὶ τὴν ἔξωθεν ταύταις ταῖς χώραις συγκυροῦσαν θάλατταν, [8] ἵνα διορθωσάμενοι τὴν τῶν προγεγονότων ἄγνοιαν ἐν τούτοις γνῶριμα ποιήσωμεν τοῖς Ἑλλήσι καὶ ταῦτα τὰ μέρη τῆς οἰκουμένης. [9] νῦν δ' ἀναδραμόντες ἐπὶ τὴν παρέκβασιν τῆς διηγήσεως πειρασόμεθα δηλοῦν τοὺς γενομένους ἐκ παρατάξεως ἐν Ἰταλίᾳ Ῥωμαίοις καὶ Καρχηδονίοις ἀγῶνας.

[1] τὸ μὲν οὖν πλῆθος τῆς δυνάμεως, ὅπερ ἔχων Ἀννίβας ἐνέβαλεν εἰς Ἰταλίαν, ἤδη δεδηλώκαμεν. [2] μετὰ δὲ τὴν εἰσβολὴν καταστρατοπεδεύσας ὑπ' αὐτὴν τὴν παρῳρείαν τῶν Ἄλπεων τὰς μὲν ἀρχὰς ἀνελάμβανε τὰς δυνάμεις. [3] οὐ γὰρ μόνον ὑπὸ τῶν ἀναβάσεων καὶ καταβάσεων, ἔτι δὲ τραχυτήτων τῶν κατὰ τὰς ὑπερβολάς, δεινῶς τεταλαιπωρῆκει τὸ σύμπαν αὐτῷ στρατόπεδον, ἀλλὰ καὶ τῇ τῶν ἐπιτηδείων σπάνει καὶ ταῖς τῶν σωμάτων ἀθεραπευσίαις κακῶς ἀπήλλαττε. [4] πολλοὶ δὲ καὶ καθυφεῖνθ' ἑαυτοὺς ὀλοσχερῶς διὰ τὴν ἔνδειαν καὶ συνέχειαν τῶν πόνων. οὔτε γὰρ διακομίζειν εἰς τοσαύτας μυριάδας διὰ τοιούτων τόπων δαψιλῇ τὰ πρὸς τὴν τροφήν οἰοί τ' ἦσαν, ἃ τε καὶ παρεκόμιζον, ἅμα τῇ τῶν ὑποζυγίων καταφθορᾷ καὶ τούτων τὰ πλείστα συναπώλλυτο. [5] διόπερ ὀρμήσας ἀπὸ τῆς τοῦ Ῥοδανοῦ διαβάσεως, πεζοὺς μὲν εἰς ὀκτακισχιλίους καὶ τρισμυρίους ἔχων ἵππεῖς δὲ πλείους ὀκτακισχιλίων, σχεδόν που τὴν ἡμίσειαν τῆς δυνάμεως, καθάπερ ἐπάνω προεῖπον, ἐν ταῖς ὑπερβολαῖς διέφθιρεν. [6] οἱ γε μὴν σωθέντες καὶ ταῖς ἐπιφανείαις καὶ τῇ λοιπῇ διαθέσει διὰ τὴν

συνέχειαν τῶν προειρημένων πόνων οἷον ἀποτεθριωμένοι πάντες ἦσαν. [7] πολλὴν οὖν ποιούμενος πρόνοιαν Ἀννίβας τῆς ἐπιμελείας αὐτῶν ἀνεκτᾶτο καὶ τὰς ψυχὰς ἅμα καὶ τὰ σώματα τῶν ἀνδρῶν, ὁμοίως δὲ καὶ τῶν ἵππων. [8] μετὰ δὲ ταῦτα, προσανειληφύας ἤδη τῆς δυνάμεως, τῶν Ταυρίνων, οἱ τυγχάνουσι πρὸς τῇ παρωρείᾳ κατοικοῦντες, στασιαζόντων μὲν πρὸς τοὺς Ἴνσομβρας ἀπιστούντων δὲ τοῖς Καρχηδονίοις, [9] τὸ μὲν πρῶτον αὐτοὺς εἰς φιλίαν προυκαλεῖτο καὶ συμμαχίαν: οὐχ ὑπακουόντων δὲ περιστρατοπεδεύσας τὴν βαρυτάτην πόλιν ἐν τρισὶν ἡμέραις ἐξεπολιόρκησεν. [10] κατασφάζας δὲ τοὺς ἐναντιωθέντας αὐτῷ τοιοῦτον ἐνεργάσατο φόβον τοῖς σύνεγγυς κατοικοῦσιν τῶν βαρβάρων ὥστε πάντας ἐκ χειρὸς παραγίνεσθαι, διδόντας αὐτοὺς εἰς τὴν πίστιν. [11] τὸ δὲ λοιπὸν πλῆθος τῶν τὰ πεδία κατοικούντων Κελτῶν ἐσπούδαζε μὲν κοινωνεῖν τοῖς Καρχηδονίοις τῶν πραγμάτων κατὰ τὴν ἐξ ἀρχῆς ἐπιβολήν: [12] παρηλλαχότων δὲ τῶν Ῥωμαϊκῶν στρατοπέδων ἤδη τοὺς πλείστους αὐτῶν καὶ διακεκλεικότων, ἡσυχίαν ἦγον: τινὲς δὲ καὶ συστρατεύειν ἠναγκάζοντο τοῖς Ῥωμαίοις. [13] εἰς ᾧ βλέπων Ἀννίβας ἔκρινε μὴ μέλλειν ἀλλὰ προάγειν εἰς τοῦμπροσθεν καὶ πράττειν τι πρὸς τὸ θαρρῆσαι τοὺς βουλομένους μετέχειν σφίσι τῶν αὐτῶν ἐλπίδων.

[1] προθέμενος δὲ ταῦτα καὶ τὸν Πόπλιον ἀκούων ἤδη διαβεβηκέναι τὸν Πάδον μετὰ τῶν δυνάμεων καὶ σύνεγγυς εἶναι, τὸ μὲν πρῶτον ἠπίσται τοῖς προσαγγελλομένοις, [2] ἐνθυμούμενος μὲν ὅτι πρότερον ἡμέραις ὀλίγαις αὐτὸν ἀπέλιπε περὶ τὴν τοῦ Ῥοδανοῦ διάβασιν, καὶ συλλογιζόμενος τὸν τε πλοῦν τὸν ἀπὸ Μασσαλίας εἰς Τυρρηνίαν ὡς μακρὸς καὶ δυσπαρακόμιστος εἴη, [3] πρὸς δὲ τούτοις τὴν πορείαν ἱστορῶν τὴν ἀπὸ τοῦ Τυρρηνικοῦ πελάγους διὰ τῆς Ἰταλίας μέχρι πρὸς τὰς Ἄλπεις ὡς πολλὴ καὶ δυσδίοδος ὑπάρχει στρατοπέδοις. [4] πλειόνων δὲ καὶ σαφεστέρως αἰεὶ προσαγγελλόντων, ἐθαύμαζε καὶ κατεπέπληκτο τὴν ὅλην ἐπιβολὴν καὶ τὴν πρᾶξιν τοῦ στρατηγοῦ. [5] τὸ δὲ παραπλήσιον συνέβαινε πάσχειν καὶ τὸν Πόπλιον: τὰς μὲν γὰρ ἀρχὰς οὐδ' ἐπιβάλλεσθαι τῇ διὰ τῶν Ἀλπεων ἥλπισε πορεία τὸν Ἀννίβαν δυνάμεσιν ἄλλοφύλοις: εἰ δὲ καὶ τολμήσαι, καταφθαρήσεσθαι προδήλως αὐτὸν ὑπελάμβανεν. διόπερ ἐν τοιούτοις ὦν διαλογισμοῖς, [6] ὡς ἐπυνθάνετο καὶ σεσῶσθαι καὶ πολιορκεῖν αὐτὸν ἤδη τινὰς πόλεις ἐν Ἰταλίᾳ, κατεπέπληκτο τὴν τόλμαν καὶ τὸ παράβολον τάνδρός. [7] τὸ δ' αὐτὸ συνέβαινεν καὶ τοῖς

ἐν τῇ Ῥώμῃ πεπονθέναι περὶ τῶν προσπιπτόντων. [8] ἄρτι γὰρ τῆς τελευταίας φήμης καταληγούσης ὑπὲρ τῶν Καρχηδονίων ὅτι Ζάκανθαν εἰλήφασιν, καὶ πρὸς ταύτην βεβουλευμένων τὴν ἔννοιαν, καὶ τὸν μὲν ἓνα τῶν στρατηγῶν ἐξαπεσταλκότων εἰς τὴν Λιβύην, ὡς αὐτὴν τὴν Καρχηδόνα πολιορκήσοντα, τὸν ἕτερον δ' εἰς Ἰβηρίαν, ὡς πρὸς Ἀννίβαν ἐκεῖ διαπολεμήσοντα, παρῆν ἀγγελία διότι πάρεστιν Ἀννίβας μετὰ δυνάμεως καὶ πολιορκεῖ τινας ἤδη πόλεις ἐν Ἰταλίᾳ. [9] διότι παραδόξου φανέντος αὐτοῖς τοῦ γινομένου, διαταραχθέντες παραχρῆμα πρὸς τὸν Τεβέριον εἰς τὸ Λιλύβαιον ἐξαπέστελλον, δηλοῦντες μὲν τὴν παρουσίαν τῶν πολεμίων, οἰόμενοι δὲ δεῖν ἀφέμενον τῶν προκειμένων κατὰ σπουδὴν βοηθεῖν τοῖς ἰδίοις πράγμασιν. [10] ὁ δὲ Τεβέριος τοὺς μὲν ἀπὸ τοῦ στόλου παραυτίκα συναθροίσας ἐξέπεμψε, παραγγείλας ποιεῖσθαι τὸν πλοῦν ὡς ἐπ' οἴκου: τὰς δὲ περὶ τὰς δυνάμεις ἐξώρκισε διὰ τῶν χιλιάρχων, τάξας ἡμέραν ἐν ἧ δεήσει πάντα ἐν Ἀριμίνῳ γενέσθαι κοιταίους. [11] αὕτη δ' ἔστι πόλις παρὰ τὸν Ἀδρίαν ἐπὶ τῷ πέρατι κειμένη τῶν περὶ τὸν Πάδον πεδίων ὡς ἀπὸ μεσημβρίας. [12] πανταχόθεν δὲ τοῦ κινήματος ἅμα γινομένου, καὶ τῶν συμβαινόντων πᾶσι παρὰ δόξαν προσπιπτόντων, ἦν παρ' ἐκάστοις ἐπίστασις ὑπὲρ τοῦ μέλλοντος οὐκ εὐκαταφρόνητος.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον ἤδη συνεγγίζοντες ἀλλήλοις Ἀννίβας καὶ Πόπλιος ἐπεβάλοντο παρακαλεῖν τὰς ἑαυτῶν δυνάμεις, ἕκαστος προθέμενος τὰ πρέποντα τοῖς παροῦσι καιροῖς. [2] Ἀννίβας μὲν οὖν διὰ τοιοῦδέ τινος ἐνεχείρει τρόπου ποιεῖσθαι τὴν παραίνεσιν. [3] συναγαγὼν γὰρ τὰ πλήθη παρήγαγεν νεανίσκους τῶν αἰχμαλώτων, οὓς εἰλήφει κακοποιοῦντας τὴν πορείαν ἐν ταῖς περὶ τὰς Ἄλπεις δυσχωρίαις. [4] τούτους δὲ κακῶς διετίθετο, παρασκευαζόμενος πρὸς τὸ μέλλον: καὶ γὰρ δεσμοὺς εἶχον βαρεῖς καὶ τῷ λιμῷ συνέσχητο, καὶ ταῖς πληγαῖς αὐτῶν τὰ σώματα διέφθαρτο. [5] καθίσας οὖν τούτους εἰς τὸ μέσον προέθηκε πανοπλίας Γαλατικᾶς, οἷαις εἰώθασιν οἱ βασιλεῖς αὐτῶν, ὅταν μονομαχεῖν μέλλωσιν, κατακοσμεῖσθαι: πρὸς δὲ τούτοις ἵππους παρέστησε καὶ σάγους εἰσήνεγκε πολυτελεῖς. [6] κᾶπειτα τῶν νεανίσκων ἤρετο τίνες αὐτῶν βούλονται διαγωνίσασθαι πρὸς ἀλλήλους ἐφ' ᾧ τὸν μὲν νικήσαντα τὰ προκείμενα λαμβάνειν ἄθλα, τὸν δ' ἡττηθέντα τῶν παρόντων ἀπηλλάχθαι κακῶν, τελευτήσαντα τὸν βίον. [7] πάντων δ' ἀναβοησάντων ἅμα καὶ δηλούντων ὅτι βούλονται μονομαχεῖν,

κληρώσασθαι προσέταξε καὶ δύο τοὺς λαχόντας καθοπλισμένους ἐκέλευσε μάχεσθαι πρὸς ἀλλήλους. [8] παραυτίκα μὲν οὖν ἀκούσαντες οἱ νεανίσκοι ταῦτα καὶ τὰς χεῖρας ἐξαίροντες εὐχοντο τοῖς θεοῖς, σπεύδων ἕκαστος αὐτὸς γενέσθαι τῶν λαχόντων. [9] ἐπεὶ δ' ἐδηλώθη τὰ κατὰ τὸν κλῆρον, ἦσαν οἱ μὲν εἰληχότες περιχαρεῖς, οἱ δ' ἄλλοι τοῦναντίον. [10] γενομένης δὲ τῆς μάχης οὐχ ἦττον ἐμακάριζον οἱ περιλειπόμενοι τῶν αἰχμαλώτων τὸν τεθνεῶτα τοῦ νενικηκότος, ὥς πολλῶν καὶ μεγάλων κακῶν ἐκείνου μὲν ἀπολελυμένου, σφᾶς δ' αὐτοὺς ἀκμὴν ὑπομένοντας. [11] ἦν δὲ παραπλησία καὶ περὶ τοὺς πολλοὺς τῶν Καρχηδονίων ἡ διάληψις· ἐκ παραθέσεως γὰρ θεωρουμένης τῆς τῶν ἀγομένων καὶ ζώντων ταλαιπωρίας, τούτους μὲν ἠλέουν, τὸν δὲ τεθνεῶτα πάν

[1] τες ἐμακάριζον. Ἀννίβας δὲ διὰ τῶν προειρημένων τὴν προκειμένην διάθεσιν ἐνεργασάμενος ταῖς τῶν δυνάμεων ψυχαῖς, [2] μετὰ ταῦτα προελθὼν αὐτὸς τούτου χάριν ἔφη παρεισάγειν τοὺς αἰχμαλώτους, ἵν' ἐπὶ τῶν ἀλλοτρίων συμπτωμάτων ἐναργῶς θεασάμενοι τὸ συμβαῖνον βέλτιον ὑπὲρ τῶν σφίσι παρόντων βουλευώνται πραγμάτων. [3] εἰς παραπλήσιον γὰρ αὐτοὺς ἀγῶνα καὶ καιρὸν τὴν τύχην συγκεκλεικέναι καὶ παραπλήσια τοῖς νῦν ἄθλα προτεθεικέναι. [4] δεῖν γὰρ ἢ νικᾶν ἢ θνήσκειν ἢ τοῖς ἐχθροῖς ὑποχειρίους γενέσθαι ζῶντας. εἶναι δ' ἐκ μὲν τοῦ νικᾶν ἄθλον οὐχ ἵππους καὶ σάγους, ἀλλὰ τὸ πάντων ἀνθρώπων γενέσθαι μακαριωτάτους, κρατήσαντας τῆς Ῥωμαίων εὐδαιμονίας, [5] ἐκ δὲ τοῦ μαχομένου τι παθεῖν, διαγωνιζομένους ἕως τῆς ἐσχάτης ἀναπνοῆς ὑπὲρ τῆς καλλίστης ἐλπίδος μεταλλάξαι τὸν βίον ἐν χειρῶν νόμῳ, μηδενὸς κακοῦ λαβόντας πείραν, [6] τοῖς δ' ἡττωμένοις καὶ διὰ τὴν πρὸς τὸ ζῆν ἐπιθυμίαν ὑπομένουσι φεύγειν ἢ κατ' ἄλλον τινὰ τρόπον ἐλομένοις τὸ ζῆν παντὸς κακοῦ καὶ πάσης ἀτυχίας μετασχεῖν. [7] οὐδένα γὰρ οὕτως ἀλόγιστον οὐδὲ νωθρὸν αὐτῶν ὑπάρχειν, ὅς μνημονεύων μὲν τοῦ μήκους τῆς ὁδοῦ τῆς διηνυσμένης ἐκ τῶν πατρίδων, μνημονεύων δὲ τοῦ πλήθους τῶν μεταξὺ πολεμίων, εἰδὼς δὲ τὰ μεγέθη τῶν ποταμῶν ὧν διεπέρασεν, ἐλπῖσαι ποτ' ἂν ὅτι φεύγων εἰς τὴν οἰκείαν ἀφίξεται. [8] διόπερ ᾤετο δεῖν αὐτούς, ἀποκεκομμένης καθόλου τῆς τοιαύτης ἐλπίδος, τὴν αὐτὴν διάληψιν ποιῆσθαι περὶ τῶν καθ' αὐτοὺς πραγμάτων ἥνπερ ἀρτίως ἐποιοῦντο περὶ τῶν ἀλλοτρίων συμπτωμάτων. [9] καθάπερ γὰρ ἐπ' ἐκείνων τὸν μὲν νικήσαντα καὶ τεθνεῶτα πάντες ἐμακάριζον τοὺς δὲ ζῶντας

ἡλέουν, οὕτως ᾔετο δεῖν καὶ περὶ τῶν καθ' αὐτοὺς διαλαμβάνειν καὶ πάντας ἰέναι πρὸς τοὺς ἀγῶνας, μάλιστα μὲν νικήσοντας, ἂν δὲ μὴ τοῦτ' ἢ δυνατόν, ἀποθανομένους. [10] τὴν δὲ τοῦ ζῆν ἡττημένους ἐλπίδα κατὰ μηδένα τρόπον ἡξίου λαμβάνειν ἐν νῷ. [11] τοῦτ' ἄν χρῆσθαι αὐτῶν τῷ λογισμῷ καὶ τῇ προθέσει ταύτῃ, καὶ τὸ νικᾶν ἅμα καὶ τὸ σῶζεσθαι προδήλως σφίσι συνεξακολουθήσειν. [12] πάντας γὰρ τοὺς ἢ κατὰ προαίρεσιν ἢ κατ' ἀνάγκην τοιαύτῃ προθέσει κεχρημένους οὐδέποτε διεψεῦσθαι τοῦ κρατεῖν τῶν ἀντιταξαμένων. [13] ὅταν δὲ δῇ καὶ τοῖς πολεμίοις συμβαίῃ τὴν ἐναντίαν ἐλπίδα ταύτης ὑπάρχειν, ὃ νῦν ἐστὶ περὶ Ῥωμαίου, ὥστε φεύγουσι πρόδηλον εἶναι τοῖς πλείστοις τὴν σωτηρίαν, παρακειμένης αὐτοῖς τῆς οἰκείας, δῆλον ὡς ἀνυπόστατος γίνοιτ' ἂν ἡ τῶν ἀπηλπικότην τόλμα. [14] τῶν δὲ πολλῶν ἀποδεχομένων τό τε παράδειγμα καὶ τοὺς λόγους καὶ λαμβανόντων ὁρμὴν καὶ παράστασιν οἷαν ὁ παρακαλῶν ἐσπούδασε, τότε μὲν ἐπαινέσας αὐτοὺς διαφῆκε, τῇ δ' ἐπαύριον ἀναζυγὴν ἅμα τῷ φωτὶ παρήγγειλε.

[1] Πόπλιος δὲ περὶ τὰς αὐτὰς ἡμέρας τὸν Πάδον ποταμὸν ἤδη πεπεραιωμένος, τὸν δὲ Τίκινον κρίνων εἰς τοῦμπροσθεν διαβαίνειν, τοῖς μὲν ἐπιτηδείοις γεφυροποιεῖν παρήγγειλε, τὰς δὲ λοιπὰς δυνάμεις συναγαγὼν παρεκάλει. [2] τὰ μὲν οὖν πολλὰ τῶν λεγομένων ἦν περὶ τε τοῦ τῆς πατρίδος ἀξιώματος καὶ τῶν προγονικῶν πράξεων, τὰ δὲ τοῦ παρεστῶτος καιροῦ τοιάδε. [3] ἔφη γὰρ δεῖν καὶ μηδεμίαν μὲν εἰληφότας πείραν ἐπὶ τοῦ παρόντος τῶν ὑπεναντίων, αὐτὸ δὲ τοῦτο γινώσκοντας ὅτι μέλλουσι πρὸς Καρχηδονίους κινδυνεύειν, ἀναμφισβήτητον ἔχειν τὴν τοῦ νικᾶν ἐλπίδα, [4] καὶ καθόλου δεινὸν ἡγεῖσθαι καὶ παράλογον, εἰ τολμῶσι Καρχηδόνιοι Ῥωμαίοις ἀντοφθαλμεῖν, πολλάκις μὲν ὑπ' αὐτῶν ἡττημένοι, πολλοὺς δ' ἐξενηνοχότες φόρους, μόνον δ' οὐχὶ δουλεύοντες αὐτοῖς ἤδη τοσοῦτους χρόνους. [5] ὅταν δέ, χωρὶς τῶν προειρημένων, καὶ τῶν νῦν παρόντων ἀνδρῶν ἔχωμεν ἐπὶ ποσὸν πείραν ὅτι μόνον οὐ τολμῶσι κατὰ πρόσωπον ἰδεῖν ἡμᾶς, τίνα χρὴ διάληψιν ποιεῖσθαι περὶ τοῦ μέλλοντος τοὺς ὀρθῶς λογιζομένους; [6] καὶ μὴν οὔτε τοὺς ἵππεῖς συμπεσόντας τοῖς παρ' αὐτῶν ἵππεῦσι περὶ τὸν Ῥοδανὸν ποταμὸν ἀπαλλάξαι καλῶς, ἀλλὰ πολλοὺς ἀποβαλόντας αὐτῶν φυγεῖν αἰσχυρῶς μέχρι τῆς ἰδίας παρεμβολῆς, [7] τὸν τε στρατηγὸν αὐτῶν καὶ τὴν σύμπασαν δύναμιν ἐπιγνόντας τὴν παρουσίαν τῶν ἡμετέρων στρατιωτῶν φυγῇ παραπλησίαν ποιήσασθαι τὴν

ἀποχώρησιν καὶ παρὰ τὴν αὐτῶν προαίρεσιν διὰ τὸν φόβον
κεκρῆσθαι τῇ διὰ τῶν Ἑλλήνων πορείᾳ. [8] παρῆναι δὲ καὶ νῦν ἔφη τὸν
Ἀντίβαν, κατεφθαρκότα μὲν τὸ πλεῖστον μέρος τῆς δυνάμεως, τὸ δὲ
περιλειπόμενον ἀδύνατον καὶ δύσχρηστον ἔχοντα διὰ τὴν κακουχίαν,
ὁμοίως δὲ καὶ τῶν ἵππων τοὺς μὲν πλείστους ἀπολωλεκότα, τοὺς δὲ
λοιποὺς ἡχρειωκότα διὰ τὸ μῆκος καὶ τὴν δυσχέρειαν τῆς ὁδοῦ. [9] δι'
ὧν ἐπιδεικνύειν ἐπειρᾶτο διότι μόνον ἐπιφανῆναι δεῖ τοῖς πολεμίοις.
[10] μάλιστα δ' ἡξίου θαρρεῖν αὐτοὺς βλέποντας εἰς τὴν αὐτοῦ
παρουσίαν: οὐδέποτε γὰρ ἂν ἀπολιπὼν τὸν στόλον καὶ τὰς ἐν Ἰβηρίᾳ
πράξεις, ἐφ' ἧς ἀπεστάλη, δεῦρο μετὰ τοιαύτης ἐλθεῖν σπουδῆς, εἰ
μὴ καὶ λίαν ἐκ τῶν κατὰ λόγον ἑώρα τὴν πρᾶξιν ταύτην ἀναγκαίαν
μὲν οὖσαν τῇ πατρίδι, πρόδηλον δ' ἐν αὐτῇ τὴν νίκην ὑπάρχουσιν.
[11] πάντων δὲ καὶ διὰ τὴν τοῦ λέγοντος πίστιν καὶ διὰ τὴν τῶν
λεγομένων ἀλήθειαν ἐκθύμως ἐχόντων πρὸς τὸ κινδυνεύειν,
ἀποδεξάμενος αὐτῶν τὴν ὁρμὴν διαφῆκε, προσπαρακαλέσας
ἐτοίμους εἶναι πρὸς τὸ παραγγελλόμενον.

[1] τῇ δὲ κατὰ πόδας ἡμέρᾳ προῆγον ἀμφοτέρω παρὰ τὸν ποταμὸν
ἐκ τοῦ πρὸς τὰς Ἑλλείας μέρους, ἔχοντες εὐώνυμον μὲν οἱ Ῥωμαῖοι,
δεξιὸν δὲ τὸν ῥοῦν οἱ Καρχηδόνιοι. [2] γνόντες δὲ τῇ δευτέρᾳ διὰ τῶν
προνομευόντων ὅτι σύνεγγυς εἰσιν ἀλλήλων, τότε μὲν αὐτοῦ
καταστρατοπεδεύσαντες ἔμειναν. [3] τῇ δ' ἐπαύριον πᾶσαν τὴν ἵππον
ἀναλαβόντες ἀμφοτέρω, Πόπλιος δὲ καὶ τῶν πεζῶν τοὺς ἀκοντιστάς,
προῆγον διὰ τοῦ πεδίου, σπεύδοντες κατοπεῦσαι τὰς ἀλλήλων
δυνάμεις. [4] ἅμα δὲ τῷ πλησιάζειν αὐτοῖς καὶ συνιδεῖν τὸν κονιορτὸν
ἐξαίρομενον εὐθέως συνετάττοντο πρὸς μάχην. [5] ὁ μὲν οὖν Πόπλιος
προθέμενος τοὺς ἀκοντιστάς καὶ τοὺς ἅμα τούτοις Γαλατικούς
ἵππους, τοὺς δὲ λοιποὺς ἐν μετώπῳ καταστήσας προῆει βάδην. [6] ὁ δ'
Ἀντίβας τὴν μὲν κεχαλινωμένην ἵππον καὶ πᾶν τὸ στάσιμον αὐτῆς
κατὰ πρόσωπον τάξας ἀπῆντα τοῖς πολεμίοις, τοὺς δὲ Νομαδικοὺς
ἵππους ἀφ' ἑκατέρου τοῦ κέρατος ἡτοιμάκει πρὸς κύκλωσιν. [7]
ἀμφοτέρων δὲ καὶ τῶν ἡγεμόνων καὶ τῶν ἱππέων φιλοτίμως
διακειμένων πρὸς τὸν κίνδυνον, τοιαύτην συνέβη γενέσθαι τὴν
πρώτην σύμπτωσιν ὥστε τοὺς ἀκοντιστάς μὴ φθάσαι τὸ πρῶτον
ἐκβαλόντας βέλος, φεύγειν δ' ἐγκλίναντας εὐθέως διὰ τῶν
διαστημάτων ὑπὸ τὰς παρ' αὐτῶν ἴλας, καταπλαγέντας τὴν ἐπιφορὰν
καὶ περιδεεῖς γενομένους μὴ συμπατηθῶσιν ὑπὸ τῶν ἐπιφερομένων
ἱππέων. [8] οἱ μὲν οὖν κατὰ πρόσωπον ἀλλήλοις συμπεσόντες ἐπὶ

πολὺν χρόνον ἐποίουν ἰσόρροπον τὸν κίνδυνον: [9] ὁμοῦ γὰρ ἦν ἵππομαχία καὶ πεζομαχία διὰ τὸ πλῆθος τῶν παρακαταβαινόντων ἀνδρῶν ἐν αὐτῇ τῇ μάχῃ. [10] τῶν δὲ Νομάδων κυκλωσάντων καὶ κατόπιν ἐπιπεσόντων, οἱ μὲν πεζακοντισταὶ τὸ πρῶτον διαφυγόντες τὴν σύμπτωσιν τῶν ἱπέων τότε συνεπατήθησαν ὑπὸ τοῦ πλῆθους καὶ τῆς ἐπιφορᾶς τῶν Νομάδων: [11] οἱ δὲ κατὰ πρόσωπον ἐξ ἄρχῃς διαμαχόμενοι πρὸς τοὺς Καρχηδονίους, πολλοὺς μὲν αὐτῶν ἀπολωλεκότες, ἔτι δὲ πλείους τῶν Καρχηδονίων διεφθαρκότες, συνεπιθεμένων ἀπ' οὐρᾶς τῶν Νομάδων, ἐτράπησαν, οἱ μὲν πολλοὶ σποράδες, τινὲς δὲ περὶ τὸν ἡγεμόνα συστραφέντες.

[1] Πόπλιος μὲν οὖν ἀναξεύξας προσῆγε διὰ τῶν πεδίων ἐπὶ τὴν τοῦ Πάδου γέφυραν, σπεύδων φθάσαι διαβιβάσας τὰ στρατόπεδα. [2] θεωρῶν γὰρ τοὺς μὲν τόπους ἐπιπέδους ὄντας, τοὺς δ' ὑπεναντίους ἱπποκρατοῦντας, αὐτὸν δὲ βαρυνόμενον ὑπὸ τοῦ τραύματος, εἰς ἀσφαλὲς ἔκρινε δεῖν ἀποκαταστῆσαι τὰς δυνάμεις. [3] Ἀννίβας δὲ μέχρι μὲν τινος ὑπέλαβε τοῖς πεζικοῖς στρατοπέδοις αὐτοὺς διακινδυνεύειν: συνιδὼν δὲ κεκινηκότας ἐκ τῆς παρεμβολῆς, ἕως μὲν τοῦ πρώτου ποταμοῦ καὶ τῆς ἐπὶ τούτῳ γεφύρας ἠκολούθει, [4] καταλαβὼν δὲ τὰς μὲν πλείστας τῶν σανίδων ἀνеспασμένας, τοὺς δὲ φυλάττοντας τὴν γέφυραν ἔτι περὶ τὸν ποταμὸν ὑπολειπομένους, τούτων μὲν ἐγκρατὴς ἐγένετο, σχεδὸν ἑξακοσίων ὄντων τὸν ἀριθμόν: [5] τοὺς δὲ λοιποὺς ἀκούων ἤδη πολὺ προειληφέναι, μεταβαλόμενος αὐθις εἰς τὰναντία παρὰ τὸν ποταμὸν ἐποιεῖτο τὴν πορείαν, σπεύδων ἐπὶ τόπον εὐγεφύρωτον ἀφικέσθαι τοῦ Πάδου. [6] καταλύσας δὲ δευτεραῖος καὶ γεφυρώσας τοῖς ποταμίοις πλοίοις τὴν διάβασιν Ἀσδρούβα μὲν ἐπέταξεν διακομίζειν τὸ πλῆθος, αὐτὸς δὲ διαβάς εὐθέως ἐχρημάτιζε τοῖς παραγεγονόσι πρεσβευταῖς ἀπὸ τῶν σύνεγγυς τόπων. [7] ἅμα γὰρ τῷ γενέσθαι τὸ προτέρημα πάντες ἔσπευδον οἱ παρακείμενοι Κελτοὶ κατὰ τὴν ἐξ ἄρχῃς πρόθεσιν καὶ φίλοι γίνεσθαι καὶ χορηγεῖν καὶ συστρατεύειν τοῖς Καρχηδονίοις. [8] ἀποδεξάμενος δὲ τοὺς παρόντας φιланθρώπως καὶ κομισάμενος τὰς δυνάμεις ἐκ τοῦ πέραν προῆγεν παρὰ τὸν ποταμόν, τὴν ἐναντίαν ποιούμενος τῇ πρόσθεν παρόδῳ: κατὰ ῥοὺν γὰρ ἐποιεῖτο τὴν πορείαν, σπεύδων συνάψαι τοῖς ὑπεναντίοις. [9] ὁ δὲ Πόπλιος περαιωθεὶς τὸν Πάδον καὶ στρατοπεδεύσας περὶ πόλιν Πλακεντίαν, ἣτις ἦν ἀποικία Ῥωμαίων, ἅμα μὲν αὐτὸν ἐθεράπευε καὶ τοὺς ἄλλους τραυματίας, ἅμα δὲ τὰς δυνάμεις εἰς ἀσφαλὲς ἀπηρεῖσθαι νομίζων

ἤγε τὴν ἡσυχίαν. [10] Ἀννίβας δὲ παραγενόμενος δευτεραῖος ἀπὸ τῆς διαβάσεως ἐγγὺς τῶν πολεμίων τῇ τρίτῃ παρέταξε τὴν δύναμιν ἐν συνόψει τοῖς ὑπεναντίοις. [11] οὐδενὸς δὲ σφίσιν ἀντεξάγοντος, κατεστρατοπέδευσε, λαβὼν περὶ πεντήκοντα στάδια τὸ μεταξὺ διάστημα τῶν στρατοπέδων.

[1] οἱ δὲ συστρατευόμενοι Κελτοὶ τοῖς Ῥωμαίοις θεωροῦντες ἐπικυδестέρας τὰς τῶν Καρχηδονίων ἐλπίδας, συνταξάμενοι πρὸς ἀλλήλους καιρὸν ἐπετήρουν πρὸς ἐπίθεσιν, μένοντες ἐν ταῖς ἑαυτῶν ἑκάστοι σκηναῖς. [2] δειπνοποιησαμένων δὲ καὶ κατακοιμισθέντων τῶν ἐν τῷ χάρακι, παρελθεῖν ἔασαντες τὸ πλεῖον μέρος τῆς νυκτὸς καθωπλισμένοι περὶ τὴν ἑωθινὴν φυλακὴν ἐπιτίθενται τοῖς σύνεγγυς τῶν Ῥωμαίων παραστρατοπεδεύουσι. [3] καὶ πολλοὺς μὲν αὐτῶν ἀπέκτειναν, οὐκ ὀλίγους δὲ κατετραυμάτισαν: τέλος δὲ τὰς κεφαλὰς ἀποτεμόντες τῶν τεθνεώτων ἀπεχώρουν πρὸς τοὺς Καρχηδονίους, ὄντες πεζοὶ μὲν εἰς δισχιλίους, ἵππεις δὲ μικρῷ λείποντες διακοσίων. [4] Ἀννίβας δὲ φιλοφρόνως ἀποδεξάμενος αὐτῶν τὴν παρουσίαν, τούτους μὲν εὐθέως παρακαλέσας καὶ δωρεὰς ἐκάστοις τὰς ἀρμοζούσας ἐπαγγελάμενος ἐξέπεμψεν εἰς τὰς αὐτῶν πόλεις, δηλώσοντας μὲν τὰ πεπραγμένα τοῖς πολίταις, παρακαλέσοντας δὲ πρὸς τὴν αὐτοῦ συμμαχίαν. [5] ἦδει γὰρ ὅτι πάντες κατ' ἀνάγκην αὐτῷ κοινωνήσουσι τῶν πραγμάτων, ἐπιγνόντες τὸ γεγονὸς ἐκ τῶν σφετέρων πολιτῶν παρασπόνδημα κατὰ τῶν Ῥωμαίων. [6] ἅμα δὲ τούτοις καὶ τῶν Βοίων παραγεγονότων καὶ τοὺς τρεῖς ἄνδρας ἐγγχειρίζοντων αὐτῷ τοὺς ἐπὶ τὴν διάδοσιν τῆς χώρας ὑπὸ Ῥωμαίων ἐξαπεσταλμένους, ὧν κατ' ἀρχὰς ἐκυρίευσαν τοῦ πολέμου παρασπονδήσαντες, καθάπερ ἐπάνω προεῖπον, [7] ἀποδεξάμενος Ἀννίβας τὴν εὐνοίαν αὐτῶν ὑπὲρ μὲν τῆς φιλίας καὶ συμμαχίας ἔθετο πρὸς τοὺς παρόντας πίστει: τοὺς γε μὴν ἄνδρας αὐτοῖς ἀπέδωκε, παραγγείλας τηρεῖν, ἵνα παρὰ τούτων κομίσωνται τοὺς αὐτῶν ὁμήρου κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν. [8]

[1] Πόπλιος δὲ σχετλιάζων ἐπὶ τῷ γεγονότι παρασπονδήματι καὶ συλλογισάμενος ὅτι πάλαι τῶν Κελτῶν πρὸς αὐτοὺς ἀλλοτρίως διακειμένων, τούτων ἐπιγεγονότων πάντας τοὺς πέριξ Γαλάτας συμβήσεται πρὸς τοὺς Καρχηδονίους ἀπονεύειν, ἔγνω δεῖν εὐλαβηθῆναι τὸ μέλλον. [9] διόπερ ἐπιγενομένης τῆς νυκτὸς ὑπὸ τὴν ἑωθινὴν ἀναζεύξας ἐποιεῖτο τὴν πορείαν ὡς ἐπὶ τὸν Τρεβιαν ποταμὸν καὶ τοὺς τούτῳ συνάπτοντας γεωλόφους, πιστεύων τῇ τε τῶν τόπων ὀχυρότητι καὶ τοῖς παροικοῦσι τῶν συμμάχων. Ἀννίβας δὲ τὴν ἀναζυγὴν αὐτῶν ἐπιγνοὺς παραυτίκα μὲν τοὺς Νομαδικοὺς ἵππεις ἐξαπέστελλε, μετ' οὐ πολὺ δὲ τοὺς ἄλλους: τούτοις δ' ἐκ ποδὸς τὴν δύναμιν ἔχων αὐτὸς εἵπετο κατόπιν. [2] οἱ μὲν οὖν Νομάδες εἰς

ἔρημον τὴν στρατοπεδεῖαν ἐμπεσόντες ταύτην ἐνεπίμπρασαν. [3] ὁ δὲ καὶ σφόδρα συνήνεγκε τοῖς Ῥωμαίοις, ὥς εἶπερ οὗτοι κατὰ πόδας ἀκολουθήσαντες συνῆψαν ταῖς ἀποσκευαῖς, πολλοὺς ἂν αὐτῶν ὑπὸ τῶν ἱππέων ἐν τοῖς ἐπιπέδοις συνέβη διαφθαρῆναι. [4] νῦν δ' οἱ πλείους ἔφθασαν διαβάντες τὸν Τρεβίαν ποταμὸν: τῶν δὲ καταλειφθέντων ἐπὶ τῆς οὐραγίας οἱ μὲν διεφθάρησαν, οἱ δὲ ζῶντες ἐάλωσαν ὑπὸ τῶν Καρχηδονίων. [5]

[1] Πόπλιος μὲν οὖν διαβάς τὸν προειρημένον ποταμὸν ἐστρατοπέδευσε περὶ τοὺς πρώτους λόφους [6] καὶ περιλαβὼν τάφρω καὶ χάρακι τὴν παρεμβολὴν ἀνεδέχετο μὲν τὸν Τεβέριον καὶ τὰς μετ' ἐκείνου δυνάμεις, ἐθεράπευε δ' αὐτὸν ἐπιμελῶς, σπουδάζων εἰ δύναιτο κοινωνῆσαι τοῦ μέλλοντος κινδύνου. [7] Ἀννίβας δὲ περὶ τετταράκοντα σταδίου ἀποσχὼν τῶν πολέμιων αὐτοῦ κατεστρατοπέδευσε. [8] τὸ δὲ τῶν Κελτῶν πλῆθος τὸ τὰ πεδία κατοικοῦν, συνεξεσθηκὸς ταῖς τῶν Καρχηδονίων ἐλπίσι, δαψιλῶς μὲν ἐχορήγει τὸ στρατόπεδον τοῖς ἐπιτηδεύουσιν, ἔτοιμον δ' ἦν παντὸς κοινωνεῖν ἔργου καὶ κινδύνου τοῖς περὶ τὸν Ἀννίβαν. [9] οἱ δ' ἐν τῇ Ῥώμῃ, προσπεπτωκότων τῶν κατὰ τὴν ἵππομαχίαν, ἐξενίζοντο μὲν τῷ τὸ συμβεβηκὸς εἶναι παρὰ τὴν προσδοκίαν, οὐ μὴν ἠπόρουν γε σκήψεων πρὸς τὸ μὴ δοκεῖν αὐτοῖς ἦτταν εἶναι τὸ γεγονός, [10] ἀλλ' οἱ μὲν ἡτιῶντο τὴν τοῦ στρατηγοῦ προπέτειαν, οἱ δὲ τὴν τῶν Κελτῶν ἐθελοκάκησιν, στοχαζόμενοι διὰ τῆς τελευταίας ἀποστάσεως. [11] καθόλου δὲ τῶν πεζικῶν στρατοπέδων ἀκεραίων ὄντων ἀκεραίους εἶναι διελάμβανον τὰς ὑπὲρ τῶν ὅλων ἐλπίδας. [12] ὅθεν καὶ συνάψαντος τοῦ Τεβερίου καὶ τῶν μετ' ἐκείνου στρατοπέδων καὶ διαπορευομένων διὰ τῆς Ῥώμης, ἐξ ἐπιφανείας ἐδόξαζον κριθήσεσθαι τὴν μάχην. [13] ἀθροισθέντων δὲ τῶν στρατιωτῶν κατὰ τὸν ὄρκον εἰς Ἀρίμινον, ἀναλαβὼν αὐτοὺς ὁ στρατηγὸς προῆγε, σπεύδων συνάψαι τοῖς περὶ τὸν Πόπλιον. [14] συμμίζας δὲ καὶ καταστρατοπεδεύσας παρ' αὐτοῖς ταῖς οἰκείαις δυνάμεσι τὸ μὲν πλῆθος ἀνελάμβανε τῶν ἀνδρῶν, ὥς ἂν ἐκ Λιλυβαίου τετταράκοντα συνεχῶς ἡμέρας πεπεξοπορηκότων εἰς Ἀρίμινον, τὰς δὲ παρασκευὰς ἐποιεῖτο πάσας ὥς πρὸς μάχην, [15] αὐτὸς δ' ἐπιμελῶς συνήδρευε τῷ Ποπλίῳ, τὰ μὲν ἤδη γεγονότα πυνθανόμενος, περὶ δὲ τῶν παρόντων συνδιανοούμενος. κατὰ δὲ τοὺς αὐτοὺς καιροὺς Ἀννίβας πρᾶξικοπήσας πόλιν Κλαστιδίον, ἐνδόντος αὐτῷ τοῦ πεπιστευμένου παρὰ Ῥωμαίων, ἀνδρὸς Βρεντεσίνου, κατέσχε. [2] γενόμενος δὲ

κύριος τῆς φρουρᾶς καὶ τῆς τοῦ σίτου παραθέσεως τούτῳ μὲν πρὸς τὸ παρὸν ἐχρήσατο, τοὺς δὲ παραληφθέντας ἄνδρας ἀβλαβεῖς μεθ' ἑαυτοῦ προῆγε, [3] δεῖγμα βουλόμενος ἐκφέρειν τῆς σφετέρας προαιρέσεως πρὸς τὸ μὴ δεδιότας ἀπελπίζειν τὴν παρ' αὐτοῦ σωτηρίαν τοὺς ὑπὸ τῶν καιρῶν καταλαμβανομένους. [4] τὸν δὲ προδότην ἐτίμησε μεγαλείως, ἐκκαλέσασθαι σπουδάζων τοὺς ἐπὶ πραγμάτων ταττομένους πρὸς τὰς Καρχηδονίων ἐλπίδας. [5]

[1] μετὰ δὲ ταῦτα συνθεωρήσας τινὰς τῶν Κελτῶν, οἱ κατόκουν μεταξὺ τοῦ Πάδου καὶ τοῦ Τρεβία ποταμοῦ, πεποιημένους μὲν καὶ πρὸς αὐτὸν φιλίαν, διαπεμπομένους δὲ καὶ πρὸς Ῥωμαίους καὶ πεπεισμένους τῷ τοιούτῳ τρόπῳ τὴν παρ' ἄμφοιν ἀσφάλειαν αὐτοῖς ὑπάρξειν, [6] ἐξαποστέλλει πεζοὺς μὲν δισχιλίους, ἵππεῖς δὲ Κελτοὺς καὶ Νομάδας εἰς χιλίους, προστάξας ἐπιδραμεῖν αὐτῶν τὴν χώραν. [7] τῶν δὲ πραξάντων τὸ προσταχθὲν καὶ πολλὴν περιβαλομένων λείαν, εὐθέως οἱ Κελτοὶ παρήσαν ἐπὶ τὸν χάρακα τῶν Ῥωμαίων, δεόμενοι σφίσι βοηθεῖν. [8] Τεβέριος δὲ καὶ πάλοι ζητῶν ἀφορμὴν τοῦ πράττειν τότε λαβὼν πρόφασιν ἐξαπέστειλε τῶν μὲν ἱππέων τὸ πλεῖστον μέρος, πεζοὺς δὲ σὺν τούτοις ἀκοντιστάς εἰς χιλίους. [9] σπουδῇ δὲ τούτων προσμιζάντων πέραν τοῦ Τρεβία καὶ διαμαχομένων τοῖς πολεμίοις ὑπὲρ τῆς λείας, ἐτράπησαν οἱ Κελτοὶ σὺν τοῖς Νομάσι καὶ τὴν ἀποχώρησιν ἐπὶ τὸν ἑαυτῶν ἐποιοῦντο χάρακα. [10] ταχὺ δὲ συννοήσαντες τὸ γινόμενον οἱ προκαθήμενοι τῆς τῶν Καρχηδονίων παρεμβολῆς ἐντεῦθεν ταῖς ἐφεδρεῖαις ἐβοήθουν τοῖς πιεζομένοις· οὗ γενομένου τραπέντες οἱ Ῥωμαῖοι πάλιν ἐποιοῦντο τὴν ἀπόλυσιν εἰς τὴν ἑαυτῶν παρεμβολήν. [11] Τεβέριος δὲ συνορῶν τὸ γινόμενον πάντας ἐπαφῆκε τοὺς ἵππους καὶ τοὺς ἀκοντιστάς. τούτου δὲ συμπεσόντος αὐθις ἐγκλίναντες οἱ Κελτοὶ πρὸς τὴν ἑαυτῶν ἀσφάλειαν ἀπεχώρουν. [12] ὁ δὲ στρατηγὸς τῶν Καρχηδονίων ἀπαράσκευος ὢν πρὸς τὸ κρίνειν τὰ ὅλα καὶ νομίζων δεῖν μηδέποτε χωρὶς προθέσεως μηδ' ἐκ πάσης ἀφορμῆς ποιεῖσθαι τοὺς ὀλοσχερεῖς κινδύνους, ὅπερ εἶναι φατέον ἡγεμόνος ἔργον ἀγαθοῦ, [13] τότε μὲν ἐπέσχε τοὺς παρ' αὐτοῦ συνεγγίσαντας τῷ χάρακι καὶ στήναι μὲν ἐκ μεταβολῆς ἠνάγκασε, διώκειν δὲ καὶ συμπλέκεσθαι τοῖς πολεμίοις ἐκώλυσε, διὰ τῶν ὑπηρετῶν καὶ σαλπικτῶν ἀνακαλούμενος. οἱ δὲ Ῥωμαῖοι βραχὺν ἐπισχόντες χρόνον ἀνέλυσαν, [14] ὀλίγους μὲν αὐτῶν ἀποβαλόντες, πλείους δὲ τῶν Καρχηδονίων διεφθαρκότες. ὁ δὲ Τεβέριος μετεωρισθεὶς καὶ περιχαρὴς γενόμενος ἐπὶ τῷ προτερήματι

φιλοτίμως εἶχε πρὸς τὸ τὴν ταχίστην κρῖναι τὰ ὅλα. [2] προέκειτο μὲν οὖν αὐτῷ κατὰ τὴν ἰδίαν γνώμην χρησθαι τοῖς παροῦσι διὰ τὸ τὸν Πόπλιον ἀρρωστεῖν· ὅμως δὲ βουλόμενος προσλαβέσθαι καὶ τὴν τοῦ συνάρχοντος γνώμην ἐποιεῖτο λόγους περὶ τούτων πρὸς αὐτόν. [3] ὁ δὲ Πόπλιος τὴν ἐναντίαν εἶχε διάληψιν περὶ τῶν ἐνεστώτων· [4] τὰ γὰρ στρατόπεδα χειμασκήσαντα βελτίω τὰ παρ' αὐτῶν ὑπελάμβανε γενήσεσθαι, τὴν τε τῶν Κελτῶν ἀθεσίαν οὐκ ἐμμενεῖν ἐν τῇ πίστει, τῶν Καρχηδονίων ἀπραγούντων καὶ τὴν ἡσυχίαν ἀναγκαζομένων ἄγειν, ἀλλὰ καινοτομήσειν τι πάλιν κατ' ἐκείνων. [5] πρὸς δὲ τούτοις αὐτὸς ὑγιασθεὶς ἐκ τοῦ τραύματος ἀληθινὴν παρέξεσθαι χρεῖαν ἤλπιζε τοῖς κοινοῖς πράγμασιν. [6] διὸ καὶ τοιούτοις χρώμενος λογισμοῖς μένειν ἡξίου τὸν Τεβέριον ἐπὶ τῶν ὑποκειμένων. [7] ὁ δὲ προειρημένος ἦδει μὲν ἕκαστα τούτων ἀληθινῶς λεγόμενα καὶ δεόντως, ὑπὸ δὲ τῆς φιλοδοξίας ἐλαυνόμενος καὶ καταπιστευὼν τοῖς πράγμασι παραλόγως ἔσπευδεν κρῖναι δι' αὐτοῦ τὰ ὅλα καὶ μῆτε τὸν Πόπλιον δύνασθαι παρατυχεῖν τῇ μάχῃ μῆτε τοὺς ἐπικαθισταμένους στρατηγούς φθάσαι παραλαβόντας τὴν ἀρχήν· οὗτος γὰρ ἦν ὁ χρόνος. [8] διόπερ οὐ τὸν τῶν πραγμάτων καιρὸν ἐκλεγόμενος ἀλλὰ τὸν ἴδιον ἔμελλε τοῦ δέοντος σφαλῆσεσθαι προφανῶς. [9] ὁ δ' Ἀννίβας παραπλησίους ἔχων ἐπινοίας Ποπλίῳ περὶ τῶν ἐνεστώτων κατὰ τοῦναντίον ἔσπευδε συμβαλεῖν τοῖς πολεμίοις, θέλων μὲν πρῶτον ἀκεραίοις ἀποχρήσασθαι ταῖς τῶν Κελτῶν ὀρμαῖς, [10] δεύτερον ἀνασκήτοις καὶ νεοσυλλόγοις συμβαλεῖν τοῖς τῶν Ῥωμαίων στρατοπέδοις, τρίτον ἀδυνατοῦντος ἔτι τοῦ Ποπλίου ποιήσασθαι τὸν κίνδυνον, τὸ δὲ μέγιστον, πράττειν τι καὶ μὴ προῖεσθαι διὰ κενῆς τὸν χρόνον. [11] τῷ γὰρ εἰς ἀλλοτρίαν καθέντι χώραν στρατόπεδα καὶ παραδόξοις ἐγχειροῦντι πράγμασιν εἷς τρόπος ἐστὶν οὗτος σωτηρίας, τὸ συνεχῶς καινοποιεῖν ἀεὶ τὰς τῶν συμμάχων ἐλπίδας. [12]

[1] Ἀννίβας μὲν οὖν εἰδὼς τὴν ἐσομένην ὁρμὴν τοῦ Τεβερίου πρὸς τούτοις ἦν. πάλαι δὲ συνεωρακῶς μεταξὺ τῶν στρατοπέδων τόπον ἐπίπεδον μὲν καὶ ψιλόν, εὐφυῆ δὲ πρὸς ἐνέδραν διὰ τι ρεῖθρον ἔχον ὄφρυν, ἐπὶ δὲ ταύτης ἀκάνθας καὶ βάτους συνεχεῖς ἐπιπεφυκότας, ἐγίνετο πρὸς τῷ στρατηγεῖν τοὺς ὑπεναντίους. [2] ἔμελλεν δ' εὐχερῶς λήσειν· οἱ γὰρ Ῥωμαῖοι πρὸς μὲν τοὺς ὑλώδεις τόπους ὑπόπτως εἶχον διὰ τὸ τοὺς Κελτοὺς ἀεὶ τιθέναι τὰς ἐνέδρας ἐν τοῖς τοιούτοις χωρίοις, τοῖς δ' ἐπιπέδοις καὶ ψιλοῖς ἀπεπίστευον, [3] οὐκ εἰδότες ὅτι

καὶ πρὸς τὸ λαθεῖν καὶ πρὸς τὸ μηδὲν παθεῖν τοὺς ἐνεδρεύσαντας
εὐφυέστεροι τυγχάνουσιν ὄντες τῶν ὑλῶδῶν διὰ τὸ δύνασθαι μὲν ἐκ
πολλοῦ προορᾶν πάντα τοὺς ἐνεδρεύοντας, εἶναι δ' ἐπιπροσθήσεις
ικανὰς ἐν τοῖς πλείστοις τόποις. [4] τὸ γὰρ τυχὸν ῥεῖθρον μετὰ
βραχείας ὀφρύος, ποτὲ δὲ κάλαμοι καὶ πτέρεις καὶ τι γένος ἀκανθῶν,
οὐ μόνον πεζοὺς ἀλλὰ καὶ τοὺς ἵππεῖς ἐνίοτε δύναται κρύπτειν, ἐὰν
βραχέα τις προνοηθῇ τοῦ τὰ μὲν ἐπίσημα τῶν ὅπλων ὕπτια τιθῆναι
πρὸς τὴν γῆν, τὰς δὲ περικεφαλαίας ὑποτιθῆναι τοῖς ὅπλοις. [5] πλὴν ὅ
γε τῶν Καρχηδονίων στρατηγὸς κοινολογηθεὶς Μάγωνι τὰδελφῷ καὶ
τοῖς συνέδροις περὶ τοῦ μέλλοντος ἀγῶνος, συγκατατιθεμένων αὐτῷ
πάντων ταῖς ἐπιβολαῖς, [6] ἅμα τῷ δειπνοποιήσασθαι τὸ στρατόπεδον
ἀνακαλεσάμενος Μάγωνα τὸν ἀδελφόν, ὄντα νέον μὲν ὀρμῆς δὲ
πλήρη καὶ παιδομαθῇ περὶ τὰ πολεμικά, συνέστησε τῶν ἱππέων
ἄνδρας ἑκατὸν καὶ πεζοὺς τοὺς ἴσους. [7] ἔτι δὲ τῆς ἡμέρας οὔσης ἐξ
ὅλου τοῦ στρατοπέδου σημηνάμενος τοὺς εὐρωστοτάτους
παρηγγέλλει δειπνοποιησαμένους ἦκειν ἐπὶ τὴν αὐτοῦ σκηνήν. [8]
παρακαλέσας δὲ καὶ παραστήσας τούτοις τὴν πρέπουσαν ὀρμὴν τῷ
καιρῷ παρήγγελλε δέκα τοὺς ἀνδρωδεστάτους ἕκαστον ἐπιλεξάμενον
ἐκ τῶν ἰδίων τάξεων ἦκειν εἰς τινα τόπον τακτὸν ἤδη τῆς
στρατοπεδείας. [9] τῶν δὲ πραζάντων τὸ συνταχθέν, τούτους μὲν
ὄντας ἵππεῖς χιλίους καὶ πεζοὺς ἄλλους τοσοῦτους ἐξαπέστειλε
νυκτὸς εἰς τὴν ἐνέδραν, συστήσας ὁδηγοὺς καὶ τὰδελφῷ
διαταξάμενος περὶ τοῦ καιροῦ τῆς ἐπιθέσεως. [10] αὐτὸς δ' ἅμα τῷ
φωτὶ τοὺς Νομαδικοὺς ἵππεῖς συναγαγών, ὄντας φερεκάκους
διαφερόντως, παρεκάλεσε καὶ τινὰς δωρεὰς ἐπαγγειλάμενος τοῖς
ἀνδραγαθήσασι προσέταξε πελάσαντας τῷ τῶν ἐναντίων χάρακι
κατὰ σπουδὴν ἐπιδιαβαίνειν τὸν ποταμὸν καὶ προσακροβολιζομένους
κινεῖν τοὺς πολεμίους, βουλόμενος ἀναρίστους καὶ πρὸς τὸ μέλλον
ἀπαρασκευοὺς λαβεῖν τοὺς ὑπεναντίους. [11] τοὺς δὲ λοιποὺς
ἡγεμόνας ἀθροίσας ὁμοίως παρεκάλεσε πρὸς τὸν κίνδυνον καὶ πᾶσιν
ἀριστοποιεῖσθαι παρήγγειλε καὶ περὶ τὴν τῶν ὅπλων καὶ τῶν ἵππων
γίνεσθαι θεραπείαν.

[1] ὁ δὲ Τεβέριος ἅμα τῷ συνιδεῖν ἐγγίζοντας τοὺς Νομαδικοὺς
ἵππεῖς παραυτίκα μὲν αὐτὴν τὴν ἵππον ἐξαπέστειλλε, προστάξας
ἔχεσθαι καὶ συμπλέκεσθαι τοῖς πολεμίοις. [2] ἐξῆς δὲ τούτοις
ἐξέπεμπε τοὺς πεζακοντιστὰς εἰς ἐξακισχιλίους· ἐκίνει δὲ καὶ τὴν
λοιπὴν δύναμιν ἐκ τοῦ χάρακος, ὥς ἐξ ἐπιφανείας κριθησομένων τῶν

ὅλων, ἐπαιρόμενος τῷ τε πλήθει τῶν ἀνδρῶν καὶ τῷ γεγονότι τῇ προτεραίᾳ περὶ τοὺς ἵππεῖς εὐημερήματι. [3] οὐσης δὲ τῆς ὥρας περὶ χειμερινὰς τροπὰς καὶ τῆς ἡμέρας νιφετώδους καὶ ψυχρᾶς διαφερόντως, τῶν δ' ἀνδρῶν καὶ τῶν ἵππων σχεδὸν ὡς εἰπεῖν ἀπάντων ἀναρίστων ἐκτεπορευμένων, τὸ μὲν πρῶτον ὀρμῇ καὶ προθυμίᾳ περιῆν τὸ πλήθος: [4] ἐπιγενομένης δὲ τῆς τοῦ Τρεβία ποταμοῦ διαβάσεως, καὶ προσαναβεβηκότος τῷ ρεύματι διὰ τὸν ἐν τῇ νυκτὶ γενόμενον ἐν τοῖς ὑπὲρ τὰ στρατόπεδα τόποις ὄμβρον, μόλις ἕως τῶν μασθῶν οἱ πεζοὶ βαπτιζόμενοι διέβαινον: [5] ἐξ ὧν ἐκακοπάθει τὸ στρατόπεδον ὑπὸ τε τοῦ ψύχους καὶ τῆς ἐνδείας, ὡς ἂν ἤδη καὶ τῆς ἡμέρας προβαινούσης. [6] οἱ δὲ Καρχηδόνιοι κατὰ σκηνὰς βεβρωκότες καὶ πεπωκότες καὶ τοὺς ἵππους ἡτοιμακότες ἠλείφοντο καὶ καθωπλίζοντο περὶ τὰ πυρὰ πάντες. [7] Ἀννίβας δὲ τὸν καιρὸν ἐπιτηρῶν ἅμα τῷ συνιδεῖν διαβεβηκότας τοὺς Ῥωμαίους τὸν ποταμὸν προβαλόμενος ἐφεδρεῖαν τοὺς λογχοφόρους καὶ Βαλιαρεῖς, ὄντας εἰς ὀκτακισχιλίους, ἐξῆγε τὴν δύναμιν. [8] καὶ προαγαγὼν ὡς ὀκτὼ στάδια πρὸ τῆς στρατοπεδείας τοὺς μὲν πεζοὺς ἐπὶ μίαν εὐθεῖαν παρενέβαλε, περὶ δισμυρίους ὄντας τὸν ἀριθμόν, Ἰβηρας καὶ Κελτοὺς καὶ Λίβυας, [9] τοὺς δ' ἵππεῖς διελὼν ἐφ' ἐκάτερον παρέστησε τὸ κέρασ, πλείους ὄντας μυρίων σὺν τοῖς παρὰ τῶν Κελτῶν συμμάχοις, τὰ δὲ θηρία μερίσας πρὸ τῶν κεράτων δι' ἀμφοτέρων προεβάλετο. [10] Τεβέριος δὲ κατὰ τὸν αὐτὸν καιρὸν τοὺς μὲν ἵππεῖς ἀνεκαλεῖτο, θεωρῶν οὐκ ἔχοντας ὅ,τι χρήσονται τοῖς ὑπεναντίοις διὰ τὸ τοὺς Νομάδας ἀποχωρεῖν μὲν εὐχερῶς καὶ σποράδην, ἐπικεῖσθαι δὲ πάλιν ἐκ μεταβολῆς τολμηρῶς καὶ θρασέως: τὸ γὰρ τῆς Νομαδικῆς μάχης ἰδιὸν ἐστὶ τοῦτο: [11] τοὺς δὲ πεζοὺς παρενέβαλε κατὰ τὰς εἰθισμένας παρ' αὐτοῖς τάξεις, ὄντας τοὺς μὲν Ῥωμαίους εἰς μυρίους ἐξακισχιλίους, τοὺς δὲ συμμάχους εἰς δισμυρίους. [12] τὸ γὰρ τέλειον στρατόπεδον παρ' αὐτοῖς πρὸς τὰς ὀλοσχερεῖς ἐπιβολὰς ἐκ τοσούτων ἀνδρῶν ἐστίν, ὅταν ὁμοῦ τοὺς ὑπάτους ἐκατέρους οἱ καιροὶ συνάγωσιν. [13] μετὰ δὲ ταῦτα τοὺς ἵππεῖς ἐφ' ἐκάτερον θείς τὸ κέρασ, ὄντας εἰς τετρακισχιλίους, ἐπήει τοῖς ὑπεναντίοις σοβαρῶς, ἐν τάξει

[1] καὶ βάδην ποιούμενος τὴν ἔφοδον. ἤδη δὲ σύνεγγυς ὄντων ἀλλήλοις, συνεπλέκησαν οἱ προκείμενοι τῶν δυνάμεων εὐζωνοί. [2] τούτου δὲ συμβάντος οἱ μὲν Ῥωμαῖοι κατὰ πολλοὺς τρόπους ἡλαττοῦντο, τοῖς δὲ Καρχηδόνιοις ὑπερδέξιον γίνεσθαι συνέβαινε

τὴν χρεῖαν, [3] ἅτε δὴ τῶν μὲν Ῥωμαίων πεζακοντιστῶν
κακοπαθούντων ἐξ ὀρθρου καὶ προεμένων τὰ πλεῖστα βέλη κατὰ τὴν
πρὸς τοὺς Νομάδας συμπλοκὴν, τῶν δὲ καταλειπομένων βελῶν
ἡχρειωμένων αὐτοῖς διὰ τὴν συνέχειαν τῆς νοτίδος. [4] παραπλήσια
δὲ τούτοις συνέβαινε καὶ περὶ τοὺς ἵππεῖς γίνεσθαι καὶ περὶ τὸ
σύμπαν αὐτοῖς στρατόπεδον. [5] περὶ γε μὴν τοὺς Καρχηδονίους
ὑπῆρχε τάναντία τούτων: ἀκμαῖοι γὰρ παρατεταγμένοι καὶ νεαλεῖς
ἀεὶ πρὸς τὸ δέον εὐχρήστως καὶ προθύμως εἶχον. [6] διόπερ ἅμα τῷ
δέξασθαι διὰ τῶν διαστημάτων τοὺς προκινδυνεύοντας καὶ
συμπεσεῖν τὰ βαρέα τῶν ὅπλων ἀλλήλοις, οἱ μὲν ἵππεῖς οἱ τῶν
Καρχηδονίων εὐθέως ἀπ' ἀμφοῖν τοῖν κεράτοιιν ἐπίεζον τοὺς
ὑπεναντίους, ὡς ἂν τῷ πλήθει πολὺ διαφέροντες καὶ ταῖς ἀκμαῖς
αὐτῶν τε καὶ τῶν ἵππων διὰ τὴν προειρημένην ἀκεραιότητα περὶ τὴν
ἐξοδον: [7] τοῖς δὲ Ῥωμαίοις τῶν ἱππέων ὑποχωρησάντων καὶ
ψιλωθέντων τῶν τῆς φάλαγγος κεράτων, οἳ τε λογχοφόροι τῶν
Καρχηδονίων καὶ τὸ τῶν Νομάδων πλῆθος ὑπεραίροντες τοὺς
προτεταγμένους τῶν ιδίων καὶ πρὸς τὰ κέρατα προσπίπτοντες τοῖς
Ῥωμαίοις πολλὰ καὶ κακὰ διειργάζοντο καὶ μάχεσθαι τοῖς κατὰ
πρόσωπον οὐκ εἶων. [8] οἱ δ' ἐν τοῖς βαρέσιν ὅπλοις παρ' ἀμφοῖν τὰς
πρώτας ἔχοντες καὶ μέσας τῆς ὅλης παρεμβολῆς τάξεις ἐπὶ πολὺν
χρόνον ἐμάχοντο συστάδην, ἐφάμιλλον ποιοῦμενοι

[1] τὸν κίνδυνον. ἐν ᾧ καιρῷ διαναστάντων τῶν ἐκ τῆς ἐνέδρας
Νομάδων καὶ προσπεσόντων ἄφνω κατὰ νότου τοῖς ἀγωνιζομένοις
περὶ τὰ μέσα, μεγάλην ταραχὴν καὶ δυσχρηστίαν συνέβαινε γίνεσθαι
περὶ τὰς τῶν Ῥωμαίων δυνάμεις. [2] τέλος δ' ἀμφοτέρω τὰ κέρατα
τῶν περὶ τὸν Τεβέριον πιεζούμενα κατὰ πρόσωπον μὲν ὑπὸ τῶν
θηρίων, πέριξ δὲ καὶ κατὰ τὰς ἐκ τῶν πλαγίων ἐπιφανείας ὑπὸ τῶν
εὐζώνων, ἐτράπησαν καὶ συνωθοῦντο κατὰ τὸν διωγμὸν πρὸς τὸν
ὑποκείμενον ποταμόν. [3] τούτου δὲ συμβάντος οἱ κατὰ μέσον τὸν
κίνδυνον ταχθέντες τῶν Ῥωμαίων οἱ μὲν κατόπιν ἐφεστῶτες ὑπὸ τῶν
ἐκ τῆς ἐνέδρας προσπεσόντων ἀπώλλυντο καὶ κακῶς ἔπασχον, [4] οἱ
δὲ περὶ τὰς πρώτας χώρας ἐπαναγκασθέντες ἐκράτησαν τῶν Κελτῶν
καὶ μέρους τινὸς τῶν Λιβύων καὶ πολλοὺς αὐτῶν ἀποκτείναντες
διέκοψαν τὴν τῶν Καρχηδονίων τάξιν. [5] θεωροῦντες δὲ τοὺς ἀπὸ
τῶν ιδίων κεράτων ἐκτεπιεσμένους, τὸ μὲν ἐπιβοηθεῖν τούτοις ἢ
πάλιν εἰς τὴν ἑαυτῶν ἀπιέναι παρεμβολὴν ἀπέγνωσαν, ὑφορώμενοι
μὲν τὸ πλῆθος τῶν ἱππέων, κωλυόμενοι δὲ διὰ τὸν ποταμὸν καὶ τὴν

ἐπιφορὰν καὶ συστροφὴν τοῦ κατὰ κεφαλὴν ὄμβρου. [6] τηροῦντες δὲ τὰς τάξεις ἀθρόοι μετ' ἀσφαλείας ἀπεχώρησαν εἰς Πλακεντίαν, ὄντες οὐκ ἐλάττους μυρίων. [7] τῶν δὲ λοιπῶν οἱ μὲν πλεῖστοι περὶ τὸν ποταμὸν ἐφθάρησαν ὑπὸ τε τῶν θηρίων καὶ τῶν ἱππέων, [8] οἱ δὲ διαφυγόντες τῶν πεζῶν καὶ τὸ πλεῖστον μέρος τῶν ἱππέων πρὸς τὸ προειρημένον σύστημα ποιούμενοι τὴν ἀποχώρησιν ἀνεκομίσθησαν ἅμα τούτοις εἰς Πλακεντίαν. [9] τὸ δὲ τῶν Καρχηδονίων στρατόπεδον ἕως τοῦ ποταμοῦ καταδιῶξαν τοὺς πολεμίους, ὑπὸ δὲ τοῦ χειμῶνος οὐκέτι δυνάμενον πορρωτέρω προβαίνειν ἐπανῆλθε πάλιν εἰς τὴν παρεμβολήν. [10] καὶ πάντες ἐπὶ μὲν τῇ μάχῃ περιχαρεῖς ἦσαν, ὥς κατωρθώκοτες: συνέβαινε γὰρ ὀλίγους μὲν τῶν Ἰβήρων καὶ Λιβύων, τοὺς δὲ πλείους ἀπολωλέναι τῶν Κελτῶν: [11] ὑπὸ δὲ τῶν ὄμβρων καὶ τῆς ἐπιγινομένης χιόνος οὕτως διετίθεντο δεινῶς ὥστε τὰ μὲν θηρία διαφθαρῆναι πλὴν ενός, πολλοὺς δὲ καὶ τῶν ἀνδρῶν ἀπόλλυσθαι καὶ τῶν ἵππων διὰ τὸ ψύχος.

[1] ὁ δὲ Τεβέριος εἰδὼς μὲν τὰ συμβεβηκότα, βουλόμενος δὲ κατὰ δύναμιν ἐπικρύπτεσθαι τοὺς ἐν τῇ Ῥώμῃ τὸ γεγονὸς ἔπεμψε τοὺς ἀπαγγελοῦντας ὅτι μάχης γενομένης τὴν νίκην αὐτῶν ὁ χειμὼν ἀφείλετο. [2] οἱ δὲ Ῥωμαῖοι παραυτίκα μὲν ἐπίστευον τοῖς προσπίπτουσιν: μετ' οὐ πολὺ δὲ πυνθανόμενοι τοὺς μὲν Καρχηδονίους καὶ τὴν παρεμβολὴν τὴν αὐτῶν τηρεῖν καὶ τοὺς Κελτοὺς πάντας ἀπονενευκέναι πρὸς τὴν ἐκείνων φιλίαν, [3] τοὺς δὲ παρ' αὐτῶν ἀπολελοιπότας τὴν παρεμβολὴν ἐκ τῆς μάχης ἀνακεχωρηκέναι καὶ συνηθροῖσθαι πάντας εἰς τὰς πόλεις καὶ χορηγεῖσθαι δὲ τοῖς ἀναγκαίοις ἐκ θαλάττης ἀνὰ τὸν Πάδον ποταμὸν, καὶ λίαν σαφῶς ἔγνωσαν τὰ γεγονότα περὶ τὸν κίνδυνον. [4] διὸ καὶ παραδόξου φανέντος αὐτοῖς τοῦ πράγματος, περὶ τὰς λοιπὰς παρασκευὰς διαφερόντως ἐγίνοντο καὶ περὶ φυλακὴν τῶν προκειμένων τόπων, πέμποντες εἰς Σαρδόνα καὶ Σικελίαν στρατόπεδα, πρὸς δὲ τούτοις εἰς Τάραντα προφυλακὰς καὶ τῶν ἄλλων τόπων εἰς τοὺς εὐκαίρους: παρεσκευάσαν δὲ καὶ ναῦς ἐξήκοντα πεντήρεις. Γνάιος δὲ Σερουίλιος καὶ Γάιος Φλαμίνιος, [5] οἵπερ ἔτυχον ὕπατοι τότε καθεσταμένοι, συνῆγον τοὺς συμμάχους καὶ κατέγραφον τὰ παρ' αὐτοῖς στρατόπεδα. [6] παρήγον δὲ καὶ τὰς ἀγορὰς τὰς μὲν εἰς Ἀρίμινον τὰς δ' εἰς Τυρρηνίαν, ὥς ἐπὶ τούτοις ποιησόμενοι τοῖς τόποις τὴν ἔξοδον. [7] ἔπεμψαν δὲ καὶ πρὸς Ἰέρωνα περὶ βοηθείας, ὃς καὶ πεντακοσίους αὐτοῖς ἐξαπέστειλε Κρήτας καὶ

χιλίους πελτοφόρους: πάντα δὲ καὶ πανταχόθεν ἐνεργῶς ἡτοίμαζον. [8] τότε γάρ εἰσι φοβερώτατοι Ῥωμαῖοι καὶ κοινῇ καὶ κατ' ἰδίαν, ὅταν αὐτοὺς περιστῇ φόβος ἀληθινός.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Γνάιος Κορνήλιος ὁ καταλειφθεὶς ὑπὸ τὰδελφοῦ Ποπλίου στρατηγὸς ἐπὶ τῆς ναυτικῆς δυνάμεως, καθάπερ ἐπάνω προεῖπον, ἀναχθεὶς ἀπὸ τῶν τοῦ Ῥοδανοῦ στομάτων παντὶ τῷ στόλῳ προσέσχε τῆς Ἰβηρίας πρὸς τοὺς κατὰ τὸ καλούμενον Ἐμπόριον τόπους. [2] ἀρξάμενος δ' ἐντεῦθεν ἀποβάσεις ἐποιεῖτο καὶ τοὺς μὲν ἀπειθοῦντας ἐπολιόρκει τῶν τὴν παραλίαν κατοικούντων ἕως Ἰβηρος ποταμοῦ, τοὺς δὲ προσδεχομένους ἐφιλανθρώπει, τὴν ἐνδεχομένην ποιούμενος περὶ αὐτῶν προμήθειαν. [3] ἀσφαλισάμενος δὲ τοὺς προσκεχωρηκότας τῶν παραθαλαττίων προῆγε παντὶ τῷ στρατεύματι, ποιούμενος τὴν πορείαν εἰς τὴν μεσόγαιον: [4] πολὺ γὰρ ἤδη καὶ τὸ συμμαχικὸν ἠθροίκει τῶν Ἰβήρων. ἅμα δὲ προϊὼν ὥς μὲν προσήγετο τὰς δὲ κατεστρέφετο τῶν πόλεων. [5] τῶν δὲ Καρχηδονίων, οὓς ἔχων ἐπὶ τούτων ἀπελείφθη τῶν τόπων Ἄννων, ἀντιστρατοπεδευσάντων αὐτοῖς περὶ πόλιν προσαγορευομένην Κίσσαν, συμβαλὼν ὁ Γνάιος ἐκ παρατάξεως καὶ νικήσας τῇ μάχῃ πολλῶν μὲν χρημάτων ἐγένετ' ἐγκρατῆς, ὥς ἂν ἀπάσης τῆς ἀποσκευῆς τῶν εἰς Ἰταλίαν ὀρμησάντων παρὰ τούτοις ἀπολελειμμένης, [6] πάντας δὲ τοὺς ἐντὸς Ἰβηρος ποταμοῦ συμμάχους ἐποίησατο καὶ φίλους, ζωγρία δὲ τὸν τε τῶν Καρχηδονίων στρατηγὸν Ἄνωνα καὶ τὸν τῶν Ἰβήρων Ἀνδοβάλην ἔλαβε. [7] τοῦτον δὲ συνέβαινε τύραννον μὲν εἶναι τῶν κατὰ τὴν μεσόγαιον τόπων, εὖνουν δὲ διαφερόντως αἰεὶ ποτε Καρχηδονίοις. [8] ταχὺ δὲ συνεῖς τὸ γεγονὸς Ἀσδρούβας ἤκε παραβοηθὼν διαβάς τὸν Ἰβηρα ποταμόν. [9] καὶ καταμαθὼν ἀπολελειμμένους τοὺς ἀπὸ τοῦ στόλου τῶν Ῥωμαίων, ῥαθύμως καὶ κατατεθαρρηκótως ἀναστρεφομένους διὰ τὸ προτέρημα τῶν πεζικῶν στρατοπέδων, [10] παραλαβὼν ἀπὸ τῆς ἑαυτοῦ δυνάμεως πεζοὺς μὲν εἰς ὀκτακισχιλίους ἵππεῖς δὲ περὶ χιλίους, καὶ καταλαβὼν ἐσκεδασμένους κατὰ τῆς χώρας τοὺς ἀπὸ τῶν πλοίων, πολλοὺς μὲν αὐτῶν ἀπέκτεινεν, τοὺς δὲ λοιποὺς ἠνάγκασε φυγεῖν ἐπὶ τὰς ναῦς. [11] οὗτος μὲν οὖν ἀναχωρήσας καὶ διαβάς αὖθις τὸν Ἰβηρα ποταμόν ἐγένετο περὶ παρασκευὴν καὶ φυλακὴν τῶν ἐντὸς τοῦ ποταμοῦ τόπων, ποιούμενος τὴν παραχειμασίαν ἐν Καϊνῇ πόλει. [12] ὁ δὲ Γνάιος συνάψας τῷ στόλῳ καὶ τοὺς αἰτίους τῶν συμβεβηκότων κατὰ τοὺς παρ' αὐτοῖς

έθισμούς κολάσας, τὸ λοιπὸν ἤδη συναγαγὼν ἐπὶ ταῦτὸ τὴν τε πεζὴν καὶ τὴν ναυτικὴν στρατιὰν ἐν Ταρράκωνι τὴν παραχειμασίαν ἐποιεῖτο. [13] διαδοὺς δὲ τὴν λείαν ἴσως τοῖς στρατιώταις μεγάλῃν εὐνοίαν καὶ προθυμίαν ἐνεργάσατο πρὸς τὸ μέλλον.

[1] καὶ τὰ μὲν κατὰ τὴν Ἰβηρίαν ἐν τούτοις ἦν. ἐνισταμένης δὲ τῆς ἑαρινῆς ὥρας, Γάιος μὲν Φλαμίνιος ἀναλαβὼν τὰς αὐτοῦ δυνάμεις προῆγε διὰ Τυρρηνίας καὶ κατεστρατοπέδευσε πρὸ τῆς τῶν Ἀρρητίνων πόλεως, [2] Γνάιος δὲ Σερουίλιος τοῦμπαλιν ὡς ἐπ' Ἀρμιίνου, ταύτῃ παρατηρήσων τὴν εἰσβολὴν τῶν ὑπεναντίων. [3] Ἀννίβας δὲ παραχειμάζων ἐν τῇ Κελτικῇ τοὺς μὲν Ῥωμαίους τῶν ἐκ τῆς μάχης αἰχμαλώτων ἐν φυλακῇ συνεῖχεν, τὰ μέτρια τῶν ἐπιτηδείων δίδους, [4] τοὺς δὲ συμμάχους αὐτῶν τὸ μὲν πρῶτον ἐν τῇ πάσῃ φιλανθρωπία διεξῆγεν, μετὰ δὲ ταῦτα συναγαγὼν παρεκάλει, φάσκων οὐκ ἐκείνοις ἤκειν πολεμήσων, ἀλλὰ Ῥωμαίοις ὑπὲρ ἐκείνων. διόπερ ἔφη δεῖν αὐτούς, [5] ἐὰν ὀρθῶς φρονῶσιν, ἀντέχεσθαι τῆς πρὸς αὐτὸν φιλίας. [6] παρεῖναι γὰρ πρῶτον μὲν τὴν ἐλευθερίαν ἀνακτησόμενος Ἰταλιώταις, ὁμοίως δὲ τὰς πόλεις καὶ τὴν χώραν, ἣν ὑπὸ Ῥωμαίων ἀπολωλεκότες ἕκαστοι τυγχάνουσι, συνανασώσων. [7] ταῦτα δ' εἰπὼν ἀφῆκε πάντας χωρὶς λύτρων εἰς τὴν οἰκείαν, βουλόμενος ἅμα μὲν προκαλεῖσθαι διὰ τοιούτου τρόπου πρὸς αὐτὸν τοὺς κατοικοῦντας τὴν Ἰταλίαν, ἅμα δ' ἀπαλλοτριοῦν τῆς πρὸς Ῥωμαίους εὐνοίας, ἐρεθίζειν δὲ τοὺς δοκοῦντας πόλεσιν ἢ λιμέσιν ἡλαττῶσθαι τι διὰ τῆς Ῥωμαίων ἀρχῆς.

[1] ἐχρήσατο δὲ τινι καὶ Φοινικικῷ στρατηγῆματι τοιούτῳ κατὰ τὴν παραχειμασίαν. [2] ἀγωνιῶν γὰρ τὴν ἀθεσίαν τῶν Κελτῶν καὶ τὰς ἐπιβουλὰς τὰς περὶ τὸ σῶμα διὰ τὸ πρόσφατον τῆς πρὸς αὐτοὺς συστάσεως κατεσκευάσατο περιθετὰς τρίχας, ἄρμοζούσας ταῖς κατὰ τὰς ὀλοσχερεῖς διαφορὰς τῶν ἡλικιῶν ἐπιπρεπείαις, [3] καὶ ταύταις ἐχρήτο συνεχῶς μετατιθέμενος: ὁμοίως δὲ καὶ τὰς ἐσθῆτας μετελάμβανε τὰς καθηκούσας αἰεὶ ταῖς περιθεταῖς. [4] δι' ὧν οὐ μόνον τοῖς αἰφνιδίως ἰδοῦσι δύσγνωστος ἦν, ἀλλὰ καὶ τοῖς ἐν συνηθείᾳ γεγονόσιν. [5]

[1] θεωρῶν δὲ τοὺς Κελτοὺς δυσχεραίνοντας ἐπὶ τῷ τὸν πόλεμον ἐν τῇ παρ' αὐτῶν χώρᾳ λαμβάνειν τὴν τριβὴν, σπεύδοντας δὲ καὶ μετεώρους ὄντας εἰς τὴν πολεμίαν, προφάσει μὲν διὰ τὴν πρὸς Ῥωμαίους ὀργήν, τὸ δὲ πλεῖον διὰ τὰς ὠφελείας, ἔκρινε τὴν ταχίστην ἀναζεγγύνειν καὶ συνεκπληροῦν τὰς τῶν δυνάμεων ὁρμὰς. [6] διόπερ

ἅμα τῷ τὴν ὥραν μεταβάλλειν πυνθανόμενος τῶν μάλιστα τῆς χώρας δοκούντων ἐμπειρεῖν τὰς μὲν ἄλλας ἐμβολὰς τὰς εἰς τὴν πολεμίαν μακρὰς εὗρισκε καὶ προδήλους τοῖς ὑπεναντίοις, τὴν δὲ διὰ τῶν ἐλῶν εἰς Τυρρηγίαν φέρουσαν δυσχερῇ μὲν σύντομον δὲ καὶ παράδοξον φανησομένην τοῖς περὶ τὸν Φλαμίνιον. [7] αἰεὶ δὲ πως οἰκεῖος ὢν τῇ φύσει τούτου τοῦ μέρους ταύτῃ προέθετο ποιεῖσθαι τὴν πορείαν. [8] διαδοθείσης δὲ τῆς φήμης ἐν τῷ στρατοπέδῳ διότι μέλλει διὰ τινων ἐλῶν ἄγειν αὐτοὺς ὁ στρατηγός, πᾶς τις εὐλαβῶς εἶχε πρὸς τὴν πορείαν, ὑφορώμενος βάραθρα καὶ τοὺς λιμνώδεις τῶν τόπων. Ἀννίβας δ' ἐπιμελῶς ἐζητακῶς τεναγώδεις καὶ στερεοὺς ὑπάρχοντας τοὺς κατὰ τὴν δίοδον τόπους, ἀναζεύξας εἰς μὲν τὴν πρωτοπορείαν ἔθηκε τοὺς Λίβυας καὶ Ἰβηρας καὶ πᾶν τὸ χρησιμώτερον μέρος τῆς σφετέρας δυνάμεως, συγκαταμίξας αὐτοῖς τὴν ἀποσκευήν, ἵνα πρὸς τὸ παρὸν εὐπορῶσι τῶν ἐπιτηδείων· [2] πρὸς γὰρ τὸ μέλλον εἰς τέλος ἀφροντίστως εἶχε περὶ παντὸς τοῦ σκευοφόρου, λογιζόμενος ὥς ἐὰν ἄψηται τῆς πολέμιας, ἡττηθεὶς μὲν οὐ προσδεήσεται τῶν ἀναγκαίων, κρατῶν δὲ τῶν ὑπαίθρων οὐκ ἀπορήσει τῶν ἐπιτηδείων. [3] ἐπὶ δὲ τοῖς προειρημένοις ἐπέβαλε τοὺς Κελτούς, ἐπὶ δὲ πᾶσι τοὺς ἵππεῖς. [4] ἐπιμελητὴν δὲ τῆς οὐραγίας τὸν ἀδελφὸν ἀπέλιπε Μάγωνα τῶν τε λοιπῶν χάριν καὶ μάλιστα τῆς τῶν Κελτῶν μαλακίας καὶ φυγοπονίας, ἵν' ἐὰν κακοπαθοῦντες τρέπωνται πάλιν εἰς τοῦπίσω, κωλύῃ διὰ τῶν ἵππέων καὶ προσφέρῃ τὰς χεῖρας αὐτοῖς. [5] οἱ μὲν οὖν Ἰβηρες καὶ Λίβυες δι' ἀκεραίων τῶν ἐλῶν ποιούμενοι τὴν πορείαν μετρίως κακοπαθοῦντες ἦνυον, ἅτε καὶ φερέκακοι πάντες ὄντες καὶ συνήθεις ταῖς τοιαύταις ταλαιπωρίαις. [6] οἱ δὲ Κελτοὶ δυσχερῶς μὲν εἰς τοῦμπροσθεν προὔβαινον, τεταραγμένων καὶ διαπεπατημένων εἰς βάθος τῶν ἐλῶν, ἐπιπόνως δὲ καὶ ταλαιπῶρος ὑπέμενον τὴν κακοπάθειαν, ἄπειροι πάσης τῆς τοιαύτης ὄντες κακουχίας. [7] ἐκωλύοντο δὲ πάλιν ἀπονεῦειν εἰς τοῦπίσω διὰ τοὺς ἐφεστῶτας αὐτοῖς ἵππεῖς. [8] πάντες μὲν οὖν ἐκακοπάθουν καὶ μάλιστα διὰ τὴν ἀγρυπνίαν, ὥς ἂν ἐξῆς ἡμέρας τέτταρας καὶ τρεῖς νύκτας συνεχῶς δι' ὕδατος ποιούμενοι τὴν πορείαν· διαφερόντως γε μὴν ἐπόνουν καὶ κατεφθείρονθ' ὑπὲρ τοὺς ἄλλους οἱ Κελτοί. [9] τῶν δ' ὑποζυγίων αὐτοῦ τὰ πλεῖστα πίπτοντα διὰ τοὺς πηλοὺς ἀπώλλυντο, μίαν παρεχόμενα χρεῖαν ἐν τῷ πεσεῖν τοῖς ἀνθρώποις· [10] καθεζόμενοι γὰρ ἐπ' αὐτῶν καὶ τῶν σκευῶν σωρηδὸν ὑπὲρ τὸ ὕγρὸν ὑπερεῖχον καὶ τῷ τοιούτῳ τρόπῳ βραχὺ μέρος τῆς νυκτὸς ἀπεκοιμῶντο. [11] οὐκ ὀλίγοι

δὲ καὶ τῶν ἵππων τὰς ὀπλὰς ἀπέβαλον διὰ τὴν συνέχειαν τῆς διὰ τῶν πηλῶν πορείας. [12] Ἀννίβας δὲ μόλις ἐπὶ τοῦ περιλειφθέντος θηρίου διεσώθη μετὰ πολλῆς ταιλαιπωρίας, ὑπεραλγῆς ὦν διὰ τὴν βαρύτητα τῆς ἐπενεχθείσης ὀφθαλμίας αὐτοῦ, δι' ἣν καὶ τέλος ἐστερήθη τῆς μιᾶς ὄψεως, οὐκ ἐπιδεχομένου τοῦ καιροῦ καταμονὴν οὐδὲ θεραπείαν διὰ τὸ τῆς περιστάσεως ἀδύνατον.

[1] διαπεράσας δὲ παραδόξως τοὺς ἐλώδεις τόπους καὶ καταλαβὼν ἐν Τυρρηνίᾳ τὸν Φλαμίνιον στρατοπεδεύοντα πρὸ τῆς τῶν Ἀρρητίνων πόλεως, τότε μὲν αὐτοῦ πρὸς τοῖς ἔλεσι κατεστρατοπέδευσε, [2] βουλόμενος τὴν τε δύναμιν ἀναλαβεῖν καὶ πολυπραγμονῆσαι τὰ περὶ τοὺς ὑπεναντίους καὶ τοὺς προκειμένους τῶν τόπων. [3] πυνθανόμενος δὲ τὴν μὲν χώραν τὴν πρόσθεν πολλῆς γέμειν ὠφελείας, τὸν δὲ Φλαμίνιον ὀχλοκόπον μὲν καὶ δημαγωγὸν εἶναι τέλειον, πρὸς ἀληθινῶν δὲ καὶ πολεμικῶν πραγμάτων χειρισμὸν οὐκ εὐφυῆ, πρὸς δὲ τούτοις καταπεπιστευκέναι τοῖς σφετέραις πράγμασιν, [4] συνελογίζετο διότι παραλλάξαντος αὐτοῦ τὴν ἐκείνων στρατοπεδείαν καὶ καθέντος εἰς τοὺς ἔμπροσθεν τόπους τὰ μὲν ἀγωνιῶν τὸν ἐπιτωθασμὸν τῶν ὄχλων οὐ δυνήσεται περιορᾶν δηουμένην τὴν χώραν, τὰ δὲ κατηλγηκῶς παρέσται προχείρως εἰς πάντα τόπον ἐπόμενος, σπουδάζων δι' αὐτοῦ ποιήσασθαι τὸ προτέρημα καὶ μὴ προσδέξασθαι τὴν παρουσίαν τοῦ τὴν ἴσην ἀρχὴν ἔχοντος. [5] ἐξ ὧν πολλοὺς αὐτὸν ὑπελάμβανε παραδώσειν καιροὺς πρὸς ἐπίθεσιν. πάντα δ'

[1] ἐμφρόνως ἐλογίζετο ταῦτα καὶ πραγματικῶς: οὐ γὰρ εἰκὸς ἄλλως εἰπεῖν, ὥς εἴ τις οἶεται κυριώτερόν τι μέρος εἶναι στρατηγίας τοῦ γινῶναι τὴν προαίρεσιν καὶ φύσιν τοῦ τῶν ἐναντίων ἡγεμόνος, ἀγνοεῖ καὶ τετύφωται. [2] καθάπερ γὰρ ἐπὶ τῶν κατ' ἄνδρα καὶ ζυγὸν ἀγωνισμάτων δεῖ τὸν μέλλοντα νικᾶν συνθεωρεῖν πῶς δυνατόν ἐφικέσθαι τοῦ σκοποῦ καὶ τί γυμνὸν ἢ ποῖον ἔξοπλον μέρος φαίνεται τῶν ἀνταγωνιστῶν, [3] οὕτως χρὴ καὶ τοὺς ὑπὲρ τῶν ὅλων προεστῶτας σκοπεῖν οὐχ ὅπου τι τοῦ σώματος γυμνόν, ἀλλὰ ποῦ τῆς ψυχῆς εὐχείρωτόν τι παραφαίνεται τοῦ τῶν ἐναντίων ἡγεμόνος, [4] ἐπειδὴ πολλοὶ μὲν διὰ ῥαθυμίαν καὶ τὴν σύμπασαν ἀργίαν οὐ μόνον τὰς κοινὰς πράξεις, ἀλλὰ καὶ τοὺς ἰδίους καταπροΐενται βίους ἄρδην, [5] πολλοὶ δὲ διὰ τὴν πρὸς τὸν οἶνον ἐπιθυμίαν οὐδ' ὑπνῶσαι δύνανται χωρὶς ἀλλοιώσεως καὶ μέθης, [6] ἔνιοι δὲ διὰ τὰς τῶν ἀφροδισίων ὁρμὰς καὶ τὴν ἐν τούτοις ἐκπληξιν οὐ μόνον πόλεις καὶ

βίους ἀναστάτους πεποιήκασιν, ἀλλὰ καὶ τὸ ζῆν αὐτῶν ἀφήρηνται μετ' αἰσχύνης. [7] καὶ μὴν δειλία καὶ βλακεία κατ' ἰδίαν μὲν αὐτοῖς ὄνειδος ἐπιφέρει τοῖς ἔχουσι, περὶ δὲ τὸν τῶν ὅλων ἡγεμόνα γενομένη κοινόν ἐστι καὶ μέγιστον συμπτωμάτων. [8] οὐ γὰρ μόνον ἀπράκτους ποιεῖ τοὺς ὑποταττομένους, πολλάκις δὲ καὶ κινδύνους ἐπιφέρει τοὺς μεγίστους τοῖς πεπιστευκόσι. [9] προπέτειά γε μὴν καὶ θρασύτης καὶ θυμὸς ἄλογος, ἔτι δὲ κενοδοξία καὶ τῦφος εὐχείρωτα μὲν τοῖς ἐχθροῖς, ἐπισφαλέστατα δὲ τοῖς φίλοις. πρὸς γὰρ πᾶσαν ἐπιβουλήν, ἐνέδραν, ἀπάτην ἕτοιμος ὁ γε τοιοῦτος. [10] διόπερ εἴ τις δύναιτο συννοεῖν τὰ περὶ τοὺς πέλας ἁμαρτήματα καὶ τῆδέ που προσιέναι τοῖς ὑπεναντίοις, ἢ μάλιστα καὶ δι' ὧν εὐχείρωτος ἔσθ' ὁ προεστώς τῶν πολεμίων, τάχιστ' ἂν τῶν ὅλων κατακρατοίη. καθάπερ γὰρ νεὼς ἐὰν ἀφέλῃ τις τὸν κυβερνήτην, [11] τὸ ὅλον αὐτανδρὶ σκάφος ὑποχείριον γίνεται τοῖς ἐχθροῖς, τὸν αὐτὸν τρόπον ἐὰν τὸν προεστώτα [πόλεμον] δυνάμεως χειρώσῃται τις κατὰ τὰς ἐπιβολὰς καὶ συλλογισμούς, αὐτανδρὶ γίνεται πολλάκις κρατεῖν τῶν ἀντιταττομένων. [12] ἃ δὴ καὶ τότε προῖδόμενος καὶ συλλογισάμενος Ἀννίβας περὶ τοῦ τῶν ἐναντίων ἡγεμόνος οὐ διεσφάλῃ τῆς ἐπιβολῆς.

[1] ὥς γὰρ θάττον ποιησάμενος ἀναζυγὴν ἀπὸ τῶν κατὰ τὴν Φαισόλαν τόπων καὶ μικρὸν ὑπεράρας τὴν τῶν Ῥωμαίων στρατοπεδείαν ἐνέβαλεν εἰς τὴν προκειμένην χώραν, [2] εὐθέως μετέωρος ἦν ὁ Φλαμίνιος καὶ θυμοῦ πλήρης, δοξάζων ἑαυτὸν ὑπὸ τῶν ἐναντίων καταφρονεῖσθαι. [3] μετὰ δὲ ταῦτα πορθουμένης τῆς χώρας, καὶ πανταχόθεν τοῦ καπνοῦ σημαίνοντος τὴν καταφθοράν αὐτῆς, ἐσχελίαζε, δεινὸν ἡγούμενος τὸ γινόμενον. [4] διὸ καὶ τινῶν οἰομένων δεῖν μὴ προχείρως ἐπακολουθεῖν μηδὲ συμπλέκεσθαι τοῖς πολεμίοις, φυλάττεσθαι δὲ καὶ προσέχειν τὸ πλῆθος τῶν ἱππέων, μάλιστα δὲ καὶ τὸν ἕτερον ὕπατον προσλαβεῖν καὶ πᾶσιν ἐπὶ ταῦτο τοῖς στρατοπέδοις ὁμοῦ ποιήσασθαι τὸν κίνδυνον, [5] οὐχ οἷον προσεῖχε τοῖς λεγομένοις, ἀλλ' οὐδ' ἀνείχετο τῶν ἀποφαινομένων ταῦτα, [6] παρεκάλει δ' αὐτοὺς ἐν νῷ λαμβάνειν τί λέγειν εἰκὸς τοὺς ἐν τῇ πατρίδι τῆς μὲν χώρας καταφθειρομένης σχεδὸν ἕως πρὸς αὐτὴν τὴν Ῥώμην, αὐτῶν δὲ κατόπιν τῶν πολεμίων ἐν Τυρρηνίᾳ στρατοπεδεύοντων. [7] τέλος δέ, ταῦτ' εἰπὼν, ἀναξεύξας προῆγε μετὰ τῆς δυνάμεως, οὐ καιρόν, οὐ τόπον προορώμενος, μόνον δὲ σπεύδων συμπεσεῖν τοῖς πολεμίοις, ὥς προδῆλου τῆς νίκης αὐτοῖς ὑπαρχούσης: [8] τηλικούτον γὰρ προενεβεβλήκει κατελπισμὸν τοῖς

ὄχλοις ὥστε πλείους εἶναι τῶν τὰ ὄπλα φερόντων τοὺς ἐκτὸς παρεπομένους τῆς ὠφελείας χάριν, κομίζοντας ἀλύσεις καὶ πέδας καὶ πᾶσαν τὴν τοιαύτην παρασκευήν. [9] ὃ γε μὴν Ἀννίβας ἅμα μὲν εἰς τοῦμπροσθεν ὡς πρὸς τὴν Ῥώμην προΐει διὰ τῆς Τυρρηνίας, εὐάνυμον μὲν πόλιν ἔχων τὴν προσαγορευομένην Κυρτώνιον καὶ τὰ ταύτης ὄρη, δεξιὰν δὲ τὴν Ταρσιμένην καλουμένην λίμνην: [10] ἅμα δὲ προάγων ἐπυρπόλει καὶ κατέφθειρε τὴν χώραν, βουλόμενος ἐκκαλέσασθαι τὸν θυμὸν τῶν ὑπεναντίων. ἐπεὶ δὲ τὸν Φλαμίνιον ἤδη συνάπτοντα καθεώρα, [11] τόπους δ' εὐφυεῖς συνεθεώρησε πρὸς τὴν χρεῖαν,

[1] ἐγίνετο πρὸς τὸ διακινδυνεύειν. ὄντος δὲ κατὰ τὴν δίοδον αὐλῶνος ἐπιπέδου, τούτου δὲ παρὰ μὲν τὰς εἰς μῆκος πλευρὰς ἐκατέρας βουνοὺς ἔχοντος ὑψηλοὺς καὶ συνεχεῖς, παρὰ δὲ τὰς εἰς πλάτος κατὰ μὲν τὴν ἀντικρὺ λόφον ἐπικείμενον ἐρυμνὸν καὶ δύσβατον, κατὰ δὲ τὴν ἀπ' οὐρᾶς λίμνην τελείως στενὴν ἀπολείπουσαν πάροδον ὡς εἰς τὸν αὐλῶνα παρὰ τὴν παρῳρειαν, [2] διελθὼν τὸν αὐλῶνα παρὰ τὴν λίμνην τὸν μὲν κατὰ πρόσωπον τῆς πορείας λόφον αὐτὸς κατελάβετο καὶ τοὺς Ἴβηρας καὶ τοὺς Λίβυας ἔχων ἐπ' αὐτοῦ κατεστρατοπέδευσε, [3] τοὺς δὲ Βαλιαρεῖς καὶ λογχοφόρους κατὰ τὴν πρωτοπορείαν ἐκπεριέργων ὑπὸ τοὺς ἐν δεξιᾷ βουνοὺς τῶν παρὰ τὸν αὐλῶνα κειμένων, ἐπὶ πολὺ παρατείνας, ὑπέστειλε, [4] τοὺς δ' ἵππεῖς καὶ τοὺς Κελτοὺς ὁμοίως τῶν εὐωνύμων βουνῶν κύκλῳ περιαγαγὼν παρεξέτεινε συνεχεῖς, ὥστε τοὺς ἐσχάτους εἶναι κατ' αὐτὴν τὴν εἴσοδον τὴν παρὰ τε τὴν λίμνην καὶ τὰς παρωρείας φέρουσιν εἰς τὸν προειρημένον τόπον. [5]

[1] ὁ μὲν οὖν Ἀννίβας ταῦτα προκατασκευασάμενος τῆς νυκτὸς καὶ περιειληφὼς τὸν αὐλῶνα ταῖς ἐνέδραις τὴν ἡσυχίαν εἶχεν. [6] ὁ δὲ Φλαμίνιος εἶπετο κατόπιν, σπεύδων συνάψαι [τῶν πολεμίων]: [7] κατεστρατοπεδευκῶς δὲ τῇ προτεραίᾳ πρὸς αὐτῇ τῇ λίμνῃ τελέως ὄντ' εἰς τῆς ὥρας, μετὰ ταῦτα τῆς ἡμέρας ἐπιγενομένης εὐθέως ἐπὶ τὴν ἐωθινήν ἤγε τὴν πρωτοπορείαν παρὰ τὴν λίμνην εἰς τὸν ὑποκείμενον αὐλῶνα, βουλόμενος ἐξάπτεσθαι τῶν πολεμίων. οὔσης δὲ τῆς ἡμέρας ὁμιχλώδους διαφερόντως, Ἀννίβας ἅμα τῷ τὸ πλεῖστον μέρος τῆς πορείας εἰς τὸν αὐλῶνα προσδέξασθαι καὶ συνάπτειν πρὸς αὐτὸν ἤδη τὴν τῶν ἐναντίων πρωτοπορείαν ἀποδοὺς τὰ συνθήματα καὶ διαπεμψάμενος πρὸς τοὺς ἐν ταῖς ἐνέδραις συνεπεχειρεῖ πανταχόθεν ἅμα τοῖς πολεμίοις. [2] οἱ δὲ περὶ τὸν Φλαμίνιον, παραδόξου

γενομένης αὐτοῖς τῆς ἐπιφανείας, ἔτι δὲ δυσσυνόπτου τῆς κατὰ τὸν αέρα περιστάσεως ὑπαρχούσης, καὶ τῶν πολεμίων κατὰ πολλοὺς τόπους ἐξ ὑπερδεξίου καταφερομένων καὶ προσπιπτόντων, οὐχ οἷον παραβοηθεῖν ἐδύναντο πρὸς τι τῶν δεομένων οἱ ταξίαρχοι καὶ χιλίαρχοι τῶν Ῥωμαίων, ἀλλ' οὐδὲ συννοῆσαι τὸ γινόμενον. [3] ἅμα γὰρ οἱ μὲν κατὰ πρόσωπον, οἱ δ' ἀπ' οὐραῶς, οἱ δ' ἐκ τῶν πλαγίων αὐτοῖς προσέπιπτον. [4] διὸ καὶ συνέβη τοὺς πλείστους ἐν αὐτῷ τῷ τῆς πορείας σχήματι κατακοπῆναι, μὴ δυναμένους αὐτοῖς βοηθεῖν, ἀλλ' ὥσανει προδεδομένους ὑπὸ τῆς τοῦ προεστῶτος ἀκρισίας. [5] ἔτι γὰρ διαβουλευόμενοι τί δεῖ πράττειν ἀπάλλυντο παραδόξως. [6] ἐν ᾧ καιρῷ καὶ τὸν Φλαμίνιον αὐτὸν δυσχρησιμοποιούμενον καὶ περικακοῦντα τοῖς ὅλοις προσπεσόντες τινὲς τῶν Κελτῶν ἀπέκτειναν. [7] ἔπεσον οὖν τῶν Ῥωμαίων κατὰ τὸν αὐλῶνα σχεδὸν εἰς μυρίους καὶ πεντακισχιλίους, οὗτ' εἴκειν τοῖς παροῦσιν οὔτε πράττειν οὐδὲν δυνάμενοι, τοῦτο δ' ἐκ τῶν ἐθισμῶν αὐτὸ περὶ πλείστου ποιούμενοι, τὸ μὴ φεύγειν μηδὲ λείπειν τὰς τάξεις. [8] οἱ δὲ κατὰ πορείαν μεταξὺ τῆς λίμνης καὶ τῆς παρωρείας ἐν τοῖς στενοῖς συγκλεισθέντες αἰσχυρῶς, ἔτι δὲ μᾶλλον ταλαιπώρως διεφθείροντο. [9] συνωθούμενοι [μὲν] γὰρ εἰς τὴν λίμνην οἱ μὲν διὰ τὴν παράστασιν τῆς διανοίας ὁρμῶντες ἐπὶ τὸ νήγεσθαι σὺν τοῖς ὅπλοις ἀπεπνίγοντο, τὸ δὲ πολὺ πλῆθος μέχρι μὲν τοῦ δυνατοῦ προβαῖνον εἰς τὴν λίμνην ἔμενε τὰς κεφαλὰς αὐτὰς ὑπὲρ τὸ ὑγρὸν ὑπερίσχον· [10] ἐπιγενομένων δὲ τῶν ἱππέων, καὶ προδήλου γενομένης ἀπωλείας ἐξαίροντες τὰς χεῖρας καὶ δεόμενοι ζωγεῖν καὶ πᾶσαν προῖέμενοι φωνὴν τὸ τελευταῖον οἱ μὲν ὑπὸ τῶν πολεμίων, τινὲς δὲ παρακαλέσαντες αὐτοὺς διεφθάρησαν. [11] ἑξακισχίλιοι δ' ἴσως τῶν κατὰ τὸν αὐλῶνα τοὺς κατὰ πρόσωπον νικήσαντες παραβοηθεῖν μὲν τοῖς ἰδίους καὶ περιστάσθαι τοὺς ὑπεναντίους ἡδυνάτου διὰ τὸ μηδὲν συνορᾶν τῶν γινομένων, καίπερ μεγάλην δυνάμενοι πρὸς τὰ ὅλα παρέχεσθαι χρεῖαν· [12] αἰεὶ δὲ τοῦ πρόσθεν ὀρεγόμενοι προῆγον, πεπεισμένοι συμπεσεῖσθαί τισιν, ἕως ἔλαθον ἐκπεσόντες πρὸς τοὺς ὑπερδεξιούς τόπους. γενομένοι δ' ἐπὶ τῶν ἄκρων, [13] καὶ τῆς ὁμίχλης ἤδη πεπτωκυίας συνέντες τὸ γεγονὸς ἀτύχημα καὶ ποιεῖν οὐδὲν ὄντες ἔτι δυνατοὶ διὰ τὸ τοῖς ὅλοις ἐπικρατεῖν καὶ πάντα προκατέχειν ἤδη τοὺς πολεμίους, συστραφέντες ἀπεχώρησαν εἰς τινὰ κώμην Τυρρηνίδα. [14] μετὰ δὲ τὴν μάχην ἀποσταλέντος ὑπὸ τοῦ στρατηγοῦ μετὰ τῶν Ἰβήρων καὶ λογχοφόρων Μάαρβα καὶ περιστρατοπεδεύσαντος τὴν κώμην,

ποικίλης αὐτοῖς ἀπορίας περιεστώσης, ἀποθέμενοι τὰ ὄπλα παρέδωκαν αὐτοὺς ὑποσπόνδους, ὡς τευξόμενοι τῆς σωτηρίας. [15]

[1] τὰ μὲν οὖν περὶ τὸν ὅλον κίνδυνον τὸν γενόμενον ἐν Τυρρηνίᾳ Ῥωμαῖοις καὶ Καρχηδονίοις τοῦτον ἐπετελέσθη τὸν τρόπον. Ἀννίβας δέ, πρὸς αὐτὸν ἐπαναχθέντων τῶν ὑποσπόνδων, ὁμοίως δὲ καὶ τῶν ἄλλων αἰχμαλώτων, συναγαγὼν πάντας, ὄντας πλείους τῶν μυρίων καὶ πεντακισχιλίων, [2] πρῶτον μὲν διεσάφησεν ὅτι Μαάρβας οὐκ εἴη κύριος ἄνευ τῆς αὐτοῦ γνώμης διδοὺς τὴν ἀσφάλειαν τοῖς ὑποσπόνδοις, μετὰ δὲ ταῦτα κατηγορίαν ἐποιήσατο Ῥωμαίων. [3] λήξας δὲ τούτων, ὅσοι μὲν ἦσαν Ῥωμαῖοι τῶν ἐαλωκότων, διέδωκεν εἰς φυλακὴν ἐπὶ τὰ τάγματα, τοὺς δὲ συμμάχους ἀπέλυσε χωρὶς λύτρων ἅπαντας εἰς τὴν οἰκείαν, [4] ἐπιφθεγξάμενος τὸν αὐτὸν ὃν καὶ πρόσθεν λόγον ὅτι πάρεστι πολεμήσων οὐκ Ἰταλιώταις, ἀλλὰ Ῥωμαῖοις ὑπὲρ τῆς Ἰταλιωτῶν ἐλευθερίας. [5] τὴν δ' ἐαυτοῦ δύναμιν ἀνελάμβανε καὶ τῶν νεκρῶν τῶν ἐκ τῆς σφετέρας δυνάμεως τοὺς ἐπιφανεστάτους ἔθαπεν, ὄντας εἰς τριάκοντα τὸν ἀριθμόν: οἱ μὲν γὰρ πάντες εἰς χιλίους καὶ πεντακοσίους ἔπεσον, ὧν ἦσαν οἱ πλείους Κελτοί. [6] ταῦτα δὲ πράξας διενοεῖτο μετὰ τὰδελφοῦ καὶ τῶν φίλων ποῦ καὶ πῶς δεῖ ποιεῖσθαι τὴν ὁρμήν, εὐθαρσῆς ὧν ἤδη περὶ τῶν ὅλων. [7]

[1] εἰς δὲ τὴν Ῥώμην προσπεσόντος ἤδη τοῦ γεγονότος ἀτυχήματος, στέλλεσθαι μὲν ἢ ταπεινοῦν τὸ συμβεβηκὸς οἱ προεστῶτες τοῦ πολιτεύματος ἡδυνάτουν διὰ τὸ μέγεθος τῆς συμφορᾶς, λέγειν δὲ τοῖς πολλοῖς ἠναγκάζοντο τὰ γεγονότα, συναθροίσαντες τὸν δῆμον εἰς ἐκκλησίαν. [8] διόπερ ἅμα τῷ τὸν στρατηγὸν εἰπεῖν τοῖς ὄχλοις ἀπὸ τῶν ἐμβόλων ὅτι “1Λειπόμεθα μάχη μεγάλη”2, τηλικαύτην συνέβη γενέσθαι διατροπὴν ὥστε τοῖς παραγενομένοις ἐφ’ ἐκατέρων τῶν καιρῶν πολλῷ μείζον τότε φανῆναι τὸ γεγονὸς ἢ παρ’ αὐτὸν τὸν τῆς μάχης καιρόν. [9] καὶ τοῦτ’ εἰκότως συνέβη. πολλῶν γὰρ χρόνων ἄπειροι καὶ τοῦ ῥήματος καὶ τοῦ πράγματος ὑπάρχοντες τῆς ὁμολογουμένης ἥττης οὐ μετρίως οὐδὲ κατὰ σχῆμα τὴν περιπέτειαν ἔφερον. [10] οὐ μὴν ἢ γε σύγκλητος, ἀλλ’ ἐπὶ τοῦ καθήκοντος ἔμενε λογισμοῦ καὶ διενοεῖτο περὶ τοῦ μέλλοντος πῶς καὶ τί πρακτέον ἐκάστοις εἴη. κατὰ δὲ τοὺς τῆς μάχης καιροὺς Γνάιος Σερουίλιος ὁ προκαθήμενος ὑπάτος ἐπὶ τῶν κατ’ Ἀρίμινον τόπων — [2] οὗτοι δ’ εἰσὶν ἐπὶ τῆς παρὰ τὸν Ἀδρίαν πλευρᾶς, οὗ συνάπτει τὰ Γαλατικὰ πεδία πρὸς τὴν ἄλλην Ἰταλίαν, οὐ

μακρὰν τῆς εἰς θάλατταν ἐκβολῆς τῶν τοῦ Πάδου στομάτων — [3] ἀκούσας εἰσβεβληκότα τὸν Ἀννίβαν εἰς Τυρρηνίαν ἀντιστρατοπεδεύειν τῷ Φλαμινίῳ, πᾶσι μὲν ἐπεβάλετο τοῖς στρατοπέδοις αὐτὸς συνάπτειν, ἀδυνατῶν δὲ διὰ τὸ τῆς στρατιᾶς βάρος Γάιον Κεντίνιον κατὰ σπουδὴν δοὺς τετρακισχίλιους ἵππεῖς προεξαπέστειλε, βουλόμενος, εἰ δέοιθ' οἱ καιροί, πρὸ τῆς αὐτοῦ παρουσίας τούτους καταταχεῖν. [4] Ἀννίβας δέ, μετὰ τὴν μάχην προσαγγελθείσης αὐτῷ τῆς τῶν ὑπεναντίων βοηθείας, ἐξαποστέλλει Μάρβαν ἔχοντα τοὺς λογχοφόρους καὶ τι μέρος τῶν ἱππέων. [5] οἱ καὶ συμπεσόντες τοῖς περὶ τὸν Γάιον ἐν αὐτῇ μὲν τῇ πρώτῃ συμπλοκῇ σχεδὸν τοὺς ἡμίσεις αὐτῶν διέφθειραν, τοὺς δὲ λοιποὺς εἰς τινα λόφον συνδιώξαντες τῇ κατὰ πόδας ἡμέρᾳ πάντας ἔλαβον ὑποχειρίους. [6] ἐν δὲ τῇ Ῥώμῃ, τριταίᾳ οὔσης τῆς κατὰ τὴν μάχην προσαγγελίας, καὶ μάλιστα τότε τοῦ πάθους κατὰ τὴν πόλιν ὥσανεὶ φλεγμαίνοντος, ἐπιγενομένης καὶ ταύτης τῆς περιπετείας οὐ μόνον τὸ πλῆθος, ἀλλὰ καὶ τὴν σύγκλητον αὐτὴν συνέβη διατραπῆναι. [7] διὸ καὶ παρέντες τὴν κατ' ἐνιαυτὸν ἀγωγὴν τῶν πραγμάτων καὶ τὴν αἵρεσιν τῶν ἀρχόντων μειζόνως ἐπεβάλοντο βουλευέσθαι περὶ τῶν ἐνεστῶτων, νομίζοντες αὐτοκράτορος δεῖσθαι στρατηγοῦ τὰ πράγματα καὶ τοὺς περιεστῶτας καιροὺς. [8]

[1] Ἀννίβας δὲ κατατεθαρρηκὼς τοῖς ὅλοις ἤδη τὸ μὲν συνεγγίζειν τῇ Ῥώμῃ κατὰ τὸ παρὸν ἀπεδοκίμασεν, τὴν δὲ χώραν ἐπιπορευόμενος ἀδεῶς ἐπόρθει, ποιούμενος τὴν πορείαν ὡς ἐπὶ τὸν Ἀδρίαν. [9] διανύσας τε τὴν τε τῶν Ὀμβρῶν καλουμένην χώραν καὶ τὴν τῶν Πικέντων ἦκεν δεκαταῖος πρὸς τοὺς κατὰ τὸν Ἀδρίαν τόπους, [10] πολλῆς μὲν λείας γεγονῶς ἐγκρατῆς, ὥστε μήτ' ἄγειν μήτε φέρειν δύνασθαι τὸ στρατόπεδον τὰς ὠφελείας, πολὺ δὲ πλῆθος ἀνθρώπων ἀπεκταγκῶς κατὰ τὴν δίοδον: [11] καθάπερ γὰρ ἐν ταῖς τῶν πόλεων καταλήψεσι, καὶ τότε παράγγελμά τι δεδομένον ἦν φονεῦειν τοὺς ὑποπίπτοντας τῶν ἐν ταῖς ἡλικίαις. ταῦτα δ' ἐποίει διὰ τὸ προ ὑπάρχον αὐτῷ μῖσος ἔμφυτον πρὸς Ῥωμαίους. ἐν ᾧ καιρῷ καταστρατοπεδεύσας παρὰ τὸν Ἀδρίαν ἐν χώρᾳ πρὸς πάντα τὰ γεννήματα διαφερούση μεγάλην ἐποιεῖτο σπουδὴν ὑπὲρ τῆς ἀναλήψεως καὶ θεραπείας τῶν ἀνδρῶν, οὐχ ἥττον δὲ καὶ τῶν ἵππων. [2] ὥς ἂν γὰρ ὑπαίθρου τῆς παραχειμασίας γεγενημένης ἐν τοῖς κατὰ Γαλατίαν τόποις, ὑπὸ τε τοῦ ψύχους καὶ τῆς ἀνηλειψίας, ἔτι δὲ τῆς μετὰ ταῦτα διὰ τῶν ἐλῶν πορείας καὶ ταλαιπωρίας ἐπεγεγόνει σχεδὸν

ἅπασιν τοῖς ἵπποις, ὁμοίως δὲ καὶ τοῖς ἀνδράσιν ὁ λεγόμενος λιμόσῳρος καὶ τοιαύτη καχεξία. [3] διὸ γενόμενος ἐγκρατὴς χώρας εὐδαίμονος ἐσωματοποίησε μὲν τοὺς ἵππους, ἀνεκτῆσατο δὲ τὰ τε σώματα καὶ τὰς ψυχὰς τῶν στρατιωτῶν· μετακαθώπλισε δὲ τοὺς Λίβυας εἰς τὸν Ῥωμαϊκὸν τρόπον ἐκλεκτοῖς ὄπλοις, ὥς ἂν γεγωνῶς κύριος τοσούτων σκύλων. [4] ἐξαπέστειλε δὲ κατὰ θάλατταν ἐν τῷ καιρῷ τούτῳ καὶ τοὺς διασαφίσοντας εἰς τὴν Καρχηδόνα περὶ τῶν γεγονότων· τότε γὰρ πρῶτον ἤψατο θαλάττης, ἀφ' οὗ τὴν εἰσβολὴν ἐποίησατο τὴν εἰς Ἰταλίαν. [5] ἐφ' οἷς ἀκούσαντες μεγαλείως ἐχάρησαν οἱ Καρχηδόνιοι καὶ πολλὴν ἐποιοῦντο σπουδὴν καὶ πρόνοιαν ὑπὲρ τοῦ κατὰ πάντα τρόπον ἐπικουρεῖν καὶ τοῖς ἐν Ἰταλία καὶ τοῖς ἐν Ἰβηρίᾳ πράγμασι. [6]

[1] Ῥωμαῖοι δὲ δικτάτορα μὲν κατέστησαν Κόιντον Φάβιον, ἄνδρα καὶ φρονήσει διαφέροντα καὶ πεφυκότα καλῶς. ἔτι γοῦν ἐπεκαλοῦντο καὶ καθ' ἡμᾶς οἱ ταύτης τῆς οἰκίας Μάξιμοι, τοῦτο δ' ἔστι μέγιστοι, διὰ τὰς ἐκείνου τάνδρὸς ἐπιτυχίας καὶ πράξεις. [7] ὁ δὲ δικτάτωρ ταύτην ἔχει τὴν διαφορὰν τῶν ὑπάτων· τῶν μὲν γὰρ ὑπάτων ἑκατέρῳ δώδεκα πελέκεις ἀκολουθοῦσι, [8] τούτῳ δ' εἴκοσι καὶ τέτταρες, κἀκεῖνοι μὲν ἐν πολλοῖς προσδέονται τῆς συγκλήτου πρὸς τὸ συντελεῖν τὰς ἐπιβολάς, οὗτος δ' ἔστιν αὐτοκράτωρ στρατηγός, οὗ κατασταθέντος παραχρῆμα διαλύεσθαι συμβαίνει πάσας τὰς ἀρχὰς ἐν τῇ Ῥώμῃ πλὴν τῶν δημάρχων. [9] οὐ μὴν ἀλλὰ περὶ μὲν τούτων ἐν ἄλλοις ἀκριβεστέραν ποιησόμεθα τὴν διαστολήν. ἅμα δὲ τῷ δικτάτορι κατέστησαν ἱπάρχην Μάρκον Μινύκιον. οὗτος δὲ τέτακται μὲν ὑπὸ τὸν αὐτοκράτορα, γίνεται δ' οἶονεὶ διάδοχος τῆς ἀρχῆς ἐν τοῖς ἐκείνου περισπασμοῖς. Ἀννίβας δὲ κατὰ βραχὺ μεταθείς τὴν παρεμβολὴν ἐνδιέτριβε τῇ παρὰ τὸν Ἀδρίαν χώρᾳ καὶ τοὺς μὲν ἵππους ἐκλούων τοῖς παλαιοῖς οἶνοις διὰ τὸ πλῆθος ἐξεθεράπευσε τὴν καχεξίαν αὐτῶν καὶ τὴν ψώραν, [2] παραπλησίως δὲ καὶ τῶν ἀνδρῶν τοὺς μὲν τραυματίας ἐξυγίασε, τοὺς δὲ λοιποὺς εὐέκτας παρεσκεύασε καὶ προθύμους εἰς τὰς ἐπιφερομένας χρείας. [3] διελθὼν δὲ καὶ καταφθείρας τὴν τε Πραιτεττιανὴν καὶ τὴν Ἀδριανὴν ἔτι δὲ τὴν Μαρρουκίην καὶ Φρεντανὴν χώραν ὥρμησε ποιούμενος τὴν πορείαν εἰς τὴν Ἰαπυγίαν. [4] ἥς διηρημένης εἰς τρεῖς ὀνομασίας, καὶ τῶν μὲν προσαγορευομένων Δαυνίων, τῶν δὲ Πευκετίων, τῶν δὲ Μεσσαπίων, εἰς πρώτην ἐνέβαλε τὴν Δαυνίαν. [5] ἀρξάμενος δὲ ταύτης ἀπὸ Λουκαρίας, οὔσης ἀποικίας Ῥωμαίων, ἐπόρθει τὴν

χώραν. [6] μετὰ δὲ ταῦτα καταστρατοπεδεύσας περὶ τὸ καλούμενον Οἰβώνιον ἐπέτρεχε τὴν Ἀργυριππανὴν καὶ πᾶσαν ἀδεῶς ἐλεηλάτει τὴν Δαυνίαν. [7] ἐν ᾧ καιρῷ καὶ Φάβιος μετὰ τὴν κατάστασιν θύσας τοῖς θεοῖς ἐξώρμησε μετὰ τοῦ συνάρχοντος καὶ τῶν ἐκ τοῦ καιροῦ καταγραφέντων τεττάρων στρατοπέδων. [8] συμμίζας δὲ ταῖς ἀπ' Ἀριμίνου βοηθούσαις δυνάμεσι περὶ τὴν Ναρνίαν, Γνάιον μὲν τὸν ὑπάρχοντα στρατηγὸν ἀπολύσας τῆς κατὰ γῆν στρατείας ἐξαπέστειλε μετὰ παραπομπῆς εἰς τὴν Ῥώμην, ἐντειλάμενος, ἐάν τι κατὰ θάλατταν κινῶνται Καρχηδόνιοι, βοηθεῖν ἀεὶ τοῖς ὑποπίπτουσι καιροῖς, [9] αὐτὸς δὲ μετὰ τοῦ συνάρχοντος παραλαβὼν τὰς δυνάμεις ἀντεστρατοπέδευσε τοῖς Καρχηδονίοις περὶ τὰς Αἶκας καλουμένας, ἀπέχων τῶν πολεμίων περὶ πεντήκοντα στα

[1] δίους. Ἀννίβας δὲ συνεῖς τὴν παρουσίαν τοῦ Φαβίου καὶ βουλόμενος ἐξ ἐφόδου καταπλήξασθαι τοὺς ὑπεναντίους, ἐξαγαγὼν τὴν δύναμιν καὶ συνεγγίσας τῷ τῶν Ῥωμαίων χάρακι παρετάξατο. χρόνον δὲ τινα μείνας, οὐδενὸς ἐπεξιόντος αὐθις ἀνεχώρησεν εἰς τὴν ἑαυτοῦ παρεμβολήν. [2] ὁ γὰρ Φάβιος διεγνωκὼς μῆτε παραβάλλεσθαι μῆτε διακινδυνεύειν, στοχάζεσθαι δὲ πρῶτον καὶ μάλιστα τῆς ἀσφαλείας τῶν ὑποταττομένων, ἔμενε βεβαίως ἐπὶ τῆς διαλήψεως ταύτης. [3] τὰς μὲν οὖν ἀρχὰς κατεφρονεῖτο καὶ παρεῖχε λόγον ὥς ἀποδεδεικτικῶς καὶ καταπεπληγμένος τὸν κίνδυνον, τῷ δὲ χρόνῳ πάντας ἠνάγκασε παρομολογῆσαι καὶ συγχωρεῖν ὥς οὔτε νουνεχέστερον οὔτε φρονιμώτερον οὐδένα δυνατόν ἦν χρῆσθαι τοῖς τότε περιεστῶσι καιροῖς. [4] ταχὺ δὲ καὶ τὰ πράγματα προσεμαρτύρησε τοῖς λογισμοῖς αὐτοῦ. καὶ τοῦτ' εἰκότως ἐγένετο. [5] τὰς μὲν γὰρ τῶν ὑπεναντίων δυνάμεις συνέβαινε γεγυμνάσθαι μὲν ἐκ τῆς πρώτης ἡλικίας συνεχῶς ἐν τοῖς πολεμικοῖς, ἡγεμόνι δὲ χρῆσθαι συντεθραμμένῳ σφίσι καὶ παιδομαθεῖ περὶ τὰς ἐν τοῖς ὑπαίθροις χρείας, [6] νενικηκέναι δὲ πολλὰς μὲν ἐν Ἰβηρίᾳ μάχας, δις δὲ Ῥωμαίους ἐξῆς καὶ τοὺς συμμάχους αὐτῶν, τὸ δὲ μέγιστον, ἀπεγνωκότας πάντα μίαν ἔχειν ἐλπίδα τῆς σωτηρίας τὴν ἐν τῷ νικᾶν. [7] περὶ δὲ τὴν τῶν Ῥωμαίων στρατιὰν τάναντία τούτοις ὑπῆρχε. [8] διόπερ εἰς μὲν τὸν ὑπὲρ τῶν ὅλων κίνδυνον οὐχ οἷός τ' ἦν συγκαταβαίνειν, προδήλου τῆς ἐλαττώσεως ὑπαρχούσης· εἰς δὲ τὰ σφέτερα προτερήματα τοῖς λογισμοῖς ἀναχωρήσας ἐν τούτοις διέτριβε καὶ διὰ τούτων ἐχείριζε τὸν πόλεμον. [9] ἦν δὲ τὰ προτερήματα Ῥωμαίων ἀκατάτριπτα χορηγία

[1] καὶ χειρῶν πλήθος. διόπερ κατὰ τοὺς ἐξῆς χρόνους ἀντιπαρήγεν τοῖς πολεμίοις αἰεὶ καὶ τοὺς εὐκαίρους προκατελάμβανε τόπους κατὰ τὴν ἐμπειρίαν. [2] ἔχων δὲ κατὰ νότου τὰς χορηγίας ἀφθόνους οὐδέποτε τοὺς στρατιώτας ἡφίει προνομεύειν οὐδὲ χωρίζεσθαι καθάπαξ ἐκ τοῦ χάρακος, ἄθρους δ' αἰεὶ καὶ συνεστραμμένους τηρῶν ἐφήδρευε τοῖς τόποις καὶ καιροῖς. [3] καὶ πολλοὺς τῶν πολεμίων ἀποσπωμένους ἀπὸ τῆς ἰδίας παρεμβολῆς ἐπὶ τὰς προνομὰς διὰ τὸ καταφρονεῖν ὑποχειρίους ἐλάμβανε καὶ κατέφθειρε τῷ τοιοῦτῳ τρόπῳ. [4] ταῦτα δ' ἐποίει, βουλόμενος ἅμα μὲν ἀφ' ὠρισμένου πλήθους ἐλαττοῦν αἰεὶ τοὺς ὑπεναντίους, ἅμα δὲ τὰς τῶν ἰδίων δυνάμεων ψυχὰς προητημένας τοῖς ὅλοις διὰ τῶν κατὰ μέρος προτερημάτων κατὰ βραχὺ σωματοποιεῖν καὶ προσαναλαμβάνειν. [5] εἰς ὀλοσχερῇ δὲ κρίσιν ἐξ ὁμολόγου συγκαταβαίνειν οὐδαμῶς οἷός τ' ἦν. [6] οὐ μὴν Μάρκῳ γε τῷ συνάρχοντι τούτων οὐδὲν ἥρεσκεν. σύμψηφον δὲ τοῖς ὄχλοις ποιῶν αὐτὸν τὸν μὲν Φάβιον κατελάλει πρὸς πάντας, ὡς ἀγεννῶς χρώμενον τοῖς πράγμασιν καὶ νωθρῶς, αὐτὸς δὲ πρόθυμος ἦν παραβάλλεσθαι καὶ διακινδυνεύειν. [7]

[1] οἱ δὲ Καρχηδόνιοι καταφθείραντες τοὺς προειρημένους τόπους ὑπερέβαλον τὸν Ἀπεννῖνον καὶ κατάραντες εἰς τὴν Σαννίτιν χώραν, οὗσαν εὐδαίμονα καὶ πολλῶν χρόνων ἀπολέμητον, ἐν τοιαύτῃ περιουσίᾳ τῶν ἐπιτηδείων ἦσαν ὥστε μήτε χρωμένους μήτε καταφθείροντας ἀνύειν δύνασθαι τὰς λείας. κατέδραμον δὲ καὶ τὴν Οὐενοαντανήν, [8] Ῥωμαίων ἀποικίαν ὑπάρχουσαν· εἵλον δὲ καὶ πόλιν Οὐενουσίαν, ἀτείχιστον οὗσαν καὶ πολλῆς καὶ παντοδαπῆς ἀποσκευῆς γέμουσαν. [9] οἱ δὲ Ῥωμαῖοι κατόπιν μὲν εἶποντο συνεχῶς, μιᾶς καὶ δυεῖν ἡμερῶν ὁδὸν ἀπέχοντες, ἐγγίξειν γε μὴν καὶ συμπλέκεσθαι τοῖς πολεμίοις οὐχ οἷοί τ' ἦσαν. [10] διόπερ Ἀννίβας ὁρῶν τὸν Φάβιον φυγομαχοῦντα μὲν προδήλως τοῖς δ' ὅλοις οὐκ ἐκχωροῦντα τῶν ὑπαίθρων, ὥρμησε τολμηρῶς εἰς τὰ περὶ Καπύην πεδία, καὶ τούτων εἰς τὸν προσαγορευόμενον Φάλερνον τόπον, [11] πεπεισμένος δυεῖν θάτερον, ἢ μάχεσθαι τοὺς πολεμίους ἀναγκάσειν ἢ πᾶσι δῆλον ποιήσειν ὅτι κρατεῖ τῶν ὅλων καὶ παραχωροῦσι Ῥωμαῖοι τῶν ὑπαίθρων αὐτοῖς. [12] οὗ γενομένου καταπλαγείσας ἡλπιζε τὰς πόλεις ὁρμήσειν πρὸς τὴν ἀπὸ Ῥωμαίων ἀπόστασιν. [13] ἕως γὰρ τότε δυσὶ μάχαις ἤδη λελειμμένων αὐτῶν οὐδεμία πόλις ἀπέστη τῶν κατὰ τὴν Ἰταλίαν πρὸς Καρχηδονίους, ἀλλὰ διετήρουν

τὴν πίστιν, καίπερ ἔναι πάσχουσαι κακῶς. [14] ἐξ ὧν καὶ παρασημῆναιτ' ἂν τις τὴν κατάπληξιν καὶ καταξίωσιν παρὰ τοῖς συμμάχοις τοῦ Ῥωμαίων πολιτεύματος. οὐ μὴν ἀλλ' ὁ γ' Ἀννίβας εἰκότως ἐπὶ τούτους κατήντα τοὺς λογισμοὺς. [2] τὰ γὰρ πεδία τὰ κατὰ Καπύην ἐπιφανέστατα μὲν ἐστὶ τῶν κατὰ τὴν Ἰταλίαν καὶ διὰ τὴν ἀρετὴν καὶ διὰ τὸ κάλλος καὶ διὰ τὸ πρὸς αὐτῇ κεῖσθαι τῇ θαλάττῃ καὶ τούτοις χρῆσθαι τοῖς ἐμπορίοις, εἰς ἃ σχεδὸν ἐκ πάσης τῆς οἰκουμένης κατατρέχουσιν οἱ πλέοντες εἰς Ἰταλίαν. [3] περιέχουσι δὲ καὶ τὰς ἐπιφανεστάτας καὶ καλλίστας πόλεις τῆς Ἰταλίας ἐν αὐτοῖς. [4] τὴν μὲν γὰρ παραλίαν αὐτῶν Σενοεσανοὶ καὶ Κυμαῖοι καὶ Δικαιαρχῖται νέμονται, πρὸς δὲ τούτοις Νεαπολῖται, τελευταῖον δὲ τὸ τῶν Νουκερίων ἔθνος. [5] τῆς δὲ μεσογαίου τὰ μὲν πρὸς τὰς ἄρκτους Καληνοὶ καὶ Τιανῖται κατοικοῦσι, τὰ δὲ πρὸς ἔω καὶ μεσημβρίαν Δαῦνιοι* [6] καὶ Νωλανοί. κατὰ μέσα δὲ τὰ πεδία κεῖσθαι συμβαίνει τὴν πασῶν ποτε μακαριωτάτην γεγонуῖαν πόλιν Καπύην. [7] ἐπιεικέστατος δὲ καὶ παρὰ τοῖς μυθογράφοις ὁ περὶ τούτων τῶν πεδίων λόγος: προσαγορεύεται δὲ καὶ ταῦτα Φλεγραῖα, καθάπερ καὶ ἕτερα τῶν ἐπιφανῶν πεδίων: θεοὺς γε μὴν μάλιστα περὶ τούτων εἰκὸς ἡρικέναι διὰ τὸ κάλλος καὶ τὴν ἀρετὴν αὐτῶν. [8] ἅμα δὲ τοῖς προειρημένοις ὄχυρά δοκεῖ καὶ δυσέμβολα τελέως εἶναι τὰ πεδία: τὰ μὲν γὰρ θαλάττῃ τὸ δὲ πλεῖον ὄρεσι μεγάλοις πάντῃ καὶ συνεχέσι περιέχεται, δι' ὧν εἰσβολαὶ τρεῖς ὑπάρχουσι μόνον ἐκ τῆς μεσογαίου στεναὶ καὶ δύσβατοι, [9] μία μὲν ἀπὸ τῆς Σαυνίτιδος, δευτέρα δ' ἀπὸ τῆς Λατίνης, ἡ δὲ κατάλοιπος ἀπὸ τῶν κατὰ τοὺς Ἰρπίνους τόπων. [10] διόπερ ἔμελλον εἰς ταῦτα καταστρατοπεδεύσαντες ὥσπερ εἰς θέατρον οἱ Καρχηδόνιοι καταπλήξεσθαι μὲν τῷ παραλόγῳ πάντα, ἐκθεατριεῖν δὲ τοὺς πολεμίους φυγομαχοῦντας, αὐτοὶ δ' ἐξ ὁμολόγου φανήσεσθαι τῶν ὑπαίθρων κρατοῦντες.

[1] Ἀννίβας μὲν οὖν τοιοῦτοις χρῆσάμενος λογισμοῖς καὶ διελθὼν ἐκ τῆς Σαυνίτιδος τὰ στενὰ κατὰ τὸν Ἐριβιανὸν καλούμενον λόφον κατεστρατοπέδευσε παρὰ τὸν Ἀθυρνον ποταμόν, ὃς σχεδὸν δίχα διαιρεῖ τὰ προειρημένα πεδία. [2] καὶ τὴν μὲν παρεμβολὴν ἐκ τοῦ πρὸς Ῥώμην μέρος εἶχε, ταῖς δὲ προνομαῖς πᾶν ἐπιτρέχων ἐπόρθει τὸ πεδῖον ἀδεῶς. [3] Φάβιος δὲ κατεπέπληκτο μὲν τὴν ἐπιβολὴν καὶ τόλμαν τῶν ὑπεναντίων, τοσοῦτῳ δὲ μᾶλλον ἐπὶ τῶν κεκριμένων ἔμενεν. [4] ὁ δὲ συνάρχων αὐτοῦ Μάρκος καὶ πάντες οἱ κατὰ τὸ

στρατόπεδον χιλίαρχοι καὶ ταξίαρχοι νομίζοντες ἐν καλῷ τοὺς πολεμίους ἀπειληφέναι, σπεύδειν ὄντο δεῖν καὶ συνάπτειν εἰς τὰ πεδία καὶ μὴ περιορᾶν τὴν ἐπιφανεστάτην χώραν δηουμένην. [5] Φάβιος δὲ μέχρι μὲν τοῦ συνάψαι τοῖς τόποις ἔσπευδε καὶ συνυπεκρίνετο τοῖς προθύμως καὶ φιλοκινδύνως διακειμένοις, [6] ἐγγίσας δὲ τῷ Φαλέρνῳ ταῖς μὲν παρωρείαις ἐπιφαινόμενος ἀντιπαρῆγε τοῖς πολεμίους, ὥστε μὴ δοκεῖν τοῖς αὐτῶν συμμάχοις ἐκχωρεῖν τῶν ὑπαίθρων, [7] εἰς δὲ τὸ πεδῖον οὐ καθίει τὴν δύναμιν, εὐλαβούμενος τοὺς ὀλοσχερεῖς κινδύνους διὰ τε τὰς προειρημένας αἰτίας καὶ διὰ τὸ προφανῶς ἱποκρατεῖν παρὰ πολὺ τοὺς ὑπεναντίους. [8]

[1] Ἀννίβας δ' ἐπειδὴ καταπειράσας τῶν πολέμιων καὶ καταφθείρας πᾶν τὸ πεδῖον ἤθροισε λείας ἄπλετον πλῆθος, [9] ἐγίνετο πρὸς ἀναζυγὴν, βουλόμενος μὴ καταφθεῖραι τὴν λείαν, ἀλλ' εἰς τοιοῦτον ἀπερείσασθαι τόπον, ἐν ᾧ δυνήσεται ποιήσασθαι καὶ τὴν παραχειμασίαν, ἵνα μὴ μόνον κατὰ τὸ παρὸν εὐωχίαν ἀλλὰ συνεχῶς δαυίλειαν ἔχη τῶν ἐπιτηδείων τὸ στρατόπεδον. [10] Φάβιος δὲ καὶ κατανοῶν αὐτοῦ τὴν ἐπιβολήν, ὅτι προχειρίζεται ποιεῖσθαι τὴν ἐπάνοδον ἥπερ ἐποιήσατο καὶ τὴν εἴσοδον, καὶ θεωρῶν τοὺς τόπους στενοὺς ὄντας καὶ καθ' ὑπερβολὴν εὐφυεῖς πρὸς ἐπίθεσιν, [11] ἐπ' αὐτῆς μὲν τῆς διεκβολῆς περὶ τετρακισχιλίους ἐπέστησε, παρακαλέσας χρήσασθαι τῇ προθυμίᾳ σὺν καιρῷ μετὰ τῆς τῶν τόπων εὐφυΐας, αὐτὸς δὲ τὸ πολὺ μέρος ἔχων τῆς δυνάμεως ἐπὶ τινα λόφον ὑπερδέξιον πρὸ τῶν στε νῶν κατεστρατοπέδευσε. παραγενομένων δὲ τῶν Καρχηδονίων καὶ ποιησαμένων τὴν παρεμβολὴν ἐν τοῖς ἐπιπέδοις ὑπ' αὐτὴν τὴν παρώρειαν, τὴν μὲν λείαν αὐτῶν ἥλπισεν ἀδηρίτως περισυρεῖν, ὥς δὲ τὸ πολὺ καὶ τοῖς ὅλοις πέρας ἐπιθήσειν διὰ τὴν τῶν τόπων εὐκαιρίαν. [2] καὶ δὴ περὶ ταῦτα καὶ πρὸς τούτοις ἐγίνετο τοῖς διαβουλοῖς, διανοούμενος πῇ καὶ πῶς χρήσεται τοῖς τόποις καὶ τίνες καὶ πόθεν πρῶτον ἐγχειρήσουσι τοῖς ὑπεναντίοις. [3] Ἀννίβας δέ, ταῦτα πρὸς τὴν ἐπιούσαν ἡμέραν παρασκευαζομένων τῶν πολέμιων, συλλογιζόμενος ἐκ τῶν εἰκότων οὐκ ἔδωκε χρόνον οὐδ' ἀναστροφὴν ταῖς ἐπιβολαῖς αὐτῶν, [4] ἀνακαλεσάμενος δὲ τὸν ἐπὶ τῶν λειτουργιῶν τεταγμένον Ἀσδρούβαν παρήγγειλε λαμπάδας δεσμεύειν ἐκ τῆς ξηρᾶς καὶ παντοδαπῆς ὕλης κατὰ τάχος ὥς πλείστας καὶ τῶν ἐργατῶν βοῶν ἐκλέξαντ' ἐκ πάσης τῆς λείας τοὺς εὐρωστοτάτους εἰς δισχιλίους

ἀθροῖσαι πρὸ τῆς παρεμβολῆς. [5] γενομένου δὲ τούτου συναγαγὼν ὑπέδειξε τοῖς λειτουργοῖς ὑπερβολὴν τινα μεταξὺ κειμένην τῆς αὐτοῦ στρατοπεδείας καὶ τῶν στενῶν, δι' ὧν ἔμελλε ποιεῖσθαι τὴν πορείαν, πρὸς ἣν ἐκέλευε προσελαύνειν τοὺς βοῦς ἐνεργῶς καὶ μετὰ βίας, ὅταν δοθῇ τὸ παράγγελμα, μέχρι συνάψωσι τοῖς ἄκροις. [6] μετὰ δὲ τοῦτο δειπνοποιησάμενοις ἀναπαύεσθαι καθ' ὥραν παρήγγειλε πᾶσιν. [7] ἅμα δὲ τῷ κλῖναι τὸ τρίτον μέρος τῆς νυκτὸς εὐθέως ἐξῆγε τοὺς λειτουργοὺς καὶ προσδεῖν ἐκέλευσε πρὸς τὰ κέρατα τοῖς βουσί τὰς λαμπάδας. [8] ταχὺ δὲ τούτου γενομένου διὰ τὸ πλῆθος, ἀνάψαι παρήγγειλε πάσας καὶ τοὺς μὲν βοῦς ἐλαύνειν καὶ προσβάλλειν πρὸς τὰς ἀκρωρείας ἐπέταξε, [9] τοὺς δὲ λογχοφόρους κατόπιν ἐπιστήσας τούτοις ἕως μὲν τινος συνεργεῖν παρεκελεύετο τοῖς ἐλαύνουσιν, ὅταν δὲ τὴν πρώτην ἅπαξ ὀρμὴν λάβῃ τὰ ζῶα, παρατρέχοντας παρὰ τὰ πλάγια καὶ συγκρούοντας ἅμα τῶν ὑπερδεξίων ἀντέχεσθαι τόπων καὶ προκαταλαμβάνειν τὰς ἀκρωρείας, ἵνα παραβοηθῶσι καὶ συμπλέκωνται τοῖς πολεμίοις, ἐάν που συναντῶσι πρὸς τὰς ὑπερβολάς. [10] κατὰ δὲ τὸν καιρὸν τοῦτον αὐτὸς ἀναλαβὼν πρῶτα μὲν τὰ βαρέα τῶν ὅπλων, ἐπὶ δὲ τούτοις τοὺς ἵππεῖς, ἐξῆς δὲ τὴν λείαν, ἐπὶ δὲ πᾶσι τοὺς Ἰβήρας καὶ Κελτοὺς

[1] ἦκε πρὸς τὰ στενὰ καὶ τὰς διεκβολάς. τῶν δὲ Ῥωμαίων οἱ μὲν ἐπὶ τοῖς στενοῖς φυλάττοντες ἅμα τῷ συνιδεῖν τὰ φῶτα προσβάλλοντα πρὸς τὰς ὑπερβολάς, νομίσαντες ταύτῃ ποιεῖσθαι τὴν ὀρμὴν τὸν Ἀννίβαν, ἀπολιπόντες τὰς δυσχωρίας παρεβοήθουν τοῖς ἄκροις. [2] ἐγγίζοντες δὲ τοῖς βουσὶν ἠποροῦντο διὰ τὰ φῶτα, μεῖζόν τι τοῦ συμβαίνοντος καὶ δεινότερον ἀναπλάττοντες καὶ προσδοκῶντες. ἐπιγενομένων δὲ τῶν λογχοφόρων, [3] οὗτοι μὲν βραχέα πρὸς ἀλλήλους ἀκροβολισάμενοι, τῶν βοῶν αὐτοῖς ἐμπιπτόντων ἔμειναν διαστάντες ἐπὶ τῶν ἄκρων ἀμφοτέροι καὶ προσανεῖχον караδοκοῦντες τὴν ἐπιφάνειαν τῆς ἡμέρας διὰ τὸ μὴ δύνασθαι γινῶναι τὸ γινόμενον. [4] Φάβιος δὲ τὰ μὲν ἀπορούμενος ἐπὶ τῷ συμβαίνοντι καὶ κατὰ τὸν ποιητὴν οἰσσάμενος δόλον εἶναι, τὰ δὲ κατὰ τὴν ἐξ ἀρχῆς ὑπόθεσιν οὐδαμῶς κρίνων ἐκκυβεύειν οὐδὲ παραβάλλεσθαι τοῖς ὅλοις, ἦγε τὴν ἡσυχίαν ἐπὶ τῷ χάρακι καὶ προσεδέχετο τὴν ἡμέραν. [5] κατὰ δὲ τὸν καιρὸν τοῦτον Ἀννίβας, προχωρούντων αὐτῷ τῶν πραγμάτων κατὰ τὴν ἐπιβολήν, τὴν τε δύναμιν διεκόμισε διὰ τῶν στενῶν μετ' ἀσφαλείας καὶ τὴν λείαν, λελοιπότην τοὺς τόπους τῶν παραφυλαττόντων τὰς δυσχωρίας. [6]

ἅμα δὲ τῷ φωτὶ συνιδὼν τοὺς ἐν τοῖς ἄκροις ἀντικαθημένους τοῖς λογχοφόροις ἐπαπέστειλέ τινας τῶν Ἰβήρων, οἱ καὶ συμμίζαντες κατέβαλον μὲν τῶν Ῥωμαίων εἰς χιλίους, ῥαδίως δὲ τοὺς παρὰ σφῶν εὐζώνους ἐκδεξάμενοι κατεβίβασαν. [7]

[1] Ἀννίβας μὲν οὖν τοιαύτην ἐκ τοῦ Φαλέρνου ποιησάμενος τὴν ἔξοδον, λοιπὸν ἤδη στρατοπεδεύων ἀσφαλῶς κατεσκέπτετο καὶ προυνοεῖτο περὶ τῆς χειμασίας ποῦ καὶ πῶς ποιήσεται, μέγαν φόβον καὶ πολλὴν ἀπορίαν παρεστακῶς ταῖς πόλεσι καὶ τοῖς κατὰ τὴν Ἰταλίαν ἀνθρώποις. [8] Φάβιος δὲ κακῶς μὲν ἤκουε παρὰ τοῖς πολλοῖς, ὥς ἀνάνδρως ἐκ τοιούτων τόπων προέμενος τοὺς ὑπεναντίους, οὐ μὴν ἀφίστατό γε τῆς προθέσεως. [9] καὶ ἀναγκασθεὶς δὲ μετ' ὀλίγας ἡμέρας ἐπὶ τινας ἀπελθεῖν θυσίας εἰς τὴν Ῥώμην παρέδωκεν τῷ συνάρχοντι τὰ στρατόπεδα καὶ πολλὰ χωριζόμενος ἐντεῖλατο μὴ τοσαύτην ποιεῖσθαι σπουδὴν ὑπὲρ τοῦ βλάσαι τοὺς πολεμίους ἢλίκην ὑπὲρ τοῦ μηδὲν αὐτοὺς παθεῖν δεινόν. [10] ὧν οὐδὲ μικρὸν ἐν νῷ τιθέμενος Μάρκος ἔτι λέγοντος αὐτοῦ ταῦτα πρὸς τῷ παραβάλλεσθαι καὶ τῷ διακινδυνεύειν ὅλος καὶ πᾶς ἦν. τὰ μὲν οὖν κατὰ τὴν Ἰταλίαν τοιαύτην εἶχε τὴν διάθεσιν. [2] κατὰ δὲ τοὺς αὐτοὺς καιροὺς ταῖς προειρημέναις πράξεσιν Ἀσδρούβας ὁ τεταγμένος ἐπὶ τῆς Ἰβηρίας στρατηγὸς κατηρικῶς ἐν τῇ παραχειμασίᾳ τὰς ὑπὸ τὰδελφοῦ καταλειφθείσας τριάκοντα ναῦς καὶ δέκα προσπεπληρωκῶς ἄλλας, ἀρχομένης τῆς θερείας ἀνήχθη τετταράκοντα ναυσὶ καταφράκτοις ἐκ Καινῆς πόλεως, προχειρισάμενος Ἀμίλκαν τοῦ στόλου ναύαρχον. [3] ἅμα δὲ καὶ τὴν πεζὴν ἐκ τῆς παραχειμασίας ἠθροικῶς δύναμιν ἀνέζευξε· καὶ ταῖς μὲν ναυσὶ παρὰ τὴν χέρσον ἐποιεῖτο τὸν πλοῦν, τοῖς δὲ πεζοῖς τὴν πορείαν παρὰ τὸν αἰγιαλόν, σπεύδων ἀμφοτέραις ἅμα ταῖς δυνάμεσι καταξεῦζαι πρὸς τὸν Ἰβηρα ποταμόν. [4] Γνᾶιος δὲ τὰς ἐπιβολὰς συλλογίζόμενος τῶν Καρχηδονίων τὸ μὲν πρῶτον ἐπεβάλετο κατὰ γῆν καὶ κατὰ θάλατταν ἐκ τῆς παραχειμασίας ποιεῖσθαι τὴν ἀπάντησιν. [5] ἀκούων δὲ τὸ πλῆθος τῶν δυνάμεων καὶ τὸ μέγεθος τῆς παρασκευῆς τὸ μὲν κατὰ γῆν ἀπαντᾶν ἀπεδοκίμασε, συμπληρώσας δὲ πέντε καὶ τριάκοντα ναῦς καὶ λαβὼν ἐκ τοῦ πεζικοῦ στρατεύματος τοὺς ἐπιτηδαιοτάτους ἄνδρας πρὸς τὴν ἐπιβατικὴν χρεῖαν ἀνήχθη καὶ κατῆρε δευτεραῖος ἐκ Ταρράκωνος εἰς τοὺς περὶ τὸν Ἰβηρα ποταμόν τόπους. [6] καθορμισθεὶς δὲ τῶν πολεμίων ἐν ἀποστήματι περὶ τοὺς ὀγδοήκοντα σταδίους προαπέστειλε

κατασκευασμένας δύο ναῦς ταχυπλοούσας Μασσαλητικάς· καὶ γὰρ προκαθογοῦντο καὶ προεκινδύνευον οὗτοι καὶ πᾶσαν ἀποτόμως σφίσι παρείχοντο τὴν χρεῖαν. [7] εὐγενῶς γάρ, εἰ καὶ τινες ἕτεροι, κεκοινωνήκασι Ῥωμαίοις πραγμάτων καὶ Μασσαλιῶται, πολλάκις μὲν καὶ μετὰ ταῦτα, μάλιστα δὲ κατὰ τὸν Ἀννιβιακὸν πόλεμον. [8] διασαφούντων δὲ τῶν ἐπὶ τὴν κατασκοπὴν ἐκπεμφθέντων ὅτι περὶ τὸ στόμα τοῦ ποταμοῦ συμβαίνει τὸν τῶν ὑπεναντίων ὀρμεῖν στόλον, ἀνήγετο κατὰ σπουδὴν, βουλόμενος ἄφνω προσπεσεῖν τοῖς

[1] πολεμίους. οἱ δὲ περὶ τὸν Ἀσδρούβαν, σημηνάντων αὐτοῖς τῶν σκοπῶν ἐκ πολλοῦ τὸν ἐπίπλουν τῶν ὑπεναντίων, ἅμα τὰς πεζικὰς ἐξέτατον δυνάμεις παρὰ τὸν αἰγιαλὸν καὶ τοῖς πληρώμασι παρήγγελλον ἐμβαίνειν εἰς τὰς ναῦς. [2] ἤδη δὲ καὶ τῶν Ῥωμαίων σύνεγγυς ὄντων, σημήναντες πολεμικὸν ἀνήγοντο, κρίναντες ναυμαχεῖν. συμβαλόντες δὲ τοῖς πολεμίους βραχὺν μὲν τινα χρόνον ἀντεποιήσαντο τῆς νίκης, μετ' οὐ πολὺ δὲ πρὸς τὸ κλίνειν ὥρμησαν. [3] ἡ γὰρ ἐφεδρεία τῶν πεζῶν ἡ περὶ τὸν αἰγιαλὸν οὐχ οὕτως αὐτοὺς ὤνησε, θάρσος παριστάνουσα πρὸς τὸν κίνδυνον, ὥς ἔβλαψε τὴν ἐλπίδα τῆς σωτηρίας ἐτοίμην παρασκευάζουσα. [4] πλὴν δύο μὲν αὐτάνδρους νῆας ἀποβαλόντες, τεττάρων δὲ τοὺς ταρσοὺς καὶ τοὺς ἐπιβάτας ἔφευγον ἐκκλίναντες εἰς γῆν. [5] ἐπικειμένων δὲ τῶν Ῥωμαίων αὐτοῖς ἐκθύμως, τὰς μὲν ναῦς ἐξέβαλον εἰς τὸν αἰγιαλόν, αὐτοὶ δ' ἀποπηδήσαντες ἐκ τῶν πλοίων ἐσφύζοντο πρὸς τοὺς παρατεταγμένους. [6] οἱ δὲ Ῥωμαῖοι τολμηρῶς συνεγγίσαντες τῇ γῇ καὶ τὰ δυνάμενα κινεῖσθαι τῶν πλοίων ἀναδησάμενοι μετὰ χαρᾶς ὑπερβαλλούσης ἀπέπλεον, νενικηκότες μὲν ἐξ ἐφόδου τοὺς ὑπεναντίους, κρατοῦντες δὲ τῆς θαλάττης, εἴκοσι δὲ καὶ πέντε ναῦς ἔχοντες τῶν πολέμιων. [7]

[1] τὰ μὲν οὖν κατὰ τὴν Ἰβηρίαν ἀπὸ τούτων ἐπικυδεστέρας εἰλήφει τοῖς Ῥωμαίοις τὰς ἐλπίδας διὰ τὸ προειρημένον κατόρθωμα. [8] οἱ δὲ Καρχηδόνιοι, προσπεσόντος αὐτοῖς τοῦ γεγονότος ἐλαττώματος, παραχρῆμα πληρώσαντες ἐβδομήκοντα νῆας ἐξαπέστειλαν, κρίναντες ἀναγκαῖον εἶναι πρὸς πάσας τὰς ἐπιβολὰς ἀντέχεσθαι τῆς θαλάττης. [9] αἱ τὸ μὲν πρῶτον εἰς Σαρδόν', ἐκεῖθεν δὲ πρὸς τοὺς περὶ Πίσας τόπους τῆς Ἰταλίας προσέβαλον, πεπεισμένων τῶν ἐπιπλεόντων συμμίζειν ἐνθάδε τοῖς περὶ τὸν Ἀννίβαν. [10] ταχὺ δὲ τῶν Ῥωμαίων ἀναχθέντων ἐπ' αὐτοὺς ἐξ αὐτῆς τῆς Ῥώμης ἑκατὸν εἴκοσι σκάφεσι πεντηρικοῖς, πυθόμενοι τὸν

ἀνάπλουν οὗτοι μὲν αὖθις ἀπέπλευσαν εἰς τὴν Σαρδόνα, μετὰ δὲ ταῦτα πάλιν εἰς Καρχηδόνα. [11] Γνάιος δὲ Σερουίλιος ἔχων τὸν προειρημένον στόλον ἕως μὲν τινος ἐπηκολούθει τοῖς Καρχηδονίοις, συνάσφειν πεπεισμένοις, πολὺ δὲ καθυστερῶν ἀπέγνω. [12] καὶ τὸ μὲν πρῶτον τῆς Σικελίας Λιλυβαίῳ προσέσχε: μετὰ δὲ ταῦτα καταπλεύσας τῆς Λιβύης ὡς ἐπὶ τὴν τῶν Κερκινητῶν νῆσον καὶ λαβὼν παρ' αὐτῶν χρήματα τοῦ μὴ πορθῆσαι τὴν χώραν ἀπηλλάγη. [13] κατὰ δὲ τὸν ἀνάπλουν γενόμενος κύριος νήσου Κοσσύρου καὶ φρουρὰν εἰς τὸ πολισμάτιον εἰσαγαγὼν αὖθις εἰς τὸ Λιλύβαιον κατῆρε. [14] καὶ τὸ λοιπὸν οὗτος μὲν αὐτοῦ συνορμίσας τὸν στόλον μετ' οὐ πολὺν χρόνον αὐτὸς ἀνεκομίσθη πρὸς τὰς πεζικὰς δυνάμεις: οἱ δ' ἐκ τῆς συγκλήτου πυθόμενοι τὸ γεγονὸς προτέρημα διὰ τοῦ Γναίου περὶ τὴν ναυμαχίαν καὶ νομίσαντες χρήσιμον εἶναι, μᾶλλον δ' ἀναγκαῖον τὸ μὴ προῖσθαι τὰ κατὰ τὴν Ἰβηρίαν, ἀλλ' ἐνίστασθαι τοῖς Καρχηδονίοις καὶ τὸν πόλεμον αὖξιν, [2] προχειρισάμενοι ναῦς εἴκοσι καὶ στρατηγὸν ἐπιστήσαντες Πόπλιον Σκιπίωνα κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν, ἐξαπέστελλον μετὰ σπουδῆς πρὸς τὸν ἀδελφὸν Γνάιον, κοινῇ πράζοντα μετ' ἐκείνου τὰ κατὰ τὴν Ἰβηρίαν. [3] πάνυ γὰρ ἡγωνίων μὴ κρατήσαντες Καρχηδόνιοι τῶν τόπων ἐκείνων καὶ περιποιησάμενοι χορηγίας ἀφθόνους καὶ χεῖρας ἀντιποιήσωνται μὲν τῆς θαλάττης ὀλοσχερέστερον, συνεπιθῶνται δὲ τοῖς κατὰ τὴν Ἰταλίαν, στρατόπεδα πέμποντες καὶ χρήματα τοῖς περὶ τὸν Ἀννίβαν. [4] διόπερ ἐν μεγάλῳ τιθέμενοι καὶ τοῦτον τὸν πόλεμον ἐξαπέστειλαν τὰς τε ναῦς καὶ τὸν Πόπλιον. ὃς καὶ παραγενόμενος εἰς Ἰβηρίαν καὶ συμμίζας τὰδελφῶ μεγάλην παρεῖχε χρεῖαν τοῖς κοινοῖς πράγμασιν. [5] οὐδέποτε γὰρ πρότερον θαρρήσαντες διαβῆναι τὸν Ἰβηρα ποταμόν, ἀλλ' ἀσμενίζοντες τῇ τῶν ἐπὶ τὰδε φίλια καὶ συμμαχία τότε διέβησαν καὶ τότε πρῶτον ἐθάρρησαν ἀντιποιεῖσθαι τῶν πέραν πραγμάτων, μεγάλα καὶ ταυτομάτου συνεργήσαντος σφίσι πρὸς τοὺς περιστῶτας καιροῦς. [6]

[1] ἐπειδὴ γὰρ καταπληξάμενοι τοὺς περὶ τὴν διάβασιν οἰκοῦντας τῶν Ἰβήρων ἦκον πρὸς τὴν τῶν Ζακανθαίων πόλιν, ἀποσχόντες σταδίου ὡς τετταράκοντα περὶ τὸ τῆς Ἀφροδίτης ἱερὸν κατεστρατοπέδευσαν, [7] λαβόντες τόπον εὐφυῶς κείμενον πρὸς τε τὴν ἀπὸ τῶν πολεμίων ἀσφάλειαν καὶ πρὸς τὴν ἐκ θαλάττης χορηγίαν: [8] ὁμοῦ γὰρ αὐτοῖς συνέβαινε καὶ τὸν στόλον ποιεῖσθαι τὸν παράπλουν. ἔνθα δὴ γίνεται τις πραγμάτων περιπέτεια τοιάδε.

καθ' οὓς καιροὺς Ἀννίβας ἐποιεῖτο τὴν πορείαν εἰς Ἰταλίαν, ὅσαις πόλεσιν ἠπίστησε τῶν κατὰ τὴν Ἰβηρίαν, ἔλαβε παρὰ τούτων ὄμηρα τοὺς υἱεῖς τῶν ἐπιφανεστάτων ἀνδρῶν: οὓς πάντας εἰς τὴν Ζακανθαίων ἀπέθετο πόλιν διὰ τε τὴν ὀχυρότητα καὶ διὰ τὴν τῶν ἀπολειπομένων ἐπ' αὐτῆς ἀνδρῶν πίστιν. ἦν δέ τις ἀνὴρ Ἰβηρ, [2] Ἀβίλυξ ὄνομα, κατὰ μὲν τὴν δόξαν καὶ τὴν τοῦ βίου περίστασιν οὐδενὸς δεύτερος Ἰβήρων, κατὰ δὲ τὴν πρὸς Καρχηδονίους εὐνοίαν καὶ πίστιν πολὺ τι διαφέρειν δοκῶν τῶν ἄλλων. [3] οὗτος θεωρῶν τὰ πράγματα καὶ νομίσας ἐπικυδεστέρας εἶναι τὰς τῶν Ῥωμαίων ἐλπίδας, συνελόγισατο παρ' ἑαυτῷ περὶ τῆς τῶν ὁμήρων προδοσίας συλλογισμὸν Ἰβηρικὸν καὶ βαρβαρικόν. [4] πεισθεὶς γὰρ διότι δύναται μέγας γενέσθαι παρὰ Ῥωμαίοις προσενεγκάμενος ἐν καιρῷ πίστιν ἅμα καὶ χρεῖαν, ἐγίνετο πρὸς τῷ παρασπονδήσας τοὺς Καρχηδονίους ἐγχειρίσαι τοὺς ὁμήρους τοῖς Ῥωμαίοις. [5] θεωρῶν δὲ τὸν Βώστορα τὸν τῶν Καρχηδονίων στρατηγόν, ὃς ἀπεστάλη μὲν ὑπ' Ἀσδρούβου κωλύσων τοὺς Ῥωμαίους διαβαίνειν τὸν ποταμόν, οὐ θαρρήσας δὲ τοῦτο ποιεῖν ἀνακεχωρηκῶς ἐστρατοπέδευε τῆς Ζακάνθης ἐν τοῖς πρὸς θάλατταν μέρεσιν, τοῦτον μὲν ἄκακον ὄντα τὸν ἄνδρα καὶ πρᾶον τῇ φύσει, [6] πιστῶς δὲ τὰ πρὸς αὐτὸν διακείμενον, ποιεῖται λόγους ὑπὲρ τῶν ὁμήρων πρὸς τὸν Βώστορα φάσκων, ἐπειδὴ διαβεβήκασι Ῥωμαῖοι τὸν ποταμόν, οὐκέτι δύνασθαι Καρχηδονίους φόβῳ συνέχειν τὰ κατὰ τὴν Ἰβηρίαν, προσδεῖσθαι δὲ τοὺς καιροὺς τῆς τῶν ὑποταττομένων εὐνοίας: [7] νῦν οὖν ἡγγικότεων Ῥωμαίων καὶ προσκαθεζομένων τῇ Ζακάνθῃ, καὶ κινδυνευούσης τῆς πόλεως, ἐὰν ἐξαγαγὼν τοὺς ὁμήρους ἀποκαταστήσῃ τοῖς γονεῦσι καὶ ταῖς πόλεσιν, ἐκλύσειν μὲν αὐτὸν τῶν Ῥωμαίων τὴν φιλοτιμίαν: τοῦτο γὰρ αὐτὸ καὶ μάλιστα σπουδάζειν ἐκείνους πρᾶξι, κυριεύοντας τῶν ὁμήρων: [8] ἐκκαλέσεσθαι δὲ τὴν τῶν Ἰβήρων πάντων πρὸς Καρχηδονίους εὐνοίαν, προϊδόμενον τὸ μέλλον καὶ προνοηθέντα τῆς τῶν ὁμήρων ἀσφαλείας. τὴν δὲ χάριν αὐξήσῃν ἔφη πολλαπλασίαν, αὐτὸς γενόμενος χειριστὴς τοῦ πράγματος. [9] ἀποκαθιστάνων γὰρ εἰς τὰς πόλεις τοὺς παῖδας οὐ μόνον τὴν παρ' αὐτῶν εὐνοίαν ἐπισπάσεσθαι τῶν γεννησάντων ἀλλὰ καὶ παρὰ τῶν πολλῶν, ὑπὸ τὴν ὄψιν τιθεὶς διὰ τοῦ συμβαίνοντος τὴν Καρχηδονίων πρὸς τοὺς συμμάχους αἵρεσιν καὶ μεγαλοψυχίαν. [10] προσδοκᾷ δ' αὐτὸν ἐκέλευσε καὶ δώρων πλῆθος ἰδίᾳ παρὰ τῶν τὰ τέκνα κομιζομένων: παραδόξως γὰρ ἐκάστους ἐγκρατεῖς γινομένους τῶν ἀναγκαιοτάτων

ἄμιλλαν ποιήσεσθαι τῆς εἰς τὸν κύριον τῶν πραγμάτων εὐεργεσίας.
[11] παραπλήσια δὲ τούτοις ἕτερα καὶ πλείω πρὸς τὸν αὐτὸν τρόπον
διαλεχθεὶς ἔπεισε τὸν Βώστορα συγκαταθέσθαι τοῖς

[1] λεγομένοις. καὶ τότε μὲν ἐπανῆλθε, ταξάμενος ἡμέραν, ἣ
παρέσται μετὰ τῶν ἐπιτηδείων πρὸς τὴν ἀνακομιδὴν τῶν παίδων. [2]
παραγεννηθεὶς δὲ νυκτὸς ἐπὶ τὸ τῶν Ῥωμαίων στρατόπεδον καὶ
συμμίξας τισὶ τῶν συστρατευομένων ἐκείνοις Ἰβήρων διὰ τούτων
εἰσῆλθε πρὸς τοὺς στρατηγούς. [3] ἐκλογιζόμενος δὲ διὰ πλείονων τὴν
ἐσομένην ὁρμὴν καὶ μετάπτωσιν πρὸς αὐτοὺς τῶν Ἰβήρων, ἐὰν
ἐγκρατεῖς γένωνται τῶν ὁμήρων, ἐπηγγείλατο παραδώσειν αὐτοῖς
τοὺς παῖδας. [4] τῶν δὲ περὶ τὸν Πόπλιον ὑπερβολῇ προθύμως
δεξαμένων τὴν ἐλπίδα καὶ μεγάλας ὑπισχνουμένων δωρεάς, τότε μὲν
εἰς τὴν ἰδίαν ἀπηλλάγη, συνθέμενος ἡμέραν καὶ καιρὸν καὶ τόπον, ἐν
ᾧ δεήσει τοὺς ἐκδεχομένους αὐτὸν ὑπομένειν. [5] μετὰ δὲ ταῦτα
παραλαβὼν τοὺς ἐπιτηδεῖους τῶν φίλων ἦκε πρὸς τὸν Βώστορα καί,
παραδοθέντων αὐτῷ τῶν παίδων ἐκ τῆς Ζακάνθης, νυκτὸς
ποιησάμενος τὴν ἔξοδον, ὥς θέλων λαθεῖν, παραπορευθεὶς τὸν
χάρακα τῶν πολεμίων ἦκε πρὸς τὸν τεταγμένον καιρὸν καὶ τόπον καὶ
πάντας ἐνεχείρισε τοὺς ὁμήρους τοῖς ἡγεμόσι τῶν Ῥωμαίων. [6] οἱ δὲ
περὶ τὸν Πόπλιον ἐτίμησάν τε διαφερόντως τὸν Ἀβίλυγα καὶ πρὸς
τὴν ἀποκατάστασιν τῶν ὁμήρων εἰς τὰς πατρίδας ἐχρήσαντο τούτῳ,
συμπέμψαντες τοὺς ἐπιτηδεῖους. [7] ὃς ἐπιπορευόμενος τὰς πόλεις καὶ
διὰ τῆς τῶν παίδων ἀποκαταστάσεως τιθεὶς ὑπὸ τὴν ὄψιν τὴν τῶν
Ῥωμαίων πρᾶότητα καὶ μεγαλοψυχίαν παρὰ τὴν Καρχηδονίων
ἀπιστίαν καὶ βαρύτητα καὶ προσπαρatiθεὶς τὴν αὐτοῦ μετάθεσιν
πολλοὺς Ἰβήρων παρώρμησε πρὸς τὴν τῶν Ῥωμαίων φιλίαν. [8]
Βώστῳ δὲ παιδικώτερον ἢ κατὰ τὴν ἡλικίαν δόξας ἐγκεχειρικέναι
τοὺς ὁμήρους τοῖς πολεμίοις οὐκ εἰς τοὺς τυχόντας ἐπεπτώκει
κινδύνους. [9] καὶ τότε μὲν, ἥδη τῆς ὥρας κατεπειγούσης, διέλυον εἰς
παραχειμασίαν ἀμφοτέρω τὰς δυνάμεις, ἱκανοῦ τινος ἐκ τῆς τύχης
γεγονότος συνεργήματος τοῖς Ῥωμαίοις τοῦ περὶ τοὺς παῖδας πρὸς
τὰς ἐπικειμένας ἐπιβολάς. καὶ τὰ μὲν κατὰ τὴν Ἰβηρίαν ἐν τούτοις
ἦν.

[1] ὁ δὲ στρατηγὸς Ἀννίβας, ὅθεν ἀπελίπομεν, πυνθανόμενος παρὰ
τῶν κατασκόπων πλεῖστον ὑπάρχειν σῖτον ἐν τῇ περὶ τὴν Λουκαρίαν
καὶ τὸ καλούμενον Γερούνιον χώρα, πρὸς δὲ τὴν συναγωγὴν εὐφυῶς
ἔχειν τὸ Γερούνιον, [2] κρίνας ἐκεῖ ποιεῖσθαι τὴν παραχειμασίαν,

προῆγε ποιούμενος τὴν πορείαν παρὰ τὸ *Λίβυρνον ὄρος ἐπὶ τοὺς προειρημένους τόπους. ἀφικόμενος δὲ πρὸς τὸ Γερούνιον, [3] ὃ τῆς Λουκαρίας ἀπέχει διακόσια στάδια, τὰς μὲν ἀρχὰς διὰ λόγων τοὺς ἐνοικοῦντας εἰς φιλίαν προυκαλεῖτο καὶ πίστεις ἐδίδου τῶν ἐπαγγελιῶν, οὐδενὸς δὲ προσέχοντος, πολιορκεῖν ἐπεβάλετο. [4] ταχὺ δὲ γενόμενος κύριος τοὺς μὲν οἰκήτορας κατέφθειρε, τὰς δὲ πλείστας οἰκίας ἀκεραίους διεφύλαξε καὶ τὰ τεῖχη, βουλόμενος σιτοβολίοις χρήσασθαι πρὸς τὴν παραχειμασίαν. [5] τὴν δὲ δύναμιν πρὸ τῆς πόλεως παρεμβάλων ὠχυρώσατο τάφρῳ καὶ χάρακι τὴν στρατοπεδεῖαν. [6] γενόμενος δ' ἀπὸ τούτων τὰ μὲν δύο μέρη τῆς δυνάμεως ἐπὶ τὴν σιτολογίαν ἐξέπεμπε, προστάζας καθ' ἑκάστην ἡμέραν τακτὸν ἀναφέρειν μέτρον ἕκαστον τοῖς ἰδίοις, ἐπιβολὴν τοῦ τάγματος τοῖς προκεχειρισμένοις ἐπὶ τὴν οἰκονομίαν ταύτην, [7] τῷ δὲ τρίτῳ μέρει τὴν τε στρατοπεδεῖαν ἐτήρει καὶ τοῖς σιτολογοῦσι παρεφῆδρευε κατὰ τόπους. [8] οὔσης δὲ τῆς μὲν χώρας τῆς πλείστης εὐεφόδου καὶ πεδιάδος, τῶν δὲ συναγόντων ὥς ἔπος εἰπεῖν ἀναριθμήτων, ἔτι δὲ τῆς ὥρας ἀκμαζούσης πρὸς τὴν συγκομιδὴν, ἄπλετον συνέβαινε καθ' ἑκάστην ἡμέραν ἀθροίζεσθαι τοῦ σίτου τὸ πλῆθος.

[1] Μάρκος δὲ παρειληφὼς τὰς δυνάμεις παρὰ Φαβίου τὸ μὲν πρῶτον ἀντιπαρῆγε ταῖς ἀκρωρείαις, πεπεισμένος αἰεὶ περὶ τὰς ὑπερβολὰς συμπεσεῖσθαι ποτε τοῖς Καρχηδονίοις. [2] ἀκούσας δὲ τὸ μὲν Γερούνιον τοὺς περὶ τὸν Ἀννίβαν ἤδη κατέχειν, τὴν δὲ χώραν σιτολογεῖν, πρὸ δὲ τῆς πόλεως χάρακα βεβλημένους στρατοπεδεύειν, ἐπιστρέψας ἐκ τῶν ἀκρωρειῶν κατέβαινε κατὰ τὴν ἐπὶ τὰ πεδία κατατείνουσαν ῥάχιν. [3] ἀφικόμενος δ' ἐπὶ τὴν ἄκραν, ἣ κεῖται μὲν ἐπὶ τῆς Λαρινάτιδος χώρας προσαγορεύεται δὲ Καλήνη, κατεστρατοπέδευσε περὶ ταύτην, πρόχειρος ὢν ἐκ παντὸς τρόπου συμπλέκεσθαι τοῖς πολεμίοις. [4] Ἀννίβας δὲ θεωρῶν ἐγγίζοντας τοὺς πολεμίους τὸ μὲν τρίτον μέρος τῆς δυνάμεως εἶασε σιτολογεῖν, τὰ δὲ δύο μέρη λαβὼν καὶ προελθὼν ἀπὸ τῆς πόλεως ἐκκαίδεκα σταδίους πρὸς τοὺς πολεμίους ἐπὶ τινος βουνοῦ κατεστρατοπέδευσε, βουλόμενος ἅμα μὲν καταπλήξασθαι τοὺς ὑπεναντίους, ἅμα δὲ τοῖς σιτολογοῦσι τὴν ἀσφάλειαν παρασκευάζειν. [5] μετὰ δὲ ταῦτα, γεωλόφου τινὸς ὑπάρχοντος μεταξὺ τῶν στρατοπέδων, ὃς εὐκαίρως καὶ σύνεγγυς ἐπέκειτο τῇ τῶν πολεμίων παρεμβολῇ, τοῦτον ἔτι νυκτὸς ἐξαποστείλας περὶ δισχιλίους τῶν λοχοφόρων κατελάβετο.

[6] οὓς ἐπιγενομένης τῆς ἡμέρας συνιδὼν Μάρκος ἐξῆγε τοὺς εὐζώνους καὶ προσέβαλε τῷ λόφῳ. [7] γενομένου δ' ἀκροβολισμοῦ νεανικοῦ, τέλος ἐπεκράτησαν οἱ Ῥωμαῖοι καὶ μετὰ ταῦτα τὴν ὅλην στρατοπεδεῖαν μετεβίβασαν εἰς τοῦτον τὸν τόπον. [8] ὁ δ' Ἀννίβας ἕως μὲν τινος διὰ τὴν ἀντιστρατοπεδεῖαν συνεῖχεν τὸ πλεῖστον μέρος τῆς δυνάμεως ἐφ' αὐτόν. [9] πλείονων δὲ γενομένων ἡμερῶν, ἠναγκάζετο τοὺς μὲν ἐπὶ τὴν νομὴν τῶν θρεμμάτων ἀπομερίζειν τοὺς δ' ἐπὶ τὴν σιτολογίαν, [10] σπουδάζων κατὰ τὴν ἐν ἀρχῇ πρόθεσιν μήτε τὴν λείαν καταφθεῖραι τὸν τε σῖτον ὥς πλεῖστον συναγαγεῖν, ἵνα πάντων ἢ κατὰ τὴν παραχειμασίαν δαψίλεια τοῖς ἀνδράσιν, μὴ χεῖρον δὲ τοῖς ὑποζυγίοις καὶ τοῖς ἵπποις. [11] εἶχε γὰρ τὰς πλείστας ἐλπίδας τῆς αὐτοῦ δυνάμεως ἐν τῷ τῶν ἱππέων τάγματι.

[1] καθ' ὃν δὴ καιρὸν Μάρκος συνθεωρήσας τὸ πολὺ μέρος τῶν ὑπεναντίων ἐπὶ τὰς προειρημένας χρείας κατὰ τῆς χώρας σκεδαννύμενον, λαβὼν τὸν ἀκμαιότατον καιρὸν τῆς ἡμέρας ἐξῆγε τὴν δύναμιν [2] καὶ συνεγγίσας τῇ παρεμβολῇ τῶν Καρχηδονίων τὰ μὲν βαρέα τῶν ὅπλων ἐξέταξε, τοὺς δ' ἵππεις καὶ τοὺς εὐζώνους κατὰ μέρη διελὼν ἐπαφῆκε τοῖς προνομεύουσι, παραγγείλας μηδένα ζωγεῖν. [3] Ἀννίβας δὲ τούτου συμβάντος εἰς ἀπορίαν ἐνεπεπτώκει μεγάλην: οὔτε γὰρ ἀντεξάγειν τοῖς παρατεταγμένοις ἀξιόχρεως ἦν οὔτε παραβοηθεῖν τοῖς ἐπὶ τῆς χώρας διεσπαρμένοις. [4] τῶν δὲ Ῥωμαίων οἱ μὲν ἐπὶ τοὺς προνομεύοντας ἐξαποσταλέντες πολλοὺς τῶν ἐσκεδασμένων ἀπέκτειναν: οἱ δὲ παρατεταγμένοι τέλος εἰς τοῦτ' ἦλθον καταφρονήσεως ὥστε καὶ διασπᾶν τὸν χάρακα καὶ μόνον οὐ πολιορκεῖν τοὺς Καρχηδονίους. [5] ὁ δ' Ἀννίβας ἦν μὲν ἐν κακοῖς, ὁμῶς δὲ χειμαζόμενος ἔμενε, τοὺς πελάζοντας ἀποτριβόμενος καὶ μόλις διαφυλάττων τὴν παρεμβολήν, [6] ἕως Ἀσδρούβας ἀναλαβὼν τοὺς ἀπὸ τῆς χώρας συμπεφευγότας εἰς τὸν χάρακα τὸν περὶ τὸ Γερούνιον, ὄντας εἰς τετρακισχιλίους, ἤκε παραβοηθῶν. [7] τότε δὲ μικρὸν ἀναθαρρήσας ἐπεξῆλθε καὶ βραχὺ πρὸ τῆς στρατοπεδεῖας παρεμβالὼν μόλις ἀπεστρέψατο τὸν ἐνεστῶτα κίνδυνον. [8] Μάρκος δὲ πολλοὺς μὲν ἐν τῇ περὶ τὸν χάρακα συμπλοκῇ τῶν πολεμίων ἀποκτείνας, ἔτι δὲ πλείους ἐπὶ τῆς χώρας διεφθαρκώς, τότε μὲν ἐπανῆλθεν, μεγάλας ἐλπίδας ἔχων ὑπὲρ τοῦ μέλλοντος. [9] τῇ δ' ἐπαύριον ἐκλιπόντων τὸν χάρακα τῶν Καρχηδονίων, ἐπέβη καὶ κατελάβετο τὴν ἐκείνων παρεμβολήν. [10] ὁ γὰρ Ἀννίβας διαγωνιάσας τοὺς Ῥωμαίους μὴ καταλαβόμενοι νυκτὸς ἔρημον ὄντα τὸν ἐπὶ τῷ

Γερουνίῳ χάρακα κύριοι γένωνται τῆς ἀποσκευῆς καὶ τῶν παραθέσεων, ἔκρινεν αὐτὸς ἀναχωρεῖν καὶ πάλιν ἐκεῖ ποιεῖσθαι τὴν στρατοπεδεῖαν. [1] ἀπὸ δὲ τούτων τῶν καιρῶν οἱ μὲν Καρχηδόνιοι ταῖς προνομαῖς εὐλαβέστερον ἐχρῶντο καὶ φυλακτικώτερον, οἱ δὲ Ῥωμαῖοι τὰναντία θαρραλεώτερον καὶ προπετέστερον.

[1] οἱ δ' ἐν τῇ Ῥώμῃ, προσπεσόντος σφίσι τοῦ γεγονότος μειζόνως ἢ κατὰ τὴν ἀλήθειαν, περιχαρεῖς ἦσαν διὰ τὸ πρῶτον μὲν ἐκ τῆς προὔπαρχούσης ὑπὲρ τῶν ὅλων δυσελπιστίας οἶονεὶ μεταβολὴν τινα πρὸς τὸ βέλτιον αὐτοῖς προφαίνεσθαι, [2] δεύτερον δὲ καὶ διὰ τὸ δοκεῖν τὸν πρὸ τούτου χρόνον τὴν ἀπραγίαν καὶ κατάπληξιν τῶν στρατοπέδων μὴ παρὰ τὴν τῶν δυνάμεων ἀποδειλίασιν, ἀλλὰ παρὰ τὴν τοῦ προεστῶτος εὐλάβειαν γεγονέναι. [3] διὸ καὶ τὸν μὲν Φάβιον ἡτιῶντο καὶ κατεμέμφοντο πάντες ὥς ἀτόλμως χρώμενον τοῖς καιροῖς, τὸν δὲ Μάρκον ἐπὶ τοσοῦτον ἠῦξον διὰ τὸ συμβεβηκὸς ὥστε τότε γενέσθαι τὸ μηδέποτε γεγονός· [4] αὐτοκράτορα γὰρ κάκεῖνον κατέστησαν, πεπεισμένοι ταχέως αὐτὸν τέλος ἐπιθήσειν τοῖς πράγμασι· καὶ δὴ δύο δικτάτορες ἐγεγόνεισαν ἐπὶ τὰς αὐτὰς πράξεις, ὃ πρότερον οὐδέποτε συνεβεβήκει παρὰ Ῥωμαίοις. [5] τῷ δὲ Μάρκῳ διασαφηθείσης τῆς τε τοῦ πλήθους εὐνοίας καὶ τῆς παρὰ τοῦ δήμου δεδομένης ἀρχῆς αὐτῷ, διπλασίως παρωρμήθη πρὸς τὸ παραβάλλεσθαι καὶ κατατολμᾶν τῶν πολεμίων. [6] ἦκε δὲ καὶ Φάβιος ἐπὶ τὰς δυνάμεις οὐδὲν ἡλλοιωμένος ὑπὸ τῶν συμβεβηκότων, ἔτι δὲ βεβαιώτερον μένων ἐπὶ τῆς ἐξ ἀρχῆς διαλήψεως. [7] θεωρῶν δὲ τὸν Μάρκον ἐκπεφυστημένον καὶ πρὸς πάντ' ἀντιφιλονικοῦντα καὶ καθόλου πολὺν ὄντα πρὸς τῷ διακινδυνεύειν, αἵρεσιν αὐτῷ προὔτεινε τοιαύτην, ἢ κατὰ μέρος ἄρχειν ἢ διελόμενον τὰς δυνάμεις χρῆσθαι τοῖς σφετέροις στρατοπέδοις κατὰ τὴν αὐτοῦ προαίρεσιν. [8] τοῦ δὲ καὶ λίαν ἀσμένως δεξαμένου τὸν μερισμόν, διελόμενοι τὸ πλῆθος χωρὶς ἐστρατοπέδευσαν ἀλλήλων, ἀπέχοντες ὥς δώδεκα

[1] σταδίους. Ἀννίβας δὲ τὰ μὲν ἀκούων τῶν ἀλίσκομένων αἰχμαλώτων, τὰ δὲ θεωρῶν ἐκ τῶν πραττομένων ἤδει τὴν τε τῶν ἡγεμόνων πρὸς ἀλλήλους φιλοτιμίαν καὶ τὴν ὁρμὴν καὶ τὴν φιλοδοξίαν τοῦ Μάρκου. [2] διόπερ οὐ καθ' αὐτοῦ, πρὸς αὐτοῦ δὲ νομίσας εἶναι τὰ συμβαίνοντα περὶ τοὺς ἐναντίους, ἐγίνετο περὶ τὸν Μάρκον, σπουδάζων τὴν τόλμαν ἀφελέσθαι καὶ προκαταλαβεῖν αὐτοῦ τὴν ὁρμήν. [3] οὔσης δὲ τινος ὑπεροχῆς μεταξὺ τῆς αὐτοῦ καὶ τῆς τοῦ Μάρκου στρατοπεδείας δυναμένης ἐκατέρους βλάπτειν,

ἐπεβάλετο καταλαβεῖν ταύτην. σαφῶς δὲ γινώσκων ἐκ τοῦ προγεγονότος κατορθώματος ὅτι παρέσται βοηθῶν ἐκ χειρὸς πρὸς ταύτην τὴν ἐπιβολήν, ἐπινοεῖ τι τοιοῦτον. [4] τῶν γὰρ τόπων τῶν περὶ τὸν λόφον ὑπαρχόντων ψιλῶν μὲν, πολλὰς δὲ καὶ παντοδαπὰς ἔχόντων περικλάσεις κοιλότητος, ἐξέπεμψε τῆς νυκτὸς εἰς τὰς ἐπιτηδειοτάτας ὑποβολὰς ἀνὰ διακοσίους καὶ τριακοσίους, πεντακοσίους μὲν ἵππεις, ψιλοὺς δὲ καὶ πεζοὺς τοὺς πάντας εἰς πεντακισχιλίους. [5] ἵνα δὲ μὴ πρὶ κατωπτευθῶσιν ὑπὸ τῶν εἰς τὰς προνομὰς ἐκπορευομένων, ἅμα τῷ διαυγάζειν κατελάμβανε τοῖς εὐζώνοις τὸν λόφον. [6] ὁ δὲ Μάρκος θεωρῶν τὸ γινόμενον καὶ νομίσας ἔρμαϊον εἶναι παραντίκα μὲν ἐξαπέστειλε τοὺς ψιλοὺς, κελεύσας ἀγωνίζεσθαι καὶ διαμάχεσθαι περὶ τοῦ τόπου, μετὰ δὲ ταῦτα τοὺς ἵππεις: [7] ἐξῆς δὲ τούτοις κατόπιν αὐτὸς ἦγε συνεχῆ τὰ βαρέα τῶν ὅπλων, καθάπερ καὶ πρότερον, ἐκάστων ποιούμενος

[1] παραπλήσιον τὸν χειρισμόν. ἄρτι δὲ τῆς ἡμέρας διαφαινούσης, καὶ πάντων ταῖς τε διανοίαις καὶ τοῖς ὄμμασι περιεσπασμένων περὶ τοὺς ἐν τῷ γεωλόφῳ κινδυνεύοντας, ἀνύποπτος ἦν ἡ τῶν ἐνεδρευόντων ὑποβολή. [2] τοῦ δ' Ἀννίβου συνεχῶς μὲν ἐπαποστέλλοντος τοῖς ἐν τῷ λόφῳ τοὺς βοηθήσοντας, ἐπομένου δὲ κατὰ πόδας αὐτοῦ μετὰ τῶν ἱππέων καὶ τῆς δυνάμεως, ταχέως συνέβη καὶ τοὺς ἵππεῖς συμπεσεῖν ἀλλήλοις. [3] οὗ γενομένου, καὶ πιεζομένων τῶν Ῥωμαίων εὐζώνων ὑπὸ τοῦ πλήθους τῶν ἱππέων, ἅμα μὲν οὗτοι καταφεύγοντες εἰς τὰ βαρέα τῶν ὅπλων θόρυβον ἐποίουν, [4] ἅμα δὲ τοῦ συνθήματος ἀποδοθέντος τοῖς ἐν ταῖς ἐνέδραις, πανταχόθεν ἐπιφαινομένων καὶ προσπιπτόντων τούτων, οὐκέτι περὶ τοὺς εὐζώνους μόνον, ἀλλὰ περὶ πᾶν τὸ στράτευμα μέγας κίνδυνος συνειστήκει τοῖς Ῥωμαίοις. [5] κατὰ δὲ τὸν καιρὸν τοῦτον Φάβιος θεωρῶν τὸ γινόμενον καὶ διαγωνιάσας μὴ σφαλῶσι τοῖς ὅλοις, ἐξῆγε τὰς δυνάμεις καὶ κατὰ σπουδὴν ἐβοήθει τοῖς κινδυνεύουσι. [6] ταχὺ δὲ συνεγγίσαντος αὐτοῦ, πάλιν ἀναθαρρήσαντες οἱ Ῥωμαῖοι, καίπερ λευκότες ἤδη τὴν ὅλην τάξιν, αὐθις ἀθροίζόμενοι περὶ τὰς σημείας ἀνεχώρουν καὶ κατέφευγον ὑπὸ τὴν τούτων ἀσφάλειαν, πολλοὺς μὲν ἀπολεωκότες τῶν εὐζώνων, ἔτι δὲ πλείους ἐκ τῶν ταγμάτων καὶ τοὺς ἀρίστους ἄνδρας. [7] οἱ δὲ περὶ τὸν Ἀννίβαν καταπλαγέντες τὴν ἀκεραιότητα καὶ σύνταξιν τῶν παραβεβοηθηκότων στρατοπέδων ἀπέστησαν τοῦ διωγμοῦ καὶ τῆς μάχης. [8] τοῖς μὲν οὖν παρ' αὐτὸν γενομένοις τὸν κίνδυνον ἦν

ἐναργές ὅτι διὰ μὲν τὴν Μάρκου τόλμαν ἀπόλωλε τὰ ὅλα, διὰ δὲ τὴν εὐλάβειαν τοῦ Φαβίου σέσωσται καὶ πρὸ τοῦ καὶ νῦν: [9] τοῖς δ' ἐν τῇ Ῥώμῃ τότε ἐγένετο φανερόν ὁμολογουμένως τί διαφέρει στρατιωτικῆς προπετείας καὶ κενοδοξίας στρατηγικῆ πρόνοια καὶ λογισμὸς ἐστὼς καὶ νουνεχής. [10] οὐ μὴν ἀλλ' οἱ μὲν Ῥωμαῖοι διδαχθέντες ὑπὸ τῶν πραγμάτων καὶ βαλλόμενοι χάρακα πάλιν ἕνα πάντες ἐστρατοπέδευσαν ὁμόσε καὶ λοιπὸν ἤδη Φαβίῳ προσεῖχον τὸν νοῦν καὶ τοῖς ὑπὸ τούτου παραγγελλομένοις. [11] οἱ δὲ Καρχηδόνιοι τὸν μὲν μεταξὺ τόπον τοῦ βουνοῦ καὶ τῆς σφετέρας παρεμβολῆς διετάφρευσαν, περὶ δὲ τὴν κορυφὴν τοῦ καταληφθέντος λόφου χάρακα περιβαλόντες καὶ φυλακὴν ἐπιστήσαντες λοιπὸν ἤδη πρὸς τὴν χειμασίαν ἀσφαλῶς ἡτοιμάζοντο.

[1] τῆς δὲ τῶν ἀρχαιρεσίων ὥρας συνεγγιζούσης, εἵλοντο στρατηγοὺς οἱ Ῥωμαῖοι Λεύκιον Αἰμίλιον καὶ Γάιον Τερέντιον. ὧν κατασταθέντων οἱ μὲν δικτάτορες ἀπέθεντο τὴν ἀρχήν, [2] οἱ δὲ προϋπάρχοντες ὕπατοι, Γνάιος Σερούλιος καὶ Μάρκος Ῥήγουλος ὁ μετὰ τὴν Φλαμίνιου τελευτὴν ἐπικατασταθείς, τότε προχειρισθέντες ὑπὸ τῶν περὶ τὸν Αἰμίλιον ἀντιστράτηγοι καὶ παραλαβόντες τὴν ἐν τοῖς ὑπαίθροις ἐξουσίαν ἐχειρίζον κατὰ τὴν ἑαυτῶν γνώμην τὰ κατὰ τὰς δυνάμεις. [3] οἱ δὲ περὶ τὸν Αἰμίλιον βουλευσάμενοι μετὰ τῆς συγκλήτου τὸ μὲν ἐλλεῖπον πλῆθος ἔτι τῶν στρατιωτῶν πρὸς τὴν ὅλην ἐπιβολὴν παραχρῆμα καταγράψαντες ἐξαπέστειλαν, [4] τοῖς δὲ περὶ τὸν Γνάιον διεσάφησαν ὁλοσχερῇ μὲν κίνδυνον κατὰ μηδένα τρόπον συνίστασθαι, τοὺς δὲ κατὰ μέρος ἀκροβολισμοὺς ὡς ἐνεργοτάτους ποιεῖσθαι καὶ συνεχεστάτους χάριν τοῦ γυμνάζειν καὶ παρασκευάζειν εὐθαρσεῖς τοὺς νέους πρὸς τοὺς ὁλοσχερεῖς ἀγῶνας, [5] τῷ καὶ τὰ πρότερον αὐτοῖς συμπτώματα δοκεῖν οὐχ ἥκιστα γεγονέναι διὰ τὸ νεοσυλλόγοις καὶ τελέως ἀνασκήτοις κεχρῆσθαι τοῖς στρατοπέδοις. [6] αὐτοὶ δὲ Λεύκιον μὲν Ποστόμιον, ἐξαπέλεκυν ὄντα στρατηγόν, στρατόπεδον δόντες εἰς Γαλατίαν ἐξαπέστειλαν, βουλόμενοι ποιεῖν ἀντιπερίσπασμα τοῖς Κελτοῖς τοῖς μετ' Ἀννίβου στρατευομένοις. [7] πρόνοιαν δ' ἐποίησαντο καὶ τῆς ἀνακομιδῆς τοῦ παραχειμάζοντος ἐν τῷ Λιλυβαίῳ στόλου, διεπέμψαντο δὲ καὶ τοῖς ἐν Ἰβηρίᾳ στρατηγοῖς πάντα τὰ κατεπείγοντα πρὸς τὴν χρεῖαν. [8] οὗτοι μὲν οὖν περὶ ταῦτα καὶ περὶ τὰς λοιπὰς ἐγίνοντο παρασκευὰς ἐπιμελῶς. [9] οἱ δὲ περὶ τὸν Γνάιον κομισάμενοι τὰς παρὰ τῶν ὑπάτων ἐντολὰς πάντα τὰ κατὰ μέρος ἐχειρίζον κατὰ τὴν ἐκείνων γνώμην: [10]

διὸ καὶ τὸ πλείω γράφειν ὑπὲρ αὐτῶν παρήσομεν. ὅλοσχερὲς μὲν γὰρ ἢ μνήμης ἄξιον ἀπλῶς οὐδὲν ἐπράχθη διὰ τὴν ἐντολὴν καὶ διὰ τὴν τοῦ καιροῦ περίστασιν, [11] ἀκροβολισμοὶ δὲ μόνον καὶ συμπλοκαὶ κατὰ μέρος ἐγίνοντο πλείους, ἐν αἷς εὐδοκίμουν οἱ προεστῶτες τῶν Ῥωμαίων· καὶ γὰρ ἀνδρωδῶς καὶ νουνεχῶς ἐδόκουν ἕκαστα χειρίζειν.

[1] τὸν μὲν οὖν χειμῶνα καὶ τὴν ἐαρινὴν ὥραν διέμειναν ἀντιστρατοπεδεύοντες ἀλλήλοις· ἤδη δὲ παραδιδόντος τοῦ καιροῦ τὴν ἐκ τῶν ἐπετειῶν καρπῶν χορηγίαν, ἐκίνει τὴν δύναμιν ἐκ τοῦ περὶ τὸ Γερούνιον χάρακος Ἀννίβας. [2] κρίνων δὲ συμφέρειν τὸ κατὰ πάντα τρόπον ἀναγκάσαι μάχεσθαι τοὺς πολεμίους, καταλαμβάνει τὴν τῆς Κάννης προσαγορευομένης πόλεως ἄκραν. [3] εἰς γὰρ ταύτην συνέβαινε τὸν τε σῖτον καὶ τὰς λοιπὰς χορηγίας ἀθροίζεσθαι τοῖς Ῥωμαίοις ἐκ τῶν περὶ Κανύσιον τόπων· ἐκ δὲ ταύτης ἀεὶ πρὸς τὴν χρεῖαν ἐπὶ τὸ στρατόπεδον παρακομίζεσθαι. [4] τὴν μὲν οὖν πόλιν ἔτι πρότερον συνέβαινε κατεσκάφθαι, τῆς παρασκευῆς δὲ καὶ τῆς ἄκρας τότε καταληφθείσης, οὐ μικρὰν συνέπεσε ταραχὴν γενέσθαι περὶ τὰς τῶν Ῥωμαίων δυνάμεις· [5] οὐ γὰρ μόνον διὰ τὰς χορηγίας ἐδυσχρηστοῦντ' ἐπὶ τῷ κατελιφθαι τὸν προειρημένον τόπον, ἀλλὰ καὶ διὰ τὸ κατὰ τὴν πέριξ εὐφυῶς κεῖσθαι χώραν. [6] πέμποντες οὖν εἰς τὴν Ῥώμην συνεχῶς ἐπυνθάνοντο τί δεῖ ποιεῖν, ὥς ἐὰν ἐγγίσωσι τοῖς πολεμίοις, οὐ δυνησόμενοι φυγομαχεῖν, τῆς μὲν χώρας καταφθειρομένης, τῶν δὲ συμμάχων πάντων μετεώρων ὄντων ταῖς διανοαῖς, [7] οἱ δ' ἐβουλεύσαντο μάχεσθαι καὶ συμβάλλειν τοῖς πολεμίοις. τοῖς μὲν οὖν περὶ τὸν Γνάιον ἐπισχεῖν ἔτι διεσάφησαν, αὐτοὶ δὲ τοὺς ὑπάτους ἐξαπέστελλον. [8] συνέβαινε δὲ πάντας εἰς τὸν Αἰμίλιον ἀποβλέπειν καὶ πρὸς τοῦτον ἀπερείδεσθαι τὰς πλείστας ἐλπίδας διὰ τε τὴν ἐκ τοῦ λοιποῦ βίου καλοκάγαθίαν καὶ διὰ τὸ μικροῖς πρότερον χρόνοις ἀνδρωδῶς ἅμα καὶ συμφερόντως δοκεῖν κεχειρικέναι τὸν πρὸς Ἰλλυριοὺς πόλεμον. [9] προσέθεντο δὲ στρατοπέδοις ὀκτὼ διακινδυνεύειν, ὃ πρότερον οὐδέποτε ἔγεγόνει παρὰ Ῥωμαίοις, ἐκάστου τῶν στρατοπέδων ἔχοντος ἄνδρας εἰς πεντακισχιλίους χωρὶς τῶν συμμάχων. [10] Ῥωμαῖοι γάρ, καθά που καὶ πρότερον εἰρήκαμεν, ἀεὶ ποτε τέτταρα στρατόπεδα προχειρίζονται. τὸ δὲ στρατόπεδον πεζοὺς μὲν λαμβάνει περὶ τετρακισχιλίους, ἵππεῖς δὲ διακοσίους. [11] ἐπὶ δὲ τις ὅλοσχερεστέρα προφαίνεται χρεῖα, τοὺς μὲν πεζοὺς ἐν ἐκάστῳ στρατοπέδῳ ποιοῦσι

περὶ πεντακισχιλίους, τοὺς δ' ἵππεῖς τριακοσίους. [12] τῶν δὲ συμμάχων τὸ μὲν τῶν πεζῶν πλῆθος πάρισον ποιοῦσι τοῖς Ῥωμαϊκοῖς στρατοπέδοις, τὸ δὲ τῶν ἵππέων ὡς ἐπίπαν τριπλάσιον. [13] τούτων δὲ τοὺς ἡμίσεις τῶν συμμάχων καὶ τὰ δύο στρατόπεδα δόντες ἑκατέρῳ τῶν ὑπάτων ἐξαποστέλλουσιν ἐπὶ τὰς πράξεις. [14] καὶ τοὺς μὲν πλείστους ἀγῶνας δι' ἐνὸς ὑπάτου καὶ δύο στρατοπέδων καὶ τοῦ προειρημένου πλήθους τῶν συμμάχων κρίνουνσι, σπανίως δὲ πᾶσι πρὸς ἓνα καιρὸν καὶ πρὸς ἓνα χρόνῳ κίνδυνον. [15] τότε γε μὴν οὕτως ἐκπλαγεῖς ἦσαν καὶ κατάφοβοι τὸ μέλλον ὥς οὐ μόνον τέτταρσιν, ἀλλ' ὀκτὼ στρατοπέδοις Ῥωμαϊκοῖς ὁμοῦ προήρηντο διακινδυνεύειν.

[1] διὸ καὶ παρακαλέσαντες τοὺς περὶ τὸν Αἰμίλιον καὶ πρὸ ὀφθαλμῶν θέντες τὸ μέγεθος τῶν εἰς ἑκάτερον τὸ μέρος ἀποβησομένων ἐκ τῆς μάχης ἐξαπέστειλαν, ἐντειλάμενοι σὺν καιρῷ κρίνειν τὰ ὅλα γενναίως καὶ τῆς πατρίδος ἀξίως. [2] οἱ καὶ παραγενόμενοι πρὸς τὰς δυνάμεις καὶ συναθροίσαντες τὰ πλήθη τὴν τε τῆς συγκλήτου γνώμην διεσάφησαν τοῖς πολλοῖς καὶ παρεκάλουν τὰ πρόποντα τοῖς παρεστῶσι καιροῖς, ἐξ αὐτοπαθείας τοῦ Λευκίου διατιθεμένου τοὺς λόγους. [3] ἦν δὲ τὰ πλεῖστα τῶν λεγομένων πρὸς τοῦτον τείνοντα τὸν νοῦν, τὸν ὑπὲρ τῶν νεωστὶ γεγονότων συμπτωμάτων: ὧδε γὰρ καὶ τῇδὲ που συνέβαινε διατετράφθαι καὶ προσδεῖσθαι παραινέσεως τοὺς πολλούς. [4] διόπερ ἐπειρᾶτο συνιστάνειν ὅτι τῶν μὲν ἐν ταῖς προγεγενημέναις μάχαις ἐλαττωμάτων οὐχ ἓν οὐδὲ δεύτερον, καὶ πλείω δ' ἂν εὖροι τις αἷτια, δι' ἃ τοιοῦτον αὐτῶν ἐξέβη τὸ τέλος, [5] ἐπὶ δὲ τῶν νῦν καιρῶν οὐδεμία λείπεται πρόφασις, ἐὰν ἄνδρες ᾧσι, τοῦ μὴ νικᾶν τοὺς ἐχθρούς. [6] τότε μὲν γὰρ οὔτε τοὺς ἡγεμόνας ἀμφοτέρους οὐδέποτε συνηγωνίσθαι τοῖς στρατοπέδοις οὔτε ταῖς δυνάμεσι κεχρῆσθαι γεγυμνασμέναις, ἀλλὰ νεοσυλλόγοις καὶ ἀοράτοις παντὸς δεινοῦ: [7] τό τε μέγιστον, ἐπὶ τοσοῦτον ἀγνοεῖσθαι παρ' αὐτοῖς πρότερον τὰ κατὰ τοὺς ὑπεναντίους ὥστε σχεδὸν μηδ' ἑωρακότας τοὺς ἀνταγωνιστὰς παρατάττεσθαι καὶ συγκαταβαίνειν εἰς τοὺς ὀλοσχερεῖς κινδύνους. [8] “Ἰοί μὲν γὰρ περὶ τὸν Τρεβίαν ποταμὸν σφαλόντες, ἐκ Σικελίας τῇ προτεραίᾳ παραγενηθέντες, ἅμα τῷ φωτὶ τῇ κατὰ πόδας ἡμέρᾳ παρετάξαντο: [9] τοῖς δὲ κατὰ Τυρρηνίαν ἀγωνισαμένοις οὐχ οἷον πρότερον, ἀλλ' οὐδ' ἐν αὐτῇ τῇ μάχῃ συνιδεῖν ἐξεγένετο τοὺς πολεμίους διὰ τὸ περὶ τὸν ἀέρα γενόμενον

σύμπτωμα. [10] νῦν γε μὴν πάντα τάναντία τοῖς προειρημένοις ὑπάρχει.

[1] πρῶτον γὰρ ἡμεῖς ἀμφοτέροι πάρεσμεν, οὐ μόνον αὐτοὶ κοινωνήσοντες ὑμῖν τῶν κινδύνων, ἀλλὰ καὶ τοὺς ἐκ τοῦ πρότερον ἔτους ἄρχοντας ἐτοίμους παρεσκευάκαμεν πρὸς τὸ μένειν καὶ μετέχειν τῶν αὐτῶν ἀγώνων. [2] ὑμεῖς γε μὴν οὐ μόνον ἐωράκατε τοὺς καθοπλισμούς, τὰς τάξεις, τὰ πλήθη τῶν πολεμίων, ἀλλὰ καὶ διαμαχόμενοι μόνον οὐ καθ' ἐκάστην ἡμέραν δεύτερον ἐνιαυτὸν ἤδη διατελεῖτε. [3] πάντων οὖν τῶν κατὰ μέρος ἐναντίως ἐχόντων ταῖς προγεγενημέναις μάχαις, εἰκὸς καὶ τὸ τέλος ἐναντίον ἐκβήσεσθαι τοῦ νῦν ἀγῶνος. [4] καὶ γὰρ ἄτοπον, μᾶλλον δ' ὥς εἰπεῖν ἀδύνατον, ἐν μὲν τοῖς κατὰ μέρος ἀκροβολισμοῖς ἴσους πρὸς ἴσους συμπύπτοντας τὸ πλεῖον ἐπικρατεῖν, ὁμοῦ δὲ πάντας παραταξαμένους πλείους ὄντας ἢ διπλασίους τῶν ὑπεναντίων ἐλαττωθῆναι. [5] διόπερ, ὦ ἄνδρες, πάντων ὑμῖν παρεσκευασμένων πρὸς τὸ νικᾶν, ἐνὸς προσδεῖται τὰ πράγματα, τῆς ὑμετέρας βουλήσεως καὶ προθυμίας, ὑπὲρ ἧς οὐδὲ παρακαλεῖσθαι πλείω πρέπειν ὑμῖν ὑπολαμβάνω. [6] τοῖς μὲν γε μισθοῦ παρά τισι στρατευομένοις ἢ τοῖς κατὰ συμμαχίαν ὑπὲρ τῶν πέλας μέλλουσι κινδυνεύειν, οἷς κατ' αὐτὸν τὸν ἀγῶνα καιρὸς ἐστὶ δεινότατος, τὰ δ' ἐκ τῶν ἀποβαινόντων βραχεῖαν ἔχει διαφορὰν, ἀναγκαῖος ὁ τῆς παρακλήσεως γίνεται τρόπος· [7] οἷς δέ, καθάπερ ὑμῖν νῦν, οὐχ ὑπὲρ ἐτέρων ἀλλ' ὑπὲρ σφῶν αὐτῶν καὶ πατρίδος καὶ γυναικῶν καὶ τέκνων ὁ κίνδυνος συνέστηκεν, καὶ πολλαπλασίαν τὰ μετὰ ταῦτα συμβαίνοντα τὴν διαφορὰν ἔχει τῶν ἐνεστώτων ἀεὶ κινδύνων, ὑπομνήσεως μόνον, παρακλήσεως δ' οὐ προσδεῖ. [8] τίς γὰρ οὐκ ἂν βούλοιο μάλιστα μὲν νικᾶν ἀγωνιζόμενος, εἰ δὲ μὴ τοῦτ' εἴη δυνατόν, τεθνάναι πρόσθεν μαχόμενος ἢ ζῶν ἐπιδεῖν τὴν τῶν προειρημένων ὕβριν καὶ καταφθοράν; [9] διόπερ, ὦ ἄνδρες, χωρὶς τῶν ὑπ' ἐμοῦ λεγομένων, αὐτοὶ λαμβάνοντες πρὸ ὀφθαλμῶν τὴν ἐκ τοῦ λείπεσθαι καὶ τοῦ νικᾶν διαφορὰν καὶ τὰ συνεξακολουθοῦντα τούτοις, οὕτως ἑαυτοὺς παραστήσεσθε πρὸς τὴν μάχην ὥς τῆς πατρίδος οὐ κινδυνευούσης νῦν αὐτοῖς τοῖς στρατοπέδοις, ἀλλὰ τοῖς ὅλοις. [10] τί γὰρ ἔτι προσθεῖσα τοῖς ὑποκειμένοις, ἐὰν ἄλλως πως τὰ παρόντα κριθῇ, περιγενήσεται τῶν ἐχθρῶν, οὐκ ἔχει. [11] πᾶσαν γὰρ τὴν αὐτῆς προθυμίαν καὶ δύναμιν εἰς ὑμᾶς ἀπῆρυσται, καὶ πάσας τὰς ἐλπίδας ἔχει τῆς σωτηρίας ἐν ὑμῖν. ὣν ὑμεῖς αὐτὴν μὴ διαψεύσητε νῦν, [12] ἀλλ' ἀπόδοτε μὲν τῇ πατρίδι τὰς ἀρμοζούσας χάριτας,

φανερὸν δὲ πᾶσιν ἀνθρώποις ποιήσατε διότι καὶ τὰ πρότερον ἐλαττώματα γέγονεν οὐ διὰ τὸ Ῥωμαίους χεῖρους ἄνδρας εἶναι Καρχηδονίων, ἀλλὰ δι' ἀπειρίαν τῶν τότε μαχομένων καὶ διὰ τὰς ἐκ τῶν καιρῶν περιστάσεις. [13] “2 τότε μὲν οὖν ταῦτα καὶ τοιαῦτα παρακαλέσας ὁ Λεύκιος διαφῆκε τοὺς πολλούς.

[1] τῇ δ' ἐπαύριον ἀναζευζαντες ἦγον τὴν δύναμιν οὗ τοὺς πολεμίους ἤκουον στρατοπεδεύειν. δευτεραῖοι δ' ἐπιβαλόντες παρενέβαλον, περὶ πεντήκοντα σταδίους ἀποσχόντες τῶν πολεμίων. [2] ὁ μὲν οὖν Λεύκιος συνθεασάμενος ἐπιπέδους καὶ ψιλούς ὄντας τοὺς πέριξ τόπους οὐκ ἔφη δεῖν συμβάλλειν ἱπποκρατούντων τῶν πολεμίων, ἀλλ' ἐπισπᾶσθαι καὶ προάγειν μᾶλλον εἰς τόπους τοιούτους ἐν οἷς τὸ πλεον ἔσται διὰ τῶν πεζικῶν στρατοπέδων ἢ μάχῃ. [3] τοῦ δὲ Γαῖου διὰ τὴν ἀπειρίαν ὑπὲρ τῆς ἐναντίας ὑπάρχοντος γνώμης, ἦν ἀμφισβήτησις καὶ δυσχρηστία περὶ τοὺς ἡγεμόνας, ὃ πάντων ἐστὶ σφαλερώτατον. [4] τῆς δ' ἡγεμονίας τῷ Γαίῳ καθηκούσης εἰς τὴν ἐπιούσαν ἡμέραν διὰ τὸ παρὰ μίαν ἐκ τῶν ἐθισμῶν μεταλαμβάνειν τὴν ἀρχὴν τοὺς ὑπάτους, ἀναστρατοπεδεύσας προῆγε, βουλόμενος ἐγγίσει τοῖς πολεμίους, πολλὰ διαμαρτυρομένου καὶ κωλύοντος τοῦ Λευκίου. [5] ὁ δ' Ἀννίβας ἀναλαβὼν τοὺς εὐζώνους καὶ τοὺς ἱππεῖς ἀπὸ πάντων καὶ προσπεσὼν ἔτι κατὰ πορείαν οὗσι παραδόξως συνεπλέκετο καὶ πολὺν ἐν αὐτοῖς ἐποιεῖτο θόρυβον. [6] οἱ δὲ Ῥωμαῖοι τὴν μὲν πρώτην ἐπιφορὰν ἐδέξαντο, προθέμενοί τινας τῶν ἐν τοῖς βαρέσι καθοπλισμοῖς· μετὰ δὲ ταῦτα τοὺς ἀκοντιστὰς καὶ τοὺς ἱππεῖς ἐπαφέντες ἐπρότερον κατὰ τὴν ὅλην συμπλοκὴν διὰ τὸ τοῖς μὲν Καρχηδονίοις μηδὲν ἐφεδρεῦειν ἀξιόλογον, τοῖς δὲ Ῥωμαίοις ἀναμειγμένους τοῖς εὐζώνοις ὁμόσε κινδυνεύειν τινὰς σπείρας. [7] τότε μὲν οὖν ἐπιγενομένης νυκτὸς ἐχωρίσθησαν ἀπ' ἀλλήλων, οὐ κατὰ τὴν ἐλπίδα τοῖς Καρχηδονίοις ἐκβάσης τῆς ἐπιθέσεως. [8] εἰς δὲ τὴν ἐπαύριον ὁ Λεύκιος οὔτε μάχεσθαι κρίνων οὔτε μὴν ἀπάγειν ἀσφαλῶς τὴν στρατιὰν ἔτι δυνάμενος τοῖς μὲν δυσὶ μέρεσι κατεστρατοπέδευσε παρὰ τὸν Αὔφιδον καλούμενον ποταμόν, ὃς μόνος διαρρεῖ τὸν Ἀπεννῖνον — [9] τοῦτο δ' ἔστιν ὄρος συνεχές, ὃ διείργει πάσας τὰς κατὰ τὴν Ἰταλίαν ῥύσεις, τὰς μὲν εἰς τὸ Τυρρηρικὸν πέλαγος, τὰς δ' εἰς τὸν Ἀδρίαν· δι' οὗ ῥέοντα συμβαίνει τὸν Αὔφιδον τὰς μὲν πηγὰς ἔχειν ἐν τοῖς πρὸς τὸ Τυρρηρικὸν κλίμασι τῆς Ἰταλίας, ποιεῖσθαι δὲ τὴν ἐκβολὴν εἰς τὸν Ἀδρίαν — τῷ

δὲ τρίτῳ πέραν, [10] ἀπὸ διαβάσεως πρὸς τὰς ἀνατολάς, ἐβάλετο χάρακα, τῆς μὲν ἰδίας παρεμβολῆς περὶ δέκα σταδίου ἀποσχόν, τῆς δὲ τῶν ὑπεναντίων μικρῷ πλεῖον, [11] βουλόμενος διὰ τούτων προκαθῆσθαι μὲν τῶν ἐκ τῆς πέραν παρεμβολῆς προνομευόντων, ἐπικεῖσθαι δὲ τοῖς παρὰ τῶν Καρχηδονίων.

[1] Ἀννίβας δὲ κατὰ τὸν αὐτὸν καιρὸν θεωρῶν ὅτι καλεῖ τὰ πράγματα μάχεσθαι καὶ συμβάλλειν τοῖς πολεμίοις, εὐλαβούμενος δὲ μὴ διατέτραπται τὸ πλῆθος ἐκ τοῦ προγεγονότος ἐλαττώματος, κρίνας προσδεῖσθαι παρακλήσεως τὸν καιρὸν συνῆγε τοὺς πολλοὺς. [2] ἄθροισθέντων δέ, περιβλέψαι κελεύσας πάντας εἰς τοὺς πέριξ τόπους, ἤρετο τί μείζον εὖξασθαι τοῖς θεοῖς κατὰ τοὺς παρόντας ἐδύναντο καιροὺς, δοθείσης αὐτοῖς ἐξουσίας, τοῦ παρὰ πολὺ τῶν πολέμιων ἱποκρατοῦντας ἐν τοιοῦτοις τόποις διακριθῆναι περὶ τῶν ὅλων. [3] πάντων δὲ τὸ ῥηθὲν ἐπισημνηναμένων διὰ τὴν ἐνάργειαν “1τούτου τοιγαροῦν”2 ἔφη “1πρῶτον μὲν τοῖς θεοῖς ἔχετε χάριν: ἐκεῖνοι γὰρ ἡμῖν συγκατασκευάζοντες τὴν νίκην εἰς τοιοῦτους τόπους ἤχασι τοὺς ἐχθροὺς: [4] δεύτερον δ’ ἡμῖν, ὅτι καὶ μάχεσθαι τοὺς πολεμίους συνηναγκάσαμεν: οὐ γὰρ ἔτι δύνανται τοῦτο διαφυγεῖν: καὶ μάχεσθαι προφανῶς ἐν τοῖς ἡμετέροις προτερήμασι. [5] τὸ δὲ παρακαλεῖν ὑμᾶς νῦν διὰ πλειόνων εὐθαρσεῖς καὶ προθύμους εἶναι πρὸς τὸν κίνδυνον οὐδαμῶς μοι δοκεῖ καθήκειν. [6] ὅτε μὲν γὰρ ἀπείρως διέκεισθε τῆς πρὸς Ῥωμαίους μάχης, ἔδει τοῦτο ποιεῖν, καὶ μεθ’ ὑποδειγμάτων ἐγὼ πρὸς ὑμᾶς πολλοὺς διεθέμην λόγους: [7] ὅτε δὲ κατὰ τὸ συνεχὲς τρισὶ μάχαις τηλικαύταις ἐξ ὁμολογουμένου νενικήκατε Ῥωμαίους, ποῖος ἂν ἔτι λόγος ὑμῖν ἰσχυρότερον παραστήσῃ θάρσος αὐτῶν τῶν ἔργων; [8] διὰ μὲν οὖν τῶν πρὸ τοῦ κινδύνων κεκρατήκατε τῆς χώρας καὶ τῶν ἐκ ταύτης ἀγαθῶν κατὰ τὰς ἡμετέρας ἐπαγγελίας, ἀψευστούντων ἡμῶν ἐν πᾶσι τοῖς πρὸς ὑμᾶς εἰρημένοις: ὁ δὲ νῦν ἀγὼν ἐνέστηκεν περὶ τῶν πόλεων καὶ τῶν ἐν αὐταῖς ἀγαθῶν. [9] οὗ κρατήσαντες κύριοι μὲν ἔσεσθε παραχρῆμα πάσης Ἰταλίας, ἀπαλλαγέντες δὲ τῶν νῦν πόνων, γενόμενοι συμπάσης ἐγκρατεῖς τῆς Ῥωμαίων εὐδαιμονίας, ἡγεμόνες ἅμα καὶ δεσπότηαι πάντων γενήσεσθε διὰ ταύτης τῆς μάχης. [10] διόπερ οὐκέτι λόγων ἀλλ’ ἔργων ἐστὶν ἡ χρεῖα: θεῶν γὰρ βουλομένων ὅσον οὐπὼ βεβαιώσῃν ὑμῖν πέπεισμαι τὰς ἐπαγγελίας. [11] “2 ταῦτα δὲ καὶ τούτοις παραπλήσια διαλεχθεῖς, προθύμως αὐτὸν ἐπισημαινομένου τοῦ πλῆθους, ἐπαινέσας καὶ δεξάμενος αὐτῶν τὴν

ὁρμὴν ἀφῆκε καὶ παραχρῆμα κατεστρατοπέδευσε, ποιούμενος τὸν χάρακα παρὰ τὴν αὐτὴν πλευρὰν τοῦ ποταμοῦ τῇ μείζονι στρατοπεδείᾳ τῶν ὑπεναντίων.

[1] τῇ δ' ἐχομένη περὶ παρασκευὴν καὶ θεραπείαν παρήγγειλε γίνεσθαι πᾶσι. τῇ δ' ἐξῆς παρὰ τὸν ποταμὸν ἐξέταττε τὰ στρατόπεδα καὶ δηλὸς ἦν μάχεσθαι σπεύδων τοῖς ὑπεναντίοις. [2] ὁ δὲ Λεύκιος δυσαρεστούμενος μὲν τοῖς τόποις, ὁρῶν δ' ὅτι ταχέως ἀναγκασθήσονται μεταστρατοπεδεύειν οἱ Καρχηδόνιοι διὰ τὸν πορισμὸν τῶν ἐπιτηδείων, εἶχε τὴν ἡσυχίαν, ἀσφαλισάμενος ταῖς ἐφεδρεῖαις τὰς παρεμβολάς. [3] Ἀννίβας δὲ χρόνον ἱκανὸν μείνας, οὐδενὸς ἀντεξιόντος, τὴν μὲν λοιπὴν δύναμιν αὐθις εἰς χάρακα κατέστησεν, τοὺς δὲ Νομάδας ἐπαφῆκε τοῖς ὑδρευομένοις ἀπὸ τῆς ἐλάττονος παρεμβολῆς. [4] τῶν δὲ Νομάδων ἕως πρὸς αὐτὸν τὸν χάρακα προσπιπτόντων καὶ διακωλύόντων τὴν ὑδρείαν, ὃ τε Γάιος ἔτι μᾶλλον ἐπὶ τούτοις παρωξύνετο, τὰ τε πλήθη πρὸς τὸν κίνδυνον ὁρμὴν εἶχεν καὶ δυσχερῶς ἔφερε τὰς ὑπερθέσεις. [5] βαρύτατος γὰρ δὴ πᾶσιν ἀνθρώποις ὁ τοῦ μέλλειν γίνεται χρόνος: ὅταν δ' ἅπαξ κριθῇ, ὅ,τι ἂν ᾗ πάσχειν πάντων τῶν δοκούντων εἶναι δεινῶν ὑπομενετέον. [6] εἰς δὲ τὴν Ῥώμην προσπεπτωκότος ὅτι παραστρατοπεδεύουσιν ἀλλήλοις καὶ συμπλοκαὶ γίνονται τῶν προκινδυνευόντων ἀν' ἐκάστην ἡμέραν, ὀρθὴ καὶ περίφοβος ἦν ἡ πόλις, [7] δεδιότων μὲν τῶν πολλῶν τὸ μέλλον διὰ τὸ πολλάκις ἤδη προηττηθῆναι, προορωμένων δὲ καὶ προλαμβανόντων τὰ συμβησόμενα ταῖς ἐννοίαις, ἐὰν σφάλλωνται τοῖς ὅλοις. [8] πάντα δ' ἦν τὰ παρ' αὐτοῖς λόγια πᾶσι τότε διὰ στόματος, σημείων δὲ καὶ τεράτων πᾶν μὲν ἱερὸν, πᾶσα δ' ἦν οἰκία πλήρης, ἐξ ὧν εὐχαὶ καὶ θυσίαι καὶ θεῶν ἱκετηρίαι καὶ δεήσεις ἐπεῖχον τὴν πόλιν. [9] δεινοὶ γὰρ ἐν ταῖς περιστάσεσι Ῥωμαῖοι καὶ θεοὺς ἐξιλάσασθαι καὶ ἀνθρώπους καὶ μηδὲν ἀπρεπὲς μηδ' ἀγεννὲς ἐν τοῖς τοιούτοις καιροῖς ἡγεῖσθαι τῶν περὶ ταῦτα συντελουμένων.

[1] ὁ δὲ Γάιος ἅμα τῷ παραλαβεῖν τὴν κατὰ πόδας ἡμέραν τὴν ἀρχήν, ἄρτι τῆς κατὰ τὸν ἥλιον ἀνατολῆς ἐπιφαινομένης, ἐκίνει τὴν δύναμιν ἐξ ἐκατέρας ἅμα [2] τῆς παρεμβολῆς καὶ τοὺς μὲν ἐκ τοῦ μείζονος χάρακος διαβιβάζων τὸν ποταμὸν εὐθέως παρενέβαλε, τοὺς δ' ἐκ θατέρου συνάπτων τούτοις ἐπὶ τὴν αὐτὴν εὐθεῖαν ἐξέταττε, λαμβάνων πᾶσι τὴν ἐπιφάνειαν τὴν πρὸς μεσημβρίαν. [3] τοὺς μὲν οὖν τῶν Ῥωμαίων ἵππεῖς παρ' αὐτὸν τὸν ποταμὸν ἐπὶ τοῦ δεξιοῦ

κέρατος κατέστησε, τοὺς δὲ πεζοὺς συνεχεῖς τούτοις ἐπὶ τῆς αὐτῆς εὐθείας ἐξέτεινε, πυκνοτέρας ἢ πρόσθεν τὰς σημείας καθιστάνων, καὶ ποιῶν πολλαπλάσιον τὸ βάθος ἐν ταῖς σπείραις τοῦ μετώπου: [4] τοὺς δὲ τῶν συμμάχων ἵππεις εἰς τὸ λαῖον κέρας παρενέβαλε: πάσης δὲ τῆς δυνάμεως προέστησε τοὺς εὐζώνους ἐν ἀποστάσει. [5] ἦσαν δὲ σὺν τοῖς συμμάχοις πεζῶν μὲν εἰς ὀκτὼ μυριάδας, ἵππεις δὲ μικρῷ πλείους τῶν ἑξακισχιλίων. [6] Ἀννίβας δὲ κατὰ τὸν αὐτὸν καιρὸν τοὺς μὲν Βαλιареῖς καὶ λογχοφόρους διαβιβάσας τὸν ποταμὸν προεβάλετο τῆς δυνάμεως, τοὺς δὲ λοιποὺς ἑξαγαγὼν ἐκ τοῦ χάρακος καὶ περαιώσας κατὰ διττοὺς τόπους τὸ ρέθρον ἀντετάττετο τοῖς πολεμίοις. [7] ἐτίθει δ' ἐπ' αὐτὸν μὲν τὸν ποταμὸν, ἐπὶ τῶν εὐώνυμων, τοὺς Ἰβήρας καὶ Κελτοὺς ἵππεις ἀντίους τοῖς τῶν Ῥωμαίων ἵππεῦσι, συνεχεῖς δὲ τούτοις πεζοὺς τοὺς ἡμίσεις τῶν ἐν τοῖς βαρέσι καθοπλισμοῖς Λιβύων, ἐξῆς δὲ τοῖς εἰρημένοις Ἰβήρας καὶ Κελτοὺς. παρὰ δὲ τούτοις τὸ λοιπὸν μέρος ἔθηκε τῶν Λιβύων, ἐπὶ δὲ τοῦ δεξιοῦ κέρως ἐπέταξε τοὺς Νομαδικοὺς ἵππεις. [8] ἐπεὶ δὲ πάντ' ἐπὶ μίαν εὐθεῖαν ἐξέτεινε, μετὰ ταῦτα λαβὼν τὰ μέσα τῶν Ἰβήρων καὶ Κελτῶν τάγματα προῆγε καὶ ἄλλα τούτοις ἐκ τοῦ κατὰ λόγον παρίστανε ζυγοῦντα, μνηοειδὲς ποιῶν τὸ κύρτωμα καὶ λεπτύνων τὸ τούτων αὐτῶν σχῆμα, [9] βουλόμενος ἐφεδρείας μὲν τάξιν ἐν τῇ μάχῃ τοὺς Λίβυας αὐτῶν ἔχειν, προκινδυνεῦσαι δὲ τοῖς Ἰβηρσι καὶ Κελτοῖς.

[1] ἦν δ' ὁ καθοπλισμὸς τῶν μὲν Λιβύων Ῥωμαϊκός, οὓς πάντας Ἀννίβας τοῖς ἐκ τῆς προγεγενημένης μάχης σκύλοις ἐκλέξας κατακεκοσμήκει: [2] τῶν δ' Ἰβήρων καὶ Κελτῶν ὁ μὲν θυρεὸς ἦν παραπλήσιος, τὰ δὲ ξίφη τὴν ἐναντίαν εἶχε διάθεσιν: [3] τῆς μὲν γὰρ οὐκ ἔλαττον τὸ κίνημα τῆς καταφορᾶς ἴσχυε πρὸς τὸ βλάπτειν, ἡ δὲ Γαλατικὴ μάχαιρα μίαν εἶχε χρεῖαν τὴν ἐκ καταφορᾶς, καὶ ταύτην ἐξ ἀποστάσεως. [4] ἐναλλάξ δὲ ταῖς σπείραις αὐτῶν παρατεταγμένων, καὶ τῶν μὲν Κελτῶν γυμνῶν, τῶν δ' Ἰβήρων λινοῖς περιπορφύροις χιτωνίσκοις κεκοσμημένων κατὰ τὰ πάτρια, ξενίζουσιν ἅμα καὶ καταπληκτικὴν συνέβαινε γίνεσθαι τὴν πρόσοψιν. [5] ἦν δὲ τὸ μὲν τῶν ἱπικῶν πλῆθος τὸ σύμπαν τοῖς Καρχηδονίοις εἰς μυρίους, τὸ δὲ τῶν πεζῶν οὐ πολὺ πλείους τετρακισμυρίων σὺν τοῖς Κελτοῖς. εἶχε δὲ τὸ μὲν δεξιὸν τῶν Ῥωμαίων Αἰμίλιος, [6] τὸ δ' εὐώνυμον Γάιος, τὰ δὲ μέσα Μάρκος καὶ Γνάιος οἱ τῷ πρότερον ἔτει στρατηγοῦντες. [7] τῶν δὲ Καρχηδονίων τὸ μὲν εὐώνυμον Ἀσδρούβας εἶχε, τὸ δὲ δεξιὸν

Ἄννων: ἐπὶ δὲ τοῖς μέσοις αὐτὸς ἦν Ἀννίβας, ἔχων μεθ' ἑαυτοῦ Μάγωνα τὸν ἀδελφόν. [8] βλεπούσης δὲ τῆς μὲν τῶν Ῥωμαίων τάξεως πρὸς μεσημβρίαν, ὥς ἐπάνω προεῖπα, τῆς δὲ τῶν Καρχηδονίων πρὸς τὰς ἄρκτους, ἑκατέροις ἀβλαβῇ συνέβαινε γίνεσθαι τὴν κατὰ τὸν ἥλιον ἀνατολήν.

[1] γενομένης δὲ τῆς συμπλοκῆς τῆς πρώτης ἐκ τῶν προτεταγμένων, τὰς μὲν ἀρχὰς αὐτῶν τῶν εὐζώνων ἔπισος ἦν ὁ κίνδυνος, [2] ἅμα δὲ τῷ τοῦς Ἴβηρας καὶ Κελτοὺς ἱππεῖς ἀπὸ τῶν εὐωνύμων πελάσαι τοῖς Ῥωμαίοις ἐποιοῦν οὗτοι μάχην ἀληθινὴν καὶ βαρβαρικὴν: [3] οὐ γὰρ ἦν κατὰ νόμους ἐξ ἀναστροφῆς καὶ μεταβολῆς ὁ κίνδυνος, ἀλλ' εἰσάπαξ συμπεσόντες ἐμάχοντο συμπλεκόμενοι κατ' ἄνδρα, παρακαταβαίνοντες ἀπὸ τῶν ἵππων. [4] ἐπειδὴ δ' ἐκράτησαν οἱ παρὰ τῶν Καρχηδονίων καὶ τοὺς μὲν πλείστους ἀπέκτειναν ἐν τῇ συμπλοκῇ, πάντων ἐκθύμως καὶ γενναίως διαγωνιζομένων τῶν Ῥωμαίων, τοὺς δὲ λοιποὺς ἤλαυνον παρὰ τὸν ποταμὸν φονεύοντες καὶ προσφέροντες τὰς χεῖρας ἀπαραιτήτως, τότε δὴ τὰ πεζικὰ στρατόπεδα διαδεξάμενα τοὺς εὐζώνους συνέπεσεν ἀλλήλοις. [5] ἐπὶ βραχὺ μὲν οὖν τῶν Ἰβήρων καὶ τῶν Κελτῶν ἔμενον αἱ τάξεις καὶ διεμάχοντο τοῖς Ῥωμαίοις γενναίως: μετὰ δὲ ταῦτα τῷ βάρει θλιβόμενοι κλίνοντες ὑπεχώρουν εἰς τοῦπίσω, λύσαντες τὸν μνηίσκον. [6] αἱ δὲ τῶν Ῥωμαίων σπεῖραι κατὰ τὴν ἐκθυμίαν ἐπόμεναι τούτοις διέκοψαν ῥαδίως τὴν τῶν ὑπεναντίων τάξιν, ἅτε δὴ τῶν μὲν Κελτῶν ἐπὶ λεπτὸν ἐκτεταγμένων, αὐτοὶ δὲ πεπυκνωκότες ἀπὸ τῶν κεράτων ἐπὶ τὰ μέσα καὶ τὸν κινδυνεύοντα τόπον: [7] οὐ γὰρ ἅμα συνέβαινε τὰ κέρατα καὶ τὰ μέσα συμπίπτειν, ἀλλὰ πρῶτα τὰ μέσα διὰ τὸ τοὺς Κελτοὺς ἐν μνηοειδεῖ σχήματι τεταγμένους πολὺ προπεπτωκέναι τῶν κεράτων, ἅτε τοῦ μνηίσκου τὸ κύρτωμα πρὸς τοὺς πολεμίους ἔχοντος. [8] πλὴν ἐπόμενοι γε τούτοις οἱ Ῥωμαῖοι καὶ συντρέχοντες ἐπὶ τὰ μέσα καὶ τὸν εἶκοντα τόπον τῶν πολεμίων οὕτως ἐπὶ πολὺ προέπεσον ὥστ' ἐξ ἑκατέρου τοῦ μέρους κατὰ τὰς ἐκ τῶν πλαγίων ἐπιφανείας τοὺς Λίβυας αὐτῶν γενέσθαι τοὺς ἐν τοῖς βαρέσι καθοπλισμοῖς: [9] ὧν οἱ μὲν ἀπὸ τοῦ δεξιοῦ κέρατος κλίναντες ἐπ' ἀσπίδα καὶ τὴν ἐμβολὴν ἐκ δόρατος ποιούμενοι παρίσταντο παρὰ πλευρὰν τοῖς πολεμίοις, [10] οἱ δ' ἀπὸ τῶν εὐωνύμων ἐπὶ δόρυ ποιούμενοι τὴν κλίσιν ἐξ ἀσπίδος ἐπιπαρενέβαλλον, αὐτοῦ τοῦ πράγματος ὃ δέον ἦν ποιεῖν ὑποδεικνύντος. [11] ἐξ οὗ συνέβη κατὰ τὴν Ἀννίβου πρόνοιαν μέσους

ἀποληφθῆναι τοὺς Ῥωμαίους ὑπὸ τῶν Λιβύων κατὰ τὴν ἐπὶ τοὺς Κελτοὺς παράπτωσιν. [12] οὗτοι μὲν οὖν οὐκέτι φαλαγγηδόν, ἀλλὰ κατ' ἄνδρα καὶ κατὰ σπείρας στρεφόμενοι πρὸς τοὺς ἐκ τῶν πλαγίων πρὸς

[1] πεπτωκότας ἐποιοῦντο τὴν μάχην: Λεύκιος δὲ καίπερ ὢν ἐξ ἀρχῆς ἐπὶ τοῦ δεξιοῦ κέρατος καὶ μετασχὼν ἐπὶ τι τοῦ τῶν ἱππέων ἀγῶνος ὅμως ἔτι τότε διεσώζετο. [2] βουλόμενος δὲ τοῖς κατὰ τὴν παράκλησιν λόγοις ἀκολουθῶς ἐπ' αὐτῶν γίνεσθαι τῶν ἔργων καὶ θεωρῶν τὸ συνέχον τῆς κατὰ τὸν ἀγῶνα κρίσεως ἐν τοῖς πεζικοῖς στρατοπέδοις κείμενον, [3] παριππεύων ἐπὶ τὰ μέσα τῆς ὅλης παρατάξεως ἅμα μὲν αὐτὸς συνεπλέκετο καὶ προσέφερε τὰς χεῖρας τοῖς ὑπεναντίοις, ἅμα δὲ παρεκάλει καὶ παρώξυνε τοὺς παρ' αὐτοῦ στρατιώτας. [4] τὸ δὲ παραπλήσιον Ἀννίβας ἐποίει: καὶ γὰρ οὗτος ἐξ ἀρχῆς ἐπὶ τούτοις τοῖς μέρεσιν ἐπέστη τῆς δυνάμεως. [5] οἱ δὲ Νομάδες ἀπὸ τοῦ δεξιοῦ κέρατος προσπίπτοντες τοῖς ὑπεναντίοις ἱππεῦσι τοῖς ἐπὶ τῶν εὐωνύμων τεταγμένοις μέγα μὲν οὗτ' ἐποίουν οὐδὲν οὗτ' ἔπασχον διὰ τὴν ιδιότητα τῆς μάχης, ἀπράκτους γε μὴν τοὺς πολεμίους παρεσκεύαζον, περισπῶντες καὶ πανταχόθεν προσπίπτοντες. [6] ἐπεὶ δ' οἱ περὶ τὸν Ἀσδρούβαν ἀποκτείναντες τοὺς περὶ τὸν ποταμὸν ἱππεῖς πλὴν παντελῶς ὀλίγων παρεβοήθησαν ἀπὸ τῶν εὐωνύμων τοῖς Νομάσιν, τότε προῖδόμενοι τὴν ἔφοδον αὐτῶν οἱ σύμμαχοι τῶν Ῥωμαίων ἱππεῖς ἐκκλίναντες ἀπεχώρουν. [7] ἐν ᾧ καιρῷ πραγματικὸν δοκεῖ ποιῆσαι καὶ φρόνιμον ἔργον Ἀσδρούβας: θεωρῶν γὰρ τοὺς Νομάδας τῷ τε πλήθει πολλοὺς ὄντας καὶ πρακτικωτάτους καὶ φοβερωτάτους τοῖς ἅπαξ ἐγκλίνασιν, τοὺς μὲν φεύγοντας παρέδωκε τοῖς Νομάσιν, πρὸς δὲ τὴν τῶν πεζῶν μάχην ἡγεῖτο, σπεύδων παραβοηθῆσαι τοῖς Λίβυσι. [8] προσπεσὼν δὲ τοῖς Ῥωμαϊκοῖς στρατοπέδοις κατὰ νότου καὶ ποιούμενος ἐκ διαδοχῆς ταῖς ἵλαις ἐμβολὰς ἅμα κατὰ πολλοὺς τόπους ἐπέρρωσε μὲν τοὺς Λίβυας, ἐταπείνωσε δὲ καὶ κατέπληξε ταῖς ψυχαῖς τοὺς Ῥωμαίους. [9] ἐν ᾧ καιρῷ καὶ Λεύκιος Αἰμίλιος περιπεσὼν βιαίοις πληγαῖς ἐν χειρῶν νόμῳ μετήλλαξε τὸν βίον, ἀνὴρ πάντα τὰ δίκαια τῇ πατρίδι κατὰ τὸν λοιπὸν βίον καὶ κατὰ τὸν ἔσχατον καιρὸν, εἰ καὶ τις ἕτερος, ποιήσας. [10] οἱ δὲ Ῥωμαῖοι μέχρι μὲν ἐμάχοντο κατὰ τὰς ἐπιφανείας στρεφόμενοι πρὸς τοὺς κεκυκλωκότας, ἀντεῖχον: [11] αἰεὶ δὲ τῶν πέριξ ἀπολλυμένων, καὶ κατὰ βραχὺ συγκλειόμενοι, τέλος αὐτοῦ πάντες, ἐν οἷς καὶ Μάρκος καὶ Γνάιος, ἔπεσον, οἱ τὸ πρότερον ἔτος ὕπατοι

γεγονότες, ἄνδρες ἀγαθοὶ καὶ τῆς Ῥώμης ἄξιοι γενόμενοι κατὰ τὸν κίνδυνον. [12] κατὰ δὲ τὸν τούτων φόνον καὶ τὴν συμπλοκὴν οἱ Νομάδες ἐπόμενοι τοῖς φεύγουσι τῶν ἱππέων τοὺς μὲν πλείστους ἀπέκτειναν, τοὺς δὲ κατεκρήμνισαν ἀπὸ τῶν ἵππων. [13] ὀλίγοι δὲ τινες εἰς Οὐενουσίαν διέφυγον, ἐν οἷς ἦν καὶ Γάιος Τερέντιος ὁ τῶν Ῥωμαίων στρατηγός, ἀνὴρ αἰσχροὺς μὲν τὴν ψυχὴν ἀλυσιτελεῖ δὲ τὴν ἀρχὴν τὴν αὐτοῦ τῇ πατρίδι πεποιημένος.

[1] ἡ μὲν οὖν περὶ Κάνναν γενομένη μάχη Ῥωμαίων καὶ Καρχηδονίων ἐπετελέσθη τὸν τρόπον τοῦτον, μάχη γενναιοτάτους ἄνδρας ἔχουσα καὶ τοὺς νικήσαντας καὶ τοὺς ἡττηθέντας. [2] δῆλον δὲ τοῦτ' ἐγένετ' ἐξ αὐτῶν τῶν πραγμάτων. τῶν μὲν γὰρ ἑξακισχιλίων ἱππέων ἐβδομήκοντα μὲν εἰς Οὐενουσίαν μετὰ Γαῖου διέφυγον, περὶ τριακοσίους δὲ τῶν συμμάχων σποράδες εἰς τὰς πόλεις ἐσώθησαν· [3] ἐκ δὲ τῶν πεζῶν μαχόμενοι μὲν ἐάλωσαν εἰς μυρίους — οἱ δ' ἐκτὸς ὄντες τῆς μάχης — ἐξ αὐτοῦ δὲ τοῦ κινδύνου τρισχίλιοι μόνον ἴσως εἰς τὰς παρακειμένας πόλεις διέφυγον. [4] οἱ δὲ λοιποὶ πάντες, ὄντες εἰς ἑπτὰ μυριάδας, ἀπέθανον εὐγενῶς, τὴν μεγίστην χρεῖαν παρεσχημένου τοῖς Καρχηδονίοις εἰς τὸ νικᾶν καὶ τότε καὶ πρὸ τοῦ τοῦ τῶν ἱππέων ὄχλου. [5] καὶ δῆλον ἐγένετο τοῖς ἐπιγενομένοις ὅτι κρεῖττον ἐστὶ πρὸς τοὺς τῶν πολέμων καιροὺς ἡμίσεις ἔχειν πεζοὺς, ἱποκρατεῖν δὲ τοῖς ὅλοις, μᾶλλον ἢ πάντα πᾶρισα τοῖς πολεμίοις ἔχοντα διακινδυνεύειν. [6] τῶν δὲ μετ' Ἀννίβου Κελτοὶ μὲν ἔπεσον εἰς τετρακισχιλίους, Ἰβηρες δὲ καὶ Λίβυες εἰς χιλίους καὶ πεντακοσίους, ἱππεῖς δὲ περὶ διακοσίους. [7] οἱ δὲ ζωγρηθέντες τῶν Ῥωμαίων ἐκτὸς ἐγένοντο τοῦ κινδύνου, καὶ διὰ τοιαύτην αἰτίαν. [8] Λεύκιος ἀπέλιπε μυρίους πεζοὺς ἐπὶ τῆς ἑαυτοῦ παρεμβολῆς, ἵν' ἔαν μὲν Ἀννίβας ὀλιγορήσας τοῦ χάρακος ἐκτάξῃ πᾶσι, παραπεσόντες οὗτοι κατὰ τὸν τῆς μάχης καιρὸν ἐγκρατεῖς γένωνται τῆς τῶν πολεμίων ἀποσκευῆς, [9] ἔαν δὲ προῖδόμενος τὸ μέλλον ἀπολίπη φυλακὴν ἀξιόχρεων, πρὸς ἐλάττους αὐτοῖς ὁ περὶ τῶν ὅλων γένηται κίνδυνος. [10] ἐάλωσαν δὲ τοιοῦτ' ἑνὶ τρόπῳ. καταλιπόντος Ἀννίβου φυλακὴν ἀρκοῦσαν ἐπὶ τοῦ χάρακος, ἅμα τῷ κατάρξασθαι τὴν μάχην κατὰ τὸ συνταχθὲν ἐπολιόρκουν οἱ Ῥωμαῖοι, προσβάλλοντες τοὺς ἀπολελειμμένους ἐν τῷ τῶν Καρχηδονίων χάρακι. τὸ μὲν οὖν πρῶτον ἀντεῖχον· [11] ἤδη δ' αὐτῶν πιεζομένων, ἐπειδὴ κατὰ πάντα τὰ μέρη τὴν μάχην Ἀννίβας ἔκρινε, καὶ τότε παραβοηθήσας καὶ τρεψάμενος συνέκλεισε τοὺς Ῥωμαίους εἰς τὴν ἰδίαν παρεμβολὴν καὶ δισχιλίους μὲν αὐτῶν

ἀπέκτεινε, τῶν δὲ λοιπῶν ἐγκρατὴς ἐγένετο ζωγρία πάντων. [12] ὁμοίως δὲ καὶ τοὺς ἐπὶ τὰ κατὰ τὴν χώραν ἐρύματα συμπεφευγότας ἐκπολιορκήσαντες οἱ Νομάδες ἐπανῆγον, ὄντας εἰς δισχιλίους τῶν εἰς φυγὴν τραπέντων ἱππέων.

[1] Βραβευθείσης δὲ τῆς μάχης τὸν προειρημένον τρόπον, ἀκόλουθον εἰλήφει τὰ ὅλα κρίσιν τοῖς ὑπ' ἀμφοτέρων προσδοκωμένοις. [2] Καρχηδόνιοι μὲν γὰρ διὰ τῆς πράξεως ταύτης παραχρήμα τῆς μὲν λοιπῆς παραλίας σχεδὸν πάσης ἦσαν ἐγκρατεῖς: [3] Ταραντῖνοί τε γὰρ εὐθέως ἐνεχείριζον αὐτούς, Ἀργυριππανοὶ δὲ καὶ Καπυανῶν τινες ἐκάλουν τὸν Ἀννίβαν, οἱ δὲ λοιποὶ πάντες ἀπέβλεπον ἤδη τότε πρὸς Καρχηδονίους: [4] μεγάλας δ' εἶχον ἐλπίδας ἐξ ἐφόδου καὶ τῆς Ῥώμης αὐτῆς ἔσσεσθαι κύριοι: [5] Ῥωμαῖοί γε μὴν τὴν Ἰταλιωτῶν δυναστείαν παραχρήμα διὰ τὴν ἥτταν ἀπεγνώκεισαν, ἐν μεγάλοις δὲ φόβοις καὶ κινδύνοις ἦσαν περὶ τε σφῶν αὐτῶν καὶ περὶ τοῦ τῆς πατρίδος ἐδάφους, ὅσον οὐπω προσδοκῶντες ἤξειν αὐτὸν τὸν Ἀννίβαν. [6] καὶ γὰρ ὥσπερ ἐπιμετρούσης καὶ συνεπαγωνιζομένης τοῖς γεγονόσι τῆς τύχης, συνέβη μετ' ὀλίγας ἡμέρας, τοῦ φόβου κατέχοντος τὴν πόλιν, καὶ τὸν εἰς τὴν Γαλατίαν στρατηγὸν ἀποσταλέντ' εἰς ἐνέδραν ἐμπεσόντα παραδόξως ἄρδην ὑπὸ τῶν Κελτῶν διαφθαρῆναι μετὰ τῆς δυνάμεως. [7] οὐ μὴν ἢ γε σύγκλητος οὐδὲν ἀπέλειπε τῶν ἐνδεχομένων, ἀλλὰ παρεκάλει μὲν τοὺς πολλοὺς, ἡσφαλίζετο δὲ τὰ κατὰ τὴν πόλιν, ἐβουλεύετο δὲ περὶ τῶν ἐνεστῶτων ἀνδρωδῶς. τοῦτο δ' ἐγένετο φανερόν ἐκ τῶν μετὰ ταῦτα συμβάντων: [8] ὁμολογουμένως γὰρ Ῥωμαίων ἡττηθέντων τότε καὶ παραχωρησάντων τῆς ἐν τοῖς ὅπλοις ἀρετῆς, [9] τῇ τοῦ πολιτεύματος ιδιότητι καὶ τῷ βουλευέσθαι καλῶς οὐ μόνον ἀνεκτήσαντο τὴν τῆς Ἰταλίας δυναστείαν, νικήσαντες μετὰ ταῦτα Καρχηδονίους, ἀλλὰ καὶ τῆς οἰκουμένης ἀπάσης ἐγκρατεῖς ἐγένοντο μετ' ὀλίγους χρόνους. [10] διόπερ ἡμεῖς ταύτην μὲν τὴν βύβλον ἐπὶ τούτων τῶν ἔργων καταστρέψομεν, ἃ περιέλαβεν Ἰβηρικῶν καὶ τῶν Ἰταλικῶν ἡ τετταρακοστὴ πρὸς ταῖς ἑκατὸν ὀλυμπιάσι δηλώσαντες: [11] ὅταν δὲ τὰς Ἑλληνικὰς πράξεις τὰς κατὰ τὴν αὐτὴν ὀλυμπιάδα γενομένας διεξιόντες ἐπιστῶμεν τοῖς καιροῖς τούτοις, τότε ἤδη προθέμενοι ψιλῶς τὸν ὑπὲρ αὐτῆς τῆς Ῥωμαίων πολιτείας ποιησόμεθα λόγον, [12] νομίζοντες οὐ μόνον πρὸς τὴν τῆς ἱστορίας σύνταξιν οἰκείαν εἶναι τὴν περὶ αὐτῆς ἐξήγησιν. ἀλλὰ καὶ πρὸς τὰς τῶν πολιτευμάτων διορθώσεις καὶ κατασκευὰς μεγάλα

συμβάλλεσθαι τοῖς φιλομαθοῦσι καὶ πραγματικοῖς τῶν ἀνδρῶν.

BOOK 4

[1] ἐν μὲν τῇ πρὸ ταύτης βύβλῳ τὰς αἰτίας ἐδηλώσαμεν τοῦ δευτέρου συστάντος Ῥωμαίοις καὶ Καρχηδονίοις πολέμου καὶ τὰ περὶ τῆς εἰσβολῆς τῆς εἰς Ἰταλίαν Ἀννίβου διήλθομεν, [2] πρὸς δὲ τούτοις ἐξηγησάμεθα τοὺς γενομένους αὐτοῖς ἀγῶνας πρὸς ἀλλήλους μέχρι τῆς μάχης τῆς περὶ τὸν Αὔφιδον ποταμὸν καὶ πόλιν Κάνναν γενομένης. [3] νῦν δὲ τὰς Ἑλληνικὰς διέξιμεν πράξεις τὰς κατὰ τοὺς αὐτοὺς καιροὺς ἐπιτελεσθείσας τοῖς προειρημένοις καὶ ἀπὸ τῆς ἑκατοστῆς καὶ τετταρακοστῆς ὀλυμπιάδος, [4] πρότερον ἀναμνήσαντες διὰ βραχέων τοὺς ἐντυγχάνοντας τῇ πραγματείᾳ τῆς κατασκευῆς, ἣν ἐν τῇ δευτέρᾳ βύβλῳ περὶ τῶν Ἑλληνικῶν ἐποησάμεθα, καὶ μάλιστα περὶ τοῦ τῶν Ἀχαιῶν ἔθνους, διὰ τὸ καὶ τοῦτο τὸ πολίτευμα παράδοξον ἐπίδοσιν λαβεῖν εἰς τε τοὺς πρὸ ἡμῶν καὶ καθ' ἡμᾶς καιροῦς. [5] ἀρξάμενοι γὰρ ἀπὸ Τισαμενοῦ τῶν Ὀρέστου παίδων ἐνός, καὶ φήσαντες αὐτοὺς ἀπὸ μὲν τούτου βασιλευθῆναι κατὰ γένος ἕως εἰς Ὡγυγον, μετὰ δὲ ταῦτα καλλίστην προαιρέσει χρησαμένους δημοκρατικῆς πολιτείας τὸ μὲν πρῶτον ὑπὸ τῶν ἐκ Μακεδονίας βασιλέων διασπασθῆναι κατὰ πόλεις καὶ κώμας, [6] ἐξῆς δὲ τούτοις ἐπεβαλόμεθα λέγειν πῶς αὐθις ἥρξαντο συμφρονεῖν καὶ πότε καὶ τίνες αὐτοῖς πρῶτοι συνέστησαν. [7] τούτοις δ' ἐπομένως ἐδηλώσαμεν τίνι τρόπῳ καὶ ποία προαιρέσει προσαγόμενοι τὰς πόλεις ἐπεβάλοντο Πελοποννησίους πάντας ὑπὸ τὴν αὐτὴν ἄγειν ὀνομασίαν καὶ πολιτείαν. [8] καθολικῶς δὲ περὶ τῆς προειρημένης ἐπιβολῆς ἀποφηνάμενοι, μετὰ ταῦτα τῶν κατὰ μέρος ἔργων κατὰ τὸ συνεχὲς ἐπιψαύοντες εἰς τὴν Κλεομένους τοῦ Λακεδαιμονίων βασιλέως ἑκπτωσιν κατηντήσαμεν. [9] συγκεφαλαιωσάμενοι δὲ τὰς ἐκ τῆς προκατασκευῆς πράξεις ἕως τῆς Ἀντιγόνου καὶ Σελεύκου καὶ Πτολεμαίου τελευτῆς, ἐπειδὴ περὶ τοὺς αὐτοὺς καιροὺς πάντες οὗτοι μετήλλαξαν, λοιπὸν ἐπηγγειλάμεθα τῆς αὐτῶν πραγματείας ἀρχὴν ποιήσασθαι τὰς ἐξῆς τοῖς προειρημένοις πράξεις,

[1] καλλίστην ὑπόστασιν ὑπολαμβάνοντες εἶναι ταύτην διὰ τὸ πρῶτον μὲν τὴν Ἀράτου σύνταξιν ἐπὶ τούτους καταστρέφειν τοὺς καιροῦς, οἷς συνάπτοντες τὴν διήγησιν τὸν ἀκόλουθον ὑπὲρ τῶν Ἑλλήνων ἀποδιδόναί προηρήμεθα λόγον, [2] δεύτερον δὲ διὰ τὸ καὶ

τοὺς χρόνους οὕτως συντρέχειν τοὺς ἐξῆς καὶ τοὺς πίπτοντας ὑπὸ τὴν ἡμετέραν ἱστορίαν ὥστε τοὺς μὲν καθ' ἡμᾶς εἶναι, τοὺς δὲ κατὰ τοὺς πατέρας ἡμῶν: ἐξ οὗ συμβαίνει τοῖς μὲν αὐτοὺς ἡμᾶς παραγεγονέναι, τὰ δὲ παρὰ τῶν ἑωρακότεων ἀκηκοέναι. [3] τὸ γὰρ ἀνωτέρω προσλαμβάνειν τοῖς χρόνοις, ὡς ἀκοὴν ἐξ ἀκοῆς γράφειν, οὐκ ἐφαίνεθ' ἡμῖν ἀσφαλεῖς ἔχειν οὔτε τὰς διαλήψεις οὔτε τὰς ἀποφάσεις. [4] μάλιστα δ' ἀπὸ τούτων ἠρξάμεθα τῶν καιρῶν διὰ τὸ καὶ τὴν τύχην ὡς ἂν εἰ κεκαινοποιηκέναι πάντα τὰ κατὰ τὴν οἰκουμένην ἐν τοῖς προειρημένοις καιροῖς. [5] Φίλιππος μὲν γὰρ ὁ Δημητρίου κατὰ φύσιν υἱὸς ἔτι παῖς ὢν ἄρτι παρελάμβανε τὴν Μακεδόνων ἀρχήν: [6] Ἀχαιοὺς δὲ τῆς ἐπὶ τάδε τοῦ Ταύρου δυναστεύων οὐ μόνον προστασίαν εἶχε βασιλικήν, ἀλλὰ καὶ δύναμιν: [7] ὁ δὲ Μέγας ἐπικληθεὶς Ἀντίοχος μικροῖς ἀνώτερον χρόνοις, τὰδελφοῦ Σελεύκου μετηλλαχότος, ἔτι κομιδῇ νέος ὢν τὴν ἐν Συρίᾳ διεδέδεκτο βασιλείαν. [8] ἅμα δὲ τούτοις Ἀριαράθης παρέλαβε τὴν Καππαδοκῶν ἀρχήν. ὁ δὲ Φιλοπάτωρ Πτολεμαῖος ἐν τοῖς αὐτοῖς καιροῖς τῶν κατ' Αἴγυπτον ἐγγέγονει κύριος. [9] Λυκοῦργος δὲ Λακεδαιμονίων μετ' οὐ πολὺ κατεστάθη βασιλεὺς. ἤρηντο δὲ Καρχηδόνιοι προσφάτως ἐπὶ τὰς προειρημένας πράξεις στρατηγὸν αὐτῶν Ἀννίβαν. [10] οὕτως δὲ τοιαύτης περὶ πάσας τὰς δυναστείας καινοποιίας οὔσης, ἔμελλε πραγμάτων ἔσσεσθαι καινῶν ἀρχή. τοῦτο γὰρ δὴ πέφυκε καὶ φιλεῖ συμβαίνειν κατὰ φύσιν: ὃ καὶ τότε συνέβη γενέσθαι. [11] Ῥωμαῖοι μὲν γὰρ καὶ Καρχηδόνιοι τὸν προειρημένον ἐνεστήσαντο πόλεμον, Ἀντίοχος δὲ καὶ Πτολεμαῖος ἅμα τούτοις τὸν ὑπὲρ τῆς Κοίλης Συρίας, Ἀχαιοὶ δὲ καὶ Φίλιππος τὸν πρὸς Αἰτωλοὺς καὶ Λακεδαιμονίους: οὗ τὰς αἰτίας συνέβη γενέσθαι τοιαύτας.

[1] Αἰτωλοὶ πάλαι μὲν δυσχερῶς ἔφερον τὴν εἰρήνην καὶ τὰς ἀπὸ τῶν ἰδίων ὑπαρχόντων δαπάνας, ὡς ἂν εἰθισμένοι μὲν ζῆν ἀπὸ τῶν πέλας, δεόμενοι δὲ πολλῆς χορηγίας διὰ τὴν ἔμφυτον ἀλαζονείαν, ἣ δουλεύοντες αἰεὶ πλεονεκτικὸν καὶ θηριώδη ζῶσι βίον, οὐδὲν οἰκεῖον, πάντα δ' ἡγούμενοι πολέμια. [2] οὐ μὴν ἀλλὰ τὸν πρὸ τοῦ χρόνον, ἕως Ἀντίγονος ἐξῆ, δεδιότες Μακεδόνας ἦγον ἡσυχίαν. [3] ἐπειδὴ δ' ἐκεῖνος μετήλλαξε τὸν βίον, παῖδα καταλιπὼν Φίλιππον, καταφρονήσαντες ἐζήτουν ἀφορμὰς καὶ προφάσεις τῆς εἰς Πελοπόννησον ἐπιλοκῆς, ἀγόμενοι κατὰ τὸ παλαιὸν ἔθος ἐπὶ τὰς ἐκ ταύτης ἀρπαγὰς, ἅμα δὲ καὶ νομίζοντες ἀξίόχρεως εἶναι σφᾶς πρὸς τὸ πολεμεῖν αὐτοῖς Ἀχαιοῖς. [4] ὄντες δ' ἐπὶ ταύτης τῆς προθέσεως,

βραχέα ταῦτομάτου σφίσι συνεργήσαντος ἔλαβον ἀφορμὰς πρὸς τὴν ἐπιβολὴν τοιαύτας. [5] Δωρίμαχος ὁ Τριχωνεὺς ἦν μὲν υἱὸς Νικοστράτου τοῦ παρασπονδήσαντος τὴν τῶν Παμβοιωτῶν πανήγυριν, νέος δ' ὢν καὶ πλήρης Αἰτωλικῆς ὀρμῆς καὶ πλεονεξίας ἐξαπεστάλη κατὰ κοινὸν εἰς τὴν τῶν Φιγαλέων πόλιν, [6] ἣτις ἐστὶ μὲν ἐν Πελοποννήσῳ, κεῖται δὲ πρὸς τοῖς τῶν Μεσσηνίων ὄροις, ἐτύγγανε δὲ τότε συμπολιτευομένη τοῖς Αἰτωλοῖς, [7] λόγῳ μὲν παραφυλάξων τὴν τε χώραν καὶ τὴν πόλιν τῶν Φιγαλέων, ἔργῳ δὲ κατασκόπου τάξιν ἔχων τῶν ἐν Πελοποννήσῳ πραγμάτων. [8] συνδραμόντων δὲ πειρατῶν, καὶ παραγενομένων πρὸς αὐτὸν εἰς τὴν Φιγάλειαν, οὐκ ἔχων τούτοις ἀπὸ τοῦ δικαίου συμπαρασκευάζειν ὠφελείας, διὰ τὸ μένειν ἔτι τότε τὴν κοινὴν εἰρήνην τοῖς Ἑλλήσι τὴν ὑπ' Ἀντιγόνου συντελεσθεῖσαν, [9] τέλος ἀπορούμενος ἐπέτρεψε τοῖς πειραταῖς λήζεσθαι τὰ τῶν Μεσσηνίων θρέμματα, φίλων ὄντων καὶ συμμάχων. [10] τὸ μὲν οὖν πρῶτον ἡδίκουν τὰ περὶ τὰς ἐσχατίας ποίμνια, μετὰ δὲ ταῦτα, προβαινούσης τῆς ἀπονοίας, ἐνεχείρησαν καὶ τὰς ἐπὶ τῶν ἀγρῶν οἰκίας ἐκκόπτειν, ἀνυπονοήτως τὰς νύκτας ἐπιφαινόμενοι. [11] τῶν δὲ Μεσσηνίων ἐπὶ τούτοις ἀγανακτούντων καὶ διαπρεσβευομένων πρὸς τὸν Δωρίμαχον, τὰς μὲν ἀρχὰς παρήκουε, βουλόμενος τὰ μὲν ὠφελεῖν τοὺς ὑπ' αὐτὸν ταττομένους, τὰ δ' αὐτὸς ὠφελεῖσθαι, μερίτης γινόμενος τῶν λαμβανομένων. [12] πλεοναζούσης δὲ τῆς παρουσίας τῶν πρεσβειῶν διὰ τὴν συνέχειαν τῶν ἀδικημάτων, αὐτὸς ἤξειν ἐπὶ τὴν Μεσσήνην ἔφη, δικαιολογησόμενος πρὸς τοὺς ἐγκαλοῦντας τοῖς Αἰτωλοῖς. [13] ἐπειδὴ δὲ παρεγένετο, προσπορευομένων αὐτῷ τῶν ἡδικημένων, τοὺς μὲν διέσυρε χλευάζων, τῶν δὲ κατανίστατο, τοὺς δ' ἐξέπληττε λοιδορῶν.

[1] ἔτι δ' αὐτοῦ παρεπιδημοῦντος ἐν τῇ Μεσσήνῃ, συνεγγίσαντες τῇ πόλει νυκτὸς οἱ πειραταὶ καὶ προσβαλόντες κλίμακας ἐξέκοψαν τὸ Χυρῶνος καλούμενον ἐπαύλιον, καὶ τοὺς μὲν ἀμυνομένους ἀπέσφαξαν, τοὺς δὲ λοιποὺς τῶν οἰκετῶν δῆσαντες καὶ τὰ κτήνη μετ' αὐτῶν ἀπήγαγον. [2] οἱ δὲ τῶν Μεσσηνίων ἔφοροι, πάλαι μὲν ἐπὶ τε τοῖς γινομένοις καὶ τῇ παρεπιδημίᾳ τοῦ Δωριμάχου διαλγοῦντες, τότε δὲ καὶ προσενυβρίζεσθαι δόξαντες, ἀνεκαλοῦντ' αὐτὸν εἰς τὰς συναρχίας. [3] ἐν ᾧ καιρῷ Σκύρων, ὃς ἦν μὲν ἔφορος τότε τῶν Μεσσηνίων, εὐδοκίμει δὲ καὶ κατὰ τὸν ἄλλον βίον παρὰ τοῖς πολίταις, συνεβούλευε μὴ προίεσθαι τὸν Δωρίμαχον ἐκ τῆς πόλεως, εἰ μὴ τὰ μὲν ἀπολωλότα πάντα τοῖς Μεσσηνίοις ἀποκαταστήσῃ,

περὶ δὲ τῶν τεθνεώτων δωσιδίκους παράσχη τοὺς ἡδικοκώτας. [4] πάντων δ' ἐπισημηναμένων ὡς δίκαια λέγοντος τοῦ Σκύρωνος, διοργισθεὶς ὁ Δωρίμαχος εὐήθεις αὐτοὺς ἔφη τελέως ὑπάρχειν, εἰ Δωρίμαχον οἶονται νῦν προπηλακίζειν, ἀλλ' οὐ τὸ κοινὸν τῶν Αἰτωλῶν· καὶ καθόλου δεινὸν ἡγεῖτο τὸ γινόμενον, καὶ κοινῆς αὐτοὺς ἐπιστροφῆς ἔφη τεύξεσθαι, καὶ τοῦτο πείσεσθαι δικαίως. [5] ἦν δέ τις κατ' ἐκείνους τοὺς καιροὺς ἄνθρωπος ἀσυρῆς ἐν τῇ Μεσσήνῃ, τῶν ἐξηρμένων τὸν ἄνδρα κατὰ πάντα τρόπον, ὄνομα Βαβύρτας, ὃ τις εἰ περιέθηκε τὴν καυσίαν καὶ χλαμύδα τοῦ Δωριμάχου, μὴ οἶόν τ' εἶναι διαγινώσκειν· [6] ἐπὶ τοσοῦτον ἐξωμοίωτο κατὰ τε τὴν φωνὴν καὶ ἄλλα μέρη τοῦ σώματος τῷ προειρημένῳ. καὶ τοῦτ' οὐκ ἐλάνθανε τὸν Δωρίμαχον. [7] ὁμιλοῦντος οὖν [αὐτοῦ] ἀνατατικῶς τότε καὶ μάλ' ὑπερηφάνως τοῖς Μεσσηνίοις, περιοργισθεὶς ὁ Σκύρων “νομίζεις γὰρ ἡμῖν” ἔφη “σοῦ μέλειν ἢ τῆς σῆς ἀνατάσεως, Βαβύρτα;” ῥηθέντος δὲ τούτου, [8] παραντικά μὲν εἷξας ὁ Δωρίμαχος τῇ περιστάσει συνεχώρησε πάντων ἐπιστροφὴν ποιήσεσθαι τῶν γεγονότων ἀδικημάτων τοῖς Μεσσηνίοις· [9] ἐπανελθὼν δ' εἰς τὴν Αἰτωλίαν οὕτω πικρῶς ἠνεγκε καὶ βαρέως τὸ ῥηθὲν ὡς οὐδεμίαν ἄλλην ἔχων εὖλογον πρόφασιν δι' αὐτὸ τοῦτο τοῖς Μεσσηνίοις ἐξέκαυσε τὸν πόλεμον.

[1] στρατηγὸς μὲν οὖν ὑπῆρχε τῶν Αἰτωλῶν Ἀρίστων· οὗτος δὲ διὰ τινὰς σωματικὰς ἀσθενείας ἀδύνατος ὢν πρὸς πολεμικὴν χρεῖαν, ἅμα δὲ καὶ συγγενὴς ὑπάρχων Δωριμάχου καὶ Σκόπα, τρόπον τινὰ παρακεχωρήκει τούτῳ τῆς ὅλης ἀρχῆς. [2] ὁ δὲ Δωρίμαχος κατὰ κοινὸν μὲν οὐκ ἐτόλμα παρακαλεῖν τοὺς Αἰτωλοὺς εἰς τὸν κατὰ τῶν Μεσσηνίων πόλεμον διὰ τὸ μηδεμίαν ἔχειν ἀξίαν λόγου πρόφασιν, ἀλλ' ὁμολογουμένως ἐκ παρανομίας καὶ σκώμματος γεγονέναι τὴν ὁρμὴν· [3] ἀφέμενος δὲ τῆς ἐπινοίας ταύτης ἰδίᾳ προετρέπετο τὸν Σκόπαν κοινωῆσαι τῆς ἐπιβολῆς αὐτῷ τῆς κατὰ τῶν Μεσσηνίων, ὑποδεικνύων μὲν τὴν ἀπὸ Μακεδόνων ἀσφάλειαν διὰ τὴν ἡλικίαν τοῦ προεστῶτος — οὐ γὰρ εἶχε πλεῖον ἐτῶν τότε Φίλιππος ἑπτακαίδεκα — [4] παρατιθεὶς δὲ τὴν Λακεδαιμονίων ἀλλοτριότητα πρὸς τοὺς Μεσσηνίους, ἀναμιμνήσκων δὲ τῆς Ἥλειων πρὸς σφᾶς εὐνοίας καὶ συμμαχίας· ἐξ ὧν ἀσφαλῆ τὴν εἰσβολὴν τὴν εἰς τὴν Μεσσηνίαν ἐσομένην αὐτοῖς ἀπέφαινε. [5] τὸ δὲ συνέχον τῆς Αἰτωλικῆς προτροπῆς, ὑπὸ τὴν ὅψιν ἐτίθει τὰς ἐσομένας ὠφελείας ἐκ τῆς τῶν Μεσσηνίων χώρας, οὔσης ἀπρονοήτου καὶ διαμεμενηκυίας

ἀκεραίου μόνης τῶν ἐν Πελοποννήσῳ κατὰ τὸν Κλεομενικὸν πόλεμον. [6] ἐπὶ δὲ πᾶσι τούτοις συνίστανε τὴν ἐξακολουθήσουσαν εὖνοιαν σφίσι παρὰ τοῦ τῶν Αἰτωλῶν πλήθους. [7] Ἀχαιοὺς δ', ἂν μὲν κωλύσωσι τὴν δίοδον, οὐκ ἔρεῖν ἐγκλήματα τοῖς ἀμυνομένοις· ἐὰν δ' ἀγάγωσι τὴν ἡσυχίαν, οὐκ ἐμποδιεῖν αὐτοῖς πρὸς τὴν ἐπιβολήν. [8] πρὸς δὲ Μεσσηνίους προφάσεως οὐκ ἀπορήσειν ἔφη· πάλαι γὰρ αὐτοὺς ἀδικεῖν Ἀχαιοὺς καὶ Μακεδόσιν ἐπηγγελλένους κοινωνήσειν τῆς συμμαχίας. [9] ταῦτα δ' εἰπὼν καὶ παραπλήσια τούτοις ἕτερα πρὸς τὴν αὐτὴν ὑπόθεσιν, τοιαύτην ὁρμὴν παρέστησε τῷ Σκόπῳ καὶ τοῖς τούτου φίλοις ὥστ' οὔτε κοινὴν τῶν Αἰτωλῶν προσδεξάμενοι σύνοδον οὔτε τοῖς ἀποκλήτοις συμμεταδόντες, οὐδὲ μὴν ἄλλο τῶν καθηκόντων οὐδὲν πράξαντες, [10] κατὰ δὲ τὰς αὐτῶν ὁρμὰς καὶ κρίσεις διαλαβόντες ἅμα Μεσσηνίοις, Ἑπειρώταις, Ἀχαιοῖς, Ἀκαρνᾶσι, Μακεδόσι πόλεμον ἐξήνεγκαν.

[1] καὶ κατὰ μὲν θάλατταν παραχρῆμα πειρατὰς ἐξέπεμψαν, οἱ περιτυχόντες πλοίῳ βασιλικῷ τῶν ἐκ Μακεδονίας περὶ Κύθηρα, τοῦτό τ' εἰς Αἰτωλίαν καταγαγόντες αὐτανδρον, τοὺς τε ναυκλήρους καὶ τοὺς ἐπιβάτας, σὺν δὲ τούτοις τὴν ναῦν ἀπέδοντο. τῆς δ' Ἑπείρου τὴν παραλίαν ἐπόρθουν, [2] συγχρώμενοι πρὸς τὴν ἀδικίαν ταῖς τῶν Κεφαλλήνων νausίν· ἐπεβάλοντο δὲ καὶ τῆς Ἀκαρνανίας Θύριον καταλαβέσθαι. [3] ἅμα δὲ τούτοις λάθρᾳ διὰ Πελοποννήσου τινὰς πέμψαντες ἐν μέσῃ τῇ τῶν Μεγαλοπολιτῶν χώρα κατέσχον τὸ καλούμενον ὀχύρωμα Κλάριον· ὃ λαφυροπωλείῳ χρησάμενοι διηγὼν ἐν τούτῳ πρὸς τὰς ἀρπαγὰς. [4] οὐ μὴν ἀλλὰ τοῦτο μὲν Τιμόξενος ὁ τῶν Ἀχαιῶν στρατηγός, παραλαβὼν Ταυρίωνα τὸν ἐπὶ τῶν ἐν Πελοποννήσῳ βασιλικῶν πραγμάτων ὑπ' Ἀντιγόνου καταλελειμμένον, ἐξεπολιόρκησε τελέως ἐν ὀλίγαις ἡμέραις. [5] ὁ γὰρ βασιλεὺς Ἀντίγονος Κόρινθον μὲν εἶχε κατὰ τὸ τῶν Ἀχαιῶν συγχώρημα διὰ τοὺς Κλεομενικοὺς καιροὺς, Ὀρχομενὸν δὲ κατὰ κράτος ἔλων οὐκ ἀποκατέστησε τοῖς Ἀχαιοῖς, ἀλλὰ σφετερισάμενος κατεῖχε, βουλόμενος, [6] ὥς γ' ἐμοὶ δοκεῖ, μὴ μόνον τῆς εἰσόδου κυριεύειν τῆς εἰς Πελοπόννησον, ἀλλὰ καὶ τὴν μεσόγειαν αὐτῆς παραφυλάττειν διὰ τῆς ἐν Ὀρχομενῷ φρουρᾶς καὶ παρασκευῆς. [7] οἱ δὲ περὶ τὸν Δωρίμαχον καὶ Σκόπαν παρατηρήσαντες τὸν καιρὸν, ἐν ᾧ λοιπὸς ἦν Τιμοξένῳ μὲν ὀλίγος ἔτι χρόνος τῆς ἀρχῆς, Ἄρατος δὲ καθίστατο μὲν εἰς τὸν ἐνιαυτὸν τὸν ἐπιόντα στρατηγὸς ὑπὸ τῶν Ἀχαιῶν, οὐπω δ' ἔμελλε τὴν ἀρχὴν ἔξειν, [8] συναθροίσαντες

πανδημεὶ τοὺς Αἰτωλοὺς ἐπὶ τὸ Ῥίον, καὶ παρασκευασάμενοι πορθμεῖα καὶ τὰς Κεφαλλήνων ἐτοιμάσαντες ναῦς, διεβίβασαν τοὺς ἄνδρας εἰς Πελοπόννησον καὶ προῆγον ἐπὶ τὴν Μεσσηνίαν. [9] ποιούμενοι δὲ τὴν πορείαν διὰ τῆς Πατρέων καὶ Φαραιέων καὶ Τριταιέων χώρας ὑπεκρίνοντο μὲν βούλεσθαι μηδὲν ἀδίκημα ποιεῖν εἰς τοὺς Ἀχαιοὺς, [10] οὐ δυναμένου δὲ τοῦ πλήθους ἀπέχεσθαι τῆς χώρας διὰ τὴν πρὸς τὰς ὠφελείας ἀκρασίαν, κακοποιοῦντες αὐτὴν καὶ λυμαίνόμενοι διήεσαν, μέχρι παρεγενήθησαν εἰς τὴν Φιγάλειαν. [11] ποιησάμενοι δὲ τὴν ὁρμὴν ἐντεῦθεν αἰφνιδίως καὶ θρασέως, ἐνέβαλον εἰς τὴν τῶν Μεσσηνίων χώραν, οὔτε τῆς ὑπαρχούσης αὐτοῖς ἐκ παλαιῶν χρόνων πρὸς τοὺς Μεσσηνίους φιλίας καὶ συμμαχίας οὐδ' ἦντινοῦν ποιησάμενοι πρόνοιαν οὔτε τῶν κατὰ κοινὸν ὀρισμένων δικαίων παρ' ἀνθρώποις. [12] ἅπαντα δ' ἐν ἐλάττονι θέμενοι τῆς σφετέρως πλεονεξίας ἀδεῶς ἐπόρθουν, οὐ τολμώντων ἐπεξιέναι καθόλου τῶν Μεσσηνίων.

[1] οἱ δ' Ἀχαιοί, καθηκούσης αὐτοῖς ἐκ τῶν νόμων συνόδου κατὰ τὸν καιρὸν τοῦτον, ἦκον εἰς Αἶγιον. συνελθόντες δ' εἰς τὴν ἐκκλησίαν, [2] καὶ τῶν τε Πατρέων καὶ Φαραιέων ἀπολογιζομένων τὰ γεγονότα περὶ τὴν χώραν αὐτῶν ἀδικήματα κατὰ τὴν τῶν Αἰτωλῶν δίοδον, τῶν τε Μεσσηνίων παρόντων κατὰ πρεσβείαν καὶ δεομένων σφίσι βοηθεῖν ἀδικουμένοις καὶ παρασπονδουμένοις, [3] διακούσαντες τῶν λεγομένων, καὶ συναγανακτοῦντες μὲν τοῖς Πατρεῦσι καὶ Φαραιεῦσι, συμπάσχοντες δὲ ταῖς τῶν Μεσσηνίων ἀτυχίαις, [4] μάλιστα δὲ νομίζοντες εἶναι δεινὸν εἰ μήτε συγχωρήσαντος τοῖς Αἰτωλοῖς μηδενὸς τὴν δίοδον μήτε καθάπαξ ἐπιβαλόμενοι παραιτεῖσθαι κατετόλμησαν ἐπιβῆναι στρατοπέδῳ τῆς Ἀχαΐας παρὰ τὰς συνθήκας, [5] ἐπὶ πᾶσι τούτοις παροξυνθέντες ἐψηφίσαντο βοηθεῖν τοῖς Μεσσηνίοις καὶ συνάγειν τὸν στρατηγὸν τοὺς Ἀχαιοὺς ἐν τοῖς ὅπλοις: ὃ δ' ἂν τοῖς συνελθοῦσι βουλευομένοις δόξῃ, τοῦτ' εἶναι κύριον. [6] ὁ μὲν οὖν Τιμόξενος ὁ τότε ἔθ' ὑπάρχων στρατηγός, ὅσον οὕτω ληγούσης τῆς ἀρχῆς, ἅμα δὲ τοῖς Ἀχαιοῖς ἀπιστῶν διὰ τὸ ῥαθύμως αὐτοὺς ἐσχηκέναι κατὰ τὸ παρὸν περὶ τὴν ἐν τοῖς ὅπλοις γυμνασίαν, ἀνεδύετο τὴν ἔξοδον καὶ καθόλου τὴν συναγωγὴν τῶν ὄχλων. [7] μετὰ γὰρ τὴν Κλεομένους τοῦ Σπαρτιατῶν βασιλέως ἔκπτωσιν, κάμνοντες μὲν τοῖς προγεγονόσι πολέμοις, πιστεύοντες δὲ τῇ παρούσῃ καταστάσει, πάντες ὀλιγώρησαν Πελοποννήσιοι τῆς περὶ τὰ πολεμικὰ παρασκευῆς. [8] ὁ δ' Ἄρατος,

σχετλιάζων καὶ παροξυνόμενος ἐπὶ τῇ τόλμῃ τῶν Αἰτωλῶν, θυμικώτερον ἐχρῆτο τοῖς πράγμασιν, ἅτε καὶ προϋπαρχούσης αὐτοῖς ἀλλοτριότητος ἐκ τῶν ἐπάνω χρόνων. [9] διὸ καὶ συνάγειν ἔσπευδε τοὺς Ἀχαιοὺς ἐν τοῖς ὅπλοις καὶ συμβαλεῖν πρόθυμος ἦν τοῖς Αἰτωλοῖς. [10] τέλος δὲ πένθ' ἡμέραις πρότερον τοῦ καθήκοντος αὐτῷ χρόνου παραλαβὼν παρὰ τοῦ Τιμοξένου τὴν δημοσίαν σφραγίδα, πρὸς τε τὰς πόλεις ἔγραφε καὶ συνῆγε τοὺς ἐν ταῖς ἡλικίαις μετὰ τῶν ὅπλων εἰς τὴν Μεγάλην πόλιν. [11] ὑπὲρ οὗ δοκεῖ μοι πρέπον εἶναι βραχέα προειπεῖν διὰ τὴν ιδιότητα τῆς φύσεως.

[1] Ἄρατος γὰρ ἦν τὰ μὲν ἄλλα τέλειος ἀνὴρ εἰς τὸν πραγματικὸν τρόπον· [2] καὶ γὰρ εἰπεῖν καὶ διανοηθῆναι καὶ στέξει τὸ κριθὲν δυνατός, καὶ μὴν ἐνεγκεῖν τὰς πολιτικὰς διαφορὰς πρῶως καὶ φίλους ἐνδῆσασθαι καὶ συμμάχους προσλαβεῖν οὐδενὸς δεύτερος, [3] ἔτι δὲ πράξεις, ἀπάτας, ἐπιβουλάς συστήσασθαι κατὰ τῶν πολεμίων, καὶ ταύτας ἐπὶ τέλος ἀγαγεῖν διὰ τῆς αὐτοῦ κακοπαθείας καὶ τόλμης, δεινότατος. [4] ἐναργῆ δὲ τῶν τοιούτων μαρτύρια καὶ πλείω μὲν, ἐκφανέστατα δὲ τοῖς ἱστορηκόσι κατὰ μέρος περὶ τε τῆς Σικυῶνος καὶ Μαντινείας καταλήψεως καὶ περὶ τῆς Αἰτωλῶν ἐκ τῆς Πελληνέων πόλεως ἐκβολῆς, τὸ δὲ μέγιστον, περὶ τῆς κατὰ τὸν Ἀκροκόρινθον πράξεως. [5] ὁ δ' αὐτὸς οὗτος, ὅτε τῶν ὑπαίθρων ἀντιποιήσασθαι βουληθείη, νωθρὸς μὲν ἐν ταῖς ἐπινοίαις, ἄτολμος δ' ἐν ταῖς ἐπιβολαῖς, ἐν ᾧ οὐ μόνων τὸ δεινόν. [6] διὸ καὶ τροπαίων ἐπ' αὐτὸν βλέπόντων ἐπλήρωσε τὴν Πελοπόννησον, καὶ τῇδὲ πῃ τοῖς πολεμίοις ἀεὶ ποτ' ἦν εὐχείρωτος. [7] οὕτως αἱ τῶν ἀνθρώπων φύσεις οὐ μόνον τοῖς σώμασιν ἔχουσί τι πολυειδές, ἔτι δὲ μᾶλλον ταῖς ψυχαῖς, ὥστε τὸν αὐτὸν ἄνδρα μὴ μόνον ἐν τοῖς διαφέρουσι τῶν ἐνεργημάτων πρὸς ἃ μὲν εὐφυῶς ἔχειν, πρὸς ἃ δ' ἐναντίως, ἀλλὰ καὶ περὶ τινὰ τῶν ὁμοειδῶν πολλάκις τὸν αὐτὸν καὶ συνετώτατον εἶναι καὶ βραδύτατον, ὁμοίως δὲ καὶ τολμηρότατον καὶ δειλότατον. [8] οὐ παράδοξα ταῦτά γε, συνήθη δὲ καὶ γνώριμα τοῖς βουλομένοις συνεφιστάνειν. [9] τινὲς μὲν γὰρ ἐν ταῖς κυνηγίαις εἰσὶ τολμηροὶ πρὸς τὰς τῶν θηρίων συγκαταστάσεις, οἱ δ' αὐτοὶ πρὸς ὅπλα καὶ πολεμίους ἀγεννεῖς, καὶ τῆς γε πολεμικῆς χρείας τῆς κατ' ἄνδρα μὲν καὶ κατ' ἰδίαν εὐχερεῖς καὶ πρακτικοί, κοινῇ δὲ καὶ μετὰ πολεμικῆς ἐπ' ἴσον συντάξεως ἄπρακτοι. [10] Θετταλῶν γοῦν ἱππεῖς κατ' ἴλην μὲν καὶ φαλαγγηδὸν ἀνυπόστατοι, χωρὶς δὲ παρατάξεως πρὸς καιρὸν καὶ τόπον κατ' ἄνδρα κινδυνεῦσαι δύσχρηστοι καὶ βραδεῖς· Αἰτωλοὶ

δὲ τούτων τάναντία. [11] Κρήτες δὲ καὶ κατὰ γῆν καὶ κατὰ θάλατταν πρὸς μὲν ἐνέδρας καὶ ληστείας καὶ κλοπὰς πολεμίων καὶ νυκτερινὰς ἐπιθέσεις καὶ πάσας τὰς μετὰ δόλου καὶ κατὰ μέρος χρείας ἀνυπόστατοι, πρὸς δὲ τὴν ἐξ ὁμολόγου καὶ κατὰ πρόσωπον φαλαγγιδὸν ἔφοδον ἀγεννεῖς καὶ πλάγιοι ταῖς ψυχαῖς· Ἀχαιοὶ δὲ καὶ Μακεδόνες τάναντία τούτων. [12] ταῦτα μὲν εἰρήσθω μοι χάριν τοῦ μὴ διαπιστεῖν τοὺς ἀναγινώσκοντας τοῖς λεγομένοις, ἐάν που περὶ τῶν αὐτῶν ἀνδρῶν ἐναντίας ἀποφάσεις ποιῶμεθα περὶ τὰ παραπλήσια τῶν ἐπιτηδευμάτων.

[1] ἄθροισθέντων δὲ τῶν ἐν ταῖς ἡλικίαις μετὰ τῶν ὅπλων εἰς τὴν Μεγάλην πόλιν κατὰ δόγμα τῶν Ἀχαιῶν — [2] ἀπὸ γὰρ τούτων παρεξέβημεν — καὶ τῶν Μεσσηνίων αὐθις ἐπιπορευθέντων ἐπὶ τὸ πλῆθος καὶ δεομένων μὴ περιδεῖν σφᾶς οὕτω προφανῶς παρασπονδουμένους, βουλομένων δὲ καὶ τῆς κοινῆς συμμαχίας μετασχεῖν καὶ σπευδόντων ὁμοῦ τοῖς ἄλλοις ἐπιγραφῆναι, [3] περὶ μὲν τῆς συμμαχίας οἱ προεστῶτες τῶν Ἀχαιῶν ἀπέλεγον, οὐ φάσκοντες δυνατόν εἶναι χωρὶς Φιλίππου καὶ τῶν συμμάχων οὐδένα προσλαβεῖν· [4] ἔτι γὰρ ἔνορκος ἔμενε πᾶσιν ἡ γεγεννημένη συμμαχία δι’ Ἀντιγόνου κατὰ τοὺς Κλεομενικοὺς καιροὺς Ἀχαιοῖς, Ἑπειρώταις, Φωκεῦσι, Μακεδόσι, Βοιωτοῖς, Ἀκαρναῖσι, Θετταλοῖς. [5] ἐξελεύσεσθαι δὲ καὶ βοηθήσειν αὐτοῖς ἔφασαν, ἐὰν ὄμῃρα δῶσιν οἱ παραγεγονότες τοὺς ἑαυτῶν υἱεῖς εἰς τὴν τῶν Λακεδαιμονίων πόλιν χάριν τοῦ μὴ διαλυθῆσεσθαι πρὸς Αἰτωλοὺς χωρὶς τῆς τῶν Ἀχαιῶν βουλήσεως. [6] ἐστρατοπέδευον δὲ καὶ Λακεδαιμόνιοι, κατὰ τὴν συμμαχίαν ἐξεληλυθότες, ἐπὶ τοῖς τῶν Μεγαλοπολιτῶν ὄροις, ἐφέδρων καὶ θεωρῶν μᾶλλον ἢ συμμάχων ἔχοντες τάξιν. [7] Ἄρατος δὲ τὸν τρόπον τοῦτον τὰ πρὸς Μεσσηνίους διαπράξας, ἔπεμπε πρὸς τοὺς Αἰτωλοὺς, διασαφῶν τὰ δεδογμένα καὶ παρακελεύόμενος ἐπανάγειν ἐκ τῆς τῶν Μεσσηνίων χώρας καὶ τῆς Ἀχαΐας μὴ ψαῦειν· εἰ δὲ μή, διότι χρήσεται τοῖς ἐπιβαίνουσιν ὥς πολεμίους. [8] Σκόπας δὲ καὶ Δωρίμαχος ἀκούσαντες τὰ λεγόμενα καὶ γνόντες ἡθροισμένους τοὺς Ἀχαιοὺς, ἡγοῦντο συμφέρειν σφίσι τότε τίθεσθαι τοῖς παραγγελλομένοις. [9] παραυτίκα μὲν οὖν ἐξαπέστελλον γραμματοφόρους εἷς τε Κυλλήνην καὶ πρὸς Ἀρίστωναν τὸν τῶν Αἰτωλῶν στρατηγόν, ἀξιοῦντες κατὰ σπουδὴν αὐτοῖς ἀποστέλλειν τὰ πορθμεῖα τῆς Ἥλειας εἰς τὴν Φειάδα καλουμένην νῆσον. [10] αὐτοὶ δὲ μετὰ δύο ἡμέρας ἀνέξευζαν γέμοντες τῆς λείας, καὶ προῆγον ὥς ἐπὶ

τὴν Ἥλειαν. αἰεὶ γάρ ποτε τῆς τῶν Ἥλειων ἀντείχοντο φιλίας Αἰτωλοὶ χάριν τοῦ διὰ τούτων ἐπιπλοκάς λαμβάνειν πρὸς τὰς ἀρπαγὰς τὰς ἐκ Πελοποννήσου καὶ ληστείας.

[1] ὁ δ' Ἄρατος ἐπιμείνας δύο ἡμέρας, καὶ πιστεύσας εὐήθως ὅτι ποιήσονται τὴν ἐπάνοδον, καθάπερ ὑπεδείκνυσαν, τοὺς μὲν λοιποὺς Ἀχαιοὺς καὶ τοὺς Λακεδαιμονίους διαφῆκε πάντας εἰς τὴν οἰκίαν, [2] τρισχιλίους δ' ἔχων πεζοὺς καὶ τριακοσίους ἵππεις καὶ τοὺς ἅμα τῷ Ταυρίωνι στρατιώτας, προῆγε τὴν ἐπὶ Πάτρας, ἀντιπαράγειν τοῖς Αἰτωλοῖς προαιρούμενος. [3] οἱ δὲ περὶ τὸν Δωρίμαχον, πυνθανόμενοι τοὺς περὶ τὸν Ἄρατον ἀντιπαράγειν αὐτοῖς καὶ συμμένειν, τὰ μὲν διαγωνιάσαντες μὴ κατὰ τὴν εἰς τὰς ναῦς ἔμβασιν ἐπίθωνται σφίσι περισπωμένοις, τὰ δὲ σπουδάζοντες συγγέαι τὸν πόλεμον, [4] τὴν μὲν λείαν ἀπέστειλαν ἐπὶ τὰ πλοῖα, συστήσαντες τοὺς ἱκανοὺς καὶ τοὺς ἐπιτηδεῖους πρὸς τὴν διακομιδὴν, προσεντειλάμενοι τοῖς ἐκπεμπομένοις ταῦτα πρὸς τὸ Ῥίον ἀπαντᾶν, ὥς ἐντεῦθεν ποιησόμενοι τὴν ἔμβασιν, [5] αὐτοὶ δὲ τὸ μὲν πρῶτον ἐφήδρευον τῇ τῆς λείας ἐξαποστολῇ περιέποντες, μετὰ δὲ ταῦτα προῆγον ἐκ μεταβολῆς ὥς ἐπ' Ὀλυμπίας. [6] ἀκούοντες δὲ τοὺς περὶ τὸν Ταυρίωνα μετὰ τοῦ προειρημένου πλήθους περὶ τὴν Κλειτορίαν εἶναι, καὶ νομίζοντες οὐδ' ὥς δυνήσεσθαι τὴν ἀπὸ τοῦ Ῥίου διάβασιν ἄνευ κινδύνου ποιήσεσθαι καὶ συμπλοκῆς, [7] ἔκριναν συμφέρειν τοῖς σφετέροις πράγμασιν ὥς τάχιστα συμμῖξαι τοῖς περὶ τὸν Ἄρατον, ἀκμὴν ὀλίγοις οὔσι καὶ τοῦ μέλλοντος ἀνυπονοήτοις, [8] ὑπολαβόντες, ἂν μὲν τρέψωνται τούτους, προκατασύραντες τὴν χώραν ἀσφαλῆ ποιήσεσθαι τὴν ἀπὸ τοῦ Ῥίου διάβασιν, ἐν ᾧ μέλλει καὶ βουλεύεται συναθροίζεσθαι ἄλιν τὸ τῶν Ἀχαιῶν πλῆθος, [9] ἂν δὲ καταπλαγέντες φυγομαχώσι καὶ μὴ βούλωνται συμβάλλειν οἱ περὶ τὸν Ἄρατον, ἄνευ κινδύνου ποιήσεσθαι τὴν ἀπόλυσιν, ὅποταν αὐτοῖς δοκῇ συμφέρειν. [10] οὗτοι μὲν οὖν τοιούτοις χρησάμενοι λογισμοῖς προῆγον, καὶ κατεστρατοπέδευσαν περὶ

[1] Μεθύδριον τῆς Μεγαλοπολίτιδος: οἱ δὲ τῶν Ἀχαιῶν ἡγεμόνες, συνέντες τὴν παρουσίαν τῶν Αἰτωλῶν, οὕτως κακῶς ἐχρήσαντο τοῖς πράγμασιν ὥσθ' ὑπερβολὴν ἀνοίας μὴ καταλιπεῖν. [2] ἀναστρέψαντες γὰρ ἐκ τῆς Κλειτορίας κατεστρατοπέδευσαν περὶ Καφύας. [3] τῶν δ' Αἰτωλῶν ποιουμένων τὴν πορείαν ἀπὸ Μεθυδρίου παρὰ τὴν τῶν Ὀρχομενίων πόλιν, ἐξάγοντες τοὺς Ἀχαιοὺς ἐν τῷ τῶν Καφυέων πεδίῳ παρενέβαλον, πρόβλημα ποιούμενοι τὸν δι' αὐτοῦ ρέοντα

ποταμόν. [4] οἱ δ' Αἰτωλοὶ καὶ διὰ τὰς μεταξὺ δυσχωρίας — ἦσαν γὰρ ἔτι πρὸ τοῦ ποταμοῦ τάφροι καὶ πλείους δύσβατοι — καὶ διὰ τὴν ἐπίφασιν τῆς ἐτοιμότητος τῶν Ἀχαιῶν πρὸς τὸν κίνδυνον τοῦ μὲν ἐγχειρεῖν τοῖς ὑπεναντίοις κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν ἀπεδειλίασαν, [5] μετὰ δὲ πολλῆς εὐταξίας ἐποιοῦντο τὴν πορείαν ὥς ἐπὶ τὰς ὑπερβολὰς ἐπὶ τὸν Ὀλύγγυρτον, ἀσμενίζοντες, εἰ μὴ τις αὐτοῖς ἐγχειροίη καὶ βιάζοιτο κινδυνεύειν. [6] οἱ δὲ περὶ τὸν Ἄρατον, τῆς μὲν πρωτοπορείας τῶν Αἰτωλῶν ἤδη προσβαινούσης πρὸς τὰς ὑπερβολὰς, τῶν δ' ἱππέων οὐραγούντων διὰ τοῦ πεδίου καὶ συνεγγιζόντων τῷ προσαγορευομένῳ Πρόποδι τῆς παρωρείας, ἐξαποστέλλουσι τοὺς ἱππεῖς καὶ τοὺς εὐζώνους, Ἐπίστρατον ἐπιστήσαντες τὸν Ἀκαρνᾶνα, καὶ συντάξαντες ἐξάπτεσθαι τῆς οὐραγίας καὶ καταπειράζειν τῶν πολεμίων. [7] καίτοι γ' εἰ μὲν ἦν κινδυνευτέον, οὐ πρὸς τὴν οὐραγίαν ἐχρῆν συμπλέκεσθαι, διηνυκότων ἤδη τῶν πολεμίων τοὺς ὁμαλοὺς τόπους, πρὸς δὲ τὴν πρωτοπορείαν, εὐθέως ἐμβαλόντων εἰς τὸ πεδῖον. [8] οὕτως γὰρ ἂν τὸν ἀγῶνα συνέβη γενέσθαι τὸν ὅλον ἐν τοῖς ἐπιπέδοις καὶ πεδινοῖς τόποις, οὗ τοὺς μὲν Αἰτωλοὺς δυσχρηστοτάτους εἶναι συνέβαινε διὰ τε τὸν καθοπλισμὸν καὶ τὴν ὅλην σύνταξιν, τοὺς δ' Ἀχαιοὺς εὐχρηστοτάτους καὶ δυναμικωτάτους διὰ τὰναντία τῶν προειρημένων. [9] νῦν δ' ἀφέμενοι τῶν οἰκείων τόπων καὶ καιρῶν εἰς τὰ τῶν πολεμίων προτερήματα συγκατέβησαν. τοιγαροῦν ἀκόλουθον

[1] τὸ τέλος ἐξέβη τοῦ κινδύνου ταῖς ἐπιβολαῖς. ἐξαπτομένων γὰρ τῶν εὐζώνων τηροῦντες οἱ τῶν Αἰτωλῶν ἱππεῖς τὴν τάξιν ἀπεχώρουν εἰς τὴν παρῳρείαν, σπεύδοντες συνάψαι τοῖς παρ' αὐτῶν πεζοῖς. [2] οἱ δὲ περὶ τὸν Ἄρατον, οὔτε κατιδόντες καλῶς τὸ γινόμενον οὔτ' ἐκλογισάμενοι δεόντως τὸ μετὰ ταῦτα συμβησόμενον, ἅμα τῷ τοὺς ἱππεῖς ἰδεῖν ὑποχωροῦντας ἐλπίσαντες αὐτοὺς φεύγειν, [3] τοὺς μὲν ἀπὸ τῶν κεράτων θωρακίτας ἐξαπέστειλαν, παραγγείλαντες βοηθεῖν καὶ συνάπτειν τοῖς παρ' αὐτῶν εὐζώνοις, αὐτοὶ δ' ἐπὶ κέρας κλίναντες τὴν δύναμιν ἦγον μετὰ δρόμου καὶ σπουδῆς. [4] οἱ δὲ τῶν Αἰτωλῶν ἱππεῖς, διανύσαντες τὸ πεδῖον, ἅμα τῷ συνάψαι τοῖς πεζοῖς αὐτοὶ μὲν ὑπὸ τὴν παρῳρείαν ὑποστείλαντες ἔμενον, [5] τοὺς δὲ πεζοὺς ἤθροιζον πρὸς τὰ πλάγια καὶ παρεκάλουν, ἐτοίμως πρὸς τὴν κραυγὴν ἀνατρεχόντων καὶ παραβοηθούντων ἀεὶ τῶν ἐκ τῆς πορείας. [6] ἐπεὶ δ' ἀξιομάχους ὑπέλαβον εἶναι σφᾶς αὐτοὺς κατὰ τὸ πλῆθος, συστραφέντες ἐνέβαλον τοῖς προμαχομένοις τῶν Ἀχαϊκῶν ἱππέων

καὶ ψιλῶν. ὄντες δὲ πλείους, καὶ ποιούμενοι τὴν ἔφοδον ἐξ ὑπερδεξίου, πολὺν μὲν χρόνον ἐκινδύνευσαν, τέλος δ' ἐτρέψαντο τοὺς συγκαθεστῶτας. [7] ἐν δὲ τῷ τούτους ἐγκλίναντας φεύγειν οἱ προσβοηθοῦντες θωρακῖται κατὰ πορείαν ἀτάκτως ἐπιπαραγενόμενοι καὶ σποράδην, οἱ μὲν ἀποροῦντες ἐπὶ τοῖς γινομένοις, οἱ δὲ συμπίπτοντες ἀντίοις τοῖς φεύγουσι κατὰ τὴν ἀποχώρησιν, ἀναστρέφειν ἠναγκάζοντο καὶ τὸ παραπλήσιον ποιεῖν. [8] ἐξ οὗ συνέβαινε τοὺς μὲν ἐκ τῆς συγκαταστάσεως ἡττηθέντας μὴ πλείους εἶναι πεντακοσίων, τοὺς δὲ φεύγοντας πλείους δισχιλίων. [9] τοῦ δὲ πράγματος αὐτοῦ διδάσκοντος τοὺς Αἰτωλοὺς ὃ δεῖ ποιεῖν, εἶποντο κατόπιν, ἐπιπολαστικῶς καὶ κατακόρως χρώμενοι τῇ κραυγῇ. [10] ποιουμένων δὲ τῶν Ἀχαιῶν τὴν ἀποχώρησιν πρὸς τὰ βαρέα τῶν ὅπλων, ὡς μενόντων ὑπὸ ταῖς ἀσφαλείαις ἐπὶ τῆς ἐξ ἀρχῆς τάξεως, τὸ μὲν πρῶτον εὐσχήμων ἐγένεθ' ἡ φυγὴ καὶ σωτήριος· [11] συνθεασάμενοι δὲ καὶ τούτους λελοιπότες τὰς τῶν τόπων ἀσφαλείας καὶ μακροὺς ὄντας ἐν πορείᾳ καὶ διαλελυμένους, οἱ μὲν αὐτῶν εὐθέως διαρρέοντες ἀτάκτως ἐποιήσαντο τὴν ἀποχώρησιν ἐπὶ τὰς παρακειμένας πόλεις, [12] οἱ δὲ συμπίπτοντες ἀντίοις τοῖς ἐπιφερομένοις φαλαγγίταις οὐ προσεδέοντο τῶν πολεμίων, αὐτοὶ δὲ σφᾶς αὐτοὺς ἐκπλήττοντες ἠνάγκαζον φεύγειν προτροπάδην. ἐχρῶντο δὲ τῇ φυγῇ κατὰ τὴν ἀποχώρησιν, [13] ὡς προείπομεν, ἐπὶ τὰς πόλεις· ὃ τε γὰρ Ὀρχομενὸς αἶ τε Καφύαι σύνεγγυς οὔσαι πολλοὺς ὥνησαν. μὴ γὰρ τούτου συμβάντος ἅπαντες ἂν ἐκινδύνευσαν διαφθαρῆναι παραλόγως. [14]

[1] ὁ μὲν οὖν περὶ Καφύας γενόμενος κίνδυνος τοῦ τον ἀπέβη τὸν τρόπον. οἱ δὲ Μεγαλοπολῖται, συνέντες τοὺς Αἰτωλοὺς περὶ τὸ Μεθύδιον ἐστρατοπεδευκότας, ἤκον ἀπὸ σάλπιγγος πανδημεὶ βοηθοῦντες τῇ κατὰ πόδας ἡμέρᾳ τῆς μάχης, [2] καὶ μεθ' ὧν ζώντων ἤλπισαν κινδυνεύσειν πρὸς τοὺς ὑπεναντίους, τούτους ἠναγκάζοντο θάπτειν ὑπὸ τῶν ἐχθρῶν τετελευτηκότας. [3] ὀρύξαντες δὲ τάφρον ἐν τῷ τῶν Καφυέων πεδίῳ, καὶ συναθροίσαντες τοὺς νεκροὺς, ἐκήδευσαν μετὰ πάσης φιλοτιμίας τοὺς ἡτυχηκότας. [4] οἱ δ' Αἰτωλοὶ παραδόξως δι' αὐτῶν τῶν ἰπέων καὶ τῶν ψιλῶν ποιήσαντες τὸ προτέρημα, λοιπὸν ἤδη μετ' ἀσφαλείας διὰ μέσης Πελοποννήσου διήεσαν. [5] ἐν ᾧ καιρῷ καταπειράσαντες μὲν τῆς Πελληνέων πόλεως, κατασύραντες δὲ τὴν Σικυωνίαν χώραν, τέλος κατὰ τὸν Ἰσθμὸν ἐποιήσαντο τὴν ἀπόλυσιν. [6]

[1] τὴν μὲν οὖν αἰτίαν καὶ τὴν ἀφορμὴν ὁ συμμαχικὸς πόλεμος ἔσχεν ἐκ τούτων, τὴν δ' ἀρχὴν ἐκ τοῦ μετὰ ταῦτα γενομένου δόγματος ἀπάντων τῶν συμμάχων: [7] οἱ συνελθόντες εἰς τὴν τῶν Κορινθίων πόλιν ἐπεκύρωσαν τὸ διαβούλιον διαπροστατεύσαντος Φιλίππου τοῦ βασιλέως. τὸ δὲ τῶν Ἀχαιῶν πλῆθος μετὰ τινὰς ἡμέρας ἀθροισθὲν εἰς τὴν καθήκουσαν σύνοδον, πικρῶς διέκειτο καὶ κοινῇ καὶ κατ' ἰδίαν πρὸς τὸν Ἄρατον, ὥς τοῦτον ὁμολογουμένως αἴτιον γεγονότα τοῦ προειρημένου συμπτώματος. [2] διὸ καὶ τῶν ἀντιπολιτευομένων κατηγορούντων αὐτοῦ καὶ φερόντων ἀπολογισμοὺς ἐναργεῖς, ἔτι μᾶλλον ἠγανάκτει καὶ παρωξύνετο τὸ πλῆθος. [3] ἐδόκει γὰρ πρῶτον ἀμάρτημα προφανὲς εἶναι τὸ μηδέπω τῆς ἀρχῆς αὐτῷ καθηκούσης προλαβόντα τὸν ἀλλότριον καιρὸν ἀναδέχεσθαι τοιαύτας πράξεις ἐν αἷς συνήδει πολλάκις αὐτῷ διεσφαλμένῳ: [4] δεῦτερον δὲ καὶ μείζον τούτου τὸ διαφεῖναι τοὺς Ἀχαιοὺς ἀκμὴν ἐν μέσῳ Πελοποννήσου τῶν Αἰτωλῶν ὑπαρχόντων, ἄλλως τε καὶ προδιειληφότα διότι σπεύδουσιν οἱ περὶ τὸν Σκόπαν καὶ Δωρίμαχον κινεῖν τὰ καθεστῶτα καὶ συνταράξαι τὸν πόλεμον: [5] τρίτον δὲ τὸ συμβαλεῖν τοῖς ὑπεναντίοις οὕτω μετ' ὀλίγων μηδεμιᾶς κατεπειγούσης ἀνάγκης, δυνάμενον ἀσφαλῶς εἰς τὰς παρακειμένας πόλεις ἀποχωρῆσαι καὶ συναγαγεῖν τοὺς Ἀχαιοὺς καὶ τότε συμβαλεῖν τοῖς πολεμίοις, εἰ τοῦτο πάντως ἡγεῖτο συμφέρειν: [6] τελευταῖον καὶ μέγιστον τὸ προθέμενον καὶ συμβαλεῖν οὕτως εἰκῇ καὶ ἀσκόπως χρήσασθαι τοῖς πράγμασιν ὥστε παρέντα τὰ πεδία καὶ τὴν τῶν ὀπλιτῶν χρεῖαν δι' αὐτῶν τῶν εὐζώνων ταῖς παρωρείαις πρὸς Αἰτωλοὺς ποιήσασθαι τὸν κίνδυνον, οἷς οὐδὲν ἦν τούτου προυργιαίτερον οὐδ' οἰκειότερον. [7] οὐ μὴν ἀλλ' ἅμα τῷ προελθόντα τὸν Ἄρατον ἀναμνησαι μὲν τῶν προπεπολιτευμένων καὶ πεπραγμένων πρότερον αὐτῷ, φέρειν δ' ἀπολογισμοὺς περὶ τῶν ἐγκαλουμένων ὥς οὐ γέγονεν αἴτιος τῶν συμβεβηκότων, αἰτεῖσθαι δὲ συγγνώμην, εἰ καὶ τι παρεώρακε κατὰ τὸν γενόμενον κίνδυνον, οἶεσθαι δὲ δεῖν καὶ καθόλου σκοπεῖσθαι τὰ πράγματα μὴ πικρῶς, [8] ἀλλ' ἀνθρωπίνως, οὕτως ταχέως καὶ μεγαλοψύχως μετεμελήθη τὸ πλῆθος ὥστε καὶ τοῖς συνεπιτιθεμένοις αὐτῷ τῶν ἀντιπολιτευομένων ἐπὶ πολὺ δυσαρεστῆσαι καὶ περὶ τῶν ἐξῆς πάντα βουλευέσθαι κατὰ τὴν Ἀράτου γνώμην. ταῦτα μὲν οὖν εἰς τὴν προτέραν ἔπεσεν Ὀλυμπιάδα, [9] τὰ δ' ἐξῆς εἰς τὴν τετταρακοστὴν ἐπὶ ταῖς ἑκατόν.

[1] ἦν δὲ τὰ δόξαντα τοῖς Ἀχαιοῖς ταῦτα: πρεσβεύειν πρὸς

Ἡπειρώτας, Βοιωτούς, Φωκέας, Ἀκαρνανᾶς, [2] Φίλιππον, καὶ διασαφεῖν τίνα τρόπον Αἰτωλοὶ παρὰ τὰς συνθήκας μεθ' ὅπλων ἤδη δις εἰσβεβληκότες εἶησαν εἰς τὴν Ἀχαΐαν, καὶ παρακαλεῖν αὐτοὺς βοηθεῖν κατὰ τὰς ὁμολογίας, προσδέξασθαι δὲ καὶ τοὺς Μεσσηνίους εἰς τὴν συμμαχίαν, [3] τὸν δὲ στρατηγὸν ἐπιλέξει τῶν Ἀχαιῶν πεζοὺς μὲν πεντακισχιλίους, ἵππεῖς δὲ πεντακοσίους, καὶ βοηθεῖν τοῖς Μεσσηνίοις, ἐὰν ἐπιβαίνωσιν Αἰτωλοὶ τῆς χώρας αὐτῶν: [4] συντάξασθαι δὲ καὶ πρὸς Λακεδαιμονίους καὶ πρὸς Μεσσηνίους ὅσους δεῆσοι παρ' ἄμφοιν ὑπάρχειν ἵππεῖς καὶ πεζοὺς πρὸς τὰς κοινὰς χρείας. δοξάντων δὲ τούτων, [5] οἱ μὲν Ἀχαιοὶ φέροντες γενναίως τὸ γεγονὸς οὔτε τοὺς Μεσσηνίους ἐγκατέλιπον οὔτε τὴν αὐτῶν πρόθεσιν, οἱ δὲ πρὸς τοὺς συμμάχους καθεσταμένοι τὰς πρεσβείας ἐπετέλουν, [6] ὁ δὲ στρατηγὸς τοὺς μὲν ἐκ τῆς Ἀχαΐας ἄνδρας ἐπέλεγε κατὰ τὸ δόγμα, πρὸς δὲ τοὺς Λακεδαιμονίους καὶ Μεσσηνίους συνετάττετο πεζοὺς μὲν παρ' ἑκατέρων ὑπάρχειν δισχιλίους καὶ πεντακοσίους, ἵππεῖς δὲ πεντήκοντα καὶ διακοσίους, [7] ὥστ' εἶναι τὸ πᾶν σύστημα πρὸς τὰς ἐπιγινομένας χρείας πεζοὺς μὲν μυρίους, ἵππεῖς δὲ χιλίους.

[1] οἱ δ' Αἰτωλοί, [8] παραγενομένης αὐτοῖς τῆς καθηκούσης ἐκκλησίας, συνελθόντες ἐβουλεύσαντο πρὸς τε Λακεδαιμονίους καὶ Μεσσηνίους καὶ τοὺς ἄλλους πάντας εἰρήνην ἄγειν, κακοπραγμονοῦντες καὶ βουλόμενοι φθεῖρειν καὶ λυμαίνεσθαι τοὺς τῶν Ἀχαιῶν συμμάχους: [9] πρὸς αὐτοὺς δὲ τοὺς Ἀχαιοὺς, ἐὰν μὲν ἀφιστῶνται τῆς τῶν Μεσσηνίων συμμαχίας, ἄγειν ἐψηφίσαντο τὴν εἰρήνην, εἰ δὲ μὴ, πολεμεῖν, πρᾶγμα πάντων ἀλογώτατον. [10] ὄντες γὰρ αὐτοὶ σύμμαχοι καὶ τῶν Ἀχαιῶν καὶ τῶν Μεσσηνίων, εἰ μὲν οὗτοι πρὸς ἀλλήλους φιλίαν ἄγοιεν καὶ συμμαχίαν, τὸν πόλεμον τοῖς Ἀχαιοῖς ἐπήγγελλον: εἰ δ' ἔχθραν ἔλοιτο πρὸς τοὺς Μεσσηνίους, τὴν εἰρήνην αὐτοῖς ἐποίουν κατὰ μόνας, [11] ὥστε μὴδ' ὑπὸ λόγον πίπτειν τὴν ἀδικίαν αὐτῶν διὰ τὸ παρηλλαγμένον αὐτῶν τῶν ἐγχειρημάτων. οἱ δ' Ἡπειρῶται καὶ Φίλιππος ὁ βασιλεὺς ἀκούσαντες τῶν πρέσβων τοὺς μὲν Μεσσηνίους εἰς τὴν συμμαχίαν προσέλαβον, [2] ἐπὶ δὲ τοῖς ὑπὸ τῶν Αἰτωλῶν πεπραγμένοις παραυτίκα μὲν ἠγανάκτησαν, οὐ μὴν ἐπὶ πλεῖον ἐθαύμασαν, διὰ τὸ μὴδὲν παρὰδοξον, τῶν εἰθισμένων δέ τι πεποιηκέναι τοὺς Αἰτωλοὺς. [3] διόπερ οὐδ' ὠργίσθησαν ἐπὶ πλεῖον, ἀλλ' ἐψηφίσαντο τὴν εἰρήνην ἄγειν πρὸς αὐτούς: οὕτως ἢ συνεχῆς ἀδικία συγγνώμης τυγχάνει

μᾶλλον τῆς σπανίου καὶ παραδόξου πονηρίας. [4] Αἰτωλοὶ γοῦν τούτῳ τῷ τρόπῳ χρώμενοι, καὶ ληστεύοντες συνεχῶς τὴν Ἑλλάδα, καὶ πολέμους ἀνεπαγγέλτους φέροντες πολλοῖς, οὐδ' ἀπολογίας ἔτι κατηξίουں τοὺς ἐγκαλοῦντας, ἀλλὰ καὶ προσεχλεύαζον, εἴ τις αὐτοὺς εἰς δικαιοδοσίας προκαλοῖτο περὶ τῶν γεγονότων ἢ καὶ νῆ Δία τῶν μελλόντων. [5] οἱ δὲ Λακεδαιμόνιοι, προσφάτως μὲν ἡλευθερωμένοι δι' Ἀντιγόνου καὶ διὰ τῆς τῶν Ἀχαιῶν φιλοτιμίας, ὀφείλοντες δὲ Μακεδόσι καὶ Φιλίππῳ μηδὲν ὑπεναντίον πράττειν, διαπεμψάμενοι λάθρα πρὸς τοὺς Αἰτωλοὺς φιλίαν δι' ἀπορρήτων ἔθεντο καὶ συμμαχίαν. [6]

[1] ἤδη δ' ἐπιλεγμένων τῶν Ἀχαϊκῶν νεανίσκων καὶ συντεταγμένων ὑπὲρ τῆς βοηθείας τῶν Λακεδαιμονίων καὶ Μεσσηνίων, Σκερδιλαΐδας ὁμοῦ καὶ Δημήτριος ὁ Φάριος ἔπλευσαν ἐκ τῆς Ἰλλυρίδος ἐν ἐνενήκοντα λέμβοις ἔξω τοῦ Λίσσου παρὰ τὰς πρὸς Ῥωμαίους συνθήκας. [7] οἱ τὸ μὲν πρῶτον τῇ Πύλῳ προσμίζαντες καὶ ποιησάμενοι προσβολὰς ἀπέπεσον: [8] μετὰ δὲ ταῦτα Δημήτριος μὲν ἔχων τοὺς πεντήκοντα τῶν λέμβων ὥρμησεν ἐπὶ νήσων, καὶ περιπλέων τινὰς μὲν ἡργυρολόγει, τινὰς δ' ἐπόρθει τῶν Κυκλάδων: [9] Σκερδιλαΐδας δὲ ποιούμενος τὸν πλοῦν ὥς ἐπ' οἴκου προσεῖχε πρὸς Ναύπακτον μετὰ τετταράκοντα λέμβων, πεισθεὶς Ἀμυνᾷ τῷ βασιλεῖ τῶν Ἀθαμάνων, ὃς ἐτύγχανε κηδεστής ὑπάρχων αὐτοῦ. [10] ποιησάμενος δὲ συνθήκας πρὸς Αἰτωλοὺς δι' Ἀγέλαου περὶ τοῦ μερισμοῦ τῶν λαφύρων, ὑπέσχετο συνεμβαλεῖν ὁμόσε τοῖς Αἰτωλοῖς εἰς τὴν Ἀχαΐαν. [11] συνθέμενοι δὲ ταῦτα πρὸς τὸν Σκερδιλαΐδαν οἱ περὶ τὸν Ἀγέλαον καὶ Δωρίμαχον καὶ Σκόπαν, πραττομένης αὐτοῖς τῆς τῶν Κυναιθέων πόλεως, συναθροίσαντες πανδημεὶ τοὺς Αἰτωλοὺς ἐνέβαλον εἰς τὴν Ἀχαΐαν μετὰ τῶν Ἰλλυριῶν. ἀρίστων δ' ὁ τῶν Αἰτωλῶν στρατηγός, οὐ προσποιούμενος οὐδὲν τῶν γινομένων, ἤγε τὴν ἡσυχίαν ἐπὶ τῆς οἰκείας, φάσκων οὐ πολεμεῖν τοῖς Ἀχαιοῖς, ἀλλὰ διατηρεῖν τὴν εἰρήνην, εὐηθες καὶ παιδικὸν πρᾶγμα ποιῶν: [2] δῆλον γὰρ ὥς εὐήθη καὶ μάταιον εἰκὸς φαίνεσθαι τὸν τοιοῦτον, ὅταν ὑπολαμβάνῃ τοῖς λόγοις ἐπικρύψασθαι τὰς τῶν πραγμάτων ἐναργείας. [3] οἱ δὲ περὶ τὸν Δωρίμαχον διὰ τῆς Ἀχαιάτιδος ποιησάμενοι τὴν πορείαν, ἦκον ἄφνω πρὸς τὴν Κύναιθαν. [4] συνέβαινε δὲ τοὺς Κυναιθεῖς, ὄντας Ἀρκάδας, ἐκ πολλῶν χρόνων ἐν ἀκαταπαύστοις καὶ μεγάλαις συνεσχῆσθαι στάσεσι, καὶ πολλὰς μὲν κατ' ἀλλήλων πεποιῆσθαι σφαγὰς καὶ

φυγάς, πρὸς δὲ τούτοις ἄρπαγὰς ὑπαρχόντων, [5] ἔτι δὲ γῆς ἀναδασμούς, τέλος δ' ἐπικρατῆσαι τοὺς τὰ τῶν Ἀχαιῶν αἰρουμένους καὶ κατασχεῖν τὴν πόλιν, φυλακὴν ἔχοντας τῶν τευχῶν καὶ στρατηγὸν τῆς πόλεως ἐξ Ἀχαΐας. [6] τούτων δ' οὕτως ἐχόντων, ὀλίγοις ἔμπροσθεν χρόνοις τῆς τῶν Αἰτωλῶν παρουσίας διαπεμπομένων τῶν φυγάδων πρὸς τοὺς ἐν τῇ πόλει, καὶ δεομένων διαλυθῆναι πρὸς αὐτοὺς καὶ κατάγειν σφᾶς εἰς τὴν οἰκείαν, [7] πεισθέντες οἱ κατέχοντες τὴν πόλιν ἐπρέσβευον πρὸς τὸ τῶν Ἀχαιῶν ἔθνος, βουλόμενοι μετὰ τῆς ἐκείνων γνώμης ποιεῖσθαι τὰς διαλύσεις. [8] [τῶν Ἀχαιῶν] ἐπιχωρησάντων δ' ἐτοίμως διὰ τὸ πεπεῖσθαι σφίσιν ἀμφοτέρους εὐνοήσειν, ἅτε τῶν μὲν κατεχόντων τὴν πόλιν ἐν τοῖς Ἀχαιοῖς ἐχόντων πάσας τὰς ἐλπίδας, τῶν δὲ καταπορευομένων μελλόντων τυγχάνειν τῆς σωτηρίας διὰ τὴν τῶν Ἀχαιῶν συγκατάθεσιν, [9] οὕτως ἀποστείλαντες τὴν παραφυλακὴν καὶ τὸν στρατηγὸν ἐκ τῆς πόλεως οἱ Κυναιθεῖς διελύσαντο καὶ κατήγαγον τοὺς φυγάδας, ὄντας σχεδὸν εἰς τριακοσίους, λαβόντες πίστεις τῶν παρ' ἀνθρώποις νομιζομένων τὰς ἰσχυροτάτας. [10] οἱ δὲ κατανοστήσαντες οὐχ ὥς αἰτίας ἢ προφάσεως ἐπιγενομένης τοῦ δοκεῖν ἄλλης διαφορᾶς ἀρχὴν αὐτοῖς τινα γεγενῆσθαι, τὸ δ' ἐναντίον παραχρῆμα κατελθόντες εὐθέως ἐπεβούλευον τῇ πατρίδι καὶ τοῖς σώσασι. [11] καὶ μοι δοκοῦσι, καθ' ὃν καιρὸν ἐπὶ τῶν σφαγίων τοὺς ὄρκους καὶ τὰς πίστεις ἐδίδουσαν ἀλλήλοις, τότε μάλιστα διανοεῖσθαι περὶ τε τῆς εἰς τὸ θεῖον καὶ τοὺς πιστεύσαντας ἀσεβείας. [12] ἅμα γὰρ τῷ μετασχεῖν τῆς πολιτείας εὐθέως ἐπεσπῶντο τοὺς Αἰτωλοὺς καὶ τούτοις ἔπραττον τὴν πόλιν, σπεύδοντες τοὺς σώσαντας ἅμα καὶ τὴν θρῆ

[1] ψασαν ἄρδην ἀπολέσαι. τὴν δὲ πρᾶξιν τοιᾷδέ τινα τόλμῃ καὶ τοιοῦτῳ τρόπῳ συνεστήσαντο. [2] πολέμαρχοι τῶν κατεληλυθότων τινὲς ἐγεγόνεισαν: ταύτην δὲ συμβαίνει τὴν ἀρχὴν κλείειν τὰς πύλας καὶ τὸν μεταξὺ χρόνον κυριεύειν τῶν κλειδῶν, ποιεῖσθαι δὲ καὶ τὸ καθ' ἡμέραν τὴν δίαιταν ἐπὶ τῶν πυλῶνων. [3] οἱ μὲν οὖν Αἰτωλοὶ διεσκευασμένοι καὶ τὰς κλίμακας ἐτοίμας ἔχοντες ἐπετήρουν τὸν καιρὸν: [4] οἱ δὲ πολεμαρχοῦντες τῶν φυγάδων κατασφάζαντες τοὺς συνάρχοντας ἐπὶ τοῦ πυλῶνος ἀνέωξαν τὴν πύλην. [5] οὗ συμβάντος τινὲς μὲν τῶν Αἰτωλῶν διὰ ταύτης εἰσέπιπτον, τινὲς δὲ τὰς κλίμακας προσερείσαντες ἐβιάσαντο διὰ τούτων καὶ κατελάμβανον τὸ τεῖχος. οἱ δ' ἐν τῇ πόλει πάντες, [6] ἐκπλαγεῖς ὄντες ἐπὶ τοῖς συντελουμένοις,

ἀπόρως καὶ δυσχρήστως εἶχον πρὸς τὸ συμβαῖνον: οὔτε γὰρ πρὸς τοὺς διὰ τῆς πύλης εἰσπίπτοντας οἰοί τ' ἦσαν βοηθεῖν ἀπερισπάστως διὰ τοὺς πρὸς τὰ τεῖχη προσβάλλοντας, οὐδὲ μὴν τοῖς τείχεσιν ἐπαμύνειν διὰ τοὺς τῇ πύλῃ βιαζομένους. [7] οἱ δ' Αἰτωλοὶ διὰ ταύτας τὰς αἰτίας ταχέως ἐγκρατεῖς γενόμενοι τῆς πόλεως, τῶν ἀδίκων ἔργων ἐν τοῦτ' ἐπραξαν δικαιοτάτον: πρῶτους γὰρ τοὺς εἰσαγαγόντας καὶ προδόντας αὐτοῖς τὴν πόλιν κατασφάζαντες διήρπασαν τοὺς τούτων βίους. [8] ὁμοίως δὲ καὶ τοῖς ἄλλοις ἐχρήσαντο πᾶσι: τὸ δὲ τελευταῖον ἐπισκηνώσαντες ἐπὶ τὰς οἰκίας ἐξετοιχωρύχησαν μὲν τοὺς βίους, ἐστρέβλωσαν δὲ πολλοὺς τῶν Κυναιθέων, οἷς ἠπίστησαν ἔχειν κεκρυμμένα διάφορον ἢ κατασκευάσματ' ἤπερ ἄλλο τι τῶν πλείονος ἀξίων. [9]

[1] τοῦτον δὲ τὸν τρόπον λωβησάμενοι τοὺς Κυναιθεῖς ἀνεστρατοπέδευσαν, ἀπολιπόντες φυλακὴν τῶν τειχῶν, καὶ προῆγον ὥς ἐπὶ Λούσων: [10] καὶ παραγενόμενοι πρὸς τὸ τῆς Ἀρτέμιδος ἱερόν, ὃ κεῖται μὲν μεταξὺ Κλείτορος καὶ Κυναιθῆς, ἄσυλον δὲ νενόμισται παρὰ τοῖς Ἑλλήσιν, ἀνετείνοντο διαρπάσειν τὰ θρέμματα τῆς θεοῦ καὶ τᾶλλα τὰ περὶ τὸν ναόν. [11] οἱ δὲ Λουσιᾶται νουνεχῶς δόντες τινὰ τῶν κατασκευασμάτων τῆς θεοῦ, παρητήσαντο τὴν τῶν Αἰτωλῶν ἀσέβειαν τοῦ μηδὲν παθεῖν ἀνήκεστον. [12] οἱ δὲ δεξάμενοι παραχρῆμ' ἀναξεδύξαντες προσεστρατοπέδευσαν τῇ τῶν Κλειτορίων πόλει. κατὰ δὲ τοὺς καιροὺς τούτους ὁ τῶν Ἀχαιῶν στρατηγὸς Ἄρατος ἐξαπέστειλε μὲν πρὸς Φίλιππον παρακαλῶν βοηθεῖν, συνῆγε δὲ τοὺς ἐπιλέκτους, μετεπέμπετο δὲ παρὰ Λακεδαιμονίων καὶ Μεσσηνίων τοὺς διατεταγμένους κατὰ τὰς ὁμολογίας. [2] οἱ δ' Αἰτωλοὶ τὸ μὲν πρῶτον παρεκάλουν τοὺς Κλειτορίους ἀποστάντας τῶν Ἀχαιῶν αἰρεῖσθαι τὴν πρὸς αὐτοὺς συμμαχίαν. [3] τῶν δὲ Κλειτορίων ἀπλῶς οὐ προσιεμένων τοὺς λόγους, προσβολὰς ἐποιοῦντο, καὶ προσερείδοντες τὰς κλίμακας τοῖς τείχεσι κατεπεύραζον τῆς πόλεως. [4] ἀμυνομένων δὲ γενναίως καὶ τολμηρῶς τῶν ἔνδον, εἷξαντες τοῖς πράγμασιν ἀνεστρατοπέδευσαν, καὶ προαγαγόντες αὐθις ὥς ἐπὶ τὴν Κύναιθαν, ὅμως τὰ θρέμματα τῆς θεοῦ περισύραντες ἀπήγαγον. [5] καὶ τὸ μὲν πρῶτον παρεδίδοσαν τοῖς Ἥλείοις τὴν Κύναιθαν: οὐ βουλομένων δὲ προσδέξασθαι τῶν Ἥλείων, ἐπεβάλοντο μὲν δι' αὐτῶν κατέχειν τὴν πόλιν, στρατηγὸν ἐπιστήσαντες Εὐριπίδαν, [6] μετὰ δὲ ταῦτα πάλιν δείσαντες ἐκ τῶν προσαγγελλομένων τὴν ἐκ Μακεδονίας βοήθειαν, ἐμπρήσαντες τὴν

πόλιν ἀπηλλάγησαν, καὶ προῆγον αὐτίς ὡς ἐπὶ τὸ Ῥίον, ταύτη κρίνοντες ποιεῖσθαι τὴν διάβασιν. [7] ὁ δὲ Ταυρίων, πυνθανόμενος τὴν τῶν Αἰτωλῶν εἰσβολὴν καὶ τὰ περὶ τὴν Κύναιθαν πεπραγμένα, θεωρῶν δὲ τὸν Δημήτριον τὸν Φάριον ἀπὸ τῶν νήσων εἰς τὰς Κεγχρεὰς καταπεπλευκότα, παρεκάλει τοῦτον βοηθῆσαι τοῖς Ἀχαιοῖς καὶ διυσθμίσαντα τοὺς λέμβους ἐπιτίθεσθαι τῇ τῶν Αἰτωλῶν διαβάσει. [8] ὁ δὲ Δημήτριος λυσιτελεῖ μὲν, οὐκ εὐσχήμονα δὲ πεποιημένος τὴν ἀπὸ τῶν νήσων ἐπάνοδον, διὰ τὸν τῶν Ῥοδίων ἐπ' αὐτὸν ἀνάπλουν, ἄσμενος ὑπήκουσε τῷ Ταυρίωνι, προσδεξαμένου 'κείνου τὴν εἰς τὴν ὑπέρβασιν τῶν λέμβων δαπάνην. [9] οὗτος μὲν οὖν ὑπερισθμίσας, καὶ δυσὶ καθυστερήσας ἡμέραις τῆς τῶν Αἰτωλῶν διαβάσεως, προκατασύρας τινὰς τόπους τῆς παραλίας τῆς τῶν Αἰτωλῶν κατήχθη πάλιν εἰς τὴν Κόρινθον. [10] Λακεδαιμόνιοι δὲ τὸ μὲν ἐμπειν τὰς βοηθείας κατὰ τὴν διάταξιν ἐνεκάκησαν, βραχεῖς δὲ τινὰς παντελῶς ἱππεῖς καὶ πεζοὺς, στοχαζόμενοι τοῦ δοκεῖν μόνον, ἐξέπεμψαν. [11] Ἄρατος δὲ τοὺς Ἀχαιοὺς ἔχων πολιτικώτερον ἢ στρατηγικώτερον ὑπὲρ τῶν παρόντων ἐβουλεύσατο: [12] μέχρι γὰρ τούτου τὴν ἡσυχίαν ἦγε, προσανέχων καὶ μεμνημένος τῆς προγεγεννημένης συμφορᾶς, ἕως οὗ πάντα διαπραξάμενοι κατὰ τὰς αὐτῶν προαιρέσεις οἱ περὶ τὸν Σκόπαν καὶ Δωρίμαχον ἐπανῆλθον εἰς τὴν οἰκείαν, καίπερ διὰ τόπων ποιούμενοι τὰς πορείας εὐεπιθέτων καὶ στενῶν καὶ μόνον σαλπικτοῦ δεομένων. [13] Κυναιθεῖς δὲ μεγάλοις ἀτυχήμασιν ὑπ' Αἰτωλῶν καὶ μεγάλαις συμφοραῖς περιπεσόντες ὁμῶς πάντων ἀνθρώπων ἔδοξαν ἡτυχηκεῖν δικαιοτάτα.

[1] ἐπειδὴ δὲ κοινῇ τὸ τῶν Ἀρκάδων ἔθνος ἔχει τινὰ παρὰ πᾶσι τοῖς Ἑλλήσιν ἐπ' ἀρετῇ φήμην, οὐ μόνον διὰ τὴν ἐν τοῖς ἡθεσι καὶ βίοις φιλοξενίαν καὶ φιланθρωπίαν, μάλιστα δὲ διὰ τὴν εἰς τὸ θεῖον εὐσέβειαν, [2] ἄξιον βραχὺ διαπορῆσαι περὶ τῆς Κυναιθέων ἀγριότητος, πῶς ὄντες ὁμολογουμένως Ἀρκάδες τοσοῦτο κατ' ἐκείνους τοὺς καιροὺς διήνεγκαν τῶν ἄλλων Ἑλλήνων ὠμότητι καὶ παρανομίᾳ. [3] δοκοῦσι δέ μοι, διότι τὰ καλῶς ὑπὸ τῶν ἀρχαίων ἐπινενοημένα καὶ φυσικῶς συντεθεωρημένα περὶ πάντας τοὺς κατοικοῦντας τὴν Ἀρκαδίαν, ταῦτα δὴ πρῶτοι καὶ μόνοι τῶν Ἀρκάδων ἐγκατέλιπον. μουσικὴν γάρ, [4] τὴν γ' ἀληθῶς μουσικὴν, πᾶσι μὲν ἀνθρώποις ὄφελος ἀσκεῖν, Ἀρκάσι δὲ καὶ ἀναγκαῖον. οὐ γὰρ ἡγητέον μουσικὴν, [5] ὡς Ἐφορός φησιν ἐν τῷ προοιμίῳ τῆς

όλης πραγματείας, οὐδαμῶς ἀρμόζοντα λόγον αὐτῷ ῥίψας, ἐπ' ἀπάτη καὶ γοητεία παρεισῆχθαι τοῖς ἀνθρώποις, [6] οὐδὲ τοὺς παλαιοὺς Κρητῶν καὶ Λακεδαιμονίων αὐλὸν καὶ ῥυθμὸν εἰς τὸν πόλεμον ἀντὶ σάλπιγγος εἰκῇ νομιστέον εἰσαγαγεῖν, [7] οὐδὲ τοὺς πρῶτους Ἀρκάδων εἰς τὴν ὅλην πολιτείαν τὴν μουσικὴν παραλαβεῖν ἐπὶ τοσοῦτον ὥστε μὴ μόνον παισὶν οὖσιν, ἀλλὰ καὶ νεανίσκοις γενομένοις ἕως τριάκοντ' ἐτῶν κατ' ἀνάγκην σύντροφον ποιεῖν αὐτήν, τᾶλλα τοῖς βίοις ὄντας αὐστηροτάτους. [8] ταῦτα γὰρ πᾶσιν ἐστὶ γνώριμα καὶ συνήθη, διότι σχεδὸν παρὰ μόνοις Ἀρκάσι πρῶτον μὲν οἱ παῖδες ἐκ νηπίων ᾄδειν ἐθίζονται κατὰ νόμους τοὺς ὕμνους καὶ παιᾶνας, οἷς ἕκαστοι κατὰ τὰ πάτρια τοὺς ἐπιχωρίους ἥρωας καὶ θεοὺς ὕμνοῦσι: [9] μετὰ δὲ ταῦτα τοὺς Φιλοξένου καὶ Τιμοθέου νόμους μανθάνοντες πολλῇ φιλοτιμίᾳ χορεύουσι κατ' ἐνιαυτὸν τοῖς Διονυσιακοῖς αὐληταῖς ἐν τοῖς θεάτροις, οἱ μὲν παῖδες τοὺς παιδικοὺς ἄγῳνας, οἱ δὲ νεανίσκοι τοὺς τῶν ἀνδρῶν λεγομένους. [10] ὁμοίως γε μὴν καὶ παρ' ὅλον τὸν βίον τὰς ἀγωγὰς τὰς ἐν ταῖς συνουσίαις οὐχ οὕτως ποιοῦνται διὰ τῶν ἐπεισάκτων ἀκροαμάτων ὥς δι' αὐτῶν, ἀνὰ μέρος ᾄδειν ἀλλήλοις προστάττοντες. [11] καὶ τῶν μὲν ἄλλων μαθημάτων ἀρνηθῆναί τι μὴ γινώσκειν οὐδὲν αἰσχρὸν ἡγοῦνται, τὴν γε μὴν ᾠδὴν οὐτ' ἀρνηθῆναι δύνανται διὰ τὸ κατ' ἀνάγκην πάντας μανθάνειν, οὐθ' ὁμολογοῦντες ἀποτρίβεσθαι διὰ τὸ τῶν αἰσχυρῶν παρ' αὐτοῖς νομίζεσθαι τοῦτο. [12] καὶ μὴν ἐμβατήρια μετ' αὐλοῦ καὶ τάξεως ἀσκοῦντες, ἔτι δ' ὀρχήσεις ἐκπονοῦντες μετὰ κοινῆς ἐπιστροφῆς καὶ δαπάνης κατ' ἐνιαυτὸν ἐν τοῖς θεάτροις ἐπιδείκνυνται τοῖς αὐτῶν πολίταις

[1] οἱ νέοι. ταῦτά τέ μοι δοκοῦσιν οἱ πάλοι παρειαγαγεῖν οὐ τρυφῆς καὶ περιουσίας χάριν, ἀλλὰ θεωροῦντες μὲν τὴν ἐκάστων αὐτουργίαν καὶ συλλήβδην τὸ τῶν βίων ἐπίπονον καὶ σκληρόν, θεωροῦντες δὲ τὴν τῶν ἡθῶν αὐστηρίαν, ἣτις αὐτοῖς παρέπεται διὰ τὴν τοῦ περιέχοντος ψυχρότητα καὶ στυγνότητα τὴν κατὰ τὸ πλεῖστον ἐν τοῖς τόποις ὑπάρχουσαν, ᾧ συνεξομοιοῦσθαι πεφύκαμεν πάντες ἄνθρωποι κατ' ἀνάγκην: [2] οὐ γὰρ δι' ἄλλην, διὰ δὲ ταύτην τὴν αἰτίαν κατὰ τὰς ἐθνικὰς καὶ τὰς ὀλοσχερεῖς διαστάσεις πλεῖστον ἀλλήλων διαφέρομεν ἥθεσί τε καὶ μορφαῖς καὶ χρώμασιν, ἔτι δὲ τῶν ἐπιτηδευμάτων τοῖς πλείστοις. [3] βουλόμενοι δὲ μαλάττειν καὶ κινᾶν τὸ τῆς φύσεως αὐθαδὲς καὶ σκληρόν, τὰ τε προειρημένα πάντα παρεισῆγαγον, καὶ πρὸς τούτοις συνόδους κοινὰς καὶ θυσίας

πλείστας ὁμοίως ἀνδράσι καὶ γυναιξὶ κατεΐθισαν, ἔτι δὲ χοροὺς παρθένων ὁμοῦ καὶ παίδων, [4] καὶ συλλήβδην πᾶν ἐμηχανήσαντο, σπεύδοντες τὸ τῆς ψυχῆς ἀτέραμνον διὰ τῆς τῶν ἐθισμῶν κατασκευῆς ἐξημεροῦν καὶ πραῦναι. [5] ὧν Κυναιθεῖς ὀλιγωρήσαντες εἰς τέλος, καὶ ταῦτα. πλείστης δεόμενοι τῆς τοιαύτης ἐπικουρίας διὰ τὸ σκληρότατον παρὰ πολὺ τῆς Ἀρκαδίας ἔχειν ἀέρα καὶ τόπον, πρὸς αὐτὰς δὲ τὰς ἐν ἀλλήλοις διατριβὰς καὶ φιλοτιμίας ὀρμήσαντες, [6] τέλος ἀπεθριώθησαν οὕτως ὥστε μὴδ' ἐν ὁποῖα γεγενέναι τῶν Ἑλληνίδων πόλεων ἀσεβήματα μείζονα καὶ συνεχέστερα. [7] σημεῖον δὲ τῆς Κυναιθέων ἀτυχίας περὶ τοῦτο τὸ μέρος καὶ τῆς τῶν ἄλλων Ἀρκάδων τοῖς τοιούτοις τῶν ἐπιτηδευμάτων δυσареστήσεως: [8] καθ' οὓς γὰρ καιροὺς τὴν μεγάλην σφαγὴν ποιήσαντες Κυναιθεῖς ἐπρέσβευσαν πρὸς Λακεδαιμονίους, εἰς ἃς πόλεις ποτ' Ἀρκαδικὰς εἰσῆλθον κατὰ τὴν ὁδόν, οἱ μὲν ἄλλοι παραχρῆμα πάντες αὐτοὺς ἐξεκέρυζαν, [9] Μαντινεῖς δὲ μετὰ τὴν ἀπαλλαγὴν αὐτῶν καὶ καθαρμὸν ἐποιήσαντο καὶ σφάγια περιήνεγκαν τῆς τε πόλεως κύκλῳ καὶ τῆς χώρας πάσης. [10]

[1] ταῦτα μὲν οὖν ἡμῖν εἰρήσθω χάριν τοῦ μὴ διὰ μίαν πόλιν τὸ κοινὸν ἦθος διαβάλλεσθαι τῶν Ἀρκάδων, ὁμοίως δὲ καὶ τοῦ μὴ νομίσαντας ἐνίους τῶν κατοικούντων τὴν Ἀρκαδίαν περιουσίας χάριν τὰ κατὰ μουσικὴν ἐπὶ πλεῖον ἀσκεῖσθαι παρ' αὐτοῖς ὀλιγωρεῖν ἐγχειρῆσαι τούτου τοῦ μέρους, [11] ἔτι δὲ καὶ Κυναιθέων ἔνεκεν, ἵν' ἂν ποτ' αὐτοῖς ὁ θεὸς εὖ δῶ, τραπέντες πρὸς παιδείαν ἡμερῶσιν αὐτούς, καὶ μάλιστα ταύτης πρὸς μουσικὴν: οὕτως γὰρ μόνως ἂν λήξαιεν τῆς τότε περὶ αὐτοὺς γενομένης ἀγριότητος. [12] ἡμεῖς δ' ἐπειδὴ τὰ περὶ Κυναιθέων ὑποπίπτοντα δεδηλώκαμεν, αὐτίς ἐπὶ τὴν ἐκτροπὴν ἐπάνομεν. Αἰτωλοὶ μὲν οὖν τοιαῦτα διεργασάμενοι κατὰ τὴν Πελοπόννησον ἤκον εἰς τὴν οἰκείαν ἀσφαλῶς. [2] Φίλιππος δὲ μετὰ δυνάμεως βοηθῶν τοῖς Ἀχαιοῖς παρῆν εἰς Κόρινθον: ὑστερήσας δὲ τοῦ καιροῦ διαπέστειλε βιβλιαφόρους πρὸς πάντας τοὺς συμμάχους, παρακαλῶν πέμπειν ἐκάστους παρ' αὐτῶν κατὰ σπουδὴν εἰς Κόρινθον τοὺς βουλευσομένους ὑπὲρ τῶν κοινῇ συμφερόντων. [3] αὐτὸς δ' ἀναζεύξας ὥς ἐπὶ Τεγέας προῆγε, πυνθανόμενος τοὺς Λακεδαιμονίους εἰς σφαγὰς καὶ ταραχὰς ἐμπεπωκέναι πρὸς ἀλλήλους. [4] οἱ γὰρ Λακεδαιμόνιοι συνήθεις ὄντες βασιλεύεσθαι καὶ πάντως τοῖς προεστῶσι πειθαρχεῖν, τότε προσφάτως μὲν

ἡλευθερωμένοι δι' Ἀντιγόνου, βασιλέως δ' οὐχ ὑπάρχοντος παρ' αὐτοῖς, ἐστασίαζον πρὸς σφᾶς, πάντες ὑπολαμβάνοντες ἴσον αὐτοῖς μετεῖναι τῆς πολιτείας. [5] τὰς μὲν οὖν ἀρχὰς οἱ μὲν δύο τῶν ἐφόρων ἄδηλον εἶχον τὴν γνώμην, οἱ δὲ τρεῖς ἐκοινώνουν τοῖς Αἰτωλοῖς τῶν πραγμάτων, πεπεισμένοι διὰ τὴν ἡλικίαν τὸν Φίλιππον οὐδέπω δυνήσεσθαι τοῖς κατὰ τὴν Πελοπόννησον πράγμασιν ἐπαρκεῖν. [6] ἐπεὶ δ' οἱ μὲν Αἰτωλοὶ παρὰ τὴν προσδοκίαν αὐτῶν ἐκ Πελοποννήσου ταχεῖαν ἐποίησαντο τὴν ἐπάνοδον, ὁ δὲ Φίλιππος ἐκ Μακεδονίας ἔτι θάττω τὴν παρουσίαν, [7] ἀπιστοῦντες οἱ τρεῖς ἐνὶ τῶν δυεῖν Ἀδελμάντῳ διὰ τὸ συνειδέναι μὲν σφίσι πάσας τὰς ἐπιβολάς, μὴ λίαν δὲ τοῖς γινομένοις εὐδοκεῖν, ἡγωνίων μὴ συνεγγίσαντος τοῦ βασιλέως πάντα τὰ πραττόμενα πρὸς τὸν Φίλιππον ἐξηγήσεται. [8] δι' ἃ δὴ συλλαλήσαντές τισι τῶν νέων ἐκήρυττον εἰς τὸ τῆς Χαλκιοίκου τέμενος μετὰ τῶν ὀπλῶν ἰέναι τοὺς ἐν ταῖς ἡλικίαις, ὥς τῶν Μακεδόνων ἐπὶ τὴν πόλιν παραγινομένων. [9] ταχὺ δὲ διὰ τὸ παράδοξον ἀθροισθέντων, δυσαρεστῶν Ἀδελμάντος τοῖς γινομένοις ἐπειρᾶτο προπορευθεὶς παρακαλεῖν καὶ διδάσκειν διότι “ [10] πρῶην ἔδει τὰ κηρύγματα ταῦτα καὶ τοὺς ἀθροισμοὺς τοὺς ἐν τοῖς ὀπλοῖς παραγγέλλειν, καθ' ὃν καιρὸν τοὺς Αἰτωλοὺς πολεμίους ὄντας ἡκούομεν τοῖς ὅρους τῆς χώρας ἡμῶν συνεγγίζειν, οὐ νῦν, ὅτε Μακεδόνας τοὺς εὐεργέτας καὶ σωτῆρας πυνθανόμεθα πλησιάζειν μετὰ τοῦ βασιλέως” [11] . ἔτι δ' αὐτοῦ ταῦτ' ἀνακρουομένου, προσπεσόντες οἱ παρακεκλημένοι τῶν νέων τοῦτόν τε συνεκέντησαν καὶ μετὰ τούτου Σθενέλαον, Ἀλκαμένη, Θυέστην, Βιωνίδαν, ἐτέρους τῶν πολιτῶν καὶ πλείους. [12] οἱ δὲ περὶ Πολυφόνταν καὶ τινες ἅμα τούτοις ἐμφρόνως προῖδόμενοι τὸ μέλλον,

[1] ἀπεχώρησαν πρὸς τὸν Φίλιππον. ταῦτα δὲ πράξαντες εὐθέως ἔπεμπον οἱ προεστῶτες ἔφοροι τῶν πραγμάτων τοὺς κατηγορήσαντας πρὸς τὸν Φίλιππον τῶν ἀνηρημένων καὶ παρακαλέσαντας αὐτὸν ἐπισχεῖν τὴν παρουσίαν, ἕως ἂν ἐκ τοῦ γεγονότος κινήματος εἰς τὴν ἀποκατάστασιν ἔλθῃ τὰ κατὰ τὴν πόλιν: γινώσκειν δὲ διότι πρόκειται διατηρεῖν αὐτοῖς πάντα τὰ δίκαια καὶ φιλάνθρωπα πρὸς Μακεδόνας: [2] οἱ καὶ συμμίζαντες ἤδη περὶ τὸ Παρθένιον ὅρος ὄντι τῷ βασιλεῖ διελέχθησαν ἀκολούθως ταῖς ἐντολαῖς. [3] ὁ δὲ διακούσας παρεκάλεσε τοὺς ἥκοντας κατὰ σπουδὴν ποιήσασθαι τὴν εἰς οἶκον ἐπάνοδον καὶ δηλοῦν τοῖς ἐφόροις ὅτι κατὰ τὸ συνεχὲς πορευθεὶς αὐτὸς μὲν ἐν Τεγέᾳ ποιήσεται τὴν

στρατοπεδείαν, ἐκείνους δ' οἶεται δεῖν τὴν ταχίστην ἐκπέμπειν ἄνδρας ἀξιοχρέους τοὺς κοινολογησομένους πρὸς αὐτὸν ὑπὲρ τῶν ἐνεστῶτων. [4] ποιησάντων δὲ τὸ προσταχθὲν τῶν ἀπαντησάντων, διακούσαντες τὰ παρὰ τοῦ βασιλέως οἱ προεστῶτες τῶν Λακεδαιμονίων [5] ἐξέπεμψαν ἄνδρας δέκα πρὸς τὸν Φίλιππον οἱ καὶ πορευθέντες εἰς τὴν Τεγέαν καὶ παρελθόντες εἰς τὸ τοῦ βασιλέως συνέδριον, Ὡμίου προεστῶτος αὐτῶν, κατηγόρησαν μὲν τῶν περὶ τὸν Ἀδεΐμαντον ὡς αἰτίων γεγονότων τῆς κινήσεως, [6] πάντα δ' ὑπισχνοῦνται ποιῆσαι αὐτοὶ τῷ Φιλίππῳ τὰ κατὰ τὴν συμμαχίαν, καὶ μηδενὸς ἐν μηδενὶ φανήσεσθαι δεῦτεροι κατὰ τὴν πρὸς αὐτὸν εὐνοίαν τῶν δοκούντων ἀληθινῶν αὐτῷ φίλων ὑπάρχειν. [7] οἱ μὲν οὖν Λακεδαιμόνιοι ταῦτα καὶ τούτοις παραπλήσια διαλεχθέντες μετέστησαν, οἱ δὲ μετέχοντες τοῦ συνεδρίου διεφέροντο πρὸς ἀλλήλους ταῖς γνώμαις. [8] καὶ τινὲς μὲν, εἰδότες τὴν κακοπραγμοσύνην τῶν ἐν τῇ Σπάρτῃ, καὶ πεπεισμένοι τοὺς περὶ τὸν Ἀδεΐμαντον ἀπολωλέναι διὰ τὴν πρὸς αὐτοὺς εὐνοίαν, τοὺς τε Λακεδαιμονίους ἐπιβεβλῆσθαι κοινοπραγεῖν τοῖς Αἰτωλοῖς, συνεβούλευον τῷ Φιλίππῳ παράδειγμα ποιῆσαι τοὺς Λακεδαιμονίους, χρησάμενον αὐτοῖς τὸν αὐτὸν τρόπον ὄνπερ Ἀλέξανδρος ἐχρήσατο Θηβαίοις εὐθέως παραλαβὼν τὴν ἀρχήν: [9] ἕτεροι δὲ τῶν πρεσβυτέρων τὴν μὲν τοιαύτην ὀργὴν βαρυτέραν ἀπέφαινον εἶναι τῶν γεγονότων, ἐπιτιμῆσαι δὲ δεῖν τοῖς αἰτίοις, καὶ μεταστησάμενον τούτους ἐγχειρίσαι τὸ πολίτευμα καὶ τὰς ἀρχὰς τοῖς αὐτοῦ

[1] φίλοις. ὁ δὲ βασιλεὺς ἐπὶ πᾶσιν, εἰ χρή τοῦ βασιλέως λέγειν τὰς τότε γνώμας: οὐ γὰρ εἰκὸς ἑπτακαιδεκάτη παῖδα περὶ τηλικούτων δύνασθαι πραγμάτων διευκρινεῖν. [2] ἀλλ' ἡμῖν μὲν καθήκει τοῖς γράφουσι τὰς κυρούσας τὰ διαβούλια γνώμας ἀνατιθέναι τοῖς προεστῶσι τῶν ὄλων: τοὺς μέντοι γ' ἀκούοντας αὐτοὺς χρή συνυπονοεῖν διότι τῶν συνόντων καὶ μάλιστα τῶν παρακειμένων εἰκὸς ἐστὶν εἶναι τὰς τοιαύτας ὑποθέσεις καὶ διαλήψεις: [3] ὣν Ἀράτω τις ἐπιεικέστατ' ἂν προσάπτοι τὴν τότε ῥηθεῖσαν ὑπὸ τοῦ βασιλέως γνώμην. [4] ὁ γὰρ Φίλιππος τὰ μὲν κατ' ἰδίαν τῶν συμμάχων εἰς αὐτοὺς ἀδικήματα καθήκειν ἔφησεν αὐτῷ μέχρι λόγου καὶ γραμμάτων διορθοῦν καὶ συνεπισημαίνεσθαι, [5] τὰ δὲ πρὸς τὴν κοινὴν ἀνήκοντα συμμαχίαν, ταῦτ' ἔφη μόνον δεῖν κοινῆς ἐπιστροφῆς καὶ διορθώσεως τυγχάνειν ὑπὸ πάντων. [6] Λακεδαιμονίων δὲ μηδὲν

εἰς τὴν κοινὴν συμμαχίαν ἐκφανὲς ἡμαρτηκότων, ἐπαγγελλομένων δὲ πάντα καὶ ποιεῖν τὰ δίκαια πρὸς ἡμᾶς, οὐ καλῶς ἔχον εἶναι τὸ βουλευέσθαι τι περὶ αὐτῶν ἀπαραίτητον: [7] καὶ γὰρ ἄτοπον τὸν μὲν πατέρα πολεμίων ὄντων κρατήσαντα μηδὲν ποιῆσαι δεινόν, αὐτὸν δ' ἐφ' οὕτω μικρᾶς αἰτίας ἀνῆκεστόν τι βουλευέσθαι περὶ αὐτῶν. [8] ἐπικυρωθείσης δὲ ταύτης τῆς γνώμης, ὅτι δεῖ παριδεῖν τὸ γεγονός, εὐθέως ὁ βασιλεὺς Πετραῖον τῶν αὐτοῦ φίλων ἅμα τοῖς περὶ τὸν Ὠμίαν ἐξαπέστελλε παρακαλέσοντα τοὺς πολλοὺς ἀντέχεσθαι τῆς πρὸς αὐτὸν καὶ Μακεδόνας εὐνοίας, ἅμα δὲ δώσοντα καὶ ληψόμενον τοὺς ὄρκους περὶ συμμαχίαν. [9] αὐτὸς δὲ μετὰ τῆς δυνάμεως ἀναζεύξας προῆγε πάλιν ὡς ἐπὶ Κορίνθου, καλὸν δεῖγμα τῆς ἑαυτοῦ προαιρέσεως τοῖς συμμάχοις ἐκτιθέμενος ἐν τῇ πρὸς τοὺς Λακεδαιμονίους ἀποφάσει.

[1] καταλαβὼν δὲ τοὺς ἀπὸ τῶν συμμαχίδων παραγεγονότας εἰς τὴν Κόρινθον, συνήδρευε καὶ διελάμβανε μετὰ τούτων τί δεῖ ποιεῖν καὶ πῶς χρήσασθαι τοῖς Αἰτωλοῖς. [2] ἐγκαλούντων δὲ Βοιωτῶν μὲν ὅτι συλήσαιεν τὸ τῆς Ἀθηνᾶς τῆς Ἰτωνίας ἱερὸν εἰρήνης ὑπαρχούσης, Φωκέων δὲ διότι στρατεύσαντες ἐπ' Ἀμβρυσον καὶ Δαύλιον ἐπιβάλοιντο καταλαβέσθαι τὰς πόλεις, [3] Ἑπειρωτῶν δὲ καθότι πορθήσαιεν αὐτῶν τὴν χώραν, Ἀκαρνάνων δὲ παραδεικνυόντων τίνα τρόπον συστησάμενοι πρᾶξιν ἐπὶ Θύριον νυκτὸς ἔτι καὶ προσβαλεῖν τολμήσαιεν τῇ πόλει, [4] πρὸς δὲ τούτοις Ἀχαιῶν ἀπολογιζομένων ὡς καταλάβοιντο μὲν τῆς Μεγαλοπολίτιδος Κλάριον, πορθήσαιεν δὲ διεξιόντες τὴν Πατρέων καὶ Φαραιέων χώραν, διαρπάσαιεν δὲ Κύναιθαν, συλήσαιεν δὲ τὸ τῆς ἐν Λούσοις Ἀρτέμιδος ἱερὸν, πολιορκήσαιεν δὲ Κλειτορίους, ἐπιβουλεύσαιεν δὲ κατὰ μὲν θάλατταν Πύλῳ, κατὰ δὲ γῆν ἄρτι συνοικιζομένῃ τῇ Μεγαλοπολιτῶν πόλει σπεύδοντες μετὰ τῶν Ἰλλυριῶν ἀνάστατον αὐτὴν ποιῆσαι, [5] διακούσαντες τούτων οἱ τῶν συμμάχων σύνεδροι πάντες ὁμοθυμαδὸν ἐκφέρειν ἐβουλεύσαντο τοῖς Αἰτωλοῖς τὸν πόλεμον. [6] προθέμενοι δὲ τὰς προειρημένας αἰτίας ἐν τῷ δόγματι παρακατεβάλοντο ψήφισμα, προσδιασαφούντες ὅτι συνανασώσουσι τοῖς συμμάχοις, εἴ τινα κατέχουσιν αὐτῶν Αἰτωλοὶ χώραν ἢ πόλιν ἂφ' οὗ Δημήτριος ὁ Φιλίππου κατὰ φύσιν πατὴρ μετέλλαξε: [7] παραπλησίως δὲ καὶ τοὺς ὑπὸ τῶν καιρῶν ἠναγκασμένους ἀκουσίως μετέχειν τῆς Αἰτωλῶν συμπολιτείας, ὅτι πάντας τούτους ἀποκαταστήσουσιν εἰς τὰ πάτρια πολιτεύματα, χώραν ἔχοντας καὶ

πόλεις τὰς αὐτῶν, ἀφρουρήτους, ἀφορολογήτους, ἐλευθέρους ὄντας, πολιτείαις καὶ νόμοις χρωμένους τοῖς πατρίοις. [8] συνανακομιεῖσθαι δὲ καὶ τοῖς Ἀμφικτύοσιν ἔγραψαν τοὺς νόμους καὶ τὴν περὶ τὸ ἱερὸν ἐξουσίαν, ἣν Αἰτωλοὶ παρήρηνται νῦν, βουλόμενοι τῶν κατὰ τὸ ἱερὸν ἐπικρατεῖν αὐτοί.

[1] τούτου δὲ τοῦ δόγματος κυρωθέντος κατὰ τὸ πρῶτον ἔτος τῆς ἑκατοστῆς καὶ τετταρακοστῆς ὀλυμπιάδος ὁ μὲν συμμαχικὸς προσαγορευόμενος πόλεμος ἀρχὴν εἰλήφει δικαίαν καὶ πρέπουσαν τοῖς γεγονόσιν ἀδικήμασιν. [2] οἱ δὲ σύνεδροι παραχρήμα πρεσβευτὰς ἐξαπέστελλον πρὸς τοὺς συμμάχους, ἵνα παρ' ἐκάστοις διὰ τῶν πολλῶν ἐπικυρωθέντος τοῦ δόγματος ἐκφέρωσι πάντες τοῖς Αἰτωλοῖς τὸν ἀπὸ τῆς χώρας πόλεμον. [3] ἔπεμψε δὲ καὶ τοῖς Αἰτωλοῖς ἐπιστολὴν ὁ Φίλιππος, διασαφῶν ἵν' εἴ τι λέγειν ἔχουσι δίκαιον ὑπὲρ τῶν ἐγκαλουμένων, ἔτι καὶ νῦν συνελθόντες διὰ λόγου ποιῶνται τὴν διεξαγωγὴν: εἰ δ' ὑπειλήφασι, [4] διότι χωρὶς κοινοῦ δόγματος λεηλατοῦσι καὶ πορθοῦσι πάντα, οὐκ ἀμύνεσθαι τοὺς ἀδικουμένους, ἐὰν δ' ἀμύνωνται, νομισθήσεσθαι τούτους κατάρχειν τοῦ πολέμου, πάντων αὐτοὺς εὐθηεστάτους εἶναι. [5] κομισάμενοι δ' οἱ τῶν Αἰτωλῶν ἄρχοντες τὴν ἐπιστολὴν ταύτην, τὸ μὲν πρῶτον ἐλπίσαντες οὐχ ἥξειν τὸν Φίλιππον, συνέθεντο ῥητὴν ἡμέραν ἐν ἧ' πρὸς τὸ Ῥίον ἀπαντήσουσι. [6] γνόντες δὲ παραγινόμενον, ἀπέστειλαν γραμματοφόρον διασαφοῦντες ὥς οὐ δύνανται πρὸ τῆς τῶν Αἰτωλῶν συνόδου δι' αὐτῶν οὐδὲν ὑπὲρ τῶν ὅλων οἰκονομεῖν. [7] οἱ δ' Ἀχαιοὶ συνελθόντες εἰς τὴν καθήκουσαν σύνοδον τό τε δόγμα πάντες ἐπεκύρωσαν καὶ τὸ λάφυρον ἐπεκήρυξαν κατὰ τῶν Αἰτωλῶν. [8] προσελθόντος δὲ καὶ τοῦ βασιλέως πρὸς τὴν βουλὴν ἐν Αἰγίῳ καὶ διαλεχθέντος διὰ πλειόνων, τὰ ῥηθέντα μετ' εὐνοίας ἀπεδέξαντο καὶ τὰ προϋπάρχοντα φιλάνθρωπα τοῖς προγόνοις ἀνενεώσαντο πρὸς αὐτὸν τὸν Φίλιππον.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Αἰτωλοί, συνάψαντος τοῦ τῶν ἀρχαιρεσίων χρόνου, στρατηγὸν αὐτῶν εἵλοντο Σκόπαν, ὃς ἐγεγόνει πάντων τῶν προειρημένων ἀδικημάτων αἴτιος. [2] ὑπὲρ ὧν οὐκ οἶδα πῶς χρή λέγειν. τὸ γὰρ κοινῷ μὲν δόγματι μὴ πολεμεῖν, πανδημεὶ δὲ στρατεύοντας ἄγειν καὶ φέρειν τὰ τῶν πέλας, καὶ κολάζειν μὲν μηδένα τῶν αἰτίων, στρατηγούς δ' αἰρεῖσθαι καὶ τιμᾶν τοὺς προεστῶτας τῶν τοιούτων ἔργων, ἐμοὶ μὲν δοκεῖ τῆς πάσης γέμειν κακοπραγμοσύνης: [3] τί γὰρ ἂν ἄλλο τις τὰς τοιαύτας κακίας

ὀνομάσειε; δῆλον δ' ἔσται τὸ λεγόμενον ἐκ τούτων. [4] Λακεδαιμόνιοι τὴν Καδμείαν Φοιβίδου παρασπονδήσαντος τὸν μὲν αἴτιον ἐξημίωσαν, τὴν δὲ φρουρὰν οὐκ ἐξήγαγον, ὥσπερ λυομένης τῆς ἀδικίας διὰ τῆς τοῦ πράξαντος βλάβης, παρὸν τάναντία ποιεῖν: τοῦτο γὰρ διέφερε τοῖς Θηβαίοις. [5] πάλιν ἐκήρυττον ἀφιέντες τὰς πόλεις ἐλευθέρως καὶ αὐτονόμους κατὰ τὴν ἐπ' Ἀνταλκίδου γενομένην εἰρήνην, τοὺς δ' ἄρμους οὐκ ἐξήγαγον ἐκ τῶν πόλεων. [6] Μαντινεῖς φίλους ὄντας καὶ συμμάχους ἀναστάτους ποιήσαντες οὐκ ἔφασαν ἀδικεῖν, ἐκ μιᾶς πόλεως εἰς πλείους αὐτοὺς διοικίσαντες, [7] ἀνοία μετὰ κακίας χρησάμενοι προφανῶς διὰ τὸ δοκεῖν, ἐάν τις αὐτὸς ἐπιμύη, μηδὲ τοὺς πέλας ὁρᾶν. [8] ἀμφοτέροις τοίνυν ὁ ζῆλος οὗτος τῆς πολιτείας αἴτιος κατέστη τῶν μεγίστων συμπτωμάτων: ὃν οὐδαμῶς οὐδαμῇ ζηλωτέον οὔτε κατ' ἰδίαν οὔτε κοινῇ τοὺς ὀρθῶς βουλευομένους. [9] ὁ δὲ βασιλεὺς Φίλιππος χρηματίσας τοῖς Ἀχαιοῖς ἀνέξεν μετὰ τῆς δυνάμεως ἐπὶ Μακεδονίας, σπεύδων ἐπὶ τὴν παρασκευὴν τῶν πρὸς τὴν πόλεμον, οὐ μόνον τοῖς συμμάχοις, [10] ἀλλὰ πᾶσι τοῖς Ἑλλησι διὰ τοῦ προειρημένου ψηφίσματος καλὰς ἐλπίδας ὑποδεικνύων πραότητος καὶ μεγαλοψυχίας βασιλικῆς.

[1] ταῦτα δ' ἐπράττετο κατὰ τοὺς αὐτοὺς καιροὺς καθ' οὓς Ἀννίβας, γεγονῶς ἤδη κύριος τῶν ἐντὸς Ἰβηρος ποταμοῦ πάντων, ἐποιεῖτο τὴν ὁρμὴν ἐπὶ τὴν Ζακανθαίων πόλιν. [2] εἰ μὲν οὖν τὰς πρώτας ἐπιβολὰς τὰς Ἀννίβου ταῖς Ἑλληνικαῖς πράξεσιν ἀπ' ἀρχῆς εὐθέως ἐπιπεπλέχθαι συνέβαινε, δῆλον ὥς ἐν τῇ προτέρᾳ βύβλῳ περὶ τούτων ἂν ἡμᾶς ἐναλλάξ ἔδει καὶ κατὰ παράθεσιν τοῖς Ἰβηρικοῖς πεποιησθαι τὴν ἐξήγησιν, ἀκολουθοῦντας τοῖς καιροῖς: [3] ἐπεὶ δὲ τά τε κατὰ τὴν Ἰταλίαν καὶ κατὰ τὴν Ἑλλάδα καὶ κατὰ τὴν Ἀσίαν τὰς μὲν ἀρχὰς τῶν πολέμων τούτων ἰδίας εἰλήφει, τὰς δὲ συντελείας κοινάς, καὶ τὴν ἐξήγησιν περὶ αὐτῶν ἐκρίναμεν ποιήσασθαι κατ' ἰδίαν, ἕως ἂν ἐπὶ τὸν καιρὸν ἔλθωμεν τοῦτον ἐν ᾧ συνεπλάκησαν αἱ προειρημέναι πράξεις ἀλλήλαις καὶ πρὸς ἐν τέλος ἥρξαντο τὴν ἀναφορὰν ἔχειν — [4] οὕτως γὰρ ἢ τε περὶ τὰς ἀρχὰς ἐκάστων ἔσται διήγησις σαφὴς ἢ τε συμπλοκὴ καταφανής, περὶ ἧς ἐν ἀρχαῖς ἐνεδειξάμεθα, παραδείξαντες πότε καὶ πῶς καὶ δι' ἧς αἰτίας γέγονε — λοιπὸν ἤδη κοινὴν ποιήσασθαι περὶ πάντων τὴν ἱστορίαν. [5] ἐγένετο δ' ἡ συμπλοκὴ τῶν πράξεων περὶ τὴν τοῦ πολέμου συντέλειαν κατὰ τὸ τρίτον ἔτος τῆς ἐκατοστῆς καὶ τετταρακοστῆς Ὀλυμπιάδος. διὸ καὶ τὰ μετὰ ταῦτα κοινῇ τοῖς καιροῖς ἀκολουθοῦντες

ἐξηγησόμεθα, τὰ δὲ πρὸ τοῦ κατ' ἰδίαν, [6] ὥς εἶπα, προσαναμιμνήσκοντες μόνον τῶν κατὰ τοὺς αὐτοὺς καιροὺς ἐν τῇ προτέρᾳ βύβλῳ δεδηλωμένων, ἵνα μὴ μόνον εὐπαρακολούθητος, ἀλλὰ καὶ καταπληκτικὴ γίνηται τοῖς προσέχουσιν ἢ διήγησις.

[1] Φίλιππος δὲ παραχειμάζων ἐν Μακεδονίᾳ κατέγραφε τὰς δυνάμεις πρὸς τὴν μέλλουσαν χρεῖαν ἐπιμελῶς, ἅμα δὲ τούτοις ἡσφαλίζετο τὰ πρὸς τοὺς ὑπερκειμένους τῆς Μακεδονίας βαρβάρους. [2] μετὰ δὲ ταῦτα συνελθὼν πρὸς Σκερδιλαῖδαν καὶ τολμηρῶς δούς αὐτὸν εἰς τὰς χεῖρας, διελέγετο περὶ φιλίας καὶ συμμαχίας, [3] καὶ τὰ μὲν ὑπισχνούμενος αὐτῷ συγκατασκευάσειν τῶν κατὰ τὴν Ἰλλυρίδα πραγμάτων, τὰ δὲ κατηγορῶν τῶν Αἰτωλῶν, ὄντων εὐκατηγορήτων, ῥαδίως ἔπεισε συγχωρεῖν τοῖς παρακαλουμένοις. [4] μήποτε γὰρ οὐδὲν διαφέρει τὰ κατ' ἰδίαν ἀδικήματα τῶν κοινῶν, ἀλλὰ πλήθει μόνον καὶ μεγέθει τῶν συμβαινόντων. καὶ γὰρ κατ' ἰδίαν τὸ τῶν ῥαδιουργῶν καὶ κλεπτῶν φῶλον τούτῳ μάλιστα τῷ τρόπῳ σφάλλεται, τῷ μὴ ποιεῖν ἀλλήλοις τὰ δίκαια καὶ συλλήβδην διὰ τὰς εἰς αὐτοὺς ἀθεσίας. ὁ καὶ τότε συνέβη γενέσθαι περὶ τοὺς Αἰτωλοὺς. [5] συνθέμενοι γὰρ τῷ Σκερδιλαῖδᾳ δώσειν μέρος τι τῆς λείας, ἔαν συνεισβάλῃ μετ' αὐτῶν εἰς τὴν Ἀχαΐαν, πεισθέντος καὶ ποιήσαντος τοῦτο, [6] διαρπάσαντες τὴν τῶν Κυναιθέων πόλιν, καὶ πολλὰ περιελασάμενοι σώματα καὶ θρέμματα, τὸν Σκερδιλαῖδαν οὐδενὸς μερίτην ἐποίησαν τῶν ἀλόντων. [7] διόπερ ὑποκαθημένης ἐκ τούτων αὐτῷ τῆς ὀργῆς, βραχέα προσαναμνήσαντος τοῦ Φιλίππου, ταχέως ὑπήκουσε καὶ συνέθετο μεθέξειν τῆς κοινῆς συμμαχίας, ἐφ' ᾧ λαμβάνειν μὲν εἴκοσι τάλαντα κατ' ἑνιαυτόν, πλεῖν δὲ λέμβοις τριάκοντα καὶ πολεμεῖν τοῖς Αἰτωλοῖς κατὰ θάλατταν.

[1] ὁ μὲν οὖν Φίλιππος περὶ ταῦτα διέτριβεν. οἱ δ' ἐξαποσταλέντες πρέσβεις πρὸς τοὺς συμμάχους, ἀφικόμενοι πρῶτον εἰς Ἀκαρνανίαν ἐνετύγχανον τούτοις. [2] οἱ δ' Ἀκαρνανες τό τε δόγμα γνησίως συνεπεκύρωσαν καὶ τὸν ἀπὸ χώρας πόλεμον ἐξήνεγκαν τοῖς Αἰτωλοῖς· καίπερ τούτοις, εἰ καὶ τισιν ἐτέροις, δίκαιον ἦν συγγνώμην ἔχειν, ὑπερτιθεμένοις καὶ καταμέλλουσι καὶ καθόλου δεδιόσι τὸν ἀπὸ τῶν ἀστυγειτόνων πόλεμον, [3] καὶ διὰ τὸ παρακεῖσθαι μὲν συντερμονοῦντας τῇ τῶν Αἰτωλῶν χώρα, πολὺ δὲ μᾶλλον διὰ τὸ κατ' ἰδίαν εὐχειρώτους ὑπάρχειν, τὸ δὲ μέγιστον διὰ τὸ μικροῖς ἔμπροσθεν χρόνοις πεῖραν εἰληφέναι τῶν δεινοτάτων διὰ τὴν πρὸς

Αἰτωλοὺς ἀπέχθειαν. [4] ἀλλὰ μοι δοκοῦσιν οἱ γνήσιοι τῶν ἀνδρῶν καὶ κοινῇ καὶ κατ' ἰδίαν οὐδέποτε περὶ πλείονος οὐθὲν ποιεῖσθαι τοῦ καθήκοντος: ὅπερ Ἀκαρνᾶνες ἐν τοῖς πλείστοις καιροῖς οὐδενὸς τῶν Ἑλλήνων ἦττον εὐρίσκονται διατετηρηκότες, καίπερ ἀπὸ μικρᾶς ὁρμώμενοι δυνάμει. [5] οἷς οὐκ ὀκνητέον κατὰ τὰς περιστάσεις κοινωνεῖν πραγμάτων, σπενυστέον δὲ μᾶλλον, εἰ καὶ τισιν ἑτέροις τῶν Ἑλλήνων: καὶ γὰρ ἰδίᾳ καὶ κοινῇ στάσιμον ἔχουσί τι καὶ φιλελεύθερον. [6] Ἡπειρῶται δ' ἐκ παραθέσεως διακούσαντες τῶν πρέσβων τὸ μὲν δόγμα παραπλησίως ἐπεκύρωσαν, τὸν δὲ πόλεμον ἐκφέρειν ἐψηφίσαντο τοῖς Αἰτωλοῖς, ἐπειδὴν καὶ Φίλιππος ὁ βασιλεὺς ἐξενέγκη. [7] τοῖς δὲ παρὰ τῶν Αἰτωλῶν πρεσβευταῖς ἀπεκρίθησαν ὅτι δέδοκται τοῖς Ἡπειρώταις διατηρεῖν πρὸς αὐτοὺς τὴν εἰρήνην, ἀγεννῶς καὶ ποικίλως χρώμενοι τοῖς πράγμασιν. [8] ἀπεστάλησαν δὲ καὶ πρὸς βασιλέα Πτολεμαῖον πρέσβεις οἱ παρακαλέσοντες αὐτὸν μήτε χρήματα πέμπειν τοῖς Αἰτωλοῖς μήτ' ἄλλο μηδὲν χορηγεῖν κατὰ Φιλίππου καὶ τῶν

[1] συμμάχων. Μεσσήνιοι δέ, δι' οὓς ὁ πόλεμος τὴν ἀρχὴν ἔλαβε, τοῖς παραγενομένοις πρὸς αὐτοὺς ἀπεκρίθησαν ὅτι τῆς Φιγαλείας κειμένης ἐπὶ τοῖς ὄροις αὐτῶν καὶ ταπτομένης ὑπ' Αἰτωλοὺς οὐκ ἂν ἐπιδέξαιτο τὸν πόλεμον, πρὶν ἢ ταύτην ἀπ' Αἰτωλῶν ἀποσπασθῆναι τὴν πόλιν. [2] περὶ δὲ τῆς ἀποφάσεως ταύτης κατίσχυσαν, οὐδαμῶς εὐδοκούντων τῶν πολλῶν, Αἰτωλῶν δεδιότες τὴν τόλμαν ἐφορεύοντες Οἶνις καὶ Νίκιππος καὶ τινες ἕτεροι τῶν ὀλιγαρχικῶν, ἀγνοοῦντες καὶ πολὺ παραπαίοντες τοῦ δέοντος κατὰ γε τὴν ἐμὴν γνώμην. [3] ἐγὼ γὰρ φοβερὸν μὲν εἶναι φημι τὸν πόλεμον, οὐ μὴν οὕτω γε φοβερὸν ὥστε πᾶν ὑπομένειν χάριν τοῦ μὴ προσδέξασθαι πόλεμον. [4] ἐπεὶ τί καὶ θρασύνομεν τὴν ἰσηγορίαν καὶ παρρησίαν καὶ τὸ τῆς ἐλευθερίας ὄνομα πάντες, εἰ μηδὲν ἔσται προυργιαίτερον τῆς εἰρήνης; [5] οὐδὲ γὰρ Θηβαίους ἐπαινοῦμεν κατὰ τὰ Μηδικά, διότι τῶν ὑπὲρ τῆς Ἑλλάδος ἀποστάντες κινδύνων τὰ Περσῶν εἴλοντο διὰ τὸν φόβον, οὐδὲ Πίνδαρον τὸν συναποφηνάμενον αὐτοῖς ἄγειν τὴν ἡσυχίαν διὰ τῶνδε τῶν ποιημάτων, [6]

[1] τὸ κοινόν τις ἀστῶν ἐν εὐδία τιθεὶς ἐρευνασάτω μεγάλανος ἡσυχίας τὸ φαιδρὸν φάος. δόξας γὰρ παραυτίκα πιθανῶς εἰρηκέναι, [7] μετ' οὐ πολὺ πάντων αἰσχίστην εὐρέθη καὶ βλαβερωτάτην πεποιημένος ἀπόφασιν: [8] εἰρήνη γὰρ μετὰ μὲν τοῦ δικαίου καὶ πρέποντος κάλλιστόν ἐστι κτῆμα καὶ λυσιτελέστατον, μετὰ δὲ κακίας

ἡ δειλίας ἐπονειδίστου πάντων αἰσχιστον καὶ βλαβερώτατον. οἱ δὲ τῶν Μεσσηνίων προεστῶτες ὀλιγαρχικοί, [καὶ] στοχαζόμενοι τοῦ παραυτὰ κατ' ἰδίαν λυσιτελοῦς, φιλοτιμότερον τοῦ δέοντος αἰεὶ διέκειντο πρὸς τὴν εἰρήνην. [2] διὸ πολλὰς μὲν περιστάσεις καὶ καιροὺς ἔχοντες, ἐνίοτε δὲ φόβους καὶ κινδύνους διωλίσθانون· ἠθροίζετο δὲ κατὰ τὴν πρόθεσιν ταύτην αἰεὶ τὸ κεφάλαιον αὐτοῖς καὶ μεγίσταις ἐποιοῦν παλαίειν τὴν πατρίδα συμφοραῖς. [3] δοκῶ δ' ἔγωγε τὴν αἰτίαν εἶναι ταύτην, ὅτι δυσὶ γεινιῶντες ἔθνεσι τοῖς μεγίστοις τῶν κατὰ Πελοπόννησον, μᾶλλον δὲ σχεδὸν καὶ τῶν Ἑλληνικῶν, λέγω δὲ τῷ τε τῶν Ἀρκάδων καὶ τῷ τῶν Λακῶνων, [4] καὶ τοῦ μὲν ἐχθρῶς καὶ ἀκαταλλάκτως αἰεὶ ποτε πρὸς αὐτοὺς ἔχοντος, ἐξ οὗ καὶ κατέσχον τὴν χώραν, τοῦ δὲ φιλικῶς καὶ κηδεμονικῶς, οὔτε τὴν πρὸς Λακεδαιμονίους ἔχθραν εὐγενῶς ἀνελάμβανον οὔτε τὴν πρὸς Ἀρκάδας φιλίαν. [5] λοιπὸν ὅταν μὲν οὗτοι πρὸς ἀλλήλους ἢ πρὸς ἑτέρους πολεμοῦντες ἐν περισπασμοῖς ἦσαν, ἐγίνετο τὸ δέον αὐτοῖς· ἦγον γὰρ τὴν εἰρήνην αἰεὶ παρευδιαζόμενοι διὰ τὴν τοῦ τόπου παράπτωσιν· [6] ὅταν δ' εὐσχολοὶ καὶ ἀπερίσπαστοι Λακεδαιμόνιοι γενηθέντες ἐτράπησαν πρὸς τὸ βλάπτειν αὐτούς, [7] οὐτ' αὐτοὶ δι' αὐτῶν ἀντοφθαλμεῖν ἐδύναντο πρὸς τὸ βάρος τὸ Λακεδαιμονίων οὔτε προκατεσκευασμένοι φίλους τοὺς ἀληθινῶς αὐτοῖς πάντα συνυποστησομένους ἢ δουλεύειν ἠναγκάζοντο τούτοις ἀχθοφοροῦντες ἢ φεύγοντας τὴν δουλείαν ἀναστάτους γίνεσθαι, λείποντας τὴν χώραν μετὰ τέκνων καὶ γυναικῶν· [8] ὅπερ ἤδη πλεονάκις αὐτοῖς συνέβη παθεῖν οὐ πᾶν πολλοῖς χρόνοις. [9] εἴη μὲν οὖν οἶον εἰ συμφῦναι τὴν νῦν ὑπάρχουσαν κατάστασιν Πελοποννησίους, ἵνα μηδενὸς δέη τῶν λέγεσθαι μελλόντων· [10] ἐὰν δέ ποτε κίνησιν καὶ μετástασιν σχῇ ταῦτα, μίαν ὁρῶ Μεσσηνίοις καὶ Μεγαλοπολίταις ἐλπίδα τοῦ δύνασθαι νέμεσθαι τὴν αὐτῶν χώραν τὸν πλείω χρόνον, ἐὰν συμφρονήσαντες κατὰ τὴν Ἐπαμινώνδου γνώμην παντὸς καιροῦ καὶ πράγματος ἔλωνται κοινωνεῖν ἀλλήλοις ἀληθινῶς.

[1] ὁ δὲ λόγος οὗτος ἔχει μὲν ἴσως καὶ διὰ τῶν πάλοι γεγρονότων πίστιν. [2] οἱ γὰρ Μεσσήνιοι πρὸς ἄλλοις πολλοῖς καὶ παρὰ τὸν τοῦ Διὸς τοῦ Λυκαίου βωμὸν ἀνέθεσαν στήλην ἐν τοῖς κατ' Ἀριστομένην καιροῖς, καθάπερ καὶ Καλλισθένης φησί, γράψαντες τὸ γράμμα τοῦτο· πάντως ὁ χρόνος εὔρε δίκην ἀδίκῃ βασιλῆϊ, [3]

[1] εὔρε δὲ Μεσσήνη σὺν Διὶ τὸν προδότην ρηιδίως. χαλεπὸν δὲ

[5] καὶ τοῦτ' εἰκότως ἐποίουν: οὐ γὰρ μόνον αὐτοὺς Ἀρκάδες ὑποδεξάμενοι κατὰ τὴν ἔκπτωσιν τὴν ἐκ τῆς ἰδίας ὑπὸ τὸν Ἀριστομένειον πόλεμον ὁμεστίους ἐποίησαντο καὶ πολίτας, ἀλλὰ καὶ τὰς θυγατέρας ἐψηφίσαντο τοῖς ἐν ἡλικίᾳ διδόναι τῶν Μεσσηνίων, [6] πρὸς δὲ τούτοις ἀναζητήσαντες τὴν Ἀριστοκράτους τοῦ βασιλέως προδοσίαν ἐν τῇ μάχῃ τῇ καλουμένῃ περὶ Τάφρον αὐτόν τ' ἀνέϊλον καὶ τὸ γένος αὐτοῦ πᾶν ἠφάνισαν. [7] οὐ μὴν ἀλλὰ καὶ χωρὶς τῶν πάλοι τὰ τελευταῖα γεγονότα μετὰ τὸν Μεγάλης πόλεως καὶ Μεσσήνης συνοικισμὸν ἱκανὴν ἂν παράσχοι πίστιν τοῖς ὑφ' ἡμῶν εἰρημένοις. [8] καθ' οὓς γὰρ καιροὺς, τῆς περὶ Μαντίνειαν μάχης τῶν Ἑλλήνων ἀμφιδήριτον ἐχούσης τὴν νίκην διὰ τὸν Ἐπαμινώνδου θάνατον, ἐκώλυνον Λακεδαιμόνιοι μετέχειν τῶν σπονδῶν Μεσσηνίους, ἀκμὴν σφετεριζόμενοι ταῖς ἐλπίσι τὴν Μεσσηνίαν, [9] ἐπὶ τοσοῦτο διέσπευσαν Μεγαλοπολῖται καὶ πάντες οἱ κοινωνοῦντες Ἀρκάδων τῆς αὐτῶν συμμαχίας ὥστε Μεσσηνίους μὲν ὑπὸ τῶν συμμάχων προσδεχθῆναι καὶ μετασχεῖν τῶν ὄρκων καὶ διαλύσεων, Λακεδαιμονίους δὲ μόνους ἐκσπόνδους γενέσθαι τῶν Ἑλλήνων. [10] ἂ τίς οὐκ ἂν τῶν ἐπιγινομένων ἐν νῶ τιθέμενος νομίσειε καλῶς εἰρῆσθαι τὰ μικρῷ πρότερον ὑφ' ἡμῶν δεδηλωμένα; [11] ταῦτα μὲν οὖν εἰρήσθω μοι χάριν Ἀρκάδων καὶ Μεσσηνίων, ἵνα μνημονεύοντες τῶν συμβεβηκότων αὐτοῖς περὶ τὰς πατρίδας ἀτυχημάτων ὑπὸ Λακεδαιμονίων ἀληθινῶς ἀντέχωνται τῆς πρὸς αὐτοὺς εὐνοίας καὶ πίστεως, [12] καὶ μήτε φόβον ὑφορώμενοι μήτ' εἰρήνης ἐπιθυμοῦντες ἐγκαταλείπωσιν ἀλλήλους ἐν ταῖς ὀλοσχερέσι περιστάσεσι. Λακεδαιμόνιοι δὲ τῶν εἰθισμένων ἐποίησάν τι — τοῦτο γὰρ συνεχὲς ἦν τοῖς προειρημένοις — τέλος γὰρ τοὺς παρὰ τῶν συμμάχων πρέσβεις ἀναποκρίτους ἀπέστειλαν. οὕτως ἐξηπόρησαν ὑπὸ τῆς ἀλογίας καὶ κακίας τῆς αὐτῶν. [2] καὶ μοι δοκεῖ τοῦτ' ἀληθὲς εἶναι διότι πολλάκις τολμᾶν περιττὸν εἰς ἄνοιαν καὶ τὸ μηδὲν καταντᾶν εἶωθεν. [3] οὐ μὴν ἀλλὰ μετὰ ταῦτα, κατασταθέντων ἐφόρων ἄλλων, οἱ κινήσαντες ἐξ ἀρχῆς τὰ πράγματα καὶ γενόμενοι τῆς προειρημένης σφαγῆς αἵτιοι διεπέμποντο πρὸς τοὺς Αἰτωλοὺς, ἐπισπώμενοι πρεσβευτήν. [4] τῶν δὲ καὶ μάλ' ἀσμένως ὑπακουσάντων, ἦκε μετ' ὀλίγον πρεσβεύων εἰς τὴν Λακεδαίμονα

Μαχατᾶς. [5] καὶ παραυτίκα προσήει τοῖς ἐφόροις **** οἰόμενοι δεῖν τῷ τε Μαχατᾷ δίδοσθαι τὴν ἔφοδον ἐπὶ τοὺς πολλοὺς, καὶ βασιλέας καθιστάναι κατὰ τὰ πάτρια, καὶ μὴ περιορᾶν τὸν πλείω χρόνον παρὰ τοὺς νόμους καταλελυμένην τὴν τῶν Ἑρακλειδῶν ἀρχήν. [6] οἱ δ' ἔφοροι, δυσαρεστούμενοι μὲν τοῖς ὅλοις πράγμασιν, οὐ δυνάμενοι δὲ πρὸς τὴν ὁρμὴν ἀντοφθαλμεῖν, ἀλλὰ δεδιότες τὴν τῶν νέων συστροφὴν, περὶ μὲν τῶν βασιλέων ἔφασαν μετὰ ταῦτα βουλευέσθαι, τῷ δὲ Μαχατᾷ συνεχώρησαν δώσειν τὴν ἐκκλησίαν. [7] συναχθέντος δὲ τοῦ πλήθους παρελθὼν ὁ Μαχατᾶς παρεκάλει διὰ πλειόνων αὐτοὺς αἰρεῖσθαι τὴν πρὸς Αἰτωλοὺς συμμαχίαν, εἰκῇ μὲν καὶ θρασέως κατηγορῶν Μακεδόνων, ἀλόγως δὲ καὶ ψευδῶς ἐγκωμιάζων τοὺς Αἰτωλοὺς. [8] μεταστάντος δὲ τούτου, πολλῆς ἀμφισβητήσεως ἐτύγχανε τὸ πρᾶγμα: τινὲς μὲν γὰρ συνηγόρουν τοῖς Αἰτωλοῖς καὶ συντίθεσθαι πρὸς αὐτοὺς παρήνουν τὴν συμμαχίαν, ἔνιοι δὲ τούτοις ἀντέλεγον. [9] οὐ μὴν ἀλλὰ τῶν πρεσβυτέρων τινὲς ἐπιστήσαντες τὸ πλῆθος ἐπὶ τε τὰς Ἀντιγόνου καὶ Μακεδόνων εὐεργεσίας ἐπὶ τε τὰς διὰ Χαριζένου καὶ Τιμαίου βλάβας, ὅτε στρατεύσαντες Αἰτωλοὶ πανδημεὶ κατέφθειραν μὲν αὐτῶν τὴν χώραν, ἐξηνδραποδίσαντο δὲ τὰς περιοίκους, ἐπεβούλευσαν δὲ τῇ Σπάρτῃ, μετὰ δόλου καὶ βίας τοὺς φυγάδας ἐπαγαγόντες, ἐπ' ἄλλης ἐγένοντο γνώμης, [10] καὶ τέλος ἐπέισθησαν τηρεῖν τὴν πρὸς Φίλιππον καὶ Μακεδόνας συμμαχίαν. [11] γενομένων δὲ τούτων, ὁ μὲν Μαχατᾶς ἄπρακτος ἐπανήει πάλιν

[1] εἰς τὴν οἰκείαν, οἱ δ' ἐξ ἀρχῆς αἵτιοι γεγονότες τῆς κινήσεως, οὐδαμῶς εἶξαι δυνάμενοι τοῖς παροῦσιν, αὐτῖς ἐπεβάλοντο πρᾶγμα ποιεῖν πάντων ἀσεβέστατον, φθεῖραντές τινας τῶν νέων. [2] κατὰ γὰρ τινὰ θυσίαν πάτριον ἔδει τοὺς μὲν ἐν ταῖς ἡλικίαις μετὰ τῶν ὅπλων πομπεύειν ἐπὶ τὸν τῆς Ἀθηνᾶς τῆς Χαλκιοίκου νεών, τοὺς δ' ἐφόρους συντελεῖν τὰ περὶ τὴν θυσίαν, αὐτοῦ περὶ τὸ τέμενος διατρίβοντας. [3] ἐν τούτῳ τῷ καιρῷ τῶν πομπευόντων ἐν τοῖς ὅλοις τινὲς νεανίσκων ἄφνω προσπεσόντες θύουσι τοῖς ἐφόροις ἀπέσφαζαν αὐτούς. καίτοι πᾶσι τοῖς καταφυγοῦσι τὴν ἀσφάλειαν παρεσκεύαζε τὸ ἱερόν, καὶ θανάτου τις ἦ κατακεκριμένος: [4] τότε δὲ διὰ τὴν ὁμότητα τῶν τολμώντων εἰς τοῦτ' ἦλθε καταφρονήσεως ὥστε περὶ τὸν βωμὸν καὶ τὴν τράπεζαν τῆς θεοῦ κατασφαγῆναι τοὺς ἐφόρους ἅπαντας. [5] ἐξῆς δὲ τούτου τὰκόλουθον τῇ προθέσει ποιοῦντες ἀνείλουν μὲν τοὺς περὶ Γυρίδαν τῶν γερόντων, ἐφυγάδευσαν δὲ τοὺς ἀντειπόντας τοῖς

Αἰτωλοῖς, εἶλοντο δ' ἐξ αὐτῶν ἐφόρους, συνέθεντο δὲ πρὸς τοὺς Αἰτωλοὺς τὴν συμμαχίαν. [6] ἐποίουν δὲ ταῦτα, καὶ τὴν τε πρὸς Ἀχαιοὺς ἀπέχθειαν καὶ τὴν πρὸς Μακεδόνας ἀχαριστίαν καὶ καθόλου τὴν πρὸς πάντας ἀλογίαν ὑπέμενον — οὐχ ἥκιστα δὲ διὰ Κλεομένη καὶ τὴν πρὸς ἐκείνον εὐνοίαν — ἐπελπίζοντες ἀεὶ καὶ προσδοκίαν ἔχοντες τῆς ἐκείνου παρουσίας ἅμα καὶ σωτηρίας. [7] οὕτως οἱ δυνάμενοι τῶν ἀνθρώπων ἐπιδεξίως ὁμιλεῖν τοῖς συμπεριφερομένοις οὐ μόνον παρόντες, ἀλλὰ καὶ μακρὰν ἀφεστῶτες ἐγκαταλείπουσί τινα καὶ λίαν ἰσχυρὰ τῆς πρὸς αὐτοὺς εὐνοίας αἰθύγματα. [8] οἱ γὰρ χωρὶς τῶν ἄλλων καὶ τότε, πολιτευόμενοι κατὰ τὰ πάτρια σχεδὸν ἤδη τρεῖς ἑνιαυτοὺς μετὰ τὴν Κλεομένους ἔκπτωσιν, οὐδ' ἐπενόησαν οὐδέποτε βασιλεῖς καταστήσαι τῆς Σπάρτης: [9] ἅμα δὲ τῷ τὴν φήμην ἀφικέσθαι περὶ τῆς Κλεομένους τελευτῆς εὐθέως ὥρμησαν ἐπὶ τὸ βασιλεῖς καθιστάναι τὰ τε πλήθη καὶ τὸ τῶν ἐφόρων ἀρχεῖον. [10] καὶ κατέστησαν οἱ κοινωνοῦντες ἔφοροι τῆς αἰρέσεως τοῖς στασιώταις, οἱ καὶ τὴν πρὸς Αἰτωλοὺς συνθέμενοι συμμαχίαν, ὑπὲρ ὧν τὸν ἄρτι λόγον ἐποίησάμην, τὸν μὲν ἕνα νομίμως καὶ καθηκόντως, Ἀγησίπολιν, ὄντα μὲν παῖδα τὴν ἡλικίαν, υἱὸν δ' Ἀγησιπόλιδος τοῦ Κλεομβρότου: [11] τὸν δὲ συνέβαινε βεβασιλευκέναι καθ' οὗς καιροὺς ἐξέπεσε Λεωνίδης ἐκ τῆς ἀρχῆς, διὰ τὸ κατὰ γένος ὑπάρχειν ἔγγιστα τῆς οἰκίας ταύτης. [12] ἐπίτροπον δὲ τοῦ παιδὸς εἶλοντο Κλεομένη, Κλεομβρότου μὲν υἱόν, Ἀγησιπόλιδος δ' ἀδελφόν. [13] ἀπὸ δὲ τῆς ἐτέρας οἰκίας, ὄντων ἐκ τῆς Ἰππομέδοντος θυγατρὸς Ἀρχιδάμῳ δυεῖν παίδων, ὃς ἦν υἱὸς Εὐδαμίδου, ζῶντος δὲ καὶ Ἰππομέδοντος ἀκμήν, ὃς ἦν υἱὸς Ἀγησιλάου τοῦ Εὐδαμίδου, καὶ ἐτέρων δὲ πλειόνων ἀπὸ τῆς οἰκίας ὑπαρχόντων, ἀπωτέρω μὲν τῶν προειρημένων, προσηκόντων δὲ κατὰ γένος, [14] τούτους μὲν ἅπαντας ὑπερεῖδον, Λυκοῦργον δὲ βασιλέα κατέστησαν, οὗ τῶν προγόνων οὐδεὶς ἐτετεύχει τῆς προσηγορίας: ὃς δοὺς ἐκάστῳ τῶν ἐφόρων τάλαντον Ἡρακλέους ἀπόγονος καὶ βασιλεὺς ἐγεγόνει τῆς Σπάρτης. [15] οὕτως εὖωνα πανταχῇ τὰ καλὰ γέγονε. τοιγαροῦν οὐ παῖδες παίδων, ἀλλ' αὐτοὶ πρῶτοι τῆς ἀνοίας ἀπέτισαν τοὺς μισθοὺς οἱ καταστήσαντες.

[1] ὁ δὲ Μαχατᾶς, πυθόμενος τὰ γεγονότα περὶ τοὺς Λακεδαιμονίους, ἦκε πάλιν ὑποστρέψας εἰς τὴν Σπάρτην, καὶ παρεκάλει τοὺς ἐφόρους καὶ τοὺς βασιλέας ἐξανεγκεῖν τοῖς Ἀχαιοῖς τὸν πόλεμον: [2] μόνως γὰρ οὕτως ἔφη λῆξαι τὴν τῶν Λακεδαιμονίων

φιλονεικίαν τῶν ἐκ παντὸς τρόπου διακοπτόντων τὴν πρὸς Αἰτωλοὺς συμμαχίαν τὴν τε τῶν ἐν Αἰτωλίᾳ τὰ παραπλήσια τούτοις πραττόντων. [3] πεισθέντων δὲ τῶν ἐφόρων καὶ τῶν βασιλέων, ὁ μὲν Μαχατᾶς ἐπανῆλθε, συντετελεσμένος τὴν πρόθεσιν διὰ τὴν ἄγνοιαν τῶν συμπραττόντων, [4] ὁ δὲ Λυκοῦργος ἀναλαβὼν τοὺς στρατιώτας καὶ τινὰς τῶν πολιτικῶν ἐνέβαλεν εἰς τὴν Ἀργείαν, ἀφυλάκτως διακειμένων εἰς τέλος τῶν Ἀργείων διὰ τὴν προϋπάρχουσαν κατάστασιν. [5] καὶ Πολίχναν μὲν καὶ Πρασίας καὶ Λεύκας καὶ Κύφαντα προσπεσὼν ἄφνω κατέσχε· Γλυμπέσι δὲ καὶ Ζάρακι προσπεσὼν ἀπέπεσε. [6] τούτου δὲ ταῦτα πράξαντος, ἐπεκήρυσαν τὸ λάφυρον οἱ Λακεδαιμόνιοι κατὰ τῶν Ἀχαιῶν. ἔπεισαν δὲ καὶ τοὺς Ἥλείους οἱ περὶ τὸν Μαχατᾶν, παραπλήσια λέγοντες ἅπερ καὶ πρὸς τοὺς Λακεδαιμονίους, ἐξενεγκεῖν τοῖς Ἀχαιοῖς τὸν πόλεμον. [7]

[1] παραδόξως δὲ καὶ κατὰ νοῦν τοῖς Αἰτωλοῖς τῶν πραγμάτων προκεχωρηκότων, οὗτοι μὲν εὐθαρσῶς ἐνέβαινον εἰς τὸν πόλεμον, οἱ δ' Ἀχαιοὶ τάναντία· Φίλιππος μὲν γάρ, [8] ἐφ' ᾧ τὰς ἐλπίδας εἶχον, ἀκμὴν ἐγένετο περὶ παρασκευὴν, Ἡπειρῶται δ' ἔμελλον πολεμεῖν, [9] Μεσσήνιοι δ' ἡσυχίαν εἶχον, Αἰτωλοὶ δέ, προσειληφότες τὴν Ἥλειαν καὶ Λακεδαιμονίων ἄγνοιαν, πανταχόθεν περιεῖχον αὐτοὺς τῷ πολέμῳ. Ἀράτῳ μὲν οὖν συνέβαινε κατὰ τὸν καιρὸν τοῦτον ἤδη λήγειν τὴν ἀρχὴν, Ἄρατον δὲ τὸν υἱὸν αὐτοῦ καθεσταμένον ὑπὸ τῶν Ἀχαιῶν παραλαμβάνειν τὴν στρατηγίαν. [2] Αἰτωλῶν δ' ἐστρατήγει Σκόπας· ὁ δὲ χρόνος αὐτῷ τῆς ἀρχῆς μάλιστα τότε πῶς διήρητο· τὰς γὰρ ἀρχαιρεσίας Αἰτωλοὶ μὲν ἐποιοῦν μετὰ τὴν φθινοπωρινὴν ἰσημερίαν εὐθέως, Ἀχαιοὶ δὲ τότε περὶ τὴν τῆς Πλειάδος ἐπιτολήν. [3] ἤδη δὲ τῆς θερείας ἐνισταμένης, καὶ μετεिल्φότος Ἀράτου τοῦ νεωτέρου τὴν στρατηγίαν, ἅμα πάντα τὰ πράγματα τὰς ἐπιβολὰς ἐλάμβανε καὶ τὰς ἀρχάς. [4] Ἀννίβας μὲν γὰρ ἐνεχείρει κατὰ τοὺς καιροὺς τούτους Ζάκανθαν πολιορκεῖν, Ῥωμαῖοι δὲ Λεύκιον Αἰμίλιον εἰς τὴν Ἰλλυρίδα μετὰ δυνάμεως ἐξαπέστελλον ἐπὶ Δημήτριον τὸν Φάριον· ὑπὲρ ὧν ἐν τῇ προτέρᾳ βύβλῳ δεδηλώκαμεν. [5] Ἀντίοχος δέ, Πτολεμαῖδα καὶ Τύρον παραδόντος αὐτῷ Θεοδότου, τοῖς κατὰ Κοίλην Συρίαν ἐγχειρεῖν ἐπεβάλλετο· Πτολεμαῖος δὲ περὶ παρασκευὴν ἐγένετο τοῦ πρὸς Ἀντίοχον πολέμου. [6] Λυκοῦργος δ' ἀπὸ τῶν ὁμοίων βουλόμενος ἄρχεσθαι Κλεομένει, τὸ τῶν Μεγαλοπολιτῶν Ἀθηναίων ἐπολιόρκει προσεστρατοπεδευκώς. Ἀχαιοὶ δὲ μισθοφόρους ἵππεῖς καὶ πεζοὺς ἤθροιζον εἰς τὸν

περιεστῶτα πόλεμον: [7] Φίλιππος δ' ἐκ Μακεδονίας ἐκίνει μετὰ τῆς δυνάμεως, ἔχων Μακεδόνων φαλαγγίτας μὲν μυρίους, πελταστὰς δὲ πεντακισχιλίους, ἅμα δὲ τούτοις ἵππεῖς ὀκτακοσίους. [8]

[1] ταῦτα μὲν οὖν ἅπαντ' ἦν ἐν τοιαύταις ἐπιβολαῖς καὶ παρασκευαῖς. κατὰ δὲ τοὺς αὐτοὺς καιροὺς ἐξήνεγκαν Ῥόδιοι Βυζαντίοις πόλεμον διὰ τινας τοιαύτας αἰτίας. Βυζάντιοι κατὰ μὲν θάλατταν εὐκαιρότατον οἰκοῦσι τόπον καὶ πρὸς ἀσφάλειαν καὶ πρὸς εὐδαιμονίαν πάντη τῶν ἐν τῇ καθ' ἡμᾶς οἰκουμένῃ, κατὰ δὲ γῆν πρὸς ἀμφοτέρω πάντων ἀφυέστατον. [2] κατὰ μὲν γὰρ θάλατταν οὕτως ἐπικεῖνται τῷ στόματι τοῦ Πόντου κυρίως ὥστε μήτ' εἰσπλεῦσαι μήτ' ἐκπλεῦσαι μηδένα δυνατόν εἶναι τῶν ἐμπόρων χωρὶς τῆς ἐκείνων βουλήσεως. [3] ἔχοντος δὲ τοῦ Πόντου πολλὰ τῶν πρὸς τὸν βίον εὐχρήστων τοῖς ἄλλοις ἀνθρώποις, πάντων εἰσι τούτων κύριοι Βυζάντιοι. [4] πρὸς μὲν γὰρ τὰς ἀναγκαίας τοῦ βίου χρείας τά τε θρέμματα καὶ τὸ τῶν εἰς τὰς δουλείας ἀγομένων σωμάτων πλῆθος οἱ κατὰ τὸν Πόντον ἡμῖν τόποι παρασκευάζουσι δαψυλέστατον καὶ χρησιμώτατον ὁμολογουμένως: πρὸς δὲ περιουσίαν μέλι, κηρόν, τάριχος ἀφθόνως ἡμῖν χορηγοῦσι. [5] δέχονται γε μὴν τῶν ἐν τοῖς παρ' ἡμῖν τόποις περιττευόντων ἔλαιον καὶ πᾶν οἴνου γένος: σίτῳ δ' ἀμείβονται, ποτὲ μὲν εὐκαίρως διδόντες, ποτὲ δὲ λαμβάνοντες. [6] πάντων δὲ τούτων ἢ κωλύεσθαι δέον ἦν ὀλοσχερῶς τοὺς Ἕλληνας ἢ τελέως ἀλυσιτελῇ γίνεσθαι σφίσι τὴν ἀλλαγὴν αὐτῶν, Βυζαντίων ἦτοι βουλομένων ἐθελοκακεῖν καὶ συνδυάζειν ποτὲ μὲν Γαλάταις, ποτὲ δὲ πλείονα Θραξίν ἢ τὸ παράπαν μὴ κατοικούντων τοὺς τόπους: [7] διὰ τε γὰρ τὴν στενότητα τοῦ πόρου καὶ τὸ παρακεῖμενον πλῆθος τῶν βαρβάρων ἄπλους ἂν ἡμῖν ἦν ὁμολογουμένως ὁ Πόντος. [8] μέγιστα μὲν οὖν ἴσως αὐτοῖς ἐκείνοις περιγίνεται λυσιτελῇ πρὸς τοὺς βίους διὰ τὰς τῶν τόπων ιδιότηας: [9] ἅπαν γὰρ τὸ μὲν περιττεῦον παρ' αὐτοῖς ἐξαγωγῆς, τὸ δὲ λείπον εἰσαγωγῆς ἐτοίμου τυγχάνει καὶ λυσιτελοῦς ἄνευ πάσης κακοπαθείας καὶ κινδύνου: [10] πολλὰ γε μὴν καὶ τοῖς ἄλλοις εὐχρηστα δι' ἐκείνους, ὥς εἰρήκαμεν, ἅπαντᾶ. διὸ καὶ κοινοὶ τινες ὥς εὐεργέται πάντων ὑπάρχοντες εἰκότως ἂν οὐ μόνον χάριτος, ἀλλὰ καὶ ἐπικουρίας κοινῆς τυγχάνοιεν ὑπὸ τῶν Ἑλλήνων κατὰ τὰς ὑπὸ τῶν βαρβάρων περιστάσεις. [11] ἐπεὶ δὲ παρὰ τοῖς πλείστοις ἀγνοεῖσθαι συνέβαινε τὴν ιδιότητα καὶ τὴν εὐφυΐαν τοῦ τόπου, διὰ τὸ μικρὸν ἔξω κεῖσθαι τῶν ἐπισκοπουμένων μερῶν τῆς οἰκουμένης, [12] βουλόμεθα δὲ πάντες εἰδέναι τὰ τοιαῦτα, καὶ μάλιστα

μὲν αὐτόπται γίνεσθαι τῶν ἐχόντων παρηλλαγμένον τι καὶ διαφέρον τόπων, εἰ δὲ μὴ τοῦτο δυνατόν, ἐννοίας γε καὶ τύπους ἔχειν ἐν αὐτοῖς ὡς ἔγγιστα τῆς ἀληθείας, [13] ῥητέον ἂν εἴη τί τὸ συμβαῖνόν ἐστι καὶ τί τὸ ποιοῦν τὴν τηλικαύτην καὶ τοιαύτην εὐπορίαν τῆς προειρημένης πόλεως.

[1] ὁ δὲ καλούμενος Πόντος ἔχει τὴν μὲν περίμετρον ἔγγιστα τῶν δισμυρίων καὶ δισχιλίων σταδίων, στόματα δὲ διττὰ κατὰ διάμετρον ἀλλήλοις κείμενα, τὸ μὲν ἐκ τῆς Προποντίδος, τὸ δ' ἐκ τῆς Μαιώτιδος λίμνης, ἥτις αὐτὴ καθ' αὐτὴν ὀκτακισχιλίων ἔχει σταδίων τὴν περιγραφὴν. [2] εἰς δὲ τὰ προειρημένα κοιλώματα πολλῶν μὲν καὶ μεγάλων ποταμῶν ἐκ τῆς Ἀσίας ἐκβαλλόντων, ἔτι δὲ μειζόνων καὶ πλειόνων ἐκ τῆς Εὐρώπης, συμβαίνει τὴν μὲν Μαιώτιν ἀναπληρουμένην ὑπὸ τούτων ῥεῖν εἰς τὸν Πόντον διὰ τοῦ στόματος, τὸν δὲ Πόντον εἰς τὴν Προποντίδα. [3] καλεῖται δὲ τὸ μὲν τῆς Μαιώτιδος στόμα Κιμμερικὸς Βόσπορος, ὃ τὸ μὲν πλάτος ἔχει περὶ τριάκοντα στάδια, τὸ δὲ μῆκος ἐξήκοντα, πᾶν δ' ἐστὶν ἀλιτενές· [4] τὸ δὲ τοῦ Πόντου παραπλησίως ὀνομάζεται μὲν Βόσπορος Θράκιος, ἔστι δὲ τὸ μὲν μῆκος ἐφ' ἑκατὸν καὶ εἴκοσι στάδια, τὸ δὲ πλάτος οὐ πάντη ταυτόν. [5] ἄρχει δὲ τοῦ στόματος ἀπὸ μὲν τῆς Προποντίδος τὸ κατὰ Καλχηδὸνα διάστημα καὶ Βυζάντιον, [6] ὃ δεκατεττάρων ἐστὶ σταδίων, ἀπὸ δὲ τοῦ Πόντου τὸ καλούμενον Ἰερόν, ἐφ' οὗ τόπου φασὶ κατὰ τὴν ἐκ Κόλχων ἀνακομιδὴν Ἰάσονα θῦσαι πρῶτον τοῖς δώδεκα θεοῖς· ὃ κεῖται μὲν ἐπὶ τῆς Ἀσίας, ἀπέχει δὲ τῆς Εὐρώπης ἐπὶ δώδεκα στάδια πρὸς τὸ καταντικρὺ κείμενον Σαραπιεῖον τῆς Θράκης. [7] τοῦ δὲ ῥεῖν ἔξω κατὰ τὸ συνεχές τὴν τε Μαιώτιν καὶ τὸν Πόντον εἰσὶν αἰτίαι διτταί, μία μὲν αὐτόθεν καὶ πᾶσι προφανής, καθ' ἣν, πολλῶν εἰσπιπτόντων ῥευμάτων εἰς περιγραφὴν ἀγγείων ὠρισμένων, πλεῖον ἀεὶ καὶ πλεῖον γίνεται τὸ ὑγρόν, [8] ὃ μηδεμιᾶς μὲν ὑπαρχούσης ἐκρύσεως δεόν ἂν ἦν προσαναβαῖνον ἀεὶ μείζω καὶ πλείω τοῦ κοιλώματος περιλαμβάνειν τόπον, ὑπαρχουσῶν δ' ἐκρύσεων ἀνάγκη τὸ προσγινόμενον καὶ πλεονάζον ὑπερπίπτον ἀπορρεῖν καὶ φέρεσθαι συνεχῶς διὰ τῶν ὑπαρχόντων στομάτων· [9] δευτέρα δέ, καθ' ἣν, πολλὴν καὶ παντοδαπὸν χοῦν εἰσφερόντων εἰς τὰ προειρημένα κοιλώματα τῶν ποταμῶν κατὰ τὰς τῶν ὄμβρων ἐπιτάσεις, ἐκπιεζόμενον τὸ ὑγρὸν ὑπὸ τῶν συνισταμένων ἐγγωμάτων ἀεὶ προσαναβαίνει καὶ φέρεται κατὰ τὸν αὐτὸν λόγον διὰ τῶν ὑπαρχουσῶν ἐκρύσεων. [10] τῆς δ' ἐγχώσεως καὶ τῆς ἐπιρρύσεως

ἀδιαπαύστου καὶ συνεχοῦς γινομένης ἐκ τῶν ποταμῶν, καὶ τὴν ἀπόρρυσιν ἀδιάπαυστον καὶ συνεχῇ γίνεσθαι διὰ τῶν στομάτων ἀναγκαῖον. [11]

[1] αἱ μὲν οὖν ἀληθεῖς αἰτίαι τοῦ ρεῖν ἔξω τὸν Πόντον αἰδ' εἰσίν, οὐκ ἐξ ἐμπορικῶν ἔχουσαι διηγημάτων τὴν πίστιν, ἀλλ' ἐκ τῆς κατὰ φύσιν θεωρίας, ἥς ἀκριβεστέραν εὔρεϊν οὐ ῥάδιον: ἐπεὶ δ' ἐπὶ τὸν τόπον ἐπέστημεν, οὐδὲν ἀφετέον ἄργον οὐδ' ἐν αὐτῇ τῇ φάσει κείμενον, ὅπερ οἱ πλείστοι ποιεῖν εἰώθασι τῶν συγγραφέων, ἀποδεικτικῇ δὲ μᾶλλον τῇ διηγῇσει χρηστέον, ἵνα μηδὲν ἄπορον ἀπολείπωμεν τῶν ζητουμένων τοῖς φιληκόοις. [2] τοῦτο γὰρ ἴδιόν ἐστι τῶν νῦν καιρῶν, ἐν οἷς πάντων πλωτῶν καὶ πορευτῶν γεγονότων οὐκ ἂν ἔτι πρέπον εἴη ποιηταῖς καὶ μυθογράφοις χρῆσθαι μάρτυσι περὶ τῶν ἀγνοουμένων, [3] ὅπερ οἱ πρὸ ἡμῶν πεποιήκασι περὶ τῶν πλείστων, ἀπίστους ἀμφισβητουμένων παρεχόμενοι βεβαιωτὰς κατὰ τὸν Ἡράκλειτον, πειρατέον δὲ δι' αὐτῆς τῆς ἱστορίας ἱκανὴν παριστάναι πίστιν τοῖς ἀκούουσι. [4] φαμὲν δὴ χώννυσθαι μὲν καὶ πάλαι καὶ νῦν τὸν Πόντον, χρόνῳ γε μὴν ὀλοσχερῶς ἐγχωσθήσεσθαι τὴν τε Μαιῶτιν καὶ τοῦτον, μενούσης γε δὴ τῆς αὐτῆς τάξεως περὶ τοὺς τόπους, καὶ τῶν αἰτίων τῆς ἐγχώσεως ἐνεργούντων κατὰ τὸ συνεχές. [5] ὅταν γὰρ ὁ μὲν χρόνος ἄπειρος ᾗ, τὰ δὲ κοιλώματα πάντα πάντως ὠρισμένα, δῆλον ὥς, κἂν τὸ τυχόν εἰσφέρεται, πληρωθήσονται τῷ χρόνῳ. [6] κατὰ φύσιν γὰρ τὸ πεπερασμένον ἐν ἀπείρῳ χρόνῳ συνεχῶς γινόμενον ἢ φθειρόμενον, κἂν κατ' ἐλάχιστον γίνηται — τοῦτο γὰρ νοείσθω νῦν — ἀνάγκη τελειωθῆναι κατὰ τὴν πρόθεσιν. [7] ὅταν δὲ μὴ τὸ τυχόν, ἀλλὰ καὶ λίαν πολὺς τις εἰσφέρεται χοῦς, φανερόν ὥς οὐ ποτέ, ταχέως δὲ συμβήσεται γενέσθαι τὸ νῦν δὴ λεγόμενον ὑφ' ἡμῶν. [8] ὁ δὴ καὶ φαίνεται γινόμενον. τὴν μὲν οὖν Μαιῶτιν ἤδη κεχῶσθαι συμβαίνει: τὸ γὰρ τοι πλείστον αὐτῆς μέρος ἐν ἑπτὰ καὶ πέντε ὀργυιαῖς ἐστί: διὸ καὶ πλεῖν αὐτὴν οὐκέτι δύνανται ναυσὶ μεγάλαις χωρὶς καθηγεμόνος. [9] οὐσά τ' ἐξ ἀρχῆς θάλαττα σύρρους τῷ Πόντῳ, καθάπερ οἱ παλαιοὶ συμφωνοῦσι, νῦν ἐστὶ λίμνη γλυκεῖα, τῆς μὲν θαλάττης ἐκπεπιεσμένης ὑπὸ τῶν ἐγχωμάτων, τῆς δὲ τῶν ποταμῶν εἰσβολῆς ἐπικρατούσης. [10] ἔσται δὲ καὶ περὶ τὸν Πόντον παραπλήσιον, καὶ γίνεται νῦν: ἀλλ' οὐ λίαν τοῖς πολλοῖς ἐστὶ καταφανὲς διὰ τὸ μέγεθος τοῦ κοιλώματος. τοῖς μέντοι γε βραχέα συνεπιστήσασι καὶ νῦν

[1] ἐστὶ δῆλον τὸ γινόμενον. τοῦ γὰρ Ἰστρου πλείοσι στόμασιν

ἀπὸ τῆς Εὐρώπης εἰς τὸν Πόντον εἰσβάλλοντος, συμβαίνει πρὸς τοῦτον σχεδὸν ἐπὶ χίλια στάδια συνεστάναι ταινίαν ἡμέρας δρόμον ἀπέχουσαν τῆς γῆς [ἥτις νῦν συνέστηκεν] ἐκ τῆς τοῖς στόμασιν εἰσφερομένης ἰλύος· [2] ἐφ' ἣν ἔτι πελάγιοι τρέχοντες οἱ πλέοντες τὸν Πόντον λανθάνουσιν ἐποκέλλοντες νυκτὸς ἐπὶ τοὺς τόπους. καλοῦσι δ' αὐτοὺς οἱ ναυτικοὶ Στήθη. [3] τοῦ δὲ μὴ παρ' αὐτὴν συνίστασθαι τὴν γῆν, ἀλλ' ἐπὶ τὸ πολὺ προωθεῖσθαι τὸν χοῦν, ταύτην νομιστέον εἶναι τὴν αἰτίαν. [4] ἐφ' ὅσον μὲν γὰρ αἱ ῥύσεις τῶν ποταμῶν διὰ τὴν βίαν τῆς φορᾶς ἐπικρατοῦσι καὶ διωθοῦνται τὴν θάλατταν, ἐπὶ τοσοῦτο καὶ τὴν γῆν καὶ πάντα τὰ φερόμενα τοῖς ῥεύμασιν ἀνάγκη προωθεῖσθαι καὶ μὴ λαμβάνειν μονὴν μηδὲ στάσιν ἀπλῶς· [5] ὅταν δὲ διὰ τὸ βάθος ἤδη καὶ πλῆθος τῆς θαλάττης ἐκλύηται τὰ ῥεύματα, τότε εἰκὸς ἤδη κατὰ φύσιν φερόμενον κάτω μονὴν καὶ στάσιν λαμβάνειν τὸν χοῦν. [6] δι' ἃ δὴ τῶν μὲν λάβρων καὶ μεγάλων ποταμῶν τὰ μὲν χῶματα μακρὰν συνίσταται, τὰ δὲ παρὰ τὴν χέρσον ἐστὶν ἀγχιβαθῆ, τῶν δ' ἐλαττόνων καὶ πρᾶως ῥεόντων παρ' αὐτὰς τὰς εἰσβολὰς οἱ θῖνες συνίστανται. [7] μάλιστα δ' ἐκδηλον γίνεται τοῦτο κατὰ τὰς τῶν ὄμβρων ἐπιφοράς· καὶ γὰρ τὰ τυχόντα τότε τῶν ῥεΐθρων, ἐπειδὴν ἐπικρατήσωσι τοῦ κύματος κατὰ τὴν εἰσβολήν, προωθοῦσι τὸν χοῦν εἰς θάλατταν ἐπὶ τοσοῦτον ὥστε πρὸς λόγον ἐκάστου γίνεσθαι τὴν ἀπόστασιν τῇ βίᾳ τῶν ἐμπιπτόντων ῥευμάτων. [8] τῷ δὲ μεγέθει τῆς προειρημένης ταινίας καὶ καθόλου τῷ πλήθει τῶν εἰσφερομένων λίθων καὶ ξύλων καὶ γῆς ὑπὸ τῶν ποταμῶν οὐδαμῶς ἀπιστητέον — [9] εὖηθες γάρ — θεωροῦντας ὑπὸ τὴν ὄψιν τὸν τυχόντα χειμάρρουν ἐν βραχεῖ χρόνῳ πολλακίς ἐκχαδροῦντα μὲν καὶ διακόπτοντα τόπους ἡλιβάτους, φέροντα δὲ πᾶν γένος ὕλης καὶ γῆς καὶ λίθων, ἐπιχώσεις δὲ ποιούμενον τηλικαύτας ὥστ' ἄλλοιοῦν ἐνίστε καὶ μηδὲ γινώσκειν ἐν βραχεῖ χρόνῳ

[1] τοὺς αὐτοὺς τόπους. ἐξ ὧν οὐκ εἰκὸς θαυμάζειν πῶς οἱ τηλικοῦτοι καὶ τοιοῦτοι ποταμοὶ συνεχῶς ῥέοντες ἀπεργάζονται τι τῶν προειρημένων καὶ τέλος ἐκπληροῦσι τὸν Πόντον. [2] οὐ γὰρ εἰκός, ἀλλ' ἀναγκαῖον γενέσθαι τοῦτό γε προφαίνεται κατὰ τὸν ὀρθὸν λόγον. [3] σημεῖον δὲ τοῦ μέλλοντος· ὅσῳ γὰρ ἐστὶ νῦν ἡ Μαιῶτις γλυκυτέρα τῆς Ποντικῆς θαλάττης, οὕτως θεωρεῖται διαφέρουσα προφανῶς ἡ Ποντικὴ τῆς καθ' ἡμᾶς. [4] ἐξ ὧν δῆλον ὡς, ὅταν ὁ χρόνος, ἐν ᾧ πεπληρῶσθαι συμβαίνει τὴν Μαιῶτιν, τοῦτον λάβῃ τὸν λόγον πρὸς τὸν χρόνον, ὃν ἔχει τὸ μέγεθος τοῦ κοιλώματος

πρὸς τὸ κοίλωμα, τότε συμβήσεται καὶ τὸν Πόντον τεναγώδῃ καὶ γλυκύν καὶ λιμνώδῃ γενέσθαι παραπλησίως τῇ Μαιώτιδι λίμνῃ. [5] καὶ θᾶπτον δὲ τοῦτον ὑποληπτέον. ὅσῳ μείζους καὶ πλείους εἰσὶν αἱ ῥύσεις τῶν εἰς τοῦτον ἐκπιπτόντων ποταμῶν. [6] ταῦτα μὲν οὖν ἡμῖν εἰρήσθω πρὸς τοὺς ἀπίστως διακειμένους, εἰ δὴ χώννυσθαι νῦν καὶ χωσθήσεσθαι ποτε συμβήσεται τὸν Πόντον καὶ λίμνη καὶ τέναγος ἔσται τὸ τηλικούτον πέλαγος. [7] ἔτι δὲ μᾶλλον εἰρήσθω καὶ τῆς τῶν πλοῖζομένων ψευδολογίας καὶ τερατείας χάριν, ἵνα μὴ παντὶ τῷ λεγομένῳ προσκεχνηέναι παιδικῶς ἀναγκάζωμεθα διὰ τὴν ἀπειρίαν, ἔχοντες δ' ἔχνη τῆς ἀληθείας ἐπὶ ποσὸν ἐξ αὐτῶν ἐπικρίνειν δυνώμεθα τὸ λεγόμενον ὑπὸ τινων ἀληθῶς ἢ τοῦναντίον. [8] ἐπὶ δὲ τὸ συνεχὲς τῆς εὐκαιρίας τῶν Βυζαντίων ἐπάνειμεν.

[1] τοῦ δὴ στόματος τοῦ τὸν Πόντον καὶ τὴν Προποντίδα συνάπτοντος ὄντος ἑκατὸν εἴκοσι σταδίων τὸ μήκος, καθάπερ ἀρτίως εἶπον, καὶ τοῦ μὲν Ἰεροῦ τὸ πρὸς τὸν Πόντον πέρας ὀρίζοντος, τοῦ δὲ κατὰ Βυζάντιον διαστήματος τὸ πρὸς τὴν Προποντίδα, [2] μεταξὺ τούτων ἐστὶν Ἑρμαῖον, τῆς Εὐρώπης ἐπὶ προοχῆς τινος ἀκρωτηριαζούσης ἐν τῷ στόματι κείμενον, ὃ τῆς μὲν Ἀσίας ἀπέχει περὶ πέντε στάδια, κατὰ τὸν στενώτατον δὲ τόπον ὑπάρχει τοῦ παντὸς στόματος· ἢ καὶ Δαρεῖον ζευξαιῖ φασι τὸν πόρον, καθ' ὃν χρόνον ἐποιεῖτο τὴν ἐπὶ Σκύθας διάβασιν. [3] κατὰ μὲν δὴ τὸν ἄλλον τόπον ἀπὸ τοῦ Πόντου παραπλήσιός ἐστιν ἡ φορὰ τοῦ ρεύματος διὰ τὴν ὁμοιότητα τῶν παρ' ἑκάτερον τὸ μέρος τῷ στόματι παρηκόντων τόπων· [4] ἐπ' αὐτὴν δ' εἰς τὸ τῆς Εὐρώπης Ἑρμαῖον, ἢ στενώτατον ἔφαμεν εἶναι, φερόμενος ἐκ τοῦ Πόντου καὶ συγκλειόμενος ὁ ῥοὺς βίᾳ προσπέσῃ, τότε δὴ τραπεῖς ὥσπερ ἀπὸ πληγῆς ἐμπίπτει τοῖς ἀντιπέρας τῆς Ἀσίας τόποις. [5] ἐκεῖθεν δὲ πάλιν, οἷον ἐξ ὑποστροφῆς, τὴν ἀνταπόδοσιν ποιεῖται πρὸς τὰ περὶ τὰς Ἑστίας ἄκρα καλούμενα τῆς Εὐρώπης. [6] ὅθεν αὖθις ὀρμήσας προσπίπτει πρὸς τὴν Βοῦν καλουμένην, ὅς ἐστι τῆς Ἀσίας τόπος, ἐφ' ὃν ἐπιστῆναί φασι πρῶτον οἱ μῦθοι τὴν Ἰὼ περαιωθεῖσαν. [7] πλὴν ὃ γε ῥοὺς τὸ τελευταῖον ὀρμήσας ἀπὸ τῆς Βοῦς ἐπ' αὐτὸ φέρεται τὸ Βυζάντιον, περισχισθεὶς δὲ περὶ τὴν πόλιν βραχὺ μὲν εἰς τὸν κόλπον αὐτοῦ διορίζει τὸν καλούμενον Κέρας, τὸ δὲ πλεῖον ἄλλιν ἀπονέυει. [8] διευτονεῖν μὲν οὖν οὐκέτι δύναται πρὸς τὴν ἀντιπέρας χώραν, ἐφ' ἧς ἐστὶ Καλχηδών· [9] πλεονάκις γὰρ τὴν ἀνταπόδοσιν πεποιημένος, καὶ τοῦ πόρου πλάτος ἔχοντος, ἤδη περὶ τοῦτον τὸν τόπον

ἐκλυόμενος ὁ ῥοῦς οὐκέτι βραχείας πρὸς ὀξεῖαν γωνίαν ποιεῖται τὰς ἀνακλάσεις ἐπὶ τὴν περαίαν, ἀλλὰ μᾶλλον πρὸς ἀμβλεῖαν: [10] διόπερ ἀπολιπὼν τὴν τῶν Καλχηδονίων πόλιν φέρεται

[1] διὰ πόρου. καὶ τὸ ποιοῦν τὴν μὲν τῶν Βυζαντίων πόλιν εὐκαιροτάτην, τὴν δὲ τῶν Καλχηδονίων τάναντία, τοῦτ' ἔστι τὸ νῦν ὑφ' ἡμῶν εἰρημένον, καίπερ ἀπὸ τῆς ὄψεως ὁμοίας ἀμφοτέραις δοκούσης εἶναι τῆς θέσεως πρὸς τὴν εὐκαιρίαν. [2] ἀλλ' ὅμως εἰς τὴν μὲν βουλευθέντα καταπλεῦσ' οὐ ῥάδιον, πρὸς ἣν δέ, κἂν μὴ βούλῃ, φέρει κατ' ἀνάγκην ὁ ῥοῦς, καθάπερ ἀρτίως εἵπομεν. [3] σημεῖον δὲ τούτου: ἐκ Καλχηδόνης γὰρ οἱ βουλόμενοι διαίρειν εἰς Βυζάντιον οὐ δύνανται πλεῖν κατ' εὐθείαν διὰ τὸν μεταξὺ ῥοῦν, ἀλλὰ παράγουσιν ἐπὶ τε τὴν Βοῦν καὶ τὴν καλουμένην Χρυσόπολιν, [4] ἣν Ἀθηναῖοι τότε κατασχόντες Ἀλκιβιάδου γνώμῃ παραγωγιάζουσιν ἐπεβάλλοντο πρῶτον τοὺς εἰς Πόντον πλέοντας, τὸ δ' ἔμπροσθεν ἀφιασι κατὰ ῥοῦν, ᾧ φέρονται κατ' ἀνάγκην πρὸς τὸ Βυζάντιον. [5] ὅμοια δὲ τούτοις καὶ τὰ κατὰ τὸν ἐπὶ θάτερα πλοῦν ἔστι τῆς Βυζαντίων πόλεως: [6] ἂν τε γὰρ ἀφ' Ἑλλησπόντου τρέχῃ τις τοῖς νότοις ἂν τ' ἐπὶ τὸν Ἑλλησποντον ἐκ τοῦ Πόντου τοῖς ἐτησίοις, παρὰ μὲν τὴν Εὐρώπην ἐκ τῆς Βυζαντίων πόλεως ὀρθός, ἅμα δ' εὐπαρακόμιστός ἐστιν ὁ πλοῦς ἐπὶ τὰ τῆς Προποντίδος στενὰ κατ' Ἄβυδον καὶ Σηστόν, κάκειθεν ὡσαύτως πάλιν ἐπὶ τὸ Βυζάντιον, [7] ἀπὸ δὲ Καλχηδόνης παρὰ τὴν Ἀσίαν τάναντία τούτοις διὰ τὸ κολπώδη τὸν παράπλουν ὑπάρχειν καὶ προτείνειν πολὺ τὴν τῶν Κυζικηνῶν χώραν. [8] ἀφ' Ἑλλησπόντου γὰρ φερόμενον εἰς Καλχηδόνα χρήσασθαι τῷ παρὰ τὴν Εὐρώπην πλῶ, κἄπειτα συνεγγίζοντα τοῖς κατὰ Βυζάντιον τόποις κάμπτειν καὶ προστρέχειν πρὸς τὴν Καλχηδόνα διὰ τὸν ῥοῦν καὶ τὰ προειρημένα δυσχερές. [9] ὁμοίως δὲ πάλιν ἐκπλέοντα προστρέχειν εὐθέως τῇ Θράκῃ τελέως ἀδύνατον διὰ τε τὸν μεταξὺ ῥοῦν καὶ διὰ τὸ τοὺς ἀνέμους ἐκατέρους ἀντιπίπτειν πρὸς ἀμφοτέρας τὰς ἐπιβολάς, [10] ἐπειδὴ περ εἰσάγει μὲν εἰς τὸν Πόντον νότος, ἐξάγει δὲ βορέας, καὶ τούτοις ἀνάγκη χρῆσθαι πρὸς ἑκάτερον τὸν δρόμον τοῖς ἀνέμοις. [11]

[1] τὰ μὲν οὖν τὴν κατὰ θάλατταν εὐκαιρίαν ποιοῦντα Βυζαντίοις ταῦτ' ἔστι, τὰ δὲ τὴν κατὰ γῆν ἀκαιρίαν τὰ μέλλοντα ῥηθήσεσθαι. τῆς γὰρ Θράκης κύκλῳ περιεχούσης αὐτῶν τὴν χώραν οὕτως ὥστ' ἐκ θαλάττης εἰς θάλατταν καθήκειν, αἰδίων ἔχουσι πόλεμον καὶ δυσχερῇ πρὸς τούτους. [2] οὔτε γὰρ παρασκευασάμενοι καὶ

κρατήσαντες αὐτῶν εἰσάπαξ ἀποτρίψασθαι τὸν πόλεμον οἷοί τ' εἰσι
διὰ τὸ πλῆθος καὶ τῶν ὄχλων καὶ τῶν δυναστῶν: [3] ἐὰν τοῦ γὰρ ἐνὸς
περιγένωνται, τρεῖς ἐπιβαίνουνσιν ἐπὶ τὴν τούτων χώραν ἄλλοι
βαρύτεροι δυνάσται. [4] καὶ μὴν οὐδ' εἷξαντες καὶ συγκαταβάντες εἰς
φόρους καὶ συνθήκας οὐδὲν ποιοῦσι πλεόν: ἂν γὰρ ἐνὶ πρόωνταί τι,
πενταπλασίους δι' αὐτὸ τοῦτο πολεμίους εὐρίσκουσι. [5] διόπερ αἰδίῳ
συνέχονται καὶ δυσχερεῖ πολέμῳ: τί γὰρ ἐπισφαλέστερον
ἀστυγείτονος καὶ βαρβάρου πολέμου; [6] τί δεινότερον; οὐ μὴν ἀλλὰ
τούτοις τὸ παράπαν κακοῖς παλαίοντες κατὰ γῆν, χωρὶς τῶν ἄλλων
τῶν παρεπομένων τῷ πολέμῳ κακῶν, ὑπομένουσί τινα καὶ τιμωρίαν
Ταντάλειον κατὰ τὸν ποιητὴν: [7] ἔχοντες γὰρ χώραν γενναιοτάτην,
ὅταν διαπονήσωσι ταύτην καὶ γένηται τὸ τῶν καρπῶν πλῆθος τῷ
κάλλει διαφέρον, κάππειτα παραγεννηθέντες οἱ βάρβαροι τοὺς μὲν
καταφθείρῳσι, τοὺς δὲ συναθροίσαντες ἀποφέρῳσι, [8] τότε δὴ χωρὶς
τῶν ἔργων καὶ τῆς δαπάνης καὶ τὴν καταφθορὰν θεώμενοι διὰ τὸ
κάλλος τῶν καρπῶν σχετλιάζουσι καὶ βαρέως φέρουσι τὸ συμβαῖνον.
[9]

[1] ἀλλ' ὅμως τὸν μὲν ἀπὸ τῶν Θρακῶν πόλεμον κατὰ τὴν
συνήθειαν ἀναφέροντες ἔμενον ἐπὶ τῶν ἐξ ἀρχῆς δικαίων πρὸς τοὺς
Ἕλληνας: [10] προσεπιγενομένων δὲ Γαλατῶν αὐτοῖς τῶν περὶ
Κομοντόριον εἰς πᾶν ἦλθον περιστάσεως. οὗτοι δ' ἐκίνησαν μὲν ἅμα
τοῖς περὶ Βρέννον ἐκ τῆς οἰκείας, διαφυγόντες δὲ τὸν περὶ Δελφούς
κίνδυνον, καὶ παραγενόμενοι πρὸς τὸν Ἑλλήσποντον, εἰς μὲν τὴν
Ἀσίαν οὐκ ἐπεραιώθησαν, αὐτοῦ δὲ κατέμειναν διὰ τὸ φιλοχωρῆσαι
τοῖς περὶ τὸ Βυζάντιον τόποις. [2] οἱ καὶ κρατήσαντες τῶν Θρακῶν,
καὶ κατασκευασάμενοι βασιλείῳ τὴν Τύλιν, εἰς ὅλοσχερῇ κίνδυνον
ἦγον τοὺς Βυζαντίους. [3] κατὰ μὲν οὖν τὰς ἀρχὰς ἐν ταῖς ἐφόδοις
αὐτῶν ταῖς κατὰ Κομοντόριον τὸν πρῶτον βασιλεύσαντα δῶρα
διετέλουν οἱ Βυζάντιοι διδόντες ἀνὰ τρισχιλίους καὶ πεντακισχιλίους,
ποτὲ δὲ καὶ μυρίους χρυσοῦς, ἐφ' ᾧ μὴ καταφθείρειν τὴν χώραν
αὐτῶν. [4] τέλος δ' ἠναγκάσθησαν ὀγδοήκοντα τάλαντα συγχωρῆσαι
φόρον τελεῖν κατ' ἐνιαυτὸν ἕως εἰς Καύαρον, ἐφ' οὗ κατελύθη μὲν ἡ
βασιλεία, τὸ δὲ γένος αὐτῶν ἐξεφθάρη πᾶν, ὑπὸ Θρακῶν ἐκ
μεταβολῆς ἐπικρατηθέν. [5] ἐν οἷς καιροῖς ὑπὸ τῶν φόρων
πιεζόμενοι τὸ μὲν πρῶτον ἐπρέσβευον πρὸς τοὺς Ἕλληνας,
δεόμενοι σφίσι βοηθεῖν καὶ συγχωρηγεῖν εἰς τοὺς περιεστῶτας
καιρούς: [6] τῶν δὲ πλείστων παρολιγορούντων, ἐνεχείρισαν

ἀπαναγκασθέντες παρ

[1] αγωγιάζειν τοὺς εἰς τὸν Πόντον πλέοντας. μεγάλης δὲ γενομένης τῆς ἀλυσιτελείας καὶ δυσχρηστίας πᾶσιν ἐκ τοῦ τέλους πράττειν τοὺς Βυζαντίους τῶν ἐξαγομένων ἐκ τοῦ Πόντου, δεινὸν ἡγοῦντο, καὶ πάντες ἐνεκάλουν οἱ πλοῖζόμενοι τοῖς Ῥοδίοις διὰ τὸ δοκεῖν τούτους προεστάναι τῶν κατὰ θάλατταν. ἐξ οὗ συνέβη φῦναι τὸν πόλεμον, [2] ὑπὲρ οὗ νῦν ἡμεῖς ἱστορεῖν μέλλομεν.

[1] οἱ γὰρ Ῥόδιοι, [3] συνεξεγερθέντες ἅμα μὲν διὰ τὴν σφετέραν βλάβην, ἅμα δὲ καὶ διὰ τὴν τῶν πέλας ἐλάττωσιν, τὸ μὲν πρῶτον παραλαβόντες τοὺς συμμάχους ἐπρέσβευον πρὸς τοὺς Βυζαντίους, ἀξιοῦντες καταλύσειν αὐτοὺς τὸ παραγῶγιον· [4] οὐκ ἐντρεπομένων δὲ τοῖς ὅλοις, ἀλλὰ πεπεισμένων δίκαια λέγειν ἐκ τῆς ἀντικαταστάσεως τῆς γενομένης παρ' αὐτοῖς τῶν περὶ τὸν Ἑκατόδωρον καὶ Ὀλυμπιόδωρον πρὸς τοὺς τῶν Ῥοδίων πρεσβευτάς — [5] οὗτοι γὰρ τότε προέστησαν τοῦ τῶν Βυζαντίων πολιτεύματος — τότε μὲν ἀπηλλάγησαν οἱ Ῥόδιοι περᾶναντες οὐδέν, [6] ἐπανελθόντες δὲ τὸν πόλεμον ἐψηφίσαντο τοῖς Βυζαντίοις διὰ τὰς προειρημένας αἰτίας. [7] καὶ παραντίκα πρεσβευτὰς ἐξαπέστελλον πρὸς Προυσίαν, παρακαλοῦντες καὶ τοῦτον εἰς τὸν πόλεμον· ἤδεσαν γὰρ τὸν Προυσίαν παρατριβόμενον ἔκ τινων πρὸς τοὺς Βυζαντίους. τὸ δὲ παραπλήσιον ἐποιοῦν καὶ Βυζάντιοι· πρὸς τε γὰρ Ἄτταλον καὶ πρὸς Ἀχαιοὺς ἔπεμπον πρέσβεις, δεόμενοι σφίσι βοηθεῖν. [2] ὁ μὲν οὖν Ἄτταλος ἦν πρόθυμος, εἶχε δὲ βραχεῖαν τότε ῥοπήν, ὥς ἂν ὑπ' Ἀχαιοῦ συνεληλαμένος εἰς τὴν πατρίαν ἀρχήν· [3] ὁ δ' Ἀχαιός, κρατῶν μὲν τῆς ἐπὶ τάδε τοῦ Ταύρου, βασιλέα δὲ προσφάτως αὐτὸν ἀναδεδειχώς, ἐπηγγέλλετο βοηθήσειν. [4] ὑπάρχων δ' ἐπὶ ταύτης τῆς προαιρέσεως, τοῖς μὲν Βυζαντίοις μεγάλην ἐλπίδα παρεσκεύαζε, τοῖς δὲ Ῥοδίοις καὶ Προυσίᾳ τάναντία κατάπληξιν. [5] Ἀχαιὸς γὰρ ἦν μὲν Ἀντιόχου συγγενὴς τοῦ παρειληφότος τὴν ἐν Συρίᾳ βασιλείαν, ἐγκρατὴς δ' ἐγένετο τῆς προειρημένης δυναστείας διὰ τινὰς τοιαύτας αἰτίας. [6] Σελεύκου μεταλλάξαντος τὸν βίον, ὃς ἦν Ἀντιόχου τοῦ προειρημένου πατὴρ, διαδεξαμένου δὲ τὴν βασιλείαν Σελεύκου πρεσβυτάτου τῶν υἱῶν, ἅμα τούτῳ διὰ τὴν οἰκειότητα συνυπερέβαλε τὸν Ταῦρον, δυσὶ μάλιστα πῶς ἔτεσι πρότερον τῶν νῦν λεγομένων καιρῶν. [7] Σέλευκος γὰρ ὁ νέος ὥς θάπτον παρέλαβε τὴν βασιλείαν, πυνθανόμενος Ἄτταλον πᾶσαν ἤδη τὴν ἐπὶ τάδε τοῦ Ταύρου δυναστείαν ὑφ' αὐτὸν πεποιῆσθαι, παρωρμήθη βοηθεῖν τοῖς

σφετέροις πράγμασιν. [8] ὑπερβαλὼν δὲ μεγάλη δυνάμει τὸν Ταῦρον, καὶ δολοφονηθεὶς ὑπὸ τ' Ἀπατουρίου τοῦ Γαλάτου καὶ Νικάνορος, μετήλλαξε τὸν βίον. [9] Ἀχαιοὺς δὲ κατὰ τὴν ἀναγκαιότητα τὸν φόνον αὐτοῦ μετήλθε παραχρήμα, τοὺς περὶ τὸν Νικάνορα καὶ τὸν Ἀπατούριον ἀποκτείνας, τῶν τε δυνάμεων καὶ τῶν ὄλων πραγμάτων φρονίμως καὶ μεγαλοψύχως προέσθη. [10] τῶν γὰρ καιρῶν παρόντων αὐτῷ, καὶ τῆς τῶν ὄχλων ὁρμῆς συνεργούσης εἰς τὸ διάδημα περιθέσθαι, τοῦτο μὲν οὐ προείλετο ποιῆσαι, τηρῶν δὲ τὴν βασιλείαν Ἀντιόχῳ τῷ νεωτέρῳ τῶν υἱῶν, ἐνεργῶς ἐπιπορευόμενος ἀνεκτάτο τὴν ἐπὶ τάδε τοῦ Ταύρου πᾶσαν. [11] τῶν δὲ πραγμάτων αὐτῷ παραδόξως εὐροούντων, ἐπεὶ τὸν μὲν Ἄτταλον εἰς αὐτὸ τὸ Πέργαμον συνέκλεισε, τῶν δὲ λοιπῶν πάντων ἦν ἐγκρατὴς, ἐπαρθεὶς τοῖς εὐτυχήμασι παρὰ πόδας ἐξώκειλε. [12] καὶ διάδημα περιθέμενος καὶ βασιλέα προσαγορεύσας αὐτὸν βαρύτατος ἦν τότε καὶ φοβερώτατος τῶν ἐπὶ τάδε τοῦ Ταύρου βασιλέων καὶ δυναστῶν: [13] ᾧ καὶ μάλιστα τότε Βυζάντιοι πιστεύσαντες ἀνεδέξαντο τὸν πρὸς τοὺς Ῥοδίους καὶ Προυσίαν πόλεμον.

[1] ὁ δὲ Προυσίας ἐνεκάλει μὲν πρότερον τοῖς Βυζαντίοις ὅτι ψηφισαμένων τινὰς εἰκόνας αὐτοῦ ταύτας οὐκ ἀνέτιθεσαν, ἀλλ' εἰς ἐπισυρμὸν καὶ λήθην ἄγοιεν, [2] δυσηρέσται δ' αὐτοῖς καὶ ἐπὶ τῷ πᾶσαν προσενέγκασθαι φιλονεικίαν εἰς τὸ διαλυῖναι τὴν Ἀχαιοῦ πρὸς Ἄτταλον ἔχθραν καὶ τὸν πόλεμον, νομίζων κατὰ πολλοὺς τρόπους ἀλυσιτελῇ τοῖς αὐτοῦ πράγμασιν ὑπάρχειν τὴν ἐκείνων φιλίαν. [3] ἠρέθιζε δ' αὐτὸν καὶ τὸ δοκεῖν Βυζαντίους πρὸς μὲν Ἄτταλον εἰς τοὺς τῆς Ἀθηνᾶς ἀγῶνας τοὺς συνθύσοντας ἐξαπεσταλκέναι, πρὸς αὐτὸν δ' εἰς τὰ Σωτήρια μηδένα πεπομφέναι. [4] διόπερ ἐκ πάντων τούτων ὑποικουρουμένης παρ' αὐτῷ τῆς ὀργῆς, ἄσμενος ἐπελάβετο τῆς τῶν Ῥοδίων προφάσεως, καὶ συγκαταθέμενος τοῖς πρεσβευταῖς ἐκείνους μὲν ὤετο δεῖν κατὰ θάλατταν πολεμεῖν, αὐτὸς δὲ κατὰ γῆν οὐκ ἐλάττω βλάβειν ἔδοξε τοὺς ὑπεναντίους. [5]

[1] ὁ μὲν οὖν Ῥοδίων πρὸς Βυζαντίους πόλεμος διὰ ταῦτα καὶ τοιαύτην ἔλαβε τὴν ἀρχήν. οἱ δὲ Βυζάντιοι τὸ μὲν πρῶτον ἐρρωμένως ἐπολέμουν, πεπεισμένοι τὸν μὲν Ἀχαιὸν σφίσι βοηθεῖν, αὐτοῖ δὲ τὸν Τιβοίτην ἐκ τῆς Μακεδονίας ἐπαγαγόντες ἀντιπεριστήσειν τῷ Προυσίᾳ φόβους καὶ κινδύνους, [2] ὃς κατὰ τὴν προειρημένην ὁρμὴν πολεμῶν παρείλετο μὲν αὐτῶν τὸ καλούμενον ἐπὶ τοῦ στόματος Ἰερόν, [3] ὃ Βυζάντιοι μικροῖς ἀνώτερον χρόνους

μεγάλων ὀνησάμενοι χρημάτων ἐσφετερίσαντο διὰ τὴν εὐκαιρίαν τοῦ τόπου, βουλόμενοι μηδεμίαν ἀφορμὴν μηδενὶ καταλιπεῖν μήτε κατὰ τῶν εἰς τὸν Πόντον πλεόντων ἐμπόρων μήτε περὶ τοὺς δούλους καὶ τὰς ἐξ αὐτῆς τῆς θαλάττης ἐργασίας, [4] παρείλετο δὲ καὶ τὴν ἐπὶ τῆς Ἀσίας χώραν, ἣν κατεῖχον Βυζάντιοι τῆς Μυσίας πολλοὺς ἤδη χρόνους. [5] οἱ δὲ Ῥόδιοι πληρώσαντες ναῦς ἕξ, ἅμα δὲ ταύταις παρὰ τῶν συμμάχων προσλαβόντες τέτταρας, καὶ ναύαρχον προχειρισάμενοι Ξενόφαντον, ἔπλεον ἐφ' Ἑλλησπόντου δέκα ναυσί. [6] καὶ ταῖς μὲν λοιπαῖς ὀρμοῦντες περὶ Σηστὸν ἐκώλυον τοὺς πλέοντας εἰς τὸν Πόντον, μᾶ δ' ἐκπλεύσας ὁ ναύαρχος κατεπεύραζε τῶν Βυζαντίων, εἰ πως ἤδη μεταμελοῖντο καταπεπληγμένοι τὸν πόλεμον. [7] τῶν δ' οὐ προσεχόντων ἀπέπλευσε καὶ παραλαβὼν τὰς λοιπὰς ναῦς ἀπῆρε πάσαις εἰς τὴν Ῥόδον. [8] οἱ δὲ Βυζάντιοι πρὸς τε τὸν Ἀχαιὸν ἔπεμπον, ἀξιοῦντες βοηθεῖν, ἐπὶ τε τὸν Τιβοίτην ἐξαπέστελλον τοὺς ἄξοντας αὐτὸν ἐκ τῆς Μακεδονίας· [9] ἐδόκει γὰρ οὐχ ἦττον ἢ Βιθυνῶν ἀρχὴ Τιβοίτη καθήκειν ἢ Προυσία διὰ τὸ πατὴρ ἀδελφὸν [10] αὐτὸν ὑπάρχειν τῷ Προυσίᾳ οἱ δὲ Ῥόδιοι θεωροῦντες τὴν τῶν Βυζαντίων ὑπόστασιν, πραγματικῶς διανοήθησαν πρὸς τὸ καθικέσθαι τῆς προθέ

[1] σεως. ὀρῶντες γὰρ τὸ συνέχον τοῖς Βυζαντίοις τῆς ὑπομονῆς τοῦ πολέμου κείμενον ἐν ταῖς κατὰ τὸν Ἀχαιὸν ἐλπίσι, θεωροῦντες δὲ τὸν πατέρα τὸν Ἀχαιοῦ κατεχόμενον ἐν Ἀλεξανδρείᾳ, τὸν δ' Ἀχαιὸν περὶ πλείστου ποιούμενον τὴν τοῦ πατρὸς σωτηρίαν, ἐπεβάλοντο πρεσβεύειν πρὸς τὸν Πτολεμαῖον καὶ παραιτεῖσθαι τὸν Ἀνδρόμαχον, [2] καὶ πρότερον μὲν ἐκ παρέργου τοῦτο πεποιηκότες, τότε δ' ἀληθινῶς σπεύδοντες ὑπὲρ τοῦ πράγματος, ἵνα προσενεγκάμενοι πρὸς τὸν Ἀχαιὸν τὴν χάριν ταύτην ὑπόχρεων αὐτὸν ποιήσωνται πρὸς πᾶν τὸ παρακαλούμενον. [3] ὁ δὲ Πτολεμαῖος, παραγενομένων τῶν πρέσβων, ἐβουλεύετο μὲν παρακατέχειν τὸν Ἀνδρόμαχον, ἐλπίζων αὐτῷ χρήσεσθαι πρὸς καιρὸν, διὰ τὸ τὰ τε πρὸς τὸν Ἀντίοχον ἄκριτα μένειν αὐτῷ, καὶ τὸ τὸν Ἀχαιὸν ἀναδεδειχότα προσφάτως αὐτὸν βασιλέα πραγμάτων εἶναι κύριον ἱκανῶν τινων· [4] ἦν γὰρ Ἀνδρόμαχος Ἀχαιοῦ μὲν πατὴρ, ἀδελφὸς δὲ Λαοδίκης τῆς Σελεύκου γυναικός. [5] οὐ μὴν ἀλλὰ προσκλίνων τοῖς Ῥοδίοις ὁ Πτολεμαῖος κατὰ τὴν ὅλην αἵρεσιν, καὶ πάντα σπεύδων χαρίζεσθαι, συνεχώρησε καὶ παρέδωκε τὸν Ἀνδρόμαχον αὐτοῖς ἀποκομίζειν ὥς τὸν υἱόν. [6] οἱ δ' ἐπιτελεσάμενοι τοῦτο, καὶ

προσεπιμετρήσαντες τοῖς περὶ τὸν Ἀχαιὸν τιμὰς τινὰς, παρείλαντο τὴν ὀλοσχερεστάτην ἐλπίδα τῶν Βυζαντίων. [7] συνεκύρησε δέ τι καὶ ἕτερον τοῖς Βυζαντίοις ἄτοπον· ὁ γὰρ Τιβοΐτης, καταγόμενος ἐκ τῆς Μακεδονίας, ἔσφηλε τὰς ἐπιβολὰς αὐτῶν, μεταλλάξας τὸν βίον. [8] οὐ συμβάντος οἱ μὲν Βυζάντιοι ταῖς ὁρμαῖς ἀνέπεσον, ὁ δὲ Προυσίας ἐπιρρωσθεὶς ταῖς πρὸς τὸν πόλεμον ἐλπίσιν, ἅμα μὲν αὐτὸς ἀπὸ τῶν κατ' Ἀσίαν μερῶν ἐπολέμει καὶ προσέκειτο τοῖς πράγμασιν ἐνεργῶς, ἅμα δὲ τοὺς Θρᾷκας μισθωσάμενος οὐκ εἶα τὰς πύλας ἐξιέναι τοὺς Βυζαντίους ἀπὸ τῶν κατὰ τὴν Εὐρώπην μερῶν. [9] οἱ δὲ Βυζάντιοι τῶν σφετέρων ἐλπίδων ἐννευσμένοι, τῷ πολέμῳ πονοῦντες πανταχόθεν, ἐξαγωγὴν περιέβλεπον εὖ

[1] σχήμονα τῶν πραγμάτων. Καυάρου δὲ τοῦ τῶν Γαλατῶν βασιλέως παραγενομένου πρὸς τὸ Βυζάντιον, καὶ σπουδάζοντος διαλῦσαι τὸν πόλεμον καὶ διέχοντος τὰς χεῖρας φιλοτίμως, συνεχώρησαν τοῖς παρακαλουμένοις ὃ τε Προυσίας οἱ τε Βυζάντιοι. [2] πυθόμενοι δ' οἱ Ῥόδιοι τὴν τε τοῦ Καυάρου σπουδὴν καὶ τὴν ἐντροπὴν τοῦ Προυσίου, σπουδάζοντες δὲ καὶ τὴν αὐτῶν πρόθεσιν ἐπὶ τέλος ἀγαγεῖν, [3] πρεσβευτὴν μὲν Ἀριδίκην προεχειρίσαντο πρὸς τοὺς Βυζαντίους, Πολεμοκλῆ δὲ τρεῖς ἔχοντα τριήρεις ὁμοῦ συναπέστειλαν, [4] βουλόμενοι τὸ δὴ λεγόμενον καὶ τὸ δόρυ καὶ τὸ κηρύκειον ἅμα πέμπειν πρὸς τοὺς Βυζαντίους. ἐπιφανέντων δὲ τούτων, ἐγένοντο διαλύσεις ἐπὶ Κώθωνος τοῦ Καλλιγείτονος ἱερομνημονοῦντος ἐν τῷ Βυζαντίῳ, [5] πρὸς μὲν Ῥοδίους ἀπλαῖ, Βυζαντίους μὲν μηδένα πράττειν τὸ διαγώγιον τῶν εἰς τὸν Πόντον πλεόντων, Ῥοδίους δὲ καὶ τοὺς συμμάχους τούτου γενομένου τὴν εἰρήνην ἄγειν πρὸς Βυζαντίους· [6] πρὸς δὲ Προυσίαν τοιαῖδε τινές, εἶναι Προυσίᾳ καὶ Βυζαντίοις εἰρήνην καὶ φιλίαν εἰς τὸν ἅπαντα χρόνον, μὴ στρατεύειν δὲ μήτε Βυζαντίους ἐπὶ Προυσίαν τρόπῳ μηδενὶ μήτε Προυσίαν ἐπὶ Βυζαντίους· [7] ἀποδοῦναι δὲ Προυσίαν Βυζαντίοις τὰς τε χώρας καὶ τὰ φρούρια καὶ τοὺς λαοὺς καὶ τὰ πολεμικὰ σώματα χωρὶς λύτρων, πρὸς δὲ τούτοις τὰ πλοῖα τὰ κατ' ἀρχὰς ληφθέντα τοῦ πολέμου καὶ τὰ βέλη τὰ καταληφθέντ' ἐν τοῖς ἐρύμασιν, ὁμοίως δὲ καὶ τὰ ξύλα καὶ τὴν λιθίαν καὶ τὸν κέραμον τὸν ἐκ τοῦ Ἱεροῦ χωρίου — [8] ὁ γὰρ Προυσίας, ἀγωνιῶν τὴν τοῦ Τιβοΐτου κάθοδον, πάντα καθεῖλε τὰ δοκοῦντα τῶν φρουρίων εὐκαίρως πρὸς τι κεῖσθαι — [9] ἐπαναγκάσαι δὲ Προυσίαν καὶ ὅσα τινές τῶν Βιθυνῶν εἶχον ἐκ τῆς Μυσίας χώρας τῆς ὑπὸ Βυζαντίους

ταττομένης ἀποδοῦναι τοῖς γεωργοῖς. [10]

[1] ὁ μὲν οὖν Ῥοδίοις καὶ Προυσία πρὸς Βυζαντίους συστάς πόλεμος τοιαύτας ἔλαβε τὰς ἀρχὰς καὶ τὸ τέλος: κατὰ δὲ τὸν καιρὸν τοῦτον Κνώσιοι πρεσβεύσαντες πρὸς Ῥοδίους ἔπεισαν τὰς τε μετὰ Πολεμοκλέους ναῦς καὶ τρία τῶν ἀφράκτων προσκατασπᾶσαντας αὐτοῖς ἀποστεῖλαι. [2] γενομένου δὲ τούτου, καὶ τῶν πλοίων ἀφικομένων εἰς τὴν Κρήτην, καὶ σχόντων ὑποψίαν τῶν Ἐλευθερναίων ὅτι τὸν πολίτην αὐτῶν Τίμαρχον οἱ περὶ τὸν Πολεμοκλῆ χαριζόμενοι τοῖς Κνωσίοις ἀνηρήκασι, τὸ μὲν πρῶτον ῥύσια κατήγγειλαν τοῖς Ῥοδίοις, μετὰ δὲ ταῦτα πόλεμον ἐξήνεγκαν. [3] περιέπεσον δὲ καὶ Λύττιοι βραχὺ πρὸ τούτων τῶν καιρῶν ἀνηκέστῳ συμφορᾷ. καθόλου γὰρ τὰ κατὰ τὴν σύμπασαν Κρήτην ὑπῆρχεν ἐν τοιαύτῃ τινὶ τότε καταστάσει. [4] Κνώσιοι συμφρονήσαντες Γορτυνίοις πᾶσαν ἐποιήσαντο τὴν Κρήτην ὑφ' αὐτοὺς πλὴν τῆς Λυττίων πόλεως: μόνης δὲ ταύτης ἀπειθούσης, ἐπεβάλοντο πολεμεῖν, σπεύδοντες αὐτὴν εἰς τέλος ἀνάστατον ποιῆσαι καὶ παραδείγματος καὶ φόβου χάριν τῶν ἄλλων Κρηταίων. [5] τὸ μὲν οὖν πρῶτον ἐπολέμουν πάντες οἱ Κρηταῖς τοῖς Λυττίοις: ἐγγενομένης δὲ φιλοτιμίας ἐκ τῶν τυχόντων, ὅπερ ἔθος ἐστὶ Κρησίν, ἐστασίασαν πρὸς τοὺς ἄλλους. [6] καὶ Πολυρρήνιοι μὲν καὶ Κεραῖται καὶ Λαππαῖοι, πρὸς δὲ τούτοις Ὅριοι μετ' Ἀρκάδων, ὁμοθυμαδὸν ἀποστάντες τῆς τῶν Κνωσίων φιλίας, [7] ἔγνωσαν τοῖς Λυττίοις συμμαχεῖν, τῶν δὲ Γορτυνίων οἱ μὲν πρεσβύτεροι τὰ τῶν Κνωσίων, οἱ δὲ νεώτεροι τὰ τῶν Λυττίων αἰρούμενοι, διεστασίασαν πρὸς ἀλλήλους. [8] οἱ δὲ Κνώσιοι, παραδόξου γεγονότος αὐτοῖς τοῦ περὶ τοὺς συμμαχοὺς κινήματος, ἐπισπῶνται χιλίους ἐξ Αἰτωλίας ἄνδρας κατὰ συμμαχίαν. [9] οὗ γενομένου παραυτίκα τῶν Γορτυνίων οἱ πρεσβύτεροι καταλαμβανόμενοι τὴν ἄκραν εἰσάγονται τοὺς τε Κνωσίους καὶ τοὺς Αἰτωλοὺς: καὶ τοὺς μὲν ἐξέβαλον, τοὺς δ' ἀπέκτειναν τῶν

[1] νέων, τὴν δὲ πόλιν ἐνεχείρισαν τοῖς Κνωσίοις. κατὰ δὲ τοὺς αὐτοὺς καιροὺς Λυττίων ἐξωδευκότων εἰς τὴν πολεμίαν πανδημεῖ, συννοήσαντες οἱ Κνώσιοι τὸ γεγονὸς καταλαμβάνονται τὴν Λύττον, ἔρημον οὖσαν τῶν βοηθησόντων: [2] καὶ τὰ μὲν τέκνα καὶ τὰς γυναῖκας εἰς Κνωσὸν ἀπέπεμψαν, τὴν δὲ πόλιν ἐμπρήσαντες καὶ κατασκάψαντες καὶ λωβησάμενοι κατὰ πάντα τρόπον ἐπανήλθον. [3] οἱ δὲ Λύττιοι παραγενόμενοι πρὸς τὴν πόλιν ἀπὸ τῆς ἐξοδείας, καὶ

συνθεασάμενοι τὸ συμβεβηκός, οὕτως περιπαθεῖς ἐγένοντο ταῖς ψυχαῖς ὥστε μηδ' εἰσελθεῖν μηδένα τολμῆσαι τῶν παρόντων εἰς τὴν πατρίδα: [4] πάντες δὲ περιπορευθέντες αὐτὴν κύκλῳ, καὶ πολλάκις ἀνοιμώξαντες καὶ κατολοφυράμενοι τὴν τε τῆς πατρίδος καὶ τὴν αὐτῶν τύχην, αὔθις ἐξ ἀναστροφῆς ἐπανήλθον εἰς τὴν τῶν Λαππαίων πόλιν. [5] φιλανθρώπως δ' αὐτοὺς καὶ μετὰ πάσης προθυμίας τῶν Λαππαίων ὑποδεξαμένων, οὗτοι μὲν ἀντὶ πολιτῶν ἀπόλιδες ἐν ἡμέρᾳ μιᾷ καὶ ξένοι γεγονότες ἐπολέμουν πρὸς τοὺς Κνωσίους ἅμα τοῖς συμμάχοις. [6] Λύττος δ' ἡ Λακεδαιμονίων μὲν ἄποικος οὖσα καὶ συγγενής, ἀρχαιοτάτη δὲ τῶν κατὰ Κρήτην πόλεων, ἄνδρας δ' ὁμολογουμένως ἀρίστους ἀεὶ τρέφουσα Κρηταίων, οὕτως ἄρδην καὶ παραλόγως ἀνηρπᾶσθη.

[1] Πολυρρήνιοι δὲ καὶ Λαππαῖοι καὶ πάντες οἱ τούτων σύμμαχοι, θεωροῦντες τοὺς Κνωσίους ἀντεχομένους τῆς τῶν Αἰτωλῶν συμμαχίας, τοὺς δ' Αἰτωλοὺς ὀρῶντες πολεμίους ὄντας τῷ τε βασιλεῖ Φιλίπῳ καὶ τοῖς Ἀχαιοῖς, πέμπουσι πρέσβεις πρὸς τε τὸν βασιλέα καὶ τοὺς Ἀχαιοὺς περὶ βοηθείας καὶ συμμαχίας. [2] οἱ δ' Ἀχαιοὶ καὶ Φίλιππος εἰς τε τὴν κοινὴν συμμαχίαν αὐτοὺς προσεδέξαντο καὶ βοήθειαν ἐξαπέστειλαν, Ἰλλυριοὺς μὲν τετρακοσίους, ὧν ἡγεῖτο Πλάτωρ, Ἀχαιοὺς δὲ διακοσίους, Φωκέας ἑκατόν. [3] οἱ καὶ παραγενόμενοι μετ' οὐ πολὺ πάλιν ἀπέπλευσαν μεγάλην ποιήσαντες ἐπίδοσιν τοῖς Πολυρρηνίοις καὶ τοῖς τούτων συμμάχοις: [4] πάνυ γὰρ ἐν βραχεῖ χρόνῳ τειχῆρεις καταστήσαντες τοὺς τ' Ἐλευθερναίους καὶ Κυδωνιάτας, ἔτι δὲ τοὺς Ἀπτεραίους, ἠνάγκασαν ἀποστάντας τῆς τῶν Κνωσίων συμμαχίας κοινωνῆσαι σφίσι τῶν αὐτῶν ἐλπίδων. τούτων δὲ γενομένων, [5] ἐξαπέστειλαν Πολυρρήνιοι μὲν καὶ μετὰ τούτων οἱ σύμμαχοι Φιλίπῳ καὶ τοῖς Ἀχαιοῖς πεντακοσίους Κρήτας, Κνώσιοι δὲ μικρῷ πρότερον ἐξαπεστάλκεισαν χιλίους τοῖς Αἰτωλοῖς. οἱ καὶ συνεπολέμουν ἀμφοτέροις τὸν ἐνεστῶτα πόλεμον. [6] κατελάβοντο δὲ καὶ τὸν λιμένα τῶν Φαιστίων οἱ τῶν Γορτυνίων φυγάδες: ὁμοίως δὲ καὶ τὸν αὐτῶν τῶν Γορτυνίων παραβόλῳ διακατεῖχον, καὶ προσεπολέμουν ἐκ τούτων ὁρμώμενοι τῶν τόπων τοῖς ἐν τῇ πόλει.

[1] τὰ μὲν οὖν κατὰ τὴν Κρήτην ἐν τούτοις ἦν: περὶ δὲ τοὺς καιροὺς τούτους καὶ Μιθριδάτης ἐξήνεγκε Σινωπεῦσι πόλεμον, καὶ τις οἷον ἀρχὴ τότε καὶ πρόφασις ἐγένετο τῆς ἐπὶ τὸ τέλος ἀχθείσης ἀτυχίας Σινωπεῦσιν. [2] εἰς δὲ τὸν πόλεμον τοῦτον πρεσβευσάντων

αὐτῶν πρὸς Ῥοδίους καὶ παρακαλούντων βοηθεῖν, ἔδοξε τοῖς Ῥοδίοις προχειρίσασθαι τρεῖς ἄνδρας, καὶ δοῦναι τούτοις δραχμῶν δεκατέτταρας μυριάδας, τοὺς δὲ λαβόντας παρασκευάσαι τὰ πρὸς τὴν χρεῖαν ἐπιτήδεια τοῖς Σινωπεῦσιν. [3] οἱ δὲ κατασταθέντες ἡτοίμασαν οἴνου κεράμια μύρια, τριχὸς εἰργασμένης τάλαντα τριακόσια, νεύρων εἰργασμένων ἑκατὸν τάλαντα, πανοπλίας χιλίας, χρυσοῦς ἐπισήμους τρισχίλιους, ἔτι δὲ λιθοφόρους τέτταρας καὶ τοὺς ἀφέτας τούτοις. [4] ἃ καὶ λαβόντες οἱ τῶν Σινωπέων πρέσβεις ἐπανῆλθον. ἦσαν γὰρ οἱ Σινωπεῖς ἐν ἀγωνία μὴ πολιορκεῖν σφᾶς ὁ Μιθριδάτης ἐγχειρήσῃ καὶ κατὰ γῆν καὶ κατὰ θάλατταν· διὸ καὶ τὰς παρασκευὰς πρὸς τοῦτο τὸ μέρος ἐποιοῦντο πάσας. [5] ἡ δὲ Σινώπη κεῖται μὲν ἐν τοῖς δεξιοῖς μέρεσι τοῦ Πόντου παρὰ τὸν εἰς Φᾶσιν πλοῦν, οἰκεῖται δ' ἐπὶ τινος χερρονήσου προτεινούσης εἰς τὸ πέλαγος, ἥς τὸν μὲν αὐχένα τὸν συνάπτοντα πρὸς τὴν Ἀσίαν, ὃς ἐστὶν οὐ πλεῖον δυεῖν σταδίων, ἡ πόλις ἐπικειμένη διακλείει κυρίως· [6] τὸ δὲ λοιπὸν τῆς χερρονήσου πρόκειται μὲν εἰς τὸ πέλαγος, ἔστι δ' ἐπίπεδον καὶ πανευέροδον ἐπὶ τὴν πόλιν, κύκλῳ δ' ἐκ θαλάττης ἀπότομον καὶ δυσπροσόρμιστον καὶ παντελῶς ὀλίγας ἔχον προσβάσεις. [7] διόπερ ἀγωνιῶντες οἱ Σινωπεῖς μήποτε κατὰ τὴν ἀπὸ τῆς Ἀσίας πλευρὰν ὁ Μιθριδάτης συστησάμενος ἔργα, καὶ κατὰ τὴν ἀπέναντι ταύτης ὁμοίως ποιησάμενος ἀπόβασιν κατὰ θάλατταν εἰς τοὺς ὁμαλοὺς καὶ τοὺς ὑπερκειμένους τῆς πόλεως τόπους, ἐγχειρήσῃ πολιορκεῖν αὐτούς, [8] ἐπεβάλοντο τῆς χερρονήσου κύκλῳ τὸ νησίζον ὄχυροῦν, ἀποσταυροῦντες καὶ περιχαρακοῦντες τὰς ἐκ θαλάττης προσβάσεις, ἅμα δὲ καὶ βέλη καὶ στρατιώτας τιθέντες ἐπὶ τοὺς εὐκαίρους τῶν τόπων· [9] ἔστι γὰρ τὸ πᾶν μέγεθος αὐτῆς οὐ πολὺ, τελέως δ' εὐκατακράτητον καὶ μέτριον.

[1] καὶ τὰ μὲν περὶ Σινώπης ἐν τούτοις ἦν. ὁ δὲ βασιλεὺς Φίλιππος, ἀναξεύξας ἐκ Μακεδονίας μετὰ τῆς δυνάμεως — ἐν γὰρ ταύταις ταῖς ἐπιβολαῖς ἀπελίπαμεν ἄρτι τὸν συμμαχικὸν πόλεμον — ὥρμησεν ἐπὶ Θετταλίας καὶ τῆς Ἠπείρου, σπεύδων ταύτη ποιήσασθαι τὴν εἰσβολὴν τὴν εἰς Αἰτωλίαν. [2] Ἀλέξανδρος δὲ καὶ Δωρίμαχος κατὰ τὸν καιρὸν τοῦτον ἔχοντες πρᾶξιν κατὰ τῆς τῶν Αἰγαιρατῶν πόλεως, ἀθροίσαντες τῶν Αἰτωλῶν περὶ χιλίους καὶ διακοσίους εἰς Οἰάνθειαν τῆς Αἰτωλίας, ἡ κεῖται καταντικρὺ τῆς προειρημένης πόλεως, καὶ πορθμεῖα τούτοις ἐτοιμάσαντες, πλοῦν ἐτήρουν πρὸς τὴν ἐπιβολήν. [3] τῶν γὰρ ἡὑτομοληκότων τις ἐξ Αἰτωλίας, καὶ πλείω χρόνον

διατετριφῶς παρὰ τοῖς Αἰγειράταις, καὶ συντεθεωρηκῶς τοὺς φυλάττοντας τὸν ἀπ' Αἰγίου πυλῶνα μεθυσκομένους καὶ ῥαθύμως διεξάγοντας τὰ κατὰ τὴν φυλακὴν, [4] πλεονάκις παραβαλλόμενος καὶ διαβαίνων πρὸς τοὺς περὶ Δωρίμαχον ἐξεκέκλητο πρὸς τὴν πρᾶξιν αὐτούς, ἅτε λίαν οἰκείους ὄντας τῶν τοιούτων ἐγχειρημάτων. [5] ἡ δὲ τῶν Αἰγειρατῶν πόλις ἔκτισται μὲν τῆς Πελοποννήσου κατὰ τὸν Κορινθιακὸν κόλπον μεταξὺ τῆς Αἰγίων καὶ Σικυωνίων πόλεως, κεῖται δ' ἐπὶ λόφων ἐρυμνῶν καὶ δυσβάτων, νεύει δὲ τῇ θέσει πρὸς τὸν Παρνασσὸν καὶ ταῦτα τὰ μέρη τῆς ἀντίπερα χώρας, ἀπέχει δὲ τῆς θαλάττης ὥς ἑπτὰ στάδια. [6] παραπεσόντος δὲ πλοῦ τοῖς περὶ τὸν Δωρίμαχον, ἀνήχθησαν καὶ καθορμίζονται νυκτὸς ἔτι πρὸς τὸν παρὰ τὴν πόλιν καταρρέοντα ποταμόν. [7] οἱ μὲν οὖν περὶ τὸν Ἀλέξανδρον καὶ Δωρίμαχον, ἅμα δὲ τούτοις Ἀρχίδαμον τὸν Πανταλέοντος υἱόν, ἔχοντες περὶ αὐτοὺς τὸ πλῆθος τῶν Αἰτωλῶν, προσέβαινον πρὸς τὴν πόλιν κατὰ τὴν ἀπ' Αἰγίου φέρουσαν ὁδόν. [8] ὁ δ' αὐτόμολος, ἔχων εἴκοσι τοὺς ἐπιτηδειοτάτους, διανύσας ταῖς ἀνοδίαις τοὺς κρημνοὺς θάπτον τῶν ἄλλων διὰ τὴν ἐμπειρίαν, καὶ διαδὺς διὰ τινος ὑδρορροίας, ἔτι κοιμωμένους κατέλαβε τοὺς ἐπὶ τοῦ πυλῶνος. [9] κατασφάζας δ' αὐτοὺς ἀκμὴν ἐν ταῖς κοίταις ὄντας, καὶ διακόψας τοῖς πελέκεσι τοὺς μοχλοὺς, ἀνέφξε τοῖς Αἰτωλοῖς τὰς πύλας. [10] οἱ δὲ παρεισπεσόντες λαμπρῶς ἀπερινοήτως ἐχρήσαντο τοῖς πράγμασιν. ὁ καὶ παραίτιον ἐγένετο τοῖς μὲν Αἰγειράταις τῆς σωτηρίας, τοῖς δ' Αἰτωλοῖς τῆς ἀπωλείας. [11] ὑπολαμβάνοντες γὰρ τοῦτο τέλος εἶναι τοῦ κατασχεῖν ἄλλοτρίαν πόλιν, τὸ γενέσθαι τῶν πυλώνων ἐντός, τοῦτον τὸν τρόπον

[1] ἐχρῶντο τοῖς πράγμασι. διὸ καὶ βραχὺν παντελῶς χρόνον ἄθροοι συμμεῖναντες περὶ τὴν ἀγοράν, λοιπὸν ἐκπαθεῖς ὄντες πρὸς τὰς ὠφελείας διέρρεον, καὶ παρεισπίπτοντες εἰς τὰς οἰκίας διήρπαζον τοὺς βίους, ἥδη φωτὸς ὄντος. [2] οἱ δ' Αἰγειράται, τοῦ πράγματος αὐτοῖς ἀνελπίστου καὶ παραδόξου τελέως συμβεβηκότος, οἷς μὲν ἐπέστησαν οἱ πολέμιοι κατὰ τὰς οἰκίας, ἐκπλαγεῖς καὶ περίφοβοι γενόμενοι πάντες ἐτρέποντο πρὸς φυγὴν ἔξω τῆς πόλεως, ὥς ἡδη βεβαίως αὐτῆς κεκρατημένης ὑπὸ τῶν πολεμίων. [3] ὅσοι δὲ τῆς κραυγῆς ἀκούοντες ἐξ ἀκεραίων τῶν οἰκιῶν ἐξεβοήθουν, πάντες εἰς τὴν ἄκραν συνέτρεχον. [4] οὗτοι μὲν οὖν αἰεὶ πλείους ἐγίνοντο καὶ θαρραλεώτεροι, τὸ δὲ τῶν Αἰτωλῶν σύστρεμμα τοῦναντίον ἔλαττον καὶ ταραχωδέστερον διὰ τὰς προειρημένας αἰτίας. [5] οὐ μὴν ἀλλὰ

συνορῶντες οἱ περὶ τὸν Δωρίμαχον ἤδη τὸν περισσῶτα κίνδυνον αὐτούς, συστραφέντες ὥρμησαν ἐπὶ τοὺς κατέχοντας τὴν ἄκραν, ὑπολαμβάνοντες τῇ θρασύτητι καὶ τόλμῃ καταπληξάμενοι τρέψασθαι τοὺς ἡθροισμένους ἐπὶ τὴν βοήθειαν. [6] οἱ δ' Αἰγειράται παρακάλεσαντες σφᾶς αὐτοὺς ἡμύνοντο καὶ συνεπλέκοντο τοῖς Αἰτωλοῖς γενναίως. [7] οὗσης δὲ τῆς ἄκρας ἀτειχίστου, καὶ τῆς συμπλοκῆς ἐκ χειρὸς καὶ κατ' ἄνδρα γινομένης, τὸ μὲν πρῶτον ἦν ἀγὼν οἶον εἰκός, ἅτε τῶν μὲν ὑπὲρ πατρίδος καὶ τέκνων, τῶν δ' ὑπὲρ σωτηρίας ἀγωνιζομένων: τέλος γε μὴν ἐτράπησαν οἱ παρεισπεπτωκότες τῶν Αἰτωλῶν. [8] οἱ δ' Αἰγειράται, λαβόντες ἀφορμὴν ἐγκλίματος, ἐνεργῶς ἐπέκειντο καὶ καταπληκτικῶς τοῖς πολεμίοις. ἐξ οὗ συνέβη τοὺς πλείστους τῶν Αἰτωλῶν διὰ τὴν πτοίαν αὐτοὺς ὑφ' αὐτῶν φεύγοντας ἐν ταῖς πύλαις συμπατηθῆναι. [9] ὁ μὲν οὖν Ἀλέξανδρος ἐν χειρῶν νόμῳ κατ' αὐτὸν ἔπεσε τὸν κίνδυνον, ὁ δ' Ἀρχίδαμος ἐν τῷ περὶ τὰς πύλας ὠθισμῷ καὶ πνιγμῷ διεφθάρη. [10] τὸ δὲ λοιπὸν πλῆθος τῶν Αἰτωλῶν τὸ μὲν συνεπατήθη, τὸ δὲ κατὰ τῶν κρημνῶν φεῦγον ταῖς ἀνοδίαις ἐξετραηλίσθη. [11] τὸ δὲ καὶ διασωθὲν αὐτῶν μέρος πρὸς τὰς ναῦς, ἐρριφὸς τὰ ὄπλα παναίσχυρος, ἅμα δ' ἀνελπίστως ἐποίησατο τὸν ἀπόπλουν. [12] Αἰγειράται μὲν οὖν, διὰ τὴν ὀλιγορίαν ἀποβαλόντες τὴν πατρίδα, διὰ τὴν εὐψυχίαν καὶ γενναιότητα ἄλλιν ἔσωσαν παραδόξως.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Εὐριπίδας, ὃς ἦν ἀπεσταλμένος ὑπὸ τῶν Αἰτωλῶν στρατηγὸς τοῖς Ἠλείοις, καταδραμὼν τὴν Δυμαίων καὶ Φαραιέων, ἔτι δὲ τὴν τῶν Τριταιέων χώραν, καὶ περιελασάμενος λείας πλῆθος ἱκανόν, ἐποιεῖτο τὴν ἀποχώρησιν ὡς ἐπὶ τὴν Ἠλείαν. [2] ὁ δὲ Μίκκος ὁ Δυμαῖος, ὅσπερ ἐτύγχανε κατ' ἐκείνους τοὺς καιροὺς ὑποστράτηγος ὢν τῶν Ἀχαιῶν, ἐκβοηθήσας πανδημεὶ τοὺς τε Δυμαίους καὶ Φαραιεῖς, ἅμα δὲ καὶ Τριταιεῖς ἔχων, προσέκειτο τοῖς πολεμίοις ἀπαλλαττομένοις. [3] ἐνεργότερον δ' ἐπικείμενος τοῖς φεύγουσιν ἐμπεσὼν εἰς ἐνέδραν ἐσφάλη καὶ πολλοὺς ἀπέβαλε τῶν ἀνδρῶν: τετταράκοντα μὲν γὰρ ἔπεσον, ἐάλωσαν δὲ περὶ διακοσίους τῶν πεζῶν. [4] ὁ μὲν οὖν Εὐριπίδας, ποιήσας τοῦτο τὸ προτέρημα, καὶ μετεωρισθεὶς ἐπὶ τῷ γεγονότι, μετ' ὀλίγας ἡμέρας αὐτὶς ἐξελθὼν κατέλαβε παρὰ τὸν Ἄραξον φρούριον τῶν Δυμαίων εὐκαιρον τὸ καλούμενον Τεῖχος: [5] ὃ φασιν οἱ μῦθοι τὸ παλαιὸν Ἡρακλέα πολεμοῦντα τοῖς Ἠλείοις ἐποικοδομῆσαι, βουλόμενον ὀρμητηρίῳ χρῆσθαι τούτῳ κατ' αὐτῶν.

[1] οἱ δὲ Δυμαῖοι καὶ Φαραιεῖς καὶ Τριταιεῖς, ἡλαττωμένοι μὲν περὶ τὴν βοήθειαν, δεδιότες δὲ τὸ μέλλον ἐκ τῆς τοῦ φρουρίου καταλήψεως, τὸ μὲν πρῶτον ἔπεμπον ἀγγέλους πρὸς τὸν στρατηγὸν τῶν Ἀχαιῶν, δηλοῦντες τὰ γεγονότα καὶ δεόμενοι σφίσι βοηθεῖν· μετὰ δὲ ταῦτα πρεσβευτὰς ἐξαπέστελλον τοὺς περὶ τῶν αὐτῶν ἀξιῶσοντας. [2] ὁ δ' Ἄρατος οὔτε τὸ ξενικὸν ἐδύνατο συστήσασθαι διὰ τὸ κατὰ τὸν Κλεομενικὸν πόλεμον ἐλλελοιπέναι τινὰ τῶν ὀψωνίων τοὺς Ἀχαιοὺς τοῖς μισθοφόροις, καθόλου τε ταῖς ἐπιβολαῖς καὶ συλλήβδην πᾶσι τοῖς τοῦ πολέμου πράγμασιν ἀτόλμως ἐχρήτο καὶ νωθῶς. [3] διόπερ ὁ τε Λυκούργος εἶλε τὸ τῶν Μεγαλοπολιτῶν Ἀθήναιον, ὃ τ' Εὐριπίδας ἐξῆς τοῖς εἰρημένοις Γόρτυναν τῆς Τελφουσίας. [4] οἱ τε Δυμαῖοι καὶ Φαραιεῖς καὶ Τριταιεῖς, δυσελπιστήσαντες ἐπὶ ταῖς τοῦ στρατηγοῦ βοηθείαις, συνεφρόνησαν ἀλλήλοις εἰς τὸ τὰς μὲν κοινὰς εἰσφοράς τοῖς Ἀχαιοῖς μὴ τελεῖν, [5] ἰδίᾳ δὲ συστήσασθαι μισθοφόρους, πεζοὺς μὲν τριακοσίους, ἵππεῖς δὲ πεντήκοντα, καὶ διὰ τούτων ἀσφαλιζέσθαι τὴν χώραν. [6] τοῦτο δὲ πράξαντες ὑπὲρ μὲν τῶν καθ' αὐτοὺς πραγμάτων ἐνδεχομένως ἔδοξαν βεβουλεῦσθαι, περὶ δὲ τῶν κοινῶν τάναντία· πονηρὰς γὰρ ἐφόδου καὶ προφάσεως τοῖς βουλομένοις διαλύειν τὸ ἔθνος ἐδόκουν ἀρχηγοὶ καὶ καθηγεμόνες γεγονέναι. [7] ταύτης δὲ τῆς πράξεως τὸ μὲν πλεῖστον τῆς αἰτίας ἐπὶ τὸν στρατηγὸν ἂν τις ἀναφέρει δικαίως τὸν ὀλιγωροῦντα καὶ καταμέλλοντα καὶ προϊέμενον ἀεὶ τοὺς δεομένους. [8] πᾶς γὰρ ὁ κινδυνεύων, ἕως μὲν ἂν τινος ἐλπίδος ἀντέχῃται παρὰ τῶν οἰκείων καὶ συμμάχων, προσανέχειν φιλεῖ ταύταις· ὅταν δὲ δυσχρηστῶν ἀπογνῶ, τότε ἤδη βοηθεῖν ἀναγκάζεθ' αὐτῷ κατὰ δύναμιν. [9] διὸ καὶ Τριταεῦσι καὶ Φαραιεῦσι καὶ Δυμαίοις, ὅτι μὲν ἰδίᾳ συνεστήσαντο μισθοφόρους, καταμέλλοντος τοῦ τῶν Ἀχαιῶν ἡγεμόνος, οὐκ ἐγκλητέον· ὅτι δὲ τὰς εἰς τὸ κοινὸν εἰσφοράς ἀπεῖπαν, μεμψιμοιρητέον. [10] ἐχρῆν γὰρ τὴν μὲν ἰδίαν χρεῖαν μὴ παραλιπεῖν, εὐκαιροῦντάς γε δὴ καὶ δυναμένους, τὰ δὲ πρὸς τὴν κοινὴν πολιτείαν δίκαια συντηρεῖν, ἄλλως τε δὴ καὶ κομιδῆς ὑπαρχούσης ἀδιαπτώτου κατὰ τοὺς κοινούς νόμους, τὸ δὲ μέγιστον, γεγονότας ἀρχηγούς τοῦ τῶν Ἀχαιῶν συστήματος.

[1] τὰ μὲν οὖν κατὰ Πελοπόννησον ἐν τούτοις ἦν. ὁ δὲ βασιλεὺς Φίλιππος διελθὼν τὴν Θετταλίαν παρῆν εἰς Ἥπειρον. [2] ἀναλαβὼν δὲ τοὺς Ἥπειρώτας ἅμα τοῖς Μακεδόσι πανδημεῖ καὶ τοὺς ἐξ Ἀχαΐας αὐτῷ συνηνηκότες σφενδονήτας τριακοσίους, ἔτι δὲ τοὺς παρὰ

Πολυρρηνίων ἀπεσταλμένους Κρήτας πεντακοσίους, προῆγε, καὶ διελθὼν τὴν Ἑπειρον παρῆν εἰς τὴν τῶν Ἀμβρακιωτῶν χώραν. [3] εἰ μὲν οὖν ἐξ ἐφόδου κατὰ τὸ συνεχὲς ἐνέβαλεν εἰς τὴν μεσόγαιαν τὴν Αἰτωλίας, ἄφνω καὶ παραδόξως ἐπιπεσὼν δυνάμει βαρεῖα τοῖς ὅλοις πράγμασιν ἐπιτεθεῖκει τέλος: [4] νῦν δὲ πεισθεὶς τοῖς Ἑπειρώταις πρῶτον ἐκπολιορκῆσαι τὸν Ἀμβρακον, ἔδωκε τοῖς Αἰτωλοῖς ἀναστροφὴν εἰς τὸ καὶ στῆναι καὶ προνοηθῆναί τι καὶ παρασκευάσασθαι πρὸς τὸ μέλλον. [5] οἱ γὰρ Ἑπειῶται, τὸ σφέτερον ἀναγκαιότερον τιθέμενοι τοῦ κοινοῦ τῶν συμμάχων, καὶ μεγάλως σπουδάζοντες ὑφ' αὐτοὺς ποιήσασθαι τὸν Ἀμβρακον, ἐδέοντο τοῦ Φιλίππου ποιήσασθαι πολιορκίαν περὶ τὸ χωρίον καὶ τοῦτο πρότερον ἐξελεῖν, [6] περὶ πλείστου ποιούμενοι τὸ κομίσασθαι τὴν Ἀμβρακίαν παρὰ τῶν Αἰτωλῶν, τοῦτο δὲ γενέσθαι μόνως ἂν ἐλπίζοντες, εἰ τοῦ προειρημένου τόπου κυριεύσαντες ἐπικαθίσαιεν τῇ πόλει. [7] ὁ γὰρ Ἀμβρακος ἔστι μὲν χωρίον εὖ κατεσκευασμένον καὶ προτειχίσμασι καὶ τείχει, κεῖται δ' ἐν λίμναις, μίαν ἀπὸ τῆς χώρας στενὴν καὶ χωστὴν ἔχον πρόσοδον, ἐπίκειται δ' εὐκαίρως τῇ τε χώρᾳ τῶν Ἀμβρακιωτῶν καὶ τῇ πόλει. [8]

[1] Φίλιππος μὲν οὖν πεισθεὶς Ἑπειρώταις καὶ καταστρατοπεδεύσας περὶ τὸν Ἀμβρακον, ἐγένετο περὶ τὴν παρασκευὴν τῶν πρὸς τὴν πολιορκίαν. Σκόπας δὲ κατὰ τὸν καιρὸν τοῦτον ἀναλαβὼν τοὺς Αἰτωλοὺς πανδημεῖ, καὶ ποιησάμενος τὴν πορείαν διὰ Θετταλίας, ἐνέβαλεν εἰς Μακεδονίαν, καὶ τὸν τε σῆτον ἐπιπορευόμενος τὸν κατὰ τὴν Πιερίαν ἔφθειρε καὶ λείας περιβαλόμενος πλῆθος ἐπανῆγε, ποιούμενος τὴν πορείαν ὡς ἐπὶ τὸ Δῖον. [2] ἐκλιπόντων δὲ τῶν κατοικούντων τὸν τόπον, εἰσελθὼν τὰ τεῖχη κατέσκαψε καὶ τὰς οἰκίας καὶ τὸ γυμνάσιον, πρὸς δὲ τούτοις ἐνέπρησε τὰς στοὰς τὰς περὶ τὸ τέμενος καὶ τὰ λοιπὰ διέφθειρε τῶν ἀναθημάτων, ὅσα πρὸς κόσμον ἢ χρεῖαν ὑπῆρχε τοῖς εἰς τὰς πανηγύρεις συμπορευομένοις: ἀνέτρεψε δὲ καὶ τὰς εἰκόνας τῶν βασιλέων ἀπάσας. [3] οὗτος μὲν οὖν εὐθέως κατὰ τὴν ἔνστασιν τοῦ πολέμου καὶ τὴν πρώτην πρᾶξιν οὐ μόνον τοῖς ἀνθρώποις, ἀλλὰ καὶ τοῖς θεοῖς πόλεμον ἐξενηνοχῶς, ἐπανῆει. [4] καὶ παραγενόμενος εἰς Αἰτωλίαν, οὐχ ὡς ἡσεβηκῶς, ἀλλ' ὡς ἀγαθὸς ἀνὴρ εἰς τὰ κοινὰ πράγματα γεγονώς, ἐτιμᾶτο καὶ περιεβλέπετο, πλήρεις ἐλπίδων κενῶν καὶ φρονήματος ἀλόγου πεποηκῶς τοὺς Αἰτωλοὺς: [5] ἔσχον γὰρ ἐκ τούτων διάληψιν ὡς τῆς μὲν Αἰτωλίας οὐδ' ἐγγίξειν

τολμήσοντος οὐδενός, αὐτοὶ δὲ πορθήσοντες ἀδεῶς οὐ μόνον τὴν Πελοπόννησον, καθάπερ ἔθος ἦν αὐτοῖς, ἀλλὰ καὶ τὴν Θετταλίαν καὶ τὴν Μακε

[1] δονίαν. Φίλιππος δὲ τὰ περὶ τὴν Μακεδονίαν ἀκούσας, καὶ παραχρῆμα τῆς Ἑπειρωτῶν ἀγνοίας καὶ φιλονεικίας τὰπίχειρα κεκομισμένος, ἐπολιόρκει τὸν Ἀμβρακον. [2] χρησάμενος δὲ τοῖς τε χώμασιν ἐνεργῶς καὶ τῇ λοιπῇ παρασκευῇ ταχέως κατεπλήξατο τοὺς ἐνόντας, καὶ παρέλαβε τὸ χωρίον ἐν ἡμέραις τετταράκοντα ταῖς πάσαις. [3] ἀφείς δὲ τοὺς φυλάττοντας ὑποσπόνδους, ὄντας εἰς πεντακοσίους Αἰτωλῶν, τὴν μὲν τῶν Ἑπειρωτῶν ἐπιθυμίαν ἐπλήρωσε, παραδοὺς τὸν Ἀμβρακον, [4] αὐτὸς δ' ἀναλαβὼν τὴν δύναμιν προῆγε παρὰ Χαράδραν, σπεύδων διαβῆναι τὸν Ἀμβρακικὸν καλούμενον κόλπον, οὗ στενώτατόν ἐστι, κατὰ τὸ τῶν Ἀκαρνάνων ἱερὸν καλούμενον Ἀκτιον. [5] ὁ γὰρ προειρημένος κόλπος ἐκπίπτει μὲν ἐκ τοῦ Σικελικοῦ πελάγους μεταξὺ τῆς Ἑπείρου καὶ τῆς Ἀκαρνανίας στενῷ παντελῶς στόματι — λείπει γὰρ τῶν πέντε σταδίων — [6] προβαίνων δ' εἰς τὴν μεσόγαιαν κατὰ μὲν τὸ πλάτος ἐφ' ἑκατὸν στάδια κεῖται, κατὰ δὲ τὸ μῆκος ἀπὸ τοῦ πελάγους προπίπτει περὶ τριακόσια στάδια: διορίζει δὲ τὴν Ἑπειρον καὶ τὴν Ἀκαρνανίαν, ἔχων τὴν μὲν Ἑπειρον ἀπὸ τῶν ἄρκτων, τὴν δ' Ἀκαρνανίαν ἀπὸ μεσημβρίας. [7] περαιώσας δὲ κατὰ τὸ προειρημένον στόμα τὴν δύναμιν, καὶ διελθὼν τὴν Ἀκαρνανίαν, ἦκε τῆς Αἰτωλίας πρὸς τὴν καλουμένην πόλιν Φοιτίας, συμπαρειληφὼς Ἀκαρνάνων πεζοὺς δισχιλίους, ἵππεις δὲ διακοσίους. [8] περιστρατοπεδεύσας δὲ τὴν προειρημένην πόλιν, καὶ προσβολὰς ἐνεργούς καὶ καταπληκτικὰς ἐπὶ δύο ἡμέρας ποιησάμενος, παρέλαβε καθ' ὁμολογίαν, ἀφείς ὑποσπόνδους τοὺς ἐνόντας τῶν Αἰτωλῶν. [9] τῆς δ' ἐπιούσης νυκτός, ὥς ἔτι μενούσης ἀναλώτου τῆς πόλεως, ἦκον βοηθοῦντες πεντακόσιοι τῶν Αἰτωλῶν: ὧν τὴν παρουσίαν προαισθανόμενος ὁ βασιλεὺς, καθείς ἐπὶ τινας τόπους εὐκαίρους ἐνέδρας, τοὺς μὲν πλείους αὐτῶν ἀπέκτεινε, τοὺς δὲ λοιποὺς ὑποχειρίους ἔλαβε, πλὴν τελέως ὀλίγων. [10] μετὰ δὲ ταῦτα σιτομετρήσας εἰς τριάκονθ' ἡμέρας τὴν δύναμιν ἐκ τοῦ περικαταληφθέντος σίτου — πολὺ γὰρ πλῆθος ἐν ταῖς Φοιτίαις εὐρέθη συνηθροισμένον — προῆγε ποιούμενος τὴν πορείαν εἰς τὴν Στρατικὴν. [11] ἀποσχὼν δὲ τῆς πόλεως περὶ δέκα στάδια κατεστρατοπέδευσε περὶ τὸν Ἀχελῶν ποταμόν, ὁρμώμενος δ'

έντεῦθεν ἀδεῶς ἐπόρθει τὴν χώραν, οὐδενὸς ἐπεξίεναι τολμῶντος τῶν ὑπεναντίων.

[1] οἱ δ' Ἀχαιοὶ κατὰ τοὺς καιροὺς τούτους πιεζόμενοι τῷ πολέμῳ, τὸν δὲ βασιλέα πυνθανόμενοι σύνεγγυς εἶναι, πέμπουσι πρέσβεις, ἀξιοῦντες βοηθεῖν. [2] οἱ καὶ συμμίζαντες ἔτι περὶ Στράτον ὄντι τῷ Φίλιππῳ τὰ τε λοιπὰ διελέγοντο κατὰ τὰς ἐντολάς, καὶ τὰς ὠφελείας ὑποδεικνύντες τῷ στρατοπέδῳ τὰς ἐκ τῆς πολεμίας ἔπειθον αὐτὸν διαβάντα τὸ Ῥίον ἐμβαλεῖν εἰς τὴν Ἠλείαν. [3] ὧν ὁ βασιλεὺς διακούσας τοὺς μὲν πρεσβευτὰς παρακατέσχε, φήσας βουλεύσασθαι περὶ τῶν παρακαλουμένων, αὐτὸς δ' ἀναξεύξας προῆγε, ποιούμενος τὴν πορείαν ὡς ἐπὶ Μητροπόλεως καὶ Κωνώπης. [4] οἱ δ' Αἰτωλοὶ τὴν μὲν ἄκραν τῆς Μητροπόλεως κατεῖχον, τὴν δὲ πόλιν ἐξέλιπον. ὁ δὲ Φίλιππος ἐμπρήσας τὴν Μητρόπολιν προῆει κατὰ τὸ συνεχὲς ἐπὶ τὴν Κωνώπην. [5] τῶν δ' Αἰτωλῶν ἱπέων ἀθροισθέντων καὶ τολμησάντων ἀπαντὰν πρὸς τὴν τοῦ ποταμοῦ διάβασιν, ἥ κεῖται πρὸ τῆς πόλεως εἴκοσι στάδια διέχουσα, καὶ πεπεισμένων ἢ κωλύειν τελείως ἢ κακοποιήσκειν πολλὰ τοὺς Μακεδόνας περὶ τὴν ἔκβασιν, [6] συννοήσας αὐτῶν τὴν ἐπιβολὴν ὁ βασιλεὺς παρήγγειλε τοῖς πελτασταῖς πρώτοις ἐμβαλεῖν εἰς τὸν ποταμὸν καὶ ποιεῖσθαι τὴν ἔκβασιν ἀθρόους κατὰ τάγμα συνησπικότας. [7] τῶν δὲ πειθαρχούντων, ἅμα τῷ τὴν πρώτην διαβῆναι σημαίαν βραχέα ταύτης καταπειράσαντες οἱ τῶν Αἰτωλῶν ἱππεῖς, ἐν τῷ ταύτην τε μεῖναι συνασπίσασαν καὶ τὴν δευτέραν καὶ τρίτην διαβαινούσας συμφράττειν τοῖς ὅπλοις πρὸς τὴν ὑφεστῶσαν, ἀπραγοῦντες καὶ δυσχρήστως ἀπαλλάττοντες ἀπεχώρουν πρὸς τὴν πόλιν. [8] καὶ τὸ λοιπὸν ἤδη τὸ μὲν τῶν Αἰτωλῶν φρόνημα συμπεφευγὸς εἰς τὰς πόλεις ἦγε τὴν ἡσυχίαν. [9] ὁ δὲ Φίλιππος ἐπιδιαβὰς τῷ στρατεύματι, καὶ πορθήσας ἀδεῶς καὶ ταύτην τὴν χώραν προῆγε ποιούμενος τὴν πορείαν εἰς τὴν Ἰθωρίαν· τοῦτο δ' ἔστι χωρίον, ὃ κεῖται μὲν ἐπὶ τῆς παρόδου κυρίως, ὀχυρότητι δὲ φυσικῇ καὶ χειροποιήτῳ διαφέρει. [10] συνεγγίζοντος δ' αὐτοῦ, καταπλαγέντες οἱ φυλάττοντες ἐξέλιπον τὸν τόπον· ὁ δὲ βασιλεὺς τοῦ τόπου κυριεύσας εἰς ἔδαφος καθεῖλε. [11] παραπλησίως δὲ καὶ τοὺς λοιποὺς πύργους τοὺς κατὰ τὴν χώραν ἐπέταξε τοῖς προνομεύουσι

[1] καταφέρειν. διελθὼν δὲ τὰ στενὰ τὸ λοιπὸν ἤδη βάδην καὶ πρᾶξιαν ἐποιεῖτο τὴν πορείαν, ἀναστροφὴν διδοὺς τῇ δυνάμει πρὸς τὰς ἀπὸ τῆς χώρας ὠφελείας. [2] γέμοντος δὲ τοῦ στρατοπέδου

πάντων τῶν ἐπιτηδείων, ἤκε πρὸς τοὺς [Ἀχαιοὺς] Οἰνιάδας. [3] καταστρατοπεδεύσας δὲ πρὸς τὸ Παιάνιον τοῦτο πρῶτον ἐξελεῖν ἔκρινε: ποιησάμενος δὲ προσβολὰς συνεχεῖς εἶλεν αὐτὸ κατὰ κράτος, πόλιν κατὰ μὲν τὸν περιβόλον οὐ μεγάλην — ἐλάττων γὰρ ἦν ἑπτὰ σταδίων — κατὰ δὲ τὴν σύμπασαν κατασκευὴν οἰκῶν καὶ τειχῶν καὶ πύργων οὐδ' ὅποιας ἦττω. [4] ταύτης δὲ τὸ μὲν τεῖχος κατέσκαψε πᾶν εἰς ἔδαφος, τὰς δ' οἰκῆσεις διαλύων τὰ ξύλα καὶ τὸν κέραμον εἰς σχεδίας καθήρμοξε καὶ συνεχῶς κατήγεν αὐτὰς τῷ ποταμῷ μετὰ πολλῆς φιλοτιμίας εἰς τοὺς Οἰνιάδας. [5] οἱ δ' Αἰτωλοὶ τὸ μὲν πρῶτον ἐπεβάλλοντο διατηρεῖν τὴν ἄκραν τὴν ἐν τοῖς Οἰνιάδαϊς, ἀσφαλισάμενοι τείχεσι καὶ τῇ λοιπῇ κατασκευῇ: συνεγγίζοντος δὲ τοῦ Φιλίππου καταπλαγέντες ἐξεχώρησαν. [6] ὁ δὲ βασιλεὺς παραλαβὼν καὶ ταύτην τὴν πόλιν, ἐξ αὐτῆς προελθὼν κατεστρατοπέδευσε τῆς Καλυδωνίας πρὸς τι χωρίον ὀχυρόν, ὃ καλεῖται μὲν Ἑλαος, ἡσφάλισται δὲ τείχεσι καὶ ταῖς λοιπαῖς παρασκευαῖς διαφερόντως, Ἀττάλου τὴν περὶ αὐτὸ κατασκευὴν ἀναδεξαμένου τοῖς Αἰτωλοῖς. [7] γενόμενοι δὲ καὶ τούτου κύριοι κατὰ κράτος οἱ Μακεδόνες, καὶ πᾶσαν κατασύραντες τὴν Καλυδωνίαν, ἦκον ἄλλιν εἰς τοὺς Οἰνιάδας. [8] ὁ δὲ Φίλιππος συνθεασάμενος τὴν εὐκαιρίαν τοῦ τόπου, πρὸς τε τᾶλλα καὶ μάλιστα πρὸς τὰς εἰς Πελοπόννησον διαβάσεις, ἐπεβάλετο τειχίζειν τὴν πόλιν. [9] τοὺς γὰρ Οἰνιάδας κεῖσθαι συμβαίνει παρὰ θάλατταν, ἐπὶ τῷ πέρατι τῆς Ἀκαρνανίας τῷ πρὸς Αἰτωλοὺς συνάπτοντι, περὶ τὴν ἀρχὴν τοῦ Κορινθιακοῦ κόλπου. [10] τῆς δὲ Πελοποννήσου τέτακται μὲν ἡ πόλις καταντικρὺ τῆς παραλίας τῆς τῶν Δυμαίων, ἔγγιστα δ' αὐτῆς ὑπάρχει τοῖς κατὰ τὸν Ἄραξον τόποις: ἀπέχει γὰρ οὐ πλεῖον ἑκατὸν σταδίων. εἰς ἃ βλέψας τὴν τε ἄκραν καθ' αὐτὴν ἡσφάλισατο, [11] καὶ τῷ λιμένι καὶ τοῖς νεωρίοις ὁμοῦ τεῖχος περιβαλὼν ἐνεχεῖρει συνάψαι πρὸς τὴν ἄκραν, χρώμενος πρὸς τὴν οἰκονομίαν ταῖς ἐκ τοῦ Παιανίου παρασκευαῖς.

[1] ἔτι δὲ περὶ ταῦτα γινομένου τοῦ βασιλέως, παρῆν ἐκ Μακεδονίας ἄγγελος διασαφῶν ὅτι συμβαίνει τοὺς Δαρδανεῖς, ὑπονενοηκότας τὴν εἰς Πελοπόννησον αὐτοῦ στρατείαν, ἀθροίζειν δυνάμεις καὶ παρασκευὴν ποιεῖσθαι μεγάλην, κεκρικότας ἐμβαλεῖν εἰς τὴν Μακεδονίαν. [2] ἀκούσας δὲ ταῦτα καὶ νομίσας ἀναγκαῖον εἶναι βοηθεῖν κατὰ τάχος τῇ Μακεδονίᾳ, τοὺς μὲν παρὰ τῶν Ἀχαιῶν πρέσβεις ἀπέστειλε, δούς ἀποκρισιν ὅτι τοῖς προσηγγελέμενοις

ἐπαρκέσας οὐδὲν προυργιαίτερον ποιήσεται μετὰ ταῦτα τοῦ βοηθεῖν σφίσι κατὰ δύναμιν, [3] αὐτὸς δ' ἀναξεύξας μετὰ σπουδῆς ἐποιεῖτο τὴν ἐπάνοδον, ἥπερ καὶ τὴν παρουσίαν ἐπεποίητο. [4] μέλλοντος δ' αὐτοῦ διαβαίνειν τὸν Ἀμβρακικὸν κόλπον ἐξ Ἀκαρνανίας εἰς Ἥπειρον, παρῇν ἐφ' ἐνὸς λέμβου Δημήτριος ὁ Φάριος, ἐκπεπτωκῶς ὑπὸ Ῥωμαίων ἐκ τῆς Ἰλλυρίδος: ὑπὲρ ὧν ἐν τοῖς πρὸ τούτων ἡμῖν δεδήλωται. [5] τοῦτον μὲν οὖν Φίλιππος ἀποδεξάμενος φιланθρώπως ἐκέλευσε πλεῖν ὡς ἐπὶ Κόρινθον κάκειθεν ἦκειν διὰ Θετταλίας εἰς Μακεδονίαν: αὐτὸς δὲ διαβάς εἰς τὴν Ἥπειρον προῆγε κατὰ τὸ συνεχές εἰς τὸ πρόσθεν. [6] παραγενομένου δ' αὐτοῦ τῆς Μακεδονίας εἰς Πέλλαν, ἀκούσαντες οἱ Δαρδάνιοι παρὰ Θρακῶν τινων αὐτομόλων τὴν παρουσίαν τοῦ Φιλίππου, καταπλαγέντες παραχρῆμα διέλυσαν τὴν στρατείαν, καίπερ ἤδη σύνεγγυς ὄντες τῆς Μακεδονίας. [7] Φίλιππος δὲ πυθόμενος τὴν τῶν Δαρδανέων μετόνοιαν, τοὺς μὲν Μακεδόνας διαφῆκε πάντας ἐπὶ τὴν τῆς ὁπώρας συγκομιδὴν, αὐτὸς δὲ πορευθεὶς εἰς Θετταλίαν τὸ λοιπὸν μέρος τοῦ θέρους ἐν Λαρίσῃ διῆγε. [8]

[1] κατὰ δὲ τὸν καιρὸν τοῦτον Αἰμίλιος ἐκ τῆς Ἰλλυρίδος εἰσῆγε λαμπρῶς εἰς τὴν Ῥώμην τὸν θρίαμβον, Ἀννίβας δὲ Ζάκανθαν ἤρηκῶς κατὰ κράτος διέλυσε τὰς δυνάμεις εἰς παραχειμασίαν: [9] Ῥωμαῖοι δέ, προσπεσούσης αὐτοῖς τῆς Ζακανθαίων ἀλώσεως, πρεσβευτὰς ἔπεμπον ἐξαιτήσοντας Ἀννίβαν παρὰ Καρχηδονίων, ἅμα δὲ πρὸς τὸν πόλεμον παρεσκευάζοντο, καταστήσαντες ὑπάτους Πόπλιον Κορνήλιον καὶ Τεβέριον Σεμπρόνιον. [10] ὑπὲρ ὧν ἡμεῖς τὰ μὲν κατὰ μέρος ἐν τῇ προτέρᾳ βύβλῳ δεδηλώκαμεν: νῦν δ' ἀναμνήσεως χάριν αὐτὰ προηνεγάμεθα κατὰ τὴν ἐξ ἀρχῆς ἐπαγγελίαν, ἵνα γινώσκηται τὰ κατάλληλα τῶν πραγμάτων. [11] καὶ τὸ μὲν πρῶτον ἔτος ἔληγε τῆς ὑποκειμένης ὀλυμπιάδος. παρὰ δὲ τοῖς Αἰτωλοῖς ἤδη τῶν ἀρχαιρεσίων καθηκόντων στρατηγὸς ἡρέθη Δωρίμαχος: ὃς παραντίκα τὴν ἀρχὴν παραλαβὼν καὶ τοὺς Αἰτωλοὺς ἀθροίσας μετὰ τῶν ὅπλων, ἐνέβαλεν εἰς τοὺς ἄνω τόπους τῆς Ἠπειροῦ καὶ τὴν χώραν ἐδήου, θυμικώτερον χρώμενος τῇ καταφθορᾷ: [2] τὸ γὰρ πλεῖον οὐ τῆς σφετέρως ὠφελείας, ἀλλὰ τῆς τῶν Ἠπειρωτῶν βλάβης χάριν ἕκαστα συνετέλει. [3] παραγενόμενος δὲ πρὸς τὸ περὶ Δωδώνην ἱερὸν τάς τε στοὰς ἐνέπρησε καὶ πολλὰ τῶν ἀναθημάτων διέφθειρε, κατέσκαψε δὲ καὶ τὴν ἱερὰν οἰκίαν, [4] ὥστε μὴτ' εἰρήνης ὅρον μῆτε πολέμου πρὸς Αἰτωλοὺς ὑπάρχειν,

ἀλλ' ἐν ἀμφοτέραις ταῖς περιστάσεσι παρὰ τὰ κοινὰ τῶν ἀνθρώπων
ἔθη καὶ νόμιμα χρῆσθαι ταῖς ἐπιβολαῖς. [5]

[1] οὗτος μὲν οὖν ταῦτα καὶ τοιαῦτα διαπραξάμενος ἐπανῆγεν αὐθις εἰς τὴν οἰκείαν. [6] τοῦ δὲ χειμῶνος ἔτι προβαίνοντος, καὶ πάντων ἀπηλπικότεων τὴν παρουσίαν τοῦ Φιλίππου διὰ τὸν καιρόν, ἀναλαβὼν ὁ βασιλεὺς χαλκάσπιδας μὲν τρισχιλίους, πελταστὰς δὲ δισχιλίους καὶ Κρήτας τριακοσίους, πρὸς δὲ τούτοις ἵππεῖς τοὺς περὶ τὴν αὐλὴν εἰς τετρακοσίους, προῆγεν ἀπὸ Λαρίσης· [7] καὶ διαβιβάσας τούτους ἐκ Θετταλίας εἰς Εὐβοίαν κάκειῖθεν εἰς Κῦνον ἦκε διὰ τῆς Βοιωτίας καὶ Μεγαρίδος εἰς Κόρινθον περὶ τροπὰς χειμερινάς, ἐνεργὸν καὶ λαθραῖαν πεποιημένος τὴν παρουσίαν οὕτως ὥστε μηδένα Πελοποννησίων ὑπονοῆσαι τὸ γεγονός. [8] κλείσας δὲ τὰς πύλας τοῦ Κορίνθου καὶ διαλαβὼν τὰς ὁδοὺς φυλακαῖς, τῇ κατὰ πόδας Ἄρατον μὲν τὸν πρεσβύτερον ὡς αὐτὸν ἐκ τοῦ Σικυῶνος μετεπέμπετο, γράμματά τε πρὸς τὸν στρατηγὸν τῶν Ἀχαιῶν καὶ πρὸς τὰς πόλεις ἐξαπέστελλεν, — ἐν οἷς διεσάφει πότε καὶ ποῦ δεήσει συναντᾶν πάντας ἐν τοῖς ὅπλοις. [9] ταῦτα δ' οἰκονομήσας ἀνέξενξε, καὶ προελθὼν κατεστρατο πέδευσε τῆς Φλιασίας περὶ τὸ Διοσκούριον. κατὰ δὲ τοὺς αὐτοὺς καιροὺς Εὐριπίδας, ἔχων Ἡλείων δύο λόχους μετὰ τῶν πειρατῶν καὶ μισθοφόρων, ὥστ' εἶναι τοὺς πάντας εἰς δισχιλίους καὶ διακοσίους, ἅμα δὲ τούτοις ἵππεῖς ἑκατόν, ὀρμήσας ἐκ Ψωφίδος ἐποιεῖτο τὴν πορείαν διὰ τῆς Φενικῆς καὶ Στυμφαλίας, οὐδὲν μὲν εἰδὼς τῶν κατὰ τὸν Φίλιππον, βουλόμενος δὲ κατασῦραι τὴν τῶν Σικυωνίων χώραν. [2] τῆς δὲ νυκτὸς τῆς αὐτῆς, ἐν ἣ συνέβαινε στρατοπεδεύειν τὸν Φίλιππον περὶ τὸ Διοσκούριον, παρηλλαχῶς τὴν στρατοπεδείαν τοῦ βασιλέως περὶ τὴν ἑωθινὴν ἐμβάλλειν οἷός τ' ἦν εἰς τὴν Σικυωνίαν. [3] τῶν δὲ παρὰ τοῦ Φιλίππου Κρητῶν τινες ἀπολελοιπότες τὰς τάξεις καὶ διχνεύοντες περὶ τὰς προνομείας ἐμπίπτουσιν εἰς τοὺς περὶ τὸν Εὐριπίδαν· [4] οὓς ἀνακρίνας καὶ συνεῖς τὴν παρουσίαν τῶν Μακεδόνων ὁ προειρημένος, οὐδενὶ ποιήσας φανερόν οὐδὲν τῶν προσπεπωκότων, ἀναλαβὼν τὴν δύναμιν ἐξ ὑποστροφῆς αὐθις ἀνέλυε τὴν αὐτὴν ὁδὸν ἐν ἧπερ ἦκε, [5] βουλόμενος, ἅμα δὲ καὶ κατελπίζων καταταχῆσειν τοὺς Μακεδόνας διεκβαλὼν τὴν Στυμφαλίαν καὶ συνάψας ταῖς ὑπερκειμέναις δυσχωρίαις. [6] ὁ δὲ βασιλεὺς, οὐδὲν εἰδὼς τῶν περὶ τοὺς ὑπεναντίους, κατὰ δὲ τὴν αὐτοῦ πρόθεσιν ἀναζεύξας τὴν ἑωθινὴν προῆγε, κρίνων ποιεῖσθαι τὴν πορείαν παρ' αὐτὸν τὸν Στύμφαλον ὡς ἐπὶ τὰς Καφύας· [7] ἐνθάδε γὰρ ἐγεγράφει τοῖς Ἀχαιοῖς

συνα

[1] θροίζεσθαι μετὰ τῶν ὅπλων. τῆς δὲ πρωτοπορείας τῶν Μακεδόνων ἐπιβαλούσης ἐπὶ τὴν ὑπερβολὴν τὴν περὶ τὸ καλούμενον Ἀπέλαυρον, ἣ πρόκειται τῆς τῶν Στυμφαλίων πόλεως περὶ δέκα στάδι', ἅμα συνεκύρησε καὶ τὴν τῶν Ἡλείων πρωτοπορείαν συμπεσεῖν ἐπὶ τὴν ὑπερβολήν. [2] ὁ μὲν οὖν Εὐριπίδας, συννοήσας τὸ γεγονὸς ἐκ τῶν προσηγγελμένων, παραλαβὼν μεθ' ἑαυτοῦ τινὰς τῶν ἱππέων καὶ διαδράς τὸν ἐνεστῶτα καιρὸν ἐποιεῖτο τὴν ἀποχώρησιν εἰς τὴν Ψωφίδα ταῖς ἀνοδίαις· [3] τὸ δὲ λοιπὸν πλῆθος τῶν Ἡλείων, ἐγκαταλελειμμένον ὑπὸ τοῦ προεστῶτος καὶ γεγονὸς ἐκπλαγὲς ἐπὶ τῷ συμβεβηκότι, κατὰ πορείαν ἔμενε, διαπορούμενον τί δεῖ ποιεῖν καὶ πῇ τρέπεσθαι. [4] τὸ μὲν γὰρ πρῶτον αὐτῶν οἱ προεστῶτες ὑπελάμβανον τῶν Ἀχαιῶν αὐτῶν τινὰς συνεπιβεβοηθηκέναι· καὶ μάλιστα ἡπάτων αὐτοὺς οἱ χαλκάσπιδες· [5] Μεγαλοπολίτας γὰρ εἶναι τούτους ἐδόξαζον, διὰ τὸ τοιούτοις ὅπλοις κεχρηῆσθαι τοὺς προειρημένους ἐν τῷ περὶ Σελλασίαν [ἐν τῷ] πρὸς Κλεομένη κινδύνῳ, καθοπλίσαντος Ἀντιγόνου τοῦ βασιλέως πρὸς τὴν παροῦσαν χρεῖαν. [6] διόπερ ἀπεχώρουν τηροῦντες τὰς τάξεις πρὸς τινὰς ὑπερδεξιούς τόπους, οὐκ ἀπελπίζοντες τὴν σωτηρίαν. ἅμα δὲ τῷ προσάγοντας αὐτοῖς τοὺς Μακεδόνας σύνεγγυς γενέσθαι λαβόντες ἔννοιαν τοῦ κατ' ἀλήθειαν ὄντος, πάντες ὥρμησαν πρὸς φυγὴν, ῥίψαντες τὰ ὅπλα. [7] ζωγρία μὲν οὖν ἐάλωσαν αὐτῶν περὶ χιλίους καὶ διακοσίους, τὸ δὲ λοιπὸν διεφθάρη πλῆθος, τὸ μὲν ὑπὸ τῶν Μακεδόνων, τὸ δ' ὑπὸ τῶν κρημνῶν· διέφυγον δ' οὐ πλείους τῶν ἑκατόν. [8] ὁ δὲ Φίλιππος τά τε σκῦλα καὶ τοὺς αἰχμαλώτους εἰς Κόρινθον ἀποπέμψας εἶχετο τῶν προκειμένων. [9] τοῖς δὲ Πελοποννησίοις πᾶσι παράδοξον ἐφάνη τὸ γεγονός· ἅμα γὰρ ἤκουον τὴν παρουσίαν καὶ τὴν νίκην τοῦ βασιλέως.

[1] ποιησάμενος δὲ τὴν πορείαν διὰ τῆς Ἀρκαδίας, καὶ πολλὰς ἀναδεξάμενος χιόνας καὶ τалаιπωρίας ἐν ταῖς περὶ τὸν Ὀλύγγυρτον ὑπερβολαῖς, τῇ τρίτῃ τῶν ἡμερῶν κατήρε νύκτωρ εἰς Καφύας. [2] θεραπεύσας δὲ τὴν δύναμιν ἐπὶ δύο ἡμέρας ἐνταῦθα, καὶ προσαναλαβὼν Ἄρατον τὸν νεώτερον καὶ τοὺς ἅμα τούτῳ συνηθροισμένους τῶν Ἀχαιῶν, ὥστ' εἶναι τὴν ὅλην δύναμιν εἰς τοὺς μυρίους, προῆγε διὰ τῆς Κλειτορίας ὡς ἐπὶ Ψωφίδος, συναθροίζων ἐκ τῶν πόλεων ὧν διεπορεύετο βέλη καὶ κλίμακας. [3] ἡ δὲ Ψωφίς ἔστι μὲν ὁμολογούμενον καὶ παλαιὸν Ἀρκάδων κτίσμα τῆς Ἀζανίδος,

κεῖται δὲ τῆς μὲν συμπάσης Πελοποννήσου κατὰ τὴν μεσόγειον, αὐτῆς δὲ τῆς Ἀρκαδίας ἐπὶ τοῖς πρὸς δυσμὰς πέρασι, συνάπτουσα τοῖς περὶ τὰς ἐσχατιὰς κατοικοῦσι τῶν προσεσπερίων Ἀχαιῶν: [4] ἐπὶκειται δ' εὐφυῶς τῇ τῶν Ἡλείων χώρα, μεθ' ὧν συνέβαινε τότε πολιτεύεσθαι αὐτήν. [5] πρὸς ἣν Φίλιππος τριταῖος ἐκ τῶν Καφυῶν διανύσας, κατεστρατοπέδευε περὶ τοὺς ἀπέναντι τῆς πόλεως ὑπερκειμένους βουνούς, ἀφ' ὧν ἦν κατοπτεύειν τὴν τε πόλιν ὅλην ἀσφαλῶς καὶ τοὺς περίξ αὐτῆς τόπους. [6] συνθεωρῶν δὲ τὴν ὀχυρότητα τῆς Ψωφίδος ὁ βασιλεὺς ἠπορεῖτο τί χρὴ ποιεῖν. [7] τὴν γὰρ ἀφ' ἐσπέρας πλευρὰν αὐτῆς καταφέρεται λάβρος χειμάρρους ποταμός, ὃς κατὰ τὸ πλεῖστον μέρος τοῦ χειμῶνος ἄβατός ἐστι, ποιεῖ δὲ καὶ τὸ παράπαν ἐχυρὰν καὶ δυσπρόσοδον τὴν πόλιν διὰ τὸ μέγεθος τοῦ κοιλώματος, ὃ κατὰ βραχὺ τῷ χρόνῳ κατείργασται φερόμενος ἐξ ὑπερδεξίων τόπων. [8] παρὰ δὲ τὴν ἀπ' ἡοῦς πλευρὰν ἔχει τὸν Ἑρύμανθον, μέγαν καὶ λάβρον ποταμόν, ὑπὲρ οὗ πολὺς καὶ ὑπὸ πολλῶν τεθρύληται λόγος. [9] τοῦ δὲ χειμάρρου προσπίπτοντος πρὸς τὸν Ἑρύμανθον ὑπὸ τὸ πρὸς μεσημβρίαν μέρος τῆς πόλεως, συμβαίνει τὰς μὲν τρεῖς ἐπιφανείας αὐτῆς ὑπὸ τῶν ποταμῶν περιλαμβανομένας ἀσφαλίζεσθαι τὸν προειρημένον τρόπον: [10] τῇ δὲ λοιπῇ, τῇ πρὸς ἄρκτον, βουνὸς ἐρυμνὸς ἐπὶκειται τετειχισμένος, ἄκρας εὐφυοὺς καὶ πραγματικῆς λαμβάνων τάξιν. ἔχει δὲ καὶ τείχη διαφέροντα τῷ μεγέθει καὶ ταῖς κατασκευαῖς. [11] πρὸς δὲ τούτοις βοήθειαν συνέβαινε παρὰ τῶν Ἡλείων εἰσπεπτωκέναι, καὶ τὸν Εὐριπίδαν ἐκ τῆς φυγῆς διασσεσωσμένον ὑπάρχειν ἐν αὐτῇ.

[1] ταῦτ' οὖν πάντα συνορῶν καὶ συλλογιζόμενος ὁ Φίλιππος τὰ μὲν ἀφίστατο τοῖς λογισμοῖς τοῦ βιάζεσθαι καὶ πολιορκεῖν τὴν πόλιν, τὰ δὲ προθύμως εἶχε, τὴν εὐκαιρίαν ὁρῶν τοῦ τόπου: [2] καθ' ὅσον γὰρ ἐπέκειτο τοῖς Ἀχαιοῖς τότε καὶ τοῖς Ἀρκάσι καὶ πολεμητήριον ὑπῆρχε τοῖς Ἡλείοις ἀσφαλές, κατὰ τοσοῦτον πάλιν κρατηθὲν ἔμελλε τῶν μὲν Ἀρκάδων προκεῖσθαι, κατὰ δὲ τῶν Ἡλείων ὀρμητήριον ὑπάρξειν τοῖς συμμάχοις εὐκαιρον. [3] διόπερ ἐπὶ τοῦτο τὸ μέρος ὀρμήσας τῇ γνώμῃ παρήγγελλε τοῖς Μακεδόσιν ἅμα τῷ φωτὶ πᾶσιν ἀριστοποιεῖσθαι καὶ διεσκευασμένους ἐτοιμούς ὑπάρχειν. [4] μετὰ δὲ ταῦτα διαβὰς τὴν κατὰ τὸν Ἑρύμανθον γέφυραν, οὐδενὸς ἐμποδῶν στάντος διὰ τὸ παράδοξον τῆς ἐπιβολῆς, ἦκε πρὸς αὐτὴν τὴν πόλιν ἐνεργῶς καὶ καταπληκτικῶς. [5] οἱ δὲ περὶ τὸν Εὐριπίδαν καὶ πάντες οἱ κατὰ τὴν πόλιν διηπόρουν ἐπὶ τοῖς συμβαίνουσι τῷ

πεπεισθαι μήτ' ἂν ἐξ ἐφόδου τολμήσαι τοὺς πολεμίους προσβαλεῖν καὶ βιάζεσθαι πρὸς οὕτως ὀχυρὰν πόλιν μήτε χρόνιον ἂν συστήσασθαι πολιορκίαν διὰ τὴν τοῦ καιροῦ περίστασιν. [6] ἅμα δὲ ταῦτα λογιζόμενοι διηπίστουν ἀλλήλοις, δεδιότες μὴ πρᾶξιν ὁ Φίλιππος εἶη διὰ τῶν ἔνδον συνεσταμένος κατὰ τῆς πόλεως. ἐπεὶ δ' οὐδὲν ἑώρων τοιοῦτον ἐξ αὐτῶν γινόμενον, [7] ὥρμησαν οἱ μὲν πλείους ἐπὶ τὰ τείχη βοηθήσοντες, οἱ δὲ μισθοφόροι τῶν Ἡλείων κατὰ τινα πύλην ὑπερδέξιον ἐξῆλθον ὥς ἐπιθησόμενοι τοῖς πολεμίοις. [8] ὁ δὲ βασιλεὺς διατάξας κατὰ τρεῖς τόπους τοὺς προσοίσοντας τῷ τείχει τὰς κλίμακας, καὶ τούτοις ὁμοίως μερίσας τοὺς ἄλλους Μακεδόνας, μετὰ ταῦτα διὰ τῶν σαλπικτῶν ἀποδοὺς ἐκάστοις τὸ σύνθημα πανταχόθεν ἅμα τὴν προσβολὴν ἐποιεῖτο τοῖς τείχεσι. [9] τὸ μὲν οὖν πρῶτον ἡμύνοντο γενναίως οἱ κατέχοντες τὴν πόλιν, καὶ πολλοὺς ἀπὸ τῶν κλιμάκων ἀπέρριπτον. [10] ἐπεὶ δ' ἦ τε χορηγία τῶν βελῶν καὶ τῶν ἄλλων τῶν πρὸς τὴν χρεῖαν ἐπιτηδεῖων ἐνέλειπεν, ὥς ἂν ἐκ τοῦ καιροῦ τῆς παρασκευῆς γεγεννημένης, οἱ τε Μακεδόνες οὐ κατεπλήττοντο τὸ γινόμενον, ἀλλ' ἐπὶ τὴν τοῦ ριφέντος ἀπὸ τῶν κλιμάκων χώραν ὁ κατόπιν ἀμελλήτως ἐπέβαινε, [11] τέλος οἱ μὲν ἐκ τῆς πόλεως τραπέντες ἔφευγον πάντες πρὸς τὴν ἀκρόπολιν, τῶν δὲ παρὰ τοῦ βασιλέως οἱ μὲν Μακεδόνες ἐπέβησαν τοῦ τείχους, οἱ δὲ Κρήτες πρὸς τοὺς κατὰ τὴν ὑπερδέξιον πύλην ἐπεξελθόντας τῶν μισθοφόρων συμμίζαντες ἠνάγκασαν αὐτοὺς οὐδενὶ κόσμῳ ρίψαντας τὰ ὄπλα φεύγειν. [12] οἷς ἐπικείμενοι καὶ προσφέροντες τὰς χεῖρας συνεισέπεσον διὰ τῆς πύλης. ἐξ οὗ συνέβη πανταχόθεν ἅμα καταληφθῆναι τὴν πόλιν. [13] οἱ μὲν οὖν Ψωφίδιοι μετὰ τέκνων καὶ γυναικῶν ἀπεχώρησαν εἰς τὴν ἄκραν, ἅμα δὲ τούτοις οἱ περὶ τὸν Εὐριπίδαν, ὁμοίως δὲ καὶ τὸ λοιπὸν πλῆθος τῶν διασφωζομένων:

[1] οἱ δὲ Μακεδόνες εἰσπεσόντες τὴν μὲν ἐνδομενίαν ἅπασαν ἐκ τῶν οἰκιῶν παραχρῆμα διήρπασαν, μετὰ δὲ ταῦτα ταῖς οἰκίαις ἐπισκηνώσαντες κατεῖχον τὴν πόλιν. [2] οἱ δὲ συμπεφευγότες εἰς τὴν ἀκρόπολιν, οὐδεμιᾶς σφίσι παρασκευῆς ὑπαρχούσης, προορώμενοι τὸ μέλλον ἔγνωσαν ἐγχειρίζειν σφᾶς αὐτοὺς τῷ Φιλίππῳ. [3] πέμψαντες οὖν κήρυκα πρὸς τὸν βασιλέα, καὶ λαβόντες συγχώρημα περὶ πρεσβείας, ἐξαπέστειλαν τοὺς ἄρχοντας καὶ μετὰ τούτων Εὐριπίδαν: οἱ καὶ ποιησάμενοι σπονδὰς ἔλαβον τὴν ἀσφάλειαν τοῖς συμπεφευγόσιν ὁμοῦ ξένοις καὶ πολίταις. [4] οὗτοι μὲν οὖν αὗτις

ἐπανῆλθον ὅθεν ὥρμησαν, ἔχοντες παράγγελμα μένειν κατὰ χώραν, ἕως ἂν ἡ δύναμις ἀναζεύξη, μή τινες ἀπειθήσαντες τῶν στρατιωτῶν διαρπάσωσιν αὐτούς: [5] ὁ δὲ βασιλεὺς ἐπιγενομένης χιόνος ἠναγκάσθη μένειν ἐπὶ τόπου τινὰς ἡμέρας. ἐν αἷς συναγαγὼν τοὺς παρόντας τῶν Ἀχαιῶν πρῶτον μὲν τὴν ὀχυρότητα καὶ τὴν εὐκαιρίαν ἐπεδείκνυε τῆς πόλεως πρὸς τὸν ἐνεστῶτα πόλεμον, [6] ἀπελογίσατο δὲ καὶ τὴν αἴρεσιν καὶ τὴν εὐνοίαν, ἣν ἔχοι πρὸς τὸ ἔθνος, ἐπὶ δὲ πᾶσιν ἔφη καὶ νῦν παραχωρεῖν καὶ διδόναι τοῖς Ἀχαιοῖς τὴν πόλιν: προκεῖσθαι γὰρ αὐτῷ τὰ δυνατὰ χαρίζεσθαι καὶ μὴθὲν ἐλλείπειν προθυμίας. [7] ἐφ' οἷς εὐχαριστούντων αὐτῷ τῶν τε περὶ τὸν Ἄρατον καὶ τῶν πολλῶν, διαλύσας τὴν ἐκκλησίαν ὁ μὲν Φίλιππος μετὰ τῆς δυνάμεως ἀναζεύξας ἐπὶ Λασιῶνος ἐποιεῖτο τὴν πορείαν, [8] οἱ δὲ Ψωφίδιοι καταβάντες ἐκ τῆς ἄκρας ἐκομίσαντο τὴν πόλιν καὶ τὰς οἰκήσεις ἕκαστοι τὰς αὐτῶν, οἱ δὲ περὶ τὸν Εὐριπίδαν ἀπῆλθον εἰς τὸν Κόρινθον κάκειθεν εἰς Αἰτωλίαν. [9] τῶν δ' Ἀχαιῶν ἀρχόντων οἱ παρόντες ἐπὶ μὲν τὴν ἄκραν ἐπέστησαν μετὰ φυλακῆς ἱκανῆς Πρόσλαον Σικυώνιον, ἐπὶ δὲ τὴν πόλιν Πυθίαν Πελληνέα. [10]

[1] καὶ τὰ μὲν περὶ Ψωφίδα τοῦτον ἐπετελέσθη τὸν τρόπον. οἱ δὲ παραφυλάττοντες τὸν Λασιῶνα τῶν Ἠλείων, συνέντες τὴν παρουσίαν τῶν Μακεδόνων, πετυσμένοι δὲ καὶ τὰ γεγονότα περὶ τὴν Ψωφίδα, παραχρῆμα τὴν πόλιν ἐξέλιπον. [2] ὁ δὲ βασιλεὺς ὡς θᾶττον ἦκε, ταύτην μὲν ἐξ ἐφόδου παρέλαβε, συναύξων δὲ τὴν πρόθεσιν, ἣν εἶχε πρὸς τὸ ἔθνος, παρέδωκε καὶ τὸν Λασιῶνα τοῖς Ἀχαιοῖς. ὁμοίως δὲ καὶ τὴν Στράτον ἐκλιπόντων τῶν Ἠλείων ἀποκατέστησε τοῖς Τελφουσίοις. [3] ταῦτα δὲ διαπραξάμενος ἦκε πεμπταῖος εἰς Ὀλυμπίαν. θύσας δὲ τῷ θεῷ καὶ τοὺς ἡγεμόνας ἐστιάσας, ἅμα δὲ καὶ τὴν λοιπὴν προσαναπαύσας δύναμιν ἐπὶ τρεῖς ἡμέρας, μετὰ ταῦτα πάλιν ἀνέζευξε. [4] καὶ προελθὼν εἰς τὴν Ἠλείαν τὰς μὲν προνομὰς ἐπαφῆκε κατὰ τῆς χώρας, αὐτὸς δὲ κατεστρατοπέδευσε περὶ τὸ καλούμενον Ἀρτεμίσιον. [5] προσδεξάμενος δ' ἐνταῦθα τὴν λείαν μετέβη πάλιν ἐπὶ τὸ Διοσκούριον. δηουμένης δὲ τῆς χώρας, πολὺ μὲν ἦν τὸ τῶν ἀλίσκομένων πλῆθος, ἔτι δὲ πλέον τὸ συμφεῦγον εἰς τὰς παρακειμένας κώμας καὶ τοὺς ἐρυμνοὺς τῶν τόπων. [6] συμβαίνει γὰρ τὴν τῶν Ἠλείων χώραν διαφερόντως οἰκεῖσθαι καὶ γέμειν σωματῶν καὶ κατασκευῆς παρὰ τὴν ἄλλην Πελοπόννησον. [7] ἔνιοι γὰρ αὐτῶν οὕτως στέργουσι τὸν ἐπὶ τῶν ἀγρῶν βίον ὥστε τινὰς ἐπὶ δύο καὶ τρεῖς γενεάς, ἔχοντας ἱκανὰς οὐσίας, μὴ παραβεληκέναι τὸ παράπαν

εἰς ἄλιαν. [8] τοῦτο δὲ γίνεται διὰ τὸ μεγάλην ποιεῖσθαι σπουδὴν καὶ πρόνοιαν τοὺς πολιτευομένους τῶν ἐπὶ τῆς χώρας κατοικούντων, ἵνα τό τε δίκαιον αὐτοῖς ἐπὶ τόπου διεξάγῃται καὶ τῶν πρὸς βιωτικὰς χρείας μηδὲν ἑλλείπῃ. [9] δοκοῦσι δέ μοι πάντα ταῦτα καὶ διὰ τὸ πλῆθος μὲν τῆς χώρας τὸ παλαιὸν ἐπινοῆσαι καὶ νομοθετῆσαι, τὸ δὲ πλεῖστον διὰ τὸν ὑπάρχοντά ποτε παρ' αὐτοῖς ἱερὸν βίον, [10] ὅτε λαβόντες παρὰ τῶν Ἑλλήνων συγχώρημα διὰ τὸν ἀγῶνα τῶν Ὀλυμπίων ἱερὰν καὶ ἀπόρθητον ὥκουν τὴν Ἥλειαν, ἅπειροι παντὸς ὄντες

[1] δεινοῦ καὶ πάσης πολεμικῆς περιστάσεως. μετὰ δὲ ταῦτα διὰ τὴν Ἀρκάδων ἀμφισβήτησιν περὶ Λασιῶνος καὶ τῆς Πισάτιδος πάσης ἀναγκασθέντες ἐπαμύνειν τῇ χώρᾳ καὶ μεταλαβεῖν τὰς ἀγωγὰς τῶν βίων, [2] οὐκέτι περὶ τοῦ πάλιν ἀνακτήσασθαι παρὰ τῶν Ἑλλήνων τὴν παλαιὰν καὶ πάτριον ἀσυλίαν οὐδὲ τὴν τυχοῦσαν ἐπιμέλειαν ἔσχον, ἀλλ' ἔμειναν ἐπὶ τῶν αὐτῶν, οὐκ ὀρθῶς κατὰ γε τὴν ἐμὴν γνώμην περὶ τοῦ μέλλοντος ποιούμενοι πρόνοιαν. [3] εἰ γάρ, ἥς πάντες εὐχόμεθα τοῖς θεοῖς τυχεῖν, καὶ πᾶν ὑπομένομεν ἰμείροντες αὐτῆς μετασχεῖν, καὶ μόνον τοῦτο τῶν νομιζομένων ἀγαθῶν ἀναμφισβήτητόν ἐστι παρ' ἀνθρώποις, λέγω δὴ τὴν εἰρήνην, ταύτην δυνάμενοί τινες μετὰ τοῦ δικαίου καὶ καθήκοντος παρὰ τῶν Ἑλλήνων εἰς πάντα τὸν χρόνον ἀδήριτον κτᾶσθαι παρολιγωροῦσιν ἢ προυργιαίτερόν τι ποιοῦνται τούτου, πῶς οὐκ ἂν ὁμολογουμένως ἀγνοεῖν δόξαιεν; νῆ Δί', [4] ἀλλ' ἴσως εὐεπίθετοι τοῖς πολεμεῖν καὶ παρασπονδεῖν προθεμένοις ἐκ τῆς τοιαύτης ἀγωγῆς γίνονται τῶν βίων. [5] ἀλλ' ἐκεῖνο μὲν σπάνιον, κἂν ποτε γένηται, δυνάμενον κοινῆς ὑπὸ τῶν Ἑλλήνων τυγχάνειν ἐπικουρίας; [6] πρὸς δὲ τὰς κατὰ μέρος ἀδικίας ὑπογενομένης τοῖς βίοις χορηγίας, ὅπερ εἰκὸς ὑπάρξειν πάντα χρόνον ἐν εἰρήνῃ διάγουσι, δηλὸν ὥς οὐκ ἂν ἠπόρησαν ξένων καὶ μισθοφόρων τῶν κατὰ τόπους ἢ καιροὺς παρεφεδρευνόντων. [7] νῦν δὲ τὸ σπάνιον καὶ παράδοξον δεδιότες, ἐν συνεχέσι πολέμοις καὶ καταφθοραῖς τὴν τε χώραν ἔχουσι καὶ τοὺς βίους. [8]

[1] ταῦτα μὲν οὖν ἡμῖν τῆς Ἥλειων ὑπομνήσεως εἰρήσθω χάριν, ἐπειδὴ τὰ τῶν καιρῶν οὐδέποτε πρότερον εὐφρεστέραν διάθεσιν ἔσχηκε τῆς νῦν πρὸς τὸ παρὰ πάντων ὁμολογουμένην κτήσασθαι τὴν ἀσυλίαν: τὴν δὲ χώραν, καθάπερ ἐπάνω προεῖπον, ἔτι τῆς παλαιᾶς συνηθείας οἷον αἰθυγμάτων ἔμμε νόντων, οἰκοῦσι διαφερόντως

Ἡλεῖοι. διὸ καὶ κατὰ τὴν Φιλίππου παρουσίαν ἄπλετον μὲν ἦν τὸ τῶν ἀλίσκομένων πλῆθος, ἔτι δὲ πλεῖον τὸ τῶν συμπεφευγόντων. [2] πλείστη δ' ἀποσκευὴ καὶ πλεῖστος ὄχλος ἡθροίσθη σωμάτων καὶ θρεμμάτων εἰς τὸ χωρίον, ὃ καλοῦσι Θαλάμας, διὰ τὸ τὴν τε χώραν τὴν πέριξ αὐτοῦ στενὴν εἶναι καὶ δυσέμβολον τό τε χωρίον ἀπραγμάτευτον καὶ δυσπρόσοδον. [3] ἀκούων δ' ὁ βασιλεὺς τὸ πλῆθος τῶν συμπεφευγόντων εἰς τὸν προειρημένον τόπον, καὶ κρίνας μὴδὲν ἀβασάνιστον μὴδ' ἀπέραντον ἀπολιπεῖν, τοῖς μὲν μισθοφόροις προκατελάβετο τοὺς ἐπὶ τῆς εἰσβολῆς εὐφυῶς κειμένους τόπους, [4] αὐτὸς δὲ τὴν ἀποσκευὴν καταλιπὼν ἐν τῷ χάρακι καὶ τὸ πλεῖον μέρος τῆς δυνάμεως, ἀναλαβὼν τοὺς πελταστὰς καὶ τοὺς εὐζώνους προῆγε διὰ τῶν στενῶν· οὐδενὸς δὲ κωλύοντος ἦκε πρὸς τὸ χωρίον. [5] καταπλαγόντων δὲ τῶν συμπεφευγόντων τὴν ἔφοδον, ἅτε δὴ πρὸς πᾶσαν πολεμικὴν χρεῖαν ἀπείρως καὶ ἀπαρασκευῶς διακειμένων, ἅμα δὲ καὶ συνδεδραμηκότος ὄχλου συρφετώδους, ταχέως παρέδωκαν αὐτούς· [6] ἐν οἷς ἦσαν καὶ μισθοφόροι διακόσιοι μιγάδες, οὓς ἦκεν ἔχων Ἀμφίδαμος ὁ στρατηγὸς τῶν Ἡλείων. [7] ὁ δὲ Φίλιππος, κυριεύσας ἀποσκευῆς τε πολλῆς καὶ σωμάτων πλείονων ἢ πεντακισχιλίων, πρὸς δὲ τούτοις τῆς τετράποδος λείας ἀναρίθμητον ἐξελασάμενος πλῆθος, τότε μὲν ἐπανῆλθε πρὸς χάρακα, [8] μετὰ δὲ ταῦτα τῆς δυνάμεως ὑπεργεμούσης αὐτῷ παντοδαπῆς ὠφελείας, βαρὺς ὢν καὶ δύσχρηστος, ἀνεχώρει διὰ ταῦτα, καὶ κατέξευξε πάλιν εἰς τὴν Ὀλυμπίαν.

[1] Ἀπελλῆς δ', ὃς ἦν μὲν εἷς τῶν ὑπ' Ἀντιγόνου καταλειφθέντων ἐπιτρόπων τοῦ παιδός, πλεῖστον δ' ἐτύγγανε τότε δυνάμενος παρὰ τῷ βασιλεῖ, βουλευθεὶς τὸ τῶν Ἀχαιῶν ἔθνος ἀγαγεῖν εἰς παραπλησίαν διάθεσιν τῇ Θετταλῶν, ἐπεβάλετο πρᾶγμα ποιεῖν μοχθηρόν. [2] Θετταλοὶ γὰρ ἐδόκουν μὲν κατὰ νόμους πολιτεύειν καὶ πολὺ διαφέρειν Μακεδόνων, διέφερον δ' οὐδέν, ἀλλὰ πᾶν ὁμοίως ἔπασχον Μακεδόσι καὶ πᾶν ἐποίουν τὸ προσταττόμενον τοῖς βασιλικοῖς. [3] διὸ καὶ πρὸς ταύτην ἀρμοζόμενος τὴν ὑπόθεσιν ὁ προειρημένος ἐπεβάλετο καταπειράζειν τῶν συστρατευομένων. [4] τὸ μὲν οὖν πρῶτον ἐπέτρεψε τοῖς Μακεδόσιν ἐκβαλεῖν ἐκ τῶν σταθμῶν αἰὶ τοὺς προκατέχοντας τῶν Ἀχαιῶν καταλύσεις, ὁμοίως δὲ καὶ τὴν λείαν ἀφαιρεῖσθαι· [5] μετὰ δὲ ταῦτα τὰς χεῖρας προσέφερε διὰ τῶν ὑπηρετῶν ἐπὶ ταῖς τυχούσαις αἰτίαις, τοὺς δὲ συναγανακτοῦντας ἢ προσβοηθοῦντας τοῖς μαστιγουμένοις παρὼν αὐτὸς εἰς τὴν ἄλυσιν

ἀπῆγε, [6] πεπεισμένος διὰ τοῦ τοιούτου τρόπου τὸ κατὰ βραχὺ λήσειν εἰς συνήθειαν ἀγαγὼν τοῦ μηδένα μηδὲν ἡγεῖσθαι δεινόν, ὃ ποτ' ἂν πάσχη τις ὑπὸ τοῦ βασιλέως, [7] καὶ ταῦτα μικροῖς χρόνοις πρότερον μετ' Ἀντιγόνου συνεστρατευμένος, καὶ τεθαμμένος τοὺς Ἀχαιοὺς ὅτι παντὸς δεινοῦ λαβεῖν πείραν ὑπέμειναν, ἐφ' ᾧ μὴ ποιεῖν Κλεομένει τὸ προσταττόμενον. [8] οὐ μὴν ἀλλὰ συστραφέντων τινῶν Ἀχαϊκῶν νεανίσκων, καὶ προσελθόντων τοῖς περὶ τὸν Ἄρατον καὶ διασαφούντων τὴν Ἀπελλοῦ βούλησιν, ἦκον ἐπὶ τὸν Φίλιππον οἱ περὶ τὸν Ἄρατον, κρίναντες ἐν ἀρχαῖς περὶ τῶν τοιούτων διίστασθαι καὶ μὴ καταμέλλειν. ἐντυχόντων δ' αὐτῶν τῷ βασιλεῖ περὶ τούτων, [9] διακούσας ὁ Φίλιππος τὰ γεγονότα, τοὺς μὲν νεανίσκους παρεκάλει θαρρεῖν, ὥς οὐδενὸς αὐτοῖς ἔτι συμβησομένου τοιούτου, τῷ δ' Ἀπελλῇ παρήγγειλε μηδὲν ἐπιτάττειν τοῖς Ἀχαιοῖς χωρὶς τῆς τοῦ στρατηγοῦ γνώμης.

[1] Φίλιππος μὲν οὖν κατὰ τὴν ὁμιλίαν τὴν πρὸς τοὺς ἐν τοῖς ὑπαίθροις συνδιατρίβοντας καὶ κατὰ τὴν ἐν τοῖς πολεμικοῖς πρᾶξιν καὶ τόλμαν οὐ μόνον παρὰ τοῖς στρατευομένοις, ἀλλὰ καὶ παρὰ τοῖς λοιποῖς πᾶσι Πελοποννησίοις εὐδοκίμει. [2] βασιλέα γὰρ πλείοσιν ἀφορμαῖς ἐκ φύσεως κεχορηγημένον πρὸς πραγμάτων κατάκτησιν οὐκ εὐμαρὲς εὐρεῖν: [3] καὶ γὰρ ἀγχίνια καὶ μνήμη καὶ χάρις ἐπὴν αὐτῷ διαφέρουσα, πρὸς δὲ τούτοις ἐπίφασις βασιλικὴ καὶ δύναμις, τὸ δὲ μέγιστον, πρᾶξις καὶ τόλμα πολεμική. [4] καὶ τί δὴ ποτ' ἦν τὸ ταῦτα πάντα καταγωνισάμενον καὶ ποιῆσαν ἐκ βασιλέως εὐφυοῦς τύραννον ἄγριον οὐκ εὐχερὲς διὰ βραχέων δηλῶσαι. διὸ καὶ περὶ μὲν τούτων σκέπτεσθαι καὶ διαπορεῖν ἄλλος ἀρμόσει καιρὸς μᾶλλον τοῦ νῦν ἐνεστώτος: [5] ὁ δὲ Φίλιππος ἐκ τῆς Ὀλυμπίας ἀναζεύξας τὴν ἐπὶ Φαραίαν παρῆν εἰς Τέλφουσαν κάκειθεν εἰς Ἡραίαν. καὶ τὴν μὲν λείαν ἐλαφυροπῶλει, τὴν δὲ γέφυραν ἐπεσκεύαζε τὴν κατὰ τὸν Ἀλφειόν, βουλόμενος ταύτη ποιήσασθαι τὴν εἰς τὴν Τριφυλίαν εἰσβολήν. [6] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Δωρίμαχος ὁ τῶν Αἰτωλῶν στρατηγός, δεομένων τῶν Ἠλείων σφίσι βοηθεῖν πορθουμένοις, ἐξακοσίους Αἰτωλοὺς καὶ στρατηγὸν Φιλλίδαν αὐτοῖς ἐξέπεμψεν. [7] ὃς παραγενόμενος εἰς τὴν Ἠλείαν, καὶ παραλαβὼν τοὺς μισθοφόρους τῶν Ἠλείων, ὄντας εἰς πεντακοσίους, καὶ πολιτικούς χιλίους, ἅμα δὲ τούτοις τοὺς Ταραντίνους, ἦκε βοηθῶν εἰς τὴν Τριφυλίαν, [8] ἢ τῆς μὲν προσηγορίας τέτευχε ταύτης ἀπὸ Τριφύλου τῶν Ἀρκάδος παίδων ἑνός, κεῖται δὲ τῆς Πελοποννήσου

παρὰ θάλατταν μεταξὺ τῆς Ἡλείων καὶ Μεσσηνίων χώρας, τέτραπται δ' εἰς τὸ Λιβυκὸν πέλαγος, ἐσχατεύουσα τῆς Ἀρκαδίας ὡς πρὸς χειμερινὰς δύσεις, [9] ἔχει δ' ἐν αὐτῇ πόλεις ταύτας, Σαμικόν, Λέπρεον, Ὑπαναν, Τυπανέας, Πύργον, Αἴπιον, Βώλακα, Στυλάγγιον, Φρίζαν. [10] ὧν ὀλίγοις χρόνοις πρότερον ἐπικρατήσαντες Ἡλεῖοι προσελάβοντο καὶ τὴν τῶν Ἀλφειρέων πόλιν, οὗσαν ἐξ ἀρχῆς ὑπ' Ἀρκαδίαν [καὶ Μεγαλόπολιν], Λυδιάδου τοῦ Μεγαλοπολίτου κατὰ τὴν τυραννίδα πρὸς τινὰς ἰδίας πράξεις ἀλλαγὴν δόντος τοῖς Ἡλείοις.

[1] πλὴν ὃ γε Φιλίτιδας τοὺς μὲν Ἡλείους εἰς Λέπρεον, τοὺς δὲ μισθοφόρους εἰς Ἀλφειραν ἀποστείλας, αὐτὸς δὲ τοὺς Αἰτωλοὺς ἔχων ἐν Τυπαναίᾳ ἐκαραδόκει τὸ συμβησόμενον. [2] ὁ δὲ βασιλεὺς ἀποθέμενος τὴν ἀποσκευὴν καὶ διαβάς τῇ γεφύρᾳ τὸν Ἀλφειὸν ποταμόν, ὃς ῥεῖ παρ' αὐτὴν τὴν τῶν Ἡραιέων πόλιν, [3] ἦκε πρὸς τὴν Ἀλφειραν, ἣ κεῖται μὲν ἐπὶ λόφου κρημνώδους πανταχόθεν, ἔχοντος πλεῖον ἢ δέκα σταδίων πρόσβασιν, ἔχει δ' ἄκραν ἐν αὐτῇ τῇ κορυφῇ τοῦ σύμπαντος λόφου καὶ χαλκοῦν Ἀθηνᾶς ἀνδριάντα, κάλλει καὶ μεγέθει διαφέροντα. [4] οὗ τὴν μὲν αἰτίαν, ἀπὸ ποίας προθέσεως ἡ χορηγία ἔλαβε τὴν ἀρχὴν τῆς κατασκευῆς, ἀμφισβητεῖσθαι συμβαίνει καὶ παρὰ τοῖς ἐγγχωρίοις — οὔτε γὰρ πόθεν οὔτε τίς ἀνέθηκεν εὐρίσκεται τρανῶς — [5] τὸ μὲντοι γε τῆς τέχνης ἀποτέλεσμα συμφωνεῖται παρὰ πᾶσι, διότι τῶν μεγαλομερεστάτων καὶ τεχνικωτάτων ἔργων ἐστίν, Ὑπατοδώρου καὶ Σωστράτου κατεσκευακότων. [6] οὐ μὴν ἄλλ' ἐπιγενομένης ἡμέρας αἰθρίου καὶ λαμπρᾶς, διατάξας ὑπὸ τὴν ἑωθινὴν ὁ βασιλεὺς κατὰ πλείους τόπους τοὺς τε τὰς κλίμακας φέροντας καὶ τὰς τῶν μισθοφόρων ἐφεδρείας πρὸ τούτων, [7] ἐπὶ δὲ τοῖς προειρημένοις τοὺς Μακεδόνας διηρημένους κατόπιν ἐκάστοις ἐπιστήσας, ἅμα τῷ τὸν ἥλιον ἐπιβάλλειν πᾶσι προσέταξε προσβαίνειν πρὸς τὸν λόφον. [8] ποιοούντων δὲ τὸ παραγγελθὲν ἐκθύμως καὶ καταπληκτικῶς τῶν Μακεδόνων, συνέβαινε τοὺς Ἀλφειρεῖς πρὸς τούτους ὀρμαῖν αἰεὶ καὶ συντρέχειν τοὺς τόπους, οἷς μάλιστα τοὺς Μακεδόνας ἐώρων προσπελάζοντας. [9] κατὰ δὲ τὸν καιρὸν τοῦτον αὐτὸς ὁ βασιλεὺς ἔχων τοὺς ἐπιτηδειοτάτους διὰ τινων κρημνῶν ἔλαθε πρὸς τὸ τῆς ἄκρας προάστειον ἀναβάς. [10] ἀποδοθέντος δὲ τοῦ συνθήματος, πάντες ἅμα προσερείσαντες τὰς κλίμακας κατεπεύραζον τῆς πόλεως. [11] πρῶτος μὲν οὖν ὁ βασιλεὺς κατέσχε τὸ προάστιον τῆς ἄκρας,

ἔρημον καταλαβών: τούτου δ' ἐμπιπραμένοι, προϊδόμενοι τὸ μέλλον οἱ τοῖς τείχεσιν ἐπαμύνοντες, καὶ περιδεεῖς γενόμενοι μὴ τῆς ἄκρας προκαταληφθείσης στερηθῶσι καὶ τῆς τελευταίας ἐλπίδος, ὥρμησαν ἀπολιπόντες τὰ τείχη φεύγειν πρὸς τὴν ἀκρόπολιν. οἱ δὲ Μακεδόνες, [12] γενομένου τούτου, παραχρῆμα καὶ τῶν τειχῶν καὶ τῆς πόλεως ἐκυρίευσαν. [13] μετὰ δὲ ταῦτα διαπρεσβευσαμένων τῶν ἐκ τῆς ἄκρας πρὸς τὸν Φίλιππον, δοὺς τὴν ἀσφάλειαν παρέλαβε καὶ ταύτην καθ' ὁμολογίαν.

[1] συντελεσθέντων δὲ τούτων, καταπλαγεῖς γεγονότες πάντες οἱ κατὰ τὴν Τριφυλίαν ἐβουλεύοντο περὶ σφῶν αὐτῶν καὶ τῶν ἰδίων πατρίδων. [2] ὁ δὲ Φιλλίδας ἐκλιπὼν τὰς Τυπανέας, προσδιարπάσας τινὰς τῶν οἰκιῶν, ἀπεχώρησεν εἰς τὸ Λέπρεον: [3] ταῦτα γὰρ ἐπίχειρα τότε τοῖς Αἰτωλῶν ἐγίνετο συμμαχοῖς, τὸ μὴ μόνον ἐν τοῖς ἀναγκαιοτάτοις καιροῖς ἐγκαταλείπεσθαι προφανῶς, ἀλλὰ καὶ διαρπαγέντας ἢ προδοθέντας τούτοις περιπίπτειν ὑπὸ τῶν συμμαχῶν, ἃ τοῖς κρατηθεῖσιν ὑπὸ τῶν πολεμίων ὀφείλεται πάσχειν. [4] οἱ δὲ Τυпанεᾶται παρέδοσαν τῷ Φιλίππῳ τὴν πόλιν. τούτοις δὲ τὸ παραπλήσιον ἐποίησαν οἱ τὴν Ὑπαναν κατοικοῦντες. [5] ἅμα δὲ τούτοις Φιαλεῖς, ἀκούοντες τὰ περὶ τὴν Τριφυλίαν καὶ δυσαρεστούμενοι τῇ τῶν Αἰτωλῶν συμμαχίᾳ, κατέλαβον μετὰ τῶν ὄπλων τὸν περὶ τὸ πολεμάρχιον τόπον. [6] οἱ δὲ τῶν Αἰτωλῶν πειραταί, διατρίβοντες ἐν ταύτῃ τῇ πόλει διὰ τὰς ἐκ τῆς Μεσσηνίας ὠφελείας, τὸ μὲν πρῶτον οἰοί τ' ἦσαν ἐγχειρεῖν καὶ κατατολμᾶν τῶν Φιαλέων, [7] ὀρῶντες δὲ τοὺς πολίτας ὁμοθυμαδὸν ἀθροιζομένους πρὸς τὴν βοήθειαν, ἀέστησαν τῆς ἐπιβολῆς, σπείσάμενοι δὲ καὶ λαβόντες τὰς αὐτῶν ἀποσκευὰς ἀπῆλθον ἐκ τῆς πόλεως. [8] οἱ δὲ Φιαλεῖς διαπρεσβευσάμενοι πρὸς τὸν Φίλιππον ἐνεχείρισαν σφᾶς αὐτοὺς καὶ τὴν πόλιν.

[1] ἔτι δὴ τούτων πραττομένων οἱ Λεπρεᾶται καταλαβόμενοι τόπον τινὰ τῆς πόλεως ἠξίουσαν ἐκχωρεῖν τῆς ἄκρας καὶ τῆς πόλεως τοὺς Ἡλείους καὶ τοὺς Αἰτωλοὺς, ὁμοίως δὲ καὶ τοὺς παρὰ Λακεδαιμονίων: ἦκε γὰρ καὶ παρ' ἐκείνων αὐτοῖς βοήθεια. [2] τὸ μὲν οὖν πρῶτον οἱ περὶ τὸν Φιλλίδαν οὐ προσεῖχον, ἀλλ' ἔμενον, ὥς καταπληξόμενοι τοὺς ἐν τῇ πόλει: [3] τοῦ δὲ βασιλέως εἰς μὲν τὴν Φιγάλειαν Ταυρίωνα μετὰ στρατιωτῶν ἐξαποστείλαντος, αὐτοῦ δὲ προάγοντος εἰς τὸ Λέπρεον καὶ συνεγγίζοντος ἤδη τῇ πόλει, συνέντες οἱ περὶ τὸν Φιλλίδαν ἐταπεινώθησαν, οἱ δὲ Λεπρεᾶται

προσεπερρώσθησαν ταῖς ὀρμαῖς. [4] καλὸν γὰρ δὴ τοῦτο Λεπρεάταις ἔργον πέπρακται, τὸ χιλίων μὲν ἔνδον ὄντων Ἑλλείων, χιλίων δὲ σὺν τοῖς πειραταῖς Αἰτωλῶν, πεντακοσίων δὲ μισθοφόρων, διακοσίων δὲ Λακεδαιμονίων, πρὸς δὲ τούτοις τῆς ἄκρας κατεχομένης, ὅμως ἀντιποιήσασθαι τῆς ἑαυτῶν πατρίδος καὶ μὴ προέσθαι τὰς σφετέρας ἐλπίδας. [5] ὁ δὲ Φιλίδας, ὄρων τοὺς Λεπρεάτας ἀνδρωδῶς ὑφισταμένους καὶ τοὺς Μακεδόνας ἐγγίζοντας, ἐξεχώρησε τῆς πόλεως ἅμα τοῖς Ἑλλείοις καὶ τοῖς παρὰ τῶν Λακεδαιμονίων. [6] οἱ μὲν οὖν παρὰ τῶν Σπαρτιατῶν Κρήτες διὰ τῆς Μεσσηνίας εἰς τὴν οἰκίαν ἐπανήλθον, οἱ δὲ περὶ τὸν Φιλίδαν ἐποιοῦντο τὴν ἀπόλυσιν ὥς ἐπὶ τὸ Σαμικόν. τὸ δὲ τῶν Λεπρεατῶν πλῆθος, [7] ἐγκρατὲς γεγονὸς τῆς πατρίδος, ἐξαπέστελλε πρεσβευτάς, ἐγχειρίζον τῷ Φιλίππῳ τὴν πόλιν. [8] ὁ δὲ βασιλεὺς ἀκούσας τὰ γεγονότα, τὴν μὲν λοιπὴν δύναμιν εἰς τὸ Λέπρεον ἀπέστειλε, τοὺς δὲ πελταστὰς καὶ τοὺς εὐζῶνους ἀναλαβὼν ἡγεῖτο, συνάψαι σπεύδων τοῖς περὶ τὸν Φιλίδαν. [9] καταλαβὼν δὲ τῆς μὲν ἀποσκευῆς ἐγκρατὴς ἐγένετο πάσης, οἱ δὲ περὶ τὸν Φιλίδαν κατετάχθησαν εἰς τὸ Σαμικόν παραπεσόντες. [10] προσστρατοπεδεύσας δὲ τῷ χωρίῳ, καὶ τὴν λοιπὴν ἐπισπασάμενος ἐκ τοῦ Λεπρέου δύναμιν, ἔμφασιν ἐποίει τοῖς ἔνδον ὥς πολιορκήσων τὸ χωρίον. [11] οἱ δ' Αἰτωλοὶ μετὰ τῶν Ἑλλείων οὐδὲν ἔχοντες ἔτοιμον πρὸς πολιορκίαν πλὴν χερῶν, καταπλαγέντες τὴν περίστασιν ἐλάλουν περὶ ἀσφαλείας πρὸς τὸν Φίλιππον. [12] λαβόντες δὲ συγχώρημα μετὰ τῶν ὅπλων ποιήσασθαι τὴν ἀπόλυσιν, οὗτοι μὲν ὥρμησαν εἰς τὴν Ἑλλείαν: ὁ δὲ βασιλεὺς τοῦ μὲν Σαμικοῦ παραντίκα κύριος ἐγένετο, [13] μετὰ δὲ ταῦτα, παραγενομένων πρὸς αὐτὸν καὶ τῶν ἄλλων μεθ' ἱκετηρίας, παρέλαβε Φρίξαν, Στυλάγγιον, Αἴπιον, Βώλακα, Πύργον, Ἐπιτάλιον. [14] ταῦτα δὲ διαπραξάμενος ἐπανήλθε πάλιν εἰς τὸ Λέπρεον, πᾶσαν ὑφ' ἑαυτὸν πεποιημένος τὴν Τριφυλίαν ἐν ἡμέραις ἑξ. [15] παρακαλέσας δὲ τοὺς Λεπρεάτας τὰ πρέποντα τῷ καιρῷ, καὶ φυλακὴν εἰσαγαγὼν εἰς τὴν ἄκραν, ἀνέξευξε μετὰ τῆς δυνάμεως ἐφ' Ἑλλείας, ἀπολιπὼν ἐπιμελητὴν τῆς Τριφυλίας Λάδικον τὸν Ἀκαρναῖνα. [16] παραγενόμενος δ' εἰς τὴν προειρημένην πόλιν τὴν μὲν λείαν διένειμε πᾶσαν, τὴν δ' ἀποσκευὴν ἀναλαβὼν ἐκ τῆς Ἑλλείας ἦλθε μέσου χειμῶνος εἰς Μεγάλην πόλιν.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Φίλιππος ἔπραττε τὰ κατὰ τὴν Τριφυλίαν, καὶ Χεῖλων ὁ Λακεδαιμόνιος, ὑπολαμβάνων αὐτῷ καθήκειν κατὰ γένος τὴν βασιλείαν, καὶ βαρέως φέρων τὴν

γεγεννημένην ὑπεροψίαν περὶ αὐτὸν ἐκ τῶν ἐφόρων ἐν τῇ κατὰ τὸν Λυκοῦργον κρίσει περὶ τῆς βασιλείας, κινεῖν ἐπεβάλετο τὰ καθεστῶτα. [2] νομίσας δ', εἰ τὴν ὁδὸν τὴν αὐτὴν ἔλθοι Κλεομένει καὶ τοῖς πολλοῖς ὑποδείξαι τὴν ἐλπίδα τῆς κληρουχίας καὶ τῶν ἀναδασμῶν, ταχέως ἐπακολουθήσειν αὐτῷ τὸ πλῆθος, ὥρμησε πρὸς τὴν πρᾶξιν. [3] συμφρονήσας δὲ περὶ τούτων πρὸς τοὺς φίλους, καὶ λαβὼν κοινωνοὺς τῆς τόλμης εἰς διακοσίους τὸ πλῆθος, ἐγένετο πρὸς τῷ συντελεῖν τὴν ἐπίνοιαν. [4] θεωρῶν δὲ μέγιστον ἐμπόδιον ὑπάρχον αὐτῷ πρὸς τὴν ἐπιβολὴν τὸν Λυκοῦργον καὶ τοὺς ἐφόρους τοὺς περιθέντας ἐκείνῳ τὴν βασιλείαν, ὥρμησε πρῶτον ἐπὶ τούτους. [5] τοὺς μὲν οὖν ἐφόρους δειπνοῦντας καταλαβὼν, πάντας αὐτοῦ κατέσφαξε, τῆς τύχης τὴν ἀρμόζουσαν αὐτοῖς ἐπιθείσης δίκην· καὶ γὰρ ὅφ' οὗ καὶ περὶ οὗ ταῦτ' ἔπαθον, δικαίως αὐτοὺς ἂν τις φήσκει πεπονθέναι. [6] ὁ δὲ Χεῖλων, τὰ κατὰ τούτους συντελεσάμενος, παρῆν ἐπὶ τὴν οἰκίαν τοῦ Λυκούργου καὶ κατέλαβε μὲν ἔνδον, οὐ μὴν ἐδυνήθη γ' ἐγκρατὴς αὐτοῦ γενέσθαι. [7] διὰ γάρ τινων κατοικούντων ἐκ γειτόνων ἐκκλαπείς καὶ διαδράς ἔλαθεν αὐτόν. οὗτος μὲν οὖν ἀνεχώρησε ταῖς ἀνοδίαις εἰς τὴν ἐν τῇ Τριπόλει προσαγορευομένην Πελλήνην. [8] ὁ δὲ Χεῖλων ἀπεσφαλμένος τοῦ κυριωτάτου πρὸς τὴν ἐπιβολὴν ἀθύμως διέκειτο, πράττειν δ' ὅμως ἠναγκάζετο τὸ συνεχές. [9] διόπερ εἰς τὴν ἀγορὰν εἰσβαλὼν τοῖς μὲν ἐχθροῖς προσέφερε τὰς χεῖρας, τοὺς δ' οἰκείους καὶ φίλους παρεκάλει, τοῖς δὲ λοιποῖς ὑπεδείκνυε τὰς ἄρτι ῥηθείσας ἐλπίδας. [10] οὐδενὸς δὲ προσέχοντος αὐτῷ, τάναντία δὲ συστρεφομένων ἐπ' αὐτὸν τῶν ἀνθρώπων, συννοήσας τὸ γινόμενον, ἀπεχώρει λαθραίως, καὶ διελθὼν τὴν χώραν ἦκε μόνος εἰς τὴν Ἀχαΐαν ἐκπεπτωκώς. οἱ δὲ Λακεδαιμόνιοι, [11] δείσαντες τὴν τοῦ Φιλίππου παρουσίαν, τὰπὸ τῆς χώρας ἀπεσκευάζοντο καὶ τὸ τῶν Μεγαλοπολιτῶν Ἀθηναίων κατασκάψαντες ἐξέλιπον.

[1] Λακεδαιμόνιοι μὲν οὖν, [12] ἀπὸ τῆς Λυκούργου νομοθεσίας καλλίστη χρησάμενοι πολιτεία καὶ μεγίστην ἔχοντες δύναμιν ἕως τῆς ἐν Λεύκτροις μάχης, αὐτὶς ἐπὶ τάναντία τραπέισης αὐτοῖς τῆς τύχης, καὶ τοῦμπαλιν ἐπὶ τὸ χεῖρον ἀεὶ καὶ μᾶλλον τῆς πολιτείας αὐτῶν προβαινούσης, [13] τέλος πλείστων μὲν πόνων καὶ στάσεων ἐμφυλίων πεῖραν εἶχον, πλείστοις δ' ἐπάλαισαν ἀναδασμοῖς καὶ φυγαῖς, πικροτάτης δὲ δουλείας πεῖραν ἔλαβον ἕως τῆς Νάβιδος τυραννίδος, οἱ τὸ πρὶν οὐδὲ τοῦνομα δυνηθέντες ἀνασχέσθαι ῥαδίως αὐτῆς. [14] τὰ

μὲν οὖν πάλαι καὶ τὰ πλείω περὶ Λακεδαιμονίων εἰς ἑκάτερον μέρος ὑπὸ πολλῶν εἴρηται τάδε. ἐναργέστατα δ' ἐστὶν ἀφ' οὗ Κλεομένης ὀλοσχερῶς κατέλυσε τὸ πάτριον πολίτευμα. νῦν δ' ὑφ' ἡμῶν ῥηθήσεται κατὰ τοὺς ἀρμόζοντας αἰεὶ καιροὺς. ὁ δὲ Φίλιππος ἀναζεύξας ἐκ τῆς Μεγάλης πόλεως καὶ πορευθεὶς διὰ τῆς Τεγέας παρῆν εἰς Ἄργος, κάκει τὸ λοιπὸν μέρος τοῦ χειμῶνος διέτριβε, κατὰ τε τὴν λοιπὴν ἀναστροφὴν καὶ κατὰ τὰς πράξεις τεθνασμασμένος ὑπὲρ τὴν ἡλικίαν ἐν ταῖς προειρημέναις στρατείαις. [2] ὁ δ' Ἀπελλῆς οὐδ' ὥς ἔλγηε τῆς ἐπιβολῆς, ἀλλ' οἷός τ' ἦν ἄγειν ὑπὸ τὸν ζυγὸν τῷ κατὰ βραχὺ τοὺς Ἀχαιοὺς. [3] ὁρῶν δὲ τῇ τοιαύτῃ προθέσει τοὺς περὶ τὸν Ἄρατον ἐμποδῶν ἱσταμένους, καὶ τὸν Φίλιππον αὐτοῖς προσέχοντα, καὶ μᾶλλον τῷ πρεσβυτέρῳ διὰ τε τὴν πρὸς Ἀντίγονον σύστασιν καὶ διὰ τὸ πλεῖστον ἐν τοῖς Ἀχαιοῖς ἰσχύειν, καὶ μάλιστα διὰ τὴν ἐπιδεξιότητα καὶ νουνέχειαν τάνδρός, περὶ τούτους ἐπεβάλετο γίνεσθαι καὶ κατοπραγμανεῖν τοιῷδέ τινα τρόπον. [4] ἐξετάζων τοὺς ἀντιπολιτευομένους τοῖς περὶ τὸν Ἄρατον, τίνες εἰσὶν, ἑκάστους ἐκ τῶν πόλεων ἐπεσπάσατο, καὶ λαμβάνων εἰς τὰς χεῖρας ἐψυχαγῶγει καὶ παρεκάλει πρὸς τὴν ἑαυτοῦ φιλίαν. [5] συνίστανε δὲ καὶ τῷ Φιλίππῳ, προσεπιδεικνύων αὐτῷ παρ' ἑκάστων ὥς ἂν μὲν Ἀράτῳ προσέχη, χρήσεται τοῖς Ἀχαιοῖς κατὰ τὴν ἐγγραφτον συμμαχίαν, ἂν δ' αὐτῷ πείθεται καὶ τοιούτους προσλαμβάνη φίλους, χρήσεται πᾶσι Πελοποννησίοις κατὰ τὴν αὐτοῦ βούλησιν. [6] περὶ τε τῶν ἀρχαιρεσίων εὐθὺς ἐσπούδαζε, βουλόμενος τούτων τινὶ περιποιῆσαι τὴν στρατηγίαν, τοὺς δὲ περὶ τὸν Ἄρατον ἐκβαλεῖν ἐκ τῆς ὑποθέσεως. [7] δι' ἃ δὴ καὶ πείθει Φίλιππον παραγενέσθαι πρὸς τὰς τῶν Ἀχαιῶν ἀρχαιρεσίας εἰς Αἴγιον, ὥς εἰς τὴν Ἥλειαν ἅμα ποιούμενον τὴν πορείαν. [8] πεισθέντος δ' αὐτῷ τοῦ βασιλέως, παρὼν αὐτὸς ἐπὶ τοῦ καιροῦ, καὶ τοὺς μὲν παρακαλῶν, οἷς δ' ἀνατεινόμενος, μόλις μὲν ἦνυσε, κατεκράτησε δ' οὖν ὁμῶς τοῦ γενέσθαι στρατηγὸν Ἐπήρατον Φαραϊέα, τὸν δὲ Τιμόξενον ἐκπεσεῖν, τὸν ὑπὸ τῶν περὶ τὸν Ἄρατον εἰσαγόμενον.

[1] μετὰ δὲ ταῦτα ἀναζεύξας ὁ βασιλεὺς, καὶ ποιησάμενος τὴν πορείαν διὰ Πατρῶν καὶ Δύμης, ἦκε πρὸς τὸ φρούριον, ὃ καλεῖται μὲν Τεῖχος, πρόκειται δὲ τῆς Δυμαίων χώρας· κατέσχον δ' αὐτὸ μικροῖς ἔμπροσθεν χρόνοις, καθάπερ ἀνώτερον εἶπον, οἱ περὶ τὸν Εὐριπίδαν. [2] σπεύδων δὴ τοῦτο κατὰ πάντα τρόπον ἀνακομίσασθαι τοῖς Δυμαίοις, προσεστρατοπέδευσε μετὰ πάσης δυνάμεως. [3]

καταπλαγέντες δ' οἱ φυλάττοντες τῶν Ἡλείων παρέδοσαν τὸ φρούριον τῷ Φιλίππῳ, χωρίον οὐ μέγα μὲν, ἡσφαλισμένον δὲ διαφερόντως: [4] τὴν μὲν γὰρ περίμετρον εἶχεν οὐ πλείω τριῶν ἡμισταδίων, τὸ δ' ὕψος τοῦ τείχους οὐδαμῇ τριάκοντα πήχεων ἔλαττον. [5] παραδοὺς δὲ τοῦτο τοῖς Δυμαίοις ἐπῆει πορθῶν τὴν τῶν Ἡλείων χώραν: φθείρας δὲ ταύτην, καὶ πολλὴν περιβαλόμενος λείαν, ἐπανῆλθε μετὰ τῆς δυνάμεως εἰς τὴν Δύμην.

[1] ὁ δ' Ἀπελλῆς, δοκῶν ἡνυκέναι τι τῆς προθέσεως τῷ δι' αὐτοῦ καθεστάσθαι τὸν τῶν Ἀχαιῶν στρατηγόν, αὐθις ἐνεχείρει τοῖς περὶ τὸν Ἄρατον, βουλόμενος εἰς τέλος ἀποσπάσαι τὸν Φίλιππον ἀπὸ τῆς πρὸς αὐτοὺς φιλίας. ἐπεβάλετο δὲ τὴν διαβολὴν πλάττειν διὰ τοιαύτης τινὸς ἐπινοίας. [2] Ἀμφίδαμος ὁ τῶν Ἡλείων στρατηγός, ἐν ταῖς Θαλάμαις ἀλοὺς ἅμα τοῖς συμπεφευγόσι, καθάπερ ἀνώτερον ἡμῖν ἐρρήθη περὶ τούτων, ὥς ἦκε μετὰ τῶν ἄλλων αἰχμαλώτων ἀγρόμενος εἰς Ὀλυμπίαν, ἔσπευσε διὰ τινων εἰς λόγους ἐλθεῖν τῷ βασιλεῖ. [3] τυχὼν δὲ τούτου διελέγετο, φάσκων εἶναι δυνατὸς ἐπαγαγέσθαι τοὺς Ἡλείους εἰς τὴν πρὸς αὐτὸν φιλίαν καὶ συμμαχίαν. ὁ δὲ Φίλιππος πεισθεὶς ἐξαπέστειλε τὸν Ἀμφίδαμον χωρὶς λύτρων, [4] κελεύσας ἐπαγγέλλεσθαι τοῖς Ἡλείοις, ἐὰν ἔλωνται τὴν πρὸς αὐτὸν φιλίαν, ὅτι τὰ μὲν αἰχμάλωτα πάντα χωρὶς λύτρων ἀποδώσει, τῇ δὲ χώρα τὴν ἀσφάλειαν αὐτὸς ἀπὸ πάντων τῶν ἐκτὸς παρασκευάσει, [5] πρὸς δὲ τούτοις αὐτοὺς ἐλευθέρους, ἀφρουρήτους, ἀφορολογήτους, χρωμένους τοῖς ἰδίοις πολιτεύμασι, διατηρήσει. [6] οἱ μὲν οὖν Ἡλεῖοι διακούσαντες τούτων οὐδὲν προσέσχον, καίπερ ἐπισπαστικῶν καὶ μεγάλων εἶναι δοκοῦντων τῶν προτεινομένων: [7] ὁ δ' Ἀπελλῆς, ἐκ τούτου τοῦ πράγματος πλάσας τὴν διαβολήν, προσήνεγκε τῷ Φιλίππῳ, φάσκων τοὺς περὶ τὸν Ἄρατον οὐκ εἰλικρινῇ τὴν φιλίαν ἄγειν πρὸς Μακεδόνας οὐδ' ἀληθινῶς εὐνοεῖν αὐτῶ: καὶ γὰρ νῦν τῆς Ἡλείων ἀλλοτριότητος τούτους αἰτίους γεγονέναι. [8] καθ' ὃν γὰρ καιρὸν Ἀμφίδαμον ἐξ Ὀλυμπίας εἰς Ἡλιν ἀπέστειλε, τούτους ἔφη κατ' ἰδίαν λαβόντας ἐπιτρίψαι τὸν ἄνθρωπον καὶ λέγειν ὅτι κατ' οὐδένα τρόπον συμφέρει τοῖς Πελοποννησίοις τὸ γενέσθαι Φίλιππον Ἡλείων κύριον, [9] καὶ διὰ ταύτην τὴν αἰτίαν πάνθ' ὑπεριδόντας τὰ προτεινόμενα τοὺς Ἡλείους διατηρεῖν μὲν τὴν πρὸς Αἰτωλοὺς φιλίαν, ὑπομένειν δὲ τὸν πρὸς

[1] Μακεδόνας πόλεμον. τὸ μὲν οὖν πρῶτον Φίλιππος δεξάμενος τοὺς λόγους καλεῖν ἐκέλευε τοὺς περὶ τὸν Ἄρατον καὶ λέγειν

έναντίον ἐκείνων ταῦτα τὸν Ἀπελλῆν. [2] τῶν δὲ παραγενομένων, ἔλεγε τὰ προειρημένα τολμηρῶς καὶ καταπληκτικῶς ὁ Ἀπελλῆς, καὶ τι προσεπεῖπε τοιοῦτον ἔτι σιωπῶντος τοῦ βασιλέως: “ [3] ἐπεῖπερ οὕτως ἀχαρίστους ὑμᾶς ὁ βασιλεὺς, Ἄρατε, καὶ λίαν ἀγνώμονας εὕρισκε, κρίνει συναγαγὼν τοὺς Ἀχαιοὺς καὶ περὶ τούτων ἀπολογισμοὺς ποιησάμενος ἀπαλλάττεσθαι πάλιν εἰς Μακεδονίαν. [4] “ ὁ δὲ πρεσβύτερος Ἄρατος ὑπολαβὼν καθόλου μὲν ἡξίου τὸν Φίλιππον μηδενὶ τῶν λεγομένων ὀξέως μηδ’ ἀκρίτως μηδέποτε πιστεύειν, [5] ὅταν δὲ κατὰ τινος τῶν φίλων καὶ συμμάχων προσπέσῃ τις αὐτῷ λόγος, τὸν ἀκριβέστερον ἔλεγχον ποιεῖσθαι πρὶν ἢ δέξασθαι τὴν διαβολήν: καὶ γὰρ βασιλικὸν εἶναι τὸ τοιοῦτο καὶ πρὸς πᾶν συμφέρον. [6] διὸ καὶ νῦν ἡξίου περὶ τῶν ὑπ’ Ἀπελλοῦ λεγομένων καλεῖν τοὺς ἀκηκοότας, ἄγειν εἰς τὸ μέσον τὸν εἰρηκότα πρὸς αὐτόν, μηδὲν παραλιπεῖν τῶν δυνατῶν εἰς τὸ γνῶναι τὴν ἀλήθειαν, πρὶν ἢ πρὸς τοὺς Ἀχαιοὺς

[1] ἀνακαλύπτειν τι τούτων. τοῦ δὲ βασιλέως εὐαρεστήσαντος τοῖς λεγομένοις, καὶ φήσαντος οὐκ ὀλιγορήσειν, ἀλλ’ ἐξετάσειν, τότε μὲν διελύθησαν. [2] ἐν δὲ ταῖς ἐξῆς ἡμέραις ὁ μὲν Ἀπελλῆς οὐδεμίαν ἀπόδειξιν προσῆγε τοῖς εἰρημένοις: τοῖς δὲ περὶ τὸν Ἄρατον ἐγένετό τι συγκύρημα τοιοῦτον. [3] οἱ γὰρ Ἥλειοι, καθ’ ὃν καιρὸν ὁ Φίλιππος αὐτῶν ἐπόρθει τὴν χώραν, ὑποπτεύσαντες τὸν Ἀμφίδαμον ἐπεβάλοντο συλλαβεῖν καὶ δῆσαντες εἰς τὴν Αἰτωλίαν ἐκπέμπειν. [4] ὁ δὲ προαισθόμενος αὐτῶν τὴν ἐπίνοιαν ἀπεχώρησε τὰς μὲν ἀρχὰς εἰς Ὀλυμπίαν, μετὰ δὲ ταῦτα πυνθανόμενος τὸν Φίλιππον ἐν τῇ Δύμῃ περὶ τὴν τῶν λαφύρων οἰκονομίαν διατρίβειν, ἔσπευσε πρὸς τοῦτον διαπεσεῖν. [5] ὅθεν οἱ περὶ τὸν Ἄρατον, ἀκούσαντες τὸν Ἀμφίδαμον ἐκ τῆς Ἥλιδος ἐκπεπτωκότα παρεῖναι, γενόμενοι περιχαρεῖς διὰ τὸ μηδὲν αὐτοῖς συνειδέναι, προσελθόντες ᾤοντο δεῖν τὸν βασιλέα καλεῖν τὸν Ἀμφίδαμον: [6] καὶ γὰρ εἰδέναι περὶ τῶν κατηγορουμένων ἐκείνον βέλτιστα πρὸς ὃν ἐρρήθη, καὶ δηλώσειν τὴν ἀλήθειαν, πεφευγότα μὲν ἐξ οἴκου διὰ τὸν Φίλιππον, τὰς δ’ ἐλπίδας ἔχοντα τῆς σωτηρίας κατὰ τὸ παρὸν ἐν ἐκείνῳ. [7] πεισθεὶς δὲ τοῖς λεγομένοις ὁ βασιλεὺς, καὶ μεταπεμψάμενος τὸν Ἀμφίδαμον, εὔρε τὴν διαβολὴν οὕσαν ψευδῇ. [8] διὸ καὶ τὸν μὲν Ἄρατον ἀπὸ ταύτης τῆς ἡμέρας ἀεὶ καὶ μᾶλλον ἀπεδέχετο καὶ κατηξίου, πρὸς δὲ τὸν Ἀπελλῆν λοξότερον εἶχε: τῇ γε μὴν ὀλοσχερεῖ προκατεχόμενος ἀποδοχῇ πολλὰ παρορᾷν ἠναγκάζετο τῶν ὑπ’ αὐτοῦ γινομένων.

[1] ὁ δ' Ἀπελλῆς οὐδαμῶς ἀφίστατο τῆς προθέσεως, ἀλλ' ἅμα μὲν τὸν Ταυρίωνα τὸν ἐπὶ τῶν ἐν Πελοποννήσῳ τεταγμένον διέβαλλεν, [2] οὐ ψέγων, ἀλλ' ἐπαινῶν καὶ φάσκων ἐπιτήδειον αὐτὸν εἶναι μετὰ τοῦ βασιλέως ἐν τοῖς ὑπαίθροις συνδιατρίβειν, βουλόμενος ἕτερον ἐπισταθῆναι δι' αὐτοῦ τοῖς ἐν Πελοποννήσῳ πράγμασι. [3] καινὸς γὰρ δὴ τις οὗτος εὔρηται τρόπος διαβολῆς τὸ μὴ ψέγοντας, ἀλλ' ἐπαινοῦντας λυμαίνεσθαι τοὺς πέλας: [4] εὔρηται δὲ μάλιστα καὶ πρῶτον τοιαύτη κακεντρέχεια καὶ βασκανία καὶ δόλος ἐκ τῶν περὶ τὰς αὐλὰς διατριβόντων καὶ τῆς τούτων πρὸς ἀλλήλους ζηλοτυπίας καὶ πλεονεξίας. [5] ὁμοίως δὲ καὶ τὸν ἐπὶ τῆς θεραπείας τεταγμένον Ἀλέξανδρον, ὅτε λάβοι καιρόν, διέδακνε, βουλόμενος καὶ τὴν περὶ τὸ σῶμα φυλακὴν τοῦ βασιλέως δι' αὐτοῦ γενέσθαι καὶ καθόλου κινήσαι τὴν ὑπ' Ἀντιγόνου καταλειφθεῖσαν διάταξιν. [6] Ἀντίγονος γὰρ καλῶς μὲν ζῶν προέστη τῆς τε βασιλείας καὶ τοῦ παιδὸς αὐτοῦ, καλῶς δὲ τὸν βίον μεταλλάττων προενοήθη πρὸς τὸ μέλλον περὶ πάντων τῶν πραγμάτων. [7] ἀπολιπὼν γὰρ διαθήκην ἔγραφε Μακεδόσιν ὑπὲρ τῶν διωκημένων: ὁμοίως δὲ καὶ περὶ τοῦ μέλλοντος διέταξε πῶς καὶ διὰ τίνων ἕκαστα δεῖσει χειρίζεσθαι, βουλόμενος μηδεμίαν ἀφορμὴν καταλιπεῖν τοῖς περὶ τὴν αὐλήν πρὸς ἀλλήλους φιλοτιμίας καὶ στάσεως. [8] ἐν οἷς τῶν τότε συστρατευομένων αὐτὸς μὲν Ἀπελλῆς ἐν τοῖς ἐπιτρόποις ἀπελέλειπτο, Λεόντιος δ' ἐπὶ τῶν πελταστῶν, Μεγαλέας δ' ἐπὶ τοῦ γραμματείου, Ταυρίων δ' ἐπὶ τῶν κατὰ Πελοπόννησον, Ἀλέξανδρος δ' ἐπὶ τῆς θεραπείας. [9] τὸν μὲν οὖν Λεόντιον καὶ Μεγαλέαν ὑφ' αὐτὸν εἶχεν ὀλοσχερῶς, τὸν δ' Ἀλέξανδρον καὶ Ταυρίωνα μεταστησάμενος ἀπὸ τῆς χρείας ἔσπευδε καὶ ταῦτα καὶ τᾶλλα πάντα δι' αὐτοῦ καὶ διὰ τῶν ἰδίων φίλων χειρίζειν. [10] ὁ δὲ καὶ ῥαδίως ἂν ἐπετέλεσε μὴ παρασκευάσας ἀνταγωνιστὴν Ἄρατον αὐτῷ: νῦν δὲ ταχέως πεῖραν ἔλαβε τῆς σφετέρας ἀφροσύνης καὶ πλεονεξίας. [11] ὁ γὰρ αὐτὸς ἐπεβάλετο πρᾶξαι κατὰ τῶν πέλας, τοῦτ' ἔπαθε καὶ λίαν ἐν πάνυ βραχεῖ χρόνῳ. [12] πῶς δὲ καὶ τίνι τρόπῳ τοῦτο συνέβη γενέσθαι κατὰ μὲν τὸ παρὸν ὑπερθησόμεθα καὶ καταστρέψομεν τὴν βύβλον ταύτην, ἐν δὲ τοῖς ἐξῆς πειρασόμεθα σαφῶς ὑπὲρ ἐκάστων ἐξαγγέλλειν. [13] Φίλιππος δὲ τὰ προειρημένα διαταξάμενος ἐπανῆλθεν εἰς Ἄργος, κάνταῦθα τὴν παραχειμασίαν ἐποίει μετὰ τῶν φίλων, τὰς δὲ δυνάμεις ἀπέλυσεν εἰς Μακεδονίαν.

BOOK 5

[1] τὸ μὲν οὖν κατὰ τὴν Ἀράτου τοῦ νεωτέρου στρατηγίαν ἔτος ἐτύγγανε διεληλυθὸς περὶ τὴν τῆς Πλειάδος ἐπιτολήν· οὕτως γὰρ ἦγε τοὺς χρόνους τότε τὸ τῶν Ἀχαιῶν ἔθνος. [2] διόπερ οὗτος μὲν ἀπετίθετο τὴν ἀρχήν, Ἐπήρατος δὲ παρελάμβανε τὴν τῶν Ἀχαιῶν ἡγεμονίαν· Αἰτωλῶν δὲ Δωρίμαχος ἐστρατήγει. [3] κατὰ δὲ τοὺς αὐτοὺς καιροὺς ἀρχομένης τῆς θερείας Ἀννίβας μὲν ἐκφανῶς ἤδη τὸν πρὸς Ῥωμαίους πόλεμον ἀνειληφώς, ὀρμήσας ἐκ Καινῆς πόλεως καὶ διαβὰς τὸν Ἴβηρα ποταμὸν ἐνήρχετο τῆς ἐπιβολῆς καὶ πορείας τῆς εἰς Ἰταλίαν· [4] Ῥωμαῖοι δὲ Τεβέριον μὲν Σεμπρώνιον εἰς Λιβύην μετὰ δυνάμεως, Πόπλιον δὲ Κορνήλιον εἰς Ἰβηρίαν ἐξαπέστελλον· [5] Ἀντίοχος δὲ καὶ Πτολεμαῖος, ἀπεγνωκότες τὰς πρεσβείας καὶ τὸ λόγῳ διεξάγειν τὴν ὑπὲρ Κοίλης Συρίας ἀμφισβήτησιν, ἐνήρχοντο πολεμεῖν ἀλλήλοις. [6] ὁ δὲ βασιλεὺς Φίλιππος, ἐνδεὴς ὢν σίτου καὶ χρημάτων εἰς τὰς δυνάμεις, συνῆγε τοὺς Ἀχαιοὺς διὰ τῶν ἀρχόντων εἰς ἐκκλησίαν. [7] ἄθροισθέντος δὲ τοῦ πλήθους εἰς Αἶγιον κατὰ τοὺς νόμους, ὁρῶν τοὺς μὲν περὶ Ἄρατον ἐθελοκακοῦντας διὰ τὴν περὶ τὰς ἀρχαιρεσίας γεγεννημένην εἰς αὐτοὺς τῶν περὶ τὸν Ἀπελλῆν κακοπραγμοσύνην, τὸν δ' Ἐπήρατον ἄπρακτον ὄντα τῇ φύσει καὶ καταγινωσκόμενον ὑπὸ πάντων, [8] συλλογισάμενος ἐκ τῶν προειρημένων τὴν ἄγνοιαν τῶν περὶ τὸν Ἀπελλῆν καὶ Λεόντιον, ἔκρινεν αὐτῆς ἀντέχεσθαι τῶν περὶ τὸν Ἄρατον. [9] πείσας οὖν τοὺς ἄρχοντας μεταγαγεῖν τὴν ἐκκλησίαν εἰς Σικυῶνα, λαβὼν τὸν τε πρεσβύτερον καὶ τὸν νεώτερον Ἄρατον εἰς τὰς χεῖρας, καὶ πάντων τῶν γεγονότων ἀναθεὶς τὴν αἰτίαν ἐπὶ τὸν Ἀπελλῆν, παρεκάλει μένειν αὐτοὺς ἐπὶ τῆς ἐξ ἀρχῆς αἰρέσεως. [10] τῶν δὲ συγκαταθεμένων ἐτοιμῶς, εἰσελθὼν εἰς τοὺς Ἀχαιοὺς καὶ χρησάμενος συνεργοῖς τοῖς προειρημένοις, πάντα κατέπραξε τὰ πρὸς τὴν ἐπιβολήν. [11] πεντήκοντα μὲν γὰρ ἔδοξε τάλαντα τοῖς Ἀχαιοῖς εἰς τὴν πρώτην ἀναζυγὴν αὐτῷ δοῦσι παραχρῆμα τριμήνου μισθοδοτῆσαι τὴν δύναμιν καὶ σίτου προσθεῖναι μυριάδας· [12] τὸ δὲ λοιπόν, ἕως ἂν παρὼν ἐν Πελοποννήσῳ συμπολεμῇ, τάλαντα λαμβάνειν ἐκάστου μηνὸς παρὰ τῶν Ἀχαιῶν ἑπτακαίδεκα.

[1] δοξάντων δὲ τούτων, οἱ μὲν Ἀχαιοὶ διελύθησαν ἐπὶ τὰς πόλεις· τῷ δὲ βασιλεῖ βουλευομένῳ μετὰ τῶν φίλων, ἐπειδὴ συνήλθον αἱ

δυνάμεις ἐκ τῆς παραχειμασίας, ἔδοξε χρῆσθαι κατὰ θάλατταν τῷ πολέμῳ. [2] οὕτως γὰρ ἐπέπειστο μόνως αὐτὸς μὲν δυνήσεσθαι ταχέως πανταχόθεν ἐπιφαίνεσθαι τοῖς πολεμίοις, τοὺς δ' ὑπεναντίους ἥκιστ' ἂν δύνασθαι παραβοηθεῖν ἀλλήλοις, [3] ἅτε διεσπασμένους μὲν ταῖς χώραις, δεδιότας δ' ἐκάστους περὶ σφῶν διὰ τὴν ἀδηλότητα καὶ τὸ τάχος τῆς κατὰ θάλατταν παρουσίας τῶν πολεμίων: πρὸς γὰρ Αἰτωλοὺς καὶ Λακεδαιμονίους ἔτι δ' Ἡλείους ὁ πόλεμος ἦν αὐτῷ. [4] κριθέντων δὲ τούτων, ἤθροιζε τάς τε τῶν Ἀχαιῶν νῆας καὶ τὰς σφετέρας εἰς τὸ Λέχαιον, καὶ συνεχεῖς ποιούμενος ἀναπείρας ἐγύμναζε τοὺς φαλαγγίτας καὶ συνείθιζε ταῖς εἰρεσίαις, προθύμως αὐτῷ πρὸς τὸ παραγγελλόμενον συνυπακουόντων τῶν Μακεδόνων: [5] πρὸς τε γὰρ τοὺς ἐν γῇ κινδύνους ἐκ παρατάξεως γενναιότατοι πρὸς τε τὰς κατὰ θάλατταν ἐκ τοῦ καιροῦ χρειὰς ἐτοιμότατοι, λειτουργοὶ γε μὴν περὶ τὰς ταφρείας καὶ χαρακοποιίας καὶ πᾶσαν τὴν τοιαύτην τालαιπωρίαν φιλοπονώτατοί τινες, [6] οἷους Ἡσίοδος παρεισάγει τοὺς Αἰακίδας,

[1] πολέμῳ κεχαρηότας ἦύτε δαιτί. [7] ὁ μὲν οὖν βασιλεὺς καὶ τὸ τῶν Μακεδόνων πλῆθος ἐν τῷ Κορίνθῳ διέτριβε, περὶ τὴν κατὰ θάλατταν ἄσκησιν καὶ παρασκευὴν γινόμενος: [8] ὁ δ' Ἀπελλῆς, οὗτ' ἐπικρατεῖν τοῦ Φιλίππου δυνάμενος οὔτε φέρειν τὴν ἐλάττωσιν παρορώμενος, ποιεῖται συνωμοσίαν πρὸς τοὺς περὶ Λεόντιον καὶ Μεγαλέαν, ὥστ' ἐκείνους μὲν συμπαρόντας ἐπ' αὐτῶν τῶν καιρῶν ἐθελοκακεῖν καὶ λυμαίνεσθαι τὰς τοῦ βασιλέως χρειὰς, αὐτὸς δὲ χωρισθεὶς εἰς Χαλκίδα φροντίζειν ἵνα μηδαμόθεν αὐτῷ χορηγία παραγίνηται πρὸς τὰς ἐπιβολάς. [9] οὗτος μὲν οὖν τοιαῦτα συνθέμενος καὶ κακοτροπευσάμενος πρὸς τοὺς προειρημένους ἀπῆρεν εἰς τὴν Χαλκίδα; σκήψεις τινὰς εὐλόγους πρὸς τὸν βασιλέα πορισάμενος: [10] κάκεῖ διατρίβων οὕτως βεβαίως ἐτήρει τὰ κατὰ τοὺς ὅρκους, πάντων αὐτῷ πειθαρχούντων κατὰ τὴν προγεγενημένην πίστιν, ὥστε τὸ τελευταῖον ἀναγκασθῆναι τὸν βασιλέα δι' ἀπορίαν ἐνέχυρα τιθέντα τῶν πρὸς τὴν χρειὰν ἀργυρωμάτων ἀπὸ τούτων ποιεῖσθαι τὴν διαγωγὴν. [11] ἠθροισμένων δὲ τῶν πλοίων, καὶ τῶν Μακεδόνων ἤδη ταῖς εἰρεσίαις κατηρτισμένων, σιτομετρήσας καὶ μισθοδοτήσας ὁ βασιλεὺς τὴν δύναμιν ἀνήχθη, καὶ κατῆρε δευτεραῖος εἰς Πάτρας, ἔχων Μακεδόνας μὲν ἐξακισχιλίους, μισθοφόρους δὲ χιλίους καὶ διακοσίους. κατὰ δὲ τοὺς αὐτοὺς καιροὺς Δωρίμαχος ὁ τῶν Αἰτωλῶν στρατηγὸς Ἀγέλαον καὶ Σκόπαν

ἐξαπέστειλε τοῖς Ἡλείοις μετὰ Νεοκρήτων πεντακοσίων· οἱ δ' Ἡλεῖοι δεδιότες μὴ τὴν Κυλλήνην ὁ Φίλιππος ἐπιβάληται πολιορκεῖν, στρατιώτας τε μισθοφόρους συνήθροιζον καὶ τοὺς πολιτικούς ἡτοίμαζον, ὥχυροῦντο δὲ καὶ τὴν Κυλλήνην ἐπιμελῶς. [2] εἰς ἃ βλέπων ὁ Φίλιππος, τοὺς τε τῶν Ἀχαιῶν μισθοφόρους καὶ τῶν παρ' αὐτῷ Κρητῶν καὶ τῶν Γαλατικῶν ἱππέων τινάς, σὺν δὲ τούτοις τῶν ἐξ Ἀχαΐας ἐπιλέκτων εἰς δισχιλίους πεζοὺς ἀθροίσας, ἐν τῇ τῶν Δυμαίων πόλει κατέλειπεν, ἅμα μὲν ἐφεδρείας ἔχοντας, ἅμα δὲ προφυλακῆς τάξιν πρὸς τὸν ἀπὸ τῆς Ἡλείας φόβον. [3] αὐτὸς δ', ἔτι πρότερον γεγραφὼς τοῖς Μεσσηνίοις καὶ τοῖς Ἑπειρώταις, ἔτι δὲ τοῖς Ἀκαρνᾶσι καὶ Σκερδιλαῖδα, πληροῦν ἐκάστοις τὰ παρ' αὐτοῖς πλοῖα καὶ συναντᾶν εἰς Κεφαλληνίαν, ἀναχθεῖς ἐκ τῶν Πατρῶν κατὰ τὴν σύνταξιν ἔπλει, καὶ προσέσχε τῆς Κεφαλληνίας κατὰ Πρόννους. [4] ὁρῶν δὲ τό τε πολισμάτιον [τοὺς Πρόννους] δυσπολιόρκητον ὄν καὶ τὴν χώραν στενὴν, παρέπλει τῷ στόλῳ, καὶ καθωρμίσθη πρὸς τὴν τῶν Παλαιῶν πόλιν. [5] συνιδὼν δὲ ταύτην τὴν χώραν γέμουσαν σίτου καὶ δυναμένην τρέφειν στρατόπεδον, τὴν μὲν δύναμιν ἐκβιβάσας προσεστρατοπέδευσε τῇ πόλει, τὰς δὲ ναῦς συνορμίσας τάφρῳ καὶ χάρακι περιέλαβε, τοὺς δὲ Μακεδόνας ἐφῆκε σιτολογεῖν. [6] αὐτὸς δὲ περιῆει τὴν πόλιν, ἐπισκοπῶν πῶς δυνατόν εἴη προσάγειν ἔργα τῷ τείχει καὶ μηχανάς, βουλόμενος ἅμα μὲν προσδέξασθαι τοὺς συμμάχους, ἅμα δὲ τὴν πόλιν ἐξελεῖν, [7] ἵνα πρῶτον μὲν Αἰτωλῶν παρέλγεται τὴν ἀναγκαιοτάτην ὑπηρεσίαν — ταῖς γὰρ τῶν Κεφαλλήνων ναυσὶ χρώμενοι τὰς τ' εἰς Πελοπόννησον ἐποιοῦντο διαβάσεις καὶ τὰς Ἑπειρωτῶν ἔτι δ' Ἀκαρνάνων ἐπόρθουν παραλίας — [8] δεύτερον δ' ἵνα παρασκευάσῃ μὲν αὐτῷ, παρασκευάσῃ δὲ τοῖς συμμάχοις ὀρμητήριον εὐφυὲς κατὰ τῆς τῶν πολεμίων χώρας. [9] ἡ γὰρ Κεφαλληνία κεῖται μὲν κατὰ τὸν Κορινθιακὸν κόλπον ὥς εἰς τὸ Σικελικὸν ἀνατείνουσα πέλαγος, [10] ἐπίκειται δὲ τῆς μὲν Πελοποννήσου τοῖς πρὸς ἄρκτον καὶ πρὸς ἐσπέραν μέρεσι κεκλιμένοις καὶ μάλιστα τῇ τῶν Ἡλείων χώρα, τῆς δ' Ἠπείρου καὶ τῆς Αἰτωλίας ἔτι δὲ τῆς Ἀκαρνανίας τοῖς πρὸς μεσημβρίαν καὶ πρὸς τὰς δύοσεις μέρεσιν ἐστραμμένοις.

[1] διὸ καὶ πρὸς τε τὴν συναγωγὴν τῶν συμμάχων εὐφυῶς ἐχούσης καὶ κατὰ τῆς τῶν πολεμίων καὶ πρὸ τῆς τῶν φίλων χώρας εὐκαίρως κειμένης, ἔσπευδε χειρωσάμενος ὑφ' αὐτὸν ποιήσασθαι τὴν νῆσον.

[2] συνθεωρῶν δὲ τὰ μὲν ἄλλα πάντα μέρη τῆς πόλεως τὰ μὲν

θαλάττῃ, τὰ δὲ κρημνοῖς περιεχόμενα, βραχὺν δέ τινα τόπον ἐπίπεδον αὐτῆς ὑπάρχοντα, τὸ πρὸς τὴν Ζάκυνθον ἐστραμμένον, τῇδε διενοεῖτο προσάγειν ἔργα καὶ τῇδε τὴν ὅλην συνίστασθαι πολιορκίαν. [3] ὁ μὲν οὖν βασιλεὺς περὶ ταῦτα καὶ πρὸς τούτοις ἦν. κατὰ δὲ τὸν καιρὸν τοῦτον πεντεκαίδεκα μὲν ἦκον λέμβοι παρὰ Σκερδιλαΐδου — τοὺς γὰρ πλείστους ἐκωλύθη πέμψαι διὰ τὰς γενομένας ἐπιβουλὰς καὶ ταραχὰς περὶ τοὺς κατὰ τὴν Ἰλλυρίδα πολιδυνάστας — [4] ἦκον δὲ καὶ παρ' Ἡπειρωτῶν καὶ παρ' Ἀκαρνάνων ἔτι δὲ Μεσσηνίων οἱ διαταχθέντες σύμμαχοι. [5] τῆς γὰρ τῶν Φιαλέων πόλεως ἐξαιρεθείσης ἀπροφασίστως τὸ λοιπὸν ἤδη μετεῖχον Μεσσηνιοὶ τοῦ πολέμου. [6] τῶν δὲ πρὸς τὴν πολιορκίαν ἡτοιμασμένων, διαθεις τὰ βέλη καὶ τοὺς πετροβόλους κατὰ τοὺς ἀρμόζοντας τόπους πρὸς τὸ κωλύειν τοὺς ἀμυνομένους, παρακάλεσας τοὺς Μακεδόνας ὁ βασιλεὺς προσῆγε τὰς μηχανὰς τοῖς τείχεσι καὶ διὰ τούτων τοῖς ὀρύγμασιν ἐνεχέει. [7] ταχὺ δὲ τοῦ τεύχους ἐπὶ δύο πλέθρα κρεμασθέντος διὰ τὴν ἐν τοῖς ἔργοις προθυμίαν τῶν Μακεδόνων, ἐγγίσας τοῖς τείχεσιν ὁ βασιλεὺς παρήνει τοῖς ἐν τῇ πόλει τίθεσθαι πρὸς αὐτὸν τὴν εἰρήνην. [8] τῶν δὲ παρακουόντων, ἐμβάλων πῦρ τοῖς ἐρείσμασιν ὁμοῦ πᾶν τὸ διεστυλωμένον κατέβαλε τεῖχος. [9] οὗ γενομένου, πρώτους ἐφῆκε τοὺς πελταστὰς τοὺς ὑπὸ Λεόντιον ταττομένους, σπειρηδὸν τάξας καὶ παραγγείλας βιάζεσθαι διὰ τοῦ πτώματος. [10] οἱ δὲ περὶ τὸν Λεόντιον, τηροῦντες τὰ πρὸς τὸν Ἀπελλῆν συγκείμενα, τρις ἐξῆς τοὺς νεανίσκους ὑπερβάντας τὸ πτόμα διέτρεψαν τοῦ μὴ τελεσιουργῆσαι τὴν κατάληψιν τῆς πόλεως. [11] καὶ προδιεφθαρκότες μὲν τοὺς ἐπιφανεστάτους τῶν κατὰ μέρος ἡγεμόνων, ἐθελοκακοῦντες δὲ καὶ παρ' ἑκαστον ἀποδειλιῶντες αὐτοί, [12] τέλος ἐξέπεσον ἐκ τῆς πόλεως πολλὰς πληγὰς λαβόντες, καίπερ εὐχερῶς δυνάμενοι κρατῆσαι τῶν πολεμίων. [13] ὁ δὲ βασιλεὺς, ὁρῶν ἀποδειλιῶντας μὲν τοὺς ἡγεμόνας, τραυματίας δὲ καὶ πλείους γεγονότας τῶν Μακεδόνων, τῆς μὲν πολιορκίας ἀπέστη, περὶ δὲ τῶν ἐξῆς ἐβουλεύετο μετὰ τῶν φίλων.

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Λυκοῦργος μὲν εἰς τὴν Μεσσηνίαν ἐξεστρατεύκει, Δωρίμαχος δὲ τοὺς ἡμίσεις ἔχων Αἰτωλῶν εἰς Θετταλίαν ἐπεποίητο τὴν ὁρμήν, ἀμφοτέρω πεπεισμένοι τὸν Φίλιππον ἀποσπάσειν τῆς τῶν Παλαιέων πολιορκίας. [2] ὑπὲρ ὧν ἦκον πρέσβεις πρὸς τὸν βασιλέα παρὰ τ'

Ἀκαρνάνων καὶ παρὰ Μεσσηνίων, οἱ μὲν παρὰ τῶν Ἀκαρνάνων παρακαλοῦντες αὐτὸν ἐμβαλεῖν εἰς τὴν τῶν Αἰτωλῶν χώραν καὶ τόν τε Δωρίμαχον ἀποστῆσαι τῆς εἰς τὴν Μακεδονίαν ὁρμῆς καὶ τὴν χώραν τῶν Αἰτωλῶν ἐπελθεῖν καὶ πορθῆσαι πᾶσαν ἀδεῶς, [3] οἱ δὲ παρὰ τῶν Μεσσηνίων δεόμενοι σφίσι βοηθεῖν καὶ διδάσκοντες ὅτι τῶν ἐτησίων ἤδη στάσιν ἐχόντων δυνατόν ἐστι τὴν παρακομιδὴν ἐκ τῆς Κεφαλληνίας εἰς τὴν Μεσσηνίαν ἐν ἡμέρᾳ ποιήσασθαι μιᾷ: [4] διόπερ οἱ περὶ Γόργον τὸν Μεσσήνιον αἰφνίδιον καὶ πραγματικὴν ἐσομένην συνίστασαν τὴν ἐπὶ τὸν Λυκοῦργον ἐπίθεσιν. [5] οἱ δὲ περὶ τὸν Λεόντιον, τηροῦντες τὴν αὐτῶν ὑπόθεσιν, συνήργουν τοῖς περὶ τὸν Γόργον ἐκτενῶς, θεωροῦντες ὅτι συμβήσεται τὴν θερείαν εἰς τέλος ἄπρακτον γενέσθαι τῷ Φιλίππῳ. πλεῦσαι μὲν γὰρ εἰς τὴν Μεσσηνίαν ῥάδιον ἦν, [6] ἀναπλεῦσαι δ' ἐκεῖθεν τῶν ἐτησίων ἐπεχόντων ἀδύνατον: [7] ἐξ οὗ δῆλον ἦν ὥς ὁ μὲν Φίλιππος ἐν τῇ Μεσσηνίᾳ μετὰ τῆς δυνάμεως συγκλεισθεὶς ἀναγκασθήσεται τὸ λοιπὸν μέρος τοῦ θέρους ἄπρακτος μένειν, οἱ δ' Αἰτωλοὶ τὴν Θετταλίαν καὶ τὴν Ἥπειρον ἐπιπορευόμενοι κατασύρουσι καὶ πορθοῦσι πᾶσαν ἀδεῶς. [8] οὗτοι μὲν οὖν λυμεωνευόμενοι ταῦτα καὶ τοιαῦτα συνεβούλευον. οἱ δὲ περὶ τὸν Ἄρατον συμπαρόντες τῆς ἐναντίας προέστασαν γνώμης. [9] δεῖν γὰρ ἔφασαν εἰς τὴν Αἰτωλίαν ποιεῖσθαι τὸν πλοῦν καὶ τούτων ἔχεσθαι τῶν πραγμάτων: ἐξεστρατευκότων γὰρ τῶν Αἰτωλῶν μετὰ Δωριμάχου κάλλιστον εἶναι καιρὸν ἐπελθεῖν καὶ πορθῆσαι τὴν Αἰτωλίαν. ὁ δὲ βασιλεὺς, [10] τὰ μὲν ἀπιστῶν ἤδη τοῖς περὶ τὸν Λεόντιον ἐκ τῆς περὶ τὴν πολιορκίαν ἐθελοκακήσεως, συναισθανόμενος δὲ καὶ ἐκ τοῦ περὶ τὸν πλοῦν αὐτῶν διαβουλίου τὴν κακοπραγμοσύνην, ἔκρινε χρῆσθαι τοῖς πράγμασι κατὰ τὴν Ἀράτου γνώμην. [11] διόπερ Ἐπηράτῳ μὲν ἔγραψε τῷ τῶν Ἀχαιῶν στρατηγῷ βοηθεῖν τοῖς Μεσσηνίοις, ἀναλαβόντι τοὺς Ἀχαιοὺς, αὐτὸς δ' ἀναχθεὶς ἐκ τῆς Κεφαλληνίας παρῆν δευτεραῖος εἰς Λευκάδα μετὰ τοῦ στόλου νυκτός. [12] εὐτρεπισάμενος δὲ τὰ περὶ τὸν Διόρυκτον, καὶ ταύτῃ διακομίσας τὰς ναῦς, ἐποιεῖτο τὸν ἀπόπλουν κατὰ τὸν Ἀμβρακικὸν καλούμενον κόλπον. [13] ὁ δὲ προειρημένος κόλπος ἐπὶ πολὺ προτείνων ἐκ τοῦ Σικελικοῦ πελάγους εἰς τοὺς μεσογαίους ἀνήκει τόπους τῆς Αἰτωλίας, καθάπερ καὶ πρότερον ἡμῖν εἴρηται. [14] διανύσας δὲ καὶ καθορμισθεὶς βραχὺ πρὸ ἡμέρας πρὸς τῇ καλουμένῃ Λιμναίᾳ, τοῖς μὲν στρατιώταις ἀριστοποιεῖσθαι παρήγγειλε καὶ τὸ πολὺ τῆς ἀποσκευῆς

[1] μένας πόλεις ἐπυνθάνετο καὶ διηρεύνα. κατὰ δὲ τὸν καιρὸν τοῦτον ἦκεν ἔχων Ἀριστόφαντος ὁ στρατηγὸς πανδημεὶ τοὺς Ἀκαρνανάς· πολλὰ γὰρ καὶ δεινὰ πεπονθότες ἐν τοῖς ἀνώτερον χρόνοις ὑπ' Αἰτωλῶν ἐκθύμως εἶχον πρὸς τὸ κατὰ πάντα τρόπον ἀμύνεσθαι καὶ βλάψαι τοὺς Αἰτωλοὺς. [2] διόπερ ἀσμένως ἐπιλαβόμενοι τότε τῆς Μακεδόνων ἐπαρκειάς, ἦκον ἐν τοῖς ὅπλοις, οὐ μόνον ὅσοις ὁ νόμος ἐπέταττε στρατεύειν, ἀλλὰ καὶ τῶν πρεσβυτέρων τινές. [3] οὐκ ἐλάττω δὲ τούτων ὀρμὴν εἶχον Ἠπειρῶται διὰ τὰς παραπλησίους αἰτίας· διὰ δὲ τὸ μέγεθος τῆς χώρας καὶ διὰ τὸ τῆς παρουσίας αἰφνίδιον τῆς τοῦ Φιλίππου καθυστέρουν τῇ συναγωγῇ τῶν καιρῶν. [4] τῶν δ' Αἰτωλῶν τοὺς μὲν ἡμίσεις ἔχων Δωρίμαχος ἐπεποίητο τὴν ἐξοδὸν, καθάπερ εἶπον, τοὺς δ' ἡμίσεις ἀπολελοίπει, νομίζων ἀξιώχρεων πρὸς τὰ παράδοξα ταύτην τὴν ἐφεδρείαν ὑπάρχειν τῶν τε πόλεων καὶ τῆς χώρας. [5] ὁ δὲ βασιλεὺς ἀπολιπὼν φυλακὴν ἱκανὴν τῆς ἀποσκευῆς, τότε μὲν ἀναζεύξας ἐκ τῆς Λιμναίας δείλης καὶ προελθὼν ὥς ἐξήκοντα στάδια κατεστρατοπέδευσε. [6] δειπνοποιησάμενος δὲ καὶ βραχὺ διαναπαύσας τὴν δύναμιν αὐθις ὥρμα, καὶ συνεχῶς νυκτοπορήσας ἦκε πρὸς τὸν Ἀχελῷον ποταμὸν ἄρτι τῆς ἡμέρας ἐπιφανιούσης, μεταξὺ Κωνόπης καὶ Στράτου, σπεύδων ἄφνω καὶ παραδόξως ἐπὶ τὸν ἐν τοῖς Θέρμοις τόπον ἐπιβαλεῖν.

[1] οἱ δὲ περὶ τὸν Λεόντιον κατὰ δύο τρόπους ὀρῶντες τὸν μὲν Φίλιππον καθιζόμενον τῆς προθέσεως, τοὺς δ' Αἰτωλοὺς ἀδυνατήσαντας τοῖς παροῦσι, καθ' ἓνα μὲν ἢ ταχεῖα καὶ παράδοξος ἢ τῶν Μακεδόνων ἐγεγόνει παρουσία, [2] καθ' ἕτερον δ' ἢ πρὸς γε τὸν ἐν τοῖς Θέρμοις τόπον οὐδέποτε ἂν ὑπολαβόντες Αἰτωλοὶ τολμῆσαι τὸν Φίλιππον οὕτω προχείρως αὐτὸν δοῦναι διὰ τὰς ὀχυρότητας τῶν τόπων ἔμελλον ἀπρονόητοι καὶ παντελῶς ἀπαρασκευοὶ ληφθῆσεσθαι πρὸς τὸ συμβαῖνον· [3] εἰς ἃ βλέποντες, καὶ τηροῦντες τὴν ἑαυτῶν πρόθεσιν, ὥντο δεῖν τὸν Φίλιππον περὶ τὸν Ἀχελῷον στρατοπεδεύσαντα προσαναπαῦσαι τὴν δύναμιν ἐκ τῆς νυκτοπορίας, σπουδάζοντες βραχεῖαν γε τοῖς Αἰτωλοῖς ἀναστροφὴν δοῦναι πρὸς τὴν βοήθειαν. [4] οἱ δὲ περὶ τὸν Ἄρατον, θεωροῦντες τὸν μὲν καιρὸν ὀξὺν ὄντα τῆς ἐπιβολῆς, τοὺς δὲ περὶ τὸν Λεόντιον προδήλως

ἐμποδίζοντας, διεμαρτύροντο τὸν Φίλιππον μὴ παριέναι τὸν καιρὸν μηδὲ καταμέλλειν. [5] οἷς καὶ πεισθεὶς ὁ βασιλεύς, καὶ προσκόπτων ἤδη τοῖς περὶ τὸν Λεόντιον, ἐποιεῖτο τὴν πορείαν κατὰ τὸ συνεχές. [6] διαβάς δὲ τὸν Ἀχελῷον ποταμὸν προῆγε συντόνως ὥς ἐπὶ τὸν Θέρμον· ἅμα δὲ προάγων ἐδήλου καὶ κατέφθειρε τὴν χώραν. [7] παρήει δ' ἐκ μὲν εὐωνύμων ἀπολιπὼν Στράτον, Ἀγρίνιον, Θεστιεῖς, ἐκ δὲ δεξιῶν Κωνώπην, Λυσιμάχειαν, Τριχώνιον, Φύταιον. [8] ἀφικόμενος δὲ πρὸς πόλιν τὴν καλουμένην Μέταπαν, ἣ κεῖται μὲν ἐπ' αὐτῆς τῆς Τριχωνίδος λίμνης καὶ τῶν παρὰ ταύτην στενῶν, ἀπέχει δὲ σχεδὸν ἐξήκοντα στάδια τοῦ προσαγορευομένου Θέρμου, [9] ταύτην μὲν ἐκλιπόντων τῶν Αἰτωλῶν εἰσαγαγὼν πεντακοσίους στρατιώτας κατεῖχε, βουλόμενος ἐφεδρεῖα χρήσασθαι πρὸς τε τὴν εἴσοδον καὶ τὴν ἔξοδον τὴν ἐκ τῶν στενῶν — [10] ἔστι γὰρ πᾶς ὁ παρὰ τὴν λίμνην τόπος ὀρεινὸς καὶ τραχύς, συνηγμένος ταῖς ὕλαις· διὸ καὶ παντελῶς στενὴν καὶ δυσδίοδον ἔχει τὴν πάροδον — [11] μετὰ δὲ ταῦτα τοὺς μὲν μισθοφόρους προθέμενος πάσης τῆς πορείας, ἐπὶ δὲ τούτοις τοὺς Ἰλλυριοὺς, ἐξῆς δὲ τοὺς πελταστὰς καὶ φαλαγγίτας ἔχων προῆγε διὰ τῶν στενῶν, ἀπουραγούντων μὲν αὐτῶ τῶν Κρητῶν, δεξιῶν δὲ παρὰ πλάγια τῶν Θρακῶν καὶ ψιλῶν ἀντιπαραπορευομένων ταῖς χώραις. [12] τὴν μὲν γὰρ ἐκ τῶν εὐωνύμων ἐπιφάνειαν τῆς πορείας ἡσφάλισθ' ἢ λίμνη σχεδὸν ἐπὶ τριάκοντα στάδια.

[1] ἀνύσας δὲ τοὺς προειρημένους τόπους, καὶ παραγενόμενος πρὸς τὴν καλουμένην κόμην Παμφίαν, ὁμοίως καὶ ταύτην ἀσφαλισάμενος φρουρᾷ προέβαινε πρὸς τὸν Θέρμον, ὁδὸν οὐ μόνον προσάντη καὶ τραχεῖαν διαφερόντως, ἀλλὰ καὶ κρημνοὺς ἐξ ἐκατέρου τοῦ μέρους ἔχουσιν βαθεῖς, [2] ὥστε καὶ λίαν ἐπισφαλῇ καὶ στενὴν τὴν πάροδον εἶναι κατ' ἐνίους τόπους, τῆς πάσης ἀναβάσεως οὔσης σχεδὸν ἐπὶ τριάκοντα στάδια. [3] διανύσας δὲ καὶ ταύτην ἐν βραχεῖ χρόνῳ διὰ τὸ τοὺς Μακεδόνας ἐνεργὸν ποιεῖσθαι τὴν πορείαν, [4] ἦκε πολλῆς ὥρας ἐπὶ τὸν Θέρμον, καὶ καταστρατοπεδεύσας ἐφῆκε τὴν δύναμιν τὰς τε περιοικίδας κόμας πορθεῖν καὶ τὸ τῶν Θερμίων πεδίον ἐπιτρέχειν, ὁμοίως δὲ καὶ τὰς οἰκίας τὰς ἐν αὐτῷ τῷ Θέρμῳ διαρπάζειν, οὔσας πλήρεις οὐ μόνον σίτου καὶ τῆς τοιαύτης χορηγίας, ἀλλὰ καὶ κατασκευῆς διαφερούσης τῶν παρ' Αἰτωλῶν. [5] καθ' ἕκαστον γὰρ ἔτος ἀγοράς τε καὶ πανηγύρεις ἐπιφανεστάτας, ἔτι δὲ καὶ τὰς τῶν ἀρχαιρεσιῶν καταστάσεις ἐν τούτῳ τῷ τόπῳ συντελούντων, ἕκαστοι πρὸς τὰς

ὑποδοχὰς καὶ τὰς εἰς ταῦτα παρασκευὰς τὰ πολυτελέστατα τῶν ἐν τοῖς βίοις ὑπαρχόντων εἰς τοῦτον ἀπετίθεντο τὸν τόπον. [6] χωρὶς δὲ τῆς χρείας καὶ τὴν ἀσφάλειαν ἤλπιζον ἐνταυθοῖ βεβαιοτάτην αὐτοῖς ὑπάρχειν, διὰ τὸ μήτε πολέμιον τετολμηκέναι μηδένα πώποτε εἰς τοὺς τόπους τούτους ἐμβαλεῖν, εἶναι τε τῇ φύσει τοιούτους ὥστε τῆς συμπάσης Αἰτωλίας οἶον ἀκροπόλεως ἔχειν τάξιν. [7] διότιπερ εἰρηνευομένης ἐκ παλαιοῦ τῆς χώρας πλήρεις ἦσαν ἀγαθῶν πολλῶν αἷ τε περὶ τὸ ἱερὸν οἰκίαι καὶ πάντες οἱ πέριξ τόποι. [8] ἐκείνην μὲν οὖν τὴν νύκτα παντοδαπῆς γέμοντες ὠφελείας αὐτοῦ κατηυλίσθησαν: τῇ δ' ἐπαύριον τῆς μὲν κατασκευῆς τὰ πολυτελέστατα καὶ τὰ δυνατὰ κομίζεσθαι διέλεγον, τὰ δὲ λοιπὰ σωρεύοντες πρὸ τῶν σκηνῶν ἐνεπίμπρασαν. [9] ὁμοίως δὲ καὶ τῶν ὅπλων τῶν ἐν ταῖς στοαῖς ἀνακειμένων τὰ μὲν πολυτελεῖ καθαιροῦντες ἀπεκόμιζον, τινὰ δ' ὑπήλλαττον, τὰ δὲ λοιπὰ συναθροίσαντες πῦρ ἐνέβαλον. ἦν δὲ ταῦτα πλείω τῶν μυρίων καὶ πεντακισχιλίων.

[1] καὶ ἔως μὲν τούτου πάντα κατὰ τοὺς τοῦ πολέμου: νόμους καλῶς καὶ δικαίως ἐπράττετο: τὰ δὲ μετὰ ταῦτα πῶς χρή λέγειν οὐκ οἶδα. [2] λαβόντες γὰρ ἔννοϊαν τῶν ἐν Δίῳ καὶ Δωδώνῃ πεπραγμένων τοῖς Αἰτωλοῖς, τὰς τε στοὰς ἐνεπίμπρασαν καὶ τὰ λοιπὰ τῶν ἀναθημάτων διέφθειρον, ὄντα πολυτελεῖ ταῖς κατασκευαῖς καὶ πολλῆς ἐπιμελείας ἔνια τετευχότα καὶ δαπάνης. [3] οὐ μόνον δὲ τῷ πυρὶ κατελυμήναντο τὰς ὀροφάς, ἀλλὰ καὶ κατέσκαψαν εἰς ἔδαφος. ἀνέτρεψαν δὲ καὶ τοὺς ἀνδριάντας, ὄντας οὐκ ἐλάττους δισχιλίων: πολλοὺς δὲ καὶ διέφθειραν, πλὴν ὅσοι θεῶν ἐπιγραφὰς ἢ τύπους εἶχον: τῶν δὲ τοιούτων ἀπέσχοντο. [4] κατέγραφον δ' εἰς τοὺς τοίχους καὶ τὸν περιφερόμενον στίχον, ἥδη τότε τῆς ἐπιδεξιότητος τῆς Σάμου φυομένης, ὃς ἦν υἱὸς μὲν Χρυσογόνου, σύντροφος δὲ τοῦ βασιλέως. [5] ὁ δὲ στίχος ἦν

[1] ὀρθῶς τὸ δῖον οὗ βέλος διέπτατο; [6] καὶ μεγίστη δὴ καὶ παράστασις ἐπὶ τούτοις εἶχε τὸν τε βασιλέα καὶ τοὺς περὶ αὐτὸν φίλους, ὥς δικαίως ταῦτα πράττοντας καὶ καθηκόντως, ἀμυνομένους τοῖς ὁμοίοις τὴν τῶν Αἰτωλῶν περὶ τὸ Δῖον ἀσέβειαν. ἐμοὶ δὲ τάναντία δοκεῖ τούτων. [7] εἰ δ' ὀρθὸς ὁ λόγος, σκοπεῖν ἐν μέσῳ πάρεστι, χρωμένους οὐχ ἑτέροις τισίν, ἀλλὰ τοῖς ἐξ αὐτῆς τῆς οἰκίας ταύτης παραδείγμασιν. [8] Ἀντίγονος ἐκ παρατάξεως νικήσας μάχῃ Κλεομένην τὸν βασιλέα τῶν Λακεδαιμονίων ἐγκρατὴς ἐγένετο καὶ

τῆς Σπάρτης, [9] αὐτός τ' ὢν κύριος ὁ βούλοιοτο χρῆσθαι καὶ τῇ πόλει καὶ τοῖς ἐμπολιτευομένοις, τοσοῦτον ἀπεῖχε τοῦ κακῶς ποιεῖν τοὺς γεγονότας ὑποχειρίους ὥς ἐκ τῶν ἐναντίων ἀποδοὺς τὸ πάτριον πολίτευμα καὶ τὴν ἐλευθερίαν, καὶ τῶν μεγίστων ἀγαθῶν αἴτιος γενόμενος καὶ κοινῇ καὶ κατ' ἰδίαν Λακεδαιμονίοις, οὕτως εἰς τὴν οἰκείαν ἀπηλλάγη. [10] τοιγαροῦν οὐ μόνον ἐκρίθη παρ' αὐτὸν τὸν καιρὸν εὐεργέτης, ἀλλὰ καὶ μεταλλάξας σωτήρ, οὐδὲ παρὰ μόνοις Λακεδαιμονίοις, ἀλλὰ παρὰ πᾶσι τοῖς Ἑλλησιν ἀθανάτου τέτευχε τιμῆς καὶ δόξης ἐπὶ τοῖς προειρημένοις. καὶ μὴν ὁ πρῶτος αὐτῶν αὐξήσας τὴν βασιλείαν καὶ γενόμενος ἀρχηγὸς τοῦ προσχήματος τῆς οἰκίας, Φίλιππος νικήσας Ἀθηναίους τὴν ἐν Χαιρωνείᾳ μάχην, οὐ τοσοῦτον ἦνυσε διὰ τῶν ὅπλων ὅσον διὰ τῆς ἐπιεικειᾶς καὶ φιλανθρωπίας τῶν τρόπων. [2] τῷ μὲν γὰρ πολέμῳ καὶ τοῖς ὅπλοις αὐτῶν μόνων περιεγένετο καὶ κύριος κατέστη τῶν ἀντιταξαμένων, τῇ δ' εὐγνωμοσύνη καὶ μετριότητι πάντας Ἀθηναίους ἅμα καὶ τὴν πόλιν αὐτῶν ἔσχεν ὑποχείριον, [3] οὐκ ἐπιμετρῶν τῷ θυμῷ τοῖς πραττομένοις, ἀλλὰ μέχρι τούτου πολεμῶν καὶ φιλονεικῶν, ἕως τοῦ λαβεῖν ἀφορμὰς πρὸς ἀπόδειξιν τῆς αὐτοῦ πραότητος καὶ καλοκάγαθίας. [4] τοιγαροῦν χωρὶς λύτρων ἀποστείλας τοὺς αἰχμαλώτους καὶ κηδεύσας Ἀθηναίων τοὺς τετελευτηκότας, ἔτι δὲ συνθεὶς Ἀντιπάτρῳ τὰ τούτων ὅστ'α καὶ τῶν ἀπαλλαττομένων τοὺς πλείστους ἀμφιέσας, μικρὰ δαπάνη διὰ τὴν ἀγχίνοιαν τὴν μεγίστην πρᾶξιν κατειργάσατο: [5] τὸ γὰρ Ἀθηναίων φρόνημα καταπληξάμενος τῇ μεγαλοψυχίᾳ πρὸς πᾶν ἐτοίμους αὐτοὺς ἔσχε συναγωνιστὰς ἀντὶ πολεμίων. [6] τί δ' Ἀλέξανδρος; ἐκεῖνος γὰρ ἐπὶ τοσοῦτον ἐξοργισθεὶς Θηβαίοις ὥστε τοὺς μὲν οἰκήτορας ἐξανδραποδίσασθαι, τὴν δὲ πόλιν εἰς ἔδαφος κατασκάψαι, τῆς γε πρὸς τοὺς θεοὺς εὐσεβείας οὐκ ὀλιγώρησε περὶ τὴν κατάληψιν τῆς πόλεως, [7] ἀλλὰ πλείστην ἐποίησατο πρόνοιαν ὑπὲρ τοῦ μηδ' ἀκούσιον ἀμάρτημα γενέσθαι περὶ τὰ ἱερὰ καὶ καθόλου τὰ τεμένη. [8] καὶ μὴν ὅτε διαβάς εἰς τὴν Ἀσίαν μετεπορεύετο τὴν Περσῶν ἀσέβειαν εἰς τοὺς Ἑλληνας, παρὰ μὲν τῶν ἀνθρώπων ἐπειράθη λαβεῖν δίκην ἀξίαν τῶν σφίσι πεπραγμένων, τῶν δὲ τοῖς θεοῖς καταπεφημισμένων πάντων ἀπέσχετο, καίπερ τῶν Περσῶν μάλιστα περὶ τοῦτο τὸ μέρος ἐξαμαρτόντων ἐν τοῖς κατὰ τὴν Ἑλλάδα τόποις. [9]

[11] τοιγαροῦν τάναντία τοῖς προειρημένοις ἀνδράσιν ἐπιτηδεύων τῆς ἐναντίας ἔτυχε παρὰ πᾶσι δόξης, προβαίνων κατὰ τὴν ἡλικίαν. ὧν ἦν ἓν καὶ τὸ τότεπραχθέν. τοῖς γὰρ Αἰτωλῶν ἀσεβήμασι συνεξαμαρτάνων διὰ τὸν θυμὸν καὶ κακῷ κακὸν ἰώμενος οὐδὲν ᾔετο ποιεῖν ἄτοπον. [2] καὶ Σκόπα μὲν καὶ Δωριμάχῳ παρ' ἕκαστον εἰς ἀσέλγειαν καὶ παρανομίαν ὠνείδιζε, τὴν ἐν Δωδώνῃ καὶ Δίῳ προφερόμενος ἀσέβειαν εἰς τὸ θεῖον: αὐτὸς δὲ παραπλήσια ποιῶν οὐκ ᾔετο τῆς ὁμοίας ἐκείνοις τεύξεσθαι δόξης παρὰ τοῖς ἀκούσασι. [3] τὸ μὲν γὰρ παραιρεῖσθαι τῶν πολεμίων καὶ καταφθεῖρειν φρούρια, λιμένας, πόλεις, ἄνδρας, ναῦς, καρπούς, τᾶλλα τὰ τούτοις παραπλήσια, δι' ὧν τοὺς μὲν ὑπεναντίους ἀσθενεστεροὺς ἂν τις ποιήσαι, τὰ δὲ σφέτερα πράγματα καὶ τὰς ἐπιβολὰς δυναμικωτέρας, ταῦτα μὲν ἀναγκάζουσιν οἱ τοῦ πολέμου νόμοι καὶ τὰ τούτου δίκαια δρᾶν: [4] τὸ δὲ μήτε τοῖς ἰδίῳις πράγμασιν ἐπικουρίαν μέλλοντα μηδ' ἡντινοῦν παρασκευάζειν μήτε τοῖς ἐχθροῖς ἐλάττωσιν πρὸς γε τὸν ἐνεστῶτα πόλεμον ἐκ περιττοῦ καὶ ναοὺς, ἅμα δὲ τούτοις ἀνδριάντας καὶ πᾶσαν δὴ τὴν τοιαύτην κατασκευὴν λυμαίνεσθαι, πῶς οὐκ ἂν εἴποι τις εἶναι τρόπου καὶ θυμοῦ λυττῶντος ἔργον; [5] οὐ γὰρ ἐπ' ἀπωλείᾳ δεῖ καὶ ἀφανισμῷ τοῖς ἀγνοήσασι πολεμεῖν τοὺς ἀγαθοὺς ἄνδρας, ἀλλ' ἐπὶ διορθώσει καὶ μεταθέσει τῶν ἡμαρτημένων, οὐδὲ συναναιρεῖν τὰ μηδὲν ἀδικοῦντα τοῖς ἡδικηκόσιν, ἀλλὰ συσφῶζειν μᾶλλον καὶ συνεξαيرهῖσθαι τοῖς ἀναιτίοις τοὺς δοκοῦντας ἀδικεῖν. [6] τυράννου μὲν γὰρ ἔργον ἐστὶ τὸ κακῶς ποιοῦντα τῷ φόβῳ δεσπόζειν ἀκουσίων, μισούμενον καὶ μισοῦντα τοὺς ὑποταττομένους: βασιλέως δὲ τὸ πάντας εὖ ποιοῦντα, διὰ τὴν εὐεργεσίαν καὶ φιλανθρωπίαν ἀγαπώμενον, ἐκόντων ἡγεῖσθαι καὶ προστατεῖν. [7]

[1] μάλιστα δ' ἂν τις καταμάθοι τὴν ἁμαρτίαν τὴν τότε Φιλίππου, λαβὼν πρὸ ὀφθαλμῶν τίνα διάληψιν εἰκὸς ἦν Αἰτωλοὺς ἔχειν, εἰ τάναντία τοῖς εἰρημένοις ἔπραξε καὶ μήτε τὰς στοὰς μήτε τοὺς ἀνδριάντας διέφθειρε μήτ' ἄλλο μηδὲν ἠκίσατο τῶν ἀναθημάτων. [8] ἐγὼ μὲν γὰρ οἶμαι τὴν βελτίστην ἂν καὶ φιλανθρωποτάτην, συνειδότας μὲν αὐτοῖς τὰ περὶ Δῖον καὶ Δωδώνην πεπραγμένα, σαφῶς δὲ γινώσκοντας ὅθ' ὁ Φίλιππος τότε καὶ πρᾶξαι κύριος ἦν ὁ

βουληθείη, καὶ πράξας τὰ δεινότατα δικαίως ἂν ἐδόκει τοῦτο πεποιηκέναι τό γε κατ' ἐκείνους μέρος· [9] διὰ δὲ τὴν αὐτοῦ πραότητα καὶ μεγαλοψυχίαν οὐδὲν εἴλετο τῶν ὁμοίων ἐκείνοις ἐπιτηδεύειν. δῆλον γὰρ ἐκ τούτων ὡς εἰκὸς ἦν αὐτῶν μὲν καταγινώσκειν, τὸν δὲ Φίλιππον ἀποδέχεσθαι καὶ θαυμάζειν, ὡς βασιλικῶς καὶ μεγαλοψύχως αὐτοῦ· χρωμένου τῇ τε πρὸς τὸ θεῖον εὐσεβείᾳ καὶ τῇ πρὸς αὐτοὺς ὀργῇ. [2] καὶ μὴν τό γε νικῆσαι τοὺς πολεμίους καλοκάγαθία καὶ τοῖς δικαίοις οὐκ ἐλάττω, μείζω δὲ παρέχεται χρεῖαν τῶν ἐν τοῖς ὅπλοις κατορθωμάτων. [3] οἷς μὲν γὰρ δι' ἀνάγκην, οἷς δὲ κατὰ προαίρεσιν εἴκουσιν οἱ λειφθέντες· καὶ τὰ μὲν μετὰ μεγάλων ἐλαττωμάτων ποιεῖται τὴν διόρθωσιν, τὰ δὲ χωρὶς βλάβης πρὸς τὸ βέλτιον μετατίθῃσι τοὺς ἀμαρτάνοντας. [4] τὸ δὲ μέγιστον, ἐν οἷς μὲν τὸ πλεῖστόν ἐστι τῆς πράξεως τῶν ὑποταττομένων, ἐν οἷς δ' αὐτοτελὴς ἡ νίκη γίνεται τῶν ἡγουμένων. [5]

[1] ἴσως μὲν οὖν οὐκ ἂν τις αὐτῷ Φιλίππῳ τῶν τότε γενομένων πᾶσαν ἐπιφέρει τὴν αἰτίαν διὰ τὴν ἡλικίαν, τὸ πλεῖον δὲ τοῖς συνοῦσι καὶ συμπράττουσι τῶν φίλων, ὧν ἦν Ἄρατος καὶ Δημήτριος ὁ Φάριος. [6] ὑπὲρ ὧν οὐ δυσχερὲς ἀποφήνασθαι καὶ μὴ παρόντα τότε ποτέρου τὴν τοιαύτην εἰκὸς εἶναι συμβουλίαν. [7] χωρὶς γὰρ τῆς κατὰ τὸν ὅλον βίον προαιρέσεως, ἐν ᾗ περὶ μὲν Ἄρατον οὐδὲν ἂν εὑρεθείη προπετὲς οὐδ' ἄκριτον, περὶ δὲ Δημήτριον τάναντία, καὶ δεῖγμα τῆς προαιρέσεως ἐκατέρων ἐν οἷς συνεβουλευσάντο Φιλίππῳ παραπλησίως ὁμολογούμενον ἔχομεν· [8] ὑπὲρ οὗ λαβόντες τὸν οἰκεῖον καιρὸν ποιησόμεθα τὴν ἀρμόζουσαν μνήμην. ὁ δὲ Φίλιππος — ἀπὸ γὰρ τούτων παρεξέβην — ὅσα δυνατόν ἦν ἄγειν καὶ φέρειν ἀναλαβὼν ἐκ τοῦ Θέρμου προῆγε, ποιούμενος τὴν αὐτὴν ἐπάνοδον ἣ καὶ παρεγένετο, προβαλόμενος μὲν τὴν λείαν εἰς τοῦμπροσθεν καὶ τὰ βαρέα τῶν ὅπλων, ἐπὶ δὲ τῆς οὐραγίας ἀπολιπὼν τοὺς Ἀκαρνᾶνας καὶ τοὺς μισθοφόρους, [2] σπεύδων ὡς τάχιστα διανύσαι τὰς δυσχωρίας διὰ τὸ προσδοκᾶν τοὺς Αἰτωλοὺς ἐξάψεσθαι τῆς οὐραγίας, πιστεύοντας ταῖς ὀχυρότησι τῶν τόπων. [3] ὁ καὶ συνέβη γενέσθαι παρὰ πόδας. οἱ γὰρ Αἰτωλοὶ προσβεβηθηκότες καὶ συνηθροισμένοι σχεδὸν εἰς τρισχιλίους, ἕως μὲν ὁ Φίλιππος ἦν ἐπὶ τῶν μετεώρων, οὐκ ἠγγίζον, ἀλλ' ἔμενον ἔν τισι τόποις ἀδύλοις, Ἀλεξάνδρου τοῦ Τριχωνέως προεστῶτος αὐτῶν· ἅμα δὲ τῷ κινῆσαι τὴν οὐραγίαν ἐπέβαλον εὐθέως εἰς τὸν Θέρμον καὶ προσέκειντο τοῖς ἐσχάτοις. [4] γινομένης δὲ ταραχῆς περὶ τὴν οὐραγίαν, ἔτι μᾶλλον

ἐκθύμως οἱ παρὰ τῶν Αἰτωλῶν ἐπέκειντο καὶ προσέφερον τὰς χεῖρας, πιστεύοντες τοῖς τόποις. [5] ὁ δὲ Φίλιππος, προειδὼς τὸ μέλλον, ὑπὸ τινα λόφον ὑπεστάλκει τοὺς Ἰλλυριοὺς ἐν τῇ καταβάσει καὶ τῶν πελταστῶν τοὺς ἐπιτηδειοτάτους. [6] ὧν διαναστάντων ἐπὶ τοὺς ἐπικειμένους καὶ προπεπωκότας τῶν ὑπεναντίων, τοὺς μὲν λοιποὺς τῶν Αἰτωλῶν ἀνοδίᾳ καὶ προτροπάδην συνέβη φυγεῖν, ἑκατὸν δὲ καὶ τριάκοντα πεσεῖν, ἀλῶναι δ' οὐ πολὺ τούτων ἐλάττους. [7] γενομένου δὲ τοῦ προτερήματος τούτου, ταχέως οἱ περὶ τὴν οὐραγίαν, ἐμπρήσαντες τὸ Πάμφιον καὶ μετ' ἀσφαλείας διελθόντες τὰ στενά, συνέμιζαν τοῖς Μακεδόσιν: [8] ὁ γὰρ Φίλιππος ἐστρατοπεδευκὼς περὶ τὴν Μέταπαν ἐνταυθοῖ προσανεδέχετο τοὺς ἀπὸ τῆς οὐραγίας. εἰς δὲ τὴν ὑστεραίαν κατασκάψας τὴν Μέταπαν προῆγε, καὶ παρενέβαλε περὶ τὴν καλουμένην πόλιν Ἄκρας. [9] τῇ δ' ἐξῆς ἅμα προάγων ἐπόρθει τὴν χώραν, καὶ καταστρατοπεδεύσας περὶ Κωνώπην ἐπέμεινε τὴν ἐχομένην ἡμέραν. [10] τῇ δ' ἐπιούσῃ πάλιν ἀναζεύξας ἐποιεῖτο τὴν πορείαν παρὰ τὸν Ἀχελῷον ἕως ἐπὶ τὸν Στράτον. διαβάς δὲ τὸν ποταμὸν ἐπέστησε τὴν δύναμιν ἐκτὸς βέλους,

[1] ἀποπειρώμενος τῶν ἔνδον: ἐπυνθάνετο γὰρ εἰς τὸν Στράτον συνδεδραμηκέναι τῶν Αἰτωλῶν πεζοὺς μὲν εἰς τρισχιλίους, ἵππεῖς δὲ περὶ τετρακοσίους, Κρητὰς δ' εἰς πεντακοσίους. [2] οὐδενὸς δ' ἐπεξίνεαι τολμῶντος, αὗτις ἀρξάμενος ἐκίνει τοὺς πρώτους, ποιούμενος τὴν πορείαν ὡς ἐπὶ τὴν Λιμναίαν καὶ τὰς ναῦς. [3] ἅμα δὲ τῷ τὴν οὐραγίαν παραλλάξαι τὴν πόλιν τὸ μὲν πρῶτον ὀλίγοι τῶν Αἰτωλικῶν ἱππέων ἐξεληθόντες κατεπείραζον τῶν ἐσχάτων: [4] ἐπεὶ δὲ τό τε τῶν Κρητῶν πλῆθος ἐκ τῆς πόλεως καὶ τινες τῶν Αἰτωλικῶν συνῆψαν τοῖς αὐτῶν ἱππεῦσι, γινομένης ὁλοσχερεστέρας συμπλοκῆς, ἠναγκάσθησαν ἐκ μεταβολῆς οἱ περὶ τὴν οὐραγίαν κινδυνεύειν. [5] τὸ μὲν οὖν πρῶτον ἀμφοτέρων ἐφάμιλλος ἦν ὁ κίνδυνος: προσβοηθησάντων δὲ τοῖς παρὰ τοῦ Φιλίππου μισθοφόροις τῶν Ἰλλυριῶν, ἐνέκλιναν καὶ σποράδην ἔφευγον οἱ τῶν Αἰτωλῶν ἱππεῖς καὶ μισθοφόροι. [6] καὶ τὸ μὲν πολὺ μέρος αὐτῶν ἕως εἰς τὰς πύλας καὶ πρὸς τὰ τείχη συνεδίωξαν οἱ παρὰ τοῦ βασιλέως, κατέβαλον δ' εἰς ἑκατόν. [7] ἀπὸ δὲ ταύτης τῆς χρείας λοιπὸν οἱ μὲν ἐκ τῆς πόλεως τὴν ἡσυχίαν ἤγον, οἱ δ' ἀπὸ τῆς οὐραγίας ἀσφαλῶς συνῆψαν πρὸς τὸ στρατόπεδον καὶ τὰς ναῦς. [8]

[1] ὁ δὲ Φίλιππος καταστρατοπεδεύσας ἐν ὥρᾳ τοῖς θεοῖς ἔθυσεν εὐχαριστήρια τῆς γεγενημένης αὐτῷ περὶ τὴν ἐπιβολὴν εὐροίας, ἅμα

δὲ καὶ τοὺς ἡγεμόνας ἐκάλει, βουλόμενος ἐστιᾶσαι πάντας. [9] ἐδόκει γὰρ εἰς τόπους αὐτὸν δεδωκέναι παραβόλους καὶ τοιούτους, εἰς οὓς οὐδεὶς ἐτόλμησε πρότερον στρατοπέδῳ παρεμβалеῖν. [10] ὁ δ' οὐ μόνον ἐνέβαλε μετὰ τῆς δυνάμεως, ἀλλὰ καὶ πᾶν ὃ προέθετο συντελεσάμενος ἀσφαλῶς ἐποιήσατο τὴν ἐπάνοδον. δι' ἃ περιχαρὴς ὢν οὗτος μὲν ἐγένετο περὶ τὴν τῶν ἡγεμόνων ὑποδοχὴν: [11] οἱ δὲ περὶ τὸν Μεγαλέαν καὶ Λεόντιον δυσχερῶς ἔφερον τὴν γεγενημένην ἐπιτυχίαν τοῦ βασιλέως, ὥς ἂν διατεταγμένοι μὲν πρὸς τὸν Ἀπελλῆν πάσαις ἐμποδιεῖν ταῖς ἐπιβολαῖς αὐτοῦ, μὴ δυνάμενοι δὲ τοῦτο ποιεῖν, [12] ἀλλὰ τῶν πραγμάτων αὐτοῖς κατὰ τοῦναντίον προχωρούντων, διεσφαλμένοι προφανῶς. ἀλλ' ἥκόν γε πρὸς τὸ δεῖπνον. ἦσαν μὲν οὖν εὐθέως ἐν ὑπονοίᾳ τῷ τε βασιλεῖ καὶ τοῖς ἄλλοις οὐχ ὁμοίως τοῖς λοιποῖς χαίροντες ἐπὶ τοῖς γεγονόσι: [2] προβαίνοντος δὲ τοῦ πότου, κᾶπειτα γενομένης ἀκαιρίας καὶ πολυποσίας, ἀναγκασθέντες συμπεριφέρεσθαι, ταχέως ἐξεθεάτρισαν αὐτούς. [3] λυθείσης γὰρ τῆς συνουσίας ὑπὸ τε τῆς μέθης καὶ τῆς ἀλογιστίας ἐλαυνόμενοι, περιήεσαν ζητοῦντες τὸν Ἄρατον. [4] συμμίζαντες δὲ κατὰ τὴν ἐπάνοδον αὐτῷ, τὸ μὲν πρῶτον ἐλοιδόρουν, μετὰ δὲ βάλλειν ἐνεχείρησαν τοῖς λίθοις. [5] προσβοηθούντων δὲ πλειόνων ἀμφοτέροις θόρυβος ἦν καὶ κίνημα κατὰ τὴν παρεμβολήν. ὁ δὲ βασιλεὺς ἀκούων τῆς κραυγῆς, ἐξαπέστειλε τοὺς ἐπιγνωσομένους καὶ διαλύσοντας τὴν ταραχήν. [6] ὁ μὲν οὖν Ἄρατος, παραγενομένων τούτων, εἰπὼν τὰ γεγονότα καὶ μάρτυρας παρασχόμενος τοὺς συμπαρόντας, ἀπηλλάττετο ταύτης τῆς ἀδὶ [7] κίας ἐπὶ τὴν αὐτοῦ σκηνήν, ὁ δὲ Λεόντιος ἀλόγως πῶς κατὰ τὸν θόρυβον ἀπέρρευσε. τὸν δὲ Μεγαλέαν καὶ Κρίνωνα μεταπεμψάμενος ὁ βασιλεὺς, ἐπεὶ συνῆκε τὸ γεγονός, ἐπετίμα πικρῶς. [8] οἱ δ' οὐχ οἶον ὑπέμειναν, ἀλλ' ἐπεμέτρησαν, φάσκοντες οὐδὲ λήξειν τῆς προθέσεως, ἕως ἂν τὸν μισθὸν ἐπιθῶσι τοῖς περὶ τὸν Ἄρατον. [9] ὁ δὲ βασιλεὺς, ὀργισθεὶς ἐπὶ τῷ ῥηθέντι, παραχρῆμα πρὸς εἴκοσι τάλαντα κατεγγυήσας ἐκέλευσεν αὐτοὺς εἰς φυλακὴν ἀπαγα

[1] γεῖν. τῇ δ' ἐπαύριον ἀνακαλεσάμενος τὸν Ἄρατον παρεκάλει θαρρεῖν, ὅτι ποιήσεται τὴν ἐνδεχομένην ἐπιστροφὴν τοῦ πράγματος. [2] ὁ δὲ Λεόντιος, συνεὶς τὰ περὶ τὸν Μεγαλέαν, ἦκε πρὸς τὴν σκηνὴν μετὰ τινων πελταστῶν, πεπεισμένος καταπλήξεσθαι διὰ τὴν ἡλικίαν καὶ ταχέως εἰς μετάνοιαν ἄξειν τὸν βασιλέα. [3] συντυχὼν δ' αὐτῷ, προσεπυνθάνετο τίς ἐτόλμησεν ἐπιβαλεῖν τὰς χεῖρας Μεγαλέα καὶ τίς

εἰς τὴν φυλακὴν ἀπαγαγεῖν. [4] τοῦ δὲ βασιλέως ὑποστατικῶς αὐτοῦ
φήσαντος συντεταχέναι, καταπλαγεῖς ὁ Λεόντιος καὶ τι
προσανοιμῶξας, ἀπῆει τεθυμωμένος. ὁ δὲ βασιλεὺς, [5] ἀναχθεὶς
παντὶ τῷ στόλῳ καὶ διάρας τὸν κόλπον, ὡς θάττον εἰς τὴν Λευκάδα
καθωρμίσθη, τοῖς μὲν ἐπὶ τῆς τῶν λαφύρων οἰκονομίας τεταγμένοις
περὶ ταῦτα συνέταξε γινομένοις μὴ καθυστερεῖν, αὐτὸς δὲ
συναγαγὼν τοὺς φίλους ἀπέδωκε κρίσιν τοῖς περὶ τὸν Μεγαλέαν. [6]
τοῦ δ' Ἄρατου κατηγορήσαντος ἀνέκαθεν τὰ πεπραγμένα τοῖς περὶ
τὸν Λεόντιον, καὶ διελθόντος τὴν γενομένην ὑπ' αὐτῶν ἐν Ἄργει
σφαγὴν, ἣν ἐποιήσαντο μετὰ τὸν Ἀντιγόνου χωρισμόν, καὶ τὰς πρὸς
Ἀπελλῆν συνθήκας, ἔτι δὲ τὸν περὶ τοὺς Παλαιεῖς ἐμποδισμόν, [7] καὶ
πάντα ταῦτα μετ' ἀποδείξεως ἐνδεικνυμένου καὶ μαρτύρων, οὐ
δυνάμενοι πρὸς οὐδὲν ἀντιλέγειν οἱ περὶ τὸν Μεγαλέαν
κατεκρίθησαν ὁμοθυμαδὸν ὑπὸ τῶν φίλων. [8] καὶ Κρίνων μὲν
ἔμεινεν ἐν τῇ φυλακῇ, τὸν δὲ Μεγαλέαν Λεόντιος ἀνεδέξατο τῶν
χρημάτων. [9]

[1] ἡ μὲν οὖν Ἀπελλοῦ καὶ τῶν περὶ τὸν Λεόντιον πρᾶξις ἐν
τούτοις ἦν, παλίντροπον λαμβάνουσα τὴν προκοπὴν ταῖς ἐξ ἀρχῆς
αὐτῶν ἐλπίσιν. [10] ἔδοξαν μὲν γὰρ καταπληξάμενοι τὸν Ἄρατον καὶ
μονώσαντες τὸν Φίλιππον ποιήσιν ὃ τι ἂν αὐτοῖς δοκῇ συμφέρειν,
ἀπέβη δὲ τούτων τάναντία. κατὰ δὲ τοὺς προειρημένους καιροὺς
Λυκοῦργος ἐκ μὲν τῆς Μεσσηνίας οὐδὲν ἄξιον λόγου πράξας
ἐπανῆλθε: μετὰ δὲ ταῦτα πάλιν ὀρμήσας ἐκ Λακεδαιμόνος
κατελάβετο τὴν τῶν Τεγεατῶν πόλιν. [2] τῶν δὲ σωμάτων
ἀποχωρησάντων εἰς τὴν ἄκραν, ἐπεβάλετο πολιορκεῖν ταύτην.
οὐδαμῶς δὲ δυνάμενος ἀνύειν οὐδὲν αὐτὶς ἀνεχώρησεν εἰς τὴν
Σπάρτην. [3] οἱ δ' ἐκ τῆς Ἥλιδος καταδραμόντες τὴν Δυμαίαν καὶ
τοὺς βοηθήσαντας τῶν ἱππέων εἰς ἐνέδραν ἐπαγαγόμενοι ῥαδίως
ἐτρέψαντο, [4] καὶ τῶν μὲν Γαλατικῶν οὐκ ὀλίγους κατέβαλον, τῶν δὲ
πολιτικῶν αἰχμαλώτους ἔλαβον Πολυμήδη τε τὸν Αἰγιάα καὶ
Δυμαίους Ἀγησίπολιν καὶ Διοκλέα. [5] Δωρίμαχος δὲ τὴν μὲν πρώτην
ἐξοδὸν ἐποιήσατο μετὰ τῶν Αἰτωλῶν, πεπεισμένος, καθάπερ ἐπάνω
προεῖπον, αὐτὸν μὲν ἀσφαλῶς κατασύρειν τὴν Θετταλίαν, τὸν δὲ
Φίλιππον ἀναστήσειν ἀπὸ τῆς περὶ τοὺς Παλαιεῖς πολιορκίας: [6]
εὐρὼν δὲ τοὺς περὶ τὸν Χρυσόγονον καὶ Πετραῖον ἐτοίμους ἐν
Θετταλίᾳ πρὸς τὸ διακινδυνεύειν, εἰς μὲν τὸ πεδίον οὐκ ἐθάρρει
καταβαίνειν, ἐν δὲ ταῖς παρωρείαις προσανέχων διῆγε. [7]

προσπεσούσης δ' αὐτῷ τῆς τῶν Μακεδόνων εἰς τὴν Αἰτωλίαν εἰσβολῆς, ἀφέμενος τῶν κατὰ Θετταλίαν ἐβοήθει τούτοις κατὰ σπουδὴν. καταλαβὼν δ' ἀπηλλαγμένους ἐκ τῆς Αἰτωλίας τοὺς Μακεδόνας οὗτος μὲν ὑπελείπετο καὶ καθυστέρει πάντων: [8] ὁ δὲ βασιλεὺς ἀναχθεὶς ἐκ τῆς Λευκάδος, καὶ πορθήσας ἐν παράπλῳ τὴν τῶν Οἰανθῶν χώραν, κατῆρε μετὰ τοῦ στόλου παντὸς εἰς Κόρινθον. [9] ὁρμίσας δὲ τὰς νῆας ἐν τῷ Λεχαίῳ τὴν τε δύναμιν ἐξεβίβαζε καὶ τοὺς γραμματοφόρους διαπέστελλε πρὸς τὰς ἐν Πελοποννήσῳ συμμαχίδας πόλεις, δηλῶν τὴν ἡμέραν, ἐν ᾗ δεήσει πάντας μετὰ τῶν ὅπλων κοιταίους ἐν τῇ τῶν

[1] Τεγεατῶν γίνεσθαι πόλει. ταῦτα δὲ διαπραζάμενος, καὶ μείνας οὐδένα χρόνον ἐν τῇ Κορίνθῳ, παρήγγειλε τοῖς Μακεδόσιν ἀναζυγὴν. ποιησάμενος δὲ τὴν πορείαν δι' Ἄργους ἤκε δευτεραῖος εἰς Τεγέαν. [2] προσαναλαβὼν δὲ τοὺς ἡθροισμένους τῶν Ἀχαιῶν προῆγε διὰ τῆς ὀρεινῆς, σπουδάζων λαθεῖν τοὺς Λακεδαιμονίους ἐμβαλὼν εἰς τὴν χώραν. [3] περιελθὼν δὲ ταῖς ἐρημίαις, τεταρταῖος ἐπέβαλε τοῖς καταντικρὺ τῆς πόλεως λόφοις, καὶ παρῆι δεξιὸν ἔχων τὸ Μενελαῖον ἐπ' αὐτὰς τὰς Ἀμύκλας. [4] οἱ δὲ Λακεδαιμόνιοι, θεωροῦντες ἐκ τῆς πόλεως παράγουσαν τὴν δύναμιν, ἐκπλαγεῖς ἐγένοντο καὶ περίφοβοι, θαυμάζοντες τὸ συμβαῖνον. [5] ἀκμὴν γὰρ ἦσαν μετέωροι ταῖς διανοίαις ἐκ τῶν προσπιπτόντων ὑπὲρ τοῦ Φιλίππου περὶ τὴν καταφθορὰν τοῦ Θέρμου καὶ καθόλου ταῖς ἐν Αἰτωλίᾳ πράξεσι, καὶ τις ἐνεπεπτώκει θροῦς παρ' αὐτοῖς ὑπὲρ τοῦ τὸν Λυκοῦργον ἐκπέμπειν βοηθήσοντα τοῖς Αἰτωλοῖς. [6] ὑπὲρ δὲ τοῦ τὸ δεινὸν ἦξειν ἐπὶ σφᾶς οὕτως ὀξέως ἐκ τηλικούτου διαστήματος οὐδὲ διενοεῖτο παράπαν αὐτῶν οὐδεὶς, ἅτε καὶ τῆς ἡλικίας ἐχούσης ἀκμὴν εὐκαταφρόνητόν τι τῆς τοῦ βασιλέως. διὸ καὶ παρὰ δόξαν αὐτοῖς τῶν πραγμάτων συγκυρούντων εἰκότως ἦσαν ἐκπλαγεῖς. [7] ὁ γὰρ Φίλιππος τολμηρότερον καὶ πρακτικώτερον ἢ κατὰ τὴν ἡλικίαν χρώμενος ταῖς ἐπιβολαῖς εἰς ἀπορίαν καὶ δυσχρηστίαν ἅπαντας ἦγε τοὺς πολεμίους. [8] ἀναχθεὶς γὰρ ἐκ μέσης Αἰτωλίας, καθάπερ ἐπάνω προεῖπον, καὶ διανύσας ἐν νυκτὶ τὸν Ἀμβρακικὸν κόλπον, εἰς Λευκάδα κατῆρε. [9] δύο δὲ μείνας ἡμέρας ἐνταῦθα, τῇ τρίτῃ ποιησάμενος ὑπὸ τὴν ἑωθινὴν τὸν ἀνάπλουν, δευτεραῖος πορθήσας ἅμα τὴν τῶν Αἰτωλῶν παραλίαν ἐν Λεχαίῳ καθωρμίσθη. [10] μετὰ δὲ ταῦτα κατὰ τὸ συνεχὲς ποιούμενος τὰς πορείας ἑβδομαῖος ἐπέβαλε τοῖς ὑπὲρ τὴν πόλιν κειμένοις παρὰ τὸ Μενελαῖον λόφοις, ὥστε τοὺς

πλείστους ὀρῶντας τὸ γεγονός μὴ πιστεύειν τοῖς συμβαίνουσιν.

[1] οἱ μὲν οὖν Λακεδαιμόνιοι, [11] περιδεεῖς γεγονότες διὰ τὸ παράδοξον, ἠπόρουν καὶ δυσχρήστως διέ κειντο πρὸς τὸ παρόν. ὁ δὲ Φίλιππος τῇ μὲν πρώτῃ κατεστρατοπέδευσε περὶ τὰς Ἀμύκλας. [2] αἱ δ' Ἀμύκλαι καλούμεναι τόπος ἐστὶ τῆς Λακωνικῆς χώρας καλλιδενδρότατος καὶ καλλικαρπότατος, ἀπέχει δὲ τῆς Λακεδαίμονος ὥς εἴκοσι σταδίου. [3] ὑπάρχει δὲ καὶ τέμενος Ἀπόλλωνος ἐν αὐτῷ σχεδὸν ἐπιφανέστατον τῶν κατὰ τὴν Λακωνικὴν ἱερῶν. κεῖται δὲ τῆς πόλεως ἐν τοῖς πρὸς θάλατταν κεκλιμένοις μέρεσι. [4] τῇ δ' ἐπιούσῃ πορθῶν ἅμα τὴν χώραν εἰς τὸν Πύρρου καλούμενον κατέβη χάρακα. δύο δὲ τὰς ἐξῆς ἡμέρας ἐπιδραμὼν καὶ δηώσας τοὺς συνέγγυς τόπους, [5] κατεστρατοπέδευσε περὶ τὸ Κάρνιον, ὅθεν ὀρμήσας ἦγε πρὸς Ἀσίνην· καὶ ποιησάμενος προσβολάς, οὐδέν γε τῶν προύργου περαίνων, ἀνέξευξε, καὶ τὸ λοιπὸν ἐπιτορευόμενος ἔφθειρε τὴν χώραν πᾶσαν τὴν ἐπὶ τὸ Κρητικὸν πέλαγος τετραμμένην ἕως Ταινάρου. [6] μεταβαλόμενος δ' αὐτὶς ἐποιεῖτο τὴν πορείαν παρὰ τὸν ναύσταθμον τῶν Λακεδαιμονίων, ὃ καλεῖται μὲν Γύθιον, ἔχει δ' ἀσφαλῆ λιμένα, τῆς δὲ πόλεως ἀπέχει περὶ διακόσια καὶ τριάκοντα στάδια. [7] τοῦτο δ' ἀπολιπὼν κατὰ πορείαν δεξιὸν κατεστρατοπέδευσε περὶ τὴν Ἑλείαν, ἣτις ἐστὶν ὥς πρὸς μέρος θεωρουμένη πλείστη καὶ καλλίστη χώρα τῆς Λακωνικῆς. [8] ὅθεν ἀφίεις τὰς προνομάς αὐτόν τε τὸν τόπον τοῦτον πάντα κατεπυρπόλει καὶ διέφθειρε τοὺς ἐν αὐτῷ καρπούς, ἀφικνεῖτο δὲ ταῖς προνομαῖς καὶ πρὸς Ἀκρίας καὶ Λεύκας, ἔτι δὲ καὶ τὴν τῶν Βοιωτῶν χώραν.

[1] οἱ δὲ Μεσσήνιοι, κοιμισάμενοι τὰ γράμματα τὰ παρὰ τοῦ Φιλπίου τὰ περὶ τῆς στρατείας, τῇ μὲν ὀρμῇ τῶν ἄλλων οὐκ ἐλείποντο συμμάχων, ἀλλὰ τὴν ἐξοδὸν ἐποιήσαντο μετὰ σπουδῆς καὶ τοὺς ἀκμαιοτάτους ἄνδρας ἐξέπεμψαν, πεζοὺς μὲν δισχιλίους, ἵππεῖς δὲ διακοσίους. [2] τῇ δὲ μήκει τῆς ὁδοῦ καθυστερήσαντες τῆς εἰς τὴν Τεγέαν παρουσίας τοῦ Φιλίππου, τὸ μὲν πρῶτον ἠπόρουν τί δέον εἶη ποιεῖν· [3] ἀγωνιῶντες δὲ μὴ δόξαιεν ἐθελοκακεῖν διὰ τὰς προγεγενημένας περὶ αὐτοὺς ὑποψίας, ὥρμησαν διὰ τῆς Ἀργείας εἰς τὴν Λακωνικὴν, βουλόμενοι συνάψαι τοῖς περὶ τὸν Φίλιππον. [4] παραγενόμενοι δὲ πρὸς Γλυμπεῖς χωρίον, ὃ κεῖται περὶ τοὺς ὄρους τῆς Ἀργείας καὶ Λακωνικῆς, πρὸς τοῦτο κατεστρατοπέδευσαν ἀπείρως ἅμα καὶ ῥαθύμως· [5] οὔτε γὰρ τάφρον οὔτε χάρακα τῇ

παρεμβολῇ περιέβαλον οὔτε τόπον εὐφυῇ περιέβλεψαν, ἀλλὰ τῇ τῶν κατοικούντων τὸ χωρίον εὐνοία πιστεύοντες ἀκάκως πρὸ τοῦ τείχους αὐτοῦ παρενέβαλον. [6] ὁ δὲ Λυκοῦργος, προσαγγελθείσης αὐτῷ τῆς τῶν Μεσσηνίων παρουσίας, ἀναλαβὼν τοὺς μισθοφόρους καὶ τινὰς τῶν Λακεδαιμονίων προῆγε, καὶ συνάψας τοῖς τόποις ὑπὸ τὴν ἑωθινὴν ἐπέθετο τῇ στρατοπεδείᾳ τολμηρῶς. οἱ δὲ Μεσσήνιοι, [7] τᾶλλα πάντα κακῶς βουλευσάμενοι, καὶ μάλιστα προελθεῖν ἐκ τῆς Τεγέας, μὴ κατὰ τὸ πλῆθος ἀξιοχρεῶς ὑπάρχοντες μήτε πιστεύοντες ἐμπείροις, παρ' αὐτόν γε τὸν κίνδυνον κατὰ τὴν ἐπίθεσιν ὅμως τὸ δυνατόν ἐκ τῶν πραγμάτων ἔλαβον πρὸς τὴν ἑαυτῶν σωτηρίαν: [8] ἅμα γὰρ τῷ συνιδεῖν ἐπιφαινομένους τοὺς πολεμίους ἀφέμενοι πάντων σπουδῇ πρὸς τὸ χωρίον προσέφυγον. [9] διόπερ Λυκοῦργος τῶν μὲν ἵππων ἐγκρατὴς ἐγένετο τῶν πλείστων καὶ τῆς ἀποσκευῆς, τῶν δ' ἀνδρῶν ζωγρία μὲν οὐδενὸς ἐκυρίευσεν, τῶν δ' ἱππέων ὁκτῶ μόνον ἀπέκτεινε. [10]

[1] Μεσσήνιοι μὲν οὖν τοιαύτῃ περιπετεῖα χρησάμενοι πάλιν δι' Ἄργους εἰς τὴν οἰκείαν ἀνεκομίσθησαν. [11] ὁ δὲ Λυκοῦργος μετεωρισθεὶς ἐπὶ τῷ γεγονότι, παραγενόμενος εἰς τὴν Λακεδαίμονα περὶ παρασκευὴν ἐγένετο καὶ συνήδρευε μετὰ τῶν φίλων, ὥς οὐκ ἑάσων τὸν Φίλιππον ἐπανελθεῖν ἐκ τῆς χώρας ἄνευ κινδύνου καὶ συμπλοκῆς. [12] ὁ δὲ βασιλεὺς ἐκ τῆς Ἑλείας ἀναζεύξας προῆγε, πορθῶν ἅμα τὴν χώραν, καὶ τεταρταῖος αὐτῆς εἰς τὰς Ἀμύκλας κατῆρε παντὶ τῷ στρατεύματι περὶ μέσον ἡμέρας. Λυκοῦργος δὲ διαταξάμενος περὶ τοῦ μέλλοντος κινδύνου τοῖς ἡγεμόσι καὶ τοῖς φίλοις, αὐτὸς μὲν ἐξελθὼν ἐκ τῆς πόλεως κατελάβετο τοὺς περὶ τὸ Μενελαῖον τόπους, ἔχων τοὺς πάντας οὐκ ἐλάττους δισχιλίων, [2] τοῖς δ' ἐν τῇ πόλει συνέθετο προσέχειν τὸν νοῦν, ἵν' ὅταν αὐτοῖς αἴρῃ τὸ σύνθημα, σπουδῇ κατὰ πλείους τόπους ἐξαγαγόντες πρὸ τῆς πόλεως τὴν δύναμιν ἐκτάττωσι, βλέπουσαν ἐπὶ τὸν Εὐρώταν, καθ' ὃν ἐλάχιστον τόπον ἀπέχει τῆς πόλεως ὁ ποταμός. [3] τὰ μὲν οὖν περὶ τὸν Λυκοῦργον καὶ τοὺς Λακεδαιμονίους ἐν τούτοις ἦν. [4]

[1] ἵνα δὲ μὴ τῶν τόπων ἀγνοουμένων ἀνυπότακτα καὶ κωφὰ γίνηται τὰ λεγόμενα, συνυποδεικτέον ἂν εἴῃ τὴν φύσιν καὶ τάξιν αὐτῶν, [5] ὃ δὴ καὶ παρ' ὅλην τὴν πραγματείαν πειρώμεθα ποιεῖν, συνάπτοντες καὶ συνοικειοῦντες ἀεὶ τοὺς ἀγνοουμένους τῶν τόπων τοῖς γνωριζομένοις καὶ παραδιδόμενοις. [6] ἐπεὶ γὰρ τῶν κατὰ πόλεμον κινδύνων τοὺς πλείους καὶ κατὰ γῆν καὶ κατὰ θάλατταν

σφάλλουσιν αἱ τῶν τόπων διαφοραί, βουλόμεθα δὲ πάντες οὐχ οὕτως τὸ γεγονὸς ὡς τὸ πῶς ἐγένετο γινώσκειν, [7] οὐ παρολιγορητέον τῆς τῶν τόπων ὑπογραφῆς ἐν οὐδ' ὁποῖα μὲν τῶν πράξεων, ἥκιστα δ' ἐν ταῖς πολεμικαῖς, οὐδ' ὀκνητέον ποτὲ μὲν λιμέσι καὶ πελάγεσι καὶ νήσοις συγχρησθαι σημείοις, ποτὲ δὲ πάλιν ἱεροῖς, ὄρεσι, [8] χώραις ἐπωνύμοις, τὸ δὲ τελευταῖον ταῖς ἐκ τοῦ περιέχοντος διαφοραῖς, ἐπεὶ δὴ κοινόταται πᾶσιν ἀνθρώποις εἰσὶν αὗται: [9] μόνως γὰρ οὕτως δυνατόν εἰς ἔννοιαν ἀγαγεῖν τῶν ἀγνωστούμενων τοὺς ἀκούοντας, καθάπερ καὶ πρότερον εἰρήκαμεν. [10] ἔστι δ' ἡ τῶν τόπων φύσις τοιαύτη [ὑπὲρ ὧν νῦν δὴ ὁ λόγος]. τῆς γὰρ Σπάρτης τῷ μὲν καθόλου σχήματι περιφεροῦς ὑπαρχούσης καὶ κειμένης ἐν τόποις ἐπιπέδοις, κατὰ μέρος δὲ περιεχούσης ἐν αὐτῇ διαφόρους ἀνωμάλους καὶ βουνώδεις τόπους, [2] τοῦ δὲ ποταμοῦ παραρρέοντος ἐκ τῶν πρὸς ἀνατολὰς αὐτῆς μερῶν, ὃς καλεῖται μὲν Εὐρώτας, γίνεται δὲ τὸν πλείω χρόνον ἄβατος διὰ τὸ μέγεθος, [3] συμβαίνει τοὺς βουνοὺς ἐφ' ὧν τὸ Μενελαίον ἐστὶ πέραν μὲν εἶναι τοῦ ποταμοῦ, κεῖσθαι δὲ τῆς πόλεως κατὰ χειμερινὰς ἀνατολὰς, ὄντας τραχεῖς καὶ δυσβάτους καὶ διαφερόντως ὑψηλοὺς, ἐπικεῖσθαι δὲ τῷ πρὸς τὴν πόλιν τοῦ ποταμοῦ διαστήματι κυρίως, [4] δι' οὗ φέρεται μὲν ὁ προειρημένος ποταμὸς παρ' αὐτὴν τὴν τοῦ λόφου ρίζαν, ἔστι δ' οὐ πλεῖον τὸ πᾶν διάστημα τριῶν ἡμισταδίων: [5] δι' οὗ τὴν ἀνακομιδὴν ἔδει ποιεῖσθαι κατ' ἀνάγκην τὸν Φίλιππον, ἐκ μὲν εὐωνύμων ἔχοντα τὴν πόλιν καὶ τοὺς Λακεδαιμονίους ἐτοιμοὺς καὶ παρατεταγμένους, ἐκ δὲ δεξιῶν τὸν τε ποταμὸν καὶ τοὺς περὶ τὸν Λυκοῦργον ἐπὶ τῶν λόφων ἐφεστῶτας. [6] ἐμμεληχάνηντο δέ τι πρὸς τοῖς ὑπάρχουσι καὶ τοιοῦτον οἱ Λακεδαιμόνιοι: φράξαντες γὰρ τὸν ποταμὸν ἄνωθεν ἐπὶ τὸν μεταξὺ τόπον τῆς πόλεως καὶ τῶν βουνῶν ἐφῆκαν, οὗ διαβρόχου γενηθέντος, οὐχ οἷον τοὺς ἵππους, ἀλλ' οὐδ' ἂν τοὺς πεζοὺς δυνατόν ἦν ἐμβαίνειν. [7] διόπερ ἀπελείπετο παρ' αὐτὴν τὴν παρώρειαν ὑπὸ τοὺς λόφους τὴν δύναμιν ἄγοντας δυσπαραβοηθήτους καὶ μακροὺς αὐτοὺς ἐν πορείᾳ παραδιδόναι τοῖς πολεμίοις.

[1] εἰς ἃ βλέπων ὁ Φίλιππος, [8] καὶ βουλευσάμενος μετὰ τῶν φίλων, ἀναγκαιότατον ἔκρινε τῶν παρόντων τὸ τρέψασθαι πρῶτους τοὺς περὶ τὸν Λυκοῦργον ἀπὸ τῶν κατὰ τὸ Μενελαίον τόπων. [9] ἀναλαβὼν οὖν τοὺς τε μισθοφόρους καὶ τοὺς πελταστάς, ἐπὶ δὲ τούτοις καὶ τοὺς Ἰλλυριοὺς, προῆγε διαβάς τὸν ποταμὸν ὡς ἐπὶ τοὺς λόφους. [10] ὁ δὲ Λυκοῦργος, συνθεωρῶν τὴν ἐπίνοιαν τοῦ Φιλίππου,

τοὺς μὲν μεθ' ἑαυτοῦ στρατιώτας ἡτοίμαζε καὶ παρεκάλει πρὸς τὸν κίνδυνον, τοῖς δ' ἐν τῇ πόλει τὸ σημεῖον ἀνέφηνεν. [11] οὗ γενομένου παραυτίκα τοὺς πολιτικούς, οἷς ἐπιμελὲς ἦν, ἐξῆγον κατὰ τὸ συντεταγμένον πρὸ τοῦ τείχους, ποιοῦντες ἐπὶ τοῦ δεξιοῦ κέρατος τοὺς ἱππεῖς. ὁ δὲ Φίλιππος ἐγγίσας τοῖς περὶ τὸν Λυκούργον τὸ μὲν πρῶτον αὐτοὺς ἐφῆκε τοὺς μισθοφόρους, [2] ἐξ οὗ καὶ συνέβη τὰς ἀρχὰς ἐπικυδестέρως ἀγωνίζεσθαι τοὺς παρὰ τῶν Λακεδαιμονίων, ἅτε καὶ τοῦ καθοπλισμοῦ καὶ τῶν τόπων αὐτοῖς οὐ μικρὰ συμβαλλομένων. [3] ἐπεὶ δὲ τοὺς μὲν πελταστὰς ὁ Φίλιππος ὑπέβαλε τοῖς ἀγωνιζομένοις, ἐφεδρείας ἔχοντας τάξιν, τοῖς δ' Ἰλλυριοῖς ὑπεράρας ἐκ πλαγίων ἐποιεῖτο τὴν ἔφοδον, [4] τότε συνέβη τοὺς μὲν παρὰ τοῦ Φιλίππου μισθοφόρους ἐπαρθέντας τῇ τῶν Ἰλλυριῶν καὶ πελταστῶν ἐφεδρεία πολλαπλασίως ἐπιρρωσθῆναι πρὸς τὸν κίνδυνον, τοὺς δὲ παρὰ τοῦ Λυκούργου, καταπλαγέντας τὴν τῶν βαρέων ὅπλων ἔφοδον, ἐγκλίναντας φυγεῖν. [5] ἔπεσον μὲν οὖν αὐτῶν εἰς ἑκατόν, ἐάλωσαν δὲ μικρῷ πλείους: οἱ δὲ λοιποὶ διέφυγον εἰς τὴν πόλιν. ὁ δὲ Λυκούργος αὐτὸς ταῖς ἀνοδίαις ὀρμήσας νύκτωρ μετ' ὀλίγων ἐποίησατο τὴν εἰς πόλιν πάροδον. [6] Φίλιππος δὲ τοὺς μὲν λόφους τοῖς Ἰλλυριοῖς κατελάβετο, τοὺς δ' εὐζώνους ἔχων καὶ πελταστὰς ἐπανάηκε πρὸς τὴν δύναμιν. [7] Ἄρατος δὲ κατὰ τὸν καιρὸν τοῦτον, ἄγων ἐκ τῶν Ἀμυκλῶν τὴν φάλαγγα, σύνεγγυς ἦν ἤδη τῆς πόλεως. [8] ὁ μὲν οὖν βασιλεὺς διαβάς τὸν ποταμὸν ἐφήδρευε τοῖς εὐζώνοις καὶ πελτασταῖς, ἔτι δὲ τοῖς ἱππεῦσιν, ἕως τὰ βαρέα τῶν ὅπλων ὑπ' αὐτοὺς τοὺς βουνοὺς ἀσφαλῶς διῆει τὰς δυσχωρίας. [9] τῶν δ' ἐκ τῆς πόλεως ἐπιβαλομένων ἐγχειρεῖν τοῖς ἐφεδρεύουσι τῶν ἱππέων, καὶ γενομένης συμπλοκῆς ὀλοσχερεστέρας, καὶ τῶν πελταστῶν εὐψύχως ἀγωνισαμένων, [10] καὶ περὶ τοῦτον τὸν καιρὸν ὁ Φίλιππος ὁμολογούμενον προτέρημα ποιήσας, καὶ συνδιώξας τοὺς τῶν Λακεδαιμονίων ἱππεῖς εἰς τὰς πύλας, μετὰ ταῦτα διαβάς ἀσφαλῶς τὸν Εὐρώταν ἀπουράγει τοῖς αὐτοῦ φαλαγγίταις

[1] ἤδη δὲ τῆς ὥρας συναγοῦσης, ἀπαναγκαζόμενος αὐτοῦ στρατοπεδεύειν, περὶ τὴν ἐκ τῶν στενῶν ἔξοδον ἐχρήσατο στρατοπεδεῖα, [2] κατὰ σύμπτωμα τῶν ἡγεμόνων περιβαλλομένων τοιοῦτον τόπον οἷον οὐκ ἂν ἄλλον τις εὖροι βουλούμενος εἰς τὴν χώραν τῆς Λακωνικῆς παρ' αὐτὴν τὴν πόλιν ποιεῖσθαι τὴν εἰσβολήν. [3] ἔστι γὰρ ἐπὶ τῆς ἀρχῆς τῶν προειρημένων στενῶν, ὅταν ἀπὸ τῆς Τεγέας ἢ καθόλου τῆς μεσογαίου παραγινόμενος ἐγγίξῃ τις τῇ

Λακεδαιμόνιοι, τόπος ἀπέχων μὲν τῆς πόλεως δύο μάλιστα σταδίου, ἐπ' αὐτοῦ δὲ κείμενος τοῦ ποταμοῦ. [4] τούτου δὲ συμβαίνει τὴν μὲν ἐπὶ τὴν πόλιν καὶ τὸν ποταμὸν βλέπουσαν πλευρὰν περιέχεσθαι πᾶσαν ἀπορρῶγι μεγάλη καὶ παντελῶς ἀπροσίτῃ: τὸ δ' ἐπὶ τοῖς κρημνοῖς τούτοις χωρίον ἐπίπεδόν ἐστι καὶ γεῶδες καὶ κάθυγρον, ἅμα δὲ καὶ πρὸς τὰς εἰσαγωγὰς καὶ τὰς ἐξαγωγὰς τῶν δυνάμεων εὐφυῶς κείμενον, [5] ὥστε τὸν στρατοπεδεύσαντα ἐν αὐτῷ καὶ κατασχόντα τὸν ὑπερκείμενον λόφον δοκεῖν μὲν ἐν ἀσφαλεῖ στρατοπεδεύειν διὰ τὴν παράθεσιν τῆς πόλεως, στρατοπεδεύειν δ' ἐν καλλίστῳ, κρατοῦντα τῆς εἰσόδου καὶ τῆς διόδου τῶν στενῶν. [6] πλὴν ὃ γε Φίλιππος, καταστρατοπεδεύσας ἐν τούτῳ μετ' ἀσφαλείας, τῇ κατὰ πόδας ἡμέρᾳ τὴν μὲν ἀποσκευὴν προαπέστειλε, τὴν δὲ δύναμιν ἐξέταξεν ἐν τοῖς ἐπιπέδοις εὐσύνοπτον τοῖς ἐκ τῆς πόλεως. [7] χρόνον μὲν οὖν τινα βραχὺν ἔμεινε, μετὰ δὲ ταῦτα κλίνας ἐπὶ κέρας ἦγε ποιούμενος τὴν πορείαν ὡς ἐπὶ Τεγέαν. [8] συνάψας δὲ τοῖς τόποις ἐν οἷς Ἀντίγονος καὶ Κλεομένης συνεστήσαντο τὸν κίνδυνον, αὐτοῦ κατεστρατοπέδευσε. [9] τῇ δ' ἐξῆς θεασάμενος τοὺς τόπους καὶ θύσας τοῖς θεοῖς ἐφ' ἑκατέρου τῶν λόφων, ὧν ὁ μὲν Ὀλυμπος, ὁ δ' Εὐὰς καλεῖται, μετὰ ταῦτα προῆγε, στερροποιησάμενος τὴν οὐραγίαν. [10] ἀφικόμενος δ' εἰς Τεγέαν καὶ λαφυροπωλήσας πᾶσαν τὴν λείαν, καὶ μετὰ ταῦτα ποιησάμενος δι' Ἄργους τὴν πορείαν, ἦκε μετὰ τῆς δυνάμεως εἰς Κόρινθον. [11] παρόντων δὲ πρεσβευτῶν παρά τε Ῥοδίων καὶ Χίων περὶ διαλύσεως τοῦ πολέμου, χρηματίσας τούτοις καὶ συνυποκριθεὶς καὶ φήσας ἕτοιμος εἶναι διαλύεσθαι καὶ νῦν καὶ πάλαι πρὸς Αἰτωλοὺς, τούτους μὲν ἐξέπεμπε, διαλέγεσθαι κελεύσας καὶ τοῖς Αἰτωλοῖς περὶ τῆς διαλύσεως, [12] αὐτὸς δὲ καταβὰς εἰς τὸ Λέχαιον ἐγένετο περὶ πλοῦν, ἔχων τινὰς πράξεις ὀλοσχερεστέρας ἐν τοῖς περὶ Φωκίδα τόποις.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον οἱ περὶ τὸν Λεόντιον καὶ Μεγαλέαν καὶ Πτολεμαῖον, ἔτι πεπεισμένοι καταπλήξεσθαι τὸν Φίλιππον καὶ λύειν τῷ τοιούτῳ τρόπῳ τὰς προγεγενημένας ἁμαρτίας, ἐνέβαλον λόγους εἰς τε τοὺς πελταστὰς καὶ τοὺς ἐκ τοῦ λεγομένου παρὰ τοῖς Μακεδόσιν ἀγῆματος, [2] ὅτι κινδυνεύουσι μὲν ὑπὲρ πάντων, γίνεται δ' αὐτοῖς οὐδὲν τῶν δικαίων οὐδὲ κομίζονται τελείας τὰς ὠφελείας τὰς γινομένας αὐτοῖς ἐκ τῶν ἐθισμῶν. [3] δι' ὧν παρῴζυναν τοὺς νεανίσκους συστραφέντας ἐγχειρῆσαι διαρπάζειν μὲν τὰς τῶν ἐπιφανεστάτων φίλων καταλύσεις, ἐκβάλλειν δὲ τὰς θύρας καὶ

κατακόπτειν τὸν κέραμον τῆς τοῦ βασιλέως αὐλῆς. [4] τούτων δὲ συμβαινόντων, καὶ τῆς πόλεως ὅλης ἐν θορύβῳ καὶ ταραχῇ καθεστώσης, ἀκούσας ὁ Φίλιππος, ἦκε μετὰ σπουδῆς ἐκ τοῦ Λεχαίου θέων εἰς τὴν πόλιν. [5] καὶ συναγαγὼν εἰς τὸ θέατρον τοὺς Μακεδόνας τὰ μὲν παρεκάλει, τὰ δ' ἐπέπληττε πᾶσιν ἐπὶ τοῖς πεπραγμένοις. [6] θορύβου δ' ὄντος καὶ πολλῆς ἀκρισίας, καὶ τῶν μὲν οἰομένων δεῖν ἄγειν καὶ καταλεύειν τοὺς αἰτίους, τῶν δὲ διαλύεσθαι καὶ μηδενὶ μνησικακεῖν, [7] τότε μὲν ὑποκριθεὶς ὡς πεπεισμένος καὶ παρακάλεσας πάντας ἐπανῆλθε, σαφῶς μὲν εἰδὼς τοὺς ἀρχηγοὺς τῆς κινήσεως γεγονότας, οὐ προσποιοηθεὶς δὲ διὰ τὸν καιρόν.

[1] μετὰ δὲ τὴν ταραχὴν ταύτην αἱ μὲν ἐν τῇ Φωκίδι προφανεῖσαι πράξεις ἐμποδισμούς τινας ἔσχον: οἱ δὲ περὶ τὸν Λεόντιον, [2] ἀπεγνωκότες τὰς ἐν αὐτοῖς ἐλπίδας διὰ τὸ μηδὲν σφίσι προχωρεῖν τῶν ἐπινοουμένων, κατέφευγον ἐπὶ τὸν Ἀπελλῆν καὶ διαπεμπόμενοι συνεχῶς ἐκάλουν αὐτὸν ἐκ τῆς Χαλκίδος, ἀπολογιζόμενοι τὴν περὶ σφᾶς ἀπορίαν καὶ δυσχρησίαν ἐκ τῆς πρὸς τὸν βασιλέα διαφορᾶς. [3] συνέβαινε δὲ τὸν Ἀπελλῆν πεποιῆσθαι τὴν ἐν τῇ Χαλκίδι διατριβὴν ἐξουσιαστικώτερον τοῦ καθήκοντος αὐτῷ: [4] τὸν μὲν γὰρ βασιλέα, νέον ἔτι καὶ τὸ πλεῖον ὑφ' αὐτὸν ὄντα καὶ μηδενὸς κύριον ἀπεδείκνυε, τὸν δὲ τῶν πραγμάτων χειρισμὸν καὶ τὴν τῶν ὅλων ἐξουσίαν εἰς αὐτὸν ἐπανῆγε. [5] διόπερ οἱ τ' ἀπὸ Μακεδονίας καὶ Θετταλίας ἐπιστάται καὶ χειρισταὶ τὴν ἀναφορὰν ἐποιοῦντο πρὸς ἐκεῖνον, αἱ τε κατὰ τὴν Ἑλλάδα πόλεις ἐν τοῖς ψηφίσμασι καὶ τιμαῖς καὶ δωρεαῖς ἐπὶ βραχὺ μὲν ἐμνημόνευον τοῦ βασιλέως, τὸ δ' ὅλον αὐτοῖς ἦν καὶ τὸ πᾶν Ἀπελλῆς. [6] ἐφ' οἷς Φίλιππος πυνθανόμενος πάλαι μὲν ἐσχετλίαζε καὶ δυσχερῶς ἔφερε τὸ γινόμενον, ἅτε καὶ παρὰ πλευρὰν ὄντος Ἀράτου καὶ πραγματικῶς ἐξεργαζομένου τὴν ὑπόθεσιν: ἀλλ' ἐκαρτέρει καὶ πᾶσιν ἄδηλος ἦν ἐπὶ τί φέρεται καὶ ἐπὶ ποίας ὑπάρχει γνώμης. [7] ὁ δ' Ἀπελλῆς, ἀγνοῶν τὰ καθ' αὐτόν, πεπεισμένος δ', ἐὰν εἰς ὅσιν ἔλθῃ τῷ Φιλίππῳ, πάντα κατὰ τὴν ἑαυτοῦ γνώμην διοικήσειν, ὥρμησε τοῖς περὶ τὸν Λεόντιον ἐπικουρήσων ἐκ τῆς Χαλκίδος. [8] παραγενομένου δ' εἰς τὴν Κόρινθον αὐτοῦ, μεγάλην σπουδὴν ἐποιοῦντο καὶ παρώξυνον τοὺς νέους εἰς τὴν ἀπάντησιν οἱ περὶ τὸν Λεόντιον καὶ Πτολεμαῖον καὶ Μεγαλέαν, ὄντες ἡγεμόνες τῶν τε πελταστῶν καὶ τῶν ἄλλων τῶν ἐπιφανεστάτων συστημάτων. [9] γενομένης δὲ τῆς εἰσόδου τραγικῆς διὰ τὸ πλῆθος τῶν ἀπαντησάντων ἡγεμόνων καὶ στρατιωτῶν, ἦκε

πρὸς τὴν αὐλὴν ὁ προειρημένος εὐθέως ἐκ πορείας. [10] βουλομένου δ' αὐτοῦ κατὰ τὴν προγεγενημένην συνήθειαν εἰσιέναι, παρακατέσχε τις τῶν ῥαβδούχων κατὰ τὸ συντεταγμένον, φήσας οὐκ εὐκαίρως ἔχειν τὸν βασιλέα. [11] ξενισθεῖς δὲ καὶ διαπορήσας ἐπὶ πολὺν χρόνον διὰ τὸ παράδοξον ὁ μὲν Ἀπελλῆς ἐπανῆγε διατετραμμένος, οἱ δὲ λοιποὶ παραχρῆμα πάντες ἀπέρρεον ἀπ' αὐτοῦ προφανῶς, ὥστε τὸ τελευταῖον μόνον μετὰ τῶν ἰδίων παίδων εἰσελθεῖν εἰς τὴν αὐτοῦ κατάλυσιν. [12] βραχεῖς γὰρ δὴ πάνυ καιροὶ πάντας μὲν ἀνθρώπους ὡς ἐπίπαν ὑποῦσι καὶ πάλιν ταπεινοῦσι, μάλιστα δὲ τοὺς ἐν ταῖς βασιλείαις. [13] ὄντως γάρ εἰσιν οὗτοι παραπλήσιοι ταῖς ἐπὶ τῶν ἀβακίων ψήφοις· ἐκεῖναί τε γὰρ κατὰ τὴν τοῦ ψηφίζοντος βούλησιν ἄρτι χαλκοῦν καὶ παραυτίκα τάλαντον ἰσχύουσιν, οἱ τε περὶ τὰς αὐλάς κατὰ τὸ τοῦ βασιλέως νεῦμα μακάριοι καὶ παρὰ πόδας ἐλεεινοὶ γίνονται. [14] ὁ δὲ Μεγαλέας, ὁρῶν παρὰ δόξαν ἐκβαίνουσιν αὐτοῖς τὴν ἐπικουρίαν τὴν κατὰ τὸν Ἀπελλῆν, φόβου πλήρης ἦν καὶ περὶ δρασμὸν ἐγένετο. [15] ὁ δ' Ἀπελλῆς ἐπὶ μὲν τὰς συνουσίας καὶ τοιαῦτα τῶν τιμῶν παρελαμβάνετο, τῶν δὲ διαβουλίων καὶ τῆς μεθ' ἡμέραν συμπεριφορᾶς οὐ μετεῖχε. [16] ταῖς δ' ἐξῆς ἡμέραις ὁ βασιλεὺς ἐπὶ τὰς κατὰ τὴν Φωκίδα πράξεις πάλιν ἐκ τοῦ Λεχαίου ποιούμενος τὸν πλοῦν ἐπεσπάσατο τὸν Ἀπελλῆν. διαπεσοῦσης δ' αὐτῷ τῆς ἐπιβολῆς, οὗτος μὲν αὖτις ἐξ

[1] Ἐλατείας ἀνέστρεφε, κατὰ δὲ τὸν καιρὸν τοῦτον ὁ Μεγαλέας εἰς τὰς Ἀθήνας ἀπεχώρησε, καταλιπὼν τὸν Λεόντιον ἐν ἐγγύῃ τῶν εἴκοσι τάλαντων. [2] τῶν δ' ἐν ταῖς Ἀθήναις στρατηγῶν οὐ προσδεξαμένων αὐτόν, μετῴθη πάλιν εἰς τὰς Θήβας. [3] ὁ δὲ βασιλεὺς ἀναχθεὶς ἐκ τῶν κατὰ Κίρραν τόπων κατέπλευσε μετὰ τῶν ὑπασπιστῶν εἰς τὸν τῶν Σικυωνίων λιμένα, κἀκεῖθεν ἀναβάς εἰς τὴν πόλιν τοὺς μὲν ἄρχοντας παρητήσατο, παρὰ δ' Ἄρατον καταλύσας μετὰ τούτου τὴν πᾶσαν ἐποιεῖτο διαγωγὴν, τῷ δ' Ἀπελλῇ συνέταξε πλεῖν εἰς Κόρινθον. [4] προσπεσόντων δὲ τῶν κατὰ τὸν Μεγαλέαν αὐτῷ, τοὺς μὲν πελταστάς, ὧν ἠγεῖτο Λεόντιος, εἰς τὴν Τριφυλίαν ἐξαπέστειλε μετὰ Ταυρίωνος, ὡς τινος χρείας κατεπειγούσης, τούτων δ' ἀφορμησάντων, ἀπαγαγεῖν ἐκέλευσε τὸν Λεόντιον πρὸς τὴν ἀναδοχὴν. [5] συνέντες δ' οἱ πελτασταὶ τὸ γεγονός, διαπεμψαμένου τινὰ πρὸς αὐτοὺς τοῦ Λεοντίου, πρεσβευτὰς ἐξαπέστειλαν πρὸς τὸν βασιλέα, παρακαλοῦντες, εἰ μὲν πρὸς ἄλλο τι πεποιήται τὴν ἀπαγωγὴν τοῦ Λεοντίου, μὴ χωρὶς αὐτῶν ποιήσασθαι τὴν ὑπὲρ τῶν

ἐγκαλουμένων κρίσιν, [6] εἰ δὲ μή, ὅτι νομιούσι μεγαλείως παρολιγωρεῖσθαι καὶ καταγινώσκεσθαι πάντες — εἶχον γὰρ αἰετὴν τοιαύτην ἰσηγορίαν Μακεδόνες πρὸς τοὺς βασιλεῖς — [7] εἰ δὲ πρὸς τὴν ἐγγύην τοῦ Μεγαλέου, διότι τὰ χρήματα κατὰ κοινὸν εἰσενέγκαντες ἐκτίσουσιν αὐτοί. [8] τὸν μὲν οὖν Λεόντιον ὁ βασιλεὺς παροξυνθεὶς θάπτον ἢ προέθετο διὰ τὴν τῶν πελταστῶν

[1] φιλοτιμίαν ἐπανείλετο. οἱ δὲ παρὰ τῶν Ῥοδίων καὶ Χίων πρέσβεις ἐπανῆκον ἐκ τῆς Αἰτωλίας, ἀνοχὰς τε πεποιημένοι τριακονθημέρους, καὶ πρὸς τὰς διαλύσεις ἐτοίμους φάσκοντες εἶναι τοὺς Αἰτωλοὺς, [2] καὶ τεταγμένοι ῥητὴν ἡμέραν, εἰς ἣν ἤξιουν τὸν Φίλιππον ἀπαντῆσαι πρὸς τὸ Ῥίον, ὑπισχνούμενοι πάντα ποιήσιν τοὺς Αἰτωλοὺς ἐφ' ᾧ συνθέσθαι τὴν εἰρήνην. [3] ὁ δὲ Φίλιππος, δεξάμενος τὰς ἀνοχὰς, τοῖς μὲν συμμάχοις ἔγραψε, διασαφῶν πέμπειν εἰς Πάτρας τοὺς συνεδρεύοντας καὶ βουλευσομένους ὑπὲρ τῆς πρὸς Αἰτωλοὺς διαλύσεως, αὐτὸς δ' ἐκ τοῦ Λεχαίου κατέπλευσε δευτεραίῳ εἰς τὰς Πάτρας. [4] κατὰ δὲ τὸν καιρὸν τοῦτον ἐπιστολαί τινες ἀνεπέμφθησαν πρὸς αὐτὸν ἐκ τῶν κατὰ τὴν Φωκίδα τόπων, παρὰ τοῦ Μεγαλέα διαπεμπόμεναι πρὸς τοὺς Αἰτωλοὺς, ἐν αἷς ἦν παράκλησίς τε τῶν Αἰτωλῶν θαρρεῖν καὶ μένειν ἐν τῷ πολέμῳ, διότι τὰ κατὰ τὸν Φίλιππον ἔξω τελέως ἐστὶ διὰ τὴν ἀχορηγησίαν· πρὸς δὲ τούτοις κατηγορίαι τινὲς τοῦ βασιλέως καὶ λοιδορίαι φιλαπεχθεῖς ἦσαν. [5] ἀναγνοὺς δὲ ταύτας, καὶ νομίσας πάντων τῶν κακῶν ἀρχηγὸν εἶναι τὸν Ἀπελλῆν, τοῦτον μὲν εὐθέως φυλακὴν περιστήσας ἐξαπέστειλε μετὰ σπουδῆς εἰς τὸν Κόρινθον, ἅμα δὲ καὶ τὸν υἱὸν αὐτοῦ καὶ τὸν ἐρώμενον, [6] ἐπὶ δὲ τὸν Μεγαλέαν εἰς τὰς Θήβας Ἀλέξανδρον ἔπεμψε, προστάζας ἄγειν αὐτὸν ἐπὶ τὰς ἀρχὰς πρὸς τὴν ἐγγύην. [7] τοῦ δ' Ἀλεξάνδρου τὸ προσταχθὲν ποιήσαντος, οὐχ ὑπέμεινε τὴν πρᾶξιν ὁ Μεγαλέας, ἀλλ' αὐτῷ προσήνεγκε τὰς χεῖρας. [8] περὶ δὲ τὰς αὐτὰς ἡμέρας συνέβη καὶ τὸν Ἀπελλῆν μεταλλάξαι τὸν βίον, ἅμα δὲ καὶ τὸν υἱὸν καὶ τὸν ἐρώμενον. [9]

[1] οὗτοι μὲν οὖν τῆς ἀρμοζούσης τυχόντες καταστροφῆς ἐξέλιπον τὸν βίον, καὶ μάλιστα διὰ τὴν εἰς Ἄρατον γενομένην ἐξ αὐτῶν ἀσέλγειαν· οἱ δ' Αἰτωλοὶ τὰ μὲν ἔσπευδον ποιήσασθαι τὴν εἰρήνην, πιεζόμενοι τῷ πολέμῳ, καὶ παρὰ δόξαν αὐτοῖς προχωρούντων τῶν πραγμάτων — [2] ἐλπίσαντες γὰρ ὥς παιδίῳ νηπίῳ χρήσασθαι τῷ Φίλιππῳ διὰ τε τὴν ἡλικίαν καὶ τὴν ἀπειρίαν, τὸν μὲν Φίλιππον εὖρον τέλειον ἄνδρα καὶ κατὰ τὰς ἐπιβολὰς καὶ κατὰ τὰς πράξεις,

αὐτοὶ δ' ἐφάνησαν εὐκαταφρόνητοι καὶ παιδαριώδεις ἐν τε τοῖς κατὰ μέρος καὶ τοῖς καθόλου πράγμασιν — [3] ἅμα δὲ προσπιπτούσης αὐτοῖς τῆς τε περὶ τοὺς πελταστὰς γενομένης ταραχῆς καὶ τῆς τῶν περὶ τὸν Ἀπελλῆν καὶ Λεόντιον ἀπωλείας ἐλπίσαντες μέγα τι καὶ δυσχερὲς κίνημα περὶ τὴν αὐλὴν εἶναι, παρεῖλκον ὑπερτιθέμενοι τὴν ἐπὶ τὸ Ῥίον ταχθεῖσαν ἡμέραν. [4] ὁ δὲ Φίλιππος, ἀσμένως ἐπιλαβόμενος τῆς προφάσεως ταύτης διὰ τὸ θαρρεῖν ἐπὶ τῷ πολέμῳ, καὶ προδιειληφῶς ἀποτρίβεσθαι τὰς διαλύσεις, τότε παρακαλέσας τοὺς ἀπηντηκότας τῶν συμμάχων οὐ τὰ πρὸς διαλύσεις πράττειν, ἀλλὰ τὰ πρὸς τὸν πόλεμον, ἀναχθεὶς αὐτὶς ἀπέπλευσεν εἰς τὸν Κόρινθον. [5] καὶ τοὺς μὲν Μακεδόνας διὰ Θετταλίας ἀπέλυσε πάντας εἰς τὴν οἰκίαν παραχειμάσοντας, αὐτὸς δ' ἀναχθεὶς ἐκ Κεγχρεῶν, καὶ παρὰ τὴν Ἀττικὴν κομισθεὶς δι' Εὐρύπου, κατέπλευσεν εἰς Δημητριάδα: [6] κάκεῖ Πτολεμαῖον, ὃς ἦν ἔτι λοιπὸς τῆς τῶν περὶ τὸν Λεόντιον ἐταιρείας, κρίνας ἐν τοῖς Μακεδόσιν ἀπέκτεινε. [7]

[1] κατὰ δὲ τοὺς καιροὺς τούτους Ἀννίβας μὲν εἰς Ἰταλίαν ἐμβεβληκῶς ἀντεστρατοπέδευε ταῖς τῶν Ῥωμαίων δυνάμεσι περὶ τὸν Πάδον καλούμενον ποταμόν, [8] Ἀντίοχος δὲ τὰ πλεῖστα μέρη Κοίλης Συρίας κατεστραμμένος αὐτὶς εἰς παραχειμασίαν ἀνέλυσε, Λυκοῦργος δ' ὁ βασιλεὺς τῶν Λακεδαιμονίων εἰς Αἰτωλίαν ἔφυγε, καταπλαγεὶς τοὺς ἐφόρους. [9] οἱ γὰρ ἔφοροι, προσπεσούσης αὐτοῖς ψευδοῦς διαβολῆς, ὥς μέλλοντος αὐτοῦ νεωτερίζειν, ἀθροίσαντες τοὺς νέους νυκτὸς ἦλθον ἐπὶ τὴν οἰκίαν: ὁ δὲ προαισθόμενος ἐξεχώρησε μετὰ τῶν ιδίων οἰκετῶν. τοῦ δὲ χειμῶνος ἐπιγενομένου, καὶ Φιλίππου μὲν τοῦ βασιλέως εἰς Μακεδονίαν ἀπηλλαγμένου, τοῦ δ' Ἐπηράτου τοῦ στρατηγοῦ τῶν Ἀχαιῶν καταπεφρονημένου μὲν ὑπὸ τῶν πολιτικῶν νεανίσκων, κατεγνωσμένου δὲ τελέως ὑπὸ τῶν μισθοφόρων, οὗτ' ἐπειθάρχει τοῖς παραγγελλομένοις οὐδεὶς οὗτ' ἦν ἔτοιμον οὐδὲν πρὸς τὴν τῆς χώρας βοήθειαν. [2] εἰς ἃ βλέψας Πυρρίας ὁ παρὰ τῶν Αἰτωλῶν ἀπεσταλμένος στρατηγὸς τοῖς Ἠλείοις, ἔχων Αἰτωλῶν εἰς χιλίους καὶ τριακοσίους καὶ τοὺς τῶν Ἠλείων μισθοφόρους, ἅμα δὲ τούτοις πολιτικοὺς πεζοὺς μὲν εἰς χιλίους, ἵππεῖς δὲ διακοσίους, ὥστ' εἶναι τοὺς πάντας εἰς τρισχιλίους, [3] οὐ μόνον τὴν τῶν Δυμαίων καὶ Φαραιέων συνεχῶς ἐπόρθει χώραν, ἀλλὰ καὶ τὴν τῶν Πατρέων. [4] τὸ δὲ τελευταῖον ἐπὶ τὸ Παναχαϊκὸν ὄρος καλούμενον ἐπιστρατοπεδεύσας, τὸ κείμενον ὑπὲρ τῆς τῶν Πατρέων πόλεως, ἐδήλου πᾶσαν τὴν ἐπὶ τὸ Ῥίον καὶ τὴν ἐπ' Αἴγιον

[5] λοιπὸν αἱ μὲν πόλεις κακοπαθοῦσαι καὶ μὴ τυγχάνουσαι βοηθείας δυσχερῶς πως εἶχον πρὸς τὰς εἰσφοράς, οἱ δὲ στρατιῶται, τῶν ὀψωνίων παρελκομένων καὶ καθυστερούντων, τὸ παραπλήσιον ἐποίουν περὶ τὰς βοηθείας· [6] ἐξ ἀμφοῖν δὲ τῆς τοιαύτης ἀνταποδόσεως γινομένης, ἐπὶ τὸ χεῖρον προύβαινε τὰ πράγματα καὶ τέλος διελύθη τὸ ξενικόν. πάντα δὲ ταῦτα συνέβαινε γίνεσθαι διὰ τὴν τοῦ προεστῶτος ἀδυναμίαν. [7] ἐν τοιαύτῃ δ' ὄντων διαθέσει τῶν κατὰ τοὺς Ἀχαιοὺς, καὶ τῶν χρόνων ἤδη καθηκόντων, Ἐπήρατος μὲν ἀπετίθετο τὴν ἀρχήν, οἱ δ' Ἀχαιοὶ τῆς θερείας ἐναρχομένης στρατηγὸν αὐτῶν Ἄρατον κατέστησαν τὸν πρεσβύτερον.

[1] καὶ τὰ μὲν κατὰ τὴν Εὐρώπην ἐν τούτοις ἦν. [8] ἡμεῖς δ' ἐπειδὴ κατὰ τε τὴν τῶν χρόνων διαίρεσιν καὶ κατὰ τὴν τῶν πράξεων περιγραφὴν ἀρμόζοντα τόπον εἰλήφαμεν, μεταβάντες ἐπὶ τὰς κατὰ τὴν Ἀσίαν πράξεις τὰς κατὰ τὴν αὐτὴν Ὀλυμπιάδα τοῖς προειρημένοις ἐπιτελεσθείσας αὐτὶς ὑπὲρ ἐκείνων ποιησόμεθα τὴν ἐξήγησιν, καὶ πρῶτον ἐπιχειρήσομεν δηλοῦν κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν τὸν ὑπὲρ Κοίλης Συρίας Ἀντιόχῳ καὶ Πτολεμαίῳ συστάντα πόλεμον, [2] σαφῶς μὲν γινώσκοντες ὅτι κατὰ τὸν καιρὸν τοῦτον, εἰς ὃν ἐλήξαμεν τῶν Ἑλληνικῶν, ὅσον οὐπω κρίνεσθαι συνέβαινε καὶ πέρας λαμβάνειν αὐτόν, αἰρούμενοι δὲ τὴν τοιαύτην ἐπίστασιν καὶ διαίρεσιν τῆς ἐνεστώσης διηγήσεως. [8] διὸ καὶ

νῦν βραχὺ προσαναδραμόντες περὶ τῆς Ἀντιόχου καὶ Πτολεμαίου βασιλείας πειρασόμεθα λαμβάνειν ἀρχὰς ὁμολογουμένας καὶ γνωριζόμενας περὶ τῶν λέγεσθαι μελλόντων, ὅπερ ἐστὶ πάντων ἀναγκαῖο

[1] τατον. οἱ μὲν γὰρ ἀρχαῖοι τὴν ἀρχὴν ἡμῖς τοῦ παντός εἶναι φάσκοντες μεγίστην παρήνουν ποιεῖσθαι σπουδὴν ἐν ἐκάστοις ὑπὲρ τοῦ καλῶς ἄρξασθαι· [2] δοκοῦντες δὴ λέγειν ὑπερβολικῶς ἐλλιπέστερόν μοι φαίνονται τῆς ἀληθείας εἰρηκέναι. θαρρῶν γὰρ ἄν τις εἴπειεν οὐχ ἡμῖς τὴν ἀρχὴν εἶναι τοῦ παντός, ἀλλὰ καὶ πρὸς τὸ τέλος διατείνειν. [3] πῶς γὰρ ἄρξασθαί τινος καλῶς οἷόν τε μὴ προπεριλαβόντα τῷ νῶ τὴν συντέλειαν τῆς ἐπιβολῆς μηδὲ γινώσκοντα ποῦ καὶ πρὸς τί καὶ τίνος χάριν ἐπιβάλλεται τοῦτο ποιεῖν; [4] πῶς δὲ πάλιν οἷόν τε συγκεφαλαιώσασθαι πράγματα δεόντως μὴ συναναφέροντα τὴν ἀρχὴν πόθεν ἢ πῶς ἢ διὰ τί πρὸς τὰς ἐνεστώσας ἀφίκται πράξεις; [5] διόπερ οὐχ ἕως τοῦ μέσου νομίζοντας διατείνειν τὰς ἀρχάς, ἀλλ' ἕως τοῦ τέλους, πλείστην περὶ ταύτας ποιητέον σπουδὴν καὶ τοὺς λέγοντας καὶ τοὺς ἀκούοντας περὶ τῶν ὅλων. ὁ δὲ καὶ νῦν ἡμεῖς πειρασόμεθα ποιεῖν.

[1] καίτοι γ' οὐκ ἄγνοῶ διότι καὶ πλείους ἕτεροι τῶν συγγραφέων τὴν αὐτὴν ἐμοὶ προεῖνται φωνήν, φάσκοντες τὰ καθόλου γράφειν καὶ μεγίστην τῶν προγεγονότων ἐπιβεβληθαι πραγματείαν· [2] περὶ ὧν ἐγώ, παραιτησάμενος Ἐφορον τὸν πρῶτον καὶ μόνον ἐπιβεβλημένον τὰ καθόλου γράφειν, τὸ μὲν πλείω λέγειν ἢ μνημονεύειν τινὸς τῶν ἄλλων ἐπ' ὀνόματος παρήσω, [3] μέχρι δὲ τούτου μνησθήσομαι, διότι τῶν καθ' ἡμᾶς τινες γραφόντων ἱστορίαν ἐν τρισὶν ἢ τέτταρσιν ἐξηγησάμενοι σελίσιν ἡμῖν τὸν Ῥωμαίων καὶ Καρχηδονίων πόλεμον φασὶ τὰ καθόλου γράφειν. [4] καίτοι διότι πλείσται μὲν καὶ μέγισται τότε περὶ τε τὴν Ἰβηρίαν καὶ Λιβύην, ἔτι δὲ τὴν Σικελίαν καὶ Ἰταλίαν ἐπετελέσθησαν πράξεις, ἐπιφανέστατος δὲ καὶ πολυχρονιώτατος ὁ κατ' Ἀννίβαν πόλεμος γέγονε πλὴν τοῦ περὶ Σικελίαν, πάντες δ' ἠναγκάσθημεν πρὸς αὐτὸν ἀποβλέπειν διὰ τὸ μέγεθος, δεδιότες τὴν συντέλειαν τῶν ἀποβησομένων, τίς οὕτως ἐστὶν ἀδαῆς ὃς οὐκ οἶδεν; [5] ἀλλ' ἔνιοι τῶν πραγματευομένων οὐδ' ἐφ' ὅσον οἱ τὰ κατὰ καιροὺς ἐν ταῖς χρονογραφίαις ὑπομνηματιζόμενοι πολιτικῶς εἰς τοὺς τοίχους, οὐδ' ἐπὶ τοσοῦτο μνησθέντες, πάσας φασὶ τὰς κατὰ τὴν Ἑλλάδα καὶ βάρβαρον περιεληφέναι πράξεις. [6] τοῦτο δ' ἐστὶν αἴτιον, ὅτι τὸ μὲν τῷ λόγῳ τῶν μεγίστων ἔργων ἀντιποιήσασθαι

τελείως ἐστὶ ῥάδιον, τὸ δὲ τοῖς πράγμασιν ἐφικέσθαι τινὸς τῶν καλῶν οὐκ εὐμαρές. [7] διὸ καὶ τὸ μὲν ἐν μέσῳ κεῖται καὶ πᾶσι κοινὸν ὥς ἔπος εἰπεῖν τοῖς μόνον τολμᾶν δυναμένοις ὑπάρχει, τὸ δὲ καὶ λίαν ἐστὶ σπάνιον καὶ σπανίοις συνεξέδραμε κατὰ τὸν βίον. [8] ταῦτα μὲν οὖν προήχθην εἰπεῖν χάριν τῆς ἀλαζονείας τῶν ὑπερηφανούντων ἑαυτοὺς καὶ τὰς ἰδίας πραγματείας: ἐπὶ δὲ τὴν ἀρχὴν ἐπάνειμι τῆς ἔμμαντοῦ προθέσεως.

[1] ὥς γὰρ θᾶπτον Πτολεμαῖος ὁ κληθεὶς Φιλοπάτωρ, μεταλλάξαντος τοῦ πατρός, ἐπανελόμενος τὸν ἀδελφὸν Μάγαν καὶ τοὺς τούτῳ συνεργούντας παρέλαβε τὴν τῆς Αἰγύπτου δυναστείαν, [2] νομίσας τῶν μὲν οἰκείων φόβων ἀπολελύσθαι δι' αὐτοῦ καὶ διὰ τῆς προειρημένης πράξεως, τῶν δ' ἐκτὸς κινδύνων ἀπηλλάχθαι διὰ τὴν τύχην, Ἀντιγόνου μὲν καὶ Σελεύκου μετηλλαχόντων, Ἀντιόχου δὲ καὶ Φιλίππου τῶν διαδεδεγμένων τὰς ἀρχὰς παντάπασιν νέων καὶ μόνον οὐ παίδων ὑπαρχόντων, [3] καταπιστεύσας διὰ ταῦτα τοῖς παροῦσι καιροῖς, πανηγυρικώτερον διῆγε τὰ κατὰ τὴν ἀρχὴν, [4] ἀνεπίστατον μὲν καὶ δυσέντευκτον αὐτὸν παρασκευάζων τοῖς περὶ τὴν αὐλὴν καὶ τοῖς ἄλλοις τοῖς τὰ κατὰ τὴν Αἴγυπτον χειρίζουσιν, ὀλίγων δὲ καὶ ῥάθυμον ὑποδεικνύων τοῖς ἐπὶ τῶν ἔξω πραγμάτων διατεταγμένοις, [5] ὑπὲρ ὧν οἱ πρότερον οὐκ ἐλάττω, μείζω δ' ἐποιοῦντο σπουδὴν ἢ περὶ τῆς κατ' αὐτὴν τὴν Αἴγυπτον δυναστείας. [6] τοιγαροῦν ἐπέκειντο μὲν τοῖς τῆς Συρίας βασιλεῦσι καὶ κατὰ γῆν καὶ κατὰ θάλατταν, Κοίλης Συρίας καὶ Κύπρου κυριεύοντες: [7] παρέκειντο δὲ τοῖς κατὰ τὴν Ἀσίαν δυνάσταις, ὁμοίως δὲ καὶ ταῖς νήσοις, δεσπόζοντες τῶν ἐπιφανεστάτων πόλεων καὶ τόπων καὶ λιμένων κατὰ πᾶσαν τὴν παραλίαν ἀπὸ Παμφυλίας ἕως Ἑλλησπόντου καὶ τῶν κατὰ Λυσιμάχειαν τόπων: [8] ἐφήδρευον δὲ τοῖς ἐν τῇ Θράκῃ καὶ τοῖς ἐν Μακεδονίᾳ πράγμασι, τῶν κατ' Αἶνον καὶ Μαρώνειαν καὶ πορρώτερον ἔτι πόλεων κυριεύοντες. [9] καὶ τῷ τοιούτῳ τρόπῳ μακρὰν ἐκτετακότες τὰς χεῖρας, καὶ προβεβλημένοι πρὸ αὐτῶν ἐκ πολλοῦ τὰς δυναστείας, οὐδέποτε περὶ τῆς κατ' Αἴγυπτον ἡγωνίων ἀρχῆς. διὸ καὶ τὴν σπουδὴν εἰκότως μεγάλην ἐποιοῦντο περὶ τῶν ἔξω πραγμάτων. [10] ὁ δὲ προειρημένος βασιλεὺς ὀλιγώρως ἕκαστα τούτων χειρίζων διὰ τοὺς ἀπρεπεῖς ἔρωτας καὶ τὰς ἀλόγους καὶ συνεχεῖς μέθας, εἰκότως ἐν πάννυ βραχεὶ χρόνῳ καὶ τῆς ψυχῆς ἅμα καὶ τῆς ἀρχῆς ἐπιβούλους εὔρε καὶ πλείους, [11] ὧν ἐγένετο πρῶτος Κλεομένης ὁ Σπαρτιάτης.

[1] οὗτος γάρ, ἕως μὲν ὁ προσαγορευόμενος Εὐεργέτης ἔζη, πρὸς ὃν ἐποιήσατο τὴν κοινωνίαν τῶν πραγμάτων καὶ τὰς πίστεις, ἦγε τὴν ἡσυχίαν, πεπεισμένος ἀεὶ δι' ἐκείνου τεύξεσθαι τῆς καθηκούσης ἐπικουρίας εἰς τὸ τὴν πατρώαν ἀνακτήσασθαι βασιλείαν· [2] ἐπεὶ δ' ἐκεῖνος μὲν μετήλλαξε, προῆει δ' ὁ χρόνος, οἱ δὲ κατὰ τὴν Ἑλλάδα καιροὶ μόνον οὐκ ἐπ' ὀνόματος ἐκάλουν τὸν Κλεομένην, μετηλλαχότος μὲν Ἀντιγόνου, πολεμουμένων δὲ τῶν Ἀχαιῶν, κοινωνούντων δὲ τῶν Λακεδαιμονίων Αἰτωλοῖς τῆς πρὸς Ἀχαιοὺς καὶ Μακεδόνας ἀπεχθείας κατὰ τὴν ἐξ ἀρχῆς ἐπιβολὴν καὶ πρόθεσιν τὴν Κλεομένους, [3] τότε δὴ καὶ μᾶλλον ἠναγκάζετο σπεύδειν καὶ φιλοτιμεῖσθαι περὶ τῆς ἐξ Ἀλεξανδρείας ἀπαλλαγῆς. [4] διόπερ τὸ μὲν πρῶτον ἐντεύξεις ἐποιεῖτο, παρακαλῶν μετὰ χορηγίας τῆς καθηκούσης καὶ δυνάμεως αὐτὸν ἐκπέμψαι, [5] μετὰ δὲ ταῦτα παρακουόμενος ἡξίου μετὰ δεήσεως μόνον αὐτὸν ἀπολῦσαι μετὰ τῶν ἰδίων οἰκετῶν· τοὺς γὰρ καιροὺς ἱκανὰς ὑποδεικνύειν ἀφορμὰς αὐτῷ πρὸς τὸ καθικέσθαι τῆς πατρώας ἀρχῆς. ὁ μὲν οὖν βασιλεὺς, [6] οὐτ' ἐφιστάνων [ἐν] οὐδενὶ τῶν τοιούτων οὔτε προνοούμενος τοῦ μέλλοντος διὰ τὰς προειρημένας αἰτίας, εὐθήθως καὶ ἀλόγως ἀεὶ παρήκουε τοῦ Κλεομένους. [7] οἱ δὲ περὶ τὸν Σωσίβιον — οὗτος γὰρ μάλιστα τότε προεστάτει τῶν πραγμάτων — συνεδρεύσαντες τοιαύτας τινὰς ἐποιήσαντο περὶ αὐτοῦ διαλήψεις. [8] μετὰ μὲν γὰρ στόλου καὶ χορηγίας ἐκπέμπειν αὐτὸν οὐκ ἔκρινον, καταφρονούντες τῶν ἔξω πραγμάτων διὰ τὸ μετηλλαχέναι τὸν Ἀντίγονον καὶ νομίζειν μάταιον αὐτοῖς ἔσεσθαι τὴν εἰς ταῦτα δαπάνην. [9] πρὸς δὲ τούτοις ἡγωνίων μὴ ποτε μετηλλαχότος μὲν Ἀντιγόνου, τῶν δὲ λοιπῶν μηδενὸς ὑπάρχοντος ἀντιπάλου, ταχέως ἀκονιτὶ τὰ κατὰ τὴν Ἑλλάδα ποιησάμενος ὑφ' αὐτὸν βαρὺς καὶ φοβερός αὐτὸς ὁ Κλεομένης ἀνταγωνιστὴς σφίσι γένηται, [10] τεθαμμένος μὲν ὑπ' αὐγὰς αὐτῶν τὰ πράγματα, κατεγνωκῶς δὲ τοῦ βασιλέως, θεωρῶν δὲ πολλὰ τὰ παρακρεμάμενα μέρη καὶ μακρὰν ἀπεσπασμένα τῆς βασιλείας καὶ πολλὰς ἀφορμὰς ἔχοντα πρὸς πραγμάτων λόγον· [11] καὶ γὰρ ναῦς ἐν τοῖς κατὰ Σάμον ἦσαν τόποις οὐκ ὀλίγοι καὶ στρατιωτῶν πλῆθος ἐν τοῖς κατ' Ἐφεσον. [12] διὰ ταῦτα μὲν οὖν τὴν ἐπιβολὴν, ὥστ' ἐκπέμπειν αὐτὸν μετὰ χορηγίας, ἀπεδοκίμασαν διὰ τὰς προειρημένας αἰτίας· τό γε μὴν ὀλιγορήσαντας ἄνδρα τοιοῦτον ἐξαποστεῖλαι, πρόδηλον ἐχθρὸν καὶ πολέμιον, οὐδαμῶς ἡγοῦντο σφίσι συμφέρειν. [13] λοιπὸν ἦν ἄκοντα κατέχειν. τοῦτο δ' αὐτόθεν καὶ χωρὶς λόγου

πάντες μὲν ἀπεδοκίμαζον, οὐκ ἀσφαλὲς νομίζοντες εἶναι λέοντι καὶ προβάτοις ὁμοῦ ποιεῖσθαι τὴν ἔπαυλιν· μάλιστα δὲ τοῦτο τὸ μέρος ὁ Σωσίβιος ὑφεωρᾶτο διὰ τινὰ τοιαύτην αἰ

[1] τίαν. καθ' ὃν γὰρ καιρὸν ἐγίνοντο περὶ τὴν ἀναίρεσιν τοῦ Μάγα καὶ τῆς Βερενίκης, ἀγωνιῶντες μὴ διασφαλῶσι τῆς ἐπιβολῆς, καὶ μάλιστα διὰ τὴν Βερενίκης τόλμαν, ἠναγκάζοντο πάντας αἰκάλλειν τοὺς περὶ τὴν αὐλὴν καὶ πᾶσιν ὑπογράφειν ἐλπίδας, ἐὰν κατὰ λόγον αὐτοῖς χωρήσῃ τὰ πράγματα. [2] τότε δὴ κατανοῶν ὁ Σωσίβιος τὸν Κλεομένην δεόμενον μὲν τῆς ἐκ τῶν βασιλέων ἐπικουρίας, ἔχοντα δὲ γνώμην καὶ πραγμάτων ἀληθινὴν ἔννοιαν, ὑπογράφων αὐτῷ μεγάλας ἐλπίδας ἅμα συμμετέδωκε τῆς ἐπιβολῆς. [3] θεωρῶν δ' αὐτὸν ὁ Κλεομένης ἐξεπτοημένον καὶ μάλιστα δεδιότα τοὺς ξένους καὶ μισθοφόρους, θαρρεῖν παρεκάλει· τοὺς γὰρ μισθοφόρους βλάψει μὲν αὐτὸν οὐδέν, ὠφελήσῃ δ' ὑπισχνεῖτο. [4] μᾶλλον δ' αὐτοῦ θαυμάσαντος τὴν ἐπαγγελίαν “οὐχ ὀρᾷς” ἔφη “διότι σχεδὸν εἰς τρισχιλίους εἰσὶν ἀπὸ Πελοποννήσου ξένοι καὶ Κρήτες εἰς χιλίους, οἷς ἐὰν νεύσωμεν ἡμεῖς μόνον, ἐτοίμως ὑπουργήσουσι πάντες; τούτων δὲ συστραφέντων, τίνας ἀγωνιάς; [5] ἢ δῆλον” ἔφη “τοὺς ἀπὸ Συρίας καὶ Καρίας στρατιώτας;” [6] τότε μὲν οὖν ἡδέως ὁ Σωσίβιος ἀκούσας ταῦτα διπλασίως ἐπερρώσθη πρὸς τὴν κατὰ τῆς Βερενίκης πρᾶξιν· [7] μετὰ δὲ ταῦτα θεωρῶν τὴν τοῦ βασιλέως ῥαθυμίαν, αἰετὸν τὸν λόγον ἀνενεοῦτο, καὶ πρὸ ὀφθαλμῶν τὴν τε τοῦ Κλεομένου τόλμαν ἐλάμβανε καὶ τὴν τῶν ξένων πρὸς αὐτὸν εὐνοίαν. [8] διὸ καὶ τότε μάλιστα παρέστησε τῷ τε βασιλεῖ καὶ τοῖς φίλοις ὁρμὴν οὗτος εἰς τὸ προκαταλαβέσθαι καὶ συγκλεῖσαι τὸν Κλεομένην. [9] πρὸς δὲ τὴν ἐπίνοιαν ταύτην

[1] ἐχρήσατο συνεργήματι τοιοῦτω τινί. Νικαγόρας τις ἦν Μεσσήνιος· οὗτος ὑπῆρχε πατρικὸς ξένος Ἀρχιδάμου τοῦ Λακεδαιμονίων βασιλέως. [2] τὸν μὲν οὖν πρὸ τοῦ χρόνον βραχεῖα τις ἦν τοῖς προειρημένοις ἐπιπλοκὴ πρὸς ἀλλήλους· καθ' ὃν δὲ καιρὸν Ἀρχίδαμος ἐκ τῆς Σπάρτης ἔφυγε δέϊσας τὸν Κλεομένην, καὶ παρεγένετο εἰς Μεσσηνίαν, οὐ μόνον οἰκίᾳ καὶ τοῖς ἄλλοις ἀναγκαίοις ὁ Νικαγόρας αὐτὸν ἐδέξατο προθύμως, ἀλλὰ καὶ κατὰ τὴν ἐξῆς συμπεριφορὰν ἐγένετό τις αὐτοῖς ὁλοσχερῆς εὖνοια καὶ συνήθεια πρὸς ἀλλήλους. [3] διὸ καὶ μετὰ ταῦτα, τοῦ Κλεομένου ὑποδείξαντος ἐλπίδα καθόδου καὶ διαλύσεως πρὸς τὸν Ἀρχίδαμον, ἔδωκεν αὐτὸν ὁ Νικαγόρας εἰς τὰς διαποστολάς καὶ τὰς ὑπὲρ τῶν

πίστεων συνθήκας. [4] ὧν κυρωθέντων ὁ μὲν Ἀρχίδαμος εἰς τὴν Σπάρτην κατῆι, πιστεύσας ταῖς διὰ τοῦ Νικαγόρου γεγενημέναις συνθήκαις, [5] ὁ δὲ Κλεομένης ἀπαντήσας τὸν μὲν Ἀρχίδαμον ἐπανείλετο, τοῦ δὲ Νικαγόρου καὶ τῶν ἄλλων τῶν συνόντων ἐφείσατο. [6] πρὸς μὲν οὖν τοὺς ἐκτὸς ὁ Νικαγόρας ὑπεκρίνετο χάριν ὀφείλειν τῷ Κλεομένει διὰ τὴν αὐτοῦ σωτηρίαν, ἐν αὐτῷ γε μὴν βαρέως ἔφερε τὸ συμβεβηκός, δοκῶν αἴτιος γεγονέναι τῷ βασιλεῖ τῆς ἀπωλείας. [7] οὗτος ὁ Νικαγόρας ἵππους ἄγων κατέπλευσε βραχεῖ χρόνῳ πρότερον εἰς τὴν Ἀλεξάνδρειαν. [8] ἀποβαίνων δ' ἐκ τῆς νεῶς καταλαμβάνει τὸν τε Κλεομένην καὶ τὸν Παντέα καὶ μετ' αὐτῶν Ἰππίταν ἐν τῷ λιμένι παρὰ τὴν κρηπίδα περιπατοῦντας. [9] ἰδὼν δ' ὁ Κλεομένης αὐτὸν καὶ συμμίζας, ἡσπάζετο φιλοφρόνως, καὶ προσεπύθετο τί παρεῖη. [10] τοῦ δ' εἰπόντος ὅτι παραγέγονεν ἵππους ἄγων “ἐβουλόμην ἄν σε” ἔφη “καὶ λίαν ἀντὶ τῶν ἵππων κιναίδους ἄγειν καὶ σαμβύκας· τούτων γὰρ ὁ νῦν βασιλεὺς κατεπείγεται. [11] “ τότε γοῦν ἐπιγελάσας ὁ Νικαγόρας ἐσιώπησε, μετὰ δέ τινας ἡμέρας ἐπὶ πλεῖον ἐλθὼν εἰς τὰς χεῖρας τῷ Σωσιβίῳ διὰ τοὺς ἵππους εἶπε κατὰ τοῦ Κλεομένου· τὸν ἄρτι ῥηθέντα λόγον, [12] θεωρῶν δὲ τὸν Σωσίβιον ἡδέως ἀκούοντα, πᾶσαν ἐξέθετο τὴν προϋπάρχουσαν

[1] ἐαυτῷ πρὸς τὸν Κλεομένην διαφοράν. ὃν ὁ Σωσίβιος ἐπιγνοὺς ἄλλοτρίως πρὸς τὸν Κλεομένην διακείμενον, τὰ μὲν παραχρῆμα δούς, ἃ δ' εἰς τὸ μέλλον ἐπαγγειλάμενος, συνέπεισε γράψαντα κατὰ τοῦ Κλεομένου ἐπιστολὴν ἀπολιπεῖν ἐσφραγισμένην, [2] ἵν' ἐπειδὰν ὁ Νικαγόρας ἐκπλεύσῃ μετ' ὀλίγας ἡμέρας, ὁ παῖς ἀνενέγκῃ τὴν ἐπιστολὴν πρὸς αὐτὸν ὥς ὑπὸ τοῦ Νικαγόρου πεμφθεῖσαν. [3] συνεργήσαντος δὲ τοῦ Νικαγόρου τὰ προειρημένα καὶ τῆς ἐπιστολῆς ἀνενεχθείσης ὑπὸ τοῦ παιδὸς πρὸς τὸν Σωσίβιον μετὰ τὸν ἐκπλοῦν τοῦ Νικαγόρου, [4] παρὰ πόδας ἅμα τὸν οἰκέτην καὶ τὴν ἐπιστολὴν ἤκεν ἔχων πρὸς τὸν βασιλέα. τοῦ μὲν παιδὸς φάσκοντος Νικαγόραν ἀπολιπεῖν τὴν ἐπιστολὴν, ἐντειλάμενον ἀποδοῦναι Σωσιβίῳ, [5] τῆς δ' ἐπιστολῆς διασαφούςσης ὅτι μέλλει Κλεομένης, ἐὰν μὴ ποιῶνται τὴν ἐξαποστολὴν αὐτοῦ μετὰ τῆς ἀρμοζούσης παρασκευῆς καὶ χορηγίας, ἐπανίστασθαι τοῖς τοῦ βασιλέως πράγμασιν, [6] εὐθέως ὁ Σωσίβιος λαβόμενος τῆς ἀφορμῆς ταύτης παρώξυνε τὸν βασιλέα καὶ τοὺς ἄλλους φίλους πρὸς τὸ μὴ μέλλειν, ἀλλὰ φυλάξασθαι καὶ συγκλεῖσαι τὸν Κλεομένην. [7] γενομένου δὲ τούτου, καὶ τινος ἀποδοθείσης οἰκίας αὐτῷ παμμεγέθους, ἐποιεῖτο τὴν διατριβὴν ἐν ταύτῃ

παραφυλαττόμενος, τούτῳ διαφέρων τῶν ἄλλων τῶν ὑπηγμένων εἰς τὰς φυλακάς, τῷ ποιεῖσθαι τὴν δίαιταν ἐν μείζονι δεσμοτηρίῳ. [8] εἰς ἃ βλέπων ὁ Κλεομένης, καὶ μοχθηρὰς ἐλπίδας ἔχων ὑπὲρ τοῦ μέλλοντος, παντὸς πράγματος ἔκρινε πεῖραν λαμβάνειν, [9] οὐχ οὕτως πεπεισμένος κατακρατήσῃν τῆς προθέσεως — οὐδὲν γὰρ εἶχε τῶν εὐλόγων πρὸς τὴν ἐπιβολὴν — τὸ δὲ πλεῖον εὐθανατῆσαι σπουδάζων καὶ μηδὲν ἀνάξιον ὑπομεῖναι τῆς περὶ αὐτὸν προγεγενημένης τόλμης, [10] ἅμα δὲ καὶ λαμβάνων ἐν νῷ τὸ τοιοῦτον, ὥς γ' ἔμοι δοκεῖ, καὶ προτιθέμενος, ὅπερ εἴθε συμβαίνειν πρὸς τοὺς μεγαλόφρονas τῶν ἀνδρῶν,

[1] μὴ μὰν ἀσπουδεῖ γε καὶ ἀκλειῶς ἀπολοίμην, ἀλλὰ μέγα ῥέξας τι καὶ ἐσσομένοισι πυθέσθαι. παρατηρήσας οὖν ἔξοδον τοῦ βασιλέως εἰς Κάνωβον, διέδωκε τοῖς φυλάττουσιν αὐτὸν φήμην ὡς ἀφίεσθαι μέλλων ὑπὸ τοῦ βασιλέως, καὶ διὰ ταύτην τὴν αἰτίαν αὐτὸς τε τοὺς αὐτοῦ θεράποντας εἰστία καὶ τοῖς φυλάττουσιν ἱερεῖa καὶ στεφάνους, ἅμα δὲ τούτοις οἶνον ἐξαπέστειλε. [2] τῶν δὲ χρωμένων τούτοις ἀνυπονοήτως καὶ καταμεθυσθέντων, παραλαβὼν τοὺς συνόντας φίλους καὶ τοὺς περὶ αὐτὸν παῖδας περὶ μέσον ἡμέρας λαθὼν τοὺς φύλακας ἐξῆλθε μετ' ἐγχειριδίων. [3] προάγοντες δὲ καὶ συντυχόντες κατὰ τὴν πλατεῖαν Πτολεμαίῳ τῷ τότε ἐπὶ τῆς πόλεως ἀπολελειμμένῳ, καταπληξάμενοι τῷ παραβόλῳ τοὺς συνόντας αὐτῷ, τοῦτον μὲν κατασπάσαντες ἀπὸ τοῦ τεθρίππου παρέκλεισαν*, τὰ δὲ πλήθη παρεκάλουν ἐπὶ τὴν ἐλευθερίαν. [4] οὐδενὸς δὲ προσέχοντος αὐτοῖς οὐδὲ συνεξισταμένου διὰ τὸ παράδοξον τῆς ἐπιβολῆς, ἐπιστρέψαντες ὥρμησαν πρὸς τὴν ἄκραν, ὡς ἀνασπᾶσοντες ταύτης τὰς πυλίδας καὶ συγχρησόμενοι τοῖς εἰς τὴν φυλακὴν ἀπηγμένοις τῶν ἀνδρῶν. [5] ἀποσφαλέντες δὲ καὶ ταύτης τῆς ἐπιβολῆς διὰ τὸ τοὺς ἐφεστῶτας προαισθημένους τὸ μέλλον ἀσφαλίσασθαι τὴν πύλην, προσήνεγκαν αὐτοῖς τὰς χεῖρας εὐψύχως πάνυ καὶ Λακωνικῶς.

[1] Κλεομένης μὲν οὖν οὕτω μετέλλαξε τὸν βίον, [6] ἀνὴρ γενόμενος καὶ πρὸς τὰς ὁμιλίας ἐπιδέξιος καὶ πρὸς πραγμάτων οἰκονομίαν εὐφυῆς καὶ συλλήβδην ἡγεμονικὸς καὶ βασιλικὸς τῇ φύσει. μετὰ δὲ τοῦτον οὐ πολὺ κατόπιν Θεόδοτος ὁ τεταγμένος ἐπὶ Κοίλης Συρίας, ὢν τὸ γένος Αἰτωλός, τὰ μὲν καταφρονήσας τοῦ βασιλέως διὰ τὴν ἀσέλγειαν τοῦ βίου καὶ τῆς ὅλης αἰρέσεως, [2] τὰ δὲ διαπιστήσας τοῖς περὶ τὴν αὐλὴν διὰ τὸ μικροῖς ἔμπροσθεν χρόνοις ἀξιολόγους παρασχόμενος χρεῖας τῷ βασιλεῖ περὶ τε τᾶλλα καὶ περὶ

τὴν πρώτην ἐπιβολὴν Ἀντιόχου τοῖς κατὰ Κοίλην Συρίαν πράγμασι, μὴ οἶον ἐπὶ τούτοις τυχεῖν τινος χάριτος, ἀλλὰ τοῦναντίον ἀνακληθεῖς εἰς τὴν Ἀλεξάνδρειαν παρ' ὀλίγον κινδυνεῦσαι τῷ βίῳ, [3] διὰ ταύτας τὰς αἰτίας ἐπεβάλετο τότε λαλεῖν Ἀντιόχῳ καὶ τὰς κατὰ Κοίλην Συρίαν πόλεις ἐγχειρίζειν. τοῦ δ' ἀσμένως δεξαμένου τὴν ἐλπίδα, ταχεῖαν ἐλάμβανε τὸ πρᾶγμα τὴν οἰκονομίαν. [4] ἴνα δὲ καὶ περὶ ταύτης τῆς οἰκίας τὸ παραπλήσιον ποιήσωμεν, ἀναδραμόντες ἐπὶ τὴν παράληψιν τῆς Ἀντιόχου δυναστείας ἀπὸ τούτων τῶν καιρῶν ποιησόμεθα κεφαλαιώδη τὴν ἔφοδον ἐπὶ τὴν ἀρχὴν τοῦ μέλλοντος λέγεσθαι πολέμου. [5]

[1] Ἀντίοχος γὰρ ἦν μὲν υἱὸς νεώτερος Σελεύκου τοῦ Καλλινίκου προσαγορευθέντος, μεταλλάξαντος δὲ τοῦ πατρὸς καὶ διαδεξαμένου τάδελφου Σελεύκου τὴν βασιλείαν διὰ τὴν ἡλικίαν, τὸ μὲν πρῶτον τοῖς ἄνω τόποις μεθιστάμενος ἐποιεῖτο τὴν διατριβήν, [6] ἐπεὶ δὲ Σέλευκος μετὰ δυνάμεως ὑπερβαλὼν τὸν Ταῦρον ἐδολοφονήθη, καθάπερ καὶ πρότερον εἰρήκαμεν, μεταλαβὼν τὴν ἀρχὴν αὐτὸς ἐβασίλευσε, [7] διαπιστεύων τὴν μὲν ἐπὶ τάδε τοῦ Ταύρου δυναστείαν Ἀχαιῶ, τὰ δ' ἄνω μέρη τῆς βασιλείας ἐγκεχειρικῶς Μόλωνι καὶ τάδελφῳ τῷ Μόλωνος Ἀλεξάνδρῳ, Μόλωνος μὲν Μηδίας ὑπάρχοντος σατράπου, τάδελφου δὲ τῆς Περσίδος. οἱ καταφρονήσαντες μὲν αὐτοῦ διὰ τὴν ἡλικίαν, ἐλπίσαντες δὲ τὸν Ἀχαιὸν ἔσσεσθαι κοινωνὸν σφίσι τῆς ἐπιβολῆς, μάλιστα δὲ φοβούμενοι τὴν ὁμότητα καὶ κατοπραγμοσύνην τὴν Ἑρμείου τοῦ τότε προεστῶτος τῶν ὅλων πραγμάτων, ἀφίστασθαι καὶ διαστρέφειν ἐνεχείρησαν τὰς ἄνω σατραπείας. ὁ δ' Ἑρμείας ἦν μὲν ἀπὸ Καρίας, [2] ἐπέστη δ' ἐπὶ τὰ πράγματα, Σελεύκου τάδελφου ταύτην αὐτῷ τὴν πίστιν ἐγχειρίσαντος, καθ' οὓς καιροὺς ἐποιεῖτο τὴν ἐπὶ τὸν ἄτταλον στρατείαν. [3] τυχὼν δὲ ταύτης τῆς ἐξουσίας πᾶσι μὲν ἐφθόνει τοῖς ἐν ὑπεροχαῖς οὓσι τῶν περὶ τὴν αὐλήν, φύσει δ' ὠμὸς ὢν τῶν μὲν τὰς ἀγνοίας ἐπὶ τὸ χεῖρον ἐκδεχόμενος ἐκόλαζε, τοῖς δὲ χειροποιήτους καὶ ψευδεῖς ἐπιφέρων αἰτίας ἀπαραίτητος ἦν καὶ πικρὸς δικαστής. [4] μάλιστα δ' ἔσπευδε καὶ περὶ παντὸς ἐποιεῖτο βουλόμενος ἐπανελέσθαι τὸν ἀποκομίσαντα τὰς δυνάμεις τὰς Σελεύκῳ συνεξελθούσας Ἐπιγένην, διὰ τὸ θεωρεῖν τὸν ἄνδρα καὶ λέγειν καὶ πράττειν δυνάμενον καὶ μεγάλης ἀποδοχῆς ἀξιούμενον παρὰ ταῖς δυνάμεσιν. [5] ὢν δὲ ταύτης τῆς προθέσεως ἐπέιχε, βουλόμενος αἰετίνος ὁρμῆς ἐπιλαβέσθαι καὶ προφάσεως κατὰ τοῦ προειρημένου. [6]

ἄθροισθέντος δὲ τοῦ συνεδρίου περὶ τῆς τοῦ Μόλωνος ἀποστάσεως, καὶ κελεύσαντος τοῦ βασιλέως λέγειν ἕκαστον τὸ φαινόμενον περὶ τοῦ πῶς δεῖ χρησθαι τοῖς κατὰ τοὺς ἀποστάτας πράγμασι, [7] καὶ πρώτου συμβουλευόντος Ἐπιγένους διότι δεῖ μὴ μέλλειν, ἀλλ' ἐκ χειρὸς ἔχεσθαι τῶν προκειμένων, καὶ πρῶτον καὶ μάλιστα τὸν βασιλέα συνάπτειν τοῖς τόποις καὶ παρ' αὐτοὺς εἶναι τοὺς καιροὺς: [8] οὕτως γὰρ ἢ τὸ παράπαν οὐδὲ τολμήσιν ἀλλοτριοπραγεῖν τοὺς περὶ τὸν Μόλωνα, τοῦ βασιλέως παρόντος καὶ τοῖς πολλοῖς ἐν ὄψει γενομένου μετὰ συμμέτρου δυνάμεως, [9] ἢ κἂν ὅλως τολμήσωσι καὶ μείνωσιν ἐπὶ τῆς προθέσεως, ταχέως αὐτοὺς συναρπασθέντας ὑπὸ τῶν ὄχλων ὑποχειρίους παραδοθήσεσθαι τῷ

[1] βασιλεῖ: ταῦτα λέγοντος ἔτι τοῦ προειρημένου διοργανθῆναι Ἑρμείας πολὺν ἔφησεν αὐτὸν χρόνον ἐπίβουλον ὄντα καὶ προδότην τῆς βασιλείας διαλεληθέναι, [2] νῦν δὲ καλῶς ποιοῦντα φανερόν ἐκ τῆς συμβουλῆς γεγονέναι, σπουδάζοντα μετ' ὀλίγων ἐγχειρίσαι τὸ τοῦ βασιλέως σῶμα τοῖς ἀποστάταις. [3] τότε μὲν οὖν οἷον ὑποθύψας τὴν διαβολὴν παρῆκε τὸν Ἐπιγένην, πικρίαν ἄκαιρον μᾶλλον ἢ δυσμένειαν ἐπιφήνας: [4] αὐτὸς δὲ κατὰ τὴν αὐτοῦ γνώμην τὴν μὲν ἐπὶ τὸν Μόλωνα στρατείαν, κατάφοβος ὢν τὸν κίνδυνον, ἐξέκλινε διὰ τὴν ἀπειρίαν τῶν πολεμικῶν, ἐπὶ δὲ τὸν Πτολεμαῖον ἐσπούδαζε στρατεύειν, ἀσφαλῆ τοῦτον εἶναι πεπεισμένος τὸν πόλεμον διὰ τὴν τοῦ προειρημένου βασιλέως ῥαθυμίαν. [5] τότε μὲν οὖν καταπληξάμενος τοὺς ἐν τῷ συνεδρίῳ πάντας ἐπὶ μὲν τὸν Μόλωνα στρατηγοὺς ἐξέπεμψε μετὰ δυνάμεως Ξένωνα καὶ Θεόδοτον τὸν ἡμιόλιον, τὸν δ' Ἀντίοχον παρώξυνε συνεχῶς, οἰόμενος δεῖν ἐπιβάλλειν τὰς χεῖρας τοῖς κατὰ Κοίλην Συρίαν πράγμασι, [6] μόνως οὕτως ὑπολαμβάνων, εἰ πανταχόθεν τῷ νεανίσκῳ περισταίῃ πόλεμος, οὔτε τῶν πρότερον ἡμαρτημένων ὑφέξειν δίκας οὔτε τῆς παρούσης ἐξουσίας κωλυθήσεσθαι διὰ τὰς χρείας καὶ τοὺς ἀεὶ περισταμένους ἀγῶνας τῷ βασιλεῖ καὶ κινδύνους. [7] διὸ καὶ τὸ τελευταῖον ἐπιστολὴν πλάσας ὡς παρ' Ἀχαιοῦ διαπεσταλμένην προσήνεγκε τῷ βασιλεῖ, διασαφοῦσαν ὅτι Πτολεμαῖος αὐτὸν παρακαλεῖ πραγμάτων ἀντιποιήσασθαι καὶ φησι καὶ ναυσὶ καὶ χρήμασι χορηγήσειν πρὸς πάσας τὰς ἐπιβολάς, ἐὰν ἀναλάβῃ διάδημα καὶ φανερὸς γένηται πᾶσιν ἀντιποιοῦμενος τῆς ἀρχῆς, [8] ἦν τοῖς πράγμασιν ἔχειν αὐτὸν καὶ νῦν, τῆς δ' ἐπιγραφῆς αὐτῷ φθοноοῦντα τὸν ὑπὸ τῆς τύχης διδόμενον ἀποτρίβεσθαι στέφανον. [9]

[1] ὁ μὲν οὖν βασιλεὺς πιστεύσας τοῖς γραφομένοις ἕτοιμος ἦν καὶ μετέωρος στρατεύειν ἐπὶ Κοίλῃν Συρίαν. ὄντος δ' αὐτοῦ κατὰ τοὺς καιροὺς τούτους περὶ Σελεύκειαν τὴν ἐπὶ τοῦ Ζεύγματος, παρὴν Διόγνητος ὁ ναύαρχος ἐκ Καππαδοκίας τῆς περὶ τὸν Εὐξείνου, ἄγων Λαοδίκην τὴν Μιθριδάτου τοῦ βασιλέως θυγατέρα, παρθένον οὔσαν, γυναικα τῷ βασιλεῖ κατωνομασμένην. [2] ὁ δὲ Μιθριδάτης εὐχετο μὲν ἀπόγονος εἶναι τῶν ἑπτὰ Περσῶν ἐνὸς τῶν ἐπανελομένων τὸν μάγον, διατετηρήκει δὲ τὴν δυναστείαν ἀπὸ προγόνων τὴν ἐξ ἀρχῆς αὐτοῖς διαδοθεῖσαν ὑπὸ Δαρείου παρὰ τὸν Εὐξείνου πόντον. [3] Ἀντίοχος δὲ προσδεξάμενος τὴν παρθένον μετὰ τῆς ἀρμοζούσης ἀπαντήσεως καὶ προστασίας εὐθέως ἐπετέλει τοὺς γάμους, μεγαλοπρεπῶς καὶ βασιλικῶς χρώμενος ταῖς παρασκευαῖς. [4] μετὰ δὲ τὴν συντέλειαν τῶν γάμων καταβὰς εἰς Ἀντιόχειαν, βασίλισσαν ἀποδείξας τὴν Λαοδίκην, λοιπὸν ἐγένετο περὶ τὴν τοῦ πολέμου παρασκευήν.

[1] κατὰ δὲ τοὺς καιροὺς τούτους Μόλων, [5] ἑτοίμους παρεσκευακὼς πρὸς πᾶν τοὺς ἐκ τῆς ἰδίας σατραπείας ὄχλους διὰ τε τὰς ἐλπίδας τὰς ἐκ τῶν ὠφελειῶν καὶ τοὺς φόβους, οὓς ἐνεργάσατο τοῖς ἡγεμόσιν ἀνατατικὰς καὶ ψευδεῖς εἰσφέρων ἐπιστολάς παρὰ τοῦ βασιλέως, [6] ἑτοιμον δὲ συναγωνιστὴν ἔχων τὸν ἀδελφὸν Ἀλέξανδρον, ἡσφαλισμένος δὲ καὶ τὰ κατὰ τὰς παρακειμένας σατραπείας διὰ τῆς τῶν προεστώτων εὐνοίας καὶ δωροδοκίας, ἐξεστράτευσεν μετὰ μεγάλης δυνάμεως ἐπὶ τοὺς τοῦ βασιλέως στρατηγούς. [7] οἱ δὲ περὶ τὸν Ξένωνα καὶ Θεόδοτον καταπλαγόντες τὴν ἔφοδον ἀνεχώρησαν εἰς τὰς πόλεις. [8] ὁ δὲ Μόλων κύριος γενόμενος τῆς Ἀπολλωνιάτιδος χώρας εὐπορεῖτο ταῖς χορηγίαις ὑπερβαλλόντως. ἦν δὲ φοβερὸς μὲν καὶ πρὸ τοῦ διὰ τὸ μέγεθος τῆς δυναστείας. τὰ τε γὰρ ἵπποφόρβια πάντα τὰ βασιλικά Μήδοις ἐγκεχεῖρισται, σίτου τε καὶ θρεμμάτων πλῆθος ἀναρίθμητον παρ' αὐτοῖς ἐστὶ. [2] περὶ γε μὴν τῆς ὀχυρότητος καὶ τοῦ μεγέθους τῆς χώρας οὐδ' ἂν εἰπεῖν δύναται ἄξίως οὐδεὶς. [3] ἡ γὰρ Μηδία κεῖται μὲν περὶ μέσσην τὴν Ἀσίαν, διαφέρει δὲ καὶ κατὰ τὸ μέγεθος καὶ κατὰ τὴν εἰς ὕψος ἀνάτασιν πάντων τῶν κατὰ τὴν Ἀσίαν τόπων, ὥς πρὸς μέρος θεωρουμένη. [4] καὶ μὴν ἐπὶκειται τοῖς ἀλκιμωτάτοις καὶ μεγίστοις ἔθνεσι. πρόκειται γὰρ αὐτῇ παρὰ μὲν τὴν ἑω καὶ τὰ πρὸς ἀνατολὰς μέρη τὰ κατὰ τὴν ἔρημον πεδία τὴν μεταξὺ κειμένην τῆς Περσίδος καὶ τῆς Παρθυαίας. [5] ἐπὶκειται δὲ καὶ κρατεῖ τῶν καλουμένων Κασπίων πυλῶν, συνάπτει δὲ τοῖς Ταπύρων ὄρεσιν, ἃ

δὴ τῆς Ὑρκανίας θαλάττης οὐ πολὺ διέστηκε. [6] τοῖς δὲ πρὸς μεσημβρίαν κλίμασι καθήκει πρὸς τε τὴν Μεσοποταμίαν καὶ τὴν Ἀπολλωνιάτιν χώραν, παράκειται δὲ τῇ Περσίδι, προβεβλημένη τὸ Ζάγρον ὄρος, [7] ὃ τὴν μὲν ἀνάβασιν ἔχει πρὸς ἑκατὸν στάδια, διαφορὰς δὲ καὶ συγκλείσεις πλείους ἔχον ἐν αὐτῷ διέζευκται κοιλάσι, κατὰ δὲ τινὰς τόπους αὐλῶσιν, οὓς κατοικοῦσι Κοσσαῖοι καὶ Κορβρῆναι καὶ Κάρχοι καὶ πλείω γένη βαρβάρων ἕτερα, διαφέρειν δοκοῦντα πρὸς τὰς πολεμικὰς χρείας. [8] τοῖς δὲ πρὸς τὰς δύοσεις μέρεσι κειμένοις συνάπτει τοῖς Σατραπείοις καλουμένοις: τούτοις δὲ συμβαίνει μὴ πολὺ διεστάναι τῶν ἐθνῶν τῶν ἐπὶ τὸν Εὐξείνιον καθηκόντων πόντον. [9] τὰ δ' ἐπὶ τὰς ἄρκτους αὐτῆς τετραμμένα μέρη περιέχεται μὲν Ἑλυμαίοις καὶ τοῖς Ἀνιαράκαις, [10] ἔτι δὲ Καδουσίοις καὶ Ματιανοῖς, ὑπέρκειται δὲ τῶν συναπτόντων πρὸς τὴν Μαιῶτιν τοῦ Πόντου μερῶν. [11] αὕτη δ' ἡ Μηδία διέζευκται πλείοσιν ὅρεσιν ἀπὸ τῆς ἡοῦς ἕως πρὸς τὰς δύοσεις, ὧν μεταξὺ κεῖται πεδία πληθύνοντα πόλεσι καὶ κώμαις.

[1] κυριεύων δὲ ταύτης τῆς χώρας, βασιλικὴν ἐχούσης περίστασιν, καὶ πάλαι μὲν φοβερός ἦν, ὥς πρότερον εἶπα, διὰ τὴν ὑπεροχὴν τῆς δυναστείας: [2] τότε δὲ καὶ τῶν τοῦ βασιλέως στρατηγῶν δοκούντων παρακεχωρηκέναι τῶν ὑπαίθρων αὐτῷ καὶ τῶν ιδίων δυνάμεων ἐπηρμένων ταῖς ὁρμαῖς διὰ τὸ κατὰ λόγον σφίσι προχωρεῖν τὰς πρώτας ἐλπίδας, τελέως ἐδόκει φοβερός εἶναι καὶ ἀνυπόστατος πᾶσι τοῖς τὴν Ἀσίαν κατοικοῦσι. [3] διὸ τὸ μὲν πρῶτον ἐπεβάλετο διαβάς τὸν Τίγριν πολιορκεῖν τὴν Σελεύκειαν: [4] κωλυθείσης δὲ τῆς διαβάσεως ὑπὸ Ζεύξιδος διὰ τὸ καταλαβέσθαι τὰ ποτάμια πλοῖα, τοῦτον τὸν τρόπον ἀναχωρήσας εἰς τὴν ἐν τῇ Κτησιφῶντι λεγομένη στρατοπεδείαν παρεσκεύαζε ταῖς δυνάμεσι τὰ πρὸς τὴν παραχειμασίαν. [5]

[1] ὁ δὲ βασιλεὺς ἀκούσας τὴν τε τοῦ Μόλωνος ἔφοδον καὶ τὴν τῶν ιδίων στρατηγῶν ἀναχώρησιν αὐτὸς μὲν ἦν ἑτοιμος πάλιν ἐπὶ τὸν Μόλωνα στρατεῦειν, ἀποστάς τῆς ἐπὶ τὸν Πτολεμαῖον ὁρμῆς, καὶ μὴ προῖεσθαι τοὺς καιροὺς: [6] Ἑρμείας δέ, τηρῶν τὴν ἐξ ἀρχῆς πρόθεσιν ἐπὶ μὲν τὸν Μόλωνα Ξενοίταν τὸν Ἀχαιὸν ἐξέπεμψε στρατηγὸν αὐτοκράτορα μετὰ δυνάμεως, φήσας δεῖν πρὸς μὲν τοὺς ἀποστάτας στρατηγοῖς πολεμεῖν, πρὸς δὲ τοὺς βασιλεῖς αὐτὸν ποιεῖσθαι τὸν βασιλέα καὶ τὰς ἐπιβολὰς καὶ τοὺς ὑπὲρ τῶν ὄλων ἀγῶνας, [7] αὐτὸς δὲ διὰ τὴν ἡλικίαν ὑποχείριον ἔχων τὸν νεανίσκον

προῆγε, καὶ συνήθροιζε τὰς δυνάμεις εἰς Ἀπάμειαν· ἐντεῦθεν δ' ἀναζεύξας ἦκε πρὸς τὴν Λαοδίκειαν. [8] ἀφ' ἧς ποιησάμενος τὴν ὁρμὴν ὁ βασιλεὺς μετὰ πάσης τῆς στρατιᾶς, καὶ διελθὼν τὴν ἔρημον, ἐνέβαλεν εἰς τὸν αὐλῶνα τὸν προσαγορευόμενον Μαρσύαν, [9] ὃς κεῖται μὲν μετὰ τῆς κατὰ τὸν Λίβανον καὶ τὸν Ἀντιλίβανον παρωρείας, συνάγεται δ' εἰς στενὸν ὑπὸ τῶν προειρημένων ὁρῶν. [10] συμβαίνει δὲ καὶ τοῦτον αὐτὸν τὸν τόπον, ἧ στενωτάτος ἐστὶ, διείργεσθαι τενάγεσι καὶ λίμναις, ἐξ ὧν ὁ μυρεψικὸς κείρεται κάλαμος. ἐπικείται δὲ τοῖς στενοῖς ἐκ μὲν θατέρου μέρους Βρόχοι προσαγορευόμενόν τι χωρίον, ἐκ δὲ θατέρου Γέρρα, στενὴν ἀπολείποντα ἀρόδοον. [2] ποιησάμενος δὲ διὰ τοῦ προειρημένου τὴν πορείαν αὐλῶνος ἐπὶ πλείους ἡμέρας, καὶ προσαγαγόμενος τὰς παρακειμένας πόλεις, παρὴν πρὸς τὰ Γέρρα. [3] καταλαβὼν δὲ τὸν Θεόδοτον τὸν Αἰτωλὸν προκατειληφότα τὰ Γέρρα καὶ τοὺς Βρόχους, τὰ δὲ παρὰ τὴν λίμνην στενὰ διωχυρωμένον τάφροις καὶ χάραξι καὶ διεληφότα φυλακαῖς εὐκαίροις, τὸ μὲν πρῶτον ἐπεβάλετο βιάζεσθαι, [4] πλείω δὲ πάσχων ἢ ποιῶν κακὰ διὰ τὴν ὀχυρότητα τῶν τόπων καὶ διὰ τὸ μένειν ἔτι τὸν Θεόδοτον ἀκέραιον, ἀπέστη τῆς ἐπιβολῆς. [5] διὸ καὶ τοιαύτης οὔσης τῆς περὶ τοὺς τόπους δυσχρηστίας, προσπεσόντος αὐτῷ Ξενοίταν ἐπταικέναι τοῖς ὅλοις καὶ τὸν Μόλωνα πάντων τῶν ἄνω τόπων ἐπικρατεῖν, ἀφέμενος τούτων ὥρμησε τοῖς οἰκείοις πράγμασι βοηθήσων. [6]

[1] ὁ γὰρ Ξενοίτας ὁ στρατηγὸς ἀποσταλεὶς αὐτοκράτωρ, καθάπερ ἐπάνω προεῖπα, καὶ μείζονος ἐξουσίας ἢ κατὰ τὴν προσδοκίαν τυχόν, ὑπεροπτικώτερον μὲν ἐχρῆτο τοῖς αὐτοῦ φίλοις, θρασύτερον δὲ ταῖς πρὸς τοὺς ἐχθροὺς ἐπιβολαῖς. [7] οὐ μὴν ἀλλὰ καταζεύξας εἰς τὴν Σελεύκειαν, καὶ μεταπεμψάμενος Διογένην τὸν τῆς Σουσιανῆς ἑπαρχον καὶ Πυθιάδην τὸν τῆς Ἐρυθρᾶς θαλάττης, ἐξῆγε τὰς δυνάμεις, καὶ λαβὼν πρόβλημα τὸν Τίγριν ποταμὸν ἀντεστρατοπέδευσε τοῖς πολεμίοις. [8] πλειόνων δὲ διακολυμβόντων πρὸς αὐτὸν ἀπὸ τῆς τοῦ Μόλωνος στρατοπεδείας, καὶ δηλούντων ὥς ἐὰν διαβῇ τὸν ποταμὸν, ἅπαν ἀπονέυσει πρὸς αὐτὸν τὸ τοῦ Μόλωνος στρατόπεδον — τῷ μὲν γὰρ Μόλωνι φθονεῖν, τῷ δὲ βασιλεῖ τὸ πλῆθος εὖνουν ὑπάρχειν διαφερόντως — ἐπαρθεὶς τούτοις ὁ Ξενοίτας ἐπεβάλετο διαβαίνειν τὸν Τίγριν. [9] ὑποδείξας δὲ διότι μέλλει ζευγνύναι τὸν ποταμὸν κατὰ τινα νησίζοντα τόπον, τῶν μὲν πρὸς τοῦτο τὸ μέρος ἐπιτηδεῖων οὐδὲν ἡτοίμαζε, διὸ καὶ συνέβη

καταφρονῆσαι τοὺς περὶ τὸν Μόλωνα τῆς ὑποδεικνυμένης ἐπιβολῆς, [10] τὰ δὲ πλοῖα συνήθροιζε καὶ κατήρτιζε καὶ πολλὴν ἐπιμέλειαν ἐποιεῖτο περὶ τούτων. [11] ἐπιλέξας δ' ἐκ παντὸς τοῦ στρατεύματος τοὺς εὐρωστοτάτους ἰππεῖς καὶ πεζοὺς, ἐπὶ τῆς παρεμβολῆς ἀπολιπὼν Ζεῦξιν καὶ Πυθιάδην παρήλθε νυκτὸς ὡς ὀγδοήκοντα σταδίους ὑποκάτω τῆς τοῦ Μόλωνος στρατοπεδείας, [12] καὶ διακομίσας τοῖς πλοίοις τὴν δύναμιν ἀσφαλῶς νυκτὸς ἔτι κατεστρατοπέδευσε, λαβὼν εὐφυῆ τόπον, ᾧ συνέβαινε κατὰ μὲν τὸ πλεῖστον ὑπὸ τοῦ ποταμοῦ περιέχεσθαι, τὸ δὲ λοιπὸν ἔλκεσιν ἡσφαλίσθαι καὶ τέλμασιν. ὁ δὲ Μόλων συνεῖς τὸ γεγονὸς ἐξαπέστειλε τοὺς ἰππεῖς, ὡς κωλύσων τοὺς ἐπιδιαβαίνοντας ῥαδίως καὶ συντρίψων τοὺς ἤδη διαβεβηκότας· [2] οἱ καὶ συνεγγίσαντες τοῖς περὶ τὸν Ξενοίταν διὰ τὴν ἄγνοιαν τῶν τόπων οὐ προσεδέοντο τῶν πολεμίων, αὐτοὶ δ' ὑφ' αὐτῶν βαπτιζόμενοι καὶ καταδύνοντες ἐν τοῖς τέλμασιν ἄχρηστοι μὲν ἦσαν ἅπαντες, πολλοὶ δὲ καὶ διεφθάρησαν αὐτῶν. [3] ὁ δὲ Ξενοίτας, πεπεισμένος, ἐὰν πλησιάσῃ, μεταβαλεῖσθαι τὰς τοῦ Μόλωνος πρὸς αὐτὸν δυνάμεις, προελθὼν παρὰ τὸν ποταμὸν καὶ συνεγγίσας παρεστρατοπέδευσε τοῖς ὑπεναντίοις. [4] κατὰ δὲ τὸν καιρὸν τοῦτον ὁ Μόλων, εἴτε καὶ στρατηγήματος χάριν εἴτε καὶ διαπιστήσας ταῖς δυνάμεσι, μὴ τι συμβῇ τῶν ὑπὸ τοῦ Ξενοίτου προσδοκωμένων, ἀπολιπὼν ἐν τῷ χάρακι τὴν ἀποσκευὴν ἀνέζευξε νυκτός, καὶ προῆγε σύντονον ποιούμενος τὴν πορείαν ὡς ἐπὶ Μηδίας. [5] ὁ δὲ Ξενοίτας, ὑπολαβὼν πεφευγῆναι τὸν Μόλωνα καταπεπληγμένον τὴν ἔφοδον αὐτοῦ καὶ διαπιστοῦντα ταῖς ἰδίαις αὐτοῦ δυνάμεσι, τὸ μὲν πρῶτον ἐπιστρατοπεδεύσας κατελάβετο τὴν τῶν πολεμίων παρεμβολήν, καὶ διεπεραιῶν πρὸς αὐτὸν τοὺς ἰδίους ἰππεῖς καὶ τὰς τούτων ἀποσκευὰς ἐκ τῆς Ζεῦξιδος παρεμβολῆς· [6] μετὰ δὲ ταῦτα συναθροίσας παρεκάλει τοὺς πολλοὺς θαρρεῖν καὶ καλὰς ἐλπίδας ἔχειν ὑπὲρ τῶν ὅλων, ὡς πεφευγὸς τοῦ Μόλωνος. [7] ταῦτα δ' εἰπὼν ἐπιμελεῖσθαι παρήγγειλε καὶ θεραπεύειν αὐτοὺς ἅπασιν, ὡς ἐκ ποδὸς ἀκο

[1] λουθήσων πρῶτ' τοῖς ὑπεναντίοις. οἱ δὲ πολλοὶ κατατεθαρρηκότες καὶ παντοδαπῆς ἐπειλημμένοι χορηγίας, ὥρμησαν πρὸς ἀπόλαυσιν καὶ μέθην καὶ τὴν ταῖς τοιαύταις ὁρμαῖς παρεπομένην ῥαθυμίαν. [2] ὁ δὲ Μόλων διανύσας ἱκανόν τινα τόπον καὶ δειπνοποιησάμενος παρῆν ἐξ ὑποστροφῆς, καὶ καταλαβὼν ἐρριμμένους καὶ μεθύοντας πάντας, προσέβαλε τῷ χάρακι τῶν

πολεμίων ὑπὸ τὴν ἑωθινήν. [3] οἱ δὲ περὶ τὸν Ξενοίταν ἐκπλαγέντες ἐπὶ τοῖς συμβαίνουσι διὰ τὸ παράδοξον, ἀδυνατοῦντες δὲ τοὺς πολλοὺς ἐγείρειν διὰ τὴν κατέχουσαν αὐτοὺς μέθην, αὐτοὶ μὲν ἀλόγως ὀρμήσαντες εἰς τοὺς πολεμίους διεφθάρησαν, [4] τῶν δὲ κοιμωμένων οἱ μὲν πλείους ἐν αὐταῖς ταῖς στιβάσι κατεκόπησαν, οἱ δὲ λοιποὶ ῥιπτοῦντες ἑαυτοὺς εἰς τὸν ποταμὸν ἐπειρῶντο διαβαίνειν πρὸς τὴν ἀντίπερα στρατοπεδεῖαν· οὐ μὴν ἄλλ’ οἱ πλείους καὶ τούτων ἀπώλλυντο. [5] καθόλου δὲ ποικίλη τις ἦν ἀκρισία περὶ τὰ στρατόπεδα καὶ κυδοιμός· πάντες γὰρ ἐκπλαγεῖς καὶ περιδεεῖς ἦσαν, [6] ἅμα δὲ καὶ τῆς ἀντίπερα παρεμβολῆς ὑπὸ τὴν ὄψιν οὔσης ἐν πάνυ βραχεῖ διαστήματι, τῆς μὲν τοῦ ποταμοῦ βίας καὶ δυσχρηστίας ἐξελανθάνοντο διὰ τὴν ἐπιθυμίαν τὴν πρὸς τὸ σῶζεσθαι, [7] κατὰ δὲ τὴν παράστασιν καὶ τὴν ὀρμὴν τὴν πρὸς τὴν σωτηρίαν ἐρρίπτουν ἑαυτοὺς εἰς τὸν ποταμόν, ἐνέεσαν δὲ καὶ τὰ ὑποζύγια σὺν ταῖς ἀποσκευαῖς, [8] ὥς τοῦ ποταμοῦ κατὰ τινα πρόνοιαν αὐτοῖς συνεργήσοντος καὶ διακομιοῦντος ἀσφαλῶς πρὸς τὴν ἀντίπερα κειμένην στρατοπεδεῖαν. [9] ἐξ ὧν συνέβαινε τραγικὴν καὶ παρηλλαγμένην φαίνεσθαι τοῦ ρεύματος τὴν φαντασίαν, ὥς ἂν ὁμοῦ τοῖς νηχομένοις φερομένων ἵππων, ὑποζυγίων, ὅπλων, νεκρῶν, ἀποσκευῆς παντοδαπῆς. [10] Μόλων δὲ κυριεύσας τῆς τοῦ Ξενοίτου παρεμβολῆς, καὶ μετὰ ταῦτα διαβάς τὸν ποταμὸν ἀσφαλῶς, ἅτε μηδενὸς κωλύοντος διὰ τὸ φυγεῖν τὴν ἔφοδον αὐτοῦ καὶ τοὺς περὶ τὸν Ζεῦξιν, ἐγκρατὴς γίνεται καὶ τῆς τούτου στρατοπεδεΐας. [11] συντελεσάμενος δὲ τὰ προειρημένα παρῆν μετὰ τοῦ στρατοπέδου πρὸς τὴν Σελεύκειαν. [12] παραλαβὼν δὲ καὶ ταύτην ἐξ ἐφόδου διὰ τὸ πεφευγῆναι τοὺς περὶ τὸν Ζεῦξιν, ἅμα δὲ τούτοις τὸν Διομέδοντα τὸν ἐπιστάτην τῆς Σελευκείας, λοιπὸν ἤδη προάγων ἀκονιτὶ κατεστρέφετο τὰς ἄνω σατραπείας. [13] γενόμενος δὲ κύριος τῆς τε Βαβυλωνίας καὶ τῆς περὶ τὴν Ἐρυθρὰν θάλατταν ἦκε πρὸς Σοῦσα. [14] τὴν μὲν οὖν πόλιν ἐξ ἐφόδου καὶ ταύτην κατέσχε, τῇ δ’ ἄκρα προσβολὰς ποιούμενος οὐδὲν ἦνυε τῷ φθάσαι Διογένην τὸν στρατηγὸν εἰς αὐτὴν παρεισπεσόντα. [15] διὸ καὶ ταύτης μὲν τῆς ἐπιβολῆς ἀπέστη, καταλιπὼν δὲ τοὺς πολιορκήσοντας κατὰ τάχος ἀνέξευξε, καὶ κατῆρε μετὰ τῆς δυνάμεως ἄλιν εἰς Σελεύκειαν τὴν ἐπὶ τῷ Τίγριδι. [16] πολλὴν δὲ ποιησάμενος ἐπιμέλειαν ἐνταῦθα τοῦ στρατοπέδου καὶ παρακαλέσας τὸ πλῆθος ὥρμησε πρὸς τὰς ἐξῆς πράξεις, καὶ τὴν μὲν Παραποταμίαν μέχρι πόλεως Εὐρώπου κατέσχε,

τὴν δὲ Μεσοποταμίαν ἕως Δούρων.

[1] Ἀντίοχος δέ, [17] τούτων αὐτῷ προσπεσόντων, ὥς ἐπάνω προεῖπον, ἀπογνοὺς τὰς κατὰ Κοίλην Συρίαν ἐλπίδας ὥρμησε πρὸς ταύτας τὰς ἐπιβολάς. ἐν ᾧ καιρῷ πάλιν ἀθροισθέντος τοῦ συνεδρίου, καὶ κελεύσαντος λέγειν τοῦ βασιλέως ὑπὲρ τοῦ πῶς δεῖ χρῆσθαι ταῖς ἐπὶ τὸν Μόλωνα παρασκευαῖς, αὐτὶς Ἐπιγένους καταρξαμένου καὶ λέγοντος περὶ τῶν ἐνεστώτων, [2] ὥς ἔδει μὲν πάλαι μὴ μέλλειν κατὰ τὴν αὐτοῦ συμβουλίαν πρὸ τοῦ τηλικαῦτα προτερήματα λαβεῖν τοὺς ἐχθροὺς, οὐ μὴν ἀλλὰ καὶ νῦν ἔτι φάσκοντος δεῖν ἔχεσθαι τῶν πραγμάτων, [3] πάλιν Ἑρμείας ἀκρίτως καὶ προπετῶς ἐξοργισθεὶς ἤρξατο λοιδορεῖν τὸν εἰρημένον. [4] ἅμα δὲ φορτικῶς μὲν αὐτὸν ἐγκωμιάζων, ἀστόχους δὲ καὶ ψευδεῖς ποιούμενος κατηγορίας Ἐπιγένους, μαρτυρόμενος δὲ τὸν βασιλέα μὴ παριδεῖν οὕτως ἀλόγως μὴδ' ἀποστῆναι τῶν περὶ Κοίλης Συρίας ἐλπίδων, [5] προσέκοπτε μὲν τοῖς πολλοῖς, ἐλύπει δὲ καὶ τὸν Ἀντίοχον, μόλις δὲ κατέπαυσε τὴν ἀψιμαχίαν, πολλὴν ποιησαμένου τοῦ βασιλέως σπουδὴν εἰς τὸ διαλύειν αὐτοῦς. [6] δόξαντος δὲ τοῖς πολλοῖς Ἐπιγένους ἀναγκαιότερα καὶ συμφορώτερα λέγειν, ἐκυρώθη τὸ διαβούλιον στρατεύειν ἐπὶ τὸν Μόλωνα καὶ τούτων ἔχεσθαι τῶν πράξεων. [7] ταχὺ δὲ συνυποκριθεὶς καὶ μεταπεσὼν Ἑρμείας, καὶ φήσας δεῖν ἅπαντας τὸ κριθὲν ἀπροφασίστως συμπράττειν, οὗτος αὐτὸς ἔτοιμος ἦν

[1] καὶ πολλὸς πρὸς ταῖς παρασκευαῖς. ἀθροισθεισὼν δὲ τῶν δυνάμεων εἰς Ἀπάμειαν, καὶ τινος ἐγγενομένης στάσεως τοῖς πολλοῖς ὑπὲρ τῶν προσοφειλομένων ὀψωνίων, [2] λαβὼν ἐπτοημένον τὸν βασιλέα καὶ δεδιότα τὸ γεγονὸς κίνημα διὰ τὸν καιρόν, ἐπηγγείλατο διαλύσειν πᾶσι τὰς σιταρχίας, ἐὰν αὐτῷ συγχωρήσῃ μὴ στρατεύειν μετ' αὐτῶν τὸν Ἐπιγένην· [3] οὐ γὰρ οἶόν τ' εἶναι τῶν κατὰ λόγον οὐδὲν πράττεσθαι κατὰ τὴν στρατείαν τηλικαύτης ἐν αὐτοῖς ὀργῆς καὶ στάσεως ἐγγεγεννημένης. [4] ὁ δὲ βασιλεὺς δυσχερῶς μὲν ἤκουσε καὶ περὶ παντὸς ἐποιεῖτο σπουδάζων διὰ τὴν ἐμπειρίαν τῶν πολεμικῶν συστρατεύειν αὐτῷ τὸν Ἐπιγένην, [5] περιεχόμενος δὲ καὶ προκατειλημμένος οἰκονομίαις καὶ φυλακαῖς καὶ θεραπαίαις ὑπὸ τῆς Ἑρμείου κακοηθείας οὐκ ἦν αὐτοῦ κύριος· διὸ καὶ τοῖς παροῦσιν εἰκὼν συνεχώρησε τοῖς ἀξιουμένοις. [6] τοῦ δ' Ἐπιγένους κατὰ τὸ προσταχθὲν ἀναχωρήσαντος εἰς ἱμάτιον ... , οἱ μὲν οὖν ἐν τῷ συνεδρίῳ κατεπλάγησαν τὸν φθόνον, [7] αἱ δὲ δυνάμεις τυχοῦσαι τῶν

ἀξιουμένων ἐκ μεταβολῆς εὐνοϊκῶς διέκειντο πρὸς τὸν αἴτιον τῆς τῶν ὤψωνίων διορθώσεως πλὴν τῶν Κυρρηστῶν: [8] οὗτοι δ' ἐστασίασαν καὶ σχεδὸν εἰς ἑξακισχιλίους ὄντες τὸν ἀριθμὸν ἀπέστησαν, καὶ πολλὰς δὴ τινὰς ἀηδίας ἐπὶ χρόνον ἱκανὸν παρέσχον: τέλος δὲ μάχῃ κρατηθέντες ὑπὸ τινος τῶν τοῦ βασιλέως στρατηγῶν οἱ μὲν πλεῖστοι διεφθάρησαν, οἱ δὲ περιλειφθέντες παρέδοσαν ἑαυτοὺς εἰς τὴν τοῦ βασιλέως πίστιν. [9] ὁ δ' Ἑρμείας τοὺς μὲν φίλους διὰ τὸν φόβον, τὰς δὲ δυνάμεις διὰ τὴν εὐχρηστίαν ὑφ' ἑαυτὸν πεποιημένους, ἀναζητῶν προῆγε μετὰ τοῦ βασιλέως. [10] περὶ δὲ τὸν Ἐπιγένην πρᾶξιν συνεστήσατο τοιαύτην, λαβὼν συνεργὸν τὸν ἀκροφύλακα τῆς Απαμείας Ἀλεξιν. [11] γράψας ὡς παρὰ Μόλωνος ἀπεσταλμένην ἐπιστολὴν πρὸς τὸν Ἐπιγένην πείθει τινὰ τῶν ἐκείνου παίδων ἐλπίσι μεγάλαις ψυχαγωγήσας εἰσενέγκαντα πρὸς τὸν Ἐπιγένην καταμῖξαι τὴν ἐπιστολὴν τοῖς ἐκείνου γράμμασιν. [12] οὗ γενομένου παρὴν εὐθέως Ἀλεξίς, καὶ διηρώτα τὸν Ἐπιγένην μή τινὰς ἐπιστολὰς κεκόμισται παρὰ τοῦ Μόλωνος. [13] τοῦ δ' ἀπειπομένου πικρῶς ἐρευνᾶν ἤτει. ταχὺ δὲ παρεισελθὼν εὔρε τὴν ἐπιστολὴν, ἣ χρησάμενος ἀφορμῇ παραχρῆμα τὸν Ἐπιγένην ἀπέκτεινεν. [14] οὗ συμβάντος ὁ μὲν βασιλεὺς ἐπέισθη δικαίως ἀπολωλέναι τὸν Ἐπιγένην, οἱ δὲ περὶ τὴν αὐλὴν ὑπώπτεον μὲν τὸ γεγονός, ἦγον δὲ τὴν ἡσυχίαν διὰ τὸν φόβον.

[1] Ἀντίοχος δὲ παραγενόμενος ἐπὶ τὸν Εὐφράτην καὶ προσαναλαβὼν τὴν δύναμιν αὐτὶς ἐξώρμα, καὶ διανύσας εἰς Ἀντιόχειαν τὴν ἐν Μυγδονίᾳ περὶ τροπὰς χειμερινὰς ἐπέμεινε, θέλων ἀποδέξασθαι τὴν ἐπιφορὰν καὶ τὴν ἀκμὴν τοῦ χειμῶνος. [2] μέινας δὲ περὶ τετταράκονθ' ἡμέρας προῆγεν εἰς Λίββαν. [3] ἀποδοθέντος δ' ἐκεῖσε διαβουλίου ποία δεῖ προάγειν ἐπὶ τὸν Μόλωνα καὶ πῶς πόθεν κεχρῆσθαι ταῖς εἰς τὰς πορείας χορηγίαις — ἐτύγγανε γὰρ ὁ Μόλων ἐν τοῖς περὶ Βαβυλῶνα τόποις ὑπάρχων — [4] Ἑρμεία μὲν ἐδόκει παρὰ τὸν Τίγριν ποιεῖσθαι τὴν πορείαν, προβαλλομένους τοῦτόν τε καὶ τὸν Λύκον ποταμὸν καὶ τὸν Κάπρον, [5] Ζεῦξις δὲ λαμβάνων πρὸ ὀφθαλμῶν τὴν ἀπώλειαν τὴν Ἐπιγένης τὰ μὲν ἡγωνία λέγειν τὸ φαινόμενον, τὰ δὲ προδήλου τῆς ἀγνοίας οὔσης τῆς κατὰ τὸν Ἑρμείαν μόλις ἐθάρρησε συμβουλευεῖν ὅτι διαβατέον εἴη τὸν Τίγριν, [6] ἀπολογιζόμενος τὴν τε λοιπὴν δυσχέρειαν τῆς παρὰ τὸν ποταμὸν πορείας καὶ διότι δέοι διανύσαντας ἱκανοὺς τόπους, μετὰ ταῦτα διελθόντας ὁδὸν ἔρημον ἡμερῶν ἑξ, παραγενέσθαι πρὸς τὴν

Βασιλικὴν διώρυχα καλουμένην: [7] ἥς προκαταληφθείσης ὑπὸ τῶν πολεμίων ἀδύνατον μὲν γενέσθαι τὴν διάβασιν αὐτῆς, ἐπισηφαλῇ δὲ προφανῶς τὴν διὰ τῆς ἐρήμου πάλιν ἀποχώρησιν, καὶ μάλιστα διὰ τὴν ἐσομένην ἔνδειαν τῶν ἐπιτηδείων. [8] ἐκ δὲ τοῦ διαβῆναι τὸν Τίγριν πρόδηλον μὲν ἀπεδείκνυε τὴν μετάνοιαν καὶ πρόσκλισιν τῷ βασιλεῖ τῶν κατὰ τὴν Ἀπολλωνιάτιν χώραν ὄχλων διὰ τὸ καὶ νῦν αὐτοὺς μὴ κατὰ προαίρεσιν, ἀνάγκη δὲ καὶ φόβῳ ποιεῖν Μόλῳνι τὸ προσταττόμενον, [9] πρόδηλον δὲ τὴν δαψίλειαν τῶν ἐπιτηδείων τοῖς στρατοπέδοις διὰ τὴν ἀρετὴν τῆς χώρας. [10] τὸ δὲ μέγιστον, ἀπέφαινε διακλεισθησόμενον τὸν Μόλῳνα τῆς εἰς τὴν Μηδίαν ἐπανόδου καὶ τῆς ἐξ ἐκείνων τῶν τόπων ἐπαρκείας, [11] ἐξ ὧν ἀναγκασθῆσεν διακινδυνεύειν αὐτόν, ἢ μὴ θέλοντος τοῦτο ποιεῖν ἐκείνου μεταβαλέσθαι τὰς δυνάμεις ταχέως

[1] πρὸς τὰς τοῦ βασιλέως ἐλπίδας. κριθείσης δὲ τῆς τοῦ Ζεύξιδος γνώμης, παραυτίκα διελόντες τὴν δύναμιν εἰς τρία μέρη κατὰ τριττοὺς τόπους τοῦ ποταμοῦ διεπεραΐουν τὸ πλῆθος καὶ τὰς ἀποσκευάς. [2] μετὰ δὲ ταῦτα ποιησάμενοι τὴν πορείαν ὡς ἐπὶ Δούρων ταύτης μὲν τῆς πόλεως ἔλυσαν ἐξ ἐφόδου τὴν πολιορκίαν — ἐτύγγανε γὰρ ὑπὸ τινος τῶν τοῦ Μόλῳνος ἡγεμόνων πολιορκουμένη — [3] χρησάμενοι δὲ κατὰ τὸ συνεχές ἐντεῦθεν ταῖς ἀναζυγαῖς ὀγδοαῖοι τὸ καλούμενον Ὀρεικὸν ὑπερέβαλον καὶ κατήραν εἰς Ἀπολλωνίαν. [4]

[1] Μόλῳν δὲ κατὰ τοὺς αὐτοὺς καιροὺς πυθόμενος τὴν τοῦ βασιλέως παρουσίαν, καὶ διαπιστῶν τοῖς περὶ τὴν Σουσιανὴν καὶ Βαβυλωνίαν ὄχλοις διὰ τὸ προσφάτως καὶ παραδόξως αὐτῶν ἐγκρατὴς γεγονέναι, φοβούμενος δὲ καὶ τῆς εἰς Μηδίαν ἐπανόδου μὴ διακλεισθῇ, διέγνω ζευγνύειν τὸν Τίγριν καὶ διαβιβάζειν τὰς δυνάμεις, [5] σπεύδων, εἰ δύναιτο, προκαταλαβέσθαι τὴν τραχεῖαν τῆς Ἀπολλωνιάτιδος διὰ τὸ πιστεῦειν τῷ πλήθει τῶν σφενδονητῶν τῶν προσαγορευομένων Κυρτίων. [6] πράξας δὲ τὸ κριθέν ταχεῖαν ἐποιεῖτο καὶ σύντονον τὴν πορείαν. [7] ἅμα δὲ τοῦ τε Μόλῳνος συνάπτοντος τοῖς προειρημένοις τόποις καὶ τοῦ βασιλέως ἐκ τῆς Ἀπολλωνίας ὀρμήσαντος μετὰ πάσης δυνάμεως, συνέβη τοὺς ὑπ' ἀμφοτέρων προαποσταλέντας εὐζώνους ἅμα συμπεσεῖν ἐπὶ τινὰς ὑπερβολάς: [8] οἱ τὸ μὲν πρῶτον συνεπλέκοντο καὶ κατεπεύραζον ἀλλήλων, ἐν δὲ τῷ συνάψαι τὰς παρ' ἀμφοῖν δυνάμεις ἀπέστησαν. καὶ τότε μὲν ἀναχωρήσαντες εἰς τὰς ἰδίας παρεμβολὰς

ἐστρατοπέδευσαν τετταράκοντα σταδίους ἀπ' ἀλλήλων διεστῶτες: [9] τῆς δὲ νυκτὸς ἐπιγενομένης συλλογισάμενος ὁ Μόλων ὡς ἐπισφαλῆς γίνεται καὶ δύσχρηστος τοῖς ἀποστάταις πρὸς τοὺς βασιλεῖς ὁ μεθ' ἡμέραν καὶ κατὰ πρόσωπον κίνδυνος, ἐπεβάλετο νυκτὸς ἐγχειρεῖν τοῖς περὶ τὸν Ἀντίοχον. [10] ἐπιλέξας δὲ τοὺς ἐπιτηδειοτάτους καὶ τοὺς ἀκμαιοτάτους ἐκ παντὸς τοῦ στρατοπέδου περιήει κατὰ τινὰς τόπους, θέλων ἐξ ὑπερδεξίου ποιήσασθαι τὴν ἐπίθεσιν. [11] γνοὺς δὲ κατὰ τὴν πορείαν δέκα νεανίσκους ἀθρόους ἀποκεχωρηκότας πρὸς τὸν Ἀντίοχον, ταύτης μὲν τῆς ἐπινοίας ἀπέστη, [12] ταχὺ δ' ἐκ μεταβολῆς ποιησάμενος τὴν ἀποχώρησιν καὶ παραγενόμενος εἰς τὸν ἑαυτοῦ χάρακα περὶ τὴν ἑωθινήν, πᾶν τὸ στρατόπεδον ἐνέπλησε θορύβου καὶ ταραχῆς: [13] δείσαντες γὰρ ἐκ τῶν ὕπνων οἱ κατὰ τὸν χάρακα διὰ τὴν τῶν προσιόντων ἔφοδον μικροῦ δεῖν ἐξέπεσον ἐκ τῆς παρεμβολῆς. [14] Μόλων μὲν οὖν, καθ' ὅσον ἐδύνατο, κατεπράυνε τὴν γεγεννημένην ἐν αὐτοῖς ταραχήν: ὁ δὲ βασιλεὺς ἔτοιμος ὢν πρὸς τὸν κίνδυνον ἅμα τῷ φωτὶ τὴν δύναμιν ἐκίνει πᾶσαν ἐκ τοῦ χάρακος. [2] ἐπὶ μὲν οὖν τοῦ δεξιοῦ κέρως ἔταξε πρῶτους τοὺς ξυστοφόρους ἵππεῖς, ἐπιστήσας Ἄρδυν, κεκριμένον ἄνδρα περὶ τὰς πολεμικὰς πράξεις: [3] τούτοις δὲ παρέθηκε τοὺς συμμαχικοὺς Κρήτας, ὧν εἶχοντο Γαλάται Ῥιγόσαγες: παρὰ δὲ τούτους ἔθηκε τοὺς ἀπὸ τῆς Ἑλλάδος ξένους καὶ μισθοφόρους, οἷς ἐπόμενον παρενέβαλε τὸ τῆς φάλαγγος σύστημα. [4] τὸ δ' εὐώνυμον κέρας ἀπέδωκε τοῖς Ἑταίροις προσαγορευομένοις, οὔσιν ἵππεῦσι. τὰ δὲ θηρία πρὸ τῆς δυνάμεως ἐν διαστήμασι κατέστησε, δέκα τὸν ἀριθμὸν ὄντα. [5] τὰ δ' ἐπιτάγματα τῶν πεζῶν καὶ τῶν ἱππέων ἐπὶ τὰ κέρατα μερίσας κυκλοῦν παρήγγειλε τοὺς πολεμίους, ἐπειδὴν συμβάλωσι. [6] μετὰ δὲ ταῦτα παρεκάλει τὰς δυνάμεις ἐπιπορευόμενος διὰ βραχέων τὰ πρέποντα τοῖς καιροῖς. καὶ τὸ μὲν εὐώνυμον κέρας Ἑρμεία καὶ Ζεῦξιδι παρέδωκε, τὸ δὲ δεξιὸν αὐτὸς εἶχε. Μόλων δὲ δύσχρηστον μὲν ἐποίησατο τὴν ἐξαγωγήν, [7] ταραχώδῃ δὲ καὶ τὴν ἔκταξιν διὰ τὴν ἐν τῇ νυκτὶ προγεγεννημένην ἀλογίαν: [8] οὐ μὴν ἀλλὰ τοὺς μὲν ἵππεῖς ἐφ' ἑκάτερον ἐμερίσατο κέρας, στοχαζόμενος τῆς τῶν ὑπεναντίων παρατάξεως, τοὺς δὲ θυρεαφόρους καὶ Γαλάτας καὶ καθόλου τὰ βαρέα τῶν ὅπλων εἰς τὸν μεταξύ τόπον ἔθηκε τῶν ἱππέων. [9] ἔτι δὲ τοὺς τοξότας καὶ σφενδονήτας καὶ συλλήβδην τὸ τοιοῦτο γένος ἐκτὸς τῶν ἱππέων παρ' ἑκάτερα παρενέβαλε, [10] τὰ δὲ δρεπανηφόρα τῶν ἀρμάτων προεβάλετο τῆς δυνάμεως ἐν διαστάσει. [11] καὶ τὸ μὲν

εὐώνυμον κέρας Νεολάφ παρέδωκε τὰδελφῶ, τὸ δὲ

[1] δεξιὸν αὐτὸς εἶχε. μετὰ δὲ ταῦτα ποιησαμένων τῶν δυνάμεων τὴν ἐπαγωγὴν, τὸ μὲν δεξιὸν κέρας τοῦ Μόλωνος διετήρησε τὴν πίστιν καὶ συνέβαλε τοῖς περὶ τὸν Ζεῦξιν ἐρρωμένως, τὸ δ' εὐώνυμον ἅμα τῷ συνιὸν εἰς ὄψιν ἔλθειν τῷ βασιλεῖ μετεβάλετο πρὸς τοὺς πολεμίους· [2] οὗ γενομένου συνέβη τοὺς μὲν περὶ τὸν Μόλωνα διατραπῆναι, τοὺς δὲ τοῦ βασιλέως ἐπιρρωσθῆναι διπλασίως. [3] ὁ δὲ Μόλων συννόησας τὸ γεγονὸς καὶ πανταχόθεν ἤδη κυκλούμενος, λαβὼν πρὸ ὀφθαλμῶν τὰς ἐσομένας περὶ αὐτὸν αἰκίας, ἐὰν ὑποχείριος γένηται καὶ ζωγρία ληφθῇ, προσήνεγκε τὰς χεῖρας ἑαυτῷ. [4] παραπλησίως δὲ καὶ πάντες οἱ κοινωνήσαντες τῆς ἐπιβολῆς, φυγόντες εἰς τοὺς οἰκείους ἕκαστοι τόπους, τὴν αὐτὴν ἐποίησαντο τοῦ βίου καταστροφὴν. [5] ὁ δὲ Νεόλαος, ἀποφυγὼν ἐκ τῆς μάχης καὶ παραγενόμενος εἰς τὴν Περσίδα πρὸς Ἀλέξανδρον τὸν τοῦ Μόλωνος ἀδελφόν, τὴν μὲν μητέρα καὶ τὰ τοῦ Μόλωνος τέκνα κατέσφαξε, μετὰ δὲ τὸν τούτων θάνατον ἐπικατέσφαξεν αὐτόν, πείσας τὸ παραπλήσιον ποιῆσαι καὶ τὸν Ἀλέξανδρον. [6] ὁ δὲ βασιλεὺς διαρπάσας τὴν παρεμβολὴν τῶν πολεμίων, τὸ μὲν σῶμα τοῦ Μόλωνος ἀνασταυρῶσαι προσέταξε κατὰ τὸν ἐπιφανέστατον τόπον τῆς Μηδίας. [7] ὁ καὶ παραχρῆμα συνετέλεσαν οἱ πρὸς τούτοις τεταγμένοι· διακομίσαντες γὰρ εἰς τὴν Καλλωνίτιν πρὸς αὐταῖς ἀνεσταύρωσαν ταῖς εἰς τὸν Ζάγρον ἀναβολαῖς· [8] μετὰ ταῦτα δὲ ταῖς δυνάμεσιν ἐπιτιμήσας διὰ πλειόνων καὶ δοὺς δεξιὰν συνέστησε τοὺς ἀποκομιοῦντας αὐτοὺς εἰς Μηδίαν καὶ καταστησομένους τὰ κατὰ τὴν χώραν. [9] αὐτὸς δὲ καταβὰς εἰς Σελεύκειαν καθίστατο τὰ κατὰ τὰς πέριξ σατραπείας, ἡμέρως χρώμενος πᾶσι καὶ νουνεχῶς. [10] Ἑρμείας δὲ τηρῶν τὴν αὐτοῦ προαίρεσιν ἐπέφερε μὲν αἰτίας τοῖς ἐν τῇ Σελευκείᾳ καὶ χιλίοις ἐξημίου ταλάντοις τὴν πόλιν, ἐφυγάδευε δὲ τοὺς καλουμένους Ἀδειγάνας, ἀκρωτηριάζων δὲ καὶ φονεύων καὶ στρεβλῶν πολλοὺς διέφθειρε τῶν Σελευκέων. [11] ἃ μόλις βασιλεὺς, τὰ μὲν πείθων τὸν Ἑρμείαν, ἃ δὲ καὶ κατὰ τὴν αὐτοῦ γνώμην χειρίζων, τέλος ἐπράυνε καὶ κατέστησε τὴν πόλιν, ἑκατὸν καὶ πεντήκοντα τάλαντα μόνον ἐπιτίμιον αὐτοὺς πραξάμενος τῆς ἀγνοίας. [12] ταῦτα δὲ διοικήσας Διογένην μὲν στρατηγὸν ἀπέλιπε Μηδίας, Ἀπολλόδορον δὲ τῆς Σουσιανῆς· Τύχωνα δὲ τὸν ἀρχιγραμματέα τῆς δυνάμεως στρατηγὸν ἐπὶ τοὺς κατὰ τὴν Ἐρυθρὰν θάλατταν τόπους ἐξαπέστειλε. [13]

[1] τὰ μὲν οὖν κατὰ τὴν Μόλωνος ἀπόστασιν καὶ τὸ διὰ ταῦτα γενόμενον κίνημα περὶ τὰς ἄνω σατραπείας τοιαύτης ἔτυχε διορθώσεως καὶ καταστάσεως. ὁ δὲ βασιλεὺς ἐπαρθεὶς τῷ γεγονότι προτερήματι, καὶ βουλόμενος ἀναταθῆναι καὶ καταπλήξασθαι τοὺς ὑπερκειμένους ταῖς ἑαυτοῦ σατραπείαις καὶ συνοροῦντας δυνάστας τῶν βαρβάρων, ἵνα μήτε συγχορηγεῖν μήτε συμπολεμεῖν τοῖς ἀποστάταις αὐτοῦ γινομένοις, ἐπεβάλετο στρατεῦειν ἐπ' αὐτούς, καὶ πρῶτον ἐπὶ τὸν Ἀρταβαζάνην, [2] ὃς ἐδόκει βαρύτατος εἶναι καὶ πρακτικώτατος τῶν δυναστῶν, δεσπόζειν δὲ καὶ τῶν Σατραπειῶν καλουμένων καὶ τῶν τούτοις συντερμονούντων ἐθνῶν. [3] Ἑρμείας δὲ κατὰ τοὺς καιροὺς τούτους ἐδεδίει μὲν τὴν εἰς τοὺς ἄνω τόπους στρατείαν διὰ τὸν κίνδυνον, ὠρέγεται δὲ κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν τῆς ἐπὶ τὸν Πτολεμαῖον στρατείας: [4] οὐ μὴν ἀλλὰ προσπεσόντος υἱὸν γεγονέναι τῷ βασιλεῖ, νομίσας καὶ παθεῖν ἂν τι τὸν Ἀντίοχον ἐν τοῖς ἄνω τόποις ὑπὸ τῶν βαρβάρων καὶ παραδοῦναι καιροὺς αὐτῷ πρὸς ἐπαναίρεσιν, συγκατέθετο τῇ στρατείᾳ, [5] πεπεισμένος, ἂν ἐπανεέλθῃ τὸν Ἀντίοχον, ἐπιτροπεύων τοῦ παιδίου κύριος ἔσσεσθαι τῆς ἀρχῆς αὐτός. [6] κριθέντων δὲ τούτων ὑπερβαλόντες τὸν Ζάγρον ἐνέβαλον εἰς τὴν Ἀρταβαζάνου χώραν, [7] ἣ παράκειται μὲν τῇ Μηδίᾳ, διειργούσης αὐτὴν τῆς ἀνὰ μέσον κειμένης ὀρεινῆς, ὑπέρκειται δ' αὐτῆς τινὰ μέρη τοῦ Πόντου κατὰ τοὺς ὑπὲρ τὸν Φᾶσιν τόπους, συνάπτει δὲ πρὸς τὴν Ὑρκανίαν θάλατταν, [8] ἔχει δὲ πλῆθος ἀνδρῶν ἀλκίμων καὶ μᾶλλον ἱππέων, αὐτάρκης δὲ καὶ ταῖς λοιπαῖς ἐστὶ ταῖς πρὸς τὸν πόλεμον παρασκευαῖς. [9] ταύτην δὲ συμβαίνει τὴν ἀρχὴν ἀπὸ Περσῶν ἔτι διατηρεῖσθαι, παροραθείσης αὐτῆς ἐν τοῖς κατ' Ἀλέξανδρον καιροῖς. [10] ὁ δ' Ἀρταβαζάνης, καταπλαγείς τὴν ἔφοδον τοῦ βασιλέως, καὶ μάλιστα διὰ τὴν ἡλικίαν, τελέως γὰρ ἤδη γηραιὸς ἦν, εἷξας τοῖς παροῦσιν ἐποιήσατο συνθήκας εὐδοκουμένας Ἀντίοχῳ.

[1] τούτων δὲ κυρωθέντων Ἀπολλοφάνης ὁ ἱατρός, ἀγαπώμενος ὑπὸ τοῦ βασιλέως διαφερόντως, θεωρῶν τὸν Ἑρμείαν οὐκέτι φέροντα κατὰ σχῆμα τὴν ἐξουσίαν, ἡγωνία μὲν καὶ περὶ τοῦ βασιλέως, τὸ δὲ πλεῖον ὑπώπτευε καὶ κατάφοβος ἦν ὑπὲρ τῶν καθ' αὐτόν. [2] διὸ λαβὼν καιρὸν προσφέρει τῷ βασιλεῖ λόγον, παρακαλῶν μὴ ῥαθυμεῖν μηδ' ἀνυπονόητον εἶναι τῆς Ἑρμείου τόλμης, μηδ' ἕως τούτου περιμεῖναι μέχρις ἂν οὗ τοῖς ὁμοίοις τὰδελφῷ παλαίῃ συμπτώμασιν. [3] ἀπέχειν δ' οὐ μακρὰν αὐτὸν ἔφη τοῦ κινδύνου: διὸ

προσέχειν ἡξίου καὶ βοηθεῖν κατὰ σπουδὴν αὐτῷ τε καὶ τοῖς φίλοις. [4] τοῦ δ' Ἀντίοχου πρὸς αὐτὸν ἀνθομολογησαμένου διότι καὶ δυσαρεστεῖ καὶ φοβεῖται τὸν Ἑρμεῖαν, ἐκεῖνῳ δὲ μεγάλην χάριν ἔχειν φήσαντος ἐπὶ τῷ κηδεμονικῶς τετολμηκέναι περὶ τούτων εἰπεῖν πρὸς αὐτόν, [5] ὁ μὲν Ἀπολλοφάνης εὐθαρσῆς ἐγένετο τῷ δοκεῖν μὴ διεψεῦσθαι τῆς αἰρέσεως καὶ διαλήψεως τῆς τοῦ βασιλέως, [6] ὁ δ' Ἀντίοχος ἡξίου τὸν Ἀπολλοφάνην συνεπιλαβέσθαι μὴ μόνον τοῖς λόγοις, ἀλλὰ καὶ τοῖς ἔργοις τῆς αὐτοῦ τε καὶ τῶν φίλων σωτηρίας. [7] τοῦ δὲ πρὸς πᾶν ἐτοίμως ἔχειν φήσαντος, συμφρονήσαντες μετὰ ταῦτα καὶ προβαλλόμενοι σκῆψιν ὥς σκοτωμάτων τινῶν ἐπιπεπτωκότων τῷ βασιλεῖ, τὴν μὲν θεραπείαν ἀπέλυσαν ἐπὶ τινας ἡμέρας καὶ τοὺς εἰθισμένους παρεντακτεῖν, [8] πρὸς δὲ τοὺς φίλους ἔλαβον ἐξουσίαν οἷς βούλοιντο κατ' ἰδίαν χρηματίζειν διὰ τὴν τῆς ἐπισκέψεως πρόφασιν. [9] ἐν ᾧ καιρῷ κατασκευασάμενοι τοὺς ἐπιτηδεῖους πρὸς τὴν πρᾶξιν, πάντων ἐτοίμως αὐτοῖς συνυπακουόντων διὰ τὸ πρὸς τὸν Ἑρμεῖαν μῖσος, ἐγίνοντο πρὸς τὸ συντελεῖν τὴν ἐπιβολήν. [10] φασκόντων δὲ δεῖν τῶν ἱατρῶν ἅμα τῷ φωτὶ ποιεῖσθαι τοὺς περιπάτους ὑπὸ τὸ ψῦχος τὸν Ἀντίοχον, ὁ μὲν Ἑρμείας ἦκε πρὸς τὸν ταχθέντα καιρόν, ἅμα δὲ τούτῳ καὶ τῶν φίλων οἱ συνειδότες τὴν πρᾶξιν, [11] οἱ δὲ λοιποὶ καθυστέρουν διὰ τὸ πολὺ παρηλλάχθαι τὴν ἐξοδὸν τοῦ βασιλέως πρὸς τὸν εἰθισμένον καιρόν. [12] διόπερ ἀποσπάσαντες αὐτὸν ἀπὸ τῆς στρατοπεδείας εἰς τινα τόπον ἔρημον, ἄπειτα μικρὸν ἀπονέυσαντος τοῦ βασιλέως ὥς ἐπὶ τι τῶν ἀναγκαίων, ἐξεκέντησαν. [13] Ἑρμείας μὲν οὖν τούτῳ τῷ τρόπῳ μετήλλαξε τὸν βίον, οὐδεμίαν ὑποσχὼν τιμωρίαν ἀξίαν τῶν αὐτῷ πεπραγμένων. [14] ὁ δὲ βασιλεὺς ἀπολυθεὶς φόβου καὶ δυσχρηστίας πολλῆς ἐπανῆγε ποιούμενος τὴν πορείαν ὥς ἐπ' οἴκου, πάντων τῶν κατὰ τὴν χώραν ἀποδεχομένων τάς τε πράξεις αὐτοῦ καὶ τὰς ἐπιβολάς, καὶ μάλιστα κατὰ τὴν δίοδον ἐπισημαινομένων τὴν Ἑρμείου μετὰστασιν. [15] ἐν ᾧ καιρῷ καὶ κατὰ τὴν Ἀπάμειαν αἱ μὲν γυναῖκες τὴν γυναῖκα τὴν Ἑρμείου κατέλυσαν, οἱ δὲ παῖδες τοὺς υἱεῖς.

[1] Ἀντίοχος δὲ παραγενόμενος εἰς τὴν οἰκείαν, καὶ διαφείς τὰς δυνάμεις εἰς παραχειμασίαν, διεπέμπετο πρὸς τὸν Ἀχαιόν, [2] ἐγκαλῶν καὶ διαμαρτυρόμενος πρῶτον μὲν ἐπὶ τῷ τετολμηκέναι διάδημα περιθέσθαι καὶ βασιλέα χρηματίζειν, δεύτερον δὲ προλέγων ὥς οὐ λανθάνει κοινοπραγῶν Πτολεμαίῳ καὶ καθόλου πλείῳ τοῦ

δέοντος κινούμενος. [3] ὁ γὰρ Ἀχαιός, καθ' οὓς καιροὺς ἐπὶ τὸν Ἀρταβαζάνην ὁ βασιλεὺς ἐστράτευε, πεισθεὶς καὶ παθεῖν ἂν τι τὸν Ἀντίοχον, καὶ μὴ παθόντος ἐλπίσας διὰ τὸ μῆκος [4] τῆς ἀποστάσεως φθάσειν ἐμβαλὼν εἰς Συρίαν καὶ συνεργοῖς χρησάμενος Κυρρησταῖς τοῖς ἀποστάταις γεγονόσι τοῦ βασιλέως ταχέως ἂν κρατῆσαι τῶν κατὰ τὴν βασιλείαν πραγμάτων, ὥρμησε μετὰ πάσης τῆς δυνάμεως ἐκ Λυδίας. [5] παραγενόμενος δ' εἰς Λαοδίκειαν τὴν ἐν Φρυγίᾳ διάδημά τε περιέθετο καὶ βασιλεὺς τότε πρῶτον ἐτόλμησε χρηματίζειν καὶ γράφειν πρὸς τὰς πόλεις· Γαρσυήριδος αὐτὸν τοῦ φυγάδος εἰς τοῦτο τὸ μέρος μάλιστα προτρεψαμένου. προάγοντος δὲ κατὰ τὸ συνεχὲς αὐτοῦ, [6] καὶ σχεδὸν ἤδη περὶ Λυκαονίαν ὄντος, αἱ δυνάμεις ἐστασίασαν, δυσαρεστούμεναι τῷ δοκεῖν γίνεσθαι τὴν στρατείαν ἐπὶ τὸν κατὰ φύσιν αὐτῶν ἐξ ἀρχῆς ὑπάρχοντα βασιλέα. [7] διόπερ Ἀχαιὸς συνεῖς τὴν ἐν αὐτοῖς διατροπὴν τῆς μὲν προκειμένης ἐπιβολῆς ἀπέστη, βουλόμενος δὲ πεισθῆναι τὰς δυνάμεις ὥς οὐδ' ἐξ ἀρχῆς ἐπεβάλετο στρατεύειν εἰς Συρίαν, ἐπιστρέψας πορθεῖ τὴν Πισιδικὴν, [8] καὶ πολλὰς ὠφελείας παρασκευάσας τῷ στρατοπέδῳ, πάντας εὐνοὺς αὐτῷ καὶ πεπιστευκότας ἔχων ἐπανήλθε πάλιν εἰς τὴν οἰκείαν.

[1] ὁ δὲ βασιλεὺς σαφῶς ἕκαστα τούτων ἐπεγνωκώς, πρὸς μὲν τὸν Ἀχαιὸν διεπέμπετο συνεχῶς ἀνατεινόμενος, καθάπερ ἐπάνω προεῖπον, πρὸς δὲ ταῖς ἐπὶ τὸν Πτολεμαῖον παρασκευαῖς ὅλος καὶ πᾶς ἦν. [2] διὸ καὶ συναθροίσας εἰς Ἀπάμειαν τὰς δυνάμεις ὑπὸ τὴν ἑαρινὴν ὥραν, ἀνέδωκε τοῖς φίλοις διαβούλιον πῶς χρηστέον ἐστὶ ταῖς εἰς Κοίλιν Συρίαν εἰσβολαῖς. [3] πολλῶν δ' εἰς τοῦτο τὸ μέρος ῥηθέντων καὶ περὶ τῶν τόπων καὶ περὶ παρασκευῆς καὶ περὶ τῆς κατὰ τὴν ναυτικὴν δύναμιν συνεργείας, Ἀπολλοφάνης, ὑπὲρ οὗ καὶ πρότερον εἶπαμεν, τὸ γένος ὦν Σελευκεύς, ἐπέτεμε πάσας τὰς προειρημένας γνώμας· [4] ἔφη γὰρ εὖηθες εἶναι τὸ Κοίλης μὲν Συρίας ἐπιθυμεῖν καὶ στρατεύειν ἐπὶ ταύτην, Σελεύκειαν δὲ περιορᾶν ὑπὸ Πτολεμαίου κρατουμένην, ἀρχηγέτιν οὖσαν καὶ σχεδὸν ὥς εἰπεῖν ἐστὶαν ὑπάρχουσαν τῆς αὐτῶν δυναστείας. [5] ἦν χωρὶς τῆς αἰσχύνης, ἦν περιποιεῖ νῦν τῇ βασιλείᾳ φρουρουμένη διὰ τῶν ἐν Αἰγύπτῳ βασιλέων, καὶ πρὸς πραγμάτων λόγον μεγίστας ἔχειν καὶ καλλίστας ἀφορμάς. [6] κρατουμένην μὲν γὰρ ὑπὸ τῶν ἐχθρῶν μέγιστον ἐμπόδιον εἶναι πρὸς πάσας αὐτοῖς τὰς ἐπιβολάς· [7] οὗ γὰρ ἂν ἐπινοήσωσιν ἀεὶ προβαίνειν, οὐκ ἐλάττονος δεῖσθαι προνοίας καὶ

φυλακῆς αὐτοῖς τοὺς οἰκείους τόπους διὰ τὸν ἀπὸ ταύτης φόβον τῆς ἐπὶ τοὺς πολεμίους παρασκευῆς. [8] κρατηθεῖσάν γε μὴν οὐ μόνον ἔφη δύνασθαι βεβαίως τηρεῖν τὴν οἰκείαν, ἀλλὰ καὶ πρὸς τὰς ἄλλας ἐπινοίας καὶ προθέσεις καὶ κατὰ γῆν καὶ κατὰ θάλατταν μεγάλα δύνασθαι συνεργεῖν διὰ τὴν εὐκαιρίαν τοῦ τόπου. [9] πεισθέντων δὲ πάντων τοῖς λεγομένοις, ἔδοξε ταύτην πρώτην ἐξαιρεῖν τὴν πόλιν: [10] συνέβαινε γὰρ Σελεύκειαν ἔτι τότε κατέχεσθαι φρουραῖς ὑπὸ τῶν ἐξ Αἰγύπτου βασιλέων ἐκ τῶν κατὰ τὸν Εὐεργέτην ἐπικληθέντα Πτολεμαῖον καιρῶν, [11] ἐν οἷς ἐκεῖνος διὰ τὰ Βερενίκης συμπτώματα καὶ τὴν ὑπὲρ ἐκείνης ὀργὴν στρατεύσας εἰς τοὺς κατὰ Συρίαν τόπους ἐγκρατὴς ἐγένετο ταύτης τῆς πόλεως.

[1] οὐ μὴν ἀλλ' Ἀντίοχος κριθέντων τούτων Διογνήτῳ μὲν τῷ ναύαρχῳ παρήγγειλε πλεῖν ὥς ἐπὶ τῆς Σελευκείας, αὐτὸς δ' ἐκ τῆς Ἀπαμείας ὀρμήσας μετὰ τῆς στρατιᾶς, καὶ περὶ πέντε σταδίους ἀποσχὼν τῆς πόλεως, προσεστρατοπέδευσε κατὰ τὸν ἱππόδρομον. [2] Θεόδοτον δὲ τὸν ἡμιόλιον ἐξαπέστειλε μετὰ τῆς ἀρμοζούσης δυνάμεως ἐπὶ τοὺς κατὰ Κοίλην Συρίαν τόπους, καταληψόμενον τὰ στενὰ καὶ προκαθησόμενον ἅμα τῶν αὐτοῦ πραγμάτων. [3] τὴν δὲ τῆς Σελευκείας θέσιν καὶ τὴν τῶν πέριξ τόπων ιδιότητα τοιαύτην ἔχειν τὴν φύσιν συμβαίνει. [4] κειμένης γὰρ αὐτῆς ἐπὶ θαλάττῃ μεταξὺ Κιλικίας καὶ Φοινίκης, ὅρος ἐπὶκεῖται παμμέγεθες, ὃ καλοῦσι Κορυφαῖον: [5] ὃ πρὸς μὲν τὴν ἀφ' ἐσπέρας πλευρὰν προσκλύζει τὸ καταληγὼν τοῦ πελάγους τοῦ μεταξὺ κειμένου Κύπρου καὶ Φοινίκης, τοῖς δ' ἀπὸ τῆς ἡοῦς μέρεσιν ὑπέρκειται τῆς Ἀντιοχέων καὶ Σελευκέων χώρας. [6] ἐν δὲ τοῖς πρὸς μεσημβρίαν αὐτοῦ κλίμασι τὴν Σελεύκειαν συμβαίνει κεῖσθαι, διεξευγμένην φάραγγι κοίλῃ καὶ δυσβάτῳ, καθήκουσαν μὲν καὶ περικλωμένην ὥς ἐπὶ θάλατταν, κατὰ δὲ τὰ πλεῖστα μέρη κρημοῖς καὶ πέτραις ἀπορρῶξι περιεχομένην. [7] ὑπὸ δὲ τὴν ἐπὶ θάλατταν αὐτῆς νεύουσαν πλευρὰν ἐν τοῖς ἐπιπέδοις τὰ τ' ἐμπόρια καὶ τὸ προάστειον κεῖται, διαφερόντως τετειχισμένον. [8] παραπλησίως δὲ καὶ τὸ σύμπαν τῆς πόλεως κύτος τείχεσι πολυτελέσιν ἡσφάλισται, κεκόσμηται δὲ καὶ ναοῖς καὶ ταῖς τῶν οἰκοδομημάτων κατασκευαῖς ἐκπρεπῶς. [9] πρόσβασιν δὲ μίαν ἔχει κατὰ τὴν ἀπὸ θαλάττης πλευρὰν κλιμακωτὴν καὶ χειροποίητον, ἐγκλίμασι καὶ σκαιώμασι πυκνοῖς καὶ συνεχέσι διειλημμένην. [10] ὁ δὲ καλούμενος Ὁρόντης ποταμὸς οὐ μακρὰν αὐτῆς ποιεῖται τὰς ἐκβολάς, ὃς τὴν ἀρχὴν τοῦ ρεύματος λαμβάνων ἀπὸ τῶν κατὰ τὸν

Λίβανον καὶ τὸν Ἀντιλίβανον τόπων, καὶ διανύσας τὸ καλούμενον Ἀμύκης πεδῖον, ἐπ' αὐτὴν ἰκνεῖται τὴν Ἀντιόχειαν, [11] δι' ἧς φερόμενος καὶ πάσας ὑποδεχόμενος τὰς ἀνθρωπεΐας λύμας διὰ τὸ πλῆθος τοῦ ρεύματος, τέλος οὐ μακρὰν τῆς Σελευκείας ποιεῖται τὴν ἐκβολὴν εἰς τὸ προειρημένον πέλαγος.

[1] Ἀντίοχος δὲ τὸ μὲν πρῶτον διεπέμπετο πρὸς τοὺς ἐπιστάτας τῆς πόλεως, προτείνων χρήματα καὶ πλῆθος ἐλπίδων, ἐφ' ᾧ παραλαβεῖν ἄνευ κινδύνου τὴν Σελεύκειαν: [2] ἀδυνατῶν δὲ πείθειν τοὺς ἐπὶ τῶν ὅλων ἐφεστῶτας ἔφθιρέ τινας τῶν κατὰ μέρος ἡγεμόνων, οἷς πιστεύσας ἡτοίμαζε τὴν δύναμιν, ὥς κατὰ μὲν τὸν ἀπὸ θαλάττης τόπον τοῖς ἀπὸ τοῦ ναυτικοῦ ποιησόμενος τὰς προσβολάς, κατὰ δὲ τὸν ἀπὸ τῆς ἡπείρου τοῖς ἐκ τοῦ στρατοπέδου. [3] διελὼν οὖν εἰς τρία μέρη τὴν δύναμιν, καὶ παρακαλέσας τὰ πρόποντα τῷ καιρῷ, καὶ δωρεὰς μεγάλας καὶ στεφάνους ἐπ' ἀνδραγαθία καὶ τοῖς ιδιώταις καὶ τοῖς ἡγεμόσι προκηρύξας, [4] Ζεύξιδι μὲν καὶ τοῖς μετ' αὐτοῦ παρέδωκε τοὺς κατὰ τὴν ἐπ' Ἀντιόχειαν φέρουσιν πύλιν τοίχους, Ἑρμογένει δὲ τοὺς κατὰ τὸ Διοσκούριον, Ἄρδυϊ δὲ καὶ Διογνήτῳ τὰς κατὰ τὸ νεώριον καὶ τὸ προάστειον ἐπέτρεψε προσβολάς, [5] διὰ τὸ πρὸς τοὺς ἔνδοθεν αὐτῷ τοιαύτας τινὰς γεγονέναι συνθήκας ὥς ἐὰν κρατήσῃ τοῦ προαστείου μετὰ βίας, οὕτως ἐγχειρισθησομένης αὐτῷ καὶ τῆς πόλεως. [6] ἀποδοθέντος δὲ τοῦ συνθήματος πάντες ἅμα καὶ πανταχόθεν ἐνεργὸν ἐποιοῦντο καὶ βίαιον τὴν προσβολήν: τολμηρότατα μέντοι προσέβαλον οἱ περὶ τὸν Ἄρδυν καὶ Διόγνητον, [7] διὰ τὸ τοὺς μὲν ἄλλους τοίχους, εἰ μὴ τετραποδητὶ τρόπον τινὰ προσπλεκόμενοι βιάζοντο, τὴν γε διὰ τῶν κλιμάκων προσβολὴν μὴ προσίσθαι παράπαν, τὰ δὲ νεώρια καὶ τὸ προάστειον ἐπιδέχεσθαι τὴν προσφορὰν καὶ στάσιν καὶ πρόσθεσιν τῶν κλιμάκων ἀσφαλῶς. [8] διὸ τῶν μὲν ἀπὸ τοῦ ναυτικοῦ τοῖς νεωρίοις, τῶν δὲ περὶ τὸν Ἄρδυν τοῖς προαστείοις προσηρικώτων τὰς κλίμακας καὶ βιαζομένων εὐρώστας, τῶν δ' ἐκ τῆς πόλεως οὐ δυναμένων τούτοις βοηθεῖν, διὰ τὸ κατὰ πάντα τόπον περιεστάναι τὸ δεινόν, ταχέως συνέβη τὸ προάστειον ὑποχείριον γενέσθαι τοῖς περὶ τὸν Ἄρδυν. [9] οὗ κρατηθέντος εὐθέως οἱ διεφθαρμένοι τῶν κατὰ μέρος ἡγεμόνων, προστρέχοντες πρὸς τὸν Λεόντιον τὸν ἐπὶ τῶν ὅλων, ἐκπέμπειν ᾤοντο δεῖν καὶ τίθεσθαι τὰ πρὸς Ἀντίοχον πρὶν ἢ κατὰ κράτος ἁλῶναι τὴν πόλιν. [10] ὁ δὲ Λεόντιος, ἀγνοῶν μὲν τὴν διαφθορὰν τῶν ἡγεμόνων, καταπεπληγμένος δὲ τὴν διατροπὴν αὐτῶν, ἐξέπεμψε

τοὺς θησομένους τὰς πίστεις ὑπὲρ τῆς τῶν ἐν τῇ πόλει πάντων ἀσφα

[1] λείας πρὸς τὸν Ἀντίοχον. ὁ δὲ βασιλεὺς δεξάμενος τὴν ἔντευξιν συνεχώρησε δώσειν τοῖς ἐλευθέροις τὴν ἀσφάλειαν: οὗτοι δ' ἦσαν εἰς ἑξακισχίλιους. [2] παραλαβὼν δὲ τὴν πόλιν οὐ μόνον ἐφείσατο τῶν ἐλευθέρων, ἀλλὰ καὶ τοὺς πεφευγότας τῶν Σελευκῶν καταγαγὼν τὴν τε πολιτείαν αὐτοῖς ἀπέδωκε καὶ τὰς οὐσίας: ἡσφαλίσατο δὲ φυλακαῖς τὸν τε λιμένα καὶ τὴν ἄκραν.

[1] ἔτι δὲ περὶ ταῦτα διατρίβοντος αὐτοῦ, [3] προσπεσόντων παρὰ Θεοδότου γραμμάτων, ἐν οἷς αὐτὸν ἐκάλει κατὰ σπουδὴν ἐγχειρίζων τὰ κατὰ Κοίλην Συρίαν, πολλῆς ἀπορίας ἦν καὶ δυσχρηστίας πλήρης ὑπὲρ τοῦ τί πρακτέον καὶ πῶς χρηστὸν ἐστὶ τοῖς προσαγγελλομένοις. [4] ὁ δὲ Θεόδωτος, ὢν τὸ γένος Αἰτωλὸς καὶ μεγάλας παρεσχημένος τῇ Πτολεμαίου βασιλείᾳ χρείας, καθάπερ ἐπάνω προεῖπον, ἐπὶ δὲ τούτοις οὐχ οἷον χάριτος ἡξιωμένος, ἀλλὰ καὶ τῷ βίῳ κεκινδυνευκὼς καθ' οὓς καιροὺς Ἀντίοχος ἐποιεῖτο τὴν ἐπὶ Μόλωνα στρατείαν, [5] τότε κατεγνωνκὼς τοῦ βασιλέως καὶ διηπιστηκὼς τοῖς περὶ τὴν αὐλήν, καταλαβόμενος διὰ μὲν αὐτοῦ Πτολεμαῖδα, διὰ δὲ Παναιτώλου Τύρον, ἐκάλει τὸν Ἀντίοχον μετὰ σπουδῆς. [6] ὁ δὲ βασιλεὺς καὶ τὰς ἐπὶ τὸν Ἀχαιὸν ἐπιβολὰς ὑπερθέμενος καὶ τὰλλα πάντα πάρεργα ποιησάμενος ἀνέξευξε μετὰ τῆς δυνάμεως, ποιούμενος τὴν πορείαν ἥ καὶ πρόσθεν. [7] διελθὼν δὲ τὸν ἐπικαλούμενον αὐλῶνα Μαρσύαν, κατεστρατοπέδευσε περὶ τὰ στενὰ τὰ κατὰ Γέρρα πρὸς τῇ μεταξὺ κειμένη λίμνῃ. [8] πυνθανόμενος δὲ Νικόλαον τὸν παρὰ Πτολεμαίου στρατηγὸν προσκαθῆσθαι τῇ Πτολεμαίδι πολιορκοῦντα τὸν Θεόδωτον, τὰ μὲν βαρέα τῶν ὅπλων ἀπέλειπε, προστάξας τοῖς ἡγουμένοις πολιορκεῖν τοὺς Βρόχους, τὸ κείμενον ἐπὶ τῆς λίμνης καὶ τῆς παρόδου χωρίον, αὐτὸς δὲ τοὺς εὐζώνους ἀναλαβὼν προῆγε, βουλόμενος λῦσαι τὴν πολιορκίαν. [9] ὁ δὲ Νικόλαος πρότερον ἤδη πεπυσμένος τὴν τοῦ βασιλέως παρουσίαν, αὐτὸς μὲν ἀνεχώρησε, τοὺς δὲ περὶ Λαγόραν τὸν Κρήτα καὶ Δορυμένην τὸν Αἰτωλὸν ἐξαπέστειλε προκαταληψομένους τὰ στενὰ τὰ περὶ Βηρυτόν: [10] οἷς προσβαλὼν ὁ βασιλεὺς ἐξ ἐφόδου καὶ τρεψάμενος ἐπεστρατοπέδευσε τοῖς στενοῖς. προσδεξάμενος δὲ καὶ τὴν λοιπὴν δύναμιν ἐνταῦθα, καὶ παρακαλέσας τὰ πρέποντα ταῖς προκειμέναις ἐπιβολαῖς, μετὰ ταῦτα προήγαγε μετὰ πάσης τῆς δυνάμεως, εὐθαρσῆς καὶ μετέωρος ὢν πρὸς τὰς ὑπογραφομένας ἐλπίδας. [2] ἀπαντησάντων δὲ τῶν περὶ τὸν

Θεόδοτον καὶ Παναίτωλον αὐτῷ καὶ τῶν ἅμα τούτοις φίλων, ἀποδεξάμενος τούτους φιλανθρώπως παρέλαβε τήν τε Τύρον καὶ Πτολεμαῖδα καὶ τὰς ἐν ταύταις παρασκευάς, ἐν αἷς ἦν καὶ πλοῖα τετταράκοντα· [3] τούτων κατάφρακτα μὲν εἴκοσι διαφέροντα ταῖς κατασκευαῖς, ἐν οἷς οὐδὲν ἔλαττον ἦν τετρήρους, τὰ δὲ λοιπὰ τριῆρεις καὶ δίκροτα καὶ κέλητες. ταῦτα μὲν οὖν Διογνήτῳ παρέδωκε τῷ ναυάρχῳ· [4] προσπεσόντος δ' αὐτῷ τὸν μὲν Πτολεμαῖον εἰς Μέμφιν ἐξεληλυθέναι, τὰς δὲ δυνάμεις ἡθροῖσθαι πάσας εἰς Πηλούσιον καὶ τὰς τε διώρυχας ἀναστομοῦν καὶ τὰ πότιμα τῶν ὑδάτων ἐμφράττειν, [5] τῆς μὲν ἐπὶ τὸ Πηλούσιον ἐπιβολῆς ἀπέστη, τὰς δὲ πόλεις ἐπιπορευόμενος ἐπειρᾶτο τὰς μὲν βίᾳ, τὰς δὲ πειθοῖ, πρὸς αὐτὸν ἐπάγεσθαι. [6] τῶν δὲ πόλεων αἱ μὲν ἐλαφραὶ καταπεπληγμέναι τὴν ἔφοδον αὐτοῦ προσετίθεντο· αἱ δὲ πιστεύουσαι ταῖς παρασκευαῖς καὶ ταῖς ὀχυρότησι τῶν τόπων ὑπέμενον· ἃς ἠναγκάζετο προσκαθεζόμενος πολιορκεῖν καὶ κατατρίβειν τοὺς χρόνους. [7]

[1] οἱ δὲ περὶ τὸν Πτολεμαῖον τοῦ μὲν ἐκ χειρὸς βοηθεῖν τοῖς σφετέροις πράγμασιν, ὅπερ ἦν καθήκον, οὕτως παρεσπονδημένοι προφανῶς, οὐδ' ἐπιβολὴν εἶχον διὰ τὴν ἀδυναμίαν· [8] ἐπὶ τοσοῦτον γὰρ αὐτοῖς ὀλιγώρητο πάντα τὰ κατὰ τὰς πολεμικὰς παρασκευάς. λοιπὸν δὲ συνεδρεύσαντες οἱ περὶ τὸν Ἀγαθοκλέα καὶ Σωσίβιον, οἱ τότε προεστῶτες τῆς βασιλείας, ἐκ τῶν ἐνδεχομένων τὸ δυνατόν ἔλαβον πρὸς τὸ παρόν. [2] ἐβουλεύσαντο γὰρ γίνεσθαι μὲν περὶ τὴν τοῦ πολέμου παρασκευήν, ἐν δὲ τῷ μεταξὺ διαπρεσβευόμενοι κατεκλύειν τὸν Ἀντίοχον, συνεργοῦντες κατὰ τὴν ἔμφασιν τῇ προὑπαρχούσῃ περὶ αὐτὸν ὑπὲρ τοῦ Πτολεμαίου διαλήψει· [3] αὕτη δ' ἦν ὥς πολεμεῖν μὲν οὐκ ἂν τολμήσαντος, διὰ λόγου δὲ καὶ τῶν φίλων διδάζοντος καὶ πείσοντος αὐτὸν ἀποστῆναι τῶν κατὰ Κοίλην Συρίαν τόπων. [4] κριθέντων δὲ τούτων οἱ περὶ τὸν Ἀγαθοκλέα καὶ Σωσίβιον ἐπὶ τοῦτο τὸ μέρος ταχθέντες ἐξέπεμπον ἐπιμελῶς τὰς πρεσβείας πρὸς τὸν Ἀντίοχον. [5] ἅμα δὲ διαπεμψάμενοι πρὸς τε Ῥοδίους καὶ Βυζαντίους καὶ Κυζικηνούς, σὺν δὲ τούτοις Αἰτωλούς, ἐπεσπᾶσαντο πρεσβείας ἐπὶ τὰς διαλύσεις. [6] αἱ καὶ παραγενόμεναι μεγάλας αὐτοῖς ἔδοσαν ἀφορμάς, διαπρεσβευόμεναι πρὸς ἀμφοτέρους τοὺς βασιλεῖς, εἰς τὸ λαβεῖν ἀναστροφὴν καὶ χρόνον πρὸς τὰς τοῦ πολέμου παρασκευάς. [7] ταύταις τε δὴ κατὰ τὸ συνεχὲς ἐχρημάτιζον ἐν τῇ Μέμφει προκαθήμενοι, παραπλησίως δὲ καὶ τὰς παρὰ τῶν περὶ τὸν

Ἀντίοχον ἀπεδέχοντο, φιланθρώπως ποιούμενοι τὰς ἀπαντήσεις. [8] ἀνεκαλοῦντο δὲ καὶ συνήθροίζον εἰς τὴν Ἀλεξάνδρειαν τοὺς μισθοφόρους τοὺς ἐν ταῖς ἔξω πόλεσιν ὑπ' αὐτῶν μισθοδοτούμενους. [9] ἐξάπεστελλον δὲ καὶ ξενολόγους καὶ παρεσκεύαζον τοῖς προϋπάρχουσι καὶ τοῖς παραγινομένοις τὰς σιταρχίας. [10] ὡσαύτως δὲ καὶ περὶ τὴν λοιπὴν ἐγίνοντο παρασκευὴν, ἀνὰ μέρος καὶ συνεχῶς διατρέχοντες εἰς τὴν Ἀλεξάνδρειαν, ἵνα μηδὲν ἐλλίπη τῶν χορηγιῶν πρὸς τὰς προκειμένας ἐπιβολάς. [11] τὴν δὲ περὶ τὰ ὄπλα κατασκευὴν καὶ τὴν τῶν ἀνδρῶν ἐκλογὴν καὶ διαίρεσιν Ἐχεκράτει τῷ Θετταλῷ καὶ Φοξίδα τῷ Μελιταιεῖ παρέδοσαν, [12] ἅμα δὲ τούτοις Εὐρυλόχῳ τῷ Μάγνητι καὶ Σωκράτει τῷ Βοιωτῷ: σὺν οἷς ἦν καὶ Κνωπίας Ἀλλαριώτης. [13] εὐκαιρότατα γὰρ δὴ τούτων ἐπελάβοντο τῶν ἀνδρῶν, οἵτινες ἔτι Δημητρίῳ καὶ Ἀντιγόνῳ συστρατευόμενοι κατὰ ποσὸν ἔννοιαν εἶχον τῆς ἀληθείας καὶ καθόλου τῆς ἐν τοῖς ὑπαίθροις χρείας. [14] οὗτοι δὲ παραλαβόντες τὸ πλῆθος ἐνδεχομένως ἐχείριζον καὶ στρατιωτικῶς.

[1] πρῶτον μὲν γὰρ κατὰ γένη καὶ καθ' ἡλικίαν διελόντες ἀνέδοσαν ἐκάστοις τοὺς ἐπιτηδεῖους καθοπλισμούς, ὀλιγορήσαντες τῶν πρότερον αὐτοῖς ὑπαρχόντων: [2] μετὰ δὲ ταῦτα συνέταξαν οἰκείως πρὸς τὴν παροῦσαν χρείαν, λύσαντες τὰ συστήματα καὶ τὰς ἐκ τῶν πρότερον ὀψωνιασμῶν καταγραφάς: [3] ἐξῆς δὲ τούτοις ἐγύμναζον, συνήθεις ἐκάστους ποιοῦντες οὐ μόνον τοῖς παραγγέλμασιν, ἀλλὰ καὶ ταῖς οἰκείαις τῶν καθοπλισμῶν κινήσεσιν. [4] ἐποιοῦντο δὲ καὶ συναγωγὰς ἐπὶ τῶν ὄπλων καὶ παρακλήσεις, ἐν αἷς μεγίστην παρείχοντο χρείαν Ἀνδρόμαχος Ἀσπένδιος καὶ Πολυκράτης Ἀργεῖος, [5] προσφάτως μὲν ἐκ τῆς Ἑλλάδος διαβεβηκότες, συνήθεις δ' ἀκμὴν ὄντες ταῖς Ἑλληνικαῖς ὁρμαῖς καὶ ταῖς ἐκάστων ἐπινοίαις, πρὸς δὲ τούτοις ἐπιφανεῖς ὑπάρχοντες ταῖς τε πατρίσι καὶ τοῖς βίοις, [6] Πολυκράτης δὲ καὶ μᾶλλον διὰ τε τὴν τῆς οἰκίας ἀρχαιότητα καὶ διὰ τὴν Μνασιάδου τοῦ πατρὸς δόξαν ἐκ τῆς ἀθλήσεως. [7] οἱ καὶ κατ' ἰδίαν καὶ κοινῇ παρακαλοῦντες ὁρμὴν καὶ προθυμίαν ἐνεργάσαντο τοῖς ἀνθρώποις πρὸς τὸν μέλλοντα κίν

[1] δυνον. εἶχον δὲ καὶ τὰς ἡγεμονίας ἕκαστοι τῶν προειρημένων ἀνδρῶν οἰκείας ταῖς ἰδίαις ἐμπειρίαις. [2] Εὐρύλοχος μὲν γὰρ ὁ Μάγνης ἡγεῖτο σχεδὸν ἀνδρῶν τρισχιλίων τοῦ καλουμένου παρὰ τοῖς βασιλεῦσιν ἀγήματος, Σωκράτης δ' ὁ Βοιώτιος πελταστὰς ὑφ' αὐτὸν εἶχε δισχιλίους. [3] ὁ δ' Ἀχαιὸς Φοξίδας καὶ Πτολεμαῖος ὁ Θρασέου,

σὺν δὲ τούτοις Ἀνδρόμαχος [ὁ] Ἀσπένδιος, συνεγύμναζον μὲν ἐπὶ ταῦτό τὴν φάλαγγα καὶ τοὺς μισθοφόρους Ἑλλήνας, [4] ἡγοῦντο δὲ τῆς μὲν φάλαγγος Ἀνδρόμαχος καὶ Πτολεμαῖος, τῶν δὲ μισθοφόρων Φοξίδας, οὔσης τῆς μὲν φάλαγγος εἰς δισμυρίου καὶ πεντακισχιλίους, τῶν δὲ μισθοφόρων εἰς ὀκτακισχιλίους. [5] τοὺς δ' ἱππεῖς τοὺς μὲν περὶ τὴν αὐλήν, ὄντας εἰς ἑπτακοσίους, Πολυκράτης παρεσκεύαζε καὶ τοὺς ἀπὸ Λιβύης, ἔτι δὲ καὶ τοὺς ἐγχωρίους· καὶ τούτων αὐτὸς ἡγεῖτο πάντων, περὶ τρισχιλίους ὄντων τὸν ἀριθμόν. [6] τοὺς γε μὴν ἀπὸ τῆς Ἑλλάδος καὶ πᾶν τὸ τῶν μισθοφόρων ἱππέων πλῆθος Ἐχεκράτης ὁ Θετταλὸς διαφερόντως ἀσκήσας, ὄντας εἰς δισχιλίους, μεγίστην ἐπ' αὐτοῦ τοῦ κινδύνου παρέσχετο χρεῖαν. [7] οὐδενὸς δ' ἦττον ἔσπευδε περὶ τοὺς ὑφ' αὐτὸν ταττομένους Κνωπίας Ἀλλαριώτης, ἔχων τοὺς μὲν πάντας Κρήτας εἰς τρισχιλίους, αὐτῶν δὲ τούτων χιλίους Νεόκρητας, ἐφ' ὧν ἐτετάχει Φίλωνα τὸν Κνώσιον. [8] καθώπλισαν δὲ καὶ Λίβυας τρισχιλίους εἰς τὸν Μακεδονικὸν τρόπον, ἐφ' ὧν ἦν Ἀμμώνιος ὁ Βαρκαῖος. [9] τὸ δὲ τῶν Αἰγυπτίων πλῆθος ἦν μὲν εἰς δισμυρίους φαλαγγίτας, ὑπετάττετο δὲ Σωσιβίῳ. [10] συνήχθη δὲ καὶ Θρακῶν καὶ Γαλατῶν πλῆθος, ἐκ μὲν τῶν κατοίκων καὶ τῶν ἐπιγόνων εἰς τετρακισχιλίους, οἱ δὲ προσφάτως ἐπισυναχθέντες ἦσαν εἰς δισχιλίους, ὧν ἡγεῖτο Διονύσιος ὁ Θρᾶξ. [11]

[1] ἡ μὲν οὖν Πτολεμαίῳ παρασκευαζομένη δύναμις τῷ τε πλήθει καὶ ταῖς διαφοραῖς τοσαύτη καὶ τοιαύτη τις ἦν. Ἀντίοχος δὲ συνεσταμένος πολιορκίαν περὶ τὴν καλουμένην πόλιν Δῶρα, καὶ περαίνειν οὐδὲν δυνάμενος διὰ τε τὴν ὀχυρότητα τοῦ τόπου καὶ τὰς τῶν περὶ τὸν Νικόλαον παραβοληθείας, [2] συνάπτοντος ἤδη τοῦ χειμῶνος, συνεχώρησε ταῖς παρὰ τοῦ Πτολεμαίου πρεσβείαις ἀνοχὰς τε ποιήσασθαι τετραμήνους καὶ περὶ τῶν ὅλων εἰς πάντα συγκαταβήσεσθαι τὰ φιλάνθρωπα. [3] ταῦτα δ' ἔπραττε πλεῖστον μὲν ἀπέχων τῆς ἀληθείας, σπεύδων δὲ μὴ πολὺν χρόνον ἀποσπᾶσθαι τῶν οἰκείων τόπων, ἀλλ' ἐν τῇ Σελευκείᾳ ποιήσασθαι τὴν τῶν δυνάμεων παραχειμασίαν διὰ τὸ προφανῶς τὸν Ἀχαιὸν ἐπιβουλεύειν μὲν τοῖς σφετέροις πράγμασι, συνεργεῖν δὲ τοῖς περὶ τὸν Πτολεμαῖον ὁμολογουμένως. [4] τούτων δὲ συγχωρηθέντων Ἀντίοχος τοὺς μὲν πρεσβευτὰς ἐξέπεμψε, παραγγείλας διασαφεῖν αὐτῷ τὴν ταχίστην τὰ δόξαντα τοῖς περὶ τὸν Πτολεμαῖον καὶ συνάπτειν εἰς Σελεύκειαν· [5] ἀπολιπὼν δὲ φυλακὰς τὰς ἀρμοζούσας ἐν τοῖς τόποις, καὶ παραδοὺς Θεοδότῳ τὴν τῶν ὅλων ἐπιμέλειαν, ἐπανῆλθε· καὶ παραγενόμενος εἰς

τὴν Σελεύκειαν διαφῆκε τὰς δυνάμεις εἰς παραχειμασίαν. [6] καὶ τὸ λοιπὸν ἤδη τοῦ μὲν γυμνάζειν τοὺς ὄχλους ὠλιγώρει, πεπεισμένος οὐ προσδεήσεσθαι τὰ πράγματα μάχης διὰ τὸ τινῶν μὲν μερῶν Κοίλης Συρίας καὶ Φοινίκης ἤδη κυριεύειν, τοὺς δὲ λοιποὺς ἐλπίζειν ἐξ ἐκόντων καὶ διὰ λόγου παραλήψεσθαι, [7] μὴ τολμώντων τὸ παράπαν τῶν περὶ τὸν Πτολεμαῖον εἰς τὸν περὶ τῶν ὅλων συγκαταβαίνειν κίνδυνον. [8] ταύτην δὲ συνέβαινε τὴν διάληψιν καὶ τοὺς πρεσβευτὰς ἔχειν διὰ τὸ τὰς ἐντεύξεις αὐτοῖς τὸν Σωσίβιον ἐν τῇ Μέμφει προκαθήμενον φιλανθρώπους ποιεῖσθαι, [9] τῶν δὲ κατὰ τὴν Ἀλεξάνδρειαν παρασκευῶν μηδέποτε τοὺς διαπεμπομένους πρὸς τὸν Ἀντίοχον ἔαν αὐτόπτας γενέσθαι.

[1] πλήν καὶ τότε τῶν πρέσβων ἀφικομένων οἱ μὲν περὶ τὸν Σωσίβιον ἔτοιμοι πρὸς πᾶν, [2] ὁ δ' Ἀντίοχος μεγίστην ἐποιεῖτο σπουδὴν εἰς τὸ καθάπαξ καὶ τοῖς ὅπλοις καὶ τοῖς δικαίοις ἐπὶ τῶν ἐντεύξεων καταπεριεῖναι τῶν ἐκ τῆς Ἀλεξανδρείας. [3] ἥ καὶ παραγενομένων τῶν πρεσβευτῶν εἰς τὴν Σελεύκειαν, καὶ συγκαταβαίνοντων εἰς τοὺς κατὰ μέρος ὑπὲρ τῆς διαλύσεως λόγους κατὰ τὰς ὑπὸ τῶν περὶ τὸν Σωσίβιον ἐντολὰς, [4] ὁ μὲν βασιλεὺς τὸ μὲν ἄρτι γεγονὸς ἀτύχημα καὶ προφανὲς ἀδίκημα περὶ τῆς ἐνεστώσης καταλήψεως τῶν περὶ Κοίλην Συρίαν τόπων οὐ δεινὸν ἐνόμιζε κατὰ τὰς δικαιολογίας, [5] τὸ δὲ πλεῖστον οὐδ' ἐν ἀδικήματι, κατηριθμεῖτο τὴν πρᾶξιν, ὥς καθηκόντων αὐτῷ τινων ἀντιπεποιημένος, [6] τὴν δὲ πρώτην Ἀντιόγου τοῦ Μονοφθάλμου κατάληψιν καὶ τὴν Σελεύκου δυναστείαν τῶν τόπων τούτων ἐκείνας ἔφη κυριωτάτας εἶναι καὶ δικαιοτάτας κτήσεις, καθ' ἃς αὐτοῖς, οὐ Πτολεμαίῳ, καθήκειν τὰ κατὰ Κοίλην Συρίαν: [7] καὶ γὰρ Πτολεμαῖον διαπολεμῆσαι πρὸς Ἀντίγονον οὐχ αὐτῷ, Σελεύκῳ δὲ συγκατασκευάζοντα τὴν ἀρχὴν τῶν τόπων τούτων. [8] μάλιστα δὲ τὸ κοινὸν ἐπιέξει πάντων τῶν βασιλέων συγχώρημα, καθ' οὓς καιροὺς Ἀντίγονον νικήσαντες, καὶ βουλευόμενοι κατὰ προαίρεσιν ὁμόσε πάντες, Κάσσανδρος, Λυσίμαχος, Σέλευκος, ἔκριναν Σελεύκου τὴν ὅλην Συρίαν ὑπάρχειν. [9] οἱ δὲ παρὰ τοῦ Πτολεμαίου τάναντία τούτων ἐπειρῶντο συνιστάνειν: τό τε γὰρ παρὸν ἡῤῥον ἀδίκημα καὶ δεινὸν ἐποίουν τὸ γεγονός, εἰς παρασπόνδημα τὴν Θεοδότου προδοσίαν καὶ τὴν ἔφοδον ἀνάγοντες τὴν Ἀντιόχου, [10] προεφέροντο δὲ καὶ τὰς ἐπὶ Πτολεμαίου τοῦ Λάγου κτήσεις, φάσκοντες ἐπὶ τούτῳ συμπολεμῆσαι Σελεύκῳ Πτολεμαῖον, ἐφ' ᾧ τὴν μὲν ὅλην τῆς Ἀσίας ἀρχὴν Σελεύκῳ περιθεῖναι, τὰ δὲ κατὰ Κοίλην Συρίαν αὐτῷ κατακτήσασθαι καὶ Φοινίκην. [11] ἐλέγετο μὲν οὖν ταῦτα καὶ παραπλήσια τούτοις πλεονάκις ὑπ' ἀμφοτέρων κατὰ τὰς διαπρεσβείας καὶ τὰς ἐντεύξεις, ἐπετελεῖτο δὲ τὸ παράπαν οὐδέν, ἅτε τῆς δικαιολογίας γινομένης διὰ τῶν κοινῶν φίλων, μεταξὺ δὲ μηδενὸς ὑπάρχοντος τοῦ δυνησομένου παρακατασχεῖν καὶ κωλύσαι τὴν τοῦ δοκοῦντος ἀδικεῖν ὁρμὴν. [12] μάλιστα δὲ παρεῖχε δυσχρηστίαν ἀμφοτέροις τὰ περὶ τὸν Ἀχαιόν: Πτολεμαῖος μὲν γὰρ ἐσπούδαζε περιλαβεῖν ταῖς συνθήκαις αὐτόν, [13] Ἀντίοχος δὲ καθάπαξ οὐδὲ λόγον ἠνείχετο περὶ τούτων, δεινὸν ἡγούμενος τὸ καὶ τολμᾶν τὸν Πτολεμαῖον περιστέλλειν τοὺς

ἀποστάτας καὶ μνήμην ποιεῖσθαι περὶ τίνος τῶν τοιούτων.

[1] διόπερ ἐπεὶ πρεσβεύοντες μὲν ἄλλις εἶχον ἀμφοτέρω, πέρας δ' οὐδὲν ἐγένετο περὶ τὰς συνθήκας, συνῆπτε δὲ τὰ τῆς ἑαρινῆς ὥρας, Ἀντίοχος μὲν συνῆγε τὰς δυνάμεις, ὥς εἰσβαλὼν καὶ κατὰ γῆν καὶ κατὰ θάλατταν καὶ καταστρεψόμενος τὰ καταλειπόμενα μέρη τῶν ἐν Κοίλῃ Συρίᾳ πραγμάτων, [2] οἱ δὲ περὶ τὸν Πτολεμαῖον ὀλοσχερέστερον ἐπιτρέψαντες τῷ Νικολᾷ χορηγίας τε παρεῖχον εἰς τοὺς κατὰ Γάζαν τόπους δαψιλεῖς καὶ δυνάμεις ἐξέπεμπον πεζικὰς καὶ ναυτικὰς. [3] ὧν προσγενομένων εὐθαρσῶς ὁ Νικόλαος εἰς τὸν πόλεμον ἐνέβαινε, πρὸς πᾶν τὸ παραγγελλόμενον ἐτοιμῶς αὐτῷ συνεργοῦντος Περιγένους τοῦ ναυάρχου: [4] τοῦτον γὰρ ἐπὶ τῶν ναυτικῶν δυνάμεων ἐξαπέστειλαν οἱ περὶ τὸν Πτολεμαῖον, ἔχοντα καταφράκτους μὲν ναῦς τριάκοντα, φορτηγούς δὲ πλείους τῶν τετρακοσίων. [5] Νικόλαος δὲ τὸ μὲν γένος ὑπῆρχεν Αἰτωλός, τριβὴν δὲ καὶ τόλμαν ἐν τοῖς πολεμικοῖς οὐδενὸς εἶχεν ἐλάττω τῶν παρὰ Πτολεμαίῳ στρατευομένων. [6] προκαταλαβόμενος δὲ μέρος μὲν τινὶ τὰ κατὰ Πλάτανον στενά, τῇ δὲ λοιπῇ δυνάμει, μεθ' ἧς αὐτὸς ἦν, τὰ περὶ Πορφυρεῶνα πόλιν, ταύτῃ παρεφύλαττε τὴν εἰσβολὴν τοῦ βασιλέως, ὁμοῦ συνορμούσης αὐτῷ καὶ τῆς ναυτικῆς δυνάμεως. [7] Ἀντίοχος δὲ παρελθὼν εἰς Μάραθον, καὶ παραγενομένων πρὸς αὐτὸν Ἀραδίων ὑπὲρ συμμαχίας, οὐ μόνον προσεδέξατο τὴν συμμαχίαν, ἀλλὰ καὶ τὴν διαφορὰν τὴν προϋπάρχουσαν αὐτοῖς πρὸς ἀλλήλους κατέπαυσε, διαλύσας τοὺς ἐν τῇ νήσῳ πρὸς τοὺς τὴν ἡπειρον κατοικοῦντας τῶν Ἀραδίων. [8] μετὰ δὲ ταῦτα ποιησάμενος τὴν εἰσβολὴν κατὰ τὸ καλούμενον Θεοῦ πρόσωπον ἦκε πρὸς Βηρυτόν, Βότρυν μὲν ἐν τῇ παρόδῳ καταλαβόμενος, Τριήρην δὲ καὶ Κάλαμον ἐμπρήσας. [9] ἐντεῦθεν δὲ Νίκαρχον μὲν καὶ Θεόδοτον προαπέστειλε, συντάξας προκαταλαβέσθαι τὰς δυσχωρίας περὶ τὸν Λύκον καλούμενον ποταμόν: αὐτὸς δὲ τὴν δύναμιν ἀναλαβὼν προῆλθε καὶ κατεστρατοπέδευσε περὶ τὸν Δαμούραν ποταμόν, συμπαραπλέοντος ἅμα καὶ Διογνήτου τοῦ ναυάρχου. [10] παραλαβὼν δὲ πάλιν ἐντεῦθεν τοὺς τε περὶ τὸν Θεόδοτον καὶ Νίκαρχον τοὺς ἐκ τῆς δυνάμεως εὐζώνους, ὥρμησε κατασκευόμενος τὰς προκατεχομένας ὑπὸ τῶν περὶ τὸν Νικόλαον δυσχωρίας. [11] συνθεωρήσας δὲ τὰς τῶν τόπων ιδιότητας, τότε μὲν ἀνεχώρησε πρὸς τὴν παρεμβολήν, κατὰ δὲ τὴν ἐπιούσαν ἡμέραν, καταλιπὼν αὐτοῦ τὰ βαρέα τῶν ὅπλων καὶ Νίκαρχον ἐπὶ τούτων, προῆγε μετὰ τῆς λοιπῆς δυ

[1] νάμεως ἐπὶ τὴν προκειμένην χρεῖαν. τῆς δὲ κατὰ τὸν Λίβανον παρωρείας κατὰ τοὺς τόπους τούτους συγκλειούσης τὴν παραλίαν εἰς στενὸν καὶ βραχὺν τόπον, συμβαίνει καὶ τοῦτον αὐτὸν ῥάχει δυσβάτῳ καὶ τραχεῖα διεζῶσθαι, στενὴν δὲ καὶ δυσχερῇ παρ' αὐτὴν τὴν θάλατταν ἀπολειπούσῃ πάροδον. [2] ἐφ' ἣ τότε Νικόλαος παρεμβεληκῶς, καὶ τοὺς μὲν τῷ τῶν ἀνδρῶν πλήθει προκατειληφῶς τόπους, τοὺς δὲ ταῖς χειροποιήτοις κατασκευαῖς διησφαλισμένος, ῥαδίως ἐπέπειστο κωλύσειν τῆς εἰσόδου τὸν Ἀντίοχον. [3] ὁ δὲ βασιλεὺς διελὼν εἰς τρία μέρη τὴν δύναμιν τὸ μὲν ἐν Θεοδότῳ παρέδωκε, προστάξας συμπλέκεσθαι καὶ βιάζεσθαι παρ' αὐτὴν τὴν παρῳρείαν τοῦ Λιβάνου, [4] τὸ δ' ἕτερον Μενεδήμῳ, διὰ πλειόνων ἐντειλάμενος κατὰ μέσσην πειράζειν τὴν ῥάχιν· [5] τὸ δὲ τρίτον πρὸς θάλατταν ἀπένειμε, Διοκλέα τὸν στρατηγὸν τῆς Παραποταμίας ἡγεμόνα συστήσας. [6] αὐτὸς δὲ μετὰ τῆς θεραπείας εἶχε τὸν μέσον τόπον, πάντα βουλόμενος ἐποπτεύειν καὶ παντὶ τῷ δεομένῳ παραβοηθεῖν. [7] ἅμα δὲ τούτοις ἐξηρτυμένοι παρενέβαλον εἰς ναυμαχίαν οἱ περὶ τὸν Διόγνητον καὶ Περιγένην, συνάπτοντες κατὰ τὸ δυνατόν τῇ γῇ καὶ πειρώμενοι ποιεῖν ὥς ἂν εἰ μίαν ἐπιφάνειαν τῆς πεζομαχίας καὶ ναυμαχίας. [8] πάντων δὲ ποιησαμένων ἅφ' ἑνὸς σημείου καὶ παραγγέλματος ἑνὸς τὰς προσβολάς, ἡ μὲν ναυμαχία πάρισον εἶχε τὸν κίνδυνον διὰ τὸ καὶ τῷ πλήθει καὶ ταῖς παρασκευαῖς παραπλήσιον εἶναι τὸ παρ' ἁμοῖν ναυτικόν, [9] τῶν δὲ πεζῶν τὸ μὲν πρῶτον ἐπεκράτουν οἱ τοῦ Νικολάου, συγχρώμενοι ταῖς τῶν τόπων ὀχυρότησι, ταχὺ δὲ τῶν περὶ τὸν Θεόδοτον ἐκβιασμένων τοὺς ἐπὶ τῇ παρωρείᾳ, κᾶπειτα ποιουμένων ἐξ ὑπερδεξίου τὴν ἔφοδον, τραπέντες οἱ περὶ τὸν Νικόλαον ἔφευγον προτροπάδην ἅπαντες. [10] κατὰ δὲ τὴν φυγὴν ἔπεσον μὲν αὐτῶν εἰς δισχιλίους, ζωγρία δ' ἐάλωσαν οὐκ ἐλάττους τούτων· οἱ δὲ λοιποὶ πάντες ἀπεχώρησαν ἐπὶ Σιδῶνος. [11] ὁ δὲ Περιγένης, ἐπικυδέστερος ὢν ταῖς ἐλπίσι κατὰ τὴν ναυμαχίαν, συνθεωρήσας τὸ κατὰ τοὺς πεζοὺς ἐλάττωμα καὶ διατραπεῖς, ἀσφαλῶς ἐποίησατο τὴν ἀποχώρησιν εἰς τοὺς αὐτοὺς τόπους.

[1] Ἀντίοχος δὲ τὴν δύναμιν ἀναλαβὼν ἤκε καὶ κατεστρατοπέδευσε πρὸς τῇ Σιδῶνι. [2] τὸ μὲν οὖν καταπειράζειν τῆς πόλεως ἀπέγνω διὰ τὴν προϋπάρχουσαν αὐτόθι δαψίλειαν τῆς χορηγίας καὶ τὸ πλῆθος τῶν ἐνοικούντων καὶ συμπεφευγόντων ἀνδρῶν· [3] ἀναλαβὼν δὲ τὴν δύναμιν αὐτὸς μὲν ἐποιεῖτο τὴν πορείαν

ὥς ἐπὶ Φιλοτερίας, Διογνήτῳ δὲ συνέταξε τῷ ναυάρχῳ πάλιν ἔχοντι τὰς ναῦς ἀποπλεῖν εἰς Τύρον. [4] ἡ δὲ Φιλοτερία κεῖται παρ' αὐτὴν τὴν λίμνην, εἰς ἣν ὁ καλούμενος Ἰορδάνης ποταμὸς εἰσβάλλων ἐξίησι πάλιν εἰς τὰ πεδία τὰ περὶ τὴν Σκυθῶν πόλιν προσαγορευομένην. [5] γενόμενος δὲ καθ' ὁμολογίαν ἐγκρατὴς ἀμφοτέρων τῶν προειρημένων πόλεων, εὐθαρσῶς ἔσχε πρὸς τὰς μελλούσας ἐπιβολὰς διὰ τὸ τὴν ὑποτεταγμένην χώραν ταῖς πόλεσι ταύταις ῥαδίως δύνασθαι παντὶ τῷ στρατοπέδῳ χορηγεῖν καὶ δαψιλῇ παρασκευάζειν τὰ κατεπείγοντα πρὸς τὴν χρεῖαν. [6] ἀσφαλισάμενος δὲ φρουραῖς ταύτας ὑπερέβαλε τὴν ὀρεινὴν καὶ παρὴν ἐπ' Ἀταβύριον, ὃ κεῖται μὲν ἐπὶ λόφου μαστοειδοῦς, τὴν δὲ πρόσβασιν ἔχει πλεῖον ἢ πεντεκαίδεκα σταδίων. [7] χρησάμενος δὲ κατὰ τὸν καιρὸν τοῦτον ἐνέδρα καὶ στρατηγήματι κατέσχε τὴν πόλιν: [8] προκαλεσάμενος γὰρ εἰς ἀκροβολισμὸν τοὺς ἀπὸ τῆς πόλεως καὶ συγκαταβιβάσας ἐπὶ πολὺ τοὺς προκινδυνεύοντας, κἄπειτα πάλιν ἐκ μεταβολῆς τῶν φευγόντων καὶ διαναστάσεως τῶν ἐγκαθημένων συμβαλὼν, πολλοὺς μὲν αὐτῶν ἀπέκτεινε, [9] τέλος δ' ἐπακολουθήσας καὶ προκαταπληξάμενος ἐξ ἐφόδου παρέλαβε καὶ ταύτην τὴν πόλιν. [10] κατὰ δὲ τὸν καιρὸν τοῦτον Κεραίας, εἷς τῶν: ὑπὸ Πτολεμαῖον ταττομένων ὑπάρχων, ἀπέστη πρὸς αὐτόν: ὃ χρησάμενος μεγαλοπρεπῶς πολλοὺς ἐμετεώρισε τῶν παρὰ τοῖς ἐναντίοις ἡγεμόνων: [11] Ἰππόλοχος γοῦν ὁ Θετταλὸς οὐ μετὰ πολὺ τετρακοσίους ἵππεῖς ἦκεν ἔχων πρὸς αὐτὸν τῶν ὑπὸ Πτολεμαῖον ταττομένων. [12] ἀσφαλισάμενος δὲ καὶ τὸ Ἀταβύριον ἀνέξευξε, καὶ προάγων παρέλαβε Πέλλαν καὶ

[2] προσλαβὼν δὲ καὶ τὴν παρὰ τούτων ἐλπίδα καὶ χορηγίαν προῆγε, καὶ κατασχὼν *** εἰς τὴν Γαλᾶτιν *** γίνεται *** Ἀβίλων καὶ τῶν εἰς αὐτὰ παραβεβοηθηκότων, ὧν ἡγεῖτο Νικίας, ἀναγκαῖος ὢν καὶ συγγενὴς Μεννέου. [3] καταλειπομένων δ' ἔτι τῶν Γαδάρων, ἃ δοκεῖ τῶν κατ' ἐκείνους τοὺς τόπους ὀχυρότητι διαφέρειν, προσστρατοπεδεύσας αὐτοῖς καὶ συστησάμενος ἔργα ταχέως κατεπλήξατο καὶ παρέλαβε τὴν πόλιν. [4] μετὰ δὲ ταῦτα πυνθανόμενος εἰς τὰ Ῥαββατάματα τῆς Ἀραβίας καὶ πλείους ἡθροισμένους τῶν πολεμίων πορθεῖν καὶ κατατρέχειν τὴν τῶν προσκεχωρηκότων Ἀράβων αὐτῷ χώραν, πάντ'

ἐν ἐλάττονι θέμενος ὥρμησε καὶ προσεστρατοπέδευσε τοῖς βουνοῖς, ἐφ' ὧν κεῖσθαι συμβαίνει τὴν πόλιν. [5] περιελθὼν δὲ καὶ συνθεασάμενος τὸν λόφον κατὰ δύο τόπους μόνον ἔχοντα πρόσοδον, ταύτῃ προσέβαινε καὶ κατὰ τούτους συνίστατο τοὺς τόπους τὰς τῶν μηχανημάτων κατασκευάς. [6] ἀποδοὺς δὲ τὴν ἐπιμέλειαν τῶν ἔργων τῶν μὲν Νικάρχῳ, τῶν δὲ Θεοδότῳ, τὸ λοιπὸν αὐτὸς ἤδη κοινὸν αὐτὸν παρεσκεύαζε κατὰ τὴν ἐπιμέλειαν καὶ τὴν ἐπίσκεψιν τῆς ἑκατέρου περὶ ταῦτα φιλοτιμίας. [7] πολλὴν δὲ ποιουμένων σπουδὴν τῶν περὶ τὸν Θεόδοτον καὶ Νίκαρχον, καὶ συνεχῶς ἀμιλλωμένων πρὸς ἀλλήλους περὶ τοῦ πότερος αὐτῶν φθάσει καταβαλὼν τὸ προκείμενον τῶν ἔργων τεῖχος, ταχέως συνέβη καὶ παρὰ τὴν προσδοκίαν ἑκάτερον πεσεῖν τὸ μέρος. [8] οὗ συμβάντος ἐποιοῦντο καὶ νύκτωρ μὲν καὶ μεθ' ἡμέραν προσβολὰς καὶ πᾶσαν προσέφερον βίαν, οὐδένα παραλείποντες καιρόν. [9] συνεχῶς δὲ καταπειράζοντες τῆς πόλεως οὐ μὴν ἤνυσον τῆς ἐπιβολῆς οὐδὲν διὰ τὸ πλῆθος τῶν εἰς τὴν πόλιν συνδεδραμηκότων ἀνδρῶν, ἕως οὗ τῶν αἰχμαλώτων τινὸς ὑποδείξαντος τὸν ὑπόνομον, δι' οὗ κατέβαινον ἐπὶ τὴν ὕδρειαν οἱ πολιορκούμενοι, τοῦτον ἀναρρήξαντες ἐνέφραξαν ὕλῃ καὶ λίθοις καὶ παντὶ τῷ τοιούτῳ γένει. [10] τότε δὲ συνείξαντες οἱ κατὰ τὴν πόλιν διὰ τὴν ἀνυδρίαν παρέδωκαν αὐτοὺς. [11] οὗ γενομένου κυριεύσας τῶν Ῥαββαταμάνων ἐπὶ μὲν τούτων ἀπέλιπε Νίκαρχον μετὰ φυλακῆς τῆς ἀρμοζούσης: Ἰππόλοχον δὲ καὶ Κεραίαν τοὺς ἀποστάντας μετὰ πεζῶν πεντακισχιλίων ἐξαποστείλας ἐπὶ τοὺς κατὰ Σαμάρειαν τόπους, καὶ συντάξας προκαθῆσθαι καὶ πᾶσι τὴν ἀσφάλειαν προκατασκευάζειν τοῖς ὑπ' αὐτὸν ταττομένοις, [12] ἀνέξεν μετὰ τῆς δυνάμεως ὥς ἐπὶ Πτολεμαῖδος, ἐκεῖ ποιεῖσθαι διεγνωκῶς τὴν παραχειμασίαν.

[1] κατὰ δὲ τὴν αὐτὴν θερείαν Πεδνηλισσεῖς, πολιορκούμενοι καὶ κινδυνεύοντες ὑπὸ Σελγέων, διεπέμψαντο περὶ βοηθείας πρὸς Ἀχαιοὺς. [2] τοῦ δ' ἀσμένως ὑπακούσαντος, οὗτοι μὲν εὐθαρσῶς ὑπέμενον τὴν πολιορκίαν, προσανέχοντες ταῖς ἐλπίσι τῆς βοηθείας, [3] ὁ δ' Ἀχαιὸς, προχειρισάμενος Γαρσύηριν μετὰ πεζῶν ἑξακισχιλίων, ἰππέων δὲ πεντακοσίων, ἐξαπέστειλε σπουδῇ παραβοηθήσοντα τοῖς Πεδνηλισσεῦσιν. [4] οἱ δὲ Σελγεῖς, συνέντες τὴν παρουσίαν τῆς βοηθείας, προκατελάβοντο τὰ στενὰ τὰ περὶ τὴν καλουμένην Κλίμακα τῷ πλείονι μέρει τῆς ἑαυτῶν δυνάμεως, καὶ τὴν μὲν εἰσβολὴν τὴν ἐπὶ Σάπορδα κατεῖχον, τὰς δὲ διόδους καὶ

προσβάσεις πάσας ἔφθειρον. [5] ὁ δὲ Γαρσύηρις, ἐμβαλὼν εἰς τὴν Μιλυάδα καὶ καταστρατοπεδεύσας περὶ τὴν καλουμένην Κρητῶν πόλιν, ἐπεὶ συνήσθητο προκατεχομένων τῶν τόπων ἀδύνατον οὔσαν τὴν εἰς τοῦμπροσθεν πορείαν, ἐπινοεῖ τινα δόλον τοιοῦτον. [6] ἀναζεύξας ἦγε πάλιν εἰς τοῦπίσω τὴν πορείαν, ὥς ἀπεγνωκῶς τὴν βοήθειαν διὰ τὸ προκατέχεσθαι τοὺς τόπους. οἱ δὲ Σελγεῖς προχείρως πιστεύσαντες, [7] ὥς ἀπεγνωκότος βοηθεῖν Γαρσυήριδος, οἱ μὲν εἰς τὸ στρατόπεδον ἀπεχώρησαν, οἱ δ' εἰς τὴν πόλιν διὰ τὸ κατεπεῖγιν τὴν τοῦ σίτου κομιδὴν. [8] ὁ δὲ Γαρσύηρις, ἐξ ἐπιστροφῆς ἐνεργὸν ποιησάμενος τὴν πορείαν, ἦκε πρὸς τὰς ὑπερβολάς. καταλαβὼν δ' ἐρήμους, ταύτας μὲν ἡσφαλίσατο φυλακαῖς, Φάϋλλον ἐπὶ πάντων ἐπιστήσας, [9] αὐτὸς δὲ μετὰ τῆς στρατιᾶς εἰς Πέργην κατάρας ἐντεῦθεν ἐποιεῖτο τὰς διαπρεσβείας πρὸς τε τοὺς ἄλλους τοὺς τὴν Πισιδικὴν κατοικοῦντας καὶ πρὸς τὴν Παμφυλίαν, [10] ὑποδεικνύων μὲν τὸ τῶν Σελγέων βάρος, παρακαλῶν δὲ πάντας πρὸς τὴν Ἀχαιοῦ συμμαχίαν καὶ πρὸς τὴν βοήθειαν τοῖς

[1] Πεδνηλισσεῦσιν. οἱ δὲ Σελγεῖς κατὰ τὸν καιρὸν τοῦτον, στρατηγὸν ἐξαποστείλαντες μετὰ δυνάμεως, ἤλπισαν καταπληξάμενοι ταῖς τῶν τόπων ἐμπειρίαις ἐκβαλεῖν τὸν Φάϋλλον ἐκ τῶν ὀχυρωμάτων. [2] οὐ καθικόμενοι δὲ τῆς προθέσεως, ἀλλὰ πολλοὺς ἀποβαλόντες τῶν στρατιωτῶν ἐν ταῖς προσβολαῖς, ταύτης μὲν τῆς ἐλπίδος ἀπέστησαν, τῇ δὲ πολιορκίᾳ καὶ τοῖς ἔργοις οὐχ ἥττον, ἀλλὰ μᾶλλον ἢ πρὸ τοῦ προσεκαρτέρουν. [3] τοῖς δὲ περὶ Γαρσύηριν Ἑτεννεῖς μὲν οἱ τῆς Πισιδικῆς τὴν ὑπὲρ Σίδης ὀρεινὴν κατοικοῦντες, ὀκτακισχιλίους ὀπλίτας ἔπεμψαν, Ἀσπένδιοι δὲ τοὺς ἡμίσεις: [4] Σιδῆται δὲ τὰ μὲν στοχαζόμενοι τῆς πρὸς Ἀντίοχον εὐνοίας, τὸ δὲ πλεῖον διὰ τὸ πρὸς Ἀσπενδίους μῖσος, οὐ μετέσχον τῆς βοηθείας. [5] ὁ δὲ Γαρσύηρις ἀναλαβὼν τὰς τε τῶν βεβοηθηκότων καὶ τὰς ἰδίας δυνάμεις ἦκε πρὸς τὴν Πεδνηλισσόν, πεπεισμένος ἐξ ἐφόδου λύσειν τὴν πολιορκίαν: οὐ καταπληττομένων δὲ τῶν Σελγέων, λαβὼν σύμμετρον ἀπόστημα κατεστρατοπέδευσε. [6] τῶν δὲ Πεδνηλισσέων πιεζομένων ὑπὸ τῆς ἐνδείας, ὁ Γαρσύηρις σπεύδων ποιεῖν τὰ δυνατά, δισχιλίους ἐτοιμάσας ἄνδρας καὶ δοὺς ἐκάστῳ μέδιμνον πυρῶν, νυκτὸς εἰς τὴν Πεδνηλισσὸν εἰσέπεμπε. [7] τῶν δὲ Σελγέων συνέντων τὸ γινόμενον καὶ παραβοηθησάντων, συνέβη τῶν μὲν ἀνδρῶν τῶν εἰσφερόντων κατακοπῆναι τοὺς πλείστους, τοῦ δὲ σίτου παντὸς κυριεῦσαι τοὺς Σελγεῖς. [8] οἷς ἐπαρθέντες ἐνεχείρησαν

οὐ μόνον τὴν πόλιν, ἀλλὰ καὶ τοὺς περὶ τὸν Γαρσύηριν πολιορκεῖν· ἔχουσι γὰρ δὴ τι τολμηρὸν αἰεὶ καὶ παράβολον ἐν τοῖς πολεμίοις οἱ Σελγεῖς. [9] δι' ἃ καὶ τότε καταλιπόντες φυλακὴν τὴν ἀναγκαίαν τοῦ χάρακος, τοῖς λοιποῖς περιστάντες κατὰ πλείους τόπους ἅμα προσέβαλον εὐθαρσῶς τῇ τῶν ὑπεναντίων παρεμβολῇ. [10] πανταχόθεν δὲ τοῦ κινδύνου παραδόξως περιεστῶτος, κατὰ δέ τινας τόπους καὶ τοῦ χάρακος ἤδη διασπώμενου, θεωρῶν ὁ Γαρσύηρις τὸ συμβαῖνον καὶ μοχθηρὰς ἐλπίδας ἔχων ὑπὲρ τῶν ὅλων, ἐξέπεμψε τοὺς ἵππεῖς κατὰ τινα τόπον ἀφυλακτούμενον· [11] οὓς νομίσαντες οἱ Σελγεῖς καταπεπληγμένους καὶ δεδιότας τὸ μέλλον ἀποχωρήσειν οὐ προσέσχον, ἀλλ' ἀπλῶς ὠλιγόρησαν. [12] οἱ δὲ περιππεύσαντες καὶ γενόμενοι κατὰ νότου τοῖς πολεμίοις ἐνέβαλον, καὶ προσέφερον τὰς χεῖρας ἐρρωμένως. [13] οὗ συμβαίνοντος ἀναθαρρήσαντες οἱ τοῦ Γαρσύηριδος πεζοί, καίπερ ἤδη τετραμμένοι, πάλιν ἐκ μεταβολῆς ἡμύνοντο τοὺς εἰσπίπτοντας· [14] ἐξ οὗ περιεχόμενοι πανταχόθεν οἱ Σελγεῖς τέλος εἰς φυγὴν ὥρμησαν. [15] ἅμα δὲ τούτοις οἱ Πεδνηλισσεῖς ἐπιθέμενοι τοὺς ἐν τῷ χάρακι καταλειφθέντας ἐξέβαλον. [16] γενομένης δὲ τῆς φυγῆς ἐπὶ πολὺν τόπον, ἔπεσον μὲν οὐκ ἐλάττους μυρίων, τῶν δὲ λοιπῶν οἱ μὲν σύμμαχοι πάντες εἰς τὴν οἰκίαν, οἱ δὲ Σελγεῖς διὰ τῆς ὀρεινῆς εἰς τὴν αὐτῶν πατρίδα κατέφυγον.

[1] ὁ δὲ Γαρσύηρις ἀναζεύξας ἐκ ποδὸς εἶπετο τοῖς φεύγουσι, σπεύδων διελθεῖν τὰς δυσχωρίας καὶ συνεγγίσει τῇ πόλει πρὶν ἢ στήναι καὶ βουλεύσασθαι τι τοὺς πεφευγότας ὑπὲρ τῆς αὐτοῦ παρουσίας. [2] οὗτος μὲν οὖν ἦκε μετὰ τῆς δυνάμεως πρὸς τὴν πόλιν· [3] οἱ δὲ Σελγεῖς δυσελπιστοῦντες μὲν ἐπὶ τοῖς συμμάχοις διὰ τὴν κοινὴν περιπέτειαν, ἐκπεπληγμένοι δὲ ταῖς ψυχαῖς διὰ τὸ γεγονὸς ἀτύχημα, περίφοβοι τελέως ἦσαν καὶ περὶ σφῶν αὐτῶν καὶ περὶ τῆς πατρίδος. [4] διὸ συνελθόντες εἰς ἐκκλησίαν ἐβουλεύσαντο πρεσβευτὴν ἐκπέμπειν ἓνα τῶν πολιτῶν Λόγβασιν, ὃς ἐγεγόνει μὲν ἐπὶ πολὺ συνήθης καὶ ξένος Ἀντιόχου τοῦ μεταλλάξαντος τὸν βίον ἐπὶ Θράκης, [5] δοθείσης δ' ἐν παρακαταθήκῃ καὶ Λαοδίκης αὐτῷ τῆς Ἀχαιοῦ γενομένης γυναικός, ἐτετρόφει ταύτην ὥς θυγατέρα καὶ διαφερόντως ἐπεφιλοστοργήκει τὴν παρθένον. [6] δι' ἃ νομίζοντες οἱ Σελγεῖς εὐφυέστατον ἔχειν πρεσβευτὴν πρὸς τὰ περιστῶτα τοῦτον ἐξαπέστειλαν· [7] ὃς ποιησάμενος ἰδίᾳ τὴν ἔντευξιν πρὸς Γαρσύηριν, τοσοῦτο κατὰ τὴν προαίρεσιν ἀπέσχε τοῦ βοηθεῖν τῇ πατρίδι κατὰ τὸ

δέον ὥστε τάναντία παρεκάλει τὸν Γαρσύηριν σπουδῇ πέμπειν ἐπὶ τὸν Ἀχαιόν, ἀναδεχόμενος ἐγχειριεῖν αὐτοῖς τὴν πόλιν. [8] ὁ μὲν οὖν Γαρσύηρις, δεξάμενος ἐτοίμως τὴν ἐλπίδα, πρὸς μὲν τὸν Ἀχαιὸν ἐξέπεμψε τοὺς ἐπισπασομένους καὶ διασαφήσοντας περὶ τῶν ἐνεστώτων, [9] πρὸς δὲ τοὺς Σελγεῖς ἀνοχὰς ποιησάμενος εἶλκε τὸν χρόνον τῶν συνθηκῶν, αἰὲν ὑπὲρ τῶν κατὰ μέρος ἀντιλογίας καὶ σκήψεις εἰσφερόμενος χάριν τοῦ προσδέξασθαι μὲν τὸν Ἀχαιόν, δοῦναι δ' ἀναστροφὴν τῷ Λογβάσει πρὸς τὰς ἐντεύξεις

[2] ὁ δὲ καὶ πολλοῖς καὶ πολλάκις ἤδη παραίτιον γέγονε τῆς ἀπωλείας. καὶ μοι δοκεῖ πάντων τῶν ζῶων εὐπαραλογιστότατον ὑπάρχειν ἄνθρωπος, δοκοῦν εἶναι πανουργότατον. [3] πόσαι μὲν γὰρ παρεμβολαὶ καὶ φρούρια, πόσαι δὲ καὶ πηλίκαι πόλεις τούτῳ τῷ τρόπῳ παρεσπόνδηνται; [4] καὶ τούτων οὕτω συνεχῶς καὶ προφανῶς πολλοῖς ἤδη συμβεβηκότων οὐκ οἶδ' ὅπως καινοὶ τινες αἰεὶ καὶ νέοι πρὸς τὰς τοιαύτας ἀπάτας πεφύκαμεν. [5] τούτου δ' αἰτίον ἐστὶν ὅτι τὰς τῶν πρότερον ἐπταϊκῶν ἐν ἐκάστοις περιπετείας οὐ ποιοῦμεθα προχείρους, ἀλλὰ σίτου μὲν καὶ χρημάτων πλῆθος, ἔτι δὲ τειχῶν καὶ βελῶν κατασκευάς, μετὰ πολλῆς ταλαιπωρίας καὶ δαπάνης ἐτοιμαζόμεθα πρὸς τὰ παράδοξα τῶν συμβαινόντων, [6] ὁ δ' ἐστὶ ῥᾶστον μὲν τῶν ὄντων, μεγίστας δὲ παρέχεται χρείας ἐν τοῖς ἐπισφαλέσι καιροῖς, τούτου πάντες κατολιγοῦμεν, καὶ ταῦτα δυνάμενοι μετ' εὐσχήμονος ἀναπαύσεως ἅμα καὶ διαγωγῆς ἐκ τῆς ἱστορίας καὶ πολυπραγμοσύνης περιποιεῖσθαι τὴν τοιαύτην ἐμπειρίαν. [7] πλὴν ὁ μὲν Ἀχαιὸς ἦκε πρὸς τὸν καιρὸν, οἱ δὲ Σελγεῖς συμμίζαντες αὐτῷ μεγάλας ἔσχον ἐλπίδας ὡς ὀλοσχεροῦς τινος τευξόμενοι φιλανθρωπίας. [8] ὁ δὲ Λόγβασις ἐν τούτῳ τῷ καιρῷ κατὰ βραχὺ συνηθροικῶς εἰς τὴν ἰδίαν οἰκίαν τῶν ἐκ τοῦ στρατοπέδου παρεισιόντων στρατιωτῶν, συνεβούλευε τοῖς πολίταις μὴ παρεῖναι τὸν καιρὸν, [9] ἀλλὰ πράττειν βλέποντας εἰς τὴν ὑποδεικνυμένην φιλανθρωπίαν ὑπ' Ἀχαιοῦ, καὶ τέλος ἐπιθεῖναι ταῖς συνθήκαις πανδημεὶ βουλευσαμένους ὑπὲρ τῶν ἐνεστώτων. τοῦ καιροῦ τοῖς ὑπεναντίοις ἡτοίμαζε τοὺς ἡθροισμένους κατὰ τὴν οἰκίαν, διεσκευάζετο δὲ καὶ καθωπλίζετο μετὰ τῶν υἱῶν αὐτὸς ἅμα πρὸς τὸν κίνδυνον. [2] τῶν δὲ πολεμίων ὁ μὲν Ἀχαιὸς τοὺς [μὲν] ἡμίσεις ἔχων προέβαινε πρὸς αὐτὴν τὴν πόλιν, ὁ δὲ Γαρσύηρις τοὺς ὑπολειπομένους ἀναλαβὼν προῆγεν ὥς ἐπὶ τὸ Κεσβέδιον καλούμενον. τοῦτο δ' ἐστὶ μὲν Διὸς ἱερόν, κεῖται δ' εὐφυῶς κατὰ τῆς πόλεως· ἄκρας γὰρ λαμβάνει διάθεσιν. [3] συνθεασαμένου δέ τινος κατὰ τύχην αἰπόλου τὸ συμβαῖνον καὶ προσαγγεῖλαντος πρὸς τὴν ἐκκλησίαν, οἱ μὲν ἐπὶ τὸ Κεσβέδιον ὥρμων μετὰ σπουδῆς, οἱ δ' ἐπὶ τὰ φυλακεῖα, τὸ δὲ πλῆθος ὑπὸ τὸν θυμὸν ἐπὶ τὴν οἰκίαν τοῦ Λογβάσιος. [4] καταφανοῦς δὲ τῆς πράξεως γενομένης, οἱ μὲν αὐτῶν ἐπὶ τὸ τέγος ἀναβάντες, οἱ δὲ ταῖς αὐλείοις βιασάμενοι, τὸν τε Λόγβασιν καὶ τοὺς υἱούς, ἅμα δὲ καὶ τοὺς ἄλλους πάντας αὐτοῦ κατεφόνευσαν. [5] μετὰ δὲ ταῦτα κηρύξαντες τοῖς δούλοις ἐλευθερίαν καὶ διελόντες σφᾶς αὐτοὺς ἐβοήθουν ἐπὶ τοὺς εὐκαίρους τῶν τόπων. [6] ὁ μὲν οὖν Γαρσύηρις ἰδὼν προκατεχόμενον τὸ Κεσβέδιον ἀπέστη τῆς προθέσεως· [7] τοῦ δ' Ἀχαιοῦ βιαζομένου πρὸς αὐτὰς τὰς πύλας ἐξελθόντες οἱ Σελγεῖς ἑπτακοσίους μὲν κατέβαλον τῶν Μυσῶν, τοὺς δὲ λοιποὺς ἀπέστησαν τῆς ὁρμῆς. [8] μετὰ δὲ ταύτην τὴν πρᾶξιν ὁ μὲν Ἀχαιὸς καὶ Γαρσύηρις ἀνεχώρησαν εἰς τὴν αὐτῶν παρεμβολήν, [9] οἱ δὲ Σελγεῖς, δεδιότες μὲν τὰς ἐν αὐτοῖς στάσεις, δεδιότες δὲ καὶ τὴν τῶν πολεμίων ἐπιστρατοπεδεῖαν, ἐξέπεμψαν μεθ' ἱκετηριῶν τοὺς πρεσβυτέρους, καὶ σπονδὰς ποιησάμενοι διελύσαντο τὸν πόλεμον ἐπὶ τούτοις, [10] ἐφ' ᾧ παραχρῆμα μὲν δοῦναι τετρακόσια τάλαντα καὶ τοὺς τῶν Πεδνηλισσέων αἰχμαλώτους, μετὰ δὲ τινα χρόνον ἕτερα προσθεῖναι τριακόσια. [11]

[1] Σελγεῖς μὲν οὖν διὰ τὴν Λογβάσιος ἀσέβειαν τῇ πατρίδι κινδυνεύσαντες, διὰ τὴν σφετέραν εὐτολμίαν τὴν τε πατρίδα διετήρησαν καὶ τὴν ἐλευθερίαν οὐ κατήσχυναν καὶ τὴν ὑπάρχουσαν αὐτοῖς πρὸς Λακεδαιμονίους συγγένειαν· Ἀχαιὸς δὲ ποιησάμενος ὑφ' ἑαυτὸν τὴν Μιλυάδα καὶ τὰ πλεῖστα μέρη τῆς Παμφυλίας ἀνέζευξε, καὶ παραγενόμενος εἰς Σάρδεις ἐπολέμει μὲν Ἀττάλῳ συνεχῶς, ἀντετείνετο δὲ Προυσίᾳ, πᾶσι δ' ἦν φοβερὸς καὶ βαρὺς τοῖς ἐπὶ τὰδε τοῦ Ταύρου κατοικοῦσι. [2] κατὰ δὲ τὸν καιρόν, καθ' ὃν Ἀχαιὸς ἐποιεῖτο τὴν ἐπὶ τοὺς Σελγεῖς στρατείαν, Ἀτταλὸς ἔχων τοὺς Αἰγοςάγας Γαλάτας ἐπεπορεύετο τὰς κατὰ τὴν Αἰολίδα πόλεις καὶ τὰς συνεχεῖς ταύταις, ὅσαι πρότερον Ἀχαιῶ προσεκεχωρήκεισαν διὰ

τὸν φόβον: [3] ὧν αἱ μὲν πλείους ἐθέλοντὴν αὐτῷ προσέθεντο καὶ μετὰ χάριτος, ὀλίγαι δὲ τινες τῆς βίας προσεδεήθησαν. [4] ἦσαν δ' αἱ τότε μεταθέμεναι πρὸς αὐτὸν πρῶτον μὲν Κύμη καὶ Σμύρνα καὶ Φώκαια: μετὰ δὲ ταύτας Αἰγαιεῖς καὶ Τημνίται προσεχώρησαν, καταπλαγέντες τὴν ἔφοδον: [5] ἦκον δὲ καὶ παρὰ Τηίων καὶ Κολοφωνίων πρέσβεις ἐγχειρίζοντες σφᾶς αὐτοὺς καὶ τὰς πόλεις. [6] προσδεξάμενος δὲ καὶ τούτους ἐπὶ ταῖς συνθήκαις αἷς καὶ τὸ πρότερον, καὶ λαβὼν ὁμήρους, ἐχρημάτισε τοῖς παρὰ τῶν Σμυρναίων πρεσβευταῖς φιλανθρώπως διὰ τὸ μάλιστα τούτους τετηρηκέναι τὴν πρὸς αὐτὸν πίστιν. [7] προελθὼν δὲ κατὰ τὸ συνεχές καὶ διαβάς τὸν Λύκον ποταμὸν προῆγεν ἐπὶ τὰς τῶν Μυσῶν κατοικίας, ἀπὸ δὲ τούτων γενόμενος ἦκε πρὸς Καρσέας. [8] καταπληξάμενος δὲ τούτους, ὁμοίως δὲ καὶ τοὺς τὰ Δίδυμα τείχη φυλάττοντας, παρέλαβε καὶ ταῦτα τὰ χωρία, Θεμιστοκλέους αὐτὰ παραδόντος, ὃς ἐτύγγανε στρατηγὸς ὑπ' Ἀχαιοῦ καταλελειμμένος τῶν τόπων τούτων. [9] ὁρμήσας δ' ἐντεῦθεν καὶ κατασύρας τὸ Ἀπίας πεδίον ὑπερέβαλε τὸ καλούμενον ὄρος Πελεκᾶντα καὶ κατέξευξε περὶ τὸν Μέγιστον ποταμόν.

[1] οὗ γενομένης ἐκλείψεως σελήνης, πάλοι δυσχερῶς φέροντες οἱ Γαλάται τὰς ἐν ταῖς πορείαις κακοπαθείας, ἅτε ποιούμενοι τὴν στρατείαν μετὰ γυναικῶν καὶ τέκνων, ἐπομένων αὐτοῖς τούτων ἐν ταῖς ἀμάξαις, [2] τότε σημειωσάμενοι τὸ γεγονὸς οὐκ ἂν ἔφασαν ἔτι προελθεῖν εἰς τὸ πρόσθεν. [3] ὁ δὲ βασιλεὺς Ἄτταλος, χρεῖαν μὲν ἐξ αὐτῶν οὐδεμίαν ὀλοσχερῇ κομιζόμενος, θεωρῶν δ' ἀποσπωμένους ἐν ταῖς πορείαις καὶ καθ' αὐτοὺς στρατοπεδεύοντας καὶ τὸ ὅλον ἀπειθοῦντας καὶ πεφρονηματισμένους, εἰς ἀμηχανίαν ἐνέπιπτεν οὐ τὴν τυχοῦσαν: [4] ἅμα μὲν γὰρ ἡγωνία μὴ πρὸς τὸν Ἀχαιὸν ἀπονεύσαντες συνεπιθῶνται τοῖς αὐτοῦ πράγμασιν, ἅμα δ' ὑφεωρᾶτο τὴν ἐξακολουθοῦσαν αὐτῷ φήμην, ἐὰν περιστήσας τοὺς στρατιώτας διαφθεῖρη πάντα τοὺς δοκοῦντας διὰ τῆς ἰδίας πίστεως πεποιεῖσθαι τὴν εἰς τὴν Ἀσίαν διάβασιν. [5] διὸ τῆς προειρημένης ἀφορμῆς λαβόμενος ἐπηγγείλατο κατὰ μὲν τὸ παρὸν ἀποκαταστήσειν αὐτοὺς πρὸς τὴν διάβασιν καὶ τόπον δώσειν εὐφυῇ πρὸς κατοικίαν, μετὰ δὲ ταῦτα συμπράξειν εἰς ὅπόσ' ἂν αὐτὸν παρακαλῶσι τῶν δυνατῶν καὶ καλῶς ἐχόντων.

[1] Ἄτταλος μὲν οὖν, [6] ἀποκαταστήσας τοὺς Αἰγιοσάγας εἰς τὸν Ἑλλήσποντον καὶ χρηματίσας φιλανθρώπως Λαμψακηνοῖς,

Ἀλεξανδρεῦσιν, Ἰλιεῦσι, διὰ τὸ τετηρηκέναι τούτους τὴν πρὸς αὐτὸν πίστιν, ἀνεχώρησε μετὰ τῆς δυνάμεως εἰς Πέργαμον: Ἀντίοχος δὲ καὶ Πτολεμαῖος, τῆς ἑαρινῆς ὥρας ἐνισταμένης, ἐτοίμας ἔχοντες τὰς παρασκευὰς ἐγίνοντο πρὸς τῷ διὰ μάχης κρίνειν τὴν ἔφοδον. [2] οἱ μὲν οὖν περὶ τὸν Πτολεμαῖον ὥρμησαν ἐκ τῆς Ἀλεξανδρείας, ἔχοντες πεζῶν μὲν εἰς ἑπτὰ μυριάδας, ἵππεῖς δὲ πεντακισχιλίους, ἐλέφαντας ἑβδομήκοντα τρεῖς: [3] Ἀντίοχος δὲ γνοὺς τὴν ἔφοδον αὐτῶν συνήγε τὰς δυνάμεις, ἦσαν δ' αὐταὶ Δάαι μὲν καὶ Καρμάνιοι καὶ Κίλικες εἰς τὸν τῶν εὐζώνων τρόπον καθωπλισμένοι περὶ πεντακισχιλίους: τούτων δ' ἅμα τὴν ἐπιμέλειαν εἶχε καὶ τὴν ἡγεμονίαν Βύττακος ὁ Μακεδών. [4] ὑπὸ δὲ Θεόδοτον τὸν Αἰτωλὸν τὸν ποιησάμενον τὴν προδοσίαν ἦσαν ἐκ πάσης ἐκλελεγμένοι τῆς βασιλείας, καθωπλισμένοι δ' εἰς τὸν Μακεδονικὸν τρόπον, ἄνδρες μύριοι: τούτων οἱ πλείονες ἀργυράσπιδες. [5] τὸ δὲ τῆς φάλαγγος πλῆθος ἦν εἰς δυσμυρίους, ἧς ἡγεῖτο Νίκارχος καὶ Θεόδοτος ὁ καλούμενος ἡμιόλιος. [6] πρὸς δὲ τούτοις Ἀγριᾶνες καὶ Πέρσαι τοξόται καὶ σφενδονῆται δισχίλιοι. μετὰ δὲ τούτων χίλιοι Θοῤᾰκες, ὧν ἡγεῖτο Μενέδημος Ἀλαβανδεύς. [7] ὑπῆρχον δὲ καὶ Μήδων καὶ Κισσίων καὶ Καδουσίων καὶ Καρμανῶν οἱ πάντες εἰς πεντακισχιλίους, οἷς ἀκούειν Ἀσπασιανοῦ προσετέτακτο τοῦ Μήδου. [8] Ἀραβες δὲ καὶ τινες τῶν τούτοις προσχώρων ἦσαν μὲν εἰς μυρίους, ὑπετάττοντο δὲ Ζαβδιβήλῳ. [9] τῶν δ' ἀπὸ τῆς Ἑλλάδος μισθοφόρων ἡγεῖτο μὲν Ἰππόλοχος Θετταλός, ὑπῆρχον δὲ τὸν ἀριθμὸν εἰς πεντακισχιλίους. [10] Κρήτας δὲ χιλίους μὲν καὶ πεντακοσίους εἶχε τοὺς μετ' Εὐρυλόχου, χιλίους δὲ Νεόκρητας τοὺς ὑπὸ Ζέλυν τὸν Γορτύνιον ταττομένους: [11] οἷς ἅμα συνῆσαν ἀκοντισταὶ Λυδοὶ πεντακόσιοι καὶ Κάρδακες οἱ μετὰ Λυσιμάχου τοῦ Γαλάτου χίλιοι. [12] τῶν δ' ἱππέων ἦν τὸ πᾶν πλῆθος εἰς ἑξακισχιλίους: εἶχε δὲ τῶν μὲν τετρακισχιλίων τὴν ἡγεμονίαν Ἀντίπατρος ὁ τοῦ βασιλέως ἀδελφιδοῦς, ἐπὶ δὲ τῶν λοιπῶν ἐτέτακτο Θεμίσων. [13] καὶ τῆς μὲν Ἀντιόχου δυνάμεως τὸ πλῆθος ἦν πεζοὶ μὲν ἑξακισμύριοι καὶ δισχίλιοι, σὺν δὲ τούτοις ἵππεῖς ἑξακισχίλιοι, θηρία δὲ δυσὶ πλείω τῶν ἑκατὸν.

[1] Πτολεμαῖος δὲ ποιησάμενος τὴν πορείαν ἐπὶ Πηλουσίου, τὸ μὲν πρῶτον ἐν ταύτῃ τῇ πόλει κατέβευξε, [2] προσαναλαβὼν δὲ τοὺς ἐφελκομένους καὶ σιτομετρήσας τὴν δύναμιν ἐκίνει, καὶ προῆγε ποιούμενος τὴν πορείαν παρὰ τὸ Κάσιον καὶ τὰ Βάραθρα καλούμενα διὰ τῆς ἀνύδρου. [3] διανύσας δ' ἐπὶ τὸ προκείμενον πεμπταῖος,

κατεστρατοπέδευσε πεντήκοντα σταδίου αποσχὼν Ῥαφίας, ἣ κεῖται μετὰ Ῥινοκόλουρα πρώτη τῶν κατὰ Κοίλην Συρίαν πόλεων ὡς πρὸς τὴν Αἴγυπτον. [4] κατὰ δὲ τοὺς αὐτοὺς καιροὺς Ἀντίοχος ἤκε τὴν δύναμιν ἔχων, παραγενόμενος δ' εἰς Γάζαν καὶ προσαναλαβὼν ἐνταῦθα τὴν δύναμιν αὐθις προῆι βάδην. καὶ παραλλάξας τὴν προειρημένην πόλιν κατεστρατοπέδευσε νυκτός, ἀποσχὼν τῶν ὑπεναντίων ὡς δέκα σταδίου. [5] τὸ μὲν οὖν πρῶτον ἐν τούτῳ τῷ διαστήματι γεγονότες ἀντεστρατοπέδευον ἀλλήλοις· [6] μετὰ δέ τινας ἡμέρας Ἀντίοχος, ἅμα τόπον βουλόμενος εὐφυέστερον μεταλαβεῖν καὶ ταῖς δυνάμεσιν ἐμποῦησαι θάρσος, προσεστρατοπέδευσε τοῖς περὶ τὸν Πτολεμαῖον, ὥστε μὴ πλεῖον τῶν πέντε σταδίων τοὺς χάρακας ἀπέχειν ἀλλήλων. [7] ἐν ᾧ καιρῷ περὶ τε τὰς ὑδρείας καὶ προνομὰς ἐγίνοντο συμπλοκαὶ πλείους, ὁμοίως δὲ καὶ μεταξὺ τῶν στρατοπέδων ἀκροβολισμοὶ συνίσταντο, ποτὲ μὲν ἱππέων, ποτὲ δὲ καὶ πεζῶν.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον Θεόδωτος Αἰτωλικῇ μὲν, οὐκ ἀνάνδρῳ δ' ἐπεβάλετο τόλμη καὶ πράξει. [2] συνειδὼς γὰρ ἐκ τῆς προγεγεννημένης συμβιώσεως τὴν τοῦ βασιλέως αἵρεσιν καὶ δίαιταν ποία τις ἦν, εἰσπορεύεται τρίτος γενόμενος ὑπὸ τὴν ἐωθινήν εἰς τὸν τῶν πολεμίων χάρακα. [3] κατὰ μὲν οὖν τὴν ὄψιν ἄγνωστος ἦν διὰ τὸ σκότος, κατὰ δὲ τὴν ἐσθῆτα καὶ τὴν ἄλλην περικοπὴν ἀνεπισήμαντος διὰ τὸ ποικίλῃν εἶναι κάκεινων τὴν δύναμιν. [4] ἐστοχασμένος δ' ἐν ταῖς πρότερον ἡμέραις τῆς τοῦ βασιλέως σκηνῆς διὰ τὸ παντελῶς σύνεγγυς γίνεσθαι τοὺς ἀκροβολισμοὺς, ὥρμησε θρασέως ἐπ' αὐτήν, καὶ τοὺς μὲν πρώτους πάντας διελθὼν ἔλαθε, [5] παραπεσὼν δ' εἰς τὴν σκηνήν, ἐν ἣ χρηματίζειν εἰώθει καὶ δειπνεῖν ὁ βασιλεὺς, πάντα τόπον ἐρευνήσας τοῦ μὲν βασιλέως ἀπέτυχε διὰ τὸ τὸν μὲν Πτολεμαῖον ἐκτὸς τῆς ἐπιφανοῦς καὶ χρηματιστικῆς σκηνῆς ποιῆσθαι τὴν ἀνάπαυσιν, [6] δύο δὲ τινας τῶν αὐτοῦ κοιμωμένων τραυματίσας, καὶ τὸν ἱατρὸν τοῦ βασιλέως Ἀνδρέαν ἀποκτείνας, ἀνεχώρησε μετ' ἀσφαλείας εἰς τὴν ἑαυτοῦ παρεμβολήν, βραχέα θορυβηθεὶς ἤδη περὶ τὴν τοῦ χάρακος ἔκπτωσιν, [7] τῇ μὲν τόλμῃ συντετελεκὼς τὴν πρόθεσιν, τῇ δὲ προνοίᾳ διεσφαλμένος διὰ τὸ μὴ καλῶς ἐξητακέναι ποῦ τὴν ἀνάπαυσιν ὁ Πτολεμαῖος εἰώθει ποιῆσθαι.

[1] οἱ δὲ βασιλεῖς πένθ' ἡμέρας ἀντιστρατοπεδεύσαντες ἀλλήλοις, ἔγνωσαν ἀμφοτέροι διὰ μάχης κρίνειν τὰ πράγματα. [2]

καταρχομένων δὲ τῶν περὶ τὸν Πτολεμαῖον κινεῖν τὴν δύναμιν ἐκ τοῦ χάρακος, εὐθέως οἱ περὶ τὸν Ἀντίοχον ἀντεξήγον. καὶ τὰς μὲν φάλαγγας ἀμφοτέρω καὶ τοὺς ἐπιλέκτους τοὺς εἰς τὸν Μακεδονικὸν τρόπον καθωπλισμένους κατὰ πρόσωπον ἀλλήλων ἔταξαν, [3] τὰ δὲ κέρατα Πτολεμαίῳ μὲν ἑκάτερα τουτονὶ συνίστατο τὸν τρόπον. Πολυκράτης μὲν εἶχε μετὰ τῶν ὑφ' ἑαυτὸν ἱππέων τὸ λαιὸν κέρας: [4] τούτου δὲ καὶ τῆς φάλαγγος μεταξὺ Κρήτες ἦσαν παρ' αὐτοὺς τοὺς ἵππεῖς, ἐξῆς δὲ τούτοις τὸ βασιλικὸν ἄγλημα, μετὰ δὲ τούτους οἱ μετὰ Σωκράτους πελτασταί, συνάπτοντες τοῖς Λίβυσι τοῖς εἰς τὸν Μακεδονικὸν τρόπον καθωπλισμένοις. [5] ἐπὶ δὲ τοῦ δεξιοῦ κέρατος Ἐχεκράτης ἦν ὁ Θετταλός, ἔχων τοὺς ὑφ' αὐτὸν ἵππεῖς: παρὰ δὲ τοῦτον ἐκ τῶν εὐωνύμων. [6] ἴσταντο Γαλάται καὶ Θρᾶκες: ἐξῆς δὲ τούτοις Φοξίδας εἶχε τοὺς ἀπὸ τῆς Ἑλλάδος μισθοφόρους, συνάπτοντας τοῖς τῶν Αἰγυπτίων φαλαγγίταις. [7] τῶν δὲ θηρίων τὰ μὲν τετταράκοντα κατὰ τὸ λαιὸν ἦν, ἐφ' οὗ Πτολεμαῖος αὐτὸς ἔμελλε ποιεῖσθαι τὸν κίνδυνον, τὰ δὲ τριάκοντα καὶ τρία πρὸ τοῦ δεξιοῦ κέρατος ἐτέτακτο κατ' αὐτοὺς τοὺς μισθοφόρους ἵππεῖς. [8] Ἀντίοχος δὲ τοὺς μὲν ἐξήκοντα τῶν ἐλεφάντων, ἐφ' ὧν ἦν Φίλιππος ὁ σύντροφος αὐτοῦ, πρὸ τοῦ δεξιοῦ κέρατος προέστησε, καθ' ὃ ποιεῖσθαι τὸν κίνδυνον αὐτὸς ἔμελλε πρὸς τοὺς περὶ τὸν Πτολεμαῖον: [9] τούτων δὲ κατόπιν δισχιλίους μὲν ἵππεῖς τοὺς ὑπ' Ἀντίπατρον ταττομένους ἐπέστησε, δισχιλίους δ' ἐν ἐπικαμπίῳ παρενέβαλε. [10] παρὰ δὲ τοὺς ἵππεῖς ἐν μετώπῳ τοὺς Κρήτας ἔστησε: τούτοις δ' ἐξῆς ἔταξε τοὺς ἀπὸ τῆς Ἑλλάδος μισθοφόρους: μετὰ δὲ τούτων καὶ τῶν εἰς τὸν Μακεδονικὸν τρόπον καθωπλισμένων τοὺς μετὰ Βυττάκου τοῦ Μακεδόνοιο ὄντας πεντακισχιλίους παρενέβαλε. [11] τῆς δ' εὐωνύμου τάξεως ἐπ' αὐτὸ μὲν τὸ κέρας ἔθηκε δισχιλίους ἵππεῖς, ὧν ἡγεῖτο Θεμίσων, παρὰ δὲ τούτους Κάρδακας καὶ Λυδοὺς ἀκοντιστάς, ἐξῆς δὲ τούτοις τοὺς ὑπὸ Μενέδημον εὐζώνους, ὄντας εἰς τρισχιλίους, [12] μετὰ δὲ τούτους Κισσίους καὶ Μήδους καὶ Καρμανίους, παρὰ δὲ τούτους Ἀραβας ἅμα τοῖς προσχώροις, συνάπτοντας τῇ φάλαγγι. [13] τὰ δὲ κατάλοιπα τῶν θηρίων τοῦ λαιοῦ κέρατος προεβάλετο, τῶν βασιλικῶν τινα γεγονότα παίδων ἐπιστήσας Μυῖσκον.

[1] τοῦτον δὲ τὸν τρόπον τῶν δυνάμεων ἐκτεταγμένων ἐπιπαρήεσαν οἱ βασιλεῖς ἀμφοτέρω κατὰ πρόσωπον τὰς αὐτῶν τάξεις παρακαλοῦντες ἅμα τοῖς ἡγεμόσι καὶ φίλοις. [2] μεγίστας δ' ἐν

τοῖς φαλαγγίταις ἐλπίδας ἔχοντες ἀμφότεροι πλείστην καὶ σπουδὴν καὶ παράκλησιν ἐποιοῦντο περὶ ταύτας τὰς τάξεις, [3] Πτολεμαίῳ μὲν Ἀνδρομάχου καὶ Σωσιβίου καὶ τῆς ἀδελφῆς Ἀρσινόης, τῷ δὲ Θεοδότῳ καὶ Νικάρχῳ συμπαρακαλοῦντων διὰ τὸ παρ' ἑκατέρῳ τούτους ἔχειν τὰς τῶν φαλαγγιτῶν ἡγεμονίας. [4] ἦν δὲ παραπλήσιος ὁ νοῦς τῶν ὑφ' ἑκατέρου παρακαλουμένων. ἴδιον μὲν γὰρ ἔργον ἐπιφανὲς καὶ κατηξιωμένον προφέρεισθαι τοῖς παρακαλουμένοις οὐδέτερος αὐτῶν εἶχε διὰ τὸ προσφάτως παρεληφέναι τὰς ἀρχάς, [5] τῆς δὲ τῶν προγόνων δόξης καὶ τῶν ἐκείνοις πεπραγμένων ἀναμιμνήσκοντες φρόνημα καὶ θάρσος τοῖς φαλαγγίταις ἐπειρῶντο παριστάναι. [6] μάλιστα δὲ τὰς ἐξ αὐτῶν εἰς τὸ μέλλον ἐλπίδας ἐπιδεικνύντες, καὶ κατ' ἰδίαν τοὺς ἡγουμένους καὶ κοινῇ πάντας τοὺς ἀγωνίζεσθαι μέλλοντας ἡξίουσαν καὶ παρεκάλουν ἀνδρωδῶς καὶ γενναίως χρήσασθαι τῷ παρόντι κινδύνῳ. [7] ταῦτα δὲ καὶ τούτοις παραπλήσια λέγοντες, τὰ μὲν δι' αὐτῶν, τὰ δὲ καὶ διὰ τῶν ἐρμηνέων, παρίππευον.

[1] ἐπεὶ δὲ παριῶν ἦκε μετὰ τῆς ἀδελφῆς Πτολεμαῖος μὲν ἐπὶ τὸ πάσης τῆς σφετέρας παρατάξεως εὐάνθυμον, Ἀντίοχος δὲ μετὰ τῆς βασιλικῆς Ἰλῆς ἐπὶ τὸ δεξιόν, σημῆναντες τὸ πολεμικὸν συνέβαλον πρῶτον τοῖς θηρίοις. [2] ὀλίγα μὲν οὖν τινα τῶν παρὰ Πτολεμαίου συνήρεισε τοῖς ἐναντίοις: ἐφ' ὧν ἐποίουν ἀγῶνα καλὸν οἱ πυργομαχοῦντες, ἐκ χειρὸς ταῖς σαρίσαις διαδορατιζόμενοι καὶ τύπτοντες ἀλλήλους, ἔτι δὲ καλλίῳ τὰ θηρία, βαιομαχοῦντα καὶ συμπύπτοντα κατὰ πρόσωπον αὐτοῖς. [3] ἔστι γὰρ ἡ τῶν ζώων μάχη τοιαύτη τις. συμπλέξαντα καὶ παρεμβалόντα τοὺς ὁδόντας εἰς ἀλλήλους ὠθεῖ τῇ βίᾳ, διεριδόμενα περὶ τῆς χώρας, ἕως ἂν κατακρατῇσαν τῇ δυνάμει θάτερον παρώση τὴν θατέρου προνομῆν: [4] ὅταν δ' ἅπαξ ἐγκλῖναν πλάγιον λάβῃ, τιτρώσκει τοῖς ὁδοῦσι, καθάπερ οἱ ταῦροι τοῖς κέρασι. [5] τὰ δὲ πλείστα τῶν τοῦ Πτολεμαίου θηρίων ἀπεδειλία τὴν μάχην, ὅπερ ἔθος ἐστὶ ποιεῖν τοῖς Λιβυκοῖς ἐλέφασιν: [6] τὴν γὰρ ὁσμὴν καὶ φωνὴν οὐ μένουσιν, ἀλλὰ καὶ καταπεπληγμένοι τὸ μέγεθος καὶ τὴν δύναμιν, ὥς γ' ἑμοὶ δοκεῖ, φεύγουσιν εὐθέως ἐξ ἀποστήματος τοὺς Ἰνδικοὺς ἐλέφαντας: ὁ καὶ τότε συνέβη γενέσθαι. [7] τούτων δὲ διαταραχθέντων καὶ πρὸς τὰς αὐτῶν τάξεις συνωθουμένων, τὸ μὲν ἄγλημα τὸ τοῦ Πτολεμαίου πιεζόμενον ὑπὸ τῶν θηρίων ἐνέκλινε, [8] τοῖς δὲ περὶ τὸν Πολυκράτην καὶ τοῖς ὑπὸ τοῦτον ἱππεῦσι διατεταγμένοις οἱ περὶ τὸν Ἀντίοχον

ὕπὲρ τὰ θηρία περικερῶντες καὶ προσπίπτοντες ἐνέβαλον. ἅμα δὲ τούτοις, [9] τῶν ἐλεφάντων ἐντός, οἱ περὶ τὴν φάλαγγα τῶν Ἑλλήνων μισθοφόροι προσπεσόντες τοὺς τοῦ Πτολεμαίου πελταστὰς ἐξέωσαν, προσυγκεχυκότων ἤδη καὶ τὰς τούτων τάξεις τῶν θηρίων. [10] τὸ μὲν οὖν εὐώνυμον τοῦ Πτολεμαίου τοῦτον τὸν

[1] τρόπον πιεζόμενον ἐνέκλινε πᾶν, Ἐχεκράτης δ' ὁ τὸ δεξιὸν ἔχων κέρας τὸ μὲν πρῶτον ἐκαραδόκει τὴν τῶν προειρημένων κεράτων σύμπτωσιν, ἐπεὶ δὲ τὸν μὲν κονιορτὸν ἑώρα κατὰ τῶν ἰδίων φερόμενον, τὰ δὲ παρ' αὐτοῖς θηρία τὸ παράπαν οὐδὲ προσιέναι τολμῶντα τοῖς ὑπεναντίοις, [2] τῷ μὲν Φοξίδα παρήγγειλε τοὺς ἀπὸ τῆς Ἑλλάδος ἔχοντι μισθοφόρους συμβαλεῖν τοῖς κατὰ πρόσωπον ἀντιτεταγμένοις, [3] αὐτὸς δ' ἐξαγαγὼν κατὰ κέρας τοὺς ἵππεις καὶ τοὺς ὑπὸ τὰ θηρία τεταγμένους τῆς μὲν ἐφόδου τῶν θηρίων ἐκτός ἐγεγόνει, τοὺς δὲ τῶν πολεμίων ἵππεις, οὓς μὲν ὑπεραίρων, οἷς δὲ κατὰ κέρας ἐμβάλλων, ταχέως ἐτρέψατο. [4] τὸ δὲ παραπλήσιον ὃ τε Φοξίδας καὶ πάντες οἱ περὶ αὐτὸν ἐποίησαν: προσπεσόντες γὰρ τοῖς Ἄρασι καὶ τοῖς Μήδοις ἠνάγκασαν ἀποστραφέντας φεύγειν προτροπάδην. [5] τὸ μὲν οὖν δεξιὸν τῶν περὶ τὸν Ἀντίοχον ἐνίκα, τὸ δ' εὐώνυμον ἡττάτο τὸν προειρημένον τρόπον. [6] αἱ δὲ φάλαγγες, ἀμφοτέρων τῶν κεράτων αὐταῖς ἐψιλωμένων, ἔμενον ἀκέραιοι κατὰ μέσον τὸ πεδῖον, ἀμφηρίστους ἔχουσαι τὰς ὑπὲρ τοῦ μέλλοντος ἐλπίδας. [7] κατὰ δὲ τὸν καιρὸν τοῦτον Ἀντίοχος μὲν ἐνηγωνίζετο τῷ κατὰ τὸ δεξιὸν κέρας προτερήματι, [8] Πτολεμαῖος δὲ τὴν ἀποχώρησιν ὑπὸ τὴν φάλαγγα πεποιημένος, τότε προελθὼν εἰς μέσον καὶ φανείς ταῖς δυνάμεσι τοὺς μὲν ὑπεναντίους κατεπλήξατο, τοῖς δὲ παρ' αὐτοῦ μεγάλην ὀρμὴν ἐνειργάσατο καὶ προθυμίαν. [9] διὸ καὶ καταβαλόντες παραχρῆμα τὰς σαρίσας οἱ περὶ τὸν Ἀνδρόμαχον καὶ Σωσίβιον ἐπῆγον. [10] οἱ μὲν οὖν ἐπίλεκτοι τῶν Συριακῶν βραχύν τινα χρόνον ἀντέστησαν, οἳ τε μετὰ τοῦ Νικάρχου ταχέως ἐγκλίναντες ὑπεχώρουν: [11] ὁ δ' Ἀντίοχος, ὥς ἂν ἄπειρος καὶ νέος, ὑπολαμβάνων ἐκ τοῦ καθ' ἑαυτὸν μέρους καὶ τὰ λοιπὰ παραπλησίως αὐτῷ πάντα νικᾶν, ἐπέκειτο τοῖς φεύγουσιν. [12] ὃς δὲ ποτε τῶν πρεσβυτέρων τινὸς ἐπιστήσαντος αὐτόν, καὶ δείξαντος φερόμενον τὸν κονιορτὸν ἀπὸ τῆς φάλαγγος ἐπὶ τὴν ἑαυτῶν παρεμβολήν, τότε συννοήσας τὸ γινόμενον ἀνατρέχειν ἐπειρᾶτο μετὰ τῆς βασιλικῆς ἰλῆς ἐπὶ τὸν τῆς παρατάξεως τόπον. [13] καταλαβὼν δὲ τοὺς παρ' αὐτοῦ πάντας πεφευγότας, οὕτως ἐποιεῖτο τὴν ἀποχώρησιν εἰς τὴν

Ῥαφίαν, τὸ μὲν καθ' αὐτὸν μέρος πεπεισμένος νικᾶν, διὰ δὲ τὴν τῶν ἄλλων ἀγεννίαν καὶ δειλίαν ἐσφάλθαι νομίζων τοῖς ὅλοις.

[1] Πτολεμαῖος δὲ διὰ μὲν τῆς φάλαγγος τὰ ὅλα διακρίνας, διὰ δὲ τῶν ἀπὸ τοῦ δεξιοῦ κέρατος ἱππέων καὶ μισθοφόρων πολλοὺς ἀποκτείνας κατὰ τὸ δίωγμα τῶν ὑπεναντίων, τότε μὲν ἀναχωρήσας ἐπὶ τῆς ὑπαρχούσης ἠύλισθη παρεμβολῆς. [2] τῇ δ' ἐπαύριον τοὺς μὲν ἰδίους νεκροὺς ἀνελόμενος καὶ θάψας, τοὺς δὲ τῶν ἐναντίων σκυλεύσας, ἀνέζευξε καὶ προῆγε πρὸς τὴν Ῥαφίαν. [3] ὁ δ' Ἀντίοχος ἐκ τῆς φυγῆς ἐβούλετο μὲν εὐθέως ἔξω στρατοπεδεύειν, συναθροίσας τοὺς ἐν τοῖς συστήμασι πεφευγότας, τῶν δὲ πλείστων εἰς τὴν πόλιν πεποιημένων τὴν ἀποχώρησιν ἠναγκάσθη καὶ αὐτὸς εἰσελθεῖν. [4] οὗτος μὲν οὖν ὑπὸ τὴν ἐωθινὴν ἐξαγαγὼν τὸ σφζόμενον μέρος τῆς δυνάμεως διέτεινε πρὸς Γάζαν, κάκεῖ καταστρατοπεδεύσας καὶ διαπεμψάμενος περὶ τῆς τῶν νεκρῶν ἀναιρέσεως, ἐκήδευσε τοὺς τεθνεῶτας ὑποσπόνδους. [5] ἦσαν δ' οἱ τετελευτηκότες τῶν παρ' Ἀντιόχου πεζοὶ μὲν οὐ πολὺ λείποντες μυρίων, ἱππεῖς δὲ πλείους τριακοσίων· ζωγρίᾳ δ' ἐάλωσαν ὑπὲρ τοὺς τετρακισχιλίους. [6] ἐλέφαντες δὲ τρεῖς μὲν παραχρήμα, δύο δ' ἐκ τῶν τραυμάτων ἀπέθανον. τῶν δὲ παρὰ Πτολεμαίου πεζοὶ μὲν εἰς χιλίους καὶ πεντακοσίους ἐτελεύτησαν, ἱππεῖς δ' εἰς ἑπτακοσίους· τῶν δ' ἐλεφάντων ἑκκαίδεκα μὲν ἀπέθανον, ἠρέθησαν δ' αὐτῶν οἱ πλείους. [7]

[1] ἡ μὲν οὖν πρὸς Ῥαφίαν μάχη γενομένη τοῖς βασιλεῦσι περὶ Κοίλης Συρίας τοῦτον ἀπετελέσθη τὸν τρόπον· [8] μετὰ δὲ τὴν τῶν νεκρῶν ἀναίρεσιν Ἀντίοχος μὲν ἐποιεῖτο τὴν ἀποχώρησιν εἰς τὴν οἰκίαν μετὰ τῆς δυνάμεως, Πτολεμαῖος δὲ τὴν τε Ῥαφίαν καὶ τὰς ἄλλας πόλεις ἐξ ἐφόδου παρελάμβανε, πάντων τῶν πολιτευμάτων ἀμιλλωμένων ὑπὲρ τοῦ φθάσαι τοὺς πέλας περὶ τὴν ἀποκατάστασιν καὶ μετάθεσιν τὴν πρὸς αὐτόν. [9] ἴσως μὲν οὖν εἰώθασι πάντες περὶ τοὺς τοιοῦτους καιροὺς ἀρμόζεσθαι πῶς αἰεὶ πρὸς τὸ παρόν· μάλιστα δὲ τὸ κατ' ἐκείνους τοὺς τόπους γένος τῶν ἀνθρώπων εὐφυῆς καὶ πρόχειρον πρὸς τὰς ἐκ τοῦ καιροῦ χάριτας. [10] τότε δὲ καὶ τῆς εὐνοίας προκαθηγουμένης πρὸς τοὺς ἀπὸ τῆς Ἀλεξανδρείας βασιλεῖς εἰκότως τοῦτο συνέβαινε γίνεσθαι· τῇ γὰρ οἰκίᾳ ταύτῃ μᾶλλον αἰεὶ πῶς οἱ κατὰ Κοίλην Συρίαν ὄχλοι προσκλίνουσι. [11] διόπερ οὐκ ἀπέλειπον ὑπερβολὴν ἀρεσκείας, στεφάνοις καὶ θυσίαις καὶ βωμοῖς καὶ παντὶ τῷ τοιοῦτῳ τρόπῳ τιμῶντες τὸν Πτολεμαῖον. Ἀντίοχος δὲ

παραγενόμενος εἰς τὴν ἐπόνυμον αὐτοῦ πόλιν εὐθέως ἐξέπεμψε τοὺς περὶ τὸν Ἀντίπατρον τὸν ἀδελφιδοῦν καὶ Θεόδοτον τὸν ἡμιόλιον πρεσβευτὰς πρὸς τὸν Πτολεμαῖον ὑπὲρ εἰρήνης καὶ διαλύσεως, ἀγωνιῶν τὴν τῶν ὑπεναντίων ἔφοδον· [2] ἠπίσται μὲν γὰρ τοῖς ὄχλοις διὰ τὸ γεγονὸς ἐλάττωμα περὶ αὐτόν, ἐφοβεῖτο δὲ τὸν Ἀχαιὸν μὴ συνεπίθῃται τοῖς καιροῖς. [3] Πτολεμαῖος δὲ τούτων οὐδὲν συλλογιζόμενος, ἀλλ' ἀσμενίζων ἐπὶ τῷ γεγονότι προτερήματι διὰ τὸ παράδοξον καὶ συλλήβδην ἐπὶ τῷ Κοίλῃν Συρίαν ἐκτῆσθαι παραδόξως, οὐκ ἀλλότριος ἦν τῆς ἡσυχίας, ἀλλ' ὑπὲρ τὸ δέον οἰκεῖος, ἐλκόμενος ὑπὸ τῆς συνήθους ἐν τῷ βίῳ ῥαθυμίας καὶ καχεξίας. [4] πλὴν παραγενομένων τῶν περὶ τὸν Ἀντίπατρον, βραχέα προσαναταθεὶς καὶ καταμεμψάμενος ἐπὶ τοῖς πεπραγμένοις τὸν Ἀντίοχον, συνεχώρησε σπονδὰς ἐνιαυσίους. [5] καὶ τούτοις μὲν ἐπικυρώσοντα τὰς διαλύσεις συνεξαπέστειλε Σωσίβιον, [6] αὐτὸς δὲ διατρίψας ἐπὶ τρεῖς μῆνας ἐν τοῖς κατὰ Συρίαν καὶ Φοινίκην τόποις καὶ καταστησάμενος τὰς πόλεις, μετὰ ταῦτα καταλιπὼν τὸν Ἀνδρόμαχον τὸν Ἀσπένδιον στρατηγὸν ἐπὶ πάντων τῶν προειρημένων τόπων ἀνέξευξε μετὰ τῆς ἀδελφῆς καὶ τῶν φίλων ἐπ' Ἀλεξανδρείας, [7] παράδοξον τοῖς ἐν τῇ βασιλείᾳ πρὸς τὴν τοῦ λοιποῦ βίου προαίρεσιν τέλος ἐπιτεθεικῶς τῷ πολέμῳ. [8] Ἀντίοχος δὲ τὰ περὶ τὰς σπονδὰς ἀσφαλισάμενος πρὸς τὸν Σωσίβιον, ἐγένετο κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν περὶ τὴν ἐπὶ τὸν Ἀχαιὸν παρασκευήν.

[1] τὰ μὲν οὖν κατὰ τὴν Ἀσίαν ἐν τούτοις ἦν. [9] Ῥόδιοι δὲ κατὰ τοὺς προειρημένους καιροὺς ἐπειλημμένοι τῆς ἀφορμῆς τῆς κατὰ τὸν σεισμόν τὸν γενόμενον παρ' αὐτοῖς βραχεὶ χρόνῳ πρότερον, ἐν ᾧ συνέβη τὸν τε κολοσσὸν τὸν μέγαν πεσεῖν καὶ τὰ πλεῖστα τῶν τειχῶν καὶ τῶν νεωρίων, [2] οὕτως ἐχείριζον νουνεχῶς καὶ πραγματικῶς τὸ γεγονὸς ὥς μὴ βλάβης, διορθώσεως δὲ μᾶλλον, αὐτοῖς αἴτιον γενέσθαι τὸ σύμπτωμα. [3] τοσοῦτον ἄγνοια καὶ ῥαθυμία διαφέρει παρ' ἀνθρώποις ἐπιμελείας καὶ φρονήσεως περὶ τε τοὺς κατ' ἰδίαν βίους καὶ τὰς κοινὰς πολιτείας, ὥστε τοῖς μὲν καὶ τὰς ἐπιτυχίας βλάβην ἐπιφέρειν, τοῖς δὲ καὶ τὰς περιπετείας ἐπανορθώσεως γίνεσθαι παραιτίας. [4] οἱ γοῦν Ῥόδιοι τότε παρὰ τὸν χειρισμὸν τὸ μὲν σύμπτωμα ποιοῦντες μέγα καὶ δεινόν, αὐτοὶ δὲ σεμνῶς καὶ προστατικῶς κατὰ τὰς πρεσβείας χρώμενοι ταῖς ἐντεύξεσι καὶ ταῖς κατὰ μέρος ὁμιλίαις, εἰς τοῦτ' ἤγαγον τὰς πόλεις, καὶ μάλιστα τοὺς βασιλεῖς, ὥστε μὴ μόνον λαμβάνειν δωρεὰς ὑπερβαλλούσας, ἀλλὰ

καὶ χάριν προσοφείλιν αὐτοῖς τοὺς διδόντας. [5] Ἴερων γὰρ καὶ Γέλων οὐ μόνον ἔδωκαν ἑβδομήκοντα καὶ πέντ' ἀργυρίου τάλαντα πρὸς τὴν εἰς τὸ ἔλαιον τοῖς ἐν τῷ γυμνασίῳ χορηγίαν, τὰ μὲν παραχρῆμα, τὰ δ' ἐν χρόνῳ βραχεῖ παντελῶς, ἀλλὰ καὶ λέβητας ἀργυροῦς καὶ βάσεις τούτων καὶ τινας ὑδρίας ἀνέθεσαν, [6] πρὸς δὲ τούτοις εἰς τὰς θυσίας δέκα τάλαντα καὶ τὴν ἐπαύξησιν τῶν πολιτῶν ἄλλα δέκα, χάριν τοῦ τὴν πᾶσαν εἰς ἑκατὸν τάλαντα γενέσθαι δωρεάν. [7] καὶ μὴν ἀτέλειαν τοῖς πρὸς αὐτοὺς πλοῖζομένοις ἔδωσαν καὶ πεντήκοντα καταπέλτας τριπήχεις. [8] καὶ τελευταῖον τοσαῦτα δόντες, ὡς προσοφείλοντες χάριν, ἔστησαν ἀνδριάντας ἐν τῷ τῶν Ῥοδίων δείγματι, στεφανούμενον τὸν δῆμον τῶν Ῥοδίων ὑπὸ τοῦ δήμου τοῦ

[1] Συρακοσίων. ἐπηγγείλατο δὲ καὶ Πτολεμαῖος αὐτοῖς ἀργυρίου τάλαντα τριακόσια καὶ σίτου μυριάδας ἄρταβῶν ἑκατόν, ξύλα δὲ ναυπηγήσιμα δέκα πεντήρων καὶ δέκα τριήρων, πευκίνων τετραγώνων πήχεις ἑμμέτρους τετρακισμυρίους, [2] καὶ χαλκοῦ νομίσματος τάλαντα χίλια, στυππίου τρισχίλι', ὀθονίων ἱστοὺς τρισχιλίους, [3] εἰς τὴν τοῦ κολοσσοῦ κατασκευὴν τάλαντα τρισχίλι', οἰκοδόμους ἑκατόν, ὑπουργοὺς τριακοσίους καὶ πεντήκοντα, καὶ τούτοις καθ' ἕκαστον ἔτος εἰς ὀψώνιον τάλαντα δεκατέτταρα, [4] πρὸς δὲ τούτοις εἰς τοὺς ἀγῶνας καὶ τὰς θυσίας ἄρτάβας σίτου μυρίας δισχιλίας, καὶ μὴν εἰς σιτομετρίαν δέκα τριήρων ἄρτάβας δισμυρίας. [5] καὶ τούτων ἔδωκε τὰ μὲν πλεῖστα παραχρῆμα, τοῦ δ' ἀργυρίου παντὸς τὸ τρίτον μέρος. [6] παραπλησίως Ἀντίγονος ξύλ' ἀφ' ἑκκαϊδεκαπήχους ἕως ὀκταπήχους εἰς σφηκίσκων λόγον μύρια, στρωτῆρας ἑπταπήχεις πεντακισχιλίους, σιδήρου τάλαντα τρισχίλια, πίττης τάλαντα χίλι', ἄλλης ὥμῃς μετρητὰς χιλίους, ἀργυρίου πρὸς τούτοις ἑκατὸν ἐπηγγείλατο τάλαντα, [7] Χρυσῆς δ' ἡ γυνὴ δέκα μὲν σίτου μυριάδας, τρισχίλια δὲ μολίβδου τάλαντα. [8] Σέλευκος δ' ὁ πατὴρ Ἀντιόχου χωρὶς μὲν ἀτέλειαν τοῖς εἰς τὴν αὐτοῦ βασιλείαν πλοῖζομένοις, χωρὶς δὲ πεντήρεις μὲν δέκα κατηρτισμένας, σίτου δ' εἴκοσι μυριάδας, [9] καὶ μὴν ξύλων καὶ ῥητίνης καὶ τριχὸς μυριάδας πηχῶν καὶ ταλάντων χιλιάδας.

[1] παραπλήσια δὲ τούτοις Προυσίας καὶ Μιθριδάτης, ἔτι δ' οἱ κατὰ τὴν Ἀσίαν ὄντες δυνάσται τότε, λέγω δὲ Λυσανίαν, Ὀλύμπιχον, Λιμναῖον. [2] τὰς γε μὴν πόλεις τὰς συνεπιλαμβανομένας αὐτοῖς κατὰ δύναμιν οὐδ' ἂν ἐξαριθμῆσαιτο ῥαδίως οὐδεῖς. [3] ὥσθ' ὅταν μὲν τις

εἰς τὸν χρόνον ἐμβλέψῃ καὶ τὴν ἀρχήν, ἀφ' οὗ συμβαίνει τὴν πόλιν αὐτῶν συνωκίσθαι, καὶ λίαν θαυμάζειν ὡς βραχεῖ χρόνῳ μεγάλην ἐπίδοσιν εἴληφε περί τε τοὺς κατ' ἰδίαν βίους καὶ τὰ κοινὰ τῆς πόλεως: [4] ὅταν δ' εἰς τὴν εὐκαιρίαν τοῦ τόπου καὶ τὴν ἔξωθεν ἐπιφορὰν καὶ συμπλήρωσιν τῆς εὐδαιμονίας, μηκέτι θαυμάζειν, μικροῦ δ' ἐλλείπειν δοκεῖν τοῦ καθήκοντος. [5]

[1] ταῦτα μὲν οὖν εἰρήσθω μοι χάριν πρῶτον μὲν τῆς Ῥοδίων περὶ τὰ κοινὰ προστασίας — ἐπαίνου γάρ εἰσιν ἄξιοι καὶ ζήλου — δεύτερον δὲ τῆς τῶν νῦν βασιλέων μικροδοσίας καὶ τῆς τῶν ἐθνῶν καὶ πόλεων μικροληψίας, [6] ἵνα μὴθ' οἱ βασιλεῖς τέτταρα καὶ πέντε προῖεμένοι τάλαντα δοκῶσί τι ποιεῖν μέγα καὶ ζητῶσι τὴν αὐτὴν ὑπάρχειν αὐτοῖς εὖνοιαν καὶ τιμὴν παρὰ τῶν Ἑλλήνων, ἦν οἱ πρὸ τοῦ βασιλεῖς εἶχον, [7] αἱ τε πόλεις λαμβάνουσαι πρὸ ὀφθαλμῶν τὸ μέγεθος τῶν πρότερον δωρεῶν μὴ λανθάνωσιν ἐπὶ μικροῖς καὶ τοῖς τυχοῦσι νῦν τὰς μεγίστας καὶ καλλίστας προῖεμεναι τιμάς, [8] ἀλλὰ πειρῶνται τὸ κατ' ἀξίαν ἐκάστοις τηρεῖν, ᾧ πλεῖστον διαφέρουσιν Ἑλλήνες τῶν ἄλλων ἀνθρώπων. ἄρτι δὲ τῆς θερινῆς ὥρας ἐνισταμένης, καὶ στρατηγοῦντος Ἀγήτα μὲν τῶν Αἰτωλῶν, Ἀράτου δὲ παρειληφότος τὴν τῶν Ἀχαιῶν στρατηγίαν — ἀπὸ γὰρ τούτων ἐποισάμεθα τοῦ συμμαχικοῦ πολέμου τὴν ἐκτροπὴν — Λυκουρῆος μὲν ὁ Σπαρτιάτης ἐπανῆκε πάλιν ἐξ Αἰτωλίας: [2] οἱ γὰρ ἔφοροι, ψευδῆ τὴν διαβολὴν εὐρόντες, δι' ἣν ἔφευγε, μετεπέμποντο καὶ μετεκάλουν αὐθις τὸν Λυκουρῆον. [3] οὗτος μὲν οὖν ἐτάττετο πρὸς Πυρρίαν τὸν Αἰτωλόν, ὃς ἐτύγχανε τότε παρὰ τοῖς Ἡλείοις στρατηγὸς ὢν, περὶ τῆς εἰς τὴν Μεσσηνίαν εἰσβολῆς. [4] Ἄρατος δὲ παρειλήφει τό τε ξενικὸν τὸ τῶν Ἀχαιῶν κατεφθαρμένον τὰς τε πόλεις ὀλιγώρως διακειμένας πρὸς τὰς εἰς τοῦτο τὸ μέρος εἰσφορὰς διὰ τὸ τὸν πρὸ αὐτοῦ στρατηγὸν Ἐπήρατον, ὡς ἐπάνω προεῖπα, κακῶς καὶ ῥαθύμως κεχρησθαι τοῖς κοινοῖς πράγμασιν. [5] οὐ μὴν ἀλλὰ παρακαλέσας τοὺς Ἀχαιοὺς, καὶ λαβὼν δόγμα περὶ τούτων, ἐνεργὸς ἐγένετο περὶ τὴν τοῦ πολέμου παρασκευήν. [6] ἦν δὲ τὰ δόξαντα τοῖς Ἀχαιοῖς ταῦτα: πεζοὺς μὲν τρέφειν μισθοφόρους ὀκτακισχιλίους, ἵππεῖς δὲ πεντακοσίους, τῶν δ' Ἀχαϊκῶν ἐπιλέκτους, πεζοὺς μὲν τρισχιλίους, ἵππεῖς δὲ τριακοσίους: [7] εἶναι δὲ τούτων Μεγαλοπολίτας μὲν χαλκάσπιδας, πεζοὺς μὲν πεντακοσίους, ἵππεῖς δὲ πεντήκοντα, καὶ τοὺς ἴσους Ἀργείων. [8] ἔδοξε δὲ καὶ ναῦς πλεῖν τρεῖς μὲν περὶ τὴν Ἀκτὴν καὶ τὸν Ἀργολικὸν κόλπον, τρεῖς δὲ κατὰ

Πάτρας καὶ Δύμην καὶ τὴν ταύτη θάλατταν.

[1] Ἄρατος μὲν οὖν ταῦτ' ἔπραττε καὶ ταύτας ἐξήρτυε τὰς παρασκευάς· [2] ὁ δὲ Λυκοῦργος καὶ Πυρρίας διαπεμψάμενοι πρὸς ἀλλήλους, ἵνα ταῖς αὐταῖς ἡμέραις ποιήσωνται τὴν ἔξοδον, προήγον εἰς τὴν Μεσσηνίαν. [3] ὁ δὲ στρατηγὸς τῶν Ἀχαιῶν, συνείς τὴν ἐπιβολὴν αὐτῶν, ἦκεν ἔχων τοὺς μισθοφόρους καὶ τινὰς τῶν ἐπιλέκτων εἰς τὴν Μεγάλην πόλιν παραβοηθήσων τοῖς Μεσσηνίοις. [4] Λυκοῦργος δ' ἐξορμήσας τὰς μὲν Καλάμας, χωρίον τι τῶν Μεσσηνίων, προδοσίᾳ κατέσχε, μετὰ δὲ ταῦτα προῆγε, σπεύδων συμμῖξαι τοῖς Αἰτωλοῖς. [5] ὁ δὲ Πυρρίας παντελῶς ἐλαφρὸς ἐξελθὼν ἐκ τῆς Ἥλιδος, καὶ κατὰ τὴν εἰσβολὴν τὴν εἰς Μεσσηνίαν εὐθέως κωλυθεὶς ὑπὸ τῶν Κυπαρισσέων, ἀνέστρεψε. [6] διόπερ ὁ Λυκοῦργος, οὔτε συμμῖξαι δυνάμενος τοῖς περὶ τὸν Πυρρίαν οὔτ' αὐτὸς ἀξιόχρεως ὑπάρχων, ἐπὶ βραχὺ προσβολὰς ποιησάμενος πρὸς τὴν Ἀνδανίαν ἄπρακτος αὐθις εἰς τὴν Σπάρτην ἀπηλλάγη. [7] Ἄρατος δέ, διαπεσοῦσης τοῖς πολεμίοις τῆς ἐπιβολῆς, τὸ κατὰ λόγον ποιῶν καὶ προνοούμενος τοῦ μέλλοντος, συνετάξατο πρὸς τε Ταυρίωνα παρασκευάζειν ἱππεῖς πεντήκοντα καὶ πεζοὺς πεντακοσίους καὶ πρὸς Μεσσηνίους, ἵνα τοὺς ἴσους τούτοις ἱππεῖς καὶ πεζοὺς ἐξαποστείλωσι, [8] βουλόμενος τούτοις μὲν τοῖς ἀνδράσι παραφυλάττεσθαι τὴν τε τῶν Μεσσηνίων χώραν καὶ Μεγαλοπολιτῶν καὶ Τεγεατῶν, ἔτι δὲ τῶν Ἀργείων — [9] αὐταὶ γὰρ αἱ χῶραι, συντερμονοῦσαι τῇ Λακωνικῇ πρόκεινται τῶν ἄλλων Πελοποννησίων πρὸς τὸν ἀπὸ Λακεδαιμονίων πόλεμον — [10] τοῖς δ' Ἀχαικοῖς ἐπιλέκτοις καὶ μισθοφόροις τὰ πρὸς τὴν Ἥλείαν καὶ τὴν Αἰτωλίαν ἐστραμμένα μέρη τῆς Ἀχαΐας τηρεῖν.

[1] ταῦτα δ' ἄρμοςάμενος διέλυε τοὺς Μεγαλοπολίτας πρὸς αὐτοὺς κατὰ τὸ τῶν Ἀχαιῶν δόγμα. [2] συνέβαινε γὰρ τούτους προσφάτως ὑπὸ Κλεομένους ἐπταικότας τῇ πατρίδι καὶ τὸ δὴ λεγόμενον ἐκ θεμελίων ἐσφαλμένους πολλῶν μὲν ἐπιδεῖσθαι, πάντων δὲ σπανίζειν· [3] τοῖς μὲν γὰρ φρονήμασιν ἔμενον, ταῖς δὲ χορηγίαις καὶ κοινῇ καὶ κατ' ἰδίαν πρὸς πᾶν ἀδυνάτως εἶχον. [4] διόπερ ἦν ἀμφισβητήσεως, φιλοτιμίας, ὀργῆς τῆς ἐν ἀλλήλοις πάντα πλήρη· τοῦτο γὰρ δὴ φιλεῖ γίνεσθαι καὶ περὶ τὰ κοινὰ πράγματα καὶ περὶ τοὺς κατ' ἰδίαν βίους, ὅταν ἐλλίπωσιν αἱ χορηγίαι τὰς ἐκάστων ἐπιβολάς. [5] πρῶτον μὲν οὖν ἡμφισβήτουν ὑπὲρ τοῦ τειχισμοῦ τῆς πόλεως, φάσκοντες οἱ μὲν συνάγειν αὐτὴν δεῖν καὶ ποιεῖν τηλικαύτην

ἡλικὴν καὶ τειχίζειν ἐπιβαλλόμενοι καθίζονται καὶ φυλάττειν καιροῦ περιστάντος δυνήσονται· καὶ γὰρ νῦν παρὰ τὸ μέγεθος αὐτῆς καὶ τὴν ἐρημίαν ἐσφάλλται. [6] πρὸς δὲ τούτοις εἰσφέρειν ὄντο δεῖν τοὺς κτηματικούς τὸ τρίτον μέρος τῆς γῆς εἰς τὴν τῶν προσλαμβανομένων οἰκητόρων ἀναπλήρωσιν. [7] οἱ δ' οὔτε τὴν πόλιν ἐλάττω ποιεῖν ὑπέμενον οὔτε τὸ τρίτον τῶν κτήσεων εὐδόκουν εἰσφέρειν μέρος. [8] μάλιστα τε τῶν νόμων ὑπὸ Πρυτάνιδος γεγραμμένων πρὸς ἀλλήλους ἐφιλονείκουν, ὃν ἔδωκε μὲν αὐτοῖς νομοθέτην Ἀντίγονος, ἦν δὲ τῶν ἐπιφανῶν ἀνδρῶν ἐκ τοῦ Περιπάτου καὶ ταύτης τῆς αἰρέσεως. [9] τοιαύτης δ' οὔσης τῆς ἀμφισβητήσεως ποιησάμενος Ἄρατος τὴν ἐνδεχομένην ἐπιστροφὴν κατέπαυσε τὴν φιλοτιμίαν αὐτῶν. [10] ἐφ' οἷς δ' ἔληξαν τῆς πρὸς ἀλλήλους διαφορᾶς, γράψαντες εἰς στήλην παρὰ τὸν τῆς Ἑστίας ἀνέθεσαν βωμὸν ἐν Ὁμαρίῳ.

[1] μετὰ δὲ τὰς διαλύσεις ταύτας ἀναζεύξας αὐτὸς μὲν ἦκε πρὸς τὴν τῶν Ἀχαιῶν σύνοδον, τοὺς δὲ μισθοφόρους συνέστησε Λύκῳ τῷ Φαραιεῖ, διὰ τὸ τοῦτον ὑποστράτηγον εἶναι τότε τῆς συντελείας τῆς πατρικῆς. [2] οἱ δ' Ἡλεῖοι, δυσαρεστούμενοι τῷ Πυρρίᾳ, πάλιν ἐπεσπάσαντο στρατηγὸν παρὰ τῶν Αἰτωλῶν Εὐριπίδαν. [3] ὃς τηρήσας τὴν τῶν Ἀχαιῶν σύνοδον, καὶ παραλαβὼν ἵππεῖς μὲν ἐξήκοντα, πεζοὺς δὲ δισχιλίους, ἐξώδευσε, καὶ διελθὼν διὰ τῆς Φαραϊκῆς κατέδραμε τὴν χώραν ἕως τῆς Αἰγιάδος. [4] περιελασάμενος δὲ λείαν ἱκανὴν ἐποιεῖτο τὴν ἀποχώρησιν ὥς ἐπὶ Λεόντιον. [5] οἱ δὲ περὶ τὸν Λύκον συνέντες τὸ γεγονὸς ἐβοήθουν κατὰ σπουδὴν, συνάψαντες δὲ τοῖς πολεμίοις καὶ συμμίζαντες ἐξ ἐφόδου κατέβαλον μὲν αὐτῶν εἰς τετρακοσίους, ζωγρία δ' ἔλαβον εἰς διακοσίους, [6] ἐν οἷς ἦσαν ἐπιφανεῖς ἄνδρες Φυσσίας, Ἀντάνωρ, Κλέαρχος, Ἀνδρόλοχος, Εὐανορίδας, Ἀριστογεῖτων, Νικάσιππος, Ἀσπάσιος· τῶν δ' ὅπλων καὶ τῆς ἀποσκευῆς ἐκυρίευσαν πάσης. [7] κατὰ δὲ τοὺς αὐτοὺς καιροὺς ὁ τῶν Ἀχαιῶν ναύαρχος ἐξοδεύσας εἰς Μολυκρίαν, ἦκεν ἔχων οὐ πολὺ λείποντα τῶν ἑκατὸν σωμάτων. [8] αὗτις δ' ὑποστρέψας ἔπλευσε πρὸς Χάλκειαν, τῶν δ' ἐκβοηθησάντων ἐκυρίευσε δύο μακρῶν πλοίων αὐτάνδρων· ἔλαβε δὲ καὶ κέλητα περὶ τὸ Ῥίον Αἰτωλικὸν ὁμοῦ τῷ πληρώματι. [9] συνδραμόντων δὲ τῶν τε κατὰ γῆν καὶ τῶν κατὰ θάλατταν λαφύρων περὶ τοὺς αὐτοὺς καιροὺς, καὶ συναχθείσης ἀπὸ τούτων προσόδου καὶ χορηγίας ἱκανῆς, ἐγένετο τοῖς τε στρατιώταις θάρσος ὑπὲρ τῆς τῶν ὀψωνίων κομιδῆς ταῖς τε πόλεσιν ἐλπίς ὑπὲρ τοῦ μὴ

βαρυνθήσεσθαι ταῖς εἰσφοραῖς.

[1] ἅμα δὲ τοῖς προειρημένοις Σκερδιλαῖδας, νομίζων ὑπὸ τοῦ βασιλέως ἀδικεῖσθαι διὰ τό τινα τῶν χρημάτων ἐλλεῖπειν αὐτῷ τῶν κατὰ τὰς συντάξεις ὁμολογηθέντων, ὥς ἐποίησατο πρὸς Φίλιππον, ἐξαπέστειλε λέμβους πεντεκαίδεκα, μετὰ δόλου ποιούμενος τὴν ἐπιβολὴν τῆς κομιδῆς τῶν χρημάτων: [2] οἱ καὶ κατέπλευσαν εἰς Λευκάδα, πάντων αὐτοὺς ὡς φίλους προσδεχομένων διὰ τὴν γεγεννημένην κοινοπραγίαν. [3] ἄλλο μὲν οὖν οὐκ ἔφθασαν οὐδὲν ἐργάσασθαι κακὸν οὐδ' ἐδυνήθησαν, Ἀγαθίνῳ δὲ καὶ Κασσάνδρῳ τοῖς Κορινθίοις ἐπιπλέουσι ταῖς Ταυρίωνος ναυσὶ καὶ συγκαθορμισθεῖσιν ὡς φίλοις μετὰ τεττάρων πλοίων, παρασπονδήσαντες ἐπέθεντο, καὶ συλλαβόντες αὐτούς τε καὶ τὰ πλοῖα πρὸς Σκερδιλαῖδαν ἀπέπεμψαν. [4] μετὰ δὲ ταῦτα ποιησάμενοι τὴν ἀναγωγὴν ἐκ τῆς Λευκάδος καὶ πλεύσαντες ὡς ἐπὶ Μαλέας ἐλήζοντο καὶ κατήγον τοὺς ἐμπόρους.

[1] ἤδη δὲ τοῦ θερισμοῦ συνάπτοντος, [5] καὶ τῶν περὶ τὸν Ταυρίωνα κατολιγορούντων τῆς τῶν ἄρτι ῥηθειςῶν πόλεων προφυλακῆς, Ἄρατος μὲν ἔχων τοὺς ἐπιλέκτους ἐφήδρευε τῇ τοῦ σίτου κομιδῇ περὶ τὴν Ἀργεῖαν, [6] Εὐριπίδας δὲ τοὺς Αἰτωλοὺς ἔχων ἐξώδευσε, βουλόμενος κατασῦραι τὴν τῶν Τριταίων χώραν. [7] οἱ δὲ περὶ Λύκον καὶ Δημόδοκον τὸν τῶν Ἀχαιῶν ἱπάρχην συνέντες τὴν ἐκ τῆς Ἥλιδος τῶν Αἰτωλῶν ἔξοδον, ἐπισυναγαγόντες τοὺς Δυμαίους καὶ τοὺς Πατρεῖς καὶ Φαραιεῖς, σὺν δὲ τούτοις ἔχοντες τοὺς μισθοφόρους, ἐνέβαλον εἰς τὴν Ἥλειαν. [8] παραγενόμενοι δ' ἐπὶ τὸ Φύξιον καλούμενον τοὺς μὲν εὐζώνους καὶ τοὺς ἱππεῖς ἐφῆκαν εἰς τὴν καταδρομὴν, τὰ δὲ βαρέα τῶν ὀπλῶν ἔκρυσαν περὶ τὸν προειρημένον τόπον. [9] ἐκβοηθησάντων δὲ πανδημεὶ τῶν Ἥλείων ἐπὶ τοὺς κατατρέχοντας καὶ προσκειμένων τοῖς ἀποχωροῦσιν, ἐξαναστάντες οἱ περὶ τὸν Λύκον ἐπέθεντο τοῖς προπεπτωκόσι. [10] τῶν δ' Ἥλείων οὐ δεξαμένων τὴν ὀρμὴν, ἀλλ' ἐξ ἐπιφανείας τραπέντων, ἀπέκτειναν μὲν αὐτῶν εἰς διακοσίους, ζωγρία δ' ἔλαβον ὀγδοήκοντα, συνεκόμισαν δὲ καὶ τὴν περιελαθεῖσαν λείαν ἀσφαλῶς. [11] ἅμα δὲ τούτοις ὁ ναύαρχος τῶν Ἀχαιῶν ποιησάμενος ἀποβάσεις πλεονάκις εἷς τε τὴν Καλυδωνίαν καὶ Ναυπακτίαν τὴν τε χώραν κατέσυρε καὶ τὴν βοήθειαν αὐτῶν συνέτριψε δῖς. [12] ἔλαβε δὲ καὶ Κλεόνικον τὸν Ναυπάκτιον, ὃς διὰ τὸ πρόξενος ὑπάρχειν τῶν Ἀχαιῶν παραυτὰ μὲν οὐκ ἐπράθη, μετὰ δέ τινα χρόνον ἀφείθη χωρὶς

λύτρων. κατὰ δὲ τοὺς αὐτοὺς χρόνους Ἀγήτας ὁ τῶν Αἰτωλῶν στρατηγὸς συναγαγὼν πανδημεὶ τοὺς Αἰτωλοὺς ἐλεηλάτησε μὲν τὴν τῶν Ἀκαρνάνων χώραν, ἐπεπορεύθη δὲ πορθῶν πᾶσαν ἀδεῶς τὴν Ἥπειρον. [2] οὗτος μὲν οὖν ταῦτα πράξας ἐπανελθὼν διαφῆκε τοὺς Αἰτωλοὺς ἐπὶ τὰς πόλεις. [3] οἱ δ' Ἀκαρνᾶνες ἀντεμβαλόντες εἰς τὴν Στρατικὴν καὶ πανικῶ περιπεσόντες αἰσχυρῶς μὲν, ἀβλαβῶς γε μὴν ἐπανῆλθον, οὐ τολμησάντων αὐτοὺς ἐπιδιώξαι τῶν ἐκ τοῦ Στράτου διὰ τὸ νομίζειν ἐνέδρας ἔνεκα ποιεῖσθαι τὴν ἀποχώρησιν. [4]

[1] ἐγένετο δὲ καὶ περὶ Φανοτεῖς παλιμπροδοσία τοιόνδε τινὰ τρόπον. Ἀλέξανδρος ὁ τεταγμένος ἐπὶ τῆς Φωκίδος ὑπὸ Φιλίππου συνεστήσατο πρᾶξιν ἐπὶ τοὺς Αἰτωλοὺς διὰ τινος Ἰάσονος, ὃς ἐτύγγανεν ὑπ' αὐτοῦ τεταγμένος ἐπὶ τῆς τῶν Φανοτέων πόλεως. [5] ὃς διαπεμψάμενος πρὸς Ἀγήταν τὸν τῶν Αἰτωλῶν στρατηγὸν ὡμολόγησε τὴν ἄκραν αὐτοῖς παραδῶσιν τὴν ἐν τοῖς Φανοτεῦσι, καὶ περὶ τούτων ὅρκους ἐποιήσατο καὶ συνθήκας. [6] παραγενομένης δὲ τῆς ταχθείσης ἡμέρας ὁ μὲν Ἀγήτας ἦκεν ἔχων τοὺς Αἰτωλοὺς νυκτὸς πρὸς τοὺς Φανοτεῖς, καὶ τοὺς μὲν λοιποὺς ἐν ἀποστήματι κρύψας ἔμεινε, τοὺς δ' ἐπιτηδειοτάτους ἑκατὸν ἐπιλέξας ἀπέστειλε πρὸς τὴν ἄκραν, [7] ὁ δ' Ἰάσων τὸν μὲν Ἀλέξανδρον ἑτοιμον εἶχε μετὰ στρατιωτῶν ἐν τῇ πόλει, τοὺς δὲ νεανίσκους παραλαβὼν κατὰ τοὺς ὅρκους εἰσήγαγε πάντας εἰς τὴν ἀκρόπολιν. [8] τῶν δὲ περὶ τὸν Ἀλέξανδρον εὐθέως ἐπεισπεσόντων, οἱ μὲν ἐπίλεκτοι τῶν Αἰτωλῶν ἐάλωσαν, ὁ δ' Ἀγήτας ἐπιγενομένης τῆς ἡμέρας συνεῖς τὸ γεγονὸς αὐτὶς ἐπανῆγε τὴν δύναμιν, οὐκ ἀνοικεῖν πράγματι περιπεπτωκὸς τοῖς πολλάκις ὑφ' αὐτοῦ πραττομένοις. κατὰ δὲ τοὺς αὐτοὺς καιροὺς Φίλιππος ὁ βασιλεὺς κατελάβετο Βυλάζωρα, μεγίστην οὖσαν πόλιν τῆς Παιονίας καὶ λίαν εὐκαίρως κειμένην πρὸς τὰς εἰσβολὰς τὰς ἀπὸ τῆς Δαρδανικῆς εἰς Μακεδονίαν, ὥστε διὰ τῆς πράξεως ταύτης σχεδὸν ἀπολελῦσθαι τοῦ φόβου τοῦ κατὰ Δαρδανίους. [2] οὐ γὰρ ἔτι ῥάδιον ἦν αὐτοῖς ἐμβαλεῖν εἰς Μακεδονίαν κρατοῦντος Φιλίππου τῶν εἰσόδων διὰ τῆς προειρημένης πόλεως. [3] ἀσφαλισάμενος δὲ ταύτην Χρυσόγονον μὲν ἐξαπέστειλε κατὰ σπουδὴν ἐπισυνάξοντα τοὺς ἄνω Μακεδόνας, [4] αὐτὸς δὲ παραλαβὼν τοὺς ἐκ τῆς Βοττίας καὶ τῆς Ἀμφαξίτιδος ἦκεν ἔχων εἰς Ἑδεσσαν. προσδεξάμενος δ' ἐνταῦθα τοὺς μετὰ Χρυσογόνου Μακεδόνας ἐξώρμησε μετὰ πάσης τῆς δυνάμεως, καὶ παρῆν ἑκταῖος εἰς Λάρισαν. [5] κατὰ δὲ τὸ συνεχὲς ἐνεργῶ νυκτοπορία χρησάμενος ὑπὸ τὴν ἐωθινὴν ἦκε πρὸς

Μελίτειαν, καὶ προσθεῖς τὰς κλιμακίδας τοῖς τείχεσι κατεπεύραζε τῆς πόλεως. [6] τῷ μὲν οὖν αἰφνιδίῳ καὶ παραδόξῳ κατεπλήξατο τοὺς Μελιταιεῖς, ὥστε ῥαδίως ἂν κρατῆσαι τῆς πόλεως: τῷ δὲ παρὰ πολὺ γενέσθαι τὰς κλίμακας ἐλάττους τῆς χρείας διεψεύσθη τῆς

[1] πράξεως. ἐν ᾧ δὴ γένει μάλιστ' ἂν τις ἐπιτιμήσειε τοῖς ἡγουμένοις. [2] εἴτε γάρ τινες μηδεμίαν πρόνοιαν ποιησάμενοι μηδ' ἐκμετρησάμενοι τείχη, κρημνοὺς, ἕτερα τῶν τοιούτων, δι' ὧν ἐπιβάλλονται ποιεῖσθαι τὴν εἴσοδον, αὐτόθεν ἀσκέπτως παραγίνονται πόλιν καταληψόμενοι, τίς οὐκ ἂν τοῖς τοιούτοις ἐπιτιμήσειεν; [3] εἴτ' ἐκμετρησάμενοι τὸ καθ' αὐτούς, κἄπειτα τὴν κατασκευὴν τῶν κλιμάκων καὶ καθόλου τῶν τοιούτων ὀργάνων, ἃ μικρὰν ἔχοντα τὴν ἀσχολίαν ἐν μεγάλῳ δίδωσι τὴν αὐτῶν πείραν, εἰκῇ καὶ τοῖς τυχοῦσιν ἀνθρώποις ἐγχειρίζουσι, πῶς οὐκ ἄξιον ἐγκαλεῖν; [4] οὐ γὰρ ἔστιν ἐπὶ τῶν τοιούτων πράξεων ἢ ποιῆσαί τι τῶν δεόντων ἢ μηδὲν παθεῖν δεινόν, [5] ἀλλ' ἅμα ταῖς ἀποτυχίαις ἔπεται βλάβη κατὰ πολλοὺς τρόπους, κατ' αὐτὸν μὲν τὸν τοῦ πράττειν καιρὸν κίνδυνος περὶ τοὺς ἀρίστους τῶν ἀνδρῶν, ἔτι δὲ μᾶλλον κατὰ τὰς ἀπολύσεις, ὅταν ἅπαξ καταφρονηθῶσι. [6] πολλὰ δὲ καὶ λίαν τῶν τοιούτων ἐστὶ παραδείγματα: πλείους γὰρ ἂν εὔροι τις τῶν ἀποτυγχανόντων ἐν ταῖς τοιαύταις ἐπιβολαῖς τοὺς μὲν ἀπολωλότας, τοὺς δ' εἰς τὸν ἔσχατον παραγεγονότας κίνδυνον, τῶν ἀβλαβῶς ἀπολελυμένων. [7] πρὸς γε μὴν τὸ μέλλον ὁμολογουμένως ἀπιστίας καὶ μῖσος ἐξεργάζονται καθ' αὐτῶν, ἔτι δὲ φυλακὴν παραγγέλλουσι πᾶσιν: [8] οὐ γὰρ μόνον τοῖς παθοῦσιν, ἀλλὰ καὶ τοῖς συνείσι τὸ γεγονός τρόπον τινὰ παράγγελμα δίδοται προσέχειν αὐτοῖς καὶ φυλάττεσθαι. [9] διόπερ οὐδέποτε ταῖς τοιαύταις ἐπινοίαις εἰκῇ χρηστὸν τοὺς ἐπὶ πραγμάτων ταττομένους. [10] ὁ δὲ τρόπος τῆς ἐκμετρήσεως καὶ κατασκευῆς τῶν τοιούτων εὐχερὴς καὶ ἀδιάπτωτος, ἐὰν λαμβάνηται μεθοδικῶς. [11] νῦν μὲν οὖν τὸ συνεχές τῆς διηγήσεως ἀποδοτέον: περὶ δὲ τοῦ τοιούτου γένους πάλιν μεταλαβόντες ἀρμόζοντα καιρὸν καὶ τόπον κατὰ τὴν πραγματείαν πειρασόμεθα συνυποδεικνύειν πῶς ἂν τις ἥκιστα περὶ τὰς τοιαύτας ἐπιβολὰς ἀμαρτάνοι.

[1] ὁ δὲ Φίλιππος διαψευσθεὶς τῆς πράξεως, καὶ καταστρατοπεδεύσας περὶ τὸν Ἐνιπέα ποταμόν, συνῆγε τὰς παρασκευὰς ἔκ τε τῆς Λαρίσης καὶ τῶν ἄλλων πόλεων, ἃς ἐπεποίητο κατὰ χειμῶνα πρὸς τὴν πολιορκίαν: [2] ἢ γὰρ ὅλη πρόθεσις ἦν αὐτῷ

τῆς στρατείας ἐξελεῖν τὰς Φθιώτιδας καλουμένας Θήβας. [3] ἡ δὲ πόλις αὕτη κεῖται μὲν οὐ μακρὰν ἀπὸ τῆς θαλάττης, ἀπέχουσα Λαρίσης ὥς τριακοσίους σταδίους, ἐπίκειται δ' εὐκαίρως τῇ τε Μαγνησίᾳ καὶ τῇ Θετταλίᾳ, καὶ μάλιστα τῆς μὲν Μαγνησίας τῇ τῶν Δημητρίων χώρα, τῆς δὲ Θετταλίας τῇ τῶν Φαρσαλίων καὶ Φεραίων. [4] ἐξ ἧς καὶ τότε, κατεχόντων αὐτὴν τῶν Αἰτωλῶν καὶ συνεχεῖς ποιουμένων τὰς ἐπιδρομὰς, μεγάλη συνέβαινε βλάβεσθαι τοὺς τε Δημητρίους καὶ τοὺς Φαρσαλίους, ἔτι δὲ Λαρισαίους· [5] πολλάκις γὰρ ἐποιοῦντο τὰς καταδρομὰς ἕως ἐπὶ τὸ καλούμενον Ἀμυρικὸν πεδῖον. [6] διόπερ ὁ Φίλιππος οὐκ ἐν μικρῷ τιθέμενος μεγάλην ἐποιεῖτο σπουδὴν ὑπὲρ τοῦ κατὰ κράτος ἐξελεῖν αὐτήν. [7] συναχθέντων δὲ καταπελτῶν μὲν ἑκατὸν πεντήκοντα, πετροβολικῶν δ' ὀργάνων πέντε καὶ εἴκοσι, προσῆλθε ταῖς Θήβαις, καὶ διελὼν τὸ στρατόπεδον εἰς τρία μέρη διέλαβε τοὺς πέριξ τόπους τῆς πόλεως, [8] καὶ τῷ μὲν ἐνὶ περὶ τὸ Σκόπιον ἐστρατοπέδευσε, τῷ δ' ἄλλῳ περὶ τὸ καλούμενον Ἥλιοτρόπιον, τὸ δὲ τρίτον εἶχε κατὰ τὸ τῆς πόλεως ὑπερκείμενον ὄρος, [9] τὰ δὲ μεταξὺ τῶν στρατοπέδων τάφρῳ καὶ διπλῷ χάρακι διαλαβὼν ὠχυρώσατο, πρὸς δὲ καὶ πύργοις ξυλίνοις ἡσφάλισατο, κατὰ πλῆθρον στήσας αὐτοὺς μετὰ φυλακῆς τῆς ἀρκούσης. [10] ἐξῆς δὲ τούτοις τὰς παρασκευὰς ἀθροίσας ὁμοῦ πάσας ἥρξατο προσάγειν τὰ μηχανήματα πρὸς τὴν ἄκρην.

[1] ἐπὶ μὲν οὖν ἡμέρας τρεῖς τὰς πρώτας οὐδὲν ἠδύνατο προβιβάζειν τῶν ἔργων διὰ τὸ γενναίως καὶ παραβόλως ἀμύνεσθαι τοὺς ἐκ τῆς πόλεως. [2] ἐπειδὴ δὲ διὰ τὴν συνέχειαν τῶν ἀκροβολισμῶν καὶ τὸ πλῆθος τῶν βελῶν οἱ προκινδυνεύοντες τῶν ἐκ τῆς πόλεως οἱ μὲν ἔπεσον, οἱ δὲ κατετραυματίσθησαν, τότε βραχείας ἐνδόσεως γενομένης ἥρξαντο τῶν ὀρυγμάτων οἱ Μακεδόνες. [3] τῇ δὲ συνεχείᾳ, καίπερ ἀντιβαίνοντος τοῦ χωρίου, μόλις ἐναταῖοι πρὸς τὸ τεῖχος ἐξίκοντο. [4] μετὰ δὲ ταῦτα ποιοῦμενοι τὴν ἐργασίαν ἐκ διαδοχῆς, ὥστε μὴθ' ἡμέρας μῆτε νυκτὸς διαλείπειν, ἐν τρισὶν ἡμέραις δύο πλῆθρα τοῦ τεύχους ὑπώρυξαν καὶ διεστύλωσαν. [5] τῶν δ' ἐρεισμάτων οὐ δυναμένων ὑποφέρειν τὸ βάρος, ἀλλ' ἐνδόντων, πεσεῖν συνέβη τὸ τεῖχος πρὸ τοῦ πύρ ἐμβαλεῖν τοὺς Μακεδόνας. [6] ἐνεργὸν δὲ ποιησαμένων τὴν ἀνακάθαρσιν τοῦ πτόματος, καὶ παρασκευασαμένων πρὸς τὴν εἵσοδον καὶ μελλόντων ἤδη βιάζεσθαι, καταπλαγέντες παρέδοσαν οἱ Θηβαῖοι τὴν πόλιν. [7] ὁ δὲ Φίλιππος διὰ τῆς πράξεως ταύτης ἀσφαλισάμενος τὰ κατὰ τὴν Μαγνησίαν καὶ

Θετταλίαν ἀφείλετο τὰς μεγάλας ὠφελείας τῶν Αἰτωλῶν, ἀπεδείξατο δὲ καὶ ταῖς αὐτοῦ δυνάμεσιν ὅτι δικαίως ἐπανείλετο τοὺς περὶ τὸν Λεόντιον, ἐθελοκακήσαντας πρότερον ἐν τῇ περὶ τοὺς Παλαιεῖς πολιορκίᾳ. [8] γενόμενος δὲ κύριος τῶν Θηβῶν τοὺς μὲν ὑπάρχοντας οἰκήτορας ἐξηνδραποδίστατο, Μακεδόνας δ' εἰσοικίσας Φιλίππου τὴν πόλιν ἀντὶ Θηβῶν κατωνόμασεν. [9]

[1] ἤδη δ' αὐτοῦ συντετελεσμένου τὰ κατὰ τὰς Θήβας, πάλιν ἤκον ὑπὲρ τῶν διαλύσεων παρά τε Χίων καὶ Ῥοδίων καὶ Βυζαντίων πρέσβεις καὶ παρὰ Πτολεμαίου τοῦ βασιλέως: [10] οἷς παραπλησίους ἀποκρίσεις δοὺς ταῖς πρότερον, καὶ φήσας οὐκ ἀλλότριος εἶναι διαλύσεως, ἔπεμψε κελεύσας αὐτοὺς πείραν λαμβάνειν καὶ τῶν Αἰτωλῶν. [11] αὐτὸς δὲ τῆς μὲν διαλύσεως ὠλιγῶρει, τοῦ δὲ πράττειν τι τῶν ἐξῆς ἀντείχετο. διόπερ ἀκούων τοὺς Σκερδιλαΐδου λέμβους περὶ Μαλέαν λήζεσθαι καὶ πᾶσι τοῖς ἐμπόροις ὡς πολεμίοις χρῆσθαι, παρεσπονδηκέναι δὲ καὶ τῶν ἰδίων τινὰ πλοίων ἐν Λευκάδι συνορμήσαντα, [2] καταρτίσας δώδεκα μὲν καταφράκτους ναῦς, ὅκτῳ δ' ἀφράκτους, τριάκοντα δ' ἡμιολίους, ἔπλει δι' Εὐρίπου, σπεύδων μὲν καταλαβεῖν καὶ τοὺς Ἰλλυριοὺς, καθόλου δὲ μετέωρος ὢν ταῖς ἐπιβολαῖς ἐπὶ τὸν κατὰ τῶν Αἰτωλῶν πόλεμον διὰ τὸ μηδὲν πω συνεικέναι τῶν ἐν Ἰταλίᾳ γεγονότων. [3] συνέβαινε δέ, καθ' οὓς καιροὺς ἐπολιόρκει τὰς Θήβας Φίλιππος, ἡττησθαι Ῥωμαίους ὑπ' Ἀννίβου τῇ περὶ Τυρρηνίαν μάχῃ, τὴν δὲ φήμην ὑπὲρ τῶν γεγονότων μηδέπω προσπεπτωκέναι τοῖς Ἑλλήσιν. [4] ὁ δὲ Φίλιππος, τῶν λέμβων ὑστερήσας καὶ καθορμισθεὶς πρὸς Κεγχρεαῖς τὰς μὲν καταφράκτους ναῦς ἐξάπεστείλε, συντάξας περὶ Μαλέαν ποιεῖσθαι τὸν πλοῦν ὡς ἐπ' Αἰγίου καὶ Πατρῶν, τὰ δὲ λοιπὰ τῶν πλοίων ὑπερισθμίσας ἐν Λεχαίῳ παρήγγελλε πᾶσιν ὀρμεῖν. [5] αὐτὸς δὲ κατὰ σπουδὴν ἦκε μετὰ φίλων ἐπὶ τὴν τῶν Νεμέων πανήγυριν εἰς Ἄργος. [6] ἄρτι δ' αὐτοῦ θεωμένου τὸν ἀγῶνα τὸν γυμνικόν, παρῆν ἐκ Μακεδονίας γραμματοφόρος διασαφῶν ὅτι λείπονται Ῥωμαῖοι μάχῃ μεγάλη καὶ κρατεῖ τῶν ὑπαίθρων Ἀννίβας. [7] παραυτίκα μὲν οὖν Δημητρίῳ τῷ Φαρίῳ μόνῳ τὴν ἐπιστολὴν ἐπέδειξε, σιωπᾶν παρακελευσάμενος: [8] ὃς καὶ λαβόμενος τῆς ἀφορμῆς ταύτης τὸν μὲν πρὸς τοὺς Αἰτωλοὺς ὤφειτο δεῖν τὴν ταχίστην ἀπορρῖψαι πόλεμον, ἀντέχεσθαι δὲ τῶν κατὰ τὴν Ἰλλυρίδα πραγμάτων ἡξίου καὶ τῆς εἰς Ἰταλίαν διαβάσεως. [9] τὰ μὲν γὰρ κατὰ τὴν Ἑλλάδα πάντα καὶ νῦν ἤδη ποιεῖν αὐτῷ τὸ προσταττόμενον ἔφη καὶ μετὰ ταῦτα ποιήσιν,

Ἀχαιῶν μὲν ἐθέλοντὴν εὐνοούντων, Αἰτωλῶν δὲ καταπεπληγμένων ἐκ τῶν συμβεβηκότων αὐτοῖς κατὰ τὸν ἐνεστῶτα πόλεμον: [10] τὴν δ' Ἰταλίαν ἔφη καὶ τὴν ἐκεῖ διάβασιν ἀρχὴν εἶναι τῆς ὑπὲρ τῶν ὅλων ἐπιβολῆς, ἣν οὐδενὶ καθήκειν μᾶλλον ἢ 'κείνῳ τὸν

[1] δὲ καιρὸν εἶναι νῦν, ἐπταικότων Ῥωμαίων. τοιούτοις δὲ χρυσάμενος λόγοις ταχέως παρώρμησε τὸν Φίλιππον, ὥς ἄν, οἶμαι, καὶ νέον βασιλέα καὶ κατὰ τὰς πράξεις ἐπιτυχῇ καὶ καθόλου τολμηρὸν εἶναι δοκοῦντα, πρὸς δὲ τούτοις ἐξ οἰκίας ὁρμώμενον τοιαύτης, ἣ μάλιστά πως αἰεὶ τῆς τῶν ὅλων ἐλπίδος ἐφίεται. πλὴν ὁ γε Φίλιππος, [2] ὥς εἶπον, τότε μὲν αὐτῷ τῷ Δημητρίῳ τὰ προσπεπτωκότα διὰ τῆς ἐπιστολῆς ἐδήλωσε, μετὰ δὲ ταῦτα συνῆγε τοὺς φίλους καὶ διαβούλιον ἀνεδίδου περὶ τῆς πρὸς Αἰτωλοὺς διαλύσεως. [3] ὄντων δὲ καὶ τῶν περὶ τὸν Ἄρατον οὐκ ἄλλοτρίων διεξαγωγῆς τῷ δοκεῖν ὑπερδεξίους ὄντας τῷ πολέμῳ ποιεῖσθαι τὴν διάλυσιν, [4] οὕτως ὁ βασιλεύς, οὐδὲ τοὺς πρεσβευτὰς ἔτι προσδεξάμενος τοὺς κοινῇ πράττοντας τὰ περὶ τὰς διαλύσεις, παραχρῆμα Κλεόνικον μὲν τὸν Ναυπάκτιον πρὸς τοὺς Αἰτωλοὺς διεπέμψατο — [5] κατέλαβε γὰρ ἔτι τοῦτον ἐκ τῆς αἰχμαλωσίας ἐπιμένοντα τὴν τῶν Ἀχαιῶν σύνοδον — αὐτὸς δὲ παραλαβὼν ἐκ Κορίνθου τὰς ναῦς καὶ τὴν πεζὴν δύναμιν ἤκεν ἔχων εἰς Αἴγιον. [6] καὶ προελθὼν ἐπὶ Λασιῶνα καὶ τὸν ἐν τοῖς Περιππίοις πύργον παραλαβὼν, καὶ συνυποκριθεὶς ὥς ἐμβαλὼν εἰς τὴν Ἥλείαν, τοῦ μὴ δοκεῖν λίαν ἔτοιμος εἶναι πρὸς τὴν τοῦ πολέμου κατάλυσιν, [7] μετὰ ταῦτα δις ἢ τρίς ἀνακάμψαντος τοῦ Κλεονίκου, δεομένων τῶν Αἰτωλῶν εἰς λόγους σφίσι συνελθεῖν ἐπήκουσε, [8] καὶ πάντ' ἀφείς τὰ τοῦ πολέμου πρὸς μὲν τὰς συμμαχίδας πόλεις γραμματοφόρους ἐξαπέστειλε, παρακαλῶν πέμπειν τοὺς συνεδρεύσοντας καὶ μεθέξοντας τῆς ὑπὲρ τῶν διαλύσεων κοινολογίας, [9] αὐτὸς δὲ διαβάς μετὰ τῆς δυνάμεως καὶ καταστρατοπεδεύσας περὶ Πάνορμον, ὃς ἔστι μὲν τῆς Πελοποννήσου λιμὴν, κεῖται δὲ καταντικρὺ τῆς τῶν Ναυπακτίων πόλεως, ἀνέμενε τοὺς τῶν συμμάχων συνέδρους. [10] κατὰ δὲ τὸν καιρὸν τοῦτον, καθ' ὃν ἔδει συναθροίζεσθαι τοὺς προειρημένους, πλεύσας εἰς Ζάκυνθον δι' αὐτοῦ κατεστήσατο τὰ κατὰ τὴν νῆσον, καὶ παρῆν

[1] αὖθις ἀναπλέων. ἤδη δὲ καὶ τῶν συνέδρων ἠθροισμένων, ἐξέπεμψε πρὸς τοὺς Αἰτωλοὺς Ἄρατον καὶ Ταυρίωνα καὶ τινες τῶν ἡκόντων ἅμα τούτοις. [2] οἱ καὶ συμμίζαντες τοῖς Αἰτωλοῖς πανδημεῖ

συνηθροισμένοις ἐν Ναυπάκτῳ, βραχέα διαλεχθέντες καὶ θεωροῦντες αὐτῶν τὴν ὁρμὴν τὴν πρὸς τὰς διαλύσεις, ἔπλεον ἐξ ὑποστροφῆς πρὸς τὸν Φίλιππον χάριν τοῦ διασαφῆσαι περὶ τούτων. [3] οἱ δ' Αἰτωλοί, σπεύδοντες διαλύσασθαι τὸν πόλεμον, ἐξαπέστελλον ἅμα τούτοις πρέσβεις πρὸς τὸν Φίλιππον, ἀξιοῦντες παραγενέσθαι μετὰ τῆς δυνάμεως πρὸς σφᾶς, ἵνα τῆς κοινολογίας ἐκ χειρὸς γινομένης τύχῃ τὰ πράγματα τῆς ἀρμοζούσης διεξαγωγῆς. [4] ὁ δὲ βασιλεὺς παρορμηθεὶς τοῖς παρακαλουμένοις διέπλευσε μετὰ τῆς δυνάμεως πρὸς τὰ λεγόμενα Κοῦλα τῆς Ναυπακτίας, ἃ τῆς πόλεως εἴκοσι μάλιστα σταδίου ἀφῆστηκε. [5] στρατοπεδεύσας δὲ καὶ περιλαβὼν χάρακι τὰς νῆας καὶ τὴν παρεμβολήν, ἔμενε προσανέχων τὸν καιρὸν τῆς ἐντευξέως. [6] οἱ δ' Αἰτωλοὶ χωρὶς τῶν ὀπλῶν ἦκον πανδημεί, καὶ διασχόντες ὡς δύο στάδια τῆς Φιλίππου παρεμβολῆς διεπέμποντο καὶ διελέγοντο περὶ τῶν ἐνεστώτων. [7] τὸ μὲν οὖν πρῶτον ὁ βασιλεὺς πάντα ἐξέπεμπε τοὺς ἦκοντας παρὰ τῶν συμμάχων, κελεύσας ἐπὶ τούτοις προτείνειν τὴν εἰρήνην τοῖς Αἰτωλοῖς, ὥστ' ἔχειν ἀμφοτέρους ἃ νῦν ἔχουσι. [8] δεξαμένων δὲ τῶν Αἰτωλῶν ἐτοιμῶς, τὸ λοιπὸν ἤδη περὶ τῶν κατὰ μέρος συνεχεῖς ἐγίνοντο διαποστολαὶ πρὸς ἀλλήλους, ὧν τὰς μὲν πλείους παρήσομεν διὰ τὸ μηδὲν ἔχειν ἄξιον μνήμης, [9] τῆς δ' Ἀγελάου τοῦ Ναυπακτίου παραινέσεως ποιησόμεθα μνήμην, ἧ κατὰ τὴν πρώτην ἐντευξιν ἐχρήσατο πρὸς τε τὸν

[1] βασιλέα καὶ τοὺς παρόντας συμμάχους. ὃς ἔφη δεῖν μάλιστα μὲν μηδέποτε πολεμεῖν τοὺς Ἑλληνας ἀλλήλοις, ἀλλὰ μεγάλην χάριν ἔχειν τοῖς θεοῖς, εἰ λέγοντες ἐν καὶ ταὐτὸ πάντες καὶ συμπλέκοντες τὰς χεῖρας, καθάπερ οἱ τοὺς ποταμοὺς διαβαίνοντες, δύναιτο τὰς τῶν βαρβάρων ἐφόδους ἀποτριβόμενοι συσσώζειν σφᾶς αὐτοὺς καὶ τὰς πόλεις. [2] οὐ μὴν ἀλλ' εἰ τὸ παράπαν τοῦτο μὴ δυνατόν, κατὰ γε τὸ παρὸν ἡξίου συμφρονεῖν καὶ φυλάττεσθαι, προῖδομένους τὸ βάρος τῶν στρατοπέδων καὶ τὸ μέγεθος τοῦ συνεστώτος πρὸς ταῖς δύσεσι πολέμου. [3] δῆλον γὰρ εἶναι παντὶ τῷ καὶ μετρίως περὶ τὰ κοινὰ σπουδάζοντι καὶ νῦν, ὡς ἐάν τε Καρχηδόνιοι Ῥωμαίων ἐάν τε Ῥωμαῖοι Καρχηδονίων περιγέγωνται τῷ πολέμῳ, διότι κατ' οὐδένα τρόπον εἰκὸς ἐστί τοὺς κρατήσαντας ἐπὶ ταῖς Ἰταλιωτῶν καὶ Σικελιωτῶν μεῖναι δυναστείαις, ἡξεῖν δὲ καὶ διατείνειν τὰς ἐπιβολὰς καὶ δυνάμεις αὐτῶν πέρα τοῦ δέοντος. διόπερ ἡξίου πάντας μὲν φυλάξασθαι τὸν καιρὸν, [4] μάλιστα δὲ Φίλιππον. [5] εἶναι δὲ φυλακὴν,

ἐὰν ἀφέμενος τοῦ καταφθεῖρειν τοὺς Ἕλληνας καὶ ποιεῖν εὐχειρώτους τοῖς ἐπιβαλλομένοις κατὰ τοῦναντίον ὥς ὑπὲρ ἰδίου σώματος βουλευῆται, καὶ καθόλου πάντων. τῶν τῆς Ἑλλάδος μερῶν ὥς οἰκείων καὶ προσηκόντων αὐτῷ ποιῆται πρόνοιαν: [6] τοῦτον γὰρ τὸν τρόπον χρωμένον τοῖς πράγμασι τοὺς μὲν Ἕλληνας εὖνους ὑπάρχειν αὐτῷ καὶ βεβαίους συναγωνιστὰς πρὸς τὰς ἐπιβολάς, τοὺς δ' ἐξῴθεν ἦττον ἐπιβουλεύσειν αὐτοῦ τῇ δυναστείᾳ, καταπεπληγμένους τὴν τῶν Ἑλλήνων πρὸς αὐτὸν πίστιν. [7] εἰ δὲ πραγμάτων ὀρέγεται, πρὸς τὰς δύσεις βλέπειν αὐτὸν ἡξίου καὶ τοῖς ἐν Ἰταλίᾳ συνεστῶσι πολέμοις προσέχειν τὸν νοῦν, ἵνα γενόμενος ἔφεδρος ἔμφρων πειραθῇ σὺν καιρῷ τῆς τῶν ὅλων ἀντιποιεῖσθαι δυναστείας. [8] εἶναι δὲ τὸν ἐνεστῶτα καιρὸν οὐκ ἀλλότριον τῆς ἐλπίδος ταύτης. [9] τὰς δὲ πρὸς τοὺς Ἕλληνας διαφορὰς καὶ τοὺς πολέμους εἰς τὰς ἀναπαύσεις αὐτὸν ὑπερτίθεσθαι παρεκάλει, καὶ μάλιστα σπουδάζειν περὶ τούτου τοῦ μέρους, ἵν' ἔχη τὴν ἐξουσίαν, ὅταν βούληται, καὶ διαλύεσθαι καὶ πολεμεῖν πρὸς αὐτούς: [10] ὥς ἐὰν ἅπαξ τὰ προφανόμενα νῦν ἀπὸ τῆς ἐσπέρας νέφη προσδέξῃται τοῖς κατὰ τὴν Ἑλλάδα τόποις ἐπιστῆναι, καὶ λίαν ἀγωνιᾷν ἔφη μὴ τὰς ἀνοχὰς καὶ τοὺς πολέμους καὶ καθόλου τὰς παιδιὰς, ἃς νῦν παίζομεν πρὸς ἀλλήλους, ἐκκοπῆναι συμβῇ πάντων [11] ἡμῶν ἐπὶ τοσοῦτον ὥστε κἂν εὗξασθαι τοῖς θεοῖς ὑπάρχειν ἡμῖν τὴν ἐξουσίαν ταύτην, καὶ πολεμεῖν ὅταν βουλώμεθα καὶ διαλύεσθαι πρὸς ἀλλήλους, καὶ καθόλου κυρίου εἶναι τῶν ἐν αὐτοῖς ἀμφισβητούμενων.

[1] ὁ μὲν οὖν Ἀγέλαος τοιαῦτα διαλεχθεὶς πάντας μὲν παρώρμησε τοὺς συμμάχους πρὸς τὰς διαλύσεις, μάλιστα δὲ τὸν Φίλιππον, οἰκείοις χρησάμενος λόγοις πρὸς τὴν ὁρμὴν αὐτοῦ τὴν ἤδη προκατεσκευασμένην ὑπὸ τῶν τοῦ Δημητρίου παραινέσεων. [2] διόπερ ἀνθομολογησάμενοι πρὸς σφᾶς ὑπὲρ τῶν κατὰ μέρος, καὶ κυρώσαντες τὰς διαλύσεις, ἐχωρίσθησαν, κατάγοντες εἰς τὰς οἰκείας ἕκαστοι πατρίδας εἰρήνην ἀντὶ πολέμου. [3]

[1] ταῦτα δὲ πάντα συνέβη γενέσθαι κατὰ τὸν τρίτον ἐνιαυτὸν τῆς ἑκατοστῆς καὶ τετταρακοστῆς Ὀλυμπιάδος, λέγω δὲ τὴν τῶν Ῥωμαίων περὶ Τυρρηνίαν μάχην καὶ τὴν Ἀντιόχου περὶ Κοίλην Συρίαν, ἔτι δὲ τὰς Ἀχαιῶν καὶ Φιλίππου πρὸς Αἰτωλοὺς διαλύσεις. τὰς μὲν οὖν Ἑλληνικὰς καὶ τὰς Ἰταλικὰς, [4] ἔτι δὲ τὰς Λιβυκὰς πράξεις, οὗτος ὁ καιρὸς καὶ τοῦτο τὸ διαβούλιον συνέπλεξε πρῶτον: [5] οὐ γὰρ ἔτι Φίλιππος οὐδ' οἱ τῶν Ἑλλήνων προεστῶτες ἄρχοντες

πρὸς τὰς κατὰ τὴν Ἑλλάδα πράξεις ποιούμενοι τὰς ἀναφορὰς οὔτε τοὺς πολέμους οὔτε τὰς διαλύσεις ἐποιοῦντο πρὸς ἀλλήλους, ἀλλ' ἤδη πάντες πρὸς τοὺς ἐν Ἰταλίᾳ σκοποὺς ἀπέβλεπον. [6] ταχέως δὲ καὶ πρὸς τοὺς νησιώτας καὶ τοὺς τὴν Ἀσίαν κατοικοῦντας τὸ παραπλήσιον συνέβη γενέσθαι: [7] καὶ γὰρ οἱ Φιλίππῳ δυσαρεστούμενοι καὶ τινες τῶν Ἀττάλῳ διαφερομένων οὐκέτι πρὸς Ἀντίοχον καὶ Πτολεμαῖον οὐδὲ πρὸς μεσημβρίαν καὶ τὰς ἀνατολὰς ἔνευον, ἀλλ' ἐπὶ τὴν ἐσπέραν ἀπὸ τούτων τῶν καιρῶν ἔβλεπον, καὶ τινὲς μὲν πρὸς Καρχηδονίους, οἱ δὲ πρὸς Ῥωμαίους ἐπρέσβευον, [8] ὁμοίως δὲ καὶ Ῥωμαῖοι πρὸς τοὺς Ἕλληνας, δεδιότες τὴν τοῦ Φιλίππου τόλμαν καὶ προορώμενοι μὴ συνεπίθηται τοῖς τότε περιστάσιν αὐτοὺς καιροῖς. [9] ἡμεῖς δ' ἐπειδὴ κατὰ τὴν ἐξ ἀρχῆς ὑπόσχεσιν σαφῶς, οἶμαι, δεδείχαμεν πότε καὶ πῶς καὶ δι' ἧς αἰτίας αἱ κατὰ τὴν Ἑλλάδα πράξεις συνεπλάκησαν ταῖς Ἰταλικαῖς καὶ Λιβυκαῖς, [10] λοιπὸν κατὰ τὸ συνεχὲς ποιησάμενοι τὴν διήγησιν ὑπὲρ τῶν Ἑλληνικῶν ἕως εἰς τοὺς καιροὺς, ἐν οἷς Ῥωμαῖοι τὴν περὶ Κάνναν μάχην ἡττήθησαν, ἐφ' ἣν τῶν Ἰταλικῶν πράξεων τὴν καταστροφὴν ἐποιησάμεθα, καὶ ταύτην τὴν βύβλον ἀφοριοῦμεν, ἐξισώσαντες τοῖς προειρημένοις καιροῖς. Ἀχαιοὶ μὲν οὖν ὥς θάττον ἀπέθεντο τὸν πόλεμον, στρατηγὸν αὐτῶν ἐλόμενοι Τιμόξενον, ἀναχωρήσαντες εἰς τὰ σφέτερα νόμιμα καὶ τὰς διαγωγάς, [2] ἅμ' Ἀχαιοῖς δ' [καὶ] αἱ λοιπαὶ πόλεις αἱ κατὰ Πελοπόννησον, ἀνεκτῶντο μὲν τοὺς ἰδίους βίους, ἐθεράπευον δὲ τὴν χώραν, ἀνενεοῦντο δὲ τὰς πατρίους θυσίας καὶ πανηγύρεις καὶ τᾶλλα τὰ πρὸς τοὺς θεοὺς παρ' ἐκάστοις ὑπάρχοντα νόμιμα. [3] σχεδὸν γὰρ ὥς ἂν εἰ λήθην συνέβαινε γεγενέναι παρὰ τοῖς πλείστοις περὶ τὰ τοιαῦτα διὰ τὴν συνέχειαν τῶν προγεγονότων πολέμων. [4] οὐ γὰρ οἷδ' ὅπως ἀεὶ ποτε Πελοποννήσιοι, τῶν ἄλλων ἀνθρώπων οἰκειότατα πρὸς τὸν ἡμέρον καὶ τὸν ἀνθρώπινον βίον ἔχοντες, ἥκιστα πάντων ἀπολελαύκασιν αὐτοῦ κατὰ γε τοὺς ἀνώτερον χρόνους, μᾶλλον δὲ πῶς κατὰ τὸν Εὐριπίδην ἦσαν ἀεὶ πρασίμοχθοί τινες καὶ οὐποτε ἥσυχοι δορί. [5] τοῦτο δὲ μοι δοκοῦσι πάσχειν εἰκότως: ἅπαντες γὰρ ἡγεμονικοὶ καὶ φιλελεύθεροι ταῖς φύσεσι μάχονται συνεχῶς πρὸς ἀλλήλους, ἀπαραχωρήτως διακείμενοι περὶ τῶν πρωτείων. [6] Ἀθηναῖοι δὲ τῶν ἐκ Μακεδονίας φόβων ἀπελέλυντο καὶ τὴν ἐλευθερίαν ἔχειν ἐδόκουν ἤδη βεβαίως, [7] χρώμενοι δὲ προστάταις Εὐρυκλείδᾳ καὶ Μικίωνι τῶν μὲν ἄλλων Ἑλληνικῶν πράξεων οὐδ' ὁποίας μετεῖχον,

ἀκολουθοῦντες δὲ τῇ τῶν προεστώτων αἰρέσει καὶ ταῖς τούτων ὁρμαῖς εἰς πάντας τοὺς βασιλεῖς ἐξεκέχυντο, καὶ μάλιστα τούτων εἰς Πτολεμαῖον, [8] καὶ πᾶν γένος ὑπέμενον ψηφισμάτων καὶ κηρυγμάτων, βραχύν τινα λόγον ποιούμενοι τοῦ καθήκοντος διὰ τὴν τῶν προ

[1] ἐστώτων ἀκρισίαν. Πτολεμαίῳ γε μὴν εὐθέως ἀπὸ τούτων τῶν καιρῶν συνέβαινε γίνεσθαι τὸν πρὸς τοὺς Αἰγυπτίους πόλεμον. [2] ὁ γὰρ προειρημένος βασιλεὺς καθοπλίσας τοὺς Αἰγυπτίους ἐπὶ τὸν πρὸς Ἀντίοχον πόλεμον πρὸς μὲν τὸ παρὸν ἐνδεχομένως ἐβουλεύσατο, τοῦ δὲ μέλλοντος ἡστόχησε: [3] φρονηματισθέντες γὰρ ἐκ τοῦ περὶ Ῥαφίαν προτερήματος, οὐκέτι τὸ προσταττόμενον οἰοί τ' ἦσαν ὑπομένειν, ἀλλ' ἐζήτουν ἡγεμόνα καὶ πρόσωπον, ὡς ἱκανοὶ βοηθεῖν ὄντες αὐτοῖς. ὁ καὶ τέλος ἐποίησαν οὐ μετὰ πολὺν χρόνον. [4] Ἀντίοχος δὲ μεγάλῃ παρασκευῇ χρησάμενος ἐν τῷ χειμῶνι, μετὰ ταῦτα τῆς θερείας ἐπιγενομένης ὑπερέβαλε τὸν Ταῦρον, καὶ συνθέμενος πρὸς Ἄτταλον τὸν βασιλέα κοινοπραγίαν ἐνίστατο τὸν πρὸς Ἀχαιὸν πόλεμον. [5] Αἰτωλοὶ δὲ παραυτὰ μὲν εὐδοκοῦντες τῇ γενομένῃ διαλύσει πρὸς τοὺς Ἀχαιοὺς, ὡς ἂν μὴ κατὰ γνώμην αὐτοῖς τοῦ πολέμου προκεχωρηκός — διὸ καὶ στρατηγὸν Ἀγέλαον εἵλοντο τὸν Ναυπάκτιον, δοκοῦντα πλεῖστα συμβεβλῆσθαι πρὸς τὰς διαλύσεις — [6] οὐδένα χρόνον διαλιπόντες δυσηρέστουν καὶ κατεμέμφοντο τὸν Ἀγέλαον ὡς ὑποτετμημένον πάσας αὐτῶν τὰς ἔξωθεν ὠφελείας καὶ τὰς εἰς τὸ μέλλον ἐλπίδας, διὰ τὸ μὴ πρὸς τινάς, πρὸς πάντας δὲ τοὺς Ἑλληνας πεποιῆσθαι τὴν εἰρήνην. [7] ὁ δὲ προειρημένος ἀνὴρ ὑποφέρων τὴν προειρημένην τοιαύτην ἀλογίαν καὶ μέμψιν παρακατεῖχε τὰς ὁρμὰς αὐτῶν: διὸ καὶ καρτερεῖν οὗτοι μὲν ἠναγκάζοντο παρὰ φύσιν.

[1] ὁ δὲ βασιλεὺς Φίλιππος, ἀνακομισθεὶς κατὰ θάλατταν ἀπὸ τῶν διαλύσεων εἰς Μακεδονίαν, καὶ καταλαβὼν τὸν Σκερδιλαῖδαν ἐπὶ τῇ προφάσει τῶν προσοφειλομένων χρημάτων, πρὸς ἃ καὶ τὰ περὶ τὴν Λευκάδα πλοῖα παρεσπόνδησε, καὶ τότε τῆς μὲν Πελαγονίας πόλις διηρπακότα τὸ προσαγορευόμενον Πισσαῖον, [2] τῆς δὲ Δασσαρήτιδος προσηγμένον πόλεις, τὰς μὲν φόβῳ, τὰς δ' ἐπαγγελίαις, Ἀντιπάτρειαν, Χρυσονδύωνα, Γερτοῦντα, πολλὴν δὲ καὶ τῆς συνορούσης τούτοις Μακεδονίας ἐπιδεδραμηκότα, [3] παραυτίκα μὲν ὥρμησε μετὰ τῆς δυνάμεως, ὡς ἀνακτήσασθαι σπουδάζων τὰς ἀφεστηκυίας πόλεις, [4] καθόλου δ' ἔκρινε πολεμεῖν πρὸς τὸν

Σκερδιλαΐδαν, νομίζων ἀναγκαιότατον εἶναι παρeutpeπίcασθαι τὰ κατὰ τὴν Ἰλλυρίδα πρὸς τε τὰς ἄλλας ἐπιβολὰς καὶ μάλιστα πρὸς τὴν εἰς Ἰταλίαν διάβασιν. [5] ὁ γὰρ Δημήτριος οὕτως ἐξέκαie τὴν ἐλπίδα καὶ τὴν ἐπιβολὴν τῷ βασιλεῖ ταύτην συνεχῶς, ὥστε κατὰ τοὺς ὕπνους τὸν Φίλιππον ταῦτ' ὀνειρώττειν καὶ περὶ ταύτας εἶναι τὰς πράξεις. [6] ἐποίει δὲ ταῦτα Δημήτριος οὐ Φιλίππου χάριν — τούτῳ μὲν γὰρ τρίτην ἴσως ἐν τούτοις ἔνεμε μερίδα — μᾶλλον δὲ τῆς πρὸς Ῥωμαίους δυσμενείας, τὸ δὲ πλεῖστον ἔνεκεν αὐτοῦ καὶ τῶν ἰδίων ἐλπίδων: [7] μόνως γὰρ οὕτως ἐπέπειστο τὴν ἐν τῷ Φάρῳ δυναστείαν κατακτήσασθαι πάλιν. [8] πλὴν ὃ γε Φίλιππος στρατεύσας ἀνεκτήσατο μὲν τὰς προειρημένas πόλεις, κατελάβετο δὲ τῆς μὲν Δασσαρήτιδος Κρεώνιον καὶ Γεροῦντα, τῶν δὲ περὶ τὴν Λυχνιδίαν λίμνην Ἐγγελᾶνας, Κέρακα, Σατίωνα, Βοιούς, τῆς δὲ Καλοικίνων χώρας Βαντίαν, ἔτι δὲ τῶν καλουμένων Πισαντίνων Ὀργησσόν. [9] ἐπιτελεσάμενος δὲ ταῦτα διαφῆκε τὰς δυνάμεις εἰς παραχειμασίαν. ἦν δ' ὁ χειμὼν οὗτος, καθ' ὃν Ἀννίβας, πεπορθηκῶς τοὺς ἐπιφανεστάτους τόπους τῆς Ἰταλίας ἔμελλε περὶ τὸ Γερούνιον τῆς Δαυνίας ποιεῖσθαι τὴν παραχειμασίαν. [10] Ῥωμαῖοι δὲ τότε κατέστησαν στρατηγούς αὐτῶν Γάιον Τερέντιον καὶ Λεύκιον Αἰμίλιον.

[1] Φίλιππος δὲ κατὰ τὴν παραχειμασίαν ἀναλογιζόμενος ὅτι πρὸς τὰς ἐπιβολὰς αὐτοῦ χρεία πλοίων ἐστὶ καὶ τῆς κατὰ θάλατταν ὑπηρεσίας, καὶ ταύτης οὐχ ὥς πρὸς ναυμαχίαν — [2] τοῦτο μὲν γὰρ οὐδ' ἂν ἤλπισε δυνατός εἶναι, Ῥωμαίοις διαναυμαχεῖν — ἀλλὰ μᾶλλον ἕως τοῦ παρακομίζειν στρατιώτας καὶ θᾶττον διαίρειν οὗ πρόθοιτο καὶ παραδόξως ἐπιφαίνεσθαι τοῖς πολεμίοις: [3] διόπερ ὑπολαβὼν ἀρίστην εἶναι πρὸς ταῦτα τὴν τῶν Ἰλλυριῶν ναυπηγίαν ἑκατὸν ἐπεβάλετο λέμβους κατασκευάζειν, σχεδὸν πρῶτος τῶν ἐν Μακεδονίᾳ βασιλέων. [4] καταρτίσας δὲ τούτους συνῆγε τὰς δυνάμεις ἀρχομένης θερείας, καὶ βραχέα προσασκήσας τοὺς Μακεδόνας ἐν ταῖς εἰρεσίαις ἀνήχθη. [5] κατὰ δὲ τὸν αὐτὸν καιρὸν Ἀντίοχος μὲν ὑπερέβαλε τὸν Ταῦρον, Φίλιππος δὲ ποιησάμενος τὸν πλοῦν δι' Εὐρίπου καὶ [τοῦ] περὶ Μαλέαν ἦκε πρὸς τοὺς περὶ Κεφαλληνίαν καὶ Λευκάδα τόπους, ἐν οἷς καθορμισθεῖς ἑκαραδόκει πολυπραγμονῶν τὸν τῶν Ῥωμαίων στόλον. [6] πυνθανόμενος δὲ περὶ τὸ Λιλύβαιον αὐτοὺς ὀρμεῖν, θαρρήσας ἀνήχθη, καὶ προῆγε ποιούμενος τὸν πλοῦν ὥς ἐπ'

[1] Ἀπολλωνίας. ἤδη δὲ συνεγγίζοντος αὐτοῦ τοῖς περὶ τὸν Ἀῶν ποταμὸν τόποις, ὃς ῥεῖ παρὰ τὴν τῶν Ἀπολλωνιατῶν πόλιν, ἐμπίπτει πανικὸν παραπλήσιον τοῖς γινομένοις ἐπὶ τῶν πεζικῶν στρατοπέδων. [2] τῶν γὰρ ἐπὶ τῆς οὐραγίας πλεόντων τινὲς λέμβοι, καθορμισθέντες εἰς τὴν νῆσον, ἣ καλεῖται μὲν Σάσων, κεῖται δὲ κατὰ τὴν εἰσβολὴν τὴν εἰς τὸν Ἴονιον πόρον, ἤκον ὑπὸ νύκτα πρὸς τὸν Φίλιππον, φάσκοντες συνωρμηκεῖν τινὰς αὐτοῖς πλέοντας ἀπὸ πορθμοῦ, [3] τούτους δ' ἀπαγγέλλειν, ὅτι καταλείποιν ἐν Ῥηγίῳ πεντήρεις Ῥωμαϊκὰς πλεούσας ἐπ' Ἀπολλωνίας καὶ πρὸς Σκερδιλαῖδαν. [4] ὁ δὲ Φίλιππος, ὑπολαβὼν ὅσον οὕτω τὸν στόλον ἐπ' αὐτὸν παρεῖναι, περίφοβος γενόμενος καὶ ταχέως ἀνασπάσας τὰς ἀγκύρας αὐτὶς εἰς τοῦπίσω παρήγγειλε πλεῖν. [5] οὐδενὶ δὲ κόσμῳ ποιησάμενος τὴν ἀναζυγὴν καὶ τὸν ἀνάπλουον δευτεραῖος εἰς Κεφαλληνίαν κατῆρε, συνεχῶς ἡμέραν καὶ νύκτα τὸν πλοῦν ποιούμενος. [6] βραχὺ δέ τι θαρρήσας ἐνταῦθα κατέμεινε, ποιῶν ἔμφασιν ὥς ἐπὶ τινὰς τῶν ἐν Πελοποννήσῳ πράξεων ἐπεστροφῶς. [7] συνέβη δὲ ψευδῶς γενέσθαι τὸν ὅλον φόβον περὶ αὐτόν. [8] ὁ γὰρ Σκερδιλαῖδας, ἀκούων κατὰ χειμῶνα λέμβους ναυπηγεῖσθαι τὸν Φίλιππον πλείους, καὶ προσδοκῶν αὐτοῦ τὴν κατὰ θάλατταν παρουσίαν, διεπέμπετο πρὸς τοὺς Ῥωμαίους διασαφῶν ταῦτα καὶ παρακαλῶν βοηθεῖν, [9] οἱ δὲ Ῥωμαῖοι δεκαναῖαν ἀπὸ τοῦ περὶ τὸ Λιλύβαιον ἐξαπέστειλαν στόλου, ταύτην τὴν περὶ τὸ Ῥήγιον ὀφθεῖσαν: [10] ἦν Φίλιππος εἰ μὴ πτοηθεὶς ἀλόγως ἔφυγε, τῶν περὶ τὴν Ἰλλυρίδα πράξεων μάλιστ' ἂν τότε καθίκετο διὰ τὸ τοὺς Ῥωμαίους πάσαις ταῖς ἐπινοίαις καὶ παρασκευαῖς περὶ τὸν Ἀννίβαν καὶ τὴν περὶ Κάνναν μάχην γίνεσθαι, τῶν τε πλοίων ἐκ τοῦ κατὰ λόγον ἐγκρατῆς ἂν ἐγεγόνει. [11] νῦν δὲ διαταραχθεὶς ὑπὸ τῆς προσαγγελίας ἀβλαβῇ μὲν, οὐκ εὐσχήμονα δ' ἐποιήσατο τὴν ἀναχώρησιν εἰς Μακεδονίαν.

[1] ἐπράχθη δέ τι κατὰ τούτους τοὺς χρόνους καὶ Προυσία μνήμης ἄξιον. [2] τῶν γὰρ Γαλατῶν, οὓς διεβίβασεν ἐκ τῆς Εὐρώπης ὁ βασιλεὺς Ἄτταλος εἰς τὸν πρὸς Ἀχαιὸν πόλεμον διὰ τὴν ἐπ' ἀνδρεία δόξαν, τούτων χωρισθέντων τοῦ προειρημένου βασιλέως διὰ τὰς ἄρτι ῥηθείσας ὑποψίας καὶ πορθούντων μετὰ πολλῆς ἀσελγείας καὶ βίας τὰς ἐφ' Ἑλλησπόντῳ πόλεις, τὸ δὲ τελευταῖον καὶ πολιορκεῖν τοὺς Ἰλιεῖς ἐπιβαλομένων, [3] ἐγένετο μὲν τις οὐκ ἀγεννὴς περὶ ταῦτα πρᾶξις καὶ ὑπὸ τῶν τὴν Τρωάδα κατοικούντων Ἀλεξάνδρειαν: [4] Θεμίστην γὰρ ἐξαποστείλαντες μετ' ἀνδρῶν τετρακισχιλίων ἔλυσαν

μὲν τὴν Ἰλιέων πολιορκίαν, ἐξέβαλον δ' ἐκ πάσης τῆς Τρωάδος τοὺς Γαλάτας, ἐμποδίζοντες ταῖς χορηγίαις καὶ διαλυμαινόμενοι τὰς ἐπιβολὰς αὐτῶν. [5] οἱ δὲ Γαλάται κατασχόντες τὴν Ἀρίσβαν καλουμένην ἐν τῇ τῶν Ἀβυδηνῶν χώρα, λοιπὸν ἐπεβούλευον καὶ προσεπολέμουν ταῖς περὶ τούτους τοὺς τόπους ἐκτισμέναις πόλεσιν. [6] ἐφ' οὓς στρατεύσας μετὰ δυνάμεως Προυσίας καὶ παραταξάμενος τοὺς μὲν ἄνδρας κατ' αὐτὸν τὸν κίνδυνον ἐν χερῶν νόμῳ διέφθειρε, τὰ δὲ τέκνα σχεδὸν ἅπαντα καὶ τὰς γυναῖκας αὐτῶν ἐν τῇ παρεμβολῇ κατέσφαξε, τὴν δ' ἀποσκευὴν ἐφῆκε διαρπάσαι τοῖς ἡγωνισμένοις. [7] πράξας δὲ ταῦτα μεγάλου μὲν ἀπέλυσε φόβου καὶ κινδύνου τὰς ἐφ' Ἑλλησπόντου πόλεις, καλὸν δὲ παράδειγμα τοῖς ἐπιγινομένοις ἀπέλιπε τοῦ μὴ ῥαδίαν ποιεῖσθαι τοὺς ἐκ τῆς Εὐρώπης βαρβάρους τὴν εἰς τὴν Ἀσίαν διάβασιν. [8]

[1] τὰ μὲν οὖν περὶ τὴν Ἑλλάδα καὶ τὴν Ἀσίαν ἐν τούτοις ἦν. τὰ δὲ κατὰ τὴν Ἰταλίαν τῆς περὶ Κάνναν μάχης ἐπιτελεσθείσης τὰ πλεῖστα μετετίθετο πρὸς τοὺς Καρχηδονίους, καθάπερ ἐν τοῖς πρὸ τούτων ἡμῖν δεδήλωται. [9] ἡμεῖς δὲ νῦν μὲν ἐπὶ τούτων τῶν καιρῶν τῆς διηγήσεως λήξομεν, ἐπεὶ διεληλύθαμεν ὥς περιέσχε τῶν τε κατὰ τὴν Ἀσίαν καὶ τῶν Ἑλληνικῶν πράξεων ἡ τετταρακοστὴ τῶν Ὀλυμπιάδων πρὸς ταῖς ἑκατόν: [10] ἐν δὲ τῇ μετὰ ταῦτα βύβλῳ, βραχέα προσαναμνήσαντες τῆς [ἐν ταύτῃ τῇ βύβλῳ] προκατασκευῆς, ἐπὶ τὸν περὶ τῆς Ῥωμαίων πολιτείας λόγον ἐπάνιμεν κατὰ τὴν ἐν ἀρχαῖς ὑπόσχεσιν.

BOOK 6

[1] I. Ex Prooemio στήσαντες δ' ἐπὶ τούτων 1 τὴν διήγησιν τὸν ὑπὲρ τῆς Ῥωμαίων πολιτείας συστησόμεθα λόγον, [2] ᾧ κατὰ τὸ συνεχὲς ὑποδείξομεν ὅτι μέγιστα συνεβάλει' αὐτοῖς ἡ τοῦ πολιτεύματος ιδιότης πρὸς τὸ μὴ μόνον ἀνακτήσασθαι τὴν Ἰταλιωτῶν καὶ Σικελιωτῶν δυναστείαν, ἔτι δὲ τὴν Ἰβήρων προσλαβεῖν καὶ Κελτῶν ἀρχήν, [3] ἀλλὰ τὸ τελευταῖον καὶ πρὸς τὸ κρατήσαντας τῷ πολέμῳ Καρχηδονίων ἔννοιαν σχεῖν τῆς τῶν ὅλων ἐπιβολῆς. [Polyb. III, 2, 6]. [4]

[1] ὅταν δὲ τὰς Ἑλληνικὰς πράξεις τὰς κατὰ τὴν αὐτὴν Ὀλυμπιάδα γενομένας 2 διεξιόντες ἐπιστῶμεν τοῖς καιροῖς τούτοις, τότε ἦδη προθέμενοι ψιλῶς τὸν ὑπὲρ αὐτῆς τῆς Ῥωμαίων πολιτείας ποιησόμεθα λόγον, [5] νομίζοντες οὐ μόνον πρὸς τὴν τῆς ἱστορίας σύνταξιν οἰκεῖαν εἶναι τὴν περὶ αὐτῆς ἐξήγησιν, ἀλλὰ καὶ πρὸς τὰς τῶν πολιτευμάτων διορθώσεις καὶ κατασκευὰς μεγάλα συμβάλλεσθαι τοῖς φιλομαθοῦσι καὶ πραγματικοῖς τῶν ἀνδρῶν [Idem III, 118, 11]. καὶ τί δήποτ' ἔστι τὸ αἴτιον, [6] ἀπορήσαι τις ἂν, ὅτι κεκρατηκότες οἱ Ῥωμαῖοι τῶν ὅλων καὶ πολλαπλασίαν ἔχοντες ὑπεροχὴν νῦν ἢ πρόσθεν οὐτ' ἂν πληρῶσαι τοσαύτας ναῦς οὐτ' ἀναπλεῦσαι τηλικούτοις στόλοις δυνηθεῖεν; [7] οὐ μὲν ἀλλὰ περὶ μὲν ταύτης τῆς ἀπορίας σαφῶς ἐξέσται τὰς αἰτίας κατανοεῖν, ὅταν ἐπὶ τὴν ἐξήγησιν αὐτῶν τῆς πολιτείας ἔλθωμεν. [Idem I, 64, 1]. ὑπὲρ τούτου δὲ τοῦ μέρους [8] 3 εἴρηται πρότερον ἡμῖν διὰ πλειόνων ἐν τοῖς περὶ τῆς πολιτείας. [Idem X, 16, 7]. τοῦτο [9] 4 δ' ἔστι, καθάπερ ἡμῖν ἐν τοῖς περὶ τῆς πολιτείας εἴρηται, τῶν τριῶν ἐν σύστημα, δι' ὧν συμβαίνει τὰς ἐπιφανεστάτας θυσίας ἐν τῇ Ῥώμῃ συντελεῖσθαι τοῖς θεοῖς. [Idem XXI, 1013, 11]. οὐκ ἀγνοῶ μὲν οὖν διότι τινὲς διαπορήσουσι πῶς ἀφέμενοι τοῦ συνάπτειν καὶ προστιθέναι τὸ συνεχὲς τῆς διηγήσεως, εἰς τοῦτον ἀπεθέμεθα τὸν καιρὸν τὸν ὑπὲρ τῆς προειρημένης πολιτείας ἀπολογισμὸν: [2] ἐμοὶ δ' ὅτι μὲν ἦν ἐξ ἀρχῆς ἐν τι τῶν ἀναγκαίων καὶ τοῦτο τὸ μέρος τῆς ὅλης προθέσεως, ἐν πολλοῖς οἶμαι δῆλον αὐτὸ πεποιηκέναι, [3] μάλιστα δ' ἐν τῇ καταβολῇ καὶ προεκθέσει τῆς ἱστορίας, ἐν ἣ τοῦτο κάλλιστον ἔφαμεν, ἅμα δ' ὠφελιμώτατον εἶναι τῆς ἡμετέρας ἐπιβολῆς τοῖς ἐντυγχάνουσι τῇ πραγματείᾳ τὸ γινῶναι καὶ μαθεῖν πῶς καὶ τίνι γένει

πολιτείας ἐπικρατηθέντα σχεδὸν πάντα τὰ κατὰ τὴν οἰκουμένην ἐν οὐδ' ὅλοις πεντήκοντα καὶ τρισὶν ἔτεσιν ὑπὸ μίαν ἀρχὴν τὴν Ῥωμαίων ἔπεσεν, ὃ πρότερον οὐχ εὐρίσκεται γεγονός. [4] κεκριμένου δὲ τούτου καιρὸν οὐχ ἐώρων ἐπιτηδειότερον εἰς ἐπίστασιν καὶ δοκιμασίαν τῶν λέγεσθαι μελλόντων ὑπὲρ τῆς πολιτείας τοῦ νῦν ἐνεστῶτος. [5] καθάπερ γὰρ οἱ κατ' ἰδίαν ὑπὲρ τῶν φαύλων ἢ τῶν σπουδαίων ἀνδρῶν ποιούμενοι τὰς διαλήψεις, ἐπειδὴν ἀληθῶς πρόθωνται δοκιμάζειν, οὐκ ἐκ τῆς ἀπεριστάτου ῥαστώνης κατὰ τὸν βίον ποιοῦνται τὰς ἐπισκέψεις, ἀλλ' ἐκ τῶν ἐν ταῖς ἀτυχίαις περιπετειῶν καὶ τῶν ἐν ταῖς ἐπιτυχίαις κατορθωμάτων, [6] μόνον νομίζοντες εἶναι ταύτην ἀνδρὸς τελείου βάσανον τὸ τὰς ὀλοσχερεῖς μεταβολὰς τῆς τύχης μεγαλοψύχως δύνασθαι καὶ γενναίως ὑποφέρειν, τὸν αὐτὸν τρόπον χρὴ θεωρεῖν καὶ πολιτείαν. [7] διόπερ οὐχ ὀρῶν ποίαν ἂν τις ὀξυτέραν ἢ μείζονα λάβοι μεταβολὴν τῶν καθ' ἡμᾶς τῆς γε Ῥωμαίοις συμβάσης, εἰς τοῦτον ἀπεθέμην τὸν καιρὸν τὸν ὑπὲρ τῶν προειρημένων ἀπολογισμὸν: γνοίη δ' ἂν τις τὸ μέγεθος τῆς μεταβολῆς ἐκ τούτων. ζῆται ἐν τῷ περὶ στρατηγίας. [Exc. Vat. p. 369 Mai. 24, 4 Heys.][8]

[1] ὅτι τὸ ψυχαγωγοῦν ἅμα καὶ τὴν ὠφέλειαν ἐπιφέρων τοῖς φιλομαθοῦσι τοῦτ' ἔστιν ἢ τῶν αἰτιῶν θεωρία καὶ τοῦ βελτίονος ἐν ἐκάστοις αἵρεσις. [9] μεγίστην δ' αἰτίαν ἡγητέον ἐν ἅπαντι πράγματι καὶ πρὸς ἐπιτυχίαν καὶ τοῦναντίον τὴν τῆς πολιτείας σύστασιν: [10] ἐκ γὰρ ταύτης ἥπερ ἐκ πηγῆς οὐ μόνον ἀναφέρεσθαι συμβαίνει πάσας τὰς ἐπινοίας καὶ τὰς ἐπιβολὰς τῶν ἔργων, ἀλλὰ καὶ συντέλειαν λαμβάνειν. [Exc. Vat. p. 370 M. 24, 30 H.][11] τὸ γὰρ ἀδύνατον ἐν τῷ ψεύδει μόνον οὐδ' ἀπολογίαν ἐπιδέχεται τοῖς ἁμαρτάνουσιν. [Cod. Urbin. margo fol. 61] II. De Variis Rerum Publicarum Formis τῶν μὲν γὰρ Ἑλληνικῶν πολιτευμάτων ὅσα πολλάκις μὲν ἠϋξῆται, πολλάκις δὲ τῆς εἰς τὰναντία μεταβολῆς ὀλοσχερῶς πείραν εἵληφε, ῥαδίαν εἶναι συμβαίνει καὶ τὴν ὑπὲρ τῶν προγεγονότων ἐξήγησιν καὶ τὴν ὑπὲρ τοῦ μέλλοντος ἀπόφασιν: [2] τό τε γὰρ ἐξαγγεῖλαι τὰ γινωσκόμενα ῥάδιον, τό τε προειπεῖν ὑπὲρ τοῦ μέλλοντος στοχαζόμενον ἐκ τῶν ἤδη γεγονότων εὐμαρές. [3] περὶ δὲ τῆς Ῥωμαίων οὐδ' ὅλως εὐχερὲς οὔτε περὶ τῶν παρόντων ἐξηγήσασθαι διὰ τὴν ποικιλίαν τῆς πολιτείας, οὔτε περὶ τοῦ μέλλοντος προειπεῖν διὰ τὴν ἄγνοιαν τῶν προγεγονότων περὶ αὐτοὺς ιδιωμάτων καὶ κοινῇ καὶ κατ' ἰδίαν. [1] συμβαίνει δὴ τοὺς πλείστους τῶν βουλομένων διδασκαλικῶς ἡμῖν ὑποδεικνύειν περὶ τῶν τοιούτων τρία γένη λέγειν πολιτειῶν, ὧν τὸ μὲν καλοῦσι βασιλείαν, τὸ δ' ἀριστοκρατίαν, τὸ δὲ τρίτον δημοκρατίαν. [6] δοκεῖ δέ μοι πάνυ τις εἰκότως ἂν ἐπαπορῆσαι πρὸς αὐτούς, πότερον ὥς μόνας ταύτας ἢ καὶ νῆ Δί' ὥς ἀρίστας ἡμῖν εἰσηγοῦνται τῶν πολιτειῶν. [7] κατ' ἀμφοτέρα γὰρ ἀγνοεῖν μοι δοκοῦσι. δῆλον γὰρ ὥς ἀρίστην μὲν ἡγήτεον πολιτείαν τὴν ἐκ πάντων τῶν προειρημένων ιδιωμάτων συνεστῶσαν: [8] τούτου γὰρ τοῦ μέρους οὐ λόγῳ μόνον, ἀλλ' ἔργῳ πείραν εἰλήφαμεν, Λυκούργου συστήσαντος πρώτου κατὰ τοῦτον τὸν τρόπον τὸ Λακεδαιμονίων πολίτευμα. [9] καὶ μὴν οὐδ' ὥς μόνας ταύτας προσδεκτέον: καὶ γὰρ μοναρχικὰς καὶ τυραννικὰς ἤδη τινὰς τεθεάμεθα πολιτείας, αἱ πλεῖστον διαφέρουσαι βασιλείας παραπλήσιον ἔχειν τι ταύτῃ δοκοῦσιν: [10] ἥ καὶ συμψεύδονται καὶ συγχρῶνται πάντες οἱ μόναρχοι καθ' ὅσον οἰοί τ' εἰσὶ τῇ τῆς βασιλείας ὀνόματι. [11] καὶ μὴν ὀλιγαρχικὰ πολιτεύματα καὶ πλείῳ γέγονε, δοκοῦντα παρόμοιον ἔχειν τι τοῖς ἀριστοκρατικοῖς, ἃ πλεῖστον ὥς ἔπος εἰπεῖν διεστᾶσιν. [12] ὁ δ' αὐτὸς λόγος καὶ περὶ δημοκρατίας. ὅτι δ' ἀληθές ἐστι τὸ λεγόμενον ἐκ τούτων συμφανές. [2] οὔτε γὰρ πᾶσαν δήπου μοναρχίαν εὐθὲως βασιλείαν ῥητέον, ἀλλὰ μόνην τὴν ἐξ ἐκόντων συγχωρουμένην καὶ τῇ γνώμῃ τὸ πλεῖον ἢ φόβῳ καὶ βίᾳ κυβερνωμένην: [3] οὐδὲ μὴν πᾶσαν ὀλιγαρχίαν ἀριστοκρατίαν νομιστέον, ἀλλὰ ταύτην, ἣτις ἂν κατ' ἐκλογὴν ὑπὸ τῶν δικαιοτάτων καὶ φρονιμωτάτων ἀνδρῶν βραβεύηται. [4] παραπλησίως οὐδὲ δημοκρατίαν, ἐν ἣ πᾶν πλῆθος κύριόν ἐστι ποιεῖν ὅ, [5] τι ποτ' ἂν αὐτὸ βουλευθῇ καὶ πρόβηται παρὰ δ' ᾧ πάτριόν ἐστι καὶ σύνηθες θεοὺς σέβεσθαι, γονεῖς θεραπεύειν, πρεσβυτέρους αἰδεῖσθαι, νόμοις πείθεσθαι, παρὰ τοῖς τοιούτοις συστήμασιν ὅταν τὸ τοῖς πλείοσι δόξαν νικᾷ, τοῦτο καλεῖν δεῖ δημοκρατίαν. διὸ καὶ γένη μὲν ἔξ εἶναι ῥητέον πολιτειῶν, [6] τρία μὲν ἃ πάντες θρυλοῦσι καὶ νῦν προείρηται, τρία δὲ τὰ τούτοις συμφυῆ, λέγω δὲ μοναρχίαν, ὀλιγαρχίαν, ὀχλοκρατίαν. [7] πρώτη μὲν οὖν ἀκατασκευῶς καὶ φυσικῶς συνίσταται μοναρχία, ταύτῃ δ' ἔπεται καὶ ἐκ ταύτης γεννᾶται μετὰ κατασκευῆς καὶ διορθώσεως βασιλεία. [8] μεταβαλλούσης δὲ ταύτης εἰς τὰ συμφυῆ κακὰ, λέγω δ' εἰς

τυραννίδ', αὐθις ἐκ τῆς τούτων καταλύσεως ἀριστοκρατία φύεται. [9] καὶ μὴν ταύτης εἰς ὀλιγαρχίαν ἐκτραπείσης κατὰ φύσιν, τοῦ δὲ πλήθους ὀργῇ μετελθόντος τὰς τῶν προεστώτων ἀδικίας, γεννᾶται δῆμος. [10] ἐκ δὲ τῆς τούτου πάλιν ὕβρεως καὶ παρανομίας ἀποπληροῦται σὺν χρόνοις ὀχλοκρατία. [11] γνοίη δ' ἂν τις σαφέστατα περὶ τούτων ὡς ἀληθῶς ἐστὶν οἷα δὴ νῦν εἶπον, ἐπὶ τὰς ἐκάστων κατὰ φύσιν ἀρχὰς καὶ γενέσεις καὶ μεταβολὰς ἐπιστήσας. [12] ὁ γὰρ συνιδὼν ἕκαστον αὐτῶν ὡς φύεται, μόνος ἂν οὗτος δύναιτο συνιδεῖν καὶ τὴν αὕξησιν καὶ τὴν ἀκμὴν καὶ τὴν μεταβολὴν ἐκάστων καὶ τὸ τέλος, πότε καὶ πῶς καὶ ποῦ καταντήσῃ πάλιν: [13] μάλιστα δ' ἐπὶ τῆς Ῥωμαίων πολιτείας τοῦτον ἀρμόσειν τὸν τρόπον ὑπέληφα τῆς ἐξηγήσεως διὰ τὸ κατὰ φύσιν αὐτὴν ἀπ' ἀρχῆς εἰληφέναι τὴν τε σύστασιν καὶ τὴν αὕξησιν.

[1] ἀκριβέστερον μὲν οὖν ἴσως ὁ περὶ τῆς κατὰ φύσιν μεταβολῆς τῶν πολιτειῶν εἰς ἀλλήλας διευκρινεῖται λόγος παρὰ Πλάτωνι καὶ τισιν ἐτέροις τῶν φιλοσόφων: ποικίλος δ' ὢν καὶ διὰ πλειόνων λεγόμενος ὀλίγοις ἐφικτός ἐστιν. [2] διόπερ ὅσον ἀνήκειν ὑπολαμβάνομεν αὐτοῦ πρὸς τὴν πραγματικὴν ἱστορίαν καὶ τὴν κοινὴν ἐπίνοιαν, τοῦτο πειρασόμεθα κεφαλαιωδῶς διελθεῖν: [3] καὶ γὰρ ἂν ἐλλείπειν τι δόξη διὰ τῆς καθολικῆς ἐμφάσεως, ὁ κατὰ μέρος λόγος τῶν ἐξῆς ῥηθησομένων ἱκανὴν ἀνταπόδοσιν ποιήσει τῶν νῦν ἐπαπορηθέντων. [4]

[1] ποίας οὖν ἀρχὰς λέγω καὶ πόθεν φημὶ φύεσθαι τὰς πολιτείας πρῶτον; [5] ὅταν ἢ διὰ κατακλυσμοὺς ἢ διὰ λοιμικὰς περιστάσεις ἢ δι' ἀφορίας καρπῶν ἢ δι' ἄλλας τοιαύτας αἰτίας φθορὰ γένηται τοῦ τῶν ἀνθρώπων γένους, οἷας ἤδη γεγονέναι παρεilhάμεν καὶ πάλιν πολλάκις ἔσεσθ' ὁ λόγος αἰρεῖ, [6] τότε δὴ συμφθειρομένων πάντων τῶν ἐπιτηδευμάτων καὶ τεχνῶν, ὅταν ἐκ τῶν περιλειφθέντων οἷον εἰ σπερμάτων αὐθις αὕξηθῇ σὺν χρόνῳ πλῆθος ἀνθρώπων, τότε δήπου, [7] καθάπερ ἐπὶ τῶν ἄλλων ζώων, καὶ ἐπὶ τούτων συναθροιζομένων — ὅπερ εἰκὸς, καὶ τούτους εἰς τὸ ὁμόφυλον συναγελάζεσθαι διὰ τὴν τῆς φύσεως ἀσθένειαν — ἀνάγκη τὸν τῇ σωματικῇ ρώμῃ καὶ τῇ ψυχικῇ τόλμῃ διαφέροντα, τοῦτον ἡγεῖσθαι καὶ κρατεῖν, [8] καθάπερ καὶ ἐπὶ τῶν ἄλλων γενῶν ἀδοξοποιήτων ζώων θεωρούμενον τοῦτο χρὴ φύσεως ἔργον ἀληθινώτατον νομίζειν, παρ' οἷς ὁμολογουμένως τοὺς ἰσχυροτάτους ὀρῶμεν ἡγουμένους, λέγω δὲ ταύρους, κάπρους, ἀλεκτρούνας, τὰ τούτοις παραπλήσια. [9] τὰς μὲν οὖν ἀρχὰς εἰκὸς

τοιούτους εἶναι καὶ τοὺς τῶν ἀνθρώπων βίους, ζῶντων συναθροισμένων καὶ τοῖς ἀλκιμωτάτοις καὶ δυναμικωτάτοις ἐπομένων: οἷς ὅρος μὲν ἐστὶ τῆς ἀρχῆς ἰσχύς, ὄνομα δ' ἂν εἴποι τις μοναρχίαν. [10] ἐπειδὴν δὲ τοῖς συστήμασι διὰ τὸν χρόνον ὑπογένηται συντροφία καὶ συνήθεια, τοῦτ' ἀρχὴ βασιλείας φύεται, καὶ τότε πρῶτως ἔννοια γίνεται τοῦ καλοῦ καὶ δικαίου τοῖς ἀνθρώποις, ὁμοίως δὲ καὶ τῶν ἐναντίων τούτοις. ὁ δὲ τρόπος τῆς ἀρχῆς καὶ τῆς γενέσεως τῶν εἰρημένων τοιόσδε. [2] πάντων γὰρ πρὸς τὰς συνουσίας ὁρμώντων κατὰ φύσιν, ἐκ δὲ τούτων παιδοποιίας ἀποτελουμένης, ὁπότε τις τῶν ἐκτραφέντων εἰς ἡλικίαν ἰκόμενος μὴ νέμοι χάριν μηδ' ἀμύναι τούτοις οἷς ἐκτρέφοιτ', ἀλλὰ πού τ' ἀναντία κακῶς λέγειν ἢ δρᾶν τούτους ἐγχειροῖ, [3] δῆλον ὡς δυσαρεστεῖν καὶ προσκόπτειν εἰκὸς τοὺς συνόντας καὶ συνιδόντας τὴν γεγενημένην ἐκ τῶν γεννησάντων ἐπιμέλειαν καὶ κακοπάθειαν περὶ τὰ τέκνα καὶ τὴν τούτων θεραπείαν καὶ τροφήν. [4] τοῦ γὰρ γένους τῶν ἀνθρώπων ταύτῃ διαφέροντος τῶν ἄλλων ζώων, ἥ μόνους αὐτοῖς μέτεστι νοῦ καὶ λογισμοῦ, φανερόν ὡς οὐκ εἰκὸς παρατρέχειν αὐτοὺς τὴν προειρημένην διαφορὰν, καθάπερ ἐπὶ τῶν ἄλλων ζώων, [5] ἀλλ' ἐπισημαίνεσθαι τὸ γινόμενον καὶ δυσαρεστεῖσθαι τοῖς παροῦσι, προορωμένους τὸ μέλλον καὶ συλλογισζομένους ὅτι τὸ παραπλήσιον ἐκάστοις αὐτῶν συγκυρήσει. [6] καὶ μὴν ὅταν πού πάλιν ἄτερος ὑπὸ θατέρου τυχὼν ἐπικουρίας ἢ βοηθείας ἐν τοῖς δεινοῖς μὴ νέμῃ τῷ σώσαντι χάριν, ἀλλὰ ποτε καὶ βλάπτειν ἐγχειρῇ τοῦτον, φανερόν ὡς εἰκὸς τῷ τοιούτῳ δυσαρεστεῖσθαι καὶ προσκόπτειν τοὺς εἰδότας, συναγανακτοῦντας μὲν τῷ πέλας, ἀναφέροντας δ' ἐφ' αὐτοὺς τὸ παραπλήσιον. [7] ἐξ ὧν ὑπογίνεται τις ἔννοια παρ' ἐκάστῳ τῆς τοῦ καθήκοντος δυνάμεως καὶ θεωρίας: ὅπερ ἐστὶν ἀρχὴ καὶ τέλος δικαιοσύνης. [8] ὁμοίως πάλιν ὅταν ἀμύνῃ μὲν τις πρὸ πάντων ἐν τοῖς δεινοῖς, ὑφίστηται δὲ καὶ μένῃ τὰς ἐπιφορὰς τῶν ἀλκιμωτάτων ζώων, εἰκὸς μὲν τὸν τοιοῦτον ὑπὸ τοῦ πλήθους ἐπισημασίας τυγχάνειν εὐνοϊκῆς καὶ προστατικῆς, τὸν δὲ τ' ἀναντία τούτῳ πράττοντα καταγνώσεως καὶ προσκοπῆς. [9] ἐξ οὗ πάλιν εὐλογον ὑπογίνεσθαι τινα θεωρίαν παρὰ τοῖς πολλοῖς αἰσχροῦ καὶ καλοῦ καὶ τῆς τούτων πρὸς ἄλληλα διαφορᾶς, καὶ τὸ μὲν ζήλου καὶ μιμήσεως τυγχάνειν διὰ τὸ συμφέρον, τὸ δὲ φυγῆς. [10] ἐν οἷς ὅταν ὁ προεστώς καὶ τὴν μεγίστην δύναμιν ἔχων ἀεὶ συνεπισχῇ τοῖς προειρημένοις κατὰ τὰς τῶν πολλῶν διαλήψεις, καὶ δόξῃ τοῖς ὑποταττομένοις διανεμητικὸς

[2] οὐ γὰρ μόνον αὐτοῖς, ἀλλὰ καὶ τοῖς ἐκ τούτων οἱ πολλοὶ διαφυλάττουσι τὰς ἀρχάς, πεπεισμένοι τοὺς ἐκ τοιούτων γεγονότας καὶ τραφέντας ὑπὸ τοιούτοις παραπλησίους ἔξειν καὶ τὰς προαιρέσεις. [3] ἐὰν δὲ ποτε τοῖς ἐγγόνοις δυσαρεστήσωσι, ποιοῦνται μετὰ ταῦτα τὴν αἵρεσιν τῶν ἀρχόντων καὶ βασιλέων οὐκέτι κατὰ τὰς σωματικὰς καὶ θυμικὰς δυνάμεις, ἀλλὰ κατὰ τὰς τῆς γνώμης καὶ τοῦ λογισμοῦ διαφοράς, πείραν εἰληφότες ἐπ' αὐτῶν τῶν ἔργων τῆς ἐξ ἁμφοῖν παραλλαγῆς. [4] τὸ μὲν οὖν παλαιὸν ἐνεγήρασκον ταῖς βασιλείαις οἱ κριθέντες ἅπαξ καὶ τυχόντες τῆς ἐξουσίας ταύτης, τόπους τε διαφέροντας ὀχυροῦμενοι καὶ τειχίζοντες καὶ χώραν κατακτῶμενοι, τὸ μὲν τῆς ἀσφαλείας χάριν, τὸ δὲ τῆς δαυιλείας τῶν ἐπιτηδείων τοῖς ὑποτεταγμένοις: [5] ἅμα δὲ περὶ ταῦτα σπουδάζοντες ἐκτὸς ἦσαν πάσης διαβολῆς καὶ φθόνου διὰ τὸ μήτε περὶ τὴν ἐσθῆτα μεγάλας ποιεῖσθαι τὰς παραλλαγάς μήτε περὶ τὴν βρῶσιν καὶ πόσιν, ἀλλὰ παραπλήσιον ἔχειν τὴν βιοτείαν τοῖς ἄλλοις, ὁμόσε ποιούμενοι τοῖς πολλοῖς αἰεὶ τὴν δίαιταν. [6] ἐπεὶ δ' ἐκ διαδοχῆς καὶ κατὰ γένος τὰς ἀρχάς παραλαμβάνοντες ἔτοιμα μὲν εἶχον ἤδη τὰ πρὸς τὴν ἀσφάλειαν, ἔτοιμα δὲ καὶ πλείω τῶν ἱκανῶν τὰ πρὸς τὴν τροφήν, [7] τότε δὴ ταῖς ἐπιθυμίαις ἐπόμενοι διὰ τὴν περιουσίαν ἐξάλλους μὲν ἐσθῆτας ὑπέλαβον δεῖν ἔχειν τοὺς ἡγουμένους τῶν ὑποταττομένων, ἐξάλλους δὲ καὶ ποικίλας τὰς περὶ τὴν τροφήν ἀπολαύσεις καὶ παρασκευάς, ἀναντιρρήτους δὲ καὶ παρὰ τῶν μὴ προσηκόντων τὰς τῶν ἀφροδισίων χρείας καὶ συνουσίας. [8] ἐφ' οἷς μὲν φθόνου γενομένου καὶ προσκοπῆς, ἐφ' οἷς δὲ μίσους ἐκκαιομένου καὶ δυσμενικῆς ὀργῆς, ἐγένετο μὲν ἐκ τῆς βασιλείας τυραννίς, ἀρχὴ δὲ καταλύσεως ἐγεννᾶτο καὶ σύστασις ἐπιβουλῆς τοῖς ἡγουμένοις: [9] ἦν οὐκ ἐκ τῶν χειρίστων, ἀλλ' ἐκ τῶν γενναιοτάτων καὶ μεγαλοψυχωτάτων, ἔτι δὲ θαρραλεωτάτων ἀνδρῶν συνέβαινε γίνεσθαι διὰ τὸ τοὺς τοιούτους

[2] τοῖς γὰρ καταλύσασι τοὺς μονάρχους οἷον εἰ χάριν ἐκ χειρὸς ἀποδιδόντες οἱ πολλοὶ τούτοις ἐχρῶντο προστάταις καὶ τούτοις ἐπέτρεπον περὶ σφῶν. [3] οἱ δὲ τὸ μὲν πρῶτον ἀσμενίζοντες τὴν ἐπιτροπὴν οὐδὲν προυργιαίτερον ἐποιοῦντο τοῦ κοινῇ συμφέροντος, καὶ κηδεμονικῶς καὶ φυλακτικῶς ἕκαστα χειρίζοντες καὶ τὰ κατ' ἰδίαν καὶ τὰ κοινὰ τοῦ πλήθους. [4] ὅτε δὲ διαδέξαιντο πάλιν παῖδες παρὰ πατέρων τὴν τοιαύτην ἐξουσίαν, ἄπειροι μὲν ὄντες κακῶν, ἄπειροι δὲ καθόλου πολιτικῆς ἰσότητος καὶ παρρησίας, τεθραμμένοι δ' ἐξ ἀρχῆς ἐν ταῖς τῶν πατέρων ἐξουσίαις καὶ προαγωγαῖς, [5] ὀρμήσαντες οἱ μὲν ἐπὶ πλεονεξίαν καὶ φιλαργυρίαν ἄδικον, οἱ δ' ἐπὶ μέθας καὶ τὰς ἅμα ταύταις ἀπλήστους εὐωχίας, οἱ δ' ἐπὶ τὰς τῶν γυναικῶν ὕβρεις καὶ παίδων ἀρπαγὰς, μετέστησαν μὲν τὴν ἀριστοκρατίαν εἰς ὀλιγαρχίαν, [6] ταχὺ δὲ κατεσκεύασαν ἐν τοῖς πλήθεσι πάλιν τὰ παραπλήσια τοῖς ἄρτι ῥηθεῖσι: διὸ καὶ παραπλήσιον συνέβαινε τὸ τέλος αὐτῶν γίνεσθαι τῆς καταστροφῆς τοῖς περὶ τοὺς τυράννους ἀτυχή

[2] λοιπὸν οὕς μὲν φονεύσαντες, οὕς δὲ φυγαδεύσαντες, οὔτε βασιλέα προΐστασθαι τολμῶσιν, ἔτι δεδιότες τὴν τῶν πρότερον ἀδικίαν, οὔτε πλείοσιν ἐπιτρέπειν τὰ κοινὰ θαρροῦσι, παρὰ πόδας αὐτοῖς οὔσης τῆς πρότερον ἀγνοίας, [3] μόνης δὲ σφίσι καταλειπομένης ἐλπίδος ἀκεραίου τῆς ἐν αὐτοῖς ἐπὶ ταύτην καταφέρονται, καὶ τὴν μὲν πολιτείαν ἐξ ὀλιγαρχικῆς δημοκρατίαν ἐποίησαν, τὴν δὲ τῶν κοινῶν πρόνοιαν καὶ πίστιν εἰς σφᾶς αὐτοὺς ἀνέλαβον. [4] καὶ μέχρι μὲν ἂν ἔτι σφύζονται τινες τῶν ὑπεροχῆς καὶ δυναστείας πεῖραν εἰληφότων, ἀσμενίζοντες τῇ παρούσῃ καταστάσει περὶ πλείστου ποιοῦνται τὴν ἰσηγορίαν καὶ τὴν παρρησίαν: [5] ὅταν δ' ἐπιγένωνται νέοι καὶ παισὶ παίδων πάλιν ἡ δημοκρατία παραδοθῇ, τότε οὐκέτι διὰ τὸ σύνηθες ἐν μεγάλῳ τιθέμενοι τὸ τῆς ἰσηγορίας καὶ παρρησίας ζητοῦσι πλέον ἔχειν τῶν πολλῶν: μάλιστα δ' εἰς τοῦτ'

ἐμπίπτουσιν οἱ ταῖς οὐσίαις ὑπερέχοντες. [6] λοιπὸν ὅταν ὁρμήσωσιν ἐπὶ τὸ φιλαρχεῖν καὶ μὴ δύνωνται δι' αὐτῶν καὶ διὰ τῆς ἰδίας ἀρετῆς τυγχάνειν τούτων, διαφθείρουσι τὰς οὐσίας, δελεάζοντες καὶ λυμαινόμενοι τὰ πλήθη κατὰ πάντα τρόπον. [7] ἐξ ὧν ὅταν ἅπαξ δωροδόκους καὶ δωροφάγους κατασκευάσωσι τοὺς πολλοὺς διὰ τὴν ἄφρονα δοξοφαγίαν, τότε ἤδη πάλιν τὸ μὲν τῆς δημοκρατίας καταλύεται, μεθίσταται δ' εἰς βίαν καὶ χειροκρατίαν ἢ δημοκρατία. [8] συνειθισμένον γὰρ τὸ πλῆθος ἐσθίειν τὰ ἀλλότρια καὶ τὰς ἐλπίδας ἔχειν τοῦ ζῆν ἐπὶ τοῖς τῶν πέλας, ὅταν λάβῃ προστάτην μεγαλόφρονα καὶ τολμηρόν, ἐκκλειόμενον δὲ διὰ πενίαν τῶν ἐν τῇ πολιτείᾳ τιμίων, τότε δὴ χειροκρατίαν ἀποτελεῖ, [9] καὶ τότε συναθροιζόμενον ποιεῖ σφαγάς, φυγάς, γῆς ἀναδασμούς, ἕως ἂν ἀποτεθηριωμένον πάλιν εὕρῃ δεσπότην καὶ μόναρχον.

[1] αὕτη πολιτειῶν ἀνακύκλωσις, [10] αὕτη φύσεως οἰκονομία, καθ' ἣν μεταβάλλει καὶ μεθίσταται καὶ πάλιν εἰς αὐτὰ καταντᾷ τὰ κατὰ τὰς πολιτείας. [11] ταῦτά τις σαφῶς ἐπεγνωκὼς χρόνοις μὲν ἴσως διαμαρτήσεται λέγων ὑπὲρ τοῦ μέλλοντος περὶ πολιτείας, τὸ δὲ ποῦ τῆς αὐξήσεως ἕκαστόν ἐστιν ἢ τῆς φθορᾶς ἢ ποῦ μεταστήσεται σπανίως ἂν διασφάλλιτο, χωρὶς ὀργῆς ἢ φθόνου ποιούμενος τὴν ἀπόφασιν. [12] καὶ μὴν περὶ γε τῆς Ῥωμαίων πολιτείας κατὰ ταύτην τὴν ἐπίστασιν μάλιστ' ἂν ἔλθοιμεν εἰς γνῶσιν καὶ τῆς συστάσεως καὶ τῆς αὐξήσεως καὶ τῆς ἀκμῆς, ὁμοίως δὲ καὶ τῆς εἰς τοῦμπαλιν ἐσομένης ἐκ τούτων μεταβολῆς: [13] εἰ γάρ τινα καὶ ἐτέραν πολιτείαν, ὥς ἀρτίως εἶπα, καὶ ταύτην συμβαίνει, κατὰ φύσιν ἀπ' ἀρχῆς ἔχουσιν τὴν σύστασιν καὶ τὴν αὐξῆσιν, κατὰ φύσιν ἔξιν καὶ τὴν εἰς τάναντία μεταβολήν. [14] σκοπεῖν δ' ἐξέσται διὰ τῶν μετὰ ταῦτα ῥηθησομένων. νῦν δ' ἐπὶ βραχὺ ποιησόμεθα μνήμην ὑπὲρ τῆς Λυκούργου νομοθεσίας: ἔστι γὰρ οὐκ ἀνοίκειος ὁ λόγος τῆς προθέσεως. [2] ἐκεῖνος γὰρ ἕκαστα τῶν προειρημένων συννοήσας ἀναγκαίως καὶ φυσικῶς ἐπιτελούμενα καὶ συλλογισάμενος ὅτι πᾶν εἶδος πολιτείας ἀπλοῦν καὶ κατὰ μίαν συνεστηκὸς δύναμιν ἐπισφαλὲς γίνεται διὰ τὸ ταχέως εἰς τὴν οἰκείαν καὶ φύσει παρεπομένην ἐκτρέπεσθαι κακίαν: [3] καθάπερ γὰρ σιδήρῳ μὲν ἰός, ξύλοις δὲ θρῖπες καὶ τερηδόνες συμφυεῖς εἰσι λῦμαι, δι' ὧν, κἂν πάσας τὰς ἔξωθεν διαφύγωσι βλάβας, ὑπ' αὐτῶν φθείρονται τῶν συγγενομένων, [4] τὸν αὐτὸν τρόπον καὶ τῶν πολιτειῶν συγγενᾷται κατὰ φύσιν ἐκάστη καὶ παρέπεταί τις κακία, βασιλεία μὲν ὁ

μοναρχικός λεγόμενος τρόπος, ἀριστοκρατία δ' ὁ τῆς ὀλιγαρχίας, [5] δημοκρατία δ' ὁ θηριώδης καὶ χειροκρατικός, εἰς οὓς οὐχ οἷόν τε μὴ οὐ πάντα τὰ προειρημένα σὺν χρόνῳ ποιεῖσθαι τὰς μεταστάσεις κατὰ τὸν ἄρτι λόγον. [1] ἐκεῖνος μὲν οὖν λόγῳ τινὶ προϊδόμενος πόθεν ἕκαστα καὶ πῶς πέφυκε συμβαίνειν, ἀβλαβῶς συνεστήσατο τὴν προειρημένην πολιτείαν: [13] Ῥωμαῖοι δὲ τὸ μὲν τέλος ταὐτὸ πεποίηνται τῆς ἐν τῇ πατρίδι καταστάσεως, [14] οὐ μὴν διὰ λόγου, διὰ δὲ πολλῶν ἀγώνων καὶ πραγμάτων, ἐξ αὐτῆς αἰεὶ τῆς ἐν ταῖς περιπετείαις ἐπιγνώσεως αἰρούμενοι τὸ βέλτιον, οὕτως ἤλθον ἐπὶ ταὐτὸ μὲν Λυκούργῳ τέλος, κάλλιστον δὲ σύστημα τῶν καθ' ἡμᾶς πολιτειῶν. [1] V. De Romanorum Re Publica Florente ὅτι ἀπὸ τῆς Ξέρξου διαβάσεως εἰς τὴν Ἑλλάδα **** καὶ τριάκοντα ἔτεσιν ὕστερον ἀπὸ τούτων τῶν καιρῶν αἰετῶν κατὰ μέρος προδιευκρινουμένων ἦν καὶ κάλλιστον καὶ τέλειον ἐν τοῖς Ἀννιβιακοῖς καιροῖς, ἀφ' ὧν ἡμεῖς εἰς ταῦτα τὴν ἐκτροπὴν ἐποιήσαμεθα. [2] διὸ καὶ τὸν ὑπὲρ τῆς συστάσεως αὐτοῦ λόγον ἀποδεδωκότες πειρασόμεθα νῦν ἤδη διασαφεῖν ὁποῖόν τι κατ' ἐκείνους ὑπῆρχε τοὺς καιροὺς, ἐν οἷς λειφθέντες τῇ περὶ Κάνναν μάχῃ τοῖς ὅλοις ἔπταισαν πράγμασιν. [3] οὐκ ἄγνοῶ δὲ διότι τοῖς ἐξ αὐτῆς τῆς πολιτείας ὀρμωμένοις ἐλλιπεστέραν φανησόμεθα ποιεῖσθαι τὴν ἐξήγησιν, ἔνια παραλιπόντες τῶν κατὰ μέρος: [4] πᾶν γὰρ ἐπιγινώσκοντες καὶ παντὸς πεῖραν εἰληφότες διὰ τὴν ἐκ παίδων τοῖς ἔθεσι καὶ νομίμοις συντροφίαν οὐ τὸ λεγόμενον θαυμάσουσιν ἀλλὰ τὸ παραλειπόμενον ἐπιζητήσουσιν, [5] οὐδὲ κατὰ πρόθεσιν ὑπολήψονται τὸν γράφοντα παραλιπεῖν τὰς μικρὰς διαφοράς, ἀλλὰ κατ' ἄγνοιαν παρασιωπᾶν τὰς ἀρχὰς καὶ τὰ συνέχοντα τῶν πραγμάτων. [6] καὶ ῥηθέντα μὲν οὐκ ἂν ἐθαύμαζον ὡς ὄντα μικρὰ καὶ πάρεργα, παραλειπόμενα δ' ἐπιζητοῦσιν ὡς ἀναγκαῖα, βουλόμενοι δοκεῖν αὐτοῖς πλέον εἰδέναι τῶν συγγραφέων. [7] δεῖ δὲ τὸν ἀγαθὸν κριτὴν οὐκ ἐκ τῶν παραλειπομένων δοκιμάζειν τοὺς γράφοντας, ἀλλ' ἐκ τῶν λεγομένων, [8] κἂν μὲν ἐν τούτοις τι λαμβάνῃ ψεῦδος, εἰδέναι διότι κάκεῖνα παραλείπεται δι' ἄγνοιαν, εἰ δὲ πᾶν τὸ λεγόμενον ἀληθές ἦ, συγχωρεῖν διότι κάκεῖνα παρασιωπᾶται κατὰ κρίσιν, οὐ κατ' ἄγνοιαν. [Exc. Vat. p. 371M. 25, 6H; δεῖ δὲ τὸν lin. 12 — ἄγνοιαν lin. 18 habet cod. Urb. fol. 65 cum VI, 10, 14 arcte cohaerentia; exc. ant. p. 177.] [9]

[1] ταῦτα μὲν οὖν εἰρήσθω μοι πρὸς τοὺς φιλοτιμότερον ἢ δικαιοτέρον ἐπιτιμῶντας τοῖς συγγραφεῦσιν. [Exc. Vat. p. 372M. 25, 30H.] [10] ὅτι πᾶν πρᾶγμα σὺν καιρῷ θεωρούμενον ὑγιεῖς λαμβάνει καὶ τὰς συγκαταθέσεις καὶ τὰς ἐπιτιμήσεις· μεταπεσόντος δὲ τούτου καὶ πρὸς τὰς ἄλλας περιστάσεις συγκρινόμενον οὐχ οἶον αἰρετόν, ἀλλ' οὐδ' ἀνεκτὸν ἂν φανείη τὸ κράτιστα καὶ ἀληθινώτατα πολλάκις ὑπὸ τῶν συγγραφέων εἰρημένον. [Ibid.] [11] ἦν μὲν δὴ τρία μέρη τὰ κρατοῦντα τῆς πολιτείας, ἅπερ εἶπα πρότερον ἅπαντα· οὕτως δὲ πάντα κατὰ μέρος ἴσως καὶ πρεπόντως συνετέτακτο καὶ διωκεῖτο διὰ τούτων ὥστε μηδὲνα ποτ' ἂν εἰπεῖν δύνασθαι βεβαίως μηδὲ τῶν ἐγγχωρίων πότερ' ἀριστοκρατικὸν τὸ πολίτευμα σύμπαν ἢ δημοκρατικὸν ἢ μοναρχικόν. [12] καὶ τοῦτ' εἰκὸς ἦν πάσχειν. ὅτε μὲν γὰρ εἰς τὴν τῶν ὑπάτων ἀτενίσαιμεν ἐξουσίαν, τελείως μοναρχικὸν ἐφαίνεται· εἶναι καὶ βασιλικόν, ὅτε δ' εἰς τὴν τῆς συγκλήτου, πάλιν ἀριστοκρατικόν· καὶ μὴν εἰ τὴν τῶν πολλῶν ἐξουσίαν θεωροῖη τις, ἐδόκει σαφῶς εἶναι δημοκρατικόν. [13] ὣν δ' ἕκαστον εἶδος μερῶν τῆς πολιτείας ἐπεκράτει, καὶ τότε καὶ νῦν ἔτι πλὴν ὀλίγων τινῶν ταῦτ' ἐστίν. οἱ μὲν γὰρ ὕπατοι πρὸ τοῦ μὲν ἐξάγειν τὰ στρατόπεδα παρόντες ἐν Ῥώμῃ πασῶν εἰσι κύριοι τῶν δημοσίων πράξεων. [2] οἱ τε γὰρ ἄρχοντες οἱ λοιποὶ πάντες ὑποτάττονται καὶ πειθαρχοῦσι τούτοις πλὴν τῶν δημάρχων, εἷς τε τὴν σύγκλητον οὗτοι τὰς πρεσβείας ἄγουσι. [3] πρὸς δὲ τοῖς προειρημένοις οὗτοι τὰ κατεπεύγοντα τῶν διαβουλίῶν ἀναδιδόασιν, οὗτοι τὸν ὅλον χειρισμὸν τῶν δογμάτων ἐπιτελοῦσι. [4] καὶ μὴν ὅσα δεῖ διὰ τοῦ δήμου συντελεῖσθαι τῶν πρὸς τὰς κοινὰς πράξεις ἀνηκόντων, τούτοις καθήκει φροντίζειν καὶ συνάγειν τὰς ἐκκλησίας, τούτοις εἰσφέρειν τὰ δόγματα, τούτοις βραβεύειν τὰ δοκοῦντα τοῖς πλείοσι. [5] καὶ μὴν περὶ πολέμου κατασκευῆς καὶ καθόλου τῆς ἐν ὑπαίθροις οἰκονομίας σχεδὸν αὐτοκράτορα τὴν ἐξουσίαν ἔχουσι. [6] καὶ γὰρ ἐπιτάττειν τοῖς συμμαχικοῖς τὸ δοκοῦν, καὶ τοὺς χιλιάρχους καθιστάναι, καὶ διαγράφειν τοὺς στρατιώτας, καὶ διαλέγειν τοὺς ἐπιτηδεῖους τούτοις ἔξεστι. [7] πρὸς δὲ τοῖς εἰρημένοις ζημιῶσαι τῶν ὑποταπτομένων ἐν τοῖς ὑπαίθροις ὃν ἂν βουλευθῶσι κύριοι καθεστᾶσιν. [8] ἐξουσίαν δ' ἔχουσι καὶ δαπανᾶν τῶν δημοσίων ὅσα προθεῖντο, παρεπομένου ταμίου καὶ πᾶν τὸ προσταχθὲν ἐτοίμως ποιοῦντος. [9] ὥστ' εἰκότως εἰπεῖν ἂν, ὅτε τις εἰς ταύτην ἀποβλέψει τὴν μερίδα, διότι μοναρχικὸν ἀπλῶς καὶ βασιλικόν ἐστὶ τὸ

πολίτευμα. [10] εἰ δέ τινα τούτων ἢ τῶν λέγεσθαι μελλόντων λήψεται μετὰθεσιν ἢ κατὰ τὸ παρὸν ἢ μετὰ τινα χρόνον, οὐδέν ἄν εἴη πρὸς τὴν νῦν ὑφ' ἡμῶν λεγομένην ἀπόφασιν.

[1] καὶ μὴν ἡ σύγκλητος πρῶτον μὲν ἔχει τὴν τοῦ ταμείου κυρίαν. καὶ γὰρ τῆς εισόδου πάσης αὕτη κρατεῖ καὶ τῆς ἐξόδου παραπλησίως. [2] οὕτε γὰρ εἰς τὰς κατὰ μέρος χρείας οὐδεμίαν ποιεῖν ἔξοδον οἱ ταμίαι δύνανται χωρὶς τῶν τῆς συγκλήτου δογμάτων πλὴν τὴν εἰς τοὺς ὑπάτους: [3] τῆς τε παρὰ πολὺ τῶν ἄλλων ὀλοσχερεστάτης καὶ μεγίστης δαπάνης, ἣν οἱ τιμηταὶ ποιοῦσιν εἰς τὰς ἐπισκευὰς καὶ κατασκευὰς τῶν δημοσίων κατὰ πενταετηρίδα, ταύτης ἡ σύγκλητός ἐστι κυρία, καὶ διὰ ταύτης γίνεται τὸ συγχώρημα τοῖς τιμηταῖς. [4] ὁμοίως ὅσα τῶν ἀδικημάτων τῶν κατ' Ἰταλίαν προσδεῖται δημοσίας ἐπισκέψεως, λέγω δ' οἷον προδοσίας, συνωμοσίας, φαρμακείας, δολοφονίας, τῇ συγκλήτῳ μέλει περὶ τούτων. πρὸς δὲ τούτοις, [5] εἴ τις ιδιώτης ἢ πόλις τῶν κατὰ τὴν Ἰταλίαν διαλύσεως ἢ καὶ νῆ Δί' ἐπιτιμήσεως ἢ βοηθείας ἢ φυλακῆς προσδεῖται, τούτων πάντων ἐπιμελὲς ἐστὶ τῇ συγκλήτῳ. [6] καὶ μὴν εἰ τῶν ἐκτὸς Ἰταλίας πρὸς τινας ἐξαποστέλλειν δέοι πρεσβείαν τιν' ἢ διαλύσουσάν τινας ἢ παρακαλέσουσαν ἢ καὶ νῆ Δί' ἐπιτάξουσιν ἢ παραληφιομένην ἢ πόλεμον ἐπαγγέλλουσιν. αὕτη ποιεῖται τὴν πρόνοιαν. [7] ὁμοίως δὲ καὶ τῶν παραγενομένων εἰς Ῥώμην πρεσβειῶν ὡς δέον ἐστὶν ἐκάστοις χρῆσθαι καὶ ὡς δέον ἀποκριθῆναι, πάντα ταῦτα χειρίζεται διὰ τῆς συγκλήτου. πρὸς δὲ τὸν δῆμον καθάπαξ οὐδέν ἐστὶ τῶν προειρημένων. [8] ἐξ ὧν πάλιν ὅποτε τις ἐπιδημήσῃ μὴ παρόντος ὑπάτου, τελείως ἀριστοκρατικὴ φαίνεθ' ἡ πολιτεία. [9] ὁ δὲ καὶ πολλοὶ τῶν Ἑλλήνων, ὁμοίως δὲ καὶ τῶν βασιλέων, πεπεισμένοι τυγχάνουσι, διὰ τὸ τὰ σφῶν πράγματα σχεδὸν πάντα τὴν σύγκλητον κυροῦν.

[1] ἐκ δὲ τούτων τίς οὐκ ἄν εἰκότως ἐπιζητήσῃ ποία καὶ τίς ποτ' ἐστὶν ἡ τῷ δήμῳ καταλειπομένη μερὶς ἐν τῷ πολιτεύματι, [2] τῆς μὲν συγκλήτου τῶν κατὰ μέρος ὧν εἰρήκαμεν κυρίας ὑπαρχούσης, τὸ δὲ μέγιστον, ὑπ' αὐτῆς καὶ τῆς εισόδου καὶ τῆς ἐξόδου χειριζομένης ἀπάσης, τῶν δὲ στρατηγῶν ὑπάτων πάλιν αὐτοκράτορα μὲν ἐχόντων δύναμιν περὶ τὰς τοῦ πολέμου παρασκευάς, αὐτοκράτορα δὲ τὴν ἐν τοῖς ὑπαίθροις ἐξουσίαν; [3] οὐ μὴν ἀλλὰ καταλείπεται μερὶς καὶ τῷ δήμῳ, καὶ καταλείπεται γε βαρυτάτη. [4] τιμῆς γάρ ἐστὶ καὶ τιμωρίας ἐν τῇ πολιτείᾳ μόνος ὁ δῆμος κύριος, οἷς συνέχονται μόνοις καὶ

δυναστεῖται καὶ πολιτεῖται καὶ συλλήβδην πᾶς ὁ τῶν ἀνθρώπων βίος. [5] παρ' οἷς γὰρ ἢ μὴ γινώσκεσθαι συμβαίνει τὴν τοιαύτην διαφορὰν ἢ γινωσκομένην χειρίζεσθαι κακῶς, παρὰ τούτοις οὐδὲν οἷόν τε κατὰ λόγον διοικεῖσθαι τῶν ὑφεστώτων: πῶς γὰρ εἰκὸς ἐν ἴσῃ τιμῇ [ὄντων] τῶν ἀγαθῶν τοῖς κακοῖς; [6] κρίνει μὲν οὖν ὁ δῆμος καὶ διαφόρου πολλάκις, ὅταν ἀξιοχρεῶν ἢ τὸ τίμημα τῆς ἀδικίας, καὶ μάλιστα τοὺς τὰς ἐπιφανεῖς ἐσχηκότας ἀρχάς. θανάτου δὲ κρίνει μόνος. [7] καὶ γίνεται τι περὶ ταύτην τὴν χρεῖαν παρ' αὐτοῖς ἄξιον ἐπαίνου καὶ μνήμης. τοῖς γὰρ θανάτου κρινομένοις, ἐπὰν καταδικάζωνται, δίδωσι τὴν ἐξουσίαν τὸ παρ' αὐτοῖς ἔθος ἀπαλλάττεσθαι φανερῶς, κἂν ἔτι μία λείπηται φυλὴ τῶν ἐπικυρουσῶν τὴν κρίσιν ἀψηφοφόρητος, ἐκούσιον ἑαυτοῦ καταγνόντα φυγαδεῖαν. [8] ἔστι δ' ἀσφάλεια τοῖς φεύγουσιν ἔν τε τῇ Νεαπολιτῶν καὶ Πραίνεστίνων, ἔτι δὲ Τιβουρίνων πόλει, καὶ ταῖς ἄλλαις, πρὸς ἃς ἔχουσιν ὅρκια. [9] καὶ μὴν τὰς ἀρχάς ὁ δῆμος δίδωσι τοῖς ἀξίοις: ὅπερ ἐστὶ κάλλιστον ἄθλον ἐν πολιτείᾳ καλοκάγαθίας. [10] ἔχει δὲ τὴν κυρίαν καὶ περὶ τῆς τῶν νόμων δοκιμασίας, καὶ τὸ μέγιστον, ὑπὲρ εἰρήνης οὗτος βουλευέται καὶ πολέμου. [11] καὶ μὴν περὶ συμμαχίας καὶ διαλύσεως καὶ συνθηκῶν οὗτός ἐστιν ὁ βεβαιῶν ἕκαστα τούτων καὶ κύρια ποιῶν ἢ τούναντίον. [12] ὥστε πάλιν ἐκ τούτων εἰκότως ἂν τιν' εἰπεῖν ὅτι μεγίστην ὁ δῆμος ἔχει μερίδα καὶ δημοκρατικόν ἐστὶ τὸ πολίτευμα.

[1] τίνα μὲν οὖν τρόπον διήρηται τὰ τῆς πολιτείας εἰς ἕκαστον εἶδος εἴρηται: τίνα δὲ τρόπον ἀντιπράττειν βουλευθέντα καὶ συνεργεῖν ἀλλήλοις πάλιν ἕκαστα τῶν μερῶν δύναται νῦν ρηθήσεται. [2] ὁ μὲν γὰρ ὑπάτος, ἐπειδὰν τυχὼν τῆς προειρημένης ἐξουσίας ὁρμήσῃ μετὰ τῆς δυνάμεως, δοκεῖ μὲν αὐτοκράτωρ εἶναι πρὸς τὴν τῶν προκειμένων συντέλειαν, [3] προσδεῖται δὲ τοῦ δήμου καὶ τῆς συγκλήτου, καὶ χωρὶς τούτων ἐπὶ τέλος ἄγειν τὰς πράξεις οὐχ ἱκανός ἐστι. [4] δῆλον γὰρ ὥς δεῖ μὲν ἐπιτέμπεσθαι τοῖς στρατοπέδοις ἀεὶ τὰς χορηγίας: ἄνευ δὲ τοῦ τῆς συγκλήτου βουλήματος οὔτε σῖτος οὔθ' ἱματισμός οὔτ' ὀψώνια δύναται χορηγεῖσθαι τοῖς στρατοπέδοις, [5] ὥστ' ἀπράκτους γίνεσθαι τὰς ἐπιβολὰς τῶν ἡγουμένων, ἐθελokaκεῖν καὶ κωλυσιεργεῖν προθεμένης τῆς συγκλήτου. [6] καὶ μὴν τό γ' ἐπιτελεῖς ἢ μὴ γίνεσθαι τὰς ἐπινοίας καὶ προθέσεις τῶν στρατηγῶν ἐν τῇ συγκλήτῳ κεῖται: τοῦ γὰρ ἐπαποστεῖλαι στρατηγὸν ἕτερον, ἐπειδὰν ἐνιαύσιος διέλθῃ χρόνος, ἢ τὸν ὑπάρχοντα ποιεῖν ἐπίμονον,

ἔχει τὴν κυρίαν αὕτη. [7] καὶ μὴν τὰς ἐπιτυχίας τῶν ἡγουμένων ἐκτραγωδῆσαι καὶ συναυξῆσαι καὶ πάλιν ἀμαυρῶσαι καὶ ταπεινῶσαι τὸ συνέδριον ἔχει τὴν δύναμιν: [8] τοὺς γὰρ προσαγορευομένους παρ' αὐτοῖς θριάμβους, δι' ὧν ὑπὸ τὴν ὄψιν ἄγεται τοῖς πολίταις ὑπὸ τῶν στρατηγῶν ἢ τῶν κατειργασμένων πραγμάτων ἐνάργεια, τούτους οὐ δύνανται χειρίζειν, ὡς πρέπει, ποτὲ δὲ τὸ παράπαν οὐδὲ συντελεῖν, ἐὰν μὴ τὸ συνέδριον συγκατάθῃται καὶ δῶ τὴν εἰς ταῦτα δαπάνην. [9] τοῦ γε μὴν δήμου στοχάζεσθαι καὶ λίαν αὐτοῖς ἀναγκαῖόν ἐστι, κἂν ὅλως ἀπὸ τῆς οἰκείας τύχῳσι πολὺν τόπον ἀφεστῶτες: ὁ γὰρ τὰς διαλύσεις καὶ συνθήκας ἀκύρους καὶ κυρίας ποιῶν, ὡς ἐπάνω προεῖπον, οὗτός ἐστιν. [10] τὸ δὲ μέγιστον ἀποτιθεμένους τὴν ἀρχὴν ἐν τούτῳ δεῖ τὰς εὐθύνας ὑπέχειν τῶν πεπραγμένων. [11] ὥστε κατὰ μηδένα τρόπον ἀσφαλὲς εἶναι τοῖς στρατηγοῖς ὀλιγωρεῖν μήτε τῆς συγκλήτου μήτε τῆς τοῦ πλήθους εὐνοίας.

[1] ἢ γε μὴν σύγκλητος πάλιν, ἢ τηλικαύτην ἔχουσα δύναμιν, πρῶτον μὲν ἐν τοῖς κοινοῖς πράγμασιν ἀναγκάζεται προσέχειν τοῖς πολλοῖς καὶ στοχάζεσθαι τοῦ δήμου, [2] τὰς δ' ὀλοσχερεστάτας καὶ μεγίστας ζητήσεις καὶ διορθώσεις τῶν ἀμαρτανομένων κατὰ τῆς πολιτείας, οἷς θάνατος ἀκολουθεῖ τὸ πρόστιμον, οὐ δύναται συντελεῖν, ἂν μὴ συνεπικυρώσῃ τὸ προβεβουλευμένον ὁ δῆμος. [3] ὁμοίως δὲ καὶ περὶ τῶν εἰς ταύτην ἀνηκόντων: ἐὰν γὰρ τις εἰσφέρῃ νόμον, ἢ τῆς ἐξουσίας ἀφαιρούμενός τι τῆς ὑπαρχούσης τῇ συγκλήτῳ κατὰ τοὺς ἐθισμοὺς ἢ τὰς προεδρίας καὶ τιμὰς καταλύων αὐτῶν ἢ καὶ νῆ Δία ποιῶν ἐλαττώματα περὶ τοὺς βίους. πάντων ὁ δῆμος γίνεται τῶν τοιούτων καὶ θεῖναι καὶ μὴ κύριος. [4] τὸ δὲ συνέχον, ἐὰν εἷς ἐνίστηται τῶν δημάρχων, οὐχ οἷον ἐπὶ τέλος ἄγειν τι δύναται τῶν διαβουλίων ἢ σύγκλητος, ἀλλ' οὐδὲ συνεδρεύειν ἢ συμπορεύεσθαι τὸ παράπαν — [5] ὀφείλουσι δ' αἰεὶ ποιεῖν οἱ δήμαρχοι τὸ δοκοῦν τῷ δήμῳ καὶ μάλιστα στοχάζεσθαι τῆς τούτου βουλήσεως — διὸ πάντων τῶν προειρημένων χάριν δέδιδε τοὺς πολλοὺς καὶ προσέχει τῷ δήμῳ τὸν νοῦν ἢ σύγκλητος.

[1] ὁμοίως γε μὴν πάλιν ὁ δῆμος ὑπόχρεός ἐστι τῇ συγκλήτῳ, καὶ στοχάζεσθαι ταύτης ὀφείλει καὶ κοινῇ καὶ κατ' ἰδίαν. [2] πολλῶν γὰρ ἔργων ὄντων τῶν ἐκδιδομένων ὑπὸ τῶν τιμητῶν διὰ πάσης Ἰταλίας εἰς τὰς ἐπισκευὰς καὶ κατασκευὰς τῶν δημοσίων, ἃ τις οὐκ ἂν ἐξαριθμῆσαιτο ῥαδίως, πολλῶν δὲ ποταμῶν, λιμένων, κηπίων, μετάλλων, χώρας, συλλήβδην ὅσα πέπτωκεν ὑπὸ τὴν Ῥωμαίων

δυναστείαν, [3] πάντα χειρίζεσθαι συμβαίνει τὰ προειρημένα διὰ τοῦ πλήθους, καὶ σχεδὸν ὡς ἔπος εἰπεῖν πάντας ἐνδεδέσθαι ταῖς ὠναῖς καὶ ταῖς ἐργασίαις ταῖς ἐκ τούτων: [4] οἱ μὲν γὰρ ἀγοράζουσι παρὰ τῶν τιμητῶν αὐτοὶ τὰς ἐκδόσεις, οἱ δὲ κοινωνοῦσι τούτοις, οἱ δ' ἐγγυῶνται τοὺς ἡγορακότας, οἱ δὲ τὰς οὐσίας διδόασιν περὶ τούτων εἰς τὸ δημόσιον. [5] ἔχει δὲ περὶ πάντων τῶν προειρημένων τὴν κυρίαν τὸ συνέδριον: καὶ γὰρ χρόνον δύναται δοῦναι καὶ συμπτώματος γενομένου κουφίσει καὶ τὸ παράπαν ἀδυνάτου τινὸς συμβάντος ἀπολῦσαι τῆς ἐργωνίας. [6] καὶ πολλὰ δὴ τιν' ἐστίν, ἐν οἷς καὶ βλάπτει μεγάλα καὶ πάλιν ὠφελεῖ τοὺς τὰ δημόσια χειρίζοντας ἢ σύγκλητος: ἢ γὰρ ἀναφορὰ τῶν προειρημένων γίνεται πρὸς ταύτην. [7] τὸ δὲ μέγιστον, ἐκ ταύτης ἀποδίδονται κριταὶ τῶν πλείστων καὶ τῶν δημοσίων καὶ τῶν ιδιωτικῶν συναλλαγμάτων, ὅσα μέγεθος ἔχει τῶν ἐγκλημάτων. [8] διὸ πάντες εἰς τὴν ταύτης πίστιν ἐνδεδεμένοι, καὶ δεδιότες τὸ τῆς χρείας ἄδηλον, εὐλαβῶς ἔχουσι πρὸς τὰς ἐνστάσεις καὶ τὰς ἀντιπράξεις τῶν τῆς συγκλήτου βουλευμάτων. [9] ὁμοίως δὲ καὶ πρὸς τὰς τῶν ὑπάτων ἐπιβολὰς δυσχερῶς ἀντιπράττουσι διὰ τὸ κατ' ἰδίαν καὶ κοινῇ πάντας ἐν τοῖς ὑπαίθροις ὑπὸ τὴν ἐκείνων πίπτειν ἐξουσίαν.

[1] τοιαύτης δ' οὔσης τῆς ἐκάστου τῶν μερῶν δυνάμεως εἰς τὸ καὶ βλάπτειν καὶ συνεργεῖν ἀλλήλοις, πρὸς πάσας συμβαίνει τὰς περιστάσεις δεόντως ἔχειν τὴν ἀρμογὴν αὐτῶν, ὥστε μὴ οἶόν τ' εἶναι ταύτης εὐρεῖν ἀμείνω πολιτείας σύστασιν. [2] ὅταν μὲν γὰρ τις ἐξωθεν κοινὸς φόβος ἐπιστὰς ἀναγκάσῃ σφᾶς συμφρονεῖν καὶ συνεργεῖν ἀλλήλοις, τηλικαύτην καὶ τοιαύτην συμβαίνει γίνεσθαι τὴν δύναμιν τοῦ πολι [3] τεύματος ὥστε μήτε παραλείπεσθαι τῶν δεόντων μηδὲν, ἅτε περὶ τὸ προσπεσὸν αἰεὶ πάντων ὁμοῦ ταῖς ἐπινοίαις ἀμιλλωμένων, μήτε τὸ κριθέν ὑστερεῖν τοῦ καιροῦ, κοινῇ καὶ κατ' ἰδίαν ἐκάστου συνεργοῦντος πρὸς τὴν τοῦ προκειμένου συντέλειαν. [4] διόπερ ἀνυπόστατον συμβαίνει γίνεσθαι καὶ παντὸς ἐφικνεῖσθαι τοῦ κριθέντος τὴν ιδιότητα τοῦ πολιτεύματος. [5] ὅταν γε μὴν πάλιν ἀπολυθέντες τῶν ἐκτὸς φόβων ἐνδιατρίβωσι ταῖς εὐτυχίαις καὶ περιουσίαις ταῖς ἐκ τῶν κατορθωμάτων, ἀπολαύοντες τῆς εὐδαιμονίας, καὶ ὑποκολακευόμενοι καὶ ῥαθυμοῦντες τρέπωνται πρὸς ὕβριν καὶ πρὸς ὑπερηφανίαν, ὃ δὴ φιλεῖ γίνεσθαι, [6] τότε καὶ μάλιστα συνιδεῖν ἔστιν αὐτὸ παρ' αὐτοῦ ποριζόμενον τὸ πολίτευμα τὴν βοήθειαν. [7] ἐπειδὴν γὰρ ἐξοιδοῦν τι τῶν μερῶν φιλονεικῇ καὶ

πλέον τοῦ δέοντος ἐπικρατῇ, δῆλον ὡς οὐδενὸς αὐτοτελοῦς ὄντος κατὰ τὸν ἄρτι λόγον, ἀντισπᾶσθαι δὲ καὶ παραποδίζεσθαι δυναμένης τῆς ἐκάστου προθέσεως ὑπ' ἀλλήλων, οὐδὲν ἐξοιδεῖ τῶν μερῶν οὐδ' ὑπερφρονεῖ. [8] πάντα γὰρ ἐμμένει τοῖς ὑποκειμένοις τὰ μὲν κωλυόμενα τῆς ὀρμῆς, τὰ δ' ἐξ ἀρχῆς δεδιότα τὴν ἐκ τοῦ πέλας ἐπίστασιν. [Cod. Urb. fol. 66 exc. ant. p. 177.] [9]

[1] ὁ δὲ δικτάτωρ ταύτην ἔχει τὴν διαφορὰν τῶν ὑπάτων: τῶν μὲν γὰρ ὑπάτων ἑκατέρῳ δώδεκα πελέκεις ἀκολουθοῦσι, τούτῳ δ' εἴκοσι καὶ τέτταρες, κἀκεῖνοι μὲν ἐν πολλοῖς προσδέονται τῆς συγκλήτου πρὸς τὸ συντελεῖν τὰς ἐπιβολάς, οὗτος δ' ἔστιν αὐτοκράτωρ στρατηγός, οὗ κατασταθέντος παραχρῆμα διαλύεσθαι συμβαίνει πάσας τὰς ἀρχὰς ἐν τῇ Ῥώμῃ πλὴν τῶν δημάρχων. οὐ μὴν ἀλλὰ περὶ μὲν τούτων ἐν ἄλλοις ἀκριβεστέραν ποιησόμεθα τὴν διαστολήν. [Polyb. III, 87, 7.] VI. De Militia Romana ἐπειδὰν ἀποδείξωσι τοὺς ὑπάτους, μετὰ ταῦτα χιλιάρχους καθιστᾷσι, τετταρασκαῖδεκα μὲν ἐκ τῶν πέντ' ἐνιαυσίους ἐχόντων ἤδη στρατείας, δέκα δ' ἄλλους σὺν τούτοις ἐκ τῶν δέκα. [2] τῶν λοιπῶν τοὺς μὲν ἵππεῖς δέκα, τοὺς δὲ πεζοὺς ἑξ καὶ δέκα δεῖ στρατείας τελεῖν κατ' ἀνάγκην ἐν τοῖς τετταράκοντα καὶ ἑξ ἔτεσιν ἀπὸ γενεᾶς πλὴν τῶν ὑπὸ τὰς τετρακοσίας δραχμὰς τετιμημένων: [3] τούτους δὲ παριᾷσι πάντας εἰς τὴν ναυτικὴν χρεῖαν. ἐὰν δὲ ποτε κατεπιέγῃ τὰ τῆς περιστάσεως, ὀφείλουσιν οἱ πεζοὶ στρατεύειν εἴκοσι στρατείας ἐνιαυσίους. [4] πολιτικὴν δὲ λαβεῖν ἀρχὴν οὐκ ἔξεστιν οὐδενὶ πρότερον, ἐὰν μὴ δέκα στρατείας ἐνιαυσίους ἢ τετελεκώς. [5] ἐὰν δὲ μέλλωσι ποιεῖσθαι τὴν καταγραφὴν τῶν στρατιωτῶν οἱ τὰς ὑπάτους ἔχοντες ἀρχάς, προλέγουσιν ἐν τῷ δήμῳ τὴν ἡμέραν, ἐν ᾗ δεήσει παραγενέσθαι τοὺς ἐν ταῖς ἡλικίαις Ῥωμαίους ἅπαντας. ποιοῦσι δὲ τοῦτο καθ' ἕκαστον ἐνιαυτόν. [6] τῆς δ' ἡμέρας ἐπελθούσης καὶ τῶν στρατευσίμων παραγενομένων εἰς τὴν Ῥώμην, καὶ μετὰ ταῦθ' ἀθροισθέντων εἰς τὸ Καπετώλιον, διεῖλον σφᾶς αὐτοὺς οἱ νεώτεροι τῶν χιλιάρχων, [7] καθάπερ ἂν ὑπὸ τοῦ δήμου κατασταθῶσιν ἢ τῶν στρατηγῶν, εἰς τέτταρα μέρη διὰ τὸ τέτταρα παρ' αὐτοῖς στρατόπεδα τὴν ὀλοσχερῇ καὶ πρώτῃν διαίρεσιν τῶν δυνάμεων ποιεῖσθαι. [8] καὶ τοὺς μὲν πρώτους κατασταθέντας τέτταρας εἰς τὸ πρῶτον καλούμενον στρατόπεδον ἔνειμαν, τοὺς δ' ἐξῆς τρεῖς εἰς τὸ δεύτερον, τοὺς δ' ἐπομένους τούτοις τέτταρας εἰς τὸ τρίτον, τρεῖς δὲ τοὺς τελευταίους εἰς τὸ τέταρτον. [9] τῶν δὲ πρεσβυτέρων δύο μὲν τοὺς πρώτους εἰς τὸ

πρῶτον, τρεῖς δὲ τοὺς δευτέρους εἰς τὸ δεύτερον τιθέασι στρατόπεδον, δύο δὲ τοὺς ἐξῆς εἰς τὸ τρίτον, τρεῖς δὲ τοὺς τελευταίους εἰς τὸ τέταρτον [τῶν

[1] πρεσβυτέρων]. γενομένης δὲ τῆς διαιρέσεως καὶ καταστάσεως τῶν χιλιάρχων τοιαύτης ὥστε πάντα τὰ στρατόπεδα τοὺς ἴσους ἔχειν ἄρχοντας, [2] μετὰ ταῦτα καθίσαντες χωρὶς ἀλλήλων κατὰ στρατόπεδον κληροῦσι τὰς φυλάς κατὰ μίαν καὶ προσκαλοῦνται τὴν ἀεὶ λαχοῦσαν. [3] ἐκ δὲ ταύτης ἐκλέγουσι τῶν νεανίσκων τέτταρας ἐπιεικῶς τοὺς παραπλησίους ταῖς ἡλικίαις καὶ ταῖς ἔξεσι. [4] προσαχθέντων δὲ τούτων λαμβάνουσι πρῶτοι τὴν ἐκλογὴν οἱ τοῦ πρώτου στρατοπέδου, δεύτεροι δ' οἱ τοῦ δευτέρου, τρίτοι δ' οἱ τοῦ τρίτου, τελευταῖοι δ' οἱ τοῦ τετάρτου. [5] πάλιν δ' ἄλλων τεττάρων προσαχθέντων λαμβάνουσι πρῶτοι τὴν αἵρεσιν οἱ τοῦ δευτέρου στρατοπέδου καὶ ἐξῆς οὕτως, τελευταῖοι δ' οἱ τοῦ πρώτου. [6] μετὰ δὲ ταῦτα πάλιν ἄλλων τεττάρων προσαχθέντων πρῶτοι λαμβάνουσιν οἱ τοῦ τρίτου στρατοπέδου, τελευταῖοι δ' οἱ τοῦ δευτέρου. [7] [καὶ] αἰεὶ κατὰ λόγον οὕτως ἐκ περιόδου τῆς ἐκλογῆς γινομένης παραπλησίους συμβαίνει λαμβάνεσθαι τοὺς ἄνδρας εἰς ἕκαστον τῶν στρατοπέδων. [8] ὅταν δ' ἐκλέξωσι τὸ προκείμενον πλῆθος — τοῦτο δ' ἔστιν ὅτε μὲν εἰς ἕκαστον στρατόπεδον πεζοὶ τετρακισχίλιοι καὶ διακόσιοι, ποτὲ δὲ πεντακισχίλιοι, ἐπειδὴν μείζων τις αὐτοῖς προφαίνεται κίνδυνος — [9] μετὰ ταῦτα τοὺς ἵππεῖς τὸ μὲν παλαιὸν ὑστέρους εἰώθεσαν δοκιμάζειν ἐπὶ τοῖς τετρακισχιλίοις διακοσίοις, νῦν δὲ προτέρους, πλουτίνδην αὐτῶν γεγεννημένης ὑπὸ τοῦ τιμητοῦ τῆς ἐκλογῆς: καὶ ποιοῦσι τριακοσίους εἰς ἕκαστον στρατόπεδον.

[1] Ἐπιτελεσθείσης δὲ τῆς καταγραφῆς τὸν προειρημένον τρόπον, ἀθροίσαντες τοὺς ἐπειλεγμένους οἱ προσήκοντες τῶν χιλιάρχων καθ' ἕκαστον στρατόπεδον, καὶ λαβόντες ἐκ πάντων ἓνα τὸν ἐπιτηδειότατον, [2] ἐξορκίζουσιν ἢ μὴν πειθαρχήσκειν καὶ ποιήσκειν τὸ προσταττόμενον ὑπὸ τῶν ἀρχόντων κατὰ δύναμιν. [3] οἱ δὲ λοιποὶ πάντες ὁμνύουσι καθ' ἓνα προπορευόμενοι, τοῦτ' αὐτὸ δηλοῦντες ὅτι ποιήσουσι πάντα καθάπερ ὁ πρῶτος. [4]

[1] κατὰ δὲ τοὺς αὐτοὺς καιροὺς οἱ τὰς ὑπάτους ἀρχὰς ἔχοντες παραγγέλλουσι τοῖς ἄρχουσι τοῖς ἀπὸ τῶν συμμαχίδων πόλεων τῶν ἐκ τῆς Ἰταλίας, ἐξ ὧν ἂν βούλωνται συστρατεύειν τοὺς συμμάχους, διασαφοῦντες τὸ πλῆθος καὶ τὴν ἡμέραν καὶ τὸν τόπον, εἰς ὃν δεήσει παρεῖναι τοὺς κεκριμένους. [5] αἱ δὲ πόλεις παραπλησίαν

ποιησάμεναι τῇ προειρημένῃ τὴν ἐκλογὴν καὶ τὸν ὄρκον ἐκτέμπουσιν, ἄρχοντα συστήσασαι καὶ μισθοδότῃν. [6] οἱ δ' ἐν τῇ Ῥώμῃ χιλίαρχοι μετὰ τὸν ἐξορκισμόν παραγγείλαντες ἡμέραν ἐκάστῳ στρατοπέδῳ καὶ τόπον, εἰς ὃν δεήσει παρεῖναι χωρὶς τῶν ὅπλων, τότε μὲν ἀφῆκαν. [7] παραγενομένων δ' εἰς τὴν ταχθεῖσαν ἡμέραν διαλέγουσι τῶν ἀνδρῶν τοὺς μὲν νεωτάτους καὶ πενιχροτάτους εἰς τοὺς γροσφομάχους, τοὺς δ' ἐξῆς τούτοις εἰς τοὺς ἀστάτους καλουμένους, τοὺς δ' ἀκμαιοτάτους ταῖς ἡλικίαις εἰς τοὺς πρίγκιπας, τοὺς δὲ πρεσβυτάτους εἰς τοὺς τριαρίους. [8] αὗται γάρ εἰσι καὶ τοσαῦται διαφοραὶ παρὰ Ῥωμαίοις καὶ τῶν ὀνομασιῶν καὶ τῶν ἡλικιῶν, ἔτι δὲ τῶν καθοπλισμῶν ἐν ἐκάστῳ στρατοπέδῳ. [9] διαιροῦσι δ' αὐτοὺς τὸν τρόπον τοῦτον ὥστ' εἶναι τοὺς μὲν πρεσβυτάτους καὶ τριαρίους προσαγορευομένους ἐξακοσίους, τοὺς δὲ πρίγκιπας χιλίους καὶ διακοσίους, ἴσους δὲ τούτοις τοὺς ἀστάτους, τοὺς δὲ λοιποὺς καὶ νεωτάτους γροσφοφόρους. [10] ἐὰν δὲ πλείους τῶν τετρακισχιλίων ᾖσι, κατὰ λόγον ποιοῦνται τὴν διαίρεσιν πλὴν τῶν τριαρίων. τούτους αἰεὶ τοὺς ἴσους. καὶ τοῖς μὲν νεωτάτοις παρήγγειλαν μάχαιραν φορεῖν καὶ γρόσφους καὶ πάρμην. [2] ἡ δὲ πάρμη καὶ δύναμιν ἔχει τῇ κατασκευῇ καὶ μέγεθος ἄρκουν πρὸς ἀσφάλειαν: περιφερὴς γὰρ οὖσα τῷ σχήματι τρίπεδον ἔχει τὴν διάμετρον. [3] προσεπικοσμεῖται δὲ καὶ λιτῷ περικεφαλαίῳ: ποτὲ δὲ λυκείαν ἢ τι τῶν τοιούτων ἐπιτίθεται, σκέπης ἅμα καὶ σημείου χάριν, ἵνα τοῖς κατὰ μέρος ἡγεμόσι προκινδυνεύοντες ἐρρωμένως καὶ μὴ διάδηλοι γίνωνται. [4] τὸ δὲ τῶν γρόσφων βέλος ἔχει τῷ μὲν μήκει τὸ ξύλον ὥς ἐπίπαν δίπηχυ, τῷ δὲ πάχει δακτυλιαῖον, τὸ δὲ κέντρον σπιθαμιαῖον, κατὰ τοσοῦτον ἐπὶ λεπτὸν ἐξεληλασμένον καὶ συνωξυσμένον ὥστε κατ' ἀνάγκην εὐθέως ἀπὸ τῆς πρώτης ἐμβολῆς κάμπτεσθαι καὶ μὴ δύνασθαι τοὺς πολεμίους ἀντιβάλλειν: εἰ δὲ μή, κοινὸν γίνεται τὸ βέλος.

[1] τοῖς γε μὴν δευτέροις μὲν κατὰ τὴν ἡλικίαν, ἀστάτοις δὲ προσαγορευομένοις, παρήγγειλαν φέρειν πανοπλίαν. [2] ἔστι δ' ἡ Ῥωμαϊκὴ πανοπλία πρῶτον μὲν θυρεὸς — οὗ τὸ μὲν πλάτος ἐστὶ τῆς κυρτῆς ἐπιφανείας πένθ' ἡμιποδίων, τὸ δὲ μήκος ποδῶν τεττάρων, τὸ δ' ἐπ' ἵψος πάχος ἔτι καὶ παλαιστιαῖον — [3] ἐκ διπλοῦ σανιδώματος ταυροκόλλῃ πεπηγὼς, ὀθονίῳ, μετὰ δὲ ταῦτα μοσχείῳ δέρματι περιεῖληται τὴν ἐκτὸς ἐπιφάνειαν. [4] ἔχει δὲ περὶ τὴν ἵπτον ἐκ τῶν ἄνωθεν καὶ κάτωθεν μερῶν σιδηροῦν σιάλωμα, δι' οὗ τὰς τε

καταφοράς τῶν μαχαιρῶν ἀσφαλίζεται καὶ τὰς πρὸς τὴν γῆν ἐξερεΐσεις. [5] προσήρμονται δ' αὐτῷ καὶ σιδηρᾷ κόγχος, ἥ τὰς ὀλοσχερεῖς ἀποστέγει πληγὰς λίθων καὶ σαρισῶν καὶ καθόλου βιαιῶν βελῶν. [6] ἅμα δὲ τῷ θυρεῷ μάχαιρα: ταύτην δὲ περὶ τὸν δεξιὸν φέρει μηρόν, καλοῦσι δ' αὐτὴν Ἰβηρικὴν. [7] ἔχει δ' αὕτη κέντημα διάφορον καὶ καταφορὰν ἐξ ἀμφοῖν τοῖν μεροῖν βίαιον διὰ τὸ τὸν ὀβελίσκον αὐτῆς ἰσχυρὸν καὶ μόνιμον εἶναι. [8] πρὸς δὲ τούτοις ὕσσοι δύο καὶ περικεφαλαία χαλκῇ καὶ προκνημῖς. τῶν δ' ὕσσων εἰσιν οἱ μὲν παχεῖς, οἱ δὲ λεπτοί. [9] τῶν δὲ στερεωτέρων οἱ μὲν στρογγύλοι παλαιστικαίαν ἔχουσι τὴν διάμετρον, οἱ δὲ τετράγωνοι τὴν πλευράν. οἳ γε μὴν λεπτοὶ σιβυνίοις ἐοίκασιν συμμέτροις, οὓς φοροῦσι μετὰ τῶν προειρημένων. [10] ἀπάντων δὲ τούτων τοῦ ξύλου τὸ μήκος ἐστὶν ὡς τρεῖς πήχεις. προσήρμονται δ' ἐκάστοις βέλος σιδηροῦν ἀγκιστρωτόν, ἴσον ἔχον τὸ μήκος τοῖς ξύλοις: [11] οὗ τὴν ἔνδεδιν καὶ τὴν χρεῖαν οὕτως ἀσφαλίζονται βεβαίως, ἕως μέσων τῶν ξύλων ἐνδιδέντες καὶ πυκναῖς ταῖς λαβίσιν καταπερονῶντες, ὥστε πρότερον ἢ τὸν δεσμὸν ἐν ταῖς χρεαῖς ἀναχαλασθῆναι τὸν σίδηρον θραύεσθαι, καίπερ ὄντα τὸ πάχος ἐν τῷ πυθμένι καὶ τῇ πρὸς τὸ ξύλον συναφῇ τριῶν ἡμιδακτυλίων: ἐπὶ τοσοῦτον καὶ τοιαύτην πρόνοιαν ποιοῦνται τῆς ἐνδέσεως. [12] ἐπὶ δὲ πᾶσι τούτοις προσεπικοσμοῦνται πτερίνῳ στεφάνῳ καὶ πτεροῖς φοινικοῖς ἢ μέλασιν ὀρθοῖς τρισίν, [13] ὡς πηχυαίοις τὸ μέγεθος, ὧν προστεθέντων κατὰ κορυφὴν ἅμα τοῖς ἄλλοις ὅπλοις ὁ μὲν ἀνὴρ φαίνεται διπλάσιος ἑαυτοῦ κατὰ τὸ μέγεθος, ἢ δ' ὅψις καλὴ καὶ καταπληκτικὴ τοῖς ἐναντίοις. [14] οἱ μὲν οὖν πολλοὶ προσλαβόντες χάλκωμα σπιθαμιαῖον πάντη πάντως, ὃ προστίθενται μὲν πρὸ τῶν στέρνων, καλοῦσι δὲ καρδιοφύλακα, τελείαν ἔχουσι τὴν καθόπλιν: [15] οἱ δ' ὑπὲρ τὰς μυρίας τιμώμενοι δραχμὰς ἀντὶ τοῦ καρδιοφύλακος σὺν τοῖς ἄλλοις ἀλυσιδωτοὺς περιτίθενται θώρακας. [16] ὁ δ' αὐτὸς τρόπος τῆς καθοπλίσεως ἐστὶ καὶ περὶ τοὺς πρίγκιπας καὶ τριαρίους, πλὴν ἀντὶ τῶν ὕσσων οἱ τριαρίοι δόρατα φοροῦσιν.

[1] ἐξ ἐκάστου δὲ τῶν προειρημένων γενῶν πλὴν τῶν νεωτάτων ἐξέλεξαν ταξιάρχους ἀριστίνδην δέκα. μετὰ δὲ τούτους ἑτέραν ἐκλογὴν ἄλλων δέκα ποιοῦνται. [2] καὶ τούτους μὲν ἅπαντας προσηγόρευσαν ταξιάρχους, ὧν ὁ πρῶτος αἰρεθεὶς καὶ συνεδρίου κοινωνεῖ: προσεκλέγονται δ' οὗτοι πάλιν αὐτοὶ τοὺς ἴσους οὐραγούς. [3] ἐξῆς δὲ τούτοις μετὰ τῶν ταξιάρχων διεῖλον τὰς ἡλικίας, ἐκάστην

εἰς δέκα μέρη, πλὴν τῶν γροσφομάχων· καὶ προσένειμαν ἐκάστῳ μέρει τῶν ἐκλεχθέντων ἀνδρῶν δύο ἡγεμόνας καὶ δύο οὐραγούς. [4] τῶν δὲ γροσφομάχων τοὺς ἐπιβάλλοντας κατὰ τὸ πλῆθος ἴσους ἐπὶ πάντα τὰ μέρη διένειμαν. [5] καὶ τὸ μὲν μέρος ἕκαστον ἐκάλεσαν καὶ τάγμα καὶ σπεῖραν καὶ σημαίαν, τοὺς δ' ἡγεμόνας κεντυρίωνας καὶ ταξιάρχους. [6] οὗτοι δὲ καθ' ἑκάστην σπεῖραν ἐκ τῶν καταλειπομένων ἐξέλεξαν αὐτοῖς δύο τοὺς ἀκμαιοτάτους καὶ γενναιοτάτους ἄνδρας σημαιοφόρους. [7] δύο δὲ καθ' ἕκαστον τάγμα ποιοῦσιν ἡγεμόνας εἰκότως· ἀδήλου γὰρ ὄντος καὶ τοῦ ποιῆσαι καὶ τοῦ παθεῖν τι τὸν ἡγεμόνα, τῆς πολεμικῆς χρείας οὐκ ἐπιδεχομένης πρόφασιν, οὐδέποτε βούλονται τὴν σπεῖραν χωρὶς ἡγεμόνος εἶναι καὶ προστάτου. [8] παρόντων μὲν οὖν ἀμφοτέρων ὁ μὲν πρῶτος αἰρεθεὶς ἡγεῖται τοῦ δεξιοῦ μέρους τῆς σπεύρας, ὁ δὲ δεύτερος τῶν εὐωνύμων ἀνδρῶν τῆς σημαίας ἔχει τὴν ἡγεμονίαν· μὴ παρόντων δ' ὁ καταλειπόμενος ἡγεῖται πάντων. [9] βούλονται δ' εἶναι τοὺς ταξιάρχους οὐχ οὕτως θρασεῖς καὶ φιλοκινδύνους ὥς ἡγεμονικοὺς καὶ στασίμους καὶ βαθεῖς μᾶλλον ταῖς ψυχαῖς, οὐδ' ἐξ ἀκεραίου προσπίπτειν ἢ κατάρχεσθαι τῆς μάχης, ἐπικρατουμένους δὲ καὶ πιεζομένους ὑπομένειν καὶ ἀποθνήσκειν ὑπὲρ τῆς χώρας.

[1] παραπλησίως δὲ καὶ τοὺς ἵππεῖς εἰς ἵλας δέκα διεῖλον, ἐξ ἐκάστης δὲ τρεῖς προκρίνουσιν ἰλάρχας, οὗτοι δ' αὐτοῖς τρεῖς προσέλαβον οὐραγούς. [2] ὁ μὲν οὖν πρῶτος αἰρεθεὶς ἰλάρχης ἡγεῖται τῆς ἵλης, οἱ δὲ δύο δεκαδάρχων ἔχουσι τάξιν, καλοῦνται δὲ πάντες δεκουρίωνες. μὴ παρόντος δὲ τοῦ πρώτου πάλιν ὁ δεύτερος ἰλάρχου λαμβάνει τάξιν. [3] ὁ δὲ καθοπλισμὸς τῶν ἱπέων νῦν μὲν ἐστὶ παραπλήσιος τῷ τῶν Ἑλλήνων· τὸ δὲ παλαιὸν πρῶτον θώρακας οὐκ εἶχον, [4] ἀλλ' ἐν περιζώμασιν ἐκινδύνευον, ἐξ οὗ πρὸς μὲν τὸ καταβαίνειν καὶ ταχέως ἀναπηδᾶν ἐπὶ τοὺς ἵππους ἐτοίμως διέκειντο καὶ πρακτικῶς, πρὸς δὲ τὰς συμπλοκάς ἐπισφαλῶς εἶχον διὰ τὸ γυμνοὶ κινδυνεύειν. [5] τὰ δὲ δόρατα κατὰ δύο τρόπους ἄπρακτ' ἦν αὐτοῖς, καθ' ἃ μὲν ἦ λεπτὰ καὶ κλαδαρὰ ποιοῦντες οὔτε τοῦ προτεθέντος ἠδύναντο σκοποῦ στοχάζεσθαι, πρὸ τοῦ τε τὴν ἐπιδορατίδα πρὸς τι προσερεῖσαι, κραδαινόμενα δι' αὐτῆς τῆς τῶν ἵπων κινήσεως τὰ πλεῖστα συνετρίβετο· [6] πρὸς δὲ τούτοις ἄνευ σαυρωτῆρων κατασκευάζοντες μᾶ τῇ πρώτῃ διὰ τῆς ἐπιδορατίδος ἐχρῶντο πληγῇ, μετὰ δὲ ταῦτα κλασθέντων λοιπὸν ἦν ἄπρακτ' αὐτοῖς καὶ μάταια. τὸν γε μὴν θυρεὸν εἶχον ἐκ βοείου δέρματος, [7]

τοῖς ὀμφαλωτοῖς ποπάνοις παραπλήσιον τοῖς ἐπὶ τὰς θυσίας ἐπιτιθεμένοις: οἷς οὔτε πρὸς τὰς ἐπιβολὰς ἦν χρῆσθαι διὰ τὸ μὴ στάσιν ἔχειν, ὑπὸ τε τῶν ὄμβρων ἀποδερματούμενοι καὶ μυδῶντες δύσχρηστοι καὶ πρότερον ἦσαν καὶ νῦν ἔτι γίνονται παντελῶς. διόπερ ἄδοκίμου τῆς χρείας οὔσης, [8] ταχέως μετέλαβον τὴν Ἑλληνικὴν κατασκευὴν τῶν ὄπλων, [9] ἐν ἧ τῶν μὲν δοράτων τὴν πρώτην εὐθέως τῆς ἐπιδορατίδος πληγὴν εὖστοχον ἅμα καὶ πρακτικὴν γίνεσθαι συμβαίνει, διὰ τὴν κατασκευὴν ἀτρεμοῦς καὶ στασίμου τοῦ δόρατος ὑπάρχοντος, ὁμοίως δὲ καὶ τὴν ἐκ μεταλήψεως τοῦ σαυρωτῆρος χρείαν μόνιμον καὶ βίαιον. [10] ὁ δ' αὐτὸς λόγος καὶ περὶ τῶν θυρεῶν: καὶ γὰρ πρὸς τὰς ἐπιβολὰς καὶ πρὸς τὰς ἐπιθέσεις ἐστηκυῖαν καὶ τεταγμένην ἔχουσι τὴν χρείαν. [11] ἃ συνιδόντες ἐμιμήσαντο ταχέως: ἀγαθοὶ γάρ, εἰ καὶ τινες ἕτεροι, μεταλαβεῖν ἔθη καὶ ζηλῶσαι τὸ βέλτιον καὶ Ῥωμαῖοι.

[1] τοιαύτην δὲ ποιησάμενοι τὴν διαίρεσιν οἱ χιλιάρχοι, καὶ ταῦτα παραγγείλαντες περὶ τῶν ὄπλων, τότε μὲν ἀπέλυσαν τοὺς ἄνδρας εἰς τὴν οἰκείαν: παραγενομένης δὲ τῆς ἡμέρας, [2] εἰς ἣν ὤμοσαν ἀθροισθῆναι πάντες ὁμοίως εἰς τὸν ἀποδειχθέντα τόπον ὑπὸ τῶν ὑπάτων — [3] τάττει δ' ὥς ἐπίπαν ἑκάτερος χωρὶς τὸν τόπον τοῖς αὐτοῦ στρατοπέδοις: ἑκατέρῳ γὰρ δίδοται τὸ μέρος τῶν συμμάχων καὶ δύο τῶν Ῥωμαϊκῶν στρατοπέδων — [4] παραγίνονται δὲ πάντες ἀδιαπτῶτως οἱ καταγραφέντες, ὥς ἂν μηδεμιᾶς ἄλλης συγχωρουμένης προφάσεως τοῖς ἐξορκισθεῖσι πλὴν ὀρνιθείας καὶ τῶν ἀδυνάτων. [5] ἀθροισθέντων δὲ καὶ τῶν συμμάχων ὁμοῦ τοῖς Ῥωμαίοις, τὴν μὲν οἰκονομίαν καὶ τὸν χειρισμὸν ποιοῦνται τούτων αὐτῶν οἱ καθεσταμένοι μὲν ὑπὸ τῶν ὑπάτων ἄρχοντες, προσαγορευόμενοι δὲ πραιφέκτοι, δώδεκα τὸν ἀριθμὸν ὄντες. [6] οἱ πρῶτον μὲν τοῖς ὑπάτοις τοὺς ἐπιτηδειοτάτους πρὸς τὴν ἀληθινὴν χρείαν ἐκ πάντων τῶν παραγεγονότων συμμάχων ἱππεῖς καὶ πεζοὺς ἐκλέγουσι, τοὺς καλουμένους ἐκτραορδιναρίους, ὁ μεθερμηνευόμενον ἐπιλέκτους δηλοῖ. [7] τὸ δὲ πλῆθος γίνεται τὸ πᾶν τῶν συμμάχων, τὸ μὲν τῶν πεζῶν πᾶρισον τοῖς Ῥωμαϊκοῖς στρατοπέδοις ὥς τὸ πολὺ, τὸ δὲ τῶν ἱππέων τριπλάσιον: [8] ἐκ δὲ τούτων λαμβάνουσι τῶν μὲν ἱππέων εἰς τοὺς ἐπιλέκτους ἐπιεικῶς τὸ τρίτον μέρος, τῶν δὲ πεζῶν τὸ πέμπτον. τοὺς δὲ λοιποὺς διεῖλον εἰς δύο μέρη, [9] καὶ καλοῦσι τὸ μὲν δεξιόν, τὸ δ' εὐώνυμον κέρα. [10]

[1] τούτων δ' εὐτρεπῶν γενομένων παραλαβόντες οἱ χιλιάρχοι τοὺς

Ῥωμαίους ὁμοῦ καὶ τοὺς συμμάχους κατεστρατοπέδευσαν, ἐνὸς ὑπάρχοντος παρ' αὐτοῖς θεωρήματος ἀπλοῦ περὶ τὰς παρεμβολάς, ὧν χρῶνται πρὸς πάντα καιρὸν καὶ τόπον. [11] διὸ καὶ δοκεῖ μοι πρέπειν τῷ καιρῷ τὸ πειραθῆναι, καθ' ὅσον οἶόν τε τῷ λόγῳ, τοὺς ἀκούοντας εἰς ἔννοιαν ἀγαγεῖν τοῦ κατὰ τὰς πορείας καὶ στρατοπεδείας καὶ παρατάξεις χειρισμοῦ τῶν δυνάμεων. [12] τίς γὰρ οὕτως ἐστὶν ἀπεικῶς πρὸς τὰ καλὰ καὶ σπουδαῖα τῶν ἔργων, ὃς οὐκ ἂν βουληθείη μικρὸν ἐπιμελέστερον ἐπιστῆσαι περὶ τῶν τοιούτων, ὑπὲρ ὧν ἅπαξ ἀκούσας ἐπιστήμων ἔσται πράγματος ἐνὸς τῶν ἀξίων λόγου καὶ γνώσεως; ἔστι δὴ τὸ γένος αὐτῶν τῆς στρατοπεδείας τοιόνδε. τοῦ κριθέντος αἰεὶ τόπου πρὸς στρατοπεδείαν, τούτου τὸν ἐπιτηδεϊότατον εἰς σύνοψιν ἅμα καὶ παραγγελίαν ἢ τοῦ στρατηγοῦ σκηνὴ καταλαμβάνει. τεθείσης δὲ τῆς σημαίας, [2] οὗ μέλλουσι πηγνύναι ταύτην, ἀπομετρεῖται περίξ τῆς σημαίας τετράγωνος τόπος, ὥστε πάσας τὰς πλευρὰς ἑκατὸν ἀπέχειν πόδας τῆς σημαίας, τὸ δ' ἐμβαδὸν γίνεσθαι τετράπλεθρον. [3] τούτου δὲ τοῦ σχήματος αἰεὶ παρὰ μίαν ἐπιφάνειαν καὶ πλευράν, ἣτις ἂν ἐπιτηδειοτάτῃ φανῇ πρὸς τε τὰς ὑδρείας καὶ προνομάς, παραβάλλεται τὰ Ῥωμαϊκὰ στρατόπεδα τὸν τρόπον τοῦτον. [4] ἔξ ὑπαρχόντων χιλιάρχων ἐν ἐκάστῳ στρατοπέδῳ κατὰ τὸν ἄρτι λόγον, δυεῖν δὲ στρατοπέδων ὄντων τῶν Ῥωμαϊκῶν αἰεὶ μεθ' ἑκατέρου τῶν ὑπάτων, φανερόν ὅτι δώδεκα χιλιάρχους ἀνάγκη συστρατεῦειν ἐκατέρῳ τῶν ὑπάτων. [5] τιθέασι δὴ τὰς τούτων σκηναὺς ἐπὶ μίαν εὐθεῖαν ἀπάσας, ἣτις ἐστὶ παράλληλος τῇ τοῦ τετραγώνου προκριθείσῃ πλευρᾷ, πεντήκοντα δ' ἀπέχει πόδας ἀπ' αὐτῆς, ἔν' ἣ τοῖς ἵπποις, ἅμα δ' ὑποζυγίοις καὶ τῇ λοιπῇ τῶν χιλιάρχων ἀποσκευῇ τόπος. [6] αἱ δὲ σκηναὶ τοῦ προειρημένου σχήματος εἰς τοῦμπαλιν ἀπεστραμμέναι πηγνυνται πρὸς τὴν ἐκτὸς ἐπιφάνειαν, ἣ νοεῖσθω καὶ καλεῖσθω δὲ καθάπαξ ἡμῖν αἰεὶ τοῦ παντὸς σχήματος κατὰ πρόσωπον. [7] ἀφεστᾶσι δ' ἀλλήλων μὲν ἴσον αἱ τῶν χιλιάρχων σκηναί, τοσοῦτον δὲ τόπον ὥστε παρ' ὅλον τὸ πλάτος αἰεὶ τῶν Ῥωμαϊκῶν στρατοπέδων παρήκειν.

[1] Ἀπομετρηθέντων δὲ πάλιν ἑκατὸν ποδῶν εἰς τὸ πρόσθεν κατὰ πάσας τὰς σκηναὺς, λοιπὸν ἀπὸ τῆς τοῦτο τὸ πλάτος ὀριζούσης εὐθείας, ἣτις γίνεται παράλληλος ταῖς τῶν χιλιάρχων σκηναῖς, ἀπὸ ταύτης ἄρχονται ποιεῖσθαι τὰς τῶν στρατοπέδων παρεμβολάς, χειρίζοντες τὸν τρόπον τοῦτον. [2] διχοτομήσαντες τὴν προειρημένην εὐθεῖαν, ἀπὸ τούτου τοῦ σημείου πρὸς ὀρθὰς τῇ γραμμῇ τοὺς ἵππεῖς

ἀντίους αὐτοῖς ἐκατέρου τοῦ στρατοπέδου παρεμβάλλουσι, πεντήκοντα διέχοντας πόδας ἀλλήλων, μέσῃν ποιοῦντες τὴν τομὴν τοῦ διαστήματος. [3] ἔστι δ' ἢ τε τῶν ἱππέων καὶ τῶν πεζῶν σκηνοποιία παραπλήσιος· γίνεται γὰρ τὸ ὅλον σχῆμα καὶ τῆς σημαίας καὶ τῶν οὐλαμῶν τετράγωνον. [4] τοῦτο δὲ βλέπει μὲν εἰς τὰς διόδους, ἔχει δὲ τὸ μὲν μήκος ὠρισμένον τὸ παρὰ τὴν διόδον — ἔστι γὰρ ἐκατὸν ποδῶν — ὥς δ' ἐπὶ τὸ πολὺ καὶ τὸ βάθος ἴσον πειρῶνται ποιεῖν πλὴν τῶν συμμάχων. [5] ὅταν δὲ τοῖς μείζοσι στρατοπέδοις χρῶνται, τὸ κατὰ λόγον καὶ τῷ μήκει καὶ τῷ βάθει προστιθέασι.

[1] γενομένης δὲ τῆς τῶν ἱππέων παρεμβολῆς κατὰ μέσας τὰς τῶν χιλιάρχων σκηνὰς οἷον εἰ ρύμης τινὸς ἐπικαρσίου πρὸς τὴν ἄρτι ῥηθεῖσαν εὐθείαν καὶ τὸν πρὸ τῶν χιλιάρχων τόπον — [2] τῷ γὰρ ὄντι ρύμαις παραπλήσιον ἀποτελεῖται τὸ τῶν διόδων σχῆμα πασῶν, ὥς ἂν ἐξ ἐκατέρου τοῦ μέρους αἷς μὲν ταγμάτων, αἷς δ' οὐλαμῶν ἐπὶ τὸ μήκος παρεμβεβληκότων — [3] πλὴν τοῖς προειρημένοις ἱππεῦσι κατόπιν τοὺς ἐξ ἀμφοτέρων τῶν στρατοπέδων τριαρίους, κατ' οὐλαμὸν ἐκάστην σημαίαν, ἐν ὁμοίῳ σχήματι τιθέασι, συμψαύοντων μὲν τῶν σχημάτων ἀλλήλοις, βλέπόντων δ' ἔμπαλιν πρὸς τὰς ἐναντίας τοῖς ἱππεῦσιν ἐπιφανείας, [4] ἥμισυ ποιοῦντες τὸ βάθος τοῦ μήκους ἐκάστης σημαίας τῷ καὶ κατὰ τὸ πλῆθος ἡμίσεις ὥς ἐπίπαν εἶναι τούτους τῶν ἄλλων μερῶν. [5] διότιπερ ἀνίσων ὄντων πολλάκις τῶν ἀνδρῶν ισάζειν ἀεὶ συμβαίνει πάντα τὰ μέρη κατὰ τὸ μήκος διὰ τὴν τοῦ βάθους διαφοράν. [6] αὖθις δὲ πεντήκοντα πόδας ἀφ' ἐκατέρων τούτων ἀποστήσαντες, ἀντίους παρεμβάλλουσι τοῖς τριαρίοις τοὺς πρίγκιπας. [7] νεύοντων δὲ καὶ τούτων εἰς τὰ προειρημένα διαστήματα δὺ' αὗται πάλιν ἀποτελοῦνται ρῦμαι, τὰς μὲν ἀρχὰς ἀπὸ τῆς αὐτῆς εὐθείας λαμβάνουσαι καὶ τὰς εἰσβολάς, ὁμοίως τοῖς ἱππεῦσιν, ἐκ τοῦ πρὸ τῶν χιλιάρχων ἐκατομπέδου διαστήματος, λήγουσαι δὲ πρὸς τὴν καταντικρὺ τῶν χιλιάρχων πλευρὰν τοῦ χάρακος, ἣν ἐξ ἀρχῆς ὑπεθέμεθα κατὰ πρόσωπον εἶναι τοῦ παντὸς σχήματος. [8] μετὰ δὲ τοὺς πρίγκιπας, ὅπισθεν τούτων ὁμοίως ἔμπαλιν βλέποντα, συμψαύοντα δὲ τὰ σχήματα τιθέντες, τοὺς ἀστάτους παρεμβάλλουσι. [9] δέκα δὲ σημαίας ἐχόντων ἀπάντων τῶν μερῶν κατὰ τὴν ἐξ ἀρχῆς διαίρεσιν, πάσας ἴσας συμβαίνει γίνεσθαι τὰς ρύμας καὶ κατὰ τὸ μήκος καὶ τὰς ἀποτομὰς ισάζειν αὐτῶν τὰς πρὸς τῇ κατὰ τὸ πρόσωπον πλευρᾷ τοῦ χάρακος· πρὸς ἣν καὶ τὰς τελευταίας σημαίας ἐπιστρέφοντες στρατοπεδεύουσιν.

[1] ἀπὸ τῶν ἀστάτων πεντήκοντα πάλιν διαλείποντες πόδας τοὺς τῶν συμμάχων ἵππεῖς ἀντίους παρεμβάλλουσι τούτοις, ποιούμενοι τὴν ἀρχὴν ἀπὸ τῆς αὐτῆς εὐθείας καὶ λήγοντες ἐπὶ τὴν αὐτήν. [2] ἔστι δὲ τὸ πλῆθος τῶν συμμάχων, ὡς ἐπάνω προεῖπα, τὸ μὲν τῶν πεζῶν πᾶρισον τοῖς Ῥωμαϊκοῖς στρατοπέδοις, λείπον τοῖς ἐπιλέκτοις, τὸ δὲ τῶν ἵππεων διπλάσιον, ἀφηρημένου καὶ τούτων τοῦ τρίτου μέρους εἰς τοὺς ἐπιλέκτους. [3] διὸ καὶ τὸ βάθος αὖξοντες τούτοις πρὸς λόγον ἐν τοῖς στρατοπεδευτικοῖς σχήμασι, πειρῶνται κατὰ τὸ μῆκος ἐξισοῦν τοῖς τῶν Ῥωμαίων στρατοπέδοις. [4] ἀποτελεσθειςὼν δὲ τῶν ἀπασῶν πέντε δίοδον, αὐθις εἰς τοῦμπαλιν ἀπεστραμμένας ὁμοίως τοῖς ἵππεῦσι τιθέασι τὰς τῶν συμμαχικῶν πεζῶν σημαίας, αὖξοντες τὸ βάθος πρὸς λόγον, βλεπούσας δὲ πρὸς τὸν χάρακα καὶ πρὸς τὰς ἐκ τῶν πλαγίων ἐπιφανείας ἑκατέρας. [5] καθ' ἑκάστην δὲ σημαίαν τὰς πρῶτας ἄφ' ἑκατέρου τοῦ μέρους σκηνὰς οἱ ταξίαρχοι λαμβάνουσιν. ἅμα δὲ τὸν προειρημένον τρόπον παρεμβάλλοντες καθ' ἕκαστον μέρος τὸν ἕκτον οὐλαμὸν ἀπὸ τοῦ πέμπτου πεντήκοντα πόδας ἀφιστάσι, παραπλησίως δὲ καὶ τὰς τῶν πεζῶν τάξεις, [6] ὥστε γίνεσθαι καὶ ταύτην ἄλλην διὰ μέσων τῶν στρατοπέδων δίοδον, ἐπικάρσιον μὲν πρὸς τὰς ῥύμας, παράλληλον δὲ ταῖς τῶν χιλιάρχων σκηναῖς, ἣν καλοῦσι πέμπτην διὰ τὸ παρὰ τὰ πέμπτα ἀτάγματα παρῆκειν.

[1] ὁ δ' ὑπὸ τὰς τῶν χιλιάρχων σκηνὰς ὀπισθεν τόπος ὑποπεπτωκώς, ἐξ ἑκατέρου δὲ τοῦ μέρους τῆς τοῦ στρατηγίου περιστάσεως παρακείμενος, ὁ μὲν εἰς ἀγορὰν γίνεται τόπος, ὁ δ' ἕτερος τῷ τε ταμειῷ καὶ ταῖς ἅμα τούτῳ χορηγίαις. [2] ἀπὸ δὲ τῆς ἐφ' ἑκάτερα τελευταίας τῶν χιλιάρχων σκηνῆς κατόπιν οἷον ἐπικάμπιον ἔχοντες τάξιν πρὸς τὰς σκηνὰς, οἱ τῶν ἐπιλέκτων ἵππεων ἀπόλεκτοι καὶ τινες τῶν ἐθελοντῶν στρατευομένων τῇ τῶν ὑπάτων χάριτι, πάντες οὗτοι στρατοπεδεύουσι παρὰ τὰς ἐκ τῶν πλαγίων τοῦ χάρακος ἐπιφανείας, βλέποντες οἱ μὲν ἐπὶ τὰς τοῦ ταμείου παρασκευάς, οἱ δ' ἐκ θατέρου μέρους εἰς τὴν ἀγοράν. [3] ὥς δ' ἐπὶ τὸ πολὺ συμβαίνει τούτοις μὴ μόνον στρατοπεδεύειν σύνεγγυς τῶν ὑπάτων, ἀλλὰ καὶ κατὰ τὰς πορείας καὶ κατὰ τὰς ἄλλας χρείας περὶ τὸν ὕπατον καὶ τὸν ταμίαν ποιεῖσθαι τὴν ἐπιμέλειαν καὶ τὴν ὅλην διατριβήν. [4] ἀντίκεινται δὲ τούτοις ἐπὶ τὸν χάρακα βλέποντες οἱ τὴν παραπλήσιον χρειὰν παρεχόμενοι πεζοὶ τοῖς προειρημένοις ἵππεῦσιν. [5] ἐξῆς δὲ τούτοις δίοδος ἀπολείπεται πλάτος ποδῶν ἑκατόν,

παράλληλος μὲν ταῖς τῶν χιλιάρχων σκηναῖς, ἐπὶ θάτερα δὲ τῆς ἀγορᾶς καὶ στρατηγίου καὶ ταμείου παρατείνουσα παρὰ πάντα τὰ προειρημένα μέρη τοῦ χάρακος. [6] παρὰ δὲ τὴν ἀνωτέρω πλευρὰν ταύτης οἱ τῶν συμμάχων ἱππεῖς ἐπίλεκτοι στρατοπεδεύουσι, βλέποντες ἐπὶ τε τὴν ἀγορὰν ἅμα καὶ τὸ στρατήγιον καὶ τὸ ταμεῖον. [7] κατὰ μέσσην δὲ τὴν τούτων τῶν ἱπέων παρεμβολὴν καὶ κατ' αὐτὴν τὴν τοῦ στρατηγίου περίστασιν δίοδος ἀπολείπεται πεντήκοντα ποδῶν, φέρουσα μὲν ἐπὶ τὴν ὀπισθε πλευρὰν τῆς στρατοπεδείας, τῇ δὲ τάξει πρὸς ὀρθὰς κειμένη τῇ προειρημένῃ πλατεΐᾳ. [8] τοῖς δ' ἱππεῦσι τούτοις ἀντίτυποι τίθενται πάλιν οἱ τῶν συμμάχων ἐπίλεκτοι πεζοί, βλέποντες πρὸς τὸν χάρακα καὶ τὴν ὀπισθεν ἐπιφάνειαν τῆς ὅλης στρατοπεδείας. [9] τὸ δ' ἀπολειπόμενον ἐξ ἑκατέρου τοῦ μέρους τούτων κένωμα παρὰ τὰς ἐκ τῶν πλαγίων πλευρὰς δίδοται τοῖς ἄλλοφύλοις καὶ τοῖς ἐκ τοῦ καιροῦ προσγινομένοις συμμάχοις. [10]

[1] τούτων δ' οὕτως ἐχόντων τὸ μὲν σύμπαν σχῆμα γίνεται τῆς στρατοπεδείας τετράγωνον ἰσόπλευρον, τὰ δὲ κατὰ μέρος ἤδη τῆς τε ῥυμοτομίας ἐν αὐτῇ καὶ τῆς ἄλλης οἰκονομίας πόλει παραπλησίαν ἔχει τὴν διάθεσιν. [11] τὸν δὲ χάρακα τῶν σκηνῶν ἀφιστᾷσι κατὰ πάσας τὰς ἐπιφανείας διακοσίους πόδας. τοῦτο δὲ τὸ κένωμα πολλὰς καὶ δοκίμους αὐτοῖς παρέχεται χρείας. [12] πρὸς τε γὰρ τὰς εἰσαγωγὰς καὶ τὰς ἐξαγωγὰς τῶν στρατοπέδων εὐφυῶς ἔχει καὶ δεόντως ἕκαστοι γὰρ κατὰ τὰς ἑαυτῶν ῥύμας εἰς τοῦτο τὸ κένωμα ποιοῦνται τὴν ἔξοδον, ἀλλ' οὐκ εἰς μίαν συμπίπτοντες ἀνατρέπουσι καὶ συμπατοῦσιν ἀλλήλους· [13] τὰς τε τῶν παρεισαγομένων θρεμμάτων καὶ τὰς ἐκ τῶν πολεμίων λείας εἰς τοῦτο παράγοντες ἀσφαλῶς τηροῦσι τὰς νύκτας. [14] τὸ δὲ μέγιστον, ἐν ταῖς ἐπιθέσεσι ταῖς νυκτεριναῖς οὔτε πῦρ οὔτε βέλος ἐξικνεῖται πρὸς αὐτοὺς πλὴν τελείως ὀλίγων· γίνεται δὲ καὶ ταῦτα σχεδὸν ἀβλαβῇ διὰ τε τὸ μέγεθος τῆς ἀποστάσεως καὶ διὰ τὴν τῶν σκηνῶν περίστασιν. δεδομένου δὲ τοῦ πλήθους καὶ τῶν πεζῶν καὶ τῶν ἱπέων καθ' ἑκατέραν τὴν πρόθεσιν, ἂν τε τετρακισχίλιους ἂν τε πεντακισχίλιους εἰς ἕκαστον στρατόπεδον ποιῶσι, παραπλησίως δὲ καὶ τῶν σημαιῶν τοῦ τε βάθους καὶ τοῦ μήκους καὶ τοῦ πλήθους δεδομένου, πρὸς δὲ τούτοις τῶν κατὰ τὰς διόδους καὶ πλατείας διαστημάτων, ὁμοίως δὲ καὶ τῶν ἄλλων ἀπάντων δεδομένων, [2] συμβαίνει τοῖς βουλομένοις συνεφιστάνειν νοεῖν καὶ τοῦ χωρίου τὸ μέγεθος καὶ τὴν ὅλην περίμετρον τῆς παρεμβολῆς. ἐὰν δέ ποτε πλεονάζῃ τὸ τῶν συμμάχων

πλήθος, [3] ἢ τῶν ἐξ ἀρχῆς συστρατευομένων ἢ τῶν ἐκ τοῦ καιροῦ προσγινομένων, [4] τοῖς μὲν ἐκ τοῦ καιροῦ πρὸς τοῖς προειρημένοις καὶ τοὺς παρὰ τὸ στρατήγιον ἀναπληροῦσι τόπους, τὴν ἀγορὰν καὶ τὸ ταμιεῖον συναγαγόντες εἰς αὐτὸν τὸν κατεπεύγοντα πρὸς τὴν χρεῖαν τόπον: [5] τοῖς δ' ἐξ ἀρχῆς συνεκπορευομένοις, ἐὰν ᾗ πλήθος ἱκανώτερον, ῥύμην μίαν ἐξ ἑκατέρου τοῦ μέρους τῶν Ῥωμαϊκῶν στρατοπέδων πρὸς ταῖς ὑπαρχούσαις παρὰ τὰς ἐκ τῶν πλαγίων ἐπιφανείας παρατιθέασι. [6] πάντων δὲ τῶν τεττάρων στρατοπέδων καὶ τῶν ὑπάτων ἀμφοτέρων εἰς ἓνα χάρακα συναθροισθέντων, οὐδὲν ἕτερον δεῖ νοεῖν πλὴν δύο στρατιάς κατὰ τὸν ἄρτι λόγον παρεμβεβληκυίας ἀντεστραμμένας αὐταῖς συνηρμόσθαι, συναπτούσας κατὰ τὰς τῶν ἐπιλέκτων ἑκατέρου τοῦ στρατοπέδου παρεμβολάς, οὓς ἐποιοῦμεν εἰς τὴν ὀπίσω βλέποντας ἐπιφάνειαν τῆς ὅλης παρεμβολῆς, [7] ὅτε δὴ συμβαίνει γίνεσθαι τὸ μὲν σχῆμα παράμικτες, τὸ δὲ χωρίον διπλάσιον τοῦ πρόσθεν, τὴν δὲ περίμετρον ἡμιόλιον. [8] ὅταν μὲν οὖν συμβαίῃ τοὺς ὑπάτους ἀμφοτέρους ὁμοῦ στρατοπεδεύειν, οὕτως ἀεὶ χρῶνται ταῖς στρατοπεδείαις: ὅταν δὲ χωρὶς, τᾶλλα μὲν ὡσαύτως, τὴν δ' ἀγορὰν καὶ τὸ ταμιεῖον καὶ τὸ στρατήγιον μέσον τιθέασι τῶν δυεῖν στρατοπέδων.

[1] μετὰ δὲ τὴν στρατοπεδεῖαν συναθροισθέντες οἱ χιλιάρχοι τοὺς ἐκ τοῦ στρατοπέδου πάντας ἐλευθέρους ὁμοῦ καὶ δούλους ὀρκίζουσι, καθ' ἓνα ποιούμενοι τὸν ὀρκισμόν. [2] ὁ δ' ὄρκος ἐστὶ μηδὲν ἐκ τῆς παρεμβολῆς κλέψειν, ἀλλὰ κἂν εὕρῃ τι, τοῦτ' ἀνοίσειν ἐπὶ τοὺς χιλιάρχους. [3] ἐξῆς δὲ τούτοις διέταξαν τὰς σημαίας ἐξ ἑκάστου στρατοπέδου τῶν πριγκίπων καὶ τῶν ἀσμάτων, δύο μὲν εἰς τὴν ἐπιμέλειαν τοῦ τόπου τοῦ πρὸ τῶν χιλιάρχων: [4] τὴν γὰρ διατριβὴν ἐν ταῖς καθημερείαις οἱ πλεῖστοι τῶν Ῥωμαίων ἐν ταύτῃ ποιοῦνται τῇ πλατεῖα: διόπερ ἀεὶ σπουδάζουσι περὶ ταύτης, ὥς ραίνηται καὶ καλλύνηται σφίσιν ἐπιμελῶς. [5] τῶν δὲ λοιπῶν ὀκτωκαίδεκα τρεῖς ἕκαστος τῶν χιλιάρχων διαλαγχάνει: τοσαῦται γάρ εἰσι τῶν ἀσμάτων καὶ πριγκίπων ἐν ἑκάστῳ στρατοπέδῳ σημαῖαι κατὰ τὴν ἄρτι ῥηθεῖσαν διαίρεσιν, χιλιάρχοι δ' ἕξ. [6] τῶν δὲ τριῶν σημαιῶν ἀνὰ μέρος ἐκάστη τῷ χιλιάρχῳ λειτουργεῖ λειτουργίαν τοιαύτην. ἐπειδὰν καταστρατοπεδεύσωσι, τὴν σκηνὴν ἰσθᾶσιν οὗτοι καὶ τὸν περὶ τὴν σκηνὴν τόπον ἡδάφισαν. κἂν τι περιφράξαι δέῃ τῶν σκευῶν ἀσφαλείας χάριν, οὗτοι φροντίζουσι. [7] διδόασι δὲ καὶ φυλακεῖα δύο — τὸ δὲ φυλακεῖον ἐστὶν ἐκ τεττάρων ἀνδρῶν — ὧν οἱ μὲν πρὸ τῆς

σκηνης, οἱ δὲ κατόπιν παρὰ τοὺς ἵππους ποιοῦνται τὴν φυλακὴν. [8] οὐσῶν δὲ σημαίων ἐκάστῳ χιλιάρχῳ τριῶν, ἐν ἐκάστη δὲ τούτων ἀνδρῶν ὑπαρχόντων ὑπὲρ τοὺς ἑκατὸν χωρὶς τῶν τριαρίων καὶ γροσφομάχων — οὗτοι γὰρ οὐ λειτουργοῦσι — [9] τὸ μὲν ἔργον γίνεται κοῦφον διὰ τὸ παρὰ τετάρτην ἡμέραν ἐκάστη σημαία καθήκειν τὴν λειτουργίαν, τοῖς δὲ χιλιάρχοις ἅμα μὲν τὸ τῆς εὐχρηστίας ἀναγκαῖον, ἅμα δὲ τὸ τῆς τιμῆς διὰ τῶν προειρημένων ἀποτελεῖται σεμνὸν καὶ προστατικόν. [10] αἱ δὲ τῶν τριαρίων σημαῖαι τῆς μὲν τῶν χιλιάρχων παραλύονται λειτουργίας, εἰς δὲ τοὺς τῶν ἵππεων οὐλαμοὺς ἐκάστη σημαία καθ' ἡμέραν δίδωσι φυλακεῖον αἰ τῷ γεινιῶντι κατόπιν τῶν οὐλαμῶν: [11] οἵτινες τηροῦσι μὲν καὶ τᾶλλα, μάλιστα δὲ τοὺς ἵππους, ἵνα μὴτ' ἐμπλεκόμενοι τοῖς δέμασι βλάπτωνται πρὸς χρεῖαν μῆτε λύομενοι καὶ προσπίπτοντες ἄλλοις ἵπποις ταραχὰς καὶ θορύβους ἐμποιῶσι τῷ στρατοπέδῳ. [12] μία δ' ἐξ ἀπασῶν καθ' ἡμέραν σημαία ἀνὰ μέρος τῷ στρατηγῷ παρακοιτεῖ: ἥτις ἅμα μὲν ἀσφάλειαν παρασκευάζει τῷ στρατηγῷ πρὸς τὰς ἐπιβουλὰς, ἅμα δὲ κοσμεῖ τὸ πρόσχημα τῆς ἀρχῆς.

[1] τῆς δὲ ταφρείας καὶ χαρακοποιίας δύο μὲν ἐπιβάλλουσι πλευραὶ τοῖς συμμάχοις, παρ' ἃς καὶ στρατοπεδεύει τὸ κέρας αὐτῶν ἑκάτερον, δύο δὲ τοῖς Ῥωμαίοις, ἑκατέρῳ τῷ στρατοπέδῳ μία. [2] διαιρεθείσης δὲ τῆς πλευρᾶς ἐκάστης κατὰ σημαίαν, τὴν μὲν κατὰ μέρος ἐπιμέλειαν οἱ ταξίαρχοι ποιοῦνται παρεστῶτες, τὴν δὲ καθόλου δοκιμασίαν τῆς πλευρᾶς δύο τῶν χιλιάρχων. [3] ὁμοίως δὲ καὶ τὴν λοιπὴν τὴν κατὰ τὸ στρατόπεδον ἐπιμέλειαν οὗτοι ποιοῦνται: κατὰ δύο γὰρ σφᾶς αὐτοὺς διελόντες ἀνὰ μέρος τῆς ἐκμήνου τὴν δίμηνον ἄρχουσι, καὶ πάσης οἱ λαχόντες τῆς ἐν τοῖς ὑπαίθροις προΐστανται χρεῖας. [4] ὁ δ' αὐτὸς τρόπος τῆς ἀρχῆς ἐστὶ καὶ τῶν πραιφέκτων περὶ τοὺς συμμάχους. [5] οἱ δ' ἵππεῖς καὶ ταξίαρχοι πάντες ἅμα τῷ φωτὶ παραγίνονται πρὸς τὰς τῶν χιλιάρχων σκηνάς, οἱ δὲ χιλιάρχοι πρὸς τὸν ὕπατον. [6] κἀκεῖνος μὲν τὸ κατεπεῖγον αἰ παραγγέλλει τοῖς χιλιάρχοις, οἱ δὲ χιλιάρχοι τοῖς ἵππεῦσι καὶ ταξίαρχοις, οὗτοι δὲ τοῖς πολλοῖς, ὅταν ἐκάστων ὁ καιρὸς ᾖ. [7]

[1] τὴν δὲ τοῦ νυκτερινοῦ συνθήματος παράδοσιν ἀσφαλίζονται τὸν τρόπον τοῦτον. [8] καθ' ἕκαστον γένος καὶ τῶν ἵππεων καὶ τῶν πεζῶν ἐκ τῆς δεκάτης σημαίας καὶ τελευταίας στρατοπεδευούσης κατὰ τὰς ῥύμας, ἐκ τούτων εἰς ἐκάστης ἀνὴρ λαμβάνεται κατ' ἐκλογὴν, ὃς τῶν μὲν κατὰ τὰς φυλακὰς λειτουργιῶν ἀπολύεται,

παραγίνεται δὲ καθ' ἡμέραν δύνοντος ἡλίου πρὸς τὴν τοῦ χιλιάρχου σκηνὴν, καὶ λαβὼν τὸ σύνθημα — τοῦτο δ' ἐστὶ πλατεῖον ἐπιγεγραμμένον — [9] ἀπαλλάττεται πάλιν. ἀναχωρήσας δ' ἐπὶ τὴν αὐτοῦ σημαίαν τό τε ξυλήφιον παρέδωκε καὶ τὸ σύνθημα μετὰ μαρτύρων τῷ τῆς ἐχομένης σημαίας ἡγεμόνι, παραπλησίως δὲ πάλιν οὗτος τῷ τῆς ἐχομένης. [10] τὸ δ' ὅμοιον ἐξῆς ποιοῦσι πάντες, ἕως ἂν ἐπὶ τὰς πρώτας καὶ σύνεγγυς τοῖς χιλιάρχοις στρατοπεδεύουσας σημαίας ἐξικνῆται. τούτους δὲ δεῖ τὸ πλατεῖον ἔτι φωτὸς ὄντος ἀναφέρειν πρὸς τοὺς χιλιάρχους. [11] κἂν μὲν ἀνενεχθῇ πάντα τὰ δοθέντα, γινώσκει διότι δέδοται τὸ σύνθημα πᾶσι καὶ διὰ πάντων εἰς αὐτὸν ἥκει: [12] ἐὰν δ' ἐλλείπη τι, παρὰ πόδας ζητεῖ τὸ γεγονός, εἰδὼς ἐκ τῆς ἐπιγραφῆς ἐκ ποίου μέρους οὐχ ἥκει τὸ πλατεῖον. οὐ δ' ἂν εὔρεθῇ τὸ κώλυμα, τυγχάνει τῆς καθηκούσης ζημίας. τὰ δὲ περὶ τὰς νυκτερινὰς φυλακὰς οὕτως οἰκονομεῖται παρ' αὐτοῖς. [2] τὸν μὲν στρατηγὸν καὶ τὴν τούτου σκηνὴν ἢ παρακοιτοῦσα σημαία φυλάττει, τὰς δὲ τῶν χιλιάρχων καὶ τοὺς τῶν ἱπέων οὐλαμοὺς οἱ διατεταγμένοι κατὰ τὸν ἄρτι λόγον ἐξ ἐκάστης σημαίας. [3] ὁμοίως δὲ καὶ παρ' ἑκαστον τάγμα πάντες ἐξ ἑαυτῶν τιθέασι φυλακὴν: τὰς δὲ λοιπὰς ὁ στρατηγὸς ἀποτάττει. [4] γίνονται δ' ὡς ἐπίπαν τρεῖς φυλακαὶ παρὰ τὸν ταμίαν, καὶ παρ' ἑκαστον τῶν πρεσβευτῶν καὶ συμβούλων δύο. [5] τὴν δ' ἐκτὸς ἐπιφάνειαν οἱ γροσφομάχοι πληροῦσι, παρ' ὅλον καθ' ἡμέραν τὸν χάρακα παρακοιτοῦντες — αὕτη γὰρ ἐπιτέτακται τούτοις ἡ λειτουργία — ἐπὶ τε τῶν εἰσόδων ἀνὰ δέκα ποιοῦνται τούτων αὐτῶν τὰς προκοιτίας. [6] τῶν δ' εἰς τὰς φυλακὰς ἀποταχθέντων ἀφ' ἐκάστου φυλακείου τὸν τὴν πρώτην μέλλοντα τηρεῖν εἰς ἐξ ἐκάστης σημαίας οὐραγὸς ἄγει πρὸς τὸν χιλιάρχον ἐσπέρας: [7] ὁ δὲ δίδωσι τούτοις πᾶσι ξυλήφια κατὰ φυλακὴν, βραχέα τελέως, ἔχοντα χαρακτῆρα. λαβόντες δ' οὗτοι μὲν ἐπὶ τοὺς ἀποδεδειγμένους ἀπαλλάττονται τόπους. [8]

[1] ἡ δὲ τῆς ἐφοδείας πίστις εἰς τοὺς ἱππεῖς ἀνατίθεται. δεῖ γὰρ τὸν πρῶτον ἱλάρχην καθ' ἑκαστον στρατόπεδον ἐνὶ τῶν οὐραγῶν τῶν αὐτοῦ παραγγεῖλαι πρῶ παράγγελμα τοιοῦτον, ἵνα τέτταρσιν οὗτος ἐμφανίσῃ νεανίσκοις τῶν ἐκ τῆς ἰδίας ἴλης πρὸ ἀρίστου τοῖς μέλλουσιν ἐφοδεύειν. [9] μετὰ δὲ ταῦτα τῷ τῆς ἐχομένης ἴλης ἡγεμόνι δεῖ τὸν αὐτὸν ἀφ' ἐσπέρας παραγγεῖλαι διότι τούτῳ καθήκει τὰ περὶ τῆς ἐφοδείας φροντίζειν εἰς τὴν αὔριον. [10] τοῦτον δ' ἀκούσαντα παραπλησίως ταῦτ' αὖτε ποιεῖν τοῖς προειρημένοις εἰς τὴν ἐπιοῦσαν

ἡμέραν: ὁμοίως δὲ καὶ τοὺς ἐξῆς. [11] οἱ δὲ προκριθέντες ὑπὸ τῶν οὐραγῶν ἐκ τῆς πρώτης Ἰλῆς τέτταρες, ἐπειδὴν διαλάχωσι τὰς φυλακάς, πορεύονται πρὸς τὸν χιλιάρχον, καὶ γραφὴν λαμβάνουσι πόσου καὶ πόσας ἐφοδεῦσαι δεῖ φυλακάς. [12] μετὰ δὲ ταῦτα παρακοιτοῦσιν οἱ τέτταρες παρὰ τὴν πρώτην σημαίαν τῶν τριαρίων: ὁ γὰρ ταύτης ταξίαρχος τὴν ἐπιμέλειαν ποιεῖται τοῦ κατὰ φυλακὴν βουκανᾶν. συνάψαντος δὲ τοῦ καιροῦ τὴν πρώτην ἐφοδεύει φυλακὴν ὁ ταύτην λαχὼν, ἔχων μεθ' αὐτοῦ μάρτυρας τῶν φίλων. [2] ἐπιπορεύεται δὲ τοὺς ῥηθέντας τόπους, οὐ μόνον τοὺς περὶ τὸν χάρακα καὶ τὰς εἰσόδους, ἀλλὰ καὶ τοὺς κατὰ σημαίαν ἅπαντας καὶ τοὺς κατ' οὐλαμόν: [3] κἂν μὲν εὗρη τοὺς φυλάττοντας τὴν πρώτην ἐγρηγορότας, λαμβάνει παρὰ τούτων τὸ κάρφος: ἐὰν δ' εὗρη κοιμώμενον ἢ λειποτά τινὰ τὸν τόπον, ἐπιμαρτυράμενος τοὺς σύνεγγυς ἀπαλλάττεται. [4] τὸ δὲ παραπλήσιον γίνεται καὶ ὑπὸ τῶν τὰς ἐξῆς φυλακὰς ἐφοδευόντων. [5] τὴν δ' ἐπιμέλειαν τοῦ κατὰ φυλακὴν βουκανᾶν, ὡς ἀρτίως εἶπον, ἵνα σύμφωνον ἦ τοῖς ἐφοδεύουσι πρὸς τοὺς φυλάττοντας, οἱ τῆς πρώτης σημαίας τῶν τριαρίων ἐξ ἑκατέρου τοῦ στρατοπέδου ταξίαρχοι καθ' ἡμέραν ποιοῦνται. [6]

[1] τῶν δ' ἐφόδων ἕκαστος ἅμα τῷ φωτὶ πρὸς τὸν χιλιάρχον ἀναφέρει τὸ σύνθημα. κἂν μὲν ἦ πάντα δεδομένα, χωρὶς ἐγκλήματος ἀπαλλάττονται πάλιν: ἂν δέ τις ἐλάττω φέρῃ τοῦ πλήθους τῶν φυλακείων, [7] ζητοῦσιν ἐκ τοῦ χαρακτῆρος ποῖον ἐκ τῶν φυλακείων λέλοιπε. [8] τούτου δὲ γνωσθέντος καλεῖ τὸν ταξίαρχον: οὗτος δ' ἄγει τοὺς ἀποταχθέντας εἰς τὴν φυλακὴν: οὗτοι δὲ συγκρίνονται πρὸς τὸν ἔφοδον. ἐὰν μὲν οὖν ἐν τοῖς φύλαξιν ἦ τὸ κακόν, [9] εὐθέως δηλὸς ἐστὶν ὁ τὴν ἐφοδεῖαν ἔχων ἐπιμαρτυράμενος τοὺς σύνεγγυς: ὀφείλει γὰρ τοῦτο ποιεῖν: ἐὰν δὲ μηδὲν ἦ τοιοῦτο γεγονός, εἰς τὸν ἔφοδον ἀναχωρεῖ τοῦγκλημα. καθίσαντος δὲ παραχρῆμα συνεδρίου τῶν χιλιάρχων κρίνεται, κἂν καταδικασθῇ, ξυλοκοπεῖται. [2] τὸ δὲ τῆς ξυλοκοπίας ἐστὶ τοιοῦτον. λαβὼν ξύλον ὁ χιλιάρχος τούτῳ τοῦ κατακριθέντος οἶον ἤψατο μόνον, [3] οὗ γενομένου πάντες οἱ τοῦ στρατοπέδου τύπτοντες τοῖς ξύλοις καὶ τοῖς λίθοις τοὺς μὲν πλείστους ἐν αὐτῇ τῇ στρατοπεδείᾳ καταβάλλουσι, [4] τοῖς δ' ἐκπεσεῖν δυναμένοις οὐδ' ὥς ὑπάρχει σωτηρία: πῶς γάρ; οἷς οὐτ' εἰς τὴν πατρίδα τὴν ἑαυτῶν ἐπανελθεῖν ἔξεστιν οὔτε τῶν ἀναγκαίων οὐδεὶς ἂν οἰκία τολμήσειε δέξασθαι τὸν τοιοῦτον. διὸ τελείως οἱ

περιπεσόντες ἅπαξ τοιαύτη συμφορὰ καταφθείρονται. [5] τὸ δ' αὐτὸ πάσχειν ὀφείλει τοῖς προειρημένοις ὃ τ' οὐραγὸς καὶ [ὁ] τῆς Ἰλῆς ἡγεμών, ἐὰν μὴ παραγγείλωσιν, ὁ μὲν τοῖς ἐφόδοις, ὁ δὲ τῷ τῆς ἐχομένης Ἰλῆς ἡγεμόνι, τὸ δέον ἐν τῷ καθήκοντι καιρῷ. [6] διόπερ οὕτως ἰσχυρᾶς οὔσης καὶ ἀπαραιτήτου τῆς τιμωρίας ἀδιάπτωτα γίνεται παρ' αὐτοῖς τὰ κατὰ τὰς νυκτερινὰς φυλακάς. [7]

[1] δεῖ δὲ προσέχειν τοὺς μὲν στρατιώτας τοῖς χιλιάρχους, τούτους δ' ἔτι τοῖς ὑπάτοις. [8] κύριος δ' ἐστὶ καὶ ζημιῶν ὁ χιλιάρχος καὶ ἐνεχυράζων καὶ μαστιγῶν, τοὺς δὲ συμμάχους οἱ प्राίφεκτοι. [9] ξυλοκοπεῖται δὲ καὶ πᾶς ὁ κλέψας τι τῶν ἐκ τοῦ στρατοπέδου, καὶ μὴν ὁ μαρτυρήσας ψευδῇ παραπλησίως, καὶν τις τῶν ἐν ἀκμῇ παραχρησάμενος εὐρεθῇ τῷ σώματι, πρὸς δὲ τούτοις ὁ τρις περὶ τῆς αὐτῆς αἰτίας ζημιωθεῖς. [10] ταῦτα μὲν οὖν ὥς ἀδικήματα κολάζουσιν: εἰς δ' ἀνανδρίαν τιθέασι καὶ στρατιωτικὴν αἰσχύνην τὰ τοιαῦτα τῶν ἐγκλημάτων, ἐὰν τινες ψευδῇ περὶ αὐτῶν ἀνδραγαθίαν ἀπαγγείλωσι τοῖς χιλιάρχοις ἔνεκεν τοῦ τιμᾶς λαβεῖν, [11] ὁμοίως ἂν τινες εἰς ἐφεδρείαν ταχθέντες φόβου χάριν λίπωσι τὸν δοθέντα τόπον, παραπλησίως ἐὰν τις ἀπορρίψῃ τι τῶν ὅπλων κατ' αὐτὸν τὸν κίνδυνον διὰ φόβον. [12] διὸ καὶ τινες μὲν ἐν ταῖς ἐφεδρείαις προδήλως ἀπόλλυνται, πολλαπλασίων αὐτοῖς ἐπιγινομένων οὐ θέλοντες λιπεῖν τὴν τάξιν, δεδιότες τὴν οἰκείαν τιμωρίαν: [13] ἔνιοι δὲ κατ' αὐτὸν τὸν κίνδυνον ἐκβαλόντες θυρεὸν ἢ μάχαιραν ἢ τι τῶν ἄλλων ὅπλων παραλόγως ρίπτουσιν ἑαυτοὺς εἰς τοὺς πολεμίους, ἢ κυριεύειν ἐλπίζοντες ὧν ἀπέβαλον ἢ παθόντες τι τὴν πρόδηλον αἰσχύνην διαφεύξεσθαι καὶ τὴν τῶν οἰκείων ὕβριν. ἐὰν δὲ ποτε ταῦτα ταῦτα περὶ πλείους συμβῇ γενέσθαι καὶ σημαίας τινὰς ὀλοσχερῶς πιεσθείσας λιπεῖν τοὺς τόπους, τὸ μὲν ἅπαντας ξυλοκοπεῖν ἢ φονεύειν ἀποδοκιμάζουσι, λύσιν δὲ τοῦ πράγματος εὐρίσκονται συμφέρουσαν ἅμα καὶ καταπληκτικὴν. [2] συναθροίσας γὰρ τὸ στρατόπεδον ὁ χιλιάρχος καὶ προαγαγὼν εἰς μέσον τοὺς λελοιπότας, κατηγορεῖ πικρῶς, καὶ τὸ τέλος ποτὲ μὲν πέντε, ποτὲ δ' ὀκτώ, ποτὲ δ' εἴκοσι, τὸ δ' ὅλον πρὸς τὸ πλῆθος αἰεὶ στοχαζόμενος, ὥστε δέκατον μάλιστα γίνεσθαι τῶν ἡμαρτηκότων, τοσούτους ἐκ πάντων κληροῦται τῶν ἀποδεδεικνυμένων, [3] καὶ τοὺς μὲν λαχόντας ξυλοκοπεῖ κατὰ τὸν ἄρτι ρηθέντα λόγον ἀπαραιτήτως, τοῖς δὲ λοιποῖς τὸ μέτρον κριθὰς δοὺς ἀντὶ πυρῶν ἔξω κελεύει τοῦ χάρακος καὶ τῆς ἀσφαλείας ποιεῖσθαι τὴν παρεμβολήν. [4] λοιπὸν τοῦ μὲν

κινδύνου καὶ φόβου τοῦ κατὰ τὸν κλῆρον ἐπ' ἴσον ἐπικρεμαμένου πᾶσιν, ὥς ἂν ἀδήλου τοῦ συμπτώματος ὑπάρχοντος, τοῦ δὲ παραδειγματισμοῦ τοῦ κατὰ τὴν κριθοφαγίαν ὁμοίως συμβαίνοντος περὶ πάντα, τὸ δυνατόν ἐκ τῶν ἐθισμῶν εἴληπται καὶ πρὸς κατάπληξιν καὶ διόρθωσιν τῶν συμπτωμάτων.

[1] καλῶς δὲ καὶ τοὺς νέους ἐκκαλοῦνται πρὸς τὸ κινδυνεύειν. [2] ἐπειδὴν γὰρ γένηται τις χρεία καὶ τινες αὐτῶν ἀνδραγαθήσωσι, συναγαγὼν ὁ στρατηγὸς ἐκκλησίαν τοῦ στρατοπέδου, καὶ παραστησάμενος τοὺς δόξαντάς τι πεπραχέναι διαφέρον, πρῶτον μὲν ἐγκώμιον ὑπὲρ ἐκάστου λέγει περὶ τε τῆς ἀνδραγαθίας, κἂν τι κατὰ τὸν βίον αὐτοῖς ἄλλο συνυπάρχη τῆς ἐπ' ἀγαθῷ μνήμης ἄξιον, [3] μετὰ δὲ ταῦτα τῷ μὲν τρώσαντι πολέμιον γαῖσον δωρεῖται, τῷ δὲ καταβαλόντι καὶ σκυλεύσαντι, τῷ μὲν πεζῷ φιάλην, τῷ δ' ἵππεϊ φάλαρ', ἐξ ἀρχῆς δὲ γαῖσον μόνον. [4] τυγχάνει δὲ τούτων οὐκ ἂν ἐν παρατάξει τις ἢ πόλεως καταλήψει τρώση τινὰς ἢ σκυλεύση τῶν πολεμίων, ἀλλ' ἂν ἐν ἀκροβολισμοῖς ἢ τισιν ἄλλοις τοιούτοις καιροῖς, ἐν οἷς μηδεμιᾶς ἀνάγκης οὔσης κατ' ἄνδρα κινδυνεύειν αὐτοὶ τινες ἐκουσίως καὶ κατὰ προαίρεσιν αὐτοὺς εἰς τοῦτο διδώσι. [5] τοῖς δὲ πόλεως καταλαμβανομένης πρώτοις ἐπὶ τὸ τεῖχος ἀναβᾶσι χρυσοῦν δίδωσι στέφανον. [6] ὁμοίως δὲ καὶ τοὺς ὑπερασπίσαντας καὶ σώσαντάς τινας τῶν πολιτῶν ἢ συμμάχων ὃ τε στρατηγὸς ἐπισημαίνεται δώροις, οἳ τε χιλίαρχοι τοὺς σωθέντας, ἂν μὲν ἐκόντες ποιήσωσιν, εἰ δὲ μή, κρίναντες συναναγκάζουσι τὸν σώσαντα στεφανοῦν. [7] σέβεται δὲ τοῦτον καὶ παρ' ὅλον τὸν βίον ὁ σωθεὶς ὡς πατέρα, καὶ πάντα δεῖ τούτῳ ποιεῖν αὐτὸν ὡς τῷ γονεῖ. [8] ἐκ δὲ τῆς τοιαύτης παρορμήσεως οὐ μόνον τοὺς ἀκούοντας καὶ παρόντας ἐκκαλοῦνται πρὸς τὴν ἐν τοῖς κινδύνοις ἄμιλλαν καὶ ζῆλον, ἀλλὰ καὶ τοὺς ἐν οἴκῳ μένοντας: [9] οἱ γὰρ τυχόντες τῶν τοιούτων δωρεῶν χωρὶς τῆς ἐν τοῖς στρατοπέδοις εὐκλείας καὶ τῆς ἐν οἴκῳ παραχρῆμα φήμης καὶ μετὰ τὴν ἐπάνοδον τὴν εἰς τὴν πατρίδα τάς τε πομπὰς ἐπισήμως πομπεύουσι διὰ τὸ μόνους ἐξεῖναι περιτίθεσθαι κόσμον τοῖς ὑπὸ τῶν στρατηγῶν ἐπ' ἀνδραγαθία τετιμημένοις, [10] ἐν τε ταῖς οἰκίαις κατὰ τοὺς ἐπιφανεστάτους τόπους τιθέασιν τὰ σκῦλα, σημεῖα ποιούμενοι καὶ μαρτύρια τῆς ἑαυτῶν ἀρετῆς. [11] τοιαύτης δ' ἐπιμελείας οὔσης καὶ σπουδῆς περὶ τε τὰς τιμὰς καὶ τιμωρίας τὰς ἐν τοῖς στρατοπέδοις, εἰκότως καὶ τὰ τέλη τῶν πολεμικῶν πράξεων ἐπιτυχῇ καὶ λαμπρᾷ γίνεται δι' αὐτῶν. [12]

[1] ὀψώνιον δ' οἱ μὲν πεζοὶ λαμβάνουσι τῆς ἡμέρας δύο ὀβολούς, οἱ δὲ ταξίαρχοι διπλοῦν, οἱ δ' ἱππεῖς δραχμὴν. [13] σιτομετροῦνται δ' οἱ μὲν πεζοὶ πυρῶν Ἀττικοῦ μεδίμνου δύο μέρη μάλιστα πῶς, οἱ δ' ἱππεῖς κριθῶν μὲν ἑπτὰ μεδίμνους εἰς τὸν μῆνα, πυρῶν δὲ δύο, [14] τῶν δὲ συμμάχων οἱ μὲν πεζοὶ τὸ ἴσον, οἱ δ' ἱππεῖς πυρῶν μὲν μεδίμνον ἓνα καὶ τρίτον μέρος, κριθῶν δὲ πέντε. [15] δίδοται δὲ τοῖς μὲν συμμάχοις τοῦτ' ἐν δωρεᾷ: τοῖς δὲ Ῥωμαίοις τοῦ τε σίτου καὶ τῆς ἐσθῆτος, κἄν τις ὄπλου προσδεθῶσι, πάντων τούτων ὁ ταμίας τὴν τεταγμένην τιμὴν ἐκ τῶν ὀψωνίων ὑπολογίζεται. τὰς δ' ἐκ τῆς παρεμβολῆς ἀναστρατοπεδεῖας ποιοῦνται τὸν τρόπον τοῦτον. [2] ὅταν τὸ πρῶτον σημήνη, καταλύουσι τὰς σκηνὰς καὶ συντιθέασιν τὰ φορτία πάντες: οὔτε δὲ καθελεῖν ἔξεστιν οὔτ' ἀναστῆσαι πρότερον οὐδένα τῆς τῶν χιλιάρχων καὶ τοῦ στρατηγοῦ σκηνῆς. [3] ὅταν δὲ τὸ δεύτερον, ἀνατιθέασιν τὰ σκευοφόρα τοῖς ὑποζυγίοις. ἐπὶ δὲ τὸ τρίτον σημήνη, προάγειν δεῖ τοὺς πρῶτους καὶ κινεῖν τὴν ὅλην παρεμβολήν. [4] εἰς μὲν οὖν τὴν πρωτοπορείαν ὥς ἐπίπαν τάττουσι τοὺς ἐπιλέκτους: τούτοις δὲ τὸ τῶν συμμάχων δεξιὸν ἐπιβάλλει κέρας: ἐξῆς δὲ τούτοις ἔπεται τὰ τῶν προειρημένων ὑποζύγια. [5] τῇ δὲ τούτων πορείᾳ τὸ πρῶτον τῶν Ῥωμαϊκῶν ἀκολουθεῖ στρατόπεδον, ἔχον ὀπισθεν τὴν ἰδίαν ἀποσκευήν. [6] κἄπειτα κατακολουθεῖ τὸ δεύτερον στρατόπεδον, ἐπομένων αὐτῷ τῶν ἰδίων ὑποζυγίων καὶ τῆς τῶν συμμάχων ἀποσκευῆς τῶν ἐπὶ τῆς οὐραγίας τεταγμένων τελευταῖον γὰρ ἐν τῇ πορείᾳ τάττεται τὸ τῶν συμμάχων εὐώνυμον κέρας. [7] οἱ δ' ἱππεῖς ποτὲ μὲν ἀπουραγοῦσι τοῖς αὐτῶν ἕκαστοι μέρεσι, ποτὲ δὲ παρὰ τὰ ὑποζύγια πλάγιοι παραπορεύονται, συνέχοντες ταῦτα καὶ τὴν ἀσφάλειαν τούτοις παρασκευάζοντες. [8] προσδοκίας δ' οὔσης κατὰ τὴν οὐραγίαν τὰ μὲν ἄλλα παρ' αὐτοῖς τὸν αὐτὸν ἔχει τρόπον, αὐτοὶ δ' οἱ τῶν συμμάχων ἐπίλεκτοι τὴν οὐραγίαν ἀντὶ τῆς πρωτοπορείας μεταλαμβάνουσι. [9] παρὰ δὲ μίαν ἡμέραν τὰ μὲν ἡγεῖται τῶν στρατοπέδων καὶ κεράτων, τὰ δ' αὐτὰ πάλιν ἔπεται ταῦτα κατόπιν, ἵνα τῆς περὶ τὰς ὕδρεας καὶ σιτολογίας ἀκεραιότητος πάντες ἐπ' ἴσον κοινωνῶσι, μεταλαμβάνοντες αἰετὶ τὴν ἐπὶ τῆς πρωτοπορείας ἐναλλάξ τάξιν. [10] χρῶνται δὲ καὶ ἐτέρῳ γένει πορείας ἐν τοῖς ἐπισφαλέσι τῶν καιρῶν, ἐὰν ἄνα [11] πεπταμένους ἔχῃσι τόπους ἄγουσι γὰρ τριφαλαγγίαν παράλληλον τῶν ἀστάτων καὶ πριγκίπων καὶ τριαρίων, τάττοντες τὰ τῶν ἡγουμένων σημαιῶν ὑποζύγια πρὸ πάντων, ἐπὶ δὲ ταῖς πρώταις σημαίαις τὰ τῶν

δευτέρων, ἐπὶ δὲ ταῖς δευτέραις τὰ τῶν τρίτων, καὶ κατὰ λόγον οὕτως ἐναλλάξ ἀεὶ τιθέντες [12] τὰ ὑποζύγια ταῖς σημαίαις οὕτω δὲ συντάξαντες τὴν πορείαν, ἐπειδὴν προσπίπτῃ τι τῶν δεινῶν, ποτὲ μὲν παρ' ἀσπίδα κλίναντες, ποτὲ δ' ἐπὶ δόρυ, προάγουσι τὰς σημαίας ἐκ τῶν ὑποζυγίων πρὸς τὴν τῶν πολεμίων ἐπιφάνειαν. [13] λοιπὸν ἐν βραχεῖ χρόνῳ καὶ μιᾷ κινήσει τὸ μὲν τῶν ὀπλιτῶν σύστημα λαμβάνει παρατάξεως διάθεσιν, ἐὰν μὴ ποτε προσεξελίζαι δέῃ τοὺς ἀστάτους, [14] τὸ δὲ τῶν ὑποζυγίων καὶ τῶν παρεπομένων τούτοις πλῆθος, ὑπὸ τοὺς παρατεταγμένους ὑπεσταλκός, ἔχει τὴν καθήκουσαν χώραν πρὸς τὸν κίνδυνον.

[1] ὅταν δὲ κατὰ τὰς πορείας ἐγγίζωσι στρατοπεδεύειν, προπορεύονται χιλιάρχος καὶ τῶν ταξιάρχων οἱ πρὸς τοῦτο τὸ μέρος ἀεὶ προχειρισθέντες, [2] οἵτινες ἐπειδὴν συνθεάσωνται τὸν ὅλον τόπον, οὗ δεῖ στρατοπεδεύειν, ἐν αὐτῷ τούτῳ πρῶτον μὲν διέλαβον τὴν τοῦ στρατηγοῦ σκηνὴν οὗ δεήσει θεῖναι κατὰ τὸν ἄρτι λόγον, καὶ παρὰ ποίαν ἐπιφάνειαν καὶ πλευρὰν τῆς περὶ τὴν σκηνὴν περιστάσεως παρεμβалеῖν τὰ στρατόπεδα: [3] τούτων δὲ προκριθέντων διαμετροῦνται τὴν περίστασιν τῆς σκηνῆς, μετὰ δὲ ταῦτα τὴν εὐθεῖαν, ἐφ' ἧς αἱ σκηναὶ τίθενται τῶν χιλιάρχων, ἐξῆς δὲ τὴν ταύτης παράλληλον, ἀφ' ἧς ἄρχεται τὰ στρατόπεδα παρεμβάλλειν. [4] ὁμοίως δὲ καὶ τὰ ἐπὶ θάτερα μέρη τῆς σκηνῆς κατεμετρήσαντο γραμμαῖς, περὶ ὧν ὑπεδείξαμεν ἄρτι διὰ πλειόνων κατὰ μέρος. [5] γενομένων δὲ τούτων ἐν βραχεῖ χρόνῳ διὰ τὸ ῥαδίαν εἶναι τὴν καταμέτρησιν, ὥς ἀπάντων ὀρισμένων καὶ συνήθων ὄντων διαστημάτων, [6] μετὰ δὲ ταῦτα σημαίαν ἔπηξαν μίαν μὲν καὶ πρώτην, ἐν ᾗ δεῖ τόπῳ τίθεσθαι τὴν τοῦ στρατηγοῦ σκηνὴν, δευτέραν δὲ τὴν ἐπὶ τῆς προκριθείσης πλευρᾶς, τρίτην ἐπὶ μέσης τῆς γραμμῆς ἐφ' ἧς οἱ χιλιάρχοι σκηνοῦσι, τετάρτην, παρ' ἣν τίθενται τὰ στρατόπεδα. καὶ ταύτας μὲν ποιοῦσι φοινικιάς, [7] τὴν δὲ τοῦ στρατηγοῦ λευκὴν. τὰ δ' ἐπὶ θάτερα ποτὲ μὲν ψιλὰ δόρατα πηγνύουσι, ποτὲ δὲ σημαίας ἐκ τῶν ἄλλων χρωμάτων. [8] γενομένων δὲ τούτων ἐξῆς τὰς ῥύμας διεμέτρησαν καὶ δόρατα κατέπηξαν ἐφ' ἐκάστης ῥύμης. [9] ἐξ ὧν εἰκότως, ὅταν ἐγγίῃ τὰ στρατόπεδα κατὰ τὰς πορείας καὶ γένητ' εὐσύνοπτος ὁ τόπος τῆς παρεμβολῆς, εὐθέως ἅπαντα γίνεται πᾶσι γνῶριμα, τεκμαιρομένοις καὶ συλλογιζομένοις ἀπὸ τῆς τοῦ στρατηγοῦ σημαίας. [10] λοιπὸν ἐκάστου σαφῶς γινώσκοντος ἐν ποίᾳ ῥύμῃ καὶ ποίῳ τόπῳ τῆς ῥύμης σκηνοῖ διὰ τὸ πάντας ἀεὶ τὸν αὐτὸν

ἐπέχειν τῆς στρατοπεδείας, γίνεται τι παραπλήσιον, οἷον ὅταν εἰς πόλιν εἰσὶν στρατόπεδον ἐγγώριον. [11] καὶ γὰρ ἐκεῖ διακλίναντες ἀπὸ τῶν πυλῶν εὐθέως ἕκαστοι προάγουσι καὶ παραγίνονται πρὸς τὰς ἰδίας οἰκῆσεις ἀδιαπτώτως, διὰ τὸ καθόλου καὶ κατὰ μέρος γινώσκειν ποῦ τῆς πόλεως ἐστὶν αὐτοῖς ἡ κατάλυσις. [12] τὸ δὲ παραπλήσιον τούτοις καὶ περὶ τὰς Ῥωμαϊκὰς συμβαίνει στρατοπεδείας.

[1] ἥι δοκοῦσι Ῥωμαῖοι καταδιώκοντες τὴν ἐν τούτοις εὐχέρειαν τὴν ἐναντίαν ὁδὸν πορεύεσθαι τοῖς Ἑλλήσι κατὰ τοῦτο τὸ μέρος. [2] οἱ μὲν γὰρ Ἑλληνες ἐν τῷ στρατοπεδεύειν ἡγοῦνται κυριώτατον τὸ κατακολουθεῖν ταῖς ἐξ αὐτῶν τῶν τόπων ὀχυρότησιν, ἅμα μὲν ἐκκλίνοντες τὴν περὶ τὰς ταφρείας τλαιπωρίαν, ἅμα δὲ νομίζοντες οὐχ ὁμοίας εἶναι τὰς χειροποιήτους ἀσφαλείας ταῖς ἐξ αὐτῆς τῆς φύσεως ἐπὶ τῶν τόπων ὑπαρχούσαις ὀχυρότησι. [3] διὸ καὶ κατὰ τὴν τῆς ὅλης παρεμβολῆς θέσιν πᾶν ἀναγκάζονται σχῆμα μεταλαμβάνειν, ἐπόμενοι τοῖς τόποις, τὰ τε μέρη μεταλλάττειν ἄλλοτε πρὸς ἄλλους καὶ ἀκαταλλήλους τόπους: [4] ἐξ ὧν ἄστατον ὑπάρχειν συμβαίνει καὶ τὸν κατ' ἰδίαν καὶ τὸν κατὰ μέρος ἐκάστω τόπον τῆς στρατοπεδείας. [5] Ῥωμαῖοι δὲ τὴν περὶ τὰς τάφρους τλαιπωρίαν καὶ τᾶλλα τὰ παρεπόμενα τούτοις ὑπομένειν αἰροῦνται χάριν τῆς εὐχερείας καὶ τοῦ γνώριμον καὶ μίαν ἔχειν καὶ τὴν αὐτὴν αἰεὶ παρεμβολήν. [6]

[1] τὰ μὲν οὖν ὀλοσχερέστερα μέρη τῆς περὶ τὰ στρατόπεδα θεωρίας, καὶ μάλιστα περὶ τὰς παρεμβολάς, ταῦτ' ἐστίν. [Cod. Urb. v. p. 264, 17 habet haec cum antecedentibus arcte cohaerentia exc. ant. p. 180.] VII. Rei Publicae Romanae cum Aliis Collatio σχεδὸν δὴ πάντες οἱ συγγραφεῖς περὶ τούτων ἡμῖν τῶν πολιτευμάτων παραδεδώκασι τὴν ἐπ' ἀρετῇ φήμην, περί τε τοῦ Λακεδαιμονίων καὶ Κρητῶν καὶ Μαντινέων, ἔτι δὲ Καρχηδονίων: ἐνιοὶ δὲ καὶ περὶ τῆς Ἀθηναίων καὶ Θηβαίων πολιτείας πεποίηνται μνήμην. [2] ἐγὼ δὲ ταύτας μὲν ἐῷ, τὴν γὰρ Ἀθηναίων καὶ Θηβαίων οὐ πάνυ τι πολλοῦ προσδεῖσθαι πέπεισμαι λόγου διὰ τὸ μήτε τὰς αὐξήσεις ἐσχηκέναι κατὰ λόγον μήτε τὰς ἀκμὰς ἐπιμόνους, μήτε τὰς μεταβολὰς ἐνηλλαχέναι μετρίως, [3] ἀλλ' ὥσπερ ἐκ προσπαίου τινὸς τύχης σὺν καιρῷ λάμψαντας, τὸ δὴ λεγόμενον, ἔτι δοκοῦντας ἀκμὴν καὶ μέλλοντας εὐτυχεῖν, τῆς ἐναντίας πείραν εἰληφέναι μεταβολῆς. [4] Θηβαῖοι μὲν γὰρ τῇ Λακεδαιμονίων ἀγνοίᾳ καὶ τῷ τῶν συμμάχων

πρὸς αὐτοὺς μίσει συνεπιθέμενοι, διὰ τὴν ἐνὸς ἀνδρὸς ἀρετὴν ἢ καὶ δευτέρου, τῶν τὰ προειρημένα συνιδόντων, περιεποιήσαντο παρὰ τοῖς Ἑλλησι τὴν ἐπ' ἀρετῇ φήμην. [5] ὅτι γὰρ οὐχ ἡ τῆς πολιτείας σύστασις αἰτία τότε ἐγένετο Θηβαίοις τῶν εὐτυχημάτων, ἀλλ' ἡ τῶν προεστώτων ἀνδρῶν ἀρετὴ, παρὰ πόδας ἡ τύχη τοῦτο πᾶσιν ἐποίησε δῆλον: [6] καὶ γὰρ συνηυξήθη καὶ συνήκμασε καὶ συγκατελύθη τὰ Θηβαίων ἔργα τῷ τ' Ἐπαμινώνδου καὶ τῷ Πελοπίδου βίῳ προφανῶς. [7] ἐξ ὧν οὐ τὴν πολιτείαν αἰτίαν, ἀλλὰ τοὺς ἄνδρας ἡγητέον τῆς τότε

[1] γενομένης περὶ τὴν Θηβαίων πόλιν ἐπιφανείας. τὸ δὲ παραπλήσιον καὶ περὶ τῆς Ἀθηναίων πολιτείας διαληπτέον. [2] καὶ γὰρ αὕτη πλεονάκις μὲν ἴσως, ἐκφανέστατα δὲ τῇ Θεμιστοκλέους ἀρετῇ συνανθήσασα ταχέως τῆς ἐναντίας μεταβολῆς ἔλαβε πεῖραν διὰ τὴν ἀνωμαλίαν τῆς φύσεως. [3] αἰὲ γάρ ποτε τὸν τῶν Ἀθηναίων δῆμον παραπλήσιον εἶναι συμβαίνει τοῖς ἀδεσπότοις σκάφεσι. [4] καὶ γὰρ ἐπ' ἐκείνων, ὅταν μὲν ἢ διὰ πελαγῶν φόβον ἢ διὰ περίστασιν χειμῶνος ὁρμὴ παραστῇ τοῖς ἐπιβάταις συμφρονεῖν καὶ προσέχειν τὸν νοῦν τῷ κυβερνήτῃ, γίνεται τὸ δέον ἐξ αὐτῶν διαφερόντως: [5] ὅταν δὲ θαρρήσαντες ἄρξωνται καταφρονεῖν τῶν προεστώτων καὶ στασιάζειν πρὸς ἀλλήλους διὰ τὸ μηκέτι δοκεῖν πᾶσι ταῦτά, [6] τότε δὴ τῶν μὲν ἔτι πλεῖν προαιρουμένων, τῶν δὲ κατεπειγόντων ὁρμίζειν τὸν κυβερνήτην, καὶ τῶν μὲν ἐκσειόντων τοὺς κάλους, τῶν δ' ἐπιλαμβανομένων καὶ στέλλεσθαι παρακελευομένων, αἰσχροὶ μὲν πρόσοψις γίνεται τοῖς ἔξωθεν θεωμένοις διὰ τὴν ἐν ἀλλήλοις διαφορὰν καὶ στάσιν, ἐπισφαλῆς δ' ἡ διάθεσις τοῖς μετασχοῦσι καὶ κοινωνήσασι τοῦ πλοῦ: [7] διὸ καὶ πολλάκις διαφυγόντες τὰ μέγιστα πελάγη καὶ τοὺς ἐπιφανεστάτους χειμῶνας ἐν τοῖς λιμέσι καὶ πρὸς τῇ γῇ ναυαγοῦσιν. [8] ὁ δὴ καὶ τῇ τῶν Ἀθηναίων πολιτείᾳ πλεονάκις ἤδη συμβέβηκε: διωσαμένη γὰρ ἐνίστε τὰς μεγίστας καὶ δεινοτάτας περιστάσεις διὰ τε τὴν τοῦ δήμου καὶ τὴν τῶν προεστώτων ἀρετὴν ἐν ταῖς ἀπεριστάτοις ῥαστώναις εἰκὴ πως καὶ ἀλόγως ἐνίστε σφάλλεται. [9] διὸ καὶ περὶ μὲν ταύτης τε καὶ τῆς τῶν Θηβαίων οὐδὲν δεῖ πλείω λέγειν, ἐν αἷς ὄχλος χειρίζει τὰ ὅλα κατὰ τὴν ἰδίαν ὁρμὴν, ὁ μὲν ὀξύτητι καὶ πικρία διαφέρων, ὁ δὲ βία καὶ θυμῷ συμπεπαιδευμένος.

[1] ἐπὶ δὲ τὴν Κρηταιῶν μεταβάντας ἄξιον ἐπιστῆσαι κατὰ δύο τρόπους πῶς οἱ λογιώτατοι τῶν ἀρχαίων συγγραφέων, Ἐφορος, Ξενοφῶν, Καλλισθένης, Πλάτων, πρῶτον μὲν ὁμοίαν εἶναί φασι καὶ τὴν αὐτὴν τῇ Λακεδαιμονίων, δεύτερον δ' ἐπαινετὴν ὑπάρχουσαν

ἀποφαίνουσιν: [2] ὧν οὐδέτερον ἀληθὲς εἶναι μοι δοκεῖ. [3] σκοπεῖν δ' ἐκ τούτων πάρεστι. καὶ πρῶτον ὑπὲρ τῆς ἀνομοιότητος διεξιμεν. τῆς μὲν δὴ Λακεδαιμονίων πολιτείας ἴδιον εἶναι φασι πρῶτον μὲν τὰ περὶ τὰς ἐγγαίους κτήσεις, ὧν οὐδενὶ μέτεστι πλεῖον, ἀλλὰ πάντας τοὺς πολίτας ἴσον ἔχειν δεῖ τῆς πολιτικῆς χώρας, [4] δεύτερον τὰ περὶ τὴν τοῦ διαφόρου κτήσιν, ἧς εἰς τέλος ἀδοκίμου παρ' αὐτοῖς ὑπαρχούσης ἄρδην ἐκ τῆς πολιτείας ἀνηρησθαι συμβαίνει τὴν περὶ τὸ πλεῖον καὶ τοῦλαττον φιλοτιμίαν. [5] τρίτον παρὰ Λακεδαιμονίοις οἱ μὲν βασιλεῖς αἰδίων ἔχουσι τὴν ἀρχήν, οἱ δὲ προσαγορευόμενοι γέροντες διὰ βίου, δι' ὧν καὶ μεθ' ὧν πάντα

[1] χειρίζεται τὰ κατὰ τὴν πολιτείαν. παρὰ δὲ Κρηταιεῦσι πάντα τούτοις ὑπάρχει τάναντία: τὴν τε γὰρ χώραν κατὰ δύναμιν αὐτοῖς ἐφιάσιν οἱ νόμοι, τὸ δὲ λεγόμενον, [2] εἰς ἄπειρον κτᾶσθαι, τό τε διάφορον ἐκτετίμηται παρ' αὐτοῖς ἐπὶ τοσοῦτον ὥστε μὴ μόνον ἀναγκαίαν, ἀλλὰ καὶ καλλίστην εἶναι δοκεῖν τὴν τούτου κτήσιν. [3] καθόλου θ' ὁ περὶ τὴν αἰσχροκέρδειαν καὶ πλεονεξίαν τρόπος οὕτως ἐπιχωριάζει παρ' αὐτοῖς ὥστε παρὰ μόνοις Κρηταιεῦσι τῶν ἀπάντων ἀνθρώπων μηδὲν αἰσchrὸν νομίζεσθαι κέρδος. [4] καὶ μὴν τὰ κατὰ τὰς ἀρχὰς ἐπέτεια παρ' αὐτοῖς ἐστὶ καὶ δημοκρατικὴν ἔχει διάθεσιν. [5] ὥστε πολλάκις διαπορεῖν πῶς ἡμῖν περὶ τῶν τὴν ἐναντίαν φύσιν ἐχόντων ὡς οἰκείων καὶ συγγενῶν ὄντων ἀλλήλοις ἐξηγγέλκασιν. [6] καὶ χωρὶς τοῦ παραβλέπειν τὰς τηλικαύτας διαφορὰς καὶ πολὺν δὲ τινα λόγον ἐν ἐπιμέτρῳ διατίθενται, φάσκοντες τὸν Λυκοῦργον μόνον τῶν γεγονότων τὰ συνέχοντα τεθεωρηκέναι: [7] δυεῖν γὰρ ὄντων, δι' ὧν σφάζεται πολίτευμα πᾶν, τῆς πρὸς τοὺς πολεμίους ἀνδρείας καὶ τῆς πρὸς σφᾶς αὐτοὺς ὁμονοίας, ἀνηρηκότα τὴν πλεονεξίαν ἅμα ταύτῃ συνανηρηκέναι πᾶσαν ἐμφύλιον διαφορὰν καὶ στάσιν: [8] ἥ καὶ Λακεδαιμονίους, ἐκτὸς ὄντας τῶν κακῶν τούτων, κάλλιστα τῶν Ἑλλήνων τὰ πρὸς σφᾶς αὐτοὺς πολιτεύεσθαι καὶ συμφρονεῖν ταυτά. [9] ταῦτα δ' ἀποφηνάμενοι, καὶ θεωροῦντες ἐκ παραθέσεως Κρηταιεῖς διὰ τὴν ἔμφυτον σφίσι πλεονεξίαν ἐν πλείσταις ἰδίᾳ καὶ κατὰ κοινὸν στάσεσι καὶ φόνοις καὶ πολέμοις ἐμφυλίοις ἀναστρεφόμενους, οὐδὲν οἶονται πρὸς σφᾶς εἶναι, θαρροῦσι δὲ λέγειν ὡς ὁμοίων ὄντων τῶν πολιτευμάτων. [10] ὁ δ' Ἐφορος χωρὶς τῶν ὀνομάτων καὶ ταῖς λέξεσι κέχρηται ταῖς αὐταῖς, ὑπὲρ ἑκατέρας ποιούμενος τῆς πολιτείας ἐξηγήσιν, ὥστ', εἴ τις μὴ τοῖς κυρίοις ὀνόμασι προσέχοι, κατὰ μηδένα τρόπον ἂν δύνασθαι

διαγινῶναι περὶ ὁποτέρας ποιεῖται τὴν διήγησιν.

[1] ἤι μὲν οὖν μοι δοκοῦσι διαφέρειν ἀλλήλων, [11] ταῦτ' ἔστιν ἡ δὲ πάλιν οὗτ' ἐπαινετὴν οὔτε ζηλωτὴν ἡγοῦμεθ' εἶναι τὴν Κρητικὴν πολιτείαν, νῦν ἥδη διέξιμεν. ἐγὼ γὰρ οἶμαι δύ' ἀρχὰς εἶναι πάσης πολιτείας, δι' ὧν αἰρετὰς ἢ φευκτὰς συμβαίνει γίνεσθαι τὰς τε δυνάμεις αὐτῶν καὶ τὰς συστάσεις· αὗται δ' εἰσὶν ἔθνη καὶ νόμοι· [2] ὧν τὰ μὲν αἰρετὰ τοὺς τε κατ' ἰδίαν βίους τῶν ἀνθρώπων ὁσίους ἀποτελεῖ καὶ σῶφρονας τό τε κοινὸν ἦθος τῆς πόλεως ἡμερον ἀπεργάζεται καὶ δίκαιον, τὰ δὲ φευκτὰ τοῦναντίον. [3] ὥσπερ οὖν, ὅταν τοὺς ἐθισμοὺς καὶ νόμους κατιδῶμεν παρὰ τισι σπουδαίους ὑπάρχοντας, θαρροῦντες ἀποφαινόμεθα καὶ τοὺς ἄνδρας ἐκ τούτων ἔσεσθαι καὶ τὴν τούτων πολιτείαν σπουδαίαν, [4] οὕτως, ὅταν τοὺς τε κατ' ἰδίαν βίους τινῶν πλεονεκτικούς τὰς τε κοινὰς πράξεις ἀδίκους θεωρήσωμεν, δῆλον ὡς εἰκὸς λέγειν καὶ τοὺς νόμους καὶ τὰ κατὰ μέρος ἦθνη καὶ τὴν ὅλην πολιτείαν αὐτῶν εἶναι φαύλην. [5] καὶ μὴν οὔτε κατ' ἰδίαν ἦθνη δολιώτερα Κρητῶν εὔροι τις ἂν πλὴν τελείως ὀλίγων οὔτε κατὰ κοινὸν ἐπιβολὰς ἀδικωτέρας. [6] διόπερ οὐθ' ὁμοίαν αὐτὴν ἡγοῦμενοι τῇ Λακεδαιμονίων οὔτε μὴν ἄλλως αἰρετὴν οὔτε ζηλωτὴν ἀποδοκιμάζομεν ἐκ τῆς προειρημένης συγκρίσεως. [7]

[1] καὶ μὴν οὐδὲ τὴν Πλάτωνος πολιτείαν δίκαιον παρῆσαγαγεῖν, ἐπειδὴ καὶ ταύτην τινὲς τῶν φιλοσόφων ἐξυμνοῦσιν. [8] ὥσπερ γὰρ οὐδὲ τῶν τεχνιτῶν ἢ τῶν ἀθλητῶν τοὺς γε μὴ νενεμημένους ἢ σεσωμασκηκότας παρίεμεν εἰς τοὺς ἀθλητικούς ἀγῶνας, οὕτως οὐδὲ ταύτην χρὴ παρῆσαγαγεῖν εἰς τὴν τῶν πρωτείων ἄμιλλαν, ἐὰν μὴ πρότερον ἐπιδείξηται τι τῶν ἑαυτῆς ἔργων ἀληθινῶς. [9] μέχρι δὲ τοῦ νῦν παραπλήσιος ἂν ὁ περὶ αὐτῆς φανείη λόγος, ἀγομένης εἰς σύγκρισιν πρὸς τὴν Σπαρτιατῶν καὶ Ῥωμαίων καὶ Καρχηδονίων πολιτείαν, ὡς ἂν εἰ τῶν ἀγαλμάτων τις ἐν προθέμενος τοῦτο συγκρίνοι τοῖς ζῶσι καὶ πεπνυμένοις ἀνδράσι. [10] καὶ γὰρ ἂν ὅλως ἐπαινετὸν ὑπάρχει κατὰ τὴν τέχνην, τὴν γε σύγκρισιν τῶν ἀνύχων τοῖς ἐμψύχοις ἐνδεῇ καὶ τελείως ἀπεμφαίνουσιν εἰκὸς προσπίπτειν τοῖς θεωμένοις. διόπερ ἀφέμενοι τούτων ἐπὶ τὴν Λακωνικὴν ἐπάνιμεν πολιτείαν. [2] δοκεῖ δὴ μοι Λυκοῦργος πρὸς μὲν τὸ σφίσιν ὁμονοεῖν τοὺς πολίτας καὶ πρὸς τὸ τὴν Λακωνικὴν τηρεῖν ἀσφαλῶς, ἔτι δὲ τὴν ἐλευθερίαν διαφυλάττειν τῇ Σπάρτῃ βεβαίως, οὕτως νενομοθετηκέναι καὶ προνενοῆσθαι καλῶς ὥστε θειοτέραν τὴν ἐπίνοιαν ἢ κατ' ἄνθρωπον αὐτοῦ νομίζειν. [3] ἡ μὲν γὰρ περὶ τὰς

κτήσεις ισότης καὶ περὶ τὴν δίαιταν ἀφέλεια καὶ κοινότης σώφρονας μὲν ἔμελλε τοὺς κατ' ἰδίαν βίους παρασκευάζειν, ἀστασίαστον δὲ τὴν κοινὴν παρέξεσθαι πολιτείαν, ἣ δὲ πρὸς τοὺς πόνους καὶ πρὸς τὰ δεινὰ τῶν ἔργων ἄσκησις ἀλκίμους καὶ γενναίους ἀποτελέσειν ἄνδρας. [4] ἐκατέρων δὲ τούτων ὁμοῦ συνδραμόντων εἰς μίαν ψυχὴν ἢ πόλιν, ἀνδρείας καὶ σωφροσύνης, οὐτ' ἐξ αὐτῶν φῦναι κακίαν εὐμαρὲς οὐθ' ὑπὸ τῶν πέλας χειρωθῆναι ῥάδιον. [5] διόπερ οὕτως καὶ διὰ τούτων συστησάμενος τὴν πολιτείαν, βεβαίαν μὲν τῇ συμπάσῃ Λακωνικῇ παρεσκεύασε τὴν ἀσφάλειαν, πολυχρόνιον δὲ τοῖς Σπαρτιάταις αὐτοῖς ἀπέλιπε τὴν ἐλευθερίαν. [6] πρὸς μέντοι γε τὴν τῶν πέλας κατάκτησιν καὶ πρὸς ἡγεμονίαν καὶ καθόλου πρὸς πραγμάτων ἀμφισβήτησιν οὐτ' ἐν τοῖς κατὰ μέρος οὐτ' ἐν τοῖς ὅλοις δοκεῖ μοι προνοηθῆναι καθάπαξ οὐδέν. [7] λοιπὸν ἦν τοιαύτην τινὰ παρεισαγαγεῖν [δεῖ] τοῖς πολίταις ἀνάγκην ἢ πρόθεσιν, δι' ἧς ὥσπερ καὶ περὶ τοὺς κατ' ἰδίαν βίους αὐτάρκεις αὐτοὺς παρεσκεύασε καὶ λιτούς, οὕτως καὶ τὸ κοινὸν ἔθος τῆς πόλεως αὐταρκες ἔμελλε γίνεσθαι καὶ σῶφρον. [8] νῦν δ' ἀφιλοτιμοτάτους καὶ νουνεχεστάτους ποιήσας περὶ τε τοὺς ἰδίους βίου, καὶ τὰ τῆς σφετέρας πόλεως νόμιμα, πρὸς τοὺς ἄλλους Ἕλληνας φιλοτιμοτάτους καὶ φιλαρχοτάτους καὶ πλεονεκτικωτάτους ἀπέλιπε.

[1] τοῦτο μὲν γὰρ τίς οὐκ οἶδε διότι πρῶτοι σχεδὸν τῶν Ἑλλήνων ἐπιθυμήσαντες τῆς τῶν ἀστυγειτόνων χώρας διὰ πλεονεξίαν ἐπ' ἐξανδραποδισμῷ Μεσσηνίοις πόλεμον ἐξήνεγκαν; [2] τοῦτο δὲ τίς οὐχ ἰστόρηκεν ὡς διὰ φιλονεικίαν ἐνόρκους σφᾶς ἐποίησαν μὴ πρόσθεν λύσειν τὴν πολιορκίαν πρὶν ἢ κατὰ κράτος ἐλεῖν τὴν Μεσσήνην; [3] καὶ μὴν τοῦτο γνώριμον ὑπάρχει πᾶσιν, ὡς διὰ τὴν ἐν τοῖς Ἑλληνσι φιλαρχίαν, οὓς ἐνίκησαν μαχόμενοι, τούτοις αὖτις ὑπέμειναν ποιεῖν τὸ προσταττόμενον. [4] ἐπιπορευομένους μὲν γὰρ τοὺς Πέρσας ἐνίκων διαγωνιζόμενοι περὶ τῆς τῶν Ἑλλήνων ἐλευθερίας: [5] ἐπανελθοῦσι δὲ καὶ φυγοῦσι προὔδωκαν ἐκδότους τὰς Ἑλληνίδας πόλεις κατὰ τὴν ἐπ' Ἀνταλκίδου γενομένην εἰρήνην χάριν τοῦ χρημάτων εὐπορῆσαι πρὸς τὴν κατὰ τῶν Ἑλλήνων δυναστείαν, [6] ὅτε δὴ καὶ τὸ τῆς νομοθεσίας ἐλλίπες συνώφθη παρ' αὐτοῖς. [7] ἔως μὲν γὰρ τῆς τῶν ἀστυγειτόνων, ἔτι δὲ τῆς Πελοποννησίων αὐτῶν ἀρχῆς ἐφίεντο, συνεξέποιοντο ταῖς ἐκ τῆς Λακωνικῆς αὐτῆς ἐπαρκειαῖς καὶ χορηγίαις, προχείρους μὲν ἔχοντες τὰς τῶν ἐπιτηδείων παρασκευάς, ταχείας δὲ ποιούμενοι τὰς εἰς τὴν οἰκείαν

ἐπανάδους καὶ παρακομιδᾶς. [8] ἐπεὶ δὲ στόλους μὲν ἐπεβάλλοντο κατὰ θάλατταν ἐκπέμπειν, στρατεύειν δὲ πεζικοῖς στρατοπέδοις ἔξω Πελοποννήσου, δηλὸν ὡς οὔτε τὸ νόμισμα τὸ σιδηροῦν οὐθ' ἢ τῶν ἐπετείων καρπῶν ἀλλαγὴ πρὸς τὰ λείποντα τῆς χρείας ἔμελλεν αὐτοῖς ἐξαρκεῖν κατὰ τὴν Λυκούργου νομοθεσίαν: [9] προσεδεῖτο γὰρ τὰ πράγματα κοινοῦ νομίσματος καὶ ξενικῆς παρασκευῆς. [10] ὅθεν ἠναγκάσθησαν ἐπὶ θύρας μὲν πορεύεσθαι τὰς Περσῶν, φόρους δὲ τοῖς νησιώταις ἐπιτάττειν, ἀργυρολογεῖν δὲ πάντας τοὺς Ἕλληνας, γνόντες ὡς οὐχ οἷόν τε κατὰ τὴν Λυκούργου νομοθεσίαν οὐχ ὅτι τῆς τῶν Ἑλλήνων ἡγεμονίας, ἀλλ' οὐδὲ πραγμάτων ἀντιποιεῖσθαι τὸ παράπαν.

[1] τίνος οὖν χάριν εἰς ταῦτα παρεξέβην; ἵνα γένηται δι' αὐτῶν τῶν πραγμάτων συμφανὲς ὅτι πρὸς μὲν τὸ τὰ σφέτερα βεβαίως διαφυλάττειν καὶ πρὸς τὸ τὴν ἐλευθερίαν τηρεῖν αὐτάρκης ἐστὶν ἡ Λυκούργου νομοθεσία, [2] καὶ τοῖς γε τοῦτο τὸ τέλος ἀποδεχομένοις τῆς πολιτείας συγχωρητέον ὡς οὗτ' ἔστιν οὔτε γέγονεν οὐδὲν αἰρετώτερον τοῦ Λακωνικοῦ καταστήματος καὶ συντάγματος. [3] εἰ δέ τις μειζόνων ἐφίεται, κἀκείνου κάλλιον καὶ σεμνότερον εἶναι νομίζει τὸ πολλῶν μὲν ἡγεῖσθαι, πολλῶν δ' ἐπικρατεῖν καὶ δεσπόζειν, πάντας δ' εἰς αὐτὸν ἀποβλέπειν καὶ νεύειν πρὸς αὐτόν, [4] τῇδὲ πη συγχωρητέον τὸ μὲν Λακωνικὸν ἐνδεὲς εἶναι πολίτευμα, τὸ δὲ Ῥωμαίων διαφέρειν καὶ δυναμικωτέραν ἔχειν τὴν σύστασιν. [5] δηλὸν δὲ τοῦτ' ἐξ αὐτῶν γέγονε τῶν πραγμάτων. Λακεδαιμόνιοι μὲν γὰρ ὀρμήσαντες ἐπὶ τὸ κατακτᾶσθαι τὴν τῶν Ἑλλήνων ἡγεμονίαν, ταχέως ἐκινδύνευσαν καὶ περὶ τῆς σφετέρας ἐλευθερίας: [6] Ῥωμαῖοι δὲ τῆς Ἰταλιωτῶν αὐτῶν ἐπιλαβόμενοι δυναστείας, ἐν ὀλίγῳ χρόνῳ πᾶσαν ὑφ' ἑαυτοὺς ἐποίησαντο τὴν οἰκουμένην, οὐ μικρὰ πρὸς τὸ καθικέσθαι τῆς πράξεως ταύτης συμβαλλομένης αὐτοῖς τῆς εὐπορίας καὶ τῆς ἐτοιμότητος τῆς κατὰ τὰς χορηγίας.

[1] τὸ δὲ Καρχηδονίων πολίτευμα τὸ μὲν ἀνέκαθ' ἐν μοι δοκεῖ καλῶς κατὰ γε τὰς ὁλοσχερεῖς διαφορὰς συνεστάσθαι. [2] καὶ γὰρ βασιλεῖς ἦσαν παρ' αὐτοῖς, καὶ τὸ γερόντιον εἶχε τὴν ἀριστοκρατικὴν ἐξουσίαν, καὶ τὸ πλῆθος ἦν κύριον τῶν καθηκόντων αὐτῶν: καθόλου δὲ τὴν τῶν ὅλων ἀρμογὴν εἶχε παραπλησίαν τῇ Ῥωμαίων καὶ Λακεδαιμονίων. [3] κατὰ γε μὴν τοὺς καιροὺς τούτους, καθ' οὓς εἰς τὸν Ἀννιβιακὸν ἐνέβαινε πόλεμον, χεῖρον ἦν τὸ Καρχηδονίων, ἄμεινον δὲ τὸ Ῥωμαίων. [4] ἐπειδὴ γὰρ παντὸς καὶ σώματος καὶ

πολιτείας καὶ πράξεώς ἐστὶ τις αὐξησης κατὰ φύσιν, μετὰ δὲ ταύτην ἀκμή, κάππειτα φθίσις, κράτιστα δ' αὐτῶν ἐστὶ πάντα τὰ κατὰ τὴν ἀκμήν, παρὰ τοῦτο καὶ τότε διέφερεν ἀλλήλων τὰ πολιτεύματα. [5] καθ' ὅσον γὰρ ἡ Καρχηδονίων πρότερον ἴσχυε καὶ πρότερον εὐτύχει τῆς Ῥωμαίων, κατὰ τοσοῦτον ἡ μὲν Καρχηδὼν ἤδη τότε παρήκμαζεν, ἡ δὲ Ῥώμη μάλιστα τότε εἶχε τὴν ἀκμήν κατὰ γε τὴν τῆς πολιτείας σύστασιν. [6] διὸ καὶ τὴν πλείστην δύναμιν ἐν τοῖς διαβουλίαις παρὰ μὲν Καρχηδονίοις ὁ δῆμος ἤδη μετείληφει, παρὰ δὲ Ῥωμαίοις ἀκμήν εἶχεν ἡ σύγκλητος. [7] ὅθεν παρ' οἷς μὲν τῶν πολλῶν βουλευομένων, παρ' οἷς δὲ τῶν ἀρίστων, κατίσχυε τὰ Ῥωμαίων διαβούλια περὶ τὰς κοινὰς πράξεις. [8] ἥ καὶ πταίσαντες τοῖς ὅλοις τῷ βουλευέσθαι καλῶς τέλος ἐπεκράτησαν τῷ πολέμῳ τῶν Καρχηδονίων.

[1] τὰ γε μὴν κατὰ μέρος, οἷον εὐθέως τὰ πρὸς τὰς πολεμικὰς χρείας, τὸ μὲν πρὸς τὰς κατὰ θάλατταν, ὅπερ εἰκός, ἄμεινον ἀσκούσι καὶ παρασκευάζονται Καρχηδόνιοι διὰ τὸ καὶ πάτριον αὐτοῖς ὑπάρχειν ἐκ παλαιοῦ τὴν ἐμπειρίαν ταύτην καὶ θαλαττουργεῖν μάλιστα πάντων ἀνθρώπων, [2] τὸ δὲ περὶ τὰς πεζικὰς χρείας πολὺ δὴ τι Ῥωμαῖοι πρὸς τὸ βέλτιον ἀσκούσι Καρχηδονίων. [3] οἱ μὲν γὰρ τὴν ὅλην περὶ τοῦτο ποιοῦνται σπουδὴν, Καρχηδόνιοι δὲ τῶν μὲν πεζικῶν εἰς τέλος ὀλιγοῦσι, τῶν δ' ἵππικῶν βραχεῖαν τινα ποιοῦνται πρόνοιαν. [4] αἴτιον δὲ τούτων ἐστὶν ὅτι ξενικαῖς καὶ μισθοφόροις χρῶνται δυνάμεσι, Ῥωμαῖοι δ' ἐγχωρίοις καὶ πολιτικαῖς. [5] ἥ καὶ περὶ τοῦτο τὸ μέρος ταύτην τὴν πολιτείαν ἀποδεκτέον ἐκείνης μάλλον: ἡ μὲν γὰρ ἐν ταῖς τῶν μισθοφόρων εὐψυχίαις ἔχει τὰς ἐλπίδας αἰεὶ τῆς ἐλευθερίας, ἡ δὲ Ῥωμαίων ἐν ταῖς σφετέραις ἀρεταῖς καὶ ταῖς τῶν συμμάχων ἐπαρκείαις. [6] διὸ καὶ ποτε πταίσωσι κατὰ τὰς ἀρχάς, Ῥωμαῖοι μὲν ἀναμάχονται τοῖς ὅλοις, Καρχηδόνιοι δὲ τούναντίον. [7] ἐκεῖνοι γὰρ ὑπὲρ πατρίδος ἀγωνιζόμενοι καὶ τέκνων οὐδέποτε δύνανται λῆξαι τῆς ὀργῆς, ἀλλὰ μένουσι ψυχομαχοῦντες, ἕως ἄν περιγένωνται τῶν ἐχθρῶν. [8] διὸ καὶ περὶ τὰς ναυτικὰς δυνάμεις πολὺ τι λειπόμενοι Ῥωμαῖοι κατὰ τὴν ἐμπειρίαν, ὥς προεῖπον ἐπάνω, τοῖς ὅλοις ἐπικρατοῦσι διὰ τὰς τῶν ἀνδρῶν ἀρετάς: [9] καίπερ γὰρ οὐ μικρὰ συμβαλλομένης εἰς τοὺς κατὰ θάλατταν κινδύνους τῆς ναυτικῆς χρείας, ὅμως ἡ τῶν ἐπιβατῶν εὐψυχία πλείστην παρέχεται ῥοπὴν εἰς τὸ νικᾶν. [10] διαφέρουσι μὲν οὖν καὶ φύσει πάντες Ἰταλιῶται Φοινίκων καὶ Λιβύων τῇ τε

σωματικῇ ῥώμῃ καὶ ταῖς ψυχικαῖς τόλμαις: μεγάλην δὲ καὶ διὰ τῶν ἐθισμῶν πρὸς τοῦτο τὸ μέρος ποιοῦνται τῶν νέων παρόρμησιν. [11] ἔν δὲ ῥηθὲν ἱκανὸν ἔσται σημεῖον τῆς τοῦ πολιτεύματος σπουδῆς, ἣν ποιεῖται περὶ τὸ τοιοῦτους ἀποτελεῖν ἄνδρας ὥστε πᾶν ὑπομένειν χάριν τοῦ τυχεῖν ἐν τῇ πατρίδι τῆς ἐπ' ἀρετῇ φήμης.

[1] ὅταν γὰρ μεταλλάξῃ τις παρ' αὐτοῖς τῶν ἐπιφανῶν ἀνδρῶν, συντελουμένης τῆς ἐκφορᾶς κομίζεται μετὰ τοῦ λοιποῦ κόσμου πρὸς τοὺς καλουμένους ἐμβόλους εἰς τὴν ἀγορὰν ποτὲ μὲν ἐστὼς ἐναργῆς, σπανίως δὲ κατακεκλιμένος. [2] περίξ δὲ παντὸς τοῦ δήμου στάντος, ἀναβάς ἐπὶ τοὺς ἐμβόλους, ἂν μὲν υἱὸς ἐν ἡλικίᾳ καταλείπηται καὶ τύχῃ παρών, οὗτος, εἰ δὲ μὴ, τῶν ἄλλων εἴ τις ἀπὸ γένους ὑπάρχει, λέγει περὶ τοῦ τετελευτηκότος τὰς ἀρετὰς καὶ τὰς ἐπιτετευγμένας ἐν τῷ ζῆν πράξεις. [3] δι' ὧν συμβαίνει τοὺς πολλοὺς ἀναμιμνησκομένους καὶ λαμβάνοντας ὑπὸ τὴν ὄψιν τὰ γεγονότα, μὴ μόνον τοὺς κεκοινωνηκότας τῶν ἔργων, ἀλλὰ καὶ τοὺς ἐκτός, ἐπὶ τοσοῦτον γίνεσθαι συμπαθεῖς ὥστε μὴ τῶν κηδευόντων ἴδιον, ἀλλὰ κοινὸν τοῦ δήμου φαίνεσθαι τὸ σύμπτωμα. [4] μετὰ δὲ ταῦτα θάψαντες καὶ ποιήσαντες τὰ νομιζόμενα τιθέασι τὴν εἰκόνα τοῦ μεταλλάξαντος εἰς τὸν ἐπιφανέστατον τόπον τῆς οἰκίας, ξύλινα ναῖδια περιτιθέντες. [5] ἡ δ' εἰκὼν ἐστὶ πρόσωπον εἰς ὁμοιότητα διαφερόντως ἐξεργασμένον καὶ κατὰ τὴν πλάσιν καὶ κατὰ τὴν ὑπογραφὴν. [6] ταύτας δὴ τὰς εἰκόνας ἐν τε ταῖς δημοτελέσι θυσίαις ἀνοίγοντες κοσμοῦσι φιλοτίμως, ἐπὶ τὴν οἰκείων μεταλλάξῃ τις ἐπιφανῆς, ἄγουσιν εἰς τὴν ἐκφορὰν, περιτιθέντες ὡς ὁμοιοτάτοις εἶναι δοκοῦσι κατὰ τε τὸ μέγεθος καὶ τὴν ἄλλην περικοπήν. [7] οὗτοι δὲ προσαναλαμβάνουσιν ἐσθῆτας, ἐὰν μὲν ὕπατος ἢ στρατηγὸς ἢ γεγωνῶς, περιπορφύρους, ἐὰν δὲ τιμητὴς, πορφυρᾶς, ἐὰν δὲ καὶ τεθριαμβευκῶς ἢ τι τοιοῦτον κατεργασμένος, διαχρύσους. [8] αὐτοὶ μὲν οὖν ἐφ' ἁρμάτων οὗτοι πορεύονται, ῥάβδοι δὲ καὶ πελέκεις καὶ τᾶλλα τὰ ταῖς ἀρχαῖς εἰωθότα συμπαρακεῖσθαι προηγεῖται κατὰ τὴν ἀξίαν ἐκάστω τῆς γεγενημένης κατὰ τὸν βίον ἐν τῇ πολιτείᾳ προαγωγῆς ὅταν δ' ἐπὶ τοὺς ἐμβόλους ἔλθωσι, [9] καθέζονται πάντες ἐξῆς ἐπὶ δίφρων ἐλεφαντίνων. οὗ κάλλιον οὐκ εὐμαρὲς ἰδεῖν θέαμα νέῳ φιλοδόξῳ καὶ φιλαγάθῳ: [10] τὸ γὰρ τὰς τῶν ἐπ' ἀρετῇ δεδοξασμένων ἀνδρῶν εἰκόνας ἰδεῖν ὁμοῦ πάσας οἷον εἰ ζώσας καὶ πεπνυμένας τίν' οὐκ ἂν παραστήσαι; τί δ' ἂν κάλλιον

[1] θέαμα τούτου φανείη; πλὴν ὅ γε λέγων ὑπὲρ τοῦ θάπτεσθαι

μέλλοντος, ἐπὶ ἀν διέλθῃ τὸν περὶ τούτου λόγον, ἄρχεται τῶν ἄλλων ἀπὸ τοῦ προγενεστάτου τῶν παρόντων, καὶ λέγει τὰς ἐπιτυχίας ἐκάστου καὶ τὰς πράξεις. [2] ἐξ ὧν καινοποιουμένης αἰεὶ τῶν ἀγαθῶν ἀνδρῶν τῆς ἐπ' ἀρετῇ φήμης ἀθανατίζεται μὲν ἢ τῶν καλὸν τι διαπραξαμένων εὐκλεία, γνῶριμος δὲ τοῖς πολλοῖς καὶ παραδόσιμος τοῖς ἐπιγινομένοις ἢ τῶν εὐεργετησάντων τὴν πατρίδα γίνεται δόξα. τὸ δὲ μέγιστον, [3] οἱ νέοι παρορμῶνται πρὸς τὸ πᾶν ὑπομένειν ὑπὲρ τῶν κοινῶν πραγμάτων χάριν τοῦ τυχεῖν τῆς συνακολουθούσης τοῖς ἀγαθοῖς τῶν ἀνδρῶν εὐκλείας. [4] πίστιν δ' ἔχει τὸ λεγόμενον ἐκ τούτων. πολλοὶ μὲν γὰρ ἐμονομάχησαν ἐκουσίως Ῥωμαίων ὑπὲρ τῆς τῶν ὅλων κρίσεως, οὐκ ὀλίγοι δὲ προδήλους εἵλοντο θανάτους, τινὲς μὲν ἐν πολέμῳ τῆς τῶν ἄλλων ἔνεκεν σωτηρίας, τινὲς δ' ἐν εἰρήνῃ χάριν τῆς τῶν κοινῶν πραγμάτων ἀσφαλείας. [5] καὶ μὴν ἀρχὰς ἔχοντες ἔνιοι τοὺς ἰδίους υἱοὺς παρὰ πᾶν ἔθος ἢ νόμον ἀπέκτειναν, περὶ πλείονος ποιούμενοι τὸ τῆς πατρίδος συμφέρον τῆς κατὰ φύσιν οἰκειότητος πρὸς τοὺς ἀναγκαιοτάτους. [6] πολλὰ μὲν οὖν τοιαῦτα καὶ περὶ πολλῶν ἱστορεῖται παρὰ Ῥωμαίοις ἐν δ' ἄρκοῦν ἔσται πρὸς τὸ παρὸν ἐπ' ὀνόματος ῥηθὲν ὑποδείγματος καὶ πίστεως ἔνεκεν.

[1] Κόκλῃν γὰρ λέγεται τὸν Ὠράτιον ἐπικληθέντα, διαγωνιζόμενον πρὸς δύο τῶν ὑπεναντίων ἐπὶ τῷ καταντικρὺ τῆς γεφύρας πέρατι τῆς ἐπὶ τοῦ Τιβέριδος, ἣ κεῖται πρὸ τῆς πόλεως, ἐπεὶ πλῆθος ἐπιφερόμενον εἶδε τῶν βοηθούντων τοῖς πολεμίοις, δέισαντα μὴ βιασάμενοι παραπέσωσιν εἰς τὴν πόλιν, βοᾶν ἐπιστραφέντα τοῖς κατόπιν ὡς τάχος ἀναχωρήσαντας διασπᾶν τὴν γέφυραν. [2] τῶν δὲ πειθαρχησάντων, ἕως μὲν οὗτοι διέσπων, ὑπέμενε τραυμάτων πλῆθος ἀναδεχόμενος καὶ διακατέσχε τὴν ἐπιφορὰν τῶν ἐχθρῶν, οὐχ οὕτως τὴν δύναμιν ὡς τὴν ὑπόστασιν αὐτοῦ καὶ τόλμαν καταπεπληγμένων τῶν ὑπεναντίων: [3] διασπασθείσης δὲ τῆς γεφύρας, οἱ μὲν πολέμοι τῆς ὁρμῆς ἐκωλύθησαν, ὁ δὲ Κόκλῃς ῥίψας ἑαυτὸν εἰς τὸν ποταμὸν ἐν τοῖς ὅπλοις κατὰ προαίρεσιν μετήλλαξε τὸν βίον, περὶ πλείονος ποιησάμενος τὴν τῆς πατρίδος ἀσφάλειαν καὶ τὴν ἐσομένην μετὰ ταῦτα περὶ αὐτὸν εὐκλείαν τῆς παρούσης ζωῆς καὶ τοῦ καταλειπομένου βίου. [4] τοιαύτη τις, ὡς ἔοικε, διὰ τῶν παρ' αὐτοῖς ἐθισμῶν ἐγγεννᾶται τοῖς νέοις ὁρμὴ καὶ φιλοτιμία πρὸς τὰ καλὰ τῶν ἔργων.

[1] καὶ μὴν τὰ περὶ τοὺς χρηματισμοὺς ἔθῃ καὶ νόμιμα βελτίω παρὰ Ῥωμαίοις ἐστὶν ἢ παρὰ Καρ [2] χηδονίοις παρ' οἷς μὲν γὰρ

οὐδὲν αἰσχροὺν τῶν ἀνηκόντων πρὸς κέρδος, παρ' οἷς δ' οὐδὲν αἷσχιον τοῦ δωροδοκεῖσθαι καὶ τοῦ πλεονεκτεῖν ἀπὸ τῶν μὴ [3] καθηκόντων καθ' ὅσον γὰρ ἐν καλῷ τίθενται τὸν ἀπὸ τοῦ κρατίστου χρηματισμόν, κατὰ τοσοῦτο πάλιν ἐν ὀνείδει ποιοῦνται τὴν ἐκ τῶν ἀπειρημένων πλεονεξίαν. [4] σημεῖον δὲ τοῦτο: παρὰ μὲν Καρχηδονίοις δῶρα φανερώς διδόντες λαμβάνουσι τὰς ἀρχάς, παρὰ δὲ Ῥωμαίοις θάνατός ἐστι περὶ τοῦτο πρόστιμον. [5] ὅθεν τῶν ἄθλων τῆς ἀρετῆς ἐναντίων τιθεμένων παρ' ἀμφοῖν, εἰκὸς ἀνόμοιον εἶναι καὶ τὴν παρασκευὴν ἐκατέρων πρὸς ταῦτα. [6]

[1] μεγίστην δέ μοι δοκεῖ διαφορὰν ἔχειν τὸ Ῥωμαίων πολίτευμα πρὸς βέλτιον ἐν τῇ περὶ θεῶν διαλήψει. [7] καί μοι δοκεῖ τὸ παρὰ τοῖς ἄλλοις ἀνθρώποις ὀνειδίζόμενον, τοῦτο συνέχειν τὰ Ῥωμαίων πράγματα, λέγω δὲ τὴν δεισιδαιμονίαν: [8] ἐπὶ τοσοῦτον γὰρ ἐκτετραγώδηται καὶ παρεισῆκται τοῦτο τὸ μέρος παρ' αὐτοῖς εἰς τε τοὺς κατ' ἰδίαν βίους καὶ τὰ κοινὰ τῆς πόλεως ὥστε μὴ καταλιπεῖν ὑπερβολήν. ὁ καὶ δόξειεν ἂν πολλοῖς εἶναι θαυμάσιον. [9] ἐμοὶ γε μὴν δοκοῦσι τοῦ πλήθους χάριν τοῦτο πεποιηκέναι. [10] εἰ μὲν γὰρ ἦν σοφῶν ἀνδρῶν πολίτευμα συναγαγεῖν, ἴσως οὐδὲν ἦν ἀναγκαῖος ὁ τοιοῦτος τρόπος: [11] ἐπεὶ δὲ πᾶν πλῆθος ἐστὶν ἐλαφρόν καὶ πλῆρες ἐπιθυμιῶν παρανόμων, ὀργῆς ἀλόγου, θυμοῦ βιαίου, λείπεται τοῖς ἀδήλοισι φόβοις καὶ τῇ τοιαύτῃ τραγωδίᾳ τὰ πλήθη συνέχειν. [12] διόπερ οἱ παλαιοὶ δοκοῦσί μοι τὰς περὶ θεῶν ἐννοίας καὶ τὰς ὑπὲρ τῶν ἐν ἅδου διαλήψεις οὐκ εἰκῇ καὶ ὥς ἔτυχεν εἰς τὰ πλήθη παρεισαγαγεῖν, πολὺ δὲ μᾶλλον οἱ νῦν εἰκῇ καὶ ἀλόγως ἐκβάλλειν αὐτά. [13] τοιγαροῦν χωρὶς τῶν ἄλλων οἱ τὰ κοινὰ χειρίζοντες παρὰ μὲν τοῖς Ἑλλήσιν, ἐὰν ταλάντου μόνον πιστευθῶσιν, ἀντιγραφεῖς ἔχοντες δέκα καὶ σφραγίδας τοσαύτας καὶ μάρτυρας διπλασίους οὐ δύνανται τηρεῖν τὴν πίστιν: [14] παρὰ δὲ Ῥωμαίοις κατὰ τε τὰς ἀρχάς καὶ πρεσβείας πολὺ τι πλῆθος χρημάτων χειρίζοντες δι' αὐτῆς τῆς κατὰ τὸν ὅρκον πίστεως τηροῦσι τὸ καθῆκον. [15] καὶ παρὰ μὲν τοῖς ἄλλοις σπάνιόν ἐστιν εὐρεῖν ἀπεχόμενον ἄνδρα τῶν δημοσίων καὶ καθαρεύοντα περὶ ταῦτα: παρὰ δὲ τοῖς Ῥωμαίοις σπάνιόν ἐστι τὸ λαβεῖν τινα πεφωραμένον ἐπὶ τοιαύτῃ πράξει. [Cod. Urb. habet haec v. p. 264, 17. 293, 5 cum antecedentibus arcte cohaerentia exc. ant. p. 188.] VIII. Conclusio Disputationis de Romanorum Re Publica ὅτι μὲν οὖν πᾶσι τοῖς οὖσιν ὑπόκειται φθορὰ καὶ μεταβολὴ σχεδὸν οὐ προσδεῖ λόγων: ἱκανὴ γὰρ ἡ τῆς φύσεως ἀνάγκη παραστήσαι τὴν

τοιαύτην πίστιν. [2] δεῖν δὲ τρόπων ὄντων, καθ' οὓς φθείρεσθαι πέφυκε πᾶν γένος πολιτείας, τοῦ μὲν ἔξωθεν, τοῦ δ' ἐν αὐτοῖς φυομένου, τὸν μὲν ἐκτὸς ἄστατον ἔχειν συμβαίνει τὴν θεωρίαν, τὸν δ' ἐξ αὐτῶν τεταγμένην. [3] τί μὲν δὴ πρῶτον φύεται γένος πολιτείας καὶ τί δεύτερον, καὶ πῶς εἰς ἄλληλα μεταπίπτουσιν, εἴρηται πρόσθεν ἡμῖν, [4] ὥστε τοὺς δυναμένους τὰς ἀρχὰς τῷ τέλει συνάπτειν τῆς ἐνεστώσης ὑποθέσεως κἂν αὐτοὺς ἤδη προειπεῖν ὑπὲρ τοῦ μέλλοντος. ἔστι δ', ὡς ἐγῶμαι, δῆλον. [5] ὅταν γὰρ πολλοὺς καὶ μεγάλους κινδύνους διωσαμένη πολιτεία μετὰ ταῦτα εἰς ὑπεροχὴν καὶ δυναστείαν ἀδήριτον ἀφίκηται, φανερόν ὡς εἰσοικιζομένης εἰς αὐτὴν ἐπὶ πολὺ τῆς εὐδαιμονίας συμβαίνει τοὺς μὲν βίους γίνεσθαι πολυτελεστέους, τοὺς δ' ἄνδρας φιλονεικοτέρους τοῦ δέοντος περὶ τὰς ἀρχὰς καὶ τὰς ἄλλας ἐπιβολάς. [6] ὃν προβαινόντων ἐπὶ πλέον ἄρξει μὲν τῆς ἐπὶ τὸ χεῖρον μεταβολῆς ἢ φιλαρχία καὶ τὸ τῆς ἀδοξίας ὄνειδος, πρὸς δὲ τούτοις ἢ περὶ τοὺς βίους ἀλαζονεία καὶ πολυτέλεια, [7] λήψεται δὲ τὴν ἐπιγραφὴν τῆς μεταβολῆς ὁ δῆμος, ὅταν ὑφ' ὧν μὲν ἀδικεῖσθαι δόξη διὰ τὴν πλεονεξίαν, ὑφ' ὧν δὲ χαυνωθῇ κολακευόμενος διὰ τὴν φιλαρχίαν. [8] τότε γὰρ ἐξοργισθεὶς καὶ θυμῷ πάντα βουλευόμενος οὐκέτι θελήσει πειθαρχεῖν οὐδ' ἴσον ἔχειν τοῖς προεστῶσιν, ἀλλὰ πᾶν καὶ τὸ πλεῖστον αὐτός. [9] οὗ γενομένου τῶν μὲν ὀνομάτων τὸ κάλλιστον ἢ πολιτεία μεταλήψεται, τὴν ἐλευθερίαν καὶ δημοκρατίαν, τῶν δὲ πραγμάτων τὸ χεῖριστον, τὴν ὀχλοκρατίαν. [10]

[1] ἡμεῖς δ' ἐπειδὴ τὴν τε σύστασιν καὶ τὴν αὔξησιν τῆς πολιτείας, ἔτι δὲ τὴν ἀκμὴν καὶ τὴν διάθεσιν, πρὸς δὲ τούτοις τὴν διαφορὰν πρὸς τὰς ἄλλας τοῦ τε χείρονος ἐν αὐτῇ καὶ βελτίονος διεληλύθαμεν, τὸν μὲν περὶ τῆς πολιτείας λόγον ὧδέ πη καταστρέφομεν. τῶν δὲ συναπτόντων μερῶν τῆς ἱστορίας τοῖς καιροῖς, ἀφ' ὧν παρεξέβημεν, παραλαβόντες ἐπὶ βραχὺ μιᾶς πράξεως ποιησόμεθα κεφαλαιώδη μνήμην, ἵνα μὴ τῷ λόγῳ μόνον ἀλλὰ καὶ τοῖς πράγμασιν, ὥσπερ ἀγαθοῦ τεχνίτου δεῖγμα τῶν ἔργων ἔν τι προενεγκάμενοι, φανεράν ποιήσωμεν τῆς πολιτείας τὴν ἀκμὴν καὶ δύναμιν, οἷα τις ἦν κατ' ἐκείνους τοὺς χρόνους. [2] Ἀννίβας γὰρ ἐπειδὴ τῇ περὶ Κάνναν μάχῃ περιγεγόμενος Ῥωμαίων ἐγκρατὴς ἐγένετο τῶν τὸν χάρακα φυλαττόντων ὀκτακισχιλίων, ζωγρήσας ἅπαντας συνεχώρησε διαπέμπεσθαι σφίσι πρὸς τοὺς ἐν οἴκῳ περὶ λύτρων καὶ σωτηρίας. [3] τῶν δὲ προχειρισamenών δέκα τοὺς ἐπιφανεστάτους, ὀρκίσας ἢ μὴν

ἐπανάξιν πρὸς αὐτόν, ἐξέπεμψε τούτους. [4] εἷς δὲ τῶν προχειρισθέντων ἐκπορευόμενος ἐκ τοῦ χάρακος ἤδη, καὶ τι φήσας ἐπιλελῆσθαι, πάλιν ἀνέκαμψε, καὶ λαβὼν τὸ καταλειφθὲν αὐθις ἀπελύετο, νομίζων διὰ τῆς ἀναχωρήσεως τετηρηκέναι τὴν πίστιν καὶ λελυκέναι τὸν ὄρκον. [5] ὧν παραγενομένων εἰς τὴν Ῥώμην, καὶ δεομένων καὶ παρακαλούντων τὴν σύγκλητον μὴ φθονῆσαι τοῖς ἐαλωκόσι τῆς σωτηρίας, ἀλλ' εἶσαι τρεῖς μνᾶς ἕκαστον καταβαλόντα σωθῆναι πρὸς τοὺς ἀναγκαίους: τοῦτο γὰρ συγχωρεῖν ἔφασαν τὸν Ἀννίβαν: [6] εἶναι δ' ἀξίους σωτηρίας αὐτούς: οὔτε γὰρ ἀποδεδεικναι κατὰ τὴν μάχην οὐτ' ἀνάξιον οὐδὲν πεποιηκέναι τῆς Ῥώμης, ἀλλ' ἀπολειφθέντας τὸν χάρακα τηρεῖν, πάντων ἀπολομένων τῶν ἄλλων ἐν τῇ μάχῃ τῷ καιρῷ περιληφθέντας ὑποχειρίους γενέσθαι τοῖς πολεμίοις. [7] Ῥωμαῖοι δὲ μεγάλοις κατὰ τὰς μάχας περιπεπωκότες ἐλαττώμασι, πάντων δ' ὡς ἔπος εἰπεῖν ἐστερημένοι τότε τῶν συμμάχων, ὅσον οὐπω δὲ προσδοκῶντες τὸν περὶ τῆς πατρίδος αὐτοῖς ἐκφέρεσθαι κίνδυνον, [8] διακούσαντες τῶν λεγομένων οὔτε τοῦ πρόποντος αὐτοῖς εἶξαντες ταῖς συμφοραῖς ὠλιγόρησαν οὔτε τῶν δεόντων οὐδὲν τοῖς λογισμοῖς παρεῖδον, [9] ἀλλὰ συνιδόντες τὴν Ἀννίβου πρόθεσιν, ὅτι βούλεται διὰ τῆς πράξεως ταύτης ἅμα μὲν εὐπορῆσαι χρημάτων, ἅμα δὲ τὸ φιλότιμον ἐν ταῖς μάχαις ἐξελέσθαι τῶν ἀντιταττομένων, ὑποδείξας ὅτι τοῖς ἡττημένοις ὅμως ἐλπίς ἀπολείπεται σωτηρίας, [10] τοσοῦτ' ἀπέσχον τοῦ ποιῆσαι τι τῶν ἀξιουμένων ὥστ' οὔτε τὸν τῶν οἰκείων ἔλεον οὔτε τὰς ἐκ τῶν ἀνδρῶν ἐσομένης χρείας ἐποιήσαντο περὶ πλείονος, [11] ἀλλὰ τοὺς μὲν Ἀννίβου λογισμοὺς καὶ τὰς ἐν τούτοις ἐλπίδας ἀπέδειξαν κενάς, ἀπειπάμενοι τὴν διαλύτρωσιν τῶν ἀνδρῶν, τοῖς δὲ παρ' αὐτῶν ἐνομοθέτησαν ἢ νικᾶν μαχομένους ἢ θνήσκειν, ὡς ἄλλης οὐδεμιᾶς ἐλπίδος ὑπαρχούσης εἰς σωτηρίαν αὐτοῖς ἡττωμένοις. [12] διὸ καὶ ταῦτα προθέμενοι τοὺς μὲν ἐννέα τῶν πρεσβευτῶν ἐθελοντὴν κατὰ τὸν ὄρκον ἀναχωροῦντας ἐξέπεμψαν, τὸν δὲ σοφισάμενον πρὸς τὸ λῦσαι τὸν ὄρκον δῆσαντες ἀποκατέστησαν πρὸς τοὺς πολεμίους, [13] ὥστε τὸν Ἀννίβαν μὴ τοσοῦτον χαρῆναι νικήσαντα τῇ μάχῃ Ῥωμαίους ὡς συντριβῆναι καταπλαγέντα τὸ στάσιμον καὶ τὸ μεγαλόψυχον τῶν ἀνδρῶν ἐν τοῖς διαβουλίαις. BOOK 7

[1] I. Res Italiae Πολύβιος δ' ἐν τῇ ἐβδόμῃ “Καπηησίους τοὺς ἐν Καμπανίᾳ διὰ τὴν ἀρετὴν τῆς γῆς πλοῦτον περιβαλομένους ἐξοκεῖλαι εἰς τρυφὴν καὶ πολυτέλειαν, ὑπερβαλλομένους τὴν περὶ Κρότωνα καὶ Σύβαριν παραδεδομένην φήμην. [2] οὐ δυνάμενοι οὖν, φησί, φέρειν τὴν παροῦσαν εὐδαιμονίαν ἐκάλουν τὸν Ἀννίβαν. διόπερ ὑπὸ Ῥωμαίων ἀνήκεστα δεινὰ ἔπαθον. [3] Πετηλῖνοι δὲ τηρήσαντες τὴν πρὸς Ῥωμαίους πίστιν εἰς τοσοῦτον καρτερίας ἤλθον πολιορκούμενοι ὑπ' Ἀννίβα ὥστε μετὰ τὸ πάντα μὲν τὰ κατὰ τὴν πόλιν δέρματα καταφαγεῖν, ἀπάντων δὲ τῶν κατὰ τὴν πόλιν δένδρων τοὺς φλοιοὺς καὶ τοὺς ἀπαλοὺς πτόρθους ἀναλῶσαι, καὶ ἔνδεκα μῆνας ὑπομείναντες τὴν πολιορκίαν, οὐδενὸς βοηθοῦντος, συνευδοκούντων Ῥωμαίων παρέδοσαν ἑαυτούς.” [Athenaeus XII, 36 p. 528 a.][4]

[1] ἡ δὲ Καπύη μεταθεμένη πρὸς τοὺς Καρχηδονίους τῷ βάρει συνεπεσπάσατο καὶ τὰς ἄλλας πόλεις. [Suidas v Καπύη.] II. Res Siciliae ὅτι μετὰ τὴν ἐπιβουλὴν τὴν κατὰ Ἱερωνύμου τοῦ βασιλέως Συρακοσίων, ἐκχωρήσαντος τοῦ Θράσωνος, οἱ περὶ τὸν Ζώιππον καὶ Ἀδρανόδωρον πείθουσι τὸν Ἱερώνυμον εὐθέως πρεσβευτὰς πρὸς τὸν Ἀννίβαν πέμψαι. [2] προχειρισάμενος δὲ Πολύκλειτον τὸν Κυρηναῖον καὶ Φιλόδημον τὸν Ἀργεῖον, τούτους μὲν εἰς Ἰταλίαν ἀπέστειλε, δούς ἐντολὰς λαλεῖν ὑπὲρ κοινοπραγίας τοῖς Καρχηδονίοις, ἅμα δὲ καὶ τοὺς ἀδελφοὺς εἰς Ἀλεξάνδρειαν ἀπέπεμψεν. [3] Ἀννίβας δὲ τοὺς περὶ Πολύκλειτον καὶ Φιλόδημον ἀποδεξάμενος φιланθρώπως, καὶ πολλὰς ἐλπίδας ὑπογράψας τῷ μεираκίῳ [Ἱερωνύμῳ], σπουδῇ πάλιν ἀπέπεμψε τοὺς πρέσβεις, σὺν δὲ τούτοις Ἀννίβαν τὸν Καρχηδόνιον, ὄντα τότε τριήραρχον, καὶ τοὺς Συρακοσίους Ἱπποκράτην καὶ τὸν ἀδελφὸν αὐτοῦ τὸν νεώτερον Ἐπικύδην. [4] συνέβαινε δὲ τούτους τοὺς ἄνδρας καὶ πλείω χρόνον ἤδη στρατεύεσθαι μετ' Ἀννίβου, πολιτευομένους παρὰ Καρχηδονίοις διὰ τὸ φεύγειν αὐτῶν τὸν πάππον ἐκ Συρακουσῶν δόξαντα προσενηνοχέαι τὰς χεῖρας ἐνὶ τῶν Ἀγαθοκλέους υἱῶν Ἀγαθάρχῳ. [5] παραγενομένων δὲ τούτων εἰς τὰς Συρακούσας, καὶ τῶν μὲν περὶ Πολύκλειτον ἀποπρεσβευσάντων, τοῦ δὲ Καρχηδονίου διαλεχθέντος κατὰ τὰς ὑπ' Ἀννίβου δεδομένας ἐντολὰς, εὐθέως ἔτοιμος ἦν κοινωνεῖν Καρχηδονίοις τῶν

πραγμάτων: [6] καὶ τὸν τε παραγεγονότα πρὸς αὐτὸν Ἀννίβαν ἔφη δεῖν πορεύεσθαι κατὰ τάχος εἰς τὴν Καρχηδόνα, καὶ παρ' αὐτοῦ συμπέμπειν ἐπηγγείλατο τοὺς διαλεχθησομένους τοῖς Καρχηδονίοις.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον ὁ τεταγμένος ἐπὶ Λιλυβαίου στρατηγὸς τῶν Ῥωμαίων ταῦτα πυνθανόμενος ἔπεμψε πρὸς Ἱερώνυμον πρέσβεις τοὺς ἀνανεωσομένους τὰς πρὸς τοὺς προγόνους αὐτοῦ συντεθειμένας συνθήκας. [2] ὁ δ' Ἱερώνυμος ἔτ' ἐγγὺς ἐπόντων τῶν πρεσβευτῶν [εἶτ' ἐν μισειόντων] τῶν Καρχηδονίων, ἔφη συλλυπεῖσθαι τοῖς Ῥωμαίοις ὅτι κακοὶ κακῶς ἐν ταῖς κατὰ τὴν Ἰταλίαν μάχαις ἀπολώλασιν ὑπὸ Καρχηδονίων. [3] τῶν δὲ καταπλαγέντων τὴν ἀστοχίαν, ὅμως δὲ προσπυθομένων τίς λέγει ταῦτα περὶ αὐτῶν, ἔδειξε τοὺς Καρχηδονίους παρόντας, καὶ τούτους ἐκέλευσε διελέγχειν, εἴ τι τυγχάνουσι ψευδόμενοι. [4] τῶν δὲ φησάντων οὐ πάτριον εἶναι σφίσι πιστεύειν τοῖς πολεμίοις, παρακαλούντων δὲ μὴδὲν ποιεῖν παρὰ τὰς συνθήκας, ὅτι τοῦτο καὶ δίκαιόν ἐστι καὶ συμφέρον αὐτῷ μάλιστ' ἐκείνῳ, περὶ μὲν τούτων. ἔφη βουλευσάμενος αὐτοῖς πάλιν διασαφήσειν, [5] ἤρετο δὲ πῶς πρὸ τῆς τελευτῆς τοῦ πάππου πλεύσαντες ἕως τοῦ Παχύνου πεντήκοντα ναυσὶ πάλιν ἀνακάμψαιεν. [6] συμβεβήκει δὲ Ῥωμαίους βραχεῖ χρόνῳ πρότερον ἀκούσαντας Ἱέρωνα μετελλαχέναι, καὶ διαγωνιάσαντας μὴ τι νεωτερίσωσιν ἐν ταῖς Συρακούσαις καταφρονήσαντες τῆς τοῦ καταλελειμμένου παιδὸς ἡλικίας, πεποιῆσθαι τὸν ἐπίπλουν, πυθομένους δὲ τὸν Ἱέρωνα ζῆν αὖθις εἰς τὸ Λιλύβαιον ἀναδραμεῖν. [7] διὸ καὶ τότε παρομολογούντων πεποιῆσθαι μὲν τὸν ἐπίπλουν, θέλοντας ἐφεδρεῦσαι τῇ νεότητι τῇ 'κείνου καὶ συνδιαφυλάξαι τὴν ἀρχὴν αὐτῷ, προσπεσόντος δὲ ζῆν τὸν πάππον, ἀποπλεῦσαι πάλιν, [8] ῥηθέντων δὲ τούτων, πάλιν ὑπολαβὸν τὸ μειράκιον "ἔασατε τοῖνυν" ἔφη "κάμει νῦν, ἄνδρες Ῥωμαῖοι, διαφυλάξαι τὴν ἀρχήν, παλινδρομήσαντα πρὸς τὰς Καρχηδονίων ἐλπίδας" [9] . οἱ δὲ Ῥωμαῖοι συνέντες τὴν ὁρμὴν αὐτοῦ, τότε μὲν κατασιωπήσαντες ἐπανῆλθον, καὶ διεσάφουν τὰ λεγόμενα τῷ πέμψαντι, τὸ δὲ λοιπὸν ἤδη προσεῖχον καὶ παρεφύλαττον ὡς πολέμιον.

[1] Ἱερώνυμος δὲ προχειρισάμενος Ἀγάθαρχον καὶ Ὀνησιγένη καὶ Ἱπποσθένη πέμπει μετ' Ἀννίβου πρὸς Καρχηδονίους, δοὺς ἐντολὰς ἐπὶ τοῖσδε ποιεῖσθαι τὰς συνθήκας, [2] ἐφ' ᾧ Καρχηδονίους βοηθεῖν καὶ πεζικαῖς καὶ ναυτικαῖς δυνάμεσι, καὶ συνεκβαλόντας Ῥωμαίους ἐκ Σικελίας οὕτως διελέσθαι τὰ κατὰ τὴν νῆσον ὥστε τῆς ἐκατέρων

ἐπαρχίας ὅρον εἶναι τὸν Ἰμέραν ποταμόν, ὃς μάλιστα πὺς δίχα διαιρεῖ τὴν ὅλην Σικελίαν. [3] οὗτοι μὲν οὖν ἀφικόμενοι πρὸς Καρχηδονίους διελέγοντο περὶ τούτων καὶ ταῦτ' ἔπραττον, εἰς πᾶν ἐτοίμως συγκαταβαίνοντων τῶν Καρχηδονίων: [4] οἱ δὲ περὶ τὸν Ἴπποκράτην, λαμβάνοντες εἰς τὰς χεῖρας τὸ μεираκίον τὰς μὲν ἀρχὰς ἐψυχαγῶγουν, ἐξηγούμενοι τὰς ἐν Ἰταλίᾳ πορείας Ἀννίβου καὶ παρατάξεις καὶ μάχας, [5] μετὰ δὲ ταῦτα φάσκοντες μηδενὶ καθήκειν μᾶλλον τὴν ἀπάντων Σικελιωτῶν ἀρχὴν ὡς ἐκείνῳ, πρῶτον μὲν διὰ τὸ τῆς Πύρρου θυγατρὸς υἱὸν εἶναι Νηρηίδος, ὃν μόνον κατὰ προαίρεσιν καὶ κατ' εὖνοιαν Σικελιωταὶ πάντες εὐδόκησαν σφῶν αὐτῶν ἡγεμόν' εἶναι καὶ βασιλέα, δευτέρον δὲ κατὰ τὴν Ἰέρωνος τοῦ πάππου δυναστείαν. [6] καὶ τέλος ἐπὶ τοσοῦτον ἐξωμίλησαν τὸ μεираκίον ὥστε καθόλου μηδενὶ προσέχειν τῶν ἄλλων διὰ τὸ καὶ φύσει μὲν ἀκατάστατον ὑπάρχειν, ἔτι δὲ μᾶλλον ὑπ' ἐκείνων τότε μετεωρισθέν: [7] ἀκμὴν τῶν περὶ Ἀγάθαρχον ἐν τῇ Καρχηδόνι τὰ προειρημένα διαπραττομένων, ἐπιπέμπει πρεσβευτάς, τὴν μὲν τῆς Σικελίας ἀρχὴν φάσκων αὐτῷ καθήκειν ἅπασαν, ἀξίων δὲ Καρχηδονίους μὲν βοηθεῖν περὶ Σικελίας, αὐτὸς δὲ Καρχηδονίοις ὑπισχνούμενος ἐπαρκεῖν εἰς τὰς κατὰ τὴν Ἰταλίαν πράξεις. [8] τὴν μὲν οὖν ὅλην ἀκαταστασίαν καὶ μανίαν καλῶς συνθεώμενοι Καρχηδόνιοι τοῦ μεираκίου, νομίζοντες δὲ κατὰ πολλοὺς τρόπους συμφέρειν σφίσι τὸ μὴ προέσθαι τὰ κατὰ τὴν Σικελίαν, [9] ἐκείνῳ μὲν ἅπαντα συγκατένευον, αὐτοὶ δὲ καὶ πρότερον ἤδη παρασκευασάμενοι ναῦς καὶ στρατιώτας, ἐγένοντο πρὸς τὸ διαβιβάζειν τὰς

[1] δυνάμεις εἰς τὴν Σικελίαν. οἱ δὲ Ῥωμαῖοι ταῦτα πυνθανόμενοι πάλιν ἔπεμψαν πρὸς αὐτὸν πρέσβεις, διαμαρτυρόμενοι μὴ παραβαίνειν τὰς πρὸς τοὺς προγόνους αὐτοῦ τεθειμένας συνθήκας. [2] ὑπὲρ ὧν Ἰερώνυμος ἀθροίσας τὸ συνέδριον ἀνέδωκε διαβούλιον τί δεῖ ποιεῖν. [3] οἱ μὲν οὖν ἐγχώριοι τὴν ἡσυχίαν ἤγον, δεδιότες τὴν τοῦ προεστῶτος ἀκρισίαν: Ἀριστόμαχος δ' ὁ Κορίνθιος καὶ Δάμιππος ὁ Λακεδαιμόνιος καὶ Αὐτόνους ὁ Θετταλὸς ἡξίουσαν ἐμμένειν ταῖς πρὸς Ῥωμαίους συνθήκαις. [4] Ἀδρανόδωρος δὲ μόνος οὐκ ἔφη δεῖν παριέναι τὸν καιρόν: εἶναι δὲ τὸν ἐνεστῶτα μόνον ἐν ᾧ κατακτήσασθαι δυνατόν ἐστι τὴν τῆς Σικελίας ἀρχήν. [5] τοῦ δὲ ταῦτ' εἰπόντος, ἤρετο τοὺς περὶ τὸν Ἴπποκράτην ποίας μετέχουσι γνώμης. τῶν δὲ φησάντων τῆς Ἀδρανοδώρου, πέρας εἶχε τὸ διαβούλιον. καὶ τὰ μὲν τοῦ πολέμου τοῦ πρὸς Ῥωμαίους ἐκεκύρωτο τὸν τρόπον

τοῦτον: [6] βουλόμενος δὲ μὴ σκαιῶς δοκεῖν ἀποκρίνεσθαι τοῖς πρεσβευταῖς, εἰς τηλικαύτην ἀστοχίαν ἐνέπεσε δι' ἧς τοῖς Ῥωμαίοις οὐ μόνον δυσαραεστήσειν, ἀλλὰ καὶ προσκόπτειν ἔμελλε προφανῶς. [7] ἔφη γὰρ ἐμμενεῖν ἐν ταῖς συνθήκαις, ἐὰν αὐτῷ πρῶτον μὲν τὸ χρυσίον ἀποδῶσι πᾶν, ὃ παρ' Ἰέρωνος ἔλαβον τοῦ πάππου, δεύτερον δὲ τὸν σῖτον ἐκ παντὸς ἀποκαταστήσωσι τοῦ χρόνου καὶ τὰς ἄλλας δωρεάς, ἃς εἶχον παρ' ἐκείνου, τὸ δὲ τρίτον ὁμολογήσωσι τὴν ἐντὸς Ἰμέρα ποταμοῦ χώραν καὶ πόλεις εἶναι Συρακοσίων. [8] οἱ μὲν οὖν πρεσβευταὶ καὶ τὸ συνέδριον ἐπὶ τούτοις ἐχωρίσθησαν: οἱ δὲ περὶ τὸν Ἰερώνυμον ἀπὸ τούτων τῶν καιρῶν ἐνήργουν τὰ τοῦ πολέμου, καὶ τὰς τε δυνάμεις ἤθροιζον καὶ καθόπλιζον τὰς τε λουπὰς χορηγίας ἡτοίμαζον. [Exc. De legat. p. 1.]

[1] ἡ γὰρ τῶν Λεοντίνων πόλις τῷ μὲν ὄλῳ κλίματι τέτραπται πρὸς τὰς ἄρκτους, [2] ἔστι δὲ διὰ μέσης αὐτῆς αὐλῶν ἐπίπεδος, ἐν ᾧ συμβαίνει τὰς τε τῶν ἀρχαίων καὶ δικαστηρίων κατασκευὰς καὶ καθόλου τὴν ἀγορὰν ὑπάρχειν. [3] τοῦ δ' αὐλῶνος παρ' ἐκατέραν τὴν πλευρὰν παρῆκει λόφος, ἔχων ἀπορρῶγα συνεχῆ: τὰ δ' ἐπίπεδα τῶν λόφων τούτων ὑπὲρ τὰς ὀφρῦς οἰκιῶν ἔστι πλήρη καὶ ναῶν. [4] δύο δ' ἔχει πυλῶνας ἢ πόλιν, ὧν ὁ μὲν ἐπὶ τοῦ πρὸς μεσημβρίαν ἐπείρατός ἐστιν οὗ προεῖπον αὐλῶνος, φέρων ἐπὶ Συρακούσας, ὁ δ' ἕτερος ἐπὶ τοῦ πρὸς ἄρκτους, ἄγων ἐπὶ τὰ Λεοντῖνα καλούμενα πεδία καὶ τὴν γεωργήσιμον χώραν. [5] ὑπὸ δὲ τὴν μίαν ἀπορρῶγα, τὴν πρὸς τὰς δύσεις, παραρρεῖ ποταμός, ὃν καλοῦσι Λίσσον. [6] τούτῳ δὲ κεῖνται παράλληλοι καὶ πλείους ὑπ' αὐτὸν τὸν κρημνὸν οἰκίαι συνεχεῖς, ὧν μεταξὺ καὶ τοῦ ποταμοῦ συμβαίνει τὴν προειρημένην ὁδὸν ὑπάρχειν. [Cod. Urb. fol. 96 exc. ant. p. 193.]

[1] ὅτι τινὲς τῶν λογογράφων τῶν ὑπὲρ τῆς καταστροφῆς τοῦ Ἰερωνύμου γεγραφότων πολὺν τινα πεποίηται λόγον καὶ πολλήν τινα διατέθινται τερατείαν, ἐξηγούμενοι μὲν τὰ πρὸ τῆς ἀρχῆς αὐτοῖς γενόμενα σημεῖα καὶ τὰς ἀτυχίας τὰς Συρακοσίων, [2] τραγωδοῦντες δὲ τὴν ὁμότητα τῶν τρόπων καὶ τὴν ἀσέβειαν τῶν πράξεων, ἐπὶ δὲ πᾶσι τὸ παράλογον καὶ τὸ δεινὸν τῶν περὶ τὴν καταστροφὴν αὐτοῦ συμβάντων, ὥστε μήτε Φάλαριν μήτ' Ἀπολλόδωρον μήτ' ἄλλον μηδένα γεγονέναι τύραννον ἐκείνου πικρότερον. [3] καίτοι παῖς παραλαβὼν τὴν ἀρχήν, εἶτα μῆνας οὐ πλείους τριῶν καὶ δέκα βιώσας μετέλλαξε τὸν βίον. [4] κατὰ δὲ τὸν χρόνον τοῦτον ἓνα μὲν τινα καὶ δεύτερον ἐστρεβλῶσθαι καὶ τινὰς

τῶν φίλων καὶ τῶν ἄλλων Συρακοσίων ἀπεκτάνθαι δυνατόν, ὑπερβολὴν δὲ γεγονέναι παρανομίας καὶ παρηλλαγμένην ἀσέβειαν οὐκ εἰκός. [5] καὶ τῷ μὲν τρόπῳ διαφερόντως εἰκαῖον αὐτὸν γεγονέναι καὶ παράνομον φατέον, οὐ μὴν εἷς γε σύγκρισιν ἀκτέον οὐδενὶ τῶν προειρημένων τυράννων. [6] ἀλλὰ μοι δοκοῦσιν οἱ τὰς ἐπὶ μέρους γράφοντες πράξεις, ἐπειδὰν ὑποθέσεις εὐπεριλήπτους ὑποστήσωνται καὶ στενάς, πτωχεύοντες πραγμάτων ἀναγκάζεσθαι τὰ μικρὰ μεγάλα ποιεῖν καὶ περὶ τῶν μηδὲ μνήμης ἀξίων πολλοὺς τινὰς διατίθεσθαι λόγους. ἔνιοι δὲ καὶ δι' ἀκρισίαν εἰς τὸ παραπλήσιον τούτοις ἐμπίπτουσιν. [7] ὅσῳ γὰρ ἂν τις εὐλογώτερον καὶ περὶ ταῦτα τὸν ἀναπληροῦντα τὰς βύβλους καὶ τὸν ἐπιμετροῦντα λόγον τῆς διηγήσεως εἰς Ἰέρωνα καὶ Γέλωνα διάθοιτο, παρεῖς Ἰερώνυμον. [8] καὶ γὰρ τοῖς φιληκόοις ἡδίων οὗτος καὶ τοῖς φιλομαθοῦσι

[1] τῷ παντὶ χρησιμώτερος. Ἰέρων μὲν γὰρ πρῶτον μὲν δι' αὐτοῦ κατεκτήσατο τὴν Συρακοσίων καὶ τῶν συμμάχων ἀρχήν, οὐ πλοῦτον, οὐ δόξαν, οὐχ ἕτερον οὐδὲν ἐκ τῆς τύχης ἔτοιμον παραλαβών. [2] καὶ μὴν οὐκ ἀποκτείνας, οὐ φυγαδεύσας, οὐ λυπήσας οὐδένα τῶν πολιτῶν, δι' αὐτοῦ βασιλεὺς κατέστη τῶν Συρακοσίων, [3] ὁ πάντων ἐστὶ παραδοξότατον, ἔτι δὲ τὸ μὴ μόνον κτήσασθαι τὴν ἀρχὴν οὕτως, ἀλλὰ καὶ διαφυλάξαι τὸν αὐτὸν τρόπον. [4] ἔτη γὰρ πεντήκοντα καὶ τέτταρα βασιλεύσας διετήρησε μὲν τῇ πατρίδι τὴν εἰρήνην, διεφύλαξε δ' αὐτῷ τὴν ἀρχὴν ἀνεπιβούλευτον, διέφυγε δὲ τὸν ταῖς ὑπεροχαῖς παρεπόμενον φθόνον: [5] ὅς γε πολλάκις ἐπιβαλόμενος ἀποθέσθαι τὴν δυναστείαν ἐκωλύθη κατὰ κοινὸν ὑπὸ τῶν πολιτῶν. [6] εὐεργετικώτατος δὲ καὶ φιλοδοξότατος γενόμενος εἰς τοὺς Ἕλληνας μεγάλην μὲν αὐτῷ δόξαν, οὐ μικρὰν δὲ Συρακοσίοις εὐνοίαν παρὰ πᾶσιν ἀπέλιπε. [7] καὶ μὴν ἐν περιουσίᾳ καὶ τρυφῇ καὶ δαυηλείᾳ πλείστη διαγενόμενος ἔτη μὲν ἐβίωσε πλείω τῶν ἐνενήκοντα, διεφύλαξε δὲ τὰς αἰσθήσεις ἀπάσας, διετήρησε δὲ πάντα καὶ τὰ μέρη τοῦ σώματος ἀβλαβῇ. [8] τοῦτο δὲ μοι δοκεῖ σημεῖον οὐ μικρόν, ἀλλὰ παμμέγεθες εἶναι βίου σῶφρονος. [Exc. Peir. p. 9.] [9]

[1] ὅτι Γέλων πλείω τῶν πεντήκοντα βιώσας ἐτῶν σκοπὸν προέθηκε κάλλιστον ἐν τῷ ζῆν, τὸ πειθαρχεῖν τῷ γεννήσαντι, καὶ μήτε πλοῦτον μήτε βασιλείας μέγεθος μήτ' ἄλλο περὶ πλείονος ποιήσασθαι μηδὲν τῆς πρὸς τοὺς γονεῖς εὐνοίας καὶ πίστεως. [Exc. Peir. p. 13.] III. Res Graeciae ὄρκος, ὃν ἔθετο Ἀννίβας ὁ στρατηγός, Μάγωνος, Μύρκανος, Βαρμόκαρος, καὶ πάντες γερουσιασται

[4] Ἀννίβας ὁ στρατηγὸς εἶπε καὶ πάντες Καρχηδονίων γερουσιασταὶ οἱ μετ' αὐτοῦ καὶ πάντες Καρχηδόνιοι οἱ στρατευόμενοι μετ' αὐτοῦ, ὃ ἂν δοκῇ ὑμῖν καὶ ἡμῖν, τὸν ὅρκον τοῦτον θέσθαι περὶ φιλίας καὶ εὐνοίας καλῆς, φίλους καὶ οἰκείους καὶ ἀδελφούς, [5] ἐφ' ᾧτ' εἶναι σφζομένους ὑπὸ βασιλέως Φιλίππου καὶ Μακεδόνων καὶ ὑπὸ τῶν ἄλλων Ἑλλήνων, ὅσοι εἰσὶν αὐτῶν σύμμαχοι, κυρίους Καρχηδονίους καὶ Ἀννίβαν τὸν στρατηγὸν καὶ τοὺς μετ' αὐτοῦ καὶ τοὺς Καρχηδονίων ὑπάρχους, ὅσοι τοῖς αὐτοῖς νόμοις χρῶνται, καὶ Ἰτυκαίους, καὶ ὅσαι πόλεις καὶ ἔθνη Καρχηδονίων ὑπήκοα, καὶ τοὺς στρατιώτας καὶ τοὺς συμμάχους, [6] καὶ πάσας πόλεις καὶ ἔθνη, πρὸς ἃ ἔστιν ἡμῖν ἢ τε φιλία τῶν ἐν Ἰταλίᾳ καὶ Κελτίᾳ καὶ ἐν τῇ Λιγυστίῃ, καὶ πρὸς οὓστινας ἡμῖν ἂν γένηται φιλία καὶ συμμαχία ἐν ταύτῃ τῇ χώρᾳ. [7] ἔσται δὲ καὶ Φίλιππος ὁ βασιλεὺς καὶ Μακεδόνες καὶ τῶν ἄλλων Ἑλλήνων οἱ σύμμαχοι, σφζόμενοι καὶ φυλαττόμενοι ὑπὸ Καρχηδονίων τῶν συστρατευομένων καὶ ὑπὸ Ἰτυκαίων καὶ ὑπὸ πασῶν πόλεων καὶ ἐθνῶν ὅσα ἐστὶ Καρχηδονίοις ὑπήκοα, καὶ συμμάχων καὶ στρατιωτῶν, καὶ ὑπὸ πάντων ἐθνῶν καὶ πόλεων ὅσα ἐστὶν ἐν Ἰταλίᾳ καὶ Κελτίᾳ καὶ Λιγυστίῃ, καὶ ὑπὸ τῶν ἄλλων, ὅσοι ἂν γένωνται σύμμαχοι ἐν τοῖς κατ' Ἰταλίαν τόποις τούτοις. [8] οὐκ ἐπιβουλεύσομεν ἀλλήλοις οὐδὲ λόχῳ χρησόμεθα ἐπ' ἀλλήλοις, μετὰ πάσης δὲ προθυμίας καὶ εὐνοίας ἄνευ δόλου καὶ ἐπιβουλῆς ἐσόμεθα πολέμιοι τοῖς πρὸς Καρχηδονίους πολεμοῦσι χωρὶς βασιλέων καὶ πόλεων καὶ λιμένων, πρὸς οὓς ἡμῖν εἰσὶν ὅρκοι καὶ φιλίαι. [9] ἐσόμεθα δὲ καὶ ἡμεῖς πολέμιοι τοῖς πολεμοῦσι πρὸς βασιλέα Φίλιππον χωρὶς βασιλέων καὶ πόλεων καὶ ἐθνῶν, πρὸς οὓς ἡμῖν εἰσὶν ὅρκοι καὶ φιλίαι. [10] ἔσεσθε δὲ καὶ ἡμῖν σύμμαχοι πρὸς τὸν πόλεμον,

ὅς ἐστιν ἡμῖν πρὸς Ῥωμαίους, ἕως ἂν ἡμῖν καὶ ὑμῖν οἱ θεοὶ διδῶσι τὴν εὐημερίαν. [11] βοηθήσετε δὲ ἡμῖν, ὥς ἂν χρεία ᾗ καὶ ὥς ἂν συμφωνήσωμεν. [12] ποιησάντων δὲ τῶν θεῶν εὐημερίαν ἡμῖν κατὰ τὸν πόλεμον τὴν πρὸς Ῥωμαίους καὶ τοὺς συμμάχους αὐτῶν, ἂν ἀξιῶσι Ῥωμαῖοι συντίθεσθαι περὶ φιλίας, συνθησόμεθα, ὥστ' εἶναι πρὸς ὑμᾶς τὴν αὐτὴν φιλίαν, [13] ἐφ' ᾗτε μὴ ἐξεῖναι αὐτοῖς ἄρασθαι πρὸς ὑμᾶς μηδέποτε πόλεμον, μηδ' εἶναι Ῥωμαίους κυρίους Κερκυραίων μηδ' Ἀπολλωνιατῶν καὶ Ἐπιδαμνίων μηδὲ Φάρου μηδὲ Διμάλης καὶ Παρθίνων μηδ' Ἀτιντανίας. [14] ἀποδώσουσι δὲ καὶ Δημητρίῳ τῷ Φαρίῳ τοὺς οἰκείους πάντας, οἳ εἰσιν ἐν τῷ κοινῷ τῶν Ῥωμαίων. [15] ἐὰν δὲ αἴρωνται Ῥωμαῖοι πρὸς ὑμᾶς πόλεμον ἢ πρὸς ἡμᾶς, βοηθήσωμεν ἀλλήλοις εἰς τὸν πόλεμον, καθὼς ἂν ἑκατέρους ᾗ χρεία. [16] ὁμοίως δὲ καὶ ἐάν τινες ἄλλοι χωρὶς βασιλέων καὶ πόλεων καὶ ἔθνων, πρὸς ᾧ ἡμῖν εἰσιν ὅρκοι καὶ φιλίαι. [17] ἐὰν δὲ δοκῇ ἡμῖν ἀφελεῖν ἢ προσθεῖναι πρὸς τόνδε τὸν ὅρκον, ἀφελοῦμεν ἢ προσθήσωμεν ὥς ἂν ἡμῖν δοκῇ ἀμφοτέροις. [Cod. Urb. fol. 96 exc. ant. p. 193.]

[1] ὅτι Γόργος ὁ Μεσσήνιος οὐδενὸς ἦν δεύτερος Μεσσηνίων πλούτῳ καὶ γένει, διὰ δὲ τὴν ἄθλησιν κατὰ τὴν ἀκμὴν πάντων ἐνδοξότατος ἐγγέγονει τῶν περὶ τοὺς γυμνικοὺς ἀγῶνας φιλοστεφανούντων. [3] καὶ γὰρ κατὰ τὴν ἐπιφάνειαν καὶ κατὰ τὴν τοῦ λοιποῦ βίου προστασίαν, ἔτι δὲ κατὰ τὸ πλῆθος τῶν στεφάνων, οὐδενὸς ἐλείπετο τῶν καθ' αὐτόν. [4] καὶ μὴν ὅτε καταλύσας τὴν ἄθλησιν ἐπὶ τὸ πολιτεύεσθαι καὶ τὸ πράττειν τὰ τῆς πατρίδος ὥρμησε, καὶ περὶ τοῦτο τὸ μέρος οὐκ ἐλάττω δόξαν ἐξεφέρετο τῆς πρότερον ὑπαρχούσης αὐτῷ, [5] πλεῖστον μὲν ἀπέχειν δοκῶν τῆς τοῖς ἀθληταῖς παρεπομένης ἀναγωγίας, πρακτικώτατος δὲ καὶ νουνεχέστατος εἶναι νομιζόμενος περὶ τὴν πολιτείαν. [2] δοκεῖ γάρ μοι τοῖς καὶ κατὰ βραχὺ

βουλομένοις τῶν πραγματικῶν ἀνδρῶν περιποιεῖσθαι τὴν ἐκ τῆς ἱστορίας διόρθωσιν ἐναργέστατον εἶναι τοῦτο παράδειγμα. [3] καὶ γὰρ διὰ τὸ τῆς ἀρχῆς ἐπιφανὲς καὶ διὰ τὸ τῆς φύσεως λαμπρὸν ἐκφανεστάτας συμβαίνει καὶ γνωριμωτάτας γεγονέναι πᾶσι τοῖς Ἑλλήσι τὰς εἰς ἑκάτερον τὸ μέρος ὁρμὰς τοῦ βασιλέως τούτου, παραπλησίως δὲ καὶ τὰ συνεξακολουθήσαντα ταῖς ὁρμαῖς ἐκατέραις ἐκ παραθέσεως. [4] ὅτι μὲν οὖν αὐτῷ μετὰ τὸ παραλαβεῖν τὴν βασιλείαν τὰ τε κατὰ Θετταλίαν καὶ Μακεδονίαν καὶ συλλήβδην τὰ κατὰ τὴν ἰδίαν ἀρχὴν οὕτως ὑπετέτακτο καὶ συνέκλινε ταῖς εὐνοίαις ὥς οὐδενὶ τῶν πρότερον βασιλέων, καίτοι νέφ' ὄντι παραλαβόντι τὴν Μακεδόνων δυναστείαν, εὐχερὲς καταμαθεῖν ἐκ τούτων. [5] συνεχέστατα γὰρ αὐτοῦ περισπασθέντος ἐκ Μακεδονίας διὰ τὸν πρὸς Αἰτωλοὺς καὶ Λακεδαιμονίους πόλεμον, οὐχ οἷον ἐστασίασέ τι τῶν προειρημένων ἐθνῶν, ἀλλ' οὐδὲ τῶν περιοικούντων ἐτόλμησε βαρβάρων οὐδεὶς ἄψασθαι τῆς Μακεδονίας. [6] καὶ μὴν περὶ τῆς Ἀλεξάνδρου καὶ Χρυσογόνου καὶ τῶν ἄλλων φίλων εὐνοίας καὶ προθυμίας εἰς αὐτὸν οὐδ' ἂν εἰπεῖν τις δύναται ἄξιως. τὴν δὲ Πελοποννησίων καὶ Βοιωτῶν, [7] ἅμα δὲ τούτοις Ἑπειρωτῶν, Ἀκαρνάνων, ... ὅσων ἐκάστοις ἀγαθῶν ἐν βραχεῖ χρόνῳ παραίτιος ἐγένετο. [8] καθόλου γε μὴν, εἰ δεῖ μικρὸν ὑπερβολικώτερον εἰπεῖν, οἰκειότατ' ἂν οἶμαι περὶ Φιλίππου τοῦτο ρηθῆναι, διότι κοινός τις οἷον ἐρώμενος ἐγένετο τῶν Ἑλλήνων διὰ τὸ τῆς αἰρέσεως εὐεργετικόν. [9] ἐκφανεστάτον δὲ καὶ μέγιστον δεῖγμα περὶ τοῦ τί δύναται προαίρεσις καλοκάγαθικὴ καὶ πίστις, τὸ πάντας Κρηταιεῖς συμφρονήσαντας καὶ τῆς αὐτῆς μετασχόντας συμμαχίας ἕνα προστάτην ἐλέσθαι τῆς νήσου Φίλιππον, καὶ ταῦτα συντελεσθῆναι χωρὶς ὅπλων καὶ κινδύνων, ὃ πρότερον οὐ ῥαδίως ἂν εὔροι τις γεγονός. [10] ἀπὸ τοίνυν τῶν κατὰ Μεσσηνίους ἐπιτελεσθέντων ἅπαντα τὴν ἐναντίαν ἐλάμβανε διάθεσιν αὐτῷ: καὶ τοῦτο συνέβαινε κατὰ λόγον: [11] τραπεῖς γὰρ ἐπὶ τὴν ἀντικειμένην προαίρεσιν τῇ πρόσθεν, καὶ ταύτῃ προστιθείς ἀεὶ τὰκόλουθον, ἔμελλε καὶ τὰς τῶν ἄλλων διαλήψεις περὶ αὐτοῦ τρέψειν εἰς τάναντία καὶ ταῖς τῶν πραγμάτων συντελείαις ἐγκυρήσειν ἐναντίαις ἢ πρότερον. [12] ὃ καὶ συνέβη γενέσθαι. δῆλον δὲ τοῦτ' ἔσται τοῖς προσέχουσιν ἐπιμελῶς διὰ τῶν ἐξῆς ρηθησομένων πράξεων. [Exc. Peir. p. 13.]

[1] ὅτι Φιλίππου τοῦ βασιλέως Μακεδόνων τὴν τῶν Μεσσηνίων ἀκρόπολιν κατασχεῖν βουλομένου, καὶ φήσαντος βούλεσθαι πρὸς

τοὺς προεστῶτας τῆς πόλεως θεάσασθαι τὴν ἀκρόπολιν καὶ θῦσαι τῷ Δί, ἀναβάντος μετὰ τῆς θεραπείας καὶ θύοντος, μετὰ ταῦτα κατὰ τὸν ἔθισμὸν ἐκ τῶν τυθέντων ἱερείων προσενεχθέντων αὐτῷ τῶν σπλάγχνων, δεξάμενος εἰς τὰς χεῖρας καὶ βραχὺ διακλίνας, ἤρετο προτείνων τοῖς περὶ τὸν Ἄρατον “τί δοκεῖ τὰ ἱερὰ σημαίνειν, πότερον ἐκχωρεῖν τῆς ἅκρας ἢ κρατεῖν αὐτῆς. [2] “ὁ μὲν οὖν Δημήτριος αὐτόθεν ἐκ τοῦ προβεβηκότος “εἰ μὲν μάντεως φρένας ἔχεις” ἔφη “ἐκχωρεῖν τὴν ταχίστην: εἰ δὲ βασιλέως πραγματικοῦ, τηρεῖν αὐτήν, ἵνα μὴ νῦν ἀφείς ζητῆς ἕτερον ἐπιτηδειότερον καιρόν: [3] οὕτως γὰρ ἐκατέρων τῶν κεράτων κρατῶν μόνως ἂν ὑποχείριον ἔχοις τὸν βοῦν”, αἰνιττόμενος τὰ μὲν κέρατα τὸν Ἰθωμάταν καὶ τὸν Ἀκροκόρινθον, τὴν δὲ Πελοπόννησον τὸν βοῦν. [4] ὁ δὲ Φίλιππος ἐπιστρέψας πρὸς τὸν Ἄρατον “σὺ δὲ ταῦτα συμβουλευεῖς;” ἔφη. τοῦ δ’ ἐπισχόντος, αὐτὸ λέγειν ἡξίου τὸ φαινόμενον. [5] ὁ δὲ διαπορήσας “εἰ μὲν χωρίς” ἔφη “τοῦ παρασπονδῆσαι Μεσσηνίους δύνη κρατεῖν τοῦ τόπου τούτου, συμβουλεύω κρατεῖν: [6] εἰ δὲ τοῦτον καταλαβὼν φρουρᾷ, πάσας ἀπολλύναι μέλλεις τὰς ἀκροπόλεις καὶ τὴν φρουράν, ἢ παρέλαβες παρ’ Ἀντιγόνου φρουρουμένους τοὺς συμμάχους” [7] , λέγων τὴν πίστιν, “σκόπει μὴ καὶ νῦν κρεῖττον ἢ τοὺς ἄνδρας ἐξαγαγόντα τὴν πίστιν αὐτοῦ καταλιπεῖν, καὶ ταύτη φρουρεῖν τοὺς Μεσσηνίους, ὁμοίως δὲ καὶ τοὺς λοιποὺς συμμάχους.” [8] ὁ Φίλιππος κατὰ μὲν τὴν ἰδίαν ὁρμὴν ἔτοιμος ἦν παρασπονδεῖν, ὥς ἐκ τῶν ὕστερον πραχθέντων ἐγένετο καταφανής, [9] ἐπιτετιμημένος δὲ μικρῷ μὲν πρότερον ὑπὸ τοῦ νεωτέρου πικρῶς ἐπὶ τῇ τῶν ἀνδρῶν ἀπωλείᾳ, τότε δὲ μετὰ παρρησίας ἅμα καὶ μετ’ ἀξιώσεως λέγοντος τοῦ πρεσβυτέρου καὶ δεομένου μὴ παρακοῦσαι τῶν λεγομένων, ἐνετράπη. [10] καὶ λαβόμενος αὐτοῦ τῆς δεξιᾶς “ἄγωμεν τοίνυν” ἔφη “πάλιν τὴν αὐτὴν ὁδόν.” [Cod. Urb. fol. 98 exc. ant. p. 194. Exc. Vat. p. 372 M. 26, 2 H.]

[1] ὅτι ὁ Ἄρατος, θεωρῶν τὸν Φίλιππον ὁμολογουμένως τὸν τε πρὸς Ῥωμαίους ἀναλαμβάνοντα πόλεμον καὶ κατὰ τὴν πρὸς τοὺς συμμάχους αἵρεσιν ὀλοσχερῶς ἡλλοιωμένον, πολλὰς εἰσενεγκάμενος ἀπορίας καὶ σκήψεις μόλις ἀπετρέψατο τὸν Φίλιππον. [2] ἡμεῖς δέ, τοῦ κατὰ τὴν πέμπτην βύβλον ἡμῖν ἐν ἐπαγγελίᾳ καὶ φάσει μόνον εἰρημένου νῦν δι’ αὐτῶν τῶν πραγμάτων τὴν πίστιν εἰληφότος, βουλόμεθα προσαναμνησάμενοι τοὺς συνεφιστάνοντας τῇ πραγματείᾳ, πρὸς τὸ μηδεμίαν τῶν ἀποφάσεων ἀναπόδεικτον μηδ’

ἀμφισβητουμένην καταλιπεῖν. [3] καθ' ὃν γὰρ καιρὸν ἐξηγούμενοι τὸν Αἰτωλικὸν πόλεμον ἐπὶ τοῦτο τὸ μέρος τῆς διηγήσεως ἐπέστημεν, ἐν ᾧ Φίλιππον ἔφαμεν τὰς ἐν Θέρμῳ στοὰς καὶ τὰ λοιπὰ τῶν ἀναθημάτων θυμικώτερον καταφθεῖραι, καὶ δεῖν τούτων τὴν αἰτίαν οὐχ οὕτως ἐπὶ τὸν βασιλέα διὰ τὴν ἡλικίαν ὥς ἐπὶ τοὺς συνόντας αὐτῷ φίλους ἀναφέρειν, [4] τότε περὶ μὲν Ἀράτου τὸν βίον ἐφήσαμεν ἀπολογεῖσθαι τὸ μηδὲν ἂν ποιῆσαι μοχθηρόν, Δημητρίου δὲ τοῦ Φαρίου τὴν τοιαύτην εἶναι προαίρεσιν. [5] δῆλον δὲ τοῦτο ποιῆσειν ἐπηγγειλάμεθα διὰ τῶν ἐξῆς ῥηθησομένων, εἰς τοῦτον ὑπερθέμενοι τὸν καιρὸν τὴν πίστιν τῆς προρρηθείσης ἀποφάσεως, [6] ἐν ᾧ παρὰ μίαν ἡμέραν Δημητρίου μὲν παρόντος, ὥς ἀρτίως ὑπὲρ τῶν κατὰ Μεσσηνίους ὑπεδείξαμεν, Ἀράτου δὲ καθυστερήσαντος, ἤρξατο Φίλιππος ἅπτεσθαι τῶν μεγίστων ἀσεβημάτων. [7] καὶ καθάπερ ἂν ἐγγευσάμενος αἵματος ἀνθρωπείου καὶ τοῦ φονεῦειν καὶ παρασπονδεῖν τοὺς συμμάχους, οὐ λύκος ἐξ ἀνθρώπου κατὰ τὸν Ἀρκαδικὸν μῦθον, ὥς φησιν ὁ Πλάτων, ἀλλὰ τύραννος ἐκ βασιλέως ἀπέβη πικρός. [8] τούτου δ' ἐναργέστερον ἔτι δεῖγμα τῆς ἐκατέρου γνώμης τὸ περὶ τῆς ἄκρας συμβούλευμα πρὸς τὸ μηδὲ περὶ τῶν κατ'

[1] Αἰτωλοὺς διαπορεῖν. ὧν ὁμολογουμένων εὐμαρὲς ἤδη συλλογίσασθαι τὴν διαφορὰν τῆς ἐκατέρου προαιρέσεως. [2] καθάπερ γὰρ νῦν Φίλιππος πεισθεὶς Ἀράτῳ διεφύλαξε τὴν πρὸς Μεσσηνίους πίστιν ἐν τοῖς κατὰ τὴν ἄκραν, καὶ μεγάλῳ, τὸ δὴ λεγόμενον, ἔλκει τῷ προγεγονότῳ περὶ τὰς σφαγὰς μικρὸν ἴαμα προσέθηκεν, [3] οὕτως ἐν τοῖς κατ' Αἰτωλοὺς Δημητρίῳ κατακολουθήσας ἡσέβει μὲν εἰς τοὺς θεοὺς, τὰ καθιερωμένα τῶν ἀναθημάτων διαφθείρων, ἡμάρτανε δὲ περὶ τοὺς ἀνθρώπους, ὑπερβαίνων τοὺς τοῦ πολέμου νόμους, ἡστόχει δὲ τῆς σφετέρας προαιρέσεως, ἀπαραίτητον καὶ πικρὸν ἑαυτὸν ἀποδεικνύων ἐχθρὸν τοῖς διαφορομένοις. [4] ὁ δ' αὐτὸς λόγος καὶ περὶ τῶν κατὰ Κρήτην: καὶ γὰρ ἐπ' ἐκείνων Ἀράτῳ μὲν καθηγμένῳ χρησάμενος περὶ τῶν ὅλων, οὐχ οἶον ἀδικήσας, ἀλλ' οὐδὲ λυπήσας οὐδένα τῶν κατὰ τὴν νῆσον, ἅπαντας μὲν εἶχε τοὺς Κρηταιεῖς ὑποχειρίους, ἅπαντας δὲ τοὺς Ἑλληνας εἰς τὴν πρὸς αὐτὸν εὖνοιαν ἐπήγετο διὰ τὴν σεμνότητα τῆς προαιρέσεως. [5] οὕτω πάλιν ἐπακολουθήσας Δημητρίῳ καὶ παραίτιος γενόμενος Μεσσηνίοις τῶν ἄρτι ῥηθέντων ἀτυχημάτων, ἅμα τὴν παρὰ τοῖς συμμάχοις εὖνοιαν καὶ τὴν παρὰ τοῖς ἄλλοις Ἑλλήσιν ἀπέβαλε πίστιν. [6] τηλικαύτην τοῖς νέοις βασιλεῦσι ροπήν ἔχει καὶ πρὸς ἀτυχίαν καὶ πρὸς

ἐπανάρθωσιν τῆς ἀρχῆς ἢ τῶν παρεπομένων φίλων ἐκλογὴ καὶ κρίσις, ὑπὲρ ἧς οἱ πλείους οὐκ οἶδ' ὅπως ῥαθυμοῦντες οὐδὲ τὴν ἐλαχίστην ποιοῦνται πρόνοιαν. [Exc. Peir. p. 17 et inde a 327, 20 ὅτι μεγάλην τοῖς νέοις β. Vat. p. 373 M. 26, 24 H.]

[2] τὸ δὲ πέρας, ἤδη τῆς πολιορκίας δευτέρον ἔτος ἐνεστώσης, Λαγόρας ὁ Κρής, τριβὴν ἔχων ἐν τοῖς πολεμικοῖς ἱκανήν, καὶ συνεωρακῶς ὅτι συμβαίνει τὰς ὀχυρωτάτας πόλεις ὡς ἐπὶ τὸ πολὺ ῥᾶστα γίνεσθαι τοῖς πολεμίοις ὑποχειρίους διὰ τὴν ὀλιγωρίαν τῶν ἐνοικούντων, ὅταν πιστεύσαντες ταῖς ὀχυρότησι ταῖς φυσικαῖς ἢ χειροποιήτοις ἀφυλακτῶσι καὶ ῥαθυμῶσι τὸ παράπαν, [3] καὶ τούτων αὐτῶν ἐπεγνωκῶς διότι συμβαίνει τὰς ἀλώσεις γίνεσθαι κατὰ τοὺς ὀχυρωτάτους τόπους καὶ δοκοῦντας ὑπὸ τῶν ἐναντίων ἀπηλπίσθαι, [4] καὶ τότε θεωρῶν κατὰ τὴν προϋπάρχουσαν δόξαν περὶ τῆς τῶν Σάρδεων ὀχυρότητος ἅπαντας ἀπεγνωκότας ὡς διὰ τοιαύτης πράξεως κυριεύσειν αὐτῆς, μίαν δὲ ταύτην ἔχοντας ἐλπίδα τοῦ διὰ τῆς ἐνδείας κρατήσιν τῆς πόλεως, [5] τοσοῦτῳ μᾶλλον προσεῖχε καὶ πάντα τρόπον ἠρεῦνα, σπεύδων ἀφορμῆς τινος ἐπιλαβέσθαι τοιαύτης. [6] συνθεωρήσας δὲ τὸ κατὰ τὸν καλούμενον Πρίονα τεῖχος ἀφυλακτούμενον — οὗτος δ' ἔστι τόπος ὁ συνάπτων τὴν ἄκραν καὶ τὴν πόλιν — ἐγένετο περὶ τὴν ἐλπίδα καὶ τὴν ἐπίνοιαν ταύτην. [7] τὴν μὲν οὖν τῶν φυλαττόντων ῥαθυμίαν ἐκ τοιούτου τινὸς σημείου συνέβη θεωρήσαι. [8] τοῦ τόπου κρημνώδους ὑπάρχοντος διαφερόντως, καὶ φάραγος ὑποκειμένης,

εἰς ἣν ῥίπτεῖσθαι συνέβαινε τοὺς ἐκ τῆς πόλεως νεκροὺς καὶ τὰς τῶν ἵππων καὶ τὰς τῶν ὑποζυγίων τῶν ἀποθνησκόντων κοιλίας, εἰς τοῦτον αἰεὶ τὸ τῶν γυπῶν καὶ τῶν ἄλλων ὀρνέων πλῆθος ἠθροίζετο. [9] συνθεωρήσας οὖν ὁ προειρημένος ἀνὴρ, ὅτε πληρωθεῖη τὰ ζῶα, τὰς ἀναπαύσεις ἐπὶ τῶν κρημνῶν καὶ τοῦ τεῖχους ποιούμενα συνεχῶς, ἔγνω διότι κατ' ἀνάγκην ἀφυλακτεῖται τὸ τεῖχος καὶ γίνεται τὸν πλεῖστον χρόνον ἔρημον. [10] λοιπὸν ἐπιμελῶς τὴν νύκτα προσπορευόμενος ἐξήταζε τὰς προσβάσεις καὶ θέσεις τῶν κλιμάκων. [11] εὐρίσκων δὲ κατὰ τινὰ τόπον καὶ καθ' ἓνα τῶν κρημνῶν δυνατὴν οὔσαν, προσφέρει τῷ

[1] βασιλεῖ τὸν περὶ τούτων λόγον. τοῦ δὲ δεξαμένου τὴν ἐλπίδα καὶ παρακαλέσαντος τὸν Λαγόραν ἐπιτελεῖν τὴν πρᾶξιν, αὐτὸς μὲν ὑπισχνεῖτο τὰ δυνατὰ ποιήσιν, [2] ἡξίου δὲ τὸν βασιλέα Θεόδοτον αὐτῷ τὸν Αἰτωλὸν καὶ Διονύσιον τὸν ἡγεμόνα τῶν ὑπασπιστῶν παρακελεύσαντα συστήσαι συνεπιδοῦναι σφᾶς καὶ κοινωνῆσαι τῆς ἐπιβολῆς, διὰ τὸ δοκεῖν ἐκάτερον ἱκανὴν δύναμιν ἔχειν καὶ τόλμαν πρὸς τὴν ἐπινοουμένην πρᾶξιν. [3] τοῦ δὲ βασιλέως παραχρῆμα ποιήσαντος τὸ παρακαλούμενον, συμφρονήσαντες οἱ προειρημένοι καὶ κοινωσάμενοι περὶ πάντων ἑαυτοῖς ἐτήρουν νύκτα τὸ περὶ τὴν ἑωθινήν μέρος ἔχουσιν ἀσέλῃον. [4] λαβόντες δὲ τοιαύτην, ἐν ᾗ πράττειν ἔμελλον ἡμέρα, τῇ πρότερον ὀψίας δεΐλης ἐπέλεξαν ἐκ παντὸς τοῦ στρατοπέδου πεντεκαίδεκα τοὺς εὐρωστοτάτους ἄνδρας καὶ τοῖς σώμασι καὶ ταῖς ψυχαῖς, οἵτινες ἔμελλον ἅμα μὲν προσοίσειν τὰς κλίμακας, ἅμα δὲ συναναβήσεσθαι καὶ μεθέξειν αὐτοῖς τῆς τόλμης. [5] μετὰ δὲ τούτους ἄλλους ἐπέλεξαντο τριάκοντα τοὺς ἐν ἀποστήματι συνεφεδρεύοντας, ἃν' ἐπειδὰν ὑπερβάντες αὐτοὶ πρὸς τὴν παρακειμένην παραγένωνται πύλιν, οὗτοι μὲν ἔξωθεν προσπεσόντες πειρῶνται διακόπτειν τοὺς στροφεῖς καὶ τὸ ζύγωμα τῶν πυλῶν, αὐτοὶ δὲ τὸν μοχλὸν ἐνδοθεν καὶ τὰς βαλανάγρας, [6] δισχιλίους δὲ τοὺς κατόπιν ἀκολουθήσοντας τούτοις, οὓς συνεισπεσόντας ἔδει καταλαβέσθαι τὴν τοῦ θεάτρου στεφάνην, εὐφυῶς κειμένην πρὸς τε τοὺς ἐκ τῆς ἄκρας καὶ πρὸς τοὺς ἐκ τῆς πόλεως. [7] τοῦ δὲ μὴ γενέσθαι μηδεμίαν ὑποψίαν τῆς ἀληθείας διὰ τὴν ἐπιλογὴν τῶν ἀνδρῶν, διέδωκε λόγον ὥς τοὺς Αἰτωλοὺς μέλλοντας εἰσπίπτειν διὰ τινος φάραγος εἰς τὴν πόλιν, καὶ δέον ἐνεργῶς τούτους παραφυλάττειν πρὸς τὸ μηνυθέν.

[1] ἐτοίμων δὲ πάντων αὐτοῖς γενομένων, ἅμα τῷ κρυφθῆναι τὴν

σελήνην λάθρα πρὸς τοὺς κρημνοὺς οἱ περὶ τὸν Λαγόραν ἀφικόμενοι μετὰ τῶν κλιμάκων ὑπέστειλαν ἑαυτοὺς ὑπὸ τινα προπεπτωκυῖαν ὀφρύν. ἐπιγενομένης δὲ τῆς ἡμέρας, [2] καὶ τῶν μὲν φυλάκων ἀπολυομένων ἀπὸ τοῦ τόπου τούτου, τοῦ δὲ βασιλέως κατὰ τὸν ἔθισμόν τοὺς μὲν εἰς τὰς ἐφεδρείας ἐκέμποντος, τοὺς δὲ πολλοὺς εἰς τὸν ἵπποδρομον ἐξαγαγόντος καὶ παρατάττοντος, τὸ μὲν πρῶτον ἀνύποπτον ἦν πᾶσι τὸ γινόμενον. [3] προστεθεισῶν δὲ дуεῖν κλιμάκων, καὶ δι' ἧς μὲν Διονυσίου, δι' ἧς δὲ Λαγόρα πρῶτον πορευομένων, ἐγίνετο ταραχὴ καὶ κίνημα περὶ τὸ στρατόπεδον. [4] συνέβαινε γὰρ τοῖς μὲν ἐκ τῆς πόλεως καὶ τοῖς περὶ τὸν Ἀχαιὸν ἐκ τῆς ἄκρας ἀδήλους εἶναι τοὺς προσβαίνοντας διὰ τῆς προπεπτωκυίας ἐπὶ τὸν κρημνὸν ὀφρύος· τοῖς δ' ἐκ τοῦ στρατοπέδου σύνοπτος ἦν ἡ τόλμα τῶν ἀναβαινόντων καὶ παραβαλλομένων. [5] διόπερ οἱ μὲν ἐκπεπληγμένοι τὸ παράδοξον, οἱ δὲ προορώμενοι καὶ δεδιότες τὸ συμβησόμενον, ἀχανεῖς ἅμα δὲ περιχαρεῖς ὄντες, ἔστασαν. ὅθεν ὁ βασιλεὺς, [6] θεωρῶν τὸ περὶ τὴν ὅλην παρεμβολὴν κίνημα, καὶ βουλόμενος ἀποσπᾶν ἀπὸ τοῦ προκειμένου τοὺς τε παρ' αὐτοῦ καὶ τοὺς ἐκ τῆς πόλεως, προῆγε τὴν δύναμιν καὶ προσέβαλε πρὸς τὰς ἐπὶ θάτερα πύλας κειμένας, Περσίδας δὲ προσαγορευομένας. Ἀχαιὸς δέ, [7] συνθεωρῶν ἐκ τῆς ἄκρας τὸ περὶ τοὺς ὑπεναντίους κίνημα παρηλλαγμένον τῆς συνηθείας, ἐπὶ πολὺ διηπορεῖτο δυσχρηστούμενος καὶ συννοῆσαι τὸ γινόμενον οὐδαμῶς δυνάμενος. [8] πλὴν ὅμως ἐξαπέστειλε τοὺς ἀπαντήσοντας εἰς τὴν πύλην· ὧν διὰ στενῆς καὶ κρημνώδους ποιουμένων τὴν κατάβασιν βραδεῖαν συνέβαινε γίνεσθαι τὴν ἐπικουρίαν. [9] ὁ δ' ἐπὶ τῆς πόλεως τεταγμένος Ἀρίβαζος ἀκάκως ὥρμησε πρὸς τὰς πύλας, αἷς ἑώρα προσβάλλοντα τὸν Ἀντίοχον, καὶ τοὺς μὲν ἐπὶ τὸ τεῖχος ἀνεβίβαζε, τοὺς δὲ διὰ τῆς πύλης ἀφιεῖς εἵργειν τοὺς συνεγγίζοντας καὶ συμπλέκεσθαι παρεκελεύετο τοῖς πολεμίοις.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον οἱ περὶ τὸν Λαγόραν καὶ Θεόδοτον καὶ Διονύσιον ὑπερβάντες τοὺς κρημνοὺς ἤκον ἐπὶ τὴν ὑποκειμένην πύλην. [2] καὶ τινὲς μὲν αὐτῶν διεμάχοντο πρὸς τοὺς ἀπαντῶντας, οἱ δὲ διέκοπτον τοὺς μοχλοὺς. ἅμα δὲ τούτοις προσπεσόντες ἔξωθεν οἱ τεταγμένοι πρὸς τοῦτο τὸ μέρος τὸ παραπλήσιον ἐποίουν. [3] ταχὺ δὲ τῶν πυλῶν ἀνοιχθεισῶν, εἰσελθόντες οἱ δισχίλιοι κατελάβοντο τὴν τοῦ θεάτρου στεφάνην. [4] οὗ γινομένου πάντες ὥρμησαν ἀπὸ τῶν τειχῶν καὶ τῆς Περσίδος προσαγορευομένης πύλης, ἐφ' ἣν πρότερον

ἐβοήθησαν οἱ περὶ τὸν Ἀρίβαζον, σπεύδοντες παρεγγυᾶν ἐπὶ τοὺς εἰσπεπωκότας. [5] τούτου δὲ συμβαίνοντος, κατὰ τὴν ἀποχώρησιν ἀνεωγμένης τῆς πύλης, συνεισέπεσόν τινες τῶν παρὰ τοῦ βασιλέως, ἐπόμενοι τοῖς ὑποχωροῦσιν. [6] ὧν κρατησάντων τῆς πύλης, ἤδη τούτοις κατὰ τὸ συνεχές οἱ μὲν εἰσέπιπτον, οἱ δὲ τὰς παρακειμένας διέκοπτον πύλας. [7] οἱ δὲ περὶ τὸν Ἀρίβαζον καὶ πάντες οἱ κατὰ τὴν πόλιν ἐπὶ βραχὺ διαγωνισάμενοι πρὸς τοὺς εἰσεληλυθότας ὥρμησαν φεύγειν πρὸς τὴν ἄκραν. [8] οὗ συμβάντος οἱ μὲν περὶ τὸν Θεόδοτον καὶ Λαγόραν ἔμενον ἐπὶ τῶν κατὰ τὸ θέατρον τόπων, νουνεχῶς καὶ πραγματικῶς ἐφεδρεύοντες τοῖς ὅλοις, ἡ δὲ λοιπὴ δύναμις εἰσπεσοῦσα πανταχόθεν ἅμα κατειλήφει τὴν πόλιν. καὶ τὸ λοιπὸν ἤδη, [9] τῶν μὲν φονευόντων τοὺς ἐντυγχάνοντας, τῶν δὲ τὰς οἰκήσεις ἐμπιπρόντων, ἄλλων δὲ πρὸς τὰς ἀρπαγὰς καὶ τὰς ὠφελείας ὥρμηκώτων, ἐγένετο παντελὴς ἡ τῆς πόλεως καταφθορὰ καὶ διαρπαγή. [10] καὶ Σάρδεων μὲν τοῦτον τὸν τρόπον ἐγένετο κύριος Ἀντίοχος. [Cod. Urb. fol. 98 med. exc. ant. p. 194.]

BOOK 8

[1] I. Ex Prooemio οὐκ ἀλλότριον εἶναί μοι δοκεῖ τῆς ὅλης ἡμῶν ἐπιβολῆς καὶ τῆς ἐν ἀρχαῖς προθέσεως συνεπιστῆσαι τοὺς ἀκούοντας ἐπὶ τὸ μεγαλεῖον τῶν πράξεων καὶ τὸ φιλότιμον τῆς ἐκατέρου τοῦ πολιτεύματος προαιρέσεως, λέγω δὲ τοῦ Ῥωμαίων καὶ Καρχηδονίων. [2] τίς γὰρ οὐκ ἂν ἐπισημήναιτο πῶς τηλικούτον μὲν πόλεμον συνεσταμένοι περὶ τῶν κατὰ τὴν Ἰταλίαν πραγμάτων, οὐκ ἐλάττω δὲ τούτου περὶ τῶν κατὰ τὴν Ἰβηρίαν, ἀκμὴν δὲ περὶ τούτων ἀδῆλους μὲν ἔχοντες ἐπ' ἴσον ἀμφοτέρω τὰς ὑπὲρ τοῦ μέλλοντος ἐλπίδας, ἐφαμίλλους δὲ τοὺς κατὰ τὸ παρὸν ἐνεστῶτας κινδύνους, [3] ὅμως οὐκ ἤρκοῦντο ταῖς προκειμέναις ἐπιβολαῖς, ἀλλὰ καὶ περὶ Σαρδόνης καὶ Σικελίας ἡμφισβήτουν: ... καὶ πάντα περιελάμβανον, οὐ μόνον ταῖς ἐλπίσιν, ἀλλὰ καὶ ταῖς χορηγαῖς καὶ ταῖς παρασκευαῖς; [4] ὃ καὶ μάλιστ' ἂν τις εἰς τὸ κατὰ μέρος ἐμβλέψας θαυμάσειε. δύο μὲν γὰρ Ῥωμαίοις κατὰ τὴν Ἰταλίαν μετὰ τῶν ὑπάτων ἐντελῇ προεκάθητο στρατόπεδα, δύο δὲ κατὰ τὴν Ἰβηρίαν, ὧν τὸ μὲν πεζὸν Γνάϊος εἶχε, τὸ δὲ ναυτικὸν Πόπλιος. [5] οἰκείως δὲ ταῦτα συνέβαινε γίνεσθαι καὶ παρὰ Καρχηδονίους. [6] καὶ μὴν τοῖς κατὰ τὴν Ἑλλάδα τόποις ἐφάρμει καὶ ταῖς ἐπιβολαῖς τοῦ Φιλίππου στόλος, ἐφ' οὗ τὸ μὲν πρῶτον Μάρκος Οὐαλέριος, μετὰ δὲ ταῦτα Πόπλιος ἐπέπλει Σουλπίκιος. [7] ἅμα δὲ τούτοις Ἄππιος μὲν ἑκατὸν πεντηρικοῖς σκάφεσι, Μάρκος δὲ Κλαύδιος πεζικὰς ἔχων δυνάμεις, ἐφήδρευε τοῖς κατὰ τὴν Σικελίαν. [8] τὸ δ' αὐτὸ τοῦτ' Ἀμίλκας ἐποίει παρὰ Καρχηδονίους.

[1] δι' ὧν ὑπολαμβάνω τὸ πολλάκις ἐν ἀρχαῖς ἡμῖν τῆς πραγματείας εἰρημένον νῦν δι' αὐτῶν τῶν ἔργων ἀληθινὴν λαμβάνειν πίστιν. [2] τοῦτο δ' ἦν ὡς οὐχ οἷόν τε διὰ τῶν τὰς κατὰ μέρος ἱστορίας γραφόντων συνθεάσασθαι τὴν τῶν ὅλων οἰκονομίαν. [3] πῶς γὰρ ἐνδέχεται ψιλῶς αὐτὰς καθ' αὐτὰς ἀναγνόντα τὰς Σικελικὰς ἢ τὰς Ἰβηρικὰς πράξεις, γινῶναι καὶ μαθεῖν ἢ τὸ μέγεθος τῶν γεγονότων ἢ τὸ συνέχον, τίνι τρόπῳ καὶ τίνι γένει πολιτείας τὸ παραδοξότατον καθ' ἡμᾶς ἔργον ἢ τύχη συνετέλεσε; [4] τοῦτο δ' ἔστι τὸ πάντα τὰ γνωριζόμενα μέρη τῆς οἰκουμένης ὑπὸ μίαν ἀρχὴν καὶ δυναστείαν ἀγαγεῖν, ὃ πρότερον οὐχ εὕρεται γεγονός. [5] πῶς μὲν γὰρ εἶλον Συρακούσας Ῥωμαῖοι καὶ πῶς Ἰβηρίαν κατέσχον, οὐκ

ἀδύνατον καὶ διὰ τῶν κατὰ μέρος ἐπὶ ποσὸν γινῶναι συντάξεων: [6] πῶς δὲ τῆς ἀπάντων ἡγεμονίας καθίκοντο, καὶ τί πρὸς τὰς ὀλοσχερεῖς αὐτοῖς ἐπιβολὰς τῶν κατὰ μέρος ἀντέπραξε, καὶ τί πάλιν καὶ κατὰ τίνας καιροὺς συνήρησε, δυσχερὲς καταλαβεῖν ἄνευ τῆς καθόλου τῶν πράξεων ἱστορίας. [7] οὐ μὴν τὸ μέγεθος τῶν ἔργων οὐδὲ τὴν τοῦ πολιτεύματος δύναμιν εὐμαρὲς κατανοῆσαι διὰ τὰς αὐτὰς αἰτίας. [8] τὸ γὰρ ἀντιποιήσασθαι Ῥωμαίους Ἰβηρίας ἢ πάλιν Σικελίας, καὶ στρατεῦσαι πεζικαῖς καὶ ναυτικαῖς δυνάμεσιν, αὐτὸ καθ' αὐτὸ λεγόμενον οὐκ ἂν εἴη θαυμαστόν. [9] ἅμα δὲ τούτων συμβαινόντων καὶ πολλαπλασίων ἄλλων κατὰ τὸν αὐτὸν καιρὸν ἐπιτελουμένων ἐκ τῆς αὐτῆς ἀρχῆς καὶ πολιτείας, καὶ θεωρουμένων ὁμοῦ τούτοις τῶν κατὰ τὴν ἰδίαν χώραν ὑπαρχουσῶν περιστάσεων καὶ πολέμων περὶ τοὺς ἅπαντα τὰ προειρημένα χειρίζοντας, [10] οὕτως ἂν εἴη μόνως σαφεῖ τὰ γεγονότα καὶ θαυμαστὰ καὶ μάλιστ' ἂν οὕτως τυγχάνοι τῆς ἀρμοζούσης ἐπιστάσεως. [11] ταῦτα μὲν οὖν ἡμῖν εἰρήσθω πρὸς τοὺς ὑπολαμβάνοντας διὰ τῆς τῶν κατὰ μέρος συντάξεως ἐμπειρίαν ποιήσασθαι τῆς καθολικῆς καὶ κοινῆς ἱστορίας. [Cod. Urb. fol. 102 exc. ant. p. 196.]

[1] II. Res Siciliae οὕτως οἱ πλείους τῶν ἀνθρώπων τὸ κουφότατον ἥκιστα φέρειν δύνανται, λέγω δὲ τὴν σιωπὴν. [Cod. urb. fol. 102 med. margo; v. Liv. XXIV, 24, 2.] ὅτε δὴ τὰς Συρακούσας Ἐπικύδης τε καὶ Ἰπποκράτης κατέλαβον, ἑαυτοὺς τε καὶ τοὺς ἄλλους τῶν πολιτῶν τῆς Ῥωμαίων φιλίας ἀλλοτριώσαντες, οἱ Ῥωμαῖοι προσπεπτωκυῖας αὐτοῖς ἤδη καὶ τῆς Ἰερωνύμου τοῦ Συρακοσίων τυράννου καταστροφῆς Ἄππιον Κλαύδιον ἀντιστράτηγον καταστήσαντες αὐτῷ μὲν τὴν πεζὴν συνέστησαν δύναμιν, τὸν δὲ νηϊτὴν αὐτοῖς στόλον ἐπετρόπευσε Μάρκος Κλαύδιος. [2] οὗτοι μὲν δὴ τὴν στρατοπεδείαν ἐβάλλοντο μικρὸν ἀποσχόντες τῆς πόλεως, τὰς δὲ προσβολὰς ἔκριναν ποιεῖσθαι τῇ μὲν πεζῇ δυνάμει κατὰ τοὺς ἀπὸ τῶν Ἐξαπύλων τόπους, τῇ δὲ ναυτικῇ τῆς Ἀχραδίνης κατὰ τὴν Σκυτικὴν προσαγορευομένην στοάν, καθ' ἣν ἐπ' αὐτῆς κεῖται τῆς κρηπίδος τὸ τεῖχος παρὰ θάλατταν. [3] ἐτοιμασάμενοι δὲ γέρρα καὶ βέλη καὶ τᾶλλα τὰ πρὸς τὴν πολιορκίαν, ἐν ἡμέραις πέντε διὰ τὴν πολυχειρίαν ἤλπισαν καταταχῆσθαι τῇ παρασκευῇ τοὺς ὑπεναντίους, οὐ λογισάμενοι τὴν Ἀρχιμήδους δύναμιν, οὐδὲ προῖδόμενοι διότι μία ψυχὴ τῆς ἀπάσης ἐστὶ πολυχειρίας ἐν ἐνίοις καιροῖς ἀνυστικωτέρα. πλὴν τότε δι' αὐτῶν ἔγνωσαν τῶν ἔργων τὸ λεγόμενον. [4] οὔσης γὰρ

ὀχυρᾶς τῆς πόλεως διὰ τὸ κεῖσθαι κύκλῳ τὸ τεῖχος ἐπὶ τόπων ὑπερδεξίων καὶ προκειμένης ὀφρύος, πρὸς ἣν καὶ μηδενὸς κωλύοντος οὐκ ἂν εὐμαρῶς τις δύναιτο πελάσαι πλὴν κατὰ τινὰς τόπους ὠρισμένους, [5] τοιαύτην ἡτοίμασε παρασκευὴν ὁ προειρημένος ἀνὴρ ἐντὸς τῆς πόλεως, ὁμοίως δὲ καὶ πρὸς τοὺς κατὰ θάλατταν ἐπιπορευομένους, ὥστε μηδὲν ἐκ τοῦ καιροῦ δεῖν ἀσχολεῖσθαι τοὺς ἀμυνομένους, πρὸς πᾶν δὲ τὸ γινόμενον ὑπὸ τῶν ἐναντίων ἐξ ἐτοίμου ποιεῖσθαι τὴν ἀπάντησιν. [6] πλὴν ὁ μὲν Ἄππιος ἔχων γέρρα καὶ κλίμακας ἐνεχείρει προσφέρειν ταῦτα τῷ συνάπτοντι τείχει τοῖς Ἐξαπύλοις ἀπὸ τῶν ἀνατολῶν.

[1] ὁ δὲ Μάρκος ἐξήκοντα σκάφesi πεντηρικοῖς ἐποιεῖτο τὸν ἐπίπλουν ἐπὶ τὴν Ἀχραδίνην, ὧν ἕκαστον πλήρες ἦν ἀνδρῶν ἐχόντων τόξα καὶ σφενδόνας καὶ γρόσφους, δι' ὧν ἔμελλον τοὺς ἀπὸ τῶν ἐπάλξεων μαχομένους ἀναστελλεῖν. [2] ἅμα δὲ τούτοις ὀκτῶ πεντήρεσι, παραλελυμέναις τοὺς ταρσοὺς, ταῖς μὲν τοὺς δεξιούς, ταῖς δὲ τοὺς εὐωνύμους, καὶ συνεζευγμέναις πρὸς ἀλλήλας σύνδυο κατὰ τοὺς ἐψιλωμένους τοίχους, προσήγον πρὸς τὸ τεῖχος διὰ τῆς τῶν ἐκτὸς τοίχων εἰρεσίας τὰς λεγομένας σαμβύκας. [3] τὸ δὲ γένος τῆς κατασκευῆς τῶν εἰρημένων ὀργάνων ἐστὶ τοιοῦτο. [4] κλίμακα τῷ πλάτει τετράπεδον ἐτοιμάσαντες, ὥστ' ἐξ ἀποβάσεως ἰσοῦψῃ γενέσθαι τῷ τείχει, ταύτης ἐκατέραν τὴν πλευρὰν δρυφακτώσαντες καὶ σκεπάσαντες ὑπερπετέσι θωρακίοις, ἔθηκαν πλαγίαν ἐπὶ τοὺς συμψαύοντας τοίχους τῶν συνεζευγμένων νεῶν, πολὺ προπίπτουσιν τῶν ἐμβόλων. [5] πρὸς δὲ τοῖς ἰστοῖς ἐκ τῶν ἄνω μερῶν τροχιλῖαι προσήρτηντο σὺν κάλοις. [6] λοιπὸν ὅταν ἐγγίσωσι τῆς χρείας, ἐνδεδεμένων τῶν κάλων εἰς τὴν κορυφὴν τῆς κλίμακος, ἔλκουσι διὰ τῶν τροχιλῶν τούτους ἐστῶτες ἐν ταῖς πρύμναις· ἕτεροι δὲ παραπλησίως ἐν ταῖς πῳρραις ἐξερείδοντες ταῖς ἀντηρίσιν ἀσφαλίζονται τὴν ἄρσιν τοῦ μηχανήματος. [7] κᾶπειτα διὰ τῆς εἰρεσίας τῆς ἀφ' ἐκατέρου τῶν ἐκτὸς ταρσῶν ἐγγίσαντες τῇ γῇ τὰς ναῦς, πειράζουσι προσερείδειν τῷ τείχει τὸ προειρημένον ὄργανον. [8] ἐπὶ δὲ τῆς κλίμακος ἄκρας ὑπάρχει πέτευρον ἡσφαλισμένον γέρροις τὰς τρεῖς ἐπιφανείας, ἐφ' οὗ τέτταρες ἄνδρες ἐπιβεβηκότες ἀγωνίζονται, διαμαχόμενοι πρὸς τοὺς εἵργοντας ἀπὸ τῶν ἐπάλξεων τὴν πρόσθεσιν τῆς σαμβύκης. [9] ἐπὰν δὲ προσερεῖσαντες ὑπερδέξιοι γένωνται τοῦ τείχους, οὗτοι μὲν τὰ πλάγια τῶν γέρρων παραλύσαντες ἐξ ἐκατέρου τοῦ μέρους ἐπιβαίνουσιν ἐπὶ τὰς ἐπάλξεις

ἢ τοὺς πύργους. [10] οἱ δὲ λοιποὶ διὰ τῆς σαμβύκης ἔπονται τούτοις, ἀσφαλῶς τοῖς κάλοις βεβηκυίας τῆς κλίμακος εἰς ἀμφοτέρας τὰς ναῦς. [11] εἰκότως δὲ τὸ κατασκευάσμα τῆς προσηγορίας τέτευχε ταύτης: ἐπειδὴν γὰρ ἐξαρθῇ, γίνεται τὸ σχῆμα τῆς νεῶς ταύτης καὶ τῆς κλίμακος ἐνοποιηθὲν παραπλήσιον σαμβύκη.

[1] πλὴν οὗτοι μὲν τὸν τρόπον τοῦτον διηρμοσμένοι προσάγειν διεννοοῦντο τοῖς πύργοις: [2] ὁ δὲ προειρημένος ἀνὴρ, παρεσκευασμένος ὄργανα πρὸς ἅπαν ἐμβελὲς διάστημα, πόρρωθεν μὲν ἐπιπλέοντας τοῖς εὐτονωτέροις καὶ μείζοσι λιθοβόλοις καὶ βέλεσι τιτρώσκων εἰς ἀπορίαν ἐνέβαλε καὶ δυσχρησίαν, [3] ὅτε δὲ ταῦθ' ὑπερπετῇ γίνοιτο, τοῖς ἐλάττοσι κατὰ λόγον ἀεὶ πρὸς τὸ παρὸν ἀπόστημα χρώμενος εἰς τοιαύτην ἤγαγε διατροπὴν ὥστε καθόλου κωλύειν αὐτῶν τὴν ὀρμὴν καὶ τὸν ἐπίπλουν, [4] ἕως ὁ Μάρκος δυσθετούμενος ἠναγκάσθη λάθρα νυκτὸς ἔτι ποιήσασθαι τὴν παραγωγὴν. [5] γενομένων δ' αὐτῶν ἐντὸς βέλους πρὸς τῇ γῇ, πάλιν ἐτέραν ἡτοιμάκει παρασκευὴν πρὸς τοὺς ἀπομαχομένους ἐκ τῶν πλοίων. [6] ἕως ἀνδρομήκους ὕψους κατεπύκνωσε τρῆμασι τὸ τεῖχος ὡς παλαιστιαίοις τὸ μέγεθος κατὰ τὴν ἐκτὸς ἐπιφάνειαν: οἷς τοξότας καὶ σκορπίδια παραστήσας ἐντὸς τοῦ τείχους, καὶ βάλλων διὰ τούτων, ἀχρήστους ἐποίει τοὺς ἐπιβάτας. [7] ἐξ οὗ καὶ μακρὰν ἀφεστῶτας καὶ σύνεγγυς ὄντας τοὺς πολεμίους οὐ μόνον ἀπράκτους παρεσκεύαζε πρὸς τὰς ἰδίας ἐπιβολάς, ἀλλὰ καὶ διέφθειρε τοὺς πλείστους αὐτῶν. [8] ὅτε δὲ τὰς σαμβύκας ἐγχειρήσαιεν ἐξαίρειν, ὄργανα παρ' ὅλον τὸ τεῖχος ἡτοιμάκει, τὸν μὲν λοιπὸν χρόνον ἀφανῆ, κατὰ δὲ τὸν τῆς χρείας καιρὸν ἐκ τῶν ἔσω μερῶν ὑπὲρ τοῦ τείχους ἀνιστάμενα καὶ προπίπτοντα πολὺ τῆς ἐπ' ἀλξέως ταῖς κερααῖαις: [9] ὧν τινὰ μὲν ἐβάσταζε λίθους οὐκ ἐλάττους δέκα ταλάντων, τινὰ δὲ σηκώματα μολίβδινά. [10] λοιπὸν ὅτε συνεγγίζοιεν αἱ σαμβῦκαι, τότε περιεγόμεναι καρχησίῳ πρὸς τὸ δέον αἱ κερααῖαι διὰ τίνος σχαστηρίας ἠφίεσαν εἰς τὸ κατασκευάσμα τὸν λίθον: [11] ἐξ οὗ συνέβαινε μὴ μόνον αὐτὸ συνθραύεσθαι τοῦ ὄργανον, ἀλλὰ καὶ τὴν ναῦν

[1] καὶ τοὺς ἐν αὐτῇ κινδυνεύειν ὀλοσχερῶς. τινὰ τε τῶν μηχανημάτων πάλιν ἐπὶ τοὺς ἐφορμῶντας καὶ προβεβλημένους γέρρα καὶ διὰ τούτων ἠσφαλισμένους πρὸς τὸ μηδὲν πάσχειν ὑπὸ τῶν διὰ τοῦ τείχους φερομένων βελῶν, ἠφίει μὲν καὶ λίθους συμμέτρους πρὸς τὸ φεύγειν ἐκ τῆς πλώρρας τοὺς ἀγωνιζομένους, [2]

ἅμα δὲ καὶ καθίει χεῖρα σιδηρᾶν ἐξ ἀλύσεως δεδεμένην, ἣ δραξάμενος ὁ τὴν κεραίαν οἰακίζων ὅθεν ἐπιλάβοιτο τῆς πρῶρρας, κατήγε τὴν πτέρναν τῆς μηχανῆς ἐντὸς τοῦ τείχους. [3] ὅτε δὲ κουφίζων τὴν πρῶρραν ὀρθὸν ποιήσῃ τὸ σκάφος ἐπὶ πρύμναν, τὰς μὲν πτέρνας τῶν ὀργάνων εἰς ἀκίνητον καθήπτε, τὴν δὲ χεῖρα καὶ τὴν ἄλυσιν ἐκ τῆς μηχανῆς ἐξέρραине διὰ τινος σχαστηρίας. [4] οὗ γινομένου τινὰ μὲν τῶν πλοίων πλάγια κατέπιπτε, τινὰ δὲ καὶ κατεστρέφετο, τὰ δὲ πλεῖστα τῆς πρῶρρας ἀφ' ὕψους ῥιφθείσης βαπτιζόμενα πλήρη θαλάττης ἐγένετο καὶ ταραχῆς. [5] Μάρκος δὲ δυσχρηστούμενος ἐπὶ τοῖς ἀπαντωμένοις ὑπ' Ἀρχιμήδους, καὶ θεωρῶν μετὰ βλάβης καὶ χλευασμοῦ τοὺς ἔνδον ἀποτριβομένους αὐτοῦ τὰς ἐπιβολάς, [6] δυσχερῶς μὲν ἔφερε τὸ συμβαῖνον, ὅμως δ' ἐπισκώπτων τὰς αὐτοῦ πράξεις ἔφη ταῖς μὲν ναυσὶν αὐτοῦ κυαθίζειν ἐκ θαλάττης Ἀρχιμήδη, τὰς δὲ σαμβύκας ῥαπιζόμενας ὥσπερ ἐκσπόνδους μετ' αἰσχύνης ἐκπεπτωκέναι. [7] καὶ τῆς μὲν κατὰ θάλατταν πολιορκίας τοιοῦτον ἀπέβη τὸ τέλος.

[1] οἱ δὲ περὶ τὸν Ἄππιον εἰς παραπλησίους ἐμπεσόντες δυσχερείας ἀπέστησαν τῆς ἐπιβολῆς. [2] ἔτι μὲν γὰρ ὄντες ἐν ἀποστήματι τοῖς τε πετροβόλοις καὶ καταπέλταις τυπτόμενοι διεφθείροντο, διὰ τὸ θαυμάσιον εἶναι τὴν τῶν βελῶν κατασκευὴν καὶ κατὰ τὸ πλῆθος καὶ κατὰ τὴν ἐνέργειαν, ὥς ἂν Ἰέρωνος μὲν χορηγοῦ γεγονότος, ἀρχιτέκτονος δὲ καὶ δημιουργοῦ τῶν ἐπινοημάτων Ἀρχιμήδους. [3] συνεγγίζοντές γε μὴν πρὸς τὴν πόλιν οἱ μὲν ταῖς διὰ τοῦ τείχους τοξότισιν, ὥς ἐπάνω προεῖπον, κακούμενοι συνεχῶς εἵργοντο τῆς προσόδου· οἱ δὲ μετὰ τῶν γέρρων βιαζόμενοι ταῖς τῶν κατὰ κορυφὴν λίθων καὶ δοκῶν ἐμβολαῖς διεφθείροντο. [4] οὐκ ὀλίγα δὲ καὶ ταῖς χερσὶ ταῖς ἐκ τῶν μηχανῶν ἐκακοποιοῦν, ὥς καὶ πρότερον εἶπα· σὺν αὐτοῖς γὰρ τοῖς ὅπλοις τοὺς ἄνδρας ἐξαιροῦντες ἐρρίπτουν. [5] τὸ δὲ πέρας, ἀναχωρήσαντες εἰς τὴν παρεμβολὴν καὶ συνεδρεύσαντες μετὰ τῶν χιλιάρχων οἱ περὶ τὸν Ἄππιον, ὁμοθυμαδὸν ἐβουλεύσαντο πάσης ἐλπίδος πείραν λαμβάνειν πλὴν τοῦ διὰ πολιορκίας ἐλεῖν τὰς Συρακούσας, ὥς καὶ τέλος ἐποίησαν· [6] ὁκτὼ γὰρ μῆνας τῇ πόλει προσκαθεζόμενοι τῶν μὲν ἄλλων στρατηγημάτων ἢ τολμημάτων οὐδενὸς ἀπέστησαν, τοῦ δὲ πολιορκεῖν οὐδέποτε πείραν ἔτι λαβεῖν ἐθάρρησαν. [7] οὕτως εἰς ἀνὴρ καὶ μία ψυχὴ δεόντως ἡρμοσμένη πρὸς ἓνια τῶν πραγμάτων μέγα τι χρῆμα φαίνεται γίνεσθαι καὶ θαυμάσιον. [8] ἐκεῖνοι γοῦν τηλικαύτας

δυνάμεις ἔχοντες καὶ κατὰ γῆν καὶ κατὰ θάλατταν, εἰ μὲν ἀφέλοι τις πρεσβύτην ἓνα Συρακοσίῳ, παραχρῆμα τῆς πόλεως κυριεύσειν ἥλιζον, [9] τούτου δὲ συμπαρόντος οὐκ ἐθάρρουν οὐδ' ἐπιβαλέσθαι κατὰ γε τοῦτον τὸν τρόπον, καθ' ὃν ἀμύνασθαι δυνατὸς ἦν Ἀρχιμήδης. [10] οὐ μὴν ἀλλὰ νομίσαντες μάλιστ' ἂν ὑπὸ τῆς τῶν ἀναγκαίων ἐνδείας διὰ τὸ πλῆθος τοὺς ἔνδον ὑποχειρίους σφίσι γενέσθαι, ταύτης ἀντείχοντο τῆς ἐλπίδος· καὶ ταῖς μὲν ναυσὶ τὰς κατὰ θάλατταν ἐπικουρίας αὐτῶν ἐκώλουν, τῷ δὲ πεζῷ στρατεύματι τὰς κατὰ γῆν. βουλόμενοι δὲ μὴ ποιεῖν ἄπρακτον τὸν χρόνον, [11] ἐν ᾧ προσεδρεύουσι ταῖς Συρακούσαις, ἀλλ' ἅμα τι καὶ τῶν ἐκτὸς χρησίμων κατασκευάζεσθαι, διεῖλον οἱ στρατηγοὶ σφᾶς αὐτοὺς καὶ τὴν δύναμιν, [12] ὥστε τὸν μὲν Ἄππιον ἔχοντα δύο μέρη προσκαθῆσθαι τοῖς ἐν τῇ πόλει, τὸ δὲ τρίτον ἀναλαβόντα Μάρκον ἐπιπορεύεσθαι τοὺς τὰ Καρχηδονίων αἰρουμένους κατὰ τὴν Σικελίαν. [1] III. Res Graeciae καταλαβέσθαι ... ἐγχειρήσας 1 μετὰ τῆς Φιλίππου γνώμης τὴν τῶν Μεσσηνίων πόλιν εἰκῇ καὶ παραβόλως, ἐν αὐτῷ τῷ τῆς πράξεως καιρῷ διεφθάρη: περὶ ὧν ἡμεῖς τὰ κατὰ μέρος, ὅταν ἐπὶ τοὺς καιροὺς ἔλθωμεν, διασαφήσομεν Polyb. III, 19, 11. ὅτι Φίλιππος παραγενόμενος εἰς τὴν Μεσσήνην ἔφθειρε τὴν χώραν δυσμενικῶς, θυμῷ τὸ πλεῖον ἢ λογισμῷ χρώμενος: [2] ἥλιζε γάρ, ὡς ἐμοὶ δοκεῖ, βλάπτων συνεχῶς οὐδέποτε ἄγανακτήσειν οὐδὲ μισήσειν αὐτὸν τοὺς κακῶς πάσχοντας. [3] προήχθη δὲ καὶ νῦν καὶ διὰ τῆς προτέρας βύβλου σαφέστερον ἐξηγήσασθαι περὶ τούτων οὐ μόνον διὰ τὰς πρότερον ἡμῖν εἰρημένας αἰτίας, ἀλλὰ καὶ διὰ τὸ τῶν συγγραφέων τοὺς μὲν ὅλως παραλελοιπέναι τὰ κατὰ τοὺς Μεσσηνίους, [4] τοὺς δὲ καθόλου διὰ τὴν πρὸς τοὺς μονάρχους εὐνοίαν ἢ τάναντία φόβον οὐχ οἷον ἐν ἀμαρτία γεγονέναι τὴν εἰς τοὺς Μεσσηνίους ἀσέβειαν Φιλίππου καὶ παρανομίαν, ἀλλὰ τούναντίον ἐν ἐπαίνῳ καὶ κατορθώματι τὰ πεπραγμένα διασαφεῖν ἡμῖν. [5] οὐ μόνον δὲ περὶ Μεσσηνίους τοῦτο πεποιηκότας ἰδεῖν ἔστι τοὺς γράφοντας τοῦ Φιλίππου τὰς πράξεις, ἀλλὰ καὶ περὶ τῶν ἄλλων

παραπλησίως. [6] ἐξ ὧν ἱστορίας μὲν οὐδαμῶς ἔχειν αὐτοῖς συμβαίνει διάθεσιν τὰς συντάξεις, ἐγκωμίου δὲ μᾶλλον. [7] ἐγὼ δ' οὔτε λαιδορεῖν ψευδῶς φημι δεῖν τοὺς μονάρχους οὔτ' ἐγκωμιάζειν, ὃ πολλοῖς ἤδη συμβέβηκε, τὸν ἀκόλουθον δὲ τοῖς προγεγραμμένοις ἀεὶ καὶ τὸν πρέποντα ταῖς ἐκάστων προαιρέσεσι λόγον ἐφαρμόζειν. [8] ἀλλ' ἴσως τοῦτ' εἰπεῖν μὲν εὐμαρές, πρᾶξι δὲ καὶ λίαν δυσχερές διὰ τὸ πολλὰς καὶ ποικίλας εἶναι διαθέσεις καὶ περιστάσεις, αἷς εἰκόντες ἄνθρωποι κατὰ τὸν βίον οὔτε λέγειν οὔτε γράφειν δύνανται τὸ φαινόμενον. ὧν χάριν τισὶ μὲν αὐτῶν συγγνώμην δοτέον, [9] ἐνίοις γε μὴν οὐ δοτέον.

[1] μάλιστα δ' ἂν τις ἐπιτιμήσειε περὶ τοῦτο τὸ μέρος Θεοπόμπω, ὅς γ' ἐν ἀρχῇ τῆς Φιλίππου συντάξεως δι' αὐτὸ μάλιστα παρορμηθῆναι φήσας πρὸς τὴν ἐπιβολὴν τῆς πραγματείας διὰ τὸ μηδέποτε τὴν Εὐρώπην ἐνηνοχέειν τοιοῦτον ἄνδρα παράπαν οἷον τὸν Ἀμύντου Φίλιππον, [2] μετὰ ταῦτα παρὰ πόδας, ἔν τε τῇ προοιμίῳ καὶ παρ' ὅλην δὲ τὴν ἱστορίαν, ἀκρατέστατον μὲν αὐτὸν ἀποδείκνυσι πρὸς γυναῖκας, ὥστε καὶ τὸν ἴδιον οἶκον ἐσφαλκέναι τὸ καθ' αὐτὸν διὰ τὴν πρὸς τοῦτο τὸ μέρος ὀρμὴν καὶ προστασίαν, [3] ἀδικώτατον δὲ καὶ κακοπραγμονέστατον περὶ τὰς τῶν φίλων καὶ συμμάχων κατασκευάς, πλείστα δὲ πόλεις ἐξηνδραποδισμένον καὶ πεπραξικοπηκότα μετὰ δόλου καὶ βίας, [4] ἐκπαθῇ δὲ γεγονότα καὶ πρὸς τὰς ἀκρατοποσίας, ὥστε καὶ μεθ' ἡμέραν πλεονάκις μεθύοντα καταφανῇ γενέσθαι τοῖς φίλοις. [5] εἰ δέ τις ἀναγνῶναι βουλευθεῖη τὴν ἀρχὴν τῆς ἐνάτης καὶ τετταρακοστῆς αὐτῷ βύβλου, παντάπασιν ἂν θαυμάσαι τὴν ἀτοπίαν τοῦ συγγραφέως, ὅς γε χωρὶς τῶν ἄλλων τετόλμηκε καὶ ταῦτα λέγειν: αὐταῖς γὰρ λέξεσιν, αἷς ἐκεῖνος κέχρηται, κατατετάχαμεν: “ [6] εἰ γάρ τις ἦν ἐν τοῖς Ἑλλησιν ἢ τοῖς βαρβάροις” φησὶ “λάσταυρος ἢ θρασὺς τὸν τρόπον, οὗτοι πάντες εἰς Μακεδονίαν ἀθροιζόμενοι πρὸς Φίλιππον ἐταῖροι τοῦ βασιλέως προσηγορεύοντο. [7] καθόλου γὰρ ὁ Φίλιππος τοὺς μὲν κοσμίους τοῖς ἤθεσι καὶ τῶν ἰδίων βίων ἐπιμελουμένους ἀπεδοκίμαζε, τοὺς δὲ πολυτελεῖς καὶ ζῶντας ἐν μέθαις καὶ κύβοις ἐτίμα καὶ προῆγε. [8] τοιγαροῦν οὐ μόνον ταῦτ' ἔχειν αὐτοὺς παρεσκεύαζεν, ἀλλὰ καὶ τῆς ἄλλης ἀδικίας καὶ βδελυρίας ἀθλητὰς ἐποίησε. τί γὰρ τῶν αἰσχυρῶν ἢ δεινῶν αὐτοῖς οὐ προσῆν; [9] ἢ τί τῶν καλῶν καὶ σπουδαίων οὐκ ἀπῆν; ὧν οἱ μὲν ξυρόμενοι καὶ λεαινόμενοι διετέλουν ἄνδρες ὄντες, οἱ δ' ἀλλήλοις ἐτόλμων ἐπανίστασθαι πώγωνας ἔχουσι. [10] καὶ

περιήγοντο μὲν δύο καὶ τρεῖς τοὺς ἑταιρευομένους, αὐτοὶ δὲ τὰς αὐτὰς ἐκείνοις χρήσεις ἑτέροις παρείχοντο. [11] ὅθεν καὶ δικαίως ἂν τις αὐτοὺς οὐχ ἑταίρους, ἀλλ' ἑταίρας ὑπελάμβανεν [εἶναι] οὐδὲ στρατιώτας, ἀλλὰ χαμαιτύπους προσηγόρευσεν: [12] ἀνδροφόνοι γὰρ τὴν φύσιν ὄντες ἀνδρόπορνοι τὸν τρόπον ἦσαν. [13] ἀπλῶς δ' εἰπεῖν, ἵνα παύσωμαι” φησὶ “μακρολογῶν, ἄλλως τε καὶ τοσούτων μοι πραγμάτων ἐπικεχυμένων, ἡγοῦμαι τοιαῦτα θηρία γεγονέναι καὶ τοιούτους τὸν τρόπον τοὺς φίλους καὶ τοὺς ἑταίρους Φιλίππου προσαγορευθέντας οἷους οὔτε τοὺς Κενταύρους τοὺς τὸ Πήλιον κατασχόντας οὔτε τοὺς Λαιστρυγόνας τοὺς τὸ Λεοντίνων πεδίον οἰκήσαντας οὗτ' ἄλλους οὐδ' ὁποίους.”

[1] ταύτην δὲ τὴν τε πικρίαν καὶ τὴν ἀθυρογλωττίαν τοῦ συγγραφέως τίς οὐκ ἂν ἀποδοκιμάσειεν; [2] οὐ γὰρ μόνον ὅτι μαχόμενα λέγει πρὸς τὴν αὐτοῦ πρόθεσιν ἄξιός ἐστιν ἐπιτιμήσεως, ἀλλὰ καὶ διότι κατέψευσται τοῦ τε βασιλέως καὶ τῶν φίλων, καὶ μάλιστα διότι τὸ ψεῦδος αἰσχυρῶς καὶ ἀπρεπῶς διατέθεται. [3] εἰ γὰρ περὶ Σαρδαναπάλλου τις ἢ τῶν ἐκείνου συμβιωτῶν ἐποιεῖτο τοὺς λόγους, μόλις ἂν ἐθάρρησε τῇ κακορρημοσύνῃ ταύτῃ χρήσασθαι: οὗ τὴν ἐν τῷ βίῳ προαίρεσιν καὶ τὴν ἀσέλγειαν διὰ τῆς ἐπιγραφῆς τῆς ἐπὶ τοῦ τάφου τεκμαιρόμεθα. [4] λέγει γὰρ ἡ [ἐπι]γραφὴ,

[1] ταῦτ' ἔχω ὅσσ' ἔφαγον καὶ ἐφύβρισα καὶ μετ' ἔρωτος τέρπν' ἔπαθον. [5] περὶ δὲ Φιλίππου καὶ τῶν ἐκείνου φίλων εὐλαβηθεῖ τις ἂν οὐχ οἷον εἰς μαλακίαν καὶ ἀνανδρίαν, ἔτι δ' ἀναισχυντίαν λέγειν, ἀλλὰ τούναντίον μήποτ' ἐγκωμιάζειν ἐπιβαλλόμενος οὐ δυνηθῇ καταξίως εἰπεῖν τῆς ἀνδρείας καὶ φιλοπονίας καὶ συλλήβδην τῆς ἀρετῆς τῶν προειρημένων ἀνδρῶν: [6] οἱ γε προφανῶς ταῖς σφετέραις φιλοπονίαις καὶ τόλμαις ἐξ ἐλαχίστης μὲν βασιλείας ἐνδοξοτάτην καὶ μεγίστην τὴν Μακεδόνων ἀρχὴν κατεσκεύασαν: [7] χωρὶς δὲ τῶν ἐπὶ Φιλίππου πράξεων αἱ μετὰ τὸν ἐκείνου θάνατον ἐπιτελεσθεῖσαι μετ' Ἀλεξάνδρου πᾶσιν ὁμολογουμένην τὴν ἐπ' ἀρετῇ φήμην παραδεδώκασι περὶ αὐτῶν. [8] μεγάλην γὰρ ἴσως μερίδα θετέον τῷ προεστώτι τῶν ὅλων Ἀλεξάνδρῳ, καίπερ ὄντι νέφ παντελῶς, οὐκ ἐλάττω μέντοι γε τοῖς συνεργοῖς καὶ φίλοις, [9] οἱ πολλαῖς μὲν καὶ παραδόξοις μάχαις ἐνίκησαν τοὺς ὑπεναντίους, πολλοὺς δὲ καὶ παραβόλους ὑπέμειναν πόνους καὶ κινδύνους καὶ τालαιπωρίας, πλείστης δὲ περιουσίας κυριεύσαντες καὶ πρὸς ἀπάσας τὰς ἐπιθυμίας πλείστης εὐπορήσαντες ἀπολαύσεως, οὔτε κατὰ τὴν σωματικὴν

δύναμιν οὐδέποτε διὰ ταῦτ' ἡλαττώθησαν, οὔτε κατὰ τὰς ψυχικὰς ὁρμὰς οὐδὲν ἄδικον οὐδ' ἄσελγές ἐπετήδευσαν, [10] ἅπαντες δ', ὡς ἔπος εἶπεῖν, βασιλικοὶ καὶ ταῖς μεγαλοψυχίαις καὶ ταῖς σωφροσύναις καὶ ταῖς τόλμαις ἀπέβησαν, Φιλίππῳ καὶ μετ' Ἀλεξάνδρῳ συμβιώσαντες. ὧν οὐδὲν ἂν δέοι μνημονεύειν ἐπ' ὀνόματος. [11] μετὰ δὲ τὸν Ἀλεξάνδρου θάνατον οὕτω περὶ τῶν πλείστων μερῶν τῆς οἰκουμένης ἀμφισβητήσαντες παραδόσιμον ἐποίησαν τὴν ἑαυτῶν δόξαν ἐν [12] πλείστοις ὑπομνήμασιν ὥστε τὴν μὲν Τιμαίου τοῦ συγγραφέως πικρίαν, ἣ κέχρηται κατ' Ἀγαθοκλέους τοῦ Σικελίας δυνάστου, καίπερ ἀνυπέρβλητον εἶναι δοκοῦσαν, ὅμως λόγον ἔχειν — ὡς γὰρ κατ' ἐχθροῦ καὶ πονηροῦ καὶ τυράννου διατίθεται τὴν κατηγορίαν — τὴν δὲ Θεοπόμπου μὴδ' ὑπὸ λόγον πίπτειν. προθέμενος γὰρ ὡς περὶ βασιλέως εὐφυεστάτου πρὸς ἀρετὴν γεγονότος οὐκ ἔστι τῶν αἰσchrῶν καὶ δεινῶν ὃ παραλέλοιπε. [2] λοιπὸν ἢ περὶ τὴν ἀρχὴν καὶ προέκθεσιν τῆς πραγματείας ἀνάγκη ψεύστην καὶ κόλακα φαίνεσθαι τὸν ἱστοριογράφον, ἢ περὶ τὰς κατὰ μέρος ἀποφάσεις ἀνόητον καὶ μειρακιώδη τελείως, εἰ διὰ τῆς ἀλόγου καὶ ἐπικλήτου λαιδορίας ὑπέλαβε πιστότερος μὲν αὐτὸς φανήσεσθαι, παραδοχῆς δὲ μᾶλλον ἀξιωθήσεσθαι τὰς ἐγκωμιαστικὰς ἀποφάσεις αὐτοῦ περὶ Φιλίππου. [3]

[1] καὶ μὴν οὐδὲ περὶ τὰς ὁλοσχερεῖς διαλήψεις οὐδεὶς ἂν εὐδοκήσειε τῷ προειρημένῳ συγγραφεῖ: ὅς γ' ἐπιβαλόμενος γράφειν τὰς Ἑλληνικὰς πράξεις ἀφ' ὧν Θουκυδίδης ἀπέλιπε, καὶ συνεγγίσας τοῖς Λευκτρικοῖς καιροῖς καὶ τοῖς ἐπιφανεστάτοις τῶν Ἑλληνικῶν ἔργων, τὴν μὲν Ἑλλάδα μεταξὺ καὶ τὰς ταύτης ἐπιβολὰς ἀτέρριψε, μεταλαβὼν δὲ τὴν ὑπόθεσιν τὰς Φιλίππου πράξεις προύθετο γράφειν. [4] καίτοι γε πολλῷ σεμνότερον ἦν καὶ δικαιότερον ἐν τῇ περὶ τῆς Ἑλλάδος ὑποθέσει τὰ πεπραγμένα Φιλίππῳ συμπεριλαβεῖν ἢ περ ἐν τῇ Φιλίππου τὰ τῆς Ἑλλάδος. οὐδὲ γὰρ προκαταληφθεὶς ὑπὸ βασιλικῆς δυναστείας, [5] καὶ τυχὼν ἐξουσίας, οὐδεὶς ἂν ἐπέσχε σὺν καιρῷ ποιήσασθαι μετάβασιν ἐπὶ τὸ τῆς Ἑλλάδος ὄνομα καὶ πρόσωπον: ἀπὸ δὲ ταύτης ἀρξάμενος καὶ προβάς ἐπὶ ποσὸν οὐδ' ὅλως οὐδεὶς ἂν ἡλλάξατο μονάρχου πρόσχημα καὶ βίον, ἀκεραίῳ χρώμενος γνώμῃ. [6] καὶ τί δήποτ' ἦν τὸ τὰς τηλικαύτας ἐναντιώσεις βιασάμενον παριδεῖν Θεόπομπον; εἰ μὴ νῆ Δί' ὅτι ἐκείνης μὲν τῆς ὑποθέσεως τέλος ἦν τὸ καλόν, τῆς δὲ κατὰ Φίλιππον τὸ συμφέρον. [7] οὐ μὴν ἀλλὰ πρὸς μὲν ταύτην τὴν ἀμαρτίαν, καθὼ μετέβαλε τὴν

ὑπόθεσιν, ἴσως ἂν εἶχέ τι λέγειν, εἴ τις αὐτὸν ἤρετο περὶ τούτων: [8] πρὸς δὲ τὴν κατὰ τῶν φίλων αἰσχρολογίαν οὐκ ἂν οἶμαι δυνηθῆναι λόγον αὐτὸν ἀποδοῦναι, συγχωρῆσαι δὲ διότι πολὺ τι παρέπεσε τοῦ καθήκοντος. [Exc. Peir. p. 18; 9, 6 — 9, 13 οὐδ' ὁποῖους Athen. IV, 62 p. 167b; VI, 77 p. 260d; 9, 9 τί γὰρ — οὐκ ἀπὴν Cod. [2] τὸν γὰρ πρεσβύτερον Ἄρατον, δυσαρεστηθέντα τοῖς ὑπ' αὐτοῦ πεπραγμένοις ἐν τῇ Μεσσήνῃ, μετ' οὐ πολὺ μετὰ Ταυρίωνος τοῦ χειρίζοντος αὐτῷ τὰ κατὰ Πελοπόννησον ἐпанεῖλατο φαρμάκῳ. [3] παραυτίκα μὲν οὖν ἡγνοεῖτο παρὰ τοῖς ἐκτὸς τὸ γεγονός: καὶ γὰρ ἦν ἡ δύναμις οὐ τῶν παρ' αὐτὸν τὸν καιρὸν ἀπολλυουσῶν, ἀλλὰ χρόνον ἔχουσα καὶ διάθεσιν ἐργαζομένη: [4] τὸν γε μὴν Ἄρατον αὐτὸν οὐκ ἐλάνθανε τὸ κακόν. ἐγένετο δὲ δῆλον ἐκ τούτων: [5] ἅπαντας γὰρ ἐπικρυπτόμενος τοὺς ἄλλους, πρὸς ἓνα τῶν ὑπηρετῶν Κεφάλωνα διὰ τὴν συνήθειαν οὐκ ἔστεξε τὸν λόγον, ἀλλ' ἐπιμελῶς αὐτῷ κατὰ τὴν ἀρρωστίαν τοῦ προειρημένου συμπαρόντος καὶ τι τῶν πρὸς τῷ τοίχῳ πτυσμάτων ἐπισημναμένου δίαῖμον ὑπάρχον, εἶπε “ταῦτα τὰπίχειρα τῆς φιλίας, ὦ Κεφάλων, κεκομίσμεθα τῆς πρὸς Φίλιππον” [6]. οὕτως ἐστὶ μέγα τι καὶ καλὸν χρῆμα μετριότης, ὥστε μᾶλλον ὁ παθὼν τοῦ πράξαντος ἡσχύνετο τὸ γεγονός, εἰ τοσούτων καὶ τηλικούτων κεκοινωνηκῶς ἔργων ἐπὶ τῷ τοῦ Φιλίππου συμφέροντι τοιαῦτα τὰπίχειρα κεκόμισται τῆς εὐνοίας. [7] οὗτος μὲν οὖν καὶ διὰ τὸ πολλάκις τῆς ἀρχῆς τετευχέναι παρὰ τοῖς Ἀχαιοῖς, καὶ διὰ τὸ πλῆθος καὶ διὰ τὸ μέγεθος τῶν εἰς τὸ ἔθνος εὐεργεσιῶν, μεταλλάξας τὸν βίον ἔτυχε πρεπούσης τιμῆς καὶ παρὰ τῇ πατρίδι καὶ παρὰ τῷ κοινῷ τῶν Ἀχαιῶν: [8] καὶ γὰρ θυσίας αὐτῷ καὶ τιμὰς ἥρωικὰς ἐψηφίσαντο, καὶ συλλήβδην ὅσα πρὸς αἰώνιον ἀνήκει μνήμην, ὥστ' εἶπερ καὶ περὶ τοὺς ἀποικομένους ἔστι τις αἴσθησις, εἰκὸς εὐδοκεῖν αὐτὸν καὶ τῇ τῶν Ἀχαιῶν εὐχαριστία καὶ ταῖς ἐν τῷ ζῆν κακοπραγίαις καὶ κινδύνοις. [1] πάλαι δὲ τῇ διανοίᾳ περὶ τὸν Λίσσον καὶ τὸν Ἀκρόλισσον ὦν, καὶ σπουδάζων ἐγκρατὴς γενέσθαι τῶν τόπων τούτων, ὥρμησε μετὰ τῆς δυνάμεως: ποιησάμενος δὲ τὴν πορείαν ἐπὶ δύο ἡμέρας, [2] καὶ

διελθὼν τὰ στενά, κατέξευξε παρὰ τὸν Ἀρδάξανον ποταμόν, οὐ μακρὰν τῆς πόλεως. [3] θεωρῶν δὲ τὸν τε τοῦ Λίσσου περίβολον καὶ τὰ πρὸς τῇ θαλάττῃ καὶ τὰ πρὸς τὴν μεσόγαιον ἡσφαλισμένον διαφερόντως καὶ φύσει καὶ κατασκευῇ, τὸν τε παρακείμενον Ἀκρόλισσον αὐτῷ καὶ διὰ τὴν εἰς ὕψος ἀνάτασιν καὶ διὰ τὴν ἄλλην ἐρυμνότητα τοιαύτην ἔχοντα φαντασίαν ὥστε μὴδ' ἂν ἐλπίσαι μὴδένα κατὰ κράτος ἐλεῖν, τῆς μὲν περὶ τοῦτον ἐλπίδος ἀπέστη τελέως, τῆς δὲ πόλεως οὐ λίαν ἀπήλπισε. [4] συνθεωρήσας δὲ τὸ μεταξὺ διάστημα τοῦ Λίσσου καὶ τοῦ κατὰ τὸν Ἀκρόλισσον πρόποδος σύμμετρον ὑπάρχον πρὸς τὴν ἐπιβολὴν τὴν κατὰ τῆς πόλεως, κατὰ τοῦτο διενεόθη συστησάμενος ἀκροβολισμόν χρήσασθαι στρατηγίᾳ πρὸς τὸ παρὸν οἰκείῳ. [5] δοὺς δὲ μίαν ἡμέραν πρὸς ἀνάπαυσιν τοῖς Μακεδόσι, καὶ παρακαλέσας ἐν αὐτῇ τὰ πρέποντα τῷ καιρῷ, τὸ μὲν πολὺ μέρος καὶ χρησιμώτατον τῶν εὐζώνων ἔτι νυκτὸς εἰς τινὰς φάραγγας ὑλώδεις ἔκρυψε κατὰ τὸν ἐπὶ τῆς μεσογαίου τόπον ὑπὲρ τὸ προειρημένον διάστημα, [6] τοὺς δὲ πελταστὰς εἰς τὴν ἐπαύριον ἔχων καὶ τὸ λοιπὸν μέρος τῶν εὐζώνων ἐπὶ θάτερα τῆς πόλεως κατὰ θάλατταν ἐχρῆτο τῇ πορείᾳ. [7] περιελθὼν δὲ τὴν πόλιν, καὶ γενόμενος κατὰ τὸν προειρημένον τόπον, δῆλος ἦν ὡς ταύτῃ ποιησόμενος τὴν πρὸς τὴν πόλιν ἀνάβασιν. [8] οὐκ ἄγνωσμένης δὲ τῆς τοῦ Φιλίππου παρουσίας ἦν πλῆθος ἱκανὸν ἐξ ἀπάσης τῆς πέριξ Ἰλλυρίδος εἰς τὸν Λίσσον ἡθροισμένον: [9] τῷ μὲν γὰρ Ἀκρολίσσω διὰ τὴν ὀχυρότητα πιστεύοντες μετρίαν

[1] τινὰ τελέως εἰς αὐτὸν ἀπένειμαν φυλακὴν. διόπερ ἅμα τῷ συνεγγίζειν τοὺς Μακεδόνας εὐθέως ἐκ τῆς πόλεως ἐξεχέοντο, θαρροῦντες ἐπὶ τε τῷ πλήθει καὶ ταῖς τῶν τόπων ὀχυρότησι. [2] τοὺς μὲν οὖν πελταστὰς ὁ βασιλεὺς ἐν τοῖς ἐπιπέδοις ἐπέστησε, τοῖς δὲ κούφοις παρήγγειλε προβαίνειν πρὸς τοὺς λόφους καὶ συμπλέκεσθαι πρὸς τοὺς πολεμίους ἐρρωμένως. ποιοῦντων δὲ τὸ παραγγελθέν, [3] ἐπὶ ποσὸν μὲν ὁ κίνδυνος πάριος ἦν μετὰ δὲ ταῦτα καὶ ταῖς δυσχωρίαις εἷξαντες οἱ παρὰ τοῦ Φιλίππου καὶ τῷ πλήθει τῶν πολεμίων ἐτράπησαν. [4] καταφυγόντων δὲ τούτων εἰς τοὺς πελταστὰς οἱ μὲν ἐκ τῆς πόλεως καταφρονήσαντες προήεσαν καὶ συγκαταβάντες ἐν τοῖς ἐπιπέδοις προσεμάχοντο τοῖς πελτασταῖς: [5] οἱ δὲ τὸν Ἀκρόλισσον φυλάττοντες, θεωροῦντες τὸν Φίλιππον ἐκ διαδοχῆς ταῖς στείραις ἐπὶ πόδα ποιούμενον τὴν ἀναχώρησιν, καὶ

δόξαντες τοῖς ὅλοις αὐτὸν εἶκειν, ἔλαθον ἐκκληθέντες διὰ τὸ πιστεῦναι τῇ φύσει τοῦ τόπου, [6] κᾶπειτα κατ' ὀλίγους ἐκλιπόντες τὸν Ἀκρόλισσον κατέρρεον ταῖς ἀνοδίαις εἰς τοὺς ὀμαλοὺς καὶ πεδινοὺς τόπους, ὡς ἤδη τινὸς ὠφελείας καὶ τροπῆς τῶν πολεμίων ἐσομένης. [7] κατὰ δὲ τὸν καιρὸν τοῦτον οἱ τὰς ἐνέδρας ἐκ τῆς μεσογαίας διειληφότες ἀφανῶς ἐξαναστάντες ἐνεργὸν ἐποιήσαντο τὴν ἔφοδον: ἅμα δὲ τούτοις ἐκ μεταβολῆς οἱ πελτασταὶ συνεπέθεντο τοῖς ὑπεναντίοις. [8] οὗ συμβάντος διαταραχθέντες οἱ μὲν ἐκ τοῦ Λίσσου σποράδην ποιούμενοι τὴν ἀναχώρησιν διεσφάζοντο πρὸς τὴν πόλιν, οἱ δὲ τὸν Ἀκρόλισσον ἐκλιπόντες ἀπετμήθησαν ὑπὸ τῶν ἐκ τῆς ἐνέδρας ἐξαναστάντων. [9] διὸ καὶ συνέβη τὸ μὲν ἀνέλπιστον, τὸν Ἀκρόλισσον παραχρῆμα ληφθῆναι χωρὶς κινδύνων, τὸν δὲ Λίσσον τῇ κατὰ πόδας ἡμέρᾳ μετὰ μεγάλων ἀγώνων, ποιησαμένων τῶν Μακεδόνων ἐνεργούς καὶ καταπληκτικὰς προσβολάς. Φίλιππος μὲν οὖν, [10] παραδόξως ἐγκρατὴς γενόμενος τῶν προειρημένων τόπων, ἅπαντας τοὺς ἐπὶ ὑποχειρίους ἐποίησατο διὰ ταύτης τῆς πράξεως, ὥστε τοὺς πλείστους τῶν Ἰλλυριῶν ἐθελοντὴν ἐπιτρέπειν αὐτῷ τὰς πόλεις: [11] οὐδεμία γὰρ ὀχυρότης ἔτι πρὸς τὴν Φιλίππου βίαν οὐδ' ἀσφάλεια τοῖς ἀντιταττομένοις προουφαίνετο, κεκρατημένων μετὰ βίας τῶν προειρημένων ὀχυρωμάτων. [1] Δασσαρῆται ἔθνος Ἰλλυρίας: Πολύβιος ὀγδόω. [Steph. Byz. p. 220, 21 Mein.] Ὑσκανα πόλις Ἰλλυρίδος οὐδετέρως: Πολύβιος η#. [ibid. p. 653, 14 Mein.] IV. Res Asiae Βῶλις ἦν ἀνὴρ γένει μὲν Κρής, χρόνον δὲ πολὺν ἐν τῇ βασιλείᾳ διατετριφὼς ἐν ἡγεμονικῇ προστασίᾳ, δοκῶν δὲ καὶ σύνεσιν ἔχειν καὶ τόλμαν παράβολον καὶ τριβὴν ἐν τοῖς πολεμικοῖς οὐδενὸς ἐλάττω. [2] τοῦτον ὁ Σωσίβιος διὰ πλειόνων λόγων πιστωσάμενος, καὶ παρασκευάσας εὖνουν ἑαυτῷ καὶ πρόθυμον, ἀναδίδωσι τὴν πρᾶξιν, λέγων ὡς οὐδὲν ἂν τῷ βασιλεῖ μείζον χαρίσαιο κατὰ τοὺς ἐνεστῶτας καιροὺς ἢ συνεπινοήσας πῶς καὶ τίνι τρόπῳ δύναται σῶσαι τὸν Ἀχαιόν. [3] τότε μὲν οὖν διακούσας ὁ Βῶλις, καὶ φήσας ἐπισκέψασθαι περὶ τῶν εἰρημένων, ἐχωρίσθη: [4] δοὺς δὲ λόγον ἑαυτῷ, καὶ μετὰ δύο ἢ τρεῖς ἡμέρας προσελθὼν πρὸς τὸν Σωσίβιον, ἀνεδέξατο τὴν πρᾶξιν εἰς αὐτόν, φήσας καὶ γεγονέναι πλείω χρόνον ἐν ταῖς Σάρδεσι καὶ τῶν τόπων ἐμπειρεῖν, καὶ τὸν Καμβύλον τὸν ἡγεμόνα τῶν παρ' Ἀντιόχῳ στρατευομένων Κρητῶν οὐ μόνον πολίτην, ἀλλὰ καὶ συγγενῇ καὶ φίλον ὑπάρχειν αὐτῷ. [5]

συνέβαινε δὲ καὶ τὸν Καμβύλον καὶ τοὺς ὑπὸ τοῦτον ταττομένους Κρήτας πεπιστεῦσθαι τι τῶν φυλακτηρίων τῶν κατὰ τοὺς ὀπισθε τόπους τῆς ἄκρας, οἵτινες κατασκευὴν μὲν οὐκ ἐπεδέχοντο, τῇ δὲ συνεχείᾳ τῶν ὑπὸ τὸν Καμβύλον τεταγμένων ἀνδρῶν ἐτηροῦντο. [6] τοῦ δὲ Σωσιβίου δεξαμένου τὴν ἐπίνοιαν, καὶ διειληφότος ἢ μὴ δυνατὸν εἶναι σωθῆναι τὸν Ἀχαιοὺν ἐκ τῶν περιεστώτων, ἢ δυνατοῦ καθάπαξ ὑπάρχοντος διὰ μηδενὸς ἂν ἐτέρου γενέσθαι τοῦτο βέλτιον ἢ διὰ Βώλιδος, τοιαύτης δὲ συνδραμούσης καὶ περὶ τὸν Βῶλιν προθυμίας, ταχέως ἐλάμβανε τὸ πρᾶγμα προκοπὴν. [7] ὃ τε γὰρ Σωσίβιος ἅμα μὲν προεδίδου τῶν χρημάτων εἰς τὸ μηδὲν ἐλλείπειν εἰς τὰς ἐπιβολάς, πολλὰ δ' εὖ γενομένων ὑπισχεῖτο δώσειν, [8] τὰς δὲ παρ' αὐτοῦ τοῦ βασιλέως καὶ παρ' Ἀχαιοῦ τοῦ σωζομένου χάριτας ἐξ ὑπερβολῆς αὖξων εἰς μεγάλας ἐλπίδας ἤγε τὸν Βῶλιν: [9] ὃ τε προειρημένος ἀνὴρ, ἔτοιμος ὢν πρὸς τὴν πρᾶξιν, οὐδένα χρόνον ἐπιμείνας ἐξέπλευσε, συνθήματα λαβὼν καὶ πίστεις πρὸς τε Νικόμαχον εἰς Ῥόδον, ὃς ἐδόκει πατρὸς ἔχειν διάθεσιν κατὰ τὴν εὐνοίαν καὶ πίστιν πρὸς τὸν Ἀχαιοῦν, ὁμοίως δὲ καὶ πρὸς Μελαγκόμαν εἰς Ἑφεσον. [10] οὗτοι γὰρ ἦσαν, δι' ὧν καὶ τὸν πρὸ τοῦ χρόνον Ἀχαιὸς τά τε πρὸς τὸν Πτολεμαῖον καὶ τὰς ἄλλας ἀπάσας τὰς ἔξωθεν ἐπιβολὰς ἐχειρίζε.

[1] παραγενόμενος δ' εἰς τὴν Ῥόδον καὶ μετὰ ταῦτα πάλιν εἰς τὴν Ἑφεσον, καὶ κοινωσάμενος τοῖς προειρημένοις ἀνδράσι, καὶ λαβὼν αὐτοὺς ἐτοίμους εἰς τὰ παρακαλούμενα, μετὰ ταῦτ' Ἀριανόν τινα τῶν ὑφ' αὐτὸν ταττομένων διαπέμπεται πρὸς τὸν Καμβύλον, [2] φήσας ἐξαπεστάλθαι μὲν ἐκ τῆς Ἀλεξανδρείας ξενολογήσων, βούλεσθαι δὲ τῷ Καμβύλῳ συμμῖζαι περὶ τινων ἀναγκαίων: διόπερ ᾧδε δεῖν τάσασθαι καιρὸν καὶ τόπον, ἐν ᾧ μηδενὸς συνειδότος αὐτοῖς συναντήσουσι. [3] ταχὺ δὲ τοῦ Ἀριανοῦ συμμίζαντος τῷ Καμβύλῳ καὶ δηλώσαντος τὰς ἐντολάς, ἐτοίμως ὁ προειρημένος ἀνὴρ ὑπήκουσε τοῖς παρακαλουμένοις, καὶ συνθέμενος ἡμέραν καὶ τόπον ἐκατέρῳ γνωστόν, εἰς ὃν παρέσται νυκτός, ἀπέπεμψε τὸν Ἀριανόν. [4] ὁ δὲ Βῶλις, ἅτε Κρής ὑπάρχων καὶ φύσει ποικίλος, πᾶν ἐβάσταζε πρᾶγμα καὶ πᾶσαν ἐπίνοιαν ἐψηλάφα. [5] τέλος δὲ συμμίζας τῷ Καμβύλῳ κατὰ τὴν τοῦ Ἀριανοῦ σύνταξιν ἔδωκε τὴν ἐπιστολήν. ἥς θεθείσης εἰς τὸ μέσον ἐποιοῦντο τὴν σκέψιν Κρητικὴν: [6] οὐ γὰρ ἐσκόπουν ὑπὲρ τῆς τοῦ κινδυνεύοντος σωτηρίας οὐδ' ὑπὲρ τῆς τῶν ἐγγχειρισάντων τὴν πρᾶξιν πίστεως, ἀλλ' ὑπὲρ τῆς αὐτῶν ἀσφαλείας

καὶ τοῦ σφίσιν αὐτοῖς συμφέροντος. [7] διόπερ ἀμφοτέροι Κρηῖτες ὄντες συντόμως κατηνέχθησαν ἐπὶ τὴν αὐτὴν γνώμην· αὕτη δ' ἦν τὰ μὲν παρὰ τοῦ Σωσιβίου προδοδομένα δέκα τάλαντα διελέσθαι κοινῇ, [8] τὴν δὲ πρᾶξιν Ἀντίοχῳ δηλώσαντας καὶ συνεργῶ χρησαμένους ἐπαγγεῖλασθαι τὸν Ἀχαιὸν ἐγχειριεῖν αὐτῷ, λαβόντας χρήματα καὶ τὰς εἰς τὸ μέλλον ἐλπίδας ἀξίας τῆς προειρημένης ἐπιβολῆς. [9] τούτων δὲ κυρωθέντων ὁ μὲν Καμβύλος ἀνεδέξατο χειριεῖν τὰ κατὰ τὸν Ἀντίοχον, ὁ δὲ Βῶλις ἐτάξατο μετὰ τινος ἡμέρας πέμψειν τὸν Ἀριανὸν πρὸς τὸν Ἀχαιόν, ἔχοντα παρὰ τε τοῦ Νικομάχου καὶ Μελαγκόμα συνθηματικά γράμματα. [10] περὶ δὲ τοῦ παρεισελθεῖν τὸν Ἀριανὸν εἰς τὴν ἄκραν ἀσφαλῶς καὶ πάλιν ἀπελθεῖν, ἐκεῖνον ἐκέλευε φροντίζειν. [11] ἐὰν δὲ προσδεξάμενος τὴν ἐπιβολὴν Ἀχαιοὺς ἀντιφωνήσῃ τοῖς περὶ τὸν Νικόμαχον καὶ Μελαγκόμαν, οὕτως ἔφη δώσειν ὁ Βῶλις αὐτὸν εἰς τὴν χρεῖαν καὶ συμμίσξῃ τῷ Καμβύλῳ. [12] τῆς δὲ διατάξεως γενομένης τοιαύτης χωρισθέντες ἔπραττον ἑκάτεροι τὰ συντεταγμένα.

[1] καὶ λαβὼν καιρὸν πρῶτον ὁ Καμβύλος προσφέρει τῷ βασιλεῖ τὸν λόγον. [2] ὁ δ' Ἀντίοχος, πρὸς τρόπον αὐτῷ καὶ παραδόξου γενομένης τῆς ἐπαγγελίας, τὰ μὲν ὑπερχαρῆς ὦν πάνθ' ὑπισχνεῖτο, τὰ δὲ διαπιστῶν ἐξήταξε τὰς κατὰ μέρος ἐπινοίας καὶ παρασκευὰς αὐτῶν. [3] μετὰ δὲ ταῦτα πιστεύσας, καὶ νομίζων ὥς ἂν εἰ σὺν θεῷ γίνεσθαι τὴν ἐπιβολήν, ἡξίου καὶ πολλάκις ἐδεῖτο τοῦ Καμβύλου συντελεῖν τὴν πρᾶξιν. [4] τὸ δὲ παραπλήσιον ὁ Βῶλις ἐποίει πρὸς τὸν Νικόμαχον καὶ Μελαγκόμαν. οἱ δὲ πιστεύοντες ἀπὸ τοῦ κρατίστου γίνεσθαι τὴν ἐπιβολήν, καὶ παραυτίκα τῷ Ἀριανῷ συνθέντες τὰς πρὸς τὸν Ἀχαιὸν ἐπιστολὰς γεγραμμένας συνθηματικῶς, καθάπερ ἔθος ἦν αὐτοῖς, [5] οὕτως ὥστε τὸν κυριεύσαντα τῆς ἐπιστολῆς μὴ δύνασθαι γνῶναι μηδὲν τῶν ἐν αὐτῇ γεγραμμένων, ἐξαπέστειλαν παρακαλοῦντες πιστεύειν τοῖς περὶ τὸν Βῶλιν καὶ τὸν Καμβύλον. [6] ὁ δ' Ἀριανὸς διὰ τοῦ Καμβύλου παρελθὼν εἰς τὴν ἄκραν τὰ γεγραμμένα τοῖς περὶ τὸν Ἀχαιὸν ἀπέδωκε, καὶ συμπάρων ἀπὸ τῆς ἀρχῆς τοῖς γινομένοις ἀκριβῶς τὸν κατὰ μέρος ὑπὲρ ἐκάστων ἀπεδίδου λόγον, πολλάκις μὲν καὶ ποικίλως ὑπὲρ τῶν κατὰ τὸν Σωσίβιον καὶ Βῶλιν ἀνακρινόμενος, πολλάκις δὲ περὶ Νικομάχου καὶ Μελαγκόμα, μάλιστα δὲ περὶ τῶν κατὰ τὸν Καμβύλον. [7] οὐ μὴν ἀλλ' αὐτοπαθῶς καὶ γενναίως ὑπέμενε τοὺς ἐλέγχους, καὶ μάλιστα διὰ τὸ μὴ γινώσκειν τὸ συνέχον τῶν τῷ Καμβύλῳ καὶ Βώλιδι

δεδογμένων. [8] Ἀχαιὸς δὲ καὶ διὰ τῶν ἀνακρίσεων τῶν τοῦ Ἀριανοῦ καὶ μάλιστα διὰ τῶν παρὰ τοῦ Νικομάχου καὶ Μελαγκόμα συνθημάτων πιστεύσας ἀντεφώνησε, καὶ παραχρῆμα πάλιν ἐξέπεμψε τὸν Ἀριανόν. [9] πλεονάκις δὲ τούτου γινομένου παρ' ἐκατέρων, τέλος οἱ περὶ τὸν Ἀχαιὸν ἐπέτρεψαν περὶ σφῶν τοῖς περὶ τὸν Νικόμαχον, ἅτε μηδεμιᾶς ἄλλης ἐλπίδος ἔτι καταλειπομένης πρὸς σωτηρίαν, καὶ πέμπειν ἐκέλευον ἅμα τῷ Ἀριανῷ τὸν Βῶλιν ἀσελήνου νυκτός, ὡς ἐγχειριοῦντες αὐτούς. [10] ἦν γάρ τις ἐπίνοια περὶ τὸν Ἀχαιὸν τοιαύτη, πρῶτον μὲν διαφυγεῖν τοὺς ἐνεστῶτας κινδύνους, μετὰ δὲ ταῦτα ποιήσασθαι δίχα προόδου τὴν ὁρμὴν ἐπὶ τοὺς κατὰ Συρίαν τόπους: [11] πάνυ γὰρ εἶχε μεγάλας ἐλπίδας ἐπιφανεῖς ἄφνω καὶ παραδόξως τοῖς κατὰ Συρίαν ἀνθρώποις, καὶ ἔτι διατρίβοντος Ἀντιόχου περὶ τὰς Σάρδεις, μέγα ποιήσειν κίνημα καὶ μεγάλης ἀποδοχῆς τεύξεσθαι παρὰ τε τοῖς Ἀντιοχεῦσι καὶ τοῖς κατὰ Κοίλην Συρίαν καὶ Φοινίκην.

[1] ὁ μὲν οὖν Ἀχαιὸς ἐπὶ τινος τοιαύτης προσδοκίας καὶ διαλογισμῶν ὑπάρχων ἐκαραδόκει τὴν παρουσίαν τοῦ Βώλιδος: [2] οἱ δὲ περὶ τὸν Μελαγκόμαν ἀποδεξάμενοι τὸν Ἀριανόν καὶ τὰς ἐπιστολάς ἀναγνόντες, ἐξέπεμπον τὸν Βῶλιν, παρακαλέσαντες διὰ πλειόνων καὶ μεγάλας ἐλπίδας ὑποδείξαντες, ἐὰν καθίκηται τῆς ἐπιβολῆς. [3] ὁ δὲ προδιαπεμψάμενος τὸν Ἀριανόν, καὶ δηλώσας τῷ Καμβύλῳ τὴν αὐτοῦ παρουσίαν, ἦκε νυκτός ἐπὶ τὸν συντεθέντα τόπον. [4] γενόμενοι δὲ μίαν ἡμέραν ἐπὶ ταυτό, καὶ συνταξάμενοι περὶ τοῦ πῶς χειρισθῆσεται τὰ κατὰ μέρος, μετὰ ταῦτα νυκτός εἰσηλθόν εἰς τὴν παρεμβολήν. [5] ἡ δὲ διάταξις αὐτῶν ἐγγέγονει τοιαύτη τις: εἰ μὲν συμβαίῃ τὸν Ἀχαιὸν ἐκ τῆς ἄκρας ἐλθεῖν μόνον ἢ καὶ δεύτερον μετὰ τοῦ Βώλιδος καὶ Ἀριανοῦ, τελέως εὐκαταφρόνητος, ἔτι δ' εὐχείρωτος ἔμελλε γίνεσθαι τοῖς ἐνεδρεύουσιν: [6] εἰ δὲ μετὰ πλειόνων, δύσχρηστος ἢ πρόθεσις ἀπέβαινε τοῖς πεπιστευμένοις, ἄλλως τε καὶ ζωγρία σπεύδουσι κυριεῦσαι διὰ τὸ τῆς πρὸς τὸν Ἀντιόχον χάριτος τὸ πλεῖστον ἐν τούτῳ κεῖσθαι τῷ μέρει. [7] διόπερ ἔδει τὸν μὲν Ἀριανόν, ὅταν ἐξάγῃ τὸν Ἀχαιόν, ἡγεῖσθαι διὰ τὸ γινώσκειν τὴν ἀτραπόν, ἣ πολλάκις ἐπεποιήτο καὶ τὴν εἴσοδον καὶ τὴν ἔξοδον, [8] τὸν δὲ Βῶλιν ἀκολουθεῖν τῶν ἄλλων κατόπιν, ἵν' ἐπειδὰν παραγένῃται πρὸς τὸν τόπον, ἐν ᾧ τοὺς ἐνεδρεύοντας ἐτοίμους ὑπάρχειν ἔδει διὰ τοῦ Καμβύλου, τότε ἐπιλαβόμενος κρατοίῃ τὸν Ἀχαιόν, καὶ μῆτε διαδραίῃ κατὰ τὸν θόρυβον νυκτός

οὔσης διὰ τόπων ὑλωδῶν, μήθ' αὐτὸν ρίψαι κατὰ τινος κρημνοῦ περιπαθῆς γενόμενος, πέσοι δὲ κατὰ τὴν πρόθεσιν ὑπὸ τὰς τῶν ἐχθρῶν χεῖρας ζωγρία. [9] τούτων δὲ συγκειμένων, καὶ παραγενομένου τοῦ Βῶλιδος ὡς τὸν Καμβύλον, ἧ μὲν ἦλθε νυκτί, ταύτη παράγει πρὸς τὸν Ἀντίοχον τὸν Βῶλιν ὁ Καμβύλος μόνος πρὸς μόνον. [10] ἀποδεξαμένου δὲ τοῦ βασιλέως φιλοφρόνως, καὶ δόντος πίστεις ὑπὲρ τῶν ἐπαγγελιῶν, καὶ παρακαλέσαντος ἀμφοτέρους διὰ πλειόνων μηκέτι μέλλειν ὑπὲρ τῶν προκειμένων, τότε μὲν ἀνεχώρησαν εἰς τὴν αὐτῶν παρεμβολήν, [11] ὑπὸ δὲ τὴν ἐωθινήν Βῶλις ἀνέβη μετὰ τοῦ Ἀριανοῦ, καὶ παρεισῆλθεν ἔτι νυκτὸς εἰς τὴν ἄκραν.

[1] Ἀχαιὸς δὲ προσδεξάμενος ἐκτενῶς καὶ φιλοφρόνως τὸν Βῶλιν ἀνέκρινε διὰ πλειόνων ὑπὲρ ἐκάστου τῶν κατὰ μέρος. [2] θεωρῶν δὲ καὶ κατὰ τὴν ἐπιφάνειαν τὸν ἄνδρα καὶ κατὰ τὴν ὁμιλίαν ἔλκοντα τὸ τῆς πράξεως στάσιμον, τὰ μὲν περιχαρῆς ἦν διὰ τὴν ἐλπίδα τῆς σωτηρίας, τὰ δὲ πάλιν ἐπτοημένος καὶ πλήρης ἀγωνίας διὰ τὸ μέγεθος τῶν ἀποβησομένων. [3] ὑπάρχων δὲ καὶ κατὰ τὴν διάνοιαν οὐδενὸς ἥττων καὶ κατὰ τὴν ἐν πράγμασι τριβὴν ἱκανός, ὅμως ἀκμὴν ἔκρινε μὴ πᾶσαν εἰς τὸν Βῶλιν ἀνακρεμάσαι τὴν πίστιν. [4] διὸ ποιεῖται τοιούτους λόγους πρὸς αὐτόν, ὅτι κατὰ μὲν τὸ παρὸν οὐκ ἔστι δυνατόν ἐξελθεῖν αὐτῷ, πέμπει δὲ τινὰς τῶν φίλων μετ' ἐκείνου τρεῖς ἢ τέτταρας, ὧν συμμιζάντων τοῖς περὶ τὸν Μελαγκόμαν ἔτοιμον αὐτὸν ἔφη παρασκευάσειν πρὸς τὴν ἔξοδον. [5] ὁ μὲν οὖν Ἀχαιὸς ἐποίει τὰ δυνατόα: τοῦτο δ' ἡγνόμεν, τὸ δὲ λεγόμενον, πρὸς Κρήτα κρητίζων: ὁ γὰρ Βῶλις οὐθὲν ἀψηλάφητον εἶχε τῶν ἐπινοηθέντων ἂν εἰς τοῦτο τὸ μέρος. [6] πλὴν παραγενομένης τῆς νυκτός, ἐν ἧ συνεξαποστέλλειν ἔφη τοὺς φίλους, προπέμψας τὸν Ἀριανὸν καὶ τὸν Βῶλιν ἐπὶ τὴν τῆς ἄκρας ἔξοδον μένειν προσέταξε, μέχρις ἂν οἱ μέλλοντες αὐτοῖς συνεξορμᾶν παραγένωνται. [7] τῶν δὲ πειθαρχησάντων, κοινωσάμενος παρ' αὐτὸν τὸν καιρὸν τῇ γυναικὶ καὶ ποιήσας διὰ τὸ παράδοξον τὴν Λαοδίκην ἔκφρονα, χρόνον μὲν τινα λιπαρῶν ταύτην καὶ καταπραῦνων ταῖς προσδοκωμέναις ἐλπίσι προσεκαρτέρει, [8] μετὰ δὲ ταῦτα πέμπτος αὐτὸς γενόμενος, καὶ τοῖς μὲν ἄλλοις μετρίως ἐσθῆτας ἀναδούς, αὐτὸς δὲ λιτὴν καὶ τὴν τυχοῦσαν ἀναλαβὼν καὶ ταπεινὸν αὐτὸν ποιήσας προῆγε, [9] συντάξας ἐνὶ τῶν φίλων αὐτὸν αἰὲν ἀποκρίνασθαι πρὸς τὸ λεγόμενον ὑπὸ τῶν περὶ τὸν Ἀριανὸν καὶ πυνθάνεσθαι παρ' ἐκείνων αἰεὶ τὸ

κατεπεῖγον, περὶ δὲ τῶν ἄλλων φάναι βαρβάρους αὐτοὺς ὑπάρχειν.

[1] ἐπεὶ δὲ συνέμιζαν τοῖς περὶ τὸν Ἀριανόν, ἡγεῖτο μὲν αὐτὸς αὐτῶν διὰ τὴν ἐμπειρίαν, ὁ δὲ Βῶλις κατόπιν ἐπέστη κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν, ἀπορῶν καὶ δυσχρηστούμενος ὑπὲρ τοῦ συμβαίνοντος· [2] καίπερ γὰρ ὢν Κρῆς καὶ πᾶν ἄν τι κατὰ τοῦ πέλας ὑποπεύσας, ὅμως οὐκ ἡδύνατο διὰ τὸ σκότος συννοῆσαι τὸν Ἀχαιόν, οὐχ οἷον τίς ἐστιν, ἀλλ' οὐδὲ καθάπαξ εἰ πάρεστι. [3] τῆς δὲ καταβάσεως κρημνώδους μὲν καὶ δυσβάτου κατὰ τὸ πλεῖστον ὑπαρχούσης, ἐν τισὶ δὲ τόποις καὶ λίαν ἐπισφαλεῖς ἐχούσης καὶ κινδυνώδεις καταφοράς, ὁπότε παραγένοιτο πρὸς τινα τοιοῦτον τόπον, τῶν μὲν ἐπιλαμβανομένων, τῶν δὲ πάλιν ἐκδεχομένων τὸν Ἀχαιόν, [4] οὐ δυναμένων γὰρ καθόλου τὴν ἐκ τῆς συνηθείας καταξίωσιν στέλλεσθαι πρὸς τὸν παρόντα καιρόν, ταχέως ὁ Βῶλις συνῆκε τίς ἐστι καὶ ποῖος αὐτῶν ὁ Ἀχαιός. [5] ἐπεὶ δὲ παρεγένοντο πρὸς τὸν τῷ Καμβύλῳ διατεταγμένον τόπον, καὶ τὸ σύνθημα προσσυρίζας ὁ Βῶλις ἀπέδωκε, τῶν μὲν ἄλλων οἱ διαναστάντες ἐκ τῆς ἐνέδρας ἐπελάβοντο, [6] τὸν δ' Ἀχαιὸν αὐτὸς ὁ Βῶλις ὁμοῦ τοῖς ἱματίοις, ἔνδον τὰς χεῖρας ἔχοντα, συνήρπασε, φοβηθεὶς μὴ συννοήσας τὸ γινόμενον ἐπιβάλοιτο διαφθεῖρειν αὐτόν· καὶ γὰρ εἶχε μάχαιραν ἐφ' αὐτῷ παρεσκευασμένος. [7] ταχὺ δὲ καὶ πανταχόθεν κυκλωθεὶς ὑποχείριος ἐγένετο τοῖς ἐχθροῖς, καὶ παραχρῆμα μετὰ τῶν φίλων ἀνήγετο πρὸς τὸν Ἀντίοχον. [8] ὁ δὲ βασιλεύς, πάλαι μετέωρος ὢν τῇ διανοίᾳ καὶ караδοκῶν τὸ συμβησόμενον, ἀπολύσας τοὺς ἐκ τῆς συνουσίας ἔμενε μόνος ἐγρηγορῶς ἐν τῇ σκηνῇ μετὰ δυεῖν ἢ τριῶν σωματοφυλάκων. [9] παρεισελθόντων δὲ τῶν περὶ τὸν Καμβύλον καὶ καθισάντων τὸν Ἀχαιὸν ἐπὶ τὴν γῆν δεδεμένον, εἰς τοιαύτην ἀφασίαν ἦλθε διὰ τὸ παράδοξον ὥστε πολὺν μὲν χρόνον ἀποσιωπῆσαι, τὸ δὲ τελευταῖον συμπαθῆς γενέσθαι καὶ δακρῦσαι. τοῦτο δ' ἔπαθεν ὁρῶν, [10] ὡς ἔμοιγε δοκεῖ, τὸ δυσφύλακτον καὶ παράλογον τῶν ἐκ τῆς τύχης συμβαινόντων. [11] Ἀχαιὸς γὰρ ἦν Ἀνδρομάχου μὲν υἱὸς τοῦ Λαοδίκης ἀδελφοῦ τῆς Σελεύκου γυναικός, ἔγημε δὲ Λαοδίκην τὴν Μιθριδάτου τοῦ βασιλέως θυγατέρα, κύριος δ' ἐγγέγονει τῆς ἐπὶ τάδε τοῦ Ταύρου πάσης. [12] δοκῶν δὲ τότε καὶ ταῖς αὐτοῦ δυνάμεσι καὶ ταῖς τῶν ὑπεναντίων ἐν ὀχυρωτάτῳ τόπῳ τῆς οἰκουμένης διατρίβειν, ἐκάθητο δεδεμένος ἐπὶ τῆς γῆς, ὑποχείριος γενόμενος τοῖς ἐχθροῖς, οὐδέπω γινώσκοντος οὐθενὸς ἀπλῶς τὸ γεγονὸς πλὴν τῶν πραξάντων.

[1] οὐ μὴν ἀλλ' ἅμα τῷ φωτὶ συναθροιζομένων τῶν φίλων εἰς τὴν σκηνὴν κατὰ τὸν ἐθισμόν, καὶ τοῦ πράγματος ὑπὸ τὴν ὄψιν θεωρουμένου, τὸ παραπλήσιον τῷ βασιλεῖ συνέβαινε πάσχειν καὶ τοὺς ἄλλους: θαυμάζοντες γὰρ τὸ γεγονός ἠπίσταντο τοῖς ὀρωμένοις. [2] καθίσαντος δὲ τοῦ συνεδρίου, πολλοὶ μὲν ἐγίνοντο λόγοι περὶ τοῦ τίσι δεῖ κατ' αὐτοῦ χρήσασθαι τιμωρίας: [3] ἔδοξε δ' οὖν πρῶτον μὲν ἀκρωτηριάσαι τὸν ταλαίπωρον, μετὰ δὲ ταῦτα τὴν κεφαλὴν ἀποτεμόντας αὐτοῦ καὶ καταρράψαντας εἰς ὄνειον ἄσκον ἀνασταυρῶσαι τὸ σῶμα. [4] γενομένων δὲ τούτων, καὶ τῆς δυνάμεως ἐπιγνούσης τὸ συμβεβηκός, τοιοῦτος ἐνθουσιασμός ἐγένετο καὶ παράστασις τοῦ στρατοπέδου παντὸς ὥστε τὴν Λαοδίκην ἐκ τῆς ἄκρας μόνον συνειδυῖαν τὴν ἔξοδον τάνδρός, τεκμήρασθαι τὸ γεγονός ἐκ τῆς περὶ τὸ στρατόπεδον ταραχῆς καὶ κινήσεως. [5] ταχὺ δὲ καὶ τοῦ κήρυκος παραγενομένου πρὸς τὴν Λαοδίκην καὶ διασαφούντος τὰ περὶ τὸν Ἀχαιόν, καὶ κελεύοντος τίθεσθαι τὰ πράγματα καὶ παραχωρεῖν τῆς ἄκρας, [6] τὸ μὲν πρῶτον ἀναπόκριτος οἰμωγὴ καὶ θρήνοι παράλογοι κατεῖχον τοὺς περὶ τὴν ἀκρόπολιν, οὐχ οὕτως διὰ τὴν πρὸς τὸν Ἀχαιὸν εὐνοίαν ὥς διὰ τὸ παράδοξον καὶ τελέως ἀνέλπιστον ἐκάστω φαίνεσθαι τὸ συμβεβηκός, [7] μετὰ δὲ ταῦτα πολλή τις ἦν ἀπορία καὶ δυσχρηστία περὶ τοὺς ἔνδον. [8] Ἀντίοχος δὲ διακεχειρισμένος τὸν Ἀχαιὸν ἐπέιχε τοῖς κατὰ τὴν ἄκραν αἰεὶ, πεπεισμένος ἀφορμὴν ἐκ τῶν ἔνδον αὐτῷ παραδοθήσεσθαι, καὶ μάλιστα διὰ τῶν στρατιωτῶν. [9] ὃ καὶ τέλος ἐγένετο: στασιάσαντες γὰρ πρὸς σφᾶς ἐμερίσθησαν, οἱ μὲν πρὸς Ἀρίβαζον, οἱ δὲ πρὸς τὴν Λαοδίκην. οὗ γενομένου διαπιστήσαντες ἀλλήλοις ταχέως ἀμφοτέροι παρέδωσαν αὐτοὺς καὶ τὰς ἀκροπόλεις.

[1] Ἀχαιὸς μὲν οὖν πάντα τὰ κατὰ λόγον πράξας, [10] ὑπὸ δὲ τῆς τῶν πιστευθέντων ἡττηθεὶς ἀθεσίας, κατεστρέψατο τὸν βίον, κατὰ δύο τρόπους οὐκ ἀνωφελὲς ὑπόδειγμα γενόμενος τοῖς ἐπεσομένοις, [11] καθ' ἓνα μὲν πρὸς τὸ μηδενὶ πιστεύειν ῥαδίως, καθ' ἕτερον δὲ πρὸς τὸ μὴ μεγαλαυχεῖν ἐν ταῖς εὐπραγίαις, πᾶν δὲ προσδοκᾶν ἀνθρώπους ὄντας. [2] θεωρῶν δὲ τὴν παρασκευὴν τοῦ βασιλέως ὁ Ξέρξης, τὸ μὲν πρῶτον αὐτὸν ἐκποδὼν ἐποίησε, μετὰ δὲ τινα χρόνον δείσας μὴ τοῦ βασιλείου κρατηθέντος ὑπὸ τῶν ἐχθρῶν καὶ τᾶλλα τὰ κατὰ τὴν ἀρχὴν αὐτῷ διατραπῆ, μετεμελήθη καὶ διεπέμψατο πρὸς τὸν Ἀντίοχον, φάσκων βούλεσθαι συνελθεῖν εἰς λόγους. [3] οἱ μὲν οὖν πιστοὶ τῶν φίλων οὐκ ἔφασκον δεῖν προῖεσθαι τὸν νεανίσκον λαβόντες εἰς χεῖρας, ἀλλὰ συνεβούλευον κυριεύσαντα τῆς πόλεως Μιθριδάτῃ παραδοῦναι τὴν δυναστείαν, ὃς ἦν υἱὸς τῆς ἀδελφῆς αὐτοῦ κατὰ φύσιν. [4] ὁ δὲ βασιλεὺς τούτων μὲν οὐδενὶ προσέσχε, μεταπεμψάμενος δὲ τὸν νεανίσκον διελύσατο τὴν ἔχθραν, ἀφῆκε δὲ τὰ πλεῖστα τῶν χρημάτων, ἃ συνέβαινε τὸν πατέρα προσοφεῖλειν αὐτῷ τῶν φόρων. Προσπεσόντων.] [4] τὸ μὲν οὖν πρῶτον ὡς ἐπ' ἐξοδεῖαν ὀρμήσαντες ἐκ τῆς πόλεως καὶ συνεγγίσαντες τῇ παρεμβολῇ τῶν Καρχηδονίων

νυκτός, ἄλλοι μὲν συγκαθέντες εἰς τινα τόπον ὑλώδη παρὰ τὴν ὁδὸν ἔμειναν, ὁ δὲ Φιλήμενος καὶ Νίκων προσῆλθον πρὸς τὴν παρεμβολήν. [5] τῶν δὲ φυλάκων ἐπιλαβομένων αὐτῶν, ἀνήγοντο πρὸς τὸν Ἀννίβαν, οὐδὲν εἰπόντες οὔτε πόθεν οὔτε τίνες ἦσαν, αὐτὸ δὲ μόνον τοῦτο δηλοῦντες ὅτι θέλουσι τῷ στρατηγῷ συμμῖξαι. [6] ταχὺ δὲ πρὸς τὸν Ἀννίβαν ἐπαναχθέντες ἔφασαν αὐτῷ κατ' ἰδίαν βούλεσθαι διαλεχθῆναι. [7] τοῦ δὲ καὶ λίαν ἐτοιμῶς προσδεξαμένου τὴν ἔντευξιν, ἀπελογίζοντο περὶ τε τῶν καθ' αὐτοὺς καὶ περὶ τῶν κατὰ τὴν πατρίδα, πολλὰς καὶ ποικίλας ποιούμενοι κατηγορίας Ῥωμαίων, χάριν τοῦ μὴ δοκεῖν ἀλόγως ἐμβαίνειν εἰς τὴν ὑποκειμένην πρᾶξιν. [8] τότε μὲν οὖν Ἀννίβας ἐπαινέσας καὶ τὴν ὁρμὴν αὐτῶν φιλανθρώπως ἀποδεξάμενος ἐξέπεμψε, συνταξάμενος παραγίνεσθαι καὶ συμμιγνύναι κατὰ τάχος αὐτῷ πάλιν. [9] κατὰ δὲ τὸ παρὸν ἐκέλευσε τὰ πρῶτα τῶν ἐξελασθέντων πρῶτ' ἰθὺς θρεμμάτων καὶ τοὺς ἅμα τούτοις ἄνδρας, ἐπειδὴν ἱκανὸν ἀπόσχωσι τῆς παρεμβολῆς, περιελασμένους εὐθαρσῶς ἀπαλλάττεσθαι: περὶ γὰρ τῆς ἀσφαλείας αὐτῷ μελήσειν. [10] ἐποίει δὲ τοῦτο βουλόμενος αὐτῷ μὲν ἀναστροφὴν δοῦναι πρὸς τὸ πολυπραγμονῆσαι τὰ κατὰ τοὺς νεανίσκους, ἐκείνοις δὲ πίστιν παρασκευάζειν πρὸς τοὺς πολίτας ὡς ἀπὸ τοῦ κρατίστου ποιουμένοις τὰς ἐπὶ τὰς ληστείας ἐξόδους. [11] πραξάντων δὲ τῶν περὶ τὸν Νίκωνα τὸ παραγγελθέν, ὁ μὲν Ἀννίβας περιχαρὴς ἦν διὰ τὸ μόλις ἀφορμῆς ἐπειληφθαι πρὸς τὴν προκειμένην ἐπιβολήν, [12] οἱ δὲ περὶ τὸν Φιλήμενον ἔτι μᾶλλον παρῳρμηντο πρὸς τὴν πρᾶξιν διὰ τὸ καὶ τὴν ἔντευξιν ἀσφαλῶς γεγονέναι καὶ τὸν Ἀννίβαν ἠύρηκέναι πρόθυμον, ἔτι δὲ τὴν τῆς λείας δαψίλειαν ἱκανὴν αὐτοῖς πίστιν παρεσκευακέναι πρὸς τοὺς ἰδίους. [13] διότι τὰ μὲν ἀποδόμενοι, τὰ δ' εὐωχοῦμενοι τῆς λείας, οὐ μόνον ἐπιστεύοντο παρὰ τοῖς Ταραντίνοις, ἀλλὰ καὶ ζηλωτὰς ἔσχον οὐκ ὀλίγους. μετὰ δὲ ταῦτα ποιησάμενοι δευτέραν ἑξοδὸν, καὶ παραπλησίως χειρίσαντες τὰ κατὰ μέρος, αὐτοὶ τε τοῖς περὶ τὸν Ἀννίβαν ἔδοσαν πίστει καὶ παρ' ἐκείνων ἔλαβον ἐπὶ τούτοις, [2] ἐφ' ᾧ Ταραντίνους ἐλευθερώσειν καὶ μήτε φόρους πράξεσθαι κατὰ μηδένᾳ τρόπον μήτ' ἄλλο μηδὲν ἐπιτάξειν Ταραντίνοις Καρχηδονίους, τὰς δὲ τῶν Ῥωμαίων οἰκίας καὶ καταλύσεις, ἐπειδὴν κρατήσωσι τῆς πόλεως, ἐξεῖναι Καρχηδονίοις διαρπάζειν. [3] ἐποίησαντο δὲ καὶ σύνθημα τοῦ παραδέχεσθαι σφᾶς τοὺς φύλακας ἐτοιμῶς εἰς τὴν παρεμβολήν, ὅτ' ἔλθοιεν. [4] ὧν γενομένων ἔλαβον

ἐξουσίαν εἰς τὸ καὶ πλεονάκις συμμιγνύναι τοῖς περὶ τὸν Ἀννίβαν, ποτὲ μὲν ὡς ἐπ' ἐξοδείαν, ποτὲ δὲ πάλιν ὡς ἐπὶ κυνηγίαν ποιούμενοι τὰς ἐκ τῆς πόλεως ἐξόδους. [5] ταῦτα δὲ διαρμολογούμενοι πρὸς τὸ μέλλον, οἱ μὲν πλείους ἐπετήρουν τοὺς καιροὺς, τὸν δὲ Φιλήμενον ἀπέταξαν ἐπὶ τὰς κυνηγίας· [6] διὰ γὰρ τὴν ὑπερβάλλουσιν ἐπὶ τοῦτο τὸ μέρος ἐπιθυμίαν ἦν ὑπὲρ αὐτοῦ διάληψις ὡς οὐδὲν προυργιαίτερον ποιουμένου κατὰ τὸν βίον τοῦ κυνηγετεῖν. [7] διὸ τούτῳ μὲν ἐπέτρεψαν ἐξειδιάσασθαι διὰ τῶν ἀλισκομένων θηρίων πρῶτον μὲν τὸν ἐπὶ τῆς πόλεως τεταγμένον Γάιον Λίβιον, δεύτερον δὲ τοὺς φυλάττοντας τὸν πυλῶνα τὸν ὑπὸ τὰς Τημενίδας προσαγορευομένας πύλας. [8] ὃς παραλαβὼν τὴν πίστιν ταύτην, καὶ τὰ μὲν αὐτὸς κυνηγετῶν, τῶν δ' ἐτοιμαζομένων αὐτῷ δι' Ἀννίβου, συνεχῶς εἰσέφερε τῶν θηρίων, ὧν τὰ μὲν ἐδίδου τῷ Γαίῳ, τὰ δὲ τοῖς ἐπὶ τοῦ πυλῶνος χάριν τοῦ τὴν ῥινοπύλην ἐτοιμῶς ἀνοίγειν αὐτῷ· [9] τὸ γὰρ πλεῖον ἐποιεῖτο τὰς εἰσόδους καὶ τὰς ἐξόδους νυκτός, προφάσει μὲν χρώμενος τῷ φόβῳ τῶν πολεμίων, ἀρμοζόμενος δὲ πρὸς τὴν ὑποκειμένην πρόθεσιν. [10] ἤδη δὲ κατεσκευασμένου τοιαύτην συνθήκειαν τοῦ Φιλημένου πρὸς τοὺς ἐπὶ τῆς πύλης ὥστε μὴ διαπορεῖν τοὺς φυλάττοντας, ἀλλ' ὅποτε προσεγγίσας τῷ τείχει προσσυρίζαι νυκτός, εὐθέως ἀνοίγεσθαι τὴν ῥινοπύλην αὐτῷ, [11] τότε παρατηρήσαντες τὸν ἐπὶ τῆς πόλεως ἄρχοντα τῶν Ῥωμαίων, ἀφ' ἡμέρας μέλλοντα γίνεσθαι μετὰ πλειόνων ἐν τῷ προσαγορευομένῳ Μουσεῖῳ σύνεγγυς τῆς ἀγορᾶς, ταύτην ἐτάξαντο τὴν ἡμέραν πρὸς τὸν Ἀννίβαν.

[1] ὁ δὲ πάλαι μὲν ἐπεπόριστο σκῆψιν ὡς ἄρρωστών, χάριν τοῦ μὴ θαυμάζειν ἀκούοντας τοὺς Ῥωμαίους, ὡς καὶ πλείῳ χρόνον ἐπὶ τῶν αὐτῶν τόπων ποιεῖται τὴν διατριβήν· [2] τότε δὲ καὶ μᾶλλον προσεποιεῖτο τὴν ἄρρωστίαν. ἀπεῖχε δὲ τῷ στρατοπέδῳ τριῶν ἡμερῶν ὁδὸν τοῦ Τάραντος. [3] ἦκοντος δὲ τοῦ καιροῦ, παρεσκευακῶς ἔκ τε τῶν ἱππέων καὶ τῶν πεζῶν τοὺς διαφέροντας εὐκίνησία καὶ τόλμη, περὶ μυρίους ὄντας τὸν ἀριθμόν, παρήγγειλε τεττάρων ἡμερῶν ἔχειν ἐφόδια. [4] ποιησάμενος δὲ τὴν ἀναζυγὴν ὑπὸ τὴν ἐωθινήν ἐχρήτο τῇ πορείᾳ συντόνως. τῶν δὲ Νομαδικῶν ἱππέων εἰς ὀγδοήκοντα προχειρισάμενος ἐκέλευε προπορεύεσθαι τῆς δυνάμεως εἰς τριάκοντα σταδίους καὶ τοὺς παρὰ τὴν ὁδὸν τόπους ἐξ ἑκατέρου τοῦ μέρους ἐπιτρέχειν, [5] ἵνα μηδεὶς κατοπτέυσῃ τὴν ὅλην δύναμιν, ἀλλ' οἱ μὲν ὑποχείριοι γίνοντο τῶν διεμπιπτόντων, οἱ δὲ

διαφυγόντες ἀναγγέλλοιεν εἰς τὴν πόλιν, ὡς ἐπιδρομῆς οὔσης ἐκ τῶν Νομάδων. [6] ἀποσχόντων δὲ τῶν Νομάδων ὡς ἑκατὸν εἴκοσι σταδίου, ἐδειπνοποιήσατο παρά τινα δυσσύνοπτον καὶ φαραγγώδη ποταμόν. [7] καὶ συναθροίσας τοὺς ἡγεμόνας κυρίως μὲν οὐ διεσάφει τὴν ἐπιβολήν, ἀπλῶς δὲ παρεκάλει πρῶτον μὲν ἄνδρας ἀγαθοὺς γίνεσθαι πάντας, ὡς οὐδέποτε μειζόνων αὐτοῖς ἄλλων ὑποκειμένων, [8] δεύτερον δὲ συνέχειν ἕκαστον τῇ πορείᾳ τοὺς ὑφ' αὐτὸν ταττομένους καὶ πικρῶς ἐπιτιμᾶν τοῖς καθόλου παρεκβαίνουσιν ἐκ τῆς ἰδίας τάξεως, [9] τελευταῖον δὲ προσέχειν τὸν νοῦν τοῖς παραγγελλομένοις καὶ μηδὲν ἰδιοπραγεῖν πάρεξ τῶν προσταττομένων. [10] ταῦτ' εἰπὼν καὶ διαφεῖς τοὺς ἡγεμόνας ἐκίνει τὴν πρωτοπορείαν, κνέφατος ἄρτι γενομένου, σπουδάζων συνάψαι τῷ τείχει περὶ μέσας νύκτας, καθηγεμόνα τὸν Φιλήμενον ἔχων καὶ παρεσκευακῶς ὅν ἄγριον αὐτῷ πρὸς τὴν διατεταγμένην χρεῖαν.

[1] τῷ δὲ Γαῖῳ τῷ Λιβίῳ, γενομένῳ μετὰ τῶν συνήθων ἀφ' ἡμέρας ἐν τῷ Μουσεῖῳ κατὰ τὴν τῶν νεανίσκων πρόληψιν, καὶ σχεδὸν ἤδη τοῦ πότου τὴν ἀκμαιοτάτην ἔχοντος διάθεσιν, προσαγγέλλεται περὶ δυσμᾶς ἡλίου τοὺς Νομάδας ἐπιτρέχειν τὴν χώραν. ὁ δὲ πρὸς μὲν αὐτὸ τοῦτο διενόηθη, [2] καὶ καλέσας τινὰς τῶν ἡγεμόνων συνέταξε τοὺς μὲν ἡμίσεις τῶν ἱππέων ἐξελθόντας ὑπὸ τὴν ἑωθινὴν κωλύσαι τοὺς κακοποιούντας τὴν χώραν τῶν πολεμίων, τῆς γε μὴν ὅλης πράξεως διὰ ταῦτα καὶ μᾶλλον ἀνύποπτος ἦν. οἱ δὲ περὶ τὸν Νίκωνα καὶ Τραγίσκον, [3] ἅμα τῷ σκότος γενέσθαι συναθροισθέντες ἐν τῇ πόλει πάντες, ἐτήρουν τὴν ἐπάνοδον τῶν περὶ τὸν Λίβιον. [4] τῶν δὲ ταχέως ἐξαναστάντων διὰ τὸ γεγονέναι τὸν πότον ἀφ' ἡμέρας, οἱ μὲν ἄλλοι πρὸς τινα τόπον ἀποστάντες ἔμενον, τινὲς δὲ τῶν νεανίσκων ἀπήντων τοῖς περὶ τὸν Γάιον, διακεχυμένοι καὶ τι καὶ προσπαίζοντες ἀλλήλοις, ὡς ἂν ὑποκρινόμενοι τοὺς ἐκ συνουσίας ἐπανάγοντας. [5] ἔτι δὲ μᾶλλον ἡλλιωμένων ὑπὸ τῆς μέθης τῶν περὶ τὸν Λίβιον, ἅμα τῷ συμμῖξαι γέλως ἐξ ἀμφοῖν ἦν καὶ παιδιὰ πρόχειρος. [6] ἐπεὶ δὲ συνανακάμψαντες ἀποκατέστησαν αὐτὸν εἰς οἶκον, ὁ μὲν Γάιος ἀνεπαύετο μεθύων, ὡς εἰκός ἐστι τοὺς ἀφ' ἡμέρας πίνοντας, οὐδὲν ἄτοπον οὐδὲ δυσχερὲς ἔχων ἐν τῇ διανοίᾳ, χαρᾶς δὲ πλήρης καὶ ῥαθυμίας. [7] οἱ δὲ περὶ τὸν Νίκωνα καὶ Τραγίσκον ἐπεὶ συνέμιξαν τοῖς ἀπολελειμμένοις νεανίσκοις, διελόντες σφᾶς εἰς τρία μέρη παρεφύλαττον, διαλαβόντες τῆς ἀγορᾶς τὰς εὐκαιροτάτας εἰσβολάς, ἵνα μήτε τῶν ἔξωθεν προσπιπτόντων μηδὲν αὐτοὺς λανθάνῃ μήτε

τῶν ἐν αὐτῇ τῇ πόλει γινομένων. [8] ἐπέστησαν δὲ καὶ παρὰ τὴν οἰκίαν τοῦ Γαῖου, σαφῶς εἰδότες ὥς ἐὰν γίνηται τις ὑπόνοια τοῦ μέλλοντος, ἐπὶ τὸν Λίβιον ἀνοισθήσεται πρῶτον, καὶ πᾶν τὸ πραττόμενον ἀπ' ἐκείνου λήψεται τὴν ἀρχήν. [9] ὥς δ' αἱ μὲν ἀπὸ τῶν δείπνων ἐπάνοδοι καὶ συλλήβδην ὁ τοιοῦτος θόρυβος ἤδη παρῳχέει, τῶν δὲ δημοτῶν ἡ πληθὺς κατακεκοίμητο, προύβαινε δὲ τὰ τῆς νυκτὸς καὶ τὰ τῆς ἐλπίδος ἀκέραια διέμενε, τότε συναθροισθέντες προῆγον ἐπὶ τὴν προκειμένην χρεῖαν.

[1] τὰ δὲ συγκείμενα τοῖς νεανίσκοις ἦν πρὸς τοὺς Καρχηδονίους: [2] τὸν μὲν Ἀννίβαν ἔδει συνάψαντα τῇ πόλει κατὰ τὴν ἀπὸ τῆς μεσογαίου, πρὸς ἔω δὲ κειμένην πλευράν, ὥς ἐπὶ τὰς Τημενίδας προσαγορευομένας πύλας, ἀνάψαι πῦρ ἐπὶ τοῦ τάφου, τοῦ παρὰ μὲν τισιν Ὑακίνθου προσαγορευομένου, παρὰ δὲ τισιν Ἀπόλλωνος Ὑακίνθου, [3] τοὺς δὲ περὶ τὸν Τραγίσκον, ὅταν ἴδωσι τοῦτο γινόμενον, ἔνδοθεν ἀντιπυρσεῦσαι. [4] τούτου δὲ συντελεσθέντος, σβέσαι τὸ πῦρ ἔδει τοὺς περὶ τὸν Ἀννίβαν καὶ βάδην ποιεῖσθαι τὴν πορείαν ὥς ἐπὶ τὴν πύλην. [5] ὧν διατεταγμένων, οἱ μὲν νεανίσκοι διαπορευθέντες τὸν οἰκούμενον τόπον τῆς πόλεως ἦκον ἐπὶ τοὺς τάφους. [6] τὸ γὰρ πρὸς ἔω μέρος τῆς τῶν Ταραντίνων πόλεως μνημάτων ἐστὶ πληρὲς, διὰ τὸ τοὺς τελευτήσαντας ἔτι καὶ νῦν θάπτεσθαι παρ' αὐτοῖς πάντας ἐντὸς τῶν τειχῶν κατὰ τι λόγιον ἀρχαῖον. [7] φασὶ γὰρ χρῆσαι τὸν θεὸν τοῖς Ταραντίνοις ἄμεινον καὶ λῶν ἔσσεσθαι σφισι ποιουμένοις τὴν οἴκησιν μετὰ τῶν πλειόνων. [8] τοὺς δὲ νομίσαντας ἂν οἰκῇσ' οὕτως ἄριστα κατὰ τὸν χρησμόν, εἰ καὶ τοὺς μεταλλάχοντας ἐντὸς τοῦ τείχους ἔχοιεν, διὰ ταῦτα θάπτειν ἔτι καὶ νῦν τοὺς μεταλλάξαντας ἐντὸς τῶν πυλῶν. [9] οὐ μὴν ἄλλ' οἷ γε προειρημένοι παραγενόμενοι πρὸς τὸν τοῦ Πυθιονίκου τάφον ἐκαραδόκουν τὸ μέλλον. [10] συνεγγισάντων δὲ τῶν περὶ τὸν Ἀννίβαν καὶ πραξάντων τὸ συνταχθέν, ἅμα τῷ τὸ πῦρ ἰδεῖν οἱ περὶ τὸν Νίκωνα καὶ Τραγίσκον ἀναθαρρήσαντες ταῖς ψυχαῖς καὶ τὸν παρ' αὐτῶν πυρσὸν ἀναδείξαντες, ἐπεὶ τὸ παρ' ἐκείνων πῦρ πάλιν ἐώρων ἀποσβεννύμενον, ὥρμησαν ἐπὶ τὴν πύλην μετὰ δρόμου καὶ σπουδῆς, [11] βουλόμενοι φθάσαι φονεύσαντες τοὺς ἐπὶ τοῦ πυλῶνος τεταγμένους, διὰ τὸ συγκεῖσθαι [καὶ] σχολῇ καὶ βάδην ποιεῖσθαι τὴν πορείαν τοὺς Καρχηδονίους. [12] εὐροήσαντος δὲ τοῦ πράγματος, καὶ προκαταληφθέντων τῶν φυλαττόντων, οἱ μὲν ἐφόνευσαν τούτους, οἱ δὲ διέκοπτον τοὺς μοχλοῦς. [13] ταχὺ δὲ τῶν πυλῶν ἀνοιχθεῖσων, πρὸς

τὸν δέοντα καιρὸν ἦκον οἱ περὶ τὸν Ἀννίβαν, κεχρημένοι τῇ πορείᾳ συμμέτρως, ὥστε μηδεμίαν ἐπίστασιν γενέσθαι παρ' ὁδὸν ἐπὶ τὴν πόλιν.

[1] γενομένης δὲ τῆς εἰσόδου κατὰ τὴν πρόθεσιν ἀσφαλοῦς καὶ τελέως ἀθουρύβου, δόξαντες ἡνύσθαι σφίσι τὸ πλεῖστον τῆς ἐπιβολῆς, λοιπὸν αὐτοὶ μὲν εὐθαρσῶς ἤδη προῆγον ἐπὶ τὴν ἀγορὰν κατὰ τὴν πλατεῖαν τὴν ἀπὸ τῆς Βαθείας ἀναφέρουσιν· [2] τοὺς γε μὴν ἰππεῖς ἀπέλειπον ἐκτὸς τοῦ τείχους, ὄντας οὐκ ἐλάττους δισχιλίων, θέλοντες ἐφεδρεῖαν αὐτοῖς ὑπάρχειν ταύτην πρὸς τε τὰς ἔξωθεν ἐπιφανείας καὶ πρὸς τὰ παράλογα τῶν ἐν ταῖς τοιαύταις ἐπιβολαῖς συμβαινόντων. [3] ἐγγίσαντες δὲ τοῖς περὶ τὴν ἀγορὰν τόποις τὴν μὲν δύναμιν ἐπέστησαν κατὰ πορείαν, αὐτοὶ δὲ καὶ τὸν Φιλήμενον ἐκαραδόκουν, δεδιότες πῶς σφίσι προχωρήσει καὶ τοῦτο τὸ μέρος τῆς ἐπιβολῆς. [4] ὅτε γὰρ ἀνάψαντες τὸ πῦρ ἔμελλον πρὸς τὰς πύλας ὀρμᾶν, τότε καὶ τὸν Φιλήμενον, ἔχοντα τὸν ὕν ἐν φερέτρῳ καὶ Λίβυας ὡς εἰ χιλίους ἐξαπέστειλαν ἐπὶ τὴν παρακειμένην πύλην, βουλόμενοι κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν μὴ ψιλῶς ἐκ μιᾶς ἐλπίδος ἐξηρητῆσθαι τὴν ἐπιβολὴν αὐτῶν, ἀλλ' ἐκ πλειόνων. [5] ὁ δὲ προειρημένος ἐγγίσας τῷ τείχει κατὰ τὸν ἐθισμόν ἐπεὶ προσεσύριξε, παρῆν ὁ φύλαξ εὐθέως καταβαίνων πρὸς τὴν ῥινοπύλην. [6] τοῦ δ' εἰπόντος ἔξωθεν ἀνοίγειν ταχέως, ὅτι βαρύνονται· φέρουσι γὰρ ὕν ἄγριον· ἀσμένως ἀκούσας ὁ φύλαξ ἀνέφωξε μετὰ σπουδῆς, ἐλπίζων καὶ πρὸς αὐτόν τι διατείνειν τὴν εὐαγρίαν τῶν περὶ τὸν Φιλήμενον διὰ τὸ μερίτην αἰεὶ γίνεσθαι τῶν εἰσφερομένων. [7] αὐτὸς μὲν οὖν ὁ προειρημένος τὴν πρώτην ἔχων χώραν τοῦ φορήματος εἰσῆλθε, καὶ σὺν αὐτῷ νομαδικὴν ἔχων διασκευὴν ἕτερος, ὡς εἷς τις ὢν τῶν ἀπὸ τῆς χώρας, μετὰ δὲ τοῦτον ἄλλοι δύο πάλιν οἱ φέροντες ἐκ τῶν ὀπισθεν τὸ θηρίον. [8] ἐπεὶ δὲ τέτταρες ὄντες ἐντὸς ἐγένοντο τῆς ῥινοπύλης, τὸν μὲν ἀνοίξαντα θεώμενον ἀκάκως καὶ ψηλαφῶντα τὸν ὕν αὐτοῦ πατάξαντες ἀπέκτειναν, τοὺς δ' ἐπομένους μὲν αὐτοῖς, προηγουμένους δὲ τῶν ἄλλων, Λίβυας, ὄντας εἰς τριάκοντα, σχολῇ καὶ μεθ' ἡσυχίας παρῆκαν διὰ τῆς πυλίδος. [9] γενομένου δὲ τούτου κατὰ τὸ συνεχές οἱ μὲν τοὺς μοχλοὺς διέκοπτον, οἱ δὲ τοὺς ἐπὶ τοῦ πυλῶνος ἐφόνευον, οἱ δὲ τοὺς ἔξω Λίβυας ἐκάλουν διὰ συνθημάτων. [10] εἰσελθόντων δὲ καὶ τούτων ἀσφαλῶς, προῆγον ὡς ἐπὶ τὴν ἀγορὰν κατὰ τὸ συντεταγμένον. [11] ἅμα δὲ τῷ συμμῖξαι καὶ τούτους, περιχαρὴς γενόμενος Ἀννίβας ἐπὶ τῷ κατὰ νοῦν αὐτῷ

[1] προχωρεῖν τὴν πρᾶξιν εἶχετο τῶν προκειμένων. ἀπομερίσας δὲ τῶν Κελτῶν εἰς δισχιλίους, καὶ διελὼν εἰς τρία μέρη τούτους, συνέστησε τῶν νεανίσκων δύο πρὸς ἕκαστον μέρος τῶν χειριζόντων τὴν πρᾶξιν. [2] ἀκολούθως δὲ καὶ τῶν παρ' αὐτοῦ τινας ἡγεμόνων συνεξαπέστειλε, προστάζας διαλαβεῖν τῶν εἰς τὴν ἀγορὰν φερουσῶν ὁδῶν τὰς εὐκαιροτάτας. [3] ὅταν δὲ τοῦτο πράξωσι, τοῖς μὲν ἐγγωρίοις νεανίσκοις ἐξαιρεῖσθαι παρήγγειλε καὶ σῶζειν τοὺς ἐντυγχάνοντας τῶν πολιτῶν, ἀναβοῶντας ἐκ πολλοῦ μένειν κατὰ χώραν Ταραντίνους, ὡς ὑπαρχούσης αὐτοῖς τῆς ἀσφαλείας, [4] τοῖς δὲ παρὰ τῶν Καρχηδονίων καὶ τῶν Κελτῶν ἡγεμόσι κτείνειν διεκελεύσατο τοὺς ἐντυγχάνοντας τῶν Ῥωμαίων. οὗτοι μὲν οὖν χωρισθέντες ἀλλήλων ἔπραττον μετὰ ταῦτα τὸ προσταχθέν. [5] τῆς δὲ τῶν πολεμίων εἰσόδου καταφανοῦς ἤδη γενομένης τοῖς Ταραντίνοις, πλήρης ἡ πόλις κραυγῆς ἐγένετο καὶ ταραχῆς παρηλλαγμένης. [6] ὁ μὲν οὖν Γάϊος, προσπεσούσης αὐτῷ τῆς εἰσόδου τῶν πολεμίων, συννοήσας ἀδύνατον αὐτὸν ὄντα διὰ τὴν μέθην, εὐθέως ἐξελθὼν ἐκ τῆς οἰκίας μετὰ τῶν οἰκετῶν καὶ παραγενόμενος ἐπὶ τὴν πύλην τὴν φέρουσαν ἐπὶ τὸν λιμένα, καὶ μετὰ ταῦτα τοῦ φύλακος ἀνοίξαντος αὐτῷ τὴν ῥινοπύλην, διαδὺς ταύτῃ καὶ λαβόμενος ἀκατίου τῶν ὁρμούντων, ἐμβὰς μετὰ τῶν οἰκετῶν εἰς τὴν ἄκραν παρεκομίσθη. [7] κατὰ δὲ τὸν καιρὸν τοῦτον οἱ περὶ τὸν Φιλήμενον, ἡτοιμασμένοι σάλπιγγας Ῥωμαϊκὰς καὶ τινας τῶν αὐταῖς χρῆσθαι δυναμένων διὰ τὴν συνήθειαν, στάντες ἐπὶ τὸ θέατρον ἐσήμαινον. [8] τῶν δὲ Ῥωμαίων βοηθούντων ἐν τοῖς ὅπλοις κατὰ τὸν ἐθισμόν εἰς τὴν ἄκραν, ἐχώρει τὸ πρᾶγμα κατὰ τὴν πρόθεσιν τοῖς Καρχηδονίοις: [9] παραγενόμενοι γὰρ ταῖς πλατεῖαις ἀτάκτως καὶ σποράδην οἱ μὲν εἰς τοὺς Καρχηδονίους ἐνέπιπτον, οἱ δ' εἰς τοὺς Κελτούς: καὶ δὴ τῷ τοιοῦτῳ τρόπῳ φονευομένων αὐτῶν πολὺ τι πλῆθος διεφθάρη. [10]

[1] τῆς δ' ἡμέρας ἐπιφαινομένης οἱ μὲν Ταραντῖνοι τὴν ἡσυχίαν εἶχον κατὰ τὰς οἰκίσεις, οὐδέπω δυνάμενοι τάσασθαι τὸ συμβαῖνον. [11] διὰ μὲν γὰρ τὴν σάλπιγγα καὶ τὸ μηδὲν ἀδίκημα γίνεσθαι μηδ' ἄρπαγὴν κατὰ τὴν πόλιν, ἔδοξαν ἐξ αὐτῶν τῶν Ῥωμαίων εἶναι τὸ κίνημα. [12] τὸ δὲ πολλοὺς αὐτῶν ὁρᾶν πεφονευμένους ἐν ταῖς πλατεῖαις, καὶ τινας τῶν Γαλατῶν θεωρεῖσθαι σκυλευόντας τοὺς τῶν Ῥωμαίων νεκρούς, ὑπέτρεχε τις ἔννοια τῆς τῶν Καρχηδονίων παρουσίας. ἤδη δὲ τοῦ μὲν Ἀννίβου παρεμβεβληκότος τὴν δύναμιν εἰς τὴν ἀγοράν, τῶν δὲ Ῥωμαίων ἀποκεχωρηκότων εἰς τὴν ἄκραν διὰ

τὸ προκατεσχῆσθαι φρουρᾷ ταύτην ὑπ' αὐτῶν, ὄντος δὲ φωτὸς εἰλικρινοῦς, ὁ μὲν Ἀννίβας ἐκήρυττε τοὺς Ταραντίνους ἄνευ τῶν ὅπλων ἀθροίζεσθαι πάντας εἰς τὴν ἀγοράν, [2] οἱ δὲ νεανίσκοι περιπορευόμενοι τὴν πόλιν ἐβόων ἐπὶ τὴν ἐλευθερίαν, καὶ παρεκάλουν θαρρεῖν, ὥς ὑπὲρ ἐκείνων παρόντας τοὺς Καρχηδονίους. [3] ὅσοι μὲν οὖν τῶν Ταραντίνων προκατεῖχοντο τῇ πρὸς τοὺς Ῥωμαίους εὐνοίᾳ, γνόντες ἀπεχώρουν εἰς τὴν ἄκραν: οἱ δὲ λοιποὶ κατὰ τὸ κήρυγμα συνηθροίζοντο χωρὶς τῶν ὅπλων, πρὸς οὓς Ἀννίβας φιλανθρώπους διελέχθη λόγους. [4] τῶν δὲ Ταραντίνων ὁμοθυμαδὸν ἐπισημνημαμένων ἕκαστα τῶν λεγομένων διὰ τὸ παράδοξον τῆς ἐλπίδος, τότε μὲν διαφῆκε τοὺς πολλοὺς, συντάξας ἕκαστον εἰς τὴν ἰδίαν οἰκίαν ἐπανελθόντας μετὰ σπουδῆς ἐπὶ τὴν θύραν ἐπιγράψαι ΤΑΡΑΝΤΙΝΟΥ. [5] τῷ δ' ἐπὶ τὴν Ῥωμαϊκὴν κατάλυσιν ἐπιγράψαντι ταῦτὸ τοῦτο θάνατον ὥρισε τὴν ζημίαν. [6] αὐτὸς δὲ διελὼν τοὺς ἐπιτηδειοτάτους τῶν ἐπὶ τῶν πραγμάτων ἐφῆκε διαρπάζειν τὰς τῶν Ῥωμαίων οἰκίας, σύνθημα δοὺς πολεμίας νομίζειν τὰς ἀνεπιγράφους, τοὺς δὲ λοιποὺς συνέχων ἐν τάξει τούτοις ἐφέδρους.

[1] πολλῶν δὲ καὶ παντοδαπῶν κατασκευασμάτων ἀθροισθέντων ἐκ τῆς διαρπαγῆς, καὶ γενομένης ὠφελείας τοῖς Καρχηδονίοις ἀξίας τῶν προσδοκωμένων ἐλπίδων, [2] τότε μὲν ἐπὶ τῶν ὅπλων ἠϋλίσθησαν, εἰς δὲ τὴν ἐπιούσαν ἡμέραν Ἀννίβας συνεδρεύσας μετὰ τῶν Ταραντίνων ἔκρινε διατείχισαι τὴν πόλιν ἀπὸ τῆς ἄκρας, ἵνα μηδεὶς ἔτι φόβος ἐπικάθηται τοῖς Ταραντίνοις ἀπὸ τῶν κατεχόντων τὴν ἀκρόπολιν Ῥωμαίων. [3] πρῶτον μὲν οὖν ἐπεβάλετο προθέσθαι χάρακα παράλληλον τῷ τείχει τῆς ἀκροπόλεως καὶ τῇ πρὸ τούτου τάφρῳ. [4] σαφῶς δὲ γινώσκων οὐκ ἐάσοντας τοὺς ὑπεναντίους, ἀλλ' ἐναποδειξομένους τῇδὲ πῃ τὴν αὐτῶν δύναμιν, ἡτοίμασε χεῖρας ἐπιτηδειοτάτας, νομίζων πρὸς τὸ μέλλον οὐδὲν ἀναγκαιότερον εἶναι τοῦ καταπλήξασθαι μὲν τοὺς Ῥωμαίους, εὐθαρσεῖς δὲ ποιῆσαι τοὺς Ταραντίνους. [5] ἅμα δὲ τῷ τίθεσθαι τὸν πρῶτον χάρακα θρασέως τῶν Ῥωμαίων καὶ τετολμηκότως ἐπιχειρούντων τοῖς ὑπεναντίοις, βραχὺ συμμίζας Ἀννίβας καὶ τὰς ὁρμὰς τῶν προειρημένων ἐκκαλεσάμενος, ἐπεὶ προέπεσον οἱ πλείους ἐκτὸς τῆς τάφρου, δοὺς παράγγελμα τοῖς αὐτοῦ προσέβαλε τοῖς πολεμίοις. [6] γενομένης δὲ τῆς μάχης ἰσχυρᾶς, ὥς ἂν ἐν βραχεῖ χώρῳ καὶ περιτετειχισμένῳ τῆς συμπλοκῆς ἐπιτελουμένης, τὸ πέρας ἐκβιασθέντες ἐτράπησαν οἱ Ῥωμαῖοι. [7] καὶ πολλοὶ μὲν ἔπεσον ἐν χειρῶν νόμῳ, τὸ δὲ πλεῖον αὐτῶν μέρος

ἀπωθοῦμενον καὶ συγκρημιζόμενον ἐν τῇ τάφρῳ διεφθάρη.

[1] τότε μὲν οὖν Ἀννίβας προβαλόμενος ἀσφαλῶς τὸν χάρακα τὴν ἡσυχίαν ἔσχε, τῆς ἐπιβολῆς αὐτῷ κατὰ νοῦν κεχωρηκυίας. [2] τοὺς μὲν γὰρ ὑπεναντίους συγκλείσας ἠνάγκασε μένειν ἐντὸς τοῦ τείχους, δεδιότας οὐ μόνον περὶ σφῶν, ἀλλὰ καὶ περὶ τῆς ἄκρας, [3] τοῖς δὲ πολιτικοῖς τοιοῦτο παρέστηκεν θάρσος ὥστε καὶ χωρὶς τῶν Καρχηδονίων ἱκανοὺς αὐτοὺς ὑπολαμβάνειν ἔσεσθαι τοῖς Ῥωμαίοις. [4] μετὰ δὲ ταῦτα μικρὸν ἀπὸ τοῦ χάρακος ἀποστήσας ὡς πρὸς τὴν πόλιν, τάφρον ἐποίει παράλληλον τῷ χάρακι καὶ τῷ τῆς ἄκρας τείχει. [5] παρ' ἣν ἐκ μεταβολῆς ἐπὶ τὸ πρὸς τῇ πόλει χεῖλος τοῦ χορὸς ἀνασωρευομένου, προσέτι δὲ καὶ χάρακος ἐπ' αὐτῆς τεθέντος, οὐ πολὺ καταδεεστέραν τείχους συνέβαινε τὴν ἀσφάλειαν ἐξ αὐτῆς ἀποτελεῖσθαι. [6] παρὰ δὲ ταύτην ἐντὸς ἔτι πρὸς τὴν πόλιν ἀπολιπὼν σύμμετρον διάστημα τεῖχος ἐπεβάλετο κατασκευάζειν, ἀρξάμενος ἀπὸ τῆς Σωτείας ἕως εἰς τὴν Βαθεῖαν προσαγορευομένην, [7] ὥστε καὶ χωρὶς ἀνδρῶν τὰς δι' αὐτῶν τῶν κατασκευασμάτων ὀχυρότητας ἱκανὰς εἶναι τοῖς Ταραντίνοις τὴν ἀσφάλειαν παρασκευάζειν. [8] ἀπολιπὼν δὲ τοὺς ἱκανοὺς καὶ τοὺς ἐπιτηδεῖους πρὸς τὴν τῆς πόλεως φυλακὴν καὶ τὴν τοῦ τείχους παρεφεδρεύοντας ἱππεῖς κατεστρατοπέδευσε, περὶ τετταράκοντα σταδίους ἀποσχὼν τῆς πόλεως, παρὰ τὸν ποταμὸν τὸν παρὰ μὲν τισὶ Γαλαῖσον, παρὰ δὲ τοῖς πλείστοις προσαγορευόμενον Εὐρώταν, ὃς ἔχει τὴν ἐπωνυμίαν ταύτην ἀπὸ τῆς τοῦ παρὰ Λακεδαιμόνα ῥέοντος Εὐρώτα. [9] πολλὰ δὲ τοιαῦτα κατὰ τὴν χώραν καὶ κατὰ τὴν πόλιν ὑπάρχει τοῖς Ταραντίνοις διὰ τὸ καὶ τὴν ἀποικίαν καὶ τὴν συγγένειαν ὁμολογουμένην αὐτοῖς εἶναι πρὸς Λακεδαιμονίους. [10] ταχὺ δὲ τοῦ τείχους λαμβάνοντας τὴν συντέλειαν διὰ τε τὴν τῶν Ταραντίνων σπουδὴν καὶ προθυμίαν καὶ τὴν τῶν Καρχηδονίων συνεργίαν, μετὰ ταῦτα διανοήθη καὶ τὴν ἄκραν ἐξελεῖν Ἀννίβας.

[1] ἤδη δ' ἐντελεῖς αὐτοῦ συνεσταμένου τὰς πρὸς τὴν πολιορκίαν παρασκευάς, παραπεσοῦσης ἐκ Μεταποντίου βοηθείας εἰς τὴν ἄκραν κατὰ θάλατταν, βραχὺ τι ταῖς ψυχαῖς ἀναθαρρήσαντες οἱ Ῥωμαῖοι νυκτὸς ἐπέθεντο τοῖς ἔργοις, καὶ πάσας διέφθειραν τὰς τῶν ἔργων καὶ μηχανημάτων κατασκευάς. [2] οὗ γενομένου τὸ μὲν πολιορκεῖν τὴν ἄκραν Ἀννίβας ἀπέγνω, τῆς δὲ τοῦ τείχους κατασκευῆς ἤδη τετελειωμένης, ἀθροίσας τοὺς Ταραντίνους ἀπεδείκνυε διότι κυριώτατόν ἐστι πρὸς τοὺς ἐνεστῶτας καιροὺς τὸ τῆς θαλάττης

ἀντιλαμβάνεσθαι. [3] κρατούσης γὰρ τῆς ἄκρας τῶν κατὰ τὸν εἰσπλουν τόπων, ὡς ἐπάνω προεῖπον, οἱ μὲν Ταραντῖνοι τὸ παράπαν οὐκ ἠδύναντο χρῆσθαι ταῖς ναυσὶν οὐδ' ἐκπλεῖν ἐκ τοῦ λιμένος, τοῖς δὲ Ῥωμαίοις κατὰ θάλατταν ἀσφαλῶς παρεκομίζετο τὰ πρὸς τὴν χρεῖαν: [4] οὗ συμβαίνοντος οὐδέποτε δυνατόν ἦν βεβαίως ἐλευθερωθῆναι τὴν πόλιν. [5] ἃ συνορῶν ὁ Ἀννίβας ἐδίδασκε τοὺς Ταραντίνους ὡς, ἐὰν ἀποκλεισθῶσι τῆς κατὰ θάλατταν ἐλπίδος οἱ τὴν ἄκραν τηροῦντες, παρὰ πόδας αὐτοῖ δι' αὐτῶν εἴξαντες λείψουσι ταύτην καὶ παραδώσουσι τὸν τόπον. [6] ὧν ἀκούοντες οἱ Ταραντῖνοι τοῖς μὲν λεγομένοις συγκατετίθεντο: ὅπως δ' ἂν γένοιτο τοῦτο κατὰ τὸ παρόν, οὐδαμῶς ἐδύναντο συννοῆσαι, πλὴν εἰ παρὰ Καρχηδονίων ἐπιφανεῖη στόλος: τοῦτο δ' ἦν κατὰ τοὺς τότε καιροὺς ἀδύνατον. [7] διόπερ ἠδυνάτουν συμβαλεῖν ἐπὶ τί φερόμενος Ἀννίβας τοὺς περὶ τούτων πρὸς σφᾶς ποιεῖται λόγους. [8] φήσαντος δ' αὐτοῦ φανερόν εἶναι χωρὶς Καρχηδονίων αὐτοὺς δι' αὐτῶν ὅσον ἤδη κρατῆσαι τῆς θαλάττης, μᾶλλοι ἐκπλαγεῖς ἦσαν, οὐ δυνάμενοι τὴν ἐπίνοϊαν αὐτοῦ συμβαλεῖν. [9] ὁ δὲ συνεωρακῶς τὴν πλατεῖαν εὐδιακόσμητον οὖσαν τὴν ὑπάρχουσαν μὲν ἐντὸς τοῦ διατειχίσματος, φέρουσαν δὲ παρὰ τὸ διατείχισμ' ἐκ τοῦ λιμένος εἰς τὴν ἔξω θάλατταν, ταύτῃ διενοεῖτο τὰς ναῦς ἐκ τοῦ λιμένος εἰς τὴν νότιον ὑπερβιβάζειν πλευράν. [10] διόπερ ἅμα τῷ τὴν ἐπίνοϊαν ἐπιδείξαι τοῖς Ταραντίνοις οὐ μόνον συγκατέθεντο τοῖς λεγομένοις, ἀλλὰ καὶ διαφερόντως ἐθαύμασαν τὸν ἄνδρα, καὶ διέλαβον ὡς οὐδὲν ἂν περιγένοιτο τῆς ἀγχινοίας τῆς ἐκείνου καὶ τόλμης. [11] ταχὺ δὲ πορείων ὑποτρόχων κατασκευασθέντων, ἅμα τῷ λόγῳ τοῦργον εἰλήφει συντέλειαν, ἅτε προθυμίας καὶ πολυχειρίας ὁμοῦ τῇ προθέσει συνεργούσης. [12] οἱ μὲν οὖν Ταραντῖνοι τοῦτον τὸν τρόπον ὑπερνεωλκήσαντες τὰς νῆας εἰς τὴν ἔξω θάλατταν, ἐπολιόρκουν ἀσφαλῶς τοὺς ἐκ τῆς ἄκρας, ἀφηρημένοι τὰς ἔξωθεν αὐτῶν ἐπικουρίας. [13] Ἀννίβας δὲ φυλακὴν ἀπολιπὼν τῆς πόλεως ἀνέξευξε μετὰ τῆς δυνάμεως, καὶ παρεγένετο τριταῖος ἐπὶ τὸν ἐξ ἀρχῆς χάρακα, καὶ τὸ λοιπὸν τοῦ χειμῶνος ἐνταῦθα διατρίβων ἔμενε κατὰ χώραν. [Cod. BOOK 9

[1] I. Ex Prooemio αἱ μὲν οὖν ἐπιφανέσταται πράξεις τῶν ὑπὸ τῆς προειρημένης ὀλυμπιάδος περιληφθεῖσων καὶ τοῦ τετραετοῦς διαστήματος, ὃ φαμεν δεῖν ὀλυμπιάδα νομίζειν, εἰσὶν αὐται: περὶ ὧν ἡμεῖς ἐν δυσὶ βυβλίοις πειρασόμεθα ποιεῖσθαι τὴν ἐξήγησιν. [2] οὐκ ἄγνοῶ δὲ διότι συμβαίνει τὴν πραγματείαν ἡμῶν ἔχειν αὐστηρόν τι καὶ πρὸς ἓν γένος ἀκροατῶν οἰκειοῦσθαι καὶ κρίνεσθαι διὰ τὸ μονοειδὲς τῆς συντάξεως. [3] οἱ μὲν γὰρ ἄλλοι συγγραφεῖς σχεδὸν ἅπαντες, εἰ δὲ μὴ γ', οἱ πλείους, πᾶσι τοῖς τῆς ἱστορίας μέρεσι χρώμενοι πολλοὺς ἐφέλκονται πρὸς ἔντευξιν τῶν ὑπομνημάτων. [4] τὸν μὲν γὰρ φιλήκοον ὁ γενεαλογικὸς τρόπος ἐπισπᾶται, τὸν δὲ πολυπράγμονα καὶ περιττὸν ὁ περὶ τὰς ἀποικίας καὶ κτίσεις καὶ συγγενείας, καθά που καὶ παρ' Ἐφόρῳ λέγεται, τὸν δὲ πολιτικὸν ὁ περὶ τὰς πράξεις τῶν ἐθνῶν καὶ πόλεων καὶ δυναστῶν. [5] ἐφ' ὃν ἡμεῖς ψιλῶς κατηντηκότες καὶ περὶ τοῦτον πεποιημένοι τὴν ὅλην τάξιν, πρὸς ἓν μὲν τι γένος, ὡς προεῖπον, οἰκείως ἡρμόσμεθα, τῷ δὲ πλείονι μέρει τῶν ἀκροατῶν ἀνυχαγώγητον παρεσκευάκαμεν τὴν ἀνάγνωσιν. [6] τίνος δὲ χάριν ἄλλα μέρη τῆς ἱστορίας ἀποδοκιμάσαντες αὐτὰ τὰ κατὰ τὰς πράξεις προειλάμεθα γράφειν, ἐν ἑτέροις ἡμῖν εἴρηται διὰ πλειόνων, κεφαλαιωδῶς γε μὴν οὐδὲν ἐπέχει καὶ νῦν ἐμφάσεως χάριν ὑπομνήσαι τοὺς ἀκούοντας.

[1] πολλῶν γὰρ καὶ πολλαχῶς ἐξηριθμημένων τά τε περὶ τὰς γενεαλογίας καὶ μύθους καὶ περὶ τὰς ἀποικίας, [2] ἔτι δὲ συγγενείας καὶ κτίσεις, λοιπὸν ἢ τὰ ἀλλότρια δεῖ λέγειν ὡς ἴδια τὸν νῦν περὶ τούτων πραγματευόμενον, ὃ πάντων ἐστὶν αἰσχιστον, ἢ τοῦτο μὴ βουλόμενον προδήλως ματαιοπονεῖν, ὑπὲρ τοιούτων ὁμολογοῦντα συντάττεσθαι καὶ φροντίζειν, ἃ διὰ τῶν προγενεστέρων ἱκανῶς δεδήλωται καὶ παραδέδοται τοῖς ἐπιγινομένοις. [3] ταῦτα μὲν οὖν παρελείφθη τούτων ἕνεκα καὶ πλειόνων ἑτέρων: [4] ὁ δὲ πραγματικὸς τρόπος ἐνεκρίθη πρῶτον μὲν διὰ τὸ καινοποιεῖσθαι συνεχῶς καὶ καινῆς ἐξηγήσεως δεῖσθαι τῷ μὴ συμβατὸν εἶναι τοῖς ἀρχαίοις τὸ τὰς ἐπιγινομένας πράξεις ἡμῖν ἐξαγγεῖλαι, [5] δεύτερον δὲ καὶ διὰ τὸ πάντων ὠφελιμώτατον αὐτὸν καὶ πρὸ τοῦ μὲν, μάλιστα δὲ νῦν ὑπάρχειν, τῷ τὰς ἐμπειρίας καὶ τέχνας ἐπὶ τοσοῦτον προκοπὴν εἰληφέναι καθ' ἡμᾶς ὥστε πᾶν τὸ παραπίπτον ἐκ τῶν καιρῶν ὡς ἂν

εἰ μεθοδικῶς δύνασθαι χειρίζειν τοὺς φιλομαθοῦντας. [6] διόπερ ἡμεῖς οὐχ οὕτως τῆς τέρψεως στοχαζόμενοι τῶν ἀναγνωσομένων ὥς τῆς ὠφελείας τῶν προσεχόντων, τᾶλλα παρέντες ἐπὶ τοῦτο τὸ μέρος κατηνέχθημεν. [7] περὶ μὲν οὖν τούτων οἱ συνεφιστάνοντες ἐπιμελῶς ἡμῶν τοῖς ὑπομνήμασι βεβαιότατα μαρτυρήσουσι τοῖς νῦν λεγομένοις.

[1] Π. Res Italiae Ἀννίβας δὲ κύκλῳ περιλαμβάνων τὸν χάρακα τοῦ Ἀππίου τὸ μὲν πρῶτον ἠκροβολίζετο καὶ κατεπείραζε, βουλόμενος ἐκκαλεῖσθαι πρὸς μάχην· [2] οὐδενὸς δὲ συνυπακούοντος τέλος ἐγίνετο πολιορκία παραπλήσιον τὸ συμβαῖνον, τῶν μὲν ἱππέων ἐπιφερομένων ταῖς ἴλαις καὶ μετὰ κραυγῆς εἰσακοντιζόντων εἰς τὴν παρεμβολήν, τῶν δὲ πεζῶν κατὰ σπεύρας προσπιπτόντων καὶ διασπᾶν τὸ χαράκωμα πειρωμένων. [3] οὐ μὴν ἄλλ' οὐδ' ὥς ἐδύνατο κινήσαι τοὺς Ῥωμαίους ἐκ τῆς ὑποκειμένης προθέσεως, ἀλλὰ τοῖς μὲν εὐζώνοις ἀπετρίβοντο τοὺς προσπίπτοντας πρὸς τὸν χάρακα, τοῖς δὲ βαρέσι τῶν ὅπλων ἀσφαλιζόμενοι τὴν ἐπιφορὰν τῶν βελῶν ἔμενον ἐν τάξει κατὰ τὰς σημαίας. [4] Ἀννίβας δὲ δυσαραεστούμενος τοῖς ὅλοις διὰ τὸ μήτε παραπεσεῖν εἰς τὴν πόλιν δύνασθαι μήτ' ἐκκαλεῖσθαι τοὺς Ῥωμαίους, ἐβουλεύετο περὶ τῶν ἐνεστώτων τί χρὴ ποιεῖν. [5] ἐμοὶ δ' οὐ μόνοις ἂν δοκεῖ Καρχηδονίοις τὰ τότε συμβαίνοντα παρέχειν ἀπορίαν, ἀλλὰ καὶ τῶν ἄλλων ἀνθρώπων τοῖς πυθομένοις. [6] τίς γὰρ οὐκ ἂν ἀπιστήσαι πῶς Ῥωμαῖοι, πολλαῖς μὲν ἡττημένοι μάχαις ὑπὸ Καρχηδονίων, οὐ τολμῶντες δὲ κατὰ πρόσωπον ἔτι συγκαθίστασθαι τοῖς ὑπεναντίοις, ὅμως οὐτ' εἴκειν οἰοί τ' ἦσαν οὐτ' ἐκχωρεῖν τῶν ὑπαίθρων; [7] καὶ τὸν μὲν πρὸ τοῦ χρόνον ἀντιπαρῆγον μόνον ἀεὶ ταῖς ὑπωρείαις, τότε δὲ καθίσαντες εἰς τὰ πεδία καὶ τὸν ἐπιφανέστατον τόπον τῆς Ἰταλίας ἐπολιόρκουν τὴν ἰσχυροτάτην πόλιν, κύκλῳ προσμαχομένων αὐτοῖς τῶν πολεμίων, πρὸς οὓς οὐδ' ἐπινοήσαντες οἰοί τ' ἦσαν ἀντοφθαλμεῖν· [8] καρχηδόνιοί τ', ἀδιαλείπτως νικῶντες ταῖς μάχαις, οὐχ ἥττον ἐνίοις καιροῖς ἐδυσχρηστοῦντο τῶν ἡττωμένων. [9] δοκεῖ δέ μοι παραίτιον τοῦτο γεγονέναι τῆς ἐκατέρων προαιρέσεως, τὸ παρ' ἀμφοῖν συντεθεωρηῆσθαι διότι τὸ παρ' Ἀννίβου σύνταγμα τῶν ἱππέων αἴτιον ἦν καὶ τοῦ νικᾶν τοὺς Καρχηδονίους καὶ τοῦ λείπεσθαι τοὺς Ῥωμαίους. [10] διόπερ αἶ τε τῶν ἡττωμένων στρατοπέδων ἀντιπαραγωγαὶ μετὰ τὰς μάχας εὐθέως κατὰ λόγον ἐγίνοντο· διὰ γὰρ τόπων τοιούτων ἀντιπαρῆγον ἐν οἷς οὐδὲν ἔμελλε βλάψειν αὐτοὺς τὸ

τῶν ὑπεναντίων ἱππικόν. [11] τὰ τε περὶ τὴν Καπύην τότε συμβαίνοντ' εἰκότως ἑκατέροις ἀπήντα.

[1] τὸ μὲν γὰρ τῶν Ῥωμαίων στρατόπεδον ἐξιέναι μὲν πρὸς μάχην οὐκ ἐθάρρει τῷ δεδιέναι τοὺς τῶν πολεμίων ἱππεῖς, [2] ἔμενε δ' ἐν τῇ παρεμβολῇ τετολμηκότως, σαφῶς εἰδὸς ἀβλαβῇ τὴν ἵππον αὐτοῖς ἐσομένην, ὅφ' ἥς ἐν ταῖς μάχαις ἡττᾶτο. [3] οἱ τε Καρχηδόνιοι πάλιν εὐλόγως οὔτε στρατοπεδεύσαντες μετὰ τῆς ἵππου μένειν ἐδύναντο πλείω χρόνον διὰ τὸ τὰ μὲν ἐν τῇ παρακειμένη χώρᾳ χορτάσματα πάντα κατεφθαρκεναὶ τοὺς Ῥωμαίους αὐτοῦ τούτου χάριν, τοῖς δὲ νώτοις οὐκ ἐφικτὸν εἶναι τοσαύτη μὲν ἵππῳ, τοσούτοις δ' ὑποζυγίοις κατανύσαι χόρτον ἢ κριθὰς κομίζοντας ἐκ μακροῦ διαστήματος: [4] οὔτε μὴν ἄνευ τῶν ἱππέων παραστρατοπεδεύσαντες ἐθάρρουν πολιορκεῖν χάρακα καὶ τάφρον προβεβλημένους τοὺς ὑπεναντίους, πρὸς οὓς καὶ τὸν ἐξ ἴσου κίνδυνον αὐτοῖς ἀμφίδοξον εἶναι συνέβαινε χωρὶς τῶν ἱππέων. [5] ἔτι δὲ πρὸς τούτοις ἡγωνίων καὶ τοὺς ἐπικαθισταμένους ὑπάτους μὴ παραγεννηθέντες ἐπιστρατοπεδεύσαιεν καὶ πολλὴν ἀπορίαν σφίσι παραστήσαιεν, ἀφελόμενοι τὴν τῶν χορηγιῶν ἐπάρκειαν. [6] ἐξ ὧν συλλογιζόμενος Ἀννίβας ἀδύνατον ὑπάρχον τὸ διὰ τῆς ἐκ χειρὸς βίας λῦσαι τὴν πολιορκίαν, ἐπ' ἄλλης ἐγένετο γνώμης. [7] ὑπέλαβε γάρ, εἰ λαθραῖαν ποιησάμενος τὴν πορείαν αἰφνιδίως ἐπιφανείῃ τοῖς κατὰ τὴν Ῥώμην τόποις, ἴσως μὲν ἂν καὶ περὶ τὴν πόλιν ἀνύσασθαι τι τῶν χρησίμων, ἐκπλήξας τῷ παραδόξῳ τοὺς ἐνοικοῦντας: [8] εἰ δὲ μὴ τοῦτο, τοὺς γε περὶ τὸν Ἄππιον ἀναγκάσειν ἢ λύειν τὴν πολιορκίαν, σπεύδοντας τῇ πατρίδι βοηθεῖν, ἢ διαιροῦντας τὴν δύναμιν εὐκαταγωνίστους ὑπάρξειν καὶ τοὺς βοηθοῦντας καὶ τοὺς ἀπολειπομένους αὐτῶν.

[1] ἃ διανοηθεὶς ἐξέπεμψε γραμματοφόρον εἰς τὴν Καπύην, πείσας τινὰ τῶν Λιβύων αὐτομολῆσαι πρὸς τοὺς Ῥωμαίους, κάκειῖθεν εἰς τὴν πόλιν, προνοηθεὶς τῆς τῶν γραμμάτων ἀσφαλείας: [2] πάντῳ γὰρ ἡγωνία μὴ θεωρήσαντες αὐτὸν ἀπαλλαττόμενον οἱ Καπυανοί, κάπειτα διατραπέντες ὥς ἀπηλπισμένοι, παραδῶσι τοῖς Ῥωμαίοις ἑαυτούς. [3] διὸ γράψας ὑπὲρ τῆς ἐπιβολῆς τῆς κατὰ τὴν ἀναζυγὴν ἀπέστειλε τὸν Λίβυν, ἵνα συνέντες τὴν πρόθεσιν αὐτοῦ καὶ τὸν χωρισμὸν εὐθαρσῶς ὑπομένοιεν τὴν πολιορκίαν. [4] τοῖς δ' ἐν Ῥώμῃ προσπεπτωκότων τῶν περὶ τὴν Καπύην, διότι παρεστρατοπεδευκῶς Ἀννίβας πολιορκεῖ τὰς δυνάμεις αὐτῶν, ὀρθοὶ ταῖς διανοίαις καὶ περίφοβοι πάντες ἦσαν, ὥς καὶ πρὸς τὰ ὅλα διατεινούσης τῆς

ένεστηκυίας κρίσεως: [5] διὸ καὶ ταῖς ἐξαποστολαῖς καὶ ταῖς παρασκευαῖς πρὸς τοῦτο τὸ μέρος ὅλοι καὶ πάντες ἐνενεύκεισαν. [6] οἱ δὲ Καπυανοὶ κομισάμενοι τὰ παρὰ τοῦ Λίβυος γράμματα καὶ γνόντες τὴν ἐπίνοιαν τῶν Καρχηδονίων, ἔμενον ἐπὶ τῶν ὑποκειμένων, κρίνοντας ἔτι ταύτην ἐξελέγξαι τὴν ἐλπίδα. Ἀννίβας δὲ μετὰ πέμπτην ἡμέραν τῆς παρουσίας, [7] δειπνοποιησάμενος καὶ καταλιπὼν τὰ πυρὰ καιόμενα, τοιαύτην ἐποίησε τὴν ἀναζυγὴν ὥστε μηδένα συνεῖναι τῶν πολεμίων τὸ συμβαῖνον. [8] χρησάμενος δὲ ταῖς πορείαις διὰ τῆς Σαυνίτιδος ἐνεργοῖς καὶ συνεχέσι καὶ τοὺς περὶ τὴν ὁδὸν τόπους αἰεὶ ταῖς προπορείαις ἐξερευνώμενος καὶ προκαταλαμβάνων, [9] ἔτι τῶν ἐν τῇ Ῥώμῃ ταῖς διανοαῖς περὶ τὴν Καπύην καὶ τὰς ἐκεῖ πράξεις ὄντων ἔλαθε διαβάς τὸν Ἀνίωνα ποταμὸν καὶ συνεγγίσας, ὥστε μὴ πλεῖον τετταράκοντα σταδίων ἀποσχὼν τῆς Ῥώμης ποιήσασθαι τὴν παρεμβολήν.

[1] οὗ γενομένου καὶ προσπεσόντος εἰς τὴν Ῥώμην, εἰς ὅλοσχερῇ συνέβη ταραχὴν καὶ φόβον ἐμπεσεῖν τοὺς κατὰ τὴν πόλιν, [2] ἅτε τοῦ πράγματος αἰφνιδίου μὲν ὄντος καὶ τελέως ἀνελπίστου διὰ τὸ μηδέποτε τὸν Ἀννίβαν ἐπὶ τοσοῦτον ἀπηρκέναι τῆς πόλεως, ὑποτρεχούσης δὲ τινος ἅμα καὶ τοιαύτης ἐννοίας ὥς οὐχ οἶόν τε τοὺς ἐναντίους ἐπὶ τοσοῦτον ἐγγίσει καὶ καταθαρρῆσαι μὴ οὐ τῶν περὶ Καπύην στρατοπέδων ἀπολωλότων. [3] διόπερ οἱ μὲν ἄνδρες τὰ τεῖχη προκατελάμβανον καὶ τοὺς πρὸ τῆς πόλεως εὐκαίρους τόπους, αἱ δὲ γυναῖκες περιπορευόμεναι τοὺς ναοὺς ἰκέτευον τοὺς θεοὺς, πλύνουσαι ταῖς κόμαις τὰ τῶν ἱερῶν ἐδάφη: [4] τοῦτο γὰρ αὐταῖς ἔθος ἐστὶ ποιεῖν, ὅταν τις ὅλοσχερῆς τὴν πατρίδα καταλαμβάνῃ κίνδυνος. [5] ἄρτι δὲ τῶν περὶ τὸν Ἀννίβαν κατεστρατοπεδευκότων καὶ διανοουμένων τῇ μετὰ ταῦθ' ἡμέρᾳ καταπειράζειν αὐτῆς τῆς πόλεως, γίνεται παράδοξόν τι καὶ τυχικὸν σύμπτωμα πρὸς σωτηρίαν τοῖς Ῥωμαίοις. [6] οἱ γὰρ περὶ τὸν Γνάιον καὶ Πόπλιον τοῦ μὲν ἐνὸς στρατοπέδου πρότερον πεποιημένοι τὴν καταγραφὴν ἐνόρκους εἶχον τοὺς στρατιώτας εἰς ἐκείνην τὴν ἡμέραν ἥξειν ἐν τοῖς ὅπλοις εἰς τὴν Ῥώμην, τοῦ δ' ἐτέρου τότε τὰς καταγραφὰς ἐποιοῦντο καὶ δοκιμασίας. [7] ἐξ οὗ συνέβη πλῆθος ἀνδρῶν αὐτομάτως ἀθροισθῆναι πρὸς τὸν δέοντα καιρὸν εἰς τὴν Ῥώμην. οὓς ἐξαγαγόντες εὐθαρσῶς οἱ στρατηγοὶ καὶ παρεμβалόντες πρὸ τῆς πόλεως ἐπέσχον τὴν ὁρμὴν τῶν περὶ τὸν Ἀννίβαν. [8] οἱ γὰρ Καρχηδόνιοι τὸ μὲν πρῶτον ὥρμησαν, οὐχ ὅλως ἀπελπίζοντες αἰρήσειν κατὰ κράτος αὐτὴν τὴν

Ῥώμην: συνθεασάμενοι δὲ τοὺς ὑπεναντίους παρατεταγμένους καὶ ταχέως διὰ τινος αἰχμαλώτου πυθόμενοι τὸ γεγονός, τῆς μὲν ἐπὶ τὴν πόλιν ἐπιβολῆς ἀπέστησαν, τὴν δὲ χώραν ἐδήουν ἐπιπορευόμενοι καὶ τὰς οἰκίας ἐνεπίμπρασαν. [9] τὰς μὲν οὖν ἀρχὰς ἀναρίθμητον περιελασάμενοι λείας πλῆθος ἤθροισαν εἰς τὴν παρεμβολήν, ὥς ἂν εἰς ἄγραν ἤκοντες τοιαύτην

[1] εἰς ἣν οὐδεὶς οὐδέποτε πολέμιον ἤξειν ἤλπιζε: μετὰ δὲ ταῦτα τῶν ὑπάτων τολμησάντων ἐν δέκα σταδίοις ἀντιστρατοπεδεῦσαι σφίσι παραβόλως, Ἀννίβας ἅμα μὲν λείας πλῆθος ἤθροικώς, ἅμα δὲ τῆς κατὰ τὴν πόλιν ἐλπίδος ἀποπεπτωκώς, [2] τὸ δὲ μέγιστον, συλλογιζόμενος τὰς ἡμέρας, ἐν αἷς ἤλπιζε κατὰ τὴν ἐξ ἀρχῆς ἐπίνοιαν πυθόμενους τοὺς περὶ τὸν Ἄππιον τὸν περὶ τὴν πόλιν κίνδυνον ἥτοι λύσαντας τὴν πολιορκίαν ὀλοσχερῶς παραβοηθήσειν τοῖς ἐπὶ τῇ Ῥώμῃ πράγμασιν ἢ μέρος τι καταλιπόντας τῷ πλείονι βοηθήσειν κατὰ σπουδὴν: [3] ὣν ὁπότερον ἂν συμβῇ, δεόντως ἔξειν ὑπειληφώς ἐκίνει τὴν δύναμιν ἐκ τῆς παρεμβολῆς ὑπὸ τὴν ἐωθινήν. [4] οἱ δὲ περὶ τὸν Πόπλιον διασπάσαντες τὰς ἐπὶ τοῦ προειρημένου ποταμοῦ γεφύρας καὶ συναναγκάσαντες αὐτὸν διὰ τοῦ ρεύματος περαιοῦν τὴν δύναμιν, προσέκειντο τοῖς Καρχηδονίοις περὶ τὴν διάβασιν καὶ πολλὴν παρεῖχον δυσχρηστίαν. [5] ὀλοσχερὲς μὲν οὖν οὐδὲν ἐδύναντο πρᾶξαι διὰ τὸ πλῆθος τῶν ἱπέων καὶ τὴν πρὸς πάντα τόπον εὐχρηστίαν τῶν Νομάδων: τῆς δὲ λείας ἱκανόν τι μέρος ἀφελόμενοι καὶ περὶ τριακοσίους καταβαλόντες τῶν πολεμίων τότε μὲν ἀνεχώρησαν πρὸς τὴν παρεμβολήν, [6] μετὰ δὲ ταῦτα νομίσαντες τοὺς Καρχηδονίους διὰ φόβον σπουδῇ ποιεῖσθαι τὴν ὑποχώρησιν, εἶποντο κατόπιν ταῖς παρωρείαις. [7] Ἀννίβας δὲ τὸ μὲν πρῶτον ἠπείγετο, σπεύδων ἐπὶ τὸ προκείμενον: μετὰ δὲ πέμπτην ἡμέραν προσαγγελθέντος αὐτῷ μένειν ἐπὶ τῆς πολιορκίας τοὺς περὶ τὸν Ἄππιον, οὕτως ὑποστὰς καὶ προσδεξάμενος τοὺς ἐπομένους ἐπιτίθεται νυκτὸς ἔτι τῇ στρατοπεδείᾳ, [8] καὶ πολλοὺς μὲν αὐτῶν ἀπέκτεινε, τοὺς δὲ λοιποὺς ἐκ τῆς παρεμβολῆς ἐξέβαλε. [9] τῆς δ' ἡμέρας ἐπιγενομένης συνθεωρήσας τοὺς Ῥωμαίους πρὸς τινὰ λόφον ἐρυμνὸν ἀποκεχωρηκότας, τοῦ μὲν ἔτι προσκαρτερεῖν τούτοις ἀπέγνω, [10] ποιησάμενος δὲ τὴν πορείαν διὰ τῆς Δαυνίας καὶ τῆς Βρεττίας ἐπέστη τοῖς κατὰ τὸ Ῥήγιον τόποις ἀνυπόπτως, ὥστε παρ' ὀλίγον μὲν καὶ τῆς πόλεως κυριεῦσαι, πάντας δὲ τοὺς ἐπὶ τὴν χώραν ἐκπεπορευμένους ἀποτεμέσθαι καὶ πλείστων γενέσθαι Ῥηγίωνων

κύριος ἐν ἐκείνῃ τῇ παρουσίᾳ.

[1] δοκεῖ δέ μοι δικαίως ἄν τις ἐπισημήνασθαι κατὰ τοῦτον τὸν καιρὸν τάς τε Καρχηδονίων καὶ Ῥωμαίων ἀρετὰς καὶ φιλοτιμίας ἐν τῷ πολεμεῖν. [2] καθάπερ γὰρ Ἑπαμινώνδαν τὸν Θηβαῖον θαυμάζουσι πάντες, διότι παραγενόμενος εἰς Τεγέαν μετὰ τῶν συμμάχων καὶ θεωρήσας τοὺς Λακεδαιμονίους αὐτοὺς τε πανδημεὶ παραγεγονότας εἰς Μαντίνειαν καὶ τοὺς συμμάχους εἰς ταύτην ἡθροικότας τὴν πόλιν, ὥς παραταξομένους τοῖς Θηβαίοις, [3] δειπνοποιήσασθαι τοῖς αὐτοῦ καθ' ὥραν παραγγείλας ἐξῆγε τὴν δύναμιν ἄρτι τῆς νυκτὸς ἐπιγινομένης, ὥς τῆς παρατάξεως χάριν σπεύδων εὐκαίρους τινὰς προκαταλαβέσθαι τόπους, [4] τοιαύτην δὲ τοῖς πολλοῖς δόξαν ἐνεργασάμενος προῆγε, ποιούμενος τὴν πορείαν ἐπ' αὐτὴν τὴν Λακεδαίμονα, [5] προσμίζας δὲ περὶ τρίτην ὥραν τῇ πόλει παραδόξως καὶ καταλαβὼν τὴν Σπάρτην ἔρημον τῶν βοηθησόντων, μέχρι μὲν ἀγορᾶς ἐβιάσατο καὶ κατέσχε τῆς πόλεως τοὺς ἐπὶ τὸν ποταμὸν ἐστραμμένους τόπους. [6] γενομένης δὲ περιπετείας, καὶ τινος αὐτομόλου τὴν νύκτα διαπεσόντος εἰς τὴν Μαντίνειαν καὶ διασαφήσαντος Ἀγησιλάῳ τῷ βασιλεῖ τὸ συμβαῖνον, καὶ τῶν βοηθούντων παραγενομένων εἰς τὸν τῆς καταλήψεως καιρὸν, [7] ταύτης μὲν τῆς ἐλπίδος ἀπεσφάλῃ, μετὰ δὲ ταῦτα περὶ τὸν Εὐρώταν ἀριστοποιησάμενος καὶ προσαναλαβὼν τὴν δύναμιν ἐκ τῆς κακοπαθείας, ὥρμα πάλιν ἐξ ὑποστροφῆς τὴν αὐτὴν ὁδόν, [8] συλλογιζόμενος ὅτι συμβήσεται τῶν Λακεδαιμονίων καὶ τῶν συμμάχων παραβεβοηθηκότων εἰς τὴν Σπάρτην ἔρημον πάλιν καταλείπεσθαι τὴν Μαντίνειαν: ὃ καὶ συνέβη γενέσθαι. [9] διὸ παρακαλέσας τοὺς Θηβαίους καὶ χρησάμενος ἐνεργῶ τῇ νυκτοπορείᾳ παρῆν καὶ προσέμισγε τῇ Μαντινείᾳ περὶ μέσον ἡμέρας, ἐρήμῳ τελέως ὑπαρχούσῃ τῶν βοηθησόντων. [10] οἱ δ' Ἀθηναῖοι κατὰ τὸν καιρὸν τοῦτον σπουδάζοντες μετασχεῖν τοῦ πρὸς τοὺς Θηβαίους ἀγῶνος τοῖς Λακεδαιμονίοις κατὰ τὴν συμμαχίαν παρῆσαν. [11] ἤδη δὲ τῆς Θηβαίων πρωτοπορείας συναπτούσης πρὸς τὸ τοῦ Ποσειδῶνος ἱερόν, ὃ κεῖται πρὸ τῆς πόλεως ἐν ἑπτὰ σταδίοις, ὥσπερ ἐπίτηδες συνεκύρησεν ἅμα καὶ τοὺς Ἀθηναίους ἐπιφαίνεσθαι κατὰ τὸν τῆς Μαντινείας ὑπερκείμενον λόφον: [12] εἰς οὓς ἐμβλέψαντες οἱ καταλελειμμένοι τῶν Μαντινέων μόλις ἐθάρρησαν ἐπιβῆναι τοῦ τείχους καὶ κωλῦσαι τὴν τῶν Θηβαίων ἔφοδον. [13] διόπερ εἰκότως οἱ συγγραφεῖς ἐπιμέμφονται τοῖς προειρημένοις

ἔργοις, φάσκοντες τῷ μὲν ἡγεμόνι πεπρᾶχθαι πᾶν ὅσον ἀγαθὸν στρατηγῷ, καὶ τῶν μὲν ὑπεναντίων κρεῖττω, τῆς δὲ τύχης ἥττω γεγονέναι τὸν Ἑπαμινώνδαν.

[1] τὸ δὲ παραπλήσιον ἂν τις εἴποι καὶ περὶ τῶν κατ' Ἀννίβαν. [2] καὶ γὰρ τὸ προσβαλόντα τοῖς πολεμίοις πειραθῆναι διὰ τῶν ἐκ μέρους ἀγώνων λύειν τὴν πολιορκίαν, [3] καὶ τὸ ταύτης ἀποπεσόντα τῆς προσβολῆς ἐπ' αὐτὴν ὀρμῆσαι τὴν Ῥώμην, κᾶπειτα μὴ καθικόμενον τῆς προθέσεως διὰ τὰς ἐκ ταυτομάτου περιπετείας αὐθις ἐξ ὑποστροφῆς συντρίψαι μὲν τοὺς ἐπομένους, ἐφεδρεῦσαι δὲ τῷ κατὰ λόγον, εἰ συνέβη γενέσθαι κίνημα περὶ τοὺς τὴν Καπύην πολιορκοῦντας, [4] τὸ δὲ τελευταῖον μὴ λήξαντα τῆς προθέσεως εἰς τὴν τῶν ἐχθρῶν βλάβην ἀποσκήψαι, μόνον οὐ δ' ἀναστάτους ποιῆσαι Ῥηγίνους, [5] τίς οὐκ ἂν ἐπισημῆναιτο καὶ θαυμάσαι τὸν προειρημένον ἐπὶ τούτοις ἡγεμόνα; [6] καὶ μὴν Ῥωμαίους Λακεδαιμονίων ἀμείνους ἂν τις ἐν τούτῳ τῷ καιρῷ κρίνειεν. [7] Λακεδαιμόνιοι μὲν γὰρ τῇ πρώτῃ προσαγγελίᾳ συνεκχυθέντες τὴν μὲν Σπάρτην ἔσωσαν, τὴν δὲ Μαντίνειαν τὸ καθ' αὐτοὺς μέρος ἀπέβαλον: [8] Ῥωμαῖοι δὲ καὶ τὴν πατρίδα διεφύλαξαν καὶ τὴν πολιορκίαν οὐκ ἔλυσαν, ἀλλ' ἔμειναν ἀσαλεύτως καὶ βεβαίως ἐπὶ τῶν ὑποκειμένων καὶ τὸ λοιπὸν ἤδη τεθαρρηκότως προσέκειντο τοῖς Καπυανοῖς. [9] ταῦτα μὲν οὖν οὐχ οὕτως τοῦ Ῥωμαίων ἢ Καρχηδονίων ἐγκωμίου χάριν εἴρηται μοι — τούτους μὲν γὰρ ἤδη πολλάκις ἐπεσημνήαμην — τὸ δὲ πλεῖον τῶν ἡγουμένων παρ' ἀμφοτέροις καὶ τῶν μετὰ ταῦτα μελλόντων χειρίζειν παρ' ἐκάστοις τὰς κοινὰς πράξεις, [10] ἵνα τῶν μὲν ἀναμιμνησκόμενοι, τὰ δ' ὑπὸ τὴν ὄψιν λαμβάνοντες ζηλῶται γίνωνται * παράβολον ἔχειν τι καὶ κινδυνῶδες, τοῦναντίον ἀσφαλῆ μὲν τὴν τόλμαν, θαυμασίαν δὲ τὴν ἐπίνοιαν, ἀείμνηστον δὲ καὶ καλὴν ἔχει τὴν προαίρεσιν καὶ κατορθωθέντα καὶ διαψευσθέντα παραπλησίως, ἐὰν μόνον σὺν νῷ γένηται τὰ πραττόμενα.

[1] ἐκρίθη μὲν οὖν διὰ τοῦτο τοῖς Ῥωμαίοις τὰ προειρημένα μετακομίζειν εἰς τὴν ἑαυτῶν πατρίδα καὶ μηδὲν ἀπολιπεῖν: [3] πότερα δ' ὀρθῶς τοῦτο καὶ συμφερόντως αὐτοῖς ἔπραξαν ἢ τάναντία, πολὺς ἂν εἴη λόγος, πλείων γε μὴν εἰς τὸ μὴ δεόντως σφίσι πεπρᾶχθαι μηδ' ἀκμὴν νῦν πράττεσθαι τοῦτο τοῦργον. [4] εἰ μὲν γὰρ ἐκ τοιούτων ὀρμηθέντες προεβίβασαν τὴν πατρίδα, δῆλον ὡς εἰκότως ταῦτα μετέφερον εἰς τὴν οἰκείαν, δι' ὧν ηὔξηθησαν. [5] εἰ δ' ἀπλουστάτοις χρώμενοι βίοις καὶ πορρωτάτῳ τῆς ἐν τούτοις περιττότητος καὶ πολυτελείας ἀφεστῶτες ὅμως ἐπεκράτουν τούτων αἰεὶ παρ' οἷς ὑπῆρχε πλείστα καὶ κάλλιστα τὰ τοιαῦτα, πῶς οὐ νομιστέον εἶναι τὸ γινόμενον ὑπ' αὐτῶν ἀμάρτημα; [6] τὸ γὰρ ἀπολιπόντας τὰ τῶν νικόντων ἔθνη τὸν τῶν ἡττωμένων ζῆλον ἀναλαμβάνειν, προσεπιδραττομένους ἅμα καὶ τὸν ἐξακολουθοῦντα τοῖς τοιούτοις φθόνον, ὃ πάντων ἐστὶ φοβερώτατον ταῖς ὑπεροχαῖς, ὁμολογούμενον ἂν εἴποι τις εἶναι τῶν πραττόντων παράπτωμα. [7] οὐ γὰρ οὕτως ὁ θεώμενος οὐδέποτε μακαρίζει τοὺς τὰλλότρια κεκτημένους, ὥς ἐν τῷ φθονεῖν ἅμα καὶ τις ἔλεος αὐτὸν ὑποτρέχει τῶν ἐξ ἀρχῆς ἀποβαλόντων. [8] ἐπὶ δὲ καὶ προβαίνει τὰ τῆς εὐκαιρίας καὶ πάντα συνάγῃ πρὸς αὐτὸν τὰ τῶν ἄλλων, καὶ ταῦτα συγκαλῆ τρόπον τινὰ τοὺς ἐστερημένους ἐπὶ θέαν, διπλάσιον γίνεται τὸ κακόν. [9] οὐ γὰρ ἔτι τοὺς πέλας ἔλεειν συμβαίνει τοὺς θεωμένους, ἀλλὰ σφᾶς αὐτούς, ἀναμνησκομένους τῶν οἰκείων συμπτωμάτων. [10] ἐξ ὧν οὐ μόνον φθόνος, ἀλλ' οἷον ὀργή τις ἐκκαίεται πρὸς τοὺς εὐτυχοῦντας: ἡ γὰρ τῶν ιδίων περιπετειῶν ἀνάμνησις ὥς ἂν εἰ προτροπή τις ἐστὶ πρὸς τὸ κατὰ τῶν πραξάντων μῖσος. [11] τὸ μὲν οὖν τὸν χρυσὸν καὶ τὸν ἄργυρον ἀθροίζειν πρὸς αὐτοὺς ἴσως ἔχει τινὰ λόγον: οὐ γὰρ οἷόν τε τῶν καθόλου πραγμάτων ἀντιποιήσασθαι μὴ οὐ τοῖς μὲν ἄλλοις ἀδυναμίαν ἐνεργασαμένους, σφίσι δὲ τὴν τοιαύτην δύναμιν ἐτοιμάσαντας. [12] τὰ δ' ἐκτὸς ὑπάρχοντα τῆς προειρημένης δυνάμεως ἦν ἐν τοῖς ἐξ ἀρχῆς τόποις ἅμα τῷ φθόνῳ καταλιπόντας ἐνδοξοτέραν ποιεῖν τὴν σφετέραν πατρίδα, μὴ γραφαῖς καὶ τύποις, ἀλλὰ σεμνότητι καὶ μεγαλοψυχίᾳ κοσμοῦντας αὐτήν. [13] οὐ μὴν ἀλλὰ ταῦτα μὲν εἰρήσθω μοι χάριν τῶν μεταλαμβάνόντων ἀεὶ τὰς

δυναστείας, ἵνα μὴ σκυλεύοντες τὰς πόλεις κόσμον ὑπολαμβάνωσιν εἶναι ταῖς ἑαυτῶν πατρίσι τὰς ἀλλοτρίας συμφοράς: Ῥωμαῖοι δὲ μετακομίσαντες τὰ προειρημένα ταῖς μὲν ἰδιωτικαῖς κατασκευαῖς τοὺς αὐτῶν ἐκόσμησαν βίους, ταῖς δὲ δημοσίαις τὰ κοινὰ τῆς πόλεως. IV. Res Hispaniae ὅτι οἱ τῶν Καρχηδονίων ἡγεμόνες, κρατήσαντες τῶν ὑπεναντίων, σφῶν αὐτῶν οὐκ ἠδύναντο κρατεῖν, [2] καὶ δόξαντες τὸν πρὸς Ῥωμαίους πόλεμον ἀνηρηκέναι πρὸς αὐτοὺς ἐστασίαζον, ἀεὶ παρατριβόμενοι διὰ τὴν ἔμφυτον Φοῖνιξιν πλεονεξίαν καὶ φιλαρχίαν. [3] ὣν ὑπάρχων Ἀσδρούβας ὁ Γέσκωνος εἰς τοῦτο κακοπραγμοσύνης προήχθη διὰ τὴν ἐξουσίαν, ὥς τὸν πιστότατον τῶν κατ' Ἰβηρίαν φίλων Ἀνδοβάλην, πάλαι μὲν ἀποβαλόντα τὴν ἀρχὴν διὰ Καρχηδονίους, ἄρτι δὲ πάλιν ἀπειληφότα διὰ τὴν πρὸς ἐκείνους εὖνοιαν, ἐπεβάλετο χρημάτων πλῆθος αἰτεῖν. [4] τοῦ δὲ παρακούσαντος διὰ τὸ θαρρεῖν ἐπὶ τῇ προγεγενημένῃ πίστει πρὸς τοὺς Καρχηδονίους, ψευδῇ διαβολὴν ἐπενέγκας ἠνάγκασε τὸν Ἀνδοβάλην δοῦναι τὰς ἑαυτοῦ θυγατέρας εἰς ὀμηρείαν.

[1] V. Res Italiae ὅτι οἱ Ῥωμαῖοι πρεσβευτὰς ἐξαπέστειλαν πρὸς Πτολεμαῖον, βουλόμενοι σίτῃ χορηγηθῆναι διὰ τὸ μεγάλην εἶναι παρ' αὐτοῖς σπάνιν, [2] ὥς ἂν τοῦ μὲν κατὰ τὴν Ἰταλίαν ὑπὸ τῶν στρατοπέδων ἅπαντος ἐφθαρμένου μέχρι τῶν τῆς Ῥώμης πυλῶν, ἔξωθεν δὲ μὴ γενομένης ἐπικουρίας, ἅτε κατὰ πάντα τὰ μέρη τῆς οἰκουμένης πολέμων ἐνεστῶτων καὶ στρατοπέδων παρακαθημένων, πλὴν τῶν κατ' Αἴγυπτον τόπων. [3] εἰς γὰρ τοσοῦτον κατὰ τὴν Ῥώμην προεβεβήκει τὰ τῆς ἐνδείας ὥστε τὸν Σικελικὸν μέδιμνον πεντεκαίδεκα δραχμῶν ὑπάρχειν. [4] ἀλλ' ὅμως τοιαύτης οὔσης τῆς περιστάσεως οὐκ ἡμέλουν τῶν πολεμικῶν. —

[1] πολλὴν μὲν ἐπισκέψεως χρεῖαν ἔχει τὰ συμβαίνοντα περὶ τὰς πολεμικὰς ἐπιβολάς: ἔστι δὲ δυνατόν ἐν ἐκάστοις αὐτῶν εὖστοχεῖν, ἐὰν σὺν νῶ τις πράττῃ τὸ προτεθέν. [2] ὅτι μὲν οὖν ἐστὶ τῶν κατὰ πόλεμον ἔργων ἐλάττω τὰ προδήλως καὶ μετὰ βίας ἐπιτελούμενα τῶν μετὰ δόλου καὶ σὺν καιρῷ πραττομένων, εὐχερὲς τῷ βουλομένῳ καταμαθεῖν ἐκ τῶν ἤδη γεγονότων: [3] ὅτι γε μὴν αὐτῶν τῶν ἐν καιρῷ πάλιν ἐνεργουμένων πλείω γίνεται τὰ διαμαρτανόμενα τῶν κατορθουμένων, οὐδὲ τοῦτο γινῶναι χαλεπὸν ἐκ τῶν συμβαινόντων. [4] καὶ μὴν διότι παρὰ τὰς τῶν ἡγουμένων ἀγνοίας ἢ ῥαθυμίας ἐπιτελεῖται τὰ πλεῖστα τῶν ἀμαρτημάτων, οὐδεὶς ἂν τοῦτ' ἀπορήσειε. [5] τίς οὖν ὁ τρόπος τῆς τοιαύτης διαθέσεως σκοπεῖν ἤδη

πάρεστι. [6]

[1] τὰ μὲν οὖν ἀπροθέτως ἐν τοῖς πολεμικοῖς συμβαίνοντα πράξεις μὲν οὐδαμῶς ἀρμόζει λέγειν, περιπετείας δὲ καὶ συγκυρήσεις μᾶλλον: [7] διὸ καὶ λόγον οὐκ ἔχοντα μεθοδικὸν οὐδ' ἐστῶτα παραλείπεσθω: τὰ δὲ κατὰ πρόθεσιν ἐνεργούμενα, ταῦτα δηλοῦσθω: περὶ ὧν ὁ νῦν δὴ λόγος. [8] πάσης δὴ πράξεως ἐχούσης καιρὸν ὀρισμένον καὶ διάστημα καὶ τόπον, καὶ προσδεομένης τοῦ λαθεῖν καὶ συνθημάτων ὀρισμένων, ἔτι δὲ καὶ δι' ὧν καὶ μεθ' ὧν καὶ τίνι τρόπῳ πραχθήσεται, [9] φανερόν ὡς ὁ μὲν ἐκάστου τούτων εὐστοχήσας οὐχ ἁμαρτήσεται τῆς ἐπιβολῆς, ὁ δ' ἐνὸς ὀλιγορήσας σφαλῆσεται τῆς ὅλης προθέσεως. [10] οὕτως ἢ φύσις πρὸς τὰς ἀποτυχίας τῶν ἐπινοηθέντων ἱκανὸν ἐν καὶ τὸ τυχὸν ἐποίησε τῶν κατὰ μέρος: πρὸς δὲ τὸ κατορθοῦν μόλις ἱκανὰ πάντα. διὸ χρὴ μηδενὸς ἀφροντιστεῖν ἐν ταῖς τοιαύταις ἐπιβολαῖς τοὺς ἡγουμένους. [2] ἔστι δ' ἀρχὴ μὲν τῶν προειρημένων τὸ σιγᾶν, καὶ μήτε διὰ χαρὰν παραδόξου προφαινομένης ἐλπίδος μήτε διὰ φόβον μήτε διὰ συνήθειαν μήτε διὰ φιλοστοργίαν μεταδιδόναι μηδενὶ τῶν ἐκτός, αὐτοῖς δὲ κοινοῦσθαι τούτοις, [3] ὧν χωρὶς οὐχ οἷόν τε τὸ προτεθεὶς ἐπὶ τέλος ἀγαγεῖν, καὶ τούτοις μὴ πρότερον, ἀλλ' ὅταν ὁ τῆς ἐκάστου χρείας καιρὸς ἐπαναγκάζῃ. [4] χρὴ δὲ σιγᾶν μὴ μόνον τῇ γλώττῃ, πολὺ δὲ μᾶλλον τῇ ψυχῇ: [5] πολλοὶ γὰρ ἤδη κρύψαντες τοὺς λόγους ποτὲ μὲν δι' αὐτῆς τῆς ἐπιφάσεως, ποτὲ δὲ καὶ διὰ τῶν πραττομένων φανεράς ἐποίησαν τὰς ἑαυτῶν ἐπινοίας. [6] δεῦτερον δ' ἐπεγνωκέναι τὰς ἡμερησίους καὶ νυκτερινὰς πορείας καὶ τὰ διανύσματα τούτων, μὴ μόνον κατὰ γῆν, ἀλλὰ καὶ κατὰ θάλατταν. [7] τρίτον καὶ μέγιστον, τῶν ἐκ τοῦ περιέχοντος καιρῶν ἔχειν ἔννοιαν καὶ δύνασθαι τούτων κατὰ τὸ κριθέν εὐστοχεῖν. [8] καὶ μὴν οὐδὲ τὸν τόπον τῆς πράξεως ἐν μικρῷ θετέον, ἐπειδὴ πολλάκις παρὰ τοῦτο τὰ μὲν ἀδύνατα δοκοῦντ' εἶναι δυνατά, τὰ δὲ δυνατὰ ἐφήνην ἀδύνατα. [9] τὸ δὲ τελευταῖον συνθημάτων καὶ παρασυνθημάτων, ἔτι δὲ τῆς ἐκλογῆς, δι' ὧν καὶ μεθ' ὧν ἐνεργηθήσεται τὸ κριθέν, οὐκ ὀλιγορητέον.

[1] τῶν δὲ προειρημένων τὰ μὲν ἐκ τριβῆς, τὰ δ' ἐξ ἱστορίας, τὰ δὲ κατ' ἐμπειρίαν μεθοδικὴν θεωρεῖται. [2] κάλλιστον μὲν οὖν τὸ γινώσκειν αὐτὸν καὶ τὰς ὁδοὺς καὶ τὸν τόπον, ἐφ' ὃν δεῖ παραγενέσθαι, καὶ τὴν φύσιν τοῦ τόπου, πρὸς δὲ τούτοις, δι' ὧν μέλλει καὶ μεθ' ὧν πράττειν. [3] δεῦτερον δ' ἱστορεῖν ἐπιμελῶς καὶ μὴ πιστεύειν τοῖς τυχοῦσι: τὴν δὲ τῶν καθηγουμένων πίστιν ἐπὶ τι τῶν

τοιούτων ἐν τοῖς ἐπομένοις ἀεὶ δεῖ κεῖσθαι. [4] ταῦτα μὲν οὖν καὶ τὰ τούτοις παραπλήσια δυνατόν ἴσως καὶ δι' αὐτῆς τῆς στρατιωτικῆς τριβῆς περιγίνεσθαι τοῖς ἡγουμένοις, τὰ μὲν ἐξ αὐτουργίας, τὰ δ' ἐξ ἱστορίας: [5] τὰ δ' ἐκ τῆς ἐμπειρίας προσδεῖται μαθήσεως καὶ θεωρημάτων, καὶ μάλιστα τῶν ἐξ ἀστρολογίας καὶ γεωμετρίας, ὧν τὸ μὲν ἔργον οὐ μέγα πρὸς γε ταύτην τὴν χρεῖαν, τὸ δὲ χρῆμα μέγα καὶ μεγάλα συνεργεῖν δυνάμενον πρὸς τὰς προειρημένας ἐπιβολάς. [6] ἀναγκαιότατον δ' αὐτοῦ τὸ περὶ τὰς νυκτερινὰς θεωρίας καὶ τὰς ἡμερινάς. εἰ μὲν γὰρ ἴσας εἶναι συνέβαινεν ἀεὶ ταύτας, οὐδ' ἥστινος ἂν ἀσχολίας τὸ πρᾶγμα προσεδεῖτο, κοινὴ δ' ἂν ἦν ἀπάντων ἡ γνῶσις: [7] ἐπεὶ δ' οὐ μόνον ἔχει τὰ προειρημένα πρὸς ἄλληλα διαφοράν, ἀλλὰ καὶ πρὸς αὐτά, δῆλον ὡς ἀνάγκη γινώσκειν τὰς αὐξήσεις καὶ μειώσεις ἐκατέρων. [8] πῶς γὰρ ἂν τις εὐστοχήσειε πορείας καὶ διανύσματος ἡμερησίου, πῶς δὲ νυκτερινοῦ, μὴ κατανοήσας τὰς τῶν προειρημένων διαφοράς; [9] καὶ μὴν οὐδὲν πρὸς τὸν δέοντα καιρὸν ἐξικέσθαι δυνατόν ἄνευ τῆς τούτων ἐμπειρίας, ἀλλὰ ποτὲ μὲν ὑστερεῖν, ποτὲ δὲ προτερεῖν ἀνάγκη. [10] μείζον δὲ τὸ προτερεῖν ἐν μόνοις τούτοις ἀμάρτημα τοῦ καθυστερεῖν: [11] ὁ μὲν γὰρ ὑπεράρας τὸν ὀρισμένον καιρὸν αὐτῆς ἀποτυγχάνει τῆς ἐλπίδος — τὸ γὰρ γεγονὸς ἐξ ἀποστήματος ἐπιγνοὺς αὐτῆς ἀπολύεται μετ' ἀσφαλείας — ὁ δὲ προλαβὼν τὸν καιρὸν, [12] ἐγγίσας καὶ γνωρισθεὶς οὐ μόνον ἀποτυγχάνει τῆς ἐπιβολῆς, ἀλλὰ καὶ κινδυνεύει τοῖς ὅλοις.

[1] κρατεῖ δ' ἐπὶ πάντων μὲν τῶν ἀνθρωπείων ἔργων ὁ καιρός, μάλιστα δὲ τῶν πολεμικῶν. [2] διὸ προχείρως ἰστέον τῷ στρατηγῷ τροπὰς ἡλίου θερινὰς καὶ χειμερινάς, ἔτι δ' ἰσημερίας καὶ τὰς μεταξὺ τούτων αὐξήσεις καὶ μειώσεις ἡμερῶν καὶ νυκτῶν: [3] οὕτως γὰρ ἂν μόνως δύναιτο συμμετρεῖσθαι πρὸς λόγον τὰ διανύσματα καὶ κατὰ γῆν καὶ κατὰ θάλατταν. [4] καὶ μὴν τοὺς κατὰ μέρος καιροὺς ἀναγκαῖον εἰδέναι, καὶ τοὺς τῆς ἡμέρας καὶ τοὺς τῆς νυκτός, πρὸς τὸ γινώσκειν πηνίκα ποιητέον καὶ τὰς ἐξεγέρσεις καὶ τὰς ἀναζυγάς: [5] οὐ γὰρ οἶόν τε τοῦ τέλους τυγχάνειν μὴ οὐ τῆς ἀρχῆς εὐστοχήσαντα. [6] τοὺς μὲν οὖν τῆς ἡμέρας καιροὺς τῇ σκιᾷ θεωρεῖν οὐκ ἀδύνατον, ἔτι δὲ τῇ κατὰ τὸν ἥλιον πορεία καὶ τοῖς ἐπὶ τοῦ κόσμου γινομένοις αὐτοῦ τούτου διαστήμασι: [7] τοὺς δὲ τῆς νυκτός δυσχερές, ἐὰν μὴ τις ἐπὶ τοῦ φαινομένου τῇ τῶν δώδεκα ζῳδίων οἰκονομία καὶ τάξει συμπεριφέρηται: πάνυ δὲ καὶ τοῦτο ῥάδιον τοῖς τὰ φαινόμενα πεπολυπραγμονηκόσιν. [8] ἐπεὶ γὰρ ἀνίσων οὐσῶν τῶν νυκτῶν ὁμως

ἐν πάσῃ τῇ νυκτὶ τῶν δώδεκα ζῳδίων ἐξ ἀναφέρεσθαι συμβαίνει, φανερόν ὡς ἀναγκαῖον ἐν τοῖς αὐτοῖς μέρεσι πάσης νυκτὸς ἴσα μέρη τῶν δώδεκα ζῳδίων ἀναφέρεσθαι. [9] τοῦ δ' ἡλίου γνωριζομένου καθ' ἡμέραν, ποῖαν μοῖραν ἐπέχει, δῆλον ὡς δύναντος τούτου τὴν κατὰ διάμετρον ἐπιτέλλειν ἀνάγκη. [10] λοιπὸν ὅσον ἂν τὸ μετὰ ταύτην μέρος ἀνατεταλκὸς φαίνεται τοῦ ζῳδιακοῦ, τοσοῦτον εἰκὸς ἡνύσθαι τῆς νυκτὸς αἰεί. [11] γνωριζομένων δὲ τῶν ζῳδίων καὶ κατὰ τὸ πλῆθος καὶ κατὰ τὸ μέγεθος, τοιούτους γίνεσθαι μετὰ ταῦτα συμβαίνει καὶ τοὺς κατὰ μέρος καιροὺς τῆς νυκτός. [12] ἐν δὲ ταῖς συννεφέσι νυξὶ τῇ σελήνῃ προσεκτέον, ἐπεὶ διὰ τὸ μέγεθος ὡς ἐπίπαν αἰεὶ τὸ ταύτης ἐμφαίνεται φῶς, καθ' ὃν ἂν ᾗ τόπον τοῦ κόσμου. [13] καὶ ποτὲ μὲν ἐκ τῶν περὶ τὰς ἀνατολὰς καιρῶν καὶ τόπων στοχαστέον, [14] ποτὲ δὲ πάλιν ἐκ τῶν περὶ τὰς δύσεις, καθυπαρχούσης καὶ περὶ τοῦτο τὸ μέρος ἐννοίας ἐπὶ τοσοῦτον ὥστε συμπεριφέρεσθαι ταῖς καθ' ἡμέραν διαφοραῖς τῶν ἀνατολῶν. [15] ἔστι δὲ τρόπος εὐθεώρητος καὶ περὶ ταύτην: ὅρος γὰρ εἷς μὴν ὡς τύφῳ, καὶ πρὸς αἴσθησιν

[1] τοιοῦτοι πάντες. ἥ καὶ τὸν ποιητὴν ἂν τις ἐπαιnéσειε, διότι παρeisάγει τὸν Ὀδυσσεά, τὸν ἡγεμονικώτατον ἄνδρα, τεκμαιρόμενον ἐκ τῶν ἄστρον οὐ μόνον τὰ κατὰ τοὺς πλοῦς, ἀλλὰ καὶ τὰ περὶ τὰς ἐν τῇ γῇ πράξεις. [2] ἱκανὰ γὰρ καὶ τὰ παρὰ δόξαν γινόμενα μὴ δυνάμενα τυγχάνειν προνοίας ἀκριβοῦς εἰς τὸ πολλὴν ἀπορίαν παρασκευάζειν καὶ πολλάκις, [3] οἷον ὄμβρων καὶ ποταμῶν ἐπιφοραὶ καὶ πάγων ὑπερβολαὶ καὶ χιόνες, ἔτι δ' ὁ καπνώδης καὶ συννεφὴς ἀῆρ καὶ ἄλλα τὰ παραπλήσια τούτοις. [4] εἰ δὲ καὶ περὶ ὧν δυνατόν ἐστι προῖδέσθαι, καὶ τούτων ὀλιγορήσομεν, πῶς οὐκ εἰκότως ἐν τοῖς πλείστοις ἀποτευζόμεθα δι' αὐτούς; [5] διόπερ οὐκ ἀφροντιστητέον οὐδενὸς τῶν προειρημένων, ἵνα μὴ τοιούτοις ἀλογήμασι περιπίπτωμεν οἷσις φασὶ περιπεσεῖν ἐτέρους τε πλείους καὶ τοὺς νῦν ὑφ' ἡμῶν λέγεσθαι μέλλοντας ὑποδείγματος χάριν.

[1] Ἄρατος ὁ τῶν Ἀχαιῶν στρατηγὸς ἐπιβαλόμενος πραξικοπεῖν τὴν τῶν Κυναίθων πόλιν, συνετάξατο πρὸς τοὺς ἐκ τῆς πόλεως αὐτῷ συνεργοῦντας ἡμέραν, ἐν ᾗ τὸν μὲν Ἄρατον ἔδει νυκτὸς παραγενθέντα πρὸς τὸν ἀπὸ Κυναίθης ρέοντα ποταμὸν ὡς ἐπὶ * πρεπίου μένειν ἐνσχολάσαντα μετὰ τῆς δυνάμεως, [2] τοὺς δ' ἔνδοθεν περὶ μέσον ἡμέρας, ὅτε λάβοιεν τὸν καιρόν, ἕνα μὲν αὐτῶν μεθ' ἡσυχίας ἐν ἱματίῳ διὰ τῆς πύλης ἐκπέμψαι, καὶ κελεῦσαι προελθόντα στήναι πρὸ τῆς πόλεως ἐπὶ τὸν συνταχθέντα τάφον, [3] τοὺς δὲ

λοιπούς προσενεγκεῖν τὰς χεῖρας τοῖς ἄρχουσι, κοιμωμένοις κατὰ μέσον ἡμέρας, τοῖς εἰθισμένοις τηρεῖν τὴν πύλιν. [4] γενομένου δὲ τούτου σπουδῇ καταταχεῖν τοὺς Ἀχαιοὺς ἐκ τῆς ἐνέδρας ἔδει πρὸς τὴν πύλιν. [5] τούτων δὲ διατεταγμένων καὶ τοῦ καιροῦ συνάψαντος, ὁ μὲν Ἄρατος ἦκε καὶ κρυφθεὶς κατὰ τὸν ποταμὸν ἔμνευε τηρῶν τὸ σύνθημα: [6] περὶ δὲ πέμπτην ὥραν ἔχων τις πρόβατα μαλακὰ τῶν εἰθισμένων περὶ πόλιν τρέφειν, δεηθεὶς ἐκ τοῦ καιροῦ πυθέσθαι τι τοῦ ποιμένου βιωτικόν, ἐξῆλθε διὰ τῆς πύλης ἐν ἱματίῳ καὶ στὰς ἐπὶ τὸν αὐτὸν τάφον περιεβλέπετο τὸν ποιμένα. [7] οἱ δὲ περὶ τὸν Ἄρατον ἀποδεδόσθαι σφίσι τὸ σύνθημα νομίσαντες σπουδῇ πρὸς τὴν πόλιν ἐφέροντο πάντες. [8] ταχὺ δὲ τῆς πύλης κλεισθείσης ὑπὸ τῶν ἐφεστώτων διὰ τὸ μηδέπω μηδὲν ὑπὸ τῶν ἔνδον ἡτοιμάσθαι, συνέβη μὴ μόνον τῆς πράξεως ἀποτυχεῖν τοὺς περὶ τὸν Ἄρατον, ἀλλὰ καὶ τοῖς ἐκ τῆς πόλεως συμπράττουσιν αἰτίους γενέσθαι τῶν μεγίστων συμπτωμάτων: καταφανεῖς γὰρ γενόμενοι παραχρῆμα προβληθέντες ἀπέθανον. [9] τί οὖν εἴποι τις ἂν τῆς περιπετείας αἴτιον γεγονέναι; τὸ ποιήσασθαι τὸν στρατηγὸν ἀπλοῦν τὸ σύνθημα, νέον ἀκμὴν ὄντα καὶ τῆς τῶν διπλῶν συνθημάτων καὶ παρασυνθημάτων ἀκριβείας ἄπειρον. [10] οὕτως αἱ πολεμικαὶ πράξεις ἐν μικρῷ τὸ διαφέρον ἔχουσι τῆς ἐφ' ἑκάτερα ῥοπῆς τῶν ἐκβαίνοντων.

[1] καὶ μὴν Κλεομένης ὁ Σπαρτιάτης προθέμενος διὰ πράξεως ἐλεῖν τὴν τῶν Μεγαλοπολιτῶν πόλιν, συνετάξατο τοῖς τὸ τεῖχος φυλάττουσι τὸ κατὰ τὸν Φωλὸν καλούμενον νυκτὸς ἦξειν μετὰ τῆς δυνάμεως κατὰ τρίτην φυλακὴν: τοῦτον γὰρ ἐφύλαττον τὸν καιρὸν τὸ τεῖχος οἱ συμπράττοντες αὐτῷ. [2] οὐκέτι δὲ προνοηθεὶς ὅτι περὶ τὴν τῆς Πλειάδος ἐπιτολὴν τελέως ἤδη βραχείας εἶναι συμβαίνει τὰς νύκτας, ἐκίνησε τὴν δύναμιν ἐκ τῆς Λακεδαιμόνος περὶ δυσμὰς ἡλίου. [3] λοιπὸν οὐ δυνάμενος καταταχεῖν, ἀλλὰ τῆς ἡμέρας καταλαμβανούσης εἰκῇ καὶ ἀλόγως βιαζόμενος, αἰσχυρῶς ἐξέπεσε, πολλοὺς ἀποβαλὼν καὶ κινδυνεύσας τοῖς ὅλοις: [4] ὃς εἰ κατὰ τὸ συνταχθὲν ἠυστόχησε τοῦ καιροῦ καὶ κρατούντων τῆς εἰσόδου τῶν συνεργούντων εἰσήγαγε τὴν δύναμιν, οὐκ ἂν διεψεύσθη τῆς ἐπιβολῆς.

[1] πάλιν ὁμοίως Φίλιππος ὁ βασιλεὺς, [5] ὥς ἐπάνω προεῖπον, πρᾶξιν ἔχων ἐκ τῆς τῶν Μελιταιῶν πόλεως κατὰ δύο τρόπους ἡμαρτε: καὶ γὰρ τὰς κλίμακας ἐλάττους ἔχων ἦλθε τῆς χρείας καὶ τοῦ καιροῦ διέπεσε. [6] συνταξάμενος γὰρ ἦξειν περὶ μέσας νύκτας

κατακεκοιμημένων ἤδη πάντων, πρὸ τοῦ δέοντος καιροῦ κινήσας ἐκ Λαρίσης καὶ προσπεσὼν πρὸς τὴν τῶν Μελιταιῶν χώραν, οὐτ' ἐπιμένειν ἐδύνατο, δεδιὼς μὴ προσαγγελλεῖν τοῖς ἔνδον, οὐτ' ἀνακάμψας ἔτι λαθεῖν. [7] διόπερ ἀναγκαζόμενος εἰς τοῦμπροσθεν προάγειν, ἦκε πρὸς τὴν πόλιν ἀκμὴν τῶν ἀνθρώπων ἐγρηγορότων. [8] ὅθεν οὐτε διὰ τῶν κλιμάκων ἠδύνατο βιάζεσθαι διὰ τὴν ἀσυμμετρίαν οὐτε διὰ τῆς πύλης εἰσελθεῖν τῷ μὴ δύνασθαι τοὺς ἔνδον αὐτῷ συνεργεῖν διὰ τὸν καιρόν. [9] τέλος διερεθίσας τοὺς ἐν τῇ πόλει καὶ πολλοὺς τῶν ιδίων ἀποβαλὼν, μετ' αἰσχύνῃς ἄπρακτος ἐπανήλθε, πᾶσι καὶ τοῖς ἄλλοις παρηγγελκῶς ἀπιστεῖν αὐτῷ καὶ φυλάττεσθαι. καὶ μὴν Νικίας ὁ τῶν Ἀθηναίων στρατηγός, δυνάμενος σφάζειν τὸ περὶ τὰς Συρακούσας στράτευμα, καὶ λαβὼν τῆς νυκτὸς τὸν ἀρμόζοντα καιρὸν εἰς τὸ λαθεῖν τοὺς πολεμίους, ἀποχωρήσας εἰς ἀσφαλές, κᾶπειτα τῆς σελήνης ἐκλειπούσης δεισιδαιμονήσας, ὥς τι δεινὸν προσημαινούσης, ἐπέσχε τὴν ἀναζυγὴν. [2] καὶ παρὰ τοῦτο συνέβη κατὰ τὴν ἐπιούσαν αὐτοῦ νύκτα ποιησαμένου τὴν ἀναζυγὴν, προαισθημένων τῶν πολεμίων, καὶ τὸ στρατόπεδον καὶ τοὺς ἡγεμόνας ὑποχειρίους γενέσθαι τοῖς Συρακοσίοις. [3] καίτοι γε παρὰ τῶν ἐμπείρων ἱστορήσας μόνον περὶ τούτων δυνατὸς ἦν οὐχ οἷον παραλιπεῖν διὰ τὰ τοιαῦτα τοὺς ἰδίους καιροὺς, ἀλλὰ καὶ συνεργοῖς χρήσασθαι διὰ τὴν τῶν ὑπεναντίων ἄγνοιαν: [4] ἡ γὰρ τῶν πέλας ἀπειρία μέγιστον ἐφόδιον γίνεται τοῖς ἐμπείροις πρὸς κατόρθωσιν. [5]

[1] ἐκ μὲν οὖν ἀστρολογίας μέχρι τῶν προειρημένων πολυπραγμονητέον. περὶ δὲ τῆς τῶν κλιμάκων συμμετρίας τοιοῦτός τις ἐστὶν ὁ τρόπος τῆς θεωρίας. [6] εἰάν μὲν γὰρ διὰ τινος τῶν συμπραττόντων δοθῇ τὸ τοῦ τείχους ὕψος, πρόδηλος ἡ τῶν κλιμάκων γίνεται συμμετρία: οἷων γὰρ ἂν δέκα τινῶν εἶναι συμβαίνει τὸ τοῦ τείχους ὕψος, τοιούτων δώδεκα δεήσει τὰς κλίμακας δαψιλῶν ὑπάρχειν. [7] τὴν δ' ἀπόβασιν τῆς κλίμακος πρὸς τὴν τῶν ἀναβαινόντων συμμετρίαν ἡμίσειαν εἶναι δεήσει τῆς κλίμακος, ἵνα μήτε πλεῖον ἀφιστάμεναι διὰ τὸ πλῆθος τῶν ἐπιβαινόντων εὐσύντριπτοι γίνωνται μήτε πάλιν ὀρθότεραι προσερειδόμεναι λίαν ἀκροσφαλεῖς ὥσι τοῖς προσβαίνουσιν. [8] εἰάν δὲ μὴ δυνατὸν ἦ μετρηῆσαι μὴδ' ἐγγίσει τῷ τείχει, ληπτέον ἐξ ἀποστάσεως παντὸς ὕψους τὸ μέγεθος τῶν πρὸς ὀρθὰς ἐφεστῶτων τοῖς ὑποκειμένοις ἐπιπέδοις. [9] ὃ τε τρόπος τῆς λήψεως καὶ δυνατὸς καὶ ῥάδιος τοῖς βουλομένοις πολυπραγμονεῖν τὰ παρὰ τῶν μαθηματικῶν. διὸ πάλιν

ἐν τούτοις φανερόν ὅτι δεήσει τοὺς βουλομένους εὐστοχεῖν ἐν ταῖς ἐπιβολαῖς καὶ πράξεσι γεγεωμετρικῆν μὴ τελείως, ἀλλ' ἐπὶ τοσοῦτον ἐφ' ὅσον ἀναλογίας ἔννοιαν ἔχειν καὶ τῆς περὶ τὰς ὁμοιότητος θεωρίας. [2] οὐ γὰρ περὶ ταῦτα μόνον, ἀλλὰ καὶ περὶ τὰς τῶν σχημάτων μεταλήψεις ἐν ταῖς στρατοπεδείαις ἀναγκαῖός ἐστιν ὁ τρόπος, χάριν τοῦ δύνασθαι ποτὲ μὲν πᾶν σχῆμα μεταλαμβάνοντας τηρεῖν τὴν αὐτὴν συμμετρίαν τῶν ἐν ταῖς παρεμβολαῖς περιλαμβανομένων, [3] ποτὲ δὲ πάλιν ἐπὶ τῶν αὐτῶν σχημάτων μένοντας αὔξειν ἢ μειοῦν τὸ περιλαμβανόμενον τῇ στρατοπεδείᾳ χωρίον, κατὰ λόγον αἰ τῶν προσγινομένων ἢ τῶν χωριζομένων ἐκ τῆς παρεμβολῆς: [4] ὑπὲρ ὧν ἡμῖν ἐν τοῖς περὶ τὰς τάξεις ὑπομνήμασιν ἀκριβέστερον δεδῆλωται. [5] οὐ γὰρ οἶομαι τοῦτό γε μετρίως ἡμῖν ἐποίσειν οὐδένα διότι πολλά τινα προσαρτῶμεν τῇ στρατηγίᾳ, κελεύοντες ἀστρολογεῖν καὶ γεωμετρεῖν τοὺς ὀρεγομένους αὐτῆς. [6] ἐγὼ δὲ τὰ μὲν ἐκ περιττοῦ παρελκόμενα τοῖς ἐπιτηδεύμασι χάριν τῆς ἐν ἐκάστοις ἐπιφάσεως καὶ στωμυλίας πολὺ τι μᾶλλον ἀποδοκιμάζων, παραπλησίως δὲ καὶ τὸ πορρωτέρω τοῦ πρὸς τὴν χρεῖαν ἀνήκοντος ἐπιτάττειν, περὶ τὰναγκαῖα φιλοτιμότητος εἶμι καὶ σπουδάζων. [7] καὶ γὰρ ἄτοπον τοὺς μὲν ὀρχηστικῆς ἢ τοὺς αὐλητικῆς ἐφιεμένους ἐπιδέχεσθαι τὴν τε περὶ τοὺς ρυθμοὺς καὶ τὰ μουσικὰ προκατασκευὴν, ἔτι δὲ τὰ περὶ τὴν παλαιστραν, διὰ τὸ δοκεῖν προσδεῖσθαι τὸ τέλος ἐκατέρου τῆς τῶν προειρημένων συνεργίας, [8] τοὺς δὲ στρατηγίας ἀντιποιομένους ἀσχάλλειν, εἰ δεήσει τῶν ἐκτὸς ἐπιτηδευμάτων μέχρι τινὸς ἀναλαβεῖν. [9] ὥστε τοὺς περὶ τὰς βαναύσους τέχνας ἀσκούοντας ἐμμελεστέρους εἶναι καὶ φιλοτιμότερους τῶν περὶ τὰ κάλλιστα καὶ σεμνότατα προαιρουμένων διαφέρειν: ὧν οὐδὲν ἂν ὁμολογήσειε νοῦν ἔχων οὐδεὶς. [10] καὶ περὶ μὲν τούτων ἐπὶ τοσοῦτον ἡμῖν εἰρήσθω.

[1] ὅτι τοιαύτης διαθέσεως ὑπαρχούσης περὶ τε τοὺς Ῥωμαίους καὶ Καρχηδονίους, καὶ παλιντρόπων ἐκατέροις ἐκ τῶν ὑπὸ τῆς τύχης ἀπαντωμένων ἐναλλάξ προσπιπτόντων, κατὰ τὸν ποιητὴν ἅμα λύπην καὶ χαρὰν ὑποτρέχειν εἰκὸς ἦν τὰς ἐκάστων ψυχάς. ὅτι τῶν ἐκατέροις, Ῥωμαίοις φημὶ καὶ Καρχηδονίοις, προσπιπτόντων καὶ συμβαινόντων εἷς ἦν ἀνὴρ αἴτιος καὶ μία ψυχὴ, λέγω δὲ τὴν Ἀννίβου. [2] τὰ τε γὰρ κατὰ τὴν Ἰταλίαν ὁμολογουμένως οὗτος ἦν ὁ χειρίζων, τὰ τε κατὰ τὴν Ἰβηρίαν διὰ τοῦ πρεσβυτέρου τῶν ἀδελφῶν Ἀσδρούβου, μετὰ δὲ ταῦτα διὰ τοῦ [πρεσβύτου] Μάγωνος: [3] οἱ γὰρ

τοὺς τῶν Ῥωμαίων στρατηγούς ἀμφοτέρους ἀποκτείναντες [ἅμα] κατὰ τὴν Ἰβηρίαν ἦσαν οὗτοι. [4] καὶ μὴν τὰ κατὰ τὴν Σικελίαν ἔπραττε τὰς μὲν ἀρχὰς διὰ τῶν περὶ τὸν Ἱπποκράτην, ὕστερον δὲ διὰ Μυττόνου τοῦ Λίβυος. [5] ὁμοίως δὲ καὶ κατὰ τὴν Ἑλλάδα καὶ τὴν Ἰλλυρίδα: καὶ τὸν ἀπὸ τούτων τῶν τόπων φόβον ἀνατεινόμενος ἐξέπληττε καὶ περιέσπα Ῥωμαίους διὰ τῆς πρὸς Φίλιππον κοινοπραγίας. [6] οὕτως μέγα τι φύεται χρῆμα καὶ θαυμάσιον ἀνὴρ καὶ ψυχὴ δεόντως ἀρμοσθεῖσα κατὰ τὴν ἐξ ἀρχῆς σύστασιν πρὸς ὅ,τι ἂν ὁρμήσῃ τῶν ἀνθρωπίνων ἔργων. [7]

[1] ἐπεὶ δ' ἡ τῶν πραγμάτων διάθεσις εἰς ἐπίστασιν ἡμᾶς ἦχε περὶ τῆς Ἀννίβου φύσεως, ἀπαιτεῖν ὁ καιρὸς δοκεῖ μοι τὰς μάλιστα διαπορουμένας ιδιότητας ὑπὲρ αὐτοῦ δηλῶσαι. [8] τινὲς μὲν γὰρ ὥμὸν αὐτὸν οἶονται γεγενῆσθαι καθ' ὑπερβολήν, τινὲς δὲ φιλάργυρον. τὸ δ' ἀληθὲς εἰπεῖν ὑπὲρ αὐτοῦ καὶ τῶν ἐν πράγμασιν ἀναστρεφομένων οὐ ῥάδιον. [9] ἔνιοι μὲν γὰρ ἐλέγχεσθαι φασὶ τὰς φύσεις ὑπὸ τῶν περιστάσεων, καὶ τοὺς μὲν ἐν ταῖς ἐξουσίαις καταφανεῖς γίνεσθαι, κἂν ὅλως τὸν πρὸ τοῦ χρόνον ἀναστέλλωνται, τοὺς δὲ πάλιν ἐν ταῖς ἀτυχίαις. [10] ἐμοὶ δ' ἔμπαλιν οὐχ ὑγιὲς εἶναι δοκεῖ τὸ λεγόμενον: οὐ γὰρ ὀλίγα μοι φαίνονται, τὰ δὲ πλείστα, ποτὲ μὲν διὰ τὰς τῶν φίλων παραθέσεις, ποτὲ δὲ διὰ τὰς τῶν πραγμάτων ποικιλίας, ἄνθρωποι παρὰ τὴν αὐτῶν προαίρεσιν ἀναγκάζεσθαι καὶ λέγειν καὶ πράττειν. γνοίῃ δ' ἂν τις ἐπὶ πολλῶν τῶν ἤδη γεγονότων ἐπιστήσας. [2] τίς γὰρ Ἀγαθοκλέα τὸν Σικελίας τύραννον οὐχ ἰστόρηκε διότι δόξας ὁμότατος εἶναι κατὰ τὰς πρώτας ἐπιβολὰς καὶ τὴν κατασκευὴν τῆς δυναστείας, μετὰ ταῦτα νομίσας βεβαίως ἐνδεδέσθαι τὴν Σικελιωτῶν ἀρχὴν πάντων ἡμερώτατος δοκεῖ γεγενῆσθαι καὶ πρῶτατος; [3] ἔτι δὲ Κλεομένης ὁ Σπαρτιάτης οὐ χρηστότατος μὲν βασιλεὺς, πικρότατος δὲ τύραννος, εὐτραπελώτατος δὲ πάλιν ιδιώτης καὶ φιλανθρωπότατος; [4] καίτοι γ' οὐκ εἰκὸς ἦν περὶ τὰς αὐτὰς φύσεις τὰς ἐναντιωτάτας διαθέσεις ὑπάρχειν: ἀλλ' ἀναγκαζόμενοι ταῖς τῶν πραγμάτων μεταβολαῖς συμμετατίθεσθαι τὴν ἐναντίαν τῇ φύσει πολλάκις ἐμφαίνουσι διάθεσιν ἔνιοι τῶν δυναστῶν πρὸς τοὺς ἐκτός, ὥστε μὴ οἶον ἐλέγχεσθαι τὰς φύσεις διὰ τούτων, τὸ δ' ἐναντίον ἐπισκοτεῖσθαι μᾶλλον. [5] τὸ δ' αὐτὸ καὶ διὰ τὰς τῶν φίλων παραθέσεις εἶωθε συμβαίνειν οὐ μόνον ἡγεμόσι καὶ δυνάσταις καὶ βασιλεῦσιν, ἀλλὰ καὶ πόλεσιν. [6] Ἀθηναίων γοῦν εὖροι τις ἂν ὀλίγα μὲν τὰ πικρά, πολλὰ δὲ τὰ χρηστὰ καὶ σεμνὰ τῆς πολιτείας

Ἀριστείδου καὶ Περικλέους προεστώτων, Κλέωνος δὲ καὶ Χάρητος τάναντία: [7] Λακεδαιμονίων δ' ἡγουμένων τῆς Ἑλλάδος ὅσα μὲν διὰ Κλεομβρότου τοῦ βασιλέως πράττειτο, πάντα συμμαχικὴν εἶχε τὴν αἴρεσιν, ὅσα δὲ δι' Ἀγησιλάου, τούναντίον: [8] ὥστε καὶ τὰ τῶν πόλεων ἔθη ταῖς τῶν προεστώτων διαφοραῖς συμμεταπίπτειν. [9] Φίλιππος δ' ὁ βασιλεὺς, ὅτε μὲν Ταυρίων ἢ Δημήτριος αὐτῷ συμπράττειεν, ἦν ἀσεβέστατος, ὅτε δὲ πάλιν Ἄρατος ἢ Χρυσόγονος, ἡμερώτατος.

[1] παραπλήσια δέ μοι δοκεῖ τούτοις καὶ τὰ κατ' Ἀννίβαν γεγονέναι: [2] καὶ γὰρ περιστάσεσι παραδόξοις καὶ ποικίλαις ἐχρήσατο καὶ φίλοις τοῖς ἔγγιστα μεγάλας ἐσχηκόσι διαφοράς, ὥστε καὶ λίαν ἐκ τῶν κατ' Ἰταλίαν πράξεων δυσθεώρητον εἶναι τὴν τοῦ προειρημένου φύσιν. [3] τὰς μὲν οὖν τῶν περιστάσεων ὑποβολὰς εὐχερὲς καὶ διὰ τῶν προειρημένων καὶ διὰ τῶν μετὰ ταῦτα ῥηθησομένων καταμαθεῖν, τὰς δὲ τῶν φίλων οὐκ ἄξιον παραλιπεῖν, ἄλλως τε καὶ διὰ μιᾶς γνώμης ἱκανὴν τοῦ πράγματος ἔμφασιν ἐξὸν λαβεῖν. [4] καθ' ὃν γὰρ καιρὸν Ἀννίβας ἐξ Ἰβηρίας τὴν εἰς Ἰταλίαν πορείαν ἐπενόει στέλλεσθαι μετὰ τῶν δυνάμεων, μεγίστης προφαινομένης δυσχρηστίας περὶ τὰς τροφὰς καὶ τὴν ἐτοιμότητα τῶν ἐπιτηδείων τοῖς στρατοπέδοις, ἅτε καὶ κατὰ τὸ μῆκος ἀνήνυτον ἔχειν τι δοκούσης τῆς ὁδοῦ καὶ κατὰ τὸ πλῆθος καὶ τὴν ἀγριότητα τῶν μεταξὺ κατοικούντων βαρβάρων, [5] τότε δοκεῖ καὶ πλεονάκις ἐν τῷ συνεδρίῳ περὶ τούτου τοῦ μέρους ἐμπιπτούσης ἀπορίας εἰς τῶν φίλων Ἀννίβας ὁ Μονομάχος ἐπικαλούμενος ἀποφήνασθαι γνώμην διότι μία τις ὁδὸς αὐτῷ προφαίνεται. δι' ἧς ἐστὶν εἰς Ἰταλίαν ἐλθεῖν ἐφικτόν. [6] τοῦ δ' Ἀννίβου λέγειν κελεύσαντος, διδάξαι δεῖν ἔφη τὰς δυνάμεις ἀνθρωποφαγεῖν καὶ τούτῳ ποιῆσαι συνήθεις. [7] ... Ἀννίβας δὲ πρὸς μὲν τὸ τόλμημα καὶ τὸ πρακτικὸν τῆς ἐπινοίας οὐδὲν ἀντειπεῖν ἐδυνήθη, τοῦ δὲ πράγματος λαβεῖν ἔννοιαν οὐθ' αὐτὸν οὔτε τοὺς φίλους ἐδύνατο πείσαι. [8] τούτου δὲ τάνδρὸς εἶναί φασιν ἔργα καὶ τὰ κατὰ τὴν Ἰταλίαν εἰς Ἀννίβαν ἀναφερόμενα περὶ τῆς ὁμότητος, οὐχ ἥττον δὲ καὶ τῶν περιστάσεων.

[1] φιλάργυρός γε μὴν δοκεῖ γεγονέναι διαφερόντως καὶ φίλῳ κεχρηῆσθαι φιλαργύρῳ Μάγωνι τῷ τὰ κατὰ τὴν Βρεττίαν χειρίζοντι. [2] ταύτην δὲ τὴν ἱστορίαν ἐγὼ παρέλαβον μὲν καὶ παρ' αὐτῶν Καρχηδονίων: [3] ἐγχώριοι γὰρ οὐ μόνον τὰς τῶν ἀνέμων στάσεις κατὰ τὴν παροιμίαν, ἀλλὰ καὶ τὰ τῶν ἐγχωρίων ἀνθρώπων ἦθη

κάλλιστα γινώσκουσιν: [4] ἔτι δὲ Μασσανάσου ... ἀκριβέστερον διήκουσα, φέροντος ἀπολογισμοὺς καθόλου μὲν περὶ πάντων Καρχηδονίων, μάλιστα δὲ περὶ τῆς Ἀννίβου καὶ Μάγωνος τοῦ Σαυνίτου προσαγορευομένου φιλαργυρίας. [5] πρὸς γὰρ τοῖς ἄλλοις ἔφη γενναιότατα κεκοινωνηκότας ἑαυτοῖς πραγμάτων τοὺς προειρημένους ἀπὸ τῆς πρώτης ἡλικίας καὶ πολλὰς μὲν πόλεις κατ' Ἰβηρίαν, πολλὰς δὲ κατὰ τὴν Ἰταλίαν εἰληφότας ἑκατέρους, τὰς μὲν κατὰ κράτος, τὰς δ' ἐκ παραδόσεως, οὐδέποτε μετεσχηκέναι τῆς αὐτῆς πράξεως ἀλλήλοις, [6] ἄλλ' ἅει μᾶλλον ἑαυτοὺς ἢ τοὺς πολεμίους στρατηγεῖν χάριν τοῦ μὴ συμπαρεῖναι θάτερον θατέρῳ πόλεως καταλαμβανομένης, ἵνα μήτε διαφέρωνται πρὸς σφᾶς ἐκ τῶν τοιούτων μήτε μερίζονται τὸ λυσιτελές, ἐφαμίλλου τῆς ὑπεροχῆς αὐτῶν ὑπαρχούσης.

[1] πλὴν ὅτι γε καὶ τὴν Ἀννίβου φύσιν οὐ μόνον ἢ τῶν φίλων παράθεσις, ἔτι δὲ μᾶλλον ἢ τῶν πραγμάτων περίστασις ἐβιάζετο καὶ μετετίθετο πολλάκις, ἕκ τε τῶν προειρημένων καὶ τῶν λέγεσθαι μελλόντων ἐστὶ φανερόν. [2] ἅμα γὰρ τῷ γενέσθαι τὴν Καπύην τοῖς Ῥωμαίοις ὑποχείριον εὐθέως ἦσαν, ὅπερ εἰκός, αἱ πόλεις μετέωροι, καὶ περιέβλεπον ἀφορμὰς καὶ προφάσεις τῆς πρὸς Ῥωμαίους μεταβολῆς: [3] ὅτε δὴ καὶ δοκεῖ μάλιστα δυσχρηστηθεῖς Ἀννίβας εἰς ἀπορίαν ἐμπεσεῖν ὑπὲρ τῶν ἐνεστώτων. [4] οὔτε γὰρ τηρεῖν τὰς πόλεις πάσας πολὺ διεστώσας ἀλλήλων δυνατὸς ἦν, καθίσας εἰς ἓνα τόπον, τῶν πολεμίων καὶ πλείοσι στρατοπέδοις ἀντιπαραγόντων, οὔτε διαιρεῖν εἰς πολλὰ μέρη τὴν αὐτοῦ δύναμιν οἷός τ' ἦν. [5] εὐχείρωτος γὰρ ἔμελλε τοῖς ἐχθροῖς ὑπάρξαι καὶ διὰ τὸ λείπεσθαι τῷ πλήθει καὶ διὰ τὸ μὴ δύνασθαι πᾶσιν αὐτὸς συμπαρεῖναι. [6] διόπερ ἠναγκάζετο τὰς μὲν προδήλως ἐγκαταλείπειν τῶν πόλεων, ἐξ ὧν δὲ τὰς φρουρὰς ἐξάγειν, ἀγωνίων μὴ κατὰ τὰς μεταβολὰς τῶν πραγμάτων συγκαταφείρη τοὺς ἰδίους στρατιώτας. [7] ἐνίας δὲ καὶ παρασπονδῆσ' ὑπέμεινε, μετανιστὰς εἰς ἄλλας πόλεις καὶ ποιῶν ἀναρπάστους αὐτῶν τοὺς βίους. [8] ἐξ ὧν προσκόπτοντες οἱ μὲν ἀσέβειαν, οἱ δ' ὠμότητα κατεγίνωσκον. [9] καὶ γὰρ ἀρπαγαὶ χρημάτων ἅμα τοῖς προειρημένοις καὶ φόνοι καὶ βίαιοι προφάσεις ἐγίνοντο διὰ τε τῶν ἐξιόντων καὶ διὰ τῶν εἰσιόντων στρατιωτῶν εἰς τὰς πόλεις, ἐκάστων ὑπειληφότων ὅσον οὐκ ἤδη τοὺς ὑπολειπομένους μεταβαλεῖσθαι πρὸς τοὺς ὑπεναντίους. [10] ἐξ ὧν καὶ λίαν δυσχερὲς ἀποφήνασθαι περὶ τῆς Ἀννίβου φύσεως, διὰ τε τὴν

τῶν φύλων παράθεσιν καὶ τὴν τῶν πραγμάτων περίστασιν. [11] κρατεῖ γε μὴν ἡ φήμη παρὰ μὲν Καρχηδοίοις ὡς φιλαργύρου, παρὰ δὲ Ῥωμαίοις ὡς ὠμοῦ γενομένου [αὐτοῦ].

[1] VI. Res Siciliae οἱ δὲ πλεῖστοι τῶν ἀνθρώπων ἐξ αὐτῆς τῆς περιμέτρου τεκμαίρονται τὰ μεγέθη τῶν προειρημένων. [2] λοιπὸν ὅταν εἴπῃ τις τὴν μὲν τῶν Μεγαλοπολιτῶν πόλιν πεντήκοντα σταδίων ἔχειν τὸν περίβολον, τὴν δὲ τῶν Λακεδαιμονίων ὀκτὼ καὶ τετταράκοντα, τῷ δὲ μεγέθει διπλὴν εἶναι τὴν Λακεδαίμονα τῆς Μεγάλης πόλεως, ἄπιστον αὐτοῖς εἶναι δοκεῖ τὸ λεγόμενον. [3] ἂν δὲ καὶ συναυξῆσαι τις βουλόμενος τὴν ἀπορίαν εἴπῃ διότι δυνατόν ἐστι τετταράκοντα σταδίων πόλιν ἢ στρατοπεδείαν ἔχουσαν τὴν περιγραφὴν διπλασίαν γίνεσθαι τῆς ἑκατὸν σταδίων ἐχούσης τὴν περίμετρον, τελέως ἐκπληκτικὸν αὐτοῖς φαίνεται τὸ λεγόμενον. [4] τοῦτο δ' ἐστὶν αἴτιον ὅτι τῶν ἐν τοῖς παιδικοῖς μαθήμασι παραδιδομένων ἡμῖν διὰ τῆς γεωμετρίας οὐ μνημονεύομεν. [5] περὶ μὲν οὖν τούτων προήχθη ἐπεῖν διὰ τὸ μὴ μόνον τοὺς πολλοὺς ἀλλὰ καὶ τῶν πολιτευομένων καὶ τῶν ἐν ταῖς ἡγεμονίαις ἀναστρεφομένων τινὰς ἐκπλήττεσθαι, θαυμάζοντας ποτὲ μὲν εἰ δυνατόν ἐστι μείζω τὴν τῶν Λακεδαιμονίων πόλιν εἶναι, καὶ πολλῷ μείζω, τῆς τῶν Μεγαλοπολιτῶν, τὸν περίβολον ἔχουσιν ἐλάττω, [6] ποτὲ δὲ τὸ πλῆθος τῶν ἀνδρῶν τεκμαίρεσθαι, στοχαζομένους ἐξ αὐτῆς τῆς περιμέτρου τῶν στρατοπεδειῶν. [7] παραπλήσιον δέ τι καὶ ἕτερον ἀδίκημα συμβαίνει περὶ τὰς τῶν πόλεων ἐπιφάσεις. οἱ γὰρ πολλοὶ τῶν ἀνθρώπων τὰς περικεκλασμένας καὶ βουνώδεις πλείους οἰκίας ὑπολαμβάνουσι κατέχεσθαι τῶν ἐπιπέδων. [8] τὸ δ' οὐκ ἔστι τοιοῦτον διὰ τὸ τὰ τειχία τῶν οἰκοδομιῶν μὴ τοῖς ἐγκλίμασι τῶν ἐδάφων ἀλλὰ τοῖς ὑποκειμένοις ἐπιπέδοις οἰκοδομεῖσθαι πρὸς ὀρθάς, ἐφ' ὧν καὶ τοὺς λόφους αὐτοὺς βεβηκέναι συμβαίνει. [9] γνώη δ' ἂν τις ἐκ τοῦ φαινομένου παιδικῶς ὅμως τὸ λεγόμενον. [10] εἰ γὰρ νοήσαι τις εἰς ὕψος ἀνατεταμένας τὰς ἐν τοῖς κλίμασιν οἰκίας οὕτως ὥστε πάσας ἰσοῦσθεῖς ὑπάρχειν, φανερόν ὡς ἐνὸς ἐπιπέδου γενομένου τοῦ κατὰ τὰ τέγη τῶν οἰκιῶν, ἴσον καὶ παράλληλον ἔσται τοῦτο τῷ τοῖς λόφοις ὑποκειμένῳ καὶ τοῖς τῶν τειχῶν θεμελίοις ἐπιπέδῳ. [11] περὶ μὲν οὖν τῶν ἡγεῖσθαι καὶ πολιτεύεσθαι βουλομένων, ἀγνοούντων δὲ τὰ τοιαῦτα

[1] καὶ θαυμαζόντων, ἐπὶ τοσοῦτον ἡμῖν εἰρήσθω. ἡ δὲ τῶν Ἀκραγαντίνων πόλις οὐ μόνον κατὰ τὰ προειρημένα διαφέρει τῶν

πλείστων πόλεων, ἀλλὰ καὶ κατὰ τὴν ὀχυρότητα, καὶ μάλιστα κατὰ τὸ κάλλος καὶ τὴν κατασκευὴν. [2] ἔκτισται μὲν γὰρ ἀπὸ θαλάττης ἐν ὀκτωκαίδεκα σταδίοις, ὥστε μηδενὸς ἀμοίρους εἶναι τῶν ἐκ ταύτης χρησίμων· [3] ὁ δὲ περίβολος αὐτῆς καὶ φύσει καὶ κατασκευῇ διαφερόντως ἡσφάλισται. [4] κεῖται γὰρ τὸ τεῖχος ἐπὶ πέτρας ἀκροτόμου καὶ περιρρῶγος, ἥ μὲν αὐτοφυοῦς, ἥ δὲ χειροποιήτου, περιέχεται δὲ ποταμοῖς· [5] ῥεῖ γὰρ αὐτῆς παρὰ μὲν τὴν νότιον πλευρὰν ὁ συνώνυμος τῇ πόλει, παρὰ δὲ τὴν ἐπὶ τὰς δύοσεις καὶ τὸν λίβα τετραμμένην ὁ προσαγορευόμενος Ὑψας. [6] ἡ δ' ἄκρα τῆς πόλεως ὑπέρκειται κατ' αὐτὰς τὰς θερινὰς ἀνατολάς, κατὰ μὲν τὴν ἔξωθεν ἐπιφάνειαν ἀπροσίτῳ φάραγγι περιεχομένη, κατὰ δὲ τὴν ἐντὸς μίαν ἔχουσα πρόσοδον ἐκ τῆς πόλεως. [7] ἐπὶ δὲ τῆς κορυφῆς Ἀθηνᾶς ἱερὸν ἔκτισται καὶ Διὸς Ἀταβυρίου, καθάπερ καὶ παρὰ Ῥοδίοις· [8] τοῦ γὰρ Ἀκράγαντος ὑπὸ Ῥοδίων ἀπωκισμένης, εἰκότως ὁ θεὸς οὗτος τὴν αὐτὴν ἔχει προσηγορίαν ἣν καὶ παρὰ τοῖς Ῥοδίοις. [9] κεκόσμηται δὲ καὶ τᾶλλα μεγαλοπρεπῶς ἡ πόλις ναοῖς καὶ στοαῖς. καὶ μὴν ὁ τοῦ Διὸς τοῦ Ὀλυμπίου νεὸς παντέλειαν μὲν οὐκ εἴληφε, κατὰ δὲ τὴν ἐπιβολὴν καὶ τὸ μέγεθος οὐδ' ὁποίου τῶν κατὰ τὴν Ἑλλάδα δοκεῖ λείπεσθαι. [10]

[1] Πολύβιος δὲ τὸν ποταμὸν καὶ τὴν πόλιν ἀπὸ τῆς χώρας ὠνομάσθαι Ἀκράγης διὰ τὸ εὐγεῶν. Ἀγάθυρνα, πόλις Σικελίας, ὡς Πολύβιος ἀνάτη. [11] ὁ δὲ Μάρκος δούς πίστεις ὑπὲρ ἀσφαλείας ἔπεισεν ἐκχωρεῖν εἰς Ἰταλίαν, ἐφ' ᾧ λαμβάνοντας μέτρημα παρὰ τῶν Ῥηγίνων πορθεῖν τὴν Βρεττανίην, κυρίους ὄντας ὧν ἂν ἐκ τῆς πολεμίας ὠφεληθῶσι. VII. Res Graeciae ὅτι μὲν οὖν, ᾧ ἄνδρες Λακεδαιμόνιοι, τὴν Μακεδόνων δυναστείαν ἀρχὴν συνέβη γεγενῆσθαι τοῖς Ἑλλησι δουλείας, οὐδ' ἄλλως εἰπεῖν οὐδένα πέπεισμαι τολμῆσαι· σκοπεῖν δ' οὕτως ἔξεστιν. [2] ἦν τι σύστημα τῶν ἐπὶ Θράκης Ἑλλήνων, οὓς ἀπώκισαν Ἀθηναῖοι καὶ Χαλκιδεῖς, ὧν μέγιστον εἶχε πρόσχημα καὶ δύναμιν ἡ τῶν Ὀλυνθίων πόλις. [3] ταύτην ἐξανδραποδισάμενος Φίλιππος καὶ παράδειγμα ποιήσας οὐ μόνον τῶν ἐπὶ Θράκης πόλεων ἐγένετο κύριος, ἀλλὰ καὶ Θετταλοὺς ὑφ' αὐτὸν ἐποιήσατο διὰ τὸν φόβον. [4] μετ' οὐ πολὺ δὲ μάχῃ νικήσας τοὺς Ἀθηναίους ἐχρήσατο μεγαλοψύχως τοῖς εὐτυχήμασιν, οὐχ ὅπως Ἀθηναίους εὖ ποιήσῃ, πολλοῦ γε δεῖν, ἀλλ' ἵνα διὰ τῆς πρὸς ἐκείνους εὐεργεσίας προκαλέσῃται τοὺς ἄλλους εἰς τὸ ποιεῖν ἐθελοντὴν αὐτῷ τὸ προσταττόμενον. [5] ἦν ἔτι τὸ τῆς ὑμετέρας

πόλεως ἀξίωμα, δοκοῦν ἂν σὺν καιρῷ προστήσασθαι τῶν Ἑλλήνων. [6] τοιγαροῦν πᾶσαν ἱκανὴν ποιησάμενος πρόφασιν ἤκε μετὰ τῶν δυνάμεων, καὶ κατέφθειρε μὲν τέμνων τὴν γῆν, κατέφθειρε δ' αἶθων τὰς οἰκίας. [7] τὸ δὲ τελευταῖον ἀποτεμόμενος καὶ τὰς πόλεις καὶ τὴν χώραν ὑμῶν προσένειμε τὴν μὲν Ἀργείοις, τὴν δὲ Τεγεάταις καὶ Μεγαλοπολίταις, τὴν δὲ Μεσσηνίοις, ἅπαντας βουλόμενος καὶ παρὰ τὸ προσῆκον εὐεργετεῖν, ἐφ' ᾧ μόνον ὑμᾶς κακῶς ποιεῖν. [8] διεδέξατο παρ' αὐτοῦ τὴν ἀρχὴν Ἀλέξανδρος. οὗτος πάλιν ὑπολαβὼν βραχὺ τι τῆς Ἑλλάδος ἔναυσμα καταλείπεσθαι περὶ τὴν Θηβαίων πόλιν, τίνα τρόπον αὐτὴν διέφθειρε, πάντας ὑμᾶς οἶμαι κατανοεῖν.

[1] καὶ μὴν περὶ τῶν διαδεξαμένων τούτου τὰ πράγματα πῶς κέχρηται τοῖς Ἑλλήσι, τί με δεῖ κατὰ μέρος λέγειν; [2] οὐδεὶς γάρ ἐστι τῶν ὄντων οὕτως ἀπράγμων ὃς οὐχὶ πέπυσται πῶς Ἀντίπατρος μὲν ἐν τῇ περὶ Λαμίαν μάχῃ νικήσας τοὺς Ἑλληνας κάκιστα μὲν ἐχρήσατο τοῖς ταλαιπώροις Ἀθηναίοις, ὁμοίως δὲ καὶ τοῖς ἄλλοις, [3] εἰς τοῦτο δ' ὕβρεως ἤλθε καὶ παρανομίας ὥς φυγαδοθήρας καταστήσας ἐξέπεμψε πρὸς τὰς πόλεις ἐπὶ τοὺς ἀντειρηκότας ἢ καθόλου λελυπηκότας τι τὴν Μακεδόνων οἰκίαν. [4] ὧν οἱ μὲν ἐκ τῶν ἱερῶν ἀγόμενοι μετὰ βίας, οἱ δ' ἀπὸ τῶν βωμῶν ἀποσπώμενοι, μετὰ τιμωρίας ἀπέθνησκον, οἱ δὲ διαφυγόντες ἐκ πάσης ἐξενηλατοῦντο τῆς Ἑλλάδος: φύξιμον γὰρ οὐδὲν ἦν πλὴν ἐνὸς αὐτοῖς τοῦ τῶν Αἰτωλῶν ἔθνους. [5] τὰ γε μὴν Κασσάνδρῳ καὶ Δημητρίῳ πεπραγμένα, σὺν δὲ τούτοις Ἀντιγόνῳ τῷ Γονατᾷ, τίς οὐκ οἶδε; διὰ γὰρ τὸ προσφάτως αὐτὰ γεγονέναι τελέως ἐναργῇ συμβαίνει τὴν γνῶσιν αὐτῶν ὑπάρχειν. [6] ὧν οἱ μὲν φρουρὰς εἰσάγοντες εἰς τὰς πόλεις, οἱ δὲ τυράννους ἐμφυτεύοντες οὐδεμίαν πόλιν ἄμοιρον ἐποίησαν τοῦ τῆς δουλείας ὀνόματος. [7] ἀφέμενος δὲ τούτων ἐπάνειμι νῦν ἐπὶ τὸν τελευταῖον Ἀντίγονον, ἵνα μὴ τὴν ἐκ τούτου πρᾶξιν ἀκάκως τινὲς ὑμῶν θεωροῦντες ὑπόχρεοι χάριτι νομίζωσιν εἶναι Μακεδόσιν. [8] οὔτε γὰρ Ἀχαιοὺς σφάζειν προαιρούμενος Ἀντίγονος ἐπανείλετο τὸν πρὸς ὑμᾶς πόλεμον οὔτε τῇ Κλεομένους τυραννίδι δυσαρεστούμενος, ἵνα Λακεδαιμονίους ἐλευθερώσῃ: [9] καὶ λίαν γὰρ ὃ γε τοιοῦτός ἐστι τρόπος εὐήθης, εἴ τις ἄρα ταύτην ὑμῶν ἔχει τὴν διάληψιν: [10] ἀλλ' ὁρῶν οὐκ ἐν ἀσφαλεῖ τὴν ἑαυτοῦ δυναστείαν ἐσομένην, ἐὰν ὑμεῖς τὴν Πελοποννησίων ἀρχὴν κατακτήσῃθε, πρὸς δὲ τοῦτο βλέπων εὖ πεφυκότα τὸν Κλεομένην καὶ τὴν τύχην ὑμῖν λαμπρῶς συνεργούσαν, [11] ἅμα φοβηθεὶς καὶ

φθονήσας παρῆν, οὐ Πελοποννησίοις βοηθήσων, ἀλλὰ τὰς ὑμετέρας ἐλπίδας ἀφελούμενος καὶ τὴν ὑμετέραν ὑπεροχὴν ταπεινώσων. [12] διόπερ οὐκ ἐπὶ τοσοῦτον ἀγαπᾶν ὀφείλετε Μακεδόνας, ὅτι κυριεύσαντες τῆς πόλεως οὐ διήρπασαν, ἐφ' ὅσον ἐχθροὺς νομίζειν καὶ μισεῖν, ὅτι δυναμένους ὑμᾶς ἡγεῖσθαι τῆς Ἑλλάδος πλεονάκις ἤδη κεκωλύκασι.

[1] περί γε μὴν τῆς Φιλίππου παρανομίας τίς χρεῖα πλείω λέγειν; [2] τῆς μὲν γὰρ εἰς τὸ θεῖον ἀσεβείας ἱκανὸν ὑπόδειγμ' αἱ περὶ τοὺς ἐν Θέρμῳ ναοὺς ὕβρεις, τῆς δ' εἰς τοὺς ἀνθρώπους ὠμότητος ἡ περὶ τοὺς Μεσσηνίους ἀθεσία καὶ παρασπόνδῃσις ... [3] Αἰτωλοὶ γὰρ μόνοι μὲν τῶν Ἑλλήνων ἀντωφθάλμησαν πρὸς Ἀντίπατρον ὑπὲρ τῆς τῶν ἀδίκως ἀκληροῦντων ἀσφαλείας, μόνοι δὲ πρὸς τὴν Βρέννου καὶ τῶν ἅμα τούτῳ βαρβάρων ἔφοδον ἀντέστησαν, μόνοι δὲ καλούμενοι συνηγωνίζοντο, [4] βουλόμενοι τὴν πάτριον ἡγεμονίαν τῶν Ἑλλήνων ὑμῖν συγκατασκευάζειν.

[1] ταῦτα μὲν οὖν ἡμῖν ἐπὶ τοσοῦτον εἰρήσθω. [5] περὶ δὲ τοῦ νῦν ἐνεστῶτος διαβουλίου γράφειν μὲν καὶ χειροτονεῖν ἀναγκαῖον πῶς ἐστὶν ὡς περὶ πολέμου βουλευομένοις, τῇ μέντοι γ' ἀληθείᾳ μὴ νομίζειν τοῦτον εἶναι πόλεμον. [6] Ἀχαιοὺς μὲν γὰρ οὐχ οἷον διανοησομένους βλάπτειν ὑμῶν τὴν χώραν, μεγάλην δὲ χάριν ἔξειν αὐτοὺς ὑπολαμβάνω τοῖς θεοῖς, ἐὰν δύνωνται τὴν ἰδίαν τηρεῖν, ἐπειδὰν αὐτοῖς ὁ πόλεμος ὑπ' Ἠλείων καὶ Μεσσηνίων διὰ τὴν πρὸς ἡμᾶς συμμαχίαν, ἅμα δὲ τούτοις ὑφ' ἡμῶν περισταθῇ. [7] Φίλιππον δὲ πάντως πέπεισμαι λήξειν τῆς ὁρμῆς κατὰ μὲν γῆν ὑπ' Αἰτωλῶν πολεμούμενον, κατὰ δὲ θάλατταν ὑπὸ τε Ῥωμαίων καὶ τοῦ βασιλέως Ἀττάλου. [8] λίαν δ' εὐμαρῶς ἔστι συλλογίσασθαι τὸ μέλλον ἐκ τῶν ἤδη γεγονότων. [9] εἰ γὰρ πρὸς μόνους Αἰτωλοὺς πολεμῶν μηδέποτε δυνατὸς ἦν χειρώσασθαι τούτους, ἥ που συμβεβηκότων ἀξιόχρεως ἂν εἴη πρὸς τὸν ἐνεστῶτα πόλεμον; ταῦτα μὲν οὖν εἰρήσθω μοι κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν χάριν τοῦ γινῶναι πάντας ὑμᾶς διότι καὶ μὴ προεισδεδεμένους, ἀλλ' ἐξ ἀκεραίου βουλευομένους, μᾶλλον Αἰτωλοῖς ἡμᾶς ἢ Μακεδόσιν ἐχρῆν συμμαχεῖν. [2] εἰ δὲ καὶ προκατέχεσθε καὶ προδιελίφατε περὶ τούτων, τίς ἔτι καταλείπεται λόγος; [3] εἰ γὰρ συνέθεσθε τὴν νῦν ὑπάρχουσαν ὑμῖν πρὸς ἡμᾶς συμμαχίαν πρότερον τῶν ὑπ' Ἀντιγόνου γεγονότων εἰς ὑμᾶς εὐεργετημάτων, ἴσως ἦν εἰκὸς διαπορεῖν, εἰ δέον ἐστί, τοῖς ἐπιγεγονόσιν εἰκοντας παριδεῖν τι τῶν πρότερον ὑπαρχόντων. [4] ἐπεὶ

δὲ συντετελεσμένης ὑπ' Ἀντιγόνου τῆς πολυθρυλήτου ταύτης ἐλευθερίας καὶ σωτηρίας, ἣν οὗτοι παρ' ἑκαστον ὑμῖν ὀνειδίζουσι, μετὰ δὲ ταῦτα βουλευόμενοι καὶ πολλάκις ἑαυτοῖς δόντες λόγον, ποτέροις ὑμᾶς δεῖ κοινωνεῖν πραγμάτων, Αἰτωλοῖς ἢ Μακεδόσιν, εἴλεσθε μετέχειν Αἰτωλοῖς, οἷς ἐδώκατε περὶ τούτων πίστεις καὶ κατελάβετε παρ' ἡμῶν, καὶ συμπεπολεμήκατε τὸν πρόην συστάντα πόλεμον ἡμῖν πρὸς Μακεδόνας, τίς ἔτι δύναται περὶ τούτων εἰκότως ἐπαπορεῖν; [5] τὰ μὲν γὰρ πρὸς Ἀντίγονον καὶ Φίλιππον ὑμῖν ὑπάρχοντα φιλάνθρωπα παρεγράφη τότε. [6] λοιπὸν ἢ δι' Αἰτωλῶν ἀδίκημά τι δεῖ μετὰ ταῦτα γεγονὸς εἰς ὑμᾶς δεικνύειν ἢ διὰ Μακεδόνων εὐεργεσίαν ἢ μηδετέρου τούτων ἐπιγεγονότος, πῶς, οἷς πρότερον ἐξ ἀκεραίου βουλευόμενοι δικαίως οὐ προσέσχετε, τούτων νῦν ἐντραπέντες ἀνασκευάζειν μέλλετε συνθήκας, ὄρκους, τὰς μεγίστας πίστεις παρ' ἀνθρώποις;”2 [7]

[1] ὁ μὲν οὖν Χλαινέας τοιαῦτα διαλεχθεὶς καὶ δόξας δυσαντιρρήτως εἰρηκέναι κατέπαυσε τὸν λόγον. μετὰ δὲ ταῦτα Λυκίσκος ὁ τῶν Ἀκαρνάνων πρεσβευτῆς εἰσελθὼν τὸ μὲν πρῶτον ἐπέσχε, θεωρῶν τοὺς πολλοὺς ἐν αὐτοῖς διαλαλοῦντας ὑπὲρ τῶν προειρημένων, [2] ἐπεὶ δὲ ποτε καθυσύχασαν, οὕτως πῶς ἤρξατο τοῦ λέγειν “ [3] ἼΗμεῖς, ἄνδρες Λακεδαιμόνιοι, παρεγενόμεθα μὲν ὑπὸ τοῦ κοινοῦ τῶν Ἀκαρνάνων ἀπεσταλμένοι πρὸς ὑμᾶς, μετέχοντες δὲ σχεδὸν αἰεὶ ποτε Μακεδόσι τῶν αὐτῶν ἐλπίδων καὶ τὴν πρεσβείαν ταύτην κοινὴν ὑπολαμβάνομεν ἡμῖν ὑπάρχειν καὶ Μακεδόσιν. [4] ὥσπερ δὲ καὶ κατὰ τοὺς κινδύνους διὰ τὴν ὑπεροχὴν καὶ τὸ μέγεθος τῆς Μακεδόνων δυνάμεως ἐμπεριέχεσθαι συμβαίνει τὴν ἡμετέραν ἀσφάλειαν ἐν ταῖς ἐκείνων ἀρεταῖς, οὕτως καὶ κατὰ τοὺς πρεσβευτικούς ἀγῶνας ἐμπεριέχεται τὸ τῶν Ἀκαρνάνων συμφέρον ἐν τοῖς Μακεδόνων δικαίοις. [5] διόπερ οὐ δεῖ θαυμάζειν ὑμᾶς, ἐὰν τὸν πλείω λόγον ὑπὲρ Φιλίππου ποιῶμεθα καὶ Μακεδόνων. [6] Χλαινέας τοιγαροῦν, καταστρέφων τὴν δημηγορίαν, ἀπότομόν τινα συγκεφαλαίωσιν ἐποίησατο τῶν ὑπαρχόντων πρὸς ὑμᾶς δικαίων. [7] ἔφη γάρ, εἰ μὲν ἐπιγέγονέ τι μετὰ τὸ θέσθαι τὴν συμμαχίαν ὑμᾶς τὴν πρὸς τούτους ἦτοι βλαβερὸν καὶ δυσχερὲς ὑπ' Αἰτωλῶν ἢ καὶ νῆ Δία φιλάνθρωπον ὑπὸ Μακεδόνων, εἰκότως ἂν καὶ τὸ νῦν διαβούλιον ἐξ ἀκεραίου σκέψεως τυγχάνειν: [8] εἰ δὲ μηδενοῦς ἐπιγεγονότος τοιούτου τὰ κατ' Ἀντίγονον προφερόμενοι τὰ πρότερον ὑφ' ὑμῶν δεδοκιμασμένα πεπείσμεθα νῦν ἡμεῖς ἀνασκευάσειν ὄρκους καὶ

συνθήκας, εὐθηεστάτους πάντων ἡμᾶς ὑπάρχειν. [9] ἐγὼ δ', εἰ μὲν μηδὲν ἐπιγέγονε κατὰ τὸν τούτου λόγον, μένει δὲ τὰ πράγματα τοιαῦτα τοῖς Ἑλλήσιν οἷα πρότερον ἦν, ὅτε πρὸς αὐτοὺς Αἰτωλοὺς ἐποιεῖσθε τὴν συμμαχίαν, ὁμολογῶ πάντων εὐθηέστατος ὑπάρχειν καὶ ματαίους μέλλειν διατίθεσθαι λόγους: [10] εἰ δὲ τὴν ἐναντίαν ἔσχηκε διάθεσιν, ὡς ἐγὼ σαφῶς δεῖξω προϊόντος τοῦ λόγου, καὶ λίαν ἐμὲ μὲν οἶομαι φανήσεσθαι τι λέγειν ὑμῖν τῶν συμφερόντων, Χλαινέαν δ' ἄγνοεῖν. [11] παραγινόμεθα μὲν οὖν ὑπὲρ αὐτοῦ τούτου πεπεισμένοι δεῖν ἡμᾶς ποιεῖσθαι τοὺς λόγους, ὑπὲρ τοῦ δεῖξαι διότι καὶ πρέπον ὑμῖν ἐστὶ καὶ συμφέρον, εἰ μὲν δυνατόν, ἀκούσαντας τῆς ἐπιφερομένης τοῖς Ἑλλήσι περιστάσεως καλόν τι βουλευσασθαι καὶ πρέπον ἑαυτοῖς, μετασχόντας ἡμῖν τῶν ἐλπίδων: [12] εἰ δὲ

[1] μὴ, τούτων τὴν ἡσυχίαν ἔχειν κατὰ τὸ παρόν. ἐπεὶ δ' ἀνέκαθεν οὗτοι κατηγορεῖν ἐτόλμησαν τῆς Μακεδόνων οἰκίας, ἀναγκαῖον εἶναί μοι δοκεῖ πρότερον ὑπὲρ τούτων βραχέα διαλεχθέντ' ἀφελέσθαι τὴν ἄγνοιαν τῶν πεπιστευκότων τοῖς εἰρημένοις. [2]

[1] ἔφη τοιγαροῦν Χλαινέας Φίλιππον τὸν Ἀμύντου διὰ τῆς Ὀλυνθίων ἀτυχίας κύριον γενέσθαι Θετταλίας. [3] ἐγὼ δὲ διὰ Φίλιππον οὐ μόνον Θετταλοὺς, ἀλλὰ καὶ τοὺς λοιποὺς Ἑλλήνας ὑπολαμβάνω σεσῶσθαι. [4] καθ' οὓς γὰρ καιροὺς Ὀνόμαρχος καὶ Φιλόμηλος καταλαβόμενοι Δελφοὺς ἀσεβῶς καὶ παρανόμως ἐγένοντο κύριοι τῶν τοῦ θεοῦ χρημάτων, τότε τίς ὑμῶν οὐκ οἶδε διότι τηλικαύτην συνεστήσαντο δύναμιν, πρὸς ἣν οὐδεὶς ἔτι τῶν Ἑλλήνων ἀντοφθαλμεῖν δυνατός ἦν; [5] ἀλλ' ἐκινδύνευον ἅμα ταῖς εἰς τὸ θεῖον ἀσεβείαις καὶ τῆς Ἑλλάδος γενέσθαι κύριοι πάσης. [6] ἐν οἷς καιροῖς Φίλιππος ἐθελοντὴν αὐτὸν ἐπιδούς ἐπανείλετο μὲν τοὺς τυράννους, ἡσφαλίσατο δὲ τὰ κατὰ τὸ ἱερόν, αἴτιος δ' ἐγένετο τοῖς Ἑλλήσι τῆς ἐλευθερίας, ὡς αὐτὰ τὰ πράγματα μεμαρτύρηκε καὶ τοῖς ἐπιγενομένοις. [7] οὐ γὰρ ὡς ἡδικοκῶτα Φίλιππον Θετταλοὺς, καθάπερ οὗτος ἐτόλμα λέγειν, ἀλλ' ὡς εὐεργέτην ὄντα τῆς Ἑλλάδος, καὶ κατὰ γῆν αὐτὸν ἡγεμόνα καὶ κατὰ θάλατταν εἵλοντο πάντες: οὗ πρότερον ἀνθρώπων οὐδεὶς ἔτυχε. [8] νῆ Δί', ἀλλὰ παρεγένετο μετὰ τῆς δυνάμεως εἰς τὴν Λακωνικὴν: [9] οὐ κατὰ γε τὴν αὐτοῦ προαίρεσιν, ὡς ὑμεῖς ἴστε, καλούμενος δὲ καὶ πολλάκις ὀνομαζόμενος ὑπὸ τῶν ἐν Πελοποννήσῳ φίλων καὶ συμμάχων μόλις αὐτὸν ἐπέδωκε. [10] καὶ παραγενόμενος πῶς τοῖς πράγμασιν ἐχρήσατο, ὃ Χλαινέα, σκόπει. δυνάμενος γὰρ συγχρήσασθαι ταῖς

τῶν ἀστυγειτόνων ὀρμαῖς πρὸς τε τὴν τῆς χώρας τῆς τούτων καταφθορὰν καὶ τὴν τῆς πόλεως ταπείνωσιν, καὶ τοῦτο πρᾶξι μετὰ τῆς μεγίστης χάριτος, [11] ἐπὶ μὲν τὴν τοιαύτην αἵρεσιν οὐδαμῶς αὐτὸν ἐνέδωκε, καταπληξάμενος δὲ ἀκακείνους καὶ τούτους ἐπὶ τῷ κοινῇ συμφέροντι διὰ λόγου τὴν ἐξαγωγήν ἀμφοτέρους ἠνάγκασε ποιήσασθαι περὶ τῶν ἀμφισβητουμένων, [12] οὐχ αὐτὸν ἀποδείξας κριτὴν ὑπὲρ τῶν ἀντιλεγομένων, ἀλλὰ κοινὸν ἐκ πάντων τῶν Ἑλλήνων καθίσας κριτήριον. ἄξιόν γε τὸ γεγονὸς ὀνειδῖς καὶ προφορᾶς. πάλιν Ἀλεξάνδρῳ διότι μὲν ἀδικεῖσθαι δόξας τὴν Θηβαίων πόλιν ἐκόλασε, τοῦτο πικρῶς ὀνειδίσας, [2] ὅτι δὲ τιμωρίαν ἔλαβε παρὰ τῶν Περσῶν ὑπὲρ τῆς εἰς ἅπαντας τοὺς Ἕλληνας ὕβρεως, οὐκ ἐποίησω μνήμην, [3] οὐδὲ διότι μεγάλων κακῶν κοινῇ πάντας ἡμᾶς ἔλυσε, καταδουλωσάμενος τοὺς βαρβάρους καὶ παρελόμενος αὐτῶν τὰς χορηγίας, αἷς ἐκεῖνοι χρώμενοι κατέφθειραν τοὺς Ἕλληνας, ποτὲ μὲν Ἀθηναίους καὶ τοὺς τούτων προγόνους ἀγωνοθετοῦντες καὶ συμβάλλοντες, ποτὲ δὲ Θηβαίους, καὶ τέλος ὑπήκοον ἐποίησε τὴν Ἀσίαν τοῖς Ἕλλησι. [4] περὶ δὲ τῶν διαδεξαμένων πῶς καὶ τολμᾶτε μνημονεῖν; ἐκεῖνοι γὰρ κατὰ τὰς τῶν καιρῶν περιστάσεις οἷς μὲν ἀγαθῶν οἷς δὲ κακῶν ἐγίνοντο παραίτιοι πολλάκις: περὶ ὧν τοῖς μὲν ἄλλοις ἴσως ἂν ἐξείη μνησικακεῖν, [5] ὑμῖν δ' οὐδαμῶς καθήκει τοῦτο ποιεῖν τοῖς ἀγαθοῦ μὲν μηδενὶ μηδενὸς παραιτίοις γεγονόσι, κακῶν δὲ πολλοῖς καὶ πολλάκις. [6] ἐπεὶ τίνες οἱ τὸν Ἀντίγονον εἰσὶ τὸν Δημητρίου παρακάλεσαντες ἐπὶ διαίρεσει τοῦ τῶν Ἀχαιῶν ἔθνους; [7] τίνες δ' οἱ πρὸς τὸν Ἀλέξανδρον τὸν Ἡπειρώτην ὄρκους ποιησάμενοι καὶ συνθήκας ἐπ' ἐξανδραποδισμῷ καὶ μερισμῷ τῆς Ἀκαρνανίας; [8] οὐχ ὑμεῖς; τίνες δὲ κατὰ κοινὸν τοιούτους ἡγεμόνας ἐξέπεμψαν οἷους ὑμεῖς; οἱ γε καὶ τοῖς ἀσύλοις ἱεροῖς ἐτόλμησαν προσάγειν τὰς χεῖρας. [9] ὧν Τίμαιος μὲν τό τ' ἐπὶ Ταινάρῳ τοῦ Ποσειδῶνος καὶ τὸ τῆς ἐν Λούσοις ἱερὸν Ἀρτέμιδος ἐσύλησε, [10] Φάρυκος δὲ καὶ Πολύκριτος, ὁ μὲν τὸ τῆς Ἥρας ἐν Ἀργεὶ τέμενος, ὁ δὲ τὸ τοῦ Ποσειδῶνος ἐν Μαντινεΐᾳ διήρπασε. [11] τί δαὶ Λάτταβος καὶ Νικόστρατος; οὐ τὴν τῶν Παμβοιωτίων πανήγυριν εἰρήνης οὔσης παρεσπόνδησαν, Σκυθῶν ἔργα καὶ Γαλατῶν ἐπιτελοῦντες; ὧν οὐδὲν πέπρακται τοῖς διαδεξαμένοις.

[1] καὶ πρὸς οὐδὲν τούτων ἀπολογηθῆναι δυνάμενοι σεμνύνεσθε, διότι τὴν ἐπὶ Δελφοὺς ἔφοδον τῶν βαρβάρων ὑπέστητε, καὶ φατὲ

δεῖν διὰ ταῦτα χάριν ἔχειν ὑμῖν τοὺς Ἑλληνας. [2] ἀλλ' εἰ διὰ μίαν ταύτην χρεῖαν Αἰτωλοῖς χάρις ὀφείλεται, τίνος καὶ πηλίκης δεῖ τιμῆς ἀξιοῦσθαι Μακεδόνας, οἱ τὸν πλείω τοῦ βίου χρόνον οὐ παύονται διαγωνιζόμενοι πρὸς τοὺς βαρβάρους ὑπὲρ τῆς τῶν Ἑλλήνων ἀσφαλείας; [3] ὅτι γὰρ αἰεὶ ποτ' ἂν ἐν μεγάλοις ἦν κινδύνοις τὰ κατὰ τοὺς Ἑλληνας, εἰ μὴ Μακεδόνας εἴχομεν πρόφραγμα καὶ τὰς τῶν παρὰ τούτοις βασιλέων φιλοτιμίας, τίς οὐ γινώσκει; [4] μέγιστον δὲ τούτου σημεῖον: ἅμα γὰρ τῷ Γαλάτας καταφρονῆσαι Μακεδόνων νικήσαντας Πτολεμαῖον τὸν Κεραννὸν ἐπικαλούμενον, εὐθέως καταγνόντες τῶν ἄλλων ἦκον οἱ περὶ Βρέννον εἰς μέσην τὴν Ἑλλάδα μετὰ δυνάμεως. ὁ πολλάκις ἂν συνέβαινε γίνεσθαι μὴ προκαθημένων Μακεδόνων. [5]

[1] οὐ μὴν ἀλλὰ περὶ μὲν τῶν γεγονότων ἔχων πολλὰ λέγειν ἄρκεῖν ἡγοῦμαι: [6] τῶν δὲ Φιλίππῳ πεπραγμένων εἰς ἀσέβειαν ὠνείδισαν τὴν τοῦ ναοῦ καταφθοράν, οὐ προσθέντες τὴν αὐτῶν ὕβριν καὶ παρανομίαν, ἣν ἐπετετέλεσαντο περὶ τοὺς ἐν Δίῳ καὶ Δωδώνῃ ναοὺς καὶ τὰ τεμένη τῶν θεῶν. [7] ἐχρῆν δὲ λέγειν τοῦτο πρῶτον. ὑμεῖς δ' ἂ μὲν ἐπάθετε, τούτοις ἐξηγήσασθε, μείζω ποιοῦντες τῶν γεγονότων, ἃ δ' ἐποιήσατε πρότεροι, πολλαπλάσια γεγονότα παρεσιωπήσατε, [8] σαφῶς εἰδότες ὅτι τὰς ἀδικίας καὶ ζημίας ἅπαντες ἀεὶ τοῖς ἄρχουσι χειρῶν ἀδίκων ἐπιφέρουσι. περὶ δὲ τῶν κατ' Ἀντίγονον ἕως τούτου βούλομαι ποιήσασθαι τὴν μνήμην, [ἐως] τοῦ μὴ δόξαι καταφρονεῖν τῶν γεγονότων μηδ' ἐν παρέργῳ τίθεσθαι τὴν τηλικαύτην πρᾶξιν. [2] ἔγωγ' εὐεργεσίαν μείζω τῆς ὑπ' Ἀντιγόνου γεγεννημένης εἰς ὑμᾶς οὐδ' ἰστορεῖσθαι νομίζω: δοκεῖ γὰρ ἔμοιγε μηδ' ὑπερβολὴν ἐπιδέχεσθαι τὸ γεγονός. [3] γνοίη δ' ἂν τις ἐκ τούτων. ἐπολέμησε πρὸς ὑμᾶς Ἀντίγονος, καὶ μετὰ ταῦτα παραταξάμενος ἐνίκησε: διὰ τῶν ὅπλων ἐγένετο κύριος τῆς χώρας ἅμα καὶ τῆς πόλεως. [4] ὥφειλε ποιεῖν τὰ τοῦ πολέμου: τοσοῦτον ἀπέσχε τοῦ πρᾶξαί τι καθ' ὑμῶν δεινόν, ὥς πρὸς τοῖς ἄλλοις ἐκβαλὼν τὸν τύραννον καὶ τοὺς νόμους καὶ τὸ πάτριον ὑμῖν ἀποκατέστησε πολίτευμα. [5] ἀνθ' ὧν ὑμεῖς ἐν ταῖς κοιναῖς πανηγύρεσι μάρτυρας ποιησάμενοι τοὺς Ἑλληνας εὐεργέτην ἐαυτῶν καὶ σωτῆρα τὸν Ἀντίγονον ἀνεκηρύξατε. [6] τί οὖν ἐχρῆν ποιεῖν ὑμᾶς; ἐρῶ γὰρ τὸ φαινόμενον, ἄνδρες. ὑμεῖς δ' ἀνέξεσθε: ποιήσω γὰρ τοῦτο νῦν οὐκ ἀπροσλόγως ὀνειδίσαι βουλόμενος ὑμῖν, ἀλλ' ὑπὸ τῆς τῶν πραγμάτων περιστάσεως ἀναγκαζόμενος ἐπὶ τῷ κοινῇ συμφέροντι. [7] τί δὴ μέλλω λέγειν; ὅτι

καὶ κατὰ τὸν προγεγονότα πόλεμον οὐκ Αἰτωλοῖς, ἀλλὰ Μακεδόσιν ἔδει συμμαχεῖν ὑμᾶς, καὶ νῦν παρακαλουμένους Φιλίππῳ μᾶλλον ἢ τούτοις ἑαυτοὺς προσνέμειν. [8] νῆ Δί', ἀλλὰ παραβήσεσθε τὰς συνθήκας; [9] καὶ πότερα δεινότερον ἂν ποιήσαίτε, τὰ κατ' ἰδίαν πρὸς Αἰτωλοὺς ὑμῖν συγκείμενα δίκαια παριδόντες ἢ τὰ πάντων τῶν Ἑλλήνων ἐναντίον ἐν στήλῃ γεγονότα καὶ καθιερωμένα; [10] πῶς δὲ τούτους ἀθετεῖν εὐλαβεῖσθε, παρ' ὧν οὐδεμίαν προειλήφατε χάριν, Φίλιππον δὲ καὶ Μακεδόνας οὐκ ἐντρέπεσθε, δι' οὓς ἔχετε καὶ τοῦ νῦν βουλευέσθαι τὴν ἐξουσίαν; [11] ἢ τὸ μὲν τοῖς φίλοις τὰ δίκαια ποιεῖν ἀναγκαῖον ἡγεῖσθε; [12] καὶ μὴν οὐχ οὕτως ὅσιόν ἐστι τὸ τὰς ἐγγράπτους πίστει βεβαιοῦν, ὥς ἀνόσιον τὸ τοῖς σώσασι πολεμεῖν: ὁ νῦν Αἰτωλοὶ πάρεσιν ὑμᾶς ἀξιοῦντες.

[1] οὐ μὴν ἀλλ' εἰρήσθω μὲν μοι ταῦτα, κρινέσθω δὲ παρὰ τοῖς φιλοτιμότερον διακειμένοις ἐκτὸς εἶναι τῶν ἐνεστώτων. ἐπὶ δὲ τὸ συνέχον, ὥς οὗτοί φασιν, ἐπάνιμεν. [2] τοῦτο δ' ἦν, εἰ μὲν ὁμοίωται τὰ πράγματα νῦν καὶ καθ' οὓς καιροὺς ἐποιεῖσθε τὴν πρὸς τούτους συμμαχίαν, διότι δεῖ μένειν καὶ τὴν ὑμετέραν αἴρεσιν ἐπὶ τῶν ὑποκειμένων: ταῦτα γὰρ ἐν ἀρχαῖς εἶναι: [3] εἰ δ' ὁλοσχερῶς ἡλλοίωται, διότι δίκαιόν ἐστι καὶ νῦν ὑμᾶς ἐξ ἀκεραίου βουλευέσθαι περὶ τῶν παρακελευομένων. [4] ἐρωτῶ τοιγαροῦν ὑμᾶς, ὧ Κλεόνικε καὶ Χλαινεά, τίνας ἔχοντες συμμάχους τότε παρεκαλεῖτε τούτους εἰς τὴν κοινοπραγίαν; ἄρ' οὐ πάντας Ἑλληνας; [5] τίσι δὲ νῦν κοινωνεῖτε τῶν ἐλπίδων, ἢ πρὸς ποίαν παρακαλεῖτε τούτους συμμαχίαν; [6] ἄρ' οὐ πρὸς τὴν τῶν βαρβάρων; ὁμοιά γε δοκεῖ τὰ πράγμαθ' ὑμῖν ὑπάρχειν νῦν καὶ πρότερον, ἀλλ' οὐ τάναντία: [7] τότε μὲν γὰρ ὑπὲρ ἡγεμονίας καὶ δόξης ἐφιλοτιμεῖσθε πρὸς Ἀχαιοὺς καὶ Μακεδόνας ὁμοφύλους καὶ τὸν τούτων ἡγεμόνα Φίλιππον: νῦν δὲ περὶ δουλείας ἐνίσταται πόλεμος τοῖς Ἑλλησι πρὸς ἀλλοφύλους ἀνθρώπους, [8] οὓς ὑμεῖς δοκεῖτε μὲν ἐπισπᾶσθαι κατὰ Φιλίππου, λελήθατε δὲ κατὰ σφῶν αὐτῶν ἐπεσπασμένοι καὶ κατὰ πάσης Ἑλλάδος. [9] ὥσπερ γὰρ οἱ κατὰ τὰς πολεμικὰς περιστάσεις βαρυτέρας ἐπαγόμενοι φυλακὰς εἰς τὰς πόλεις τῆς αὐτῶν δυνάμεως χάριν τῆς ἀσφαλείας ἅμα τὸν ἀπὸ τῶν ἐχθρῶν ἀπωθοῦνται φόβον καὶ ποιοῦσιν ὑποχειρίους σφᾶς αὐτοὺς ταῖς τῶν φίλων ἐξουσίαις, τὸν αὐτὸν τρόπον καὶ νῦν Αἰτωλοὶ διανοοῦνται. [10] βουλόμενοι γὰρ περιγενέσθαι Φιλίππου καὶ ταπεινῶσαι Μακεδόνας, λελήθασιν αὐτοῖς ἐπισπασάμενοι τηλικούτο νέφος ἀπὸ τῆς ἐσπέρας, ὁ κατὰ μὲν τὸ παρὸν ἴσως πρώτοις

ἐπισκοπήσει Μακεδόσι, κατὰ δὲ τὸ συνεχὲς πᾶσιν ἔσται τοῖς Ἑλλήσι μεγάλων κακῶν αἴτιον.

[1] ἅπαντας μὲν οὖν δεῖ τοὺς Ἕλληνας προῖδέσθαι τὸν ἐπιφερόμενον καιρόν, μάλιστα δὲ Λακεδαιμονίους. [2] ἐπεὶ τίνος χάριν ὑπολαμβάνετε τοὺς ὑμετέρους προγόνους, ἄνδρες Λακεδαιμόνιοι, καθ' οὓς καιροὺς ὁ Ξέρξης ἀπέστειλε πρεσβευτὴν πρὸς ὑμᾶς, ὕδωρ καὶ γῆν αἰτούμενος, ἀπώσαντας εἰς τὸ φρέαρ τὸν παραγεγονότα καὶ προσεπιβαλόντας τῆς γῆς κελεύειν ἀπαγγεῖλαι τῷ Ξέρξει διότι παρὰ Λακεδαιμονίων ἔχει τὰ κατὰ τὴν ἐπαγγελίαν, ὕδωρ καὶ γῆν; [3] τίνος πάλιν ἐθελοντὴν καὶ προδήλως ἐξορμᾶν ἀποθανουμένους τοὺς περὶ Λεωνίδην; [4] ἄρ' οὐχ ἵνα δόξωσι μὴ μόνον ὑπὲρ τῆς αὐτῶν, ἀλλὰ καὶ περὶ τῆς τῶν ἄλλων Ἑλλήνων ἐλευθερίας προκινδυνεύειν; [5] ἄξιόν γε τοιούτων ἀνδρῶν ἀπογόνους ὑπάρχοντας, κᾶπειτα νῦν συμμαχίαν ποιησαμένους τοῖς βαρβάροις, στρατεύειν μετ' ἐκείνων καὶ πολεμεῖν Ἑπειρώταις, Ἀχαιοῖς, Ἀκαρναῖσι, Βοιωτοῖς, Θετταλοῖς σχεδὸν πᾶσι τοῖς Ἑλλήσι πλὴν Αἰτωλῶν. [6] τούτοις μὲν οὖν ἔθος ἐστὶ ταῦτα πράττειν καὶ μηδὲν αἰσχρὸν νομίζειν, εἰ μόνον πρόσεστι τὸ πλεονεκτεῖν, οὐ μὴν ὑμῖν. [7] καὶ τί δήποτε προσδοκᾶν δεῖ τούτους ἀπεργασομένους, ἐπεὶ τὴν Ῥωμαίων προσειλήφασι συμμαχίαν; [8] οἱ γὰρ τῆς Ἰλλυριῶν ἐπιλαβόμενοι ῥοπῆς καὶ βοηθείας κατὰ μὲν θάλατταν βιάζεσθαι καὶ παρασπονδεῖν ἐπεβάλλοντο Πύλον, κατὰ δὲ γῆν ἐπολιόρκησαν μὲν τὴν Κλειτορίων πόλιν, ἐξηνδραποδίσαντο δὲ τὴν Κυναιθέων. [9] καὶ πρότερον μὲν Ἀντιγόνῳ, καθάπερ ἐπάνω προεῖπον, ἐποιήσαντο συνθήκας οὗτοι περὶ τε τοῦ τῶν Ἀχαιῶν καὶ τοῦ τῶν Ἀκαρνάνων ἔθνους, νῦν δὲ πεποίηνται πρὸς Ῥωμαίους κατὰ πάσης τῆς Ἑλλάδος.

[1] ἂ τίς οὐκ ἂν πυθόμενος ὑπιδόιτο μὲν τὴν Ῥωμαίων ἔφοδον, μισήσαι δὲ τὴν Αἰτωλῶν ἀπόνοιαν, ὅτι τοιαύτας ἐθάρρησαν ποιήσασθαι συνθήκας; [2] ἤδη παρήρηνται μὲν Ἀκαρνάνων Οἰνιάδας καὶ Νᾶσον: κατέσχον δὲ πρόην τὴν τῶν ταλαιπώρων Ἀντικυρέων πόλιν, ἐξανδραποδισάμενοι μετὰ Ῥωμαίων αὐτήν. [3] καὶ τὰ μὲν τέκνα καὶ τὰς γυναῖκας ἀπάγουσι Ῥωμαῖοι, πεισόμενα δῆλον [ὅτι] ἅπερ εἰκὸς ἐστὶ πάσχειν τοῖς ὑπὸ τὰς τῶν ἀλλοφύλων πεσοῦσιν ἐξουσίας: τὰ δ' ἐδάφη κληρονομοῦσι τῶν ἡτυχηκότων Αἰτωλοῖ. [4] καλὸν γὰρ ταύτης τῆς συμμαχίας μετασχεῖν κατὰ προαίρεσιν, ἄλλως τε καὶ Λακεδαιμονίους ὑπάρχοντας, [5] οἱ γὰρ Θεβαίους τοὺς κατ' ἀνάγκην ἡσυχίαν ἄγειν βουλευσαμένους μόνους τῶν Ἑλλήνων κατὰ

τὴν τῶν Περσῶν ἔφοδον ἐψηφίσαντο δεκατεύσειν τοῖς θεοῖς κρατήσαντες τῷ πολέμῳ τῶν βαρβάρων.

[1] καλὸν μὲν οὖν, [6] ὃ ἄνδρες Λακεδαιμόνιοι, καὶ πρέπον ὑμῖν ἔστι τὸ μνησθέντας μὲν τῶν προγόνων, εὐλαβηθέντας δὲ τὴν Ῥωμαίων ἔφοδον, ὑπιδομένους δὲ τὴν Αἰτωλῶν κακοπραγμοσύνην, τὸ δὲ μέγιστον τῶν ἐξ Ἀντιγόνου γεγονότων μνησθέντας, ἔτι καὶ νῦν μισοπονηρῆσαι, καὶ τὴν μὲν Αἰτωλῶν ἀποστραφῆναι φιλίαν, Ἀχαιοῖς δὲ καὶ Μακεδόσι κοινωνῆσαι τῶν αὐτῶν ἐλπίδων. [7] εἰ δ' ἄρα πρὸς τοῦτό τινες ἀντιπράττουσι τῶν πλεῖον δυναμένων παρ' ὑμῖν, πρὸς γε τὴν ἡσυχίαν ὀρμήσατε, καὶ μὴ μετὰσχητε τῆς τούτων ἀδικίας.”2 τὸ γὰρ τοιοῦτον ἦθος αἰεὶ βούλεται διαφυλάττειν ἢ τῶν Ἀθηναίων πόλις. [2]

[1] προθυμίαν γὰρ φίλων συμφόρως μὲν γινομένην μεγάλην παρέχεσθαι χρεῖαν, ἐφελκομένην δὲ καὶ καθυστεροῦσαν τελέως ἀνωφελῇ ποιεῖν τὴν ἐπικουρίαν. [3] εἴπερ οὖν βούλονται μὴ τοῖς γράμμασι μόνον, ἀλλὰ καὶ τοῖς ἔργοις τηρεῖν τὴν πρὸς αὐτοὺς συμμαχίαν ... οἱ δὲ Ἀκαρνᾶνες, [4] πυνθανόμενοι τὴν τῶν Αἰτωλῶν ἔφοδον ἐπὶ σφᾶς, τὰ μὲν ἀπαλγοῦντες ταῖς ἐλπίσι, τὰ δὲ καὶ θυμομαχοῦντες, ἐπὶ τινα παράστασιν κατήντησαν. εἰ δέ τις λειπόμενος μὴ θάνοι, [5] φύγοι δὲ τὸν κίνδυνον, τοῦτον μήτε πόλει δέχεσθαι μήτε πῦρ ἐναυεῖν. [6] περὶ τούτων ἀρὰς ἐποιήσαντο πᾶσι μὲν, μάλιστα δὲ τοῖς Ἑπειρώταις, εἰς τὸ μηδένα τῶν φευγόντων δέξασθαι τῇ χώρᾳ. προθέμενος δὲ τῆς πόλεως κατὰ δύο πύργους ποιεῖσθαι τὴν προσαγωγὴν κατὰ μὲν τούτους χελώνας κατεσκεύαζε χωστρίδας καὶ κριούς, κατὰ δὲ τὸ μεσοπύργιον στοὰν ἐποίει μεταξὺ τῶν κριῶν παράλληλον τῷ τείχει. [2] τῆς δὲ προθέσεως συντελουμένης παραπλήσιος ἢ τῶν ἔργων ἐγένετο πρόσοψις τῇ τοῦ τείχους διαθέσει: [3] τὰ μὲν γὰρ ἐπὶ ταῖς χελώναις κατασκευάσματα πύργων ἐλάμβανε καὶ φαντασίαν καὶ διάθεσιν ἐκ τῆς τῶν γέρρων συνθέσεως, τὸ δὲ μεταξὺ τούτων τείχους, τῶν ἀνωτέρω γέρρων τῆς στοᾶς εἰς ἐπάλξεις τῇ πλοκῇ διηρημένων. [4] διὰ μὲν οὖν τοῦ κάτω μέρους τῶν πύργων οἱ τε προσχωννύντες τὰς ἀνωμαλίας τῶν τόπων ἐπὶ τῇ τῶν ἐσχαρίων ἐφόδῳ τὴν γῆν ἐπέβαλλον ὃ τε κριὸς ἐξωθεῖτο. [5] τὸ δὲ δεύτερον ὕδριας καὶ τὰς πρὸς τοὺς ἐμπυρισμοὺς εἶχε παρασκευὰς καὶ τὰ καταπελτικὰ σὺν τούτοις. [6] ἐπὶ δὲ τοῦ τρίτου πληθος ἀνδρῶν ἐφειστήκει τῶν ἀπομαχομένων πρὸς τοὺς κακοποιεῖν ἐπιβαλλομένους τὸν κριόν. οὗτοι δ' ἦσαν ἰσοῦψεῖς τοῖς τῆς πόλεως

πύργοις. [7] ἐκ δὲ τῆς μεταξὺ τῶν πύργων στοᾶς ὀρύγματα διπλᾶ προσήγετο πρὸς τὸ μεσοπύργιον. [8] καὶ τρεῖς ἦσαν βελοστάσεις λιθοβόλοις, ὧν ὁ μὲν εἷς ταλαντιαίους, οἱ δὲ δύο τριακονταμναίους ἐξέβαλλον λίθους. [9] ἀπὸ δὲ τῆς παρεμβολῆς ὥς πρὸς τὰς χελώνας τὰς χωστρίδας ἐπεποιήντο σύριγγες κατάστεγοι χάριν τοῦ μήτε τοὺς προσιόντας ἐκ τῆς στρατοπεδείας μήτε τοὺς ἀπιόντας ἀπὸ τῶν ἔργων βλάπτεσθαι μηδὲν ὑπὸ τῶν ἐκ τῆς πόλεως βελῶν. [10] ἐν ὀλίγαις δὲ τελέως ἡμέραις συνέβη καὶ τὴν τῶν ἔργων ἐπιτελεσθῆναι συντέλειαν διὰ τὸ τὴν χώραν ἀφθόνους ἔχειν τὰς εἰς τοῦτο τὸ μέρος χορηγίας. [11] οἱ γὰρ Ἐχιναιεῖς κεῖνται μὲν ἐν τῷ Μηλιεῖ κόλῳ, τετραμμένοι πρὸς μεσημβρίαν, καταντίπεραν τῆς τῶν Θρονιέων χώρας, καρποῦνται δὲ γῆν πάμπορον. δι' ἣν αἰτίαν οὐδὲν ἐνέλειπε τὸν Φίλιππον τῶν πρὸς τὰς ἐπιβολάς. [12] οὐ μὴν ἀλλά, καθάπερ εἶπον, ἐπιτελεσθέντων τῶν ἔργων προσῆγον ἅμα τὰς τῶν ὀρυγμάτων καὶ μηχανημάτων κατασκευάς.

[1] Πόπλιος ὁ τῶν Ῥωμαίων στρατηγὸς καὶ Δωρίμαχος ὁ τῶν Αἰτωλῶν, τοῦ Φιλίππου πολιορκοῦντος τὴν Ἐχιναιῶν πόλιν, καὶ τὰ πρὸς τὸ τεῖχος καλῶς ἀσφαλισμένου καὶ τὰ πρὸς τὴν ἐκτὸς ἐπιφάνειαν τοῦ στρατοπέδου τάφρῳ καὶ τείχει ὀχυρωσαμένου, παραγενόμενοι αὐτοί, [2] ὁ μὲν Πόπλιος στόλῳ, ὁ δὲ Δωρίμαχος πεζικῇ καὶ ἰπικῇ δυνάμει, καὶ προσβαλόντες τῷ χάρακι καὶ ἀποκρουσθέντες, τοῦ Φιλίππου μᾶλλον ἰσχυρῶς ἀγωνισαμένου, [3] ἀπελπίσαντες οἱ Ἐχιναιεῖς παρέδωσαν ἑαυτοὺς τῷ Φιλίπῳ. [4] οὐ γὰρ οἱοί τε ἦσαν οἱ περὶ τὸν Δωρίμαχον τῇ τῶν δαπανημάτων ἐνδείᾳ ἀναγκάζειν τὸν Φίλιππον, ἐκ θαλάττης ταῦτα ποριζόμενον.

[1] ὅτι τῆς Αἰγίνης ὑπὸ Ῥωμαίων ἀλούσης, [5] [οἱ] Αἰγινῆται συναθροισθέντες ἐπὶ τὰς ναῦς, ὅσοι μὴ διεκκλήπησαν, ἐδέοντο τοῦ στρατηγοῦ συγχωρῆσαι σφίσι πρεσβευτὰς ἐκπέμψαι πρὸς τὰς συγγενεῖς πόλεις περὶ λύτρων. [6] ὁ δὲ Πόπλιος τὸ μὲν πρῶτον πικρῶς ἀντέφη, φάσκων, ὅτ' ἦσαν αὐτῶν κύριοι, τότε δεῖν διαπρεσβεύεσθαι πρὸς τοὺς κρείττους περὶ σωτηρίας, μὴ νῦν δούλους γεγονότας. [7] τὸ δὲ μικρῷ πρότερον αὐτοὺς μηδὲ λόγου καταξιώσαντας τοὺς παρ' αὐτοῦ πρεσβευτάς, νῦν ὑποχειρίου γεγονότας ἀξιοῦν πρεσβεύειν πρὸς τοὺς συγγενεῖς, πῶς οὐκ εὐηθες εἶναι. [8] καὶ τότε μὲν ἀπέπεμψε τοὺς ἐντυγχάνοντας ταῦτ' εἰπών. τῇ δ' ἐπαύριον συγκαλέσας ἅπαντας τοὺς αἰχμαλώτους, Αἰγινήταις μὲν οὐδὲν ὀφείλειν ἔφη ποιεῖν φιλόανθρωπον, τῶν δὲ λοιπῶν Ἑλλήνων ἕνεκα συγχωρεῖν ἔφη

πρεσβεύειν περὶ τῶν λύτρων, ἐπεὶ τοῦτο παρ' αὐτοῖς ἔθος ἐστίν. VIII. *Res Asiae* ὁ γὰρ Εὐφράτης τὴν μὲν ἀρχὴν λαμβάνει τῆς συστάσεως ἐξ Ἀρμενίας, διαρρεῖ δὲ [τὸν] διὰ Συρίας καὶ τῶν ἐξῆς τόπων ὡς ἐπὶ Βαβυλωνίαν. [2] καὶ δοκεῖ μὲν εἰς τὴν Ἐρυθρὰν ἐμβάλλειν θάλατταν, οὐ μὴν ἔστι γε τοῦτο: ταῖς γὰρ διώρυξι ταῖς ἐπὶ τὴν χώραν ἀγομέναις προεκδαπανᾶται πρὶν ἐκβολὴν εἰς θάλατταν πεποιῆσθαι. [3] διὸ καὶ συμβαίνει τὴν ὑπεναντίαν φύσιν ἔχειν τοῦτον τοῖς πλείστοις τῶν ποταμῶν. τοῖς μὲν γὰρ ἄλλοις αὖξεται τὸ ρεῦμα, καθὼς ἂν πλείους διαφέρωνται τόπους, καὶ μέγιστοι μὲν εἰσι κατὰ χειμῶνα, ταπεινότατοι δὲ κατὰ τὴν ἀκμὴν τοῦ θέρους: [4] οὗτος δὲ καὶ πλεῖστος γίνεται τῷ ρεύματι κατὰ κυνὸς ἐπιτολὴν καὶ μέγιστος ἐν τοῖς κατὰ Συρίαν τόποις, αἰεὶ δὲ προϊὼν ἐλάττων. [5] αἴτιον δὲ τούτων ὅτι συμβαίνει τὴν μὲν αὖξησιν οὐκ ἐκ τῆς συρρύσεως τῶν χειμερινῶν ὄμβρων, ἀλλ' ἐκ τῆς ἀνατήξεως τῶν χιόνων γίνεσθαι, τὴν δὲ μείωσιν διὰ τὰς ἐκτροπὰς τὰς ἐπὶ τὴν χώραν καὶ τὸν μερισμὸν αὐτοῦ τὸν ἐπὶ τὰς ἀρδεύσεις. [6] ἥ καὶ τότε βραδεῖαν συνέβαινε γίνεσθαι τὴν κομιδὴν τῶν δυνάμεων, ἅτε καταγόμενων μὲν ὄντων τῶν πλοίων, ταπεινοτάτου δὲ τοῦ ποταμοῦ καὶ τελέως βραχὺ τι συνεργούσης τῆς τοῦ ρεύματος βίας πρὸς τὸν πλοῦν.

[1] IX. *Fragmenta Incertae Sedis* ὅτι τοὺς μὴ μετ' εὐνοίας καὶ προθυμίας ἐμβαίνοντας οὐδ' ἐπ' αὐτῶν εἰκὸς ἐστὶ τῶν ἔργων ἀληθεῖς εἶναι συμμάχους. [2]

[1] καὶ ἔστιν ἀληθὲς τὸ πολλάκις ὑφ' ἡμῶν εἰρημένον ὡς οὐχ οἷόν τε περιλαβεῖν οὐδὲ συνθεάσασθαι τῇ ψυχῇ τὸ κάλλιστον θέαμα τῶν γεγονότων, λέγω δὲ τὴν τῶν ὅλων οἰκονομίαν, ἐκ τῶν τὰς κατὰ μέρος πράξεις γραφόντων. BOOK 10

[1] I. Res Italiae ὄντων γὰρ ἀπὸ τοῦ πορθμοῦ καὶ τῆς Ῥηγίνων πόλεως σταδίων εἰς Τάραντα πλειόνων ἢ δισχιλίων, εἰς τέλος ἀλίμενον εἶναι συμβαίνει τὴν πλευρὰν τῆς Ἰταλίας ταύτην πλὴν τῶν ἐν Τάραντι λιμένων· [2] ἡ τέτραπται μὲν εἰς τὸ Σικελικὸν πέλαγος, νεύει δὲ πρὸς τοὺς κατὰ τὴν Ἑλλάδα τόπους, ἔχει δὲ τῶν τε βαρβάρων ἐθνῶν τὰ πολυανθρωπότατα καὶ τῶν Ἑλληνίδων πόλεων τὰς ἐπιφανεστάτας. [3] Βρέττιοι γὰρ καὶ Λευκανοὶ καὶ τινὰ μέρη τῶν Δαυνίων, ἔτι δὲ Καλαβροὶ καὶ πλείους ἕτεροι τοῦτο τὸ κλίμα νέμονται τῆς Ἰταλίας· [4] ὁμοίως δὲ καὶ τῶν Ἑλληνίδων πόλεων Ῥήγιον καὶ Καυλωνία καὶ Λοκροὶ καὶ Κρότων, ἔτι δὲ Μεταπόντιον καὶ Θούριοι ταύτην ἐπέχουσι τὴν παραλίαν, [5] ὥστε καὶ τοὺς ἀπὸ Σικελίας καὶ τοὺς ἀπὸ τῆς Ἑλλάδος φερομένους ἐπὶ τινὰ τόπον τῶν προειρημένων κατ' ἀνάγκην ὀρμεῖν ἐν τοῖς τῶν Ταραντίνων λιμέσι, καὶ τὰς ἀμείψεις καὶ τὰς οἰκονομίας πρὸς πάντας τοὺς κατέχοντας ταύτην τὴν πλευρὰν τῆς Ἰταλίας ἐν ταύτῃ ποιεῖσθαι τῇ πόλει. [6] τεκμήραιτο δ' ἂν τις τοῦ τόπου τὴν εὐκαιρίαν ἐκ τῆς περὶ Κροτωνιάτας γενομένης εὐδαιμονίας. ἐκεῖνοι γὰρ θερινοὺς ἔχοντες ὄρμους καὶ βραχεῖαν τινὰ παντελῶς προσαγωγὴν, μεγάλην εὐδαιμονίαν δοκοῦσι περιποιήσασθαι δι' οὐδὲν ἕτερον ἢ διὰ τὴν τῶν τόπων εὐφυΐαν, ἣν οὐδὲ συγκρίνειν ἄξιόν ἐστι τοῖς Ταραντίνων λιμέσι καὶ τόποις. [7] τέτακται δὲ καὶ πρὸς τοὺς κατὰ τὸν Ἀδρίαν λιμένας εὐφυῶς καὶ νῦν μὲν, ἔτι δὲ μᾶλλον ἦν πρὸ τοῦ. [8] ἀπὸ γὰρ ἄκρας Ἰαπυγίας ἕως εἰς Σιποῦντα πᾶς ὁ προσφερόμενος ἐκ τῶν ἀντιπέρας καὶ καθορισθεὶς πρὸς τὴν Ἰταλίαν εἰς Τάραντ' ἐποιεῖτο τὴν ὑπερβολήν, καὶ ταύτη συνεχρῆτο τῇ πόλει πρὸς τὰς ἀλλαγὰς καὶ μεταθέσεις οἷον [εἰ] ἐμπορίῳ· [9] οὐδέπω γὰρ συνέβαινε τότε τὴν τῶν Βρεντεσίνων ἐκτίσθαι πόλιν. [10] διόπερ ὁ Φάβιος, ἐν μεγάλῳ τιθέμενος τὴν ἐπιβολήν, τᾶλλα παρεῖς πρὸς ταῖς εἰς τοῦτο τὸ μέρος ἦν ἐπινοίαις.

[1] II. Res Hispaniae ὅτι μέλλοντες ἱστορεῖν τὰπραχθέντα Ποπλίῳ κατὰ τὴν Ἰβηρίαν, συλλήβδην δὲ πάσας τὰς κατὰ τὸν βίον ἐπιτελεσθείσας αὐτῷ πράξεις, ἀναγκαῖον ἡγοῦμεθα τὸ προεπιστῆσαι τοὺς ἀκούοντας ἐπὶ τὴν αἴρεσιν καὶ φύσιν τάνδρός. [2] τῷ γὰρ σχεδὸν ἐπιφανέστατον αὐτὸν γεγονέναι τῶν πρὸ τοῦ, ζητοῦσι μὲν πάντες εἰδέναι τίς ποτ' ἦν καὶ ἀπὸ ποίας φύσεως ἢ τριβῆς ὀρμηθεὶς τὰς

τηλικαύτας καὶ τοσαύτας ἐπετελέσατο πράξεις, [3] ἀγνοεῖν δὲ καὶ ψευδοδοξεῖν ἀναγκάζονται διὰ τὸ τοὺς ἐξηγουμένους ὑπὲρ αὐτοῦ παραπεπαικέναι τῆς ἀληθείας. [4] ὅτι δ' ἔστιν ὑγιὲς τὸ νυνὶ λεγόμενον ὑφ' ἡμῶν δῆλον ἔσται διὰ τῆς ἡμετέρας ἐξηγήσεως τοῖς ἐπισημαίνεσθαι δυναμένοις τὰ κάλλιστα καὶ παραβολώτατα τῶν ἐκείνῳ πεπραγμένων. [5] οἱ μὲν οὖν ἄλλοι πάντες αὐτὸν ἐπιτυχῇ τινα καὶ τὸ πλεῖον αἰεὶ παραλόγως καὶ ταυτομάτῳ κατορθοῦντα τὰς ἐπιβολὰς παρεισάγουσι, [6] νομίζοντες ὡς ἂν εἰ θειοτέρους εἶναι καὶ θαυμαστοτέρους τοὺς τοιούτους ἄνδρας τῶν κατὰ λόγον ἐν ἐκάστοις πραττόντων, ἀγνοοῦντες ὅτι τὸ μὲν ἐπαινετόν, τὸ δὲ μακαριστὸν εἶναι συμβαίνει τῶν προειρημένων, καὶ τὸ μὲν κοινόν ἐστι καὶ τοῖς τυχοῦσι, [7] τὸ δ' ἐπαινετὸν μόνον ἴδιον ὑπάρχει τῶν εὐλογίστων καὶ φρένας ἐχόντων ἀνδρῶν, οὓς καὶ θειοτάτους εἶναι καὶ προσφιλεστάτους τοῖς θεοῖς νομιστέον. [8] ἐμοὶ δὲ δοκεῖ Πόπλιος Λυκούργῳ τῷ τῶν Λακεδαιμονίων νομοθέτῃ παραπλησίαν ἐσχηκέναι φύσιν καὶ προαίρεσιν. [9] οὔτε γὰρ Λυκούργον ἡγήτεον δεισιδαιμονοῦντα καὶ πάντα προσέχοντα τῇ Πυθίᾳ συστήσασθαι τὸ Λακεδαιμονίων πολίτευμα, οὔτε Πόπλιον ἐξ ἐνυπνίων ὁρμώμενον καὶ κληδόνων τηλικαύτην περιποιῆσαι τῇ πατρίδι δυναστείαν: [10] ἀλλ' ὁρῶντες ἑκάτεροι τοὺς πολλοὺς τῶν ἀνθρώπων οὔτε τὰ παράδοξα προσδεχομένους ῥαδίως οὔτε τοῖς δεινοῖς τολμῶντας παραβάλλεσθαι χωρὶς τῆς ἐκ τῶν θεῶν ἐλπίδος, [11] Λυκούργος μὲν αἰεὶ προσλαμβανόμενος ταῖς ἰδίαις ἐπιβολαῖς τὴν ἐκ τῆς Πυθίας φήμην εὐπαραδεκτοτέρας καὶ πιστοτέρας ἐποίει τὰς ἰδίας ἐπινοίας, [12] Πόπλιος δὲ παραπλησίως ἐνεργαζόμενος αἰεὶ δόξαν τοῖς πολλοῖς ὡς μετὰ τινος θείας ἐπιπνοίας ποιούμενος τὰς ἐπιβολὰς, εὐθαρσεστέρους καὶ προθυμοτέρους κατεσκεύαζε τοὺς ὑποταπτομένους πρὸς τὰ δεινὰ τῶν ἔργων. [13] ὅτι δ' ἕκαστα μετὰ λογισμοῦ καὶ προνοίας ἔπραττε, καὶ διότι πάντα κατὰ λόγον ἐξέβαινε τὰ τέλη τῶν πράξεων αὐτῷ, δῆλον ἔσται διὰ τῶν λέγεσθαι μελλόντων.

[1] ἐκεῖνος γὰρ ὅτι μὲν ἦν εὐεργετικὸς καὶ μεγάλωψυχος ὁμολογεῖται, διότι δ' ἀγχίνους καὶ νήπτης καὶ τῇ διανοίᾳ περὶ τὸ προτεθὲν ἐντεταμένος, οὐθεὶς ἂν συγχωρήσειε πλὴν τῶν συμβεβιωκότων καὶ τεθεαμένων ὑπ' αὐγὰς αὐτοῦ τὴν φύσιν. [2] ὧν εἷς ἦν Γάιος Λαίλιος, ἀπὸ νέου μετεσχηκῶς αὐτῷ παντὸς ἔργου καὶ λόγου μέχρι τελευτῆς, ὁ ταύτην περὶ αὐτοῦ τὴν δόξαν ἡμῖν

ἐνεργασάμενος διὰ τὸ δοκεῖν εἰκότα λέγειν καὶ σύμφωνα τοῖς ὑπ' ἐκείνου πεπραγμένοις. [3] ἔφη γὰρ πρώτην γεγονέναι Ποπλίου πρᾶξιν ἐπίσημον, καθ' ὃν καιρὸν ὁ πατὴρ αὐτοῦ τὴν ἵππομαχίαν συνεστήσατο πρὸς Ἀννίβαν περὶ τὸν Πάδον καλούμενον ποταμόν. [4] τότε γάρ, ὥς ἔοικεν, ἑπτακαδέκατον ἔτος ἔχων καὶ πρῶτον εἰς ὕπαιθρον ἐξεληλυθώς, συστήσαντος αὐτῷ τοῦ πατρὸς διαφερόντων ἱππέων οὐλαμὸν ἀσφαλείας χάριν, συνθεασάμενος ἐν τῷ κινδύνῳ τὸν πατέρα περιειλημμένον ὑπὸ τῶν πολέμιων μετὰ δυεῖν ἢ τριῶν ἱππέων καὶ τετρωμένον ἐπισφαλῶς, τὰς μὲν ἀρχὰς ἐπεβάλετο παρακαλεῖν τοὺς μεθ' αὐτοῦ βοηθῆσαι τῷ πατρί, [5] τῶν δ' ἐπὶ ποσὸν κατορρωδούντων διὰ τὸ πλῆθος τῶν περιεστώτων πολέμιων, αὐτὸς εἰσελάσαι παραβόλως δοκεῖ καὶ τολμηρῶς εἰς τοὺς περικεχυμένους. [6] μετὰ δὲ ταῦτα καὶ τῶν ἄλλων ἀναγκασθέντων ἐμβαλεῖν οἱ μὲν πολέμιοι καταπλαγέντες διέστησαν, ὁ δὲ Πόπλιος ἀνελπίστως σωθεὶς πρῶτος αὐτὸς τὸν υἱὸν σωτῆρα προσεφώνησε πάντων ἀκουόντων. [7] περιγενομένης δ' αὐτῷ τῆς ἐπ' ἀνδρεία φήμης ὁμολογουμένης διὰ τὴν προειρημένην χρεῖαν, λοιπὸν ἤδη πάντως αὐτὸν ἐδίδου κατὰ τοὺς ὕστερον καιροὺς εἰς τοὺς κατ' ἰδίαν κινδύνους, ὅτ' εἰς αὐτὸν ἀναρτηθεῖεν ὑπὸ τῆς πατρίδος αἱ τῶν ὅλων ἐλπίδες· ὅπερ ἰδιὸν ἐστὶν οὐ τῇ τύχῃ πιστεύοντος, ἀλλὰ νοῦν ἔχοντος ἡγεμόνος.

[1] μετὰ δὲ ταῦτα, πρεσβύτερον ἔχων ἀδελφὸν Λεύκιον, καὶ τούτου προσπορευομένου πρὸς τὴν ἀγορανομίαν, ἣν σχεδὸν ἐπιφανεστάτην ἀρχὴν εἶναι συμβαίνει τῶν νέων παρὰ Ῥωμαίοις, [2] ἔθους δ' ὄντος δύο πατρικίους καθίστασθαι, τότε δὲ καὶ πλειόνων προσπορευομένων, ἐκ πολλοῦ μὲν οὐκ ἐτόλμα μεταπορεύεσθαι τὴν αὐτὴν ἀρχὴν τὰδελφῶ· [3] συνεγγιζούσης δὲ τῆς καταστάσεως, λογιζόμενος ἐκ τῆς τοῦ πλήθους φορᾶς οὐκ εὐμαρῶς τὸν ἀδελφὸν ἐφιζόμενον τῆς ἀρχῆς, τὴν δὲ πρὸς αὐτὸν εὐνοίαν τοῦ δήμου θεωρῶν μεγάλην ὑπάρχουσαν, καὶ μόνως οὕτως ὑπολαμβάνων κάκεῖνον καθίξεσθαι τῆς προθέσεως, εἰ συμφρονήσαντες ἅμα ποιήσαιτο τὴν ἐπιβολήν, ἦλθεν ἐπὶ τινα τοιαύτην ἔννοیان. [4] θεωρῶν γὰρ τὴν μητέρα περιπορευομένην τοὺς νεῶς καὶ θύουσαν τοῖς θεοῖς ὑπὲρ τὰδελφοῦ καὶ καθόλου μεγάλην προσδοκίαν ἔχουσαν ὑπὲρ τοῦ μέλλοντος, ἥς μόνης ἔμελεν αὐτῷ — [5] τὸν μὲν γὰρ πατέρα τότε πλεῖν συνέβαινεν εἰς Ἰβηρίαν στρατηγὸν καθεσταμένον ἐπὶ τὰς προειρημένας πράξεις — οὐ μὴν ἄλλ' ἔφη πρὸς αὐτὴν ὄνειρον τεθεωρηκέναι δις ἤδη τὸν αὐτόν. [6] δοκεῖν γὰρ ἅμα τὰδελφῷ

καθεσταμένος ἀγορανόμος ἀναβαίνειν ἀπὸ τῆς ἀγορᾶς ὡς ἐπὶ τὴν οἰκίαν, ἐκεῖνην δὲ συναντᾶν αὐτοῖς εἰς τὰς θύρας καὶ περιπτύξασαν ἀσπάσασθαι. [7] τῆς δὲ παθούσης τὸ γυναικεῖον πάθος καὶ τι προσεπιφθεγξαμένης “3Εἰ γὰρ ἐμοὶ ταύτην ἰδεῖν γένοιτο τὴν ἡμέραν”3 “3Βούλει”3 φησί “ [8] 3μῆτερ, πείραν λάβωμεν;”3 τῆς δὲ συγκαταθεμένης, ὡς οὐ τολμήσοντος αὐτοῦ, πρὸς δὲ τὸν καιρὸν οἰονεῖ προσπαιζόντος — καὶ γὰρ ἦν κομιδῇ νέος — ἡξίου τήβενναν αὐτῷ λαμπρὰν εὐθέως ἐτοιμάσαι: τοῦτο γὰρ ἔθος ἐστὶ τοῖς τὰς ἀρχὰς μεταπορευομένοις. [9]

[1] καὶ τῇ μὲν οὐδ’ ἐν νῶ τὸ ῥηθὲν ἦν, ὁ δὲ λαβὼν πρῶτον λαμπρὰν ἐσθῆτα κοιμωμένης ἔτι τῆς μητρὸς παρῆν εἰς τὴν ἀγοράν. [2] τοῦ δὲ πλήθους καὶ διὰ τὸ παράδοξον καὶ διὰ τὴν προϋπάρχουσαν εὐνοίαν ἐκπληκτικῶς αὐτὸν ἀποδεξαμένου, καὶ μετὰ ταῦτα προελθόντος εἰς τὸν ἀποδεδειγμένον τόπον καὶ στάντος παρὰ τὸν ἀδελφόν, [3] οὐ μόνον τῷ Ποπλίῳ περιέθεσαν οἱ πολλοὶ τὴν ἀρχήν, ἀλλὰ καὶ τὰδελφῷ δι’ ἐκεῖνον, καὶ παρῆσαν ἐπὶ τὴν οἰκίαν ἀμφοτέρωι γεγονότες ἀγορανόμοι. [4] τῇ δὲ μητρὶ τοῦ πράγματος ἄφνω προσπεσόντος, περιχαρὴς οὔσα πρὸς τὰς θύρας ἀπήντα καὶ μετὰ παραστάσεως ἡσπάζετο τοὺς νεανίσκους, [5] ὥστε τὸν Πόπλιον ἐκ τοῦ συμβαίνοντος δοκεῖν πᾶσι τοῖς προακηκούσι τῶν ἐνυπνίων μὴ μόνον κατὰ τὸν ὕπνον, ἔτι δὲ μᾶλλον ὕπαρ καὶ μεθ’ ἡμέραν διαλέγεσθαι τοῖς θεοῖς. [6] ὧν οὐδὲν ἦν ἐνύπνιον, ἀλλ’ ὑπάρχων εὐεργετικὸς καὶ μεγαλόδωρος καὶ προσφιλεὶς κατὰ τὴν ἀπάντησιν συνελογίσατο τὴν τοῦ πλήθους πρὸς αὐτὸν εὐνοίαν. [7] λοιπὸν πρὸς τε τὸν τοῦ δήμου καὶ τὸν τῆς μητρὸς καιρὸν ἀρμοσάμενος εὐστόχως οὐ μόνον καθίκετο τῆς προθέσεως, ἀλλὰ καὶ μετὰ τινος ἐδόκει θείας ἐπιπνοίας αὐτὸ πράττειν. [8] οἱ γὰρ μὴ δυνάμενοι τοὺς καιροὺς μηδὲ τὰς αἰτίας καὶ διαθέσεις ἐκάστων ἀκριβῶς συνθεωρεῖν, ἢ διὰ φαυλότητα φύσεως ἢ δι’ ἀπειρίαν καὶ ῥαθυμίαν, εἰς θεοὺς καὶ τύχας ἀναφέρουσι τὰς αἰτίας τῶν δι’ ἀγχνίονα ἐκ λογισμοῦ καὶ προνοίας ἐπιτελουμένων. [9]

[1] ταῦτα μὲν οὖν εἰρήσθω μοι χάριν τῶν ἀκουόντων, ἵνα μὴ συγκαταφερόμενοι ψευδῶς τῇ καθωμλημένῃ δόξῃ περὶ αὐτοῦ παραπέμπωσι τὰ σεμνότατα καὶ κάλλιστα τάνδρός, λέγω δὲ τὴν ἐπιδεξιότητα καὶ φιλοπονίαν. [10] ἔτι δὲ μᾶλλον ἔσται τοῦτο συμφανὲς ἐπ’ αὐτῶν τῶν πράξεων. οὐ μὴν ἀλλὰ τότε συνηθροισμένων τῶν δυνάμεων παρεκάλει μὴ καταπεπλῆχθαι τὴν

προγεγεννημένην περιπέτειαν: [2] οὐ γὰρ ταῖς ἀρεταῖς ἡττῆσθαι Ῥωμαίους ὑπὸ Καρχηδονίων οὐδέποτε, τῇ δὲ προδοσίᾳ τῇ Κελτιβήρων καὶ τῇ προπετείᾳ, διακλεισθέντων τῶν στρατηγῶν ἀπ' ἀλλήλων διὰ τὸ πιστεῦσαι τῇ συμμαχίᾳ τῶν εἰρημένων. [3] ὧν ἑκάτερα νῦν ἔφη περὶ τοὺς πολεμίους ὑπάρχειν: χωρὶς γὰρ ἀπ' ἀλλήλων πολὺ διεσπασμένους στρατοπεδεύειν, τοῖς τε συμμαχοῖς ὑβριστικῶς χρωμένους ἅπαντας ἀπηλλοτριωκέναι καὶ πολεμίους αὐτοῖς παρεσκευακέναι. [4] διὸ καὶ τοὺς μὲν ἤδη διαπέμπεσθαι πρὸς σφᾶς, τοὺς δὲ λοιπούς, ὥς ἂν τάχιστα θαρρήσωσι καὶ διαβάντας ἴδωσι τὸν ποταμὸν, ἀσμένως ἥξιν, οὐχ οὕτως εὐνοοῦντας σφίσι, τὸ δὲ πλεῖον ἀμύνεσθαι σπουδάζοντας τὴν Καρχηδονίων εἰς αὐτοὺς ἀσέλγειαν, [5] τὸ δὲ μέγιστον, στασιάζοντας πρὸς ἀλλήλους τοὺς τῶν ὑπεναντίων ἡγεμόνας ἄθρους διαμάχεσθαι πρὸς αὐτοὺς οὐ θελήσειν, κατὰ μέρος δὲ κινδυνεύοντας εὐχειρώτους ὑπάρχειν. [6] διὸ βλέποντας εἰς ταῦτα παρεκάλει περαιουῖσθαι τὸν ποταμὸν εὐθαρσῶς: περὶ δὲ τῶν ἐξῆς ἀνεδέχετο μελήσειν αὐτῷ καὶ τοῖς ἄλλοις ἡγεμόσι. [7] ταῦτα δ' εἰπὼν τρισχιλίους μὲν ἔχοντα πεζοὺς καὶ πεντακοσίους ἵππεῖς Μάρκον ἀπέλειπε τὸν συνάρχοντα περὶ τὴν διάβασιν ἐφεδρεύοντα τοῖς ἐντὸς τοῦ ποταμοῦ συμμαχοῖς: αὐτὸς δὲ τὴν ἄλλην ἐπεραίῳ δύναμιν, ἄδηλον πᾶσι ποιῶν τὴν αὐτοῦ πρόθεσιν. [8] ἦν γὰρ αὐτῷ κεκριμένον πράττειν ὧν μὲν εἶπε πρὸς τοὺς πολλοὺς μηδέν, πρὸς τοὺς πολιορκεῖν ἐξ ἐφόδου τὴν ἐν Ἰβηρίᾳ Καρχηδόνα προσαγορευομένην. [9] ὃ δὲ καὶ πρῶτον ἂν τις λάβοι καὶ μέγιστον σημεῖον τῆς ὑφ' ἡμῶν ἄρτι ῥηθείσης διαλήψεως. [10] ἔτος γὰρ ἑβδομον ἔχων πρὸς τοῖς εἴκοσι πρῶτον μὲν ἐπὶ πράξεις αὐτὸν ἔδωκε τελέως παρὰ τοῖς πολλοῖς ἀηλιπισμένας διὰ τὸ μέγεθος τῶν προγεγονότων ἐλαττωμάτων, [11] δεύτερον δούς αὐτὸν τὰ μὲν κοινὰ καὶ προφανόμενα πᾶσι παρέλειπε, τὰ δὲ μήτε παρὰ τοῖς πολέμοις *, ταῦτ' ἐπενόει καὶ προετίθετο πράττειν. [12] ὧν οὐδὲν ἦν χωρὶς ἐκλογισμῶν τῶν ἀκριβεστάτων.

[1] ἔτι μὲν γὰρ ἀπὸ τῆς ἀρχῆς ἱστορῶν ἐν τῇ Ῥώμῃ καὶ πυνθανόμενος ἐπιμελῶς τὴν τε προδοσίαν τῶν Κελτιβήρων καὶ τὸν διαζευγμὸν τῶν ἰδίων στρατοπέδων, καὶ συλλογίζόμενος ὅτι παρὰ τοῦτο συμβαίνει τοῖς περὶ τὸν πατέρα γενέσθαι τὴν περιπέτειαν, [2] οὐ κατεπέπληκτο τοὺς Καρχηδονίους οὐδ' ἡττητο τῇ ψυχῇ, καθάπερ οἱ πολλοί. [3] μετὰ δὲ ταῦτα τοὺς ἐντὸς Ἰβηρος ποταμοῦ συμμαχοὺς ἀκούων μένειν ἐν τῇ πρὸς αὐτοὺς φιλίᾳ, τοὺς δὲ τῶν Καρχηδονίων

ἡγεμόνας στασιάζειν μὲν πρὸς σφᾶς, ὑβρίζειν δὲ τοὺς ὑποταττομένους, εὐθαρσῶς διέκειτο πρὸς τὴν ἔξοδον, οὐ τῇ τύχῃ πιστεύων, ἀλλὰ τοῖς συλλογισμοῖς. [4] παραγενόμενός γε μὴν εἰς τὴν Ἰβηρίαν, πάντας ἀνακινῶν καὶ παρ' ἐκάστου πυνθανόμενος τὰ περὶ τοὺς ἐναντίους, ἠῦρισκε τὰς μὲν δυνάμεις τῶν Καρχηδονίων εἰς τρία μέρη διηρημένας: [5] ὧν Μάγωνα μὲν ἐπυνθάνετο διατρίβειν ἐντὸς Ἑρακλείων στηλῶν ἐν τοῖς Κονίοις προσαγορευομένοις, Ἀσδρούβαν δὲ τὸν Γέσκωνος περὶ Τάγου ποταμοῦ στόμα κατὰ τὴν Λυσιτανήν, τὸν δ' ἕτερον Ἀσδρούβαν πολιορκεῖν τινα πόλιν ἐν τοῖς Καρπητανοῖς, οὐδένα δὲ τῶν προειρημένων ἐλάττω δέχ' ἡμερῶν ὁδὸν ἀπέχειν τῆς Καινῆς πόλεως. [6] νομίζων οὖν, ἐὰν μὲν εἰς μάχην συνιέναι κρίνῃ τοῖς πολεμίοις, τὸ μὲν πρὸς πάντας ἅμα κινδυνεύειν ἐπισφαλὲς εἶναι τελέως καὶ διὰ τὸ προηττήσθαι τοὺς πρὸ αὐτοῦ καὶ διὰ τὸ πολλαπλασίους εἶναι τοὺς ὑπεναντίους, [7] ἐὰν δὲ πρὸς ἓνα συμβαλεῖν σπεύδων, κᾶπειτα τούτου φυγομαχήσαντος, ἐπιγενομένων δὲ τῶν ἄλλων δυνάμεων, συγκλεισθῇ που, κατάφοβος ἦν μὴ ταῖς αὐταῖς Γναίῳ τῷ θείῳ

[1] καὶ Ποπλίῳ τῷ πατρὶ περιπέσῃ συμφοραῖς. διὸ τοῦτο μὲν τὸ μέρος ἀπεδοκίμασε, πυνθανόμενος δὲ τὴν προειρημένην Καρχηδόνα μεγίστας μὲν χρείας παρέχεσθαι τοῖς ὑπεναντίοις, μέγιστα δὲ βλάπτειν καὶ κατὰ τὸν ἐνεστώτα πόλεμον αὐτόν, ἐξητάκει τὰ κατὰ μέρος ὑπὲρ αὐτῆς ἐν τῇ παραχειμασίᾳ διὰ τῶν εἰδότεων. [2] ἀκούων δὲ πρῶτον μὲν ὅτι λιμένας ἔχει στόλῳ καὶ ναυτικαῖς δυνάμεσι μόνη σχεδὸν τῶν κατὰ τὴν Ἰβηρίαν, ἅμα δὲ καὶ διότι πρὸς τὸν ἀπὸ τῆς Λιβύης πλοῦν καὶ πελάγιον διάρμα λίαν εὐφυῶς κεῖται τοῖς Καρχηδονίοις, [3] μετὰ δὲ ταῦτα διότι καὶ τὸ τῶν χρημάτων πλῆθος καὶ τὰς ἀποσκευὰς τῶν στρατοπέδων ἀπάσας ἐν ταύτῃ τῇ πόλει συνέβαινε τοῖς Καρχηδονίοις ὑπάρχειν, ἔτι δὲ τοὺς ὁμήρους τοὺς ἐξ ὅλης τῆς Ἰβηρίας, [4] τὸ δὲ μέγιστον, ὅτι μάχιμοι μὲν ἄνδρες εἶησαν εἰς χιλίους οἱ τὴν ἄκραν τηροῦντες διὰ τὸ μηδένα μηδέποτε ἂν ὑπολαμβάνειν ὅτι κρατούντων Καρχηδονίων σχεδὸν ἀπάσης Ἰβηρίας ἐπινοήσῃ τις τὸ παράπαν πολιορκῆσαι ταύτην τὴν πόλιν, [5] τὸ δ' ἄλλο πλῆθος ὅτι πολὺ μὲν εἴη διαφερόντως ἐν αὐτῇ, πᾶν δὲ δημιουργικὸν καὶ βάναισον καὶ θαλαττουργὸν καὶ πλεῖστον ἀπέχον πολεμικῆς ἐμπειρίας, ὃ κατὰ τῆς πόλεως ὑπελάμβανεν εἶναι, παραδόξου γενομένης ἐπιφανείας. [6] καὶ μὴν οὐδὲ τὴν θέσιν τῆς Καρχηδόνας οὐδὲ τὴν κατασκευὴν οὐδὲ τὴν τῆς περιεχούσης αὐτὴν

λίμνης διάθεσιν ἡγνόει, [7] διὰ δέ τινων ἀλιέων τῶν ἐνειργασμένων τοῖς τόποις ἐξητάκει διότι καθόλου μὲν ἐστὶ τεναγώδης ἡ λίμνη καὶ βατὴ κατὰ τὸ πλεῖστον, ὥς δ' ἐπὶ τὸ πολὺ καὶ γίνεται τις αὐτῆς ἀποχώρησις καθ' ἡμέραν ἐπὶ δείλην ὁψίαν. [8] ἐξ ὧν συλλογισάμενος ὅτι καθικόμενος μὲν τῆς ἐπιβολῆς οὐ μόνον βλάψει τοὺς ὑπεναντίους, ἀλλὰ καὶ τοῖς σφετέροις πράγμασι μεγάλην ἐπίδοσιν παρασκευάσει, [9] διαπεσὼν δὲ τῆς προθέσεως, ὅτι δύναται σῶζειν τοὺς ὑποταττομένους διὰ τὸ θαλαττοκρατεῖν, ἐὰν ἅπαξ ἀσφαλίσηται τὴν στρατοπεδείαν — τοῦτο δ' ἦν εὐχερὲς διὰ τὸ μακρὰν ἀπεσπᾶσθαι τὰς τῶν ὑπεναντίων δυνάμεις — [10] οὕτως ἀφέμενος τῶν ἄλλων περὶ ταύτην

[1] ἐγένετο τὴν παρασκευὴν ἐν τῇ παραχειμασίᾳ. καὶ ταύτην ἔχων τὴν ἐπιβολὴν καὶ τὴν ἡλικίαν, ἦν ἄρτίως εἶπα, πάντας ἀπεκρύνετο χωρὶς Γαῖου Λαιλίου, μέχρι πάλιν αὐτὸς ἔκρινε φανερόν ποιεῖν. [2]

[1] τοῦτοις δὲ τοῖς ἐκλογισμοῖς ὁμολογοῦντες οἱ συγγραφεῖς, ὅταν ἐπὶ τὸ τέλος ἔλθωσι τῆς πράξεως, οὐκ οἶδ' ὅπως οὐκ εἰς τὸν ἄνδρα καὶ τὴν τούτου πρόνοιαν, εἰς δὲ τοὺς θεοὺς καὶ τὴν τύχην ἀναφέρουσι τὸ γεγονὸς κατόρθωμα, [3] καὶ ταῦτα χωρὶς τῶν εἰκότων καὶ τῆς τῶν συμβεβιωκότων μαρτυρίας, καὶ διὰ τῆς ἐπιστολῆς τῆς πρὸς Φίλιππον αὐτοῦ τοῦ Ποπλίου σαφῶς ἐκτεθεικότος ὅτι τοῦτοις τοῖς ἐκλογισμοῖς χρησάμενος, οἷς ἡμεῖς ἀνώτερον ἐξελογισάμεθα, καθόλου τε τοῖς ἐν Ἰβηρίᾳ πράγμασιν ἐπιβάλοιτο καὶ κατὰ μέρος τῇ τῆς Καρχηδόνης πολιορκίᾳ. [4] πλὴν τότε γε τῷ μὲν ἐπὶ τοῦ στόλου Γαίῳ Λαίλῳ δι' ἀπορρήτων ἐντειλάμενος παρήγγειλε πλεῖν ἐπὶ τὴν προειρημένην πόλιν — [5] μόνος γὰρ οὗτος αὐτῷ συνήδει τὴν ἐπιβολήν, καθάπερ ἀνώτερον εἶπον — [6] αὐτὸς δὲ τὰς πεζικὰς δυνάμεις ἀναλαβὼν ἐποιεῖτο τὴν πορείαν μετὰ σπουδῆς. εἶχε δὲ τὸ μὲν τῶν πεζῶν πλῆθος εἰς δισμυρίους καὶ πεντακισχιλίους, ἵππεῖς δ' εἰς δισχιλίους καὶ πεντακοσίους. [7] ἀφικόμενος δ' ἐβδόμαϊος κατεστρατοπέδευσε κατὰ τὸ πρὸς ἄρκτους μέρος τῆς πόλεως, καὶ περιβάλετο κατὰ μὲν τὴν ἐκτὸς ἐπιφάνειαν τῆς στρατοπεδείας τάφρον καὶ χάρακα διπλοῦν ἐκ θαλάττης εἰς θάλατταν, κατὰ δὲ τὴν πρὸς τὴν πόλιν ἀπλῶς οὐδέν. αὕτη γὰρ ἡ τοῦ τόπου φύσις ἱκανὴν ἀσφάλειαν αὐτῷ παρεσκεύαζε. [8] μέλλοντες δὲ καὶ τὴν πολιορκίαν καὶ τὴν ἄλωσιν τῆς πόλεως δηλοῦν, ἀναγκαῖον ἡγοῦμεθ' εἶναι τὸ καὶ τοὺς παρακειμένους τόπους καὶ τὴν θέσιν αὐτῆς ἐπὶ ποσὸν ὑποδείξαι τοῖς ἀκούουσι. κεῖται μὲν οὖν τῆς Ἰβηρίας κατὰ μέσην τὴν παραλίαν

ἐν κόλῳ νεύοντι πρὸς ἄνεμον λίβα: οὗ τὸ μὲν βάθος ἐστὶν ὡς εἴκοσι σταδίων, τὸ δὲ πλάτος ἐν ταῖς ἀρχαῖς ὡς δέκα: λαμβάνει δὲ διάθεσιν λιμένος ὁ πᾶς κόλπος διὰ τοιαύτην αἰτίαν. [2] νῆσος ἐπὶ τοῦ στόματος αὐτοῦ κεῖται βραχὺν ἐξ ἐκατέρου τοῦ μέρους εἰσπλουν εἰς αὐτὸν ἀπολείπουσα. [3] ταύτης ἀποδεχομένης τὸ πελάγιον κῦμα συμβαίνει τὸν κόλπον ὅλον εὐδίαν ἴσχειν, πλὴν ἐφ' ὅσον οἱ λίβες καθ' ἐκάτερον τὸν εἰσπλουν παρεισπίπτοντες κλύδωνας ἀποτελοῦσι. [4] τῶν γε μὴν ἄλλων πνευμάτων ἀκλυδώνιστος ὢν τυγχάνει διὰ τὴν περιέχουσαν αὐτὸν ἥπειρον. [5] ἐν δὲ τῷ μυχῷ τοῦ κόλπου πρόκειται χερρονησίζον ὄρος, ἐφ' οὗ κεῖσθαι συμβαίνει τὴν πόλιν, περιεχομένην θαλάττῃ μὲν ἀπ' ἀνατολῶν καὶ μεσημβρίας, ἀπὸ δὲ τῶν δύσεων λίμνην προσεπιλαμβανούσῃ καὶ τοῦ πρὸς ἄρκτον μέρους, [6] ὥστε τὸν λοιπὸν τόπον μέχρι τῆς ἐπὶ θάτερα θαλάττης, ὅς καὶ συνάπτει τὴν πόλιν πρὸς τὴν ἥπειρον, μὴ πλέον ὑπάρχειν ἢ δυεῖν σταδίων. [7] ἡ δὲ πόλις αὕτη μεσόκοιλός ἐστι: κατὰ δὲ τὴν ἀπὸ μεσημβρίας πλευρὰν ἐπίπεδον ἔχει τὴν ἀπὸ θαλάττης πρόσοδον: τὰ δὲ λοιπὰ περιέχεται λόφοις, δυσι μὲν ὀρεινοῖς καὶ τραχέσιν, ἄλλοις δὲ τρισὶ πολὺ μὲν χθαμαλωτέροις, σπιλώδεσι δὲ καὶ δυσβάτοις: [8] ὢν ὁ μὲν μέγιστος ἀπὸ τῆς ἀνατολῆς αὐτῇ παράκειται, προτείνων εἰς θάλατταν, ἐφ' οὗ καθίδρυται νεὼς Ἀσκληπιοῦ. [9] τοῦτ' ὁ * ἀπὸ τῆς δύσεως ἀντίκειται, παραπλησίαν θέσιν ἔχων, ἐφ' οὗ καὶ βασιλεία κατεσκευάσται πολυτελῶς, ἃ φασιν Ἀσδροῦβαν ποιῆσαι, μοναρχικῆς ὀρεγόμενον ἐξουσίας. [10] αἱ δὲ λοιπαὶ τρεῖς τῶν ἐλαττόνων βουνῶν ὑπεροχαὶ τὸ πρὸς ἄρκτον αὐτῆς μέρος περιέχουσι. [11] καλεῖται δὲ τῶν τριῶν ὁ μὲν πρὸς ἀνατολὰς νεύων Ἡφαίστου, τοῦτ' ὁ συνεχῆς Ἀλήτου — δοκεῖ δ' οὗτος εὐρετῆς γενόμενος τῶν ἀργυρείων μετάλλων ἰσοθέων τετευχέναι τιμῶν — ὁ δὲ τρίτος προσαγορεύεται Κρόνου. [12] συμβαίνει δὲ τὴν λίμνην τῇ παρακειμένη θαλάττῃ σύρρουν γεγονέναι χειροποιήτως χάριν τῶν θαλαττουργῶν. [13] κατὰ δὲ τὴν τοῦ διείργοντος αὐτὰς χεῖλους διακοπὴν γέφυρα κατεσκευάσται πρὸς τὸ καὶ τὰ ὑποζύγια καὶ τὰς ἀμάξας ταύτῃ ποιεῖσθαι τὴν παρακομιδὴν τῶν ἐκ τῆς χώρας ἀναγκαίων.

[1] τοιαύτης δ' ὑπαρχούσης τῆς διαθέσεως τῶν τόπων, ἀσφαλίζεσθαι συνέβαινε τοῖς Ῥωμαίοις τὴν στρατοπεδεῖαν κατὰ τὴν ἐντὸς ἐπιφάνειαν ἀκατασκεύως ὑπὸ τε τῆς λίμνης καὶ τῆς ἐπὶ θάτερα θαλάττης. [2] τὸ δὲ μεταξὺ τούτων διάστημα τὸ συνάπτον τὴν πόλιν

πρὸς τὴν ἡπειρον ἀχαράκωτον εἶασε, κατὰ μέσσην ὑπάρχον τὴν αὐτοῦ στρατοπεδείαν, [3] εἴτε καὶ καταπλήξεως χάριν εἴτε καὶ πρὸς τὴν ἐπιβολὴν ἁρμοζόμενος, ὅπως ἀνεμποδίστους ἔχη καὶ τὰς ἐξαγωγὰς καὶ τὰς ἀναχωρήσεις εἰς τὴν παρεμβολήν. [4] ὁ δὲ περίβολος τῆς πόλεως οὐ πλεῖον εἴκοσι σταδίων ὑπῆρχε τὸ πρότερον — καίτοι γ' οὐκ ἀγνοῶ διότι πολλοῖς εἴρηται τετταράκοντα: τὸ δ' ἐστὶ ψεῦδος. οὐ γὰρ ἐξ ἀκοῆς ἡμεῖς, ἀλλ' αὐτόπται γεγονότες μετ' ἐπιστάσεως ἀποφαινόμεθα — νῦν δὲ καὶ μᾶλλον ἔτι συνήρηται.

[1] πλὴν ὁ γε Πόπλιος, [5] συνάψαντος καὶ τοῦ στόλου πρὸς τὸν δέοντα καιρὸν, ἐπεβάλετο συναθροίσας τὰ πλήθη παρακαλεῖν, οὐχ ἑτέροις τισὶ χρώμενος ἀπολογισμοῖς, ἀλλ' οἷς ἐτύγχανε πεπεικῶς αὐτόν, ὑπὲρ ὧν ἡμεῖς τὸν κατὰ μέρος ἄρτι πεποιήμεθα λόγον. ἀποδείξας δὲ δυνατὴν οὕσαν τὴν ἐπιβολήν, [6] καὶ συγκεφαλαιωσάμενος τὴν ἐκ τοῦ κατορθώματος ἐλάττωσιν τῶν ὑπεναντίων, αὔξησιν δὲ τῶν σφετέρων πραγμάτων, λοιπὸν χρυσοῦς στεφάνους ἐπηγγείλατο τοῖς πρώτοις ἐπὶ τὸ τεῖχος ἀναβᾶσι καὶ τὰς εἰθισμένας δωρεὰς τοῖς ἐπιφανῶς ἀνδραγαθήσασιν: [7] τὸ δὲ τελευταῖον ἐξ ἀρχῆς ἔφη τὴν ἐπιβολὴν αὐτῷ ταύτην ὑποδεδειχέναι τὸν Ποσειδῶνα παραστάντα κατὰ τὸν ὕπνον, καὶ φάναι συνεργήσειν ἐπιφανῶς κατ' αὐτὸν τὸν τῆς πράξεως καιρὸν οὕτως ὥστε παντὶ τῷ στρατοπέδῳ τὴν ἐξ αὐτοῦ χρεῖαν ἐναργῇ γενέσθαι. [8] τῶν δὲ κατὰ τὴν παράκλησιν λόγων ἅμα μὲν ἀπολογισμοῖς ἀκριβέσι μεμιγμένων, ἅμα δ' ἐπαγγελίαις χρυσῶν στεφάνων, ἐπὶ δὲ πᾶσι τούτοις θεοῦ προνοίᾳ, τελέως μεγάλην ὁρμὴν καὶ προθυμίαν παρίστασθαι συνέβαινε τοῖς νεανίσκοις. τῇ δ' ἐπαύριον κατὰ μὲν τοὺς ἐκ τῆς θαλάττης τόπους περιστήσας ναῦς παντοδαποῖς βέλεσιν ἐξηρτυμένας καὶ δοὺς τὴν ἐπιτροπὴν Γαῖῳ, κατὰ δὲ γῆν τοὺς εὐρωστοτάτους τῶν ἀνδρῶν εἰς δισχιλίους ὁμόσε τοῖς κλιμακοφόροις ἐπιστήσας, ἐνήρχετο τῆς πολιορκίας κατὰ τρίτην ὥραν. [2] ὁ δὲ Μάγων ὁ τεταγμένος ἐπὶ τῆς πόλεως τὸ μὲν τῶν χιλίων σύνταγμα διελὼν τοὺς μὲν ἡμίσεις ἐπὶ τῆς ἄκρας ἀπέλιπε, τοὺς δ' ἄλλους ἐπὶ τοῦ πρὸς ἀνατολὰς λόφου παρενέβαλε: [3] τῶν δὲ λοιπῶν τοὺς εὐρωστοτάτους περὶ δισχιλίους κατεσκευακῶς τοῖς ὑπάρχουσι κατὰ τὴν πόλιν ὅπλοις ἐπέστησε κατὰ τὴν πύλιν τὴν φέρουσιν ἐπὶ τὸν ἰσθμὸν καὶ τὴν τῶν πολεμίων στρατοπεδείαν: τοῖς δὲ λοιποῖς παρήγγειλε βοηθεῖν κατὰ δύναμιν πρὸς πάντα τὰ μέρη τοῦ τεύχους. [4] ἅμα δὲ τῷ τὸν Πόπλιον ταῖς σάλπιγξι διασημῆναι [καί] τὸν καιρὸν τῆς προσβολῆς, ἐξαφίησι

τοὺς καθωπλισμένους ὁ Μάγων διὰ τῆς πύλης, πεπεισμένος ὅτι καταπλήξεται τοὺς ὑπεναντίους καὶ τὸ παράπαν ἀφελεῖται τὴν ἐπιβολὴν αὐτῶν. [5] προσπεσόντων δὲ τούτων ἐρρωμένως τοῖς ἐκ τοῦ στρατοπέδου κατὰ τὸν ἰσθμὸν παρατεταγμένοις ἐγένετο μάχη λαμπρὰ καὶ παρακελευσμός ἐξ ἀμφοῖν ἐναγώνιος, τῶν μὲν ἐκ τοῦ στρατοπέδου, τῶν δ' ἐκ τῆς πόλεως τοῖς ἰδίοις ἐκατέρων ἐπιβοώντων. [6] τῆς δὲ διὰ τῶν βοηθούντων ἐπικουρίας οὐχ ὁμοίας ὑπαρχούσης διὰ τὸ τοῖς μὲν Καρχηδονίοις διὰ μιᾶς πύλης καὶ σχεδὸν ἀπὸ δυεῖν σταδίοις γίνεσθαι τὴν παρουσίαν, τοῖς δὲ Ῥωμαίοις ἐκ χειρὸς καὶ κατὰ πολὺν τρόπον, ἄνισος ἦν ἡ μάχη παρὰ ταύτην τὴν αἰτίαν. [7] ὁ γὰρ Πόπλιος ἐκὼν ἐπέστησε τοὺς αὐτοῦ παρ' αὐτὴν τὴν στρατοπεδείαν χάριν τοῦ προκαλέσασθαι τοὺς πολεμίους πορρωτάτω, σαφῶς γινώσκων, ἐὰν διαφθείρη τούτους, ὄντας οἷον εἰ στόμα τοῦ κατὰ τὴν πόλιν πλήθους, ὅτι διατραπήσεται τὰ ὅλα καὶ τὴν πύλην οὐκέτι τῶν ἔνδον οὐδεὶς ἐξιέναι θαρρήσει. [8] οὐ μὴν ἄλλ' ἕως μὲν τινος ἐφάμιλλον συνέβαινε γίνεσθαι τὴν μάχην, ὥς ἐξ ἀμφοῖν κατ' ἐκλογὴν τῶν ἀρίστων ἀνδρῶν προκεκριμένων: τέλος δ' ἐξωθούμενοι τῷ βάρει διὰ τοὺς ἐκ τῆς παρεμβολῆς προσγινομένους ἐτράπησαν οἱ παρὰ τῶν Καρχηδονίων, [9] καὶ πολλοὶ μὲν αὐτῶν ἐν τῷ τῆς μάχης καιρῷ διεφθάρησαν καὶ κατὰ τὴν ἀποχώρησιν, οἱ δὲ πλείους ἐν τῷ παραπίπτειν εἰς τὴν πύλην ὑφ' αὐτῶν ἠλοήθησαν. [10] οὗ συμβαίνοντος ὁ κατὰ τὴν πόλιν ὄχλος οὕτως ἐπτοήθη πᾶς ὥστε καὶ τοὺς ἀπὸ τῶν τειχῶν φεύγειν. [11] παρ' ὀλίγον μὲν οὖν ἦλθον οἱ Ῥωμαῖοι τοῦ συνεισπεσεῖν τότε μετὰ τῶν φευγόντων: οὐ μὴν ἀλλὰ τὰς γε κλίμακας τῷ τείχει μετ' ἀσφαλείας προσήρυσαν.

[1] ὁ δὲ Πόπλιος ἐδίδου μὲν αὐτὸν εἰς τὸν κίνδυνον, ἐποίει δὲ τοῦτο κατὰ δύναμιν ἀσφαλῶς: [2] εἶχε γὰρ μεθ' αὐτοῦ τρεῖς ἄνδρας θυρεοφοροῦντας, οἱ παρατιθέντες τοὺς θυρεοὺς καὶ τὴν ἀπὸ τοῦ τείχους ἐπιφάνειαν σκεπάζοντες ἀσφάλειαν αὐτῷ παρεσκεύαζον. [3] διὸ παρὰ τὰ πλάγια καὶ τοὺς ὑπερδεξίους τόπους ἐπιπαριῶν μεγάλα συνεβάλλετο πρὸς τὴν χρεῖαν: [4] ἅμα μὲν γὰρ ἐώρα τὸ γινόμενον, ἅμα δ' αὐτὸς ὑπὸ πάντων ὁρώμενος ἐνειργάζετο προθυμίαν τοῖς ἀγωνιζομένοις. [5] ἐξ οὗ συνέβαινε μηδὲν ἐλλιπὲς γίνεσθαι τῶν πρὸς τὸν κίνδυνον, ἀλλ' ὅποτε τιν' αὐτῷ πρὸς τὸ προκείμενον ὁ καιρὸς ὑποδείξειε, πᾶν ἐκ χειρὸς αἰεὶ συνηργεῖτο πρὸς τὸ δέον. [6]

[1] ὁρμησάντων δὲ ταῖς κλίμαξι περὶ τὴν ἀνάβασιν τῶν πρώτων τεθαρρηκότως, οὐχ οὕτως τὸ πλῆθος τῶν ἀμυνομένων ἐπικίνδυνον

ἐποίει τὴν προσβολὴν ὡς τὸ μέγεθος τῶν τειχῶν. [7] διὸ καὶ μᾶλλον ἐπερρώσθησαν οἱ κατὰ τὰ τεῖχη, θεωροῦντες τὴν δυσχρηστίαν τῶν συμβαινόντων. [8] ἔναι μὲν γὰρ συνετρίβοντο τῶν κλιμάκων, πολλῶν ἅμα διὰ τὸ μέγεθος συνεπιβαινόντων: ἐφ' αἷς δ' οἱ πρῶτοι προσβαίνοντες ἐσκοτοῦντο διὰ τὴν εἰς ὕψος ἀνάτασιν καὶ βραχείας προσδεόμενοι τῆς ἐκ τῶν ἀμυνομένων ἀντιπράξεως ἐρρίπτουν σφᾶς αὐτοὺς ἀπὸ τῶν κλιμάκων. [9] ὅτε δὲ καὶ δοκοὺς ἢ τι τοιοῦτον ἐγχειρήσαιεν ἐπιρρίπτειν ἀπὸ τῶν ἐπάλξεων, ὁμοῦ πάντες ἀπεσύροντο καὶ κατεφέροντο πρὸς τὴν γῆν. [10] οὐ μὴν ἀλλὰ τοιούτων ἀπαντῶμένων οὐδὲν ἱκανὸν ἦν πρὸς τὸ κωλύειν τὴν ἐπιφορὰν καὶ τὴν ὀρμὴν τῶν Ῥωμαίων, ἀλλ' ἔτι καταφερομένων τῶν πρώτων ἐπέβαινον οἱ συνεχεῖς ἐπὶ τὴν ἐκλείπουσαν αἰεὶ χώραν. [11] ἤδη δὲ τῆς ἡμέρας προβαινούσης, καὶ τῶν στρατιωτῶν τετρυμμένων ὑπὸ τῆς κακοπαθείας, ἀνεκαλέσατο ταῖς σάλπιγξιν ὁ στρατηγὸς τοὺς προσβάλλοντας. οἱ μὲν οὖν ἔνδον περιχαρεῖς ἦσαν ὡς ἀποτετριμμένοι τὸν κίνδυνον: [2] ὁ δὲ Πόπλιος, προσδοκῶν ἤδη τὸν τῆς ἀμπώτεως καιρὸν, κατὰ μὲν τὴν λίμνην ἡτοίμασε πεντακοσίους ἄνδρας μετὰ κλιμάκων, [3] κατὰ δὲ τὴν πύλην καὶ τὸν ἰσθμὸν νεαλεῖς ποιήσας τοὺς στρατιώτας καὶ παρακαλέσας προσανέδωκε κλίμακας πλείους τῶν πρότερον, ὥστε συνεχῶς πληρὲς γενέσθαι τὸ τεῖχος τῶν προσβαινόντων. [4] ἅμα δὲ τῷ σημῆναι τὸ πολεμικὸν καὶ προσθέντας τῷ τείχει τὰς κλίμακας προσβαίνειν κατὰ πάντα τὰ μέρη τεθαρρηκότως μεγάλην συνέβαινε ταραχὴν καὶ διατροπὴν γίνεσθαι τῶν ἔνδον. [5] νομίζοντες γὰρ ἀπολελύσθαι τῆς περιστάσεως, αὐθις ἀρχὴν ἐώρων λαμβάνοντα τὸν κίνδυνον ἐξ ἄλλης ὀρμῆς: [6] ἅμα δὲ καὶ τῶν βελῶν αὐτοὺς ἤδη λειπόντων, καὶ τοῦ πλήθους τῶν ἀπολωλότων εἰς ἀθυμίαν ἄγοντος, δυσχερῶς μὲν ἔφερον τὸ γινόμενον, οὐ μὴν ἀλλ' ἡμύνοντο δυνατῶς. [7] κατὰ δὲ τὴν ἀκμὴν τοῦ διὰ τῶν κλιμάκων ἀγῶνος ἤρχετο τὰ κατὰ τὴν ἄμπωτιν, [8] καὶ τὰ μὲν ἅκρα τῆς λίμνης ἀπέλειπε τὸ ὕδωρ κατὰ βραχύ, διὰ δὲ τοῦ στόματος ὁ ῥοῦς εἰς τὴν συνεχῇ θάλατταν ἄθρους ἐφέρετο καὶ πολὺς, ὥστε τοῖς ἀπρονοήτως θεωμένοις ἄπιστον φαίνεσθαι τὸ γινόμενον. [9] ὁ δὲ Πόπλιος ἔχων ἐτοίμους τοὺς καθηγεμόνας ἐμβαίνειν παρεκελεύετο καὶ θαρρεῖν τοὺς πρὸς τὴν χρεῖαν ταύτην ἡτοιμασμένους: [10] καὶ γὰρ ἦν εὖ πεφυκώς, εἰ καὶ πρὸς ἄλλο τι, πρὸς τὸ θάρσος ἐμβαλεῖν καὶ συμπαθεῖς ποιῆσαι τοὺς παρακαλουμένους. [11] τότε δὴ πειθαρχησάντων αὐτῶν καὶ διὰ τοῦ τέλματος ἀμιλλωμένων, ἅπαν τὸ

στρατόπεδον ὑπέλαβε μετά τινος θεοῦ προνοίας γίνεσθαι τὸ συμβαῖνον. [12] ἐξ οὗ καὶ μνησθέντες τῶν κατὰ τὸν Ποσειδῶ καὶ τῆς τοῦ Ποπλίου κατὰ τὴν παράκλησιν ἐπαγγελίας, ἐπὶ τοσοῦτο ταῖς ψυχαῖς παρωρμήθησαν ὡς συμφράξαντες καὶ βιασάμενοι πρὸς τὴν πύλην ἔξωθεν ἐπεχειρουν διακόπτειν τοῖς πελέκεσι καὶ ταῖς ἀξίναις τὰς θύρας. [13] οἱ δὲ διὰ τῶν τελμάτων ἐγγίσαντες τῷ τείχει, καὶ καταλαβόντες ἐρήμους τὰς ἐπάλξεις, οὐ μόνον προσέθεσαν ἀσφαλῶς τὰς κλίμακας, ἀλλὰ καὶ κατέσχον ἀναβάντες ἀμαχητὶ τὸ τεῖχος, [14] ἅτε τῶν ἔνδον περισπωμένων μὲν περὶ τοὺς ἄλλους τόπους, καὶ μάλιστα τοὺς κατὰ τὸν ἰσθμὸν καὶ τὴν ταύτη πύλην, οὐδέποτε δ' ἂν ἐλπισάντων ἐγγίσει τῷ τείχει τοὺς πολεμίους κατὰ τὸν τῆς λίμνης τόπον, [15] τὸ δὲ πλεῖστον, ὑπὸ τῆς ἀτάκτου κραυγῆς καὶ τῆς συμμίκτου πολυοχλίας οὐ δυναμένων οὔτ' ἀκούειν οὔτε συνορᾶν τῶν δεόντων οὐδέν.

[1] οἱ δὲ Ῥωμαῖοι κρατήσαντες τοῦ τείχους τὸ μὲν πρῶτον ἐπεπορεύοντο κατὰ τὴν ἐφοδείαν ἀποσύροντες τοὺς πολεμίους, μεγάλα συμβαλλομένης αὐτοῖς τῆς ὀπλίσεως πρὸς τοῦτο τὸ γένος τῆς χρείας· [2] ἐπεὶ δ' ἀφίκοντο πρὸς τὴν πύλην, οἱ μὲν καταβάντες διέκοπτον τοὺς μοχλοῦς, οἱ δ' ἔξωθεν εἰσέπιπτον, οἱ δὲ διὰ τῶν κλιμάκων βιαζόμενοι κατὰ τὸν ἰσθμὸν, ἤδη κρατοῦντες τῶν ἀμυνομένων, ἐπέβαινον ἐπὶ τὰς ἐπάλξεις. [3] καὶ τέλος τὰ μὲν τεῖχη τούτῳ τῷ τρόπῳ κατείληπτο, τὸν δὲ λόφον οἱ διὰ τῆς πύλης εἰσπορευόμενοι κατελάμβανον τὸν πρὸς τὰς ἀνατολάς, τρεψάμενοι τοὺς φυλάττοντας. [4] ὁ δὲ Πόπλιος ἐπεὶ τοὺς εἰσεληλυθότας ἀξιοχρεῶς ὑπελάμβανεν εἶναι, τοὺς μὲν πλείστους ἐφῆκε κατὰ τὸ παρ' αὐτοῖς ἔθος ἐπὶ τοὺς ἐν τῇ πόλει, παραγγείλας κτείνειν τὸν παρατυχόντα καὶ μηδενὸς φείδεσθαι, μηδὲ πρὸς τὰς ὠφελείας ὀρμᾶν, μέχρις ἂν ἀποδοθῇ τὸ σύνθημα. ποιεῖν δέ μοι δοκοῦσι τοῦτο καταπλήξεως χάριν· [5] διὸ καὶ πολλάκις ἰδεῖν ἔστιν ἐν ταῖς τῶν Ῥωμαίων καταλήψεσι τῶν πόλεων οὐ μόνον τοὺς ἀνθρώπους πεφονευμένους, ἀλλὰ καὶ τοὺς κύνας δεδιχοτομημένους καὶ τῶν ἄλλων ζώων μέλη παρακεκομμένα. [6] τότε δὲ καὶ τελέως πολὺ τὸ τοιοῦτον ἦν διὰ τὸ πλῆθος τῶν κατειλημμένων. [7] αὐτὸς δὲ περὶ χιλίους ἔχων ὥρμησε πρὸς τὴν ἄκραν. ἐγγίσαντος δ' αὐτοῦ τὸ μὲν πρῶτον ἐπεβάλλετο Μάγων ἀμύνεσθαι, μετὰ δὲ ταῦτα συννοήσας βεβαίως ἤδη κατειλημμένην τὴν πόλιν διεπέμψατο περὶ τῆς ἀσφαλείας τῆς αὐτοῦ, καὶ παρέδωκε τὴν ἄκραν. [8] οὗ γενομένου, καὶ

τοῦ συνθήματος ἀποδοθέντος, τοῦ μὲν φονεύειν ἀπέστησαν, ὥρμησαν δὲ πρὸς τὰς ἀρπαγὰς. [9] ἐπιγενομένης δὲ τῆς νυκτὸς οἱ μὲν ἐπὶ τῆς παρεμβολῆς ἔμενον, οἷς ἦν οὕτω διατεταγμένον: μετὰ δὲ τῶν χιλίων ὁ στρατηγὸς ἐπὶ τῆς ἄκρας ηὐλίσθη, τοὺς δὲ λοιποὺς διὰ τῶν χιλιάρχων ἐκ τῶν οἰκιῶν ἐκκαλεσάμενος ἐπέταξε συναθροίσαντας εἰς τὴν ἀγορὰν τὰ διηρπασμένα κατὰ σημαίας ἐπὶ τούτων κοιτάζεσθαι. [10] τοὺς δὲ γροσφομάχους ἐκ τῆς παρεμβολῆς καλέσας ἐπὶ τὸν λόφον ἐπέστησε τὸν ἀπὸ τῶν ἀνατολῶν. [11]

[1] καὶ τῆς μὲν κατὰ τὴν Ἰβηρίαν Καρχηδόνος τοῦτον τὸν τρόπον ἐγένοντο κύριοι Ῥωμαῖοι: εἰς δὲ τὴν ἐπαύριον ἀθροισθείσης εἰς τὴν ἀγορὰν τῆς τε τῶν στρατευομένων παρὰ τοῖς Καρχηδονίοις ἀποσκευῆς καὶ τῆς τῶν πολιτικῶν καὶ τῶν ἐργαστικῶν κατασκευῆς, ταῦτα μὲν ἐμέριζον οἱ χιλιάρχοι τοῖς ἰδίοις στρατοπέδοις κατὰ τὸ παρ' αὐτοῖς ἔθος. [2] ἔστι δὲ παρὰ Ῥωμαίοις τοιαύτη τις ἡ περὶ τὰς τῶν πόλεων καταλήψεις οἰκονομία. ποτὲ μὲν γὰρ ἐκάστης σημαίας πρὸς τὴν πρᾶξιν ἀπομερίζονται τινες τῶν ἀνδρῶν κατὰ τὸ μέγεθος τῆς πόλεως, ποτὲ δὲ κατὰ σημαίας μερίζουσιν αὐτούς. [3] οὐδέποτε δὲ πλείους ἀποτάττονται πρὸς τοῦτο τῶν ἡμίσεων: οἱ δὲ λοιποὶ μένοντες κατὰ τὰς τάξεις ἐφεδρεύουσι, ποτὲ μὲν ἐκτὸς τῆς πόλεως, ποτὲ δὲ πάλιν ἐντός, αἰεὶ πρὸς τὸ δεικνύειν. [4] τῆς δὲ δυνάμεως διηρημένης αὐτοῖς κατὰ μὲν τὸ πλεῖον εἰς δύο στρατόπεδα Ῥωμαϊκὰ καὶ δύο τῶν συμμάχων, τοτὲ δὲ καὶ σπανίως ἀθροιζομένων ὁμοῦ τῶν τεττάρων, πάντες οἱ πρὸς τὴν ἀρπαγὴν ἀπομερισθέντες ἀναφέρουσι τὰς ὠφελείας ἕκαστοι τοῖς ἑαυτῶν στρατοπέδοις, [5] κᾄπειτα πραθέντων τούτων οἱ χιλιάρχοι διανέμουσι πᾶσιν ἴσον, οὐ μόνον τοῖς μείναισιν ἐν ταῖς ἐφεδρείαις, ἀλλὰ καὶ τοῖς τὰς σκηνὰς φυλάττουσι τοῖς τ' ἄρρωστοῦσι καὶ τοῖς ἐπὶ τινα λειτουργίαν ἀπεσταλμένοις. [6] περὶ δὲ τοῦ μηδένα νοσφίζεσθαι μηδὲν τῶν ἐκ τῆς διαρπαγῆς, ἀλλὰ τηρεῖν τὴν πίστιν κατὰ τὸν ὄρκον, ὃν ὁμνύουσι πάντες, ὅταν ἀθροισθῶσι πρῶτον εἰς τὴν παρεμβολήν, ἐξιέναι μέλλοντες εἰς τὴν πολέμιαν, [7] ὑπὲρ τούτου δὲ τοῦ μέρους εἴρηται πρότερον ἡμῖν διὰ πλειόνων ἐν τοῖς περὶ τῆς πολιτείας. [8] λοιπὸν ὅταν οἱ μὲν ἡμίσεις τράπωνται πρὸς τὰς ἀρπαγὰς, οἱ δ' ἡμίσεις διαφυλάττοντες τὰς τάξεις ἐφεδρεύωσι τούτοις, οὐδέποτε κινδυνεύει Ῥωμαίοις τὰ ὅλα διὰ πλεονεξίαν. [9] τῆς γὰρ ἐλπίδος τῆς κατὰ τὴν ὠφέλειαν οὐκ ἀπιστουμένης ἀλλήλοις, ἀλλ' ἐπ' ἴσης ἐστηκυίας τοῖς μένουσι κατὰ τὰς ἐφεδρείας καὶ τοῖς διαρπάζουσιν, οὐδεὶς ἀπολείπει τὰς τάξεις: ὁ

[1] λιστα τοὺς ἄλλους εἶωθε βλάπτειν. ἐπειδὴ γὰρ οἱ πλείστοι τῶν ἀνθρώπων κακοπαθοῦσι καὶ κινδυνεύουσι τοῦ κέρδους ἕνεκεν, φανερόν ὥς, ὅταν ὁ καιρὸς οὗτος ὑποπέσῃ, δυσχερῶς εἰκὸς ἀπέχεσθαι τοὺς ἐν ταῖς ἐφεδρεῖαις ἢ στρατοπεδεῖαις ἀπολειπομένους διὰ τὸ [τοὺς] παρὰ τοῖς πλείστοις πᾶν τὸ ληφθὲν εἶναι τοῦ κυριεύσαντος· [2] καὶ γὰρ ἂν ὅλως μόναρχος ἢ στρατηγὸς ἐπιμελὴς ἀναφέρειν εἰς τὸ κοινὸν ἐπιτάξῃ τὰς ὠφελείας, ὅμως τὰ δυνατὰ κρύπτεσθαι πάντες ἴδια νομίζουσι. [3] διὸ τῶν πολλῶν ὁρμώντων ἐπὶ τοῦτο τὸ μέρος οὐ δυνάμενοι κρατεῖν κινδυνεύουσι τοῖς ὅλοις· [4] καὶ πολλοὶ δὴ τινες κατορθώσαντες τὰς ἐπιβολάς, καὶ ποτὲ μὲν ἐπιπεσόντες ταῖς τῶν πολεμίων παρεμβολαῖς, ποτὲ δὲ καταλαβόμενοι πόλεις, οὐ μόνον ἐξέπεσον, ἀλλὰ καὶ τοῖς ὅλοις ἐσφάλισαν παρ' οὐδέν ἢ τὴν προειρημένην αἰτίαν. [5] διὸ δεῖ περὶ μηδὲν οὕτω σπουδάζειν καὶ προνοεῖσθαι τοὺς ἡγουμένους ὥς περὶ τοῦτο τὸ μέρος, ἵνα, καθ' ὅσον ἐστὶ δυνατόν, ὑπάρχῃ παρὰ τοῖς πολλοῖς ἐλπίς ὥς ἐξ ἴσου πᾶσι τῆς ὠφελείας οὔσης, ἐάν τις ὑποπίπτῃ τοιοῦτος καιρὸς. [6]

[1] πλὴν οἱ μὲν χιλιάρχοι τότε περὶ τὴν τῶν λαφύρων ἦσαν οἰκονομίαν· ὁ δὲ στρατηγὸς τῶν Ῥωμαίων, ἐπεὶ συνήχθη τὸ τῶν αἰχμαλώτων πλῆθος, ὃ συνέβη γενέσθαι μικρῷ λείπον τῶν μυρίων, συνέταξε χωρισθῆναι πρῶτον μὲν τοὺς πολιτικούς ἄνδρας τε καὶ γυναῖκας καὶ τὰ τούτων τέκνα, δεύτερον δὲ τοὺς χειροτέχνας. [7] γενομένου δὲ τούτου, τοὺς μὲν πολιτικούς παρακαλέσας εὐνοεῖν Ῥωμαίοις καὶ μνημονεύειν τῆς εὐεργεσίας ἀπέλυσε πάντας ἐπὶ τὰς ἰδίας οἰκήσεις. [8] οὗτοι μὲν οὖν ἅμα δακρύοντες καὶ χαίροντες ἐπὶ τῷ παραδόξῳ τῆς σωτηρίας, προσκυνήσαντες τὸν στρατηγὸν διελύθησαν· [9] τοῖς δὲ χειροτέχναις κατὰ τὸ παρὸν εἶπε διότι δημόσιοι τῆς Ῥώμης εἰσὶ· παρασχομένοις δὲ τὴν εὐνοίαν καὶ προθυμίαν ἐκάστοις κατὰ τὰς αὐτῶν τέχνας ἐπηγγείλατο τὴν ἐλευθερίαν, κατὰ νοῦν χωρήσαντος τοῦ πρὸς τοὺς Καρχηδονίους πολέμου. [10] καὶ τούτους μὲν ἀπογράφεσθαι προσέταξε πρὸς τὸν ταμίαν, συστήσας Ῥωμαϊκὸν ἐπιμελητὴν κατὰ τριάκοντα· τὸ γὰρ πᾶν πλῆθος ἐγένετο τούτων περὶ δισχιλίου. [11] ἐκ δὲ τῶν λοιπῶν αἰχμαλώτων ἐκλέξας τοὺς εὐρωστοτάτους καὶ τοῖς εἶδεσι καὶ ταῖς ἡλικίαις ἀκμαιοτάτους προσέμιξε τοῖς αὐτοῦ πληρώμασι, [12] καὶ ποιήσας ἡμιολίους τοὺς πάντας ναύτας ἢ πρόσθεν συνεπλήρωσε καὶ

τὰς αἰχμαλώτους νῆας, ὥστε τοὺς ἄνδρας ἐκάστῳ σκάφει βραχύ τι λείπειν τοῦ διπλασίου εἶναι τοὺς ὑπάρχοντας τῶν προγενομένων: [13] αἱ μὲν γὰρ αἰχμάλωτοι νῆες ἦσαν ὀκτωκαίδεκα τὸν ἀριθμόν, αἱ δ' ἐξ ἀρχῆς πέντε καὶ τριάκοντα. [14] παραπλησίως δὲ καὶ τούτοις ἐπηγγείλατο τὴν ἐλευθερίαν, παρασχομένοις τὴν αὐτῶν εὐνοίαν καὶ προθυμίαν, ἐπειδὴν κρατήσωσι τῷ πολέμῳ τῶν Καρχηδονίων. [15] τοῦτον δὲ χειρίσας τὸν τρόπον τὰ κατὰ τοὺς αἰχμαλώτους μεγάλην μὲν εὐνοίαν καὶ πίστιν ἐνεργάσατο τοῖς πολιτικοῖς καὶ πρὸς αὐτὸν καὶ πρὸς τὰ κοινὰ πράγματα, μεγάλην δὲ προθυμίαν τοῖς χειροτέχναις διὰ τὴν ἐλπίδα τῆς ἐλευθερίας. [16] ἡμιόλιον δὲ ποιήσας τὸ ναυτικὸν ἐκ τοῦ καιροῦ διὰ τὴν αὐτοῦ πρόνοιαν *** μετὰ δὲ ταῦτα Μάγωνα καὶ τοὺς ἅμα τούτῳ Καρχηδονίους ἐχώριζε. δύο μὲν γὰρ ἦσαν κατειλημμένοι τῶν ἐκ τῆς γερουσίας, πέντε δὲ καὶ δέκα τῶν ἐκ τῆς συγκλήτου. [2] καὶ τούτους μὲν συνέστησε Γαῖῳ Λαιλίῳ, συντάξας τὴν ἀρμόζουσαν ἐπιμέλειαν ποιεῖσθαι τῶν ἀνδρῶν: [3] ἐπὶ δὲ τούτοις τοὺς ὁμήρους προσεκαλέσατο, πλείους ὄντας τῶν τριακοσίων. καὶ τοὺς μὲν παῖδας καθ' ἓνα προσαγαγόμενος καὶ καταψήσας θαρρεῖν ἐκέλευε, διότι μετ' ὀλίγας ἡμέρας ἐπόψονται τοὺς αὐτῶν γονεῖς: [4] τοὺς δὲ λοιποὺς ὁμοῦ παρεκάλεσε πάντας θαρρεῖν καὶ γράφειν αὐτοὺς [5] εἰς τὰς ἰδίας πόλεις πρὸς αὐτῶν ἀναγκαίους πρῶτον μὲν ὅτι σφύζονται καὶ καλῶς αὐτοῖς ἐστί, δεύτερον δὲ διότι θέλουσι Ῥωμαῖοι πάντας αὐτοὺς εἰς τὴν οἰκειάν ἀποκαταστήσαι μετ' ἀσφαλείας, ἐλομένων τῶν ἀναγκαίων σφίσι τὴν πρὸς Ῥωμαίους συμμαχίαν. [6] ταῦτα δ' εἰπὼν, καὶ παρεσκευακῶς πρότερον ἐκ τῶν λαφύρων τὰ λυσιτελέστερα πρὸς τὴν ἐπίνοιαν, τότε κατὰ γένη καὶ καθ' ἡλικίαν ἐκάστοις ἐδωρεῖτο τὰ πρέποντα, ταῖς μὲν παισὶ κόνους καὶ ψέλλια, τοῖς δὲ νεανίσκοις ῥαμφὰς καὶ μαχαίρας. ἐκ δὲ τῶν αἰχμαλωτῶν τῆς Μανδονίου γυναικός, [7] ὃς ἦν ἀδελφὸς Ἀνδοβάλου τοῦ τῶν Ἰλεργητῶν βασιλέως, προσπεσούσης αὐτῷ καὶ δεομένης μετὰ δακρύων ἐπιστροφὴν ποιήσασθαι τῆς αὐτῶν εὐσχημοσύνης ἀμείνω Καρχηδονίων, συμπαθὲς γενόμενος ἤρετο τί λείπει τῶν ἐπιτηδείων αὐταῖς: [8] καὶ γὰρ ἦν ἡ γυνὴ πρεσβυτέρα καὶ τινα προστασίαν ἀξιοματικὴν ἐπιφαίνουσα. [9] τῆς δὲ κατασιωπώσης ἐκάλει τοὺς πρὸς τὴν ἐπιμέλειαν τῶν γυναικῶν ἀποτεταγμένους. [10] ὧν παραγενομένων καὶ διασαφούντων ὅτι πάντα τὰ δέοντα δαψιλῶς αὐταῖς παρασκευάζοιεν, πάλιν ὁμοίως ἀψαμένης αὐτοῦ τῶν γονάτων τῆς γυναικός καὶ τὸν αὐτὸν εἰπούσης λόγον, μᾶλλον ἔτι διαπορήσας

ὁ Πόπλιος, καί τινα λαβὼν ἔννοιαν ὡς ὀλιγορούντων καὶ ψευδῶς πρὸς τὸ παρὸν ἀποφαινομένων τῶν πρὸς τὴν ἐπιμέλειαν ἀποτεταγμένων, θαρρεῖν ἐκέλευε τὰς γυναῖκας: [11] αὐτὸς γὰρ ἐτέρους ἐπιστήσιν τοὺς φροντιοῦντας ἵνα μηδὲν αὐτὰς ἐλλείπη τῶν ἐπιτηδείων. ἡ δ' ἐπισχοῦσα μικρὸν “ [12] 3Οὐκ ὀρθῶς”3 ἔφη “3στρατηγέ, τοὺς ἡμετέρους ἐκδέχη λόγους, εἰ νομίζεις ἡμᾶς ὑπὲρ τῆς γαστρὸς δεῖσθαι σου νῦν” [13] 3. καὶ τότε λαβὼν ὁ Πόπλιος ἐν νῶ τὸ βούλημα τῆς γυναικὸς, καὶ θεωρῶν ὑπὸ τὴν ὄψιν τὴν ἀκμὴν τῶν Ἀνδοβάλου θυγατέρων καὶ πλειόνων ἄλλων δυναστῶν, ἠναγκάσθη δακρῦσαι, τῆς γυναικὸς ἐν ὀλίγῳ τὴν τῆς περιστάσεως ἔμφασιν ὑποδεικνυούσης. [14] διὸ δὴ καὶ τότε φανερὸς γενόμενος ὅτι συνῆκε τὸ ῥηθέν, καὶ λαβόμενος τῆς δεξιᾶς, θαρρεῖν αὐτὴν τε ταύτην ἐκέλευε καὶ τὰς ἄλλας ὁμοίως: [15] ποιήσεσθαι γὰρ πρόνοιαν ὡς ἰδίων ἀδελφῶν καὶ τέκνων, συστήσεσθαι δὲ καὶ πρὸς τὴν τούτων ἐπιμέλειαν ἀκολούθως τοῖς προειρημένοις πιστοῦς ἄνδρας.

[1] μετὰ ταῦτα παρεδίδου τοῖς ταμίαις [τὰ χρήματα], ὅσα δημόσια κατελήφθη τῶν Καρχηδονίων. [2] ἦν δὲ ταῦτα πλείω τῶν ἑξακοσίων ταλάντων, ὥστε προστεθέντων τούτων οἷς παρῆν αὐτὸς ἐκ Ῥώμης ἔχων τετρακοσίους, τὴν ὅλην παράθεσιν αὐτῷ γενέσθαι τῆς χορηγίας πλείω τῶν χιλίων. [3]

[1] κατὰ δὲ τὸν καιρὸν τοῦτον νεανίσκοι τινὲς τῶν Ῥωμαίων ἐπιτυχόντες παρθένῳ κατὰ τὴν ἀκμὴν καὶ κατὰ τὸ κάλλος διαφερούσῃ τῶν ἄλλων γυναικῶν, καὶ συνιδόντες φιλογύνῃν ὄντα τὸν Πόπλιον, ἤκον αὐτὴν ἄγοντες καὶ παραστήσαντες ἔφασκον αὐτῷ δωρεῖσθαι τὴν κόρην. [4] ὁ δὲ καταπλαγεὶς καὶ θαυμάσας τὸ κάλλος, ἰδιώτης μὲν ὢν οὐδεμίαν ἥδιον ἂν ἔφη δέξασθαι ταύτης τῆς δωρεᾶς, στρατηγὸς δ' ὑπάρχων οὐδ' ὁποῖαν ἤττον, [5] ὥς μὲν ἐμοὶ δοκεῖ, τοῦτ' αἰνιττόμενος διὰ τῆς ἀποφάσεως, διότι κατὰ μὲν τὰς ἀναπαύσεις ἐνίοτε καὶ ῥαθυμίας ἐν τῷ ζῆν ἡδίστας τοῖς νέοις ἀπολαύσεις τὰ τοιαῦτα παρέχεται καὶ διατριβάς, ἐν δὲ τοῖς τοῦ πράττειν καιροῖς μέγιστα γίνεται καὶ κατὰ σῶμα καὶ κατὰ ψυχὴν ἐμπόδια τοῖς χρωμένοις. [6] τοῖς μὲν οὖν νεανίσκοις ἔφη χάριν ἔχειν, τὸν δὲ τῆς παρθένου πατέρα καλέσας καὶ δοὺς αὐτὴν ἐκ χειρὸς ἐκέλευε συνοικίζειν ὃ ποτ' ἂν προαιρῆται τῶν πολιτῶν. [7] δι' ὧν καὶ τὰ τῆς ἐγκρατείας καὶ τὰ τῆς μετριότητος ἐμφαίνων μεγάλην ἀποδοχὴν ἐνειργάζετο τοῖς ὑποταττομένοις. ταῦτα δὲ διοικησάμενος, [8] καὶ τὰ λοιπὰ τῶν αἰχμαλώτων παραδοὺς τοῖς χιλιάρχοις, ἐξέπεμψε Γάιον

τὸν Λαίλιον ἐπὶ πεντήρους εἰς τὴν Ῥώμην, τοὺς τε Καρχηδονίους συστήσας καὶ τῶν ἄλλων αἰχμαλώτων τοὺς ἐπιφανεστάτους, δηλώσοντα τοῖς ἐν τῇ πατρίδι τὰ γεγονότα. [9] τὸ γὰρ πλεῖον αὐτῶν ἤδη τὰ κατὰ τὴν Ἰβηρίαν ἀπηλπικόντων, σαφῶς ἤδει διότι τούτων προσαγγελθέντων αὐθις ἀναθαρρήσαντες πολλαπλασίως συνεπιλήψονται τῶν πραγμάτων. αὐτὸς δὲ χρόνον μὲν τιν' ἐν τῇ Καρχηδόνι τὰς τε ναυτικὰς δυνάμεις ἐγύμναζε συνεχῶς καὶ τοῖς χιλιάρχοις ὑπέδειξε τοιοῦτόν τινα τρόπον τῆς τῶν πεζικῶν στρατοπέδων γυμνασίας. [2] τὴν μὲν πρώτην ἡμέραν ἐκέλευσε τροχάζειν ἐπὶ τριάκοντα σταδίου ἐν τοῖς ὅπλοις, τὴν δὲ δευτέραν πάντας ἐκτρίβειν καὶ θεραπεύειν καὶ κατασκοπεῖν ἐν τῷ φανερῷ τὰς πανοπλίας, τῇ δ' ἐξῆς ἀναπαύεσθαι καὶ ῥαθυμεῖν, [3] τῇ δὲ μετὰ ταύτην τοὺς μὲν μαχαιομαχεῖν ξυλίναις ἐσκυτωμέναις μετ' ἐπισφαιρῶν μαχαίραις, τοὺς δὲ τοῖς ἐσφαιρωμένοις γρόσφοις ἀκοντίζειν, τῇ δὲ πέμπτῃ πάλιν ἐπὶ τοὺς αὐτοὺς δρόμους καὶ τὴν ἀρχὴν ἐπανάγειν. [4] ἵνα δὲ μήτε τῶν πρὸς τὰς μελέτας ὅπλων μήτε τῶν πρὸς τὴν ἀλήθειαν μηδὲν ἐλλείπῃ, τὴν πλείστην ἐποιεῖτο σπουδὴν πρὸς τοὺς χειροτέχνους. [5] κατὰ μέρος μὲν οὖν ἄνδρας ἐπιμελεῖς ἐφεστιάκει πρὸς ταύτην τὴν χρεῖαν, καθάπερ ἐπάνω προεῖπον· αὐτὸς δὲ καθ' ἡμέραν ἐπεπορεύετο, καὶ δι' αὐτοῦ τὰς χορηγίας ἐκάστοις παρεσκεύαζε. [6] λοιπὸν τῶν μὲν πεζικῶν στρατοπέδων κατὰ τοὺς πρὸ τῆς πόλεως τόπους χρωμένων ταῖς μελέταις καὶ ταῖς γυμνασίαις, τῶν δὲ ναυτικῶν δυνάμεων κατὰ θάλατταν ταῖς ἀναπείραις καὶ ταῖς εἰρεσίαις, τῶν δὲ κατὰ τὴν πόλιν ἀκονόντων τε καὶ χαλκευόντων καὶ τεκταινομένων, καὶ συλλήβδην ἀπάντων σπουδαζόντων περὶ τὰς τῶν ὅπλων κατασκευάς, [7] οὐκ ἔσθ' ὅς οὐκ ἂν εἶπε κατὰ τὸν Ξενοφῶντα τότε θεασάμενος ἐκείνην τὴν πόλιν ἐργαστήριον εἶναι πολέμου. [8] ἐπεὶ δ' αὐτῷ πάντα καλῶς ἐδόκει καὶ δεόντως ἐξησκῆσθαι τὰ πρὸς τὰς χρεῖας, μετὰ ταῦτα ταῖς τε φυλακαῖς καὶ ταῖς τῶν τειχῶν κατασκευαῖς ἀσφαλισάμενος τὰ κατὰ τὴν πόλιν, ἀνέξευξε καὶ τῇ πεζικῇ καὶ ναυτικῇ δυνάμει, καὶ προῆγε ποιούμενος τὴν πορείαν ὡς ἐπὶ Ταρράκωνος, ἔχων μεθ' αὐτοῦ καὶ τοὺς ὁμήρους.

[1] III. Res Graeciae ὅτι Εὐρυλέων ὁ τῶν Ἀχαιῶν στρατηγὸς ἄτολμος ἦν καὶ πολεμικῆς χρεῖας ἀλλότριος. [2] τοῦ δὲ καιροῦ τοῦ κατὰ τὴν διήγησιν ἐφεστακότος ἡμᾶς ἐπὶ τὴν ἀρχὴν τῶν Φιλοποίμενος πράξεων, καθήκειν ἡγοῦμεθα, καθάπερ καὶ περὶ τῶν

ἄλλων τῶν ἀξιολόγων ἀνδρῶν τὰς ἐκάστων ἀγωγὰς καὶ φύσεις ἐπειράθημεν ὑποδεικνύναι, καὶ περὶ τούτου ποιῆσαι τὸ παραπλήσιον. [3] καὶ γὰρ ἄτοπον τὰς μὲν τῶν πόλεων κτίσεις τοὺς συγγραφέας, καὶ πότε καὶ πῶς καὶ διὰ τίνων ἐκτίσθησαν, ἔτι δὲ τὰς διαθέσεις καὶ περιστάσεις μετ' ἀποδείξεως ἐξαγγέλλειν, τὰς δὲ τῶν τὰ ὅλα χειρισάντων ἀνδρῶν ἀγωγὰς καὶ ζήλους παρασιωπᾶν, καὶ ταῦτα τῆς χρείας μεγάλην ἐχούσης τὴν διαφοράν: [4] ὅσῳ γὰρ ἂν τις καὶ ζηλῶσαι καὶ μιμήσασθαι δυνηθεῖ μᾶλλον τοὺς ἐμψύχους ἄνδρας τῶν ἀψύχων κατασκευασμάτων, τοσοῦτ' καὶ τὸν περὶ αὐτῶν λόγον διαφέρειν εἰκὸς πρὸς ἐπανόρθωσιν τῶν ἀκούοντων. [5] εἰ μὲν οὖν μὴ κατ' ἰδίαν ἐπεποιήμεθα τὴν περὶ αὐτοῦ σύνταξιν, ἐν ᾗ διεσαφοῦμεν καὶ τίς ἦν καὶ τίνων καὶ τίσιν ἀγωγαῖς ἐχρήσατο νέος ὢν, ἀναγκαῖον ἦν ὑπὲρ ἐκάστου τῶν προειρημένων φέρειν ἀπολογισμὸν: [6] ἐπεὶ δὲ πρότερον ἐν τρισὶ βυβλίοις ἐκτὸς ταύτης τῆς συντάξεως τὸν ὑπὲρ αὐτοῦ πεποιήμεθα λόγον, τὴν τε παιδικὴν ἀγωγὴν διασαφοῦντες καὶ τὰς ἐπιφανεστάτας πράξεις, [7] δῆλον ὡς ἐν τῇ νῦν ἐξηγήσει πρέπον ἂν εἴη τῆς μὲν νεωτερικῆς ἀγωγῆς καὶ τῶν νεωτερικῶν ζήλων κατὰ μέρος ἀφελεῖν, τοῖς δὲ κατὰ τὴν ἀκμὴν αὐτοῦ κεφαλαιωδῶς ἐκεῖ δεδηλωμένοις ἔργοις προσθεῖναι καὶ κατὰ μέρος, ἵνα τὸ πρέπον ἑκατέρᾳ τῶν συντάξεων τηρῶμεν. ὥσπερ γὰρ ἐκεῖνος ὁ τόπος, [8] ὑπάρχων ἐγκωμιαστικός, ἀπῆται τὸν κεφαλαιώδη καὶ μετ' αὐξήσεως τῶν πράξεων ἀπολογισμὸν, οὕτως ὁ τῆς ἱστορίας, κοινὸς ὢν ἐπαίνου καὶ ψόγου, ζητεῖ τὸν ἀληθῆ καὶ τὸν μετ' ἀποδείξεως καὶ τῶν ἐκάστοις παρεπομένων συλλογισμῶν.

[1] Φιλοποιίμην τοίνυν πρῶτον μὲν ἔφω καλῶς: ἦν γὰρ ἐξ ἀνδρῶν τῶν ἐπιφανεστάτων κατ' Ἀρκαδίαν, τραφεὶς δὲ καὶ παιδευθεὶς ὑπὸ Κλέανδρον τὸν Μαντινέα, πατρικὸν μὲν αὐτῷ ξένον ὑπάρχοντα, φυγαδεύοντα δὲ κατ' ἐκείνους τοὺς καιροὺς, ὄντα δὲ Μαντινέων ἐπιφανέστατον. [2] μετὰ δὲ ταῦτα παραγενόμενος εἰς ἡλικίαν ἐγένετο ζηλωτῆς Ἐκδήμου καὶ Δημοφάνους, οἱ τὸ μὲν γένος ἦσαν ἐκ Μεγάλης πόλεως, φεύγοντες δὲ τοὺς τυράννους καὶ συμβιώσαντες Ἀρκεσίλᾳ τῷ φιλοσόφῳ κατὰ τὴν φυγὴν ἡλευθέρωσαν μὲν τὴν αὐτῶν πατρίδα, συστησάμενοι κατ' Ἀριστοδήμου τοῦ τυράννου πρᾶξιν, [3] συνεπελάβοντο δὲ καὶ τῆς καταλύσεως τοῦ Σικυωνίων τυράννου Νικοκλέους, κοινωνήσαντες Ἀράτῳ τῆς ἐπιβολῆς: ἔτι δὲ Κυρηναίων αὐτοὺς μεταπεμψαμένων ἐπιφανῶς προύστησαν καὶ διεφύλαξαν αὐτοῖς τὴν ἐλευθερίαν, [4] οἷς κατὰ τὴν πρώτην ἡλικίαν

ἐπὶ πολὺ συμβιώσας διέφερε μὲν εὐθέως τῶν καθ' αὐτὸν περί τε τὰς ἐν τοῖς κυνηγίοις κακοπαθείας καὶ τόλμας περί τε τὰς ἐν τοῖς πολεμικοῖς, [5] ἦν δὲ καὶ περὶ τὸν βίον ἐπιμελῆς καὶ λιτὸς κατὰ τὴν περικοπὴν, παρειληφὼς παρὰ τῶν προειρημένων ἀνδρῶν τοιαύτας τινὰς δόξας ὥς οὐχ οἶόν τε τῶν κοινῶν προστατεῖν καλῶς τὸν ὀλιγοῦντα τῶν κατὰ τὸν ἴδιον βίον, οὔτε μὴν ἀποσχέσθαι τῶν τῆς πατρίδος, ὅστις πολυτελέστερον ζῆ τῆς κατὰ τὴν ἰδίαν ὑπαρξιν χορηγίας. [6] πλὴν κατασταθεὶς ὑπὸ τῶν Ἀχαιῶν ἱπάρχης ἐν τοῖς προειρημένοις καιροῖς, καὶ παραλαβὼν τὰ συντάγματα τῶν ἱππέων παντὶ τρόπῳ κατεφθαρμένα καὶ τὰς ψυχὰς τῶν ἀνδρῶν ἡττημένας, [7] οὐ μόνον αὐτοὺς ἑαυτῶν βελτίους, ἀλλὰ καὶ τῶν ὑπεναντίων κρείττους ἐν ὀλίγῳ χρόνῳ κατεσκεύασε, πάντας εἰς ἀληθινὴν ἄσκησιν καὶ ζῆλον ἐπιτευκτικὸν ἐμβιβάσας. [8] τῶν μὲν γὰρ ἄλλων οἱ πλεῖστοι τῶν καθισταμένων ἐπὶ τὴν προειρημένην ἀρχὴν, οἱ μὲν διὰ τὴν ἰδίαν ἀδυναμίαν ἐν τοῖς ἱππικοῖς οὐδὲ τοῖς πλησίον τολμῶσιν οὐδὲν ὧν καθήκει προστατέειν, [9] οἱ δὲ τῆς στρατηγίας ὀρεγόμενοι διὰ ταύτης τῆς ἀρχῆς ἐξεριθεύονται τοὺς νέους καὶ παρασκευάζουσιν εὖνους συναγωνιστὰς εἰς τὸ μέλλον, οὐκ ἐπιτιμῶντες τῷ δεομένῳ, δι' οὗ τρόπου σῶζεται τὰ κοινά, ἀλλὰ συμπεριστελλόντες τὰς ἀμαρτίας καὶ μικρὰ χάριτι μεγάλα βλάπτοντες τοὺς πιστεύοντας. [10] εἰ δέ ποτε γένοιντο τῶν ἀρχόντων τινὲς τῇ τε κατὰ σῶμα χρειᾷ δυνατοὶ πρὸς τε τὸ τῶν κοινῶν ἀπέχεσθαι πρόθυμοι, πλείω κατὰ τῶν ὀλιγοῦντων διὰ τὴν κακοζηλωσίαν ἀπεργάζονται τοὺς πεζοὺς, ἔτι δὲ μᾶλλον τοὺς ἱππεῖς.

[1] ἦσαν δὲ κινήσεις, ἃς ὑπελάμβανε πρὸς πάντα καιρὸν ἀρμόζειν, αἷς ἔδει συνειθίσθαι τοὺς ἱππεῖς, αὗται: [2] αἱ καθ' ἵππον μὲν κλίσεις ἐφ' ἡνίαν καὶ πάλιν ἐπὶ δόρυ, πρὸς δὲ τούτοις ἀναστροφή καὶ μεταβολή, [3] κατ' οὐλαμὸν δ' ἐπιστροφή καὶ περισπασμός, ἔτι δ' ἐκπερισπασμός, [4] πρὸς δὲ τούτοις ἐξαγωγαὶ κατὰ λόχους καὶ διλοχίας ἀφ' ἑκατέρων τῶν κεράτων μετὰ τάχους, ποτὲ δ' ἀπὸ τῶν μέσων, καὶ συναγωγαὶ πάλιν μετ' ἐποχῆς εἰς οὐλαμούς, εἰς ἴλας, εἰς ἱππαρχίας, [5] ἐπὶ δὲ τούτοις ἐκτάξεις ἐφ' ἑκατέρων τῶν κεράτων ἢ διὰ παρεμβολῆς ἢ διὰ παραγωγῆς τῆς παρὰ τοὺς οὐραγούς. [6] τὰς μὲν γὰρ κατὰ περίκλασιν οὐ προσδεῖσθαι μελέτης ἔφη: σχεδὸν γὰρ ὥς ἂν εἰ πορείας ἔχειν διάθεσιν. [7] ἐκ δὲ τούτου τὰς ἐπαγωγὰς τὰς ἐπὶ τοὺς ἐναντίους καὶ τὰς ἀποχωρήσεις ἔδει συνεθίζειν ἐν πάσαις ταῖς κινήσεσιν ἐπὶ τοσοῦτον ὥστε δεινῷ τῷ τάχει προσάγειν, ἐφ' ὅσον

συζυγοῦντας καὶ συστοιχοῦντας διαμένειν, ἅμα δὲ καὶ τὰ διαστήματα κατὰ τοὺς οὐλαμοὺς τηρεῖν, [8] ὥς ἱππέων λευκώτων τὴν τάξιν τὴν ἐν οὐλαμοῖς, αἰρουμένων κινδυνεύειν, οὐδὲν ἐπισφαλέστερον ὑπάρχον οὐδ' ἀχρειότερον. [9] ταῦτα δ' ὑποδείξας τοῖς τε πολλοῖς καὶ τοῖς ἀποτελεῖσι, αὐθις ἐπεπορεύετο τὰς πόλεις, ἐξετάζων πρῶτον μὲν εἰ συμπεριφέρονθ' οἱ πολλοὶ τοῖς παραγγελλομένοις, δεύτερον δ' εἰ κρατοῦσιν οἱ κατὰ πόλεις ἄρχοντες τοῦ σαφῶς καὶ δεόντως διδόναι τὰ παραγγέλματα, [10] κρίνων πρὸς τὴν ἀλήθειαν οὐδὲν ἀναγκαιότερον εἶναι τῆς τῶν

[1] κατὰ μέρος ἡγεμόνων ἐμπειρίας. προκατασκευασάμενος δὲ τὰ προειρημένα τοῦτον τὸν τρόπον, συνῆγε τοὺς ἱππεῖς ἐκ τῶν πόλεων εἰς ἓνα τόπον, καὶ δι' αὐτοῦ τὰς κινήσεις ἐπετέλει καὶ τὸν ὅλον χειρισμὸν αὐτὸς ἐποιεῖτο τῆς ἐξοπλισίας, [2] οὐ προηγούμενος πάντων, ὅπερ οἱ νῦν ποιοῦσιν ἡγεμόνες, ὑπολαμβάνοντες ἡγεμονικὴν εἶναι τὴν πρώτην χώραν. [3] τί γὰρ ἀπειρότερον, ἅμα δ' ἐπισφαλέστερον ἄρχοντος, ὃς ὁρᾶται μὲν ὑπὸ πάντων τῶν ὑποτεταγμένων, ὁρᾷ δ' οὐδένα; [4] οὐ γὰρ στρατιωτικῆς ἐξουσίας, ἀλλ' ἡγεμονικῆς ἐμπειρίας, ἅμα δὲ δυνάμεως δεῖγμα δεῖ φέρειν τὸν ἱπάρχην ἐν ταῖς ἐξοπλισίαις, ποτὲ μὲν ἐν πρώτοις, ποτὲ δ' ἐν ἐσχάτοις, ποτὲ δὲ κατὰ μέσους γινόμενον. [5] ὅπερ ὁ προειρημένος ἀνὴρ ἐποίει, παριππεύων καὶ πάντας ἐφορῶν αὐτός, καὶ προσδιασαφῶν αὐτοῖς ἀποροῦσι καὶ διορθῶν ἐν ἀρχαῖς πᾶν τὸ διαμαρτανόμενον. [6] ἦν δὲ τὰ τοιαῦτα τελέως βραχέα καὶ σπάνια διὰ τὴν προγεγεννημένην ἐν τοῖς κατὰ μέρος ἐπιμέλειαν. [7] Δημήτριος ὁ Φαληρεὺς ἕως λόγου τὸ τοιοῦτον ὑπέδειξε, φήσας ὅτι καθάπερ ἐν οἰκοδομίαις, ἐὰν κατὰ μίαν πλίνθον θῆς καὶ καθ' ἓνα δόμον ἐπιμελείας τύχη τὸ παρατεθέν, οὕτως ἐν στρατοπέδῳ τὸ κατ' ἄνδρα καὶ κατὰ λόχον ἀκριβωθὲν ὅλην ποιεῖ τὴν δύναμιν ἰσχυράν. —

[3] νῦν δὲ παραπλησίως προκινδυνεύουσι μὲν Αἰτωλοὶ καὶ Πελοποννησίων οἱ τούτοις συμμαχοῦντες, ἐφεδρεύουσι δὲ Ῥωμαῖοι, φάλαγγοι ἔχοντες διάθεσιν. [4] καὶ μὲν οὗτοι πταίσαντες καταφθαρῶσιν, ἀναστρέψαντες ἐκ τῶν πραγμάτων ἀβλαβεῖς ἀπολυθήσονται Ῥωμαῖοι. [5] νικησάντων δὲ τούτων, ὃ μὴ

[1] πᾶσαν γὰρ δημοκρατικὴν συμμαχίαν καὶ φιλίας πολλῆς δεῖσθαι διὰ τὰς ἐν τοῖς πλήθεσι γινομένας ἀλογίας. — ὅτι Φίλιππος ὁ βασιλεὺς Μακεδόνων μετὰ τὸ ἐκτελέσαι τὸν τῶν Νεμέων ἀγῶνα αὐθις εἰς Ἄργος ἐπανῆλθε καὶ τὸ μὲν διάδημα καὶ τὴν πορφύραν ἀπέθετο, βουλόμενος αὐτὸν ἴσον τοῖς πολλοῖς καὶ πρᾶόν τινα καὶ δημοτικὸν ὑπογράφειν. [2] ὅσῳ δὲ τὴν ἐσθῆτα δημοτικωτέραν περιετίθετο, τοσοῦτῳ τὴν ἐξουσίαν ἐλάμβανε μείζω καὶ μοναρχικωτέραν. [3] οὐ γὰρ ἔτι τὰς χήρας ἐπεῖρα γυναικας οὐδὲ τὰς ὑπάνδρους ἤρκεῖτο μοιχεύων, ἀλλ' ἐκ προστάγματος ἦν αὐτῷ φανείη, προσπέμψας ἐκάλει, ταῖς δὲ μὴ προχείρως συνυπακουούσαις ἐνύβριζε, κώμους ποιούμενος ἐπὶ τὰς οἰκίας. [4] καὶ τῶν μὲν τοὺς υἱεῖς, τῶν δὲ τοὺς ἄνδρας ἀνακαλούμενος ἐπὶ προφάσεσιν ἀλόγοις διέσειε, καὶ πολλὴν ἀσέλγειαν ἐναπεδείκνυτο καὶ παρανομίαν. [9] καίπερ ἡμεῖς οὐκ ἐν τοῖς προοιμίοις, ὥσπερ τῶν λοιπῶν συγγραφέων, προφερόμεθα τὰς τοιαύτας διαλήψεις, ἀλλ' ἐπ' αὐτῶν τῶν πραγμάτων ἀεὶ τὸν καθήκοντα λόγον ἀρμόζοντες ἀποφαινόμεθα περὶ τε τῶν βασιλέων καὶ τῶν ἐπιφανῶν ἀνδρῶν, [10] νομίζοντες ταύτην οἰκειοτέραν εἶναι καὶ τοῖς γράφουσι καὶ τοῖς ἀναγινώσκουσι τὴν ἐπισημασίαν. IV. Res Asiae ἔστι τοῖνυν ἡ Μηδία κατὰ τε τὸ μέγεθος τῆς χώρας ἀξιοχρεωτάτη τῶν κατὰ τὴν Ἀσίαν δυναστειῶν καὶ κατὰ τὸ πλῆθος καὶ κατὰ τὰς ἀρετὰς τῶν ἀνδρῶν, ὁμοίως δὲ καὶ τῶν ἵππων: [2] τοῖς γὰρ ζώοις τούτοις σχεδὸν ἅπασαν χορηγεῖ τὴν Ἀσίαν τῷ καὶ τὰ βασιλικά συστήματα τῶν ἵπποτροφιῶν Μήδοις ἐπιτετράφθαι διὰ τὴν τῶν τόπων εὐφυΐαν. [6] κείται μὲν οὖν ὑπὸ τὴν παρώρειαν τὴν παρὰ τὸν Ὀρόντην, ἀτείχιστος οὖσα, ἄκραν δ' ἐν αὐτῇ χειροποίητον ἔχει, θαυμασίως πρὸς ὀχυρότητα κατεσκευασμένην. [7] ὑπὸ δὲ ταύτην ἐστὶ βασιλεία, περὶ ὧν καὶ τὸ λέγειν κατὰ μέρος καὶ τὸ παρασιωπᾶν ἔχει τιν' ἀπορίαν: [8] τοῖς μὲν γὰρ αἰρουμένοις τὰς ἐκπληκτικὰς τῶν διηγήσεων προφέρεσθαι καὶ μετ' αὐξήσεως ἓνια καὶ διαθέσεως εἰθισμένοις ἐξαγγέλλειν καλλίστην ὑπόθεσιν ἢ προειρημένη πόλιν ἔχει, τοῖς δ' εὐλαβῶς προσπορευομένοις πρὸς πᾶν τὸ παρὰ τὴν κοινὴν ἔννοιαν λεγόμενον ἀπορίαν παρασκευάζει καὶ δυσχρηστίαν. [9] πλὴν ἔστι γε τὰ βασιλεία τῷ μὲν μεγέθει σχεδὸν ἐπὶ σταδίων ἔχοντα τὴν περιγραφὴν, τῇ δὲ τῶν κατὰ μέρος κατασκευασμάτων πολυτελείᾳ μεγάλην ἐμφαίνοντα τὴν τῶν ἐξ ἀρχῆς καταβαλλομένων εὐκαιρίαν. [10] οὔσης γὰρ τῆς ξυλείας ἀπάσης κεδρίνης καὶ κυπαριττίνης, οὐδεμίαν αὐτῶν γεγυμνῶσθαι συνέβαινεν, ἀλλὰ καὶ τὰς δοκοὺς καὶ τὰ φατνώματα καὶ τοὺς κίονας τοὺς ἐν ταῖς στοαῖς καὶ περιστύλοις, τοὺς μὲν ἀργυραῖς, τοὺς δὲ χρυσαῖς λεπίσι περιειληφθαι, τὰς δὲ κεραμίδας ἀργυρᾶς εἶναι πάσας. [11] τούτων δὲ τὰ μὲν πλεῖστα συνέβη λεπισθῆναι κατὰ τὴν Ἀλεξάνδρου καὶ Μακεδόνων ἔφοδον, τὰ δὲ λοιπὰ κατὰ τὴν Ἀντιγόνου καὶ Σελεύκου τοῦ Νικάνορος δυναστείαν. [12] ὅμως δὲ κατὰ τὴν Ἀντιόχου παρουσίαν ὃ τε ναὸς αὐτὸς ὁ τῆς Αἴνης προσαγορευόμενος ἔτι τοὺς κίονας εἶχε τοὺς πέριξ κεχρυσωμένους, καὶ κεραμίδες ἀργυραῖ καὶ πλείους ἐν αὐτῷ συνετέθειντο, πλίνθοι δὲ χρυσαῖ τινες ὀλίγαι μὲν ἦσαν, ἀργυραῖ δὲ καὶ πλείους ὑπέμενον. [13] ἐκ δὲ πάντων τῶν προειρημένων τὸ χαραχθὲν εἰς τὸ βασιλικὸν ἠθροίσθη νόμισμα μικρῷ λείπον τετρακισχιλίων ταλάντων. —

[1] ἔως μὲν οὖν τούτων τῶν τόπων ἤλπισεν αὐτὸν ἦξιν Ἀρσάκης, τὴν δ' ἔρημον τὴν τούτοις πρόσχωρον οὐ τολμήσεν ἔτι δυνάμει τηλικαύτῃ διεκβαλεῖν, καὶ μάλιστα διὰ τὴν ἀνυδρίαν. [2] ἐπιτολῆς μὲν γὰρ οὐδέν ἐστι φαινόμενον ὕδωρ ἐν τοῖς προειρημένοις τόποις, ὑπόνομοι δὲ πλείους εἰσὶ καὶ διὰ τῆς ἐρήμου φρεατίας ἔχοντες ἀγνοουμένας τοῖς ἀπείροις. [3] περὶ δὲ τούτων ἀληθῆς παραδίδοται λόγος διὰ τῶν ἐγχωρίων, ὅτι καθ' οὓς χρόνους Πέρσαι τῆς Ἀσίας ἐπεκράτουν, ἔδωκαν τοῖς ἐπὶ τινας τόπους τῶν μὴ πρότερον

ἄρδευομένων ἐπείσαγομένοις ὕδωρ πηγαῖον ἐπὶ πέντε γενεὰς καρπεῦσαι τὴν χώραν: [4] ὅθεν ἔχοντος τοῦ Ταύρου πολλὰς καὶ μεγάλας ὑδάτων ἀπορρύσεις, πᾶσαν ἐπεδέχοντο δαπάνην καὶ κακοπάθειαν, ἐκ μακροῦ κατασκευάζοντες τοὺς ὑπονόμους, ὥστε κατὰ τοὺς νῦν καιροὺς μηδὲ τοὺς χρωμένους τοῖς ὕδασι γινώσκειν τὰς ἀρχὰς τῶν ὑπονόμων πόθεν ἔχουσι τὰς ἐπιρρύσεις. [5] πλὴν ὁρῶν Ἀρσάκης ἐπιβαλόμενον αὐτὸν τῇ διὰ τῆς ἐρήμου πορείᾳ, τὸ τηνικάδε χωννύειν καὶ φθεῖρην ἐνεχείρησε τὰς φρεατίας. [6] ὁ δὲ βασιλεὺς, ἐξαγγελθέντος αὐτῷ, πάλιν ἐξάπέστειλε τοὺς περὶ Νικομήδην μετὰ χιλίων ἱπέων, οἱ καὶ καταλαβόντες τὸν Ἀρσάκην μετὰ τῆς δυνάμεως ὑποκεχωρηκότα, τινὰς δὲ τῶν ἱπέων φθείροντας τὰ στόματα τῶν ὑπονόμων, τούτους μὲν ἐξ ἐφόδου τρεψάμενοι φυγεῖν ἠνάγκασαν, αὐτοὶ δὲ πάλιν ἀνεχώρησαν ὡς τὸν Ἀντίοχον. [7] ὁ δὲ βασιλεὺς διανύσας τὴν ἔρημον ἦκε πρὸς τὴν Ἑκατόμυλον προσαγορευομένην, ἣ κεῖται μὲν ἐν μέσῃ τῇ Παρθυηνῇ, τῶν δὲ διόδων τῶν φερουσῶν ἐπὶ πάντα τοὺς πέριξ τόπους ἐνταῦθα συμπιπτουσῶν ἀπὸ τοῦ συμβαίνοντος ὁ τόπος εἴληφε τὴν προσηγορίαν.

[1] πλὴν αὐτοῦ διαναπαύσας τὴν δύναμιν, καὶ συλλογισάμενος ὡς εἰ μὲν οἷός τ' ἦν Ἀρσάκης διὰ μάχης κρίνεσθαι πρὸς σφᾶς, οὐτ' ἂν ἐξεχώρει λιπὼν τὴν αὐτοῦ χώραν οὐτ' ἂν ἐπιτηδειότερους τόπους ἐζήτει πρὸς ἀγῶνα ταῖς σφετέραις δυνάμεσι τῶν περὶ τὴν Ἑκατόμυλον: [2] ἐπειδὴ δ' ἐκχωρεῖ, δηλὸς ἐστὶ τοῖς ὀρθῶς σκοπομένοις ἐπ' ἄλλης ὦν γνώμης: διόπερ ἔκρινε προάγειν εἰς τὴν Ὑρκανίαν. [3] παραγενόμενος δ' ἐπὶ Ταγάς, καὶ πυνθανόμενος τῶν ἐγγχωρίων τὴν τε δυσχέρειαν τῶν τόπων, οὓς ἔδει διεκβάλλειν αὐτόν, ἕως εἰς τὰς ὑπερβολὰς διεξίκοιτο τοῦ Λάβου τὰς νεοῦσας ἐπὶ τὴν Ὑρκανίαν, καὶ τὸ πλῆθος τῶν βαρβάρων τῶν κατὰ τόπους ἐφεστώτων ταῖς δυσχωρίαις αὐτοῦ, [4] προέθετο διατάττειν τὸ τῶν εὐζώνων πλῆθος καὶ τοὺς τούτων ἡγεμόνας μερίζειν, ὡς ἐκάστους δεήσει πορεύεσθαι, ὁμοίως δὲ καὶ τοὺς λειτουργοὺς, οὓς ἔδει παραπορευομένους τὸν καταλαμβανόμενον ὑπὸ τῶν εὐζώνων τόπον εὐβατον παρασκευάζειν τῇ τῶν φαλαγγιτῶν καὶ τῇ τῶν ὑποζυγίων πορείᾳ. [5] ταῦτα δὲ διανοηθεὶς τὴν μὲν πρώτην ἔδωκε τάξιν Διογένει, συστήσας αὐτῷ τοξότας καὶ σφενδονήτας καὶ τῶν ὀρείων τοὺς ἀκοντίζειν καὶ λιθάζειν δυναμένους, οἵτινες τάξιν μὲν οὐκ ἔνεμον, αἰεὶ δὲ πρὸς τὸν παρόντα καιρὸν καὶ τόπον κατ' ἄνδρα ποιοῦμενοι

τὸν κίνδυνον πραγματικωτάτην παρείχοντο χρεῖαν ἐν ταῖς δυσχωρίαις. [6] τούτοις δὲ συνεχεῖς Κρητὰς ἀσπιδιώτας ἐπέταξε περὶ δισχιλίους, ὧν ἡγεῖτο Πολυξενίδας Ῥόδιος, τελευταίους δὲ θωρακίτας καὶ θυρεοφόρους, ὧν εἶχον τὴν ἡγεμονίαν Νικομήδης Κῶος καὶ Νικόλαος Αἰτωλός.

[1] προαγόντων δὲ τούτων εἰς τὸ πρόσθεν, πολλῶ δυσχερεστέρας συνέβαινε φαίνεσθαι τὰς τῶν τόπων τραχύτητας καὶ στενότητας τῆς τοῦ βασιλέως προσδοκίας. [2] ἦν γὰρ τὸ μὲν ὅλον μήκος τῆς ἀναβάσεως περὶ τριακοσίους σταδίους· ταύτης δὲ τὸ πλεῖστον μέρος ἔδει ποιεῖσθαι τῆς πορείας διὰ χαράδρας χειμάρρου καὶ βαθείας, εἰς ἣν πολλὰ μὲν αὐτομάτως ἐκ τῶν ὑπερκειμένων κρημνῶν πέτραι κατενηνεγμένοι καὶ δένδρα δύσβατον ἐποιοῦν τὴν δι' αὐτῆς πορείαν, πολλὰ δ' ὑπὸ τῶν βαρβάρων εἰς τοῦτο τὸ μέρος συνηργεῖτο. [3] καὶ γὰρ ἐκκοπὰς δένδρων ἐπεποιήντο συνεχεῖς καὶ λίθων πλήθη μεγέθει διαφερόντων συνηθροΐκεισαν· αὐτοὶ τε παρ' ὅλην τὴν φάραγγα τὰς εὐκαίρους ὑπεροχὰς καὶ δυναμένας σφίσιν ἀσφάλειαν παρέχεσθαι κατειληφότες ἐτήρουν, ὥστ', εἰ μὴ διήμαρτον, ἐντελῶς ἂν ἐξαδυνατήσαντα τὸν Ἀντίοχον ἀποστήναι τῆς ἐπιβολῆς. [4] ὥς γὰρ δέον τοὺς πολεμίους πάντας κατ' ἀνάγκην ποιεῖσθαι δι' αὐτῆς τῆς φάραγγος τὴν ἀνάβασιν, οὕτως παρεσκευάσαντο καὶ πρὸς τοῦτο κατελάβοντο τοὺς τόπους. [5] ἐκεῖνο δ' οὐκ ἔβλεψαν ὅτι τὴν μὲν φάλαγγα καὶ τὴν ἀποσκευὴν οὐκ ἄλλως δυνατὸν ἦν, ἀλλ' ὥς ἐκεῖνοι διέλαβον, ποιεῖσθαι τὴν πορείαν· πρὸς γὰρ τὰ παρακείμενα τῶν ὁρῶν οὐχ οἷόν τ' ἦν τούτοις προσβαλεῖν, ἀλλὰ τοῖς ψιλοῖς καὶ τοῖς εὐζώνοις οὐκ ἀδύνατος ἦν ἡ δι' αὐτῶν τῶν λευκοπέτρων ἀναβολή. [6] ὅθεν ἅμα τῷ πρὸς τὸ πρῶτον φυλακεῖον προσμῖξαι τοὺς περὶ τὸν Διογένην, ἔξωθεν τῆς χαράδρας ποιουμένους τὴν ἀνάβασιν, ἀλλοιοτέραν ἐλάμβανε διάθεσιν. [7] εὐθέως γὰρ κατὰ τὴν συμπλοκὴν αὐτοῦ τοῦ πράγματος διδάσκοντος, ὑπερτιθέμενοι καὶ προσβαίνοντες πρὸς τὰ πλάγια τῶν χωρίων οἱ περὶ τὸν Διογένην, ὑπερδέξιοι τῶν πολεμίων ἐγίνοντο, καὶ χρώμενοι πυκνοῖς τοῖς ἀκοντίσμασι καὶ τοῖς ἐκ χειρὸς λίθοις κακῶς διετίθεσαν τοὺς βαρβάρους, καὶ μάλιστα ταῖς σφενδόναϊς ἐκακοποιοῦν ἐξ ἀποστήματος βάλλοντες. [8] ὅτε δὲ τοὺς πρώτους ἐκβιασάμενοι κατάσχοιεν τὸν τούτων τόπον, ἐδίδοδο τοῖς λειτουργοῖς καιρὸς εἰς τὸ πᾶν τὸ πρὸ ποδῶν ἀνακαθαίρειν καὶ λεαίνειν μετ' ἀσφαλείας. ἐγένετο δὲ τοῦτο ταχέως διὰ τὴν πολυχειρίαν. [9] οὐ μὴν ἀλλὰ τούτῳ τῷ τρόπῳ τῶν μὲν σφενδονητῶν

καὶ τοξοτῶν ἔτι δ' ἀκοντιστῶν κατὰ τοὺς ὑπερδεξίους τόπους πορευομένων σποράδην, ποτὲ δὲ συναθροιζομένων καὶ καταλαμβανομένων τοὺς εὐκαίρους τόπους, τῶν δ' ἀσπιδιωτῶν ἐφεδρευόντων, καὶ παρ' αὐτὴν τὴν χαράδραν παραπορευομένων ἐν τάξει καὶ βάδην, οὐκ ἔμενον οἱ βάρβαροι, πάντες δὲ λιπόντες τοὺς τόπους ἠθροίσθησαν ἐπὶ τὴν ὑπερβολήν.

[1] οἱ δὲ περὶ τὸν Ἀντίοχον ἀσφαλῶς διέβησαν τὰς δυσχωρίας τῷ προειρημένῳ τρόπῳ, βραδέως δὲ καὶ δυσχερῶς· μόλις γὰρ ὀγδοαῖοι πρὸς τὰς κατὰ τὸν Λάβον ὑπεροχὰς ἀφίκοντο. [2] τῶν δὲ βαρβάρων συνηθροισμένων ἐκεῖ, καὶ πεπεισμένων κωλύειν τῆς ὑπερβολῆς τοὺς πολεμίους, ἀγὼν συνέστη νεανικός. ἐξεώσθησαν δ' οἱ βάρβαροι διὰ τοιαύτας αἰτίας. [3] συστραφέντες γὰρ ἐμάχοντο πρὸς τοὺς φαλαγγίτας κατὰ πρόσωπον ἐκθύμως· τῆς δὲ νυκτὸς ἔτι τῶν εὐζώνων ἐκπεριελθόντων ἐκ πολλοῦ, καὶ καταλαβομένων τοὺς ὑπερδεξίους καὶ κατὰ νώτου τόπους, ἅμα τῷ συνιδεῖν οἱ βάρβαροι τὸ γεγονὸς εὐθέως πτοηθέντες ὥρμησαν πρὸς φυγὴν. [4] ὁ δὲ βασιλεὺς τὴν μὲν ἐπὶ πλεῖον ὀρμὴν τῶν διωκόντων παρακατέσχε μετὰ πολλῆς σπουδῆς, ἀνακαλεσάμενος ταῖς σάλπιγξι, διὰ τὸ βούλεσθαι καταβαίνειν ἄθρους καὶ συντεταγμένους εἰς τὴν Ὑρκανίαν. [5] συστησάμενος δὲ τὴν πορείαν ὡς ἐβούλετο καὶ παραγενόμενος ἐπὶ Τάμβρακα, πόλιν ἀτείχιστον, ἔχουσιν δὲ βασιλεία καὶ μέγεθος, αὐτοῦ κατεσκήνωσε. [6] τῶν δὲ πλείστων πεποιημένων τὴν ἀποχώρησιν ἔκ τε τῆς μάχης καὶ τῆς περικειμένης χώρας εἰς τὴν προσαγορευομένην Σίρυγκα πόλιν — συνέβαινε κεῖσθαι 'κείνην οὐ μακρὰν τῆς Τάμβρακος, εἶναι δὲ τῆς Ὑρκανίας ὡς ἂν εἰ βασιλείον διὰ τε τὴν ὀχυρότητα καὶ τὴν ἄλλην εὐκαιρίαν — [7] ἔκρινε ταύτην ἐξελεῖν μετὰ βίας. ἀναλαβὼν οὖν τὴν δύναμιν προῆγε, καὶ περιστρατοπεδεύσας ἤρχετο τῆς πολιορκίας. [8] ἦν δὲ τὸ πλεῖστον μέρος τῆς ἐπιβολῆς ἐν ταῖς χωστρίσι χελώναις. τάφροι γὰρ ἦσαν τριτταί, πλάτος μὲν οὐκ ἔλαττον ἔχουσαι τριάκοντα πηχῶν, βάθος δὲ πεντεκαίδεκα· ἐπὶ δὲ τοῖς χεῖλεσιν ἐκάστης ἐπέκειτο χαρακώματα διπλᾶ καὶ τελευταῖον προτείχισμα δυνατόν. [9] συμπλοκαὶ μὲν οὖν ἐγίνοντο συνεχεῖς ἐπὶ τῶν ἔργων, ἐν αἷς οὐκ ἦν οὐδὲν ἑκάτεροι φέροντες τοὺς νεκροὺς καὶ τοὺς τραυματίας διὰ τὸ μὴ μόνον ὑπὲρ γῆς, ἀλλὰ καὶ κατὰ γῆς διὰ τῶν ὀρυγμάτων ἐκ χειρὸς γίνεσθαι τοὺς κινδύνους. [10] οὐ μὴν ἀλλὰ τῷ πλήθει καὶ τῇ τοῦ βασιλέως ἐνεργείᾳ ταχέως συνέβη καὶ τὰς τάφρους χωσθῆναι καὶ τὸ τεῖχος πεσεῖν διὰ

τῶν ὀρυγμάτων. [11] οὐ συμβάντος διατραπέντες οἱ βάρβαροι τοῖς ὅλοις, καὶ τοὺς μὲν Ἑλληνας κατασφάζαντες τοὺς ἐν τῇ πόλει, τὰ δ' ἐπιφανέστατα τῶν σκευῶν διαρπάσαντες, νυκτὸς ἀπεχώρησαν. [12] ὁ δὲ βασιλεὺς συνθεασάμενος Ὑπερβασαν ἀπέστειλε μετὰ τῶν μισθοφόρων· οὐ συμμίζαντος οἱ βάρβαροι ρίψαντες τὰς ἀποσκευὰς αὐθις εἰς τὴν πόλιν ἔφυγον. [13] τῶν δὲ πελταστῶν ἐνεργῶς βιαζομένων διὰ τοῦ πτώματος, ἀπελπίσαντες σφᾶς αὐτοὺς παρέδοσαν.

[8] οὗ γενομένου καὶ τῶν ἄλλων Ἰβήρων συνέβη τοὺς πλείστους ἀπολιπεῖν Ἀσδρούβαν, πάλαι μὲν βαρυνομένους ὑπὸ τῆς τῶν Καρχηδονίων ἀγερωχίας, τότε δὲ πρῶτον καιρὸν λαβόντας εἰς τὸ φανερὰν ποιῆσαι τὴν αὐτῶν προαίρεσιν. ὁ δὲ καὶ περὶ πολλοὺς ἤδη γέγονε. μεγάλου γὰρ ὄντος, ὥς πλεονάκις ἡμῖν εἴρηται, τοῦ κατορθοῦν ἐν πράγμασι καὶ περιγίνεσθαι τῶν ἐχθρῶν ἐν ταῖς ἐπιβολαῖς, πολλῶ μείζονος ἐμπειρίας προσδεῖται καὶ φυλακῆς τὸ καλῶς χρήσασθαι τοῖς κατορθώμασι: [2] διὸ καὶ πολλαπλασίους ἂν εὖροι τις τοὺς ἐπὶ προτερημάτων γεγονότας τῶν καλῶς τοῖς προτερήμασι κεκρημένων. ὁ καὶ τότε περὶ τοὺς Καρχηδονίους συνέβη γενέσθαι. [3] μετὰ γὰρ τὸ νικῆσαι μὲν τὰς Ῥωμαίων δυνάμεις, ἀποκτεῖναι δὲ τοὺς στρατηγοὺς ἀμφοτέρους, Πόπλιον καὶ Γνάϊον, ὑπολαβόντες ἀδήριτον αὐτοῖς ὑπάρχειν τὴν Ἰβηρίαν, ὑπερηφάνως ἐχρῶντο τοῖς κατὰ τὴν χώραν. [2] ἐλύπει μὲν γὰρ αὐτὸν ἢ περὶ τὸν Ἀνδοβάλην ἀπόστασις, ἐλύπει δὲ καὶ τὰ κατὰ τὴν ἀντιπαραγωγὴν καὶ τὴν ἀλλοτριότητα τὴν ὑπάρχουσαν αὐτῷ πρὸς τοὺς ἄλλους στρατηγούς: ἡγωνία δὲ καὶ τὴν

Ποπλίου παρουσίαν. [3] καὶ τὸ λοιπὸν ἤδη προσδοκῶν αὐτὸν ἤξειν μετὰ τῶν δυνάμεων, θεωρῶν δ' αὐτὸν μὲν ἐγκαταλειπόμενον ὑπὸ τῶν Ἰβήρων, τοῖς δὲ Ῥωμαίοις πάντας ὁμοθυμαδὸν προσχωροῦντας, ἐπὶ τινὰς λογισμοὺς κατήντησε τοιούτους. [4] προέθετο γὰρ διότι δεῖ παρεσκευασμένον τὰ δυνατὰ συμβαλεῖν πρὸς μάχην τοῖς ὑπεναντίοις, κἂν μὲν ἡ τύχη δῶ τὸ νικᾶν, βουλευσασθαι μετὰ ταῦτα περὶ τῶν ἐξῆς ἀσφαλῶς· [5] ἂν δ' ἀντιπίπτῃ τὰ κατὰ τὴν μάχην, ποιεῖσθαι τὴν ἀποχώρησιν μετὰ τῶν διασωζομένων ἐξ αὐτῆς εἰς Γαλατίαν, κάκειθεν παραλαβόντα τῶν βαρβάρων ὡς πλείστους βοηθεῖν εἰς τὴν Ἰταλίαν καὶ κοινωνεῖν Ἀννίβᾳ τὰδελεφῶ τῶν αὐτῶν ἐλπίδων. [6]

[1] Ἀσδρούβας μὲν δὴ ταῦτα διανοηθεὶς πρὸς τοῦτοις ἦν· Πόπλιος δὲ προσδεξάμενος Γάιον τὸν Λαίλιον καὶ διακούσας τῶν παραγγελλομένων ὑπὸ τῆς συγκλήτου, προῆγε τὰς δυνάμεις ἀναλαβὼν ἐκ τῆς παραχειμασίας, ἀπαντώντων αὐτῷ κατὰ τὴν δίοδον τῶν Ἰβήρων, ἐτοίμως καὶ προθύμως συνεξορμώντων. [7] οἱ δὲ περὶ τὸν Ἀνδοβάλην πάλαι μὲν διεπέμποντο πρὸς τὸν Πόπλιον, τότε δὲ πλησιάσαντος αὐτοῦ τοῖς τόποις ἦκον ὡς αὐτὸν ἐκ τῆς παρεμβολῆς ἅμα τοῖς φίλοις, καὶ συμμίζαντες ἀπελογίσαντο περὶ τῆς προγεγεννημένης σφίσι φιλίας πρὸς Καρχηδονίους, ὁμοίως δὲ καὶ τὰς χρείας καὶ τὴν ὅλην πίστιν ἐνεφάνιζον, ἣν ἐτύγχανον ἐκείνοις παρεσχημένοι. [8] μετὰ δὲ ταῦτα τὰς ἀδικίας ἐξηγοῦντο καὶ τὰς ὕβρεις τὰς ἐξ ἐκείνων ἀπληντημένας. [9] διόπερ ἡξίουσαν τὸν Πόπλιον αὐτὸν κριτὴν γίνεσθαι τῶν λεγομένων, κἂν μὲν φανῶσιν ἀδίκως ἐγκαλοῦντες Καρχηδονίους, σαφῶς γινώσκειν αὐτὸν ὡς οὐδὲ τὴν πρὸς Ῥωμαίους δύνανται τηρεῖν πίστιν· [10] ἐὰν δὲ πολλὰς ἀδικίας ἀναλογιζόμενοι κατ' ἀνάγκην ἀφιστῶνται τῆς εὐνοίας τῆς ἐκείνων, καλὰς ἐλπίδας ἔχειν διότι νῦν ἐλόμενοι τὰ Ῥωμαίων βεβαίως τηρήσουσι τὴν πρὸς αὐτοὺς εὐνοίαν. καὶ πλείω πρὸς τοῦτο τὸ μέρος αὐτῶν διαλεχθέντων, ἐπεὶ κατέπαυσαν τὸν λόγον, μεταλαβὼν ὁ Πόπλιος καὶ τοῖς ὑπ' ἐκείνων εἰρημένοις ἔφη πιστεύειν, μάλιστα δὲ γινώσκειν τὴν Καρχηδονίων ὕβριν ἐκ τε τῆς εἰς τοὺς ἄλλους Ἰβήρας καὶ μάλιστα τῆς εἰς τὰς ἐκείνων γυναῖκας καὶ θυγατέρας ἀσελγείας, [2] ὥς αὐτὸς παρειληφῶς νῦν οὐχ ὁμήρων ἐχούσας διαθέσιν, ἀλλ' αἰχμαλώτων καὶ δούλων, οὕτως τετηρηκέναι τὴν πίστιν ὡς οὐδ' ἂν αὐτοὺς ἐκείνους τηρῆσαι πατέρας ὑπάρχοντας. [3] τῶν δ' ἀνθομολογησαμένων διότι παρακολουθοῦσι καὶ προσκυνησάντων

αὐτὸν καὶ προσφωνησάντων βασιλέα πάντων, οἱ μὲν παρόντες ἐπεσημήναντο τὸ ῥηθέν, ὁ δὲ Πόπλιος ἐντραπεῖς θαρρεῖν αὐτοῖς παρήγει: τεύξεσθαι γὰρ ἔφη σφᾶς ἀπάντων τῶν φιλανθρώπων ὑπὸ Ῥωμαίων. [4] καὶ παραυτίκα μὲν ἐκ χειρὸς τὰς θυγατέρας ἀπέδωκε, τῇ δ' ἐπαύριον ἐποιεῖτο τὰς συνθήκας πρὸς αὐτούς. [5] ἦν δὲ τὸ συνέχον τῶν ὁμολογηθέντων ἀκολουθεῖν τοῖς Ῥωμαίων ἄρχουσι καὶ πείθεσθαι τοῖς ὑπὸ τούτων παραγγελλομένοις. [6] γενομένων δὲ τούτων ἀναχωρήσαντες εἰς τὰς αὐτῶν παρεμβολὰς καὶ παραλαβόντες τὰς δυνάμεις, ἦκον πρὸς τὸν Πόπλιον, καὶ στρατοπεδεύσαντες ὁμοῦ τοῖς Ῥωμαίοις προῆγον ἐπὶ τὸν Ἀσδρούβαν. [7]

[1] ὁ δὲ τῶν Καρχηδονίων στρατηγὸς ἐτύγχανε μὲν διατρίβων ἐν τοῖς περὶ Κασταλῶνα τόποις περὶ Βαίκυλα πόλιν οὐ μακρὰν τῶν ἀργυρείων μετάλλων: [8] πυθόμενος δὲ τὴν παρουσίαν τῶν Ῥωμαίων μετεστρατοπέδευσε, καὶ λαβὼν ἐκ μὲν τῶν ὀπισθεν ποταμὸν ἀσφαλῆ, παρὰ δὲ τὴν κατὰ πρόσωπον πλευρὰν τοῦ χάρακος ἐπίπεδον τόπον, ὄφρυν προβεβλημένην ἔχοντα καὶ βάθος ἱκανὸν πρὸς ἀσφάλειαν καὶ μῆκος πρὸς ἑκταξιν, ἔμενεν ἐπὶ τῶν ὑποκειμένων, προτιθέμενος ἐπὶ τὴν ὄφρυν ἀεὶ τὰς ἐφεδρείας. [9] ὁ δὲ Πόπλιος ἐγγίσας προθύμως μὲν εἶχε πρὸς τὸ διακινδυνεύειν, ἀπόρως δὲ διέκειτο, θεωρῶν τοὺς τόπους εὐφυεῖς ὄντας πρὸς τὴν τῶν ἐναντίων ἀσφάλειαν. [10] οὐ μὴν ἀλλὰ προσανασχὼν δὴ ἡμέρας καὶ διαγωνιάσας μὴ συνεπιγενομένων τῶν περὶ τὸν Μάγωνα καὶ τὸν τοῦ Γέσκωνος Ἀσδρούβαν πανταχόθεν αὐτὸν οἱ πολέμιοι περιστῶσιν, ἔκρινε παραβάλλεσθαι καὶ καταπειράζειν τῶν ὑπεναντίων. τὴν μὲν οὖν ἄλλην δύναμιν ἐτοιμάσας πρὸς μάχην συνεῖχεν ἐν τῷ χάρακι, τοὺς δὲ γροσφομάχους καὶ τῶν πεζῶν τοὺς ἐπιλέκτους ἐξαφίεις ἐκέλευε προσβάλλειν πρὸς τὴν ὄφρυν καὶ καταπειράζειν τῆς τῶν πολεμίων ἐφεδρείας. [2] τῶν δὲ ποιούντων τὸ παραγγελλθὲν εὐψύχως, τὰς μὲν ἀρχὰς ὁ τῶν Καρχηδονίων στρατηγὸς ἐκαράδokei τὸ συμβαῖνον: θεωρῶν δὲ διὰ τὴν τόλμαν τῶν Ῥωμαίων τοὺς παρ' αὐτῶν πιεζομένους καὶ κακῶς πάσχοντας, ἐξῆγε τὴν δύναμιν καὶ παρενέβαλε παρὰ τὴν ὄφρυν, πιστεύων τοῖς τόποις. [3] κατὰ δὲ τὸν καιρὸν τοῦτον ὁ Πόπλιος τοὺς μὲν εὐζώνους ἅπαντας ἐπαφῆκε, συντάξας βοηθεῖν τοῖς προκινδυνεύουσι, τοὺς δὲ λοιποὺς ἐτοίμους ἔχων, τοὺς μὲν ἡμίσεις αὐτὸς ἔχων, περιελθὼν τὴν ὄφρυν κατὰ τὸ λαιὸν τῶν ὑπεναντίων, προσέβαλλε τοῖς Καρχηδονίοις, [4] τοὺς δ'

ἡμίσεις Λαιλίῳ δοὺς ὁμοίως παρήγγειλε τὴν ἔφοδον ἐπὶ τὰ δεξιὰ μέρη τῶν πολεμίων. [5] οὗ συμβαίνοντος ὁ μὲν Ἀσδρούβας ἀκμὴν ἐκ τῆς στρατοπεδείας ἐξῆγε τὴν δύναμιν· τὸν γὰρ πρὸ τούτου χρόνον ἐπέμενε πιστεύων τοῖς τόποις καὶ πεπεισμένος μηδέποτε τολμήσειν τοὺς πολεμίους ἐγχειρεῖν αὐτοῖς· διὸ παρὰ τὴν προσδοκίαν γεγενημένης τῆς ἐπιθέσεως καθυστέρει τῆς ἐκτάξεως. [6] οἱ δὲ Ῥωμαῖοι κατὰ κέρας ποιοῦμενοι τὸν κίνδυνον, οὐδέπω τῶν πολεμίων κατειληφόντων τοὺς ἐπὶ τῶν κεράτων τόπους, οὐ μόνον ἐπέβησαν ἀσφαλῶς ἐπὶ τὴν ὄφρυν, ἀλλὰ καὶ προσάγοντες ἔτι παρεμβαλλόντων καὶ κινουμένων τῶν ὑπεναντίων τοὺς μὲν αὐτῶν προσπίπτοντας ἐκ πλαγίων ἐφόνεον, τοὺς δὲ παρεμβάλλοντας ἐξ ἐπιστροφῆς φεύγειν ἠνάγκαζον. [7] Ἀσδρούβας δὲ κατὰ τοὺς ἐξ ἀρχῆς διαλογισμούς, θεωρῶν κλινούσας καὶ διατετραμμένας τὰς αὐτοῦ δυνάμεις, τὸ μὲν ψυχομαχεῖν μέχρι τῆς ἐσχάτης ἐλπίδος ἀπεδοκίμαζε, [8] λαβὼν δὲ τὰ τε χρήματα καὶ τὰ θηρία, καὶ τῶν φευγόντων ὅσους ἡδύνατο πλείστους ἐπισπασάμενος, ἐποιεῖτο τὴν ἀναχώρησιν παρὰ τὸν Τάγον ποταμὸν ὥς ἐπὶ τὰς Πυρήνης ὑπερβολὰς καὶ τοὺς ταύτη κατοικοῦντας Γαλάτας. [9] Πόπλιος δὲ τὸ μὲν ἐκ ποδὸς ἔπεσθαι τοῖς περὶ τὸν Ἀσδρούβαν οὐχ ἡγεῖτο συμφέρειν τῷ δεδιέναι τῶν ἄλλων στρατηγῶν τὴν ἔφοδον, τὸν δὲ χάρακα τῶν ὑπεναντίων ἐφῆκε τοῖς αὐτοῦ στρατιώταις διαρπάζειν.

[1] εἰς δὲ τὴν ἐπαύριον συναθροίσας τὸ τῶν αἰχμαλώτων πλῆθος, ὧν ἦσαν πεζοὶ μὲν εἰς μυρίους, ἵππεῖς δὲ πλείους δισχιλίων, ἐγίνετο περὶ τὴν τούτων οἰκονομίαν. [2] τῶν δ' Ἰβήρων ὅσοι κατὰ τοὺς προειρημένους τόπους Καρχηδονίοις τότε συνεμάχουν, ἦκον ἐγχειρίζοντες σφᾶς αὐτοὺς εἰς τὴν Ῥωμαίων πίστιν, κατὰ δὲ τὰς ἐντεύξεις βασιλέα προσεφώνουν τὸν Πόπλιον. [3] πρῶτον μὲν οὖν ἐποίησε τοῦτο καὶ προσεκύνησε πρῶτος Ἐδεκὼν, μετὰ δὲ τοῦτον οἱ περὶ τὸν Ἀνδοβάλην. τότε μὲν οὖν ἀνεπιστάτως αὐτὸν παρέδραμε τὸ ῥηθέν· [4] μετὰ δὲ τὴν μάχην ἀπάντων βασιλέα προσφωνούντων, εἰς ἐπίστασιν ἤγαγε τὸν Πόπλιον τὸ γινόμενον. [5] διὸ καὶ συναθροίσας τοὺς Ἰβηρας βασιλικὸς μὲν ἔφη βούλεσθαι καὶ λέγεσθαι παρὰ πᾶσι καὶ ταῖς ἀληθείαις ὑπάρχειν, βασιλεὺς γε μὴν οὐτ' εἶναι θέλειν οὔτε λέγεσθαι παρ' οὐδενί. ταῦτα δ' εἰπὼν παρήγγειλε στρατηγὸν αὐτὸν προσφωνεῖν. [6] ἴσως μὲν οὖν καὶ τότε δικαίως ἂν τις ἐπεσημῆνατο τὴν μεγαλοψυχίαν τάνδρός, ἧ κομιδῇ νέος ὢν καὶ τῆς τύχης αὐτῷ συνεκδραμούσης ἐπὶ τοσοῦτον ὥστε πάντας τοὺς ὑποταττομένους ἐξ

αὐτῶν ἐπὶ τε ταύτην κατενεχθῆναι τὴν διάληψιν καὶ τὴν ὀνομασίαν, ὅμως ἐν ἑαυτῷ διέμεινε καὶ παρητεῖτο τὴν τοιαύτην ὁρμὴν καὶ φαντασίαν. [7] πολὺ δὲ μᾶλλον ἂν τις θαυμάσειε τὴν ὑπερβολὴν τῆς περὶ τὸν ἄνδρα μεγαλοψυχίας, βλέψας εἰς τοὺς ἐσχάτους τοῦ βίου καιροὺς, ἡνίκα πρὸς τοῖς κατὰ τὴν Ἰβηρίαν ἔργοις κατεστρέψατο μὲν Καρχηδονίους, καὶ τὰ πλεῖστα καὶ κάλλιστα μέρη τῆς Λιβύης ἀπὸ τῶν Φιλαίνου βωμῶν ἕως Ἡρακλείων στηλῶν ὑπὸ τῆς πατρίδος ἐξουσίαν ἤγαγε, κατεστρέψατο δὲ τὴν Ἀσίαν καὶ τοὺς τῆς Συρίας βασιλεῖς, καὶ τὸ κάλλιστον καὶ μέγιστον μέρος τῆς οἰκουμένης ὑπήκοον ἐποίησε Ῥωμαίοις, ἔλαβε δὲ καιροὺς εἰς τὸ περιποιεῖσθαι δυναστείαν βασιλικὴν ἐν οἷς ἐπιβάλοιτο καὶ βουλευθεῖν τόποις τῆς οἰκουμένης. [8] ταῦτα γὰρ οὐ μόνον ἀνθρωπίνην φύσιν, ἀλλὰ καὶ θειοτέραν, εἰ θέμις εἰπεῖν, ὑπερφρονεῖν ἂν ἐποίησεν. [9] Πόπλιος δὲ τοσοῦτον ὑπερέθετο μεγαλοψυχία τοὺς ἄλλους ἀνθρώπους ὥς οὗ μείζον ἀγαθὸν εὖξασθαι τις τοῖς θεοῖς οὐ τολμήσειε, λέγω δὲ βασιλείας, τοῦτ' ἐκεῖνος πολλάκις ὑπὸ τῆς τύχης αὐτῷ δεδομένον ἀπηξίωσε, καὶ περὶ πλείονος ἐποιήσατο τὴν πατρίδα καὶ τὴν ταύτης πίστιν τῆς περιβλέπτου καὶ μακαριστῆς βασιλείας. [10] πλὴν τότε γε διαλέξας ἐκ τῶν αἰχμαλώτων τοὺς Ἰβήρας, τούτους μὲν ἀπέλυσε χωρὶς λύτρων πάντας εἰς τὰς ἑαυτῶν πατρίδας, τῶν δ' ἵππων τριακοσίους κελεύσας ἐκλέξαι τοῖς περὶ τὸν Ἀνδοβάλην τοὺς λοιποὺς διέδωκε τοῖς ἀνίπποις. [11] καὶ τὸ λοιπὸν ἤδη μεταλαβὼν τὴν τῶν Καρχηδονίων στρατοπεδείαν διὰ τὴν τῶν τόπων εὐφυΐαν, αὐτὸς μὲν ἔμενε караδοκῶν τοὺς καταλειπομένους τῶν Καρχηδονίων στρατηγούς, ἐπὶ δὲ τὰς ὑπερβολὰς τῶν Πυρηναίων ὁρέων ἐξαπέστειλε τοὺς τηρήσοντας τὸν Ἀσδρούβαν. [12] μετὰ δὲ ταῦτα, τῆς ὥρας ἤδη συναπτούσης, ἀνεχώρησε μετὰ τῆς δυνάμεως εἰς Ταρράκων', ἐν τούτοις τοῖς τόποις ποιεῖσθαι τὴν παραχειμασίαν.

[1] VII. Res Graeciae οἱ μὲν Αἰτωλοί, προσφάτως ἐπληρόμενοι ταῖς ἐλπίσιν ἐπὶ τῇ Ῥωμαίων καὶ τῇ τοῦ βασιλέως Ἀττάλου παρουσίᾳ, πάντας ἐξέπληττον καὶ πᾶσιν ἐπέκειντο κατὰ γῆν, οἱ δὲ περὶ τὸν Ἄτταλον καὶ Πόπλιον κατὰ θάλατταν. [2] διόπερ ἦκον Ἀχαιοὶ μὲν παρακαλοῦντες τὸν Φίλιππον βοηθεῖν: οὐ γὰρ μόνον τοὺς Αἰτωλοὺς ἡγωνίων, ἀλλὰ καὶ τὸν Μαχανίδαν διὰ τὸ προκαθῆσθαι μετὰ τῆς δυνάμεως ἐπὶ τοῖς τῶν Ἀργείων ὅροις. [3] Βοιωτοὶ δὲ δεδιότες τὸν στόλον τῶν ὑπεναντίων, ἡγεμόνα καὶ βοηθίαν ἤτουν. φιλοπονώτατά γε μὴν οἱ τὴν Εὐβοίαν κατοικοῦντες ἡξίουσαν ἔχειν τινὰ πρόνοιαν τῶν

πολεμίων. παραπλήσια δ' Ἀκαρνᾶνες παρεκάλουν. [4] ἦν δὲ καὶ παρ' Ἑπειρωτῶν πρεσβεία. προσήγγελτο δὲ καὶ Σκερδιλαῖδαν καὶ Πλευράτον ἐξάγειν τὰς δυνάμεις· ἔτι δὲ τοὺς προσοροῦντας τῇ Μακεδονίᾳ Θράκας, καὶ μάλιστα τοὺς Μαιδούς, ἐπιβολὰς ἔχειν ὡς ἐμβαλοῦντας ἐπὶ Μακεδονίαν, ἐὰν βραχὺ τι μόνον ὁ βασιλεὺς τῆς οἰκείας ἀποσπασθῇ. [5] προκατελάμβανον δὲ καὶ τὰ περὶ Θερμοπύλας στενὰ τάφροις καὶ χάρακι καὶ φυλακαῖς βαρεῖαις Αἰτωλοί, πεπεισμένοι συγκλείειν τὸν Φίλιππον καὶ καθόλου κωλύειν παραβοηθεῖν τοῖς ἐντὸς Πυλῶν συμμάχοις. [6] δοκεῖ δέ μοι τὰς τοιαύτας περιστάσεις εὐλόγως ἂν τις ἐπισημήνασθαι καὶ συνεφιστάνειν τοὺς ἀναγινώσκοντας, ἐν αἷς πείρα καὶ βάσανος ἀληθινὴ γίνεται κατὰ τὰς τε ψυχικὰς ὁρμὰς καὶ τὰς σωματικὰς δυνάμεις τῶν ἡγεμόνων. [7] καθάπερ γὰρ ἐν ταῖς κυνηγεσίαις τὰ ζῷα τότε διάδηλα γίνεται κατὰ τὴν ἀλκὴν καὶ τὴν δύναμιν, ὅταν τὸ δεινὸν αὐτὰ περιστῇ πανταχόθεν, τὸν αὐτὸν τρόπον συμβαίνει καὶ ἐπὶ τῶν ἡγουμένων. ὁ δὴ τότε μάλιστα συνιδεῖν ἦν γινόμενον ὑπὸ τοῦ Φιλίππου· [8] τὰς μὲν γὰρ πρεσβείας ἀπέλυσε πάσας, ἐκάστοις τὰ δυνατὰ ποιήσκειν ἐπαγγειλάμενος, τῷ δὲ πολέμῳ πανταχόθεν ἐπέιχε, караδοκῶν πῇ καὶ πρὸς τίνα πρῶτον δεήσει

[1] ποιεῖσθαι τὴν ὁρμὴν. προσπεσόντος δ' αὐτῷ κατὰ τὸν καιρὸν τοῦτον τοὺς περὶ τὸν Ἄτταλον διάραντας καὶ προσορμήσαντας τῇ Πεπαρήθῳ κατεσχηκέναι τὴν χώραν, τούτοις μὲν ἐξαπέστειλε τοὺς παραφυλάζοντας τὴν πόλιν, [2] εἰς δὲ Φωκέας καὶ τοὺς κατὰ τὴν Βοιωτίαν τόπους Πολυφάνταν ἐξέπεμψε μετὰ συμμέτρου δυνάμεως, εἰς δὲ Χαλκίδα καὶ τὴν ἄλλην Εὐβοίαν Μένιππον, ἔχοντα πελταστὰς χιλίους, Ἀγριᾶνας πεντακοσίους. [3] αὐτὸς δὲ προῆγε ποιούμενος τὴν πορείαν εἰς Σκοτοῦσαν, παραπλησίως δὲ καὶ τοῖς Μακεδόσιν εἰς ταύτην τὴν πόλιν παρήγγειλεν ἀπαντᾶν. [4] πυθόμενος δὲ τοὺς περὶ τὸν Ἄτταλον εἰς Νίκαιαν καταπεπλευκέναι, τῶν δ' Αἰτωλῶν τοὺς ἄρχοντας εἰς Ἡράκλειαν ἀθροίζεσθαι χάριν τοῦ κοινολογηθῆναι πρὸς ἀλλήλους ὑπὲρ τῶν ἐνεστώτων, ἀναλαβὼν τὴν δύναμιν ἐκ τῆς Σκοτούσης ὥρμησε σπεύδων καταταχῆσαι καὶ πτοήσας διασῶραι τὴν σύνοδον αὐτῶν. [5] τοῦ μὲν οὖν συλλόγου καθυστέρει, τὸν δὲ σῖτον φθείρας καὶ παρελόμενος τῶν περὶ τὸν Αἰνιάνα κόλπον κατοικοῦντων ἐπανήλθε. [6] καὶ τὴν μὲν δύναμιν ἐν τῇ Σκοτούσῃ πάλιν ἀπέλειπε, μετὰ δὲ τῶν εὐζώνων καὶ τῆς βασιλικῆς ἴλης εἰς Δημητριάδα καταλύσας ἔμενε, караδοκῶν τὰς τῶν ἐναντίων

ἐπιβολάς. [7] ἵνα δὲ μηδὲν αὐτὸν λανθάνῃ τῶν πραττομένων, διεπέμψατο πρὸς Πεπαρηθίους καὶ πρὸς τοὺς ἐπὶ τῆς Φωκίδος, ὁμοίως δὲ καὶ πρὸς τοὺς ἐπὶ τῆς Εὐβοίας, καὶ παρήγγειλε διασαφεῖν αὐτῷ πάντα τὰ γινόμενα διὰ τῶν πυρσῶν ἐπὶ τὸ Τίσαιον. τοῦτο δ' ἐστὶ τῆς Θετταλίας ὄρος, [8] εὐφυῶς κείμενον πρὸς τὰς τῶν προειρημένων τόπων περιφάσεις.

[1] τοῦ δὲ κατὰ τὰς πυρσείας γένους, μεγίστας δὴ παρεχομένου χρείας ἐν τοῖς πολεμικοῖς, ἀνεργάστου πρότερον ὑπάρχοντος, χρήσιμον εἶναί μοι δοκεῖ τὸ μὴ παραδραμεῖν, ἀλλὰ ποιήσασθαι περὶ αὐτοῦ τὴν ἀρμόζουσαν μνήμην. [2] ὅτι μὲν οὖν ὁ καιρὸς ἐν πᾶσι μεγάλην ἔχει μερίδα πρὸς τὰς ἐπιβολάς, μεγίστην δ' ἐν τοῖς πολεμικοῖς, παντὶ δῆλον: τῶν δὲ πρὸς τοῦτο συναγωνισμάτων πλείστην ἔχουσι δύναμιν οἱ πυρσοί. [3] ἄρτι γὰρ τὰ μὲν γέγονε, τινὰ δ' ἀκμὴν ἐνεργεῖται καὶ δυνατόν ἐστι γινώσκειν, ὃ μέλει, ποτὲ μὲν ἡμερῶν τριῶν ἢ τεττάρων ὁδὸν ἀπέχοντι, ποτὲ δὲ καὶ πλειόνων. [4] ὥστ' αἰεὶ τοῖς δεομένοις πράγμασιν ἐπικουρίας παράδοξον γίνεσθαι τὴν βοήθειαν διὰ τῆς τῶν πυρσῶν ἀπαγγελίας. [5] τὸν μὲν οὖν πρὸ τούτου χρόνον ἀπλῆς γινομένης τῆς πυρσείας κατὰ τὸ πλεῖστον αὐτὴν ἀνωφελῇ συνέβαινε γίνεσθαι τοῖς χρωμένοις. [6] διὰ γὰρ συνθημάτων ὠρισμένων ἔδει τὴν χρεῖαν συντελεῖν: τῶν δὲ πραγμάτων ἀορίστων ὑπαρχόντων τὰ πλεῖστα διέφυγε τὴν τῶν πυρσῶν χρεῖαν, οἷον ἐπ' αὐτῶν τῶν νῦν εἰρημένων. [7] ὅτι μὲν οὖν εἰς Ὠρεὸν καὶ Πεπάρηθον ἢ Χαλκίδα πάρεστι στόλος, δυνατόν ἦν διασαφεῖν τοῖς περὶ τούτου συνθεμένοις: [8] ὅτι δὲ μεταβάλλονται τινες τῶν πολιτῶν ἢ προδιδόασιν, ἢ φόνος ἐν τῇ πόλει γέγονεν, ἢ τι τῶν τοιούτων, ἃ δὴ συμβαίνει μὲν πολλάκις, πρόληψιν δ' ἔχειν πάντων ἀδύνατον — [9] μάλιστα δὲ τὰ παραδόξως γινόμενα τῆς ἐκ τοῦ καιροῦ συμβουλίας καὶ ἐπικουρίας προσδεῖται — τὰ τοιαῦτα πάντα διέφυγε τὴν τῶν πυρσῶν χρεῖαν. [10] περὶ ὧν γὰρ οὐκ ἐνεδέχeto προνοηθῆναι, περὶ τούτων οὐδὲ σύνθημα ποιήσασθαι δυνατόν.

[1] Αἰνείας δὲ βουλευθεὶς διορθώσασθαι τὴν τοιαύτην ἀπορίαν, ὁ τὰ περὶ τῶν Στρατηγικῶν ὑπομνήματα συντεταγμένος, βραχὺ μὲν τι προεβίβασε, τοῦ γε μὴν δέοντος ἀκμὴν πάμπολυ τὸ κατὰ τὴν ἐπίνοιαν ἀπελείφθη. [2] γνοίῃ δ' ἂν τις ἐκ τούτων. φησὶ γὰρ δεῖν τοὺς μέλλοντας ἀλλήλοις διὰ τῶν πυρσῶν δηλοῦν τὸ κατεπεῖγον ἀγγεῖα κατασκευάσαι κεραμεῖα, κατὰ τε τὸ πλάτος καὶ κατὰ τὸ βάθος

ισομεγέθη πρὸς ἀκρίβειαν: εἶναι δὲ μάλιστα τὸ μὲν βάθος τριῶν πηχῶν, τὸ δὲ πλάτος πήχεος. [3] εἶτα παρασκευάσαι φελλοὺς βραχὺ κατὰ πλάτος ἐνδεεῖς τῶν στομάτων, ἐν δὲ τούτοις μέσοις ἐμπεπηγέναι βακτηρίας διηρημένας εἰς ἴσα μέρη τριδάκτυλα, καθ' ἕκαστον δὲ μέρος εἶναι περιγραφὴν εὐσημον. [4] ἐν ἐκάστῳ δὲ μέρει γεγράφθαι τὰ προφανέστατα καὶ καθολικώτατα τῶν ἐν τοῖς πολεμικοῖς συμβαινόντων, οἷον εὐθέως ἐν τῷ πρώτῳ, διότι “ [5] πάρεισιν ἱππεῖς εἰς τὴν χώραν,” ἐν δὲ τῷ δευτέρῳ διότι “πεζοὶ βαρεῖς,” ἐν δὲ τῷ τρίτῳ “ψιλοί,” τούτων δ' ἐξῆς “ [6] πεζοὶ μεθ' ἱππέων,” εἶτα “πλοῖα,” μετὰ δὲ ταῦτα “σίτος,” καὶ κατὰ τὸ συνεχές οὕτω, μέχρις ἂν ἐν πάσαις γραφῇ ταῖς χώραις τὰ μάλιστ' ἂν ἐκ τῶν εὐλόγων προνοίας τυγχάνοντα καὶ συμβαίνοντα κατὰ τοὺς ἐνεστῶτας καιροὺς ἐκ τῶν πολεμικῶν. [7] τούτων δὲ γενομένων ἀμφοτέρω καλεῖται τρῆσαι τὰ ἀγγεῖα πρὸς ἀκρίβειαν, ὥστε τοὺς αὐλίσκους ἴσους εἶναι καὶ κατ' ἴσον ἀπορρεῖν: εἶτα πληρώσαντας ὕδατος ἐπιθεῖναι τοὺς φελλοὺς ἔχοντας τὰς βακτηρίας, κᾶπειτα τοὺς αὐλίσκους ἀφεῖναι ῥεῖν ἅμα. [8] τούτου δὲ συμβαίνοντος δηλὸν ὡς ἀνάγκη πάντων ἴσων καὶ ὁμοίων ὄντων, καθ' ὅσον ἂν ἀπορρέῃ τὸ ὑγρὸν, κατὰ τοσοῦτον τοὺς φελλοὺς καταβαίνειν καὶ τὰς βακτηρίας κρύπτεσθαι κατὰ τῶν ἀγγείων. [9] ὅταν δὲ τὰ προειρημένα γένηται κατὰ τὸν χειρισμὸν ἰσοταχῇ καὶ σύμφωνα, τότε κομίσαντας ἐπὶ τοὺς τόπους, ἐν οἷς ἑκάτεροι μέλλουσι συντηρεῖν τὰς πυρσείας, ἑκάτερον θεῖναι τῶν ἀγγείων. [10] εἴτ' ἐπ' ἂν ἐμπέσῃ τι τῶν ἐν τῇ βακτηρίᾳ γεγραμμένων, πυρσὸν ἄραι κελεύει, καὶ μένειν, ἕως ἂν ἀνταίρωσιν οἱ συντεταγμένοι: γενομένων δὲ φανερῶν ἀμφοτέρων ἅμα τῶν πυρσῶν καθελεῖν. εἴτ' εὐθέως ἀφεῖναι τοὺς αὐλίσκους ῥεῖν. [11] ὅταν δὲ καταβαίνοντος τοῦ φελλοῦ καὶ τῆς βακτηρίας ἔλθῃ τῶν γεγραμμένων ὁ βούλει δηλοῦν κατὰ τὸ χεῖλος τοῦ τεύχους, ἄραι κελεύει τὸν πυρσόν: [12] τοὺς δ' ἑτέρους ἐπιλαβεῖν εὐθέως τὸν αὐλίσκον, καὶ σκοπεῖν τί κατὰ τὸ χεῖλός ἐστι τῶν ἐν τῇ βακτηρίᾳ γεγραμμένων: [13] ἔσται δὲ τοῦτο τὸ δηλούμενον πάντων ἰσοταχῶς παρ' ἀμφοτέροις κινουμένων.

[1] ταῦτα δὲ βραχὺ μὲν τι τῆς διὰ τῶν συνθημάτων πυρσείας ἐξήλλαχεν, ἀκμὴν δ' ἐστὶν ἀόριστα. [2] δηλὸν γὰρ [ἔσται] ὡς οὔτε προῖδέσθαι τὰ μέλλοντα πάντα δυνατόν οὔτε προῖδόμενον εἰς τὴν βακτηρίαν γράψαι: λοιπὸν ὁπόταν ἐκ τῶν καιρῶν ἀνυπονόητά τινα συμβαίνει, φανερόν ὡς οὐ δύναται δηλοῦσθαι κατὰ ταύτην τὴν

ἐπίνοιαν. [3] καὶ μὴν οὐδ' αὐτῶν τῶν ἐν τῇ βακτηρίᾳ γεγραμμένων οὐδέν ἐστιν ὠρισμένον. πόσοι γὰρ ἤκουσιν ἱππεῖς ἢ πόσοι πεζοὶ καὶ ποῦ τῆς χώρας καὶ πόσαι νῆες καὶ πόσος σῖτος, οὐχ οἷόν τε διασαφεῖσαι. [4] περὶ γὰρ ὧν ἀδύνατον γνῶναι πρὶν ἢ γενέσθαι, περὶ τούτων οὐδὲ συνθέσθαι πρὸ τοῦ δυνατὸν. [5] τὸ δὲ συνέχον ἐστὶ τοῦτο: πῶς γὰρ ἂν τις βουλεύσαιο περὶ τοῦ βοηθεῖν μὴ γινώσκων πόσοι πάρεσι τῶν πολεμίων ἢ ποῦ; πῶς δὲ θαρρήσαι πάλιν ἢ τοῦναντίον ἢ καθόλου διανοηθεῖ τι μὴ συνεῖς πόσαι νῆες ἢ πόσος σῖτος ἥκει παρὰ τῶν συμμάχων; [6]

[1] ὁ δὲ τελευταῖος τρόπος, ἐπινοηθεὶς διὰ Κλεοξένου καὶ Δημοκλείου, τυχὼν δὲ τῆς ἐξεργασίας δι' ἡμῶν, πάντη πάντως μὲν ἐστὶν ὠρισμένος καὶ πᾶν τὸ κατεπεῖγον δυνάμενος ἀκριβῶς διασαφεῖν, κατὰ δὲ τὸν χειρισμὸν ἐπιμελείας δεῖ καὶ παρατηρήσεως ἀκριβεστέρας. [7] ἔστι δὲ τοιοῦτος. τὸ τῶν στοιχείων πλῆθος ἐξῆς δεῖ λαμβάνοντας διελεῖν εἰς πέντε μέρη κατὰ πέντε γράμματα. λείπει δὲ τὸ τελευταῖον ἐνὶ στοιχείῳ: τοῦτο δ' οὐ βλάπτει πρὸς τὴν χρεῖαν. [8] μετὰ δὲ ταῦτα πλατεῖα παρεσκευάσθαι πέντε τοὺς μέλλοντας ἀποδιδόναι τὴν πυρσεῖαν ἀλλήλοις ἐκατέρους καὶ γράψαι τῶν μερῶν ἐξῆς εἰς ἕκαστον πλατεῖον, [9] κᾶπειτα συνθέσθαι πρὸς αὐτοὺς διότι τοὺς μὲν πρώτους ἀρεῖ πυρσοὺς ὁ μέλλων σημαίνειν ἅμα καὶ δύο καὶ μενεῖ μέχρις ἂν ὁ ἕτερος ἀνταίρη. [10] τοῦτο δ' ἔσται χάριν τοῦ διὰ ταύτης τῆς πυρσεῖας ἑαυτοῖς ἀνθομολογήσασθαι διότι προσέχουσι. [11] καθαιρεθέντων δὲ τούτων λοιπὸν ὁ σημαίνων ἀρεῖ μὲν τοὺς πρώτους ἐκ τῶν εὐώνυμων, διασαφῶν τὸ πλατεῖον ποῖον δεήσει σκοπεῖν, οἷον ἐὰν μὲν τὸ πρῶτον, ἔν', ἂν δὲ τὸ δεῦτερον, δύο, καὶ κατὰ λόγον οὕτω: [12] τοὺς δὲ δευτέρους ἐκ τῶν δεξιῶν κατὰ τὸν αὐτὸν λόγον, ποῖον δεήσει γράμμα τῶν ἐκ τοῦ πλατείου γράφειν αὐτὸν ἀποδεχόμενον τὴν πυρσεῖαν. ὅταν δὲ ταῦτα συνθέμενοι χωρισθῶσιν, ἐκάτερον ἐπὶ τοῦ τόπου δεήσει πρῶτον μὲν διόπτραν ἔχειν δύ' αὐλίσκους ἔχουσαν, ὥστε τοῦ μέλλοντος ἀντιπυρσεύειν τῷ μὲν τὸν δεξιὸν τόπον, τῷ δὲ τὸν εὐώνυμον δύνασθαι θεωρεῖν. [2] παρὰ δὲ τὴν διόπτραν ἐξῆς ὀρθὰ δεῖ τὰ πλατεῖα πεπηγέναι, [3] παραπεφράχθαι δὲ καὶ τὸν δεξιὸν καὶ τὸν εὐώνυμον τόπον ἐπὶ δέκα πόδας, τὸ δὲ βάθος ὡς ἀνδρόμηκες, εἰς τὸ τοὺς πυρσοὺς αἰρομένους μὲν παρὰ ταῦτα τὴν φάσιν ἀκριβῆ ποιεῖν, καθαιρουμένους δὲ τὴν κρύψιν. [4] τούτων δ' ἐτοιμασθέντων παρ' ἀμφοτέροις, ὅταν βούλη δηλῶσαι λόγου χάριν διότι “τῶν στρατιωτῶν τινες εἰς ἑκατὸν

ἀποκεχωρήκασι πρὸς τοὺς ὑπεναντίους,” πρῶτον δεῖ διαλέξαι τῶν λέξεων, ὅσαι δι’ ἐλαχίστων γραμμάτων δύνανται ταὐτὸ δηλοῦν, [5] οἷον ἀντὶ τοῦ προειρημένου “Κρῆτες ἑκατὸν ἀφ’ ἡμῶν ἠϋτομόλησαν.” νῦν γὰρ τὰ μὲν γράμματα ἔστιν ἐλάττω τῶν ἡμίσεων, διασαφεῖται δὲ ταυτόν. [6] τούτου δὲ γραφέντος εἰς πινάκιον, οὕτω δηλωθήσεται τοῖς πυρσοῖς. πρῶτον δ’ ἔστι γράμμα τὸ κάππα: [7] τοῦτο δ’ ἔστιν ἐν τῇ δευτέρᾳ μερίδι καὶ τῷ δευτέρῳ πλατεῖῳ. δεήσει δὲ καὶ πυρσοὺς ἐκ τῶν εὐωνύμων δύο αἶρειν, ὥστε τὸν ἀποδεχόμενον γινώσκειν ὅτι δεῖ τὸ δεύτερον πλατεῖον ἐπισκοπεῖν. [8] εἴτ’ ἐκ τῶν δεξιῶν ἀρεῖ πέντε, διασαφῶν ὅτι κάππα: τοῦτο γὰρ πέμπτον ἔστι τῆς δευτέρας μερίδος, ὃ δεήσει γράφειν εἰς τὸ πινάκιον τὸν ἀποδεχόμενον τοὺς πυρσοὺς. [9] εἴτα τέτταρας ἐκ τῶν εὐωνύμων, ἐπεὶ τὸ ῥῶ τῆς τετάρτης ἔστι μερίδος. εἴτα δύο πάλιν ἐκ τῶν δεξιῶν: δεύτερον γὰρ ἔστι τῆς τετάρτης. ἐξ οὗ τὸ ῥῶ γράφει [ὁ δεχόμενος τοὺς πυρσοὺς]: καὶ τὰ λοιπὰ τὸν αὐτὸν τρόπον. [10] προδηλοῦται μὲν οὖν πᾶν τὸ προσπίπτον ὠρισμένως κατὰ ταύτην τὴν ἐπίνοιαν,

[1] πολλοὶ δὲ γίνονθ’ οἱ πυρσοὶ διὰ τὸ δεῖν ὑπὲρ ἐκάστου γράμματος διττὰς ποιεῖσθαι τὰς πυρσεῖας. [2] οὐ μὴν ἀλλ’ ἐάν τις εὐτρεπῇ ποιήσῃ τὰ πρὸς τὸ πρᾶγμα, δύναται γίνεσθαι τὸ δέον. [3] καθ’ ἑκατέραν δὲ τὴν ἐπίνοιαν προμελετᾶν δεῖ τοὺς χειρίζοντας, ἵνα τῆς χρείας γινομένης ἀδιαπτώτως δύνωνται διασαφεῖν ἀλλήλοις. [4] πηλίκην δὲ συμβαίνει φαίνεσθαι τὴν διαφορὰν ἐπὶ τῶν αὐτῶν πραγμάτων πρῶτον λεγομένων καὶ πάλιν κατὰ συνήθειαν γινομένων, ἐκ πολλῶν εὐχερὲς τῷ βουλομένῳ καταμαθεῖν. [5] πολλὰ γὰρ οὐ μόνον τῶν δυσχερῶν, ἀλλὰ καὶ τῶν ἀδυνάτων εἶναι δοκούντων κατὰ τὰς ἀρχάς, μετὰ ταῦτα χρόνου καὶ συνηθείας τυχόντα ῥᾶστα πάντων ἐπιτελεῖται. [6] τοῦ δὲ τοιούτου λόγου παραδείγματα μὲν πολλὰ καὶ ἕτερα πρὸς πίστιν, ἐναργέστατον δὲ τὸ γινόμενον ἐπὶ τῆς ἀναγνώσεως. [7] ἐπὶ γὰρ ἐκείνης, εἴ τις παραστησάμενος ἄνθρωπον ἄπειρον μὲν καὶ ἀσυνήθη γραμματικῆς, τᾶλλα δ’ ἀγχνίουν, κᾶπειτα παιδάριον ἔξιν ἔχον παραστήσας καὶ δοὺς βυβλίον κελεύει λέγειν τὰ γεγραμμένα, [8] δῆλον ὡς οὐκ ἂν δύναίτο πιστεῦσαι διότι δεῖ πρῶτον ἐπὶ τὰς ὀψεις τὰς ἐνὸς ἐκάστου τῶν γραμμάτων ἐπιστῆσαι τὸν ἀναγινώσκοντα, δεύτερον ἐπὶ τὰς δυνάμεις, τρίτον ἐπὶ τὰς πρὸς ἀλληλα συμπλοκάς, ὧν ἕκαστον ποσοῦ χρόνου τινὸς δεῖται. [9] διόπερ ὅταν ἀνεπιστάτως θεωρῇ τὸ παιδάριον ὑπὸ τὴν ἀναπνοὴν ἐπτά καὶ πέντε στίχους συνεῖρον, οὐκ ἂν εὐχερῶς δύναίτο πιστεῦσαι διότι

πρότερον οὗτος οὐκ ἀνέγνωκε τὸ βιβλίον: [10] εἰ δὲ καὶ τὴν ὑπόκρισιν καὶ τὰς διαιρέσεις, ἔτι δὲ δασύτητας καὶ ψιλότητας δύναιτο συσσωρεύειν, οὐδὲ τελέως. [11] διόπερ οὐκ ἀποστατέον οὐδενὸς τῶν χρησίμων διὰ τὰς προφαινομένας δυσχερείας, προσακτέον δὲ τὴν ἔξιν, ἥ πάντα τὰ καλὰ γίνεται θηρατὰ τοῖς ἀνθρώποις, ἄλλως τε καὶ περὶ τῶν τοιούτων, ἐν οἷς πολλάκις κεῖται τὸ συνέχον τῆς σωτηρίας. [12]

[1] ταῦτα μὲν οὖν κατὰ τὴν ἐξ ἀρχῆς ἐπαγγελίαν προήχθημεν εἰπεῖν. ἔφαμεν γὰρ πάντα τὰ θεωρήματα καθ' ἡμᾶς ἐπὶ τοσοῦτον εἰληφέναι τὰς προκοπὰς, ὥστε τῶν πλείστων τρόπον τινὰ μεθοδικὰς εἶναι τὰς ἐπιστήμας. [13] διὸ καὶ τοῦτο γίνεται τῆς δεόντως ἱστορίας συντεταγμένης ὠφελιμώτατον. VIII. *Res Asiae* οἱ δ' Ἀπασιάκαι κατοικοῦσι μὲν ἀνὰ μέσον Ὁξου καὶ Ταναΐδος, ὧν ὁ μὲν εἰς τὴν Ὑρκανίαν ἐμβάλλει θάλατταν, ὁ δὲ Ταναΐς ἐξίησιν εἰς τὴν Μαιῶτιν λίμνην: εἰσὶ δ' ἐκάτεροι κατὰ τὸ μέγεθος πλωτοί. [2] καὶ δοκεῖ θαυμαστὸν εἶναι πῶς οἱ Νομάδες περαιούμενοι τὸν Ὁξον εἰς τὴν Ὑρκανίαν ἔρχονται πεζῇ μετὰ τῶν ἵππων. [3] εἰσὶ δὲ δύο λόγοι περὶ τούτου τοῦ πράγματος, ὁ μὲν ἐπιεικής, ὁ δ' ἕτερος παράδοξος, οὐ μὴν ἀδύνατος. [4] ὁ γὰρ Ὁξος ἔχει μὲν ἐκ τοῦ Καυκάσου τὰς πηγὰς, ἐπὶ πολὺ δ' αὐξηθεὶς ἐν τῇ Βακτριανῇ, συρρεόντων εἰς αὐτὸν ὑδάτων, φέρεται διὰ πεδιάδος χώρας πολλῶ καὶ θολερῶ ρεύματι. [5] παραγενόμενος δ' εἰς τὴν ἔρημον ἐπὶ τινὰς πέτρας ἀπορρῶγας ἐξωθεῖ τὸ ρεῦμα τῇ βίᾳ διὰ τὸ πλῆθος καὶ τὴν καταφορὰν τῶν ὑπερκειμένων τόπων ἐπὶ τοσοῦτον ὥστε τῆς πέτρας ἐν τοῖς κάτω μέρεσι πλεῖον ἢ στάδιον ἀφάλλεσθαι τὴν καταφορὰν αὐτοῦ. [6] διὰ δὲ τούτου τοῦ τόπου φασὶ τοὺς Ἀπασιάκας παρ' αὐτὴν τὴν πέτραν ὑπὸ τὴν καταφορὰν τοῦ ποταμοῦ πεζεύειν μετὰ τῶν ἵππων εἰς τὴν Ὑρκανίαν. [7] ὁ δ' ἕτερος λόγος ἐπιεικεστέραν ἔχει τοῦ πρόσθεν τὴν ἀπόφασιν. τοῦ γὰρ ὑποκειμένου τόπου μεγάλους ἔχοντος πλαταμῶνας, εἰς οὓς καταρράττει, τούτους φασὶ τῇ βίᾳ τοῦ ρεύματος ἐκκοιλαινόντα καὶ διαρρηγνύντα κατὰ βάθος ὑπὸ γῆν φέρεσθαι τόπον οὐ πολὺν, εἴτ' ἀναφαίνεσθαι πάλιν. [8] τοὺς δὲ βαρβάρους διὰ τὴν ἐμπειρίαν κατὰ τὸν διαλείποντα τόπον ποιεῖσθαι τὴν δίοδον ἐπὶ τῶν ἵππων εἰς τὴν Ὑρκανίαν. —

[1] γενομένης δὲ τῆς προσαγγελίας διότι συμβαίνει τὸν μὲν Εὐθύδημον μετὰ τῆς δυνάμεως εἶναι περὶ Ταπουρίαν, μυρίους δ' ἵππεῖς προκαθίζεσθαι φυλάττοντας τὰς περὶ τὸν Ἄριον ποταμὸν

διαβάσεις, ἔκρινε τὴν πολιορκίαν ἀπογνοῦς ἔχεσθαι τῶν προκειμένων. [2] ἀπέχοντος δὲ τοῦ ποταμοῦ τριῶν ἡμερῶν ὁδόν, ἐπὶ μὲν ἡμέρας δύο σύμμετρον ἐποιήσατο τὴν πορείαν, τῇ δὲ τρίτῃ μετὰ τὸ δειπνῆσαι τοῖς ἄλλοις ἅμα τῷ φωτὶ ποιεῖσθαι παρήγγειλε τὴν ἀναζυγὴν, αὐτὸς δ' ἀναλαβὼν τοὺς ἵππείας καὶ τοὺς εὐζώνους, [3] ἅμα δὲ πελταστὰς μυρίου, προῆγε νυκτός, πορεύειν χρώμενος ἐνεργῶ. [4] τοὺς γὰρ ἵππεῖς ἐπυνθάνετο τῶν ὑπεναντίων τὰς μὲν ἡμέρας ἐφεδρεύειν παρὰ τὸ χεῖλος τοῦ ποταμοῦ, τὰς δὲ νύκτας ὑποχωρεῖν πρὸς τινα πόλιν οὐκ ἔλαττον εἴκοσι σταδίων διέχουσιν. διανύσας δὲ νύκτωρ τὴν καταλειπομένην ὁδόν, [5] ἅτε τῶν πεδίων ἵππασίμων ὑπαρχόντων, ἔφθασε περαιώσας τὸν ποταμὸν ἅμα τῷ φωτὶ τὸ πλεῖστον μέρος τῆς μεθ' ἑαυτοῦ δυνάμεως. [6] οἱ δὲ τῶν Βακτριανῶν ἵππεῖς, σημηνάντων αὐτοῖς τῶν σκοπῶν τὸ γεγονός, ἐξεβοήθουν, καὶ κατὰ πορείαν συνέμισγον τοῖς ὑπεναντίοις. [7] ὁ δὲ βασιλεὺς, θεωρῶν ὅτι δεῖ δέξασθαι τὴν πρώτην ἐπιφορὰν τῶν πολεμίων, παρακαλέσας τοὺς περὶ αὐτὸν εἰθισμένους κινδυνεύειν τῶν ἵππέων δισχιλίους, τοῖς μὲν ἄλλοις παρήγγειλε κατὰ σημαίας καὶ κατ' οὐλαμοὺς αὐτοῦ παρεμβалеῖν καὶ λαμβάνειν ἐκάστους τὰς εἰθισμένας τάξεις, [8] αὐτὸς δὲ μετὰ τῶν προειρημένων ἵππέων ἀπαντήσας συνέβαλε τοῖς πρώτοις ἐπιφερομένοις τῶν Βάκτρων. [9] δοκεῖ δὲ κατὰ τοῦτον τὸν κίνδυνον Ἀντίοχος ἀγωνίσασθαι διαπρεπέστατα τῶν μεθ' αὐτοῦ. [10] πολλοὶ μὲν οὖν ἀμφοτέρων διεφθάρησαν, ἐπεκράτησαν δὲ τῆς πρώτης ἱππαρχίας οἱ μετὰ τοῦ βασιλέως: τῆς δὲ δευτέρας καὶ τρίτης ἐπιφερομένης ἐπιέζοντο καὶ κακῶς ἀπῆλλαττον. [11] κατὰ δὲ τὸν καιρὸν τοῦτον, τῶν πλείστων ἵππέων ἐκτεταγμένων ἤδη, Παναίτωλος ἐπαγαγεῖν παραγγείλας τὸν μὲν βασιλέα καὶ τοὺς μετ' αὐτοῦ κινδυνεύοντας ἐδέξατο, τοὺς δὲ τῶν Βακτριανῶν ἐπιφερομένους ἀτάκτως ἐκ μεταβολῆς προτροπάδην ἠνάγκασε φυγεῖν. [12] ἐκεῖνοι μὲν οὖν, τῶν περὶ τὸν Παναίτωλον αὐτοῖς ἐπικειμένων, οὐ πρότερον ἔστησαν ἕως οὗ συνέμιζαν τοῖς περὶ τὸν Εὐθύδημον, τοὺς πλείστους ἀπολωλεκότες αὐτῶν: οἱ δὲ τοῦ βασιλέως ἵππεῖς, [13] πολλοὺς μὲν φονεύσαντες, πολλοὺς δὲ ζωγρία λαβόντες, ἀνεχώρουν. καὶ τότε μὲν αὐτοῦ παρὰ τὸν ποταμὸν ἠϋλίσθησαν: [14] ἐν δὲ τούτῳ τῷ κινδύνῳ τὸν μὲν ἵππον συμβαίνει *** ἀποθανεῖν τραυματισθέντα ***, αὐτὸν δὲ πληγέντα διὰ τοῦ στόματος ἀποβαλεῖν τινας: τῶν ὁδόντων, καθόλου δὲ φήμην ἐπ' ἀνδρεία περιποιήσασθαι τότε μάλιστα. [15] γενομένης δὲ τῆς μάχης

ταύτης ὁ μὲν Εὐθύδημος καταπλαγεὶς ἀνεχώρησε μετὰ τῆς δυνάμεως
εἰς πόλιν Ζαριάσπαν τῆς Βακτριανῆς.

BOOK 11

[1] I. Ex Prooemio ἴσως δέ τινες ἐπιζητοῦσι πῶς ἡμεῖς οὐ προγραφὰς ἐν ταύτῃ τῇ βίβλῳ, καθάπερ οἱ πρὸ ἡμῶν, ἀλλὰ καὶ προεκθέσεις καθ' ἐκάστην ὀλυμπιάδα πεποιήκαμεν τῶν πράξεων. [2] ἐγὼ δὲ κρίνω χρήσιμον μὲν εἶναι καὶ τὸ τῶν προγραφῶν γένος· καὶ γὰρ εἰς ἐπίστασιν ἄγει τοὺς ἀναγινώσκειν θέλοντας καὶ συνεκκαλεῖται καὶ παρορμᾷ πρὸς τὴν ἀνάγνωσιν τοὺς ἐντυγχάνοντας, πρὸς δὲ τούτοις πᾶν τὸ ζητούμενον ἐτοίμως ἔνεστιν εὐρεῖν διὰ τούτου· [3] θεωρῶν δὲ διὰ πολλὰς αἰτίας καὶ τὰς τυχούσας ὀλιγωρούμενον καὶ φθειρόμενον τὸ τῶν προγραφῶν γένος, οὕτως καὶ διὰ ταῦτα πρὸς τοῦτο τὸ μέρος κατηνέχθη· [4] τῆς γὰρ προεκθέσεως οὐ μόνον ἰσοδυναμούσης πρὸς τὴν προγραφὴν, ἀλλὰ καὶ πλεῖον τι δυναμένης, ἅμα δὲ καὶ χώραν ἐχούσης ἀσφαλεστέραν διὰ τὸ συμπεπλέχθαι τῇ πραγματείᾳ, [5] τούτῳ μᾶλλον ἐδοκιμάσαμεν χρῆσθαι τῷ μέρει παρ' ὅλην τὴν σύνταξιν πλὴν ἐξ τῶν πρώτων βυβλίων· ἐν ἐκείνοις δὲ προγραφὰς ἐποησάμεθα διὰ τὸ μὴ λίαν ἐναρμόζειν ἐν αὐτοῖς τὸ τῶν προεκθέσεων γένος.

[1] II. Res Italiae ἀλλὰ πολὺ ῥαδιεστέραν καὶ συντομωτέραν συνέβη γενέσθαι τὴν Ἀσδρούβου παρουσίαν εἰς Ἰταλίαν. — διόπερ ὥς οὐδέποτε μᾶλλον ὀρθὴ καὶ περίφοβος ἡ τῶν Ῥωμαίων πόλις ἐγεγόνει, караδοκοῦσα τὸ συμβησόμενον. — Ἀσδρούβα δὲ τούτων μὲν ἤρεσκεν οὐδέν, [2] τῶν δὲ πραγμάτων οὐκέτι διδόντων ἀναστροφὴν διὰ τὸ θεωρεῖν τοὺς πολεμίους ἐκτεταγμένους καὶ προσάγοντας, ἠναγκάζετο παρατάττειν τοὺς Ἰβήρας καὶ τοὺς μετ' αὐτοῦ γεγονότας Γαλάτας. [3] προθέμενος δὲ τὰ θηρία τὸν ἀριθμὸν ὄντα δέκα, καὶ τὸ βάθος αὐξήσας τῶν τάξεων, καὶ ποιήσας ἐν βραχεῖ χώρῳ τὴν ὅλην δύναμιν, πρὸς δὲ τούτοις μέσον αὐτὸν θεὶς τῆς παρατάξεως κατὰ τὴν τῶν θηρίων προστασίαν, ἐποιεῖτο τὴν ἔφοδον ἐπὶ τὰ λαῖα τῶν πολέμιων, προδιειληφῶς ὅτι δεῖ κατὰ τὸν παρόντα κίνδυνον νικᾶν ἢ θνήσκειν. [4] ὁ μὲν οὖν Λίβιος ἀντεπῆει τοῖς πολεμίοις σοβαρῶς καὶ συμβαλὼν ταῖς αὐτοῦ δυνάμεσιν ἐμάχετο γενναίως· [5] ὁ δὲ Κλαύδιος ἐπὶ τοῦ δεξιοῦ κέρατος τεταγμένος προάγειν μὲν εἰς τοῦμπροσθεν καὶ περικερᾶν τοὺς ὑπεναντίους οὐκ ἐδύνατο διὰ τὰς προκειμένας δυσχωρίας, αἷς πεπιστευκῶς Ἀσδρούβας ἐποίησατο τὴν ἐπὶ τὰ λαῖα τῶν πολέμιων ἔφοδον. [6]

ἀπόρως δὲ διακείμενος ἐπὶ τῷ μηδὲν πράττειν, ὑπ' αὐτοῦ τοῦ συμβαίνοντος ἔμαθεν ὁ δέον ἦν πράττειν. [7] διὸ καὶ παραδεξάμενος ἀπὸ τῶν δεξιῶν τοὺς αὐτοῦ στρατιώτας κατὰ τὸν ὀπισθεν τόπον τῆς μάχης, καὶ τὸ λαιὸν ὑπεράρας τῆς ἰδίας παρεμβολῆς, προσέβαλε κατὰ κέρας τοῖς Καρχηδονίοις ἐπὶ τὰ θηρία. [8] καὶ μέχρι μὲν [οὖν] τούτων ἀμφίδοξος ἦν ἡ νίκη. οἱ τε γὰρ ἄνδρες ἐφαμίλλως ἐκινδύνευον ἀμφοτέρω διὰ τὸ μήτε τοῖς Ῥωμαίοις ἐλπίδα καταλείπεσθαι σωτηρίας, εἰ σφαλεῖν, μήτε τοῖς Ἰβηρσι καὶ Καρχηδονίοις· τὰ τε θηρία κοινήν ἀμφοῖν παρείχοντο τὴν χρεῖαν ἐν τῇ μάχῃ· [9] μέσα γὰρ ἀπειλημμένα καὶ συνακοντιζόμενα διετάραττε καὶ τὰς τῶν Ῥωμαίων καὶ τὰς τῶν Ἰβήρων τάξεις. [10] ἅμα δὲ τῷ τοὺς περὶ τὸν Κλαύδιον προσπесεῖν κατ' οὐρὰν τοῖς πολεμίοις ἄνισος ἦν ἡ μάχη, τῶν μὲν κατὰ πρόσωπον, τῶν δὲ κατὰ νώτου τοῖς Ἰβηρσι προσκειμένων. [11] ἐξ οὗ καὶ συνέβη τοὺς πλείστους τῶν Ἰβήρων ἐν αὐτῷ τῷ τῆς μάχης καιρῷ κατακοπῆναι. [12] τῶν δὲ θηρίων τὰ μὲν ἐξ ἅμα τοῖς ἀνδράσιν ἔπεσε, τὰ δὲ τέτταρα διωσάμενα τὰς τάξεις ὕστερον ἐάλω μεμονωμένα καὶ ψιλὰ τῶν Ἰνδῶν.

[1] Ἀσδρούβας δὲ καὶ τὸν πρὸ τούτου χρόνον καὶ κατὰ τὸν ἔσχατον καιρὸν ἀνὴρ ἀγαθὸς γενόμενος, ἐν χειρῶν νόμῳ κατέστρεψε τὸν βίον· ὃν οὐκ ἄξιον ἀνεπισήμαντον παραλιπεῖν. [2] ὅτι μὲν ἀδελφὸς ἦν Ἀννίβου κατὰ φύσιν, καὶ διότι χωριζόμενος εἰς τὴν Ἰταλίαν τούτῳ τὰς κατὰ τὴν Ἰβηρίαν πράξεις ἐνεχείρισε, ταῦτα μὲν ἐν τοῖς πρὸ τούτων ἡμῖν δεδήλωται [3] . παραπλησίως δὲ καὶ διότι πολλοῖς μὲν χρησάμενος ἀγῶσι πρὸς Ῥωμαίους, πολλαῖς δὲ καὶ ποικίλαις περιστάσεσι παλαίσας διὰ τὸ *** τοὺς ἐπαποστελλομένους ἐκ Καρχηδόνος εἰς Ἰβηρίαν στρατηγούς, ἐν πᾶσι τοῖς εἰρημένοις καιροῖς ἀξίως μὲν τοῦ πατρὸς Βάρκα, καλῶς δὲ καὶ γενναίως τὰς περιπετείας καὶ τὰς ἐλαττώσεις διετέλει φέρων, καὶ ταῦτα διὰ τῶν πρὸ τοῦ συντάξεων δεδηλώκαμεν. περὶ δὲ τῶν τελευταίων ἀγώνων νῦν ἐροῦμεν, [4] καθὼς μάλιστα πέφηνεν ἡμῖν ἄξιος ἐπιστάσεως εἶναι καὶ ζήλου. [5] τοὺς γὰρ πλείστους ἰδεῖν ἔστι τῶν στρατηγῶν καὶ τῶν βασιλέων, ἐπειδὴν συνιστῶνται τοὺς ὑπὲρ τῶν ὅλων ἀγῶνας, τὰ μὲν ἐκ τῶν κατορθωμάτων ἔνδοξα καὶ λυσιτελεῖ συνεχῶς λαμβάνοντας ὑπὸ τὴν ὄψιν, καὶ πολλάκις ἐφιστάνοντας καὶ διαλογιζομένους πῶς ἐκάστοις χρήσονται, κατὰ λόγον σφίσι χωρησάντων τῶν πραγμάτων, [6] τὰ δ' ἐκ τῶν ἀποπτωμάτων οὐκέτι πρὸ ὀφθαλμῶν τιθεμένους, οὐδ' ἐν νῷ λαμβάνοντας πῇ καὶ τί πρακτέον ἐκάστοις ἐστὶ κατὰ τὰς

περιπετείας. καίτοι τὸ μὲν ἔτοιμόν ἐστι, τὸ δὲ πολλῆς δεῖται προνοίας. [7] τοιγαροῦν οἱ πλεῖστοι διὰ τὴν αὐτῶν ἀγεννίαν καὶ τὴν ἐν τούτοις ἀβουλίαν αἰσχροῦς μὲν ἐποίησαν τὰς ἥττας, εὐγενῶς πολλάκις ἠγωνισμένων τῶν στρατιωτῶν, κατήσχυναν δὲ τὰς πρὸ τούτου πράξεις, ἐπονείδιστον δὲ σφίσι τὸν καταλειπόμενον ἐποίησαν βίον. [8] διότι δὲ πολλοὶ τῶν ἠγουμένων περὶ τοῦτο τὸ μέρος σφάλλονται, καὶ διότι μεγίστην ἐν τούτοις ἔχει διαφορὰν ἀνὴρ ἀνδρός, εὐχερὲς τῷ βουλομένῳ καταμαθεῖν: πολλὰ γὰρ ὑποδείγματα τῶν τοιούτων πεποίηκεν ὁ προγεγονὼς χρόνος. [9] Ἀσδρούβας δ', ἕως μὲν ἦν ἐλπίς ἐκ τῶν κατὰ λόγον τοῦ δύνασθαι πράττειν ἄξιόν τι τῶν προβεβιωμένων, οὐδενὸς μᾶλλον προενοεῖτο κατὰ τοὺς κινδύνους ὥς τῆς αὐτοῦ σωτηρίας: [10] ἐπεὶ δὲ πάσας ἀφελομένη τὰς εἰς τὸ μέλλον ἐλπίδας ἡ τύχη συνέκλεισε πρὸς τὸν ἔσχατον καιρὸν, οὐδὲν παραλιπὼν οὔτε περὶ τὴν παρασκευὴν οὔτε κατὰ τὸν κίνδυνον πρὸς τὸ νικᾶν, οὐχ ἥττον πρόνοιαν εἶχε καὶ τοῦ σφαλῆς τοῖς ὅλοις ὁμόσε χωρῆσαι τοῖς παροῦσι καὶ μηδὲν ὑπομεῖναι τῶν προβεβιωμένων ἀνάξιον. [11]

[1] ταῦτα μὲν οὖν ἡμῖν εἰρήσθω περὶ τῶν ἐν πράγμασιν ἀναστρεφόμενων, ἵνα μήτε προπετῶς κινδυνεύοντες σφάλλωσι τὰς τῶν πιστευσάντων ἐλπίδας μήτε φιλοζωοῦντες παρὰ τὸ δέον αἰσχροῦς καὶ ἐπονειδίστους ποιῶσι τὰς αὐτῶν περιπετείας: Ῥωμαῖοι δὲ τῇ μάχῃ κατορθώσαντες παραυτίκα μὲν τὸν χάρακα διήρπαζον τῶν ὑπεναντίων, καὶ πολλοὺς μὲν τῶν Κελτῶν ἐν ταῖς στιβάσι κοιμωμένους διὰ τὴν μέθην κατέκοπτον ἱερείων τρόπον: [2] συνῆγον δὲ καὶ τὴν λοιπὴν τῶν αἰχμαλώτων λείαν, ἀφ' ἧς εἰς τὸ δημόσιον ἀνήχθη πλείω τῶν τριακοσίων ταλάντων. [3] ἀπέθανον δὲ τῶν μὲν Καρχηδονίων κατὰ τὴν μάχην σὺν τοῖς Κελτοῖς οὐκ ἐλάττους μυρίων, τῶν δὲ Ῥωμαίων περὶ δισχιλίους. ἐάλωσαν δὲ καὶ ζωγρία τινὲς τῶν ἐνδόξων Καρχηδονίων, οἱ δὲ λοιποὶ κατεφθάρησαν. [4] τῆς δὲ φήμης ἀφικομένης εἰς τὴν Ῥώμην τὴν μὲν ἀρχὴν ἠπίστουν τῷ λίαν βούλεσθαι τοῦτο γενόμενον ἰδεῖν: [5] ἐπειδὴ δὲ καὶ πλείους ἦκον, οὐ μόνον τὸ γεγονός, ἀλλὰ καὶ τὰ κατὰ μέρος διασαφοῦντες, τότε δὴ χαρᾶς ὑπερβαλλούσης ἦν ἡ πόλις πλήρης, καὶ πᾶν μὲν τέμενος ἐκοσμεῖτο, πᾶς δὲ ναὸς ἔγεμε πελάνων καὶ θυμάτων, [6] καθόλου δ' εἰς τοιαύτην εὐελπιστίαν παρεγένοντο καὶ θάρσος ὥστε πάντας τὸν Ἀννίβαν, ὃν μάλιστα πρότερον ἐφοβήθησαν, τότε μὴδ' ἐν Ἰταλίᾳ νομίζειν παρεῖναι. [7]

[1] ὁ δὲ φαντασίαν μὲν ἔχειν ἔφη τοὺς εἰρημένους λόγους, τὴν δ' ἀλήθειαν οὐ τοιαύτην εἶναι, τὸ δ' ἐναντίον. — III. Res Graeciae “ὅτι μὲν οὔτε Πτολεμαῖος ὁ βασιλεὺς οὐθ' ἢ τῶν Ῥοδίων πόλις οὐθ' ἢ τῶν Βυζαντίων καὶ Χίων καὶ Μυτιληναίων ἐν παρέργῳ τίθενται τὰς ὑμετέρας, ὧς ἄνδρες Αἰτωλοί, διαλύσεις, ἐξ αὐτῶν τῶν πραγμάτων ὑπολαμβάνω τοῦτ' εἶναι συμφανές. [2] οὐ γὰρ νῦν πρῶτον οὐδὲ δεύτερον ποιούμεθα πρὸς ὑμᾶς τοὺς ὑπὲρ τῆς εἰρήνης λόγους, ἀλλ' ἐξ ὅτου τὸν πόλεμον ἐνεστήσασθε, προσεδρεύοντες καὶ πάντα καιρὸν θεραπεύοντες οὐ διαλείπομεν ὑπὲρ τούτων ποιούμενοι πρὸς ὑμᾶς μνήμην, [3] κατὰ μὲν τὸ παρὸν τῆς ὑμετέρας καὶ Μακεδόνων στοχαζόμενοι καταφθορᾶς, πρὸς δὲ τὸ μέλλον καὶ περὶ τῶν σφετέρων πατρίδων καὶ περὶ τῶν ἄλλων Ἑλλήνων προνοοῦμενοι. [4] καθάπερ γὰρ ἐπὶ τοῦ πυρός, ὅταν ὑφάψῃ τις ἅπαξ τὴν ὕλην, οὐκέτι τὸ λοιπὸν ἐπὶ τῇ τούτου προαιρέσει γίνεται τὸ συμβαῖνον, ἀλλ' ἢ ποτ' ἂν τύχῃ λαμβάνει τὴν νομήν, τὸ πλεῖον τοῖς ἀνέμοις κυβερνώμενον καὶ τῇ τῆς ὑποκειμένης ὕλης διαφθορᾷ, καὶ πολλάκις ἐπ' αὐτὸν τὸν ἐμπρήσαντα πρῶτον ὥρμησε παραλόγως, [5] τὸν αὐτὸν τρόπον [καὶ] ὁ πόλεμος ὑπὸ τινων ὅταν ἅπαξ ἐκκαυθῇ, τοτὲ μὲν αὐτοὺς τούτους πρῶτους ἀπόλλυσι, ποτὲ δὲ φέρεται φθείρων ἀδίκως πᾶν τὸ παραπεσόν, αἰεὶ καινοποιοῦμενος καὶ προσφυσώμενος, ὥσπερ ὑπ' ἀνέμων, ὑπὸ τῆς τῶν πλησιαζόντων ἀγνοίας. [6] διόπερ, ὧς ἄνδρες Αἰτωλοί, νομίσαντες καὶ τοὺς νησιώτας πανδημεὶ καὶ τοὺς τὴν Ἀσίαν κατοικοῦντας Ἑλληνας παρόντας ὑμῶν δεῖσθαι τὸν μὲν πόλεμον ἄραι, τὴν δ' εἰρήνην ἐλέσθαι, διὰ τὸ καὶ πρὸς σφᾶς ἀνήκειν τὰ γινόμενα, σωφρονήσαντες ἐντράπητε καὶ πείσθητε τοῖς παρακαλουμένοις. [7] καὶ γὰρ εἰ κατὰ τινὰ τύχην ἐπολεμεῖτε πόλεμον ἄλυσιτελῇ μὲν, ἐπειδὴ παντὶ πολέμῳ τοῦτο παρέπεται κατὰ τὸ πλεῖστον, ἐνδοξον δὲ καὶ κατὰ τὴν ἐξ ἀρχῆς ὑπόθεσιν καὶ κατὰ τὴν τῶν ἀποβαινόντων ἐπιγραφὴν, ἴσως ἂν τις ὑμῖν ἔσχε συγγνώμην, φιλοτίμως διακειμένοις. [8] εἰ δὲ πάντων αἰσχιστον καὶ πολλῆς ἀδοξίας πλήρη καὶ βλασφημίας, ἅρ' οὐ μεγάλης προσδεῖται τὰ πράγματ' ἐπιστάσεως; [9] ρηθήσεται γὰρ τὸ δοκοῦν μετὰ παρρησίας: ὑμεῖς δ', ἂν εὖ φρονῆτε, μεθ' ἡσυχίας ἀνέξεσθε. [10] πολλῷ γὰρ ἔστιν ἄμεινον ὀνειδισθέντας ἐν καιρῷ σωθῆναι μᾶλλον ἢ πρὸς χάριν ἀκούσαντας μετ' ὀλίγον ἀπολέσθαι μὲν αὐτούς, ἀπολέσαι δὲ καὶ τοὺς λοιποὺς Ἑλληνας.

[1] λάβετε τοίνυν πρὸ ὀφθαλμῶν τὴν αὐτῶν ἄγνοιαν. φατὲ μὲν γὰρ

πολεμεῖν ὑπὲρ τῶν Ἑλλήνων πρὸς Φίλιππον, ἵνα σωζόμενοι μὴ ποιῶσι τούτῳ τὸ προσταττόμενον, πολεμεῖτε δ' ἐπ' ἐξανδραποδισμῷ καὶ καταφθορᾷ τῆς Ἑλλάδος. [2] ταῦτα γὰρ αἱ συνθήκαι λέγουσιν ὑμῶν αἱ πρὸς Ῥωμαίους, αἱ πρότερον μὲν ἐν τοῖς γράμμασιν ὑπῆρχον, νῦν δ' ἐν τοῖς πράγμασι θεωροῦνται γινόμεναι. [3] καὶ τότε μὲν αὐτὰ τὰ γράμματα τὴν αἰσχύνην ὑμῖν ἐπέφερε, νῦν δὲ διὰ τῶν ἔργων ὑπὸ τὴν ὄψιν τοῦτο γίνεται πᾶσι καταφανές. [4] λοιπὸν ὁ μὲν Φίλιππος ὄνομα γίνεται καὶ πρόσχημα τοῦ πολέμου: πάσχει γὰρ οὐδὲν δεινόν: τούτῳ δὲ συμμάχων ὑπαρχόντων Πελοποννησίων τῶν πλείστων, Βοιωτῶν, Εὐβοέων, Φωκέων, Λοκρῶν, Θετταλῶν, Ἠπειρωτῶν, κατὰ τούτων πεποίησθε [5] τὰς συνθήκας ἐφ' ᾗ τὰ μὲν σώματα καὶ τὰπιπτα Ῥωμαίων ὑπάρχειν, τὰς δὲ πόλεις καὶ τὴν χώραν Αἰτωλῶν. [6] καὶ κυριεύσαντες μὲν αὐτοὶ πόλεως οὐτ' ἂν ὑβρίζειν ὑπομείναιτε τοὺς ἐλευθέρους οὐτ' ἐμπιπράναι τὰς πόλεις, νομίζοντες ὡμὸν εἶναι τὸ τοιοῦτο καὶ βαρβαρικόν: [7] συνθήκας δὲ πεποίησθε τοιαύτας, δι' ὧν ἅπαντας τοὺς ἄλλους Ἕλληνας ἐκδότους δεδώκατε τοῖς βαρβάροις εἰς τὰς αἰσχίστας ὕβρεις καὶ παρανομίας. [8] καὶ ταῦτα πρότερον μὲν ἡγνοεῖτο: νυνὶ δὲ διὰ τῆς ὤρειτῶν καὶ τῶν ταλαιπώρων Αἰγινητῶν ἅπασι γεγόνατε καταφανεῖς, τῆς τύχης ὥσπερ ἐπίτηδες ἐπὶ τὴν ἐξώστραν ἀναβιβαζούσης τὴν ὑμετέραν ἄγνοϊαν. [9] ἡ μὲν οὖν ἀρχὴ τοῦ πολέμου καὶ τὰ νῦν ἤδη συμβαίνοντα τοιαῦτ' ἐστί: τὸ δὲ τέλος, ἂν ὅλως πάντα κατὰ νοῦν ὑμῖν χωρήσῃ, ποῖόν τι δεῖ προσδοκᾶν; ἄρ' οὐ κακῶν ἀρχὴν μεγάλαν;

[1] λὼν ἅπασιν τοῖς Ἕλλησιν; ὅτι γάρ, ἂν Ῥωμαῖοι τὸν ἐν Ἰταλίᾳ πόλεμον ἀποτρίψωνται — τοῦτο δ' ἐστὶν ἐν ὀλίγῳ, συγκεκλειμένου τῆς Βρεττίας εἰς πάννυ βραχεῖς τόπους Ἀννίβου — [2] λοιπὸν ὅτι πάσῃ τῇ δυνάμει τὴν ὁρμὴν ἐπὶ τοὺς κατὰ τὴν Ἑλλάδα τόπους ποιήσονται, λόγῳ μὲν Αἰτωλοῖς βοηθήσοντες κατὰ Φίλιππον, τῇ δ' ἀληθείᾳ πᾶσαν ὑφ' ἑαυτοὺς ποιησόμενοι, καὶ λίαν ὑπολαμβάνω τοῦτ' εἶναι καταφανές. [3] ἐάν τε καλῶς προθῶνται ποιεῖν Ῥωμαῖοι κυριεύσαντες, ἐκείνων ἔσσεσθαι καὶ τὴν χάριν καὶ τὴν ἐπιγραφὴν, ἐάν τε κακῶς, τῶν αὐτῶν ὑπάρξειν καὶ τὰς ὠφελείας ἐκ τῶν ἀπολλυμένων καὶ τὴν ἐξουσίαν [4] τῶν σωζομένων. ὑμεῖς δὲ τότε τοὺς θεοὺς ἐπικαλέσεσθε μάρτυρας, ὅταν μῆτε τῶν θεῶν βούληται μῆτε τῶν ἀνθρώπων εἶτι δύνηται βοηθεῖν ὑμῖν μηδεὶς.

[1] ἴσως μὲν οὖν ἐξ ἀρχῆς ἔδει πάντα προορᾶσθαι: [5] τοῦτο γάρ ἦν ὑμῖν πρέπον: [6] ἐπειδὴ δὲ πολλὰ διαφεύγει τῶν μελλόντων τὴν

ἀνθρωπίνην πρόνοιαν, νῦν γε δέον ἂν εἴη, διὰ τούτων τῶν πραγμάτων συνεωρακότας τὸ συμβαῖνον, βέλτιον βουλευέσθαι περὶ τοῦ μέλλοντος. [7] οὐ μὴν ἄλλ' ἡμεῖς γε κατὰ τὸ παρὸν οὐδὲν ἀπολελοίπαμεν τῶν ἀρμοζόντων ἢ λέγειν ἢ πράττειν τοῖς ἀληθινοῖς φίλοις, καὶ περὶ τοῦ μέλλοντος τὸ δοκοῦν μετὰ παρρησίας εἰρήκαμεν: [8] ὑμᾶς δ' ἄξιόυμεν καὶ παρακαλοῦμεν μὴθ' αὐτοῖς φθονῆσαι μήτε τοῖς ἄλλοις Ἑλλησι τῆς ἐλευθερίας καὶ τῆς σωτηρίας.” [9] τούτου δὲ ποιήσαντος διατροπὴν τινα τοῖς πολλοῖς, ὡς ἐδόκει, μετὰ τούτον εἰσηλθόν οἱ παρὰ τοῦ Φιλίππου πρέσβεις, οἱ τοὺς μὲν κατὰ μέρος λόγους ὑπερέθεντο, δύο δ' ἔφασαν ἥκειν ἔχοντες ἐντολάς, [10] αἰρουμένων μὲν τῶν Αἰτωλῶν τὴν εἰρήνην ἐτοίμως δέχεσθαι *** τοὺς θεοὺς καὶ τοὺς πρεσβευτὰς τοὺς παρόντας ἀπὸ τῆς Ἑλλάδος ἐπιμαρτυραμένους χωρίζεσθαι διότι τῶν μετὰ ταῦτα συμβησομένων τοῖς Ἑλλησιν Αἰτωλοῦς, ἄλλ' οὐ Φίλιππον αἴτιον δεήσει νομίζειν. — καὶ πολλὰ μὲν αὐτὸν κατοιμῶζας ὅτι παρὰ μικρὸν ἔλθοι τοῦ λαβεῖν τὸν Ἄτταλον ὑποχείριον. — [2]

[1] ὅτι Φίλιππος πορευθεὶς ἐπὶ τὴν Τριχωνίδα λίμνην καὶ παραγενόμενος εἰς τὸν Θέρμον, ἔνθ' ἦν ἱερὸν Ἀπόλλωνος, ὅσα πρότερον ἀπέλιπε τῶν ἀναθημάτων, τότε πάλιν ἅπαντα διελωβήσατο, κακῶς μὲν πρὸ τοῦ, κακῶς δὲ τότε χρώμενος τῷ θυμῷ: [3] τὸ γὰρ τοῖς ἀνθρώποις ὀργιζόμενον εἰς τὸ θεῖον ἀσεβεῖν τῆς πάσης ἀλογιστίας ἐστὶ σημεῖον. — Ἑλλόπιον, πόλις Αἰτωλίας. [4] Πολύβιος ια#. Φύταιον, πόλις Αἰτωλίας. [5] Πολύβιος ἐνδεκάτῳ. ὅτι τριῶν ὄντων τρόπων, καθ' οὓς ἐφίενται πάντες στρατηγίας οἱ κατὰ λόγον αὐτῇ προσιόντες, πρώτου. μὲν διὰ τῶν ὑπομνημάτων καὶ τῆς ἐκ τούτων κατασκευῆς, [2] ἐτέρου δὲ τοῦ μεθοδικοῦ καὶ τῆς παρὰ τῶν ἐμπείρων ἀνδρῶν παραδόσεως, τρίτου δὲ τοῦ διὰ τῆς ἐπ' αὐτῶν τῶν πραγμάτων ἔξεως καὶ τριβῆς, [3] πάντων ἦσαν τούτων ἀνεννόητοι οἱ τῶν Ἀχαιῶν στρατηγοὶ ἀπλῶς. — [4]

[1] τοῖς γὰρ πλείστοις ὑπεγεγόνει τις ζῆλος οὐκ εὐτυχῆς ἐκ τῆς τῶν ἄλλων ἀλαζονείας καὶ τῆς ἀκαιρίας: [5] ἐσπούδαζον γὰρ τὰς ἀκολουθίας καὶ τὰς ἐσθῆτας διαφερόντως, καὶ τις ἦν περὶ τοὺς πλείστους καλλωπισμός, ὑπερέχων τὴν ἐκ τοῦ βίου χορηγίαν. ὅπλων δ' οὐδὲ τὸν ἐλάχιστον ἐποιοῦντο λόγον. [6] — [7] οἱ γὰρ πολλοὶ τὰ μὲν ἔργα τῶν εὐτυχούντων οὐδὲ πειρῶνται μιμεῖσθαι, τὰ δὲ πάρεργα ζηλοῦντες μετὰ βλάβης ἐκθεατρίζουσι τὴν ἑαυτῶν ἀκρισίαν. — μεγάλα μὲν γὰρ ἔφη τὴν λαμπρότητα συμβάλλεσθαι πρὸς ἐκπληξιν

τῶν ὑπεναντίων, πολλὰ δὲ συνεργεῖν τὴν ἐκ τῆς ἐπισκευῆς ἀρμογὴν τῶν ὅπλων εἰς τὴν χρεῖαν. [2] γίνεσθαι δ' ἂν μάλιστα τὸ δέον, εἰ τὴν μὲν ἐπιμέλειαν, ἣν νῦν ποιοῦνται περὶ τὸν ἱματισμόν, ταύτην ποιήσαιντο περὶ τῶν ὅπλων, τὴν δὲ πρότερον ὀλιγωρίαν περὶ τῶν ὅπλων παρ' αὐτοῖς ὑπάρχουσαν, ταύτην μετενέγκαιεν ἐπὶ τὰς ἐσθῆτας: [3] οὕτως γὰρ ἅμα τοὺς τε κατ' ἰδίαν βίους ὠφελήσεσθαι καὶ τὰ κοινὰ πράγμαθ' ὁμολογουμένως αὐτοὺς δυνήσεσθαι σφῶζειν. [4] διόπερ ἔφη δεῖν τὸν εἰς ἐξοπλισίαν ἢ στρατείαν ἐκπορευόμενον, ὅτε μὲν τὰς κνημίδας περιτίθεται, σκοπεῖν ὅπως ἀραρυαί τε καὶ στίλβουσαι τῶν ὑποδεσμῶν καὶ κρηπίδων ὑπάρχωσιν αὗται μᾶλλον, [5] ὅταν δὲ τὴν ἀσπίδα καὶ τὸν θώρακα καὶ τὸ κράνος διαλαμβάνῃ, περιβλέπειν ἵνα τῆς χλαμύδος καὶ τοῦ χιτῶνος καθαριότερα ταῦθ' ὑπάρχῃ καὶ πολυτελέστερα: [6] παρ' οἷς γὰρ τὰ πρὸς ἐπιφάνειαν αἰρετώτερά [ἐστί] τῶν πρὸς τὴν χρεῖαν, παρὰ τούτοις αὐτόθεν εὐθέως προφανὲς εἶναι τὸ συμβησόμενον ἐν τοῖς κινδύνοις. [7] καθόλου δ' ἡξίου διαλαμβάνειν ὥς ὁ μὲν ἐν τοῖς ἱματίοις καλλωπισμὸς γυναικός ἐστι, καὶ ταύτης οὐ λίαν σῶφρονος, ἡ δ' ἐν τοῖς ὅπλοις πολυτέλεια καὶ σεμνότης ἀνδρῶν ἀγαθῶν, προαιρουμένων ἑαυτοὺς καὶ τὰς πατρίδας ἐνδόξως σφῶζειν. [8] πάντες δ' οἱ παρόντες οὕτως ἀπεδέξαντο τὰ ρηθέντα καὶ τὸν νοῦν τῆς παρακλήσεως ἐθαύμασαν, ὥς καὶ παραχρῆμα μὲν ἐκπορευόμενοι τὸ βουλευτήριον εὐθέως ἐνεδείκνυντο τοὺς κεκαλλωπισμένους καὶ διακλίνειν ἐνίους ἠνάγκαζον τῆς ἀγορᾶς, [9] ἔτι δὲ μᾶλλον ἐν ταῖς ἐξοπλισίαις καὶ στρατείαις παρετήρουν σφᾶς αὐτοὺς ἐν τοῖς προειρημένοις.

[1] οὕτως εἷς λόγος εὐκαίρως ρηθεὶς ὑπ' ἀνδρὸς ἀξιοπίστου πολλάκις οὐ μόνον ἀποτρέπει τῶν χειρίστων, ἀλλὰ καὶ παρορμᾷ πρὸς τὰ κάλλιστα τοὺς ἀνθρώπους. [2] ὅταν δὲ καὶ τὸν ἴδιον βίον ἀκόλουθον εἰσφέρειται τοῖς εἰρημένοις ὁ παρακαλῶν, ἀνάγκη λαμβάνειν τὴν πρώτην πίστιν τὴν παραίνεσιν. ὁ δὲ περὶ ἐκεῖνον τὸν ἄνδρα μάλιστ' ἂν τις ἴδοι γινόμενον. [3] κατὰ τε γὰρ τὴν ἐσθῆτα καὶ τὴν σίτησιν ἀφελῆς καὶ λιτὸς ἦν, ὁμοίως δὲ καὶ περὶ τὰς τοῦ σώματος θεραπείας, ἔτι δὲ καὶ τὰς ἐντεύξεις, εὐπερίκοπτος καὶ ἀνεπίφθοнос: [4] περὶ γε μὴν τοῦ παρ' ὅλον τὸν βίον ἀληθεύειν μεγίστην ἐποιήσατο σπουδὴν. τοιγάρτοι βραχέα καὶ τὰ τυχόντ' ἀποφαινόμενος μεγάλην ἐγκατέλειπε πίστιν τοῖς ἀκούουσι: [5] παράδειγμα γὰρ ἐν πᾶσι τὸν ἴδιον βίον εἰσφερόμενος οὐ πολλῶν ἐποίει προσδεῖσθαι λόγων τοὺς

ἀκούοντας. [6] διὸ καὶ πολλάκις λόγους μακροὺς καὶ δοκοῦντας ὑπὸ τῶν ἀντιπολιτευομένων δεόντως εἰρῆσθαι δι' ὀλίγων ῥημάτων τῇ πίστει καὶ ταῖς ἐννοίαις τῶν πραγμάτων ὀλοσχερῶς ἐξέβαλε. [7]

[1] πλὴν τότε συντελεσθέντος τοῦ διαβουλίου πάντες ἐπανῆγον ἐπὶ τὰς πόλεις, τὰ τε ῥηθέντα καὶ τὸν ἄνδρα διαφερόντως ἀποδεδεγμένοι, καὶ νομίζοντες οὐδ' ἂν παθεῖν οὐδὲν δεινὸν ἐκείνου προσεστῶτος. [8] ὁ δὲ Φιλοποίμην εὐθέως ἐπεπορεύετο τὰς πόλεις, ἐνεργῶς καὶ μετὰ σπουδῆς ποιούμενος τὴν ἔφοδον. [9] κᾶπειτα συναγαγὼν τοὺς ὄχλους ἅμα μὲν ἐγύμναζεν ἅμα δὲ συνέταττε καὶ τέλος οὐδ' ὅλους ὀκτῶ μῆνας χρησάμενος τῇ τοιαύτῃ παρασκευῇ καὶ μελέτῃ συνῆγε τὰς δυνάμεις εἰς Μαντίνειαν, διαγωνιούμενος πρὸς τὸν τύραννον ὑπὲρ τῆς ἀπάντων Πελοποννησίων ἐλευθερίας. ὁ δὲ Μαχανίδας κατατεθαρρηκώς, καὶ νομίζων ὡς ἂν εἰ κατ' εὐχὴν αὐτῷ γίνεσθαι τὴν τῶν Ἀχαιῶν ὁρμήν, ἅμα τῷ γινῶναι διότι συνηθροισμένοι τυγχάνουσιν εἰς τὴν Μαντίνειαν, [2] παρακαλέσας ἐν Τεγέα τοὺς Λακεδαιμονίους τὰ πρόποντα τοῖς καιροῖς, εὐθέως εἰς τὴν ἐπιούσαν, ἄρτι τῆς ἡμέρας ἐπιφαινούσης, προῆγεν ὡς ἐπὶ τὴν Μαντίνειαν, τῆς μὲν φάλαγγος καθηγούμενος τῷ δεξιῷ κέρατι, [3] τοὺς δὲ μισθοφόρους ἐξ ἑκατέρου τοῦ μέρους τῆς πρωτοπορείας παραλλήλους ἄγων, ἐπὶ δὲ τούτοις ζεύγη πλῆθος ὀργάνων καὶ βελῶν κομίζοντα καταπελτικῶν. [4] κατὰ δὲ τὸν αὐτὸν καιρὸν Φιλοποίμην εἰς τρία μέρη διηρηκώς τὴν δύναμιν ἐξῆγεν ἐκ τῆς Μαντινείας, κατὰ μὲν τὴν ἐκ τοῦ Ποσειδῶνος ἱεροῦ φέρουσαν τοὺς Ἴλλυριοὺς καὶ θωρακίτας, ἅμα δὲ τὸ ξενικὸν ἅπαν καὶ τοὺς εὐζώνους, κατὰ δὲ τὴν ἐξῆς ὡς πρὸς τὰς δύσεις τοὺς φαλαγγίτας, ἔτι δὲ κατὰ τὴν ἐχομένην τοὺς πολιτικοὺς ἱππεῖς. [5] τοῖς μὲν οὖν εὐζώνοις κατελάβετο πρώτοις τὸν λόφον τὸν πρὸ τῆς πόλεως, ὃς ἀνατείνων ἱκανὸν ὑπὲρ τὴν ὁδὸν κεῖται τὴν Ξενίδα καὶ τὸ προειρημένον ἱερόν: τοὺς δὲ θωρακίτας συνάπτων ἐπὶ τὴν μεσημβρίαν κατέστησε. τούτοις δὲ συνεχεῖς τοὺς Ἴλλυριοὺς παρενέβαλε. [6] μετὰ δὲ τούτους ἐπὶ τὴν αὐτὴν εὐθεῖαν τὴν φάλαγγα κατὰ τέλη σπειρηδὸν ἐν διαστήμασιν ἐπέστησε παρὰ τὴν τάφρον τὴν φέρουσαν ἐπὶ τοῦ Ποσειδίου διὰ μέσου τοῦ τῶν Μαντινέων πεδίου καὶ συνάπτουσιν τοῖς ὄρεσι τοῖς συντερμονοῦσι τῇ τῶν Ἐλισφασίων χώρα. [7] πρὸς μὲν τούτοις ἐπὶ τὸ δεξιὸν κέρας ἐπέστησε τοὺς Ἀχαϊκοὺς ἱππεῖς, ὧν Ἀρισταίνετος ἡγεῖτο Δυμαῖος: κατὰ δὲ τὸ λαιὸν αὐτὸς εἶχε τὸ ξενικὸν ἅπαν ἐν ἐπαλλήλοις τάξεσιν.

[1] ἅμα δὲ τῷ σύνοπτον ἤδη καλῶς εἶναι παραγενομένην τὴν τῶν

ὑπεναντίων δύναμιν ἐπιπορευόμενος τὰ συστήματα τῶν φαλαγγιτῶν παρεκάλει βραχέως μὲν, ἐμφαντικῶς δὲ τοῦ παρόντος κινδύνου. [2] τὰ μὲν οὖν πλεῖστα τῶν λεγομένων ἀσαφῆ συνέβαινε γίνεσθαι: διὰ γὰρ τὴν πρὸς αὐτὸν εὐνοίαν καὶ πίστιν τῶν ὄχλων εἰς τοιαύτην ὁρμὴν καὶ προθυμίαν παρέστη τὸ πλῆθος ὥστε παραπλησίαν ἐνθουσιασμῶ. τὴν ἀντιπαράκλησιν γίνεσθαι τῶν δυνάμεων, ἄγειν καὶ θαρρεῖν αὐτὸν παρακελευομένων: [3] τοῦτο μέντοι παράπαν ἐπιμελῶς ἐπειρᾶτο διασαφεῖν, ὅτε λάβοι καιρόν, ὅτι τοῖς μὲν ὑπὲρ αἰσχυρᾶς καὶ ἐπονειδίστου δουλείας, τοῖς δ' ὑπὲρ ἀειμνήστου καὶ λαμπρᾶς ἐλευθερίας συνέστηκεν ὁ παρὼν κίνδυνος. [4]

[1] ὁ δὲ Μαχανίδας τὸ μὲν πρῶτον ὑπέδειξεν ὡς ὀρθίᾳ τῇ φάλαγγι προσμιζὼν πρὸς τὸ δεξιὸν τῶν πολεμίων: ἐπεὶ δ' ἐπλησίασε, λαβὼν σύμμετρον ἀπόστημα περιέκλα τὴν δύναμιν ἐπὶ δόρυ, καὶ παρεκτείνας ἴσον ἐποίησε τὸ παρ' αὐτοῦ δεξιὸν τῷ τῶν Ἀχαιῶν εὐωνύμῳ, τοὺς δὲ καταπέλτας πρὸ πάσης ἐπέστησε τῆς δυνάμεως ἐν διαστήμασιν. [5] ὁ δὲ Φιλοποίμην θεασάμενος αὐτοῦ τὴν ἐπιβολήν, ὅτι τοῖς καταπέλταις ἐπενόει βαλὼν εἰς τὰς σπείρας τῶν φαλαγγιτῶν τραυματίζειν τοὺς ἄνδρας καὶ θόρυβον ἐμποιεῖν τοῖς ὅλοις, [6] οὐκέτι χρόνον ἔδωκεν οὐδ' ἀναστροφὴν, ἀλλὰ διὰ τῶν Ταραντίνων ἐνεργῶς ἐχρῆτο τῇ καταρχῇ τοῦ κινδύνου κατὰ τοὺς περὶ τὸ Ποσειδίδιον τόπους, ὄντας ἐπιπέδους καὶ πρὸς ἵππικὴν εὐφυεῖς χρεῖαν. [7] ὁ δὲ Μαχανίδας ὁρῶν τὸ γινόμενον ἠναγκάζετο ποιεῖν τὸ παραπλήσιον καὶ συναφεῖναι τοὺς παρ' αὐτοῦ Ταραντίνους. τὸ μὲν οὖν πρῶτον αὐτῶν τούτων ἀνδρώδης ἦν ἡ σύμπτωσις: κατὰ βραχὺ δὲ προσγινομένων τοῖς πιεζομένοις τῶν εὐζώνων, ἐν πάννυ βραχεῖ χρόνῳ συνέβη τὸ παρ' ἐκατέρων ξενικὸν ἀναμίξαι γενέσθαι, [2] πάντῃ δὲ τούτων συμπλοκῇς ἀθρόως καὶ κατ' ἄνδρα γινομένης ἐπὶ πολὺν χρόνον πάρισος ἦν ὁ κίνδυνος οὕτως ὥστε τὰς λοιπὰς δυνάμεις, караδοκούσας καθ' ὁποτέρων ὁ κονιορτὸς τραπήσεται, μὴ δύνασθαι συμβαλεῖν διὰ τὸ μένειν ἀμφοτέρους ἐπὶ πολὺ διακατέχοντας ἐν τῇ μάχῃ τὸν ἐξ ἀρχῆς τόπον. [3] χρόνου δὲ γινομένου κατίσχυον καὶ τῷ πλήθει καὶ ταῖς εὐχειρίαις διὰ τὴν ἔξιν οἱ παρὰ τοῦ τυράννου μισθοφόροι. [4] τοῦτο δ' εἰκότως καὶ τὸ παράπαν εἴωθε γίνεσθαι. [5] ὅσῳ γὰρ συμβαίνει τοὺς ἐν ταῖς δημοκρατίαις ὄχλους προθυμότερους ὑπάρχειν ἐν τοῖς πολεμικοῖς ἀγῶσι τῶν τοῖς τυράννοις πολιτικῶν ὑποταττομένων, τοσοῦτῳ τὰ παρὰ τοῖς μονάρχοις ξενικὰ τῶν ἐν ταῖς δημοκρατίαις μισθοφορούντων εἰκὸς

υπεράγειν καὶ διαφέρειν. [6] ὥσπερ γὰρ ἐπ' ἐκείνων οἷς μὲν ὑπὲρ ἐλευθερίας ἐστίν, οἷς δ' ὑπὲρ δουλείας ὁ κίνδυνος, οὕτως ἐπὶ τῶν μισθοφόρων οἷς μὲν ὑπὲρ ὁμολογουμένης ἐπανορθώσεως, οἷς δ' ὑπὲρ προδήλου βλάβης γίνεται φιλοτιμία. [7] δημοκρατία μὲν γάρ, ἐπανελομένη τοὺς ἐπιβουλεύσαντας, οὐκέτι μισθοφόροις τηρεῖ τὴν ἑαυτῆς ἐλευθερίαν: τυραννὶς δ' ὅσῳ μειζόνων ἐφίεται, τοσούτῳ πλείονων προσδεῖται μισθοφόρων. [8] πλείονας γὰρ ἀδικοῦσα πλείονας ἔχει καὶ τοὺς ἐπιβουλεύοντας. ἡ δὲ τῶν μονάρχων ἀσφάλεια τὸ παράπαν ἐν τῇ τῶν ξένων εὐνοίᾳ κεῖται καὶ δυνάμει.

[1] διὸ δὴ καὶ τότε συνέβαινε τὸ παρὰ τῷ Μαχανίδᾳ ξενικὸν οὕτως ἐκθύμως ἀγωνίζεσθαι καὶ βιαίως ὥστε μηδὲ τοὺς ἐφεδρεύοντας τοῖς ξένοις Ἰλλυριοῦς καὶ θωρακίτας δύνασθαι τὴν ἔφοδον αὐτῶν ὑπομεῖναι, πάντας δ' ἐκπιασθέντας φεύγειν προτροπάδην ὡς ἐπὶ τῆς Μαντινείας, ἀπεχούσης τῆς πόλεως ἐπτὰ σταδίου. [2] ἐν ᾧ δὴ καιρῷ τὸ παρ' ἐνίοις ἀπορούμενον τότε παρὰ πᾶσιν ὁμολογούμενον ἐγένετο καὶ συμφανές, ὅτι πλεῖστα τῶν κατὰ πόλεμον συντελουμένων παρὰ τὴν τῶν ἡγουμένων ἐμπειρίαν καὶ πάλιν ἀπειρίαν ἐπιτελεῖται. [3] μέγα μὲν γὰρ ἴσως καὶ τὸ προτερήματος ἀρχὴν λαβόντα προσθεῖναι τὰκόλουθον, πολὺ δὲ μείζον τὸ σφαλέντα ταῖς πρώταις ἐπιβολαῖς μείναι παρ' αὐτὸν καὶ συνιδεῖν τὴν τῶν εὐτυχούντων ἀκρισίαν καὶ συνεπιθέσθαι τοῖς τούτων ἀμαρτήμασιν. [4] ἰδεῖν γοῦν ἔστι πολλάκις τοὺς μὲν ἤδη δοκοῦντας πεπρωτηκέναι μετ' ὀλίγον τοῖς ὅλοις ἐσφαλμένους, τοὺς δ' ἐν ἀρχαῖς δόξαντας ἐπταικέναι πάλιν ἐκ μεταβολῆς παρὰ τὴν αὐτῶν ἀγχίνοιαν τὰ ὅλα παραδόξως κατωρθώκοντας. [5] ὁ δὴ καὶ τότε προφανῶς ἐδόκει περὶ τοὺς ἡγεμόνας ἀμφοτέρους γεγονέναι. [6] τοῦ γὰρ ξενικοῦ παντὸς ἐγκεκλικότος τοῖς Ἀχαιοῖς καὶ παραλελυμένου τοῦ λαιοῦ κέρως, ὁ μὲν Μαχανίδας ἀφέμενος τοῦ μένειν ἐπὶ τῶν ὑποκειμένων, καὶ τοὺς μὲν κατὰ κέρας υπεραίρειν τοῖς δὲ κατὰ πρόσωπον ἀπαντᾶν καὶ πειρᾶσθαι τῶν ὅλων, [7] τούτων μὲν οὐδὲν ἔπραξεν, ἀκρατῶς δὲ καὶ μαιρακιωδῶς συνεκχυθεὶς τοῖς ἑαυτοῦ μισθοφόροις ἐπέκειτο τοῖς φεύγουσιν, ὥσπερ οὐκ αὐτὸν τὸν φόβον ἱκανὸν ὄντα τοὺς ἅπαξ ἐγκλίναντας ἄχρι τῶν πυλῶν συνδιώκειν.

[1] ὁ δὲ τῶν Ἀχαιῶν στρατηγὸς ἔως μὲν τοῦ δυνατοῦ διακατεῖχε τοὺς μισθοφόρους, ἐπ' ὀνόματος καλῶν καὶ παροξύνων τοὺς ἡγεμόνας: [2] ἐπεὶ δ' ἑώρα τούτους ἐκβιαζομένους, οὐ πτοηθεὶς ἔφευγεν οὐδ' ἀθυμήσας ἀπέστη ***, ἀλλ' ὑποστείλας αὐτὸν ὑπὸ τὸ

τῆς φάλαγγος κέρας, ἅμα τῷ παραπεσεῖν τοὺς διώκοντας καὶ γενέσθαι τὸν τόπον ἔρημον, καθ' ὃν ὁ κίνδυνος ἦν, εὐθέως τοῖς πρώτοις τέλεσι τῶν φαλαγγιτῶν ἐπ' ἀσπίδα κλίνων, προῆγε μετὰ δρόμου, τηρῶν τὰς τάξεις. [3] καταλαβόμενος δὲ τὸν ἐκλειφθέντα τόπον ὀξέως, ἅμα μὲν ἀπετέμνητο τοὺς διώκοντας, ἅμα δ' ὑπερδέξις ἐγεγόνει τοῦ τῶν πολεμίων κέρατος. [4] καὶ τοὺς μὲν φαλαγγίτας αὐτοῦ παρεκάλει θαρρεῖν καὶ μένειν, ἕως ἂν παραγγεῖλη ποιεῖσθαι τὴν ἐπαγωγὴν ἀναμίξῃ· [5] Πολυαῖνφ δ' ἐπέταξε τῷ Μεγαλοπολίτῃ τοὺς περιλειπομένους καὶ τοὺς διακεκλικότας τὴν φυγὴν Ἰλλυριοὺς καὶ θωρακίτας καὶ μισθοφόρους συναθροίσαντι μετὰ σπουδῆς ἐφεδρεύειν τῷ κέρατι τῆς φάλαγγος καὶ τηρεῖν τὴν ἐπάνοδον τῶν ἐκ διώγματος ἀναχωρούντων. [6] οἱ δὲ Λακεδαιμόνιοι χωρὶς παραγγέλματος, ἐπαρθέντες ταῖς διανοίαις ἐπὶ τῷ τῶν εὐζώνων προτερήματι, καταβαλόντες τὰς σαρίσας ὥρμησαν ἐπὶ τοὺς ὑπεναντίους. [7] ὅτε δὲ κατὰ τὴν ἐπαγωγὴν προάγοντες ἦκον ἐπὶ τὸ τῆς τάφρου χεῖλος, τὰ μὲν οὐκέτι διδόντος τοῦ καιροῦ μεταμέλειαν ὥστ' ἐν χερσὶν ὄντας τῶν πολεμίων ἀναστρέφειν, τὰ δὲ καὶ τῆς τάφρου καταφρονήσαντες διὰ τὸ τὴν κατάβασιν ἔχειν ἐκ πολλοῦ καὶ μὴθ' ὕδωρ κατὰ τὸ τέλος ἐν αὐτῇ μήτε τιν' ἀγρίαν ὕλην ὑπάρχειν, ὥρμησαν ἀνεπιστάτως διὰ ταύτης.

[1] ὁ δὲ Φιλοποίμην ἅμα τῷ παραπεσεῖν κατὰ τῶν ὑπεναντίων τὸν ἐκ πολλῶν χρόνων ἐωραμένον ὑπ' αὐτοῦ καιρόν, τότε πᾶσιν ἐπάγειν τοῖς φαλαγγίταις καταβαλοῦσι τὰς σαρίσας παρήγγειλε. [2] τῶν δ' Ἀχαιῶν ὁμοθυμαδὸν καὶ μετὰ καταπληκτικῆς κραυγῆς ποιησαμένων τὴν ἔφοδον, οἱ μὲν προδιαλελυκότες τὰς τάξεις τῶν Λακεδαιμονίων ἐν τῇ τῆς τάφρου καταβάσει πάλιν ἀναβαίνοντες πρὸς ὑπερδεξίους τοὺς πολεμίους ἀποδειλιάσαντες ἐτρέποντο· [3] τὸ δὲ πολὺ πλῆθος ἐν αὐτῇ τῇ τάφρῳ διεφθείρετο, τὸ μὲν ὑπὸ τῶν Ἀχαιῶν, τὸ δ' ὑπὸ τῶν ἰδίων. [4] συνέβαινε δὲ τὸ προειρημένον οὐκ αὐτομάτως οὐδ' ἐκ τοῦ καιροῦ, διὰ δὲ τὴν ἀγχίνοιαν τοῦ προεστῶτος, ὃς εὐθέως προεβάλετο τὴν τάφρον. [5] ὁ δὲ Φιλοποίμην οὐ φυγομαχῶν, ὥς τινες ὑπελάμβανον, ἀλλὰ καὶ λίαν ἀκριβῶς καὶ στρατηγικῶς ἕκαστα συλλογισάμενος, ὅτι παραγενόμενος ὁ Μαχανίδας, εἰ μὲν προσάξει τὴν δύναμιν οὐ προϊδόμενος τὴν τάφρον, οὕτω συμβήσεται παθεῖν αὐτῷ τὴν φάλαγγα τὸ προειρημένον νῦν, γινόμενον δὲ τότε ἐπὶ τῆς ἀληθείας· [6] εἰ δὲ συλλογισάμενος τὴν δυσχρηστίαν τῆς τάφρου, κᾶπειτα μεταμεληθεὶς καὶ δόξας ἀποδειλιάσας, ἐκ παρατεταγμένων

ἀπολύσει καὶ μακρὰν αὐτὸν ἐν πορείᾳ διδόναι μέλλει, διότι χωρὶς ὀλοσχεροῦς ἀγῶνος αὐτῷ μὲν τὸ νικᾶν, ἐκείνῳ δὲ τὰναντία περιέσται. πολλοῖς γὰρ ἤδη τοῦτο συμβέβηκεν, [7] οἵτινες παραταξάμενοι μὲν, οὐκ ἀξιόχρεως δὲ νομίσαντες σφᾶς αὐτοὺς εἶναι τοῖς ὑπεναντίοις ἀγωνίζεσθαι, τινὲς μὲν διὰ τόπους, [8] οἱ δὲ διὰ πλῆθος, οἱ δὲ δι' ἄλλας αἰτίας, μακρὰν ἑαυτοὺς δόντες ἐν πορείᾳ, κατὰ τὴν ἀπόλυσιν δι' αὐτῶν τῶν οὐραγούντων ἤλπισαν οἱ μὲν προτερήσιν, οἱ δ' ἀσφαλῶς ἀπολυθήσεσθαι τῶν πολεμίων. [9] ἐν οἷς δὴ καὶ μέγιστα συμβαίνει τοὺς ἡγούμενους ***

[1] πλὴν ὃ γε Φιλοποίμην οὐ διεψεύσθη τῇ προνοίᾳ τοῦ συντελεσθησομένου: τροπὴν γὰρ ἰσχυρὰν συνέβαινε γίνεσθαι τῶν Λακεδαιμονίων. [2] συνορῶν δὲ τὴν φάλαγγα νικῶσαν καὶ τὰ ὅλα καλῶς αὐτῷ προχωροῦντα καὶ λαμπρῶς, ἐπὶ τὸ καταλειπόμενον ὥρμησε τῆς ὅλης ἐπιβολῆς: τοῦτο δ' ἦν τὸ μὴ διαφυγεῖν τὸν Μαχανίδα. [3] εἰδὼς οὖν αὐτὸν κατὰ τὴν τοῦ διώγματος παράπτωσιν ἀποτετημένον ἐν τοῖς πρὸς τὴν πόλιν μέρεσι τῆς τάφρου μετὰ τῶν ιδίων μισθοφόρων, ἐκαρᾶδόκει τὴν τούτου παρουσίαν. [4] ὁ δὲ Μαχανίδα, συνθεωρήσας κατὰ τὴν ἀπόλυσιν τὴν ἀπὸ τοῦ διώγματος φεύγουσαν τὴν αὐτοῦ δύναμιν, καὶ συλλογισάμενος διότι προπέπτωκε καὶ διέγνευσται τῆς ὅλης ἐλπίδος, εὐθέως ἐπειράτο συστραφεῖς μεθ' ὧν εἶχε περὶ αὐτὸν ξένων, ἄθρους διαπεσεῖν διὰ τῶν ἐσκεδασμένων καὶ διωκόντων. [5] εἰς ᾧ καὶ συνορῶντες ἔνιοι συνέμενον αὐτῷ τὰς ἀρχάς, ταύτην ἔχοντες τὴν ἐλπίδα τῆς σωτηρίας. [6] ὥς δὲ παραγενόμενοι συνείδον τοὺς Ἀχαιοὺς τηροῦντας τὴν ἐπὶ τῆς τάφρου γέφυραν, τότε δὴ πάντες ἐξαθυμήσαντες ἀπέρρεον ἀπ' αὐτοῦ, καὶ καθ' ἑαυτὸν ἕκαστος ἐπορίζετο τὴν σωτηρίαν. [7] καθ' ὃν δὴ καιρὸν ὁ τύραννος ἀπογνοὺς τὴν διὰ τῆς γεφύρας ὁδὸν παρήλαυνε παρὰ τὴν τάφρον, ἐνεργῶς διάβασιν ζητῶν.

[1] ὁ δὲ Φιλοποίμην, ἐπιγνοὺς τὸν Μαχανίδα ἀπὸ τε τῆς πορφυρίδος καὶ τοῦ περὶ τὸν ἵππον κόσμου, τοὺς μὲν περὶ τὸν Ἀναξίδαμον ἀπολείπει, παρακαλέσας τηρεῖν ἐπιμελῶς τὴν δίοδον καὶ μηδενὸς φεΐδεσθαι τῶν μισθοφόρων διὰ τὸ τούτους εἶναι τοὺς συναύξοντας αἰεὶ τὰς ἐν τῇ Σπάρτῃ τυραννίδας: [2] αὐτὸς δὲ παραλαβὼν Πολύαινον τὸν Κυπαρισσέα καὶ Σιμίαν, οἷς ἐχρήτο τότε παρασπισταῖς, ἐκ τοῦ πέραν τῆς τάφρου τὴν ἀντιπαραγωγὴν ἐποιεῖτο τῷ τυράννῳ καὶ τοῖς μετ' αὐτοῦ: [3] δύο γὰρ ἦσαν οἱ τότε τῷ Μαχανίδα συμμίζαντες, Ἀρηξίδαμος καὶ τῶν μισθοφόρων εἷς. [4] ἅμα

δὲ τῷ τὸν Μαχανίδαν κατὰ τινὰ τρόπον εὖβατον τῆς τάφρου, προσθέντα τοὺς μύωπας, βία τὸν ἵππον ἐπάγειν καὶ διαπερᾶν, συναγαγὼν ἐκ μεταβολῆς ὁ Φιλοποίμην αὐτῷ καὶ πατάξας τῷ δόρατι καιρίως, καὶ προσενεγκὼν τῷ σαυρωτῇρι πληγὴν ἄλλην ἐκ διαλήψεως, ἐν χειρῶν νόμῳ διέφθειρε τὸν τύραννον. [5] τὸ δὲ παραπλήσιον ἐγένετο καὶ περὶ τὸν Ἀρηξίδαμον ὑπὸ τῶν παρίππων. ὁ δὲ τρίτος ἀπογνοὺς τὴν διάβασιν διέφυγε τὸν κίνδυνον κατὰ τὸν τῶν προειρημένων φόνον. [6] πεσόντων δ' ἀμφοτέρων, εὐθέως οἱ περὶ τὸν Σιμίαν, σκυλεύσαντες τοὺς νεκροὺς καὶ συναφελόντες ἅμα τοῖς ὅπλοις τὴν τοῦ τυράννου κεφαλὴν, ἠπείγοντο πρὸς τοὺς διώκοντας, [7] σπεύδοντες ἐπιδείξαι τοῖς ὄχλοις τὴν ἀπώλειαν τοῦ τῶν ὑπεναντίων ἡγεμόνος χάριν τοῦ πιστεύσαντας ἔτι μᾶλλον ἀνυπόπτως καὶ τεθαρρηκότως ποιήσασθαι τὸν ἐπιδιωγμὸν τῶν ὑπεναντίων ἕως τῆς Τεγεατῶν πόλεως. [8] ὁ καὶ μεγάλα συνεβάλετο πρὸς τὴν ὁρμὴν τῶν ὄχλων: οὐ γὰρ ἦκιστα διὰ τούτων τῆς μὲν Τεγέας ἐξ ἐφόδου κύριοι κατέστησαν, ταῖς δ' ἐχομέναις παρὰ τὸν Εὐρώταν ἐστρατοπέδευον, κρατοῦντες ἤδη τῶν ὑπαίθρων ἀναμφισβητήτως. [9] καὶ πολλῶν χρόνων οὐ δυνάμενοι τοὺς πολεμίους ἐκ τῆς οἰκείας ἀπώσασθαι, τότε πᾶσαν ἀδεῶς ἐπόρθουν αὐτοὶ τὴν Λακωνικὴν, [10] τῶν μὲν ιδίων οὐ πολλοὺς ἀπολωλεκότες ἐν τῇ μάχῃ, τῶν δὲ Λακεδαιμονίων ἀπεκτακότες μὲν οὐκ ἐλάττους τῶν τετρακισχιλίων, ζωγρία δ' εἰληφότες ἔτι πλείους τούτων, ὁμοίως δὲ καὶ τῆς ἀποσκευῆς κεκυριευκότες ἀπάσης καὶ τῶν ὅπλων.

[1] IV. Res Italiae ὅτι φησὶν ὁ Πολύβιος, τί γὰρ ὄφελός ἐστι τοῖς ἀναγινώσκουσι διεξίνααι πολέμους καὶ μάχας καὶ πόλεων ἐξανδραποδισμοὺς καὶ πολιορκίας, εἰ μὴ τὰς αἰτίας ἐπιγνώσονται, παρ' ἃς ἐν ἐκάστοις οἱ μὲν κατάρθωσαν, οἱ δ' ἐσφάλησαν; [2] τὰ γὰρ τέλη τῶν πράξεων ψυγαγωγεῖ μόνον τοὺς ἀκούοντας, αἱ δὲ πρόσθεν διαλήψεις τῶν ἐπιβαλλομένων ἐξεταζόμεναι δεόντως ὠφελοῦσι τοὺς φιλομαθοῦντας. [3] μάλιστα δὲ πάντων ὁ κατὰ μέρος χειρισμὸς ἐκάστων ἐπιδεικνύμενος ἐπανορθοῖ τοὺς συνεφιστάνοντας. —

[1] τίς οὐκ ἂν ἐπισημῆναιτο τὴν ἡγεμονίαν καὶ τὴν ἀρετὴν καὶ τὴν δύναμιν ἐν τοῖς ὑπαίθροις τάνδρός, βλέψας εἰς τὸ μῆκος τούτου τοῦ χρόνου, [2] καὶ συνεπιστήσας αὐτὸν ἐπὶ τε τὰς καθόλου καὶ τὰς κατὰ μέρος μάχας καὶ πολιορκίας καὶ πόλεων μεταβολὰς καὶ περιστάσεις καιρῶν, ἐπὶ τε τὴν περιοχὴν τῆς ὅλης ἐπιβολῆς καὶ πράξεως, [3] ἐν ᾗ συνεχῶς Ἀννίβας ἐκκαίδεκα πολεμήσας ἔτη Ῥωμαίοις κατὰ τὴν

Ἰταλίαν οὐδέποτε διέλυσεν τὰς δυνάμεις ἐκ τῶν ὑπαίθρων, ἀλλὰ συνέχων ὑφ' αὐτόν, ὥσπερ ἀγαθὸς κυβερνήτης, ἀστασίαστα διετήρησε τοσαῦτα πλήθη καὶ πρὸς αὐτόν καὶ πρὸς ἄλληλα, καίπερ οὐχ οἶον ὁμοεθνέσιν, ἀλλ' οὐδ' ὁμοφύλοις χρησάμενος στρατοπέδοις. εἶχε γὰρ Λίβυας, [4] Ἰβήρας, Λιγυστίνους, Κελτούς, Φοίνικας, Ἰταλοὺς, Ἑλληνας, οἷς οὐ νόμος, οὐκ ἔθος, οὐ λόγος, οὐχ ἕτερον οὐδὲν ἦν κοινὸν ἐκ φύσεως πρὸς ἀλλήλους. [5] ἀλλ' ὁμως ἡ τοῦ προεστῶτος ἀγχίνοια τὰς τηλικαύτας καὶ τοιαύτας διαφορὰς ἐνὸς ἐποίει προστάγματος ἀκούειν καὶ μιᾷ πείθεσθαι γνώμῃ, καίπερ οὐχ ἀπλῆς οὔσης τῆς περιστάσεως, ἀλλὰ καὶ ποικίλης, καὶ πολλάκις μὲν αὐτοῖς λαμπρᾶς ἐπιπνεούσης τῆς τύχης, ποτὲ δὲ τὸναντίον. [6] ἐξ ὧν εἰκότως ἂν τις θαυμάσειε τὴν τοῦ προεστῶτος δύναμιν ἐν τούτῳ τῷ μέρει, καὶ θαρρῶν εἵπειεν ὡς εἵπερ ποιησάμενος τὴν ἀρχὴν ἐπ' ἄλλα μέρη τῆς οἰκουμένης ἐπὶ τελευταίους ἦλθε Ῥωμαίους, οὐδὲν ἂν τῶν προτεθέντων αὐτὸν διέφυγε. [7] νῦν δ', ἐφ' οὓς ἔδει τελευταίους ἐλθεῖν, ἀπὸ τούτων ἀρξάμενος, ἐν τούτοις ἐποίησατο καὶ τὴν ἀρχὴν τῶν πράξεων καὶ τὸ τέλος.

[1] V. Res Hispaniae οἱ μὲν οὖν περὶ τὸν Ἀσδρούβαν, ἀθροίσαντες τὴν στρατιὰν ἐκ τῶν πόλεων, ἐν αἷς ἐποιοῦντο τὴν παραχειμασίαν, προῆλθον, καὶ κατεστρατοπέδευσαν οὐ μακρὰν ἀπὸ τῆς πόλεως τῆς προσαγορευομένης Ἰλίπας, βαλόμενοι τὸν χάρακα πρὸς ταῖς ὑπωρεΐαις, καὶ προθέμενοι πεδία πρὸς ἀγῶνα καὶ μάχην εὐφυῇ. πληθὸς δὲ πεζῶν μὲν εἶχον εἰς ἑπτὰ μυριάδας, [2] ἵππεῖς δὲ τετρακισχιλίους, θηρία δὲ δυσὶ πλείω τῶν τριάκοντα. [3] Πόπλιος δὲ Μάρκον μὲν Ἰούνιον ἐξαπέστειλε πρὸς Κολίχαντα, παραληψόμενον τὰς ἐτοιμασθείσας αὐτῷ παρὰ τούτου δυνάμεις· αὗται δ' ἦσαν πεζοὶ μὲν τρισχίλιοι, ἵππεῖς δὲ πεντακόσιοι· τοὺς δὲ λοιποὺς συμμάχους αὐτὸς παρελάμβανε, [4] προάγων καὶ ποιούμενος τὴν πορείαν ἐπὶ τὸ προκείμενον. [5] ἐγγίσας δὲ τῷ Κασταλῶνι καὶ τοῖς περὶ Βαῖκυλα τόποις, καὶ συμμίζας ἐνθάδε τῷ Μάρκῳ καὶ ταῖς παρὰ τοῦ Κολίχαντος δυνάμεσιν, εἰς πολλὴν ἀπορίαν ἐνέπιπτε περὶ τῶν ἐνεστώτων. [6] χωρὶς γὰρ τῶν συμμάχων οὐκ ἀξιόχρεοι παρῆσαν αἱ Ῥωμαϊκαὶ δυνάμεις αὐτῷ πρὸς τὸ διακινδυνεύειν· τὸ δ' ἐπὶ τοῖς συμμάχοις ἔχοντας τὰς ἐλπίδας ὑπὲρ τῶν ὅλων κινδυνεύειν ἐπισφαλὲς ἐδόκει καὶ λίαν εἶναι παράβολον. [7] οὐ μὴν ἀλλὰ διαπορήσας, ὑπὸ δὲ τῶν πραγμάτων συγκλειόμενος, ἐπὶ τὸ συγχρῆσθαι κατηνέχθη τοῖς Ἰβήρσιν οὕτως ὥστε φαντασίαν μὲν

παρασκευάζειν τοῖς ὑπεναντίοις, [8] τὸν δ' ἀγῶνα ποιεῖσθαι διὰ τῶν ἰδίων στρατοπέδων. ταῦτα δὲ προθέμενος ἀνέζευξε μετὰ πάσης τῆς δυνάμεως, ἔχων πεζοὺς μὲν εἰς τετρακισμυρίους καὶ πεντακισχιλίους, ἵππεις δὲ περὶ τρισχιλίους. [9] ἐγγίσας δὲ τοῖς Καρχηδονίοις καὶ γενόμενος σύνοπτος ἐστρατοπέδευσε περὶ τινὰς γεωλόφους καταντικρὺ τῶν πολεμίων.

[1] Μάγων δὲ νομίσας εὐφυῇ καιρὸν ἐπιθέσθαι καταστρατοπεδεύουσι τοῖς Ῥωμαίοις, ἀναλαβὼν τὸ πλεῖστον μέρος τῶν ἰδίων ἱππέων καὶ Μασαννάσαν μετὰ τῶν Νομάδων, ἤλαυνε πρὸς τὴν παρεμβολήν, πεπεισμένος ἀφυλακτοῦντα λήψεσθαι τὸν Πόπλιον. ὁ δὲ πάλαι προορώμενος τὸ μέλλον, [2] ὑπὸ τινὰ βουνὸν ὑπεστάλκει τοὺς ἱππεῖς, ἴσους τοῖς τῶν Καρχηδονίων: [3] ὧν ἀνυπονοήτως ἐμπεσόντων πολλοὶ μὲν ἐν ταῖς ἀρχαῖς ἀναστρέφοντες διὰ τὸ παράδοξον τῆς ἐπιφανείας τῆς ἄφνω τῶν ἱππέων ἀπέπεσον, οἱ δὲ λοιποὶ συμβάλλοντες τοῖς πολεμίοις ἐμάχοντο γενναίως. [4] τῇ δὲ παρὰ τῶν καταβαινόντων ἐν τοῖς Ῥωμαϊκοῖς ἱππεῦσιν εὐχειρία δυσχρηστούμενοι καὶ πολλοὺς ἀπολλύντες οἱ Καρχηδόνιοι, βραχὺ προσαντισχόντες ἐνέκλιναν. [5] καὶ τὸ μὲν πρῶτον ἐν τάξει τὴν ἀναχώρησιν ἐποιοῦντο, τῶν δὲ Ῥωμαίων ἐγκειμένων αὐτοῖς λύσαντες τὰς ἵλας κατέφυγον ὑπὸ τὴν αὐτῶν παρεμβολήν. [6] οἱ μὲν οὖν Ῥωμαῖοι τούτου γενομένου θαρραλεώτερον διέκειντο πρὸς τὸν κίνδυνον, οἱ δὲ Καρχηδόνιοι τοῦναντίον. [7] οὐ μὴν ἀλλὰ ταῖς ἐξῆς ἐπὶ τινὰς ἡμέρας τὰς τε δυνάμεις ἐκτάξαντες ἐν τῷ μεταξὺ πεδίῳ καὶ διὰ τῶν ἱππέων καὶ διὰ τῶν εὐζώνων ἀκροβολισμοὺς ποιησάμενοι καὶ καταπειράσαντες ἀλλήλων, ὥρμησαν ἐπὶ τὸ κρίνειν τὰ ὅλα.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον δυσὶ δοκεῖ κεχρῆσθαι στρατηγήμασιν ὁ Πόπλιος. [2] θεωρῶν γὰρ τὸν Ἀσδρούβαν ὀψὲ ποιοῦμενον τὰς ἐξαγωγάς, καὶ μέσους Λίβυας, τὰ δὲ θηρία προτιθέμενον ἐκατέρων τῶν κεράτων, αὐτὸς εἰωθὼς τῇ μὲν ὥρᾳ προσανατείνειν, [3] τοὺς δὲ Ῥωμαίους μέσους ἀντιτάττειν τοῖς Λίβυσι, τοὺς δ' Ἴβηρας ἐπὶ τῶν κεράτων παρεμβάλλειν, ἧ προέθετο κρίνειν ἡμέρᾳ, τάναντία τοῖς προειρημένοις ποιήσας μέγала συνήργησε ταῖς σφετέραις δυνάμεσι πρὸς τὸ νικᾶν, οὐκ ὀλίγα δ' ἡλάττωσε τοὺς πολεμίους. [4] ἅμα γὰρ τῷ φωτὶ διαπεμπνόμενος τοὺς ὑπηρέτας παρήγγειλε πᾶσι τοῖς χιλιάρχοις καὶ τοῖς στρατιώταις ἀριστοποιησαμένους καὶ καθοπλισαμένους ἐξάγειν πρὸ τοῦ χάρακος. [5] γενομένου δὲ τούτου καὶ προθύμως πειθαρχησάντων διὰ τὴν

ὑπόνοιαν τοῦ μέλλοντος, τοὺς μὲν ἵππεῖς καὶ τοὺς εὐζώνους προαπέστειλε, συντάξας ἐγγίξειν τῇ παρεμβολῇ τῶν ὑπεναντίων καὶ προσακροβολίζεσθαι θρασέως, [6] αὐτὸς δὲ τοὺς πεζοὺς ἔχων ἄρτι τῆς κατὰ τὸν ἥλιον ἀνατολῆς ἐπιφαινομένης προῆγε, καὶ παραγενόμενος εἰς μέσον τὸ πεδῖον παρενέβαλε, τάττων ἐναντίως ἢ πρόσθεν: μέσους μὲν γὰρ ἐτίθει τοὺς Ἰβηρας, ἐπὶ δὲ τῶν κεράτων τὰ τῶν Ῥωμαίων. [7] τοῖς δὲ Καρχηδονίοις, ἄφνω συνεγγιζόντων πρὸς τὸν χάρακα τῶν ἱππέων, ἅμα δὲ καὶ τῆς ἄλλης δυνάμεως ἐκταττομένης ἐν ὄψει, μόλις ἐδόθη καιρὸς εἰς τὸ καθοπλίσασθαι. [8] διόπερ ἠναγκάσθησαν οἱ περὶ τὸν Ἀσδρούβαν ἔτι νήστεις ἔχοντες τοὺς ἄνδρας ἀπαρασκεύως ἐκ τοῦ καιροῦ τοὺς μὲν ἵππεῖς καὶ τοὺς εὐζώνους ἐπαφιέναι τοῖς ἱππεῦσι τῶν ὑπεναντίων εἰς τὰ πεδία, τὰς δὲ πεζικὰς δυνάμεις παρατάττειν, οὐ πολὺ τῆς παρωρείας ἐν τοῖς ἐπιπέδοις ποιούμενοι τὴν ἔκταξιν, καθάπερ ἦν ἔθος αὐτοῖς. [9] ἕως μὲν οὖν τινος ἔμενον οἱ Ῥωμαῖοι τὴν ἡσυχίαν ἔχοντες: ἐπειδὴ δὲ τὸ μὲν τῆς ἡμέρας προύβαινε, τῶν δ' εὐζώνων ἄκριτος ἦν καὶ πάριςος ἢ συμπλοκὴ διὰ τὸ τοὺς πιεζομένους καταφεύγοντας ὑπὸ τὰς ἰδίας φάλαγγας ἐκ μεταβολῆς κινδυνεύειν, [10] τὸ τηνικαῦτα δὲ διαδεξάμενος ὁ Πόπλιος διὰ τῶν διαστημάτων ἐν ταῖς σημαίαις εἶσω τοὺς ἀκροβολιζομένους, καὶ μερίσας ἐφ' ἑκάτερον κέρας ὀπίσω τῶν παρατεταγμένων, πρῶτον μὲν τοὺς γροσφομάχους, ἐπὶ δὲ τούτοις ἐπιβάλλει τοὺς ἵππεῖς, τὰς μὲν ἀρχὰς μετωπηδὸν ποιούμενος τὴν ἔφοδον: [11] ἀποσχὼν δὲ περὶ τετραστάδιον τῶν ὑπεναντίων, τοὺς μὲν Ἰβηρας τηροῦντας τὰς τάξεις τὸν αὐτὸν τρόπον ποιεῖσθαι τὴν ἐπαγωγὴν *** παρήγγειλε, τῷ μὲν δεξιῷ τὰς σημαίας καὶ τὰς ἵλας ἐπὶ

[3] ἐπεὶ δὲ τούτους μὲν οὐ πολὺ συνέβαινε τῶν πολεμίων ἀπέχειν, τοὺς δ' Ἰβηρας ἐν τῇ κατὰ πρόσωπον πλευρᾷ τόπον ἱκανὸν ἔτι διεστάναι τῷ βάδην ποιεῖσθαι τὴν ἐπαγωγὴν, προσέβαλλον τοῖς κέρασιν ἀμφοτέροις ἅμα τοῖς τῶν ὑπεναντίων ὀρθίαις ταῖς Ῥωμαϊκαῖς

δυνάμεσι κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν. [4] αἱ δὲ μετὰ ταῦτα κινήσεις, δι' ὧν συνέβαινε τοὺς ἐπομένους, ἐπιπαρεμβάλλοντας ἐπὶ τὴν αὐτὴν εὐθεΐαν τοῖς ἡγουμένοις, συγκαθίστασθαι τοῖς πολεμίοις εἰς τὴν μάχην, τὴν ἐναντίαν εἶχον διάθεσιν ἀλλήλαις, καὶ καθόλου τὸ δεξιὸν κέρας τῷ λαιῷ καὶ κατὰ μέρος οἱ πεζοὶ τοῖς ἵππευσιν. [5] οἱ μὲν γὰρ ἐπὶ τοῦ δεξιοῦ κέρως ἵππεις μετὰ τῶν εὐζώνων, ἐκ δόρατος ἐπιπαρεμβάλλοντες, ὑπερκερᾶν ἐπειρῶντο τοὺς πολεμίους, οἱ δὲ πεζοὶ τοὺναντίον ἐξ ἀσπίδος παρενέβαλλον· [6] τῶν δὲ κατὰ τὸ λαιὸν οἱ μὲν ἐν ταῖς σπεύραις ἐκ δόρατος, οἱ δ' ἵππεις μετὰ τῶν γροσφομάχων ἐξ ἡνίας. [7] ἐγεγόνει μὲν οὖν ἐκ τῶν ἱππέων καὶ τῶν εὐζώνων ἀμφοτέρων τῶν κεράτων ἐκ ταύτης τῆς κινήσεως τὸ δεξιὸν εὐώνυμον. [8] οὗ μικρὸν λόγον θέμενος ὁ στρατηγὸς τοῦ μείζονος ἐποίησατο πρόνοιαν, τοῦ κατὰ τὴν ὑπερκέρασιν, ὀρθῶς λογιζόμενος· [9] εἰδέναι μὲν γὰρ δεῖ τὸ γινόμενον, χρῆσθαι δὲ ταῖς πρὸς τὸν καιρὸν ἀρμοζούσαις κινήσεσιν.

[1] ἐκ δὲ τῆς τούτων συμπλοκῆς τὰ μὲν θηρία διὰ τῶν γροσφομάχων καὶ τῶν ἱππέων ἀκοντιζόμενα καὶ διαταραττόμενα πανταχόθεν ἔπασχε μὲν κακῶς, ἔβλαπτε δ' οὐδὲν ἥττον τοὺς φίλους ἢ τοὺς πολεμίους· φερόμενα γὰρ εἰκῇ τοὺς ὑποπεσόντας ἐξ ἀμφοῖν αἰεὶ διέφθειρε. [4] οὐ μὴν ἀλλὰ χρόνον μὲν τινα διηγωνίζοντο τὰ κέρατα γενναίως διὰ τὸ περὶ τῶν ὅλων ἐκατέρους συνεστάναι τὸν κίνδυνον. [5] ἤδη δὲ τοῦ καύματος ἐφεστῶτος κατὰ τὴν ἀκμὴν, οἱ μὲν Καρχηδόνιοι παρελύοντο διὰ τὸ μὴ πεποιεῖσθαι τὴν ἔξοδον κατὰ τὴν ἰδίαν προαίρεσιν, κεκωλύσθαι δὲ τῆς ἀρμοζούσης παρασκευῆς, [6] οἱ δὲ Ῥωμαῖοι καὶ τῇ δυνάμει καὶ ταῖς εὐψυχίαις καθυπερεῖχον, καὶ μάλιστα τῷ τοῖς χρησιμωτάτοις πρὸς τοὺς ἀχρειοτάτους τῶν πολεμίων συμβεβληκέναι διὰ τὴν τοῦ στρατηγοῦ πρόνοιαν. [7] τὰς μὲν οὖν ἀρχὰς οἱ περὶ τὸν Ἀσδρούβαν κατὰ πόδα πιεζούμενοι τὴν ἀναχώρησιν ἐποιοῦντο, μετὰ δὲ ταῦτα κλίναντες ἄθροοι πρὸς τὴν παρῳρείαν ἀπεχώρουν· ἐγκειμένων δὲ τῶν Ῥωμαίων βιαίτερον ἔφευγον εἰς τὸν χάρακα προτροπάδην. [8] εἰ

[2] τῷ δὲ πλήθει τοιοῦτον παρέστη δέος ὑπὸ τε τοῦ πέριξ φόβου καὶ τῶν κατὰ πρόσωπον δεινῶν, ὥστε τῶν μὲν μαστιγουμένων, τῶν δὲ πελεκιζομένων μήτε τὴν ὄψιν ἀλλοιῶσαι μήτε φωνὴν προέσθαι μηδένα, μένειν δὲ πάντας ἀχανεῖς, ἐκπεπληγμένους πρὸς τὸ συμβαῖνον. [3] οἱ μὲν οὖν ἀρχηγοὶ τῶν κακῶν αἰκισθέντες εἷλκοντο διὰ μέσων, ἀπηλλαγμένοι τοῦ ζῆν· οἱ δὲ λοιποὶ παρὰ μὲν τοῦ στρατηγοῦ καὶ τῶν ἄλλων ἀρχόντων [4] κατὰ κοινὸν ἔλαβον τὰς πίστεις ἐφ' ᾧ μηδένα μηδενὶ μνησικακήσῃ, αὐτοὶ δὲ καθ' ἓνα προϊόντες ὤμνουν τοῖς χιλιάρχοις ἢ μὴν πειθαρχήσῃ τοῖς παραγγελλομένοις ὑπὸ τῶν ἀρχόντων καὶ μηδὲν ὑπεναντίον φρονήσῃ τῇ Ῥώμῃ.

[1] Πόπλιος μὲν οὖν, [5] μεγάλων κινδύνων ἀρχὴν φυομένων καλῶς διορθωσάμενος, πάλιν ἀποκατέστησε τὰς οἰκείας δυνάμεις εἰς τὴν ἐξ ἀρχῆς διάθεσιν. — ὁ δὲ Πόπλιος συναθροίσας εὐθέως ἐν αὐτῇ τῇ Καρχηδόνι τὰς δυνάμεις εἰς ἐκκλησίαν ἔλεγε περὶ τε τῆς Ἀνδοβάλου τόλμης καὶ τῆς εἰς αὐτοὺς ἀθεσίας, [2] καὶ πολλὰ πρὸς τοῦτο τὸ μέρος ἐνεγκάμενος παρώξυνε τοὺς πολλοὺς πρὸς τὴν κατὰ τῶν προειρημένων δυναστῶν ὁρμὴν. [3] ἐπὶ δὲ τούτοις ἐξηριθμήσατο τοὺς προγεγενημένους αὐτοῖς ἀγῶνας πρὸς Ἰβήρας ὁμοῦ καὶ πρὸς Καρχηδονίους, στρατηγούντων Καρχηδονίων, [4] ἐν οἷς ἀεὶ νικῶντας οὐ καθήκειν ἔφη νυνὶ διαπορεῖν, μήποτε πρὸς αὐτοὺς Ἰβήρας Ἀνδοβάλου στρατηγούντος μαχόμενοι λειφθῶσι. [5] διόπερ οὐδὲ προσδέξασθαι συναγωνιστὴν Ἰβήρων οὐδένα καθάπαξ ἔφη, δι' αὐτῶν δὲ Ῥωμαίων συστήσασθαι τὸν κίνδυνον, [6] ἵνα φανερόν γένηται πᾶσιν ὥς οὐκ Ἰβηρσι Καρχηδονίους καταπολεμησάμενοι, καθάπερ ἐνιοὶ φασιν, ἐξεβάλομεν ἐξ Ἰβηρίας, ἀλλὰ καὶ Καρχηδονίους καὶ Κελτίβηρας ταῖς Ῥωμαίων ἀρεταῖς καὶ τῇ σφετέρᾳ γενναιότητι νενικήκαμεν. ταῦτα δ' εἰπὼν ὁμονοεῖν παρήγει καὶ

[8] τῷ δὲ πλήθει τοιαύτη παρέστη προθυμία καὶ θάρσος ὥστε παραπλησίους εἶναι πάντας ἐκ τῆς ἀπόψεως τοῖς ὀρώσι τοὺς πολεμίους καὶ μέλλουσιν ὅσον οὐπω πρὸς αὐτοὺς διακινδυνεύειν.

[1] τότε μὲν οὖν ταῦτ' εἰπὼν διαφῆκε τὴν ἐκκλησίαν. τῇ δ' ἐπαύριον ἀναζεύξας προῆγε, καὶ παραγεννηθεὶς ἐπὶ τὸν Ἰβηρα ποταμὸν δεκαταῖος καὶ περαιωθεὶς τῇ τετάρτῃ μετὰ ταύτην προσεστρατοπέδευσε τοῖς ὑπεναντίοις, λαβὼν αὐλῶνά τινα μεταξὺ τῆς αὐτοῦ καὶ τῶν πολεμίων στρατοπεδείας. [2] τῇ δ' ἐξῆς εἰς τὸν προειρημένον αὐλῶνα προσέβαλέ τινα θρέμματα τῶν παρεπομένων τῷ στρατοπέδῳ, συντάξας ἐτοίμους ἔχειν τοὺς ἵππεῖς τῷ Γαίῳ, τοὺς δὲ γροσφομάχους ἐπέταξε τῶν χιλιάρχων τισὶ παρασκευάζειν. [3] ταχὺ δὲ τῶν Ἰβήρων ἐπιτεσόντων ἐπὶ τὰ θρέμματα ἐξαφῆκε τῶν γροσφομάχων τινάς. γινομένης δὲ διὰ τούτων συμπλοκῆς καὶ προσβοηθούντων ἐκατέροις πλειόνων, συνέστη μέγας ἀκροβολισμὸς τῶν πεζῶν περὶ τὸν αὐλῶνα. [4] τοῦ δὲ καιροῦ παραδιδόντος εὐλόγους ἀφορμὰς πρὸς ἐπίθεσιν, ἔχων ὁ Γάιος ἐτοίμους τοὺς ἵππεῖς κατὰ τὸ συνταχθὲν ἐπεβάλετο τοῖς ἀκροβολιζομένοις, ἀποτεμόμενος ἀπὸ τῆς παρωρείας, ὥστε τοὺς πλείους αὐτῶν κατὰ τὸν αὐλῶνα σκεδασθέντας ὑπὸ τῶν ἱππέων διαφθαρῆναι. γενομένου δὲ τούτου, [5] παροξυνθέντες οἱ βάρβαροι, καὶ διαγωνιάσαντες μὴ διὰ τὸ προητῆσθαι δόξωσι καταπεπληχθαι τοῖς ὅλοις, ἐξῆγον ἅμα τῷ φωτὶ καὶ παρέταττον εἰς μάχην ἅπασαν τὴν δύναμιν. [6] ὁ δὲ Πόπλιος ἔτοιμος μὲν ἦν πρὸς τὴν χρεῖαν, θεωρῶν δὲ τοὺς Ἰβηρας ἀλογίστως συγκαταβαίνοντας εἰς τὸν αὐλῶνα καὶ τάττοντας οὐ μόνον τοὺς ἵππεῖς, ἀλλὰ καὶ τοὺς πεζοὺς ἐν τοῖς ἐπιπέδοις, ἐπέμενε, βουλόμενος ὥς πλείστους ταύτῃ χρήσασθαι τῇ παρεμβολῇ, [7] πιστεύων μὲν καὶ τοῖς ἱππεῦσι τοῖς ἰδίοις, ἔτι δὲ μᾶλλον τοῖς πεζοῖς, διὰ τὸ κατὰ τὰς ἐξ ὁμολόγου καὶ συστάδην μάχας τὸν τε καθοπλισμὸν καὶ τοὺς ἄνδρας τοὺς παρ' αὐτοῦ πολὺ διαφέρειν τῶν Ἰβήρων.

[1] ἐπεὶ δ' ἔδοξε τὸ δέον αὐτῷ γίνεσθαι, πρὸς μὲν τοὺς ἐν τῇ παρωρείᾳ τεταγμένους τῶν πολεμίων ἀντέταττε *** πρὸς δὲ τοὺς εἰς τὸν αὐλῶνα καταβεβηκότας ἄθρους ἄγων ἐκ τῆς παρεμβολῆς ἐπὶ τέτταρας κοόρτις προσέβαλε τοῖς πεζοῖς τῶν ὑπεναντίων. [2] κατὰ δὲ τὸν καιρὸν τοῦτον καὶ Γάιος Λαίλιος, ἔχων τοὺς ἵππεῖς, προῆγε διὰ

τῶν λόφων τῶν ἀπὸ τῆς παρεμβολῆς ἐπὶ τὸν αὐλῶνα κατατεινόντων, καὶ προσέβαλλε τοῖς τῶν Ἰβήρων ἵππεῦσι κατὰ νότου, καὶ συνεῖχε τούτους ἐν τῇ πρὸς αὐτὸν μάχῃ. λοιπὸν οἱ μὲν πεζοὶ τῶν ὑπεναντίων, [3] ἐρημωθέντες τῆς τῶν ἱππέων χρείας, οἷς πιστεῦσαντες εἰς τὸν αὐλῶνα κατέβησαν, ἐπιεζοῦντο καὶ κατεβαροῦντο τῇ μάχῃ, οἱ δ' ἵππεῖς τὸ παραπλήσιον ἔπασχον: [4] ἀπειλημμένοι γὰρ ἐν στενῷ καὶ δυσχρηστούμενοι πλείους ὑφ' αὐτῶν ἢ τῶν πολεμίων διεφθείροντο, τῶν μὲν ἰδίων πεζῶν ἐκ πλαγίου προσκειμένων αὐτοῖς, τῶν δὲ πολεμίων τῶν πεζῶν κατὰ πρόσωπον, τῶν δ' ἱππέων κατὰ νότου περιεστώτων. [5] τοιαύτης δὲ γενομένης τῆς μάχης οἱ μὲν εἰς τὸν αὐλῶνα καταβάντες σχεδὸν ἅπαντες διεφθάρησαν, οἱ δ' ἐν τῇ παρωρείᾳ διέφυγον. [6] οὗτοι δ' ἦσαν εὖζωνοι, τρίτον δὲ μέρος τῆς ἀπάσης δυνάμεως, μεθ' ὧν καὶ τὸν Ἀνδοβάλην συνέβη διασωθέντα φυγεῖν εἰς τι χωρίον ὄχυρόν. —

[1] Πόπλιος δέ, [7] συντέλειαν ἐπιτεθεικῶς τοῖς κατὰ τὴν Ἰβηρίαν ἔργοις, παρῆν εἰς τὸν Ταρράκωνα μετὰ μεγίστης χαρᾶς, κάλλιστον θρίαμβον καὶ καλλίστην νίκην τῇ πατρίδι κατάγων. [8] σπεύδων δὲ μὴ καθυστερεῖν τῆς ἐν τῇ Ῥώμῃ καταστάσεως τῶν ὑπάτων, πάντα τὰ κατὰ τὴν Ἰβηρίαν διατάξας καὶ παραδοὺς τὸ στρατόπεδον τοῖς περὶ τὸν Ἰούνιον καὶ Μάρκιον, αὐτὸς ἀπέπλευσε μετὰ Γαΐου καὶ τῶν ἄλλων φίλων εἰς τὴν Ῥώμην. VI. Res Asiae καὶ γὰρ αὐτὸς ἦν ὁ Εὐθύδημος Μάγνης, πρὸς ὃν ἀπελογίζετο φάσκων ὡς οὐ δικαίως αὐτὸν Ἀντίοχος ἐκ τῆς βασιλείας ἐκβαλεῖν σπουδάζει: [2] γεγονέναι γὰρ οὐκ αὐτὸς ἀποστάτης τοῦ βασιλέως, ἀλλ' ἐτέρων ἀποστάντων ἐπανελόμενος τοὺς ἐκείνων ἐκγόνους, οὕτως κρατῆσαι τῆς Βακτριανῶν ἀρχῆς. [6] ταῦτα δ' εἰπὼν ἐξαπέστειλε τὸν Τηλέαν πρὸς τὸν Ἀντίοχον. [7] ὁ δὲ βασιλεὺς, πάλαι περιβλεπόμενος λύσιν τῶν πραγμάτων, πυθόμενος ταῦτα παρὰ τοῦ Τηλέου, προθύμως ὑπήκουσε πρὸς τὰς διαλύσεις διὰ τὰς προειρημένας αἰτίας. [10] περὶ δὲ τῶν λοιπῶν ἐγγράπτους ποιησάμενος ὁμολογίας καὶ συμμαχίαν ἔνορκον, ἀνέζευξε σιτομετρήσας δαψιλῶς τὴν δύναμιν, προσλαβὼν καὶ τοὺς ὑπάρχοντας ἐλέφαντας τοῖς περὶ τὸν Εὐθύδημον. [11] ὑπερβαλὼν δὲ τὸν Καύκασον καὶ κατάρας εἰς τὴν Ἰνδικήν, τὴν τε φιλίαν ἀνενέωσατο τὴν πρὸς τὸν Σοφαγασήνον τὸν βασιλέα τῶν Ἰνδῶν, [12] καὶ λαβὼν ἐλέφαντας, ὥστε γενέσθαι τοὺς ἅπαντας εἰς ἑκατὸν καὶ πενήκοντ', ἔτι δὲ σιτομετρήσας πάλιν ἐνταῦθα τὴν δύναμιν, αὐτὸς μὲν ἀνέζευξε μετὰ τῆς στρατιᾶς, Ἀνδροσθένην δὲ τὸν Κυζικηνὸν ἐπὶ τῆς ἀνακομιδῆς ἀπέλιπε τῆς γάζης τῆς ὁμολογηθείσης αὐτῷ παρὰ τοῦ βασιλέως. [13] διελθὼν δὲ τὴν Αραχωσίαν καὶ περαιωθεὶς τὸν Ἑρύμανθον ποταμόν, ἦκε διὰ τῆς Δραγηνῆς εἰς τὴν Καρμανίαν, οὗ καὶ συνάπτοντος ἤδη τοῦ χειμῶνος ἐποίησατο τὴν παραχειμασίαν. [14] τὸ μὲν οὖν πέρας τῆς εἰς τοὺς ἄνω τόπους στρατείας Ἀντιόχου τοιαύτην ἔλαβε τὴν συντέλειαν, δι' ἧς οὐ μόνον τοὺς ἄνω σατράπας ὑπηκόους ἐποίησατο τῆς ἰδίας ἀρχῆς, ἀλλὰ καὶ τὰς ἐπιθαλαττίους πόλεις καὶ τοὺς ἐπὶ τάδε τοῦ Ταύρου δυνάστας, [15] καὶ συλλήβδην ἡσφαλίσατο τὴν βασιλείαν, καταπληξάμενος τῇ τόλμῃ καὶ φιλοπονίᾳ πάντας τοὺς ὑποταττομένους· [16] διὰ γὰρ ταύτης τῆς στρατείας ἄξιος ἐφάνη τῆς βασιλείας οὐ μόνον τοῖς κατὰ τὴν Ἀσίαν, ἀλλὰ καὶ τοῖς κατὰ τὴν Εὐρώπην.

De Timaei Erroribus Commissis De Rebus Locrensiū ἔμοι δὴ συμβαίνει καὶ παραβεβληκέναι πλεονάκις εἰς τὴν τῶν Λοκρῶν πόλιν καὶ παρεσχῆσθαι χρείας αὐτοῖς ἀναγκαίας: [2] καὶ γὰρ τῆς εἰς Ἰβηρίαν στρατείας αὐτοὺς παραλυθῆναι συνέβη δι' ἐμὲ καὶ τῆς εἰς Δαλματεῖς, ἣν ὤφειλον κατὰ θάλατταν ἐκπέμπειν Ῥωμαίοις κατὰ τὰς συνθήκας. [5] σύνοιδα γὰρ τοῖς ἀνθρώποις ὁμολογοῦσιν ὅτι παραδόσιμος αὐτοῖς ἐστὶν αὕτη περὶ τῆς ἀποικίας ἡ φήμη παρὰ πατέρων, ἣν Ἀριστοτέλης εἴρηκεν, οὐ Τίμαιος. καὶ τούτων γε τοιαύτας ἔφερον ἀποδείξεις. [6] πρῶτον μὲν ὅτι πάντα τὰ διὰ προγόνων ἔνδοξα παρ' αὐτοῖς ἀπὸ τῶν γυναικῶν, οὐκ ἀπὸ τῶν ἀνδρῶν ἐστίν, οἷον εὐθέως εὐγενεῖς παρὰ σφίσι νομίζεσθαι τοὺς ἀπὸ τῶν ἑκατὸν οἰκιῶν λεγομένους: [7] ταύτας δ' εἶναι τὰς ἑκατὸν οἰκίας τὰς προκριθείσας ὑπὸ τῶν Λοκρῶν πρὶν ἢ τὴν ἀποικίαν ἐξελθεῖν, ἐξ ὧν ἔμελλον οἱ Λοκροὶ κατὰ τὸν χρησμὸν κληροῦν τὰς ἀποσταλῆσομένας παρθένους εἰς Ἴλιον. [8] τούτων δὲ τινὰς τῶν γυναικῶν συνεξᾶραι μετὰ τῆς ἀποικίας, ὧν τοὺς ἀπογόνους ἔτι νῦν εὐγενεῖς νομίζεσθαι καὶ καλεῖσθαι τοὺς ἀπὸ τῶν ἑκατὸν οἰκιῶν. [9] πάλιν ὑπὲρ τῆς φιαληφόρου παρ' αὐτοῖς λεγομένης

τοιαύτη τις ἱστορία παραδέδοτο, [10] διότι καθ' ὃν καιρὸν τοὺς Σικελοὺς ἐκβάλοιεν τοὺς κατασχόντας τὸν τόπον τοῦτον τῆς Ἰταλίας, ὧν καὶ ταῖς θυσίαις προηγεῖτο τῶν ἐνδοξοτάτων καὶ τῶν εὐγενεστάτων ὑπάρχων παῖς, αὐτοὶ καὶ πλείω τῶν Σικελικῶν ἐθῶν παραλαβόντες διὰ τὸ μηδὲν αὐτοῖς πάτριον ὑπάρχειν καὶ τοῦτο διαφυλάττειν ἀπ' ἐκείνων, [11] αὐτὸ δὲ τοῦτο διορθώσαιτο, τὸ μὴ παῖδα ποιεῖν ἐξ αὐτῶν τὸν φιαληφόρον, ἀλλὰ παρθένον, διὰ τὴν ἀπὸ τῶν γυναικῶν εὐγένειαν.

[1] συνθῆκαι δὲ πρὸς μὲν τοὺς κατὰ τὴν Ἑλλάδα Λοκροὺς οὕτ' ἦσαν οὕτ' ἐλέγοντο παρ' αὐτοῖς γεγονέναι, πρὸς μέντοι Σικελοὺς πάντες εἶχον ἐν παραδόσει. [2] περὶ ὧν ἔλεγον διότι, καθ' ὃν καιρὸν ἐκ τῆς πρώτης παρουσίας καταλάβοιεν Σικελοὺς κατέχοντας ταύτην τὴν χώραν, ἐν ἣ νῦν κατοικοῦσι, καταπλαγέντων αὐτοὺς ἐκείνων καὶ προσδεξαμένων διὰ τὸν φόβον, [3] ὁμολογίας ποιήσαιτο τοιαύτας, ἣ μὴν εὐνοήσιν αὐτοῖς καὶ κοινῇ τὴν χώραν ἔξειν, ἕως ἂν ἐπιβαίνωσι τῇ γῇ ταύτῃ καὶ τὰς κεφαλὰς ἐπὶ τοῖς ὤμοις φορῶσι. [4] τοιούτων δὲ τῶν ὄρκων γινομένων φασὶ τοὺς Λοκροὺς εἰς μὲν τὰ πέλματα τῶν ὑποδημάτων ἐμβالόντας γῆν, ἐπὶ δὲ τοὺς ὤμους σκόρδων κεφαλὰς ἀφανεῖς ὑποθεμένους οὕτως ποιήσασθαι τοὺς ὄρκους, [5] κἄπειτα τὴν μὲν γῆν ἐκβαλόντας ἐκ τῶν ὑποδημάτων, τὰς δὲ κεφαλὰς τῶν σκόρδων ἀπορρίψαντας μετ' οὐ πολὺ καιροῦ παραπεσόντος ἐκβαλεῖν τοὺς Σικελοὺς ἐκ τῆς χώρας. [6] ταῦτα μὲν οὖν λέγεται παρὰ Λοκροῖς. —

[3] ἥ καὶ τὸ τοὺς Ἀθηναίους πορθῆσαι τὴν χώραν αὐτῶν οὐδέν ἐστι σημεῖον ψευδῆ λέγειν τὸν Ἀριστοτέλην: [4] εὐλόγου γὰρ ὄντος ἐκ τῶν προειρημένων, εἰ καὶ δεκάκις ἦσαν οἰκέται, τοῦ προσπεποιηθῆαι τὴν τῶν Λακεδαιμονίων φιλίαν τοὺς ἐξάραντας ἐκ τῶν Λοκρῶν καὶ κατασχόντας εἰς τὴν Ἰταλίαν, εὐλογος γίνεται καὶ [ἡ] τῶν Ἀθηναίων ἀλλοτριότης ἢ πρὸς πάντας τοὺς προειρημένους, οὐχ οὕτως ἐξεταζόντων τὸ γένος ὡς τὴν προαίρεσιν. [7] οὔτε γὰρ κωλύειν τοὺς Λοκροὺς ἔμελλον, αὐτοὶ τὸ ὅμοιον ποιοῦντες — ἄτοπον γάρ — οὐδὲ μὴν κελεύοντων αὐτῶν οἱ Λοκροὶ πάντως ποιήσιν ἐκείνοις τὸ παραπλήσιον. [8] παρὰ μὲν γὰρ τοῖς Λακεδαιμονίοις καὶ πάτριον ἦν καὶ σύνηθες τρεῖς ἄνδρας ἔχειν τὴν γυναῖκα καὶ τέτταρας, τοτὲ δὲ καὶ πλείους ἀδελφοὺς ὄντας, καὶ τὰ τέκνα τούτων εἶναι κοινά, καὶ γεννήσαντα παῖδας ἱκανοὺς ἐκδόσθαι γυναῖκά τινα τῶν φίλων καλὸν καὶ σύνηθες. [9] διόπερ οἱ Λοκροὶ μήτε ταῖς ἀραῖς ὄντες ἔνοχοι μήτε τοῖς ὅρκοις, οἷς ὤμοσαν οἱ Λακεδαιμόνιοι μὴ πρότερον εἰς τὴν οἰκείαν ἐπανήξειν πρὶν ἢ τὴν Μεσσήνην κατὰ κράτος ἐλεῖν, τῆς μὲν κατὰ τὸ κοινὸν ἐξαποστολῆς εὐλόγως οὐ μετέσχον, [10] κατὰ δὲ μέρος τὰς ἐπανόδους ποιοῦμενοι καὶ σπανίως ἔδοσαν ἀναστροφὴν ταῖς γυναῖξι πρὸς οἰκέτας γενέσθαι συνηθεστέραν ἢ πρὸς τοὺς ἐξ ἀρχῆς ἄνδρας, ταῖς δὲ παρθένους καὶ μᾶλλον: ὁ καὶ τῆς ἐξαναστάσεως αἴτιον γέγονεν. —

[1] ὅτι πολλὰ ἴστορεῖ ψευδῆ ὁ Τίμαιος, καὶ δοκεῖ τὸ παράπαν οὐκ ἄπειρος ὧν οὐδενὸς τῶν τοιούτων, ὑπὸ δὲ τῆς φιλονεικίας ἐπισκοτούμενος, ὅταν ἅπαξ ἢ ψέγειν ἢ τοῦναντίον ἐγκωμιάζειν τινὰ πρόθηται, πάντων ἐπιλανθάνεται καὶ πολὺ τι τοῦ καθήκοντος παρεκβαίνει. [1] V. De Callisthenis Imperitia In Narrandis Rebus Militaribus ἵνα δὲ μὴ δόξωμεν τῶν τηλικούτων ἀνδρῶν καταξιοπιστεῖσθαι, μνησθησόμεθα μιᾷ παρατάξεως, ἣν ἅμα μὲν οἶαν ἐπιφανεστάτην εἶναι συμβέβηκεν, ἅμα δὲ τοῖς καιροῖς οὐ μακρὰν ἀπηρτῆσθαι, τὸ δὲ μέγιστον, παρατετευχέναι τὸν Καλλισθένη. [2] λέγω δὲ περὶ τῆς ἐν Κιλικίᾳ γενομένης Ἀλεξάνδρῳ πρὸς Δαρεῖον, ἐν ἧ φησὶ μὲν Ἀλέξανδρον ἤδη διαπεπορευθῆναι τὰ στενὰ καὶ τὰς λεγομένας ἐν τῇ Κιλικίᾳ Πύλας, Δαρεῖον δὲ χρησάμενον τῇ διὰ τῶν Ἀμανίδων λεγομένων Πυλῶν πορείᾳ κατὰραι μετὰ τῆς δυνάμεως εἰς Κιλικίαν: [3] πυθόμενον δὲ παρὰ τῶν ἐγχωρίων προάγειν τὸν Ἀλέξανδρον ὥς ἐπὶ Συρίαν, ἀκολουθεῖν, καὶ συνεγγίσαντα τοῖς στενοῖς στρατοπεδεῦσαι παρὰ τὸν Πίναρον ποταμόν. [4] εἶναι δὲ τοῦ μὲν τόπου τὸ διάστημ' οὐ πλείω τῶν τεττάρων καὶ δέκα σταδίων ἀπὸ θαλάττης ἕως πρὸς τὴν παρώρειαν: [5] διὰ δὲ τούτου φέρεσθαι τὸν προειρημένον ποταμόν ἐπικάρσιον, ἀπὸ μὲν τῶν ὁρῶν εὐθέως ἐκρήγματα τῶν πλευρῶν, διὰ δὲ τῶν ἐπιπέδων ἕως εἰς θάλατταν ἀποτόμους ἔχοντα καὶ δυσβάτους λόφους. [6] ταῦτα δ' ὑποθέμενος, ἐπεὶ συνεγγίζοιεν οἱ περὶ τὸν Ἀλέξανδρον ἐξ ὑποστροφῆς ἐπ' αὐτοὺς ἀναχωροῦντες, κρῖναί φησι Δαρεῖον καὶ τοὺς ἡγεμόνας τὴν μὲν φάλαγγα τάξαι πᾶσαν ἐν αὐτῇ τῇ στρατοπεδείᾳ, καθάπερ ἐξ ἀρχῆς εἶχε, χρῆσασθαι δὲ τῷ ποταμῷ προβλήματι διὰ τὸ παρ' αὐτὴν ρεῖν τὴν στρατοπεδείαν. [7] μετὰ δὲ ταῦτά φησι τοὺς μὲν ἵππεῖς τάξαι παρὰ θάλατταν, τοὺς δὲ μισθοφόρους ἐξῆς τούτοις παρ' αὐτὸν τὸν ποταμόν, ἐχομένους τούτων τοὺς πελταστὰς συνάπτοντας τοῖς ὄρεσι.

[1] πῶς δὲ προέταξε τούτους πρὸ τῆς φάλαγγος, τοῦ ποταμοῦ ῥέοντος παρ' αὐτὴν τὴν στρατοπεδείαν, δυσχερὲς κατανοῆσαι, καὶ ταῦτα τῷ πλήθει τοσοῦτων ὑπαρχόντων. [2] τρισμῦριοι μὲν γὰρ ἵππεῖς ὑπῆρχον, ὥς αὐτὸς ὁ Καλλισθένης φησὶ, τρισμῦριοι δὲ μισθοφόροι: πόσου δ' εἶχον οὗτοι τόπου χρεῖαν, εὐχερὲς καταμαθεῖν. [3] πλείστον μὲν γὰρ ἵππεων τάττεται βάθος ἐπ' ὅκτῳ πρὸς ἀληθινὴν χρεῖαν, καὶ μεταξὺ τῶν ἰλῶν ἐκάστης ἴσον ὑπάρχειν δεῖ διάστημα τοῖς μετώποις πρὸς τὸ ταῖς ἐπιστροφαῖς δύνασθαι καὶ τοῖς περισπασμοῖς εὐχρηστεῖν. [4] ἐξ ὧν τὸ στάδιον ὀκτακοσίους λαμβάνει, τὰ δὲ δέκα τοὺς ὀκτακισχιλίους, τὰ δὲ τέτταρα τρισχιλίους διακοσίους, ὥστ' ἀπὸ τῶν μυρίων χιλίων διακοσίων πεπληρῶσθαι τὸν τῶν τετταρεσκαίδεκα σταδίων τόπον. [5] ἐὰν δὲ πάντας ἐκτάτῃ τοὺς τρισμυρίους, βραχὺ λείπει τοῦ τριφαλαγγίαν ἐπάλληλον εἶναι τῶν

ἰππέων αὐτῶν. [6] εἰς ποῖον οὖν τόπον ἐτάττετο τὸ τῶν μισθοφόρων πλῆθος; εἰ μὴ νῆ Δία κατόπιν τῶν ἰππέων. ἀλλ' οὐ φησιν, ἀλλὰ συμπεπτωκέναι τούτους τοῖς Μακεδόσι κατὰ τὴν ἐπαγωγὴν. [7] ἐξ ὧν ἀνάγκη ποιῆσθαι τὴν ἐκδοχὴν διότι τὸ μὲν ἥμισυ τοῦ τόπου τὸ παρὰ θάλατταν ἢ τῶν ἰππέων ἐπεῖχε τάξις, τὸ δ' ἥμισυ τὸ πρὸς τοῖς ὄρεσιν ἢ τῶν μισθοφόρων. [8] ἐκ δὲ τούτων εὐσυλλόγιστον πόσον ὑπῆρχε τὸ βάθος τῶν ἰππέων καὶ ποῖον ἔδει τόπον ἀπέχειν τὸν ποταμὸν ἀπὸ τῆς στρατοπεδείας. [9] μετὰ δὲ ταῦτα συνεγγιζόντων τῶν πολεμίων φησὶ τὸν Δαρεῖον αὐτόν, κατὰ μέσην ὑπάρχοντα τὴν τάξιν, καλεῖν τοὺς μισθοφόρους ἀπὸ τοῦ κέρατος πρὸς αὐτόν. [10] πῶς δὲ λέγεται τοῦτο, διαπορεῖν ἔστι: τῶν γὰρ μισθοφόρων ἀνάγκη καὶ τῶν ἰππέων τὴν συναφὴν κατὰ μέσον ὑπάρχειν τὸν τόπον, ὥστ' ἐν αὐτοῖς ὦν τοῖς μισθοφόροις ὁ Δαρεῖος ποῦ καὶ πρὸς τί καὶ πῶς ἐκάλει τοὺς μισθοφόρους; [11] τὸ δὲ τελευταῖον φησὶ τοὺς ἀπὸ τοῦ δεξιοῦ κέρατος ἰππεῖς ἐπαγαγόντας ἐμβαλεῖν τοῖς περὶ τὸν Ἀλέξανδρον, τοὺς δὲ γενναίως δεξαμένους ἀντεπάγειν καὶ ποιεῖν μάχην ἰσχυράν. [12] ὅτι δὲ ποταμὸς ἦν ἐν μέσῳ, καὶ ποταμὸς οἷον ἀρτίως εἶπεν, ἐπελάθετο.

[1] τούτοις δ' ἐστὶ παραπλήσια τὰ κατὰ τὸν Ἀλέξανδρον. φησὶ γὰρ αὐτόν ποιήσασθαι τὴν εἰς τὴν Ἀσίαν διάβασιν, πεζῶν μὲν ἔχοντα τέτταρας μυριάδας, ἰππεῖς δὲ τετρακισχιλίους καὶ πεντακοσίους, [2] μέλλοντι δ' εἰς Κιλικίαν ἐμβάλλειν ἄλλους ἐλθεῖν ἐκ Μακεδονίας πεζοὺς μὲν πεντακισχιλίους, ἰππεῖς δ' ὀκτακοσίους. [3] ἀφ' ὧν εἴ τις ἀφέλοι τρισχιλίους μὲν πεζοὺς, τριακοσίους δ' ἰππεῖς, ἐπὶ τὸ πλεῖον ποιῶν τὴν ἀπουσίαν πρὸς τὰς γεγενημένας χρείας, ὅμως πεζοὶ μὲν ἀπολειφθήσονται τετρακισμῦριοι δισχιλίοι, πεντακισχιλίοι δ' ἰππεῖς. [4] τούτων οὖν ὑποκειμένων, φησὶ τὸν Ἀλέξανδρον πυθέσθαι τὴν Δαρείου παρουσίαν εἰς Κιλικίαν ἑκατὸν ἀπέχοντα σταδίου ἀπ' αὐτοῦ, διαπεπορευμένον ἤδη τὰ στενά: [5] διόπερ ἐξ ὑποστροφῆς πάλιν ποιῆσθαι τὴν πορείαν διὰ τῶν στενῶν, ἄγοντα πρῶτον μὲν τὴν φάλαγγα, μετὰ δὲ ταῦτα τοὺς ἰππεῖς, ἐπὶ πᾶσι τὸ σκευοφόρον. ἅμα δὲ τῷ πρῶτον εἰς τὰς εὐρυχωρίας ἐκπεσεῖν, [6] διασκευάζεσθαι παραγγείλαντα πᾶσιν ἐπιπαρεμβалеῖν τὴν φάλαγγα, καὶ ποιῆσαι τὸ βάθος αὐτῆς ἐπὶ τριάκοντα καὶ δύο, μετὰ δὲ ταῦτα πάλιν εἰς ἐκκαίδεκα, τὸ δὲ τελευταῖον, ἐγγίζοντα τοῖς πολεμίοις, εἰς ὀκτώ. [7] ταῦτα δ' ἐστὶ μείζω τῶν προειρημένων ἀλογήματα. τοῦ γὰρ σταδίου λαμβάνοντος ἄνδρα ἐν τοῖς πορευτικοῖς διαστήμασιν, ὅταν εἰς ἐκκαίδεκα τὸ βάθος ᾖσι, χιλίους ἑξακοσίους, ἐκάστου τῶν ἀνδρῶν ἐξ

πόδας ἐπέχοντος, [8] φανερόν ὅτι τὰ δέκα στάδια λήψεται μυρίους ἑξακισχιλίους, τὰ δ' εἴκοσι τοὺς διπλασίους. [9] ἐκ δὲ τούτων εὐθεώρητον ὅτι καθ' ὃν καιρὸν ἐποίησε τὴν δύναμιν Ἀλέξανδρος ἑκκαίδεκα τὸ βάθος, ἀναγκαῖον ἦν εἴκοσι σταδίων ὑπάρχειν τὸ τοῦ τόπου διάστημα καὶ περιττεύειν ἔτι τοὺς μὲν ἵππεῖς πάντας, τῶν δὲ πεζῶν μυρίους.

[1] μετὰ δὲ ταῦτά φησι μετωπηδὸν ἄγειν τὴν δύναμιν, ἀπέχοντα τῶν πολεμίων περὶ τετταράκοντα σταδίους. [2] τούτου δὲ μεῖζον ἀλόγημα δυσχερὲς ἐπινοῆσαι: ποῦ γὰρ ἂν εὗροι τις τοιοῦτους τόπους, ἄλλως τε καὶ κατὰ Κιλικίαν, ὥστ' ἐπὶ σταδίου εἴκοσι μὲν τὸ πλάτος τετταράκοντα δὲ τὸ μῆκος μετωπηδὸν ἄγειν φάλαγγα σαρισόφρον; [3] τοσαῦτα γὰρ ἐστὶν ἐμπόδια πρὸς τὴν τοιαύτην τάξιν καὶ χρειαν, ἃ τις οὐδ' ἂν ἐξαριθμήσαιο ῥαδίως. ἐν δὲ τῶν ὑπ' αὐτοῦ Καλλισθένους λεγομένων ἱκανὸν ὑπάρχει πρὸς πίστιν: [4] τοὺς γὰρ ἀπὸ τῶν ὁρῶν χειμάρρους καταφερομένους τοσαῦτά φησι ποιεῖν ἐκρήγματα κατὰ τὸ πεδίον ὥστε καὶ τῶν Περσῶν κατὰ τὴν φυγὴν διαφθαρῆναι λέγουσι τοὺς πλείστους ἐν τοῖς τοιούτοις κοιλώμασι. [5] νῆ Δί', ἀλλ' ἔτοιμος ἐβούλετ' εἶναι πρὸς τὴν τῶν πολεμίων ἐπιφάνειαν. [6] τί δ' ἀνετοιμότερον φάλαγγος ἐν μετώπῳ διαλελυμένης καὶ διεσταμένης; πόσῳ γὰρ ἐκ πορευτικῆς ἀγωγῆς ἀρμοζούσης παρατάξαι ῥᾶον ἢ διαλελυμένην ἐν μετώπῳ καὶ διεσπασμένην δύναμιν ἐπὶ τὴν αὐτὴν εὐθειαν ἀγαγεῖν καὶ συστῆσαι πρὸς μάχην ἐν τόποις ὑλώδεσι καὶ περικεκλασμένοις; [7] διόπερ οὐδὲ παρὰ μικρὸν ἦν κρεῖττον ἄγειν διφαλαγγίαν ἢ τετραφαλαγγίαν ἀρμόζουσαν, ἥ καὶ τόπον πορείας εὐρεῖν οὐκ ἀδύνατον, καὶ τὸ παρατάξαι ταχέως ῥαδίον γε, δυνάμενον διὰ τῶν προδρόμων ἐκ πολλοῦ γινώσκειν τὴν τῶν πολεμίων παρουσίαν. [8] ὁ δὲ χωρὶς τῶν ἄλλων οὐδὲ τοὺς ἵππεῖς προέθετο, μετωπηδὸν ἄγων τὴν δύναμιν ἐν τόποις ἐπιπέδοις, ἀλλ' ἐξ ἴσου ποιεῖ τοῖς πεζοῖς.

[1] τὸ δὲ δὴ πάντων μέγιστον: ἤδη γὰρ σύνεγγυς ὄντα τοῖς πολεμίοις αὐτὸν εἰς ὅκτῳ ποιῆσαί φησι τὸ βάθος. [2] ἐξ οὗ δὴλον ὅτι κατ' ἀνάγκην ἐπὶ τετταράκοντα σταδίους ἔδει γενέσθαι τὸ μῆκος τῆς φάλαγγος. [3] εἰ δ' ὅλως συνήσπισαν κατὰ τὸν ποιητὴν οὕτως ὥστε συνερεῖσαι πρὸς ἀλλήλους, ὅμως εἴκοσι σταδίων ἔδει τὸν τόπον ὑπάρχειν. [1] Ὑπολειπόμεθα καὶ νῦν ἡμεῖς τοὺς μυρίους πεζοὺς, πλείους ὄντας τῆς ἐκείνου προθέσεως. [2] ἐξ ὧν πᾶς ἂν εἰκότως συγκατάθοιτο τρίτον εἶναι μέρος τῆς ἱστορίας καὶ τρίτην ἔχειν τάξιν τὴν ἐκ τῶν ὑπομνημάτων πολυπραγμοσύνην. [3] ὥς δ' ἀληθὲς ἐστὶ τὸ νυνὶ λεγόμενον καὶ ἐκφανέστατον γένοιτ' ἂν ἐπὶ τε τῶν συμβουλευτικῶν καὶ παρακλητικῶν, ἔτι δὲ πρεσβευτικῶν λόγων, οἷς κέχρηται Τίμαιος. [4] ὀλίγοι μὲν γὰρ καιροὶ πάντας ἐπιδέχονται διαθέσθαι τοὺς ἐνόντας λόγους, οἱ δὲ πλεῖστοι βραχεῖς [καί] τινὰς τῶν ὑπόντων, καὶ τούτων τινὰς μὲν οἱ νῦν, ἄλλους δ' οἱ προγεγονότες, καὶ τινὰς μὲν Αἰτωλοὶ προσίενται, τινὰς δὲ Πελοποννήσιοι, τινὰς δ' Ἀθηναῖοι. [5] καὶ τὸ μὲν ματαίως καὶ ἀκαίρως [καί] πρὸς πάντα πάντας διεξιέναι τοὺς ἐνόντας λόγους, ὃ ποιεῖ Τίμαιος πρὸς πᾶσαν ὑπόθεσιν εὐρεσιλογῶν, τελέως ἀνάληθες καὶ μειρακιῶδες καὶ διατριβικόν — ἅμα καὶ πολλοῖς ἀποτυχίας αἴτιον ἤδη τοῦτο γέγονε καὶ καταφρονήσεως — τὸ δὲ τοὺς ἀρμόζοντας καὶ καιροὺς ἀεὶ λαμβάνειν, τοῦτ' ἀναγκαῖον. [6] ἀστάτου δὲ τῆς χρείας οὔσης καὶ πόσοις καὶ ποίοις τῶν ἐνόντων χρηστέον, ἄλλοιοτέρου τινὸς δεῖ ζήλου καὶ παραγγέλματος, εἰ μέλλομεν μὴ βλάπτειν, ἀλλ' ὠφελεῖν τοὺς ἀναγινώσκοντας. [7] ἔστι μὲν οὖν ὁ καιρὸς ἐν πᾶσι δυσπαράγγελτος, οὐ μὴν ἀδύνατος εἰς ὑπόνοιαν ἀχθῆναι διὰ τῶν ἐκ τῆς αὐτοπαθείας καὶ τριβῆς θεωρημάτων: ἐπὶ δὲ τοῦ παρόντος μάλιστ' ἂν ὑπονοηθεῖ τὸ λεγόμενον ἐκ τούτων. [8] εἰ γὰρ οἱ συγγραφεῖς ὑποδείξαντες τοὺς καιροὺς καὶ τὰς ὁρμὰς καὶ διαθέσεις τῶν βουλευομένων, κᾶπειτα τοὺς κατ' ἀλήθειαν ῥηθέντας λόγους ἐκθέντες διασαφήσαιεν ἡμῖν τὰς αἰτίαις, δι' ἧς ἡ

κατευστοχῆσαι συνέβη τοὺς εἰπόντας ἢ διαπεσεῖν, γένοιτ' ἂν τις ἔννοια τοῦ πράγματος ἀληθινή, καὶ δυνάιμεθ' ἂν ἅμα μὲν διακρίνοντας, ἅμα δὲ μεταφέροντες ἐπὶ τὰ παραπλήσια κατευστοχεῖν ἀεὶ τῶν προκειμένων. [9] ἀλλ' ἔστιν, οἶμαι, τὸ μὲν αἰτιολογεῖν δυσχερές, τὸ δὲ ῥησικοπεῖν ἐν τοῖς βυβλίοις ῥάδιον, καὶ τὸ μὲν ὀλίγα καιρίως εἰπεῖν καὶ τούτου παραγγελίαν εὑρεῖν ὀλίγοις ἐφικτόν, τὸ δὲ πολλὰ διαθέσθαι καὶ ματαίως τῶν ἐν μέσῳ κειμένων καὶ κοινόν.

[1] ἵνα δὲ καὶ περὶ ταῦτα βεβαιωσώμεθα τὴν ἀπόφασιν τὴν ὑπὲρ Τιμαίου, καθάπερ καὶ τὴν ὑπὲρ τῆς ἀγνοίας, ἔτι δὲ τῆς ἐκουσίου ψευδογραφίας, βραχέα προοισώμεθα τῶν ὁμολογουμένων αὐτοῦ λόγων ἐπ' ὀνόματος. [2] — ὅτι τῶν δεδυναστευκότων ἐν Σικελίᾳ μετὰ Γέλωνα τὸν ἀρχαῖον πραγματικωτάτους ἄνδρας παρειλήφαμεν Ἑρμοκράτην, Τιμολέοντα, Πύρρον τὸν Ἑπειρώτην, οἷς ἤκιστ' ἂν δέοι περιάπτειν μειρακιώδεις καὶ διατριβικοὺς λόγους. [3] ὁ δὲ φησιν ἐν τῇ μιᾷ καὶ εἰκοστῇ βύβλῳ, καθ' ὃν καιρὸν Εὐρυμέδων παραγενόμενος εἰς Σικελίαν παρεκάλει τὰς πόλεις εἰς τὸν κατὰ τῶν Συρακοσίων πόλεμον, τότε τοὺς Γελῶους κάμνοντας τῷ πολέμῳ διαπέμψασθαι πρὸς τοὺς Καμαριναίους ὑπὲρ ἀνοχῶν: [4] τῶν δὲ προθύμως δεξαμένων, μετὰ ταῦτα πρεσβεύειν ἑκατέρους πρὸς τοὺς ἑαυτῶν συμμάχους καὶ παρακαλεῖν ἄνδρας ἐκπέμψαι πιστοὺς, οἵτινες εἰσελθόντες εἰς Γέλαν βουλευσονται περὶ διαλύσεως καὶ τῶν κοινῇ συμφερόντων. [5] παραγενομένων δὲ τῶν συνέδρων, καὶ διαβουλίου προτεθέντος τοιοῦτοις τισὶ χρώμενον εἰσάγει λόγοις τὸν Ἑρμοκράτην. [6] ἐπαινέσας γὰρ ὁ προειρημένος ἀνὴρ τοὺς Γελῶους καὶ τοὺς Καμαριναίους, πρῶτον μὲν ὡς αὐτῶν ποιησάντων τὰς ἀνοχάς, δεύτερον ὅτι τοῦ περὶ διαλύσεως γενέσθαι λόγους αἴτιοι καθεστήκασι, τρίτον ὅτι προνοηθεῖεν τοῦ μὴ βουλευέσθαι τὰ πλήθη περὶ τῶν διαλύσεων, ἀλλὰ τοὺς προεστῶτας τῶν πολιτῶν τοὺς σαφῶς εἰδότας τίνα διαφορὰν ὁ πόλεμος ἔχει τῆς εἰρήνης, [7] μετὰ δὲ ταῦτα δύο ἢ τρία λαβὼν ἐπιχειρήματα πραγματικά, λοιπὸν φησιν αὐτοὺς ἐπιστήσαντας μαθεῖν ἡλικίην ὁ πόλεμος διαφορὰν ἔχει τῆς εἰρήνης, μικρῷ πρότερον εἰρηκῶς ὅτι κατ' αὐτὸ τοῦτο χάριν ἔχει τοῖς Γελῶις τὸ μὴ γίνεσθαι τοὺς λόγους ἐν τοῖς πολλοῖς ἀλλ' ἐν συνεδρίῳ καλῶς γινώσκοντι τὰς τοιαύτας περιπετείας. [8] ἐξ ὧν ὁ Τίμαιος οὐ μόνον τῆς πραγματικῆς ἂν δόξειεν ἀπολείπεσθαι δυνάμεως, ἀλλὰ καὶ τῶν ἐν ταῖς διατριβαῖς ἐπιχειρήσεων οὐκ ὀλίγον ἐλαττοῦσθαι. [10] ὁ δὲ χωρὶς τῆς ὅλης παραπτώσεως τοῦ διατεθεῖσθαι τὸ πλεῖστον μέρος τοῦ λόγου πρὸς τὰ καθάπαξ μὴ προσδεόμενα λόγου καὶ λήμμασι κέχρηται τοιούτοις, [11] οἷς τὸν μὲν Ἑρμοκράτην τίς ἂν κεκρῆσθαι πιστεύσειε, τὸν συναγωνισάμενον μὲν Λακεδαιμονίοις τὴν ἐν Αἰγὸς ποταμοῖς ναυμαχίαν, αὐτανδρὶ δὲ χειρωσάμενον τὰς Ἀθηναίων δυνάμεις καὶ τοὺς στρατηγούς κατὰ Σικελίαν, ἀλλ' οὐδὲ μετ

[2] μετὰ δὲ ταῦτα τὸν Ἡρακλέα φησὶ τὸν μὲν Ὀλυμπίων ἀγῶνα θεῖναι καὶ τὴν ἐκχειρίαν δεῖγμα ποιούμενον τῆς αὐτοῦ προαιρέσεως, ὅσοις δ' ἐπολέμησε, τούτους πάντας βεβλαφέναι κατὰ τὴν ἀνάγκην καὶ κατ' ἐπιταγὴν, ἐκουσίως δὲ παραίτιον οὐδενὶ γεγονέναι κακοῦ τῶν ἀνθρώπων. [3] ἐξῆς δὲ τούτοις παρὰ μὲν τῷ ποιητῇ τὸν Δία παρεισάγεσθαι δυσαρεστούμενον τῷ Ἄρει καὶ λέγοντα

[4] ὁμοίως δὲ καὶ τὸν φρονιμώτατον τῶν ἡρώων λέγειν ἀφρήτωρ, ἀθέμιστος, ἀνέστιός ἐστιν ἐκεῖνος ὃς πολέμου ἔραται ἐπιδημίου ὀκρυόεντος. ὁμογνωμονεῖν δὲ τῷ ποιητῇ καὶ τὸν Εὐριπίδην, [5] ἐν οἷς φησιν, εἰρήνην βαθύπλουτε, καλλίστα μακάρων θεῶν, ζῆλός μοι σέθεν, ὥς χρονίζεις. δέδοικα δὲ μὴ πρὶν ὑπερβάλλῃ με γῆρας, πρὶν σὰν χαρίεσσαν προσιδεῖν ὥραν καὶ καλλιχόρους ἀοιδὰς φιλοστεφάνους τε κώμους. [6] ἔτι δὲ πρὸς τούτοις ὁμοιότατον εἶναί φησι τὸν μὲν πόλεμον τῇ νόσῳ, τὴν δ' εἰρήνην τῇ ὑγιείᾳ· τὴν μὲν γὰρ καὶ τοὺς κάμνοντας ἀναλαμβάνειν, ἐν ᾧ δὲ καὶ τοὺς ὑγιαίνοντας ἀπόλλυσθαι. [7] καὶ κατὰ μὲν τὴν εἰρήνην τοὺς πρεσβυτέρους ὑπὸ τῶν νέων θάπτεσθαι κατὰ φύσιν, ἐν δὲ τῷ πολέμῳ τάναντία, [8] τὸ δὲ μέγιστον ἐν μὲν τῷ πολέμῳ μὴδ' ἄχρι τῶν τειχῶν εἶναι τὴν ἀσφάλειαν, κατὰ δὲ τὴν εἰρήνην μέχρι τῶν τῆς χώρας ὄρων, καὶ τούτοις ἕτερα παραπλήσια. [9] θαυμάζω δὴ τίσι ποτ' ἂν ἄλλοις ἐχρήσατο λόγοις ἢ προφοραῖς μειράκιον ἄρτι γενόμενον περὶ διατριβὰς καὶ τὰς ἐκ τῶν ὑπομνημάτων πολυπραγμοσύνας καὶ βουλόμενον παραγγελματικῶς ἐκ τῶν παρεπομένων τοῖς προσώποις

ποιεῖσθαι τὴν ἐπιχείρησιν: δοκεῖ γὰρ οὐχ ἑτέροις, ἀλλὰ τούτοις οἷς Τίμαιος Ἑρμοκράτην κεχρησθαι φησι. τί δὲ πάλιν ὅταν ὁ Τιμολέων ἐν τῇ αὐτῇ βύβλῳ παρακαλῶν τοὺς Ἑλληνας πρὸς τὸν ἐπὶ τοὺς Καρχηδονίους κίνδυνον, καὶ μόνον οὐκ ἤδη μελλόντων συνάγειν εἰς τὰς χεῖρας τοῖς ἐχθροῖς πολλαπλασίοις οὔσι, πρῶτον μὲν ἀξιοῖ μὴ βλέπειν αὐτοὺς πρὸς τὸ πλῆθος τῶν ὑπεναντίων, ἀλλὰ πρὸς τὴν ἀνανδρίαν; [2] καὶ γὰρ τῆς Λιβύης ἀπάσης συνεχῶς οἰκουμένης καὶ πληθουούσης ἀνθρώπων, ὅμως ἐν ταῖς παροιμίαις, ὅταν περὶ ἐρημίας ἔμφασιν βουλόμεθα ποιῆσαι, λέγειν ἡμᾶς “Ξερημότερα τῆς Λιβύης”³, οὐκ ἐπὶ τὴν ἐρημίαν φέροντας τὸν λόγον, ἀλλ’ ἐπὶ τὴν ἀνανδρίαν τῶν κατοικούντων. [3] καθόλου δέ, φησί, τίς ἂν φοβηθεῖη τοὺς ἄνδρας, οἵτινες τῆς φύσεως τοῦτο τοῖς ἀνθρώποις δεδωκυίας ἴδιον παρὰ τὰ λοιπὰ τῶν ζώων, λέγω δὲ τὰς χεῖρας, ταύτας παρ’ ὅλον τὸν βίον ἐντὸς τῶν χιτῶνων ἔχοντες ἀπράκτους περιφέρουσι; [4] τὸ δὲ μέγιστον ὅτι καὶ ὑπὸ τοῖς χιτωνίσκοις, φησί, περιζώματα φοροῦσιν, ἵνα μὴδ’ ὅταν ἀποθάνωσιν ἐν ταῖς μάχαις φανεροὶ γένωνται τοῖς ὑπεναντίοις ...

[1] ὅτι Γέλωνος ἐπαγγελλομένου τοῖς Ἑλλησι δισμυρίοις πεζοῖς, διακοσίαις δὲ ναυσὶ καταφράκτοις βοηθήσειν, ἐὰν αὐτῷ τῆς ἡγεμονίας ἢ τῆς κατὰ γῆν ἢ τῆς κατὰ θάλατταν παραχωρήσωσι, φασὶ τοὺς προκαθημένους ἐν Κορίνθῳ τῶν Ἑλλήνων πραγματικώτατον ἀπόκριμα δοῦναι τοῖς παρὰ τοῦ Γέλωνος πρεσβευταῖς: [2] ἐκέλευον γὰρ ὡς ἐπικούρον ἔρχεσθαι τὸν Γέλωνα μετὰ τῶν δυνάμεων, τὴν δ’ ἡγεμονίαν ἀνάγκη τὰ πράγματα περιθήσειν τοῖς ἀρίστοις τῶν ἀνδρῶν: [3] τοῦτο δ’ ἐστὶν οὐ καταφευγόντων ἐπὶ τὰς Συρακοσίων ἐλπίδας, ἀλλὰ πιστευόντων αὐτοῖς καὶ προκαλουμένων τὸν βουλόμενον ἐπὶ τὸν τῆς ἀνδρείας ἀγῶνα καὶ τὸν περὶ τῆς ἀρετῆς στέφανον. [4] ἀλλ’ ὅμως Τίμαιος εἰς ἕκαστα τῶν προειρημένων τοσοῦτους ἐκτείνει λόγους καὶ τοιαύτην ποιεῖται σπουδὴν περὶ τοῦ τὴν μὲν Σικελίαν μεγαλομερεστέραν ποιῆσαι τῆς συμπάσης Ἑλλάδος, τὰς δ’ ἐν αὐτῇ πράξεις ἐπιφανεστέρας καὶ καλλίους τῶν κατὰ τὴν ἄλλην οἰκουμένην, τῶν δ’ ἀνδρῶν τῶν μὲν σοφία διενηνοχότων σοφωτάτους τοὺς ἐν Σικελίᾳ, τῶν δὲ πραγματικῶν ἡγεμονικωτάτους καὶ θειοτάτους τοὺς ἐκ Συρακουσῶν, [5] ὥστε μὴ καταλιπεῖν ὑπερβολὴν τοῖς μειρακίοις τοῖς ἐν ταῖς διατριβαῖς καὶ τοῖς περιπάτοις πρὸς τὰς παραδόξους ἐπιχειρήσεις, ὅταν ἢ Θερσίτου λέγειν ἐγκώμιον ἢ Πηνελόπης πρόθωνται ψόγον ἢ τινος ἑτέρου τῶν

τοιούτων.

[1] λοιπὸν ἐκ τούτων διὰ τὴν ὑπερβολὴν τῆς παραδοξολογίας οὐκ εἰς σύγκρισιν, ἀλλ' εἰς καταμώκησιν ἄγει καὶ τοὺς ἄνδρας καὶ τὰς πράξεις ὧν βούλεται προΐστασθαι, καὶ σχεδὸν εἰς τὸ παραπλήσιον ἐμπίπτει τοῖς περὶ τοὺς ἐν Ἀκαδημείᾳ λόγους πρὸς τὸν προχειρότατον λόγον ἡσκηκόσι. [2] καὶ γὰρ ἐκείνων τινὲς βουλόμενοι περὶ τε τῶν προφανῶς καταληπτῶν εἶναι δοκούντων καὶ περὶ τῶν ἀκαταλήπτων εἰς ἀπορίαν ἄγειν τοὺς προσδιαλεγομένους τοιαύταις χρῶνται παραδοξολογίαις καὶ τοιαύτας εὐποροῦσι πιθανότητος ὥστε διαπορεῖν εἰ δυνατόν ἐστι τοὺς ἐν Ἀθήναις ὄντας ὁσφραίνεσθαι τῶν ἐννοημένων ὧν ἐν Ἐφέσῳ καὶ διστάζειν μή πως, καθ' ὃν καιρὸν ἐν Ἀκαδημείᾳ διαλέγονται περὶ τούτων, οὐχ ὕπαρ, ἀλλ' ὄναρ ἐν οἴκῳ κατακείμενοι τούτους διατίθενται τοὺς λόγους. [3] ἐξ ὧν διὰ τὴν ὑπερβολὴν τῆς παραδοξολογίας εἰς διαβολὴν ἤχασι τὴν ὅλην αἴρεσιν, ὥστε καὶ τὰ καλῶς ἀπορούμενα παρὰ τοῖς ἀνθρώποις εἰς ἀπιστίαν ἤχθαι. [4] καὶ χωρὶς τῆς ἰδίας ἀστοχίας καὶ τοῖς νέοις τοιοῦτον ἐντετόκασι ζῆλον, ὥστε τῶν μὲν ἠθικῶν καὶ πραγματικῶν λόγων μηδὲ τὴν τυχοῦσαν ἐπίνοιαν ποιεῖσθαι συμβαίνει, δι' ὧν ὄνησις τοῖς φιλοσοφοῦσι, περὶ δὲ τὰς ἀνωφελεῖς καὶ παραδόξους εὐρεσιλογίας κενοδοξοῦντες κατατρίβουσι τοὺς βίους.

[1] τὸ δ' αὐτὸ καὶ Τιμαῖος συμβέβηκε περὶ τὴν ἱστορίαν καὶ τοῖς τούτου ζηλωταῖς: παραδοξολόγος γὰρ ὢν καὶ φιλόνεικος περὶ τὸ προτεθὲν τοὺς μὲν πολλοὺς καταπέπληκται τοῖς λόγοις, ἠνάγκακε δ' αὐτῷ προσέχειν διὰ τὴν ἐπίφασιν τῆς ἀληθινολογίας, τινὰς δὲ καὶ προσκέκληται καὶ μετ' ἀποδείξεως δοκεῖ πείσειν. [2] καὶ μάλιστα ταύτην γ' ἐνείργασται τὴν δόξαν ἐκ τῶν περὶ τὰς ἀποικίας καὶ κτίσεις καὶ συγγενείας ἀποφάσεων: [3] ἐν γὰρ τούτοις τηλικαύτην ἐπίφασιν ποιεῖ διὰ τῆς ἀκριβολογίας καὶ τῆς πικρίας τῆς ἐπὶ τῶν ἐλέγχων, οἷς χρῆται κατὰ τῶν πέλας, ὥστε δοκεῖν τοὺς ἄλλους συγγραφέας ἅπαντας συγκεκοιμῆσθαι τοῖς πράγμασι καὶ κατεσχεδιακέναι τῆς οἰκουμένης, αὐτὸν δὲ μόνον ἐξητακέναι τὴν ἀκρίβειαν καὶ διευκρινηκέναι τὰς ἐν ἐκάστοις ἱστορίας, ἐν οἷς πολλὰ μὲν ὑγιῶς λέγεται, πολλὰ δὲ καὶ ψευδῶς. [4] οὐ μὴν ἀλλ' οἱ πλείω χρόνον συντραφέντες αὐτοῦ τοῖς πρώτοις ὑπομνήμασιν, ἐν οἷς αἱ περὶ τῶν προειρημένων εἰσὶ συντάξεις, ὅταν ἅπασαν συνταξαμένῳ τὴν ὑπερβολὴν τῆς ἐπαγγελίας ἀποπιστεύσωσι, κἄπειτά τις αὐτοῖς ἀποδεικνύῃ τὸν Τίμαιον, ἐν οἷς πικρότατός ἐστι κατὰ τῶν πέλας,

αὐτὸν ἔνοχον ὄντα, καθάπερ ἡμεῖς ἀρτίως ἐπὶ τῶν Λοκρῶν καὶ τῶν ἐξῆς παραπαίοντα συνεστήσαμεν, [5] δυσέριδες γίνονται καὶ φιλόνοικοι καὶ δυσμετάθετοι, καὶ σχεδὸν ὥς ἔπος εἰπεῖν οἱ φιλοπονώτατα προσεδρεύσαντες τοῖς ὑπομνήμασιν αὐτοῦ τοῦτ' ἀποφέρονται τὸ λυσιτελές ἐκ τῆς ἀναγνώσεως. [6] οἱ γε μὴν ταῖς δημηγορίαις προσσχόντες αὐτοῦ καὶ καθόλου τοῖς διεξοδικοῖς λόγοις μεираκιώδεις καὶ διατριβικοὶ καὶ τελέως ἀναλήθεις γίνονται διὰ τὰς ἄρτι ῥηθείσας αἰτίας.

[1] λοιπὸν δὲ τὸ πραγματικὸν αὐτῷ μέρος τῆς ἱστορίας ἐκ πάντων σύγκειται τῶν ἀμαρτημάτων, ὧν τὰ πλεῖστα διεληλύθαμεν: [2] τὴν δ' αἰτίαν τῆς ἀμαρτίας νῦν ἐροῦμεν, ἥτις οὐκ ἔνδοξος μὲν φανεῖται τοῖς πλείστοις, ἀληθινωτάτη δ' εὐρεθήσεται τῶν Τιμαίου κατηγορημάτων. [3] δοκεῖ μὲν γὰρ καὶ τὴν ἐμπειρικὴν περὶ ἕκαστα δύναμιν καὶ τὴν ἐπὶ τῆς πολυπραγμοσύνης ἔξιν παρεσκευάσθαι καὶ συλλήβδην φιλοπόνως προσεληλυθέναι πρὸς τὸ γράφειν τὴν ἱστορίαν, [4] ἐν ἐνίοις δ' οὐδεὶς οὔτ' ἀπειρότερος οὔτ' ἀφιλοπονώτερος φαίνεται γεγενῆσθαι τῶν ἐπ' ὀνόματος συγγραφέων. δῆλον δ' ἔσται τὸ λεγόμενον ἐκ τούτων.

[1] δεῖν γὰρ ὄντων κατὰ φύσιν ὥς ἂν εἴ τινων ὀργάνων ἡμῖν, οἷς πάντα πυνθανόμεθα καὶ πολυπραγμονοῦμεν [ἀκοῆς καὶ ὀράσεως], ἀληθινωτέρας δ' οὔσης οὐ μικρῶ τῆς ὀράσεως κατὰ τὸν Ἡράκλειτον — ὀφθαλμοὶ γὰρ τῶν ὧτων ἀκριβέστεροι μάρτυρες — τούτων Τίμαιος τὴν ἡδῶ μὲν, [2] ἥττω δὲ τῶν ὁδῶν ὥρμησε πρὸς τὸ πολυπραγμονεῖν. [3] τῶν μὲν γὰρ διὰ τῆς ὀράσεως εἰς τέλος ἀπέστη, τῶν δὲ διὰ τῆς ἀκοῆς ἀντεποιήσατο. καὶ ταύτης διμεροῦς οὔσης τίνος, τοῦ μὲν διὰ τῶν ὑπομνημάτων *** τὸ δὲ περὶ τὰς ἀνακρίσεις ῥαθύμως ἀνεστράφη, καθάπερ ἐν τοῖς ἀνώτερον ἡμῖν δεδήλωται. [4] δι' ἣν δ' αἰτίαν ταύτην ἔσχε τὴν αἵρεσιν εὐχερὲς καταμαθεῖν: ὅτι τὰ μὲν ἐκ τῶν βυβλίων δύναται πολυπραγμονεῖσθαι χωρὶς κινδύνου καὶ κακοπαθείας, ἐάν τις αὐτὸ τοῦτο προνοηθῇ μόνον ὥστε λαβεῖν ἢ πόλιν ἔχουσαν ὑπομνημάτων πλῆθος ἢ βυβλιοθήκην που γειννῶσαν. [5] λοιπὸν κατακείμενον ἐρευνᾶν δεῖ τὸ ζητούμενον καὶ συγκρίνειν τὰς τῶν προγεγονότων συγγραφέων ἀγνοίας ἄνευ πάσης κακοπαθείας. [6] ἡ δὲ πολυπραγμοσύνη πολλῆς μὲν προσδεῖται ταλαιπωρίας καὶ δαπάνης, μέγα δὲ τι συμβάλλεται καὶ μέγιστόν ἐστι μέρος τῆς ἱστορίας. [7] δῆλον δὲ τοῦτ' ἐστὶν ἐξ αὐτῶν τῶν τὰς συντάξεις πραγματευομένων. ὁ μὲν γὰρ Ἐφορός φησιν, εἰ δυνατόν

ἦν αὐτοὺς παρεῖναι πᾶσι τοῖς πράγμασι, ταύτην ἂν διαφέρειν πολλὸν τῶν ἐμπειριῶν: [8] ὁ δὲ Θεόπομπος τοῦτον μὲν ἄριστον ἐν τοῖς πολεμικοῖς τὸν πλείστοις κινδύνους παρατετευχότα, τοῦτον δὲ δυνατότατον ἐν λόγῳ τὸν πλείστων μετεσχηκότα πολιτικῶν ἀγώνων. [9] τὸν αὐτὸν δὲ τρόπον συμβαίνειν ἐπ' ἱατρικῆς καὶ κυβερνητικῆς. [10] ἔτι δὲ τούτων ἐμφαντικώτερον ὁ ποιητὴς εἶρηκε περὶ τούτου τοῦ μέρους. ἐκεῖνος γὰρ βουλόμενος ὑποδεικνύειν ἡμῖν οἷον δεῖ τὸν ἄνδρα τὸν πραγματικὸν εἶναι, προθέμενος τὸ τοῦ Ὀδυσσεὺς πρόσωπον λέγει πῶς οὕτως:

[1] ἄνδρα μοι ἔννεπε, Μοῦσα, πολύτροπον, ὃς μάλα πολλὰ πλάγχθη, καὶ προβάς, [11] πολλῶν δ' ἀνθρώπων ἴδεν ἄστεα καὶ νόον ἔγνω, πολλὰ δ' ὅγ' ἐν πόντῳ πάθεν ἄλγεα ὃν κατὰ θυμόν, καὶ ἔτι ἀνδρῶν τε πτολέμους ἄλεγεινά τε κύματα πείρων. δοκεῖ δέ μοι καὶ τὸ τῆς ἱστορίας πρόσχημα τοιοῦτον ἄνδρα ζητεῖν. [2] ὁ μὲν οὖν Πλάτων φησὶ τότε τὰνθρώπεια καλῶς ἔξειν, ὅταν ἢ οἱ φιλόσοφοι βασιλεύσωσιν ἢ οἱ βασιλεῖς φιλοσοφήσωσι: [3] κἀγὼ δ' ἂν εἶποιμι διότι τὰ τῆς ἱστορίας ἔξει τότε καλῶς, ὅταν ἢ οἱ πραγματικοὶ τῶν ἀνδρῶν γράφειν ἐπιχειρήσωσι τὰς ἱστορίας, [4] μὴ καθάπερ νῦν παρέργως, νομίσαντες δὲ καὶ τοῦτ' εἶναι σφίσι τῶν ἀναγκαιοτάτων καὶ καλλίστων, ἀπερίσπαστοι *** παρὰσχονται πρὸς τοῦτο τὸ μέρος κατὰ τὸν βίον, [5] ἢ οἱ γράφειν ἐπιβαλλόμενοι τὴν ἐξ αὐτῶν τῶν πραγμάτων ἔξιν ἀναγκαίαν ἡγήσωνται πρὸς τὴν ἱστορίαν. πρότερον δ' οὐκ ἔσται παῦλα τῆς τῶν ἱστοριογράφων ἀγνοίας. ὢν Τίμαιος οὐδὲ τὴν ἐλαχίστην πρόνοιαν θέμενος, [6] ἀλλὰ καταβιώσας ἐν ἐνὶ τόπῳ ξενιτεύων, καὶ σχεδὸν ὥς εἰ κατὰ πρόθεσιν ἀπειπάμενος καὶ τὴν ἐνεργητικὴν τὴν περὶ τὰς πολεμικὰς καὶ πολιτικὰς πράξεις καὶ τὴν ἐκ τῆς πλάνης καὶ θεᾶς αὐτοπάθειαν, οὐκ οἶδ' ὅπως ἐκφέρεται δόξαν ὥς ἔλκων τὴν τοῦ συγγραφέως προστασίαν. [7] καὶ διότι τοιοῦτός ἐστιν αὐτὸν ἀνθομολογούμενον εὐχερὲς παραστήσαι τὸν Τίμαιον. [8] κατὰ γὰρ τὸ προοίμιον τῆς ἕκτης βύβλου φησὶ τινὰς ὑπολαμβάνειν διότι τινὸς μείζονος δεῖται φύσεως καὶ φιλοπονίας καὶ παρασκευῆς τὸ τῶν ἐπιδεικτικῶν λόγων γένος ἢ τὸ τῆς ἱστορίας: ταύτας δὲ τὰς δόξας πρότερον μὲν Ἐφόρῳ φησὶ προσπεσεῖν, [9] οὐ δυνηθέντος δ' ἱκανῶς ἐκείνου πρὸς τοὺς ταῦτα λέγοντας ἀπαντῆσαι, πειρᾶται συγκρίνειν αὐτὸς ἐκ παραβολῆς τὴν ἱστορίαν τοῖς ἐπιδεικτικοῖς λόγοις, πρᾶγμα ποιῶν πάντων ἀτοπώτατον, [10] πρῶτον μὲν τὸ καταπεύσασθαι τοῦ συγγραφέως. ὁ γὰρ Ἐφορος παρ' ὅλην

[12] ὁ δ' ἵνα μὴ δόξη κατακολουθεῖν Ἐφόρῳ, πρὸς τῷ κατεψεῦσθαι 'κείνου καὶ τῶν λοιπῶν ἅμα κατέγνωκε: τὰ γὰρ παρ' ἄλλων δεόντως κεχειρισμένα μακρῶς καὶ ἀσαφῶς καὶ τρόπῳ παντὶ χεῖρον ἐξηγούμενος οὐδένα τῶν

[5] τί δ' αὖ τὸ πυνθάνεσθαι τὰς παρατάξεις καὶ πολιορκίας, ἔτι δὲ ναυμαχίας, τῶν παρατετυχηκότων τοῖς κινδύνοις, ἢ τὸ πείραν λαβεῖν τῶν δεινῶν καὶ τῶν ἅμα τούτοις συμβαινόντων ἐπ' αὐτῶν τῶν ἔργων; [6] ἐγὼ μὲν γὰρ οὐκ οἶομαι τηλικαύτην διαφορὰν ἔχειν τὰ κατ' ἀλήθειαν οἰκοδομήματα τῶν ἐν ταῖς σκηνογραφίαις τόπων, οὐδὲ τὴν ἱστορίαν τῶν ἐπιδεικτικῶν λόγων, ἡλικὴν ἐπὶ πασῶν τῶν συντάξεων τὴν ἐξ αὐτουργίας καὶ τὴν ἐξ αὐτοπαθείας ἀπόφασιν τῶν ἐξ ἀκοῆς καὶ διηγήματος γραφομένων: [7] ἥς εἰς τέλος ἄπειρος ὢν εἰκότως ὑπέλαβε τὸ πάντων ἐλάχιστον καὶ ῥᾶστον εἶναι μέγιστον καὶ χαλεπώτατον τοῖς πραγματευομένοις τὴν ἱστορίαν, λέγω δὲ τὸ συνάγειν ὑπομνήματα καὶ πυνθάνεσθαι παρὰ τῶν εἰδότην ἕκαστα τῶν πραγμάτων. BOOK 13

[1] I. Res Graeciae ὅτι Αἰτωλοὶ διὰ τε τὴν συνέχειαν τῶν πολέμων καὶ διὰ τὴν πολυτέλειαν τῶν βίων ἔλαθον οὐ μόνον ἄλλους, ἀλλὰ καὶ σφᾶς αὐτοὺς κατάχρεοι γεννηθέντες. [2] διόπερ οἰκείως διακείμενοι πρὸς καινοτομίαν τῆς οἰκείας πολιτείας εἵλοντο νομογράφους Δωρίμαχον καὶ Σκόπαν, [3] θεωροῦντες τούτους κατὰ τε τὰς προαιρέσεις κινητικὸς ὑπάρχοντας καὶ κατὰ τὰς οὐσίας ἐνδεδεμένους εἰς πολλὰ τῶν βιωτικῶν συναλλαγμάτων. οἱ καὶ παραλαβόντες τὴν ἐξουσίαν ταύτην ἔγραψαν νόμους. —

[1] ὅτι Ἀλέξανδρος ὁ Αἰτωλὸς νομοθετοῦντος Δωριμάχου καὶ Σκόπα ἀντέλεγε τοῖς γραφομένοις, ἐκ πολλῶν ἐπιδεικνύμενος ὅτι παρ' οἷς ἔφω τοῦτο τὸ φυτόν, οὐδέποτε κατέληξε πρότερον ἢ μεγάλους κακοῖς περιβαλεῖν τοὺς ἅπαξ αὐτῷ χρησαμένους: διόπερ ἡξίου μὴ μόνον πρὸς τὸ παρὸν ἀποβλέπειν, [2] εἰ κουφισθήσονται τῶν ἐνεστώτων συναλλαγμάτων, ἀλλὰ καὶ πρὸς τὸ μέλλον: [3] ἄτοπον γὰρ εἶναι πολεμοῦντας μὲν καὶ τὸ πνεῦμα προῖεσθαι χάριν τῆς τῶν τέκνων ἀσφαλείας, βουλευομένους δὲ μηδένα ποιεῖσθαι λόγον τοῦ μετὰ ταῦτα χρόνου. —

[1] ὅτι Σκόπας Αἰτωλῶν στρατηγὸς ἀποτυχὼν τῆς ἀρχῆς, ἥς χάριν ἐτόλμα γράφειν τοὺς νόμους, μετέωρος ἦν εἰς τὴν Ἀλεξάνδρειαν, ταῖς ἐκεῖθεν ἐλπίσι πεπεισμένος ἀναπληρῶσειν τὰ λείποντα τοῦ βίου καὶ τὴν τῆς ψυχῆς πρὸς τὸ πλεῖον ἐπιθυμίαν, οὐκ εἰδὼς ὅτι, [2] καθάπερ ἐπὶ τῶν ὑδρωπικῶν οὐδέποτε ποιεῖ παῦλαν οὐδὲ κόρον τῆς ἐπιθυμίας ἢ τῶν ἐξωθεν ὑγρῶν παράθεσις, ἐὰν μὴ τὴν ἐν αὐτῷ τῷ σώματι διάθεσιν ὑγιάσῃ τις, τὸν αὐτὸν τρόπον οὐδὲ τὴν πρὸς τὸ πλεῖον ἐπιθυμίαν οἶόν τε κορέσαι μὴ οὐ τὴν ἐν τῇ ψυχῇ κακίαν λόγῳ τινὶ διορθωσάμενον. ἐμφανέστατον δὲ τοῦτο συνέβη γενέσθαι περὶ τὸν ἄνδρα τοῦτον, ὑπὲρ οὗ νῦν ὁ λόγος. [3] τούτῳ γὰρ εἰς Ἀλεξάνδρειαν ἀφικομένῳ πρὸς ταῖς ἐκ τῶν ὑπαίθρων ὠφελείαις, ὧν ἦν αὐτὸς κύριος διὰ τὸ πιστεύεσθαι περὶ τῶν ὄλων, καὶ τῆς ἡμέρας ἐκάστης ὁψώνιον ἐξέθηκεν ὁ βασιλεὺς αὐτῷ μὲν δεκαμναιαῖον, τοῖς δ' ἐπὶ τινος ἡγεμονίας μετ' αὐτὸν τεταγμένοις μναιαῖον. [4] ἀλλ' ὅμως οὐκ ἤρκεῖτο τούτοις, ὅς τὸ πρότερον προσκαρτερῶν τῷ πλείονι διετέλεσε, [5] μέχρι διὰ τὴν ἀπληστίαν καὶ παρ' αὐτοῖς τοῖς διδοῦσι φθονηθεὶς τὸ πνεῦμα προσέθηκε τῷ χυρσίῳ. —

[1] ἐγένετο περὶ τὴν τοιαύτην κακοπραγμοσύνην, ἣν δὴ βασιλικὴν μὲν οὐδαμῶς οὐδεὶς ἂν εἶναι φήσειεν, ἀναγκαίαν δὲ βούλονται λέγειν ἔνιοι πρὸς τὸν πραγματικὸν τρόπον διὰ τὴν νῦν ἐπιπολάζουσαν κακοπραγμοσύνην. [2] οἱ μὲν γὰρ ἀρχαῖοι πολὺ τι τοιούτου μέρους ἐκτὸς ἦσαν· τοσοῦτο γὰρ ἀπηλλοτριώντο τοῦ κακομηχανεῖν περὶ τοὺς φίλους χάριν τοῦ τῷ τοιούτῳ συναύξειν τὰς σφετέρας δυναστείας, ὥστ' οὐδὲ τοὺς πολεμίους ἡροῦντο δι' ἀπάτης νικᾶν, [3] ὑπολαμβάνοντες οὐδὲν οὔτε λαμπρὸν οὐδὲ μὴν βέβαιον εἶναι τῶν κατορθωμάτων, ἔαν μὴ τις ἐκ τοῦ προφανοῦς μαχόμενος ἡττήσῃ ταῖς ψυχαῖς τοὺς ἀντιταττομένους. [4] διὸ καὶ συνετίθεντο πρὸς σφᾶς μήτ' ἀδῆλοις βέλεσι μήθ' ἐκηβόλοις χρήσασθαι κατ' ἀλλήλων, μόνην δὲ τὴν ἐκ χειρὸς καὶ συστάδην γινομένην μάχην ἀληθινὴν ὑπελάμβανον εἶναι κρίσιν πραγμάτων. [5] ἥ καὶ τοὺς πολέμους ἀλλήλοις προύλεγον καὶ τὰς μάχας, ὅτε πρόθοιντο διακινδυνεύειν, καὶ τοὺς τόπους, εἰς οὓς μέλλοιεν ἐξίνααι παραταζόμενοι. [6] νῦν δὲ καὶ φαύλου φασὶν εἶναι στρατηγοῦ τὸ προφανῶς τι πράττειν τῶν πολεμικῶν. [7] βραχὺ δέ τι λείπεται παρὰ Ῥωμαίοις ἵχνος ἔτι τῆς ἀρχαίας αἰρέσεως περὶ τὰ πολεμικά· καὶ γὰρ προλέγουσι τοὺς πολέμους καὶ ταῖς ἐνέδραις σπανίως χρῶνται καὶ τὴν μάχην ἐκ χειρὸς ποιοῦνται καὶ συστάδην. [8] ταῦτα μὲν οὖν εἰρήσθω πρὸς τὸν ἐπιπολάζοντα νῦν ὑπὲρ τὸ δέον ἐν τῇ κακοπραγμοσύνῃ ζῆλον περὶ τοὺς ἡγούμενους ἔν τε ταῖς πολιτικαῖς καὶ πολεμικαῖς οἰκονομίαις.

[1] ὁ δὲ Φίλιππος Ἡρακλείδῃ μὲν, καθάπερ ὑπόθεσιν δούς, ἐπέταξε φροντίζειν πῶς ἂν κακοποιήσαι καὶ διαφθεῖραι τὰς τῶν Ῥοδίων νῆας, [2] εἰς δὲ τὴν Κρήτην πρεσβευτὰς ἐξαπέστειλε τοὺς ἐρεθιοῦντας καὶ παρορμήσοντας ἐπὶ τὸν κατὰ τῶν Ῥοδίων πόλεμον. [3] ὁ δ' Ἡρακλείδης, ἄνθρωπος εὖ πεφυκὼς πρὸς τὸ κακόν, ἐρμαῖον ἡγησάμενος τὴν ἐπιταγὴν, καὶ διανοηθεὶς ἅττα δήποτ' οὖν παρ' αὐτῷ, μετὰ τινα χρόνον ὥρμησε καὶ παρῆν καταπλέων εἰς τὴν Ῥόδον. [4] συνέβαινε δὲ τὸν Ἡρακλείδην τοῦτον τὸ μὲν γένος ἀνέκαθεν εἶναι Ταραντῖνον, πεφυκέναι δ' ἐκ βαναύσων καὶ χειροτεχνῶν ἀνθρώπων, μεγάλα δ' ἐσχηκέναι προτερήματα πρὸς ἀπόνοιαν καὶ ῥαδιουργίαν· [5] πρῶτον μὲν γὰρ ἀναφανδὸν τῷ σώματι παρεκέχρητο κατὰ τὴν πρώτην ἡλικίαν, εἴτ' ἀγχίνους ὑπῆρχε καὶ μνήμων, καὶ πρὸς μὲν τοὺς ταπεινότερους καταπληκτικώτατος καὶ τολμηρότατος, πρὸς δὲ τοὺς ὑπερέχοντας κολακικώτατος. [6] οὗτος ἀρχῆθεν μὲν ἐκ τῆς πατρίδος ἐξέπεσε δόξας τὸν Τάραντα πράττειν

Ῥωμαίοις, οὐ πολιτικὴν ἔχον δύναμιν, ἀλλ' ἀρχιτέκτων ὑπάρχων καὶ διὰ τινας ἐπισκευὰς τῶν τειχῶν κύριος γενόμενος τῶν κλειδῶν τῆς πύλης τῆς ἐπὶ τὸ μεσόγαϊον φερούσης: [7] καταφυγὼν δὲ πρὸς Ῥωμαίους, καὶ πάλιν ἐκέιθεν γράφων καὶ διαπεμπόμενος εἰς τὸν Τάραντα καὶ πρὸς Ἀννίβαν, ἐπεὶ καταφανὴς ἐγένετο, προαισθόμενος τὸ μέλλον αὐτῆς ἔφυγε πρὸς τὸν Φίλιππον. [8] παρ' ᾧ τοιαύτην περιποιήσατο πίστιν καὶ δύναμιν ὥστε τοῦ καταστραφῆναι τὴν τηλικαύτην βασιλείαν σχεδὸν αἰτιώτατος γεγονέναι. —

[1] Διαπιστοῦντες δ' οἱ πρυτάνεις ἤδη τῷ Φιλίππῳ διὰ τὴν περὶ τὰ Κρητικὰ κακοπραγμοσύνην, καὶ τὸν Ἡρακλείδην ὑπόπτειον ἐγκάθετον εἶναι. — ὁ δ' εἰσελθὼν ἀπελογίζετο τὰς αἰτίας, [2] δι' ἃς πεφευγὼς εἶη τὸν Φίλιππον. — [3]

[1] πᾶν γὰρ βουληθῆναι τὸν Φίλιππον ἀναδέξασθαι ἢ καταφανῆ γενέσθαι Ῥοδίοις τὴν ἐν τούτοις αὐτοῦ προαίρεσιν. ἢ καὶ τὸν Ἡρακλείδην ἀπέλυσε τῆς ὑποψίας. — [4] καὶ μοι δοκεῖ μεγίστην θεὸν τοῖς ἀνθρώποις ἢ φύσις ἀποδείξαι τὴν ἀλήθειαν καὶ μεγίστην αὐτῇ προσθεῖναι δύναμιν. [5] πάντων γοῦν αὐτὴν καταγωνιζομένων, ἐνίστε καὶ πασῶν τῶν πιθανοτήτων μετὰ τοῦ ψεύδους ταπτομένων, οὐκ οἶδ' ὅπως αὐτὴ δι' αὐτῆς εἰς τὰς ψυχὰς εἰσδύεται τῶν ἀνθρώπων, [6] καὶ ποτὲ μὲν παραχρῆμα δείκνυσι τὴν αὐτῆς δύναμιν, ποτὲ δὲ καὶ πολὺν χρόνον ἐπισκοτισθεῖσα, τέλος αὐτὴ δι' ἑαυτῆς ἐπικρατεῖ καὶ καταγωνίζεται τὸ ψεῦδος, ὡς συνέβη γενέσθαι περὶ τὸν Ἡρακλείδην τὸν παρὰ τοῦ Φιλίππου τοῦ βασιλέως εἰς Ῥόδον ἀφικόμενον. — [7] ὅτι Δαμοκλῆς ὁ μετὰ Πυθίωνος πεμφθεὶς κατάσκοπος πρὸς Ῥωμαίους ὑπηρετικὸν ἦν σκευὸς εὐφυὲς καὶ πολλὰς ἔχον ἀφορμὰς εἰς πραγμάτων οἰκονομίαν. — ὁ δὲ τῶν Λακεδαιμονίων τύραννος Νάβις, ἔτος ἤδη τρίτον ἔχων τὴν ἀρχήν, ὀλοσχερὲς μὲν οὐδὲν ἐπεβάλλετο πράττειν οὐδὲ τολμᾶν διὰ τὸ πρόσφατον εἶναι τὴν ὑπὸ τῶν Ἀχαιῶν ἥτταν τοῦ Μαχανίδου, [2] καταβολὴν δ' ἐποιεῖτο καὶ θεμέλιον ὑπεβάλλετο πολυχρονίου καὶ βαρείας τυραννίδος. [3] διέφθειρε γὰρ τοὺς λοιποὺς ἄρδην ἐκ τῆς Σπάρτης, ἐφυγάδευσεν δὲ τοὺς κατὰ πλεον πλούτῳ διαφέροντας ἢ δόξῃ προγονικῇ, τὰς δὲ τούτων οὐσίας καὶ γυναικας διεδίδου τῶν ἄλλων τοῖς ἐπιφανεστάτοις καὶ τοῖς μισθοφόροις. [4] οὗτοι δ' ἦσαν ἀνδροφόνοι καὶ παρασχίσται, λωποδύται, τοιχωρύχοι. καθόλου γὰρ τοῦτο τὸ γένος ἡθροίζετο πρὸς αὐτὸν ἐπιμελῶς ἐκ τῆς οἰκουμένης, οἷς ἄβατος ἦν ἡ θρέψασα δι' ἀσέβειαν καὶ παρανομίαν. [5] ὧν προστάτην [καὶ βασιλέα] αὐτὸν

ἀναδείξας, καὶ χρώμενος δορυφόροις καὶ σωματοφύλαξι τούτοις, δῆλον ἔμελλε πολυχρόνιον ἔχειν τὴν ἐπ’ ἀσεβείᾳ φήμην καὶ δυναστείαν. [6] ὅς γε χωρὶς τῶν προειρημένων οὐκ ἐξηρκεῖτο φυγαδεύειν τοὺς πολίτας, ἀλλ’ οὐδὲ τοῖς φεύγουσιν οὐδεὶς τόπος ἦν ἀσφαλῆς οὐδὲ καταφυγὴ βέβαιος. [7] τοὺς μὲν γὰρ ἐν ταῖς ὁδοῖς ἐπαποστέλλων ἀνῆρει, τοὺς δ’ ἐκ τῶν τόπων ἐπανάγοντας ἐφόνευε. [8] τὸ δὲ τελευταῖον ἐν ταῖς πόλεσι τὰς σύνεγγυς οἰκίας, ὅπου τις τυγχάνοι κατοικῶν τῶν φυγάδων, μισθούμενος δι’ ἀνυπονοήτων ἀνθρώπων, εἰς ταύτας εἰσέπεμπε Κρήτας, οἵτινες ῥήγματα ποιοῦντες ἐν τοῖς τοίχοις καὶ διὰ τῶν ὑπαρχουσῶν θυρίδων τοξεύοντες τοὺς μὲν ἐστῶτας τῶν φυγάδων, τοὺς δ’ ἀνακειμένους ἐν ταῖς ἰδίαις οἰκίαις διέφθειρον, [9] ὥστε μήτε τόπον εἶναι μηδένα φύξιμον μήτε καιρὸν ἀσφαλῆ τοῖς τालαιπύροις Λακεδαιμονίοις. [10] καὶ δὴ τῷ τοιούτῳ

[1] τρόπον τοὺς μὲν πλείστους αὐτῶν ἠφάνισε. κατεσκευάσατο δὲ καὶ τινα μηχανήν, εἰ μηχανήν ταύτην χρὴ λέγειν. [2] ἦν γὰρ εἰδωλον γυναικεῖον, πολυτελέσιν ἱματίοις ἡμφιεσμένον, κατὰ δὲ τὴν μορφήν εἰς ὁμοιότητα τῇ τοῦ Νάβιδος γυναικὶ διαφόρως ἀπειργασμένον. [3] ὁπότε δὲ τις τῶν πολιτικῶν ἀνακαλέσαιο, βουλόμενος εἰσπρᾶξαι χρήματα, τὰς μὲν ἀρχὰς διετίθετο λόγους πλείονας καὶ φιλανθρώπους, [4] ὑποδεικνύων μὲν τὸν ὑπὸ τῶν Ἀχαιῶν ἐπικρεμάμενον τῇ χώρᾳ καὶ τῇ πόλει φόβον, διασαφῶν δὲ τὸ πλῆθος τῶν μισθοφόρων τὸ τρεφόμενον τῆς ἐκείνων ἀσφαλείας χάριν, ἔτι δὲ τὰς εἰς τοὺς θεοὺς καὶ τὰς κοινὰς τῆς πόλεως δαπάνας. [5] εἰ μὲν οὖν ἐντρέποντο διὰ τῶν τοιούτων λόγων, εἶχεν ἀποχρώντως αὐτῷ πρὸς τὸ προκείμενον· [6] εἰ δὲ τινες ἐξαρνούμενοι διωθοῖντο τὴν ἐπιταγὴν, ἐπεφθέγγετο λόγον τοιοῦτον “Ζῆσως ἐγὼ μὲν οὐ δύναμαί σε πείθειν, Ἀπῆγαν μέντοι ταύτην δοκῶ σε πείσειν”³ τοῦτο δ’ ἦν ὄνομα τῇ γυναικὶ τοῦ Νάβιδος. [7] καὶ τοῦτ’ ἔλεγε, καὶ παρῆν ὁ μικρῷ πρότερον ἔλεγον εἰδωλον. [8] καὶ δεξιωσάμενος, ἐπειδὴν ἐκ τῆς καθέδρας ἀνέστησε τὴν γυναῖκα καὶ περιέπτυξε ταῖς χερσί, προσήγετο κατὰ βραχὺ πρὸς τὰ στέρνα. [9] τοὺς δὲ πῆχεις εἶχε καὶ τὰς χεῖρας πλήρεις σιδηρῶν γόμφων ὑπὸ τοῖς ἱματίοις, ὁμοίως καὶ κατὰ τοὺς μαστοὺς. [10] ὅταν προσήρσειε ταῖς χερσὶ πρὸς τὰ νῶτα τῆς γυναικός, κάππειτα διὰ τῶν ὀργάνων ἐλκόμενον ἐπέτεινε καὶ προσῆγε πρὸς τοὺς μαστοὺς κατ’ ἐλάχιστον, πᾶσαν ἠνάγκαζε φωνὴν προῖεσθαι τὸν πιεζόμενον. [11] καὶ πολλοὺς δὴ τις τῷ τοιούτῳ τρόπῳ διέφθειρε τῶν ἐξαρνουμένων.

[1] καὶ τὰ λοιπὰ δ' ἦν τούτοις ὅμοια καὶ σύστοιχα κατὰ τὴν ἀρχήν. [2] ἐκοινώνει μὲν γὰρ τοῖς Κρησὶ τῶν κατὰ θάλατταν ληστειῶν: εἶχε δὲ καθ' ὅλην τὴν Πελοπόννησον ἱεροσύλους, ὁδοιδόκους, φονέας, οἷς μερίτης γινόμενος τῶν ἐκ τῆς ῥαδιουργίας λυσιτελῶν ὀρμητήριον καὶ καταφυγὴν παρείχετο τούτοις τὴν Σπάρτην. [3] πλὴν κατὰ γε τοὺς καιροὺς τούτους ξένοι τῶν ἀπὸ τῆς Βοιωτίας εἰς τὴν Λακεδαίμονα παρεπιδημήσαντες ἐψυχαγωγῆσαν τινὰ τῶν τοῦ Νάβιδος ἵπποκόμων ὥστε συναποχωρῆσαι μεθ' ἑαυτῶν ἔχοντα λευκὸν ἵππον, ὃς ἐδόκει γενναιότατος εἶναι τῶν ἐκ τῆς τυραννικῆς ἵπποστάσεως. [4] τοῦτο δὲ πεισθέντος καὶ πράξαντος τοῦ προειρημένου, καταδιώξαντες οἱ παρὰ τοῦ Νάβιδος εἰς τὴν Μεγάλην πόλιν καὶ καταλαβόντες τὸν μὲν ἵππον εὐθὺς ἀπῆγον καὶ τὸν ἵπποκόμον, οὐδενὸς ἀντιποιοιμένου, μετὰ δὲ ταῦτα καὶ τοῖς ξένοις ἐπέβαλον τὰς χεῖρας. [5] οἱ δὲ Βοιωτοὶ τὸ μὲν πρῶτον ἠξίουσαν αὐτοὺς ἐπὶ τὴν ἀρχήν: οὐδενὸς δὲ προσέχοντος ἀνεβόα τις τῶν ξένων “ [6] 3βοήθεια”3. συνδραμόντων δὲ τῶν ἐγγχωρίων καὶ μαρτυρομένων τοὺς ἄνδρας ἐπανάγειν ἐπὶ τὴν ἀρχήν, ἠναγκάσθησαν προιέμενοι τοὺς ἀνθρώπους οἱ παρὰ τοῦ Νάβιδος ἀπελθεῖν. [7] ὁ δὲ πάλαι ζητῶν ἀφορμὰς ἐγκλημάτων καὶ πρόφασιν εὖλογον διαφορᾶς, τότε λαβόμενος ταύτης εὐθέως ἤλαυνε τὰ Προαγόρου θρέμματα καὶ τινων ἐτέρων. ἐξ ὧν ἐγένετο καταρχὴ τοῦ πολέμου.

[1] I. Ex Prooemio ὅτι φησὶν ὁ Πολύβιος περὶ ἑαυτοῦ καὶ περὶ τῆς τῶν βίβλων ὑποθετικῆς ἐξηγήσεως: ἴσως μὲν οὖν ἐπὶ πάσαις ταῖς ὀλυμπιάσιν αἱ προεκθέσεις τῶν πράξεων εἰς ἐπίστασιν ἄγουσι τοὺς ἐντυγχάνοντας καὶ διὰ τὸ πλῆθος καὶ διὰ τὸ μέγεθος τῶν γεγονότων, ὥς ἂν ὑπὸ μίαν σύννοψιν ἀγομένων τῶν ἐξ ὅλης τῆς οἰκουμένης ἔργων: [2] οὐ μὴν ἀλλὰ τὰ κατὰ ταύτην τὴν ὀλυμπιάδα μάλιστα νομίζω συνεπιστήσιν τοὺς ἀναγινώσκοντας διὰ τὸ πρῶτον μὲν τοὺς κατὰ τὴν Ἰταλίαν καὶ Λιβύην πολέμους ἐν τούτοις τοῖς χρόνοις εἰληφέναι τὴν συντέλειαν: ὑπὲρ ὧν τίς οὐκ ἂν ἱστορῆσαι βουλῇται ποία τις ἢ καταστροφή καὶ τί τὸ τέλος αὐτῶν ἐγένετο; [3] φύσει γὰρ πάντες ἄνθρωποι, κἂν ὀλοσχερῶς παραδέχωνται τὰ κατὰ μέρος ἔργα καὶ λόγους, ὅμως ἐκάστων τὸ τέλος ἰμείρουσι μαθεῖν: [4] πρὸς δὲ τούτοις συμβαίνει καὶ τὰς προαιρέσεις τῶν βασιλέων ἐκφανεστάτας γεγονέναι κατὰ τοὺς αὐτοὺς χρόνους: ἃ γὰρ πρότερον ἐλέγετο περὶ αὐτῶν, τότε σαφῶς ἐπεγνώσθη πάντα παρὰ πᾶσι καὶ τοῖς μὴδ' ὅλως ἐθέλουσι πολυπραγμονεῖν. [5] διὸ καὶ βουλόμενοι κατ' ἀξίαν τῶν ἔργων ποιήσασθαι τὴν ἐξήγησιν, οὐ τὰς ἐκ τῶν δυεῖν ἐτῶν πράξεις κατατετάχαμεν εἰς μίαν βύβλον, καθάπερ ἐν τοῖς πρὸ τούτων ἀποδεδώκαμεν.

[1] II. Res A Scipione In Africa Gestae οἱ μὲν οὖν ὕπατοι περὶ ταύτας ἐγίνοντο τὰς πράξεις, [2] ὁ δὲ Πόπλιος ἐν τῇ Λιβύῃ κατὰ τὴν παραχειμασίαν πυνθανόμενος ἐξαρτῦειν στόλον τοὺς Καρχηδονίους, ἐγένετο μὲν καὶ περὶ ταύτην τὴν παρασκευὴν, οὐχ ἦττον δὲ καὶ περὶ τὴν τῆς Ἰτύκης πολιορκίαν. [3] οὐ μὴν οὐδὲ τῆς κατὰ τὸν Σόφακα τελέως ἐλπίδος ἀφίστατο, διεπέμπετο δὲ συνεχῶς διὰ τὸ μὴ πολὺ ἀφεστάναι τὰς δυνάμεις ἀλλήλων, πεπεισμένους μετακαλέσειν αὐτὸν ἀπὸ τῆς τῶν Καρχηδονίων συμμαχίας: [4] οὐ γὰρ ἀπεγίνωσκε καὶ τῆς παιδίσκης αὐτὸν ἤδη κόρον ἔχειν, δι' ἣν εἴλετο τὰ Καρχηδονίων, καὶ καθόλου τῆς πρὸς τοὺς Φοίνικας φιλίας διὰ τε τὴν φυσικὴν τῶν Νομάδων ἀψικορίαν καὶ διὰ τὴν πρὸς τε τοὺς θεοὺς καὶ τοὺς ἀνθρώπους ἀθεσίαν. [6] τῶν γὰρ διαπεμπομένων πρὸς τὸν Σόφακά

τινες ἀνήγγειλαν αὐτῷ διότι συμβαίνει τοὺς μὲν Καρχηδονίους ἐκ παντοδαπῶν ξύλων καὶ φυλλάδος ἄνευ γῆς ἐν τῇ παραχειμασία κατεσκευακέναι τὰς σκηνάς, [7] τῶν δὲ Νομάδων τοὺς μὲν ἐξ ἀρχῆς ἐκ καλάμων, τοὺς δ' ἐπισυναγομένους ἐκ τῶν πόλεων κατὰ τὸ παρὸν ἐξ αὐτῆς τῆς φυλλάδος σκηνοποιεῖσθαι, τοὺς μὲν ἐντός, τοὺς δὲ πλείους αὐτῶν ἐκτὸς τῆς τάφρου καὶ τοῦ χάρακος. [8] νομίσας οὖν ὁ Πόπλιος παραδοξοτάτην μὲν τοῖς πολεμίοις, πραγματικωτάτην δὲ σφίσις εἶναι τὴν διὰ τοῦ πυρὸς ἐπιβολήν, ἐγένετο περὶ ταύτην τὴν κατασκευήν. [9] ὁ δὲ Σόφαξ ἐν ταῖς πρὸς τὸν Πόπλιον διαποστολαῖς ἀεὶ πως ἐπὶ ταύτην κατήντα τὴν γνώμην ὅτι δύοι Καρχηδονίους μὲν ἐκ τῆς Ἰταλίας ἀπαλλάττεσθαι, Ῥωμαίους δὲ παραπλησίως ἐκ τῆς Λιβύης, τὰ δὲ μεταξὺ τούτων ἔχειν ἀμφοτέρους ὥς τότε κατεῖχον. [10] ὣν ὁ Πόπλιος ἀκούων ἐν τοῖς πρὸ τοῦ χρόνους οὐδαμῶς ἀνείχετο: τότε δὲ τῷ Νομάδι βραχεῖαν ἔμφασιν ἐποίησατο διὰ τῶν ἀποστελλομένων ὥς οὐκ ἀδυνάτου τῆς ἐπιβολῆς οὕσης, ἥς ἐπιβάλλεται. [11] δι' οὗ συνέβη τὸν Σόφακα κουφισθέντα πολλαπλασίως ἐπιρρωσθῆναι πρὸς τὴν ἐπιπλοκήν. [12] οὗ γινομένου πλείους ἦσαν οἱ διαπεμπόμενοι καὶ πλεονάκις: ἔστι δ' ὅτε καὶ τινας ἡμέρας ἔμενον παρ' ἀλλήλοις ἀπαρτηρήτως. [13] ἐν αἷς ὁ Πόπλιος ἀεὶ τινας μὲν τῶν πραγματικῶν, οὓς δὲ καὶ στρατιωτικῶν, ῥυπῶντας καὶ ταπεινούς, εἰς δουλικὰς ἐσθῆτας διασκευάζων, μετὰ τῶν ἀποστελλομένων ἐξέπεμπε χάριν τοῦ τὰς προσόδους καὶ τὰς εἰσόδους τὰς εἰς ἑκατέραν τὴν παρεμβολὴν ἀσφαλῶς ἐξερευνῆσαι καὶ κατοπτεῦσαι. [14] δύο γὰρ ἦσαν στρατοπεδεῖαι, μία μὲν ἦν Ἀσδρούβας εἶχε μετὰ πεζῶν τρισμυρίων καὶ τρισχιλίων ἱππέων, ἄλλη δὲ περὶ δέκα σταδίου ἀφεστῶσα ταύτης, ἡ τῶν Νομάδων, ἱππεῖς μὲν εἰς μυρίους ἔχουσα, πεζοὺς δὲ περὶ πεντακισμυρίους. [15] ἡ δὲ καὶ μᾶλλον εὐέφοδος ἦν καὶ τὰς σκηνάς εἶχε τελέως εὐφυεῖς πρὸς ἐμπυρισμὸν διὰ τὸ τοὺς Νομάδας, ὥς ἀρτίως εἶπον, μὴ διὰ ξύλων μηδὲ διὰ γῆς, ἀπλῶς δὲ κάνναις καὶ καλάμοις χρῆσθαι πρὸς τὰς σκηνοποιίας.

[1] ἐπειδὴ δὲ τὰ μὲν τῆς ἑαρινῆς ὥρας ὑπέφαιναν ἤδη, τῷ δὲ Σκιπίωνι πάντα διηρεύνητο πρὸς τὴν προειρημένην ἐπιβολήν τὰ κατὰ τοὺς ὑπεναντίους, [2] τὰς μὲν νῆας καθεῖλκε καὶ μηχανὰς κατεσκευάζε ταύταις ὥς πολιορκήσων ἐκ θαλάττης τὴν Ἰτύκην, τοῖς δὲ πεζοῖς, [3] οὗσιν ὥς δισχιλίους, κατελάβετο πάλιν τὸν ὑπὲρ τὴν πόλιν κείμενον λόφον, καὶ τοῦτον ὠχυροῦτο καὶ διετάφρευε

πολυτελῶς, [4] τοῖς μὲν ὑπεναντίοις ποιῶν φαντασίαν ὥς τοῦτο πράττων τῆς πολιορκίας ἔνεκα, τῇ δ' ἀληθείᾳ βουλόμενος ἐφεδρεύειν τοῖς κατὰ τὸν τῆς πράξεως καιρόν, ἵνα μὴ τῶν στρατοπέδων ἐκ τῆς παρεμβολῆς χωρισθέντων οἱ τὴν Ἰτύκην παραφυλάττοντες στρατιῶται τολμήσαιεν ἐξελθόντες ἐκ τῆς πόλεως ἐγχειρεῖν τῷ χάρακι διὰ τὸ σύνεγγυς εἶναι, καὶ πολιορκεῖν τοὺς φυλάττοντας. [5] ταῦτα δὲ παρασκευαζόμενος ἅμα διεπέμπετο πρὸς τὸν Σόφακα, πυνθανόμενος, ἐὰν συγχωρῇ τοῖς παρακαλουμένοις, εἰ καὶ τοῖς Καρχηδονίοις ἔσται ταῦτα κατὰ νοῦν καὶ μὴ ἄλλιν ἐκείνοι φήσουσι βουλευέσθαι περὶ τῶν συγχωρουμένων. [6] ἅμα δὲ τούτοις προσενετείλατο τοῖς πρεσβευταῖς μὴ πρότερον ὥς αὐτὸν ἀπιέναι πρὶν ἢ λαβεῖν ἀποκρίσιν ὑπὲρ τούτων. [7] ὧν ἀφικομένων διακούσας ὁ Νομάς ἐπέισθη διότι πρὸς τὸ συντελεῖν ἐστὶ τὰς διαλύσεις ὁ Σκιπίων, ἔκ τε τοῦ φάναι τοὺς πρέσβεις μὴ πρότερον ἀπαλλαγῆσθαι πρὶν ἢ λαβεῖν παρ' αὐτοῦ τὰς ἀποκρίσεις, ἔκ τε τοῦ διευλαβεῖσθαι τὴν τῶν Καρχηδονίων συγκατάθεσιν. [8] διὸ καὶ πρὸς μὲν τὸν Ἀσδρούβαν ἐξ αὐτῆς ἔπεμπε, διασαφῶν τὰ γινόμενα καὶ παρακαλῶν δέχεσθαι τὴν εἰρήνην, αὐτὸς δὲ ῥαθύμως διῆγε, καὶ τοὺς ἐπισυναγομένους Νομάδας ἐκτὸς εἶα τῆς παρεμβολῆς αὐτοῦ κατασκηνοῦν. [9] ὁ δὲ Πόπλιος κατὰ μὲν τὴν ἐπίφασιν ἐποίει τὸ παραπλήσιον, κατὰ δὲ τὴν ἀλήθειαν ἐν τοῖς μάλιστα περὶ τὰς παρασκευὰς ἦν. [10] ἐπειδὴ δὲ παρὰ μὲν τῶν Καρχηδονίων τῷ Σόφακι διεσαφήθη συντελεῖν τὰ κατὰ τὰς συνθήκας, ὁ δὲ Νομάς περιχαρὴς ὧν εἶπε τοῖς πρεσβευταῖς ὑπὲρ τούτων, εὐθέως οἱ πρέσβεις ἀπήεσαν εἰς τὴν ἰδίαν παρεμβολήν, μηνύσοντες τῷ Ποπλίῳ τὰ πραχθέντα παρὰ τοῦ βασιλέως. [11] ὧν ἀκούσας ὁ τῶν Ῥωμαίων στρατηγὸς αὐθὺς ἐκ ποδὸς ἔπεμπε πρέσβεις, δηλώσοντας τῷ Σόφακι διότι συμβαίνει τὸν μὲν Πόπλιον εὐδοκεῖν καὶ σπουδάζειν ὑπὲρ τῆς εἰρήνης, τοὺς δ' ἐν τῷ συνεδρίῳ διαφέρεσθαι καὶ φάναι διαμένειν ἐπὶ τῶν ὑποκειμένων: [12] οἱ καὶ παραγενόμενοι διεσάφησαν ταῦτα τῷ Νομάδι. [13] τὴν δ' ἀποστολὴν ταύτην ὁ Σκιπίων ἐποίησατο χάριν τοῦ μὴ δόξα παρασπονδεῖν, ἐὰν ἔτι μενούσης τῆς ὑπὲρ τῶν διαλύσεων ἐπικηρυκείας πρὸς ἀλλήλους πράξῃ τι τῶν πολεμικῶν ἔργων. [14] γενομένης δὲ τῆς ἀπορρήσεως ταύτης ἅπαν τὸ γινόμενον ἀνεπίληπτον ἔξιν ὑπέλαβε τὴν προαίρεσιν.

[1] ὁ δὲ Σόφαξ ταῦτα διακούσας ἔφερε μὲν δυσχερῶς διὰ τὸ προκατηλπικέσαι περὶ τῶν διαλύσεων, συνήει δὲ πρὸς τὸν

Ἀσδρούβαν εἰς λόγους, καὶ διεσάφει τὰ παρὰ τῶν Ῥωμαίων αὐτῷ
προσαγγελλόμενα. [2] περὶ ὧν πολλὰ διαπορήσαντες ἐβουλευόντο
πῶς σφίσι καθήκει χρῆσθαι τοῖς ἐξῆς πράγμασι, πλεῖστον ἀπέχοντες
ταῖς ἐννοίαις καὶ ταῖς ἐπιβολαῖς τοῦ μέλλοντος: [3] περὶ φυλακῆς μὲν
γὰρ ἡ τοῦ πείσεσθαι τι δεινὸν οὐδ' ἦντινοῦν εἶχον πρόληψιν, περὶ δὲ
τοῦ δρᾶσαι τι καὶ προκαλέσασθαι τοὺς πολεμίους εἰς ὁμαλὸν τόπον
πολλή τις ἦν αὐτῶν ὁρμὴ καὶ προθυμία. [4] Πόπλιος δὲ κατὰ τὸν
καιρὸν τοῦτον τοῖς μὲν πολλοῖς ὑπεδείκνυε διὰ τε τῆς παρασκευῆς
καὶ τῶν παραγγελμάτων ὡς κατὰ τῆς Ἰτύκης ἔχων πράξιν, [5] τῶν δὲ
χιλιάρχων τοὺς ἐπιτηδαιοτάτους καὶ πιστοτάτους καλέσας περὶ μέσον
ἡμέρας ἐξέθηκε τὴν ἐπιβολήν, καὶ παρήγγειλε δειπνοποιησαμένους
καθ' ὥραν ἐξάγειν τὰ στρατόπεδα πρὸ τοῦ χάρακος, ἐπειδὴν κατὰ
τὸν ἔθισμόν οἱ σαλπικταὶ σημαίνωσιν ἅμα πάντες: [6] ἔστι γὰρ ἔθος
Ῥωμαίοις κατὰ τὸν τοῦ δείπνου καιρὸν τοὺς βυκανητὰς καὶ
σαλπικτὰς πάντας σημαίνειν παρὰ τὴν τοῦ στρατηγοῦ σκηνήν,
χάριν τοῦ τὰς νυκτερινὰς φυλακὰς κατὰ τὸν καιρὸν τοῦτον ἵστασθαι
κατὰ τοὺς ἰδίους τόπους. [7] μετὰ δὲ ταῦτα τοὺς κατασκόπους
ἀνακαλεσάμενος, οὓς ἐτύγχανε διαπεμπόμενος εἰς τὰ τῶν πολέμιων
στρατόπεδα, συνέκρινε καὶ διηρεῦνα τὰ λεγόμενα περὶ τε τῶν
προσβάσεων καὶ τῶν εισόδων τῶν εἰς τὰς παρεμβολάς, χρώμενος
ἐπικριτῇ τῶν λεγομένων καὶ συμβούλῳ Μασαννάσῃ διὰ τὴν τῶν
τόπων ἐμπειρίαν.

[1] ἐπειδὴ δὲ πάντ' ἦν εὐτρεπῇ τὰ πρὸς τὴν χρεῖαν αὐτῷ τὴν
ἐνεστῶσαν, ἀπολιπὼν τοὺς ἱκανοὺς καὶ τοὺς ἐπιτηδεῖους ἐπὶ τῆς
παρεμβολῆς, ἀναλαβὼν τὰς δυνάμεις προῆγεν ἄρτι ληγούσης τῆς
πρώτης φυλακῆς: περὶ γὰρ ἐξήκοντα σταδίους ἀπεῖχον οἱ πολέμιοι. [2]
συνεγγίσας δὲ τοῖς πολέμοις περὶ τρίτην φυλακὴν λήγουσαν, Γαίῳ
μὲν Λαίλιῳ καὶ Μασαννάσῃ τοὺς ἡμίσεις ἀπονείμας τῶν στρατιωτῶν
καὶ πάντας τοὺς Νομάδας ἐπέταξε ποιεῖσθαι τὴν προσβολὴν πρὸς
τὸν τοῦ Σόφακος χάρακα, [3] παρακαλέσας ἄνδρας ἀγαθοὺς γενέσθαι
καὶ μηδὲν εἰκῇ πράττειν, σαφῶς εἰδότας ὅτι, καθ' ὅσον ἐμποδίζει καὶ
κωλύει τὰ τῆς ὀράσεως τὸ σκότος, κατὰ τοσοῦτον δεῖ συνεκπληροῦν
τῇ διανοίᾳ καὶ τῇ τόλμῃ τὰς νυκτερινὰς ἐπιβολάς: [4] αὐτὸς δὲ τὴν
λοιπὴν στρατιὰν ἀναλαβὼν ἐποιεῖτο τὴν ὁρμὴν ἐπὶ τὸν Ἀσδρούβαν.
ἦν δ' αὐτῷ συλλελογισμένον μὴ πρότερον ἐγχειρεῖν, ἕως ἂν οἱ περὶ
τὸν Λαίλιον πρῶτοι τὸ πῦρ ἐμβάλωσι τοῖς πολέμοις. [5] οὗτος μὲν
τοιαύτας ἔχων ἐπινοίας βάδην ἐποιεῖτο τὴν πορείαν: οἱ δὲ περὶ τὸν

Λαίλιον εἰς δύο μέρη σφᾶς αὐτοὺς διελόντες ἅμα προσέβαλλον τοῖς πολεμίοις. [6] τῆς δὲ τῶν σκηνῶν διαθέσεως οἷον ἐπίτηδες πρὸς ἐμπυρισμὸν κατεσκευασμένης, καθάπερ ἀνώτερον εἶπον, ὥς οἱ προηγούμενοι τὸ πῦρ ἐνέβαλλον, κατανεμηθὲν εἰς τὰς πρώτας σκηνὰς εὐθέως ἀβोधήθητον ἐποίει τὸ κακὸν διὰ τε τὴν συνέχειαν τῶν σκηνῶν καὶ διὰ τὸ πλῆθος τῆς ὑποκειμένης ὕλης. [7] ὁ μὲν οὖν Λαίλιος ἔχων ἐφεδρείας τάξιν ἔμενεν· ὁ δὲ Μασαννάσας εἰδὼς τοὺς τόπους, καθ' οὓς ἔμελλον οἱ φεύγοντες τὸ πῦρ ποιήσασθαι τὴν ἀποχώρησιν, ἐν τούτοις ἐπέστησε τοὺς αὐτοῦ στρατιώτας. [8] τῶν δὲ Νομάδων οὐδεὶς ἀπλῶς συνυπώπτειυσε τὸ γινόμενον, οὐδ' αὐτὸς ὁ Σόφαξ, ἀλλ' ὥς αὐτομάτως ἐμπερησμένου τοῦ χάρακος, ταύτην ἔσχον τὴν διάληψιν. [9] ὅθεν ἀνυπονοήτως οἱ μὲν ἐκ τῶν ὕπνων, οἱ δ' ἀκμὴν ἔτι μεθυσκόμενοι καὶ πίνοντες ἐξεπῆδων ἐκ τῶν σκηνῶν. [10] καὶ πολλοὶ μὲν ὑφ' αὐτῶν περὶ τὰς τοῦ χάρακος ἐξόδους συνεπατήθησαν, πολλοὶ δὲ περικαταληφθέντες ὑπὸ τῆς φλογὸς κατεπρήσθησαν· οἱ δὲ καὶ διαφυγόντες τὴν φλόγα, πάντες εἰς τοὺς πολεμίους ἐμπίπτοντες, οὐθ' ὁ πάσχουσιν οὐθ' ὁ ποιοῦσι γινώσκοντες διεφθείροντο.

[1] κατὰ δὲ τὸν καιρὸν τοῦτον οἱ Καρχηδόνιοι, θεωροῦντες τὸ πλῆθος τοῦ πυρὸς καὶ τὸ μέγεθος τῆς ἐξαιρομένης φλογός, ὑπολαβόντες αὐτομάτως ἀνῆφθαι τὸν τῶν Νομάδων χάρακα, τινὲς μὲν ἐβοήθουν ἐξ αὐτῆς, [2] οἱ δὲ λοιποὶ πάντες ἐκτρέχοντες ἐκ τῆς παρεμβολῆς ἄνοπλοι συνίσταντο πρὸ τῆς ἰδίας στρατοπεδείας, ἐκπλαγεῖς ὄντες ἐπὶ τοῖς γινομένοις. [3] ὁ δὲ Σκιπίων, τῶν πραγμάτων ὥς ἂν εἰ κατ' εὐχὴν αὐτῷ προχωρησάντων, ἐπιπεσὼν τοῖς ἐξεληλυθόσιν, οὓς μὲν ἐφόνευεν, οὓς δὲ καταδιώκων ἅμα τὸ πῦρ ἐνέβαλλε ταῖς σκηναῖς. [4] οὗ γενομένου παραπλήσια συνέβαινε πάσχειν τοὺς Φοίνικας ὑπὸ τοῦ πυρὸς καὶ τῆς ὅλης περιστάσεως τοῖς ἄρτι ῥηθεῖσι περὶ τῶν Νομάδων. [5] οἱ δὲ περὶ τὸν Ἀσδρούβαν τοῦ μὲν τῷ πυρὶ βοηθεῖν αὐτόθεν εὐθέως ἀπέστησαν, γνόντες ἐκ τοῦ συμβαίνοντος ὅτι καὶ περὶ τοὺς Νομάδας οὐκ αὐτομάτως, καθάπερ ὑπέλαβον, ἀλλ' ἐκ τῆς τῶν πολεμίων ἐπιβολῆς καὶ τόλμης ἐγεγόνει τὸ δεινόν· [6] ἐγίνοντο δὲ περὶ τὸ σῶζειν ἑαυτοὺς, βραχείας σφίσι καὶ περὶ τοῦτο τὸ μέρος ἐλπίδος ἔτι καταλειπομένης. [7] τό τε γὰρ πῦρ ταχέως ἐπενέμετο καὶ περιελάμβανε πάντας τοὺς τόπους, αἷ τε δίοδοι πλήρεις ἦσαν ἵππων, ὑποζυγίων, ἀνδρῶν, τῶν μὲν ἡμιθνήτων καὶ διεφθαρμένων ὑπὸ τοῦ πυρός, τῶν δ' ἐξεπτοημένων καὶ παρεστώτων

ταῖς διανοίαις, [8] ὥστε καὶ τοῖς ἀνδραγαθεῖν προαιρουμένοις ἐμπόδια ταῦτα γίνεσθαι, καὶ διὰ τὴν ταραχὴν καὶ σύγχυσιν ἀνέλπιστον εἶναι τὴν σωτηρίαν. [9] παραπλήσια δὲ τούτοις ἦν καὶ τὰ περὶ τὸν Σόφακα καὶ τοὺς ἄλλους ἡγεμόνας. πλὴν οὗτοι μὲν ἀμφότεροι μετ' ὀλίγων ἱππέων ἐξέσωσαν αὐτούς: [10] αἱ δὲ λοιπαὶ μυριάδες ἀνδρῶν, ἵππων, ὑποζυγίων, ἀτυχῶς μὲν καὶ ἐλεεινῶς ὑπὸ τοῦ πυρὸς ἀπώλλυντο: [11] αἰσchrῶς δὲ καὶ ἐπονειδίστως ἔνιοι τῶν ἀνδρῶν, τὴν τοῦ πυρὸς βίαν φεύγοντες, ὑπὸ τῶν πολεμίων διεφθείροντο, χωρὶς οὐ μόνον τῶν ὀπλων, ἀλλὰ καὶ τῶν ἱματίων, γυμνοὶ φονευόμενοι. [12] καθόλου δὲ πᾶς ἦν ὁ τόπος οἰμωγῆς, βοῆς ἀτάκτου, φόβου, ψόφου παρηλλαγμένου, σὺν δὲ τούτοις πυρὸς ἐνεργοῦ καὶ φλογὸς ὑπερβαλλούσης πλήρης: [13] ὧν ἓν ἱκανὸν [ὄν] ἐκπλήξαι τὴν ἀνθρωπίνην φύσιν, μὴδ' ὅτι καὶ πάνθ' ὁμοῦ συγκυρήσαντα παραδόξως. [14] διὸ καὶ τὸ γεγονὸς οὐδὲ καθ' ὑπερβολὴν εἰκάσαι δυνατόν οὐδενὶ τῶν ὄντων ἐστίν: οὕτως ὑπερπεπαίκει τῇ δεινότητι πάσας τὰς προειρημένας πράξεις. [15] ἥ καὶ πολλῶν καὶ καλῶν διειργασμένων Σκιπίωνι κάλλιστον εἶναί μοι δοκεῖ τοῦτο τοῦργον καὶ παραβολώτατον τῶν ἐκεῖν' πεπραγμένων ***

[1] οὐ μὴν ἀλλὰ τῆς ἡμέρας ἐπιγενομένης, καὶ τῶν πολεμίων τῶν μὲν ἀπολωλότων, τῶν δὲ προτροπάδην πεφευγόντων, παρακαλέσας τοὺς χιλιάρχους ἐκ ποδὸς ἐπηκολούθει. [2] τὰς μὲν οὖν ἀρχὰς ὁ Καρχηδόνιος ὑπέμενε, καίπερ αὐτῷ προσαγγελίας γενομένης: τοῦτο δ' ἐποίει πιστεύων τῇ τῆς πόλεως ὀχυρότητι. [3] μετὰ δὲ ταῦτα συνθεωρήσας τοὺς ἐγχωρίους στασιάζοντας, καταπλαγεὶς τὴν ἔφοδον τοῦ Σκιπίωνος, ἔφευγε μετὰ τῶν διασσεωσμένων: οὗτοι δ' ἦσαν ἱππεῖς μὲν οὐκ ἐλάττους πεντακοσίων, πεζοὶ δὲ περὶ δισχιλίους. [4] οἱ δ' ἐγχώριοι συμφρονήσαντες ἐπέτρεψαν περὶ σφῶν αὐτῶν τοῖς Ῥωμαίοις. [5] ὁ δὲ Πόπλιος τούτων μὲν ἐφείσατο, δύο δὲ τὰς παρακειμένας πόλεις ἐφῆκε τοῖς στρατοπέδοις διαρπάζειν, καὶ ταῦτα διαπραξάμενος αὐθις ἐπὶ τὴν ἐξ ἀρχῆς ἐπανήει παρεμβολήν. [6] οἱ δὲ Καρχηδόνιοι, παλιντρόπου τῆς ἐλπίδος αὐτοῖς ἀποβαινούσης πρὸς τὰς ἐξ ἀρχῆς ἐπιβολάς, βαρέως ἔφερον τὸ γεγονός: [7] ἐλπίσαντες γὰρ πολιορκήσιν τοὺς Ῥωμαίους συγκλείσαντες εἰς τὴν ἄκραν τὴν προσοῦσαν τῆς Ἰτύκης, ἐν ἣ τὴν παραχειμασίαν ἐποιοῦντο, κατὰ γῆν μὲν τοῖς πεζοῖς στρατεύμασι, κατὰ θάλατταν δὲ ταῖς ναυτικαῖς δυνάμεσι, καὶ πρὸς τοῦτο πάσας ἡτοιμακότες τὰς παρασκευάς, [8] ἅμα τῷ μὴ μόνον τῶν ὑπαίθρων οὕτως ἀλόγως καὶ παραδόξως

ἐκχωρῆσαι τοῖς ὑπεναντίοις, ἀλλὰ καὶ τὸν περὶ σφῶν αὐτῶν καὶ τῆς πατρίδος ὅσον οὐκ ἤδη προσδοκᾶν κίνδυνον, τελέως ἐκπλαγεῖς ἦσαν καὶ περίφοβοι ταῖς ψυχαῖς. [9] οὐ μὴν ἀλλὰ τῶν πραγμάτων ἀναγκαζόντων ποιεῖσθαι πρόνοιαν καὶ βουλὴν ὑπὲρ τοῦ μέλλοντος, ἦν τὸ συνέδριον ἀπορίας καὶ ποικίλων καὶ τεταραγμένων ἐπινοημάτων πλήρες. [10] οἱ μὲν γὰρ ἔφασαν δεῖν πέμπειν ἐπὶ τὸν Ἀννίβαν καὶ καλεῖν ἐκ τῆς Ἰταλίας, ὥς μιᾶς ἔτι καταλειπομένης ἐλπίδος τῆς ἐν ἐκείνῳ τῷ στρατηγῷ καὶ ταῖς μετ' ἐκείνου δυνάμεσιν, [11] οἱ δὲ διαπρεσβεύεσθαι πρὸς τὸν Πόπλιον ὑπὲρ ἀνοχῶν καὶ λαλεῖν ὑπὲρ διαλύσεων καὶ συνθηκῶν, ἕτεροι δὲ θαρρεῖν καὶ συνάγειν τὰς δυνάμεις καὶ διαπέμπεσθαι πρὸς τὸν Σόφακα: [12] καὶ γὰρ πλησίον αὐτὸν εἰς τὴν Ἀββαν ἀποκεχωρηκέναί, συναθροίζειν δὲ τοὺς ἀπὸ τοῦ κινδύνου διαφυγόντας. καὶ δὴ καὶ τέλος αὕτη τῶν γνωμῶν ἐπεκράτησεν.

[1] οὗτοι μὲν οὖν τὰς τε δυνάμεις ἤθροιζον, [13] ἐκπέμψαντες τὸν Ἀσδρούβαν, καὶ διεπέμψαντο πρὸς τὸν Σόφακα, δεόμενοι σφίσι βοηθεῖν καὶ μένειν ἐπὶ τῶν ὑποκειμένων κατὰ τὴν ἐξ ἀρχῆς πρόθεσιν, ὥς αὐτίκα μάλα τοῦ στρατηγοῦ μετὰ τῶν δυνάμεων πρὸς αὐτὸν συνάψοντος: ὁ δὲ τῶν Ῥωμαίων στρατηγὸς ἐγίνετο μὲν καὶ περὶ τὴν τῆς Ἰτύκης πολιορκίαν, τὸ δὲ πλεῖον, ἀκούων ἐπιμένειν τὸν Σόφακα καὶ τοὺς Καρχηδονίους πάλιν ἀθροίζειν στρατιάν, ἐξῆγε τὰς δυνάμεις καὶ παρενέβαλλε πρὸς τῆς Ἰτύκης. ἅμα δὲ καὶ νείμας τῶν λαφύρων * [2] ** τοὺς μὲν *** ἐμπόρους ἐξαπέστειλε * [3] ** λυσιτελῶς: καλῆς γὰρ τῆς ὑπὲρ τῶν ὅλων ἐλπίδος ὑπογραφομένης ἐκ τοῦ γεγονότος εὐτυχήματος, ἐτοίμως τὴν παροῦσαν ὠφέλειαν οἱ στρατιῶται παρ' οὐδὲν ποιούμενοι διετίθεντο τοῖς ἐμπόροις. [4] τῷ δὲ βασιλεῖ τῶν Νομάδων καὶ τοῖς φίλοις τὸ μὲν πρῶτον ἐδόκει κατὰ τὸ συνεχὲς εἰς τὴν οἰκίαν ποιεῖσθαι τὴν ἀναχώρησιν: [5] τῶν δὲ Κελτιβήρων αὐτοῖς ἀπαντησάντων περὶ τὴν Ἀββαν, οἵτινες ἐτύγγανον ὑπὸ τῶν Καρχηδονίων ἐξενολογημένοι, πλείους ὄντες τῶν τετρακισχιλίων, πιστεύοντες ταῖς χερσὶ ταύταις οὕτως ἐπέστησαν καὶ βραχὺ τι ταῖς ψυχαῖς ἐθάρρησαν. [6] σὺν δὲ τούτοις ἅμα καὶ τῆς παιδίσκης, ἣτις ἦν θυγάτηρ μὲν Ἀσδρούβου τοῦ στρατηγοῦ, γυνὴ δὲ τοῦ Σόφακος, καθάπερ ἐπάνω. προεῖπον, δεομένης καὶ λιπαρούσης μεῖναι καὶ μὴ καταλιπεῖν ἐν τοιούτοις καιροῖς τοὺς Καρχηδονίους, ἐπέισθη καὶ προσέσχε τοῖς παρακαλουμένοις ὁ Νομάς. [7] οὐ μικρὰ δὲ καὶ τοὺς Καρχηδονίους ἐλπίζειν παρεσκεύασαν οἱ Κελτίβηρες: ἀντὶ

μὲν γὰρ τῶν τετρακισχιλίων μυρίους αὐτοὺς ἀπήγγελλον εἶναι, κατὰ δὲ τοὺς κινδύνους ἀνυποστάτους ὑπάρχειν καὶ ταῖς ψυχαῖς καὶ τοῖς καθοπλισμοῖς. [8] ἐκ δὲ ταύτης τῆς φήμης καὶ τῆς χυδαίου καὶ πανδήμου λαλιᾶς μετεωρισθέντες οἱ Καρχηδόνιοι διπλασίως ἐπερρώσθησαν πρὸς τὸ πάλιν ἀντιποιήσασθαι τῶν ὑπαίθρων. [9] καὶ τέλος ἐν ἡμέραις τριάκοντα περὶ τὰ Μεγάλα πεδία καλούμενα βαλλόμενοι χάρακα συνεστρατοπέδευον ὁμοῦ τοῖς Νομάσι καὶ τοῖς Κελτίβηρσιν, ὄντες οὐκ ἐλάττους οἱ πάντες τρισμυρίων.

[1] ὧν διασαφηθέντων εἰς τὸ τῶν Ῥωμαίων στρατόπεδον εὐθέως ὁ Πόπλιος ἐγίνετο περὶ τὴν ἔξοδον, καὶ συντάξας τοῖς πολιορκοῦσι τὴν Ἰτύκην ἃ δέον ἦν πράττειν καὶ τοῖς κατὰ θάλατταν ἐξώρμησε, τὸ στράτευμα πᾶν ἔχων εὐζωνον. [2] ἀφικόμενος δὲ πεμπταῖος ἐπὶ τὰ Μεγάλα πεδία καὶ συνεγγίσας τοῖς πολεμίοις, τὴν μὲν πρώτην ἡμέραν ἐπὶ τινος λόφου κατεστρατοπέδευσε, περὶ τριάκοντα σταδίους ἀποσχὼν τῶν πολεμίων, [3] τῇ δ' ἐξῆς καταβάς εἰς τὰ πεδία καὶ προθέμενος τοὺς ἱππέας ἐν ἐπτὰ σταδίοις παρενέβαλε. [4] δύο δὲ τὰς κατὰ πόδας ἡμέρας μείναντες καὶ βραχέα διὰ τῶν ἀκροβολισμῶν καταπειράσαντες ἀλλήλων, τῇ τετάρτῃ κατὰ πρόθεσιν ἐξῆγον ἀμφοτέροι καὶ παρενέβαλλον τὰς δυνάμεις. [5] ὁ μὲν οὖν Πόπλιος ἀπλῶς κατὰ τὸ παρ' αὐτοῖς ἔθος ἔθηκε πρῶτον μὲν τὰς τῶν ἀστάτων σημαίας, ἐπὶ δὲ ταύταις τὰς τῶν πριγκίπων, τελευταίας δ' ἐπέστησε κατόπιν τὰς τῶν τριαρίων· [6] τῶν δ' ἱππέων τοὺς μὲν Ἰταλικοὺς ἐπὶ τὸ δεξιὸν ἔθηκε, τοὺς δὲ Νομάδας καὶ Μασαννάσαν ἐπὶ τὸ λαίον. [7] οἱ δὲ περὶ τὸν Σόφακα καὶ τὸν Ἀσδρούβαν τοὺς μὲν Κελτίβηρας μέσους ἔταξαν ἀντίους ταῖς τῶν Ῥωμαίων σπείραις, τοὺς δὲ Νομάδας ἐξ εὐωνύμου, τοὺς δὲ Καρχηδονίους ἐκ τῶν δεξιῶν. [8] ἅμα δὲ τῷ γενέσθαι τὴν πρώτην ἔφοδον εὐθέως οἱ Νομάδες ἐνέκλιναν τοὺς Ἰταλικοὺς ἱππεῖς, οἳ τε Καρχηδόνιοι τοὺς περὶ τὸν Μασαννάσαν, ἅτε πλεονάκις ἤδη προηττημένοι ταῖς ψυχαῖς. [9] οἱ δὲ Κελτίβηρες ἐμάχοντο γενναίως, συστάντες τοῖς Ῥωμαίοις. οὔτε γὰρ φεύγοντες ἐλπίδα σωτηρίας εἶχον διὰ τὴν ἀπειρίαν τῶν τόπων οὔτε ζωγρία κρατηθέντες διὰ τὴν ἀθεσίαν τὴν εἰς τὸν Πόπλιον· [10] οὐδὲν γὰρ πολέμιον πεπονθότες ὑπ' αὐτοῦ κατὰ τὰς ἐν Ἰβηρίᾳ πράξεις ἀδίκως ἐφαίνοντο καὶ παρασπόνδως ἦκειν κατὰ Ῥωμαίων συμμαχῆσόντες τοῖς Καρχηδονίοις. [11] οὐ μὴν ἀλλ' ἅμα τῷ κλῖναι τοὺς ἀπὸ τῶν κεράτων ταχέως κυκλωθέντες ὑπὸ τῶν πριγκίπων καὶ τριαρίων αὐτοῦ κατεκόπησαν πάντες πληὴν τελέως ὀλίγων. [12] οἱ μὲν οὖν

Κελτίβηρες τοῦτον τὸν τρόπον ἀπώλοντο, μεγάλην [παρ' ὅλην] παρασχόμενοι χρεῖαν τοῖς Καρχηδονίοις οὐ μόνον κατὰ τὴν μάχην, ἀλλὰ καὶ κατὰ τὴν φυγὴν. [13] εἰ μὴ γὰρ τοῦτ' ἐμπόδιον ἐγένετο τοῖς Ῥωμαίοις, ἀλλ' εὐθέως ἐκ ποδὸς ἠκολούθησαν τοῖς φεύγουσι, παντελῶς ἂν ὀλίγοι διέφυγον τῶν ὑπεναντίων. [14] νῦν δὲ περὶ τούτους γενομένης ἐπιστάσεως οἱ τε περὶ τὸν Σόφακα μετὰ τῶν ἱππέων ἀσφαλῶς ἐποιήσαντο τὴν ἀποχώρησιν εἰς τὴν οἰκείαν, οἱ τε περὶ τὸν Ἀσδρούβαν μετὰ τῶν διασφζομένων εἰς τὴν Καρχηδόνα.

[1] ὁ δὲ στρατηγὸς τῶν Ῥωμαίων, ἐπεὶ τὰ σκῦλα καὶ τοὺς αἰχμαλώτους εὐτρεπεῖς ἔθετο, συγκαλέσας τὸ συνέδριον ἐβουλεύετο περὶ τῶν ἐξῆς, τί δέον ἦν ποιεῖν. [2] ἔδοξεν οὖν αὐτοῖς τὸν μὲν στρατηγὸν Πόπλιον καὶ μέρος τι τῆς δυνάμεως μένειν ἐπιπορευόμενον τὰς πόλεις, τὸν δὲ Λαίλιον καὶ τὸν Μασαννάσαν, λαβόντας τοὺς τε Νομάδας καὶ μέρος τῶν Ῥωμαϊκῶν στρατοπέδων, ἔπεσθαι τοῖς περὶ τὸν Σόφακα καὶ μὴ δοῦναι χρόνον εἰς ἐπίστασιν καὶ παρασκευήν. [3] οὗτοι μὲν ταῦτα βουλευσάμενοι διεχωρίσθησαν, οἱ μὲν ἐπὶ τὸν Σόφακα μετὰ τῶν προειρημένων στρατιωτῶν, ὁ δὲ στρατηγὸς ἐπὶ τὰς πόλεις. [4] ὧν αἱ μὲν ἐθελοντὴν προσετίθεντο τοῖς Ῥωμαίοις διὰ τὸν φόβον, ἃς δὲ πολιορκῶν ἐξ ἐφόδου κατὰ κράτος ἦρει. [5] πάντα δ' ἦν οἰκεία μεταβολῆς τὰ κατὰ τὴν χώραν, ἅτε συνεχῶς [τε] ἐκκείμενα ταῖς κακοπαθείαις καὶ ταῖς εἰσφοραῖς διὰ τὸ πολυχρονίους γεγονέναι τοὺς κατὰ τὴν Ἰβηρίαν πολέμους. [6]

[1] ἐν δὲ τῇ Καρχηδόνι μεγάλης καὶ πρότερον ὑπαρχούσης ἀκαταστασίας, ἔτι μεῖζω τότε συνέβαινε γίνεσθαι τὴν ταραχήν, ὥς ἂν ἐκ δευτέρου τηλικαύτη πληγὴ περιπεπωκότων ἤδη καὶ ἀπειπόντων τὰς ἐν αὐτοῖς ἐλπίδας. [7] οὐ μὴν ἀλλ' οἱ μὲν ἀνδρωδέστατοι δοκοῦντες εἶναι τῶν συμβούλων ταῖς μὲν ναυσὶν ἐκέλευον ἤδη πλεῖν ἐπὶ τοὺς τὴν Ἰτύκην πολιορκοῦντας, καὶ τὴν τε πολιορκίαν πειρᾶσθαι λύειν καὶ ναυμαχεῖν τοῖς ὑπεναντίοις, ἀπαρασκευοῖς οὖσι πρὸς τοῦτο τὸ μέρος. [8] ἐπὶ τε τὸν Ἀννίβαν πέμπειν ἠξίουσαν καὶ μηδεμίαν ὑπερβολὴν ποιησαμένους ἐξελέγχειν καὶ ταύτην τὴν ἐλπίδα: μεγάλας γὰρ ἀμφοτέραις εἶναι ταῖς ἐπιβολαῖς ἐκ τῶν κατὰ λόγον ἀφορμὰς πρὸς σωτηρίαν. [9] τινὲς δὲ ταύτας μὲν ἔφασαν μηκέτι φέρειν τοὺς καιροὺς, τὴν δὲ πόλιν ὀχυροῦν καὶ παρασκευάζεσθαι πρὸς πολιορκίαν: πολλὰς γὰρ δώσειν ἀφορμὰς ταυτόματον, ἂν ὁμονοῶσιν. [10] ἅμα δὲ βουλεύεσθαι περὶ διαλύσεως καὶ συνθηκῶν παρήγουν, ἐπὶ τίσι καὶ πῶς ἂν λύσιν ποιήσαιτο τῶν ἐνεστώτων

κακῶν. [11] γενομένων δὲ καὶ πλειόνων λόγων περὶ ταῦτα, πάσας ἐκύρωσαν ἅμα τὰς γνώμας. κριθέντων δὲ τούτων οἱ μὲν εἰς τὴν Ἰταλίαν μέλλοντες πλεῖν εὐθέως ἐκ τοῦ βουλευτηρίου προῆγον ἐπὶ θάλατταν, ὁ δὲ ναύαρχος ἐπὶ τὰς ναῦς: οἱ δὲ λοιποὶ περὶ τῆς κατὰ τὴν πόλιν ἀσφαλείας προενοοῦντο καὶ περὶ τῶν κατὰ μέρος ἐβουλεύοντο συνεχῶς. καὶ [ὁ] Πόπλιος, [2] καταγέμοντος ἤδη τοῦ στρατοπέδου τῆς λείας διὰ τὸ μηδέν' ἀντιπράττειν, ἀλλὰ πάντας εἴκειν ταῖς ἐπιβολαῖς, ἔκρινε τὸ μὲν τῶν λαφύρων πλεῖον εἰς τὴν ἐξ ἀρχῆς παραπέμψαι παρεμβολήν, [3] αὐτὸς δὲ τὴν στρατείαν ἀναλαβὼν εὗζωνον καταλαβέσθαι τὸν ἐπὶ Τύνητι χάρακα καὶ στρατοπεδεῦσαι τοῖς Καρχηδονίοις ἐν συνόψει: μάλιστα γὰρ οὕτως ἐκφοβήσειν ὑπελάμβανε καὶ καταπλήξειν αὐτούς. [4] οἱ μὲν οὖν Καρχηδόνιοι μετ' ὀλίγας ἡμέρας τά τε πληρώματα καὶ τὰς σιταρχίας ἐτοίμας ἔχοντες ἐν ταῖς ναυσὶν ἐγίνοντο πρὸς ἀναγωγῇ καὶ τοῖς προκειμένοις: ὁ δὲ Πόπλιος ἦκε πρὸς τὸν Τύνητα, καὶ φυγόντων τὴν ἔφοδον αὐτοῦ τῶν παραφυλαττόντων κατέλαβε τὸν τόπον. [5] ὁ δὲ Τύνης ἀπέχει μὲν τῆς Καρχηδόνας ὥς ἑκατὸν εἴκοσι σταδίους, ἔστι δὲ σύνοπτος σχεδὸν ἐξ ὅλης τῆς πόλεως, διαφέρει δ' ὀχυρότητι καὶ φυσικῇ καὶ χειροποιήτῳ, καθάπερ καὶ πρότερον ἡμῖν εἴρηται. [6] τῶν δὲ Ῥωμαίων ἄρτι κατεστρατοπεδευκότων ἀνῆγοντο ταῖς ναυσὶν οἱ Καρχηδόνιοι, ποιούμενοι τὸν πλοῦν εἰς τὴν Ἰτύκην. [7] ὁ δὲ Πόπλιος ὁρῶν τὸν ἀνάπλου τῶν ὑπεναντίων, καὶ δεδιὼς μὴ τι περὶ τὸ σφέτερον αὐτῶν ναυτικὸν συμβῇ, διεταιράττετο πάντων ἀνυπονοήτως διακειμένων καὶ ἀπαρασκευῶς πρὸς τὸ μέλλον. [8] αὐτῆς δ' ἐκ μεταβολῆς ἀναστρατοπεδεύσας ἠπείγετο βοηθήσων τοῖς ἰδίους πράγμασι. [9] καταλαβὼν δὲ τὰς καταφράκτους ναῦς πρὸς μὲν τὰς ἐξαιρέσεις καὶ προσαγωγὰς τῶν ὀργάνων καὶ καθόλου πρὸς πολιορκίαν εὖ καὶ δεόντως ἐξηρτυμένας, πρὸς δὲ ναυμαχίαν ἥκιστα παρεσκευασμένας, τὸν δὲ τῶν ὑπεναντίων στόλον ἐξ ὅλου τοῦ χειμῶνος πρὸς αὐτὸ τοῦτο κατηρτισμένον, [10] τὸ μὲν ἀντανάγесθαι καὶ ναυμαχεῖν ἀπογνοῦς, συνορμίσας δὲ τὰς καταφράκτους νῆας περιέστησε ταύταις τὰς φορτηγοὺς ἐπὶ τρεῖς καὶ τέτταρας τὸ βάθος, [11] κᾶπειτα καθελόμενος τοὺς ἰστοὺς καὶ τὰς κεραίας ἔξευξε τούτοις βιαίως πρὸς ἀλλήλας, [12] βραχὺ διάστημα ποιῶν, ὥσθ' ὑπηρετικοῖς ἐκπλεῖν δύνασθαι καὶ διαπλεῖν.

BOOK 15

[1] I. Res Italiae Et Africae ὅτι τῶν Καρχηδονίων λαβόντων αἰχμαλώτους τὰς φορτηγούς νῆας τῶν Ῥωμαίων καὶ χορηγίας πλῆθος ἐξάσιον ὁ Πόπλιος βαρέως μὲν ἔφερεν ἐπὶ τῷ μὴ μόνον σφίσι παρηρῆσθαι τὴν χορηγίαν, ἀλλὰ καὶ τοῖς ἐχθροῖς παρεσκευάσθαι δαψίλειαν τῶν ἀναγκαίων, [2] ἔτι δὲ βαρύτερον ἐπὶ τῷ παραβεβηκέναι τοὺς ὅρκους καὶ τὰς συνθήκας τοὺς Καρχηδονίους καὶ πάλιν ἐξ ἄλλης ἀρχῆς ἐγείρεσθαι τὸν πόλεμον. [3] διὸ καὶ παραυτίκα προχειρισάμενος πρεσβευτὰς Λεύκιον Σέργιον καὶ Λεύκιον Βαίβιον καὶ Λεύκιον Φάβιον ἐξαπέστειλε διαλεξομένους τοῖς Καρχηδονίοις ὑπὲρ τῶν γεγονότων, ἅμα δὲ καὶ δηλώσοντας ὅτι κεκύρωκε τὰς συνθήκας ὁ δῆμος τῶν Ῥωμαίων: [4] ἄρτι γὰρ ἦκε τῷ Ποπλίῳ γράμματα διασαφούντα περὶ τῶν προειρημένων. [5] οἱ δὲ παραγεννηθέντες εἰς τὴν Καρχηδόνα τὸ μὲν πρῶτον εἰς τὴν σύγκλητον, μετὰ δὲ ταῦτα πάλιν ἐπὶ τοὺς πολλοὺς παραχθέντες, ἔλεγον ὑπὲρ τῶν ἐνεστώτων μετὰ παρρησίας, [6] πρῶτον μὲν ἀναμιμνήσκοντες ὡς οἱ παρ' ἐκείνων πρεσβευταί, παραγεννηθέντες εἰς Τύνητα πρὸς σφᾶς καὶ παρελθόντες εἰς τὸ συνέδριον, οὐ μόνον τοὺς θεοὺς ἀσπάζαιτο καὶ τὴν γῆν προσκυνήσαιεν, καθάπερ ἔστιν ἔθος τοῖς ἄλλοις ἀνθρώποις, [7] ἀλλὰ καὶ πεσόντες ἐπὶ τὴν γῆν ἀγεννῶς τοὺς πόδας καταφιλοῖεν τῶν ἐν τῷ συνεδρίῳ, μετὰ δὲ ταῦτα πάλιν ἀναστάντες [ὡς] κατηγορήσαιεν σφῶν αὐτῶν, διότι καὶ τὰς ἐξ ἀρχῆς γενομένας συνθήκας Ῥωμαίοις καὶ Καρχηδονίοις ἀθετήσαιεν αὐτοί. [8] διόπερ ἔφασαν οὐκ ἀγνοεῖν ὅτι πᾶν εἰκότως ἂν πάθοιεν ὑπὸ Ῥωμαίων, ἀλλὰ τῆς τύχης ἔνεκα τῶν ἀνθρώπων ἐδέοντο μηδὲν παθεῖν ἀνήκεστον: ἔσσεσθαι γὰρ τὴν σφετέραν ἀβουλίαν ἀπόδειξιν τῆς Ῥωμαίων καλοκάγαθίας. [9] ὧν μνημονεύοντα τὸν στρατηγὸν ἔφασαν [τὸν] αὐτὸν οἱ πρέσβεις καὶ τοὺς ἐν τῷ συνεδρίῳ τότε γεγονότας ἐκπλήττεσθαι, τίνι ποτὲ πιστεύοντες ἐπελανθάνοντο μὲν τῶν τότε ῥηθέντων, ἀθετεῖν δὲ τολμῶσι τοὺς ὅρκους καὶ τὰς συνθήκας. [10] σχεδὸν δὲ τοῦτ' εἶναι δῆλον ὡς Ἀννίβᾳ πεποιοῦντες καὶ ταῖς μετὰ τούτου παρούσαις δυνάμεσι ταῦτα τολμῶσι ποιεῖν, κακῶς φρονούντες: [11] σαφῶς γὰρ εἰδέναι πάντας ὅτι ἐκείνοι δεύτερον ἔτος ἤδη φεύγοντες ἐκ πάσης Ἰταλίας εἰς τοὺς περὶ Λακίνιον τόπους, κάκεῖ συγκεκλεισμένοι καὶ μόνον οὐ πολιορκούμενοι, μόλις ἑαυτοὺς

έκσεσωκότες ἤκουσι νῦν. [12] “οὐ μὴν ἄλλ’ εἰ καὶ νενικηκότες τοὺς ἐκεῖ παρῆσαν, καὶ πρὸς ἡμᾶς ἔμελλον διακινδυνεύειν τοὺς δυσὶ μάχαις ἐξῆς ὑμᾶς ἤδη νενικηκότας, ὅμως ἀμφιδόξους ἔχειν ἔδει τὰς ἐλπίδας ὑπὲρ τοῦ μέλλοντος, καὶ μὴ μόνον τοῦ νικᾶν ἔννοιαν λαμβάνειν, ἀλλὰ καὶ τοῦ σφαλῆναι πάλιν. οὗ συμβάντος ποίους ἐπικαλέσεσθε” [13] ἔφη “θεοῦς; ποίοις δὲ χρώμενοι λόγοις τὸν ἐκ τῶν κρατούντων ἔλεον ἐπισπάσεσθε πρὸς τὰς ἑαυτῶν συμφοράς; [14] πάσης εἰκὸς ὑμᾶς ἐλπίδος ἀποκλεισθήσεσθαι καὶ παρὰ θεῶν καὶ παρ’ ἀνθρώπων διὰ τὴν ἀθεσίαν καὶ τὴν ἀβουλίαν.”

[1] οἱ μὲν οὖν πρέσβεις τοιαῦτα διαλεχθέντες ἀνεχώρησαν· [2] τῶν δὲ Καρχηδονίων ὀλίγοι μὲν ἦσαν οἱ συναινοῦντες μὴ παραβαίνειν τὰς ὁμολογίας, οἱ δὲ πλείους καὶ τῶν πολιτευομένων καὶ τῶν βουλευομένων βαρέως μὲν ἔφερον τὰς ἐν ταῖς συνθήκαις ἐπιταγὰς, δυσχερῶς δ’ ἀνείχοντο τὴν τῶν πρεσβευτῶν παρρησίαν, πρὸς δὲ τούτοις οὐχ οἴοι τ’ ἦσαν προέσθαι τὰ κατηγμένα πλοῖα καὶ τὰς ἐκ τούτων χορηγίας. [3] τὸ δὲ συνέχον, οὐ μικρὰς ἀλλὰ μεγάλας εἶχον ἐλπίδας νικήσειν διὰ τῶν περὶ τὸν Ἀννίβαν. [4] τοῖς μὲν οὖν πολλοῖς ἔδοξε τοὺς πρέσβεις ἀναποκρίτους ἐξαποστέλλειν· τῶν δὲ πολιτευομένων οἷς ἦν προκείμενον ἐκ παντὸς τρόπου συγχέαι πάλιν τὸν πόλεμον, οὗτοι συνεδρεύσαντες μηχανῶνται τι τοιοῦτον. [5] ἔφασαν δεῖν πρόνοιαν ποιήσασθαι τῶν πρεσβευτῶν, ἵνα μετ’ ἀσφαλείας ἀνακομισθῶσιν εἰς τὴν ἰδίαν παρεμβολήν. [6] καὶ παραντίκα τούτοις μὲν ἡτοιμάζον δύο τριήρεις παραπόμπους, πρὸς δὲ τὸν ναύαρχον Ἀσδρούβαν διεπέμψαντο παρακαλοῦντες ἐτοιμάσαι πλοῖα μὴ μακρὰν τῆς τῶν Ῥωμαίων παρεμβολῆς, ἵν’ ἐπειδὰν αἱ παραπέμπουσαι νῆες ἀπολίπωσι τοὺς Ῥωμαίους, ἐπαναχθέντα ταῦτα καταποντίσῃ τοὺς πρεσβευτάς. [7] ἐφώρμει γὰρ αὐτοῖς τὸ ναυτικὸν κατὰ τοὺς πρὸ τῆς Ἰτύκης ἐγκειμένους τόπους. [8] οὗτοι μὲν οὖν ταῦτα διαταξάμενοι πρὸς τὸν Ἀσδρούβαν ἐξέπεμπον τοὺς Ῥωμαίους, ἐντειλάμενοι τοῖς ἐπὶ τῶν τριήρων, [ὥς] ἐὰν παραλλάξωσι τὸν Μακάραν ποταμόν, αὐθις ἀπολιπόντας ἀποπλεῖν ἐν τῷ πόρῳ τοὺς πρεσβευτάς· [9] καὶ γὰρ ἦν ἐκ τούτων τῶν τόπων συνορᾶν ἤδη τὴν τῶν ὑπεναντίων παρεμβολήν· [10] οἱ δὲ παραπέμποντες, ἐπεὶ κατὰ τὸ συνταχθὲν παρήλλαξαν τὸν ποταμόν, ἀσπασάμενοι τοὺς Ῥωμαίους αὐθις ἐπανεπλεον. [11] οἱ δὲ περὶ τὸν Λεύκιον ἄλλο μὲν οὐδὲν ὑφεωρῶντο δεινόν, νομίσαντες δὲ τοὺς παραπέμποντας δι’ ὀλιγορίαν αὐτοὺς προαπολιπεῖν ἐπὶ ποσὸν ἐδυσχέραινον. [12] ἅμα δὲ τῷ

μονωθέντας αὐτοὺς πλεῖν ἐπανάγονται τρισὶ τριήρεσιν ἐξ ὑποβολῆς οἱ Καρχηδόνιοι, καὶ παραβαλόντες τῇ Ῥωμαϊκῇ πενήτει τρῶσαι μὲν οὐχ οἱοί τ' ἦσαν, ὑποχωρούσης τῆς νεώς, οὐδὲ τοῦ καταστρώματος ἐπιβῆναι διὰ τὸ γενναίως ἀμύνεσθαι τοὺς ἄνδρας· [13] ἐκ παραβολῆς δὲ καὶ πέριξ προσμαχόμενοι κατετίτρωσκον τοὺς ἐπιβάτας καὶ διέφθειρον πολλοὺς αὐτῶν, [14] ἕως οὗ κατιδόντες οἱ Ῥωμαῖοι τοὺς προνομεύοντας τὴν παραλίαν ἀπὸ τῆς ἰδίας στρατοπεδείας παραβοηθοῦντας ἐπὶ τὸν αἰγιαλὸν ἐξέβαλον τὴν ναῦν εἰς τὴν γῆν. [15] τῶν μὲν οὖν ἐπιβατῶν οἱ πλεῖστοι διεφθάρησαν, οἱ δὲ πρεσβευταὶ παραδόξως ἐξεσώθησαν.

[1] γενομένων δὲ τούτων αὖθις ὁ πόλεμος ἄλλην ἀρχὴν εἰλήφει βαρυτέραν τῆς πρόσθεν καὶ δυσμενικωτέραν. [2] οἱ τε γὰρ Ῥωμαῖοι δοκοῦντες παρεσπονδῆσθαι φιλοτίμως διέκειντο πρὸς τὸ περιγενέσθαι τῶν Καρχηδονίων, οἱ τε Καρχηδόνιοι συνειδότες σφίσι τὰ πεπραγμένα πρὸς πᾶν ἐτοιμῶς εἶχον πρὸς τὸ μὴ τοῖς ἐχθροῖς ὑποχείριοι γενηθῆναι. [3] τοιαύτης δὲ τῆς ἐξ ἀμφοῖν παραστάσεως ὑπαρχούσης προφανὲς ἦν ὅτι δεήσει μάχῃ κρίνεσθαι περὶ τῶν ἐνεστώτων. [4] ἐξ οὗ συνέβαινε μὴ μόνον τοὺς κατὰ τὴν Ἰταλίαν καὶ Λιβύην πάντας, ἀλλὰ καὶ τοὺς κατὰ τὴν Ἰβηρίαν καὶ Σικελίαν καὶ Σαρδόνα μετεώρους εἶναι καὶ περισπᾶσθαι ταῖς διανοαῖς, караδοκοῦντας τὸ συμβησόμενον. [5] κατὰ δὲ τὸν καιρὸν τοῦτον Ἀννίβας, ἐλλείπων τοῖς ἱππικοῖς, διέπεμπε πρὸς τινα Νομάδα Τυχαῖον, ὃς ἦν μὲν οἰκεῖος Σόφακος, ἱππεῖς δὲ μαχιμωτάτους ἔχειν ἐδόκει τῶν κατὰ τὴν Λιβύην, [6] παρακαλῶν αὐτὸν βοηθεῖν καὶ συνεπιλαμβάνεσθαι τοῦ καιροῦ, σαφῶς γινώσκοντα διότι Καρχηδονίων κρατησάντων δύναται διαφυλάττειν τὴν ἀρχήν, Ῥωμαίων δ' ἐκνικησάντων καὶ τῷ βίῳ κινδυνεύσει διὰ τὴν Μασσανάσου φιλαρχίαν. [7] οὗτος οὖν πεισθεὶς τοῖς παρακαλουμένοις ἦκε μετὰ δισχιλίων ἱππέων πρὸς τὸν Ἀννίβαν.

[1] Πόπλιος δὲ τὰ περὶ τὴν ναυτικὴν δύναμιν ἀσφαλισάμενος καὶ καταλιπὼν Βαίβιον ἀντιστράτηγον, αὐτὸς μὲν ἐπεπορεύετο τὰς πόλεις, [2] οὐκέτι παραλαμβάνων εἰς τὴν πίστιν τοὺς ἐθελοντὴν σφᾶς αὐτοὺς ἐγχειρίζοντας, ἀλλὰ μετὰ βίας ἀνδραποδιζόμενος καὶ φανεράν ποιῶν τὴν ὀργήν, ἣν εἶχε πρὸς τοὺς πολεμίους διὰ τὴν Καρχηδονίων παρασπόνδησιν· [3] πρὸς δὲ Μασσανάσαν διέπεμπετο συνεχῶς, ἀποδηλῶν αὐτῷ τίνα τρόπον παραβεβηκότες εἶεν οἱ Φοίνικες τὰς σπονδάς, καὶ παρακαλῶν ἀθροίζειν δύναμιν ὥς

πλείστην καὶ συνάπτειν αὐτῷ κατὰ σπουδὴν. [4] ὁ γὰρ Μασσανάσας ἅμα τῷ γενέσθαι τὰς συνθήκας, καθάπερ εἴρηται πρότερον, εὐθέως ἀφώρμησε μετὰ τῆς ἰδίας δυνάμεως, προσλαβὼν δέκα σημαίας Ῥωμαϊκὰς ἱππέων καὶ πεζῶν καὶ πρεσβευτὰς παρὰ τοῦ στρατηγοῦ, χάριν τοῦ μὴ μόνον τὴν πατρίαν ἀρχὴν ἀπολαβεῖν, ἀλλὰ καὶ τὴν τοῦ Σόφακος προσκατακτήσασθαι διὰ τῆς Ῥωμαίων ἐπικουρίας· ὁ καὶ συνέβη γενέσθαι. [5]

[1] συνέτυχε δὲ καὶ τοὺς ἐκ Ῥώμης πρεσβευτὰς περὶ τοὺς αὐτοὺς καιροὺς εἰς τὸν ναυτικὸν χάρακα τὸν τῶν Ῥωμαίων καταπλεῦσαι. [6] τοὺς μὲν οὖν παρ' αὐτῶν ὁ Βαίβιος παραχρῆμα πρὸς τὸν Πόπλιον ἐξέπεμψε, τοὺς δὲ τῶν Καρχηδονίων παρακατεῖχε, τὰ τε λοιπὰ δυσθύμως διακειμένους καὶ νομίζοντας ἐν τοῖς μεγίστοις εἶναι κινδύνους· [7] πυθόμενοι γὰρ τὴν γεγενημένην ἐκ τῶν Καρχηδονίων ἀσέβειαν πρὸς τοὺς τῶν Ῥωμαίων πρέσβεις, πρόδηλον ἐδόκουν εἶναι σφίσι τὴν ἐκ τούτων τιμωρίαν. [8] ὁ δὲ Πόπλιος, διακούσας τῶν παραγεγονότων ὅτι προθύμως ἢ τε σύγκλητος ὃ τε δῆμος ἀποδέξαιντο τὰς γενομένας δι' αὐτοῦ συνθήκας πρὸς τοὺς Καρχηδονίους καὶ διότι πρὸς πᾶν τὸ παρακαλούμενον ἐτοίμως ἔχοιεν, ἐπὶ μὲν τούτοις ἔχαιρε μεγάλως, [9] τοὺς δὲ τῶν Καρχηδονίων προσέταξε τῷ Βαίβιῳ μετὰ πάσης φιλανθρωπίας ἀποπέμπειν εἰς τὴν οἰκίαν, πάνυ καλῶς βουλευσάμενος, ὥς γ' ἐμοὶ δοκεῖ, καὶ φρονίμως. [10] θεωρῶν γὰρ τὴν σφετέραν πατρίδα περὶ πλείστου ποιουμένην τὴν περὶ τοὺς πρεσβευτὰς πίστιν, ἐσκοπεῖτο παρ' αὐτῷ συλλογίζόμενος οὐχ οὕτως τί δέον παθεῖν Καρχηδονίους, ὥς τί δέον ἦν πρᾶξαι Ῥωμαίους. [11] διὸ παρακατασχὼν τὸν ἴδιον θυμὸν καὶ τὴν ἐπὶ τοῖς γεγονόσι πικρίαν, ἐπειράθη διαφυλάξαι, κατὰ τὴν παροιμίαν “πατέρων εὖ κείμενα ἔργα.” [12] τοιγαροῦν καὶ τοὺς ἐν τῇ Καρχηδόνι πάντας ἤττησε ταῖς ψυχαῖς καὶ τὸν Ἀννίβαν αὐτόν, ὑπερθέμενος τῇ καλοκάγαθίᾳ τὴν ἐκείνων ἄνοιαν. οἱ δὲ Καρχηδόνιοι θεωροῦντες τὰς πόλεις ἐκπορθουμένας, ἔπεμπον πρὸς τὸν Ἀννίβαν, δεόμενοι μὴ μέλλειν, ἀλλὰ προσπελάζειν τοῖς πολεμίοις καὶ κρίνειν τὰ πράγματα διὰ μάχης. [2] ὁ δὲ διακούσας τοῖς μὲν παροῦσιν ἀπεκρίθη τᾶλλα σκοπεῖν, περὶ δὲ τούτου ῥαθυμεῖν· διαλήψεσθαι γὰρ τὸν καιρὸν αὐτός. [3] μετὰ δέ τινας ἡμέρας ἀναζεύξας ἐκ τῶν παρὰ τὸν Ἀδρύμητα τόπων προῆλθε καὶ κατεστρατοπέδευσε περὶ Ζάμαν· αὕτη δ' ἐστὶ πόλις ἀπέχουσα Καρχηδόνας ὥς πρὸς τὰς δύο μίλλια ὁδὸν ἡμερῶν πέντε. κάκεῖθεν ἐξέπεμψε τρεῖς κατασκόπους, [4] βουλόμενος

ἐπιγνῶναι ποῦ στρατοπεδεύουσι καὶ πῶς χειρίζει τὰ κατὰ τὰς παρεμβολὰς ὁ τῶν Ῥωμαίων στρατηγός. Πόπλιος δ', [5] ἐπαναχθέντων ὡς αὐτὸν τῶν κατασκόπων, τοσοῦτον ἀπέσχε τοῦ κολάζειν τοὺς ἐαλωκότας, καθάπερ ἔθος ἐστὶ τοῖς ἄλλοις, ὡς τὸυναντίον συστήσας αὐτοῖς χιλίαρχον ἐπέταξε πάντα καθαρῶς ὑποδείξαι τὰ κατὰ τὴν παρεμβολήν. [6] γενομένου δὲ τούτου προσεπύθετο τῶν ἀνθρώπων εἰ πάντα φιλοτίμως αὐτοῖς ὑποδέδειχεν ὁ συσταθεὶς· τῶν δὲ φησάντων, [7] δοὺς ἐφόδια καὶ παραπομπὴν ἐξαπέστειλε προστάξας ἐπιμελῶς Ἀννίβα διασαφεῖν περὶ τῶν ἀπηντημένων αὐτοῖς. [8] ὧν παραγεννηθέντων θαυμάσας ὁ Ἀννίβας τὴν μεγαλοψυχίαν καὶ τόλμαν τάνδρὸς οὐκ οἶδ' ὅπως εἰς ὀρμὴν ἔπεσε τοῦ βούλεσθαι συνελθεῖν εἰς λόγους τῷ Ποπλίῳ. [9] κρίνας δὲ τοῦτο διεπέμψατο κήρυκα, φάσκων βούλεσθαι κοινολογηθῆναι πρὸς αὐτὸν ὑπὲρ τῶν ὅλων. [10] ὁ δὲ Πόπλιος ἀκούσας ταῦτα τοῦ κήρυκος συγκατετίθετο τοῖς παρακαλουμένοις, ἔφη δὲ ἐμπνεῖν πρὸς αὐτὸν διασαφῶν, ἐπειδὰν μέλλῃ συμπορεύεσθαι, τὸν τόπον καὶ τὸν καιρόν. [11] ταῦτα μὲν οὖν ἀκούσας ὁ κῆρυξ ἐπανῆλθε πάλιν εἰς τὴν ἰδίαν παρεμβολήν· [12] τῇ δ' ἐπαύριον ἦκε Μασαννάσας, ἔχων πεζοὺς μὲν εἰς ἐξακισχιλίους, ἵππεῖς δὲ περὶ τετρακισχιλίους. [13] ὃν ἀποδεξάμενος ὁ Πόπλιος φιλανθρώπως καὶ συγχαρεῖς ἐπὶ τῷ πάντας ὑπηκόους πεποιῆσθαι τοὺς πρότερον Σόφακι πειθομένους, [14] ἀνέζευξε, καὶ παραγενθεὶς πρὸς πόλιν Ναράγαρα κατεστρατοπέδευσε, πρὸς τε τᾶλλα τόπον εὐφυῇ καταλαβόμενος καὶ τὴν

[1] ὕδρεϊαν ἐντὸς βέλους ποιησάμενος. κάντεϋθεν ἐξέπεμψε πρὸς τὸν τῶν Καρχηδονίων στρατηγόν, φάσκων ἔτοιμος εἶναι συμπορεύεσθαι πρὸς αὐτὸν εἰς λόγους. [6] πλὴν ὁ μὲν Πόπλιος ἔθηκε τὰς τάξεις τῶν ἰδίων δυνάμεων τὸν τρόπον τοῦτον. [7] πρῶτον μὲν τοὺς ἀστάτους καὶ τὰς τούτων σημαίας ἐν διαστήμασιν, ἐπὶ δὲ τούτοις τοὺς πρίγκιπας, τιθεὶς τὰς σπείρας οὐ κατὰ τὸ τῶν πρώτων σημαιῶν διάστημα, καθάπερ ἔθος ἐστὶ τοῖς Ῥωμαίοις, ἀλλὰ καταλλήλους ἐν ἀποστάσει διὰ τὸ πλῆθος τῶν παρὰ τοῖς ἐναντίοις ἐλεφάντων: τελευταίους δ' ἐπέστησε τοὺς τριαρίους. [8] ἐπὶ δὲ τῶν κεράτων ἔταξε κατὰ μὲν τὸ λαὸν Γάιον Λαίλιον, ἔχοντα τοὺς Ἰταλικοὺς ἱππέας, κατὰ δὲ τὸ δεξιὸν μέρος Μασσανάσαν μετὰ πάντων τῶν ὑφ' ἑαυτὸν ταττομένων Νομάδων. [9] τὰ δὲ διαστήματα τῶν πρώτων σημαιῶν ἀνεπλήρωσε ταῖς τῶν γροσφομάχων σπείραις, παραγγείλας τούτοις προκινδυνεύειν, [10] ἐὰν δ' ἐκβιάζωνται κατὰ τὴν τῶν θηρίων ἔφοδον, ἀποχωρεῖν, τοὺς μὲν καταταχοῦντας διὰ τῶν ἐπ' εὐθείας διαστημάτων εἰς τοῦπίσω τῆς ὅλης δυνάμεως, τοὺς δὲ περικαταλαμβανομένους εἰς τὰ πλάγια παρίστασθαι διαστήματα κατὰ τὰς σημαίας.

[2] τούτων δὲ κατόπιν παρενέβαλε τοὺς ἐγχωρίους Λίβυας καὶ Καρχηδονίους, ἐπὶ δὲ πᾶσι τοὺς ἐξ Ἰταλίας ἦκοντας μεθ' αὐτοῦ, πλεῖον ἢ στάδιον ἀποστήσας τῶν προτεταγμένων. [3] τὰ δὲ κέρατα διὰ τῶν ἱππέων ἡσφαλίσατο, θείς ἐπὶ μὲν τὸ λαιὸν τοὺς συμμάχους Νομάδας, ἐπὶ δὲ τὸ δεξιὸν τοὺς τῶν Καρχηδονίων ἱππεῖς. [4] παρήγγειλε δὲ τοὺς ἰδίους στρατιώτας ἕκαστον παρακαλεῖν, ἀναφέροντας τὴν ἐλπίδα τῆς νίκης ἐφ' ἑαυτὸν καὶ τὰς μεθ' αὐτοῦ παραγεγεννημένας δυνάμεις: [5] τοῖς δὲ Καρχηδονίοις ἐκέλευσε τοὺς ἡγουμένους τὰ συμβησόμενα περὶ τέκνων καὶ γυναικῶν ἐξαριθμεῖσθαι καὶ τιθέναι πρὸ ὀφθαλμῶν, ἔαν ἄλλως πῶς ἐκβῇ τὰ τῆς μάχης. οὗτοι μὲν οὖν οὕτως ἐποιοῦν τὸ παραγγελθέν. [6] Ἀννίβας δὲ τοὺς μεθ' αὐτοῦ παραγεγονότας ἐπιπορευόμενος ἡξίου καὶ παρεκάλει διὰ πλείονων μνησθῆναι μὲν τῆς πρὸς ἀλλήλους ἑπτακαιδεκαέτους συνηθείας, μνησθῆναι δὲ τοῦ πλήθους τῶν προγεγονότων αὐτοῖς πρὸς Ῥωμαίους ἀγώνων: [7] ἐν οἷς ἀηττήτους γεγονότας οὐδ' ἐλπίδα τοῦ νικᾶν οὐδέποτε” ἔφη Ῥωμαίοις αὐτοὺς ἀπολελοιπέναι. [8] τὸ δὲ μέγιστον, ἡξίου λαμβάνειν πρὸ ὀφθαλμῶν χωρὶς τῶν κατὰ μέρος κινδύνων καὶ τῶν ἀναριθμῶν προτερημάτων τὴν τε περὶ τὸν Τρεβίαν ποταμὸν μάχην πρὸς τὸν πατέρα τοῦ νῦν ἡγουμένου Ῥωμαίων, ὁμοίως τὴν ἐν Τυρρηνίᾳ πρὸς

Φλαμίνιον μάχην, ἔτι δὲ τὴν περὶ Κάννας γενομένην πρὸς Αἰμίλιον, [9] ἃς οὔτε κατὰ πλῆθος τῶν ἀνδρῶν οὔτε κατὰ τὰς ἀρετὰς ἀξίας εἶναι συγκρίσεως πρὸς τὸν νῦν ἐπιφερόμενον κίνδυνον. [10] καὶ ταῦτα λέγων ἀναβλέπειν αὐτοὺς ἐκέλευε καὶ τὴν τῶν ὑπεναντίων κατοπτεύειν τάξιν· οὐ γὰρ οἷον ἐλάττους, ἀλλ' οὐδὲ πολλοστὸν μέρος εἶναι τῶν τότε πρὸς αὐτοὺς ἀγωνισαμένων, ταῖς γε μὴν ἀρεταῖς οὐδὲ σύγκρισιν ἔχειν. [11] ἐκείνους μὲν γὰρ ἀηττήτους ὄντας ἐξ ἀκεραίου διηγωνίσθαι πρὸς σφᾶς, τούτων δὲ τοὺς μὲν ἐκγόνους εἶναι, τοὺς δὲ λείψανα τῶν ἡττημένων ἐν Ἰταλία καὶ πεφευγόντων αὐτὸν πλεονάκις. [12] διόπερ [ῥέτο] δεῖν μὴ καταλῦσαι μήτε τὴν σφῶν αὐτῶν μήτε τὴν τοῦ προεστῶτος δόξαν καὶ προσηγορίαν, ἀλλ' ἀγωνισαμένους εὐψύχως βεβαιῶσαι τὴν διαδεδομένην περὶ αὐτῶν φήμην, ὥς ὄντων ἀηττήτων. [13]

[1] ταῦτα μὲν οὖν καὶ τοιαῦτα παρεκάλεσαν ἀμφότεροι. ἐπειδὴ δ' ἑκατέροις ἦν εὐτρεπὴ τὰ πρὸς τὸν κίνδυνον, πάλαι τῶν Νομαδικῶν ἱππέων πρὸς ἀλλήλους ἀκροβολιζομένων, τότε παρήγγειλε τοῖς ἐπὶ τῶν ἐλεφάντων Ἀννίβας ποιῆσθαι τὴν ἔφοδον ἐπὶ τοὺς ὑπεναντίους. [2] ἅμα δὲ τῷ πανταχόθεν τὰς σάλπιγγας καὶ τὰς βυκάνας ἀναβοῆσαι τινὰ μὲν διαταραχθέντα τῶν θηρίων ἐξ αὐτῆς ὥρμησε παλίσσυστα κατὰ τῶν βεβοηθηκότων τοῖς Καρχηδονίοις Νομάδων· *** τῶν περὶ τὸν Μασαννάσαν ταχέως ἐπιλώθη τὸ λαιὸν κέρας τῶν Καρχηδονίων. [3] τὰ δὲ λοιπὰ συμπεσόντα τοῖς τῶν Ῥωμαίων γροσφομάχοις ἐν τῷ μεταξὺ χωρίῳ τῶν παρατάξεων πολλὰ μὲν ἔπασχε κακά, πολλὰ δ' ἐποίει τοὺς ὑπεναντίους, [4] ἕως ὅτου πεφοβημένα τὰ μὲν διὰ τῶν διαστημάτων ἐξέπεσε, δεξαμένων αὐτὰ τῶν Ῥωμαίων ἀσφαλῶς κατὰ τὴν τοῦ στρατηγοῦ πρόνοιαν, τὰ δ' ἐπὶ τὸ δεξιὸν μέρος παραφυγόντα διὰ τῶν ἱππέων συνακοντιζόμενα τέλος εἰς τὸν ἔξω τόπον τῶν στρατοπέδων ἐξέπεσεν, [5] ὅτε δὴ καὶ Λαίλιος ἅμα τῇ περὶ τοὺς ἐλέφαντας ταραχῇ συμβαλὼν ἠνάγκασε φυγεῖν τοὺς τῶν Καρχηδονίων ἱππεῖς προτροπάδην. [6] οὗτος μὲν οὖν ἐπέκειτο τοῖς φεύγουσιν ἐκθύμως· τὸ δ' ὅμοιον ἐποίει καὶ Μασαννάσας. [7] κατὰ δὲ τὸν καιρὸν τοῦτον αἱ φάλαγγες ἀμφοτέραι βάδην ἀλλήλαις καὶ σοβαρῶς ἐπήεσαν, πλὴν τῶν ἐκ τῆς Ἰταλίας μετ' Ἀννίβου παραγεγονότων· οὗτοι δ' ἔμενον ἐπέχοντες τὸν ἐξ ἀρχῆς τόπον. [8] ἐπειδὴ δ' ἐγγὺς ἦσαν ἀλλήλων, οἱ μὲν Ῥωμαῖοι κατὰ τὰ πάτρια συναλαλάζαντες καὶ συμποφήσαντες τοῖς ξίφεσι τοὺς θυρεοὺς προσέβαλλον τοῖς ὑπεναντίοις, [9] οἱ δὲ μισθοφόροι τῶν

Καρχηδονίων ἀδιάκριτον ἐποίουν τὴν φωνὴν καὶ παρηλλαγμένην: οὐ γὰρ πάντων ἦν κατὰ τὸν ποιητὴν ὁ αὐτὸς θροῦς

[3] ἅμα δὲ τοῖς μὲν Ῥωμαίοις ἐπομένων καὶ παρακαλούντων τῶν κατόπιν, τοῖς δὲ μισθοφόροις τῶν Καρχηδονίων οὐ συνεγγιζόντων οὐδὲ παραβοηθούντων, ἀλλ' ἀποδειλιώντων ταῖς ψυχαῖς, [4] πέρας ἐνέκλιναν οἱ βάρβαροι, καὶ δόξαντες ἐγκαταλείπεσθαι προφανῶς ὑπὸ τῶν ιδίων, ἐπιπεσόντες κατὰ τὴν ἀποχώρησιν εἰς τοὺς ἐφεστῶτας ἔκτεινον τούτους. [5] ὁ καὶ πολλοὺς ἠνάγκασε τῶν Καρχηδονίων ἀνδρωδῶς ἀποθανεῖν: φονευόμενοι γὰρ ὑπὸ τῶν μισθοφόρων ἐμάχοντο παρὰ τὴν αὐτῶν προαίρεσιν ἅμα πρὸς τε τοὺς ἰδίους καὶ πρὸς τοὺς Ῥωμαίους. [6] ποιούμενοι δὲ τὸν κίνδυνον ἐκστατικῶς καὶ παρηλλαγμένως οὐκ ὀλίγους διέφθειραν καὶ τῶν ιδίων καὶ τῶν ὑπεναντίων. [7] καὶ δὴ τῷ τοιούτῳ τρόπῳ συνέχεαν ἐπιπεσόντες τὰς τῶν ἀστάτων σημαίας: οἱ μέντοι τῶν πριγκίπων ἡγεμόνες συνθεασάμενοι τὸ γεγονός ἐπέστησαν τὰς αὐτῶν τάξεις. [8] τῶν δὲ μισθοφόρων καὶ τῶν Καρχηδονίων τὸ πλεῖστον μέρος τὸ μὲν ὑφ' αὐτῶν, τὸ δ' ὑπὸ τῶν ἀστάτων αὐτοῦ κατεκόπη. [9] τοὺς δὲ διασφζομένους καὶ φεύγοντας οὐκ εἶασε καταμιγῆναι ταῖς δυνάμεσιν Ἀννίβας, ἀλλὰ προβαλέσθαι παραγγεῖλας τοῖς ἐπιστάταις ἐκώλυσε μὴ παραδέξασθαι τοὺς ἐγγίζοντας. [10] ὅθεν ἠναγκάσθησαν οὗτοι μὲν ποιεῖσθαι τὴν ἀποχώρησιν ἐπὶ τὰ κέρατα καὶ τὰς ἐκ τούτων

[3] οὐ μὴν ἀλλὰ τοὺς μὲν τραυματίας εἰς τοῦπίσω τῆς παρατάξεως κομισάμενος, τοὺς δ' ἐπιδιώκοντας τῶν ἀστάτων ἀνακαλεσάμενος διὰ τῆς σάλπιγγος, τοὺς μὲν αὐτοῦ πρὸ τῆς μάχης

κατὰ μέσους τοὺς πολεμίους ἐπέστησε, [4] τοὺς δὲ πρίγκιπας καὶ τριαρίους πυκνώσας ἐφ' ἑκάτερον τὸ κέρας προάγειν παρήγγειλε διὰ τῶν νεκρῶν. [5] ἐπειδὴ δ' ὑπερβάντες ἐξ ἴσου τοῖς ἀστάτοις ἐγένοντο, συνέβαλον αἱ φάλαγγες ἀλλήλαις μετὰ τῆς μεγίστης ὀρμῆς καὶ προθυμίας. [6] ὄντων δὲ καὶ τῷ πλήθει καὶ τοῖς φρονήμασι καὶ ταῖς ἀρεταῖς καὶ τοῖς καθοπλισμοῖς παραπλησίων ἀμφοτέρων, ἄκριτον ἐπὶ πολὺ συνέβαινε γενέσθαι τὴν μάχην, ἐν αὐταῖς ταῖς χώραις ἐναποθνησκόντων τῶν ἀνδρῶν διὰ φιλοτιμίαν, [7] ἕως οἱ περὶ τὸν Μασσανάσαν καὶ Λαίλιον ἀπὸ τοῦ διώγματος τῶν ἱππέων ἀνακάμπτοντες [καὶ] δαιμονίως εἰς δέοντα καιρὸν συνῆψαν. [8] ὧν προσπεσόντων τοῖς περὶ τὸν Ἀννίβαν κατόπιν οἱ μὲν πλεῖστοι κατεκόπησαν ἐν τῇ τάξει, τῶν δὲ πρὸς φυγὴν ὀρμησάντων ὀλίγοι μὲν τελέως διέφυγον, ἅτε τῶν ἱππέων ἐν χερσὶν ὄντων καὶ τῶν τόπων ἐπιπέδων ὑπαρχόντων. [9] ἔπεσον δὲ τῶν μὲν Ῥωμαίων ὑπὲρ τοὺς χιλίους πεντακοσίους, τῶν δὲ Καρχηδονίων ὑπὲρ δισμυρίους, αἰχμάλωτοι δ' ἐάλωσαν οὐ πολὺ τούτων ἐλάττους.

[1] ἡ μὲν οὖν ἐπὶ πᾶσι γενομένη μάχη καὶ τὰ ὅλα κρίνασα Ῥωμαίοις διὰ τῶν προειρημένων ἡγεμόνων τοιοῦτον ἔσχε τὸ τέλος: [2] μετὰ δὲ τὴν μάχην Πόπλιος μὲν ἐπακολουθήσας καὶ διαρπάσας τὸν χάρακα τῶν Καρχηδονίων αὐτὶς ἀνεχώρησεν εἰς τὴν ἰδίαν παρεμβολήν. [3] Ἀννίβας δὲ μετ' ὀλίγων ἱππέων κατὰ τὸ συνεχές ποιούμενος τὴν ἀναχώρησιν εἰς Ἀδρύμητα διεσώθη, πάντα τὰ δυνατὰ ποιήσας κατὰ τὸν κίνδυνον, ὅσα τὸν ἀγαθὸν ἔδει στρατηγὸν καὶ πολλῶν ἤδη πραγμάτων πείραν εἰληφότα. [4] πρῶτον μὲν γὰρ εἰς λόγους συνελθὼν ἐπειράθη δι' αὐτοῦ λύσιν ποιήσασθαι τῶν ἐνεστώτων: [5] τοῦτο δ' ἐστὶ τοῦ προειδότος τὰ κατορθώματα, ἀλλ' ἀπιστοῦντος τῇ τύχῃ καὶ προορωμένου τὰ περὶ τὰς μάχας ἐκβαίνοντα παράλογα. αὐτῶν, εἴτ' ἐπεξώρκισε τὸν ὄρκον ὃν ἦσαν ὀμνύειν εἰθισμένοι κατὰ τὰς ἀναδείξεις τῶν βασιλέων. [12] ἐξαπέστειλε δὲ καὶ Φιλάμμωνα τὸν ἐπιστάντα τῷ τῆς Ἀρσινόης φόνῳ, ποιήσας αὐτὸν Λιβυάρχην τῶν κατὰ Κυρήνην τόπων, τὸ δὲ παιδίον ἐνεχείρισε ταῖς περὶ τὴν Οἰνάνθην καὶ Ἀγαθόκλειαν. [13] μετὰ δὲ ταῦτα Πέλοπα μὲν ἐξέπεμψε τὸν Πέλοπος εἰς τὴν Ἀσίαν πρὸς Ἀντίοχον τὸν βασιλέα, παρακαλέσοντα συντηρεῖν τὴν φιλίαν καὶ μὴ παραβαίνειν τὰς πρὸς τὸν τοῦ παιδὸς πατέρα συνθήκας, Πτολεμαῖον δὲ τὸν Σωσιβίου πρὸς Φίλιππον τὰ τε περὶ τῆς ἐπιγαμίας συνθησόμενον καὶ παρακαλέσοντα βοηθεῖν, ἐὰν ὀλοσχερέστερον αὐτοὺς Ἀντίοχος ἐπιβάληται παρασπονδεῖν. [14] προεχειρίσατο δὲ καὶ Πτολεμαῖον τὸν Ἀγησάρχου πρεσβευτὴν πρὸς Ῥωμαίους, οὐχ ὥς ἐπισπεύσοντα τὴν πρεσβείαν, ἀλλ' ὥς, ἂν ἄνηται τῆς Ἑλλάδος καὶ συμμίξει τοῖς ἐκεῖ φίλοις καὶ συγγενέσιν, αὐτοῦ καταμενοῦντα. [15] προέκειτο γὰρ αὐτῷ πάντας τοὺς ἐπιφανεῖς ἄνδρας ἐκποδῶν ποιῆσαι. [16] ἐξαπέστειλε δὲ καὶ Σκόπαν τὸν Αἰτωλὸν ἐπὶ ξενολογίαν εἰς τὴν Ἑλλάδα, πλῆθος χρυσοῦ συνθεῖς εἰς τὰ προδόματα. [17] δύο γὰρ ἔσχε προθέσεις ὑπὲρ ταύτης τῆς ἐπιβολῆς, μίαν μὲν ἀποχρῆσθαι τοῖς ξενολογηθεῖσιν εἰς τὸν πρὸς Ἀντίοχον πόλεμον, ἄλλην δὲ τοὺς ἀρχαίους καὶ προϋπάρχοντας ξένους ἐπὶ τὰ κατὰ τὴν χώραν φρούρια καὶ τὰς κατοικίας ἀποστεῖλαι, τοῖς δὲ παραγενομένοις ἀναπληρῶσαι καὶ καινοποιῆσαι τὴν θεραπείαν καὶ τὰ περὶ τὴν αὐλὴν φυλακεῖα, παραπλησίως δὲ καὶ κατὰ τὴν ἄλλην πόλιν, [18] νομίζων τοὺς δι' αὐτοῦ ξενολογηθέντας καὶ μισθοδοτούμενους τῶν μὲν προγεγονότων μηδενὶ συμπαθήσοντας διὰ τὸ μηδὲν γινώσκειν, ἐν αὐτῷ δὲ τὰς ἐλπίδας ἔχοντας καὶ τῆς σωτηρίας καὶ τῆς ἐπανορθώσεως, ἐτοίμους ἔξειν συναγωνιστὰς καὶ συνεργοὺς πρὸς τὸ παραγγελλόμενον. [19] ταῦτα δ' ἐγενήθη πρότερα τοῦ παρὰ Φιλίππῳ διαβουλίου ***, ὥς ἐδηλώσαμεν: ἀλλ' ἐκείνων κατὰ τὴν τῆς διηγήσεως τάξιν προτέρων λαμβανομένων ἀναγκαῖον ἦν οὕτως ταῦτα χειρίζειν ὥστε πρότερον ἐξηγεῖσθαι τὰς ἐντεύξεις καὶ τοὺς χρηματισμοὺς τῶν πρεσβευτῶν καὶ τῆς καταστάσεως καὶ τῆς ἐξαποστολῆς. [20] ὁ δ' Ἀγαθοκλῆς ἐπεὶ τοὺς ἐπιφανεστάτους τῶν ἀνδρῶν ἐκποδῶν ἐποίησε, καὶ τὸ πολὺ τῆς τοῦ πλῆθους ὀργῆς παρακατέσχε τῇ τῶν ὀψωνίων ἀποδόσει, παρὰ πόδας εἰς τὴν ἐξ ἀρχῆς συνθήκειαν ἐπανῆλθε. καὶ τὰς μὲν τῶν φίλων χώρας ἀνεπλήρωσε, [21] παρειαγαγὼν ἐκ τῆς διακονίας καὶ τῆς ἄλλης ὑπηρεσίας τοὺς εἰκαιοτάτους καὶ θραυστάτους: [22] αὐτὸς δὲ τὸ πολὺ

τῆς ἡμέρας καὶ τῆς νυκτὸς ἐν μέθῃ διέτριβε καὶ ταῖς τῇ μέθῃ παρεπομέναις ἀκρασίαις, οὐ φειδόμενος οὐτ' ἀκμαζούσης γυναικὸς οὔτε νύμφης οὔτε παρθένου, καὶ πάντα ταῦτ' ἔπραττε μετὰ τῆς ἐπαχθεστάτης φαντασίας. [23] ὅθεν πολλῆς μὲν καὶ παντοδαπῆς γινομένης δυσारेστήσεως, οὐδεμιᾶς δὲ θεραπείας οὐδὲ βοηθείας προσαγομένης, τὸ δ' ἐναντίον αἰὲν προσεπαγομένης ὕβρεως, ὑπερηφανίας, ῥαθυμίας, [24] ἀνεθυμιάτο πάλιν ἐν τοῖς πολλοῖς τὸ προϋπάρχον μῖσος καὶ πάντες ἀνενεοῦντο τὰ προγεγενημένα περὶ τὴν βασιλείαν ἀτυχήματα διὰ τοὺς ἀνθρώπους τούτους. [25] τῷ δὲ μηδὲν ἔχειν πρόσωπον ἀξιοχρεῶν τὸ προστησόμενον, καὶ δι' οὗ τὴν ὀργὴν εἰς τὸν Ἀγαθοκλέα καὶ τὴν Ἀγαθόκλειαν ἀπερείσονται, τὴν ἡσυχίαν ἦγον, ἔτι μίαν ἐλπίδα караδοκοῦντες τὴν κατὰ τὸν Τληπόλεμον καὶ ταύτῃ προσανέχοντες. [26] ὁ δὲ Τληπόλεμος, ἕως μὲν ὁ βασιλεὺς ἔζη, τὰ καθ' αὐτὸν ἔπραττεν: ἅμα δὲ τῷ μεταλλάξαι 'κεῖνον ταχέως ἐξομαλίσας τὰ πλήθη στρατηγὸς πάλιν ἐγενήθη τῶν κατὰ Πηλοῦσιον τόπων. [27] καὶ τὰς μὲν ἀρχὰς ἐποιεῖτο τὴν ἀναφορὰν τῶν πραττομένων ἐπὶ τὸ τοῦ βασιλέως συμφέρον, πεπεισμένος ὑπάρξειν τι συνέδριον ὃ τὴν τε τοῦ παιδὸς ἐπιτροπείαν ἔξει καὶ τὴν τῶν ὅλων προστασίαν. [28] ὥς δ' ἑώρα τοὺς μὲν ἀξίους ἐπιτροπῆς ἄνδρας ἐκποδὼν γεγονότας, τῆς δὲ τῶν ὅλων ἀρχῆς κατατολμῶντα τὸν Ἀγαθοκλέα, ταχέως ἐφ' ἑτέρας ἐγένετο γνώμης, ὑφορώμενος τὸν προεστώτα κίνδυνον διὰ τὴν ὑποκειμένην αὐτοῖς ἔχθραν, καὶ τὰς τε δυνάμεις περὶ αὐτὸν ἡθροίζε καὶ περὶ πόρον ἐγένετο χρημάτων, ἵνα μηδενὶ τῶν ἐχθρῶν εὐχείρωτος ᾗ. [29] ἅμα δὲ καὶ τὴν τοῦ παιδὸς ἐπιτροπείαν καὶ τὴν τῶν ὅλων προστασίαν εἰς ἑαυτὸν ἦξει οὐκ ἀπῆλπιζε, νομίζων καὶ κατὰ τὴν ἰδίαν μὲν κρίσιν αὐτὸς ἀξιοχρεώτερος ὑπάρχειν Ἀγαθοκλέους πρὸς πᾶν, ἔτι μᾶλλον δὲ πυνθανόμενος καὶ τὰς ὑφ' ἑαυτὸν ταττομένας δυνάμεις καὶ τὰς κατὰ τὴν Ἀλεξάνδρειαν ἐπ' ἐκείνῳ τὰς ἐλπίδας ἔχειν τοῦ καταλύειν τὴν Ἀγαθοκλέους ὕβριν. [30] οὗσης δὲ περὶ αὐτὸν οἴας εἴρηκα διαλήψεως, ταχέως τὰ τῆς διαφορᾶς αὐξήσιν ἔλαβε συνεργούντων ἀμφοτέρων πρὸς τὴν τοιαύτην ὑπόθεσιν. [31] ὁ μὲν γὰρ Τληπόλεμος, ἐξειδιάζεσθαι σπεύδων τοὺς ἡγεμόνας καὶ ταξιάρχους καὶ τοὺς ἐπὶ τούτων ταττομένους, συνῆγε πότους ἐπιμελῶς, καὶ παρὰ τὰς συνουσίας τὰ μὲν ὑπὸ τῶν πρὸς χάριν λεγόντων αἰκαλλόμενος, τὰ δ' ὑπὸ τῆς ἰδίας ὀρμῆς, ἅτε νέος ὢν καὶ παρὰ τὸν οἶνον γινομένης τῆς ὁμιλίας, ἐρρίπτει λόγους κατὰ τῆς συγγενείας τῆς τῶν περὶ τὸν Ἀγαθοκλέα,

τὰς μὲν ἀρχὰς αἰνιγματώδεις, εἴτ' ἀμφιβόλους, τὸ δὲ τελευταῖον ἐκφανεῖς καὶ τὴν πικροτάτην ἔχοντας λαιδορίαν. [32] ἐπεχεῖτο γὰρ τοῦ θρανογράφου καὶ τῆς σαμβυκιστρίας καὶ τῆς κουρίδος, ἔτι δὲ τοῦ παιδαρίου τοῦ πάντα πεποιηκότος καὶ πεπονθότος παρὰ τοὺς πότους, ὅτ' ἐφονόχει τῷ βασιλεῖ παῖς ὢν. [33] ἐπὶ δὲ τούτοις αἰεὶ τῶν συμπαρόντων γελόντων καὶ συμβαλλομένων τι πρὸς τὸν χλευασμόν, ταχέως εἰς τοὺς περὶ τὸν Ἀγαθοκλέα τὸ πρᾶγμα παρεγενήθη. [34] γενομένης δ' ἔχθρας ὁμολογουμένης εὐθέως ὁ Ἀγαθοκλῆς διαβολὴν εἰσήγε κατὰ τοῦ Τληπολέμου, φάσκων αὐτὸν ἀλλοτριάζειν τοῦ βασιλέως καὶ καλεῖν Ἀντίοχον ἐπὶ τὰ πράγματα. [35] καὶ πολλὰς εἰς τοῦτο τὸ μέρος εὐπόρει πιθανότητος, τὰς μὲν ἐκ τῶν συμβαινόντων παρεκδεχόμενος καὶ διαστρέφων, τὰς δ' ἐκ καταβολῆς πλάττων καὶ διασκευάζων. [36] ταῦτα δ' ἐποίει βουλόμενος τὰ πλήθη παροξύνειν κατὰ τοῦ Τληπολέμου: συνέβαινε δὲ τούναντίον. πάλαι γὰρ ἐπὶ τῷ προειρημένῳ τὰς ἐλπίδας ἔχοντες οἱ πολλοὶ καὶ λίαν ἡδέως ἐώρων ἐκκαιομένην τὴν διαφοράν. [37] ἐγένετο δ' ἡ καταρχὴ τοῦ περὶ τὰ πλήθη κινήματος διὰ τινος τοιαύτας αἰτίας. Νίκων ὁ συγγενὴς τῶν περὶ τὸν Ἀγαθοκλέα ζῶντος ἔτι τοῦ βασιλέως καθεσταμένος ἦν ἐπὶ τοῦ ναυτικοῦ: τότε δὲ τῶν *** ὅτι Δεῖνωνα τὸν Δεῖνωνος ἐπανεῖλετο Ἀγαθοκλῆς, καὶ τοῦτο ἔπραξε τῶν ἀδίκων ἔργων, ὥς ἡ παροιμία φησί, δικαιοτάτον: καθ' ὃν μὲν γὰρ καιρὸν, τῶν γραμμάτων αὐτῷ προσπεσόντων ὑπὲρ τῆς ἀναιρέσεως τῆς Ἀρσινόης, ἐξουσίαν ἔσχε μνηῦσαι τὴν πρᾶξιν καὶ σῶσαι τὰ κατὰ τὴν βασιλείαν, τότε δὲ συνεργήσας τοῖς περὶ τὸν Φιλάμμωνα, πάντων ἐγένετο τῶν ἐπιγενομένων κακῶν αἴτιος, [2] μετὰ δὲ τὸ συντελεσθῆναι τὸν φόνον ἀνανεούμενος καὶ πρὸς πολλοὺς οἰκτιζόμενος καὶ μεταμελούμενος ἐπὶ τῷ τοιοῦτον καιρὸν παραλιπεῖν δηλὸς ἐγένετο τοῖς περὶ τὸν Ἀγαθοκλέα: διὸ καὶ παραντίκα τυχὼν τῆς ἀρμοζούσης τιμωρίας μετήλλαξε τὸν βίον. —

[1] πρώτους δὲ συναθροίσας τοὺς Μακεδόνας, εἰς τούτους εἰσήλθε μετὰ τοῦ βασιλέως καὶ τῆς Ἀγαθοκλείας. [2] καὶ τὰς μὲν ἀρχὰς ὑπεκρίνετο τὸν οὐ δυνάμενον εἰπεῖν ἃ βούλεται διὰ τὸ πλῆθος τῶν ἐπιφερομένων δακρύων: [3] ἐπεὶ δὲ πλεονάκις ἀπομάττων τῇ χλαμύδι κατεκράτησε τῆς ἐπιφορᾶς, βαστάσας τὸ παιδίον “3Λάβετε”3 ἔφη “3τοῦτον, ὃν ὁ πατὴρ ἀποθνήσκων εἰς μὲν τὰς ἀγκάλας ἔδωκε ταύτῃ”3 δείξας τὴν ἀδελφὴν “3παρακατέθετο δ' εἰς τὴν ὑμετέραν, ὧ ἄνδρες Μακεδόνες, πίστιν. [8] ὧν οἱ Μακεδόνες ἀκούοντες οὐχ οἷον ἠλέουν αὐτόν, ἀλλ' ἀπλῶς οὐδὲν προσεῖχον τῶν λεγομένων, μυχθίζοντες δὲ καὶ διαψιθυρίζοντες ἐξελήρησαν οὕτως ὥστε μηδ' αὐτὸν εἰδέναι [μήτε] πῶς τὸ παράπαν ἐκ τῆς ἐκκλησίας ἀπελύθη. [9] παραπλήσια δὲ τούτοις ἐγένετο καὶ περὶ τὰ λοιπὰ συστήματα κατὰ τοὺς ἐκκλησιασμούς. [3] ἐφ' οἷς τὸ πλῆθος ἀγανακτοῦν οὐκέτι κατ' ἰδίαν οὐδὲ δι' ἀπορρήτων ἐποιεῖτο τοὺς λόγους, ἀλλ' οἱ μὲν τὰς νύκτας εἰς πάντα τόπον ἐπέγραφον, οἱ δὲ τὰς ἡμέρας συστρεφόμενοι κατὰ μέρη φανερώς ἐξέφερον ἤδη τὸ μῖσος εἰς τοὺς προεστώτας. [4]

[1] οἱ δὲ περὶ τὸν Ἀγαθοκλέα βλέποντες τὰ συμβαίνοντα, καὶ μοχθηρὰς ἐλπίδας ἔχοντες περὶ αὐτῶν, τοτὲ μὲν ἐγίνοντο περὶ δρασμόν, οὐδενὸς δ' αὐτοῖς ἡτοιμασμένου πρὸς τοῦτο τὸ μέρος διὰ τὴν σφετέραν ἀβουλίαν ἀφίσταντο τῆς ἐπιβολῆς: [5] τοτὲ δὲ συνωμότας κατέγραφον καὶ κοινωνοὺς τῆς τόλμης, ὥς αὐτίκα μάλα τῶν ἐχθρῶν τοὺς μὲν κατασφάζοντες, τοὺς δὲ συλληψόμενοι, μετὰ

δὲ ταῦτα τυραννικὴν ἐξουσίαν περιποιησόμενοι. [6] ταῦτα δ' αὐτῶν διανοουμένων προσέπεσε διαβολὴ κατὰ τινος Μοιραγένους, ἐνὸς τῶν σωματοφυλάκων, διότι μηνύοι πάντα τῷ Τληπολέμῳ καὶ συνεργοίη διὰ τὴν πρὸς Ἀδαῖον οἰκειότητα τὸν ἐπὶ τῆς Βουβαστοῦ τότε καθεσταμένον. [7] ὁ δ' Ἀγαθοκλῆς εὐθέως συνέταξε Νικοστράτῳ τῷ πρὸς τοῖς γράμμασι τεταγμένῳ συλλαβόντι τὸν Μοιραγὲν φιλοτίμως ἐξετάσαι, πᾶσαν προτιθέντα βάσανον. [8] οὗτος μὲν οὖν παραχρῆμα συλληφθεὶς ὑπὸ τοῦ Νικοστράτου καὶ παραχθεὶς εἰς τινὰ μέρη τῆς αὐλῆς ἀποκεχωρηκότα, τὸ μὲν πρῶτον ἐξ ὀρθῆς ἀνεκρίνετο περὶ τῶν προσπεπτωκότων, [9] πρὸς οὐδὲν δὲ τῶν λεγομένων ἀνθομολογούμενος ἐξεδύθη: καὶ τινὲς μὲν τὰ πρὸς τὰς βασάνους ὄργανα διεσκεύαζον, οἱ δὲ τὰς μάστιγας ἔχοντες μετὰ χεῖρας ἀπεδύοντο τὰς χλαμύδας. [10] κατὰ δὲ τὸν καιρὸν τοῦτον προστρέχει τις τῶν ὑπηρετῶν πρὸς τὸν Νικόστρατον, καὶ ψιθυρίσας πρὸς τὴν ἀκοὴν ἅττα δήποτ' οὖν ἀπηλλάττετο μετὰ σπουδῆς. ὁ δὲ Νικόστρατος ἐκ ποδὸς ἐπηκολούθει τούτῳ, [11] λέγων μὲν οὐδέν, τύπτων δὲ συνεχῶς τὸν μηρόν. περὶ δὲ τὸν Μοιραγὲν ἄφατον ἦν καὶ παράλογον τὸ συμβαῖνον. [2] οἱ μὲν γὰρ μόνον οὐ διατεταμένοι τὰς μάστιγας παρέστασαν, οἱ δὲ πρὸ ποδῶν αὐτοῦ τὰ πρὸς ἀνάγκας ὄργανα διεσκεύαζον: [3] τοῦ δὲ Νικοστράτου παραχωρήσαντος ἕστασαν ἀχανεῖς πάντες, ἐμβλέποντες ἀλλήλοις, προσδοκῶντες αἰεὶ ποτε τὸν προειρημένον ἀνακάμψειν. [4] χρόνου δὲ γινομένου κατὰ βραχὺ διέρρεον οἱ παρεστῶτες, τέλος δ' ὁ Μοιραγὲς ἀπελείφθη. καὶ μετὰ ταῦτα διελθὼν τὴν αὐλὴν ἀνελπίστως παρέπεσε γυμνὸς εἰς τινὰ σκηνὴν τῶν Μακεδόνων, σύνεγγυς κειμένην τῆς αὐλῆς. [5] καταλαβὼν δὲ κατὰ τύχην ἀριστῶντας καὶ συνηθροισμένους, ἔλεγε τὰ περὶ αὐτὸν συμβεβηκότα καὶ τὸ παράλογον τῆς σωτηρίας. [6] οἱ δὲ τὰ μὲν ἠπίσταντο, τὰ δὲ πάλιν ὀρῶντες αὐτὸν γυμνὸν ἠναγκάζοντο πιστεύειν. [7] ἐκ δὲ ταύτης τῆς περιπετείας ὃ τε Μοιραγὲς μετὰ δακρύων ἐδεῖτο τῶν Μακεδόνων μὴ μόνον τῆς αὐτοῦ συνεπιλαβέσθαι σωτηρίας, ἀλλὰ καὶ τῆς τοῦ βασιλέως, καὶ μάλιστα τῆς σφῶν αὐτῶν: [8] πρόδηλον γὰρ εἶναι πᾶσι τὸν ὄλεθρον, ἐὰν μὴ συνάψωνται τοῦ καιροῦ, καθ' ὃν ἀκμάζει τὸ τῶν πολλῶν μῖσος καὶ πᾶς ἑτοιμός ἐστι πρὸς τὴν κατ' Ἀγαθοκλέους τιμωρίαν. τῷ Μοιραγένει, καὶ πρώτας μὲν εὐθέως ἐπήεσαν τὰς τῶν Μακεδόνων σκηνάς, μετὰ δὲ ταῦτα τὰς τῶν ἄλλων στρατιωτῶν: [2] εἰσὶ δ' αὖται συνεχεῖς, πρὸς ἓν μέρος ἀπονενευκυῖαι τῆς πόλεως. [3] οὕσης δὲ τῆς μὲν ὁρμῆς πάλαι προχείρου τῆς τῶν πολλῶν, προσδεομένης δὲ τοῦ προκαλεσομένου μόνον καὶ τολμήσοντος, ἅμα τῷ λαβεῖν ἀρχὴν τὸ πρᾶγμα ταχέως οἷον εἰ πῦρ ἐξέλαμψεν. [4] οὐ γὰρ ἐγενήθησαν ὥραι τέτταρες καὶ πάντα τὰ γένη συμπεφωνήκει καὶ τὰ στρατιωτικὰ καὶ τὰ πολιτικὰ πρὸς τὴν ἐπίθεσιν. [5] συνήργησε γὰρ μεγάλα καὶ ταυτόματον ἐν τῷ καιρῷ τούτῳ πρὸς τὴν συντέλειαν. [6] ὁ μὲν γὰρ Ἀγαθοκλῆς, ἀνενεχθείσης πρὸς αὐτὸν ἐπιστολῆς καὶ κατασκόπων ἐπαναχθέντων, καὶ τῆς μὲν ἐπιστολῆς γεγραμμένης πρὸς τὰς δυνάμεις παρὰ τοῦ Τληπολέμου καὶ δηλούσης ὅτι παρέσται ταχέως, τῶν δὲ κατασκόπων διασαφούντων ὅτι πάρεστιν, [7] οὕτως ἐξέστη τῶν φρενῶν ὥστ' ἀφέμενος τοῦ πράττειν τι καὶ διανοεῖσθαι περὶ τῶν προσπεπτωκότων ἀπῆλθε κατὰ τὸν εἰθισμένον καιρὸν εἰς τὸν πότον, κάκεῖ κατὰ τὴν εἰθισμένην ἀγωγὴν ἐπετέλει τὴν συνουσίαν. [8] ἡ δ' Οἰνάνθη περικακοῦσα παρὴν εἰς τὸ Θεσμοφορεῖον, ἀνεωγμένου τοῦ νεῶ διὰ τινα θυσίαν ἐπέτειον. [9] καὶ τὸ μὲν πρῶτον ἐλιπάρει γονυπετοῦσα καὶ μαγγανεύουσα πρὸς τὰς θεάς, μετὰ δὲ ταῦτα καθίσασα πρὸς τὸν βωμὸν εἶχε τὴν ἡσυχίαν. αἱ μὲν οὖν πολλαὶ τῶν γυναικῶν, [10] ἡδέως ὀρῶσαι τὴν δυσθυμίαν καὶ περικάκησιν αὐτῆς, ἀπεσιώπων: αἱ δὲ τοῦ Πολυκράτους συγγενεῖς καὶ τινες ἕτεραι τῶν ἐνδόξων, ἀδήλου τῆς περιστάσεως αὐταῖς ἀκμὴν ὑπαρχούσης, προσελθοῦσαι παρεμυθοῦντο τὴν Οἰνάνθην. [11] ἡ δ' ἀναβοήσασα μεγάλη τῇ φωνῇ “μή μοι πρόσιτέ” φησι “θηρία: καλῶς γὰρ ὑμᾶς γινώσκω, διότι καὶ φρονεῖθ' ἡμῖν ἐναντία καὶ ταῖς θεαῖς εὐχέσθε τὰ δυσχερέστατα καθ' ἡμῶν. [12] οὐ μὴν ἄλλ' ἔτι πέποιθα τῶν θεῶν βουλομένων γεύσειν ὑμᾶς τῶν ἰδίων τέκνων” [13] . καὶ ταῦτ' εἰποῦσα ταῖς ῥαβδούχοις ἀνείργειν προσέταξε καὶ παῖειν τὰς μὴ πειθαρχούσας. [14] αἱ δ' ἐπιλαβόμεναι τῆς προφάσεως ταύτης ἀπηλλάττοντο πᾶσαι, τοῖς θεοῖς ἀνίσχουσαι τὰς χεῖρας καὶ καταρῶμεναι λαβεῖν αὐτὴν ἐκείνην πείραν τούτων, ἃ κατὰ τῶν πέλας ἐπανετείνετο πράξειν.

[1] ἤδη δὲ κεκριμένου τοῦ καινοτομεῖν τοῖς ἀνδράσιν, ἐπιγενομένης καθ' ἑκάστην οἰκίαν καὶ τῆς ἐκ τῶν γυναικῶν ὀργῆς διπλάσιον ἐξεκαύθη τὸ μῖσος. [2] ἅμα δὲ τῷ μεταλαβεῖν τὸ τῆς νυκτὸς πᾶσα πλήρης ἦν ἡ πόλις θορύβου καὶ φώτων καὶ διαδρομῆς: [3] οἱ μὲν

γὰρ εἰς τὸ στάδιον ἡθροίζοντο μετὰ κραυγῆς, οἱ δὲ παρεκάλουν ἀλλήλους, οἱ δὲ κατεδύοντο διαδιδράσκοντες εἰς ἀνυπονοήτους οἰκίας καὶ τόπους· [4] ἤδη δὲ τῶν περὶ τὴν αὐλὴν εὐρυχωριῶν καὶ τοῦ σταδίου καὶ τῆς πλατείας πλήρους ὑπαρχούσης ὄχλου παντοδαποῦ καὶ τῆς περὶ τὸ Διονυσιακὸν θέατρον προστασίας, [5] τυθόμενος τὸ συμβαῖνον Ἀγαθοκλῆς ἐξηγέρθη μεθύων, ἄρτι καταλελυκὼς τὸν πότον, καὶ παραλαβὼν τοὺς συγγενεῖς πάντας πλὴν Φίλωνος ἦκε πρὸς τὸν βασιλέα. [6] καὶ βραχέα πρὸς τοῦτον οἰκτισάμενος καὶ λαβόμενος αὐτοῦ τῆς χειρός, ἀνέβαινεν εἰς τὴν σύριγγα τὴν μεταξὺ τοῦ Μαιάνδρου καὶ τῆς παλαίστρας κειμένην καὶ φέρουσαν ἐπὶ τὴν τοῦ θεάτρου ἀπόροδον. [7] μετὰ δὲ ταῦτα, δύο θύρας ἀσφαλισάμενος τὰς πρώτας, εἰς τὴν τρίτην ἀνεχώρησε μετὰ δυεῖν ἢ τριῶν σωματοφυλάκων καὶ τοῦ βασιλέως καὶ τῆς αὐτοῦ συγγενείας. [8] συνέβαινε δὲ τὰς θύρας εἶναι δικτυωτὰς διαφανεῖς, ἀποκλειομένας δὲ διττοῖς μοχλοῖς. [9] κατὰ δὲ τὸν καιρὸν τοῦτον ἡθροισμένου τοῦ πλήθους ἐξ ἀπάσης τῆς πόλεως, ὥστε μὴ μόνον τοὺς ἐπιπέδους τόπους, ἀλλὰ καὶ τὰ βάθρα καὶ τὰ τέγη καταγέμειν ἀνθρώπων, ἐγίνετο βοή καὶ κραυγὴ σύμμικτος, ὡς ἂν γυναικῶν ὁμοῦ καὶ παίδων ἀνδράσιν ἀναμειγμένων· [10] οὐ γὰρ ἐλάττω ποιεῖ τὰ παιδάρια τῶν ἀνδρῶν περὶ τὰς τοιαύτας ταραχὰς ἔν τε τῇ Καρχηδονίων πόλει καὶ κατὰ τὴν Ἀλεξάνδρειαν.

[1] ἤδη δὲ τῆς ἡμέρας ὑποφαινούσης ἦν μὲν ἄκριτος ἡ κραυγὴ, μάλιστα δ' ἐξ αὐτῆς ἐξέλαμψε τὸ καλεῖν τὸν βασιλέα. [2] τὸ μὲν οὖν πρῶτον οἱ Μακεδόνες ἐξαναστάντες κατελάβοντο τὸν χρηματιστικὸν πυλῶνα τῶν βασιλείων· [3] μετὰ δὲ τινα χρόνον ἐπιγνόντες ποῦ τῆς αὐλῆς ἦν ὁ βασιλεύς, περιελθόντες τὰς μὲν πρώτας τῆς [πρώτης] σύριγγος ἐξέβαλον θύρας, ἐγγίσαντες δὲ τῆς δευτέρας ἡτοῦντο τὸν παῖδα μετὰ κραυγῆς. [4] οἱ δὲ περὶ τὸν Ἀγαθοκλέα, βλέποντες ἤδη τὰ καθ' αὐτούς, ἐδέοντο τῶν σωματοφυλάκων πρεσβεῦσαι περὶ αὐτῶν πρὸς τοὺς Μακεδόνας, δηλοῦντας ὅτι τῆς ἐπιτροπείας ἐκχωροῦσι καὶ τῆς ἄλλης ἐξουσίας καὶ τῶν τιμῶν, ἔτι δὲ τῶν χορηγίων ὧν ἔχουσι πάντων, [5] αὐτὸ δὲ τὸ πνευμάτιον δέονται συγχωρηθῆναι σφίσι μετὰ τῆς ἀναγκαίας τροφῆς, ἵνα χωρήσαντες εἰς τὴν ἐξ ἀρχῆς διάθεσιν μὴδὲ βουληθέντες ἔτι δύνωνται λυπεῖν μηδένα. [6] τῶν μὲν οὖν ἄλλων σωματοφυλάκων οὐδεὶς ὑπήκουσεν, Ἀριστομένης δὲ μόνος ὑπέστη τὴν χρεῖαν ταύτην ὁ μετὰ τινα χρόνον ἐπὶ τῶν πραγμάτων γενόμενος. ὁ δ' ἀνὴρ οὗτος τὸ μὲν γένος ἦν Ἀκαρνάν, [7] καθ' ὅσον δὲ

προβαίνων κατὰ τὴν ἡλικίαν, γενόμενος κύριος τῶν ὅλων πραγμάτων, κάλλιστα καὶ σεμνότατα δοκεῖ προστῆναι τοῦ τε βασιλέως καὶ τῆς βασιλείας, κατὰ τοσοῦτον κεκολακευκέναι τὴν Ἀγαθοκλέους εὐκαιρίαν. [8] πρῶτος μὲν γὰρ ὡς ἑαυτὸν ἐπὶ δεῖπνον καλέσας τὸν Ἀγαθοκλέα χρυσοῦν στέφανον ἀνέδωκε μόνῳ τῶν παρόντων, ὃ τοῖς βασιλεῦσιν αὐτοῖς ἔθος ἐστὶ μόνοις συγχωρεῖσθαι, [9] πρῶτος δὲ τὴν εἰκόνα τοῦ προειρημένου φέρειν ἐτόλμησεν ἐν τῷ δακτυλίῳ: γενομένης δὲ θυγατρὸς αὐτῷ ταύτην Ἀγαθόκλειαν προσηγόρευσεν. [10] ἀλλ' ἴσως ὑπὲρ μὲν τούτων ἐξαρκεῖ καὶ τὰ νῦν εἰρημένα: λαβὼν δὲ τὰς προειρημένας ἐντολὰς καὶ διὰ τινος ῥινοπύλης ἐξελθὼν, ἦκε πρὸς τοὺς Μακεδόνας. [11] βραχέα δ' αὐτοῦ διαλεχθέντος καὶ δηλώσαντος τὴν προαίρεσιν, ἐπεβάλλοντο μὲν οἱ Μακεδόνες παραχρῆμα συγκεντῆσαι, ταχὺ δὲ τινων ὑπερεχόντων αὐτοῦ τὰς χεῖρας καὶ παραιτησαμένων τοὺς πολλοὺς, ἐπανῆλθε λαβὼν ἐντολήν ἢ τὸν βασιλέα πρὸς αὐτοὺς ἄγονθ' ἢ κειν ἢ μηδ' αὐτὸν ἐξιέναι. [12] τὸν μὲν οὖν Ἀριστομένην ταῦτ' εἰπόντες οἱ Μακεδόνες ἀπέπεμψαν, αὐτοὶ δὲ ταῖς δευτέραις θύραις ἐγγίσαντες ἐξέωσαν καὶ ταύτας. [13] οἱ δὲ περὶ τὸν Ἀγαθοκλέα θεωροῦντες τὴν τῶν Μακεδόνων βίαν διὰ τε τῶν ἐνεργουμένων καὶ διὰ τῆς ἀποκρίσεως, τὸ μὲν πρῶτον ἐπεβάλλοντο διὰ τῆς θύρας προτείναντες τὰς χεῖρας, ἢ δ' Ἀγαθόκλεια καὶ τοὺς μασθοὺς, οἷς ἔφθι θρέψαι τὸν βασιλέα, δεῖσθαι τῶν Μακεδόνων, πᾶσαν προῖέμενοι φωνήν

[1] πρὸς τὸ περιποιήσασθαι τὸ ζῆν αὐτὸ μόνον: ἐπεὶ δὲ πολλὰ κατολοφυρόμενοι τὴν αὐτῶν τύχην οὐδὲν ἦνυον, τέλος ἐξέπεμψαν τὸν παῖδα μετὰ τῶν σωματοφυλάκων. [2] οἱ δὲ Μακεδόνες, παραλαβόντες τὸν βασιλέα καὶ ταχέως ἐφ' ἵππον ἀναβιβάσαντες, ἦγον εἰς τὸ στάδιον. [3] ἅμα δὲ τῷ φανῆναι μεγάλης κραυγῆς καὶ κρότου γενηθέντος, ἐπιστήσαντες τὸν ἵππον καθεῖλον τὸν παῖδα, καὶ προαγαγόντες ἐκάθισαν εἰς τὴν βασιλικὴν θέαν. [4] περὶ δὲ τοὺς ὄχλους ἐγένετό τις ἅμα χαρὰ καὶ λύπη: τὰ μὲν γὰρ ἦσαν περιχαρεῖς ἐπὶ τῷ κεκομίσθαι τὸν παῖδα, τὰ δὲ πάλιν δυσηρέστουν τῷ μὴ συνειληφθαι τοὺς αἰτίους μηδὲ τυγχάνειν τῆς ἀρμοζούσης τιμωρίας. [5] διὸ καὶ συνεχῶς ἐβόων, ἄγειν κελεύοντες καὶ παραδειγματίζειν τοὺς πάντων τῶν κακῶν αἰτίους. [6] ἥδη δὲ τῆς ἡμέρας προβαινούσης, καὶ τοῦ πλήθους ἐπ' οὐδένα δυναμένου πέρας ἀπερείσασθαι τὴν ὁρμὴν, Σωσίβιος, ὃς ἦν μὲν υἱὸς Σωσιβίου, τότε δὲ σωματοφύλαξ ὑπάρχων μάλιστα τὸν νοῦν προσεῖχε τῷ τε βασιλεῖ καὶ τοῖς

πράγμασι, [7] θεωρῶν τὴν τε τοῦ πλήθους ὁρμὴν ἀμετάθετον οὖσαν καὶ τὸ παιδίον δυσχρησιμοποιούμενον διὰ τε τὴν τῶν παρεστώτων ἀσυνήθειαν καὶ διὰ τὴν περὶ τὸν ὄχλον ταραχήν, ἐπύθετο τοῦ βασιλέως εἰ παραδώσει τοῖς πολλοῖς τοὺς εἰς αὐτὸν ἢ τὴν μητέρα τι πεπλημμεληκότας. [8] τοῦ δὲ κατανεύσαντος, τῶν μὲν σωματοφυλάκων τισὶν εἶπε δηλῶσαι τὴν τοῦ βασιλέως γνώμην, τὸ δὲ παιδίον ἀναστήσας ἀπῆγε πρὸς τὴν θεραπείαν εἰς τὴν ἰδίαν οἰκίαν, σύνεγγυς οὖσαν. [9] τῶν δὲ διασαφούντων τὰ παρὰ τοῦ βασιλέως, κατερρήγνυτο πᾶς ὁ τόπος ὑπὸ τοῦ κρότου καὶ τῆς κραυγῆς. [10] οἱ δὲ περὶ τὸν Ἀγαθοκλέα καὶ τὴν Ἀγαθόκλειαν ἐν τούτῳ τῷ καιρῷ διεχωρίσθησαν ἀλλήλων εἰς τὰς ἰδίας καταλύσεις. ταχὺ δὲ τῶν στρατιωτῶν τινες, [11] οἱ μὲν ἐθελοντήν, οἱ δ' ὑπὸ τοῦ πλήθους ἐξωθούμενοι, παρώρμησαν ἐπὶ τὸ ζητεῖν τοὺς προειρημένους.

[1] τοῦ δὲ ποιεῖν αἷμα καὶ φόνους ἐγένετό τις ἐκ ταυτομάτου καταρχῇ τοιαύτη. [2] τῶν γὰρ Ἀγαθοκλέους ὑπηρετῶν καὶ κολάκων τις ὄνομα Φίλων ἐξῆλθε κραιπαλῶν εἰς τὸ στάδιον. [3] οὗτος θεωρῶν τὴν ὁρμὴν τῶν ὄχλων εἶπε πρὸς τοὺς παρεστώτας ὅτι πάλιν αὐτοῖς, καθάπερ καὶ πρόην, ἐὰν Ἀγαθοκλῆς ἐξέλθῃ, μεταμελήσει. [4] τῶν δ' ἀκουσάντων οἱ μὲν ἀπελοιδόρουν αὐτόν, οἱ δὲ προώθουν. ἐπιβαλομένου δ' ἀμύνεσθαι ταχέως οἱ μὲν τὴν χλαμύδα περιέρρηξαν, οἱ δὲ τὰς λόγχας προσερείσαντες ἐξεκέντησαν. [5] ἅμα δὲ τῷ τούτῳ εἰς τὸ μέσον ἐλκυσθῆναι μεθ' ὕβρεως ἔτι σπαίροντα, καὶ γεύσασθαι τὰ πλήθη φόνου, πάντες ἐκαραδόκουν τὴν τῶν ἄλλων παρουσίαν. [6] μετ' οὐ πολὺ δὲ παρῆν ἀγόμενος πρῶτος Ἀγαθοκλῆς δέσμιος: ὃν εὐθέως εἰσιόντα προσδραμόντες τινὲς ἄφνω συνεκέντησαν, ἔργον ποιοῦντες οὐκ ἐχθρῶν, ἀλλ' εὐνοούντων: αἵτιοι γὰρ ἐγένοντο τοῦ μὴ τυχεῖν αὐτὸν τῆς ἀρμοζούσης καταστροφῆς: μετὰ δὲ τούτῳ ἦχθη Νίκων, [7] εἶτ' Ἀγαθόκλεια γυμνὴ σὺν ταῖς ἀδελφαῖς, ἐξῆς δὲ τούτοις πάντες οἱ συγγενεῖς. [8] ἐπὶ δὲ πᾶσιν ἐκ τοῦ Θεσμοφορείου τὴν Οἰνάνθην ἀποσπάσαντες ἦκον εἰς τὸ στάδιον, ἄγοντες γυμνὴν ἐφ' ἵππου. [9] παραδοθέντων δὲ πάντων ὁμοῦ τοῖς ὄχλοις, οἱ μὲν ἔδακνον, οἱ δ' ἐκέντουν, οἱ δὲ τοὺς ὀφθαλμοὺς ἐξέκοπτον: αἰεὶ δὲ τοῦ πεσόντος τὰ μέλη διέσπων, ἕως ὅτου κατελώβησαν πάντας αὐτούς: [10] δεινὴ γάρ τις ἢ περὶ τοὺς θυμοὺς ὠμότης γίνεται τῶν κατὰ τὴν Αἴγυπτον ἀνθρώπων. [11] κατὰ δὲ τὸν καιρὸν τούτῳ συντροφοὶ τῆς Ἀρσινόης γεγεννημένοι τινὲς παιδίσκαι, πυθόμεναι παραγεγονέναι τὸν Φιλάμμωνα τριταῖον ἀπὸ Κυρήνης τὸν ἐπιστάντα τῷ φόνῳ τῆς

βασιλίσσης, ὥρμησαν ἐπὶ τὴν οἰκίαν αὐτοῦ, [12] καὶ βιασάμεναι τὸν μὲν Φιλάμμωνα τύπτουσαι τοῖς λίθοις καὶ τοῖς ξύλοις ἀπέκτειναν, τὸν δ' υἱὸν ἀπέπνιξαν, ἀντίπαιδα τὴν ἡλικίαν ὄντα, σὺν δὲ τούτοις τὴν γυναῖκα τοῦ Φιλάμμωνος γυμνὴν εἰς τὴν πλατεῖαν ἐξέλκουσαι διέφθειραν. [13]

[1] καὶ τὰ μὲν περὶ τὸν Ἀγαθοκλέα καὶ τὴν Ἀγαθόκλειαν καὶ τοὺς τούτων συγγενεῖς τοιοῦτον ἔσχε τὸ τέλος. ἐγὼ δ' οὐκ ἀγνοῶ μὲν τὰς τερατείας καὶ διασκευάς, αἷς κέχρηνται πρὸς ἔκπληξιν τῶν ἀκουόντων ἔνιοι τῶν γεγραφότων τὰς πράξεις ταύτας, πλείω τὸν ἐπιμετροῦντα λόγον διατιθέμενοι τοῦ συνέχοντος τὰ πράγματα καὶ κυρίου, [2] τινὲς μὲν ἐπὶ τὴν τύχην ἀναφέροντες τὰ γεγονότα καὶ τιθέντες ὑπὸ τὴν ὄψιν τὸ ταύτης ἀβέβαιον καὶ δυσφύλακτον, οἱ δὲ τὸ παράδοξον τῶν συμβεβηκότων ὑπὸ λόγον ἄγοντες, πειρώμενοι τοῖς γεγονόσιν αἰτίας καὶ πιθανότηας ὑποτάττειν. [3] οὐ μὴν ἔγωγε προεθέμην τούτῳ χρήσασθαι τῷ χειρισμῷ περὶ τῶν προειρημένων διὰ τὸ μήτε πολεμικὴν τόλμαν καὶ δύναμιν ἐπίσημον γεγονέναι περὶ τὸν Ἀγαθοκλέα μήτε χειρ[ι]σμὸν πραγμάτων ἐπιτυχῇ καὶ ζηλωτὸν μήτε τὸ τελευταῖον τὴν αὐλικὴν ἀγχίνουσαν καὶ κακοπραγμοσύνην διαφέρουσιν, ἐν ἧ Ὡσίβιος καὶ πλείους ἕτεροι κατεβίωσαν, βασιλεῖς ἐκ βασιλέων μεταχειριζόμενοι, τὰ δ' ἐναντία τούτοις συμβεβηκέναι περὶ τὸν προειρημένον ἄνδρα. [5] προαγωγῆς μὲν γὰρ ἔτυχε παραδόξου διὰ τὴν τοῦ Φιλοπάτορος ἀδυναμίαν τοῦ βασιλεύειν: [6] τυχὼν δὲ ταύτης καὶ παραλαβὼν εὐφυέστατον καιρὸν μετὰ τὸν ἐκείνου θάνατον πρὸς τὸ συντηρῆσαι τὴν ἐξουσίαν, ἅμα τὰ πράγματα καὶ τὸ ζῆν ἀπέβαλε διὰ τὴν ἰδίαν ἀνανδρίαν καὶ ῥαθυμίαν, ἐν πάνυ βραχεῖ χρόνῳ καταγνωσθεῖς.

[1] διόπερ οὐ χρὴ τοῖς τοιούτοις προσάπτειν τὸν ἐπιμετροῦντα λόγον, καθάπερ εἶπα, τῷ δ' Ἀγαθοκλεῖ καὶ Διονυσίῳ τοῖς Σικελιώταις καὶ τισιν ἑτέροις τῶν ἐν πράγμασιν ἐπ' ὀνόματος γεγονότων. [2] ἐκείνων γὰρ ὁ μὲν ἕτερος ἐκ δημοτικῆς καὶ ταπεινῆς ὑποθέσεως ὀρμηθεὶς, ὁ δ' Ἀγαθοκλῆς, ὡς ὁ Τίμαιος ἐπισκώπτων φησί, κεραμεὺς ὑπάρχων καὶ καταλιπὼν τὸν τροχὸν καὶ τὸν πηλὸν καὶ τὸν καπνόν, ἦκε νέος ὢν εἰς τὰς Συρακούσας. [3] καὶ τὸ μὲν πρῶτον ἐγενήθησαν ἀμφοτέρω κατὰ τοὺς ἰδίους καιροὺς τύραννοι Συρακουσῶν, πόλεως τῆς μέγιστον ἀξίωμα τότε καὶ μέγιστον πλοῦτον περιποιησαμένης, [4] μετὰ δὲ ταῦτα βασιλεῖς ἀπάσης Σικελίας νομισθέντες καὶ τινων καὶ τῆς Ἰταλίας μερῶν κυριεύσαντες.

[5] Ἀγαθοκλῆς δ' οὐ μόνον καὶ τῶν τῆς Λιβύης ἀπεπείρασεν, ἀλλὰ καὶ τέλος ἐναπέθανε ταῖς ὑπεροχαῖς ταύταις. [6] διὸ καὶ Πόπλιον Σκιπίωνα φασὶ τὸν πρῶτον καταπολεμήσαντα Καρχηδονίους ἐρωτηθέντα τίνας ὑπολαμβάνει πραγματικωτάτους ἄνδρας γεγονέναι καὶ σὺν νῶ τολμηροτάτους, εἰπεῖν τοὺς περὶ Ἀγαθοκλέα καὶ Διονύσιον τοὺς Σικελιώτας. [7] καὶ περὶ μὲν τῶν τοιούτων ἀνδρῶν εἰς ἐπίστασιν ἄγειν τοὺς ἀναγινώσκοντας, καὶ πού καὶ τῆς τύχης ποιήσασθαι μνήμην, ἔτι δὲ τῶν ἀνθρωπείων πραγμάτων, καὶ καθόλου προστιθέναι τὸν ἐπεκδιδάσκοντα λόγον, ἐπὶ δὲ τῶν προειρημένων ἀνδρῶν οὐδαμῶς ἀρμόζει.

[1] διὰ δὴ ταύτας τὰς αἰτίας τὸν μετ' αὐξήσεως λόγον ἀπεδοκιμάσαμεν ὑπὲρ Ἀγαθοκλέους, [2] οὐχ ἥκιστα δὲ καὶ διὰ τὸ πάσας τὰς ἐκπληκτικὰς περιπετείας μίαν ἔχειν φαντασίαν τὴν πρώτην ἀξίαν ἐπιστάσεως, τὸ δὲ λοιπὸν οὐ μόνον ἀνωφελῇ γίνεσθαι τὴν ἀκρόασιν καὶ θέαν αὐτῶν, ἀλλὰ καὶ μετὰ τινος ὀχλήσεως ἐπιτελεῖσθαι τὴν ἐνέργειαν τῶν τοιούτων. [3] δεῖν γὰρ ὑπαρχόντων τελῶν, ὠφελείας καὶ τέρψεως, πρὸς ἃ δεῖ τὴν ἀναφορὰν ποιεῖσθαι τοὺς διὰ τῆς ἀκοῆς ἢ διὰ τῆς ὁράσεως βουλομένους τι πολυπραγμονεῖν, καὶ μάλιστα τῷ τῆς ἱστορίας γένει τούτου καθήκοντος, ἀμφοτέρων τούτων ὁ πλεονασμὸς ὑπὲρ τῶν ἐκπληκτικῶν συμπτωμάτων ἐκτὸς πίπτει. [4] ζηλοῦν μὲν γὰρ τίς ἂν βουλευθεῖ τὰς παραλόγους περιπετείας; οὐδὲ μὴν θεώμενος οὐδ' ἀκούων ἥδεται συνεχῶς οὐδεὶς τῶν παρὰ φύσιν γενομένων πραγμάτων καὶ παρὰ τὴν κοινὴν ἔννοιαν τῶν ἀνθρώπων. [5] ἀλλ' εἰσάπαξ μὲν καὶ πρῶτον σπουδάζομεν ἃ μὲν ἰδεῖν, ἃ δ' ἀκοῦσαι, χάριν τοῦ γνῶναι τὸ μὴ δοκοῦν δυνατόν εἶναι διότι δυνατόν ἐστιν: [6] ὅταν δὲ πιστεύωμεν, οὐδεὶς τοῖς παρὰ φύσιν ἐγγρονίζων εὐδοκεῖ: τῷ δ' αὐτῷ πλεονάκις ἐγκυρεῖν οὐδ' ὅλως ἂν βουλευθεῖ. [7] διόπερ ἡ ζηλωτὸν εἶναι δεῖ τὸ λεγόμενον ἢ τερπνόν: ὁ δὲ τῆς ἐκτὸς τούτων συμφορᾶς πλεονασμὸς οἰκειότερόν ἐστι τραγωδίας ἢ περ ἱστορίας. [8] ἀλλ' ἴσως ἀναγκαῖόν ἐστι συγγνώμην ἔχειν τοῖς μὴ συνεφιστάνουσι μήτ' ἐπὶ τὰ τῆς φύσεως μήτ' ἐπὶ τὰ καθόλου κατὰ τῆς οἰκουμένης πράγματα: [9] δοκεῖ γὰρ αὐτοῖς ταῦτ' εἶναι μέγιστα καὶ θαυμαστότατα τῶν προγεγονότων οἷς ἂν αὐτοὶ παρατυχόντες ἐγκυρήσωσιν ἢ πυθόμενοι παρὰ τινων πρὸς αὐτὰ ταῦτα προσέχωσι τὸν νοῦν. [10] διὸ καὶ λανθάνουσι πλείω τοῦ καθήκοντος διατιθέμενοι λόγον ὑπὲρ τῶν μήτε καινῶν ὄντων διὰ τὸ καὶ ἑτέροις πρότερον εἰρηῆσθαι μήτ'

ὠφελεῖν μήτε τέρπειν δυναμένων. περὶ μὲν οὖν τούτων ἐπὶ τοσοῦτον ἡμῖν εἰρήσθω. ^[11]

[1] IV. Res Asiae ὅτι Ἀντίοχος ὁ βασιλεὺς ἐδόκει κατὰ μὲν τὰς ἀρχὰς γεγονέναι μεγαλεπίβολος καὶ τολμηρὸς καὶ τοῦ προτεθέντος ἐξεργαστικός, [2] προβαίνων δὲ κατὰ τὴν ἡλικίαν ἐφάνη πολὺ καταδεέστερος αὐτοῦ καὶ τῆς τῶν ἐκτὸς προσδοκίας.

BOOK 16

[1] I. Res Macedoniae ὅτι Φίλιππος ὁ βασιλεὺς παραγενόμενος εἰς τὸ Πέργαμον καὶ νομίζων οἶον αὐτόχειρ Ἀττάλου γενέσθαι πᾶσαν αἰκίαν ἐναπεδείκνυτο. [2] χαρίζομενος γὰρ οἶον εἰ λυτῶντι τῷ θυμῷ, τὸ πλεῖον τῆς ὀργῆς οὐκ εἰς τοὺς ἀνθρώπους, ἀλλ' εἰς τοὺς θεοὺς διετίθετο. [3] κατὰ μὲν γὰρ τοὺς ἀκροβολισμοὺς εὐχερῶς αὐτὸν ἀπήρκεον διὰ τὰς τῶν τόπων ὀχυρότητας οἱ τὸ Πέργαμον παραφυλάττοντες· ἀπὸ δὲ τῆς χώρας οὐδὲν ὠφελεῖτο τῷ προνεοῖσθαι τὸν Ἀτταλον ὑπὲρ τούτων ἐπιμελῶς. [4] λοιπὸν εἰς τὰ τῶν θεῶν ἔδη καὶ τεμένη διετίθετο τὴν ὀργήν, ὑβρίζων οὐκ Ἀτταλον, ὥς γ' ἐμοὶ δοκεῖ, πολὺ δὲ μᾶλλον ἑαυτόν. [5] οὐ γὰρ μόνον ἐνεπίμπρα καὶ κατασπῶν ἐρρίπτει τοὺς νεῶς καὶ τοὺς βωμοὺς, ἀλλὰ καὶ τοὺς λίθους ἔθραυε πρὸς τὸ μηδὲ πάλιν ἀνασταθῆναι μηδὲν τῶν κατεφθαρμένων. [6] ἐπεὶ δὲ τὸ Νικηφόριον ἐλυμήνατο, τὸ μὲν ἄλσος ἐκτεμών, τὸν δὲ περίβολον διαρρίψας, τοὺς τε ναοὺς ἐκ θεμελίων ἀνέσκαψε, πολλοὺς καὶ πολυτελεῖς ὑπάρχοντας, [7] ὥρμησε τὰς μὲν ἀρχὰς ἐπὶ Θυατείρων· ἐκεῖθεν δὲ ποιησάμενος τὴν ἀναζυγὴν εἰς τὸ Θήβης πεδῖον εἰσέβαλε, νομίζων εὐπορήσειν λείας μάλιστα περὶ τούτους τοὺς τόπους. [8] ἀποπεσὼν δὲ καὶ ταύτης τῆς ἐλπίδος, καὶ παραγενόμενος εἰς Ἱερὰν κώμην, διεπέμπετο πρὸς Ζεῦξιν, παρακαλῶν αὐτὸν σῖτον χορηγῆσαι καὶ τὰ λοιπὰ συμπράττειν κατὰ τὰς συνθήκας. [9] ὁ δὲ Ζεῦξις ὑπεκρίνετο μὲν ποιεῖν τὰ κατὰ τὰς συνθήκας, οὐκ ἐβούλετο δὲ σωματοποιεῖν ἀληθινῶς τὸν Φίλιππον.

[1] ὁ δὲ Φίλιππος, τῶν μὲν κατὰ τὴν πολιορκίαν ἀντιπιπτόντων αὐτῷ, τῶν δὲ πολεμίων ἐφορμούντων πλείοσι καταφράκτοις ναυσίν, ἠπορεῖτο καὶ δυσχρήστως διέκειτο περὶ τοῦ μέλλοντος. [2] οὐκ ἐπιδεχομένων δὲ τῶν παρόντων αἴρεσιν, ἀνήχθη παρὰ τὴν τῶν πολεμίων προσδοκίαν· [3] ἔτι γὰρ αὐτὸν ἠλπίζον οἱ περὶ τὸν Ἀτταλον προσκαρτερήσιν τῇ τῶν μετάλλων κατασκευῇ. [4] μάλιστα δ' ἐσπούδαζε ποιήσασθαι τὸν ἀνάπλου ἀιφνίδιον, πεπεισμένος καταταχέσειν καὶ τὸ λοιπὸν ἀσφαλῶς ἤδη κομισθῆσθαι παρὰ τὴν γῆν εἰς τὴν Σάμον. [5] διεψεύσθη δὲ παρὰ πολὺ τοῖς λογισμοῖς· οἱ γὰρ περὶ τὸν Ἀτταλον καὶ Θεοφιρίσκον, ἅμα τῷ συνιδεῖν αὐτὸν ἀναγόμενον, εἶχοντο τῶν προκειμένων εὐθέως. [6] συνέβη δὲ τὸν
